MID-WINTER STYLES TO BE SEEN AT DINNER TONIGHT AS BPW HOLDS ELABORATE EVENT

Musings of the moment: School children get better training now than when we oldsters were young. The teaching is better; teachers are trained for a specific function. . . . We gentlemen yesterday made business-like speeches thanking the NEWS for its "open house" and courtesy to the schools, "in behalf of our class. . . . The older folk asked no more questions than the young ones. One little fellow asked, "When you are taking a picture, what do you do when they don't want you to take it?" Many a news photographer has never satisfactorily answered that question. . . . One lady, paraphrasing "See America First", said that Pampans should see Pampa first, and that the NEWS was one of the most interesting places in town. . . . Many things are intangible but real. . . . Santa Claus is more real in spirit than many of the things we prize, such as world peace, but never attain. . . . Typical scene: Wire fences piled high with tumble weeds, sand filtering through the bottom weeds. . . . Back during American Education week we misplaced a Robert Quillen discourse by Aunt Het on school teaching. It is good enough to use now: One AUNT HET ON my girls had TEACHING her heart set on being a school teacher but I talked her out of it. "Teaching school is too much like being a preacher's wife. It's a high calling, but people expect you to give more'n they pay for it. . . . You take the teachers here in town. The only difference between them and Christmas martyrs is the date an' the lack of a bonfire. . . . They was hired to teach an' they do it. They teach the youngsters that can learn, and en-

TWINKLES

It's fortunate we write this after yesterday's "open house" we are nearly voiceless from talking to visitors.

"What do you mean—open house?—when I'm locked out in this long line waiting to get in?" very logically asked one man.

Actually, it was an "open house" of far greater proportions than anyone expected, and we thank you all. We are specially appreciative of the flowers—they are quite a change from the bricks-bats we are popularly supposed to get from day to day.

We trust that Santa day was a success in more ways than one. We called several merchants yesterday afternoon but all were too busy to answer the phone. And wasn't the parade really something?

Several employees of THE NEWS don't know whether they were honored or insulted when children said: "Is that Alley Oop?"

The Story of Christmas

And the shepherds came with haste and found Mary and Joseph; then, also the baby, lying in the manger; and they made known abroad all that which had been told to them concerning the child.

14 SHOPPING DAYS UNTIL CHRISTMAS

WEDDING SCENE TO BE CLIMAX—5 FIRMS TAKE PART

A SHOWING of mid-winter styles for women and children will be presented by the Business and Professional Women's club this evening in one of the most elaborately staged fashion events ever held here. Models will parade during a dinner at the Schneider hotel, beginning at 7:30. The reservation list was full yesterday. Costumes for every occasion will be shown, with a wedding scene as the climax. Mrs. H. H. Hicks has been in general charge of preparations, with members of the club's finance committee assisting. Models will be Mesdames Jack Dunn, B. C. Low, Otto Studer, John Studer, A. M. Martini, Gilmore Nunn, H. A. Heistand, Mel Davis, John Sturgeon, Don Conley, Ivy Duncan, Julian Barrett, Arthur Swanson, E. O. Saunders, Howard Buckingham, R. S. Lawrence, Frank Hill, Clyde Fatheree, H. E. Saunders.

Misses Virginia Rose, Margaret Buckler, Dorothy Doucette, Jackie Jones, Virginia Faulkner, Mabel Davis, Mary Ellen Cook, Kathryn Wenzel. Children's clothing will be modeled by Judy Smith, Nicky Fraser, Kiki Lazarus, Betty Barrett, Lucy Bell Lewright, Carol Curry, Martha Lou McCullough, Edward Damon Jr., Bennett Hughes, and Shields Mitchell. Merchants who will display the costumes are Jarrett's, Levine's, Violet Shop, Murphy's, and Mitchell's.

Pampans Urged To Attend Box Supper Friday

Pampans who yesterday enjoyed the presence of hundreds of out-of-town visitors are reminded that they in turn are asked to make a visit Friday evening. An invitation was extended by the Eldridge community several days ago for Pampans to attend a box supper-carnival Friday. The trip will be managed by the inter-community committees of the chambers of commerce.

Those who do not know the road to Eldridge are asked to meet at the city hall promptly at 7 p. m. Friday.

Another Revolt Plot Said To Be Brewing in Cuba

HAVANA, Dec. 7 (AP)—A rumor that a cabinet member supported by a section of the army was hatching a plot to overthrow the government ran through Havana today.

The report spread along with many others concerning a possible coup d'etat during a night of nervousness heightened by bombings. There was wide speculation in regard to a secret conference between President Ramon Grau San Martin and United States Ambassador Sumner Welles last night.

Today, however, as the city observed memorial day, neither Grau nor Welles would comment. One of the early morning bombs exploded in a building which houses the Danish consulate. No damage was done the consulate.

The American-owned Cuban Electric company still was at odds with the Grau government over its decrease for a 34 per cent reduction of the \$200,000,000 concern's rates.

Company officials had said they would lose their plants if the government ordered a reduction of more than 20 per cent.

The company appealed to its employees for another week in which to answer the workers' 41 demands, explaining there had been insufficient time to study them.

Mrs. George W. Hesse of LeFors was a Pampa shopper yesterday afternoon.

JUDGE FINALLY DECIDES JOYCE BOOK IS 'ART'

Will Admit 'Ulysses' To U. S. After 11 Years

BY RAYMOND CROWLEY.
NEW YORK, Dec. 7 (AP)—The genius of a half-blind Irishman had radiated across the sea and induced a judge to unlock America's gates to a famous pariah of bookdom. A decision by Federal Judge John M. Woolsey, admitting James Joyce's "Ulysses" to this country, was hailed today by foes of censorship, champions of modern literary trends—and even the federal prosecutor, Samuel C. Coleman. Burned by customs men, denounced as "filthy" and obscene through years of raging controversy, the massive volume has finally won through to a place of legal respectability. Emetic, Not Aphrodisiac. In a decision that was expected to have far-reaching effect in judicial definition of the word "obscene," Judge Woolsey ruled last night that while the book might be "somewhat emetic" to some readers, "nowhere does it tend to be an aphrodisiac."

"I have not found anything that I consider to be dirt for dirt's sake," he said. He said the book was a sincere work of art, accomplishing "with astonishing success" a venture into a new literary genre. The short Anglo-Saxon words, whose occasional appearance in the book drew down the wrath of censors were found by the judge to be natural "to some characters portrayed."

Get Your Dictionary. "Ulysses," a combination of naturalism and symbolism, is the epic of the spiritual wanderings and trials of a modern Ulysses—a Dublin Jew named Leopold Bloom. Judge Woolsey said: "Joyce has attempted—it seems to me with astonishing success—to show how the screen of consciousness with its ever-shifting kaleidoscopic impressions carries, as it were on a plastic palimpsest, not only what is in the focus of each man's observation of the actual things about him, but also in a penumbra zone residua of past impressions, some recent and some drawn up by association from the domain of the subconscious."

For eleven years the book had circulated in bootleg channels in the United States, and (so it is said) it was studied in at least one leading university.

The point system was used in judging the floats. The three judges had to view the parade three times before rendering their decisions. They were undecided on 10 of the floats at the first view. The second time the parade passed them, the judges had three floats tied for first place.

Floats were divided as follows: Neatness 5 points; attractiveness 15. See SANTA, Page 2.

Beer Licenses Expire Dec. 31

Dispensers of 32 beer have until December 31 to renew their licenses and pay a \$2 fee in addition to the license levies.

Those who wait until after December 31 to renew their licenses must go through the routine of an original application and hearing before the county judge, coupled with the expenses of an original application.

New applicants must follow the same procedure as those did now selling legal beer.

Price Of Gold Now 6 Days Old

WASHINGTON, Dec. 7 (AP)—The government continued a six-day-old gold price today as it entered the money market to borrow \$950,000,000.

The RFC quotation of \$34.01 an ounce was the highest since gold buying began. But it was the same fixed just before Thanksgiving. Since that time, with the price for newly-mined domestic gold the same, the government bond market has been firmer.

In London, the offering for bar gold today was \$32.22 an ounce on the basis of sterling opening at \$51.15 to the pound.

Hotel Code To Be Discussed Tonight. All persons operating businesses subject to the hotel code are asked to attend a meeting of the local association at the Schneider hotel tonight at 7:30 o'clock. Questions may be proposed about the code and discussed. Previous meetings have been held at the city hall, but a change was made for tonight.

TAX PAYMENTS HEAVY. Tax payments at the office of T. W. Barnes, county collector, totaled \$115,888.88 for November, or 90 per cent of the assessments, it was stated today. Tax payments at the Potter county office reached only \$108,000 in November, it was cited by way of comparison.

SANTA DAY IS HUGE SUCCESS IN THIRD YEAR

JUDGES SAY CONTEST WAS UNUSUALLY CLOSE

UNUSUALLY praised as the best Santa day of all, yesterday's Junior chamber of commerce project attracted thousands of visitors to Pampa and offered the greatest parade ever to be assembled for such an occasion. There was general acclaim for the merchants who made the parade without any appeal of commercialism. Pampa's streets were crowded with thousands of children and grown-ups who enjoyed the parade, visited the "open house" reception at the Pampa Daily NEWS, and did Christmas shopping.

Local churches, clubs and schools entered floats. There was no store advertising. Floats were of Biblical historical, and patriotic themes. The three judges had considerable difficulty selecting the winners. The judges were George Limerick of Chickasha, Okla., C. H. Brace of Amarillo, and C. M. Carlock of Pampa. Christ's Birth Shown. The float of the Altar Society of the Holy Souls church won first place. The float clearly told the story of the Birth of Christ and the visit of the Wise Men. The Lions club float took second place, showing the club's activities among the crippled children. Pampa's Boy Scouts won third place with a scene. Be Prepared. The Woodrow Wilson float of Pilgrims was fourth, and the Hopkins school No. 1 float on football was fifth.

The parade was headed by the Woodrow Wilson Kid band. Followed the junior police and pep squads of the same school and Baker school. An official car bearing members of the city commission and Junior chamber of commerce officers followed. The Pampa high school band and pep squad appeared midway in the parade.

The point system was used in judging the floats. The three judges had to view the parade three times before rendering their decisions. They were undecided on 10 of the floats at the first view. The second time the parade passed them, the judges had three floats tied for first place.

Floats were divided as follows: Neatness 5 points; attractiveness 15. See SANTA, Page 2.

Johnson's Girl Assistant Gets \$5,780 A Year

WASHINGTON, Dec. 7 (AP)—Miss Frances Robinson, administrative assistant to Hugh S. Johnson, was revealed today to be getting paid \$5,780 a year, one of the largest NRA salaries and on a par with the compensation of some of the most expert government employees.

After publication of the fact in a morning newspaper (The Washington Post) reporters inquiring of Johnson were told by him: "I think that was one below the belt."

Miss Robinson came recommended to me as an excellent administrator and executive from RKO (Radio-Keith-Orpheum corporation). In many ways she knows more about this law and this organization than anyone else. I am sure that nobody here ever thought she was a mere stenographer or secretary. She has been my personal assistant straight through."

Mrs. John Tschirhard of LeFors was a Pampa shopper yesterday afternoon.

BEDROOM TAKEN INTO COURT IN WOOLEY TRIAL

Prosecutor Demands Lawyer Fight In 'The Open'

DALLAS, Dec. 7 (AP)—A replica of the bedroom in which Mrs. Toy G. Woolley, 20, was shot to death a month ago was thrown up in front of the jury box at noon today as the defense moved toward a climax in Woolley's murder trial.

The unusual spectacle was permitted after Currie McCutcheon, defense attorney, had petitioned Judge Noland G. Williams and the privilege was granted. McCutcheon said he wanted the Woolley furniture transferred from the home of the courtroom before Miss Mina Woolley, 20-year-old sister of the defendant, testified. Miss Woolley was the only eye-witness to the shooting.

The lawyer declined to say when Woolley would testify. The prosecution interrupted testimony.

"Open House" Huge Success

More Than 5,000 Persons See NEWS Plant; Employees of Paper Happy. EVERY department of the Pampa Daily NEWS—business, editorial, circulation, mechanical, and commercial printing—today desires to express appreciation of the employees for the tremendous "turn out" of visitors at the newspaper's open house reception yesterday, which was one of the biggest events of Santa day.

BORDER PATROLMAN AND 2 OTHERS KILLED IN BATTLE WITH EL PASO SMUGGLERS

Target at Polls

Called the "hand-picked" candidate of Senator Huey Long, Mrs. Bolivar E. Kemp, above, was the central target in the rebellion of 12 Louisiana parishes against the special election to choose a representative in congress to succeed her late husband. Burning of ballots and other violence marked the event. Her name was the only one printed on the ballot. She won.

Parish had residences at Kansas City, Mo., and East Orange, N. J. Before he was 36 he had built a \$18,000,000 fortune. Organized the pipe line company to draw natural gas 1,200 miles from Texas to Illinois, and bought himself the former presidential yacht Mayflower. Then the collapse of Missouri-Kansas brought disaster.

FORMER CZAR OF PIPE LINE IN SURRENDER

CHARGED WITH USING MAILS TO DEFAUD IN LINE DEALS

CHICAGO, Dec. 7 (AP)—Frank Parish, a fugitive since last February, surrendered to the United States marshal today on an indictment charging use of the mails fraudulently in the financing of the Missouri-Kansas Pipe Line company. His \$35,000,000 pipe line company went into receivership in the spring of 1932. Several months later a government investigation and audit resulted in the indictment of the young financier and several associates in the direction of the company for use of the mails in a scheme to defraud investors in Missouri-Kansas pipe line stock.

Then in December, 1932, Parish was indicted in New York on a grand larceny charge, which he denied. He elected to go into voluntary exile last February rather than face the mail fraud charges, and his \$5,000 bond was forfeited.

57 Cutter Cows Allotted County For FERA Sale

The allotment for Gray county of cutter cows to be sold to the Federal Emergency Relief association is to be slaughtered in Amarillo is 57.

According to advice received by county agent, Ralph Thomas, the FERA will have an experienced cattle buyer at the slaughtering plant in Amarillo, where cattle will be purchased and paid for on the basis of Fort Worth market prices. However, a minimum of \$1.75 per hundred weight will be paid for cutter cows. No commission will be charged. The buyer reserves the right to reject any cows carrying insufficient flesh, crippled or diseased animals. The county agent will issue permits to original growers only, and stockmen will deliver cows to slaughtering plant on designated dates. It is expected that the cows will be delivered before January 15.

Ranchmen wishing to take advantage of this offer should notify the county agent at once, stating number of cows, they wish to sell and number of cattle they have on hand.

The unusual spectacle was permitted after Currie McCutcheon, defense attorney, had petitioned Judge Noland G. Williams and the privilege was granted. LIQUORS SEIZED AFTER SHORT SKIRMISH

One Injured; Bodies Of Two Sought In River

EL PASO, Dec. 7 (AP)—Three men were killed today and another was wounded in a fight between U. S. border patrolmen and liquor smugglers at the foot of Park street. The dead: Dorne C. Melton, 31, U. S. border patrolman, shot through the heart; Francisco Gonzalez, 25, Juarez; Higinio Perez, Juarez.

The wounded man, Francisco Mosquera, is in a serious condition in Liberty hospital, Juarez. American officers seized 150 gallons of mixed liquors. Melton came here in January from Conyers, Georgia. His body will be spent to Conyers for burial. Patrolmen said more smugglers may have been killed. They saw two men fall in the river during the battle and are looking for the bodies.

The fight started when Melton and five other inspectors challenged 16 men who had waded the river with 150 gallons of liquor. The smugglers had just reached the American side when the officers leaped out of hiding with drawn guns.

Melton fell shot through the heart, at the first volley. The other inspectors returned the fire as the smugglers dropped their loads and backed into the river, firing as they retreated. The battle lasted from three to five minutes.

Two men were helped by their companions out of the water on the Mexican side. During the firing a sniper on the American side behind the officer shot at the officers.

The patrolman believes he was a lookout awaiting the smugglers. It was the second "run battle" in which a border patrolman was slain in the last two weeks. Rollin C. Nichols was killed in East El Paso several days ago.

Border patrolmen in the fight today besides Mr. Melton were: J. T. Lester, G. C. Copenbarger and Robert Clance.

'Season' Seats Will Be Sold Tomorrow Noon

Pampans who held season's reserved seat tickets at Harvester stadium have only until Friday at noon to obtain the same seats for the Pampa-Abilene game of next Saturday.

After this deadline, the office of Joe Smith in the court house will start selling the formerly reserved seats to anyone wishing them.

There were many good seats—hundreds in fact—on sale at Mr. Smith's office today. After the first rush for tickets, sales have slowed down. The board is placed at Pampa Drug No. 1 in the evening for the convenience of oil field patrons.

You can't tell about that—you will have to speculate. "Eying" Twigg by his side Wallace said: "All of us have the same objectives—to get a fair share of income to the farmer. I think George and Rex see eye to eye on that."

Pampa Red Cross Chapter Is First To Make Report

The Pampa Red Cross chapter was the first in West Texas to make a report of its roll call to headquarters in St. Louis, C. E. Palmer, field representative, told local Red Cross officers yesterday afternoon. Mr. Palmer visited in LeFors this morning.

He was elated over the result of the drive, which gave Pampa more than 850 memberships. He commended the chapter on its activity in promoting the life saving course during the summer and the first aid course now being conducted.

Alex Schneider is chairman of the local chapter. Jack Cunningham was roll call chairman.

PROPOSE PLAN TO FIX PRICE OF GASOLINE

EQUALIZATION FUND IS SUGGESTED FOR STABILIZING

WASHINGTON, Dec. 7 (AP)—Conflicting factions of the petroleum industry today submitted to Secretary Ickes, oil administrator, a plan for stabilizing gasoline prices by using an equalization fund to keep price depressing distress supplies off the market.

Ickes withheld decision on the plan pending further analysis. Its backers, however, were privately hopeful that it would both meet the secretary's demands and would make any kind of price fixing unnecessary.

The proponents were represented as believing that prices of crude oil are satisfactory for the time being, and that control of excess gasoline stocks, accumulated in anticipation of the oil code, will serve to correct price maladjustments.

The plan was understood to propose the withholding from the market of many millions of barrels of gasoline by purchase with funds contributed by members of the industry. Such supplies, estimated at from ten to fifteen million barrels, would be released slowly so as not to disturb the market.

It was said in one quarter that proponents of price fixing in the industry were willing to allow a test of the plan for a period of, say, 90 days.

Peek Likely To Be Transferred To NRA Group

WASHINGTON, Dec. 7 (AP)—Transfer of George N. Peek, now agricultural adjustment administrator, to the national recovery administration to take over the agriculture codes newly placed there appeared today as likely to be decided upon by President Roosevelt as a solution of disagreements in the agricultural department that have delayed action on these important codes.

The prospect developed as the president conferred with Secretary Wallace and Rexford G. Twigg, assistant secretary of agriculture who has been at odds with Peek on agriculture policies.

Later Mr. Roosevelt had a luncheon conference with Peek, continuing their talk of last night in conjunction with shifting of jurisdiction on the stymied codes.

Asked after the White House conference if Peek would go over to the national recovery administration to take over these codes, Wallace smiled and replied: "You can't tell about that—you will have to speculate."

"Eying" Twigg by his side Wallace said: "All of us have the same objectives—to get a fair share of income to the farmer. I think George and Rex see eye to eye on that."

SEVEN PARDONS GRANTED

AUSTIN, Dec. 7 (AP)—Two full pardons and five conditional pardons were authorized today by Gov. Miriam A. Ferguson for Texas convicts.

LATE NEWS

WASHINGTON, Dec. 7 (AP)—Senate stock market investigators were told today that while Harvey Couch, a director of the reconstruction Finance corporation, owed money to the Chase National bank, the RFC made loans to railroads that resulted in payments of more than \$10,990,886 to the bank.

CHICAGO, Dec. 7 (AP)—The federal surplus relief corporation was reported today by traders to be buying hogs at eight loading markets, but for what purpose or how many were being taken livestock men here were unable to say. Word that the government was buying hogs had been rumored around the yards for several days.

AMERICAN AUDIENCES NEED A VOICE

If there is anything this country needs, it is a person who will be brave enough to lead the American audience out of its state of placidity and forbearance.

For if there is any group of individuals that has suffered from the strain of all sorts of public speakers, it is the American public.

The other day came the climax, the final stinging blow, to this great tolerant tribe. Eva Le Gallienne and Ethel Barrymore, leading actresses in their own right, rose before a meeting of Philadelphia women and hurled a bolt of temperamental rebuke at them.

It was unexpected. It was devastating. It left the audience cowed and dazed.

All the comment that could be heard from the women, as they left the auditorium, was a vague "impudent" and "insolent" to ease their feelings.

No one got up at her seat to berate either of the speakers. They simply took it, as nearly every other audience has taken it from year to year, without protest.

Of course, this is an extreme case. But in its extremity it is an excellent example of the lengths to which speakers go in haranguing their listeners without incurring their open displeasure.

It shows how docile, how unprepared, how tractable the American audience is.

Yet it should not be so. No speaker is infallible. No public character—not even the great Barrymore—is perfect.

Yet they do not hesitate to tell their audiences from the rostrum things they might think twice to utter on the same level.

They do so, safe in the knowledge that not one of that placid mass before them will have the courage to get up and challenge their remarks.

Some day a liberator will arise. Some day someone will lead the American audience out of its lassitude, toward a type of expression so sorely needed to protect itself against the declamations of self-appointed authorities.

tain the ones that fell on their heads when they were little. But that ain't enough. They're supposed to make obedient little angels out of spoiled brats that never minded nobody, an' wet-nurse little wildcats so their mothers can rest, an' make geniuses out 'o children that could not have no sense, with the parents they've got. I'd just as soon be a plow mule. A mule works just as hard but it can relieve its soul by kickin' up its heels after quittin' time without startin' any talk."

For obvious reasons, newspapers do not say much about the opportunity for churches in first class advertising. Although

RELIGIOUS ADVERTISING is the most successful full ministry in all ages have been good advertisers in some form, and while present-day advertising men think their craft has a place in religious affairs, the latter do not wish to be misunderstood. A proposal by Rev. H. D. Rugg, editorial secretary of the Congregational and Christian churches, to spend twenty millions in newspaper advertising is therefore of unusual interest. Religious recovery," thinks Dr. Rugg, "must like business recovery be accompanied by effective attention-getting."

This column's campaign to prevent the common cold is aided today by Dr. John W. Brown, state health officer. His theory is that

HARDENING resistance is the key word in prevention of infection by cold germs. Not a little of the susceptibility of catching colds can be overcome by a gradual acclimating to lowering temperatures and inclement outdoor weather. This hardening should begin now, and consist of regular exercise—walking is good—to be continued throughout the winter, in weather of every kind. Some things to avoid are wet stockings, drying on one's feet; over-heavy clothing; over-heated rooms.

There are two broad principles to observe in the treatment and

prevention of colds. The first says: "Let the patient keep to himself, and keep his oral and nasal discharges to himself." This includes indiscriminate spitting, kissing, and other forms of contact.

The second principle requires do- ing away with coddling and over- protection of the body against the elements.

"The cold is a common disease," Dr. Brown said. "But every cold is important enough to justify careful attention and treatment for its immediate cure. Death-dealing pneumonia and tuberculosis may begin with colds that did not receive care and attention.

"Over-indulgence of devitalizing stimulants, such as alcohol, tobacco, tea, and coffee go much to lower the resistance to colds."

MARKET BRIEFS

NEW YORK, Dec. 7. (AP)—Ralls and industrial specialties today led the stock market in a quiet quest for higher levels. Gains of 1 to more than 3 points were scattered throughout the list. While most of the so-called leaders improved moderately, they were not unusually active. The close was firm. Transfers approximated 1,700,000 shares.

CHICAGO GRAIN

CHICAGO, Dec. 7. (AP)—Corn took the leadership in the grain markets today, and averaged higher in price, with persistent buying of small lots a feature.

Pronounced tendencies to hold rural marketing of corn back with the assistance of government loans attracted much attention. Practically no corn was offered today to arrive in Chicago. A little export business in corn was understood to have been effected at the seaboard. Corn closed strong 1/4 cent above yesterday's finish, wheat 1/2 of 10 3/4, oats 1/2 advanced, and provisions unchanged to a rise of 7 cents.

NEW ORLEANS COTTON

NEW ORLEANS, Dec. 7. (AP)—The market ruled very quiet all morning and prices at one time eased under some pre-bureau liquidation to 10.03 for March and 10.17 for May, or 4 points under the early highs and 2 points under yesterday's close.

Near noon the market rallied 2 to 3 points on short covering and some improvement in sterling. March trading up to 10.06 and May to 10.19, or unchanged to one point net up.

The market continued under the

shadow of the impending bureau report.

mony of a character witness today to ask the court to make "this defendant's lawyer come out in the open and fight."

Apparently surprised at the methods of Carrie McCutcheon, Woolley's lawyer, Robert Hurt, district attorney, and Ted F. Monroe, special prosecutor, sought to have him abandon his "tricky" and "mystery" procedure. They made their pleas after the jury had been withdrawn.

Because McCutcheon accepted on the jury veniremen who admitted they had formed opinions on the case, permitted the state to play his client through cross-examination of defense character witnesses and accepted as a juror a man who said he was a former employer of Woolley's wife, veteran attorneys claim-

ed McCutcheon "undoubtedly must have something up his sleeve."

The interruption came when Mrs. M. D. Carmichael of Lampkin, Comanche, Tex., was testifying as a character witness. She said Woolley's reputation was good for truth and also for being a law-abiding citizen.

On cross-examination, Monroe asked if she knew Woolley lived in adultery here for eight months, if she knew he married one woman before he divorced another and whether she knew that he had threatened the life of a man for keeping company with his divorced wife.

HOW WOMEN CAN WIN MEN AND MEN WIN

The Favor of Other Men

Unless two plates of bile juice flow daily from your liver into your bowels, your food decays in your bowels. This poisons your whole body. Movements get hard and constipated. You get yellow (jaundice), low skin, pimples, dull eyes, lost breath, bad taste, gas, dizziness, headaches. You have become an ugly-looking, old-smelling, sour-thinking person. You have lost your personal charm. Everybody wants to run from you.

But don't take salts, mineral waters, oils, laxative pills, laxative candies or chewing gums and expect them to get rid of this poison that destroys your personal charm. They can't do it, for they only move out the ball end of your bowels and that doesn't take away enough of the decayed poison. Cosmetics won't help at all. Only a free flow of your bile juice will stop this decay poison in your bowels. The one mild vegetable medicine which starts a free flow of your bile juice is Carter's Little Liver Pills. No castor (mercury) in Carter's. Only fine, mild vegetable extracts. If you would bring back your personal charm to win men, start taking Carter's Little Liver Pills according to directions today. 24¢ at drug stores. Refuse "something just as good" if it may scribe, loosen teeth or send nervousness. Ask for Carter's Little Liver Pills by name and get what you ask for. © 1933, C.M. Co.

points; originality 20 points; development 30 points; clearness 30 points. Some of the floats were declared more attractive and neat than some of the prize winners, but clearness was not so good.

The winning float was nearly perfect in the minds of the judges, receiving a total of 285 points out of the possible 300 points. The second place float received 263 points. The Lions club float had a cast of a lich on the front, with the story clearly that of relief to crippled children. A doctor, nurse, crippled child, and medical equipment defined the work of the club.

The Boy Scout float was one of achievement with Be Prepared theme. Boy Scouts were shown caring for a wounded comrade while others worked on Boy Scout equipment.

Pilgrims Clever. Pilgrims in a natural setting featured the Woodrow Wilson float. Children acted the part of the early days as the float passed along the route.

The Hopkins school No. 1 had a local theme, football. A gridiron with two footballs, one bearing the name of Pinell and the other that of Mackle, adorned the field. His celebrity and clearness won many points.

Honorable mention went to the high school float, which illustrated the spirit of '76 and the spirit of '33, war days and football days. The Camp Fire Girls showed members seated in front of a fire in the open before a tent; the Baker school had a story of other lands; the Nazarene church showed the story of the cross; the Martin school had Santa and a group of children.

Other floats and their stories were the Kiwanis club's, featuring Junior police; Rotary club's, displaying the wheel of Rotary; Horace Mann, the NRA and the Road Is Open again; Sam Houston school, with the snow queen; Grandview, with its old timers and the eagle and president; Hopkins school No. 2, showing children as the greatest asset; Junior high, from Indians to now; First Christian church and white girls for the King; General Baptist church, showing the manger.

MARBAUGH AND DUNAWAY BACK IN UNIFORM AND LIKELY WILL BE ABLE TO BATTLE ABILENE

EAGLES ALSO ON INJURED LIST; ABILENE HAS NEVER BEEN DEFEATED BY DISTRICT ONE TEAM, BUT HARVESTERS ARE READY

ABILENE, Dec. 6.—Abilene high school charges into the state play-off of the Texas interscholastic league this week for the eighth time in the fourteen years that races have been sponsored officially by the circuit. In the seven previous campaigns that the Eagles have emerged as district representatives, they have never been stopped short of the semi-finals, but Coach Dewey Mayhew and most of the local fans are not optimistic over the prospects of upholding that tradition.

In fact, it will be rated no upset here if the season ends for the Abilene club on the Pampa grid-iron Saturday afternoon. It is the lightest team in the modern history of Abilene high school, and has been carried out of the Oil Belt on good coaching, paprika, and a fair share of luck. The Eagles are "court room companions" for their first time, but having lost by only 7 to 6 to Ranger, which went thru undefeated, and having beaten other entries by one to three touchdowns, probably would be as well equipped to represent district 2 as any other team if all members of the lineup were in their best trim. Ranger forfeited its victory over the Eagles and two other games three weeks ago when it was discovered Horace Hill, regular tackle, was over age.

Three defeats mar the record of the team, but Abilene has not been beaten since October. Here is the record:

- Abilene 46, Winters 0.
- Abilene 0, Sweetwater 19.
- Abilene 20, San Angelo 12.
- Abilene 0, Lubbock 6.
- Abilene 6, Ranger 7.
- Abilene 14, Brownwood 0.
- Abilene 13, Breckenridge 7.
- Abilene 31, Eastland 7.
- Abilene 20, Cisco 0.
- Abilene 150, opponents 58.

The current eleven began the race with a single letter man. That is Frank Cogdell, halfback, who will receive serious consideration for all-state honors if Abilene gets anywhere, and may win a berth, anyhow. He has been a member of the Eagle track team for four seasons, was the squad's sprinter last spring, and a member of the relay team which won third place at Austin. His speed shows up offensively and defensively. Last week it enabled him to make unbelievable catches of Johnny Brookshire's passes and to run away from tacklers who had an even start with him. He scored on each of two catches. He also has a great deal of drive. Against Ranger, on an end run, he lunged thru and over three tacklers to the Eagles' touchdown.

Trying to Get Along. Other members of the team are just good boys trying to get along. Brookshire passes and runs, and sometimes punts, although that job goes to Cogdell when the team is in any sort of pinch. J. C. Pennington, fullback, is a fair sort of ball carrier, and the same sort of blocker. Gervis Galbraith completes the backfield setup at right half, and is used almost exclusively as a blocker. This quartet averages only 145 pounds.

Miles Marbaugh and Bill Dunaway were both in uniform yesterday afternoon when Coaches Mitchell and Fox sent their charges through a long, stiff scrimmage at Harvester park. Marbaugh, who has been on the sidelines with an infected leg, looked like his old self hitting the line, passing, and punting during the scrimmage. Bill Dunaway played for a few minutes, but was not allowed to exert himself.

New uniforms were to be issued this afternoon and the team was put through a light workout on pass defense and offensive plays. The team is in good condition, and it is believed that Dunaway will be able to start at halfback. Marbaugh will be able to relieve Holskell at fullback, he demonstrated yesterday.

Several new plays have been stressed during the week and a brand new offensive gesture is apt to confront the Eagles. Work of stopping Captain Cogdell, Abilene's star backfield man, has not been forgotten during the hard practice sessions. Cogdell is not the only boy who is to be watched. Coach Dewey Mahew always has a trick or two if his star is smothered, and the Harvesters have been coached to watch tricks from all angles.

The Harvesters are slightly favored from the dope standpoint, but the boys are anything but cocky. They know they will have to "click" to overcome the Abilene offensive.

Individual weights being as follows: Cogdell 160, Brookshire 141, Pennington 154, Galbraith 127. Injured in the Cisco game, Galbraith may not be able to play. Carroll Graves, Jack Blackmon, and Gray Shydes are being groomed for the position, too.

H. J. Jones, center, has been the outstanding lineman of the season. He weighs 156, but hits heavier than that; and almost invariably delivers a faultless snapback. Powell, 161-pounder who does fine work in interference, and Eno Howell, a fiery 152-pounder, are the guards. Ries Lindley, 192-pounder and the biggest man on the team, and Robertson, 180-pounder, are the tackles. They got their jobs late in October when both regular tackles, Jack Black and J. C. McDearmon, were found ineligible on the eve of the district race opener.

Another Ballanz. A. W. Ballanz, who weighs about 150, and James Baldwin, 140-pounder, are the ends. Ballanz is a younger brother of Ralph, who made the all-state team at end in Abilene's state championship season of 1931. Baldwin is likely to be missing from the lineup Saturday, due to an injury received in the Cisco game. Earl Jones, however, did satisfactory work at his position during the last half Thanksgiving day.

It is virtually a sophomore and junior club, since, even with the eight semester rule in effect, only four members will be lost for the 1934 campaign. They are Cogdell, Brookshire, Lindley, and Robertson. Abilene has yet to be beaten in bi-district competition with a team from northwest Texas, although the

Allen Whitlow, popular lightweight boxer, returns to the Pampa ring tonight after an absence of several months. Whitlow will meet Chief Parris of Oklahoma City in the 10-round main event. Three good preliminaries will open the big fight at the Pla-Mor auditorium.

WEIRTON, W. Va., (P)—Nick Kovich is a sort of last man—last man to be arranged before a U. S. commissioner in this district on a federal prohibition violation charge. Arrested yesterday afternoon an hour before repeal came in, he was charged with transporting two gallons of whiskey. He posted bond for a hearing next Tuesday.

ELIGIBILITY QUESTIONED
COLLEGE STATION, Dec. 7. (P)—Dean E. J. Kyle, chairman of the Texas A. & M. athletic council, said today that reports suggesting the ineligibility of Ted Spencer, Aggie fullback, "came as a complete surprise to members of the A. & M. athletic council."

Mrs. Stella Simpson underwent a major operation at Pampa hospital this morning.

14 ROUNDS OF FIGHTING WILL PRECEDE BOUT

ZILITIS WILL BATTLE FORT WORTH MAN FOUR ROUNDS

Still slightly scarred from his battle with Frankie Graham last week, Chief Eugene Parris, Cherokee Indian lightweight boxer, arrived in Pampa yesterday afternoon for his bout with Allen Whitlow tonight at the Pla-Mor auditorium. Parris won the battle, but it was the toughest of his career.

Parris and Whitlow will box the 10-round main event on Promoter B. W. Kelly's big card, which will start at 8:15 o'clock. Parris will be making his debut in a Pampa ring, while Whitlow can be classed as an old campaigner here. The Indian will have about four pounds weight advantage, but Whitlow will have the experience and age.

The Cherokee battler has been fighting 17 months. In that time he has met some of the best lightweights in the country. He lost a decision to the famous Pat Murphy, but came back to kayo Danny O'Brien. He has defeated such fighters as Bobby Armstrong, Pete Regal, Howard Scott and Frankie Graham. Parris has had 36 major fights and has lost only four. He was born near Nowata, Okla., but moved to Bartlesville where he first started the fight game.

Whitlow needs no introduction to Panhandle fight fans. He met and defeated some good fighters in this section a few months ago. The little fellow will remain in Pampa a few weeks before going to Arizona, where he has two or three matches scheduled.

Mickey Dunivan, 152, of Springfield, Mo., will meet the wildwinging Dick Hedgespeth, 157, of Perryton, in the six round semi-final. Hedgespeth has been seen in Pampa before when he made such a hit in his battle with Babe Ruth of Amarillo. Dunivan is a newcomer but is well recommended.

Eddie Zilitis, hard-punching Collinsville, Ill., boy will meet another newcomer in one of the four rounds

In cool and cold weather, roads do not dry up so quickly — they stay slippery longer, and, in the fall, dead leaves add to the risk of skidding.

The hours of daylight are fewer—so there is more chance of punctures or tire trouble happening on dark roads where tire-changing is dangerous.

New Goodyears Put on NOW Will Still Be Almost New Next Spring Because You Get . . .

MORE NON-SKID MILEAGE ON COOLER ROADS!

Colder weather, with more moisture on the roads, causes very little wear on new tires. Note that at 30 degrees, new non-skid treads wear down about twice as slowly as at 60 degrees. New tires put on now provide full non-skid protection when roads are slipperiest. Also they insure against punctures, delays and blowouts when such troubles are most inconvenient and risky to have.

MORE NON-SKID MILEAGE AT SLOWER SPEEDS

Slippery roads and more darkness cause slower driving. Note that at 30 miles per hour, new non-skid treads wear down about twice as slowly as at 60 miles per hour. New tires put on now will wear little due to cooler roads and slower average speeds. Next spring they will be almost new but limbered up and ready for thousands of miles of driving in warmer months.

GOODYEAR ALL-WEATHER TREAD STOPS CARS QUICKER THAN ANY OTHER TIRE!

Recent tests on slippery pavements establish figures that are no news to experienced tire-users; new Goodyear All-Weathers stop cars quicker than the next best tires—and 77 per cent quicker than smooth tires. Look at those sharp-edged deep-cut DIAMONDS in the center where the tread contacts the road. These Diamond blocks dig in, GRIP and stop your car safely.

FACULTY PLAY AT McLEAN TO BE GIVEN SOON

Christmas Holidays In School Begin Dec. 22

McLEAN, Dec. 7.—Members of the McLean grade school faculty, assisted by several business men, will present a play, "The Path Across the Hill," at the high school auditorium Friday evening, December 15. Rehearsals are being held regularly, and the finished production bids fair to be good.

"The Path Across the Hill" is a comedy drama in three acts with the following local people taking part: A. R. McHaney, Vernon Rice, S. A. Cousins, Wilson Boyd, Jack Roberts, Mrs. Jim Back, Miss Vera Cummings, Miss Ida Belle Newman, Miss Isabelle Bailey, and Mrs. Mary Silgar.

School to Close for Holidays.

Announcement was made by Supt. C. A. Cray at a faculty meeting Tuesday afternoon, that the Christmas holidays would begin December 22 and teachers would resume work on New Year's day.

At this meeting, Mr. Cray made a very interesting report on the State Teachers association, which he attended last week in Austin.

Several McLean football fans are planning on coming to Pampa Saturday to root for the Harvesters. McLean is backing Pampa 100 per cent to win against the Abilene Eagles.

Mrs. Mary Silgar and children, Anna Dell and Halle Neil, accompanied by her mother, Mrs. N. S. Ray, spent the Thanksgiving holidays with Mrs. Ray's daughter, Mrs. Gussie Woodruff, at Belle Plaine, Kansas.

Miss Frances Noel, first grade teacher, who has been out of the school for several weeks for medical treatment, returned to duty Monday morning.

Mr. and Mrs. Charles Speed of Clarendon were guests in the J. A. Meador home Saturday.

Watkins Family Reunion

The family of Mrs. M. W. Watkins enjoyed a family reunion at Mrs. Watkins' home in the Hindman hotel during the Thanksgiving holidays.

Those present were her daughter, Mrs. D. A. Caldwell of Pampa; Mrs. and Mrs. E. A. Rush and daughter, Martha Dale, of Byers; Mr. and Mrs. A. A. Watkins, Mr. and Mrs. D. W. Watkins and children; Bennie Watkins, Mr. and Mrs. Alfred Bingham, Rev. J. P. Gay, all of McLean; Mr. Gay, who is Mrs. Watkins' father, is a pioneer Baptist preacher.

Mr. and Mrs. Jack Roberts and son, Joe Charles, spent the week-end with Mr. and Mrs. H. C. Shoemaker of Vernon. The Shoemakers formerly lived here, having moved from here to New Mexico several years ago. They will be guests in the Roberts home this coming week-end.

Mrs. O. R. Jeeter and son of Mangum, Okla., were guests in the home of Mr. and Mrs. W. G. Finley on Thanksgiving day.

Christmas Motif Marks Club Party

Mrs. J. M. Smoot entertained the L-Double-Zero club at her home Tuesday evening. Red and green were the colors used in all appointments.

Mrs. R. E. Abbott made high score in the bridge games, and Mrs. Earl Hodges second high. Refreshments carried out the Christmas motif.

Mrs. C. M. Carlock was a club guest, and other players were Misses Tom Blair, E. O. Yowell, C. E. Harvey, Inez Boland, Abbott, Hawkins, and the hostess.

Women Decorate School Float For Santa Day Parade

Women who worked on the Snow Queen float which was Sam Houston school's entry in the Santa Day parade yesterday were as follows:

Mesdames L. L. McColm, J. K. Coats, W. C. DeCordova, Hugh Ellis, H. G. Myers, LeRoy Nelson, A. L. Patrick, W. D. Price, Don Hurst, George Hancock, John Sturgeon, R. E. Passon, and G. L. Jarvis.

Margery McColm was the queen, and her attendants on the float were Arlene Saunders, Betty Lou Batten, Gloria Conley, Willa Dean Ellis, Metta Edwards.

Parents Invited To See Indian Exhibit

Parents of pupils are being invited to visit Miss Lillian Mullinax's room at Sam Houston school, where her second grade pupils have arranged an exhibit of Indian life. Pupils from other rooms in the school have already visited it.

Children brought bows and arrows, deer horns, pottery, baskets, moccasins, blankets, bead work, birch bark, and a log canoe for the exhibit, with pictures of other Indian articles and scenes of Indian life.

Booker Mahon of Kingsmill visited here last night.

THREE GROUPS OF CHRISTIAN COUNCIL MEET

ONE PROGRAM IS ON CHRISTMAS PEACE TOPIC

A CHRISTMAS theme was stressed in the program of group four of the Christian Women's Council yesterday afternoon. Groups two, three, and four held regular meetings then.

Mrs. Ed Mazey and Mrs. E. E. Riggins were hostesses to group four at the home of the former. Members sang "Joy to the World" and "Silent Night." Mrs. J. E. Duncan conducted the devotional, "Memento With the Master."

Lesson on Peace

Mrs. Emory Noblett was lesson leader, with "Peace" as the subject. Mrs. J. O. Mote spoke on "War," illustrating her talk with pictures. "Sleeping Soldiers to Peace" were discussed by Mesdames Mazey, Riggins, and J. B. Thompson. Mrs. Noblett told a story, "The Invisible Leader."

In the business session members reported making 99 calls and reading 89 Bible chapters the past month.

Mrs. John S. Mullen and Mrs. Joe Colter were guests. In addition to those on program, members present were Mesdames Dick Rhodes, Roy West, A. L. Burge, H. E. Schofield.

Delicious refreshments were served by the hostesses.

Group Two

Mrs. Flora Enright entertained group two at her home, with Mrs. S. E. Elkins, assisting. Mrs. H. H. Isbell conducted the devotional; a business session was held, and refreshments were served during a social hour.

Present were Mesdames Claude Lard, Tom Eckerd, Howell, J. M. Garrett, C. C. Woodward, E. L. Reese, Ed Pritchie, Paul Hughey, Roy McMillen, Robert Woodward, Paul Hill, Isbell, and the hostesses.

Group three met with Mrs. C. A. Glark. A lesson on chapters one to four of second Corinthians was led by Mrs. DeLee Jones, Mrs. O. L. Thomas led the prayer.

Mrs. McHenry was a visitor, and other members present were Mesdames W. G. Kinzer and C. C. Wilson.

Tuesday is Date Of Meeting For Clubs at Miami

MIAMI, Dec. 7.—Miss Dona Locke led a very interesting program on Robert Browning at the meeting of the Woman's Study club, which met with Mrs. S. E. Fitzgerald Tuesday afternoon.

Pampa Women on District Program

Several women from First Baptist Missionary society here were on program when an all-day meeting of the Palo Duro associational society was conducted in Goodnight Tuesday.

Mrs. F. E. Leach of Pampa is president of the association. Mrs. Floyd Young told of the life of Peromet, composer of the society's song. Mrs. J. A. Arwood participated in the morning's program on stewardship, discussed "The Well-Spent Dollar."

Mrs. F. E. Brake conducted the afternoon devotionals; Mrs. Leach, a delegate to a recent associational meeting, made one of the reports on it, and Mrs. W. B. Henry gave the benediction.

Lunch was served the visitors at noon by the Goodnight women. Other Pampa members who attended the meeting were Mrs. A. L. Frimore, D. B. Jameson, and E. L. Anderson.

AAUW Christmas Meet Postponed

The Christmas meeting of American Association of University Women here will be held on Dec. 19, instead of the earlier date planned. It was announced today.

It will be a dinner at Schneider hotel, and each member may invite a guest. Presidents of other women's clubs here will be club guests.

This Christmas dinner is an annual event in the Pampa chapter.

Books for Little Theater Mystery Are in Library

Books for the mystery-comedy, "Cat and the Canary," which the Little Theater will present early in the spring, have arrived and are in the public library. Members may get them there to study the play and make preparations for trying out for parts.

Early arrival will be of advantage to those who expect to try out, members of the casting committee believe.

Rehearsals are progressing for the next Little Theater play, "Who Gets Slapped," to be presented early in the spring as the second production of the year.

QUANAH MAN SENTENCED
QUANAH, Tex., Dec. 7 (AP)—Poster (Blackie) Hamilton was sentenced to three years in the penitentiary and his father, L. E. Hamilton, was acquitted by a jury which tried them for murder in connection with the shooting of N. B. (Boots) Butler, Quanah roadhouse proprietor, last July 21.

Paul came walking up the landwash. "Gone?" Curt asked. "Yes. They have gone over on the mainland now."

The good news left Curt cold. The crazy bang-banging of those two cowardly breeds had exploded his last hope of making friends with that band.

Lynch Murder Is Denounced by Roosevelt

WASHINGTON, Dec. 7 (AP)—President Roosevelt is convinced the nation will not tolerate lynch law. Speaking to the Federal Council of Churches of Christ in America, last night, he made plain his belief that American seeks a government of its own "that will be sufficiently strong to protect the prisoner and at the same time crystallize a public opinion so clear that government of all kinds will be compelled to practice a more certain justice."

The younger generation, the president added, is not content with preachings against that vile form of collective murder—lynch law.

In a rebuke, softened only by his failure to mention names, Mr. Roosevelt condemned "those in high places or in low who condone lynch law."

Governor James Rolph of California recently gave verbal approval to the lynching of two kidnappers at San Jose.

The judicial function of government, the president reminded his listeners, is the protection of the individual and the community through quick and certain justice. That function, he added, in many places "has fallen into a sad state of despair."

Rail Commission Favored In Joe Burkett's Suit

SAN ANTONIO, Dec. 7 (AP)—In an opinion handed down by Chief Justice W. S. Fly of the fourth court of civil appeals, it was ruled that Judge W. W. McCrory of ninety-fourth district court had acted without jurisdiction in granting an injunction against the state railroad commission and its agents in favor of Joe Burkett Jr., receiver for certain oil properties in East Texas.

An injunction was obtained by Burkett against the commission October 14, restraining the oil regulatory body and its agents from interfering with operation of an oil lease and from molesting the receiver in selling stored oil and back allowable oil at the rate of 100 barrels daily for 20 days and 45 barrels daily until 4,400 barrels had been removed.

Burkett had contended that the commission had agreed to removal of this amount of oil prior to issuance of a blanket order that no back allowable oil could be removed from the field.

"If an action is to be brought against the railroad commission, it must be brought in Travis county, as directed by the statutes of the state, and this law cannot and will not be defeated through the tortious method of restraining everyone who could put active force and energy in the railroad commission," the opinion read.

The action of the district court in granting the temporary injunction was set aside and all proceedings in connection with it were dismissed.

HITLER ASKS SAAR BASIN IN ALLEGED PACT

'PEACE PROGRAM' HAS NO SUPPORT IN FRANCE

PARIS, Dec. 7 (P)—Rumors that Chancellor Hitler of Germany has prepared a five-point program for permanent peace with France were given something of an air of authenticity today by a French foreign office refusal to deny or confirm them.

The alleged Hitler program was reported to be as follows:

- (1) Allowance of conscript army of 300,000 to Germany;
- (2) The right to Germany to possess defensive weapons such as air-planes and tanks;
- (3) The international prohibition of the use of gas and bombing planes;
- (4) Disarmament of the heavily-armed powers;
- (5) The return of the Saar basin to Germany without a plebiscite.

French officials insisted there had been no decision whatsoever with Hitler since his talk with Andre

Dick Whittington, 150, of Wellington, and Kid Stamper, 151, of Macon, Ga., will box the opening four rounds.

Tommy Ross, son of Mr. and Mrs. R. E. Ross of White Deer, entered Pampa hospital yesterday evening for a major operation.

Francis-Poncet, French ambassador to Germany. It was said the French are flatly opposed to surrendering the Saar, taken by the Treaty of Versailles at the end of the world war, without a plebiscite, and were equally opposed to the suggestion that Germany re-arm.

Before answering such a proposal as Hitler was reputed to have made, however, France was expected to begin a process of sounding out the United States, Great Britain, and the little entente, composed of Czechoslovakia, Yugoslavia, and Rumania.

Eduard Benes, the foreign minister of Czechoslovakia and one of the founders of the little entente, has been invited to come to Paris December 14 to advise the French government what he considers possible and what impossible to grant Germany from the viewpoint of the little entente.

Passenger Train Wreck Prevented By Oregon Boy

OREGON CITY, Ore., Dec. 7 (P)

—On his way to the routine of the classroom, Hubert Bigel, 13, walked smack into unexpected adventure and probably saved a passenger train from a tragic plunge into the Willamette river.

Hubert, who lives six miles south of here, waited till the Southern Pacific's No. 16 northbound passenger train rumbled past yesterday then followed in its wake on the tracks that curve along the bank of the Willamette toward Oregon City.

Suddenly there was a crash and a roar. Hubert quickened his pace. Ahead of him he saw the road bed slipping and saw a great part of it slide with a splash into the river.

He knew the southbound passenger train was due soon. He ran at top speed back to New Era station and pantingly told William Dustin, the operator there of the slide. A telephone call to Portland stopped the train at Oregon City.

Mrs. George Simmons of LeFors shopped in Pampa yesterday afternoon.

Hugh Ellsworth of Skellytown visited in Pampa last night.

McLean Already Practicing For Basketball Title

McLEAN, Dec. 7.—Basketball practice at the high school for both boys and girls, started in earnest this week. Coach Garrison Rush is giving basketball more attention this year than at any previous time. The McLean teams will be battling for district honors this year, Coach Rush declared after looking over his prospects. Several letter players in both squads are available this year. The gymnasium floor has been re-sanded and varnished. Seats will be erected so that fans will be able to enjoy the games.

Harold Lee Meador underwent a major operation at Worley hospital last night.

Bridge Player Says Opponent Tried to Cheat

CINCINNATI, Dec. 7 (P)—The open contract pair championship grind of the American Bridge League was in its third day today while contestants and spectators buzzed with talk about a prominent player facing a reprimand for ungentlemanly conduct.

The reprimand was agreed upon by the executive committee of the league in a stormy session. The offending player, whose name was not divulged, is alleged to have shown his hand, with one card concealed, to an opposing player who held the dummy. The opposing player took exception to the action, feeling it was designed as a temptation for him to cheat.

Studebaker's Quadripoise Suspension provides LEVEL RIDING ...THE MILLION DOLLAR RIDE OF 1934

LEVEL-RIDING—Studebaker's latest brilliant contribution to motoring comfort—helped to sell more Studebakers last month than in any other November in eight years.

This million dollar advancement gives you level-riding on the turns... level-riding on rough roads... at 1934 speeds!

Quadripoise Suspension is the result of the expenditure of more than a million dollars in Studebaker's laboratories and proving ground. It embraces not merely one, but a whole series, of closely related engineering achievements.

Why Studebaker Cars Keep Their Balance

This great Studebaker development includes in its scope all four extremities of the chassis, rather than merely the forward half. It embodies the most precisely calculated distribution of chassis weight, body weight and passenger weight.

As a result, the center of the entire weight of the car is less than 27 inches from the ground. The cars are wider (74 inches) than they are high (69 inches). Any Studebaker will retain its balance, even if tilted to an angle of 58 degrees.

Quadripoise Suspension likewise involves spring placement, spring dimensioning and spring articulation. Springs are spaced further apart—another Studebaker innovation! It includes de-synchronization of the various rhythmic impulses inevitably set up by wheels, springs, motor and chassis. It covers tire sizes and air pressures. And it is affected materially by Studebaker's pioneering use of aerodynamic body design... Studebaker's skyway style.

The net result? A Studebaker ride is unique. The startling new 1934 Studebakers are completely free from shimmy and wheel

Five 85% stock Studebakers, in the last 500-mile Indianapolis Race, won 5 of the first 12 places—part of the painstaking program of Studebaker engineering research which produced Quadripoise Suspension.

Level-Riding, as achieved through Quadripoise Suspension, is advanced materially by Studebaker's extremely low center of gravity. The car is wider than it is high. The center of the entire car's total weight is within 27 inches of the ground. Even when tilted to an angle of 58 degrees, the car will return readily to even level.

fight. They never swerve or wander at any speed on straight-away, hills or curves. These Quadripoised Studebakers keep a level keel over rough roads. Rear seats are as free from bumps and jars as front seats. There is a notable absence of pitching, swaying and bouncing.

Unseen but notably evident, Studebaker's Quadripoise Suspension introduces the stability of pyramid design—low weight, balanced weight—Quadripoise weight. Studebaker level-riding is a proved fact. Take your Studebaker ride before, or after, you experiment with other motor cars... you will find none so impressively comfortable on any sort of road at any speed.
