U. S. FOREIGN GOLD POLICY AT STANDSTILL AS DOLLAR REFUSES TO DROP

LONDON PRICE OF GOLD GOES DOWN 8 CENTS

SUBSTANTIAL GAINS IN GRAIN MARKETS; STOCKS DULL

WASHINGTON, Nov. 4 (AP)—The government apparently eased up on its foreign gold buying today, but advanced the price of the metal when newly mined in the United States to another new high figure. While dispatches from abroad told of inactivity on the bullion markets, the domestic price has increased from \$32.57 to \$32.67. This change was accompanied by a decrease in the London price of gold from \$32.26 yesterday to \$32.18 today. London advices said only one purchase of gold was made there today and it comparatively minor one involving only 1,104 pounds worth of the metal. Meanwhile, officials made no comment on the reported imminence of private purchases of gold to be imported. They were not surprised, however, for it is reconstructed that a company is to buy newly imported gold with no limitation placed upon the amount. However, it has not divulged what price it expects to pay for it. Despite the drop in the gold price abroad, officials were gratified to note substantial gains in the grain markets, despite a slump at the opening. Stocks were irregular but inclined to respond to the upward movement of commodities.

Stopped Ship

Such a great shakes at the rhumba's exotic Alicia Paria who's known on the stage as Mariana, that the liner Ile de France stopped at sea at the request of enthusiastic passengers to allow the 19-year-old dancer to perform. Mariana, shown arriving in New York, danced with and showed the Prince of Wales how she did her steps.

JOHNSON OFFERS TO MAKE AN EXCEPTION OF HENRY FORD IF HE WON'T LAY OFF EMPLOYEES

MANUFACTURER PLANS TO CONFORM WITH AUTO CODE

WASHINGTON, Nov. 4 (AP)—The recovery administration today held out to the Ford Motor company a way to avoid laying off its thousands of workers seven days each. To the Ford company's assertion that "we don't want to do it but the law requires it," Hugh S. Johnson, the industrial administrator, today replied that the probable reason for the layoff was a seasonal decline in production, but that: "If Mr. Ford wants to give work to any of these men he said he is laying off on a mandate, we will be glad to consider an exception (to the code) permitting him to continue them all in employment." Johnson issued this statement in the midst of hurried preparation for departure tomorrow on a week's speaking tour through the midwest, a journey which he hopes will aid in quieting much of the intense opposition that has sprung up to the recovery program. DETROIT, Nov. 4 (AP)—Despite the reconstruction administration's offer to "consider an exception" if Henry Ford wishes to abandon his announced plan of layoffs to conform with NRA auto code work-hours, the Ford Motor Co., without replying to the offer, tonight went ahead with plans to put the layoffs into effect. Nine thousand workmen, the company announced, will be laid off next week, and similar numbers in succeeding weeks to bring the average Ford hours down from 40 a week to 35, as provided in the auto code. This, the company was represented as believing, is another Ford move to "comply fully with the law," despite the fact that Henry Ford believes the hour provision of the auto code is a "new prohibition against work in this country." No comment was forthcoming upon recovery Administrator Hugh S. Johnson's statement in Washington that he assumed the layoffs were being made because Ford production had fallen off seasonally, but that he would be glad to "consider an exception" to the auto code if Ford wants to give work to the men being laid off. There were no indications that the company planned an immediate reply.

Forest Chief

Appointed to be new chief forester of the government forest service is Ferdinand A. Silcox, above, now a director of industrial relations for the New York employing printers' association. He succeeds Maj. Robert Y. Stuart, who fell to his death from an office building in Washington.

DEATH ASKED BY STATE IN YOUTH'S TRIAL

WALTER MCGEE DUE TO DIE FOR PART IN CRIME

KANSAS CITY, Nov. 4 (AP)—George McGee, 21, was sentenced to life imprisonment by a jury which convicted him late tonight of participating in the \$30,000 ransom kidnaping of Miss Mary McElroy, daughter of the city manager. The state had demanded the death penalty, a verdict voted against McGee's brother, Walter, at a previous trial. The jury deliberated slightly more than three hours. George McGee denied he was involved but he was identified by Miss McElroy and her father, H. F. McElroy, who paid the ransom. The death penalty verdict for Walter McGee was the first returned by a jury since a wave of kidnaping swept over the nation, dating from the abduction of the infant son of Mr. and Mrs. Charles A. Lindbergh. Miss McElroy, 25, was seized at her home the morning of last May 27 by two men who gained entrance by pretending they were bringing an order of face creams from a drug store. A display of pistols quickly convinced a maid the visit had a different purpose. Miss McElroy, who was taking a bath preparatory to going to the horse races at River-side park, was compelled to dress hurriedly. "I'd like to make your father pay \$50,000 for you," she remained calm, jokingly replying, "I should be worth more than that." George McGee was arrested June 17 at Roanoke, Va. J. L. Manning, superintendent of police there, said he admitted receiving \$1,500 of the ransom, most of which he spent. Clarence Stevens, also sought in the case, has not been found.

Menjou's Next

There's preparedness for matrimony as well as for war, and Veree Teasdale, above, and Adolphe Menjou seem to be firm believers in it. So much so, in fact, that these film notables are reported to be planning a wedding, though Menjou still is the husband of Kathryn Carver, with a divorce that won't be final until next August.

GOVERNORS OF FIVE STATES DISAPPOINTED

F. D. R. URGES SUPPORT OF OWN RECOVERY PROGRAM

BY ROY F. HENDRICKSON, Associated Press Staff Writer. WASHINGTON, Nov. 4 (AP)—President Roosevelt today flatly rejected price-fixing and regimentation of farm production and sales as the solution of the farm price emergency. He turned down the program submitted by five midwestern governors in the face of their predictions that his decision would lead to rapid and widespread increase in farm unrest and disorders, then urged them to get firmly behind his own adjustment program. The governors—Olson of Minnesota, Herring of Iowa, Berry of South Dakota, Ghemedeman of Wisconsin, and Langer of North Dakota—expressed disappointment in varying degrees as they prepared to return home. Langer, identified with the non-partisan league during its heyday in North Dakota, said he was "disgusted," and asserted the decision "means the farmer is the forgotten man of this administration." He made it clear he was out of sympathy with the administration's efforts which Mr. Roosevelt pledged would be moved along at the highest possible speed. Berry and Herring said they intended to support the president in his efforts, that while they were disappointed with his decision, they had confidence in the ultimate success of the administration program. Schmedeman said he believed the administration eventually would be forced to shift its farm program and incorporate some of the proposals of the governors. The president upheld Secretary Wallace, George N. Peek, the farm administrator, making it clear he believed the governors' plan would be unworkable and unacceptable to most of the nation's farmers and that he regarded it filled with possibilities that farmers of the states the governors represented would be injured rather than aided. The White House in a formal statement at the conclusion of a conference attended by the president, Wallace, Peek, and the governors, said the administration believed regimentation of production and sales would be opposed by "highly individualistic farmers" of the south and east, and described the program as calling for what amounts substantially to the licensing of every plowed field and marketing by a ticked punch system of all grain and livestock.

RENO SOUNDS STRIKE PLEA OVER NATION

War On Administration Is Declared by Leaders Of Holiday Farmers.

DES MOINES, Iowa, Nov. 4 (AP)—Leaders of the National Farmers Holiday association agricultural strike ordered a major offensive tonight, after the federal administration rejected their demands for cost-of-production farm prices. Sounding the call to leaders in the 21 states the association claims members to be ready to shove the non-buying, non-selling movement into "full gear," Milo Reno, organizer of the campaign, warned: "The responsibility for whatever happens in the future will rest squarely on the shoulders of the administration and Secretary Wallace in particular." Already the two-weeks old strike has been marked by one slaying in creamery bombings in Wisconsin, battles between picketers and anti-strikers, and an appeal by a western Iowa sheriff for national guard troops. Milk and livestock shipments have decreased materially at Sioux City, Iowa. "Secretary Wallace has flatly refused to give any consideration to our program," Reno wired his state colleagues, after reading press reports that five midwestern governors had failed to obtain recommendations for price-fixing at cost-of-production, an NRA code for agriculture, and currency inflation. "If the president supports Wallace, I request all state presidents to immediately contact every holiday officer, instructing them immediately to throw the strike into full gear on all farm products," Reno added. The governors—of Iowa, South Dakota, Minnesota, North Dakota, and Wisconsin—drafted their program this week, after conferring with leaders of farm organizations here for two days.

AMERICAN GIRL IS GUN VICTIM IN HOLY LAND

Body of Moslem Is Found Near Dead Dancer

JERUSALEM, Nov. 4 (AP)—A new element of mystery developed tonight in the slaying of Joan Winters, American dancer, and an Indian government worker with reports to authorities that the two had been traveling with another Indian Moslem who left this morning for Egypt. Jerusalem police, who had come to the conclusion that the couple was slain by Arab rioters, began an immediate investigation into the new developments. The second Moslem, whose name was not learned, was said to be headed for India, by way of Egypt. Authorities first said the Moslem whose body was found near that of Miss Winters outside the wall of Jerusalem was probably Mohamed Karaman, a probationary civil employe en route to resume his duties in Madras. Later confirmation indicated they now believe he was Hyder Abadi, not Karaman. An unmailed letter which Miss Winters was said to have written shortly before her death let authorities to believe there was a romance between the attractive American blond and the man whose body was found near hers. The missive, found among her effects, said she met the man in Athens and arrived with him in Haifa, Palestine, last Sunday, and indicated she had formed an attachment for him. Members of her family in New York described the so-called romance as a "remote and absurd possibility" and said she might have hired him as an interpreter during her travels in which she sought material for a book.

UNITED STATES WILL RENOUNCE GRECIAN TREATY

Extradition Pact Is Regarded As Useless

WASHINGTON, Nov. 4 (AP)—A sharp order to denounce the Greco-American extradition treaty as useless as proved by the twiced-denied request for Samuel Insull went to Athens today from this government. The unusual instructions were sped to Lincoln MacVeagh, minister at Athens, after Greek courts had refused to order the return of the former Chicago utilities magnate as sought on a Cook county, Ill., indictment and later on a federal bankruptcy charge. MacVeagh's denunciation of the treaty to the Greek government, in accordance with these state department directions, would constitute a formal notice the United States desires to terminate the covenant. Once terminated, officials said, international machinery for any future attempt to obtain Insull would have been removed. It was indicated, however, the treaty likely will remain in force another year. The pact states it shall continue in effect "until the expiration of one year from the date on which such notice of termination shall be given by either of the high contracting parties."

Saxe New Gulf Superintendent

R. B. Saxe, formerly of Borger, has been transferred to Pampa to become the new superintendent of the Gulf Production company in this area. Mr. Saxe was formerly assistant to F. E. Hatfield in the Borger district. Mr. Saxe and family have already moved to Pampa and are making their home at 425 North Stark-weather street. Company headquarters is located on the H. H. Merten lease south of Pampa. Harry Mentzel was dismissed from Worley hospital Friday. Mrs. Ray Carter of LeFors was a shopper in Pampa yesterday.

M. E. Conference Hears Attack On U. S. President

TYLER, Nov. 4 (AP)—H. L. Lohman of the psychology department of Stephen F. Austin State Teachers College at Nacogdoches attacked President Roosevelt from the floor of the Texas conference of Methodists here today for "breaking the Sabbath by yachting, making economic speeches and calling conferences on Sunday." Lohman's remark was made in the course of a speech presenting a resolution commending and endorsing efforts being made against prohibition repeal and urging renewal of the fight. "The resolution was adopted without reference to the remarks on the president," Lohman said there were "four types of preachers" he encountered during the repeal fight: "Those for repeal, who should be in a psycho-athletic institution, and those ignoring the fight; harmless lunatics who take an occasional shot at the repeal movement, with a weather eye on repealists in the congregation," and finally, "those brave enough to fight repeal wholeheartedly." The non-resistance of certain ministers to the prohibition repeal movement also was attacked as "suspicious" and the conference was urged to "look under the cover" if ministers favoring repeal were given coveted assignments. To this, Bishop Hiram A. Boaz, the presiding official of the Texas district, replied that he "knew of no ministers favoring repeal."

COMMISSION HOLDS OIL COMPANY METHODS OF RETAIL ARE ILLEGAL

WASHINGTON, Nov. 4 (AP)—Leaders of the oil industry, including chiefs of its biggest companies, today weighed an opinion by the federal trade commission holding in effect their methods of controlling retail outlets were an unfair trade practice and illegal. The commission's views, set forth in a memorandum to Hugh Johnson, the NRA administrator, were before the petroleum business' planning and coordination committee, governing board of the oil world under its recovery code. No comment was forthcoming from committee members at the moment, with counsel for the big companies and independents poring over the commission's opinion to prepare answering statements to give the committee, which expected to take up the question on Monday. The method by which the larger companies control retail outlets is known as the lease and agency or lease and license practice, under which small and therefore independent filling stations were bound to handle exclusively the products of one company.

ROLL CALL IS TO BE BEGUN HERE NOV. 11

Safety First Course Starts Monday Evening

Jack Cunningham, this year's Red Cross roll call chairman, is completing arrangements for the campaign to open November 11. The Red Cross has been good to Pampa in recent years, furnishing carloads of flour, hundreds of garments, and thousands of yards of cloth to be made into clothing for the unemployed and destitute. Pampans will keep faith with the Red Cross by becoming members in the coming roll call. One of the most valuable services given to the American public by the Red Cross is through its Life Saving and First Aid courses. Virtually all of the life guards at beaches and pools in the nation are Red Cross life savers. Nearly every industry in America supports the First Aid work of the Red Cross because it annually saves lives of thousands of injured persons. These courses are taught by Red Cross experts in both lines. Last year 66,354 certificates were issued to persons completing the First Aid course and 78,798 certificates for completing life saving instruction. The Red Cross and the Boy Scouts jointly will hold a first aid course at the Junior high school building, the first weekly lecture to be Monday at 7:30. Drs. R. M. Bellamy and H. H. Hicks will lecture on first aid at the first session, which is open and free to all men of this territory. Certificates will be given those who complete as many as seven of the eleven lectures of the course. Mrs. J. M. Wright of LeFors was a Pampa shopper Thursday.

I SAW—

In fancy, a sly smile on Coach Blair Cherry's face yesterday as he pictured the reaction of Harvester fans to the 14-0 victory of the Sandies over Oklahoma City (Central). But that game didn't fool Pampans who know full well the Sandies didn't open up and who also know that the reason they didn't open up was to lower the odds and give Pampa over-confidence. Why according to dope, Pampa is now a touchdown better than Amarillo!—They Can Be Beat—Miss Peggy ("Mae West") Arnold literally covering the water-front at her home on Gillespie (unpaved) with long steps to avoid mud holes and water puddles.

Fire Destroys 2 Tanks of Oil

Two tanks of oil on the Dancier lease west of LeFors were destroyed by fire yesterday morning. It was estimated by Dancier officials that 800 barrels of oil was lost in the blaze. The tanks caught fire soon after a quantity of refuse oil was ignited in a nearby pit. The flames "backed up" a draw and ignited the oil in the tanks. The fire started soon after 9 o'clock and in less than three hours, had destroyed all the oil and the two tanks, both of 500-barrel capacity. Other nearby tanks were not endangered.

I HEARD—

Tex Berry, down at Adkisson-Gunn, bragging about killing a coyote out east of Pampa with a shotgun yesterday morning. He didn't bring in his "kill" and his story was doubted but he told it so often and with such sincerity that his hearers started believing the tale. The words—"Boy, these sure will feel good," coming from one of the dressing rooms in the gymnasium at noon yesterday when the Harvesters were getting their suits for the game last night. Upon peeking in the door the sight that met my eyes was Coach Odus Mitchell pulling on a suit of "long-handled" underwear.

Pampa High Exes Organize

Formation of an Ex-Students association for Pampa high school will take place at a banquet next Friday evening at the cafeteria in the red building on the central campus. Judge Iw E. Dun-can, one of the earliest graduates, will be toastmaster. Tickets for the banquet, priced at 50 cents, will go on sale Tuesday morning at the Corner Drug Store, Harvester Drug store, and the Pampa Drug No. 1, it was announced by the arrangements committee. The affair will start at 6:30 p. m. All ex-students and their "annexes"—wives and sweethearts—are eligible to attend the banquet. Ticket sales will close at noon Thursday. Officers will be elected and plans made for the future. The organization will be welcomed by the high school. Principal L. L. Stone has stated, because there are few records of years prior to the present school administration. Students of various years will be introduced at the banquet and brief musical numbers will be given by high school organizations. The pep squad will decorate the banquet room in the high school colors. The group will adjourn to attend a pep rally in the gymnasium in preparation for the Amarillo game.

the Weather

WEST TEXAS: Cloudy, snow in north, rain in southwest portion, much colder, cold wave in north and southeast portions Sunday; Monday generally fair, colder in southwest portion.

Upturn Item

A comparison of the August, 1933, employment index with the August, 1932, employment index shows an increase of 27.9 per cent in factory employment, while the factory payroll index gained 43 per cent over the same period.

American Education Week Tomorrow is the first day of the thirteenth observance of American Education Week.

this year upon the maintenance of free and universal American education as an ideal. It is a vital topic in this day when jobless young men—and even girls—are roaming the country aimlessly and untaught.

Your Child's Home

In his home a child lays the foundations of life. He establishes proper habits of eating, sleeping, elimination, and exercise. His home provides him with good books, a place to study, musical instruments, pets, a garden, play space, and the stimulating influence of intelligent family discussion.

Your Child's School

Did you ever stop to think what the life of your child would be like without the common school? How he would spend the long days, where he would play, what friendships he would make, what influences would mold his young personality.

Your Child's Teacher

I sing the praises of the unknown teacher. Great generals win campaigns, but it is the unknown soldier who wins the war. It is the unknown teacher who delivers and guides the young.

Objectives of Education

Education concerns the whole life. The aim of the modern school is to help every child achieve health and safety, worthy home membership, mastery of the tools, technical, and spirit of learning, citizenship and world good will, vocational and economic effectiveness, wise use of leisure, and ethical character.

Parents and teachers may guide the growth of the child around these seven purposes with the assurance that his life will be well founded and rich in promise of the highest excellence and happiness.

GEORGE WASHINGTON EJECTS TEXAS MEMBERS FROM TEAM

Three Boys Played Football At Howard Payne And Simmons University.

WASHINGTON, Nov. 4. (AP)—Too much previous football was attributed to three members of the George Washington university team today and they were ejected from the team two hours before the game with the University of Tennessee.

The three—Edward "Nig" McCarter, John Baker and Hardy Pearce—were declared ineligible by a faculty committee on the basis of a protest George Washington officials said had been filed Friday by University of Tennessee authorities.

credited Texas school," Dr. Cloyd Heck Marvin, president of George Washington, said later. The 12-0 beating given George Washington by the Volunteers ruined a record of no defeats and a scoreless tie with Clemson that the Colonials so far had rolled up for the season. Banker, 22, first string quarterback is from Anson, Texas. He played in the Lone Star state with Howard Payne. McCarter, 21, his mate in forming the spearhead of Colonial attacks, is from Ballinger, Texas. Before coming to George Washington he also played with Howard Payne. Pearce, 23, a 200-pound tackle, also is from Anson. His hard charging broke up opponent's offense and tore through enemy links for Colonial backs. He was a former player at Simmons college in Texas.

MARKET BRIEFS

Market Briefs Table: Allegheny 9 3/4, Am Can 15 90, Am Rad SS 74 14 1/2, etc.

OUT OUR WAY

December further after the start until December traded down to 9.53 and March to 9.76 down 4 to 6 points from yesterday's close. There was a slightly rally in the middle of the second hour in sympathy with a rally in stocks and December traded up to 9.56 and March to 9.79 but in the late trading prices eased again with stocks and on week-end liquidation, December dropping to 9.50 and March to 9.73. The close was at or near the lowest December closing at 9.50, and March at 9.74, both 7 points net lower.

New York Curb Stocks Table: Cities Eve 24 24, Elec B&S 22 16 1/2, Gulf Pa 3 49, etc.

New Orleans Cotton Table: NEW ORLEANS, Nov. 4. Cotton drifted moderately lower in quiet dealings today as traders appeared to hold the sidelines in advance of the new government crop estimate due on Wednesday.

KANSAS CITY LIVESTOCK Table: KANSAS CITY, Nov. 4. Cattle trade at midwestern markets was slow with prices on long yearlings and fed steers breaking to new low levels for the season.

and 81,000 heavier than a year ago. CHICAGO GRAIN CHICAGO, Nov. 4. (AP)—Corn made sensational jumps in price today at the last, almost 3 cents a bushel during fewer than that many minutes. Sudden soaring of corn values followed word that United States corn was being bought for export, and that the United States government's corn loan plan would be greatly broadened. More than 1,000,000 bushels of December delivery of corn was purchased late today for government-sponsored agencies, and there were intimations that the favorable position of the dollar was having a stimulating effect on overseas trade. Corn closed buoyant at the day's topmost figures, 2 1/2 cents above yesterday's finish, wheat unchanged to 1/2 cent lower, oats unchanged

One Killed And Five Injured In Refinery Blast

HOUSTON, Nov. 4. (AP)—Five men were burned, one fatally, and several others suffered minor injuries in an explosion of a still at the American Petroleum company refinery on the Houston ship channel near Norworthy terminal late today. Harold Walls, 34, of Houston, who was burned about the face and body died several hours after the explosion. B. R. Patton, 25, of Houston, and E. R. Rawls, 25, of Pasadena were in a critical condition. R. B. Stewart, 34, who lives on the oil company's property, and J. E. Parker, 26, of Houston, each suffered painful burns about the head and body.

GUN VICTIM

Their bodies, each bearing three bullet wounds, were found by police near the Garden of Gethsemane yesterday, 48 hours after they had set out for a moonlight walk and fell as apparently innocent victims of the wildly shooting Arabs, who were rebelling against an increasing Jewish immigration into the Holy Land. Authorities believed robbery could not have been the motive for the slayings, because money was found on the man's body. The pair encountered the rioting Arabs outside the old city walls during disturbances which broke out as a protest against the government's policy on Jewish immigration.

Cold Wave On Way To Texas

Texans got out the ear muffs and mittens and heated a brick for the foot of the bed Saturday night, in preparation for the first real "winter" of the season, as a cold wave was reported moving down from the Rocky mountains. The forecast for Sunday indicated cloudy and much colder weather and snow in the northern portion of the state, rain southward and the prospect that the cold wave would reach the coast Sunday night.

GASOLINE PRICES UP! BUS FARES DOWN!

Before you decide to drive that private car on your next trip—Call the Pampa Bus Terminal for the new low One-Way and Round-Trip rate. You can't afford to pay the car operation and other expense attached to driving your own car, if you consider these facts.

ter, Tuesday evening. Mothers entertaining were Mrs. Foster, Mrs. S. W. Rice, and Mrs. Patterson.

Sister Honored Mrs. Lawrence West entertained with an afternoon party Wednesday from 5:30 to 7, honoring her sister, Marquette Payne, who recently moved here from Shamrock.

Thelma Jo Gray Has Party Thelma Jo Gray entertained a number of her friends with a party Wednesday evening at the home of her parents, Mr. and Mrs. B. F. Gray.

Send Box to Orphans Wednesday afternoon at 3:00 o'clock, 16 members of the Women's Missionary union of the Baptist church basement.

After a brief devotional program, games were played and refreshments were served.

The ladies packed a box, valued at \$30.00 to send to Buckner's orphan home.

Mr. and Mrs. Chas. Cooke were Amarillo visitors Wednesday. Presbyterian Ladies' Lesson Members of the Ladies Aid of the Presbyterian church met at the church Tuesday afternoon for a lesson in the Old Testament.

Others present were: Mesdames Sam McSellan, Donald Beall, Vigna Strandberg, Arthur Erwin, Chas. E. Cooke, Allen Wilson, J. B. Hambree, W. K. Wharton, T. J. Coffey, S. D. Sheibourn, W. A. Erwin, and J. R. Glass.

Methodists Host to Teachers Taking the place of the regular prayer meeting service, members of the Methodist church and their families met at the church Wednesday evening with special guests being the faculties of the two schools, the football boys, and the presiding elder, Rev. M. M. Beavers of Claridon.

After a brief devotional service in the auditorium, all passed to the basement where a sumptuous feast was spread. A general good time was had at eating and talking. Rev. Beavers made an inspiring talk during the time.

Prep Club Organized Under the supervision of Miss Elizabeth Kennedy, the high school pep squad was organized into a club. The club plans to function throughout the year and to elect new officers in the spring to take the place of the outgoing seniors.

The following officers were elected: President, Carl Boyles; secretary and treasurer, Mozelle Glenn; fine collector, Helen Follis; yell leaders, Clara Faye Carpenter and Oleta Back; sponsor, Miss Elizabeth Kennedy; assistant sponsor, Miss Aline McCarty.

Study Club Meets Mrs. Horace Brooks was hostess to the study club Thursday afternoon. The subject for discussion was "Deserts." Roll call was answered by naming a native plant or animal of the desert.

Mrs. Ercy Cubine made a vivid description of the Sahara desert. Mrs. J. V. Butler described the explorations of Roy Chapman Andrews in the Gobi desert; Mrs. Vigna Strandberg talked on the desert regions of the United States; Mrs. John Harris recounted the story of Death Valley Scotty; and Mrs. W. E. Bogan read "Afar in the Desert" by Thomas Pringle.

BOARD OF THANKS We wish to take this means of thanking our friends for their kindness and sympathy during the sudden death of our father, John James Russell.

Signed: Mr. and Mrs. Robert A. Smith, Bobby Smith, and Louis B. Russell.

U. S. Spoils Kidnap Plot

EVIDENCE of the government's quick action in its anti-kidnaping drive was the arrest in New York of three young men for an alleged threat to kill Dr. Willard P. Beach, wealthy physician of the Bronx, and abduct his 10-year-old grandson, Willard P. Beach 3rd, above, unless Dr. Beach paid them \$500.

Music Programs Are in Rehearsal

Two musical events of the autumn season are to be presented soon, one by the Treble Clef club, outstanding musical organization here for several years, the other by the Philharmonic Choir, recently organized.

Mrs. C. Kentling Is Hostess to Baptist Teachers' Meeting Mrs. Charles Kentling was hostess to workers in the beginners department of First Baptist church at her home recently.

CANYON EXES TO MEET CANYON, Nov. 4.—The annual banquet of ex-students of the Canyon high school will be held at the high school gymnasium on the night of November 10th.

CHILD WELFARE WORK Done By Auxiliary Study of child welfare problems occupied much attention at the national convention of the American Legion Auxiliary in Chicago October 2 to 5, says Mrs. S. A. Burns President of the local Auxiliary Unit.

'400' Hunts For Goats, Lingerie As Latest Game

NEW YORK, Nov. 4. (AP)—Sixty-two men and women, all of them eminent in New York society, slept late today to recover from the rigors of the city's first "scavenging," in which they underwent all sorts of suffering to collect such items as hairs from Kermit Roosevelt's moustache and the underthings of actresses.

Lanterns and Step-Ins. There were 24 items on the list and these were some of them: A live goat (non-political). A hair from Kermit Roosevelt's moustache.

A lighted red lantern. The future mayor of New York, or his signature signed and dated tonight.

A live monkey. The autographed bodice or "step-in" of one of New York's most popular and well-known actresses.

Moustache Saved. Several of the Rialto's notables were minus certain essential bits of clothing. Red lanterns were gone from various places where red lights are useful.

Kermit Roosevelt's moustache was as lush as ever. Forewarned, he had proved himself with numerous artificial hairs which he unstintingly distributed to the searchers.

The autographed lingerie of Marilyn Miller, Hope Williams, Pola Negri, and Cornelia Otis Skinner were brought into the ballroom.

There were many turtles, two monkeys, some parrots, a chicken, a duck, and toucan, a South American bird that is mostly beak and not much bird.

The winning pairs were Mrs. Harry Graham and Robert Stevens, and Mrs. J. C. Waterbury and Nicholas Holmsen. They split a prize of \$500.

The judges were George Gershwin, Gene Tunney, Louis Bromfield, the Marquis de Polignac and Chas. Hayden.

BRIDES

(Continued from page 4.)

A lovely autumn tea was given by the Business and Professional Women's club Monday to benefit their school loan fund.

Among gay Halloween parties of the week was one at which Freddie and Lewis Chamberlain were hosts last Saturday, and a buffet supper and dance given by Miss Carroll

Holder Thursday. Halloween Parties BORGER, Nov. 4.—Numerous Halloween parties marked the week in Borger. Mrs. E. C. Carver entertained with a masquerade Thursday evening. Frankie Walters and Glenns Jacks were hostesses to a young party. Mr. and Mrs. Cecil Luna and Mr. and Mrs. Ben Coppock were joint hosts. Mrs. Don Meredith, who with Miss Juniece Ray of Boise City is the

house guest of Mr. and Mrs. H. M. Hood, was honored Thursday evening when Miss Lucille Crepps entertained. Mrs. Robert Ayers was hostess to the Ace of Clubs Thursday, when Mrs. L. J. Roberts was welcomed as a new member. Mr. and Mrs. Paul Hughey of Point have moved back to Pampa. John Philpott of Miami was in Pampa yesterday afternoon.

BUSINESS IS GOOD AT HILLS—FOLLOW THE CROWDS

Here Is Why Hill's Prices Are So Right Some Straight From The Shoulder Facts-- You Should Know !!

Hill prices are right . . . because Hill's bought early . . . most important because Hill's are passing on to you the full advantage of these tremendous savings. Hill's are not using 'loss leaders' nor 'bait' offers. Hill's do not need to, because in their early buying they saved you money . . . as plainly evidenced in these remarkable prices. And remember . . . you pay no premium for Hill's reliability.

—and these great vales for popular Monday Marvel Day . . .

WEEK'S MENU OF "FOOD FOR THOUGHT" HAS MUCH ADVICE ON PERSONALITY DEVELOPMENT

This week's reading menu, prepared for The NEWS by Mrs. James Todd Jr., public librarian, is rich in its application to personal problems.

Do you wish to develop your personality, perseverance, to overcome timidity, to exert a greater influence? Mrs. Todd recommends the works of famous psychologists. Her other recommendations include new fiction and books on social science and history, and economics. Many new books are arriving daily at this public library, and they are exceptionally well chosen.

Her list follows: FICTION THE WOODS COLT, by Thames Williamson. The October Book of the Month club book THE WOODS COLT is a novel written in the hill-billy dialect. The setting is laid in the Ozark country. THE WOODS COLT in Ozark lingo is a bastard-kind of wild and bred in the hills and the devil be damned, 'sometin' that-a-way. That was Clint Morgan. The book is filled with tragedy, love, infidelity, fighting, and flight from the law. Read The Woods Colt; you will be surprised.

FLUSH, by Virginia Woolf. A biography of the Barrett-Browning dog. Flush was not an ordinary dog. He was highly sensitive and highly sensitive to human emotions. Flush lived to a good old age and is buried in the vaults of Cass Guild. Mrs. Browning was buried in the English Cemetery at Florence, Robert Browning in Westminster Abbey. A very readable and entertaining book is FLUSH.

ONE MORE RIVER, by John Galsworthy. In ONE MORE RIVER, completed six months before his death in January, 1933, Mr. Galsworthy brings to a conclusion the story of "Daisy Charwell," the most charming of all ONE OF STRONG EMOTIONS, dramatic situations, and continuous action.

FORGIVE US OUR TRESPASSES, by Floyd C. Douglas. Lloyd C. Douglas' first novel, MAGNIFICENT OBSESSION became a best seller by popular demand. Month after month, it still headed the list as one of the best sellers. In this second novel FORGIVE US OUR TRESPASSES, there is the same sympathy and feeling. The story is laid around the young man, Danny, who was born with hatred in his heart toward the world for crushing his trusting young mother. All the characters in the book live the modern life and live it to the end.

THE FARM, by Louis Bromfield. This book is a panorama of American life in the making. In reality this is a sort of autobiography of Bromfield's family on an Illinois farm. It covers a period from the early 19th century well into the 20th. This book is considered one of Bromfield's best.

OIL LAMPS FOR CHINA, by Alice Tisdale Hobart. The author having spent many years in China has written this very moving novel. The story is written about the young American Steven Chase and his wife. We see them struggling through their married life in China. They have a hard time to keep a financial footing, rear children and be happy. The book is deeply American in spirit, though the scene is laid in China with all its turmoil and drama.

HISTORY THE MARCH OF DEMOCRACY, by James Thurston Adams. This new volume of history of the United States from the civil war to 1933 can be found on the library shelves. It is an amazing story from the civil war down to the election of Franklin D. Roosevelt. This book is written by one of the most popular historians of the day.

GENERAL SOCIولوجY-ECONOMICS A PLANNED SOCIETY, by George Scule. This is a book on social-economic planning. It takes us through the old and new era, the dilemma of liberalism, up to the theories of a social revolution. After this we find the "economic man" trying to determine the structure of "economic society." This book deals with the central problem of our civilization—restlessness.

THE OUTLINE OF MAN'S KNOWLEDGE, by Clement Wood. The author presents the story of history, science, literature, art, religion, and philosophy in relation to man. Every individual's object is to live; he can do this best by gathering what facts he can about the universe, arranging them logically, and then learning how to use them. The book is presented in a lively narrative form.

PSYCHOLOGY The six mental efficiency books listed below are well worth reading. TIMIDITY, HOW TO OVERCOME IT, by Yoritomo-Tsahi. This book has been written by the famous Japanese philosopher. He sets for in this book with timidity is a disease which affects the mind. Timidity procrastinates; it puts off until tomorrow, what it could do today. This book is written for those who suffer from timidity, and wish to overcome it.

PERSEVERANCE, HOW TO DEVELOP IT, by M. Besser. Perseverance is the dogged determination that overcomes difficulties, in this book the author teaches how to acquire that moral force which leads to the development of perseverance.

PERSONALITY, HOW TO BUILD IT, by H. Laurent. Personality is a noble quality that requires one to make great sacrifices before the attainment. If one wishes to command a personality, then let him read this book, and heed the advice that is offered.

INFLUENCE—HOW TO EXERT IT, by Yoritomo-Tsahi. In this book we are brought to realize that influence never dies; every act, look, and work makes for good or evil, for happiness or misery. Twelve great lessons on influence and how to exert it are given in this book.

COMMON SENSE—HOW TO ACQUIRE IT, by Yoritomo-Tsahi. We find we so often fail to use common sense. We find in this book that if common sense is properly directed, that it will carry mankind through the perplexities of life.

PRACTICALITY, HOW TO ACQUIRE IT, by R. Nicolle. The careful reader will find in this book a rich mine of suggestions on the application of practicality to the book he who would become a power in practically must first become a master of himself. The author says that self-control and self-reliance are the beginnings of practical wisdom.

APPLIED SCIENCE HEADING FOR VICTORY, by Orison Swett Marden. HEADING FOR VICTORY is a book for those who are determined to make their lives count. It is a book for every young man and woman who is determined to make a worthy contribution to the world, to make it a little better, a little cleaner, a more decent place.

SOCIAL SCIENCE SOCIAL PROBLEMS, by Gillin-Dittmer and Colbert. This book deals with social problems, the social changes, and race relations. We find the problems of home and economic life, of poverty and despondency, and of the criminal and delinquent. This is a scientific study of social problems and is well worth reading.

CULTURAL EVOLUTION, by Charles A. Ellwood. CULTURAL EVOLUTION is an outline of the author's theory of human social evolution. A chronological chart of the cultural stages is given. We find throughout the book, that the cultural process is essentially an educative process.

NEWS OF NEARBY TOWNS

CANADIAN, Nov. 4.—First entry from Texas for the 1933 International Grain and Hay show to be held at the Chicago stock yards, December 2-9, in connection with the International Live Stock exposition has been received at Chicago from T. B. Studer of Canadian. His exhibit is milo.

CLARENDON, Nov. 4.—The 1933 session of the Northwest Texas annual Conference of the Methodist church will be in session here from next Wednesday the 8th, closing on Monday the 13th. Bishop H. A. Boag of Houston will preside. The conference comprises nine presiding elder districts. Bishop Boag will read the announcement of appointments for the coming year at the close of the service Sunday evening.

A. L. Millisop of Goldston functioned as auctioneer at a box supper Friday night at Merten, a ward school of Pampa. The proceeds amounted to \$70.50. This will be used to supplement the library fund. The business men of Pampa donated 65 prizes in merchandise to be given with the sale of the boxes.

PANHANDLE, Nov. 4.—The Panhandle Panthers won their first conference game last Friday here, defeating Claude 33 to 0.

TO LEAVE THIS WEEK Madame Fanning astrologist, announced yesterday that her Panhandle schedule would not permit her to remain here longer than Thursday of this week. She is giving readings at the Schmeider hotel.

Mr. and Mrs. Kirby Kennedy of Santa Fe, N. M., are visiting in the home of Mr. and Mrs. Ben Reno. They are en route home from Chicago.

OH, DIANA!

Road Work Will Begin Monday In Hemphill County

CANADIAN, Nov. 4.—Road work on federal and state highways in Hemphill county is expected to be started next week according to information received here from W. J. Van London, division state highway engineer at Amarillo.

The relief committee reports that there are two hundred and seventy-five men, 50 teams, and 25 trucks available to go on to jobs here. When the road work does start it is believed that there will be jobs for the local men on the various projects until next July.

Two jobs that are likely to be undertaken first is the connection between highway 4, south, and the Gem City road, consisting of 2 1/4 miles of new road construction. Another one will be hauling of caliche for highway 4, north from the Horse creek bridge to the Ochiltree county line. There is to be a new Horse creek bridge built, too, that will demand attention soon, it is believed here.

Band Being Organized In Canadian. A volunteer fire department band is being organized here in Canadian, under the direction of Fire Chief W. C. Teague. Approximately 20 members are rehearsing each Monday night at the city hall. Members of the band are Homer Broadus, bass drum; Don Kite, snare drum; Perry Hazelwood, Elton Miller, bass horns; Fred Balderston, Joe Martinez, baritone; Walter Killebrew, Gordon Coleman and Earl Worley, trombones; Charles Curd and Preston Hutton, alto; Lawrence Teague, Jack Ramirez, Wilbur Killebrew, Earl Lee Wilbur, and Rus Snyder, trumpets; Harold Reed, Robert Dunn, C. W. Callaway Jr., Cindar Franks, and W. C. Teague, clarinets.

Membership In Oil Field Union Jumps to 500

The Pampa chapter of the International Union of oilfield, gas well and refinery workers, is increasing its membership daily until the organizer, Mr. Wright, announced the paid up membership this week had increased to 500 with at least 1,000 more signed to become members. The union has the full co-operation of President Roosevelt and Hugh S. Johnson and is affiliated with the American Federation of Labor. Local meetings have been held in the district courtroom of the courthouse, but all future meetings will be in the old Elks hall over the State theater. Meetings are held every Tuesday night at 7:30 o'clock and members and those interested in hearing the organization plans, are urged to be present Tuesday night. The local chapter was organized a month ago.

Mr. and Mrs. Kirby Kennedy of Santa Fe, N. M., are visiting in the home of Mr. and Mrs. Ben Reno. They are en route home from Chicago.

REVIEWS and NEWS OF CURRENT BOOKS The Bookworm By M. E. C.

(Editor's Note:—This section of THE NEWS is dedicated to the betterment and furthering of literary efforts in Pampa and the North Plains. All bits of poetry, contemporary comment on books, and their authors, and reviews may be submitted for publication, and will be appreciated. HAPPY DAYS, by Ogden Nash. New York: Simon and Schuster. 1933. \$2. A self appointed love-child's poems: Brightest and best of the sons of the morning after, Thanks for your uncontaminated laughter, Increasing with geometrical progression Even at the bitter end of the depression. And is it not amusing (oh, not half) To live to see you write its epiphany. I'm really grateful for this latest volume. Because it's serious without being solemn. Grateful for asinine, engaging wheezes. That make us all forget our lost chemists, Grateful for jests, sharp as a dental pain, That make us all remember them again. It really is surprising how your foolery Escapes from being what you'd call "paste foolery". How from some idiot phrase your gnomic mirth Contrives what yet may edify the earth. How often from your literary litter You get the authentic diamond to glitter. On this I've wondered in and out of season, And think at last I discern a reason. You represent, at least my guess is such. Something of ours that hasn't spoken much. I do not mean at all the Forgotten Man, By you discovered to be Mr. Gann No economic skeleton, no obsessed Son of the North or South or East or West. But something made on quite another plan.

Something really living, though American, That's humorous with a taste of casual witicism And not by any means above self-criticism That likes the Adirondacks, also beer, And does not greet the unknown with a cheer Like Grover Whalen, but unbrigaded, draws Its own conclusions, which are right because They're founded on the bedrock of good sense. Something not always obvious but immense. In this republic. The effects remain Still with us. Take Ring Lardner or Mark Twain, George Ade or Mr. Dooley. They all speak The same tongue with a different technique. And different also in their power and pace. They yet say something of and by the race. Here feeble, transitory, insecure. And there, eternal, destined to endure. I will not push too far that parallel You're wrong, and it's perhaps too soon to tell. But anyhow I view with shameless glee This volume and your jeux d'esprit. Nor do I feel the sentiment is wrong. At any rate I thank you for your song. O self appointed love-child, crash along!

Louis S. Russell returned yesterday to his home in Fort Scott, Kan., after attending the funeral of his father, John James Russell. Mr. and Mrs. R. O. McDowell of 411 E. Scott are the parents of a 7-pound son, born yesterday.

Police Recover McDonald's Car. J. M. McDonald's Chevrolet coach, stolen in Dallas two weeks ago, was recovered Friday afternoon in Fulton, Ark. The car was found by Constable Ed Wilson of that city. Mr. McDonald was notified yesterday that his car was found in good condition. Mr. and Mrs. McDonald and daughter, Pat, were visiting in Dallas when the car was stolen. They had taken their daughter to the zoo and had left their car not more than 20 minutes when they found it gone. Mr. McDonald's overcoat was in the car.

McMurry Eleven Shoves Out St. Edwards 7 to 6

ABILENE, Nov. 4. (AP)—McMurry college's underdog football team today came back in an irresistible air and ground rally during the fourth quarter to defeat St. Edwards university, 7 to 6, in the most unimpressive of the Texas conference season. Home field tradition had a part in the surprise, which was registered. Don Donaldson field, where the Indians have lost only one game in six seasons. The Braves went down the field in swift strides to their score, launching the drive on their own twenty yard line and winding up across the enemy goal ten plays later. C. L. Harless, sophomore quarterback, carried or passed the ball on every down. Most of the territory was covered in two passes of 30 yards each, the first to Amon Johnson, end, and the next to Jim McKenzie, halfback. At their own twenty yard line, the Tigers were penalized for excessive time out, and Harless covered the remaining fifteen in five plunges at the center of the line. Then with the counted tie, Francis Smith place kicked a goal for the deciding point.

Moyer To Play At Last Dance Here Wednesday

Ken Moyer and his famous orchestra will make their farewell appearance in the Panhandle Wednesday night when they play for a dance at the Pla-Mor auditorium. The orchestra will leave the next morning for Wichita Falls where it will stay a week before leaving for the south.

Mr. Moyer will bring some of his entertainers to Pampa for the farewell appearance. The orchestra has appeared here three times and a full house greeted it on each occasion. The well known director promises a bigger and better program for Wednesday night.

Admission to the farewell dance will be only \$1.10 a couple. Dancing will start at 9 o'clock.

Sun Oil Company Well Completed For 850 Barrels

The Sun Oil company completed its Combs-Worley test in the southwest quarter of section 34, block 3, for approximately 850 barrels Friday. The hole was bottomed at 2,998 feet. A gas flow estimated at between seven and eight million cubic feet was found with the pay in the granite wash formation. Immediately after completion the well was shut in and will not be opened until a railroad commission test is authorized, probably next month. A new ruling by the commission, effective November 1, states that no tests will be made between the first day of the month and the first day of the following month.

WHAT DOES SHE SEE?

MR. MERCHANT: If you were to call a photographer and ask him to take a picture of your show windows, the first thing that he would do would be to see that the windows were promptly lighted. He would tell you that exposed lights blur a picture and that if the light was not strong enough, the picture does not register on the film. If the lighting was not correct, he would refuse to take the picture.

Window shoppers are persons who go about taking pictures with their eyes. Eyes are very clever little cameras but they are possessed of the same characteristics as the ordinary camera. Glare blurs their pictures and if they attempt to take a picture without sufficient light they do not truly register even though they strain their powers to the utmost.

Like the photographer... the window shopper refuses to take a picture under adverse conditions. She will take her pictures where the light is right. You can supply the proper lighting for only a few dollars each month. You will find it worth the money.

WEST TEXAS FRESHMEN NOSE OUT HARVESTERS AND RESERVES 7-6

Baylor Whips T. C. U. In Shocking Upset; Hilliard And Longhorns Beat S. M. U.

TEXAS AGGIES LOSE 20 TO 0 TO CENTENARY

TEXAS IS NOW IN TIE WITH ARKANSAS RAZORBACKS

By CHARLES E. SIMONS
Associated Press Staff Writer

WACO, Nov. 4. (AP)—Scoring a startling upset, the Baylor Bears won their first Southwest conference victory here today by defeating the favored Texas Christian university eleven, 7 to 0. Jimmie Parks of Elkhart, a substitute Bear half back, upset the Christian apple cart near the end of the second period when he grabbed the ball and ran 19 yards around his left end for a touchdown.

Running like a seared Jack Rabbit, from one side of the field to the other, he was knocked out of bounds a split second after he had crossed the Frog goal line. Stringer place kicked the goal beautifully.

It was Texas Christian's second defeat of the season. They previously having lost to Arkansas. Although the score board said Baylor, the Christians doggedly outplayed their opponents. They gained considerably more yardage both from scrimmage and through the air and outscored Baylor on first downs, 13 to 8.

The Bears covered themselves with glory when they made two gallant goal line stands, both of them on their four yard line in the first period and stood off another Frog assault in the shadow of its goal at the start of the second period.

Desperate, the Christians launched an aerial offensive as the game drew to a close that almost resulted in another Baylor touchdown when Frisby leaped high to snatch a pass out of the hands of a T. C. U. receiver on the 35 yard line and returned it to the 26 yard line. The Bears were forging toward another counter when the run cracked, having worked it to the T. C. U. 15 yard line in two tries at the line.

Texas 10; Mustangs 0
DALLAS, Nov. 4. (AP)—Elusive Bohn Hilliard, university of Texas junior and ace of the Longhorns' offense, wrote his name in stars today when he gave a one-man exhibition of goal kicking and touchdowns running to award his team a 40 to 0 Southwest conference win over Southern Methodist.

This lad, up from Orange, Texas, high school, was on the "spot" before the game started. He was the player the Mustangs had drilled all week to stop. They held him for three periods. In the fourth, Hilliard, a natural punter with his right foot, stepped back to the 15-yard line on the fourth down and booted a field goal to give his mates a 7 to 0 lead.

A few minutes later, he stood on the Mustangs' 30-yard line, intercepted Robert Wilson's pass and weaved through a broken field for a touchdown. He then placed kicked with his left foot, and hardly had the ball sailed across the bar before the game terminated.

Hilliard was forced to kick with his left foot because of an injury to his right ankle some several weeks ago in the Nebraska game.

Approximately five minutes were left when Hilliard started out on the scoring spree that amazed the crowd of 16,000 and dazed the Mustangs who could not understand how this man whom they had held and tossed for numerous losses in three periods could come in like a cannon ball and rip their defense to shreds and leave them a beaten team.

Gaels Overcome Fordham 13 to 6 In Exciting Tilt

NEW YORK, Nov. 4. (AP)—Fordham's previously unbeaten Rams yielded to the superior all-around power of the giant Gaels of St. Mary's today but not until they thrilled 65,000 spectators, biggest throng of the eastern season, with a closing comeback that narrowly missed deadlocking the score. The final tally was 13 to 6 in favor of the Californians after one of the most exciting inter-sectional battles ever waged on the Polo Grounds turf.

Although decisively outplayed, by the yardstick of first downs and yardage gained by rushing, Fordham was prevented from capitalizing a series of "breaks" in the final half only by the magnificent defense of the blue-shirted Gaels, who stopped the Rams' offense within inches of their goal line and halted the New Yorkers again within 11 yards of their objective in the final thrilling moments of the game.

Each team took advantage of unexpected scoring opportunities in a wild last quarter after George (Ice House) Wilson's touchdown, the climax of a smashing 67-yard drive in the second period, had given St. Mary's what looked like the decisive margin.

Negro Stars as Michigan Beats Illinois 7 to 6

CHAMPAIGN, Ill., Nov. 4. (AP)—In the most dramatic gridiron struggle of the Western conference season, Michigan today, just managed to conquer Illinois, 7 to 6, and thus remain undefeated and untied at the head of the race for the Big Ten championship.

The Wolverines, who in four previous games amassed a total of 101 points to 6 for their opponents, were battered and buffeted by an inspired fighting Illini eleven, who outfought them in three quarters of the battle.

The Illinois touchdown came early in the game after Deynon's passes took Illinois to the 7-yard line. Portman carried the ball to the 3, and Cook cracked center for the touchdown.

Willis Ward, Michigan's great negro athletic star, blooded Cummings' place kick, and that proved to be the point upon which victory hinged.

CANTOU WILL BOX GRANITE ON NEXT CARD

ADY IS SCHEDULED TO FIGHT MURDOCK IN SEMI-FINAL

Promoter B. W. "Barber" Kelly is trying to arrange his premier card of the year for Thursday night. Frankie Cantou, little Amarillo Mexican, who made a big hit with Pampa fight fans last week, has already agreed to meet Young Kid Granite of Dallas in the 10-round main event. Granite was to arrive in Pampa this afternoon and the promoter hoped to get his signature on the dotted line.

For the 8-round semi-final, Kelly has set his hopes on Thurman Murdock of Berger and Charlie Ady of Collinsville, Ill. The 6-round special event, if arranged, will see Old Kid Granite of Pampa meeting Duff Stanley of Amarillo.

The preliminaries would match Murial Reams of Fox Worth and Eddie Zillitis of Collinsville, Ill, and Skeet Ford of Amarillo and Pug Cole of Pampa. The four boys weigh nearly 140 pounds each.

Promoter Kelly has one of the boys in each fight signed and he planned to get in touch with the other fighters today. Granite and Cantou each tip the scales at 122 pounds. Murdock and Ady both weigh 115 pounds.

Little Cantou, who has won his last 29 fights against some of the best boys in his class, kayced Dick Cody of Wichita, Kan., in the second round here last week. He packs a terrific punch and is fast and sure of himself. Granite has been boxing much longer than Cantou and has defeated several contenders.

Old Granite and Stanley need no introduction to a Pampa fight audience. Granite has been making a sensational come-back while Stanley has never stopped his progressive march in the fight game.

Ady showed fans last week that he is a real fighter when he defeated Joe Falco. Murdock is the boy who holds two decisions over Jay Ward.

Admission will be 40 cents and 75 cents.

Navy Conquers Notre Dame 7-6

BALTIMORE, Nov. 4. (AP)—One desperate heave into the biting air, one perfect sweep around an end, and tonight there flashed the word to America's fighting ships and seamen everywhere that a 6-year humiliation heaped on a Navy football team had ended.

From Crabtown to ships at Timbuktu, in the words of the midshipmen's marching song, cracked the tale of "Navy 7; Notre Dame 0," message of the sailor's greatest gridiron triumph since Army last was beaten in 1924.

One thrust in the third quarter that came back a second, then a third and final time after twice being beaten off, provided the climaxing thrill to a game that left 40,000 in the huge municipal stadium gasping, finally sent them rushing on to the field, the regiment of midshipmen in the lead, to tear down the goal posts.

Fred Borris, from Louisville, Ky., "Buz" to the boys in the academy, playing the particular hero's role, scoring the winning touchdown on a 3-yard sweep around his own left end after "Red" Baumberger, from Glendale, W. Va., had tossed him a 24-yard pass that put the ball on Notre Dame's doorstep.

Northwestern In A Scoreless Tie With Minnesota

EVANSTON, Ill., Nov. 4. (AP)—After a comedy of errors seldom duplicated in college football, Northwestern's Wildcats battled today to a scoreless tie with the vaunted Gophers from Minnesota.

Rushing to meet the powerful Gophers, a team that now has been tied three times in Big Ten football battles, the Wildcats stemmed the northward tide after three threats and then hammered at their goal repeatedly only to watch their chances of a great upset victory flash away with fumbles, intercepted passes and penalties.

As the game was principally one of fumbles, the Wildcats had the edge along with their moral triumph. They tumbled "only" five times to the Gophers' seven. In penalties, they lost 55 yards to Minnesota's 35 and almost every generally came as a cruel blow to their hopes which buided with the Gophers' mistakes.

SCORELESS TIE

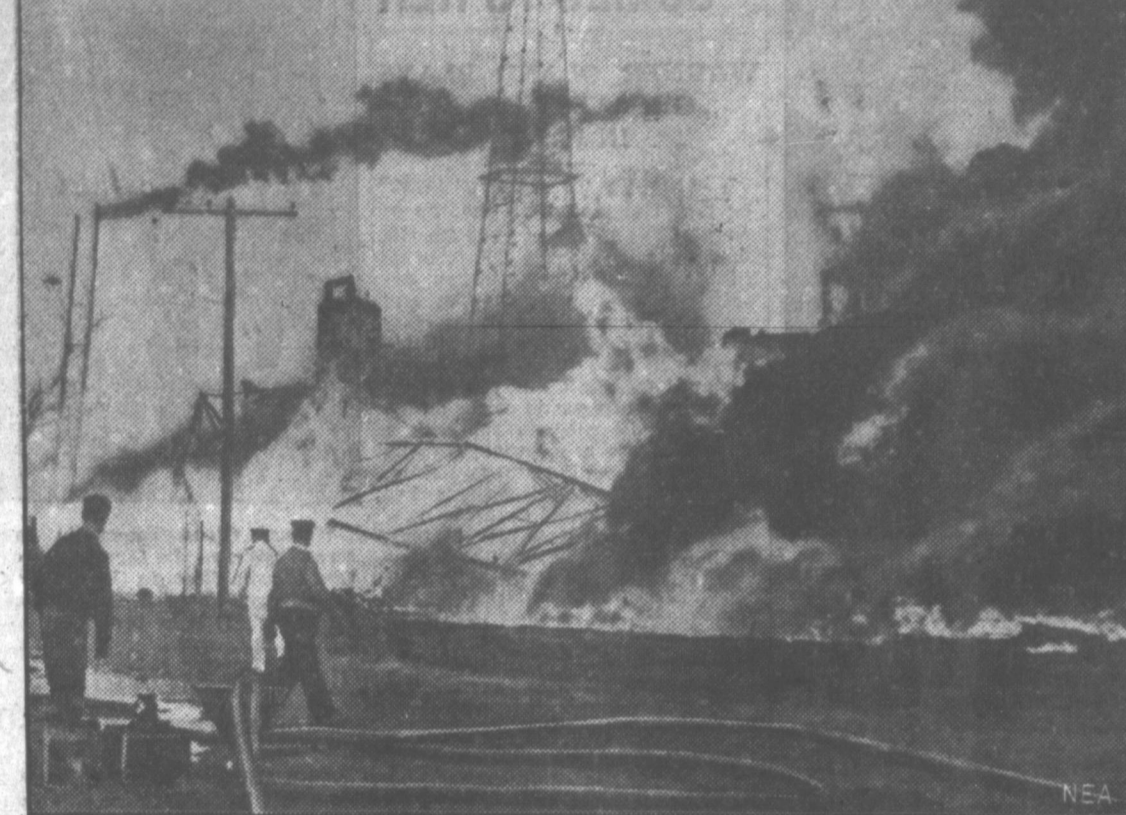

CHICAGO, Nov. 4. (AP)—Wisconsin and Chicago battled up and down Stagg Field all afternoon today and in quest of its first Western conference football victory of the season, but had to settle for a scoreless tie.

TULANE WINS IN NEW YORK

Colgate Defeated For First Time in Two Years; Southerner Runs 75 Yds.

NEW YORK, Nov. 4. (AP)—On the same field where they met their last defeat in 1931 Colgate's Red Raiders today went down 7-0 before Tulane's Green football wave from New Orleans, the whistle shrilling for the game's end as they made a first down on Tulane's two-yard line.

The issue was settled as early as the first quarter when Lloyd (Fraser) Roberts, inspirational leader of the Southerners, dashed 75 yards for a touchdown and then kicked the point from placement but it was a bitter defeat for Colgate to come so close to a tie then have the time run out on them before they could shove over.

Colgate's last defeat came at the hands of New York university in Yankee stadium two years ago, 14-0, and since then the up-state New Yorkers had piled up an impressive record, going through last season undefeated, untied and unscathed on Lafayette broke the charm last Saturday when it held them to a scoreless tie at Hamilton.

OKLAHOMA IN 20-0 VICTORY

Jayhawkers Crushed; Sooner Aggies Upset Tulsa 7 to 0 Surprise.

NORMAN, Okla., Nov. 4. (AP)—Oklahoma Sooners thrilled a homecoming crowd of 10,000 today with a surprising 20 to 0 victory over the Kansas Jayhawks, their annual Big Six conference rivals.

Poking continually at the Kansas goal line, the Sooners took advantage of every break to shove across three touchdowns and to snag an automatic safety.

TULSA, Okla., Nov. 4. (AP)—A fighting Cowboy eleven from Oklahoma A. & M. college fought its way to a decisive 7 to 0 victory over fumbling Tulsa University here today. The game, played on a soggy turf, was featured by an opening drive that saw the Aggies gain the only score of the game on 10 consecutive plays and a 15-yard penalty for Tulsa. It was Tulsa's first defeat.

Rice Defeated By California Team 13 to 0

SAN FRANCISCO, Nov. 4. (AP)—Outclassing their rivals at their one-upped aerial game and proving entirely too strong on the ground, University of Santa Clara's Bronchos upheld the best traditions of far western football today by defeating Rice Institute's Owls, 13-0, in the opening inter-sectional clash of the season here.

The Bronchos, after an up and down early season, found themselves today with a zip and dash that saw them knocking at the touchdown door midway of the first period.

Joe Paglia, fullback, crashed over from the half-yard line after Frank Sobrero, halfback, had intercepted a pass to give the Bronchos the ball on their own 45-yard line. Bosshardt, right half, converted the extra point with a place kick.

In the second quarter, the Santa Clara's gained ground on exchanged kicks to put the ball into play on the Texans' 30-yard line. Taking a page from the passing records of their rivals, the Bronchos opened an aerial attack that netted the second touchdown.

Statistically, Rice held its own but most of its scrimmage yards were confined to the middle of the field.

The Texans piled up 204 yards from line plays to 142 yards for Santa Clara. Passes netted the California 89 yards. Rice chalked up ten first downs to seven for Santa Clara.

SIX REGULARS IN GAME ONLY PART OF TIME

'FISH' SCORE EARLY IN FIRST QUARTER ON BLOCKED PUNT

By STAFF CORRESPONDENT
CANYON, Nov. 4.—Battling a cold north wind that carried mist and then light rain down the field, the West Texas Teachers college Freshman football team defeated the Pampa Harvesters 7 to 6 last night under the lights of Buffalo Stadium. The game was played before a small crowd of fans, mostly from Pampa.

Coach Odus Mitchell started two regulars and the rest substitutes but inserted four other regulars during the game. Lloyd Hamilton, regular quarterback, went into the game for one play late in the third quarter and raced 10 yards around his left end for a touchdown. Marbaugh failed to kick the point that would have tied the game.

Canyon scored in the first period on a break. With the wind in his back, Phillips, big Freshman half back, kicked twice for more than 30 yards to put the ball near the Pampa goal line. When Dunaway attempted to kick from behind his goal line against the wind, his pun was blocked and Champion Freshman right guard, fell on the ball for a touchdown. Burson kicked goal.

The Harvesters made 12 first downs to 2 for the Freshman and also gained the advantage in yardage from scrimmage and passing but the team lacked the scoring punch necessary to win. Several times the substitutes carried the ball within striking distance but fumbles or lack of power kept them from crossing the goal line.

Ledrick is Captain. Led by Captain H. L. Ledrick former Harvesters quarterback, 4 Freshmen took advantage of break and then presented a stubborn defense when their goal was threatened to hold a slim lead. Phillips was the offensive and defensive strength of the team. He did all the punning, carried the ball and was a defensive power.

Mayne Nash, Harvesters quarterback, was the big ground gain along with Marbaugh who went into the game after Stewart was injured. It was Marbaugh who put his head down and plowed through for several first downs when needs the elongated fullback also caught two passes from Dunaway, one 36 yards and one for 20 yards. Harvesters defense, excepting for the slip, was up to par.

Burson, Canyon fullback, was removed from the game for unnecessary roughness in the first quarter. The Harvesters lost scoring chance when Marbaugh, Eldins and Dunaway fumbled.

Play in the second quarter was Canyon territory.

The Harvesters took the wind down the field and were held. Phillips punted out of danger and the Nash carried the ball 15 yards. The Canyon 10 yard line. Coe Mitchell then sent Lloyd Hamilton on the first play. Hamilton carried the ball around Patton's end for a touchdown. Marbaugh failed to kick the point. Hamilton and Patton then left the game.

Pampa outplayed the Freshman the last quarter. Hamilton at last went into the game for a last play and Hamilton took the ball to the 15 yard line at the whistle.

Pampa (6)	Pos.	Canyon (6)

WINCHELL'S "BROADWAY THRU A KEYHOLE" IS OPENING TODAY

MOVIE CAUSED FAMOUS BLOW BY AL JOLSON

NIGHT LIFE IN GOSSIP FILM

THE picture which is outlined in scenario form by Walter Winchell, most famous of all columnists, caused him to be struck by Al Jolson, is opening today at the La Nora theater well in advance of its showing in most other cities of Texas.

Winchell furnished the ideas and based the picture on what he knows best and worst—Broadway in all its brilliancy and sordidness. The story is one of gangsters, night clubs, intrigue, whoopee, and scandal. The name of the picture is "Broadway Thru a Keyhole."

The cast includes Constance Cummings, Blossom Seeley, Paul Kelley, Russ Columbo, Texas Guinan, and Eddie Foy Jr.

The night clubs are used to bring in tenebrous music and dance ensemble numbers. Broadway and all its shades of night life are realistically depicted from the standpoint of a thrill-hunting purveyor of choice gossip.

Coe Vanquished 34-0 By Cadets

WEST POINT, N. Y., Nov. 4. (AP)—What must have looked like forty regiments of Cannoneers rolled across the Coe college eleven at the stadium this afternoon as Army posted up a 34 to 0 victory.

The game was hardly under way before the starting second string Coe's smashed a pair of touchdowns across the Mohawk coal line. Grove, Simons and Nazario, like a trio of startled Mustangs, galloped off tackle and around end for continual long gains.

The Army first stringers only got into the fray a few minutes late in the game, and it was, for the most part, all Cadet substitutes who hammered the Iowans for their total of five touchdowns.

Coch Moray Eby brought an undefeated machine out of the west that was definitely outclassed, but they were game youngsters. Several times they pulled surprising gains on the Cadets, but their light and limited squad could not stand up to the battering of the voluminous Army roster.

Oil and gas well drilling in Michigan in the first six months of 1933 made better than a 25 per cent gain over the same period of 1932.

Beauty, Riches

Sally Eilers and Ralph Morgan portray beauty and riches in "Walls of Gold," new Fox production based on the popular novel by Kathleen Norris. The picture will be at the La Nora Wednesday and Thursday.

-STRIKE PLEA

(Continued from page 1.)

In an effort to nullify objections of farm officials at Washington, they redrafted the program today to ask fixing of prices of beef cattle, hogs, corn, wheat, milk, and butterfat at parity.

Parity prices, however, will not be acceptable, strike leaders assert. Reserving purchasing power to the pre-war ratio does not include a consideration of increased taxes and interest rates, they contend, as does the cost-of-production scale.

Announcement from Washington that corn loan rates will be increased from 30 to 35 cents to 50 cents at Omaha and Cedar Rapids, Iowa, was seen as a concession to holiday leaders and the governors.

Development on the strike front today included a vote by 400 Meeker county, Minnesota, farmers to support the movement. They also wired President Roosevelt a request that he ban importation of products competing with those of American agriculture. Such an embargo on foreign farm imports was part of the program taken to Washington by the midwestern growers.

At Nelville, Wis., 28 pickets were released on bond, on condition of leaving the assembly and riot.

At Madison, Wis., Arnold Gilberts, state holiday leader, withdrew his order issued Tuesday to suspend the strike. His concurrence of the strike came after 600 holiday and Wisconsin milk pool members voted to ignore the suspension.

South St. Paul livestock markets observed a slight reduction in receipts this week, but were uncertain whether the drop was due to the strike. Minneapolis grain decreases were again attributed to the North Dakota wheat embargo.

Montevideo, Minn., holiday leaders sought support of milk distributors with a request that two cents of the retail price per quart be allotted to holiday milk committee for administration expense. They also demanded that the small town distributors endorse strike demands in appeals to President Roosevelt.

At Appleton, Wis., today farmers were organizing an anti-strike body. They called a mass meeting in the striking milk pool stronghold, for Monday.

At Appleton, Wis., today farmers were organizing an anti-strike body. They called a mass meeting in the striking milk pool stronghold, for Monday.

ONE-SLEEVED DRESS WORN AT DANCE
WASHINGTON (AP)—One of the dress successes of a recent dance was the mottled red satin worn by Mrs. Charlotte Mayo. It had only one sleeve. A swirling cape collar served to cover the other arm partially.

R. C. Sarter of Miami was in the city Thursday.

Chan Movie OF DILEMMA COMES TO REX

WARNER ORLAND PLAYS GREATEST ROLE IN PLAY

"Charlie Chan's Greatest Case," the new Fox production that opens today at the Rex theater, is Charlie Chan's greatest picture. It presents this famous Chinese-Hawaiian detective in his most attractive and most charming role to date.

Warner Oland, whom you will remember as the screen's official portrayor of Charlie Chan, has a field day of philosophy and crime detection. And he will win you with a charm that is so characteristically his that you will cease wondering why you always associate the names of Oland and Chan. Oland is mellow and sharp at once. He disarms you and then attacks with a barrage of lovable charm. He does with the role just what he pleases, and what he pleases is just the thing that will lift you out of your seat in admiration. There has never been another Charlie Chan but Warner Oland, and there will never be another one.

It is a red letter picture that unites Oland with so attractive and capable a player as Heather Angel who has the leading feminine role in the picture. This is her biggest part since she made her American screen debut in "Pilgrimage" and if this doesn't establish her as a star in films then we have missed our guess by a full mile.

The cast that Fox has gathered for this picture is a splendid one, but special mention must be made of Roger Imhoff and John Warden. Each of the players seem to have been selected with utmost care and each of them gives a fine performance. Among these are Walker Byron, Ivan Simpson, Virginia Cherrill, Francis Ford, Robert Warwick and Gloria Roy.

COLUMBUS, Ohio, Nov. 4. (AP)—Displaying its best offense this year, Ohio State University swept Indiana off its feet in the first half of their annual game today and then coasted to a 21 to 0 victory. The game was played before 23,700 persons, including the governors of both states.

Using a number of spinners and reverses worked off a variation of the double wingback system, the Scarlet scored their first marker before the game was hardly five minutes old. Two minutes later another touchdown was rolled up by an intercepted pass.

Ohio crossed its opponent's goal line again in the second period and then settled back to protect its lead.

Ohio State Whips Indiana 21 to 0

FARLEY'S RELIGION IS TOPIC OF SPEECH IN HOUSTON RECEPTION

AUSTIN, Nov. 4. (AP)—Should Jas. A. Farley, postmaster general of the United States, run for the presidency in 1936, the religious question might be raised in Texas again. It will be remembered that when former governor, Alfred E. Smith, of New York, aspired to this nation's highest office in 1928, some raised a cry that to put Smith in the White House might give the Pope the inside track in this country.

Texas, doubtless, had given no thought to Farley's religious affiliation during his swing through Texas, until Houston was reached. There, Dr. William States Jacobs brought the matter up.

Rising to welcome Farley, the well-known minister said: "Jim Farley, they tell me you are an Irish Catholic."

There was a hush in the banquet hall as Dr. Jacobs paused. Farley sat motionless with his eyes lowered.

Then Dr. Jacobs launched into a broad statement in which he paid his respects to the Popes who, he told Farley, had been the leaders of thought in the world for the past generation. He expressed reverence for the pope and the Catholic church. When Farley's time to talk came, he expressed special thanks to Dr. Jacobs for the remarks he had made.

When Will Rogers was brought in and did not want to talk, he finally did ask: "Is that fellow Jacobs still here?" When he received an affirmative reply, Rogers added: "Just wanted to tell him I see by the papers where we are going to recognize Soviet Russia. This will dump 125,000,000 more Atheists into his lap."

Farley's San Antonio visit came on Friday, a most fast day in the Catholic church. Those who arranged the banquet in that city must have known that Farley is a communicant of the Catholic church for there was no meat served. A. J. Drossars, archbishop of San Antonio, gave the invocation. Farley showed his Catholic training when as he left his chair to address the audience, he called the name of "Your most excellent Archbishop Drossars," along with "Mr. Vice President," "Mr. Mayor," "Mr. Chairman," et cetera.

PETTICOATS RETURN WITH TINY BURLAP
PARIS (AP)—Petticoats are here again. Schiaparelli displays slender tafteta petticoats, finished with two or three tiny ruffles at the hem, with both woolen and crinkled crepe frocks.

The first great seal of the state of Washington was made by George N. Talcott, who is still living. For his model of the likeness of the first president he used a picture on the label of a cough cure.

Rubber is used for more than 300 parts in manufacturing of some automobiles and trucks.

THE AIR PRESSURE AGAINST AN AIRPLANE INCREASES FOUR TIMES EACH TIME THE SPEED OF THE PLANE IS DOUBLED!

© (COPY BY VERA WHITNEY, INC. 10-31)

IF the air pressure on a plane traveling 25 miles per hour were three pounds per square foot, the pressure, with the plane traveling 50 miles per hour, would be 12 pounds per square foot. A plane will lift from the ground only when its speed has created an air pressure on its exposed parts equal to its weight.

SALLY EILERS EXCEPTION TO USUAL LUCK

"FLUKE" LED TO RAPID RISE IN PLAYER'S POPULARITY

DESPITE the warnings issued periodically by certain Hollywood authorities to the nation at large, telling girls not to come to Hollywood, because of the great odds against their chances of success, many of the present-day stars have risen above that warning to become world famous from modest starts as extras. But the odds are still there and keep increasing.

Included in that group are Clark Gable, Robert Armstrong, Janet Gaynor, Sally Eilers and several others. The most interesting rise of the group is that of Sally Eilers who was thrown into the grind by what may be termed a "fluke" of circumstances.

Sally Wore the Pants
Sally had been visiting a Mack Sennett set with her friend Carole Lombard, when a player balked at the order to wear trousers in a scene, and Sally was engaged on the spot by Mr. Sennett. From that time to this her rise is a matter of knowledge in the public domain, for her services are in demand at every studio. Before she sailed for Europe recently, she made six pictures in eight months, something of an all-time record. They cannot really make pictures that fast, Sally says. But now she is back, and has just completed "Walls of Gold," with Norman Foster, coming on Wednesday to the LaNora theater.

Sally likes particularly to appear in films opposite James Dunn, for it was with that popular player that she first achieved her first important notices, when the two were united in "Bad Girl," the Vins Delmar story. Soon the two will be reunited in "Jimmie and Sally," an original tale, written especially for the pair.

At the time, both Sally and Dunn were unknowns, and after "Bad Girl" both considered themselves launched by Fox Films.

Excellent Sportswoman
But they didn't know where it would lead, because, following their joint success, they were teamed together in four more pictures, with "Hold Me Tight" culminating that partnership.

Like her screen teammate, Sally is interested in flying, and often takes the stick of a ship when someone else is flying. She is the typical out-of-doors girl, loves horseback riding, polo, swimming and tennis, and spends her brief vacations between pictures at a ranch or mountain resort, where she may ride to her heart's content. She loves dogs, and is a breeder of Aberdeen scotties. She gives them to her friends for gifts.

BAITMORE, Nov. 4. (AP)—Winnoka, W. A. McDonald's pride of the Australian trucks, took his second victory of the week at a special match race here this afternoon. He defeated Gold Step, Good Advice, Tambour, and Spring Head—finishing in that order—and came within a second of the track record for the six furling distance without extending himself.

McLean Tigers Play Borgans Friday Night

One of the interesting football games in the Panhandle will be played the night of Nov. 10, just before the important Pampa-Amarillo game Armistice afternoon. The game will see the McLean Tigers meeting the Borger Bulldogs in Borger.

The Harvesters opened the season in a tie game with McLean. The Class B school has one of the strongest teams in the state but is virtually out of their district race when three of their games were "thrown out" because of an ineligible player.

Borger meets the Harvesters here on Thanksgiving day in the last conference game of the season. W. O. Workman, Dr. E. H. Hicks and Clarence Barrett will be the officials.

TEXAS GUINAN WILL SHOW NIGHT CLUB LIFE HERE IN WINCHELL FILM OF BROADWAY

"Walls of Gold" Is Another Leading Offering

Stars in the screen offerings of the La Nora theater this week include Texas Guinan, and Constance Cummings, Sally Eilers and Norman Foster, Spencer Tracy and Claire Trevor, filmed in Broadway Thru a Keyhole, "Walls of Gold," and "The Mad Game."

The Rex will feature Warner Oland, Rod LaRoque, and Robert Armstrong.

The theater program of the week follows:
LA NORA—Today, Monday and Tuesday, Walter Winchell's Broadway Thru a Keyhole, with Texas Guinan, Blossom Seely, Russ Columbo, Constance Cummings, and Abe Lyman's band; also "Outposts of France," "Rock-a-Bye-Bye" and Fox Newsreel. Wednesday and Thursday, "Walls of Gold," with Sally Eilers and Norman Foster; also "Bone Crushers," a sport thriller, and "Old Timers." Friday and Saturday, "The Mad Game," with Spencer Tracy and Claire Trevor; also "Double Crossing of Columbus," a musical comedy, and Pampa Daily Newsreel.

REX—Today, Monday and Tuesday, "Charlie Chan's Greatest Case," with Warner Oland; also "Merrily Yours," Wednesday and Thursday, "S O S Iceberg" with Rod LaRoque and an all-star cast; also "Million Dollar Melody" in musical comedy. Friday and Saturday, "Above the Clouds," with Robert Armstrong, Dorothy Wilson and Richard Cromwell; also "Movie Struck" and "Gordon of Ghost City" chapter 3.

STATE—Today, Monday, and Tuesday, "Baby Face" with Barbara Stanwyck; also "Beauty Spots of World," and "You're Killing Me," Wednesday and Thursday, "Silk Express," with Neil Hamilton; also "Alma Martyr" and "Fly Frolic," Friday and Saturday, "Somewhere in Sonora," with Joel Wayne; also "Beau Bosko" and "Lease Breakers."

The Athenian oath was repeated at a mass meeting at Youngstown, O., in an NRA celebration.
