TWINKLES
"THEY CAN BE BEAT!"

The West Foster grouch says he supposes the Sandies will win—just because about half of Amarillo would "pass out" if they didn't.

Ever notice that nature is a great even? Offspring illustrate it: One baby elephant—many ducks. There are more duck hunters than elephant hunters.

And nature, too, provides many suckers for Wall Street bankers and promoters. Smart men are not born every minute, nor are they usually eaten by the sharks of predatory business. (Maybe it's because so many of them turn sharks.)

"HARVEST THE SANDIES."

BREVITIARIALS

"I don't care what you say about this not being the Harvesters' year—Pampa will always bear watching, and plenty of it."

That's the attitude of the average Amarillo football fan. This Pampa fan heard it many times Saturday afternoon, when the Sandies defeated Central of Oklahoma City 14 to 0. And, considering the scores of recent years, it is a very logical attitude.

We do not mean that the Amarillos are not confident. Most of them think their Sandies will win by two or three touchdowns. They have the backing of the "experts," who seem to be agreeing pretty well on the 21-point theory, or rather, the 3-touchdown theory. Twenty-one points implies three consecutive extra points after touchdowns, which would be unusual in this day of few place-kicks and almost no drop-kicks.

More than usual, Harvester fans are agreeing with that 21-point dope, or reasoning, but deep down in their minds is the shrewd belief that it won't be that way. Amarillos are not expecting a Harvester touchdown. They know the locals have not showed much familiarity with opponents' goal lines. They hear of no Lards, no Kahls, no Baulsbys in the Harvester lineup. They are drunk on the gush of words about Corbitt, Cleghorn, Mahuron, Beale, and the rest. Pampans are learning new names—Marbaugh, Hamilton, Stevens, Dunaway, Pinnell, and the roster of lads who have joined Captain Patton in the lineups of this year. Few of these lads have reached their peak this season. They may do so November 11. If they do, an offensive of surprising ability may be born.

The freshman game at Canyon—played in one of the heaviest—coldest "dews" this writer ever shook off his hat—meant little to anyone but skilled observers. The freshmen wished to win; the Harvesters had nothing to gain by winning. The freshmen won by the slimmest of possible margins—a kick for point. Their touchdown was earned only through alertness and speed of an end who blocked a Pampa punt and fell on the wind-driven ball over the goal line. The Pampa touchdown was truly earned. All the power and pep the freshmen could muster against the local reserves failed to earn a single first down in the last three quarters. If Amarillo fans can laugh that off, they're good humorists.

"If the Sandies keep importing non-conference opponents, they'll find a good one pretty soon," remarked on Amarillo fan Saturday. The Sooners were sifting through the Amarillo line for many first downs and, if their ends and other pass receivers could have held the slippery ball as well as the Sandies, they might have scored. Maybe Amarillos would like to see Capitol Hill or Shawnee, both better than Central.

U. S. Supreme Court Gives Major Shepard A New Trial

ARMY OFFICER CHARGED WITH KILLING WIFE

RULING SAYS EVIDENCE OF NURSE ADMITTED IMPROPERLY

WASHINGTON, Nov. 6 (AP)—Major Charles A. Shepard, army surgeon, won in the supreme court today in his fight to set aside his conviction of the murder of his wife, Zenana on the Fort Riley, Kansas, Military reservation, and his sentence to life imprisonment.

The decision of the high court will have the effect of giving Dr. Shepard a new trial.

The court said the evidence offered that Mrs. Shepard had stated her husband had poisoned her had been improperly admitted.

Major Shepard contended his wife had committed suicide, and challenged the admission of evidence quoting her as charging him with poisoning her.

He also attacked the action of the trial court on other grounds. During the trial Clara Brown, a nurse who attended Mrs. Shepard, was permitted to testify that Mrs. Shepard had stated "she was being poisoned" and that "Dr. Shepard has poisoned me."

Few Tickets On Amarillo Side of Grandstand Left

Tickets on sale here for the Pampa-Amarillo football game of next Saturday are entirely on the east side of the field and at the north end.

They range from the 17-yard line to the north goal. About half of this section has been sold, mostly on mail orders. There are still some seats on sale in Amarillo.

Those who do not get their tickets soon will have to take unreserved bleachers at the ends of the field at 75 cents each.

Interest On Gas Deposits Is Paid

Interest on gas deposits is being paid this month by the Central States Power and Light corporation through deductions from the current billings.

The interest, figured at 10 per cent ranged from a few cents to more substantial figures, and totaled about \$1,200 for the city.

The deductions from gas bills are shown on the statements distributed a few days ago.

T. C. Addington of Miami was a Pampa visitor Saturday.

HEARD

Dick Hughes delightedly "telling" "everyone" this morning how Blair Cherry rung his hands and walked the floor Saturday night as he saw the Harvesters substitutes hold the Canyon-Freshman to a 7 to 6 score. Dick sat in front of the Amarillo coaches and he heard their gasps and exclamations.

Bill Fraser "creaking" around this morning. Bill went duck hunting yesterday and all he got was sore joints and muscles. Joe Vincent got the ducks.

ROLL CALL IS VITAL TO WORK OF RED CROSS

Income From Membership Is Main Income Source for Its Wide Activities.

"The American Red Cross, local and national, operates entirely on the income derived from membership of the people of the United States." This statement was made today by Alex Schneider, chairman of the Pampa chapter of the American Red Cross, in outlining plans for the coming year. This chapter is able to serve the community as it does by reason of the response each year during the Roll Call. Jack Cunningham is this year's roll call chairman.

"Individual membership provides the motive power behind all the programs of the organization," the chapter chairman continued. "The generous response of the American people in past years made it possible for Red Cross to conduct the immense distribution of farm board wheat and cotton. This single operation was carried on at a cost of \$685,000 to the organization. Acts of congress making these farm board commodities available for distribution did not provide funds or means of paying for overhead costs. Congress made the wheat and cotton available for distribution, leaving the processing and distribution problems to the Red Cross, thereby requiring the agency to pay all administrative costs from its own funds. The problem was met and handled. Red Cross taking 85 million bushels of wheat and 800,000 bales of cotton in storage at hundreds of points in the United States, converting them into flour, cloth and clothing and distributing them to the needy and distressed in practically every community in the country. Only 17 counties of the 3,075 did not ask for and receive flour."

"In its far-reaching disaster relief work, the Red Cross is enabled to give necessary help only because it has the confidence of the American people and because millions enroll each year as members. In case of the Southern California earthquake last March, Red Cross supplied dozens of workers and \$100,000 toward the fund needed to care for the injured and their families, including many orphans of the disaster, and the other necessary assistance to the victims. Without the support of the public through memberships enrolled each year, the work would have been necessarily limited to what it was possible to do with funds voluntarily contributed for the disaster."

"There are several types of memberships to be had," the chapter head explained. "The annual membership is \$1, but any individual may take larger memberships with full confidence that the added support given the chapter is needed and most welcome. Only 50 cents of the membership fee goes to the national organization. In the case of a \$5, \$10, or \$25 memberships, the money all stays here to be used locally, except the 50 cents which goes to the National Red Cross."

"Our roll call in Pampa will be launched on November 11, Armistice day, and during the ensuing two weeks every adult in the county will be invited to join the Red Cross. I am confident that, on account of the service rendered the community during the past years and the continuing need during the months of recovery which are ahead, a larger membership than ever before will be enrolled by the chapter. Mr. Cunningham as roll call chairman will be assisted by a large committee of volunteers in conducting the membership campaign."

PAYMENTS ORDERED

JOAN CRAWFORD AND CLARK GABLE SEE FISTICUFFS
HOLLYWOOD, Nov. 5 (AP)—Peter Arno, New York cartoonist, was knocked out in an exchange of fisticuffs in the fashionable Embassy club early today.

The argument allegedly was with Drexel Biddle Steel, actor and member of a prominent Philadelphia family, but Steel said the knockout blow was struck by his business manager, Gordon Butler.

Sally O'Neill, film actress who accompanied Arno to the club and repented to be the unwitting cause of the fight, was said by some witnesses to have ended the altercation by rapping Steel over the head with a chair. Miss O'Neill, however, denied she had any part in the fight.

Steel said Arno apparently had taken exception to his speaking to Miss O'Neill as he passed Arno's table. Later, Steel said, Arno came over to his table and made "a pass at me."

"My astonishment about the whole affair was increased because of the fact that I have known Mr. Arno for all of ten years," said the actor. "The only provocation that I gave him whatsoever was to call him by his own name of Curtis, for his name is Curtis Arno Peters, and I can't believe that he objected to my speaking to Miss O'Neill since that was my common courtesy."

Among those who witnessed the altercation were Joan Crawford and Franchot Tone, both screen players; Clark Gable, film actor, and Mrs. Gable, and Doris Duke, heiress to a tobacco fortune.

Miss O'Neill said: "What happened was this: Mr. Arno and I were in the Embassy, and when he left the table for a moment I noticed that he was engaged in conversation with another man, and that there seemed to be a little argument between them. Mr. Arno was irritated. I prevailed on

FIRST AID TO BE TOPIC FOR LOCAL STUDY

Red Cross; Boy Scout Course To Open Tonight At Junior High Building.

First aid, a science of saving lives of friends and loved ones, and of helping oneself in an emergency, will be taught in a thorough course opening tonight in the Junior high (red building) school plant at 7:30 o'clock under the auspices of the Red Cross and the Boy Scouts.

The course will start at 7:30 o'clock with students drawn from business circles, Scout leadership groups, and industrial managers and employes. It will continue for several weeks, with certificates offered by both sponsoring organizations to those who complete as many as 7 lessons. It is important that those interested attend tonight so that patrols and teams can be organized and a permanent time set for the course.

Roy Wright will be scoutmaster, or organizer of the students and Dr. R. M. Bellamy will be technical director. H. H. Hicks will be guest lecturer tonight, speaking on anatomy for first aid study.

Oil company officials who have taken the course as it will be given there recommend it highly and state that it has saved many lives in the industry. Some of them will take it for the review.

Domestic Gold Jumps 17 Cents

WASHINGTON, Nov. 6 (AP)—The administration raised the RFC price for newly mined gold to another successive new high today at \$32.84 an ounce, and revealed that \$2,800,000 has been paid out in purchases of the domestic metal.

Jesse H. Jones, chairman of the reconstruction corporation, said that substantial amounts of gold have been bought in the world markets but he declined to state the actual amount.

The administration watched the dollar slide to a new low level but would give no hint whether its gold buying activities abroad were linked to the skidding exchange rate.

FARMER DIES AS CAR HITS PICKET GROUP

VIOLENCE, DESTRUCTION TERRORIZE PARTS OF MIDDLEWEST

DES MOINES, Iowa, Nov. 6 (AP)—Death, violence, and destruction of property, brought a new tenseness to the farm strike today.

A Nebraska farmer was killed near Dakota City, Neb., last night, when a speeding automobile crashed into a group of pickets clustered around a parked truck. Five were injured.

Eight carloads of livestock were raided by pickets near Lawton, Ia., and the stock turned loose after the train had been halted by a huge pile of railroad ties on the tracks.

Picketing flared anew in Wisconsin. Forty thousands pounds of milk were dumped. Telephone wires were cut.

Pickets and anti-picketing forces massed at the Plattsburgh, N.Y., bridge over the Missouri river ready to clash. Gov. Herrington of Iowa announced the state was ready "to step in" if county peace officers were unable to handle the situation.

The death of Frank Fletcher of Homer, Neb., brought to two the fatalities since the national embargo was declared more than two weeks ago. The other fatality occurred recently in Wisconsin.

Fletcher died before emergency treatment could be administered. The injured included three pickets: William Winget, 58, Winnebago; John Pallas, 42, Thurston, and Jerry Phillip, 22, Walworth. Harry Jackson, Emerson, who police said was the driver of the car, was held after the crash together with a companion, Henry Mertens. Both were slightly injured.

Interest Growing In Banquet For Pampa Hi Exes

Oldtime graduates and former students of Pampa high school are mustering fast growing interest in the first annual banquet of a proposed "Ex-Students" association, which will be held Friday evening, November 10, at the Pampa high school.

Tickets will go on sale at 50 cents each tomorrow at the Pampa Drug No. 1, Harvester Drug store, and Corner Drug store. The event will begin at 6:30 o'clock in the cafeteria of Junior high school, which is housed in the red building on the central campus.

Judge Ivy E. Duncan will be toastmaster at the banquet. He and other former students are carrying the word to other graduates. Both ex-students and their wives or sweethearts will be welcomed at the banquet.

The group will exchange reminiscences and will elect officers. Plans for future activities will be made by the officers. Means for backing the Harvesters and the school and of compiling records of other years will be devised. The banquet was planned by R. C. Wilson, assisted by school officials. The ticket sale will close at noon Thursday.

REPEAL VERDICT TO BE WRITTEN IN SIX STATES

Mayoralty Election in Thunderous Climax

WASHINGTON, Nov. 6 (AP)—Spirited last-minute arguments and predictions today created fervent interest in tomorrow's repeal and mayoralty elections.

Two things put unusual significance into the off-year elections—only three of the six states voting need favor repeal to make certain of prohibition's official death about December 5; state-wide and mayoral contests were expected by some of the politically interested to indicate the direction of national political currents.

In many states and cities, consequently, there were predictions of heavy and even record voting. Thirty-three of the necessary 36 states have balloted in unbroken succession to end national prohibition. Tomorrow, Ohio, Pennsylvania, Utah, Kentucky, North and South Carolina give their verdicts.

With Tammany Hall's fortunes in the balance, New York City's heated mayoral election was being brought to a thunderous climax. The three candidates—Mayor John P. O'Brien, Fiorello H. La Guardia and Joseph V. McKee—predicted victory by overwhelming pluralities.

Farley, national and state democratic chairman, had endorsed McKee. Some democratic chiefs conceded that the outcome would affect President Roosevelt's control of the state.

To Elect Jaycee Directors Tuesday

New directors and alternate directors to guide the destinies of the Pampa Junior chamber of commerce during 1934 will be elected at a special meeting at 7:30 o'clock tomorrow night in the Schneider hotel. There will be no increase in price of the dinner. The regular weekly noon meeting will not be held tomorrow.

Girl Marries A Rooster in Long Chinese Ceremony

CANTON, China, Nov. 6 (AP)—A wedding in which a pretty Cantonese girl married a rooster was solemnized today.

Although her fiancé, Shih Kwang Tung, was living in Singapore, the girl's parents decided her marriage must be performed while they were still alive.

Accordingly, a graceful appearing bird from a neighboring poultry farm was selected to act as the bridegroom.

All of the elaborate ritual accompanying an old-fashioned Chinese marriage was observed while the beautiful bride, 18 years old, received the congratulations of friends, and the rooster must remain her "husband."

THE SCALES BALANCE IN FAVOR OF NRA

There never was a honeymoon that lasted more than a few months; and if Mr. Roosevelt's excursion with the American people is beginning to produce a crop of disagreements and hard words, nobody need be especially surprised.

Looking at the new deal without partisan bias one way or the other, it is possible to arrive at two conclusions about it: First, that it has not done as much for us as we permitted ourselves to hope.

Second, that it nevertheless has a genuine record of very solid achievement. The depression isn't over, commodity prices are not back where we want them to be, labor unrest is not ended, unemployment still exists, and the farmer still is baying at the moon.

On the other hand, somewhere between 3,500,000 and 4,000,000 men have gone back to work, child labor largely has been abolished, the commodity price level is higher than it was before, and wage scales have been improved.

Balance the benefits against the shortcomings and you get a net gain which is very much worth having. It is easy to be disappointed because the number of men who have gone back to work is not larger. Nevertheless, the mere fact that the purchasing power of upwards of three and a half million citizens has been restored is bound to have a wide and lasting effect.

It also is easy to complain because there has been a trade recession since the early part of the summer. But there are two things to remember in this connection. First, trade boomed at an abnormal rate late last spring, because manufacturers sought to build up surpluses before the NRA codes went into effect.

Second, while trade has declined, employment and payrolls have kept on going up—which, when you stop to think about it, is a fact of the highest importance. A depression as wide and deep as the one we have been in is not ended in a day or in a month or two. It still is a little early for us to form final judgment on the merits of the recovery program.

Meanwhile, we might as well remember that it has done some things, at least, of great value. We may not be out of the woods, but we at least have got to a point where we can see daylight through the trees.

TEX GUINAN TO BE BURIED AT NEW YORK CITY

Night Club Hostess Was Born At Waco

VANCOUVER, B. C., Nov. 6 (AP)—The bizarre career of Texas Guinan has been ended by death. Far from the glittering Broadway where she found fortune, the

TEXAS GUINAN

Queen of the Night Clubs died yesterday after an operation necessitated by an intestinal illness with which she was stricken a month ago.

She had been making a theatrical tour with her troupe of forty girls and entered a hospital here last Monday. She had been stricken in Portland, Ore., a month ago.

A member of her troupe disclosed that one of her last wisecracks after she was stricken was: "No, I'm not dead. Like the Blue Eagle, I am on my way to recovery."

By her death, the night life of New York lost one of its most distinctive personalities, for she was in a class by herself. There was only one Texas Guinan and that meant sharp wisecracks, raucous gaiety, rowdy mirth.

Strangely enough, her death came with the end of the prohibition era during which she rose to prominence along the great white way. She loomed up as a night club hostess in 1922, about the time when hip flasks and night club were gaining new popularity.

During her career on Broadway she presided over nearly a dozen night clubs, most of which were padlocked by dry agents. Many times she found herself in court on charges of liquor law violations, but she always wisecracked her way out.

Texas Guinan's age was not a matter of public knowledge, but she was in the neighborhood of 50. She was born Mary Louise Cecilia Guinan in Waco, Tex.

Before becoming a night club hostess, Texas was a cow girl, a "coon shouter," or torch singer, a dancer and movie actress. She made scores of western thrillers and she didn't use a double. She did all the stunts herself. After her movie career she became a vaudeville trouper, then a night club entertainer and then famous.

She was married and divorced three times. She is survived by her parents, Mr. and Mrs. Michael Guinan, a brother Tom Guinan of New York, and a sister Mrs. George Smith of Huntington Park, Calif.

Steel Relates Own Version of Fight With Arno

NEW YORK, Nov. 6 (AP)—Drexel Bitte Steel today telegraphed to New York his version of a night club altercation with Peter Arno, New York cartoonist, now in Hollywood.

"A little incident occurred tonight, on my return to America from the Orient, at the Embassy club here in Los Angeles, between me and Peter Arno which, with your good judgment, you will hush up," Steele's telegram said. "It has become public information I was sitting with Claire Delmar, international beauty, and the greatest actress in Switzerland, when he approached my table, a small supper party of 40 that was going in honor, and accused me of knowing him when his name was Curtis Peters, interior decorator for Gilda Gray and an unknown identity in America.

"I arose and presented him to Miss Delmar, which she acknowledged. That was not enough for him and I explained at that moment there was just one thing that he lacked—besides being born a man, he had failed being born a gentleman.

"Mister Gordon Butler, when Mr. Arno made a pass at me, stepped in to defend not only Miss Delmar but me, and sent Mr. Arno spilling across the dance floor, much to

LOSE BIGGEST ARGUMENT FOR LARGER NAVY

SUMMER CRUISE IS NOT FRIENDLY GESTURE, SAY LOBBYISTS

TOKYO, Nov. 6 (AP)—Big navy propagandists warned Japan today against interpreting the American fleet's removal from the Pacific next spring as indicating improved relations between the two countries.

"Japan," said a note typical of a shower that deluged vernacular newspapers, "will be caught in an American trap if we reduce our building program because of interpreting the United States fleet's summer cruise as a gesture of friendship."

Fighting for inclusion of a huge naval appropriation in the 1934-35 budget, the propagandists saw in the projected departure of the American fleet the loss of their best argument for a bigger navy.

AUBURN, Nov. 6 (AP)—A. P. Bagby, Sr., 58, a son of the late General A. P. Bagby of the confederate army, died at his home here last night. Outrageous Fortune

—By PATRICIA WENTWORTH

SYNOPSIS: Major Anderson, the chief constable, is making inquiries of Caroline about Jim Randal, her cousin who has become tangled in the mystery of the Van Berg emeralds and the shooting of their owner. Just as Caroline tells the Constable she has heard nothing from Jim, Jim telephones. She makes him understand she will meet him that night without "tipping off" Major Anderson. Caroline knows Jim had nothing to do with taking the emeralds, but until his memory returns, proving it is a difficult matter.

Chapter 42

TRAILING NESTA

Jim Randal went into the library, but he did not stay there long. He did not even ask for the file that he had come there to look at. The past and what had happened in the past was nothing like so important as the present and what was likely to happen in the immediate future.

He sat down on one of the stiff upright chairs, shut his eyes, and went over what Min had told him.

Nesta had come down in the small hours of the summons of a handful of gravel thrown up against her window. She had been away for something over an hour, had come back, and then immediately gone out again as far as the gate, bringing with her something, presumably money.

Min had then heard her say "It's all I've got," and something about keeping money in the house; after which the man said a lot of things she didn't hear, and one that she did. She heard him say, "Don't be late."

What he made of it was this—Nesta had given the fellow all the money she had got in the house, and was under an agreement to meet him next day with more. If he was right, Nesta would be drawing money out of the bank some time during the day. Some time after she would meet the fellow.

And when that meeting took place, it would be greatly to his own advantage if he could—contrive to make an objectionable third.

He had to keep an eye on Nesta Riddell's movements. Meanwhile he was going to risk a telephone call to Caroline. From now on she had got to keep right out of the business. She had got to be told that, and that he had left Hale Place.

He crossed over to the north side of the square, went into the post office and rang up Hazelburg West.

When Caroline's voice came to him after that long strange pause, his heart jumped. He said what he had come there to say, and heard Caroline say "Wait." She said it twice. What was the matter? He said it because he had said good-bye that her voice was stiff and dead?

He said, "I mustn't wait. Don't worry."

He was a fool to have said that, because the thought of Caroline worrying filled him with an insensate desire to go to her.

Jim went into a tobacco shop on the other side of the High Street, bought a paper, and unfolding it, kept a watch upon the door of the bank.

After about five minutes Nesta came out. She stood for an instant on the pavement, and then gave him the fright of his life by crossing the road.

A newspaper held wide open made a good screen. There was a moment's suspense, and then he saw from under the lower edge of his paper six inches of bright blue skirt and eight or nine inches of rather light stocking ending in filmy imitation leather shoe go up the two worn steps of the bank's next door. He was so near that he could hear her rather strident voice asking for milk chocolate.

He moved farther down the street and presently she came out and walked back along the way by which she had come, and at the same brisk pace. He watched Nesta disappear round the curve of Sandringham Drive and went back to his shabby room.

The day passed with intolerable slowness. It did not rain, but the clouds hung low and the air was full of damp. In his own mind he felt quite sure that Nesta would not meet the man until it was dark. He could have wished that they were in December instead of August, for even on a gloomy day like this it would not be dark until after nine o'clock.

And Caroline was coming here at nine o'clock. He had tried to stop her, and she wouldn't be stopped. He fell into thoughts of Caroline which were angry, impatient, tender, and passionately self-accusing.

He had no business to let her mixed up in this affair at all. Even if he were not Nesta Riddell's husband, he was very definitely under suspicion of attempted murder, and beyond all question he had been in possession of stolen property.

He didn't believe that he was Nesta Riddell's husband; he believed it less than ever since his talk with Min. But he could not prove that he was not Jim Riddell unless and until the gap in his memory closed and gave him back the lost weeks between the first of July and the fifteenth of August.

He might during those weeks have masqueraded as Jim Riddell, and, as Jim Riddell, have married Nesta Williams, but he didn't believe it. It rested on Nesta's word, and, quite frankly, he didn't think Nesta's word was worth a tinker's damn.

On the other hand, the Van Berg affair in some sort corroborated Nesta's statements. That didn't depend on Nesta's word. He himself remembered drinking with Elmer the night that he was shot. He remembered seeing the emeralds in Elmer's hand.

And, most damning of all, he had found them in his own house in a secret hiding place known only to Caroline and himself. Men had been hanged on slighter evidence than this. Caroline mustn't come within a thousand miles of it.

He went on thinking about Caroline.

DEBTS MAY BE ONLY SUBJECT IN CONFERENCE

LITVINOFF TO ARRIVE FROM RUSSIA TUESDAY

By WILLIAM L. BEALE
Associated Press Staff Writer
WASHINGTON, Nov. 6 (AP)—Whether diplomatic recognition alone shall dominate Russo-American conversations, leaving other issues for later consideration, was thrust forward as a question today on the eve of Maxim Litvinoff's arrival in the United States.

The Soviet commissar of foreign affairs and his government have maintained a strict silence on their attitude since President Roosevelt's invitation to explore relations was thrust forward as a question today on the eve of Maxim Litvinoff's arrival in the United States.

But past Soviet policies indicated Litvinoff would prefer to have this week's conversations deal almost entirely with the establishment of normal relations.

Such a course would leave to future discussions debts, claims, credits and trade relations. Informed quarters said this had been Russia's policy in establishing diplomatic relations with other countries.

President Roosevelt has kept his own counsel of procedure. But in his note to Mikhail Kalinin, Soviet president, Mr. Roosevelt invited a representative "to explore with me personally all questions outstanding between our countries."

This message, coupled with a later decision to hold preliminary talks at the state department, led some observers to believe the United States would insist on coupling other issues between with any discussion of recognition.

They say, however, that these matters of debts, claims and credits, may be scanned only in a very general way. Litvinoff is bringing with him no economic and financial experts. He may well call attention to this fact when he sits down with American spokesmen.

It is considered probable, too, that President Roosevelt may prefer to leave to later negotiations the details of issues which might confuse the international relationship he is seeking to clarify.

As for communist propaganda, informed sources predicted Litvinoff readily would pledge that no Soviet citizen would be allowed to engage in propaganda if admitted to the United States.

Two Prisoners Break Out of Amarillo Jail

AMARILLO, Nov. 6 (AP)—Plains officers today were on the lookout for two youthful prisoners who escaped from the Potter county jail, on top of the court house, about 2:30 p. m. Sunday.

The prisoners, Sid Howard, 29 years old, and Travis Paxton, 23, pried apart bars in the dining room enclosure on the first floor of the jail and the seventh story of the building shortly after the conclusion of a church service. They dropped to the roof of the sixth floor extension and went down the fire escape to the outside. The break was discovered within 10 minutes.

Howard had received nine years in the penitentiary on a robbery conviction, and Paxton was held under two convictions for forgery with sentences totalling five years.

IT TAKES HEALTHY NERVES TO BE AMERICA'S GREATEST STUNT GIRL

A SUDDEN NERVE-RACKING swing upward from a racing auto into a hurtling plane... It's all in the day's work for Mary Wiggins, famous stunt girl who also dives on fire into fire and does the suspension glide in mid-air while hanging only by her teeth. It means something when she says, "Camels never give me edgy nerves even when I smoke a lot."

Steady Smokers turn to Camels

LISTEN TO MARY WIGGINS, greatest of all girl stunt performers. She says: "I have to be sure my nerves are healthy to do my stunts, changing from a speeding auto to a plane, the high dive on fire into fire, walking while up in a plane, and the high-altitude parachute jump. As to smoking, I've found that Camels don't interfere with healthy nerves. I've tried all the brands. Camels are milder and better in flavor. They do not give me edgy nerves even when I am smoking a lot."

You'll like that rich Camel flavor and mildness. And your nerves will tell you the difference there is in Camel's costlier tobaccos.

KENTUCKY COLONEL, 1933 STYLE, PUTS THE GOATEE INTO DISCARD

The 3,000 Kentucky "colonels" don't—all of them, at least—conform to the goateed tradition. For example, take Anna Bell Ward

LEXINGTON, Ky. (AP)—With numbers comes variety, and therein lies a story of the Kentucky "Colonel," sub. about to lose his traditional identity as a gentleman with white goatee, broad hat and love of horse-flesh.

The latest count shows about 3,000 in 42 states, due to the generosity of Governor Ruby Laffoon and his predecessors in rewarding renown with the honorary title.

Many never saw the Land of the Blue Grass, and a goodly number regard a goatee as something to be passed on for a masquerade ball.

Departing further from tradition, the Honorable Order of Kentucky Colonels has a comely young woman, Miss Anna Bell Ward, occupying the high position as secretary and keeper of the great seal. And then there's Mae West of Hollywood and

(left) secretary of the Honorable Order of Kentucky Colonels, and—well, if it isn't Mae West, happy to claim the well known title.

Lexington, Ky. (AP)—The "general" of them all is Charles C. Pettijohn of New York. Others include Louis McHenry Howe, one of President Roosevelt's secretaries; Col. Roy Norr of Galveston, Texas; Col. John Alcocke of New York; Col. Felix Feist of Los Angeles; Morton Downey of New York; James A. Farley, postmaster general; William E. Reiley of Los Angeles; and Thomas D. Taggart of French Lick, Indiana.

"General" Pettijohn and Miss Ward have undertaken to bring all the "colonels" together for a banquet on Kentucky Derby Day in Louisville next May.

Gray County Has 34 in W. T. S. T. C.

CANYON, Nov. 6.—Gray county had thirty-four students enrolled in the West Texas State Teachers college during the first split semester of this year. It is expected that there will be additions to this number when the second split semester begins November 20.

This college is the only one in Texas which has arranged so that students can pay their fees in four parts of \$15.00 each, and can take nine weeks' work and have it completed and receive credit thereon. This "new deal" has enabled hundreds of college students to study this year who could not attend school under the plans in vogue heretofore.

Many students at Canyon are living on as little as \$15 per month, according to college administrators, and yet are not endangering health. Sixty-nine Texas counties and 3 other states are represented in the enrollment, which is larger than at this time last year.

RECORD BOOK KEEPS A VALUABLE HISTORY OF PTA UNIT; STATE REQUIREMENTS OF YEAR GIVEN

By MRS. J. M. CRAIG, Claude, State Publicity Director Texas Congress of Parents and Teachers.

Fifteen publicity record books rating 90 per cent and above will be on display in the exhibit room at the state Parent-Teacher convention to be held in Sherman November 20-23. The eight adjudged the best were sent to Seattle, Wash., to the national convention, this spring but are returned for this annual event. This part of the exhibit is always one of the most popular of the annual convention.

A record book, containing samples of material produced by the publicity committee, is a valuable history of the work of the publicity committee, and the growth of the organization. An attractive, well-arranged publicity record book is a useful addition and reference book to the bookshelves of the association.

Points of Judging. The books will be appraised for the ensuing year on the following points: Serviceable covers; complete identification on cover; information on inside front cover; neatness; attractiveness; arrangement of material in chronological order; good inside publicity; legitimate material; good announcements and follow-ups; emphasis given special events; correlating national and state news with local publicity; notations used to advantage; use of photographs; utilizing available publicity channels.

General suggestions for compiling publicity record books this year are as follows: Covers of stiff cloth, cardboard, or other durable material should be used. Strong serviceable, bindings and covers are desirable. The national congress suggests that each state adopt a standard serviceable cover of uniform size, not to exceed 12x16 inches but 9x12 is a preferred size.

Cover Material. Dates covered by book, not to exceed one year, should be noted on the cover or inside on the front page if covers are used for more than one year. Example: May, 1933, to April, 1934. Complete identification should be printed on the outside front cover, including name of association, name of school, district, city, state.

The inside cover should give the following information: Picture of the school building, number of pupils and teachers, population of city, number members of parent-teacher association, and a list of publicity facilities available in the community such as school paper, daily or weekly newspapers, radio station. This information gives the rating committee a complete picture of the conditions under which the book was prepared. An index, according to committee activities, should be included in the book. A blank page should be placed in the front of the book for comments of the reviewing committee if the book is to be exhibited at district conferences, state or national meetings.

Decorations Not Needed. All material used in the book should represent the work of the publicity committee. Material copied from other sources may be used, provided this fact is noted. Purely decorative ornaments and pictures have no place in a record book.

Notations explaining pictures, news items, and other topics may be used to advantage. Notes should be neatly lettered in the margin. Important passages should be underlined. A lengthy article should have marginal notes to facilitate scanning it. The name of association should be underlined, if mentioned in an article published by another organization.

Photographs which have been published or used for publicity purposes add much interest to the book and are highly desirable. Use the name of the association in connection with each published photograph.

LAKEVIEW, Tex., Nov. 8 (AP)—Caught in a tow chain which he intended to pull his car behind a wagon to start its motor, R. A. Bowerman, 60, was killed here yesterday when the team pulling the wagon ran away.

Bowerman had been dragged about 10 steps when the team ran through a barbed wire fence and he was dislodged against a post. Mrs. Bowerman, who intended to drive the team while her husband started the motor, saw the accident.

The car was pulled loose against a post at 50 yards, and the team ran for a mile and a half before being stopped.

The Scouts practiced upon their knot-tying. This was made interesting by making a game of it. The Scouts divided in two groups forming a knot relay. The contest will be continued at the next meeting.

Plans are being made to change the troop meeting room. Chris Martin, committeeman for the troop, made the report for the committee this week. He expressed his appreciation and that of the other troop committeemen for the work done by the troop.

Scouts and Scouters are practicing their drilling. All the Scouts of Pampa will be represented in parades on Armistice Day.

Scouts of Troop 4 are making plans to help the needy. Old clothing is being gathered to distribute among the needy. Any one who has some clothing that he has outgrown or discarded would gladly be accepted in our work.

The meeting adjourned at 9 o'clock with the presence of 24 Scouts, 12 leaders, and 4 visitors.

HARVESTERS BEGIN IN EARNEST TO PLOT ATTACK ON AMARILLO SATURDAY

WEATHER MAY DECIDE GAME WITH SANDIES

FANS ASKED TO STAY AWAY FROM PARK THIS WEEK

Harvester park will be the busiest place in Pampa this week as Coaches Odus Mitchell and Angus Fox prepare the Harvesters for the most important game of the year against the Amarillo Sandies here Saturday afternoon. Fans are asked to stay away from the park during the week of intensive training.

New plays will be learned and old weaknesses gone over in the program which will also include work on the defense against Amarillo's passing attack. Last Saturday's games will have little bearing on the hope for the game if the field is dry. The Sandies looked powerful in defeating Central high of Oklahoma City 14 to 0 in the mud, while the Harvester reserves, assisted by a few regulars, made an impressive showing in holding the West Texas freshmen to a 7 to 6 score in mud and cold.

On top of her great aerial attack and fast ground plays, Amarillo has found a punter to add to her offensive strength. Mahuron exhibited great talent with a wet ball Saturday to place him in the class with Marbaugh, Dunaway, and Gregory of the Harvesters, who have been talked as the best punters in the district. Mahuron punted a muddy ball out of the mud 64 yards Saturday afternoon. His other punts were fair. The Sandie defense was not up to par and will probably receive considerable attention this week. Cherry not having to worry much about his offense.

Coach Mitchell took few chances with the boys Saturday night. Hamilton and Captain Jess Patton went into the game for only two plays. Patton was suffering from a

BAYLOR WILL BATTLE TEXAS ON SATURDAY

ARKANSAS WILL PLAY RICE OWLS AT HOUSTON

By BILL PARKER
Associated Press Sports Writer

The University of Arkansas Razorbacks and the University of Texas Longhorns are riding a Southwest-conference championship tide that may ebb away from one of them Saturday. A full program of three conference combats promises either to eliminate Texas or Arkansas or put the champion issue up to them when they meet at Austin November 24.

Saturday will see Texas, with conference wins over Rice and Southern Methodist, battling the Baylor Bears at Austin. The Bears are out of the race with two defeats and would like nothing better than to be the first to plaster a conference trimming on the Longhorns.

Arkansas, riding high, wide and toward a championship with an unmarred conference record that shows victories over Southern Methodist, Baylor and Texas Christian, will invade Houston to battle the Rice Owls. It will be the semifinal conference set for the

Razorbacks. A victory over the Owls will leave them with only Texas as a championship obstacle.

The third conference game will be at College Station between Southern Methodist and the Texas Aggies. Southern Methodist was erased from the conference running Saturday by the Longhorns. The Aggies have a slender outside chance with a record of one conference win and one defeat.

Tapering off Saturday's program will be an inter-sectional duel at Fort Worth between the University of North Dakota and the Texas Christian Frogs. Texas Christian, defending champion, faded from the championship marathon Saturday by dropping a 0 to 7 game to Baylor.

Probably the center of interest this week-end will be on the Baylor and Texas battle. The Bears dealt conference wiseacre a real surprise when they cooled the Horned Frogs. Parks galloped over for a touch-down and Siringer kicked from placement to vanish all hopes for Texas Christian repeating as conference champions. Naturally the Bears are out to finish as high as possible and would cherish a victory over the Longhorns to square accounts for last year's defeat.

The Longhorns clicked off a 10 to 0 decision Saturday over Southern Methodist when Bohn Hilliard, ace halfback, broke loose in the final five minutes and thrilled with a field goal from the fifteen-yard line, a thirty-yard run for a touch-down after intercepting a pass, and a placement kick.

Arkansas remained idle Saturday while Coach Fred Thomsen of the Razorbacks scouted the Longhorns. The Owls dropped a 0 to 13 game to Santa Clara Saturday at San Francisco.

The Southern Methodist Mustangs and Texas Aggies probably will

TWO FOOTBALL TITLES LIKELY TO BE DECIDED

OKLAHOMA AGGIES TO PLAY DRAKE; KANSAS FACES NEBRASKA

By HERBERT W. BARKER,
Associated Press Sports Writer.

NEW YORK, Nov. 6 (AP)—Two of the country's nine major football championships may be settled this week but the rest will have to await developments of November 18 or later.

With a full month yet to go before some of the final returns are in, the championship races looked about like this today:

Big Six—Nebraska can clinch the title beyond dispute by beating Kansas this week.

Missouri Valley—Drake will win the crown if the Bulldogs spill Oklahoma A. & M. If the champion Aggies beat Drake and then Creighton, they'll finish with a perfect conference record of two victories, no defeats.

East—Army, Princeton and Duquesne, the sole remaining undefeated and untied teams with the first two conceded the best chance of winding up that way.

Big Ten—The elimination of Illinois left only Michigan, Purdue, and, at the outside, Minnesota, to carry on. Minnesota's tussle with Michigan may be decisive.

Southwest—Texas and Arkansas, the only undefeated teams, meet Friday, November 24.

Pacific—Oregon State and Southern California still in the running but the first two clash this week.

Southeastern—Georgia, the only unbeaten and untied team, looks best, but Alabama, Louisiana State, Mississippi, and Vanderbilt, all undefeated but tied, can step in if the Georgians falter.

Southern—Duke, South Carolina, North Carolina, and Washington & Lee survive.

Rocky Mountain—Utah leads with Denver and the Colorado Aggies a step behind.

Lawrence Herne of St. Louis arrived Friday to join his wife, who has been here at the bedside of her brother, George Henderson. Mr. Henderson returned to his home today from Worley hospital, after a major operation.

him to sit down at the table and distracted his attention from the trouble, whatever it was. I then suggested that he play a piece on the piano, and this he did with the orchestra, and while he was doing this Mr. Steel, or whatever his name is, for I scarcely know him, passed by my table and said something about it being very nice of me to act the way I did about the little spat.

"Mr. Arno observed the man at my table, and asked me what he had said. He then went over to Steel's table and Mr. Arno struck at him suddenly."

Miss O'Neill said Steel stood over Arno, after the latter was knocked down, with a chair and that she rushed in to prevent any further hostilities.

Arno, who two years ago in Reno was engaged in a fight with Cornelius Vanderbilt Jr., was unavailable for a statement.

bruised hip—Bert Stevens, Gregory, Finnell, Eldridge and Smith were not used. Two or three other regulars were inserted in the game at intervals.

Five thousand reserve seats have been sold for the big game and 5,000 bleacher seats are to be erected during the week. The game will be called at 2:30 o'clock.

Officials for "the" game will be Del Morgan of Lubbock, freshman coach at Texas Tech and a former Austin college star, with the positions unassigned yet to Davault of Wichita Falls, Froggy Lovvorn of Plainview, and Marshall May of Canyon.
