Josh Lee, the Oklahoma orator-humorist with the columnist's point of view, will become a congressman. We refrain from pointing out the obvious.

With Jack Walton, Alfalfa Bill, and Jim Ferguson politically shelved—if and when—the southwest will drop off the national front page, leaving the readers to suffer extra doses of Huey Long.

We Americans still believe in the sacredness of a contract—that is, all but the marriage contract.

Is it possible that Herr Hitler may have read about the French revolution? At any rate, the French would likely lend him a history if he wished to refresh his memory as to methods of removing troublesome heads.

There are some laws which cannot be repealed. One is that you can't force a customer to buy. Price-fixing in several industries, intended to achieve sure profits and higher wages, has been blocked by Mr. and Mrs. Consumer who, if they are not coaxed by advertising, can wreck the best laid plans.

Brevitorials
Musing of the moment: Life has many sides. Every question has at least two sides. Most questions have three sides—your's, your opponent's, and mine! To see two sides of a question is to be liberal-minded, but often is not to succeed. In politics, especially, the votes usually go to the man who can shout the loudest and most persuasively about only one side. Often the people wake up to the fact that they have been wrongly led. The one-track-minded politician then is short-lived. Most politicians try to avoid being wrong, or unpopular, by talking vaguely of many sides of many questions and trumpeting the obviously popular side of minor issues. To point out the comparative truth of both or all sides is to be accurate but seldom popular. Too few of us wish to concede that the "other fellow" is at least partly right.

THINK THIS OVER: It's time for Pampans to be thoughtful about the future, thankful and optimistic about the present. YOU LIVE IN THE BEST TOWN OF ITS SIZE IN THE SOUTHWEST and one of the best in the country. That's a privilege.

RAY HAGAN invites us to think over all the towns of 10,000 that we know. You do the same. Think of their traffic—is it as lively in the other little cities? Are the merchants as progressive, the organizations as alert? Are the payrolls as big? Are the churches as active and growing? Are the newspapers buying as many services and cooperating with organizations? Are things static or moving? We think that inevitably your answer must be that PAMPA IS THE BEST CITY OF THE LOT.

We ought to appreciate Pampa and work for her. She has growing pains that need attention. She needs houses. She needs the "long look" into the future. You should know that bank deposits have been going back and forth for some time this year. Oil is doing it. Payroll increases, due to NRA, the "hot spot," and general drilling have amounted to more than the wheat crop! Oil makes Pampa, and Pampa is in the center of the Panhandle field.

A LOOK into the future demands that oil and its effects be kept in mind. Without oil and its allied interests, Pampa would face a struggle to stay above 4,000 (some say 2,000). Wheat, during the good wheat years, did not boost Pampa above the 1,000 mark. Wheat and a little oil make Panhandle Wheat without much oil makes White L-er. Oil makes Pampa. Wheat in a good year will be a needed boost to business, but it would be a boost and not basic support. That's what smart observers who have known oil and wheat for years say, and we believe they are right.

THE future Pampa will need a substitute for oil. Many will opportunely say that territorial trade and leadership will be the best one, coupled with agricultural expansion. Territorial trade is an important factor now, and will continue to be, but we cite that leadership goes with size and alertness. A slipping city is often not a city which attracts business. The inevitable conclusion is that Pampa needs the oil business and anything that assures the presence of that business assures the stability of Pampa until the supporting territory develops.

FORTUNATELY, the oil outlook now is good. Doubtless there are pools which have not been discovered. There are oil bearing sands which will require years to exhaust. There is gas for several decades—if we do not dissipate it needlessly. But reckless waste of oil and gas could mean nothing less than waste of Pampa's opportunity. This area abounds in industrial plants—oil industries. Every well is a factory. Try to raise \$25,000 for a cheese factory or some other new industry, then you can appreciate the meaning of an oil well in terms of capital. The Texas company has taken an 8-year lease on its suite of rooms in

FATHER KILLS 3, THEN SELF

Siamese Twins To Fight For License

PAIR INVITED TO BE WEDDED IN ARKANSAS

MARRIAGE IS INDECENT AND IMMORAL, SAYS JUDGE

NEW YORK, July 6 (AP)—Violet Hilton, the starboard half of the Hilton sisters, Siamese twins, is going to fight it out with the New York officials who yesterday refused to issue a marriage license to her and Maurice Lambert, musician.

Turned down both here and in Newark, N. J., Miss Hilton at first considered the possibility of going to Maryland to get the license. She changed her mind and is going to make an issue of it.

Her attorney, Irving Levy, said he would apply in supreme court for a mandamus writ directing the New York City clerk to grant the license.

In deciding not to grant a license to Violet and Lambert, Assistant Corporation Counsel Russell Tarbox wrote: "Application denied on the ground that bride is a Siamese twin."

This did not seem adequate to Levy, and the matter was placed before William C. Chanler, acting corporation counsel. Chanler approved the decision, saying: "The very idea is quite immoral and indecent."

In Newark, the applicants were turned down on similar grounds. "Moral reasons," said City Clerk Harry S. Richenstein.

MARION, Ark., July 6 (AP)—Violet Hilton, red-haired Siamese twin, and her fiance, Maurice Lambert, today were invited to come to this Arkansas town to be married.

A. B. Carter, deputy clerk for Crittenden county, just across the Mississippi river from Memphis, Tenn., gave out a statement in which he said, "Crittenden county, Arkansas, will gladly furnish Violet Hilton with a marriage license provided she makes application here."

"Why shouldn't Violet and Daisy stop in Marion, Ark., on their trip to their home in Texas?" Carter asked. "There'll be no delays and only a \$1.10 license fee."

KANSAS CITY, July 6 (AP)—Violet and Daisy Hilton, the Siamese twins, figured in testimony in a divorce suit here March 26, 1931, at which Mrs. Mildred Oliver won a default decree from William Oliver, then advance agent for the girls.

"They both loved him—both of them," declared Mrs. Oliver. "They showered him with lavish gifts—jewelry, a motor car and clothes."

McLean Pianist Breaks Arms in Fall at Creek

McLEAN, July 6.—Worst of all the July 4 accidents in this area was that in which Miss Dorothy Jean St. Clair, member of the 1934 graduating class and talented young pianist, broke both arms.

Miss St. Clair fell from an improvised trolley while with a party of picnickers on McClellan creek north of Alameda. The accident was late in the afternoon.

Friends took the girl to McLean, where a local doctor found one arm badly broken just above the wrist and at least one bone broken in the other arm.

Miss St. Clair was taken to Shamrock Thursday morning for additional treatment.

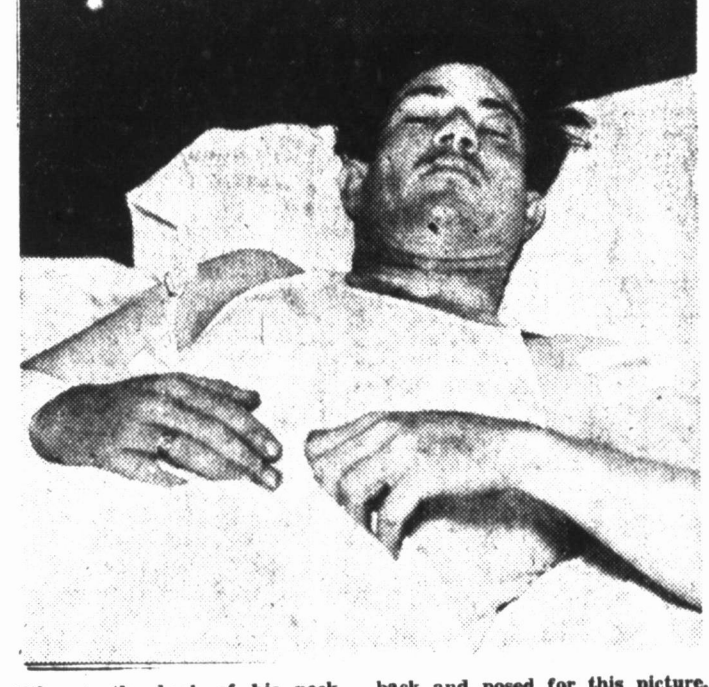

BRIDGE WASHES AWAY

AMARILLO, July 6 (AP)—A small highway bridge across an arroyo six miles west of Adrian, on U. S. highway 66, was swept away last night following a sudden downpour of rain in that vicinity. Traffic was halted for a time last night, but was being detoured across the unbridged stream today.

I HEARD—
L. V. "Shorty" Hollar telling everybody about a puncture he had on July 4. It was most unusual.

A resident of the city jail asking Neil Dodson for a Denver Post to read while he "waited" the city. He was given a magazine.

Types of German Fighting Men

Men in uniform make up the picture of Germany today. . . (1) Typical German soldier, one of the 400,000 "SA" storm troopers of the Nazis, who help lift Hitler to power. . . (2) A Reichswehr private, member of Germany's small but splendidly equipped and trained regular army. . . (3) A Berlin demonstration of Stahlhelm (Steel Helmets), war veterans' organization of somewhat older men, monarchistic and conservative in tone. . . (4) A member of the "SS," or Schutzstaffel troops, a picked Nazi bodyguard of some 20,000 men, wearing black rather than brown, carefully selected as the cream of Nazi civilian soldiery. . . (5) Regular police, under federal control and armed when necessary in military style to supplement troops.

TROOPERS CRY 'REVENGE!' AT BERLIN MEET

ROEHM SYMPATHIZERS BELIEVED PLANNING NEW REVOLUTION

BRESLAU, Germany, July 6 (AP)—Chancellor Hitler, it was revealed today, barely escaped assassination Saturday at the hand of Edmund Heines, one of those whom Hitler tried to arrest at Ernst Roehm's home near Munich.

Only through determined and timely intervention of one of the chancellor's aides, who shot and killed Heines when the latter ran up to Hitler with a revolver, was disaster to the chancellor averted, it was revealed.

The story was told to an American citizen residing here by a friend of Heines who was said to be absolutely reliable. Heines was chief of police of Breslau and a prominent Nazi.

BERLIN July 6 (AP)—Nazi vigilance against revolt was resumed today with disquieting reports that "something more is brewing" among friends of "liquidated" Nazi leaders.

The Nazi party spokesman said the Roehm revolution had wide ramifications and was well organized, and that those delegated by Chancellor Hitler to preserve the regime are taking no chances on Roehm's sympathies.

Storm troopers in civilian clothes, under orders not to wear uniforms during a vacation period, were reported to have met in a former Berlin stronghold of communists and to have shouted "revenge!"

WIFE AND TWO TOTS SLAIN IN VERA TRAGEDY

FAMILY KILLED WHILE SLEEPING; SUICIDE NOTE IS LUICED

VERA, July 6 (AP)—Hollis McGuire, Vera motion picture theater operator, today shot his wife and two children to death as they slept and then drove to Seymour, 18 miles east of Vera, and fatally shot himself as he sat in his automobile in front of his brother's home there.

Both McGuire, 32, and his wife, Odessa, 25, were reared in this Knox county community and were members of well-to-do pioneer families. For years McGuire farmed but he had been in ill health recently and turned to operation of the theater.

The quadruple tragedy was discovered when McGuire was found shot in his car in front of the house of his brother, Roy McGuire, at Seymour. Roy McGuire, not knowing of the other deaths, heard a shot in front of his home and rushed out to find his brother dead.

Roy McGuire immediately telephoned authorities at Vera, asking that the dead man's wife be notified. A merchant of Vera, Roger Wilson, went to the McGuire home and found the bodies of the wife and children.

All three were in sleeping apparel and their bodies were in bed. Each had been shot once through the head. The wife's body lay in the larger bed in the bedroom and those of the children in a smaller bed in the same room. Apparently the fatal shots had been fired as they slept. One of the children was a girl, Princess Irene, 9, and the other a boy, Benny Wade, 6.

Justice of the Peace J. M. Albright of Vera returned a verdict of murder in connection with their deaths and a justice of the peace at Seymour ruled that McGuire had committed suicide.

Sheriff E. R. Elliott said a note was found in the car at Seymour with McGuire's body. It read: "I was worried about my physical condition and thought this was the only way out. May God bless you all."

The note was signed by McGuire. The bodies of the wife and children were taken to Seymour, where funeral services for them and the husband probably will be held tomorrow; the sheriff said.

A .32 caliber pistol was the weapon used by McGuire in killing his family and himself.

The sheriff said McGuire apparently shot his wife and children before dawn and then got in his car and drove to Seymour, arriving there shortly after daybreak. He stopped in front of his brother's house and, without getting out or even calling to his brother, fired a bullet into his own head.

WHEELER GUSHER FLOW SHOWING BIG INCREASE

By GEORGE L. GUTHRIE Consulting Geologist Combs-Worley Bldg.

The Texas company's No. 1 Keller in section 48, block 24, Wheeler county was still drilling yesterday and had increased the flow 45 barrels an hour to 75 barrels an hour.

The Alma Oil company's No. 1 Perkins in section 46, block 24 picked up a good show yesterday and looked like a well. The show was picked up lower than was expected, causing a little more anxiety than usual in bringing in wells.

The Ohio Fuel company's No. 1 D'Spain in section 52, block 24 was flowing 35 barrels an hour yesterday and had to shut down to replace separators when the sand cut a hole in the one in use.

The Bell Oil and Gas company's No. 3 D'Spain in section 52, block 24 averaged 980.6 barrels on its five day test.

Two of the latest wells brought in in Gray county have been given temporary potentials. The Wilcox Oil and Gas company's No. 28 Combs-Worley in section 35, block 31 & 32 was temporarily given 1450 barrels.

The ITIO No. 4 Smith in section 139, block 3 I&GN was given 500 barrels temporarily while getting ready to test.

New Locations

Three new locations for the week are The Texas company's No. 2 E. Sec. 400 feet from the west line and 1246.5 feet from the north line of the northwest quarter of section 1 block B&B Gray county.

Christie and Hickman's No. 3 D'Spain in section 52, block 24 Wheeler county is located 330 feet from the south line and 630 feet from the east line of the southwest quarter of the section.

The Dixon Creek Oil and Refining company has located its No. 10 Archer 330 feet from the south

140 MEN TO BE GIVEN JOBS IN BUILDING ROAD

Construction of 33 Is To Be Resumed Immediately

Authorization to furnish the resident state highway engineer with men to carry on the work of constructing Highway 33 through Pampa was received at the office of the Gray county relief board this morning.

C. A. White, engineer, will immediately start making plans for carrying on the work, dropped when the FERA became effective.

The notice stated that the board could furnish a maximum of 140 men for work on the project. Authorization to furnish a number of trucks of one ton and 1-1/2 ton capacity, and a number of teams, was also given.

Case workers for the local board will issue the cards to eligible men at their homes. No work will be given at the office in the basement of the city hall. Men on relief rolls are requested not to bother the office force, which will be busy checking cases and making out work tickets.

Preliminary work will probably start Monday. By that time, a number of work tickets will have been issued. Mr. White has not announced which work will be started first. Some of the road has to be widened. More curbs and gutters will be laid and the full distance work will be topped.

The work program follows the placing of Gray county in the drought stricken area.

Feed Crops to Be Controlled

WASHINGTON, July 6 (AP)—Secretary Wallace today announced that the farm administration's cattle buying program would adjust pressing surpluses of beef cattle and that control of hog production next year would probably center on control of feed crops.

"Many of our people feel control of feed supplies gives automatic control of livestock production," he said.

Buying of cattle is being "dove-tailed" with other plans of the administration, the secretary added, and recent rains in the drought area have not changed the situation materially from conditions early in the week when it was estimated by administration officials that 4,091,000 cattle in 23 states must be removed immediately for slaughtering or pasture feeding in surplus feed areas.

General rains in the drought area might change the situation, Wallace added, but indications were that these had not occurred. Any rains will make it possible to develop relief plans "in a little more orderly fashion," he said.

MARLAND FOR PWA

OKLAHOMA CITY, July 6 (AP)—A \$50,000,000 public works program for Oklahoma and the election of congressmen who "will cooperate with the national government" were set today by Rep. E. W. Marland, the democratic nominee for governor, as his immediate goals for Oklahoma.

W. E. Williams of Shamrock was a Pampa visitor today.

V. E. St. Clair of Wheeler spent yesterday in Pampa.

SHYSTERS FLAYED

FORT WORTH, July 6 (AP)—Scoring "shyster practice" and calling upon lawyers to "re-establish yourselves in the confidence of the people you expect to lead," Earl W. Evans, Wichita, Kansas, president of the American Bar association, today addressed members of the Texas Bar association here for the annual convention.

BOYS TOSS BOMBS

HAVANA, July 6 (AP)—A number of bombs were tossed in Havana today apparently by radicals in their teens leading to a riotous police vigilance. Authorities had been warned that left wing high school students planned to place 60 bombs in various parts of the city.

JIM FERGUSON CALLS RAYMOND MOLEY A LIAR AFTER READING MAGAZINE ARTICLE ON PRISON

'Texas Has Become a Gangster Shelter,' Says Professor

DALLAS, July 6 (AP)—Texas today awaited the reply of Raymond Moley, former member of President Roosevelt's "brain trust," to former Governor James E. Ferguson's charges that Moley's magazine article concerning the Texas prison pardon system was "a lie."

The gray-haired veteran of Texas politics, husband of the present governor, bristled with rage here as he read an article by Moley and Edgar Sisson that said "Texas has become a shelter for gangsters at the end of the crime corridor" and that "in Texas prison clemency has become a political football, with pardons and paroles handed out as political favors."

The charges were contained in an article headed "Murder and Parole," published in the July 7 issue of "Today," a weekly journal edited by Moley in New York.

"That's the usual lie they've been telling for years about the mismanagement of the pardoning power in Texas," Ferguson told interviewers.

"In all the pardons issued during the four terms of the Ferguson administration, there haven't been six pardons attacked on their merits," Ferguson said in commenting on the article's assertion that Gov. Miriam A. Ferguson freed 1,736 criminals in her first administration and 1,322 through May, 1934, in her second term.

Ferguson sneered at the article's statement that "Miriam Ferguson is governor in name only. Her husband, Jim, is the real governor. 'Ma' signs; Jim acts."

"That's some more ignorant propaganda," Ferguson shouted. "If anyone doubts that my wife is the real governor, let him come down to Austin and try to start something and see what he gets."

PARIS, July 6 (AP)—Many American firms in France feared today they would be forced to quit the country because of Premier Doumergue's failure to get parliament to ratify a long pending treaty with the United States lifting double taxation. Some firms were said by a spokesman for American interests to be already considering leaving the country in order to avoid collection of \$100,000,000 in excess taxes which have been suspended by the French for several years.

LONDON, July 6 (AP)—Technical collaboration from Great Britain in the event Belgium is ever invaded is all that France is asking of England, and indications are that she may get it, the Associated Press was informed today.

WASHINGTON, July 6 (AP)—A federal grant of at least \$500,000 for public schools was advocated today by the National Education association.

TRAFFIC LAWS PROVE POPULAR

The two-hour parking limit and no double parking law on three blocks of Cuyler street is proving popular. Chief of Police Art Hurst declared this morning. Pampa citizens approve of the move taken by the city commission last Monday night.

Officers make the rounds of the blocks every two hours between 9 a. m. and 9 p. m. Cars left parked more than two hours will be "tagged" and the owner instructed to report to police headquarters in the basement of the city hall.

The parking law is effective on the three blocks of Cuyler street between Atchison avenue and Francis avenue. Signs have been placed on the sidewalk close to the curb.

E. J. Grove of Yale, Okla., is spending a few days with friends here.

WHOLESALEERS QUIET

NEW YORK, July 6 (AP)—The warm weather of the last week stimulated various lines of retail trade, said the Dun & Bradstreet weekly Trade Review today. As against this gain, the agency pointed out that wholesale markets turned suddenly quieter and because of the holiday shutdowns and seasonal factors the sharpest reduction of the year was recorded for industrial operations.

This Man is Grandfather to Whole School

CANYON, July 6 (AP)—J. J. Bauer is the grandfather of every pupil attending the Johnson school in Randall county, which has a total enrollment of 13.

Two of Bauer's sons, Charlie and Elmer Bauer, and a son-in-law, L. F. Spiser, compose the school board.

The pupils are distributed through the first seven grades, but the school, located near Happy, has only one teacher.

Bauer, a farmer, also is county commissioner from his precinct.

Perry Wins Singles Crown

English Wins Title First Time in 25 Years From Australia's Crawford.

WIMBLEDON, Eng., July 6 (AP)—Fredrick John Perry, 25-year-old English tennis star, today defeated Jack Crawford of Australia, the defending champion, 6-3, 6-0, 7-5 in the men's singles final of the all-England tennis championships to keep the title in England for the first time in 25 years.

It was the year Perry was born that A. W. Gore, one of the immortals of the English courts, won the Wimbledon championship. Since then the stars of Australia, France, and the United States have monopolized the title.

The tall, dark-haired Englishman was not to be denied as he unloosed one of the most blazing games the famous center court has witnessed in years. Literally to blast the Australian ace of the courts.

Jean Borotra and Jacques Brugnon, veteran French defenders of the doubles title, advanced to the final round with 7-5, 3-6, 6-2, 6-4 victory over the highly touted young English combination of Ian G. Collins and F. H. D. Wilde.

Lester Stofen and George M. Lott Jr., United States Davis cup doubles combination, won their semi-final match from the Australian-German combination of Harry Hopman and Danell Freen, 6-4, 3-6, 6-3, 6-6, and will meet Brugnon and Borotra for the title tomorrow.

CONSERVATIVES IN NAZI GOVERNMENT WIN NOTABLE VICTORY

Tom Connally Is Moving to West Texas in Drive

DALLAS, July 6.—Senator Tom Connally, candidate for renomination for a second term, will take his campaign into West Texas next week, according to announcement made today by J. P. Rice, the senator's campaign manager.

Senator Connally will speak in Brownwood on Monday night, in

Lubbock Tuesday and in Amarillo Wednesday night.

He expects to visit other places en route and to meet as many of his friends and supporters as possible.

"Senator Connally remained at his post of duty in Washington until Vice-President John N. Garner dropped the gavel for the last time in the session," Mr. Rice said, "and he had only about four weeks in which to conduct his campaign throughout the entire state of Texas. In this situation, it has been impossible for him to visit as many cities as he would like.

"He will continue his active speaking campaign until the date of the primary, but obviously it

will be impossible for him to visit every county in Texas. Friends and supporters in every section are aware of the situation and are wiring and writing here that they will conduct the senator's campaign for him. Organized activity in his behalf is now under way in all parts of the state."

Tremendous crowds have heard Senator Connally in every speech since he returned from Washington. At the homecoming rally at Marlin the senator was cheered by a crowd of thousands. His opening address at Greenville last Saturday was heard by a crowd from all sections of northeast Texas.

SCHMITT GIVEN AUTHORITY TO DIRECT ECONOMIC PROGRAM

HAS UNLIMITED POWER TO DIRECT ECONOMIC PROGRAM

B. A. D. STEFFERUD. (Copyright, 1934, by The Associated Press)

BERLIN, July 6 (AP)—An important victory for the conservative element of the Nazi government was seen today in the granting of almost autocratic commercial powers to Kurt Schmitt, minister of economics.

He is authorized to impose unlimited fines on persons and institutions who refuse to obey his orders.

Schmitt had complained that his work was being hampered by the more radical doctrines of other cabinet members and Nazi leaders. He has now obtained more or less of a free hand in directing Germany's economic program.

This development came as leaders attacked labor, financial and political problems with redoubled efforts and a spirit of "well, that's over."

The Nazi press made much of the theme of a party workers meeting at Flensburg that the "second revolution," which broke out a week ago tomorrow, has been completed and "there is work to be done."

The unsettled situation in the provinces continued a source of speculation and alarm here.

Conditions are said to be disturbed, especially in Silesia where Catholics and Jews are reported to be worried, and in Bavaria.

There were reservations here over the French embassy's sharp denial that France was involved in a conspiracy against the government.

German newspapers had charged General Kurt von Schleicher, former chancellor and one of many who was killed last week-end, had conspired with France. The government itself said a "foreign power" dickered with persons in power in Germany.

Rumors that Michael Cardinal Faulhaber was under detention in Munich could not be verified, and it was indicated a statement would be issued denying this.

An Associated Press correspondent who went to the home was unable to see him but learned the cardinal's palace is under surveillance.

(The Jewish Telegraphic Agency said police at Munich ruled no long distance telephone conversations could be made in any language except German because "the authorities must know what is going on.")

Following government assurances that excesses had ended, newspapers printed long articles on "foundations for reconstructing social insurance," the duties of labor leaders and "the delights of farming for young people."

Details of the Nazi conference at Flensburg were prominently displayed.

There Rudolf Hess, minister without portfolio and important lieutenant of Chancellor Hitler, told Victory Lutz, new chief of staff of the storm troops, that "in your efforts to keep the historical calling of the storm troops as a true and powerful instrument in the hands of der Fuehrer (Hitler) you will find the support of us all."

But every other indication was that the power and the glory of the storm troops, in whose ranks the rebellion was fostered, have gone. Most of them, it was indicated, will be disbanded.

Paul von Hindenburg, 86-year-old president of the third reich, remained calmly at his Neudeck estate, apparently in improved health.

The fate of his protégé, Franz von Papen, vice chancellor whom Hitler reportedly tried to oust in favor of Hermann Wilhelm Goering, premier of Prussia, remained in doubt.

Ommo Behrends and Charles Mathews spent Wednesday in Perryton.

'ARAYAN' VELEPT MASTER NAZI PROFESSOR FINDS

BERLIN (AP)—The true and original meaning of "Aryan" is "superior person," says Professor Wolfgang Kruse of Koenigsberg university, in the scientific journal, "Research and Progress."

He quotes the Sanskrit Rig-Veda for the statement that Nordic invaders of India called themselves "Aryans" in distinction to the conquered native tribes, for in ancient India "Arya" meant "lord" or "master," and "aryaka" a "man to whom honor is due."

ANGLIN WITHDRAWS, LEAVING MARLAND DEMOCRATIC NOMINEE

STRIKES BREAK OUT OVER WIDE AREA IN NATION

Violence Results in Property Damage And Bloodshed

By The Associated Press. Violence broke out anew today in labor strike areas in widely separated sections of the nation.

In San Francisco where the Pacific coast maritime workers have been on strike since May 9 national guardsmen were in control of the waterfront area.

Strikers gathered around picket fires declaring they were not going to retreat from the waterfront and forecasting a general strike to force their demands.

In Lockland, suburb of Cincinnati, hundreds of windows were broken as mobs surrounded the Stearns & Foster textile mills, scene of a strike.

Four men were injured in a battle between strikers and police in the city.

Violence broke out in St. Paul, Minn., where strikers were attacking police.

In Chicago, where the Amalgamated Clothing Workers are on strike, violence broke out in the Loop district.

In Detroit, where the United Automobile Workers are on strike, violence broke out in the city.

In New York, where the Long Island City dockworkers are on strike, violence broke out in the city.

In Philadelphia, where the Pennsylvania State Police are on strike, violence broke out in the city.

In St. Louis, where the St. Louis Public Employees are on strike, violence broke out in the city.

In Cleveland, where the Cleveland Public Employees are on strike, violence broke out in the city.

In Boston, where the Boston Public Employees are on strike, violence broke out in the city.

In Washington, where the Washington Public Employees are on strike, violence broke out in the city.

In Los Angeles, where the Los Angeles Public Employees are on strike, violence broke out in the city.

In San Diego, where the San Diego Public Employees are on strike, violence broke out in the city.

In San Antonio, where the San Antonio Public Employees are on strike, violence broke out in the city.

In Dallas, where the Dallas Public Employees are on strike, violence broke out in the city.

LEW WENTZ IS BITTER ENEMY OF CANDIDATE

NEW DEAL LIKELY TO BE ISSUE IN FALL ELECTIONS

OKLAHOMA CITY, July 6. (AP)—Oklahoma, accustomed to political shocks, blinked today at the unexpected feat of Tom Anglin, who withdrew from the democratic runoff primary, giving the nomination for governor to Congressman E. W. Marland.

The choice of Governor "Alfalfa Bill" Murray, Anglin told the state last night.

The primary is over and Mr. Marland is leading by a plurality of approximately 50,000 votes.

Anglin's surprising action, taken without "Alfalfa Bill's" public approval, climaxed a "band wagon" movement on Marland's behalf.

The latest tabulation of returns, incomplete and unofficial, from 3-195 out of 3,352 precincts, gave:

Marland, 146,322; Anglin, 94,614; Jack Walton, who was removed as governor in 1923, 81,022; King, 65,197.

The democratic gubernatorial nomination always has meant election by W. B. Fine, the republican nominee, who won a United States senate seat in 1924, commented:

"It makes no difference to us which one is nominated. You will see that later in the campaign."

Wentz is bitter. With attention turning already to the general election, it appeared that the "new deal" would be the prime issue rather than "Murrayism" with a side issue the bitter personal enmity between Marland and his fellow-townsmen, Lew Wentz, republican leader and millionaire oil man who declared only last week that he would not choose Marland, his former friend, for any position of responsibility.

Marland, who won his congress seat in the normally republican eighth district two years ago after his oil fortune dwindled, was gratified to see his party outvoting the G. O. P. in his district. The total republican vote was 18,392, with W. J. Otjen of Enid, 3,693 votes, and T. J. Sargent of Newkirk, 3,577 votes, heading for the republican runoff. The democratic vote with 74 precincts missing surpassed the republican total with 21,799. Phil Ferguson of Woodward and J. M. Gentry will compete for the democratic nomination.

Rep. Wesley Disney was renominated without a runoff in the first district; Josh Lee, popular University of Oklahoma public speaking professor, displaced Rep. F. B. Swank in the fifth district, but other incumbent congressmen went into the runoff at the top of the list. They were Representatives Will Rogers, at large, who faces ex-Governor Henry S. Johnston in the runoff; Wilbur Cartwright, third district, vs. C. C. Williams of Poteau; Jed Johnson, sixth district, vs. Tom McKenna, fourth district, vs. District Judge P. L. Gassaway; Jim McClintock seventh district, vs. Sam Masingale of Coalinga.

In the remaining district, the second, Rep. W. W. Hastings retired, Jack Nichols, Enfield attorney, and Phil K. Gilman, Muskogee county attorney, will vie for the nomination.

Dr. W. C. Mitchell returned yesterday from Hot Springs, Ark., where he and Mrs. Mitchell have been vacationing for four weeks.

Mrs. Roy Huff of Miami shopped in the city yesterday afternoon.

Between strikers, workers and police officers at the Seabrook Pumps near Bridgeton, N. J. The strike is in its twelfth day and is attributed by workers to a wage reduction.

Some 50 rig builders in the East Texas oil field walked out after contractors had refused to meet demands of workers for a \$12 daily wage for riggers and \$14 daily for crew pushers, an increase of \$2 daily in each class.

Here Next Week

Roy E. Fox, above, and his popular players will be added attractions with Harley Sadler's troupe in Pampa all next week.

NAVY BLUE RULES LAND STYLES, TOO

By ADELAIDE KERR. PARIS (AP)—The navy's blue has scored a hit in landlubber fashions for this summer.

The deep dark blue which "rules the waves" appears wherever smart women gather here for summer festivities. Fur is dyed navy blue and suede shoes, belts, bags and gloves are tinted the same tone to harmonize with scores of dark blue coats, frock and hats.

Most of the costumes are accented by touches of gray, white or lighter blue to smarten the effect.

A recent cocktail given by the Baronne Robert de Rothschild, where the hostess wore a frock printed in tones of sky and china blue with a scarf of a deeper shade, half the smart guests wore a touch of blue.

The Marquise de Paris wore a pearl gray maroon frock a navy blue wool coat colored in fox dyed the same tone and a big hat of navy blue straw trimmed with navy blue birds of paradise.

The Comtesse San Just chose a dark blue crepe frock splashed in lighter blue figures with a navy velvet capped sleeve coat and a wide brimmed hat with a sky blue bird crouched on the brim.

Princess Alexis Mdivani (the former Barbara Hutton) appeared at another tea in a navy maroon frock having a patent leather belt studded with sparkling strass.

Princess Mdivani (the former Barbara Hutton) appeared at another tea in a navy maroon frock having a patent leather belt studded with sparkling strass.

Navy blue suede, doeskin or cape-skin gloves, bag and sandals are worn by many smart women with a navy straw hat to accent costumes of gray, beige or white.

The hats are almost always the flat-crowned, very wide-brimmed models which have taken the smart world by storm this season.

Black and white combinations, though less favored at the moment for daytime wear than navy and white, are also seen at a number of late afternoon affairs.

The Comtesse Elle de Gagneron appeared at a recent cocktail party wearing a black wool skirt and three-quarter length coat with a white organdy blouse which had a flashing diamond brooch caught in the big bow under the chin.

Her hat was a wide-brimmed white organdy model fastened on with a narrow white organdy band and bow clasped around the back of her head.

Mr. and Mrs. Ed Dishman had as their holiday guests, Mr. and Mrs. Charles Kinslow, Miss Helen and Mr. Billie Kinslow of Memphis. Though others returned to Memphis late Wednesday afternoon, Mr. Billie Kinslow remained to be the house guest of the Dishmans for some time.

GO TO MARKET. Miss Ruth Ann Mitchell joined her mother, Mrs. W. C. Mitchell, who has spent the past four weeks in Hot Springs, Ark., in Oklahoma City yesterday from where they will go to Chicago and then on to market to buy for their store.

RECENT BRIDE IS HONORED BY CHURCH CLASS

GIRLS IN RAINCOATS ANNOUNCE SHOWER FOR MRS. WILLIS

The Fidelis class of the First Baptist church met in the home of Mrs. C. E. Lancaster Thursday evening for the regular monthly business meeting and a miscellaneous shower in honor of Mrs. Burl Willis, who before her recent marriage was Miss Jessie Reeves.

Class hostesses for the evening were Mrs. Earl O'Keefe and Miss Evelyn McDonald. Miss Leora Kinard, class president, presided for the business meeting at which time monthly reports were read.

Following the business, a social was held for the honoree. Two contests were played in which the prizes were presented the honoree. Mrs. C. E. Lancaster, teacher, presented her with a rubber apron, and Mrs. Earl O'Keefe, assistant teacher, gave a glass of jelly.

Mrs. T. P. Morton favored the group with two readings. The class president presented the bride with the greatest happiness for the class.

Two girls wearing raincoats and carrying umbrellas appeared at the door and announced that there was going to be a shower. The bride was presented with an umbrella filled with gifts from the class members and friends.

After the gifts were shown to those present they went out on the lawn where watermelon was served. Class members present were: Misses Overall, Donnie Lee Stroup, Grace Bird, Lillian Stuart, Lottie Ince, Marjorie Ivan, Leora Kinard, Lorene Templeton, Evelyn McDonald, Hazel Stone, Mrs. C. E. Lancaster, and Mrs. Earl O'Keefe.

Guests for the occasion were: Mrs. T. P. Morton, Mrs. Mary Estess, Miss Nell Reeve, Mrs. Steel, Mrs. Roy Holman, and Miss Eloise Lane.

Gifts were sent by Misses Geneva Groom, Urs Benford, Lucille Kentling, Lois Elizabeth Barrett, Zenobia McElrath, Neva Burgen, and Mrs. Clyde Gold.

(Continued from page 1.) the Combs-Worley building. It is expected to be here longer. Pampa's future for the next decade is bright. After that? Well, it will depend upon what we do with oil, with agriculture, with roads, with railroads, with territorial development in the next decade.

Many cities with the same opportunity would slip back to 5,000 or less. We believe Pampa will make better use of her opportunities and will end the decade strongly. That's because we believe in YOU. Think it over.

THE "mystery" leaf which Old-timer Mark Huseby sent us is no longer a mystery. Dr. John Hooper has done some investigating and has called upon a friend for aid. Today he brought in the identity of the flower-producing leaf which Mr. Huseby sent us.

The leaf came from the American linden tree, or basswood. Having grown up here in the Panhandle, we didn't know that one from mahogany.

THE scientific description: "Leaves alternate, deciduous, broad, unsymmetrical, toothed, with veins branching strongly on side next to petiole. Flowers yellowish, clustered fruit, a small nut-like body, borne in clusters attached to the mid-rib of a large bract (a more or less modified leaf subtending a flower or flower cluster, usually smaller than the foliage leaves)." That is an exact description, is it not Mr. Huseby? But where did you get the linden?

Socialist Will Talk 4 Times

E. M. Lane of Dallas, socialist candidate for lieutenant governor, arrived today for a series of four lectures here on economics.

This afternoon at 2 o'clock he was to speak on "America at the Cross-Roads," across the street from the new postoffice. At the same time and place tomorrow, he will talk on "A Real New Deal With the Great Common People as the Deniers."

Tonight at the courthouse at 8 o'clock, Mr. Lane will talk on "The Starvation Pathway to Recovery." On Saturday evening he will discuss "Soviet Russia Today—Its Challenge to the Capitalistic World."

Mr. Lane spoke at Wheeler last night. From here he will go to Berger Sunday.

CHURCHES

ST. MATTHEW'S EPISCOPAL. Corner N. Ward and W. Boonings. Sixth Sunday after Trinity. Church school at 9:45. As this is the only service Sunday it is hoped that there will be a large attendance.

No morning service. Newton C. Smith, rector.

FIRST CHRISTIAN CHURCH. John S. Madlen, minister. Corner E. Kingmill and N. Starkweather Streets. "Trees and Chaff" will be the subject of the minister's sermon on Sunday morning. The first Psalm will be the basis for the message. The service which always includes the observance of the Lord's supper will begin at 11 a. m.

Sunday school begins at 9:45 a. m. Christian Endeavor groups meet at 7:15 p. m. Evangelistic service at 8:15. The sermon subject will be: "Does Jesus Have a Message for This Age?" You are cordially invited to attend the services of this church.

CHRISTIAN SCIENCE SOCIETY. 901 North Frost Street. "Sacrament" is the subject of the lesson-sermon which will be read in all churches of Christ, Scientist, on Sunday, July 8.

The Golden Text is: "The bread of God is he which cometh down from heaven, and giveth life unto the world" (John 6:33).

Among the citations which comprise the lesson-sermon is the following from the Bible: "Behold, I stand at the door, and knock; if any man hear my voice, and open the door, I will come in to him, and will sup with him, and he with me" (Revelation 3:20).

The lesson-sermon also includes the following passage from the Christian Science textbook "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Jesus established his church and maintained his mission on a spiritual foundation of Christ-healing. He taught a divine principle, which would cast out error and heal both the sick and the sinning. He claimed no intelligence, action, nor life separate from God. Despite the persecution this brought upon him, he used his divine power to save men both body and soul" (page 136).

Sunday, 11 a. m. Sunday school, 9:30 a. m. Wednesday, 8 p. m., testimonial meeting. Reading room open 1 to 4 p. m. Monday, Wednesday, and Saturday.

CHRISTIAN LITERATURE may be read, borrowed or purchased. The public is invited to attend our services and enjoy the privilege of the reading room.

PRESBYTERIAN CHURCH. Come to Sunday school at 10 a. m. and bring the family with you. Stay to the communion service at 11 o'clock and hear the message "Continued in the Future."

Jesus' message was not always one of love, and of faith, and of hope. Sometimes he had to deal with presumption, sins and here he used severity. We invite you to hear the message at 8 p. m., "The Severity of Jesus."

A. A. Hyde, minister.

MEN'S FELLOWSHIP CLASS. First Baptist Church. We stress the courage of conviction as revealed in the Chronicles of Kings. Please read Second Chronicles 14, 15, and 16. We invite men to meet and enjoy the class hour with us. We meet in our class room in the church at 9:45 at which time we render the following program:

SONG—"It Pays to Serve Jesus." Prayer—H. G. Lawrence. Psalm 27:1-5—Frank Johnson. Song—"The Best Friend Is Jesus." Scripture. Song—"He Will Hold Me Fast." "The Courage and Conviction."—E. G. Link.

CHURCH OF CHRIST. E. Francis at N. Warren. E. C. McKenzie, minister. Weekly Calendar. Sunday. Bible school, 9:45 a. m. Sermon, 11:15 a. m. Lord's supper, 11:45 a. m. Young people's classes, 7:30 p. m. Sermon, 8:30 p. m. Lord's supper (continued), 9:15 p. m.

Tuesday. Ladies' Bible class, 3:30 p. m. Wednesday. Mid-week prayer and praise service 8:30 p. m. Our Goal. The whole church, giving the whole gospel, to the whole world. Our Prayer.

"Let the words of our mouths and the meditations of our hearts be acceptable in thy sight, O Lord, our strength and our redeemer." Tilman B. Pope, an evangelist of wide and successful experience, of Fort Smith, Ark., will preach at the regular meeting Sunday at 11 a. m. and 8:30 p. m. in the city auditorium. The public is cordially invited to attend these services.

FIRST BAPTIST CHURCH. Corner Kingmill and West Streets. The pastor will preach both hours Sunday at 11 a. m. and 8 p. m. Sunday school meets at 9:45 and training service at 6:45. We went considerably beyond \$5,000 in our campaign Sunday to raise money for indebtedness. We will continue our effort for another sixty days. The committee working as well as the entire church are deeply grateful for the response. We have every reason to believe the full amount of \$5,240 will be given. Every Sunday witnesses additions to the church. We welcome them and need them. We want those in our community of our faith to realize the opportunity with us and eagerly anticipate the day when they shall become one of us.

UNCLE TOM'S CABIN IS PLAYING ON TRUCKS IN NEW YORK PARKS

By DALE HARRISON. NEW YORK, July 6. (AP)—The fatch-siring of a famous old dwelling—Uncle Tom's cabin—was out today to the city's unfortunate poor.

The play sat itself down last night in Jefferson park, Harlem, and began the business of making life a little more interesting for men, women and children to whom even crusts of bread are often times problems.

The idea is part of Mayor LaGuardia's "new deal" for those persons on relief rolls and others, hardly better off, to whom the theater is an unattainable luxury.

"Uncle Tom's Cabin" is being done on a portable stage that travels in a truck and becomes, like storybook magic, a theater of lights and sparkling make-believe with hardly more than the tapping of a city electric wire.

The actors, like the audiences, are part of the city's poor; thespians and troopers "at liberty" too long. The men who built the portable stage and who set its scenery and operate its light effects are recruited from relief work rolls, too.

The mayor himself was there last night. His home is nearby. Two thousand persons sat on the park benches which had been arranged before the stage and reserved for the poor.

There is nothing cheap about the performances or the manner of presentation. The trucks, convertible into a stage 30 feet wide and seven feet deep, are prepared at a cost of \$4,500.

The scenic arrangements are by a noted Broadway scenic artist, Clean Throckmorton. The actors are professional and earnest. An amplifier system is used to carry the dialogue throughout the park.

During the summer there will be five companies, using five travelling stages, presenting plays in every borough of the city. Besides "Uncle Tom's Cabin," the plays are: "Little Women," "The Taming of the Shrew," "The Late Christopher Bean," and "Seven Keys to Baldpate."

During the afternoons the theaters are to be available for amateur performances, with talent being recruited in the neighborhoods where the stage is pitched.

Business Men's Bible Class Meeting at City Hall at 9:45 a. m. Things were much improved Sunday morning in the Men's Bible class. Attendance was up and the one class gave \$2,400 in the debt-raising campaign. It was good to be present. We continue our studies in the life of Christ as recorded in the fifteenth chapter of Matthew. A welcome is extended to all who come.

FIRST METHODIST CHURCH. E. Gaston Foote, pastor. Sunday school at 9:45. We have a class for everybody. Come and be with us. At the 11 o'clock hour the Rev. Foote will speak on "Made for Mastery."

A dramatic pre-sermon pantomime "Comfortless Memories" will be presented by the dramatic club of the church at the evening service. The pastor will give a twenty minute sermon, "Memory Lane."

J. O. Gilman will be in charge of the Laymen's Service at the McCullough Memorial Church Sunday night. Through these weekly services we hope to continue a spirit of fellowship and cooperation between the two congregations. That our work will be one in achievement for the kingdom.

Drinks Kill Poisonous Mosquitoes. Mosquitoes suck human blood. To draw it into their bodies they must first bite in by injecting a poison. Thus they introduce germs—cause disease and death. The most relentless of all insects that torture humans, mosquitoes deserve no mercy. Kill mosquitoes, flies and all other filthy, germ laden insects with FLY-TOX.

Insist on the genuine FLY-TOX.

Mrs. Marlow Is Hostess to La Femme Club

Mrs. A. E. Marlow was hostess Thursday afternoon to the La Femme Bridge club at her home.

Miss Minnie Neal was awarded high honors and Mrs. Neil McCracken consolation. An attractive color scheme of green and gold was carried out in all decorations and refreshments.

A salad course and orangeade were served the following: Mmes. I. T. Cordell, C. S. Alexander, W. H. Dennis, Neil McCracken, Miss Minnie Neal, and the hostess, Mrs. Marlow.

Mrs. Neil McCracken will be hostess to the club next Thursday.

3 OUT OF 5 IN FAVOR OF FDR, BALLOT SHOWS

Final Returns Given By Literary Digest

NEW YORK, July 6 (AP)—The final returns on the Literary Digest's poll of public opinion on President Roosevelt's acts and policies on the whole, show today that three out of every five persons approve.

Of the poll taken in 46 states, Vermont was alone in registering disapproval. This opinion was held by 53 per cent of those balloting.

On a ratio basis, the magazine found that President Roosevelt's popularity had increased over the popular vote of 1932 by 3.83 per cent.

The same analysis by the Literary Digest indicated that Mr. Roosevelt had incurred net losses of support among the voters in the poll in 20 states and net gains in the other 26 states.

The bankers voted 13,795 to 12,528 against the general acts and policies of the present.

'Heads Up,' Fred Thompson Urges

President Fred Thompson made an interesting talk before the Kiwanis club today on "Heads Up."

He pointed out that at the time the Declaration of Independence was signed all Americans were considered as "first raters," but at the present time the population could easily be divided into several groups.

Jim Collins, chairman of the program committee announced that in the future the Kiwanis clubs throughout the United States and Canada would make a closer study of economic conditions and work toward bettering them where possible.

500 RIG BUILDERS STRIKE IN TEXAS FOR HIGHER PAY

ALLIED HITS AT FERGUSON IN CAMPAIGN

TEXANS ARE TOLD TO FOLLOW EXAMPLE OF SOONERS

BY R. V. BARRY.
Associated Press Staff Writer.
AUSTIN, July 6 (AP)—Attorney General James V. Allred, who desires to be governor when the state election is held, has drawn an analogy between the incumbent governor of Texas and Chief Executive William H. Murray of the neighboring state of Oklahoma. Oklahoma had a primary election this week and the candidate of the state, Murray's choice was trailing. Allred took occasion to talk about that at Stephenville yesterday and compare that incident with what the Texas governor, Miriam A. Ferguson, and her husband, former Governor James E. Ferguson, are doing. The Ferguson's are advertising the nomination and election of C. C. McDonald of Wichita Falls.

Allred said Oklahoma had set a precedent Texans would do well to follow.

They turned thumbs down on the old honest Ben Murray when he tried to run a candidate down the throats of the people, and the voters of Texas are not going to let a wood-and-water-toter push his crown prince on them either," Allred told his audience. Ferguson has often said he merely carried water and toted wood for the governor at the mansion."

Small Talks.
At Rising Star, state Senator Clint C. Alford of Amarillo pointed out that he was not "essentially a West Texas candidate." He said he was ambitious to serve all sections of Texas impartially. Speaking later at Brownwood, Small again referred to his desire to give his best to "all Texas," and said he had received encouraging reports of his strength in every section of the state.

"From Brownsville to Texarkana my support is growing daily," Small said. "In San Antonio I have been told that the men who are supporting me have a better organization than Sterling had four years ago when he carried Bexar county by a large majority."

"I have tried my dead level best to help this country; I have done my best to represent all of Texas to the very best of my ability."

Hunter Explains Platform.
Tom P. Hunter of Wichita Falls, riding a program that will provide his platform provision that would make state officials who accept a fee from a private individual or corporation subject to imprisonment.

Describing his recovery plan Hunter said "that in order to achieve a program that will provide jobs for the unemployed who are numbered by the many thousands and make possible the rehabilitation of the indigents who are on our relief rolls it is necessary that money be placed in circulation."

"This can be accomplished only by restoration of an easy available credit and the retention to Texas as a buying power, of the profits and proceeds of our national wealth now being siphoned over our border by the special combines of the East," said Hunter.

Mrs. Hughes of Dallas told a San Antonio audience that prohibition should be given the blame for the more than \$4,500,000 deficit in the general fund.

"Too Much Hate."
"Those opposing repeal had rather tax the milk you drink, the bread you eat, and the shoes you wear than tax liquor," Hughes said.

Speaking at Whitesboro, Lieut. Gov. Edgar Witt said "too much hate" has prevented Texas from accomplishing anything through its public officials.

"There always has been a bitter fight in advance of the election of a candidate for governor, and regardless of which side won the other side was down there in the legislature undertaking to block everything the executive wanted," he said.

C. C. McDonald again stressed in a speech at Comanche the need for a universal 6-hour day and a 30-hour week for laborers.

"Only by organization, mass action and by the ballot can the laborers acquire their just rights, a fair deal, a proper division of the profits of industry or a reasonable wage for their toil," McDonald said. "The great concentration of wealth in the gigantic mergers and monopolies during the past decade has rendered individual action of the worker futile. I honestly believe that collective bargaining will prove a greater blessing to those who toil than anything that has been devised during the past many genera-

ASK SALARIES OF \$12 A DAY IN SQUABBLE

SECRETARY PROMISES NO VIOLENCE IN 'VACATION'

LONGVIEW, July 6 (AP)—Five hundred rig builders of the East Texas oil fields remained idle today, awaiting an answer from contractors on their demands for a \$2 daily increase in their pay. They demanded salaries of \$12 a day for rig builders and \$14 a day for "crew pushers."

"We will not make a move until our code agreement is signed and a minimum wage scale established for rig builders," said C. R. Rumbaugh, president of the East Texas chapter of the National Rig Building Contractors' association, said. "We will not hold a meeting to discuss the matter before Tuesday night. We feel no disposition to discuss the matter further with the strikers."

Rumbaugh said the strike followed a break in a compromise reached three weeks ago when the workers agreed to accept the existing wage scale until the rig builders' code, now awaiting action by Secretary Ickes, is signed.

Sam Lawrence, secretary of the association, said there would be no violence, commenting that "we are really on only a little vacation and at the same time demanding a \$2 day pay increase."

A. C. Callahan, secretary of the contractors' group, said "the strikers are making demands it is impossible to meet, under existing conditions, and there is absolutely nothing we can do about it except to wait our equipment."

He added that "they walked out without officially notifying us of their intended action. We at least expected to be shown, this much respect."

MARKET BRIEFS

NEW YORK, July 6 (AP)—The stock market was firm in spots today, but the trading activity was about as dull as that of the preceding sessions. Transfers approximated only 450,000 shares. A number of issues got up fractionally around 2. The metals were inclined to sag. The close was steady.

WOOL MARKET
BOSTON, July 6 (AP)—The Commercial Bulletin will say tomorrow: "The weakness at the opening of the London colonial wool auctions has been more pronounced than had been expected and since the opening prices have shown a still further decline which has argued very convincingly that the condition of financial affairs in Europe and especially in Germany is considerably worse than had been suspected. Brandy bidding has saved the market from utter collapse, but prices are now generally 20 to 25 per cent below the close of the previous sale and sometimes even averaged more than one-third of the local figures."

Prices now quoted from London bring fine wool and tops out of the sale on a parity with domestic wools and have forced the revision of ideas of value on this market, although most top quotations are without material change and wool prices here are nominally quoted without change.

Heavy consignments are reported from Texas, also, at 20 cents advance against 12 months wools.

The piece goods markets are rather dull. It is asserted that there probably would be some fair buying of piece goods were the wool market more stable.

Mohair is rather slow but steady in price.

Quotations: Domestic scoured basis—Texas: Fine 12 months (sealed), 83-85; fine short 12 months 80-82; fine 8 months 75-77.

Mohair—Domestic, good original bag, Texas spring, 45-48 cents; Texas kid, 55-58.

NEW ORLEANS COTTON
NEW ORLEANS, July 6 (AP)—The market became quiet as the morning progressed, but prices rallied slightly from the early dip of 21 points. This rally was due to the map showing that the rains in the west were not as important as at first supposed.

THOMAS ASKS VOTERS TO ELECT LEGISLATORS AND GOVERNOR WHO WILL INSURE 1936 CENTENNIAL

DALLAS, July 6 (AP)—Texas voters were urged here in a statement by Cullen F. Thomas, president of the Texas Centennial commission, to elect a governor and a legislature who will insure a worthy celebration in 1936.

Thomas at the same time revealed that the commission believes a minimum of \$15,000,000 will be required to finance an adequate central celebration. This should be divided three ways, he thinks, with \$5,000,000 being put up by the successful city bidding for the location and equal amounts by the state and federal governments.

"It is the sense of the Centennial commission," said Thomas, "that the people of Texas should awake to the necessity of electing a governor and a legislature pledged to substantial state aid in financing the celebration."

Centennial Governor Next.
"The next governor of Texas will be our Centennial governor. He will be the official host of the people of Texas to countless millions of men, women and children from this country and from beyond its borders who will visit Texas in 1936.

"Cryptic declarations about being friendly to the Centennial on the part of candidates for the legislature are not enough. Texas can not build a Centennial worthy of the name and state without money provided by the government of Texas. Therefore it is absolutely necessary that the voters nominate representatives in the approaching primaries who are wholeheartedly for the Centennial and a governor big enough and brave enough to lead the people in this epochal enterprise for history."

Texas cities and communities have until September 1 to formulate their bids for the location of the central exposition. Dallas, Houston, San Antonio, and Fort Worth have all indicated they will compete for the honor of staging the celebration.

None has indicated how much it will finally offer in its bid, although a committee of Dallas citizens, appearing last week before the city council, showed that this city will bid in earnest.

Dallas to Offer Fair.
Dallas' offer will probably be to turn over the facilities of the State Fairgrounds to the Centennial in 1936. Grounds and buildings there are valued at some figure between \$3,500,000 and \$5,000,000. Dallas will also probably offer another \$1,000,000 in cash and additional land at Fair park.

The federal government's part in the Centennial will be decided probably by the next session of congress. A bill appropriating \$5,000 for the expenses of a committee to determine this point was passed at the last session and Senator Tom Connally, who is chairman, expects to bring the committee to Texas late this summer or early in the fall.

Discoverer of Radium Buried

SCEAUX, France, July 6 (AP)—Mme. Marie Curie was buried today as she had lived, in the utmost simplicity.

There was a 10-minute ceremony without a civil or religious ritual. Her wasted body, which she devoted to science was lowered in a plain oak casket into the same grave with her husband in the least expensive part of the little village cemetery.

Roses were distributed to each of the 25 laboratory associates and 150 friends and scientists who were there when an automobile hearse brought the casket.

The mourners formed a line and each placed a rose on the closed casket in walking by.

Mme. Curie's two daughters, heavily veiled and wearing black, and a son-in-law then, according to French custom, stood nearby and received condolences.

Four of the family's graves are there now: Professor Pierre Curie, husband of Mme. Curie and co-discoverer with her of radium, who was killed when struck by a truck in 1906, and his father and mother, are buried side by side.

Another Striker Shot in Frisco

SAN FRANCISCO, July 6 (AP)—Grim faced national guardsmen, wearing trench helmets and with bayonets fixed, officially took control of the strike troubled San Francisco water front today.

There was a peaceful calm in contrast with the riotous scenes of yesterday in which two men were shot to death, 34 wounded and many beaten, trampled and gassed in fierce clashes with police.

At Oakland, however, Clayton Miner, 27, a striker, was shot thru the abdomen and physicians said he probably would die.

Chester L. Hibbard of Alameda, employed by a steamship company at San Francisco, said he was attacked by four men as he was about to board a train for San Francisco. In the struggle, a weapon which he said he had been carrying because of threats against his life, went off and struck Miner. Miner told physicians he was wounded when a pistol went off accidentally.

Headquarters of the national guard were established in the city's famed Ferry building at the foot of Market street midway in the long lines of piers stretching in a semi-circle along the water front.

WAL DUNN TO PLAY AGAIN IN PLA-MOR DANCE

The regular Saturday night dances will be held tomorrow night at the Pla-Mor auditorium with Wal Dunn and his orchestra furnishing the music.

18,654 Wards in Institutions Cost Texas \$222 Each

AUSTIN, July 6 (AP)—Texas spent \$222.54 each to care for 18,654 wards in its 19 eleemosynary institutions during the preceding fiscal year, the state board of control has reported.

One employe, whose average monthly salary was \$57.03, was on duty for every 6.88 inmates. Employees numbered 2,511.

To care for its wards the state spent \$3,788,541.13 during the fiscal year including \$511,496.51 for construction. The average monthly payroll was \$143,208.94. Local funds expended through the state treasury totaled \$76,994.52 and expenditures of local funds handled by the institutions amounted to \$42,324.24.

Patients in Galveston state psychopathic hospital cost Texas \$1,178.60 each during the fiscal year, the highest per capita cost incurred at any institution. An average of 69 were on the hospital's rolls each month but only 51 were present. There were 29 employes, one for each 1.79 patients enrolled.

Wichita Falls state hospital treated its patients at the lowest per capita cost, \$169.80. Each month there was an average of 1,938 inmates in the hospital. The next two institutions with low per capita maintenance costs were the Terrell state hospital with \$17.39 for each of its 2,134 patients present each month and San Antonio state hospital, \$183.24 with a monthly average of 2,379 inmates.

The average number of patients present each month and the per capita cost of maintenance at other institutions were: Confederate men's home, Austin, 170, \$571.58; Confederate women's home, Austin, 86, \$556; school for the blind, Austin, 215, \$424.28; school for the deaf, Austin, 506, \$362.16; colored deaf, dumb and blind institution, Austin, 215, \$246.08; state orphan's home, Corsicana, 881, \$202.88; home for dependent and neglected children, Waco, 336, \$237.27; girls' training school, Gainesville, 228, \$307.11; juvenile (boys) training school, Gatesville, 823, \$200.54; Austin State school, 1,105, \$207.54; Rusk state hospital, 1,824, \$186.91; Austin state hospital, 2,088, \$204.33; Abilene state hospital, 1,015, \$240.01; tuberculosis sanatorium, Carlsbad, 694, \$432.65; and state colored orphan's home, Gilmer, 94, \$191.78.

LONDON PUTS NEW WORDS TO OLD BRIDGE SONG

LONDON (AP)—They're singing an old tune in London with new words: "Waterloo bridge is coming down."

Balked by parliament from receiving any government aid, the socialist-controlled London county council has decided nevertheless to go through with its plan to replace the old bridge with a six-traffic-lane structure costing \$6,475,000.

Waterloo bridge, 9-arched stone span, is the oldest now standing within London, having been opened in 1817. Sinking of foundations has distorted several arches, and wooden supports have been installed temporarily.

MACHINE AGE IN IOWA NOTHING TO OX DRIVER

WHITING, Ia., July 6 (AP)—In the heart of Iowa's wheat belt, where tractors drone, the ox team of E. C. Dowden, farmer west of here, is a familiar sight.

Dowden plows and plants his corn and harvests his grain with his team of oxen, harnessed with a wooden hand-made yoke.

With his team he delivers cream and eggs to Whiting grocers, un hitching the animals when he reaches town and letting them graze while he does his shopping.

BROTHERS DIE IN ARIZONA'S GAS CHAMBER

EXECUTED FOR MURDER OF PROSPECTOR IN HOLDUP

STATE PRISON FLORENCE, Ariz., July 6 (AP)—Two brothers, Manuel, 18, and Fred Hernandez, 19, paid with their lives at 5:12 a. m. today in Arizona's lethal gas chamber for the murder of Charles Washburn, aged prospector of Needles, Calif., in a holdup near Casa Grande, Ariz., in which \$25 was obtained.

The boys were brought into the death box about 4:55 a. m., and started breathing the deadly cyanide fumes at 5:00 a. m. Two minutes later, Fred was pronounced dead. A minute later Manuel was dead.

Forty witnesses were ordered out of the space surrounding the death chamber before either of the prisoners had taken a deep breath of the fumes. Officials said gas was leaking from the box. The witnesses filed out in an orderly manner and none was effected by the escaping fumes.

None of the witnesses was present when the boys were led from their death cells upon the iron stairs to the chamber, where they were seated in a double chair and strapped to it side-by-side. Manuel's voice, shouting Spanish vehemently, could be heard.

Fred's head was bowed on his chest and his lips were moving, apparently in prayer.

As the boys waited for a string to be cut outside the chamber which would drop a mesh bag containing 15 deadly pills into an acid mixture to create the lethal fumes, they turned toward each other and their lips moved.

The execution marked the first infliction of the death penalty by lethal gas in Arizona and the first double execution by this method in the United States.

In one of their last acts they issued a "note of warning" to other youths—"stay away from liquor and other evil things."

Last night they feasted and said goodbye to the 18 other members of their family, laughing, joking, and praying with older members in the outer court while their 12 younger brothers and sisters wept on the grass.

It was not until after midnight that Manuel learned that his last minute confession had failed to save his brother's life and their final appeals had failed. Fred listened as Attorney Fred G. Richardson told Manuel there was no hope. But Fred did not learn until the brothers were alone in the darkness of their cells, for he did not understand English.

Diamond Shop's Sale Greatest of Store's History

Described as the greatest sale since the store opened eight years ago is that of the Diamond shop, described in yesterday's large advertisement of unusual value.

The sale is store-wide and includes every line handled by the firm.

Within a short time, San Ferguson, owner and manager of the store, will go eastward to purchase merchandise for the good fall business expected.

This current sale will clear shelf space for the new merchandise.

But Insull said he had "enough enemies," and moved.

International Sunday School Lesson

BY DR. J. E. NUNN

General Topic: Asa Relies on God.

Scripture Lesson: 2 Chron. 15:1-12.

1. And the Spirit of God came upon Azariah the son of Oded:

2. And he went out to meet Asa, and said unto him, Hear ye me, Asa, and all Judah and Benjamin: Jehovah is with you, while ye are with him; and if ye seek him, he will be found of you; but if ye forsake him, he will forsake you.

3. Now for a long season Israel was without the true God, and without a teaching priest, and without law;

4. But when in their distress they turned unto Jehovah, the God of Israel, and sought him, he was found of them.

5. And in those times there was no peace to him that went out, nor to him that came in; but great vexations were upon all the inhabitants of the lands.

6. And they were broken in pieces, nation against nation, and city against city; for God did vex them with all adversity.

7. But ye strong, and let not your hands be slack; for your work shall be rewarded.

8. And when Asa heard these words, and the prophecy of Oded the prophet, he took courage, and put away the abominations out of all the land of Judah and Benjamin, and out of the cities which he had taken from the hill-country of Ephraim; and he renewed the altar of Jehovah, that was before the porch of Jehovah.

9. And he gathered all Judah and Benjamin, and them that sojourned with them out of Ephraim and Manasseh, and out of Simeon; for they fell to him out of Israel in abundance, when they saw that Jehovah his God was with him.

10. So they gathered themselves together at Jerusalem in the third month, in the fifteenth year of the reign of Asa.

11. And they sacrificed unto Jehovah in that day, of the spoil which they had brought, seven hundred oxen and seven thousand sheep.

12. And they entered into the covenant to seek Jehovah, the God of their fathers, with all their heart and with all their soul;

Golden Text—The Lord is my helper; I will not fear: What shall man do unto me?—Heb. 13:6.

Time: Abijah's reign, B. C. 965-963; Asa's reign, B. C. 963-922.

Place: Jerusalem, the capital of Judah.

Parallel Passage—I Kings 15.

Introduction
Asa was the grandson of Rehoboam whose folly precipitated the disruption of the Hebrew monarchy.

Fred listened as Attorney Fred G. Richardson told Manuel there was no hope. But Fred did not learn until the brothers were alone in the darkness of their cells, for he did not understand English.

The personal piety of the young king became evident upon his accession to the throne at about twenty years of age. He was determined to do but actually did "that which was good and right in the eyes of Jehovah his God."

Only four of the kings of Judah were really good—Asa, Jehoshaphat, Hezekiah and Josiah.

Ten Years of Peace
The first ten years of Asa's reign were years of peace. Doubtless, they were years of the king's minority; if so, he had good advisers and had the sense to follow their leadership.

We are told that he did what was good and right in God's sight and that he commanded his people to seek God and to carry out his commands. Likewise, he removed all of the physical evidences of heathen worship which were numerous in Judah, "and the kingdom was quiet before him."

"And they entered into the covenant." "Covenant" is one of the greatest words of the Bible. The Holy Bible is divided into two parts, the Old and New Testaments, or Testaments. The old covenant is the agreement made between God and Abraham and his posterity, by which they promised to obey God and he in turn promised to care for them and protect them. This covenant was the basis of all the ancient worship of the Hebrews. The new covenant was that which God made with mankind through the sacrifice of his Son, abolishing all the sacrifices of the old covenant, and promising forgiveness of sins to all who approached God trusting in Christ and his atonement.

"To seek Jehovah, the God of their fathers with all their heart and with all their soul." It was to be no halfway covenant, but a complete

turning from idols, an entire surrender to God.

Conserving Victory
It is one thing to accept victory at the hands of Jehovah; it is quite another thing to use it. As Asa was returning from the victory over the vast Egyptian army, Azariah, led by the Spirit of God, went out to meet him. The prophet brought words of wisdom and caution and exhortation. He told Asa and the nation that the Lord was with them and would be as long as they were with him and continued to seek him; he reviewed the condition of Israel without God, and exhorted them to be strong, assuring them of ample reward. Although fresh from a great triumph in arms in which a weaker king would have found pride and conceit, this fine young king heeded the words of the man of God and proceeded to profit by them.

Asa Slips
We do not believe that Asa ever lost the consciousness of his faith in God, in the face of his successes he would have been more than man if he had not become a bit self-reliant. From here on he set his heart to the neglect of God and brings a cloud over his otherwise brilliant reign. In the face of a threatened invasion, Asa forgot how he had won his former victory and proceeded to take the silver and gold stored up in the Temple and in the palace and offer it to Benhadad of Syria as a bribe to renew the alliance that he had had with Judah. His effort was successful; Benhadad was won over and, with his assistance, Asa defeated his powerful enemy.

The Clouded Days
It's too bad that a brilliant reign like this had to go down under a cloud; but so it did. Hanani the seer rebuked Asa for relying upon the king of Syria instead of upon God, reminding him of the great victory over Zerah and accusing him of acting foolishly. Asa got angry and put the prophet in prison and oppressed others at the same time. The king was clearly not at himself.

In the thirty-ninth year of his reign, Asa was afflicted with something like gout and suffered terribly for some two years, trusting entirely in the physicians of his day instead of calling on God to heal him. When the end came he was buried in a tomb prepared by himself in Jerusalem. His funeral took on something of an Egyptian ceremony when he was laid on a bed of spices and burned at his burial a quantity of costly spices and perfumes.

Gold in the Golden Text
The Lord is my helper; I will not fear: What shall man do unto me?—Hebrews 13:6.

The only helper who can help always and everywhere is God. He helps in the time of trial. He helps in the time of trouble. He helps in the time of triumph. There is no other Helper for the whole man or the whole of mankind for time and eternity.

To secure help from God we must, like Asa, rely on God. We must depend on him as the child depends on his parents. We must cling to him as the trolley lags hold on the wire to receive power from the central dynamo. We must be united to him as the branch is united to the vine before it can bear fruit.

If God helps, how can man hinder? If he lifts up, who can drag down? If he saves, what man or demon can destroy? When therefore he says, "Be not afraid," let each of us answer, "I will not fear."

In times of depression, the Romans, following the example of other ancient nations, reduced the amount of gold and silver in their coins without lowering the face value.

Romance

Speedy on the matrimonial runway as well as on the track, Glenn Cunningham, holder of the world mile run record, soon will march to the altar with Miss Margaret Speer, shown here with him, say his college friends. Both were graduated from Kansas university this spring. Rumor says the wedding will be in Milwaukee.

SELF-COOLED MAN
MURRAY, Ky. — Everywhere James Sanders goes this hot weather, a breeze is sure to blow.

Sanders, whose home is in Oran, Mo., comes to his summer school classes at Murray State Teachers college carrying a small electric fan and plenty of extension wire.

A. N. Dille left Thursday for a business trip to Dallas.

THREE HUNDRED YEARS AGO FRENCHMAN LANDED IN THIS COUNTRY, SAID "TIS CHINA"

GREEN BAY, Wis., July 6. — was just 300 years ago this summer that an adventurous Frenchman named Jean Nicolet beached his canoe on the shore of Green Bay, fired two pistols in the air and proclaimed his arrival in China.

On the very spot where Nicolet stood then in his somewhat mistaken glory, Green Bay and Wisconsin will celebrate their tercentenary this summer. Michigan will mark the occasion with celebrations at Sault Ste. Marie, St. Ignace and Mackinac Island.

President Roosevelt has accepted an invitation to visit the 10-acre park which has been constructed for the jubilee on the site near the city of Green Bay where the Winnebago Indians scurried for the forests when Nicolet fired his salute.

Green Bay, over which has fluttered the flags of 11 nations, states and territories, also has extended invitations to the French and Belgian ambassadors and the Governor-general of Canada.

The fact that Nicolet had China in mind doesn't diminish the enthusiasm with which Green Bay proclaims itself the only American community west of Philadelphia which has a 300-year history.

Deplet The Arrival
Half a million visitors are expected at the celebration which will continue from July to September. A cast of 1,000 persons and a symphonic orchestra will present a pageant depicting Nicolet's arrival.

Populated by white men almost continuously since the French explorer landed in 1634, Green Bay was a busy trading post before sea-board colonists knew what lay 50

miles inland. John Jacob Astor amassed part of his fortune there and gave the city some of its parks and school sites.

Here was the first mission in the northwest of the Jesuits; here was the first border fort in that section, the first newspaper, governmental land office and the first political meetings.

From here went out the first teachers and settlers—and Solomon Jumeau to found Milwaukee in what was then wilderness.

Opened Rich Country
Colorful tribute will be paid to Nicolet, whom historians now credit with opening up that rich trading country—Wisconsin, Michigan, Indiana, Illinois and Ohio.

Nicolet came to New France in 1618 and was sent by Governor Champlain to his famous farm for explorers, "Isle des Allouettes" on the Ottawa river. There he puffed peace pipes and followed forest trails with the Algonquins and the Nipissings and Hurons. He was young, with a burning desire to discover new lands.

Then, with Champlain's blessing, Nicolet left Quebec and set out for "China" one summer day in 1634. He had heard tales of the Winnebago Indians at Green Bay, and he assumed them to be Chinese and Japanese traders. He thought the Sioux, who had no beards, were Chinese mandarins.

At Lake Simcoe he picked up some Huron braves and paddled up the North Channel to Sault Ste. Marie. Instead of crossing the rapids and continuing up St. Mary's river, Nicolet headed south. Thus he found Lake Michigan instead of Lake Superior.

Nicolet drowned in the St. Lawrence river in 1641.

Every parent knows how important wholesome, nutritious food is to the growth and health of children especially during the hot summer months. That's why we sell honest foods, honestly. That's why our meat is absolutely fresh and good. And that goes for fish and vegetables, bread and butter, eggs and milk. That's why hundreds of women wouldn't think of buying their groceries anywhere else but here. They know they can depend on what we say about our foods — how we mark our foods — For after all, your health is our responsibility, too.

INQUIRIES ON HOUSING PLAN ARE RECEIVED

TO ANSWER QUESTIONS WHEN ORGANIZATION IS COMPLETED

WASHINGTON, July 5 (AP)—Inquiries on the operation of the administration housing program poured in today upon government officials but were filed away pending organization of the unit which will administer the law.

James A. Moffett, housing administrator, not only had to locate a staff but find quarters in which to locate it.

One of the most frequent questions asked was what security a home owner would have to furnish to obtain a loan to remodel or renovate his house.

Some inquirers suggested that in backing a loan of \$1,500 for instance, to a home owner who already had a \$5,000 mortgage the government would in effect be into the second mortgage business.

Administration officials who helped frame the law said it did not require the home owner to furnish any security on such loans, but they would be made only after a thorough investigation of the credit standing of the borrower.

Denying this in any way put the government into the second mortgage business or required financial institutions to handle second mortgages, officials said commercial paper representing this type of loan come through the depression with a higher credit standing than almost any other kind.

It was proposed, they said, to make the loans without security on the basis of the borrower's earning power, in order to reduce the cost of the transactions, but that if the individual lender wanted security in a particular instance the housing administrator could permit him to demand it.

Wins Prize

Edna M. Gardner, a Washington, D. C., nurse, didn't get that trophy she's holding for winning the women's air race at Roosevelt Field, New York, until a two-hour argument was settled between judges and contestants. You see, some of the girls flew 40 miles instead of 30 by mistake. Anyway Edna got the trophy and \$500 cash prize.

scribed, and also in renewal and extension of the sum of \$936.00 due and owing to the State of Texas on section No. 66 of said land.

Plaintiff alleges further that the said defendants, Geo. P. Colebank and wife, Clara Colebank, executed to Andrew Kingkade as trustee, contemporaneously with the execution and delivery of said bonds, a deed of trust covering the following described real estate situated in Gray County, Texas, to-wit: All of sections sixty-five and sixty-six, in block 25, of the H&GN Ry. Co. surveys, to secure said Oklahoma Farm Mortgage Company, and the legal holder of said bonds, in the payment thereof, according to their terms, which said deed of trust is duly recorded in the Deed of Trust Records of Gray County, Texas, in Vol. 9, pages 506 to 507, and that by instrument duly recorded in Vol. 10, page 365, of the Deed of Trust Records of Gray County, Texas, said Oklahoma Farm Mortgage Company, for value received, duly transferred, assigned, and delivered said bonds and the deed of trust securing the same to Sterling Fire Insurance Company, a corporation of Marion County, Indiana; thereafter, by instrument dated May 7, 1927, and recorded in Vol. 35, page 349, of the Deed Records of Gray County, Texas, said Sterling Fire Insurance Company, acting by and through its receiver, Edwin Steers, thereto duly authorized, for value received, duly transferred, assigned, and delivered said bonds and the deed of trust securing the same to plaintiff.

Plaintiff also alleges that he is now the legal owner and holder of said bonds and the deed of trust securing same, and that by virtue of the transfers above described said defendants, Geo. P. Colebank and wife, Clara Colebank, became bound and obligated to pay to plaintiff the full amount of said bonds in accordance with their terms. Plaintiff also alleges that by warranty deed dated June 4, 1926, recorded in Vol. 29, page 568 of the Deed Records of Gray County, Texas, the above described property was conveyed by E. E. Masterman and wife, Jennie H. Masterman, C. C. Chandler and wife, Alice T. Chandler, and George Theis, Jr., and wife, Jennie E. Theis, to the defendant, J. S. Morse, and in said deed said defendant assumed payment of said bonds, and thereby became obligated to pay to the legal holder thereof the full amount then due thereon.

Plaintiff also alleges that by warranty deed dated July 16, 1926, and recorded in Vol. 30, page 509 of the Deed Records of Gray County, Texas, said defendant, J. S. Morse, and wife, M. E. Morse, conveyed all of said section 65 above described to defendants, L. L. Morse and Geo. P. Colebank and that in said deed said defendants, L. L. Morse and Geo. P. Colebank assumed the payment of two-thirds, or the sum of \$6,666.66 of the aggregate amount of said bonds.

The principal of said bond No. 2-12229 has a credit of \$187.50 heretofore paid on same, and the interest on all of said bonds has been paid to and including July 13, 1931, and the sum of \$577.87 has been paid on the interest due on said bonds since said date; that all of said bonds, both principal and interest, with the exception of the credits above set out are long past due and unpaid, and that although demanded to do so the defendants, Geo. P. Colebank and wife, Clara Colebank, J. S. Morse and L. L. Morse, have failed and refused to still fail and refuse to pay the amount of said bonds principal and interest to plaintiff's damage in the sum of \$10,500.00.

Plaintiff further alleges that said deed of trust provides for an attorney's fee of \$1,000.00, and that by reason of the failure and refusal of said defendants to pay said bonds, plaintiff has placed same in the hands of his attorneys and contracted and agreed to pay them the sum of \$1,000.00 for bringing this suit, to plaintiff's additional damage in the said sum of \$1,000.00.

interests and liens of plaintiff therein and thereon. Plaintiff prays for judgment against the defendants, Geo. P. Colebank and wife, Clara Colebank, and J. S. Morse, jointly and severally, for the amount now due and owing upon said bonds, principal, interest, and attorney's fees, together with all costs of this suit; for judgment against the defendant, L. L. Morse for two-thirds of the full amount now due and owing on said bonds, together with all costs of this suit, jointly and severally with said defendants, Geo. P. Colebank and wife, Clara Colebank, and J. S. Morse; plaintiff further prays for judgment against each and all of the defendants in this cause for a foreclosure of his lien and upon the above described property, that same be ordered sold as under execution in satisfaction of his said judgment against the said Geo. P. Colebank and wife, Clara Colebank, J. S. Morse and L. L. Morse, that the officer executing said order of sale place the purchaser of said property so sold in possession thereof within thirty days after the date of sale. Plaintiff also prays for further relief, general or special, to which he may be entitled.

Herein fail not but have before said court, at its next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and seal of said court, at office in Pampa, Texas, this 29th day of June, A. D. 1934. (SEAL) FRANK HILL, Clerk, District Court, Gray County, Texas. By JEAN RAGSDALE, Deputy. (June 29—July 6-13-20)
