PAMPAN STABBED TO DEATH; WIFE HELD

Twinkles You can compliment those New Mexicans for taking an interest in their state government. In fact, to judge from the size of the votes in some areas, you apparently should give due credit also to the sheep and goats.

Over here in Texas you hear it said that the people just vote in every third election and that then they are usually wrong.

There are at least two reasons for wishing to live a long time. One is to see the tail-end of this depression and the other is to say "I told you so" when the folks of 1936 fail to heed warnings based upon recent experience.

It is our opinion that we still have flappers but that we've been too busy thinking about politics and economics to give them any attention in the public print.

This is a peculiar section—just about a many socialist and communist votes in many places as republican. You view-with-alarmists ought to get a few explosives out of that.

Musing of the moment: Have you solved the problem we gave you in this column several days ago? We have four solutions to date, all of them equally plausible. The answer but we're not guaranteeing all the steps taken in the solution. We'll begin printing the solutions tomorrow, so get yours in the mail tonight or bring it to 'The News.' This is a gasoline center, but we presume it isn't treason to suggest that a brisk walk in these fine mornings or evenings would do anyone good.

Brevitorials SUCCESS of federal officers in solving kidnappings and apprehending gunmen has aroused some curious comments. There are those who condemn the "federals" for shooting notorious killers on sight. In some instances this is merely an outdoor show of manly strength. There were once persons who depicted similar direct action taken by cattlemen against cow and horse thieves. But most of the criticism is based on jealousy. Deplorable enforcement of criminal statutes involving much petty politics as any department of government.

LAW ENFORCEMENT involves much back-passing. There is a danger that local authorities will neglect their major duties under the guise of "let the federals do it." The department of justice is using young law-trained men as man hunters. This unique system was instantly derided by veterans of law enforcement, but with a general attitude of "let it be and a minimum of pay off," the department is proving the value of its plan.

AT BEST, the federal officer can hope only to attack the major crime problems in their more flagrant aspects. The most serious and should remain predominantly local. And what community does not have an enforcement problem with regard to the liquor question? There is little or no diligence in apprehending the leading offenders. Well-advised operators of so-called "nuisance" are careful to keep themselves separate from the background of management to confuse juries and make it almost impossible to obtain. The law is already jumbled by frequent revision and numerous amendments. The law was again complicated by the passage of the 32 beer act. Add all these things and you get chaos. Mix in public indifference and unwillingness to become prosecuting witnesses and you have legal impotency plus chaos. Consider the power of the cellar in the liquor business, the influence, legal and otherwise, and you have the reasons for the chaos. 'Joins' are springing up like mushrooms all over the country and will continue to increase proportionately with return of greenbacks in circulation. The only remedy for the liquor question except in the minds of the people. For, after all, folks get about what they want, any time, anywhere, regardless of statutes. It follows that effective law exists in the form of public opinion more than on paper and ink.

WITH RESPECT to general laws and ordinances, peace officers cannot plead lack of public support. No one wishes to be hit by a reckless driver or robbed by a burglar. Officers can be diligent and cooperative in the enforcement of laws, but they can be clamorous, non-cooperative and ineffective. To listen to some officers is to get the idea that no well known thing ever comes through this city. Yet the "underworld" folk know better. One of the offenses of peace officers is failure to devise effective means for carrying on consecutive and continuous investigations.

ANY NEWSPAPER man can give an example like this: A burglar is reported by a citizen at 11:45 p. m. An officer or two investigate in the sense that they go to the house, look up and down an alley, drive around a few minutes, and hurry back to the station to await another call or make their beat. With the dawn they go home. Mr. Citizen (See COLUMN, Page 5)

NEW PREMIER OF FRANCE IS SIX FEET SIX

FLANDIN TAKES POST AFTER M. LAVAL REJECTS

BY STUART MORONEY, Associated Press Foreign Staff. PARIS, Nov. 8 (AP)—French politics tossed Premier Gaston Doumergue into the discard today and Doumergue's minister of public work, Etienne Flandin, agreed to form a new French government and serve as premier.

He accepted his task at the request of President Lebrun who previously had offered the premiership to the neutral in French politics, Pierre Laval, the resigned foreign minister. Laval, however, refused the task.

The powerful Flandin who stands six feet, six inches tall, was smiling as he left the Elysee palace. He was well dressed, his silk hat was cocked at a slight angle.

He said he would talk with friends before formulating a list of ministers and would make his definite report to the president later in the day.

The French public, fearful of a repetition of the riots which brought the Doumergue government into being, watched the rapid succession of events with nervousness.

Doumergue had based his rule on the idea of a "political truce" and Lebrun had called upon Laval in an effort to salvage that type of government.

But the refusal of Laval, the avowed enemy of payment of the French war debt to the United States, was regarded as irrevocable. Doumergue's resignation, forced as it was by the refusal of Edouard Herriot, minister without portfolio and leader of the radical socialists, and five other ministers affiliated with him to cooperate, left the statesman disillusioned and disheartened.

He immediately issued a brief appeal to the people in an effort to preserve the peace of the country. "I have been led to abandon power. I beg all my fellow citizens, in behalf (See PREMIER, Page 6)

MAYOR BRATTON MAKES APPEAL FOR RED CROSS

MAYOR W. A. Bratton, one of the first residents of Pampa to enroll this year as a member of the American Red Cross, today issued a proclamation in which he appealed to the local citizenship to support the national organization in the annual "Roll Call" which opens on Armistice Day and extends through Thanksgiving. The proclamation follows: "As Mayor of the city of Pampa I feel it my duty and privilege to call public attention to the eighth annual membership campaign of the American Red Cross which is to be conducted here between Armistice Day and Thanksgiving, November 11 to 20.

"The Red Cross is solely dependent upon individual backing. Lack of this support the organization would be unable to carry on its noble work during disasters among War Veterans, in the health field, first aid, life saving, and its numerous other tasks which have been greatly increased in the last five years of our country's history.

"Every citizen can answer the Roll Call appeal, this community challenge with assurance that each contribution to this cause will be treated by the Red Cross as a trust fund of the public."

Parent-Teacher organizations of this community have endorsed the work of the Pampa chapter, headed by Alex Schneider, and have agreed to furnish 70 workers to canvass the residential sections of the city.

The Pampa chapter recently appropriated \$200 to buy clothing and shoes for the particularly needy school children. The chapter also has been active all year in distributing federal flour and clothing here. (See RED CROSS, Page 6)

Held as Spy

Seized as a spy at Munich, Germany, because she was carrying a camera while watching Nazi storm troop drills in territory forbidden to the public, Helen Lyster, art student of New Rochelle, N. Y., reported on release that she had been compelled to undress and submit to search by a police matron during nine hours detention.

MUSEUM NUDITY BECOMES ISSUE IN VANDY TRIAL

Lawyer Says Objects d'Art Disqualify Mrs. Whitney

NEW YORK, Nov. 8 (AP)—Like portraits making faces at their creator, statues and paintings are principals today in the Whitney-Vanderbilt guardianship fight.

The collection is in the Whitney Museum of American Art, an institution founded by Mrs. Harry Payne Whitney, from whom Mrs. Gloria Morgan Vanderbilt is trying in supreme court to get her daughter, Gloria, 10-year-old heiress, to millions.

In answer to charges that Mrs. Vanderbilt is not a fit mother for the child, her attorney, Nathan Burkan, points to the works of art as evidence of her eternal soul and carved in durable wood, that Mrs. Whitney can not be the proper person to rear little Gloria, her niece.

Burkan objects to the nudes in Mrs. Whitney's museum. He thus objects to many of the institutions' exhibits.

For the museum is much like any other gallery in this respect. It is, however, rather unique in that here classicism and modernism meet. To step from one exhibition room into another is to pass through time as well as space, from century to century.

Among Greece looks through the stone eyes of an Athenian youth as the wooden face of an American president today in Mrs. Whitney's museum.

Gracing the inner portals of the place are statues of two wood nymphs. On pipes a tangle of ditty on an apple edition of a mouth open. The hands are reaching eagerly the hands of grapes which she will revivitate. Of course, this statue is undraped, since it is an invariable notion of sculptors that grape-eating is best done without benefit of clothing.

Two of Mrs. Whitney's own works are on view. One is a head the head of a man with thin lips and austere visage. The other is a full-length statue of a woman, somewhat anemic-appearing and decorously dressed.

There are the usual paintings of nudes—of persons upon whom obesity has descended in the all-covering manner of a landslide. Sandie-Lubbock Game Tickets To Be Sold Friday

LATE NEWS

WASHINGTON, Nov. 8 (AP)—An increase of 191,000 bales of the cotton crop since October 10 was reported today by the agriculture department. The crop, forecast at 9,531,000 bales as of November 1, is expected to be about 8,412,000 bales less than last year and 5,032,000 bales below the 1928-1932 average.

OKLAHOMA CITY, Nov. 8 (AP)—A movement to repeal sections of Oklahoma's constitution prohibiting sale of liquors was put under way today when S. Lyster of Oklahoma City, filed a proposed initiative petition with the secretary of state.

NEW YORK, Nov. 8 (AP)—Ford A. Frick, head of the National League's service bureau since last spring today was elected president in succession to John A. Hessler, who was named chairman of the league's board of directors, a new office. Harvey Traband was elected secretary-treasurer.

KANSAS CITY, Nov. 8 (AP)—Capt. Eddie Rickenbacker, seeking a new transcontinental airplane speed record, messaged shortly after 1 o'clock this afternoon that he had passed over Goodland, Kas., 400 miles west of here.

Nobel Prize In Literature Won By An Italian

STOCKHOLM, Nov. 8 (AP)—The Nobel prize in literature was awarded today to the Italian author Luigi Pirandello.

Luis Pirandello, 67-year-old dramatist and novelist, was born on a country estate in Sicily, but went to Rome at the age of 19. Later he went to Germany and was educated at the University of Bonn. He taught in a girls' high school in Rome until 1923, but many years before began his literary career.

In 1920 he spoke of life as "a very bad piece of buffoonery." My art is full of bitter compassion for all those who deceive themselves, but this compassion cannot fail to be followed by the fiercest denunciation of destiny which condemns man to deception."

Pirandello's despairing outlook was reflected in many of his best plays. The United States he is best known for his "Six Characters in Search of an Author," which played in New York in 1922. "Florida's Wife," which played the following year, "Enrico IV," and "Right You Are If You Think You Are."

ENGLISH LEADERS DESERT U. S. STAND AND LINE UP WITH JAPS

LONDON, Nov. 8 (AP)—Naval circles expressed the belief today a British compromise proposal is not likely to meet the full approval of the Japanese delegates to the naval conversations.

While the Japanese declined to comment until a complete study is made of the plan, press reports from Tokyo indicated there was considerable opposition because the entire program of the Japanese was not accepted as presented.

Both the Japanese and the Americans however, regard the proposal of equality in principle as a great change of attitude on the part of the British, since the latter previously opposed equality for Japan and supported the American stand.

LEGISLATURE INDICATES IN VOTES IT IS KEEN TO APPROPRIATE CENTENNIAL FUNDS

BALLOTS OVERWHELMINGLY TO SUSPEND RULES TO CONSIDER BIRTHDAY TAX BILL

AUSTIN, Nov. 8 (AP)—The Texas house voted overwhelmingly today to suspend its rules to permit consideration of a bill to levy taxes for support of the Texas centennial at Dallas.

The vote, which came after a lengthy argument between opposing factions on the tax measure, was 107 to 32, more than 40 votes in excess of the two-thirds necessary to suspend a rule prohibiting action on house bills on second reading during the last 72 hours of the session.

Rescued From Cellar Dungeon

Weak from hunger and two weeks' confinement in the opium-laden darkness of the cellar dungeon in which the gang that smuggled them into the United States had concealed them, these Chinese youths are shown philosophically accepting their new status as prisoners of federal agents, who rescued them in a raid on a deserted mansion at Keyport, N. J. Three of the 18 men seized are pictured at Keyport before being sent to Ellis Island.

FEDERAL LOANS FOR NEW HOMES TO BE AVAILABLE IN JANUARY; PAYMENTS DUE TO EQUAL RENT

Borrower Is Required To Have Lot Or Some Cash

Details of the new home loan plan under the second and third sections of the federal housing act, as explained at Amarillo yesterday by Sen. R. A. Stuart of Fort Worth, Texas, and Sam R. Stivers of Port Worth, regional director, were heard by George Briggs of the B. C. D. J. S. Wayne and Olin E. Hinkle of Pampa.

The new loans for re-financing and new construction, are not likely to be available before next January but, when made, will be at the lowest interest rates for such projects in the history of the plains.

The borrower must have a lot or cash equivalent to 20 per cent of the home he wishes to establish. His income must be large enough and steady enough to make his monthly payments possible. Ordinarily, the intention will be to make his payments approximately what, under his normal standard of living, he pays for rent.

The loans, up to 80 per cent, may run as long as 20 years at rates (See LOANS, Page 6)

White House To Serve Wines At State Dinners

WASHINGTON, Nov. 8 (AP)—The White House will serve light wines at state dinners this season, the first time since prohibition days.

It must be light wine and American wine, in accordance with Mrs. Roosevelt's pronouncement on that subject when wine first became legal.

More than two wine glasses will be at each plate at any dinner. In making this statement to her press conference today, Mrs. Roosevelt said:

"With us it will be a very simple thing always, serving American wines to those who care for them." Her statement was in response to questions which followed the recent announcement of the annual White House social program.

That made certain the cabinet will be first to sample this hospitality, the diplomatic corps second.

selection of Dallas as the main centennial site on the ground it is lacking in historical tradition formed it "southern" and a "fraud," and "the greatest misrepresentation ever made to the house."

Rep. Joseph C. Greathouse of Fort Worth bitterly attacked the bill and termed it "southern" and a "fraud," and "the greatest misrepresentation ever made to the house."

BREAD KNIFE WOUNDS FATAL TO YOUNG MAN

MOTHER OF 2 CLAIMS HUSBAND ATTACKED HER AND TOTS

Nile Floyd Cheek, 25, was stabbed to death early last night at the home of his estranged wife in the Green Top tourist camp in South Pampa. Mrs. Cheek is being held in the city jail in connection with the stabbing.

The grand jury, meeting in its final session today, started an immediate investigation. No charges had been filed against Mrs. Cheek this morning.

Details of the stabbing have not been definitely established. Mrs. Cheek told officers that she and her two children had been attacked by her husband and that he took a knife from the kitchen table. She said she grabbed the knife when her husband laid it on a bed, and that when he attacked her again, she stabbed him.

The injured man was taken to a local hospital, where it was found that the knife had penetrated beside his heart, cutting an artery and blood vessels from which death resulted. The knife, in possession of officers, is a sharp-pointed bread knife with saw edge.

Mr. Cheek has been a resident of this county for the last five years. He was employed during that time at the Shamrock Refining plant south of LeFors, where he had made his home during the past year.

Mr. Cheek is survived by his wife and two children, Jimmie, 2 years, and Deores Bell, three months. Other survivors are his parents, Mr. and Mrs. M. A. Cheek of Cleveland, Okla., two sisters, Mrs. Zephah Shields of Hobbs, N. M., and Miss Lillian Cheek of Cleveland, and two brothers, O. V. Cheek and Wayne Cheek, both of Cleveland.

Rickenbacker Is Seeking New Speed Record In Flight

BURBANK, Calif., Nov. 8 (AP)—Seeking a new transcontinental speed record both for transport and speed planes, a huge transport plane with Capt. Eddie Rickenbacker in charge, took off from the Union terminal for New York at 5:42 a. m. (PST) today.

An official timer of the National Aeronautical association was present in order to make whatever mark is made by the plane official.

One stop was planned on the flight, that at Chicago where the plane will be refueled.

Besides Rickenbacker the plane carried two pilots and three passengers.

Cigarettes Stolen From Denver Car

A box car on the warehouse track at the Fort Worth and Denver station was entered last night and seven cases of cigarettes stolen. Six of the cases contained Lucky Strikes and the other case Old Golds. There were 70,000 cigarettes in the cases.

O. B. Chesher, special officer for the Fort Worth and Denver Railroad company, arrived here this morning to investigate the theft.

The seal on the car was cut. The door was located where it would be possible for a truck to drive near enough for the cases to be unloaded.

The particular car arrived in Pampa about 10:15 o'clock last night and was to have been unloaded this morning. Nothing else in the car was taken.

Borger's Spunky Footballers Will Play Here Friday

The Harvesters are well primed for their tussle with the Borger Bulldogs here at 2:30 o'clock tomorrow afternoon. Admission will be only 50 cents and holders of season reserve seat tickets will not have to pay extra for reserve seats to the game, the Athletic Association deciding to give the fans the extra game on their season tickets.

Little Buck Dunaway, all-district guard candidate, may be out of the game because of an attack of influenza. B. Stevens, a Borger tackle, may also be missing because of an injury received Saturday night when the Bulldogs defeated the Panhandle Aggie Fresh team from Edmond, Okla.

The Bulldogs do not have an impressive record this year excepting in the manner of their play. The red-clad boys have battled to the last minute in every game played this year and they are to be admired for their pluck. Regardless of how far they have been in the rear, the Bulldogs have always battled to put across the last touchdown.

A change has been made in the Harvester defense and will be used for the first time against the Bulldogs. Carl Smith, veteran guard, will back up the line and Bill Haner, center, will go into the line at Smith's position. Carl has been one of the outstanding figures in Harvester wins this season. His blocking has been exceptionally strong and his tackling has bordered on the phenomenal. He is expected to be powerful in the line, where his size will count more than in backing the line.

No other change has been made in either the Harvester offense or defense. Either Scott or Nix will start at left end in the line, with Normie Owens. It is probable that Fred Mumford will be able to start the game at right end. If he is kept out of the lineup, Walker or Stephenson will get the call. Mayne Nash will start at fullback. Harvester reserves will play as much as possible because of their need of experience. Coaches will rely much on reserve strength later in the season, hence they wish it experienced.

Probable starting lineup:

Pampa	Borger
Scott	LE Jones
Noblett	LT Gaiser
Smith	LG Dunaway
Haner	C Adams
Park	RG Propst
Green	RT B. Stevens
Bumford	RE Trotter
Hamilton	QB Brickell
Dunaway	LH Shaw
Mackie	RH Zumwalt
Nash	FB White

TRUCKS WOULD BE TRANSPORTED BY RAILROADS UNDER NEW PLAN

AUSTIN, Nov. 8 (AP)—A new plan of cooperation between railroads and truck companies with far-reaching benefits to each type of carrier may result from an important survey of the costs of such transportation just completed by the railroad commission.

The survey disclosed that for the 6-months period ending June 30, 1934, the average cost of operations to truck companies was \$14.495 cents per truck mile. It was made over representative lines between the principal cities of Texas.

"This survey has interesting information," said Ernest O. Thompson, a member of the commission. "It seems reasonable that a plan, based on this new information could be evolved whereby both railroads and truck companies would be greatly benefited."

LOTT REJECTS CONTRACT TO PLAY TENNIS

NET STAR DEMANDS 20 PER CENT OF GATE RECEIPTS

NEW YORK, Nov. 8 (AP)—The plans of sports promoter Bill O'Brien, to include the American Davis cup doubles team of George M. Lott, Jr. and Lester R. Stofen in his winter tour of professional tennis players went 50 percent askew today when Stofen rejected an offer of 12 and one-half percent of the gate receipts to quit amateur ranks.

Lott, generally recognized as the world's foremost doubles performer, just week signed a contract identical to the one Stofen turned down. Ellsworth Vines, a member of the touring troupe, came on from Los Angeles yesterday with a sealed envelope addressed to O'Brien from Stofen. It contained not one contract, but two.

The first document was O'Brien's, returned unsigned, and the other contract was drawn up by Stofen, who rated his services worth at least 20 per cent of the gross gate receipts.

His price is entirely too high and more than he is worth," O'Brien said. "I have returned the original contract to Stofen and sent him a telegram that he is signed next Tuesday night to return signed."

In the event Stofen doesn't come to terms with O'Brien, the promoter will cast a line for some other amateur to team up with Vines, Bill Tilden and Lott.

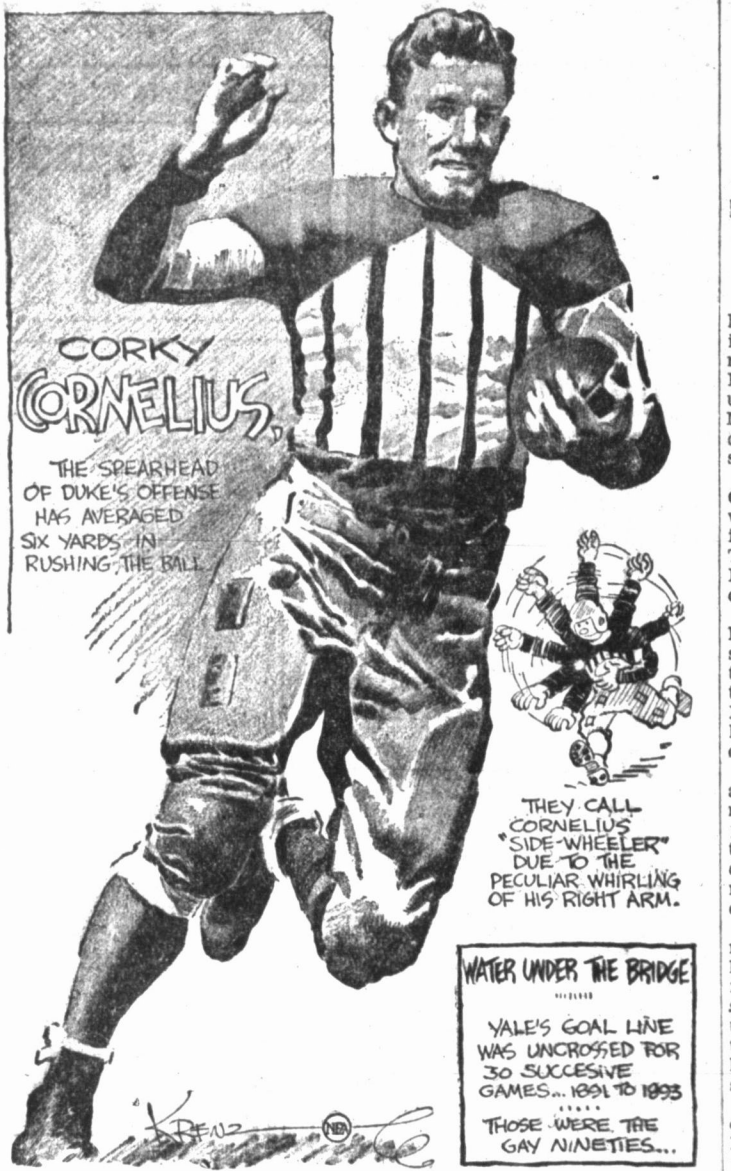

The players most likely to be sought will be Bryan (Bitsy) Grant.

INTERSECTIONAL GAMES WILL FEATURE TILTS IN WEEK-END

By HERBERT W. BARKER Associated Press Sports Writer NEW YORK, Nov. 8 (AP)—Intersectional games, show just about everything else off the football map this week. For instance—

In the Yankee stadium, Tulane and Colgate, powers in the south and the east, respectively, will get together in what may develop the most spectacular milling of the day. "Little Preacher" Roberts' long touchdown jaunt ruined an otherwise perfect season for Colgate last year. This time Tulane will bring another all-star array, headed by the great triple-threat back, Monk Simons, hopeful of repeating and keeping intact a winning streak that so far has reached six victories.

NAME COACHES FOR FATS' AND LEANS' TEAMS

MAYOR OF KINGSMILL AND BUCKLER SELECTED

Oyez! Oyez! Oyez! All fat and lean business and professional men in Pampa are ordered and commanded to register for the Fat and Lean football game to be played under the lights at Harvester field November 16. Proceeds from the big contest will go to the A. A. U. W. scholarship fund.

The fats are to get in touch with Coach C. E. "Dan" McGrew, who will establish the fat team for registration at Harvester drug. The Thins will register with Coach C. P. Buckler at the White Deer Land company.

Coach McGrew, graduate of K. K. (Kingsmill Kristian Kollege) has selected Neal Bean, former star at the Boston Cooking school, to captain the portly gentlemen. Coach Buckler, old Hoxford college star, has named H. H. Hicks of Molar college to lead the skinny crew.

The first round gentleman to register was a newcomer to Pampa. He was Herbert Hake, a well known figure with Continental Supply school of parts. Then waddled into the registration headquarters none other than Otto Studer of Misdemeanor high. He was followed by Ed Bissett of Skelgas academy.

The Thin boys also started gathering yesterday with Lynn Boyd of Piney Woods seminary leading the way.

Diagrams of Danger—No. 6

No one is more active in the campaign to persuade the automobile driver to exercise the care, courtesy and common sense which will reduce the appalling number of accidents than Motor Vehicle Administrators. They know the facts. Ten of them, officers of National and Regional Associations, have described the most common driving and pedestrian faults.

By RUSSELL BEVANS Registrar, Department of Motor Vehicles, California. Vice-President, Region No. 4 of American Association of Motor Vehicle Administrators.

THIS is the day of high speed cars and many of them; so the children of our nation have no business playing in the streets and roadways. It means death and injury to them, grief to the parents, sorrow to the neighborhood.

True, it is said, the youngsters must play somewhere. We all know that to be the case for we have all been children. This fact only makes the problem trebly serious, particularly in the cities.

The first problem is that of the parents who must work out a scheme to keep their youngsters off the streets and on the sidewalks at all times. Second, there is the problem of the authorities who must work out a plan whereby proper playgrounds are provided for city children. Third, there is the problem of the motorist who must realize that despite all laws

TEXAS ATHLETES PRAISED IN POEM BY SPORTS AUTHORITY

Texas has come before the eyes of Grantland Rice, well known sports writer and columnist, in such a manner that he had turned poet. T. D. Hobart, pioneer Pampa resident, yesterday received a letter from his old friend, Fred Howland, president of the National Life Insurance company at Montpelier, Vermont, containing a poem which appeared in the Montpelier paper.

The poem is called "The Cotton-Wood Trail" and tells about the accomplishment of Texas athletes and Texas football teams.

THE COTTON-WOOD TRAIL
What's that wild prairie fire sweeping from the west,
Scorching all the landscape as the sun goes down?
Blistering the sporting page and meeting every test,
Reaching for the kingdom and the glory and the crown?
There's a Texas norther and it's roaring through the laud,
Starting on its journey from the rolling Rio Grande!

LEFORS STAR TO BE MISSING IN McLEAN GAME FRIDAY EVE

Another Regular Scheduled to Move to Arkansas Today With His Family.

There was nothing but gloom in the ranks of the LeFors Pirates yesterday afternoon when it was learned that "Midge" Morgan, fleet halfback and No. 1 scoring threat on the team, would not be available to play against the McLean Tigers Friday night. Morgan, and Thomas, substitute center, were called to East Texas yesterday by the death of a relative.

DEVENS WILL OUT DIAMOND FOR SOCIETY

FIANCEE OBJECTS TO PLAYING BALL FOR A LIVING

BOSTON, Nov. 8 (AP)—Some frosty morning in the not too distant future the mail basket of Ed Barrow, business manager of the New York Yankees, probably will contain a letter stating that Charlie "Hasty" Devens, his "broader" enunciating pitcher, has decided to resign from professional baseball and resume his place in Boston society.

For the word is going about the clubs, not only the ultra hasty pudding but also the tennis and racquet, that Charlie's fiancée, the grand-daughter of a Massachusetts governor, and her blue-blood connections frown upon his present methods of earning a living.

During a recent society wedding, where Charlie was an usher, friends of Rio Vista's fiancée, of Croton and Harvard backed him and his bride-to-be in a corner and teased her into stating that "Charlie will get into banking after we are married."

Their ceremony has been assigned to an early December date on Boston's social calendar but, according to reports from State street, Charlie has lost no time plunging into banking. The financial district scouts have it that Charlie has already started in one of the mightier banking institutions that specialize in Harvard men. And to show that Devens is astute in a financial way, consider his original Yankee contract.

Just to get the signature of this Boston scion cost the Yankees \$10,000. Charlie got \$5,000 more in salary and a \$5,000 world series cut pulled his income for three months up to \$20,000. In addition, the Yankees had to keep Devens with them, in comparative idleness, all season for his first-year contract forbade his removal to a farm.

Rio Vista Bank Robbed Of \$300

CLEBURNE, Nov. 8 (AP)—The bank of Rio Vista was robbed of about \$300 last night by six men who held Night Watchman Pat Aikens captive while they broke into the place.

Aikens was bound and one man guarded him while the others carried out the robbery. The robbers left Aikens tied but freed himself in a short time and gave the alarm.

Gorillas Not To Play This Week

The Pampa Gorillas will not have a game this week, Coach Harry Kelley announced this morning. The game with the Amarillo Yarnigans, scheduled yesterday, was called off this morning because of injuries to Gorilla players.

EDITORS TO MEET

AMARILLO, Nov. 8 (AP)—Managing editors of Associated Press newspapers in Texas will gather here Nov. 25-26 for their annual business session. Dean Chenoweth of the San Angelo Standard, president of the group, will preside at the meeting. T. E. Johnson of the Amarillo Globe and News said arrangements have been made to stage a barbecue for the editors in Palo Duro canyon the afternoon of Nov. 26.

SEVEN MILLION BALES GINNED BEFORE NOV 1

ONLY TWO MILLION ARE GINNED IN TEXAS THIS YEAR

WASHINGTON, Nov. 8 (AP)—A cotton crop of 9,634,000 bales of 500 pounds gross weight each was reported today by the department of agriculture as being indicated by conditions November 1.

WASHINGTON, Nov. 8 (AP)—Cotton of this year's crop ginned prior to November 1 was reported today by the census bureau to have totaled 7,920,231 running bales, counting 142,430 round bales as half bales and excluding linters. Indications a month ago were for a crop of 9,443,000 bales, while two months ago a crop of 9,252,000 bales was indicated.

Production last year was 13,047,262 bales. Two years ago 13,003,000 bales were produced and in 1931 production was 17,495,000 bales. The indicated yield of lint cotton per acre this year is indicated as 168.3 pounds, compared with 155.9 pounds a month ago, 208.5 pounds in 1933 and 169.9 pounds, the average acre yield for the years 1923-32.

Ginnings by states, in running bales, with comparative figures of the quantity ginned to November 1 last year in parenthesis, follow: Alabama, 845,178 (861,304), Arizona 56,171 (31,408), Arkansas 741,720 (791,117), California 189,038 (51,001), Florida 23,289 (23,375), Georgia 826,267 (994,971), Louisiana 456,391

President Back In White House

WASHINGTON, Nov. 8 (AP)—President Roosevelt returned to the capital this morning from his ancestral home at Hyde Park, N. Y., where he had gone to cast his ballot in Tuesday's election.

Three hundred well-wishers were at the station to greet the chief executive when his special train pulled in from the overnight run through New York, Pennsylvania, and Maryland.

White House cars met Mr. Roosevelt and he went immediately to the executive mansion, ready to plunge at once into the problems confronting the administration which was so overwhelmingly endorsed in the off-year election. One of his first engagements was luncheon with Senator Robert M. LaFollette, Wisconsin progressive. It was believed that the relief question would be discussed.

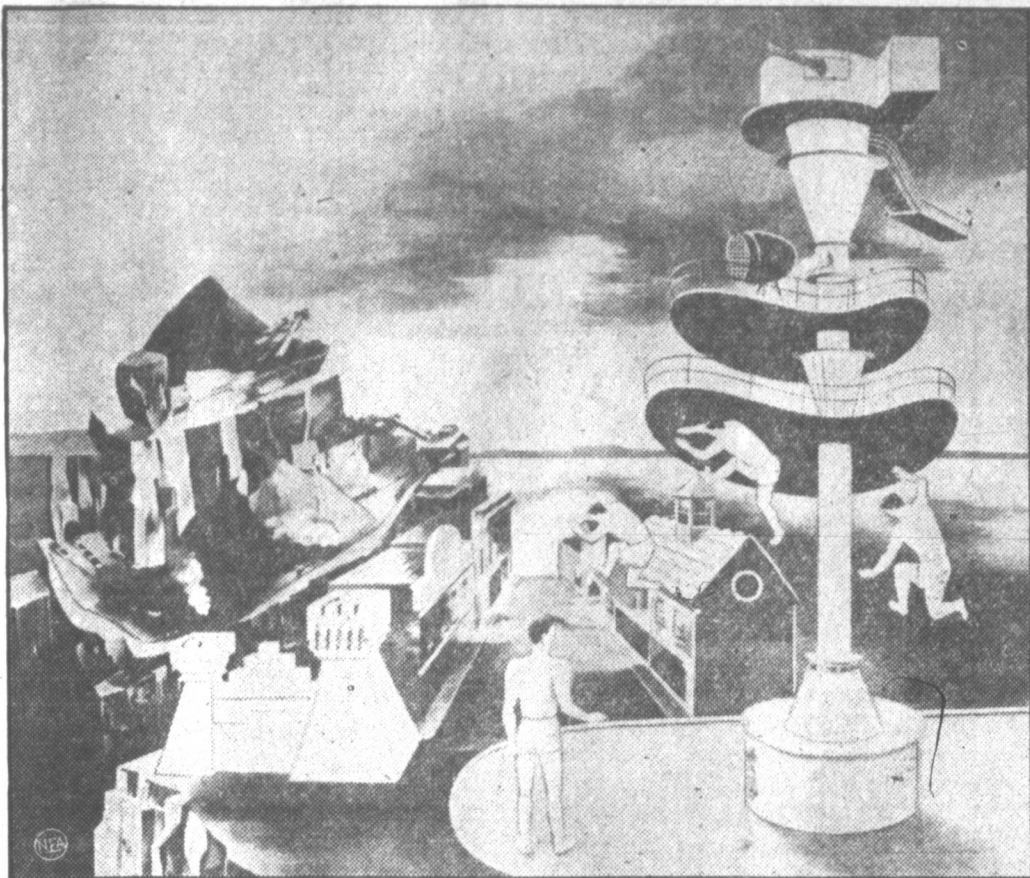

The president also had before him such immediate problems as next year's budget and emergency expenditures. To these he was expected to give renewed attention before departing about mid-November for his annual fall holiday at Warm Springs, Georgia.

MAY DROP SERIES

MEMPHIS, Tenn., Nov. 8 (AP)—The annual "Dixie Series" between the champions of the Southern association and the Texas league may not be resumed next year. A five-year contract between the two baseball leagues, from 1929 through 1934, has ended.

(439,010, Mississippi 1,016,261 (991,872), Missouri 178,116 (139,794), New Mexico 63,924 (49,948), North Carolina 388,272 (373,174), Oklahoma 237,967 (939,906), South Carolina 506,069 (631,015), Tennessee 308,960 (287,361), Texas 2,054,968 (3,517,918), Virginia 18,249 (25,552), all other states, 10,300 (6,308).

Sprightly Steelmen Skip Into Art Spotlight

Flying through the air with the greatest of ease (without any need for a flying trapeze) these shorts-clad men are the newest sensation of the art world. Pete Blume, Russian-American, painted them and won first prize (and \$1500) in the 32nd international

exhibition at Pittsburgh. Few, even among trained critics, have been bold enough to guess what the picture means, though Blume hints it portrays his impressions during an auto trip south from Scranton, Pa. The cavernous mine shafts, the bleak street, and

the armor-plate battleship most form a grim background for the white-clad leaping figures. It is all very impressionistic, or abstract, or surrealistic, or something, say art critics.

goes downtown. He mentions his loss. Headquarters of peace officers is queried. A note, jotted sketchily on a pad, may tell about a call to Mr. Citizen's home. That is all. The day officers in some instances, won't know anything about details of the burglary until the night force, having slept, returns to duty. Such laxity is inexcusable but is so prevalent over the country that only occasional efforts are made to instill the proper discipline and compel cooperation. Political favoritism is partly the cause. Lack of a merit system for rewarding real students of crime is another.

Jean Harlow To Divorce Rosson

HOLLYWOOD, Nov. 8 (AP)—Jean Harlow, the screen's platinum blond, said today she plans to sue her estranged husband, Hal Rosson, ace cameraman, for divorce "in the near future."

"Hal is a grand person, but we simply were not suited to each other," Jean said. Miss Harlow married Rosson, who directed the photography of most of her pictures, in a surprise elopement to Yuma, Ariz., last year. It was her third marriage. The union did not last long, however, and Rosson finally moved his belongings to a club.

Last spring Rosson was taken ill with infantile paralysis, but recovered and left for Europe. Miss Harlow has been in company of William Powell, screen actor, at many Hollywood parties and at sporting events, but friends of both say there is little likelihood of their marriage. Powell was divorced several months ago from Carole Lombard in Nevada.

"I'm not planning to obtain a divorce with the idea of marrying again," Jean said. "It's just the idea I think both of us should be free, since there is no possibility of a reconciliation."

Three Refineries Charged In Suits

LONGVIEW, Nov. 8 (AP)—Three East Texas refineries were named in seven suits filed in district court here yesterday by assistant attorneys general, charging violation of Texas railroad commission orders.

The suits, filed by H. D. Bishop and Edward Clark, charged violations of purchasing, handling and transporting and receiving oil products in excess of the commission's allowable.

The Locke Refining company of Gladewater was charged with transporting, purchasing and handling 7,551 barrels of illegally produced oil and with failure to make daily reports to the commission.

Charges of having bought, transported and handled untaxed oil in the amount of 13,868 barrels were filed against the Illinois Refining company. It was also alleged it had failed to make commission reports.

The Culver Refining company was charged with purchasing, transporting, and handling 10,854 barrels of untaxed oil and with violation of several state oil conservation laws.

ESCAPES DEATH SHANGHAI, Nov. 8 (AP)—General Chiang Kai-Shek, China's most powerful military and political figure, escaped death Nov. 6 when his train was bombed, it was learned today. He was traveling by railroad from Tating to Suiyuan in Shansi province on a tour of inspection when the bomb exploded, wrecking the last car of his special train, killing two guards, and wounding four.

Sinclair Will Try To Eject Party Bolters

SAN FRANCISCO, Nov. 8 (AP)—The die was cast today for a contest between Upton Sinclair's "epic" faction and old-line democrats for control of the party in California.

The former socialist, defeated by the republican Governor Frank F. Merriam in his bid for the governorship as democratic nominee, nevertheless gained a foothold in other state offices. Sinclair's chief campaign lieutenant, was elected to the state senate. "Epic" backers captured at least 17 seats in the assembly and one of the four places on the state board of equalization.

The former socialist, defeated by the republican Governor Frank F. Merriam in his bid for the governorship as democratic nominee, nevertheless gained a foothold in other state offices.

William B. Neblett, law partner of United States Senator William G. McAdoo, replied that the "democrats will repudiate epic." Sinclair countered "the democrats will repudiate Neblett."

Other Arrests Are Predicted In Robles Kidnaping

PHOENIX, Ariz., Nov. 8 (AP)—U. S. District Judge Clifton Mathews said today "I shouldn't be surprised if there are other arrests" in connection with the kidnaping at Tucson last April of little June Robles.

"It is reasonable to expect that the kidnaping of the Robles child did not operate alone, especially in the light of the little girl's statement that at least two men and sometimes a woman were among those who kept her hidden away for three weeks," Mathews said.

"If others were connected with the kidnaping, it is also reasonable to expect they will be arrested." Meanwhile, Oscar H. Robson, former Tucson dance hall operator, was held incommunicado in the city jail here, his arraignment set for Nov. 22. He was arrested in Phoenix yesterday, charged with sending extortion letters through the mails.

The decision to arrest Robson was made by the department of justice in Washington," Mathews said.

Noel Funeral To Be Held Friday

Funeral services for Mrs. Walter H. Noel, 21, who died suddenly Wednesday night while visiting here, will be conducted at 10:30 o'clock tomorrow morning in the First Methodist church with the Rev. Gaston Foote, pastor, officiating.

Burial will follow in Fairview cemetery in charge of the Pampa Mortuary.

Mrs. Noel, whose home was at Claude, died following a brief illness. Her parents, Mr. and Mrs. S. I. Prizzell arrived here from Durango, Colo., yesterday. Mrs. Noel is also survived by her husband and two children, E. J. and Duane, and two sisters and two brothers.

Pallbearers will be E. L. Burge, Chris Baer, E. E. Plank, I. B. Hughes, Charles Nicholson and Chester Nicholson.

Flowers will be in charge of Mrs. Walter Purviance and Mrs. C. E. Ward.

Flying Cadet And Texas Woman Die In Auto Accident

SHREVEPORT, La., Nov. 8 (AP)—Cadet R. H. Mueller of Girardeau, Mo., stationed at Barksdale field, and Miss Baudine Johnson, 22, of Atlanta, Texas, were killed in an automobile accident near Atlanta, Texas, yesterday.

Cadet J. E. Woodruff, also stationed at Barksdale field, near Shreveport, was injured and was reported in a critical condition at the field's hospital today.

Witnesses said the car in which the three were riding overturned at a sharp turn.

Miss Johnson died shortly after the accident in Texarkana hospital, while Mueller died in an ambulance on its way to the Barksdale field hospital.

Woodruff, whose home was in Corn City, Texas, and Mueller were here as flying cadets preparing for commissions in the air corps reserve as second lieutenants.

FLIES OVER TEXAS

KANSAS CITY, Nov. 8 (AP)—Capt. Eddie Rickenbacker, who took off from Burbank, Calif., at 5:42 a. m. (Pacific coast time), today, in an attempt to set new transcontinental record for transport and speed planes, was reported flying high north of Amarillo, Texas, at 12:28 p. m. (Central standard time), in a message here received by the Transcontinental and Western Air Lines.

DELEGATES TO MUSIC EVENTS MAKE REPORTS

Treble Clef Club in Business Meet and Rehearsal

Reports of recent activity featured the monthly business meeting of Treble Clef club yesterday afternoon. Mrs. Alex Schneider, vice president, presided.

Delegates to the annual district convention of music clubs at Plainview gave their report of that meeting. Action taken at the last city club council was reported. The secretary and treasurer made their monthly reports.

The club accepted an invitation of the Amarillo McDowell club to be guests at a meeting soon.

Choral practice occupied a part of the meeting hour. Members received new music for winter programs.

Three new members, Mmes. Brunnett, Schafer, and Ebers, were present with Mmes. Harry Lyman, Philip Wolfe, F. Arthur, Harry Hoare, Walter Stein, Bob McCoy, Howard Neath, Frances Sturgeon, C. C. Dodd, A. N. Dilley, Sam Irwin, H. O. Roberts, and Miss Dorothy Dodd.

Dr. Thomsen to Speak at Church

All members of Presbyterian church are asked to be present this evening for a covered dish supper, address by Dr. T. Thomsen of Amarillo, and congregational meeting.

The supper will begin at 7 p. m. in the church annex. Dr. Thomsen will preside for the program and be the main speaker.

The morning, Mrs. C. H. Robinson will be in charge, assisted by Mrs. Harry Carlson. Baked foods for the Sunday dinner will be sold.

Madonna Class. An all-day "sewing bee" was planned by Madonna class of Central Baptist church at its business meeting Tuesday afternoon. Members are to meet at the church next Tuesday at 10 a. m., bringing needles, thread, scissors, buttons, and clothing which they will donate to the needy.

They will work to make and re-

CHAPEL TO END VISITING WEEK FOR PARENTS

Sam Houston Pupils Announce Program For Friday

Closing their education week observance, pupils and teachers of Sam Houston school invite parents to visit their chapel program Friday at 1 p. m.

A special program has been prepared with all numbers taken from extra-curricular work in the school. The occasion is sponsored by the Parent-Teacher association. Numbers are to be presented as follows:

Why We Have National Education Week, Vontell Alexander, Education, Betty Ann Culberson. Song, School Days.

Piano solo, Bertha May Willis. Harmonica number, Londean McKay.

Art number, drawing of characters from comic page, Mary Jane Davis.

Play, The Flu, with Ted Roberts as the doctor and Willa Dean Ellis as the mother.

Thrill Drill, A. L. Patrick Jr., Tommy Lennon, Weldon Hill.

Supervised play numbers, Mrs. John Bradley's pupils.

Tap dance, Bonnie Lea Rose. Health drill, Rules for Eating, fourth grade boys.

Education drill, fourth grade girls.

Primary Students At Baker Present Education Program

First, second, and third grade students at B. M. Baker school presented an education week program yesterday. It started with a talk on national education week by Josephine Kincheole, a pupil of Miss Cleo Snodgrass' room.

Other numbers follow: This Little Piggie Went to Market, in song and rhythm by Miss Clarie Fuller's room.

Playing School, Miss Martha Wulfman's room.

The Squirrel Loves a Merry Chase, and Books Are Windows, songs by Miss Wilma Perkins' room.

Our School, playlet by Billie Ruth Kelley, W. A. McNeely, and Herschel Brown.

Accordian solo by Ernestine Holmes, from Miss Bernice Larsh's room.

Indian Lullaby, Mrs. B. G. Gordon's room.

Piano solo, La Vonne Comstock. On the Way to School, and Twenty Froggies Went to School, by Julia Shackelford's room.

Dramatization of The Three Bears, in song, Miss Angeline Dubbs' room.

Parents See Work Of Woodrow Wilson Pupils at School

Today has been observed as special visiting day for parents at Woodrow Wilson school, where a number of visitors have been welcomed through education week.

Pupils had a number of projects ready for inspection by their parents.

Yesterday afternoon the fourth grade English class with Miss Katherine Simmons, teacher, climaxed their study of transportation methods with a trip to the railroad station and inspection of a train.

One of the most interesting projects is the manufacture of miniature stage sets in cardboard boxes, for plays studied in English classes. The stage settings are made in art classes.

MRS HOLLAND HONORED WITH CLUB LUNCHEON

OCTOBER BRIDE GIVEN PARTY AT MAYFAIR MEMBERS

Mrs. Arthur Holland, who recently returned from a trip to Mexico following her marriage last month, was honored at a luncheon given by her club members Tuesday at the home of Miss Margaret Buckler.

As Miss Ruth Ann Mitchell, the bride has been a member of this bridge club for several years.

The luncheon table was appointed in blue, gold, and white. White and gold chrysanthemums and tulle roses formed the centerpiece. Place cards were decorated with figures of the bride and groom, with heads cut from snapshots and bodies sketched by a member of the club. The menu was in white and gold.

Places were laid for Mmes. Holland, Arthur Swanson, Clyde Fatheree, Edward Damon, W. J. Smith, T. R. Martin, Lynn Boyd, Julian Barrett, P. O. Sanders, John Sturgeon, LeRoy Miller; Misses Virginia Faulkner and Buckler.

Budget Advice Is Given at School For Home Makers

A budget plan in the hand is worth twice the money in the purse, according to Beulah Mackey Yates, nationally known authority on food and home economics, whose charming personality will be the leading feature of this newspaper's Happy Kitchen cooking school on Nov. 19, 20, and 21.

Accurate division and planning for spending the income, be it large or small, means fewer expensive mistakes, says Mrs. Yates; also it means better food and clothing, less work, time for more reading, study, friends, recreation, when done with a system or well-conceived plan.

The family budget for the young couple or the couple of any age tells you what your money can and will do for you. The home, says Mrs. Yates, is the biggest departmental business in the world; and yet in the majority of homes there is no definite plan for budgeting the income so that the family may get the most out of life.

How delightful it would be if your pocketbook was like a conjuror's hat and—presio!—the touch of a magic wand and out would come anything you desired. Unfortunately pocketbooks are not magical. They contain only what is actually in them. And we have to face the fact that our income, whatever its size is a matter of cold figures.

Mrs. Yates' views on budgeting are interesting. No plan will apply for all; but this expert on home management will be glad to advise you just how you can divide your income according to your requirements with a view of getting the last penny's value out of every dollar.

Watch for this newspaper's Happy Kitchen cooking school, and plan to attend every session. No admission fee and no obligation.

LECTURE WEEK AT CENTRAL CHURCH TO CLOSE TOMORROW

A large attendance heard addresses of the visiting preachers at Central Church of Christian yesterday. The meeting began at 10 o'clock in the forenoon and continued until five o'clock in the afternoon. At noon lunch was served in the basement.

Two more preachers came yesterday, Jas. F. Cox, president of Abilene Christian college and Ebb Randol of Farwell. About five sinners from the different congregations were present yesterday and last evening and took part in the song service. So far about 20 preachers have been in attendance beside the local ministers.

The subjects discussed yesterday: "Spiritual Qualifications of Elders and Deacons," "How Elders should be chosen or Appointed," "Duty and Responsibility of Elders and Deacons," and "Our Duty Toward Elders." The speakers were Will M. Thompson, J. H. Vermillion, L. D. Cummings, and Jas. F. Cox.

Numbers of the preachers took part in the round table discussions.

The meeting opened this morning with the subject: "Value of Experience in the Ministry," by W. R. Swinney, followed by Jesse Wiseman on the subject: "The Duty of Ministers of the Gospel." The first speaker for the afternoon was Ebb

Randol, who spoke on the subject: "Elements of Strength in the Local Congregation," followed by Felix Tarbett on the subject: "Elements of Weakness in the Local Congregation." "Evangelism in the Local Congregation," was discussed by W. C. Andrews.

Then the meeting was continued with round table discussions on the subjects selected. G. F. Mickey, of Idalou, will preach this evening at 7:30 on the subject: "The Day of Salvation."

The meeting is to continue thru tomorrow. The subjects to be discussed tomorrow will be: "The Local Church, God's Missionary Society," "Church Finance," "Sunday Morning Bible Classes," "Interesting Young People in Bible Study," and "The Church, the Home and the School."

Speakers will be Jno. M. Rice, Robt. Jones, Tillman Prince, G. H. P. Showalter and others. The subject for tomorrow evening will be "The Kingdom of Christ Is Here," but so far no one has been selected for the subject.

Marriages in England and Wales totaled 28,956 more in the first quarter of this year than in the same period in 1933.

ORPHANS HOME AID REPORTED BY CHRISTIANS

GROUP BAKES COOKIES FOR CHILDREN AT MEETING

Guests and new members were present at group meetings of First Christian Women's council yesterday, which included a covered dish lunch at the church for group four. Members spent the afternoon making cookies for the children in Juliette Fowler orphans' home of Fort Worth.

Group one met at Mrs. Lee Ledrick's home with Mrs. John Tate as co-hostess. Mrs. Floyd Coffin was in charge of the lesson and devotional, assisted by Mmes. E. R. Sunkel and Bessie Martin.

Refreshments were served to them and Mmes. F. C. Meers, A. A. Tie-man, Frost, J. B. Townsend, Ed Fritchle, Sanders, M. V. Morse, and C. A. Jones.

when you give this Dolly

All-rubber—unbreakable—adorably life-like

NEVER lonely again! Santa Claus brought the grandest playmate in the world—a dolly that's almost human, it's so lovable and cute.

And this Miller dolly is unbreakable. Think of that! A dolly to be loved and played with all through childhood—and treasured ever after for happy memories.

This dolly, you see, is rubber. Specially treated rubber, that never peels or cracks. Soap and water can't hurt her—she can be washed and scrubbed, kept clean, as even dollies should be. And baths are real fun to little girls when they can take their dolly into the tub with them.

Almost human!

And such fun to play with! Legs move, arms move, even the head and eyes are movable. She seems almost real, her body's so soft and babyish, her expression so natural, her "skin" so true in tone.

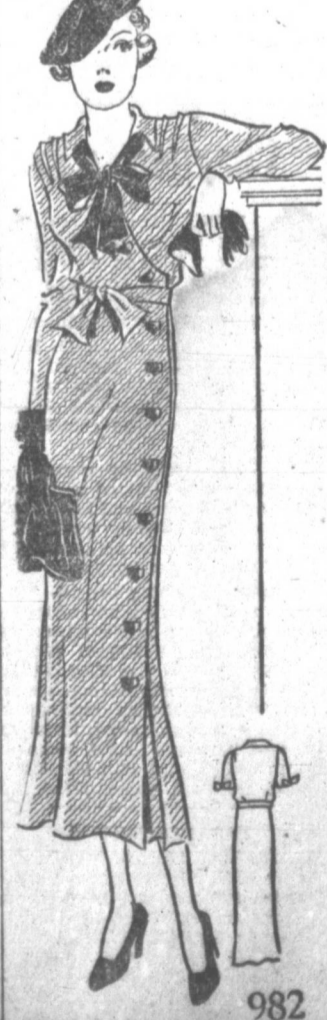

If you're playing Santa to any little girl this year, one of these Miller dollies is the happiest choice of all. Come in and see the many types and sizes. You'll want to take them all away with you.

Buttomed Frock—The Smart Type

Of Woolen for Casual Day Wear

By ELLEN WORTH

Here's a simple-to-make dress with all the charming details you'll love.

It's just perfect for woolen, and you know the craze the lightweight woollens are enjoying this season.

Dark green diagonal monotone woolen with angora finish made the model sketched with brown ornamental wooden buttons and brown velvet tie.

A gay plaided woolen or wool crepe is equally smart for this model. Canton crepe or velveteen are other interesting fabrics that make up very attractively.

Style No. 982 is designed for sizes 14, 16, 18 years, 36, 38 and 40 inches bust. Size 16 requires 3 1/2 yards of 39-inch material with 1/4 yard of 35-inch contrasting.

The Guide to Chic

You can have a very smart wardrobe at little expense of time and effort—our attractive Fall and Winter BOOK OF FASHIONS is just bulging with ideas that you can turn into chic wearable clothes. Send for your copy today.

Price of BOOK 10 cents. Price of PATTERN 15 cents in stamps or coin (coin is preferred). Wrap coin carefully.

To order, address New York Pattern Bureau, Pampa Daily NEWS, Fifth Avenue at 23rd Street, New York City. Write name and address plainly, giving number and size of pattern wanted. Your order will be filled the day it is received by our New York pattern bureau.

FOE WHOM RITCHEE DEFEATED IN 1919 IS VICTOR OVER GOVERNOR

BALTIMORE, Nov. 8. (P)—Albert C. Ritchie has been defeated in his attempt to gain a fifth consecutive term as governor of Maryland. The state's new executive will be Harry W. Nice, Baltimore attorney, whose election Tuesday on the republican ticket was not definitely determined until the vote was completed today.

Nice is the man whom Ritchie defeated in 1919 when he was elected for the first time. In that election, the official vote gave Ritchie a plurality of 165 votes. Virtually complete results in Tuesday's balloting give Nice a plurality of 5,569 out of approximately half million votes.

Returns received yesterday had Ritchie in the lead and afternoon newspapers announced the democratic governor had been re-elected to a fifth term. Then the lead dwindled rapidly and on the report of 15 precincts from Frederick county, Nice jumped into the lead.

From that point forward Nice gained steadily, but it was this morning before the majority of democratic leaders confessed defeat—as far as Ritchie was concerned. The democratic candidates for

other state offices, for United States senator and for five of the state's six seats in congress were elected by pluralities running as high as 100,000. In the sixth district, however, former Representative Frederick Zihlman had a lead of several hundred votes over Representative David H. Lewis, democrat, with sufficient precincts to change the trend still to be heard from.

TOM BLANTON'S HECKLER LOSES CONGRESS RACE

Britten Loses To One He Defeated Two Years Ago

WASHINGTON, Nov. 8. (P)—The old come-back trail proved steep for a half hundred former house members who sought election.

Only twelve made the grade. Some of the victorious carried better-known names like Earl C. Michener, a Michigan republican. Back in 1926 he led in an attempt to impeach Federal Judge George W. English of Illinois. English resigned and the impeachment case was dropped.

Then there is Melvin J. Maas, a Minnesota republican. Once a man stood up in the house gallery and threatened members on the floor with a pistol. Many scattered or slid under desks but Maas boldly walked to the disturber and ordered him to drop the pistol. He did.

A third comeback is Republican Dewey Short of Missouri. He once was the "baby member" of the house. Progressive George J. Schneider, coming back from Wisconsin, used to be a republican.

Democrat James McAndrews, returning from Illinois, illustrates the reward of perseverance. He served in six congresses—12 years—before he was defeated in 1920. Two years ago he ran against Fred A. Britten, republican, and was defeated. Now he has whipped Britten.

Some of the unsuccessful also were well-known, as the big, strong-voiced republican John C. Schafer of Wisconsin, once a railroad engineer. When he was in congress, members came to expect that every time Representative Blanton (D., Texas) then a dry, got to his feet, Schafer, a wet, would start a friend-

About New York

By GEORGE TUCKER

Catchy titles that intrigue the public's fancy are not only eagerly sought for stage and screen fare but books as well.

What a title can sometimes do was shown a few years ago when a new comedy opened at Atlantic City with nobody in the cast worth a nickel as book-office draw. Yet it opened to \$2,200. The title was "The Pajamas." The next night it drew \$1.45 and rapidly faded to oblivion, proving nothing else than the worth of the name—that a good title usually pays off on one night.

Unless a reputation or is well ballyhooed by the or the other of the Manhattan dailies, a good title is of great value.

ly but biting change of sarcasm with the Texas republican. Burnett M. Chipfield of Illinois also found himself in the ranks of the shut-outs. Every year, on the anniversary of Lincoln's birthday, Chipfield used to don a swallow-tail and wing collar and make a speech about the emancipation.

Read the classifieds today.

Is It Possible?

Wolfe Kaufman, the novelist, originally planned to call his novel, "Sidewalk Comedian," but the publishers thought the public would regard it as a story of Al Jolson, Eddie Cantor, or even George Jessel. The channels of celebration by which they arrived at this conclusion must forever remain a mystery to a world already bilious with undigested vagaries. So the title was changed to "Tender Cheeks," against the author's better judgment, under pressure of both time and arguments.

It has received only part of the recognition justly due, and this is partly explained by one critic's honest admission that he hadn't read the book or reviewed it, because he thought from the title it was a lurid love serial—the last possible connection that could be made of the book.

So if worst comes to worst, write whatever you have to write from a title, as popular songwriters usually do. (Which may help to explain many of the popular songs, even if it gives you no surcease from them.)

MR. AND MRS. HARDIN HONORED FOR GIVING FOUR MILLION TO SCHOOLS

SAN ANTONIO, Nov. 8. (P)—Several thousand Texas Baptists last night honored Mr. and Mrs. John G. Hardin of Burkburnett for their contributions to Christian education and speakers hailed the occasion as the beginning of a new and brighter era for church colleges in Texas.

Mr. and Mrs. Hardin, who have given approximately \$4,000,000 to Baptist institutions, sat on the platform as prominent ministers and educators expressing gratitude of the convention.

Among those paying tribute to the Hardins and to Mrs. Kate McKie of Corsicana, who also has given liberally to church schools, were Dr. George W. Truett and Pat M. Neff.

Speakers said the honor guests "had linked themselves inseparably with the Baptist heroes of other days in building the Kingdom of God."

The convention planned to decide today on a site for the next meeting and to elect new members of the executive board. It was unofficially reported that the committee on time and place intended to recommend Houston as the convention city.

Asserting that Christian educa-

tion is the only complete education, Dr. Truett called for continued support of church colleges.

State education, he said, is not adequate to the needs of "a world bedarkened by sin."

MERIDEN, Conn.—Here are some figures for the statistical minded: Francis T. Maloney of Meriden, in his forty-first year, carried 41 Connecticut towns to become the state's forty-first member of the United States senate—and his term expires in 1941.

NESTERS BLAMED FOR CIVILIZING PANHANDLE BY MRS. BILLY DIXON

AMARILLO, Nov. 8 (AP)—To the "nesters" goes credit for civilizing the old west. No less an authority than Mrs. Billy Dixon, widow of the noted scout, guide and Indian fighter, says it was the "nesters"—not the vanguard of cowboys and ranchers—who brought civilization and progress to the range country.

Three other men were indicted with Barrow. They were Herman LeFlors, Marvin Stark and O. H. Bailey. They were alleged to have taken \$29.80 from Dougherty.

Church Expresses Thanks To Footes

Approximately 150 persons attended the reception given last night for new members of the First Methodist church. A covered dish luncheon was served in the basement. The missionary society was in charge of the program which included a humorous reading by Mrs. Gaston Footes who was dressed as Hattie the Hick with a bouquet of barnyard greens with turnip stalks in her hat, and huge cotton gloves, mismatched on her hands.

CAPITOL CHATTER

BY CHARLES E. SIMONS. AUSTIN, Nov. 8 (AP)—Adoption of a constitutional amendment in which the old provision of "equal and uniform" taxes would be abrogated is regarded by James V. Allred, governor-elect, as the first step that must be taken before anything serious can be accomplished toward balancing the state's budget.
