FARMERS TOLD THEY ARE 'NOT OUT OF WOODS'

ROOSEVELT SAYS 'WE SEEM TO BE ON OUR WAY'

CHICAGO, Dec. 11. (AP)—President Roosevelt told the farmers of America in a message today that "we seem to be on our way" but counseled them to continue co-operating with the administration's program for a "controlled agriculture."

The president's message was read before the annual convention of the American Farm Bureau Federation assembled here to discuss the complex problems of agriculture and the multi-fronted attack of the administration against them.

Johnson's Right-Hand Woman

She "knows more about the NRA and the recovery act than most anybody around here." That's what Gen. Hugh S. Johnson, NRA administrator, said when a printed story recently emphasized that Miss Frances Robinson, his assistant, was receiving a salary of \$5780—some \$200 less than his own.

BY OTHER WRITERS JACK HULL In Clovis News-Journal "It would be hard to argue with fellows down in the cotton country that the recovery program isn't going to work. It has worked and is working. There are so many parts to this great recovery machine, however, that it is going to take more time for its mechanism to begin pulling together."

VAN W. STEWART in Ochiltree County Herald—With a general election year almost here, the political post in Texas getting up steam and, within a few weeks, we will be in the midst of another campaign of lambasting and bombarding.

W. MAX WADE in Groom News—The 1933 football season is over for the Groom Tigers. The Groom football fans have come back to earth. Babies will be bathed and fed, meals will be cooked at home, church work will start up again. Business houses will reopen for normal trade, and the usual town gossip will be back in full array.

J. C. ESTLACK in Donley County Leader—During the Huey Long investigation last week in New Orleans, his accusers alleged that one voter had cast a ballot in 1933 though he died a year previously. The Kingfish was startled if not astounded. Next day, the accused dead man went before the court of inquiry in person and denied being dead at any time during 1932. When further pressed by the inquirers, he grew tense and vehemently denied being dead at any time during 1933. We naturally expected this inquiry to border upon the supernatural at some stage of the game.

THE SHAW'S in Higgins News—Little Annie Rooney, a very charming little character in one of the funny strips, confided some days ago to her dog, "Rags," that she had the "win wams" most awfully bad. Just exactly what win wams may be we do not know, but it must be something of that sort that afflicted the editor on last press day. Everything seemed to be wrong, and nothing would go right. The machine had a spell of something or other—winwams, probably—and this chap had a hot time generally.

PAMPA COACHES LEAVE TO CONFER WITH SAN ANGELOANS

IF the battle of teams is as tense and hard-fought as that of school officials over the site, the Harvesters and the San Angelo Bobcats will have a mighty tussle next Saturday. Coach Odus Mitchell, Argus Fox, C. T. Hunkapillar, and C. P. Buckley left for Lubbock this morning to meet the San Angelo delegation and renew the heated battle that began between Fox and San Angeloans in El Paso Saturday and continued by telephone yesterday.

Wichitan Will Speak at API Banquet Here

John Kilgore of Wichita Falls will be the chief speaker at the annual banquet of the American Petroleum Institute in the Schneider hotel at 8:30 o'clock Wednesday night. The banquet will follow a business session for election of officers an hour earlier in the city hall auditorium.

Poultry Show Plans Will Be Made This Week

Two meetings are scheduled at the Board of City Development rooms this week. The board will meet in regular session at 7:30 o'clock tomorrow evening.

Young Democrats To Meet Tuesday

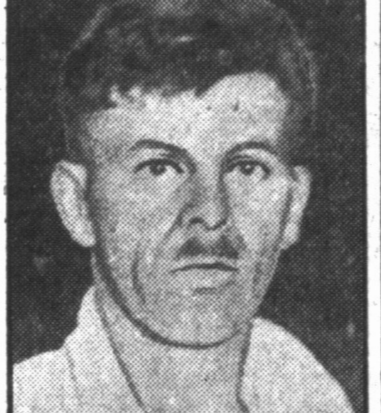

Preparations were being made today for a meeting of the Young Democratic club in the city hall tomorrow evening.

CRIME CAN BE HALTED BY BEING EXPOSED

The crime problem, like the poor, is one of those things that always are with us. A great many citizens have expended much honest labor in recent years trying to find out just why and how the underworld manages to get its steady stream of youthful recruits; and often enough some investigator reports that one big reason is the fact that newspapers give so much space to crime news.

This isn't a new charge, to be sure; but it is heard fairly frequently, and it has bothered a number of high minded and conscientious folk. An excellent answer is to be found in testimony given not long ago before the Senate sub-committee on racketeering by Dr. Carleton Simon of New York, associated with the New York police force for the last 35 years, as criminologist.

"The task of uncovering the elements that create crime, says Dr. Simon, 'is made greater and more difficult by the vast confusion of public thought' which arises from this effort to hold newspaper crime stories culpable.

Some people, remarks Dr. Simon, demand that every medium of intelligence, education, and entertainment be made completely harmless to the subnormal mind of the delinquent child. And it does not take the doctor long to carry this thesis to its logical—and absurd—conclusion.

Details of a train wreck, vividly presented, would be too harrowing for a sensitive adolescent mind. Therefore—let the press keep silent about all wrecks on land or sea.

Murder stories affect those with strong homicidal tendencies. Therefore let no newspaper ever mention any murder case.

Congressional debates, with their mud-slinging and partisan criticism, can give a child a dangerous contempt for political institutions. Hence we must have no more reports of the activities of Congress, no more exposures of malfeasance in office or derelictions of duty by public officials.

And Dr. Simon remarks: "A truly comprehensive research of the causes of crime requires a study of every influence, good or bad, brought to bear on our youth. Heredity, parental guidance, and home life, physical influence, association, school and church influences must all play their part.

"We cannot hope to solve the problem of crime in relation to youth by drawing the curtain down upon crime."

SEVEN REBELS SLAIN DURING HEAVY FIRING

REBELLION CENTER IS CAPTURED AFTER THREE DAYS

BY REX SMITH, Associated Press Foreign Staff. MADRID, Dec. 11 (AP)—Government troops, moving under a merciless barrage of gunfire, early today captured and captured the Villanueva military barracks in which rebel forces had held out against a heavy bombardment for hours.

Throughout the night, the civilian defenders, under a renegade army sergeant, withstood machine gun fire. Finally two army planes were ordered from Madrid to bomb the barracks. But, when dawn came and the planes had not arrived, the colonel in charge of the troops ordered the final charge.

Forbidden Valley

—By WILLIAM BYRON MOWERY

SYNOPSIS: Curt Tenyson and Paul St. Clair, with Ralph and Sonya Nichols, just have driven off a band of Kioshee Indians, who had been inspired to attack them by LeNoir, half-breed agent of Igor Karakhan, the millionaire crook whom Curt and Paul are tracking down.

Chapter 25. SUDDEN DECISION "Will this band of yours attack us again tomorrow night?" he asked Tenn-Og.

His body ached, his brain was all fagged; the old leg wound that caused his limp was aching him again, as it always did when he was near exhaustion.

At mid-morning he paddled out upon the lake that was old John's winter home.

On the south shore, where a log cabin nestled under the pines, his glinting amphibian was riding at anchor.

Smash came out of the cabin and caught the prow of the canoe as it nosed ashore.

"Hullo, old man! I began to think you wasn't going to show up at all."

"How long've you been waiting?" "Three days."

"Have any trouble finding the place?" "Not a speck. That chart was a beauty."

"Curt beached the canoe and untied the mooring ropes of the plane."

"I'd better leave now," Curt concluded. "When day breaks I've got to be far enough away from here that the Kioshees can't spot me."

Smash climbed in with the coiled ropes. "Where to, old man? North, east, south, west, or straight up?"

Smash started the motor, stood out upon the lake, lifted the ship onto the step, took off, and circled for altitude.

As he passed over the first towering snow-caps, he glanced down at his partner.

With helmet askew Smash was slumped down in the pilot's seat, dog tired, a dilapidated cigarette hanging from his lips.

It was the stopping of the engine that roused Curt.

He sat up, trying to place himself. With helmet askew Smash was slumped down in the pilot's seat.

Smash stared at him. "Hell's bells, man, you're in Vancouver!"

Tomorrow, Curt takes up the difficult trail of Sonya.

FLOODS SWIRL AROUND CITIES IN NORTHWEST

WESTERN WASHINGTON HIGHWAYS ARE CLOSED

SEATTLE, Wash., Dec. 11 (AP)—A score of western Washington cities and towns had the highest flood waters in years swirling about and through them today, while authorities sought the bodies of possible victims.

The high waters were described in various districts in these terms: Longview—"Cowitz highest since the flood of 1896"; Auburn—"Worst in 21 years"; and at Tacoma, by In-ter-county Engineer B. P. Thomas.

Smash stared at him. "Hell's bells, man, you're in Vancouver!"

HARVESTERS EMERGE FROM ABILENE TILT WITHOUT BEING SERIOUSLY HURT

BOBCAT TEAM FEATURED BY BEEF BRAUN

Battered and bruised from their frantic struggle Saturday afternoon, Pampa's high school Harvesters rested over the week-end and this morning reported in school in fair condition. Pinnell's ankle was giving him considerable trouble, but appeared not injured more.

Miles Marbaugh, Orville Heiskell, and Jess Patton were badly battered in the melee. Both were able to be sent back into the lineup, however, to play great games. Practice for the battle with San Angelo Saturday will be called tomorrow afternoon.

Pampa is one of three Panhandle football teams remaining in the race for higher honors. Along with the Harvesters are Amarillo college, and the Hereford Whitefaces, who will also be battling this week-end. The Whitefaces will meet the Lamesa Tornados in the last game of the Class B high school season. Amarillo college will journey to Beaumont, where the team will meet the Lamar college Cardinals in the semifinal game of the Junior college race.

Herford provided the major appetizer of the season in Class B competition Friday afternoon by downing the highly touted and much favored Dumas Demons 20 to 0 and winning the right to meet Lamesa. Amarillo college has been resting for three weeks while other teams finished their schedule.

San Angelo won bi-sectional honors and the right to play Pampa by defeating Bowie this week-end. El Paso Saturday afternoon 27 to 7, the same score that Pampa downed Abilene. Abilene defeated San Angelo earlier in the season, but that does not mean that the Harvesters will have an easy time with the Bobcats of San Angelo. The Bobcats have come to the front the last week, although they were held to a scoreless tie early in the year by Big Spring who fell before the Harvesters 20 to 0.

The Bobcats have one of the biggest teams in the state race. The line is classed as "huge and fast," with a big, fleet backfield behind it. In Costello, San Angelo has a candidate for state honors. He will be playing against another candidate for the same honor when he meets Roscoe Pinnell of Pampa. Pinnell will be outweighed some 40 pounds by the San Angelo center.

A. A. U. W. Classes Start Holidays

Weekly meetings of the French class sponsored by the American Association of University Women will be suspended until after the Christmas holidays, it has been announced by Mrs. Earl O'Keefe, study chairman. No meeting will be held tomorrow.

The club's class in international relations will meet tomorrow evening at 7:30 in the high school library for its last session before the holidays. The study will be on United States relations with Cuba. Anyone interested in this subject, aimed to clarify views on present Cuban disturbances, is invited to attend.

Mrs. E. C. Morris of White Deer entered Pampa hospital Saturday for medical attention, and will be dismissed this afternoon.

L. R. Travis, Tulsa oilman with large holdings in Gray county, is in Pampa for a few days.

EIGHT TEAMS IN STATE GRID RACE SEEM EVENLY-MATCHED

All Sites For Quarter-Final Games Chosen Except Pampa-Angelo Battle

By The Associated Press

Texas Interscholastic League football, boasting all the drama that can be packed into a state championship race, has reached the quarter-final round with Dallas Highland Park, Dallas Texas, San Antonio Brackenridge, Greenville, Port Arthur, Corpus Christi, San Angelo and Pampa the survivors. These teams emerged victorious Friday and Saturday in first round combats of the annual bi-district competition that pits sixteen class "A" district champions against each other.

Three of the four quarter final sites and dates have been announced. San Antonio Brackenridge will play at Greenville Friday afternoon, Corpus Christi will play at Fort Worth Saturday afternoon, Dallas Highland Park and Dallas Tech will clash Saturday afternoon at the Dallas Fair Park bowl.

Monday morning no definite site and date had been announced for the San Angelo and Pampa game. With the coveted crown inspiring them, games this week-end are expected to be the hardest fought in this year's race. On paper all the teams appear evenly matched. A majority of the favorites came through with impressive victories last week.

After three scoreless periods, the Greenville Lions scored three touchdowns in the final period to eliminate the Tyler Lions 18 to 0. The same was played at Greenville.

The Corsicana Tigers, defending champions, crashed by the powerful thrust of Brackenridge, 49 to 0. The Brackenridge Eagles, one of the most feared aggregations in the race, scored at will against the defending champions.

Highland Park gave the league a mild surprise by routing the White Falls Coyotes, 7 to 0. A 55-yard drive in the final period netted the Highlanders victory.

Dallas Tech, after lagging behind 6 to 0 for three periods, survived by nailing out Fort Worth Central in a close 7 to 6 affair that saw Tech with the coveted crown inspiring them, games this week-end are expected to be the hardest fought in this year's race. Famed Footballer, Bill Roper, Dies

PHILADELPHIA, Dec. 11 (AP)—One of football's famous, William W. (Bill) Roper, the man who taught Princeton eleven to make touchdowns of fumbles and then carried his fighting spirit into politics and business last yesterday, died of a long fight against infection, robbed of a chance to enjoy realization of two of his most cherished goals—repeal of prohibition and legalization of Sunday sports in Pennsylvania.

Born in Philadelphia in 1880 Roper is survived by his widow and two children. Funeral services tentatively have been set for Tuesday.

William Hall of Nolette transacted business here this morning.

DISTRICT CAGE TOURNEY WILL BE HELD HERE

FOUR TEAMS TO ENTER TOURNAMENT AT CANYON

District 2 of the Panhandle basketball region will play by districts and not by counties as has been the rule in the past and which is the type of play in district one of this region. Supt. R. B. Fisher, chairman of district 2 and his board have agreed to abide by the state suggestion of divisional instead of county play. That will leave only four teams in the play-off.

Sectional play must be finished by February 17 and the district champion must be declared by February 24. Fisher said this morning that the district tournament would be held in Pampa February 23 and 24, with each team playing at least two games. The winning teams of the four Panhandle districts will meet in Canyon March 2 and 3 and play for the title. The four districts headquarters are located at Pampa, Amarillo, Childress, and Lubbock.

Teams in Wheeler county will constitute section one. Doney, Gray, and Carson counties will be grouped in section one. Hutchinson, Hansford, and Ochiltree counties will comprise section three and Roberts, Hemphill, and Lipscomb will be section four.

The Harvesters basketball team will not start practice until after the football season.

Trinity To Join New Conference

DALLAS, Dec. 11 (AP)—Officers of the Texas conference met today and made an important move in accepting Trinity university of Waxahatchie as a conference member after Trinity had officially withdrawn from the Lone Star conference.

Trinity will not start athletic competition in the Texas conference until next football season. The admission of Trinity made nine members for the Texas conference including Abilene Christian college, Austin college, Daniel Baker college, Howard Payne college, McMurry college, St. Edwards university, Simmons university, Southwestern university, and Trinity.

Basketball coaches of the Texas conference met and arranged their official championship basketball schedule for the coming season. It will be officially released at an early date next week. The cage season will start on January 6 at Sherman where the invading Simmons university Cowboys play the Austin college Kangaroos of Sherman. J. H. Seltzer of Howard Payne college is president of the conference.

McFarlane Wins \$2,500 Miami Open

CORAL GABLES, Fla., Dec. 11 (AP)—Willie McFarlane, erstwhile Scot plasterer, today possessed the \$2,500 first place money of the "ten grand" Miami Billmore open.

Shading par by one stroke in the final 18 for a 72-hole lead of 288, he came in four strokes ahead of the field, breaking free of a three-way tie on the fifty-fourth.

Runner-up was Johnny Revolta of Menominee, Mich., with a 292 to take the second position award of \$1,250, while Paul Rumyan, of White Plains, N. Y., and Tommy Armour of Chicago split third and fourth money for \$875 each when they finished with 294's.

A. B. Watson of Wheeler visited friends in Pampa yesterday.

OIL FIELD NEWS

There were eight new locations made in the Panhandle field the last week. Gray county had four and the others were in Carson and Hutchinson county. Production in Gray county was increased by 572 barrels daily when three small wells were completed.

The Eastern part of Gray county appears the most active in the Panhandle. There are 18 active drilling wells in that area. Across the line in Wheeler county, another active drilling campaign is in progress. A number of tests are nearing top or have topped the production formation.

Hutchinson county had two wells deepened for increased production last week.

The new locations announced during the week were as follows:

Locations in Carson

Fentress et al No. 1 Bernard is rigging up a rotary 960 feet from the north line and 900 feet from the west line of the southwest quarter of section 44, block 4, I&GN survey.

Skelly Oil Company No. 26 West Schaffer has the cellar ready 500 feet from the south line block 2, 220 feet from the west line of section 87, block 4, I&GN survey.

Locations in Gray

Chism et al No. 2 Carpenter is building a rig 960 feet from the west line of the northwest quarter of section 37, block 25, H&GN survey.

Skelly Oil Company No. 8 Vicars is building a rig 1,250 feet from the south line and 330 feet from the east line of the southwest quarter of section 127, block 3, I&GN survey.

Southern Petroleum Exploration Company No. 2 Baird has the cellar 1,320 feet from the north line and 330 feet from the east line of the west half of the northwest quarter of section 127, block 3, I&GN survey.

Texas Company No. 1 Short is building a rig 2,310 feet from the west line and 330 feet from the north line of section 2, block 1, B&E&F survey.

Location in Hutchinson

Henderson et al No. 1 Sanford is building a rig 320 feet from the south line and 330 feet from the east line of the Yates survey.

The record of completions which is more impressive than any for the past several weeks was as follows:

Completions in Gray

Continental Oil Company No. 3 Wright in section 15, block 25, I&GN survey, was drilled to a total depth of 2,870. Pays were 2,805 to 2,820, with increases at 2,853 to 2,860 and 2,863 to 2,870. Potential 1,500 barrels.

Mid-Kansas O&G Company No. 3 Webb in section 21, block 25, H&GN survey, was bottomed at 2,580. On show of water was plugged back to 2,432 and shot with 150 quarts from 2,493 to 2,525. Potential 250 barrels.

Salsbury et al No. 1 Bernard in section 23, block 21, H&GN survey, was abandoned as dry at 2,715.

Tharp & Dawson No. 1 Short in section 15 of the Short survey, was bottomed at 3,081. Pays were 2,976 to 3,004 and 3,026 to 3,036. Shot with 70 quarts from 2,950 to 3,070 and did 110 barrels on the pump.

Phillips Petroleum Company No. 1 Benton in section 63, block 3, I&GN survey, was bottomed at 3,253. Pays were from 3,187 to 3,253. Shot with 120 quarts from 3,200 to 3,247 and did 72 barrels first 24 hour tests.

Huber Petroleum Company No. 1 Dunaway in section 7, block Y-2, TTRR survey, was drilled to 2,600 feet. Completed for 21,000,000 cubic feet of gas from the pay at 2,355 to 2,600.

Completion in Wheeler

Ward & Delaney No. 1 Sitter in section 33, block 24, H&GN survey, was drilled to a total depth of 2,813. Plugged back to 2,375 and completed for 90,000,000 feet of gas from the pay at 2,025 to 2,375.

SENIORS WILL PRESENT PLAY THURSDAY EVE

'JOBNA STEPS OUT' IS EXPECTED TO DRAW LARGE CROWD

"Jobna Steps Out," a comedy in 3 acts, will be presented by the senior class of Pampa high school in the city auditorium next Thursday evening at 8 o'clock. Many tickets have already been sold and a full house is expected.

Ben Guill, director of dramatics in the high school, is working with the cast daily, putting on the finishing touches. The class sponsors in charge of the production of the play are Misses Fannie May and Louise Durenberger. Elbert Gillham as stage manager is being assisted by class sponsors B. G. Gordon and J. L. Lester.

Fay Compton, diminutive red-head who recently won third prize in the La Rosa theater's first night feature as Nasu Pitts, has the leading role. Playing opposite her is Joe Stephens, who will be remembered for his part as the young Confederate spy in last year's contest play "The High Heart." Dorothy Harris, the brunette who has taken leading parts in many high school plays and who "struts her stuff" on the football field each Saturday as drum major, and Martha Jones, the blonde "it" girl, also play important parts. Opposite them are Oedell Walker, Harvesters tackle, who carried the leading role in the junior play last year, and Harold Bray, the school "knock-out." Stuave Walter Moss, who also starred in last year's junior play, is the villain. Some of the best acting and most amusing incidents will be found in the lesser parts played by Lorraine Noel, field general of the pep squad; Autry Holmes, and Grace Kite.

Jobyna is the quaint mouse-like youngest member of the Loomis family, very naive, believing everything that is told her, and by her very sincerity getting herself and others into trouble. Raised by a strict, old-fashioned father, she forms a strange contrast against a background of jazzy, modern young collegians. By her very differentness, she fascinates Nick Cromwell, the much-punished catch of the town, and she swallows everything he tells her, not realizing that it is just his line. In fact, she unconsciously maneuvers him into taking her to the dance. The father, who is the son and her first love, much to the consternation of Lucy Stevens, who has long pursued Nick. But Lucy in turn tricks him away from Jobyna and poor Jobyna believes herself hopelessly heart-broken and disillusioned. In defiance of Nick, she allows Tony, the town runder, to make love to her, and in so doing considers herself very wise. When Jobyna's brothers arrive home from the dance early in the morning, they find that she is not yet there, the father is furious, and the house is in an uproar.

Oil Field News

Forster et al No. 2 Webb in section 43, block 25, H&GN survey, had 2,000,000 feet of gas at 2,370 and is below 2,475.

Magnolia No. 1 Webb in section 42, block 25, H&GN survey does not look so good. Had a show of oil at 2,476 to 2,480, is producing producing horizon but has no increase at 2,515.

Mid-Kansas No. 1 Webb in section 61, block 25, H&GN survey, is testing after deepening. Former depth was 2,505 with initial production of 240 barrels. In drilling to 2,548 a show of water was encountered and it was plugged back to 2,525.

Sinclair Prairie No. 1 Langham in section 1, block B-2, H&GN survey, seems to have been helped some by deepening although there is a fishing job on at present. It was drilled on down to 3,050 from the former depth of 2,922 where it had dropped to 1 barrel a day and at 2,958 to 2,971 there was 800 feet of oil came into the hole.

The Continental Oil Company No. 4 Wright in section 13, block 3, I&GN survey, ran the 8 inch at 2,638.

Dixon Creek No. 5 Archer in section 139, block 3, I&GN survey, is bottomed at 3,234. Pays at 3,194 to 3,234 where it swabbed 280 barrels in 18 hours. Will shoot.

South Petroleum Exploration Company in section 174, block 3, I&GN survey, is running the rods and tubing to test. Bottomed at 3,296 with 1,400 feet of oil in the hole from the pay 3,285 to 3,290.

Sun Oil Company No. 2 Combe-Worley "E" in section 84, block 3, I&GN survey, is bottomed at 2,936. From the pay at 2,934 to 2,936 it flowed 42 barrels an hour with 7-0,000,000 feet of gas, on commission test.

DETECTION OF CRIME IS SEEN IN REX MOVIE

UNDERWORLD DRAMA IS VERY ORDINARY MYSTERY

The finest example of crime-detective screen fiction witnessed by this reviewer in many months began Sunday at the Rex. The title of the new attraction is "Shadows of Sing Sing" and it relates in a highly entertaining manner the dramatic circumstances that surround the murder of a notorious gangster for which the police chief's son has been indicted.

There is mystery of course—but it isn't the mystery of haunted houses, creeping shadows or baffling murder. A man is shot and a chain of circumstantial evidence points conclusively to the young lawyer's guilt. It is to the credit of the authors, the director and the players that the mystery, which acquits the accused, is so powerfully dramatic and convincing in its narration.

Mary Brian and Bruce Cabot have the featured roles. Miss Brian is seen as the sister of the murdered gangster and racketeer, and Cabot as the son of the chief of the police identification bureau. The young pair fall in love in college, and when they discover each other's identity, swear that family will make no difference with them.

The families think differently. Boss, the gangster chief, forbids the girl to marry the boy. The boy and girl elope, but the racketeer, learning of the proposed wedding, arrives in time to break it up.

Later he is found murdered with the boy's gun, which bears the boy's fingerprints, and the boy himself is in the room almost before the fatal shots had ceased to echo.

Through the clever work of his father and the facilities of the identification bureau, he is cleared of the crime in a sensational courtroom scene that brings gasps of amazement when the real criminal is exposed.

Housewives Will See Mayonnaise Wessen Oil Way

The Wesson Oil company is starting today an intensive house-to-house campaign in Pampa demonstrating the new minute and a half mayonnaise maker. The work is in charge of young ladies from the home economics department of the Wesson Oil company.

The demonstrators will call on Pampa housewives and make each one a point of demonstrating the mayonnaise and explain why it should be served while it is still fresh.

The Wesson Oil company says that mayonnaise should be made at home at the time of using when the freshest of eggs, lemon juice, salad oil, and seasoning can be added to suit the individual taste. The mixer, which is being demonstrated, is constructed so that there is no chance of failure. One person can operate it adding the ingredients as they are needed.

Mrs. E. H. Newland entered Wesley hospital for treatment yesterday.

Mrs. J. C. Rawlins and baby daughter returned home from Wesley hospital today.

CAGE SEASON

by the Texas Christian university Howard Frogs.

A new conference cage campaign is around the corner. The Longhorns will soon be required to shoulder arms and defend their title. It was a powerful Texas team that swept through last season with 463 points against 347 for the opposition.

But what occurred last season is in the record book. What about the Longhorns this season?

The loss of two all-conference players, Captain Ed Price, heady floor general, and Bill Kubricht, a consistently reliable center and second high-scorer in the conference.

KANSAS BAND TO PLAY FOR PLA-MOR BALL

Through an error the wrong billing was listed in the News Sunday for the dance at the Pla-Mor auditorium next Wednesday night. The orchestra which will furnish the music will be that of Temple Bay-Beach Orchestra direct from the Palms in Wichita, Kansas.

The band carries two women entertainers who promise to provide something new and different in the way of specialty numbers.

This orchestra has been playing engagements in some of the better class places in the Southwest and the Pla-Mor management is fortunate in securing this band for your entertainment Wednesday night.

No increase will be made in admission price of 25 cents and 5 cents per dance. A real treat is promised the dance and music lovers of Pampa and the Panhandle. Come, you will enjoy every minute.

with 127 points—without adequate replacement from the freshman aggregation—promises to reduce the Longhorns' defensive and scoring strength. Ed Maxey, forward, will also be missed.

Ten lettermen and as many more squadmen reported for the first practice. From this material Ollie hopes to build another team that will be impressive.

Ronald Pagan, captain-elect, and

Bennie Rundell, veteran, are cinch starters at the two guard positions. Both are playing their last year. They rank along with the rest in the conference. Claude Harris is another experienced guard on the team. So is Marshall Pennington.

The cinch at one forward is the 180-pound, Jack Gray, of Wills Point, who as a sophomore last season not only made all conference honors but led all scorers and es-

tablished a new individual record for scoring in a single game by looping the goal for 32 points against Texas A. and M. in Austin, March 4. Gray paced with 82 field goals and 33 gratis-foul shots for a grand total of 157 points.

The other forward post is Ollie's worry, Glenn Thompson; a two letterman but never a regular. Bill Allen, a one letterman, Richard Prigmore, captain of last year's

freshman quintet, or Jack Taylor will land the other regular forward job. Of the four, Taylor is the tallest, being exactly six feet.

With Kubricht gone, Jean Francis, utility forward from last year's squad will be shifted to center, or possibly Demoy Faulk, rangy center from Altus, Oklahoma. Francis looms as the first choice because of his excellent playing last year with a record of 32 field goals and 11

free shots for 75 points.

Some of the outstanding freshman material from Coach Marj Kayser's team of last year are Gordon Wellborn, forward; Jim Lawson, forward; Herb Gibson, forward; Charlie Johnson, forward; Lorenz Nett, forward; and Sidney Peltzman, forward.

Just where the Longhorns will finish in the conference race is problematical. They jump into fire

to start with by playing on the road against Texas Christian at Fort

Worth and Southern Methodist at Dallas. Then, too, the first two games following the mid-term examinations in February carry them on another long jaunt to the University of Arkansas Razorbacks at Fayetteville, always a tough series. In addition, the Longhorns conference schedule calls for only five games at home and seven on

the road.

A team composed of Gray and Thompson at forwards, Francis at center, Pagan and Rundell at guards, would average exactly six feet. Such a team would be shorter than the average conference quintet but would off-set lack of height with speed, goal shooting ability and a strong defense. It is a tough road ahead for the defending champions.

MORE THAN 500 SINGERS ATTEND CONVENTION AT LEFORS

COUNTY GROUP ACTS AS HOST FOR DISTRICT

MEMBERS WILL VISIT OTHER COUNTIES NEXT MONTH

MORE than 500 persons from counties of the Panhandle and Oklahoma gathered at LeFors yesterday when the Gray County Singing convention entertained a district convention for the second time in its history.

The high school auditorium was filled for the afternoon session, after a smaller number had enjoyed the morning singing and a lunch served in the school gym by women of the Baptist church.

Deferring to desires of members to attend January conventions in other counties, it was announced that the Gray county organization will have no meeting next month.

Program Specials. Yesterday's program opened with an invocation by C. C. Warford of LeFors. Songs were directed by R. E. Stratton, Bob Stratton, and John Stratton of Borger, H. F. Haley of Wichita Falls, J. M. Miller, C. W. Ward, and Mr. Art of Pampa, and J. L. Graham of Panhandle.

Mary Sue Ogden, Dorothy Williams, Imogene Dickerson, Marguerite Tarbet, and Stella Land, all of LeFors, varied the program with readings.

A trio arranged by Coy Palmer, principal of Eldridge school, was one of the most pleasing special numbers. The Mansel sisters, Misses Velda, Norma, Lois, and Marie, of Texola, Okla., were encores in quartet numbers.

Colored Quartet Sings. A quartet arranged by E. F. Haley, and special selections by R. E. Lapiro and Mrs. Lillian Land of LeFors were well received. A quartet from the colored Baptist church of Pampa gave three spirituals which the crowd enjoyed.

A vote of appreciation was given Supt. E. G. Sanders for use of the school auditorium, and women of the Baptist church for the lunch.

ACTIVITIES OF CHURCHES HERE ARE REPORTED

Baptist Minister Is Attending State Meeting

Preparations for starting a new year were begun in First Christian church yesterday, with volunteer pledges for church support being made by members.

That church had an attendance of 404 for Sunday school yesterday, and two additions to the church. After morning services, the Rev. C. E. Lancaster, First Baptist minister, left yesterday for Dallas to attend a state meeting of district organizers. He is organizer for district 10. The Rev. Douglas Carver of White Deer accompanied him. They will return Wednesday.

Sunday school attendance at First Baptist church totaled 780, and there were 153 in the training service. Two meetings of church members were announced for Wednesday at the Presbyterian church. Women of the auxiliary will hold their thanks service at the church at 2:30, while the weekly sing-song for all members will begin at 7:30.

Presbyterian Sunday school was attended yesterday by 126, the Methodist by 525, Central Baptist by 151, Church of Christ by 151. Four additions to the church were also reported at the latter place.

GUESTS FOR DINNER. Mr. and Mrs. Ewing Leech, Dr. and Mrs. W. Purviance were dinner guests of Mr. and Mrs. W. R. Ewing Sunday.

of LeFors, varied the program with readings. A trio arranged by Coy Palmer, principal of Eldridge school, was one of the most pleasing special numbers. The Mansel sisters, Misses Velda, Norma, Lois, and Marie, of Texola, Okla., were encores in quartet numbers.

"First Lady" Of U. S. in Moscow

This young lady, only 9 years old, is "first lady" of the new United States Embassy in the Soviet republic. She is Anne Bullitt, daughter of Ambassador William C. Bullitt. With her father she was welcomed to Moscow today as the United States' first representative arrived to assume his duties after recognition of the Soviet state by America.

LOCAL MINISTER LAUDED FOR HIS GOOD FIGHT IN FINISHING LIFE'S COURSE, KEEPING FAITH

The same scriptural words of comfort which the Rev. D. D. McSkimming had used many times in his long ministry were said at his funeral at the First Presbyterian church yesterday afternoon. Prayer was offered by the Rev. C. E. Lancaster, and the Rev. E. Gaston Foote quoted from the Bible A quartet composed of R. B. Fisher, George Briggs, E. D. Zimmerman, and Roy McMillen was heard, then Mrs. A. H. Doucette sang "The Old Rugged Cross." The Malone Funeral home had charge of burial.

In the main address, the Rev. A. H. Hyde, Presbyterian minister, spoke in part as follows: "An earnest servant of the Lord Jesus Christ most of his life, 42 years in the active ministry, after a few years of retirement from the more active service, this man of God was called to his eternal home Friday morning. While earth was at its darkest, just before the dawn, David Dee McSkimming was ushered into the land where our Lord is the light, and where darkness never enters."

"Bearing the old Bible name given him at birth by a Scotch Presbyterian mother, David, the youngest of fifteen children, was born January 3rd, 1860 at Oneida, N. Y."

He attended the public schools in his native city, afterwards going to the Congregational college at Tabor, Iowa, and finished his years of preparation at Oberlin Theological Seminary in Ohio. His ministry through his own church, the Congregational, has been over a wide field as he has served pastorates in Ohio, Iowa, Oklahoma, Kansas, and Texas.

His services in our state have been rendered through the Presbyterian church, though he has maintained his connection with his own denomination and on its rolls he has been continued as a minister until his passing.

"In 1884, he was united in marriage with Della May Humphrey and to them five children were born. All these, with Mrs. McSkimming survive, as death has not heretofore invaded his household. What a family reunion on the other side the Christian can vision as those other twelve brothers and sisters, with father and mother and forefathers, gather to greet the new est members from earth's weaknesses, sufferings and victories!"

Farm Family, 14 Strong, Is Able To Live at Home

COLEMAN, Tex., Dec. 11. (AP)—A diversified farm program which includes a flour mill has enabled Mr. and Mrs. J. L. Wilkinson and their twelve children to live well and prosper through a period when many other farmers have had to struggle to eke out a bare existence.

A 25-barrel flour mill on the 44-acre farm, 5 miles from Coleman, was bought a year ago at Glen Cove where it had been idle for 11 years. It has been run at 40 per cent capacity since and has turned out 10,000 sacks of flour, 1,000 sacks of corn meal, 1,000 sacks of whole wheat flour and 1,500 pounds of a wheat breakfast food. Power is furnished by a gasoline engine or one of Mr. Wilkinson's two tractors. He pays \$100 a month processing tax to the government.

The family does all the work of operating the mill and the farm. Charley is the miller, but when he is busy elsewhere Edith steps in. Jane is bookkeeper and others of the children sack the meal and flour. Alva is truck driver and the salesman. There are few idle moments. The farm made 11 bales of cotton on 60 acres this year and there was little rain. The feed crop was Francis, at 7:30 to pack Christmas boxes for veterans in hospitals. Horace Mann P-T. A. will meet at the school, 3 p. m. Sam Houston P-T. A. will have its regular meeting at 3 p. m.

FRIDAY. Las Madres circle of Child Conservation League will meet with Mrs. E. C. McKenzie, 217 N. Warren, at 2:30. Mrs. Bob Rose will entertain the Friday Contract club at her home, 215 N. Starkweather. First Baptist Fidelis class Christmas party will be at the home of Mrs. C. E. Lancaster. Treble Clef club will present its annual Christmas cantata at First Christian church, Friday evening. Order of Eastern Star will hold a regular meeting, Masonic hall, 8 p. m. All members asked to be present.
