MARTIN INSULL LOSES FIRST ROUND OF HIS EXTRADITION FIGHT IN TORONTO

FINAL PHASE WILL BE HELD NEXT FRIDAY

REVIEW OF EVIDENCE TO BE PURPOSE OF HEARING

TORONTO, Dec. 2 (AP)—Extradition of Martin Insull to the U. S. where he is under indictment for collapse of the Insull utilities system was granted today by Justice A. C. Kingsone of the Ontario supreme court.

The legal battle for his extradition which began October 6, 1932, when he was arrested at Barrie, Ont., will go into its final phase next Friday, when Justice H. H. Davis hears a writ of habeas corpus.

Immediately after Justice Kingsone announced his finding that the charges named were extrajudicial, Insull's counsel, J. C. McRuer and T. F. Hellmuth, applied for a writ of habeas corpus in order to reopen proceedings by way of appeal to review the evidence.

Justice Davis of the appellate court granted the writ and on McRuer's application granted an adjournment until December 6. Bail was set at \$10,000, with the agreement of Edward Bayley, counsel for Cook county.

Insull took today's decision calmly. Cook county sought his return to face charges of "embezzlement, larceny by bailee, and larceny" of \$344,720 and \$68,000 from the Middle West Utilities company and \$104,222 from the Mississippi Valley Investment company.

These concerns were links in the utilities chain organized by his brother, Samuel Insull, who now is in Athens. The Greek court of appeals twice refused to grant an American request for Samuel Insull's extradition.

Pork and Wheat Are Received By Relief Director

Checks totaling \$3,005.22 were distributed to 356 men and women of Gray county yesterday by the civil works administration.

Of these, 72 were given out at McLean, 24 at Pampa, and 43 at LeFors.

Mrs. W. H. Davis, county administrator, announced receipt of 4,040 pounds of pork for distribution in the county. She also has 1,500 bushels of wheat for feeding of livestock and planting of wheat for chickens. It is stored at the Oklahoma Wheat Pool elevator, according to an invoice just received.

Permission has been received to furnish noon lunches to children of families on the CWA rolls. This work was stopped for a few days under an original order setting up the civil works administration and halting direct relief to those given jobs.

Mr. and Mrs. P. C. Ledrick visited in Canadian yesterday.

Pampa NEWS Plans Reception For Everyone

Maybe The NEWS—recorder of thousands of social events annually—should know how to give a party of its own.

At any rate, we'll soon see. The NEWS will have "open house" for the people of this region next Wednesday—Santa day, December 6—and YOU'RE ALL INVITED.

A souvenir of much interest to young and old will be given to all who register during the day. It is a miniature novelty edition of the Pampa Daily NEWS. It tells all about Pampa's own daily newspaper—how many employees it has, how it is printed, who does each task, and it gives many startling facts readers likely do not know. Everyone will wish to keep this unique souvenir.

And—you must see to believe it—the newspaper folk will try to scrub the ink off their faces and sweep the floors extra clean so that visitors may inspect the plant from front to back and meet the big family of Pampa-loving, loyal citizens who print this newspaper. Tell your friends about it and don't fail to "drop in" at any time between 9 a. m. and 10 p. m. next Wednesday, P. S. Refreshments will be served.

SENATOR SMALL IN 1934 RACE FOR GOVERNOR

List Of Candidates Grows Earlier Than Usual

BY R. W. BARRY, Associated Press Staff Writer.

AUSTIN, Dec. 2 (AP)—Entrance of State Senator Clint C. Small of Amarillo into the 1934 gubernatorial race today, reminds one that when the man from the Panhandle ran for governor in 1930 there were 11 entrants for the democratic nomination.

Looks like a wide-open field this time, with three announced earlier than it is usual for candidates to stick up their heads, and at least two or three others considered aspirants although they have not said it in so many words.

The race was begun prematurely last year, with candidates starting here before Christmas—by Governor Miriam A. Ferguson's surprise announcement she would not be a candidate to succeed herself.

C. C. McDonald of Wichita Falls, long-time right-hand political man of the Fergusons, did not wait long to bid for the Ferguson support. He announced his candidacy next day.

Tom P. Hunter, also of Wichita Falls, who was a candidate two years ago, reminded every one that he put them on notice in the summer of 1932, soon after a count of the vote showed him running a close third, that he would be in there again in 1934. He said he had been fishing and had done more work writing his 1934 platform than batting a hook.

Wichita Falls appears to be in a fine position to have the gubernatorial sun beaming squarely on it, since James V. Alfred, Texas attorney general, hails from that city and everyone expects him to announce for governor at Del Rio on December 15 when his friends give him a dinner.

Lieut. Governor Edgar A. Witt of Waco has been a candidate for months, although he never formally announced. He thought of making the race in 1932, but refrained. His friends say they can put him over this time.

I HEARD—

BOND EXPERTS SAY DEFECTS STOPPED BIDS

NO SALE OF ISSUE IS PREDICTED IN CAPITAL

AUSTIN, Dec. 2 (AP)—Attorney General James V. Alfred, chairman of the Texas bond commission, said tonight the \$20,000,000 in relief bonds authorized at a special election last August were "perfectly legal" and that "no special session of the legislature was necessary or desirable for alteration of the law governing sale of the bonds."

DALLAS, Dec. 2 (AP)—The Dallas News in a special dispatch from its regular state capital correspondent in Austin, says a special session of the Texas legislature may be necessary to reenact the act authorizing issuance of \$20,000,000 in state relief bonds, because the original law failed to provide a specific source of income to guarantee the payment of the interest and sinking fund.

The Texas bond commission, which failed yesterday to obtain any bids, started negotiations today through Attorney General James V. Alfred, chairman, to sell the \$2,750,000 block of bonds authorized to the Reconstruction Finance Corporation.

However, the News says bond experts in Austin predicted there would be no sale because of the failure of the vitalizing act to provide the specific revenue to pay the bonds. They also were described as saying it is possible the RFC would decline to take the bonds for the same reason.

The constitutional amendment adopted August 26 authorizing an issue of \$20,000,000 provided that the bond obligations should not be met by property ad valorem tax, leaving only the beer tax and revenue other than the ad valorem tax.

"That is where the pinch comes in," says the News, "made acute by the fact that the general fund shows a deficit of about \$10,000,000. The legislature refused or failed to provide specific income to pay the bond obligations. It was restricted in the constitutional amendment only to the extent that it could not apportion any part of the general property ad valorem tax. Other sources of revenue remained open, but there was a near-revulsion against levying a sales tax or other new taxes."

Former Teacher in Baker School Dies

News of the death of Mrs. Edna Underwood, former teacher for four years in the B. M. Baker school here, was received by the NEWS yesterday in a telegram from T. R. Underwood, brother of T. Underwood, her former husband.

Mrs. Underwood died at Kingfisher, Okla., after a long illness. She had pneumonia while living here at 700 North Somerville street last year and had to give up her fifth grade teaching.

Two sons, Jackson, 14, and T. K. Jr., 11, survive. Mrs. Underwood will be buried today at Willow, Okla. The funeral is to be at 2 o'clock.

LINDYS TO FLY OVER ATLANTIC TO S. AMERICA

To Hop 1,875 Miles To Natal, Brazil Airport

NEW YORK, Dec. 2 (AP)—Colonel and Mrs. Charles A. Lindbergh, who have flown from the arctic to the equator in a five months' aerial survey, were poised tonight for a 1,875-mile flight across the South Atlantic.

The airport at Natal, Brazil—on the easternmost tip of South America—was preparing to receive the famous aviators, who have been at Bathurst, Gambia, South Africa, since Thursday.

It was estimated the low winged monoplane, equipped with special pontoons for the strenuous voyage started on July 9, would require 14 hours to span the ocean. Lindbergh expected to take off at midnight EST.

The voyage would not be so lonely as Lindbergh's solo flight across the North Atlantic in 1927, for one-third of the way across the South Atlantic is the German steamer Westfalen, anchored as a guide for German mail planes which make regular trips across the span.

St. Paul island is half way across and the Pan American Airways operates five wireless stations on the coast of Brazil. Lindbergh's ship is equipped with a wireless set.

For the curly haired Lindbergh, the flight would be his third across the Atlantic. His wife, relief pilot and wireless operator, was with him on his second trip, made by easy stages from Newfoundland to Denmark.

Pan American Airways, for which Lindbergh is technical advisor, has been officially out of touch with the Atlantic. His wife, relief pilot and wireless operator, was with him on his second trip, made by easy stages from Newfoundland to Denmark.

The north Atlantic flight, which included stops in Labrador, Greenland, and the Faroe and Shetland behalf to determine the advisability of a regular air route between North America and Europe.

CONFESSES TO ODD DEATH OF FOURTH WIFE

COLLECTED INSURANCE MONEY AFTER TWO WIVES DIED

ALBUQUERQUE, N. M., Dec. 2 (AP)—While Carl W. Wickman, 45, pharmacist, was being held here on murder charges after a confession police said he made to slaying his fourth wife a week ago, preparations were under way in Denver to disinter the body of Wickman's second wife today.

Wickman, according to T. J. Mabry, district attorney, signed a confession that he beat his fourth wife, Mrs. Donald Chioicne Wickman, to death with a tire tool.

In Denver, Ray Humphreys, chief investigator for the district attorney, said he had obtained permission from two sons of Wickman's second wife, Mrs. Rhoda Keith Wickman, of Brighton, Colo., who died in Denver in 1930, to disinter her body.

The pharmacist's third wife, Mrs. Marie Burns Wickman, died in Holbrook, Ariz., in 1931 and, according to authorities, Wickman collected insurance money after her death as well as that of his second wife.

Meanwhile, in Edmond, Okla., Wickman's first wife, Mrs. Mina Wickman, who was divorced from him, said she had been waiting a long time for this because "I knew something would catch up with Carl sooner or later."

The blonde first wife said Wickman never had done anything to make her think he might harm her, but admitted she "felt resentful because he left me within a few hours of the birth of our child, Frederick."

She said they took summer courses at Colorado university in Boulder and after that returned to Edmond and Wickman told her he was going away.

Denver authorities said they had found a large quantity of poison in effects of the child, Frederick, there before he and his last wife left on their honeymoon trip recently.

At first, when questioned, Wickman had insisted his wife incurred fatal injuries when she was struck by a hit-and-run motorist.

Card Party At LeFors Robbed

Two unmasked men held up a card game in LeFors Friday night and escaped with \$125, officers of the sheriff's department and city officers were notified late the same night. The men escaped in a car bearing Oklahoma license plates number 456-078.

Sheriff G. E. "Tiny" Pipes learned yesterday that a 1933 Plymouth coupe bearing the same license numbers had been stolen in Chickasha, Okla., November 17. One of the hijackers was tall and slim, the other was short.

Mr. and Mrs. Jim White have had as quickly raised. Santa Claus is absolutely necessary in the Christmas season.

Meanwhile, twenty-four parade floats based on as many patriotic, historical, and religious themes are taking form. It will be a tremendously interesting occasion. And, to top it all, the Pampa Daily NEWS will have "open house" December 6 and will give a miniature, novelty souvenir edition to all who visit this newspaper and register. Be sure to get your copy of the wee newspaper we have ready for you.

Road Problems Hold Attention In Gray County

County Must Raise Funds to Furnish Caliche — Also Necessary Machinery.

TANGLED ends of the civil works administration's arrangements with Gray county to launch placing of caliche on the Pampa-LeFors road were being gathered up yesterday in the hope that the project may be used to give employment to an increasingly large number of men.

The county has assigned to Engineer A. H. Doucette the general supervision of work. He has been working on engineering details for several weeks. Foremen and overseers for various groups of men will be designated by the CWA staff at the city hall.

County commissioners and Judge C. E. Cary will meet Monday afternoon at 2 o'clock to consider the county's problems, which include furnishing of caliche and heavy machinery for crushing it. How to sell county bonds long voted for "the project to provide funds needed immediately is another problem. An effort will be made to obtain a federal 70-30 loan, with the privilege of paying back the county's part on a short-term basis. The government would furnish 30 per cent of the cost if it accepted the project in its public works program.

Meanwhile, work is continuing on the state-federal construction of highway 33 in South Pampa. With the appropriation of \$25,000 obviously inadequate, pouring of the curb and gutter was stopped after 6,000 feet had been laid from Cuyler street east. The curb structures are 60 feet apart. From Cuyler street west to the city limits, the caliche-asphalt road will be 24 feet wide. It will be the same width from the east city limits west to Gillespie street, then 60 feet wide on to Cuyler. Plans are already being considered to obtain the 60-foot width for hiring trucks out of the city. The appropriation necessitated the change to the narrow width.

About a score of men are being used by the R. W. McKinney company on preparations to place the topping on the state's highway 152 project. Hauling of caliche has been delayed by necessity of moving the material by truck because of the rain. The caliche will be hauled an average of about 6 miles. The seal coat will not likely be placed before May.

Chief attention now is directed to the Pampa-LeFors road. Starting of work in the McLean and LeFors areas is especially desirable because of the lack of approved CWA projects.

Wheat Checks Are Not To Be Signed Over By Farmers

Consigning of wheat checks by farmers is a violation of the contracts and consignments should neither be made nor accepted, it was stated here today.

Contracts can be invalidated by this action. But what the farmers do with their checks after they are cashed is their own concern.

All wheat contracts must be completed in the office of County Agent Ralph Thomas not later than December 17. Washington officials have set the deadline. The deadline for applications expired some time ago. Most of the farmers have completed their contracts, which were sent to Washington by airmail.

THOMPSON TALKS

AMARILLO, Dec. 2 (AP)—The belief that successful control of oil production "may lead the way to effective legal control of production in other lines of activity of our industrial life" was expressed by Ernest O. Thompson, member of the Texas Railroad commission in an address before the Amarillo Bar association today.

The pre-school welfare clinic will include frequent examinations of the children to determine their progress. Members of the club will do this work. These members most active in preliminary work are Miss Margaret Buckler, president, Mrs. Arthur Swanson, Miss Virginia Paulkner, and Mrs. Frank Perry. A room in the White Deer land building will be used for the periodical clinics.

DESCRIBES AL AS MORGAN'S MONEY AGENT

PUBLISHER IN DEFENSE OF ROOSEVELT'S MONEY PLAN

SAN SIMON, Calif., Dec. 2 (AP)—William Randolph Hearst said tonight that President Roosevelt "is striving to get the country away from the blood money of the shysters, away from the hard money of hard men," and asserted that Alfred E. Smith is "all wet in his call for a return to the gold standard."

The publisher, speaking on "Where Is Our Money?" over a national broadcasting company network, said:

"Those who do not know so much about finance, but know something of human nature, think that it is safer to follow Mr. Roosevelt than the international bankers who have robbed us and betrayed us in the past, and are apparently striving to establish the dollar of depression so they can plunder us again."

"The bankers want you to pay them in hard money, in blood money, and they call easy money 'baloney' money."

"The phrase was invented by Mr. Morgan's political agent, Mr. Al Smith."

"Mr. Smith is all right in some ways. He is wet and does a good song and dance."

"But in this instance it would seem that he is all wet and is giving the public the song and dance."

"Mr. Smith speaks the Tammany tongue, and the word 'baloney' is an important part of that limited vocabulary."

"He used it in his campaign for the presidency. He said no matter how thin you cut it, it's still baloney."

"The voters cut it pretty thin for Mr. Smith in that campaign. So Mr. Smith went back to work for Wall Street."

"Now he is campaigning for hard money. Along with Mr. Morgan, fiscal agent for the British empire, and Mr. Sprague, American adviser of the Bank of England, and along with the international bankers generally, whose thoughts, as you all know from exposure and experience, are centered on foreign loans and big commissions, rather than on the essential interests of the American people."

"Mr. Roosevelt is striving to get the country away from the blood money of the shysters, away from the hard money of hard men."

"He is trying to make money easier for the average citizen, easier to get, easier to earn, easier to save, easier to spend."

"He is trying to give our people the easier money which foreign nations have already given their people."

The president, Hearst continued, is trying to make it possible for

RED CROSS TO MAKE CLINICS POSSIBLE HERE

Jr. Twentieth Century Club To Manage Program

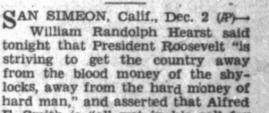

A cooperative pre-school clinic for children of unemployed families will be made possible by the Red Cross chapter, working with the Junior Twentieth Century club and the local relief office.

The program, involving a weekly clinic managed by the women's club, with city physicians assisting, will include the north half of Gray county, which is the jurisdiction of the Red Cross. Members of the Gray county medical association will meet soon with the Red Cross directors, members of the Junior Twentieth Century club, and Mrs. W. H. Davis, civil works administrator, to complete details of the clinic. The physicians will give their services, free, it is believed, for the first examinations.

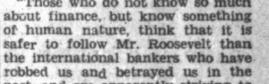

The clinical work will include providing of proper food and medicine to correct the conditions found. Those eligible for this aid are the children of families registered at the relief office as unemployed. Under new federal regulations, direct relief may not be given to families of men who now have regular jobs under the civil works administration. Many of these families, however, will be unable to properly care for their children on the wages being provided.

PAMPA
TONGUE OF OUR CITY
O.E.H.

—2 Chronicles 7:14.

FAIRNESS TO OUR FRIENDS

Complaints of ticket scalping on the Amarillo game merit more than ordinary attention. The practice is deplorable.

It is deplorable at any time. An artificial supply or demand does not justify charging exorbitant prices for the privilege of seeing the Harvesters in action.

One of the most valuable things of our knowledge is the genuine support given the Harvesters by the people living outside this immediate vicinity. We owe them much, including the financial success of the season. It is stirring to hear their cheers and the laudatory remarks. We should cultivate their friendship.

Above all, we should not alienate it by permitting tickets to be purchased and held out for higher than regular prices. If there are seats available, they should be sold at a reasonable price. The willingness of a few persons to pay \$5 for a ticket does not justify attempts to place many tickets at that price.

PAMPA'S GREATEST NEED

Reasonably priced, desirable rent houses are so scarce in Pampa that it is not merely a question of price, but of convenience. Pampa has lost many good residents because of this shortage of houses.

There are more than a few persons working in this vicinity and driving as far as from Amarillo daily because of their inability to find houses. Others are living in oil field camps although they would prefer to live in Pampa. With the oil activity increasing, the problem is really serious and Pampa cannot gain many more new citizens until it is solved.

Some citizens have pointed out the need for a large, well built and roomy apartment house of the more elegant type. The capital for such a venture is here, but it is inert. There are hundreds of persons who would build homes if loans at reasonable, long-time rates were available.

This section is, in our opinion, with a few months of greatly stimulated activity. Pampa will be the center of this business upturn. The oil industry, more than most others, has put its house in order and may be expected to lead the way back to normalcy.

But Pampa cannot properly take advantage of this unless the housing problem can be solved. In solving it, Pampa can be having what would appear to be a building boom. This would be a godsend to the men who are in the building trades. Pampa has ample business property for most needs, but its supply of good living quarters is far below the need.

Utility company experts expect Pampa to enjoy a good expansion soon. Pampa is truly a territorial center with a right to grow. Civic leaders who wish to point the way to sound expansion would do well to ponder over the housing problem.

PREVENTING THOSE COLDS

This is the time of year when science acknowledges its inability to prevent colds but gives valuable advice on how to make them less frequent and dangerous. Health officers are pretty well agreed on the following suggestions:

1. Keep fit through the balanced diet; include leafy vegetables, fruits and a salad; drink a quart of milk every day.
2. Keep far away from persons who have colds.
3. Keep your mouth shut; breathe through your nose.
4. Keep good hours; sleep eight of 'em every night.
5. Keep clean; take a bath every day.
6. Keep comfortable; dress according to the weather.
7. Keep the house and your office at a temperature of between 68 and 70 degrees.
8. Keep the body exercised; walking in the open is the best form of exercise. Walk briskly, your head erect, swing arms and breathe through your nose.
9. Keep away from "trick" medicines and nostrums if you have a cold get to bed promptly and call the family doctor at once.
10. Keep the house well aired; windows in every room should be opened for a time each day, and all night in sleeping chambers.

Persons over 35, it is revealed, have the fewest automobile accidents. That's to be expected, since people over 35 have the fewest automobiles.

'FRIDAY' ADDS POLICE JOB TO WEATHER DUTY

Unofficial Deputy Is Now On Police Force

AFTER serving local peace officers faithfully for years as unofficial desk sergeant without pay, A. G. "Friday" Brandin is now on the payroll. "Friday," longtime resident and retired farmer, was employed as night desk sergeant by the city commission in a special meeting, which, appropriately, was on Friday. His main duties will be to take telephone calls and keep the right records, but he has been sworn in and will carry a gun if necessary. He will draw a salary of \$30 a month, a figure which he said was entirely satisfactory. He was willing to keep on serving at odd hours for nothing if necessary, what with winter coming on and everything. Chief John V. Andrews thinks that "Friday" should have a bonus for weather forecasting, since as a prognosticator he has no equal in the Panhandle.

"Friday" has been sitting around the police station and sheriff's office in unaffiliated contentment for years. He is always ready to help the officers, keep the office, or give a few words of advice to the troubled. He was employed with the understanding, Chief Andrews said, that he would not seek adjusted compensation for past services. With one policeman released this week, employment of Mr. Brandin will permit officers regularly alternated on the night desk to take outside work as an economy measure.

Cattlemen Ask Immediate Aid

CANADIAN, Dec. 2 (AP)—Approximately 500 cattle raisers of the Panhandle area met here today in mass meeting called by the Northeast Panhandle Feeders association for the purpose of taking action to deliver the industry from its present plight. Resolutions adopted by the meeting are to be forwarded to national livestock associations along with requests for assistance in the campaign to increase cattle prices.

Unofficial Deputy Is Now On Police Force

GEORGETOWN, Dec. 2 (AP)—W. D. Burkhart, 60, Thorndale cafe owner, was convicted of murder by a district court jury tonight for the fatal beating of Henry James, 17, and his punishment assessed at 45 years in the penitentiary. James, a Thorndale youth, died in a hospital at Taylor September 13, as a result of injuries allegedly inflicted September 10 when the state charged Burkhart kicked him so severely he died of internal injuries. Burkhart claimed the youth had been drinking and that he received the injuries in a fight with the boy. The trial began last Monday and the jury received the case late today.

Woman Is Found Burned To Crisp; Negro Is Sought

Unofficial Deputy Is Now On Police Force

BEAUMONT, Dec. 2 (AP)—Mrs. William Brockman, 28, wife of a Hardin county farmer, who left her home shortly after noon to drive to Kountze to exchange a pair of baby shoes she had bought, was found shot to death late today and her body burned almost beyond recognition, beside the light truck she had been driving. Officers and citizens of the community immediately formed a posse and began searching the woods nearby for a negro seen by Civilian Conservation Corps workers near the scene of the killing, carrying a shotgun on his shoulder. Mrs. Brockman had been driving alone in the truck. County Attorney Bryant Coe, who reached the scene shortly after the body was discovered, expressed the opinion that Mrs. Brockman was shot while in the truck, then the machine was set afire. The tree army workers said they saw the negro carrying the shot gun along the road and walk into the wooded thickets. Mr. and Mrs. Tony Kirkegaard and Robert Deardorff of Yukon, Okla.,

MILWAUKEE—Milwaukee school teachers received the following communication from Milton C. Potter, superintendent of public instruction:

"It is a well approved corporate principle that officers and employees in the same corporation should not borrow from or lend to each other. Somewhat similar principle applies, with especial force these days, to the giving and receiving of gifts—particularly from children."

It means that teacher may no longer accept luscious red apples. FARMER'S WIFE SHOT VERNON, Nov. 30 (AP)—W. E. Claybrook, 36, was held today on a charge of assault with intent to murder for the wounding of his former wife, Mrs. Alma Claybrook, 24, in a shooting yesterday. A bullet shattered a bone in Mrs. Claybrook's right leg.

SYNOPSIS: Curt Tennyson and Paul St. Claire are trailing over for Igor Karakhan, international crook, into the Canadian north-west. At the edge of the dangerous Klosee Indian territory they join parties with Ralph and Sonya Nichols, presumably entomologists collecting insects for study. As Foresta LeNoir, Karakhan's scout, is warning him of the strangers' approach, Curt is trying to learn whether the Nicholoses really are entomologists. He asks Sonya if she recognizes a beetle he has caught.

Chapter 19 THE TRUTH Sonya chose her words carefully. "It's a very interesting species. Wouldn't it make a chic scarf pin? Quite true, Curt thought. And quite like a girl, to say that. However, her description wasn't exactly scientific. He hated to go on with his questionings—a wisp of hair playing against his cheek was almost his undoing, but he made himself be relentless. "Do you know what family it belongs to?" Sonya stiffened a little and then glanced up at him, a sharp searching glance as though she guessed why he was quizzing her. "I don't care to give a mere opinion," she parried deftly, on guard. "A person ought to make a microscope examination before trying to classify."

Curt dropped the subject, slipped the beetle into his pocket and then started back to camp with her. He had found out what he wanted to know. Sonya had no idea what the beetle was. At his first chance he took Ralph aside and showed him the Cicindela. Ralph knew no more about it than Sonya did and furthermore he lacked her quickness of wit in getting out of a tight corner. Pinned down for an answer, he pretended to recognize the insect, and gave it a Latin name, but his bluff was a miserable one.

In a brown study Curt set the beetle free and walked over to Paul, to tell him what he had just found out. Neither Ralph nor Sonya was an entomologist at all! They knew absolutely nothing about the subject. He told Paul about the beetle. Paul nodded. "Yes, it's not hard which place Sonya was getting the meal ready. "What are they doing in this country then?" Curt made a gesture of bafflement. "You tell me and I will tell you." "Prospecting, maybe. Cheechakos take to that. "Ralph, you're pretty tired; may-congratulate if he stubbed his foot against one; and she's worse."

"Vacationing." "I can think of pleasanter ways to spend a vacation than water-dogging up this river and taking chances with these Klosees. And why should they make such a secret about a mere vacation?" "Then what is your guess?" "I haven't even got a guess! All I know is this: whatever they're up to, it is important. They know it as well as I do, but they intend to go right on regardless. And another thing—Sonya's the real leader of those two. She's the determined one. Ralph's just a tail to her kite."

Paul nodded. "Yes, it's not hard to see that. But what are you going to do about them? You can't have a show-down with her and make her tell me the truth about this trip." When the party got ready to go on again, he suggested to Nichols: "Ralph, you're pretty tired; maybe you'd better go with Paul this afternoon so you can take things easy. Sonya can go in my canoe. We'll work ahead and have camp made by the time you come in." Sonya stepped into his canoe and they started out ahead of the others. By the time they reached the foot of a rapids four miles up stream, they had left the heavily laden boats out of sight around a bend. Portaging around the rapids and the overfalls above, they came out upon a long quiet stretch.

Curt kept putting off his show-down with Sonya, for he hated to break into the pleasant mood of the hour. Even after a week of intimate association he never could tell how she would react to something or what to expect from her next. Often he tried to analyze the tumult of his emotions toward her. He had never consciously said to himself that he had fallen in love with her. But he did realize now how helpless were his relations with Rosalie Marlin, how utterly they lacked fire or meaning. As the very heart of the contrast between those two girls, he knew that he respected Sonya, whereas he had never respected Rosalie or anything save her prettiness and as a companion for a light-hearted evening. At a creek mouth where a family of otters were tumbling about in a foamy overfalls, they stopped to catch a string of trout for supper. cents a bushel maximum today. The market tumbled carried wheat to the lowest prices reached since Oct. 20 and corn to the lowest since Nov. 3. Adding to trade uncertainty was attention given to delays about a proposed national code for grain exchanges, with Washington advice indicating possibility of a far greater degree of government restriction than ever before known.

Wheat closed nervous, 1 1/2-2 1/2 down, oats at 1 cent decline to 1/2 advance, and provisions varying from 12 cents setback to 15 cents gain. Despite unfavorable weather for corn movement, the corn and oats markets succumbed with wheat. Provisions averaged lower with cereals. Monthly figures on stocks of lard were larger than expected.

NEW ORLEANS COTTON NEW ORLEANS, Dec. 2 (AP)—Cotton was quiet today and prices fluctuated narrowly showing a slight downward trend. A drop of 8 points was followed by a late rally of 4 to 5 points in sympathy with closing firmness in stocks. The close was steady at net declines for the day of 3 to 4 points. The opening was easier due to lower sterling and there was no change in the gold price. First trades here showed losses of 4 to 6 points, but later in the first hour the market was steadier owing to trade buying and price fixing and recovered 4 points from the opening lows. Later prices eased owing to weakness in wheat and some recession in sterling. In the final trading, however, March rallied 4 and May 5 points to closing firmness in the stock market and short covering. March closed at 10.02 or 4 points net lower for the day and May closed at 10.17 or 4 points net for the day.

First Lady Tells Of Visit To Homes Of Coal Miners

TRIP MADE INCOGNITO TO AREA WHERE LIFE IS HARD AND HELP NEEDED

By ELEANOR ROOSEVELT Mrs. Franklin D. Roosevelt No business can be fundamentally sound where the human beings connected with it and who actually are the basis of whatever that business may produce, do not receive in return for their labor at least a minimum of security and happiness in life.

of the old strike days, is the heart of the most concentrated bituminous coal field in the world. Many of the people working there were drawn there in the days of fabulously high wages when the miners knew what it was to wear silk shirts and their wives knew what it was to have the latest electric labor-saving devices, when they both enjoyed the possession of an automobile.

No business can prosper where the workers do not at least receive this in return for their labor. For some time past it has been widely known that a great many of the workers in the coal mining industry fell short of these minimum standards.

Why blame the miners — some blame perhaps is attached to the miners' families, frequently a large and remind one of the pioneer families — eleven or twelve children are not unusual — had enough to eat and to clothe them in those days, and even though for all they bought they paid exorbitant prices, far more than was paid outside in the open market for the same luxuries, still had the money and spent it without question. So did the rest of America in that period.

YOUNG SINGERS WILL PRESENT MUSICAL PLAY

OPERETTA ANNOUNCED BY JUNIOR HIGH GLEE CLUB

ONE of Pampa's younger musical organizations, the Glee club of Junior high school, will present a feature entertainment of the week with its operetta, "The Prince of Peddiers," at the city hall auditorium Friday at 8 p. m.

Tickets are on sale now by pupils who are enthusiastically recommending the performance. About 100 boys and girls will take part in the operetta. Leona Hurst will play the princess, a quiet and charming character. Benjamin Horn is the peddler, jolly and mirth provoking. The princess' maid, Dame Doodles, easily upset, is played by Sarah Ellen Will.

Colleen McMahan and Frances Coffey will appear as Ting and Ling, belles of Tinkletown. Edwin McConnell has the role of the prince, who has a dark past. Bill Kretzinger will be Major Boothe, and Hugh Anderson is cast as Terclump, a clumsy detective. James Holler will be the jester. In addition to these principals, there are maids, guests, royal painters, the prince's retinue, and many shepherdesses. Solo and choral numbers have been in rehearsal for several weeks. H. D. CLUBS OF COUNTY START HOLIDAY MONTH Christmas Parties Will Be Given By Each

An informal month for home demonstration clubs of the county opened Friday, with no regular meetings scheduled during December. Christmas parties, special demonstrations, and work on annual reports will fill the time for members.

Each club is planning a Christmas entertainment, some for only members, and others for club women's families or even for entire communities.

Meat canning will be the subject for a series of special demonstrations. These will be conducted by the county agents, Miss Ruby M. Adams and Ralph Thomas, in various parts of the county. All are open to interested observers.

Annual records must be completed this month, both by the county agents and for separate clubs and individuals. New officers were elected in November, to take office with the beginning of 1934.

Miss Adams has announced the following meetings for next week: Monday, meetings of Schaffer and Eldridge girls' clubs; Tuesday, pork canning demonstration at the A. L. Walberg home, Kingsmill; Thursday, all-day meeting of the county yearbook committee, at Miss Adams' home; Friday, Back girls' club and women's club; Saturday, Sunshine girls' club.

PARTY SERIES ENDS IN EVENT THANKSGIVING

Shackleton Home Is Scene of Gay Week

Pioneer friends of this section were entertained at the home of Mr. and Mrs. E. A. Shackleton Thursday, in the last of a series of Thanksgiving week events.

Mrs. Shackleton was hostess to the county home demonstration club council Monday, when about 50 women spent the day and enjoyed a covered dish luncheon. On Tuesday evening she entertained the teachers of her two grandsons, Delbert and Austin Hughes, and a few of their friends.

Members of the Civic Culture club and their husbands were guests in the hospitable home Wednesday evening, and the pioneer group Thursday.

Christmas Plans Being Made by Women From North Plains Towns

PANHANDLE, Dec. 2.—Christmas window and home decorating contests will be sponsored by the Junior Fine Arts club, according to annual custom. Mrs. Theodore Tipps is chairman of the contest committee.

The Junior Fine Arts club enjoyed a Thanksgiving program and buffet supper in the home of Mrs. J. Sid O'Keefe recently.

A hundred members were present for the Grade School Parent-Teacher association meeting Thursday, with Mrs. J. B. Howe presiding in the business session.

Women Given Offices CANADIAN, Dec. 2.—Two Canadian women were honored with offices in the seventh district of Texas Federated Music clubs at the district convention recently. Mrs. H. S. Wilbur was chosen parliamentary and Mrs. Sam Isaacs a director.

The Lone Star Home Demonstration won first in the 4-H pantry contest that closed last week. Mrs. Francis McCquiddy of Booster club was second.

A program by the Women's Glee club and the Choral club, directed by Mrs. Grace Spiller, benefited the

Organist

Mrs. Mel Davis, above, is to play the old fashioned parlor organ that will accompany the singing bee, a feature of the period style show program to be sponsored by High School Parent-Teacher association Tuesday evening. Dressed in the costumes of pioneer days, a group of Pampa songsters will render songs of the "After the Ball" type.

WOMEN'S DAY IN CHURCH TO BE OBSERVED

Annual Women's Missionary day will be observed in First Christian church today, with a special sermon by the pastor in the morning, and a pageant at the evening service.

John S. Mullen, minister, will pay tribute to women workers in the church in his sermon at the 11 o'clock worship period. The pageant, "Challenge of the Cross," has been directed by Mrs. C. E. Hutchins for the evening program.

Its cast includes Mesdames Clyde Oswald, Fritchle, Paul Hughey, Claude Lard, Dick Rhodes, Mesdames, W. E. Kinzer, and Miss Madeline Gantz. Music by a quartet will emphasize some of the scenes.

A special musical number by Charles Thomas will also be on the program.

Wedding dresses dating from the mid-eighties will be shown. Gowns in which Mesdames Buckler, Roy Tinsley, and T. W. Sweatman were married will be worn by their daughters, and other young ladies will appear in dresses belonging to Pampa women. Some brides of more recent date will model their own wedding dresses.

Triple Wedding One of Week-End

The Thanksgiving week-end was marked by the marriage of several Pampa couples. Licenses were issued at the county clerk's office here for high weddings.

Two couples were married at the La Nora theater Wednesday night preceding the showing of a mid-night Thanksgiving matinee. The Rev. James Todd Jr. read the ceremony uniting in marriage Miss Pansy Broadway and R. S. Bennett, Miss Davis and M. M. Romines, Miss Selma Symank and Thomas V. Northcutt.

Others who secured licenses to wed were Miss Vera Williams and Roy Young, Miss Jennie Mae Jones and A. D. Langston, Miss Gladys Verser and J. T. Ray, Miss Maude Marie Davis and M. M. Romines, Miss Selma Symank and Thomas V. Northcutt.

SPECIAL REHEARSAL CALLED

The Philharmonic Choir will hold a special rehearsal this afternoon at 3 o'clock, at First Methodist church. Work is progressing on the oratorio, "The Holy City," which is to be presented by the choir December 17. The choir has changed its rehearsal place to the Methodist church so that the organ may be used in practice.

Violinist to Play

Miss Dorothy Mae Meers will appear in a special musical number for the Builders class of First Christian church at their meeting this morning at 9:45. She will play a violin solo, Minuet in G, Beethoven, with piano accompaniment by Miss Josephine Lane.

Thanksgiving Party Is Given by Senior B. Y. P. U. Friday

A Thanksgiving party was given the Senior Prep B. Y. P. U. of First Baptist church Friday evening, at the home of Herbert Reynolds.

After amusing games, refreshments of pumpkin pie with whipped cream and nuts was served to carry out the Thanksgiving atmosphere.

Garland Olson of Altus was a guest. Members present were Thelma Fae Seeds, Wilma Beardmore, Cedra Winkler, Evelyn Bicknell, Elsie Johnson, Bernice Barrett, Melvin Lancaster, Edna Nash, Clyde Beard, Wayne Winkler, Robert Neal, John Williams, Oscar Clemmet, LeRoy Regan, the host, and Miss Lois Barrett, sponsor.

AMUSEMENTS OF YEARS AGO TO ENTERTAIN

CAST INCLUDES MANY PIONEERS OF CITY

A CAST that is almost a "Who's Who" of early Pampa will present the entertainment sponsored by the High School Parent-Teacher association Tuesday evening in the gymnasium. Amusements of pioneer days will be featured on the program.

Old fashioned costumes will be worn by participants in the singing bee, the square dances and waltzes, and the display of wedding gowns that will make up the three main divisions of the entertainment.

Between acts, specialty numbers will be presented by Ben Guill and Neal Bean, E. G. Harris in black-face, and a mixed quartet and girls' trio.

Organ and Fiddlers. Mrs. Mel Davis will play an old parlor organ for the singing bee, and Mrs. H. H. Heiskell for specialty songs. The dancers will perform to tunes played on the fiddles of Jess Wynne, Sam Anderson, Dr. A. Cole, and James Pool.

Participants in the singing bee will include Mrs. Harry Marbaugh, Mrs. Katie Vincent, Dr. and Mrs. H. L. Wilder, Mr. and Mrs. Charles Thomas, Mrs. J. B. Townsend, Roy McMullen, Tom Rose, Mrs. I. B. Hughey, Mrs. Philip Wolfe, Misses Jackie Jones, Virginia Rose, and Dorothy Doucette.

A "family group photo" will be posed by the costumed crowd after the singing.

"Among the dancers will be Mrs. Inez Carter, A. C. Huested, Dr. and Mrs. Wilder, Siler Faulkner, Mrs. Charlie Thut, M. K. Brown, Mrs. C. P. Buckler, Mrs. Vincent, George Walden.

Wedding dresses dating from the mid-eighties will be shown. Gowns in which Mesdames Buckler, Roy Tinsley, and T. W. Sweatman were married will be worn by their daughters, and other young ladies will appear in dresses belonging to Pampa women. Some brides of more recent date will model their own wedding dresses.

ANOTHER CHILD LEAGUE CIRCLE IS ORGANIZED

Mrs. Williams Chosen President Of Las Madres

A third circle of the Child Conservation League of America was organized here Friday, in a meeting at the home of Mrs. John Williams, 718 E. Francis.

Two circles of the League have already been organized this fall, and have filled their membership quota of 25. Other members are yet to be added to the new group, named Las Madres circle.

Mrs. Williams was elected president. Other members are Mesdames James J. Roundtree, C. C. Mathews, E. C. McKenzie, and Tom Darby. Mrs. McKenzie is to be the next hostess, on Dec. 15.

Meeting days will be on first and third Fridays of each month. The third day program was given at the organization meeting Friday, and a study course in child culture will start at the next session.

Mrs. C. P. Callison is president of the Pampa circle, first League group organized here, and Mrs. Charles Duenkel of the Edwin Markham circle.

Pampa Circle Meets Mrs. George Appleby was hostess Tuesday to the Pampa circle, Child Conservation League of America. The group continued its study of child culture, with Truth and Imagination as the subject.

The next meeting will be on Dec. 12 with Mrs. Clyde Oswald. Members present at the last meeting were Mesdames Hugh Ellis, Jack Vance, R. D. Morris, M. B. Lafferty, C. C. Cockerill, E. P. Hollingshead, A. L. Patrick, Tracy Cary, A. A. Reynolds, Marie Scheig, G. E. Kennedy, Doug Wilson, W. M. Murry, C. C. Callison, and the hostess.

International Sunday School Lesson

General Topic: Paul in Ephesus. Scripture: Acts 19:8-20.

8. And he entered into the synagogue, and spake boldly for the space of three months, reasoning and persuading as to the things concerning the kingdom of God. 9. But when some were hardened and disobedient, speaking evil of the way before the multitude, he departed from them, and separated the disciples, reasoning daily in the school of Tyrannus. 10. And this continued for the space of two years; so that they that dwelt in Asia heard the word of the Lord, both Jews and Greeks. 11. And God wrought special miracles by the hands of Paul. 12. And inasmuch that unto the sick were carried away from his body handkerchiefs or aprons, and the diseases departed from them, and the evil spirits went out. 13. But certain also of the strolling Jews, exorcists, took upon them to say that Paul had bewitched them. 14. And there were seven sons of one Sceva, a Jew, a chief priest, who did this. 15. And the evil spirit answered and said unto them, Jesus, I know, and Paul I know, but who are ye? 16. And the man in whom the evil spirit was leaped on them, and mastered both of them and prevailed against them, so that they fled out of that house naked and wounded. 17. And this became known to all, both Jews and Greeks, that dwelt at Ephesus; and fear fell upon them all, and the name of the Lord Jesus was magnified. 18. Many also of them that had believed came forward, and declaring their deeds. 19. And not a few of them that practiced magical arts brought their books together and burned them in the sight of all; and they counted the price of them, and found it fifty thousand pieces of silver. 20. So mightily grew the word of the Lord and prevailed. Golden text: Blessed are they that have been persecuted for righteousness sake.—Matt. 5:10. Time: Paul's three years at Ephesus, A. D. 53-56. Place: Ephesus. Introduction Paul returns to Antioch; his "home base." Acts 18:22. This is bringing his second missionary journey. The period of his career that is spoken of as the third missionary journey begins in Acts 18, with verse 23. The church at Antioch had become large and strong enough so that it could get along without him. The call of the world sounded loud in Paul's ears; so, after a few months of rest—if he ever rested—he is off again on another missionary campaign. He passes through Galatia and Phrygia, visiting and strengthening the churches in those regions, to Ephesus. The City of Ephesus Ephesus was the metropolis of proconsular Asia. It was situated about a mile from the Aegean sea, fronting an artificial harbor in which ships from all lands met. Above Ephesus rose the temple of Artemis (Diana), celebrated as the most magnificent building in Asia Minor. In fact, this temple was regarded as one of the seven wonders of the world. The idol was an ugly figure, said to have resembled an Egyptian mummy. The worshippers of this goddess accepted the popular legend that it had fallen from heaven, and looked upon it with the greatest veneration. Ephesus was rich, corrupt, and full of idolatry. Its religion had been commercialized. The merchants had made the temple of Artemis their banking house. It was polluted with sorcery and witchcraft. "Its markets," as Farrar says, "glittering with the produce of the world's art, were the Vanity Fair of Asia." The very worship was unpeppably vile.—Frank E. Allen. Ephesus is now in ruins. Its harbor is silted up, its commerce destroyed. For centuries the very site of its famous temple was lost. The labor of archaeologists, however, have recently discovered its foundations, "outside the city walls, twenty-two feet below the surface in the deep alluvial soil of Turkish village. The excavations led to the discovery of three pavements, one below the other; the lowest, 7 feet 6 inches beneath the highest, and each representing a stage in history of the fabric."—Prof. E. H. Plummer. Paul's Great Work in Ephesus From Acts we gain only an imperfect idea of the large results of this Ephesus mission. Demetrius confesses (19:26) that not alone in the city, "but almost throughout all Asia, this Paul hath persuaded and turned away such people." Remember that the seven churches addressed in Revelation—representative churches—were all in the Ephesus district. The Jews of Ephesus seem to have been friendlier to Paul's message than other Jewish communities. For three months he had the freedom of the synagogue. When there was a change of sentiment he transferred his work to the lecture-hall, or schoolroom of Tyrannus, who was evidently a convert. In the morning when the school was in session, Paul would be working at his trade (20:34, 35); from eleven to four he preached and taught. He made long evangelistic tours out into the province (ver. 10). He also did much pastoral work (20:31). The large accomplishment of these years is significantly summed up in verse 20, "so mightily grew the word of the Lord and prevailed." The Roman author Pliny, writing a generation later, tells that all that part of the world had become a hotbed of Christianity. "And God wrought special miracles by the hands of Paul." "Although St. Paul believed that God, for the furtherance of the gospel, did allow him to work powers beyond the range of human experience, and in which he humbly recognized the work of the Spirit granted to faith and prayer, yet he

Pie Supper Will Be Sponsored By Baker School PTA

King, Roy Holt, committee members, will be in charge. Proceeds will go to the general fund of the association. Games are planned for entertainment, then the pies will be auctioned. Each woman attending is asked to bring a pie.

by no means frequently exercised these gifts, and never for his own relief or during the sickness of his dearest friends." "Inasmuch that unto the sick were carried away from the body handkerchiefs or aprons." Calvin says, "Paul did choose most simple things, lest any superstition might arise by reason of the price or pomp; for he received entirely and fully to give all the glory to Christ." And the diseases departed from them, and the evil spirits went out." We have had another example of the exercising of a demon by Paul in the case of the demoniac slave girl, Acts 16:18, and we are soon to have the most wonderful of all miracles worked by Paul, the raising to life of the dead Eutychus, Acts 20:9-12.

The Great Bonfire (v. 19) "And not a few of them that did practice magical arts brought their books together." Books containing magical formulas, "and burned them in the sight of all." It was like the great bonfire of Vanities in the Square of St. Mark in Florence when, under the powerful preaching of Savonarola, rich women brought their costly dresses and finery, artists their most valued pictures, musicians their instruments and tossed them into the flames as a token of their repentance for their sins and their desire to live thenceforward a godly life. "And they counted the price of them, and found it fifty thousand pieces of silver." A piece of silver was the Greek drachma, the Roman denarius, worth from fifteen to seventeen cents; but as it was the day's wage of a common laborer, it was equivalent to from one dollar to two dollars with us, and the total amounted to from \$50,000 to \$100,000.

Acts 20:21-15 Troas and Miletus to Jerusalem "The third missionary journey closed with a flying visit to the churches of Greece. This visit lasted several months; but in the Acts it is passed over in two or three verses. Probably it was little marked with those exciting incidents which naturally tempt the biographer into detail. Yet we know from other sources that it was nearly the most important part of Paul's life; for during this half-year he wrote the greatest of all his Epistles, that to the Romans, and two others only less important, that to the Galatians and the second to the Corinthians."—Principal James Stalker.

Fine Stallion Is Bought By George P. Grout

PANHANDLE, Dec. 2.—A beautiful chestnut stallion, Bohemian Star, a half brother to the world famous mare, Bohemian Actress, has been brought to Panhandle by George P. Grout. Bohemian Star is by Bohemian King which sold for \$3,000 as a two-year old. The stallion was bred in Kentucky and won several first prizes at the Louisiana State fair in the five-gaited and light harness classes. He also won first at Fort Worth's Texas horse show, defeating such horses as the peerless Mass of Gold, champion of Kentucky. J. W. Tye and T. H. Vaughan, Winfield, Kansas, have secured the young stallion, My Astral King, son of Polyantha. The champion, My Astral King's 1933 photograph appears in the November issue of the Kentucky Horseman. Bohemian Star will be the barn mate of the stallions Astral King G. and J. D. King, Peavine. Dr. Grout, famed breeder of horses and cattle, has a large riding class with pupils from Panhandle and Borger.

Mrs. N. M. Anderson of Borger, Dorothy Jean Anderson of Guthrie, and Ambrose Harrington of Coffeyville, Kan., were guests Thanksgiving of Mr. and Mrs. Floyd Holmbeck.

Club Plans Gift Sale, Program

Two events of next week will keep home demonstration club women of Kingsmill busy. An all-day demonstration of pork canning will be conducted at the home of Mrs. E. L. Walberg Tuesday, and the club's Christmas bazaar will be held Wednesday. The meeting Tuesday will begin at 9:30. A covered dish lunch will be served at noon. All persons interested in pork canning are invited. Club members are asked to bring gifts for the bazaar to the home of Mrs. Walberg Tuesday, so they may be taken to Pampa for opening the sale early Wednesday. It will be held at Pampa Hardware company, beginning at 8:30 a. m. A large assortment of hand made gift articles will be on display, and shoppers are invited to inspect them and choose gifts suited to their Christmas lists.

MAKE THIS AN ELECTRICAL CHRISTMAS

Cash in your pocket and clothes on your back

We know a young lawyer who early last summer purchased a brown herring-bone suit for \$11.98.

- But tired women who sewed in linings were paid 5 cents a coat!

We know a carpenter who went to a "poor" section of a big city and came away with six shirts at 32 cents each.

- But the shopkeeper who sold those shirts made a gross profit of only 18 cents on the lot!

When a mid-city department store ran a Tuesday special, a mechanic we know picked up a pair of brown Scotch grain shoes for \$2.59.

- "Sorry," said the manager to the shoe-department clerk. "Eight dollars a week is all we can pay you now."

That is why it is good for all of us that prices are going up.

Don't doubt for a moment that they are! Think of all that goes into your new suit or topcoat. Wool has risen 49% since February. Felt padding, dyes, canvas are all proportionately higher. Cotton goods are up 90%. These are a few examples. **Pay rolls in the clothing industry have increased 32½%.** All these additional costs must inevitably be put into the price of the suit, the hat, the hose—everything you wear.

The wise thing and the sensible thing is to buy now before prices go higher. Every dollar you spend can do great things—now! You still have the chance to make a real saving on every article of men's wear that you purchase—**no matter how little you can spend!** Millions of dollars worth of goods, made on the old cost scale, are waiting to be sold at the old prices—prices which will not remain where they are now.

Buy now—and buy as much as you can. It's good economy, for example, to purchase two pairs of shoes instead of one, a half-dozen suits of underwear instead of two or three. Two times one bargain is two bargains! If possible, lay in a stock of everything you're going to wear—socks, hats, suits, pajamas, shirts. You'll see, next time you ask prices, how many dollars you've saved!

Obviously, this sort of thing cannot and should not go on. It isn't common sense. Wages like these take no account of a man's real services. Such prices have no relation to cost or usefulness. What we're all aiming for now is to make **everything worth something again**—to give honest workers honest pay, and let capital have a fair profit. **We must make it worth while to work!**

It will be—once prices are high enough for a manufacturer to pay good wages. His men will have more to spend for the things they need—things other manufacturers are anxious to sell them. It's like a perfect circle; the more we make, the more we spend, and the more we spend, the more comes back to us later in the form of higher wages.

BOYS TO WEAR NEW UNIFORMS IN EAGLE TILT

MILES MARBAUGH AND DUNAWAY MAY BE IN GAME

OKLAHOMA CITY, Dec. 2 (AP) Harrison Tech of Chicago, mentioned as a candidate for the mythical national high school championship, was defeated by the undefeated Capitol Hill high school of Oklahoma City in an inter-sectional game here today by a score of 55 to 12.

FEELING that his boys have played their best all season and that nothing is too good for them, Coach Odus Mitchell asked the athletic association to purchase new uniforms for the Harvesters to enter the race for state honors. The request was granted. The team will take the field against the Abilene Eagles Saturday wearing new uniforms of the latest cut and design.

The jersey of the new uniform will have a green back with a gold number and a gold front with a green number. The sleeves will be green and the shoulders gold. The pants will be of knit and duck material, with the front gold and the back green. Green and gold socks will complete the new uniform. It will be the first time a Mitchell-coached team has worn stockings.

Coach Mitchell placed the order for the new equipment last week and it should be here Wednesday. New numbers will be on the uniforms. The boys will be weighed again this week to get the correct weights of the team that will represent District 1 in the race for state honors.

This week will be spent in earnest training for the contest. There will be an open scrimmage Tuesday afternoon and another on Wednesday afternoon. Nothing will be overlooked. Pass defense will come in for the most attention, although much time will be spent in offensive tactics, especially inside the scoring zone and on tries for point after touchdown.

Abilene has a dangerous pass attack, especially when needed. Brockshire, Abilene quarterback, threw only three passes against Cisco last Thursday but two of them were good for touchdowns, one for 39 yards and the other for 32 yards.

Bill Dunaway, halfback, will be in uniform today and will probably be able to get into practice after being out more than a week because of injuries. Miles Marbaugh, fullback, was able to leave the hospital Friday night and may be in uniform for practice this week.

Other members of the team are fit. They came through the game with Rogers Thursday in good shape. The boys are confident but not over-confident. Abilene is an old crusader and one that is never defeated until the final whistle. The Eagles, past history shows, have a knack of scoring in the last few plays of the game.

The kick-off will be at 2 o'clock. Lists of officials have been exchanged and the final selection will probably be early this week.

TROY CRUSHES GEORGIA

LOS ANGELES, Dec. 2 (AP)—Southern California unleashed too much power for the lighter University of Georgia football team here today, and defeated the Bulldogs from Athens, 31 to 0, before 60,000 spectators.

It was a football game in the first half when the gallant Southerners, fighting gamely although out-gained by a wide margin, held the western stalwarts to a lead of a single touchdown.

Chief Parris To Box Whitlow On Thursday Night

Chief Parris, Oklahoma Indian lightweight, will meet Allen Whitlow in the main event at the Pampa auditorium Thursday night. Parris' manager wired Promoter B. W. Kelly yesterday afternoon that a signed contract was in the mail and that Parris would arrive in Pampa Wednesday afternoon in time to work out for the fight.

The fight should be one of the best ever staged in the Panhandle. Whitlow is known throughout the nation as one of the best junior lightweights in the game today while Parris is a up and coming fighter who is receiving much consideration by promoters in the southwest. The Indian will outweigh Whitlow by about 5 pounds.

Promoter Kelly has not arranged his semi-final or preliminary bouts, but is to make final arrangements today. He planned to try to sign Babe Ruth and Dick Hedgespeth for one of the bouts, and maybe Jimmie Dundee and another good boy.

Whitlow has been in Pampa a week. He works out every afternoon at 2 o'clock at the Pla-Mor. This afternoon he will go to Amarillo to work out with Jimmie Dundee, Frankie Cantoni, and one or two more lightweights. He is in good condition after his last big fight in St. Louis.

Parris won a decision in Dallas two weeks ago, and last week made a sensational finish to win in Oklahoma City. He is a tricky fighter and a hard puncher.

Tulane, L. S. U. In Tie, Despite Huey's Pep Talk

NEW ORLEANS, Dec. 2 (AP)—Two night football teams, Louisiana state university and Tulane, fought to a 7-7 tie here today before 30,000 spectators in a desperate battle of brawn and brain.

"Little Preacher" Robert threw a scare into L. S. U. on the first play by taking the kickoff and racing 78 yards where he was stopped by Fatheree, L. S. U.'s crack halfback, who caught the preacher around the feet and saved a touchdown.

But the "preacher" came right back and three minutes later ran around the left end of the Tiger team and slid over for a touchdown at the far corner as three Tigers swiped him with their finger tips. He kicked the extra point making the score Tulane 7, L. S. U. 0.

The Roberts' performance fanned the Tiger into a race and in desperate drive in the second quarter, L. S. U. took the ball to Tulane's twelve yard line and called time out. Coming up from the rest, Mickal whipped a fifteen yard pass to Burge, who was standing behind the goal line surrounded by three Tulane men. He nabbed the ball with one hand, pulled it to his chest and fell to the ground. Mickal kicked the extra point and the half ended all square.

BAYLOR WINS FROM RICE IN LAST MINUTE

WACO, Dec. 2 (AP)—Baylor university staged another of its famous whirlwind finishes here today to defeat Rice Institute 7-6 in the final Southwest conference game of the year for both sides.

Baylor scored its touchdown in the last minute or play after Rice had clung to a six point lead obtained early in the third period.

Aubrey Stringer's far famed place kicking gave the victory to Baylor. He kicked the point after touchdown perfectly.

Had it not been for an offside penalty assessed against Rice when Harry Sylvester attempted to placekick the point after touchdown, the Owls would have pulled out with a tie.

Sylvester, who is himself a noted placekicker, booted his first one accurately, but Rice was offside and drew a five yard penalty. On the next attempt, Stringer's placekick went wide.

NEA PICKS TEAM FROM MANY STATES

By BILL BRAUCHER NEA Service Sports Editor (Copyright, 1933, NEA Service Inc.) SELECTIONS by outstanding coaches in seven geographical sections, and their reasons, were balanced in deciding the NEA Service All-America football team of 1933, which is presented here.

The coaches of the NEA All-America committee who cooperated in picking the teams are: Jock Sutherland, University of Pittsburgh; Noble Kizer, Purdue; Harry Melrose, University of Georgia; Bill Spaulding, University of Michigan.

Observers of the play of the Abilene Eagles, district 2 champions who will be here next Saturday, declare that the Abilene boys are most dangerous when they appear to be badly whipped.

There is ability to rush over one or two touchdowns on long passes, flung to their Captain Frank Cogdell by Brookshire, is in keeping with the Eagle tradition of smart play.

Observers of the play of the Abilene Eagles, district 2 champions who will be here next Saturday, declare that the Abilene boys are most dangerous when they appear to be badly whipped.

SURPRISE PASSES BY EAGLES OF ABILENE SUCCEED AGAINST MOST OPPOSITION IN CRISES

effect on the opposition. Against Cisco last week, Abilene threw only three passes. Two were completed for 69 yards advance and two touchdowns. The scoring plays required less than a minute to perform. The other pass was incomplete. Captain Cogdell's pass snatching ability is positively uncanny. He "plays basketball" with the pigskin, leaping above the heads of the opposition to gather in the ball. Brookshire makes the majority of his place-kicks good after touchdowns.

Against Abilene, Cisco suffered from one of the blows that boister the Harvesters. Cisco gained readily in midfield but slowed up every time a scoring chance offered. Fumbles and penalties affected the tide in favor of Abilene, whose defense never really worked until Cisco threatened. The Eagles appeared to save their strength for their sudden offensive moments.

FROGS CRUSH MUSTANGS IN 26 TO 6 BOUT

PONIES MARCH TWICE TO ONE-YARD LINE OF CHRISTIANS

BY BILL PARKER, Associated Press Sports Writer. FORT WORTH, Dec. 2 (AP)—Led by Charles Casper, blue all-conference left halfback and the Southwest conference's leading scorer, the Texas Christian Horned Frogs passed, smashed, and ripped the Southern Methodist University Mustangs into bewilderment today, 26 to 6.

Diminutive Robert Wilson, Southern Methodist's lone all-conference man on the Associated Press' consensus team, starred the few minutes he played, but an early injury forced him out of the game. The "10-yard line jinx" that has hovered over the Mustangs for the last three seasons was out in full force today. Several times in the first two periods, the Mustangs moved inside the Christians' 10-yard line twice to the 1-yard stripe, but they simply did not have the huff and puff to blow themselves across for a touchdown. They scored in the fourth period from the 1-yard line in three downs and then J. R. Smith barely got the ball over the goal.

The Mustangs got away to a bad break that wilted whatever determination with which they started the game when they received the kick-off and made ready to give the Horned Frogs a terrific battle. Then things went wrong. On the first formation, a reverse, Shuford received the snapback, turned and attempted to pass the ball to Turner but the alert Captain Jack Graves took and galloped 27 yards in a clear field for a touchdown. Wallace missed his placement kick and the first half ended with a 6 to 0 advantage for the Frogs because Southern Methodist could not score from the Christians' three-five and two-yard lines.

Waco Is Beaten By Corsicanans

CORSICANA, Dec. 2 (AP)—The Corsicana Tigers won their fourth consecutive district 11 football championship in the Interscholastic League today by defeating Waco 60.

The winning touchdown was scored when Homer Humphries, halfback, took a 5-yard pass from Ashworth in the last period and behind perfect interference wriggled and ran 49 yards for a touchdown. The game was largely a punting duel between Rehders of Corsicanans and Rutherford of Waco.

Corsicana will meet Brackenridge high in San Antonio in a bidistrict game next Friday. The Tigers defeated Brackenridge 13 to 0 last year in the bi-district game played here.

Princeton Takes Revenge in Yale Bowl By Vanquishing Elis 27 to 2

NEW HAVEN, Conn., Dec. 2 (AP)—Glory such as the Tigers of Princeton haven't known in the long years since the sweetest than anything old Nassau ever has known, rode today through the huge Yale bowl on the backs of a mighty band of sophomore as the Tigers whipped the Bulldogs 27 to 2.

With perfect precision, stunning power, the youngsters who picked up Princeton's hapless cause two years ago with their new head coach, Orrin "Fritz" Crisler, smashed down Yale's battered eleven, piled up more points than any Princeton team ever before has scored on the Elis and completed the 1933 season unbeaten and untied. Thus they wiped away the memory of the most humiliating defeat of the classic sixty year old series, the 51 to 14 slaughter Yale inflicted two years ago.

Not since 1922 when Hugh Stanford and his mates were on the loose, has Princeton raged through a season without defeat or tie. Not since 1928, when Princeton won 12 to 2 had the Tigers conquered Yale. And only in 1925, when they scored 35 points on the Elis in 1924 when they won 20 to 0 and in 1926, when the score was 24 to 6, have the men of Nassau gone on such a scoring spree as a scant but hilarious crowd of forty thousand—little more than half filling the great cement bowl—saw today.

TEXAS REGENTS Send Letters To Famous Coaches

AUSTIN, Dec. 2 (AP)—The telegrams sent with authority of H. J. Latcher Stark of Orange, regent of the University of Texas, to football coaches asking whether they were interested in taking a place at the University of Texas should there be an opening, were sent from here by George McCullough.

McCullough, who is in business here, formerly was a stellar end for the Longhorns, and has taken an active interest in the welfare of university athletics since his graduation. Telegrams went sent to D. X. Bible of Nebraska, Prince Callison of Oregon, Ike Armstrong of Utah, Harry Mehre of Georgia, Lou Little of Columbia, Harry Kipke of Michigan, and Noble Kizer of Purdue.

Bible replied he was very happily situated at Nebraska and did not care to make a change. Kipke telegraphed he would not be interested. Mehre said in Tucson, Arizona, that he would investigate the offer. Little said in New York he was not interested. Callison and Armstrong indicated they might be interested by attractive terms. Kizer had not replied.

RAMBLERS WIN AMAZING GAME IN 4TH PERIOD

BLOCKED PUNT BRINGS DISASTER TO COCKY CADETS

By ALAN GOULD Associated Press Sports Editor NEW YORK, Dec. 2 (AP)—Turning an apparent rout into an astounding victory, Notre Dame's hitherto battered and baffled green shirts pulled themselves back from the depths of a disastrous campaign today to overcome Army's two-touchdown lead in a dazzling fourth period rally and smash the winning streak of the Cadets in the biggest upset of the 1933 college football season.

The final score was 13 to 12 as the fighting Irish, in the space of less than five minutes, wiped out West Point's lead and pulled the game out of the fire with a comeback that was as swift as it was startling to a near-capacity crowd of 78,000. The breaks were a long time coming to the underdogs from South Bend, harassed and outplayed for three periods by an unbeaten Soldier team but when they came they exploded bombshell effect in one of the wildest gridiron finishes New York has ever witnessed.

It was a marvelous triumph for a team that had tasted little previously this season except football bitterness but it was a shattering climax for an Army team that had whipped everything else all season and which looked to be headed toward West Point's first clean slate in 17 years.

The blow was hardly softened by the fact that Army's tactics, in defense of its 12-point lead, appeared questionable and that a substitute for all-American Jack Buckler, Maurice Simons, was the victim of the play that decided the game. Buckler was on the sidelines, preparatory to being rushed back into the game, when Simons' attempted punt from behind the Cadet goal line was blocked by a wall of green from the left side of the Notre Dame line and recovered for the second Irish touchdown by Wayne Millner, of Salem, Mass.

Millner, followed by big Ed Krause, star tackle, swarmed over and dropped the ball to his toe. It looked like questionable strategy by the Cadets, who might have pulled

SPORTS STARS RIVAL SCREEN AGES IN FILMS

MAX BAER, MYRNA LOY AMONG NOTABLES IN MOVIE

Myrna Loy, Max Baer, Primo Carnera, Jack Dempsey, Walter Huston and Otto Kruger comprise the distinguished group of actors and sporting personalities gathered together by Metro-Goldwyn-Mayer for "The Prizefighter and the Lady," a gripping story of the prize ring which starts today as the attraction at the La Nora theater.

Miss Loy, last seen in "Night Flight" and "Penhouse," has recently established herself as one of the most popular feminine stars. Baer, challenger-up for the heavy-weight championship of the world, and generally acknowledged as the most colorful fighter in the prize ring today, makes his first screen appearance in this picture and has been called a virile exponent of the new vogue in leading men.

Battles With Challenger Carnera, heavy-weight champion of the world, also faces the camera for the first time in his ten-round fight with Baer in "The Prizefighter and the Lady." The prize heavyweight's battle with his challenger before the time set for their real fight is without precedent and has aroused the interest of the entire world of sports. Their film bout is refereed by none other than the famous Dempsey.

The plot of the new film, based on a story by Frances Marion, depicts the career of a hard-boiled youngster who rises from the position of "bummer" in a speakeasy to that of a fighter of championship calibre. The sensational scenes laid against the colorful sports background, the romantic interlude with the night club entertainer and the difficulties placed in the way of the fighter by a rickety gunman provides the elements of what is described as the most realistic and absorbing story of the prize ring ever to reach the screen.

ing University of California at Los Angeles, Ike Armstrong, University of Utah; Bo McMullin, Kansas State College, and Fred Thomsen, University of Arkansas.

Each of these coaches made his America nominations, which were tabulated with the results shown here. In several cases where the result was a tie, this writer took the liberty of casting the deciding tally. The remarkably decisive in view of the fact that 117 players were nominated. Three players were elected by majorities so substantial that any doubt of their superiority was removed. These were "Cotton" Warburton, quarterback; "Chuck" Bernard, center; and Johnny Buckler, halfback. These men polled four first choice votes each and an unusual consensus of opinion considering the geographical differences.

Running next strongest were Frank Larson, end; George Sauer, fullback; Freddie Crawford, tackle; Bill Corbus, guard; and Alley O'Neil, center. Each received three first team and one second team vote. Beattie Feathers, the south's great halfback, polled two first and two second team choices. Skladany, Pitt's peerless end, received two first team and one second team vote, as did Yezerksi of St. Mary's.

Though the choice of Freddie Crawford was definite, ballooning on the other tackle position, resulting in Yezerksi's choice, was what political writers would call spirited—a choice of the "ins" over the "outs" of outstanding tackles. One coach named Jorgenson, who plays the opposite tackle on Yezerksi's own team.

The election, if it may be called that, produced several remarkable angles. Only two men were chosen from one team—Rosenberg and Warburton of Southern California—which gives Howard Jones the edge this year in developing All-America players, even though his team has lost the Rose Bowl assignment to Stanford.

The Big Ten, productive annually of several All-America men, landed two positions on the first team—Larson and Bernard—and one on the second team—Everhardus.

The player receiving the most verbal praise was Feathers of Tennessee, who gained 56 yards in seven games, and averaged 45 yards per kick. Feathers in seven games also scored 12 touchdowns. The record seems to speak for itself.

Sylvia Sidney's Father Agrees To Star's Adoption NEW YORK, Dec. 2. (AP)—The father of Sylvia Sidney, motion picture actress, agreed today to her adoption by her step-father, withdrawing a supreme court action to set aside the proceedings.

"I brought this action because I desired to prove to Sylvia by means of testimony adduced in open court," said Victor Kosow, the father, "that circumstances not of my making had been the cause of our unhappy estrangement, previous individual efforts in that direction on my part having been unavailing."

fight manager who recognizes in Baer championship material and trains him for his fights. The part, a "natural" for Huston, marks another step forward in this actor's brilliant career. Prominent roles are also filled by Otto Kruger as the racketeer, Vince Barnett, Robert McWade, Muriel Evans and Jean Howard.

Great Fighters Present Scores of internationally famous ex-champions and their contemporaries appear in the new Metro-Goldwyn-Mayer feature to add realism to the great prize fight sequences. Among these great fighters of yesterday are Jess Willard, James Jeffries, Frank Moran, Joe Rivers and Billy Papke.

GIRL SCOUT NEWS

Troop Five This troop met Monday afternoon at 4 o'clock with Miss Cox's class in Girl Scout leadership. We had only a short meeting which began by each person putting a jigsaw puzzle together. We went into patrol meetings and had a knot-tying relay race. We sang some songs afterward and closed with "Taps."

Troop Four This week's meeting was attended by all members of Troop 4. We have planned to work on a Christmas program next week. The Girl Scouts are also planning to have a float in the Santa Day parade.

Troop Six Elaine Murphy, Scribe Thirteen girls were present Thursday afternoon in the Girl Scout room. We have a new captain, Mrs. Hugh Marrow, and a new lieutenant, Miss Marquette Terrell. Our assistant lieutenant, Lillian Rice, was also present. The characters for the play first part on the Christmas program on Dec. 22 were chosen. Mary Flesher and Helen Chandler passed some of their tenderfoot tests. Troop number six aims to have all new girls complete tests next time if possible. Then we will rehearse our play and work on bead bracelets.

Troop Three Betty Jane Blythe, scribe Christmas carols opened the program this week. Afterward a knot-relay was held. Girl Scout songs were sung and the meeting closed with "Taps."

The court of honor met immediately after the troop was dismissed. Betty Curtis and Sarah Ellen Will, patrol leaders, made plans to decorate the Scout room for Christmas next time.

New Schedule For Area Is In Oil Men's Hands

A new production schedule for the Panhandle oil field, increasing the percentage of profitable oil allowed to 10.73 per cent, was issued from the local office of the oil and gas division of the Texas Railroad Commission yesterday, the order to be effective Saturday morning, Dec. 2. The Panhandle allowable remained the same, 42,000 barrels. The state allowable was set at 877,645 barrels, under the certification of 888,000 barrels by Secretary of the Interior Ickes. Allowance of 10,345 barrels was made to take care of new production.

The potential of the Panhandle field has increased to 152,279 barrels since the last report was issued a month ago. Marginal oil was reduced to 26,080 barrels because of a test of marginal wells. The reduction allowed for marginal production was instrumental in giving the increase in the profitable oil allowed. The amount of profitable oil for the field in the new summary is 123,537 barrels. The summary by counties follows: CARSON—249 wells, 15,376 barrels potential, 3,711 barrels marginal oil, 41 barrels exempt oil, 11,624 barrels profitable oil, 5,001 barrels allowable. GRAY—849 wells, 107,213 barrels potential, 14,007 barrels marginal oil, 1,054 barrels exempt oil, 92,152 barrels profitable oil, 24,949 barrels allowable. HUTCHINSON—689 wells, 28,082 barrels potential, 7,805 barrels marginal oil, 1,567 barrels exempt oil, 624 barrels profitable oil, 5,001 barrels allowable. WHEELER—50 wells, 1,608 barrels potential, 557 barrels marginal oil, 1,051 barrels profitable oil, 669 barrels allowable. TOTAL—1,837 wells, 152,279 barrels potential, 26,080 barrels marginal oil, 2,682 barrels exempt oil, 13,537 barrels profitable oil, 42,000 barrels allowable.

Largest Well of Several Months Flows in Gray

Gray county's largest oil well in several months was brought in Friday afternoon. It is the Continental Oil company's No. 3 Wright in section 13, block 8, I&GN survey, northwest of LeFors, which started making 70 barrels an hour on the gas lift. A large flow of gas encountered above pay was drowned by the heavy flow of oil.

The total depth of the hole is 2,870 feet. Pay is coming from 2,800 feet to total depth in the granite base formation. The new well is a direct offset to the Dancier Oil & Refining company's No. 8 Wright, which was completed for 1,900 barrels a day more than two months ago.

Continental Oil company's No. 4 Wright, one location south and one location west of the new producer, is drilling ahead at 2,555 feet. The Phillips Petroleum company's Woods, an offset to the new Continental well, has just cemented pipe at 2,720 feet and will start drilling in early next week.

The active part of the field in the eastern part of the county saw the Skelly Oil company's Hussey in section 11, block A9, with 300 feet of oil in the hole for the appearance of a good well. Two barrels of oil an hour were taken from a total depth of 2,388 feet, but increase in the production was found when the hole was drilled to 2,432 feet. The well will probably be shut.

Skelly's No. 2 Webb in section 62, block 25, was shot with 150 quarts from 2,468 to 2,502 feet and production is better than 400 barrels a day. West of Pampa the Southern Exploration company's No. 2 McConnell in section 174, block 3, is making 175 barrels a day on railroad commission tests.

Several other tests in the field are nearing the pay and orders for new locations are pending by several companies.

YOUNG LOVE'S PROBLEMS ARE FILM'S THEME

JOEL McCREA, GINGER ROGERS PAIRED IN DRAMA

A romantic melodrama of very young persons and their problems in love provides interesting screen fare in "Chance at Heaven," RKO-Radio picture's film version of Vina Delmar's latest story which was recently popularized as a serial in Liberty Magazine, the new attraction at the Rex theater now.

With Joel McCrea, Ginger Rogers and Marion Nixon, involved in an intriguing triangle of romance, marriage and heartbreak, "Chance at Heaven" presents and unravels the problems of Blacky Gorman, Marje Harris, and Glory Franklin.

Blacky and Marje have been childhood sweethearts in their New England town, and are prepared to enter matrimony now that Blacky is an established proprietor of his automobile service station.

As the wedding bells are about to resound through the town, Glory Franklin enters Blacky's life. Or vacation from New York and her ultra-sophisticated smart society set, Glory lavishes feminine wiles and fascinating beauty upon Blacky, which result in an elopement.

Like a good soldier, Marje stands by and aids Glory in setting up house for Blacky. When Glory learns she is to have a baby, her mother takes her to California. Blacky, shortly thereafter realizes that his "chance at heaven" is in the New England town in Marje Harris.

Combined with the enthralling romance of "Chance at Heaven" as only Vina Delmar can depict it, is an abundance of comedy. A great deal of it is attributable to Andy Devine in his role of Blacky's gas station assistant. William Seiter directed the picture with Lucien Littlefield, Ann Shoemaker, George Meeker and Virginia Hammond also in the cast.
