

**Twinkles**  
Dogs are much like children: your dog is the nicest one in town and all others are mere brutes.

After reading that the English wouldn't let Tex Austin's rodeo punish the poor steers, it may be of some interest at Pampa's rodeo to see which suffers the most, the steers or the rodeo hands.

The Legions of Decency could find plenty to do in other lines than movies. For instance, a lot of citizens are trying to think up a way to provide "decent" houses for newcomers.

Non-oil towns either think the oil towns ought to be cleaned up or they are hankering to see cleaning up from the same reason.

Dalhart deserves a medal of some kind for having the courage to brag about how well her citizens can stand the worst drought on the plains.

**Brevitorials**  
Musings of the moment: Carl Periman, husband of the former Arles O'Keefe teacher, and once high school manager of Draper-Ross produce house, set up some kind of a record in Hall county. He was elected county attorney within a year after being admitted to the bar, eliminating two veteran opponents in the first primary election. Grady Sturgeon, brother of Pampa's John and Aaron, was elected prosecutor at Pampa, Texas, a position combining the offices of county and district attorney in Lamar county.

**WE CAN blame politics for the fact that we didn't follow the example of most of the other papers of the county and write columns about the Dionne quintuplets.** The subject has been badly overdone, but future fathers and mothers perhaps ought to have fuller information about their likelihood of repeating the performance. A statistician informs us that Mrs. Dionne is one woman in 57 millions!

**TWINS are rather common.** One in every 87 confinements, we are told, result in twins. Triplets can be expected in every 7,569 confinements and quadruplets once in every 659,503 births. The figures show that it is hazardous to come into the world in multiple units. Deaths increase in ratio to the number of children born at a time. The Dionne quintuplets congratulate themselves that in living they certainly set up a record for posterity. . . . The older the parents, the more likely is a couple to have multiple births. But in the higher brackets the statistics are too meager to use in drawing conclusions. Nature has funny, freakish ways, but her eccentricities average up pretty well through the years, after all.

**SKIPPY, the family pup, asks us to introduce a friend of his to readers of this column.** This friend is Pretzel (above), a Boston bulldog which lives at 314 North Warren with Mr. and Mrs. Joe R. Foster. The above picture was taken on a cold winter day when snowflakes were falling, hence Pretzel's sweater felt very comfortable to him.

**PRETZEL** was purchased from the Fairway kennels at Childress and has a pedigree of considerable length. He is 15 months old. His coat is seal brindle, almost black. He has a full white "shirt," a white arrow down the center of his neck, all white feet and black eyes. His mouth spreads from ear to ear and makes him look as if he might be laughing at you. When he is angry he shows the under teeth.

**EACH morning at 6 o'clock** he goes out on the lawn and brings in the paper, laying it down prominently. Like his friend Skippy, he likes to litter up the lawn with old bones. Another pastime is following the milk wagon each morning while he gazes into the face of the old gray mare. When the word "bath" is mentioned he looks for a hiding place. When he hears the word "car" he wags his head from side to side and watches his mistress as she goes to follow her through the door. He loves company and would be glad to meet other Boston Bulls or persons interested in them.

Ralph Randel of Panhandle was a visitor here today.

## Texas Legislature Orders Inquiry Into Relief Fund Expenditures

### INVESTIGATION DUE TO START ON TOMORROW

### BOTH HOUSES VOTE TO DELAY ISSUANCE OF BONDS

AUSTIN, Aug. 30 (AP)—Both houses of the Texas legislature today ordered an investigation into the expenditure of state and federal relief funds by the Texas relief commission in advance of action on a bill to issue additional state relief funds.

Both investigations likely will get under way tomorrow.

Resolutions were adopted in the house and senate demanding that the Texas relief commission furnish a full and complete accounting of the funds it has received and the purposes for which it was disbursed.

Members recounted reports of waste and extravagance in administration of relief in urging support of the resolutions.

The commission, it was reported, is preparing a financial statement that may be submitted to the legislature today.

Without opposition, the senate adopted a resolution by Grady Woodruff of Decatur, T. J. Holbrook of Galveston, and Ben G. Oneal of Wichita Falls ordering the inquiry.

Senator Woodruff said the resolution did not allege any irregularities in relief expenditures, "because I know of none, but I have heard some complaints of practices."

He indicated that state relief officials and county administrators would be subpoenaed at witnesses, "for we want their counsel and advice."

The house ordered a bill to issue \$9,500,000 in state bonds, previously reported favorably by its state affairs committee, recommitted to the house as a committee of the whole. The governor and the relief commission were requested to sit with the house in "a frank discussion" of relief problems.

No charges of misuse of funds were made in either resolution, sponsors stating they merely were seeking information and wanted to prove or disprove reports that had been circulated.

Rep. J. C. Duvall of Fort Worth said it had been reported to him that a corps of men and women were paid \$40 a week while attending a school to "become expert relief workers"; that in many instances persons on relief owned and operated their own automobiles; that tenants were leaving their farms and going on relief and that Mexicans in Fort Worth were refusing farm employment for fear they could not get back on relief rolls.

Duvall said it also had been alleged the relief commission had paid \$25 an acre for land worth three dollars; that relief funds were being used to build a school house and that cement was purchased without competitive bids.

### United States Steel Slashes Employees' Pay

### Salaried Employees to Get 10 Per Cent Cut Sept. 1; Saturday Work Omitted.

NEW YORK, Aug. 30 (AP)—The United States Steel corporation announced today that it will eliminate Saturday work for all salaried employees, which will involve a salary cut of practically 10 per cent, effective next September 1.

Following three reductions in salaries, ranging from 10 to 15 per cent and spread over the period from August 1, 1931, to April, 1933, the corporation, effective in July, 1933, raised wages and salary rates by 15 per cent in anticipation of and in conformity with the new steel code.

The wages of workers in the corporation's mills were twice reduced before the general increase in salaries and wages was voted in July, 1933.

The company issued the following statement:

"In view of the present basis of operations, Saturday work is irremediable in Fort Worth where re-creation has, therefore, recommended to its subsidiaries that, effective September 1, and at least until marked improvement in operations takes place, Saturday work for its salaried employees be eliminated and salaries adjusted accordingly.

"This will involve a decrease of practically 10 per cent for all salaried classes affected."

The housing situation will be considered from both the standpoint of the house shortage and of the employment which a program of construction would provide. Federal plans were discussed by John E. Hill of Amarillo, who recommended that a local board be set up at once to administer the program.

Mr. Hill emphasized, however, that at least 60 per cent of the repairs made here should be paid for in cash by the owners. Mr. Lively presided.

### Proratable Oil Is Increased in Panhandle Field

By GEORGE L. GUTHRIE  
Consulting Geologist, Combs-Worley Bldg.

The new factor for production during the month of September has been worked out by the Railroad Commission for the Panhandle field.

The amount of proratable oil was increased from 197,817 barrels to 225,207 barrels daily by the completion of new wells in the field. This decreased the percentage of proratable oil allowed, from 12.52 for the month past to 10.70 for the month of September. The total allowable for the field remained unchanged for the present being 56,800 barrels daily.

Harry F. Sinclair has returned from a tour of the European oil fields and states that Russian oil has ceased to be a factor in foreign markets. He also reviewed the shipments from the Iraq field and is not alarmed by the imports to France of this supply of petroleum. He stated that the oil received contained such a high percentage of sulphur that the cost of refining (See OIL, Page 3)

### RAINMAKER INJURED WHEN BOMB EXPLODES; PLANE LANDS, BURNS

WAXAHACHIE, Aug. 30 (AP)—Seri-ously burned when one of his rain-producing bombs exploded as he tossed it out of an airplane near here yesterday, James A. Boze, the self-styled rainmaker, remained in a serious condition at a hospital here today.

Only the spectacular landing effected by Lou Foote, Dallas pilot, saved the four occupants of the plane from death or serious injury after it became a blazing mass of wood, cloth, and steel when the bomb exploded.

Besides Boze, Mrs. Gertrude Jeffries of Dallas and Foote also were burned. The fourth occupant, a man named Terry of Dallas, was not injured.

Twelve hundred feet above the earth Boze loosed one of his bombs for the benefit of newswel cameramen. It exploded and sparks ignited the right wing. Flames swept over the ship as three more bombs which Boze attempted to throw out also exploded.

Foote dived the plane toward a cotton field and made a perfect landing in the blazing ship. It bounced 10 or 15 feet and stopped. The occupants jumped out of the plane and it was consumed in flames several minutes later.

Boze's hand, arms, and face were badly burned. Physicians said amputation of one arm will be necessary. It was his third trip into the heavens with his "moisture bombs." On two previous occasions it rained several minutes after he had exploded the bombs in dark clouds.

### WILL AFFECT SOME 425,000 MILL WORKERS

### EMPLOYERS ARROGANCE IS BLAMED FOR STRIKE

WASHINGTON, Aug. 30 (AP)—A general strike in the cotton textile industry was called today to become effective at 11:30 p. m. Saturday night.

Workers in the wool, silk, rayon, and synthetic yarn industries were ordered to stand by for further orders. The first working day after the effective date will be Sept. 4.

The strike order follows:

"To all locals:

"Strike of all cotton textile workers will begin at 11:30 o'clock your time Saturday night. Put all previous instructions into effect. Wool, silk, and rayon and synthetic yarn membership stand by for further orders. Victory through solidarity.

"Francis J. Gorman, chairman, special strike committee, United Textile Workers of America."

The order for the strike, the largest numerically to confront the Roosevelt administration, was ticked out over a telegraph key set up in the headquarters of the strike committee. It went to the local union headquarters over the country which in turn will transmit it to their memberships.

A large group of United Textile workers officials and officers of a number of other labor unions assembled for the occasion.

In a short address to the labor gathering, Gorman said "We have exhausted every resource in the direction of peaceful settlement."

"We have been met," Gorman said, "I am sorry to say, by an arrogance on the part of the employers that is amazing in this day and age."

"There are, we know, many employers who diagnose with the policy of the Cotton Textile Institute almost as much as we do, but they are powerless for the present."

This telegram will call a half million workers to the strike lines. Not all of those are now employed.

"The stretchout, which adds to the machine load per worker until he can bear no more has robbed thousands of their chance to work. But every man and woman will rally to the strike lines and the great cotton textile industry will not have a wheel or a thread after the hour set to stop the mills."

"I emphasize to you that we are striking against the management of the industry. The cotton textile institute can find nothing better to say in answer to our demands than to accuse us of striking against the government. Surely the government does not own the mills. They are privately owned, mostly by big corporations."

"I know the American people will not allow these mill owners to hide their exploitation behind a cloak of government's protection."

"If the mills supported the government's policy there would be no need for a strike. They have defeated the government's purpose in the textile industry."

"We are striking against management and our purpose is to correct the unbearable practices of management."

From Charles S. Zimmerman, manager of the International Ladies Garment Workers union, came a pledge of full "moral and financial support" from 30,000 workers in the dressmakers' union local of New York City and congratulations were received from the Oil Workers International union.

"We are able to do but little business in our executive meeting," said President Thomas F. McMahon of the United Textile workers, "because we were being snowed under by a flood of telegrams from local unions reporting to us that they are standing at attention awaiting

### HIGH SCHOOL JUNIORS, SENIORS WILL ENROLL TOMORROW; JUNIOR HIGH WILL HAVE PHYSICAL 'ED'

### Sophomores, 'Fish' to Enroll on Saturday

Pampa school executives were in their places today, buildings were being put in good condition, buses are being checked, and final preparations were being made for beginning of enrollment tomorrow in the high school and Junior high school.

The list of teachers in the Pampa Independent district appears on today's woman's page.

Today heads of all high school departments, and teachers who could conveniently do so meet in room 205 of the high school at 8 a. m. to complete the program scheduled.

Tomorrow at 8 a. m., all those students who will be classified as seniors will enroll at the high school library. In the afternoon of that day, those who will be classified as Juniors will enroll. Sophomores will enroll Saturday at 8 a. m. and freshmen in the afternoon.

Enrollment will be in charge of heads of departments. Enrollment will be nearly complete before the main body of teachers goes to work. This plan will add more school days to the year. Only those students with at least 1 1/2 units of credit, approximately the equivalent of the high eighth grade, may enroll in the high school this term.

Final programs for new students will be made on Monday—Labor day, September 3. Regular class work will start Tuesday, September 4, at 8:45 a. m. There will be no assembly next week. First assembly will be held at 10 a. m. September 12.

Principal R. A. Selby of Junior high said today that physical education would be regularly scheduled in his department for the first time this year. Football, boys' and girls' basketball, and girls' volleyball will be scheduled. His enrollment schedule follows:

Freshmen or low eighth, Friday 8:30 to 12 as follows: (1) Pampa students in the high seventh the last semester of last year, and passing will enroll in last year's home room. (2) All others, if last name begins with letters from a to m in room 71, if last name from n to z in room 72.

High seventh, Friday 1 to 4, as follows: (1) Pampa students in last year's home room. (2) All others in room 72.

High sixth, Friday, 1 to 4, as follows: (1) Those attending school at Baker or Woodrow Wilson last year and passing in room 73. (2) Those

### MAY SUPPORT UVALDEAN FOR COMMITTEEMAN

### GOVERNOR-ELECT HAS CONFERENCE WITH VICE-PRESIDENT

AUSTIN, Aug. 30 (AP)—Vice-President John N. Garner was given prominent mention today as a prospect for democratic national committeeman from Texas when it became known at the capital that James V. Allred, democratic nominee for governor, conferred yesterday with the vice-president at Uvalde, Garner's home.

Allred, who was at his office today for the first time since last Saturday's primary election declined to comment on the report he would support Garner for national committeeman to succeed former Governor James E. Ferguson at the democratic state convention in Galveston September 11 or whether Garner was a candidate.

"The vice-president usually speaks for himself," Allred said.

Friends, however, expected an announcement from Allred within a few days.

Friends for Years  
Allred's visit to Uvalde aroused considerable speculation as to whether Garner would accept the office. A movement was made on resignation of Jed C. Adams, of Dallas, as national committeeman to give the honor to Garner but it was blocked.

Ferguson was nominated for the office by the state democratic executive committee at Houston in March but his nomination has not been accepted by the national committee. The most bitter fight of the convention was expected should Ferguson resist efforts to replace him.

Commenting on the report Allred said he made Garner a "courtesy call." He said Garner and he had been friends for years.

Allred said he was conferring with friends over the state concerning both the national committeeman ship and the chairmanship of the state democratic executive committee. He declined to say who he would support for the latter post.

Ferguson has said he was "the national committeeman" and that the next move was up to his opposition. The Ferguson-controlled executive committee probably will be retired at the convention and replaced by a committee favorable to Allred.

"Is there any vacancy in the National committeeman's post?" Allred was asked.

Legal Phases Interest  
"I don't know. I haven't looked into it from a legal viewpoint. Allred responded. He indicated he would investigate legal phases before the Galveston convention.

"We are not going to fight somebody," Allred said. "We want to end these 'isms' and make it a progressive convention if we can. Naturally I would prefer to have friends of us

### MEMBERS OF SCHOOL BAND TO MEET TONIGHT

All members of the Pampa high school band and former members of the band are requested to meet Roy Wallrabenstein, director, in the band room tonight. This is a very important meeting, and each and every member should be there. Plans for playing for the rodeo are made, if enough members come to the meeting. Instruments are to be brought.

### UNLUCKY FOURTEEN

OKLAHOMA CITY—After a dice game failed police found they had thirteen prisoners. Someone mentioned the old superstition. The thirteen were ordered to resume their places on the ground. The police effaced themselves. Soon a tall negro came running, waving a dollar bill. "Gimme dem dice," he yelled. He made fourteen.

### Lions Hear Local Vocalists Today

Vocal soloists entertained the Pampa Lions today in a program arranged by Joe Burrow.

Miss Carol Mangelsdorf, soprano, was accompanied by Miss Lorene McClintock. Verlon Twaddell, baritone, was accompanied by Miss Hermine Stover.

The club voted to participate in the county-wide reception for school teachers soon. As individuals, the members went on record supporting the campaign of the League of Decency, formed to work for better and cleaner motion pictures.

Visitors today included Clyde Caruth, Arlie Critzer, Maurice Saunders, and Ralph Randle, the latter of Panhandle.

### NEWS CARRIERS MEET GOVERNOR, VIEW BEAUTIES OF NEW MEXICO

After a trip to many of the scenic wonders of New Mexico, meeting Governor Hockenhull, and carrying out a well-planned schedule, winners in the Pampa Daily NEWS circulation contest among carriers returned last night eager to tell of their experiences.

They will now compete in a story writing contest about the trip, with prizes of \$7.50, \$4.50, and \$3 for the winners. The prize money will be provided jointly by Paul Kashike, who furnished Skelly oil and gas for the trip; R. Earl O'Keefe of the Panhandle Insurance Agency, who rode with the boys to meet his family at Taos; and THE NEWS.

Those who made the trip were Mr. and Mrs. L. O. Johnson, Frank Chapman, assistant to Mr. Johnson, the circulation manager, W. C. Stalcup, Basil Stalcup, Ralph Walker, Jim Stroup, Tommie Solomon, and Kendall Green.

The party left here Saturday morning and made the first stop at Dalhart for oil and gas. Lunch was eaten at Clayton. Mount Capulin volcano was visited en route to Raton, N. M. Thence to Taos, where the chamber of commerce secretary spent all of Sunday showing the Pampanos every point of interest.

Toas was left Monday morning, with Santa Fe and all points of major interest as the goal. The penitentiary and the museums were among the places visited before the party was greeted by Governor Hockenhull, who welcomed the trippers warmly. Next the group went to Ernest Thompson Seton's Indian village and spent four hours there. The night stop was at Irwin's-on-the-Pecos, a beautiful mountain resort.

Yesterday morning the homeward trip was started, but Mr. Johnson, being a bone-hunter as a hobby, stopped several hours at the Pecos ruins. Lunch was eaten at Santa Rosa. Rains were met every day of the trip, but usually for short intervals.

### I SAW--

A gang of kids making for Red Deer creek where they stayed practically all morning after they were run out of the "band bowl lake" in the city park.

A mud-covered man arriving in town this morning. By the whites of his eyes I knew it was Tom Braly. He said he had carried his car from Jericho through the mud.

### Rodeo Critters Getting Meaner, Madder Daily

If you see a stray steer about the city tomorrow, do not get too friendly with the critter.

Some of the toughest, meanest steers in this section are being moved to Road Runner park for the rodeo which will open at 8:15 p. m. Saturday, continue Sunday afternoon, and go through afternoon and evening performances on Monday.

Cowhands are requested to pay their entry fees Saturday morning or up to 2 p. m. of that day at the B. C. D. office. Not fewer than 50 rodeo hands are expected to compete for the cash prizes in the various events.

The B. C. D. is sponsoring the rodeo with Siler Hopkins, Gray county rancher, as manager.

### Deluge Of Rain Falls, Creating Lake In Park

where water was waist deep over a large area as a result of the 2.15-inch rain which fell yesterday, accompanied by heavy thunder and lightning. The band "bowl" acted as a pocket and retained the water which ran into the south side of the park through a drain, which also will empty the park.

Much muddy water was running through the park today, filling the confined stream from bank to bank.

It made a pretty picture in the early morning light as the sun broke through the clouds and the skies rapidly cleared.

The rain storm appeared to be somewhat localized as to any definite time, but passed over a large strip. In the Bowers pool south of here, the rain began about daylight and continued to nearly 9 o'clock. It was not as heavy as here.

The rain seemed to run in a strip north and south from Pampa, with the heaviest precipitation here. There was little rain south, very little southeast, and the fall stopped this side of Amarillo. There was a good shower east of here through Laketon.

South Cuyler was under water for a few hours. Roads, very muddy early today, were nearly dry by noon.

### Two-Inch Rain Fills Band Bowl Waist Deep; Stream Bank Full; Rain General

Pampa had two municipal swimming pools today, much to the delight of the youngsters who early today enjoyed a free swim until they were ousted to prevent damage to the grass.

WEST TEXAS: Partly cloudy to cloudy, probably showers in the Panhandle tonight and Friday.

## HOME REPAIR ASSISTS LABOR

Every time a jobless member of the building trades is put to work, a family of four persons is taken off the public relief rolls in Pampa or any other city.

This is the estimate of the Federal Housing Administration; and it emphasizes only one angle of the important new housing drive which the government is inaugurating.

Eighty per cent of the building trades workers are out of the jobs, according to A. F. of L. figures. Many of them have been out of work for years. In a dismaying number of cases, the task of keeping them and their dependents from starving has had to be shouldered by the government.

If it had nothing else to recommend it, then, the housing campaign offers a chance to attack the problem of unemployment on one of its most difficult fronts. And yet that is only part of it.

You need more than workers to build or repair a house. You need materials—lumber, cement, bricks, nails, shingles, hardware, electric fixtures, plumbing fixtures, and so on.

Every contract that is let for construction or renovating of a dwelling is a stimulant for the industries which make and sell those commodities.

These things need to be carried from the site of manufacture to the place where they are to be used. Railroads, barge and steamship lines, trucking concerns—all these will share in the revival that comes to the industries involved in rehousing.

Then there is the idle money in banks—money which lies a dead weight when it is not working. Rehousing means loans; loans which, in this instance, bear moderate interest rates and are guaranteed, up to 20 per cent of their face value, by Uncle Sam himself, and which require no collateral beyond the borrower's ability to pay his monthly installments.

Such loans mean that this idle money goes to work, to help spread prosperity across the nation.

Lastly, there is the householder himself. Perhaps he owns a lot, on which he plans to build his own home when times are ripe; perhaps he already owns a home, and has deferred needed repairs during the hard depression years; perhaps he would like to do a bit of remodeling to bring his place up to date and give it a better market value.

In any case, the housing campaign is made to order for him. By taking advantage of it, he can help not only himself, but his whole community as well.

The campaign offers us a great opportunity. It gives us a great chance to revive the whole building industry. Once that is done, full recovery will not be far away.

## OUT OUR WAY

By WILLIAMS

McLeod's mood, and went down on one knee.

"Let's have a look," he said.

That morning McLeod had not made his customary change from pajamas to the usual two-piece suit of white duck, so that his afflicted side was easily bared for examination. Van Reuter's diagnosis was by eye alone. A lump like the end of a hen's egg told him the whole story. He laughed cheerfully.

"You've got an appendix like a rotten mango," he said. "If we can get you to the hospital before it bursts, you'll be on your feet again in two weeks."

If instead of two weeks, Dr. Van Reuter had said two years, McLeod's spirits could hardly have been sunk more deeply. His pain was momentarily forgotten.

"Two weeks!" he exclaimed. "Do you know what it costs to feed these beasts for two weeks, to pay the port expenses of the ship for two weeks, and on top of that the bill at the hospital? Man, it can't be done! I think I cannot afford to die, and so I come running to you; and what do I get for all my trust and confidence? You tell me I can't afford to live!"

Having diagnosed McLeod's trouble, Van Reuter almost automatically began to prepare an injection of morphine. While he was sponging McLeod's upper arm with alcohol, the sick man still further complained.

"It was taking the beasts to Singapore," he said, "and now it looks as if we would all go to hell together." The jab of the needle interrupted him. The point must have touched a nerve, for he gasped and grunted. Van Reuter laughed.

"You will be comfortable in five minutes," he said. "I have bearings and a stretcher in the launch. We will rush you to the hospital and have you on the table in an hour."

"Is there no other way?" asked McLeod. "What would happen if I refused to be operated on?"

"Well," the doctor explained, "the pain would leave you more suddenly than it came. That would mean that your appendix had burst. Presently a different kind of pain would set in, peritonitis; and you would be a dead man. It's the expense that's worrying you. Why not let your menagerie go on to Singapore without you?"

It was not only the expense which troubled McLeod. As a matter of fact, he had had two fortunate years and could well afford it. He was troubled about the animals themselves. They needed expert care

and management. He voiced the difficulty.

"There is no one on the ship," he said, "who knows how to care for them. In one way or another, what with madness and worrying, I would lose the lot of them."

"Well," said Van Reuter, "maybe I have got an answer for that."

He looked about him and located Harvey Bowers. There were two tigers in McLeod's collection, a male and a female; and Bowers was explaining to Flint that the jungle did not contain two finer specimens. The beasts themselves were magnificently undisturbed by the attention they were receiving. They did not return it. So far as they were concerned, the two men who discussed them did not exist. Van Reuter called to Bowers.

## Crooners Have Bigger Chests Than Gridders

HAMILTON, N. Y., Aug. 30 (AP)—Husky football players with brawny arms, bulging chests and sturdy legs may be fine physical specimens, but they actually have less chest expansion than crooners, flute players, and horn tooters, according to Dr. H. C. Carlson of the department of physical education, University of Pittsburgh.

Addressing coaches attending the Kerr-Carlson coaching school at Colgate university, Dr. Carlson said he had examined hundreds of men and had found invariably that the men with the big chest expansions are singers and blowers of wind instruments.

## Russian Princess And Son Both on Relief in Canada

LONDON, Ont., Aug. 30 (AP)—A Russian princess who once occupied a place in the household of the czar, is receiving public relief here. She is the Princess Alexandrovna, known to her Canadian friends as Mrs. Cecil John Wilebank, wife of an Englishman and mother of an 11-year-old son.

Her plight came to light when the city council rejected the application of the family for transportation back to England. The councilmen were sympathetic and their refusal to grant the request for transportation was with their reluctance to lose the Englishman as a resident of Canada. The opinion was expressed that he will succeed here.

Princess Alexandrovna is a daughter of Prince Alexander Shahavskoy, member of the Russian royal family. At the time of the bolshevik revolution he headed the czar's personal bodyguard. The princess' parents vanished. She and her brother, the London council was told, escaped from the revolutionists and both enlisted in Korniloff's white army and en-

gaged in numerous battles with the reds. The princess told of operating a machine gun. She forded the Kuban river, she related, while trying to her horse. After the position of the white army became hopeless she fled to Constantinople, where she worked in the British embassy as a linguist. She met and was married to Wilebank there. Their son was born in England and they came to Canada because the mother, weary of revolution feared the English general strike in 1926 would lead to a revolt.

A tabulation showed \$22,000,000 was dispersed on civil works projects in Missouri in four and one-half months from the start of the program.

## What's Right Is Wrong!

## By COWAN

## TIGER ISLAND

**By GOUVERNEUR MORRIS**

**SYNOPSIS:** The Chinese captain Wong Bo and the American radio operator Flint are joint owners of the disreputable tramp freighter "Boldero," and plan to scuttle her for the insurance. Angus McLeod, catcher of wild animals, is aboard with a menagerie. He is stricken with appendicitis and the "Boldero" puts in at a small Dutch port en route to Singapore. Harvey Bowers, big game hunter, comes aboard with the port doctor.

Chapter Two  
**SCOT IN TROUBLE**

"I understand," Bowers said, "that you are on your way to Singapore, and only put in here because of sickness."

"It's McLeod!" exclaimed Flint. "The animal catcher. Appendicitis, I guess."

"And what's the plan?" asked Bowers. "Do you leave him here and then go right on to Singapore?"

"Shouldn't wonder," said Flint. "At least, we will be heading that way, but you can't tell how long an old tub like this will hold together."

"I want to get to Singapore in the worst way," said Bowers; "and I am hoping you will have room for me."

"Room enough," said Flint. "But you'd be too damned uncomfortable."

"Between you and me," said Bowers, "I don't believe you know what it is to be uncomfortable. I have been a year in the jungle. Your ship looks like Aladdin's palace to me."

"This awful smell!" objected Flint.

"I like it," said Bowers. "The fact is, I want to get to Singapore, and I don't care how I get there."

"What's so nice in Singapore," asked Flint.

"It's the lights," said Bowers, with a quick wink of one eye. "I feel a great need of lights. Lots and lots of white lights, and a sprinkling of red ones. I invite you to dine with me our first night ashore. Is it a bargain?"

"It would be swell," said Flint, and his enthusiasm was genuine.

But for various reasons he did not wish Harvey Bowers to sail on the Boldero. Flint knew her to be a doomed ship. He liked Bowers at first sight, but Bowers did not fit into the scheme of things. He could be nothing but a complication.

On the other hand, if the port authorities made a point of it, they would have to give him a berth. Flint had Captain Wong Bo could not afford to take any stand which might arouse suspicion.

Angus McLeod had heard the rasp of the doctor's launch alongside, the approaching voices of Wong Bo and Van Reuter, and their steps along the deck.

This, as is often the case with a sick man, distracted him from his pain and gave him a moment's optimism. With the coming of scientific help, his own responsibilities toward himself were ended.

"Well," said Van Reuter cheerfully, "what seems to be the matter?"

McLeod, who had been writing considerably in his discomfort, and was now lying flat on his back, touched his right side lightly with the tips of his fingers, and made an attempt to be gallant and humorous.

"Whatever it may be, Doctor," he said, "it is one of the few things of which I am possessed, that I would be glad to part with."

Van Reuter smiled in response to

MARKET BRIEFS

NEW YORK, Aug. 30. (AP)—Stocks moved nervously today as some traders lightened positions preparatory to the Labor day recess.

A sharp sell-off in the morning, the list stiffened. The drift was downward again in the last hour. Some of the metals showed resistance. The close was rather heavy. Transfers approximated 650,000 shares.

BUTTER CHICAGO, Aug. 30. (AP)—Butter 12,291, about steady; creamery specials (93 scores) 26 1/2-27; extras (92) 26 1/2; extra firsts (90-91) 25 1/2-26; firsts (88-89) 23 1/2-24 1/2; seconds (85-87) 22 1/2-23 1/2; standards (90 centralized cartons) 24 1/2. Eggs, 5,788, about steady; extra firsts 21 1/2-22; fresh graded firsts 20 1/2-21 1/2; current receipts 17-20; refrigerator firsts 21; refrigerator standards 21 1/2; refrigerator extras 22.

CHICAGO GRAIN CHICAGO, Aug. 30. (AP)—Wheat prices, after showing early weakness, closed fractionally higher today in a nervous grain market characterized by erratic price fluctuations. Anticipation of private crop estimates tomorrow and approach of the Labor day holiday tended to confine speculative interest.

Corn rose independently near the finish and was to some extent responsible for the late strength in wheat.

Wheat closed 1/4 down to 1 1/2 up. May deliveries showing the only net loss from yesterday's finish. May sold at \$1.05-05 1/2, unchanged to 1/2 lower, September, however, ended

at \$1.02 1/2-03, unchanged to 1/4 higher and December new also showed the same range, closing at \$1.03 1/2-04.

Corn gained 1/4 to 3/4, December closing at 90 1/2-1. Oats were 1/4 to 1/2 down, rye was 1/4 to 1/2 lower, and barley was fractionally higher. Provisions were lower.

NEW ORLEANS COTTON NEW ORLEANS, Aug. 30. (AP)—Trading was moderate all morning. Prices eased off slowly on some hedge selling and liquidation due to textile strike fears. October finally eased off to 13.11, and December to 13.21, or 13 points below yesterday's close.

Around mid-session, the market was steady and at the lows.

POULTRY CHICAGO, Aug. 30. (AP)—Poultry, live 36 trucks, 1 car, firm; hens 4 1/2 lbs up 17; under 4 1/2 lbs 16; leghorn hens 12; rock fryers 15 1/2-16 1/2, colored 15; rock springs 17-18, colored 16; rock broilers 15-16 1/2, colored 16, barebacks 12-14, leghorn 14 1/2-15 1/2; roosters 11; turkeys 10-15; spring ducks 12-15, old 10-12; spring geese 12, old 10.

ALLRED (Continued from Page 1) questioned loyalty in the posts of honor.

Allred said he would take no part in the campaign between Coke Stevenson of Junction and J. B. Ford of McGregor for speakership of the 44th legislature.

"That is up to the legislature," he said. "Of course I want the cooperation of all members of both the house and senate."

He also said the question of relief "still is in the hands of the present administration." The legislature

now is in special session to issue additional state bonds for relief.

Allred said he would "respectfully decline" the invitation of the legislature to address it and would not make any public addresses until the Galveston convention. He said he had asked friends in the legislature to recommit a resolution asking him to speak but hoped to meet all the members personally.

Nervous As Cat The nominee said he was "nervous as a cat" and has been unable to obtain any rest since his nomination. He said he lost 21 pounds during the strenuous campaign.

"I can't go fishing and take a rest until after the Galveston convention," he said.

Allred said he would attend the observance of the eightieth anniversary of the founding of Johnson county at Cleburne tomorrow and would make no other engagements until after Sept. 11.

UVALDE, Aug. 30. (AP)—Vice President John N. Garner "had not a word to say" today concerning reports emanating from Austin to the effect that he was being mentioned prominently as a prospect for democratic national committee man from Texas.

When Sinclair will see the president was not indicated, although it was considered likely he will come to Hyde Park where the president plans to stay several weeks.

Although the president told newspapermen he hasn't even begun to work, he nevertheless has been devoting some time to the European situation and talked yesterday to Norman H. Davis, ambassador-at-large to Europe, and to Felix Frankfurter, Harvard law school dean, both on foreign matters.

"I can't go fishing and take a rest until after the Galveston convention," he said.

Allred said he would attend the observance of the eightieth anniversary of the founding of Johnson county at Cleburne tomorrow and would make no other engagements until after Sept. 11.

UVALDE, Aug. 30. (AP)—Vice President John N. Garner "had not a word to say" today concerning reports emanating from Austin to the effect that he was being mentioned prominently as a prospect for democratic national committee man from Texas.

When Sinclair will see the president was not indicated, although it was considered likely he will come to Hyde Park where the president plans to stay several weeks.

Although the president told newspapermen he hasn't even begun to work, he nevertheless has been devoting some time to the European situation and talked yesterday to Norman H. Davis, ambassador-at-large to Europe, and to Felix Frankfurter, Harvard law school dean, both on foreign matters.

Read our Classified columns.

now is in special session to issue additional state bonds for relief.

Allred said he would "respectfully decline" the invitation of the legislature to address it and would not make any public addresses until the Galveston convention. He said he had asked friends in the legislature to recommit a resolution asking him to speak but hoped to meet all the members personally.

Nervous As Cat The nominee said he was "nervous as a cat" and has been unable to obtain any rest since his nomination. He said he lost 21 pounds during the strenuous campaign.

"I can't go fishing and take a rest until after the Galveston convention," he said.

# FACULTY ROSTER IS COMPLETE, WITH FEW NEW TEACHERS

## MEMBERS OF TEACHING FORCE HAVE NOT ALL BEEN ASSIGNED TO PLACES FOR COMING TERM

### JONES IS NEW PRINCIPAL AT MERTEN SEVERAL TRANSFERS ARE MADE BETWEEN BUILDINGS IN THE SYSTEM

Few new teachers will appear in the public school faculty here with the beginning of the 1934-35 term next week. Each building, however, will have at least one new instructor.

The completed faculty list as announced by Supt. R. B. Fisher shows only one new principal in the system, J. Herman Jones, who taught at B. M. Baker school last year, will succeed J. B. Missap at Merten.

Llewellyn Shelby will be health director in the system this year, replacing Miss Ivan Mayfield. Miss Claudine Pope is the new secretary to the superintendent.

**Newcomers Listed**

At high school, Kathleen Milam and D. F. Osborne are listed as new teachers. Viri Ward, from Horace Mann, and J. Hollie Cross are new at junior high. O. F. Shewmaker at Baker, A. C. Cox at Sam Houston, Thomas Thorpe at Woodrow Wilson, and Lema Jane Butcher, who taught the discontinued Hoover

school last year, at Horace Mann. Teachers yet unassigned to buildings are Miss Estilene Harris, W. S. Bennett, and Miss Katherine Simmons.

Other high school teachers are Principal L. L. Sone, Mrs. Frances Alexander, Clarine Brannon, Josephine Cariker, Mary Idelle Cox, E. N. Dennard, Argus N. Fox, B. G. Gordon, Ben Guill, R. Harry Kelley, Gracie Fern Latimer, J. L. Lester, Mrs. J. B. Massa, Fannie May, Zenobia McFarlin, Odus Mitchell, Mrs. E. L. Norman, Ethel A. Rice, Mrs. Lou Roberts, Alma Ruth Schulkey, Ruth Siddons, Robert Smellage, Angela Strnad, Roy Wallrabenstein, W. O. Workman.

**Junior High School**

Junior high teachers are Principal R. A. Selby, Ernest Cabe, Opal Cox, Charlotte Embry, Tom Herod, Anne Louise Jones, Margaret Jones, Helen Martin, Juanita McAllister, Frank Monroe, Mrs. Elma Phelps, Ha Pool, Roy Riley, Madge Rusk, Emmitt Smith, Doris Strader.

At Baker school J. A. Meek is principal and Mrs. J. P. Arrington, Beatrice Drew, Angeline Dubbs, Clarice Fuller, Mrs. B. G. Gordon, Walter Hurst, Mrs. A. J. Johnson, Bernice Lash, Julia Shackelford, Cleo Snodgrass, and Martha Wolfman are teachers retained from last year.

A. L. Patrick, principal, and Mrs. John I. Bradley, Wilma Chapman, Violet Durrett, Mrs. Sam Irvin, Florence Jones, Lillian Mullinax, Mrs. L. C. Peddick, Tida Sessions, and Mrs. L. K. Stout will return to Sam Houston.

The Horace Mann faculty comprises Miss Josephine Thomas, principal, and Mrs. George R. Clark, Lelia Clifford, Mrs. T. A. Cox, Mrs. M. K. Griffith, Loma Groon, Mrs. J. L. Lester, Frances McGue, Mrs. E. A. Slover, Mrs. Jeanette Craft.

Teachers at Woodrow Wilson are Mrs. Annie Daniels, principal, and Marnie Abbott, Vida Cox, Mrs. E. A. Hampton, Mrs. Teresa Humphreys, Mrs. R. E. Koiner, Willie Joe

## "Hope You Like It," PWA Artist Says of Satire

TARRYTOWN, N. Y., Aug. 30. (AP)—An oil painting financed by government funds hangs today in the Westchester galleries—a stinging caricature of President Roosevelt and his administration.

Another PWA artist, Paul Cadmus, satirized the navy and this PWA artist goes straight to the highest official. The artist's identity is hidden under the pseudonym "Jere Miah II."

President Roosevelt, wearing a crown, is the dominant figure in the painting, eight feet by twelve, his right hand holding a fishing pole, his left tangled in a maze of microphones.

About him are grouped distorted figures of members of his cabinet—Secretary of the Treasury Morganthau juggling streams of gold and silver coins, much of which falls into a trough through which pass silk-batted pigs; Postmaster General Farley dropping letters and money; Secretary of Agriculture Wallace lightning a noose about the neck of Ceres, goddess of the harvest.

General Hugh S. Johnson is shown haranguing the figure of Industry lying bound and gagged at his feet. At one side, a tax collector is stripping the clothes from an unfortunate family. Opposite, William Green, president of the American Federation of Labor, is cradling Secretary of Labor Perkins in his arm.

Mrs. Roosevelt is also depicted wearing a crown. There are two dolls, a man and a woman, tossing their mates into waste baskets.

In the upper left corner, his eyes filled with tears, Uncle Sam is crucified on a cross of silver.

The artist's own comment concludes: "Hovering over all, the vultures. Vultures are never wrong. I hope you like it."

**SCOUT TROOP THREE**

Girl Scouts of troop three will not meet at their regular hour tomorrow, and will hold no further meeting until further notice. The rush of school opening activities has caused postponement of the meeting.

Priest, Winston Savage, Jimma Searcy, Lois Stallings.

Teachers who will return to Merten are Louise McLean and Evelyn Shanklin.

## MAGAZINES TO BE BASIS FOR CLUB PROGRAM

### 20TH CENTURY CULTURE CLUB MAKES PLANS AT MEETING

A program based on study of current magazines and including several book reviews was planned in a called meeting of Twentieth Century Culture club this morning at the home of the president, Mrs. C. S. Boston.

The club has subscribed to the Atlantic Monthly and Current History magazines and will use them particularly in the year's programs. One feature to which members are looking forward with interest is a book review to be given by Miss Fannie May, high school English teacher.

The first regular club meeting will be on October 9, when a parliamentary program is scheduled. It will follow the annual breakfast which will open the season for the three Twentieth Century clubs on September 25. This year's program has been arranged by a committee headed by Mrs. F. E. Leech.

Resignation of Mrs. J. E. Cunningham, who is moving to Amarillo, was accepted with regret. Mrs. J. E. Burrow was chosen to take her place as parliamentarian and Mrs. Jim Collins was elected to membership.

Members present were Mmes. Atchison, Boston, Ralph Dunbar, Clyde Gold, Leech, Marvin Lewis, L. L. McCain, L. F. McCullough, A. M. Martini, C. H. Schulkey, and J. P. Wehrung.

## Shower of Wedding Gifts Honors Mrs. Talley, Recent Bride

Mrs. L. H. Talley, who before her recent marriage was Miss Norma Jean White, received a shower of bridal gifts Monday evening from the nurses at Pampa hospital.

The honoree was employed as bookkeeper at the hospital since she came to Pampa about a year ago, until her marriage.

Mr. and Mrs. Mel Davis have returned from an extended stay in Colorado.

Low seventh, Saturday, 1 to 4, as follows: (1) Those in 61 last year in room 71. (2) Those in 62 last year in room 72. (3) Those in 63 last year in room 73. (4) Those in 64 last year in room 74.

## STRIKE

(Continued from Page 1)

struggle begin now that the die is cast. We are confident in our own strength and in the justice of our cause."

## Miss Mitchell Is Bridge Hostess

Miss Jerry Mitchell entertained a group of girls at her home Monday evening with lively games of progressive bridge.

High score was made by Max Marbaugh, and low score by Mrs. Byron Hale. Refreshments were served after the hour of games.

Guests were Misses Burton Tolbert, Evelyn Graham, Sue Dodson, Claudine Jefferies, Mildred Tolbert, Dorothy Harris, Martha Jones, Dorothy Brumley, Claudia Atteberry, Johnnie Mae Vaughn; Mmes. Marbaugh and Hale.

## A. A. U. W. CALLED MEETING

A business meeting of the American Association of University Women is called for 7:30 p. m. Monday. Mrs. Bruce Pratt, new president, announced today. All members are asked to make their plans to attend, as plans for opening the year's program will be completed.

## Bride-Elect Is Shower Honoree

Miss Theresa Troy, bride-elect of Roy Parker, was honoree at a surprise shower Monday evening in the home of Mrs. Leon Camp. Mrs. Robert Hodge was co-hostess.

An air mail letter, telling of approaching showers, was presented, then Miss Troy was given an umbrella filled with gifts. These were admitted, and each guest entered her favorite recipe in a book for the bride. Norma Lee Dickinson entertained with two readings.

Refreshments were served to the honoree and Mmes. Emmitt Swindle, Charles Clark, Tom Owen, George Cossey, Albert Dixon of Owens City, Bill Akers of Skellytown, and Louise Burkhead of Chatfield; Misses Walden, Christine, and Norma Lee Dickinson, La Veda Frances, Pearl Williams, Evelyn Mullinax, Mignon Cross, Jean and Barbara Camp, and the hostesses.

Gifts were sent by Mrs. Fred McWhorter of Bowers City and Mrs. Henry Parker of Skellytown.

## WTSTC Enrolls 88 Of 91 Students to Receive FERA Aid

CANYON, Aug. 30.—Eighty-eight of the 91 students who will be able to attend West Texas State Teachers college under provisions of the Federal Educational Relief Administration have been announced by Dr. J. A. Hill. Students who receive this federal aid were chosen on the basis of need, scholarship, character, and special ability.

More than 400 applications were received by the college and each one was carefully considered by a committee headed by Professor C. A. Murray, had of the mathematics department.

Pampa and Gray county aer represented on the list by Martin Baze, Iris Gillis, and Anna Mae Flesher of Pampa, Mrs. Mary Sligar and Lucille Scott of McLean.

These students will report to their work when the West Texas State Teachers college fall session opens on September 18.

## CHANGED CURRICULUM TO STRESS "LIFE AS IT IS" WHEN HOPKINS SCHOOLS START TERM MONDAY

Determined to break away from tradition, the Hopkins schools are this year changing the curriculum to fit more nearly the needs of the child as a future citizen of his community, state, and nation, Supt. M. L. H. Baze said in announcing the term opening Monday.

Life as it is and not what we sometimes try to make it seem—this will be the basis of the set up, he explained. The board has voted to back the program as recently outlined briefly by the superintendent. More practical, everyday needs will be studied.

"Briefly, the philosophy is this," Baze said: "It is better to know how to adjust a window shade than to know a few things about the history of a window shade. It is better to know how a bill becomes a law by actually writing a bill and going through the process of guiding it through the final enactment than to read about how it is done. It is better to sing than to read about singing. It is better to know Christ than to read the history of religion."

In the farming district a program of agriculture, farm mechanics, bench shop work, etc. will be given. An intensive course in government and Texas history will be given in the last year of high school. A course in home-making, in conjunction with the work of Miss Ruby Adams, home demonstration agent, will be worked out for the high school girls.

Penmanship will not have the casual attention commonly characteristic of this course, but will be intensified under four experts, who hold from one to three penmanship certificates. Misses Dunsworth, Hamrick, Turner, and Mr. Brown—all hold certificates and have had extensive experience in this type of instruction. Miss Cressie Turner, who has recently been added to the faculty, has had extensive training in art under Peter Plotkins of Harding-Simmons university, and will give special instruction in creative art. Public school music will be

given full time at Hopkins No. 2 school under Miss Carrie Marie Townsend and part time at No. 1 school under Miss Mattie Lou Harrison.

New maps, charts, visual instruction equipment, library books, etc. are to be added, and this item of expense has been entered in the budget for the year. Recently, the district voted unanimously to raise the tax from a flexible fifty cents to one dollar rate. The school yard at No. 2 school has been enlarged through a donation of Phillips Petroleum company. County Commissioner John Haggard has graded and prepared the ground for new tennis courts, etc.

An adult class will likely be given through the Emergency Education set up. This will be worked out with Mrs. W. H. Davis of the relief work, and some deserving and capable teacher employed.

The whole program is a cooperative effort to adjust the educational efforts to community and individual needs. Teachers are not being forced to adopt something that is handed down from above, but they have indicated in the past that they wish to contribute to the study. Two teachers have already volunteered to give time each day, after their classes are dismissed, to research work and are to compile and post references pertaining to projects and problems that others are carrying on. Frequent meetings and study will be had to correlate and integrate the entire program. As in the past, some good text will be the basis of teacher study, and reports from current professional literature will be given by teachers in their meetings as a contribution to the program.

# SLOAN CLAIMS TEXTILE STRIKE IS WARFARE AGAINST CODES

## STRIKE WOULD BE EFFECTIVE FRIDAY NIGHT

### 'AMENDING LAW UNDER A THREAT OF FORCE'

BY TAYLOR HENRY.  
(Copyright, 1934, by The Associated Press.)  
NEW YORK, Aug. 30 (AP)—The cotton textile code authority put the question of "lawmaking by strike" up to the American public and the 682 industries under NRA codes today.

Speaking as a governmental official—chairman of the cotton textile code authority—George A. Sloan told the Associated Press today that the American people are now faced with a demand "that consideration be given to amending a law under a threat of force."

Sloan, who also is president of the Cotton Textile Institute, refused yesterday to confer with union leaders of the United Textile Workers of America in an effort to prevent the calling out of 600,000 cotton textile workers in a general strike by noon today.

"The bitterest injury will be inflicted on the public," he said today. "At the best it is industrial warfare, and it almost inevitably runs into intimidation and physical warfare."

Sloan stated that the strike was pointed not only against the cotton industry but against all codified industry.

"Under the NRA there are 682 codes of fair competition," he pointed out. "They will have provisions for hours and wages which, like those of the cotton textile code, have had the careful consideration of labor, consumers and industry before approval by the president."

"The government, the public, and the 682 industries are now faced with the question: 'Is it in the interest of the public that consideration be given to amending a law under a threat of force?'"

Following Sloan's refusal to confer with union leaders, Francis J. Gorman, vice president of the United Textile Workers of America in charge of strike arrangements, said that the strike would be called before noon today, effective at midnight Friday.

The union claims that 425,000 cotton textile workers will answer the strike call. The Cotton Textile Institute which is the manufacturers' organization, refuses to admit that many would be affected by the strike.

Telegrams to the institute from factories throughout the country yesterday indicated that less than 15 per cent of the employees—approximately 60,000—are members of the union.

There are 1,281 cotton mills throughout the country that could be affected by the strike. In these mills there are 31,000,000 spindles, only 26,000,000 of which are now in operation.

In order of importance based on spindles in active operation, the states affected would be: South Carolina, North Carolina, Georgia, Massachusetts, Alabama, Rhode Island, New Hampshire, Virginia, Tennessee, Connecticut, Maine, Texas, Mississippi and New York.

The largest cotton manufacturing centers are Fall River, Mass.; New Bedford, Mass.; Greenville, S. C.; Spartanburg, S. C.; Gastonia, N. C.; Greenough, N. C., and Pawtucket, R. I.

Other important centers are located at Lewiston, Me.; Macon, Ga.; La Grange, Ga.; Huntsville, Ala.; Augusta, Ga.; Union, S. C.; Belmont, N. C.; Lowell, Mass., and Deauville, N. H.

At Manchester, N. H., is located the largest single unit in the United States in the Amoskeag Manufacturing company. The next largest is that of the Riverside and Dan River Manufacturing company at Danville, Va.

Unlike many industries, cotton stocks and cotton in process of manufacture is not subject to rapid deterioration. Most mills have sufficient stocks on hand in some 40 sections of the industry to last three weeks before the effect of a strike would be felt.

It has been estimated by union leaders that a strike of the magnitude of a general strike in the cotton industry would cost in excess of \$1,000,000 a week to maintain. The United Textile Workers of America at the present time have less than \$1,000,000 in their general treasury.

Union leaders are faced with a problem primarily of finance if they are to make a long term strike effective. While they have the power to call out some 450,000 additional workers in silk, wool, rayon, and worsted plants, it is generally understood that their strategy will be to keep these workers at their jobs to obtain money for the strikers on the cotton front.

Textile operators have indicated they will not attempt to carry retaliatory measures into other sections of the industry. There has been no discussion of closing down other mills not affected by the strike to reduce the possibility of financial aid to the strikers, the Textile Institute indicated today.

**ADD ALPHABET SOUP**  
MERCER, Pa.—W. C. McCoy, president of the Mercer fair association, would add some more three-letter words to the new deal's list of initials. In a letter to a farmer's publication he writes: "We have had very little relief from NRA, OWA, RWD, AAA, etc., but we believe pig, cow, and ewe eventually will bring us out of the depression. And maybe hen would help."

ROAD RUNNERS DEFEAT KANSAS SEMI-PRO CHAMPIONS FROM ARK CITY

LOCALS KNOCK HOME RUNS TO ROUT KANSANS

HARDIN ALLOWS SEVEN HITS; PAMPANS GET NINE

Road Runner park held very little water today and tonight's baseball game with the Kansas state champions will begin at 8 o'clock as scheduled. The field was drying rapidly.

It was announced that the House of David would close the local baseball season in games of Sept. 18 and 20.

Semi-pro champions of Kansas met the baseball champions of the Farhandie here last night and came out second best. The score was 6 to 2.

Bill Hardin held the visitors to 7 hits while his colleagues were getting 9 off the Jones boys from Arkansas City. Nell and Vaughn contributed home runs to make the victory more impressive.

John Paul Jones, lanky under-handed speed ball artist of the Shell Petroleum Dubs, looked like a world-beater while warming up, but the Road Runner sluggers reduced him to just another chucker.

The invaders really looked better than the score indicates, however. Against any pitcher but Hardin they might reverse things with a rush.

The game in detail: First Inning Arkansas City—Vallenbois filed out to Brickell in left field. Delp hit a high fly which Benn caught in front of the plate.

Arkansas City—Hatch singled past first base. Rudy Jones hitting for John Paul Jones grounded out to Ward to Nell. Vallenbois filed out to third. Brickell forced Hardin at second. No runs, 2 hits, no errors, 2 left.

Arkansas City—Hatch singled past first base. Rudy Jones hitting for John Paul Jones grounded out to Ward to Nell. Vallenbois filed out to third. Brickell forced Hardin at second. No runs, 2 hits, no errors, 1 left.

Road Runners—Seltz grounded out short to first. Nell grounded out third to first. Ward singled past Honea. Vaughn struck out. No run, 1 hit, no errors, 1 left.

Arkansas City—Vallenbois filed out to Brickell in left field. Delp hit a high fly which Benn caught in front of the plate.

Arkansas City—Hatch singled past first base. Rudy Jones hitting for John Paul Jones grounded out to Ward to Nell. Vallenbois filed out to third. Brickell forced Hardin at second. No runs, 2 hits, no errors, 2 left.

Arkansas City—Hatch singled past first base. Rudy Jones hitting for John Paul Jones grounded out to Ward to Nell. Vallenbois filed out to third. Brickell forced Hardin at second. No runs, 2 hits, no errors, 1 left.

Arkansas City—Hatch singled past first base. Rudy Jones hitting for John Paul Jones grounded out to Ward to Nell. Vallenbois filed out to third. Brickell forced Hardin at second. No runs, 2 hits, no errors, 2 left.

Arkansas City—Hatch singled past first base. Rudy Jones hitting for John Paul Jones grounded out to Ward to Nell. Vallenbois filed out to third. Brickell forced Hardin at second. No runs, 2 hits, no errors, 1 left.

Arkansas City—Hatch singled past first base. Rudy Jones hitting for John Paul Jones grounded out to Ward to Nell. Vallenbois filed out to third. Brickell forced Hardin at second. No runs, 2 hits, no errors, 2 left.

Arkansas City—Hatch singled past first base. Rudy Jones hitting for John Paul Jones grounded out to Ward to Nell. Vallenbois filed out to third. Brickell forced Hardin at second. No runs, 2 hits, no errors, 1 left.

Arkansas City—Hatch singled past first base. Rudy Jones hitting for John Paul Jones grounded out to Ward to Nell. Vallenbois filed out to third. Brickell forced Hardin at second. No runs, 2 hits, no errors, 2 left.

Arkansas City—Hatch singled past first base. Rudy Jones hitting for John Paul Jones grounded out to Ward to Nell. Vallenbois filed out to third. Brickell forced Hardin at second. No runs, 2 hits, no errors, 1 left.

Arkansas City—Hatch singled past first base. Rudy Jones hitting for John Paul Jones grounded out to Ward to Nell. Vallenbois filed out to third. Brickell forced Hardin at second. No runs, 2 hits, no errors, 2 left.

TEXAS LEAGUE RACE GETTING CLOSER DAILY

Rowe Jerked in 8th; Tigers Lead Yankees 5 Games; Giants Lose to Cubs.

BY HUGH S. FULLERTON JR., Associated Press Sports Writer.

Although the lanky "Schoolboy" Lynnwood Rowe, couldn't boast a new American league record for consecutive pitching victories today, the Detroit Tigers could point with pride to a 5-game lead as they returned to their home sector after their final tour of the east.

Despite Rowe's defeat yesterday after 18 straight triumphs, the Tigers got an even break with the Athletics in their doubleheader, slamming out a 12 to 7 victory in the opener with a 20-hit attack marked by a 6-run rally in the eighth before Rowe took his 13 to 5 shakedown. At the same time the second-place Yankees dropped a mound duel to Ted Lyons and the White Sox, 3 to 1.

Rowe's trouble, as he admitted after the game, was that he "didn't have it"—"it" being the stuff to halt the Philadelphia batters. He gave up a dozen hits and ten runs before he finally was relieved by Vic Sorrell in the seventh.

The New York Giants closed their western jaunt with a 4½ game margin in the National league race after losing a brilliantly pitched 1 to 0 final to the threatening Cubs. Len Warner, came back with only two days rest to blank the world champions in a duel with Carl Hubbell.

The Cardinals kept their place right behind the Cubs by taking the odd game of five from Brooklyn, 4 to 1.

The Browns captured fifth place in the major circuit from Washington by taking the final encounter 5 to 4.

Boston and Pittsburgh in the National divided a pair of shutouts. The Braves took the opener 11 to 0 and Wally Berger belted his 30th homer. Then the Pirates came back to win 7 to 0.

The Reds and Phillies and Red Sox and Indians took the day off to even up for Sunday's doubleheaders.

Flagpole Kelly Still Sits But In Jersey Jail

UNION CITY, N. J., Aug. 30 (AP)—"You hood," called Mrs. Kelly, craning skyward. "Throw me down some money."

That was three days ago—so Mrs. Kelly told police—and her husband, John J. (Flagpole) Kelly, failed her. She said he hopped from flagpole to flagpole, earning as much as \$100 a day, while she and their seven children lived in want.

So Detective Hugh Billington stood at the foot of a theater's flagpole yesterday and shouted: "Hey, Kelly, come on down. I've got a warrant for your arrest."

"Go away," said the sinner. "Can't you see I'm busy?"

"Be reasonable," suggested Billington. "We'll only have to come up there if you're not."

Kelly reasoned otherwise, however. If he came down before Saturday his \$500 contract for five days of prching would be void.

"Come and get me," Billington said he heard Flagpole say. But Billington weighs 230 pounds. He didn't go.

For an hour the crowd increased. Kelly visioned a bonus. Then some bright mind suggested the fire department. Up rolled a big truck, up went shiny ladders, up climbed four husky smoke-eaters—and down came Kelly.

Kelly, who is not to be confused with Alvin Aloysius (Shipwreck) Kelly, is awaiting a hearing today on abandonment charges. The theater says none of the Kelly family will get the \$500.

MAJOR LEAGUE LEADERS

(By The Associated Press.) (Including yesterday's games.)

Betting: P. Waner, Pirates, 367; Terry, Giants, 358.

Runs: Ott, Giants, 104; P. Waner, Pirates, 102.

Runs batted in: Ott, Giants, 131; Collins, Cardinals, 104.

Hits: P. Waner, Pirates, 184; Terry, Giants, 174.

Doubles: Allen, Phillies, 40; Medwick, Cardinals, 35.

Triples: P. Waner, Pirates, 13; Medwick, Cardinals, 12.

Home runs: Ott, Giants, 22; Collins, Cardinals, and Berger, Braves, 30.

Briefly, What Strike Is About

WASHINGTON, Aug. 30 (AP)—The cotton textile argument in a nutshell is this:

The union demands: A 6-hour day; 5-day week; no cuts in present weekly wages; uniform pay for all areas; a halt on the "stretchout"; and end to "discrimination" against unionists; recognition of the union as the bargaining agency; an arbitration tribunal. The union says "reactionary" employers have "flouted the economic and humane" provisions of NIRA.

The employers reply: They have observed the law; the NRA code has boosted labor costs; any more wage boosts or shortening of hours is impossible to carry; raw materials have jumped 100 per cent; demand for cotton goods has fallen off; the strike "will put a premium on force and violence as instruments of law-making" in amending the code.

BEAUMONT ONE POINT AHEAD OF DALLAS AND TULSA

BY BILL PARKER, Associated Press Sports Writer.

No wisecrack is intended but Beaumont, Dallas, and Tulsa are really getting into each other's hair because of the tight Texas league pennant race under the shaggy-nosed play-off system. Today's standing shows Beaumont in third place with 72 victories and 66 defeats for a percentage of .522, only one point in front of Dallas and Tulsa who are tied for fourth place with 73 wins and 67 defeats each for averages of .521.

The Steers remained in the first division last night with a 5 to 4 decision over the league leading San Antonio Missions. They collected a 4-run lead the first two innings and made the grade with a run in the fifth to withstand a strong finish by the Missions. Fred Stely and Sal Glatto saved the night for Dallas with their combined mound work that stopped the Missions with 11 hits.

Beaumont blasted Vernon Kennedy for 4 hits and 3 runs the first inning to beat Oklahoma City, 3 to 1. It was a badly needed victory for the Shippers who swung into action after two days of enforced rest because of inclement weather. Steve Larkin scattered Oklahoma City's 8 hits and did not allow a run until the fifth and then none after that. Oklahoma City left 11 runners stranded.

Hustling to crowd themselves into the first division picture, the Houston Buffaloes turned in some excellent fielding to give Pitcher Red Copeland a 3 to 1 victory over Tulsa. An estimated crowd of 2,000 persons saw Manager Carey Selph, first baseman Kubit and center-fielder King feature for Houston in the field.

The second place Galveston Buccaneers won a doubleheader by taking the first from Fort Worth, 4 to 2 and the second 6 to 1.

SINCLAIR COUP HAS DEMOCRATS IN A DILEMMA

Can They Afford to Or Not to Okay Socialist?

WASHINGTON, Aug. 30 (AP)—There was every sign today that Upton Sinclair's sensational coup in swamping his opponents for the democratic gubernatorial nomination in California has placed national leaders of the party in a dilemma.

The horns of the dilemma are these: If the national leaders support Sinclair, republicans will point with glee to his long membership in the socialist party and to what they call his "marxian" path to end poverty in California.

"If they do not support him and conservative California democrats serving to the republican candidate, Frank F. Merriam, some leaders fear the turning tide will imperil re-election of 11 democrats to the house of representatives.

Postmaster General Farley was silent yesterday. He sent no congratulations to Sinclair, but word at democratic headquarters was that no gubernatorial candidates are getting congratulations.

Harry L. Hopkins, however, called Sinclair's victory "great business."

Republican leaders already have started to make the most of the Sinclair victory. Senator Hastings of Delaware said:

"A socialist running on a socialist platform and heartily endorsing the new deal defeated a democrat for the democratic gubernatorial nomination, although the democrat was an ardent supporter of new deal policies.

"At last we are beginning to get things straight. The people who labored under the misapprehension that this is a democratic administration are given another opportunity to see their mistake."

NOTICE TO THE CREDITORS OF THE ESTATE OF S. R. LOFTIN, DECEASED.

Notice is hereby given that original letters testamentary upon the estate of S. R. Loftin, deceased, were granted to me, the undersigned, on the 22nd day of August, 1934, by the County Court of Gray County, Texas.

All persons having claims against said estate are hereby required to present same to me within the time prescribed by law. My residence and post office address are Alamed, Texas.

MRS. S. R. LOFTIN, Executrix of the Estate of S. R. Loftin, Deceased. (Aug. 23-30-Sept. 6-13.)

RAIN FOLLOWS HARVESTERS FROM MOUNTAINS TO PAMPA

Owens Is Taking Treatment For Serious Injury; Bill Haner Is at Center.

It probably sounds strange in a supposedly drought-stricken country, but the Pampa Harvesters are worrying about the rains right now—not the Sandies or the Westerners.

Rained out of the Sacramento mountains, the local athletes came home early yesterday, slept most of the day, and intended to get down to serious work today. This morning they were awakened by heavy thunder, which had all of the thrilling crashes and bangs of a July Fourth celebration. But after 9 o'clock the sky cleared and it was

believed a satisfactory turf could be found for today's practice.

Captain Monroe Owens is taking medical treatment for his possibly serious knee and thigh injury. Started at center, he has been shifted back to end, where he is happier. Big Bill Haner has been assigned to the center post.

It will be known soon whether the lights for night football will be installed at Harvesters park. The first four games would be played at night, weather permitting. It is conceded that night play would be more accommodating to merchants and oil field folks, but that a cold night is not very inviting to anyone.

If lights are installed, Saturday games will likely be moved back to Friday nights.

ED VICARS SCORES LOW IN QUALIFYING FOR HANDICAP

Net Scores of Golfers Are Released; Only One More Day Remains to Qualify.

Numerous city golfers had qualified today in the Country clubs' handicap tournament. One more day after today remains to qualify. Net scores of those who had qualified yesterday were as follows:

Mack Graham 74, Clyde Fatheree 76, Art Swanson 78, Russ Allen 74, Lynn Boyd 73, Floyd Gher 74, Charley Thut 76, Bud Cochran 74, Bill Jarratt 71, Joe Burrows 79, Gene Fatheree 75, Bud Doucette

84, Hol Wagner 75, Phil Pond 74, W. E. Beck 82, E. W. Voss 80, W. R. Warner 85, Bryant Caraway 77, Jeff Bearden 73, Jimmie Weir 75, Roy Marshall 81, Grover Austin Jr., 73, Don Donovan 73, Jet Brumley 74, C. T. Hunkapillar 78, Bob Mitchell 68, Ed Vicars 67, Tom Rose 70, Jim Hatfield 75, E. M. Conley 72, Dr. A. B. Goldston 76.

Those who have not qualified include Doc Crofton, Dr. H. H. Hicks, Mark Heath, Joe Vincent, Tom Perkins, A. B. Midkiff, Bill Kimbrell, Hamp Brown, C. E. Barrett, Marvin Lewis, Tom Darby and Dale Lot.

From Beginning To End—A Lie, Says Mussolini

ROME, Aug. 30 (AP)—"A lie from beginning to end," was an authoritative reaction here today to charges made by Franz Winkler, former vice-chancellor of Austria, that his native country is "in the hands of Mussolini."

"The charges," said an authority, "are nothing more or less than an expression of Winkler's bitterness. Premier Mussolini has not subsidized von Starhemberg (present vice-chancellor of Austria)."

"The ver fact of the enormous amount (\$1,000,000) mentioned by Winkler is the proof that his statement is not true."

"As to a reconciliation between Austria and Germany, Mussolini always sought to bring that about but only on the basis of two separate and independent states seeking each other's friendship."

NEGRO BOXING CARD WILL BE ON WEDNESDAY

BILLY McDONALD WILL FIGHT TIGER GIBSON

Those who like to see the negro fighters punch, slug, and dodge as is their habit will have another opportunity Wednesday evening at the Pla-Mor, of Oklahoma City. Gibson is expected to give the Amarillo man all the competition he wants. It will be a 10-round affair.

The 8-round semi-final will be between Tom Martin of Amarillo at 175 pounds and Kid Mitchell of Hot Springs, Ark., at 150. Mitchell, too, will have to give away weight and hope for the best.

In the 6-round special will be Verrell Bowle, trim Berger youth at 123 pounds and Bennie Whitmore of Amarillo, who scales 129. This should be a speedy bout.

John Henderson of Waco, 162, and Leson Talley of sundry cotton patches at 166 will meet in the 4-round preliminary.

# SINCLAIR SOLD PAMPHLETS TO FINANCE RACE

## CHARGED ADMISSION TO POLITICAL RALLIES

SAN FRANCISCO, Aug. 29. (AP)—Hardy had he sworn to give up "crusading" out of consideration for his wife and his own advancing years, then Upton Sinclair, socialist novelist, was persuaded to launch what he considered the greatest crusade of his career:

Turn democrat and seek the governorship so he could initiate his program to "end poverty in California."

Once decided to enter the race, the 55-year-old internationally known author mapped out a campaign unique in American political history.

He financed his fight through sale of his own pamphlets, even through charging admission to his own rallies.

As the most powerful weapon of his campaign, he wrote a book, "I, Governor of California," a history in advance of his nomination and election. With the frank declaration he was choosing the democratic ticket because the socialist party was unable yet to win under its own name, Sinclair claimed the "inherited" right to register as a democrat.

So the novelist entered the race as a democrat—and immediately invited those of all political creeds who wanted to "end poverty in California" to register as democrats and help him put over what he called his "E P I C" program, taking the initial letters of his four-word slogan.

Sinclair's "history" foresaw at the end of his fourth year as governor an investigation disclosing only one poor man in the entire state—a religious hermit who lived in a cave.

"Therefore, he considered his job done," the pamphlet concludes, "and he purposed to go home and write a novel."

# 'DEATH TRUST' INVESTIGATION OPENS TUESDAY

## U. S. Connection With Munitions Makers To Be Shown

WASHINGTON, Aug. 30. (AP)—American links in an international munitions chain were disclosed today to be ready for open scrutiny when a senatorial inquiry into the trade opens next Tuesday.

The wide scope of the inquiry, on which investigators have been working in secret for weeks, became plain when it was disclosed that: 1. A so-called "international submarine trust," with an alleged American tieup, will be the object of scrutiny by the special senate committee.

2. Sales methods of munitions makers will be investigated. The committee workers will seek to determine whether arms salesmen have succeeded in breaking through embargoes on munitions.

3. Another subject will be the activities of concerns which build fighting airplanes. It was said today that some aircraft builders had earned dividends of 1,000 percent at times on military craft.

4. Manufacture and sale of poison gas will be looked into, probably in the third week of open hearings.

5. An alleged link between the almost legendary European munitions man, Sir Basil Zaharoff, and American millionaires will be investigated. The committee will be shown letters in an attempt to substantiate this link.

6. On alleged link between the almost legendary European munitions man, Sir Basil Zaharoff, and American millionaires will be investigated. The committee will be shown letters in an attempt to substantiate this link.

There already has been some criticism of the inquiry. A spokesman for the Du Pont interests has charged that attacks on the munitions business are inspired by reds who seek to weaken the United States.

ly, while gigantic expositions like the World's Fair can generate tremendous business in concentrated urban districts, the Centennial can go further in offering opportunity to millions to settle down and join in the fruition of a beautiful destiny. In this respect, then, the Centennial will surpass the Fair, but the people must respond with the supreme effort necessary to make it a great success."

## Secondary City Celebrations Provided Wherever There Is Cooperation

There is provided in the act of the legislature which authorizes the Texas Centennial of 1936 numerous secondary celebrations. There is no limit as to the number.

The number is independent solely upon the historical spots that your community has to offer and the initiative of your citizenship in presenting these historical spots to the public.

Should it happen that in any locality that the advisory board has not acted, and should it appear that it will not act, it then becomes the duty of the patriotic Texans to whom we are now talking to take this action themselves, form an organization and go to work for these secondary celebrations.

As we have said before, we now repeat, there is hardly a county in Texas that has not something to offer of historical interest during 1936.

Questions have come to the public committee as to whether or not state cooperation might be expected in the staging of these celebrations. That cooperation may be expected without stint when the local citizenship has demonstrated that it is ready to cooperate.

As an example Huntsville wants a paved street to Sam Houston Memorial park, where steps the rugged old liberator of Texas. It is doing a part of the work. It is preparing its part for the secondary celebration. It is probable the state highway commission, in view of this cooperation, will lend a kindly ear to the matter of providing a thoroughfare.

And then between Groesbeck and Mexia is the remains of old Fort Parker. Through the good offices and the public spiritedness of J. K. Hughes, a member of the Texas Centennial commission, a very substantial sum has been raised for the rebuilding of this fort as a part of the celebration of 1936. The local communities having demonstrated their cooperation—the law provides they must—it is likely the Centennial commission will do its part toward the making of these secondary celebrations, with appropriate advertising.

If you are expecting a part in the Centennial as a secondary place it is purely up to your local citizenship and advisory board. The initiative is yours. After you have made your plans submit them, and then the matter of the commission's co-

operation will be immediately taken up.

Again the counties surrounding San Angelo in Tom Green county, are cooperating in presenting old Fort Concho as a secondary celebration city. In far west Texas under the very capable leadership of H. L. Blaney, a member of the Texas Centennial commission, old Yaleta, the first settlement in Texas, will become a secondary exhibition city, if their plans materialize.

The final word to all is: The location of these secondary celebration cities will be determined as provided by law, by the commission after November 1. The requirements are your cooperation.

You are expected in the meantime to have seen that your local advisory board has been organized, and that the report of such organization is mailed the publicity committee in Corsicana. In the event those selected as members of the advisory board in your county by your senator and your representative do not act—then you act as a citizen—because after all "It's Your State—It's Your Celebration."

PANHANDLE IS PLANNING GIGANTIC PAGEANT

A gigantic pageant depicting the history of a new empire will be the Panhandle's contribution to the Texas Centennial of 1936.

This was decided upon at a meeting of the 31st senatorial district

# Man Sees Again; Women's Clothes 'Something Awful'

TYLER, Aug. 30. (AP)—The light that failed G. E. Morgan back in 1918 returned today to save him dim but startling visions of changes in this every altering world—particularly in women's dress.

"The way women wear clothes now is something awful," proclaimed Morgan, who for many years has made his living as a peanut peddler.

Feeling the way long the street here today, the blind man said he suddenly began to make out light, objects, people and the sky. He became so excited he scratched his hat from his head and ran four blocks before realizing what he was doing.

Since then he has been jubilantly telling of his experience and im-

advisory boards recently in Amarillo. A site and date for the celebration will be arranged later, subject to the approval of the Texas Centennial Commission.

C. C. Bishop of Amarillo was named chairman of the boards. The meeting was one of the most enthusiastic yet held in Texas.

# WASH OUT 15 MILES OF KIDNEY TUBES

Win Back Pep... Viger... Vital!

Medical authorities agree that your kidneys contain 15 MILES of tiny tubes, filters which help to purify the blood & keep you healthy.

If you have trouble with too frequent bladder passages with scanty amount causing burning and discomfort, the 15 MILES of kidney tubes need washing out. This danger signal may be the beginning of painful backache, loss of pep and vitality, getting up night, lumbago, swollen feet and ankles, rheumatic pains and dizziness.

If kidneys don't empty a plus every day and get rid of 4 pounds of waste matter your body will take up these poisons causing serious trouble. It may knock you out & lay you up for many months. Don't wait! Ask your druggist for DOAN'S KIDNEY PILLS, a doctor's prescription... which has been used successfully by millions of kidney sufferers for over 40 years. They give quick relief and will help to wash out the MILES of kidney tubes.

# CENTENNIAL NEWS ITEMS

Official Pledge Adopted by the Texas Centennial Commission: "I will think—talk—write... Texas Centennial in 1936! This is to be my celebration. In its achievement I may give free play to my patriotic love for Texas, heroic past; my confidence in its glories that are to be."

(The following items were published in the Texas Centennial News, official publication of the publicity committee of the Texas Centennial Commission, Corsicana, Texas, and furnished to Texas newspapers for republication so that the citizenship of Texas may be kept informed of Centennial activities over the state.)

## TEXAS CENTENNIAL TO OUTSHINE CENTURY OF PROGRESS AT CHICAGO

Following an able discussion of what a "Century of Progress" at Chicago offers, and contrasting it with the Texas Centennial possibilities of 1936, Dale Miller, able writer in Texas Weekly, concludes the Texas celebration will surpass the Chicago event.

His concluding remarks appear below:

"What Texas must yield to Chicago in physical equipment, however, will be more than compensated for by the picturesqueness and colorful lure which are the property of Texas alone. Both the Centennial and the Fair depict their periods of progress, of course, but the centuries revived by the Centennial encompass exciting, momentous developments in history which changed the maps of nations. Foreign countries which now have only impersonal commercial exhibits in Chicago will be encouraged to become an integral part with Texas in the celebration of an epoch in which their own ancestors held imperial sway. The flags of France, Spain, and Mexico, as well as the Texas Republic, the Confederacy, and the United States, have all ruled over the land in which the Centennial is being created today, and for that reason the exposition will be distinctly international in character.

"The greatest advantage possessed by the Centennial, however, is that, while depicting the progress of the past, it opens the door to a future of magnificent promise. Texas has only barely begun to expand to the potentialities of its resources, and it has been reliably estimated that a successful Centennial celebration will bring not only millions of visitors but probably a million new residents to the State. Consequently,

# DIAMOND JUBILEE SALE!

During our ten day visit in Chicago while attending the Jewelry and Gift Show we have selected hundreds of new items that have never been shown in the Panhandle before. Many of these items were samples and we made a liberal savings which we will pass on to our many customers. We invite you to see the many things that are new . . . . .

## USE OUR LAY-A-WAY PLAN, BUY NOW FOR XMAS
