That fellow Winthrop W. Aldrich of New York, who would reform banking, shows what the bankers of Wall Street would do if they were not outnumbered by the bankers.

Jim Ferguson isn't having any luck this session of the legislature as a dictator. But it can't be said he is without adequate instruction by more successful "iron men." Maybe Jim is just a little rusty.

Farmer Jim is said to be longing for the time when the legislature will take a recess and let him make a few un molested appointments. And some observers declare that if the solons don't show more speed than they have recently there won't be any recess.

Some much needed prayer would be to limit the number of lobbyists per lawmaker with the allowable to fluctuate inversely proportional to the zeal and activity of the lobbyists.

The West Foster grouch has abandoned his outdoor bench until March winds quit intermingling with his expectorative markmanship.

NEW BOSSES FOR OLD.
The man-in-the-street may find it difficult to believe that the former: powerful, public-be-damned railroads are really facing collapse. But such is true and President Franklin Delano Roosevelt is having his experts prepare a bill to stave off disaster. . . . The railroads are essential. They cannot be allowed to collapse. The country has no bigger stake in any business. There is much talk of a rail dictator.

WHO OWNS THEM?
A few railroad presidents draw princely salaries, but they don't own the railroads. The public and various insurance companies and other investing firms own most of the rail stocks which have been sold. If you can imagine twenty billions of dollars, you know how much the public has at stake in the railroads. More than that, if you don't own rail stock, you perhaps have an insurance policy, with its value resting, at least in part, on the value of rail stocks. Imagine, if you can, the plight of Uncle Sam if he is forced to take over the railroads and assume twenty billions of dollars in stock liabilities.

SEVERAL RAIL PLANS.
"Rugged individualism" in railroad competition has been steadily restricted since the halcyon days of James Hill, rail pioneer. Today talk of dictatorships and forced mergers buzzes around the head of the president. One plan would be to direct rail policies, perhaps to curb truck competition, and to unify operations in the interest of economy. Another plan would be to force the roads into seven great systems—no more—covering the entire nation. In either case, the government would give most of the orders.

STRANGE PARALLEL.
While the government is busy setting up benevolent dictatorships—including one suggested for the oil industry—many observers are interested in eliminating certain dictatorship by a small group of powerful financiers. As Huey Long puts it, America financially is ruled by

INSURANCE MORATORIUM APPROVED

TO RESTRICT POLICY LOAN WITHDRAWALS

LAW TO BE IN EFFECT WHEN GOVERNOR SIGNS BILL

SALARIES ARE LIMITED

DIVIDENDS WOULD BE PROHIBITED BY COMPANIES

AUSTIN, March 29 (AP)—The Texas legislature today finally passed a bill to protect Texas insurance companies from heavy withdrawals on policy loans and cash surrender values. A free conference committee report on the bill was accepted by each house by a majority sufficient to put the law into effect immediately upon the governor's signature. The compromise bill was passed by the Senate after little discussion by a vote of 21 to 10, a majority barely sufficient to make it effective immediately. House action was by a vote of 113 to 21. The insurance moratorium would authorize the state board of insurance commissioners to limit policy loans and payment of cash surrender values on policies issued by Texas companies. Companies that took advantage of the proposal would be prohibited from paying their officers, directors and employees more than \$1,000 per month and would be prohibited from declaring dividends to stockholders. Expiration date of the bill was fixed at Dec. 31, 1933. (See INSURANCE, Page 2)

Finance Drive For Boy Scouts In Full Swing

The Boy Scout finance drive continued today with evidence that it was just getting well under way, and with a prospect that it would be completed by Saturday night. Workers were busy both in the city and in the adjacent oil fields, where interest in Scouting is exceptionally high. Several teams started their work for the first time today in the main business session. Rather than to stage a high-powered drive in a community already well-sold on Scouting, President A. O. Post, Roger McConnell, and others on the executive board are directing a thorough canvass in which it is hoped that everyone will have an opportunity to contribute something. Anyone not seen may leave his contribution at the headquarters of office in the city hall, where solicitors are making daily reports. Meanwhile, boys continue to register in all parts of the council, drives are being planned in other towns, and adult leaders' training courses are being started.

Gene Shackleton who relies on wheat not oil for his shekels, and he recalled that the last rain of any consequence in this section was last July 5. He says that hasn't been an inch and a half of rain at his place since then, and that the present drought is a record-breaker. A high school youth early this morning driving west on Kingsmill in front of the post office, gazing unconcernedly around him but not in front, and his car barely missed colliding with M. P. JOHN D. MEETS DAINTY CHARMER

IT LOOKS AS IF John D. Rockefeller has a new sweetheart. R. F. C. MONEY MIGHT BE USED TO PAVE M'LEAN ROAD—SURVEY OF PUBLIC WORKS IS LAUNCHED

Possibilities Of New Policy Are Being Investigated

Liberalization of the policy of the Reconstruction Finance corporation with reference to loans for public works projects of a non-self-liquidating character may prove of particular interest to Pampa and Gray county, it developed today. C. H. Walker, chairman of the Gray county federal relief committee, is holding conferences with city and county commissioners with regard to postponed and proposed projects. The West Texas chamber of commerce is underlaking a public works survey of this section for presentation to the advisory engineer of the R. F. C. at Dallas. Mr. Walker will list all the projects which might be carried out in this county. The program involves the huge projects which President Franklin D. Roosevelt expects will help greatly to relieve unemployment. To the county the prospect is of interest chiefly because of unsold and at present unmarketable bonds voted to build the as yet incomplete Pampa-McLean paving. If the R. F. C. would take Gray county bonds for this project, at a lower per cent than bond buyers have offered, it would make possible immediate construction of the highway and would provide work for many men. City commissioners are not in favor of borrowing money for any non-self-liquidating project. As a matter of information, however, they have asked Mr. Walker to investigate the possibility of securing R. F. C. funds for possible purchase of local gas and electric utilities. With congress making hundreds of millions of dollars available for public works projects, it is possible that the program may be of benefit to this county.

They will do their own speaking. All the details have not been worked out, but the orators, valetictorians, salutatorians, and other talented members of the class can be depended upon to provide all the speeches the class and the public desire.

Banker Again President Of Chamber—Sturgeon Talks At Annual Banquet.

By OLIN E. HINKLE, Managing Editor, THE NEWS. M'LEAN, March 28.—It's pleasant to live in a small town, where bigness is not essential to greatness and size is not prerequisite to grandeur, where Bill is Bill and Joe is Joe, and the people realize that a fine little community can be an end and not a stepping stone to big city ways—and taxes. That's what McLean people thought and said last night as their annual chamber of commerce banquet was held in the dining room of the First Methodist church. The keynote was sounded in the welcome address by the Rev. W. A. Erwin, echoed in remarks of Claude Williams, the genial toastmaster, and emphasized in the main address by John Sturgeon, Pampa attorney. "Best Thing Is Honesty." "Our destiny is not to be ministered unto, but to minister," said Mr. Sturgeon in declaring that sturdy patriotism and loyalty to American ideals constituted the need of the hour. "The best thing you have in your town," he added, "is common honesty in a good citizenship. I congratulate you on your courage and the honesty and idealism of your leaders." After President Reuben R. Cook of the chamber had outlined its activities in the last year, Toastmaster Williams introduced the other officers, who were: Vice-president, C. O. Greene; secretary, W. E. Bohannon; treasurer, Claude Williams; directors, Jesse J. Cobb, Boyd Meadows, O. G. Stokely, Ralph A. Caldwell, M. D. Bentley, T. A. Landers. (See M'LEAN, Page 2)

Father Kills 3 Children Then Shoots Himself

OPELOUSAS, La., March 28. (AP) Herbert Richard, barber of Sunset, La., early today shot and fatally wounded his three young daughters as they slept and then killed himself before the mother of the family, milking cows in the yard of the farm home, could intervene. Two of the children, Meric, 11, and Rosalie, 6, were killed instantly by bullets through their heads, and the third child, Gerie, 13, died this afternoon. No motive for the shootings could be learned by officers.

LaNora Stage Is Made Ready For Three Elephants

Carpenters worked at bracing the stage of the La Nora theater all day yesterday and this morning so that the three elephants appearing with the Singer's Midgets could be presented with the little people to night and tomorrow afternoon and night. The troop was to arrive here at 3 o'clock this afternoon, registering at the Schneider hotel. Their first appearance on the stage of the La Nora theater was to be at 4 o'clock and was to be followed by a parade starting at 5 o'clock. They will make two appearances tonight, one tomorrow afternoon and two tomorrow night before leaving for New Mexico and points west. The little folks have a 55-minute act that is equal to any big time show in the country, according to Pampans who have seen them play. The troop orchestra of 10 of the little fellows plays every type of music. The chorus dances and sings and the pageants put on during the show are startling. Manager George Limerick is so pleased with the act that he has not been himself since he saw it in Amarillo last week.

Sophomore Was Quite Bored By George B. Shaw

SAN PEDRO, Cal., March 29. (AP)—George Bernard Shaw, who admits he is one of the greatest masters in literary life today, is en route to New York to discover a few additional facts about America. The whiskered Irish dramatist sailed from here last night on the Empress of Britain, traveling by way of the Panama canal and nearing the end of an around the world cruise. While the monolast left in his wack in Southern California a number of screen celebrities who were impressed by his visit despite his caustic remark that he would return sometimes and "show you how to make pictures," there was at least one person who had come in close contact with the dramatist who saw nothing unusual in Shaw's brief sojourn. When the airplane carrying Shaw from the William Randolph Hearst ranch at San Simeon to Los Angeles was forced down on the beach yesterday near Malibu, George Gray O'Connor, a sophomore at the university of California at Los Angeles, happened along in his dilapidated automobile. Mr. and Mrs. Shaw accepted O'Connor's invitation for a bouncing ride to Malibu. "Now that I think of it," said O'Connor, "I can't recall a cock-eyed thing said by Mr. Shaw that was really funny."

KNIFE VS. TURPENTINE

NEW YORK, March 29 (AP)—Oliver King has been sent to jail for 30 days but—and this is important—it wasn't for chasing his wife with a knife. "That's a canard," he told the court heatedly. "I had no knife. I chased her with a hammer." Mrs. King disputes his contention that there were extenuating circumstances, such as putting turpentine in his liquor. E. M. Rowland of Bartlesville was a Pampa visitor yesterday.

INDEPENDENT FACTION STILL OPPOSES PLAN

INTERSTATE SHIPMENT OF OIL WILL BE CURTAILED

ICKES APPROVES IDEA

DANCIGER AND GROUP HAVE TALK WITH ROOSEVELT

WASHINGTON, March 29 (AP)—With the expectation that a program of government regulations to stabilize the oil industry would gain approval, state and federal officials and oil producers pushed ahead with work on the details of the plan today preparatory to final action. Secretary Ickes had not formally approved the plan submitted by representatives of the governors of oil producing states, major companies and some independents, but he was described as in accord with its major provisions. The program calls for the appointment of a federal representative to work with representatives of the oil states for an agreement to fix the daily quota of each state on the basis of present and potential production. Secretary Ickes has suggested a 2,000,000 barrel daily maximum for the country at large. Once this agreement is reached, a federal law will be asked to prevent the interstate shipment of oil produced in violation of a state's quota regulations, or the legislation might be requested beforehand in anticipation of an agreement. Believe Law Is Solution. Oil men expressed belief that a federal statute to limit illegal interstate shipments of oil would end over-production, since the saturation point in a state for petroleum produced in violation of regulations soon would be reached. FIRST RAIN IN MANY WEEKS IS WELCOMED HERE

Clouds Give Hope To Wheat Farmers Of Section

Showers ranging from 17 of an inch in Pampa to half an inch in parts of the south part of the county and to an inch near Miami fell last night to break a drought of many weeks' duration. Farmers, skeptical of the value of what fell, were exceedingly hopeful that more rain would fall from clouds brought by an easterly wind. Fair, and somewhat colder tomorrow—this was the forecast of federal observers, who thought some local showers might fall but saw no general rain in sight. Longtime residents, however, are predicting a substantial moisture will fall by the middle of April. The law of averages supports this theory.

WASHINGTON, March 29 (AP)—President Roosevelt asked congress today to provide federal supervision of investment securities. In another direct special message his sixth in less than three weeks—the chief executive declared the public has sustained "severe losses through practices neither ethical nor honest." Thereupon, he proposed to invoke the power of the Federal government in interstate commerce traffic to control new securities. "What we seek," Mr. Roosevelt said, "is a return to a clear understanding of the ancient truth that those who manage banks, corporations and other agencies handling or using other people's money are trustees acting for others." The president's text today, follows: "To the congress: I recommend to the congress legislation for federal supervision of traffic in investment securities in interstate commerce. "In spite of many state statutes the public in the past has sustained severe losses through practices neither ethical nor honest on the part of many persons and corporations selling securities. Girls Win And Boys Lose In Canyon Debates

Pampa high school debating teams won and lost at Canyon last night. A critic-judge furnished by the college gave the decisions to the Pampa girls and the Canyon boys. In announcing the decision, the critic-judge said that the boys' debate was unusually close. Miss Fannie May is debate coach. The Pampa debaters were girls, Opal Denson and Yedda Stein, and boys, Fred Johnson and Roger Clark. Previously this year both Pampa teams won decisions from the Canyon debaters.

JONES AND FARM LEGISLATION

Statements concerning Congressman Marvin Jones' attitude on Roosevelt's emergency farm legislation, made by a press association other than the Associated Press, are so misleading that THE NEWS deems it pertinent to clarify them.

The fact that Representative H. P. Fulmer of South Carolina, second ranking member of the house agricultural committee of which Mr. Jones is chairman, introduced the Roosevelt-Wallace farm bill was construed by some writers as evidence of a break between the White House and Congressman Jones.

"There was no break with the White House. In fact, I was asked by the administration officials the following day to assist in the preparation of the mortgage financing bill, and together with other working on the plan was called to the White House yesterday (Thursday) morning for an hour's conference in connection with it.

It is true that the bill was not exactly as Mr. Jones would have written it. He would have placed first the refinancing of farm mortgages, and he is now working on a measure for this purpose.

"We have been discussing and trying to secure these things for 10 years while agriculture has been languishing. We are in a desperate emergency. The paralysis that has seized agriculture has crept up on industry, even our institutions have been trembling on the balance.

"Suppose that we had stopped for open consideration of amendments on the banking bill. When the new commander-in-chief came into power every bank in America was closed. We were in an appalling situation.

"Let these quotations from the record speak all rumors that Marvin Jones 'ran out' on his committee.

If the government goes through with its plan to require everybody to turn in their gold, it's certainly going to be pretty tough on the fellow who has a couple of gold teeth.

Tribute Is Paid

Oldest Member Of Legislature

AUSTIN, March 29. (AP)—Flowers for the living were heaped today upon Rep. J. L. Goodman of Franklin, oldest member of the legislature. The occasion was the celebration of Goodman's 81st birthday.

Goodman has been closely connected with state politics for a half century. He served his first term in the Texas House in the 22nd legislature in the early 90's. Between his legislative service he served several terms as county judge of Robertson county.

A resolution was adopted congratulating Goodman on his birthday and lauding his public service. He was presented with a watch by the House membership. The House voted to adjourn today in his honor.

Would-Be Slayer Of Mussolini Is Held by Police

ROME, March 29 (AP)—Police sought today to determine whether a man charged with seeking to assassinate Premier Benito Mussolini has an accomplice.

The name of the prisoner in the latest reported attempt on the premier, whose nose once was wounded by one assassin's bullet and who has had many other narrow escapes, was not disclosed.

Officers said, however, he was from Northern Italy and had a wife and family.

One of the statements in an alleged confession, the police said, indicated he had a foreigner for an accomplice. He was alone when arrested March 20 near the premier's

VALIANT DUST

by Percival Christopher Wren

SYNOPSIS: Margaret has confided her secret, both for her own safety and that of her childhood sweetheart. Otto Bellime, to the only trustworthy man she knows in the enemy's camp.

Mekazen, Colonel La Sage, Major Riccoli, commander of the Foreign Legion, all are enlisted in a gigantic intrigue against France. The King of the French Secret Service, just has enlisted Otto's help.

Chapter 43 THE GREAT RICCOLI MAJOR RICCOLI, at ease with his cushions, sipped his coffee and lazily blew smoke-rings in the air.

"Smoke-rings in the air. Castles in the air. But smoke-rings, however beautiful, are very evanescent. Castles in the air. Castles in Spain.

An unpleasant expression, that Most inappropriate. To the devil with Castles in Spain—when one has a Castle in Mekazen—or rather, will have one in a few hours' time.

A knock at the door. Major Riccoli glanced at his wrist-watch. That would be the excellent Vittorelli, come to report.

"How goes it?" Saluting with tremendous respect, the Sergeant-Major intimated that everything went well.

Having concluded his report, Vittorelli accepted his superior officer's offer of a cigarette, and gracious permission to be seated, while they once again discussed the subject of the hour of arrival, and probable mental attitude, of the officer, non-commissioned officers and men of the first detachment of the reinforcements.

"But after all, my dear Vittorelli, it is the accomplished fact that is the best argument, the world over. When they arrive to find me King of the Castle, the thing is done. And should there be among them any fool who is so damned a fool as to hesitate between a happy life and an unhappy death—why, let him face the firing-party, by all means.

"I suppose," mused Major Riccoli, "it is the better plan to act first as though for France, and afterwards to see if we have any such fool among us.

"Well—I think that's all," Riccoli added, yawning. "Turn the men out at 2 m. I shall be there at ten minutes past two."

"I doubt it," said a deep voice, in French, as the door opened, and a big man in a hooded cloak stood on the threshold. The man in the cloak stepped forward, threw back the hood and dropped the cloak from his shoulders, revealing to the astounded Riccoli and Vittorelli, a French Colonel in full uniform.

"Le Sage!" whispered Riccoli. Sergeant-Major Vittorelli instinctively sprang to attention.

"You are under arrest, Sergeant-Major," said Colonel La Sage. "Remove your belt and revolver."

"Don't! Shoot him!" cried Riccoli, with a glance of positive agony at the table whereon lay his own revolver.

"Guard!" cried Colonel La Sage, and four soldiers tramped into the room.

"Arrest that man!" ordered Le Sage, pointing to Vittorelli whose right hand tore at the flap of the holster of his revolver.

As the weapon flashed from its case, the nearest legionnaire seized Vittorelli's arm, while the second presented his fixed bayonet at the pit of his stomach.

"Sit still, Riccoli," snapped Le Sage, his own hand on his revolver-belt.

"Good!" he added, turning to Vittorelli. "Three of you march him to the guard-room and hand him over to Major Langace with my orders that he is to be confined to the punishment-cell, to await court-martial. Use any necessary force."

The light of hope again illuminated the honest countenance of Sailor Harris.

"You may find that you have met Major Langace before," added Le Sage, with a short laugh.

"Legionnaire Bellime! On guard outside this door, until your comrades return. Then report to me."

Juniors Attend Party Tuesday

The Central Baptist Junior B. T. S. had a social meeting at the home of Mrs. D. H. Coffey Tuesday evening.

Those present were Verna Lee Rall, Stanley Cannon, Alberta Latus, Lillian Brown, Doris Brown, Gerald Brown, Jimmie McAllister, Addie Faye Bridge, Roberta Barrett, James Brown, Helen Chandler, Margie Coffey, Francis Coffey, Mr. and Mrs. W. C. Brown, Mr. and Mrs. D. H. Coffey, and the leader, Miss Jewell Ragsdale.

Games were played and refreshments of cocoa and sandwiches were served.

palace with a revolver in his pocket. "Police, who announced his arrest yesterday, said he admitted intending to shoot Mussolini when the latter left the office."

BEER BILL IS ON CALENDAR

Measure Would Provide For Sale Only in Bottles; Tax Would Be One Cent.

AUSTIN, March 29 (AP)—A bill to legalize the manufacture and sale of 32 per cent beer was on the calendar of the legislature today.

The house state affairs committee last night reported favorably by a viva voce vote bill exempting liquors of that alcoholic content from provisions of the prohibition statutes and providing a method for the sale of such beverages.

It probably will be a week or longer before the bill comes before the house for floor consideration.

The hearings on the bills attracted a large crowd of prohibitionists and anti-prohibitionists, the spectators filling the floor and galleries of the house of representatives.

Speakers on each side were cheered. Under the terms of the beer sale plan licenses to manufacture and sell would be obtained from the state judge. Varying license fees would be levied on manufacturers, jobbers, wholesalers and retailers, should the liquor be consumed on the premises and retailers selling it for consumption elsewhere.

The bill would provide for sale of beer only in bottles. A tax of one-half cent on each bottle would be levied against each bottle and the county where the license was granted would be authorized to levy a tax equal to one half the state tax.

The sales tax bill, advocated by Governor Miriam A. Ferguson, was reported unfavorably by the house revenue and taxation committee. The vote was 10 to 8. An effort probably will be made to have the bill printed on minority report.

Texas Senate Votes Fund For Summer Schools

AUSTIN, Texas, March 29. (AP)—The senate passed and sent to the house a bill to appropriate \$374,750 for the support of summer schools this year in the various state colleges.

In addition to that amount, \$100,000 would be permitted to retain students' fees and to 45 per cent students' fees and to 45 per cent laboratory fees.

The appropriations were as follows: University of Texas \$56,000; A. & M. \$17,500; John Tarleton at Sterling, Texas Teachers, Teachers, Junior Agricultural college at Arlington \$8,400; Prairie View School for Negroes \$4,200; College of Industrial Arts, Denton, \$21,000; College of Arts and Industries, Kingsville, \$17,500; Texas Tech, Lubbock, \$22,750; Texas Teachers, Teachers, \$35,000; North Texas Teachers, Denton, \$32,500; Sam Houston Teachers, Huntsville, \$24,500; Southwest Texas Teachers, San Marcos, \$30,500; Stephen F. Austin Teachers, Nacogdoches, \$24,500; Sull Ross Teachers, Alpine, \$17,500; West Texas Teachers, Canyon, \$24,500; and College of Mines, El Paso, \$6,500.

Senator T. J. Holbrook of Galveston, chairman of the senate finance committee, said that the proposed appropriations were approximately 30 per cent lower than the amounts used by the schools last summer.

KEEP RED CABBAGE RED Red cabbage when cooked fades to an unattractive dark purple. Bring back the original color, advise federal food experts, by adding a little vinegar or lemon juice just before serving.

Leftover egg yolks should be placed in a cup, have a tablespoon of cold water added and then beaten for one minute with a fork. The yolks may be used any time during the next week if they have been stored in a very cold place.

Hard sauce made with brown sugar in place of granulated or confectioner's sugar is a nice change and the sauce will blend well with baked or steamed puddings.

When cutting cream pies dip the knife in warm water and none of the filling will stick to the knife.

Colorado Peak Spews Smoke As It Breaks Apart

DURANGO, Colo., March 29 (AP)—Disintegrating Carbon mountain acted like a volcano for its Sunday visitors but today resumed its methodical breaking apart.

There was a muffled explosion, followed by a puff of gas and steam. Afterward old Carbon bleached jet black smoke from a vent near the summit.

Geologists, who have claimed the faulting action of the mountain was due to the burning of an immense subterranean coal bed, thought the explosion was caused by the igniting of a gas pocket in the vein. The burst of smoke was the first external evidence of the conflagration apparently raging underneath the peak.

On the southeast slope an estimated 35,000,000 tons of rock and dirt continued moving eastward into Animas valley. The movement of the mass can be seen. It travels 12 to 15 feet a day to the accompaniment of a rumbling and a grinding noise. Trees and brush in its path are obliterated.

A mass of rock on the north side is moving also with frequent avalanches which tear tons of boulders from their moorings. It appears the entire rim rock at the crest of the peak will eventually topple over.

Authentic costumes and a beautiful setting added much to the oriental play. Beside the Sign of the Lau-Haw, presented by Circle 3 at a meeting of the Methodist W. M. S. Monday afternoon.

The play was directed by Mrs. Joe Gordon, and the following characters participated: San Chiang, Mrs. Jim Collins; Lang Ing, social service worker, Mrs. R. B. Fisher; Bo-Seng, school teacher, Mrs. Neal Beaver; spirit of Confucius, Mrs. O. L. Beatty; Kwanyin, goddess of mercy, Mrs. H. O. Roberts; Lady Fourth's Daughter, Mrs. Joe Gordon; Oil field woman, Mrs. M. E. DeTar; other village women, Mrs. Harry E. Hoare, Mrs. Joe Shelton, and Mrs. H. P. Barnhart.

Opening the meeting was a devotional on the capacity of the soul led by Mrs. W. Purviance, Mrs. C. A. Long introduced the study of Lady Fourth's Daughter, Mrs. L. N. Atchison reviewed the trouble between China and Japan, Mrs. Jim Collins spoke on China and the Printed Page, and Mrs. Clifford Jones gave facts on education in China.

Each study leader told how she conducted studies in her circle. Mrs. H. L. Wilder made use of posters at meetings of Circle 1, Mrs. Horace McBee showed a memory book which had been compiled by Circle 2, Mrs. Joe Gordon stated that she used the dialogue and playlet methods, and Mrs. W. R. Campbell favored the round table and other oral discussion methods.

Mrs. Joe Shelton, Mrs. C. R. Nelson and Mrs. Joe Gordon were elected delegates to the Northwest Texas W. M. S. conference to be held April 4-7 in Vernon.

Light refreshments were served by members of Circle 3, who were hostesses for the afternoon. Eighty-one members and 11 visitors attended, some of the visitors being from Wheeler, Mobeetie, and White Deer.

Child Is Dead On Ice-Locked Atlantic Isle

PORT MOREEN, N. S., March 29 (AP)—A message of death, blinking in red flashes from a lighthouse, drew rescuers today to a new attempt to reach ice-locked Flint Island.

"A child is dead," said the red lights, flashing six times in groups of two.

The dead child is one of nine in the family of lightkeeper Martell, but which of the nine it was no one on the mainland knew.

For 50 hours boats sought in vain to reach the island, isolated by a mile and a half of broken ice. Frantic signals told them something was wrong, but at first no one knew what it was.

Yesterday, shore people composed a code of signals, which were delivered to the light tower in a note dropped from an airplane by Don McPherson. But there was a mix-up, and all that was definitely es-

Pampa Masons At Amarillo Meeting

Harry Bradford, worshipful master, and C. P. Buckler, secretary, of the Pampa Masonic lodge attended a meeting of the Certificate Masons association in Amarillo yesterday.

T. M. Bartley of Waco, commander of the Texas Knights Templars, was the guest speaker.

Certificate Masons from most of the lodges in the Panhandle attended the meeting. Several interesting addresses were heard and a business session followed the meeting.

tablished was that some one was ill or dead.

Then the glacial bay radio station asked the islanders to flash the light twice in case Martell was dead, four times if it was Mrs. Martell, and six times if it was one of the children.

Many eyes watched in the cold darkness last night as the light began to blink "flash-flash. Flash-flash. Flash-flash."

The government ice-breaker Montcalm made ready to sail from North Sydney to bring the body ashore and give aid if anyone else was sick.

SPEAKER

Supt. R. B. FISHER, above, was speaker at a meeting of Merten Parent-Teacher association yesterday afternoon. On Thursday afternoon of next week he will address Baker Parent-Teacher association on spiritual value in the arts.

ASSOCIATION'S HISTORY SINCE 1927 IS TOLD

Accomplishments Are Great For Baker Group

By MARTHA WULFMAN
Baker Parent-Teacher Historian

Parent-Teacher association was made Dec. 9, 1927, with Mrs. Joe Smith as temporary chairman. The following officers were elected: President, Mrs. W. A. Gray; vice-president, Mrs. Claude Lard; treasurer, Mrs. Tom Morris.

The second meeting of organization was held the evening of Jan. 28, 1928 with 25 parents present. Mrs. Smith presented the association's charter and banner. Mrs. Fatheree speaks.

Mrs. V. E. Fatheree was principal speaker Feb. 10. Delivering an address on Arbor day, she stressed the need of trees at Baker school. As a result of this meeting, a committee composed of Principal J. A. Meek, Robert Woodward, William Gray, Robert Cottrell, and Samuel Irwin was appointed to buy trees for the school ground. Eighteen of the twenty-one trees purchased are still living.

A beauty contest was sponsored in 1928 and resulted in raising \$350 for a piano, living room suite, curtains, music books, and playground equipment. A committee with Mrs. Irwin as chairman took the school census, earning \$97.

Mrs. Blythe Elected
On April 9, 1929, Mrs. Blythe was elected as second president of the group, serving for two years.

Participants in the association Sept. 20, 1929, using his paper, cooperation of parents and teachers in promotion of child welfare. At this meeting, following a talk by Mrs. Joe Smith, the association voted to join the City Council of Parents and Teachers.

Children Have Part
Teachers of Baker school have always endeavored to bring about a better understanding between teachers and parents. Such a spirit was manifested when a schedule was made in 1929 to have student participation in all programs of the year. The first program rendered by first grade pupils of Miss Sara Campbell and Miss Clarice Fuller. Mrs. J. L. Lester, primary supervisor, gave many instructive talks.

Welfare Discussed
Mrs. H. G. Myers was elected treasurer at the Oct. 2, 1930 meeting. The welfare problem was discussed, and a committee was appointed to investigate needy cases in the school. Numerous children were given sufficient clothing to attend school.

Good books were donated to the school during the observance of book week at a program Nov. 6. **Sponsor Round-Up**
Miss Bess Kilgore, health supervisor, spoke Feb. 2 on the summer round-up, and it was voted to sponsor the round-up in Baker school district.

Delegates were sent to the convention at Perryton April 2, 3, and 4. May 4, 1931, the following officers were elected: President, Mrs. Cecil Lard; vice-president, Mrs. W. B. Murphy; treasurer, Mrs. H. G. Myers; historian, Miss Clarice Fuller; secretary, Mrs. A. L. Jones.

KID BAND IS AMONG THOSE ENTERTAINING

INAUGURATION TALK MADE BY GORDON MOORE

TALENTED children from Woodrow Wilson and Junior high schools did much to enliven a meeting of the Business and Professional Women's club last evening in the Rose building club-rooms.

Always popular, the Woodrow Wilson Kid band played with ease and skill several selections. Accompanying the band were Director Winston Savage, Principal Annie Daniels, and the pianist, Miss Lois Stallings. Solos were played and sung by several of the children, a story was told by Doyle Lane and dances were given by Neeva Lou Woodhouse and Frankie Lou Keehn. Betty Jean Cree sang the Woodrow Wilson theme song.

Junior high school was represented by a male quartet, directed by Miss Helen Martin, which pleased the crowd highly.

Gordon Moore, a local instructor, told of his trip to the inauguration. He declared that to him the most impressive thing about his entire stay in Washington was the president's speech and the splendid stage appearance of the chief executive.

Mrs. Olin E. Hinkle explained how to report a convention, this being timely in that the local club will be hostess next month to the conference of the first district, Texas Federation of Business and Professional Women's clubs.

Songs were sung during the evening, and a humorous initiation service was conducted. The program was directed by the publicity committee, of which Mrs. E. L. Fowler is chairman, and numbers are announced by Mrs. C. L. Wooley. The committee members served lemonade and dainty sandwiches, the color green being used throughout.

The meeting was attended by a large group of business women. Those initiated were Miss Alta Lacey, Mrs. Lou Roberts, Mrs. Bertha Chisum, Miss Lucille Saunders, Mrs. E. W. Voss, Mrs. E. L. Norman, Miss Ola Nellis, Miss Hazel Christian.

TIPS ON WEIGHING FOOD
For the housewife who weighs her food purchases, government food experts have issued the following guide: One dozen eggs of medium size weighs about one and a half pounds; for bread baked at home allow one pound of flour for one and a half pounds of bread; one cup of dried fruit corresponds to about four or five pounds of fresh fruit.

were honored at a meeting Nov. 5. Past-president pins were given Mrs. Blythe and Mrs. Gray. Pins were also given graduates of correspondence courses, Mrs. Roy Kilgore, Mrs. J. W. Crowder, Mrs. A. L. Jones, and Mrs. Claude Lard. Among major projects of the Parent-Teacher association last year was the installation of a cafeteria where nourishing meals are served at a minimum cost, and the needy children are fed without cost each day. The association also bought the following items for the school: Play ground balls and bats, phonographs, records, and Rhythm band instruments. It sponsored food sales and other worthwhile projects.

At a meeting April 11 the following officers were elected: President, Mrs. J. W. Crowder; vice-president, Mrs. Henry T. Cox; secretary, Mrs. Roy Holt; treasurer, Mrs. Hoyt Alder; historian, Miss Martha Wulfman; city council delegates, Mrs. Cox and Mrs. H. G. Myers. Mrs. Crowder moved during the summer and Mrs. Claude Lard was elected to take her place.

Mrs. Lard Awarded
In May 1932, a life membership certificate was presented to Mrs. Lard by the association as a gift of appreciation for her splendid leadership during the fall of the same year. Her debts amounting to \$32 were paid, the money being made by a waffle supper.

An annual school carnival was held Jan. 26, 1933. The proceeds netted the association \$54, which was promptly paid to the cafeteria. The main objective of the year has been to give help to needy children of the school by giving them a well-balanced and nourishing meal at noon. Each day between 35 and 40 children are fed.

Clubs at Work
Each grade has been fortunate this year in having an active Mothers club. A study club meets every two weeks, the aim being to study parent education as outlined in Child Welfare magazine. The seven objectives of Parent-Teacher work have been fulfilled through cooperation of parents, ministers, merchants, and other friends, as well as Principal Meek, and the following teachers: Mrs. J. P. Arrington, Mrs. B. G. Gordon, Mrs. A. J. Johnson, Mrs. Edna Underwood, Mrs. Henry T. Cox, secretary, Mrs. Cecil Lunsford; treasurer, Mrs. Hoyt Alder; historian, Mrs. Carl Dunlap; delegates to council, Mrs. Henry T. Cox and Mrs. Claude Lard.

GIVES TALK

MRS. J. A. MEEK, above, is among the most popular of the local Parent-Teacher association speakers. She discussed parent education before the Merten association yesterday, and has been invited to make the same talk before the associations at Baker and Sam Houston schools. She was also speaker recently at a meeting of Woodrow Wilson Parent-Teacher association. (Wiring Photo.)

PLANS ON STYLE SHOW HEARD BY EL PROGRESSO

Mrs. Buckler Leads Good Program On Chicago

FACTS regarding the womanless style show, sponsored by the Council of Clubs, were announced by Mrs. J. M. Dodson at a meeting of El Progreso club yesterday afternoon in the home of Mrs. Dave Pope. The show will be April 4 in the city auditorium, and it promises to be one of the most amusing events every held in Pampa.

Mrs. C. P. Buckler directed a program on Chicago, and roll call was answered with facts regarding the Century of Progress.

History Given
Mrs. S. G. Surratt presented a bird's eye view of Chicago, the second largest city in the United States and the fourth largest city in the world. She pointed out that more people lived in the city of Chicago than in any one of 36 states in the Union from the time it was settled in 1837.

A history of the Chicago fire and its effects was given by Mrs. Dave Pope. Mrs. Pope told how the new Chicago was built on ruins.

Fair Grounds
The leader, in discussing the growing World's fair, showed an interesting poster with the red man, the first settler, in the distance and the white man in the foreground. She discussed the modern steel buildings, the "enchanted island," and other features of the fair, the entrance fee being, she said, 50 cents, other small charges being made for various attractions.

She pointed out that the traffic problem this year would be great, and that the city was planning to control traffic for 100 miles around Chicago. Plans are being made to entertain 18,000 persons every hour.

The hostess served an ice course at the close of the afternoon. Those present were: Mrs. M. J. Dodson, Mrs. J. W. Crowder, Mrs. J. W. Crowder; secretary, Mrs. Roy Holt; treasurer, Mrs. Hoyt Alder; historian, Miss Martha Wulfman; city council delegates, Mrs. Cox and Mrs. H. G. Myers. Mrs. Crowder moved during the summer and Mrs. Claude Lard was elected to take her place.

Spring Holidays Are Emphasized In Class Party

Tuesday afternoon the Fidelis Matrons class, First Baptist church, was entertained with the Bagby group as hostess. The April fool day and Easter motifs were combined in the lovely party.

A business session was called to order by Mrs. Joe Foster, president. Prayer was led by Mrs. C. S. Stevens, and group reports were given. Games were introduced by Mrs. D. B. Jameson, social vice-president. Mrs. J. A. Wood, posing as a wizard, read the futures of the guests and answered their questions. Various April fool stunts were diversions.

GOOD WORK ON PART OF CLUB WOMEN SHOWN

NINE OF TEN CLUBS IN COUNTY REPRESENTED AT MEETING

RECENT accomplishments of the home demonstration clubs of Gray county were reported at a meeting of the Gray county council Monday afternoon in the court house offices of the home demonstration agent. Nine of the ten clubs in the county were represented at the meeting, presided over by Mrs. Charles V. Talley.

Reporters committee reported the placing of a bulletin board in the agent's office on which all reports will be posted for the month. This will give an opportunity for club people and others interested to read of the activities of the various organizations, clippings being brought from five papers.

The program committee has arranged with the White House lumber company to give information on floors and floor finishes to bedroom demonstrators. The expansion committee gave plans as to how to reach in some way all those who are making government loans.

Reports revealed that 25 shoe racks and 23 pieces of furniture have been made and refinished since the demonstrations on this work given in February. Expansion reports showed that 85 farm families outside of those enrolled with clubs had been reached and that 28 additional homes on oil leases, all in the county, have been reached during the month. Twenty-four persons outside of Gray county have been helped during the month of March.

Parental education was the subject used by Mrs. J. A. Meek in addressing Merten Parent-Teacher association yesterday afternoon, and the systems and standards of school teaching were explained by Supt. R. B. Fisher. Principal J. B. Milsap also spoke. Mrs. J. C. Browning, president, was in charge of the meeting.

An exhibit of every-day classwork was given by a group of pupils. About twenty persons attended the meeting, and Miss Willie Jo Priest's room, having the largest representation, for the fourth time this year was given the privilege of selecting a new book for the library.

CLASS WILL MEET

The Bethany class, First Baptist church, will have a social meeting Friday afternoon at 2:30 o'clock in the home of Mrs. T. W. Jamison, 800 North Gray.

Luther Byars of Groom visited in the city last night. Bluebonnet Song, written by Miss Frances McCue, teacher of Horace Mann school, was sung by six pupils during the chapel program given at Horace Mann school this morning under the direction of Mrs. M. K. Griffith's room. The program was opened with the song, Texas Our Texas, and the Lord's prayer was offered. A play, *Going to the Art Show*, was presented by the high fifth grade, after which a dialogue showing the Easterners' idea of a Texan was given by Carol Montgomery and Albert Kemp. The glee club directed by Miss Loma Groom entertained.

PAST PRESIDENTS AT WORK

TWO OF THE BEST WORKERS in Junior high school Parent-Teacher association this year have been Mrs. G. C. Malone, left, past president of Sam Houston Parent-Teacher association, and Mrs. J. E. Blythe, right, past president of Baker Parent-Teacher association. As program chairman this year, Mrs. Malone has outlined and successfully presented programs on the seven cardinal objectives of Parent-Teacher work, and as finance chairman, Mrs. Blythe has directed the earning of money to pay the cafeteria indebtedness.

CLUB SEES OLD MONEY OWNED BY LOCAL MAN

COINS MAY BE TAKEN TO WORLD'S FAIR THIS YEAR

JAMES BOSSE, local Belgium collector of old and interesting money was a guest of the Twentieth Century club yesterday afternoon in the home of the president, Mrs. Raymond W. Harrah.

Mr. Bosse showed many interesting coins of his collection, which he plans to take to the World's fair at Chicago. Among these coins were a half-dollar gold piece made in 1809, a \$10 gold piece made in 1849, a silver dollar of 1789, gold coins of 25 cent and 50 cent denominations, very valuable Georgia money—and 5,300 Indian head pennies.

The showing of the coins was a part of the program on the World's fair, led by Mrs. H. H. Hicks. Mrs. Hicks gave a history of Chicago. Mrs. Edwin S. Vicars told of past World's fairs, and Mrs. W. J. Smith gave an outline of the Century of Progress.

During the business meeting Mrs. Harrah was elected delegate and Mrs. A. H. Doucette, alternate, for the district club convention to be held in Hereford next month.

The hostess served hot punch and gingerbread topped with whipped cream and nuts. Members attending were Mesdames Lynn Boyd, Clifford Brady, W. A. Bratton, W. B. Campbell, F. M. Culbertson, A. H. Doucette, Ivy E. Duncan, R. B. Fisher, J. M. Fitzgerald, William T. Fraser, Raymond W. Harrah, H. H. Hicks, T. E. Rose, W. J. Smith, H. Otto Stader, John F. Sturgeon, Edwin S. Vicars.

MAIN EVENT TONIGHT IS HAILED AS BEST BOUT OF YEAR

GLAIN GRUBBS FACES FIRST REAL BATTLE

FIVE EXHIBITIONS ARE TO PRECEDE FINAL FIGHT

What is hoped to be the best boxing card ever presented in the Panhandle will be staged at the Pampa auditorium at 8:30 tonight when Matchmaker Andy Andrews presents some of the best boxers in the country. The big card will be headed by the 10-round bout between Pug Grubbs, local boxer, and Allen Whitlow of Indianapolis. Both boys will weigh 134 pounds, Kingside.

Everyone knows that Grubbs can fight and he will no doubt open up tonight, for a win over Whitlow would place him near the pinnacle of his class. Whitlow has defeated over Johnny Nichols, Prince Saunders, and draws with Pete Nebo, Tracy Cox, and Sammy Mandell, former world champion. Both boxers are in excellent condition and should go open for the 10 rounds.

The Berger HERALD had this to say about the fight: "Tomorrow (Wednesday) night will be a great night in the Grubbs household as 'Pa' Grubbs' son, Pug, will face Allen Whitlow. This will be Pug's first real battle of his life. . . . If Pug can make a good showing with Allen he will establish himself the favorite of the Panhandle. Many Berger fans will journey to Pampa to witness the bout that is hailed as the best bout of the year. . . . I Whitlow is all the crack-up to be, and if Grubbs stays 10 rounds the fans will know beyond a doubt that Pug in time will make the 'big' timers sleep."

Supporting the main event will be a bout between Joe Vernon of Pampa and Fentons Taylor of Oklahoma City which should be another top-liner. Vernon showed fans that he packs a wallop and can fight when made while Taylor is a well known Oklahoma lightweight. Both boys will weigh 164 pounds.

Four preliminaries of four rounds, or less, will open the card. Puffy Simons and Wildcat McGuire, two little fellows, will start the card and they are real fighters. Emil Sturgeon, local boy, will meet Dexter Wright of Berger in the second bout.

Hates Saltzman, local slugger, will meet a boy of the same caliber in Bill Stevens of Berger. Skeet Sherrod, Pampa boy, and Allen Gristy, Berger, are matched for the last preliminary.

Admission will be 25 cents for women and children and 40 cents for men. Reserve seats will be 15 cents extra to everybody. Matchmaker Andrews has installed 400 more seats for tonight.

OKLAHOMA CITY INDIANS ARE LEAGUE'S UNKNOWN QUANTITY

Manager Holland Predicts His Club Will Be In The Championship Playoff.

By BILL PARKER, Associated Press Sports Writer.

Bus Ham, sports editor of the Daily Oklahoman, has joined Jack Holland, Oklahoma City club owner, in chucking over the problem of the Oklahoma City Indians present to Texas league dopesters. They don't know how to rate the Indians. Consequently, they are referring to Oklahoma City as an "unknown quantity."

According to Ham, that's exactly the way Holland wants Texans to feel about the Indians. "We don't want them to fear us too much, and then we can waste in and cool their pennant hopes," Holland said.

"We're going to finish in the first four and that will mean we'll get into the playoff series for the championship," Holland continued. "Winning the pennant isn't all that important for the Indians. We have a young ball club that is ready to go over the top. It requires three or four years for every ball player to find himself and most of our boys are at that stage right now."

Holland told Ham he was perfectly satisfied with the Texas league setup with the one exception. He hasn't been able to convince himself that the 75-cent price which will be in effect at all league games is right.

"I don't want to harp on the subject," Holland said, "but it strikes me as being too stiff under present economic conditions. It should be 50 cents. But the league fixes the price and all we can do here is give it a fair trial."

Biggest Day.

Oklahoma City is planning to make its first Indians opening day a Texas league entry, the biggest baseball affair in history of the city.

The only hitch so far is Holland can't decide whether to have the inaugural in day light or at night under the flood lights. The Oklahoma City chamber of commerce advised Holland that it would be inadvisable to ask business men to close up shop for a day time inaugural. Unless the chamber of commerce, mayor, governor and other officials and organizations are willing to collaborate on a daytime opening, Holland thinks he should open at night.

As for the Dallas Steers, who are scheduled to open at Oklahoma City, they hope it is day time. Playing at night on April 11 probably will be a chilly fair.

LITTLE FUR CAPES WORN IN PARIS

PARIS (AP)—Little fur capes which just cover the shoulder blades are offered by many designers as smart spring wraps. They are generally made of some novelty fur such as leopard, panther or pony and designed to button just under the left ear.

One smart spring costume combines a frock of beige wool with a little cape of leopard skin, a brown sailor hat, bag and gloves cuffed with leopard.

To give a glazed surface to pastry and cookies, brush the top, before baked, with 1 tablespoon of egg yolk mixed with 1 tablespoon of cold milk.

Ready cooked cereals are improved in flavor and crispness if they are heated for several minutes just prior to serving.

Lay pieces of waxed paper under the dresser scarfs and if anything is spilled the dresser top is protected.

The cheaper cuts of meat contain as much nutriment as the more expensive cuts. The difference lies in the preparation.

DIUING PERMITTED AGAIN

MUNICH, Germany, March 29 (AP)—The Nazi commissionership for the Bavarian ministry of justice ordered the ban removed today on student dueling (mensur) in all Bavarian universities. The celebrated mensur (art of measuring) of German universities was banned by the republic under the criminal code of 1923, which also outlawed the serious duels which had been authorized in the German imperial army for grave cases.

PAMPANS HOLD 13 TRACK AND FIELD RECORDS

FIVE MARKS MADE IN 1932; OTHERS IN LAST 5 YEARS

Athletes from Pampa high school hold 13 of the 14 records in track and field events for Gray county. The other records goes to McLean.

The records are from 1927 to last year and only one of the records hinged up 1927 still exists. It is the shot put event and the honor goes to Albert "Chuck" Lewter with 42 feet 4 inches.

Troy Stalls, Archie Walstad, and Jim Ayres each hold two records. The others are divided among well known athletes. Five of the records were made last year when Pampa high school had a great team.

Some of the low marks may stand for many years before being bettered. Albert Lard's 51 seconds for the 440-yard dash is considered almost unbreakable in high school competition. Bill Finley's time of 2 minutes and 7 seconds for the half mile is another excellent mark. The high hurdle record of 16 seconds registered in 1929 by Archie Walstad might stand for some time as should Charles James' mark of minutes and 2 seconds for the mile. Jim Ayres jumped 6 feet 1 inch in 1930 for an all time record.

Athletes from Pampa and LeFors high schools will endeavor to break some of the marks here Friday afternoon when the senior division of the county meet will be held. McLean will not enter a team this year. The meet will start at 3:30 o'clock.

Gray county interscholastic track and field records from 1927 to 1932 inclusive as compiled from the files of the Pampa Daily News:

100-yard dash—Joe Kahl, Pampa 1932, time 10.3.

220-yard dash—Mertel, McLean 1932, time 23.7.

440-yard dash—Albert Lard, Pampa 1931, time 51.

880-yard run—Bill Finley, Pampa 1932, time 2:7.

Mile run—Charles James, Pampa 1931, time 5:2.

120-yard low hurdles—Jim Ayres, Pampa 1930, time 26.8.

Miles relay—Pampa (Joe Kahl, Dick Sullins, Orville Heiskell, Leon Robinson) 1932, time 3:35.

High jump—Jim Ayres, Pampa 1931, height 6 feet 1 inch.

Broad jump—Archie Walstad, Pampa 1929, distance 20 feet 11 inches.

Pole vault—Troy Stalls and John Willis, tied, Pampa 1929, height 11 feet 6 inches.

Discus—Troy Stalls, Pampa 1929, distance 129 feet.

Javelin—Wayne Kelley, Pampa 1932, distance 152 feet.

Shot put—Albert Lewter, Pampa 1927, distance 42 feet 4 inches.

BASEBALL BOOMING

EL PASO, March 29. (AP)—Take it from the New York Giants, baseball is booming in the southwest.

In two games at Phoenix and El Paso Saturday and Sunday, the Giants played before a total of 12,000 spectators, just about as many as came to see them in all their previous exhibitions on the west coast. What made the weekend attendance doubly remarkable was the fact that the big leaguers were playing against only semi-professional opposition.

Leonard Arb of LeFors was a visitor here yesterday afternoon.

WAYNE KELLEY IS CAPTAIN OF TRACK SQUAD

HARVESTERS PRACTICE WITH TWO MIAMI TRACK STARS

Wayne Kelley was elected captain of the Harvester track and field team yesterday afternoon in a close race with Orville Heiskell. Dick Sullins, Hoot Fullingim, and Ralph O'Keefe were the other names on the list.

The new captain is county and district record holder for the javelin and is also a high jumper of no mean ability. Wayne has lettered in track and field two years in Pampa and one year in Shamrock. His record javelin throw is 155 feet.

The team went through a stiff workout yesterday afternoon at Harvester park when Coach "Red" Lock brought a couple of his boys from Miami to practice with the Harvesters. Emmitt Lane again showed up as a 100-yard dash threat and with a little more knowledge of starting and carrying himself, should be ready to contest the best.

Orville Heiskell stepped the half mile in good time, while Jack Boyington regained his stride for the mile. The little fellows' ankles have been bothering them for the past week. Bill Kelley has stepped down to the 220 yard dash event and showed nice speed in practice. Young Elkins also showed better in that distance yesterday.

The Harvesters will compete against the LeFors Pirates for county honors here Friday afternoon. Saturday the team will go to Glendon on an invitation meet. The Glendon meet will open at 9 a. m. with preliminaries in some of the short distance events and hurdles. Finals will begin at 1:30 o'clock.

John B. Hesse and Ralph Thomas went to McLean Tuesday.

HAS HOPES By Laufer

LIKE nearly every other big league manager, Burt Shotton, of the Phillies, is faced with obtaining at least one good pitcher. Last year the lowly Phis electrified the old league by getting up and staying within striking distance of the pennant for a time. During one home stand, with the pitchers functioning as they should, they won 20 out of 24 games. But the team slumped to finish the season fourth, largely due to poor hurling. Shotton has plenty of good stick work with Chuck Klein, Don Harst, Hal Lee and Chuck Fullis around. And he has one of the best short-stops of all time in Dick Bartell. Give him one good pitcher and he'll again make the league sit up and take notice.

Hitler Silent As Nazis Plan To Begin Boycott Saturday

West Texas Chamber of Commerce To Meet at Big Spring May 11-13

BIG SPRING, March 29 (AP)—Plans for entertainment of the fifteenth annual convention of the West Texas chamber of commerce, May 11, 12, 13 have been set in motion by the Big Spring chamber of commerce.

E. J. Mry and Carl Blomshild have been named co-chairmen of the general arrangements committee by President Wendell Bedichek of the Big Spring chamber. Maury Hopkins, assistant manager of the regional chamber will open convention headquarters in Big Spring about April 1 and operate it continuously until after the convention.

The convention program will be

of the business group conference type. According to Hopkins, speaking for Manager D. A. Bandeen and President Wilbur C. Hawk, group conferences will be held on relief administration, on securing of the benefits of self-liquidating loan provisions of the reconstruction finance corporation, on reorganization of county government in Texas, and on budget-making in local units of government. Possibly a conference upon the necessity of a new constitution of Texas will be held.

Prominent men are being invited to address to group conferences and the general convention assemblies. Robert R. McCormick, publisher of

the Chicago Tribune, has been invited by President Wilbur C. Hawk to address the public expenditure conference that will be held. McCormick has not accepted but has left the matter open for the present.

McCormick has been prominently identified with national movements for reduction of public expenditures.

The problems of labor and their relation to the general economic conditions will receive attention at the convention if present plans are successful. William Green, president of the American federation of labor, has been invited by President Hawk to address the convention. The invitation is being seconded by outstanding labor leaders of West Texas and by the Big Spring chamber of commerce.

Marvin Lewis left this morning on a business trip to Oklahoma City.

CHILDREN TO BE KEPT AWAY FROM SCHOOLS

ATROCITY PROPAGANDA ABROAD, REASON FOR ORDER

BERLIN, March 29 (AP)—The Hitler government was silent today as the dominant national socialist party went ahead organizing committees throughout the country to stop all Jewish business and professional activity by Saturday morning.

Even school attendance by Jewish children is to be reduced.

Two Berlin newspapers not dominated by the Nazi party warned the government of the possible effects. A prominent Jewish paper envisaged a revival of the middle age ghettos or the isolating of the Jews in separate villages such as those of Gypsies throughout Europe.

It was impossible to predict whether the government would intervene. Boycotts already in effect in several sections of the country were being tolerated by the government.

Its immediate attention in the meanwhile was taken up by the strained relations in its own ranks caused by the reported counter-revolution movement in Brunswick involving the steel helmet (war veterans) organization. Only 150 men remained in custody there after the release last night of 1,200 who had been held prisoner 25 hours in the steel helmet headquarters.

Those still in custody were described as Leftist leaders. The Nazi storm troops, who fought side by side with the steel helmeters to establish the Hitler regime and shared police duties with them since, had accused the latter of enrolling more than 1,000 former Reichsbanner (Republican defense force) men to oust the Nazis.

The order disbanding the steel helmeters in that state and removing them as auxiliary police will be rescinded Saturday, it was announced.

A long manifesto issued by the Nazi party last night announced the boycott is to be inaugurated at 10 a. m. Saturday "like a blow." It said the innocent must not suffer but that the guilty must not be spared. It added the boycott was formulated for defense of the Nazi party "against the atrocity propaganda abroad."

Jews now living in Germany were held responsible for these so-called "libels."

Sister MARY'S KITCHEN

By SISTER MARY NEA Service Writer

For many of us, the main source of our vegetable supply lies in the canned variety. Of course fresh green vegetables are coming into the market, but they are apt to be too expensive for regular use by the average family.

Vegetables are such an important factor in maintaining the family health that they must be supplied. Mineral salts, roughage, vitamins—these are essential in keeping the blood pure and the complexion clear, in stimulating the appetite and promoting growth.

In many respects, the nutritive value of canned vegetables equals that of fresh ones. Unfortunately, lack of proper care and methods of preparing often make them sadly lacking in flavor and unattractive in appearance.

Seasoning Needed

It is only by careful seasoning and treatment that canned vegetables can be given their utmost value. Consequently, certain definite rules must be followed.

One of the first and most important rules in that canned foods should be properly aerated. Practically all the air was expelled from the can during the canning process. This naturally results in a "flat" taste not uncommon to canned goods. As soon as a can of vegetables is opened, it should be turned into a shallow pan and allowed to stand uncovered for 10 to 15 minutes. In this way the vegetables come in contact with the air and regain what they lost during the canning.

The second rule is that vegetables should be reheated in the water in which they were canned. This water contains valuable nutrition and flavor, and if the vegetables are drained before reheating, both of these properties are lost. An excellent plan in the case of vegetables of delicate flavor is to heat them in a shallow pan, keeping the pan uncovered and allowing the water to evaporate completely. In this way the flavor and nutritive value are retained.

Using Condiments

Always season vegetables well and do not depend solely on salt and pepper and butter. Lemon juice, vinegar and tomato juice

BARONESS OF VIENNA BRINGS MIDGET TROUP TO CITY TODAY

Singer's midgets, a world famous troupe of Lilliputians who opened their today, get their name from Baron Leopold von Singer of Vienna, Austria. The baron's personal representative, Jack Nonnenbacher, has been here several days making preparations for their appearance.

In 1913 Baron Singer was operating his two theaters, the Ronaker and Apollo, in Vienna. His wife, the Baroness Vicki-Walley, had retired from the concert stage and finding time hanging heavy on her hands she struck upon the idea of finding these little people in various lands and bringing them to her home in Vienna for the purpose of developing whatever talent with which they were endowed with the ultimate idea of staging private performances of these midgets for social and charity purposes.

In 1915 the management of the New York Hippodrome, scouting for a sensational novelty, started negotiating with Baron Singer for a single week's appearance of the midget troupe, with the result that the Baron persuaded his wife to bring the troupe to America with the collection of elephants, ponies, camels, etc. that they used in connection with their performance. One feature is a singing duck.

The success of the midgets on this occasion was instantaneous and tremendous. Theater managers from all over the United States sent in offers of engagements. They have played here continually ever since with the exception of two seasons spent in Europe.

Their engagement here marks their first appearance in this city. The Baroness Vicki-Walley Singer is traveling with the company at the present time. They will be here for two days.

'Gin Marriage' Law Due To Be Repealed Soon

AUSTIN, March 29 (AP)—The Texas Senate probably will act soon on a house bill to provide for repeal of the "gin marriage" law, enacted four years ago.

The law requires three days' notice of intention to wed and forces bridegrooms to pass a medical examination. One of its objects was to prevent hasty marriages and marriages while the couple is under the influence of intoxicants.

Advocates of repeal states that the law has failed entirely in its purpose. They assert that doctors give certificates to prospective bridegrooms without examining them. The law has encouraged developments through inducing couples to go to other states to be married, supporters of the bill say.

berry batter pudding, milk, coffee. Improve the flavor of such vegetables as spinach, beets and green beans. Corn and succotash are given zest by the addition of red and green sweet peppers. Grated cheese may be added to the white sauce for creamed and scalloped vegetables. Onion, celery and horseradish, parsley, chives and mint are vegetable flavoring possibilities that are well worth keeping in mind.

Butter and bacon fat add flavor to vegetables that probably no amount of other condiments can give. A more pronounced flavor is obtained if the butter is melted and slightly browned before the hot vegetable is added.

Restrictions On Prescriptions Of Liquor Removed

WASHINGTON, March 29 (AP)—Before some of the members realized what was up, the Senate today passed and sent to the House a bill removing all limitations now imposed on doctors in issuing liquor prescriptions for medicinal purposes.

It had been before the Senate less than ten minutes when, without debate and with a mere voice vote, the measure was put through. Then Senator Sheppard (D-Tex.), apparently without realizing what had happened, took the floor to speak against the bill. Senator Robinson, the democratic leader, observed that "at least we ought to have an explanation of the measure from the bill's proponents."

Senator King (D-Utah) who had called up the bill, said that was no longer necessary, the bill had passed. Senators laughed, but thru the clamor Sheppard could be heard telling his colleagues he had voted against it.

The measure was sponsored by Copeland D-(N.Y.), and, in abolishing existing restrictions, provides that "no more liquor shall be prescribed to any person than is necessary to supply his medicinal needs."

W. H. Flynn of Amarillo is a Pampa visitor today.

D. A. Howard of Bartlesville is a Pampa visitor for a few days.
