## SCHOOL MEN ARE TO MEET HERE MONDAY

### STATE OFFICIAL WILL TELL HOW TO GET AID

Supt. R. B. Fisher has written from New York City, where he is attending Columbia university, suggesting that the next term here be opened September 4 and that a 2-week vacation period be allowed for the Christmas holidays.

The trustees will meet soon to consider these recommendations.

School men of several counties will meet at the courthouse Monday afternoon at 2 o'clock to hear a representative of the state board of education tell of steps necessary when schools apply for a portion of a \$3,000,000 aid fund.

The equalization for the local school district will soon be completed. The valuations will likely be about 17 millions, or two millions less than last year.

## Citrus Damage In Valley Set At \$1,500,000

BROWNSVILLE, Aug. 5 (AP)—The lower Rio Grande valley, stricken suddenly last night with the worst storm since the hurricane of 1866 lashed Brownsville, tonight counted its death toll at one and damage amounting to \$1,500,000, according to estimates of property owners and citrus growers.

The one casualty reported thus far was John J. Fountain, farmer, of El Jardin, who was crushed to death last night when the 80-mile gale smashed a barn into which he had gone to tie up a calf.

Nearly 100 persons who had been marooned on Brazos island during the hurricane were brought to the mainland today in coast guard and privately owned boats. Two men had returned earlier today over a life line stretched by Fort Brown soldiers to bring the first authentic news of the safety of the island vacationists.

The citrus loss was estimated by the Valley Citrus Fruit Growers exchange at 8 per cent of the total crop. This percentage of the total was valued at \$1,000,000. The greatest damage was from Brownsville west to Mercedes. From Mercedes west, where the wind did not exceed 50 miles an hour, the loss was not very heavy.

Cotton growers estimated their loss at about \$250,000. Forty to 50 per cent of the crop in the affected area was estimated to have been destroyed.

## Jaysees To Eat Barbecue At Lon Blanscet Ranch

Junior chamber of commerce members will eat barbecue and all the trimmings at the Lon L. Blanscet ranch Tuesday evening, when "a big time" is anticipated. Mr. Blanscet will again be in charge of barbecuing the meat, and the 52 members who attended the last "feed" will remember how the ex-herd can cook.

Cars will leave Pampa during the afternoon and early evening. There will be cars available at the city hall at 5 o'clock, 6 o'clock and 6:30 o'clock to take those who do not have a way to go to the Blanscet ranch which is 11 miles south of the city. Those desiring transportation should call 384, leaving their names and the time they desire to leave.

## Teacher Kills Wife and Child

W. E. KELLY, lower right, Logan, Ia., school teacher, has confessed to killing his wife, upper right, and his two-year-old son, left, with a hammer, according to police. Kelly himself summoned the sheriff to his home, where the baby was found. Mrs. Kelly had a fractured skull and died later in a hospital. The slaying is said to have climaxed a quarrel.

## PAMPA COMMUNITY RALLYING BEHIND PRESIDENT, PLACING JOBLESS MEN IN JOBS AGAIN

### Better Understanding Of Program Now Evident

Pampa will give nearly 100 per cent support to President's blanket re-employment agreement. This announcement was made yesterday by C. H. Walker, in charge of the local drive in the president's emergency re-employment campaign, after a survey of the situation here, supplemented by reports from a number of his co-workers who have been actively at work in the field that have come to me from hundreds of our citizens, following the announcement of my selection to head the drive," said Mr. Walker.

"I can say without equivocation that Pampa has lined up behind the president and Recovery Administration Johnson with an ardor and enthusiasm that could be born only of a movement of such deep patriotic significance.

"While we are going into this movement with whole-hearted enthusiasm, I want it distinctly understood, however, that we are going to carry out General Johnson's ideas to the letter in these two ways: There is going to be neither empty ballyhoo nor attempted coercion. This is a great patriotic movement, and nothing will be done to detract from the dignity that should accompany such an exalted movement. Here is the situation in a nut-shell: We are in a situation really comparable to war. In many ways it has been worse than war, because in the case of war you can see and contact your enemy but in the case of this depression the

## DOLLAR DAY VALUES MONDAY MAY NOT BE REPEATED SOON

Pampa's last pre-inflationary DOLLAR DAY will be observed tomorrow with merchants offering for doubtless the last time the articles which cannot be replaced for one dollar.

There's a reason, as everyone is beginning to realize, PRICES ARE GOING UP. WAGES ARE GOING UP. The "new deal" is becoming a factor in purchasing.

Tomorrow's DOLLAR DAY values, advertised in THE NEWS today, are offered while they last at prices which certainly could not be duplicated now. Pampa merchants in

## French Pair Seek Distance Record In India Flight

## OKLAHOMAN ARRESTED WITH \$90,750 IN BONDS

## LOOT TAKEN IN ROBBERIES OF KANSAS BANKS

### PART OF STOCKS ARE TRACED TO CLAY CENTER

LOS ANGELES, Aug. 5 (AP)—Elmer E. Wagoner casually left behind him a suitcase containing \$90,750 in stocks and bonds taken in mid-western bank robberies as he arrived by airplane from Fort Worth, Texas, today, but city detectives were waiting.

Taking him in custody, they seized the suitcase and immediately traced part of the loot to robberies at Windom and Clay Center, Kansas.

Detective Lieut. Frank James said the stock and bonds were stolen by a gang of machine gunmen in hold ups throughout Kansas and Oklahoma. Loot from these holdups already had been traced here, he said, declaring more than \$41,000 had been disposed of through "fence" in the last few weeks.

Police and federal officers began a search for four Kansas City gunmen reported here. The officers said they are believed to be members of the gang involved in the machine gun slaying of four officers and Frank Nash, Oklahoma train robber, in front of the Kansas City railroad station last June 17.

Wagoner, described as a former Oklahoma City oil man, told detectives he did not know the bonds were stolen. He said he had been paid by a man in Oklahoma City to bring them here.

"Oh, no, just leave it here and I'll get it later," Wagoner told the airways porter who asked him if he wanted the suitcase.

## HAVE ENOUGH GAS TO STAY UP 70 HOURS

### MIGHT CHANGE COURSE TO PERSIA, AFRICA OR RUSSIA

NEW YORK, Aug. 5 (AP)—Two sturdy French aviators, seeking to lengthen the non-stop distance record of 5,340 miles, sped eastward tonight in a silver monoplane toward far-off India or Persia.

Lieut. Maurice Rossi and Paul Codos, guided by white lines painted along Floyd Bennett field, took off at 4:41 a. m. Eastern standard time, with 1,770 gallons of gasoline, enough to keep them in the air 70 hours.

They pointed their nine-ton load up the N.W. England coast toward Cape Sable, N. S., to cross the Atlantic by the Great Circle route. Once over Europe, they planned to head for Karachi, India, although they said weather might change their course to Persia, Russia, or Africa.

Two reports placed the fliers near Sable Island, east of the lower lip of Nova Scotia, about noon. The Canadian east coast wireless station said they were in the vicinity at 11:25 a. m. (E.S.T.), and the steamer Lord Kelvin reported to Mackay radio it heard the plane a few minutes earlier.

"Weather very dirty out now," the steamer messaged. "Has been all day. Heavy rain and fog."

Two barographs were sealed in their plane to record whether they better the distance made by Squadron Leader Oswald R. Hayford and Flight Lieut. Gilbert E. Nicholls of the British Royal Air force in a flight from Cranwell, England, to Walfish Bay, Southwest Africa.

## ASKS WORKERS NOT TO STRIKE IN EMERGENCY

### PENNSYLVANIA MINERS STRIKE AMICABLY SETTLED

HYDE PARK, N. Y., Aug. 5 (AP)—President Roosevelt today put a national tribunal of seven men over the troubles of industry and labor to preserve peace for the remainder of the recovery campaign.

The history-making move was prompted by a voluntary shaking of hands by employers and employees for the national welfare. The president described it as momentous and pursued the unusual course as a medium for the duration of the recovery drive.

Looking ahead to the future, he made it plain tonight that he does not want a permanent government.

Mr. Roosevelt does not want any conflicts over interpretation of the newly made industrial codes while the nation is fighting its way up. To this end, he expects the tribunal of representatives of management and labor to preserve complete peace in the trying days of reorganization.

Dismisses Complaints.

Backing up to the limit the national recovery administration, Mr. Roosevelt today also signed dismissals of complaints by three organizations which asked for exceptions from the cotton textile code. All units of the trade must go along together, he ruled.

The industrial peace proposal, which came voluntarily from the advisory boards of the national recovery administration, was brought here in a dramatic night airplane trip by Hugh S. Johnson, the industrial administrator.

"Of importance to the recovery program is the appeal to management and for industrial peace, which has just been sent to me for approval," said Mr. Roosevelt in a statement announcing appointment of the tribunal headed by Senator Wagner.

"With compelling logic, it calls upon every individual in both groups to avoid strikes, lockouts, or any aggressive action during the recovery program.

"It is a document on a par with Samuel Gompers' memorable wartime demand to preserve status quo in labor disputes—and in addition to the signature of the president of the American Federation of Labor it carries the signature of every great industrial leader on the two advisory boards of the recovery administration. It is an act of economic statesmanship. I earnestly commend it to the public conscience.

"This joint appeal proposed the creation of a distinguished tribunal to pass promptly on any case or hardship or dispute that may arise from interpretation or application of the president's reemployment agreement. The advantages of this recommendation are plain and I accept it and hereby appoint the men it proposes whose names will carry their own commendation to the country."

The six members besides Senator Wagner are: William Green, president of the American Federation of Labor; Dr. Leo Wolman, social worker and leader in the clothing union; John L. Lewis, president of the United Mine Workers of America; Walter C. Teagle, president of the Standard Oil Company of New Jersey; Gerard Swope, president of the board of the General Electric company; and Louis E. Kirkstein, Boston merchant.

Taking precedence, however, over all other developments was the appeal to spokesmen of business and their employees not to precipitate strikes during the economic emergency, described by Johnson as "the most significant thing that has happened yet in this movement."

Strike Ends.

With these 70,000 striking miners again in the pits, the administration believed that the welfare of 200,000 related workers had been saved and assurance given to keep the smoke going out of the chimneys of the newly working factories of the country.

Four more industries including meat packing employing nearly 150,000 workers, were authorized by the president to effect immediately their own codes for raising wages and shortening hours of work.

To this growing list of proposed codes were added those of the electric light and power, and gas industries.

## SHORTER WORK DAYS WILL BE USED IN CITY

### Relief Laborers Are To Get 20 Cents More Daily

Effective Friday, men given work by the federal relief committee will have 6-hour days and be paid 30 cents an hour.

This is an increase of 20 cents per day over the former wage of 20 cents an hour for 8 hours. The decrease in hours is necessary in order that the money available may be distributed among all who need it actually.

The committee yesterday paid \$906 to 195 men and 18 women.

The relief committee, meeting with the welfare board, decided to send letters to employers in the county asking that men known to be residents here be given work. Many men are coming from other counties hoping to get work from the oil companies. Employers, by calling the welfare board office, 364, can learn whether men who apply for work are registered as Gray county residents.

Alex Schneider was appointed head of a committee to work for passage of the amendment which would allow the legislature to appropriate up to \$20,000,000 for relief of jobless in the next two years. He will be assisted by John Roby and W. R. Campbell. Should the bond issue be defeated, Gray county would be faced with the task of raising about \$1,000 per week to prevent starvation, and this is regarded as an impossible task.

## Diseased Guinea Pigs and Rabbits May Harm Thief

### LINCOLN, Neb., Aug. 5 (AP)—The theft of 33 rabbits and guinea pigs, including some inoculated with disease, had Lincoln police and health authorities on the alert today trying to save the thief from harm.

Eaten, the animals might spread tuberculosis or anthrax, medical authorities said, and in any event their loss would upset important experiments.

Mrs. Gladys Smith, superintendent of the Lincoln General hospital, where the theft occurred, called on the thief through the newspapers to return the animals at once if he valued his life. Police Chief W. C. Condit issued a public appeal for information about anyone acquiring rabbits or guinea pigs and instructed his entire force to seek clues.

Suspicion pointed to a man loitering near the hospital. The 28 rabbits and four guinea pigs were taken from cages on the hospital grounds where they had been placed because of heat in their regular attic quarters.

## MANY PERMITS ASKED

AUSTIN, Aug. 5 (AP)—Concerns organized for the purpose of selling stock in breweries and horse racing plants will not be given charters unless their responsibility is thoroughly proved, W. W. Heath, secretary of state, said today. Heath revealed that his office has pending many applications for charters involving the sale of stock in breweries and horse racing properties to the public.

## Stratosphere Flight Is Halted

### Balloon's Hydrogen Valve Sticks at 5,000 Feet; Bag Drifts to Earth.

CHICAGO, Aug. 5 (AP)—Undiscouraged by the spectacular anticlimax to his balloon ascension, Lieut. Commander T. G. W. Settle today declared he was "eager for another go at it."

"It" was a reference to the stratosphere, the far off goal toward which he soared for a brief 20 minutes early this morning, the fond hopes of the scientific world lifting with him.

Massed thousands cheered as his huge balloon took off from the arena of Soldier field and waited like a silver globe over the city. Their cheers became gasps of anxiety when the bag, etched against the sky at the apex of searchlight shafts,

## FIVE KILLED

LOUISVILLE, Ky., Aug. 5 (AP)—Five men were shot to death, one was fatally stabbed, and eight were wounded, one seriously, in fights attributed to today's primary election in "Knuckey." Another was killed in what was believed to be an aftermath of a fight during the last November election.

Mrs. Margaret Lawhead and daughters, Miss Dorothy and Donna, of Denver are guests in the home of Mr. and Mrs. C. T. Hunkapillar.

barely missed the cluster of skyscrapers over the "loop" and disappeared.

Slightly more than a mile from his starting point, in a railroad yard, the stratosphere expedition ended, a stuck gas valve responsible for the failure.

Neither the balloon nor delicate instruments for recording cosmic rays in the gondola had been injured by the forced landing, he said.

Most of the organizations which sponsored the project declared their willingness to cooperate in another flight.

Straight up to an altitude of 5,000 feet the giant envelope rose, then leveled off and wafted over the downtown section.

Then, the searchlight beams that followed the balloon along the ceiling of the sky, began to lower.

The big bag seemed to wilt. It skimmed over several tall buildings, just missing them. A murmur of apprehension ran through the watchers.

Meanwhile, in the gondola of the balloon.

Commander Settle dropped sandbags, made frantic efforts to close the faulty valve through which the hydrogen escaped. Falling, he at last checked the velocity of his fall and came to a bumping, rasping landing in the yards of the Chicago, Burlington and Quincy railroad.

Commander Settle's premature descent, putting a temporary crimp in his hopes for an altitude record and science's wishes to learn something more concerning the nature of the emanations known as cosmic rays, was nevertheless miraculous.

Roosevelt and Ink

Our president is a consumer of millions of pages of newspaper space. The government is spending huge sums not to buy space but to hire writers to interpret the new deal to readers.

On High Wages

High wages, when they can be made uniform for competitive reasons, will do more than anything else to stabilize business. Business rests on buying power, not capital resources, huge buildings, and palatial estates.

Admitting Your Age

Physicians who give advice to middle-aged men and women invariably speak much of moderation. Moderation is a good word. It is similar to temperance. All things can be done in moderation and done acceptably.

### 'Grandma' Stone Dies at Denton; Funeral Today

Mrs. Adelle Stone, 78, a former resident of this city, died at the home of a daughter, Mrs. Clelia Tackitt, at Denton, Friday and the body was to arrive in Pampa late last night. Burial will be here this afternoon. Mrs. Stone made her home in Pampa for a number of years and was affectionately known to nearly every old timer in the community as "Grandma" Stone.

Mrs. Stone was a member of the Methodist church and also a member of the Eastern Star. During her later years, she lived with sons and daughters but made her home mostly in Pampa.

Funeral services will be at 1:30 this afternoon in the First Methodist church with the Rev. C. E. Lancaster, pastor, and the Rev. C. E. Lancaster, pastor of the First Baptist church, officiating. Burial will follow at Fairview cemetery in charge of the G. C. Malone Funeral Home.

Mrs. Stone is survived by three daughters, Mrs. Charles Tipton of Pampa, Mrs. Clelia Tackitt of Denton, and Mrs. T. N. Childress of Dumas, and one son, S. H. Stone of Pampa.

### Klondike Kate Says Alaska Is Land of Ghosts

**SEATTLE, Aug. 5 (AP).**—Back from her wedding trip to her "land of ghosts," Klondike Kate found rest and quiet there so that she wants to return to "stay forever."

She went north a month ago as the bride of John Matson, a sourdough who was a first in Dawson, Y. T., in 1909 when she was known as "sweetheart and dance hall queen of the Yukon."

She returned alone to settle her business interests here and will rejoin her husband next spring.

Her visit to Dawson on her wedding trip was her first since the gold rush days.

"Everybody in Dawson welcomed me," she said. "But I had to gather my courage for two days to visit the old Orpheum theater. I think I was frightened for the first time in my life."

"Finally, I went into the dark, deserted old building. I needn't have been frightened. It was like closing a gate on all those years."

"For the first time since those days, as I stood there, I found myself at peace about questions that have troubled me."

But the streets were full of the "ghosts" of characters of the Yukon she had known in the early days. Murray Eads, "Swiftwater" Bill Gates, Tom Bruce, Major Constantine of the mounted police—all were missing, the 53-year-old woman said.

An acquaintance began in those days culminated in romance during recent years and her wedding to Matson in Vancouver, B. C., when the miner made his third trip out of the north in 35 years.

During the winter, while in the states, she must lease her Oregon homestead land and "arrange things" while he is here preparing their permanent home on Matson creek, 100 miles from Dawson.

### LAWYER HELD ON SUSPICION FOR 'MISCHIEF'

**GAS BOMB ADDRESSED TO PRESIDENT IS FOUND**

**NEW YORK, Aug. 5 (AP).**—Eugene S. Daniel Jr. of Somerville, Mass., youthful leader of an obscure political party, was held in \$10,000 bail today in connection with the placing of two tear gas bombs in the New York stock exchange.

Daniel was arrested in a mid-town hotel and charged with suspicion of malicious mischief, a felony. He will be given a hearing in Tombs court on Tuesday.

Daniel, who received 325 votes as the nation's independent party candidate for president last November, is an attorney, member of the Massachusetts national guard, and former champion wrestler at Harvard university.

Questioned by police, Daniel was said to have admitted inventing a fake bomb on the doorstep of the home of Mayor James M. Curley of Boston last October to get publicity for the independent party.

Police Commissioner James S. Bolan said he had no doubt that the young lawyer was connected with the bombing of the exchange and the ventilating system which sent gas machines in packages addressed to President Roosevelt, former President Hoover, and Norman Thomas, Socialist candidate for president last year.

### Youth Denies He Slew 7-Year-Old San Diego Child

**SAN DIEGO, Calif., Aug. 5 (AP).**—Phillip Charles Edwards, 19, who for two days has been repeating to officers a strange story of how he mutilated and killed 7-year-old Dabbedi Aposhian here July 18, told his mother within hearing of police today that he did not slay the boy and that police had beaten him up on several occasions.

Detective Captain Harry J. Kelly, heading the investigation of the mutilation murder of the Aposhian boy, said young Edwards had told him repeatedly he would not tell his mother the truth about the slaying.

A. W. Smith entered Pampa hospital yesterday for medical treatment.

David Forsythe has returned from a visit with relatives in Kansas and Missouri.

### WIGHTMAN CUP WON AGAIN BY U. S. NET TEAM

**BRITAIN'S GIRL TEAM LOSE BY NARROW MARGIN**

**BY ALAN GOULD.**

Associated Press Sports Writer.

FOREST HILLS, N. Y., Aug. 5 (AP)—Blonde Helen Jacobs, the sturdy Californian who holds the national tennis championship, came to the rescue of the American "junior variety" today and scored the decisive victory in the Wightman cup matches after Great Britain's girl challengers in a spirited come-back failed by only two points to sweep the final day's play.

Perilously close to defeat twice as she trailed by 3-5 in the third set and found herself once again in the grip of the British rally, Miss Jacobs staged a superb finish to capture four straight games and beat her left-handed English rival, Margaret (Fanny) Scriven, 5-7, 6-2, 7-5.

This was the only American victory in the concluding four matches but it was the fourth in two days' play and clinched the series in favor of the United States by the narrow margin of 4-3. It was the third consecutive cup triumph for the Americans and their seventh altogether since the cup was put into competition in 1923.

In the absence of Helen Wills Moody, the American captain, who because of illness failed to take part for the first time in seven years, her California rival emerged as the outstanding heroine of a notable victory for the country's youthful tennis talent. Miss Jacobs figured in three of the four triumphs for the defenders, including one doubles and two singles matches.

Mrs. Moody kept out of the singles by little Sarah Palfrey of Boston, who on the side-lines this afternoon for the first time, ready to play with Alice Marble in the event the outcome of the series depended upon it. The long-time queen of the tennis courts, however, was saved from taking any risks with her health by the sterling come-back of Miss Jacobs.

Brooklyn got ten hits to the Braves' six off Walter Beck and Roy Bill Ryan but an unearned run in the sixth gave them the decision.

### Reds Win at Last

**CINCINNATI, Aug. 5 (AP).**—Glorious in the base hits and bases on balls "wild Bill" Hallahan yielded finally, the Cincinnati Reds ended a ten-game losing streak today by defeating the Cardinals, 6-3, in the first game of a double-header, and then got the worst of a pitching battle between Vance and Benton, losing the second, 2-1.

**Five Out of Six**

**BOSTON, Aug. 5 (AP).**—The Braves won their fourth straight game from Brooklyn and made it five out of six for their series today, defeating the Pittsburgh Pirates, 2-1, behind the effective pitching of Huck Betts.

### Giants Split Series

**PHILADELPHIA, Aug. 5 (AP).**—The league leading New York Giants split their concluding double-header with the Phillies today, continuing their heavy hitting to win the first game, 11-3, but losing the second 7-3 through an eighth inning "blow up."

The Giants hammered Phil Collins and Ad Liska for 19 hits in the opener while Hal Schumacher scattered the Phils' blows to ring up his eleventh victory of the season.

### Half Game Nearer

**CHICAGO, Aug. 5 (AP).**—Hal Smith, first year Pittsburgh right hander, held the Cubs to five hits today and the Pirates took the opening game of the series, 6-2. The victory enabled the second place Cubs to climb a half game nearer the league leading Giants.

Lonnie Warneke, on the mound for the Cubs, made a third start in search of his season's 13th victory, but wound up with his eighth defeat.

## SUMMER SPORTS ATTRACT WOMEN

### Feminine Players Active in Pampa

By SUE VINSON  
Woman's Page Editor

Outdoor enthusiasm of Pampa women this summer has not been confined to the numerous open air socials, but for many has extended to active participation in summer sports. With the opening of the city pool, swimming has been the newest attraction for the sports lovers.

Bicycling, waning now in popularity after the early summer fad, still has many adherents, and tennis and golf never lost their appeal for their women devotees.

Women and girls entered in the tennis tournament that starts next week include some of the city's best feminine players.

Misses Louise Walstead, Harriet Hunapillar, Daisy Ann Shields, Virginia Lee Bechtelheimer, Mary K. Martin, Jackie Jones, and Mesdames Ray Chastain, L. M. Batten, and Hupp Clark are all tennis enthusiasts who have played frequently on Pampa courts this summer. Miss Evelyn Graham, girl star of high school tennis the past term, is another woman player.

Miss Mary Ann Moyer also plays often, but does not confine her interests to athletics to tennis. She swims well, and is known as one of the better woman golfers of Pampa.

Misses Walstead, Hunapillar, and Shields spend much time at the pool also. Mrs. Clyde Fatheree and Mrs. Art Swanson, both of whom recently passed Red Cross swimming tests, rank high among the woman swimmers.

Both also play golf, a game that has a large following among women here.

Mrs. Charlie Duenkel, Mrs. C. L. Woolley, Mrs. H. H. Hicks, and Miss Virginia Faulkner are ranked with the better players.

Mrs. Lynn Boyd, Mrs. Ernie Voss, Mrs. Odus Mitchell, Mrs. Warren Cretney, Miss Margaret Buckler, and Miss Virginia Fullingim are also seen frequently on Pampa courses.

## PARTY HONORS WOMAN IN HER NOELETTE HOME

### Vacation Visitors Returning After Summer Trips

NOELETTE, Aug. 5.—Mrs. H. E. Scott and Mrs. Andy Basell were joint hostesses in the home of Mrs. G. E. Canady with two tables of bridge recently, honoring Mrs. Canady's birthday.

## CHILD READING IS SUGGESTED FOR PTA GOAL

### PLAN IS ADAPTED FOR SUMMER USE OF ORGANIZATION

By MRS. J. M. CRAIN, Claude, State publicity Director

CHILDREN'S reading, a standing committee of Texas Congress of Parents and Teachers well-adapted for vacation months, has as its chairman Mrs. J. T. Robinson, Texarkana. By reading good books children gather information quite valuable through life. "Where there is no vision the people perish."

"A man is a man plus the influence of the books he reads," some authors writes so, in the light of this truth Texas congress is building up in the hearts and minds of "Young Americans in Texas" a desire for the right type of literature.

**Reading Club**  
"Treasure Island Club" is the name of a selected reading course in the Texarkana public library which has many children enrolled for summer time reading. As each child enrolls, he is given an outline map of Treasure Island with the privilege of putting different colored stops on the map as he reads books which are selected by the local library committee. When he reads ten books, his map is not only completed but he is given a certificate for completing the course.

Children should have books to read to imbue them with a love of reading so that they may be opened up to them the wonderful world of literature, and the wisdom handed down to them through the ages; to give them a good and adequate vocabulary; to teach them to reason and think for themselves and draw their own conclusions; to teach them the great fundamental truths to teach them to appreciate beauty in every form of art, literature, and life; to so inspire and train them as to be true to the best that is in them.

**Summer Book Plan**  
Mrs. Robinson passes on the following plan as suggested by the principal of a junior high school relative to the wise use of children's leisure summertime: "In every neighborhood there is at least one young man or woman interested in reading. He or she may be one that with adult leadership he or she could be persuaded to have a story hour every day or so, under some one's shade tree, or under the electric fan in some one's spacious living room. Where the community has no public library, such an hour could come from the libraries of families in the group. If the locality is fortunate enough to have a public library, perhaps one of the adults would loan their library card for such a purpose."

When the above suggested plan proves successful, perhaps this same group would be happy to help with a story hour in some adjacent rural community.

"Spread the gospel of good books and magazines in the home, the school, and the community," adds Mrs. Robinson.

**Parental Reading**  
In the home encourage every parent to read books on the subject of children's reading; furnish parents with book lists for home libraries; seek the aid of teachers in teaching parents the effect of good reading upon child life and character building; supply speakers in the parent-teacher association who will increase the membership about the necessity of providing children with suitable reading material and the high privilege involved.

Further such educational projects in school as plays and tableaux, story telling periods, making posters, book markers, book jackets; with cooperation of teachers sponsor wholesome readings in costs or book reviews by pupils; have the school keep its library up-to-date by urging the local unit to purchase, where it is practical and feasible, books for the school library.

As the children in your locality are doing some constructive reading these long, lazy, vacation days? Is your library having a selected reading course for its youth?

A book list for a child's library may be procured upon request from Miss Fannie Wilcox, State Librarian, Austin.

PRINTS are the coolest looking things you possibly can wear on the hottest days of summer. And prints, trimmed with simple, pure white lingerie touches, spell chic for the girl who wears them.

Jane Shaddock wore a red and white printed frock with a rippling collar of white chiffon. The full sleeves fastened in a tight cuff just below her elbow. Jane attained the popular square shouldered effect by circular ruffles on each shoulder of her dress.

If you do not like too thick a mayonnaise dressing, but prefer one fluffy and delicate, add whipped cream, in equal proportion to the mayonnaise. If you are making a French dressing, a piece of garlic rubbed around your salad bowl prior to mixing will give it a highly seasoned flavor without making it too strong.

## Gay Friday Club Is Given Party

Three tables of players, including one club guest, were entertained by Mrs. Robert Woodward when she was hostess to the Gay Friday club at her home.

Mrs. Bennell, the only guest, received a favor when Mrs. Bert Isbell was rewarded for high score. Mrs. Robert Montgomery received both consolation and a traveler prize, and Mrs. W. G. Irving held the other traveler package.

Peach pie a la mode was served with iced tea after the games to prize winners and Mesdames Ethel West, Palmer, T. A. Robinson, Cora Kolb, Hugh Isbell, E. W. Hogan, and Paul Caylor.

## Print Is Cool

PRINTS are the coolest looking things you possibly can wear on the hottest days of summer. And prints, trimmed with simple, pure white lingerie touches, spell chic for the girl who wears them.

Jane Shaddock wore a red and white printed frock with a rippling collar of white chiffon. The full sleeves fastened in a tight cuff just below her elbow. Jane attained the popular square shouldered effect by circular ruffles on each shoulder of her dress.

If you do not like too thick a mayonnaise dressing, but prefer one fluffy and delicate, add whipped cream, in equal proportion to the mayonnaise. If you are making a French dressing, a piece of garlic rubbed around your salad bowl prior to mixing will give it a highly seasoned flavor without making it too strong.

## GUESTS SPEND INFORMAL HOUR AT EACH HOME

### MRS. HUNKAPILLAR AND MRS. PURVIANCE ARE HOSTESSES

TWO in the series of "vanishing teas sponsored as a benefit for the Baker Parent-Teacher association's cafeteria fund were outstanding social events of the week-end. Mrs. C. T. Hunkapillar was hostess at her home yesterday, and Mrs. W. Purviance Friday.

In each case a party of friends gathered for an informal afternoon to sew and chat. An out-of-town guest was included at each party.

**Out-of-Town Guests**  
Mrs. Purviance served refreshments to Mrs. W. M. Castleberry, Mrs. T. F. Smalling and her mother, a summer visitor here, Mrs. "Bo Barrett, and Mrs. Bass Clay.

Mrs. Hunkapillar included a number of special guests with her guests who will continue the series of parties. Mrs. Margaret Lawhead of Denver, a visitor in her home, was present with Mesdames C. A. Long, Katie Vincent, C. P. Buckler, John Moyer, J. B. Massa, E. C. Will, John Hesse, Purviance, Fred Cullum, E. A. Shackleton, J. E. Murfee, W. E. Leach, Roger McConnell, W. M. Craven.

Numerous other teas in the series have been given during the last two weeks. Each guest contributes 10 cents to the fund for supplying underprivileged Baker pupils with lunches, and in turn entertains a group of guests who add to the fund.

## SUMMER SPORTS ATTRACT WOMEN

### Feminine Players Active in Pampa

By SUE VINSON  
Woman's Page Editor

Outdoor enthusiasm of Pampa women this summer has not been confined to the numerous open air socials, but for many has extended to active participation in summer sports. With the opening of the city pool, swimming has been the newest attraction for the sports lovers.

Bicycling, waning now in popularity after the early summer fad, still has many adherents, and tennis and golf never lost their appeal for their women devotees.

Women and girls entered in the tennis tournament that starts next week include some of the city's best feminine players.

Misses Louise Walstead, Harriet Hunapillar, Daisy Ann Shields, Virginia Lee Bechtelheimer, Mary K. Martin, Jackie Jones, and Mesdames Ray Chastain, L. M. Batten, and Hupp Clark are all tennis enthusiasts who have played frequently on Pampa courts this summer. Miss Evelyn Graham, girl star of high school tennis the past term, is another woman player.

Miss Mary Ann Moyer also plays often, but does not confine her interests to athletics to tennis. She swims well, and is known as one of the better woman golfers of Pampa.

Misses Walstead, Hunapillar, and Shields spend much time at the pool also. Mrs. Clyde Fatheree and Mrs. Art Swanson, both of whom recently passed Red Cross swimming tests, rank high among the woman swimmers.

Both also play golf, a game that has a large following among women here.

Mrs. Charlie Duenkel, Mrs. C. L. Woolley, Mrs. H. H. Hicks, and Miss Virginia Faulkner are ranked with the better players.

Mrs. Lynn Boyd, Mrs. Ernie Voss, Mrs. Odus Mitchell, Mrs. Warren Cretney, Miss Margaret Buckler, and Miss Virginia Fullingim are also seen frequently on Pampa courses.

## Chairman of Legion Auxiliary National Convention Named

The appointment of Mrs. William Glenn Suthers, of Chicago, as general chairman of the thirteenth national convention of the American Legion Auxiliary, has been announced by Mrs. S. Afford Blackburn, of Versailles, Ky., national president.

Mrs. Suthers is directing the work of more than 30 committees, made up of several hundred Auxiliary women, which are making preparations for the convention, to be held in Chicago, October 2 to 5. She has been an active member of the Auxiliary since 1925, and has held many important posts in the Illinois department of the Auxiliary.

## FUGITIVE WILL FACE TRIAL IN GEORGIA COURT

### TEXAS OFFICERS PICK UP DELINSKI NEAR POSTOFFICE

SAN ANTONIO, Aug. 5 (AP)—William Randolph Delinski, alias "Red" Delinski, Bob Williams, Grover Collins, Doctor Green, Bob Hardaway, and Robert A. Hathaway, indicted in Atlanta, July 11 for the kidnaping of J. K. Ottley, bank president, was arrested here this afternoon.

He was picked up near the post office by A. A. Parker of the United States bureau of identification and Sergeant S. J. Maloukis of the military police here. He was identified from pictures circulated by police at Atlanta and the federal bureau of identification.

Ottley, chief of police of Atlanta, J. K. Ottley Jr., son of the kidnaped man, and E. W. Ginn, of the homicide squad of the Atlanta detective bureau, who have been here since Thursday searching for Delinski, were called and took charge of the prisoner who waived extradition. He and the Atlanta men left Saturday night for Dallas by train. They will fly from Dallas Sunday for Atlanta.

ATLANTA, Aug. 5 (AP)—John K. Ottley, Atlanta banker for whose kidnaping William R. Delinski was arrested here in San Antonio, was abducted July 6 by a man and a boy who boarded his automobile as he drove away from his home bound for his office.

He effected his own release a few hours later, reporting to police that "by gentle persuasion" he had obtained the agreement of the boy, Pryor Bowen, to free him.

The older man, Ottley said, left him with the boy on guard while he went to deliver a ransom note to the family in Atlanta, and before he returned the boy freed him.

Bowen said he did not know the full name of the older man, whom he said he met at an Atlanta lodging house.

The youth was indicted for the kidnaping but has not yet been tried. His father, a farmer at Lawton, Ga., has committed suicide since the boy's arrest after brooding, officers said, over the case.

A few days after the arrest young Bowen identified a photograph of Delinski as that of the man he said had known as "Grover" Delinski subsequently was indicted.

## RALLY

(Continued from page 1.)

enemy is intangible and invisible. There is not an individual or family circle in Pampa that was not felt the blighting effects in one way or another of this terrible depression.

"Now, it is the idea of the administration at Washington and of our corps of workers here in Pampa that every individual has a stake in the recovery that we are trying to bring about. We are all soldiers together embattled against the common enemy. And there is not a man, woman or child in Gray county who can not do something to help. Remember that. And all that is needed to win this victory is that each person do his share. This does not mean necessarily that any great hardship or loss must be suffered by anyone. On the contrary, the plan is so sound economically and the whole nation is swinging into the movement so enthusiastically that we feel sure that the army of old General Depression will soon be completely routed.

"As was explained by President Roosevelt in his recent address, the first steps, of course, are being taken by the employers. They are signing up rapidly. If a very few days I shall be able to announce the names of all who have signed the employer's covenant with the 'resident of the United States and have thus signified their acceptance of the balnklet code as to minimum wages and hours of employment. Those employer who enter the employment agreement with President Roosevelt, and I look for a few if any, slackers in Pampa, will have the right to display the N. R. A. emblem as a badge of patriotism in their places of business, and, if they so desire, to stamp it on their merchandise or other products. In fact, President Roosevelt stated, they ord to a soldier's uniform or to the flag of the nation.

"Every citizen of Pampa, therefore, can exert tremendous influence in this movement by throwing as much help and support as possible to those firms that, with fine patriotism, are entitled to display this badge of honor. Thus the whole

## Band Director at McLean Returns To Resume Work

MLEAN, Aug. 5.—Prof. R. C. Davidson, local band director, returned Wednesday afternoon from Chicago where he has been taking advanced band work in the Vandercook conservatory of music and will resume his work here. While in Chicago, Mr. Davidson had opportunity to make several visits to the Century of Progress.

Mrs. Davidson and children, Bobbie Nell, Juanita, and Bob Jr., returned with him. While Mr. Davidson has been in Chicago, they have been guests of Mrs. Davidson's parents, Mr. and Mrs. Geo. E. Simms, at Knox, Ind.

Misses Rosa Lee and Charlotte Cousins of Amarillo were guests of their grandmother, Mrs. A. A. Christian, Thursday.

Mr. and Mrs. Ted Coffey of White Deer, en route home from the fair at Chicago, are guests of Mrs. Coffey's sister, Mrs. Horace Brooks, and Mr. Brooks.

## Church of Christian

The revival meeting, with Eld. Early Arceneaux of Wichita Falls doing the preaching and Eld. Clinegan of Denton leading the singing, began Thursday evening. Two services daily at 10 a. m. and 8:15 p. m., will be held to which the public is invited.

## Personals

Mrs. Clois Chambers has as her guest, Miss Ethel Holloman of Okla.

Mr. and Mrs. Ed Dishman will drive to Hedley today for a visit with relatives. They will be accompanied home by Mrs. Dishman's sister, Mrs. Joe Kendall of San Antonio, who has been visiting since Tuesday at Hedley.

Miss St. Clair Rice who has been on an extended tour of the southern, eastern and middle states, and into Canada, has returned home. Miss Rice also visited a Century of Progress at Chicago while gone.

Jim Short of LeFors was in McLean Friday, the guest of his daughter, Mrs. Bob Sanders.

Rev. and Mrs. W. A. Erwin have returned from a short visit to Amarillo and Canyon.

## CHURCHES

### CHRISTIAN SCIENCE CHURCHES

"Spirit" is the subject of the Lesson-Sermon in all churches of Christ, Scientist, Sunday, August 6.

Included with other passages from the Bible is the following from John 4: "God is a spirit; and they that worship him must worship Him in spirit and in truth."

The Lesson-Sermon also includes citations from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "The Scriptures imply that God is All-in-All. From this it follows that nothing possesses reality nor existence except the divine Mind and His ideas. The Scriptures also declare that God is Spirit. Therefore in Spirit all is harmony, and there can be no discord. All is Life, and there is no death. Everything in God's universe expresses Him. "God is individual, incorporeal. He is divine Principle, Love, the universal cause, the only creator, and there is no other self-existence. He is all-inclusive, and is reflected by all that is real and eternal and by nothing else. He fills all space, and it is impossible to conceive of such omnipotence and individuality except as infinite Spirit or Mind. Hence all is Spirit and spiritual!" (p. 331)

Sunday school, 9:45.  
Service at 11 a. m. Sunday and 8 p. m. Wednesday.  
Reading room open 1 to 4 p. m. Monday, Wednesday, Saturday.  
The public is cordially invited to the services and to use the reading room.

## Why Post Office Not Under NRA Explained Here

Some patrons of the Pampa post office, to judge by the questions asked and statements made, do not understand why the post office department is not employing men as being urged by the president of the NRA members.

The facts are, it was stated yesterday, that the post office department has not dismissed any of its employes on account of the depression. Instead of letting the men out of the service, the "share the work" plan was used. When the work decreased in amount, employes were furloughed without pay for definite periods and the remaining work equally divided among all employes.

If the post office department had dismissed its employes when the work decreased as was done in most private business, there would have been many thousand postal workers now unemployed and the post office department would now be re-employing them as private business is doing, but there is none to re-employ. All employes are now being furloughed three days per month without pay and when an employe is off on furlough the other employes tours of duty are arranged to take up the work done by the absentee.

For example: Pampa has four city carriers; when one carrier is on furlough the other three carriers do the work of the four. The furlough is taken on days when the mail is lightest. This will explain to patrons who are in the habit of receiving their mail early and do not receive it until later on some days. The carrier is on furlough that day. Postal employes have been greatly reduced in pay but the reductions have been evenly made and every regular employe has enough work to live on. Every employe is working in the aggregate of not less than forty hours per week and not over eight hours in any one day.

Other military officers who will serve with General Allen on Chairman C. H. Walker's readjustment council were announced earlier in the week.

Colonel Smith will have charge of the speakers bureau, interpretation of NRA regulations, and general education of speakers and the public.

## Club Completes Its Membership List for Season

Further preliminaries toward the season opening were taken by the Twentieth Century Culture club at a called business meeting Friday afternoon at the home of Mrs. Elmer Conley.

Mrs. Jack Dunn, Miss Mabel Davis, and Mrs. L. L. McCole were admitted to club membership to replace three members who have withdrawn, one to leave the city and the others because of ill health. The resignation of Mrs. O. E. Hinkle was submitted, but the club granted her instead an indefinite leave of absence.

Program and membership list of the Twentieth Century Culture club are now complete, and members are ready for the annual breakfast which will formally open the season for this organization, the Twentieth Century club, and the Junior Twentieth Century club.

Mrs. Carl Boston will be president of the Culture club for the year.

## P-T. A. Heads Ask Parents To Call For Free Toxoid

Notice to parents who wish their children immunized through the Parent-Teacher association's supply of free diphtheria toxoid has been issued by presidents of all the ward school associations in Pampa. Such parents are urged to take advantage of the offer at once.

Mrs. Roy Bourland, head of Sam Houston association, asks parents in her district to see her at her home, 815 N. Gray, for toxoid application forms. Children whose parents are unable to supply the toxoid will be given it free.

The free serum is being supplied through cooperation of the state health department with county Parent-Teacher units, in a campaign designed to have all pre-school children immunized before the start of next term.

## Smith Is Colonel With NRA Group

General R. G. Allen of the local NRA "military" organization yesterday announced appointment of W. J. Smith, Pampa attorney, to colonelcy in the corps.

Other military officers who will serve with General Allen on Chairman C. H. Walker's readjustment council were announced earlier in the week.

Colonel Smith will have charge of the speakers bureau, interpretation of NRA regulations, and general education of speakers and the public.

## COUNTY AGENTS TO DRAFT WHEAT REDUCTION DETAILS AUGUST 12

John R. Edmonds of College Station, district farm agent, conferred with County Agent Ralph R. Thomas yesterday and announced that a meeting of all county agents of the Panhandle would be held at Plainview, August 12 for the purpose of working out details of the voluntary domestic allotment plan as the next step in the campaign to cut down wheat production.

On January 28, Secretary Wallace said that within 10 days he would announce what percentage of reduction farmers will be required to agree to in order to qualify for cash payments. The maximum reduction which Wallace will require will be 20 per cent, with prospects that because of this year's light production of the grain he may select a smaller figure.

Gray county's allotment is 767,031 bushels, 54 per cent of the average production of the last five years. The average production in the county during the last three years was 11.7 bushels.

The county allotments will be split into grower allotments by the county associations consisting of farmers who make applications to come in on the plan. Each applicant-farmer will state what his acreage and production of wheat has been in the last three years and his willingness

# FIFTY PERSONS TO BEGIN RACE FOR CITY TENNIS TITLE MONDAY MORNING

## CANADIAN AND WHEELER WILL INVADE PAMPA

### PITCHER WILL FEATURE WILDCATS' STRONG LINEUP

Pampa baseball fans will see a doubleheader at Magnolia park this afternoon when the Pampa All Stars meet the Canadian Wildcats and then battle the Wheeler entry in the Cotton-Oil league. The first game will start at 2 o'clock between the All Stars and Canadian. Admission will be 25 cents for both games.

Canadian will bring the team that held the Danziger Roadrunners to a 5 to 4 score recently. Tom Riley will be in the box with Texas receiving. The combination has lost only two games this season. Although Riley is only a youngster, he has a wonderful curve ball and a change of pace.

Manager C. V. Lane has not named his starting hurler and said he would not do so until game time. It is believed he will have a surprise for the Wildcats. Caddy will be behind the bat. The rest of the starting line-up will be Baldwin, ss; Clyde Austin, 1b; Coburn, 2b; Newcome, lf; Maples, cf; Verne Clement, rf; Romine, 3b.

Practically a new All Star team will take the field against Wheeler. It is probable that a new hurler will start the game but Meeks and probably Charlie Austin will be used during the encounter. The All Star roster boasts 23 players, including five pitchers.

Twitty is leading the C. & O league race with two wins and one loss for the second half. Pampa won the first half and will be sure of a place in the playoff.

Delapfield, Wis., Aug. 5 (AP)—Two youthful stars from California, the land of tennis champions, stroked their way to titles in the Western Junior and Boys' Tennis tournament at St. John's military academy here today.

Three won their crowns without extending themselves, and in both instances at the expense of Texas youths.

The junior championship went to Donald Budge, a lad with red hair from Oakland. He lived up to the reputation which had earned him number 1 seeding in his division by defeating Russell Ball of El Paso, 6-0, 6-4, 7-5. He succeeds to the crown relinquished by Gene Make,

Bobby Harmon, Berkeley, triumphed over Don Verlinger, of San Antonio, 6-1, 6-0, and became successor to the title held last year by Don Leavens, Meconee, Wis. Harmon was seeded No. 1 among the boys.

Both defeated finalists were unseeded.

## PAMPANS AND ROSWELL WILL CLASH IN TOURNAMENT TODAY

### New Mexico Nine Reported To Have Aggregation Of Stars in Lineup.

The Pampa-Dancier Roadrunner ball team will meet the fast Roswell entry in the Amarillo tournament at 1:30 o'clock this afternoon at Metro park. The second game will be between the Put and Take Grocery of Amarillo and Abernathy. Admission to the two games will be 75 cents with box seats 25 cents extra.

Roswell appears in the tournament with purported "strong" lineup of stars from several New Mexico teams. The team was a last-minute entry, nearly having decided not to enter because they could not secure two or three desired players. However, at the last minute they succeeded in signing the players and immediately wired their entry and forfeit money.

Either Bulla or Nichols will get the call to start the game for the Roadrunners, with Leggett behind the bat. The Dancier infield will be Cox at first, Aaron Ward at second, McLary at short and Bacucus on third. The outfield will be Wilson, Andre, and Thomas. Ike Lester, regular outfielder and playing manager of the team, will not be able to get into the game because of a sprained ankle received in the game with Berger last week. The ankle is doing nicely and Lister will be able to play sometime during the tournament.

Stewart and Costello will be ready for mound duty while Thomas and Andre will be relief hurlers. Costello is a lanky Indian with a speed ball and a fast-breaking curve. Stewart has already been seen in action here and also took part in the Denver Post tournament, playing with Texla, fourth place winners.

The Roadrunners, Texas Theater Lions, and Abernathy are being talked as the strongest teams in the tournament. The Lions have some great pitchers and hard hitters, while Abernathy's team along with the Roadrunners seem to be the best rounded team. Both are strong in every department.

## Pampa Youths To Help Open LeFors Course

An exhibition golf match will be started at 3 o'clock Tuesday afternoon over the Gray Hills Golf club course 3 miles west of LeFors and across the road from the Phillips Big Gray gasoline plant, that will formally open the new course.

The match will be between Walter Sikes and Jack Bush, two Amarillo professionals, and Grover Austin and Buck Talley, two young Pampa golfers who have been burning local courses with sub-par scores.

The golfing public is invited to witness the exhibition which will be for the purpose of setting rules and regulations for the course. The course is more than 2,600 yards and par is 36 strokes. There are many natural hazards including streams and rocky places.

Mr. Sikes has played in Pampa many times and conducts a golf school here. He is a long driver and an accurate shot with irons. Mr. Bush, professional at the Wolf-in course, is the steady type of golfer who is seldom sensational but plays a deadly game. He has been a professional for five years.

E. J. Blackburn of LeFors was in the city last night.

## Swanson Wins Breast Stroke Race in Meet

Unable to get his full team together, Coach Harry Kelley of the Pampa Municipal pool swimming team took a few regulars and substitutes to Amarillo to compete with the Gem Lake pool swimmers Friday night, and although the Pampans won only one first place, they made a good showing in the cold.

Art Swanson for the second time this season showed the Amarillo swimmers "how it is done" in the breast stroke race, which he won by nearly 10 feet. He won the event when the Amarilloans were here last month.

M. Barrow, the best of the Amarillo diving team, made the astounding total of 79 points out of a possible 90 points in the diving contest. A. Barrow was second and N. Gazzell third.

## FIRST ROUND MATCHES WILL REQUIRE WEEK

### DRAWINGS IN SINGLES AND DOUBLES ARE ANNOUNCED

PLAY in the City Tennis tournament will get under way tomorrow morning with more than 50 persons participating. Drawing for places and opponents took place yesterday morning by members of the tournament committee which is composed of Dr. R. A. Webb, Bob Watson, Harry Hoare, and Dave Bauer.

The committee decided that because so many entered both singles and doubles competition, play would be divided with singles matches scheduled for the first three days of each week and doubles for the last three days of each week down to the semi-finals, when date of play in each division will be set. Players will select their own judges up to semi-final play, when judges will be named by the Pampa Daily News, sponsor of the tournament.

After each contest, one of the players should immediately telephone or call the NEWS with the outcome of the match so that it can be posted.

The tournament committee reserves the right to bar players who are registered under assumed names or from places other than in the immediate Pampa area. The committee will also be a protest body to hear any disagreements during play.

A list of prizes will be announced soon. The committee will supply balls for semi-final and final play only.

Courts for play will be available at the rear of the high school, at the rear of the Holy Souls church, and at the Cities Service booster plant.

The first round of play will be as follows:

## Memphis Golfers Play Here Today

The Memphis Country Club golf team will invade Pampa this afternoon for a return game with the Pampa Country Club team. The match will start at 1 o'clock over the Country Club course.

There will be 20 Memphis players on the trip, according to word received here. The Pampa golfers will attempt to avenge a 13 to 3 defeat in Memphis last month. Memphis has a number of excellent golfers who have been winning all matches this year. A large gallery is expected to see the matches.

Grover Gallaher of LeFors was a Pampa visitor last night.

## DEMPESEY WILL REFEREE AND TALK AT AMARILLO MONDAY

### Ex-Champ to Discuss Texas' New Boxing Law; Mrs. Jack Will Entertain.

AMARILLO, Aug. 5.—Jack Dempsey, probably the most popular single figure the sports world has ever known, will make a personal appearance in Amarillo's city auditorium Monday night.

Dempsey will referee a wrestling match between Sailor Moran and Dutch Mantell. Both of these grapplers are of the rough and rugged type. They like to mix things, including the referee.

However, it is doubtful either will care to do anything to cause Dempsey to enter the actual conflict since both know what happened to Billy Edwards one time in Dallas when he took a sock at the famous Dempsey chin.

Besides refereeing the match, Dempsey will address the audience and explain what the sport of boxing can do for the state of Texas.

Mrs. Otto Kahn, will entertain the crowd with selections from one of her Broadway successes that caused her to be known as the "cheerful little earful of New York." The Dempseys were recently married in Nevada.

The preliminary matches include Cyclone Mackey vs. Carl Von Link, and Ernie Gross vs. Chief Little Wolf.

The prices for the show range from \$2.00 top to 50c in the balcony. Out-of-town reservations should be mailed to Miss Lois Black of the Globe-News.

Dempsey's appearance here is being sponsored by Wilbur C. Hawk. Cal Farley is directing the staging of the event.

## Shields Routs Frankie Parker In Tennis Meet

SOUTHAMPTON, N. Y., Aug. 5 (AP)—Frank Shields turned on the tennis "heat" today and trounced Frankie Parker, 17-year-old national clay courts champion, with the loss of only five games in the final round of the Meadow club's 43rd annual invitation tournament.

The tall, powerful New Yorker, a "veteran" at 22, mowed down Parker by scores of 6-2, 6-2, 6-1, to hang up his third tournament victory in a row. He captured the Seabright bowl last week and the Crescent-Hamilton club invitation title the week previously.

Later in the day the singles finalist teamed to capture the doubles crown after a marathon battle with Elned B. Wood of New York and George M. Lott of Chicago, 6-4, 2-6, 2-6, 6-3, 18-16.

Shields' triumph in singles gave him ample revenge for the straight set beating he took from Parker on clay at Spring Lake a few weeks ago. The New Yorker took command of the match from the start.

six scattered hits in the second game while his mates pounded Hudson and Connolly for 14.

## Wins Own Game

ST. LOUIS, Aug. 5 (AP)—Ed Wells, the third relief hurler for the St. Louis Browns in their slugging contest with the Chicago White Sox today, won his own game when he doubled in the 12th inning, scoring Jim Levey, who had singled, with the winning run for a 10-9 victory.

**Yanks "Blow Up"**  
NEW YORK, Aug. 5 (AP)—The Yankees skyrocketed, individually and collectively, in the eighth inning today and the Philadelphia Athletics scored seven runs with a minimum of effort to win their third game in a row, 8-3.

Lefty Gomez, who had been wild all through the game, but had allowed only two hits up to the eighth, was the first to go. He issued a couple of passes that were converted into runs. Then the Yanks made a couple of errors and the A's came through with a couple of timely hits, notably a triple by Jimmie Fox with the bases loaded.

**Sens 4 Games Ahead**  
WASHINGTON, Aug. 5 (AP)—With the aid of two Boston errors and some air-tight pitching in the ninth, the Senators today set down the Red Sox for the third successive time, 3-2, and rose to the eminence of a four game lead over the stumbling New York Yankees.

The Sox tied the score in the fourth on singles by Hodapp and Rhodes, but the Senators pushed over the deciding run in the next inning.

**Divide A Pair**  
DETROIT, Aug. 5 (AP)—Detroit divided a lengthy double-header with Cleveland today, dropping the first game 15-9, but coming back to win the nightcap 7-1.

The first game, which went 13 innings, was featured by a Cleveland hitting spree which netted nine runs in the thirteenth.

## More Like Play Than Work!

"A woman's work is never done"—this axiom loses its basis of fact when an Electric Washer moves into your laundry. In the first place, the hard work is shifted to the Washer—in the second place, it's all done in a fraction of the usual time.

You'll certainly appreciate the ease and freedom an Electric Washer brings you—particularly on hot days. No steaming tubs, no backbreaking labor—just throw in the dirty laundry and take it out clean. Yet the cost of all this service is only two or three pennies a week. Go to your dealer's and see the newest Washers—convenient terms can be arranged.

# MANY NEW FACES WILL APPEAR IN HARLEY SADLER COMPANY AS IT OPENS IN CITY ON MONDAY

## THREE OLD MEMBERS OF CAST STILL IN SHOW

HARLEY Sadler is bringing nearly a brand new company to Pampa for a week's engagement starting Monday night, August 7th, under the auspices of the American Legion.

The big tent theater will be located just north of the Baptist church. The Sadler organization this year is said to far surpass all previous Sadler shows offering many new features, with lots of music and vaudeville predominating.

The former members of the company still with Sadler are Ethel Snow, A. C. Hefner and Bud Nairn, all of whom will be seen in a line of especially good parts. Harley is still the inimitable Harley. According to reports Harley is even funnier and better than ever, if possible. The new members of the Sadler organization include Miss Diana DeLaire, new ingenue leading lady. Miss DeLaire was for years with the better stock companies throughout the East and Middle West, and comes direct from the Warner Bros. theater, Tulsa, to the Sadler show.

Miss DeLaire has become quite a favorite in towns played by Harley this year. She will also appear in a series of vaudeville acts throughout the engagement. Whitehouse twins are the new feature vaudeville act. After years on the larger vaudeville circuits, these talented young men turned to the outdoor show field, Harley Sadler's being their first tented organization, but according to the twins, they like it better than any other engagement.

There is not so much difference in working in a tent like Sadler's and the larger houses. They offer singing and dancing nightly, with many oddities and novelties interspersed.

Ewert and Barry are accordionists, singers and dancers with the company, and their act is one of the highlights of the Sadler program. This team was for years in Chautauqua work, with two sea-

## Kiwansians Will Attend Meeting

Members of the Kiwanis club are making plans to send a large delegation to the district convention at Enid, Okla., September 2, 3, and 4. Headquarters for the meeting will be at the Youngblood hotel.

Reports from the Passion play committee, boy scout committee, and the success of the picnic last week were given at the club luncheon Friday.

Judge C. E. Cary made a short talk on the necessity of completing road building in the county and the need of the state bond issue to be voted August 26.

Visitor Friday included Charles Thut, F. E. Morrell of Amarillo, and R. H. Forrester of Wheeler.

## Pavey To Take Up Passengers

For one more Sunday, Art Pavey will take passengers for a ride over the city in his Swallow airplane for 50 cents.

Last Sunday 75 persons rode in his plane over the city, but owing to bad weather conditions he was not able to do much flying before noon.

M. Pavey and his ship will be available throughout today at the airport.

sons over a Lyceum circuit, and is highly pleasing. Johnny Gibbs is known as "America's Greatest Freak Trumpet Player," offering solo selections on the trumpet that are indeed novel. Johnny is also a dancer, and will be seen nightly in the big tent.

Jimmie Parsons is the new juvenile leading man. Little Gloria Sadler will be seen in new songs and the latest of new dances. This little lady, always a favorite, is better than ever this season, having been under the tutelage of leading dancing teachers the last year. Frank Bauer of radio and stage-band fame, has the orchestra, eleven pieces, and it is said to be one of the finest orchestras ever carried with a tented organization.

On Monday night, one lady will be admitted free when accompanied by one paid adult ticket and the ladies free coupon contained in the show advertisement in this paper.

## ART STUDENTS GOOD EXTRAS IN NEW FILM

### 'ANOTHER LANGUAGE' IS OFFERING TODAY AT LA NORA

TWENTY-FIVE art students received tuition and pay at the same time when they appeared in the sculpture class scenes in "Another Language," filmed by Metro-Goldwyn-Mayer from the famous Rose Frank Broadway hit.

The picture, which opens today at the La Nora theater with Helen Hayes and Robert Montgomery costarred, called for episodes in an art school. In the scenes, Miss Hayes is shown modelling a bust of Montgomery.

Mrs. Claribel Gafney, noted sculptress, assembled her pupils at the studio for the scenes and continued instruction as the cameras ground. A living model, scantily clad, occupied a platform in the center of the room and statues of her figure were modelled by the students as the scenes were made.

The bust of Montgomery was fashioned by Mrs. Gafney, with Miss Hayes putting on the final touches during the making of the art school sequence. In these scenes, William Farnum, silent screen star, appears in the role of art director.

Although the bust was later broken in another scene, the original cast was retained by Montgomery as a souvenir of the production. Miss Hayes, who has been interested in sculpture since her school days, enjoyed the art class so much she arranged to continue modelling studies privately.

## Many Charges Of NRA Violations In Kansas City Filed

KANSAS CITY, Aug. 4. (AP)—Chamber of Commerce officials reported yesterday they had received "in swarms" complaints of purported violations of the NRA plan by industries large and small in Kansas City, either through intent or misunderstanding.

Firms operating under the Blue Eagle were charged with working their employees longer hours than provided, with paying less than the minimum wages and with placing former full-time employees on part time pay to circumvent the act.

One firm, a chain organization, was accused of making some of its employees "executives" in order to work them longer hours.

PHILLIPS STORE LOOTED BORGER, Aug. 5.—Burglars took about \$675 from Fritz Catrom's grocery at Phillips Friday night. Only money was taken. A small iron bar had been used to break a hasp lock on a filing cabinet where the money had been placed.

## SIMPLE PLOT VERY HARD TO SEE THROUGH

### 'TOMORROW AT SEVEN' COMES TODAY TO REX

Baffling because of its simple but clever plot, "Tomorrow at Seven," RKO-Radio Pictures' murder mystery film at the Rex theater with Vivienne Osborne and Chester Morris offers mental exercise for movie fans with sleuthing propensities.

Drake, a wealthy merchant who has spent considerable money trying to capture the Black Ace, a notorious fiend whose brutal murders have terrorized Chicago and baffled the law for months, receives a mysterious warning of death in the form of a jigsaw puzzle. To outwit the fiend, he, in company with Winters, his secretary; Martha, Winters' daughter; Neil Broderick, crime novelist; two detectives and two pilots, embarks on an air journey.

The fatal hour arrives as they are high up in the air. Suddenly, the lights go out. A few seconds later, when they come on again, Winters is found dead, stabbed through the heart. The weapon is missing.

The police are now closer to the solution, for they know that one of the survivors aboard the airplane is the killer. The detectives cause the ship to land and herd the suspects into an old mansion.

Could the fiend be Drake, the man who had himself been threatened with death? But Drake had spent a fortune trying to capture the Ace. Could the girl have killed her own father?

Could Broderick's novel writing be a camouflage for the dastardly murderer?

Was the murderer one of the detectives?

Was Winters the Ace, who killed himself to escape imminent capture?

Was the murderer one of the pilots of the airplane?

"Tomorrow at Seven" is considered to carry similar dramatic mystery element and comedy relief as the author, Ralph Spence, applied to his sensational "The Gorilla." Chester Morris portrays the crime novelist and Vivienne Osborne is Martha Winters. Allen Jenkins and Frank McHugh enact the blundering detectives; Henry Stephenson is Drake, and Grant Mitchell is Winters. Also cast under Ray Enright's direction in this Jefferson Pictures Corporation production are Cornelius Keefe and Charles Middleton.

# ANNOUNCEMENT

IN ORDER to properly state our position with reference to the National Recovery Act, we would like to appeal to the common sense of the people of Pampa.

In the first place we would like to say that we are heartily in accord with the NRA and of the principle of re-employment. Our good faith in this particular is best shown by the fact that we have already reduced the working hours of our employes and have added additional help accordingly.

The reason we have not displayed the Blue Eagle is because the ice industry has filed a rational code, which has been heard once by Administrator Johnson, and considered by him. He recommended minor changes, indicating that he would approve it as amended. This code has been re-filed and action on it is expected in the very near future.

We have already complied with the provisions of this amended code. On the other hand we believe it would be very poor judgment on our part to disrupt our business organization for a period of a week or two in organizing in compliance with the blanket code; and then be confronted with the necessity of re-organizing again to comply with the Ice Industry Code.

*Ford Motor Company, Dearborn, Mich.*  
*From a "4" to an "8" Progress*

*Henry Ford, Dearborn, Mich.*

We did not invent the 8 cylinder car. What we did was to make it possible for the average family to own one.

It is not the number of cylinders that is new to us. We have made motors with every number of cylinders now in use, from 4 to 12—and experimentally up to 24. We early settled on the "4" as most practical for that time, and the "4" became standard all over the world.

When motoring conditions in this country permitted a step forward, we considered what form the engine should take. Convinced that cylinders in multiples of four offered the best results, we decided that our next step must be an "8". All our research and experience favored this rather than any intermediate number of cylinders.

Up to that time the "8" had always been a big engine, a costly motor for the rich. Its price was high. It was expensive to operate. But that was because it was designed for use only in heavy, high-priced cars. It had never been adapted to lighter cars.

Before the "8" could be put within reach of the average purchaser, we had to find a way to build it at low cost.

We have done that. Our Ford V-8 is in the price class of our "4". It is not more expensive to operate. In size and weight our V-8 engine is suitable to our medium-size car. It gives you 80 horsepower—built up from the impulses of eight small cylinders.

The newness of the "8" to the majority of American car drivers is clearly shown by the question, "But isn't it more expensive to run?" Everyone would prefer an "8" but they reason that 2 times 4 is 8; and they think that an "8" must require more fuel than a "4".

This is not the fact. It is not the number of cylinders, but the weight of the car and the efficiency of the engine that determine the quantity of fuel used.

It stands to reason that if we had not mastered Price and Economy we never could have offered the Ford V-8 in the low-price car field. We have to build a car that has everything a car ought to have, and that people can afford to buy.

The V-8 is the coming car for the majority of American drivers. As always, we have done the pioneer work. It will be only a short time until motor manufacturing practice will follow the trail we have blazed.

### Hikers Declare Accused Slayer Died Innocent

GASTONIA, N. C., Aug. 5 (AP)—Whether Clay Fogelman, executed yesterday for murder, died an innocent man was a puzzling question that remained unanswered tonight. Authorities here, despite a statement by the governor that he considered the report "irresponsible," sought two young unidentified white men who claimed Fogelman did not kill W. J. Carter. Stonewall J. Durham, for 25 years a practicing attorney here, disclosed today he telephoned the governor's office yesterday morning that two hitch-hikers whose names he did not learn told him they were eye witnesses to Carter's slaying at his Rockingham county filling station and Fogelman was not the murderer.

Gov. J. C. B. Ehringhaus said he was informed at 10:10 a. m. yesterday of "an irresponsible report" from Gastonia that Fogelman was innocent of the murder. Fogelman was taken into the death chamber at 10:36 a. m. and executed a few minutes later. "We cannot act on such irresponsible reports. They are like anonymous letters. . . . The case was tried in the court and appealed to the supreme court. Reprieves were granted and Fogelman's attorneys produced every iota of evidence which they could find in his favor."

### 'Cowboy' Usher Shoots a Child

DALLAS, Aug. 5 (AP)—Demonstrating how fast cowboys were on the draw, Richard Hamilton accidentally shot Eugene Nelson, 11, today in the lobby of a Dallas theater where a "western" motion picture was being shown.

Hamilton, 19-year-old chief of service at the theater, and the theater's ushers, had been parading about in chaps, cowboy hats and boots, with revolvers strapped about their waists, as a means of advertising the picture and creating "atmosphere" around the box office. Hamilton says he was showing the boy the speedy draw so often mentioned in early day cowboy lore. As he whipped the gun from its holster, it was off and Nelson fell to the floor, a bullet having riddled his left side, abdomen, and right arm.

#### DOES NOT APPLY

WASHINGTON, Aug. 5 (AP)—Executives whose salaries exceed \$35 a week, registered pharmacists, or other professional persons employed in their profession, together with outside salesmen, are specifically excluded from the provisions of the temporary code of wages and hours approved by the national recovery administration for retailers. Since the code does not apply to them they do not have to be paid overtime when they work more than a 40-hour week and there is no limit upon their hours.

### CHICAGO GRAIN

CHICAGO, Aug. 5 (AP)—Veering upward late as well as early, wheat prices gave striking evidence today that no large holdings were being pressed for sale. Especially at the last, buyers of wheat were in a majority, and appeared to be acting on belief that purchases were in order whenever price setbacks occurred. Rapidly shifting fluctuations that took place during much of the day resulted to a large extent from lack of board speculative interest, but at no time did prices of any grain threaten to drop to fixed minimum limits. Wheat closed unsettled at almost yesterday's top figures 1/4-1/2 up, oats 1/4-1/2 advanced, and provisions, varying from 7 cents decline to a rise of 10 cents.

Corn and oats were influenced by reports that the crop report outlook was poor. A leading Chicago expert said fully 50 per cent of corn territory seen by him in Indiana would not make commercial grain this season. Provisions averaged lower, responsive to hog market declines.

#### START ON TOUR

LUBBOCK, Aug. 4 (AP)—Several students of agricultural economy at Texas Tech have started a 5,000-mile tour of 15 northern and east-central states to study the economic problems of farm life and management. They will visit outstanding farms, experiment stations and agricultural colleges, also the agricultural markets in Kansas City, New Orleans and Chicago. The field course will carry nine hours of college credit.

### Cheaper Freight Rates Benefit Plains Farmers

Cheaper freight rates for farmers and ranchmen shipping in feed are proving of much benefit, County Agent Ralph Thomas said today.

Mr. Thomas must issue a certificate of authority before the lower rates, ranging from 1-3 to 1-2, can be obtained. The feed must be consigned to and used by the feeder. Much interest is being shown in the domestic allotment plan for wheat. Gray county farmers seem willing to reduce their acreage by 20 per cent. They are eager to learn full details of the plan.

Cotton farmers are planting feed crops as they plow up part of their cotton. Some of them will plant wheat or rye for pasturage in September. They will not be allowed to carry such pasturage to harvest, however, the fairness of this was shown by Mr. Thomas, who said without such a rule the cotton south would turn to wheat in competition with wheat territory.

Dr. and Mrs. W. C. Mitchell are in Chicago attending the fair. They have already been to New York on a buying trip.

Mrs. W. Purviance and daughter, Janice, Mrs. J. E. Murfee and daughter, Jean, visited in Amarillo Friday.

### Markets

#### NEW ORLEANS COTTON

NEW ORLEANS, Aug. 5 (AP)—Trading in cotton was the dullist in months today and prices fluctuated narrowly in a slightly downward trend, due mainly to pre-bureau liquidation. The close was quiet and 6 to 8 points net lower.

The opening was easier owing to overnight selling orders. Prices eased in the early trading on selling by cautious longs in advance of the government crop report due Tuesday and around the middle of the first hour October traded down to 10.13 and closed at 10.36 or 9 to 11 points below the previous close. The market continued quiet all through the session, price fluctuations being confined to a few points within the earlier range. There was a rally of 3 to 4 points from the lows at the end on a little over-the-week end short covering. October lower and December at 10.39, down 6 points net. Later months were inactive.

#### PEEP! PEEP!

TAHOCA, Aug. 4 (AP)—A Tahoka merchant didn't make the mistake of "counting his chickens before they hatched," but he didn't count his eggs soon enough. The grocer exchanged groceries for eggs which a farmer brought into the store. He later transferred the eggs to crates for easier handling, and found that one of them already had hatched. Anyway, he bought one chicken for the price of an egg.

### Beaumont Beats Dallas 3 to 2; Buffaloes Win

BEAUMONT, Aug. 5 (AP)—Pitching his last game as an Exporter before reporting to the Detroit Tigers, Elden (Big Six) Auker stopped the Exporters' losing streak at seven straight here this afternoon when he outpitched Charles Barnabee to beat the Dallas Steers, 3-2.

It was Auker's 16 victory of the season. Sandy Herring, diminutive right hander, with the Shippers last year, is being sent to Beaumont by Detroit to replace Auker.

### Kelland Follows Scott's Example—Writes Off Debt

NEW YORK, Aug. 5 (AP)—Clarence Buddington Kelland has written his way out of bankruptcy just as Sir Walter Scott, the eighteenth century glorifier of chivalry and chivalry mail, paid off a heavy indebtedness.

The popular American author filed an involuntary petition in bankruptcy last March, listing liabilities of \$188,492. Today Federal Judge Marcus Campbell signed an order dismissing the proceedings and setting forth that Kelland had paid creditors every cent due them. His attorneys said Kelland earned the needed money by writing. Therein lies a modern parallel to the case of the Scottish romancer who ground out his literature by the yard—at so much a yard.

Mary Jane Evans was admitted to Worley hospital for a tonsillectomy yesterday.

Mrs. Charles Kentling and daughter, Evelyn, and Mrs. Otto Wasson and daughter, Rowena, left yesterday for Springfield, Mo., where they will visit relatives. They will tour the Ozark mountains before returning home.
