Thomas Receives 85 Applications For Crop Loans

Most of the crop loan applications which will be made in this part of the county have been filed, in the opinion of County Agent Ralph Thomas.

Several applications have been returned from Dallas for correction of land descriptions or completion of crop schedule entries. The first checks may be received late this week. They will be sent to County Clerk Charlie Thut, who will check the waivers against his records if he finds that some necessary waivers have not been obtained, he will give the applicants 19 days in which to get them.

Parks Brumley informing a number of friends that he is not working out a fine for the city but is the new desk sergeant, on day duty.

County Might Receive U. S. Highway Funds

Gray county, with paving to be done on highways 152 and 88 as state-designated projects and with bond funds for the cross-country road project, may be eligible to receive federal assistance under some of the bills passed by congress.

The state will pave highways 152 and 88, and any federal assistance which might be made available would expedite work on these roads. The state is ready to build as soon as funds are available.

Some federal relief funds for public works will have "no strings attached." Some observers hope that this may not only be used on the Palo Duro canyon project but on a highway north across the Canadian river at a point roughly midway between Pampa and Miami.

The value of the river-spanning project has long been recognized on both sides of the Canadian.

Oil Is Found in Dolomite Strata

Dolomite formation in greater quantity than ever before encountered "across the river" in Wheeler county has been found in the Bell Oil & Gas company's No. 1 Evans in section 51, block 2.

The hole at 1,200 feet and the test was to be shot this afternoon. The test is a wildcat, one mile from nearest production, which is in the Morse pool in eastern Gray county. It is a half mile east of the Gray county well and if brought in as a good producer will open up considerable territory. The hole is bottomed at 2,328 feet which is much shallower than most wells in the field.

Some dolomite formation was found in the Morse pool and a small showing was also uncovered in a few wells in Wheeler county where production was small. The greatest amount of Dolomite formation yet found in the Panhandle field was in the Dolomite Oil company's No. 1 Sailer, south of Pampa, which is good for more than 300 barrels daily.

WASHINGTON, June 1 (AP)—President Roosevelt approved today 257 new forest projects on which more than 50,000 young men will be employed this summer and fall in 35 states.

WASHINGTON, June 1 (AP)—Orders have been sent to divisional headquarters of the army that the present strength is to be maintained, both in officers and enlisted men, until further instructions.

AUSTIN, June 1 (AP)—The Texas legislature, in continuous session longer than any other state legislature, will be discussing legislation at 10 p. m. today, an hour after time set for sine die adjournment.

MORGAN'S 'CIRCUS' ENLIVENED AS MIDGET SITS ON MORGAN'S LAP

WASHINGTON, June 1 (AP)—J. P. Morgan had the surprise of his life today. All of a sudden a little touch of femininity a circus midget, sat on his lap. Plotted by an enterprising press agent, Miss Lya Graf—who has seen 31 years but grown hardly a mite—gave a real circus touch to the senate Morgan investigation scene. It will be remembered that Senator Carter Glass, complaining against past procedure, said it was like a circus, adding "all we need is peanuts and pink lemonade."

I SAW

The Rev. John Mullen and he said that he talked longer than he meant to in fulfilling an invitation of a local colored church, because he was given such an enthusiastic reception.

USING OUR WEAPONS AGAINST DEPRESSION

It is rather dismaying to find a Washington correspondent reporting that the Roosevelt administration does not intend to use many of the extraordinary powers which will be placed at its disposal through the new industrial bill.

This bit of news was meant to be reassuring. Actually it is the exact opposite. One hopes that it is not true.

The industrial bill, if adopted in its present form, would bring to American life the most sweeping change that has come since the adoption of the Constitution itself. It would put industry on an entirely new basis, and it would thereby change profoundly the conditions under which the average American earns his living.

But in spite of those facts—or, rather, because of them—the bill is in many ways the most encouraging single factor on the horizon.

That we have in Washington a Congress and an executive willing to enact a measure of this kind entitles us to hope that we shall eventually work our way out of the depression and enter a fairer era.

To pass such a bill and then to sit back and let it gather dust on the shelves, trusting hopefully that the interplay of natural forces will carry us up in such a manner that drastic action will not be needed—that would be to go straight back to where we were a couple of years ago. It would be to give up the idea of a planned economy in favor of drifting.

Our situation being what it is, we have nothing to fear from a government that is willing to live up to the president's promise of "bold, persistent experimentation." Our greatest danger would be a government that tried too hard to play safe.

Commodity prices are beginning to rise, factory production is beginning to increase—true enough, and very welcome signs they are; but to seek to ride up on these elevators without putting into effect far-reaching correctives would be to leave unaltered the fundamental maladjustments that caused our woes in the first place.

The true conservative in times like these—the man who really wants to preserve as many as possible of our traditional institutions—is the man who is willing to adopt new measures. The man to be afraid of is the man who tries to stick in the old grooves.

"Frown exercises 50 muscles in the face," says doctor. Moral: Take less exercise.

Some men get a lot of fun out of fishing, but the majority of them seem to get the most pleasure out of telling about it.

Roosevelt has given the Bonus Army jobs in the forests, and now the boys will raise trees instead of something else.

Feminist leader predicts that some day women will be getting men's wages. We thought they were already doing that every Saturday night.

We've been sitting here 15 minutes now, trying to think of reasons why Mr. Morgan should object to the higher income tax rates proposed in Congress. And so far we haven't been able to think of a single one.

OUT OUR WAY By WILLIAMS

BORN THIRTY YEARS TOO SOON.

HONORARY DEGREES AWARDED TO 8 MEN, ONE WOMAN BY BAYLOR

WACO, May 31. (AP)—Harvey C. Couch, railroad, utility and bank magnate of Arkansas, and member of the reconstruction finance corporation, was among a list of nine persons to receive honorary degrees from Baylor university here today at its eighty-eighth annual commencement.

Couch, whose home is at Pine Bluff, studied under President Pat M. Neff of Baylor when the latter was a teacher in the public schools of Magnolia, Ark. Mr. Couch was given the LL. D. degree.

Others receiving this degree were H. J. Lutecher, State of Orange, lumberman; R. T. Stuart of Harlingen, Tex., and Oklahoma City, leader in the development of the Rio Grande valley, and insurance president; Mrs. Kate McKie of Corsicana, benefactor of Baylor and other Baptist institutions and causes; Dr. Kenneth H. Aynesworth, Waco surgeon and regent of the University of Texas; and L. A. Woods, Austin, state superintendent of public instruction.

Mrs. Charles W. Wallace of Wichita Falls, who was the constant companion of her late husband in his extensive research into Shakespeare lore, was given the degree of doctor of literature. The D. D. degree was conferred upon Dr. C. C. Sealeman, president of Southern Methodist university, who gave the baccalaureate address, and Rev. Harold L. Fickett, pastor of the First Baptist church of Galveston, who on Sunday delivered the commencement sermon.

Special honor guests on this occasion, other than the recipients of the degrees were D. E. Colp of San Antonio, chairman of the state park board, and L. W. Kemp of Houston, member of the state historical board. Mr. Kemp has been active in locating the bodies of early Texas statesmen and having them reinterred in the state cemetery at Austin.

KITCHEN 'TOYLAND' The kitchen offers excellent play materials, provided mother is willing to let the child explore accessible cupboards. The child enjoys fitting pots and lids together, putting small pots inside of larger ones. He likes to examine colanders and strainers, and invents wonderful games with wooden clothespins.

Part-Cherokee Physician Owns Villa's Saddle

SEMINOLE, Okla., June 1 (AP)—Pancho Villa's huge-horned Mexican roping saddle has become the property of Dr. Claude S. Chambers, part Cherokee Indian physician, of this city. The bandit leader's spurs and bridle are also a part of Chambers' riding outfit.

The saddle, a heavy Mexican type though made in Texas, is silver-mounted and hand-carved, bearing the word "Villa" on either side of the back skirts. It was the saddle Villa is said to have ridden during the raid on Columbus, N. M. It was after this raid that General John J. Pershing, in command of the United States forces on the border,

penetrated Mexico over 400 miles searching for the notorious bandit chieftain.

A saddle of this type is not common in this part of the United States, though they are used extensively for roping in Texas. The horn is three times the size of the ordinary stock saddle horn, and the stirrups have heavy leather covers making them veritable foot pockets.

Gordon Hines, bitographer of Oklahoma, bought the saddle from Villa after the bandit had given up his military life and was living on an hacienda given him by the Mexican government. It was through Colonel Zack Miller, of the 101 ranch, that Dr. Chambers obtained the saddle.

Villa was assassinated near his ranch home in Northern Mexico when the automobile in which he and some friends were riding was swept by rifle fire from ambush, in July, 1923.

Anna Barnett underwent an operation at Pampa hospital Tuesday, day.

Miss Mary Grady, bookkeeper at Worley hospital, was able to leave the hospital Tuesday after undergoing a tonsillectomy operation.

M. E. Rusk of Roxana visited in the city Tuesday.

Actual Service Is Talk Subject At Rotary Club

The many opportunities for community service in Pampa and this county were pointed out to the Rotary club Wednesday by Mrs. DeLea Vicars. Many cases where Mrs. Vicars had given help were detailed and other opportunities for similar service were stressed.

The Rotary club's activity in sponsoring two Boy Scout troops was told by Frank Foster, and the assistance of the club in school cafeterias was explained by J. A. Meek, principal of Baker school. The program was arranged by Frank Keim.

The Rev. C. E. Lancaster was elected a delegate of the club to the international convention in Boston in June.

Visitors yesterday included M. P. Downs, Jack Moyer, C. E. McGrew, J. O. Gillham, A. D. McNamara, and Rotarian F. A. Zimpfner of Amarillo.

Man Convicted On 8-Year Old Robbery Charge

CLAUDE, June 1. (AP)—Tried on a charge of burglary in connection with a bank holdup here eight years ago, W. O. Vermillion received four years in the penitentiary at a special term of district court.

Vermillion was tried for robbery with firearms in 1926 and acquitted by an Amarillo jury, where the case was taken on a change of venue. Following his acquittal a new indictment charging burglary was returned, but Vermillion remained at large for seven years.

He recently was returned here from Daingerfield, where he received ten years for bank robbery on a plea of guilty.

The Claude bank lost \$4,800 in a noon-day holdup during which the only man on duty was locked inside the vault. The burglary charge was based on the opening of a door in entering the bank.

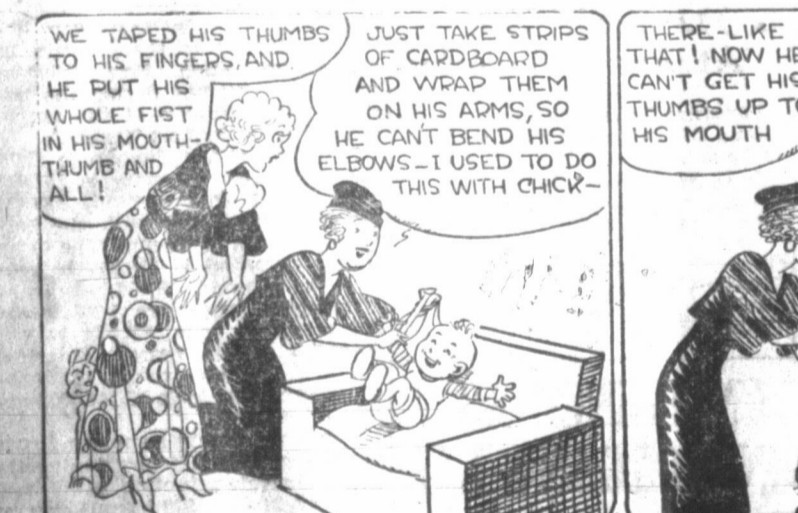

NEGROES REPRIVED HUNTSVILLE, June 1 (AP)—Gov. Miriam A. Ferguson has granted 60-day reprieves to Robert Cubit and Louis Rogers, negroes, who were to have been executed in the electric chair early today.

A close call, Warden Cubit said when Warden W. W. Wald told him of the governor's action. The negroes had been condemned to death for the ice pick stabbing last May of G. W. Mann, Luling restaurant operator.

M. E. Rusk of Roxana visited in the city Tuesday.

Chapter 42 THE COCKATOO AGAIN "Oh, I didn't dream the priest was Francis. The beard and all that would have changed him. He had been educated in a church school—and well educated. He knew how to manage the—disguise. How and what to do." "After a helpless moment I said: "But what of your own half? You'll be obliged to prove yourself to his lawyer—there'll be arrangements. I think I'd better cable the lawyer immediately." "She nodded. "Then this man calling himself Francis Tally must be actually in conspiracy with the Lovschiem. Also this charming substitute they've kept in waiting." "Substitute?" said Sue, roused. "They have the substitute already?" "I explained. "And the point is," I finished, "we've got to hurry. Any plan now was dangerous for Sue. Ten millions instead of five, I said: "I'm going to call one of the policemen to stay here with you. Then I'm going to find Lorn—" "Lorn should have known the priest was Francis!" she cried. "He didn't. He wasn't sure about this newcomer for the same reason. And then I want you to ring for Marianna and question her. I have a faint hope that Marcel told her what he had seen. I hate letting you out of my sight, but I've got to find Lorn." "I went to the door which led to the winding stairway and thus to the courtyard. Under the swaying light of the arch stood one of our guard, and, after making sure I was unobserved, I called and beckoned to him, and once in my room he seemed to understand very sensibly what was wanted. The corridors were as usual deserted. It was at the very door of Lorn's room that I met Grethe. She said rather than walked out of it, [closed it silently, and saw me. "Well?" she said, and as I did not reply, she leaned nearer me and said a smooth soft arm through mine and said: "Are you looking for me?" "I said grimly: "I'm looking for Lorn! What were you doing in his room?" "Without waiting for her reply I thrust her aside and swung open the door and looked about. The room was empty, although it looked singularly untidy. Madame Grethe was smiling a little: her green eyes were shining knowingly. "Well?" she said again, her voice trailing upward. "Where's Lorn?" "Downstairs, I believe," she said coolly enough. "He was in the lobby with Lovschiem a few moments ago." "I was nearing the door to the lobby when I heard his voice, taut and sharp and strange: "Sundance! Sundance! Hurry!" "I RAN the last few steps. They were both in the lobby—Lovschiem and Lorn. And Lorn had a gun in his hand, and it was trained straight at Lovschiem's fat paunch, and Lovschiem was standing there just beside the desk with his jeweled hands lifted high in the air. "You've got the revolver?" "I had it in my hand. "Yes." "Keep this man here while I get the police. Don't hesitate to shoot. He's the murderer." "Lovschiem?" "Yes. I've known it for some time, but I've got the proof now. From Marianna." "I said: "What is it?" "His conversation with Stravsky. She, the maid, heard them talking the night Stravsky was killed. They were in the court. She heard—steady, there, Lovschiem!—she heard Stravsky promise to get something for Lovschiem. Lovschiem warned Stravsky to make no mistake this time. The thing was, of course, Miss Tally's token." "Stravsky said he'd give it to Lovschiem mañana. I'll call the police. Don't let him go, Sundance. Shoot to kill!" "The door to the court whipped open and Lovschiem's terrified eyes shifted to me. This time the mumble was half coherent. "I didn't—I'm not—I didn't—" "What's all this?" It was Grethe from the lounge. "They say I murdered them. They say I killed— Lovschiem's fat, bearded hands were shaking and trembling there in the air. "Stop that," I said sharply to Grethe, and she stopped her steal-

'CULTIVATE FRIENDSHIP,' ROOSEVELT TELLS NAVY GRADUATES

NEW KIND OF ADVICE GIVEN CLASS OF '33

TELLS MEN THEY ARE NOT SET APART AS A CLIQUE

By FRANCIS M. STEPHENSON, ANKAPOLIS, Md., June 1 (AP)—Graduates of the naval academy were told today by President Roosevelt to cultivate friendship with their fellow men.

Mr. Roosevelt came here to hand out commissions to the new class of officers for the navy at graduation exercises.

"I ask you," the president said, "to avoid an exclusive relationship to your own clan, to your clan of the navy or to some other special government service or to the clan of your profession in civil life.

"Remember to cultivate the friendship of people, not alone in your class or profession—but the average run of folks—the same folks you would have known and liked and affiliated with had you not been chosen to enter and to graduate from the highly specialized institution of higher education.

"This I ask of you, not only for your own sakes, but for your country's sake.

"You who become today officers

of the United States navy are not set apart as a clique with different interests and different ideas from those of the rest of the country.

"Those of you who are to enter civil life are, in the same way, in no sense a clique."

Almost half of the class was returned over the back of his favorite horse and ramble through the rough brush of his West Texas ranch.

The saddle, with all accoutrements, was presented to the speaker by members of the house at a "speaker's day" ceremony. It is silver mounted and reportedly one of the finest saddles ever made in Texas.

The first week-end after receiving the saddle, Stevenson proposed to his wife that they go home. She said "fine" and promised to be ready in a half hour.

House Speaker Is Yearning To Try Out Saddle

AUSTIN, June 1 (AP)—Speaker Coke Stevenson is yearning for an opportunity to throw his new saddle over the back of his favorite horse and ramble through the rough brush of his West Texas ranch.

The saddle, with all accoutrements, was presented to the speaker by members of the house at a "speaker's day" ceremony. It is silver mounted and reportedly one of the finest saddles ever made in Texas.

The first week-end after receiving the saddle, Stevenson proposed to his wife that they go home. She said "fine" and promised to be ready in a half hour.

Stevenson immediately started planning how he was going to transport his saddle to Junction, but Mrs. Stevenson discouraged the plan by saying there were so many persons who wanted to see the saddle he had better leave it in Austin a while longer.

"If I can't take my saddle, I won't go," Stevenson said.

Stevenson's son, Coke Jr., has been trying hard to talk his dad out of the saddle, but says he hasn't been successful thus far.

The saddle bears this inscription: "Presented to Coke Stevenson, speaker, by members of the forty-third legislature.

"May he ride life's range to the

RANGER HELD IN JAIL.
LUFKIN, June 1 (AP)—Special Ranger L. A. Eaves was held in jail today in connection with the fatal shooting of George Cole, negro, in the corridor of the Lufkin jail yesterday. Cole died after an operation at a hospital last night. Eaves had been charged with assault with intent to murder. A grand jury was expected to investigate the case immediately.

County Agent Ralph Thomas made a trip to McLean Wednesday.

John Sturgeon went to Amarillo Wednesday on business.

Great Divide with that poise which has made us love him."

LITTLE THEATER DANCE WILL INTRODUCE COTTON COSTUMES

ARRANGEMENTS COMPLETE FOR EVENT FRIDAY

COMMITTEE FINISHES PLANS; DANCING TO START AT 9

COTTON, favorite fabric of the season, will be the mode for the Little Theater dance tomorrow evening. All types of cotton dresses, from gingham porch rocks to ornate evening gowns, will be worn by women, while men will appear in their summer cotton weaves.

Guests will dance to the tunes of Joe Norman and his orchestra at the Pia-Mor. Invitations were sent this week to 275 persons.

Arrangements for the dance have been in the hands of a committee headed by Mrs. George Limerick, with Paul LeBeuf, Dub Williams, and Gilmore N. Nunn as other members. They will be assisted by other Little Theater members in playing hosts at the entertainment.

Dancing will begin at nine o'clock. Early arrivals will find the admission price 25 cents lower than after 9:30.

Bridge Tourney Event of Today

Reservations for the bridge tournament to be conducted this evening at the city hall club rooms by the Civic Culture club may be made through the day. The event will be a benefit for the club treasury.

Mrs. W. O. Workman and Mrs. Hugh Isbell are in charge of reservations, which may be made at 25 cents for individuals or 50 cents for couples.

This tournament will be a major summer project of the Civic Culture club, one of the few women's organizations here conducting meetings. Its season will close this month.

Herbs to Dress Up Common Foods Are Easily Grown

Speaking of gardens, as one does this time of year, we note that some useful herbs are often neglected. Not by the thrifty market woman are they neglected. She uses every little corner of her vegetable garden, her dooryard, her window box or her flowerbed to tuck in a cutting, a plant, or the seed of some useful herb.

Thus she is able to sell you thyme, sage, chives, or dill. Or perhaps she will have sweet marjoram, basil, savory, chervil, tarragon, chili peppers, or possibly, in the South, sesame seed or bene. She will have parsley and mint, dill, and perhaps some lemon verbena, or rose geranium leaves. And probably others of the long and fascinating list of herbs that we cherish for their fragrance and their flavor.

Fritts Worth While

Does somebody say these are mere "frills" and not our concern nowadays? That the main thing is how to keep the wolf from the door? According to the Bureau of Home Economics of the U. S. Department of Agriculture, these so-called "frills" are a highly useful and practical feature of the family food supply, especially if the family is short of cash.

Such "frills" cost next to nothing if you grow them yourself, and their value, aesthetic and psychological, is high. If used judiciously, they stimulate the flagging appetite and lift the family spirits, for as everybody knows, the skillful cook can make the same food seem almost like something else—if only she can have her way with the seasoning of it. And the looks of a dish, with a sprig of parsley or cross make it far more tempting to the palate, too.

Now comes the suggestion since this is gardening time, that the housewife grow her favorite herbs and provide her own seasonings for the summer and next winter, too.

Planting Time Now

These plants are commonly grouped as herbs, though the botanists may not fully agree. They are plants some part of which is used for seasoning or flavoring—soft stems or leaves or flowers or seeds or roots. In the northern part of the United States, this is seed-planting time for herbs, and a few cents will buy the seed. Farther south, it is better to use cuttings, now or to transplant—from a neighbor's garden, maybe.

Some of the herbs grow beautifully and abundantly in flower pots or window boxes, according to Mr. W. R. Beattie, one of the department's garden specialists. This is true of basil, parsley, sweet marjoram, mint, watercress, rose geranium, nasturtium, and lemon verbena. Savory, sesame (or bene), tarragon, chervil, sage, chives, and dill are best put out in the ground. But they take very little space.

In this country we use sage, thyme, and savory chiefly in stuffings for poultry, in sausage, and in cheeses. Tarragon leaves and dill are used in vinegars and pickles, also in sauce, especially for fish. Chives give a delicate flavor to sauces, salads, and omelets.

Mint is used for many purposes—stuffings, jellies, sauces, vegetables, fruits, salads, beverages. Some like the finely chopped leaves with green peas, or sprinkled on

SWIM ADDS TO ENTERTAINMENT AT CLUB PARTY

Morning Event For Le Bon Temps And Guests

An early morning swim, followed by a bridge breakfast, provided a different sort of meeting for members of Le Bon Temps club and a group of guests yesterday morning.

Mrs. Guy Barritt was hostess at her home on the Danziger lease. After a dip in the pool there, the guests returned for a breakfast of nut waffles with honey or maple syrup, bacon, and coffee, served on bridge tables laid with red and white checked cloths.

Five games of contract were played afterward, high score prize going to Mrs. E. H. Mazy and second high to Mrs. Kenneth S. Boehm.

Mesdames Scott Hall, Dave Finkelstein, and Earl Statton were club guests. Members present were Mesdames Archie Ralsky, E. Hookes, H. H. Kelley, Boehm, and Mazy.

Mrs. Boehm is to be next hostess to the club, on June 21.

Visiting Singers To Be Here For Program Sunday

Singers from 26 counties in Texas and New Mexico will gather here Sunday for an all-day program of the Plateau Singing convention at First Baptist church.

Congregational singing of old favorite songs under the leadership of various members will be featured on the day's program. It will begin at 11 o'clock and continue to five.

John F. Taylor of Clovis, president of the association, is expected to be among the large number of visitors present.

Men's Class Will Entertain With Picnic Tomorrow

A picnic at the Roger McConnell home 5 miles west of the city has been announced for tomorrow evening by the Brotherhood class of the Methodist church.

Wives of members have been invited, as well as ladies of the Friendship class and their husbands. The "eats" will be provided by members of the Brotherhood class. John B. Hesse is chairman of the entertainment committee for the occasion.

The groups will leave the Methodist church Friday evening at two set periods, 5:30 p. m. and 6:30 p. m.

PROTECT METAL OBJECTS WHEN BURNING SULPHUR

When burning sulphur to kill insect pests in the house it is necessary to remove all metal from the rooms or to cover metal surfaces with a light oil coating. Two pounds of sulphur is the amount recommended by the department of agriculture for every 2,000 cubic feet of space.

Miss Grace Hilliard of Lubbock arrived here to join the Worley hospital staff.

glazed carrots.

Basil is a favorite seasoning for soups and stews, and for tomato dishes, especially macaroni with tomatoes and cheese. Italian cooks use it also in bean soup.

Sesame (or bene) seed for cookies, poppy seeds for rills. Tender, spring nasturtium stems and leaves for salads, with the bright petals for decoration. Rose geranium leaves for the bottom of your cake pan, lemon verbena and rose geranium for jellies—especially apple jelly. These are the more familiar uses of these plants. They contribute so much to the variety of commonplace food that they well repay the exertion and the slight cost of a bit of gardening, even if only around the doorstep or in a window box.

Among the commonplace dishes that gain new zest if seasoned with herbs are tomato soup, vegetable soup, eggs and omelets, rice, fish, meat balls, veal or lamb stew, cottage cheese. Which herbs to use, and the proportions of each, are largely a matter of individual taste, but one secret is never to use too much. The flavor should be delicate.

Chervil, chives, sweet basil and parsley in equal quantities, with mushrooms and eggs, are used in a fine-herbs sandwich described by one authority; another, tarragon, chervil, basil and chives, with eggs and lettuce; in still another sandwich the mixture is mint, chervil, and dill. White sauce for broiled fish or omelet may use chervil, summer savory, and chives, or a more mixture including chives, parsley, sweet marjoram, and thyme.

Speedily Brings Comforting Relief To ACHING, SWOLLEN FEET

Or Your Money Back

This wonderful preparation now known all over America as Moore's Emerald Oil is so efficient in the treatment of inflammatory foot troubles that the unbearable soreness and pain often stops with one application.

Moore's Emerald Oil is safe and pleasant to use; it doesn't stain or leave a greasy residue. It is so powerfully antiseptic and deodorant that all unpleasant odors resulting from excessive foot perspiration are instantly killed. One bottle we know will show you beyond all question that you have just discovered the way to solid foot comfort.

Ask City Drug Store—Nyal Store—of your druggist today for a 2 ounce original bottle of Moore's Emerald Oil. Every druggist in the country will be glad to supply you. Mail orders filled.

MRS. KATIE VINCENT, above, was installed in a ceremony last night as worthy matron of the Pampa chapter, Order of Eastern Star. She succeeds Mrs. W. C. Mitchell, below.

McLean News

Mr. and Mrs. L. M. Watson of Back announced the arrival of a son, L. M. Jr., born May 29.

Mrs. J. B. Pettit and daughter, Laverne, accompanied by Mary Emma Back, visited in Clarendon Tuesday.

Aud Back and Victor Back visited Jack Back in Pampa Monday and Tuesday.

Mrs. J. R. Glass, Mrs. C. S. Rice, Mrs. Wood Hindham, and Miss Ida Belle Newman were Pampa visitors Tuesday.

The Social CALENDAR

FRIDAY
Gay Friday club meets Friday afternoon with Mrs. Carl Dunlap.

McLean home demonstration club meets Mrs. Hunsht.

Regular meeting of Eastern Star at Masonic hall, new officers presiding. Members and visiting members urged to attend, 8 p. m.

Miss Kathryn Vincent will present her dance pupils in annual spring revue, city auditorium, 8 p. m.

Little Theater dance at Pia-Mor, 9 p. m.

Bethany class of First Baptist church will hold monthly business and social meeting in basement, 2:30. Members, prospective members, and members in service invited.

Group 5 of First Christian Missionary Society, in last meeting of season Friday, 8 p. m., home of Mrs. C. W. Stowell, eight miles west of Pampa.

Brotherhood class of First Methodist church, picnic, for wives of members and members of Friendship class, at Roger McConnell home.

C. D. Hatfield of Wichita, Kan., is a Pampa visitor for a few days.

J. G. Hudson of Waco is transacting business in the city.

H. J. Basham and O. R. Burden, with the Texas Pipe line company, Wichita Falls, are Pampa visitors for a few days.

Richard R. Lee of Dallas, vice-president of the Southwestern Life Insurance company, and G. W. Mills of Amarillo, superintendent of agents, spent today with Claude Finney, local agent.

O. E. S. LEADERS TAKE OFFICE IN TRI-CITY MEET

Birthday Party Is To Follow for Chapter Here

INSTALLATION of officers in a public program with Pampa, Borger, and Amarillo chapters participating at Borger last night, will be followed by Eastern Star members here with a birthday party this evening at the home of Mrs. B. W. Rose.

About 40 members of the chapter here went to Borger for the installation last night. It was conducted in the Maschke hall, and was attended by 250 persons. Fifty-four officers for the three chapters were installed.

Mrs. Ruth Sewell of Pampa acted as installing marshal Mrs. Robbie Coyer of Amarillo as installing officer, and Mrs. Howell of Borger as chaplain.

Mrs. Kattie Vincent, recently elected to head the Pampa chapter next year, was installed as worthy matron, and with her the corps of officers elected at the same time.

A social hour followed the installation service, and ice cream and cake were served.

Picnic Is Given By Dorcas Class

A picnic near LeFors entertained members of the Dorcas class of Central Baptist church Tuesday afternoon. The group met at the church and went in a body to the picnic grounds.

Lunches were spread, each member supplying her share of the sandwiches, salads, pickles, and cakes.

Mrs. R. W. Talley was a class guest. Members present were Mesdames Owen Johnson, Keith Caldwell, W. O. Cooley, Mabel Harvey, Carmen Peters, G. L. Moore, W. W. Hughes, B. W. Cooper, Louis Tarpley.

BLACK FEATHERED TOQUE WORN BY FLIER'S WIFE

PARIS (AP)—Madame Dieudonne Coste, wife of the transatlantic aviator, attended a recent smart party wearing one of the new high crowned toques made entirely of shiny black feathers.

On the left side it was trimmed with three yellow feather marigolds. With it Madame Coste wore a black frock with a draped satin scarf reflecting the same color scheme.

D. V. Phillips of Dallas is here on business this week.

QUILTING HELD BY WOMEN OF BAPTIST M. S.

ALL-DAY MEETING AT COUNTRY HOME IS ENJOYED

A FRIENDSHIP quilt was completed by women of the Central Baptist Missionary Society yesterday, when they spent the day in the country home of Mrs. R. M. Mitchell, 10 miles from Pampa.

The quilt is to be a gift to Mrs. Mary Landers, former church secretary. Each member of the society made a block, and assisted in finishing the quilt.

A covered dish lunch was served at noon, with a dish contributed by each woman present. A brief and informal business discussion was conducted while the quilters worked.

Mrs. E. R. Sewell of Waco was a visitor, and members present were Mesdames E. C. Starr, W. L. McCallister, G. D. Holmes, W. O. Cooley, L. S. Bridges, D. J. McCallister, S. L. Anderson, Cecil Lunsford, W. C. Brown, D. H. Coffey, Walter Kirby, E. M. Scalf, T. M. Gillham, R. M. Mitchell, and Miss Kate Anderson.

Circle meetings of the society will be held next Wednesday. Mrs. Coffey will be hostess to the Bethany circle and Mrs. Bridges to the Lotie Moon circle.

Activity Reports Made By Members Of Dorcas Class

Reports of a month of activity were made by officers and committee heads of the Dorcas class of First Baptist church yesterday, when its May business meeting was conducted at the church.

They showed that 55 members were enrolled for the month; 10 new members were secured; eight members left the class for service in church departments. Members reported making 45 visits, 18 telephone calls, sending flowers to two persons. Offerings for the month amounted to \$53.40.

Rinse with quantities of warm water boiled rice, macaroni or noodles, as this will prevent the undesired stickiness.

Plan to arrange candles and table center pieces so that they will not interfere with the vision of the guests. Low bowls are best to use for holding flowers.

FIRST CAMP FOR JOBLESS WOMEN IS OPENED AS EXPERIMENT

FEDERAL FUND PROVIDES FOR CAMP PROGRAM

S. ROOSEVELT AND MISS PERKINS ARE SPONSORS

WASHINGTON, June 1. (AP)—Establishment at Bear Mountain, N. Y., of the first woman's camp for unemployed through use of federal funds was announced at White House today by Secretary Perkins jointly with Mrs. Franklin Roosevelt.

An area already "honeycombed with girls' camps," to use Mrs. Roosevelt's own phrase, this camp, established at her suggestion, is expected to test out the problem of unemployment life similar to the reformation system for men in suitable jobs, unattached women.

States May Join
Miss Perkins opened the door to states to establish similar camps "if local relief agencies make appropriate plans and applications to the federal relief administrator," she following statement was given to newspaperwomen:

Secretary Perkins, to whom Mrs. Roosevelt had referred the suggestion to offer opportunities to young women in the camp employment, that experiments were being made in this field, and that they would be extended as needed if they proved satisfactory and practical.

Work and Instruction
High up on the western bank of Hudson in Bear Mountain park temporary relief administration the state of New York is conducting an important experiment in federal funds furnished by Secretary L. Hopkins, federal emergency administrator.

The purpose of the camp is to provide helpful employment and instruction, amid wholesome surroundings, for needy young women now entirely unemployed and without any resources of their own.

"Yoo-Hoo!" Calls Princess To Prince, and Ends Rumor of Rift

By NORRIS WATSON.

NEW YORK, June 1. (AP)—"Yoo-hoo," said the princess as she bobbed up and down in the choppy waters of New York harbor, on which she alighted in an amphibian plane.

"Yoo-hoo," said the prince, leaning far out over the rail on the promenade deck of the liner Rex, inbound from Europe.

And that was the greeting of Prince Girolamo Rospigliosi and his princess, the former Marion Snowden of Minneapolis, after a brief separation which rumor had whispered might be permanent.

At dawn the princess, whose recent arrival in this country without her husband gave rise to separation rumors, chartered a plane and set forth to meet the prince at quarantine. The plane alighted on the water near the liner and the princess began waving and calling. The prince saw her.

"Ah," he exclaimed in apparent rapture. "Proof that she loves me." They waved. They shouted. They smiled and blew kisses. Conversation was impossible because of the distance and because of the roar of the amphibian's engine.

The princess couldn't board the liner because of official regulations. So when the liner moved on to its dock with the prince the princess soared aloft and preceded the ship to its mooring. And at the pier the prince and the princess fondly embraced.

Will Care for 300
"The camp which will be in operation by the end of this week will accommodate 300 women at the nominal cost of \$5 per person per week. The number now arriving will be rapidly augmented in number. By the end of the month it is expected the full quota will be reached. Then the plan is to establish a second camp nearby with accommodations for 150 women.

"In addition to the routine duties of camp life, vocational work and occupational training, including dressmaking, embroidering, weaving and other handicraft, will occupy the time of the women during working hours.

"Recreational facilities will be provided as a part of the daily program.

Labor Conference Agrees
"Establishment of this experimental camp for unemployed women is in line with the administration's campaign to provide immediate relief for those in distress. Suggestions along this same line were made by the labor conference held in the department of labor in April and have been carefully studied.

Miss Perkins said the New York camps were not to be on a wage basis, but that such arrangement might eventually be worked out if some product could be found that would not be in competition with regular labor.

The recruits already in the Bear Mountain camp, she said, are engaged in building the camp, cleaning off the grounds, cooking, fishing, and making their own garments.

PAMPA TOPICS OF OUR CITY

(Continued from Page 1)

ON FAMILY SIZES

Although the size of families has declined in recent years and there has been a tendency toward apartment house living, it is gratifying to know that 76 per cent of the families of the nation live in private homes. By family is meant any kind of abode by a regularly-established individual, whether he

Clever Costumes Shown in Vincent Revue Rehearsal

Dress rehearsal for the Junior Folies, Kathryn Vincent's annual spring revue to be presented at 8 p. m. Friday in the city auditorium, revealed costumes that will contribute their share to the success of the event.

Parents of the young dancers have been sewing for days, producing costumes above the average in design and quality.

An observer passing the auditorium this afternoon would have seen Russians, Orientals, Spanish dancers, Irish clog steps, Hollanders, Hawaiians, Scotch girls, and Miss America, who will appear in the pageant of nations, one of the most attractive program numbers.

Costumes for the comedy doll dance are clever in design, as are the crazy-gull costumes for the acrobatic teams. Probably the most picturesque costumes are those for the grand finale, where girls wear organdie evening dresses over their tap dance costumes for a soft shoe number to the tune of "The Girl in the Little Green Hat."

A picture display at Pampa Drug store number 1 gives the public an idea of the costumes and the nature of the program.

Professor's Son Drowns in Lake

DALLAS, June 1. (AP)—The body of John H. McGinnis Jr., 6, drowned in Lake Dallas while on a fishing trip with his family, was brought to Dallas today for burial.

He was the youngest son of Dr. and Mrs. John H. McGinnis. Dr. McGinnis is a professor of English at Southern Methodist university, editor of the book page of the Dallas News and one of the editors of the Southwest Review.

After the boy had fished with his three brothers for some time late yesterday, he left them to go for a basket of lunch. He failed to return and a search for him was begun. The body was recovered 20 minutes later by dragging the lake.

During the search for the body, Mrs. McGinnis barely escaped drowning after she had plunged into the lake.

The surviving brothers are Albert McGinnis and Edward McGinnis, 11-year-old twins, and Gillett McGinnis, 12.

(Continued from Page 1)

HOME-MAKING BY TWOS

The largest group as to numbers contains but two persons and comprises 24 per cent of the whole. The old-fashioned families of six or more constitute but 18.5 per cent of the whole. Private families owning their homes, in deed recording at least though perhaps a large per cent operating under installment buying, number 46.8 per cent of the whole.

This is a higher degree of ownership than in 1910, when the percentage was 44.6 per cent. . . . It is significant that while once there was a tendency to huddle together in apartments and tenements, the trend now is toward ownership of small homes. One reason is that comforts of power, light, gas, and plumbing are possible in small towns.

SOCIAL CENTERS

The value of private homes has been clearly shown in the depression. Hundreds of thousands of dependents have been forced to call upon relatives for food and shelter. One cannot help relatives very much if he lives in a tiny apartment built for two. The real home, with several spare rooms, is a refuge for those in trouble. And when amusements are declined by poverty the home again becomes a social center with re-discovered pleasures to be enjoyed.

Mr. and Mrs. T. D. Hobart returned yesterday from the J. A. Ranch.

Proration Test For Panhandle Is Set For July

A 10-day test of all prorable wells in the Panhandle field will be made during July, it was announced by J. M. McDonald, deputy supervisor of the oil and gas division of the railroad commission, Panhandle area, yesterday upon authorization from the commission office in Austin.

The gauge will be taken in order to adjust potentials of prorable wells and secure a more balanced and uniform rate of production. A new schedule was issued yesterday, to become effective this morning. It set the field allowable at 44,000 barrels.

The order issued from the local office follows:
Under authority from the Austin office we are hereby giving notice that on July 1, 1933, a general gauge will be taken on all prorable wells in the Panhandle district, such gauge to be taken over a period of ten days. This has become necessary in order to adjust potentials of prorable wells and secure a more balanced and uniform rate of production.

All over-production accruing as result of this test will be made up immediately following such test by limiting the production of each well to 50 per cent of its allowable as shown on our schedule.

Miss Virginia Rose returned from Baylor university, Waco, yesterday to spend the summer with her parents, Mr. and Mrs. Tom Rose.

M. K. Brown made a business trip to Clarandon today.

Today's Offer - Stomach Agony Goes Or Money Back, Says CITY DRUG STORE

And still there are stubborn people right in this part of the country who won't accept this offer, but continue to suffer from gas on stomach, belching or sour food, stomach pains, foul breath, dizziness, biliousness and headaches, just because—that's all, there is no other reason.

Dare's Mentha Pepsin will stop dyspeptic agony in five minutes; will conquer most obstinate cases of indigestion, and put the old stomach into first class shape in a few weeks.

If you want quick and lasting relief get a bottle today. It is dispensed by City Drug Store and druggists everywhere. Mail orders filled. (Adv.)

Grain Corporation Sees Profits Ahead

CHICAGO, June 1. (AP)—The Farmers National Grain corporation, one of the world's largest co-operative marketing agencies, embarked today on another fiscal year with its officials confident of large and profitable operations.

Despite prospects of the smallest American wheat crop in recent years, due to weather conditions, the corporation has prepared to handle as much or more of the grain as in the 12-month period ended a year ago—180 million bushels.

The reason for the large prospective volume, officials said, was an increasing membership in virtually every important wheat state. Already about 300,000 farmers are members.

As for the grain stabilization corporation, companion organization that sought for several years to hold wheat prices firm, officers of the Farmers National said it probably would not again enter the market.

Lost 40 Pounds On Doctor's Advice

"I'm a user of Kruschen Salts as a reducing remedy and can say they are fine. Have lost more than 40 lbs. in the past year. Am gradually reducing as my doctor advises."

Miss Bertha Waldo, Haman North Dakota (Oct. 30, 1932).

Once a day take Kruschen Salts—one-half teaspoonful in a glass of hot water first thing every morning. Besides losing ugly fat SAFELY you'll gain in health and physical attractiveness—constipation, gas and acidity will cease to bother—you'll feel younger—more active—full of ambition—clear skin—sparkling eyes.

A jar that lasts 4 weeks costs but a trifle at City Drug Store, Richards Drug Co., Inc., or any drug store in the world—but demand and get Kruschen and if one bottle doesn't joyfully please you—money back. (Adv.)

STEERS HAVE NEW MANAGER IN BRAINARD

MISSIONS BEAT BUFFS; HAPP MORSE IS RELEASED

By BILL PARKER
Associated Press Sports Writer

The release of Happ Morse as manager of the Dallas Steers, the Beaumont Exporters' double victory over Galveston, San Antonio's 5 to 2 march over the league-leading Houston Buffaloes, and the offering of Fred Brainard the managerial post at Dallas gave the Texas league a big day Wednesday.

The release of Morse was no surprise. It had been expected for several days. Dreyfuss asked Morse to resign and he refused, saying he was not a quitter and would not leave his team unless fired outright. Owners Sol Dreyfuss, in a brief statement, said he released Morse in hope a new manager would be able to get the club out of the second division.

Brainard, former Wichita Falls manager and Dallas player, was offered the job by Dreyfuss. He asked for time to think it over and returned to his New Mexico home where he conducts a sheep ranch and drills oil wells.

Under Bubber Jonnard, the Steers proceeded to beat the Tulsa Oilers in a ragged 11 to 7 game. The Oilers out-hit Dallas, 16 to 10, but committed five crucial errors.

Beaumont climbed to third place by unleashing a double attack against Galveston that netted 8 to 7 and 5 to 1 decisions. The first game went 12 innings. The Exporters had on their hitting clothes and drove two Galveston acres, Tubbs and Thormahlen to cover.

Clicking with three runs in the

Davis Cup Not For Americans, Tilden Asserts

NEW YORK, June 1 (AP)—Big Bill Tilden doesn't think Ellsworth Vines and his mates have much chance of winning the Davis cup this year.

"As a matter of fact," Tilden said, "our team may be lucky to get past the inter-zone finals, where they probably will defeat Australia. Jack Crawford, the Australian champion, is capable of winning two singles matches. England also is strong.

"When it comes to the challenge round, I look for Henri Cochet to win both his singles matches for France, thereby leaving it up to Jean Borotra to win one of his two assignments. Vines is our only real hope."

BRATTON NAMED JUDGE

WASHINGTON, June 1 (AP)—President Roosevelt today sent to the senate the name of Senator Sam Gilbert Bratton of New Mexico to be United States circuit judge of the tenth circuit.

Bill Kelley left this morning for Lubbock.

Phil P. King of Austin is a Pampa visitor for a few days.

O. R. Morris of Fort Worth was here yesterday.

first and two in the sixth, the San Antonio Missions dropped Houston, 5 to 2. Elmer Hanson, George Payne and Cynegros, Houston's three ace hurlers, could not prevent the Missions from collecting sixteen hits. Fets pitched for the Missions and stopped the league leaders with five hits. The Oklahoma City Indians invaded Fort Worth and opened with a 4 to 3 decision.

It Work Miracles With SORE BURNING TIRED ACHING FEET

They call it Radox and your feet can be so tired and weary—so sore and inflamed that every step you take is torture—your poor feet burn and ache all day long.

Just take a footbath tonight with Radox—a joyous invigorating foot bath—just soak your feet for 20 minutes in a gallon of hot water to which 3 tablespoonsful of Radox has been added—and when you walk without misery tomorrow if you don't say it is the most wonderful discovery to make ailing feet strong and vigorous—money back.

Get Radox at City Drug Store or any live drug store anywhere—45 cents.

Baer Favors Jack Dempsey As Referee

ATLANTIC CITY, N. J., June 1 (AP)—Max Baer and his manager, Ancl Hoffman, are all in favor of the suggestion that Promoter Jack Dempsey be appointed to referee the Californian's 15-round battle with Max Schmeling at the Yankee stadium June 8 even though the suggestion came from the rival camp.

"It really makes no difference to me who referees," Hoffman asserted, "for all he'll have to be able to do is count up to ten."

Baer was to resume heavy training today after a day of rest.

Schmeling Will Not Discontinue Training For Day

LAKE SWANNANOVA, N. J., June 1 (AP)—Although he is confident of winning, Max Schmeling has no place for a let-up in his program of training for his 15-round bout with Max Baer a week from today. He plans to continue training with a couple of rest days, but up to Tuesday, the day before a breaking camp to go to New York. Heavy sessions are scheduled for today, Saturday, Sunday, and Tuesday.

The former champion says he expects plenty of trouble from Baer in the early rounds but that he will come out ahead at the finish.

BOWERS WHIPS FARRELL WITH KAYO IN 8TH

LEFORS BOY AND KID GRANITE FURNISH BEST FIGHT

Fight fans of this section will long remember the semi-final and special four-round events staged at the Pla-Mor auditorium last night. They overshadowed the main event even though it ended in a knock-out in the eighth round with Dick Bowers the winner over Frank Farrell.

The great semi-final brought a new boy to the Pampa ring in Smoky Brown of Lefors. Although he weighed only 126 pounds, he took on Kid Granite for six rounds and gave him 10 pounds. Granite floored Brown at the bell in the third round and his seconds had to carry him to his corner. He came back cocky as ever in the fourth, but stayed the distance, although he lost the fight.

The four-round special saw leather gloves in a circle in the air as Young O'Farrell of Wichita Falls and Paul Ellis, local boy, stood almost toe to toe and slugged. Farrell, however, connected with a beautiful left to the button and Ellis took the count. Ellis showed much possibility and with a little more experience should prove a winner. O'Farrell had much the experience, but Ellis was game and could throw leather.

The Bowers-Farrell bout was somewhat of a disappointment to the small house, but they forgave the main-eventers when they remembered the other two fighters. Bowers started the fight strong and worked Farrell to the ropes, where he pounded him hard. However, when Farrell got into the open he had things more his way and hit Bowers many solid blows. Farrell seemed unwilling to mix it with the tough Breckenridge youth and showed nice footwork and boxing ability.

Bowers bored in and rushed Farrell to the ropes for his most effective work. He hit the more effective blows as the fighter against the boxer. The end came suddenly in the eighth round when Farrell took the count in his own corner. Bowers had been pounding him hard.

Whitney Watkins and Billie Williams, two 75 pound boys, went three fast and furious rounds for a shower. The boxed winner take all, but called the fight a draw and split the purse.

Another feature bout of the evening was a draw between Ed Johnson and Ray Herrod. Herrod had the experience and condition but Johnson had the punch and gameness and the battle went to a draw. Both boys landed hard, clean blows and once Johnson sent Herrod to the mat. The fight was a real crowd pleaser.

An effort will be made to bring Duke Trammell to Pampa for the main event next Wednesday night. A suitable opponent will be selected if Trammell can get here. The cocky Smoky Brown will also be matched with a boy his size. In fact the fans have asked for Brown and Young O'Farrell for the semi-final.

Three Teams Tied For First Place In Baseball Loop

Three teams are tied for first place in the Cotton-Oil league following an upset last Sunday which saw McLean fall before the Shamrock Irishmen, cellar holders. Pampa defeated Wheeler and Twitty won from Magic City to tie with McLean who had defeated them both earlier in the season.

The league standing:

Club	W.	L.	Pct.
Pampa	2	1	.667
McLean	2	1	.667
Twitty	2	1	.667
Wheeler	1	2	.333
Shamrock	1	2	.333

Games scheduled for next Sunday:
Twitty at McLean.
Pampa at Magic City.
Wheeler at Shamrock.

COURT RECORD

COURT IN LIPSCOMB
District Judge W. R. Ewing and District Attorney Lewis M. Goodrich went to Lipscomb county today to open a special term of 31st district court. They left a grand jury in session here. This jury today had a new 32-beer case, with Jesse Mays as the defendant on a charge of possession. He was arrested by the constable's department, released on \$500 bond after arraignment in Justice W. S. Baxter's court. A new civil suit is a divorce action of H. W. Kiser vs. Clara E. Kiser.

Qualifying For West Texas Golf Meet Continues

WICHITA FALLS, June 1 (AP)—Out-of-town entries in the West Texas Golf association's annual tournament were entered in qualifying rounds today.

About 50 Wichita Falls contestants qualified yesterday. Their scores were withheld until the visiting entries could turn in their cards. The qualifying was spread over two days in order to avoid congesting the course.

Sammie Phillips of Ranger, defending champion, was among those competing. Other outstanding entries included Charlie Quail of Post, a former West Texas title; L. T. Burns of Wichita Falls, finalist two years ago; and Dudley Raines of Abilene, also a former West Texas champion.

CUBS TROUNCE PIRATES 5 TO 1 TO WIN SERIES

CARDS VIRTUALLY TIED WITH LEADERS; CUBS PUSHING GIANTS

By HUGH S. FULLERTON, JR., Associated Press Sports Writer

With the improvement in the form of their western rivals, the St. Louis Cardinals and Chicago Cubs, the league leading Pittsburgh Pirates have found the going considerably tougher in the National league.

Pittsburgh couldn't do a thing with the pitching of Charley Root yesterday and Chicago handed the Pirates a 5-1 defeat, took the series three games to two and left the losers in a virtual tie with St. Louis for the league lead. The Cards were idle yesterday after running their winning streak to six straight. The triumph, the seventh in the last eight games for the Cubs, left them only a game and a half behind the third place New York Giants.

The other two National league games scheduled yesterday, Brooklyn at New York and Boston at Philadelphia, were halted by wet grounds.

The leading American league struggle, the New York Yankees

ONE LINE
... eleven different models
ONE QUALITY
... the best that can be built

There are eleven different models in the Westinghouse line of Dual-automatic Refrigerators... a model for every purse and purpose. But there is no difference in quality between the highest-priced and the lowest... it is merely a matter of size.

The Westinghouse name is never placed on any but a strictly quality product. Westinghouse experimenting is done in the laboratory, not by the purchasing public. There is no "skimping," no sacrifice in materials or workmanship. That's why your Westinghouse will be serving you... and saving money for you... long after your neighbor's so-called "bargain" refrigerator has been replaced.

Yet Westinghouse quality actually costs only fractionally more than the very cheapest, untried makes. In return, you get a HERMETICALLY-SEALED mechanism, protected from wear, rust, dirt and leakage, forced-draft cooled for greater efficiency. You get the extra safeguard of Dual-automatic control. And you get all-steel construction... better insulation... faster freezing... more conveniences throughout. Compare the Westinghouse with any other... and you will know your only bargain is the BEST.

Come in... let us demonstrate. It may never again be so easy to own the world's finest, most complete and best-designed refrigerator... built by men who know electricity and backed by a name the entire world respects.

LIBERAL LEGISLATURE CUT APPROPRIATIONS AND IGNORED 'MA'

OIL TAX WAS ONLY REVENUE BILL PASSED

EXPENDITURES REDUCED \$13,000,000 BY LEGISLATORS

AUSTIN, June 1 (AP)—The 43rd Texas legislature, in session seven days short of five months, was prepared to quit its labors today. Sine die adjournment was set for noon.

Legislation virtually ceased yesterday at noon when the 24-hour rule precluding consideration of anything except free conference committee reports and proposed corrections in bills already passed was invoked.

This legislature, in continuous session the longest period since the 13th legislature, which worked 142 consecutive days, broke all records for uninterrupted service. It was in session 143 consecutive days.

Appropriations for support of the governmental departments for the biennium were kept to a minimum. They were reduced approximately \$13,000,000 under expenditures authorized by the legislature for the two-year period beginning on September 1 next. Appropriations for the four main branches of government—judiciary, eleemosynary, educational and departmental—approximated \$33,000,000 as compared to \$45,000,000 for the current biennium. About \$10,000,000 additional was appropriated for rural school aid and other expenses. Appropriations for 1933-35 were reduced 25 per cent under the 1931-33 amount.

The legislature authorized betting on horse races, legalized prize fights, submitted a constitutional amendment to make the manufacture and sale of 3.2 per cent beer lawful and provided for a vote by the electorate whether the prohibition amendment to the federal constitution should be repealed.

Governor Miriam A. Ferguson did not get many things she asked of the legislature. It turned a deaf ear to her suggestion that it levy a general sales tax and tap other new sources of revenue to replace the ad valorem charge made against land owners for support of the government.

Oil Taxed. It sent only one revenue bill to the executive office, to tax oil two cents per barrel and fix a charge against intangible assets of pipe lines. Oil heretofore had been taxed two per cent of its sale value.

Pensions Cut. Both houses sent to the governor yesterday a bill proposing reductions in pensions paid Confederate veterans and their widows. There exists a large deficit in the pension fund at this time. It also would remove from the pension lists all persons who are not in need. It would prohibit any person who owns property worth more than \$4,500 and who has an income of more than \$300 a year from receiving a pension.

Pensions of widows under 75 years old would be reduced from \$25 to \$12.50. Widows over 75 would continue to draw \$25. Inmates of the state Confederate homes would get \$7.50 monthly instead of \$12.50. Single veterans would continue to receive \$25 monthly and married veterans \$50.

JAPS

(Continued from Page 1)

from Yenkin (northwest of Peiping and north of the Wall) to the sea, and running through Changping, Kaoliyng, Shunyi, Tungchow, Siancho, Fochi, Lintingschen, Ningho and Lutai.

The truce provides that Chinese police maintain order in the evacuated area after the Japanese withdrawal to the Wall, which forms the southern boundary of Jehol. The fact that the armistice makes no reference to a buffer state between China proper and the Japanese-sponsored state of Manchukuo caused both relief and surprise to the Chinese, who apparently had expected much harsher conditions.

CROWS YOUNG

DALHART, June 1 (AP)—J. B. Stetson of Dalhart has a white leghorn rooster that crowed with the best of the city's canticleers on the twenty-eighth day of his life. Stetson bought him from a local hatchery and knew its exact age. Every other way the rooster is normal.

Now There's Much Joy In Gloomyville—Dad's RHEUMATISM Cripples Him No More

Off to work went Father—vaulting the fence with one hand—mother laughs with joy—the kids are happy and no wonder.

Three weeks ago he was nearly a cripple—the piercing rheumatic pains almost drove him mad—then came a bottle of Allenru—a present from a neighbor. In 3 days the misery left—almost like magic—no wonder gloom changed to joy in that modest home.

Within 24 hours after you begin to take Allenru for rheumatic pains, neuritis or lumbago the excess uric acid starts to leave your body—in 48 hours the terrible agony is gone—if this does not happen City Drug Store or any leading druggist anywhere will return the purchase price in a 50¢ bottle 85¢. (Adv.)

Markets

New York Stocks

NEW YORK, June 1 (AP)—Stocks and staples maintained a firm front generally today in the face of intermittent profit taking flurries. A late rally in the rails gave the list close, although early gains in some specialties were reduced to fractions. The turnover approximated 4,000,000 shares.

CONVICTS

(Continued from Page 1)

The Kansas convicts kidnaped Kirk Prather, whose term as warden ended last midnight, two guards and three women. The warden and the guards were freed near Welch, Okla.; the women, near Pleasanton, Kansas.

Disarming Tom Baskin, guard who was escorting them from repair work at the prison women's ward, the two Oklahoma fugitives, Jim Striding, an Indian, and H. D. Bradbury, sped away in Baskin's motor car after throwing the guard out and later abandoned it on a rocky mountain road near Hayward, 12 miles west of the prison. A dozen guards and a pack of bloodhounds best the brush throughout the night.

NEW ORLEANS COTTON
NEW ORLEANS, June 1 (AP)—Trading in cotton was less active this morning and prices opened 3 to 6 points down as cables were several points lower than due. The market continued to ease after the start on long liquidation and profit-taking and some selling by ring traders in anticipation of a bearish weekly weather report due later in the morning.
Later in the morning the market rallied in sympathy with a recovery

in stocks and stimulated also by a report from Washington of a proposed international currency.

Shorts covered rather freely and July advanced to 9.15, October to 9.42 and December to 9.57, or 13 to 16 points up from the lows and net 2 down to three up compared with the close of yesterday.
Near mid-session the market was steady, holding at the highs.
Two private acreage estimates were posted here, one estimating an

increase of 11.1 per cent and the other 9.4 per cent.

CHICAGO GRAIN
CHICAGO, June 1 (AP)—Material setbacks in grain values took place early today. Belief was general that noon private crop estimates would prove larger than last month's official forecast. For at least the time being, inflation possibilities were ignored. Opening 1 1/2 down, wheat later held near the

initial range. Corn started at 1/2-1 1/2 decline, and subsequently sagged further.

Expectations that June unofficial domestic wheat crop figures would prove bearish were fulfilled. The production estimates averaged 357,000,000 bushels of winter wheat and 270,000,000 of spring, compared with advance guesses varying from 350,000,000 to 375,000,000 winter and 240,000,000 to 268,000,000 spring. Official forecasts last month indicated

337,000,000 winter wheat. The spring wheat harvest last year was 262,000,000 bushels.

ceived by it in forming the United Corporation, a utilities stockholding

concern, was outlined to the senate investigating committee and agreed to by George Whitney, a partner in the firm.

This phase of the inquiry into operations of the international banking firm was reached after it had been decided on a 11 to 3 vote in closed session of the committee to make public the Morgan partnership agreement, save for names of the present partners and the percentages of their interests.

Firestone

THE MASTERPIECE OF TIRE CONSTRUCTION

WINS 500 MILE INDIANAPOLIS RACE 14th Consecutive Year

The most gruelling tire test in the world. 200 times around the 2 1/2-mile oval brick track at speeds as high as 140 miles per hour. The tremendous crowd are on their feet cheering the winner on Firestone High Speed Tires as he flashes across the finish line without tire trouble. That's performance—tire performance backed by the genius of Firestone—the world's master tire builder. It takes the extra quality and extra construction features in Firestone tires to make these records. Famous drivers will not risk their lives and chance of victory on any other tire. They KNOW the added features of Gum-Dipping and Two Extra Gum-Dipped Cord Plies Under the Tread assure them of utmost safety and dependability. Racing speeds of yesterday are the road speeds of today. You, too, need the extra quality, strength and safety of Firestone High Speed Tires, The Gold Standard of Tire Values, which hold all world records on road and track for safety, speed, mileage and endurance. Equip your car today!

We Give You a Liberal Trade-In Allowance on Your Old Tires
COMPARE CONSTRUCTION, QUALITY and PRICE

Firestone SUPER OLDFIELD TYPE	Firestone OLDFIELD TYPE	Firestone SENTINEL TYPE	Firestone COURIER TYPE
This tire is the equal of all standard brand first line tires in Quality Construction and Appearance. Sold at a price that affords you real savings.	This tire is superior in quality to first line special brand tires offered for sale by mail order houses and made without the manufacturer's name and guarantee. This is "The Tire That Taught Thrift to Millions."	This tire is of better Quality, Construction and Workmanship than second line special brand tires offered for sale by mail order houses and others and made without the manufacturer's name and guarantee.	This tire is of good Quality and Workmanship—carries the name "Firestone" and full guarantee—sold as low as many cheap special brand tires manufactured to sell at a price.
