NEAL MYERS SOBS IN TRIAL

THE NEW PAMPA Fastest Growing City in Texas—Panhandle Oil and Wheat Center

Twinkles Night football is fine for the early games, but when we meet the Amarillo Sandies we wish nothing so much as a clear, brisk sunny day—and no mud.

Them that Harvesters look great as a squad. But we can field only eleven of them at a time. The coaches have the biggest job in town.

D. C. Moore declares that anybody who would kick about his weather would kick about his mother-in-law coming for a visit. Thinking that over, we wonder.

The West Foster grouch is as incorrigible as ever. He says the recent rains came too late to do much except bring up a bumper crop of fall weeds.

And Mrs. Gushaway says she is glad all her daughters are grown up and married so she won't have to "keep up with the Joneses" any more with regard to school frocks.

Brevitorials Musings of the moment: Centering the movies is more of a job than we thought. Life is full of villains, but a storm of protest arises if the villain is shown as a Kansan, an Elk, a Baptist, a doctor, or a school teacher. To picture life as it is for dramatic purposes is impossible. Every firm offends some state, sect, profession, or manufacturer. For example, the new William Powell as a shyster lawyer is to offend the legal profession. And newspaper men have protested that never has a respectable reporter been shown. And on top of that, the newsreels are forever offending republicans, democrats, socialists, and communists, leans and fats, rich and poor. We're glad we're not a movie maker.

YOUTH DENIES ALL CHARGES AGAINST HIM

WEEPS VIOLENTLY AS HE QUILTS WITNESS STAND

NORMAN, Okla., Sept. 7. (AP)—Testimony in the Neal Myers murder trial ended early this afternoon and District Judge Tom Pace, presiding, overruled a motion for an instructed verdict of acquittal. Court was recessed while the judge prepared his instructions.

In halting sentences as his mother, Mrs. P. B. Myers of El Reno, sobbed bitterly 15 feet in front of the witness chair, the university junior denied.

"That he ever saw an instrument that might have been used in a criminal operation at the Hazel Brown duplex, where the 19-year-old co-ed died July 10.

"That he ever saw Marian take the medicine she had come to the apartment to take.

LONG'S HUGE ARMY DEFIED BY MAYOR'S 'Kingfish' Becomes Absolute Dictator of Orleans at Stroke of Noon Today.

NEW ORLEANS, Sept. 7. (AP)—New Orleans became a huge potential battlefield today as "General" Huey Long and E. Semmes Walmisley tussled over the commands of gigantic peacetime armies.

"General" Long's state soldiers swarmed into New Orleans by automobiles, buses and special trains from all over the state as Walmisley's military staff groomed his reinforced police maneuver.

Both Senator Long and Mayor Walmisley professed the great clench of arms was to insure a "pure and peaceful" primary election on Sept. 11. Both have candidates in the field.

"Kingfish" Long placed his faith in the full strength of the Louisiana national guard, estimated to total approximately 2,000 fully armed soldiers. Walmisley had 1,000 regular policemen and 500 others sworn in to aid them.

Long charged that Walmisley also counted upon the aid of Colonel Guy R. Molony, a leader in Central American revolutions, to head a machine gun squad. This was categorically denied.

PRESENT PLAN IS RENOUNCED BY OFFICIALS

TOKYO, Sept. 7 (AP)—Japan definitely committed itself today to a policy of being second to none in naval armament.

Then Premier Keisaku Okada proceeded to the palace with the program, and it was reported that it received the imperial sanction.

Later naval members of the supreme war council, among them the highest admirals, convened to hear and approve Osumi's report.

Another fundamental was understood to be an insistence on a principle of Japanese equality over naval powers, with a maximum tonnage fixed for each nation.

MAIN WORK OF P-T. A. WILL BE CLOTHING NEEDY STUDENTS

SHOES ARE TO BE PROVIDED THROUGH CLUB THAT DOLLARS OF PAMPANS WILL MAINTAIN

COUNCIL FINDS THAT MANY PUPILS ARE IN NEED

Clothing the 200 school children who already are in need of wearing apparel to start the term will be the major project of Parent-Teacher associations here this year. This was decided in the first council meeting of the term yesterday.

A Dollar-a-Year Shoe club will be a new attempt to solve the clothing problem this year. The school thrift room, where wearable used clothing is collected, repaired, and issued to children who need it, will be conducted as it was last year, with Mrs. J. H. Hulme re-elected as director.

The new shoe club will enlist every Pampans who will contribute a dollar a year for purchasing shoes for school children. Shoes are the chief need of the thrift room, as few are donated and the demand is large. Purchase of new shoes is the only solution, workers believe.

First Members
Mrs. V. E. Fatheree, president of the first Parent-Teacher council here, was the first to join the club, and was followed by Mrs. L. D. McCoin, Mrs. O. E. Kemp, and Gilmore Nunn. A drive will start immediately to add other names. Each contributor will be given a membership card.

Mrs. French, school attendance

officer, reported that about 200 children in the district must have suitable clothing and shoes soon if they are to attend school regularly. Mrs. Hulme announced that welfare chairmen from each Parent-Teacher unit, who are her assistants in directing the thrift room, will meet Monday at 2:30 in the high school cafeteria. Plans will be completed at that time for opening the room.

Committee To Meet
Members of this welfare committee are Mrs. Robert Kilgore from high school; Mrs. Carl Boston, Sam Houston; Mrs. Paul Hill, Woodrow Wilson; Mrs. D. C. Priest, Horace Mann; Mrs. W. R. Taylor, Morton; Mrs. J. M. Miller, B. M. Baker; and Mrs. Hulme, who represents junior high.

A school of instruction will be conducted at the October council meeting, officers announced. This is an annual event to prepare officers and members for the year's work. Mrs. J. B. Townsend explained the objects of the Legion of Decency, which has gained recruits in Pampa for a nation-wide campaign for clean motion pictures. Miss Llewellyn Shelby, new health director for public schools, was introduced and spoke briefly. Mrs. Fatheree spoke of the value of better Parent-Teacher associations in school progress.

Mrs. Claude Lard, council president, was in charge of the session. She read the organization's slogan

OFFICERS FOR DORCAS CLASS ARE ELECTED

Mrs. Johnson Is To Be President Of Group

Officers were elected at a meeting of the Dorcas class of Central Baptist church yesterday. Mrs. A. Moore was hostess at her home. Mrs. E. A. Sewell was elected assistant teacher, and Mrs. Owen Johnson will be the new president. Other officers are Mrs. Earl Griffin, first vice president; Mrs. Moore, second vice president; Mrs. Keith Caldwell, third vice president; Mrs. E. E. Chapman, secretary and treasurer; Mrs. A. W. Smith, historian; Mrs. Clyde Spear, reporter; Mrs. Louis Tarpley and Mrs. T. M. Gillham, group captains; Mrs. L. Roenfeldt, personal service chairman.

The next meeting will be a 10 o'clock luncheon on September 20, it was announced. Refreshments were served to two guests, Mrs. Ward Golden of Mobeetie and Mrs. Hugh Ellis, and the following members: Mmes. W. W. Hughes, Chapman, Caldwell, Tarpley, Johnson, Ben Cooper, A. W. Smith, Gillham, Carl Smith, and the hostess.

M. E. JUNIOR LEAGUE
A party for the Junior League of First Methodist church will be given in the church basement at 7 o'clock this evening. All members of the group are invited.

for the year: "To build for Pampa a better system of schools that will fit the needs of the pupils."

NOVEL KITCHEN SHOWER GIVEN BRIDE-ELECT

FOUR HOSTESSES JOIN TO HONOR MISS SMALLING

Another in the series of compliments to Miss Sue Smalling, whose marriage to Billy Hyde has been announced for Sept. 16, was a kitchen shower given by Misses Frances Finley and Mary Sneed, Mmes. Russell Kennedy and Bob Mullen, at the E. O. Sneed home yesterday.

Asters stressed a motif of yellow and white, the colors chosen by the bride-elect. Advice to the bride, written on yellow paper in teapot shape, was compiled in a yellow-covered booklet. Tiny yellow tea-pots were given the guests as favors.

The assortment of gifts for a bride's kitchen was presented in a laundry basket delivered to the door by a colored girl. Mrs. R. F. Dirksen entertained with two clever readings.

Guests were the honoree and Mmes. T. F. Smalling, Chilton of Comanche, A. A. Hyde, George Briggs, Henry Thut, Bruce Pratt, Harvey Todd, F. M. Foster, Katie Vincent, R. P. Dirksen, B. E. Finley, Misses Jean Hyde and Dorothy Mullen. Gifts sent by friends unable to be present came from Mmes. Dudley Steele, W. C. Mitchell, F. M. Culbertson, Charles I. Hughes, Bill Bourn, C. H. Walker, Tom Clayton; Misses Ruth Ann Mitchell and Ann Clayton.

MRS. HARVEY IS CLUB HOSTESS IN SKELLYTOWN

Attendance Grows At Sunday School

SKELLYTOWN, Sept. 7.—The Shell Sewing club met in the home of Mrs. F. D. Harvey Thursday afternoon. The hour was spent sewing and visiting.

Wafers, fruit salad, and punch were served to Mrs. S. C. Dickey, a guest, and Mmes. T. Allison, Nichols, Feigenspan, Owens, and the hostess, members.

Mrs. Allison will entertain the club September 27. Mr. and Mrs. Roy Parker, Mr. and Mrs. Henry Parker and baby are spending a month on vacation in Colorado and Wyoming.

Harry Brandt made a business trip to Pampa Monday. Mmes. J. C. Jarvis and Letha Lillie motored to Pampa Wednesday afternoon.

Willis Denham shopped in Pampa Wednesday. **New Goal Set.** Skellytown Community Sunday school reached its attendance goal with 183 present Sunday. Attendance of 200 is desired Sunday, as school has started and residents have returned for the winter.

Vernon Siler of Pampa visited his cousin, Letha Lillie, Friday evening.

Mr. and Mrs. Carl Williams and family returned last Saturday evening after spending a week visiting both their parents near Gerard.

Mrs. H. C. Rush has been quite ill the past few weeks but has improved somewhat. Mr. and Mrs. Ernie Jones shopped in Pampa Wednesday evening.

Mrs. Edgar Dickey and daughter of Pampa spent Wednesday night with Mr. and Mrs. S. C. Dickey. Nell McCracken of Pampa spent Sunday with her sister, Mrs. F. D. Harvey.

Mr. and Mrs. T. Allison and daughters and Mr. Allison's father enjoyed dinner with Mr. and Mrs. Harvey Friday. Letha Lillie spent last Saturday in Borger with her brother, Everett Siler.

Clara Hill Class Entertained at Teacher's Home

Mrs. Phillip Wolfe was hostess at her home Wednesday afternoon to the Clara Hill class of First Methodist church, which she teaches. Mrs. Roy Kilgore and Paul Jensen assisted in entertaining.

Various games, and piano solos by Mrs. W. L. Brummett were enjoyed in rooms gay with fall flowers. Devil's food cake, sandwiches, and sherbet punch were served. Guests were Mmes. C. C. Pollard, El Hancock, C. E. Ruddy, George Hancock, H. O. Roberts, P. O. Pierce, W. J. Johnson, John Weeks, L. C. Lockhart, H. N. Cole, Carl Bank, E. L. Emerson, J. R. Evans, C. R. Price, Roy Kretzmeier, Guy Ott, Frances Sturgeon, and Brummett.

The class planned a home-coming for Sept. 16, at its usual Sunday meeting hour, 9:45. Invitations are being sent to all former members to meet with the group and hear a special speaker.

Guests of Club Include Husbands

Husbands of members and a table of others guests were entertained with the Aces of Clubs at the home of Mrs. Louis Tarpley Tuesday evening. Mr. and Mrs. Clyde Spears, Mr. and Mrs. Ben Cooper were the special guests. Other players were Messrs and Mmes. E. E. Chapman, Doug Wilson, R. L. Allston, and B. F. Reno.

Fifth score for women was made by Mrs. Reno, and for men by Mr. Allston. Refreshments were served at the three tables after the games.

Banish Body Odor This New Odorless Way
Leaves No M. S. (Medicine)

It isn't the smell of a soap that gets you clean—it's the lather. Ordinary toilet soaps don't lather freely enough in this hard water. They form a sticky soap-scum that works into the pores and causes upstale perspiration. Strong-smelling soaps—no matter how much they lather—can't keep a secret. Kirk's Castile, being a 100% pure vegetable oil soap, lathers abundantly, even in hard, cold water. It goes deep into the pores, mixed with the stale perspiration curds and sets them free. In a twinkling your body is as fresh and clean-smelling as a woodland breeze!

"Simply Great for Our Hard Water"
—says citizen of Peoria, Illinois

Try Kirk's Coco Castile today. It's odorless. And half again larger than average toilet soaps—an exceptional bargain. Be sure to ask for Kirk's by name. **ODORS OF LATHER—EVEN IN HARD, COLD WATER**

TIGER ISLAND

By Gouverneur Morris

Synopsis: The plan of Captain Wong Bo and his radio operator, Flint, to "bolder" the "Bolder" for the insurance has been temporarily postponed by the illness of Angus McLeod. McLeod is taking a cargo of animals to Singapore, but must get ashore at the Dutch port of Sibao for an appendicitis operation. Harvey Bowers, big game hunter, offers to chaperone the animals on to Singapore, and engages Ivy Green, animal trainer in a defunct circus, as helper. Ivy tells Bowers about a circus-eating honey-bear.

Chapter Nine FINAL INSTRUCTIONS

"Didn't masticating cigarettes make the honey-bear sick?" asked Bowers. "He said not," Ivy answered, smiling. "He would rub his stomach when they were down, and the expression on his face was not pain. It was sheer bliss. For some time after he had swallowed a package of cigarettes he would look and behave like a blessed angel."

"They drew up presently in front of the hospital, and after hesitation, Bowers thought that Miss Green had better be on hand in case McLeod wished to ask her question. "I won't tell him that I have engaged a woman," said Bowers. "But these Scots are devilish shrewd and he may guess them. Of course, he would want to see you. But don't worry about that. You have sold yourself to me absolutely, and you'll see yourself to him."

"Like everything else, in Dutch Malaysia, the Sibao hospital had an immaculate look. A man need not have objected to eating his curry from the veranda instead of from a clean plate."

The building was of modern construction, but there was a fine air-space under the green-tiled roof, and strategically placed electric fans helped to keep the temperature down. The appointments of the hospital were surprisingly modern. On the right as you went in, was a waiting-room with selections of newspapers and periodicals. On the left there was an office where you gave your name and stated your business to a sweet-faced middle-aged Dutch woman in a nurse's uniform. "But Bowers, apparently, did not have to give his name. He had accompanied McLeod to the hospital earlier in the day, and the woman remembered him. She nodded to him and spoke softly through a telephone, and almost immediately Dr. Van Reuter appeared in the entrance hall, still wearing the white smock and turban in which he had operated."

"It had of course been friskfully hot in the operating room and the doctor was drenched with sweat. It made dark patches on the white smock, and it must have been running into his eyes, for he wiped them from time to time with the backs of his hands. For the rest he was smiling and cheerful. He knew that he had done a good job. Whether McLeod lived or not was another matter. The appendix, he told them, had not burst. For the rest, poor McLeod had had less vitality than had been expected, and was a very sick man."

"Well, he is a very sick man," said Van Reuter, "and he will have every care. If there are no complications, I expect to pull him through. He has only just come out of the ether, and ought not to make an effort of any kind; but he insists on seeing you."

"He could perfectly well afford to hold the ship for another day and see you tomorrow, but you know these Scotsmen. The mere thought of spending a penny that doesn't usually have to be earned runs up their temperature when they are sick, and makes it abnormal when they are well."

"If it were a question of your life or mine, I would say 'No visitors,' but it's a question of McLeod's life. How they hang on to whatever belongs to them."

"By the way, Doctor," said Bowers, "I have engaged an animal trainer. Miss Green, may I present Dr. Van Reuter?"

"You are the trainer?" asked Van Reuter.

The young woman nodded.

"That isn't so good," said the Dutchman. "I'll have to be frank. While McLeod was coming out of the ether, he talked about women in general, and women in particular. I don't know what he goes so far as to consider them a race apart, but he said a race apart."

Miss Green turned to Bowers. "That's your cue," she said, "tell him what you'd tell any other sick animal. Tell him that everything's all right. Tell him that you guarantee it. But whatever you do, don't make a slip and tell him that the trainer you have engaged is a woman."

Van Reuter, who had managed to clear the sweat out of his eyes, watched her attentively while she was speaking, and when she had finished, the male in him suddenly transcended, he exclaimed:

"And above all, don't tell him that she is a young, charming, and beautiful woman!"

"Ivy Green shrugged her shoulders. "I began to look out of his eyes, in spite of the snubbings which he had received, was incorrigible."

Pampa Girl Wins Place in State Poster Contest

The American Legion Auxiliary held a regular meeting at the Legion hut Thursday evening, Mrs. F. E. Wallace, the president-elect who went to the department convention at Mineral Wells as the delegate from the local unit, gave a very interesting report of the convention. She reported that Clea Mae Harrison of Pampa, junior high school won second place at the department convention on the "Poppy poster" she entered in the local contest here.

The Auxiliary voted to sponsor the Tapaopoch group of Camp Fire Girls which is the charter group of Pampa. They will assist the girls in a cooked food sale which will be held at the Standard Food No. 1 Saturday, the proceeds to be used for securing a permanent charter for the group.

The next meeting will be a combined social and regular meeting at the Legion hut Monday, Sept. 17, as meeting nights have been changed from the first and third Thursdays of each month to the first and third Mondays of each month. Mrs. W. C. deCordova and Mrs. Roy Sewell will be in charge of the entertainment and Mrs. W. M. Voyles, Mrs. Nels Walberg and Mrs. Roy Sewell in charge of refreshments.

The following members were present: Mrs. F. E. Wallace, Mrs. Hup Clark, Mrs. R. H. Kitchings, Mrs. Scott Green, Mrs. Al Lawson, Mrs. S. A. Burns, Mrs. Black, Mrs. W. C. deCordova and Mrs. Roy Sewell.

Methodists to Meet Again in Centennial Year

Delegates to the Texas Methodist centennial commission, en route to their homes after a three-day meeting, began laying plans for another state-wide session in 1936 in connection with the Texas centennial celebration.

Speakers at the closing session of the meeting were the Rev. A. J. Weeks of Dallas, Bishop John M. Moore of Dallas, Bishop Hiram A. Boaz of Fort Worth, Bishop A. Frank Smith of Houston and Bishop Sam R. Hay of Houston and Birmingham.

Feeders to Hold Field Day Oct 10 at Canadian

The Northeast Panhandle Feeders association announce a field day to be held at Canadian on October 10th in lieu of their annual regular sale. Feeder buyers will be invited to inspect several thousand head of calves and yearlings held on the various ranches. Cars will be furnished to inspect these cattle and trips outlined.

Following the inspection trips, a banquet will be held that night and the fourth annual Cattleman's Ball. The membership has offered thru this Field Day choice calves and yearlings. These cattle will be sold at private treaty instead of at auction.

Officers of the Association are Fred A. Hobart, president; A. V. McQuiddy, vice president, and M. W. McIntyre, secretary-treasurer.

BLACK DRAUGHT FOR CONSTIPATION

"I am 71 years old and have used Theodor's Black-Draught about forty years," writes W. J. Vanover, of Etoile, La. "I have never without it. I take it as a purgative when I am bilious, dizzy and have swimming in my head. Black-Draught relieves this and helps me in many ways. . . . Keep a package of this old, reliable, purely vegetable laxative in your home, and take it for prompt relief at the first sign of constipation."

Methvin Killed Patrolmen, Says Book by Woman

DALLAS, Sept. 7 (AP)—Tarrant and Dallas county officers planned to question several witnesses today concerning statements contained in a book of the lives of Clyde Barrow and Bonnie Parker that Henry Methvin, escaped Texas convict, was the slayer of two Texas highway patrolmen and not Clyde and Bonnie.

Winter King, assistant district attorney of Dallas county, said Jesse Martin, Tarrant county district attorney, planned to question Mr. and Mrs. Henry Barrow, parents of Clyde, an dMrs. Emma Parker, mother of Bonnie.

In a book recently written by Jan I. Porfune, Dallas woman writer, statements were made that Methvin allegedly confessed to the killings of the two patrolmen near Grapevine on last Easter Sunday.

MUNITIONS

(Continued from page 1) Buenaventura and Tumaco. They were given to the Colombian consul general in New York in November, 1932, at a time when relations between Columbia were strained because of a dispute over the Leticia region.

The recommendations went into the record over the objections of L. L. Driggs, president of the Driggs Ordnance company. Interrupting Senator Pope (D, Okla.), in his reading of the letter concerning the Mexican-Columbia matter, Driggs said:

"Pardon me Senator, but do you think this is a matter for public discussion; isn't it an effort to diplomatic courtesy?"

"I don't think so, this is a Senate investigation," replied the Senator curtly. Evidence that the war department turned over to the Driggs Ordnance and Engineering company secret plans for anti-aircraft guns and helped to encourage the business of the concern was given today.

A letter written in 1929 by L. L. Driggs, president of the concern, to his agent in Pampa said "the war department is now cooperating with us 100 per cent."

"You will remember the release to us of the latest designs of the anti-aircraft guns to be furnished Poland is conditional, upon our having orders of satisfactory size for production in our plant here."

PAMPAN'S SISTER DIES

Mrs. D. E. Cecil received word Wednesday of the death of her sister, Mrs. J. C. Houser of Fortland, Ore. Mrs. Houser, who was Miss Mary Jessie McRae before her marriage, was born in Enid, Okla., Sept. 28, 1900. She died of heart attack caused by rheumatism of long standing.

She is survived by her husband, her mother, four sisters, four brothers, a son, Mack, and an adopted daughter.

KALLO HOLDS TITLE

AMARILLO, Sept. 7 (AP)—Gus Kallo successfully defended his world's middleweight wrestling championship here last night by winning the second and third falls of his match with Vic Webber, New York City. Kallo won both falls by using his pet hold, the self-strangle, a sort of armlock in which the victim's own arm is wrapped around his neck.

PRISONERS TRANSFERRED

WASHINGTON, Sept. 7 (AP)—The department of justice today said O. D. Stevens and W. D. May, were NOTICE OF BUDGET HEARING In accordance with the provisions of H. B. 768, a public hearing on the budget of Gray County, Texas for the fiscal year 1935 will be held at 9:00 a. m., Sept. 10, 1934, in the County Court Room at Pampa, Texas. At this time the budget, as prepared by the County Judge, will be considered by the Commissioners' Court, and any taxpayer shall have the right to be present and participate in said hearing.

C. E. CARY, County Judge. Aug. 31-Sept. 7.

ROAD RUNNERS WILL PLAY GAMES HERE FROM SEPT. 9 THROUGH SEPT. 23

FOUR CLASS-A TEAMS DUE TO PLAY LOCALS

PONCA CITY, CATS, EL RENO, DAVIDS ON SCHEDULE

Pampa's baseball menu for the rest of the season is an appetizing one which should prove popular with fans of this section. Games to be played, with time and dates, follow:

El Reno, Okla., Sept. 9, at 3 p. m. and Sept. 10, at 8:15 p. m.
Ponca City, Okla., Sept. 14 at 8:15 p. m., Sept. 15 at 8:15 p. m., and Sept. 16 at 3 p. m.
House of David, Sept. 21 at 8:15 p. m., Sept. 20 at 8:15 p. m.
Fort Worth Cats, Sept. 21 at 8:15 p. m., Sept. 22 at 8:15 p. m., and Sept. 23 at 3 p. m. All games will be played here.

The El Reno team, sponsored by the Southwest Utility Co. company, is one of the strongest teams in Oklahoma. Lefty Thomas, former major league star, is manager of the team. He has gathered a number of star players together and was runner-up in the Oklahoma tournament this year.

El Reno will come to Pampa to represent Oklahoma in place of the Eason Oilers of Enid, Okla., winners of the Oklahoma City sandlot tournament. The Eason Oilers refused to meet the Road Runners in a series to decide the championship of the two states.

Ponca City is now playing for the championship of the Western Association, having won the second half of the split season. Ponca City defeated Springfield in the opening game of the five-game series Wednesday night by a score of 7 to 5.

baseball fans. The bearded beauties defeated the Road Runners here in the spring but lost a game last year. The team has been strengthened by the signing of two new pitchers.

The Fort Worth Cats hit a winning streak too late to get in the money in the Texas league. They will be fitting opponents for the Road Runners to close the 1934 baseball season, the most successful in the history of Pampa.

Names appearing on the El Reno lineup should be familiar to many Pampa fans who have followed baseball the last few years. Several of the players wore uniforms of big league teams in years gone by. The names sent here as members of the team are Young, Moss, Wood, Jahn, Millican, Luper, Barnes, Fieldcamp, Wayland, Chody, Boston, Jennings, Thomas.

The entire Road Runner pitching staff will be ready to throw against the Oklahoma's Manager George Bulla has not decided who will start the game Sunday afternoon, but does point to either Lee Daney or Bill Hardin to get the call.

Admission to the games will be 25 cents for women and 40 cents for men.

OVER 50 BOYS COME OUT FOR GORILLA TEAM

PROSPECTS FINE; TEN BOYS DON'T HAVE UNIFORMS

If Harry Kelley doesn't have gray hairs by the close of the football season, it will be surprising. Mr. Kelley is coach of the Gorillas at the high school and he directs no less than 50 boys ranging from 100 pounds to 200 pounds.

The Gorilla mentor cannot let the big fellows play with the little fellows for fear of injuries, so he has to divide his squad into divisions. He is kept busy running to the various groups, keeping them in order and teaching them things which will be of use to them in the future.

Coach Kelley ran out of uniforms and as a result 10 boys are looking on at practice sessions until uniforms are available. The Gorilla squad is one of the largest ever to report for practice and at least two assistant coaches will be needed if all the boys stay out for football.

Prospects are bright for one of the best Gorilla squads in several years. Coach Kelley has some young stars in uniform. They are ineligible for Harvester play and will therefore get their training in the Gorilla ranks. It would not be difficult for the Gorilla coach to place a team on the field averaging 170 pounds.

The slow process of elimination is now in progress and it will not be long before Coach Kelley will release the names of players on his

Ross Becomes 9 to 5 Favorite; Postponement Expected to Boost Gate.

NEW YORK, Sept. 7 (AP)—A delay of 24 hours was just what the doctor ordered as a tonic for the prospective gate for Barney Ross's 15-round welterweight title defense against Jimmy McLarnin in Madison Square Garden bowl.

Originally scheduled for last night, the fight was put over until tonight, weather permitting, because of an afternoon downpour. Postponements usually are the bane of a fight promoter's precarious existence but this time it worked the other way.

Where a crowd of 35,000 had been the fondest dream of sponsors two days ago, there were predictions today that perhaps as many as 50,000 would make their way to the Long Island arena. Given good weather during the day, it was figured late during-buyers might swell the receipts past the figure of \$194,000 Ross and McLarnin drew last May when the Chicagoan lifted Jimmy's 147-pound title on a split decision.

The postponement likewise resulted in a big swing in the betting odds. From 7 to 5 Ross became a 9 to 5 favorite. The bookmakers had a ready answer for that one. They believe that McLarnin's 5 3-4 pound pull in poundage as revealed by weighing-in ceremonies will have been cut about in half by the 24-hour delay. Ross, who scaled 149, probably will pick up three or four pounds during the day while McLarnin, at 145 3-4 pounds, was close to his best fighting weight yesterday and probably will attempt to keep it there.

Under commission rules, the principals will not have to weigh in again today but should a further postponement to tomorrow night be necessary, they will be put on the scales again tomorrow afternoon to make sure neither is above the class limit.

The main bout is scheduled for about 9 p. m. (EST). There will be no broadcast.

come has never been good. The organized city laborers can still demand higher wages, then riot if there are proposals for reductions. The farm is a factory too. But farm hands are close to the farmer and able to see that, at present prices it is impossible for them to be paid more. City workers are less willing to sacrifice with their employers, partly because their cost of living is high and little varied.

THERE is very little real overproduction at present. The effective demand for goods is low, but it is because of the shortage of money due to unemployment. The needs of millions of families would quickly absorb current supplies of nearly every commodity. The movement to restore high prices will only add to misery if the disparity between farm prices and other commodities is not removed. This cannot be done by simply limiting farm production. Experts have often pointed out that the price of a commodity is the result of five factors: 1. The supply of the commodity; 2. the demand for the commodity; 3. the supply of gold; 4. the demand for gold; and 5. the price of gold. Until an equilibrium is reached in the price structure, "over-production" will continue to be an illusion. Maintaining an equilibrium once attained is almost humanly impossible, but it might nearly be done if boom surges, pyramiding of profits and precipitating of losses, and rapid changes in wages could be avoided.

"A" squad. He will also have a "B" and perhaps a "C" squad.

The Gorilla schedule for the season has not been completed but Coach Kelley has several letters out to schools in this section. The Gorillas are open for engagements and any team in this area desiring to contest the future Harvesters should get in touch with Coach Kelley immediately.

GIANT CRUSH CUBS IN 12TH INNING 2 TO 1

CARDINALS WIN FROM BROOKLYN; YANKS TAKE GAME

BY HUGH S. FULLETON, Jr., Associated Press Sports Writer. If there's any way of stopping those New York Giants in their rush toward the National league pennant, the Chicago Cubs apparently haven't discovered it.

The Cubs managed to stretch things out over 12 innings yesterday but the victory was just the same. They went down for the second time in succession, 2 to 1, and looked up at the leaders from a depth of nine games. St. Louis, kept pace with a 7 to 5 decision over Brooklyn although still seven games behind.

With only 22 more games to go for New York and 24 for St. Louis that began to look like a huge deficit with a clean sweep in the coming series about the only St. Louis hope. Leroy (Bud) Parmelee and Bill Lee, both trying to preserve perfect records against the day's rival, hooked up in the Giant-Cub duel and it came very close to being a draw.

The Cardinals hopped off toward an easy victory when they clouted old Tom Zachary with a five-run outburst in the fourth.

Pittsburgh's Pirates extended their belated drive for a first division berth through their fifth straight victory when they attacked Ed Brandt for three runs in the first two innings and went on to beat the fourth-place Boston Braves 4 to 1.

In the American League the Yankees and Red Sox managed to tie up the series when they lost the day before without causing a great amount of excitement. While Detroit's doubleheader with the Athletics was rained out, the Yankees reduced the Tigers to 4 1/2 games with a 5 to 2 decision over Chicago.

The Red Sox evened their third-place struggle with Cleveland with a late attack that netted three runs in each of the last two innings and a 6 to 1 victory for Gordon Rhodes. The Washington Post-Louis contest was halted by rain.

STEEERS BEGIN FINAL SERIES WITH TULSANS

ONE VICTORY WILL PUT DALLAS TEAM IN PLAY-OFF

By BILL PARKER The crucial four-game series between the Dallas Steers and Tulsa Oilers starts tonight at Tulsa. It will be a struggle for fourth place in the Texas league pennant marquee, which closes Sunday. The Steers boast a two and a half game lead over the Oilers. One victory out of the four will put Skipper Fred Brannan's men in the Shaughnessy play-off.

With San Antonio, Galveston and Beaumont, first division fixtures, only the Dallas and Tulsa series will keep the league race alive the final days.

The Steers clung to their advantage last night by beating Oklahoma City, 4 to 3. Stanley Schloboff, outfielder, saved the Herd when he knocked a home run over the centerfield fence in the eighth inning with Fred Bennett on first base.

Tom Davis beat Fort Worth, 7 to 1, to keep the Tulsa Oilers' chances of regaining a first division berth alive. Davis blanked the Cats until the ninth. Paul Esterling, Tulsa outfielder and league leader in home runs, got his twenty-eighth circuit blow of the season.

The Galveston Buccaneers retained their mathematical chance to finish on top by beating San Antonio, 4 to 1. The victory left Galveston two games out of a first place tie with the Missions. South-paw Jimmy Walkup scattered eight hits to hold San Antonio scoreless after the first inning. Five of Galveston's eight hits were triples and a sixth was a grand slam.

"Completely out of the race, the Houston Buffaloes continued to hustle and earned a 3 to 2 victory over the third place Beaumont Exporters. It was a mound duel with Red Copeland beating Steve Larklin, even though Steve did not allow an earned run.

East-West Polo Series to Start At Meadow Brook

NEW YORK, Sept. 7 (AP)—Experience and individual brilliance for the West, speed, youth and teamwork for the East—that will be the lineup when the first game of the second annual intersectional polo series is played at Meadow Brook tomorrow.

Formal selection of the rival teams, made last night, finds a 36-goal Western team, averaging around 35 years in age, opposing the East's youngsters, handicapped at an aggregate of 30 goals and averaging about 26 years.

GEORGE LOTT IS DEFEATED BY FEIBLEMAN

ALLISON OR SIDNEY B. WOOD MUST STOP FRED PERRY

FOREST HILLS, N. Y., Sept. 7 (AP)—It looks like it's up to either Wilmer Allison or Sidney B. Wood Jr. to stop Fred Perry's march to his second American singles tennis title championship.

They both can't do it, because if form holds true they'll meet in the quarter "final" round and then there'll be only one of them left. On that survivor apparently rides America's best chance of wresting the championship from the Briton.

Allison and Wood are in the lower bracket of the current fifty-third national singles championship tournament.

Standing alone in the upper bracket, as the United States chief obstacle in Perry's path to the final, is Frank Shields, the top-ranking player. The New Yorker, however, has been unimpressive and at the rate he has been going might succumb to the stroking of the Briton.

Allison was booked against Jack McDiarmid of Fort Worth in the fourth round today, and Wood was to encounter Marcel Rainville, Canadian Davis cup player.

With Wood in the bottom of the draw is Frankie Parker, the Lawrenceville, N. J., schoolboy, who is waiting to meet the winner of the rain-out Roderich Menzel-Gregory & Margin match.

It's all a big headache, shared equally by officials of the U. S. L. T. A., the competitors and the spectators. "If it wasn't bad enough that the rain had to break up the play yesterday, but George Lott was routed from the rolls in an upset by Edward W. Feibleman and when he went out the tournament committee not only lost one of its seeded players and chief threats to Perry's reign, but a major gate attraction as well.

While the Lester Stoeft-John Van Ryn and Berkeley Bell-Clifford Sutter matches held the spotlight today, Bryan M. (Betsy) Grant of Atlanta and Donald Budge of Oakland, Calif., were to complete their rain-checked third round match

GARRISON AND TECH'S COACH WILL WRESTLE

CYCLONE MACKAY AND CARVER TO MEET IN SEMI-FINAL

The grunt-and-growl artists sometimes called wrestlers, grapplers, maulers, and other names, will resume their battles at the Pla-Mor auditorium Monday night with a card headed by Jack Van Beber, Texas Tech wrestling coach, and Pat Garrison, Pampa's wrestling Irishman.

Garrison has been preparing for the bout for the last month and is in rare form. He has been working out in Amarillo with such maulers as Dutch Mantell, Danny McShain, Cyclone Mackey, and a few others. The Irishman is making no threats for the first time in his career. He has learned that it doesn't pay to tell what he is going to do in advance.

The Dutchman from Lubbock gained a large following here on his only appearance. On that occasion he surprised the world at large by dumping Shelk Ben All Marshall in straight falls. The most surprised man in the audience was Marshall, who figured he had a real set-up for the evening.

Van Beber tore from his corner and pinned the Asiatic champion before he could get a hold. The going was tougher in the second stanza, but the Dutchman was victorious after a terrific battle.

Cyclone Mackey will return to the wars against that little bundle of TNT, Dan Carver of El Paso, in the semi-final. Mackey can wrestle any way the cards fall, but Carver has always stuck to orthodox grappling, depending on his speed and knowledge to take him out of tough spots. Carver will be outweighed, but that doesn't seem to worry him in the least.

Andy Gump, local Swede, and his old rival, Ike Allen of LeFors, will get together in the preliminary at 8:30 o'clock, with winner taking the entire purse. Allen lost to Gump earlier in the season but has been training hard and believes he can topple the Swede.

The law, enacted by the 1925 legislature, gave a district judge, sitting as a court of equity, power to suppress any publication printing malicious, scandalous and defamatory matter.
About a month after publication of the Saturday Press was ordered stopped, Guilford, in a petition filed with former Governor Theodore Christianson, sought removal of Floyd B. Olson, then Hennepin county attorney at Minneapolis. The petition charged that Olson failed to perform his duties properly.
This effort was unsuccessful but Guilford continued his attacks on Olson after he became governor. After leaving the "Saturday Press" several months ago, Guilford en-

WOULD STRIP 'DEATH AGENTS' OF ALL POWER

GOVERNMENTS WOULD BE IN CONTROL OF ARMS

WASHINGTON, Sept. 7 (AP)—World-wide efforts to take the manufacture of armament out of the hands of private enterprise and place it under government control were forecast today by members of the senate munitions investigating committee.

They made known their views as the committee resumed its inquiry which yesterday produced testimony that an official of the Electric Boat company asserted he had aided in placing two representatives—Port of New Jersey and Martin of Massachusetts—on the house rules committee in 1928.

Both Martin, still a house member, and Fort, who has retired, promptly denied that the official, Sterling J. Joyner, vice president and the company's Washington representative, had anything to do with their selection.

It also developed that on Sept. 23, 1930, Ernest Lee Jahneke of Louisiana, then assistant secretary of the navy, wrote John Q. Tilson of Connecticut, then house republican leader, that contracts for two submarines would go to the Electric Boat company.

Further inquiry into this testimony was promised. The committee planned first to call L. L. Driggs, president of the Driggs Ordnance & Engineering company. Senator Pope (D., Idaho) contends the navy department sent a cruiser to Turkey 5 years ago in an effort to help Driggs' firm sell guns to that country.

Giving his views about the inquiry, Chairman Nye (R., N. D.) said that his office had been swamped by thousands of letters from all parts of the country congratulating the committee on its activity in disclosing the methods employed by private armament manufacturers in marketing their wares.

It is one of the most amazing demonstrations of public interest and approval I've ever seen," Nye told reporters. "It speaks well for American public opinion and will, I and the committee hope, be the beginning of a new deal in American armaments without at the same time injuring our national defense."

A—"No, sir."
Myers then said "Brownie" gave him \$10 before the girl died.
Q—"Do you mean to tell the jury that Mrs. Brown, before she went to her work, gave you money and told you to get out of the country?"
A—"Yes, sir."
Q—"What were you running for?"
A—"I didn't want them to question me."
Q—"If you had done no wrong, why?"

A—"In some town, I don't know, in a park."
Q—"Did you tell him your name was Neal H. Myers?"
A—"No, sir."
Q—"Why didn't you tell him?"
A—"For the same reason I left in the first place."
Q—"You were afraid of the disgrace and shame?"
Myers nodded.

MARKET BRIEFS

NEW YORK, Sept. 7 (AP)—The stock market was again dragged down by the metals today, the weak spot being occupied by U. S. Smelting which added several points to its 14 1/2-point decline of yesterday. Some of the rails, oils and utilities were fairly resistant, but the close was heavy. Transfers approximated 700,000 shares.

School Enrolment Shows New Gains

Grade school enrolment in the four Pampa wards increased substantially with the addition of new pupils yesterday and today, over the record opening enrolment. The total today reached 1,877, or 41 more than that of Tuesday.

Baker school now has 546 pupils, Horace Mann 485, Sam Houston 448, Woodrow Wilson 398. All rooms are overcrowded. High school enrolment figures are unchanged, with 630 pupils in the high school proper and 500 more in junior high. Merit-enrolled 85 pupils and the colored school 23.

The total of 3,205 compares with 2,700 last year at the start of the term.

BODY CAN STARVE IF MIND IS FED!

The most interesting stunt that will be tried in Germany this winter will be an attempt by the Nazi authorities to persuade everybody that it's nice to be hungry.

Germany faces a terrifically difficult winter. The economic crisis gets graver. An actual shortage in certain food supplies is foreseen. The raw materials on which many of Germany's greatest industries depend cannot be obtained, because Germany has nothing to use for money to buy them.

So, facing a season of want and hardship, the Hitler government is preparing to meet it in a new way—by persuading people that tightening your belt is great fun. The opening guns in this strange propaganda campaign have already been fired. The bad economic situation is being blamed on the errors of Hitler's predecessors in office and on the hostility of "certain international cliques" outside of Germany.

After this will come great broadsides extolling the virtues of endurance and self-sacrifice. A tremendous barrage of oratory, billboards, and newspaper articles will glorify the Spartan ability to do without things. Germany will be sold, if the energetic Nazis can possibly accomplish it, on the idea that a winter of extreme hardship is only a new challenge to patriotism.

Now this is interesting, not simply because Herr Hitler is going to try to make an asset out of a great liability. Its real significance lies in its revelation of the tremendous power which control of the sources of propaganda gives to a man or a party in this modern world.

A dictatorship does not, in the last analysis, depend directly on guns and bayonets. It depends on the power to mold public opinion. All that the guns and bayonets can do is put that power exclusively in the dictator's hands.

In other words, a dictatorship does not survive because it makes people put up with its sway; it survives because, quite literally, it can make them like it.

It does violence to the mind and not to the body. It creates the state of mind that is favorable to it; as long as it can do that, its acts of actual terrorism are only incidental.

Could there be a greater object lesson in favor of free speech and a free press? As long as the sources of propaganda are open to all, there can be no dictatorship.

WAR OF MACHINES MAY END MASS SLAUGHTER

European strategists believe that the next war will be a war of rapid movement, with trench warfare almost obsolete and with the infantry occupying a secondary place.

Italian experts say their recent army maneuvers show that assault by fast tanks and swiftly moving shock troop detachments will break any trench line and force the fighting out into the open.

Britain creates its first permanent tank brigade, France studies the movement of troops by airplane, and American authorities agree that trench warfare is probably a thing of the past.

All this reflects the force which new inventions are exerting. The whole science of warfare seems about to swing on one of those pivots which human ingenuity provides every few centuries; and while weapons are becoming ultra-scientific, the military art itself may be reverting to the conditions of bygone generations.

It is possible, that is, that we are going back to the relatively small, highly professionalized army such as was the vogue for centuries prior to the French revolution.

For a long, long time before that, the mass army which depended on sheer weight of numbers for its triumph was practically unheard of. Even the largest nations had small armies, by modern standards.

Military science was formalized and intricate. It took years to create a professional soldier; once created, however, he was invincible to all opponents except those as fully trained as himself.

Then came the French revolution, and the application of conscription. Time and again the French defeated better troops by the simple process of overwhelming them with numbers.

The art of war changed. Armies grew enormously. Numbers became more important than professional skill.

This condition lasted to the present day. But the tide began to turn several years ago. The machine gun gave one man the fire-power of a company; the airplane became more potent than the cavalry regiment; the tank acquired the hitting power of a brigade.

The result has been to lessen the importance of mere size. As things are now, the strength of an army depends on its equipment and training, not on its size. Because of this it may be that we shall never again see armies as gigantic as those of the World War.

And that, in its turn, would mean that the frightful mass slaughter of 1914-1918 would not be duplicated.

International Sunday School Lesson

BY DR. J. E. NUNN

General Topic: Hezekiah Leads His People Back To God. Scripture Lesson: 2 Chron. 1-9, 13. 1. And Hezekiah sent to all Israel and Judah, and wrote letters also to Ephraim and Manasseh, that they should come to the house of Jehovah at Jerusalem, to keep the passover unto Jehovah, the God of Israel. 2. For the king had taken counsel, and his princes, and all the assembly in Jerusalem, to keep the passover in the second month. 3. For they could not keep it at that time, because the priests had not sanctified themselves together to Jerusalem. 4. And the thing was right in the eyes of the king and of all the assembly. 5. So they established a decree to make proclamation throughout all Israel, from Beer-sheba even to Dan, that they should come to keep the passover unto Jehovah, the God of Israel, at Jerusalem; for they had not kept it in great numbers in such sort as it is written. 6. So the posts went with the letters throughout all Israel and Judah, and according to the commandment of the king, saying, Ye children of Israel, turn again unto Jehovah, the God of Abraham, Isaac, and Israel, that he may return to the remnant that are escaped of you out of the hand of the kings of Assyria. 7. And be not ye like your fathers, and like your brethren, who trespassed against Jehovah, the God of their fathers, so that he gave them up to desolation, as ye see. 8. Now be ye not stiff-necked, as your fathers were; but yield yourselves unto Jehovah, and enter into his sanctuary, which he hath sanctified for ever, and serve Jehovah your God, that his fierce anger may turn away from you. 9. For if ye turn again unto Jehovah, your brethren, and your children shall find compassion before them that led them captive, and shall come again into this land; for Jehovah your God is gracious and merciful, and will not turn away his face from you, if ye return unto him. 10. And there assembled at Jerusalem much people to keep the feast of unleavened bread in the second month, a very great assembly. Golden Text: God is gracious and merciful.—2 Chron. 30.9. Time: Hezekiah was born B. C. 747; became king, B. C. 722; held his great passover, B. C. 722. Place: Jerusalem.

Introduction
The kingdom of Judah lasted about four hundred years after its separation from that of the ten tribes. During that period it was presided over by nineteen kings, all of the same dynasty, and lineal descendants of King David. Although the number of its kings was the same as that of the kings of Israel, its duration was about a century and a half longer than that of the latter kingdom. The frequent assassinations that shortened the lives of many of the successors of Jeroboam explained the fact that while the nineteen kings of Israel reigned only about 250 years, the nineteen kings of Judah reigned about four hundred.—Rev. William G. Blaine, D. D. The Southern Kingdom enjoyed the reigns of four kings who united high governmental powers with noble characters.—Asa, Jehoshaphat, Hezekiah, and Josiah. These four monarchs gave lustre to the four centuries of Judah.

Hezekiah, The King
Hezekiah's father, a weak and wicked king who is considered the basest of all the princes of the house of David, was Ahaz, from whom (says Schurer) he inherited "an empty treasury, a ruined peasantry, an unprotected frontier, and a shattered army." His mother must have been a woman of sterling moral and religious qualities. Her name was Abijah, which means "My father is Jehovah." There is hardly a question that she was a pious and earnest in the upbringing of her royal son. And as George Herbert says, "A good mother is worth a hundred schoolmasters." The early training of Hezekiah was, of course, under his mother's direction. But also she

Londos Seen in Title Match in L'Nora Newsreel

The spirited game played by Miss Helen Jacobs to retain her title as women's national singles champion is seen in the current issue of the Pampa Daily News-Universal Newsreel which has Graham McNamee, as its talking reporter at La Noza theater.

Miss Jacobs uses her famous forehand chop and backhand drive to advantage as she defeats Miss Sarah Palfrey, her rival in the final, in two straight sets, to annex the U. S. courts crown for the third time in as many years.

Other important events seen in the reel are the thrills of a gold cup outboard motorboat race on the blue lagoons of a Century of Progress Exposition in Chicago; views of the stirring memorial exercises in honor of the murdered Chancellor Dollfus at Vienna, Austria; the great parade of Italy's navy off Genoa as Premier Mussolini watches summer maneuvers; views of the late Henry T. Rainey, speaker of the House of Representatives, whose sudden death at St. Louis,

Mo., ends a thirty-year career in Washington; the return of units of the 33rd Division, Illinois National Guard, to camp under the skyscrapers of Chicago's famous Loop; the tiniest baby ever born alive fighting for life in an incubator at Atlantic City; the hard-fought battle between Jim Londos and Count George Zarynoff for the world's heavy-weight wrestling championship at San Francisco, California; the return to "life" of a human ground-hog at Akron, Ohio, after four months spent in a "coffin" under six feet of earth; and the arrival in Washington of ten huge bombing planes after a mass flight to Alaska and back.

SCOUT NEWS

A troop committee of Scout Troop No. 18, met Wednesday night to discuss pertinent facts concerning the operation of the troop.

The resignation of Scoutmaster Shannon was accepted, and in his place Mr. J. H. Williams will be commissioned as Scoutmaster. Mr. Shannon resigned to accept the work of a district commissioner over the Hopkins, LeFors, Alanreed and McLean area.

Plans for district competition be-

tween the above troops was discussed at length. It was suggested by the troop committee that a loving cup be set up as the prize, and that if a troop succeeds in holding the cup three years it becomes their personal property. Items considered for competition were attendance; advancement; first aid; archery; signmaking; knot tying; nature study; drilling and registration of twelve year olds in the community.

It was recommended by the committee that the local school be asked to allow a special chapel program put on by uniformed Scouts on Scout anniversary in February.

The Scoutmaster was asked to have his boys select the merit badge that they wish to exhibit in the spring and start work on same.

Some time was spent considering ways and means of repairing our small hall for a "den" for the boys. It will be necessary that it be sealed, a stove be secured and new foundations laid under same. The committee expressed the thought that this could be done easily enough and were for working toward this end as soon as possible.

The establishment of a permanent camp some where in the Red river area was also discussed. This camp would be set up by Employees of Phillips Petroleum, Scout committees and their families, and would be for the use each year of each individual troop interested in

it, and would be open to families who contribute to its building, who secure the proper permission to use same. Mr. C. F. Jones and Mr. J. H. Williams were appointed to meet two of the members of the Borger troop and plan for the next step in this work.

A report of the troop given by Mr. J. H. Williams, showed a total registration of 25 boys, and with only 30 per cent of this registration being Tenderfoot Scouts, which reflects a pretty good advancement condition.

Financial report of the troop reflected that the troop was in debt approximately \$10.00.

Very much interesting discussion was had concerning the handling of varietal types of boys. Each man citing special instances where he had succeeded in overcoming difficulties with boys, all of which was very helpful, especially to the Scoutmaster who constantly has these character studies in his troop.

It was also urged that more men be registered on the troop committee and an additional list of ten prospects was chosen and given to the Scoutmaster.

Minister Says Teachers Must Change Outlook

SAN ANTONIO, Sept. 6 (AP)—The Rev. Umphrey Lee, pastor of the Highland Park Methodist church, South Dallas, today said before the Texas Methodist Centennial here religious teachers must change their ways and outlook if they would deal with the new generation. They must remember that we are living in a period when the post frontier civilization is telescoping into the urban civilization, he said.

Rev. Lee spoke at this morning's session, of which King Vivan, president of Southwestern University at Georgetown, was chairman.

The devotional service was conducted by Rev. John R. Score of Houston.

Rev. Lee in his talk on "Methodism and the new generation" pointed out that most of the teachers have had a frontier background, while those they would seek to instruct have a distinctly different mental setup.

"If these teachers have any say with the new generation it won't be their distinctive doctrines, but rather assumptions never before employ-

No Two Mosquitoes Sing Exactly Alike

HOUSTON, Sept. 7. (AP)—Like humans, no two mosquitoes sing exactly alike, says Dr. C. F. Coogle, malariologist here for the United States public health service.

"We have made tests on the insects and find some sing tenor, others soprano, some bass and so on," Dr. Coogle stated. "Not only do the different species sing differently but individual insects of the same species have different songs."

Dr. Coogle said that the widespread impression that singing mosquitoes don't bite was erroneous. "They bite as badly as do the silent ones," he asserted. "It is true the anopholes, the malaria carrying species of the mosquito family, is less noisy than are the others."

THREE PINTS, WHEN
WHEELING, W. Va. (AP)—In the opinion of Jimmie Negley, a man isn't intoxicated until he's down. Arraigned before Judge Charles H. Bonnesen, his defense was: "Well, judge, I was still up with three pints down."
The judge sent Jimmy to jail for 10 days.
