PAMPA, GRAY COUNTY, TEXAS THURSDAY EVENING, AUGUST 16, 1934.

(Six Pages Today)

PRICE FIVE CENTS

Well, we Panhandle residents must learn the California system of talking about the weather. And to tell the truth, this hot weather is somewhat "unusual."

But we can boast of our sunshine. Kansas may be the sunflower state and New Mexico the sunshine state, but Old Sol has been smiling on the Panhandle with the greatest of faithfulness this summer. While there may be fogs in San Francisco, hurricanes in Florida, tornadoes in Arkansas, floods in Colorado, and heat deaths in Illinois, you can be sure that our forecast will be "fair and warmer."

And don't forget our cool nights. One local store is planning a blanket sale. Several cases of near-pneumonia have been reported. If a South Texan up here on a visit complains of the noon-day sun, you may know that he has just arrived and has not spent a night on the plains.

But, as County Health Officer W. Purviance says, this is the season when there is most danger from typhoid. Those persons living in quarters where sanitation is difficult are especially in danger, although food handlers of every kind have a great responsibility to the public they serve. The offer of free state vaccine for typhoid—available at Dr. Purviance's office—should appeal to those not able to buy it.

SEVERAL Gray county residents are interested in a cannery for beets being killed by the government. Steps necessary to ascertain the prospects will be taken. Indications are that the request will be too late. The cannery would be needed immediately and the red tape involved would likely require weeks if not months. It is a problem for relief authorities and the county agent's office to consider.

CATTLE buying is scheduled to start in Gray county soon. Many applications are being filed with County Agent Thomas by persons who have animals to sell. Prices will range from \$4 to \$20. The applications being taken will greatly expedite selling when the veterinarian and appraiser arrive. The animals will be turned over to relief authorities for disposal. Buying is already ahead of canning facilities, although the plant at Amarillo, federally supervised, is employing about 650 persons and is turning out 15,000 cans daily. Pampa would be an ideal location for another regional cannery.

THE STATE gubernatorial race is more amusing than instructive. Tom lies about Jim every night and Jim lies about Tom the next night. If we are to believe the statements of the boys about each other. If either were as bad as the other shouts that he is, then Texas has come to a sorry spot in her politics. If the voters are to balance all the "lies" and try to decide on that basis, they will go to the polls in a very confused frame of mind. Actually, both men are human but neither is as bad as he is being painted. Neither loves the "common people" as much as he loves himself, which is natural. As governor, neither could carry out the promises which must be made to fool the voters. We're electing a governor, not a dictator.

STRICTLY speaking, there are no "common people." By "common" as used in politics is ordinarily meant persons of the great American middle class. A commoner is not a pauper, neither is he a wealthy "high hat." A politician is careful not to define what he means. He doesn't care whether the "common" person is a ditch-digger, a clerk, a hard-pressed merchant, or a small town society leader who is envious of her wealthier neighbors. We know farmers who are poor but mean, also some who are in better circumstances and are drivers of hard bargains. We know men in fair circumstances who are as "common" and friendly as anyone we know. There are few persons in this section who could not be identified with the middle classes. Actually, we're Americans and work what we make of ourselves. Class has nothing to do with it. The ignorant farm woman who with her lover killed her husband is just as despicable as any other woman who does the same thing. She knew right from wrong. Politicians have been forced into slobbery appeals to class prejudice because too many of us like to think ourselves downtrodden. But if we base our votes on candidates' ability to appeal to our prejudices and vanity, how can we expect justice from our state government?

OIL MAN KILLS SELF
CASPER, Wyo., Aug. 16. (AP)—Gerald A. Stack, 50, prominent in the oil industry in Wyoming and the midcontinent, shot and killed himself in a hotel room here late yesterday.

I HEARD—
It remarked that a majority of Pampans are of Scotch nationality—they carry their own cushions to the ball games.

Kidnapers Make Contact

LABATT WILL BE RELEASED BY ABDUCTORS

DETROIT THUG IS ONE SUSPECT AS HUNT PROCEEDS

TORONTO, Ont., Aug. 16. (AP)—Telephone contact was established early today with the kidnapers of John S. Labatt, and his release on payment of \$150,000 ransom is expected before tonight.

The ransom money is ready in the hands of the wealthy brewer's brother, Hugh, who engaged in three phone conversations with the kidnapers between 1 and 3 o'clock this morning. The calls came to the hotel here where the brother of the 50-year-old London, Ont. brewer has established headquarters.

HAGY BRINGS IN BIG GASSER IN CARSON COUNTY

Hutchinson Activity Is Growing—New Firm Here

Special Truck For Rural Fires Has Been Built

A water tank carrying 200 gallons of water has been installed on the fire truck and will be used for grass fires, fires out of reach of city water hydrants, and rural runs.

Claude Athlete Killed in Crash

J. B. Faulkner of Claude died yesterday as a result of injuries received in an automobile accident near Claude Tuesday night.

Heavy Absentee Voting in Progress

Gray county voters who will be out of the county on election day, August 25, visited the office of County Clerk Charlie Thut in a steady stream yesterday to cast absentee votes.

Oil Man Kills Self

CASPER, Wyo., Aug. 16. (AP)—Gerald A. Stack, 50, prominent in the oil industry in Wyoming and the midcontinent, shot and killed himself in a hotel room here late yesterday.

Man Lies Talking Constantly Because of Queer Ailment

MT. GILEAD, O., Aug. 16. (AP)—Through the dawn and into the still night of a small farming community, a man lies talking continuously.

Up to noon today 45 absentee votes had been cast. At 10 o'clock yesterday morning the county clerk had issued only three absentee ballots. Much interest is being taken in the second primary locally.

Foe of 'Deal'

A sharp critic of the New Deal, who won the nomination over a rival who leaned toward Roosevelt policies, will make the race for re-election to the U. S. Senate on the Republican ticket in West Virginia. He is Dr. H. D. Hatfield, above, who was far ahead in the primary vote. His Democratic opponent will be a fervent New Dealer, Rush D. Holt.

VICTIM RIDES WITH ANOTHER WOMAN FIRST

H. NICHOLS SHOT WHEN SECOND CAR IS DRIVEN UP

SEYMOUR, Aug. 16. (AP)—As the result of a nocturnal roadside shooting, H. Nichols, assistant cashier of the First National bank of Seymour, was dead today and Miss Ruby Britain, member of a pioneer Baylor county family, was in jail charged with murder.

According to the story Miss Nichols rode around in his car for a while last night and finally parked on a road a few miles from town. A few minutes after they parked, a car containing another woman was driven up beside theirs and the woman, without saying a word, opened fire on Nichols.

White House Office Walls Fall in Expansion Job

Walls of the executive offices of the White House have fallen into a tumbled heap of masonry in this picture, but there's no reign of anarchy or mob rule in the capital.

DR. H. H. HICKS MADE PREXY OF PAMPA LIONS CLUB TODAY

Dr. H. H. Hicks today was made president of the Pampa Lions club, succeeding R. J. Hagan, who resigned because of ill health.

Walls of the executive offices of the White House have fallen into a tumbled heap of masonry in this picture, but there's no reign of anarchy or mob rule in the capital.

Young Wilson was brought from Port-of-Spain, Trinidad, where he was taken from the Canadian national liner Lady Nelson by police May 5.

Washington, Aug. 16. (AP)—A supreme court test of the government's authority to regulate oil production under the recovery act was virtually assured today when the justice department informed the court it would interpose no objection to a review.

GRAY COUNTY WELL IS STILL BURNING HIGH

THREE IN HOSPITAL BUT ONLY LEE MOORE IS CRITICAL

Near tragedy occurred in the east Gray county oil field yesterday afternoon when a spark of unknown origin fired the Warner Bros. No. 2 Well in section 42, block 25. The well topped the gas at 2,240 feet yesterday afternoon and was flowing about 5,000,000 feet when the fire started.

Eight men at work on the well were burned, three of them seriously. Lee Moore, 52, is in a critical condition at a hospital where he was brought in a C. C. Malone ambulance. He is suffering from burns about the head and body which may prove fatal.

It was believed this morning that the flow of gas was increasing and plans were to kill the flow before it increased to a greater extent. The well is located in the heart of the "hot spot" in Eastern Gray county across the line from the big play in Wheeler county. There are many large wells in the immediate area.

Woman Robbed By Lone Gunman

City police officers are investigating a hi-jacking on the Berger road Tuesday night.

Allison and Grant In Net Victories

NEWPORT, R. I., Aug. 16. (AP)—Frankie Parker of Spring Lake, N. J., the sixth ranking player in the Newport casino tennis tourney, today qualified for a semi-finals match against Bryan "Bitsy" Grant of Atlanta by eliminating the last of the unseeded players, J. Gilbert Hall of New York, 6-1, 6-2, 6-1.

U. S. AID PLAN BETTER THAN FAMINE

If this summer hasn't given you enough things to worry about, you can always work up a fever over the wholesale way in which Uncle Sam has been adding his nephews and nieces to the federal payroll lately.

Some sort of all-time high was reached this month when it was disclosed that more than 7,000,000 adult Americans are getting federal checks regularly.

This includes practically everybody—regular government employes, members of the army and navy, people getting pensions and veterans' compensation funds, those hired for public works projects and recipients of direct relief.

It breaks down about like this, according to a recent United Press tabulation:

Some 3,600,000 people are getting emergency relief in the shape of food, money, and so on. Road work and other emergency jobs account for 970,000 more. Some 600,000 are employed on other public works projects.

There are 918,000 people drawing pensions of one kind or another. There are 911,000 federal employes, 280,000 in the CCC camps and just less than 260,000 in army, navy, and marine corps.

Add them all together and you get a lot of people—so many that it is no wonder some people are getting pretty worried about it all.

But the important thing is this situation is not the number of people who are on the government payroll so much as it is the question, What would happen to them if they were off of it?

It isn't pleasant to picture the plight of the 3,600,000 on direct relief, if all government funds should be cut off suddenly. The government is caring for them only because no other agency can do so. It may be a bad thing to have the government supporting that many people; it would be a good deal worse to have them all starving.

You can say much the same thing of the people who are at work on public works jobs, of those who are getting emergency employment relief, and of the lads in the CCC. The growth of the federal payroll may be a dismaying phenomenon; but it has meant the difference between hope and disaster to them.

It is, after all, pretty silly to complain about the way in which Uncle Sam is supporting his citizens, unless you can also show some other way in which those whom he is supporting could be cared for.

OUT OUR WAY By WILLIAMS

BORN THIRTY YEARS TOO SOON

ABOUT NEW YORK

BY GEORGE TUCKER

NEW YORK—It was all a case of mistaken identity anyway—or was it?

Awaiting my turn in the tonorial parlor of one of Broadway's major hotels I was somewhat surprised to see Guy Kibbee, the actor, having his old bald head trimmed. I didn't know he was in town. He was carrying on an animated conversation with a barber who obviously was an enthusiastic theatergoer.

In spite of the 16 busy attendants, several customers were ahead of me, so I slouched back in my chair to see what Kibbee would say.

His barber broke in with: "When did you get in from Hollywood?"

"Only an hour ago and I'm exhausted."

"Ha, over-worked. They keep you fellows hustling, I imagine."

"On the contrary, I'm exhausted from loafing. When I kill two weeks between pictures I feel as if I have loafed a year."

Barber's Error

Eventually the barber powdered Kibbee's head and pumped him to his feet. It was then I caught an amused glint in his eye.

"Do you know my name?" inquired the actor, taking his check.

"Aw, sure!" said the barber. "You're Guy Kibbee. I've seen you many times."

"Well, I'm not, Guy Kibbee and you never saw me. I'm a cameraman and my name is Thompson. Your friend Kibbee is okay, though, and one of the best actors in the business."

Somewhat crestfallen, the attendant stared. "Aren't you really Guy Kibbee?"

"Sorry to disappoint you, but the name is Thompson—Larry Thompson, Culver City."

Chuckling to himself, Thompson disappeared through the door that leads to the lobby and to Broadway.

Kibbee—Kidding?

Later I got to wondering whether it wasn't Kibbee after all. Real celebrities are notoriously eager to

Political Announcements

The NEWS is authorized to announce the candidates of the following, subject to the Gray County Democratic primary of August 25, 1934:

F. E. LEECH

For Commissioner, Precinct 1—
A. (Artie) CARPENTER
F. E. (Floyd) BULL

For Commissioner, Precinct 4—
W. W. WILSON
M. M. NEWMAN

For Constable, Precinct 2—
FRANK JORDAN
H. S. SHANNON

For State Representative—
JOHN PURYEAR, Wellington
EUGENE WORLEY, Shamrock.

escape recognition, and often resort to all sorts of subterfuges to elude the crowd.

I know Sinclair Lewis will go to any length to deny his identity. He gets a great kick out of bewildering autograph seekers by writing down any name that pops in his mind. When approached, he willingly obliges by saying, "Sure, I'll sign your little paper." Then he roars at the crestfallen look on the face of the seeker when he beholds an unfamiliar name.

Eugene O'Neill is another. With out batting an eye he can look anyone in the face and say, "My name is Fred Lawson and I never heard of Eugene O'Neill."

Often John Erskine thanks strangers for confuting him with the famous novelist, then tells them his name is George Trawler, the portrait painter. He goes on to tell them how flattered he is, adding that he will be pleased to give them an autograph if they still desire one. As they invariably do, he signs George Trawler's name, which is a fiction within itself, as there is no portrait painter by that name.

And so maybe it really was Guy Kibbee indulging in a little bit-play. Anyway, there is no cameraman named Thompson listed in the official studio files. I know because I looked it up.

J. W. Tressler, farmer near Emporia, Kan., encountered a six-inch vein of coal at a depth of 12 feet while drilling in an effort to replenish his water supply.

STANLEY SETS GOAL FOR 'HOT' OIL CONTROL

TWO PER CENT WILL BE MAXIMUM IN AUGUST

AUSTIN, Aug. 16. (AP) — E. N. Stanley, the Texas railroad commission's chief enforcement officer in the East Texas oil field, has set as his goal for August reduction of excess oil production to a two per cent tolerance.

That percentage of deviation from the allowable production, he estimated, would be about as nearly perfect as possible.

On the basis of a permitted 400,000 barrels daily production in the East Texas field the tolerance would be 8,000 barrels.

He estimated that during the first week of August, "excess current production" was around 10,000 barrels. During July the daily average excess current production was between 21,000 and 23,000 barrels, he said. Stanley placed emphasis on excess current production because, he said, there are 800,000 barrels of excess storage in the field which in all probability ultimately will be moved.

The commission's offensive on oil has been concentrated on transportation channels, he said. "That is the only way we could

do any good," he explained. "It is silly to try to stop overproduction at the wells for there are too many of them. We can't watch every well."

Legal production from the huge field August 3 was 398,996 barrels, based on a permitted flow of four per cent of the hourly potential by each of the 14,075 completed wells on that date. Gordon Griffin, chief engineer for the commission, calculated the four per cent production basis would permit production of approximately 410,000 barrels at the end of August.

The Texas chiefs of police and city marshals union has renewed its campaign for a state bureau of criminal identification.

FEWER RACES ADVOCATED BY MANY TEXANS

TREASURER'S PLACE IS SELDOM GIVEN ATTENTION

AUSTIN, Aug. 16. (AP)—Agitation for elimination of several major state elective offices has been renewed as a result of a strange race in the first democratic primary in which a man unknown politically received approximately 170,000 votes.

The office was state treasurer and the candidate Jefferson T. Baker of Dallas. A short time before the primary ballot was prepared he received permission of the district court to change his name to George B. Terrell, the name as that of Congressman George B. Terrell of Aliso, long successfully identified with state politics.

A few days before election Congressman Terrell won a reversal of the court's order, Terrell contending it was an unwarranted use of a name he had spent years enhancing. Meanwhile the ballot had been sent to county election officials.

In spite of the publicity given the Baker-Terrell case, the candidate placed second in the first primary. The first officially to comment on the situation was Dennis Waller, also an unsuccessful candidate for the office.

"The fact that a man who was disqualified for the office polled around 200,000 votes shows that the people of Texas never were fully informed as to the issues involved," Waller said. "There never was unusual interest in the treasurer's race to get the people properly informed."

In normal election years the only state races that attract general attention are for attorney general and governor with the latter usually overshadowing all others. The average voter readily can name candidates for these offices but hesitate when asked to name the candidates for treasurer, comptroller and land commissioner.

Of recent years the contests for places on the Texas railroad commission have attracted more attention on account of the rise of oil as a major state industry. A group of efficiency experts recommended two years ago that the number of elective offices be reduced to three, the governor, lieutenant governor and attorney general. The legislature did not consider the recommendation seriously. It is likely, however, that resolutions will be offered at the next regular session to submit a constitutional amendment to abolish all but a few of the present elective offices and vest the governor with authority to name administrative department heads.

SPITE MARRIAGE

by Katharine Hamilton Taylor

SYNOPSIS: The divorce of Bob Powers has demoralized the marriage. He has been postponed to come to his mother to stay. He is hurriedly closing up his work in Mexico; Marsha is coming to New York to see her mother. The old lady leads her to forget Bob's stubborn misunderstanding which has disrupted their marriage. Mrs. Powers grows weaker day by day.

Chapter 35 THE BLOW

IT WAS early in March that Bob planned his start. As the result of almost superhuman pressure, he found himself free to go two days before he had thought he could start and—packing!

Packing made him rather absurdly tremulous. Once and again he paused to stare blankly at the most familiar objects; a military brush, a comb, some such unromantic thing.

Then he would pull himself, with a hard jerk, from that which he scorned as "mooning," to go on . . . shirts, collars, he must not forget to open and to empty the bottom drawer that had turned to a safe during one week of hard rains. Less than six days of travel and he would see his mother, Marsha.

Bartholomew would open the door to him; perhaps his mother would wait his coming in the drawing room; perhaps Marsha would be in the hall?

Or perhaps because of his mother and the game they played for her, Marsha would meet him at the station. He hoped, fervently, that he wouldn't go to pieces to show her how much she still mattered, and to give her hint of the fact that she would always matter. He did not want to bother her in any way.

Young Todd, idle that day because of a touch of the fever that makes nomads cautious, wandered in to say, "Packing?"

Bob laughed. "Might think so," he responded, "but in reality, I'm trout fishing."

"Then the next day they all saw him off from the nearest village and on a train that, the month before, had been held up by bandits who had a regard that was not too deep for human life.

Hard gripping hands . . . and the zang saying kind things about working under him. People generally were pretty kind, he realized, and that it did not now matter, and that nothing could.

After he crossed the border, his mind began to stretch and to grope toward the normal where the stricken suffer most acutely. He stared, tragically from car windows, there, at some oaks and a tangle of undergrowth.

He would lose Marsha too, he realized. And not that he would hold her, or any woman against her will. He was, he reasoned on, glad she was to find everything he had missed.

But would she, or could she, find anything with Terleton? But he would not let himself think of that, he decided. Even well balanced, it did strange things to him; that wonder, with the thought of her loving Terleton. Loving Terleton, perhaps, as he, Bob, had early dreamed that she some day might come to love him.

How would she greet him? (He heard "First call for Dinner"; he must eat, waiting to or not; but he'd wait a time). Would she leave the house immediately or was he to suffer once more that combination of misery and happiness which, since that day, had risen from the knowledge that she was close, but beyond the reach of his arms, no matter how close.

Would she sleep in the next room, or the blue-guest room? He hoped she would stay. It seemed to him that that would rather finish the affair for his mother. If she stayed no one could say, "It was only a week after the funeral that she went off; left him!" And so she would drag the little Victorian lady into the mess.

He realized as he neared New York, that he was afraid of the house, and all that its changed aspect would force upon him. He was so certain that it would be different that he was surprised by the presence of small fir trees, which had graced the brown stone steps for as many winters as he could remember.

He fumbled a bit with his keys and before he could find the right one the door was opened by Bartholomew, who, as his eyes brimmed, offered a choked greeting. Then Bob, raising his eyes, saw Marsha hurrying down the stair and toward him.

(Copyright, 1934, by K. Hamilton-Taylor)
Tomorrow, Bob is swept off his feet.

FRANCE STRENGTHENS NAVY TO MATCH ITALIAN PROGRAM AND NAZIS' "POCKET SHIPS"

By M. W. WHITELEATHER
PARIS (AP)—France is starting a ship-building program designed to put her in a strong bargaining position with Italy at the 1935 naval conference and to offset Germany's three "pocket battleships." The "Strasbourg," a 26,500-ton man-of-war, a destroyer and two submarines soon will be laid down as a part of a coordinated re-arming program on land, in the air and on the sea.

In addition the entire fleet is being scrubbed and polished. State navy yards are so over-loaded with this task and with constructing the "Dunkerque" the model for the "Strasbourg" that the new building plan has been allotted to private yards.

ALIEN LABOR WILL NOT BE FAVORED HERE

NEW POLICY WILL BE PUT IN EFFECT ON BORDER

BROWNSVILLE, Aug. 16. (AP)—The public works administration has directed that federal construction projects along the border shall employ only American labor. L. M. Lawson, international boundary commissioner, stated on a recent visit to the lower Rio Grande valley to inspect the \$2,000,000 federal flood control work now in progress.

Lawson declared that this is the first federal project of its kind to be built with American labor. "On every similar project heretofore, such as the Elephant Butte dam, ninety per cent of the work was done by alien labor," Lawson said.

Regulations of the PWA provide that all employees on projects financed by that organization shall be American citizens. Lawson added that "you will see something on this project that you have not seen before—Anglo-Saxons working as unskilled laborers."

Lawson recalled that when the PWA advanced money for the flood control work in the valley the people of this section objected to the wage of 40 cents an hour.

"They are finding now that it helps the community," he said. "It results in expenditures that were not made on the former basis and helps to raise the general standard of living."

About 1800 persons have been working on the flood control in the valley financed by an original allotment of \$1,500,000.

Recently an additional allotment of \$500,000 was made and this will carry the work into March or April of next year.

This money is being spent on the emergency work. An expenditure of \$3,000,000 or more is contemplated on the permanent control structures, including the great gate at the main floodway entrance south of McAllen.

Neither of these countries signed the London treaty of 1930. But France, by scrapping the six capital ships now in service, all of which have served their 20 legal years, could add four other men-of-war to her equipment (making a total of six) and still be within the Washington limit.

FRENCH NAVAL STRENGTH
PARIS (AP)—The total strength of France's navy on January 1, 1934, including craft under construction, was 183 ships, totaling 659,004 tons, classified as follows:

- 10 capital ships, 212,400 tons.
- 100 airplane carrier, 22,100 tons.
- 12 heavy cruisers, 124,400 tons.
- 17 light cruisers, 110,100 tons.
- 60 destroyers, 113,472 tons.
- 7 old submarines, 4,776 tons.
- 76 modern submarines, 71,756 tons.

This is the club the French hold over Italian and German ambitions to build bigger and better navies. The French claim that they are in a position to match ship for ship if anyone wants to start a naval race.

Ready for Building Race
The new defense scheme calls for close cooperation between the air fleet and the navy. Fifteen "flying ships" are contemplated as the arm of the navy. They will be equipped to function in battle in close liaison with sea craft.

Furthermore, strategic coastal points are being equipped with subterranean oil tanks as reservoirs for the navy. These are to be kept filled in time of peace. The government hopes to get the oil from the French share in the Iraq oil fields which are about to be opened.

STRONGER THAN WATER
BALTIMORE—Into domestic relations court went a young couple to complain of marital life. Awaiting a hearing they received word from a hospital that one of their children needed an immediate blood transfusion. Together the couple rushed to the hospital and the father gave his blood. The court case was never held.

SATURDAY NIGHT TRAGEDY
CHRISTOPHER, Ill.—Bathes if you must, but do so before 7 p. m. The city water is cut off at that hour each evening to conserve the supply. The drought is the reason.

'To the White House, James'

Tanned and invigorated from his 12,000 miles of business-pleasure travels, President Roosevelt returned to Washington to be greeted by several thousand persons gathered at Union Station.

The president, with his daughter, Mrs. Anna Roosevelt Dall, is shown leaving Union Station for the White House. The president's son, James, is seated in front of Mrs. Dall.

that section will play during Centennial year.

She expects to have both her organizations working smoothly and continuously for the Centennial, which will be an invaluable aid in opening up much wider avenues of publicity.

WHERE THERE'S A WILL PHILADELPHIA—Benjamin Horwitz, 74, insisted his two sons, Morris and Aaron, should support him. The sons said their father had between \$10,000 and \$25,000 on his own right.

So Judge Theodore Rosen ordered the father to make a will bequeathing to the sons the fortune he denied having. That done, he ordered the sons to support their father.

Rhododendron, which grows wild in mountains of the southern states, can be transplanted easily and made to thrive in domestic gardens.

BANKHEAD ACT KEEPS STAFF VERY ACTIVE

TAX EXEMPTIONS ARE REQUESTED FROM 25 COUNTIES

COLLEGE STATION, Aug. 16. (AP)—First counties to send to the state allotment board completed applications for tax exemptions under the Bankhead act were Dewitt, Jim Wells, Lavaca, San Patricio, Fort Bend and Refugio. The board has received 30,000 applications for certificates from 25 counties.

Sunday afternoon and Monday, Aug. 5 and 6, the extension building at Texas A. & M. college was a scene of great activity as long awaited blanks for use in administering the Bankhead act were received. More than twenty automobiles were loaded and dispatched to the four corners of the state, their staff member drivers determined to stop at each county seat only long enough to unload what was needed until all counties had been served. It was estimated that by sunrise Tuesday every county had been supplied and applications were expected to pour in.

The board has organized three shifts of workers to carry on twenty-four hours a day as long as necessary to get speedy actions on the applications.

In this connection E. R. Eudaly, chairman of the board, emphasized that the greatest speed can be made in the counties by accuracy in making out applications. "If the applications are hurried in without checking and have to be returned to a county, that county will be further down the waiting line when the applications come in the second time than it would have been if a little more time had been spent on checking in the first place," Eudaly said.

"County committees or adjustment assistants asking the board to set a 'deadline date' after which no applications may be taken in the county must be careful to ask for a date far enough ahead so that

notice may be published in the local paper prior to closing the period of taking applications," Mr. Eudaly said. He urged farmers to remember that this is "like a train passing through a station. If you don't get on the train when it stops you will be left behind and no one can make the train return for you."

WASH OUT 15 MILES OF KIDNEY TUBES

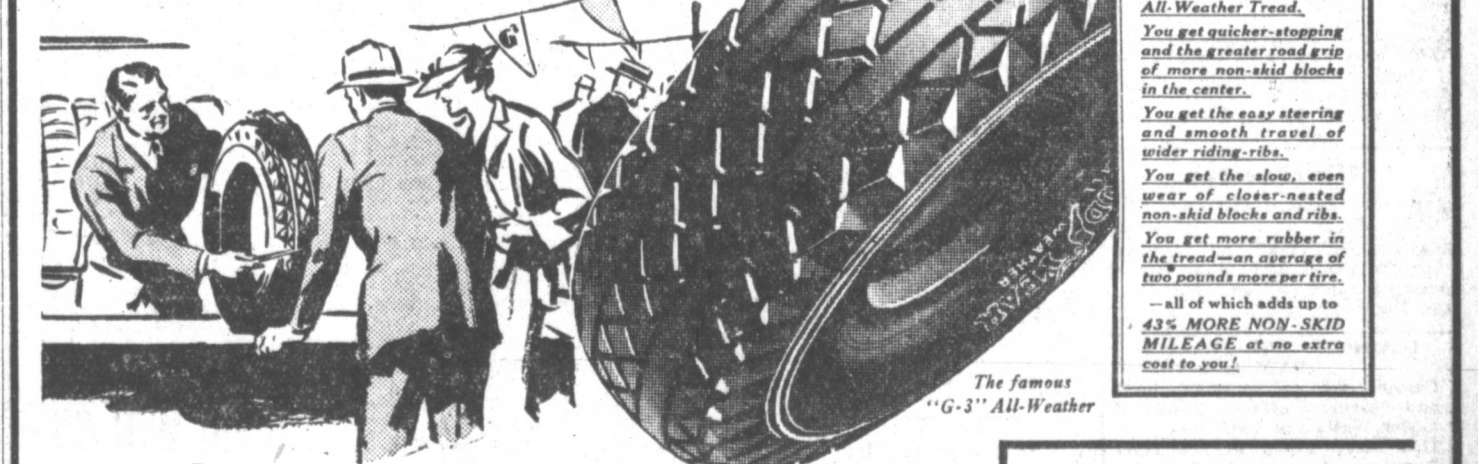

Win Back Pop . . . Vigor . . . Vitality
Medical authorities agree that your kidneys contain 15 MILES of tiny tubes or filters which help to purify the blood and keep you healthy.
If you have trouble with too frequent bladder passages with scanty amount causing burning and discomfort, the 15 MILES of kidney tubes need washing out. This danger signal may be the beginning of nagging backache, leg pains, loss of pep and vitality, getting up nights, lumbago, swollen feet and ankles, rheumatic pains and dizziness.
If kidneys don't empty 3 times every day and get rid of poisons, your body will take up these poisons causing serious trouble. It may knock you out and lay you up for many months. Don't wait. Ask your druggist for DOAN'S PILLS . . . a doctor's prescription . . . which has been used successfully by millions of kidney sufferers for over 40 years. They give quick relief and help to wash out the 15 MILES of kidney tubes.
But don't take chances with strong drugs or so-called "kidney cures" that claim to fix you up in 15 minutes, for they may seriously injure and irritate delicate tissues. Insist on DOAN'S PILLS . . . the old reliable relief that contains no "dope" or habit-forming drugs. Be sure you get DOAN'S PILLS at your druggist. © 1934, Foster-McLure Co.

'G-3' A NATIONWIDE SUCCESS!

BEFORE Goodyear announced the new "G-3" All-Weather the test fleet gave it the toughest drubbing ever heaped on a tire. They'd speed up to 50—jam on the brakes—they kept it up day and night.

And that's why the news of this new tire spread like wildfire. People knew it had what it said—GRIP in the center of the tread where you need it for safety—and 43% longer NON-SKID mileage!

Drive around and let us show you this sensational tire—with wider, thicker, tougher, flatter tread—more grip than ever—and a body of patented Supertwist that's just as long-wearing as the tread. No wonder we can guarantee its performance!

You certainly need this tire on a modern, quick-starting, quick-stopping, fast-running car—and on any car it gives more miles of safety at no extra cost.

TEXAS TRADE HAS IMPROVED IN LAST YEAR

WHOLESALE FIGURES WELL IN ADVANCE OF SEASON

AUSTIN, Aug. 16. (AP)—Improvement in the Texas wholesale trade in the latter part of 1933 was revealed in a business census conducted by the United States department of commerce, William L. Austin, director of the bureau of statistics, reported.

"Based on the average number of full-time employees engaged in the wholesale trade," he summarized, "December, 1933 showed an improvement over the beginning of the year by 15 per cent. October and November registered a similar improvement over the first quarter of the year. The peak in part-time employment was reached in December, 1933, which was 66 per cent higher than in April of that year and 83 per cent higher than in July.

"Improvement during the year "was substantial and more than seasonal," he said, when both full-time and part-time employment were considered. The last few months of 1933 showed a greater seasonal betterment than an upward variation of 13 per cent recorded in 1929, he said.

The survey revealed 6,876 wholesale establishments in Texas had net sales last year of \$1,048,131,000 and employed 36,140 persons full-time and 5,266 part-time.

Wholesale establishments had a payroll of \$52,327,000 of which \$2,165,000 was paid to part-time employees.

Compared to 1929 the number of establishments declined by 28.4 per cent; net sales from \$2,804,518,000 to \$1,048,131,000, a 63 per cent drop; number of employees from 58,987 to 43,406, 26.4 per cent; and salaries from \$96,284,000 to \$52,327,000, 45.7 per cent.

Average annual sales per employee dropped from \$47,545 in 1929 to \$24,147 in 1933, the census stated, "partly because of the lower prices prevailing in 1933 which necessitated handling a larger physical volume per dollar of sales."

CENTENNIAL NEWS ITEMS

Official Pledge Adopted by the Texas Centennial Commission:

"I will think—speak—write—do—Texas Centennial in 1936! This is my celebration. In its achievement I may give free play to my patriotic soul for Texas' people past, my confidence in its glories that are to be."

(The following items were published in the Texas Centennial News, official publication of the publicly committee of the Texas Centennial Commission, Corsicana, Texas, and furnished to Texas newspapers for republication so that the citizenship of Texas may keep informed of Centennial activities over the state.)

MARTIN URGES CENTENNIAL IDEA TO MANAGERS

Speaking before the Southwestern chamber of commerce school in Dallas last week, Lowry Martin, Corsicana, vice president of the commission and head of its publicity committee, asserted the Centennial would be a powerful factor in aiding recovery.

Mr. Martin's speech met with a very hearty response from the managers of the chambers of commerce, scattered throughout the state. There was not a discordant note in the indorsement of the plans for the big celebration.

"The Centennial isn't going to cost the taxpayer a penny," Mr. Martin said. "There will be no additional indirect taxes, such as one on gasoline, income, sales, etc."

"The Centennial will attract to Texas a minimum of 20,000,000 people. It will be a far greater drawing card than the Chicago World's Fair, where all attractions were centered in a congested area. Here spots of interest will be far flung. They will extend from Texline to Brownsville, some 1,100 miles. They may be seen hourly from Texarkana to El Paso, a distance of 1,000 miles.

"Most of these visitors will traverse a large portion of the Lone Star State. In each section they will drop some money. It will be one of the greatest single factors for industrial recovery.

"If you should find an objection on the ground of cost just tell him nothing. Not only is that true, but by because of the lower prices that profits and permanent buildings be turned over to the state within two years after the close of the exhibition. It is entirely probable that the Centennial will show an absolute profit to the taxpayers of Texas."

"On Sept. 1 the city in which will be held the major celebration of the Centennial will be selected. The city offering the highest financial bid will be chosen.

"It has been estimated that \$15,000,000 will be required to properly finance this gigantic review of economic, historical and cultural Texas. It is probable the successful bidder will offer as much as one-third of this sum, likely more.

"By Sept. 1 the stage will be set. The finance committee will have worked out its plans. It is expected these will prove the State's part of financing will be accomplished without raising taxes one penny.

"The planning committee will have completed its work. It will be ready to announce the kind and nature of celebration to be held. The publicity department will have sold the state the idea. Every Texan will be centennial minded. This alone represents a potential attendance of 6,000,000. The successful bidder will find a state ready for the celebration. The only thing it will have to do is to provide facilities for the great show.

"Almost every small city, town and hamlet in Texas has the opportunity to be chosen a secondary Centennial city. These selections will be made by the commission on Nov. 1. No financial guarantee is required. The only requirement is full co-operation."

MOSCOW HAS TIP JAPANESE TO SEIZE LINE

ARREST OF RUSSIANS MAY BE PRELUDE TO SCHEME

MOSCOW, Aug. 16. (AP)—Moscow heard rumors today that Japanese militarists planned to take over the Chinese eastern railway after declaring a state of military law.

These unverified reports followed dispatches telling of the arrest of nearly 200 Russian officials and employees of the road by Japanese and Manchukuan forces, who charged them with a revolutionary plot.

Russians described this an attempt to make it appear Russian workers were responsible for banditry and murders along the line in recent months.

A Tokyo dispatch today said the acting Russian consul-general at Harbin had been refused a demand that 17 Soviet subjects be released. The Soviet consul, Nikolai Raivid, complained their arrest was unjust, said the Rengo (Japanese) news agency.

Several station masters and telegraph operators were among those arrested and taken to Harbin for trial.

Negotiations for Japan's purchase of the road from the Soviet have been under way more than a year.

A BIT ROUGH

SAN FRANCISCO (AP)—The fire boys may have been a bit rough but they helped little Lawrence Crittan's dog out of a tight place.

When the dog got stuck in the space between two houses Lawrence's father called the fire department. A single blast from the hose on the dog and it was washed out backwards right into the arms of his master.

Voliva Declares Lord Will Come To Earth Sept. 10

ZION, Ill., Aug. 16. (AP)—Wilbur Glenn Voliva has told his faithful that the Lord will come to Zion on or about Sept. 10.

On the day of the feast of trumpets, the loyalists of the religious colony here will gather in Shiloh tabernacle to await the coming of the Lord.

As for the unfaithful — well, Voliva consigned them to destruction, some of them specifically to hell.

"Things are winding up in Zion," he proclaimed in a fiery address to a thousand followers at the Wednesday evening prayer meeting.

"I believe the Lord will come on the feast of trumpets, the religious over-seer asserted. "And I believe he will come this year." The feast of trumpets occurs Sept. 10.

"At the close of every age God has called a messenger. In Zion there will be a little circle, and God will destroy the rest. We are in the end."

WILL MIMIC BATTLE

CAMP HULEN, PALACIOS, AUG. 16. (AP)—Youthful national guardsmen today prepared to launch into a mimic battle intended to duplicate the historic stand of Col. Fanning's courageous band against a large Mexican army 100 years ago on Coleto creek, near Goliad.

The annual "war" between the Reds and Blues will be "fought" by officers and enlisted men of the staffs, communications sections and the aviation service of the 36th division.

Country Club's Team Will Go On Trip Sunday

The Pampa Country club golf team will go to Clarendon Sunday for a return match with Clarendon golfers. The Pampa team won over Clarendon for the first time here a few weeks ago.

Golfers can make the trip should notify Del Love, professional at the Country club. His phone number is 9912. They should tell Mr. Love if they can take a car or if they wish transportation. The team will leave about 12 o'clock and be ready to tee-off by 1:30 o'clock.

Revival Is Adding To Alanreed Rolls

ALANREED, August 16.—Draving near its close, a revival meeting which for the last ten days has been held in the First Baptist church here under the guidance of Rev. Ellis Wells of Hecley has added 19 persons to the rolls of the local pastorate.

Contests between groups aiming at increased Sunday school membership, more perfect attendance, and more thorough work in classes has been a feature of the meeting. An average attendance of 40 in the young people's division and 20 in the older groups was gained, secretaries say.

CRITICISM OF EACH OTHER'S WORK EASED

WAR OVER TAXATION PLANS CONTINUED, HOWEVER

FORT WORTH, Aug. 16. (AP)—Relief for the state's needy was stressed by James V. Allred, attorney general, in a campaign speech here last night at the end of a day of stamping in his race for the Texas governorship.

Allred shouted to the crowd, which he said was "the largest that has heard any candidate," that "what this state needs is leadership."

"With conditions growing worse

daily under the devastation of this unprecedented drought, the matter of relief has become a serious problem. I want an opportunity to take the administration of relief out of politics, and give jobs to those who need them rather than to political henchmen, as has been done in the past.

"Many people in this state are wondering what the future holds in store, if they will have bread for their children tomorrow. It will be my recommendation to the legislature that all other business be shelved until some action is taken to safeguard against any one starving in Texas."

Devoting most of his time to his own platform and relaxing in criticism of his opponent, Allred reviewed his plans, renewing his advocacy of old age pensions and unemployment insurance, education, highway building, construction of public works to provide employment, chain store taxes, an amendment providing for the classification of property for taxation, the placing of unassessed property on the tax rolls and again expressing opposition to the confiscation of property and any new levies, except those needed for equalization of the tax burden.

DEFENDS PLATFORM

BROWNWOOD, Aug. 16. (AP)—Tom F. Hunter, Wichita Falls attorney who seeks the governorship of Texas in the Aug. 25 run-off with James V. Allred, attorney general, upheld the planks of his platform in a speech here last night.

He offered defense for his "blended tax" reform program and the proposal to set up a "governor's cabinet" in a sweeping reorganization of the present state administration.

Hunter charged that Allred's stand on selective taxes was inconsistent.

"He has declared himself against selected taxes and if he carries this to its ultimate conclusion, where would he obtain the funds lost to the schools and the roads by abolishing the cigarette and gasoline taxes?" Hunter asked.

Defending his plan for a cabinet, Hunter said "it has been successful in our federal government and there is no reason why it should not be in the state. Allred wants to centralize power and fix responsibility

but he offers no avenue for the people to recall unsatisfactory officials."

Hunter defended his proposal to abolish state ad valorem taxes, denying Allred's accusation that Hunter's proposal would lift huge obligations from big corporations. Hunter said "Allred refuses to recognize that under my net earnings tax plans on the larger brackets these companies would pay many times as much into the treasury as would be lost from abolition of the ad valorem tax on real estate."

Hunter proposed a tax on five per cent on the first \$1,000,000 in net profits; ten per cent on the next two million; twenty five per cent on the fourth and fifth millions and thirty five per cent on everything above \$5,000,000.

NOTED INVENTOR DIES

CHICAGO, Aug. 16. (AP)—Albert Blake Dick Sr., Chicago manufacturer and inventor of the mimeograph, is dead at the age of 76. He died at his home in suburban Lake Forest shortly before midnight after more than a year's illness of heart disease.

MILLIONS OF PEOPLE HAVE ASKED . . . What, exactly, does Knee-Action do?

the answer is

CHEVROLET'S KNEE-ACTION RIDE

Doubles

the pleasure of motoring

Chevrolet prices have been reduced as much as \$50

Drive it only 5 miles and you'll never be satisfied with any other low priced car

The best way to prove that Chevrolet's Knee-Action actually makes motoring twice as pleasant as before is to drive the new Chevrolet over all kinds of roads. You will find that the continuous jars you used to get even on smooth pavements are ended. The steering wheel is free of vibration. Back seat passengers are comfortable and relaxed. You can maintain higher speeds over rough roads that used to slow you down. You will find, in fact, that probably for the first time in your experience, every foot of every mile is equally enjoyable.

This fine feature is combined in the new Chevrolet with beautiful, luxurious Fisher Bodies, safe, weatherproof, cable-controlled brakes, the flashing performance of an 80-horsepower engine, and the great economy of six-cylinder, valve-in-head construction. This combination is exclusive with Chevrolet. Perhaps that explains why so many people are buying and recommending this extremely low-priced car.

COUNCIL PLANS CLUB SEASON OPENING FOR MID-SEPTEMBER

NEW PERSONNEL OF COUNCIL TO BE INSTALLED

RETIRING MEMBERS RECOMMEND COURSES

A Fall Frolic to formally open the 1934-35 club season was planned for the evening of Sept. 13 in a Council of Women's club meeting yesterday morning at the home of the president, Mrs. C. T. Hunkapillar.

She was hostess at a coffee preceding the business session. Coffee was served from a beautifully appointed table by Misses Harriet Hunkapillar, Lucille Cole, and Jerry Mitchell.

As their final official act, members of the retiring council passed recommendations to the new council this morning. They suggested that the recreational program be continued, with Mrs. W. Purviance, Mrs. C. S. Boston, and Miss Margaret Buckler as the committee in charge.

House Committee Named

Further cooperation with home demonstration clubs of the county was also recommended, and continued use of the club room social calendar.

Misses Glenn Pool, Alex Schneider, and T. P. Morton were named as a house committee to supervise care of the club rooms.

Mrs. M. P. Downs made a report on work with dependent children. The September evening meeting will be at the club rooms in the city hall. New council officers and delegates will be installed.

COUNCIL STUDY IS IN CHARGE OF GROUP TWO

Women of Christian Church Meet Yesterday

Africa as a mission field was studied by the Women's Council of First Christian church, in a meeting at the church yesterday afternoon. Group two was in charge of the program.

Mrs. H. H. Isbell was leader. After the opening song, "To the Work," she conducted a devotional from Luke 5:1-11. Mrs. Elkins gave the invocation. Another hymn was "Jesus Calls."

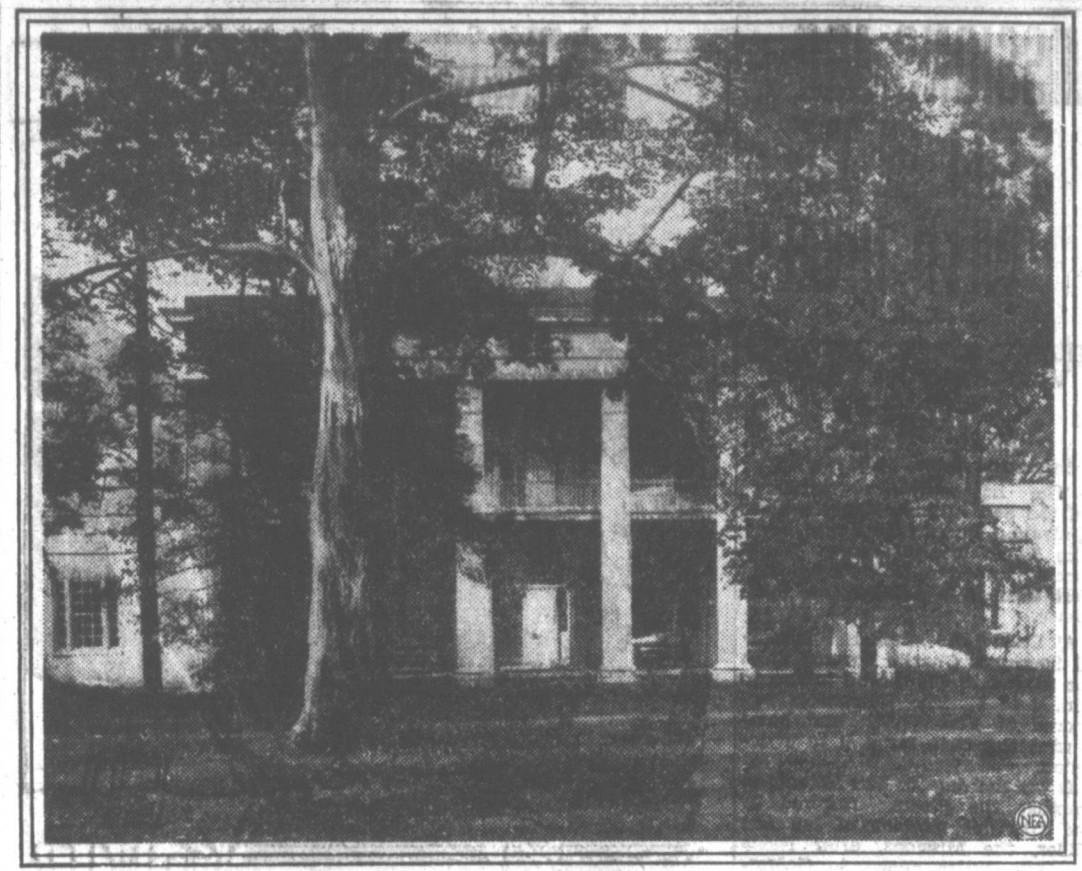

Africa in Its Setting, was discussed by Mrs. Ivy Duncan; Christianity and Life in Africa, by Mrs. Roy McMillen; A New Road Out of Africa, by Mrs. Claude Lard.

A report has been made of the last meeting of group four, which was held at the church with Mrs. C. F. Baston as leader. Mrs. Fahy and Mrs. Burge presented the mission lesson.

Roosevelt May Visit 'Old Hickory's Hermitage'

A visit to the Hermitage, formerly mansion built near Nashville, Tenn., by Andrew Jackson, is expected to be on the itinerary of President Roosevelt when he inspects TVA operations in Tennessee, probably late in August. The old Jackson home, near where "Old Hickory" is buried, is shown above, a stately home that played an important part in the nation's history.

Perryton Soon to Observe Birthday

PERRYTON, Aug. 16.—Perryton is preparing to entertain one of the largest crowds ever seen in this city on Wednesday, August 22, coming here for the big free celebration being offered by the chamber of commerce, in observation of the city's fifteenth birthday.

Something of interest for everyone will be included on the crowded program of events which will open Tuesday evening with a big celebration dance and close Wednesday night with a second dance. These two events are the only ones at which a charge is made.

Included in the free entertainment are races and contests for boys and girls with big cash prizes offered and band concerts during the morning periods. Starting at 1:30 sharp a "home spun" rodeo will be held, followed by a flying circus and concluded with a ball game between Phillips 66 team of Borger vs. Perryton.

The evening program will start at 7:00 o'clock with two ten round mar events on the free boxing exhibition in which Dick Hedgpeeth, Waka, meets "Wildcat" Bales, Wagonka, Okla., with Earl Madden, Spearman, matched against Joe Vernon, Pampa.

Following this exhibition a big free fireworks display will be a fitting conclusion for the days activities. Two bands will intersperse the days program with musical interludes, offering a well rounded program. Perryton retail stores will close during the afternoon program, after 1:00 o'clock.

SCIENTIST-DIVER TELLS OF SEEING ILLUMINATED FISH

HAMILTON, Bermuda, Aug. 13. (AP)—A huge deep sea fish, possibly unknown to man, was one of the curious sights which greeted Dr. William Beebe, American scientist, in a diving record-breaking descent toward the bottom of the ocean.

The undersea explorer and his associate, Otis Barton, were unable to identify the monster they sighted from their "bathysphere" yesterday.

Sealed in the two-ton iron ball, Beebe and Barton were lowered to a depth of 3,028 feet, more than a half a mile under the surface. The descent exceeded their record of last Saturday by 518 feet and surpassed the earlier mark of half a mile by 988 feet.

A large gray "shadow" at 2,750 feet was the first appearance of the unknown fish. The object seemed to be illuminated by scores of tiny lights, glittering like a diamond necklace, Dr. Beebe said. He estimated its length at 20 feet. Phosphorescent parasites are believed to have given off the lights.

NEW ALCATRAZ PRISON NEAR SAN FRANCISCO IS OPERATING

SAN FRANCISCO, Aug. 16. (AP)—The federal government's newest prison, the stronghold on Alcatraz Island in San Francisco bay, today holds its first convicts—47 men classed as incorrigibles.

Disclosure that the convicts had been transferred secretly from other western prisons was made by Warden James A. Johnson after the latest group, 14 dangerous criminals from McNeill island, was safely under lock and key.

LEAVENWORTH, Kas., Aug. 16. (AP)—Three of the Charles F. Urschel kidnapers, whose records, mid-west officers believe, fit them for incarceration at Alcatraz island prison, are still in the federal penitentiary here.

The trio are George (Machine Gun) Kelly, Albert Bates and Harvey Bailey.

Shower Precedes Recent Marriage To Honor Bride

A shower at the home of Mrs. Doyle Roundtree Tuesday evening honored Mrs. Jewell Weigman, who yesterday morning was married to Alton F. Smith. Women who are fellow employees with the honoree at Montgomery Ward store were hostesses.

After games, a miscellaneous shower of gifts was presented. Iced watermelon was served as the refreshment course.

Guests were the bride-elect and Misses Jim Swanner, Jim Crouch, Wendell Moreman, Leonard Moxam, R. W. Newlin, W. J. Culp, Maurice Harbo, W. S. Kiser, Mack Egan, Hedda Moore, Misses Ceco Fendrick, Rinta Downing, Lantice Chaffin, Claudia Brandon.

Gifts were sent also by Miss Bertha Baggerman, Miss Bernice Patton, Miss Inez Boldt, Mrs. Gene Mulliken, Mrs. T. H. Chaffin.

CHICAGO PRODUCE

CHICAGO, Aug. 16. (AP)—Poultry, live, 2 cars, 30 trucks, hens steady, chicken, easy; hens 13 1/2-15; leg-horn hens 16; rock fryers 15-16 1/2; colored 14; rock springs 17-19; colored 14; barebacks 11-13; leghorn 13 1/2-15; roosters 9; turkeys 10-14; spring geese 8-12 1/2; old 8-9; spring geese 10, old 7.

CHICAGO BUTTER

CHICAGO, Aug. 16. (AP)—Butter, 11,470, steady; creamery specials (92 score) 27 1/2-28; extras (82) 26 1/2; extra firsts (90-91) 25 1/2-26; firsts (88-89) 24-24 1/2; secondals (86-87) 22-23; standard (90) centralized cartons 26 1/2. Butter sales 1,047 tubs extra 26 1/2; 3 cars standards 26 1/2. Eggs, 4,278, steady, prices unchanged. No egg sales.

THEY FOUND OUT

PARIS, Aug. 16. (AP)—Two young American college students hung a Nazi swastika flag out of a Paris hotel window "just to see what would happen." They soon found out.

An angry throng of Parisians, shouting threats, gathered under the window in practically no time and was dispersed only after police ordered the German emblem withdrawn.

The names of the tourists were withheld by authorities.

PAYS JUDGE, AND HOWE

TOPEKA, Kan. (AP)—Ed Howe, the sage of potato hill, was discussing the rate of pay for writers with several friends. He figured his best efforts brought him 12 1/2 cents a word.

"I have you writing men skinned to death," commented Judge George T. McDermott of the United States circuit court of appeals. "I've just figured how many opinions I write a year, and their length. It amounts to 35 cents a word."

CONTESTS AND STUNTS AMUSE AT LAWN FETE

LANTERNS DECORATE YARD FOR GAY PARTY

Gayly lighted with Japanese lanterns, the lawn at the C. T. Hunkapillar home was the scene of a party for about 40 young people of First Methodist church last evening.

Games and stunts were directed by Dorothy Harris and Mrs. Gaston Foote. Most popular was the Egyptian mind-reading act presided by Joseph Hodge, who baffled the guests by his ability to answer questions and tell the names of his questioners.

The "Fearless Quartet," Mary Adams, Marjorie Saums, Georgia Rogers, and Maizie Perkins, entertained the several songs, and Howard Zimmerman crooned to his own ukelele accompaniment.

Iced watermelons were served by Marjorie Saums, Mary Adams, Maizie Perkins, and Lawrence McCaule, host committee.

The decorative lights had been hung by Mr. and Mrs. R. A. Selby, John Mitchell, and Leon Robinson, and Franklin Baer.

These present, in addition to committee members and entertainers, were the hostess, Harriet Hunkapillar, and Velda Richards, Lois Certain, Warren Finley, Joseph Lane, J. G. McConnell, Joyce Lane, Irene Brewer, Frances Hodge, Audris Ashley, Dorothy Brumley, Johnny Vaughn, Evelyn Bicknell, Imogene Smith, Chester Hunkapillar, David Whittenberg, Thelma Seeds, Era J. Smith, Turney Mullinax.

YOUNGER SET AT LEFORS IS MOST ACTIVE

Party and Trip to Camp Are Among Events

LEFORS, Aug. 16.—Miss Clois Alexander entertained a group of her friends at her home Wednesday evening. Games formed the entertainment for the evening.

Cornby Williams left Monday for Waxahachie, where he will attend school.

A group of young people from the Baptist church attended the night session of the Baptist encampment at Miami Friday.

Miss Edna Berg returned home Sunday after visiting three weeks in Borger.

Mrs. John W. Cobb has returned to her home in Burleson after a visit with friends and relatives in LeFors and Pampa.

Rev. M. S. Leach closed a two-weeks revival at Amarada mission Sunday night.

Mrs. Mary Agnes Doval of Electra is visiting her cousin, Miss Clois Alexander.

Mrs. Bud Nipper has as her guest this week her sister, Miss Iva Alkan.

Mrs. Virginia Crabtree has returned after a vacation to teach in the school here this fall.

Raymond Jones has returned after visiting friends and relatives in Brick, Okla.

Mrs. Sarah Bradshaw visited her sister, Mrs. M. S. Leach, Tuesday.

PRESIDENT OF FEDERATION IS TO VISIT HERE

CLUB WOMEN ARE TO ENTERTAIN STATE LEADER

Mrs. Valney Taylor, state president of Federated Women's clubs, has designated Pampa as one of the cities in the seventh district which she will visit on her first official trip to this part of Texas late in September.

An invitation from presidents of all federated clubs here was extended to Mrs. Taylor and to Mrs. W. P. Avriett of Lamesa, district president, yesterday morning when a brief meeting was held at the home of Mrs. C. T. Hunkapillar.

Several of the more centrally located cities in seventh district were named as points of Mrs. Taylor's visit. Federated club women of Pampa and surrounding cities will be invited to greet her here.

The definite date of her visit has not been set, but Pampa club women are already planning for the meeting in her honor. She is expected during the last week in September. Mrs. Avriett, who has been the guest of local club women on other occasions, will accompany the state president on her entire trip through the Panhandle-plains district.

IF YOUR BREATH HAS A SMELL YOU CAN'T FEEL WELL

When we eat too much, our food doesn't get to our hearts. Our friends smell the decay coming out of our mouth and call it bad breath. We feel the poison in this decay all over our body. It makes us gloomy, grouchy and no good for anything. What makes the food decay in the stomach? Well, when we eat too much, our bile juice can't digest the food. What is the bile juice? It is the most vital digestive juice in our body. Unless 2 pints of it are flowing from our liver into our stomach every day, our movements get hard and constipated, and 5% of our food decays in our 28 feet of bowels. This decay sends poison all over our body every six minutes.

(but we don't) and we feel like a whipped cream. Get at the cause. Take Getters' Little Liver Pills, which gently start the flow of your bile juice. But if "something better" is better, you don't buy it, you buy Getters' Little Liver Pills, which is a salomon (traveller's) pill, which loosens teeth, gripes and starts the running in many people. Ask for Getters' Little Liver Pills by name and get what you ask for—24¢. ©1934, C.M. Co.

COTTON STATISTICS
WASHINGTON, Aug. 16. (AP)—The supply of cotton carried over from the last cotton year, which ended July 31, to be added to this year's short crop was reported today by the census bureau to have totaled 7,745,309 bales of lint and 444,211 bales of linters.

The government's forecast of cotton production this year, as indicated by Aug. 1 conditions, is 9,195,000 bales, which would give an approximate total supply of 17,384,720 bales for the 1934-35 year.

The carryover a year ago was 8,170,132 bales of lint and 838,493 bales of linters. Two years ago it was 9,677,754 bales of lint and 622,771 bales of linters.

FAVORITES COME THROUGH IMPRESSIVELY IN TOURNNEY CONTESTS

Huber And Amarillo Merchants Will Fight For Tourney Lives Tonight

TODAY'S BILL INCLUDES ONE BALL CONTEST

PHILLIPS 66 AND ROAD RUNNERS CLASH TOMORROW

Because of the necessity of a change in the schedule for today, no game will be played this afternoon, but tonight at 8:30 o'clock the Huber Carbon team of Borger will meet the Amarillo Merchants to see which team will remain in the running.

Tomorrow afternoon at 4 o'clock the winner of tonight's tussle will play Coltezo of LeFors. Another feature attraction will be staged tomorrow night at 8:30 o'clock when the Pampa Road Runners and Phillips "66" of Borger tangle for the second time during the tournament.

Pampa won the tussle last night behind the sensational pitching of Lee Daney, new Indian hurler. Manager George Bulla will probably send Bill Hardin to the mound against Phillips tomorrow night. Bill Ellis or "Pewee" Bass will do mound duty for Phillips in an effort to even the count with the Road Runners.

Phillips showed her first "fight" of the tournament against Coltezo Tuesday night. When the Borger aggregation is in a fighting mood, it is hard to get the team out of a game. Fans believe Manager O. A. Pickens has been saving Bass for this occasion. The midget left-hander has had a long rest and should be ready to go tomorrow night. So should Bill Ellis. He has pitched only five innings during the tournament.

Should the Road Runner starting pitcher fall to rest, Bulla will have Daney, Stegman, Stewart, and late ready to throw into the fray. He will not take any chances as he has in past games.

Tonight's contest should be even and well played. Both teams have two losses and will be fighting to stay in the running. The winner will have a real opportunity to get in the money. Starting pitchers are unknown, although both Blair and Johnson will be ready for Huber. The Merchants may try to send Costello back to the mound against the carbon slugger.

It takes pitching to win baseball tournaments, as team managers now realize. Busby's Indians went out of the tournament because they had only Lefty Carroll. Amarillo's West Texans had only Joe McKnight and the Amarillo Merchants have only John Costello. Road Runners, Phillips, Coltezo and Huber entered with strong pitching staffs and are in the running strong.

Mrs. R. S. Carter of LeFors shopped in Pampa yesterday.

THE TOURNAMENT PROGRAM

The schedule for today and tomorrow in the Pampa baseball tournament:

THURSDAY (Today)
4 p. m.—No game because of change in schedule.
8:30 p. m.—Amarillo Merchants vs. Huber Carbon of Borger.

FRIDAY
4 p. m.—Coltezo of LeFors vs. the winner of tonight's game between Amarillo Merchants and Huber.
8:30 p. m.—Pampa Road Runners vs. Phillips "66" of Borger.

The probable starting lineups for tonight's game between the Amarillo Merchants and Huber Carbon of Borger:

AMARILLO MERCHANTS
Tucker—center field.
Northcross—third base.
Taylor—second base.
Newman—first base.
Wroble—shortstop.
Harris—right field.
Martin—left field.
Shanks—catcher.
Costello—pitcher.

HUBER CARBON
Holland—third base.
Cobb—second base.
Sullivan—catcher.
Marum—center field.
Moore—short stop.
Collard—left field.
Bryan—right field.
Hart—first base.
Blair—pitcher.

MISSIONS ARE STILL IN TIE WITH RIVALS

At Dallas, the Missions bombarded Southpaw Charlie Barnabe from the mound in the second inning to win, 6 to 1. The Buccaneers anchored at Fort Worth and bombarded the Cats for a 9 to 3 decision.

HEAVY HITTING MARKS VICTORIES IN TEXAS LEAGUE

BY BILL PARKER
Associated Press Sports Writer
The havoc-wreaking artillery of the San Antonio Missions and Galveston Buccaneers ripped over the Texas league battle front again last night to victories and left them in a deadlock for first place.

At Dallas, the Missions bombarded Southpaw Charlie Barnabe from the mound in the second inning to win, 6 to 1. The Buccaneers anchored at Fort Worth and bombarded the Cats for a 9 to 3 decision.

It was nothing for San Antonio to smother the Steers. Inspired by the seven-hit pitching of tall Abe Miller, the Missions, after losing five consecutive games to Galveston, really enjoyed themselves as they pounded Barnabe and Southpaw Fred Steily for ten hits.

C. A. Jonnard and Dick Whitworth shouldered the pitching burden for Fort Worth but could not carry the load. The Buccaneers rapped them for 12 hits, three fly balls, and a home run.

The first division Beaumont Exporters caught a tartar in Oklahoma City, losing, 2 to 1. Vernon Kennedy, the league leading strike-out artist, held Beaumont to four hits to outpitch Wade and Schultz who allowed the Indians seven hits.

The Tulsa Oilers dug deeper into the first division by taking the hustling Houston Buffaloes, 9 to 2. Skipper Jake Atz had his Oilers fired up for the opening game of the series. They blasted Beckman and Payne for ten timely hits and turned in some fleet base running.

Broaca, although he allowed ten hits, had control yesterday and Tommy Bridges, who opposed him, did not. That was the deciding factor of the contest. The crowd, as well as the result was in distinct contrast to that of Tuesday when Detroit won two games. Instead of 80,000 fans, only about 15,000 were present on a drab afternoon.

Adverse weather forced the National league leaders, the Giants, to spend six hours in dividing a double bill with Pittsburgh. They won, 5 to 4, and Pittsburgh replied with a 4 to 3 triumph. The Giants remained four games ahead of the idle Cubs and Pittsburgh a game behind Boston.

Another National league double-header resulted in an even break when the last-place Reds belted Van Mungo, Brooklyn's star pitcher, for a 7 to 5 decision in the opener and the Dodgers retaliated by winning, 5 to 4.

The Athletics downed the White Sox twice with the aid of timely home runs to make it five in a row. Jimmie Foxx clouted his 37th homer with two aboard in the eighth to give Merrit Cain a 7 to 4 victory in the opener while Dib Williams' circuit drive was a big factor in the 2 to 1 second victory.

The only other game saw Southpaw George "Rube" Walberg surpass the previous day's effort of Lefty Grove when he pitched the Red Sox to a 6 to 2 triumph over the Browns.

NEWPORT, R. I., Aug. 16. (AP)—Because he is leading the other six survivors in the Newport casino snipe's tennis tournament by a bracket, Byron "Bitsy" Grant looks forward today to enjoying a well-earned rest while the others battle for places in the semi-final round.

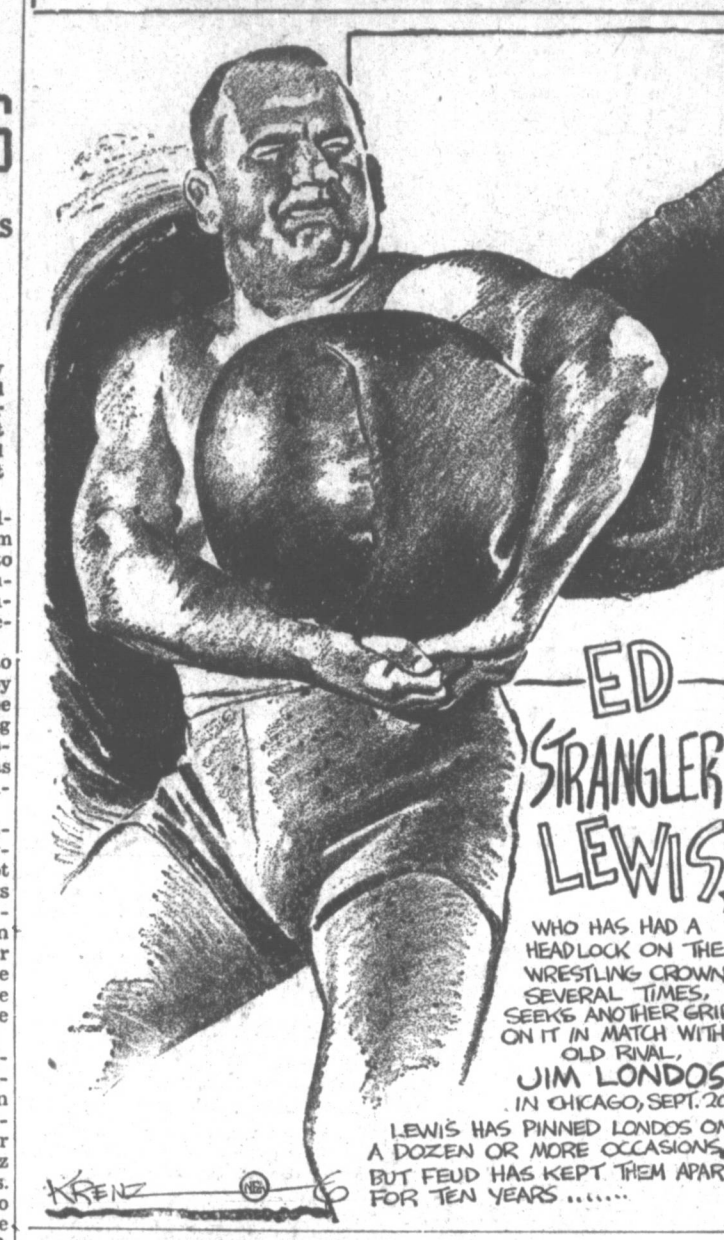

"Bitsy" was very tired yesterday when he finished wearing down the higher-ranked Gregory Magin of Newark, N. J., in a hard fought five-set match.

Only one of the other survivors was unseeded—J. Gilbert Hall of New York, who entered the quarter-finals when the defending champion, Francis X. Shields of the U. S. Davis cup contingent, defaulted because of a leg injury that he carried back from England.

The draw pits Hall against the brilliant Frankie Parker of Spring Lake, N. J. Sidney Wood, who shared the international singles assignments with Shields, moves against Berkeley Bell, the erstwhile tumbling Texan who is playing the best game of his career this season, and last year's runner-up Wilmer Allison of Austin, Tex., takes on his doubles partner, Johnny Van Ryn of Philadelphia, for the second time in two weeks.

plays: Taylor, Wroble and Newman. Runs batted in: Nell 3, Brickell, Wells 3, Seltz, Newman. Struck out by Costello 8, by Bulla 11. Base on balls off Bulla 2, off Costello 4. Wild pitch Costello 3. Hit by Costello, Ward. Time 2:07. Umpires: Vaught and Lassiter.

L'FORS PIRATES TO LEAVE WITH NEW COACH SOON FOR NEW MEXICO GRID TRAINING

Mentors Bronson and Smith To Take 25 Boys, Most Of Whom Are Light.

Twenty-five members of the LeFors high school football squad, accompanied by Coach Bill Bronson and Francis Smith and several LeFors citizens, will leave Sunday morning for Ruidoso, N. M., where a football training camp will be conducted for at least 10 days.

Head Coach Bronson has been in LeFors for a week and has held five practice sessions. Assistant Coach Smith arrived yesterday afternoon and assisted with practice upon arrival. Thirty boys were in uniform, but five of them will be left in LeFors because of their small size.

The team will be light this year, Coach Bronson said. The biggest boy on the squad weighs only 175 pounds, while the smallest boy tips the scales at 113 pounds. The material is green and LeFors is the underdog in the section, composed of LeFors, McLean, Clarendon, and Miami.

Coach Bronson is a graduate of Nebraska university, where he was quarterback for three years, one year receiving All-American mention. He later coached in California, where he was a friend of Coach Howard Jones. He came to LeFors from Nebraska. Coach Bronson will handle the line work.

Assistant Coach Smith is a graduate of McMurry college last season. He was a star half back. He will handle the back field work at LeFors.

Pirate field at LeFors may be equipped with lights. Coach Bronson said this morning. The LeFors athletic council will meet Friday night to pass on the advisability of installing the lights for night football.

The Pirate schedule follows: Sept. 21—White Deer at LeFors. Sept. 28—Dumas at LeFors. Oct. 5—LeFors at Claude. Oct. 12—LeFors at Groom. Oct. 19—Canadian at LeFors. *Oct. 26—Miami at LeFors. Nov. 2—Open. *Nov. 9—McLean at LeFors. *Nov. 16—LeFors at Clarendon. Nov. 23—Open. *Conference games.

ST. LOUIS, Aug. 16. (AP)—The St. Louis Cardinals' management and Dizzy and Paul Dean, rebellious pitchers, are playing a waiting game, each apparently expecting the other to make a move toward reconciliation.

President Sam Bradson and Manager Frankie Frisch remained firm in their decision to punish with fines the pair who skipped the Detroit exhibition game Monday.

The Dean brothers kept baseball fans guessing. Their fishing trip to Florida has been postponed a few days. They think the Cardinals will recall them and all will be forgiven, as soon as the team plays a few games and "finds out how bad they need us."

Mr. and Mrs. L. N. Brashears and daughter, Sonja, returned this week from a vacation trip to the mountains of New Mexico.

SOME CERTAIN DATA IN BALL LEDGER GIVEN

For instance, Beau Bell to Lead in Doubles, Hooks in Triple Bat Drives.

By BILL PARKER
DALLAS, Aug. 16. (AP)—Wise men of Wall Street claim there is no such thing as a cinch wager as long as the battle is on. The Texas loop has 19 more days to operate—the battle is still on, and here's a few sure things.

That Beau Bell, Galveston right-fielder, will lead the circuit in doubles. He got one last night to give him a total of 48, ten more than Alex Hooks, Tulsa first sacker who is runner-up.

That Alex Hooks will pace the league in triples. He has 20, far ahead of any other rival.

That Hugh Shelley, Beaumont left-fielder, will show the way in stolen bases. He is credited with 33, miles in front.

That Ash Hillin, San Antonio's sensational youngster, will win the most games. Through last night he had 22 victories.

The Vernon Kennedy, tall Oklahoma City speed ball wizard, will strike out more than Vernon has 139, counting the six he got last night.

Some things not listed as sure things are:
That Beau Bell, current batting leader, will continue in front. He is getting stiff competition from Chester Morgan, San Antonio center-fielder, and Alex Hooks.

That Bell will not retain his lead in total hits. His two for five last night gave him a total of 182, only two in front of Morgan who went three for nothing.

That Rudy York, now inactive, will pace the league in home runs. He has 26 but that will not last for Bell has 24, and Paul "Pound 'Em" Easterling, Tulsa left-fielder, got one last night to give him 24.

That Lefty Beaton, San Antonio left-fielder, will lead in runs batted in. Larry has been in front several weeks. He batted in one last night to raise his total to 110. English, Galveston's middle cushion guardian, is giving Larry a race. He batted in one last night to raise his average to 101.

Or that Bell will be first in runs scored although he is the current leader with 111. Hostetler and Easterling of Tulsa are on his heels, Hostetler with 107, and Easterling with 101.

Race Meet at Amarillo To Be Begun Sept. 22

AMARILLO, Aug. 11.—Dates for the fall race meeting sponsored by the Tri-State Fair in Amarillo have been set by the directors starting on Sept. 22.

This means that lovers of the turf will have opportunity to enjoy seven glorious days of thoroughbred racing.

Last spring's meeting was so successful that Tri-State Fair officials are leaving no stone unturned in preparing for the fall meeting.

Officials of this meeting will be chosen from the group of local and Panhandle citizens who assisted the nationally famous tuner in conducting the meeting last spring.

The admission price for the coming event has been lowered 25 cents from that charged last spring, the price for the fall meeting being 50 cents per person with 25 cents additional for box seats.

Parimutuels again will be operated at the plant.

The racing plant has been under constant care since the last meeting and today stands as one of the best 1/4-mile tracks in the entire country.

National figures in the world of thoroughbred racing have declared the Amarillo layout to be among the best smaller tracks in the nation.

Horse owners wishing stalls should get in touch with O. L. "Ted" Taylor, Amarillo. Other information may be secured by writing to the Fair Association, Racing Department, Amarillo.
