### About School Curriculums

Supt. M. L. H. Baze of the Hopkins public schools is an inquisitive person. We commend him for it. We have long thought that the average school teacher never took enough time to compare theory with practice. Sometimes we doubt that school curriculums have been enough adapted to the practical needs of a practical world. But we suspect that the fault is not so much that of the textbook writers as with the teachers who fail to supplement the text with studies of the world in which pupils live. For instance, many teachers give "A" grades in government to pupils who do not know how to pay a poll tax and who do not have even the slightest conception of the problems of taxation in their home town.

Mr. Baze has sent us a list of questions he gave to his teachers and pupils of the 6th to 10th grades. He writes as follows: "Its purpose was and is not to trifle with the feeling of anyone, nor does it purport to test the intelligence of anyone. For years I have been crying from the housetops that our curriculum is at least 40 years behind the times. We are maintaining a school system, from the first grade through college, that has a traditional curriculum. A static curriculum in a dynamic society—what a crime."

The Hopkins man propounds this question? "What do you suppose members of the Lions club would do with such an examination?" And is our apprehension aroused! We tried such a questionnaire on that club a few years ago and the result was startlingly blank. Mr. Baze doesn't stop with that question. He adds: "Who is to blame for our curriculum? Would the populace stand for innovations? Just what should we teach? Will school people have to justify the educational program in the near future?" While we catch our breath after that barrage, we'll confess that Mr. Baze added a postscript saying that "the sole purpose of the questions was to impress upon faculty members and pupils alike that our curriculum might be short a good many things."

Maybe your questions are addressed to the right person, Mr. Baze. This Pampan was educated, in part in a teachers college. He holds the highest teaching certificate that Texas awards. But never having taught, he isn't troubled by memories of teaching problems and can give you advice that sounds to us at least—very good. But first, let us examine some of the questions given the pupils and teachers:

1. What is edge-grained flooring? Would you choose it?
2. What is the simplest way to tighten a window shade?
3. Do fruits form acid or alkaline ash when digested?
4. What is the legal rate of interest on borrowed money in Texas?
5. What is the difference between "or bearer" and "or order" on a bank check?
6. How would you raise the United States flag to half-mast?
7. What is sodium chloride?
8. What is a warranty deed?
9. Name the two United States senators from Texas.
10. Where is Notre Dame? What do the words mean?
11. What is the color of a duroc hog?
12. Name three grain sorghums.

There were 150 questions in Supt. Baze's list. As we analyze Mr. Baze's queries, he is asking how far the schools should go in preparing the students for life by giving them experience in advance? By this we mean that normally the answers to his questions are learned through experience after graduation. But should the schools anticipate these problems and furnish the answers in advance? We say yes, to the extent that such practical information may be imparted without too greatly turning the schools into machine shops.

There was a time when we thought the schools should prepare a student to step into a position, full-fledged, crammed with synthetic experience, and ready to render service to his employer at a full gallop. Our own experience has taught us many things that we think schools could not have imparted in a form that we could appreciate. We will state very frankly that we blame the schools for many faults in our training. But the teachers, not the curriculum, were basically at fault. We sat in classrooms to study county government, when we might have interviewed county officials or at least invited them to speak to us.

We are not so much alarmed about the curriculum as we are about the study habits, or lack of them, that students have evidenced. The world is full of newspapers, good magazines, good books, good music. There are more pages to a newspaper than page 1. Reading has failed to become an intellectual habit in much of America. Reading is regarded as entertainment. When it fails to entertain, it is cast aside. Americans wish sugar coatings on their study courses, public speeches, readings. Conversation in this country is unworthy of a nation like ours. Education is a lifetime process but the stimulus to thoughtful reading appears to cease at graduation. Far too many persons take literary and educational vacations after graduation day. For many, the vacations extend through life.

It is fortunate, in a way, that the great and troublesome problems of the depression have again aroused in

## Pampa Without Traffic Death In Ten Months

The October report from the National Safety Traffic contest shows Pampa as one of eight cities without a traffic fatality from January 1 to October 31. The contest between cities of various classifications places Pampa in a group of 37 cities with populations between 10,000 and 25,000 persons.

Several other Texas cities are entered in the contest but Pampa leads the way. City Manager C. L. Stine urges motorists to continue to drive carefully so that Pampa will be able to report no fatalities for 1933.

The report shows that there were 20,330 fatalities in the United States to Oct. 31 this year. During the same period in 1932, the deaths totaled 20,961.

## Work on Highway 33 Progressing

Three blocks of curb and gutter on Highway 33 through the city has been run, and fine grading of that distance is to be started tomorrow morning. The gravel base on the fine-grade will be next work on the program.

All the work is being done by unemployed of this city under state supervision. Pouring of concrete for the rest of the curb and gutter will naturally be slower because of the approach of cold weather. The three blocks already poured was completed in two weeks.

—By WILLIAM BYRON MOWERY

**SYNOPSIS:**—Curly Tennyson, returns to Edmonton after a winter of wolf hunting in the Arctic, ready to take a job that will pay him a large salary. But he sees Rosalie Martin, whom he expects to marry, some day, and later Rosalie's father, A. K. Martin, Curt's former chief in the Royal Mounted. A. K. wants Curt to return to his old job long enough to track down Igor Karakhan, international crook who for nine months has defied the Mounted Police. Finally Curt gives up his rosy prospects, and out of regard for A. K. takes up the trail. At Vancouver he learns from Inspector Baldwin of Helen Mathieson, a former friend of Karakhan.

**Chapter Six**  
**DATE FOR CURT**  
Baldwin flushed slightly. "Miss Mathieson and Karakhan were together a deal here in town, and—uh, took trips to the coast."

Curt noticed the flush and the hesitancy. He wondered what Baldwin's reluctance to talk about her meant. Was he holding something back?

"Is she still here in Vancouver?" "Yes, she manages a beauty shop on Kirk street."

"Do you know her well enough to get me a date for this evening?" "Oh, let her alone, Tennyson. I've covered that lead. She doesn't know anything important. That Russian was too cagey to tell her anything about himself. He didn't tell anything."

"I'm going to grill her. I just want a talk." "She won't date with a stranger, though."

"Try her, won't you? By the way, better use a fake name—Ralston, or Curt Ralston. And I'm a flyer with the Consolidated Minerals."

Baldwin was willing enough to cooperate, for he felt confident that nothing would come of it. Picking up the phone he called a number and got Miss Mathieson.

"Helen? Am Baldwin speaking. How are you? Glad to hear that. I say, Helen, are you free this evening? Why I ask, I have a friend here in town, Curt Ralston, an aviator with a prospecting company. He's having a lounge evening and I wondered whether you wouldn't step out to dinner with him. Beg pardon? You don't care to? But I wish you would, girl. He's rather a close friend of mine, and I believe you will like him. You'll telephone me later? Better make it 'yes' now, Helen. He's entirely a gentleman, you understand—otherwise I wouldn't have suggested this. Please... You will? That's mighty sweet of you!"

He set down the phone. "Seven o'clock at her shop, Curt. If you pick up anything new from her, I'll turn in my commission and get a job as a traffic cop."

Curt thanked him, left headquarters, sent a box of flowers to the Mathieson girl, and went out to the Marlin home.

Smash was gone. He had slept a few hours, the housekeeper said. Then had done some telephoning, changed clothes and left immediately. "Soaking up some more sociability," thought.

Going out to the vine-clad porch with his pipe and the notes he had made at headquarters, he began blocking out his program in rough outline. The clean swift way of locating Karakhan was to trail him, to pick up his trail leading away from Vancouver and follow it.

There were other methods of going about the business; he knew of several which Baldwin and the Silent Squad had overlooked; but they would take months of grubbing work.

He had a theory of how Karakhan had made his get-away, and he meant to test it thoroughly before turning to the slower methods.

He had a theory of how Karakhan had made his get-away, and he meant to test it thoroughly before turning to the slower methods.

The porch, with its climbing roses and honeysuckles, made him think of the many evenings he had spent there with Rosalie during the summer vacation or when she was home from girls' school; but his thoughts of her now were not very kindly.

He resented her attitude last night in Edmonton when he told her he had turned down the Colson-dated offer. She had quarreled with him, then sulked and kept away from him, and spoiled the whole thing. She could be kittenish and companionable when she wanted to but her pleasantness did not seem to go very deep.

He suspected, too that her engagement rested pretty lightly with her. For all her childish irresponsibility in most ways, she was heady enough on some points, and one of them was the matter of her marriage.

He believed that her engagement was a kind of anchor to windward with her; that besides herself she was keeping a whole string of possible husbands, much as prospectors liked to keep a large number of claims—in the hope that some particular one of them might come through big.

After changing clothes, he taxied back to Kirk Street for his strange date with the Mathieson girl. In spite of what Baldwin had said, he expected to find her a world-wise creature of the gold-digger type.

She must be a pretty shrew kind, to run in Igor Karakhan's company; and he would have to handle her carefully. She might know nothing worth while, and then she might give him some priceless little clue.

He walked into the reception room of the beauty parlor. On a lounge, a girl sat reading a magazine, a dark-haired, dark-eyed girl in a pretty black and white silk frock. Curt thought she was merely some client of the shop.

She laid the magazine aside and rose up. "Are you—your Mr. Ralston, aren't you?" she asked.

"Yes, is Miss Mathieson, ar—?" He hit the question off short. For he suddenly noticed that the corsege she was wearing was his, and

**CHICAGO GRAIN**  
CHICAGO, Nov. 18. (AP)—Wheat tumbled almost 3 cents today, influenced by trade reports that no stabilization of the dollar would be attempted based on the price of gold.

Downturns of wheat values were in disregard of unofficial explanations that the gold value of the dollar would not be permanently fixed until commodity prices were at a level which satisfied the Washington administration. Stop-loss selling of wheat developed, and lowest prices both of the day and the week were reached just at the last.

Wheat closed unsteady, 2 1/2-2 3/4 under yesterday's finish, corn 1 1/2-1 1/4 down, oats 1 cent off, and provisions varying from 12 cents decline to a rise of 17 cents.

Com and oats were dragged down by wheat action and by reports which indicated rapid progress of husking.

Provisions averaged higher, influenced by relative firmness of the hog market and by expected good-sized lard purchase orders from Russia in the near future.

**NEW ORLEANS COTTON**  
NEW ORLEANS, Nov. 18. (AP)—An early advance met week-end liquidation and some hedge selling in cotton today but offerings were abundant.

As she confronted him under the hanging light he recognized her as the girl of the picture on Baldwin's desk.

"I'm Helen Mathieson," she said. The surprise nearly floored Curt. She was so exactly the opposite of all his expectations. Her girlish dignity and her shyness toward him a stranger, completely blasted his former uncharitable opinion of her. He thought her as charming and sweet a girl as he had met in a long time.

For a moment he felt that somebody surely had made a mistake somewhere; it seemed preposterous that a girl like her could ever have fallen in love with the Cossack Karakhan.

He took her to dinner at a restaurant garden, and wanting a quiet talk, which was impossible at a theater, he suggested a canoe ride. They taxied to the park, rented a canoe and drifted out upon the lagoon.

### Double Recital Programs Heard By Large Crowd

Five hundred persons heard the two musical recitals presented by pupils of the Carr School of Music at the Methodist church Thursday and Friday nights.

Promising talent was shown by pupils in all departments. Outstanding Friday evening was the playing of Liszt's Hungarian Rhapsody by Helen Marie Jones, 15-year-old piano pupil of Mrs. Carr, whose stage presence won favor with the audience as well as the dash and brilliance with which she played. She showed fine technique and understanding of the number.

One quality as well as facility were demonstrated in the solos of Janice Furvance, Marie Carr, Catherine Barrett and Little Ernestine Holmes, youngest pupil of Mrs. Carr, Friday evening.

Violin pupils of Miss Hermine Stover performed creditably both evenings. Piano solos of Louene Cox and Shirley Mae Sone, and a trio by Ernestine and Leon Holmes and sorbed at setbacks of 13 to 16 points. Shorts covered at the lows, and there was some support induced by a firm closing of stocks. Prices rallied moderately and at 9:30 a.m. closed steady, net unchanged to 2 points up.

The opening was steady as Liverpool cables were a shade better than due and sterling rallied to 5.28. First trades here showed no change to 2 points down and at 10:00 a.m. closed steady, net unchanged to 2 points up.

The opening was steady as Liverpool cables were a shade better than due and sterling rallied to 5.28. First trades here showed no change to 2 points down and at 10:00 a.m. closed steady, net unchanged to 2 points up.

Later a recession in wheat caused considerable week end liquidation with some hedge selling and December dropped to 98 1/2 at 9:30 a.m. to 10:11 down 13 to 16 points from the early highs and 8 to 9 points under yesterday's close. In the final trading however, shorts covering and a firm closing of stocks caused prices to rally 9 points from the lows. December closed at 99 1/2, 1 point net higher for the day and March closed at 10:20 or net unchanged for the day.

**KANSAS CITY LIVESTOCK**  
KANSAS CITY, Nov. 18. (U. S. D. A.)—Cattle prices at midday were depressed during the week under the review continued to work lower with late trade on fed steers and long yearlings semi-demoralized; most billing classes are 25 to 50 cents lower than a week ago; with quotations on steers scaling above 100 lbs the lowest in 25 to 30 years, and 70,000 fat steers entered in the American Royal Livestock show will be sold next week and carlot entries at the International in Chicago this year are expected to be large. Stockers and feeders trade was depressed by the dull market on killing steers with prices slumping to new low levels for the season. Accumulated receipts at 19 markets approximated 233,900 against 217,868 last week and 188,228 the corresponding period a year ago.

Prices on hogs this week registered little change, some centers finishing steady to 15 cents lower than last week close and others showing slight upturns of 5 to 10 cents. Chicago had a late top of 4.35; total offerings were 180,000 heavier than last week and 120,000 in excess of a year ago.

Fat lambs are unevenly steady to 25 cents lower for the week while aged stock ruled strong to 25 cents higher. Supplies numbered around 250,000 as compared with 300,433 last week and 281,512 a year ago.

Pauline McKay were notable numbers of Thursday evening. Vocal solos by Mrs. Ethel Powell, Howard Zimmerman, and Norman Carr added to the final program.

**The Worm Turns**  
Wheeling, W. Va. — William C. Piper, assistant prosecuting attorney, finally obtained an apology from the sophomore who paddled him while he was a freshman at West Virginia University years ago. Dr. R. C. Halslip, a witness in a court case, was reminded by Piper that he was under oath.

"And now, aren't you sorry you paddled me?" asked the prosecutor. "Yes, Sir," answered the witness meekly.

### VALUE OF HOME CANNING SHOWN BY CLUB WOMAN WHO BOUGHT ALL MATERIAL WHEN GARDEN FAILED

### Mrs. Walberg Tells Story of Pantry Project

Proof that a family food supply may be canned at home at much less cost than commercially canned products, although all materials must be purchased, was presented by Mrs. A. R. Walberg, food supply demonstrator for the Kingsmill Home Demonstration club, in her story of the year's work when her pantry was shown to visitors last week.

Mrs. Walberg's garden was a failure, and she was able to place on her pantry shelves only four containers of vegetables that she grew. All other fruits and vegetables had to be bought, and she had not a single can or jar on hand at the beginning of the year.

She bought fruit at local market prices, and most of her vegetables were purchased from farms of nearby counties where the yield was good. Her total expense including cans, was \$29 for the 770 containers of food that will supply her family of four through the winter.

Mrs. Walberg will later add canned poultry and meats to her pantry. These she is producing at home.

Members of her club who assisted her in the open house Thursday displayed fruit of their pantries in balanced meals. The following menus, chiefly in cans, were shown:

**Varied Menu Offered**

Mrs. John Peacock: Baked potatoes, greens, deviled eggs, cold slaw, hot rolls, butter, jelly, huckleberry pie, milk, or cocoa.

Mrs. Bruce Cobb: Pork roast, gravy, green beans, buttered onions, jelly, hot rolls, peach whip.

Mrs. H. A. Layne: Roast beef, gravy, scalloped potatoes, spinach, peach pickles, muffins, cakes, hot rolls, coffee, tea or milk. Mrs. Layne has 275 quarts of food in her pantry.

Mrs. George Maul: Roast pork, green beans, creole corn, mint jelly, apple whip. Her pantry contains 250 quarts.

Mrs. Schiffman: Salmon croquettes, string beans, browned potatoes, pepper relish, peaches and cream.

Mrs. O. G. Smith: Fried chicken.

### PTA Study Club Meets in Merten

The association offers a vision that will enable parent and teacher to understand young people; it offers means of cooperation between home and school, and it brings the viewpoint of the home to the teacher, speakers emphasized.

Members were entertained with three songs, "Home on the Range," "The Old Kitchen Kettle," and "Rock of Ages," by Mrs. A. B. Hall and Mrs. A. C. Enloe, who played their own guitar accompaniment.

Those present were Mmes. Hope, Brandon, Holmes, Bridges, Bailey, Enloe, Neil, Bettis, Burba, O'Connor, Browning, and the hostess.

Other players were Misses Louise Whitefield, Ray Blalock, Martha Sneed, and Frances Finley; Mmes. Fred Carey, Husted, Sug Cobb, C. B. Chandler.

The Big Cage, by Clyde Beatty and co-author Anthony Clyde Beatty tells us how it's done, mixing lions and tigers, no two that are alike. FICTION Grand Canary by A. J. Cronin. This is a story of the regeneration through love of a brilliant London doctor, with its romantic episodes, its drama and its impressive characterization. Big Bad Wolf Is Popular New Toy

Associated Press Staff Writer. CHICAGO, Nov. 18 (AP)—Blue horses with red lined ears and plaid monkeys—they're here and so are pink rabbits, pin striped dogs and yellow cats as the advance guard of the new 1933 Christmas toys.

The plush Teddy bear, the stuffed dog and the fuzzy white kitten are back too, but they have some rivals as pigs, in threes, and wolves, big and bad, are making their debuts in toyland.

Another rising star in the toy animal field is the donkey. Oh, yes, the elephant is there, too. Both can be found stuffed and mounted on wheels to be pulled. And they are in sizes large enough to rival the hobby horse.

There is a new lamb out—a sort of a modernistic bit of fleece. His yellow lined ears are large and floppy. His long staked legs are floppy, too, and they won't do for him to stand up.

Last year's blonds are being turned into this year's redheads, with a new wig in the doll department. And when it comes to make-up, well, seeking in believing how much good a touch of paint does dolly. In the toy world, there is a new fire chief's auto with a siren that would bring any fireman on the run.

As is the case each year, toys reflected in the miniature the grown-up world, and with a new streamline, rubber tired trains being tried out, a few and quite expensive copies in toys are being shown.

Auxiliary Will Seek Members

Women of Pampa whose husbands, sons, fathers and brothers served in the world war, will be rallied to go forward with the men of their families in continued patriotic service through an intensive membership effort by Pampa unit of the American Legion Auxiliary. The effort will be opened soon by Mrs. S. A. Burns, unit president, has announced, and will have as its goal the enrollment of all eligible women in the auxiliary.

Present conditions call loudly for a reawakening of the patriotic spirit that gripped the nation during the world war," Mrs. Burns said. "It is the duty of the men and women who were closely associated with war service to give example and leadership in peace-time patriotic service. They can do much to unite America for the great common effort needed to overcome present difficulties.

The American Legion Auxiliary offers a place in which all women whose men served in the war can work effectively for their country today. It offers them an opportunity to express in concrete endeavor their desire to help the country thru this crucial period. The auxiliary, which is the largest women's organization in America, is wielding wide influence and carrying out vast undertakings for the good of the country. No woman who is eligible to membership can consider herself actively patriotic if she withholds her support from it work."

During the membership effort the Pampa unit will invite all eligible women in the city to become members. The auxiliary is open to wives, mothers, s'ers, and daughters of American Legion members and of deceased veterans, and also to women who themselves were enlisted in the army or navy during the war.

LEAP BEFORE YOU LOOK

By Alec Waugh, Farrar & Rinehart, 1932. \$2.00. Most women enjoy reading "wish-fulfillment" novels such as this one. Though written concisely and competently, LEAP BEFORE YOU LOOK has none of the fine distinction of quality that characterizes most of Author Waugh's lighter works of fiction.

The story concerns the poor working girl who loves the poor working boy but not enough to marry him. She is discovered gazing wistfully into a lighted shop window by a wealthy man whom she had hitherto met once before. He buys her the dress she admires and later, she marries him. The Cinderella aspect of the story is heightened with the advent of her poor working boy lover who offers possible competition to her husband. The startling denouement of the tale is that the heroine discovers that she loves her rich husband more than she does her former heart-palpitation.

THE MAID SILJA. By F. E. Sullivan. New York: The MacMillan Company, 1933. \$2. This story begins with the maid Silja's approaching death, a victim of consumption, on a farm in Finland. The story deals with tracing back the delicate thread of Silja's life by the author to discover the circumstances which were responsible for her being there—an effort to find out why such an end should come to the last member of a once prosperous and prominent family.

The girl's grandfather was manager of a large and well-paying farm; her father brought up in the serenity and comforts of wealth, was much less able to manage a large estate, due to his lack of integrity and a lesser intelligence. Mistakenly with a beautiful but ignorant cottager's daughter, he fares poorly with the advent of each misfortune. He lost his vast holdings as he was incapable of using intelligent judgment in business matters. The characterless wife dies leaving a bewildered husband and Silja, a violent accident leaves the quiet, dignified girl alone, unprotected, and over an object of desire and assault.

THE MAID SILJA is a dramatically, effective novel. John Selby, New York critic, in scanning new books says: "Two very curious novels are setting sail. THE GOLD FALCON, THE KAISER GOES; THE GENERALS REMAIN. The first is an allegorical affair, the writer of which is not named, although he is believed by a good many to have been Henry Williamson. It is a story of a man's attempt to regain his personal "sunrise" (the book calls it that) after the spiritual devastation of the war, and it contains a good bit of excellent writing.

The second is the story of the German revolution and its betrayal, told in the form of a novel. By Theodor Plivier, the author, declares that all the facts and most of the dialog are historically accurate, so that the book is actually a colorful and swiftly moving history. Those who are watching the repeal movement may find another straw in the wind from the book shelves. It is Philip M. Wagner's AMERICAN WINES AND HOW TO MAKE THEM, a sort of manual for the amateur.

NAMES OF PUBLISHERS OF THE FOREGOING BOOKS ARE: THE GOLD FALCON, Smith and Haas; THE KAISER GOES; THE GENERALS REMAIN, The Macmillan company; AMERICAN WINES AND HOW TO MAKE THEM, Alfred A. Knopf, all of New York.

### LENGTHY RUNS ARE MADE BY PAMPA BACKS

#### PATTON OPENS SCORING WITH 44-YARD RUN EARLY IN GAME

By STAFF CORRESPONDENT  
**LUBBOCK, Nov. 18.**—A Harvester backfield raced behind a great line today to defeat the fully primed Lubbock Westerners eleven on Texas Tech field 26 to 0 as 5,500 spectators, including a half thousand from Pampa, saw the North Plains speedsters in a brilliant exhibition under a warm sun.

Doped at even odds, the Pampa eleven lost no time in taking over the game. Captain Jess Patton, playing his best game of the season, led the touchdown procession soon after the game started by dashing off with a punt blocked by Owens, who turned in an even greater performance at the other end. Patton caught the blocked punt in the air and roared 44 yards.

Pampa's early scoring spree was halted by the determined Westerners until the last quarter when, after Lubbock had threatened with passes, the Harvesters whipped back up the field for another score. Lubbock's only other threat was in the second quarter when Pampa held on her one foot line.

Lubbock Leads In Downs  
 Lubbock made 13 first downs to 10 for Pampa, largely due to potent passing attack in midfield. Lubbock gained 151 yards from scrimmage to 264 for the Harvesters, exclusive of passes.

The entire Harvester team stood out both offensively and defensively. They stopped the great Ryan "cold" and gained through the air and on the ground in a wonderful exhibition. There seems little hope for the Westerners to "come thru" and defeat Amarillo Thanksgiving day and throw the race into a three-way tie.

Westerners Get Break  
 Both teams resorted to punting but Hale of Lubbock got a real break when one of his kicks went out on Pampa's 5 yard line after carrying 65 yards. The Harvesters made an unsuccessful attempt to carry the ball out of danger and Dunaway kicked 30 yards. Newton concentrated on the right side of his line and carried the ball back to Pampa's 15 yard line. The Harvesters then tightened and Lubbock passed over the goal line unsuccessfully.

Lubbock drew a 15 yard penalty after the ball was placed on the Pampa 20 yard line. Dunaway made 8 yards and then broke through for a spectacular 57 yard run to cross the Lubbock goal line. The try for extra point failed.

Punts were exchanged and Marbaugh went in for Heiskell who had played a nice ground gaining game when a few yards were needed. Bert Stevens then broke through the center of the Lubbock line, dodged the secondary and raced 62 yards only to be caught by the fleet Ryan on Lubbock's 20 yard line. Marbaugh and Hamilton pushed the ball to Lubbock's 11 yard line at the quarter.

Mundy Injured  
 Pampa was penalized 15 yards for holding at the opening of the second quarter but it was all gained back in one play when Marbaugh passed to Owens who was roughed in receiving the pass with Pampa receiving the ball. Newton was the player who interfered with the play. Dunaway then hit the line for 4 yards and then Marbaugh went around standing up. He then added the extra point.

After the kickoff Pampa drew another 15 yard penalty but again it was gained back when Marbaugh passed to Dunaway. Lubbock held and Pampa punted. Newton made the Pampa line but the Harvester forward wall tightened and stopped a first down through the center of everything. Hamilton and Stevens made first downs, and then Gregory replaced Dunaway who received a back injury. Hamilton went to his 35 yard line but on the next play

### CENTENARY SCORES IN FOURTH QUARTER TO BEAT S. M. U. 7-0

Mustangs' Touchdown Run Is Wiped Out When Clipping Foul Is Assessed.

SHREVEPORT, La., Nov. 18. (AP)—Harold "Shorty" Oslin, whose flying feet have carried Centenary college to victory on many occasions this fall, broke loose in the fourth quarter today, after Southern Methodist university Mustangs had successfully checked the Gents for three periods, and with a mighty off-tackle thrust that carried him 19 yards to the Texans' scoring station gave his team a victory in its final home game of the season. Manning Smith added the extra point with a kick from placement.

The seven points represent all the scoring that was turned in before a home-coming crowd of about 8,000.

The young Southern Methodist university team sent the undefeated Gents reeling in the first period and it appeared that the long run of unscoring on games for Centenary would end. Robert Wilson caught the first Centenary punt of the game on his own 30 yard line and tearing along the east side of the field race 70 yards to the Gents' goal. It was the first time the Centenary scoring station had been invaded in 13 contests, but an SMU player committed a foul on the play and the touchdown was wiped out.

The ball was put in play 15 yards from where the "clipping" had been committed. Play was in Centenary's territory throughout the first period. The second quarter was even.

It was late in the third quarter that the Gents started their touchdown march. It carried them from their own 42-yard line to the visitors' 10-yard stripe as the quarter ended. On the first play in the last period Oslin scored.

### Army Is Given 3-Period Scare But Wins 12-0

WEST POINT, N. Y., Nov. 18. (AP)—Halted time and again by the surprising defensive strength of Pennsylvania Military college, Army came on with a rush in the fourth quarter today to score two touchdowns, earn a 12-0 victory and stretch its winning streak through eight successive games without defeat or tie.

Blanketed for three periods in a contest the West Point Cadets had been expected to win decisively without the necessity of calling on its regulars. Army finally came to life in the final quarter to save itself from what threatened to develop into one of the major upsets of an already bewildering season.

And as has been the case in nearly every other one of the Cadets' victories, it was Texas Jack Buckler who finally solved the problem Penn Military's tight defense had presented.

Buckler started late in the third quarter with a series of smashes off tackle and end sweeps and had carried the ball to the P. M. C. 21-yard line as the period ended. As the fourth opened, Buckler swirled through tackle for the rest of the yardage and the first touchdown of the game.

A few seconds later, just to make it decisive, Buckler and Paul Johnson alternated in smashes at the Pennsylvania line to carry the ball from midfield to the P. M. C. yard marker. Then Buckler flew wide around end for the second score.

**UTAH DETROINED**  
 DENVER, Nov. 18. (AP)—The University of Utah football dynasty was swept out of power in the Rocky Mountain conference here today by an alert, defensively brilliant band of Denver Pioneers. The score was 13 to 0 and marked the first conference defeat of the Redskins since 1927. The delinquent Indians had a wide statistical edge, and except for the pair of touchdowns the Pioneers were on the defensive.

Mrs. F. B. Keen of White Deer shopped in Pampa yesterday.

Dr. A. R. Sawyer and A. H. Doucette left yesterday for a South Texas on hunting trip. They plan to be gone a week.

### Sooner Aggies Whip Creighton

OMAHA, Neb., Nov. 18. (AP)—The Oklahoma Aggies, kings of the Missouri Valley conference in 1932, today added the 1933 title to their laurels by handing Creighton university a 33 to 13 defeat. The Aggies won the only two conference games they played this year.

A terrific attack that resulted in halfback Dupree breaking loose for 56 yards and a touchdown on the Aggies' first offensive play started the Cowboys off on their scoring spree. Before the first quarter had ended the invaders had scored another touchdown on a march from the Bluejay 23-yard line.

### Nebraska Off Unbeaten List

PITTSBURGH, Nov. 18. (AP)—The fighting Cornhuskers from the Nebraska plains stood off a relentless attack from Pittsburgh's football powerhouse for three periods today but weakened against a fresh Panther backfield in the final quarter, yielding a single touchdown and tumbled from the narrowing list of the undefeated and untied. The score was 6-0.

Seven times the twin red line, which had held at bay the best of the Big Six, stopped the Pittsburgh attack within the 20-yard line, twice on the 2-yard marker, but it was not equal to the task of halting an air raid and the wedge through the medium Pittsburgh struck for its score.

### CASPER RACES 103 YARDS ON FIRST KICKOFF

#### AGGIES TURN IN GREAT VICTORY FOR COACH MATTY BELL

AUSTIN, Nov. 18. (AP)—A descriptive, fast charging Texas Christian university team today ran rough shod over a badly demoralized University of Texas eleven today, to take a brilliant 30 to 0 victory.

From the first kickoff, Texas never had a chance.

Standing three yards behind goal, Casper, fleet-footed Christian back, took Arnold's high kick and rumbled for a touch-down. Time after time in his long journey he wiggled free of would-be tacklers and reached the goal about ten yards ahead of any of his pursuers.

This score alone would have been sufficient for a TCU victory, Texas never seriously threatening to score, so cold was their power offensive stopped by the alert Frogs.

Casper's long run aptly took the heart out of the Texas team. At times Texas fought valiantly, but it was to no avail. The Steers could gain consistently neither through the air nor on the ground. They would gain on one play and lose on the next. The Steers net gain from running plays was only 25 yards while their over-head offensive was good for only 45 yards.

The Frogs amassed a net total of 279 yards from scrimmage.

Two of the Christian tallies came as a result of intercepted passes which Texas backs were throwing desperately to all corners of the job.

Wallace kicked a goal from placement in the second period to give the Frogs a ten to nothing lead at the half.

**Owls Vanquished**  
 HOUSTON, Nov. 18. (AP)—Grimly determined to make Matty Bell's final season as football mentor at Texas A. & M. at least a partial success, the Aggies laid down a devastating aerial barrage here today and overwhelmed the Rice Owls 27 to 0.

This was the Aggies' first appearance since they learned that their likable coach would be relieved of his duties at the end of this season. Southwest conference football followers were anxious to see how his players would react.

They saw a fighting Aggie eleven take charge of the game from the start, score in second quarter, then turn the affair into a rout.

The contest was only a few minutes old when a Rice Cadet pass placed the ball on the Rice 25 yard line. The Owls turned the Aggies back on that occasion but that was an indication of what was to come.

The Farmers discovered that they could make long gains through the air when they were stopped at the line. Before the afternoon was over the invaders had passed for four touchdowns and one point after touchdown.

It seemed that virtually every Aggie back could throw far and with uncanny accuracy. Couser did most of the damage to the Owls but he was given able assistance by at least a half dozen teammates. Kimbrough, Barfield and Murray, all rangy players, were on the receiving end of the touchdown aeriels, the first named catching two while the dazed Owls looked on helplessly.

The Aggies' air record for the afternoon was 15 completions for 203 yards out of 26 attempts. In addition, Couser raced for long gains.

### PIRATES AND GROOM MEET NEXT FRIDAY

Bi-Sectional Game Will Be Played at LeFors; Pirate Back's Leg Broken.

Groom's big Class B football team Friday afternoon upset the dope bucket by taking the sectional championship title from the Panhandle Panthers 14 to 13. Groom will play LeFors to see which team will win bi-sectional honors and the right to play Dumas for the championship of this district. Dumas won from Perryton 13 to 6.

The clanking Tigers scored first and kicked the extra point but at the LeFors Pirates will entertain the Groom Tigers in their bi-sectional game Friday afternoon at 2:30 o'clock. Coaches of the two teams met in the Schneider hotel last night and settled on the place and date. Officials will be named early this week. Admission to the game will be 50 cents. The Pirates are coached by J. H. Duncan, former Trinity university star. Odus Burke, quarterback on the West Texas State Teachers college Buffaloes last year, is coach at Groom. LeFors will be without the services of S. P. Hall, halfback, who received a broken leg in the game with the Pampa Gorillas Friday afternoon.

The half the Panthers had evened the count. Going into the second half tied, both elevens opened up with everything in their bag of tricks. Punt and field goal in the first period but failed to make the extra point. Groom ranned across the tying touchdown in the last few minutes of play and A. Kuehler, 250-pound Tiger tackle, placed kicked the winning point between the uprights.

Dumas showed one of the classiest teams in the Panhandle to win over Perryton. The Demons gathered a 13-point lead in the first half and then held Perryton to a ion touchdown. Dumas presented the old Baylor Bucket formation, and the center later passed the ball 15 yards to a halfback for one of the prettiest plays of the day.

The Demons blocked a punt for their first touchdown and then passed three times for 70 yards and another touchdown. Fletcher, Perryton's huge fullback, scored the counter for his team.

LeFors won from the Pampa Gorillas Friday afternoon. The Pirates will spend this week preparing to stop the big Groom team, especially Kuehler, 250-pound tackle. LeFors defeated Groom earlier in the season but since that time the Tigers have improved remarkably while the Pirates have failed to show much improvement.

Alex Schneider, Mrs. W. H. Davis, C. H. Walker and County Judge C. E. Cary were to leave today for Austin where they will confer with Texas Rehabilitation and relief commissioners this week.

### GORILLAS HOLD CANADIAN TO A SCORELESS TIE

#### REST OF SQUAD LOSE 25 TO 12 GAME TO PIRATE TEAM

The high school Gorilla football squad was divided Friday afternoon with Coach Harry Kelley taking one squad to Canadian and Coach F. N. Dennard taking the other to LeFors. The Kelley boys held the big Canadian Wildcat to a scoreless tie while the LeFors Pirates downed the Dennard eleven 25 to 12.

The Gorillas scored a touchdown on Canadian but the referee became "flustered" and reversed his decision. A Pampa back crossed the line and then tumbled. A Canadian player recovered the ball and carried it out five yards. The official signified a touchdown but changed his mind and gave Canadian the ball.

Fanning Out.  
 Fanning, a triple-threat fullback, and Drake, fleet halfback, were unable to play because of injuries received in scrimmage earlier in the week. Kelley started the game with Webb at quarterback, Rose and Woodward, halfbacks, and Brown, fullback. Brown was the big ground gainer of the game but it was Webb's deadly passing and good punting that saved the game on several occasions. Rose and Woodward also made several nice gains.

The Gorilla line, particularly Wise, Stevenson, Nix, and Wigginton, made several sensational stands on their own 2-yard line, where Caldwell recovered a bad pass from the Pampa center. Wise broke through and carried the Canadian ball player for a 3-yard loss on the first play. On the next try Wise and Nix threw the ball carrier for an additional loss. When the ball went over, Canadian was on the Pampa 14-yard line.

**Mexican Stars.**  
 Caldwell, Roy, Owens, and a little Mexican passer were the leading Canadian players. The Wildcat hit harder than any team the Gorillas have faced this year, Coach Kelley said. Canadian won its section but withdrew when it found that an ineligible player had been used in league competition. The

### Trojans Shatter Oregon Dream In 26 to 0 Victory

LOS ANGELES, Nov. 18. (AP)—The football wizardry of a great little quarterback, Irvine (Gotton) Warburton, today enabled Southern California to blast the University of Oregon out of the undefeated class as the Trojans won, 26 to 0. About 60,000 spectators saw the home team get away fast, slow down for a time, and then come back with a rush.

The defeat spoiled the hopes of the Webfoots for an undefeated season carrying with it the champion-

### ARKANSAS IS 63-0 VICTOR

Razorbacks Pile Up Seven Touchdowns in First Half Against Hendrix.

FAYETTEVILLE, Ark., Nov. 18. (AP)—An Arkansas scoring machine which gained momentum as the game progressed ran roughshod over Hendrix college here today to pile up a lopsided 63 to 0 score. Running wild, the Razorbacks scored seven touchdowns in the second half.

Hendrix threatened to score on the second play of the game when Glenn, halfback, passed 40 yards to Bush, who was downed on the Arkansas 5-yard line. There the startled Razorbacks stiffened and repulsed the Hendrix line smashes.

After this failure to break thru the Arkansas defense, Hendrix never again threatened.

Arkansas' first score came when Geiser and Biddle carried the ball to the Hendrix 5-yard line, where Biddle bucked it over.

Geiser, diminutive Arkansas back, took a short pass from LeForge and raced 56 yards for the Razorbacks' second score.

Biddle tore through the line for Arkansas' third touchdown. Criswell made a 55-yard run for the fourth and LeForge stepped over the goal line on a short play for the fifth.

G. Jordan scored Arkansas' sixth and seventh touchdowns, one on a 39-yard sprint through a broken field. Criswell converted an intercepted pass into the eighth score after running it back 39 yards. LeForge climaxed the free scoring with a 55-yard run, just a few seconds before the game ended.

EDDIE CANTOR AT LA NORA IN BULL PICTURE

'KID FROM SPAIN' SAID TO BE BEST OF HIS CAREER

"The Kid from Spain," Eddie Cantor's third and best starring vehicle for Samuel Goldwyn, comes to the LaNora theatre for three days and presents the pop-eyed comedian in what he sincerely believes is his greatest offering to the cause of amusement.

This picture continues Cantor's plans with Goldwyn of one film a year. Last year he was "Palmy Days" and the season before "Whoopee," but surpassed them with "The Kid from Spain."

In other words, this is Eddie's annual screen song-and-dance comedy. It is the story of a button-eyed lad, getting kicked out of school with his roommate for suspicious goings-on in a girls' dormitory, gets involved in a bank robbery and escapes to Mexico disguised as a prominent bullfighter, there accepting the acclaim due to the men he is impersonating until forced to go into a real bullfight.

"Nonsense and song make up most of the picture and make of it a gay, romantic fable of love, shot through with dark, smiling eyes and maddeningly served the purpose.

He made tests for several weeks to the selection of his heroine, and he made other tests for other weeks in the choice of 76 features to serve as a background. The same meticulousness was exercised in the selection of the principal players, the result being one of the best casts in months.

There are three distinct divisions in the cast. Lyda Roberti, co-protagonist, is a Broadway comedienne, plays comical roles and serves as a remarkable foil for him, as well as being three times his size. Ruth Hall and Herbert Young are the romantic leads, and there are all sorts of villains, including John Miljan, Carol Nash, Noah Beery and Stanley Fields. In fact, the fourth division, that of being occupied entirely by Sidney Franklin, world-famous bullfighter, who portrays the role of Sidney Franklin, world-famous bullfighter.

Bull Fight Authentic. For the bullfighting sequence, Mr. Goldwyn went to great pains to make the arena an authentic one. Bulls were imported from Mexico and a hundred experts of one kind or another put the arena into operation. And the result is one of the most beautiful and, at the same time, the most authentic bullfight scenes ever brought to the screen. "The arena said to be of hit proportions. These are "In the Moonlight," "What a Perfect Combination" and "Look What You've Done!" All are rendered against a background of lavish beauty, beautiful girls, tuneful music and spirited dancing.

Installations of Tires in Winter Lengthen Mileage

Automobile tires applied in the fall or early winter, average approximately 30 per cent longer wear than tires initiated into use during the spring or summer, according to Jack Baker, manager of Adkisson and Smith Tire company, local Goodyear dealer.

This surprising statement is based upon information resulting from a study of Goodyear technicians, of the operation of tires on hundreds of buses in all parts of the United States.

The reason for the increased mileage is quite obvious when some of a tire's peculiarities are known. Tires' greatest enemy is heat. In summer time, the combination of hot weather and fast driving, generate sufficient heat in a tire to greatly stimulate wear.

Oregon Wrecks Fordham's Rose Bowl Ambitions

NEW YORK, Nov. 18 (AP)—The rolling hips of Norman Franklin, and the size twelve right foot of burly Ad Senwammel, shattered Fordham's dream of a trip to the Rose Bowl today as Oregon State sloughed over the Rams 9 to 6 in a sensational intercollegiate duel.

A crowd of 40,000, shivering in the dampness and gloom of the Polo Grounds, were as stunned as the mighty Fordham array at the suddenness, then the sustained power of Oregon State's beautifully balanced offense.

Smack dab under the opening run this 180-pound red headed Franklin, the youngster they say is the best ball carrier on the Pacific Coast, tucked away the opening kickoff on his own 7-yard line and never did stop until he had danced his way 93 yards through the Fordham defense for the first touchdown of the game.

It was a magnificent exhibition, the most dazzling broken field running display New York has seen this season, and it completely disorganized a burly Fordham defense that had bowed this fall only to one other team, and that another West Coast power, St. Mary's College, 13 to 7, on the same field.

Schwamm's trick for Oregon State's point had been wide from only 15 yards away. Later he cut loose with a tremendous boot and the ball descended enervately over the cross bar 47 yards away, just good enough for the field goal and Oregon State's winning three-point margin.

Notre Dame Wins First Game From Northwestern 7-0

EVANSTON, Ill., Nov. 18 (AP)—Andy Pinney, the sophomore point from Chicago's West Side, led Notre Dame out of football's wilderness today, with a 7 to 0 victory over Northwestern.

Cut of a battle that raged so fiercely between the traditional rivals of the gridiron that three players were helped off the field, Pinney dashed over for the only touchdown in the second period after an "Old Guard" of the Notre Dame forward wall led Krause, had blocked one of Olin Olson's punts.

It was the first victory, the first score, for the 13-wary Ramblers from South Bend in five games, but it was probably the sweetest of all. The Ramblers pushed the Wildcats all over the field and piled the impressive total of 256 yards from scrimmage by passes and a slashing attack to only 46 for the Wildcats. They made 13 first downs to only one for their opponents.

HARVESTERS

Gregory fumbled and Newton recovered for Lubbock Ryan and Newton made their own play for Lubbock but the ball on Pampa's 6 yard line. Mundy injured an ankle and was replaced by Mackie.

Lubbock Almost Scores. Newton made four plunges into the Harvester line and had the ball on Pampa's 1 foot line on his fourth try. Marbaugh then punted out of danger. Marbaugh intercepted a pass on his 25 yard line and Hamilton gained 10 yards as the half ended.

Marbaugh returned the kickoff to his 25 yard line. He gained 9 yards, and then passed incomplete and punted to midfield. Ryan, fleet Lubbock halfback who is one of the most dangerous men in the conference when past the line of scrimmage, failed to pass the Harvester forward wall on three attempts. Lubbock punted and Gregory lost the ball and Griggs recovered on Pampa's 20 yard line. Lubbock failed on the line plays and Hamilton overstepped a yard on the third down. He made 9 yards on the next play but Lubbock held and Pampa punted. Patton speared Ryan but Newton added 5 yards as Patton again got the tackle.

Lubbock started passing wildly as pass receivers were rushed into the game. Nash and Elkins went into the game for Hamilton and Stevens. Hale passed to Ryan on Pampa's 45 yard line, but two more were intercepted. Hale then passed to Granbury on Pampa's 16 yard line. Then Hale passed to Newton on Pampa's 6 yard line. Owens stopped Newton on an end run and then Granbury dropped a pass in his arms behind the Pampa goal line.

Marbaugh punted to midfield and Owens then intercepted a Lubbock pass over his end of the line. Nash and Marbaugh pushed to Lubbock's 28 yard line, and Hamilton added 10 more yards. Elkins carried the ball to the Lubbock 6-yard line and Hamilton added 5 yards. Marbaugh then carried the ball across and then kicked the extra point.

Both teams sent in a number of substitutes who fought on even terms until Rose intercepted a pass in midfield at the whistle.

The lineups: Pampa (26) Pos. (8) Lubbock Owens LE Griggs Green LT Doherty Eldridge LG Phillips Finnel C Young Smith RG Hodges Mundy RT Wimberly Patton RE Whitehorn Hamilton QB Hale Dunaway LH Granbury Stevens RH Ryan Fetwell FB Newton Substitutes: Pampa, Marbaugh, Heiskell, Mackie, for Mundy, Gregory for Dunaway, Haner for Smith, Elkins for Stevens, Nash for Hamilton, Lubbock, Calhoun for Whitehorn, Barnes for Hodges, Aycock for Phillips. Eligibility Of Porker Lineman Is Investigated

DALLAS, Nov. 18 (AP)—Dr. J. S. McIntosh, chairman of the Southern Methodist university athletic council and the university's representative in the Southwest conference, revealed tonight that he had written to the chairman of the University of Arkansas athletic committee, asking an investigation of the eligibility of an Arkansas football player.

Dr. McIntosh declined to divulge the name of the player but it was understood the man was William Spivey, 195 pounds. If the player in question were found ineligible, the Razorback's chances of winning the Southwest conference football title, for which they are now leading the race, would be threatened seriously.

"Nothing has been done in the form of an official protest," said Dr. McIntosh, "but certain reports have come to me and I feel duty to call them to the attention of the Arkansas officials. I did this in a letter mailed a few days ago.

"The foundation for this action was a series of rumors floating about our campus. One of our students saw a picture of the player in question in a newspaper and said he recognized him as a boy with whom he had played in prep school and played with the University of Nebraska against S. M. U. last fall. The newspaper clipping, containing the picture, also listed the player's name as in a newspaper and in view of these circumstances, I left it up to me to ask Arkansas to investigate, although I am positive if anything is wrong, the Arkansas officials are not conscious of it."

AGGIES

Through the tackles and around the ends with Randow and Ted Spencer picking up considerable yardage. The Aggies started their first touchdown drive from deep in their own territory. "Musgraves" Fowler, recovered from injuries which had kept him from the game since early in the season, picked up yardage around end. A pass from Randow to Kimbrough advanced the ball into Rice territory.

Kimbrough was on the tossing end of a heave which was good for 28 yards to within nine yards of the Rice goal. Fowler and Randow could make but seven yards on three plays, but Fowler's southpaw flip to Murray in the end zone was good for a touchdown. The Aggie end had a hard fight with a Rice back for the ball and won it. Thompson kicked goal.

GORILLAS

withdrawal gave LeFors the sectional championship. The Gorilla lineup against Canadian follows: Stevenson, le; Green, lt; Wigginton, lg; Wise, c; Hamlett, rg; Goodwin, rt; Nix, re; Webb, qb; Woodward, lb; Rose, rh; Brown, fb. Substitute—Foster and Newton.

Big Red Brown scored both Gorilla touchdowns against the LeFors Pirates in a well-played game. The Pirate team was changed from time to time and it was during the time the second string was in the game that the gorillas made their counters. Ira Poe, redheaded ball totor, called the signals for the Gorillas with good judgment. Cartwright made several nice runs but it was Brown that plowed the line. His first score came on an intercepted pass and the second on straight line football.

G. Elkins, Johnson, Rise, and Perkins were the line stars for the Gorillas. They fought against experienced players and often bottled them. LeFors' hard charging line was responsible for most of the gains made by Bagwell, star of the game, Hall and Still.

Bagwell scored the first LeFors touchdown on a jaunt of 55 yards after the game started. The LeFors first string was then pulled and the Gorillas scored twice against the reserves. The LeFors regulars finished the game.

LeFors was pointing to their game with Groom for the bi-sectional championship next Saturday and the team worked nicely. Plays ran smoothly and charging and tackling by the Pirates was hard and sure.

The Gorilla starting lineup: G. Elkins, le; Johnson, lt; Rise, lg; Hamlett, c; Eldridge, rg; Perkins, rt; Kitchens, rh; Poe, qb; Cartwright, lb; Mullens, rh; R. Brown, fb. Substitutes—Powell, Walsh, and Baker.

'AGE OF AGES' WITH DIX AT REX THEATER

ACTOR HAS STRIKINGLY VIRILE ROLE IN NEW FILM

If it's a man's character, Dix should portray it. And considering these qualifications which the virile, robust Richard Dix demonstrated in his splendid characterizations in "Cimarron" and "The Lost Squadron," he was cast in the stirring role of "Ace of Aces," RKO-Radio Pictures' drama of the glory and tragedy of a famous war ace. Now at the Rex.

As Lt. Rex Thorne, the heroic figure of "John Monk Saunders' thrilling air story, Dix is said to give an inspired performance. The basic elements of Dix's own character harmonize with the rugged personality of Rex Thorne, who, pilot at heart, joins the American Air Service when his fiancée misinterprets his hatred of war as cowardice.

Plunged into combat, Thorne scores thirty-two victories, being prodded on by the audacity of his comrades and the thrill of being a killer. The pill becomes too large to swallow, and he goes to Paris for mental rehabilitation. He meets the girl, now a war nurse, and together they find love. Returning to the front, Thorne feels remorse for his fallen a foe, and makes a daring, heart-tugging gesture in the dramatically gripping climax.

Richard Dix is believed to have mastered all his histrionic power in the characterization of Rex Thorne in "Ace of Aces." It is supported by an able cast, including Elizabeth Allan in the role of the sweetheart, Ralph Bellamy, Theodore Newton and Frank Conroy, J. Walter Ruben directed.

Navy Fails To Stop Le Van In Princeton Tilt

PRINCETON, N. J., Nov. 18 (AP)—For approximately 44 minutes today, a hard tackling Navy team kept Gerry Le Van, a restless spirit from Steubenville, Ohio, so well bottled up he had difficulty getting out of his own tracks.

Then the Princeton sophomore turned on the heat, and before a spine-tingling fourth period ended a crowd of 40,000 roaring fans saw the 133-pound spry tear loose on a series of spectacular dashes that set the stage for two touchdowns and gave Fritz Crisler's roaring Tigers their seventh consecutive victory of the season, 13 to 0.

Le Van turned loose the last quarter avalanche when he caught a pass from Rulon Miller, Princeton fullback, and raced 40 yards to the "T" 6-yard stripe before he was halted. On the fourth try from there Homer Spofford, a sophomore bullet from New York, sliced through Navy's line for the touchdown.

rival here today from the chilly winds of Washington. With a broad smile, the president veered from his monetary defense to remark: "The saving grace of America lies in the fact that the overwhelming majority of Americans are possessed of two great qualities—a sense of humor and a sense of proportion.
