TOPICS OF OUR CITY
By O.E.H.

TWINKLES
Than which there is none, to our knowledge, rougher: the Santa Fe Cuyler street crossing.

We blush, as well as grieve for the naval air service. Such tragedies, such disasters, do not add to Uncle Sam's military dignity, and the world knows we need all the dignity we can muster in present-day diplomacy.

"Nigger shooters" are so popular in Vernon that the city dads have had to warn youngsters against stray shots. Truly, normalcy is coming back in some things, at least.

The West Foster grouch says he is in favor of the 6-hour day, five-day week if "they'll make everybody work 6 hours a day."

Tom Blanton of Abilene, is charged with using 40 per cent of the Congressional Record for his remarks. Maybe he does, but think of the humor he puts into that dry publication. Without his and Huey Long's palaver, who would read the Record?

The Dallas News, announcing the reported engagement of Jimmie Walker to Betty Compton, made 16 typographical errors in the story. Maybe the typewriter operator was flustered by the idea that Prince Charming might really marry the girl.

BEER ADVERTISING
Among the smartest advertisers are the makers of cigars. They are primarily psychologists. They have built up cigar sales and held them up by consistent advertising. When advertising is slowed, business slumps, therefore cigar advertising continues despite the depression. Suppose the beer barons took on the same kind of advertising! And they will. There are smart advertising agencies which will use all the psychology which has made the cigar ads subtle and effective. The dry forces will face the strongest opposition, and the smartest, of all time. Compared to the advertising agencies, the brewers are babes in the woods of salesmanship if they do not modernize their methods.

SOME PSYCHOLOGY
We mention this to call attention to the salesmanship which is available to "sell" the nation on beer. And while beer advertising probably will be denied publications in dry states, there will be no way to prevent out-of-state papers from carrying the ads, nor can the radio beer ads be stopped. The dry states will constantly be bombarded with beer suggestions. The nation, in short, will be made "beer conscious."

DO YOU REMEMBER
Subtly of the advertising of cigars should be remembered as a sample of what beer advertising may attempt. You should recall when tobacco, except snuff and grandmother's pipe, was reserved for masculine habits. Then came the machine made cigars. First the men were sold. Men only appeared in the ads. A woman of the street might smoke, but none other. Then faintly in the background appeared faintly ladies in the presence of male smokers. The ladies became more distinct by degrees, moved to a place of honor, came to like the aroma of good tobacco. Then the

'STAND BY FOR CRASH' WAS LAST ORDER GIVEN CREW

WASHINGTON, April 5. (AP)—Investigation of the Akron disaster by a special committee was proposed in the house today by Representative McClintic (D. Okla.).

The resolution for the investigation was read to the house at McClintic's request. The committee would be directed to report on the cause of the Akron crash and "the desirability of additional ships of this type."

McClintic asked for a committee of seven representatives "not directly interested in either the army or navy."

72 Bodies Sought.
NEW YORK, April 5. (AP)—The troubled waters off the Jersey coast today held most of the evidence which might lead to determination of the cause of the airship Akron's crash at sea with a loss of 71 men.

But official forces moved swiftly to use little evidence and direct testimony was still available toward solution by the secret of history's greatest tragedy of the air.

Lieut. Commander Herbert V. Wiley and the only other survivors, M. E. Erwin and Richard Deal, were ordered to proceed at once by air to Washington to report to Rear Admiral Pratt, chief of naval operations. After being rescued from the sea they were brought here yesterday and spent the night in the naval hospital.

Bent Tube Is Found.
The only physical evidence for investigators to study was held by the navy here, a section of bent ventilating tube which was the only piece of wreckage from the great ship recovered.

But there was still hope that more wreckage might be found off the Jersey shore to serve as mute testimony of the tense moments when Wiley stood calmly in the Akron's control room and realized that a

FIRST 25,000 TO BE TAKEN AT 17 CITIES

TEN MILLION ORDERED MADE AVAILABLE FOR WORK

NEEDY FIRST ON LIST

MEN WILL REMAIN IN CAMP FOR TWO WEEKS

WASHINGTON, April 5. (AP)—The first 25,000 men who will form part of the conservation corps, will be sent to military camps for conditioning beginning tomorrow.

Quotas from which this first detachment will be drawn have been fixed for 17 cities.

President Roosevelt by executive order today made available \$10,000,000 to finance the beginning of work. His order took the money from unexpended construction funds.

The first contingent will be selected from among men most in need of help and whose circumstances are fully and accurately known.

The labor department decided today that the camps will be operated on a five-day working basis with a maximum of 40 hours a week. Pay will be at the rate of \$30 a month, payable twice a month.

The first group will be selected as follows:

BORGER 'CITIZENS PARTY' ELECTS ALL FIVE CANDIDATES; UNSEATS MEN WHO HAVE GOVERNED CITY

Party in Power Since Incorporation Is Defeated

BORGER, April 5. (AP)—The "citizens party" in Borger's election yesterday elected all five members on the ticket it advanced in opposition to the party which has controlled the city since it was incorporated except for a nine-month period.

Four members of the city commission who sought re-election were unseated. John R. Miller, mayor and one of the founders of the city, was one of the defeated candidates.

The new commissioners were J. A. Robinson, Frank Caudill, B. R. Anderson, Harry Wallis and S. M. Clanton.

Nipper, LeFors Mayor
L'FORS, April 5. (SP)—R. A. Nipper was elected mayor of LeFors yesterday, succeeding E. Berg. New aldermen chosen were R. C. Ogden and Joseph Lewis. Holdover aldermen are Bill Breining, Hank Breining, and A. Carpenter. Jack Jagers was made secretary.

Cash Named At McLean
M'LEAN, April 5. (SP)—C. J. Cash, longtime resident, was elected mayor of McLean yesterday to succeed D. N. Massey. Mr. Cash, former mayor, received 137 votes to 76 for Claude Williams.

Aldermen chosen were D. M. Davis and J. H. Bodine. W. E. Bogan was the choice for city secretary and J. A. Sparks for city marshal.

CLARK ON TRIPS
C. A. Clark, Scout executive and Raymond Harrah, chairman of troop organization in the Adobe Walls council, went to White Deer and Panhandle yesterday on official business.

MEASURE NOT ENGROSSED BY LOWER HOUSE

A VOTE TO RECONSIDER CARRIES BY ONE BALLOT

ACTION IS DUE TODAY

VAUGHAN CLAIMS BILL SPONSORED BY OIL MAJORS

AUSTIN, April 5. (AP)—A bill proposing to take administration of the state oil and gas conservation measures from the Texas railroad commission, agency now applying those laws, failed of engrossment in the state house of representatives today, but it was kept alive by a vote to reconsider.

The bill failed to pass to engrossment by a single vote, the verified count being 68 ayes and 69 noes.

A motion to reconsider was adopted by a one vote margin. A verification of the ballot showed 70 voting for reconsideration 69 against it. When the house recessed at noon the bill was back for another vote on engrossment.

Prior to the vote on engrossment, the house tabled a motion to postpone consideration of the bill until June 1, when the session probably will have been over several days.

The motion was made by representative B. F. Vaughan of Greenville, who charged the bill was sponsored by a reflection of oil companies in an effort to obtain control of the oil industry.

Vaughan's charges were denied by Representative W. C. Holloway of Longview, author of the bill, whose district is in the heart of the East Texas oil field.

Denies Assassination
"So far as I know and so far as I am concerned, the major oil companies have nothing to do with this measure," Holloway stated. "In fact, the major oil companies are fighting this bill. This bill was not drafted as a reflection on the railroad commission but the people of East Texas have no confidence in the commission or respect for its orders. I take the charitable view that the railroad commission has done much to do already without being burdened with the oil industry."

Representative T. H. McGregor of Austin, sponsor of the amendment that increased the tax levies on oil production, declared that if any public official was guilty as charged by Vaughan that they would be "scourged from public office."

American Heiress Weds Frenchman
PARIS, April 5. (AP)—Eleanor Post Close, 23, one of America's richest heiresses, and a French student, Marie Etienne Robert Gautier, 25, were married today in religious ceremony. A civil ceremony was held yesterday.

The bride's witness on both occasions was her father, Dr. Edward B. Close, now of Paris, and the groom's witness his uncle, Francois Fournier-Sarlovèze, mayor of Compeigne and a former deputy in the French parliament.

Gautier, who is studying for the diplomatic service, is the son of Marie Madeline Gautier, a war widow.

The bride is a granddaughter of the late C. W. Post and the former wife of Preston Sturges, the playwright.

Asphalt Topping Of 33 To Start Within 2 Weeks

Gray county has paid for the last strip of land purchased in straightening and widening highway 88 to state specifications. Farmers are moving their fences back.

The new move must come from the state, since the county has met all requirements. State funds are not yet available for the project.

Within 2 weeks, topping of the caliche east of Pampa on highway 33 will be begun, if weather permits. The caliche is being repaired and smoothed. Funds are available for the topping. The caliche will be soaked in oil for about 10 days, then hot liquid asphalt will be poured over it. Finally, crushed stone will be spread lightly over the asphalt.

This topping will be sufficient for from 1 to 4 years before re-topping or extensive patching is required.

Large Crowd Enjoys Womanless Style Performance

By HARRY E. HOARE

MARLENE DIETRICH started something but Pampa men finished what she started last night in a womanless style show in the city auditorium, sponsored by the Council of Clubs with proceeds to go toward furnishing the club rooms. The auditorium was more than half filled.

Local bachelors and "maiden" ladies were recipients of several wise-cracks, while the models were named for local club women. The "he" models appeared in dainty underthings, pajamas, beach pajamas, evening dresses, and street apparel. During the intermission a beauty pageant, dancing, and exciting entertained the audience.

The show opened in the salon of Mme. Guyton (I. A. Freeman) and her assistant, Fifi (Reed Grites) where a local woman (Dr. C. P. Callison) and her daughter (Archer Pullingim) went to purchase a wedding "outfit" for the girl. They first looked at bathing suits worn

Snow Covers The Ground As Sand Storm Subsides

How to "lay" the dust without a rain was demonstrated by Mother Nature last night in the form of enough snow to cover the ground.

For several days a heavy dust had hung in the air, and last night a north wind raised so much sand and dust south of here that motorists were forced to drive with extreme care. The cold wave which accompanied the layer of snow was above freezing this morning, and little damage was believed to have been done by the cold.

Today the dawn was overcast, but the skies lightened toward noon.

Return Of Gold Ordered

All Amounts Over \$100 To Be Returned To Federal Reserve By May 1.

WASHINGTON, April 5. (AP)—President Roosevelt today ordered the return of all gold over \$100 held by individuals to the Federal Reserve system before May 1.

In the same executive order, the president authorized the secretary of the treasury to issue licenses permitting the use of gold in necessary domestic and foreign trade transactions.

For violation of the order the president decreed a maximum fine of \$10,000 and imprisonment of ten years, or both.

The order was issued to get such gold as is still in hoarding and to cease the national embargo to permit legitimate transactions under federal license.

The following exceptions are made:

"Such amounts of gold as may be returned for legitimate and customary use in industry, profession or art within a reasonable time, including gold prior to refining and stocks of gold in reasonable amounts for the usual trade requirements of owners mining and refining such gold.

"Gold coins and gold certificates in an amount not exceeding in the aggregate \$100 belonging to any one person; and gold coins having a recognized special value to collectors of rare and unusual coins.

"Gold coin and bullion are marked or held in trust for a recognized foreign government or foreign central bank or the bank for international settlements.

"Gold coin and bullion licensed for other proper transactions (not involving hoarding) including gold export or held pending action on applications for export license."

Boy Scouts Are Busy In Cleanup Week Activities

Boy Scouts are doing the principal work in connection with Cleanup Week activities, bacing their efforts on removing fire hazards around Pampa homes.

A dozen of the boys, instructed by Fire Chief Clyde Gold, are inspecting houses on their home streets. Later, probably tonight, they will be assigned additional territory.

The boys are giving special attention to wiring of electric irons, accumulations of trash, keeping oily mops, and to other similar hazards. The boys are reported to be cordially received in various homes, and promises are being made to follow suggestions made by the lads.

Cleanup activities have been discouraged by the recurring dust storms, which have made housewives despair of doing their spring cleaning in early April.

General Custer's Widow Succumbs

NEW YORK, April 5. (AP)—Mrs. George A. Custer, widow of the "Boy General" whose last stand at the Battle of the Little Big Horn won a tragic page in American history, will be buried at West Point beside her husband.

The little old lady in black, who had spent 57 years of widowhood in serving the memory of the famous Indian fighter, died yesterday in her 92nd year.

JAPANESE FEAR OF AMERICA

One of the oldest of all axioms is that there are two sides to every question. Somehow, too, it is the first thing that gets forgotten when relations between two great powers become strained.

Mr. Matsuoka remarked bluntly that his people are quite as disturbed by the "American menace" as we ourselves are by the "yellow peril." He pointed out that while Japan has no fortifications or naval bases in American waters, we have some in far eastern waters.

We have always looked on ourselves as a peace-loving nation faced, in the Pacific, by a designing, hard-boiled and militaristic power—Japan—from whom almost anything might be expected.

THE PEOPLES COLUMN

Washington, D. C. Editor, The NEWS: For the information of the Texas public, I wish to advise that the American Petroleum Institute was in Washington at governors' oil conference with a cut and dried plan to bottle up all flush fields in Texas by shutting such fields down, which would give major companies opportunity to enjoy substantial portions of their storage, and capture local and world markets with both their storage oil and also foreign oil, and presented false figures to the secretary of the interior.

The independent oil producers of Texas have good reason to hope for a complete divorcement of all pipelines from producing and refining units. From my observation, official Washington recognizes the unfair and outrageous handling under which the independent branch of the industry has been suffering so long.

I wish to also confidently advise my Texas friends that they may feel hopeful in the future of securing a just and fair outlet for their oil, and a few other important matters can be reasonably expected to cure all ills of oil industry.

Although a few parties from Oklahoma City and Fort Worth, Texas, purporting to represent the best interests of the independent oil producers, presented themselves at the meeting, the parties who signed the recommendations to the secretary of the interior, opposed to our recommendations as above set out, are the best evidence of whether the independent oil producers of the United States were properly represented, or even had a fighting chance for fair play.

by Percival Christopher Wren. Jove! but the fellow was strong and agile as a cat; slippery as an eel. Free again. Otho drove a straight left. Raisal ducked beneath it, and flung his arms about Otho's waist.

Chapter 48 THE DUEL. Raisal laughed merrily. He was amused. "No, no, no! This won't do at all. You've got to kiss me, I'm not going to do all the kissing, maddeningly, thrillingly wonderful as it is. What the devil are you staring at?"

Turning about, Raisal followed Margaret's incredulous hypnotized gaze, and lithe and swift as a springing panther, leapt to his feet. Otho! "Ah!" said Otho Bellême, with a sound of unfeeling satisfaction. "Raisal ben Abd' Allah Karim."

Without taking his eyes from those of his adversary, Raisal bent sideways to the low table on which he had laid his long dagger, drew it from its sheath, and advanced, poised and crouching. With a laugh that belied the look upon his face, he said, "Another visitor, Margaret?" he said, "Very much at home tonight, aren't you? I'm afraid I've overstayed my..."

"Steel or bare hands?" interrupted Otho Bellême as he drew his bayonet. "We'll," replied Raisal, circling sideways and yet advancing as he spoke, "I think we'll give the lady a dagger-versus-bayonet exhibition, eh? Bit fairer perhaps, what? Personally I'm not a professional bruiser."

"Right," replied Otho Bellême, holding the long thin bayonet before him, like a folt. This ought to be a good fight, and with Margaret looking on. But he was so warily, for he must win—Margaret's sake, as well as for his own. Here was he, Otho Bellême, in Margaret's room.

In a state of absolute funk and horror he had slid down a few feet of rope that dangled over hundreds of feet of sheer drop—in pursuit of that devil. And he was in Margaret's room. Raisal sprang, and stabbed: Otho lunged and thrust, and his left hand seized Raisal's wrist, as Raisal skillfully evaded the swift blade, and in turn, seized Otho's right wrist.

Breast to breast, Stale-mate. Yes, yes! the dagger-hand was slowly going back, back, while the hand that held the bayonet moved not at all. Suddenly Raisal threw the whole of his weight violently forward and, mightily twisting his arm, sprang backward, releasing Otho's wrist as he did so.

Round one, and honors easy. Otho sprang and drove a lightning-thrust at Raisal's throat. With equal swiftness, Raisal ducked beneath the lean sharp blade, and simultaneously slashed upward with the terrible dismembering stroke, which will lay a man open from thigh to breast-bone.

Well for Otho Bellême that, albeit a honeyweight, he was one of the quickest boxers of the day. Striking swiftly downward and sideways with lightning speed and all his strength, his left fist encountered Raisal's wrist with such force, that, as he whirled sideways, the knife fell from his hand, and clattered on the stone floor.

FOUR CLASS A TEAMS WILL ENTER MEET HERE SATURDAY

LUBBOCK AND AMARILLO TO SEND SQUADS

PLAINVIEW CREW WILL BE DARK HOUSE OF DISTRICT

Track and field teams representing four of the five Class A schools in District 1 will compete at Harvester park Saturday afternoon. The track will be lengthened to the regulation 440 yards and additional sets of hurdles made. The meet will start at 1:30 o'clock with admission 10 cents for students and 25 cents for adults. Proceeds will be used to defray expenses of the Harvester team to the district meet in Canyon April 21 and 22.

Teams will come from Lubbock, Plainview, and Amarillo. Borger does not have a track and field team this year. A near straight-away for the 220-yard dash and the 100-yard hurdles will be built. The preliminary heats in the low hurdles will be the first event of the meet.

The Amarillo Sandies, coached by Blair Cherry, have already defeated Lubbock and Pampa in single and double events but with Plainview in the events the outcome is expected to be a close one. Both Pampa and Lubbock have improved since their clashes with Amarillo who had a long start on training. The Sandies are expected to be past mid-season form while the other teams are just rounding into condition.

Fans will be able to sit in the grandstand and see nearly every finish. Field events, which will be going on most of the afternoon, will also be in clear view from the grandstand. Competition is expected to be keen in every event. The strength of the Plainview team is unknown here but reports from the South Plains leads Coach Mitchell to believe that the Bulldogs will be strong. The hurdle race between Hoot Pulling and Garrett, Amarillo, will be renewed. The Harvester will also be stronger in the dash and the half mile events this time. Lane and Trenary should prove dangerous in the dashes, while Helakel has been stepping the half mile in record time. Ed Rockwell, high jumper, has also been working on the half mile, his old distance, and showed much promise.

The order of track events will be: High hurdles, preliminaries. 100 yard dash, preliminaries. High hurdles, finals. 800 yard run. Low hurdles, preliminaries. 100 yard dash, finals. 440 yard dash. Low hurdles, finals. 220 yard dash, preliminaries. Mile run. 220 yard dash, finals. Relay.

Field events will be going on during the entire meet in the following order: Pole vault. Discus. High jump. Shot put. Broad jump. Javelin.

Seeded Players March Through Second Round

HOUSTON, April 5. (AP)—Second round singles for men still unplayed, all of the third round, the first round women's single, first round junior singles and first round men's doubles were arranged for play today in the Houston invitation tennis tourney.

Four seeded stars marched thru the second round yesterday, despite a heavy rain which delayed play until after gasoline had burned on the courts to dry their surfaces.

George Lott, Chicago, defeated Dave Feden, University of Texas, 6-1, 6-1.

Chiff Sutter, New Orleans, top seeded player, defeated Sterling Williams, University of Texas, 6-1, 6-3.

Les Schoefen, Los Angeles, defeated Wilburn Hess, Rice Institute, 6-3, 6-4.

Frankie Parker, New Orleans, defeated Donald Longcope, Houston, 6-1, 6-3.

Karl Kamrath, University of Texas, advanced to the third round by defeating Neal Thomasson, Dallas, 6-1, 6-2.

Kentucky Team Holds Lead In Pin Tournament

COLUMBUS, O., April 5. (AP)—Bowlers from St. Louis, Schenectady, Indianapolis and Wheeling will be among those rolling in the American bowling congress tournament tonight. A number of fast local teams also will attack the 3021 score that has kept Flaig's Opticians of Covington, Ky., in the team lead since Sunday.

The Eckerd Drugs of Erie, Pa., led the participants last night with a 2906 score, that placed them in tenth position. Farris Elliards, another Erie lineup, scored the high single game of the tourney, 1113, but their first two games had been mediocre ones of 795 and 926 and they totaled only 2834.

A. B. C. officials announced the following scores still are in the prize money: Team event, 2706; doubles, 1135; single, 570, and all events, 1801.

Golf Pro Will Teach in Pampa Every Tuesday

Walter Sikes, golf professional known throughout the southwest as an instructor, will conduct classes in Pampa every Tuesday. Mr. Sikes will instruct at the Country club course from 8 a. m. to 6 p. m. The veteran, in Pampa yesterday, signed several Pampa golfers for a series of instructions. Others desiring to take lessons may call 577 and register.

Thirty Ships To Be Constructed, But No Airships

By CLARENCE M. WRIGHT, Associated Press Staff Writer. WASHINGTON, April 5. (AP)—Thirty new ships for the fleet, say big navy men on capital hill, will be included in President Roosevelt's huge forthcoming public works bill to relieve unemployment.

Indications that Mr. Roosevelt had approved this plan came from Chairman Vinson of the house naval committee even as Secretary Swanson was discussing the Akron tragedy with newspapermen and saying: "It seems to me we need surface ships more than anything else."

Vinson agreed with that after a talk with the president yesterday in which he presented a program for the construction in three years of 30 new ships costing \$230,000,000.

The new plan, Vinson asserted, will still leave us way under Japan, Great Britain, France, and Italy in actual combat ships, except battleships, and far under treaty limits.

"But," he added, "all the shipyards in the country couldn't possibly build our fleet up to permitted limits by the time the London treaty expires on December 31, 1936. It will be all they can do to construct the 20 destroyers, four submarines, two aircraft carriers, and four light cruisers we now possess."

The program he presented to the president, Vinson said, contemplates initial work on the destroyers and submarines within 90 days after enactment of the public works bill, with the other ships to be laid down in about six months.

SIX BOUTS ON BOXING CARD HERE TONIGHT

WHITLOW TO MEET DEL GADO IN 10-ROUND MAIN EVENT

Fight fans are scheduled to see another big attraction at the Pampa auditorium tonight when Matchmaker Andrews presents his fifth American Legion Athletic show with Allen Whitlow, 134, of Indianapolis, boxing Batling Del Gado, 135, Fort Worth, in the 10-round main event. The bout will be supported by an 8-round preliminary, a 6-round special event, and four 4-round bouts.

Joe Vernon, local boy, has been matched for eight rounds with Red Williams of Waco. Both will weigh 165 pounds. Vernon was seen in action here last week when he fought a draw with Fenton Taylor of Oklahoma City. Williams comes highly recommended.

Sammy Squires and Kid Stammer are scheduled for a 6-round special event. They will weigh about 160 pounds. It will be Stammer's first appearance in a local ring but he was seen in Amarillo last week when he defeated Wildcat Ballew who has appeared here. Squires has boxed here before.

What should be the classic of the evening will be the "Tuffy Simons-Tony Shanahan 4-round bout. The Irishman will come from Fort Worth with Del Gado and will meet the Borger boy at 104 pounds.

Bill Forbes and Lefty Wright, both 75 pounds, of Borger, will be on the card which will be opened by two negroes, Clyde Bowie and Oscar Hunter, in four rounds.

The first bout will start at 8:30 o'clock. Popular prices will prevail again.

H. J. Basham of Wichita Falls is visiting here this week.

GALVESTON BUCCANEERS TO BE COLORFUL, SAYS EDITOR

Possible Heroes Have That Swagger And Stick Power Loved by the Fans

By BILL PARKER, Associated Press Sports Writer. Bill Van Fleet, Galveston Daily News sports editor, is convinced the Buccaneers will be a colorful crew this year, something they lacked in past seasons.

Van Fleet points out that Dick Goldberg, Charlie English and Fabian Gaffke are boys Texas league fans are sure to like. Goldberg probably will be the largest player physically in the league. He has a swaggering confidence that Van Fleet believes will add color and punch to the Galveston lineup.

Charlie English is noted for his ability to smash extra base hits although he is a small fellow. Fans like to see extra base hits.

Fabian Gaffke, up there with a big bat, hitching his powerful shoulders and "hefting" his 161 pounds to be a pain to the pitchers but a hero to the fandom of Galveston.

It looks like a good season for Van Fleet with at least three players to write about who are not only colorful but capable of breaking up a ball game as Gaffke broke up the 14-inning exhibition game March 26 against Beaumont with a hit that gave the Buccaneers a 1 to 0 decision.

Shotguns. If Senator Grady Woodruff is successful with his bill, the boys along the banks of the Brazos river will have to call off their shotgun quarantines that have prevailed many years against public fishing.

Senator Woodruff offered a bill that would open all the Brazos river to public fishing in Palo Pinto and Parker counties.

It would compel property owners to grant ingress and egress along the river to fishermen. It declares the fish in the river a natural resource belonging to the public to be taken at the will and skill of any and all fishermen.

The Brazos has always been good fishing but there are certain spots

Wisconsin Votes 4-1 For Repeal

MILWAUKEE, Wis., April 5. (AP)—At Wisconsin's constitutional convention three weeks hence the vote for repeal of the 18th amendment will be unanimous.

Returns from yesterday's election showed a 4 to 1 vote in favor of wiping out the prohibition amendment. The results, with 1,462 of the 2,899 precincts tabulated, was:

For repeal 325,702. Against 74,551. Prohibitionists conceded that realists had elected every one of their 15 candidates to the April 25 convention. Anti-prohibition leaders expressed jubilation, declaring the overwhelming victory would energize their cause in other states.

WINS YACHT RACE. HAVANA, April 5. (AP)—The 45-foot schooner Haligonian, owned and sailed by Houston Wall of Tampa, Fla., today won the 300-mile yacht race from St. Petersburg, Fla., standing into Havana harbor past the finish line at 7 a. m. (E. S. T.).

along its banks where long standing and forceful prohibitions have protected the fish.

Golf Suggestion. Guy Randolph, golf professional at the San Jacinto Willow Spring Golf club, offers a suggestion: "Sometime back, as you will recall, the ten leading amateur golfers in Texas were named by the sports writers. I would suggest that those same sports writers select the ten leading professionals in Texas, and sometime between the Texas Golf association women's state tournament at Galveston and the men's state tournament at Houston, have these ten amateurs and professionals meet at Houston and play in a contest similar to the Ryder cup competition."

FACULTY WINS OPENING GAME BY 2-0 SCORE

SHOPPERS SHOW GOOD FORM AGAINST TEACHERS

The playground ball season opened yesterday afternoon at the Sam Houston playground when the Faculty defeated the newly organized Diamond Shoppers 2 to 0. Only two clean hits were registered during the game when Mitchell of the Faculty and Shriver of the Shoppers hit singles.

Mitchell and Herod scored for the Faculty. The pitching on both sides was exceptionally strong for this early in the season. Patrick of the Faculty had his change of pace down nicely, while Poe of the Shoppers was a little wild but tight in the pinches.

Fielding was brilliant in places with Mitchell and Kelley doing the sparring work for the Faculty and Midget Woodward and Jimmie Coburn making nice plays for the Shoppers.

Inability of Manager Sam Fenberg of the Shoppers to hit in the pinches kept the Shoppers from registering. He is looking for a good fielder and hitter to take his place.

Both teams are open for engagements. A City league will be organized at a meeting in the city hall Monday night.

Mr. and Mrs. G. H. Ater of Lubbock were Pampa visitors yesterday.

a zone banquet here last night in the principal address. The banquet chairman was Ira Merchant, president of the Clarendon club. Governor Walker explained that many business men capable of meritorious public service find in civic club activities their needed opportunity to learn how to make friends, to speak in public, to break their almost impenetrable reserve, to find pleasure in meeting people. "In visiting all the Lions clubs in West Texas and in hearing much of other clubs, I have received a new appreciation of this club movement," Mr. Walker added. "The depression has really inspired civic clubs to greater service because of the acute needs which have developed in every community. They have also served well in holding up the morale of business men. We have learned that happiness is not inextricably associated with profits."

He praised the Clarendon club as one of the best in his district, and as the third oldest club in the Panhandle.

Entertainment was provided by the Clarendon Lions club quartet, composed of Fred Story, G. L. Boykin, R. E. Drennan, and T. D. Nored, and by two young girl dancers, Travis Dyer and Peggy Taylor, accompanied at the piano by Rhodin Chase.

In the zone session in the afternoon, reports of various clubs were heard and Amarillo was selected as the next meeting place. In the absence of Zone Chairman Fred Landers of Estelline, Boyd Meador of McLean, former chairman, presided. Other McLean persons attending the sessions were Mr. and Mrs. T. A. Landers, Miss Viola Smith, Mr. and Mrs. R. R. Cook and Mr. and Mrs. Claude Wilkins. Pampa, although not in the Clarendon zone, was invited to attend and was represented by Mr. and Mrs. A. M. Teed, Mr. and Mrs. Olin E. Hinkle, Roy Bourland, and Frank M. Cuberson, in addition to Governor and Mrs. C. H. Walker.

Today Governor Walker, accompanied by International Director Sam Braswell of Clarendon, left for Monahans to charter a new Lions club.

CHICAGO GRAIN
CHICAGO, April 5. (P)—A fresh upward trend in grain values developed early today. Railroad advances indicated only 50,000,000 bushels of wheat would be raised this season in Kansas, compared with a five year average of 170,000,000.

Opening at 1/4 off to 1/4 up, wheat afterward rose all around. Corn started at a shade to 1/4-3/4 advance, and afterward held near the initial range.

Wheat closed strong, 1-1 1/2 above yesterday's finish, corn 1/4 up, oats 1/4 up, rye 2 1/2-3 cents advanced, and provisions unchanged to a decline to 2 cents.

PERFORMANCE
(Continued from Page 1)

by Otto Studer, Lester Sills' and others. During their appearance on the stage, the bride-to-be wondered if several Pampa bachelors would like her in the suits.

Then came the beach pajamas worn by Sheriff C. E. "Tiny" Pipes, 375 pounds, and Alex Schneider. The modeling apparently derived great glee at customers appearing to exchange goods, make purchases, and leave squalling babies.

Wayne Kennison gave a graceful ballet to open the "lunch hour" and was followed by two beauties and a song by (Miss) Neal Bean who gave an interpretation of Gall Currl in action.

Dr. H. H. Hicks "nearly tore the house down" when he appeared in brassiere and corsets. Dick Hughes, Dr. C. H. Schulkey, Bill Fraser, and H. L. Polley were "natural" ladies as they displayed pajamas, evening gowns, and street clothes. Frank Hill, wearing the bride's clothing, gave the bachelors' hearts a thrill. It was difficult to recognize many of the models.

The show closed with the bride-to-be and her mother informing the merchants that they were just looking around and that the daughter had not yet had a proposal. At which the Madame fainted.

The style show was a burlesque on the conventional parade of models robed in swanky raiment. It was meant to be amusing, and the audience apparently derived great glee at the sight of the males in feminine attire. One of the hits of the show, applause of the house indicated, was Paul LeBeuf's interpretation of an intoxicated sailor. Paul staggered down the aisle and onto the stage, mistaking Madame's style salon for a saloon. T. Duncan Stewart's introduction of Neal Bean included a cluster of sparkling wise-cracks. Said Buck Miller, "some of the men looked like old battle-axes," and others like farm girls and society matrons.

Mrs. J. M. Dodson was chairman of the production committee. She was assisted in the directing by Mrs. Helen Turner. Make-up was done by Miss Arless O'Keefe, Miss Lois Stallings and Miss Lucille Ewing.

NEW ORLEANS COTTON
NEW ORLEANS, April 5. (P)—Cotton opened quiet today although Liverpool came in 1 to 2 penny points better than due. First trades here were 11 point down to 1 up and the market was easy for a time after the start. May trading at \$6.32, and July at \$6.49, or 1 point under yesterday's close.

The market developed a better feeling and more activity as the morning progressed. May advanced to \$6.40, July to \$6.57, and October to \$6.79, or 8 points up from the early lows and 7 to 8 points above yesterday's close.

Near noon the market was steady, at the highs, and showing a tendency upward.

Former Rancher Of This Section Dies in England

Verne Finch of Manton Oakham, England, but a former resident of the Panhandle, died at his home Sunday afternoon, according to a cable received by friends here. Mr. Finch was in his 54th year. He had been ill only a short time, the message stated.

Mr. Finch moved to the Panhandle in 1897 to become connected with the J. A. Ranch near Clarendon. A few years later he purchased ranch lands in Donley and Briscoe counties. Later he leased a ranch north of Pampa in Roberts county and made Pampa his part-time headquarters. At the declaration of war in 1914, Mr. Finch sold his Panhandle interests and returned to England to join his regiment. He later married and settled in England.

He paid several visits to the Panhandle after taking up his permanent home in England. His last visit to America was two years ago, and Mrs. T. D. Hobart and Mr. and Mrs. M. K. Brown visited Mr. and Mrs. Finch in their England home a few years ago.

Mr. Finch had many close friends throughout the Panhandle who are mourning his passing.

INVESTIGATION

(Continued from Page 1)

crash was inevitable. Ships and planes coursed back and forth across the stormy waters in ceaseless search for anything which might give some hint as to exactly what caused the Akron. Caught in a fierce electric storm, to descend so rapidly that there was only an interlude of 30 seconds between the moment when Wiley gave the order to stand by for a crash and the time when the Akron struck the water.

Another object of the search was to recover bodies of the missing airman but this part of the search was no longer spurred on by any hope that more survivors would be found. As the search went on this morning the report came in from the scene of the disaster that the little navy blimp J-3, which also crashed in the waves, while on rescue duty, had sunk during salvage operations. Two men were lost with J-3 and five were saved.

"Stand by for the crash!" was the last order. The ship had been losing altitude steadily and was without the use of its main rudder whose control wires had been carried away. The proud lady of the skies, caught in the very heart of the thunderstorm, dropped until it was only 300 feet above the water. It was then that the officers knew catastrophe was imminent and Lieut. Commander Wiley called out: "Wiley's Last Order."

"Stand by for the crash!" "The airship, largest in the world, smashed into the sea a few seconds later. Bumps Into Board. "We had, as I remember, a list to starboard," said the commander. "A list to my side of the control car."

"I tried to swim away as rapidly as I could to get from under the ship, and finally came to the surface. I saw the ship drifting away as the lightning flashed. The bow was up in the air and the whole structure a general wreck. "I saw two lights on what I thought was the stern. On one side I saw the lights of a ship (the Phoenix)."

"I also thought I could see the glare of Barnegat Lightship. I swam toward the ship and after about 10 minutes I bumped into a board about three feet square, which I clung to the rest of the way. "I saw several men in the water, but none very close. I did not think I could help any of them. "I did not see any men in the water after I found the board. When I got within 400 yards of the ship, the wind changed, hitting me in the face instead of behind me. "Lightning Not Cause. "I made it easier to the ship and they threw me a life ring and hauled me aboard. They had boats out and picked up three other men. I did not see the boats until I was on board ship."

In the opinion of the surviving lieutenant commander it was not lightning which caused the Akron to go down. "It is possible she might have been struck by lightning without our knowing it," he said. "There was lightning all about, but in my opinion she was not struck. "He believed the Akron was in the center of the storm when she went down. Meteorologists expressed the belief that vertical currents snatched the lighter-than-air craft and drew it relentlessly down, defying the navigation skill of the men in the control room.

DALLAS KEEPS CITY MANAGER-COUNCIL FORM

MANY CITIES VOTE TO "NOT CHANGE HORSES"

By The Associated Press. TEXANS generally displayed a disposition Tuesday not to "change horses in midstream—metaphorically speaking—as they voted in most instances to return to office those city officials already in and to reject the "outs."

In Fort Worth, the issue was whether or not the present city commission and school administration should be left intact. It was, with only one exception.

In Dallas, the 2-year-old city manager form of government met its first test with a victory which brought the re-election of eight councilmen and the election of a ninth member who had the support of a citizens' charter association, which sponsored re-election of the incumbent councilmen.

Results in various cities were: Fort Worth: Jerome C. Martin defeated E. T. Renfro, incumbent councilman. Re-elected: Willard Burton, John B. Davis, W. E. Thompson, S. J. Callaway, William Bryce, William Munnig, J. R. Penn, and Van Zandt Jarvis.

Dallas: Elected, William Alfred Webb. Councilmen re-elected: Mayor Charles E. Turner, A. B. Moore, H. C. Burroughs, Victor H. Hexter, W. H. Painter, M. J. Norrell, Joe C. Thompson, and Alex. Camp.

Corpus Christi: J. W. Edens, re-elected mayor. Edgar Dittersbacher, and Joe Jefferson, elected city commissioners; Charles Banister, re-elected city attorney; Jim Pugh, re-elected city tax assessor.

Plainview: A 4-to-1 vote endorsed an issue of \$450,000 in revenue bonds for purchase of the municipal light plant. Gainesville: Mayor Frank Morris, Jr., re-elected to the city council by a one-vote margin over J. A. Atchison. Jack Howeth elected councilman.

Odessa: Three new aldermen elected—Carl Gilbert, Albert Farley, and Roy Graham. Frank Alexander elected city secretary. Kilgore: Roy H. Laird, mayor, and Ben Laird and Solon King, city commissioners, took the oath of office Tuesday night 20 minutes after the election judge had announced the official count showing they were winners in the city election.

Waco: John Sheehy and Tom Tidwell, elected city commissioners; J. W. McMurray, A. R. Wilson, L. G. Gardner, and Dr. S. R. Spencer, re-elected members of the city water board. Paris: City Marshal Gus Cothran re-elected. W. E. McNight defeated City Recorder Van D. Anderson by 11 votes for that office.

Beer and Whisky Seized Yesterday

Officers of the sheriff's and constable's departments made a liquor raid west of the city limits yesterday and seized 8 half gallon fruit jars of whisky, 260 bottles of beer, 41 empty pint bottles, and 75 empty beer bottles.

One man was arrested, but he had not yet been arraigned this morning in the control room.

Doak's—Miss Kathryn Vincent, Miss Louise Pearce, Miss Juanita Haynes of Miami, Billy White, and Bobby Oden.

The modeling will take place in a garden scene and a wedding scene, and a special program will be given by some of Pampa's outstanding musicians. Mrs. Glen Pool is general director, Mrs. H. H. Hicks is directing the staging of the revue.

Mrs. Jack Dunn is director of models, and Mrs. C. L. Wooley is director of advertising and publicity.

MOTHERS TO MEET

The Boy Scout Mothers auxiliary of troop 4 will meet at a meeting at the First Christian church Friday evening at 7:30 o'clock. Mrs. J. B. Townsend will lead the program.

Mrs. Lewis M. Goodrich of Shamrock, wife the district attorney of the 31st district, spent yesterday in Pampa.

AS A TONIC, BODY-BUILDER

Dr. Pierce's Golden Medical Discovery is the alterative and tonic which will build you up, eliminating decay and poisons which accumulate and render you miserable. Fortify yourself against changes in life, against colds and grippe. Tone up your body with Dr. Pierce's "G. M. D." Read what Mrs. James Clay of 106 Illinois Ave., Fort Worth, says: "A few months ago I felt all played out, weak and exhausted, had poor appetite, couldn't sleep and felt tired when I got up in the morning. My weight was down to 115 pounds. After taking my second bottle of Dr. Pierce's Golden Medical Discovery I felt wonderful, my appetite and nerves were perfect and I now weigh 160 pounds."

TEXAS STUDIED AT MEETING OF CIVIC CULTURE

Mrs. Otto Patton Is Hostess in Home of Mrs. Fahy

HISTORIC trees or other points of historic interest in Texas were given in answer to roll call at a meeting of the Civic Culture club yesterday afternoon. The hostess was Mrs. Otto Patton, entertaining in the home of her mother, Mrs. B. C. Fahy.

Following a business session, the program was opened by the song "Texas Our Texas" sung by the club. The leader, Mrs. Luther Pierson, gave a geographic survey of Texas, after which Mrs. Katie Vincent described the scenic wonders of the state. Mrs. Ralph Thomas spoke on the state capitol and surrounding territory, and Mrs. Melvin Noel spoke on the Alamo.

Ice cream, angel food cake, and tea were served to one visitor. Mrs. Bert Isbell, and the following members: Mesdames V. L. Dickinson, Cyril Hamilton, Irvin Cole, Melvin Noel, Luther Pierson, Paul Jensen, E. A. Shackleton, H. H. Isbell, Katie Vincent, A. L. Patrick, Ralph Thomas, Joe Berry, and the hostess.

Child and Play To Be Program Subject

The relation of the child to play will be the subject of a program to be led by Mrs. K. W. Bunch at a meeting of the Horace Mann Parent-Teacher association Thursday afternoon at 2 o'clock.

Following a duet by Joyce Turner and James Williams, Mrs. H. V. Patterson will discuss the question, "Are the children of our school district given the opportunity to keep fit through active play?"

A playlet, The Bluebonnet, will be given by girls of Mrs. M. K. Griffith's room. Every parent is invited to be present.

Ninth Birthday Is Occasion of Party

Mrs. Vern Savage honored her daughter, Melba Doris, with a lovely party Saturday afternoon, it being her ninth birthday. Assisting Mrs. Savage in entertaining and serving were Miss Fay Cotton of Borger, aunt of the honoree, and Miss Susie Chevz, Mrs. George T. Bunch, and Mrs. Edgar T. Savage.

Refreshments were served to the following guests: Beatrice Allen, Leona Savage, Ruby Savage, Glennis Savage, Irene McIntuff, Georgia Lee Line, Doris Goodman, Kitty Lou Goodman, Bobby Goodman, Inez Cooper, Bobby Cooper, Jerry Cooper, Charles McAlly, Edward Davis, Billy Ruth Jones, Staten Jones, Lawrence Jones, Clifford Jones, William Jones, Kenneth Kyle, Betty Jo Kyle, Galan Kyle, Lucille Thompson, Louella White, Betty Jo Nunley, E. LIKES DANCE—BUT MUST EAT

HOLLYWOOD, April 5. (Sp.)—The girl whom the great Anna Pavlova herself trained to carry on her art is in Hollywood now, convinced that she can do no better in the movies and on the dramatic stage than as a dancer.

Marjorie March was little more than a child, winner of a movie contest with an English studio, when Pavlova saw her, bought her contract from the film company, and at once began a strenuous 3-year course of personal training which was to be climaxed with her debut, a triumph, in the Vienna opera house.

Marjorie, a diminutive blond with blue eyes and a piquant face, will be seen on the Los Angeles stage soon in an Oliver Morosco production "Conception," before resuming a screen career begun in England.

One Must Eat

"There are many people still interested in the art of Pavlova," she says, "but still not enough—and one has to live, and eat."

"I am not giving up dancing. I plan to return to it every six months or so, if for no other reason than to honor my teacher's memory."

"If I fall as an actress—I'm confident I won't, otherwise I wouldn't go in for it—I can always dance. But no! I don't like to think of dancing as something to fall back on—it's much dearer than that."

Soon after Pavlova's death, Marjorie had her initiation into what the world wants of a dancer. Engaged by Cochrane, the English producer, for a show, she was horrified to learn that her number was extremely "hot-cha"—in fact, the variety drag from "Good News."

"I wouldn't consider it at first," she says, "but then I decided, if that's what they want, I'll give it to them! I did it, and I actually cried while dancing it the first night."

As a classic dancer, Miss March gave command performances in England and Vienna, to establish a fund for a Pavlova memorial.

Marjorie relates incident after incident showing Pavlova's creative genius: how Pavlova stared at any form of graceful movement—to the point of rudeness when they were devised rhythms to express it.

"The plodding of a snail, the upward curl of smoke from a cigarette, the flirtatious gestures of a Parisian coquette, the lapping of ocean waves upon the shore—Marjorie danced all these under Pavlova's direction."

In Hollywood she has trained as earnestly for the new career as for the one she put aside.

"I am sure Pavlova would understand," she says.

Party Given For Ralph Williams, Barney Buffington

Ralph Williams and Barney Buffington were surprised at a party given Saturday night in the Buffington home at Humble camp.

Games and music were enjoyed and refreshments of punch and cake were served to the following: Dorothy Harris, Tom Rose Jr., Wilks Zimmerman, Bill Mack Parks, Roy Webb, Paul Schneider, Dick Stullins, Franklin Baer, Buck Mundy, Wiley Reynolds, John Wolfe, Frank Faulk, Berton Doucette, Barney Buffington, Jack Mann, Howard Zimmerman, Ramon Fritchley, Harold Gregory, Ralph Williams, Wayne Lash, Warren Finley, Harry Barnett, Pettie Lyon, Jean Mann, Claudia Atchery, Jerry Mitchell, Sue Dodson, Mary E. Neese, Doto Shields, Marie Tinsley, Louise Jarrett, Harriett Funkapillar, Lucille Cole.

Three Women Have Flowers to Trade

Mrs. Ben Williams, Mrs. J. I. Rickard, and Mrs. H. A. Coons, all of Phillips camp, have announced that they would give ornamental grass, bouncing Betty, snapdragons, snow on the mountain, or double hollyhocks in exchange for violets or other flowers. Their mailing address is Rt. 2.

Considerable interest is being shown in the local flower exchange, sponsored by the Council of Clubs, and it is expected that the effort on the part of the council will be a beautiful influence in the city.

D. D. Cochrane of West Newton, Mass., is looking after business here.

Mrs. J. C. Cornutt of Skellytown was among the shoppers here yesterday.

MARJORIE MARCH was a dancing protegee of the late Pavlova, but turned theatrical because the stage offered more possibilities. "She'd understand," says Marjorie.

NATIONAL HEAD OF AUXILIARY ISSUES APPEAL

ASKS THAT ALL UNITS BE READY IF NEED ARISES

A CALL for the American Legion auxiliary to be prepared to make increased efforts in behalf of the disabled World War veterans and the fatherless children of veterans was contained in a message received by Mrs. W. C. de Cordova, president of the Pampa unit of the auxiliary, from Mrs. S. Alford Blackburn, national president. The message pointed out that decreases in federal aid to disabled veterans may throw a greatly increased burden on local relief agencies.

"The whole fabric of veterans' legislation under which the auxiliary has worked for years has been swept aside and the power to fix veterans' benefits placed in the hands of the president," the message said. "We of the American Legion auxiliary who have worked so long and tirelessly for the welfare of the disabled veterans can hope that the president will administer this power with humanity and justice. We can hope that he will not reduce veterans' benefits in a way that will cause wide spread suffering among the disabled men and their families, and that he will not force these unfortunate people to bear the major burden of governmental economy."

"Until the new law is placed in operation we cannot judge what it will mean to the auxiliary. It may bring us a heavy increase in our work for the disabled veterans, the widows and the fatherless children. It may send back to our communities for our attention and care thousands upon thousands of additional veterans' families without means of support for whom the necessities of life must be secured."

"The auxiliary must be strong and ready. Certainly, we shall not fail the disabled of the new measure adds to their hardships. Certainly, disabled veterans needing aid will find the auxiliary willing, as always, to work for their welfare. But we must be more than willing. We must be strong enough in membership and in spirit to bring relief and care to a vastly increased number of needy disabled men and their families. We must be prepared to give increased service if the call comes."

WIDESPREAD INTEREST SHOWN IN LARGE UNDERTAKING

Russia's 'Morbid Hysteria' Flayed By Esmond Ovey

LONDON, April 5. (AP)—Sir Esmond Ovey, recalled British Ambassador to Moscow, said today the Russian government has worked itself into a state of "morbid hysteria" in fearing a world conspiracy against it. Sir Esmond is not expected to return to Moscow.

In a white paper, which was before the House of Commons, Sir Esmond attacked the Soviet officials for the manner in which they have treated six British prisoners facing trial in Moscow on charges of espionage. The ambassador asserted a "reign of terror" existed in Russia and that it was "inconceivable that the Soviet government could produce any evidence of criminal malpractice" on the part of the Metropolitan-Vickers Electrical company through its six British employees who face charges punishable by death.

The General Electric company of America was declared "seriously worried" about its position in Russia as a result of the case in a message sent here by the ambassador. The white paper contained his correspondence with Sir Robert Vansittart, under secretary for foreign affairs.

Mr. and Mrs. P. V. Bryant and daughter, Lois Carrol of Canadian spent Sunday with friends in Pampa.

GARNER TRICK MAKES SENATE ACT IN HURRY

TEXAN NOT UPSET BY HAZING THREATS OF SENATORS

WASHINGTON, April 5. (AP)—In his own quiet way, without flourish or limelight-seeking, Vice-president Garner has set up upon a course of speeding up the senate, which tends toward leisurely debate, and which no one yet has been able to hurry.

Some senators, irritated at what they consider disregard of the tradition for full flowing talk before a vote is taken, are planning to give the new vice-president a little hazing if the Garner speed keeps up. But, blandly smiling, Garner today announced himself unworried, and, in fact, said he was being commended by many senators.

His trick for speed is this: Once a bill is read, and before any senator has time to clear his throat, arrange his papers, adjust his coat tails, and call for recognition, Garner in swiftly tumbling words pronounces:

"The question is the third time and passed. There being no objection the bill is passed."

And the bill is passed. In just that way last Wednesday the bill to liberalize medicinal liquor prescriptions passed in the minutes, without a word of debate, and before the leaders knew what was happening.

Garner insists such procedure is all strictly according to rules, and if senators are not alert enough to hear the question and the bill gets through ahead of them, "it's their hard luck."

The "system" was brought into play a second time yesterday when Garner put the question after the District of Columbia beer bill had been read.

"Without objection," he said, after John Crockett, the reading clerk, had finished the last word in the text, "the committee amendment will be agreed to, and without objection, the bill as amended will be considered ordered engrossed for a third reading, read a third time, and passed."

Garner did not preface his question with the usual "the bill is still open to amendment." This usually puts the members on guard.

But this time one man was on his guard. Robinson of Arkansas, the democratic leader, quickly arose to protest against "snap judgment" on such an important measure. He obtained reconsideration of the vote so an explanation of the bill could be had. The explanation lasted several hours, and then the bill was passed anyway.

Danes Given Title To East Greenland

THE HAGUE, Holland, April 5. (AP)—Denmark's title to Eastern Greenland was confirmed today by a decision of the permanent court of international justice in her favor in a dispute with Norway over its ownership.

The Norwegians conceded Danish sovereignty over the remainder of Greenland but contended that Norway was entitled to a portion of eastern Greenland. A Norwegian expedition had landed there in 1931 and it was claimed Denmark never confirmed her ownership by colonizing the territory.

DANES CELEBRATE COPENHAGEN, Denmark, April 5. (AP)—Flags were flown from a number of private buildings in Copenhagen today in celebration of a decision by the permanent court of international justice at The Hague giving Denmark title to eastern Greenland.

Ralph Ivy of Kingsmill was in the city last night.

AMERICAN HOLDS EDGE IN SPRING TRAINING GAMES

NEW YORK, April 5. (AP)—With only a week more to go, the American league boasts a six-game margin over the National in 50 inter-league exhibition games this spring.

A tabulation of results today showed 23 victories for the American league against 22 for the National. A score more games remain before the clubs get down to the serious business of deciding the major league pennant races and the National league may succeed in overhauling their rivals from the junior circuit.

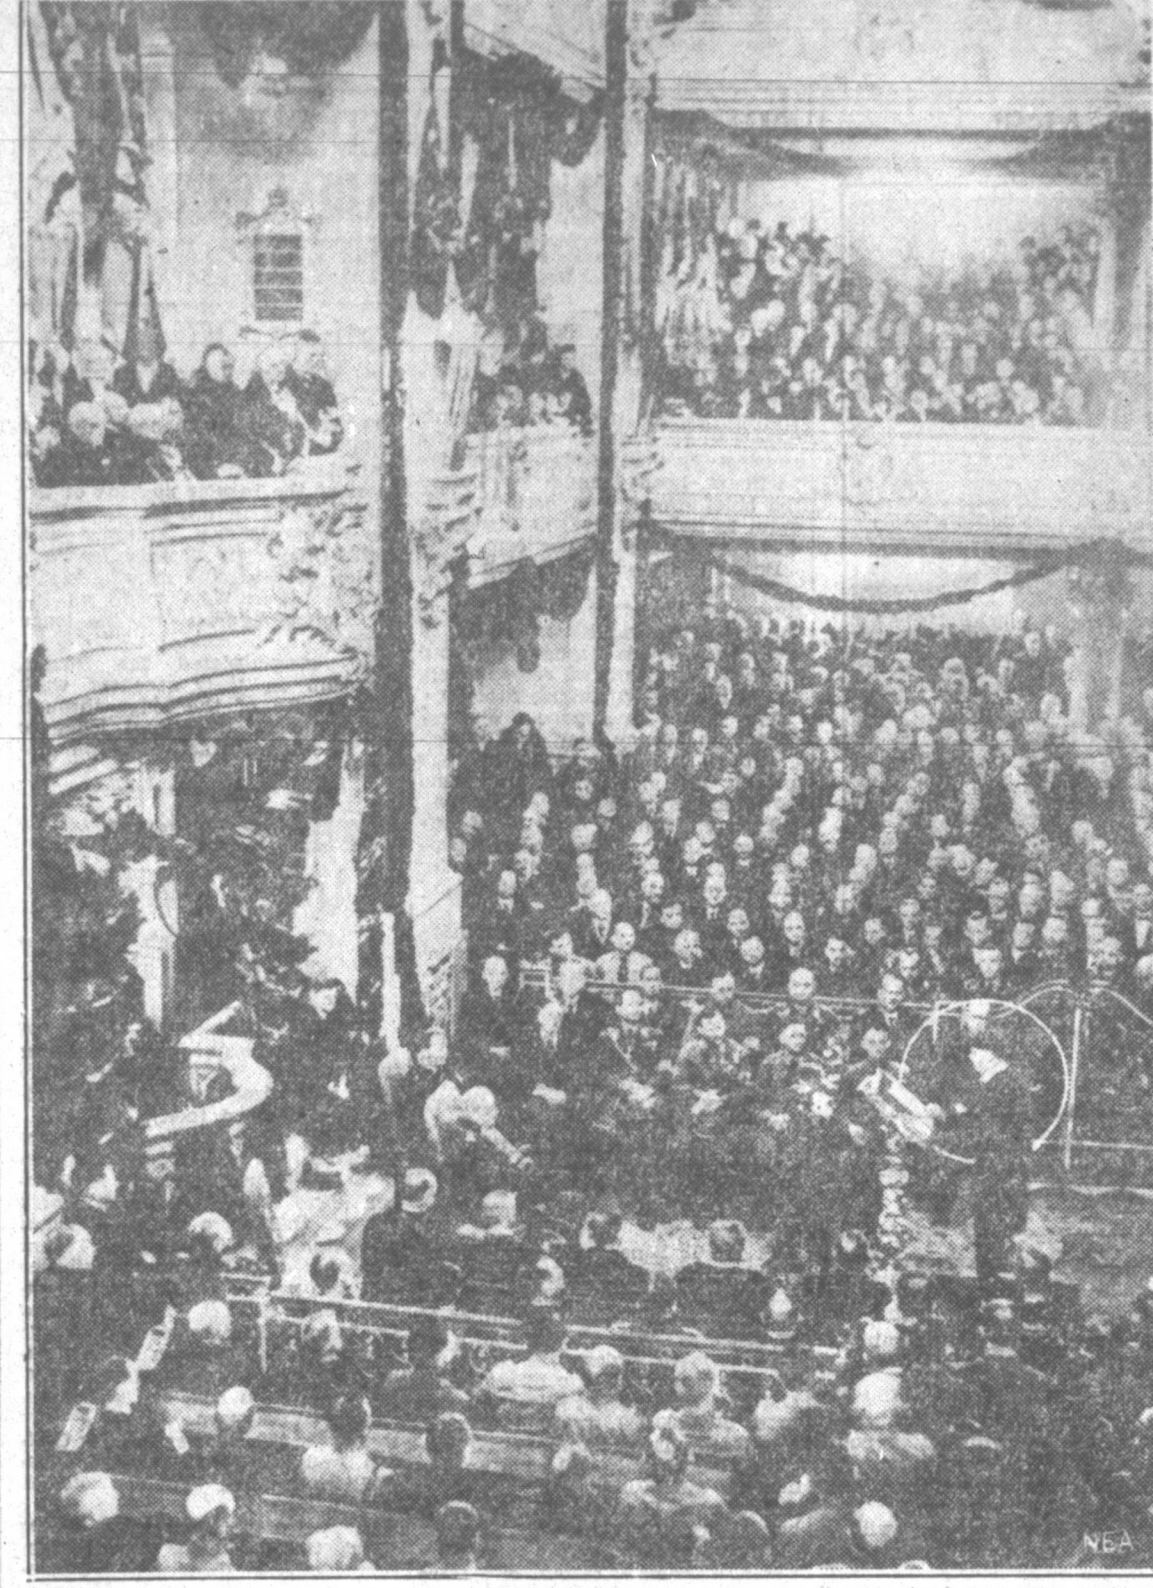

The New York Yankees, Boston Red Sox and Detroit Tigers have been the principal winners for the American league. The world champion Yankees have won eight games out of 12 from National league rivals while the Red Sox and Pirates, each, have won four and dropped two.

Not one club in John Aronid Heydler's loop has succeeded in getting better than an even break against the American league although four of them, the Cubs, Pirates, Dodgers and Giants, have amassed .500 averages.

The Philadelphia Athletics have lost the most games in the inter-league series, eight, but offset that with seven victories, more than any other club except the Yankees.

In the tabulation of all major league results whether inter or intra-league, Cleveland's Indians remain the only undefeated team. The Indians chalked up victories over Washington in the only two games they've played against major league opposition. The New York

Conference To Be Held Next At Canyon College

CANYON, April 5.—Bringing home the next meeting which in this instance is the West Texas-New Mexico International Relations conference for 1934, the West Texas State Teachers college delegation returned to Canyon Sunday from the annual spring convention at Las Cruces, N. M.

The convention, composed of 150 delegates from the two states, met in conferences Friday and Saturday with M. Pierre de Lanux, director of the Paris office of the League of Nations, as the chief speaker.

Plans are already in progress for a record convention at Canyon next year. The president and the secretary of the convention will be chosen from the Canyon club at an early date. Those who attended from the Canyon school included Professor Condon, Dean Geraldine Green and daughter, Nell, Virginia Heaton, Dorothea Martin, Keith Guthrie, Leonard Mills, Gwin Casey, Glen Bobbitt, Ernest Cabe, and Bruce Cleland.

Lakehurst Navy Men Know Not What to Expect

LAKEHURST, N. J., April 5. (AP)—Tight-lipped men, accustomed to the rigors of navy life, moved silently about the naval air station today with an attitude which seemed to defer realization that the U. S. S. Akron, fallen queen of the skies, never will return to her home port.

Few knew just what to expect. All plans awaited developments in the search of the 71 unrecovered bodies of the men lost with the ship.

The usual bright spots in Lakehurst which catered to trade of the men of the air station were quiet and there was little talking among the enlisted men and officers.

Occasionally, however, there was a remark such as "she went down at sea like a navy ship," said with a touch of pride. Several officers and men, usually aboard the Akron on its air journeys, expressed feelings of thankfulness that they had escaped death, attributing it to their "luck."

Although no airship was due, the lights atop the Akron's hangar set up their glow throughout the night as though they would beckon the sky queen homeward.

Intent conflict be bridged, but Joseph Ceebeis, propaganda minister on March 30 on behalf of the government, wrote the association that it would be boycotted as long as Mowrer remained as head.

Hints came from various quarters that the government might dissolve the association, which was founded in 1906.

Mowrer's book, "Germany Puts the Clock Back," which appeared a month before the appointment of the Hitler government, was regarded as so offensive of the cabinet that Mowrer was informed no invitation for any function of the association, not even to the traditional annual banquet, would be accepted.

The association by an overwhelming vote declined to accept Mowrer's offer to resign.

Mowrer, at a general meeting, stated that the great majority of his American colleagues, and also M. C. Garcia, Cameron; Dennis Adams, Scurry, had agreed that the book in no wise transcended the limits which a political writer should observe.

WITT DOES NOT PERMIT OFFICE TO HALT HIS PRACTICE OF LAW

AUSTIN, April 5. (AP)—Lieutenant Governor Edgar Witt, like members of the legislature, follows his vocation when not performing public services. Witt is a lawyer and spends many spare moments in the appellate courts looking after some case of his that is pending.

While the senate was grinding away on tedious details of the departmental appropriations bill, the lieutenant governor yielded the gavel to Senator Walker Woodul of Houston and went to the supreme court for a look at the record in a case that interests him professionally. He spent several hours there looking after a client's interest.

"Have to practice a little law on the side," Witt grinned when some one asked why he wasn't in the senate saddle.

Speaker Coke Stevenson has a sense of humor that is refreshing during long, tiresome sessions. "The gentleman from Juarez," he will announce as Representative William E. Clayton of El Paso goes before the microphone to espouse some bill.

"The mayor of San Antonio," he said when Representative P. L. Anderson of the Alamo City, reputedly being groomed for chief executive of his municipality, wanted to say a word to the house.

Speaker Stevenson's son, Coke Jr., a student in the University of Texas, often comes to sit with his dad during a legislative session. He is studying to be a lawyer and will join his father in his law office at Junction when he gets his license.

'Prince Michael' Given 3 Months' Term in 'House'

NEW YORK, April 5. (AP)—Harry F. Gerguson, who has travelled past many immigration barriers as "Prince Michael Romanoff," was sentenced today to three months' imprisonment on his plea of guilty to perjury, evading immigration officers and re-entering the country after being deported.

The sentence which will be served in the federal house of detention, was pronounced on the plea of guilty to a nine-count indictment charging perjury.

It's easier to entertain well when there's an Electric Refrigerator to help you out. Worry about your refreshments disappear when you know that the salad will stay crisp and fresh, that the mousse or frozen dessert will stay firm, that there'll be plenty of ice cubes for cooling drinks. Many a hostess has come to realize that her Electric Refrigerator is an all-important part of every party.

But perhaps its most efficient work in your home has nothing to do with parties. In the more prosaic but perhaps more important work of saving money an Electric Refrigerator accomplishes big thing. Its operating cost is very little — its prevention of waste from spoilage very great. See your dealer's display of new models at once. . . easy terms can be arranged.

Roosevelt Invites MacDonald To Visit Him At Washington

WOULD CONFER ON ECONOMIC-ARMS TANGLE

PRIME MINISTER NOW PLANNING TO COME AROUND EASTER

WASHINGTON, April 5. (AP)—President Roosevelt issued a statement today expressing the hope Prime Minister MacDonald could visit him here to confer on world economic and arms questions.

His statement said: "In the course of informal exchanges between the British and ourselves regarding the general economic question and the problem of disarmament, the president has felt that a visit to Washington by the prime minister would be helpful."

"The president ever since his first conversation with the British ambassador at Warm Spring has emphasized his hope that the prime minister would come over."

While no mention of France was made in the statement, Foreign Minister Paul-Boncour has assured Norman H. Davis, special ambassador-at-large, that his government would send representatives to such a parity as the president contemplates.

Dispatches from London today indicated that Mr. MacDonald was making arrangements to come to Washington during the Easter recess of the house of commons.

PARIS, April 5. (AP)—An initial world economic conference will be held in Washington under arrangements being made during the present tour of European capitals by Norman H. Davis, United States ambassador-at-large.

France has joined Great Britain in agreeing to send representatives to the American capital for the meeting, at which all countries could be represented. The purpose would be to make final preparations for the general world economic conference which is being planned for London within a few months.

It was said in American quarters here that British and American views on the economic conference had been brought closer together by Davis' visit last week-end in London.

Mr. Davis and Premier Daladier discussed the Mussolini peace plan, war debts, disarmament, and the economic conference during a talk today. American views were outlined by Mr. Davis, enabling Mr. Daladier to present them during the afternoon to the cabinet, which considered the Mussolini pact.

Waugh Rites To Be Held Today

Funeral services for William B. Waugh, 70, who died at his home in South Pampa Monday night following an illness of five weeks, were to be conducted at 5:30 o'clock this afternoon in the chapel of the Stephenson Mortuary. Services were to be preached by the Rev. C. E. Lancaster, pastor of the First Baptist church. Music was to be by the Stephenson quartet.

The body will be sent to Galena, Kan., at 11:15 o'clock tonight for burial there tomorrow afternoon. Mr. Waugh had been a resident of Pampa for the last six years. He was manager of the Hickwire Chemical company.

Mr. Waugh is survived by his wife and two sons, George and Don, Pampa, and a half-brother, J. H. Waugh of Blaisdow, Mo.

Five of Blimp Crew Will Live; Funerals for 2

LAKEHURST, N. J., April 5. (AP)—Five members of the crew of the navy non-rigid airship J-3 were recovering in the naval air station hospital today, while preparations were going on for the funeral of two of their comrades who lost their lives in the blimp's plunge into the surf off Beach Haven during the search for Akron survivors.

The bodies of Lieut. Commander David E. Cummins and Chief Machinist Mate Pasquale Bettio were removed to an undertaking establishment to be prepared for burial.

Five of the crew were picked up by a New York city police plane after the J-3 fell into the choppy sea and started to sink are Lieut. J. M. Thornton, Lieut. William A. Cockell, H. E. Manley, chief radio operator; W. H. Meyers, aviation mechanic, second class, and A. S. Sprague, aviation mechanic, first class.

The ship was attempting to land at Beach Haven when a sudden gust of wind took her out of the hands of the landing party. The crew immediately deflated the craft and attempted to land over marshes well inland from the beach. As it was setting another gust of wind took it to sea where it settled about 100 yards from shore.

Lieut. James Kendall said the ship attempted to land because her port engine had been carried away from its outrigger, leaving her helpless in the wind.

HOUSES WASHED AWAY DRUMRIGHT, Okla., April 5. (AP)—Approximately 50 small houses were washed along a three-mile area on tidal creek, which flows through Drumright, as a result of the breaking of a dam at refinery here last night. No serious injuries were reported. The water had receded this morning, leaving shacks and other small dwellings scattered along the valley.

DRIVE FOR BALANCED BUDGET IS NEAR SUCCESS; CABINET HEADS TO PRESENT REDUCED PROGRAMS

By JAMES P. SELVAGE Associated Press Staff Writer WASHINGTON, April 5. (AP)—The Roosevelt administration's frontal attack upon the nation's unbalanced budget was rapidly nearing the point today where department heads would lay before the chief executive a definite program to help achieve his pledge to cut expenditures 25 per cent.

Before the week is out each cabinet officer will be saying it with figures to President Roosevelt, laying bare the results of weeks of combing through departments and bureaus for means of reorganizing, abolishing and curtailing functions.

The survey has gone forward with each agency head told to figure upon spending at least one quarter less next year, and some asked for even greater economies.

The president is hopeful of announcing his reorganization program this week, along with one for setting up a plan for coordinating railroad services.

The keystone of the reorganization—the creation of a huge transportation agency with the Interstate Commerce commission and a federal coordinator as its heart—has been worked out by Secretary Roper in conjunction with the plan for aiding railroads, and he said yesterday an early announcement could be expected.

Thus far the administration has moved steadily in its retrenchment program, with what formal announcements there have been outstripping earlier forecasts.

Frank T. Hines, veterans administrator, estimated before a house committee that \$385,000,000 would be saved by curtailing gratuities to ex-soldiers. With the issuance of an executive order last week to put the economies into effect, Lewis Douglas, the budget director, figured \$400,000,000 would be saved. New Methods of handling the soldiers bonus funds will save an additional \$50,000,000.

The new District of Columbia budget for 1934—the only appropriation measure prepared to date by the new administration—cut more than 26 per cent from present appropriations.

And the estimated savings from a 15 per cent cut in government salaries was \$120,000,000.

He congratulated the Pampa members on their excellent work and growth of the lodge through trying times. The local lodge is one of the most active in the district.

Akron Probe To Begin Next Week

WASHINGTON, April 5. (AP)—Chairman Vinson today designated a house naval sub-committee to begin an investigation early next week into the Akron tragedy.

As chairman of the sub-committee, Vinson named Rep. Delaney (D., N. Y.) who said to newspapermen: "All statements given out previously, in the last 24 hours, saying this accident is the death knell of the dirigible. In my opinion are a little hysterical. It is too early to decide."

McGrath (D., Calif.) another member of the special sub-committee, said he agreed with Delaney and thought "airships will continue to be of most useful service to the navy."

Other members of the sub-committee, which also will consider the fall of the J-3, are: Suthphin of New Jersey, McFarlane of Texas, and Burke of California, democrats; An-

draw of Massachusetts, Strong of Pennsylvania, and Burnham of California, republicans.

With Beer Next It follows that the beer ads will quickly introduce the subject of drinking for women. Oldtime lovers of fine liquors, have something of a contempt for beer sots, but in this new age we will be forced to read ads like these?

PABST'S BLUE RIBBON, spraking refreshment between games of bridge, brings the flush of health to feminine cheeks; rounds the figure which is women's divine inheritance.

Or perchance something like this: DEAR OLD BUDWEISER—what is golf without your foaming steins at the ninth hole? And don't forget to start the day with Budweiser. Buy it by the barrel. Not a belch in a barrel but it will put vigor, ambition, and resourcefulness into you, help you to stand the modern gaff of business.

Or this: SCILITZ—Made in snow white breweries untouched by human hands. The he-man's favorite and what you'll find in the electric refrigerators of Mrs. America. Little children cry for it, thrive on it, make better grades when allowed a bottle between each meal.

What's the Value of a TRADE-MARK? Today the Chesterfield trade-mark is very valuable. Back of it is the good will of thousands—perhaps hundreds of thousands—of smokers. Chesterfield cigarettes were first manufactured more than twenty-five years ago. At the start, they were sold at a loss, but the quantity sold increased steadily from year to year, until now Chesterfields are sold in great volume at a very small percentage of profit. The Chesterfield trade-mark, as indicated above, is registered in the United States Patent Office. This means that the United States Government says that only Chesterfield may use this trade-mark for cigarettes. This is not only for our protection, but for yours as well, because what the Chesterfield trade-mark really means is that you and all Chesterfield smokers will get Chesterfields manufactured under the same formula, by the same people, and in all respects absolutely the same, in every package you buy, year in and year out. Wherever you buy them, in this or in any other country, you can depend upon the Chesterfield trade-mark. They're Milder... They Taste Better — Chesterfield
