

LABOR'S JOHN LEWIS EXPRESSES HIS 'PERSONAL CONTEMPT' FOR RICHBERG

NEW DEAL IS ATTACKED BY MANY GROUPS

'ASSISTANT PRESIDENT' CALLED 'TRAITOR' BY LEADERS

By JOSEPH L. MILLER
Associated Press Staff Writer
WASHINGTON, Feb. 2 (AP)—Burly John L. Lewis today thrust the American Federation of Labor and the Roosevelt administration further apart with a bitter assertion that Donald R. Richberg, the president's recovery coordinator, was a "traitor to organized labor."

Lewis, head of the United Mine workers, held Richberg directly responsible for Mr. Roosevelt's renewal of the automobile code without consulting any federation official.

"Mr. Richberg, springing from the folds of organized labor as he did, recommended to the president of the United States the imposition of a code of labor in the automobile industry for continuance of 48 hours a week," shouted Lewis before a senate judiciary sub-committee.

Lewis assailed the "Du Pont family" and General Motors as not entitled to the 48-hour week. He said it was "uneconomical and indefensible."

"For Mr. Richberg, who knows of these things of which I speak," Lewis said emphatically, "I express my personal contempt."

William Green, federation president, said Lewis' statement reflected the federation's feeling very largely.

Green also announced he would carry to the White House within a few days the cigarette workers' protest against the delay in codification of their industry.

The federation's executive council ordered Green to take that action after the union had protested against S. Clay Williams, NRA chairman, exerting "any influence in code affairs for this industry" until a code satisfactory to labor was approved.

On several occasions, NRA officials have said that Williams, formerly president of the R. J. Reynolds tobacco company, retired from board meetings when the cigarette code was discussed.

"We don't accept that," Green said. "Otherwise, why isn't the industry coded?"

His attitude and that of Lewis showed that the federation's swing away from NRA is general has accelerated in the past few days. The federation now is looking to congress for a shorter work week.

The cigarette workers are talking about direct action against the industry if they are not satisfied with developments in their code situation.

"We're not yet determined that a strike would be advisable, although that's possible," said I. M. Ornburn, spokesman for the Allied Tobacco Trades council.

Labor's apparently mounting dissatisfaction has caused also talk of strikes in textiles, autos and steel during recent months.

United textile workers officials assert that many employers have failed to live up to the agreement which ended their last strike. They

Stronger Curb Placed On Oil By Commission

AUSTIN, Feb. 2 (AP)—The Texas railroad commission today issued a new products tender order in an effort to place an even stronger curb on illegal oil production in East Texas.

The order would require every owner of oil products to file an inventory by February 15. The inventory would show all stocks on hand as of December 10, the effective date of the previous order, and all receipts and deliveries from that time to February 1. Classification of the products, the amounts of each class, where they are situated, from whom they were received, the source of the crude, if obtainable, and other information would be included.

Representatives of the attorney general's department, which proposed the decree, said its purpose was to ascertain "what has been going on in the field" since Dec. 10 and to plug possible loopholes in the former order.

The state meanwhile won another civil decision in the court of civil appeals here. Pending a decision on appeals filed by the attorney general's department, the court enjoined the movement of certain products on which tenders, or transportation permits, had been refused.

Sixty sticks of dynamite, 20 pounds of blasting powder, one steel cylinder bomb, and 100 live letters were included in the inventory of a trunk seized in a raid on the apartment of Ernest Hammett, 21, above, of Chattanooga, in Newark, N. J. He denied knowledge of the explosives but was questioned about explosions in New England theaters.

MANY RELIEF PROJECTS ARE BEING PUSHED

Every Part of Gray County Will Be Benefited

New and renewed projects directed by the local relief office have been approved to assure steady activities during the next few months. Mrs. W. H. Davis, administrator, said today.

The largest project is the placing of culch on highway #8 north from the city limits. Two roads have been placed on the first 2 miles and one layer on 2 more miles.

Highway work in cooperation with county commissioners is under way in each precinct. Later road work in precinct 4 will include 9,600 man hours, representing an expenditure of \$2,400. Projects in other precincts are similar.

The Emergency Education classes will continue for at least 21 more weeks, with three teachers employed. The expenditure will be \$756.

At LeFors, the school grounds will be improved and beautified through use of 4,800 man hours, representing an expenditure of \$1,200. In Pampa, a new sewer project will involve 2,000 man hours and \$500, and the alley in block 24 will be lowered by grade with 3,552 man hours used, or \$888 spent.

In McLean, scenic parkways at the entrance to the city will be built with 9,500 man hours, or \$2,400. Vines, trees, shrubs, and grass will be planted.

These projects are not final but in some instances may be renewed after reports are made. The future of the relief work, however, will depend much upon the attitude and plans of the federal government.

Another project will enable the public library to keep its books in repair. Two persons will be assigned the library to mend books. They will work a total of 640 hours at 25 cents an hour. The heavy demand for the more popular books makes constant repairing necessary.

B. C. D. in Move To Prevent Harm To Big Payrolls

While reiterating its recorded stand in favor of conservation of the natural resources of the Panhandle, the Board of City Development, through its executive committee, has sent communications to legislators insisting that remedial steps be taken to add to the unemployment problem in this section.

The B-C-D printed out that some of the bills proposed would be highly damaging for instance, to the carbon black industry, one of the most important payroll producers in the area.

A hearing on the gas conservation bills will be held in Austin Tuesday.

GOLD CLAUSE RULING POSTPONED

CASE MAY GO TO JURORS BY END OF WEEK

STATE WILL ABSOLVE SERVANT GIRL OF BLAME

By JOHN FERRIS
Copyright, 1935, by The Associated Press
FLEMINGTON, N. J., Feb. 2.—The grandmother of the murdered Lindbergh baby may be called to the witness stand in the Bruno Richard Hauptmann trial next week to provide a murder night alibi for one of her servants—the dead Violet Sharpe.

Mrs. Dwight Morrow, widow of the one-time ambassador to Mexico and Morrow partner, was the employer of the Sharpe woman on March 1, 1932, when the Lindbergh baby was kidnaped. There has been defense testimony that the young Englishwoman, who subsequently committed suicide when police returned to question her—was seen late on the night of the crime, and that she was carrying "a golden-haired baby."

David T. Wilentz, the New Jersey attorney general directing the prosecution of Hauptmann, said tonight that he was undecided as to whether he would ask Mrs. Morrow to face the crowded courtroom as his daughter, Mrs. Anne Lindbergh, did in the early days of the trial. Much will depend, Wilentz said, on whether her testimony is deemed necessary to rebut that given yesterday by Peter H. Sommer.

Other witnesses ready. There are other witnesses Wilentz pointed out, who can testify that Violet Sharpe could not have been the woman Sommer said he saw late the night of March 1, 1932, bearing a New York City street car and carrying a babe in arms. She was accompanied, Sommer said, by a man closely resembling the much-mentioned Isador Fisch, now dead.

MOODIE FORCED OUT OF OFFICE BY HIGH COURT

Governor Of North Dakota Loses Position

BISMARCK, N. D., Feb. 2 (AP)—A decision of the North Dakota supreme court today turned Governor Thomas H. Moodie out of the office he had held less than a month and designated Lieutenant Governor Walter H. Welford his successor.

Ruling on a quo warranto action, the high court held Moodie ineligible for the governorship on the ground he had voted, and thereby established residence, in Minnesota in 1930.

Moodie, the second democrat ever to win the chief executive's post in this normally republican state, immediately acquiesced in the decision.

Now It's Kids On Skates That Drive Cops Nuts

All this safety talk seems to have backfired. Children who learned not to jay-walk have forgotten their instructions, now that they are on wheels. The police thought they had enough problems with motor vehicles. Now children of all ages, their feet flying on roller skates, are defying every safety law and every city ordinance. They are running stop-signs while skating, they are using the streets—even downtown—for a playground, and they are fall-down in front of automobiles.

And that's not all. Playing tin can golf in the streets in defiance of traffic laws is common.

Don't take our word for it; call the police station and they'll tell you that Pampans are up in arms about it—at least about the "other folks" kids. Are the parents heartless or helpless—that's what the police would like to know.

SCOUT WEEK WILL BEGIN ON NEXT FRIDAY

25th Anniversary Is To Be Observed By Nation

Boy Scouts of the Adobe Walls council, in common with a million boys of the nation, will observe the 25th anniversary of their organization during the week beginning next Friday, February 8.

Scout officials are seeking the cooperation of newspapers, schools, churches, clubs, and other groups in making the special week effective. February 10 will be Scout Sunday in the churches of the nation.

All Scout troops in the country, numbering 39,904, will meet Friday evening to renew their Scout pledge and to repeat the oath and law. This ceremony will be timed with a national broadcast in which President Franklin D. Roosevelt will give an inspirational message.

February 12 will be Pioneer day, with tributes paid to the old settlers who contributed to the growth of America and its progress.

The Scout movement was incorporated February 8, 1910, in Washington, D. C.

Judge Tells Girl Name Of Mother

WACO, Feb. 2 (AP)—Judge Sam R. Scott announced today that the case of Miss Mabel Vivian Scott was closed with the name of her mother, which she sued to learn, privately disclosed to her but not publicly recorded.

He said a man and woman, not the girl's mother, talked to him today and said they were the signers of a telegram from Big Spring which asked him to withhold judgment pending their arrival.

The jurist said "everything was settled in a satisfactory manner."

Miss Scott said she learned two years ago that she was an adopted daughter in the home where she was reared here.

SECURITY BILL CHANGES DUE NEXT TUESDAY

MONTH-OLD CONGRESS DISPLAYS POOR RECORD

By CECIL B. DICKSON
Associated Press Staff Writer
WASHINGTON, Feb. 2 (AP)—Congress has "died into its second month of inactivity" in a restless mood as it prepared for further consideration of the administration's two big recovery measures—the \$4,880,000,000 relief bill and the controversial social security program.

With little accomplished in the first month of the session the democratic dominated assembly today heard increasing opposition rumblings in a republican charge that the relief program was patterned after Upton Sinclair's "E. P. I. C." plan in California.

The thrust was made by Senator Dickinson (R., Iowa), a member of the senate appropriations committee that will gather in private on Monday to consider reporting the measure.

It came after senate republicans decided today not to follow a set plan of attack on the bill. Instead they will propose their own amendments designed to curb the delegated presidential powers already approved by the house. They hope for considerable democratic support from conservatives.

To avoid possible charges by the administration that congress is withholding relief, senate republicans agreed today, however, that should the majority so move they would grant unanimous consent for segregation of the \$880,000,444 emergency relief fund from the \$4,000,000,000 work relief section.

This, senator Steiwer (R., Ore.) said, would give the relief administration sufficient funds to carry on after Feb. 10, when existing funds reportedly will run out. Already

SARAH HUGHES WOULD BECOME DALLAS JUDGE

Senator Will Oppose Appointment By Allred

By W. H. Mobley
Associated Press Staff Writer
DALLAS, Feb. 2 (AP)—The massive bench in a Dallas court will hide all but a few inches of the judge if the state senate approves the appointment of the first woman ever named to preside regularly over a Texas district court.

Governor James V. Allred named Mrs. Sarah T. Hughes, Dallas lawyer and legislator, for the position yesterday.

She is just half an inch over five feet tall, graciously feminine in friendly contacts but a fighter with a lopsided grin—not a smile, that advertises her enjoyment when there is fighting to be done.

She holds that selections for public office should be strictly on the basis of ability, with no consideration of sex, and that is one of the things she is perfectly willing to fight about.

She wears slightly frivolous high-heeled shoes and the sheers of hose with a tailored dress.

A trace of makeup brightens her

"Incident"

"It's just another incident," Mrs. Margaret Hawksworth, boredly assured interviewers anxious for details of the hold-up in which two young bandits invaded her apartment in a Miami hotel and relieved her of \$350,000 worth of gems. They were fully insured, she announced.

With this announcement, Monday, Feb. 11, became probably the earliest date upon which the decision, on which the whole Roosevelt monetary program is delicately balanced, could be expected. There was however a remote possibility it might come in mid-week.

The court had just met previously for its usual Saturday conference, but the general impression was that it had concluded consideration of the gold clause and was busy with lesser matters.

PRECEDENT IS SHATTERED BY CHIEF JUSTICE

DECISION IS NOT DUE UNTIL MONDAY, FEBRUARY 11

WASHINGTON, Feb. 2 (AP)—The supreme court stepped outside the bounds of precedent today to inform a tense business world that it probably must wait at least another week for the high tribunal's epochal decision on the gold cases.

With the administration virtually ready to meet all the eventualities of an adverse verdict, markets ridden with suspense, and all expecting the decision Monday, Chief Justice Hughes summoned the court clerk and dictated:

"The chief justice, in order to avoid an unnecessary crowding of the courtroom on Monday, directs the clerk to announce that the court is not ready as yet to announce a decision in the gold clause cases."

Treaty To Hike Commerce With Brazil Signed

WASHINGTON, Feb. 2 (AP)—In an action considered by the administration as of high significance, a trade agreement designed to improve and increase commerce between the United States and Brazil was signed today at the White House.

Historically, the treaty was the first of the regular tariff reciprocity pacts to be consummated under the Hull foreign trade policy. A special agreement already is in effect with Cuba.

The new treaty clipped 25 percent off the Brazilian tariff of 67 American products. Further, in a supplementary agreement, the Latin-American nation pledged itself to straighten out the involved financial situation now obtaining there.

It promised prompt payment for all new imports, a gradual release of existing blocked exchange, and accounts estimated between \$10,000,000 and \$25,000,000, and resumption of interest payments on Brazilian bonds held here as quickly as financial conditions permit.

In return, the United States granted reduced tariffs on seven Brazilian products and promised to keep Brazil's principal export item, coffee, on the free list together with 11 other commodities.

Secretary Hull, in a statement tonight, expressed the belief that the treaty will break "the log-jam of international trade," and that it will cast "a broad beam of light and hope into the existing economic darkness."

Mr. Stine had a personal interview with Julian Monigony, state PWA engineer, who assured him that Pampa's requests would be sympathetically considered if and when Congress makes the funds available.

Police Make 74 Arrests in Month

City police officers made 74 arrests in January, involving fines which totaled \$520.50. A total of \$339.50 of the fines was collected.

Seventeen cases were dismissed. Prisoners worked 16 days and served an aggregate of 26 days. One hundred and thirty meals were required for prisoners.

The arrests were divided as follows: Vagrancy 8, intoxication 32, affray 5, disturbing the peace 8, speeding 5, overtime parking 2, other traffic violations 5, investigation 6, other misdemeanors 3, theft 1, burglary 2.

Mr. Ground Hog saw his shadow yesterday and predicted six more weeks of winter weather. But not, he hastened to say, the kind of winter "which January produced."

THE LORD IS GOOD: Serve the Lord with gladness; come before his presence with singing. For the Lord is good; his mercy is everlasting; and his truth endureth to all generations.—Psalm 100:2, 5.

IF PLANS MEAN anything, Pampa and this territory are in line for good news this year.

Building is starting off well, which is good news to those who rent houses, who are laborers or building craftsmen, who sell materials, and all who like to see conditions brisk. There are reasons to believe that building will be made easier this year. Indeed, many building concerns and material dealers already have attractive propositions.

The oil outlook continues favorable despite the political uncertainty and the threatened breakdown of legislation against "hot oil." With the price apparently stable, and drilling appropriations already made, the field will continue to be the most powerful stimulus to business.

Unfortunately, the drought lingers and the lack of moisture for wheat continues to be the most depressing factor. However, there is still hope for a fair wheat crop. Although there are those who "view with alarm" every year at this season, experience has shown that a crop is neither made nor lost in January. The last 15 days of February will form a key period in the winter moisture situation.

ALTHOUGH PUBLIC budgets are not balanced, appropriations for public works to relieve unemployment are of keen interest here. Until private business and industry can absorb the unemployed, the various units of government will be compelled to continue the compulsory re-distribution of wealth through public expenditures.

More than 750 city, county, state and federal officials met in Fort Worth Friday to make an inventory of possible public works projects in connection with President Roosevelt's \$4,000,000,000 program to provide jobs. Pampa has friends high in authority in that program. Walter D. Cline of Wichita Falls is regional director of the federal housing administration. Julian Montgomery of Wichita Falls, who drew a Pampa city plan, is state PWA engineer and is a former employer of City Manager C. L. Stine.

It cannot be assumed that any community will receive hundreds of thousands of dollars without participation in the expense. There are some projects, however, such as highways and underpasses, which should not entail much local expense if granted.

President Roosevelt is expected to allocate a huge sum of highways. Gray county should receive its share, and so should the neighboring counties. There has been many a slip in federal plans which have been announced in the past, hence it behooves everyone to be patient but for those in position of leadership to be consistently diligent.

IN A LETTER TO Supt. R. B. Fisher, the Boy Scouts of America point with modest pride to a service to 6,530,330 Scouts and Scouters as the organization ends its first quarter century in America. In order to extend the benefits of the movement to millions of boys who have no opportunity to join troops, BSA is asking the cooperation of schools.

Columbia university has published a new book, "Scouting in the Schools," which provides a practical working basis for Scouting cooperation with the schools. Boy Scout week, which will begin February 8, will be observed in thousands of schools. On the evening of the first day, President Roosevelt will broadcast a special message of inspiration.

Dr. J. W. Studebaker, recently appointed commissioner of education, Department of the Interior, said: "In its use of individual boy initiative, its idealization of boy aims, its recognition of the character building influence of 'doing' good rather than 'thinking' good, and its dependence upon the power of group morale, Scouting has much to teach other forms of education. Schools will do well to cooperate in making the Scouting activities of boys as effective as possible."

SINCLAIR'S EPIC PLAN MAY BE TESTED IN STATE OF OKLAHOMA

OKLAHOMA CITY, Feb. 2. (AP)—Oklahoma may become the laboratory in which Upton Sinclair's Utopian EPIC plan is tested.

An administration-backed bill creating a new district board with far-reaching powers is before the Oklahoma legislature.

The bill, if enacted into law, will give the industries board unprecedented powers in buying, selling and operating commercial plants both to provide goods for the needy and offer employment.

The measure asks an appropriation of \$1,000,000 for the operation of the board until June 30, 1936, and provides full authority for the board to borrow funds and issue bonds.

One section authorizes the board to acquire transportation and communication facilities. This provision, while not specifically mentioning gas and electric power lines was believed broad enough to put the state into competition with public service companies.

The bill parallels the Utopian scheme advocated by Sinclair in his stormy race for Governor of California in the section dealing with factories and mills. It authorizes

TEXAS HISTORY

Brushing Up on Facts You Ought to Recall

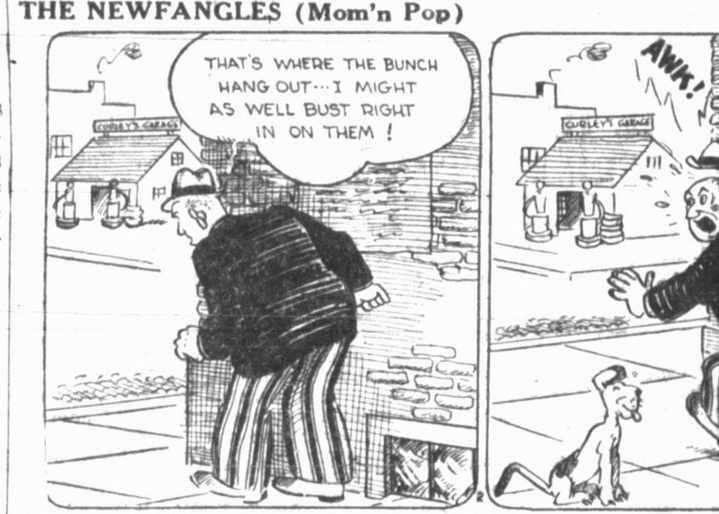

R. M. Williamson's article in The Texas Republican of July 5, 1834, was creating a great amount of comment by the people of Brazoria. There was truth in his words, they were certain, but nevertheless they were in a rather helpless condition. "The project of state government originated in the good sense of the whole united people of Texas," Williamson wrote. "Our constitution has been rejected. We shall still continue our unnatural connexion with Coahuila. Our earnest entreaties have been disregarded. They have arrested and now detain our agent, Stephen F. Austin, on a charge that should lie against the whole people of Texas. The project of state government was not Austin's. It was the people's. Deserter by us, then, of this our own cause, would be worse than political apostasy. It would be individual persecution and hypocrisy to the government."

2nd Semester at Texas Tech Will Start On Feb. 11

LUBBOCK, Feb.—Registration of students for the second semester at Texas Technological college will be Friday and Saturday, February 8 and 9, according to President Bradford Knapp. Classes begin Monday, February 11, at 8 a. m.

According to Registrar W. P. Clement the procedure of registration will be the same as that of the first semester. All students, new or old, will be scheduled and sectioned in the gymnasium, where every member of the college faculty will be on duty. New students must have their physical examinations before registering, and a transcript of their credits must be in the registrar's office.

W. T. Gaston, business manager of the college, states that all fees and deposits must be paid when registering. Government loans are not available for this purpose. The following charges are made for each semester: tuition fees, prescribed by law for each student who is a bona fide resident of the state of Texas, \$25; uniform breakage deposit, returnable at the end of the semester, less legitimate charges, \$7.50; and medical service fee, \$4; a total of \$36. Resident students who were in Tech this fall pay \$20; having deposited the \$7.50 breakage fee. However if any fines or charges are against a student's breakage deposit he must bring the amount back to \$7.50.

The uniform breakage deposit is to cover breakage in all laboratory courses, library fines, breakage or damage to property in dormitories, and other charges for injury, loss or destruction of state property on the campus.

PLANVIEW FREE SHOTS IN 2 EXTRA PERIODS BEAT HARVESTERS 30 TO 31

PAMPANS SMACK LUBBOCK 22 TO 19 IN BRAWLISH AFFAIR—'BOOGEE' NASH'S FOOT HURT

FLASHY FORWARD MAY NOT BE ABLE TO PLAY AGAINST AMARILLO THURSDAY NIGHT IN MOST IMPORTANT GAME OF SEASON

LUBBOCK, Feb. 2.—Lubbock's high school Westerners provided another Panhandle Class A basketball game upset here tonight by trouncing the Berger Bulldogs 24 to 21. At Berger last week, the Westerners bowed to the Bulldogs 21 to 10. The Lubbock cagers will play the Harvesters at Pampa next week.

PLAINVIEW, Feb. 2.—A charity loss in the second of two extra three-minute periods gave the Plainview Bulldogs a 31 to 30 victory over the Pampa Harvesters here tonight in one of the most thrilling cage battles ever witnessed in Plainview.

The fighting Pampans came from behind in the fourth quarter to tie the score and gain a one-point advantage, but a field goal by Neal tied the score 29 to 28. In the first extra period, J. R. Green, Pampa center, dropped one in the bucket from the field, and again Neal was given an opportunity to tie the score with two free throws. He made both of them, and tied the game 30 to 30. The referee again assessed a foul against the Harvesters, and again Neal made a free goal, and won the battle for the Bulldogs.

Stokes Green, Pampa forward, put Pampa in the lead in the first few minutes play with a field shot. Plainview took the lead and J. R. Green tied the score 4 and 4 with a fielder. The last quarter ended 8 to 4 for the Bulldogs. Plainview led 20 to 13 at the half, and 24 to 21 at the end of the third stanza.

In the last quarter, the Harvesters led an effective defense and bottled up the team from the minute they sank a field goal to give Pampa a one-point lead close to the end of the period.

Free goals enabled the Bulldogs to tie the game up twice and to finally win it.

The defeat left Amarillo at the top of the Panhandle Class A basketball league with three victories. Lubbock is second with three wins and one loss, Pampa third with three victories. Plainview and Berger are tied with one win and three losses each.

Lubbock Due For Rain Says Wizard

LUBBOCK, Feb. 2.—A Chicago astrologer today studied his zodiac and made the heartening announcement that rain would fall in this section by Tuesday.

James H. Harvey, the astrologer, blamed the drouth on aquarius which he said had been flirting with Saturn. Now that Saturn is turning attention to Pica (the water sign), they say months of greater rainfall is due. Harvey declared.

11 Games Asked In District 12

WACO, Feb. 2.—A motion to petition the Texas Intercollegiate league to permit one game over the 10-game limit in the event of a tie at the conclusion of the district football race was passed at the annual meeting of the district 12 executive committee at Waco today.

The present rule prohibits a player from participating in more than 10 games during a district campaign, which is tantamount to limiting the team to 10 games. L. W. Hartsfield of Hillsboro was elected chairman of the district.

ECLIPSE DUE TODAY

WASHINGTON, Feb. 2.—The third act in 1935's big astronomical show, but the first one visible from the United States, will be played tomorrow, with the moon trying to swallow the sun for a couple of hours and then giving it up as a bad job. That's the way it will look from earth, and is what ancient man probably would have thought it was. To moderns, however, it will be a partial eclipse of the sun. You can see it anywhere in the United States, and most of Canada, though the time will vary from right after breakfast to after church, depending upon where you live.

LONGHORNS BEATEN

AUSTIN, Feb. 2.—The Hunt Oilers scored their third triumph over a Southwest conference basketball quintet here Saturday night when they defeated the University of Texas Longhorns, 37 to 27. Freddie Tompkins, former Athens high school star, scored 13 points for the Oilers while his brother, Bennie, held Captain Jack Gray of Texas to only eleven.

BREAKS RECORD

NEW YORK, Feb. 2.—Taking the spotlight from Glenn Cunningham's one-mile triumph over Gene Venzke and Bill Bonithron tonight in the Millrose A. A. track and field carnival, Charles Hornbostel of Indiana university raced to a world record victory in the classic mile race, 4:50.44, in his second round of the meet. Hornbostel's time of 1 minute, 11.3 second wiped out a record of 1:11.8 set by...

Harvesterettes Defeat Canadian Girls 23 to 11

The Harvesterettes looked better than in any previous game here Friday night when they defeated the Canadian Krazy Kats 23 to 11. It was a far different story than the one the Kats, chalked up two, of three years ago when they could not only conquer the Harvesterettes but practically every other team in the Panhandle.

Coach Kathleen Milan was not with her charges. She was called to Dallas Friday evening by the illness of a member of her family, it was said. Principal L. L. Some of the high school had the girls in charge.

The glaring defects in the girls' technique was not so apparent. The girls are still ignorant of many of the necessary fundamentals of basketball—pivoting, shooting, eluding guards. Heiskell who has been playing at guard was shifted back to forward, and she and Shields and Feltner comprised an effective scoring combination. Blythe, Jeffries, Townsend, Hunkapillar and Perkins did the guarding. Shields and Heiskell exhibited finished basketball technique at times. Points were made as follows: Feltner 4, Shields 13, Heiskell 6.

Canadian, Sarrett 7, Owen 2, Thomas 2, Tepe, Davis and Tubb were guards for Canadian.

NEW FOOTBALL RULE IS MADE BY COMMITTEE

NEW YORK, Feb. 2.—The rules committee of the American football coaches association met for eight hours today and its sole major recommendation was an appeal to officials to be a little slower in blowing the whistle in order to give the ball-carrier a chance to gain every possible inch, before his forward progress actually has been stopped.

Evading such radical changes as permitting forward passing from any point behind the line of scrimmage and the returning of goal posts to the goal line, 28 college and scholastic coaches voted to recommend the intercollegiate rules group a supplemental note to the rule governing forward progress.

"We recommend," the committee proposed, "that the following supplemental note be added: 'A player who is on his feet and is not firmly in the grasp of an opponent shall be permitted to run, or to make a forward or lateral pass (provided he is five yards behind the line of scrimmage) or a kick.'"

"A lot of officials have asthma and blow their whistles all the time," said Herbert O. Fritz, Princeton coach and chairman of the committee.

"We're in favor of these officials giving the boys carrying the ball a chance to get as much out of every play as possible."

"The game of football," the committee agreed, "is sound and safe for the players as was indicated by the fact that only one fatal injury occurred in intercollegiate football last season."

The committee favored that the rule in this matter "be changed to that which prevailed in 1933. In other words, if the receiving team commits a foul on a punt it is not off by a member of the kicking team touching the ball before it is recovered by an opponent."

Dixie Howell To Be Movie Star

HOLLYWOOD, Feb. 2.—Mildred (Dixie) Howell, brilliant University of Alabama football player and hero of this year's Rose Bowl, prepared today to sign a motion picture contract casting him as the star of a serial, "The Adventures of Frank Merriwell."

Howell arrived secretly by airplane from Detroit two days ago. He had gone there to discuss the possibility of a baseball contract with Mickey Cochrane's Detroit Tigers.

He said today he probably would postpone his baseball debut for one season to take advantage of this offer from the Universal studios.

"The deal isn't complete, but I am virtually certain I'll accept it," he said.

Canadian Takes 20 To 15 Game From Gorillas

It appeared that the Gorillas had the game on ice at the end of the third quarter here Friday night, but the Canadian Wildcats leaped into an irresistible rally in the fourth period that chalked up a 20 to 15 victory for the visitors. The Wildcats trailed the Pampans by three and four points throughout the second and third quarters.

Then they abandoned attempts to work the ball into scoring position near the basket, and their long shots began swishing through the hoops. Substitutes on both sides were numerous—too numerous to make the close battle the thriller that it might have been.

Thomas, Canadian center, was high scorer of the melee with eight points, and Nix, Gorilla center, who also specialized in long shots, was second with seven points. Other tallies were made as follows:

Pampa, Strickland c. 2; Jones f. 4; Baker g. 2; Canadian, Helton f. 4; White g. 5; Lopez w. 2. Lopez was the other starting forward for Canadian. Aaron Hunter, first string Harvester substitute, flashed at the guard position for the Gorillas in the latter part of the second half. Frank Monroe called the game.

McLean Defeats LeFors 22 to 16

MLEAN, Feb. 2.—McLean's fast-stepping Titans went nearer the top in the sectional basketball race by defeating the LeFors Pirates 22 to 16 here last night in one of the roughest games of the season. The McLean girls also won a conference game by defeating the LeFors Pirates 25 to 14 in another wild game.

Cumberland, big LeFors center, led the scoring parade with 11 points. He was followed by McCarty, McLean's red-headed forward. McLean lost Tolliver on personals in the third quarter.

Sylvia Young, McLean scoring ace, again led her team's attack with 12 points to lead Gloria Watson of LeFors, by two points.

"The McLean teams are now in an excellent position to win the sectional title and attend the district tournament to be played in Pampa."

Wyoming University is placing great faith in her four "D" backfield this year: Dunn plays quarterback, Doyle and Dir halfback and Deti fullback.

DIZZY DEAN WANTS \$25,000 CONTRACT FOR '35 OR ELSE

NEW YORK, Feb. 2.—(AP)—Contrary to his own previous statement that he had come to terms Dizzy Dean, ace pitcher of the world champion St. Louis Cardinals, today disclosed he was a holdout and had demanded \$25,000 for his 1935 contract.

Dizzy said that when he announced some time ago that he had come to terms with the club he was under the impression that that was what he was going to get.

When he finally got his contract figures disengaged from those of outside activities, principally one for a comic strip advertising food products, he discovered to his surprise that he was to get only \$17,500 for his baseball services.

"I haven't signed a contract and I'm not going to sign one for less than \$25,000," he said. "That offer stands for two days and then my demand will be for \$30,000."

"Sam Breadon and Branch Rickey are coming in tomorrow, and I'm going to go into conference with them then. They'd better come across, or else—"

"They promised to get me a good contract for this outside work," Dean said, "and I got a good one but I don't see what that has to do with my baseball playing."

"If I'm not worth \$25,000 to the Cardinals then I don't want to play for them."

Tennis Outlook In School Good

The high school tennis teams have started practicing early this season because of favorable weather conditions. It has been the custom to start the teams working in the gymnasium but this year the work is underway on the outdoor courts.

B. G. Gordon has 25 boys out for tennis. Some are veterans while others are newcomers, both in ability and size. All are willing to show their best and Coach Gordon believes he will have a good team ready for opening competition.

Girls are also taking more interest in tennis. Miss Kathleen Milan is spending her time between tennis and basketball. Some of her best tennis prospects are basketball players who are willingly working double time.

The courts at the rear of the high school building have been improved and marked off.

George Keogan, coach of the Notre Dame basketball team, does his scouting almost entirely by mail except in instances where he can

Troop 5 Plans Party

Plans for the national birthday party were made by troop five of Girl Scouts, meeting at Echo lodge Wednesday. The party will be at high school cafeteria and guests who wish will be taken to the lodge to inspect the new furnishings.

Games followed the business meeting. A court of honor was conducted afterward for patrol leaders and other leaders. Reports were heard from the recent leaders' training school.

Members present were Harriet Price, Jackie Hurst, Dorothy McSkimming, Byron Dodson, Marcelline McWilliams, Betty Flank, Heidi Schneider, Dorothy Thomas, Peggy Stevens, Frances Thompson, Martha Price, Alice Marie McConnell, Marjorie McCall, Thelma Mae and Velma Mae Osborne, Margie Coffey, Wilma Willis, Virginia Nelson, Mary Lynn Schofield, Elizabeth Mullins, Mattie Brown.

Junior High P-TA Names Workers For Thrift Room

Junior High Parent-Teacher association will have charge of the school thrift room next week, and committees have been named to work on Monday, Wednesday, and Friday afternoons.

Mrs. Robert Montgomery, welfare chairman of the association, will be assisted on Monday by Mmes. Cyril Hamilton and Paul Jensen, on Wednesday by Mmes. Eaton and Peacock, on Friday by Mmes. Price and Fieischer.

Most of their time will be spent sewing on needed undergarments. Material was bought last week, and members of Horace Mann association started the work. Volunteer workers who will assist in the sewing project will be welcomed at the room.

Several garments were issued last week, and 12 pairs of shoes were bought with money donated by the Elks club. Workers from the Horace Mann association were Mmes. B. C. Priest, Rigen, Carpenter, Hutchins, J. M. Turner, and A. L. Burge.

Police Force at School Is Named

New Junior police members at Sam Houston school have been appointed for a six week term. Instructions have been given to them and they have started work. The Kiwanis club sponsors this school project.

Doyce Pollock is new captain of the boys, Thomas H. Smith and Raymond Perkins lieutenants, Billy Brady, Virgil Brown, and Willie Brown patrolmen, Lawrence Parsley, Claude Almond, Londane McKay, Keith Records, James Mitchell, Gene Alford, and Cecil Love members.

Happy Hour Club Has Bridge Party

Mrs. Harold Baer was hostess to Happy Hour bridge club Thursday, with Mmes. Roy Kretzmer, Kenneth McDonald, Harold Ulmer, Carl Baer, Verle Tinkler, Bill Bird, H. O. Roberts, and Waldo Kretzmer as guests at the two tables.

Mrs. Roy Kretzmer scored high and Mrs. McDonald 'low' in the games, which were followed by delicious sandwiches, cake, and hot punch.

Mrs. Anne Louise Jones is visiting friends in Borger this week-end.

In Contest

(NEWS Staff Engraving) OKLAHOMA CITY, Feb. 2.—Miss Juanita Stephenson, daughter of Mr. and Mrs. E. B. Stephenson, 406 South Cuyler street, Pampa, Texas, has been nominated as one of the most beautiful girls attending Hill's university of this city.

The queen with her attendants will be crowned at a banquet February 9 at the Chamber of Commerce building.

Wed Last Week

Mrs. Bob Cecil, above, was married in a pretty ceremony at Amarillo last week-end. She was Mrs. Christine Smith, resident of Pampa for several years and prominent member of the Business and Professional Women's club, before her marriage.

ATTENDANCE IS DOUBLED FOR STORY PERIOD

Club Hour Enjoyed By 122 Children Yesterday

Doubling the attendance of last week, 52 children of pre-school and first grade age and 70 children of primary school age attended the story hour sponsored by Twentieth Century Club at First Methodist church yesterday morning.

The hour opened with group singing accompanied by Jean Lively, pianist. She also played recordian numbers, and accompanied two junior police girls who sang. Junior police girls from Woodrow Wilson school assisted in entertaining the children.

Mrs. R. S. Lawrence and Mrs. Clyde Gold told stories to the young group of children. Fables, Jack and the Beanstalk, and The Sleeping Beauty were favorites.

Older children heard stories from "Water Babies," The Necklace of Truth, and The Twelve Months, told by Mrs. Marvin Lewis and Mrs. A. G. Post.

The large group of listeners showed close attention and kept perfect order during the hour, story tellers reported. The club invites all children below fourth grade age to attend these weekly hours of entertainment.

'Family Night' Movie Announced For School Show

Monday night is to be "family night" at the community hall at Hopkins school No. 2. The occasion is to be a 11 reels of picture, The Hunchback of Notre Dame will be the feature picture. Attempts are being made to have entire families turn out to see the picture, and special prices are being offered to induce attendance.

The program is sponsored by the P-T-A. Credit is being given to the children on their library reading requirements. Since the main feature is of such weird nature, a hilarious comedy will be given before the fifth and sixth reels. The proceeds will be used to complete payment on a radio-victrola recently purchased for the school.

Lovely Party Is Given For Club

Mrs. Frank Roach was hostess to members of Eight Hearts contract club at her home on East Brown, Tuesday afternoon. Bridge tables and prizes were decorated in a yellow and white motif.

Mrs. R. G. Morgan was awarded high score package, Mrs. Fred Boman second high, Mrs. R. L. Burke the traveling prize, and Mrs. O. M. Prigmore consolation.

Other members enjoying the afternoon were Miss Verna Fox and Mmes. Dallas Culwell, George Shaaron, and Carlton Nance. Mrs. Prigmore was named club reporter. The next meeting will be with Mrs. Shaaron on Valentine day.

F. N. Hull Home Is Scene of Shower

Friends surprised Mrs. Orlaf Hampton with a shower Monday evening at the home of Mrs. F. N. Hull. Several contests were enjoyed and prizes awarded. Little Joan Appleby and Lila Louise Hull pushed a hassinet laden with gifts to the honors.

Joan gave a reading, The Cupid's Bow. Refreshments in a pink and blue color note were served. Guests were Mmes. Hampton, Bonnie Rose, H. F. Beatty, Wiley Pearce, E. A. Hampton, Bill Hays, D. C. Houk, Bill Peed, Pete Kelley, George Appleby, Godfrey, M. K. Graham, Bob Sical, H. Sical, Joe Bevington, Charles Barrett, and Miss Luella Wade.

Refreshments were sent by Mrs. Joe Vinthom, Mrs. Homer Sprinkle, Mrs. Homer Sprinkle, Bob Shields.

LeFors Plans Beautification

LeFORS, Feb. 2.—Definite goals for beautification of homes, parks, and highways in this section of the county were set at a meeting of the local Citizens Beautification organization recently. Mrs. Josephine Sparks is chairman of the LeFors division of the county organization.

E. Bacchus is chairman of a committee to beautify city entrances, W. C. Breining to secure a wayside park and clean up the highways, Mrs. A. Carpenter to have flowers planted, Mrs. B. C. Ogden to have trees and shrubs planted, Mrs. E. Bacchus to start a park in the city square.

Club Celebrates Birthday. CLARENDON, Feb. 2.—Most brilliant of all social events of the year here was the black and white tea given by the Pathfinder, Clarendon's oldest study club, in observance of its 24th birthday. It was at the home of Mrs. U. J. Boston, who was assisted by Mrs. Tom Ogden, president, and Mrs. Fred Rabson.

BOYS WILL BE STYLE MODELS FOR PROGRAM

WILL SERVE BANQUET TO GIRLS AFTER CONTEST

A womanless style show will be the program feature when boys of First Methodist young people's department entertain girls with a banquet Tuesday evening. Models for the event have been announced.

James Foster will appear as Mme. Modiste, just in from Paris. H. D. Tucker, J. G. McConnell, Herbert Babione, and R. A. Selby will display the gowns for stylish slouches, Howard Zimmerman, Raymond B. Kin, Richard Wilkes, Bash Barrow, and Jim Whittenberg for flappers, David Whittenberg, Don Foster, A. L. Patrick, Allen Wise, and Travis Lively for juniors.

Boys will present the program and serve the dinner as the result of losing an attendance contest. H. D. Tucker will be the main speaker with the subject, Headed the Wrong Way.

A debate on the question: Respectful Girls Should Stop Using Cosmetics, will be given by Joseph Hodge and Bob Surratt, affirmative; Howard Lane and Richard Wilkes, negative. The Rev. Mr. Jones of LeFors, who produces music from a hand saw, has also been invited to appear.

Walters to serve the chicken dinner will be George Lane, Bob Surratt, Lawrence McBee, Ben Horne, Joseph Hodge, Paul Nelson, and Travis Ge.

Reservations for places may be made at Sunday school or League meetings of the department today.

'Best-Dressed' First Lady Now Follows Rainbow

BY BESS FURMAN, Associated Press Staff Writer.

WASHINGTON, Feb. 2.—Mrs. Franklin D. Roosevelt no longer is the one-color, first lady of the "Eleanor Blue" inauguration. She's a follower of the rainbow.

One night she's a blue-and-silver shimmer; again she's a red-and-gold gleam; her pink evening dress is a modish "back to back" with white. "Best dressed woman." She said that after long years of being taken to task by her family for not giving enough thought to dress, she was getting a "grand laugh" out of it.

But the rest of the capital is beginning to take it seriously, and to keep a costume-conscious eye out for her every entrance. Here are a few glimpses at costumes in which the first lady has appeared recently:

Evening: Blue and silver (president birthday ball)—A youthful, ruffly gown with blue chiffon over blue-shot-with-silver tulle; V-back, ruffe-outlined; silver belt; necklace of hammered silver and blue stones; long-blue feather fan.

Afternoon: Midnight blue velvet (white house)—Softness accented by the slits of the season. Arms revealed by sleeves partially slit; three slits in the back of the bodice. Daytime: That smart black-and-white wraparound (house galley)—When Mrs. Roosevelt deeded, and deep reverses outlined in a narrow threading of black; on a dress of long-line crinkles silk-and-wool. The tailor-cut woman type.

CARNIVAL ANNOUNCED

An addition to the school calendar for this spring has been announced after the faculty of Sam Houston school set March 15 as the date of its annual carnival. Attractions are to be planned soon for this occasion.

E. C. McKenzie, Doyle Ward, Dr. Charles Best, Mr. and Mrs. Fred C. Fischer visited Thursday in Oklahoma City with Fay Baxter, who is on a major operation there. They found him resting well.

Donald Marti is quite ill this week. Marshall Coulson has improved somewhat. He is ill of pneumonia. Mr. and Mrs. Cecil Shipley have recovered from pneumonia. Mrs. Shipley and the children have had mumps.

Mr. and Mrs. T. Allison are the parents of a boy born Tuesday.

NEW HOME AT SKELLYTOWN IS GIVEN SHOWER

Several Clubs Due To Have Meetings Next Week

SKELLYTOWN, Feb. 2.—A group of friends met Thursday afternoon and went in a body to shower Mrs. Raymond Paulsen. Mr. and Mrs. Paulsen have been married several months, but have just started house-keeping.

After the miscellaneous gifts were presented, two games of bridge were played, then mint ice cream and cake were served.

Guests were Mmes. Bill Campbell, D. C. Paulsen, Frank Richards, Gemally, W. Loth, W. Propst, Ed Patchett, Joe Miller, Wesley Black, Henry Paulsen, Mabel Marti, Wayne Sutton, J. C. Jarvis, Joe Carroll, L. R. Jones, and the honoree, Mrs. "Bud" Paulsen.

Several friends sent gifts but were unable to be present. Mrs. Gallaher Entertains Mrs. G. B. Gallaher honored Mrs. Kirby with a shower Wednesday afternoon. After several contests the gifts were admired. Pumpkin pie with whipped cream and coffee were served. Pink and blue favors and decorations were used.

Those present were Mmes. H. C. Rush, Guy Harris, Ed Baker, Joe Miller, O. E. White, Huffines, O. D. Hally, Frank McGuigan, J. C. Jarvis, Kirby, and the hostess. Numerous gifts were sent by those unable to attend.

Clubs Scheduled La Nueva club will meet with Mrs. Charles Wayne Wednesday, due to illness in Mrs. Coulson's home. Mrs. Joe Miller is to be hostess to Amigo club Thursday afternoon. The P. H. Sewing club will meet with Mrs. Cecil Shipley Friday afternoon.

Personals Donald Marti is quite ill this week. Marshall Coulson has improved somewhat. He is ill of pneumonia. Mr. and Mrs. Cecil Shipley have recovered from pneumonia. Mrs. Shipley and the children have had mumps.

Mr. and Mrs. T. Allison are the parents of a boy born Tuesday. See SHOWER, Page 5

GARDEN CLUB WILL RESUME ITS MEETINGS

Clubs again take the lead in women's interests with the start of February and first announcement of plans for annual conventions that loom surprisingly close. Federated clubs will begin electing delegates for their convention at Plainview in March.

After a quiet "fifth week" club activity will be resumed here with a series of regular meetings, including that of the Garden club Friday. It is ending its annual vacation period of two months, and members will begin spring garden plans Friday morning.

Starting the month, the Council of Women's clubs will have its meeting Thursday morning, followed in the afternoon by the Council of Parent-Teachers association.

A new club project is being launched by the A. A. U. W., at a meeting of the World Events club called for Tuesday evening. Mrs. J. B. Massa is chairman of the study group committee sponsoring this meeting. It will be at her home.

Treble Clef club is to have a special meeting for rehearsal Monday, and a regular meeting Wednesday, preparing for its annual open house program later in the month. Junior Treble Clef club is also to meet.

Arno Art club and Civic Culture club in regular programs Tuesday afternoon, and Business and Professional Women's club in executive session that evening, are other meetings scheduled.

Church Prepares For Historical Day Observance

Plans are being completed for the historical service of First Methodist church next Sunday. Raymond Earrah Jr., first grandson of Mr. and Mrs. W. W. Harrah, who were the first members of the church at its organization, will read a brief history of the church at the evening service.

Captains for the group who joined under each pastor have been selected and are organizing to secure a large attendance at the service. These captains with the name of the pastor who served the church at the time each joined are: Rev. J. A. Laney; J. N. Duncan for Rev. E. G. Huckabee; R. W. Tinsley for Rev. R. M. Morris; Mrs. Sam McCullough for Rev. A. L. Bowman; Mrs. Malinda for Rev. W. B. McKown; R. S. McConnell for J. J. Lowry; Mrs. Ralph Chisum for Rev. J. E. S. Huckabee; Mrs. Horace McBee for Rev. M. S. Leverage; Mrs. Joe Shelton for Rev. J. M. Paines; Mrs. W. H. Peters for Rev. B. J. Osborne; Mrs. A. C. Cary for Rev. J. T. Hicks; Mrs. Roy Bourland for Rev. Tom Brabham; Mrs. Paul Jensen for Rev. Ray N. Johnson; Mrs. M. E. DeTar for Rev. O. A. Long; Mrs. W. D. Waters for Rev. Gaston Fiske.

Two pastors who served the church, Rev. L. H. Harris and Rev. A. C. Smith, have no members remaining who joined under their pastorate.

Rev. J. S. Huskabee, former pastor, will preach at the evening service, and the present pastor, Rev. Gaston Fiske, will preach at the morning service. Rev. C. A. Long, another former pastor, had been invited to preach at the morning service, but a letter from him stated it would be impossible for him to be here.

Messages to the congregation will be read at the morning service from the former pastors who cannot be present.

MANY ATTEND VALENTINE TEA GIVEN AS AN ALTAR SOCIETY BENEFIT IN MRS. DWYER'S HOME

Hear Bridge Lecture And Enjoy Hour Informally

Guests at a bridge lecture and tea in the home of Mrs. J. E. Dwyer Thursday afternoon improved their game, enjoyed a pleasant social afternoon, and aided the Altar Society of Holy Souls church, sponsors of the benefit event.

As many as could be seated in the rooms heard the talk on leads and plays by Virginia Emerson, who illustrated her suggestions with black-board diagrams, and presented each listener with typed rules for leads. Valentine decorations made the room cheerful, and the refreshment plate repeated the theme. The only program numbers were vocal solos by Mrs. J. W. Garman, accompanied by Mrs. P. H. Lane.

Guests were received by Mrs. Lynn Boyd, Mrs. E. McKernan, president of the society, and Mrs. Dwyer, and shown to seats by Mrs. Frank Roach and Mrs. D. C. Kennedy.

Mrs. Roach was general chairman for the benefit. Mrs. A. B. Zahn chairman of refreshments, Mrs. C. H. Robins, chairman of seating arrangements, and Mrs. Boyd of tickets.

Guests included several women from Borger, among them Mmes. W. D. Kelly, John Wheatley, Wayne O'Keefe, Claude Campbell, Charles Chapman, and Mrs. W. J. Dwyer.

Members of Mayfair bridge club were guests of Mrs. Boyd, choosing to hear the lecture rather than play in their usual meeting this week.

World Events to Be Reviewed by New Study Group

The World Events club of the A. A. U. W. will meet at 7:30 Tuesday at the home of Mrs. J. B. Massa. Members of the A. A. U. W. their husbands and guests are invited. Doyle Osborn, history instructor in high school, will be a speaker. Plans are being made for this group, of which Mrs. Massa is chairman, to conduct monthly meetings for reviews of current world events.

Club members who wish transportation to the meeting are asked to call Mrs. O. C. Wilson.

White Deer, Feb. 2.—The Art club was entertained with a colonial party at the home of Mrs. Ray Gares last week, the Blue Monday club by Mrs. J. C. Jackson.

NAVAL FLIERS DIE IN CRASH-- BODIES BURNED

FOG CAUSES TRAGEDY AT WEATHERFORD SATURDAY

MILLSAP, Feb. 2 (AP)—Two naval fliers were killed and their bodies burned beyond recognition when their plane crashed near here today.

Through papers found in the wreckage they were identified as Lieut. John G. Burgess and Lieut. Oscar Willis Pate, Jr.

Two other planes in a convoy, en route from San Diego to Philadelphia, were forced down by a heavy fog at Saco, a few miles west of the scene of the fatal crash.

The fliers had spent the night at Abilene, taking off early today on the next stage of their flight.

Lieut. O. P. Smoot, in command of the flight, said the fog flying under an 80-foot ceiling, ran into a fog bank shortly after leaving Abilene and turned back to escape it.

In this maneuver, he said, Pate and Burgess became lost and the fog prevented occupants of the other two planes from seeing their fate.

Mrs. Z. A. Maddox, operator of filling station nearby, reported the accident to Sheriff Lester Stewart at Weatherford, to which the bodies were taken.

She said she heard an airplane overhead but was unable to see it through the fog. Then, she said, she saw a flare and a flaming streak plunged earthward.

Mrs. A. J. Lane, another witness, said she saw three planes coming out of the southwest. Suddenly, she said, one climbed above the fog, checked and dived, obviously in trouble. She said it exploded just before it struck the ground.

Persons who dragged the bodies from the wreckage said they found no parachutes, but later investigators said the packs were present, burned until it was hard to identify them.

The plane that crashed was piloted by Lieut. Pate, with Lieut. Burgess as a passenger. In the plane piloted by Smoot, G. B. Chaffee was the pilot. He had an enlisted mechanic as his passenger.

The naval training base at San Diego reported the planes were being taken to Philadelphia for overhaul. They were land fighters, and left San Diego Jan. 31.

Navy department records showed Burgess was a native of Minnesota and Pate a native of Georgia.

Americans Are 'Insulted' By French Medics

PARIS, Feb. 2 (AP)—French students abandoned their anti-foreigners campaign today but promised to start all over again if they get no "satisfaction" within the month.

A projected mass meeting in Paris to protest "unfair competition" by foreign medical students fizzled when the 1,000 parading students found their proposed meeting hall "occupied."

After several minor clashes police succeeded in dispersing them. Previously the authorities had intimidated the students "France for the French" campaign, which caused disorders yesterday and today in Paris, Bordeaux, Lyon and Montpellier, was embarrassing the nation.

An answer to the statements published by medical students, whose boycott of classes since Wednesday to protest the asserted "unfair competition" that 74 per cent of the students at the University of Paris are medical students, official figures were issued to show that the proportion is only 21 per cent.

There are 33 American medical students in Paris and some dozen others in the provinces, the authorities disclosed. The action of the Americans in protesting "insult," to which, they said, the anti-foreign "drive subjected them was emulated today by other foreign groups.

SOONER PRISON WARDEN FORCED TO RESIGN JOB

Escapes Are Probed; Torture Tales Are Told

OKLAHOMA CITY, Feb. 2 (AP)—Oklahoma prison escapes brought the resignation of Warden Sam Brown of the penitentiary today and placed Mrs. George A. Waters, reformatory warden, under fire.

Mrs. Waters, only woman warden of a male prison in the United States, also faced investigation concerning charges of extreme cruelty to going prisoners.

George Matlage of Gotebo told Governor Marland he had been handcuffed to the bars of his cell door at 10 a. m. one day last May.

"About 5 o'clock in the afternoon, an officer named Hardwick, knowing I was handcuffed to the bars, pulled the levers controlling the doors, thereby crushing my arms.

"I called for help and Hardwick came to the cell. When I told him my arms were broken, he said he could not let me down without the warden's consent... they kept me there until 2 o'clock the next morning when I was released and went to bed."

He said he again was handcuffed to the bars in August. "This punishment was not unusual," said Wallace, who was released for "good behavior" after serving 11 months of an 18 months sentence.

In resigning following upon the escape of two long-term convicts last night, Warden Brown criticized Governor Marland for "inciting prisoners with his comment." Marland said he would adopt a "hard-boiled" attitude toward clemency.

Brig. Gen. William S. Key, Oklahoma City oil man and former warden, will replace Brown immediately.

that night, Wilentz said, was at a New Jersey roadhouse not far from the Englewood home of the Morrows. She persisted under questioning at the time in refusing to tell where she had been, as servants of the Morrow estate had been forbidden to patronize that particular place.

In addition to Mrs. Morrow, fellow servants of Miss Sharpe can testify convincingly that the woman with the baby that Sommer said he saw could not have been Mrs. Wilentz. Also available are two men and a young woman who have said they were Violet Sharpe's companions on the kidnap trip.

Most alibi witnesses also are to be called to add their weight to those who already have said that Hauptmann would be turned back to Bronx county, N. Y., authorities to face charges growing out of his having been found to possess Lindbergh ransom money. A conviction of murder would call for a sentence of death in the electric chair at Trenton.

The defense has more handwriting testimony to bolster that of its No. 1 expert, John M. Trendley of East St. Louis, Ill., who testified that Hauptmann did not write the ransom notes. State experts said he did.

MISTRIAL ORDERED SAN AUGUSTINE, Feb. 2 (AP) - Lee Parish's trial on charges of slaying Bonnie Hooper, 15, ended today in a mistrial when the jury failed to agree after 49 hours of deliberation. The court ordered the case removed to Nacogdoches county, and Parish was remanded to jail without bond.

Woman

SYNOPSIS: Brother Pascual has arrived at the lair of Mateo Rubric, Mexican bandit who goes only of the rich. Rubric offers Pascual money for his pony, but Pascual wants only food. The bandit, who has great admiration for the priest, decides that some day he will reform and do a great penance. But right now he wants more wine.

Chapter Two. PEACEMAKER As Pascual ate, Mateo Rubric stroked up and down with his jeweled wine cup in one hand and in the other a fat second joint from which he tore long shreds with those powerful teeth of his.

"Now is the time to speak, Lucio," said Rubric. "You have been sitting there with fire in your hands, looking Jose with glances. Tell me what was wrong."

"I will remember," said Jose, suddenly abashed and staring at the floor.

"Are you satisfied, Lucio?" asked the master.

"No," said Lucio. "Take knives, then. Strip to the waist. Carve each other or kill each other. That is the law. But I will have no hatreds inside my hand."

"Good!" said Jose, and began to tear off his jacket. Lucio said nothing, but there was speech in the burning of his eyes and in his sneering lips.

"Therefore," said Lucio, "ask me for my right hand and it is yours."

"Brother, forgive me!" said Jose, helplessly, and he gave his right hand. Pascual instantly clasped it into that of Lucio. He stood over the two men, who glared at one another.

GOLD CLAUSE

reached an agreement, or merely that preparation of the written opinions had not been completed was an immediate target for speculation.

Administration Plans At the very moment that Chief Justice Hughes was dictating to Charles Elmore Cropley, the court clerk, the administration's experts on law and money were meeting around a glossy oaken table in Attorney General Cummings' office.

They had gathered, reportedly, for last revisions in the plans which a series of such meetings had produced for quick action in the event the verdict was adverse to the government.

Whether the court took this situation into consideration and made its announcement with a desire to relieve the tension, was of course a matter of conjecture.

Exchanges on Guard Never before could it be recalled that the court had gone out of its way to disclose whether any particular decision would or would not be rendered upon any particular date.

The commission has absolute authority to close more than 200 stock exchanges from New York to San Francisco at a moment's notice.

Apparently somewhat stirred by opposition to his social security program, President Roosevelt will send Secretary Morgenthau and Secretary Perkins before congressional committees Tuesday to present proposals for changes in the projected legislation.

These amendments are designed to remove obstacles to favorable action and to speed consideration of the legislation in both branches to give the 44 state legislatures meeting this winter an opportunity to enact bills to carry out the program.

House democratic leaders have consented to the administration's demand for speed. They plan to shut off hearings before the ways and means committee Wednesday and bring the bill to the house floor for a vote under a "tag" rule barring all amendments.

MOODIE

tion, and called upon all citizens to cooperate with his successor. Acting Governor Welford is a member of the non-partisan league which assailed Moodie's election.

A provision of the state constitution, designed to bar carpet-baggers years ago, was the lever which lifted Moodie out of the gubernatorial chair and gave victory to the foes who made his month's incumbency and the month previous a period of intense political strife in the state.

The court decided that the November election was a "legal nullity" insofar as the election of a governor is concerned. It held specifically:

That Walter Welford, lieutenant-governor, becomes acting governor for the balance of the term to which Moodie was elected.

Keywood Brown, president of the American newspaper guild, added a paragraph to the criticism of Richberg today, with a statement to the NRA governors that the guild "will come no more to stand and wait for Donald Richberg to pass around the potage."

The meeting at the justice department included, in addition to Attorney General Cummings, Her-

berg maintained the newspaper industrial board, and not the labor relations board, should handle the complaint of Dean S. Jennings, San Francisco Call Bulletin rewrite man, that he was forced to resign for guild activity.

Reasons for Delay The general understanding in Washington was that they through frequent meetings had already decided what should be done and convened today to work out the details. The conference continued until around nightfall.

While the exact cause of the delay in the court was unknown, there were indications that it might be the result of the enormous amount of work incident to preparation of opinions, or the inability of dissenting members to get their views ready for presentation.

You don't have to burn "midnight oil" to appreciate the new I. E. S. BETTER SIGHT LAMP

This tag marks the difference Because some models of this new lamp look little different from ordinary lamps, this tag was developed. It certifies that the Electrical Testing Laboratories, famous engineering organization in New York, has made extensive tests and found that the lamp begins to conform to the new light-saving specifications. Let this tag guide you to the new lamp designed to save eyes.

The I. E. S. Better Sight lamp was designed with one dominating purpose in mind: to make study or reading easier and less tiring for young and old.

Specifications by: The Illuminating Engineering Society. Certified by: The Electrical Testing Laboratories. Endorsed for Lighting Effectiveness by: The Lighting Committee of the Edison Electric Institute, and the National Better Light-Better Sight Bureau.

ELEVEN COMPLETIONS ADD 2,923 BARRELS TO OIL POTENTIAL

9 OIL WELLS AVERAGE 325 BARRELS EACH

SEVEN WELLS BROUGHT IN LAST WEEK IN GRAY COUNTY

BY GEORGE L. GUTHRIE,
Consulting Geologist, Combs-Worley Bldg.

Eleven completions for the last week added 2,923 barrels daily to the potential in the Panhandle district. Nine of these were oil wells and averaged 325 barrels each. One was a gas well and added 13,150,000 cubic feet of gas to the field potential, and the other well was a dry hole in eastern Wheeler county.

New locations dropped off the week to almost half the number of completions.

The Railroad Commission, in getting the new production schedule out for the month of February, set the allowable factor at 6.42 per cent of the proratable oil, which is only slightly lower than the allowable for January, which was 8.883 per cent.

The Texas company has attempted its four-inch line to its widest Taylor well south of the granite ridge. In addition to its first producer it has another well on top of the pay. The second well, the W. H. Taylor D-1, is cleaning out after a 140-quart shot. It is located in section 62.

COMPLETIONS Gray County.

MARKET BRIEFS

NEW YORK, Feb. 2 (AP)—Stocks and bonds ruled steady today in the face of the expected gold clause ruling from Washington on Monday, and leading grains exhibited a better tone. There was no evidence of real nervousness, and the trading volume in all markets was at a minimum.

While equity gains on the average were negligible, a few leaders were able to rise major fractions to a point or so each. No definite trend was discernible in the corporate bond list. Government obligations were a little soft in some cases, but here, as elsewhere, the movement was not uniform.

In the grain pit a little easiness in early dealings was erased toward the close. Wheat ended 1/4 to 3/4 of a cent a bushel higher and corn improved 1/4 to 1/2. Cotton was soft with closing declines ranging from 50 to 60 cents a bushel.

Foreign exchange traders were not too confident. Leading gold currencies sagged, but the pound sterling was able to gain a little ground.

The almost total immobility of the stock list, as a whole, was evidenced by the rise of only 1/4 of a point in the Associated Press average for 60 selected stocks at 38.7. Turnover totaled 399,000 shares.

CHICAGO GRAIN

CHICAGO, Feb. 2 (AP)—A moderate late outburst of buying, apparently to prepare for possible surprise developments Monday, gave an upward trend to grain prices today at 11:30 a. m.

Talk that the United States supreme court gold decision looked for Monday next might be further postponed had an unsettling effect earlier, and so did weakness of wheat at Liverpool. On the other hand, traders took sharp notice of subsequent Washington gossip that was construed to indicate likelihood the gold clause cases would be disposed of in short order Monday.

Wheat closed firm at the day's top level 1/4 to 1/2 above yesterday's finish. May 90 1/4-1/2, corn unchanged to higher, May 84-84 1/2, oats unchanged to 1/4 off, and provisions unchanged to a rise of 1/2 cents.

Corn and oats mainly reflected wheat price action.

Provisions eased early with grains, but afterward advanced owing in part to bullish monthly figures relative to warehouse stocks on hand.

OIL PARLEY IS SUGGESTED BY JAMES ALLRED

INVITES MARLAND TO CALL CONFERENCE FEB. 15-16

AUSTIN, Feb. 2 (AP)—Governor James V. Allred today invited Gov. E. W. Marland of Oklahoma to call a conference of governors of oil producing states to meet in Dallas, probably February 15 and 16 to discuss an interstate oil compact.

Gov. Allred said after a conference with W. J. Holloway of Oklahoma City, representative of Gov. E. W. Marland of Oklahoma, the dates February 15 and 16 were tentatively agreed on, subject to Governor Marland's approval. He may complete arrangements Monday for the meeting.

Holloway, Allred and E. O. Thompson, chairman of the Texas railroad commission, administrators of oil and gas laws, conferred at length, although they announced the discussion largely was confined to time and place for a conference of governors.

Holloway ascertained from Gov. Allred that Texas "should at all times stand ready to cooperate with our sister states to achieve the true purposes of conservation." Added to that, however, was the admonition of the Texas legislature that a compact should be confined to prevention of physical waste, "without price fixing and without the creation or perpetuation of monopoly or regimentation."

Negotiations for an interstate compact by governors were authorized recently by legislators of Oklahoma, California, New Mexico, and Texas. Similar action by the Kansas legislature was anticipated.

"In this report," he said, "the committee, which went into the (oil) situation most carefully, pointed out that perhaps a solution to the many troubles of the oil business could be found in an oil states compact, wherein the states themselves, by permission of congress, could, by treaty, solve their own problems."

Allred said he invited Thompson to participate in all conferences, "in view of his intimate knowledge of the questions involved and his official position."

Preliminary conferences of oil states governors, called by Maryland, resulted in recommendations for a compact, formed with sanction of congress and approved by state legislatures, for prevention of waste of natural resources.

KANSAS CITY LIVESTOCK

KANSAS CITY, Feb. 2 (AP)—U. S. D. A.—Total cattle receipts at eleven midwestern markets numbered 178,000 against 156,147 last week and 160,346 the corresponding period a year ago. Although comparative figures show an increase in numbers, the supply of beef was only moderate; the run at most centers on early stations included a sizeable quota taken by stocker and feeder buyers. Also the average weight on killing steers and yearlings is considerably less than last year at this time. Slaughter steers and yearlings advanced 25-75 with the lower grade at the minimum upturn but still relatively high. Lower grade heifers went unchanged while better grades and cows made a gain especially good beef cows. Country demand absorbed most thin cattle at from strong to 25-50 higher levels. At Chicago choice long fed steers reached 13.25, a new peak since 1930. Best light yearlings reached 13.25 while top heavy heifers made 11.75 at the same market.

An aggregate of 300,000 hogs was 17,000 less than last week's figures and 231,000 under the total last year for the same week. Weights went down, ranging in more liberal numbers declined generally 25 while heavier averages cleared steady to 15-25 off. The circuit's best price was 8.00 at Chicago and St. Louis.

A downturn of 25-50 was made in fat lamb prices with less desirable kinds at Chicago off 50-75. Sheep sold generally 25 lower while feeder classes were offered in numbers, sold 25-75 under last week's close. A few select lambs at St. Louis scored 5.50 while best feeding lambs at Chicago brought 7.65.

ATTENTION FARMERS AND RANCHERS

Why not breed your mares to a good registered saddle stallion? If you have good mares, raise better colts by using a proved sire. Even ordinary work mares bred to a good saddle stallion will improve your stock and many times produce an excellent riding animal.

NOW IS THE TIME TO BREED

We have two fine stallions in service.

GENERAL SADDLE

has been in service on the farms for several years and his colts are of the very best. \$25.00 fee \$15.00.

ADMIRAL GRAY

is a younger horse and kept by us in service, though owned by the State of Texas, and we think will prove an outstanding sire. Service fee only \$5.00.

If you desire to keep your horse with us for a few weeks, our boarding rates are reasonable. Some very fine colts and a few pleasure horses for sale.

PICTURE WITH ADVENTURE TO BE HERE TODAY

FRANCHOT TONE, GARY COOPER WILL STAR IN DRAMA

A picture which combines magnificence, sheer spectacle, and breathtaking action with the poignance of human drama, Paramount's "The Lives of a Bengal Lancer" comes to La Nora theater today.

There have been any number of screen spectacles based on the lives and adventures of fighting men, but never one of the calibre of "The Lives of a Bengal Lancer." Over four years in the making, it employed more than four thousand actors in scenes shot in the mountain fastnesses of India and in five separate locations in California.

Shown above is a scene from "Lives of a Bengal Lancer," an outstanding movie production which comes to La Nora theater today. It features Gary Cooper, Franchot Tone, Richard Cromwell, and Sir Guy Standing.

Gary Cooper, Franchot Tone, Richard Cromwell and Sir Guy Standing head the cast of the picture, as officers of this colorful regiment. The drama arises from the conflict between Sir Guy Standing, who plays a crusty, hard-shelled colonel, and his subordinate officers.

Cooper and Tone adopt Cromwell, the colonel's impulsive son, as their special charge. When he becomes involved with a Russian girl and is carried off by a neighboring chieftain, Cooper and Tone follow, although the colonel refuses to go to his son's rescue.

They, too, are captured and the chieftain employs torture to wring the secret of an enormous ammunition convoy from Cromwell. The chieftain captures the ammunition and the Lancers, although they face certain destruction, prepare to attack in order to check the revolt which will follow.

At this crucial moment Cooper hits upon a plan, and first swearing the boy to secrecy on his own shameful betrayal, goes out to blow the fort to smithereens and save the Lancers.

That, in its essence, is the story, but it gives you no idea of the wild, pounding charges, the stirring horsemanship, the suspense and the fascination of glimpses of a strange and unexplored East that make "The Lives of a Bengal Lancer" one of the grandest spectacles ever to be filmed.

The cast, which features only one girl, Kathleen Burke, includes such Hollywood favorites as Monte Blue, C. Aubrey Smith, Douglas Dumbrille, Akim Tamiroff and Colin Tapley.

Relief Clients Looking Forward To Free Movie

Two packed houses are expected to see "Treasure Island" at the State theater Tuesday night, when county relief clients will be admitted free. The public may assist by paying the usual admission price.

The picture is being brought to Pampa by the Twentieth Century Forum. It features an all-star cast with Walter Beery and Jackie Cooper.

Every person, man, woman or child, on relief must secure a ticket at relief headquarters in the basement of the city hall by 5 p. m. Tuesday. The ticket will be marked for the show at 6:45 o'clock or for the second showing at 8:30 o'clock.

The theater will be emptied at the close of the first show, with the exception of those having admittance stubs.

E. L. King's Firm Is Distributor of Water Softeners

E. L. King and company located in the Combs-Worley building, has been appointed Pampa's representative of the Permutit company, largest manufacturers of water softeners in the United States.

"It is not generally known that hardness, such as we have in our water, combines with soap and forms curds," said E. L. King. "They make the water look milky. Those curds form the annoying rings around bathtub and wash basins."

"Hard water chaps and roughens the skin. It makes the hair sticky and destroys its lustre. Soft water keeps the hair smooth and glossy. Hard water shortens the life of fabrics. It clogs pipes, chokes heater coils and wastes fuel."

"This equipment adds no chemicals to the water, the water softening material lasts many years, it softens water as fast as used, and the apparatus has no moving parts."

"The installation of a water softener is a means of effecting a substantial saving. By using soft water instead of hard water, annual soap cleanser bills can be cut in two. Annual expenditures for washable dresses, underwear, children's clothing, stockings, sheets, towels, linens, etc., can be cut. The annual expense for repairs for plumbing, hot water heating, etc., can be reduced also."

'GOT RHYTHM' IS COMING TO REX THEATER

STAR NEVER HAD VOICE LESSONS—BUT WHAT A SINGER!

"If you want to sing—forget your diaphragm!"

That, contrary to everything music and vocal teachers have been preaching for decades, is the straight-from-the-shoulder advice of Ethel Merman, brown-eyed rhythm girl who first startled Broadway with her renditions of "I Got Rhythm" and "Eadie Was a Lady." And she is supported in that startling contention by Bing Crosby, with whom she is featured in Paramount's "We're Not Dressing," coming today to the Rex theater.

"I never took a singing lesson in my life," reveals Ethel.

"When I was a little girl I started to sing the songs I heard others humming. Later in life, during the long hours I put in as a typist, I used to sing softly. Then I decided I might do something with my voice professionally."

"I went to a music teacher, but the first thing he did was to tell me I wasn't concentrating on my diaphragm, and that I probably

would never get anywhere unless I watched those breathing muscles. The minute I did so I found I couldn't sing naturally.

"The one interview was enough. I went ahead trying to put feeling into my songs, rather than keeping tab on my diaphragm.

"If anyone can sing I'd advise them to just go ahead and sing; to put everything they can into a song and forget the technical 'do's' and 'don'ts' of voice experts."

Ethel's advice is backed up by a singer who has reached the top rung of musical ladders without the aid of a coach—Bing Crosby. For Bing likewise has steered clear of music schools.

He will sing four numbers in "We're Not Dressing," the tunes written by Mack Gordon and Harry Revel, expected to become national hits.

Miss Merman will match Bing's tunes with four more. The two singers, along with Carole Lombard, George Burns, Gracie Allen, Leon Errol and Jay Henry, were directed by Norman Taurog.

George Ireland, backguard on the Notre Dame basketball team, has played in every one of the last 30 Notre Dame games. He was the only member of the squad to participate in all of last season's 24 games, and his record was still unbroken in the first six this year.

In winning from Stanford recently at South Bend 29-19, the Notre Dame basketball team once trailed the losers, 6-1—but not for long. While Stanford was making its next point by the free throw route, the Irish ran up 21 counters to take a 22-7 lead.

Jaycees Will Observe National Youth Program

Dedicated to character building and the promotion of better citizenship in the youth of the country, National Youth week will be observed in more than 300 communities February 12 to 22.

The movement was launched by the United States Junior chamber of commerce through its juvenile welfare committee with representatives in all parts of the country, and the week was officially proclaimed by E. R. West of Los Angeles, national president of the organization, and Walter F. Finke of Minneapolis, Minn., chairman of the committee. The Pampa Jaycees will take note of the special week.

Affiliated groups with the national Junior chamber and many independent organizations of young business and professional men have arranged special meetings in cooperation with such youth character building organizations as the Boy Scouts, Y. M. C. A., Big Brother groups, and others. The date of February 12 to 22 was selected because it includes both the birthdays of George Washington and Abraham Lincoln, two of the greatest heroes of the youth of the nation.

Work along the lines of juvenile welfare has been under way in various Junior chambers of commerce for several years and a nationwide program was outlined nearly a year ago, the general ob-

jectives calling for development of a plan for co-ordination of character building activities in each community; co-operation with public agencies, providing recreational facilities for juveniles; co-operation with private character building agencies devoted to the guidance of youth; co-operation with juvenile courts and probation departments; and co-operation with or work for establishment of juvenile bureaus in police and sheriff's departments.

Unit Backs Two Aims For Month

Activities to promote more secure peace and more secure possession of the advantages of democracy will be emphasized by American Legion Auxiliary units throughout the nation during February. Plans for the participation in the work by Pampa unit are being made under the direction of Mrs. Al Lawson, national defense chairman, and Mrs.

W. F. Vincent, chairman of Americanism.

"February has been chosen by the Auxiliary as 'National Defense and Americanism month' because it contains the birthdays of the two greatest Americans, Washington and Lincoln," explained Mrs. Lawson, unit president. "Both of these men exemplified the highest American ideals and our activities will pay them honor by striving for their principles."

"In our national defense work we will seek to develop a better understanding of the need for more adequate defensive preparations to safeguard the nation's peace."

"The security of our democratic institutions is being seriously threatened by changed conditions and by growing radical movements. The Auxiliary's Americanism work aims to build up a type of citizenship able to operate a democracy under modern conditions—able to solve the country's problems without sacrifice of the freedom, justice and opportunity which democracy gives."
