CHURCHES TO HAVE SPECIAL YULE SERVICES

Special Christmas services will be conducted in several of the local churches today.

A feature of the services at the McCollough-Harrah chapel will be the presentation of a Christmas play, "Going Home for Christmas."

The holiday season will be observed at the evening service of the Central Baptist church when the Rev. John Scott, pastor of the church, will deliver a message on "Joy that were Born on Christmas Day."

A special program will be given at the Baptist Training service this evening at 6:30 o'clock and the evening worship will include a Christmas message on "All Rooms Taken."

Holiday music and sermon will mark the celebration of Christmas Sunday at the First Presbyterian church today.

A special program with a nativity play, "Birth of Christ," written and directed by Mrs. Edna Mele Irvin will be presented at the First Christian church.

The Christmas service at the St. Matthews Episcopal church will be held Christmas eve at 11:30 o'clock.

A white Christmas vesper service, composed of carols, a pageant, and the presentation of gifts will be the feature of the service at the First Methodist church this evening.

YELL FOR GUM GIVES BETTY SINGING JOB

Professor Paul M. Riley, head of the department of fine arts at Texas A. and I. College and director of the college A Capella choir and male chorus, fretted for a week because he couldn't find a suitable first soprano.

He was walking dejectedly up the walk towards the main building when Betty Mac Farnworth, from Dornia, began yelling lustily to her room-mate a half-block away.

Now she sings first soprano in the choir—all because she wanted her room-mate to bring her a package of gum.

CHRISTMAS TREE TO BE HELD THIS AFTERNOON

This afternoon at 4 o'clock in the city auditorium, less fortunate children of Pampa will receive a visit from Santa Claus.

The visit of the jolly old fellow will be welcomed by an estimated 400 children. There will be plenty of toys and candy for everyone.

Most of the toys were repaired by the city firemen. Others were secured through a toy matinee sponsored by the American Legion Post.

ROBERT WORTH BINGHAM

U SENVOY TO ENGLAND DIES

BALTIMORE, Dec. 18. — (AP)—Robert Worth Bingham, United States ambassador to Great Britain, died tonight at the age of 66—victim of a rare and obscure disease diagnosed by an operation this week.

The North Carolinian who became publisher of Louisville's two newspapers—The Courier-Journal and the Louisville Times—and one of the first new deal diplomatic appointees died in Johns Hopkins hospital of "abdominal Hodgkins."

Only after his death did doctors disclose the nature of the illness which defied diagnosis in European medical centers last summer.

Death came at 6:21 P. M. C. S. T. after the diplomat had been unconscious for three days, following a diagnostic operation performed by Dr. William F. Riehoff, Jr., Tuesday.

Bingham returned to this country last in November and entered the hospital November 25. When other methods of diagnosis had failed, he underwent an exploratory operation and the ailment was discovered.

There Are No Mutilated Children, No Bombarded Cities Among War Toys

By Brownwood Emerson

A look of eager anticipation animated the face of the little boy as he looked into the store window.

What especially attracted the attention of the boy, who held the hand of his mother who was impatient to go, was a model of a fort, with its cannons. It was not a present day fort, but one not far modeled on those used in the French and Indian War nearly two centuries ago.

Many War Toys

The fort was what interested the boy most, however. He said, just

Climaxing many weeks of practice will be the presentation of Handel's famous Messiah by singers from Pampa and Amarillo at the Polk Street Methodist church in Amarillo this evening and at the local First Methodist church tomorrow evening at 8 o'clock.

Approximately 75 voices of the combined choirs of this city, augmented by the Amarillo civic chorus, will be heard in the local presentation under the direction of Lester Aldrich.

Accompaniment will be played by Mrs. Mae Foreman Carr at the organ, Mrs. J. W. Howze at the piano, and an orchestra.

The Messiah, the story of Christ, is taken from the scripture. The first part deals with the prophecy of his coming and is taken mostly from the old testament book of Isaiah.

Perhaps the most outstanding musical number at this point is the famous "Pastoral Symphony" which is entirely instrumental and will be played upon the organ by Mrs. Mae Foreman Carr.

Chorus numbers of the Messiah are magnificent in style and demand upon massed volume for their effectiveness.

At a meeting of the city commission on December 6, a permit for the installation of the sign was denied, it is claimed.

Monday Noon Deadline For Candle Contest

Monday noon will be the deadline for the charity-benefit Christmas candle contest being conducted in the lobby of the Adams hotel.

By that hour all estimates on how long the three-foot, five-inch diameter Yule candle will burn must be in.

To make an estimate on how long the candle will burn, persons must contribute a dime or some article of clothing, which will be turned over to the Christmas fund of the Pampa Supplementary Relief Board.

Estimates by persons from California to New York have been made, and the length of time the candle will burn has been estimated as low as one day and as high as 1,000 days.

When the contest is closed tomorrow noon, the candle will be lighted and allowed to burn out.

Homes and Windows to Be Judged This Week

Judging of home decorations and store windows, closing the Pampa Junior chamber of commerce Santa Day program, will take place this week with secret judging committees selecting winners.

The Pampa Garden club has announced a first prize of \$3 and a second prize of \$2 for the best decorated growing out door tree.

The Jaycees will give prizes amounting to \$90 for the best decorated homes, inside view from the street and outside decorations.

First aid certificates were awarded to ten employees of the Shell Petroleum corporation in this area Thursday night when the company's annual safety banquet was held in the Schneider hotel.

It is estimated that more than 80 per cent of the employees in this area hold certificates. The company's safety record showed an enviable decrease this year over last, the figure dropping from 65 to 42, in the Tulsa division of which Pampa is a part.

Honor guests at the banquet included Bob Hynel of the United States Bureau of Mines, Washington, Bob Lauder, safety engineer from Tulsa, Mr. Collins, division production manager, Amarillo, and others.

The 160 employees present pledged themselves to make 1938 a safer year.

SIGN HEARING CONTINUED TO JANUARY TERM

On account of a lack of time to consider the case Saturday afternoon, a preceding suit not being concluded until late, the case of Louis F. Hoarel of Amarillo vs. city of Pampa et al was passed until the January term, in a hearing before Judge W. H. Ewing in the 31st district court-room yesterday.

The January term will open on the first Monday of that month. In the meantime, a temporary restraining order against the city, granted by Judge Ewing on December 11, will continue in effect until the case comes to trial.

The writ issued a week ago restrains the city from interfering with the Pampa mortuary or its employees in any manner that would cause a breach of the firm's contract with the sign company, of which Mr. Hoarel is manager.

Cause of action, according to plaintiff's petition, is the city's forbidding the erection of a Neon sign on the northeast corner of Francis and Ballard. It is alleged that a representative of the company, in an interview with city manager C. L. Stine, had been told that if the sign were erected under certain regulations as to distance from curb, there could be no objection, as far as the city manager could see.

Permit Denied

At a meeting of the city commission on December 6, a permit for the installation of the sign was denied, it is claimed.

Shoppers Jam Stores As Christmas Nears

Pampa and vicinity went into its final week of the Christmas shopping surge Saturday when stores of city were jammed with buyers afternoon and night.

Through the streets, gaily decorated with yule lights, men, women and children pushed through crowds from store to store making their Christmas gift selections.

Extra clerks were on the job in practically all stores to handle the Saturday rush. Store proprietors anticipated heavy business all this week when stores and shops will be open nights for the convenience of those who are unable to get downtown in the daytime.

The postoffice expects its usual Christmas week rush. Postmaster C. H. Walker again urged early mailing this week and stated that the volume of mail already had stepped up into the higher brackets over the week-end.

Schools will close down for the Christmas holidays at the end of classes next Tuesday and will not resume until Monday, January 3.

The Christmas spirit had evidenced itself in the residential districts, too, as lighted Christmas trees began to sparkle from many homes. Outside decorations also had begun to take on the holiday atmosphere Saturday night.

Pampa Christmas business this year, according to a check-up, is said to be from 25 to 30 per cent above the Christmas holiday business of last year.

Indications Saturday were that this figure will be boosted still higher at the close of business in Pampa on Christmas Eve.

8 LOCATIONS FILED IN AREA

Staking of new locations in the Panhandle field dropped to the lowest number of the year last week when only two in Carson county, to drill were filed at the local office of the Texas Railroad Commission.

The decrease was natural with winter having arrived and the year drawing to a close.

Gray and Hutchinson counties reported three locations each with the other two in Carson county. All were in proven territory.

Intentions to drill: Gulf Oil Corporation B. F. Block No. 12, 330 feet from the south and west lines of NW 1/4 of section 111, block 4, I&GN survey, Carson county.

Daniger O&R, Inc. Block No. 3, 330 feet from the south and east lines of E 1/2 of NW 1/4 of section 112, block 4, I&GN survey, Carson county.

Cities Service Oil Company, Walberg No. 6, 990 feet from the south and 330 feet from the east of SE 1/4 of section 33, block 3, I&GN survey, Gray county.

Stanolind Oil & Gas Company W. G. Kinzer, No. 9, 990 feet from the north and 330 feet from the west of SE 1/4 of section 148, block 3, I&GN survey, Gray county.

Daniger O&R, Inc. Powell No. 17, 330 feet from the north and 990 feet from the west of SW 1/4 of section 28, block B-2, H&GN survey, Gray county.

Continental Oil Company E. B. Johnson "C" No. 5, 990 feet from the north and 2310 feet from the east of NE 1/4 of section 5, block 1, B&B survey, Hutchinson county.

Dave Rubin J. R. Barnhill No. 4, center of lot 14, block 2, Gregoria Martinez survey, Hutchinson county.

Magnolia Petroleum Company SO&CO No. 1, 952.8 feet from the north and 302 feet from the east of survey 24, Day Land & Cattle Co., Hutchinson county.

BROADCAST OF MAE ASSAILED

WASHINGTON, Dec. 18 (AP)—The federal communications commission ordered the National Broadcasting company tonight to submit a copy of Mae West's Adam and Eve broadcast of last Sunday night.

Asserting it had received letters protesting the skit was "profane," "indecent" and "insulting to the American people," the commission said it had not prejudged the matter but would reserve judgment until it had the facts.

The order was contained in a letter from Chairman Frank R. Mc-Ninch to Lenox R. Lohr, president of NBC.

McNinch told Lohr that under the law the commission had no right to censor broadcasts, but called attention to a section forbidding utterance of "obscene, indecent or profane language" by radio. The commission, McNinch said, is charged with enforcement of the law.

"Every person holding a radio station license has the legal as well as moral duty and obligation to protect the public from offensive broadcasts," McNinch wrote.

A protest against the skit was filed with the commission yesterday by Representative "O'Toole" (D. N. Y.), who called it "filthy and indecent."

McNinch wrote Lohr that there had been a "marked uniformity of thought in the letters of protest, and that the letters bore no evidence of having been written by 'cranks or prudes, but by responsible and intelligent citizens."

McNinch said that if those who protested were "substantially correct," he made no hesitancy in saying that the licenses of the stations over which the skit was broadcast "were forfeit in the discharge of their duty."

McNinch asked the company to furnish an exact transcript of the Adam and Eve feature, the electrical transcription of the skit, a copy of the contract covering the broadcast between the sponsor (Chase and Sanborn) and NBC, and the names of stations which reproduced the program.

CARDENAS TAKES STEP TOWARD RADICALISM

MEXICO CITY, Dec. 18 (AP)—President Lazaro Cardenas today moved to put into practice his old dream of a "workers' democracy."

He announced a plan to replace the powerful national revolutionary party—present political base of his government—with a "popular front" of workers, peasants and soldiers.

He proposed to abolish the party entirely and, as a preliminary step, rescinded a decree under which federal and federal district employees were required to contribute part of their salaries to the party's campaign fund.

The Revolutionary party was founded ten years ago by former President Plutarco Elias Calles and since that time has been the dominant political organization in the country.

The significance of Cardenas' move was not immediately apparent, although one source suggested the result probably would be to set the administration's feet more firmly on the path to radicalism.

Sponsors Fear Several Families Will Not Be 'Adopted' For Christmas

The Good Fellow cheer campaign in Pampa thus far has been a success, but the Good Fellows will not consider that they have done their work well until every family on the list at the City Hall has been "adopted," Legion sponsors said today.

Response this year to the Good Fellow movement is more than we expected this early," said Howard Buckingham, Commander of the American Legion. "Think what it would mean if only 10, five or even one was left on the list."

The Calvary Baptist church took five families, the Kiwanis club adopted six families, Methodist church 16 families, high school, 6 families, Salvation Army 38. A number of individuals have taken

single families but there are still 40 families on the Good Fellow list with an average of 12 a day being added. Those 40 families represent many little children who will feel that Santa Claus does not like poor little children unless generous Pampans decide to be a Good Fellow or Big Brother to them.

The desk in the City hall where the names of families can be obtained will be open at 9 o'clock Monday morning. Good Fellows are fearful that names of families will be left on the list when desk closes Thursday evening.

THIEF LOOTS PARKED AUTO

A quick-working thief Friday night selected the corner of Cuyler street and Kingsmill avenue for his activity and he escaped with clothing valued at \$300 from a parked car. The clothes, personal belongings, were the property of Roy Brodsky of Chicago, Ill., representative of the Burton Dress company of that city.

Mr. Brodsky, who was calling at Behrman's store, left his two suitcases in his locked car about 9:30 o'clock. When he returned just before midnight, he found the front door glass smashed and his bags missing. City police were notified and an immediate investigation began. No trace of the clothes had been found up to last night, Police Chief Art Hurst reported.

Police have located no one who saw a man loitering around the car or who heard him smash the door glass. Anyone with information on the robbery should see Police Chief Hurst immediately.

Brodsky, who makes a trip of several months duration, reported his loss to include four suits, dressing robe, two pair of slacks, two pair of shoes, seven shirts, a dozen suit of underwear, Packard Electric razor, handkerchiefs, socks, etc.

H. S. Zeannon, with the Ethyl Gasoline corporation of New York, gave an explanatory talk and actual motor demonstration of the benefits derived from use of high anti-knock fuel in cars.

MEASURE SENT TO SENATE BY 325-23 VOTE

WASHINGTON, Dec. 18.—(AP)—The house steam-rolled to passage tonight a bill designed to stimulate construction and sale of millions of homes in the next five years. The measure went to the senate by a standing vote of 327 to 30.

Later, on a roll call vote the house confirmed its acceptance of the bill, 325 to 23.

Republicans shot one amendment after another at the legislation, only to have the Democrats crush them, almost without exception, under the weight of their huge majority.

The bill was the last major item on the house's legislative slate for the special session. It was drafted to carry out recommendations of President Roosevelt "to encourage the private construction and financing of housing on a large scale" as "an important part of the program for increasing general business activity and employment."

He told congress last month it was estimated that 600,000 to 800,000 dwelling units ought to be built annually over the next five years at a cost of 12 to 16 billion dollars.

In an attempt to reach that market, the bill is intended to reduce home financing costs, lower the down payments of prospective home owners, and permit federal insurance of mortgages on multiple-family dwellings.

THIRD U. S. VICTIM OF PANAY BOMBING DIES

SHANGHAI, Dec. 19.—(Sunday)—(AP)—Another American died today of wounds received a week ago in the Japanese attack on the United States gunboat Panay and the cruiser Augusta postponed her scheduled sailing for Manila because of a situation understood to be threatening in Tsingtao.

Seaman Edgar William George Hulsebus of Canton, Mo., the fourth foreigner and third American to die as a result of the attack on the Panay, succumbed to wounds caused by bomb fragments.

His death occurred just a few hours before surviving members of the Panay's crew had expected to leave war-torn China on the Augusta, flagship of the United States Asiatic fleet.

An official announcement from the Augusta said the vessel would remain in Shanghai indefinitely because of developments in Tsingtao, in whose area the American consulate reported there were approximately 300 Americans.

A report circulated the Chinese had mined all Japanese mills in the city and were determined to blow them up if Japanese forces attempting to land.

LEGION HUT OFFERED FOR STUDENT DANCES

The American Legion will try to help solve the youth recreation problem here by offering the use of the Legion Hut on West Foster avenue for Saturday night dances. It was announced yesterday.

Parents whose children like to dance and do attend public dances but whose homes are not large enough for dances, may sponsor dances in the Hut, it was said. Such dances must be chaperoned by at least five parents of children attending, and will be attended by at least five members of the local Legion post.

Parents who would like to sponsor dances at the Hut may compile their own invitation lists. Only high school students may be invited. The dances would close promptly at midnight. Interested parents may make arrangements with either John W. Crawford or J. W. Cramer, committee appointed by the Legion to deal with the parents.

In offering the Hut to parents and their children for the dances, the Legion favored the request of many parents who objected to their children attending Saturday night dances at local night spots where drinking and gambling are permitted. Those parents complained to the Legion that Pampa has no approved recreation center for youth.

Buffaloes Beat Miners 51 to 27

CANYON, Dec. 18 (AP)—The West Texas State Teachers basketball team overwhelped the Colorado Miners of Golden 51 to 27 here tonight to sweep a three game series.

Stephenson, six foot, seven inch forward for the Teachers, rolled up 19 points. Schur, a substitute for the Teachers, made ten points. Peterson and Sullivan were standouts for the Miners.

soldiers, and guns, but not in the sets that were so popular 25 years ago. The soldiers are right up to date in the present day uniforms; the tank is not forgotten, and there are plenty of toy shotguns, rifles, and pistols represented, in the toys displayed in Pampa stores.

Game sets few

Not so many games are included in toy displays as used to be. Old favorites, such as dolls, trains, bicycles and tricycles are seen in plenty. A salient note of all these 1937 Christmas toys is in the exactness with which toy makers try to duplicate trains, trucks, automobiles, telephones, making them as much like the real thing as possible.

Model Ranch

Bicycles and tricycles are more sturdily constructed than they formerly were. The streamlining, of course, and wide range of colors, is not forgotten.

A ranch set, having building, corral and cowboys, is one of the new kind of toys. Comic characters, such as Popeye and Mickey Mouse, are found in Pampa stores, as are toy filling stations, complete even to an adjoining cafe.

Airplanes, sets of dishes, and toy furniture, are on sale, as well as books and color sets—but it's guns that draw the attention of most boys, in 1937, just as it did 30 years ago.

gave final approval to sections which the house had tentatively approved earlier in the evening.

From the innumerable amendments submitted, the house picked out only one for approval. It was offered by Representative Mott (R-Ore.) and it was designed to make certain that rural homes would be eligible for mortgage insurance.

The bill as accepted contained provisions to reduce home financing costs by requiring the insurance premium rate to be computed on the outstanding balance instead of the original face value of a mortgage. The rate would be set at a minimum of 1-2 of 1 per cent and a maximum of 1 per cent on the reducing balance. A premium of 1-4 of 1 per cent would be permitted in connection with 90 per cent mortgages.

Key Feature Approved

Earlier, the house approved a key feature of the bill—a section to permit 90 per cent loans insured by the federal housing administration, and ten per cent down payments on homes appraised at 6,000 or less.

For homes valued up to \$10,000 the 10 and 90 per cent feature would apply to the first \$6,000 and a 20 per cent down payment and 80 per cent loan to the remainder.

Over at the other end of the capital, a senate banking sub-committee wrestled through the day with the housing bill. When it failed to reach an agreement, majority leader, Barkley, spoke of a possibility of holding the senate in session until Thursday.

Administration chieftains had been hoping to adjourn the special session by Wednesday.

OIL SHUTDOWN IDEA REJECTED

AUSTIN, Dec. 19 (AP)—In a new prorator order effective immediately, the railroad commission today made little change in Texas' oil allowable.

It also decreed against continuing the Sunday shutdown of the big east Texas field, or extending the closing to the rest of the state, at least for the time being.

The state allowable was set at 1,357,573 barrels daily, 39,299 less than three days ago but 3,430 more than on Nov. 16. The allowable normally increases somewhat as new wells are completed and retroactive adjustments made.

It was 6,673 barrels more than recommended by the Federal Bureau of Mines, which estimates the national market demand and the requirement from each oil producing state.

In not continuing the east Texas shutdown, effective for the last four Sundays, and applying a similar restriction of the remainder of Texas, the commission went against the

recommendation of its chief engineer, E. V. Cottingham.

The commission, in a statement, said it desired to give the "grave" situation more deliberate study.

"We will, therefore," it said, "continue to survey the conditions affecting production of oil for another 30 days, and at the January hearing, we will go further into the situation after the turn of the year when a more complete analysis of 1937 can be had and a better forecast for 1938 can be made."

The factor on which the allowable of the east Texas field is computed, 2.32 per cent of each well's hourly potential, was unchanged, and, it was estimated, permitted production today of 489,517 barrels, compared with 488,035 three days ago and 484,068 a month ago.

Other district allowable, as of Nov. 16, Dec. 15 and today, were: Panhandle, including Moore county and Osborne area, 70,443; 72,257 and 70,443; North Texas, including Poard county, 60,650, 63,128 and 60,650; West Central Texas 70,697, 73,541 and 67,316; West Texas 162,423, 170,379 and 167,110; East Central Texas 92,414, 95,186 and 86,469; Southwest Texas 234,674, 247,345 and 230,990; Gulf Coast 174,807, 185,489 and 185,982.

Among the larger fields, Plymouth received a cut of 2,713 barrels under current production. Its new allowable being 32,449. Conroe was unchanged at 34,065, was

were Rodessa, at 18,861; Van, 19,062; Yates, 21,442; Upton, (McCamery), 13,865 and Reagan (Big Lake) 7,500.

Cayuga was slashed 1,000 barrels to give an allowable of 19,415, and New Saxe Frio, 2,329, for an allowable of 20,108.

Allowables of the Talco and Sulphur Bluff fields were trimmed 5,263 and 2,684 barrels, respectively, being set at 26,870 and 3,266.

Seven-tenths, or 257,060,000 acres, of the total farm lands of the United States are used to produce forage crops.

WICHITA AND LONGVIEW MARCH TO FINALS OF STATE GRID RACE

SMALL CONROE ELEVEN LOSES 34 TO 0 ROUT

CONROE, Dec. 18 (AP)—Longview high school, outplaying its semi-final interscholastic league opponents in every quarter, whipped Conroe high school 34-0 today.

Underdogs at game time but still the state's highest scoring Class A school team, this season's Conroe disappointments followed by scarcely threatening the East Texans during the whole game. The game was their first loss of the season and Longview's thirteenth win.

Three versatile Longview backs, Dick and Hardy Miller and Don Fambrough dealt their lighter foes misery all afternoon. Time after time they raced through the line or sent the 7,000 fans to their feet with startling pass plays.

Because of their victory today, the Longview players will all be in Wichita Falls for the final playoff for the state schoolboy championship.

The first time Longview players got their hands on the ball they scored in seven plays.

Ray Cantrell put the ball in a scoring position after a 15-yard dash that put the ball on the Conroe eight-yard line. Dick Miller scored from there on an end run and Cantrell kicked the extra point.

The second quarter was but a few minutes old when Longview scored again, this time on a pass from Cantrell to Lebus, who ran 30 yards after gathering in the pass.

Dick Miller opened the third period with a 60 yard dash that gave the East Texans their third score of the game. The elusive, non-buffed runner from the Conroe 40 yard stripe for the score, kicking end, reversing the field and plunging over. Cantrell again converted and Longview took a 21 point lead.

Fambrough, a substitute back, came into the game and had not been named in the team before he snared an end zone pass from Lebus for a touchdown. Richardson's try for point was wide and the score stood, Longview 27, Conroe 0.

One more touchdown was scored in the final minutes of the game as a drive that was climaxed by a plunge for three yards by Fambrough.

Cam "Powder" Harrell, Conroe's high scoring back, was stopped all afternoon by the hard charging, heavy Longview line.

The lineup:

Longview	Pos.	Conroe
Pouncey	LE	Isbell
Sullivan	LT	Simms
Daniel	LG	Neiderhofer
McMahon	C	Simms
Richardson	RG	Looney
Bannan	RT	Berry
Burandt	RE	Ferguson
Lebus	QB	Woods
Cantrell	LH	Harrell
Dick Miller	RH	Waldie
Hardy Miller	FB	Vanderburg

Harvesters Will Play Amarillo Here Tuesday

The Harvesters basketball team will take things more serious than usual Tuesday night when the Amarillo Golden handles will invade the local court.

Last night they breezed through the Hornets 28 to 8 after the second team had nosed out the visitors' reserves 16 to 13.

On Wednesday night the Harvesters will play a return game at Amarillo.

The Sandies, usually easy victims for the Harvesters, are expected to put up a stronger fight than usual Tuesday and Wednesday nights.

For one thing, they have had more time to practice. In the last few years, they have played football until the end of the year. This year, they were knocked out of the state race a week before the season closed.

The next week they took to the court with a vengeance. They are not saying much but they plan to take the Harvesters in basketball as they did in football. Needless to say the biggest crowds of the season are expected to pack the respective gyms.

Coach Odus Mitchell and his cagers have not been broadcasting it, but they too have been looking forward to Tuesday and Wednesday nights. A victory in basketball always helps wipe out the sting of gridiron defeats. They also know that Amarillo will be harder to beat this year than in several years. In the first place, the Harvesters are developing slowly, and in the second place the Sandies are reported to be more powerful than usual.

Last night, both teams gave an exhibition of hit-and-miss basketball. All the defects of inexperience showed up, as well as early-season bungling.

'Whizzer' And Mates To Arrive In Texas Monday

DALLAS, Dec. 18 (AP)—Murky, wet weather folded up and the sun was back in charge as Texans prepared to greet an unbeaten Colorado football team Monday upon its arrival at Fort Worth to start training for the Cotton Bowl classic.

Only 35 miles away in the big Texas Christian University stadium the Coloradoans will pitch camp for 12 days of acclimating and drilling before their New Year's day clash here against Rice Institute, Southwest Conference champions.

Seventeen days of drizzles and rain without a peep from the sun dampened ticket sales for the post-season plum, but J. Curtis Sanford,

president of the Cotton Bowl association, said today the rush was on again and actual sales were climbing past the 25,000 mark.

Sold down to the goal-lines of the vast bowl, some 22,500 seats still are available, Sanford said. The heaviest advance sale in southwest history caused predictions of a sell-out of the 47,000 capacity bowl and the largest paid grid iron crowd on record.

Two times the bowl has been filled, once for a free high school game at its dedication and again when President Roosevelt spoke at the Texas Centennial Exposition in the summer of 1935.

Coach Bernard (Bunny) Oakes of

Colorado was assured strictest privacy for his team in accepting the T. C. U. plant for pregame drilling. The Rice Owls, working daily at their home field in Houston, will arrive in Dallas one day before the game.

Rain or shine the Cotton Bowl gridiron, recently sodded in Italian rye to make it "the greenest playing field in the nation," will be dry at game time. A tarpaulin will be stretched over the playing field for days before the kickoff, Sanford said.

Heavy work loomed for both teams, starting Monday. Coach Jimmy Kitts of Rice told his charges yesterday that "play time" was over and

scrimmage would be their dish throughout next week. He had his ends and backs studying the running antics of Byron (Whizzer) White, Colorado's all-America ball-carrier and the nation's leading scorer, with a view of throttling the elusive wrath.

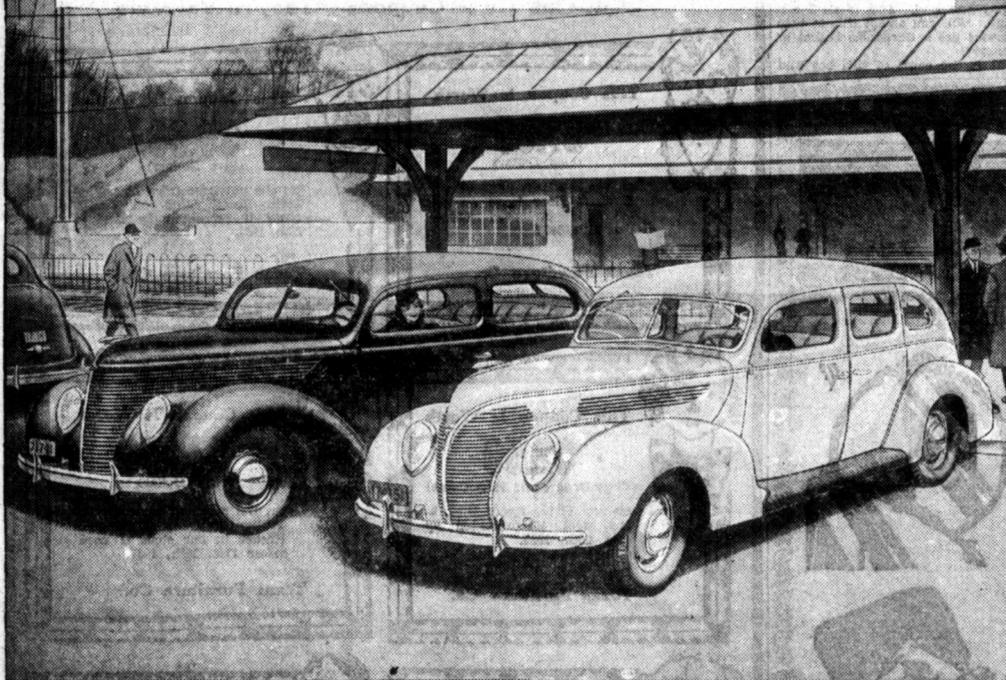

Colorado must have its staunchest anti-aircraft units at work on New Year's day, for the Owls continued to stress passing with husky Ernie Lain, their sophomore star, heaving short and long ones all over the practice field. Ole Cordill, Lain's sophomore backfield playmate, had recovered from the effects of a badly battered leg received three weeks ago and was expected to carry the brunt of the running game.

Two other "Scat" artists, Doug (Scat) Sullivan, a bounding 155-pounder, and Tom (Red) Vickers, a pile-driving senior off-tackle specialist, both of whom were going at top speed at the finish of the regular season, were other ground hopes.

Cotton Bowl officials announced that accommodations for visiting fans were still plentiful with Fort Worth capable of taking care of a flock of fans who will be coming in from all over the southwest to see the heralded White-Lain duel.

No less than 5000 distinct species of dinosaur reptiles are known to have lived in the Mesozoic age. They ranged in size from small rabbit-sized creatures to the huge Brachiosaurus, 80 feet in length.

Why did Ford build TWO new cars for 1938?

Left, the Standard Tudor Sedan. . . . Right, the De Luxe Fordor Sedan

It's a natural question. And there's a logical answer — to meet a definite, growing demand for just such a car as the 1938 De Luxe Ford V-8.

The De Luxe was designed for those who like the basic Ford features but want more size and style. It brings both size and style at low Ford prices.

THE DE LUXE — THE STANDARD

The De Luxe is an addition to the Ford line. It looks big and is. It is spacious, with richer appointments. Sedans have larger luggage space. And under the hood is the 85-horsepower V-8 engine.

The new Standard Ford is in many ways a better car than the 1937 Ford V-8 — which was bought by more people than any other 1937 make of car. It is newly styled, inside and out. It is even lower priced than the De Luxe, but built on the same dependable 112-inch wheelbase chassis — to the same high standard of mechanical

excellence. And it offers again a choice of 85 or 60 horsepower V-8 engines.

V-type 8-cylinder engines were used only in expensive cars before Ford found a way to produce them efficiently at a low price. Since then, four million Ford owners have proved on the road that enjoyment and economy can be built into the same 8 cylinders by good design. The thrifty "60" engine, especially, brings 8-cylinder pleasure right down to the base of the low-price field — in first cost and operating cost. Hundreds of owners have been reporting 22 to 27 miles per gallon of gas.

BOTH BRING FORD VALUE

With two designs, two engines, and two price ranges, it's easier than ever, this year, to pick a Ford car that closely fits your personal preference. Which ever you choose, whatever you pay, you'll get the value for which the Ford name stands.

PRICES

FOR CARS DELIVERED IN DETROIT—TAXES EXTRA

Market Briefs

NEW YORK, Dec. 18. (AP)—While stocks generally failed to make headway this week, the market put on a rallying finish in today's brief session.

Despite profit and year-end tax selling, buying in stocks attracted support for other leaders and gains running to 2 or more points were recorded in the 2-hour proceedings.

The upturn on the concluding lap reflected partly an overall condition of the list which inspired some short covering and a moderate amount of investment buying.

Although the Associated Press average of 50 stocks was down .3 net for the past six days, it held an advance today of .5 of a point at 45.8. Transfers amounted to 500,550 shares compared with 589,970 last Saturday. The total for the week was 5,170,364 shares, the smallest weekly volume since early in September.

Among the day's prominent gainers were shares of U. S. Keep the Pots Boiling for Christmas!

NEW ORLEANS COTTON
NEW ORLEANS, Dec. 18. (AP)—Weekend evening up mixed fluctuations in the cotton market here today and the close was steady, net 2 points lower to 3 higher.

The trend of prices was slightly downward throughout most of the short session but transferring from near to distant positions rallied the latter options in late trading.

There was little inclination to enter up on new commitments despite the senate's passage of the farm bill.

Jan. finished at 8.23 bid, March at 8.33, May at 8.36, July at 8.41, Oct. at 8.50 and Dec. at 8.52 bid. Spots were steady and 2 points lower with middling at 8.33. Sales totaled 2,496.

CHICAGO LIVESTOCK
CHICAGO, Dec. 18. (AP)—(USDA)—Hogs, 10,000; top 7.85; quotable 7.90; few sales 200-250 lbs., 7.70-80; estimated hold-over, 1,000.

Cattle 700; calves 100; compared Friday last week: All grades unevenly and sharply lower early in week when country liquidated excessively; choice steers and yearlings closed steady, but all others mostly off, instance 75; closing trade very dull; top weighty steers and yearlings 13.00; little above 11.00; best heifers little above 9.25; bulk heifers 6.50-7.75.

Sheep 2,000; compared Friday last week: Handy and medium weight lambs 25-50 lower; weighty offerings fully 50 down, spots off more; yearlings sharing lambs decline; feeding lambs weak to 25 lower; week's lamb top 3.60; closing top 3.10 on choice light weight fed lambs to shippers; week's bulk 3.75-3.80; week's top yearlings 8.50; top 7.75-8.35; feeding lambs 8.15-8.50 mostly.

CHICAGO GRAIN
CHICAGO, Dec. 18. (AP)—Without aggressive buying and lacking trade news strongly stimulating to purchasing operations, wheat prices were unable to make much headway today in a feeble advance.

The market got up about a cent a bushel at one stage, but buying power waned and prices slipped back with only net fractional gains to show at the close.

In the upturn buying largely credited to previous sellers who covered here in sympathy with an advance of almost two points in December wheat at Winnipeg appeared. The current Canadian contract, however, was believed to be congested because of the approaching deadline for delivery.

Wheat closed 1/2 lower to 3/4 higher compared with yesterday's finish, December 94 1/2-95, May 91 1/2-92, July 85 1/2-86, corn was 1/2-3/4 up, December 57, 59, July 59-59 1/2; oats unchanged to 1/2 up, December 31 1/2; rye 3 1/2-4 up, December 67 1/2; hard 2 to 5 cents lower.

Response to the Salvation Army Christmas dinner fund has been very good thus far, but there is need however that this be kept up right to Christmas if the Army is to be successful in its Christmas plans, according to Capt. Herman Lambrecht, head of the Pampa post.

There are at present 55 names on the Army list and to fill this many baskets is within itself quite an item and then it is expected that there will be others to be added which will boost the number to about 75.

Donations of any amount from one cent upwards are acceptable and should anyone so desire they can mail in the contribution or drop it in the kettles now on the streets.

"We are grateful for the help and cooperation that we are receiving in this effort," Capt. Lambrecht said last night.

One boy who sells candies and other items on the streets went up to one of the "pots," held out a penny and said, "This is all I can spare. Will you accept this to help someone get a Christmas basket or dinner?"

"It is the spirit of this boy and

36 CONVICTED AS TERRORISTS

SPRINGFIELD, Ill., Dec. 18. (AP)—The largest trial in this federal court district ended today in the conviction of 36 men on charges of terrorism stemming from a bitter inter-union war.

The jury returned a blanket verdict finding all the defendants—most of them affiliated now or formerly with the Progressive Miners of America—guilty of conspiracy to obstruct the mails and disrupt interstate commerce by bombing trains in the Illinois coal fields.

The convicted men, facing maximum penalties of four years imprisonment and \$20,000 fines, received the findings quietly but the wives of several sobbed.

A. M. Fitzgerald, chief of defense counsel, filed a motion for a new trial and hearings were scheduled for next Wednesday. Judge Charles G. Briggle ordered bonds fixed at \$10,000 for all the defendants except John Tatman, whose bond was set at \$20,000.

Among those convicted after a five-week trial were Sheriff Earl "Nip" Evans of Harrisburg; John H. Fanger, vice president of the Progressive Union; and Dan McGill and Jess Anderson, members of the organization's executive board.

The trouble developed in 1932. Dissatisfied with the Lewis regime, a number of the coal diggers bolted from the U. M. W. A. ranks and formed the Progressive Union, which later affiliated with the A. F. of L. Mass scale rioting, shooting and

bombing ensued as the rival unions fought for supremacy.

Federal agents instituted an investigation last year. They gathered evidence designed to show trains hauling coal from mines employing United Mine Workers were dynamited in an effort to compel employment of Progressives.

Wheat, rye, oats and rice—America's most important crop, excepting corn—all came from Europe.

The first horses in America after the Ice Age were brought over by Cortez for the campaign in his conquest of Mexico, begun in 1519.

Marriage of Miss Johnson and Henry Babcock Announced

The marriage of Miss Wilhelmina Johnson and Henry Babcock which was solemnized here on November 19 has been announced by the bride's parents, Mr. and Mrs. Earl Johnson.

The Rev. Luke Priba, minister of the Church of Christ, presided at the ceremony which was performed at the home of Mr. and Mrs. Priba, 427 North Cuyler street. Wayne Johnson was the only attendant.

Mr. Babcock is the son of Mr. and Mrs. N. J. Babcock who live south of Pampa.

The couple are at home at 116 North Houston street.

Dinner And Dance Given For Group

Complimenting the cast, stage crew, and property committee of the school play, "Come Out of the Kitchen," Kenneth Garman, director of the play, entertained with an informal dinner and dance in the red school building, following the final presentation Friday evening.

Decorating the dinner table, which was laid with a white and blue cloth, was an arrangement of flowers and blue and white candles.
Dancing to radio music was enjoyed by the group following the dinner.

Those attending were Mrs. J. E. Seitz; Betty Rains, Mary Jean Hill, Colleen McMahon, Edith Beckham, Anabelle Holloway, Jack Cunningham, Jack Johnson, Howard Jensen, Jimmy Mosley, Bill Kelley, Aubrey Green, Bobbie Karr, Bobbie Karr, Richard Neaves, W. L. Davis, Bert Barrett, Bill Ketter, Katherine Barrett, Jerry Smith, Jeanne Lively, Charles Hickman, Rita Holmes, Kirk Duncan, Bill Davis, Betty Anderson, Francis Thompson, Martha Price, Winston Savage, Ernest Cabe, and the host.

Theme Of Alpha Mu Discussed

A meeting of the newly organized Alpha Mu chapter of the Delphian society was held Friday in the parlor of the First Baptist church with Mrs. Emma Lou Powell, national counselor, presiding.

Each member gave a two or three minute discussion in building the theme for the year on "Orientation for Modern Times." In this lesson the club was seeking to find out in what direction the three main forces make up the moving of the club.

The main topics discussed were "Orientation Through Art" or "The Influence of Art on Life," "Orientation Through Literature," and "Orientation Through Basic Trends."

After a short business session with Mrs. E. Morten, president, presiding, the chapter adjourned with the reading of the motto of the society.

The place of the next meeting will be announced before January 14, the regular meeting day.

Yuletide Banquet Fetes Intermediate Class of Girls

Entertaining with a Christmas banquet in the dining room of the First Baptist church, Mrs. W. Bell and H. T. Cox were hostesses to two classes of intermediate girls of the church.

Miniature Christmas trees and candles decorated the table at which places were marked with tiny holly wreaths.

After the meal a program was presented by the members of the class. Piano numbers by Maxine Holt and Louene Cox opened the program which was presided over by Louene. A Christmas reading by Eugenia Phelps, an accordion number by Bertha Mae Willis, and a song by June Rogers and Evelyn Auld followed. After the singing of "Silent Night" by the group, the Rev. C. Gordon Bayless closed the program with a talk.

Games were played and gifts were exchanged by Bertha Mae Willis, Irene Westbrook, Evelyn Auld, June Rogers, Margie Brunnett, Eugenia Phelps, Maxine Holt, Juanita Caldwell, Willadean Ellis, Juanita Shirley, Elsie Pearl Smith, Martha Brunnett, Betty Dooley, Florence Crawford, Louene Cox, Doris Roundtree, Mr. and Mrs. C. Gordon Bayless, and the hostesses.

Mrs. Simpson and Duchess Two Different Women

By NEA Service
NEW YORK, Dec. 18.—Wallie Simpson and the Duchess of Windsor aren't the same person by any means, according to Horst, noted Paris photographer.

The American bride for whom Edward posed for Horst last month and the cameraman reports that since her marriage she has changed, not only in personality, but in physical appearance.

First—and, presumably, most important to the ladies of America—the Duchess has gained a little weight. "Enough," says Horst, "to round out her figure into very gentle and becoming curves."

Her manner, too, has changed. She is more dignified, but yet not haughty. "She makes you feel," says Horst, "in an indefinable way, that she is still gay and vivacious, but more subdued."

Her voice has taken on a deeper, softer tone, and she is a bit more deliberate in her speech.

"It has become an example of perfect English," says Horst. "Neither British nor American—more like the perfection of stage English."

The Duchess posed for the photographer on Nov. 5, the day before she and the Duke were supposed to sail for America, and the apartment at the Meurice in Paris was a-bustle with last minute arrangements. But the Duchess was completely composed and did not hurry him at all.

She allowed him to choose the dresses in which he wished to photograph her and she graciously and quickly changed three times for him. He took 15 pictures within 20 minutes and she was just as fresh and willing at the finish as she was at the beginning.

The portrait resulting from this sitting now hangs in one of the two places of honor in an exhibition of Horst's work at the Jacques Seligman Gallery, New York. A portrait of the Duchess of Kent, wife of Windsor's brother, occupies the other place of honor.

Among the other celebrities in the exhibition are Countess von Haugwitz-Reventlow, Mme. Elsa Schiaparelli, Mrs. Drayton Cochran, Mrs. Eve Curie, Mrs. Reginald Fellows, Lady Mendil, the De Marcos, Ginger Rogers, Mme. Valentine, Mrs. Harrison Williams, Mrs. Jay O'Brien, Elsie Maxwell, La Marquise De Polignac, and Lady Abby.

Gift Exchange Ends Yule Program for Alathean Class

Red and green holly centered the luncheon tables in the dining room of the First Baptist church Friday afternoon, observing the holiday color scheme at the Christmas party given for members of the Alathean class. The silver holly plate favors and attractive tree completed the seasonal motif.

Games and gift exchange provided the entertainment for the afternoon. Mrs. Harry Miner Jr., who has been absent for three weeks because of illness in the family, was at the meeting. Members of the class presented a gift to her.

The guest list included Mmes. Leona Shults, Opal Miller, Maurine Yowell, Mayse Griffin, Lillie Pearl Stearns, Inez Sumner, Eleanor Boyd, Leona Marsh, Doris Crawford, Hazel Gray, Ruth Pearce, Hazel Fitzpatrick, Billie Sterling, Maxine Robinson, Marjorie Galt, Martha Miner, Violet Anderson, Ruth Rheatt, Joe Iva Clayton, E. D. Morris, J. E. Mathews, Fred Rusk, Clifford Burleson, Mary Hawkins, Pearl Holder, Thelma Hawkins, Ira Pearson, Elzie Whately, C. W. Windom, L. L. Allen, L. H. Simpson, Ruby Slaid, Sarah Bettes, L. H. Simpson, Calvin Whately, Bayless, and Miss Grace Kite.

"Going Home for Christmas" To Be Presented Today

A special feature of the services at the McCullough-Harrah chapel today will be the presentation of a Christmas play, "Going Home for Christmas," in the McCullough Memorial at 7:30 o'clock.

The scene of the play is a little one-room apartment in an Eastern city. The action centers around Mary Hollister, granny holly, so named because "it's Christmas all the time when she's around."

The two acts of the play are packed with pathos and humor and the surprises and joys associated with the Christmas season.

The cast includes Mrs. Mary Hollister, Lawanda Johnson; Alice Hollister, Marguerite Campbell, Mrs. George Arlington Wells, Clea Mae Harrison; Jason Rogers, Mrs. Valentine, Mrs. Harrison Williams, Mrs. Jay O'Brien, Elsie Maxwell, La Marquise De Polignac, and Lady Abby.

Clara Hill Class Social Entertains Large Number

Hostesses at the Christmas party given Thursday in the home of Mrs. Paul Clifford for the Clara Hill class of the First Methodist church were Mmes. Reece Green, G. M. Alexander, Edrie Colvin, and L. C. Cunningham.

A Christmas color scheme was carried out in the decorations and the refreshment course which was served to 36 women.

Mrs. Flo Shellenbarger, teacher of the class, presented the Christmas devotion preceding the Christmas story which was told by Mrs. Frank Showell, an associate member. After a short business session in which plans for sending a box to an orphan child were made, was conducted, Mrs. Roy Reeder led the group in the singing of carols.

Gifts from the attractively lighted tree were exchanged and a present was given to Mrs. Shellenbarger, who in return presented each one with an apron which she had made.

Mothers Class Has Meeting in Home Of Mrs. Purvis

Members of the Mothers class of the First Methodist church met in the home of Mrs. Mary Purvis, Thursday afternoon for the annual Christmas party.

Gay Club Festival Honors Husbands

Priscilla Home Demonstration club members, their husbands, and guests were entertained with a Christmas party Friday evening in the home of Mr. and Mrs. J. R. Spearman.

The house was bright with gay Christmas decorations and a Christmas tree, from which gifts were presented to each one present. Mrs. Norman Walberg, president of the club, was given two pretty bedspreads by the club.

Under Mrs. Walberg's leadership, the club's work ranked first in the county, and the president was awarded the 25 dollars given by the chamber-of-commerce for a trip to College Station. In the recent Ball Jar contest the club was 100 per cent in the number of exhibits.

Refreshments of pimento cheese sandwiches, fruit cake topped with whipped cream, chocolate Santas, pickles, and coffee were served to Messrs. and Mmes. W. S. Tolbert, Guy Farrington, W. D. Benton, Norman Walberg, Joe H. Lewis, J. R. Spearman, E. A. Shackleton, C. A. Tignor, Mrs. J. L. Stroope, Misses Marie Farrington, Donnie Lee Stroope, and Ninetta Spearman; Messrs. R. E. Brown, Farrington, Lewis, Donald and Morris Walberg, and John Spearman.

Mrs. Dean and Phil Calder Marry in Simple Ceremony

Announcement has been made of the marriage of Mrs. Betty Dean and Phil Calder which was solemnized Wednesday in the home of the Rev. W. M. Pearce, officiating minister.

The couple was accompanied by Mr. and Mrs. Joe M. Smith and Mrs. Velma Robinson.

After a trip to St. Louis and Chicago, they will be at home in Pampa on January 10.

Three Clubs Have Christmas Parties

By MRS. JIM BACK.
McLEAN, Dec. 18.—The annual party of the Centennial Embroidery club was given Friday evening at the home of Mrs. W. E. Bogan. Husbands of members were special guests. Gifts were exchanged.

Mrs. J. B. Hembree was hostess this week to the Friday Bridge club. A Christmas theme was carried out in the table decorations and refreshments.

Members of the Embroidery club had their annual Christmas party Thursday at the home of Mrs. C. S. Doolen.

Musicale Will Be Presented Today

With only a few days remaining before Christmas, the Pampa high school is displaying the spirit of the season in presenting the A Cappella choir in a vesper concert this afternoon at 4 o'clock in the high school auditorium.

Numbers to be presented by the young men and women of the school include the following selections: Day is Dying in the West (Sherwin), Cast Thy Burden Upon the Lord, from Elijah (Mendelssohn), Ye Watchers and Ye Holy Ones (Herman melody), Prayer Perfect (Stenson), A Cappella choir; piano solo, At Vient (Godowsky), Gene Pinkbeiner; Loves Old Sweet Song (Molloy), Italian Street Song from Haughty Marietta (Herbert), soprano girls chorus.

Vanka "V" Tanka (Dargomysky), Sundown (Londonderry Air), Is This Fair Excusing (Jones), A Cappella choir; piano solo, Hunter's Horn (Kornatski), Mildred Martin; violin solo, Norwegian Dance (Greig), Helen Pools; Silent Night (Gruber), Joy to the World (Handel), Le Sommeil de L'Enfant Jesus (Gavart), Chertum Song (Bortnansky), A Cappella choir.

The chorus includes: Sopranos—Betty Bell, Teresa Campbell, Lois Enloe, Leona Hurst, Elizabeth Mullinax, Alberteen Schulkey, Ethel Wilder.

Alto—Edith Beckham, Lamarie Courson, Myrtle Frances Jones, Colleen McMahon, Frances Nash, Martha Price, Mary Elizabeth Seeds.

Tenor—Dwight Bobbitt, A. C. Cox, Doyle Enloe, Gene Finkbeiner, and Bill Kretzinger.

Bass—Jack Cunningham, Arvo Goddard, Jimmy Hammil, Jack Hesse, Charles Hickman, Roy McNett, and Bill Scott.

Miss Helen Martin, who is director of the choir, invites the public to attend.

Girl Scouts Plan Party for Wednesday

Girl Scouts of troop four met last week at the little house with 20 scouts and a leader present.

The scouts worked on Christmas presents and planned a Christmas party for Wednesday. Each girl will present a gift which she has made to another girl.

Christmas Party Given for Calvary WMS Last Week

Women's Missionary society of the Calvary Baptist church met Thursday afternoon for a Christmas social in the home of Mrs. W. T. Blixon.

Games were played throughout the afternoon in rooms decorated in the holiday motif. After a play, "The Christmas Call," Mr. and Mrs. Sant Claus arrived and distributed gifts from the lighted Christmas tree.

Refreshments of cake, tea, and Christmas candy were served to Mmes. J. H. Tucker, Bill Elliott, Hattie Wilson, Claude Crain, Charles Henson, Ed Walker, Alfred Smith, Carl Pixler, Addie Buzbee, Frank Turpin, Clay Bullock, Lizzie Walker, A. M. Black, Betty Scarberry, Zelma Timmons, L. L. Brower, L. C. Vandenburg, J. D. Hunt, Henry Lovely, Muggs Brown, Clayton King, Leslie Lovell, Ray Mitchell, E. N. Dunsworth, and the hostess.

Annual Dinner Set For Episcopalian Church Members

Plans for the annual Christmas dinner to be given for members of the St. Matthews Episcopalian church were made at the meeting of the auxiliary held Wednesday afternoon in the home of Mrs. F. L. Lewis with Mmes. F. M. Perry, Earl Scheig, and Lewis acting as hostesses. The date for the entertainment was tentatively set for January 11.

In the business meeting, the group moved to thank all who helped to make the recent bazaar a success.

Gifts were donated for Christmas baskets, games were played, and gifts were exchanged by the members.

A lovely Christmas plate was served to Mr. and Mrs. R. J. Snell, Mmes. S. G. Surratt, Roy Wallrabenstein, W. S. Kaiser, R. C. Taylor, and guest, Mrs. Autrey; R. C. Bowder, T. B. Bliss, Harriett Clark, Morris Levine, and the hostess.

WEBB NAMED TO HELP FIGHT CHILD MALADY

Dr. R. A. Webb, Gray county health officer, has been named medical representative for the New National Foundation for Infantile Paralysis, President Roosevelt's new program for waging a national fight on infantile paralysis.

The appointment of Dr. Webb comes from Thomas Parran, surgeon general of the United States, one of the nation's leading public health authorities.

Last September, the President, after a thorough survey of the situation, and after having served for ten years as president of the Georgia Warm Springs Foundation, issued a statement creating the new National Foundation, to lead, direct, and unify the fight on every phase of this sickness.

This year's celebration of the President's birthday on January 29, will be devoted to the acquisition of funds to make the aid possible.

Birthday Balls will again be held throughout the country in 1938, and all funds realized will go into the new National Foundation.

FLASHLIGHT OUTSHONE BY MATCH-SIZED TUBE

PALO ALTO, Calif., Dec. 18 (AP)—A little tube about as big as a kitchen match, capable of producing a light four times as bright as any existing searchlight, was brought out for demonstration today before the American Physical Society by Dr. Cornelius Bol of Stanford university.

Dr. Bol said medical science is already experimenting with the little lamp in treating skin diseases. It was reported to have attracted the interest of militarists of several nations and to be of potential value to television.

The tiny quartz tube contains two electrical terminals and a small amount of mercury. Two kilowatts of electrical current produce a brilliant white light in the tube.

With the aid of a 36-inch reflector it will then produce a beam of more than a million candlepower to each square inch of reflecting surface.

The brilliancy within the tube develops such a tremendous pressure—about 15,000 pounds to a square inch—that the whole thing is encased in a cooling chamber under sufficient hydraulic pressure to counteract that generated by the lamp.

CLUB HAS YULE PARTY IN McLAUGHLIN HOME

LAKETON, Dec. 18—Members of the Laketon Get-Together club met in the home of Mrs. Floyd McLaughlin at a Christmas party given here recently.

A Christmas theme was used in the decorations. There was a large Christmas tree in the dining room. As each member arrived, she placed a gift upon the tree.

Several games were played after which old Santa's bells were heard, and gifts were distributed.

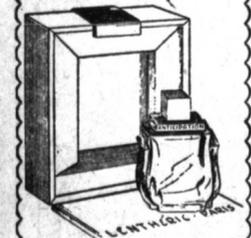

In a brief business session, Mrs. McLaughlin was elected club president and Mrs. E. H. Tooley, reporter.

Refreshments were whipped cream and peaches, fruit cake and coffee. Those attending the party were Mes. Ray Jones, J. Evans, Ennis Jones, Arnett, E. H. Tooley and daughter, Anita, and the hostess.

PHI BETA KAPPAS WORKING ON GOVERNMENT UNDER NEW PLAN

By EDDY GILMORE.
WASHINGTON, Dec. 18 (AP)—Thirty-seven internes in federal government—youthful Phi Beta Kappas working on the body politic without pay—saw their patient past the four-month mark today.

The students, brought here from colleges all over the country by the National Institute of Public Affairs, have contracted nothing more than contagious than enthusiasm.

"Everyone doesn't know it," said Dr. Henry Reimling Jr., their educational director, "but there is a tremendous collegiate interest in government."

More than 300 graduates, after being recommended by their schools, applied for the 37 jobs as full time assistants to high government officials. None of those selected has quit or been fired.

They work just about everywhere except the White House and the Supreme Court. One is even an assistant to a Senator.

Once a week the internes—(their

official title)—hold a round table clinic and theoretically operate on Uncle Sam. Details of the operations are not public.

All sorts of students make up the interne staff. Nine are women. One man was the captain of his football team; he's bucking the line at the Federal Reserve.

Their internship is over next June. Some will go back to school, others into business, and still more into government service—with pay.

The institute is a nonpartisan outfit. Its president is Louis Brownlow, chairman of President Roosevelt's committee on government reorganization. The chairman is Frederick M. Davenport, a former Republican representative from New York.

Early next month the institute intends to send out a call for 1938-39 internes.

SENATOR'S REQUEST RECALLS 1917 FEUD

WASHINGTON, Dec. 18 (AP)—Senator Holt (D. W. Va.) asked a Senate committee today to block the presidential nomination of a man he said advocated execution of Holt's father because he opposed America's entrance into the World War.

The Senator quoted Roy Yoke, nominated as West Virginia collector of internal revenue, as saying of Dr. M. S. Holt, 87, of Weston, W. Va., 20 years ago:

"Dr. Holt should be stood up against a white wall and shot until his blood stained the ground."

Yoke, the Senator asserted, made the remark in the Weston high school. Yoke, whose nomination is supported by Senator Neely (D. W. Va.), was superintendent of the Weston schools.

Yoke, questioned by Neely said he did not deny the statement, but did not recall the exact words. He added:

"I don't want to convey the impression I didn't criticize Dr. Holt."

I did express the thought of the great majority of the citizens of our part of the state at that time."

Senator Holt also charged before the committee that Yoke condoned actions of a mob which stoned his parents, injuring his mother, and asserted the school superintendent instructed teachers in the high school to reduce Holt's grades and prevent his promotion in classes. Yoke flatly denied the latter charge.

MRS. J. A. HILL TO SPEAK AT WHITE DEER

Mrs. J. A. Hill of Canyon will be the main speaker at the meeting of the local Parent-Teacher Association Monday evening at 7:30 in the grade school auditorium.

The theme for the evening's program is "When the Family Entertains." The Christmas Spirit will be introduced with carols by the grade school students.

CHRISTMAS WEEK

Like magic the streets of all Panhandle towns and cities have blossomed forth in bright and colored lights and gay decorations.

Pampa is one of these cities, and Pampa stores and shops are prepared for this final week of Christmas shopping. For two weeks the business district has been ablaze with decorations and lights, heralding the approach of the holidays.

Merchants of Pampa have been preparing for the holiday shopping rush for weeks. Their shelves are stocked. Their sales forces have been augmented and they are eager to assist the busy shopper in wisely selecting gifts.

The residents of Pampa can aid greatly by doing their shopping early this week. Postmaster C. H. Walker sends out the annual appeal to mail packages, cards and letters early in order that they may reach their destination before Christmas.

The women of the Garden Club and the members of the Junior Chamber of Commerce again are offering valuable prizes to residents for the most attractively lighted outdoor Christmas trees. Some years ago they launched this drive for outdoor decorating and with each succeeding year more and more trees have been lighted.

A SHORT, SHORT STORY

It's easy to like this story because it shows the Christmas spirit which is talked about so much can't be talked about too much.

There's a certain man, it seems, who likes to drop money into those Salvation Army pots at Christmas. It makes him feel good. It's the way he exercises his Christmas spirit.

So each year he takes whatever he thinks he can afford to give and has it changed into small coins. Every time he passes a Salvation Army pot he throws in a coin till all his Christmas giving fund is used up. He's at it again this year.

The thought of that man merrily popping coins into those pots to help the Salvation Army buy baskets of food is the brightest item of Christmas spirit to come this way so far.

READY FOR TROUBLE

The United States air force is "one of the biggest and possibly the most efficient" air force in existence. So says that famous British authority, "Jane's" of the World's Aircraft, in an annual publication which reviews national air forces once each year.

This British authority, incidentally, is puzzled by America's big air fleet. It points out that America is isolated and safe, with nothing to fear from any enemy close enough to do any damage. Why, it asks, should the American people spend money for such a powerful weapon?

The answer to that one is easy: just in case, brother—just in case. This country is going to keep out of trouble if it can; but it doesn't mind having the world know that if trouble should come the country is perfectly well able to handle it.

This world has only been fit to live upon since the invention of the moldboard plow—about 170 years ago.

The greatest reform in religion is the elimination of fear from its preachings and teachings.

A smoky chimney is a waste of fuel, a noisy machine a waste of power.

Yesteryear In Pampa

TEN YEARS AGO TODAY
 More than 30 miles of line had been strung by the Southwestern Bell Telephone construction crew working on the new line between Pampa and McLean, and a branch to LeFors.

Playing a fast game, the girls' basketball team of the Lamar school defeated a team from the Central high school by a score of 18 to 12.

FIVE YEARS AGO TODAY
 Mrs. W. H. Davis, manager of the Welfare Board, urged parents to secure tickets at the board office for their children to attend the community Christmas tree.

A sack of groceries admitted one couple to the Junior chamber of commerce and Veterans of Foreign Wars dance in the Wynne-Merten building.

Tex's Topics

It's strange how things turn out. Here, all the time I thought Police Chief Art Hurst would be angry because of the things I wrote about him in this column last week. He called me up day before yesterday and I expressed indignation over the fact that he had dropped his name for several days. He said he bought a new scrapbook to keep the clippings in, and if I don't continue to write something about him the book will go to waste. . . Imagine!

When President-elect Jimmy Massa, of the Kiwanis club, announced Friday that Fred Thompson would be the club's secretary for 1938, loudest applause came from John Roby, outgoing secretary, who did such a good job of secretarial in 1936 that they held him over for 1937, and now he's plenty glad to unload the duties.

There was a Christmas party at our house the other night, and The Boy Wonder, who will be two years old day after tomorrow, thought it was his birthday party, and refused to go to bed until the last guest went home at 1 a. m. . . He had heard his mother talking about the birthday party so much that I reckon he figured that must be it. . . Now, when it comes time for his birthday party Tuesday, he's going to be plenty befuddled.

That coming Pampa turkey shoot reminds me that there has been a turkey shoot in progress over around Nanking, China, for the last couple of weeks. . . However, the prize which the Japanese are shooting for is another national bird, known as chop suey. . . I get my tongue so twisted around some of those Chinese battle scenes that I am now preparing to organize the Phonetic Society for Prevention of the Annihilation of Chinese Cities by American Radio Newscasters. . .

What I propose to do is shake all those stutter-starters and toss them into the Whangpoodle River and Moccow creek, and then substitute one word which could be used to cover a multitude of microphone sins. . . The one I have in mind would be very applicable because it means war in any language. . . But, I have just been advised by the Federal Communications Commission that the word is taboo on the air.

Sales of that once popular song, "Shanghai Honeymoon" have dropped 99 per cent since the Japanese took all the romance out of it. . . Getting back to the pronunciation of words, I am in favor of an international law making it compulsory to pronounce all words exactly like they are spelled. . . For instance, Cijon, the town in Spain, is pronounced "Heehoneh." . . There isn't any sense to it. . . Just why we have to place the foreign pronunciation on it for an English-listening audience is beyond me. . . But, maybe I'm wrong. . . I have been on other occasions.

Washington Daybook

WASHINGTON—Maybe it is the spirit of Christmas, or Senator Nye's don't-fight-at-any-price campaign has taken effect, but at any rate the country somehow forgot to shout: "Remember the Panay."

Twenty years ago we shouted: "Remember the Lusitania." Ships, shell and soldiers were sent to France.

Forty years ago we shouted: "Remember the Maine." Ships, shell and soldiers were sent to Cuba.

The gambot Panay, bombed by Japanese planes, sank in the mud soup of the Yangtze. Yet the quantity of war spirit generated could have been carried in a hip flask. In Washington it was treated as a serious incident. The state department and the Japanese embassy and the British embassy played the role of diplomats concerned with a serious incident.

But there was not the slightest note of strain in the negotiation. All sides seemed to feel they knew how it was coming out—in a general way—almost before the Yangtze had begun to silt over the sunken Panay. There would be no war. There would be no reprisals. Japan would probably pay indemnities to survivors of the dead, to the wounded crew and passengers, and the U. S. treasury for another unboat.

Taken in the particular instance, the death of a sailor is a sorrowful affair. But in the determination of military and diplomatic affairs sailors are expendable in accomplishing a purpose.

For six years the Japanese military has been riding high, wide and handsome on the international highways, apologizing here and there without giving power a real handle-hold for a jolting protest. But up bobs the Panay incident. The Japanese are dead in the wrong, admittedly without an excuse of military necessity.

A new and emphatically sour note is injected into their melody of international conquest. The nonchalance evident in Japanese handling of previous lesser incidents was lacking in the note of apology for the Panay sinking.

Probably it won't stop the Japanese march up the Yangtze, but it will give the United States and England a new basis for insisting upon a clarification of the real purpose of the conquest.

Some time ago we digested a tabulation of the state department which showed that it cost about 50 cents in overhead and publicity for every dollar of relief and assistance money sent to help various factions in Spain.

Two organizations protested that they had much better records than the average, so we present them. The North American Committee to Aid Spanish Democracy spent \$34,186 for administration and publicity while sending \$53,304 to Spain. However, the organization states it has sent \$205,880 in contributions in kind (goods) to Spain.

The Medical Bureau to Aid Spanish Democracy, in turn, has spent \$24,809 in sending \$103,176 to Spain, with an additional \$21,249 in kind.

Problem In Timing

Man About Manhattan

NEW YORK.—It being the final spasm of the old year, your prognosticator takes a hitch in his swami robes, peers anxiously into the future, and makes these predictions for 1938:

At least one drama critic will have his face slapped by an irate actress resentful of his unkind criticisms. . . The Governor of California will free Tom Mooney. . . Japan will carve out another chunk of Asia and thereby create another Era of Peace. . . Sinclair Lewis will write a novel declaring he doesn't know whether it can happen here or not. . . All the 64 Fords will go over to the New Deal.

The N. Y. traffic department will try out a new system of lights on Fifth avenue before discarding it, as usual. . . Ethel Barrymore will retire gracefully from the stage and then come bounding back in a new play. . . Spain will return Alfonso to the throne and Ernest Hemingway will immediately become persona non grata west of the Pyrenees. . . Zion City will legalize cigar smoking. . . Max Schmeling will regain the heavyweight title.

Your swine-skin seer further makes known that Alabama will defeat California in the Rose Bowl Jan. 1. . . Hollywood will actually start making "Gone With the Wind" into a motion picture, but the fellow who plays Rhett Butler will be somebody nobody ever heard of. . . Finally they'll decide the book is too complicated and revert to the old formula of Northern Boy meets Southern Girl but the South will win the war, unless, of course, the scenario writers are carpetbaggers and scallawags.

The Duke and Duchess of Windsor will visit the United States and all the press agents will promptly go into mourning—with that couple in town, there won't be room in the papers for the daily hurbs. . . Carl Hubbell will win more games in the National league than anybody else, but what'll happen when he faces the Yankees is a distressing subject. . .

The Carnegie Foundation will issue a dignified and grave manifesto to the effect that certain colleges and universities are actually subsidizing athletes, and football coaches will cast another ballot to "give the game back to the boys."

Political rumors will be thicker than feathers on a duck's back, one of which will be that President Roosevelt is looking so far ahead as to contemplate a FOURTH term. . . Spencer Tracy will receive the palm for the best performance of the year. . . Stanley Walker will write another book on the Decline and Fall of the Speakeasy. . . Ronald Colman and Warner Baxter will shave off their moustaches. . . Garbo will shelve her hermit role and develop into a chatterbox.

Of course every one of these predictions may not come to pass, but that's how it looks at the moment.

People You Know

They say that good times are back again, but they are not for a lot of people. Yesterday, a woman brought in this story:

She was busy about her household work in the morning when she heard the screen door slam. She knew it was a boy leaving a hand bill. She opened the door and there he stood, and he looked so cold she asked him to come in. "What kind of Christmas are you going to have?" she asked after a few minutes. "I guess it'll be just another day for me," he said rather sadly. Then she learned the boy's mother and father are separated. "You should wear more clothes when you walk around all over town," she said. The boy told her the ones he had on were all he had. "These are my brother's shoes."

Later in the day, a man who had adopted a family at the Good Fellow desk in the city hall came in telling about a visit he made to the home of the family whose Santa Claus he will be on Christmas. "I found out that I couldn't wait until Christmas. The family didn't have enough bed clothes. . . I went out and bought some blankets and some staple groceries. I tell you they were almost on starvation."

And you may not believe it but there are many more such boys and girls and entire families like the above in Pampa. Many more, I say. So that is why you should visit your neighbors and see if there is suffering and want near you and if there is not then go to the Good Fellow desk and adopt you a family. You will then enjoy Christmas in fact the only way to really enjoy Christmas is to give.

How's Your Health?

When a joint is forcefully bent beyond its normal range, or in an abnormal direction, a sprain is likely to result.

A sprain is an injury in which the ligaments and capsule of the joint have been overstretched and the soft parts bruised. In addition, other structures in and about the joint may have been chipped, joint cartilages may have been crushed or dislocated, the synovial membranes (which secrete the lubricating fluid of the joint) may have been disrupted, and blood vessels, nerves and lymphatics may have been injured.

Obviously, sprains may be either simple or complicated. Oddly enough, the person who has suffered a sprain cannot invariably tell whether his injury is slight or serious.

In sprains due to slipping, falling, wrenching and so forth, the accident occurs so quickly that the surgeon seldom can analyze just what happened. About all he can do is indicate in a general way the direction of the sprain.

He is inclined to judge the severity of his injury by the resulting pain and "crippling." If the pain is severe, he usually considers his injury serious. If the pain is mild, he may think nothing of it.

Pain, however, is not always a good criterion, for at time a seemingly mild wrench may tear away a ligament, chip away a piece of bone or even cause a fracture. So it is a wise

Secret Figures Show Unemployment Gains

By RODNEY DUTCHER, Pampa Daily News Washington Correspondent.

WASHINGTON, Dec. 18.—More than 1,500,000 persons have lost their jobs since Labor Day and about 1,700,000 have had their working hours—and hence their purchasing power—curtailed.

At least 2,475,000 persons who were at work in August will be out of work by the third week in January.

These secret estimates as to the effect of the current business recession on employment have been carefully worked out by some of the government's foremost economists and statisticians.

Officially, of course, it is stated that there's no way of telling the amount of new unemployment. Actually, there has been some real effort to find out where the country stands and what relief needs may amount to next winter and spring.

Indications are that 950,000 persons have been laid off by factories since the beginning of September, about 275,000 in the construction industry and around 210,000 in the transportation and mining industries. That adds up to 1,435,000 and, if the figures are approximately correct, there are other jobless in addition.

Buying Power Is Reduced. The estimated 1,700,000 whose employment has been cut down to two, three or four days a week are an important factor in the business situation because the resultant decline in purchasing power accentuates the present downward spiral.

More layoffs are anticipated after Christmas. Many now working in the retail, wholesale and mail order trade will be released. Others now working part-time in industry are expected to go off payrolls entirely.

Some employers who have deliberately refrained from pre-Christmas layoffs will finally break the news. And by the middle of January, it's computed, agricultural unemploy-

ment—largely seasonal—will have reached 450,000.

The previously cited estimate of 2,475,000 may be conservative. Some government economists believe that the number of "new unemployed" will reach 3,000,000 by the middle of January.

Some students of the situation believe the spiral may pause about that time and others do not.

Job Census Reflects Slump. The federal unemployment census directed by John D. Biggers was taken right in the middle of the September-January period and consequently will reflect only partially the effect of the business slump.

Accuracy of this count will depend largely on the care with which questionnaire replies are checked as to whether they report actual unemployment.

Secrecy surrounds the early discoveries of those who have access to the compilation process. But it can be stated that the number of unemployed already indicated by this census is considerably larger than officials anticipated.

WPA Rolls Increasing. By the first of the year, WPA rolls will be carrying nearly 2,000,000 persons and will reach the peak limit which Administrator Harry Hopkins says is possible under the 1937-38 appropriation of \$1,500,000,000 now appears. WPA employment is now about 1,575,000 and is increasing rapidly as 350,000 more persons begin to be added to the rolls.

Congressmen returning from the holidays are expected to increase the pressure already begun by some of them for an additional WPA appropriation. The degree of this pressure is likely to be conditioned by the speed or lag with which the increase in unemployment is reflected on local relief rolls, and the extent to which unemployment insurance systems in nearly half the states serve to keep the "new unemployed" of those rolls.

Book A Day

—By BRUCE GATTON

A handy resume of Japan's long-continued drive for mastery over China is contained in Carl Crow's little book, "I Speak for the Chinese" (Harpers, \$1).

Mr. Crow has lived in the Orient for many years. He was a newspaper correspondent in Tokyo when the World War began. He has seen the Japanese campaign unfold from the beginning, and he presents the record here—the record of a long-continued, carefully-planned effort to gain absolute control in the Orient.

Before the World War, the Japanese began their work of undermining the Chinese government, fomenting disorder and preparing the way for their conquest. During the war they presented the famous "21 demands" and almost got away with it. After the war they bided their time. At last they struck.

In all of this, says Mr. Crow, the Japanese have claimed that they are misunderstood by western nations—and they are right. For their moral code is totally unlike that of other nations. It is built on the creed of emperor-worship; any cruel, treacherous or high-handed act is justified if it serves the emperor. And the emperor, in turn, is a puppet, erected to conceal the fact that the feudal nobles remained solidly in power despite the supposedly epoch-making changes of the last century.

Meanwhile, Crow continues, China did approach a modernization and unification of her government. The long-hoped-for "new" China did actually begin to emerge—although the Japanese threw every conceivable obstacle in the way, all along. By 1937, Japan realized that the blow must be struck soon—or never.

You will find this an interesting and a startling book. It is an excellent volume for Americans to get acquainted with at this stage of the game.

A Year Ago

On Dec. 19, last year: Salvation Army kettles, seeking funds to cheer the city's needy on Christmas day, made their first appearance on Pampa streets.

Today: The kettles have been out for three days, and Capt. Herman Lambrecht, head of the Army here, reports an unusually splendid response to the annual Yuletide appeal.

So They Say

Children may be written off as a dead loss, economically speaking, in this age of industrialized mechanization. —DR. PAUL POPENOE, Sociologist.

To pursue a policy of reducing production means constant reduction of the purchasing power of more and more people. —U. S. SENATOR WILLIAM E. BORAH, Utah.

Panhandle Oil Activity Continues Despite Weather

17 WELLS ON TEST PRODUCE 8289 BARRELS

The Panhandle oil field last week kept up its phenomenal activity despite winter weather which included snow, sleet, and sub-zero weather. The local office of the Texas Railroad Commission placed 17 wells on test and gave them an open flow potential of 8,289 barrels.

Hutchinson, hot spot of the field for the past year, continued to lead in activity with 10 new tests good for 4,537 barrels. Gray county reported the other completions, tested for 3,742 barrels. No gas wells were tested.

Staking of new locations were reduced to seasonable number as eight first intentions were filed with the commission. Gray and Hutchinson counties reported three each with the other two in Carson county. All were in proven territory.

Best producer of the week was reported by a new company in the field, the Manana Petroleum Company of Pampa, whose No. 1 Saunders in section 81, block 3, I&GN survey, three miles southeast of Pampa, was tested at 679 barrels. Completions by counties follow:

Gray County.
J. D. Dye & Ryan No. 4 Saunders, section 3, block 1, ACH&B survey, gauged 561 barrels with the lime pay between 2,800 and 2,968 feet.

Stanford Oil & Gas Company, No. 4 Saunders, section 40, block 3, I&GN survey, tested 398 barrels. Pay was between 2,998 and 3,052 feet in lime.

Cities Service Oil Company No. 5 Noel, section 172, block 3, I&GN survey, was given a potential of 552 barrels with the pay from lime between 3,151 and 3,275 feet.

W. C. Jones No. 8 Culler, section 173, block 3, I&GN survey, tested 613 barrels with pay from 3,188 to 3,293 feet in lime.

Manana Production Company No. 1 Saunders, section 81, block 3, I&GN survey, was given a potential of 697 barrels with lime pay between 3,175 and 3,262 feet.

F. W. Dye et al No. 2 Meers, section 107, block 3, I&GN survey, gauged 547 barrels with pay between 3,178 and 3,245 feet.

Cities Service Oil Company No. C-3 Meers, section 107, block 3, I&GN survey, tested 374 barrels with pay between 3,197 and 3,275 feet.

Hutchinson County.
D. R. Tripplhorn No. C-9 Ware, section 123, block 4, I&GN survey, tested 581 barrels. Lime pay was from 2,991 to 3,116 feet.

The Texas Company No. B-2, Herring, R. Walters survey, was given a potential of 357 barrels with the lime pay between 3,214 and 3,225 feet.

Texas Plains Company No. 5, Watkins, section 72, block 2, ELRR survey, gauged 615 barrels with pay from 3,014 to 3,029 feet.

Phillips Petroleum Company No. 28 Cockrell, section 3, block M-21, TCRR survey, gauged 398 barrels with lime pay between 2,936 and 3,004 feet.

The same company's No. 3 Gary, section 26, block M-23, TCRR survey, gauged 247 barrels. Pay was between 3,225 and 3,250 feet in lime.

Gulf Production Company No. 76

Leaving the White House after a conference with President Roosevelt, Secretary of State Cordell Hull shows great concern over the Japanese crisis. He carried with him Roosevelt's instructions for three demands for satisfaction to be made on the Japanese ambassador "when you see him at one o'clock."

Letters To Santa Claus

Dear Santa Claus:
I am a little girl 4 years old. I have been pretty good. I want two dolls, one of them a big doll that cries, an ironing board and iron, telephone and house shoes. Bring my sister Helen something nice, too, and be good to all the other little girls and boys.
LAJUNE SHIRLEY.

Dear Santa Claus:
I am a little girl 5 years old. I have been a pretty good little girl. I want you to bring me a baby doll, a stove, and a little Bible, also some nuts and candy, and don't forget my papa, who lives in East Texas, he has been real sick. Love,
JUNE BROWN.

Dear Santa Claus:
I am a little boy 2 1/2 years old. I want you to bring me a train, a big car and a gun.
JAMES ALLEN YOUNG
627 1/2 N. WEST ST.

Dear Santa:
I did not get to see you on Santa Day because I have had the scarlet fever and I was afraid I would not even get to write you. I am all well now, Santa, and in school, and will be so happy to see you. If you have enough dolls and doctor sets, I wish

you would leave me one also, and I do so want a cradle and some books. I will put a lunch under my tree for you and I hope you like it. If you come early maybe I'll not be asleep.
MARY JO SHELLBARGER.

Dear Santa Claus:
We have tried to be good little girls. Please bring us Baby Gloria dolls with clothes and blankets and whatever else you think best. Don't forget Mrs. Bradley.
COLLEEN and MARY JO COCKERILL.

Dear Santa Claus:
I would like for you to bring me a cedar chest, a story book, bracelet, ring, necklace, scarf, and flowers for my desk and just anything you would like to bring me. And please don't forget mother and daddy.
VERNELLE BYNUM.

Dear Santa:
Please bring us a cowboy suit, an airplane suit, ball and bat, football, a suit of clothes. We are 4 and 7 years old. We have been pretty good boys. Thank you, Santa Claus.
BILL and JIM GRAY.

Dear Santa:
I am a little girl just past one year old. I have been a very good girl. Santa, I want a little rocker, baby doll, A B C blocks, and some candy. Don't forget mother and daddy. I live at 605 North Hazel.
Dear Santa, I will leave the front door open and a lunch on the table.

so you can eat a bit before leaving. Santa, don't forget the other little boys and girls. I must go so bye bye, look for you, Christmas. With lots of love to you, Santa, your little friend.
BEVERLY ANN ATKINSON.

Dear Santa Claus:
I am a little girl 8 years old and my brother is 5 years old. Please bring me a bicycle, a pair of house shoes, a pencil box, a set of story books, and a set of dishes. Please bring me some clothes for my doll. Please bring my brother a bicycle, a pair of house shoes, a pencil box, a bow and arrows, G-man set, and a set of books. Don't forget mother and daddy.
HELEN MARIE and JIMMY HAGERTY.

Dear Santa Claus:
I have been a pretty good girl so am writing to tell you what I would like you to bring me: a doll, a manicure set, and if you have a typewriter I'd like it, too. Also, some candy, nuts and fruit. Don't forget my brothers and sisters and all poor children and my teacher, Miss Massengale.
JO ANN COOPER.

Dear Santa:
I have been a good boy most of the time and so I wish you would please bring me a wagon, train cowboy suit, and an airplane. Please bring my brother, Tony Don, something nice, too.

CAROLS SUNG BETWEEN TECH CLASS PERIODS

LUBBOCK, Dec. 18.—Christmas carols, clear and sweet, ring thru the halls of Texas Technological college in the ten-minute intervals between class this week.

Continuing a tradition started the opening year of college, music students lead "Oh, Little Town of Bethlehem," "Silent Night," "It Came Upon a Midnight Clear," "Adeste Fideles," "Jingle Bells," and other seasonal favorites, between morning classes during the week preceding Christmas holidays.

The British royal state coach used at the coronation and other ceremonies was completed in 1761.

Pioneer Club Holds Christmas Program

By MRS. JIM BACK.
MCLEAN, Dec. 18.—Members of the Pioneer Study club held a Christmas program Thursday afternoon in the home of Mrs. C. B. Batson, with Mrs. Batson and Mrs. S. A. Cousins as hostesses. Gifts were exchanged between members of the club.
A Christmas theme was used in decorations and refreshments.
Mrs. C. L. Jones and Mrs. Bob Thomas sang several Christmas numbers with Mrs. Travis Stokes at the piano.
Mrs. Creed Bogan told the story of "Anniversary" by Margaret E. Sangster.
Under the direction of Mrs. Thurman Adkins, a Christmas playlet was presented with Mrs. S. A. Cousins, Mrs. C. A. Cryer, and Mrs. Rodger Powers taking part.
Mrs. Clyde Magee was elected as a member of the club.

Plants Owned and Operated by the Duncan Coffee Company

HAIL, TEXANS!

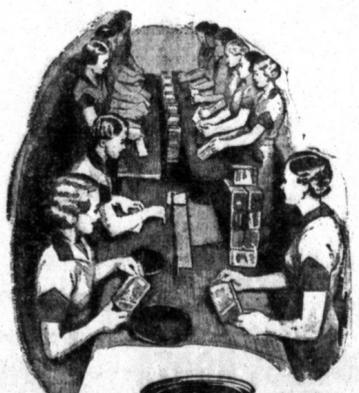

Once again the Duncan Coffee Company, which imports, blends, roasts and packs the famous Admiration and Bright and Early coffees, celebrates the close of another successful year and hails the advent of a New Year.

Again the Company is happy to pay its respects to Labor, and to acknowledge a debt of gratitude to its own 356 employees, who represent 1,638 men, women and children drawing their livelihood from the business of the Company.

The Duncan Coffee Company is owned in its entirety in Texas. It owns all the properties it occupies throughout the State. Its funds are deposited in Texas banks.

The Company is a patron of every steamship line whose vessels touch at Texas ports. It uses every railroad and truck line that carries freight to and from cities where its roasting plants are located.

"HAPPY HANDS AT WORK"

ADMIRATION COFFEE

than which no coffee could be finer, comes to you in vacuum sealed, air-tight tins, or in economical Cellophane-sealed, air-tight bags.

It owns and operates the fastest exclusive coffee delivery system in America, from 53 strategic distributing centers, contacting the retail trade of Texas weekly, thereby assuring you oven-fresh Admiration and Bright and Early coffees.

Each year of its 20 years of operation (even the depression years), the Duncan Coffee Company has paid every employee a bonus at the year's end. This year is no exception.

While the Company advocates and emphasizes the value of using human beings instead of machines in its operation, it stresses the point that human hands never come in contact with its product.

The Duncan Coffee Company and its employees are indeed grateful to all Texas for making Admiration and Bright and Early TEXAS' LARGEST SELLING COFFEES.

BRIGHT and EARLY COFFEE

a milder blend, is packed in the economical Cellophane-sealed, air-tight bags, at a few cents less per pound.

EIGHTH DISTRICT P-TA NEWS

By EUGENE MANN
Mrs. M. A. Taylor, Bonham, state president of the Texas Congress of Parents and Teachers, will be in charge of the ceremony when the corner stone of the new Congress home at 408 Eleventh street, Austin, is laid January 11.

Forty-eight members of the board of managers of the Texas Congress and presidents of city and county councils will be present as well as honor guests from the state teachers colleges and the University of Texas.

At 11 a. m., the building will be opened to the public for inspection, and the ceremony of placing the stone will begin at 11:30.

A luncheon sponsored by the Austin Council of presidents and honoring Congress board members and guests will follow the corner stone laying.

Miss Ona Manahan, county superintendent of Hutchinson county, spoke before the Pringle meeting recently on the subject, "An Educator Looks at Home Work." At the same meeting, Mrs. Tom Henderson, president of the association, led a discussion on "A Parent Looks at Home Work."

Mountain View association, a new unit in the Eighth District this year, has been active this fall with regular meetings and community dinners. Webb P-T. A. also recently sponsored a community dinner.

What Youth Expects of Parents and Teachers was the theme of the last meeting of the Memphis high school unit. Mrs. E. E. Roberts and Miss Anna Belle Perkins spoke on various phases of the subject. Superintendent Davis of the Memphis schools gave an address on motion pictures at the same meeting.

The Corn Valley P-T. A. near Wheeler recently sponsored a box supper for raising funds to finance a Christmas tree for the children of the community. At the regular meeting of the association, the president, Mrs. P. A. Martin, appointed committees to take charge of the Christmas entertainment. At the same meeting, Mrs. Bill Farmer discussed "Life Long Learning."

Mrs. Tom Johnson, third vice president in Eighth District, is moving from this district and all members will regret the loss of this very valuable member in our section.

A display of home made toys featured the December meeting of the Booker P-T. A. Parents received many ideas for Christmas toys. Yearbooks have been furnished to the 130 members of the organization.

Mrs. J. E. Griggs, chairman of the nominating of the Eighth District, requests that associations wishing to make nominations send them to her at 1417 Harrison street, Amarillo, before January 15.

Allison Park P-T. A. near Amarillo was instrumental in having the school building wired for electricity and plans are underway for the purchase of a movie machine for the school.

Former Athletes of Allison Honored At Yule Banquet

ALLISON, Dec. 19—Christmas festivities got off to an early start at Allison last night when ex-athletes of the school were honored with a banquet in the basement of the Baptist church. John Peoples, superintendent and athletic director of the school, was toastmaster.

Seventy-seven former and present athletes, teachers, and newspapermen attended the affair and three states were represented. Immediately before the banquet games of basketball were engaged in by the present and ex-athletes.

The welcome to exes was given by Reece Richardson, Allison. Ray Byars of Borger, president of the ex-athletes' association, made the response.

Others who appeared on the program included Virginia Dillon, Allison; Fern Stephenson, who now attends S. T. C. at Weatherford, Oklahoma; Doyle Rogers, Allison; Mrs. A. M. Abernathy, Allison; Hosea Weeks, boys' basketball coach at Allison, and Helen Wesson, Dimmitt. The entire audience joined in group singing.

A novel feature of the banquet was that everyone present was called on for a few words. This created a note of informality and gaiety seldom found at such an affair. The conversation of the evening was devoted to recounting stories of school days and was interspersed with the latest news of families and jobs.

Mr. and Mrs. C. G. Miller, editor of the Wheeler Times; Miss Pauline Irons, Wheeler; and Mrs. Lulu Mae Farley of Wheeler, news correspondent of the Amarillo Daily were present.

The Christmas motif was carried out in the decorations of the room and tables. Miniature basketballs decorated the place cards.

The mothers of present athletes of the Allison schools served the banquet.

Let your EYES relax, too

When your body is tired, you sit or lie down to rest. Yet seldom do your eyes get the same chance to relax as your body does. Consequently your eyes are under constant strain and your fatigue is aggravated rather than relieved. For eyestrain does cause fatigue. Have your eyes examined regularly — health and efficient vision demand it.

PANAY INQUIRY CONDUCTED IN QUICK SECRECY

By MORRIS J. HARRIS.

SHANGHAI, Dec. 18 (AP)—The United States Asiatic fleet's board of inquiry shrouded in strictest secrecy today its swift investigation of the Japanese bomb attack on the gunboat Panay and its aftermath of death.

In view of the investigation's importance its findings were expected soon to be in the hands of President Roosevelt and Secretary Swanson.

Naval authorities hoped to complete their task by the time the cruiser Augusta, flagship of Admiral Harry E. Yarnell, reaches Manila, probably Tuesday, when it will be dispatched to Washington.

Before the Augusta's departure for Manila later today the inquiry centered on civilian survivors who will not be able to make the trip to the Philippines. Navy men will give much to their testimony while at sea.

High fleet officers said the board's activities, witnesses it is questioning, what exhibits were presented and other details could not be discussed by board members.

Witnesses were charged not to discuss the affair because of gravity of a situation which already has brought two American notes of protest to the Japanese government.

Many of the civilians involved in the attack went aboard the Augusta Saturday for questioning by the board, but all declined to comment.

In Tokyo Emperor Hirohito was informed directly of the Panay attack and its aftermath by Premier Prince Fumimaro Konoye after an extraordinary cabinet meeting and a second protest from the United States.

Although several were gravely wounded, most victims of the Sunday bombing and subsequent escape ordeal were recuperating satisfactorily.

Meanwhile, it was learned from an authoritative Chinese source that Sun Fo, president of China's legislative council, flew to Moscow several days ago on an undisclosed mission.

At the same time Japanese were busy consolidating their occupation of Nanking.

The direction of the next Japanese drive was not known.

Pampa's contributions to the Christmas seal sale being conducted by the Gray County Tuberculosis association totaled more than \$200 Saturday, when an additional \$35 for seals sold was received by W. B. Weatherred, president of the association.

The seals are being sold by mail. Seals were enclosed in envelopes, containing a letter from the association president, and a return, addressed envelope.

Mr. Weatherred urged that the envelopes, containing either payment for the seals or the seals themselves if the addressee did not desire to buy them, be returned promptly.

ALL HOPE OF FARM BILLS' PASSAGE GONE

WASHINGTON, Dec. 18 (AP)

Administration hope of getting a farm bill from the special session of congress was snuffed out today by a decision that the joint conference committee would wait until after Christmas to tackle the job of adjusting difference between House and Senate bills.

Committee members agreed, however, to work as speedily as possible after the holiday in order to lay a re-written farm measure before both houses early in the regular session convening January 3.

Senator Pope (D., Ida.), one of the Senate conferees and an author of the Senate bill, said experts would begin making an analysis of the two bills at once. The conferees probably will get together about December 28, he added.

"There will be no difference between the conferees on the rice and tobacco sections because these are virtually the same in both bills," Pope said.

"We will have some ironing out to do in the cotton provisions, but I don't think anything will arise

there that will break down the conference.

"The corn and wheat sections have some pretty vital differences, but I am hopeful that we will be able to work out a satisfactory compromise."

Chairman Smith (D., S. C.), of the Senate agriculture committee said he was "disappointed" with two provisions of the bill passed by the Senate last night—one preventing diversion to dairy use of lands withdrawn from production and another making only \$50,000,000 available for farm benefits.

The House bill also contains the dairying provision, precluding any possibility of change by the conference committee. Smith said, however, that Congress might increase the funds for the act.

Housing Bill Next The House took up today the administration's bill designed to encourage the investment of private capital in housing. Debate brought Republican attacks on the measure, but rule limited speech-making. A Senate banking subcommittee was studying a similar proposal with a view to getting it before the Senate early next week.

Anti-lynching legislation now is before the Senate, and must be taken up when it reconvenes Monday. Senator Wagner (D., N. Y.) an author of the anti-lynching measure, said it might be possible to bring the housing measure up for immediate consideration if proponents of the anti-lynching bill were assured that it would not be permanently sidetracked.

He said some arrangement might be worked out to make anti-lynching the first order of Senate business

when the regular session convenes.

Senator Barkley, the majority leader, said that if the housing bill could be brought before the Senate on Monday, final action might be possible by December 22 when the special session is supposed to end.

TREBLE CLEF CLUB TO GIVE PROGRAM TODAY

The second in a series of social activities to be sponsored by the Treble Clef club is the musical program which is to be presented this afternoon over radio station KPND at 3 o'clock.

Following the radio program, the group will sing carols at the community Christmas tree.

Members and honorary members of the club will be entertained at the Christmas party Wednesday afternoon at 2:30 o'clock. The meeting place for this event has not been named, but it will be announced soon. The exchange of gifts will be featured with the cost of the presents not exceeding 50 cents.

"Stella Dallas" Poignant Story Of Mother Love

PICTURE WILL BE SHOWN FOR 4 DAYS HERE

"Stella Dallas," showing at the LaNora today, tomorrow, Tuesday, and Wednesday, with Barbara Stanwyck in the title role, and John Boles heading the supporting cast, which includes Anne Shirley, Alan Hale, Al Shean, Barbara O'Neil and Tim Holt, is the poignant story of the tawdry, vulgar woman who rises to magnificent heights through her sublime love for her daughter.

"Stella Dallas" carries a terrific appeal to the emotions in its simple and powerful story. It depicts the love life of Stella, a beautiful and pleasure-starved mill girl, who after a brief romance marries Stephen Dallas, outside her social sphere. They soon discover that they are definitely mismatched. Their baby is born, and Stella's only redeeming quality seems to be her understanding heart expressed in her love for her little daughter, Laurel.

The film is from the famous novel by Olive Higgins Prouty. The screen play was written by Sarah Mason and Victor Heerman. King Vidor, who made "Street Scene" for Mr. Goldwyn, directed.

VOYAGE OF VENGEANCE. "Adventure's End," a Universal picture with John Wayne and Diana Gibson in the leading roles, is an adaptation of a sea story by Ben Ames Williams. It's a story of a voyage of vengeance, of sudden death of action on the sea, and of romance on a wave of excitement. The picture opens today at the Crown for a three-day showing.

OTHER OPENING FILMS. Paramount's musical picture "This Way Please," with Mary Livingston, Buddy Rogers, and Betty Grable among the principals, opens the week's program at the Rex. The picture will be shown two days. Cary Grant, Constance Bennett, and Roland Young have the chief roles in "Topper," showing at the State, Sunday, Monday, and Tuesday.

LaNORA MOTHER LOVE. "Stella Dallas," the tensely dramatic and poignant story of mother love and sacrifice, is the title of the Samuel Goldwyn-United Artists picture adapted from the novel of Olive Higgins Prouty by Victor Heerman and Sarah Mason. Barbara Stanwyck and John Boles have the leading roles. The picture was directed by King Vidor. Showing for four days, beginning today.

MIDSHIPMEN. "Navy Blue and Gold," is the story of three midshipmen at Annapolis who are roommates and loyal friends. One is a cynical youth who has no desire for a Navy career, played by Robert Young. The second is a go-bro from the Navy trying for a commission, portrayed by James Stewart. The third is a scion of wealth, characterized by Tom Brown. Stewart faces disgrace due to an error in charges against his father who was a naval officer. He clears the name in dramatic fashion and joins his mates on the squad against Arm. Due to their perfect teamwork, Navy wins. Stewart also wins the girl for whom he and Young are rivals. She is portrayed by Florence Rice. Lionel Barrymore is the veteran coach who encourages the Navy team. Billie Burke appears as the mother of Brown and Miss Rice. Their family butler, deeply interested in American football of which he knows nothing, is played by Barnett Parker, and Paul Kelly, is the hard-boiled coach of the Navy team. Thursday and Friday.

CANTON. Fun-maker Eddie Cantor, and Twentieth Century-Fox, combined talents and resources to produce the famous comedian's greatest starring mirth-musical spectacle, "All Baba Goes to Town." Tony Martin, Roland Young, June Lang and Louise Hovick head the important supporting cast. Preview Friday night, and Saturday.

REX TUNEFUL COMEDY. When a pretty mischievous and a popular band leader fall in love while they work in the same theater, trouble is apt to arrive, and it does in large and amusing quantities in the new musical, "This Way Please." Charles (Buddy) Rogers is the band leader, and Betty Grable is the usherette; and they're just part of a great cast including three radio favorites, Mary Livingston, Fibber McGee and Molly and a long line of film favorites including Ned Sparks, Lee Bowman, and Porter Hall. Sunday and Monday.

LOVE AND HATE. "The Man in Blue," the Universal picture which opens on Tuesday is the dramatic story of a policeman who adopts the son of a burglar whom he kills in self defense during a gun battle. It is a powerful, inspiring story of hate and love; of distrust and suspicion; of faith and redemption. Through it is woven a beautiful romance that makes a man's life whole again. Tuesday and Wednesday.

FLOOD. The unforgettable drama of a tiny group of persons marooned by the relentlessly rising waters of a mighty river in flood is told in Paramount's "On Such a Night," Karen Morley, Grant Richards,

Stanwyck-Boles—LaNora

John Boles and Barbara Stanwyck, pictured above, have the leading roles in "Stella Dallas," Samuel Goldwyn production, showing Sunday, Monday, Tuesday and Wednesday at the LaNora.

Rogers-Grable Co-Starred at Rex

Charles (Buddy) Rogers and Betty Grable have the leading roles in "This Way Please," Paramount comedy showing today and tomorrow at the Rex. The cast also includes Fibber McGee and Molly, New Sparks, Porter Hall, Lee Bowman, and Mary Livingston.

Roscoe Karns, and Eduardo Clandin head the large cast of film favorites. Thursday. **MULFORD STORY.** A ruthless gang of cattle-rustlers, hidden in their mountain fastness, defy anyone on earth to "get" them! That's the challenge taken up by "Hopalong Cassidy," that ace of Western adventures, in "Hopalong Rides Again," latest of the Clarence E. Mulford Western thrillers. Friday and Saturday.

STATE

REMARKUE NOVEL. A professional of emotions ranging in intensity from the vitriolic hatred of a man whose love has been betrayed, to the tenderness of a mother's love; from the madness that drives men to murder to the great human friendships welded in an inferno of revolution, are the dramatic elements which James Whale, director, found in the story of "The Road Back" and developed for the screen. "The Road Back" is taken from a book whose frank revelations of carefully guarded secrets shook the world. It is a tale no man dared to pen until Erich Remarque risked his life and liberty to write it. He was forced into exile because of the novel. Wednesday and Thursday.

CROWN

COLORFUL SEA STORY. "Adventure's End," Universal's sea story by Ben Ames Williams, which has John Wayne and Diana Gibson in the leading roles, is crammed full of action, and as colorful as the Pacific ocean upon which it was filmed. "Adventure's End" has a powerful supporting cast including such screen favorites as Montagu Love, Moroni Olsen, Maurice Black and Patrick Kelly. It also has Paul White, a 13-year-old negro from the New York stage. He played with the Theater Guild. Arthur Lubin directed. Sunday, Monday, and Tuesday.

MIND your MANNERS

Test your knowledge of correct social usage by answering the following questions, then checking against the authoritative answers below:

1. Is one expected to give Christmas gifts to one's equals in an office if they are not intimate friends?
2. Would it be all right for one to send greetings to the persons who are his equals in the office which he works?
3. Should a business woman wear eye shadow or mascara in the office?
4. For what occasion is a shoe with a French heel appropriate?
5. Should a stenographer gaze around the room or start a conversation when there is a pause in dictation?

What would you do if—
You are a business girl and wonder how you should remember your employer at holiday time—
(a) Send him a impersonal gift?
(b) Send a Christmas greeting addressed to him and his wife?
(c) Wish him a happy Christmas the last time you see him at the office?

Answers
1. No.
2. Yes.
3. No. Allure is for after office hours.
4. Formal afternoon affair such as a tea dance or for evening parties.
5. No.
Best "What Would You Do" solution—(a) Although in some firms (b) is customary.

COMPANY PAYS BONUS.

HOUSTON, Dec. 18.—As an evidence that industry is thriving in Texas, the Duncan Coffee Company today announced that it was paying a bonus of ten per cent of a year's earnings to each and every employee, regardless of their length of service. The bonus applies to 356 employees who, with their families, total 1,638 individuals. The company's salesmen have received their bonuses by the month throughout the year.

Glorifying Yourself

By ALICIA HART.
You'd be more attractive if: You would make it your business to get 56 hours of sleep each week. That's an average of 8 hours a night, of course, but, by sticking to a weekly rule instead of a nightly one, you can make up Thursday for what you lost on Wednesday and still face each Monday without Monday morning doldrums. You brushed your hair for five minutes every night instead skipping three nights, then brushing fifteen minutes the fourth. The clean-socks-and-underswear-every-morning rules were something you wouldn't dream of modifying even twice a year. You could persuade your husband and sons to use deodorants regularly and your daughters to brush their hair each and every night, too. (Being surrounded by

an atmosphere of daintiness and beauty makes YOU lovelier.) You found a way to get to the hairdresser or shampoo at home every six days instead of every seven. Doing setting-up exercises each morning became a fixed habit, and walking short distances appealed to you more than taking taxis or street cars. Keeping your temper in check and learning to be tolerant of the shortcomings of others made you happier than indulgence in outbursts of temper and gossip sessions. You'd be still more attractive if: Reading truly fine books and magazines and plays became a kind of minor hobby in your life. You would read carefully the directions on the container of every beauty preparation you buy (whether an old favorite or a new item), then use each according to those directions. You would not tolerate chipped or cracked nail varnish for more than fifteen seconds. (Better to wear no nail polish at all than a chipped coat on one finger and per-

fect coats on the other nine. One bad apple spoils—(oh, you know the rest.) You looked at yourself as critically as you look at your friends. (Is my hat brushed? Are shoes shined, stockings seams, dress and coat hemlines perfectly straight? Do I really look spic and span from head to foot?) You refused to get into a rut. (Try the newest lipstick shade, change your coliffure, buy pale nail lacquer if you've been wearing bright, or vice versa, go to that wonderful reducing salon all your friends are raving about.) GOOD DRIVERS AVOID SUDDEN QUICK MOVES

The proper technique of safe winter driving rests primarily upon the avoidance of quick, sudden moves of any kind, according to a bulletin issued by Chevrolet this week in the interest of traffic safety under hazardous road and weather conditions.

"A good driver uses second speed extensively in stopping, in approaching intersections and in turning corners. With the synchro-mesh transmission, it is simple and easy to shift to a lower speed and maintain control of the car at all times. Another important point is to leave the car in gear when slowing down so that the engine may act as a brake.

"Cultivate the habit of giving other drivers ample notice of your intention to stop, turn, or slow down," the bulletin continues. "Even though you may have your own car under perfect control, the driver behind you may not be so fortunate. Never permit the wheels of your car to spin if it can be avoided. Spinning wheels may cause dangerous skids, and if they come into contact with a spot of dry pavement and thus gain sudden traction, a heavy strain is placed upon the propeller shaft and rear axle.

HELWIG HEADS PONTIAC SCHOOL FOR MANAGERS

A department for the instruction of district managers has just been added to the merchandising curriculum of the Pontiac Motor Division, it is announced by C. P. Simpson, general sales manager.

Norman G. Helwig, who has been associated with General Motors for ten years, will have charge of the work.

Complete instruction and training in all phases of the Pontiac merchandising policy will be provided for new men coming into the company as district managers. Present district managers of whom there are some 150 also will come to the central office in groups to receive the instruction.

"If we can give every district manager in Pontiac a better understanding of what his job is; a deeper appreciation of the equities and interest of the dealer; show him what to look for and where to find the answers and teach him to organize his territory, then I believe this instruction will accomplish its purpose of getting district managers on a production basis in the shortest possible time," said Mr. Simpson. "Our dealers are our customers. District managers are our first line contact with the dealers. Therefore, an appreciation of the merchandising picture is of first importance," he concluded.

BUCKNER ORPHANS HOME SUES U. S. COLLECTOR

DALLAS, Dec. 18 (AP)—A suit under which the late John G. Hardin, millionaire philanthropist, and the Buckner orphans home, seek to recover 6,648.96 in taxes paid on the estate of Hardin's deceased wife was filed against Internal Revenue Collector W. A. Thomas today.

The plaintiffs contended that at the time of her death in September, 1935, Mrs. Hardin's beneficiaries equalled her estate, and that therefore she was without a net estate on which taxes were due.

The Buckner home is a party to the suit by reason of the fact that in 1931, the Hardins bequeathed it \$1,250,000, in return for which they were to have a life income of \$62,500 a year.

The suit was filed by Harry Weeks of Fort Worth, attorney for the plaintiffs.

WINDSHIELD FEATURES INCREASES VISIBILITY

DETROIT, Dec. 18.—(Special)—Increased visibility through bigger windshields, is the No. 1 safety improvement for 1938, aimed directly at reducing traffic accidents—particularly those reported as "failed to see danger in time."

New Plymouth "Jubilee" models feature higher windshields that improve vision by 12 per cent. These are the cars that first introduced "safety styling" last year for the protection of passengers inside the car. That theme is now followed out in the design of interiors of many other models which were just introduced this year.

Plymouth keeps the safety motif in all its new interior design, plus some new improvements just added for 1938. The car also retains other original safety features Plymouth pioneered in former years, including safety all-steel construction and double-acting hydraulic brakes.

Soprano

Mrs. Otis Trulove, above, of Amarillo, will sing the soprano solo, "Rejoice Greatly O Daughter of Zion," at the Messiah which will be given in Pampa tomorrow evening at 8 o'clock at the First Methodist church. Mrs. Trulove will also appear in the program which is to be presented this evening at the Polk Street Methodist church in Amarillo.

Reception Given At High School

By MRS. JIM BACK.

McLEAN, Dec. 18.—A senior-parent-faculty reception was held in the high school auditorium Thursday night. The program consisted of a welcome address by Kid McCoy Jr., chalk talk by Miss Lorene Whitson, play, "Christmas Memories," cornet solo by Jesse Dean Cobb and a baritone solo by R. L. Floyd.

Other numbers on the program was "The Christmas Carol" by Mrs. Jim Back, and the introduction of seniors and guests.

Refreshments were served by girls of the junior class.

Morris Turner, Enid McMullen, Louise Biggers, were in the play cast, with Shirley Johnston, Leta Mae Phillips, Wanda Estes, Frankie Mullen, Paris Hess, Jeff Coffey, R. L. Floyd, and Jesse Dean Cobb, as vocal accompanists.

WHITE LISTS 'DO'S AND DON'TS' FOR XMAS

Fire Chief Ben White has a few "do and don't" reminders for Pampans during the Christmas holidays. It is during the period that many fatal fires have occurred and this year Chief White wants Pampans to be careful.

Here are his suggestions:

Use precautions this Christmas in selecting your decorations. Be sure they are fireproof or as near fireproof as possible. Set your Christmas tree away from open flames and do not use lighted candles.

Christmas trees and wreaths should be disposed of, preferably by New Year's Day, and not thrown out so that children can get them. If the tree cannot be turned direct to the rubbish collector, it should be cut up or burned by an adult.

Carefully inspect and overhaul fittings and insulation before using

TECH RESTORES INDIAN POTTERY DATING 1350

LUBBOCK, Dec. 18.—Ancient Indian pots, dating about 1350, are being restored by students in laboratory technique in the workshop of West Texas museum, located on Texas Technological college campus.

The pots were excavated last summer from Arrowhead ruins near Santa Fe, N. M., by anthropology students under the direction of Dr. W. C. Holden, head professor of history and anthropology here.

Hundreds of articles recovered in field trips to Indian ruins and old camping sites in southwestern United States are stored and indexed for future restoration and classification, to be shown in the museum upon completion.

Desert air is freer from micro-organisms than that of moist regions.

CHILDREN TO BENEFIT FROM ENTERTAINMENT

A hundred tickets to admit children to a free entertainment to be given at 4:15 p. m. Tuesday in the Elks clubroom were issued early yesterday morning by Mrs. Willie Bain, county case worker. Many other children are expected to call and receive tickets that will admit them to the show.

On the program will be Roy Hummel's Believe-It-Or-Not orchestra, composed of nine persons of one family, Billie Graham, the "Junior Fred Astaire," Jack and Jill, radio singing team, and Myra, dance delineator. The entertainers are donating their services free of charge for this program. Tuesday evening, these entertainers will appear at the Southern club for the dance and floor show of the Pampa Elks Christmas fund party.

CHRISTMAS CAROLS TO BE SUNG BY STUDENTS

A program of Christmas carols will be presented by the senior chorus of Hopkins 2 school over radio station KPDM, from 4:30 to 5 o'clock this afternoon. The carols will be followed by a group of special members. Mrs. Roy Reeder, Hopkins teacher, will be in charge of the group. Carols sung will be the following: Oh, Come All Ye Faithful,

vesper hymn, Christmas eve song, Christmas song, It Came Upon a Midnight Clear, The First Noel, O Little Town of Bethlehem, We Three Kings of the Orient Are, Silent Night, and Joy to the World. Ruby Faye Johnson will sing a special number, "O, Holy Night."

In the young whooping crane, the windpipe is of normal length, but as the bird matures the windpipe becomes elongated out of proportion to the other organs.

EMPEROR MAY ANSWER FOR IN STATEMENT

TOKYO, Dec. 18 (AP)—Emperor Hirohito was informed directly and in detail by Premier Prince Fumimaro Konoye of the situation growing out of the sinking of the United States gunboat Panay in Chinese waters.

The Premier went to the palace from an extraordinary session of the Japanese cabinet called after the United States presented a second strong protest against the attack on the American warship.

The detailed report submitted by Prince Konoye lent weight to the belief the Emperor would issue a statement replying to a personal message from President Roosevelt which was transmitted through diplomatic channels.

The note was understood reliably, however, to have made representations against the machine-gunning of the Panay by river vessels and protested strongly the boarding of the sinking vessel by Japanese troops after it had been bombed Sunday.

There were indications as struggle was going on in the innermost government circles between the civil and fighting services. Reliable sources said the army and navy were insisting enough already had been done to satisfy the United States.

Foreign Minister Koki Hirota was said to be waging a lone battle to obtain further concessions in the latest phase of the government's efforts to control the fighting services.

All members of the cabinet were present at the two-hour session at Premier Prince Fumimaro Konoye's official residence. Foreign Minister Koki Hirota was reported to have made a full statement on the incident, including American reaction to the Japanese attack.

The government officials were understood to be worried. Vice Admiral Kiyoshi Hasegawa, commander of the third fleet and chief of naval operations in China, was reported widely to have been recalled for transfer to another post as a result of the attack on the Panay by naval planes.

Informed sources said Admiral Hasegawa followed his statement assuming "full responsibility" for the incident with his resignation which, however, was not accepted.

WASHINGTON, Dec. 18 (AP)—A state department official said tonight there was a possibility that the Emperor of Japan might himself give President Roosevelt the necessary guarantees against further interference with American rights in China.

The speculation was based upon information of the cabinet meeting in Tokyo and the visit of the Japanese premier to Emperor Hirohito. There was a feeling here that Emperor Hirohito had awakened to the indignation caused in this country by the sinking of the Panay and was determined to do all he personally could to allay it.

The government at Tokyo, it was said, was particularly struck by the information lately presented by Ambassador Grew showing that not only the Japanese navy, through its airplanes, but also the army, through the army motorboats, was involved in the attack on the Panay.

Since the army and the navy are responsible to the emperor and not to the civil government it was believed that the emperor had decided to ascertain for himself their degree of culpability and to make amends thereof himself.

All Members of Queen of Clubs Present at Function

All members of the Queen of Clubs were present at the party given last week in the home of Mrs. B. O. Lilly.

Cut flowers and a silver and blue Christmas tree decorated the rooms where gifts were exchanged and the prizes were awarded to those who scored high. They were Mmes. H. D.

NOTICE TO MACHINERY DEALERS

The Commissioners' Court of Gray County, Texas, will receive bids addressed to the County Auditor, Pampa, Texas, until 10 a. m. January 10, 1938, for a motor driven road maintainer.

Certified check in an amount equal to 5 per cent of the amount bid and payable to the County Judge of Gray County, Texas, must accompany each bid as a guarantee that the bidder will, if successful, make delivery according to the proposal submitted. THIS CURIOUS WORLD By William Ferguson

SUN LAMPS ARE USED IN ZOOS TO KEEP THE HORNED LIZARDS HAPPY IN WINTER. THE REGAL LILY, FAVORITE OF THOUSANDS OF AMERICAN AND EUROPEAN GARDENERS TODAY, WAS AN UNKNOWN PLANT, GROWING IN THE BLEAKEST REGIONS OF WESTERN CHINA, LESS THAN 30 YEARS AGO.

TAURUS, "THE BULL," IS BELIEVED TO BE THE FIRST NAMED SIGN OF THE ZODIAC. THE late Dr. Ernest Wilson, traveling under the auspices of the Arnold Arboretum, in 1910, found the Regal Lily growing in the Hupeh section of western China. Bulbs of the plant were carried on men's backs to the river, where they were placed on boats and eventually were shipped to America.

HOUSE TURNS DOWN DEBATED HOUR PROGRAM

WASHINGTON, Dec. 18 (AP)—The business recession overshadows other factors contributing to confusion and uncertainty in the special session, now nearing its end with little to show for five weeks of wrangling over anti-lynching, farm and wage-hour legislation.

In the judgment of close observers, more than the clashing sectional interests or even the warfare between organized labor's major factions lay behind House rejection of the administration's wage-hour program. Fear of adding to business uncertainties is said to have influenced enough votes, joined with other groups, to send the bill back into committee, possibly never to come out again in anything like the same form.

Whether it will come out again, revamped but following the same general pattern, or be displaced by a wholly new approach to the labor standards objective nobody would predict after the House recommittal vote. Two other widely differing proposals to deal with "sweated" labor have been advanced strongly during the special session.

Former President Hoover, speaking in Chicago on the eve of the recommitment of the wage-hour bill by the House, voiced one of those proposals anew. He blazed away at the bill as certain to "reduce productivity when the productive machine because of many shocks is already hesitating." Yet he said that "sweated" industries were "sick" industries to which wage minimums should be applied "only while they are sick." Such a program, the former President held, could be attained "by restraining movement of goods into states where minimums

\$2,500 BOND SET IN WIFE DESERTION CASE

Bond of Bill Shaw, charged with wife desertion, was set at \$2,500 at a hearing before Justice of the Peace E. F. Young Saturday morning.

Shaw was arrested by L. S. Tindin, officer stationed at McLean, and brought to Pampa, where he was placed in the county jail. Shaw's address was not shown on the complaint or the warrant of arrest, but is believed to be McLean.
