

SANTA COMING WEDNESDAY; CITY WORKS SWIFTLY TO WELCOME HIM

DECORATIONS TO BE PUT UP HERE MONDAY

TEN OR 15' FLOATS WILL BE ENTERED IN PARADE

Pampa began to bear down in earnest yesterday in making preparations to appropriately welcome Santa Claus next Wednesday.

With football out of their minds, they became enthusiastic about the subject. And why shouldn't they? ject. And why shouldn't they? Yesterday, those merchants who have dressed up their display windows in the Christmas manner had to shoo away the hordes of kids who almost blocked entrances to their stores—the children are thoroughly Santa Day minded.

Float Interest Grows

Yesterday's chief development in the Santa Day preparations, however, was the friendly competition that has sprung up between the float entrants. Five or six schools have resolved to outdo the other in float building. The rivalry has extended to the clubs and churches. Substantial cash prizes will be given to first, second and third place winners.

H. L. Polley, chairman of the float committee, estimated yesterday that between 10 and 15 floats will be entered in the colorful parade. Santa Claus will be welcomed in the wake of the high school and kid bands from the various schools. The parade will start at 2 o'clock on South Cuyler and Move up North Cuyler to the high school gym, thence to Frost on Browning, then up Frost to Kingsmill, on Kingsmill to Somerville, on Somerville to Foster, then on Foster to Ballard.

'Surprise' Promised

Holy Souls Catholic church which has a state-wide reputation for building beautiful floats for Jaycee celebrations, announced yesterday that it will enter a float in the parade. The local Catholic church won first prize last year in the Santa Day parade and second prize in the Pre-Centennial parade. Father Wonderly said the float will be a "surprise" and no details of the float are being released. Mr. Polley said that the float would indeed be a "beautiful surprise." Other churches are planning to enter floats but definite announcements and plans have not been made. Lions, Rotary and Kiwanis clubs will also enter floats.

Chairman Jim Collins of the decorations committee announced that street decorations would be put up Monday. These will include colored

Interscholastic League's Doings Under Fire Again

CORPUS CHRISTI, Dec. 1. (AP)—The Calter-Times tomorrow will quote Representatives W. E. Pipe of Nueces county as saying he will introduce a bill in the next legislature calling for a sweeping investigation of the activities of the Texas Interscholastic League.

The legislator expressed objections to the method of deciding where bi-district games shall be played, among other things. He objected particularly to the decision which fixed San Antonio as the site of Friday's game between Corpus Christi and Thomas Jefferson high school of San Antonio. The city was chosen by the flip of a coin, which, Pope said, was gambling, in violation of state laws.

Corpus Christi contended that Thomas Jefferson is the old Main Avenue high school but the league ruled otherwise, said Barry Orr, school board member.

Representative Pope also said he would introduce a bill against ticket-scalping operation on South-west conference games.

Church's Goal Is 100 Members Within A Year

A new pastor will begin his work in Pampa today.

He is the Rev. L. Burney Shell, who comes to the First Presbyterian church from Tahlequah, Okla. He and Mrs. Shell and their three children are "at home" in the manse just west of the church. The children are Frances Jane 9; Sarah, 5; and Martha, 3.

Rev. Shell has set as a goal for the church a net gain of one hundred members within a year. Sunday school attendance of 200, and attendance of 50 or more men at Brotherhood meetings. The church has been growing rapidly, and an expansion program to house the Sunday school is under consideration.

An elk apiece was the kill—and the limit—of the four men pictured above. The animals, killed by special permission of New Mexico authorities, were shot southeast of Raton. The men in the picture, left to right, are L.

P. Ward, trucking contractor; Gus Irwin, of the Schneider Hotel garage; Bob Murphy of Panhandle Drilling company and Wright Billing company; and J. Stern, of the Shell Petroleum company.

SANTA TO CHECK UP ON KIDS WEDNESDAY—'BETTER BE GOOD'

There Will Be Plenty Of Candy; All Children Are Asked To Attend Parade

"Santa Claus is Coming to Town!" That's one popular song of the scores that are sung over the radio nowadays that the children appreciate. The young ones are listening with sober faces to the line of the song which says, "You'd better be good; you'd better be nice for Santa Claus is coming to town!"

Yes, he's coming Wednesday afternoon. For what purpose is he coming to town 20 days before Christmas?

Dick Hughes answered that question yesterday. Mr. Hughes who was appointed a sort of ambassador to the court of St. Nicholas to keep the children of this territory informed about Santa, says that the merry old gentleman of the ruddy cheeks, long white whiskers jolly little tummy that shakes with laughter, black boots, red trousers, cap and coat, is coming to town to check up on the children and to see how many are here who will be needing presents Christmas.

"He Always Comes." "The children don't know it, but every year just before Christmas, Santa comes to town to take stock of the kid situation," said Mr. Hughes. "Sometimes he permits himself to be seen as he will next Wednesday. Sometimes, if there is no Santa day, he just visits and does not let himself be seen. He can be either visible or invisible, according to his fancy or to the demands of the circumstances."

"You bet your sock on it, though that he always comes to every town some time in December. He wants to make an estimate of the number of children in the community, and to determine how many presents he will have to bring every year. Of course, if he can't do that, he can't do his job. He can't do his job if he can't see the kids, how they act, what they think of him, and how many children there are. Also he especially wants to see if they are good, and if they act nice when he rides down the street on top of a big float, distributing

JUDGING TESTS WON BY CLAUDE, McLEAN, TULIA

Pampa Boys Do Well But Scores Are Not Counted

First places were won by teams from McLean, Claude, and Tulia in the three divisions of the Board of City Development vocational agriculture judging contests held here yesterday.

Sixty-seven boys from McLean, Plainview, Gladston, Claude, Tulia, Panhandle, and Pampa participated, but the local boys, who assisted as hosts, only for the practice.

Competing individual judges finished as follows:

First, B. Aldridge, Claude; second, Joe Heffner, McLean; third, T. B. Masterson, McLean. Bill Seeds of Pampa, though not competing, ranked third in the grading. The results by sections follow:

Poultry—Six regular teams and four alternate teams of three boys each were entered. McLean was first, Tulia second, and Claude third, although the Pampa team was a close second to McLean in the grading. Clyde Baird of Pampa had the largest score, though not competing. Individuals of the high team were K. Ayres, J. L. Mann, and J. D. Back, McLean.

Dairy stock—Five teams competed, and two alternate teams participated. The Pampa team, not competing, was one point behind first place. Teams of rank were Claude, first; McLean, second, and Tulia, third. High individuals were B. Aldridge, Claude; Joe Heffner, McLean; and T. B. Masterson, McLean, in the order named. Bill Seeds of Pampa, not competing, was ranked third.

Livestock—Four teams and 24 individuals, including alternates, participated. Tulia was first, McLean second and Clarendon third. High individuals were Howard Boatman, Tulia; Arthur Ledbetter and J. P. Sharp, of McLean, in the order

Jury Vainly Advises Judge To Be Lenient; 'Mercy Murderer' Keeps Poise.

LEEDS, England, Dec. 1. (AP)—Mrs. Mary Brownhill—62 years old, grey-haired and frail—today was sentenced to be hanged for the "mercy murder" of her imbecile son.

A jury which needed only five minutes to find her guilty recommended that she be shown mercy.

The judge who under English law had no alternative but to sentence her to death, told the jury

Son of Tulsa U. S. Judge Confesses Killing

EXTORTION OF WILCOX NIPPED YOUTH CLAIMS

SAYS HE KILLED MAN TO PROTECT WOMAN

TULSA, Okla., Dec. 1. (AP)—County Attorney Holly Anderson said late today the confession of Phillip Kennamer, 19-year-old son of Federal Judge Franklin E. Kennamer, solved the Thanksgiving night slaying of John Gorrell, 23, son of a widely known Tulsa physician.

Young Kennamer surrendered to county authorities and immediately declared he had shot Gorrell to death in self defense.

The shooting was linked by officers closely with a story of attempted extortion aimed at H. P. Wilcox, wealthy oil man, through his daughter, Virginia, 20, an intimate friend of Kennamer.

Young Kennamer and his attorney refused to reveal details of his encounter in a sparsely settled, exclusive residential section here Thanksgiving midnight, beyond saying that the boy shot to preserve his own life.

However, Franklin E. Kennamer, judge of the northern federal district of Oklahoma and the boy's father, spoke of a "scuffle."

Gorrell was slain as he sat in his automobile, and with his own pistol, a small one.

The pistol, with two exploded cartridges, was found jammed into a holster beside the body.

Shortly after Kennamer was placed under arrest county officers arrested Wade Thomas, operator of a sandwich shop and filling station here to be questioned in connection with the alleged extortion plot.

The key to the solution of the murder mystery was given earlier today by Floyd J. Huff, a Kansas City airplane pilot, who told T. J. Higgins, Kansas City detective chief, that the slayer had outlined his plans to him in a wild night drive from the Missouri city to Tulsa the night of Nov. 14. He named young Kennamer.

"I thought the boy was crazed or that some drinks we had had went to his head until I read the death of Gorrell in the papers," Huff was quoted as saying.

"The boy actually told me a week in advance just how Gorrell was killed."

Huff's story, telephoned to a Tulsa newspaper substantially as it was quoted by Chief Higgins, was that Kennamer had learned of an attempt by Young Gorrell to extort \$20,000 from Wilcox or kidnap the young woman.

Soviet Official Is Assassinated

MOSCOW, Dec. 1. (AP)—An assassin who the Soviet government asserted, was "sent by enemies of the working class" today shot and killed Sergei Mironovich Kiroff, revolutionist for 30 of his 46 years, and a member of the communist party's political bureau.

The assassin, who slew Kiroff in the party committee headquarters at Leningrad, was captured by Soviet police. He still had not been identified late tonight.

"We have to take the law as it is, always remembering that in other, higher hands, mercy may be extended. No person in this country has the right to take the life of any other human being because he or she thinks it would be better for him to die."

The woman, after 30 years spent nursing her imbecile son, Denis, gave him 100 sedative tablets and

turned on the gas when she learned she faced an operation which might cost her life.

She feared that Denis, left alone, would suffer what a physician called a "veritable living death." It was testified.

Justice Goddard, in charging the jury, commented that the time may come "when there will be a law in this country that an imbecile may be sent to a merciful death."

Mrs. Brownhill heard the verdict solemnly, head erect. Asked if she wished to address the court, she said "I did it in mercy." Many in the court room wept.

PRESENT ASIA TO JAPANESE ITALY AVERS

'Let Japan Expand In East, Let West Be Menaced'; Italy Shows Sympathy.

ROME, Dec. 1. (AP)—Japan's threatened expansion into African territories where Italy has extensive colonization, it was revealed tonight, is being carefully considered in connection with Japan's invitation to join her in denouncing the Washington naval treaty.

A government spokesman said Italy was not yet ready to reply to the invitation, although information had been received from Paris that France had refused a similar Japanese proposal.

With the return of King Victor Emmanuel aboard the royal yacht Savoia from the African colony of Somalia, it became known that Italy's policy with regard to Japanese expansion had undergone definite clarification.

Alessandro Lessona, under secretary of colonies, stated the new position in a recent speech at Naples.

"In the Far East," he said, "the political situation tends to get worse. In the face of the complexity and importance of European interests in this region of the world Japan, for the first time in history, offers the example of a people of 80,000,000 inhabitants extraordinarily developed economically."

See JAPANESE, Page 2

Thieves Steal One Car And Try To Take Another

Thieves were busy in Pampa early Friday night, with partial success. City officers received reports of two car thefts, a stolen bicycle, and lost garden hose.

Roy Kretzmeier was the heaviest loser. His Ford roadster was stolen from where it was parked in front of the Central Baptist church and yesterday morning he found it near the Gus Green farm 7 miles northeast of Pampa. Four new tires, a flashlight, scales, and headlight bulbs had been stolen.

A broken tow rope saved another Pampa car owner from having his car towed. Thieves took the car from the front of the theater and slipped it to the 700 block on North Frost street when the rope broke. A resident, entering his home, saw the incident and started to assist in repairing the tow rope when a man jumped out of the towed car and into the other car which raced away at a high rate of speed. He failed to secure the license number.

The police were notified and took the car back to the city hall where the owner claimed it. His name was not learned by the police. They believe the car was being towed to the breaks north of the city, where it was to be stripped. There were four new tires on the car.

A bicycle belonging to Joe Scarborough, Western Union messenger boy, was stolen from the front of the car. It was found in the Wilcox addition yesterday afternoon with the bell and lights missing.

Mrs. H. A. Nelson, North Frost street, reported the loss of 300 feet of garden hose, half red and half black.

WEATHER

West Texas: Partly cloudy Sunday, unsettled in the Panhandle, somewhat colder; Monday fair, colder in southeast portion.

Brings Fame to Pampa Scouting

(Fred's Studio Photo) (Daily NEWS Engraving.)

Hail the champion! Above, ladies and gentlemen, is the best Boy Scout golfer in the United States. The handsome cup he holds in his good right hand was his reward for winning the national contest for Boy Scouts and readers of

Boys' Life, the Scouting magazine. The champ is Robert (Buck) Talley, 16-year-old Pampa high school senior, an Eagle Scout, and the son of Mr. and Mrs. Earl Talley. He is a member of Troop 80, sponsored by the Methodist church, for Boy Scouts and readers of

RAILWAY AND UTILITY HEADS TO ATTEND B. C. D.'S BANQUET

Corporation Officials and Business Men To Discuss City's Future Stability.

Much interest is being shown in the industrial banquet to be held by the Board of City Development Tuesday evening.

The idea behind the event is that corporations which serve Pampa also are interested in Pampa's future. Therefore the executive heads of the railroads and utilities have been invited to come here Tuesday to talk about Pampa and ways to assure the stability of the community. After much correspondence and several interviews, the group of officials have agreed upon the date.

Tickets will go on sale tomorrow at the B. C. D. office. Several persons also will have them for distribution. Plates will be 75 cents each.

The banquet will begin at 8 p. m. at the Schneider hotel. Previously, the Board will have a conference with the visitors at 6:30 p. m.

Cards have been mailed to business men to urge them to attend the banquet.

Lions Called to Assemble Today

Every member of the Lions club is requested by the president, Dr. H. H. Hicks, to meet at the city auditorium at 2 p. m. today. A matter of much importance is to be discussed. The club did not meet Thursday because of the holiday.

I Saw . . .

Employees of The NEWS force with heaven in their eyes as they ate pieces of Mrs. Jack Gregory's famous pecan pie which she made yesterday especially for them. She, her husband and daughter, Alene, of Breckenridge visited here this week-end.

—Go To Church Today!—A bunch of grid fans framing a believe it or not for Ripley. It deals with Roy West's 45-yard (or was it 65) jaunt for a touchdown in the fat-lean game. Before he made the run, two bones in a leg were fractured. Fans will remember that he was blacked up to resemble a negro.

WOULD FORCE PARTY TO BE REORGANIZED

PROPOSES PREBISCITE TO PROVE POINT TO LEADERS

WASHINGTON, Dec. 1. (AP)—A revolt by young and liberal republican elements to force a "complete reorganization" of the party for the 1936 campaign was proposed today by Senator Borah.

The Idaho republican demanded that he said could be called a "revolution" unless the conservatives now in control hold a meeting at once to cooperate to that end.

In a statement commenting on a proposal of Charles D. Hilles, republican national committeeman from New York, that the party ward against reorganization, lest it result in factional chaos, Borah in effect challenged Chairman Henry P. Fletcher and the Hilles group to hold a "plebiscite" if they believed the rank and file did not desire a change.

"I venture to believe they will not be long left in doubt," he asserted.

"If these gentlemen are unwilling to do this, there is only one thing to do, as I see it, and that is to create a new organization."

"There are young republican clubs which would form the nucleus of such a movement which would send representatives to a common meeting place and elect a chairman and complete a national organization."

Insisting he did not want a "third party" but a new republican party, Borah said his stand probably would be interpreted as "revolution."

"But does not the present situation justify revolution?" he asked.

"If this is not done then the party will drift along completely in the hands and under the control of an organization which has lost the confidence of the rank and file until we approach the national convention. This situation ought to be dealt with at once."

The Borah statement served to intensify the factional differences in republican ranks. As far as the senate is concerned, the independents are now about on an equal basis numerically with the regulars and it would not surprise some political observers to see the former take more of a hand in organization should the party remain strongly conservative.

FALLS TO DEATH

FORT WORTH, Dec. 1. (AP)—Paul W. Bailey, 27, of Fort Worth, student aviator, was instantly killed when his OX5 Commandaire plane went into a tailspin and fell about 900 feet early this afternoon a mile and a half northeast of the municipal airport. The nose of the plane was imbedded about three feet into the ground and Bailey, his body mangled, was planned in the cockpit.

AN OLD MAN'S TESTIMONY: I have fought a good fight, I have finished my course, I have kept the faith. Henceforth there is laid up for a crown of righteousness. 2 Timothy 4:7.

THE EXTENT to which the oil industry is supporting many of the institutions and functions of states of the southwest is not enough appreciated. And the extent to which oil and gas production must bolster this section until international trade is restored to nearer normalcy is vitally important.

It is known that the oil reserves of this territory have little more than been touched in some sections. Moreover, outside of this section there now seems to be little hope of bringing in great oil fields. With in a few years, oil and gas will be worth a great deal more than now. The known supply is small compared with the mounting demands for transportation and home consumption. That is why oil companies of the world are literally scrambling over themselves for Texas acreage, as it is pointed out by Elmer H. Johnson, regional economist for the University of Texas bureau of business research. He continues:

"In 1909, the states of the Gulf Southwest—Texas, Oklahoma, Arkansas, Louisiana, and New Mexico—furnished only 4 per cent of the total value of the products of the mines and quarries of the nation. In that year, the value of minerals produced in Oklahoma was two and a half times that of Texas. In 1932, these states furnished 29.5 per cent of the total value of the mineral products of the United States. In 1932, the Middle Atlantic states furnished 29.8 per cent of the total national mineral production. In 1932 the total value of Pennsylvania's mineral products amounted to \$425,000,000, as compared with \$390,000,000 for Texas.

"These data illustrate in a broad sense the spectacular growth of the oil industry in Texas and the other states of the Gulf Southwest. It should be pointed out, too, that minerals in the Middle Atlantic States are produced literally at the front door of the greatest market in this country, and, as far as minerals are concerned, the greatest market in the world. On the other hand, such minerals as are marketed in northeastern United States from the Southwest have to be transported long distances and at considerable cost. In spite of this handicap, however, the production of minerals in the southwestern states has risen rapidly, and especially has this been true since the war.

"Since the Southwest bulks so large in value of its mineral production, it is no wonder that this section is commanding considerable national attention. And since oil makes up such a large proportion of the value of minerals produced in the Southwest, it is not difficult to understand the attention that the oil industry is receiving."

The national markets will continue to be predominantly in the populous East, yet the trend of population is definitely westward. Similarly, marketing of southwestern products will become easier and more logical. Pampa on next Tuesday evening will have an industrial banquet. On this occasion, the future of the city will be considered. And no look into the future would be complete without a study of the oil and gas resources which, over the next few years, should attract a number of new, large industries to this section. This is a section of cheap gas—so cheap, in fact, that we turn it into the air for want of a market. Some industries should be using that fuel. Why they are not is a subject for proper study of the business men of the community and the railroads and utilities which profit through Pampa's growth.

This is an oil age as well as an electric age. The world, too, is oil-minded. Russia is developing her oil resources. Mexico has done the same. Venezuela is a chief competitor to the United States. Persian oil is becoming a factor. A temporary over-supply of oil threatens the market, but governments, noting the importance of oil, are about to make sure of their having ample supplies for military purposes and for home use. But, to quote Mr. Johnson again:

"Until about 1913 the bulk of the world's power production had been contributed from the utilization of coal. From 1913 to 1922 the trend in the amount of coal for world power production was definitely downward, while that of oil for this purpose was very definitely upward. Since 1922 the trend of coal used in world power production, though upward, is much less so than in the pre-war years. Since 1922 the trend of world power production has practically paralleled the trend of pre-war years. In fact, world power production held its own from 1913 to 1922, whereas, as already noted, world coal production decreased considerably. In 1929 world power production had attained the highest mark in history, but in 1929 and since a very considerable share was contributed from the utilization of oil and water power.

"The striking fact illustrated by these trends is the rapid rise of oil and the fact that oil production suffered no setback during the war or in the immediate post-war years. The relative importance of coal for power production is declining, while that of oil is rising rather rapidly—so much so that it is substantially gaining on world coal production. The coal industry is coming to regard coal as a raw material for chemical industries and from which a multitude of products are being produced; particularly is this true in Germany.

"Is it any wonder that oil companies from far and near are literally scrambling over themselves for Texas acreage?"

The foreign oil department of Henry L. Doherty & Company, New York, estimates that the world's production of petroleum in 1934 will equal, if not surpass, that peak output of 1929 and if the production of natural gasoline, benzol and related liquid fuels is added to that of crude petroleum, the total output for this year will certainly be the highest in the history of the industry. This high yield has been reached when the fields of the United States—which produce close to 62 per cent of the total and are capable at present of larger output—have been allowed to produce only about 1 1/4 per cent more than in the preceding year.

All other important producing countries, except Venezuela, Mexico and Colombia, will probably reach or equal all time peaks during the year. It should be noted further that Venezuela's production this year will be surpassed only by that of 1929 and 1930, that the Mexican fields—which have been on the decline for twelve years—will produce in 1934 more than in any one of the previous three years, and that the output of Colombia will be about 25 1/2 per cent larger than in 1933.

The world's consumption of petroleum, its products and fuels in 1934 is estimated at 1,438,000,000 barrels. This amount does not equal the peak consumption of 1929, but is a substantial increase—distributed

that of the previous year, and the highest for the last four years, the only ones for which world statistics of consumption are available. The estimated increase in consumption in 1934 however is some 98,000,000 barrels less than the increase in supply, so that there will be an over production of that amount compared to one of 88,000,000 barrels in 1933.

The increased consumption within the United States is estimated at 4 per cent, in France at 5 1/4 per cent, in Canada at 8 per cent, in the United Kingdom close to 10 per cent and in Germany at about 15 per cent. In Russia the small increase in consumption, the decline of exports and the added production will probably result in a heavy increase in petroleum stocks. This above ground reserve has been often ascribed to the importance the country places on an ample available supply of fuel in case of international difficulties. Similar precautions are being taken by Japan, which has made it mandatory on petroleum marketers to keep at all times a six-month supply in storage.

The disorganized condition of the petroleum industry, notwithstanding increasing consumption near its peak during the last three years, again illustrates its inability to cooperate constructively. Many of the leading industries have been adversely affected in recent years (but almost without exception this has been primarily due to a decrease—in some cases a ruinous decrease—in demand for the products the industry supplies. Why the American petroleum industry, the controlling factor in the petroleum world, has been unable to prosper while the demand for its products increases is a question difficult to explain particularly to those engaged in industries contending with reduced markets. It is to be hoped that the "muddling through" period of the industry will come to an end before inadequate oil reserves make a more efficient program inevitable.

It would be unfortunate if the Panhandle field should be exhausted before the nation is in demand for oil and gas, and willing to pay a much better range of prices than now obtain.

CITY PREPARES

(Continued from page 1.)

lights, red and green pennants strung across the street. The pennants will meet at the center above the street at a large picture of Santa Claus around which is written the phrase, "Merry Christmas."

In building the floats, entrants are asked not to have any part of them so high that it would interfere or collide with the pennants.

Merchants were urged to decorate their display windows as quickly as possible. Prizes will also be given for the best-decorated store windows.

Mr. Polley reminded float builders that the Jaycees will again advance \$5 to defray part of the expense in building each float. The floats will be judged on the following points: Neatness, 5 per cent; attractiveness, 15 per cent; originality, 20 per cent; development of subject, 30 per cent; clearness, 30 per cent. The floats must be ready to enter the parade by one o'clock Wednesday. Joe Burrow is chairman of the parade committee.

Jaycees who are sponsoring the

celebration, are soliciting the merchants who will benefit most, for contributions to finance Santa Day. The drive for funds will continue Monday, Bill Jarratt, general chairman, announced.

JAPANESE

(Continued from page 1.)

ically, industrially and in a military way. The birth rate, energy and spirit of sacrifice of the Japanese, the imperious necessity for always seeking new markets, all these combine to make Japan a very great danger for Europe. Her pretensions and her force are the axle around which turns all oriental policy.

The more one restrains the Japanese expansion in the East, the more she will try to expand in other sectors and in other continents as is proved already by Japan's activity in Abyssinia.

HOOPER RESIGNS

AUSTIN, Dec. 1. (AP)—Expert Hooper resigned today as first assistant attorney general to enter private practice of law here in association with Fred Upchurch, also a former assistant judge. Attorney General James V. Allred.

GRAY LEADS IN COMPLETIONS AND LOCATIONS DURING WEEK

CITY'S LIMITS CROWDED WITH OIL PRODUCERS

NEW WELLS ADD 3,740 BARRELS TO THE POTENTIAL

BY GEORGE L. GUTHRIE, Consulting Geologist, Combs-Worley Bldg.

The allowable for the Panhandle district remained unchanged at 56,800 barrels daily after the recent railroad commission hearing at Austin, however there will be a small cut in the daily allowable of wells to take care of production brought in since the last hearing. For the week ending November 22, 1934, the average daily production was 55,967 barrels, a decrease of 689 barrels daily over the previous week.

Gray county continues to be the first of the oil producing counties in activity with 6 of the 19 new locations and more wells drilling, as well as leadership in completions.

The potential of the Panhandle oil field crept near the 300,000 barrel mark at the close of November, according to a new summary issued yesterday by the local office of the Texas railroad commission's oil and gas division.

There were 24 new wells completed for a potential of 11,035 barrels during the month of November. The new production hiked the potential to 297,501 barrels. The large increase caused a reduction in the percentage factor from 9.18 per cent to 8.59 per cent.

Most of the new production was in Gray county, where nearly 7,000 barrels of new oil was recorded. Wheeler and Hutchinson counties had slightly in excess of 2,000 barrels of new oil each. Carson county had no increase. Nearly all the new production came under the head of profitable oil to send the amount to 263,325 barrels.

The December 1 summary shows: 2,122 wells, 297,501 barrels potential, 31,995 barrels marginal, 2,183 barrels exempt, 263,325 barrels profitable, 56,800 barrels allowable.

The November 1 report recorded: 2,026 wells, 286,416 barrels potential, 31,143 barrels marginal, 2,449 barrels exempt, 252,824 barrels profitable, 56,800 barrels allowable.

The Panhandle field's deep test in Moore county by the Phillips Petroleum company on the Wilson lease is well into the Pennsylvania sediments drilling at 8,012 feet. Despite the fact that much coring is being done the hole is going right on down. The well is considered as being favorably located should there be anything in the lower Pennsylvanian and the good record that is being kept of the formations will possibly give a better light on the question of just what are the source rocks of the oil in the Panhandle and a few other questions.

The city limits of Pampa are being crowded by the wells being brought in directly west of town by extensions of the best lime producing section in Gray county. However there seems to be no danger of any town lot drilling at the present.

Completions during the week added 3,740 barrels to the potential of the field.

after a shot of 200 quarts in the lime from 3,190 to 3,260. The hole was bottomed at 3,275 feet.

The Gulf Production company No. 8 Saunders in section 40, block 3, I&GN survey, averaged 98 barrels on test from the pay in the lime from 3,010 to 3,028 feet. It was shot with 200 quarts and shot bottomed at 3,028 feet.

The Magnolia Petroleum company No. 4 Haggard in section 113, block 3, I&GN survey, averaged 222 barrels on a 5-day railroad commission test, after a shot of 150 quarts in the lime from 3,255 to 3,295 with the hole bottomed at 3,301 feet.

The Sun Oil company No. 5 Combs-Worley in section 35, block 3, I&GN survey averaged 721 barrels daily on test producing from the pays 2,930 to 2,935 and 2,960 to 2,965 feet and the hole was bottomed at 2,975 feet.

One In Moore.

The I. T. O. company No. 2 Jones in section 171, block 3-T, averaged 292 barrels of oil daily and 300 barrels on test from the pay from 3,245 to 3,352 feet the bottom of the hole.

Five In Wheeler.

The Bell Oil & Gas company No. 1 Plummer in section 45, block 24, was completed for 298 barrels daily on a 5-day test with the hole bottomed at 2,482 and the pay from 2,472 to 2,480 feet.

Christie & Hickman No. 5 D'Spain in section 52, block 24, averaged 1,043 barrels daily with the pays from 2,340 to 2,351 and 2,425 to 2,475 feet, the bottom of the hole.

Hornor & Rogers No. 1 Plummer in section 45, block 24, averaged 184 barrels daily on railroad commission test from the pay 2,450 to 2,460 in the granite wash with the hole bottomed at 2,460 feet.

The Magic Oil & Gas company No. 2 Walker in section 44, block 24, averaged 89 barrels daily on test flowing from the granite wash pay from 2,425 to 2,444 feet and the hole bottomed at 2,448 feet.

The Phillips Petroleum company No. 3 Lela in section 49, block 24, averaged 177 barrels on test from the granite wash pay from 2,469 to 2,495 feet and the hole was bottomed at 2,503 feet.

(In Gray county the Dixon Creek Oil & Refining company No. 3 Jackson in section 138, block 3, I&GN survey, averaged 296 barrels daily on test from the lime from 3,170 to 3,268 feet and the hole was bottomed at 3,263 feet.)

DRILLING IN.

The Dixon Creek Oil & Refining company No. 1 McConnell in section 201, block 3, I&GN survey, Carson county, is shut down at 3,208 feet with 900 feet of oil in the hole for storage.

The Danciger Oil & Refining company No. 3 Barrett in section 128, block 3, I&GN survey, is bottomed at 3,266 feet with pays from 3,250 to 3,260 feet and 3,270 to 3,280 feet in the lime and swabbed 161 barrels after a shot of 150 quarts.

Its No. 2 Webb in section 62, block 25, H&GN survey, is drilling at 2,619 feet with 300 feet of oil in the hole.

The Kewanee Oil & Gas company

No. 2 Arnold in section 148, block 3, I&GN survey, is drilling at 3,230 feet with 1,000 feet of oil in the hole.

The Magnolia Petroleum company No. 2 Barrett in section 112, block 3, I&GN survey, was bottomed at 3,273 feet with 800 feet of oil in the hole and after a shot of 150 quarts swabbed 108 barrels in 12 hours.

The Sinclair-Prairie No. 2 Carey in section 114, block 3, I&GN survey, was bottomed at 3,255 with 1,490 feet of oil in the hole and was shot with 290 quarts. It is cleaning out.

The Skelly Oil company No. 17-E Schaffer in section 188, block 3, I&GN survey, was bottomed at 3,290 feet with 1,400 feet of oil in the hole and after a shot of 300 quarts swabbed 240 barrels in 14 hours.

The Southern Petroleum Exploration company No. 3 Noel in section 138, block 3, I&GN survey, was given a temporary potential of 375 barrels after it was bottomed at 3,225 feet with 600 feet of oil in the hole and was shot with 180 quarts.

The Bullock Oil company No. 4 Morse in section 4, block A-9, was bottomed at 2,642 feet and was shot with 330 quarts. It pumped 214 barrels the first day, on test and 221 the second day.

The Texas company No. 4 Barrett in section 130, block 3, I&GN survey, was bottomed at 3,200 feet with pays from 3,125 to 3,138 and 3,150 to 3,155 feet and made 45 barrels the first 21 hours.

Wheeler County.

The Alma Petroleum company No. 5 D'Spain in section 52, block 24, was bottomed at 2,500 feet with the pay from 2,370 to 2,387 feet and had 1,000 feet of oil in the hole.

The Remo Oil company No. 1 Mankins in section 54, block 13, was bottomed at 2,216 with the pay from 2,215 to 2,216 and made 50 barrels of all and 10 barrels of water.

The Skelly Oil company No. 9 Derrick in section 53, block 24, was bottomed at 2,315 with 100 feet of oil in the hole and swabbed 454 barrels in 15 hours.

NEW LOCATIONS.

Carson County.

The Standline Oil & Gas company No. 8 Cooper has the rig 990 feet from the east line of the west half of the northwest quarter of section 5, block 9, I&GN survey.

Gray County.

The Dixon Creek Oil & Refining company has a location 900 feet from the south line and 339 feet from the east line of the northwest quarter of section 139, block 3, I&GN survey.

P. Hoffman No. 6 Finley has the

rig 1,236 feet from the north line and 327 feet from the east line of the B. E. Chaney survey.

The Magnolia Petroleum company has the location of Martha Sallor No. 2 336 feet from the north line and 330 feet from the east line of the northeast quarter of sections 111, block 3, I&GN survey.

H. C. McAuley has a location for No. 1 Smith 330 feet from the south line and 330 feet from the east line of the east 100 acres of section 59, block 3-2, I&GN survey.

The Skelly Oil company has the cellar for No. 12 'A' Webb 990 feet from the north line and 330 feet from the east line of the west half of the northeast quarter of section 62, block 25, I&GN survey.

The Standline Oil & Gas company has the rig for No. 1 Kinzer 330 feet from the south line and 330 feet from the west line of the southeast quarter of section 148, block 3, I&GN survey.

Hutchinson County.

A. J. Wasson Trustee has the location for No. 4 Watkins 330 feet from the north line and 330 feet from the west line of the southwest quarter of section 13, block M-21, 'CRRS' survey.

Wheeler County.

The Champlin Refining company has the location for Williams No. 6 215 feet from the south line and 330 feet from the east line of the west half of the northeast quarter of section 49, block 24.

Carson County.

Hagy Herrington & Marsh has the location for No. 7 G. McConnell 2,310 feet from the south line and 2,790 feet from the west line of the southwest quarter of section 189, block 3, I&GN survey.

HOME WEDDING WILL UNITE MISS STOVER AND DR. HOOPER

Students On Holiday Add To Week's Merriment

MAN HERE TO SEE GAME AND ENJOY PARTIES

First important holidays of the school year, the Thanksgiving week-end, brought students home from colleges to attend the "big game," join family reunions, and take part in informal parties.

One of the latter was a turkey dinner at the Jim Kolb home Friday evening honoring Orville Heiskell, H. B. Taylor, and Everett Woodward, Baylor university students.

Other guests were Misses Helen Riggan, Helen Murphy, Deam Heiskell and Jean Mann; Mr. and Mrs. Don Salsbury, and Monroe Owens. Miss Bernice Lyons, formerly of Pampa but now a resident of Idaho Springs, Colo., and student at a Denver school, has been the guest of Miss Dorothy Brumley and other friends. She was accompanied to Pampa by Miss Fidelis Morris of Idaho Springs.

Frank Henry Cullum, Tom Braly, George Kealey, and Allen Evans, students at the University of Texas, are here from Austin. Miss Frances Finley, Warren Finley, and Wayne Larsh came from Oklahoma university at Norman.

Most of the large delegation of Pampa students at West Texas Teachers college, Canyon, came over for the week-end. Among them are Josephine Lane, Reed Clarke, Lucille Cole, Iris Gillis, Anna Mae Flesher, Mary McKamey, Minnie Olive Montgomery, Mary Elizabeth Porter, Marjorie Tucker, Franklin Baer, Louis Cole.

Another large group came from Texas Tech at Lubbock, including Jo Flanagan, Ann Clayton, Andrew Walker, Burton Doucette, and Bill Kelley. Miles Marbaugh has also been here from Texas Christian university, Fort Worth.

One of the social events to attract many college students and younger Pampans was the dance at Schneider hotel sponsored by the De Molay and Rainbow orders last night.

Women to Attend Quarterly W.M.U. Meeting Tuesday

Women of First Baptist church here will take part in the quarterly meeting of the Palo Duro associational Women's Missionary union at the First Baptist church of Amarillo Tuesday.

Mrs. F. E. Leech, Pampa, is associational president and will be in charge of the business session. Besides necessary business, the day will be spent in mission study. Miss Mal Miller of Goodnight, associational chairman, will be in charge of this phase of the meeting.

This is the annual Lotie Moon week of prayer, and all local Baptist societies will join for its observance.

After a covered dish luncheon, reports will be heard from messengers of the various societies, then Mrs. D. A. Grundy of Memphis, district president, will bring the main message from the recent state Baptist convention in San Antonio.

Junior High Glee Clubs' Operetta Will Be on Dec. 7

"It will be the talk of the town, the hit of the year," says one of the series of advertisements prepared by junior high students announcing their operetta, My Spanish Sweetheart. Glee clubs will present this attraction and proceeds will go to the art and music departments of the school.

Rival For Shirley Temple

Look for this vivacious 3-year-old "baby star" to capture much of the glory in which curly-haired Shirley Temple deservedly is basking. The little girl is Baby Jane

TEACHER AND POSTMASTER AT MOBEETIE MARRY; TOWNS OF PLAINS REPORT SOCIAL EVENTS

MOBEETIE, Dec. 1.—Miss Lynn Walker, daughter of Mr. and Mrs. J. W. Walker of Curtis Springs and teacher in the Mobeeite schools for several years, and Grady Harris, son of Dr. and Mrs. A. B. Harris, were married in a simple ring ceremony by Dr. R. Thomson, Presbyterian minister, at the manse in Amarillo Wednesday.

After a trip to New Mexico and other parts of the Panhandle, Mr. and Mrs. Harris will be at home on the Harris farm near Mobeeite. Mr. Harris is the postmaster here, and owner of an implement company.

Thanksgiving Visitors. **BORGER, Dec. 1.**—Family parties and dinners for visitors marked Thanksgiving in Borger. Among guests here from other towns during the week were Mr. and Mrs. A. F. Lockhart of Caspar, Wyo., former Borger residents; Mr. and Mrs. W. L. Parker had a group of relatives from Boise City, Okla., as guests. Mr. and Mrs. R. S. Mauney entertained a party from Wheeler. Mr. and Mrs. J. F. Moran of Chillicothe and their daughter, Mrs. K. C. Campbell.

Bride Is Honored. **CLARENDON, Dec. 1.**—Honoring Clarendon's most recent bride, Mrs. J. D. Holtzclaw, several parties were given last week. Misses Curtis Thompson and J. M. Corness entertained at the latter's home Monday. A group of young people surprised Mr. and Mrs. Holtzclaw at the W. B. Holtzclaw home Thursday and presented many gifts.

Texas Study In Club. **WHEELER, Dec. 1.**—Texas Folklore was the topic for one of a series of Texas history programs in the Wednesday Study club this week. Mrs. Ernest Lee was hostess and Mrs. W. I. Joss leader.

MOVIES AS MAKERS OF STUDENT CHARACTER STRESSED BY P-TA

By MRS. JOHN M. FOX, Texas Congress of Parents and Teachers State Publicity Director Wichita Falls

Among the resolutions adopted by the recent state convention of the Texas congress at Corpus Christi was one involving motion pictures. The presence of Mrs. Robbins Gilman at the convention and her address which was packed with vital information, proved an added incentive to the stress laid upon this important branch of parent-teacher activities.

The Payne fund research facts used at recent conferences estimate that 77,000,000 people attend movies in America weekly, and that 37 per cent of these are minors, and over 11,000,000 are under 14 years of age. The presence of 28,000,000 school children at movies with an average of a movie a week or 52 movie programs a year constitutes a supplementary system of education for America's children.

Between 75 and 80 per cent of motion pictures were found to deal with crime, and sex. We are inclined to believe that questionable facts and episodes will pass over a child's head. Henry James Forman in "Our Movie-Made Children" does not, according to wide research, believe so. Young children of eight and ten remember three out of five things that an adult remembers at a movie.

Motion pictures at their best are educational and entertaining, but numerous specimens of their worst

LARD-POWERS WEDDING HERE IS ANNOUNCED

Couple Honored With Dinner After Marriage

The marriage of Mrs. Merle Powers and Jeff D. Lard was read by the Rev. Gaston Foote, First Methodist pastor, at the home of Mrs. Elsie Stewart, 815 W. Kingsmill, Wednesday. Mrs. Anna Dempsey was the only other witness.

The bride is the daughter of Mr. and Mrs. J. D. Bice of Memphis. She attended school at Memphis, and has been employed here the past few months.

Mr. Lard is the son of Mr. and Mrs. A. L. Lard, pioneer residents of the county. He grew up in this section, was graduated from Pampa schools, and served overseas during the World War. He is a carpenter by trade.

On Thursday evening the couple were honored with a family dinner at the home of Mr. and Mrs. H. H. Heiskell. Mrs. Heiskell is a sister of Mr. Lard.

Places were laid for the honorees and Messrs. and Misses Mickey Brooks, Frank Lard, Albert Lard, Heiskell; Mrs. A. L. Lard, Roy Lard, Everett Woodward, H. B. Taylor, Helen Murphy, Helen Riggan, Charles Brooks, Orville, Deann, Claude, and Grover Lee Heiskell.

Delegates Will Report on State P-TA Convention

Reports from the three women who represented Pampa at the recent state Parent-Teacher convention at Corpus Christi will be the program feature when the Pampa county meets Thursday afternoon.

Mrs. C. T. Hunkapillar, Claude Lard, and Raymond Harrah attended the meeting and are to report on various phases. The council hour starts at 3 p. m., in high school cafeteria.

Reports will also be made from the thrift room maintained by the council to clothe needy students. Workers from high school association were in charge of the room last week, and Horace Mann association will supply workers this week.

H. D. Member Has Profitable Hobby

Some people have as a hobby, reading, others knitting or crocheting, but the crystallizing of fruits seems to be the hobby of Mrs. John Rickard, of Busy Bee Home Demonstration club.

Mrs. Rickard has been following club methods in the preparing of 2 1/2 pounds of crystallized fruits. She has had the expense of \$2.44 and her finished products are of excellent quality and at the present market prices are valued at \$14.90.

It requires a few minutes daily for two weeks to prepare these fruits. Mrs. Rickard will use these fruits in canning fruit cakes and the making of Christmas candies.

Figures Show Big Gain in Auxiliary Membership In U.S.

A total of 387,663 members were actively enrolled in the American Legion Auxiliary when the organization closed its membership for its national convention, held in Miami, Fla., October 22 to 25. This figure represents an increase of 31,811 members over last year.

Forty-five of the Auxiliary's 52 departments made membership gains this year, compared with five making gains last year, while 21 departments exceeded their membership quotas, compared with four reaching their quotas last year.

HOLIDAYS WILL BE MARKED IN CLUB PARTIES

H. D. CLUBS CELEBRATE END OF YEAR'S WORK

Christmas parties will start in home demonstration clubs of the county this week. Families and friends of club women will be special guests at many of these annual entertainments.

Some clubs are yet to complete their demonstration programs of the year, and will have demonstrations of Christmas candy making in the near future. All work of the year is to end this month. Individual and club reports are to be turned to Miss Ruby Adams, county agent, who will compile her annual county report from the information received.

Officers in clubs and in the county council were elected last month, and will take office at the start of a new year. Mrs. C. V. Talley of Laketon is the new county chairman.

Next week's feature demonstration will be on mattress making, at the Masonic building in McLean Saturday. Any farm women interested in learning to make mattresses at home are invited. This is expected to be especially interesting to women who live in the cotton-growing sections of the county.

The mattresses made in this program will go to Mrs. E. R. Riden, T. S. Prock, and Milton Carpenter, bedroom demonstrators of the McLean, Alanreed, and Back clubs respectively.

Couple Married On Thursday Are Party Honorees

A party Friday evening at the country home of Mr. and Mrs. Stanley Kretzmeier honored Mr. and Mrs. Bill Kretzmeier, who were married Thursday evening by the Rev. Gaston Foote at First Methodist parsonage.

Mrs. Kretzmeier was before the marriage Miss Lucille Hawkins. She grew up in Panhandle and attended school there, but in recent years has made her home with her grandparents, Mr. and Mrs. W. L. Herndon here and has been employed in Pampa.

Mr. Kretzmeier is an employee of the Phillips company, and has lived here a number of years. The party Friday evening was informal, with games and a delicious refreshment course.

In addition to the honorees, guests were Messrs. and Misses Steve Cates, Chris Baer, Louis Behrens, Roy Woodfill, Harry Hoare, L. O. Behrens, Harold Baer, P. Herndon and Son, Bill, of Perryton; Miss Helen Beard, and Waldo Kretzmeier.

Party Plans Will Be Completed by M. E. Young People

Definite plans for a party next week will be made by the young people's department of First Methodist church in its meeting this morning. The entertainment will be at the home of Janice Purviance, but no date has been set.

The worship committee, headed by Myrtle Faye Gilbert, is in charge of the League service this evening. Special music will be featured with a discussion group.

The department was active in Thanksgiving charity work. A basket was sent to a Pampa family by the department, and another by members of Mrs. Roger McConnell's class.

Canning Plants in Need of Cattle

AUSTIN, Dec. 1.—C. Z. Crain, head of the commodities distribution department of the Texas Relief commission, went to Washington last week to ask federal relief officials for funds and an additional allotment of the state's share in a government beef canning program in Texas during December.

Bride in Wedding This Morning

Miss Hermine Stover, who will become the bride of Dr. John M. Hooper, in a home service this morning, is pictured above. Although both have lived in Pampa

The Social CALENDAR

The Tuesday Bridge club will meet with Mrs. Roger McConnell at her home at 2:30 p. m.

MARRIAGE TO BE SIMPLE IN ARRANGEMENT

SOUTHERN TRIP WILL START EARLY TODAY

Miss Hermine Stover, daughter of the late Espar A. Stover and Mrs. Stover, and Dr. John M. Hooper are to be married in a simple early morning ceremony today at the home of the bride's mother.

The Rev. Gaston Foote, First Methodist minister, is to read the ring ceremony at 8 o'clock. Only a few relatives and intimate friends of the couple will be present.

Fall flowers in a simple arrangement will decorate the room. Piano solos by Mrs. May Foreman Carr, with whom Miss Stover is associated as a teacher of music, will precede the ceremony. The bride will wear her traveling suit of blue wool, with a harmonizing corsage.

After the service the couple will start on a motor trip to South Texas and the Gulf coast. They will be at Brownsville, N. Yager street after December 15.

Miss Stover came to Pampa more than a year ago following her graduation from the music school of the University of Kansas. She has become well known in musical groups of the Panhandle as a teacher, violinist, and accompanist.

In addition to appearing as soloist on numerous programs, she acts as accompanist for the Philharmonic choir, assistant organist in First Methodist church, and is a first violinist with the Amarillo Philharmonic orchestra.

Dr. Hooper has practiced his profession in Pampa the past year, and has been identified with young men's civic activities. He is a graduate of Baylor university medical school, Dallas. His parents reside at Denton.

RECENTLY WED COUPLE LIVING IN SKELLYTOWN

SKELLYTOWN, Dec. 1.—Miss Lillie Chambers, daughter of Mr. and Mrs. A. B. Chambers of Wynona, former residents of Skellytown, and Berry L. Barnes, son of Mrs. Ola Barnes, were united in marriage by the pastor of First Baptist church in Amarillo November 14, it has been announced.

Both are well known in this vicinity. They are to make their home on the Skanlon lease, as Mrs. Barnes is an employee of that company.

Club Work Helps Family's Health

"Our greatest work is our pantry since it is there that the health of our family begins," said Mrs. C. M. Eudey in making her farm and ranch food supply report at McLean Home Demonstration club achievement Friday.

"With a well filled and correctly organized pantry any woman can prepare and serve a nice meal in a very short time" continued Mrs. Eudey.

With \$12.00 and the exchanging of work, Mrs. Eudey has been able to provide 49 quarts of vegetables, 106 quarts of fruit, 69 quarts of meat, 20 quarts of preserves and jelly, 50 quarts pickles and relish, and 18 quarts of mince-meat for their winter food supply. The pantry is valued at \$95.40.

S. S. Class for Young Men Opens

A young men's Bible class, non-denominational and open to all youths not enrolled in another Sunday school, will be launched this morning under sponsorship of Central Baptist church. The meeting will be in the chapel of Pampa mchury at 9:30, in charge of E. H. McGaha, pastor.

Other services of the day will be conducted at the church at usual hours. The minister announced. His morning sermon subject will be, Heaven, and in the evening, Hell.

Supper Is Enjoyed By Fidelis Class Group Last Week
A covered dish supper was a Thanksgiving activity of First Methodist Fidelis class. Members enjoyed the buffet style supper at the home of their teacher, Mrs. A. A. Kelly. Tables for four were arranged in the living room for the supper and games. Miss Bonnie Patton, president, presided for a business meeting in which Christmas plans were made. Present were Misses Cleo Fendrick, Jean Ragsdale, Jewel Shaw, Mildred Johnson, Eva Jones, Idelle Clark, Mrs. A. McCullister, Lillian Mullins, Virginia Dyson, Patton; Misses Gaston Foote and Kelly.

Barbecue Will Be Served At Pla-Mor
The management of the Pla-Mor have installed equipment to serve barbecued meats. They are prepared by Don MacCartie in an open pit at 834 West Foster. Oak wood is used for firewood. Mr. MacCartie was a guide for hunters in Canada for many years and barbecued moose so that the hunters could ship them back to their homes. He has made his home in Texas for the past three years.

Big Minstrel Show Coming

FAMOUS STAR IS AMONG 40 BLACK FACES

"LASSES" BROWN BEGAN LONG CAREER AT NEW YORK

Among the many minstrel stars that will appear at La Nora theater for one day, Wednesday, Dec. 5, in connection with showing of the famous "Georgia Minstrels," is "Lasses" Brown.

"Lasses" was born and raised in the south where all true colored comedians come from. He has been with the "Georgia Minstrels" for 12 years. He started out as a youngster dancing on the levee in Vicksburg, Miss. Just a barefooted, ragged little urchin in those days, he caught a ride, at 16, on a freight, and landed in New York.

He started the rounds of the theater and joined a small vaudeville act. Gradually his talent was recognized and he got the "breaks," as show people call opportunity, and today "Lasses" Brown is regarded as one of the leading colored comedians on the American stage.

There are 40 people in the stage presentation, and this season the "Georgia Minstrels" have been augmented with a congress of colored stars of stage, screen and radio and a special recording band.

Britain Builds Nine Destroyers
LONDON (AP)—Contracts for nine new destroyers costing about \$14,000,000 have been awarded by the government to firms in three of the hardest hit sections of Britain, the Tyne, the Clyde, and the Mersey. Several thousand men will get jobs from these contracts.

Coming in Negro Minstrel Show

Three-Cent Wage In Hungary
BUDAPEST (AP)—Hungarian clothing trade workers are agitating for a 50 per cent raise in piece-work rates. The pay for sewing a pair of trousers is 3 cents and for a whole suit 25 cents.

COLLEGE FILM WITH OLD AGE IS HERE TODAY

"RHYTHM" TO FEATURE LANNY ROSS OF YALE TRACK

Not so long ago Lanny Ross played football at Taft Preparatory School, was a track star at Yale and qualified to run in the Olympic games. But it took Hollywood and a brief experience with Jim Thorpe, one of the greatest football stars of all time, to give him the toughest workout of his life.

Finished with the stirring football sequences of Paramount's "College Rhythm," now at the La Nora theater, Ross expressed himself in the following manner:
"It's too bad I can't go back to Yale and try out for the team now. I'd probably make it."

Thorpe, who will be remembered as Carlisle's "greatest All-American" of three decades ago, still takes his "football" seriously. The film more legends woven about him than there

Joe Penner and his famous duck who have important roles in "College Rhythm" now showing at La Nora.

are about Alexander the Great. And many of the stories are concerned with the extreme and sometimes comical measures, to which he would resort to win a game.

He Tricked Them.
Back in the heyday of football when every play ended with a pile of men fifteen feet high in the middle of the field, and rules were still very much a matter of individual conscience, it was Thorpe, half-back for a Warner-coached team, who defeated Harvard by secreting the ball under his jersey and running the full length of the field for touchdown before his duplicity was discovered.

It was Thorpe, too, who persuaded his team to wear flat leather pads, resembling a football, on to each of their jerseys. And when the play started the opponents charged at everyone, because everyone looked as though he were carrying the ball while the real ball carrier slipped through un molested.

On the field before the cameras, Thorpe insisted that every one of the men under him play real football. None of the nobby-pobby stuff that he had seen in the movies before. So when Ross, or Jack Oakie or Penner, as the case may be, wanted to get down under a pass, he had to really elude the end playing opposite him, dodge through the backfield and run.

Once Ross was tackled so hard by Joe Sauer, former Southern Methodist All-American that the wind was knocked out of him and he required the ministrations of the trainer and the water-bucket before he could resume play. But another time, catching the spirit of the thing, Ross straight-armed Howard Joslin, former U. S. C. star, and gave him a bad cut on the chin.

Parson To Talk On Grid Gambling

Gambling on football games, a practice that has become a habit with many people, and a subject that has aroused much discussion recently, will be the "Parson's package" at the First Methodist church this evening at 7:30 o'clock. Gaston Foote, pastor, will talk on the subject ten minutes before he begins the regular sermon which is on the subject, "Dead Ducks." Subject of the sermon this morning will be "Is Religion an Opiate?"

Mr. Foote announced that the "Food-Faith-And-Fun Night" programs will be resumed Wednesday night at 6:30 p. m. The program will begin with a covered dish luncheon. Open forum discussion will be held on the question, "A Christian will or will not go to another war." All interested persons and members of the church are invited.

B. M. A. Is Not A Collecting Agency

The Pampa Business Men's association is not a collection agency. It does not collect bills for its clients.

Carson Loftus, secretary, said yesterday that some persons had an erroneous opinion about the association. His work is that of credit ratings. Sometimes he helps clients find patrons through his office, but there is no collecting.

CHORUS TO MEET EARLY ON MONDAY

The Philharmonic choir will rehearse "The Messiah" at 7 p. m. Monday in the club room at the city hall. The time has been advanced so that members may attend the Slavianski Russian chorus at 8:15 p. m. in the city auditorium.

CARD OF THANKS

The many kindnesses extended during the illness and at the death of my beloved husband, Luther Taylor, and also the beautiful flowers, were sincerely appreciated.
Mrs. Pearl Taylor.

Star Route Bids To Be Let Soon

Bids for carrying mail on star routes in Texas will be accepted at the office of the second assistant postmaster general in Washington up to 4:30 p. m. January 15, 1935. Postmaster D. E. Cecil of the local office was notified by bulletin yesterday.

He has application blanks on hand and will give them to persons interested in submitting a bid to carry mail on star routes out of Pampa. The contract will be awarded for the period of July 1, 1935, to June 30, 1939.

There are three star routes out of Pampa on which contracts will be let. They are Star route No. 2 to Laketon; Star route No. 3 to Clarendon; Star route No. 4 to LeFors.

MAY TALK TO SON IN LITTLE AMERICA

CANYON, Dec. 1.—If conditions are favorable Sunday night, J. A. Hill of Canyon will talk to his son Joe Hill, who is 10,000 miles away in Little America. WFAA of Dallas has arranged a broadcast especially for the three Texas men who are members of Admiral Byrd's polar party; it will be heard at 10:30.

Bill Bronson of LeFors was a Pampa visitor yesterday afternoon.

Coming In Person To Pampa

Pictured above is Mme. Agrenea Slaviansky and her world-touring Russian chorus, claimed to be the greatest organization of its kind in the world. The chorus will appear here for the first time Monday, December 3, at 3 and 8:15 p. m. in the city auditorium.

Great interest is being evidenced in local musical circles over the appearance here, on December 3, at 3 and 8:15 p. m. at the city auditorium, of the world-famous Russian chorus, which is making its second American tour. The chorus is conducted by Mme. Agrenea Slaviansky, one of the few internationally recognized women conductors, and in addition to singing a remarkable program of choral selections, ranging from the severely classical to the light and humorous folk songs, and presenting Russian and gypsy dances, it will display several brilliant soloists, each acclaimed as a gifted artist.

Delightful vocal combinations also will be presented, in both male and female choral numbers, making up a program of remarkable versatility, and most delightful entertainment, all given in gorgeous costumes.

Chief among the accomplished soloists will be Mile. Mara Slaviansky (daughter of the regal conductor of the chorus), who in addition to being a genuine Russian lady with a historic background is a very beautiful young woman with a rich and brilliant lyric dramatic soprano voice. Several critics have said they like her voice and vivacious stage presence better than Mary Garden's, while others have called her a "bewitching personality, with a glorious voice, and a fascinating pair of eyes." Altogether she is one of the most attractive and gifted singers now before the American public, and musical circles here can be assured of a very enjoyable experience, listening to her rarely beautiful voice, when the Russian chorus appears here on December 3 at the city auditorium at 3 and 8:15 p. m., under the management of Miss Lorene McClintock, local piano teacher.

CALENDAR (Continued from Page 4)

Tatapochon Camp Fire girls will meet at the American Legion hut, 4:15.

FRIDAY
Group one of First Christian council will meet with Mrs. Ernest Sunkel, 1103 E. Francis, at 2:30.

RICE WEARS SOUTHWEST CONFERENCE CROWN AFTER CRUSHING BAYLOR

Navy Beats Army First Time In 14 Years With Field Goal In Mud Battle

SECOND TEAM PLAYS ALMOST HALF OF GAME

BAYLOR IS STOPPED ON TWO-YARD LINE BY OWLS

By BILL PARKER
Associated Press Sports Writer
WACO, Dec. 1. (AP)—Coach Jimmie Kitts' Rice Institute Owls won the 19th annual Southwest conference football championship today by smothering the Baylor University Bears, 32 to 0.

The Owls were terrific in their parade of five touchdowns over a bewildered Baylor team that retreated only once, and that late in the fourth period. They stacked up such a lead that Coach Kitts played his second string team practically all the last half. It is the first conference championship in Rice's football history. An estimated crowd of 8,000 persons saw the blue and white warriors trot off the field as champions, led by Bill Wallace, all-America halfback, and John McCauley, all-Southwest conference quarterback. Coach Kitts, swarmed by admirers, patting him on the back and wringing his two hands had literally to fight his way into Rice's dressing room.

Wallace, who today found himself on the all-America team of the Associated Press, scored a touchdown in the second period when he grabbed McCauley's 22-yard pass. In the fourth, swarmed by Baylor linemen, he shot a ten yard pass to McCauley for a touchdown. Beside his passing, Wallace tore through the Baylor line for numerous gains. His best run occurred in the fourth when he took the ball behind his goal line and drove through to his 25-yard line.

But the All-America had to share glory with John McCauley, the signal barking Rice star. In the second period McCauley took the ball on a reverse play, tore through tackle and eluded Baylor's secondary to run 50 yards for a touchdown. The Rice quarterback scored the first touchdown early in the initial period when he plunged two yards across Baylor's goal line, after Wallace had cut off the ball in scoring

WHITE LEADS IN DISTRICT SCORING RACE

White Scores 105 Points As Johnny Stidger Comes in Second With 78 Points.

Morris White, Lubbock's phantom halfback, led the District I high school football parade of point makers with 105 points, made through scoring 17 touchdowns and booting three points after touchdowns, which is some kind of a record with a team 12, Borger 9; Amarillo 19, Shawnee, Okla., 6; Oct. 13, Amarillo 27, Central Fort Worth 18; Oct. 19, Amarillo 28, Norman, Okla., 9; Oct. 26, Amarillo 12, Borger 9; Nov. 5, Amarillo 19, Shawnee, Okla., 13; Nov. 12, Amarillo 25, Lubbock 9; Nov. 13, Amarillo 37, Plainview 9; Nov. 29, Amarillo 13, Pampa 6.

BUZZ BORRIES RUNS TO FAME AGAINST ARMY

HE GAINS 81 OF 109 YARDS MADE BY NAVY

By EDWARD J. NEIL
Associated Press Sports Writer
FRANKLIN FIELD, PHILADELPHIA, Dec. 1. (AP)—The boom of Slade Cutler's mud-enraged boot, like the crash of a battle cruiser broadsided roared out the end of Army's 13-year football domination over Navy today as 80,000 hysterical, rain-drenched partisans howled at as great a battle as these great service rivals ever have staged.

It was by the measure of that boot that the Sailors rocketed to 3 to 0 triumph, first time Army has crumpled under their fire since 1921. "Twice since then there was no decision."

The greatest throng since the 1926 duel, roared through their discomfiture as Cutler, a magnificent right tackle, smashed his shot home from the 19-yard line almost at the close of the first period to restore the Navy tradition of field goal victories in the classic, established by the great Jack Dalton and carried on by "Babe" Brown.

All the might though, of the all-America ball-carrying Jack, Fred "Buzz" Borries, of Louisville, Ky., of Fullback Bill Clark, from Garner, Iowa, a remarkable kicker, of every man Navy could have in the line, in fact, was necessary to hold luckless Army on a battlefield that was a mass of slime.

Buckler on Bench
Army could do little on its own behalf with the morass and with "Texas" Jack Buckler, from Waco, a great counterplay of the irrespressible Borries, helpless in the first half, and not even able to play in the second due to a leg injury he has suffered most of the season.

Once in the third, when Borries tossed the sticky ball in the only Sailor attempt at a forward pass all day, Maurice Simons, of Fort Leavenworth, Kan., the big gun in Army's attack as Buckler's replacement, intercepted the heave and came back 15 yards to the Sailors' 35.

The Army surge carried over into the fourth, but it died on Navy's 22 as Bill Clark dragged down Simons' pass. This was one of five passes Army attempted, only to have three intercepted, one incomplete, and one complete for a bare one yard gain. Clark made the interception on Navy's 15 and blasted West Point's best scoring chance.

Navy Leads in Yards
Clark kicked Navy out of that hole with a boot that sailed from his own 19-yard scrimmage line all the way over Simons' head to Army's 12, 69 yards in all.

Navy made only three first downs and gained 109 yards from scrimmage. Army made two first downs and picked up only 70 yards running. The condition of the playing field, applying to all but Borries, accounted for that.

But to Borries, named today an all-America back on the Associated Press first eleven, it meant nothing more than all the other tremendous odds he has faced all season.

Borries, who gained 81 of Navy's 109 yards, and Clark set the scene for Cutler's perfect smash, the fourth he has kicked in four attempts this season against Penn., Maryland, Notre Dame and today Army. Borries whirled off a 22-yard run around his own right end on the second play of the game to set Army definitely on the defensive.

In the kicking duel that followed, Clark steadily outpointed Buckler and set Army back until Borries galloped 19 yards to Army's 36 with a punt. Clark joined in again, as the attack faltered, and booted to Army's one yard line, where, with the ball faltering on the sidelines, Bob Dornin, of San Francisco, Sailor end, shoved it outside.

Kick Is Perfect
It was only a question of time when Buckler kicked off 35 yards, but Borries and Clark teamed once on a shovel pass that gained ten yards. The rest of the time it was Borries, tearing inside the tackles, play after play, until he reached the Army six. Then he was tossed back on an end sweep, and on fourth down, the Midshipmen gathered around their Mastonic tackle, Cutler.

He wiped his hands and he wiped his right foot. The ball lay slightly to the left of the uprights, as Cutler, a 196 pounder and the biggest man on the team, squatted down the sights as though he were about to sire a six inch gun.

Clark knelt and held the ball. Cutler drew his foot back. The ball arched back from center, a perfect pass from Louis Robertshaw, of

Huey's Grid Team Is Defeated By Tulane 13 to 12

BATON ROUGE, La., Dec. (AP)—Huey Long's Louisiana Tigers were defeated by Tulane's Green Wave 13 to 12 here today before a crowd of 30,000 in one of the most thrilling games ever played on Louisiana soil.

The great Tiger halfback, Abe Mickal, was pitted against the great Greenie halfback, Monk Simons, in a duel of punts, passes and broken field runs. Mickal had a bad knee, which probably accounted for his missing two kicks for the extra point that lost the game.

Mickal was taken off the field on a stretcher as his teammates were being the clearing Green Wave on L. S. U.'s 5-yard line. A few minutes after he had gone, Monk Simons charged over the Tiger line for the deciding touchdown.

Huey Long, who had boasted that the Tigers would lick anything in a football uniform, took the defeat with a grin.

"They just beat us, that's all," he said.

Basket Ball Practice to Begin Monday

HARVESTERS WILL TRY TO FORGET GRID ON COURT

The 1934 football season is over, as far as the Harvesters are concerned. Now will come basketball. Coach Odus Mitchell will post a notice on the bulletin board at the high school tomorrow morning calling all eligible high school students to report for basketball in the gymnasium at 3 o'clock.

Only two lettermen from last season will report to the coach. They will be J. R. Green and Bill Dunaway. Three 1933 squadmen will be eligible this season. They are Tom Ross, Mayse Nash, and Edward Scott.

A number of promising ex-Gorillas and two or three boys ineligible last season because of the transfer rule will report or have already been practicing. Several boys have been shooting baskets and getting used to the feel of a ball for the last two weeks.

Baer Son-in-Law Starred As Kansas Whipped Nebraska
A football team forgotten in September blossomed forth Thanksgiving Day as the Kansas State team trounced Nebraska 19 to 7 to win the Big Six conference title. The boys of Coach Lynn Waldorf, who succeeded Bo McMillan at Kansas State, came to the front to wrest the title from Nebraska for the first time since 1930.

One of the stars of the Kansas victory was Maurice "Red" Elder, 180-pound fullback. The great back is a brother of Marvin Elder, son-in-law of Mr. and Mrs. Chris Eker, now a resident of Borger but formerly of Pampa. The Kansas player visited in Pampa often during his high school days when he was a midget, not big enough to play football.

Elder is only 18 years old and a sophomore. He was too small to play football for Manhattan high school until his senior year. He was only a mediocre player as a freshman at Kansas State, but Coach Waldorf developed the redhead into one of the outstanding players in the Big Six.

Mr. and Mrs. Jack Gregory and daughter, Alene were to leave this morning for their home in Breckenridge after visiting friends here.

Troy Is Sacked Again; This Time By Washington

MEMORIAL COLISEUM, Los Angeles, Dec. 1. (AP)—University of Washington assumed an early lead Southern California was not able to overcome today and a crowd of 35,000 saw the Huskies defeat the Trojans 14 to 7.

The hard-driving team from the great northwest had too much power for the Southern Californians and demonstrated a wide superiority of play throughout the first half, to lead 14 to 0.

The home team scored at the start of the second half and played a better defensive game as the contest went along but by this time Washington had won the game.

It was the close of the season for Washington while Southern California waits for Notre Dame next Saturday.

Haverford, Pa., a tower in the center of the line. It sailed low, whistling past a couple of frantic Army hands stretched up to get it. It was still rising, almost whistling like a shell, as it cleared the cross bar with feet to spare, squarely between the uprights.

Mr. and Mrs. Walter Campbell and daughter, Ann, left yesterday for their home in Henderson after spending the holiday with Argus Fox, Mrs. Campbell's brother, and friends. They are former Pampa residents.

DAGGUS LEADS SMU IN 19-0 WIN OVER TCU

SIX YEAR JINX BROKEN BY RAMPAGING MUSTANGS

OWNBY OVAL, DALLAS, Dec. 1. (AP)—Three dazzling touchdown outbursts as swift as the chill winds that whipped at their backs provided Southern Methodist's Mustangs with a startling 19-0 victory over a bewildered band of Texas Christian Horned Frogs here today.

The Methodists struck unerringly in the first four minutes to rush across two touchdowns and then waited for the wind advantage again to whip across with the third marker in the final period.

The decisive victory smashed the six-year jinx held over the Mustangs by their ancient foes and enabled them to land in third position at the close of wild South-west conference season.

Magnificently "White" Baucus, great senior halfback, led the charge that made 9,000 spectators forget icy winds. He passed the ball to the 15-yard line in the first two minutes of play and then knifed his way around left end for the first touchdown.

Barely two minutes late "Jack-rabbit" Smith, slippery halfback, contributed the second touchdown with a weaving 43-yard sprint that saw at least seven Christian players attempt to halt him. Shuford plunged across from the one-yard line for the final marker.

There were at least three other times that the Methodists slashed down within scoring distance, only to find a battling Christian line, led by the crippled Darrell Lester, center, ready to shove them back.

Twenty-six times the Christians, using their built passer, Sammie Baugh, attempted to march down the field through the air, but only six heaves found receivers for a total of 74 yards. And these gains came either in midfield or their own territory.

The Methodists' smashing attack gained 27 yards from scrimmage plays while Horned Frogs backs registered only 89. It was 20 for Southern Methodist and 12 for the Christians in first downs.

The ace backs of both clubs, little Robert Wilson, fleet Mustang halfback, and Jimmy Lawrence, ripping Frog ground gainer, did not play. Wilson was forced out with injuries while Lawrence penalized himself for a display of temper when he struck an official after the Rice game last week by watching the slaughter from the sidelines.

The stiff wind played a big part in the Mustang victory. Baucus took the opening kick-off, and charged back to the Mustang 41-yard line. The first break came when Smith kicked a high spiral that Captain Fuqua, playing his first game since the Fordham engagement five weeks ago, killed on the Frog one-yard stripe. Roach punted poorly and the Mustangs scored from the Christian 22-yard line on an 8-yard pass, Baucus to Fuqua and a 14-yard dash around end by Baucus. Orr failed to add the point.

It was the same story again on the second touchdown. Roach kicking badly into the wind to give the Mustangs the ball on the Christian 43-yard stripe. "Jack-rabbit" Smith tucked the ball under his arm on the first play, started to the right, dodged back to the left and twisted through the Christian line and secondary for a touchdown behind Harry Shuford's perfect blocking.

RICE WINS

(Continued from page 5.)

position with a 9-yard off-tackle gain.

Wallace and McCauley gave Rice a 13 to 9 lead at the end of the half. Coach Jimmy Kitts started his entire second string lineup the third period. The reserves scored when Ray Smith tore through center for ten yards.

Late in the fourth, Kitts sent Wallace and McCauley into the line and they immediately started a slashing march that eventually gassed a touchdown when Wallace tossed to McCauley who was station behind Baylor's goal line.

Lloyd Russell, slashing Baylor halfback who was a factor in Baylor's victory over Southern Methodist was completely stopped by Rice's stout line the first three periods. Late in the fourth, Russell managed to make several substantial gains, which with the aid of passes, carried Baylor to Rice's two yard line, but the overtopped Russell's four plunges, and a few minutes later, the game ended with Rice the champion.

Late in the fourth, Russell managed to make several substantial gains, which with the aid of passes, carried Baylor to Rice's two yard line, but the overtopped Russell's four plunges, and a few minutes later, the game ended with Rice the champion.

Sheriff Admits His Mistake In Nabbing Barrow

ATHENS, Dec. 1. (AP)—Sheriff Jess Sweeten said today that Homer Dillingham, 19, had admitted in a written statement to officers that L. C. Barrow, younger brother of the late Clyde Barrow, was not implicated in a Dallas drug store robbery for which he stands charged.

Dillingham, held here on a charge of robbing a hardware store, implicated three others with himself in the robbery of the Dallas store but said "I just couldn't stand to see Barrow take the rap for something I did."

The youths was arrested last week after guns stolen from a local hardware store were found in his automobile. The youth's statement was witnessed by Sheriff Sweeten, County Attorney Boyd Deputy Jenson. It said a girl drove the machine to the Dallas drug store and that shots were exchanged with the proprietor.

POULTRY SHOW

(Continued from page 1.)

named. Poultry for the judging was brought to the city but in the other sections the high school students went to neighboring farms. Dairy stock was judged at the Taylor Bros. farm, beef cattle at the Combs-Worley ranch, horses at the Pampa Ice Manufacturing company, and hogs at the R. R. Mitchell stock farm.

Much praise was given the students of Prof. J. L. Lester of Pampa high school, who did exceptionally well although having no prizes to gain. Prof. Lester was superintendent of the event. Those in charge of the sections were Ralph Thomas, dairying; Prof. T. M. Moore, Canyon, poultry; and James Jackson, Memphis, beef cattle and horses.

Cups were given winning teams and ribbons to high teams and individuals. The McLean team, ranking high as usual in such events, won the poultry cup for the third time and its permanent possession.

Baptists Elect New Officers In Lubbock Meeting

LUBBOCK, Dec. 1. (AP)—With a new name, a new president, and Dallas as the 1935 convention city, Baptist training union closed a 44th annual convention here Saturday.

Dr. W. M. Wright of Paris, was elected president. A short time later, without opposition from the floor, the group voted to substitute "union" for "service" in Baptist training service. The southern Sunday school board had recommended the change.

Baptists placed themselves "unalterably opposed to the liquor traffic and all its destructive forces" and pledged to "totally abstain from it ourselves and use our Christian influence for temperance throughout our state and union."

Coriscana was chosen as the convention city for 1935 as the twenty-

second annual meeting of the Texas Music Teachers' association was brought to a close following a luncheon Saturday afternoon. Officers were elected at the session; it was decided for the association to finance a musical publication; changes were made in the rules for Dealey contests; and amendments were passed to the constitution.

Miss Ruby Grove of Waco, head of the music department at Baylor university, was reelected president of the association. Other officers and directors elected were: Miss Mary Dunn of Lubbock; E. Clyde Whitlock of Fort Worth, and Harold Hart Todd of Dallas, vice presidents; Mrs. Roger C. Neely of Fort Worth, secretary treasurer; Carl Wiesemann of Dallas; Robert Hopkins of Waco, and William E. Jones of Denton, directors.

Lewis Bowles of Horace, Kans., killed 35 fliesnakes, or 42 inches long, during the summer.

Toppling Of Road Will Progress If Weather Permits

Toppling of the Pampa-McLean highway will move well into the second half of the job this week if weather permits.

The cold weather of last week retarded placing of the Oklahoma rock asphalt very little.

About 5 miles of toppling has been placed beyond LeFors, from a point at which work moved this way. Two more days will bring the big crew of workmen into LeFors to connect with the Pampa-LeFors paving.

Work is continuing on the new route to the McClellan creek bridge in east central Gray county, where it is nearly complete, and placing of caliche on highway 88 in South Pampa.

no deliveries of any consequence either of corn or other grain was made today on December contracts in the leading North American markets. Virtual corn famine was reported in the normally surplus corn area of the United States, and every future delivery reached a fresh peak price for the season, and for 5 years past. Chicago cash corn today soared to \$1.07 for No. 1 white, a figure also unequalled in years.

Sensational shortage of supplies, as a consequence of wide-spread drought, this season, completely derailed today's markets, and resulted in an overnight jump of 6 cents a bushel for cash corn at Oklahoma City, Okla.

Corn in Chicago closed strong at the day's top, 3 1/2 cents above yesterday's finish, May 91-91 1/4, wheat firm 1 cent to 1 1/4 up, May 99%-%, oats 1 1/4-1 1/2 advanced, and provisions unchanged to a rise of 35 cents.

Provisions emulated the rise of grains. Lard surpassed the season's high price record.

NEW ORLEANS COTTON

NEW ORLEANS, Dec. 1 (AP)—The cotton market was rather quiet in today's short Saturday's session. After a steady opening in sympathy with Liverpool cables which were about as due and advanced 1 to 4 points in sympathy with outside markets, the market turned easier owing to liquidation for over the week losing 4 to 8 points from the early high. Because of the uncertainty of acreage for the next crop caused by recent Washington advice, there was little disposition to undertake new commitments. There was a slight rally of a point or two near the close on week end short covering and the market closed steady with prices showing net declines of 2 to 4 points.

Near the end March traded down to 12.88, May to 12.61, and July 12.55, while October eased off to 12.24 or 2 to 4 points below the close of yesterday; the close was at or near the low for the day with March and October showing net declines of 2 points. May closed at 12.61, or 4 points net down.

BUTTER

CHICAGO, Nov. 30. (AP)—Butter, 9,803, firm; creamery specials (93 score) 29 1/2; extras (92) 29; extra firsts (90-91) 27 1/2-29; firsts (88-89) 25 1/2-26 1/2; seconds (86-87) 24 1/2-25; standards (90 centralized carlots) 27%. Eggs, 1.225, steady; extra firsts 29 1/2; fresh graded firsts 26 1/2; current receipts 24-25 1/2; refrigerator firsts 21 1/2, standards 21%, extras 22.

FDR NAMES GOP

WASHINGTON, Dec. 1 (AP)—Miss Katherine Lenroot, a native of Superior, Wisconsin, was named today by President Roosevelt, chief of her long record of service in that bureau. The daughter of former Senator Irvin Lenroot, a Wisconsin conservative republican, Miss Lenroot will succeed Miss Grace Abbott.

Mr. and Mrs. W. O. Dustin announce the birth of a daughter Saturday at Worley hospital.

CHICAGO GRAIN

CHICAGO, Dec. 1 (AP)—In a dashed vertical flight, corn today reached a new record-breaking altitude of \$1.10 in some section, with the Chicago market up 3 cents.

A surprise to the trade was that December 7 or 8, at the La Nora theater.

Seek To Return Harvey Bailey In Mint Holdup

DENVER, Dec. 1 (AP)—Harvey Bailey, convicted kidnaper, tonight was named as driver of the bandit car in the sensational mint robbery here in 1928 by Chief of Detectives Albert P. Clark. He said he would start action to return Bailey to Colorado to face murder charges.

Bailey, now serving a life sentence for the abduction of Charles F. Urschel, multi-millionaire Oklahoma City oil man, will be charged with killing C. T. Linton, a mint guard.

The announcement that Bailey with four other men and two women staged the bold robbery in daylight Dec. 18, 1922, climaxed months of intensive investigation by Denver officers and special government investigators.

BAILEY ACCUSED AGAIN

DENVER, Dec. 1 (AP)—Final solution of the Denver mint robbery 12 years ago in which \$200,000 in currency was snatched from armed guards was announced tonight by Chief of Detectives A. T. Clark with the information that Harvey Bailey, convicted kidnaper of Charles F. Urschel, Oklahoma City multi-millionaire, was the driver of the robber car.

BULLET KILLS YOUTH

PALFURIAS, Dec. 1 (AP)—Fidel Perez, 18, son of M. G. Perez and grandson of Amado Garza, first sheriff of Brooks county, died here today of a gunshot wound. The rifle bullet passed through the stomach and emerged through the back. Details of the accident were not learned. Young Perez was a leader in athletic activities of the local high school from which he was graduated in June.
