# CLAIM ROBINS DROWNED AT SEA

## Roosevelt Will Accept Hoover's Invitation, Friends Believe

THE RED CROSS has meant much to Pampa in the last year. Besides spending its local funds—derived from 1 a s t year's roll call—for local purposes, it has received federal flour and garments to the needy. It will continue to render these valuable services.

More than this, the Red Cross has nationally met the greatest demand for peace. It has extended aid to millions of citizens—victims of unemployment, of drought, flood, and tornado. It has had charge of the distribution of 40 million bushels of government wheat. More than 2,500 chapters have participated in unemployment relief. Services to war veterans and their families have kept pace with the increased demand. TOMORROW THE PAMPA ROLL CALL WILL BEGIN. Many people will look to the drive to enable the chapter to continue its work and to make possible the distribution of government aid here. YOU are the Red Cross; it is your organization of mercy. A dollar will enroll you; a larger contribution will make possible a bigger relief program. JOIN TOMORROW.

Mental tests for referees ought to be a project of our psychology teachers every fall. While we do not doubt the honesty of the officials who worked in Harvesters games this season, we do question the readiness of many of them to meet the situations which arise. Football rules are complex. Quick thinking is required. In some cases, a referee's mistake cannot be undone; in others, reference to the rules would show his error. Officials should be familiar with the rules before they pose as experts capable of ruling on match play. This season will long be recalled as one in which referees' mistakes had a large part in the loss of crucial games. We do not claim that the Harvesters are capable of being state championship contenders this year of cripples, but we do say that it would take a truly great team to overcome officials' errors such as we have lately seen.

(See TOPICS, Page 6)

### Legion Post To Seek Members

The chief concern of the Legion throughout the United States now is paid-up memberships. Every post that has not already secured its quota is waging a campaign for new members and renewals. At a called meeting of the Pampa post Saturday night, tentative plans were made for an extensive membership drive in this locality. A group of loyal Legionnaires agreed to contact every ex-service man of his acquaintance in an effort to secure his 1933 dues. There will be another special meeting Thursday night in the offices of the Davis Electric at 119 West Foster avenue, the Legion hall being used by the Auxiliary at that night. All ex-service men are invited to this meeting.

Congressman Wright Patman in a statement to a group of Legionnaires said "the only way an ex-service man can have any voice in the affairs of the nation, so far as he is concerned, is by paying his dues and joining the American Legion."

"There will be legislation affecting the veteran, both favorable and unfavorable in the next few months—if you would help the Legion to carry on, then pay your dues at once," said a Legion official.

### I HEARD--

Judge Newton Wells telling a bunch in Fatheree Drug this morning that Herbie Hoover was going the round-about way home in order to miss Pampa after hearing the number of votes he got here. "Why Herbie tried to miss all of Texas," the judge declared.

Virginia Fullingim say she had checked in her football uniform because both her teams lost Friday—Pampa and Texas U. Many more fans have made the same remark, but wait until Saturday afternoon and you will see the whole contingent at Harvester park watching the Harvesters and Quanah Indians in action. Pampa never lets her football team down.

## JAIL DELIVERY FRUSTRATED

### HOUSEKEEPER GIVES CLUES TO OFFICERS

### SINGING AND SHOUTING IN CELLS AROUSES SUSPICIONS

### PLANS ARE OVERHEARD

### 'BILLY' MADE TO 'LAY OUT' INTERFERING OFFICER

Gray county prisoners, unappreciative of the county's hospitality in furnishing them free room and board in these troublesome days, late Sunday were planning to absent themselves. With elaborate patience and a common spoon, they removed certain rivet-like bolts which hold heavy corner plates in the east tank of the jail. They tore off long strips of sheet-steel, which could be used in removing the larger flat plates which ordinarily bar the way to freedom.

So far, so good. Under cover of night, the prisoners planned to drop down the walls on platted ropes made from strips of blankets. The paraphernalia covered a large table when exhibited today. The plan was good, but it didn't work. To cover up noise of ripping off steel plates, the prisoners did a lot of singing and shouting. This aroused suspicions in the kitchen of Sheriff Lon Blansett. The housekeeper telephoned downstairs, found Constable Frank Jordan and Deputy Constable "Cowboy" Mumford.

The constables eve-dropped the busy prisoners for ten minutes, learning the plan. Gang-like, the prisoners in the east tank planned to liberate those in the west. To do this, it might have been necessary to slug the jailer. "A 'billy' made of tin foil inserted in a rubber tube, together with a bottle, had been made ready for any possible assault on any officer who might be unwary for a moment. Pat Fisher, negro under 15-year sentence, admitted the plans tentatively called for his part to be to give trouble to any officers who might interfere with the escape plan.

The officers overheard enough to convince them that Berl Walker, under sentences totaling 16 years for robbery, Bob Betty, under a 2-year term for burglary, and V. V. Jennings, under 4-year-tentence for forgery, were leaders in the jail-break plans. The presence of other sentenced prisoners has lately given a tense atmosphere to the jail "society." Last night District Attorney John Sturgeon wired penitentiary agents to come for several prisoners. One, however, cannot be taken until a decision is made on his appeal. This is Berl Walker. Bob Betty is expected to be transferred to Amarillo, where he is wanted in another case.

### COMMISSIONERS MEET

County commissioners, meeting in regular session today, began approving bills. It appeared likely the returns of the general election would not be canvassed before tomorrow.

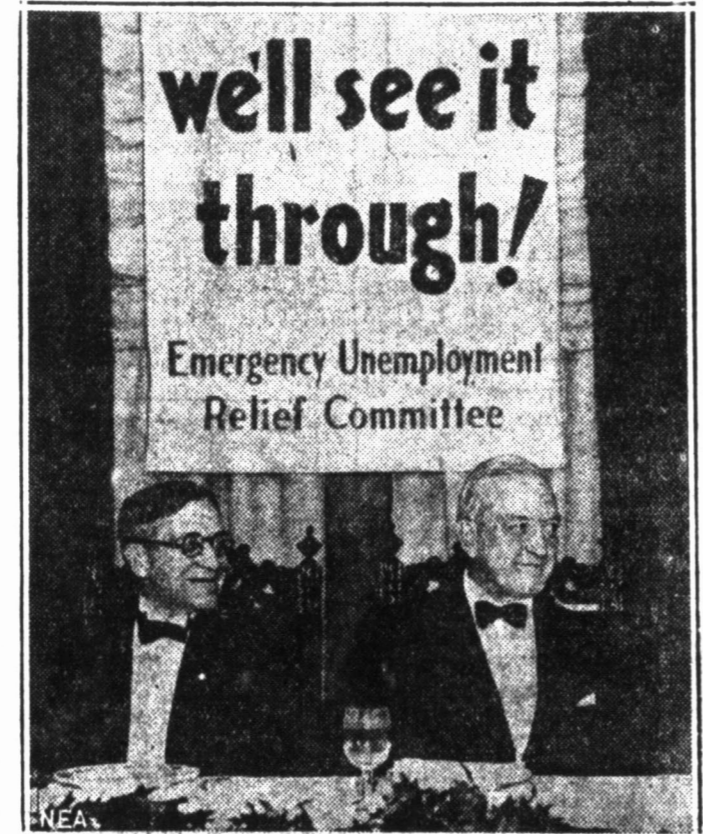

### GRAND JURY MEETS

The Gray county grand jury went into session today.

## PLAINVIEW DUCK HUNTERS HAVE UNUSUAL ALIBI FOR 'NO LUCK'

PLAINVIEW, Nov. 14. (AP)—Duck shooting, a popular diversion for plain citizens and their visitors since the season opened has its humors as well as its rewards. One party of three nimrods came home without ducks, and all because a facetious intent was taken literally. When ducks were sighted at the hunting grounds one of the party discovered he had left his gun in another car. He went back after it, taking the second hunter's gun in the car with him. Two nimrods with one gun remained near the ducks. It was decided not to wait the others return and the armed hunter-blazed away at the ducks again and again. Not a feather. Puffed he tried his aim at some sea gulls flying near. More blazing, the same number of feathers.

## BAKER OPENS RELIEF DRIVE

New York City needs \$15,000,000 for relief of the destitute this winter and a committee of volunteer workers promised to "see it through" when the campaign got under way at a dinner the other night. Here you see Newton D. Baker, left, chairman of the Mayor's Welfare and Relief Mobilization, who started the drive, and Harvey D. Gibson, chairman of the city committee.

## RURAL ROUTE TO SOUTHEAST OIL FIELD WILL BE EXTENDED EIGHT MILES TO SERVE 500 RESIDENTS

### Mail to Leave Post Office at 8:30 in Morning

Approximately 500 residents of the Southeast Pampa oil field will be served through an extension of rural route No. 2 which will become effective Dec. 1. It was announced by Postmaster D. E. Cecil this morning. The mail route which formerly covered 30 miles has been increased to 38.3 miles. Residents on the extension are urged to erect regulation mail boxes on the right hand side of the road and to give their names to the local office. The mail will leave the local office at 8:30 o'clock every morning except Sundays.

The route now will cover the camps along the Amarillo highway as far west as the Empire Oil and Gas company and will then veer southeast to the Texas Elf Carbon Black plant. Bowers City, the Phillips plant along the Red river including the Big Gray plant and on to near the outskirts of LeFors where it will swing through the camps on the Finley-Brown lease. From there it will go to the LeFors-Pampa highway to the top of the "breaks" where it will swing into the carbon black plants, gasoline plants, and the Prairie and Gulf plants southeast of the city before returning to Pampa.

Previously the route only went to the store just east of the Phillips Pampa plant and then went north to the Magnolia carbon black plant and then into the city.

## PLAINVIEW DUCK HUNTERS HAVE UNUSUAL ALIBI FOR 'NO LUCK'

The second hunter took the gun and let go a charge at a gull, with-in easy range. Still no feathers. When the hunters with empty game bags stopped at the home of the senior member of the party, a child picked up a shell and put it into its mouth. The nimrod who had fired the second salvo at the gulls wanted some shot to "clean bottles with" and took the paper shell from the child. When he cut into it there were no shot. Another and another shell was cut and all were blanks. Under full steam the indignant nimrod went to the man who sold the shells, demanding in the name of god shooting what he meant selling him blank shells. "Didn't you know they were blanks when

(See HUNTERS, Page 6.)

## TO COMPLETE ANSWER EARLY ON TOMORROW

### ASK PRESIDENT-ELECT FOR CONFERENCE AT WHITE HOUSE

### DEBT REVISION WANTED

### HOOVER DUE TO STOP AT DALHART TODAY

### EXECUTIVE MANSION, ALBANY, N. Y., Nov. 14. (AP)—President-elect Roosevelt today prepared a reply to President Hoover's invitation to a White House conference on the war debt situation. It was believed by those close to the New York governor that he would accept the invitation and suggest the conference be held on Monday or Tuesday of next week.

Mr. Roosevelt's reply, the governor's secretary stated, would not be completed until late this afternoon. It will be released to morning newspapers.

Mr. Roosevelt, recovering from a slight cold which confined him to his room since last Friday, expects to resume his engagements tomorrow. All of his appointments for today as well as since last Friday were cancelled.

### WASHINGTON, Nov. 14. (AP)—Great Britain and France, each \$4,000,000,000 debtors of the United States, today sought relief from further payments pending an international conference on world debt problems.

Publication of their formal requests, made to a government already on record against further reduction or cancellation, coincided with a telegram from President Hoover to President-elect Roosevelt, inviting his successor to a conference on the subject—an action without precedent in all presidential history.

"If there is to be any change in the attitude of congress it will be greatly affected by the views of those members who recognize you as their leader," the chief executive said. "I am loathe to proceed with recommendations to the congress until I can have an opportunity to

(See HOOVER, Page 6.)

## ANNUAL RED CROSS ROLL CALL STARTING TOMORROW OF MUCH IMPORTANCE IN THIS VICINITY

### Big Program Based On Success of Drive

### A MEMBERSHIP GOAL OF 750 members will, it is expected, be reached in two days by a large group of campaigners who will assemble at the city hall at 8:30 o'clock Tuesday morning to launch

the annual Red Cross roll call. Memberships are \$1 each, but all above 50 cents of each contribution will remain for local work.

During the last year, the Pampa chapter carried on a large program, using its funds locally as well as distributing flour and garments for needy by the government. Lately 3,500 yards of cloth was received and made into garments. The roll call will make continuation of this work possible, in addition to aiding the national organization in disaster and unemployment relief work.

The drive is headed by Farris Cden, assisted by George Limerick and John Osborne. Yesterday's NEWS told of the local work. The Associated Press summarizes the national program as follows:

### WASHINGTON, Nov. 12. (AP)—From federal owned wheat, almost 20,000,000 have been partitioned.

(See RED CROSS, Page 6)

## Verdict Given Oil Company in Drainage Suit

### A verdict for the defendant was returned Saturday in the suit of W. S. Clayton against the Shamrock Oil & Gas company.

The jury answered "no" to the following question: "Do you find from the preponderance in this case that an ordinarily prudent person who owned the lease on the Clayton land but did not own the lease on the Chapman land would, under the circumstances, have drilled a well on the Clayton land, between Clayton well No. 4 and Chapman well No. 3, giving regard to cost of drilling said well and profit, if any, that might be derived from drilling same?"

It was claimed that failure to drill an offset to the Chapman well, on the Clayton land, had resulted in drainage of the latter; the sum, however, being only a few hundred dollars.

(See OIL, Page 6.)

## LATE NEWS

### SACRAMENTO, Calif., Nov. 14. (AP)—Replying to a query sent him by a New York newspaper, Governor James Rolph stated today that he intended to pardon all violators of the Wright prohibition act incarcerated in California as soon as the results of the November 8 vote repealing the law are reported to him by the secretary of state.

### TEGUCIGALPA, Honduras, Nov. 14. (AP)—Revolution has broken out in Honduras. Heavy fighting was reported today along the north coast. Federal troops, assisted by nationalists, were storming the city of San Pedro, captured during the night by liberals who also were reported to be holding Trujillo, La Ceiba and La Esperanza.

### AUSTIN, Nov. 14. (AP)—C. V. Terrell, chairman of the Texas Railroad commission, announced today that a hearing of operators in the East Texas oil field under the new market demand conservation law just enacted, would be held here on November 25. The legislature, in extraordinary session, altered the state's conservation laws, administered by the commission, to permit the consideration of "reasonable market demand" as well as physical waste in prorating the production of oil.

### KANSAS CITY, Nov. 14. (AP)—Col. Roscoe Turner landed for fuel here today at 12:40 p. m. Central Standard Time, five hours and 54 minutes after leaving New York in an attempt to establish a new east-west transcontinental flight record. Turner's plane was refueled in ten minutes and he streaked west at 12:50 p. m. expecting to stop at Albuquerque, N. M. He covered the 1144 miles from the Atlantic seacoast in 5 hours and 37 minutes after flying time, having stopped 17 minutes at Columbus, O.

### NINTH WEEK OPENS

Thirty-first district court opened the ninth week of the 12-week term this morning.

A civil suit, W. F. Hanson and wife against the Fort Worth & Denver railroad company, to set aside a right-of-way deed, was begun at 12:50 p. m. The attorneys included the law firms of Willis, Studer & Studer for the plaintiff and Cook, Smith, Teed, Sturgeon, and Wade for the defendant.

Mrs. Belle Henderson of McLean underwent a tonsillectomy at Worley hospital this morning.

## HOOVER FRIEND VICTIM BEER BARON WRATH

### ALLEGED SWINDLER IN CONFESSION TO PROMOTER

### IS HELD FOR LARGENCY CLAIMS RUM RUNNERS KIDNAPED DRY WORKER

BOSTON, Nov. 14 (AP)—A story of a drowning at sea by rum runners of Colonel Raymond Robins, missing prohibitionist and friend of President Hoover, was told police today in their investigation of Ralph Code, 40, alleged swindler. Robins has been missing since early in September.

Code was held on \$10,000 bond in municipal court after he had pleaded not guilty to charges of larceny from two New York men, one of whom was Carlisle O. Byrd, oil and mining promoter, who brought about Code's arrest.

Byrd told police that Code, to substantiate his alleged knowledge of ship movements and of the underworld as "an ex-secret service man," had related details of Colonel Robins' disappearance. According to the story, police said, Colonel Robins was kidnapped by rum runners who turned him over to a New Jersey beer baron. Two days later, the story says, Robins was taken 40 miles off Montauk Point, Long Island, trussed and weighted and thrown overboard.

## Pampans Attend Girl's Funeral At Clarendon

Funeral services for Marybelle Gray 18 daughter of Mr. and Mrs. George H. Gray of Phoenix, Ariz., but formerly of Pampa was to be conducted at 2 o'clock this afternoon in the First Methodist church at Clarendon by the Rev. L. A. Reeves, officiating. Burial was to follow at the I. C. O. F. cemetery in Clarendon.

Mrs. Gray was attending Clarendon college at the time of her death. She graduated from Pampa high school with the class of 1932. She resided with her aunt and uncle Mr. and Mrs. L. H. Johnson here after her parents moved to Arizona two years ago. Besides her parents and aunt and uncle, she is survived by two sisters and one brother.

Pallbearers were to be Silas Franklin, Clayton Powell, Lawrence Whitlock, Leon Robinson, Ray Roberts and Curtis Stark. Honorary pallbearers were named as Kenneth Fink, Price Whitlock, Jim Poole, H. L. Ledrick, Jr., and Tuke Salsbury.

Flower girls were to be Misses Loveta Wilson, Margaret Jones, Viola Jones, Eleanor Morris, Nadine Tucker, Ruth Reynolds, Louise Walstead, Esther Stark, Etha Jones, Dorothy Schilling, Bernice Moses and Dorothy Jane Adams.

Many Pampa friends are in Clarendon attending the services.

## I SAW--

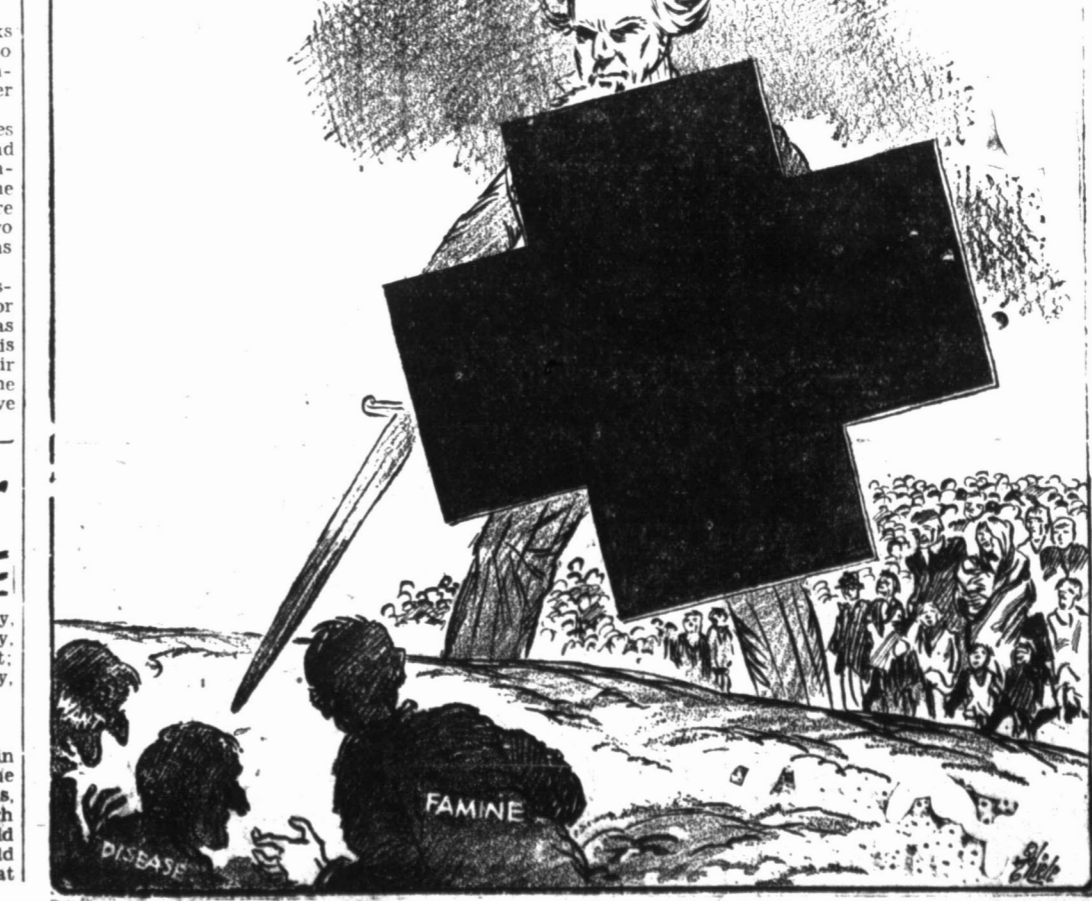

Mr. and Mrs. John F. Dixon back from a three-week vacation trip to Arkansas and Louisiana. Speaking of the Hot Springs baths, Mrs. Dixon said that the first one gave her a record cleaning and that the second one left her so weak she had to be pulled out. They visited relatives in Louisiana the rest of the trip.

Some Harvesters wondering what style of basketball suits Coach Odus Mitchell ordered this morning. The girls went the boys one better last season.

Frank Hill of the Junior chamber of commerce and he announced that Harry Hoare, sports editor of THE NEWS, will make a talk tomorrow noon at the Jaycee luncheon on the subject, "The Necessity of Conducting Rules Schools For Football Referees." Hoare will give a verbal and muscular description of how referees have officiated at games in the Panhandle and elsewhere this season. "Chinck" Barrett will be on hand to holler, "Amen!"

## THE PROTECTING SHIELD

## RED CROSS ANNUAL ROLL CALL

WEST TEXAS: Partly cloudy, warmer in the Rio Grande valley, colder in the Panhandle tonight; Tuesday unsettled to partly cloudy, much colder in north portion.

—AND A SMILE  
CHICAGO—If junior fails in Chicago and blames the teacher he may be right, Hiram B. Loomis, principal of the Hyde Park high school says. Fewer children would fall, he adds, if teachers would assign less work and insisted that it be done thoroughly.

THE PAMPA DAILY NEWS

Published evenings except Saturday, and Sunday morning by Pampa Daily News, Inc. 322 West Foster, Pampa, Texas.

BILMORE N. NUNN... General Manager... CLIN E. HINKLE... Managing Editor

MEMBER OF THE ASSOCIATED PRESS... Entered as second-class matter March 15, 1927, at the post office at Pampa, Texas, under the Act of March 3, 1879.

SUBSCRIPTION RATES BY CARRIER OR MAIL IN PAMPA One Year \$6.00 One Month .50 One Week .15

TORMENT OF THE HUNTED W. Kirby Robinson, who surrendered at Leavenworth penitentiary after being a successful fugitive from the law for 34 years, presents one of those odd puzzles in human behavior which seems almost beyond understanding.

Robinson is 65. Thirty-four years ago he robbed a postoffice in Indian Territory and got a four-year sentence in the federal prison. He escaped from his guards en route to Leavenworth and got away "clean."

A restless conscience can be a very difficult companion. All of us know that, in one degree or another. We may not have mail robberies on our minds, but we have lesser things, and they have power to torment us unmercifully.

But that wasn't quite all of it, in this case. There was a twin demon to aid in the tormenting—the demon of fear. The man could never be quite sure that the past was really dead.

Is it, after all, any great wonder that he finally gave himself up? A woman novelist says she recently received an answer to a letter she wrote 15 years ago.

These dull winter days are made a lot duller now by the early arrival of the postman with the daily consignment of bills.

An English runner recently won a race while suffering from a toothache. Perhaps he was on his way to the dentist.

"Conceit is a form of ill health," a scientist says. Never mind the man who pats himself on the back. He may just be the victim of lumbago.

Prosperity is near. On Dec. 15 England is supposed to pay the United States \$95,500,000, France \$10,261,432 and Italy \$1,245,437—all payments on war debts.

Stuart Chase, Chicago economist, sees a 30-hour work week and a \$3000 a year income for every family in the United States. Where, oh where, Mr. Chase, did you see it? We'll move any day now!

OUT OUR WAY By WILLIAMS

NEWCOMERS ARE SUCCESSFUL IN FIRST PRINCIPAL STAGE ROLES; BROTHER AND SISTER PERFORM

BY NOEL THORNTON NEW YORK (AP)—There aren't so many shows that have scored "hits" in the early part of the new Broadway theatrical season, but there are a number of youngsters who have.

Several of the newcomers are achieving considerable fame in their first major roles. For instance there's Buddy and Vilma Ebsen. The story of their overnight success reads like an Alger tale.

This brother and sister learned dancing under the tutelage of their father in Florida. A rift in the family fortunes made it necessary for them to go to work, and they invaded Broadway only to discover stage directors were not interested in a southern girl with sparkling blue eyes, and a tall boy with a cowlick in his hair and a flair for languorous dancing.

Get Roles By Accident Brother Buddy supported the two for months by working at a soda fountain in the Grand Central terminal, and he became famous as the slowest soda dispenser at the busiest fountain in the world.

Wheat was in demand and initial quotations were as much as a cent and a half higher. Later dealings advanced still more, but reactions before the close brought prices back to 1 1/2 to 2 cents a bushel higher than Thursday's close.

All grains lost some of the early gains, but at the finish were yet higher than Thursday's finish, wheat showing 1 1/2 to 2 cents gain, corn 1/4 to 1 cent up and barley with net advances of more than 3 cents.

From Movies To Stage Dorothy Tree Marguerite Churchill and Judith Wood deserted the Hollywood movie lots to become the three favorite ingenues in this season's dramatic shows.

The December delivery of wheat closed at 45 to 3/4 cents a bushel, December corn at 26 to 3/4 and December barley at 82 1/2.

The Bottom Drop! The bottom fell out of the market for wheat, corn and barley today.

# PAMPA REPRESENTED AT BAPTIST STATE CONVENTION

## Work as 4-H Pantry Demonstrator Brings Real Thrill to Mrs. Smith

### DELEGATIONS ATTEND FROM TWO CHURCHES

ABOUT 5,000 PERSONS ARE EXPECTED TO BE PRESENT

Representatives of both the Central Baptist and the Central Methodist churches of Pampa have gone to Abilene to attend the thirty-ninth annual session of the state general convention of Texas Baptists and the two auxiliaries, the Woman's Missionary Union and the pastors and laymen's groups.

Mrs. E. Ewing Leitch, the Rev. C. E. Lanaster, and Mr. and Mrs. Herman Whitley are representing the First church, and Mrs. W. B. Barton, her daughter, Miss Louise Barton, and her son, T. B., are attending from the Central church. Mrs. Leitch, who is president of the W. M. U. of the Palo Duro association, went to Abilene from Corpus Christi, where she represented the federated women's clubs of Pampa at the convention of the Texas Federation of Women's clubs.

Auxiliary conferences began today and will continue tomorrow. The union meeting will start tomorrow evening at 7:30 o'clock, in the auditorium of the headquarters building, while pastors and laymen will convene at the same hour in the First Christian church. The general convention will be called to order Wednesday at 9:30 a. m. at Dr. L. B. Scarborough of Fort Worth, president.

Largest of all the denomination's state organizations, the Texas body almost equals the whole south-wide unit in attendance at the yearly meetings. Registration of both out-of-town and local delegates and visitors is expected to pass 5,000. While headquarters are to be maintained at the First church congregations of all local Baptist churches are cooperating in extending hospitalities to visiting delegations.

### COMING EVENTS

**MONDAY**  
Book Review group of the A. A. U. will meet at 7:30 o'clock at the city hall. Mrs. C. A. Clark will review the book "2,000 Years in Sing-Sing" (Lewis Lawes).

Young piano pupils of Mrs. May Foreman Carr and Mrs. Ramon Wilson will appear in recital at 8 o'clock at the Methodist church.

**TUESDAY**  
Robekah lodge members will meet at the city hall to sew for the needy.

Club Culture club will meet at 2:30 o'clock with Mrs. A. L. Patrick.

Tuesday Afternoon Bridge club will meet with Mrs. Roger McConnell.

London Bridge club will meet with Mrs. John Studer at 2:30 o'clock.

Domestic class, Central Baptist church, will give a banquet for the new men's class.

Advanced pupils of Mrs. May Foreman Carr and Mrs. Ramon Wilson will be presented in recital at the Methodist church.

Home Parent-Teacher association will observe visiting day at the school. Room mothers will be hostesses.

Order of the Rainbow for Girls will hold a regular meeting at the Masonic hall at 7:30. Eastern Stars and Masons are urged to attend.

**Fathers' Night Program Planned**  
Parents and friends of Woodrow Wilson school are invited to attend a fathers' night meeting Friday evening at 7:30 o'clock at the school. An interesting program has been arranged by a committee headed by Mrs. J. O. Gillham.

Members will include three demonstrators, one of first grade reading, conducted by Miss Willena Eddy, one of third grade dramatics.

### WILL APPEAR IN PIANO RECITAL TONIGHT

ELEANOR RUTH GILLHAM

JACK HESSEY

MARJORIE GILLIS

ANITA ANDREWS

ALBERTA LATUS

Shown here are some of Mrs. Ramon Wilson's piano pupils who will be heard in recital this evening at the Methodist church. Eleanor Ruth, daughter of Mr. and Mrs. J. O. Gillham, and Marjorie Gillis, daughter of Mr. and Mrs. Arthur Gillis, took awards in the piano contests here last spring. Jack Hesse, son of Suppl. and Mrs. John B. Hesse, shows much talent as a young pianist. Anita Andrews, the daughter of Mr. and Mrs. John V. Andrews, is only 7 years old, but her talent as a pianist will be shown when she plays an arrangement of "The Flower Song" (Lange) this evening. Alberta, popular little pianist, is the daughter of Mr. and Mrs. George Latus.

### STORY GIVEN OF HOW GOOD PANTRY BUILT

INTEREST IS KINDLED AT RABBIT CANNING DEMONSTRATION

(Editor's Note: Mrs. J. H. Smith, who won first place among the 4-H pantry demonstrators of Gray county, gives an interesting account of her work in the following article. She is of the Merten home demonstration club.)

By MRS. J. H. SMITH

I knew very little about home demonstration work when our club was organized at a rabbit and chicken canning demonstration at my house January 29, 1931. The same group, fourteen, attending the demonstration, organized the Merten home demonstration club, under the direction of Miss Ruby M. Adams, Gray county home demonstration agent. Later when Miss Adams asked for a volunteer 4-H pantry demonstrator, the idea appealed to me, as I have always liked to can.

We live on an oil lease in the Pando district about 5 miles south of Pampa. The company for which my husband works gave us permission to build a house on one of their leases. They furnish us free gas and water, the latter making it possible for us to have a garden; this country is very dry in summer. Miss Adams had us to plan our garden so that we could have plenty of fresh vegetables to can, as well as for table use.

Our garden cost about \$14.20, including the plowing, seeds, and plants. My husband and son took care of the garden, which means a

### COUSINS TO PLAY TONIGHT

DORIS TAYLOR

EULA MARIE TAYLOR

Among pupils of Miss Ramon Wilson who will appear in recital this evening at the Methodist church are Doris Taylor, talented daughter of Mr. and Mrs. Homer Taylor, and Eula Marie Taylor, daughter of Mr. and Mrs. Taylor. Eula Marie won first place in her group in the piano contest held in Pampa last spring. The girls are cousins.

### Plans for Summer Term Are Formed

CANYON, Nov. 14.—The state board of education has authorized the West Texas State Teachers college to go forward with plans for a full summer session in 1933, according to an announcement by Dr. J. A. Hill, president of the college, who returned Friday from a quarterly meeting of the board at Fort Worth.

Appropriation for the summer school will be considered at the session of the state legislature in January.

The board also discussed the changes that will go into effect in all the teachers colleges in the state with the introduction of the semester plan instead of the term plan in September 1933.

### Hopkins Parents, Teachers to Have Meeting Tuesday

A social hour, including a singing and the serving of refreshments will close a meeting of the Hopkins Parent-Teacher association.

The meeting will open at 7:30 o'clock and will proceed as follows: Opening song, America; Lord's prayer by the audience; business session; talk on home cooperation, Principal W. M. Parker of Hopkins No. 2, motion picture, The Garden of Childhood; social hour.

### ABOUT FORTY WILL ATTEND BANQUET HERE

NEW CENTRAL BAPTIST CLASS WILL BE HONORED

About forty persons will gather at the Central Baptist church Tuesday evening for a banquet to be given by the Dorcas Sunday school class to honor the new class for young men.

The Rev. W. O. Cooley is teacher of the new class.

Mrs. Keith Caldwell will introduce the program numbers, which will include, among other things, two readings by Miss Ruby Bostel and duet selections by Miss Bostel and Miss June Cooley. The church orchestra will play.

CLUB WILL MEET  
Queen of Clubs will be entertained by Mrs. E. M. Cooley Thursday afternoon at 3 o'clock.

Mrs. Aldon E. Rogers of Amarillo is a guest of Mrs. John T. Glover this week.

### PAUL SCHNEIDER IS HOST TO FRIENDS AT DANCE SATURDAY NIGHT; THIRTY-EIGHT ATTEND

Paul Schneider was host to a party of friends Saturday evening between the hours of 8:30 and 12 o'clock at the Schneider hotel.

Dancing was the diversion, and during the evening punch and wafers were served. The serving tables were decorated with pale green tulle, and tall, green tapers were burning.

Those registering were Dorothy Harb, Virginia Jeffries, Burton Tolbert, Warren Finley, Claudine Jeffries, Wilks Chapman, Tony Boyington, Marie Tinsley, Nina Fisher, Erwin Henderson, Harry Barnett, Gene Mann, Tom Rose, Jerry Mitchell, Smith Wise, Rose Marie O'Grady, Daisy Ann Shields, Bernice Bullington, Franklin Eyer, Mary Virginia Glover, Hattie Eger, well, Mary E. Nees, Bill Kelley, Herbert Davis, Florence Sue Doss, Henry Cullum, Bertou Douette, Lucille Ode, Ralph Williams, Jack Mann, Doris Hall, H. L. Lockrick, Johnnie Owers, Siler Paulkner Jr., and Jim Poole. Mrs. W. O. Wirsching and Mrs. Alex Schneider were chaperones.

### CHURCHES

**CHRISTIAN SCIENCE CHURCH**  
"Mortals and Immortals" was the subject of the lesson-sermon in all Churches of Christ, Scientist, November 12.

Among the passages read from the Bible was the following from 1 Corinthians 15: "Now this I say, brethren, that flesh and blood cannot inherit the kingdom of God; neither doth corruption inherit incorruption. For this corruptible must put on incorruption, and this mortal must put on immortality."

The following citation together with others from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy was also read: "Mortals will disappear, and immortals, or the children of God, will appear as the only and eternal virtues of man. . . . Mortality is finally swallowed up in immortality. Sin, sickness, and death must disappear to give place to the facts which belong to immortal man. Learn this, O mortal, and earnestly seek the spiritual status of man, which is outside of all material selfhood." (p. 476).

ing, conducted by Miss Tidi Sessions, and one of fifth grade arithmetic, conducted by Mrs. E. A. Hampton.

There will also be music by the Woodrow Wilson school orchestra; reading, "Father Talks"; discussion of the aims of Parent-Teacher work; Mrs. John V. Andrews; singing, led by Miss Lois Stallings.

C. W. Kinman of Dallas is here on business today.

### RECITAL WILL BE PRESENTED

LARGE GROUP YOUNG PUPILS TO APPEAR THIS EVENING

A large group of young piano pupils of Mrs. May Foreman Carr and Mrs. Ramon Wilson will appear in public recital this evening at 8 o'clock at the Methodist church. Advanced pupils will play at the same hour tomorrow evening.

Assisting in the entertainment will be pupils of Mrs. Philip Wolfe, vocalist; Mrs. Helen Vaught and Samuel Pendleton, pianist; and Miss E. E. Frey, violinist. Mrs. Evelyn Cole and Mrs. L. O. Wirsching also will assist.

Although they are young, many of the pupils have shown rapid advancement. Janice Purviance, daughter of Dr. and Mrs. W. Purviance, Margaret May Carr, daughter of Mrs. May Foreman Carr, and Ann Sweatman, daughter of Mr. and Mrs. T. W. Sweatman, will interpret numbers of exceptional difficulty.

This evening's program follows: Emeralds (Spaulding), duet, Eula Taylor and Eleanor Ruth Gillham; Swing Song (Eiseworth), Rose May Sams; Little Soldier Boy (Molleur), Minnie Bell Williams; An April Song (Bilbro), Patricia Ann Blisset Dolly's Lullaby (Molleur); Betty Croc; The Scissors Grinder (Erb); Huckle Coffee; Daddy's Waltz (Bilbro); Nadine Reeves; Waltz in F Major (Bilbro); Lois Daugherty; Home, Sweet Home (Payne); Helen Odell Gillham; The Cell (Mattingly); Sarah Leigh Fleming.

Goodnight Song (Bilbro), Betty Marie Frank; The Flower Song (Lange), Anita Andrews; When the Sun Hangs Low (Crawford), Pauline McKay; Busy Bee March (Krentzlin); Albertine Schultky; Ponies (Rebe); Hugh Cunningham; Happy Farmer (Schumann); Hugh Cunningham; Joy Raindrops (Spaulding); Doris Taylor; Oh Dem Golden Slippers (Butler); Jack Hesse;

QUANAH TEAM IS DANGEROUS

District's Leading Scorers Have Lost Only One Battle and That 6-0.

Light workouts are in order this week as the Harvesters prepare for the invasion of the Quanah Indians at 2:30 o'clock Saturday afternoon.

The Indians of District 5 will be no easy eleven. They have lost only one game this season and it to Vernon, leader of the district, by a 6 to 0 score Friday afternoon in one of the Panhandle's greatest gridiron battles.

Big Eugene Johnson, Quanah fullback and district scoring leader, will have to be stopped before the Harvesters can hope to get away from the Indians. His partners, Hall and Wheatley, are tied for third place in the list of scoring honors in the district. The Indians have a fast running attack and an aerial circus that is rated with the best in the district.

Pampa coaches hope that their crimples will be in condition to play Saturday, but they are skeptical about the chances for Sullins and Marbaugh to see any more football this season. Sullins is still confined to his home. He was kicked on the head while playing against Capitol Hill of Oklahoma City two weeks ago, and has been unable to practice since that time.

The other Harvesters crimples who played great games against the Lubbock Westerners despite their injuries are expected to be ready for the game Saturday. They will be worked little during the week.

Lou Bush Still Leading Scorer

By the Associated Press. Ipa Bush, Massachusetts state halfback, scored only one touchdown last week but evidenced his lead in the race for national football individual scoring honors when his closest rivals failed to tally at all.

Bush has scored 19 touchdowns for 114 points in eight games. Second place is held by Ralph Graham of Kansas State, with 85 points. Monett of Michigan State is third with 68.

The leader in each of the nation's major groups or conferences follows: East—Bush, Mass. State, 114; Big Six—Graham, Kan. St., 84; Midwest—Monnett, Mich. St., 68; S. I. A. A.—Broderick, W. Ky., 68; Teachers—Graham, Kan. St., 84; Southern—Zimmerman, Tulane 63; Rocky Mt.—Christensen, Utah, 53; Big Ten—Manders, Minnesota, 43; Pacific—Griffith, So. Cal., 42; Missouri Valley—Ulrich, Grinnell, 37; Highfill, Okla. A. & M., 37.

Speakeasies May Operate in Orlenas

NEW ORLEANS, Nov. 14 (AP)—Speakeasies may operate in New Orleans without police interference under an order issued today by Supt. George Reyer, who said he based his ruling on the fact the people of Louisiana had voted against state prohibition enforcement in Tuesday's election.

"The result of the election, when the voters of New Orleans voted 25 to 1 in favor of repeal of the Hood state enforcement act, indicates clearly that it is contrary to the will of the people," the superintendent said. "I have therefore instructed policemen to eliminate the enforcement of this statute from their routine."

MIXING MAT WITH GRID

A FINE WRESTLER HE WON THE OLYMPIC LIGHT HEAVYWEIGHT CROWN LAST SUMMER. HE IS CAPTAIN-ELECT OF THE WRESTLING TEAM. PETE MEHRINGER OF THE UNIVERSITY OF KANSAS

UNBEATEN LIST SHRINKS TO 8 WITH 9 TIED

CENTENARY AND T. C. U. ON UNDEFEATED ROSTER

NEW YORK, Nov. 14 (AP)—The national list of unbeaten and untied football teams had shrunk to eight today with nine others tied but not undefeated.

Texas Christian's Horned Frogs, boasting eight victories and one tie in nine games, led the list in scoring with 259 points, 16 more than Colgate. Auburn ranked third with 241. Colgate and St. John's of Minnesota were the only teams with uncrossed goal lines.

Among teams suffering their initial defeats last week were Columbia, Illinois Normal, University of California at Los Angeles, Hillsdale of Michigan, Wagner of New York and Cincinnati.

The unbeaten teams, as compiled by the Associated Press, follow: Team— Won Tied

Colgate 8 0 Auburn 8 0 Centenary 8 0 Waynesboro (Penn.) 8 0 Southern California 7 0 Michigan 7 0 Brown 7 0 Valparaiso (Ind.) 6 0 Texas Christian 6 1 Tennessee 6 1 Susquehanna (Penn.) 6 1 Purdue 6 1 St. John's (Minn.) 6 1 Pittsburgh 6 2 Temple 6 2 De Paul (Chicago) 5 2

MUELLER TO WRESTLE ROY

Nerve Specialist Is Coming Back to Put Rob Roy to Sleep. Doc Mueller of Austin, the boy who subdues his victims with a Chiropractic headlock, will be back on the Pampa mat again this week and his opponent will be Rob Roy, local boy. Roy subdues the doctor here several months ago and the nerve specialist is still sore over the loss, which kept him from re-entering the light heavyweight tournament in Amarillo.

A few fans have suggested that the sleep hold be barred and Rob naturally agreed but said that he would take a chance with the sleeper if he could use one type of mauling not in the rules, his fists. "Yep, Doc, you can use your sleeper if I can use my dukes," said Rob when the Austin man asked for the match. "I'll concede you your special if I can also have one." The Doc is said to be thinking the situation over.

Mueller is a cocky mauler and takes his beatings seriously. He always wants a second chance and he usually bars nothing when he gets it.

The semi-final, if it can be arranged by El-Mor promoters, will be a second main event although it will only go one fall. They are trying to match Red Michael, local boy, and Tex Throver of Borger for a one-fall, no time limit, match. The two boys went 20 minutes to a draw last Wednesday and it was one of the best matches seen here in some time. Both boys are light and fast and know all about the game despite their age.

The opening bout has not been arranged. Al Espinosa, golf professional, is to remain with the Portage country club in Ohio again next year.

PIGSKIN DOINGS

TODAY'S HARVESTERS

Bill Kelley is the type of player who never lets up and although he has played little this season he has been one of the causes for the first stringers to work at top speed at all times.

Saturday was the first time that I can remember a Pampa football audience getting on its feet and really telling a referee what they thought of him by the Bronx cheer method. The occasion was when Referee Bob Vaughan kicked Wayne Kelley out of the game and left the Harvesters without a punter.

But, it has been customary to warn a player before he is ejected from the game, although this is not in the rules. I don't think Pampa fans would have minded the banishment of their star punter and end if Referee Vaughan had obeyed the rules and penalized the team to complete the rule but he failed to follow the book. The incident occurred when Kelley attempted to pass but it was intercepted. Seeing that Davidson, who had intercepted the pass, was likely to go for a touchdown Kelley started across the field to intercept him.

The Texas A. and I. football warriors of Kingsville apparently have the Texas Intercollegiate Athletic association championship since they have only one more conference game to play and are favorites and in that game. The Texas A. and I. boys have three conference wins and no defeats and their final championship game will be against Sul Ross at Alpine on November 24.

The West Texas Teachers of Canyon have three conference wins, but their record is marred by a tie, and in the T. I. A. A. tie counts as a half game won and half lost. Texas A. and I. demonstrated championship power last week by smothering Abilene Christian, 25 to 0, at Kingsville. In the other conference game, the McMurry Indians whipped Daniel Baker, 13 to 0, at Brownwood.

Only one conference game is scheduled this week. Daniel Baker and Sul Ross play Friday at Alpine.

T. I. A. A. standing: (Conference Games Only.) Team Pct. Texas A. and I. 1000 W. T. Teachers 857 Sul Ross 833 McMurry 500 Daniel Baker 500 Abilene Christian 500 Remaining conference games:

White-Collared Bolsheviki Sent Back to Ditches

MOSCOW, Nov. 14 (AP)—Russian white collar workers to the number of between 25,000 and 30,000 are to be transferred from office work to jobs in the fields and factories, it was announced today.

The change is to be made, it was explained, on the theory that inefficiency has grown with bureaucracy in the government and economic organization. The "great clutter" of minor employees in virtually every government bureau is held chiefly responsible.

The white collar men who are to be discharged will receive twelve days' notice and then their names will go on the labor register for new work in other fields.

Bob McQuage, North Carolina state quarterback, kicked a 28-yard field goal and two extra points in the game against Florida.

OLIVER AHEAD IN CONFERENCE SCORING RACE

FROG HALFBACK LEADS KOY BY THREE COUNTERS

Texas Christian university's speedy Richard Oliver, halfback, not only scored two touchdowns against the University of Texas last Friday, but increased his Southwest conference scoring lead to 16-points. Oliver now has eleven touchdowns for 66 points. His nearest rival is Ernest Koy, giant University of Texas fullback, with eight touchdowns and two points after touchdowns for 50-points.

The Southwest conference scoring race data follows: Oliver, T. C. U. 66 Koy, Texas 50 Hilliard, Texas 47 Brannon, T. C. U. 37 Wallace, Rice 36 Spearman, T. C. U. 36 Stafford, Texas 36 Domingue, Aggie 34 Dennis, T. C. U. 27 Thrasher, Rice 24 Bidle, Arkansas 24 LaFarge, Arkansas 24 T. Driscoll, Rice 14

Buffaloes Hold Third Rung in T. I. A. A. Loop

The Texas A. and I. football warriors of Kingsville apparently have the Texas Intercollegiate Athletic association championship since they have only one more conference game to play and are favorites and in that game. The Texas A. and I. boys have three conference wins and no defeats and their final championship game will be against Sul Ross at Alpine on November 24.

Only one conference game is scheduled this week. Daniel Baker and Sul Ross play Friday at Alpine.

Title-Bound Troy Conquers Oregon

OLYMPIC STADIUM, LOS ANGELES, Nov. 14 (AP)—Troy's war horse galloped on toward another mythical championship as Southern California set Mikulak back a yard in three attempts to gain.

The rest of the contest Coach Prink Callison's giants spent on defense, attempting vainly to halt the march to their goal.

Three touchdowns were brought about by passes and the other two by plunging as the Howard Jones coached aggregation, substituted and re-substituted almost to the last man, rolled along.

Bob McQuage, North Carolina state quarterback, kicked a 28-yard field goal and two extra points in the game against Florida.

### 'End of the World' Due This Week If Astronomers Figured Correctly

Editor's Note: In the past 1,000 years more than once, millions of startled humans have seen what they thought at the moment was "the end of the world" when the leonid meteors filled the sky with shooting stars thick as snowflakes. The leonids are due again and who conservative astronomers hope for this time is told here by the head of the American Meteor society in an article written for the Associated Press.

By CHARLES F. OLIVER, Astronomer, University of Pennsylvania, PHILADELPHIA, Nov. 14. (P)—Our most earnest wish about the leonid meteors, due November 14, 15 and 16, is to keep from making unduly strong promises.

We prefer to have the casual observer surprised by a good shower of meteors rather than disappointed by a moderate or poor one.

We are, however, making extensive preparations for the shower which we hope will arrive. Our hopes are based on three things: one, the observations of the past four years; two, records of leonid showers; three, computations by English and Russian astronomers.

In 1928 a fair number of leonids was observed—more than the average for the immediately preceding years. In 1929 there were very few. In 1930 there were many more than in 1929. In 1931 there was an excellent shower in some places, rates of over 100 an hour being reported for the morning hours.

This gradual increase is what would be expected if the major shower were coming this year or in 1933.

The history of the leonids and the astronomical computations are however a major source of our optimism. At 33-year intervals meteor showers have been reported as about the proper dates 28 times since 902 A. D. The 1833 shower was described as a "rain of stars, and made a deep impression on even the most casual and untrained observers. The predicted shower came on time and was certainly an impressive sight, though far from equalling that of 1833.

The 189 leonids failed to appear and in their disappointment people failed to notice that careful statistics published shortly before the leonid date had indicated that the meteor stream had been moved out of its path by the powerful gravitational pull of Jupiter.

We wish to avoid this year any similar dissatisfaction with astronomical promises; meteor showers cannot be predicted with absolute accuracy.

The calculations this year indicate that the meteor stream has been shifted back toward its orbit before 1899; we should not miss the stream again. However, it has not been moved back to its 1833 position. We should not have so good a show as in 1833.

The moon will be so full this year as to make the dimmer meteors invisible. The nights on which we are keeping closest watch are November 14-15, 16-17 and 16-17. The best chances for the largest numbers of leonids are for November 15-16, that is, in the early morning hours of the 16th. Some will probably be observed as early as November 13-14 and as late as 17-18. Heavy moon will be visible after midnight than before.

Casual observers who want to help us to get more complete records of the showers should make hourly counts, each observer working and reporting entirely independently on those which he personally sees.

If the shower does not come this year, there would still be a fair chance for its appearance in 1933.

### Mayfair Fails To Recognize Garbo Disguise

LONDON, Nov. 14. (P)—Greta Garbo, the film actress, put on a pair of dark horn-rimmed glasses, buttoned a heavy blue coat up around her ears, and saw the sights of London this week without being identified, it was learned tonight.

She registered a few days ago at Greta Guestalson in the little Mayfair hotel. No one spotted her and now film fans of London are peeved. She could not be located tonight, so it was not known whether she had gone to Paris, was on her way back to Stockholm, or had headed for the United States.

Miss Garbo created her "mystery" role by concealing herself in clothes not generally worn by the women of Mayfair. In addition to the horn-rimmed glasses and the heavy blue coat she wore a pair of heavy black shoes and quite ordinary stockings.

The Sunday Dispatch sought to explain the "Garbo mystery" by saying she had been banned from the United States by the immigration authorities. The Dispatch said the United States immigration law knows nothing of greatness or romance and that Garbo is to the authorities is just another Swede and must take her place in line for a visa.

### Fair Repair Shop Opened on Frost

Cliff Fair, Nate Thomas, and H. B. Barker have opened the Fair Repair shop at 108 south Frost street and have announced ready to do general repair work and any kind of electrical work on all automobiles.

Fair and Thomas have had years of experience in automotive repair work and Barker, familiarly known as "Hot Rod," will take care of all kinds of electrical work, both on automobiles and oil field electrical motors.

E. M. Bryan of Clayton, N. M., is visiting friends here today.

Infus Orishan of Atlanta is a Pampa visitor for a few days.

### Despair Reigns In Cuban City

CAMAGUEY, Cuba, Nov. 14. (P)—Cuba has turned its hand once again to the task of reconstruction surrounded here by the desolation left in the path of one of the most

disastrous hurricanes of recent years.

The number of dead is estimated at 1,000 to 1,700, and it appeared possible that when the full story is told the toll may reach 2,000. Most of the victims were those who lived in Santa Cruz Del Sur, on the southern coast.

Santa Cruz Del Sur itself was a deserted wreck of a city. Where 3,500 persons lived last week there were only soldiers, sanitary work-

ers and a few city officials salvaging what they could.

Here and there a spiral of smoke hung over the ruins. It has been impossible to bury all the dead.

Despair is in the hearts of the survivors. This morning Francisco Gallo, 80, a prominent business man of Santa Cruz Del Sur, hanged himself.

Aside from the loss of buildings, small craft and similar property,

the greatest damage was to the sugar crop.

Cane fields were leveled and sugar in storage ruined. No estimate of the loss has been made yet, but a member of the sugar institute who arrived from Havana today said the 1933 crop from Camaguey province would be at least 400,000 bags under what it should be.

To make matters worse, he said, experience has shown that hurri-

TO VISIT IN TEXAS  
LOS ANGELES, Nov. 12. (P)—

Archbishop Francisco Orozco y Jimenez, exiled Mexican churchman, announced here tonight he will leave Wednesday for San Antonio, Texas, for a conference with Mexico's expelled apostolic delegate, Archbishop Leopoldo Ruiz y Flores.

cane damage reduces the productivity of sugar cane by about 2 1/2 per cent.

# Homecoming for College Planned

ABIENE, Nov. 14.—Plans for the greatest homecoming celebration in the history of Abilene Christian college on Thanksgiving day have been completed. Wendell H. Bedcheck, 24, of Big Spring, Texas, president of the Ex-students' association, is general overseer, while Hollis L. Manly, 19, of Abilene, vice-president, will supervise the local work.

Flavi L. Colley, 23, minister of the Trinity Heights Church of Christ, Dallas, has been chosen as the principal speaker for the Thanksgiving program to be held in Sewell auditorium at 10 o'clock Thursday morning.

At 11 o'clock there will be an informal meeting of the ex-students, and also at the same time a program of entertainment in the A. C. C. gymnasium for other visitors. A West Texas barbecue will be featured at 12:30 o'clock on the college grounds.

The grand finale of the day will be the annual Turkey day football game between the Abilene Christian college Wildcats and the Daniel Baker Hill Billies.

C. T. Arnot of Amarillo was in the city this morning.

# 4-H CLUBS--

(Continued from page 4)

lot of work, as everything here has to be irrigated. We have more vegetables than we could use, so we sold some and gave some away. We canned vegetables valued at \$71.55 of them from our garden. In June we bought our pressure cooker and sealer.

On account of hail, our greens, consisting of turnips, spinach, New Zealand spinach, and Swiss chard, were not doing so well; a friend suggested that I help her can her greens on shares. That gave me an idea, and I canned other vegetables on shares for friends who did not have cookers. Later in the summer, our garden recovered from the effects of the hail. Other vegetables, which we had replanted, began to bear. I had been canning all this time, however, and was now ready to start in earnest.

My canned vegetables began to fill the space, which in other years I had found sufficient for my canned goods. They soon filled every available space; and I had to begin putting the filled jars back into the boxes in which they were packed, and pushing them under the bed, stacking them in the clothes closet, and in the corners. I began to see that if I was to fill the canning budget, which was planned at the beginning of the canning season, I should need a special place for my filled containers.

Fortunately, my son was not in school (it was during summer vacation) so he dug the cellar and lined it with boards which the oil companies had discarded. We painted and lined the lumber for the 121 feet of shelving. I now have one of the nicest cellars I have ever seen on a lease, and the total cost was only \$2.40.

Miss Adams had told us she wanted each of us to can at least two special entries at the fair. Of course, I did not think there was any use of my trying to win any prizes. I had always looked and admired the exhibits in the various fairs I had attended, but I could not think of myself doing any of that kind of work.

The various clubs of our county promised to can the two exhibits. With many misgivings, I started on my pickled beets. I soon worked out a plan for the two exhibits in the containers so that they showed up to the best advantage so fascinating that I canned seven exhibits for the fair. To my surprise, I won 8 ribbons—6 at our county fair at Pampa and 2 at the Tri-State fair at Amarillo. Four of these were blue ribbons and three were red. One was white.

Seeing how pretty they can be made to look, I can never just pour my fruits and vegetables into the containers as I have been doing.

I have now 1,000 containers valued at \$35.39, at an expense of \$41.15 for fruits and vegetables bought. We had 29 vegetables in our summer garden, including eleven that I have never grown before. We now have twelve vegetables in our fall garden, this one being the first for fall we have ever planted.

I was greatly thrilled over my work for this summer when one day Miss Adams, thinking the better of my progress, asked me to demonstrate the making of a sandwich spread to another club.

Of course, there is much hard work included in preparing a 4-H pantry, but the saving, the better knowledge of the satisfaction of knowing that regardless of whether my husband should lose his job or be sick, my family will have plenty to eat, makes it worthwhile. My pantry work has caused me to put more thought into preparing a meal that I formerly did, and in the future I expect to plan a budget before beginning my canning.

Some of the things which I have learned to can this summer are: vegetables, new preserves, rabbit, chicken, beef, rumsbos, kraut, fruit cake, and to can for exhibits.

I also learned to make fermented pickles at a demonstration given by Miss McInnis of College Station. Besides the canning, I have learned how to organize my pantry, plan balanced meals, arrange a week's supply in my cabinet to save steps, to plan an emergency shelf to save time and confusion when guests arrive.

Another interesting feature is the canned balanced meals arranged in my kitchen cabinet so that in case I should be sick or absent from home, my husband or son could prepare a meal in a few minutes.

Even should I have known how to do all of these things, I would have received much pleasure from club work, as I have become better acquainted with my neighbors. I have met women from all over the county, and as a few from other counties at the various demonstrations, council meetings, short course, and our club encampment. I find they are all interested in the same

# Reduction Fire Losses Praised

The NEWS has received from Eugene Sanders of the fire prevention division of the Texas Fire Insurance department a copy of the following letter sent Fire Chief Clyde God of Pampa:

Dear Sir:

In reviewing your monthly fire reports as made to this Department for the first ten months of this year, we are pleased to note that the total amount thereof shows the very low figures of \$11,665.00 as compared with \$58,960.16 the amount of the insured fire losses of Pampa for 1931.

We are pleased over this reduction in the fire losses of Pampa for the reason that we know that it will eventually mean a reduction in cost of insurance to the people thereof.

We are confident that the reduction in the fire losses in Pampa this year is the result of the splendid work that you have done in behalf of fire prevention, and especially in the manner that you have carried out an investigation of fires that have occurred therein. We feel that every citizen of Pampa appreciates your good work, for certainly it means much to them to have their lives and property protected from fire, and especially from that class of fires where the same were "profit" fires. This is one class of fire that the people should not tolerate and will not as long as they are in control.

When you feel that we can render you any service in the matter of fire prevention we trust that you will feel free to command us.

# HOOVER--

(Continued from page 1)

confer with your personally."

Ask Suspension of Loans Friends expected Roosevelt to accept the invitation.

The British and French notes, both asking suspension of December 15 payments of \$95,550,000 and \$19,261,438 respectively, were considered only the first of similar requests to be made by all America's war debtors for a revision of obligations. December payments are the first due since expiration of the moratorium.

The reparations total, first capitalized at \$64,000,000,000, were scaled down to \$31,500,000,000 in 1920, further reduced by the Dawes plan, and cut by the Young plan to between \$8,000,000,000 and \$9,000,000,000.

Britain's debt was funded at \$4,600,000,000 and France's at \$4,025,000,000. All foreign debts to the United States aggregate \$11,900,000,000. Total payments due from all debtor nations December 15 exceed \$123,000,000. Those nations from whom no communication or notice has yet been received include Belgium, Czechoslovakia, Finland and Italy.

Summarizing the entire debt situation as he has seen it unfold, the president quoted to the democratic standard bearer a note from the British government stating "the regime of inter-governmental financial obligations now existing now must be reviewed."

The British statement, he said, called also for a suspension of payments during the negotiations and related directly to the \$95,550,000 payment due December 15.

The president also recalled the congressional resolution declaring it "the policy of the United States should be in any manner cancelled or reduced."

He said the statement had given a clear notice to debtor countries of the nation's stand.

Stops at Tacumeari

"Therefore," he said, "any commitments which European governments may have made between themselves could not be based upon any assurances of the United States. Moreover, the tenor of negotiations asked for by the debtor governments goes beyond the terms of the congressional resolution referred to."

With pressing international debt problems before him, President Hoover's swift drive homeward today led him across four states toward a projected White House conference with Franklin D. Roosevelt upon the course to be followed by the nation on requests for suspending debt payments. Up to the time he crossed from New Mexico grazing lands into the Texas Panhandle and over part of Oklahoma, however, Hoover still awaited a reply from President-elect Roosevelt to his invitation to confer this week upon the requests of foreign debtors. A watch was to be kept at Daltart, Tex., and Liberal, Kan., during the afternoon for possible incoming messages.

At Tacumeari, N. M., the train's only stop during the morning, a crowd estimated by railroad police at about 2,000 greeted the chief executive. He waved his hat and spoke briefly, expressing his appreciation for the reception given him. Mrs. Hoover also appeared.

GOES HUNTING

Dr. W. Purviance, Dr. A. Cole, B. Rose, O. L. Boykin and John T. Glover left this morning for the Davis Mountains to hunt deer. They will return Saturday night.

J. B. Gallaher of the Texas company was here to leave for Worley hospital yesterday.

# AMERICA'S PROUDEST MOTHER

Proudest mother in the land, but betraying none of her emotions, Mrs. Sarah Delano Roosevelt, mother of Governor Franklin D. Roosevelt, is shown (right) with her son, Franklin D. Roosevelt, in democratic headquarters, New York, as she received the news acclaiming her son the next president of the United States. When victory became certain, Mrs. Roosevelt slipped quietly into the chair beside her son and with-

# RED CROSS--

(Continued from page 1)

ally fed, from federal owned cotton, 15,000,000 persons are being partially clothed, through the American Red Cross as distributing agency.

Chairman John Barton Payne, in announcing those totals today, pointed out the scope of this form of government aid to the needy and distressed literally was nationwide.

"Flour has been given in all but 173 of the 3,072 counties in the United States," Judge Payne said. "In 18 states, chapters in every county have applied for flour."

These are hundreds of remedies, but no cures. Fortunately, however, most colds are self-limiting. Here is our advice, which we probably won't follow, but which we recommend:

1. Don't "feed" the cold—drink many glasses of milk and orange juice, demonaed, and take cod liver oil.
2. Go to bed for a few days and keep warm.
3. Some of the better known inhalants and cough medicine your doctor will prescribe are soothing. Avoid heavy laxatives but keep the bowels open.
4. Later, consume fresh fruits and vegetables, butter, eggs, spinach, sweet potatoes, yellow corn, liver, sweetbreads. Avoid highly seasoned foods and excessive quantities of fried foods, cheese, and meats. Eat moderately, chew finely.
5. Avoid persons with colds and when you have one, refrain from sneezing and coughing in the presence of others.

The best thing for the minor cold is a dozen soft handkerchiefs. Unfortunately, minors colds become major ones through neglect and continued exposure. Rest in bed is the best safeguard against complications which may require all the genius of science. A peculiar thing about the common cold is that it is so contagious that there is no sure-fire preventive. Good habits, well chosen diet, regular sleep, will build up resistance to colds. But eventual some little bug will get you anyway. Winter and colds are associated partly because of the atmosphere, partly because of our living in heated, air-dried rooms, much because of overeating and lack of exercise. And if you must be scientific, emphasize the eternal need of Vitamin A in winter.

W. D. Little, publisher of the Ada, Okla., NEWS says:

"Who really pays the cost of advertising? The merchant who advertises and sells for the same price as his competitor, or, as is true in most cases, sells for less, does not pay it, for he increases his volume to such an extent that he makes more money at the same price."

"Then if neither the advertiser nor the purchaser pays the newspaper, who does? The merchant who does not advertise pays it. By sitting idly by and letting his more progressive competitors go out and get his business he loses more than the advertising competitor pays. So the cost of operating our great and small daily weekly newspapers comes NOT from the person who buys the space or the consumer who uses the advertised goods, but from the person who does neither."

This is but one phase of our complex commercial and industrial life. To the man who understands it and is willing to back his judgment, fortune comes easily. From the man who ignores it, fortune flies."

Chas. I. Hughes, now located at Plainview, was here during the week-end.

(Continued from Page 1)

Little Geraldine Hamilton celebrated her fourth birthday when her mother, Mrs. W. B. Hamilton, entertained a group of children with a party, Saturday afternoon.

Games were played in rooms prettily decorated with cut flowers, after which guests were invited into the dining room. There the table was centered with a big white cake topped with four pink candles. Ribbons extended from the cake to the plates. At one end of each table was a toy given as a plate favor, and at the other end was a legendary cake favor. Slices of the cake were served with pink and white ice cream. Balloons also were given to the children.

The honoree received many lovely gifts.

Mrs. C. L. Guinn, grandmother of Geraldine, was a special guest, and Mrs. Dick Rhodes assisted Mrs. Hamilton in entertaining. Children attending were Patsy Ann and Sybil Pierson, Coleen Austin, Joyce Hunter, Carroll Dean Hunter Jr., Evelyn Morton, Joan Thompson, Lucille and Thomasine Duvall, Billie and Valie Jean Powell, James Kinzer, Frank and Louis Stallings, Jerry and Gene Barber, and Frank Martinas.

# WHAT CAUSES STOMACH GAS

Doctors Find Most Cases Due to One Condition. Stomach Suffers First Relief

Sufferers from gas bloating, indigestion and similar troubles will be interested to know that recent medical discoveries have found the cause of these disorders. The disease is called Intestinal Stasis. It is the result of the inactive life most of us lead today, and improper food that does not give our digestive organs enough exercise. It is one of the most common diseases known to mankind. Three out of four persons have it.

What is Intestinal Stasis? It is the too slow movement of waste matter through the bowels. It is not a new name for constipation, for you can have one, or possibly two, INCOMPLETE bowel movements a day and still have Intestinal Stasis. Any waste food matter, from which the body has taken all nourishment, that stays in the bowel tract too long, will cause gas and poisons to accumulate.

This takes away your pep, gives you a lousy, listless feeling. It often results in dull headaches and even more serious troubles. This suffering is entirely unnecessary for you can get quick and complete relief by giving your system a REAL intestinal cleansing with Adierka.

Get Quick Positive Action

Laxatives or pills seldom overcome Intestinal Stasis. Soda, magnesia, "gas tablets," or powders give only temporary relief. Intestinal Stasis and the diseases of which it is the real cause are helped best by continued REAL intestinal cleansing, and by increasing the natural activity of the bowel tract. Adierka gets to the bottom of your trouble by removing the cause. Ordinary laxatives and physics act on the lower bowel only, but Adierka acts on BOTH upper and lower bowels. Adierka is thorough in action, yet acts without discomfort of any kind. It can be given to any member of the family with complete safety for it contains no harmful drugs. Adierka is quick in its action often giving relief in thirty minutes. Don't suffer another hour from indigestion, nervous depression, dull headaches, sleeplessness, sour stomach and gas bloating. Get Adierka today at your drug store and learn what complete relief really is. FREE SAMPLE will be mailed on request. Address Adierka, S. Wabasha, St. Paul, Minn. Sold by all druggists and by increasing the natural activity of your digestive system. Sold in Pampa by Fathertree Drug Co. adv.

you sold them to me?"

"Sure. You said you wanted some shells and I asked you if you wanted blanks," said the dealer.

"You said, 'yes, blanks,' and you got blanks."

"Well, you knew we were going hunting, didn't you? You ought to have known better than to sell me blank shells."

"Well, big boy," replied the dealer, "when you feel that we can render you any service in the matter of fire prevention we trust that you will feel free to command us."

John Baggerman of the Groom route is in the city today.

J. W. Henry of LeFors is attending court.

J. J. Lasson of McLean is here on business.

Harvey Grigsby is here from McLean today.

S. J. Bednorz of White Deer was summoned for court duty today.

# HUNTERS--

(Continued from page 1)

things, better homes and an adequate food supply.

As much as I have learned during the past year, I feel that I will learn as much in the coming year. We are taking up other work, a few of which are: Crystallization of fruits, making a better jelly and preserves, making hook rugs, and refinishing old pieces of furniture.

My canning for this season will be complete when I shall have canned a beef on shares. This way, my cost is me only the price of my cans. I am proud of the work I have done this summer, and I feel that our demonstration agent is responsible for my having done it.

I get quite a thrill out of taking my cents into my pantry and hearing them say, "Oh, isn't it pretty!"

**Little Geraldine Hamilton Honored On 4th Birthday**

Games were played in rooms prettily decorated with cut flowers, after which guests were invited into the dining room. There the table was centered with a big white cake topped with four pink candles. Ribbons extended from the cake to the plates. At one end of each table was a toy given as a plate favor, and at the other end was a legendary cake favor. Slices of the cake were served with pink and white ice cream. Balloons also were
