HOPES DEVELOP MANY A TRAGEDY

A 20-year-old Ohio girl, who "never had a steady boy friend," is being held in a Pennsylvania jail charged with murder.

This youngster, according to her mother, had always wanted a home of her own. The chances that she would get one didn't look very good. She put in most of her time working in a factory, for some reason, nobody seemed in a hurry to come around and ask her to set up housekeeping.

So she finally wrote to one of these matrimonial bureaus, through which she met a prospective suitor—who happened to be 61 years old. It didn't take the girl long to decide that no home at all was better than a home with this chap, but he was pretty persistent. They quarreled; he remained persistent; finally she shot him.

"I didn't go to kill him," the girl explained afterward. "I just meant for him to leave me alone."

In the superabundant crop of homicides which the United States manages to produce each year, this is surely one of the least noteworthy cases. And yet, for some reason, it sticks in a reader's mind; for back of it, all too clearly, can be seen that long, dreary shadow of loneliness that falls quietly across so many humble and obscure lives.

There are persons like this girl in every city and village in the land; hard-working folk who have just one humble little wish—and who never quite manage to get it gratified.

A girl wants a home of her own—surely one of the oldest and most natural wishes in the history of the race; and somehow, through the queer ways in which human affairs work themselves out, she finds that she might just as well have wished for the moon.

She tries to get it, makes a foolish mistake, gets into an intolerable jam—and then, presently, there is tragedy, and in her lonely groping she has pulled the world down about her head.

Pitiful enough, unsensational enough, surely why should we think twice about it?

Well, our education is incomplete until we learn the hard lesson that life is sometimes more cruel and disappointing than anyone deserves. That casual remark, "Never had a steady boy friend," can stand for as much suffering as a cancer.

All about us there are persons who, as someone has said, lead lives of quiet desperation. If we can understand what some of them are up against, we can understand the wrong and mistaken things they sometimes do.

THIRD MANY EMPLOYEES—Employees lost their jobs today, in LONGBEACH, July 2 (AP)—Capitol Police Chief E. N. Stanley, chief oil production enforcement officer in the east Texas field, told the Longview News-Journal tonight by long distance telephone from Kilgore that 37 East Texas railroad commission department

Dillinger Trail Cold Again After Robbery Of Bank

CHICAGO, July 2 (AP)—Once again John Dillinger has outwitted momentarily at least, his pursuers. Although the cry "get Dillinger" was shouted with new vigor by peace officers on the theory it was he who led the \$29,828 raid of bank bandits on the Merchants National bank of South Bend, Ind., the trail they followed was as cold as the others left from time to time by America's arch public enemy.

An attack by one of two desperados on a North Webster, Ind., physician looked for a time like an important clue in the hunt for the elusive gunman, but it was dissipated later when the doctor said he could not identify the men as Dillinger mobsters.

The physician, Dr. Leslie A. Laird, was knocked unconscious when hit over the head with the butt of a revolver in the hands of one of two men after he had been called from his home to his office early Sunday to treat one of them for a bullet wound in the arm. After he had given the wounded man his professional attention the pair asked for narcotics. Their request was refused and the attack followed.

TO LOSE SUPREMACY

AUSTIN, July 2 (AP)—The United States will surrender its world supremacy in cotton production next year "for the first time in over 100 years, leaving out the civil war period," Dr. A. B. Cox, university of Texas cotton economist predicted today.

His forecast that the United States would grow less than half of the world's cotton supply was based on last year's production and indicated a sharp decline. World production for the current season was 25,000,000 bales, he said, compared with 23,500,000 bales the preceding season.

killed Policeman Howard Wagner in the South Bend raid. All roads leading into Chicago were patrolled by heavily armed officers.

BROWNWOOD, July 2 (AP)—Somewhere down the winding channel of the Rio Colorado of Texas today was flowing \$10,000 worth of water, purchased from the Brownwood water improvement district number one and loosed from Lake Brownwood for the benefit of sun-parched rice fields of Wharton and Matagorda counties—480 miles distant on the Texas coastal plain.

ENGLAND SAYS HITLER STAND IS SOLIDIFIED

AUSTRIA IS EXPECTING FURTHER CLASHES WITHIN REICH

By The Associated Press
Predictions of a return of the Hohenzollerns and of further outbreaks were included today in European reaction to Chancellor Hitler's ruthless suppression of an incipient revolt.

Hitler's "violent" methods were criticized by Engelbert Dollfuss, Austria's dictator, who said "does not the light at last dawn upon us that one cannot make a people happy with violent methods?"

Austrian newspapers were almost unanimous in predicting further clashes within the Reich.

Paris interpreted the week-end as a victory for conservatives and as opening the possibility for a return to the Hohenzollerns. The violence, it was claimed, revealed a breakdown in the unity of the Hitler movement.

In London the view was taken that Hitler had solidified his position.

Some papers accused him of employing the methods of gangsters and called the slaying of storm-troop leaders "brutal murders."

A dispatch from Doorn said there was unusual activity about the estate of former emperor Wilhelm and that he remained indoors.

The Soviet press said the week-end indicated the desperation of the "ruling class," which was seeking to prevent a proletarian revolution.

"Heads have fallen," said the communist newspaper Pravda, "but the fascist dictatorship enters into a new period with incomparably worse prospects for the future. The fate of the ruling class in Germany is in the balance."

Policeman Dies, 4 Wounded When Man Goes Amuck

ELIZABETH, N. J., July 2. (AP)—A madman with a gun fought it out with a squad of policemen in his home and today one of the policemen is dead, three others wounded, and the gunman himself in a serious condition.

Patrolman Frank Carino, 37, first of the policemen to enter the home of the man last night, fell dead at the first shot.

Three other officers rushed the house, each to fall as Gash Moran, 31-year-old son of a former policeman, fired into the group. Two more policemen entered and one of them shot Moran in the head.

The wounded are Patrolman Daniel Tracey, 46, shot through the

SEVEN BILLION ALREADY SPENT BY GOVERNMENT

However, Roosevelt Can Spend Three More Billion

BY WILLIAM A. BEALE Jr.
WASHINGTON, July 2. (AP)—In the fiscal year just beginning, the government can spend nearly ten billion dollars and still remain within President Roosevelt's estimates of the cost of whipping the depression.

It spent a peacetime record of \$7,105,084,95 in the 1934 fiscal year, which closed Saturday night, piled up an operating deficit of \$3,989,496,035.42 and pushed the public debt to an all-time high of \$27,053,141,414.48.

Even these huge sums were far below Mr. Roosevelt's forecast of \$10,569,006,976 of outlays in the on year and a debt increase of \$7,309,211 as compared with the actual cost of \$4,514,468,954.33.

Administration officials reasserted that funds budgeted for the old and new years together which were not spent in the last 12 months will be spent in the next—if necessary for relief and recovery. This would mean:

Pushing the public debt upward to \$31,834,000,000.

Rolling up another deficit probably nearer \$5,000,000,000 than \$4,000,000,000. The size would depend on how much the present cash balance of \$2,581,922,240 is reduced and when any of the dollar profit on gold devaluation is used for current expenses.

Borrowings in excess of last year's \$4,514,000,000—again depending on the use of the cash balance and whether revenues equal the estimated \$3,974,665,479.

These figures were indicated by the president's own estimate that, excluding debt retirement, the government would spend \$16,529,804,667 in the 1934 and 1935 fiscal years which end on June 30, 1935. Since these estimates, votes in the last congress—especially \$525,000,000 for drought relief—have increased the two-year maximum to \$17,500,000,000.

Most of the money in the new fiscal year would go for emergency purposes. Only \$3,237,512,200 is counted on for routine costs.

VON PAPAN'S POSITION IN GOVERNMENT IS PARADOX

NEDECK, Germany, July 2. (AP)—President Paul Von Hindenburg today sent his congratulations to Chancellor Hitler for "saving the fatherland from serious danger."

He sent congratulations also to Prussian Premier Hermann Wilhelm Goering for "the energetic and successful quelling of high treason."

"From reports submitted to me," the president wired Hitler, "I see that by your resolute operation and courageous personal action all high treasonable machinations have been nipped in the bud."

"You have saved the German people from serious dangers. I express to you my deep thanks and gratitude, with cordial regards. Signed, Von Hindenburg, Reich President."

To Goering, Von Hindenburg sent the following:

"For your energetic and successful action in suppression of an attempt at high treason I express my thanks and gratitude.

"With regards, in comradeship, signed Von Hindenburg, Reich President."

In the building of a new, "Nazified" Germany, Adolf Hitler has had to deal with numerous cross currents of opinion, some of which are involved today in the tense situation in the Reich.

Always in the political background there has been the knowledge that the royal family—though supplanted by a republic and a dictatorship—still exists. There have been considerable numbers of Germans who have felt that a return to monarchy with either the former kaiser himself or his eldest son on the throne, would be desirable.

Schleicher was Monarchist
This monarchist group has not been hostile to Hitler, for many monarchists have urged that with a return to a monarchy Hitler should remain as chancellor and virtual ruler.

Among the monarchists were General Kurt von Schleicher, who was Hitler's immediate predecessor as chancellor. Today von Schleicher is dead, slain with his wife while "resisting arrest" Saturday when the Hitler government struck forth to crush all opposition to its authority.

Franz von Papan, the vice Chancellor, is another who has been regarded as friendly toward a monarchy. Despite his close friendship for Germany's nominal head—President von Hindenburg—von Papan today is a virtual prisoner in his own home.

Von Papan's position affords something of a paradox. He is not a Nazi, yet his dealings with Hitler have always appeared to be close and cordial. He has "gone along" with the Hitler administration but—as witness his now historic speech of June 17—has not hesitated to point out danger signs in Nazi policies.

Von Papan Started It
Von Papan, in his June 17 address, warned against extreme tendencies of the Nazi party. The speech, because it was frankly—though friendly—critical, was suppressed in Germany, but was published elsewhere. Hitler himself indicated he felt there was much merit in von Papan's statements, and he proposed to take steps toward turning the extremists back toward more conservative policies.

The fact remained, however, that von Papan was a virtual prisoner, despite his position as next in power to Hitler himself, and that men close to von Papan were numbered among those "liquidated" (executed) in the weekend drive against "traitors."

The storm trooper group has felt the brunt of the present decisive assertion of authority by Hitler. Some of its leaders, the administration charges, were plotting to seize control of the government, apparently because of disquietment over Hitler's refusal to "go along" with them in some of the more radical phases of "remaking Germany."

What "Remaking" Means
This "remaking" of Germany, to the general principles of which Hitler is committed, includes the "elimination" of non-Aryans, and the "Nazifying" of religion. This latter movement, which strikes at

MEXICO'S NEW PRESIDENT TO BE GARDENAS

VILLAREAL DECLARES HE'S PRESIDENT-ELECT

By CLARK LEE
Associated Press Foreign Staff
MEXICO, D. F., July 2. (AP)—A strapping 39-year-old revolutionary veteran of mixed Spanish and Indian descent, General Lazaro Cardenas, was assured election today as the forty-fifth constitutional president of Mexico.

The election yesterday was the most orderly and one-sided in the history of the nation. One person, an election judge in Ocotzintla, Vera Cruz, was shot to death in a scuffle, but there were only minor clashes elsewhere.

Both defeated candidates asserted, however, that the national revolutionary (administration) party supporters of Cardenas violated elections laws in rolling up an estimated 96 per cent of the total vote.

Headquarters for Villareal, nominee of the confederation of independent democratic parties, issued a statement:

"Villareal is the president-elect. The day of justice is approaching." Tejada, nominee of the left-socialist party, said he would await the decision of congress as to the legality of the election, "and after that, the people can judge."

The administration party also claimed a clean sweep in the election of 170 deputies and 49 senators.

Rodeo Week In Canadian Brings Usual Throngs

CANADIAN, July 2.—Rodeo week dawned Sunday in Canadian, bringing with memories of those days when son-of-a-gun was a delicacy and Bull Durham a necessity.

And the city itself, alive with colors of a western celebration, was all hustle and bustle as the crowd drifted in and last minute preparations were being made for the opening of the rangeland melodrama on Tuesday.

For three thrill-studded afternoons, Tuesday, Wednesday, and Thursday—the crowds at the Anvil Park rodeo grounds will be interested as the top hands battle for honors in the arena.

A handsome prize list is offered the contestants that are coming from all directions to contest in this show. Cowboys will attempt to tame the fighting "outlaw" horses and flop the powerful leather-necked steers.

The daily events will include bronc riding, bulldogging, calf roping, wild cow milking, and steer riding. The last event always provides an exciting and dangerous climax for the show.

Even now the rodeo grounds are taking on the aspect of a pioneer western city, with tents being pitched, concession stands being built, livestock being herded into the corrals and horses being exercised.

C. C. Genter of Miami transacted business here this morning.

Cardenas, former minister of war and revolutionary campaigner, is scheduled to be sworn in December 1, to succeed President Alvaro Rodriguez.

ICC Will Probe Rate Reduction Of Pipe Lines

WASHINGTON, July 2 (AP)—The interstate commerce commission today ordered an investigation of reduced rates and gathering charges recently put into effect by oil pipe lines to and between 11 states in the southwest and middle west.

Secretary Ickes, oil administrator, had asked the commission to refuse to allow the rate reduction. The commission previously had said it would not interfere with the rates pending an investigation.

Today's order calls for investigation of the interstate transportation of crude oil by pipe line from Kentucky, Arkansas, Kansas, Oklahoma, Louisiana, Texas, Illinois, and New Mexico, to destinations in Illinois, Indiana, Michigan, Missouri, Kansas, Oklahoma, Texas, Ohio, Kentucky, West Virginia, and Louisiana.

The pipe line companies involved are the Atlantic, Empire, Humble, Oklahoma, Shell, Sinclair-Prairie, Stanolind, Texas-Empire, and the Illinois.

LELAND HAMMAN BEATS JOHNNY GOODMAN FOR TRANS-MISSISSIPPI TITLE

TEXAS GOLFER PUTTS WAY TO 3 AND 2 WIN

NATIONAL OPEN CHAMP IS DEFEATED IN DALLAS MEET

By FELIX R. MCKNIGHT
Associated Press Staff Writer
DALLAS, July 2. (AP)—Into the ranks of America's amateur golf greats today strode a courageous little Texan—curly-headed, popular Leland Hamman—the new Trans-Mississippi champion.

A year ago this 128-pound bundle of energy started feebly tapping at the door of golf's hall of fame, yesterday he showed it wide open at the Brook Hollow Golf Club here and triumphantly entered with a spectacular 3 and 2 victory over Johnny Goodman, the 1933 National Open champion of Omaha, Neb.

Goodman, bewildered by a dazzling assortment of uncanny putts, flawless iron shots and drives, stepped off the thirty-fourth green defeated but bubbling over with praise for the five-foot, two-inch Waco sharpshooter.

"I've looked at lots of great golf recently, but nothing like Leland fired at me today. He's a great boy and truly a champion."

Last summer Hamman created slight flurry by beating Gus Moreland in the first round of the Western amateur tournament. They acknowledged his feat but passed it off as just another "upset." The little fellow came up again for more comment a few weeks later when he tied Goodman for second place in the sectional qualifying rounds of the National amateur.

They began to take him seriously only recently when he whipped Goodman to the finals of the Texas amateur tournament and lost a fine battle to Reynolds Smith.

He "arrived" in the most sensational manner in the Trans-Mississippi. By the luck of the draw he had the toughest assignment of any one man in the championship flight.

Through the first nine holes he was two up with a par 35. His sub-par 34 on the back nine gave him a four up lead at the end of the morning eighteen.

It was a perfectly behaved putter Hamman had to thank for his victory. He is acknowledged to be one of Texas' best on the greens. But all departments of his game functioned in the pinches to carry him to well-earned victory.

A long leaf pine tree in Duplin county, North Carolina, is 110 feet tall, measures 44.5 inches in diameter at a point 4.5 feet above ground and the first limb is 50 feet from the ground.

RACES IN MAJOR LEAGUES ARE WIDE OPEN AT HALFWAY MARK

First Six Clubs in National Separated by Six Games; Seven Cover American.

By HERBERT W. BARKER,
Associated Press Staff Writer.
Major league baseball approaches July 4th and the halfway mark with both pennant races still subject to change without notice. Today only six games separated the first five clubs in the National league and seven covered five in the American.

The world champion Giants picked up a half game on the second place Chicago Cubs yesterday by trimming the Brooklyn Dodgers, 5-4. Home runs by Travis Jackson and Frank O'Doul accounted for all the Giants' runs. The Cubs had the Pittsburgh Pirates beaten going into the 9th but the Corsairs filled the bases on Bud Thinning and Pat Malone and Tommy Thevenow followed with a scorching double that drove in the tying and winning runs in a 5-4 battle. Waite Hoyt held the Cubs to six hits and one run in the last 7-2-3 innings.

Despite their victory, the Pirates dropped into fifth place, a half game behind the Boston Braves who won two games from the Phillies, 6-3 and 3-0. The Braves, by having none left on base in the opener, equaled a major league record. In the second game, the Philly outfielders did not have a single fielding chance.

The third place St. Louis Cardinals drew to within a game of the Cubs, beating the Cincinnati Reds, 6-5, in an 18-inning first game and then battling to a 2-2 5-inning draw. Dizzy Dean and Tony Freitas hooked up in a 17-inning duel in the first game. Although lifted for a pinch hitter, Dean was awarded the decision when the Cardinals rapped Paul Derringer for two runs in the eighteenth.

The Yankees increased their lead over Detroit to a game and a half by winning, 5-2, from Washington behind Johnny Broaca's 7-hit pitching. Detroit meanwhile split a double bill with the Browns, losing the first, 3-2, but winning the second, 13-2.

The Boston Red Sox beat the Philadelphia Athletics, 10-3, and moved into third place, replacing Washington which fell to fifth. Cleveland retained fourth position by winning the second game from the Chicago White Sox, 4-3, in 12-11 innings, after losing the first, 11-5.

ROADRUNNERS BEAT MEMPHIS AND SOONERS

DOUBLEHEADER EASILY WON FROM VISITING BASEBALL NINES

The Roadrunners won both ends of a double-header yesterday, the first game from Sayre by the score of 11 to 0 and the night-cap from the Memphis Owls, 7 to 3.

The first game was a listless affair in which the visitors were badly outclassed by the Roadrunners. The fans were rewarded for waiting it out by the good game with Memphis. It was a pitchers' battle for six and one-half innings and both were held to one run. Some were Bacus' catch of Sims' drive near the left field foul line in the third; on a one-handed stop by Malear of Sain's grounder in the fourth; and Carl Stewart's one-handed stab (in self-defense) of Lindsey's drive in the fourth. A play in which Ward was caught napping off first base in the sixth, Sims to Malear, was also good.

The visitors took a liking to Carl Stewart's hooks in the first inning and amassed four hits, one of which was a double by the lead-off man, but were held to one run, some masterful hurling by their Stewart, Clifford being his first name, enabled the visitors to hold their advantage until the fourth. With one down, Ward scratched a hit off Lindsey's glove, the first off Clifford's, but never stood up when Bacus tripped to right.

With both pitchers mighty stingy with base hits, the game rooked along until the home seventh. Maybe Jimmy Marshall had something to do with the spurge of base hits in the seventh, because he insisted that everybody stand up when standing until the batter was in his box. At any rate McLary singled to left. Bacus attempted to sacrifice, but popped one over the pitcher's head for a hit. McLary making third on the play. Cox scored McLary with a double. Sims and Stewart scored Bacus and Cox with a single to left. Seltz put Clifford Stewart out of the game with a long homer over the left field fence. That ended the scoring as far as the Roadrunners were concerned, but it was sufficient.

The visitors combined two double and a single and an error by Sain for two runs in the eighth, but were unable to do anything else to overtake the Roadrunners.

The Roadrunners' keystone combination turned in three fast double plays during the Memphis game that helped Carl Stewart considerably. They also pulled two in the first game, making a total of five double plays in 16 innings.

VETS FAVORED FOR ALL-STAR GAME IN NEW YORK, JULY 10

Popular Vote Indicates The Lineup Will Be Much Like Roster Of Last Year.

NEW YORK, July 2. (AP)—If the popular vote were followed rigidly, the second annual all-star game between the National and American leagues at the Polo Grounds July 10 would look much like the first.

Final results of the nation-wide poll taken in connection with the contest indicate, in a general way, a deciding leaning toward most of the players who participated in the first all-star game at Chicago last summer.

In the balloting for American league positions, Babe Ruth, Lou Gehrig and Vernon Gomez of the Yankees; Charley Gehring of the Tigers; Jim Dykes of the White Sox and Joe Cronin of the Senators, all of whom played in last year's test, were stand-out choices in their positions this time.

Early Averill of the Indians, followed as a pinch hitter last year, finished second to Ruth in the outfield balloting with Heinie Manush of the Senators third. Al Simmons of the White Sox, and Sam West of the Browns, who played at Chicago, wound up in fourth and eighth positions this time. Rick Ferrell of the Red Sox, last year's catcher was no better than fourth in the balloting this year, finishing behind Bill Dickey, Mickey Cochrane and Ralston Hemley. Gomez and Grove, who shared the pitching burden with Al Crowder, finished first and third respectively while Crowder was far down in the list in 12th place. Earl Whitehill of the Senators, slipped into second place between Gomez and Grove this time.

In the National league, Bill Terry and Carl Hubbell of the Giants; Frankie Frisch of the Cardinals; Chuck Klein, Charley Hartnett and Lon Warneke of the Cubs, Wally Piatek of the Braves and Pie Traynor of the Pirates, all received heavy support again.

On the basis of the voting, Dick Bartell's position at shortstop would be filled this year by Travis Jackson of the Giants; Joe Medwick of the Cardinals, will take over Paul Waner's outfield posts; with Traynor, used as a pinch hitter last year, displacing Pepper Martin of the Cardinals at third base and Jerome (Dizzy) Dean taking over the pitching duties that fell to the lot of his fellow Cardinal, Bill Hallahan, in 1933.

Although they serve as a useful guide, the results of the poll are not binding upon the rival managers, Terry and Cronin, who will have final say in the selections.

DALLAS LOSES DOUBLEHEADER TO ATZ' NINE

Black Cats Win From Clarendon Bronchos 10-7

The Coltexo Black Cats came through in fine style yesterday afternoon in LeFors to defeat the Clarendon Bronchos 10 to 7 in a close game which saw base hits numerous and base running spectacular at times.

Mullen went the distance for the Black Cats, with Jake Leggett behind the bat. The Coltexo pitcher also led the batting attack with three clean hits, Clemmons and Warren hit safely twice.

Parker was on the mound for Clarendon with Shaw behind the bat. McMahan gathered three hits for the Bronchos and Johnson followed with two bingles.

The Black Cats and Gasoliners will play a series to decide the Coltexo championship. The two teams will meet Saturday and again Sunday afternoon. If a third game is necessary, the date will be set after the second game.

FENTON WILL GRAPPLE HILL THIS EVENING

POPULAR CALIFORNIAN MAY GET TOUGH WITH CANADIAN

Popular Don Hill, California's pick to the wrestling game, will appear here tonight before leaving for his home to spend a well earned vacation. The Californian is sitting on top of the heap of middleweight wrestlers in this county.

Hill will meet the wild and woolly Canadian, Rod Fenton, in the main event. Whereas Fenton usually walks out of his corner and slaps his opponent, Hill usually takes a punishing hold and rides it to the limit. Pampa wrestling fans are wondering if Hill will stick to science in an effort to defeat the Canadian, or whether he will go rough and meet Fenton at his own game.

Although Fenton lost a decision here last week, it didn't send his stock tumbling. Any grapple that can stay with George Ligosky must be good. Fenton took the bearded Russian the full three falls.

Speed, scientific demonstrations are in store for fans in the semi-final here Speedy Frank of Toledo, Ohio, meets Dan Carver, El Paso favorite. Carver is already a favorite here. Franks showed a world of speed last week but also a tendency to get stily rough and tough.

The former Pampa harvest hand, Carver, arrived here Saturday night. He appeared uninterested in the match and discussed the crop situation around Pampa. Franks blew into town this morning and immediately started popping off how he was going to show the natives things tonight. He demanded another referee and wanted a fair deal. He was pinned solid last week but would give in and argued with the crowd for a long time.

Wildcat Willie, LeFors, is matched with Kid Hill of Pampa in the preliminary at 8:30 o'clock. Four large airplane fans have been installed at advantageous spots in the auditorium. The fans will blow cold air, propelled into the auditorium by a huge box fan behind iced water, over the audience.

NOTICE TO OIL WELL OPERATORS AND DRILLING CONTRACTORS

A hearing of the Panhandle Zone Committee of the Texas Drilling Practices Committee, has been called for July 6th, 1934, at 10 a. m. to be held at the Schneider Hotel, Pampa, Texas, to determine the fair and economic cost of drilling wells in Gray County, Texas. The committee will also consider evidence on any other area in the Panhandle where sufficient data is submitted.

The Committee urgently requests that all of the contractors and Producers attend this meeting to assist in determining a fair and economic cost of drilling wells in the Panhandle district.

STEER OFFICIAL OFF TO PURCHASE NEW PLAYERS

By BILL PARKER,
Associated Press Staff Writer.
The Tulsa Oilers, celebrating Manager Jake Atz's birthday, continued to make baseball a miserable hang-over for the Dallas Steers who could do no better yesterday than lose a doubleheader to the Oilers, 8 to 7 and 3 to 2.

Where it was fun for the Oilers, it was drama for the Steers, who have lost seventeen of their last eighteen games. The double lineup who could do no better yesterday than lose a doubleheader to the Oilers, 8 to 7 and 3 to 2.

Manager "Red" Harvel, who had been on of Oklahoma City's lineup several weeks because of an injury, played only two innings before being chased by Umpire Joe Pate. Fort Worth trimmed the Indians, 6 to 0, as Peaches Davies, ace of the Cats' staff, stopped the Oklahomaans with six hits. The game was played under protest by Harvel who did not like the idea of Pate's chasing him because he protested against a called strike.

The hustling Beaumont Exporters continue to stick around first division waiting for an opportunity to grab off first place. The Exporters triumphed over Houston, 6 to 5. What started out to be a mound duel between Joe Hare and Cotton Phippen developed into a parade of pitches. Houston hammered Hare, Larkin and Schulz for thirteen hits. Beaumont got to Phippen, Payne and Cromer for eleven.

At the league pinnacle and still determined to go places, the San Antonio Missions played under the flood lights and split a double header with the Galveston Buccaneers. Ash Hillin, one of the most reliable hurlers on the San Antonio staff, won his 13th game of the season by taking the Buccaneers the first contest, 6 to 4. The Bucs got to Lefty Fleber in the nightcap affair and won, 7 to 2, behind the good twirling of Orville Jorgens.

COLTEXO NINE WINS GAME IN BORGER MEET

'77' TEAM DEFEATED BY GASOLINERS 9 TO 6

Making hits count, the Coltexo Gasoliners of LeFors took the second game of the Borger invitation tournament yesterday afternoon by defeating the Phillips "77" team of the Cardinals, 9 to 6. Each nine collected 14 hits but Coltexo bunched theirs in the fourth to score five runs.

Flemming, Borger first baseman and relief pitcher, stole the game with five hits on five trips to the plate, two of them going for the circuit. Christian, at third base for the oil men, hit three times.

The Lister collected three hits on four trips to the plate to lead the Coltexo attack. Baldwin, Cobb, Poindexter, and Bellah hit twice. Freddy Newsome, slugging outfielder, was held hitless.

Croft started the game for Coltexo, but was relieved by Haley in the fifth when he appeared to be weakening. Haley made two wild pitches. Johnson, Vaughn, and Flemming did mound duty for Borger.

Saito Cabinet Open Prediction

TOKYO, July 2. (AP)—Demands from the army and navy for a more militaristic government led today to open predictions that the cabinet of Premier Makoto Saito would resign tomorrow.

Another factor in what vernacular newspapers called the apparent intention of the cabinet to quit is a scandal in the finance department, involving Under Secretary Kuroda.

Political observers believed Emperor Hirohito would refuse to accept the resignations or immediately appoint Saito to form a new government.

Officers of the fleet have asked appointment of a cabinet which would strongly press Japanese demands at next year's naval conference.

Fearing an outbreak of political activity, army officials temporarily cancelled all meetings of young officers.

Hugh Johnson To Get Last Word In Feud With Darrow

WASHINGTON, July 2. (AP)—Hugh S. Johnson intends to fire the parting shot in his feud with Clarence Darrow.

He put his NRA aides at work today drafting an answer to the final report of the recovery review board Darrow headed.

Like the previous two third reports maintained NRA fostered monopoly. In so doing, it said last night, the recovery unit became "not the foe but the adjunct of depression."

Despite its recommendation, the board said, "there seems a sinister purpose to entrench" monopolistic practices "still more securely in the processes of the act."

Abandonment of price-fixing was recommended.

Since completion of the report, Darrow has resigned. Other members said they would take a recess until they received further directions from President Roosevelt.

Texas Gulf Boat Classic Is Today

CORPUS CHRISTI, July 2. (AP)—If granted a steady breeze and no squally weather, four schooner-rigged sailing sloops hoped to set a new record today in the third annual running of the Corpus Christi-Galveston boat race.

The starting time was set for 5 a. m. at the whistling buoy off Port Aransas. A time limit of 60 hours was set for the 120-mile run to Galveston.

Entered were the Shawshens, owned and skippered by Rex D. Frazier of Houston; the Fourfriends, owned by Congressman R. M. Kleberg of Corpus Christi and captained by Newt Curry; the Tidbit, of Galveston, with John Winterbotham of Galveston and Dudley Sharp of Houston as co-captains; and the Sista, of Rockport, with H. H. Hagner, owner, at the tiller.

The Fourfriends won in 1932. Last year's race was called off because of a severe gulf storm.

WHERE A Slip MEANS DEATH

Most Amazing Proof Ever Known OF EXTRA TRACTION AND NON-SKID SAFETY

UP... UP... UP... to 14,000 feet above sea-level. Skirting yawning chasms, tearing around 181 treacherous turns at breath-taking speeds—daredevil drivers fight their way up... grinding, pounding, swaying, over more than twelve miles of tread-torturing granite gravel. What a terrific test of tire stamina!

Firestone High Speed Tires with the tougher, wear-resisting tread were used on the winning car in the Annual Pike's Peak Race, where a slip means death! This grueling grind is the most amazing proof ever known of Extra Traction, Non-Skid Safety, and Dependability.

This same Extra Quality and Reserve Safety are built into the new Firestone High Speed Tire for 1934, to protect you and your family. These new tires are Safety-Protected on the outside with a wider tread of flatter contour, deeper non-skid and more and tougher rubber—Safety-Protected on the inside by eight additional pounds of pure rubber absorbed by every 100 pounds of cords. This additional rubber surrounds every cotton fiber inside every cord in every ply, counteracting damaging frictional heat, the enemy of tire life.

This is accomplished by Gum-Dipping, the ingenious process developed and patented by Firestone. Through its exclusive use only Firestone is able to give you a tire of such cohesive strength and safety, giving more than 50% longer non-skid mileage.

Vacation Protection!
Protect yourself and family on your vacation trip—let the nearest Firestone Dealer or Service Store equip your car today with new Firestone High Speed Tires for 1934. Flying Brothers Forced Down 4th Time In Poland

TORUN, Poland, July 2. (AP)—Brooklyn's flying brothers, Joseph and Benjamin Adamowicz, were forced down near here today en route to Warsaw, making their fourth landing in Europe after conquering the Atlantic.

A defective gasoline pipe was the trouble this time. Neither of the brothers was hurt and the plane was not damaged in the landing.

They hoped to fix the gasoline pipe by 4 p. m. and make another start to Warsaw, their goal when they left Brooklyn.

The soda pop manufacturers apparently find flying over the continent much more trying than the ocean.

They were forced down in a potato field at Crossen, Germany, last night because of a gasoline shortage. The flight to Crossen was made from Paris, where the pair had gone after being forced down Saturday at Piers, France, following the hop from Harbor Grace, N. F.

Other important bulletins have been tacked on the board.

FATHERLAND

(Continued from page 3)
Catholic and protestant alike seeks to break the power of the church wherever that power might conflict with nationalistic aims.

While the objectives of the storm troopers and the monarchists were not the same, there appeared to be a common ground in the reputed revolt, and that was the overthrow of Hitler. General von Schleicher, some sources hold, may have felt that if the storm troopers succeeded in taking over the government, he might lead a new movement which would reseat a Hohenzollern and reestablish the monarchy.

Von Papen's June 17 speech is presumed to have encouraged von Schleicher to hope that he might gain the support of von Papen in a monarchist move. Subsequent talks by von Papen, however, made it plain that the vice chancellor was standing with Hitler, and that his June 17 speech had been meant only to call attention to alarming trends which he felt the next leader himself would wish corrected.

WOOL MARKET

BOSTON, July 2 (AP)—U. S. D. A.—Sentiment in the wool market tends to improve during the past few days and reflected more hopefulness than for many weeks. This was stimulated by an increase recently in the number of inquiries from worsted manufacturers and an actual increase in purchases by woolen mills.
Estimated receipts of domestic wool at Boston, reported to the Boston Grain and Flour exchange during the week ending June 30, amounted to 22,200,300 pounds compared with 4,214,800 during the previous week.

CHICAGO GRAIN

CHICAGO, July 2 (AP)—Much lower prices for every kind of grain formed the rule today, largely as a result of unusual slowness of general speculative demand.
July unofficial crop estimates made public today were construed as bullish, but failed to act as a stimulus to purchase. A weight on wheat values was continued liberal movement of newly harvested grain in the southwest.
Wheat closed weak at the day's lowest level, 2 1/2-2 3/4 cents under a Struday's finish, September new 88 1/2-1/4, corn 1 1/4-1 1/2, down, oats 1 1/2-1/4 off, and provisions unchanged to 10 cents decline.

NEW INTEREST IS EXPECTED IN ELECTION

CANDIDATES NOW HAVE 4 WEEKS TO TALK PROPOSALS

BY R. W. BARRY, Associated Press Staff Writer.
AUSTIN, July 2 (AP)—Seven candidates for governor resumed the stump today in their drive for votes. They have four weeks in which to put their governmental proposals before the electorate before the first democratic primary, July 28.

The aspirants had planned itineraries that would keep them well separated, except in the case of James V. Allred, attorney general, and Senator Clint C. Small of Amarillo, who will barely miss trotting on each other's heels at Terrell today. Allred has a speaking engagement there tonight and Small an appointment for the afternoon.

C. C. McDonald planned to open this week's tour at Gatesville, leaving there for a swing through a part of West Texas before dropping back during the week-end for appearances in Central and North Texas. Tom F. Hunter will start the week in his home town of Wichita Falls and jump from there to the state capital for an engagement Tuesday, going from here for a visit to West Texas points.

Lieut. Governor Edgar Witt of Waco will tell the voters of the Corsicana community why he should be governor in a speech Monday. He will go from there to the vicinity of Fort Worth.

Maury Hughes of Dallas will give the first part of the week to West Texas, opening at El Paso, then coming to Central Texas and working north the latter part of the week.

Edward K. Russell of Annona continued his intensive campaign in an effort to get the prohibitionists behind him. He was uncompromisingly against repeal of prohibition in this state and opposed submission of the proposal to a vote of the electorate.

Candidates for other state offices were doing their best to keep their principles before the voters. In addition to the race for governor, other interesting competitions were those for United States senator, attorney general and railroad commissioner.

United States Senator Tom Connally of Martin had taken to the stump to defend his record against onslaughts made by Congressman-at-large Joseph Weldon Bailey and Guy B. Fisher of San Augustine county, the latter outspokenly opposed to the Roosevelt policies.

State Senator Walter Woodward of Coleman, William McCraw of Dallas, and Clyde E. Smith of Tyler

Fire And Smoke Damage Club In Brunow Building

Early discovery and quick work by the fire department kept Pampa from having a serious conflagration yesterday morning, when fire broke out in the Roundup club in the basement of the Brunow building.

The fire started in a closet at the rear of the clubroom where some rags and paint had been stored. A passerby at 6:30 o'clock saw some in Levine's store and notified the fire department. The blaze was put out with water from the booster tank on one of the large trucks.

The property damage was estimated by Chief Clyde Gold at about \$25. Loss by smoke in the department store has not been determined.

Water Events To Be On Wednesday

Swimming races and diving contents for junior and senior boys and girls will be staged at the Pampa swimming pool Wednesday afternoon, starting at 3:30 o'clock. Prizes will be awarded winners in each event.

With the "Fourth of July" period of the campaign at hand, candidates were expecting a sudden upturn in interest of things political. They had complained that to date they had not been able to stir up much concern about the nearing primaries.

PAMPA TOPICS OF OUR CITY

(Continued from Page 1)
small towns are different. They are just as exclusive, perhaps, as in the cities—but they have a redeeming feature. Neither family or money is required for entrance into the "chosen few" of the small town. What one's ancestors have done doesn't enter into it. It isn't often that the amount one possesses enters into it.

C. W. WARWICK in Canyon News—More newspapers in Texas are supporting Clint Small than any other candidate for governor, and the number is not confined to West Texas. Many of the leading daily and weekly newspapers of the state are actively supporting the Panhandle senator.

JIMMIE GILLENTE in Wellington Leader—A small snake crawled into a local chicken house to partake of some eggs. After swallowing the first egg the snake saw a knot hole at the bottom of the nest. He started through the hole and upon spying some more eggs, stopped and swallowed another one. Since snakes are supposed to swallow eggs whole and then wrap themselves around trees and posts to break the shell, the snake found himself securely pinned to the wall. The first egg fastened him on one side and the second egg fastened him on the other side.

SAM BRASWELL in Clarendon News—Somehow we got a kick out of the ironical situation that was manufactured or just developed at Amarillo Monday of last week when Clint Small campaign managers staged their rally on the last day of the Tri-State races conducted under the pari-mutuel betting law, when Senator Small had just come out vigorously for a repeal of the race track gambling law in Texas.

DAVID M. WARREN in Panhandle Herald—As Panhandle is probably the largest racing center in Texas, many local people are disappointed that Small has come out against pari-mutuel betting. But, no candidate should be condemned because of his views on one subject. The Herald would rather see pari-mutuel betting with the government getting a percentage than to have bookmaking, which has been the curse of the state in years gone by.

Glen McPherson of McLean was here on business this morning.

John B. Williams of Miami spent yesterday with friends here.

Mr. and Mrs. E. E. Smith of Amarillo spent the week-end in the home of Mrs. H. F. Barnhart.

GERMAN ARMY

(Continued from page 1)
tremists and rightist opposed to the Nazi regime, included Werner von Alvensleben von Papen's close friend, Friedrich von Tschirsky, was reported to have committed suicide. Von Papen's secretary, Hubert von Bose, was said to have gone the same way.

Others close to von Papen were said to have been given the alternative of doing away with themselves or facing the firing squad. It was apparent to all that Hitler and his chief adjutant, Hermann Wilhelm Goering, were, in the present situation at least, firmly in the saddle.

With principal leaders of the opposition already dead and other shootings rumored hourly, opposing forces had no directing heads to lead them into action. Government buildings were still heavily guarded by police and police with rifles walked the streets by twos. The blackshirted schutz staffel, Goering's special guardsmen, were held in readiness for any emergency.

Berlin was going about as its business, but the atmosphere was still tensely charged as rumors floated back and forth through the streets. In these rumors France emerged as the "mysterious foreign power" which Hitler charged Saturday with having been in communication with the conspirators against him, and the French embassy denied flatly that the French government had any connection with the conspiracy, but the rumors continued.

Among the kaleidoscopic developments of the day was the arrest of Major Mueldeur von Macinheim, for many years adjutant to the former Crown Prince Frederick Wilhelm who was taken into custody because of his known friendship for General Kurt von Schleicher. The latter, former chancellor and firm monarchist, was killed "resisting arrest" Saturday.

The former crown prince returned today from his estate at Oles, Silesia, and said that he had been molested in no way while he was there or while he was traveling. He went to his Potsdam home immediately upon his arrival. Prince Augustus Wilhelm, the Kaiser's fourth son, was reported on good authority to be at his home in Potsdam with his movements unrestricted.

The number of dead in the week-end upheaval was fixed unofficially at 18.

ARMS

imperative, was adopted today at a plenary session of the disarmament conference's steering committee.

The plan provides for international registration and publicity and strictest inspection and supervision of all armaments. Representatives of Great Britain, France, Venezuela, Sweden, Spain, Czechoslovakia, and Switzerland supported and paid tribute to the United States for its constructive proposal.

A Venezuelan representative said it would "go down in history as a great success."

A draft of the proposal will be sent to all governments with the idea that it will be incorporated in the general disarmament treaty. An address of American Ambassador Hugh Wilson, announcing American acceptance of the plan as drafted, said it will be "an important contribution to that security which looms so large in the eyes of so many nations."

FOUR SHOT

(Continued from Page 1)
the house with the gun, I ran toward the back door and started screaming," Mrs. Richard said.

Just then Mrs. Monroe stepped out into the back sleeping porch and Davis shot her dead. Mrs. Carson, hearing the shot, ran to the back porch and Davis shot her in the abdomen. She fell dead at her mother's feet. Sam Carson, witness to the slaying of his mother and grandmother, started to flee through the front door but a charge of shot struck him down and he crumpled to the floor.

Davis then returned to the sleeping porch and, standing a few feet from the body of his former wife, placed the muzzle of the shotgun under his chin and pulled the trigger, almost decapitating himself.

Mrs. Richard, almost too frightened to talk, ran to a nearby lunch stand and called police.

NEW ORLEANS, July 2 (AP)—The market developed moderate trading during the morning, but prices continued to ease off on the map, showing fair in Texas. This influence was helped by easier grain and the German situation.

Late in the morning, October sold at low as 12.19, and December at 12.34, down 21 points compared with Saturday's close.

Near mid-season, prices rallied one point from the lows, making the price level 20 points, or an even dollar a bale below the previous close.

"All they clear Satisfy"

"To me a cigarette is the best smoke. It's a short smoke... and then again it's milder."

"I notice that you smoke Chesterfields also. I like them very much."

I HAD A BERTH in the ninth sleeper. It was a heavy train and a cold night—snowing—and I thought about the man with his hand on the throttle. I admire and respect those men."
