TWINKLES

Fort Worth sports writers here for the Pampa-Amarillo football game were amazed. The crowd, the enthusiasm, the terrific play gave them an impressive picture of Panhandle football.

They wrote a lot about that. But what especially impressed them was the press box. And, too, the telephone line from the field. Strange it is how many cities fail to provide any facilities for the press and then wonder why their publicity is poor.

Much credit for handling the publicity for Harvester games this year goes to W. O. Workman of the high school faculty. He has a news sense, is always alert, and gives newspapers instant cooperation.

Newspaper men are not mind readers. They need cooperation in getting the news they desire when they desire it. A "bad press" is usually one that is made to feel that way. And a bad press can do a lot of harm. Ask Mr. Herbert Hoover.

Santa Claus is coming and it would not surprise us any to see him wearing Uncle Sam's costume this year.

rest after even a minor crime constitutes a tax against the public. All of the crimes, big and little, have an average cost of \$3.60, it is estimated.

Murders have increased during the depression, while all other forms of crime have decreased. It is an astonishing fact that fraudulent transactions cost Americans nearly four billions of dollars last year. Blackmail and extortion, while violent, are not yet major items in this huge sum. But somebody is losing a big sum every minute of the day, and

TOPPING OF ROAD WILL BE COMPLETED IN 85 DAYS

THE state contract for topping about 6 miles of highway 152, beginning about 6 miles east of here and continuing half way to the county line, was officially started yesterday by R. W. McKinney of Nacogdoches, general contractor.

The federal employment office in the city hall has charge of placing the generally unemployed men on this project, wholly apart from the civil works administration which has taken over the old relief work. The federal office number is 460, while the telephone of the relief office is 364.

Former Prairie Official Talks In Senate Probe

WASHINGTON, Nov. 15 (AP)—William S. Fitzpatrick, former president of the Prairie Oil company, testified to senate investigators today he had received \$300,000 out of \$12,000,000 profits in a Sinclair Consolidated corporation oil pool through an arrangement with the Rockefeller.

Dollar Sags In Foreign Markets

NEW YORK, Nov. 15 (AP)—The dollar continued to decline in foreign exchange dealings today, despite the fact that the R. F. C. failed to jack up its gold price.

While the gold price, at \$33.56, unchanged from yesterday, indicated a dollar worth approximately 61 1/2 per cent of its old parity, as measured by the French gold franc it fell to about 59 1/2 per cent of parity.

Commodity and share markets were hesitant, and price changes largely narrow and unimportant. In the bond market, U. S. government issues declined a little more, but held up better than yesterday.

Baker Musicians To Make Trip To Grandview Friday

Five members of the B. M. Baker school band will appear on the program Pampans will take to the Grandview school carnival next Friday evening.

In announcing this number, Frank Hill, who is arranging entertainment for the event, said that other numbers would be added later. The band members are Virginia Harrison, Clara Belle Jones, Elizabeth Flemming, Annabelle Lard, and Mary Virginia McHenry.

The trippers will gather at the city hall at 7 p. m. Friday and go together to the school south of here. A large crowd is expected to make the trip. The invitation to local folk was extended several weeks ago.

One of the big reasons why the Woodrow Wilson kind band is as good as it is: Miss Lois Stallings, the accompanist for the band. She has the sort of voice one likes to hear in singing.

ENFORCEMENT MUST BE HAD, HE DECLARES

WASHINGTON, Nov. 15 (AP)—Hugh S. Johnson took to President Roosevelt today a report that compliance with codes and the blue re-employment agreement is not working successfully and means must be taken quickly to secure more thorough enforcement.

This conclusion was reached by the NRA administrator on his ten-day swing around the midwest, which he said he considered highly successful.

LUBBOCK GAME TICKETS GO ON SALE IN PAMPA

TICKETS for the Harvester-Westerner football game in Lubbock Saturday afternoon at 2:30 o'clock were placed on sale at the office of Joe Smith in the courthouse this morning.

Mr. Smith has 375 adult tickets at 75 cents each for reservations and 125 students at 25 cents. These seats are on the 40-yard line of the west side of Texas Tech stadium.

Although many Pampans have been heard to say they intended to go to Lubbock by special train, fewer than a dozen have made the necessary reservations at the Board of City Development office. Unless 150 reservations have been made by tomorrow afternoon, plans for the special train will be dropped.

Meanwhile, members of the pep squad of Pampa high are trying to find transportation by automobile. Each girl has \$1 which can be applied to help buy gasoline and is willing to give the dollar to anyone going to the game. Arrangements must be approved by the pep squad faculty sponsors. More details may be obtained by calling the high school, phone 70.

Crew Takes To Lifeboats When Ship Is Disabled

VALENTIA, Ireland, Nov. 15 (AP)—Ships steamed today from all directions to assist the little British freighter Saxibly, whose crew of 27 men had taken to lifeboats after waging a losing battle against a storm 300 miles off the Irish coast.

Leading the rescue efforts was the great liner Berengaria, regarded as one of the most important factors in the sea battle for life.

Hearing the distress call from the little cargo ship, she changed her course and rushed at a speed of 20 knots toward the last reported position of the Saxibly.

GOVERNMENT BUYS HOGS

CHICAGO, Nov. 15 (AP)—Government buying of hogs brought a flood of porkers to the Chicago yards today. Action of the federal surplus relief corporation in stepping into the market twice and taking supplies which could not be sold because of the inability of buyers and sellers to agree on prices resulted in a large increase in receipts.

Kennedy Elected 1934 President Of Jaysee Body

Clarence Kennedy was elected president of the Pampa Junior chamber of commerce for 1934 at a meeting of directors last night. He will take office at the first meeting in December, replacing W. T. Fraser as president.

Other officers elected were: H. L. Polley, first vice-president; John Osborne, second vice-president; Dr. C. H. Schulky, secretary, and E. M. Conley, treasurer. Dr. A. B. Goldston was named a director to replace a vacancy. An alternate will be elected at the next meeting.

The president-elect asked for the support of the directors and the organization, to which the directors "went him one better" and told him they would make next year one of the best in the history of the organization. Committee chairmen will be named later.

EVERY MAN ON RELIEF ROLL, 325, WILL BE GIVEN EMPLOYMENT ON GRAY COUNTY T. C. W. A. PROJECTS

130 Will Be Assigned To Grading Road Through City

Men eager to obtain work tickets for employment on civil works administration projects starting tomorrow filled the basement of the city hall this morning. The work schedule previously used has been abandoned and new instructions are being issued to every man on the relief rolls, about 325 in number here.

Tomorrow 130 men will be assigned to grading of highway 33 through South Pampa. Every county commissioner will take other workmen and transport them to various road jobs. The men used by Commissioner John White will be obtained at LeFors and those used by commissioner W. W. Wilson assigned at McLean.

The relief office now is the T. C. W. A., which interpreted means T. C. W. A. as civil works administration. Mrs. W. H. Davis is civil works administrator for Gray county. Federal funds are being supplied through the Austin relief office and the government is pressing for speed in giving men employment.

It is confidently believed here by both county and relief officials that the new program will make possible placing of caliche on the Pampa-McLean road soon. Such an activity would save the county thousands of dollars.

County Judge C. E. Cary and possibly others will attend a highway meeting in Amarillo tomorrow. The subject will be a proposed campaign for closing of gaps in Panhandle paving with use of federal funds.

Joan Won't Say Yes or No To Franchot Tone

NEW YORK, Nov. 15 (AP)—Franchot Tone says he has asked Joan Crawford to marry him, but hasn't got an answer yet.

Miss Crawford, on the other hand, pointed out today that she is still Mrs. Douglas Fairbanks Jr., and besides is not at present concerned with matrimony.

The two screen figures arrived from Hollywood yesterday. They planned some shopping and some theater going. Tone said he would return to Hollywood in a week.

"I have asked Joan to marry me," he said, "and I will keep on asking her, forever."

"Mr. Tone," Joan said, "is a very nice young man."

But she wouldn't say yes, and she didn't say no.

LATE NEWS

RIDGELAND, S. C., Nov. 15 (AP)—William K. Vanderbilt, III, 27, was killed and two other persons were injured today when Vanderbilt, en route from Miami to New York, attempted to pass an orange truck on a curve and turned his car over.

GALVESTON, Nov. 15 (AP)—Branch Rickey, vice president of the St. Louis Cardinals, announced today that his club had traded Jimmy Wilson, catcher, to the Philadelphia National League club for Virgil Davis, catcher, and Clarence Delker, infielder. Rickey declined to say whether there was a cash consideration.

NEW YORK, Nov. 15 (AP)—Conrad H. Maan, president of the Kansas City chamber of commerce, surrendered to U. S. Marshal Raymond P. Mulligan shortly after 11 a. m. today to begin a five months sentence on a conviction that he took part in a lottery held by the Federal Order of Eagles.

DALLAS, Nov. 15 (AP)—Mrs. L. W. Boone, 35, enticed Mrs. Pearl Hall, 30, to the Boone home early today by posing as a friend of her husband and then shot and killed her as a result of reports that Boone had been "stepping out."

Drooping Bonds Leaves Price Of Gold Unchanged

WASHINGTON, Nov. 15 (AP)—The administration today fixed the price of domestic newly mined gold at a point far below the dollar figure abroad.

The dollar, meanwhile, fell from \$5.27 1/2 to the pound at the London opening to \$5.37 1/2. This in turn carried the dollar value of gold at London from \$34.03 to \$34.68.

By contrast, the price of RFC purchases of newly mined gold was set at \$33.56, unchanged from yesterday.

Only once before has the Washington figure been put below the world price. Then, the circumstances were similar to those of today, weakness in government bonds had cropped out the day before.

Westbrook Will Demand Bonds Be Issued Quickly

WASHINGTON, Nov. 15 (AP)—Lawrence Westbrook, Texas relief director, said today he would urge Governor Ferguson urging that she officially demand that the Texas bond commission speed up issuance of relief bonds in that state.

Westbrook explained he just had received a letter from James Allred, attorney general of Texas, saying that the board of control in the contract had given the printers until December 18 to print the bonds.

"I'm going to demand that that contract be broken or that some steps be taken to speed up the matter," Westbrook said.

"They can't get away with that. We have promised the federal relief administration that we would hurry and issue those bonds and we have been given consideration by the administration upon that promise. I am not going to break faith with the administration on an unnecessary delay."

Westbrook said even now he is asking Federal Administrator Hopkins for an additional \$1,500,000 allotment to Texas and delay in issuing bonds is thus doubly unfortunate, since Hopkins had been previously assured the matter would be expedited.

MORGENTHAU TO BE TREASURY HEAD

Acheson Resigns As Under-Secretary To Woodin

WASHINGTON, Nov. 15 (AP)—President Roosevelt today announced that Secretary Woodin would begin a "complete leave of absence" at the end of the week and that pending his return, Henry Morgenthau, Jr., would be acting secretary of the treasury.

Undersecretary Dean Acheson has resigned and Morgenthau will be appointed to that post.

Mr. Woodin tendered his resignation to the president several days ago, but Mr. Roosevelt declined to accept it, suggesting instead that the secretary be completely freed of all governmental responsibilities while he takes a complete rest.

He has been suffering from a throat infection which has required constant treatment by New York specialists.

During his absence, Woodin will accept no remuneration from the government.

In tendering his unaccepted resignation, Woodin said he had attempted to stay away from his desk of late and so far as possible recuperate from his ailment.

He added, however, that he was unable to do this fully, and that since his physicians had ordered rest and a change of climate, he was submitting his resignation.

In reply the president said that "the first consideration" was Mr. Woodin's "complete recuperation."

Since Woodin could not attain this and at the same time continue with his duties, the president suggested that he take a "complete leave of absence" and "do all you can to get full health and strength, without any responsibility or thought of work."

Morgenthau has been at the head of the farm credit administration. Woodin told treasury newspapermen that he would leave for Arizona within a week or ten days where he hoped to effect a permanent cure for his ailing throat.

No official explanation of Undersecretary Acheson's resignation was made. However, it appeared that he left to make room for Morgenthau.

Mr. Roosevelt wanted to make the latter chief of the treasury in Woodin's absence. He could not appoint him secretary without completely displacing Woodin.

Amarillo Woman Injured in Wreck

BOONEVILLE, Ark., Nov. 15 (AP)—The engine of a westbound Rock Island passenger train overturned and several coaches were derailed here today as a result of what railroad officials described as a deliberate attempt to wreck the train.

Three persons were slightly injured. They were: W. C. McCollin of Little Rock, engineer; Mrs. James Gwyn of Amarillo, Tex., a passenger; and Brunil Goodwin, negro brakeman.

The train ran into an open switch which officials said had been tampered with, as it entered the yard. Fireman W. P. Eubanks of Little Rock jumped and escaped injury.

OSCAR HARTZELL FINED \$2,000 IN MAIL FRAUD TRIAL

OSCAR CITY, Iowa, Nov. 15 (AP)—Oscar M. Hartzell, promoter of a claim to the Sir Francis Drake estate, was found guilty today on 12 federal charges of using the mails to defraud in collection of funds for his enterprise.

Federal Judge George C. Scott sentenced him to ten years in the federal penitentiary and fined him \$2,000.

Charles Golt, defense attorney, announced the case would be appealed. Attorneys went into conference regarding the amount of bond on which Hartzell would be at liberty pending action on the appeal.

The verdict meant the liberation of the jurors from more than three weeks of confinement during which they were prevented from reading newspapers or conversing with others than themselves.

The case opened October 24. In 12 counts Hartzell was charged with sending through the mails letters in promotion of a fraudulent enterprise.

He was labeled a "swindler and racketeer" by government attorneys for his collection of between \$700,000 and \$1,300,000 from American donors to finance his 13 years stay in London, supposedly establishing claim to the estate.

The defense contended he had obtained an assignment of claims of an heir to an unrecorded son of Sir Francis Drake who had been fraudulently deprived of his share in the famous privateer's fortune amassed through piracy along the Spanish main.

Prior to Golt's announcement of appeal Judge Scott overruled a motion for a new trial.

Scott said he was uncertain whether he would entertain a motion for an appeal bond and told the defense attorneys that the matter of keeping Hartzell in custody here until an appeal could be perfected would be decided by United States Marshal Don J. Fressner.

Conviction on all 12 counts made possible a maximum sentence of 60 years and fines totaling \$12,000 for the 57-year-old promoter.

Lions Present Model Program At High School

Pampa Lions had a big time in high school assembly today as they presented a model luncheon under the auspices of the National Scholarship society of the high school—without the formalities of a school.

Dr. H. H. Hicks delighted the students with a discourse on pep, entirely humorous. The serious part of the program was taken by C. H. Walker, who described the club's work for the under-privileged. President Clyde F. Pathe of the club was chairman and Gilmore N. Nunn program chairman. The Lions were presented by Reed Clark, president of the honor society.

The musical entertainment was by a girls' trio composed of Miss Jackie Jones, Miss Dorothy Doucette, and Miss Virginia Rose, and by John Sturgeon, bass. They were compelled to give repeated encores.

Members of the scholarship society were introduced as Miss Loraine Noel, Samuel Stennis, Miss Josephine Lane, Miss Florence Sue Dodson, and Miss Dorothy Harris, seniors; and Miss Anna Mae Pleshner, Miss Vandell Keys, Miss Iris Gillis, and Reed Clark, postgraduates. Miss Noel explained the entrance requirements for members of the society. Miss Anna Ruth Schulkey is faculty adviser.

Supt. R. B. Fisher, Principal L. L. Sone, and Coach Odus Mitchell made brief talks. Coach Mitchell and C. P. Bunker, secretary of the school board, were "guests" of the Lions club. Copies of a special edition of the Lions Talk, club publication, were distributed to students. The high school band and pep squad led the cheering just before adjournment.

WALL STREET BETRAYED OR BETRAYER

When Leonor F. Loree jumped up in a meeting, waved a \$20 bill and declared that the ending of the gold standard was a heinous violation of trust, he started a lot of people thinking along lines he hadn't intended.

His point, of course, was simple enough. He had in his hand a \$20 bill. When it went into circulation it was worth \$20 in gold; today it is not; hence the government has done something horrible.

But the spectacle of this Wall street man beating his breast is nothing less than grotesque when you put it up against its proper background.

Part of that background is the farm belt. In the farm belt there are a lot of farmers jumping up in meetings and waving bits of paper—mortgages, which were contracted when it took one bushel of wheat to buy a dollar and which must be paid when it takes two bushels to buy a dollar.

The farmers have been the victims of a betrayal quite as cruel as that which harrows the soul of Mr. Loree—crueller, perhaps, for no one supposes that Mr. Loree is in danger of losing his home and his bread and butter. Furthermore, the betrayal that came to them came while the dollar was firmly anchored to gold. They were undone by "sound money"—money which for all its soundness, was worth one thing when they borrowed it and another when they had to pay it back.

Their demands for relief are just as valid as Mr. Loree's—more so, perhaps, for our departure from gold has not brought the well-fed Mr. Loree into danger of hunger and the loss of everything he owns.

And that isn't all there is to this background, either. This is hardly the psychological moment for a Wall street man to get up on his hind legs and talk about "a violation of trust."

There are a good many Americans today who possess beautiful pieces of paper, for which they paid Wall street good money. Wall street pledged its faith that these bits of paper could be redeemed at the price that was paid for them, and that they would bear interest steadily until the moment of redemption came.

But today you can buy lots of those pieces of paper for a nickel on the dollar. There are many more that aren't worth even that.

If we are going to wave pieces of paper and yell about betrayals, let's start with farm mortgages and Wall street bonds. After all, Mr. Loree's \$25 bill will still buy quite a few groceries.

(Continued from page 1)
denominations. Senator Royal S. Copeland of New York claims that the public loses millions in small rackets as it takes to operate the federal government.

It is said that we have more than half a million criminals in prison, and that ten per cent of the criminals are convicted. This would indicate that America has five million criminals in its population. The increase in prison population in the last ten years has been 80 per cent. Men come out worse than they went in. Prisons constitute a collection of miserable clubs for the criminally minded. But outside of the prisons we see criminals riding in armored cars, sneering at the law, corrupting our political system.

Maybe we exaggerate the toll of the world war to America, although certainly not its meaning to those who went to action. But while 126,000 American soldiers died in the war, and 234,000 were wounded, we learn from Liberty magazine that in the 18 months ending December 31, 1931, our automobiles killed 53,000 men, women, and children and injured 1,576,846. As many as 12,000 persons are killed in homicidal affairs in America in a single year. Any war is bad, but peace is little less tragic. How much longer are we going to spend of our dollars, 25 cents for misgovernment, 50 cents for crime, and only 5 cents for food, 3 cents for clothing, 3 cents for education, 5 cents for rent, and 2 cents for a newspaper to tell us about crime? asks Liberty.

RELIEF

(Continued from page 1)

WASHINGTON, Nov. 15 (AP)—Secretary Ickes today characterized the new \$400,000,000 civil works fund as a means for holding back the line of unemployment; this winter until major projects under the \$3,000,000,000 public works administration can get fully underway.

Addressing the governors of 20 states, the mayors of 150 cities and more than 200 other officials gathered as a relief convention he told

of plans aimed to hire 4,000,000 men until February 1 through allotments under the \$400,000,000 fund.

Harry L. Hopkins, the civil works administrator, previously had urged that relief funds be used to pay actual wages for work done in addition to this sum.

Officials crowded in some of the main dining rooms of the Hotel Mayflower applauded both Ickes and Hopkins. They will meet with President Roosevelt at the White House during the late afternoon.

"We intend to go through with this regardless," Hopkins told the officials. "I do not anticipate that anyone will endeavor to inject politics or personal gain into the plan. We do not intend to tolerate such."

Hopkins set minimum wages under his fund for three sub-divisions of the country. These provide that unskilled labor in the southern zone

shall be paid not less than forty cents, with a forty five cent minimum in the central zone and fifty cents in the north.

Skilled labor which may be necessary on the projects will be paid \$1 an hour in the southern zone; \$1.10 in the central zone and \$1.20 in the north.

For purposes of determining wage rates, Hopkins, the civil works administrator, outlined the three zones.

The southern zone includes Oklahoma and Texas.

CHICAGO GRAIN
CHICAGO, Nov. 15 (AP)—Giving way rapidly in the late dealings today, wheat fell to nearly 3 cents under the best figures touched on earlier rallies.
One of the disconcerting factors was announcement that a cargo of spring wheat was reported as loading at Duluth for shipment to Chicago. Monetary uncertainties, however, formed the chief unsettling influence, with general lack of confidence shown on the part of speculative buyers.
Wheat closed nervous, 1 1/2-2% under yesterday's finish, corn - 1/4-1% down, oats 1 1/2-1 3/4 off, and provisions varying from 17 cents decline to 7 cents advance.

MARKET BRIEFS

NEW YORK, Nov. 15 (AP)—Stocks generally were indifferent to another sharp decline of international dollar rates today and leading issues milled about in a narrow range during a relatively dull session. Speculative sentiment apparently was still confused regarding the administrator's monetary program. The close was irregular. Transfers approximated 1,300,000 shares.

NEW ORLEANS COTTON
NEW ORLEANS, Nov. 15 (AP)—The market continued to ease at the beginning of the second hour, December dropping to 9.97 and March to 9.20, or 7 to 8 points under opening high. Later in the morning took another sensational jump to \$5.42 to the pound and cotton promptly recovered to 10.04 for December and 10.28 for March, a recovery of 7 to 8 points, or all the previous lows to levels even with the initial highs. Near noon, prices reacted 3 points from the top on profit-taking, but still showed a net advance of 3 to 5 points.

MOSCOW IS DELIBERATING GUARANTEES ASKED BY ROOSEVELT

SOVIET ENVOY IS AWAITING INSTRUCTIONS

RUSSIA IS OPPOSED TO TREATIES BEFORE RECOGNITION

BY WILLIAM L. BEALE, Associated Press Staff Writer.

WASHINGTON, Nov. 15 (AP)—Deliberation in Moscow over understandings sought by President Roosevelt prior to formal Russian recognition was one authoritative explanation advanced today for the 2-day recess in personal conversations with Maxim Litvinoff.

An official prominent in the week of negotiations answered questions on the cause of delay with a suggestion that "possibly" the Soviet commissar was awaiting instructions from home.

Other informed quarters believed matters referred to Moscow involved not only specific points but a fundamental of Russia's past foreign policy—a firm opposition to any agreements before actual recognition.

Despite the established Soviet attitude, it was known that President Roosevelt sought an understanding on religious freedom for American nationals in Russia.

Linked with liberty of worship were other subjects involving the rights of citizens of the respective nations while in the other.

YOUNG DEMOCRATS ARE ISSUING MEMBERSHIP CARDS—NEXT SESSION WILL BE IN AUDITORIUM DEC. 12

Membership cards of the Young Democratic club are being distributed to those members who have paid their dues. The cards may be obtained from Gilmore N. Nunn, Gray county chairman.

Those who have not paid their dues may give the 25 cents to any member of the executive committee. The small sum is all that is required per year. The committee men are A. M. Teed, H. Otto Studer, Claude Williams of McLean, Forrest Linquist of LeFors, W. H. Curry, Julian Barrett, Olin E. Hinkle, W. J. Smith, John Osborne, Roy Bourland, and Mr. Nunn.

W. J. Smith, president of the local club, has announced that the next regular meeting will be held on the evening of December 12 in the city auditorium. The original date was a week earlier, but the meeting was changed to avoid conflicts with other events.

At the coming meeting, there will be a debate on recognition of Russia, and other features by local and visiting talent.

Club Discusses Child Culture

Papers on various phases of child culture were read by members of the Pampa Circle, Child Conservation League of America, when it met yesterday in the Schneider hotel with the national organizer, Mrs. Jessie Shoefelt, in charge of the program and business meeting.

The subject was "Self Control and Anger." Mrs. C. C. Cockerill discussed the topic, "Anger, its disastrous reaction on the nervous system and destruction of mental poise." Mrs. G. W. Appleby gave notes on this subject from "Foundations of Success."

"Handicapped," a poem, was read by Mrs. R. D. Morris. Mrs. A. L. Patrick discussed "How to Overcome Fear in the Child." References were given by Mrs. C. P. Callison, who then read a paper, "Distinguishing between bad temper and reasonable anger," with Mrs. Patrick discussing the references.

Present were those on program and Mesdames C. L. Stine, Owen Johnson, W. V. Murray, Jack Vance, Mildred Lafferty, Joe Berry, R. D. Morris, Weldon Wilson, Hugh Ellis, C. E. Kennedy, J. D. Wilson, F. Earle Scheig, A. A. Reynolds, J. T. Morrow, and Shoefelt.

The next meeting, Nov. 28, will be with Mrs. G. W. Appleby, 804 N. Gray.

In the OIL FIELDS

Texas company No. 11 Faulkner is of section 43 block 25, H&GN survey.

Panhandle oil field production last week dropped below 40,000 barrels, although four new producers brought about 1,100 barrels initial production. Gray county had three of the four new wells, Wheeler the other.

Bell Oil & Gas company got a 700-barrel test in its No. 1 Webb in section 61, block 25, H&GN survey.

Locations in Gray County Gulf Production company No. 4 Thompson is moving in a rig 440 feet from the south line and 990 feet from the east line of the southwest quarter of section 126, block 3, H&GN survey.

Skelly Oil company No. 1 Webb "B" has been located 745 feet from the east line and 540 feet from the south line of the northeast quarter building a rig 1,310 feet from the west line and 1,148 feet from the north line of section 29, block 8-2, H&GN survey.

New Location in Wheeler H. R. Anderson No. 1 Harlan has the cellar ready in the northeast corner of the northwest quarter of section 49, block 24, H&GN survey.

Fred Coogan No. 1 Powell has been located in the northwest corner of the southwest quarter of section 11-9n-25w.

The four new wells that brought in the 1,125 barrels production, were as follows:

Completion in Carson Texas company No. 3 Garner "B" in section 95, block 4, H&GN survey, was bottomed at 3,170. Pay was from 2,945 to 2,955, with 20 barrels initial production and 4,000,000 feet of gas.

Completion in Gray Bell Oil & Gas company No. 1 Webb in section 61, block 25, H&GN survey, was deepened to the granite wash pay from the former depth of 2,570 where it had stopped in the lime pay. It was completed in the lime pay for 135 barrels. It was deepened to 2,628 and the new pay from 2,610 to 2,628 brought the production up to 700 barrels on test.

Cambrian Oil company No. 2 Cole in section 105, block 3, H&GN survey, was bottomed at 3,240. The pay at 3,125 to 3,240 was shot with 350 barrels and the well was completed for 400 barrels on Commission test.

Completion in Wheeler D. M. Rhodes No. 1 Noel in section 54, block 24, H&GN survey, was formerly completed at 2,482 for estimated 10 barrels. Deepened to 2,618 and plugged back to 2,498 where it did 5 barrels a day.

Drilling Notes in Gray The Continental Oil company has three tests going in Gray county, one in the Finley pool and two in the Wright pool just to the north of the Finley pool. The No. 7-A Finley in section 32, block B-2, H&GN survey, is drilling ahead at below 1,900 feet. The No. 3 Wright in section 13, block 3, H&GN survey, is drilling at 2,400 and the No. 4 on the same lease is rigging up a rotary.

Magnolia No. 1 Webb in section 42, block 25, H&GN survey, will test

at 2,080. Has estimated 12,000,000 feet of gas.

Skelly Oil company is testing for proration its No. 5 Vicars in section 127, block 3, H&GN survey. Total depth is 3,283 and it swabbed 275 barrels in 15 hours after a shot in the pay of 180 quarts.

Southern Petroleum Exploration company No. 2 Baird promises a good producer. Had 1,500 feet of oil in the hole at 3,250 and was given a 240 quart shot from 3,200 to 3,269.

In Hutchinson Continental Oil company is rigging up a rotary for its second test in section 5, block 1, B&B survey.

The No. 1 well was the discovery well of this prolific pool and has produced over 600,000 barrels of oil since it was brought in May 1929, for an initial production of 595 barrels. To date 19 producers have been drilled in the pool, the Phillips company having 8 of them and now drilling in the ninth.

In the Badger pool of southeast Hutchinson county the Travelers Oil company has spudded in on its No. 1 Heale in section 4, block M-21, TCRR survey.

In Wheeler Helena Oil company in section 50, block 24, H&GN survey, has renewed drilling operations and is now below 2,500. This test had 67,000,000 feet of gas at 2,298 to 2,304.

Gas Load Bigger The colder weather of early winter has had one beneficial effect on the Panhandle field at least, it has built up the gas load through the five major pipe lines by almost 100,000,000 feet daily.

On September 1 the load carried was 209,000,000 feet daily, and the last week of October it had climbed to 305,000,000 feet.

This was the combined load of the Texoma, Cities Service, Cana-

'Happy' King To Play For Dance

Another well known orchestra will be heard in Pampa tonight when Kerry "Happy" King and his famous band of southern entertainers play for a dance at the Pla-Mor auditorium. The band has just finished a long engagement at the Heidelberg hotel in Baton Rouge, La.

"Happy" King is coming to Pampa after some of the best bands in the country but he does not "take a back seat to any of them." Several novelty skits will be presented while soloists will play an important part in the program.

Admission will be 25 cents with each dance 5 cents extra.

dian river group, the Panhandle Eastern and the Northern Gas and Pipe Line company. The Cities Service, having the oldest established market, carried the heaviest load.

The total daily output of the field, taking into consideration the pipe lines, the gas going to gasoline extraction plants and the untreated gas used in producing oil wells, amounted to 1,495,000,000 feet daily, in the same report. This was divided as follows: To the pipeline companies, 395,000,000 from the west Panhandle field, and 45,000,000 from the Wheeler county field; 500,000,000 feet of residue gas from the gasoline extraction plants; 70,000,000 feet of untreated gas.

WHEAT ALLOTMENT COMMITTEE EXPLAINS NEW FIGURES—CALL FOR FARMERS TO SIGN IS MADE

Through the efforts of the county agent and the county allotment committee the estimated average of wheat for Gray county has been raised from 1,438,000 bushels to 1,722,500 bushels per year, making the raise in allotted bushels from 776,031 to 930,204 bushels. These figures in terms of money will be raised from \$217,283 to \$290,457, at 28 cents for the county's allotted bushels.

This raise, however, will not take care of all of the bushels reported by farmers. The number of bushels reported was 1,905,872, so it will be necessary to deduct 9.4 per cent from the bushels on every application to conform with the government figures.

The original acreage set by the government was 122,800. This figure was raised to 135,333, while the acreage reported by the farmer was 138,007. This will necessitate a cut in acreage of 2 per cent from each application to meet the government figure. It is felt that this cut will not hurt the farmer. If measurements of the land should be made in the spring, the farmer may have up a strip around the edge of the field or plow up wheat that is a poor stand to meet this requirement.

Signing of contracts will begin immediately. However, farmers are requested to wait until notice is received from the county agent before coming to sign contracts. Due to

Optometrist Goes To Lubbock Clinic

Dr. Paul Owens left yesterday to attend a graduate clinic in advanced optometry to be held Nov. 15-16-17 in Lubbock under Dr. A. M. Skeffington, noted research worker in diagnosis and correction of eye trouble.

These optometric clinics are being held in most of the principal cities of Texas and are in connection with the extension program conducted by the Texas Association of Optometrists.

Dr. Owens stated that the science of caring for the eyes had advanced so rapidly during the last few years, so many conditions once thought impossible of correction are now capable of complete elimination, both cause of effect, that it has almost become a new science. The demand of the eyes of this mechanical age are so much more intense than was formerly true that constantly improved methods of care have been necessary.

Dr. Owens will return Saturday, Nov. 18th and his office will be closed until that time.

A. W. Florence of LeFors visited here last night.

making changes in applications and contracts, it will be several days before all are ready for the final signatures.

CLUB WOMAN SHOWS SUPPLY OF FOOD AS RESULT OF YEAR'S WORK WITH GARDEN AND CANNER

Other Homes To Be Open This Week To Visitors

A pantry with 354 quarts of canned foods and 545 pounds of stored, dried, cured foods to supply a family through the winter, was inspected by visitors yesterday at the home of Mrs. Harry Gillespie, Laketon home demonstration club woman.

She held open house, assisted by others in her club and women of the Priscilla club, celebrating annual achievement day in food supply work. This was the first of three such events, the second being held this afternoon at the home of Mrs. J. C. Browning at Merten, and the last scheduled at the home of Mrs. A. R. Walberg at Kingsmill tomorrow.

Visitors Expected.
Several persons from Pampa and from other communities in the county visited the home of Mrs. Gillespie yesterday, and more are expected at the succeeding events, which are nearer the city.

A store of food for balanced meals during the year was shown by the hostess yesterday, with a group of menus indicating her plans for using it. She reported that 70 more quarts of canned food and 690 pounds of other food will be added to her pantry within the next few weeks.

Meats, vegetables, fruit, and cereals are included in the store of home raised food.

Displays of canned meals and also of home made gifts were shown by cooperating members of the clubs. A report of food supply work by the entire club was summarized in a poster showing that members canned a total of 2,294 quarts of fruit, meat, and vegetables valued at \$4,134.

In addition, they have stored and dried 445 pounds of vegetables, cured 6,330 pounds of meat, and made 176 pounds of cheese.

Joint Social Is Held By Classes

Madonna class of Central Baptist church had Dorcas class members as guests at a business and social meeting in the home of Mrs. Lee Miller yesterday afternoon.

Reports for the month of October showed 30 visits, nine telephone calls, 11 trays, 17 garments given away, 6 bouquets of flowers sent. After the business session a basket of gifts was presented to the hostess. Apples and stick candy were served.

Those present were Mesdames O. L. Gilstrap, W. O. Goolley, E. V. Davis, Walter Kirg, Jerry Lockard, R. E. Warren, Caldwell, Louis Farpley, C. B. McIntyre, C. B. Clemmons, Fred McCann, Claude Crane, Joe Altman, George Berlin, J. B. Holloman, Keith Caldwell, T. P. Simmons, and the hostess.

Methodist Zone Meeting to Open Here Tomorrow

Methodist women from nine towns will be here tomorrow for an all-day zone meeting of the Women's Missionary society. All women in the church here are invited to attend the program, to be given at the church.

Mrs. W. Purviance is zone leader, and has arranged the day's program. Devotional and mission topics will be presented, varied with musical numbers.

A luncheon will be served at noon for visitors from out of town.

HOPKINS P-T. A. MEETING

A business session of Hopkins Parent-Teacher association will be conducted Thursday afternoon at 3:30. All members of the group are asked to be present at the school building at that hour.

Goes With Band

Lela Pearl Baldwin, young acrobatic dancer, will appear with the Woodrow Wilson Kid band when it plays in Austin this week. She will give several numbers in tumbling and acrobatics. The band leaves today to play before the state federated women's club convention. Lela Pearl, advanced acrobatic pupil of Miss Kathryn Vincent, will appear here in Miss Vincent's annual Christmas charity revue to be presented in December.

100 PER CENT ENROLLMENT IN HOOVER P-T. A.

Every Home In The District Is Now Represented

SOC—100 PER CENT—24

Hoover Parent-Teacher association is the first in the county this year to report a hundred percent enrollment of parents in its district.

Nine families are represented in the school, and all have a member enrolled in the association with Miss Lema Jane Butcher, teacher, it has been announced by Mrs. J. M. Daugherty, president.

The association will present its book week program Saturday evening at the school building. An entertaining program is being prepared, to which members and visitors are invited. It was first planned for Friday, but had to be postponed.

Club Surprises Two With Party

An all-day quilting of the Rebekah club Tuesday was turned into a surprise birthday party for Mrs. Lizzie Walker and Mrs. Daisy Eldridge in the afternoon.

Those present to enjoy the work and social occasion were Mesdames Nat Lunford, C. R. Followell, Anna Brooks, John Hall, C. D. Hall, Guy Saunders, W. J. Brown, R. S. Walker, Orin Young, George Bunch, N. J. Hall, J. J. Spangler, O. H. Davis, J. P. Effany, Daisy Eldridge, Hattie Tinkler.

DEBATE GIVEN AS FEATURE IN BPW PROGRAM

COMING EVENTS ARE PLANNED BY THE CLUB

BUSINESS women have not elevated business ethics, judges decided after a debate which featured the Business and Professional Women's club program last evening.

Mrs. Ewing Leech and Miss Clara Lee Shestemaker upheld the winning negative side.

Mrs. Glen Pool and Mrs. Alex Schneider were the affirmative speakers. Judges were R. W. Castleberry, Olin E. Hinkle, and Miss Louise Durrenberger.

A banquet bridge tournament, style show, and games are coming events discussed in the business session. The first event will be the tournament, which the club will sponsor jointly with the Kiwanis club November 21. Sale of tickets was planned last night.

Plans were completed for the banquet, which husbands and friends of members will be entertained November 28.

The style show is to be given in connection with a luncheon at the Schneider hotel early in December. Mrs. H. H. Hicks will be in charge.

Out-of-town models will present the latest styles to a group of invited guests.

Last on the list of planned activities is a Christmas dance, for which definite arrangements will be made soon.

Children Write Original Verse

Original poems were written during education week by pupils of Woodrow Wilson school. Various subjects were chosen by the young verse makers. One appropriate to national book week is among the three chosen for publication.

OUR SECRET CHEST

By Eleanor Ruth Gilham
I always think a certain place
In our room is like a gate
Which opens to a mysterious land
Where I wouldn't dare be late.

A boy or a girl if a hundred he has made
May lift the latch, you see,
I always wonder when I pull
If there's a book for me.

And when I find a book that's dull
I do not often keep;
But when I find one full of fun
I'm not apt to fall asleep.

I never know what sort of stories
Will be waiting within, you see,
And that's why the secret chest is
So interesting to me.

THE MAIL PLANE

By Richard Saxe
Most every night at suppertime
I hear a plane go by.
I wonder where it is coming from,
And where it's going to fly.

I wonder how the pilot feels
When he drives along at night;
I'm sure that he is thankful
To see a flashing light.

I think when I grow older,
And get to be a man,
I would like to be a pilot,
And fly across the land.

WOODROW WILSON SCHOOL

By Frances Koonce
I think the Woodrow Wilson school
Is the best that there could be.
The children are not naughty,
And they work like little bees.

The teachers are very nice, you see,
In Woodrow Wilson school
They teach you how to read,
And to learn the golden rule.

Our principal is the
Very best of all;
She is little, she is light,
And she isn't very tall.

Let me whisper to you,
Have you heard our band
Dressed in red caps and gowns?
We think it the best in the land.

Wise Spending Is Twentieth Century Club's Subject

The first of two programs on wise spending was presented by the Twentieth Century club, which met yesterday at the home of Mrs. I. B. Hughey with Mrs. Edwin Vicars as leader.

Roll call was answered with hints on wise spending. Mrs. Vicars introduced the program by telling how to make a budget survey.

THANKSGIVING LUNCH PLANNED BY STUDY CLUB

Program on Child Training Heard Yesterday

Mrs. Ralph Thomas was leader of a program on child training, when the Child Study club met at the home of Mrs. A. N. Dilley yesterday afternoon.

Plans for their Thanksgiving luncheon, at which other federated club presidents here will be special guests, were made during the business session. The lunch will be given at the Schneider hotel, Nov. 23.

Mrs. Thomas discussed "Wise Ways With a Child," to open the program. Children need to be trained for the responsibilities of adult life, she said, so that these will not be suddenly thrust upon them.

She mentioned care of toys and household tasks as early responsibilities, with a privilege given for each.

Discipline Discussed.
Mrs. John Hessey's topic was "Authority and Discipline." She discussed control and guidance, and said that the technique of discipline is to help the child avoid wrong rather than punishing him after a wrong act.

Mrs. Sherman White spoke on "How to Handle the Nervous Child." A child reflects the mental atmosphere of the home, she said; peaceful homes produce contented children and good physical surroundings aid the child's mental state.

Mrs. Horace McRee, discussing "Physical Training for Young Children," named exercise through play as an important means of physical fitness.

Other present were Misses Rufe Thompson, Sherman Roberts, H. R. Thompson, J. A. Meek, A. A. Kelly, Frank McAfee, Lee Harrah, Howard Meece, S. D. Stennis, and Mrs. J. F. Rittenhouse of Akron, Ohio.

History, People Of Texas Theme Of Club Program

Mrs. A. M. Martini was hostess to the Twentieth Century Culture club yesterday, when an interesting program was given on Texas. "It's a wonderful land, my land—so sunny, so wind swept, so rain blessed," was the program theme.

Great sons of Texas were named in answer to roll call. After a brief business session with Mrs. Carl Boston, president, in charge, Mrs. Ralph Dunbar directed the lesson.

Mrs. Ben Ferris gave a vivid story of Texas. She told how the state got its name and sketched its early history. Mrs. Clyde Gold discussed "The People of Texas."

Mrs. Dunbar closed the study with a discussion of Texas Government, early and modern. She traced the development of the state government, showing its progress, and from county to city form of government.

During the social hour refreshments were served to Misses Boston, K. J. Dunn, Dunbar, Ferris, Gold, R. E. Lawrence, M. N. Lewis, L. N. McCullough, L. L. McCole, Ernest Metkief, T. F. Morton, C. H. Schulkey, J. P. Wehrung, and the hostess.

The next regular meeting will be in the home of Mrs. Boston, with Mrs. Lawrence leader, Nov. 18.

Members of First Christian Church Go To Convention

Twenty-eight members of First Christian church here are attending a one-day convention at Amarillo today. Churches of the Faithhandle are represented for the missionary conference.

Speakers include Roy Wright, missionary to India, Grant R. Lewis of St. Louis, Mrs. Bessie Hart of Fort Worth, E. L. McWilliams of Hereford, and Roy Snodgrass of Amarillo.

Soup a Mid-Morning Meal

Making nourishing soup in sufficient quantity to last several days is a good idea, particularly where there are children, for a cup of soup and a few toasted crackers made a good mid-morning meal.

YOUNG PEOPLE OF CHURCH ARE GIVEN BANQUET

Humor Features Program for 81 Guests

A banquet for the young people's class of First Christian church was given by the men's Bible class yesterday evening, as a result of an attendance contest won by the former group recently.

Humorous talks and music made up the program, over which John Sturgeon presided as toastmaster. The banquet was attended by 81 persons.

C. E. Hutchins, president of the host class, welcomed the guests. John Martin and Sam Keith of the young people's class responded.

Ivy Duncan and Mr. Sturgeon each spoke briefly and humorously. A quartet composed of Sam and Charles Thomas, Mrs. J. B. Townsend, and Jimmy King sang, and Mr. King sang solos with guitar accompaniment.

A sing-song, led by Mr. Sturgeon, and informal games were the other entertainment features.

Cranberry jelly poured into a shallow pan and when stiff cut into small shapes makes effective garnishes for salads or meats. Small cookie molds or biscuit cutters can be used.

CLING TO BE PROJECT FOR JUNIOR CLUB

DEFINITE PLANS ARE TO BE COMPLETED THIS WEEK

A PRE-SCHOOL clinic will be sponsored by the Junior Twentieth Century club as its chief project for this year, members decided at their meeting yesterday.

The club will work with the local relief board and school nurse. A called meeting is to be held late this week to perfect plans.

Mrs. Max Mahaffey was hostess at her home, and Mrs. Paul Jones presented the program on fiction. She reviewed briefly the novel, Peter Abelard, by Helen Wardell.

A literary response was made to roll call. Following the program, and business session, Mrs. Mahaffey served delicious refreshments.

Value of Books Told by Merten P-T.A. Speakers

Two speakers emphasized the value of good books to children in the book week program of Merten Parent-Teacher association yesterday. It was attended by 25 members and visitors.

Books which children come in contact early in life influence their entire careers, County Superintendent John B. Hessey said in speaking on "Education Through Good Books."

Mrs. C. L. Thurman spoke on "Books in the Home," urging the need for good reading material throughout childhood.

Readings were given by Mrs. Goldston and Clyde E. Riley of Pampa. Another entertainment event was an educational movie presented by Mr. Hessey.

Committee chairmen all reported good progress in work of the association, as a feature of the business session.

DEADLY 'SOCKS' SCHEDULED IN EVERY ROUND OF FIGHTS TOMORROW NIGHT

Lubbock Expected to Attempt Field Goals In Effort to Win Game Saturday

STAMPER MAY BOX RUTH IN OPENING BOUT

Leather is scheduled to fly from all angles of the Pla-Mor ring tomorrow night when Promoter B. W. Kelly stages a three-way main event for fight fans of this section. Six well known fighters will be on the big card, which will start at 8 o'clock so that fans will not be out too late if the events go the distance, which is doubtful.

REGAL-PARIS BATTLE IS TO CLIMAX RING PROGRAM

The main event will be opened with Old Kid Granite, local 144-pound brawler, boxing 8 rounds with Hank Alvarez of Mexico City. Granite has been a Pampa favorite for seven years while Alvarez will be making his first local appearance. The Mexican is said to be one of the best in his class.

Little Kid Granite of Oklahoma City will be one of the battlers in the second 8-round main event. He will meet Kid Karr, Houston sensation. Both boys will weigh 122 pounds. They are deadly hitters and smart. Karr and Granite are listed as up-and-coming fighters of the southwest.

The wild man of Borger, Pete Regal, will be on the last 8-round bout, meeting Chief Paris, Oklahoma Indian. This should be the wildest bout on the card unless Babe Ruth comes over from Amarillo. Both Regal and Paris are hard-hitters and tough.

The card should be the best presented here this season.

Reserve seat tickets on sale at City Drug Store.

TOO BALKY

SUSANVILLE, Calif. — Deducing that when an automobile acts like a mule it should be treated as one, three Plute Indians built a fire under their balky car here. The fire thawed out the cold engine but didn't stop at that. The fenders were saved.

'HAPPY' KING DUE TO MAKE A HIT TONIGHT

Tonight is the night to which music and dance lovers have been looking forward. "Happy" King will bring his famous dance band to Pampa to play for a dance at the Pla-Mor auditorium. Many people of Pampa know this band and have heard the praises for the high quality music and entertainment furnished by these talented artists.

The management of the Pla-Mor believes this the best band they have been able to secure for Pampa this season. Members of the band are real southern entertainers and come direct from a four months engagement at the Heidelberg hotel in Baton Rouge, La.

Various specialty numbers will be sprinkled in with regular dance music. Band members are artists in more than their regular playing instruments. An unusual treat is in store for all who attend tonight, according to those who have heard the band.

As a special treat the Pla-Mor is making a charge of only 25 cents admission and 5 cents per dance. (Adv.)

SHAUGHNESSY PLAYOFF PLAN OPPOSED BY BASEBALL HEAD

'Shoestring' Operator Is the 'Greatest Hazard Confronting the Game.'

GALVESTON, Nov. 15 (P)—Opposition to the Shaughnessy plan of deciding league championships and the "shoestring" baseball operator was expressed today by William G. Bramham, president of the National Association of Professional Baseball Leagues, in the president's annual report.

Bramham, reporting at the Minor League association's annual convention, severely criticized club officials for ignoring the organization's rules. He mentioned particularly "secret agreements" between "members of our association and major league clubs and between our own members."

The association president called the "shoestring" operators "the greatest hazard confronting the game."

"These men have no funds with which to operate," he said. "They play upon the civic pride of communities and their love of the sport to raise funds through civic organizations for training expenses, which are seldom paid from the funds so raised, stall off players and other creditors, fatten their own coffers, then throw up the franchise, burdening good territory with liens, payment which prospective new owners are unwilling to assume."

"Such practice disgusts patrons of the game, kills love and desire for the sport, creates distrust and lack of confidence in our own ranks, and creates a hazard for solvent operators in the league of which the promoting operator is a member."

"I shall offer, and urge the membership to support, an amendment to the national association agreement which will provide that no operator of a franchise under the protection of this association shall be eligible to again operate a franchise until such operator has liquidated the claims he has created in territory so operated. This amendment will further provide that any salary or commissions which shall be due such operator from any source in baseball shall be applicable to the payment of such liens until they are paid in full."

Referring to the Shaughnessy plan, which provides for a play-off for the pennant among the first division clubs, Bramham said that "I am convinced the general good of the game will suffer greatly by the addition of the plan."

Bramham said that "here and there" might occur a series which appeared to meet with favor and financial success but that "it is not a test of real merit and furthermore, it is commercializing the sport to a degree that must inevitably meet with popular disfavor."

Concerning the "chain" system, Bramham asserted that "the ideal assistance to be rendered the minors by the majors is a stipulated sum to be paid in cash with the right of selection by the aiding club of a player or players from the roster of the club aided. This permits the continued existence of civic pride and neighborly jealousies, so absolutely essential to the growth and perpetuation of the game, especially in our "B", "C", and "D" classifications.

"Where local ownership has been impossible to procure, some of the leagues have sought among the majors outright operation in order to save the league and the property rights of franchises being operated locally. Here and there this has resulted in outright ownership and operation. With this has come ownership of plants in these cities and extensive improvements running into millions of dollars. The situation of which we complain has been through our own procurement and acquiescence and has resulted in vested property and franchise rights which now close the doors to debate insofar as these particular franchises are concerned."

Former Pampan Is Married Recently At Home in Kansas

Announcement has been made here of the marriage of Miss Margaret Polson, formerly of Pampa, to Clarence Reaves, of McPherson, Kan., solemnized at the home of Mr. and Mrs. Jess B. Martin by the Rev. Leon H. Sweetland, pastor of First Methodist church in McPherson.

Miss Polson was formerly connected with Maddux Bros., pipeline contractors here, and is well known among the younger set. Mr. Reaves is in the employ of the Lario Oil company, with headquarters in McPherson.

After a short honeymoon trip the couple will be at home there, at 422 West Woodside avenue.

ORDINANCE NO. 158 AN ORDINANCE AMENDING PARAGRAPH (C), OF SECTION NO. 1, AND SECTION NO. 4, OF ORDINANCE NO. 111, PASSED AND APPROVED BY THE CITY COMMISSION OF THE CITY OF PAMPA ON THE 4TH DAY OF FEBRUARY, 1929; AND DECLARING AN EMERGENCY.

BE IT ORDAINED BY THE CITY OF PAMPA, TEXAS:

SECTION I. Paragraph (C), of Section No. 1, of Ordinance No. 111, passed and approved by the City Commission of said city on the 4th day of February, 1929, governing the sale of milk and milk products in said city, is hereby amended so that the sentence therein containing reading as follows: "Whipping cream and manufacturing cream are creams containing not less than 30 per cent milk fat intended for whipping or manufacturing purposes, and the grades of same shall not be based on bacterial count," shall hereafter read as follows: "Whipping cream and manufacturing cream are creams containing not less than 30 per cent milk fat, intended for whipping or manufacturing purposes."

SECTION II. Section No. 4, of said Ordinance No. 111, is hereby amended so that the sentence therein contained reading as follows: "Every grocery store, restaurant, cafe, soda fountain, or similar establishment selling or serving milk shall display at all times, in a place designated by the health officer, a card furnished by the health officer, stating the grade of the milk at the time when delivered and whether same is raw or pasteurized," shall hereafter read as follows: "Every grocery store, restaurant, cafe, soda fountain, or similar establishment selling or serving milk or cream shall display at all times, in a place designated by the health officer, a card furnished by the health officer, stating the grade of the milk or cream at the time when delivered and whether same is raw or pasteurized."

SECTION III. EMERGENCY. It appearing that said Ordinance No. 111 requires the changes herein set forth for the reason that heavy creams are being sold in said City without regard to the sanitation or cleanliness of the premises where handled and produced, and that the public health and welfare require the immediate enactment of such changes, an emergency is hereby declared, and the rules prescribing three separate readings of an ordinance are hereby suspended, and this ordinance shall be in full force and effect on and after its passage and publication, as prescribed by law.

PASSED AND APPROVED, this 13 day of November, 1933.

W. A. BRATTON, Mayor.

ATTEST: J. H. Blythe, City Secretary.

Texas League To Retain Play-Off Plan Next Year

GALVESTON, Nov. 15 (P)—The annual convention of the National Association of Professional Baseball Leagues opened today, with the report of W. G. Bramham of Durham, N. C., association president, holding the attention of delegates.

The executive committee of the association planned to resume consideration of the appeal of Harold Meyer of Wilkesbarre, Pa., from a 2-year suspension from organized baseball. Meyer, vice president and general manager of the Wilkesbarre club, was alleged to have made a false statement regarding the salary paid to one of the club's pitchers. President Bramham ordered Meyer's suspension and he appealed.

The Texas League met yesterday, with the Western League scheduled to meet today, and club owners of the International League planning to consider their problems today or tomorrow.

The Texas league decided to retain the Shaughnessy pennant plan play off and to operate in 1934 with the same clubs which made up the circuit this season.

The vote for retention of the play off among the four first division clubs was 6 to 2 with Houston and Oklahoma City casting the negative ballots. Considerable opposition to the plan had been expressed after San Antonio, a fourth place club, captured the pennant in September.

The International League used a play off system last season and club owners of that circuit were divided on the advisability of its continuation. Frank Shaughnessy of Montreal, author of the plan, expressed the belief that the International would favor its retention by a vote of 16 to 2.

2-for-1 Sale At City Drug Starts Today

The City Drug Store is announcing today the beginning of its two for one sale, when Nyal items will be sold at two for the regular price of one.

This is a regular semi-annual event of all Nyal stores. The hundreds of Nyal items available in this sale will take care of most of the needs of the family and these sales are looked forward to by housewives, according to W. F. Cretney, manager of the local store.

The store has been arranged, with sale items displayed, in order to make shopping easy for those who buy. The sale will close Saturday night.

Mrs. H. A. Talley of Miami was a visitor here this morning.

Bowling Scores

The Country club bowling team in the Commercial league set a few records for other teams to shoot at last night during league play. The golfers rolled a single game of 1,058 pins to set an all time alley record. On top of that they rolled a three game series of 2,888 pins. Art Swanson rolled a high league game with 256 pins and Sam Feunberg followed with 252 pins in the same game. Feunberg's total for the three games was 629 pins and Swanson's 615 pins.

The clubmen took the three games from the Kiwanis club while the Thirty Footers were taking all three from the Schneider hotel in games featured by low scores.

PRINCETON TO BATTLE THREE MORE ELEVENS

UNBEATEN AND UNTIED SEASON IS AIM OF TIGERS

BY HERBERT W. BARKER, Associated Press Sports Writer.

NEW YORK, Nov. 15 (P)—For the first time in 11 years, a Princeton football team is knocking at the door that leads to an undefeated and untied season.

Three more rivals remain on the longest Tiger schedule in history—Yale this week, then Rutgers, then Yale—but all three appear to be well within the capabilities of this Princeton eleven, a throw-back to the outfits that Old Nassau used to trot forth to the consternation of its rivals.

There is no disposition, even in Princeton, to minimize the pitfalls that lie ahead but the fact can't be hidden that the Tigers have won six straight games, beating, among others, Columbia, Brown, and Dartmouth, have scored 151 points against none for the opposition and, in the process, have played just about as impressively as any team in the East with the possible exception of Army.

Fritz Crisler has developed a magnificent line and a fleet array of backs, mostly sophomores, who can go places with that ball. No rival, in the East at least, has played more alertly just as no rival can boast the wealth of material that Crisler has on hand in his second season at Old Nassau.

It was way back in 1922 and the days of Jack Cleaves, "Maud" Crum, Jack Gorman, and Howard Gray, that Princeton last finished with a perfect record. The Tigers of that year pushed past Johns Hopkins, Virginia State, Colgate, and Maryland in succession and then went west to nose out Chicago in that famous 21-18 duel. Back in the East again, Princeton eased past Swarthmore and then wound up by beating Harvard, 10-3, and Yale 3-0.

There were good Princeton teams after that until the "depression" set in starting with 1929 but none could finish undefeated. Those dreary campaigns of 1929-30-31 when the Tigers won only four games against 16 defeats and two ties, are too recent to need any comment. Crisler's first season failed to produce a major victory last year but the Tigers tied Yale, Cornell, and Navy and were beaten only by Columbia and Michigan.

Gorillas Will Play Pirates In LeFors Friday

The Pampa high school Gorilla football team will close the 1933 football season Friday afternoon with a game in LeFors, where it will meet the fast LeFors Pirates at 4 o'clock. The Gorillas were scheduled to go to Canadian, but the Wildcats won their section and will have to play a bi-sectional tilt this week.

The Pirates under Coach Duncan have an impressive record this season. They were selected to win their section but lost one game to Canadian when seven regulars were ineligible. The Pirates outplayed the Wildcats, making 13 first downs to three, but lost the game 14 to 0.

Most of the Pirate squad is well known in Pampa. The Harvesters scrimmaged the Pirates before the football season opened and the LeFors boys showed remarkable ability at that time.

Fans are urged to make the trip to LeFors and see the future Harvesters in action.

Tasty snacks can be made by mixing salad dressing with sardines and chopped pickles and spreading on bars of hot buttered toast. These can be served with fish or vegetable juice cocktails.

WINTER HEAVYWEIGHT FIGHT IN FLORIDA IS CONSIDERED

Would Pit Carnera Against Sharkey, McCorkindale or King Levinsky.

NEW YORK, Nov. 15 (P)—Along with reports of industrial progress under the NRA comes boxing's infallible contribution to the signs of better times—Madison Square Garden has about decided to promote another winter heavyweight fight in Miami Florida.

"We would like to go to Miami this winter," said Col. John Reed Kilpatrick in guarded tones today. "We are definitely seeking a match."

But Jimmie Johnston, the man in the iron hat who runs boxing for the Garden, is anything but reticent.

"We're receiving fine reports from Florida," he said, getting all worked up and breathless over the prospect. "Business is much better. Believe me there's a lot more people getting dough together right now than there was a year ago, and I wish I could get my hands on some."

The Garden's plan, grammatically speaking, is to have Primo Carnera defend his heavyweight title late in February against either Jack Sharkey, Don McCorkindale, or King Levinsky in the Miami bowl built for Sharkey's \$200,000 effort against Phil Scott in 1930. The year before that, carrying out plans first made by Tex Rickard, the Garden staged a \$400,000 show at Miami Beach, featuring Sharkey against young Bill Stribling.

Carnera, who defended his title against Paulino Uzcudun in Rome several weeks ago, will return here in January and is under contract with the Garden for two matches. Johnston and Kilpatrick still hope that Max Baer, now a moving picture actor, will be lured back to the ring for an outdoor match with Carnera here in June.

Although Max Schmeling, German heavyweight who was knocked out by Baer here last June, also is scheduled to return from Germany after the Christmas holidays, he has broken off relations with the Garden. Schmeling has a contract for a return engagement with Baer in San Francisco this winter.
