Gail Texas, March 27th, 1913

The town which we are not ashamed to call home is worth boosting.

A little spice now and then is good for a town as well as for an individual.

Education is everything. The peach was once a bitter almond; cauliflower is nothing but a cabbage with a college education

Next to the local paper, the general drummer is in a position to make or mar a town. Always extend the glad hand to the "Knights of the Grip".

A DUEL BETWEEN PESTS.

Texas does something original most every week and other states and nations that desire to keep abreast of the times should send emissaries to Texas where they can see the fresh rush of life as it enters into new evolutions of progress. We are the thought-center of the nation and in this State powerful minds set in motion new economies that belt the earth in their travels.

The latests achievement is a duel between pests announced in press dispatches from Port Arthur. The Commercial Club of that city has procured a supply of bats to turn loose on mosquitoes that thrive in the swamps of southeast Texas. The plan is said to work successfully and the bats disappear ridding the country of mosquitos.

COMMISSION SUGGESTS WORKMAN'S COMPENSATION ACT.

Present Method Wasteful—Elimination of Middlemen Suggested As Solution.

Houston, Texas.—A workman's compensation act along the lines suggested by the Texas Welfare Commission contemplates the practical elimination of the middlemen, who are largely the cause of mulcting the employer and defeating the injured employe of his just dues. This it does by accepting the broad principle that all workmen injured in the course of employment shall be compensated by the industry in which they were engaged when injured.

The extent of the waste resulting from our present system is indicated by a statement by the committee of the Wisconsin Legislature. It said that for an employer to pay about \$18 to an injured employe on account of injury, it requires \$82 to carry the \$18 to him.

Mr. R. S. Lovett, executive head of the Harriman lines, in discussing this subject, said in part:

"A man suffers an injury that may justify perhaps a verdict for twenty or thirty thousand dollars. The lawyer makes a contract with him, usually by which the lawyer gets fifty per cent of the recovery and by which the injured person is precluded from settling his own claim. This is money out of pocket for the railroad and it is not money in the pocket of the injured employe. For that reason the system is vicious and it can be, and ought to be, remedied. My own judgment is that the best remedy would be a statute that would prohibit lawyer's fees in any personal injury case of more than five hundred dollars. I think that would be ample compensation. Having practiced law myself, I know something of the value of legal services and I hope I do not depreciate them; but railroad companies employ lawyers to defend such suits and at the time I lived in Texas—I do not know what the scale is now—the very best lawyers in the state would take and defend such cases for \$250 or \$300 per case."

Mr. E. P. Ripley, president of the Santa Fe, said in part:

"Our loss and damage claims per mile were about three times as much as the average of our entire railroad in fourteen states. I suppose everybody knows about the loss and damage industry in Texas; it is an industry; that is the correct name to give it. It may be felonious, but it is an industry."

FOR YOU

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed. Deafness is the result and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollar for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular, free.

Bad Spells

"I suffered, during girlhood, from womanly weakness," writes Mrs. Mollie Navy, of Walnut, N. C. "At last, I was almost bed-ridden, and had to give up. We had three doctors. All the time, I was getting worse. I had bad spells, that lasted from 7 to 28 days. In one week, after I gave Cardui a trial, I could eat, sleep, and joke, as well as anybody. In 8 weeks, I was well. I had been an invalid for 5 weary years! Cardui relieved me when everything else failed."

TAKE The CARDUI Woman's Tonic

If you are weak and ailing, think what it would mean, to you, to recover as quickly as Mrs. Navy did. For more than 50 years, this purely vegetable, tonic remedy, for women, has been used by thousands of weak and ailing sufferers. They found it of real value in relieving their aches and pains. Why suffer longer? A remedy that has relieved and helped so many, is ready, at the nearest drug store, for use, at once, by you. Try it, today.
