'TRUNK SLAYER' GIVEN REPRIEVE

Rainey Predicts 'We're Going To Have Some Kind Of Inflation'

HOUSE IN UPROAR OVER REPEAL

TWINKLES
Plan now to see the Palo Duro canyon and the Panhandle-Plains museum at Canyon, two premier attractions worth going many miles to view. Both can be seen easily in a single day.

More than that, why not join the society at \$3 for a year and help collect frontier relics before they are gathered up and taken to other states or to Austin?

If you would like to know where this dust comes from with every wind, we'll tell you. It's already here, clinging to every weed and blade of grass. Old Jupe Pluvius surely ought to answer our imploring plea for rain. We promised a good rain in April, doggone it, and we're right unless someone has repealed the law of averages.

It's a privilege to live in a city with an enviable splendid reputation. Everywhere we go we hear compliments for Pampa.

THE EDITOR'S MAIL

Atop a huge heap of week-end mail is a letter from national headquarters of the American Legion at Indianapolis. It is a news release, headed by the caption: "Get rid of goldbricker in government is word from national commander." Louis Johnson, the commander, points out that "the Legion, true to its preambular ideals, ready to sacrifice if need be for God and country, in the face of a national emergency similar to war conditions, stood patriotically in support of the new commander-in-chief as he took the helm to steer our nation through most dangerous shoals."

A FURTHER STEP
"Never let it be said that the sacrifices failed to balance the budget, or that the money was misused or spent on something less worthy," said the commander, adding this injunction:

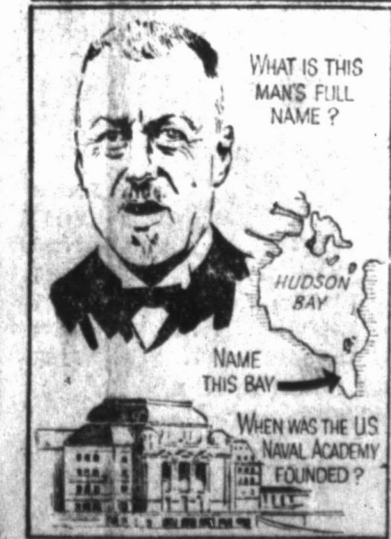

"Every Legion post, yes, every Legionnaire has a continuing duty to perform in this regard. Here it is: Every time you, and you, see a dollar wasted in government, whether municipal, county, state, or federal, for the love of our disabled comrades do something about it. Let us be effective citizens in this regard. Let us bring forth into the light of day any example of waste or graft or miscarriage of justice that we may personally come to know. Let us see that every dollar spent in any government activity, a dollar, maybe, that was saved at the cost of suffering, goes further and does more than any dollar ever did before in government. Let's get rid of the 'gold-bricker' in government, whoever he may be and wherever he may be found."

WERE YOU BORN?

Texas are being asked by the federal bureau of the census if they can prove they have been born in Texas is the only state not in the federal registration area. That, according to a letter from the state department of health, is because in the past 90 per cent of Texas vital statistics could not be shown, as required by U. S. registration standards. Birth and death records must be filed locally and sent to Austin in 90 per cent of the cases if Texas is to be placed in the federal registration.

PROPOSAL TO SUBMIT REPEAL BEING DEBATED

RESOLUTION WITHDRAWN

NOT PROPER TIME TO CONSIDER TOUCHY QUESTION

AUSTIN, April 18. (P)—A resolution to submit repeal of the prohibition section of the Texas constitution was placed before the house of the state legislature for action today but later was withdrawn after the house had been thrown into confusion by a near-fist fight between Representative Weaver Moore of Houston, author of the resolution, and Representative Harry Graves of Georgetown, one of its opponents. Representative P. L. Anderson of San Antonio and John Mathis, Sr. of Houston, floor leaders for the resolution, asked that it be withdrawn temporarily, stating they did not believe the house was in a proper frame of mind to consider the controversial question. The difference between Graves and Moore arose when Moore questioned Graves concerning a statement allegedly made by Graves that he would vote to submit repeal of state prohibition.

Both later apologized to each other and to the house, after which the resolution was withdrawn without prejudice. It will remain in first place on the house calendar among joint resolutions on third reading. The house had been placed under call earlier in the morning in anticipation of a vote on the proposal. There were 135 members present as argument was started.

Representative Moore offered an amendment to move the date of the election on the proposed amendment to August 26 of this year. This was the date set by the house for a vote on a resolution to amend the constitution to allow for the manufacture and sale of 32 beer. It also was the date proposed by the senate for a vote on ratification of repeal of the eighteenth amendment. Moore urged that a vote be taken on the same day on all prohibition questions so that they could be disposed of at one time. The resolution originally called for the election to be held in November of 1934.

Pampan Honored At Lions Clubs' District Meet

AMARILLO, April 18. (P)—A membership campaign, to be known as the Herbert Walker campaign will be staged by Lions clubs of district 2-T during the next month. The plans were laid this morning at the district convention here. The drive will honor "Hub" Walker, of Pampa, retiring governor.

International Director Sam Braswell of Clarendon, made the principal address of the morning. Election of a new governor from candidates Del Harrington of El Paso and Marion Peters of Midland, the probable naming of Colorado as the 1934 convention city, and action on important resolutions will take place this afternoon. Presidents and secretaries were honored at a breakfast this morning over which Dr. P. R. Jeter of Childress and George Deck of Midland presided.

J. M. McDonald and J. B. Massa are attending a gas hearing in Amarillo today.

WEST TEXAS: Partly cloudy to cloudy, probably showers in south-east portion tonight and Wednesday.

BLAMES ERRORS

BY TAKING a westward instead of an eastward course, the U. S. Akron would have avoided the storm area which caused its destruction, Lieut. Charles J. Maguire, chief aerologist at the Naval Air Station at Lakehurst, N. J., told the Naval Board of Inquiry, as pictured here.

JUNIORS' PLAY WILL BE GIVEN HERE TONIGHT

'No Trespassing' Has Many Amusing Mixups

JUNIOR CLASS members of Pampa high school were ready to shout from the house tops this morning that they will present their annual play at the city auditorium tonight beginning at 8 o'clock. The junior class sponsors, the cast and practically every member of the cast have been working for weeks to make the play a success.

It is the story of play that any junior class would like to produce. "No Trespassing" is the title and it is literally seething with amusing situations. Likely as not, the audience tonight will set a record for laughter. It tells the story of a lazy girl, Pegg Palmer, who falls in love with Cleveland Tower and cannot marry him because he is rich and she is not lady-like enough to get up to a chair. Mrs. Palmer has a hard time with her two daughters, to say nothing of Bill Meader who is constantly soliciting her attention.

Barbara Palmer, who sees, hears, and tells everything she knows, is 12 years old and is a veritable imp of mischief. Lisle Irving who is a great nuisance to her father is sent to the Palmer's as a summer boarder. Among other things, she likes to wade and one day Mr. Raynor steals her shoes. She retaliates by stealing his no-trespassing sign.

The plot concerns twins that do not exist, mistaken identity. The cast is as follows: Peggy Palmer, Sue Dodson; Cleveland Tower, Odell Walker; Mrs. Palmer, Helen, Jo Daugherty; Barbara Palmer, Dorothy Harris; Lisle Irving, Josephine Lane; Almeda Meader, Lorena Turman; Mr. Palmer, Aubrey Holmes; Herbert Edmond Raynor, Richard Easton; Bill Meader, John Meyer; Jim Meader, Burnett Lunsford; Mr. Irving, Walter Moss.

Among the amusing mixups in the play occurs when Raynor, under the impression that Lisle has a twin makes love to her twice. Admission to the play will be 35 cents for adults and 20 cents for students. Proceeds will be used to pay costs of the senior banquet.

Raymond Lewis Wilson, small son of Mr. and Mrs. Weldon Wilson, underwent an operation in an Amarillo hospital yesterday.

PROPOSAL IS WITHDRAWN BY SOONER SOLON

ATTEMPTS TO TACK IT ON FARM BILL ARE ABANDONED

PRICE-FIXING SCANNED

SILVER ADVOCATES TO DRAFT DEFINITE PROGRAM

WASHINGTON, April 18. (P)—Maneuvers in the dispute over currency expansion dominated in congress today, with Speaker Rainey flatly predicting "we are going to have some kind of inflation." Changing their course in the light of the 43 to 33 defeat for free silver in the senate yesterday, advocates of inflation abandoned for the present at least—the attempt to tack it to the farm bill.

Debate on the price raising features of the legislation proceeded while the house adjourned until Thursday to let committees whip more of the Roosevelt program into shape. The rules committee there approved the plan for amending house rules to 218 instead of 145 members would have to sign petitions to discharge committees from jurisdiction over legislation.

A rump caucus of 59 democrats recorded itself as opposed to the change, the participants favoring inflation decisively. Chairman Adams of the senate committee studying silver, called a meeting for Saturday to determine upon a definite program out of the many proposals before it. Senator Thomas (D., Okla.), one of the inflationist leaders, gave no explanation to the senate for laying aside his inflation proposal, but reserved the right to reoffer it after the farm bill is out of the way.

Miss Barrett's Condition Now Reported Worse

The condition of Elizabeth Barrett, daughter of Mr. and Mrs. E. G. Barrett, who was injured in an automobile accident near Waco last Thursday afternoon, was reported worse yesterday according to word received by relatives here this morning. Even members of the family were unable to see the injured girl for a time Sunday. Charlotte Van Dyke, one of the other accident victims, died in a Waco hospital Sunday afternoon. The fact was kept from Miss Barrett but it was believed she realized something was the matter when her condition changed for the worst.

The third party injured was able to leave the hospital. Five girls from Baylor university were returned from an out door biology lesson when their car was struck by another vehicle.

FIVE INDICTED

Before the 31st district grand jury recessed at noon today until May 8, five indictments were returned. The jury was in session Saturday morning, all day yesterday and this morning. Returns on the indictments had not been returned early this afternoon.

Famous Mother Of Pampan Dies

Mrs. Kentling Was Lady In Waiting to the Empress Carlotta in Mexico. SPRINGFIELD, Mo., April 18. (P)—Mrs. Kate Kentling, who accompanied Maximilian on his ill-fated expedition to Mexico, died at her home here early today. She would have been 97 years old April 28. Mrs. Kentling, born in Hungary,

POND CHOSEN ROTARY HEAD

Marshall Oden Is Elected Secretary-Treasurer; To Take Office July 1.

THE new board of directors of the Rotary club in a meeting last night elected Philip R. Pond president and re-elected Marshall Oden secretary-treasurer for the next Rotary year beginning July 1. Mr. Pond is business manager of the Pampa Daily News.

Plans were made for a good representation of the local club at the district conference at San Angelo May 1 and 2. The delegation will be led by Tom Rose, who has a part on the convention program.

Suspects Held In Kidnaping Of Jerome Factor

CHICAGO, April 18. (P)—The scope was widened today in the hunt for 19-year-old Jerome Factor, held by kidnapers for \$50,000 ransom, as police and alleged underworld agents working on the case crossed trails.

Following an anonymous telephone tip yesterday police raided a loop hotel suit and surprised six men they identified as Capone henchmen as they were studying pictures of three men suspected by police of membership in a north-east Iowa kidnap and extortion ring. The pictures were of Ted Patterson, 28, Archie Brown, 26, both of Chicago, and Joseph Varsalona and police said they had been obtained from records of Des Moines, Ia., police.

Varsalona pleaded not guilty to a kidnaping charge when arraigned with nine others in federal court at Peoria, Ill., yesterday, as result of arrests following investigation of the kidnapings of Aldehemer Hughes, East Moline, Ill., and Fred De Filippi, Spring Valley, Ill., last fall. He has been held in the county jail at Peoria under \$25,000 bond since April 10.

Patterson, arrested here last fall in the kidnaping investigation and later released, is under bond at present with Brown on charges in connection with a Sangamon county, Ill., bank robbery.

Forty-One Men Attend Adult Leaders Course

The Boy Scout leadership training class was attended by 41 men last night. The Rev. John Mullen, pastor of the First Christian church, gave an inspiring talk on Pitfalls for Boys. Rev. Mullen in his talk said that a few of the major pitfalls were leisure time, failure to learn their work, failure of "dads" and adult work, failure of reading material and picture shows and the lack of religious education.

W. E. Reno of Hopkins gave an interesting talk on snakes and snake bites with the method of counteracting poison. First aid demonstrations were given by the crack Phillips Petroleum company team after a lesson in first aid. The next meeting will be Monday night at 8 o'clock in the high school gymnasium.

VISITING HERE

J. E. Murfee of San Antonio is a business visitor in Pampa. Mr. Murfee formerly lived in Pampa and was manager of Murfee's store.

IN LOVE

A LOVE triangle in which a pastor's wife and the "other woman" shared his paragon has been climaxed by the disappearance of the Rev. Sharon Inman, 35, and Miss Etzie Holdridge, 20, college student, at Springfield, Mo. Mrs. Inman, shown above with her husband, said she asked Miss Holdridge to share her home "so she might see Sharon with his two children."

A. P. I. HEAD WOULD PREVENT OIL SHIPMENTS

Marland Measure Is Given Approval By C. B. Ames

WASHINGTON, April 18. (P)—Federal legislation to prevent interstate shipment of oil produced in violation of state regulations was urged today as an "emergency measure" in testimony before the house commerce committee by C. B. Ames, president of the American Petroleum Institute.

He urged approval of the bill by Representative Marland (D., Okla.). "The East Texas field is going to be opened up again on the 21st of this month," Ames said. "That makes this an emergency measure. If it is not passed the state will be powerless to prevent the surreptitious production and shipment of 'hot oil.'"

"Is this an administration bill?" asked Carl (D., Maryland). Marland, a committee member, replied by quoting President Roosevelt's letter to governors of the oil states in which he termed the plan for such federal legislation "well considered" and added that he was "prepared to recommend such legislation."

"I took this bill up with Secretary Tamm and he said he thought my bill covered what the president had in mind," Marland said. "He told me Attorney General Cummings had been asked by the president to prepare such legislation. I hope to have word from him before the hearing is closed." Ames testified the Texas railroad commission was unable to control production in the East Texas pool.

RAMSEY BOY BADLY HURT

Child In Critical Condition At Hospital After Being Struck by Truck.

DONALD RAY RAMSEY, small son of Mr. and Mrs. F. J. Ramsey, is in a critical condition in Pampa hospital after being struck by a truck this morning. Mr. Ramsey operates the Gulf filling station on South Cuyler street.

The tot wandered away from his home and was playing around a truck at the Merrick & Boyd Lumber company when first noticed by employes. His mother took him home but he apparently went back to the lumber yard and the truck driver did not see the child as he started his truck.

How the little fellow was struck is not known, but it is believed that he was hit by one of the rear wheels and thrown clear of the wheel. He struck his head on something and hospital attendants said his skull injuries were serious. It is not known whether there are internal injuries.

Maladin Freed In Third Trial Of Liquor Case

After hearing testimony in 31st district court yesterday afternoon, Judge W. R. Ewing instructed the jury to return a verdict of not guilty in the case of Mike Maladin, charged with possession of intoxicating liquor for the purpose of sale. It was the third time the case had been tried. The first time a sentence of two years was returned but it was reversed by the court of criminal appeals. The second trial, last week, resulted in a hung jury.

A charge of possession of intoxicating liquor for the purpose of sale against T. P. Kelly was dismissed in district court this morning when it was found the search warrant was faulty. The jury panel was to report back this afternoon and it was probable that another case would be set for trial.

Banquet Tickets Are Being Sold By Frank Hill

Tickets for the Community banquet being sponsored by the Board of City Development and Junior chamber of commerce, Thursday night in the basement of the First Methodist church are one sale by Frank Hill and those planning to attend are urged to get their tickets early. The price is only 60 cents.

An interesting program under the direction of I. A. Freeman will precede the short talks. Talks will be made by R. G. Allen, Dr. C. H. Schukey and Frank Foster. The banquet will start promptly at 8 o'clock and will last only one hour and a half. Travis Lively, president of the B. C. D., will preside.

Trippers Will Be At Hopkins Event Tonight

Pampa goodwill trippers will go to Hopkins No. 1 school south of Pampa tonight when a pie supper and interesting program will be held. The trippers will leave the chamber of commerce rooms in the city hall at 7:30 o'clock. There will be plenty of cars to take those who do not have a way to go.

The Pampa delegation will supply an interesting program before the auction starts. Bidders will buy pies for themselves and not for others. A large delegation is expected to make the trip.

PSYCHIATRISTS DO NOT AGREE ON WOMAN'S MENTAL STATE

PHYSICIAN IS POSITIVE

ARIZONA DOCTOR SAYS RUTH JUDD IS NOT 'SHAMMING'

PHOENIX, Ariz., April 18. (P)—The Arizona board of pardons and paroles today granted Winnie Ruth Judd a reprieve until April 28. FLORENCE, Ariz., April 18. (P)—Winnie Ruth Judd refused to cooperate today with psychiatrists for the state who examined her preparatory to testifying before a jury which will decide whether the slayer of Agnes Anne Leroi will be committed to an asylum as insane. Dr. Joseph C. Clon of San Francisco, and Dr. Paul Bowers of Los Angeles examined her for 38 minutes, under court order, at the state prison, in the presence of Warden A. G. Walker.

Neither was willing to express an opinion based on their last observation—the examination having proved less satisfactory than they had hoped. Mrs. Judd's counsel continued today with expert testimony of their own alienists.

Dr. George P. Huffman of Florence, who declared Mrs. Judd in his opinion insane, testified "I know she is not malingering." "How do you know that?" asked Howard G. Richardson, of Mrs. Judd's counsel.

"A person who is not versed in insanity as E. Barker of Phoenix, will appear to become suddenly insane," answered Dr. Huffman. "In other words they try to simulate last stages of insanity—not the first."

He described Mrs. Judd as unable to follow a conversation intelligently. "Do you think she understands all the facts of the crime for which she was convicted?" "No, I don't think she does." "Do you believe she comprehends her own situation?" "I don't think so."

"Do you believe she understands the purpose for which she is being punished?" "Well, I would say she knows the purpose for which she thinks she is being unjustly punished."

Dr. Harker of Coolidge, Ariz., testified he had examined the condemned woman three times, each time visiting her from an hour to an hour and a half. "I first tested her to decide in my own mind whether she was sane or insane," said Dr. Harker. "When I found numerous symptoms of insanity, I checked up to discover if she were shamming."

"And what was the result?" asked O. V. Willson of Mrs. Judd's counsel. "The result was I found she was not shamming."

Britons Affirm Their Innocence To Soviet Judge

MOSCOW, April 18. (P)—Just before the court retired today to consider its verdict in the Metropolitan-Vickers defendants case, William MacDonald reiterated his guilt, all the other British prisoners stoutly affirmed their innocence, and all the Russian defendants abjectly threw themselves on the mercy of the court.

Limping to the microphone in front of the judges' stand, his asseetic face unusually pale, MacDonald—the first of the British defendants called on—stood with his hands in his trouser pockets, looked Judge Vassili Ulrich squarely in the eye, and in Russian declared: "I confessed and I have nothing to add." John Cushman, the next Englishman, spoke in English as did the remainder of his British colleagues. He stood with his hands clasped behind his back, and said to the court: "After hearing the very able defense of my counsel, there is little left for me to say. He has torn to shreds the flimsy evidence the prosecutor presented against me. I have said all through that I am not guilty."

AMERICA AND WAR

If there ever was a time when the ordinary American could thank his God that he lives in America, it is the present.

This is not written simply because a long talked-of "new deal" is in the offing, but because the tide of world event is moving in such a way that America is one of the few lands today in which a new deal is possible.

The press of great news from Washington has led most of us to ignore the dispatches from Europe. Those dispatches reveal a grave situation. Not since 1914 has there been such a black bank of storm clouds over Europe's horizon.

And on this continent, as on an island, we find ourselves removed from that peril. To be sure, a great war anywhere on earth would have profound effects upon us; but at least we are not occupying the storm center; the place where the cyclone's vortex will dip down with the most deadly effect.

We are, in short, exceedingly lucky. Our great problem today is not how we are going to defend our national existence against menacing enemies, but how we are going to shape our affairs so as to provide for a long era of peaceful and happy prosperity.

And that, of course, is simply another way of saying that the future belongs to us.

We need to realize this fact and to carry the realization with us constantly. We needn't go back to our old-time cocksure chestiness, in which we felt that our good fortune came to us because we were wiser and better and in all ways more deserving than other folk.

No other great nation on earth today can plan its future without taking into account the strong possibility that all of its plans may presently be knocked into cocked hat by war not of its own making. We can, in a unique sense we are masters of our destiny. We should face the future with a great hope, sobered only by clear knowledge of the weight of the responsibilities we carry.

Sewer Lines Are Being Extended

Laying of additional sewage lines in South Pampa was started this morning. The line will be laid on West Brown street from the alley between Somerville and Gray streets to West street.

Miss Eddie Maude Baumgardner of LeFors left Worley hospital yesterday.

Mrs. E. H. Pepper, who has been ill in Worley hospital, will return to her home in White Deer late this afternoon.

Mrs. C. E. Cheatham will be dismissed from Worley hospital late this afternoon following treatment.

M. Stovall of near White Deer is in Pampa hospital with a fractured hip, received yesterday afternoon when the horse he was riding fell, pinning him to the ground.

Mrs. W. B. Weathered of Hopkins is undergoing treatment in Pampa hospital.

Mrs. A. Izzard of Whittenburg is a patient in Pampa hospital.

UNANIMOUS DECISION IS WON BY PAMPA BOY DEBATERS; MIAMI'S TEAMS COMING THIS AFTERNOON

Reed Clarke and Fred Johnson, upholding the affirmative side of the Interscholastic League question, won an unanimous decision in a debate with the Clarendon team here yesterday afternoon.

This was the first debate since the county meet, two weeks ago, though in the meantime Miss May took the girls' team, Opal Denson and Yedda Stein, to the Rotary Club.

Friday both teams, accompanied by the coach, Miss May, will go to Canyon to compete in the district meet. The Clarendon team will be entered there. The only team in this district which has yet defeated the Pampa girls is Amarillo.

The boys are expecting about 150 parents at the banquet. Entertainment will be furnished by Harry Kelley's department and by Dick and Jack Benton.

Clinton Evans was insulted the other day when he walked into the principal's office and Mr. Some blurted out suddenly, "By Jove, Clinton, I'm glad you called. It reminds me that I had forgotten to take my indigestion pills."

Talking about insults, Charley Frost remarked very proudly to Josephine Lane, "I'm a self-made man." Josey replied, "That relieves someone of the unpleasant responsibility."

The snooping snooper likes to talk of his kind by remarking, "Snooze and you snore alone; talk in your sleep and Walter Winchell sleeps with you."

Wayne Kelley won't date anything out blondes—he's afraid of the dark. With graduation approaching, several seniors have decided that the ussian plan is the best. (You now, five years.)

Mrs. Massa reports that if you're bothered with feet that go to sleep, you might try loud stockings.

The first hour English IV class roke down completely the other day when Miss May said, "Tomorrow we take the life of Burns. Please one prepared."

Future Farmers To Hold Banquet Thursday Night

The F. F. A. boys are holding their annual banquet Thursday evening at 8 o'clock at the high school cafeteria.

At this banquet the awards will be made to the boys who made the highest score year in keeping records on their home project work.

The boys are expecting about 150 parents at the banquet. Entertainment will be furnished by Harry Kelley's department and by Dick and Jack Benton.

OUT OUR WAY By WILLIAMS

The White Cockatoo by Mignon G. Eberhart

SYNOPSIS: One moment merely an engineer on a holiday, doting in his room, Jim Sunden next finds himself accused of murder. It began with a plea from Sue Tally for help against an unseen auditor; he goes for the key of Sue's room; and finds a body in the hall of this almost empty French hotel.

Chapter Ten SUE'S FRIGHT EXCEPT for the witches and the wind and myself, the courtyard was empty. I crossed it again and had the good sense to find and put the discoverable pieces of my flashlight into my pocket against the search the police would make.

"Go bring wood," I said. She looked at me, and I closed the door and shut out some of the wind, and she said, "Oh, in a gasping way. She looked stricken. The toe of her scarlet slipper was near the dead man's hand, and I got the impression that she had been leaning over him."

"I don't know. He went away. As soon as you left as he went away too." "You were alone here?" "Yes." His wiry little shoulders moved in a kind of shudder, and I believed him, although that left the porter and the priest each to his own devices at a time when I was pursuing and being pursued in the courtyard below.

ECHOES OF PANHANDLE-PLAINS HISTORICAL SOCIETY MEETING

T. D. Hobart, Pampa: "I have never been happier than to open this beautiful building and to be here on the day when it becomes the property of the people of this great region."

Mrs. W. T. Coble, Amarillo: "I feel a proprietary interest in everything in the museum. I have gone through it again and again today, delighted to find how valuable and interesting are the things it contains."

L. P. Shelly, Canyon: "Sixteen hundred people visited the museum during the hours it was open today. It will be open from two to six on Sundays so that those who are busy on other days can come to see it. It will also be open Tuesdays and Thursdays from two to six."

Wallace R. Clark, Canyon: "I want to dedicate my next song to Uncle Avery Turner, who was my friend." (He then sang "Rounded Up In Glory.")

J. Everts Haley, Austin: "I have always believed that there is a relation between stability of residence and stability of character."

Mrs. Olive K. Dixon: "This has been a happy day for me. Three of my children are here at the meeting; they are learning what the Historical Society means to the Panhandle."

Miss Mary Cox, Plainview: "We hope everyone who is here can come to our Pioneer celebration in May. We try to make it a day of days for all the elderly people of Hale county and surrounding country."

John McCarty, Dalhart: "We had flats and bad roads, but Mrs. McCarty and I would not have missed this meeting for anything."

H. E. Hoover, Canadian: "Nothing in my whole life has given me more pleasure than my membership in the Panhandle-Plains Historical Society."

W. H. Patrick, Clarendon: "Our work has just begun, we must have at least 2,000 members in this organization; it must grow and grow, for its work cannot be finished; it must go on and on."

J. A. Hill, Canyon: "History is an essential instrument in the hands of each generation. Without it, we who would build for the future select our materials as by a grab in the dark and wield our implements in ignorance of their uses. The work of the Panhandle-Plains Historical Society recognizes at once the source of the civilization we find here and the value of the material in building for the future."

Mrs. T. B. McCarter, Canyon: "I have a feeling for the Mary E. Hudspeth Room which I have for no other part of the museum. It is a tribute to the character of the finest woman I have ever known."

Otto Jennings, Tulla: "I once saw grasshoppers three feet thick in Fuqua's Wagon Yard at Tulla. One of the boys scooped up a tow sack of them and while people were lifting the sack to test its weight, the grasshoppers chewed their way out, leaving only the top of the sack."

Judge A. J. Fries, Childress: "Every one who becomes a member of this Society becomes genuinely interested in it, and can secure other members. I had to adjourn court to be here today. I have tried for nearly ten years to get to a meeting."

J. D. Hamlin, Farwell: "The lone cowboy, riding his horse across

Rangers Roundup Cattle Thieves

DALLAS, April 18. (AP)—On orders from Gov. Miriam A. Ferguson, T. O'Neal, Ranger captain, and Bert Whisman, Ranger sergeant, spent last week in the Panhandle rounding up cattle thieves who had been victimizing ranchers.

Whisman revealed today that 200 charges against 15 Electra butchers were filed. They were charged under the law which requires issuance of a bill of sale with each cow or hide.

The chief loser was reported to have been the W. T. Waggoner ranch near Electra.

TO PRESENT WINNERS

PAY OUT FOR 'EM

R. H. Nichols, Vernon publisher, writes from Austin that legislators are drawing \$10 per day for the first 120 days, but thereafter their pay will be cut in half. The people of Texas feel that unless more harmony can be evidenced on important issues the legislators will have been overpaid at any price. Fully disgusted, many of the lawmakers are eager to go home, having despaired of seeing so large and varied a group agree on anything. There are at least four times too many legislators.

NEW USES FOR WOOD

Evidence of how your Uncle Sam spends money in trying to encourage you to spend big sums on certain industries is shown in a news release from the department of commerce. The letter points out that grandstands and reviewing stands that will give spectators an unobstructed view are now possible thru use of new timer-jointing devices. These connectors strengthen the bolted joint from four to eight times and greatly increase the safety factor, besides encouraging use of wood in stands instead of structural steel.

Mr. and Mrs. P. S. Nichols and daughter, Miss Reba Nichols, and Mrs. L. T. Johnson, all of Clarendon, were guests of Dr. Stephen E. Smith Sunday.

The short grass is becoming a rapidly dimming silhouette against the horizon.

Col. R. P. Smythe, Plainview: "Of course I'm here. I never miss a meeting, do I?"

Horace M. Russell, Amarillo: "The pictures of Harold Eubee, A. W. Mack, Margaret Sewald, John Elliot Jenkins, Vernon Hunter, and Ben Carlton Meade were beautifully hung by Miss Robinson."

Matthew (Bones) Hooks, Amarillo: "I am one of the few remaining witnesses to the part the pioneer men and women played in blazing the way for the comforts of life that the new generation are enjoying today."

Katherine Patrick, Clarendon: "It was a great pleasure to me to collect the signature of the men and women who came to this country before 1900. There will be at least 1,500 signatures in the book when I get it finished. I have more than 900 already pasted in it." She referred to a beautiful book, bound by H. M. Russell, and presented to the Society by Miss Patrick.

John Hendricks, Sweetwater: "I have enjoyed being here. The people at the programs and around the chuck wagon all seemed to be having a good time."

Miss Hattie M. Anderson, Canyon: "People from fifteen states visited the museum during the day. These included residents of New York, Pennsylvania, Oklahoma, Colorado, Kentucky, California, Georgia, Arizona, Washington, New Mexico, Oregon, Indiana, Arkansas, Wyoming and Texas."

This is an example of the huge sums the government is spending on what is essentially the function of private industry. Few newspapers use the publicity, but writing of it pads the federal payroll.

FIFTY YEARS, 40 ACRES

The publicity department of the University of Texas, recalling when the senate was in hot controversy over establishment of the institution, reports that a historical review, "Fifty Years on the Forty Acres," will be given during Semi-Centennial Celebration week, April 24-30. Old books, letters, and newspaper files have been studied for months by James A. Parke, English instructor, who is director of the review.

A WICKED "LADY"

The press agent for E. I. du Pont

de Nemours & company informs us that the unemployed, taking up gardening for the first time in many instances, should know about insect pests, and, of course, the sprays the company has for sale. For instance, there is a chapter on the Mexican bean beetle, called the "black sheep" of the ladybird beetle family. Here's a letter from the convention headquarters of the West Texas chamber of commerce at Big Spring

MANAGER, INTERVIEWING A JOB HUNTER IS SURPRISED

FORT WORTH, April 18. (AP)—Three employees of the American National Insurance company and a job hunter were held up and the till was looted of about \$2,000 cash by two neatly dressed robbers who entered the offices on the eighth floor of a downtown office building today.

J. S. Thomas, manager, was in his private office, interviewing an applicant for a job, L. O. Smith in another room were Mrs. Lois Burnett, 27, and Miss Clara Etta Artz, 22.

One of the robbers went to the teller's cage and spoke to Miss Artz. Before she had time to reply, the man pushed open a door, shoved her aside and ordered, "let me in here."

The robber instructed the women to put their hands behind their backs and he securely bound them with adhesive tape.

Meanwhile, the second robber went into Thomas' private office and treated the men in a similar fashion. The robbers warned their victims to "keep your face to the window for five minutes and don't open any doors." They ripped the telephone from the wall.

Taking a money bag containing about \$2,000 which one of the robbers was preparing to take to the bank, the robbers left through the door of the main office.

Daniels Makes 'Big Hit' With Student Ranks

MEXICO CITY, April 18. (AP)—Student leaders told El Nacional today that Ambassador Joseph Daniels' first remarks here had created a magnificent impression in Mexican student ranks and had started a reversal of the opinion of the new envoy previously held by students.

The leaders were especially pleased with Mr. Daniels' viewpoint on international relations and with the respect he has shown for students, the newspaper found.

"The first acts of the distinguished journalist have created a magnificent impression in student ranks," said Guillermo Ibarra, secretary of the national student federation, which had attacked the appointment of Mr. Daniels.

Ibarra expressed satisfaction that the ambassador had sent salutations to Mexican students. Other student leaders expressed confidence that the ambassador would prove to be a warm friend.

Mr. Daniels took over his post Saturday. Because his appointment had been criticized by some Mexicans he was accorded an extraordinary guard when he arrived in the capital.

Texas' Exhibit at World's Fair Is Started, But \$125,000 Is Needed

AUSTIN, April 18. (AP)—With actual construction work under way on the Texas exhibit to be displayed at a Century of Progress world's fair opening at Chicago on June 1, the Texas world's fair commission is endeavoring to raise an estimated \$125,000 necessary to assemble and maintain the exhibit, Ivan H. Riley, and Chicago architect, and Walter T. Rolfe, professor of architecture at University of Texas, are associated architects and designers of the Texas exhibit.

In addition to displays of the agricultural, mineral and industrial development of the state, the history and promises of greater future development will be told in mural paintings and dioramas, the new display in three dimensions.

The story of wheat from the preparation of the ground through the harvesting and milling, will be shown in an elaborate action diorama as will also the production and uses of petroleum and its products.

The port facilities along the Texas gulf coast at Port Arthur, Galveston, Houston, Corpus Christi, and Point Isabel will be demonstrated in moving dioramas showing tonnage figures of the various commodities originating in Texas.

A cross section of the sulphur industry, agriculture, livestock raising, winter vegetable growing and the citrus industry will also be shown in action dioramas.

Chinese Fleeing Before Jap Army

TIENSIN, China, April 18. (AP)—Chinese forces continued a retreat toward the railroad leading from the coast to Peking today before a Japanese offensive. They established defenses as far south as Tangshan, only 80 miles northeast of Tiensin.

Japanese military authorities, disclaiming intentions to continue toward the cities of Tiensin and Peking, said, however, that if new Chinese bases were established south of the Lwan river, "these also would be destroyed."

Last Rites For Mrs. Swafford To Be Tomorrow

FUNERAL services for Mrs. Chester E. Swafford, 40, who died yesterday morning after an illness of three weeks, will be conducted at 2:30 o'clock tomorrow afternoon in the First Baptist church with the Rev. C. E. NOW SHOWING HARDEEN PACKING CASE ESCAPE

LAST NIGHT I SAW HARDEEN DO A WONDERFUL ESCAPE ACT.

WHAT HE SAW

SHACKLED, NAILED IN A PACKING CASE, AND ROPED, HARDEEN, FAMOUS BROTHER OF HOUDINI, ESCAPED FROM THE BOX!

YOU KNOW WHAT THAT TRICK IS DON'T YOU? NO—WHAT IS THE CATCH?

HE HOLDS THE KEY TO THE HANDCUFFS BETWEEN HIS TEETH. THE ORIGINAL NAILS THAT HELD THE BOX TOGETHER HAVE BEEN REPLACED BY LITTLE SHORT NAILS SO THAT HARDEEN CAN PUSH A BOARD UP AND CRAWL OUT. THEN HE PUTS THE BOARD BACK TO MAKE THE BOX LOOK O-KAY.

I SEE THE TRICK NOW. HAVE A CIGARETTE?

NOT THAT KIND.

WHY NOT? THEY'RE MILDER AREN'T THEY?

SAY BUDDY, THERE'S NO MAGIC IN CIGARETTES. IT'S THE TOBACCO THAT COUNTS.

THIS IS MILD. I HAVE BEEN FOOLING MYSELF ABOUT CIGARETTES.

IT'S MORE FUN TO KNOW ISN'T IT?

Tea will be poured by Mrs. J. M. McDonald, president of El Progresso club; Mrs. Katie Vincent, president of the Civic Culture club, and Mrs. C. T. Hunkapillar, president of the council of clubs.

Others assisting will be the following club presidents: Mrs. Raymond W. Harrah, Twentieth Century; Mrs. F. E. Leach, Twentieth Century Culture; Mrs. A. B. Goldston, Junior Twentieth Century; Mrs. Robert Gilchrist, member of the Child Study club; Mrs. Charlie Thut, Garden club; Mrs. O. H. Booth, Arno Art club; Mrs. Philip Wolfe, Treble Clef club; Mrs. E. M. Conley, Little Theater; Mrs. E. C. Will, American Association of University Women.

State officers will be guests of honor at a banquet to be given at the hotel Saturday evening at 8 o'clock. The banquet will be followed by a dance, to which the men of the local civic clubs are invited.

An emblem breakfast has been scheduled for 8:15 o'clock Sunday morning, and a "round-up" luncheon for 12:15 o'clock the same day.

Easter Party Is Held on Birthday

Little Miss Martha Lu McCullough, age 4, celebrated her birthday Saturday afternoon when her mother, Mrs. L. N. McCullough, entertained a group of little girls.

Each child was given an Easter basket, and eggs were hunted in the attractive back yard of the McCullough home. Other games also were played and a birthday cake topped with four candles was cut and served with ice cream. Martha Lu received a number of attractive birthday gifts.

Guests were Dorothy King, Patty McDonald, Dorothy Glen Kerns, Patsy Ruth Miller, Carol Ann Conley, Marilyn Martini, and Doris Ann Davis.

Mrs. L. N. McCullough and children, Martha Lu and Neil Jr., spent Easter Sunday in Miami.

Betty Compton, James J. Walker Wed in France

CANNES, France, April 18. (AP)—Former Mayor James J. Walker and Betty Compton, American actress, were married here today.

The couple entered the city hall by the back door to avoid the curious persons.

They were married at 11:15 a. m. by Mayor Gazagnaire of Cannes. Witnesses for Walker were his lawyer, Alfred Sharon, and his hotel proprietor, M. Martinez. Dr. Joseph Fisher, Walker's physician, was witness for Miss Compton.

The bride's mother, an Associated Press correspondent, and one other person were the only additional spectators at the ceremony.

Immediately afterward, Mr. and Mrs. Walker ran through a group of photographers and an inquisitive crowd, escaping without disclosing their immediate plans.

The bride wore a green hat and green tailored flannel dress. Walker wore a navy blue suit, a blue shirt and tie to match.

At the conclusion of the ceremony, Mayor Gazagnaire made a brief speech in French, saying the city of Cannes was grateful to have both the bride and groom living here.

Addressing Walker, the mayor said:

"I hope when you are recalled to America to take another official position, probably as mayor of New York, you will remember Cannes pleasantly."

Walker, for whom the speech was translated, did not reply.

Friends expect the couple to live at the bride's villa, Beau Geste, perched on a hill near Cannes, among flowers and mimosa trees, looking over one of the most beautiful spots in the Riviera.

The bride recently expressed a hope that Walker would buy a home here since the villa does not belong to her. She said she hoped, too, that they would have children.

The couple jumped into an automobile, taking an undisclosed honeymoon trail.

The marriage of Miss Compton, one-time Broadway star and the former mayor of New York, is her third venture into matrimony and his second.

They had been friends for five years. As early as 1928 they were seen together at night clubs, but reports linking their names did not become a matter of public record until Samuel Seabury's investigation, which culminated in Walker's resignation as mayor.

Miss Compton's first marriage was to C. S. Riches of Toronto, a union that ended in divorce in 1926. In February, 1931, she married Edward Dureya Dewling, a dialogue director for the movies. After a honeymoon trip to Havana, from which they returned separately, a Mexican divorce ended that marriage.

Recently Walker was divorced by

How CARDUI Helped Weak, Nervous Woman
"I was nervous and weak and my back hurt," writes Mrs. Emma Nichols, of Murfreesboro, Tenn. "I could hardly rest. I had a nervous, weak trembling in the lower part of my body, and a bearing-down feeling. I had read of Cardui and decided to take it. After my first bottle, I felt better and kept taking it. It helped me. I took three bottles, and by then I was much improved and rid of the nervousness, so much so that I have recommended Cardui to my daughters and friends. I think it is a splendid medicine to build up the whole system."
Cardui is sold at drug stores here.

Decorations—Mrs. H. E. Crocker, Mrs. J. R. Miller.

Camp Fire Girls Attend Hike and Study Camcraft

The Camp Fire Girls selected a grassy place west of the city as the destination of a hike Friday afternoon. The girls were given some instruction on fires. The ten kinds of fires most used by campers were studied, and each girl learned how to build a broiling or toasting fire.

While roasting weiners, given them by the Pampa Packing company, and while preparing other "casts," Miss Seeds told the story of fire lore. Mrs. Barrett explained out-door cooking, fire control, and a clean camp.

An hour was spent in songs and games, after which plans were made for the next meeting by Helma Beckham, Mary Seeds, Anna Mae Jones, Odessa Winkler, Evelyn Bicknell, Myrtle Ethel Seeds, Mrs. B. Barrett, and a visitor, Lois Foster.

The girls will meet in the home of Mrs. Barrett, 713 W. Francis, Friday to make bead looms and start head bands.

B. S. U. Conference Is Held in Canyon
CANYON, April 18.—Students of the West Texas State Teachers college were hosts Saturday to delegates from Texas Technological college and Wayland college who came to Canyon for the annual Baptist Student Union Plains conference.

Visiting luminaries, as well as several Canyon college professors, officials and students, had prominent places in the day's events, which were planned to follow the general conference program theme, "Together."

Robert Fling, of Fort Worth, president of the B. S. U., was present and addressed the students at the assembly hour in the morning, speaking inspirationally on the subject, "Let Your Hands Be Strong." Special music was furnished during the hour by the Wayland Ladies chorus. Chas. E. Taylor introduced the speaker.

The main speaker of the afternoon session was President J. A. Hill of the Canyon college. Luncheon was served to the visitors at the First Baptist church at 12:15.

Seven-Year-Old Jean Mullen Is Good Lecturer

One of Pampa's youngest lecturers is Little Miss Jean Mullen, 7-year-old daughter of the Rev. and Mrs. John S. Mullen. Jean, a pupil of Miss Vivia Cox's room, second grade, Woodrow Wilson school, last week went from room to room at the school lecturing on customs in Japan. Her uncle, you see, is connected with General Motors in that country, in addition to doing missionary work.

Jean showed a sample cabinet, each drawer of which contained some different article used by a lady in dressing. There were flowers worn on festival days, little combs, and a black switch. "She held the children spell-bound," said Mrs. Annie Daniels, principal.

CONOCO BRONZE GASOLINE
HIGH TEST

It made me a member of the Bronze Boosters Club!

EVERY user is a booster—Conoco Bronze starts impulsively, picks up outrageously fast and slides into the long pull with a low-cost-per-mile advantage that wins life-long friends.

Never have gasoline claims been so quickly proved and underscored by hundreds of thousands of drivers intent only on finding a better gasoline—at a "regular" price. Now they echo the claims that Conoco made—with more emphasis than Conoco dared.

If you want instant starting—lightning pick-up, improved anti-knock, more mileage and power, want all of these things in a greater measure than in any gasoline you have ever used—buy Conoco Bronze.

BUFF SOUTHPAW ALLOWS 5 HITS, NO RUNS IN 2 GAMES

MISSIONS ARE BLANKED; CATS LOSE ANOTHER

GALVESTON SMOTHERS BEAUMONT ROOKIES 11 TO 2

By BILL PARKER, Associated Press Sports Writer.

Mike Cvevros, Houston southpaw, apparently has decided the sure means of beating any team is to plaster on a heavy coating of white-wash.

Last week, Cvevros started his 1933 mound campaign by blanking Galveston, 1 to 0. Tony Governor was the only Bucacner to solve Cvevros' curve for a hit.

Ready for another turn on the mound, Cvevros stepped out Monday with an 8 to 0 decision over San Antonio. He stopped the Alamo city tribe with four hits. Two games, five and no runs. That's what Cvevros calls a fair start.

Backing up Cvevros' pitching was the clouting of his mates, who connected for 12 hits off House, Kissenich and Walkup.

The victory kept Houston in a deadlock with Dallas for the league leadership. Each boasts 5 wins and one defeat.

Dallas' hitters, such as "Black Tom" Jenkins, Zeke Bonura, Sam "Slam Em" Langford, and Tex Jeanes, hammered the ball for a 10 to 8 victory over Fort Worth.

Beaumont experimented with rookie pitchers. It was a sad experience, for Galveston had a field day plus an 11 to 2 victory over the rookies. Beau Bell, outfielder, paced the Galveston hitting with three timely wallops.

Otto Nicholas, recently unconditionally released by Fort Worth as not having enough stuff to win in the Texas league, appeared in Oklahoma City's lineup and hurled the Indians to a 5 to 2 victory over the Tulsa Oilers. Nicholas held the Oilers to five hits.

TRACK-FIELD MEET FRIDAY

Harvesters Will Go To Canyon to Compete in District Interscholastic Games.

The Pampa high school track and field squad will go to Canyon Friday afternoon to participate in the preliminaries of the District 1 track and field meet. Finals will be Saturday afternoon, starting at 2:30 o'clock. Preliminaries will start at 4 o'clock Friday afternoon.

Coach Odus Mitchell has been putting his thinclads through stiff workouts, and although several of the boys are still suffering from bruises received in the football game, and Ed. Rockwell's sprained ankle is not healing as fast as expected, the boys should be in fair condition for the big event.

The athletes placing first and second in the district meet will be eligible to go to the state meet in Austin with rebates. The Harvesters are among the teams favored to take the meet. Clarendon and Amarillo are the other teams doped to be fighting for first place honors. The three schools should provide the real competition in the high and low hurdles, high jump, and half-mile.

Most of the Harvesters are showing marked improvement. Coach Mitchell doesn't think his boys have reached their peak yet. Given a nice day and Pampa should be at or near the top of the district heap.

POWERS TO KILGORE

AUSTIN, April 18. (AP)—Neal Powers, assistant attorney general, left today for Kilgore where he will study a record of the potential tests made of wells in the East Texas oil field. Powers will make his survey preparatory to assisting the Texas Railroad commission with preparation of a new proration order for that area.

HAS TRIUMPH

ALLEN WHITLOW

THE boy pictured above has made himself popular with Pampa boxing fans and others who have met him. He is a quiet little fellow, but when he gets in the ring his one ambition is to give an exhibition that pleases the fans. That is why he is near the top of the rung in the lightweight division. Whitlow will box Fete Regal of Fort Worth in the main event of the American Legion's boxing show at the Pla-Mor auditorium tomorrow night.

REGAL BRAGS WHAT HE WILL DO TO 'WHIT'

FURIOUS BATTLE IS IN PROSPECT ON TOMORROW

Pete Regal arrived in the city from Fort Worth last night and said he is ready for his big match with Allen Whitlow at the Pla-Mor auditorium tomorrow night. Regal and Whitlow will box the main event on the American Legion's boxing card.

The Fort Worth boy appeared in the pink of condition. He announced to the world at large that Whitlow was going to have the busiest evening of his career when he steps into the ring Wednesday night. Whitlow said nothing when he heard about the remark. Fans know what the little fellow can do.

The bout the fans have been howling for has been arranged and Joe Vernon, local boy, will meet Eddie Brock of Amarillo in the 8-round semi-final. Vernon will spot the Amarillo boy 10 pounds but he should be able to hold him. Brock was seen here last week and he made a hit with Pampa fans.

Rusty Cahill, local old timer, will take part in the 6-round special event with Dave Sutton of Fort Worth as the other slugger in the ring. Both will weigh 144 pounds. Cahill has been training hard for the last three weeks and is in good condition.

A boy his size has been secured for Hates Saltzman, local boxer, in Kid Wods of Fort Worth. Saltzman will weigh 142 pounds and Woods 139 pounds. The four rounds should be fast and furious. A good preliminary is being arranged by Matchmaker Andy Andrews.

Admission will be 60 cents for men and 25 cents for women and children with 25 cents extra for rineside seats for all.

As a special attraction, Arthur Saxon, world's strongest man, will give an exhibition of strength between two of the bouts.

J. S. McLaughlin of Miami was a Pampa visitor today.

BIG SURPRISE OF MAJORS IS BOSTON CLUB

ONLY 23 HITS IN FOUR GAMES ALLOWED BY SOX HURLERS

By HEBBERT W. BARKER, Associated Press Sports Writer.

Nothing so far this major league season has been quite so startling as the magnificent showing of the Boston Red Sox, for years the doormat of the American league.

The standings, coldly mathematical, show the Sox have won only one game in four but with a little luck it might just a well have been four victories and no defeats.

Maybe it won't last, but Manager Marty McManus has been getting just about the best pitching in either league. His moundsmen, called upon to face the clubs picked to finish one-two—the New York Yankees and Washington Senators—have allowed 23 hits in four games, less than six a game.

The "breaks" cost the Sox their first two games with the Yankees. Paul Andrews, Bob Kline, and John Welch held the champions to nine hits while Boston was clouting Vernon Gomez for 12 in the opener but Lou Gehrig's homer with two on enabled the Yankees to win, 4-3.

Bob Weiland granted only five safeties in the second battle but Charley Ruffing clouted a homer with the bases filled in the ninth and the champions won a gain, 6-2. Dusty Rhodes and Kline collaborated on another five-hit masterpiece against Washington Saturday but once more the Sox found lady luck frowning on them and they went down, 2-1.

Such ill fortune couldn't continue indefinitely and Tom Yawkey's club finally broke into the winning column yesterday, spilling the Senators, 4-2, as Henry Johnson, aided and abetted by Kline and Welch, held Washington to four hits. And in the process, the Red Sox cracked Alvin Crowder's two-year winning streak of 16 games in succession.

The weather man permitted playing of only two other games: The Chicago White Sox assaulted Vic Sorrell and Art Herring for five hits in the first inning but Detroit's Tigers came back to tie the count in the eighth and win in the tenth, 8-5, when the young rookie outfielder, Ervin Fox cracked a home run with two on. Another rookie Jo Jo White, climaxed the eighth

PLAYGROUND BALL SEASON TO BEGIN MAY 2, CLOSE SEPT. 5

One Pardon, 5 Paroles Issued

AUSTIN, April 18. (AP)—Governor Miriam A. Ferguson today granted a conditional pardon to Leon H. Bryant, convicted in Dallas and Tarrant counties of forgery and passing forged instruments. He had been sentenced to seven years imprisonment.

Five general paroles were issued as follows: Bunk Harris, Howard county, assault to murder nine years, convicted in April 1930; G. C. Adams, Taylor county, violating prohibition law, one year; B. N. Taylor, McLennan county, burglary, two years convicted in July 1932; W. H. Anderson, Harrison county, burglary, two years, convicted in March 1932, and Dave Silver, Bastrop county, theft two years, convicted in July 1932.

The season will get under way May 2 and end September 5 with each team playing 36 games. A split season was voted on. It is hoped that night ball can be started June 1. Each team will play two games a week.

Teams will swing into action two nights a week, playing on four diamonds, until such time as lights can be installed, then play will be every Tuesday and Friday nights with double-header games scheduled.

A 12-inch, insect ball will be used. It was agreed that the games will be faster with that type of ball. Also 60 foot bases will be used and spikes may be worn if desired.

An entry fee of \$5 will be charged and it will go into a fund along with gate receipts to be divided among the clubs at the end of the season. Admission to night games will be 15 cents for adults and 5 cents for children.

Teams in the league are being sponsored by the Diamond Shop, Davis Plumbing company, Dancier

Petroleum Contributes to your welfare

FROM the most ragged little urchin to the beautifully gowned "Colonel's Lady", petroleum has contributed tremendously in the past 35 years to the welfare of every American—especially to those of us who live in the five Southwestern States.

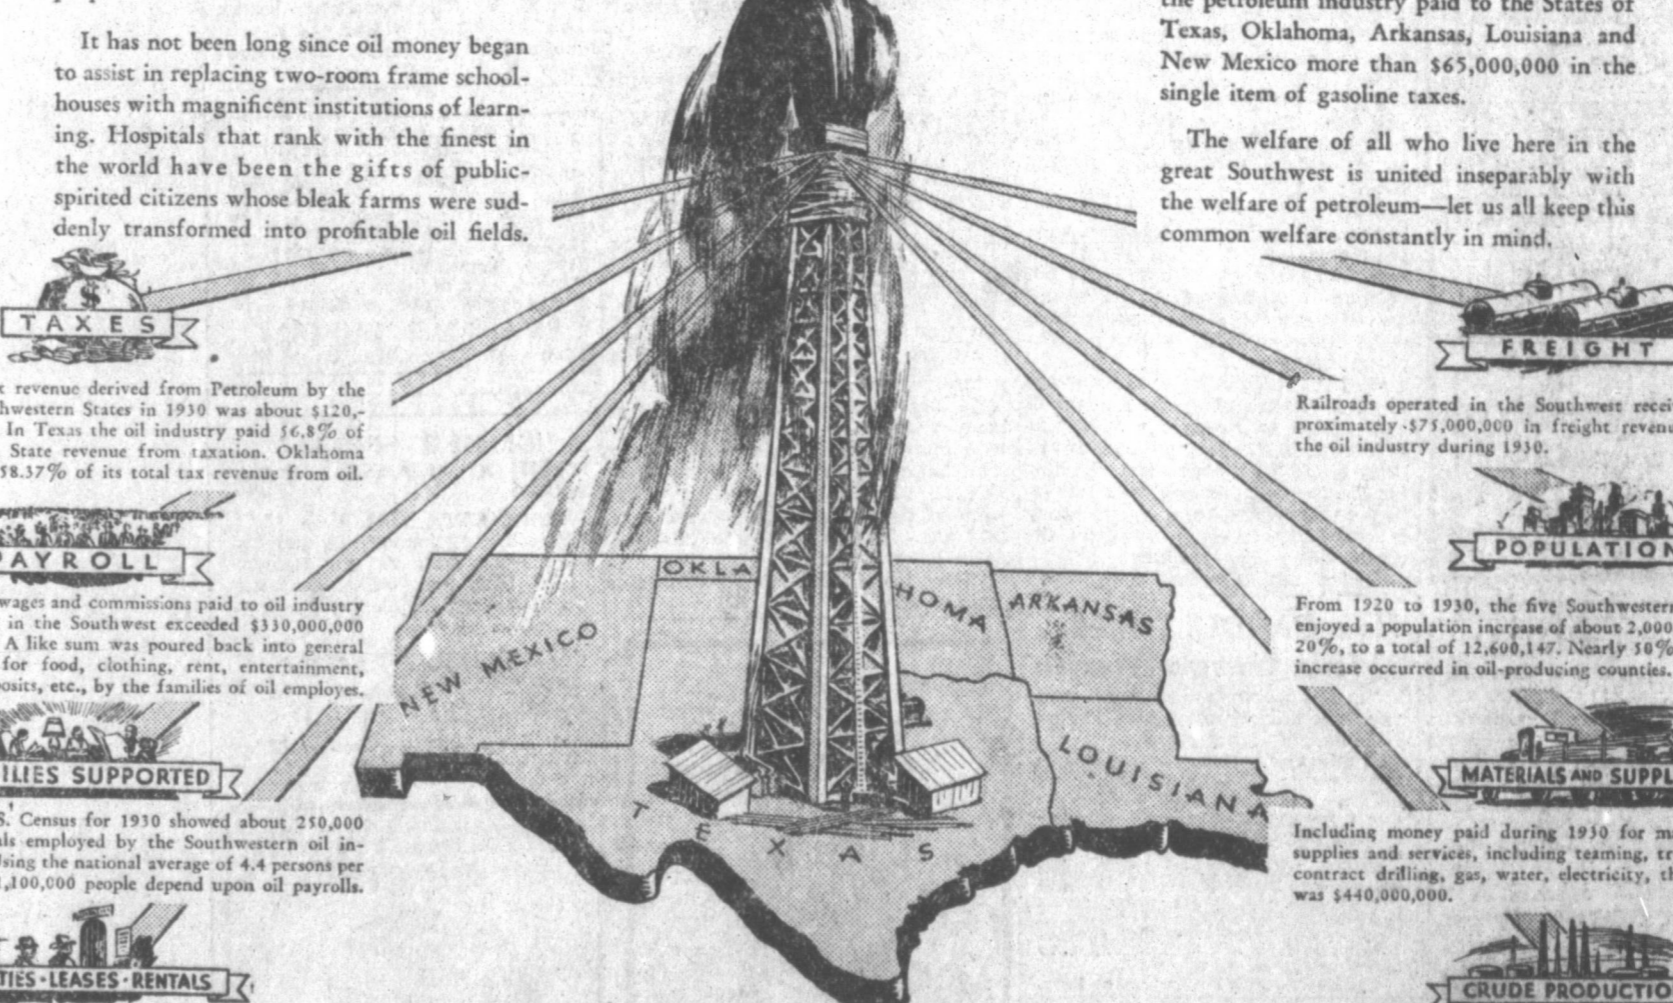

In thirty-five years the population of the Southwest has almost trebled. It increased nearly 20% between 1920 and 1930—to a population of more than twelve and one-half millions. Hamlets have grown into great cities almost overnight—and oil is chiefly responsible.

In Texas alone, the value of manufactured products has leaped from less than \$100,000,000 to more than \$1,200,000,000, with petroleum accounting for nearly 40 per cent of the total. In the other Southwestern States

the development has been equally as remarkable. Figures and statistics are dry reading. But they are indisputable proof of the part petroleum is playing in the growth of your homeland... of what petroleum contributes to your welfare.

In 1931 Southwestern landowners and their assignees received around \$160,000,000 in royalties, lease bonuses, leases and rentals. Another \$440,000,000 at least went for materials, supplies and field service. It is estimated that a total of not less than TWO BILLION DOLLARS a year is paid into the pockets of Southwestern residents directly by petroleum and its products. In 1932—alone—the petroleum industry paid to the States of Texas, Oklahoma, Arkansas, Louisiana and New Mexico more than \$65,000,000 in the single item of gasoline taxes.

The welfare of all who live here in the great Southwest is united inseparably with the welfare of petroleum—let us all keep this common welfare constantly in mind.

Southwestern landowners and their assignees received \$160,000,000 in 1931 from the various oil companies for royalties, lease, lease bonuses and rentals.

Since 1920 the value of crude oil produced in the five Southwestern States has totaled about \$9,427,000,000—9½ Billion Dollars!
