### PLANE IS ONE MOLLISON AND WIFE WRECKED

### CRACKED UP IN 1933 ON SAME BEACH IN ONTARIO

WASAGA BEACH, Ont., Aug. 8 (AP)—James Ayling and Leonard Reid took off at dawn today in an attempt to fly non-stop to Baghdad, Iraq, and break the world's long distance flight record. The heavily-loaded plane ran a mile and a half down the beach before soaring away at 6:12 a. m. (EST) to the east.

Ahead was the dangerous north Atlantic hop, the biggest hazard along the 6,500-mile route to Baghdad.

The plane, "The Trail of the Caribou," is the same one in which Captain James Mollison and his wife, Amy, British fliers, attempted to take off from the same beach last year on a long distance flight, only to crack up at the start.

The fliers have been prepared for the grueling test for months. Cross winds halted an attempt on July 24.

It is surprising that from Central Canada instead of from Harbor Grace, Nfld., where most west-east transatlantic hops have been inaugurated.

Six hundred gallons of gasoline was aboard the plane and food enough to last for several days. It included sandwiches, pork and beans, hard boiled eggs, coffee, orange juice, apples, tomatoes, butter, marmalade, and bread.

Reid, 36, is a native of Canada. He has worked for an airplane company in this country and in England. Ayling is 29 and flew for several years in the British royal air force.

The plane was overloaded by 2,750 pounds, more than a ton and a quarter. It started off at a speed of about 110 miles an hour but will taper down to about 80 miles an hour if she near Baghdad.

### Well On Webb Is Making 186 Barrels Daily

BY GEORGE L. GUTHRIE,  
Consulting Geologist, Combs-Worley Bldg.

There was only one completion filed today, the Skelly No. 9 Webb in section 61, block 25, H&GN survey, averaged 186 barrels daily on railroad commission test. The total flow was 2480 and the days from 2325 to 61 and 2405 to 60.

Another well in Gray county that is nearing completion is the British-American No. 8 Phillips in section 127, block 3, I&GN, which swabbed 347 barrels in 24 hours.

The Kewanee Oil & Gas company's No. 6 Smith in section 149, block 3, I&GN, swabbed 12 barrels an hour and is now cleaning out.

Parton & Holt No. 1 Chapman in section 49, block A-9, is drilling at 2835 with 275 feet of oil in the hole.

Hutchinson County. There are three wells in the pay in this county. The Phillips Petroleum company's No. 3 Lombard in section 3, block M-21, got the pay from 2895 to 2912 and shot with 80 quarts. It is swabbing 54 barrels an hour.

The Texas company's No. 4 A. Garner in section 20, block M-21, is bottomed at 3020 and swabbed 69 barrels in 16 hours from the pays at 2930-57 and 2965-76.

The Berger Oil company's No. 6 Lewis in section 8, block 25, shot the pay from 2860 to 2978 with 330 quarts and is cleaning out.

Wheeler County. The Bell Oil & Gas company's No. 4 DeSpain in section 52, block 24, H&GN, is cleaning out at 2480 with the pay from 2860 to 2978. It was shot with 69 quarts and has 900 feet of oil in the hole.

The Elbar corporation's No. 3 Noel in section 54, block 24, was bottomed at 2449 with the pay from 2430 to 2447 and swabbed 180 barrels in 18 hours.

Mr. and Mrs. Clyde Carruth, Mmes. E. R. Sunkel, N. B. Cude, and E. A. Shackleton returned Monday morning from College Station and Galveston, where they attended the annual state farm short course.

### Mayor Bratton Proclaims Ball Tourney Week

On August 9 to 19 the City of Pampa will enjoy its first baseball tournament, which is being sponsored by the Junior chamber of commerce. Pampa will be host to many out-of-town baseball clubs from Oklahoma, Kansas, New Mexico, Colorado and Texas.

For Pampa to uphold her reputation as a sports loving city and have this reputation carried back to the several states represented, we should all give this tournament our whole-hearted support.

Therefore, it is a pleasure for me as Mayor of the City of Pampa, to endorse August 9 to 19 as baseball tournament days, and ask the co-operation of all sports loving people in making this tournament a success. In testimony whereof, I have signed my name this 7th day of August, 1934.

W. A. BRATTON.

### HUNTER, ALLRED CLASH ON TAX REFORM ISSUES

### Effect Of Abolishing Ad Valorem Tax Discussed

By The Associated Press.

Tax reforms advocated by Tom F. Hunter bore the brunt of the gubernatorial campaign Tuesday night as he sought support of his theories at Amarillo and his opponent, James V. Allred, denounced them at Stephenville.

"You must not lose sight of the tax issues," Hunter declared. "Through the recent campaign Allred committed himself against any new tax levy, or the increase of any present levy, thus bidding for the financial support of the big interests."

"He cries that the abolition of the ad valorem tax as a part of the Tom Hunter plan would relieve oil, utility and sulphur of a part of that tax burden. He refuses to understand that the levy of the net earnings tax that I propose as a substitute for the state ad valorem tax would reach these very combines in a greatly increased ratio for the relief of the real estate owner."

Allred demanded that his opponent state his position on the tax issues.

See POLITICS, Page 5.

### LATE ENTRIES ARE EXPECTED BY COMMITTEE

### TOURNAMENTS NOW IN PROGRESS TO DELAY CLUBS' ARRIVAL

Pampa's big baseball tournament will begin tomorrow afternoon at Road Runner park as scheduled. The first ball will be tossed over the plate at 1:30 o'clock by Mayor W. A. Bratton and then two teams will battle to see which will break into the win column. A second game will start immediately following the initial encounter. The third game of the tournament will be called at 8:30 o'clock tomorrow night.

Because of a slight error in the printing of the rules of the tournament, teams that will play the opening day's schedule will not be decided until 8 o'clock tonight when team managers will meet. The tournament management will then map out a schedule and games for the following three days will be re-allocated tomorrow.

Admission to games will be 15 cents for children, 25 cents for women and 40 cents for men. That scale of admission will be carried out with no increase for Sunday or final games.

Teams with forfeit checks already received or in the mail are:

- 1—Pampa Road Runners.
- 2—Phillips '66' of Borger.
- 3—Abernathy-Roswell.
- 4—Coltoso of LeFors.
- 5—Pampa Indians.
- 6—Huber Carbon of Borger.
- 7—Amarillo West Texans.
- 8—Canadian.
- 9—Pampa Consumers.
- 10—Amarillo Merchants.
- 11—El Reno, Okla.

Other teams are still considering entering and it may be that other teams will be in the tournament by drawing time tonight.

Interest in the Pampa Invitation baseball tournament which starts tomorrow is soaring. This morning a representative of the Maddox Brothers company called on Manager Roy Bourland and asked how many games would be during the tournament. When informed that at least 20 games would be staged, the man purchased 20 tickets.

Amarillo's lineup brings back memories of 1928 and 1929 when rivalry between Pampa and Amarillo was at its height.

See BASEBALL, Page 3.

### Legally, Quintuplets Have Four Fathers Now

FOUR FATHERS—Legally, the Dionne quintuplets now have four fathers, appointed as their guardians by the Ontario government. Left to right, they are Kenneth Morrison, Callander merchant and old friend of the Dionne family; Dr. A. R. Dafoe, the physician who took charge of the multiple birth; Oliver Dionne, the quintuplets' grandfather, and W. H. Alderson of the Canadian Red Cross.

Right of the center is that of the Rev. Daniel Routhier, parish priest and advisor to the Dionnes. The stony ground in the farm yard in the foreground gives a clue to the difficulties that go with farming in this district, where Dionne has been able to make only a bare living. It is on the edge of heavily-wooded country, and is not highly productive land. The above photo tells the story at a glance.

### Cotton Up \$2.00 Per Bale

Crop Of 9,195,000 Bales Of Lint, Shortest Since 1896, Except 1921, Is Forecast.

NEW ORLEANS, Aug. 8 (AP)—Cotton prices responded to the government production forecast of 9,195,000 bales today with a spurt of \$2 to \$2.40 a bale over yesterday's closing quotations.

The forecast was some 300,000 bales less than the average advance guess by the trade, and active buying sent October contracts to 13 1/2 and December to 13 7/8 within five minutes after the bureau figure was posted.

WASHINGTON, Aug. 8 (AP)—A cotton crop of 9,195,000 bales, the shortest since 1896 with the single exception of 1921, was predicted for 1934 today by the department of agriculture.

The probable crop is 3,852,000 bales less than last year's and 5,400,000 bales less than the average production during the 5-year period 1928-32. The 1921 crop fell below 8,000,000 bales.

Condition of the crop on August 1 was reported at 60.4 per cent of normal, compared with 74.2 per cent a year ago and with a 10-year average of 67.7 per cent.

The yield per acre was estimated at 160.9 pounds, or about 9 pounds less than the average during the years 1923-32. The indicated yield per acre was above average in all major states east of the Mississippi river but below in all major states west of it.

### Hope Held For Clinton Evans

Condition of Clinton Evans, son of Mr. and Mrs. E. C. Evans, remained unchanged last night following another brain operation yesterday at Amarillo by a Dallas specialist.

A brain abscess was removed and the 17-year-old Pampa youth was given a 50-50 chance to recover. It is believed that the trouble originated in a fall of several years ago. Physicians were very hopeful today.

Mrs. Clarence Kennedy underwent a serious operation at Pampa hospital this morning. Her condition this afternoon was reported favorable.

### MARVIN JONES WILL DELIVER MAIN ADDRESS

### HUNDREDS OF VISITORS ARE EXPECTED TO ATTEND EVENT

Congressman Marvin Jones tonight will dedicate the new Pampa postoffice building and open the doors to admit, for the first time, the visitors to go behind the lobby partition.

Pampa firemen will rope off the street in front of the post office and will also form lines inside the building through which visitors will pass. The entire ceremony will not last more than an hour.

A summer school band will play to open the ceremony at 7 p. m. The Rev. James Todd Jr. will give the invocation. Mayor W. A. Bratton will extend a welcome to out-of-town folk, then Postmaster D. E. Cecil will introduce guests and the speakers. Talks will be made by F. L. Clappitt of Austin, postal inspector in charge of this area, by Congressman Marvin Jones and, possibly, briefly, by other visitors.

Roscoe P. DeWitt of the Dallas architectural firm of DeWitt and Washburn will be present. M. R. Johnson of Amarillo, postoffice inspector, will be another guest.

Those to be introduced will include W. R. Walker, building superintendent for the construction company of Detroit, and W. H. Olmsted, construction engineer who has represented the treasury department during erection of the structure.

The benediction will be given by the Rev. A. A. Hyde, after which the band will play as Congressman Jones opens the doors to the building. A free baseball game at Road Runner park will be offered as entertainment to visitors and local people alike after the postoffice is viewed. The game will start at 8:30 o'clock with the Colleen nine of LeFors as the opposition.

In speaking of the occasion, Postmaster Cecil said he wished to thank all who have helped with arrangements. He especially mentioned the Board of City Development and Junior chamber of commerce.

The NEWS for Sunday's special edition for the advertising trips, and the Rex Electric shop for special lighting.

Yesterday 16 carloads of Pampans, including the children's band, made a tour of White Deer, Panhandle, Groom, Alameda, McLean, Shamrock, Wheeler, Mobeetie, and LeFors, receiving a fine welcome at each town. Lunch was eaten at McLean, where a number of trippers were guests of the Lions club.

More than 600 persons, mostly out-of-town visitors, were guests of La Nora theater this morning. Blotters telling about the postoffice dedication and baseball tournament and admitting holders to the free movie were distributed by the motorcade trippers Monday and Tuesday. The picture was "Love Birds," a rollicking comedy with Zasu Pitts and Slim Summerville.

### HOUSEHOLD GOODS NEEDED

A mattress and spring and other household goods are badly needed by the Gray County Relief board for a family in dire circumstances. Mrs. Olive Davis, administrator said today. Persons who will donate the articles of furniture are asked to call her at 364 as soon as possible.

### COTTON PAYMENTS

WASHINGTON, Aug. 8 (AP)—Payments to farmers in the 1934 cotton adjustment program total \$34,601,288 as of August 1, the farm administration has announced.

### Lester And Tampke Going To Lubbock

J. L. Lester and A. A. Tampke, teachers of vocational agriculture, respectively will leave early tomorrow for Lubbock to attend a one-day agricultural leaders' meeting at Texas Technological college.

They can furnish transportation for two or three others. Mr. Lester said anyone who is interested in making the trip is asked to call him at 529 today. They will leave early in the morning, to arrive in Lubbock by the opening of the meeting at 10 o'clock.

### PAMPAN'S FATHER DIES

OKLAHOMA CITY, Aug. 8 (AP)—T. G. Watson, 65, former city inspector at Wichita Falls, Texas, died here last night after he had been found with his wrists slashed at the home of a son. A note found said he was tired of living. Watson's widow lives at Lexington, Miss. Six sons are Wesley Watson, San Antonio, Texas; John Watson, Colorado, Texas; Coleman Watson, Pampa, Texas; Thomas and Chas. Watson, Honduras, Central America, and Harry Watson, Oklahoma City.

## DOES BEST AS FORGIVING FRIEND

There is something tragically revealing about the plaint of that Oklahoma gentleman whose son is being held in connection with the death of a University of Oklahoma co-ed.

"I was a stern, strict father," says this man. "I told my boys I expected them to stay out of trouble. I see my mistake now. I should have told them to do everything possible to avoid trouble, but if they got in trouble to come first to me."

In this simple and pathetic statement we have a repetition of the cry that parents have been making for generation after generation—a cry born of the wisdom which heartbreak brings too late.

Over and over again sorrowing human beings have had to learn by bitter experience that there can be no substitute for sympathetic and comradely understanding.

Youth needs wise advice and it needs intelligent discipline; but most of all it needs that taken-for-granted fellowship which is the final refuge when advice has been ignored and discipline has been flouted.

A man has a son, and he would give his very soul to bring the youngster safely past the myriad pitfalls that lie along youth's path. He tells the boy, as clearly as he can, what those pitfalls are, and how they can be avoided, and he lets the young man see how greatly father relies on son to get by them unharmed.

But, because youth is youth, every now and then some youngster comes to grief. And when he sees what he has done, and thinks of the blow that knowledge of it will be to his father, he is appalled; and he says something like this:

"I am in a jam, and if I tell my father he will be heart-broken; or he will be scornful because I have not had the strength to do as he advised me to do. So I will say nothing, and I will try to get myself out of this fix before he finds out what has happened."

And then, all too often, fumbling and panic-stricken youth simply makes a bad matter infinitely worse, and brings the world, at last, down about his ears, and spoils things beyond fixing.

Being a parent brings a person many grave responsibilities. But none is greater than this: To keep, always, above the disciplinarian and the advisor, a friend whose forgiveness and understanding are beyond measure.

For youth will make mistakes in spite of all we do. When that happens the parent's real job begins.

## Oklahoma Peace Officers Shot

Two officers were shot and seriously wounded today at Oak Hill, 10 miles north of here, while attempting to arrest a suspected automobile thief.

The officers, Constable W. D. Wilmoth and Deputy Sheriff Jasper Whitten, were taken to a Paris, Texas, hospital.

Physicians said both officers might die.

Officers were seeking Barney Jones, who they said was listed as an escaped Texas convict. Jones was seen recently near Broken Bow, riding in a grey automobile with another man and a woman.

Two officers approached the grey car to question Jones, who escaped after wounding the pair. Jones' man companion was with him. Whitten returned the fire but believed that none of the shots took effect.

The shooting took place in a rugged mountain section which provides many hideouts. Fugitives from Oklahoma, Louisiana, Arkansas, and Texas joined in the manhunt and bloodhounds were put on the mountain trails.

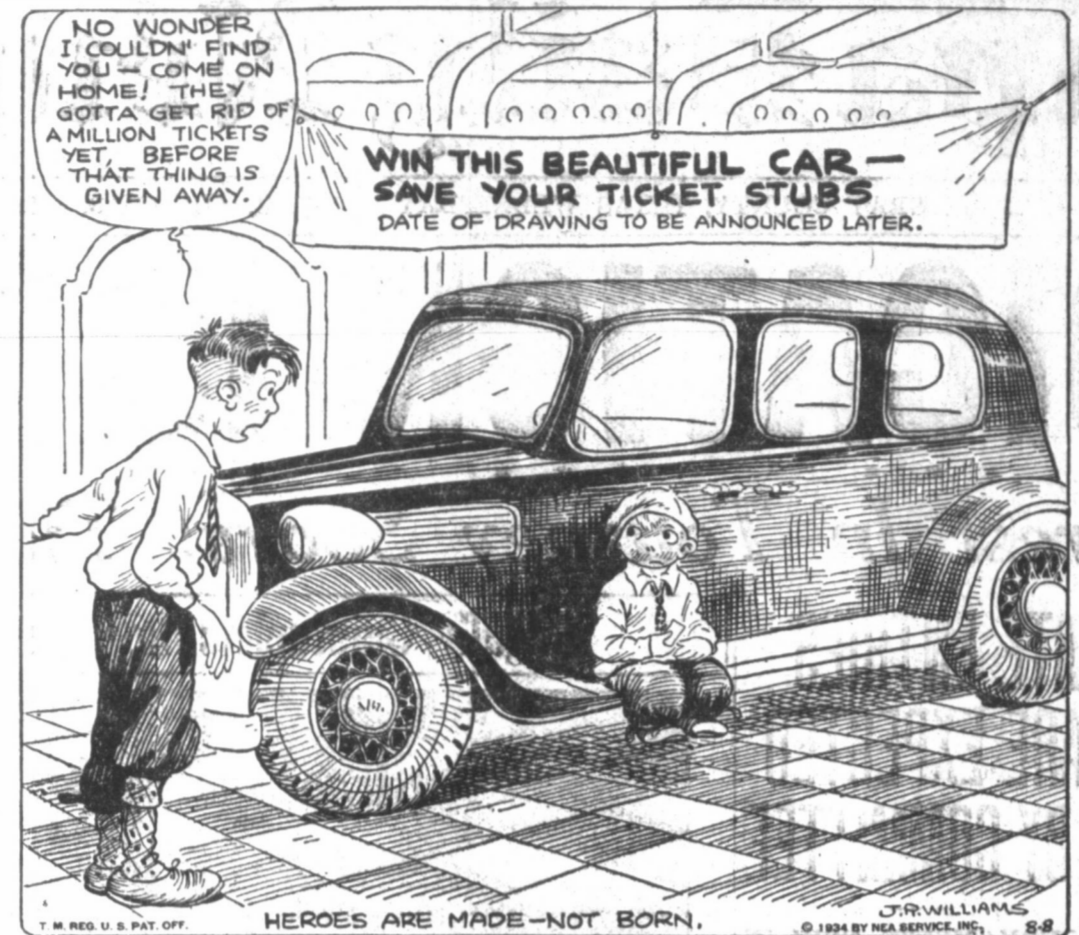

Japan was the only non-goutierous country found in a recent worldwide study of the occurrence of this disease.

Recent experiments seem to indicate that tooth decay can be at least partially prevented by the proper diet.

## OUT OUR WAY

By WILLIAMS

## ONLY PERSONS WHO ALREADY OWN THEIR HOMES CAN OBTAIN MONEY TO REPAIR PROPERTY FROM FHA

(Editor's note: Questions about the law to ease home modernization repair and construction have been pouring into Washington. Now many are to be answered by the man who knows most about it. The NEWS presents the first of a series of explanatory articles by him.)

BY JAMES A. MOFFETT, Federal Housing Administrator. (Copyright, 1934, by The Associated Press.) WASHINGTON, Aug. 8 (AP)—The purpose of this series is to explain the modernization program being launched by the Federal Housing Administration, the object of which is to encourage—where needed—the widespread repairing and recon-

ditioning of residential and commercial properties. Under the national housing act, the Federal Housing Administration is also authorized to set up machinery to insure long term amortized home mortgages, but this part of our program will not be launched until a later date. First of all let me explain that the government will not make loans to individuals or corporations for the improvement of their properties. The loans will be made by commercial and industrial banks, building and loan associations, savings banks and other lending institutions, and the government's part will be to insure the lenders against 100 per cent of all loss, provided the total of such loss does not exceed 20 per cent of the total volume of such credits advanced. Where loans are obtained for the specific purpose of repairing property, the lending institution will not require collateral, excepting in some cases where the state law requires the particular institution to loan only on mortgage. The great bulk of financial advances to be made under this plan will be in the form of "character loans." The borrower will get his loan solely on the basis of his ability to repay and his general reputation for honesty and fair dealing, without endorser or co-makers of the note. Another point I desire to emphasize is that the Federal Housing Administration expects to resort neither to regimentation or ballyhoo. We are not going to put pressure on property owners to borrow

## Political Announcements

The NEWS is authorized to announce the candidates of the following, subject to the Gray County Democratic primary of August 28, 1934:

- For Sheriff—E. B. STOUT, EARL TALLEY
- For Tax Assessor-Collector—TOM W. BARNES, F. E. LEBECH
- For Commissioner, Precinct 1—A. (Archie) CARPENTER, F. E. (Floyd) BULL
- For Commissioner, Precinct 4—W. W. WILSON, M. M. NEWMAN
- For Constable, Precinct 2—FRANK JORDAN, H. S. SHANNON
- For State Representative—JOHN PURYEAR, Wellington, EUGENE WORLEY, Shamrock.

for the purpose of making this campaign a success.

Our only thought is that where properties are in need of repair and the owners are in position to repay the costs of such repairs out of regular income, we shall offer practical cooperation in securing the funds needed.

We want only such loans made as will be, first of all, of definite value to the property owners themselves.

It will be readily recognized that the composite values of this undertaking will be very great. The improvement of individual properties will help the entire community in which they are located and this in turn will help the entire nation.

These processes will stimulate demand for innumerable products of the factory, mine and field. They will increase employment, enhance real estate values, and elevate the standard of living by making available a greater number of home conveniences.

To sum it briefly, we of the Federal Housing Administration are hopeful that this program will set in motion forces that will be of timely and vital value to the nation, both in speeding recovery and in attaining permanent economic and social objectives.

Circumstances of Loans. I have been informed by those who have made close studies of the housing situation that there are about 16,500,000 buildings in this country in need of repairs, 3,000,000 of which need structural changes. The loans to be made to property

owners for all kinds of repairs and improvements to all kinds of property will be limited to a maximum of \$2,000 and no loan of less than \$100 will be made.

The loan is to be repaid with interest on a monthly payment basis. In the case of farmers, repayment will be made on dates crops are sold.

If you have decided that you want a loan for the purpose of improving your property, your first step should be to see a contractor, or building supply dealer, or architect, and ascertain the exact cost of the work that is to be done.

Then go to your bank or some other financial institution in your community approved by this administration and apply for a loan for the required amount; or your contractor or building supply dealer may take your loan application direct.

The bank, or other institution, will then make an investigation. If it finds that the improvement you wish to make is well advised, and that you are in a position to repay the loan, it will agree to make you what is called a "character loan."

You will not be asked to mortgage your property or put up any collateral as security, except where state laws require the particular institution to loan only on mortgage. Your character will be your security. Financing institutions will agree to make payment of the loan when the work is completed or during the progress of the work, either to you or to your contractor on your order. It will accept your personal note in either case.

It will charge you a small service fee and reasonable interest or will discount your note sufficient to cover these items.

You will be allowed to repay the loan in small monthly installments

running over a reasonable and convenient period of time not over three years.

Loans of this nature should be made only on buildings that are structurally sound. It should be understood that loans made on dilapidated structures, on those poorly located, or where values are declining, are not justified economically.

The purpose of this program is to encourage the improvement of real estate along sound, constructive lines and only in such cases where the better housing is thoroughly justified in the light of good judgment and where improvements are reflected in increased value or use of the property.

(Another significant phase of this home modernization program will be dealt with in tomorrow's article in The NEWS from the Associated Press.)

Hens that are fed a small amount of cod liver oil, about two per cent of their ration, produce eggs containing more copper and iron.

# BASEBALL TOURNAMENT WILL OPEN TOMORROW WITH FINE TEAMS ENTERED

## AMARILLO TO SEND VETERAN PLAYERS HERE

### BUSBY'S INDIANS WILL ENTER LISTS; ALSO CANADIAN

(Continued from Page 1)

Amorillo baseball teams was at its height. The names of Bernie Vaughn, Skeet Gibson, Windy Nicklaus, McNight, Oakes and Archibald will appear in the Amarillo lineup after an absence of several years. The team will play as the West Texans.

A number of youngsters will also be sprinkled among the veterans. There will be Nummy, Massie, Russell, Raleigh, Corbett and others to assist the old timers in claiming for Amorillo its share of the tournament honors.

Canadian's Wildcats, the team that held the House of David to a 3 to 2 score, will present a lineup of "home boys," assisted by some outside players whose names have not been revealed. Tom Riley, iron man of the team, will lead the pitching staff. Others well known in Panhandle baseball circles who will be wearing Canadian uniforms will be Newton, Teas, Fry, Allen, L. Riley, John Gregg, Hoy, Hornback and Carter. Frank Catterson, former Panaman, is manager of the team. He writes that his additional players will be named tomorrow.

Coltco of LeFors, which on paper appears one of the standouts there, will be further strengthened before taking the field. Manager Jimmie Baldwin stated this morning. The team has been without a twirler who dishes slants up from the portside this season. Manager Edwain said he had one on the string. He also has Koenig, St. Louis star, and the two Morgans to assist his regulars.

Elliott, Gaitner, Wilson, McMahan and Weathered are newcomers to the Coltco lineup. Then there is Bellah, Lister, Poindexter, Newsome and Baldwin, all dangerous hitters, to assist Coltco.

C. O. Busby's Indians will be an improved team. Although Busby's first roster lists only his regular youngsters, it is well known that he has secured several veterans to assist his young players. He will register his final roster by tomorrow noon and it will be a surprise. He declared this morning. Busby did say that Carroll and Barham would be listed as pitchers to assist Miles "Gomez" Marbaugh. Berger's "Phillips '66" and Huber Carbon teams had not mailed rosters this morning but telephoned that they were in the mail. Both teams will field new players. The Huber entry has two pitchers coming from the Denver tournament. Phillips "77" players will also be added to the Huber lineup.

The Abernathy-Roswell lineup was also in the mail this morning. It is the "dark horse" list to date. Abernathy presented a strong lineup against the Road Runners two weeks ago and with the addition of several Roswell players, should go places.

Another pitcher may be added to

## MUCH DODGING GOING ON IN NEW ORLEANS

### Guardmen Told to Shut 'Half' Three Times Before Firing Weapons.

NEW ORLEANS, Aug. 8 (AP)—National Guardmen were ordered today to be more careful about shooting at people.

Instructions to the soldiers to cry "halt" three times before shooting were renewed, and they were told to fire warning shots into the air—no suspects.

It was feared that a drop of blood shed in the battle between Senator Huey P. Long and Mayor T. Semmes Walmsey for political control of New Orleans might spring the triggers of more than a thousand guns.

Only three shots—all ineffective—have been fired thus far. Two were aimed at a prowler by a barracks sentry and the third was an accidental discharge of a riot gun in the registration office held by the militia.

The game developed today into a dodging match. One dodge was executed about court orders, citing Adjutant General Raymond H. Fleming for contempt, which lay scattered on the ground at Jackson barracks military headquarters.

The papers lay exactly where they were dropped at the foot of a corporal who refused to accept them when deputy sheriffs invaded the barracks yesterday and served the orders on him at the residence of Fleming.

Today guardmen on duty in the barracks grounds skirted the court documents skillfully and their commander, Adjutant General Fleming, continued to dodge the servers.

Court attaches took the rule of contempt was signed by Judge Nat W. Bond of the civil district court and returned August 10. Other papers served on the domicile of the adjutant general citing him to give his reasons for not obeying the court order that the troops be disbanded pending a hearing on a temporary injunction. The hearing has been set for August 14.

Senator Long likewise remained in the background with the National Guard entrenched strongly for their second week in the voters registration office building, just across the street from the city hall barricaded by city police.

With no end of the political war in sight, the New Orleans Klwanis club has started a movement to have a delegation of citizens call on Long and Walmsey and "urge every means possible to bring about a speedy ending of this unhappy condition."

The only shots fired thus far in the war have been a wild shot by a sentry at a man who was climbing into Jackson barracks and an accidental riot gun charge which blew out a window in the registration building.

The Road Runner club before the opening gun is fired. Catcher Benn and Shortstop Wells were to arrive here this afternoon from Antlers, Okla., where they have been visiting. Gordon Nell, first baseman, has been here for a week. Manager George Bulla was not ready to disclose the name of his pitcher prospect this morning.

Anyone desiring to purchase tickets in a block can do so at the B. & B. Lubricating company's station at the corner of Francis and Russell streets, or at the De Luxe Cleaners at the corner of Kingsmill and Russell streets. There are no season tickets but by purchasing a block in advance, fans will not have to stand in line at the ticket window at Road Runner park.

When the completed rosters are released, many great names in baseball will meet the eyes of baseball fans. Every team in the tournament has stepped out and secured fine talent.

Baseball of a caliber never before seen in Pampa is in prospect. On paper, there are no weak teams. Among the teams entered to date are:

George Martin telephoned Roy Bourland this morning that he would bring his Amarillo Merchants to the tournament. He stated that he would bring his forfeit check and roster to the managers' meeting to be held tonight following the free game at Road Runner park. Martin is said to have imported a number of players. He has his eye set on the big money and expects to be in the final game.

Word was still awaited from Emmitt "Red" Gober of Clovis, N. M., to whether he would be here with his Sunshiners and two other clubs. He is trying to postpone the Clovis community tournament in order to "come back home."

El Reno and Shawnee are two other clubs still "on the fence." Wilcox, Olers of Oklahoma City and Capitol Hill wired this morning that it would be impossible for them to be here. Several other Oklahoma clubs are still undecided and asked permission to hold off their decision until tonight.

## 'DIZZY' DEAN PITCHES 20TH WIN OF YEAR

### CARDINALS ARE NOW TRAILING GIANTS BY 7 GAMES

By HUGH S. FULLERTON Jr. Associated Press Sports Writer

Whether or not his spring prediction that he and his brother Paul would win 50 games for the Cardinals this season and pitch them into the National League pennant is fulfilled, it seems that the voluble Jerome Herman Dean is to be the pitcher of the 1934 season.

Dean became the first major leaguer to win 20 games yesterday when he shut out the last-place Reds 2 to 0 in the first game of a doubleheader. And since he has reached that mark in 193 games for his club, he appears to have a good chance of taking ten more out of the remaining 49.

Dizzy had quite an elbowing argument with St. Johnson before he went out, each giving six hits and four walks. Allyn Stout limited the Cardinals to five blows in the second game while the Reds rapped Bill Hallahan for a 9 to 2 victory.

The division of games left St. Louis seven games behind the league-leading Giants, whose habit of beating Brooklyn was not broken although seriously threatened. It took an eighth inning triple with the bases loaded by Travis Jackson and some good relief flinging by Carl Hubbell to give the league leaders their eleventh victory in 15 interborough games. The score was 6 to 4. Hubbell's shutout streak ended at 24 1-3 innings when the Dodgers scored in the eighth but he got credit for his 16th victory.

The second-place Cubs took a 4-1 defeat at the hands of the Pirates cost them a full game. Arky Vaughan's homer with two on in the first provided the deciding runs. The Braves rounded out the national league program by beating the Phillies 3-1 when they did all their scoring off Euel Moore in the first then relied on Ed Brandt's hurling to hold the lead.

Detroit's Tigers picked up a half game on the Yankees in the American league race but they had to pull through a couple of alarming situations to beat St. Louis 12-8. Schoolboy Rowe, Tiger mound ace, pitched only three balls before a "stitch" in his back forced him to retire. Eddie Atker, going in cold, pitched around for three runs in the fifth and after the Tigers had blasted their way to the front with an eight-run outburst in the seventh, St. Louis put on a counter-rally for four runs in the last inning.

Meanwhile the Yankees could get no better than an even break with Washington, winning the opener 4 to 3 on Johnny Murphy's five-hit flinging and a ninth inning rally capped by Frank Crosetti's hit, but going down in the second half, 6-3. When the Senators belted Johnny Bronco around the yard, they were in the first division clubs run into plenty of trouble as the White Sox trimmed the third-place Indians 8 to 2 with some hefty hitting behind George Earnshaw, who turned in a seven-hit job for his tenth victory, and the Athletics pounded out a 9 to 4 decision over the Red Sox behind Johnny Marcum.

The gear used for the ocean crossing from Gosport, England, was dismantled at Bristol, and Engle's racing gear put in place.

**MAJOR LEAGUE LEADERS**

By The Associated Press. (Including yesterday's games)

**National League**

Batting: Terry, Giants, 367; P. Waner, Pirates, 365.

Runs: Ott, Giants, 91; Terry, Giants, 88.

Runs batted in: Ott, Giants, 119; Collins, Cardinals, 81.

Hits: Manush, Senators, 149; P. Waner, Pirates, 148.

Doubles: Vaughan, Pirates, 32; F. Herman, Cubs, 31.

Triples: Suhrs, Pirates, 10; Vaughan and P. Waner, Pirates, Collins and Medwick, Cardinals, 9.

Home runs: Ott, Giants, 29; Berger, Braves, 25.

Stolen bases: Martin, Cardinals, 17; Bartell, Phillies, and Cuyler, Cubs, 12.

Pitching: J. Dean, Cardinals, 20-3; Schumacher, Giants, 17-5.

**American League**

Batting: Manush, Senators, 390; Gehrig, Yankees, 374.

Runs: Gehrig, Yankees, 101; Werber, Red Sox, 94.

Runs batted in: Gehrig, Yankees, 125; Bonura, White Sox, Trotsky, Indians, and Greenberg, Tigers, 96.

Hits: Manush, Senators, 155; Gehrig, Yankees, 147.

Triples: Chapman, Yankees, 11; Manush, Senators, 109.

Home runs: Gehrig, Yankees, 36; Foyx, Athletics, 34.

Stolen bases: Werber, Red Sox, 28; Tigers, 21.

Pitching: Gomez, Yankees, 18-3; Rowe, Tigers, 15-4.

**Advertisers Win Tilt at Shamrock**

The Pampa Advertisers won a 7 to 6 game from the Shamrock Irishmen Sunday afternoon. The Irishmen started a rally in the ninth which fell one run short of tying the score.

Bowden worked the first five innings for the Advertisers, allowing only two hits and getting five strikeouts. Errors caused his downfall in the fifth and he was relieved by Silvers, who was hit hard in the ninth. Aldridge pitched the last half of the inning. Jones was behind the bat.

F. Stagg went the distance for Shamrock with C. Stagg catching. Another Stagg played in the outfield and the fourth Stagg was on second base. The battery was also the scoring punch, getting four of the six runs scored by the Irishmen.

Revisita "Lefty" Harvey was the big hitter for the Advertisers. He also scored three runs. James and Aldridge each counted twice for the other scores.

**SUBWAY GOLD RUSH PHILADELPHIA** (AP)—There's gold in them that subways. Samuel G. Gordon, associate curator of mineralogy at the Academy of Natural Sciences, found it in clay being excavated in the shadow of city hall.

But it isn't enough to get excited about, he says—maybe three cents' worth to a cubic foot of soil.

Jimmie Baldwin of LeFors was a Pampa visitor last night.

The skull of a monkey, photographed by Frank Buck, big game hunter, will be placed in the College of Emporia museum.

Liver extract has been found effective in treating pellagra, a disease caused by lack of certain vitamins in the diet.

## GEORGE LOTT SAYS TRAINING WILL WIN DAVIS CUP TROPHY

### Says Both Stoeften And Sidney Wood Can Win Title If They Will Train.

By BOB CAVANARO Associated Press Sports Writer

NEW YORK, Aug. 8 (AP)—George Martin Lott, Jr., of Chicago is back from England today with what he thinks is the answer to the question: "How can America recapture the world's tennis supremacy?"

"It sounds simple enough and I honestly believe it's just as easy as it sounds," said the 27-year-old Chicago doubles veteran, who with Lester R. Stoeften of Los Angeles scored the only point for America in the challenge round against England last month.

Since Lott won the National outdoor doubles titles at Forest Hills, Long Island, last September, with Stoeften for a partner, he has been playing with the towering Californian almost continually.

"Stoeften is probably the greatest player in the world," Lott said. "He needs to be taught how to train. 'Stoe' has all the shots and knows plenty about court generalship. But he needs somebody to train him."

Stoeften, the golden-locks of the courts, stood by listening in silence. "If this fellow," and Lott pointed to Stoeften, "would get himself a trainer and work out seriously seven days a week, 52 weeks a year, he'd be the best singles player in the game. If he'd buckle down to a year's hard work he'd take over Fred Perry of England and Jack Crawford of Australia."

"That's just fifty per cent of the answer, as I see it. The rest depends on Sidney Wood of New York. Right now I'd say that Wood and Stoeften are on a par as the best singles players in America. Wood lacks tennis. He's not 'match-tight' and the only way he can get that way is to play tennis the year-round."

They arrived yesterday on the liner Paris and appeared in fine fettle for their first double appearance of the summer season at Brookline, Mass., today in the Longwood Bowl tournament.

**British Racing Yacht Arrives**

ABOARD THE U. S. COAST GUARD CUTTER ARGO, Aug. 8 (AP)—Endavour, British challenger for the America's cup, entered Narragansett Bay at 7 a. m. (Eastern Daylight Time) today.

Vita, private yacht of her owner, T. O. M. Sopwith, towed her, and she was escorted by the coast guard cutter Argo and the coast guard destroyer Talbot.

The coast guard craft contacted her shortly after daybreak, off Brentons Reef Lightship, and led the way to Brenton's Cove, where Newport authorities boarded her. She was quickly passed through quarantine and customs and headed for the Bristol yards without stopping in at Newport.

The gear used for the ocean crossing from Gosport, England, was dismantled at Bristol, and Engle's racing gear put in place.

**Lefty' Bryan Plays Allison In Tennis Meet**

BROOKLINE, Mass., Aug. 8 (AP)—Yagghetaoinu etashrdiu u wupp Robert "Lefty" Bryan, of Chattanooga, Tenn., saved the quarter-finals round of the Longwood Bowl tennis tournament from being an all-favorites affair.

He advanced yesterday by defeating the seventh seeded Henry Fry of Seattle, in a stubborn three-hour match and became the only unseeded player left in the bowl competition.

The pairings matched him with top-seeded Wilmer Allison, of Austin, Texas, in today's play.

Allison, who won the Longwood trophy in 1928, was extended to defeat John McDaniel of Ft. Worth, Texas, and gain the quarter-finals.

Frankie Parker of Spring Lake, N. J., faced Johnny Van Ryn, Philadelphia, today, and Berkeley Bell New York, drew Donald Budge, of San Francisco, for an opponent.

Jack Tidball of Hollywood, Calif., had a day off. He rested up today for a semi-final duel with either Bell or Budge in the lower half of the draw, his quarter-finals opponent, Bryan "Bitsy" Grant, of Atlanta, having withdrawn from the competition.

**ORDINANCE NO. 165**

An Ordinance amending Section three of Ordinance No. 111 requiring a permit from the City Health Officer to furnish, deliver or by gift dispose of to any person any milk.

Be It Ordained by the City Commission of the City of Pampa: That Section Number Three of Ordinance Number 111, passed by the City Commission of the City of Pampa on February 4th, 1929, be amended by inserting and adding after the words "on hand" in the fourth line of said section, the following "or furnish, deliver or by gift dispose of to any person" and which provision shall immediately precede the words "any milk" as used in said section.

Emergency Clause: It appearing that there now is an ordinance regulating the gift, delivery and furnishing of milk, as that term is defined in Ordinance No. 111, in and for the City of Pampa, and that such provision is necessary for the proper enforcement of the health laws of said city, the rule requiring the three separate readings of an ordinance is hereby suspended, and this ordinance shall be in full force and effect from and after its passage and publication as required by law.

The foregoing ordinance was passed by the City Commission of the City of Pampa, Texas, on August 6, 1934.

W. A. Bratton, Mayor.

Attest: W. M. Craven, City Secretary

Aug. 8-15

## FREE GAME TO BE PLAYED AT PARK TONIGHT

### BASEBALL NINES FROM PAMPA AND LEFORS WILL CLASH

WHAT—Free baseball game.

WHEN—Tonight at 8:45 o'clock.

WHERE—Road Runner park.

BETWEEN—Pampa Road Runners and Coltco of LeFors.

ADMISSION—Free!

PROBABLE starting lineup in batting order:

**PAMPA**

Brickell, lf.

Selz, cf.

Nell, 1b.

Ward, 2b.

Vaughn, rf.

Benn, c.

McLary, 3b.

Wells, ss.

Hardin, p.

**LEFORS**

McMahan, ss.

Wilson, cf.

Gaitner, 2b.

Elliott, 1b.

Lister, rf.

Poindexter, c.

Newsome, lf.

Bellah, 3b.

Koenig, p.

New faces will appear in both Pampa and Coltco uniforms tonight when the two teams clash in a free game at Road Runner park. The game will follow the dedication of Pampa's new postoffice. Congressman Marvin Jones of Amarillo and F. L. Clamplitt of Austin, federal post-office inspector, will be guests of honor at the game.

The game will be a forerunner to the Pampa Invitation baseball tournament which will open tomorrow afternoon. Some of the strongest teams in the southwest will compete for a prize of \$1,000. The tournament will last through August 19.

The game will be particularly for visitors to Pampa, but seats will be available for Pampa fans. Both teams will use several pitchers in order not to overwork any hurler for the tournament. Pampa will have five pitchers ready for mound duty. Coltco will be able to present four hurlers, coming from St. Louis, where he is a sensational sand lot hurler.

Elliott, Coltco first sacker, has already demonstrated that he is a class fielder and a great hitter. McMahan and Gaitner are also dangerous hitters as well as sensational fielders. Coltco will have Red Weathered ready for garden duty. Manager Jimmie Baldwin will direct the team from the bench but will always be available at second base or shortstop.

Pampa's new trio, Nell, Benn, and Wells, should put the Road Runners to nearly full strength. Another lefthanded hurler would be a welcome sight. Nell is known to Pampa fans and is a favorite. He is big, fast, and a terrific hitter. Don Benn, veteran catcher, is an excellent Western league catcher of prominence. He has a wonderful arm and can hit. Benn recommends Harold Wells, who will play shortstop. He says the youngster is a natural fielder and a good hitter.

The new players should give Pampa one of the strongest offenses of any team in the country. There is batting power in every position, including the pitching. Bulla, Stegman and Hardin are all good hitters. Sain and Cox will be available for utility roles.

## FIGHTS LAST NIGHT

By The Associated Press

Chicago: Billy Celebrino, 147, Rockford, Ill., outpointed Pugy Weinert, 145, Chicago, (6). Fred Chynoweth, 137, Milwaukee, outpointed Garry Baldwin, 138, Chicago, (4).

Peoria, Ill.: Tony Zale, 165, Gary, Ind., knocked out Bruce Wade, 165, Peoria, (3). Joe Osiganc, 145, Benton Harbor, Mich., outpointed Marcel Frigard, 144, Pekin, Ill., (6).

Hartford, Conn.: Eddie (unknown) Winston, 191, Hartford, stopped Salvatore Ruggirello, 207, New York, (6).

Cleveland: Patsy Severo, 130 1/2, Meadville, Pa., outpointed Jackie Sharkey, 130 1/2, Minneapolis, (10).

## Texas League Leaders

By The Associated Press

Leading hitters: Morgan, San Antonio, .361; Bell, Galveston, .358; Hooks, Tulsa, .342.

Total hits: Morgan, San Antonio, 169.

Doubles: Bell, Galveston, 40.

Triples: Hooks, Tulsa, 13.

Home runs: York, Fort Worth, 26.

Runs batted in: Bettencourt, San Antonio, 103.

Runs scored: Bell, Galveston, 103.

Stolen bases: Shelley, Beaumont, 30.

Most games won: Hillin, San Antonio, 22.

Most Strikeouts: Kennedy, Oklahoma City, 125.

## Black Cats Beat Indians 9 to 6

The Pampa Indians lost a 9 to 6 game to the Coltco Black Cats at Shaw park, LeFors, Sunday afternoon. The Pampa nine was outlited 12 to 9.

Big Miles Marbaugh started on the mound for the Indians and pitched effective ball for five innings. Then the terrific heat affected him and he blew up in the sixth. Harold Gregory finished the game and pitched good ball. Mullins went six innings for the Black Cats and then was relieved by Vodie Clummons who finished the game. Jake Leggett was behind the bat.

Mel B. Davis transacted business in Amarillo yesterday.

Charlie Biggs returned yesterday from a business trip to Silvertown.

## HOOKS CLOUTS 3 BINGLES TO BEAT INDIANS

### 'RED' COPELAND TAKES IT ON CHIN FROM MISSIONS

By BILL PARKER Associated Press Sports Writer

Alexander Hooks, who several years ago tossed his Southern Methodist university books of knowledge and started earning his living by playing professional baseball, batted the Tulsa Oilers to a 6 to 3 victory Tuesday night over Oklahoma City.

Hooks got his 142nd, 143rd and 144th hits of the season with three safe blows in four times at bat. He connected for his 34th double and his 19th triple of the current campaign to bat in one run and score two. John Stoneham, Tulsa right-fielder, stole a hit of Hooks' thunder with a double and home run that drove Barnes two runs. Southey Frank Barnes went the route for Tulsa and stopped the last place Indians with six hits.

"Red" Copeland, one of Houston's very best hurlers, took a shot at the league leading San Antonio Missions. That was all "Red" took. He started ducking after that for the Missions showered him with 14 hits for a 7 to 0 victory. Copeland went eight innings. Abe Miller went right in difficult to beat. Tuesday night he was so right he limited the Buffaloes to four scattered hits.

The Padres made a sweep of the three-game series. It was the second shutout for the pace-setters. Little Sal Glatto, a right-hander, conquered the Fort Worth Cats, 7 to 1, at Dallas stadium where 11,170 cash customers paid off to see the Steers win their third straight since returning from an unsuccessful road trip. Glatto worked a blazing cross-fire that stopped Fort Worth with five hits and easily bested Pitcher Jonard, who allowed Dallas eleven hits.

Tuesday's game did not switch the first division standing. San Antonio leads with Galveston second, Beaumont third and Tulsa fourth. Beaumont and Galveston did not play.

Mel B. Davis transacted business in Amarillo yesterday.

Charlie Biggs returned yesterday from a business trip to Silvertown.

**AMERICA'S GREAT TRUCK VALUE**

The FORD V-8 alone offers all these 5 important truck features

**NEW 80-H.P. V-8 ENGINE**... Simple, trouble free... with power, speed, ruggedness for heaviest jobs—plus 4-cylinder operating economy.

**FULL-FLOATING REAR AXLE**... Assurance of long, trouble-free service. Housing, not axle, carries load. Shaft removable without jacking up.

**DUAL DOWN-DRAFT CARBURETION**... increases gasoline economy. Gives smoother operation, less dilution of crankcase oil.

**AFTER NORMAL LIFE**... you can turn in engine at dealer's shop for \$49.50 (F. O. B. Parts Branch). Have a factory reconditioned engine installed.

**SPECIAL FINISH**... Only truck with this new baked-on enamel finish. Wide variety of colors. Gives long-lasting beauty.

**FORD V-8 Trucks \$485** AND UP F. O. B. DETROIT

Easy terms through Universal Credit Company

THE Ford V-8 is as low in price as any truck you can buy today.

But think how much more than first-cost saving it offers you. Think of the exclusive combination of features shown above. Think of the power of this rugged, 80-horsepower V-8. Then look into gas and oil costs. They're at new "lows"—both of them. Look into upkeep. Truck-built throughout, the new Ford V-8 will "take" punishment that used to mean the repair shop... and "take" it again and again for thousands of miles.

But talk to Ford V-8 users themselves. They'll tell you a story of performance and economy that sounds like high-priced trucking... instead of the lowest-priced you can get!

# GAST OF 'THE BLACK SHEEP' COMPOSED OF YOUNG ACTORS WHO FORMED SUMMER GUILD

### TICKETS ARE NOW ON SALE FOR PLAY FRIDAY

Tickets are on sale now for "The Black Sheep," three-act drama to be presented Friday evening at city auditorium by the Pampa Drama Guild. The first dress rehearsal was conducted last evening by the young players who formed the guild as a summer project.

"The Black Sheep" is a Pulitzer prize-winning play by Owen Davis, writer of long-run Broadway successes. It is being directed by Charles Thomas.

In the cast are Vendell Kees, Charles Frost, Opal and Joy Enloe, Morris Belew, Zelma Cannon, Walter Clay, Rosabelle Reed, D. D. McCormick, Hazel Bath, Stanley Cannon, and Philip Belew.

Pampa merchants are assisting in production of the play. Stage furnishings will be from Pampa Furniture company and wardrobes from L. T. Hill company.

## Committee Will Name Ticket for W. M. U. Election

A nominating committee to name officers for next year was appointed at a meeting of Central Baptist Missionary union Monday afternoon. Mrs. L. Anderson, Mrs. Vernie Pipes, and Mrs. J. W. Smith are members.

Business and a program from Royal Service magazine filled the meeting hour at the church. Mrs. Smith was in charge of the program and Mrs. G. C. Stark of the business hour. Monthly reports from each circle were presented.

After a song, All Hail the Power, a prayer by Mrs. Stark and devotional by Mrs. W. L. Lane, topics on oriental missions were discussed by Misses D. M. Scaier, R. H. Brisler, Johnson, I. M. Mitchell, Stark, and Smith.

Next week Bethany circle will meet with Mrs. Johnson and Lottie Moon, circle with Mrs. W. C. Brown.

## Outdoor Watermelon Feast Given by Odd Fellows for Guests

About 75 persons enjoyed a watermelon feast Monday evening, when the Odd Fellows lodge entertained Rebekahs and members of their families.

The group met near Harvesters park to eat loaves and spend the evening informally. The event was sponsored by the Odd Fellows entertainment committee, G. L. Lumsford, Carl Baer, and E. C. Rupp.

### TRAGEDY IN ICE

MADRID (AP)—A butcher in suburban Gracia returned to his home at night and, planning to retire, locked the freezing room in his adjacent shop.

The next morning he opened the big ice box to get his meat, then hastened to tell police what he found inside the room. It was a man, a friend of his wife, frozen to death.

Diet of civilized man cause tooth decay because they contain too little phosphorus, is a theory recently advanced.

## Daughters of Neptune

With four international racing boats of the Snipe class available, students at Texas State College for Women (CIA) are learning to hoist the mainsail, shift the jib, and steer into the wind. A racing crew of four is shown in the upper left with a close-up at the right. In the lower left a student takes an 18-foot canoe for her "solo flight."

## CO-ED SAILORS LEARN ART OF SALTY SEAMEN AT CAMP ON LAKE

DENTON, Aug. 8.—Hoist the mainsail! All heads duck, starboard your helm, and stand by to shift jib sheets! These sharp commands of the skipper ring out over the water, and young lady sailors at Texas State College for Women (CIA) make an attempt to master the art of the salty seaman.

Lake Dallas, artificial body of water located six miles from the college campus, serves as a training ground for these "sailors," and with four international racing boats of the Snipes class available the girls are afforded excellent opportunities to answer the call of Father Neptune.

Although a crew for racing this type of boat is generally made up of two girls in the instructional period for this class four students and an instructor comprise the crew. During the early stages of training these would-be sailors learn to rig the ship, to handle the boat under all weather conditions and understand the technical terms of the sea.

After the early instructional period has been completed each student prepares for her "solo flight" in an 18-foot canoe equipped with a single sail. A successful passing of this test makes her eligible as a skipper of one of the racing boats. Every precaution for safety is observed in all sailing on the lake. Only students who are expert swimmers are allowed to enroll in the class and at no time is the boat allowed to leave the dock without life belts and other safety devices. Motor boats, maintained at convenient distances for use in case of mishaps are also used by the instructor to follow class boats.

A college campsite consisting of twenty acres of land on the banks of Lake Dallas is partially responsible for the interest taken in this sport. Camp huts completely furnished with all necessary equipment were built by the college several years ago and are now in continuous use by students of the college. Groups of girls ranging from 30 to 50 in number spend week-ends on the lake throughout the school term.

Doise, to these daughters of the sea, means to lower the sails, strouds are wires supporting the mast and leg-o'-mutton is not the latest fashion for the sleeve of a dress, but a type of sail.

**CIVIL SERVICE EXAMINATION**  
The United States Civil Service Commission has announced open competitive examinations as follows:

Special investigator, \$2,900, and investigator, \$2,800 a year, alcohol tax unit, Bureau of Internal Revenue, Treasury department.

Closing date, August 20, 1934. Specified experience in the practice of law, or in investigational or law-enforcement work, is required. Full information may be obtained from O. K. Gaylor, secretary of the United States Civil Service board of examiners, at the post office or customhouse in this city.

The salaries named are subject to a deduction of not to exceed 5 per cent during the fiscal year ending June 30, 1935, as a measure of economy, and also to a deduction of 3 1/2 per cent toward a retirement annuity.

Dairymen in the Kansas City area estimated drought conditions made it necessary for three-fourths of them to haul water for their stock.

## REVIVAL ENDS THIS WEEK AT McLEAN CHURCH

### FAMILY PROMINENT IN TOWN'S LIFE IS LEAVING

McLEAN, Aug. 8.—Prof. Billie Biggers, Mrs. Biggers and their two children, Billie Jean and Brac, leave today to make their home in Sudan where Mr. Biggers will be superintendent of schools.

They will be greatly missed in McLean. Mr. Biggers has been actively engaged in chamber of commerce work here for almost a year. Mrs. Biggers is a member of the 1934 Culture club and active church member. Both are members of the choir of First Baptist church.

The children have been prominent in school circles. Brac was a member of the band, while Billie Jean was honor graduate of the ward school last spring.

**Baptists Close Meeting**  
A very successful meeting came to a close at the First Baptist church Sunday evening, with Rev. McCarty of Lubbock doing the preaching and Mrs. Goff having charge of the music.

As previously promised, the two children who memorized the most verses of scripture were presented with Bibles. Those receiving the Bibles were Francis Petty, son of Mr. and Mrs. Luther Petty, and Georgia Colebank, daughter of Mr. and Mrs. Geo. Colebank. Ernadel Floyd was given honorable mention and promised that she too will have a Bible as soon as it could arrive from the publishers for outstanding memory work.

**Personals**  
Mr. and Mrs. Jackson Cobb who are here visiting their parents, Mr. and Mrs. S. A. Cobb, are both confined to the bed with typhoid fever.

Mr. and Mrs. Roy Rice of Ellsworth, Kansas, have returned to their home after a week's visit with Mr. Rice's parents, Mr. and Mrs. C. S. Rice. Erwin Rice of Plainview was also a visitor in the Rice home last week.

Mr. and Mrs. Evan Sitter and children, Spencer, Dorothy, and Francis, accompanied by their house guests, Mrs. Lear M. Jones and son, spent the week-end at Berger. They returned Monday morning bringing Mrs. E. E. Watkins and boys, C. A. Harold and Donnie with them for a few days visit.

Misses Corrie Lee Newman and Ida Bell Newman, Mr. and Mrs. Pete Fulbright, and Woods Hindman spent the latter part of last week in Mexico fishing and seeing sights.

Word comes from Amarillo that T. A. (Uncle Tom) Cooke, father of Chas. E. Cook and Jack Cooke of McLean, is seriously ill in the hospital where he was carried last week for treatment.

Mr. Milton Bania entertained a number of young married people at the home of her mother, Mrs. Jones, Monday evening.

Miss Thelma Young, employed by the Singer Sewing Machine Co. in Childress, arrived Tuesday to spend her vacation with her mother, Mrs. A. T. Young.

**MEMORY SHARPENER**  
ATLANTA (AP)—Two years ago Ernest Cole, 9, lost a tooth which he had pulled out while at school. Recently one of his ears began to ache and doctors found the missing tooth imbedded in it. Now Ernest recalls that he stuck the tooth in his ear when teacher refused to let him leave the room to dispose of it.

**IF PINE BLUFF LOSES!**  
PINE BLUFF, Ark. (AP)—Credit a "new deal" in political campaigning to John McClellan, candidate for congress.

McClellan purchased every seat in the park for Friday night's baseball game between Pine Bluff and Greenville, Miss., of the East Dixie league, and "everybody in southeast Arkansas" is invited.

Mr. and Mrs. Paul Carmichael and son have returned from an extended vacation at Granbury. Mr. Carmichael's home, and points of interest in Colorado.

Cod liver oil from the oldest cod fish is richest in vitamin A, the beneficial substance in the oil.

## MILK— AND A BROTHER

Danle Dionne only half understands why he had to go and live with neighbors when five little sisters descended on him at once. He's only 2, and one of five other children of the Dionnes. The case beside him encloses one of the containers which have brought daily supplies of mothers' milk by train to the Dionne quintuplets from Chicago, Toronto and Montreal.

ers, to whose hospital leading figures from all over the world have come for treatment.

"These fifty years, the span of your medical practice, have covered probably the most remarkable period in the history of science."

Alex Schneider was in Keller-ville yesterday afternoon.

## Boy Is Host On 13th Birthday

Outdoor games and contests featured a party when Mrs. Claude Lard entertained for her son, Claude Jr., on his thirteenth birthday yesterday from 7 to 9 o'clock.

Thomas Belew and Billy Bass received prizes in a peanut contest. Favors were bright colored lollipops and refreshments were punch and cake.

Gifts and good wishes were given the honoree by Richard Kilgore, L. C. Bailey, Ed and Frank Cassidy, Johnny Wesson, Howard and Johnny Bass, Dale Irving, Hilary Edridge, Elmer Rupp Jr., and Kenzie Ward.

About \$300,000 will be spent in repair work on school buildings in the lower Rio Grande valley of Texas which were damaged by the 1933 hurricane.

**ALWAYS PLENTY OF PURE ICE**

**SAVE ON FOOD COSTS**  
... USE ...  
**Electric Refrigeration**

It's costing you more for the left-overs you throw out—it's costing you more for "shrinkage" of perishable foods—and perishable foods represent 75% of your purchases—no wonder Texas housewives are buying Electrical Refrigeration. These women have found that it costs them money to be without electric refrigeration in their homes—Now . . . with the clean, even, healthful cold of an electric refrigerator automatically maintained well below the danger line, regardless of outside weather, they place needed safeguards around precious health—and SAVE money—

They buy foods in bulk when prices are low . . . they prevent food losses caused by "shrinkage" left-overs kept fresh and wholesome until used . . . food is more appetizing . . . and all the ice they want when they want it.

Housekeeping is simplified . . . and all foods are kept safe and in best condition over long week-ends away from home.

Your nearest electric refrigerator dealer will tell you how you can pay for your electric refrigerator out of food savings. Take advantage of present low costs, and easy terms.

# KANSAS CITY BOSS' CANDIDATE WINS MISSOURI NOMINATION

## 'GOAT GLAND' BRINKLEY IS BADLY BEATEN

### SENATORIAL NOMINEE FROM W. VIRGINIA IS 29 YEARS OLD

By The Associated Press.

Three states tallied off-year primary ballots today and posted these apparent results:

In West Virginia—Rush D. Holt, whose age—29—is one year under the constitutional age requirement for a United States senator, wins the democratic nomination and the right to oppose Senator Henry D. Hatfield, republican, in the November election.

In Missouri—Harry S. Truman, candidate of "Boss Tom" Pendergast of Kansas City, is the democratic senatorial nominee. The republican nominee is Senator Roscoe Patterson, who was unopposed in yesterday's primary.

In Kansas—Republicans renominated Gov. Alf M. Landon for a second term; Omar B. Ketchum, youthful mayor of Topeka, wins the democratic nomination for governor.

The West Virginia result means the fall campaign there will be fought out under the "new deal." Hatfield, 59-year-old surgeon and former governor, has spoken sharply against some of President Roosevelt's policies; Holt is pledged to support the Roosevelt program.

Senator Hatfield gained nomination over Benjamin L. Rosenbloom, his only opponent, by an approximate 6-to-1 sweep.

Holt, a state legislator with a boyhood ambition to sit in the senate, outtraced five opponents. His closest competitor was Cien L. Shaver, formerly chairman of the democratic state national committee. Shaver was favored by Postmaster General Farley.

Holt contends his age would not bar him from the senate, that the senate itself is the only judge of the qualifications of its members. He points out that Henry Clay was seated in the senate at the age of 30.

The apparent outcome in Missouri means more power for the Pendergast organization. Truman, for whom the Kansas City "boss" fought hard, had a commanding lead over Rep. John J. Cochran of St. Louis. In third place was Rep. Jacob L. Milligan of Richmond, who carried the support of Senator Bennett Champ Clark.

In Kansas Governor Landon ran away from Dr. John R. Brinkley, "goat gland" surgeon who lost his Kansas medical license a few years ago. Brinkley showed less strength than on two previous occasions when he sought the governorship, unsuccessfully, as an independent.

Thurman Hill, Wichita lawyer and former member of the Kansas public service commission, pressed Ketchum for the democratic nomination, but appeared unlikely to overhaul him. Charles E. Miller, who campaigned for repeal of the Kansas prohibition statute, held third place.

**NEW ORLEANS COTTON**  
NEW ORLEANS, Aug. 8 (AP)—The market was very active all morning and even before the government report was issued, prices developed a marked upward trend on anticipation of a bullish estimate and on a very unfavorable weekly weather and crop report for the western belt. Prior to the report, October advanced to 13.32 and December to 13.44, or 15 to 18 points above the previous close.

After the government crop forecast of 2,195,000 bales was posted, that figure being about 300,000 bales below the average trade guess, prices advanced sharply. October moved up to 13.63 and December to 13.79 or 49 points on October and 41 points on December above the close of yesterday.

Although there was some realizing near mid-season, the market continued firm and December advanced to 13.75, or 46 points net higher.

**WOOL MARKET**  
BOSTON, Aug. 8 (AP)—U. S. D. A.—The Boston market for greasy combing domestic wools was practically inactive in all lines. Mills were looking at wools, but were not buying. Asking prices were unchanged from last week at 70-72 cents secured basis for good French combing and average strictly combing staple, at 68-70 cents for average French combing, and at around 67-68 cents for short French combing territory wools in original bags.

**FIRST BALE**  
BROWNWOOD, Aug. 7 (AP)—The first bale of Brown county cotton was ginned Monday, weighing 498 pounds. The cotton was grown by Lois Miller, of Brooksmith community. Since 1890, only 4 earlier bales have been ginned in this county.

## QUINTUPLETS

(Continued from page 1.)

tage, and entered it to find (and help bring about) a modern miracle.

Two babies already had been born, and lay in a clothes-basket hastily improvised as a cradle. A third, under ministrations of Mrs. Alex Legros, a neighbor woman who had come in to act as midwife, was in process of being delivered.

Mrs. Legros, herself a mother of many children and assistant at the birth of many more, was vastly relieved at seeing Dr. Dafoe. In fact, she was visibly trembling. With relief, she left the case to cool, business-like Dr. Dafoe, and turned to the three children already delivered. She lit the stove, turned up the wicks of the kerosene lamps, and assembled the babies in a temporary crib built from a clothes-basket.

The mother was unconscious, and Dr. Dafoe's problem was a difficult one. Each of the remaining two babies was found to be enclosed in its own sac, moving about freely in the fluid which filled these membranous containers, and it was necessary for the physician to open these coverings and remove the tiny body from each.

**The Dawn Baptism**  
Dr. Dafoe turned now to his desperate fight for the life of the mother, who had previously revealed a condition of nephritic toxemia, and who was now far down in the shadow of death.

As the gray sunrise light began to engulf the yellow glow of the oil lamps, Dr. Dafoe, a Protestant, baptized the children in the Roman Catholic faith of the parents, using the Latin ritual. He had often done it before, as it is sometimes difficult to summon a priest in this sparsely settled country, and this morning no one knew how near death might be.

In fact, early efforts centered on saving the life of Mrs. Dionne. Few believed that all, or any of the babies could live, for no set of quintuplets has ever lived unbroken by death for more than a few hours.

But Dr. Dafoe was not the kind that gives up. He took over all arrangements. The five older Dionne children were placed with neighbors. And the best hospital arrangements possible were rigged up on short notice within the little house.

**The World Astounded**  
Dionne was thunderstruck when first told that he had five new daughters. "I ought to be put in jail," he muttered. Then pride came to his rescue. He thought something ought to be put in the paper about it. After all, five was pretty unusual. He had his brother call a local newspaper.

"How much would it cost," he asked, "to have an item put in the paper about five babies being born?"

How little it cost was soon clear. For the newspaper flash brought an immediate deluge of telegrams, inquiries, congratulations, suggestions, pouring into Corbel. Within 24 hours two offers were received

to exhibit the babies at the Chicago World's Fair.

But there was more important work at the Dionne home. Feeding for the youngsters was devised with medicine droppers holding cow's milk and corn syrup. Then all the French-Canadian mothers of the neighborhood who could serve as wet-nurses came in and offered their help.

On the second day, as the wonder grew that the quintuplets were still alive, an incubator arrived from a Chicago newspaper, and a container of mothers' milk came from a Chicago hospital.

**Deaths Narrowly Averted**  
When first weighed, on a rusty old potato scale, the five little sisters together weighed well under 10 pounds. They were all between a foot and 10 inches in length. All looked exactly alike, and no one knew which was the oldest, for Mrs. Legros had had too much on her hands at their birth to do any tagging. Once one of them began to turn blue, and a drop of diluted rum was added to its ration of milk. Several times this expedient appeared to be all that saved one of the tiny ones from death.

Four days after the birth, Dionne signed a contract for appearance of the quintuplets at the Chicago World's Fair. He was offered a sum to him fabulous, for he was a man with 10 children, over whom hung like a pall a mortgage debt of a few hundred dollars.

Dr. Dafoe balked, and when the quintuplets all developed unmistakable symptoms of jaundice on June 3, when they were less than a week old, Dafoe put his foot down. They were not going to be moved, he ruled.

Every hour, it might almost be said, has been a climax for the quintuplets, for despite their remarkable progress during two months, they are not as far advanced as many children are at birth.

So it was another climax when on the week-end of Aug. 5, it was decided to treat Marie's spreading leg tumor, in fear that the blood-filled swelling might break. That would almost certainly be fatal to so tiny a baby.

The "operation," one of the strangest in patient and surroundings to be recorded in medical history, was successful. Marie and her sisters slept throughout the proceedings, Marie waking with a lusty yell when adhesive tape was removed which had bound a radium container to her leg. For the "operation," performed by Doctors Howard and Edmund Kelly of Baltimore, Md., consisted of exposing the tumorous growth to radium emanations.

A score or more of French-Canadian farmers and their wives, sons, and daughter had gathered in their Sunday best outside the wire fence that shuts off the nursery-farmhouse from the road. Solemn-faced motorists scattered dust on the rutty-one-lane road from Gallard to Corbel as they passed leaning out to get a look at the most famous farm-house in the world. All were as unconscious of

what was going on within as were the sleeping quintuplets themselves.

## \$60,000 Worth of Radium

Dr. Edmund Kelly had brought from Baltimore a lead casket the size of a man's fist. It held emanations from one quarter of a gram of radium—\$60,000 worth in gaseous form.

Handling the casket gingerly, Dr. Kelly extricated the bases, confined them in a brass case. Marie was lifted by Nure De Kiriline out of her incubator to what had been the Dionne's dining-room table. Adhesive tape bound the brass case to Marie's leg over the tumor. Then the nurse promptly returned the baby to her incubator and sleep.

At the end of 44 minutes, Dr. Edmund Kelly looked at his watch and issued a crisp order. Tenderly Doctors Howard Kelly and Dafoe removed the adhesive tape that held fast the brass case.

Marie opened her mouth and shrieked, moving her grandfather, Oliver Dionne, who was loading wood into the stove in the next room, to remark:

"She's got good lungs, anyway!"

Dr. Edmund Kelly, son of Dr. Howard (together they run a radium hospital in Baltimore) described the tumor in the medical term "angioma," a growth resembling a birthmark, liver-colored, and a little more than an inch in diameter. A relatively rare growth, it has been spreading rapidly, and it had been agreed that immediate treatment was necessary. But now it is believed that a few more similar treatments will insure Marie against danger from the breaking of the tumor.

The quintuplets' future should be assured. Celebrating the two-month victory, the guardians announced plans to launch a subscription fund to be placed in trust for the babies. The Red Cross plans to build this fall a miniature but modern hospital near the Dionne home, and to assume the cost of medical care, food and clothing. Dionne has had offers of an adjustment on his mortgage.

Mrs. Dionne has virtually recovered her normal health and strength. The future, which must have loomed crushingly over them as they looked down on the five tiny forms in the clothes-basket, now looks hopeful and even rosy to the Dionnes.

**POULTRY**  
CHICAGO, Aug. 8 (AP)—Poultry steady, hens 4 1/2 lbs up, 14; under 4 1/2 lbs, 12; leghorns hens 9; rock fryers 16-18; colored 15; rock broilers 13 1/2-14 1/2; colored 13, barebacks 10-12, leghorn 13 1/2; roosters 9; turkeys 10-14; spring ducks 8-12; old 8-9; spring geese 8, old 7.

## Hanging Of Boy At Goose Creek Is Investigated

GREENVILLE, Aug. 8 (AP)—A mother and son were killed, another son is believed dying, and five other persons including three other children of the dead woman were injured near here early today when the car in which the eight were riding struck a concrete bridge.

The dead: Mrs. O. C. Byers, about 38 years old.

Ray Bale Byers, 3 years old.

The injured: O. C. Byers, 12, not expected to live. J. H. Romack, father of r.m.s. Byers, probable internal injuries. R. H. Romack, son of J. H. Romack, and driver of the car, probable internal injuries.

Murray Horace Byers, 10, scalped, but believed to have a chance to recover.

Margaret Rose Byers, 8, and Joe Dan Byers, 5, thought not to be seriously injured.

Although a doctor said the lad had been dead at least six hours, P. A. Nunn, foreman of the lumber yard, stated he was in the yard some two hours before and the body was not there at that time.

When Charles left home early yesterday, he was wearing a white shirt and a pair of long trousers over a bathing suit. When found dead, he was clad only in the bathing suit and his clothes had not been located.

The boy's father, C. M. Cox, advanced two theories as to how he might have met his death.

"Charles was a very bright boy and had an inquiring sort of mind," Cox said. "If he saw something that excited his curiosity he would investigate. If he saw a man in a car, often times he would go look the man over."

"It is just barely possible he saw some desperados dividing loot or stripping a car and went to look them over. They might have decided that a dead boy would tell no tales, and killed him."

"My other theory is that some other boys might have been teasing Charles and carried it too far and accidentally killed him. When they found he was dead they ran away, frightened."

**Bancroft Is In Predicament, Says Superior Judge**

LOS ANGELES, Aug. 8 (AP)—In the words of the court, George Bancroft is in "a very serious predicament" today, accused of having married his present wife while still wed to a woman who claims he never divorced her.

Bancroft, portrayer of two-listed screen roles, was brought into court yesterday by Mrs. Emma Bancroft, who seeks temporary alimony of \$1,000 a month pending trial of her separate maintenance suit.

The actor testified he is certain he was divorced shortly before he married his present wife, Mrs. Octavia Bancroft, but added he did not remember where, when or on what grounds the decree was granted. Bancroft and his second wife have a daughter, Georgette, 17.

"It is, indeed, a very serious predicament in which Mr. Bancroft finds himself," Superior Judge Dudley Valentine commented at the end of the hearing.

## Mother And Son Killed In Wreck

GREENVILLE, Aug. 8 (AP)—A mother and son were killed, another son is believed dying, and five other persons including three other children of the dead woman were injured near here early today when the car in which the eight were riding struck a concrete bridge.

The dead: Mrs. O. C. Byers, about 38 years old.

Ray Bale Byers, 3 years old.

The injured: O. C. Byers, 12, not expected to live. J. H. Romack, father of r.m.s. Byers, probable internal injuries. R. H. Romack, son of J. H. Romack, and driver of the car, probable internal injuries.

Murray Horace Byers, 10, scalped, but believed to have a chance to recover.

Margaret Rose Byers, 8, and Joe Dan Byers, 5, thought not to be seriously injured.

Although a doctor said the lad had been dead at least six hours, P. A. Nunn, foreman of the lumber yard, stated he was in the yard some two hours before and the body was not there at that time.

When Charles left home early yesterday, he was wearing a white shirt and a pair of long trousers over a bathing suit. When found dead, he was clad only in the bathing suit and his clothes had not been located.

The boy's father, C. M. Cox, advanced two theories as to how he might have met his death.

"Charles was a very bright boy and had an inquiring sort of mind," Cox said. "If he saw something that excited his curiosity he would investigate. If he saw a man in a car, often times he would go look the man over."

"It is just barely possible he saw some desperados dividing loot or stripping a car and went to look them over. They might have decided that a dead boy would tell no tales, and killed him."

"My other theory is that some other boys might have been teasing Charles and carried it too far and accidentally killed him. When they found he was dead they ran away, frightened."

**Bancroft Is In Predicament, Says Superior Judge**

LOS ANGELES, Aug. 8 (AP)—In the words of the court, George Bancroft is in "a very serious predicament" today, accused of having married his present wife while still wed to a woman who claims he never divorced her.

Bancroft, portrayer of two-listed screen roles, was brought into court yesterday by Mrs. Emma Bancroft, who seeks temporary alimony of \$1,000 a month pending trial of her separate maintenance suit.

The actor testified he is certain he was divorced shortly before he married his present wife, Mrs. Octavia Bancroft, but added he did not remember where, when or on what grounds the decree was granted. Bancroft and his second wife have a daughter, Georgette, 17.

"It is, indeed, a very serious predicament in which Mr. Bancroft finds himself," Superior Judge Dudley Valentine commented at the end of the hearing.

## Kidnap Threat Author Is Held

NEW YORK, Aug. 8 (AP)—The Lindbergh law was invoked today against a former chauffeur for Col. Henry Huddleston Rogers after an extortion plot against the Standard Oil millionaire was balked.

The chauffeur, John Cvaniga, 36, a native of Pueblo, Colo., was arrested last night when he called for a suitcase he believed to contain the \$10,000 demanded on threats of violence to Colonel Rogers' third wife.

Lieut. Charles E. Neuman said Cvaniga confessed to writing the two letters which directed Rogers to leave the money in a suitcase at the shop of an innocent tailor.

**CHICAGO GRAIN**  
CHICAGO, Aug. 8 (AP)—New soaring of all grains to fresh high price records for the season resulted today from late waves of commission house buying that swallowed up profit-taking sales.

Crop damage reports were sensational, with the government weekly summary indicating the nation's corn crop was practically a failure over a wide area. Continued abnormal heat and acute drought were shown to be making severe additional inroads, suggesting the Washington general August report would show the 1935 corn yield to be more than 450,000,000 bushels below official July figures.

GOOD FOR YOU  
AT 10-5¢  
2 AND 4

You can feel lower than a bass fiddle and within five minutes you'll hit high "C." Just drink a bite to eat—a cold, frosty Dr. Pepper—and feel those calories do their stuff. It's not exactly magic; and yet...

## ELLSWORTH VINES, JR. — and then he Smoked a Camel!

AFTER 5 HARD SETS—

**YOU'LL enjoy this pleasing "Energizing Effect"**

When you've used up your energy at work or play—smoke a Camel and notice how soon you feel your flow of natural energy snap back.

This experience, long known to Camel smokers, has now been confirmed by a famous New York research laboratory. Camel smokers enjoy a positive "energizing effect" ... a healthful and delightful release of natural, vibrant energy. Millions have found this to be true. A typical Camel experience is this, Ellsworth Vines, Jr. speaking— "Championship tennis is one of the fastest of modern sports. After four or five sets, you sometimes feel that you just can't take another step. That's when a Camel tastes like a million dollars. Not only does the rich, mellow fragrance appeal to my taste, but Camels have a refreshing way of bringing my energy up to a higher level. And I can smoke all the Camels I want, for they don't interfere with my nerves."

So, whenever you want a "lift," just smoke a Camel. You can smoke them steadily. For the finer, MORE EXPENSIVE TOBACCOS in Camels never get on your nerves.

Camels are made from finer, MORE EXPENSIVE TOBACCOS—Turkish and Domestic—than any other popular brand.
