# BEER BILL IS SUBJECT TO CALL

Beer experts tell us the 3 and 2 is almost wholly devoid of kick and incapable of producing intoxication if taken in normal amounts, if there are such things.

Home brew buyers confess that the 3 and 2 is "flat" and wholly lacking in the customary cockroach and mice flavor.

Officers are perplexed by the beer question. Only two or three persons have ever been "sent up" from this county on beer charges. Prominent citizens say they would refuse to sit on juries and find beer salesmen guilty. Others think the law should be enforced while Texas statutes bar more than one cent by volume. Whatta mess!

Of course, the legislature isn't doing much anyway, but we know a lot of people who will be relieved by a 2-year moratorium on legislation.

But it's our guess that Ma will have to call at least one special session during her term, and that it will concern oil and East Texas.

The West Foster group is grouchy than ever—Son, away at college, is nearing graduation and must have more money than the grouch expected. But it will be cheaper to pay now and get Son out of college and, if possible, into something where he can make at least enough to pay for his dates.

### THANKS OLD MAN

H. O. (Old Man) Simmons writes us as follows:

"Back in the days of the apothecary shop, with its stock bottles of drugs arranged in precise order, and with a huge vase like bottle of liquid in each window, one being colored a deep blue and the other a light green, or orange, the establishment was usually tended by a be-spectacled proprietor in person, who would usually close up to go to lunch, there being no apparent need for clerical help as his entire business was the filling of prescriptions of the local medical or connecting home remedies.

As an alarm for the benefit of the proprietor, who might be engaged in filling prescriptions, a small sheep bell was suspended at the end of a coiled spring attached to the front door, which when touched a faint tinkle each time the door was opened, that the customer would commend the attention and service of the proprietor.

"Charlie Briggs was the proprietor of a shop of this description and was recognized as the best chess player in the community. His nearest rival for the honor was the village blacksmith, of German extraction, who would be found behind the prescription case at most any hour of the day when no work was in hand for the moment, whose shop was just across the alley from the shop of the apothecary.

"Upon one occasion, while engaged in a very absorbing setting, a potential customer entered, with

## One Of 6 Britons Pleads Guilty NEW AKRON CLUE UNCOVERED

### REPAIRS WERE TO HAVE BEEN MADE ON SHIP

WERE TO COVER AREA WHERE GIRDERS BROKE

### WILEY ASKS QUESTION

WEAKNESS IN AKRON IS DETAILED IN TESTIMONY

LAKEHURST, N. J., April 12. (AP)—Lieut. Com. Edwin P. Cochran, assembly and repair officer at the naval station, today testified at the naval hearing on the loss of the Akron, that it had been planned, on her return from the last flight, to strengthen the ship's structure in the area in which two of the survivors said they saw two longitudinal girders break. One of those girders was to have been strengthened, he said.

The work was to have started April 7, Cochran said, and was to have covered the area where Deal and Erwin, the two enlisted men who were survivors, said they saw girders break just before the crash. Cochran said longitudinal girders 5, 6, and 7 were involved in the repairs that had been planned. Longitudinal girder 7 was one of those that Deal said he saw break.

Cochran said he had conferred with Com. McCord, commander of the Akron, and the aircraft's first lieutenant and engineer about the projected repairs, before the last flight.

"Have you any knowledge of why the alterations were ordered?" Cochran was asked.

"No, sir," he replied.

Lieut. Com. Wiley, the only surviving officer of the Akron, who designated at his own request an interested party, has the right to examine witnesses, then asked of Cochran the first question he had put in the hearing so far.

"As far as you know," he asked, "was the ship considered perfectly safe to fly without this alteration?"

"Yes, sir," Cochran replied.

### Rotarians Name New Directors

Directors for the Rotary club were elected today to serve for the coming year as follows: J. E. Cunningham, W. J. Smith, Dan Gribbon, Philip Pond, Frank Keim, Travis Lively, and Dr. A. R. Sawyer. They will take office July 1 when the new Rotary year begins.

A meeting of the new directors, with the retiring directors and officers, will be held Monday evening at the office of the White Deer Land company, where officers for the coming year will be elected.

The high school girls' debate team, composed of Yedda Stein and Opal Denson, coached by Miss Fannie May, discussed taxation for today's program. It was in charge of H. D. Keys.

### NOTICE TO MASONS

Scottish Rite Masons and Knights Rose Croix members are urged to attend the Maundy, Thursday and Easter Sunday services in the Masonic hall in the White Deer Land building at 8 o'clock Thursday night. M. A. Graham will be in charge of the meeting.

### PASTOR FIGHTS CRUELTY CHARGE

REV. W. A. Kitchen (inset), who was accused of cruelty to animals in the ejection of a dog from his church during services, has been acquitted, but may face a civil suit. Rev. Kitchen denied that he broke a leg of the dog, shown here with its owner, Harvey Aaronson, explaining that the animal must have been struck by an auto after being put out.

### PROCEEDS OF WEBB PIE SUPPER TO HELP PAY HOSPITAL COSTS OF BOY WITH A FRACTURED LEG

Event Is Thoroughly Enjoyed By Pampa Delegation

PROCEEDS of a pie supper at the Webb community east of LeFors last night, in which more than a score of Pampans participated, will be used to help pay the hospital expenses of Hershel Cupell, 14-year-old Webb school boy, who about two weeks ago suffered a leg fracture while grading a baseball diamond.

A total of more than \$30 was received through the sale of pies, according to Mrs. E. E. Gehring, pioneer ranch woman who was in charge of the inter-community gathering. Mrs. Gehring was greatly pleased by the visit of Pampa folk, and invited the chambers of commerce to use her picnic grounds whenever they wished.

The pies were beautifully decorated with cream, paper and were declared delicious by unanimous acclaim after the sale closed. Some of the pies were trimmed with fruit blossoms.

A short musical program was given under the direction of the Pampa Junior chamber of commerce. Miss Florine Phillips and Miss Joyce Smith sang in duet numbers and the Lunsford string band, composed of Cecil and Nat Lunsford and G. B. Carmack, played popular selections.

Short talks were made by Clarence Kennedy, who arranged the program, Roy Bourland and W. T. Fraser. Various persons were called upon to auction pies. Louis Morse and Jim Collins were voted the most popular men present.

The Pampa delegation, besides those already named, included Guy E. McTaggart, Mrs. Jim Collins, Olin E. Hinkle, Mr. and Mrs. L. Nicholson, Jack Dunn, Ewing Leach, Mr. and Mrs. Charlie Dupeck, George Briggs, Dub Williams, and Mrs. Clarence Kennedy.

The Webb community has a nearly new school building, piano, and other conveniences. The teachers are Miss Leota Brown and Miss Bennie Furnell.

### CHARGES READ IN MOSCOW AS TRIAL STARTS

GUILTY PLEA RESULT OF 'THIRD DEGREE' ENGLISH SAY

### INDICTMENT IS LONG

CLAIMS MEN PLOTTED BREAKDOWN OF POWER PLANT

MOSCOW, April 12. (AP)—W. H. McDonald, British employee of the Metropolitan-Vickers Electrical company, and 11 Russian employees of the company today pleaded guilty to charges of espionage, sabotage, and bribery.

Five other British employees of the company pleaded not guilty.

The five other Englishmen are Allan Monkhouse, Moscow director for the Metropolitan-Vickers company; Charles Nordwell, L. C. Thornton, A. W. Gregory, and John Cushman.

The 11 Russian employees of the company include one woman. Their trial started in "October Hall," the house of the trades unions, which was guarded closely by uniformed and bayoneted soldiers stationed inside and outside the courtroom.

### Trio Convicted, 2 Acquitted In 'Sacrifice' Case

INEZ, Ky., April 12. (AP)—John H. Mills, Ballard Mills, and Blaine McGinnis were convicted in the Mills "human sacrifice" case by a jury here today, and Mrs. Mollie McGinnis and Mrs. Ora Moore were acquitted.

The punishment of John H. Mills was fixed at life imprisonment, and sentences of 21 years each were imposed on Ballard Mills and Blaine McGinnis.

The crowded court room received the verdict in silence. John H. Mills appeared to pay no attention to it, but Blaine McGinnis and Ballard Mills paled slightly.

After being returned to jail to await passing of sentences, which under Kentucky law, must be withheld at least three days, Ballard wept and said "I'm more sorry for Blaine than for myself."

### Girl Injured In Auto Accident

Ella Harmon, one of the passengers in the Herbert Davis car when it overturned east of Pampa Monday night, suffered a fractured shoulder it was learned upon further examination yesterday afternoon.

Young Davis was able to leave Pampa hospital last night after receiving treatment for an injured side. Dick Sullins, the other passenger was not hurt.

The plucky high school girl dragged the injured youth from the car and then helped Sullins get loose. Remembering that the motor had not been cut off, she crawled back into the wrecked car and turned off the switch.

### GOLDEN TEMPLE OF JEHOI

CHINA OF THE Eighteenth century will be presented at a Century of Progress Exposition in the golden temple of Jehoi. The temple at Chicago's 1933 World's Fair will be a faithful reproduction of the original, built in 1767 at Jehoi, summer home of the Manchu emperors from 1714 till the abdication of the dynasty some twenty years ago. Pictured above is one of the great bronze and gilded wooden Buddhas, with attendant figures, which will stand within the temple. The Pampa Daily News and cooperating merchants are going to award a free trip to the world's fair. Come down and learn how you may be the fortunate tripper.

### COUNTY DECIDES TO DISCONTINUE AGENT'S OFFICE

Ralph Thomas To Be Kept As County Farm Agent

DISCONTINUANCE of the services of the Gray county home demonstration agent, Miss Ruby Adams, will take effect June 1 as a result of action taken by the county commissioners late yesterday.

The move was unanimous, with the exception that Commissioner John R. White was absent when the vote was taken. The motion was made by Commissioner H. G. McCleskey and seconded by Commissioner W. W. Wilson of McLean.

A few minutes before, the commissioners voted unanimously to retain the services of County Agent Ralph Thomas. This motion was made by Commissioner Wilson and seconded by Commissioner McCleskey. The subject of the work of the agents in regard to possible economies, scope and popularity of work and possibility of continuing the program without them had been under discussion for some time.

The commissioners appointed N. W. Foster, T. D. Shaw, Floyd Smith, W. L. Henton, and C. E. Anderson as a jury of view for a road beginning at the NE corner of section 22, block R about one-fourth mile along the west line of section 91, block 23.

Another jury of view for a road beginning at the NE corner of NW 1/4 of section 19, block 6 at the intersection of highway 33 was appointed, composed of J. S. Wynne, N. L. Welton, S. L. Anderson, J. E. Williams, and J. M. Saunders.

### CAST IS CHOSEN FOR 'HOLIDAY,' THEATER PLAY

Intensive Rehearsals Indicate Fine Performance

JOHNNY CASE who was "young and healthy" and who had the ability and opportunity to make a million did not want too much money. He wanted to make \$20,000 and take a holiday—while he still had the vigor and spirit to enjoy life.

He made that amount quickly and he took his holiday, despite the scorn of his fiancée Julia Seton, her father and his friends, and that in brief is the plot of "Holiday," Little Theater three-act comedy, the cast of which is rehearsing nightly under the direction of Mrs. T. F. Morton.

The role of Johnny was gladly given by the casting committee to Ben Gull, "young and healthy" teacher of the Hopkins school, be-

### Children Rush Welfare Office For Egg Tickets

Tickets to the Pampa Daily NEWS-La NORA theater free Easter egg hunt for children of the unemployment were going strongly at the Welfare Board office this afternoon.

Only children of the unemployed are eligible to attend this hunt, which will start at 2 p. m. Saturday at Harvester park. Children who obtain tickets at the Board office should be at the park at the stated time. Boy Scouts will be present to guide traffic and see to it that only those with tickets are admitted. About 1,000 children are expected to attend.

The Campfire Girls have been added to the list of groups which will assist in cooking and dyeing the eggs. Baker P. T. A., and home economics girls of Pampa high school will also cook and dye eggs. An egg matinee, with children under 12 years being admitted on presentation of two cooked eggs, was held by the La Nora theater at 4 p. m. today.

Donations of cooked or cooked and dyed eggs for the children of the unemployed will be welcomed by the sponsors of the hunt, and the eggs may be left at the NEWS office.

### ACTIVITIES OF LOBBYISTS ARE TO BE CURBED

HOUSE VOTES TO MAKE THEM REGISTER WITH CLERK

### BEER BILL IS FAVORED

SPONSORS MIGHT ASK FOR VOTE FRIDAY OR MONDAY

AUSTIN, April 12. (AP)—Representative John Mathis, Sr., of Houston today succeeded in having the house of representatives lay on the table subject to call a bill to legalize the manufacture and sale of 3.2 beer. The action made it possible for sponsors of the bill to call it from the table at any time on 24 hours notice.

The motion to table the bill subject to call carried 54 to 40.

Mathis gave notice that he would call the bill up on the next legislative day, which probably will be Friday or Monday. It had been tentatively planned to seek action on the bill next week.

A resolution requiring lobbyists to register with the chief clerk and give detailed information concerning their employment and activities was adopted by the Texas house of representatives after lengthy debate in which one member accused lobbyists of attempting to break a quorum of a house committee to delay a vote on a bill.

The resolution was introduced by Representative Cecil A. Lotief of Cross Plains and J. W. Adamson of Denison.

Lotief asserted the effort to break a quorum was made Monday night at a hearing before the highway and motor traffic committee on a bill to increase the tax on natural gas.

"They almost ran me crazy running around the house and looking into committee rooms to get members to maintain a quorum," Lotief stated.

"When I'd bring one member of the committee in, I'd find that a lobbyist had taken two out. It is not right for them to interfere with the state's business. I don't mind eating their T-bone steaks and their French fried potatoes, but I want them to leave me alone when I am working."

A number of Pampans will attend the dedication of the Panhandle-Plains Historical society museum in Canyon Park and will attend the annual banquet in the evening.

The group will be headed by T. D. Hobart, for five years president of the society, and Mrs. Hobart. Others who will attend will be Mr. and Mrs. C. P. Buckler and daughter, Margaret, Mr. and Mrs. Clyde Fatheree, and Olin E. Hinkle.

The sessions will start at 10 a. m. and will continue with inspection of the \$50,000 museum and its relics and records, formal dedication, a historical pageant in the Teachers' college auditorium, and the banquet at Cousins hall in the evening.

The museum was built after citizens of the plains had matched a state appropriation of \$25,000. Judge H. E. Hoser of Canadian was chairman of the building committee.

### LABOR'S FRIEND IN CABINET

It is one of the ironies of fate that Frances Perkins, who appointment as secretary of labor was objected to violently by spokesmen for organized labor, should turn out to be the staunchest and most effective friend labor has ever had in a president's cabinet.

It is not merely that Miss Perkins is seeking the same objectives that labor is seeking. Her conception of her job itself is the important thing.

Her theory is that the secretary of labor is put into the cabinet to be organized labor's spokesman. If labor is to have a voice in the high councils of the government, the labor secretary must be the mouthpiece.

To realize what a complete departure this theory is from accepted practice, you need only look back over the record of the labor secretaries during the past dozen years.

Nor is that all. Miss Perkins not only feels that she must fight labor's battles; she is not in the least backward about mapping out a definite program which goes miles beyond anything that has been seriously considered before.

She is rapidly establishing as administration principle the belief that true prosperity must rest on the prosperity of the workers themselves—that good times cannot trickle down from above, but must be built up from the very bottom, and that one of society's prime duties is to see to it that its workers get a fair break.

In line with this belief, she is trying to do two things: to get the unemployed hooked up with jobs, and to make certain that those who have jobs get a decent amount of pay for their work.

Nor is that all. By the cool determination with which she has tackled her work she has put new life into the whole organized labor movement in America. She has helped solidify it, she has given it a program and she has enormously increased its influence.

When labor's spokesmen look back at the protests which her appointment drew from them, they must feel more than a little bit silly.

It's hard to say which is worse for an automobile, a loose tire or a tight driver.

Prussia restores student duelling. Possibly they hope to produce a successor to Scarface Al Capone.

### TO USE CARTOON STRIPS

Cartoon strips will be used to present Camels' "no tricks" story in graphic form as the R. J. Reynolds Tobacco company swings into the second phase of its newspaper campaign this week. The magic campaign, with its slogan "It's fun to be fooled," is more fun to know," and its emphasis upon the quality of tobaccos used in Camels, has been hailed as one of the notable advertising successes of the year. Sales of Camel cigarettes, as reported by retailers in various sections of the country, indicate that the public has shown a gratifying

The statement "Camels contain finer, "more expensive" tobaccos than any other popular brand" is displayed beside the package in the new Camel series. Smokers are invited to try Camels and learn of the added pleasure to be enjoyed in smoking the cigarette which uses more expensive tobaccos than any other popular brand. response to Camel's appeal of "No tricks—just costlier tobaccos."

## Tech's Two Thriftiest Students Spend \$5.85 Each Per Month For Everything—Many More as Frugal

LUBBOCK, April 12. (AP)—One hundred and twelve men students attending Texas Technological college buy their groceries, cook their meals, wash their dishes and do their housework. They spend an average of \$11.32 a month for room and board—\$6.29 for groceries and \$5.02 for room and utility bills.

"These batching students are practicing economy that would put the thriftiest housewife to shame," said Cecil Horne, who has charge of housing and employment problems for students. "One boy walks eight blocks to get milk for five cents a quart rather than pay seven cents to have it delivered. One group found they were paying 21 cents a day for three loaves of bread. They began baking their own bread and saved \$3.20 a month."

"They shine their shoes, press their trousers, darn their socks, sew on buttons, roll their own cigars, and rent, borrow or share textbooks. One boy gets his roommate to cut his hair, uses baking soda for tooth paste, and shaves with soap. Some do their own washing."

The two thriftiest students at Tech, Horne said, spend \$5.85 each a month. They spend \$2.85 each for room rent and utilities, \$1.50 for groceries, and bring food from home valued at \$1.50. Common methods of economizing are buying day-old bread and making large purchases of staple groceries at advertised specials.

One student gets his room and board free by keeping the apartment and doing the buying and cooking for four others. Another spends \$22.50 a month for room and board, but "batches" because he likes it.

All of those who prepare their own meals are in good health, and some have gained in weight.

## Few Changes In Trustee Boards Made in County

**DESCENT OF MAN**  
MIAMI, Okla.—Two federal officers treed a suspected moonshiner near here. It happened after they had seized a 100-gallon whiskey still and arrested Mrs. Walter Ford. They couldn't find her husband. Then they spied Ford sitting in a tree top, complacently smoking a pipe. He wouldn't come down. The deputies obtained axes and began chopping the tree. Ford descended. Only Houston among Texas league cities is reported still enthusiastic about night baseball.

## Battle Over Treasure In Sea Off Virginia Coast Reaches Gun-Point

NORFOLK, Va., April 12. (AP)—Rivalry of treasure hunting expeditions was featured today by talk of use of guns. Two expeditions are seeking precious metals and jewels that went down two decades ago with the ward-liner Meric sixty miles off the Virginia Capes.

Captain Harry L. Bowdoin, head of the Salvor expedition, which spent last summer working on the wreck, apparently has abandoned an appeal to the courts, through which he sought an injunction to keep Captain John Hall and his associates from attempting to recover the treasure. Word was sent to the Bowdoin trawlers, Sea Rambler and Sea Gull, to hold the wreck, by force if necessary.

It was reported that the trawlers were already at the spot where Captain Bowdoin said he left buoys to mark the resting place of the Meric, 200 feet beneath the surface, and their decks were manned by armed men prepared to repel the rival expedition.

In the meantime, somewhere on the high seas and believed to be in the general vicinity of the wreck, is the Hall expedition vessel, the trawler Theresa and Dan, with Klass Everts, diver, aboard.

It is not known here whether the crew of the Theresa and Dan is armed but it was official announced by John McElheron, chief diver with the Bowdoin party that the men of the Sea Rover and Sea Gull carried army rifles and were operating under orders to "protect the wreck by physical force if necessary."

"We've spent thousands of dollars and months of back-breaking work in locating that wreck and blasting a hole ten feet square in her side in order to get at the treasure," McElheron said today, "and we do not intend to let someone else step in and take advantage of what we've done. That wreck is sixty miles off the coast. It's 'no man's land' and belongs to the expedition that can hold it."

Northwestern university's baseball team will meet the Cubs at Wrigley field in an exhibition game the first Cub open date, the proceeds to be used to help pay expenses of the Wildcat nine.

### American League Beats National

NEW YORK, April 12. (AP)—With all the returns in, the American league won the annual spring exhibition series from the National by a margin of six games.

Of the 70 inter-league games played, the American won 38, the National 32. Washington, with two successive victories, was the nominal leader but the New York Yankees really set the pace with 10 victories and four defeats.

The record of other clubs in inter-league competition follows: Browns, won five, lost two; Giants, 8 and 4; Pittsburgh, 2 and 1; Red Sox, 5 and 3; Reds, 5 and 4; Whitesox, 4 and 5; Athletics, 4 and 10; Dodgers, 6 and 8; Tigers, 4 and 6; Cardinals, 3 and 5; Phillies, 3 and 5; Braves, 4 and 8; Cubs, 1 and 3; Indians none and 2.

### Trophies Lost In Alamo 16 Years

SAN ANTONIO, April 12. (AP)—Three trophies of battery C, fifth field artillery, are on the way to that organization at Fort Benjamin Harrison, Indianapolis, after being "lost" 16 years in the Alamo.

They were left in the Alamo when the battery departed from this city for overseas service during the world war and apparently forgotten or recorded in their whereabouts lost. Capt. C. H. Brammel, artillery officer at Fort Sam Houston, on a visit to the Alamo noticed them and notified present officers of the battery. With the consent of the Alamo authorities he shipped them by truck to the present station of the battery.

The trophies include a Chinese captured during the Boxer uprising, a standard recording engagement of the civil war in which the battery's parent organization took part and a guidon used by the battery during the Spanish-American war.

## The White Cockatoo by Mignon G. Eberhart

SYNOPSIS: James Sunden cannot shake off a feeling of foreboding that assails him upon arriving in Pampa. He is a Southern France. Perhaps it is the howling north wind, which shakes the house. Perhaps it is Loucheim, the proprietor. Perhaps it is the quality of guests—there are only three. Mr. Pelletier, Bishop of Omaha Father Robert, a red-jacketed priest, and an interesting American girl named Sue Tully. Sunden is nervous but not surprised when Miss Tully bursts into his room at midnight to take refuge from an abductor; he has calmed her when there is a sudden loud crash.

Chapter 5  
SUNDEAN'S ERRAND  
MY FRIGHTENED visitor half rose; we were silent a moment. Then the noise recurred, and we relaxed. It was a shudder banging in the increasing wind.  
"Yes, I've just come from Russia," I went on. "An old friend of mine, Jack Dunning, and I arranged to meet here for a trip through Southern Spain. I'm a week ahead of time."

The girl nodded, and after a moment asked: "What do you think of the hotel?"  
"It's rather large in the winter, isn't it? The handful of guests must rattle around like so many peanuts."

"We do rattle around. Especially when the summer staff is dismissed. Just now there are only the cook, one porter and one maid, the manager, and Madame Lovschlem, his wife. And you and Mrs. Byng and a priest. And myself, of course. It is very quiet and lonely in the winter."

I must have looked a question, for she added: "I have been here about a year. You see—my mother was ill and died here. Madame Lovschlem and her husband have been very kind to me and to my mother."

As if she wished to change the subject, she told me about the hotel.

She held the toy sword.

from my face. It must have been more than an hour that he drove. Finally he stopped.

She stopped, too, and took a long breath. "I had planned what I would do. As he got out the front seat, I got out the back seat, on the opposite side, and ran. The wind was blowing, and it was dark, and he didn't hear me open the door, and it was a moment before he found I was not there."

"Then I saw a light, and it was the light at the entrance of the hotel. I didn't stop to think how strange it was, I just ran. The gate was locked, of course; but I knew the way in. He was after me."

Something must have come from my throat then, for she stopped, gave me a questioning look, and then went on.

"He could see me under the small light. He was so close, and there was no light in the hotel, and he, too, knew the way into the court. Then I saw your light. I ran into the shadow and up the stairway. I think he wasted time looking in the courtyard for me."

"I don't think he heard me call to you; the wind was too loud. But I'm afraid he saw me against the light. You can see your light from the court, you know, when the door is open. And that's—that's all. Except that I want you to tell me one—especially the Lovschlems."

"Who was the man?"  
"I don't know."  
"It wasn't Lovschlem?"  
"Oh, no!" she cried. "It wasn't Lovschlem. He is so—fat, you know. This man wasn't fat."

I said that the fellow ought to be killed. I believe I said I would enjoy the job of doing it.

"I've troubled you enough," she said. "I can't thank you. Now I'm going."

"But wait. Look here. Are you sure you'll be safe? I can't let you go like this."

"I'm quite alright. I shan't go for walks on the bridge again, at night anyway. And there's no need to call Madame. I'll lock my door." An expression of consternation crossed her face. "My key," she said, "I left my key on the board in the lobby."  
"I'll get it. What number is it?"  
"Nineteen. But—"  
"Don't leave until I return."

### Many Soldiers Are Buried In Coleman Ground

COLEMAN, April 12. (AP)—The oldest cemetery in Coleman county is situated at Camp Colorado. It was established in 1857 on the left bank of Jim Ned creek, 12 miles north-east of the town of Coleman. Approximately one mile east of the camp site, a soldiers' burial ground was located and members of that early day frontier post were buried there. The earliest date decipherable on any tomb is 1860, but it is believed burials were made there in the late fifties.

At the outbreak of the civil war troops left Camp Colorado but early settlers continued to use the post cemetery, and burials are still made there. The old cemetery as a whole has been neglected. A thick growth of live oak obscures it from view until the rolling hill upon which it stands is reached. Here and there a few family lots have been fenced and cared for, but many whose last resting place is there, are numbered with the unknown.

Work has been started with the aid of R. F. C. funds to clear the site of excessive timber. People have been asked to assist in identifying unmarked graves and in restoring the grandeur of the historic plot. In the cemetery rest the remains of many pioneer men and women who had a part in making the history of this section of Texas when it was frontier country.

### Scholarships To Be Given For Best 'Home Town' Speech

BIG SPRING, April 11. (AP)—Two scholarships in West Texas colleges have been offered as awards to the "My Home Town" speaking contest to be staged at Big Spring as a part of the West Texas chamber of commerce program May 11-12-13.

Ahliene Christian college and Simmons university at Abilene have both announced that they would give a scholarship to the winner. The announcements were made by President Jas. F. Cox of Abilene Christian college and President J. D. Sandifer of the Simmons university. The Simmons scholarship has a cash value of \$120, according to Sandifer.

### France, England Are Intent Upon Talking Debts

WASHINGTON, April 12. (AP)—Although former Premier Edouard Herriot of France now plans to be in Washington at the same time as Prime Minister Ramsay MacDonald of Great Britain, President Roosevelt does not expect to hold joint conversations with the two on the economic subjects they have been asked to discuss.

The intention is to stick to the original program of talking to each nation's representatives individually, despite word from Paris that Herriot had moved up his sailing date so as to be here with MacDonald.

At the White House it was indicated that both MacDonald and Herriot would be invited to stay there while in this country, but this was not understood to imply a joint conference, even though the two visitors might be guests there simultaneously.

To both France and Great Britain, the matter of revision of the war debts is paramount. To the president, economic questions dealing with removal of restrictions on international trade overshadow the debt issue which the administration has reiterated is a relatively minor factor.

**LIFE IN THE RAW**  
CHICAGO, April 12. (AP)—This is the story of Vincent McCourt, for 17 years he was a clerk for the board of education. The board got so far behind in paying salaries that he asked for charity, but it was denied because he was employed. Temptation came. He took about \$1,600 in tax anticipation warrants and checks to feed his family of eight children, he said.

A judge listened to the story, then sentenced him to serve 10 months in jail for conspiracy. The position of the school board employs is "tragic," the court said, but if all of them did what McCourt did, the judge added, "there wouldn't be enough policemen in Chicago to hold them in check."

### Jaysees Approve Economy Moves

NEW YORK, April 12.—Congressmen who support President Roosevelt in his assault upon excessive appropriations for war veterans will deserve to be favorably remembered when they stand for re-election, Courtlandt Otis, president of the United States Junior chamber of commerce, asserted in a letter sent today to selected members of the senate and house.

Mr. Otis warned that veterans' organizations which disapprove the president's economy measures and threaten to retaliate against congressmen at the polls are displaying "a spirit which every true American will resent."

The letter follows:

"Members of Junior chambers of commerce throughout the United States desire to express their appreciation to you for your support of the president's recent economy measure. As you doubtless know, our organization has been working toward this end for some time. We were particularly interested in the phase of the economy measure regarding the consolidation of overlapping governmental bureaus and payment to veterans for non-service connected disabilities.

"Our attention has recently been directed to the fact that certain veterans' organizations are considering retaliation activities against you for your support of the president in this emergency. Of course, we feel that this type of activity is not only unpatriotic but displays a spirit which every true American will resent.

"While our organization is a non-partisan body, our members are sincerely interested in the affairs of government and as individuals are active in both major political parties. We are sure that they will remember your splendid patriotic service at the time of the next election. We might further suggest that you make it a point to become acquainted with the activities of the Junior chambers of commerce in your own territory.

### Ship Arrives In U. S. Loaded With Jungle Animals

BOSTON, April 12. (AP)—Forty-two days out of Calcutta and Colombo, the British steamer City of Roubaix, Captain A. J. Phillip, docked today with several hundred non-passengers. Much of the noise could be traced to 600 chattering rhesus monkeys.

Several of the monkeys escaped from their crates yesterday and for hours occupied the rigging of the vessel until captured by her lascars crew.

The shipment, bound for a wild animal farm at Nashau, N. H., included several other varieties of monkeys, two royal bengal tigers so tame that they permitted their noses to be scratched, a panda, a tree bear, said to be the only one in this country, six cat leopards, eight flamingoes, seven pelicans, two spotted deer and a variety of other jungle creatures.

Ten pythons were in charge of Shafuddin Kahn, who possesses in India a reputation as an expert snake catcher. One of the most curious items in the shipment was a nilgava, a species of antelope with hind legs shorter than fore.

# BAPTISTS OF SECTION HEAR TALKS ON SOULWINNING

## CANADIAN ASSOCIATION HAS LARGE MEETING AT CENTRAL CHURCH OF PAMPA TUESDAY

### HIGGINS IS SELECTED AS NEXT PLACE OF MEETING

MORE than one hundred fifty workers of the Canadian Baptist association conferred at the Central Baptist church of Pampa yesterday, heard inspirational talks on soul winning, and were served a covered dish luncheon at noon by the local W. M. S.

Higgins, Miami, Canadian, Salem, and the Central Calvary Baptist churches of Pampa were represented. The Rev. G. L. Yates, pastor of the First Baptist church of Amarillo, who is conducting a revival meeting at the First church of Pampa, was a special guest and made the closing talk of the day. He used as his subject The Reward of Soulwinning.

The Rev. W. O. Cooley presided throughout the day. During a business session, Higgins was chosen as the place of meeting for May 9.

### Study of Health To Be Conducted

Health will be studied by the Junior high school Parent-Teacher association at a meeting tomorrow afternoon, the theme of the program to be "If we want civilization to march forward, it will march only on the feet of healthy children."

Following the opening song and prayer, a business session will be held and election of officers will take place.

Mrs. R. B. Fisher will discuss the children's charter, Mrs. Bob Chafin and Mrs. A. W. Mann, with Mrs. J. F. Curtis at the piano, will sing a duet, Miss Ivan Mayfield will discuss health habits, and Mrs. E. C. Will is to give current events.

The association is making plans for open house to be sponsored April 19 with Mrs. Will and Mrs. C. T. Hunkapillar in charge of the program.

### Russian Planning Studied By Group In E. C. Will Home

Russia's economic planning was studied by the Twentieth Century Culture club members yesterday afternoon in the home of Mrs. E. C. Will, and roll call was answered with the influence of the new system on coming generations.

New Leaders for Old was discussed competently by Mrs. C. L. Craig, a new member, and Mrs. A. M. Martini explained Russia's methods and status in world commerce and diplomacy. The five-year plan was outlined by Mrs. Carl S. Boston, and Mrs. Olin E. Hinkle, leader, told of progress made under the plan.

During the business session, presided over by Mrs. F. E. Leech, Mrs. Boston was elected delegate to the club convention soon to be held in Hereford, and Mrs. Marvin Lewis was chosen representative to the Council of Clubs. The group voted to make a study of Texas and Old Mexico next year and to use a planned program.

Fruit blossoms have a spring-like touch to the salad plates passed with hot tea at refreshment time to Mesdames O. H. Booth, C. S. Boston, E. M. Conley, Olin E. Hinkle, H. E. Keys, C. E. Lancaster, R. S. Lawrence, F. E. Leech, Marvin Lewis, A. M. Martini, L. N. McCullough, A. G. Post, C. L. Craig, Clyde Gold, one visitor, Mrs. John T. Glover, of Clarksville, and the hostess.

Mrs. Ben Ferris, who had been placed on the waiting list, became a member of the club.

## BUSY DAYS SPENT BY CANADIAN RESIDENTS; MANY TRIPS MADE

CANADIAN, April 12. (SP)—Rotary guests today were Frank Foster, Marshall Pond, and Phillip Pond, of Pampa, C. R. McClelland and Dr. L. N. Lipscomb who made an address on the principles of Rotary.

Mrs. Durham of Amarillo is very ill at her daughter's home in Canadian.

Chas. Halsey made a business trip to Lipscomb Tuesday.

Mr. and Mrs. J. W. Tanner of Winters were in town yesterday meeting old friends.

Rev. Harrison and several members of the Baptist church are in Pampa today for workers' conference.

Drs. Snyder and Morris were in Amarillo Tuesday attending the meeting of the Panhandle Medical association.

A very good crowd attended the O. E. S. meeting last night. The Worthy matron, Mrs. F. E. Warren of Shattuck, was present for the occasion.

Richard Tipps and Fryer Halsey spent the week-end in Perryton.

Preparations are under way for Canadian's representatives to attend the Interscholastic League meet in Canyon April 21-22. Those who will enter from Canadian are Claude Strader, senior boys' declamation; Glyndon Riley Jr., boys' declamation; Helen Thompson, Junior girls' declamation; Ruth Sims, typing; Gordon Coleman and Bob Dunn, tennis; and both boys' and girls' debate teams. Spelling papers of Edith McGaugh and Agnes Alford will be sent to Austin.

John Davidson has purchased the J. R. Hollen farm near Gem community.

Otto Studer of Pampa visited in Canadian Sunday.

A committee from the senior class yesterday selected "Attorney for the Defense" as this year's senior play. The leading roles will be portrayed by Erbin Crowell and Edith McGaugh. With a group of the high school's most talented actors and actresses taking part, the play promises to be good.

Two healthy cows were auctioned in front Grimes Pharmacy Saturday for \$3.50. The purchaser was well pleased.

## Rev. John Mullen To Address Pupils

The Rev. John Mullen will speak and a musical program will be given at the Woodrow Wilson school's chapel program Friday.

Rev. Mullen's talk will climax the following program: Flag salute; song, Texas, Our Texas; Lord's prayer; choral club number; Kid band numbers; piano solo, Jeanne Lively; reading; song, Springtime in the Rockies, second grade children; piano solo, Verna Lee Roll; Mrs. Jeanne Lively, Eleanor Ruth Gillham, Eula Taylor; reading, Mary Ann Roberts; song, first grade boys.

CLASSES TO MEET

The Dorcas class of the Central Baptist church is to meet with the Madonna class Friday afternoon at 2 o'clock in the home of Mrs. H. C. Cone. A business session is to be held.

Mr. and Mrs. E. Havens and Mr. and Mrs. W. M. Watkins were moved from Oklahoma City to Pampa.

To encourage the growing of gardens and lawns, the city of Canadian has reduced the water rate to 15 cents per 1,000 above 5,000 gallons to domestic users.

Mrs. T. S. Jones, Mrs. Frank Chambers, and Bruce Waterfield visited in Pampa yesterday.

# Shaw Sees America As Hope Of World--But Adds Insults

## WIT DECLARES NATION RULED BY FINANCIERS

### AND THAT FINANCIERS ARE 95 PER CENT LUNATICS

By RAYMOND CROWLEY.

NEW YORK, April 12. (AP)—American long accustomed to hear George Bernard Shaw call it a land of boobies, was a bit astonished today to find a large shavian bouquet in its lap.

Lecturing an American audience face to face for the first time, the Irish author said last night that the United States may possibly take the lead in saving civilization from tottering into the abyss as did Babylon, Rome and other civilizations of the past.

A rain of verbal cabbage accompanied the complimentary roses. Shaw said that Americans are ruled by financiers who are "95 per cent lunatics"; that they worship a "monstrous idol" called the Statue of Liberty and that they live under a constitution which is nothing but a "charter of anarchy."

Would Scrap Constitution. But he celebrated the passing of the "ridiculous 100 per cent Americanism" that "man who talked so splendidly and had nothing to say" and he dwelt on a "curious public instinct, a social feeling" which "may turn out to be a volcanic political genius."

"Therefore, I have some hope," he said. "I really do entertain a hope—I think I am the only person in the world who entertains it so far. After my preaching tonight some of you may begin to entertain it, but I do begin to think that it is possible that America, in spite of all the follies of the past, in spite of your ridiculous Uncle Jonathan, in spite of your ridiculous 100 per cent Americanism, you are really coming to the point in which America may take the lead and possibly help to save the world."

Speaking to an audience that filled the Metropolitan opera house, there were many banks who smiled to hear themselves called lunatics. Shaw proposed that the United States scrap its constitution, build a new one on American needs; rationalize the banks and destroy the power of the financiers.

He told Americans that in an attempt to obtain liberty, they built a state in which "every word boss was a dictator, and in which every financier was in his way a dictator, and every man who represented big business was a dictator and they had no responsibility."

Pans Hollywood. He said Hollywood was the center of "an abominable immoral propaganda"; not sex immorality, but the immorality of heroes who, when they are annoyed, give some one a "sock in the jaw."

"When will we see a film from Hollywood," he demanded, "in which the hero, instead of socking the gentleman in the jaw, does the civilized thing and calls the policeman?"

An example of the better type of American succeeding the 100 per center, he named "Mr. Roosevelt" and William Randolph Hearst, both of whom he said, "very violently against the constitution." If Mr. Roosevelt he declared "has to go on upon the constitution with the usual sort of by congress, him softly. Allow him time to thoroughly rouse himself from sleep before you get him up."

CONTEST BEGUN. One hundred fifty persons attended the Hopkins Sunday school Sunday. The figure being an increase of one-third over the attendance of the preceding Sunday. A contest between men and women has been begun. It will be culminated with a big dinner to be prepared by the losers.

Gentle Awakening Advised. Awakening the child through loud voices, an alarm or other sudden, imperative means, may leave him cross and irritable. Try always to awaken the child by speaking to him gently or by touching him softly. Allow him time to thoroughly rouse himself from sleep before you get him up.

A specially designed public address system is to be installed in the Washington University football stadium for the 1933 season.

## Much Advertising In Magnolia Plan For This Month

DALLAS, April 12.—As evidence of confidence in the revival of business activity, the Magnolia Petroleum company is celebrating "Founders Month" in April with one of the most extensive sales and advertising program in the long history of the company. It is announced by E. P. Angus, vice president and manager of sales.

The "Founders Month" observance this year is of particular significance as it marks the induction into office of D. A. Little as president of the company and Dalph H. Kinsloe as vice president and general manager. Mr. Little succeeds E. R. Brown who has been elevated to the position of chairman of the board, and Mr. Kinsloe succeeds B. H. Stephens, elected vice chairman at a recent meeting of the board.

Thirty-five years ago J. S. Cullinan, Calvin N. Payne and Henry C. Polger laid the foundation for the Magnolia Petroleum company when they built the South first petroleum refinery at Corsicana, Texas, where oil was first produced in the Southwest. Magnolia's three founders are being honored this month by employees of the company and by the 12,000 Magnolia stations and dealers who serve motor vehicle owners in the five Southwestern states.

In the celebration of "Founders Month" this year Magnolia is introducing few services to motor vehicle owners and operators including "Mobilization," a scientific program of specialized lubrication developed in collaboration with motor vehicle manufacturers. This improved method takes the guess out of lubrication and assures longer life and more economical operation of motor vehicles, Mr. Angus said.

While Magnolia's sales program for April is being devoted to "Mobilization," the company's advertising program takes as its theme the remarkable growth of the petroleum industry in the Southwest and its past and present contributions to the progress and prosperity of this territory. The part played by Magnolia's pioneer producing, refining and marketing organization, is subordinated to the industry as a whole in presenting the story of petroleum.

D. A. Little, Magnolia's new president, and Ralph H. Kinsloe, vice-president and general manager, are both veteran employees of the com-

## BEER BILL EXPECTED TO RECEIVE ROUGH TREATMENT FROM SENATE

AUSTIN, April 12 (AP)—The beer bill has not reached the senate, but that does not prevent considerable speculation concerning what the senate's attitude would be in event the proposal should be sent over by the house.

Several persons have made efforts to sound the sentiment of senators on the highly controversial proposal. The reports of their findings have conflicted. Supporters of the bill state that a clear majority of the senators are "all right." Opponents assert they don't believe the bill will receive more than 13 votes out of a senate membership of 31.

The facts probably are that a few senators have not made up their minds finally on the proposition and won't until after the house acts. Conditions in non-prohibition states after beer is sold legally and the reaction in East Texas to the sale of brew across the line in Louisiana may influence their final decision.

Anti-prohibitionists were successful in senate committee in having the proposed referendum on approval of the 18th amendment advanced from November, 1934, to November, 1933, and in having the

## Lions Gathering May Be Biggest Of All Districts

AMARILLO, April 12.—Lions of West Texas will gather in Amarillo by the hundreds on next Monday and Tuesday for the annual convention of district 2-T, according to advance reports reaching President S. P. Vineyard of the Amarillo club and George Ordway, arrangements committee chairman.

Unless all signs fail, the occasion will be the greatest regional convention in the history of Lionism in Texas. An elaborate program has been arranged, many Panhandle and West Texas clubs plan to send their entire membership as delegates. International President Chas. H. Hatton of Wichita, Kan., will deliver two addresses, various entertainment features have been provided for both the men and women visitors and instructive programs have been prepared for the business sessions.

President Hatton will speak to the public Sunday night in a special Easter service at the Polk Street Methodist church and will appear on the Lion's program Monday afternoon at 3 o'clock. Model luncheons Monday by the Pampa, Colorado, and Midland clubs; a banquet and

dance at the Amarillo Country club on Monday night; a president's breakfast Tuesday morning and a general luncheon Tuesday noon are some of the special features of the entertainment program. The Amarillo committee has made detailed plans for the entertainment of all visiting ladies and Lions are especially urged to bring their wives. Spirited contests over the election of new officers and the 1934 convention city are expected to add pep to the occasion.

# BOYS ARE 'BEST PROSPECTS I EVER HAD,' SAYS MITCHELL

### TEAM OF NEXT SEASON SHOWS FAIR ABILITY

### VETERANS WIN BATTLE 6-0 BUT 1933 CLUB FIGHTS WELL

Future Harvesters showed enough yesterday in a game with the graduating veterans of the 1932 team to give Coach Ochs and Assistant Coach Argus Fox hope for a strong team this fall. "They're the best prospects I ever had at this time of the year," Coach Mitchell declared.

The 1933 boys naturally showed lack of experience and team-play while the veterans displayed confidence that they had forgotten little of the technique and fighting spirit which they acquired under Coach Mitchell during past seasons. They showed the fight and power that made the team the best defensive eleven in the district last season. The 1932 Harvesters line was as adamant as ever, and the 1933 candidates were stopped cold when they attempted to penetrate it. During the third and fourth quarters Marbaugh filled the air with passes which thrilled the fans even if only a few of them connected. The 1932 team played "on their own hook," Mitchell said.

The hardened veterans delighted in the encounter and "beefed" and "bided" so much that Referee "Cinch" Barrett penalized them frequently. The fans, while rejoicing in the new talent, were thrilled as of old at Sammy Turner's returns, Clovis Green's center work, Poole's defense tactics, Kelley's punting and end maneuvers, Fullington's punting.

### Vets Win 6-0

A bad pass from center kept the game from being a scoreless tie and the veterans took advantage of the break to cross the line to win the game, 6 to 0. A recovered bad pass on the 20-yard line gave the "old fellows" their opportunity and they took it. Pool and H. L. Ledrick smashed to the 5 yard line from which point Midget Woodward carried the ball across the line on a lateral pass when Lloyd Hamilton pulled the same mistake as in the Amarillo game by charging in, instead of covering the only possible place for the ball carried to cross the line.

The outstanding players on the field were Monroe Owens, end, and Lloyd Hamilton, quarterback, of the squad that will represent Pampa High school next season. Other boys who looked like coming material were J. R. Green, Charlie Welton,

### RE-ELECTED

LYNN BOYD

Lynn Boyd was re-elected president of the Pampa Country club at the annual stockholders meeting yesterday afternoon. The club has just completed one of its best years under the direction of President Boyd. M. K. Brown was re-elected vice-president and C. P. Buckler secretary-treasurer.

Mr. and Mrs. Joe Hopkins and Mrs. Hopkins' mother, Mrs. Bryant, of Canadian were Pampa visitors yesterday.

Mrs. G. E. Canady of Skellytown was a Pampa shopper this morning.

E. L. Davidson of Canadian transacted business here Tuesday.

Bill Dunaway, Red Poe, Reynolds, Brown, and a few more ex-Gorillas and new boys. The "kids" tried hard and almost outplayed the veterans during the first half when the best the experienced 11 did was to get to the 25 yard line.

### Not 'Tough' Enough yet

The future Harvesters tried to match the veterans in "tough stuff" in the second half and lost their advantage. It has only been during the last two weeks that Coach Fox has been working on plays and the youngsters showed plenty of ability in using them. Early training had been centered around conditioning and rudiments of the game. The squad was cut to a number that could be worked with only recently. More than 70 boys were out earlier in the season.

College scouts would have seen enough material to make them happy among the graduates if they had been on hand. Wayne Kelley, Clovis Green, Hoot Fullington, Rufus Walker, Gerdis Schmidt, and a few more of the veterans showed new potentialities. H. L. Ledrick called about the headiest game of his career.

Several hundred fans watched the game and the majority of them left Harvesters field well pleased with the prospects for 1933. The material is there and it just needs work and plenty of it. Coaches will have their hands full this fall, but fans believe they will be equal to the job and that a well balanced team will be ready to take the field when the time comes.

The prospects were without the services of their captain-elect, Jess Patton, who is out with a broken jaw. Leslie Sartin was also out of the game with a sprained ankle. Orville Heskell was used at center for a while, and it is more than likely that it will be his assignment this fall.

Lloyd Hamilton looks like the fullback, although he weighs only 150 pounds. He hits the line harder than most of the bigger fellows.

### MISSIONS WIN 17 TO 5 RIOT FROM CHAMPS

### SOONER CLUBS BEATEN BY PANTHERS AND STEERS

The four favorites, Dallas, Fort Worth, Houston and San Antonio, emerged victorious Tuesday in the 1933 Texas league tournament.

Estimated crowds of from 4,000 to 5,000 saw the four league openers start the circuit on its 45th annual pennant campaign.

Tulsa and Oklahoma City, making their bows as Texas league teams after years as Western league members, were defeated. Big John Whitehead, a right-hander with a dazzling speed ball and sharp breaking curve, let the Oklahoma City Indians down with three hits to give Dallas a 9 to 1 decision.

Whitehead is the hurler Manager Harry More expects to check in with 20 or more wins this season.

Approximately 4,000 fans saw Ray Morehart, Dallas second baseman, lead the attack against the Indians with four hits. Dallas scored the pitching assortment of Matsuzak, Holmes and Kennedy for 13 timely hits, one a home run by clammering Sam Langford, right fielder. The Steers slammed the ball hard and far and turned in a perfect game affair.

Tulsa's first game in the Texas league turned into a field meet today, with the Fort Worth Cats ending the free hitting contest on top of a 12 to 7 score.

The Cats combined 12 hits with four Tulsa errors to turn the trick, and while they were out by the former Western League Oilers, tight hitting and the knack of taking advantage of the breaks turned the game in favor of the visitors.

The reputedly weak San Antonio Missions displayed plenty of batting strength to snout the Beaumont Exporters, 1932 pennant winners.

The Missions whipped back to win after allowing the Exporters to jump into a 4 to 2 lead at the end of the third inning. The bats of the Missions cracked out twenty hits off Sullivan, Hare and Wade. Two homers, one run by Larson Cox and Belja.

After a bad first inning start, Tom Conlan settled down and limited the Exporters to six hits for the entire game. Every batter in the San Antonio lineup except Conlan hit safely at least once. Cox led the offense with five hits.

### McLean Judging Team Wins Most Money in Show

McLEAN, April 12.—The vocational agriculture dairy team of McLean high school again came through the Plainview judging contest in dairy judging with the largest amount of cash awards of the entire contest, where thirteen dairy teams of the region competed.

McLean's team won \$36.00 in cash of the \$88 available. No other school received so large an amount.

Bert Carpenter registered the highest score in the contest with 443 points out of a possible 500. He also was highest scorer in Guernseys and Holsteins with 139 points out of a possible 150 and secured fourth in Jerseys with 304 points.

W. C. Carpenter scored second in Jerseys with 310 points. The high man in Jerseys scored 317, which was from Tulla. Christal Christian was the sixth high scorer in Holsteins and Guernseys.

McLean's team scored second in all classes, with 1270, which was only 14 points less than Tulla, the winners of the contest. McLean also placed second in Jerseys and second in Holsteins and Guernseys in team scores.

McLean competed in the Abernathy practice contest last Saturday, in which they placed third. McLean poultry substitutes also judged at Plainview and demonstrated their ability to be a promising team next year. The poultry team was composed of Cecil Jones, Marvin Mathis and James E. Cooke.

The prize money won will be used to defray expenses for the team to the state contest in the near future.

### Rites For Perkins Infant Held Today

### LEGISLATORS DEFEND BOXING BILL FROM IRE OF 'ROMAN'

#### Magee Says Prize Fights Are Sign of a Decadent Nation; Points to Rome.

By BILL PARKER Associated Press Sports Writer

When the Jefferson bill legalizing prize fighting received an unopposed favorable vote by the house state affairs committee, some of the discussions for and against the bill were interesting.

The afternoon the bill was up for discussion one speaker told the committee that "prize fights are going on in Austin tonight a short distance from the capitol. As long as they are going on over the entire state, it is better for all concerned to place them under regulation."

J. S. Magee of Tyler, member of the committee, raised the issue that all athletes die young and that to legalize prize fights is a sign of a decadent nation." Magee, however, did not vote against the bill.

Representative Pat Jefferson of San Antonio defended the measure by pointing out that James J. Corbett, John L. Sullivan and other famous fighters attained comparatively old age. "Football has more fatalities than boxing and 90 died last year as a result of football injuries compared to only three prize fighters," argued Jefferson.

Magee compared prize fights to the ancient gladiatorial battles in the arenas of Rome and Greece, saying there was little difference. "There is a big difference," Jefferson said. "The old Romans and Greeks would not have let a man fight until one died, and they would steel bands on their fists. Nowadays boxers wear six ounce gloves and the rounds are limited. They box in the Y. M. C. A.'s, and in the universities. It is a sport that builds up the body."

"But they still fight," was Magee's counter attack.

Renfro Joins In Representative Tom Renfro of Fort Worth raised the point that sparring matches were part of the schedule at West Point and Annapolis, and that the boxing would be more vigorous. Renfro was the first sponsor of the bill.

Wrestlers Oppose Bill The wrestling fraternity bitterly opposed the new boxing bill which calls for the regulation of both boxing and wrestling. The wrestling organization especially objects to the tax features, which according to proponents will yield to the state about \$80,000 a year.

Wrestling promoters declared at the hearing that if the boxing bill eventually passed it would practically ruin them because they do not stand any more taxes and do not want state regulation anyway.

### Corbett To Give McLarnin Chance At Title May 20

LOS ANGELES, April 12. (AP)—After three weeks of promotional efforts, the Young Corbett-McLarnin fight for the welterweight championship of the world lacked only signatures today.

Promoter Jack Doyle brought the managers of the two fighters into agreement and promised the 10-round encounter would be staged at Wrigley Field here the night of May 20.

George Blake was selected as referee to settle one of the arguments between Larry White, the champion's manager, and Charles (Pop) Foster, who handles McLarnin's affairs.

The squabble over the amount of tape and bandages, which constituted the basis for the last barrier to bringing the two battlers together was extended when it was decided a limited amount of gauze and 4 feet 6 inches of tape for each hand would be permissible.

White had held out for a limit of 4 feet of tape, while Foster wanted 6 feet, came down to five, and later agreed to split the difference from this point.

Under the terms, Corbett will receive \$35,000, or a percentage should the gate gross \$100,000 or more. McLarnin is to get 20 per cent of the net.

### MAJORS WILL OPEN SEASON WITH 8 GAMES

### PRESIDENT ROOSEVELT TO TOSS OUT BALL AT WASHINGTON

By HERBERT W. BARKER, Associated Press Sports Writer

NEW YORK, April 12. (AP)—Into the forefront of the sports picture bounced major league baseball today, ready to combat the tide of depression with a flood of baseballs and the tightest pennant fights in years.

The annual opening day gamble with weather man looked in the overnight forecasts, like a victory on points for baseball. There was threat of rain in Philadelphia, Boston, and New York, but the other five cities where inaugurations were scheduled—Detroit, Washington, St. Louis, Chicago, and Cincinnati—anticipated reasonably clear, if coolish, weather.

With the eight-game program intact, an aggressive attendance in the neighborhood of 200,000, was in prospect. The largest throngs, 40,000 apiece were indicated at New York where the New York Yankees open their bid for another American league pennant against the reorganized Boston Red Sox, and at Chicago, where the Chicago Cubs, National league champions, entertained the St. Louis Cardinals. For the others, crowds of from 12,000 to 25,000 were expected.

In keeping with the time, major league managers have instituted the most rigid economies but accompanied these with a series of wholesale player trades that should arouse new interest in the game and create a better balance in both circuits.

The National league has broken its share of close championship races in recent years but the 1933 campaign promises to top them all. Five clubs, the Cubs, Cardinals, Pittsburgh Pirates, Brooklyn Dodgers, and Phillies, all look strong enough to win the flag provided the "break" comes the way of the New York Giants not far behind if the pitching comes through. The Boston Braves and Cincinnati Reds have added strength but apparently not in copious enough quantities.

The world champion Yankees head the American league field but are not as much harder on the field than a year ago. Washington and the Athletics seem destined to be the chief Yankee annoyances with Cleveland, Detroit, and the Chicago White Sox in the next group, and the St. Louis Browns, and Red Sox bringing up the rear.

Babe Ruth, some throat and all, was ready to take his usual post in right field for the New York Yankees and demonstrate to all the "Doubting Thomases" that he's far from through, but injuries were to keep a number of famous veterans, including Kiki Cuyler of the Cubs, Travis Jackson of the Giants, and Rogers Hornsby of the Cardinals, out of the opening day lineup.

Beer was to be sold in the parks at New York, St. Louis, Cincinnati, and Chicago. It also would have been available at Boston, except for the fact that allicense was not obtained in time.

The opening National league parlings brought prospects at Chicago of a great pitching duel between two young right handers, Lon Warneke of the Cubs and Jerome (Dizzy) Dean of the Cardinals. The Cubs faced the opener with Cuyler out but another outfield ace, Floyd (Babe) Herman had recovered so quickly from a twisted ankle that he was inserted in the lineup.

In the American league, the Senators pairing pitted the Senators against the Philadelphia Athletics at Washington with President Roosevelt testing out the first ball. These two clubs, in the advance dope at least, should give the Yankees a stiff fight all the way to the wire. Alvin Crowder, for the Senators, and Bob Grove or George Earnshaw, for the Athletics, were nominated for pitching duty.

### JIM THORPE PREFERS FISHING AND HUNTING TO BALL GAMES

#### Famed Athlete Has Refused Many Offers To 'Have Ears Pulled Off'

By BILL PARKER Associated Press Sports Writer

Jim Thorpe, one of the greatest athletes of all time, would rather hunt and fish than witness a dozen football or baseball games.

The big Indian, former college and professional football star, Olympic sensation and New York Giant outfielder, says he has no interest in football and baseball as it is played today. He claims these two games are the same thing over and over.

"My favorite sports," explained Thorpe, "are hunting and fishing. I will take a dog and gun and go somewhere into the wilds and hunt, and you can have your football and baseball."

Thorpe has rejected many professional wrestling offers. "It is not my kind of sport," commented Thorpe, "and I simply do not care to have my ears and eyesight bad like most wrestlers. I could have made a substantial sum of money by accepting wrestling offers but I have declined without regret. I will get along somehow without having my ears pulled off and eyes poked out."

### Rookie vs Veteran

The new organized Dixie league of which J. Alvin Gardner will be president promises to prove a happy landing ground to veterans as well as a cheering "take off" for many rookies.

Each club will be allowed eight veterans. Naturally, this class C circuit will give rookies preference, but the veterans will be trying for a few breaks themselves. The salaries will not be high, but any money is agreeable to veterans today.

### Suggested Name

Jake Atz, chief of Texas league umpires, is said to have almost broken up the Dixie league meeting at Tyler when he suggested a name for the new league. He suggested "Arkansas, Mississippi and Louisiana towns" represented.

President J. Alvin Gardner called for a vote on a name for the new league. It was a serious request and the various representatives started filing their suggestions when Atz requested the floor.

"Gentlemen," suggested Atz, "I think the proper name for your league would be the 'Malt' circuit since Mississippi, Arkansas, Louisiana and Texas are represented."

Reports from the meeting state Atz ducked for cover and his suggestion was turned down.

### Two Wellington Youths Sentenced

Two 2-year sentences for car theft were assessed Wellington youths in 31st district court today.

Dutch Cook pleaded guilty and was sentenced by Judge W. R. Ewing. He was represented by Judge R. H. Templeton of Wellington.

A. V. Dean, jointly indicted with Cook, pleaded not guilty and took charge of his own defense, but received the same sentence as Cook.

Dean was given a 2-year suspended sentence for car theft here March 16, 1931, and according to a statement of District Attorney Lewis M. Goodrich to the jury, is under 5-year suspended sentence in Wellington in another case.

### Gold Being Bought At Diamond Shop

Everything from gold teeth to wedding rings is being received at the Diamond Shop. The Diamond Shop has received a regulation gold testing scale equipped with a stone, as well as acids and testing rods which tells what karat gold the jewelry is and what price should be paid.

The old gold is shipped to the mint in New Orleans. It is melted into bullion and stored in the United States treasury. For every dollar's worth of old gold sent to the treasury, \$2.50 in new currency can be issued.

### Southern Champs Beat Nashville

ATLANTA, Ga., April 12. (AP)—Clubs of the Southern association began their fight for the 1933 pennant before opening day crowds of indifferent size yesterday.

Chattanooga, last year's pennant winner, made the best of timely hitting and the steady pitching of Alex McCall to start the season with a 13 to 7 victory over Nashville.

A crowd estimated at some 4,000 saw Memphis lost out, 3-2, in its home park to Little Rock after ten scorching innings.

Between drizzling showers, Atlanta defeated Knoxville, 13 to 6, at Knoxville before a shivering crowd of some 2,000 fans.

Birmingham's rookies hit at the right time to help the Barons defeat New Orleans, 5 to 2. Some 4,500 were estimated to have braved a chilly wind to see the opener.

### NEGRO REVIVAL CONTINUED

Additional tents have been placed in Tulsa dance hall to accommodate both the white people and negroes who attend the revival meeting.

# INCOME TAX IS ENGROSSED BY TEXAS HOUSE

## GIN MARRIAGE LAW IS BARELY PASSED BY SENATE

AUSTIN, April 12. (AP)—A tax on incomes ranging from two to seven per cent after certain exemptions had been permitted is proposed in a bill engrossed by the house of the Texas legislature.

The new revenue raising proposal was passed to third reading yesterday, but the constitutional rule requiring bills to be read on three separate days was not suspended.

The senate passed finally a bill proposing repeal of a law that requires couples intending to wed to give three days notice before licenses can be issued to them.

The marriage bill had previously been passed by the house, but the senate placed an amendment on it which would require that feature of the existing law that requires a bridegroom to submit to a medical examination before license can issue.

The house had defeated an attempt to insert this provision when the bill was pending there and Rep. Leon E. Alsop (D) of Dallas, author, said he would ask the house to refuse the senate amendment.

Advocates of repeal of the law barely obtained enough votes in the senate to pass the bill. The vote was 16 to 14.

Engrossment of the graduated income tax was voted 78 to 37. Rep. Sarah Hughes of Dallas, who sponsored the bill, said she would attempt to obtain final action soon.

The tax on individual incomes, under the bill engrossed by the house, would range from two per cent on the first \$1,000 net income of individuals to seven per cent on incomes of more than \$11,000 annually. Exemptions would be \$1,000 for single persons, and \$2,500 for married persons with an additional \$500 for each dependant.

The corporation tax would start at two per cent on the \$1,000 and reach a maximum of 6 per cent on incomes in excess of \$6,000 annually.

The income tax was the second revenue-raising proposal to be engrossed by the house. A bill to increase the oil tax had been engrossed Monday.

Mrs. Hughes charged that opponents of her bill represented the "vested interests" and said that the income tax was the only levy that would not be passed on to the general public. Opponents of the tax contended that the legislature was reducing expenses so drastically that very little additional revenue was needed and that could be obtained by special taxes.

## COURT RECORD

Tom Lyon, charged with receiving and concealing stolen property, was found guilty of a misdemeanor yesterday in 31st district court and given a 30-day jail sentence. The value of the property was shown to be under the felony minimum.

The Gray county grand jury is being summoned to meet at 9 a. m. Saturday by M. K. Brown, foreman.

**OUR "WHEEL EXPENSE"**

This enormous state of ours requires much driving to cover. Yes, indeed. Consider that the "wheels" of Texas state government—traveling expenses of employes—cost \$653,000 last year. This did not consider the original cost of vehicle and the tires that were worn out. Texas employes travel more than 10,000 miles a day. One economy might well be de-wheeling some of the employes who really add to their salaries by traveling more than necessary. Careful planning—

**ALL OFFICERS OF COUNTRY CLUB REELECTED AT ANNUAL MEETING**

All officers of the Pampa Country club were re-elected yesterday afternoon at the annual stockholders meeting in the White Deer Land office. Lynn Boyd, president, M. K. Brown, vice-president, and C. P. Buckler, secretary-treasurer, were the officials re-elected for this year.

Other members of the board of directors named were Dr. H. H. Hicks, Clyde Fatherec, C. N. Barrett and R. G. Allen.

Plans for a year of active golf with local tournaments and play were made and a tournament committee composed of Dr. H. H. Hicks, chairman, C. T. Hankapillar, Bill Lang, Otto Studer, and Mack Graham, was named. The ground and greens committee named was R. G. Allen, chairman, C. N. Barrett, and C. P. Buckler.

It was decided that several of the greens on the original nine holes will be re-sanded when the weather permits. Other improvements will be made and the course is expected to be one of the best in the country "when and if" it rains. The fairways have been rolled and the rough cleared.

A tournament that will probably be an annual affair was planned and turned over to the tournament committee for final approval.

## NEW COMMISSION OF BORGER TAKES CONTROL OF CITY

BORGER, April 12. (AP)—Borger still had two city commissions today but control at the city hall had changed.

The commission elected April 4, according to the ballot count, took over municipal offices after E. J. Pickens, district court judge, last night issued an order restraining the old commission from interfering in city affairs pending outcome of a contest suit filed by "Bill" latter.

Trial of the suit was set for April 24. The new city manager, the police chief and all city employes named by the new commission were in office today.

**DRAW YOUR CONCLUSION**

We know that many morals could be preached from the little story. The modern "drug store" is no more a drug store than a grammar school is an institution for teaching only the three R's. . . . But what we particularly think about a great deal is the mechanical way with which we moderns drone through life, enjoying our work perhaps but never reaching that leisurely living and soul enjoyment which should be the reward for such pains-taking toil. We should remember that high-gear machinery hums along at a great rate but wears out quickly. Why, we have forgotten how to fish, and when and if we do fish, we spend all our time buying fancy gear and try to crowd all our year's fishing into one sun-burned week.

# Chinese Bandits Kidnap American

MUKDEN, Manchuria, April 12. (AP)—Dr. Niels Nielsen, an American medical missionary, was kidnaped by Chinese brigands yesterday, said a telegram received today at the American consulate from his wife.

Dr. Nielsen, a native of Minneapolis, Minn., is a medical missionary for the Danish Lutheran Mission at Hsiuyen, 110 miles south of here.

Mrs. Nielsen's telegram gave no details.

TOKYO, April 12. (AP)—The Japanese army hopes that its offensive along the great wall will compel the Chinese armies to retire beyond the Lawan river, a war office spokesman said today, but the Japanese have no intention of setting and holding the river.

The operations, it was explained, are purely local, designed to terminate Chinese pressure against the great wall, and when the objectives have been attained, the Japanese will return to the great wall, which is considered the boundary line of Manchukuoan territory.

P. H. Womack of Amarillo was a visitor here yesterday.

Walter Sikes, golf professional, and E. B. Williams, contractor, of Amarillo were visitors in Pampa yesterday.

# Holy Thursday Is To Be Observed

Tomorrow morning at 7:30 o'clock the main services of Holy Week will begin with the Eucharistic procession at Holy Souls Church. The day is called Holy Thursday, being the anniversary of the day on which Christ instituted the Holy Eucharist at the Last Supper. Confessions will be heard from 4 to 6 p. m. and from 7 to 9 p. m. Wednesday in preparation for those who wish to receive communion on Thursday. Public homage will be paid throughout the day to the Blessed Sacrament enthroned on one of the side altars following the procession. Short reposition services will be held at 8 o'clock.

**NEW ORLEANS COTTON**  
NEW ORLEANS, April 12. (AP)—Cotton had an easier opening today owing largely to lower cables than due. First trades here were 3 to 5 points down and although prices rallied slightly after the start, they soon turned down again on considerable May liquidation and selling by recently buyers on the idea that better weather had increased planting prospects.

The market ruled rather quiet all morning, trading being limited to some futures. May liquidation and to evening up 120 lbs in advance of the long Easter holidays at the end of the week. Prices declined slowly, May dropping to 6.48, July to 6.60 and October to 6.87, or 10 to 12 points under yesterday's close.

Around noon the market was steady and had recovered one point from the lows.

The bidding:  
South opens the bid with 1 spade. West and North both pass. East doubles 1 heart. South passed. West bids 2 diamonds. North passed. East bids 3 spades. South passed. East bids the contract with 4 spades.

(1) The minimum requirement for an opening bid.

(2) A simple overall would not show the strong hand, and the spade suit is too weak to make a jump overall. Therefore the best bid is a double showing three or more honor tricks and force his partner to bid.

(3) Although West holds two honor tricks, his diamond suit is not strong enough to make a jump takeout response to the takeout double made by East.

(4) East's lower shows his major suit although he has support in Diamonds.

(5) Although West's hand likes 1/2 trick for the raise of East bid his hand is strong enough for a rebid. So far he has shown East a minimum.

(6) East's information is complete now and he rebids for game. One spade and two heart tricks being lost.

**BEER IN OKLAHOMA?**  
OKLAHOMA CITY, April 12. (AP)—With dry leaders indicating they would join in referring 3.2 beer legalization to the people, a re-drafted beer bill was ready for a vote this afternoon in the Oklahoma senate. Although 30 votes will be necessary to pass the referendum bill, Senator Allen G. Nichols of Wewoka, one of the sponsors, predicted it would be supported almost unanimously.

**BEER BILL PASSES**  
NASHVILLE, Tenn., April 12. (AP)—By a vote of 22 to 11, the senate today passed a house-approved bill to legalize 3.2 per cent beer in Tennessee May 1. The state has been "bone dry" since 1909.

wheat market did not respond to yesterday's upturn this side of the Atlantic. Lower quotations on securities at New York were also handicapped.

THE WORD "Antipodes" comes from the Greek words meaning "against" and "foot" . . . people of other lands who stand with their feet against ours.

About 50,000,000 tons of ore, averaging 4 per cent copper, have been taken from mines of Northern Rhodesia, all due directly to the shooting of an antelope, back in 1905, by an explorer named Collier.

## TRIAL

(Continued from Page 1)

MacDonald, 28 years old, whom the prosecution said is expected to attempt to show is a spy, walked in the front rank of the prisoners, and without speaking to his colleagues took a seat in the front row of the prisoners' dock. His face was pale. Thornton also sat in the front row of the dock, two seats removed from MacDonald. The remainder of the Englishmen sat together in the back row.

After the formal questioning, reading of the indictment was started. The document is approximately 20,000 words long.

William Strange, charge d'affaires at the British embassy, and a number of secretaries from both the embassy and the British consulate watched the opening proceedings intently, as did a special representative of Metropolitan-Vickers who was sent here to observe the case.

Virtually all of the diplomatic corps was represented.

In his alleged confession, the indictment said, MacDonald told of acting under Thornton's instructions in collecting military, economic and political information, in organizing a breakdown of the Zlatoust electrical plant which furnishes power for military and metallurgical factories in the Ural.

MacDonald's plea, which followed the reading of the indictment, furnished a dramatic climax to the first session of the trial. It surprised even British embassy officials, who had not been allowed to discuss the case with the defendant.

LONDON, April 12. (AP)—The plea of guilty of W. H. MacDonald, charged with espionage, bribery, and sabotage in his trial in Moscow with five other British subjects and 11 Russians did not surprise British official circles.

The plea was considered the result of five weeks of solitary confinement and the method of questioning which have been employed.

cause Mr. Gull seemed to possess all the qualifications that the hero should have. Recent rehearsals have made members of the Little Theater jubilant that he was given "the part. He has been "the hero" of many a play produced at the handle where he taught two years and at W. T. S. T. C. at Canyon where he received dramatic instruction.

Other members of the cast and their abilities are well-known in Pampa. They are as follows: Linda Seton, Mrs. W. T. Fraser; Julia Seton, Mrs. Raymond Harrah; Edward Seton, Dick Hughes; Nick Potter, Nell Bean; Susan Potter, Mrs. Earl Powell; Ned Seton, Ely Fonville; Seton Gram, Dub Williams; Laura Gram, Mrs. Carson Lefty; Henry, Mr. Murray, and Delia, Mrs. Neil Bean.

Mrs. Morton, one of the Little Theater's favorite directors, and the cast, intend to make the Philip Barry play a dramatic highlight. The comedy will be presented May 2. It was both a stage and screen success.

**PHOEBUS CREW THANKED**

# Hollywood Sights

**HOLLYWOOD**—Henry Garat looked out the window at the streaming flood of sunshine which Californians sometimes mention and his eyes surveyed the flowers that in the spring (and summer, fall and winter, too) bloom in the beds of the studio gardens.

But to his lips came no ecstatic "ra-la" to herald the season. Instead he sighed.

"Such weather," said he. "Such weather—and I must go back right away, almost before I have a chance to enjoy it!"

**Lament For Spring.**  
He will be gone shortly after the completion of his first Hollywood picture, "Adorable," in which he romances opposite Janet Gaynor. A contract with UFA calls him back to Europe. For one picture only, and then he will be back in Hollywood in August. But spring will be gone then.

He sighed.

And then he laughed, pacing up and down. Gallic exuberance rising. He twirled around his finger a long chain laden with good luck charms. "I carry these always, never make a picture without them."

One of them, a miniature photograph disc which opens to reveal a picture of his English bride, he explained was presented to him because his record sales totaled \$75,000.

"In France they buy records because the radio is not so good as here. In France you turn on the radio and you get post-post-sput-sput too much; so many people buy records. There I make sometimes more money from records than from pictures," he said.

He has been making talkies abroad, between stage appearances for five years. He has been a star for four. Working in Hollywood a picnic compared to working in studios abroad, intimated Henry—and that despite his arrival for Hollywood's most exciting weeks in years, weeks marked by a bank holiday, a stirring economy fight, and an earthquake.

**Imported Romance.**  
Garat, like his countryman, Chevalier, came from the stage into pictures. Both once worked with Mistinguette, the celebrated dancer.

There the similarity ends. Garat, 30, is younger, more the "romantic star" than Maurice. If that, considering the latter's fan mail, can be possible. His name is pronounced R. White.

The action was based on legal opinions that the legislature in assuming construction of designated roads would not county aid had removed all possibility of using bonds voted "for state highway construction." This act affected \$752,000 of Gray county bonds, but of this sum only \$132,000 had been printed and not sold. The un-issued bonds were automatically canceled by the legislative act forbidding counties from spending money on state highways except for obtaining right-of-way.

The \$132,000 in bonds will be canceled on the bank's cancelling machine, and will be worthless when returned here for storing among county records.

## Judd's Sanity Hearing Is Set For April 14th

FLORENCE, Ariz., April 12. (AP)—Superior Judge E. L. Green today set Friday, April 14, as the date for commencement of a hearing to determine the sanity of Winnie Ruth Judd, condemned to hang April 21 in the "trunk murder" case in which she confessed killing two women friends.

Mrs. Judd is under sentence to be hanged April 21 for murder of Anne Lerol. Her defense at her trial in January and February of 1932, was insanity. Arizona law, however, does not countenance execution of the death sentence on any person who has become insane after entering the prison.

Warden Walker, in his request to the attorney, expressed belief Mrs. Judd, during her 14 months wait for the slow approach of the gallows, has become mentally deranged.

## Scout Fire Unit Formed; Definite Duties Assigned

A Junior Fire department has been organized with Harlan Martin as deputy fire chief. The department will be composed by Boy Scouts who have passed the necessary requirements for Scouting, who are in good standing, and who can pass a physical and mental test. An assistant deputy fire chief and a secretary will be named later.

The new chief and some of his firemen met with Chief Clyde Gold of the Pampa Fire department in the headquarters last night and discussed coming events.

The work of the new department will be as follows:

- 1-To report all fire plugs that are out of order.
- 2-To report anyone parking a car too close to a fire hydrant.
- 3-To make inspections for fire hazards.
- 4-To assist the fire department in preventing and extinguishing fires and to have first aid equipment ready for emergencies.
- 5-To study fire prevention and impress upon citizens the dangers
