By popular request, Mayor Bill Bratton will "model" for the womanless style show April 4 at the city auditorium.

Children of Pampa, are you interested in a flower garden contest? This column is considering such a project if there is enough interest.

Blue bonnets have been grown successfully here. Planting time is approaching. We'd like to hear from those who have grown the Texas flower.

Spring of the year carries us back to pleasant memories of the spring of life. We're going down to Baker school today to judge a kite flying contest.

Welcome John Mullen to Pampa. As minister of the First Christian church, you serve a fine congregation in a fine city.

NOTES ON MLEAN TRIP
The Pampa Chamber of Commerce Tuesday evening at the request of M. D. Bentley of that town. Since Mr. Bentley is a member of the grand jury, it was the part of wisdom to accept his invitation.

"AIN'T WE CRAZY?"
The McLean Lions club has a male quartet of astonishing zeal and considerable harmony. T. A. Leaders, the newspaperman of that place, sings high tenor in a way which shows great, obvious enjoyment.

THAT MAN COOK
We like McLean. We like the way the citizens respect each other and pass compliments instead of dirty digs. For instance, there's Reuben R. Cook, heading the chamber of commerce for the second year.

DOING REAL WORK
The McLean chamber of commerce seemed to include everybody in some activity or other. The town is trying to be friendly with and

ECONOMY AXE CUTS SALARIES OF ENGINEERS

CHIEF OFFICER'S PAY AND ASSISTANT'S REDUCED

PATROL FORCE IS CUT

SERGEANTS' SALARIES ARE LOWERED BY \$7,500

AUSTIN, March 30. (P)—A sharp economy axe was swung vigorously in the Texas house of representatives today as consideration of the departmental appropriation bill was continued.

The salary of the state highway engineer was reduced to \$4,000 per year. The engineer now draws \$8,000 annually and the appropriation committee had reduced his pay to \$6,000.

A reduction of \$1,000 per year was ordered in the salary of the first assistant state highway engineer and the chief of the state highway patrol was cut \$600 annually.

Efforts to abolish the state highway patrol or materially reduce the number of patrolmen were defeated. The number of highway patrol sergeants, however, was reduced from ten to five and the appropriations for sergeants pay lowered by \$7,500.

Eight hundred dollars annually was whittled off the salary of state superintendent of public instruction and his first assistant was cut \$550 annually.

Considerable progress was made on the appropriation bill in the house and the appropriations committee hoped to conclude debate on the measure by the end of the week.

With the calendar crowded and the legislative session two thirds over, the senate decided to begin night sessions next week.

Truant Girl's Body Is Found In Road Ditch

CHICAGO, March 30. (P)—Seventeen-year-old Violet Ganschow, a truant from high school since December, was found beaten to death in a roadside ditch today near suburban Palatine, where she lived.

In her purse police found a list of new year's resolutions in which she pledged herself to "keep on the straight path" and "be good to mother and father."

Her parents said Violet had left for school in Palatine every day, but her teachers said she never reached the classrooms. How she had spent her days for three months was a mystery.

DEMOCRATS ARE ASKED TO PAY 10 CENTS EACH

Gray County's Quota On Deficit Fixed At \$344.20

TO SILER FAULKNER, Gray county democratic chairman, has been assigned the duty of raising \$344.20 to apply on Texas' quota of \$75,000 to help make up the \$750,000 deficit of the democratic national committee.

A dime a voter is the quota fixed for Texas. The amount requested from Texas was approximately one-tenth of the number of democratic votes cast in Texas last November.

County quotas were therefore determined in proportion to the number of votes cast. The state committee pointed out that \$3,442 votes were cast in Gray county last November.

In writing THE NEWS concerning the Gray county quota, Frank Scott, chairman of the sums expected of them and anticipating no difficulty in raising Texas' part of the party's debt.

Texas' quota was fixed by Postmaster General James A. Farley, chairman of the national committee. Texas, it was recalled, furnished the largest democratic majority for Roosevelt and Garner and contributed the second largest sum of money, being exceeded only by Roosevelt's own state of New York.

Senate Body In Approval of 5-Day-a-Week Bill

WASHINGTON, March 30. (P)—The Black five-day week, six-hour day bill was approved by the senate judiciary committee today by a vote of 11 to 3.

The measure, introduced last session by Senator Black (D., Ala.) would compel all industries to enforce the shorter work week.

Under an amendment offered by the Alabama and approved by the committee, the legislation would become effective 30 days after its enactment and remain in force for two years.

Oil Meet Ignored Public, Says Thompson

'LITTLE MEN' DOMINATED BY MAJOR GROUPS

INDEPENDENTS COULD NOT GET HEARING, HE ASSERTS

WRIT RESTRAINS ORDER

NO ACTION TAKEN ON INJUNCTION ISSUED AT SHERMAN

LONGVIEW, March 30. (P)—E. O. Thompson, Texas railroad commissioner, said today the public had not been thought of in discussions at the president's conference of oil state governors or their representatives at Washington.

He declared that the Washington conference was dominated strictly by heads of major producing companies and that independent "little men" and the consumer could not get a hearing. The commissioner added the meeting was strictly an effort to limit production for \$1 oil.

Thompson stopped here briefly today en route from Washington to Kilgore, field headquarters of the commission.

Consumers Left Out. "The main trouble with the oil situation is that the industry wants the price fixed by law," Thompson said.

"This the courts have properly held can not be done in Texas. Price fixing is contrary to the genius of our government. High-priced crude will mean higher prices for gasoline. It is my opinion that there are many more gasoline users than oil producers. It was strikingly apparent at the Washington conference that consumers were not represented."

Amarillo Life Insurance Firm Sold to Trinity

AMARILLO, March 30. (P)—The All American Life Insurance company, organized in Amarillo two years ago with capital stock of \$115,000, has been sold to the Trinity Investment corporation of Fort Worth and its policy holders will be reinsured in the Trinity Life Insurance company.

The purchasers agreed to pay \$4 a share, or approximately \$44,000 in cash, to the All American's stockholders, and an additional \$4 a share in stock in the Trinity Bond and Investment corporation at \$15 a share, or in the Trinity Life Insurance company at \$20 a share.

Practically all of the stockholders live in the Texas Panhandle and number about 200. Most of the stock was sold at \$20 a share, officials of the company said. The company was organized in August of 1930 and opened for business January 1, 1931.

W. T. Coble, prominent Panhandle cattleman, was president at the time of the sale.

The All American had written approximately \$2,000,000 worth of policies, all of which will be protected by the Trinity, Horace M. Russell, a member of the All American's executive committee, said today.

The sale was made Tuesday, but was not announced until today.

Paving Of Road Proposed

Bids To Be Asked Soon On 22 Miles of McLean To Pampa Highway.

HARD-SURFACING with light construction of about 22 miles of the unpaved portion of the McLean-Pampa highway will be launched soon if satisfactory bids are received under a plan just worked out by Gray county commissioners and County Judge C. E. Cary.

The proposed paving would include 12 miles from the end of the Pampa paving through and beyond LeFors and 10 miles from McLean back this way. About 8 miles or less of road having a natural gravel, easily maintained, would likely not be constructed at the present time.

The bids to be asked will be on the basis of \$50,000 cash and the rest paid in Gray county paving bonds at par. The cash can be made available, but there is not now a ready market for the bonds.

The proposed work has been advocated to provide employment for jobless men to save damage to the grading and drainage structures recently completed, and to provide an all-weather road over the worst part of the Pampa-McLean route. The engineer's estimate on the hard-surfacing is about \$9,000 per mile, but members of the court believe the work can be done for considerably less.

Proposed cancellation of \$750,000 of the original bond issue would not affect the Pampa-McLean road.

Thousands See Midget Parade; Acts Applauded

Midgets, little people from another side of the world, drew a great crowd to the streets yesterday afternoon as they paraded before going to the La Nora theater to open an engagement which closes tonight.

Not since Santa Day had so many grownups and children crowded the streets and complicated traffic.

An amazing orchestra, playing popular and classical selections with the dash and volume of standard organizations, opened the first performance before a capacity audience last night.

The little people sang, danced, played a Mother Goose scene, performed magical tricks, and presented three performing elephants directed by a forceful little midget. The elephants ate at a table with forks, smoked pipes, one "got drunk" and all realized about in unison.

Car Is Stolen From In Front Of Church Here

W. V. Murry reported to local officers last night the theft of a 1930 Ford coupe from in front of the Church of Christ.

The car has green wire wheels and a spare tire on the back.

The sheriff's department has received news of recovery in New Castle, Okla., of a car stolen March 21 from Cal White here. It is a 1933 Chevrolet coupe, and will be returned to Mr. White by the insurance firm.

PASTOR OFFERED TO RESIGN IF GIRL WOULD WITHDRAW ATTACK CHARGES, SUPERINTENDENT SAYS

Quotes Minister As Denying Every Accusation

MUNCIE, Ind., March 30. (P)—The Rev. Frank Dougherty, district superintendent of the Methodist Episcopal church, today related to a secular jury some details of the investigation that led to the church trial of the Rev. G. Lemuel Conway on a charge of imprudent ministerial conduct.

The suspended minister is on trial, charged with criminally assaulting an 18-year-old Sunday school teacher, Miss Helen Hoffman.

The district superintendent testified the pastor denied making any improper advances to Miss Hoffman when questioned by brother clergymen prior to the church trial that resulted in his suspension for one year from the pulpit of the Madison Street Methodist Episcopal church.

The Rev. Mr. Dougherty insisted in his testimony that despite the denial of improper advances the Rev. Mr. Conway offered to resign his pastorate if the young woman would withdraw her charges.

The district superintendent quoted the accused pastor of saying a member of the Conway family once had been subjected to the amorous attentions of a young minister but that the situation had been met with charity rather than with prosecution.

"What did we do?" the district superintendent quoted the pastor as saying. "Did we have him expelled? No, we were too Christian for that. We called him in, had prayer with him and forgave him. He is still in the ministry today."

The district superintendent said the Rev. Mr. Conway admitted only taking Miss Hoffman in his automobile from a point near her home where she was waiting for a street car to the downtown district.

Miss Hoffman, the state's first witness, had testified yesterday that the minister took her to a lonely spot in the country where he attempted to attack her and threatened her with violence if she resisted.

FIRE DESTRUCTIVE QUANAHA, March 30. (P)—Fire of unknown origin destroyed five business establishments at Medicine Mound, 12 miles southeast of Quanaha, early today. The Quanaha fire department went to the scene but was unable to check the flames because there was no water supply.

J. P. MORGAN QUESTIONS AUTHORITY OF EMPLOYEES

WASHINGTON, March 30. (P)—Investigation of the house of Morgan, titan of American finance, was sought today by the senate banking committee—which also succeeded in getting jurisdiction over the Roosevelt bill for federal regulation on issuance of stocks and bonds.

The decision in regard to J. P. Morgan and company was made known in an announcement that the committee would seek increased power from the senate in continuing its long stock market investigation.

Investigators already have started into the Morgan records but, Chairman Fletcher of the committee said, had been stopped by the bank's questioning of committee authority.

Railroads Are Opposed To Any National Czar

WASHINGTON, March 30. (P)—Railroad labor today came out unqualifiedly against any plan for appointing a coordinator or dictator to operate the railroads of the country.

Executives of 21 standard railroad unions meeting here today authorized a statement saying their organizations were against any plan that would deprive railroad workers of their jobs.

"Railroad owners," said the statement "are now proposing to deprive thousands of communities of service, to deprive several hundred workers of work and wages, to destroy billions of dollars in property values in order that they may make unjust profits out of a consolidated monopoly of main line railroads."

Donald Richberg, counsel for the railroad unions, said that he had declined a request by President Roosevelt to aid in drawing up plans for a coordinator and consolidated operations of the railroads.

He said the railroad labor unions believed the entire coordination plan was sponsored by the railroads.

CHILD TRAINING IS GIVEN TEST

A little less than a year ago a group of New York psychologists got the chance to take over the training of two newly born twin brothers.

They set out to give all their elaborate theories of child-training a test. One of the lads, named Johnny, was put through a stiff course of sprouts from the very start—daily courses of exercise, systematic instruction in the use of his limbs, and so on.

The other day the assembled psychologists got the children out and put them through their paces to see which one had developed the more.

Johnny, who had had all the training, outshone his brother all the way through. He excelled at climbing stairs, at paddling about in a pool, at manipulating little brain-testing gadgets and at other feats of skill and strength.

But the most interesting thing about the whole business was this: Jimmie, badly outclassed in every test, was nevertheless the happier of the two.

Expert Johnny wore a premature frown most of the time. His responsibilities seemed to rest heavily on his wee shoulders. He was serious, very much in earnest, quite engrossed by all his cares.

And Jimmie, unskilled and worried, kept wearing a cheerful grin. He was no great shakes as an infant prodigy, and he didn't care. His failure depressed him not at all. He was, in short, a perfectly happy child.

Just how much importance ought to be attached to this fascinating experiment isn't clear. Probably the psychologists themselves don't know. But any parent who shares the old feeling that a flock of laughs and a long stretch of utterly carefree happiness are among childhood's most invaluable possessions will feel the old-fashioned, unscientific regime emerges from the test with the greater part of the laurels.

TEXAS VETERAN 'LENDS' RELICS OF WORLD WAR

Canyon Museum Is Given Valuable Articles

CANYON, March 30.—Many of these relics have been carried on my back for miles through all kinds of weather. They are too dear to me to say 'I give,' I can only say 'I lend,' wrote R. G. Brown of Rising Star, Texas, world war veteran, when he made a deposit of World War relics with the Panhandle-Plains Historical Society Museum recently.

The collection, which brings back vividly the days of 1918, includes many items of interest, utensils of warfare from both the Germans and the Allies, and pictures showing actual war in some of its most terrible aspects.

Spurs which once belonged to a German captain, a short sword taken from a German soldier on the Meuse river near Meuzay, France, and an automatic taken from a German sergeant near St. Emy, France, are interesting pieces. There are also a hand grenade given to Mr. Brown by a French Blue Devil, and a metal image of Buddha given him by a Buddhist.

In his collection of pictures Mr. Brown has procured scenes of an actual gas attack, a French village following shell fire, Kaiser Wilhelm visiting his sick and wounded soldiers, a soldier asleep in a bomb-proof dugout, Hindenburg inspecting a regiment of Prussian Guards, a German ration wagon which was destroyed by American shell fire, and the gruesome scene of a field of action following the battle.

Of great artistic interest is a beautiful silver crucifix, enameled in colors and set with semi-precious stones. This crucifix, a thousand years old, was given to Mr. Brown by an old French woman. A group of coins from many lands are among the mementoes in the Brown collection. One piece, an old Roman coin, carries the likeness of Caesar on one side and a symbolic figure on the other.

Mr. Brown, who is an ex-student of the West Texas State Teachers college, is very interested in Pioneer Hall which is being placed in readiness for the official opening on the occasion of the annual meeting of the Historical Society, April 14.

Students are now busy classifying the relics and arranging them in display cases.

More Support Should Be Given To Rangers, Economy Committee Says

AUSTIN, March 30.—If the Texas ranger service, perhaps the most famous and colorful law enforcement agency in any of the states, is to be preserved and do effective work, it should be given more adequate support, according to a report to the legislature.

In making a survey of the state government, the legislative committee on economy and organization stated that the most serious handicap under which the force labored was that neither legislation nor appropriations had kept pace with the social and economic changes that have taken place in the past few years.

The report stated that although the traditions of the force were based on a frontier type of service, the force had endeavored to adapt itself to modern conditions of transportation and new methods used by criminals, but the limitations placed on the rangers had prevented any material advances.

No provision has been made to properly equip the rangers and nothing done toward acquiring the specially-trained personnel necessary for modern criminal investigation and identification. Among her favors red accents on her spring costumes. With a Worth sports suit of dark blue wool she wears a red sleeveless sweater and a red scarf.

Society Has Had Three Presidents

CANYON, March 30.—Only three presidents in the twelve years of its existence is the record of the Panhandle-Plains Historical Society which will hold its annual meeting here April 14.

Thomas F. Turner, pioneer Amarillo lawyer, served the society during its first years, and was followed by O. H. Nelson, of Rosero, the man who introduced fine Hepfords to the high plains. He was succeeded by T. D. Hobart, one of Pampa's foremost citizens, who came from Vermont forty-eight years ago and has resided in the Panhandle continuously since that time.

Another is a three-quarter length model of pale blue pique finished with a little slip-through scarf.

OUT OUR WAY By WILLIAMS

Elderly Janitor Wounds Girl And

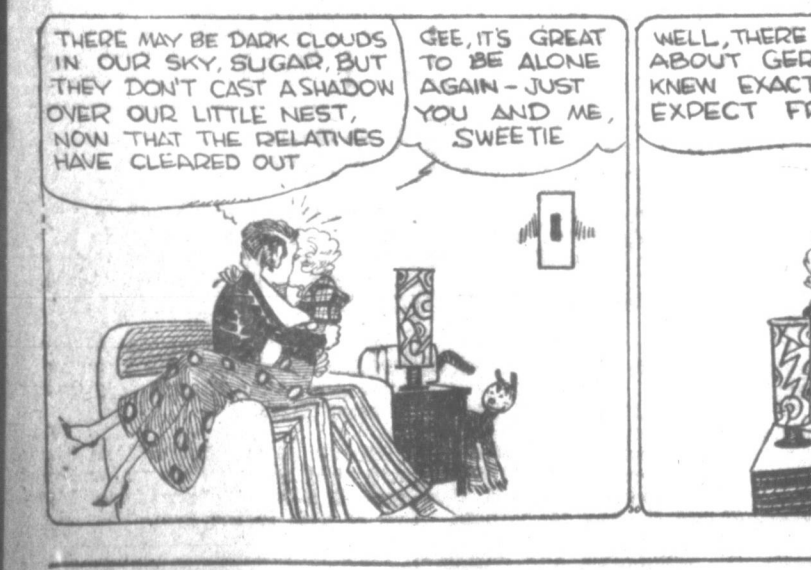

PALESTINE, March 30.—(P)—Elsie Missidine, 15, was shot and seriously wounded at a dance here last night by a 58-year-old man who then committed suicide.

B. M. Mahaffey, church janitor, walked to a rear door of the dance hall, fired a bullet into Miss Missidine's back and then shot himself through the brain, dying instantly.

The girl was given a fair chance to recover. Mahaffey left a note in his pocket addressed to Rev. Father J. J. Kearns, in which Mahaffey claimed he and the girl had agreed to a murder and suicide pact.

Miss Missidine denied emphatically the existence of such a pact, and told investigators she had been trying to avoid Mahaffey for some time.

THE NEWFANGLES (Mom'n Pop)

Alone Again! By COWAN

Glad To Get Away! By BLOSSER

VALIANT DUST

Author of 'BEAU GESTE' by Percival Christopher Wren. SYNOPSIS: Suddenly, Colonel Le Sage of the French Secret Service strikes to end the eastern intrigue in the Moorish (Moroccan) States. First, he captures traitorous Major Riccoli of the Foreign Legion and his enemy Vittorelli. Riccoli has the effrontery to try to corrupt Le Sage who then tells his captive that shortly the Raid of Helwan and his son, Raimon, are to be arrested and given him the bad news that the Raid's mounts the Mautons have betrayed their master to Le Sage.

Chapter 43 LE SAGE'S PLAN 'REALLY?' asked Riccoli. 'And with what force do you propose to do these wonderful things?' 'Ample, admirable and efficient—a half-hundred of legionnaires. And who could want anything better?' Le Sage smiled. 'You think they'll obey you, do you?' 'Certain of it, I'll tell you why. Do you remember an excellent orderly you had at Post One—a man named Bombelli, who, alas, deserted and was never heard of again? Yes, well—he's being heard of now and, in correct uniform and rank-badges, is putting the fear of God and sud den death into some of the poor rascals you corrupted and suborned, Major Riccoli. You Bombelli, my good Major Riccoli, is the famous Langeac himself. Yes, that's

that we were not alone; and the devil of it was that I'd said all sorts of dangerous things, given away all sorts of deadly secrets. 'Not only dangerous and deadly for me, but also for the noble Señor Pedro Maligni. We'd said enough to get us, to send us both to the torture chamber,' added Le Sage. 'Then obviously, my good Le Sage, Pedro Maligni was fooling you. He was giving you away to somebody who already knew Maligni's game, but didn't know yours.' 'Anyhow, there it was. Someone was listening, and the game was up. If Pedro Maligni knew—then I was trapped. If he didn't know—I then we were both trapped, and my one idea was to get out of the trap as quickly as possible. So I politely bade the noble Pedro to hold his tongue for a moment, because I wanted to think. 'I did. I also wanted to hear and to smell. For, among the few qualifications which I possess for this sort of work, are abnormally acute hearing and sense of smell.' Major Riccoli yawned. 'You seem to have several attributes in common with the brute creation, Le Sage,' he observed. 'I inhaled deeply, savoring the scent—as you say, like an animal

a nasty shoc. for you, isn't it? Oh, your legionnaires will obey me and follow me, all right.' 'Ah! Those who live longest will see most, Le Sage.' 'You are absolutely right there, Major Riccoli. They will.' 'Yes, and it is you and Major Langeac who should feel anxiety. How did the fellow get there, by the way?' 'On a camel! And in the rôle of my servant. He takes his teeth out and turns his eyes in, you know. And his own mama wouldn't know him. At least, I hope not, for mama's sake.' 'Well, I'll take his eyes out and put his teeth in—in the eye-sockets,' promised Riccoli. 'I doubt it,' smiled Le Sage. 'In fact, Major Riccoli, I should advise you to think of your latter end. It d-r-a-s near.'

Major Riccoli smiled and brushed this aside with a wave of his hand. 'Uninteresting, Le Sage. Boring. But there's one point that does interest me, I confess.' The door opened and Otho Belleme, snorting, announced that Sergeant-Major Vittorelli was in the hands of Major Langeac, also in the punishment cell. 'Good. And your three companions?' 'Present, sir.' 'Good. You four will await me outside this door.' 'Well, Major Riccoli—the point of interest you mentioned?' 'Yes. It's this. Why exactly did you choose tonight for this exhibition?' 'I'll tell you. I paid a visit to-day to the apartment of the Raid's Vizier, Señor Pedro Maligni who, besides being the Raid's confidential adviser, is also my scoundrelly paid hireling. 'Now whether he was not only double-crossing, but treble-crossing, me, I don't know. But after I had had his assurance that I could safely say what I'd got to say, I suddenly became aware that I wasn't so sure of this. I felt a what the Americans call a 'hunch.'

Le Sage at last leaves Major Riccoli, tomorrow, but to what fate?

INTEREST IN WORLD'S FAIR SHOWN BY LOCAL WOMEN

FACTS TOLD AT GATHERINGS OF PAMPA CLUBS

HISTORY OF CHICAGO IS PRESENTED BY SPEAKERS

INTEREST in the world's fair to be held this year in Chicago was shown by Pampa women at two club meetings, El Progresso and Twentieth Century, held this week.

Mrs. H. H. Hicks, Mrs. Edwin S. Vickers, and Mrs. W. J. Smith were the Twentieth Century speakers, and Mrs. C. P. Buckley, Mrs. S. G. Surratt, and Mrs. Dave Pope addressed El Progresso.

As a background to the Century of Progress facts presented, the women gave a history of Chicago, from the time it was settled in 1837 to the present time when the city ranks as the fourth largest in the world.

Transportation will be one of the greatest problems at the fair, as plans are being made to entertain 18,000 persons every hour, and traffic will be controlled for 100 miles around Chicago.

It will not be necessary to travel by foot at the fair. There will be wheel-chairs, some self-propelled, others guided by an attendant, and it will be possible to see the entire fair on wheels, riding up and down ramps and rolling from one upper-floor extension to that of the neighboring buildings. There will be the light tramways at elevated levels to circle the buildings and plans are under consideration for an elevated monorail system.

Buildings of the exposition, which are expected to attract a maximum daily attendance of one million, are rising along a stretch of some 500 acres on the lake shore front from Twelfth street southward, including islands, projected extensions, and enclosed lagoons. If more room is needed, the space filled in with sand and 13 acres are added to North Island with dredges and sand barges to make room for a Hall of Music and other buildings.

Electrical communications and radio buildings form a huge sickle some 1,200 feet long; their colors are crimson, gold, and silver principally. Modernism is the key note in this exposition honoring science and invention, and bright colors are used freely on buildings and fences.

The fair will be opened by the light of a star—Arcturus. One of the objectives of the exposition is to help visitors understand the inside workings of the implements of living.

Easter Hunt For Children Planned

Plans for an Easter egg hunt to be given for the beginners department of the First Baptist Sunday school the afternoon of April 14 were made by teachers and officers of the department at a meeting Tuesday afternoon in the home of Mrs. A. L. Lee. Department programs for the next month also were planned, and refreshments were served at the close of the meeting. The remainder of the afternoon was spent in visiting the sick and absentees.

Workers present were Mesdames R. L. Young, Frank Eastup, A. C. Midkiff, Charles Zernial, C. S. Rice, Henry T. Cox, Charles Kenting, H. C. Price, B. B. Yates, Victor H. Taylor, Miss Meda Cox, and the hostess.

Bridge Lessons Ended Wednesday By Le Bons Temps

Lessons in contract bridge, taught by Mrs. Henry Perret, were concluded yesterday afternoon at a meeting of Le Bons Temps club held in the home of Mrs. Joe Colter.

At the close of the games, dainty plates of ribbon sandwiches, pickles, olives, potato chips, paradise salad, and coffee were served. Yellow Easter nut cups with Easter candies were favors.

Special guests were Mesdames John Cummings, G. L. Greene, and Henry Perret. Members attending were Mesdames Guy Barritt, J. C. Carroll, Archie Ralsky, H. H. Kelley, E. Hooks, Ed Mazey.

Prizes were awarded to Miss Thurman, who scored high among the women, and to Mr. Ballinger, who scored high among men.

Guests were Mr. and Mrs. Hutto, Mr. and Mrs. H. Campbell, Mr. and Mrs. Rump, Mr. and Mrs. Devine, Miss Grace Williams, Miss Kesler, Miss Skags, Miss Cook, Miss Ruby Williams, Miss Thurman, Miss Hulse, Messrs. R. E. Alsup, Hanson, Carrelson, Chambers, House, Ballinger, and Lambright.

PUPILS TAKING PART IN MUSIC EVENTS TODAY

Many Pampans Are In Amarillo to Vie For Honors

MUSIC instructors of Pampa are represented by many pupils in the Panhandle Music Festival which opened in Amarillo this morning.

Miss Madeline Tarpley accompanied a large group of her piano pupils to Amarillo today.

Saints Pendleton, piano instructor, made the trip with the following pupils: Bruce Cunningham, La Verne Hill, Virginia Callison, and Evelyn Hill.

Miss Dorothy Dodd and Mrs. Earl Thomason, pupils of Miss Philip Wolfe, are entering the voice contests, and Malcolm and Norman Carr also are entering the voice events. The boys are singing numbers suggested for the 21-year-old group, although they are younger than that age.

Pupils of Mrs. May F. Carr who are entering are Helen Marie Jones, Erlene McKinney, Mattie Velma Brown, Catherine Barrett, and Ella Faye O'Keefe. Although she is only 14 years old, Helen Marie is playing the 19-year-old numbers.

Miss Eleanor Frey, pupil of T. Duncan Stewart, is entering the violin contests, as is Willie Reese Taylor, pupil of Otto Schick.

Mrs. F. P. McKimming, piano teacher, also is represented.

QUITE BUSY

ALTHOUGH her duties as principal of Horace Mann school have demanded much time and energy, Miss Josephine Thomas, above, has found time to become one of the most active members of the school's Parent-Teacher association. She is serving this year as chairman of the welfare committee.

STARS HAIL BLUE, WHITE

By NEA Service HOLLYWOOD, March 30.—Nautical blue and white is the preferred color scheme, by and large, and sometimes there is even more of a nautical touch than just the color.

Miriam Jordan has a new dinner dress of white crepe made with a sailor collar back, the back decollete. The collar has triple stripes of blue, edged with gold, and two blue stars at the corners. The dress lacing down the back piacquet, and in the front of the waist.

Sally Elie's luncheon at Sardi's, was a navy blue ensemble and a plaid scarf and beret, in wool. She has a cute little white blouse that is the modern version of the old middy, which she wears with slacks.

Wendy Engels, luncheon at Levy's with no less than three masculine escorts, wore a blue tailored suit, a white sweater with blue anchors on it and a blue scarf and sailor hat.

Ruby Keeler, starting for Palm Springs with her husband Al Johnson, wore the cutest sailor hat seen hereabouts, an orange one of stitched wool. Her outfit was white, a two-piece ensemble of waffle crepe, the dress high-necked and short-sleeved, the swaggar coat long. Her sandals were of orange suede, just matching her sailor hat.

BAPTIST CLASS GIVES BANQUET FOR HUSBANDS

MEN USE BEANS WHEN MAKING BIDS FOR PARTNERS

HUSBANDS of Winsome class members, First Baptist church, were special guests at a banquet in the church parlors Monday evening.

Informality predominated from the time the men were given sacks of beans to bid for the women as partners. The partners were auctioned by Frank Hill. At the close of this spirited bartering, couples were invited into the dining room where the Easter motif was emphasized in decorations. Tables were laid in white with yellow and orchid streamers, and little rabbits here and there were in nests of green with gay colored Easter eggs.

Mrs. T. F. Morton, teacher, presided over the lively program, which was opened with such songs as Old Family Toothbrush and Rheumatism led by Mrs. R. E. Gatlin. Mrs. T. J. Worrell favored the group with two readings, after which a quartet composed of Mr. and Mrs. A. B. Bourland and Mr. and Mrs. C. A. Jordan, with Mrs. Don Lel-decker at the piano, entertained with two song hits. Mr. and Mrs. J. D. Guthrie received much applause after their violin and accordion numbers.

Mrs. C. E. Lancaster, class sponsor, made a short talk complimenting the class on its growth from 5 to 20 members in about 14 months, and R. E. Gatlin spoke briefly along the same line. After dinner, Mr. and Mrs. J. D. Guthrie mystified the group by performing magic tricks, and they received the same enthusiastic response as did Willie the Wizard. Rev. Lancaster made a short talk.

Guests were the Rev. and Mrs. C. E. Lancaster, Mrs. T. F. Morton, Mr. and Mrs. R. E. Gatlin, Mr. and Mrs. Paul Crossman, Mrs. Fritz Waechter, Mr. and Mrs. R. E. Gilbert, Mrs. H. N. Clay, Mr. and Mrs. Casey Jordan, Mr. and Mrs. A. D. Bourland, Mr. and Mrs. Don Lel-decker, Mr. and Mrs. M. E. Johnson, Mrs. John Jensen, Mrs. Carl Hollandsworth, Mr. and Mrs. J. D. Guthrie, Mrs. M. W. Andrews, Mr. and Mrs. Ray Mackey, Mr. and Mrs. Cleo Wilkes, Mr. and Mrs. Deloy Yowell, Dr. and Mrs. T. J. Worrell, Mrs. H. C. Brown, Mrs. A. M. Stewart, Mr. and Mrs. Frank Hill, Mr. and Mrs. B. N. Bradley, Mrs. W. E. Jordan, and Mr. and Mrs. Rhea Owens.

Many Visits Made By Dorcas Class

Good reports for the last month were heard by the Dorcas Sunday school class, First Baptist church, at a meeting yesterday afternoon. The following activities were mentioned: 137 visits, 98 telephone calls, 28 trays, 2 floral offerings, 7 members sent from the class to teach, 6 new members, 11 newspaper reports, collections amounting to \$46.

Carnival in Miami To Be On April 8

MIAMI, March 30. (SP)—The Home Demonstration clubs of Roberts county have started preparations for a carnival which will be staged in the high school auditorium of Miami the night of April 8. Various stunts and pranks will be the feature, and prizes will be given. A small admission will be charged for an entire evening of mirth-provoking entertainment. The carnival is being given to benefit the Roberts county demonstration work.

Baptist Class In Miami Entertained

MIAMI, March 30. (SP)—Anagrams was the game of the day when Mrs. Wesley Davis entertained members of the Althean Sunday School class of the Baptist church at her home Tuesday afternoon. After a number of games were enjoyed, dainty refreshments were served to Mesdames N. E. Moon, W. C. George, Floyd Byers, Ervin Pursley, Hartwell Hoskins, J. S. McLaughlin, Clarence Gates and the hostess.

MANY PERSONS CO-OPERATE IN CARING FOR NEEDY GIRLS AND BOYS OF HORACE MANN SCHOOL

By JOSEPHINE THOMAS
Horace Mann Principal and Parent-Teacher Welfare Chairman

In October a drive was made by the Horace Mann Parent-Teacher association for groceries in order that underprivileged children might have a hot noon lunch. This resulted in well-filled shelves, which, however, was only the beginning. Civic clubs and citizens, seeing the need, have generously contributed, making it possible to carry on the work.

Through the courtesy of the Schneider hotel, soup is furnished daily and is delivered without charge by the Jiffy Taxi company. Milk is furnished by the Taylor Farm dairy for all children who are given free lunches.

Fifteen cents is paid for each child's lunch, and all profits made are turned back for free lunches. The profits are made possible by the groceries donated. Five hundred sixty-four free lunches were served last month, plus the 50 lunches eaten by the four children who help in the cafeteria, these not being reported to clubs, making a total of 614 lunches served without charge. Thirty-two children are being fed.

Shoes have been purchased by John Bowers, and clothing has been furnished for a number of children by members of the Parent-Teacher association and church organizations.

Cash donations have been as follows: Mrs. T. D. Hobart, \$10; Mrs. Phoebe Worley, \$10; Albert Combs, \$20; Mrs. F. P. McSwinnin, \$5; Mrs. H. C. Schofield, \$1; Mrs. V. E. Fatheree, \$5; Friendship class of Presbyterian church, \$6 each month; Mrs. Grace Brown, \$5 each month; Lions, Kiwanis, and Rotary clubs, \$15; teachers and principal of Horace Mann school, \$12 each month.

Gifts have been donated by the following: Presbyterian church, Mrs. W. H. Pollard, Mrs. Charles Cates, Mrs. K. W. Bunch, Mrs. Soren Jensen, R. E. Kinzer, Arlie Proctor, Mrs. McFarlin, Mrs. Rob Seeds, Mrs. W. E. Riggan, Mrs. V. E. Fatheree, John Bowers, Mrs. B. W. Cary, Mrs. O. G. Smith.

The Horace Mann faculty, children, and patrons have expressed their sincere thanks for the above contributions.

The school is open to visitors every day. Come out and see our boys and girls enjoy their noon lunch.

Alabama's Jury Law Attacked In Scottsboro Case

DECATUR, Ala., March 30. (AP)—A formal defense motion to quash the jury venire drawn to try Haywood Patterson, 19-year-old Chattanooga negro, charged with attacking two girls in the "Scottsboro case" was filed today in Morgan circuit court, setting up a new attack on the Alabama jury law.

The motion, which was identical with that filed in Jackson county seeking to quash the indictments, alleged that the absence of negroes from the jury box from which the venire was drawn deprived Patterson of his rights under the fourteenth amendment to the federal constitution. He is the first of the nine negroes indicted for the attacks two years ago to be called to trial.

Samuel C. Leibowitz, of New York, chief of defense counsel, said the defense could produce "at least 200 witnesses," but subpoenas were issued for only twenty-eight, all negroes residing in Morgan county.

Attorney General Thomas E. Knight, Jr., called only three, the members of the Morgan county jury board, and followed the same procedure as with the motion to quash, asking issue with the defense and asking them to prove there are no negroes in the Morgan county jury box.

Mrs. C. E. Melton is undergoing treatment in Wesley hospital.

Mr. and Mrs. Charles C. Cook left for El Paso yesterday afternoon. Mr. Cook will enter a sanatorium for treatment.

'Empire City' in Brown County Was Profitable to Promoters in 1870s

BROWNWOOD, March 30. (AP)—Human credulity sometimes is threatened through the grip of legal documents that come to the offices of county clerks for permanent record. Volume 71 of the deed records of Brown county contains an example in a description of the "Empire City properties," a promotion scheme of nearly three score years ago that still carries faint echoes.

Prof. T. R. Havins of Howard Payne college, who has studied the history and operation of the "Empire City" scheme, is authority for details of the ramifications of the fraud.

Empire City never existed save in the minds of some clever promoter

back in the seventies. Notwithstanding, they made hundreds of investors in northern states believe in a thriving center of trade, and after more than fifty years inquires come almost monthly by mail to the county clerk. People in Indiana, Ohio, Kentucky or other states, rummaging through some grandfathers' old trunk find deeds to lots of "Empire City, Brown county." They write to the county clerk and invariably ask for possible valuation of the property.

The Great Western Land and Immigration company was chartered by the secretary of state in 1870. The company purchased three hundred acres of land out of the Alford survey ten miles south of Brownwood for fifty cents per acre. The tract was cut into city lots of 25 by 100 feet.

An extensive advertising campaign was inaugurated in northern states. Pictures of a thriving city were shown on cards and broadsides. Streets which were not even considered when the lots were mapped were shown crowded with people from ranch and farm. Bales of cotton and bags of wool were shown piled high on wharves, while long horn steers walked placidly down the gangplank of the steamboats tied up on Pecan bayou.

That the land was valueless save for grazing purposes, and the possibilities of a steamboat ever ascending Pecan bayou beyond question did not deter the promoters from perpetrating the fraud. Agents armed with the advertising were sent north and sold great numbers of the lots for the consideration of \$1 and the notary and recording fees. It was in this detail the promoter made the money. The notary located in Brownwood charged \$2.50 for writing the deed and \$2 for recording it. He in turn paid the county clerk \$1 for the recording and kept the rest. Thus the promoters made \$4.50 on each lot. The tract contained nearly 5,000 lots.

WASTE ROAD TAR ANNOUNCED AS A NON-HABIT FORMING MORPHINE

By HOWARD W. BLAKESLEE, Associate Press Science Editor.

WASHINGTON, March 30. (AP)—In waste road tar, the American Chemical society was informed today, there is "great promise" of achieving one of medicine's spectacular goals, a non-habit-forming morphine.

Discovery of synthetic musk also was reported, a commercially feasible process to establish new industries in making a sweeter-smelling world.

Great changes in farming were suggested by the U. S. Bureau of Standards in possibilities still in the future of utilizing 100,000,000 tons of pure cellulose, 6,000,000 tons of gums and quantities of tans and lignins in the 300,000,000 tons of corn-stalks, cottonstalks and straw now thrown away annually.

The coal tar-morphine idea is a new tack in the synthesis sponsored by the national research council jointly with the universities of Virginia and Michigan. Its progress was reported by Dr. Lyndon F. Small of Virginia, Dr. Nathan B. Eddy of Michigan, and co-workers.

The starting point is phenanthrene, a hydrocarbon in tar, now thrown away in road and similar tars. It is too stubborn even for making dyes, but basically bears a striking resemblance to morphine.

The molecules of both this tar hydrocarbon and morphine are shaped almost exactly alike. Both are made of three rings of atoms stacked up like a flat pyramid.

By shifting around these pinned-on atoms in real morphine. Dr. Small and Dr. Eddy have proved that morphine's effects on man can

be greatly altered. The phenanthrene work is an attempt to see whether everything except the "habit" part of morphine can be pinned onto the phenanthrene molecule.

As a guide, Dr. Small built up some phenanthrene part way toward being a narcotic. This he compared with opium broken down into a simpler chemical. He found a point where the built up phenanthrene was the same stuff as the degraded opium. This showed he was on the right track, for opium contains about 10 per cent morphine.

W'LEAN BOYS WIN AT TECH

Stock Judging Team Takes Many Honors in Contests At Lubbock College.

McLEAN, March 30.—The McLean livestock judging team coached by Prof. A. A. Tampke is being congratulated for having won the Texas Tech sweepstakes banner for high school teams recently in Lubbock. It was the third time in the last five years that the local team won this honor. It won in 1929 and 1930, losing to Dublin in 1931 and to Post in 1932 but taking second place in both those years.

McLean's team was first in farm shop work, second in livestock, third in poultry, sixth in dairy judging, and first in team average. The team took the Groot trophy for being first in Guernsey judging, and was first in judging of horses, first in concrete work, first in saw filing, first in hardware judging, first in solder-

ing, second in sheep judging, and second in rafter cutting.

Lavelle Christian was high scorer in livestock, and J. Billingslea was seventh. Y. E. McAdams took first in farm shop, with Neil Jackson second and Archie Hibler third. McAdams followed with second and hardware and concrete. Hibler was first in soldering, while Jackson and McAdams followed with second and third places. Bert Carpenter was fourth in Guernsey judging and Christian second in Jersey judging.

Wilburn Lynch tied for first place in the examinations, with 98 points, missing only one question. He tied for first place in egg judging with a perfect score. Glenn Hunt was high scorer in Guernseys, while Christal Christian was second in all dairy judging and fourth in Holsteins.

NEW SHOCK REPORTED
LOS ANGELES, March 30. (AP)—A wide area of Southern California, centering in the vicinity of Long Beach and Los Angeles, was rocked by a sharp earthquake, at 4:25 o'clock this morning. The convulsion lasted about five seconds. No damage was reported.

Crosby county, Texas, citizens have laid out a program of community rabbit drives in an effort to stop incursions on crops.

AVOID MONOTONY
The manner in which a food is presented has much to do with forming a child's likes or dislikes. Vegetables, fruits, cereals, eggs and meats lend themselves to much variety in cooking. It is unnecessary to make meals monotonous by overworking one type of dish. One example is serving white sauce over every vegetable. Used too often it makes food taste and look the same.

SENIOR TRACK-FIELD MEET TO BE HELD HERE TOMORROW

HARVESTERS MEET L'FORS IN AFTERNOON

PAMPA BOYS TO ENTER CLARENDON MEET ON SATURDAY

Athletes from Pampa and LeFors high schools will vie for county track and field honors tomorrow afternoon. Pampa will send a team to the meet. The opening race, the 120 high hurdles, will open the meet at 3:30 o'clock. Admission will be 5 and 10 cents and the money will go to defray expenses of the meet.

Although this will be LeFors' first year in class A track and field competition, Coach Duncan has a strong team and the Harvesters are not anticipating an easy time. LeFors has such well known athletes as Stewart, Mathis, Berg, Schofield, Carter, Eckard, and other good boys.

The Harvesters have been working hard this week and are in the best condition of the season. The dash men, who have showed little promise to date, looked better in practice yesterday and gave Coach Odus Mitchell hope that he might gain some points in the dash events the rest of the season. Wayne Kelley threw the javelin more than 100 feet in practice yesterday for his best mark of the season. Kelley is the newly elected captain of the team.

The meet will be run off in record time. Fans will be able to sit in the grandstand and see the entire meet without moving. The field will be kept clear of all excepting officials and athletes.

Saturday the Harvester team will go to Clarendon for an invitation meet. Fifteen teams from high schools in the Panhandle and Oklahoma had entered up to this morning which Coach Mitchell talked with Clarendon. A new cinder track has been laid off and is said to be the best in the Panhandle. There will be no preliminaries Saturday morning. The meet will start at 1 o'clock.

Eight sets of hurdles will be available and 10 sprinters will be able to compete at one time. Coach Mitchell will take his entire team of 20 boys to the meet. The Amarillo Sandies, Canyon, Dumas, Pampa and several teams from the lower plains will swell the number. Several Oklahoma teams will also attend, Coach Mitchell was informed.

Clarendon has one of the strongest teams in the history of the school and rate early favorites. Amarillo will be strong, especially in the dashes. Hollis, Okla., is also reported strong in the same events which should make things interesting.

Cups and prizes will be awarded. The boy making the most points will be given the chamber of commerce cup. Other prizes will include jerseys, sweaters, shoes, shirts, and other useful articles.

WHITLOW AND GRUBBS STAGE FURIOUS BOUT

WHITLOW GIVEN PRESS DECISION; JUDGES VOTE FOR PUG

Six hundred howling fight fans stood on their feet for nearly 10 rounds as they witnessed one of the best bouts ever staged in the Panhandle last night at the Pla-Mor auditorium. The occasion was the meeting between Pete Grubbs, prettying out of Pampa, and Allen Whitlow of Indianapolis, Ind.

Two ringside judges gave the decision to Grubbs, but they had to have a double-lens glasses to see much difference in the two boys. Both entered the ring at 134 pounds, and from the first going there was more leather in the air than in all the previous fights here this year. Whitlow was the aggressor most of the way and scored a knockdown.

Whitlow was half way across the ring at the gong and threw a few punches to Grubbs' head as he sidled out of his corner. Grubbs countered nicely but always going away. There was no feeling around to test the other's strength.

The second round was another slugfest with both boys doing pretty infighting. They would lock head to head and then open to the body with bombardments of lefts and rights. Whitlow opened up with a long left overhand swing that connected with Grubbs' head repeatedly in the third. The local boy countered strongly to the head on voluntary breaks.

Grubbs Uses Feet.

Whitlow continued to force the fighting as Grubbs pedaled. The boys started long range fighting for the first time during the bout. Grubbs appeared more effective at the long range works and Whitlow soon covered. Although several solid blows were landed, none was of a dangerous character. Whitlow continued his overhand swings, while Grubbs stepped in close for several solid blows.

Grubbs showed a flurry in the sixth when he opened up a fierce head attack which had Whitlow backing away for the first time. He connected with one-two several times as he made the Indianapolis fighter miss.

Grubbs continued as the aggressor in the seventh as Whitlow covered, but landed several nice blows to the head and body. Both slowed a little in the eighth but continued to force his advantage. Grubbs was content to box and Whitlow again opened up. The ninth round saw plenty of infighting and just before the gong, Grubbs dropped to the floor and Referee Sam Fenberg counted three at the gong. Whether Whitlow's right dropped Grubbs or whether he slipped, he took a count.

The last round saw the most furious fighting of the bout. Both boys opened up and slugged with Grubbs missing several wonderful opportunities for a knockout by tractions of inches. Whitlow also tried hard but Grubbs showed plenty of speed to sidestep the dangerous uppercuts.

Great Defense Work

Grubbs gave one of the greatest exhibitions of fighting ever seen here. He boxed and slugged with Whitlow, who is lightweight champion of Australia and the boy who fought a draw with Tony Herrera in his own home town. Whitlow took most of the blows on his gloves, and shoulders in one of the priciest systems of covering in the fight game. He, however, left his head open to receive hard jabs. Grubbs used his regular style and his regular style and his speed was greater than at any time this year. The bout could have been a good draw, but Whitlow forced the fighting and scored the knockdown for a slight advantage, as a newspaper opinion. It was estimated that Whitlow won at least 5 of the 10 rounds.

Joe Vernon and Fenton Taylor provided the entertainment in the ring for a four-round bout, but although Grubbs gave the Cyclone 20 pounds, he whipped him all over the ring. Webb hit about five blows during the entire bout, while the little Grubbs made himself popular by throwing leather from all angles.

Dexter Wright gave Skeet Sherrod, local boy, a trimming in a four-round preliminary, but he had Sherrod outweighed 15 to 20 pounds. The little fellow fought gamely and it wasn't until the last round that Wright won the decision. He used long rights to the head.

Wildcat McGuire proved too big for Tuffy Simons, Borger flash, in the opening event, but the little fellow handed big McGuire plenty of misery. It was one of the best fights on the card.

KIKI CUYLER BREAKS LEG

Cub Outfielder Will Be Out Of Game at Least Until The Middle of June.

LOS ANGELES, March 30. (AP)—For the second time in as many seasons, the name of Hazen (Kiki) Cuyler, has been stricken from the Chicago Cubs' starting line-up because of injuries.

The veteran outfielder fractured the smaller bone of his right leg yesterday when he stole second base in the fourth inning of an exhibition game with Hollywood of the Pacific Coast league and will be out at least until the middle of June.

In May, a year ago, Cuyler suffered a broken bone in his left foot and did not get back to take his turn at Wrigley field until July.

With Cuyler out, the Cubs' chances of retaining the National league pennant were considerably dimmed. Frank Demaree, purchased from Sacramento last summer, finished the game in his stead and was considered as the most likely man to fill the gap although Manager Chas. Grimm thought there was a possibility that either Vince Barton or Mike Kreech might fill in.

Kirkwood Wins North and South Golf Tournament

PINEHURST, N. C., March 30. (AP)—America's great golfing caravan, led by Joe Kirkwood with the \$1,200 North and South first prize money in his pocket, headed northward today, with Virginia Beach the objective for many of them.

Capture of the North and South with a record-breaking 72-hole score of 277 Kirkwood placed well up among the money-winners of this winter's campaigning.

Warming up after comparatively poor first and second rounds, Harry Cooper, of Chicago, staged a stirring rally in the final day to cop second money with 282.

Three strokes behind him came Craig Wood, of Deal, N. J., the season's big money winner, and Horton Smith, who tied for third and fourth.

Mrs. George Philpott of Miami was a Pampa visitor yesterday afternoon.

Mrs. Harry Hoare, Mrs. Joe Gordon, and Omme Behrends are spending the day with friends in Amarillo.

Pillow Flight Not In Handicap Race

AGUA CALIENTE, Mexico, March 30. (AP)—The field of probable starters in the \$25,000 added Agua Caliente handicap Sunday was trimmed today to nine thoroughbreds and the name of the New Zealander, Pillow Fight, was not on the list.

After Pillow Fight finished fifth yesterday in the final preparatory at a mile and a sixteenth, Cuthbert Morse, his New Zealand trainer, recommended to D. J. Davis, the owner, that the horse be scratched. Danny Farrell, the jockey who accompanied Pillow Fight to America and who rode him yesterday, was in tears after the race.

Davis, however, reserved his decision until Saturday.

Harvesterettes Given Sweaters

Ten members of the Harvesterette basketball team received sweaters during chapel yesterday. The sweaters were presented by Coach Kelley. The team did not have a season of victories but played hard games. Injuries and sickness robbed them of two veterans during the season, leaving only two experienced players.

The sweaters are green with a gold stripe down the outside of the sleeve, a green and gold letter and white trimming. They are made of Durine cloth.

Those receiving sweaters were Miss Flo Perry, assistant coach; Louise Walstad, captain; Helen Murphy, Loretta Fletcher, Clella Nichols, DeAuan Heiskell, Minnie Neal, Mary Ann Moyer, Daisy Ann Shields, Sarah Frazer, and Harriett Hunkapillar.

Lard And Three Others Out For Spring Training

Among the 40 aspiring candidates for the 1933 West Texas Teachers college Buffalo grid machine who reported to Coach Sam Burton Monday afternoon were four graduates of Pampa high school. The squad will go through six weeks of strenuous spring training.

The Pampa boys in uniform were Ralph Poe, Albert Lard, Durwood Martindale, and Lloyd Moore. According to The Prairie, college paper, Poe will likely be the boy who will be selected for fill the center job vacated by Bill McClendon. He was the star of the Freshman Calves last fall.

Lard and Martindale will be battling for the backfield job vacated by Otis Burke, who will graduate. Moore will be trying to beat out one of the regular ends from last season. Lard and Martindale will have the inside track because of their great showing last season.

WOOD WINS 4 GOLF TITLES

Ends 2-Year Reign of Gene Sarazen. Playing Consistent, Brilliant Golf.

By PAUL MICKELSON, Associated Press Sports Writer.

CHICAGO, March 30. (AP)—The big winter campaign of American golf was over today with Craig Wood, shotmaker from Deal, N. J., firmly seated on the champion's throne.

Surging to the top with a game so brilliant and consistent that of averaged approximately 71 shots for each 18-hole round, Wood easily ended the two-year winter golf reign of Gene Sarazen by winning four important championships, placing no lower than tenth in 11 others, and amassing a total purse of \$5,780.08. Sarazen, caught in a slump since his victories in the British and American opens last year, finished far down the list.

In brief, here is Wood's winter big time record:

Won four championships: The San Francisco match play open, the Pasadena open, the Los Angeles open, and the Radium Springs open.

Placed second twice: In Lakeland, Fla., Orange Blossom open, and tied for second in Arizona promoter.

Placed third three times: Tied for third places in Agua Caliente and North and South opens; won third in Charleston open.

Tied for fourth in Arizona open and Walter Hagen's open at Jacksonville.

Won fifth place in Gasparilla, Fla., open and tied for sixth place in the St. Petersburg open.

Tied for eighth place in the Florida (six inch cups) open and tied for tenth in the Miami-Biltmore.

Fenny Shult finished second in money winnings for the winter with a total purse of \$4,171.40.

Other leaders and their money winning totals:

Paul Runyan, White Plains, N. Y., \$4,036.65.
Horton Smith, Chicago, \$3,472.50.
Harry Cooper, Chicago, \$2,655.83.
(*) Walter Hagen, Detroit, \$2,595.75.
John Revolta, Menominee, Mich., \$2,365.
Charles Guest, Deal, New Jersey, \$1,947.58.
Olin Dutra, Santa Monica, Calif., \$1,569.

(*) Won own tournament's first prize of \$300 but refused purse. Sarazen's winnings were \$1,075 in official tournament play.

A NEW AND ADDITIONAL LINE OF CHEVROLET SIXES

● Now—for the first time in motor car history, you can buy a full-size six-cylinder coupe for as little as \$445! Now—you can also get a big, 5-passenger Chevrolet coach for as little as \$455! The leader has broken all precedent by introducing an additional line of automobiles, the completely new Chevrolet Standard Six: world's lowest priced full-size six-cylinder closed car!

This new automobile costs considerably less than any other six of its type on the market. Yet it's a Chevrolet... with everything the name stands for: style... comfort... reliability... performance... value... leadership! And it sets a new world's record for gas and oil economy.

Like its companion car, the popular Chevrolet Master Six—the new Standard Six has Fisher coachwork... Fisher combination wood-and-steel body construction... Safety plate glass in the windshield and window ventilators... A smooth, spirited, six-cylinder engine... A silent second transmission... An Octane Selector... A rugged, full-size chassis... And modern streamlined styling that instantly tells the world: "This is a fine, quality automobile."

And indeed it is—every inch and every ounce of it.

A Chevrolet in basic goodness. A Chevrolet in dependability. A Chevrolet in engineering and craftsmanship and style! In fact, the very same factories build the Standard Six that build the Master Six. The very same machines, too. The same skilled workmen.

Have you seen this new Chevrolet Standard Six? Have you sat in it—driven it—compared the prices? Unless you do these things, you can't possibly appreciate what a wonderful value \$445 buys today. A Fisher Body car, a full-size, fast-stepping six—completely worthy of the greatest name in low-price transportation—CHEVROLET! CHEVROLET MOTOR COMPANY, DETROIT, MICH.

Burglars Capture Nightwatchman, Loot Bank Of \$15,000

THREE SPEND FOUR HOURS IN OPENING VAULT

ACETYLENE TORCH IS USED TO CUT HOLE THROUGH STEEL

KNOX CITY, Texas, March 30. (AP)—Three armed and masked burglars early this morning looted the vault of the Citizens State bank here of cash and securities expected to total \$15,000 and escaped.

The trio stopped the nightwatchman, J. H. Finley, on the streets at 1 a. m. and forced him to accompany them to the bank. While one man stood outside as a guard, the other two entered the bank through a window.

Acetylene torch apparatus was set up, the gas drums being placed on the sidewalk outside the bank. After burning a hole in the outer vault the robbers were forced to cut through a plate of manganese steel, the job

CHICAGO GRAIN

CHICAGO, March 30. (AP)—Unusually steady here in grain values early today followed unexpected strength of quotations at Liverpool. British exchange rates showed two points advance.

Opening at 1/4 off to 1/4 up, the

market ruled quiet all morning. The early upward trend of prices was checked by easier wheat and stocks and there was some little hedge-selling. May eased off to \$2.25, July to \$6.40, and October to \$6.61, or 4 to 7 points down from the earlier highs to levels unchanged to one point down compared with the previous close.

Around noon the market was a little sealer on a little price fixing and prices recovered one to three points from the lows.

CHICAGO WHEAT MARKET

Chicago wheat market later advanced somewhat. Corn started unchanged to 1/4 lower, and subsequently rallied.

Just at the wind-up, however, eastern houses sold wheat, and the market reacted. Wheat closed unsettled, 1/4-1/2 under yesterday's finish, corn unchanged to 1/2 off, oats unchanged to 1/4-1/2 up, and provisions unchanged to 5 cents lower.
