

WINNERS ARE NAMED IN H. D. CLUBS' WARDROBE CONTESTS

MRS. CUDE TO COMPETE FOR STATE HONORS

OLDS' AND OLD TIME DRESS SHOW ADD INTEREST

Mrs. N. B. Cude of Kingsmill home Demonstration club won first place in the county dress contest for wardrobe demonstrators of class two, when the annual clothing show was conducted here yesterday.

Mrs. E. A. Shackleton of Priscilla club placed second, and Miss Pae of Hopkins third. Mrs. Cude's dress was an evening frock of tulle net. Winning in the county titles her to enter the state contest.

The clothing show opened an all-day program at First Christian church, attended by women from all county clubs. Children's clothing contest was the second event.

Children Model Clothes

First place for small boys' suits went to Mrs. J. C. Walker of McLean, whose 2-year-old son, Robert, wore the blue English broadcloth suit. Jean and Jim Robinson, 3 and 4-year old sons of Mrs. Claude Robinson of McLean, modeled the second and third place suits.

Ninetta Spearman, 2, wore the milky sheep dress made by Mrs. Spearman of Priscilla club, while the second place frock was shown by Yvonne Pickering, daughter of Mrs. W. A. Pickering of Merten.

First place for print dresses was won by Mrs. Jim Hopkins of Hopkins club. Her daughter, Martha, modeled the dress.

Christina, daughter of Mrs. Walter Smith of McLean, wore the second place frock, and Ninetta Spearman the third place winner.

In addition to the contest clothes, Dorothy Sunkel appeared in a ring coat and Shirley Moore in a suit made by their mothers.

Costumes from '32

Interesting as a study in the progress of fashion was a parade of old fashioned dresses dating from 1882. The oldest costume was worn by Miss Betty Farley, a black silk baser from her grandmother's wedding gown, and the bluest skirt of another wedding dress.

Six wedding dresses were among the frocks representing each decade of the past half century. Mrs. C. A. Ignor and Mrs. E. A. Shackleton modeled their own wedding gowns, their models were Mrs. E. J. Whiting, Willard Franklin, A. R. Alberg, Carl Baer, Herman Jones, Walter Smith, Clyde King, Misses Dorothy Stokes, Juanita Wade, Pae Davis, and Anna Sue Williams. Mrs. Cude appeared in her 1935 frock to complete the showing.

This old-time dress parade completed the program, following a recreational hour directed by Miss Pae Davis and Mrs. Claude Robinson. Mrs. J. M. Daugherty as pianist and Mrs. Herman Jones as song leader.

A session of the county council was in progress at the same time, and monthly business was transacted. It followed the covered dish luncheon served at noon.

Merion Series Is Nearing End

"The narrow way is not the narrow mind," said the Rev. B. W. Walker in his sermon at St. Matthew's Episcopal church last evening. "It means rather, concentration—the narrowing down until the compelling purpose dominates all of one's life."

The sermon was one of a daily series being preached this week by Bishop E. C. Seaman and Mrs. Seaman of Amarillo. The Rev. Mr. Aiken and Mrs. Aiken of Plainview were among the visitors last evening.

This morning the service is devoted to Christian Healing, and this evening to Christian Prayer. No services will be conducted tomorrow, and Bishop Seaman will preach the closing sermon Sunday. Everyone invited.

Men's Classes Make Attendance Drive

Men of First Methodist church are making special efforts this week to have a large crowd Sunday at Sunday school. Workers from the Builders and the Brotherhood classes are pushing a personal visitation campaign for attendance.

Travis Lively is teacher of the Brotherhood class and Rev. Gaston Cote of the Builders. The two classes meet together for the opening program.

FOOD SALE POSTPONED

A food sale planned by Merten home Demonstration club for tomorrow will be held instead on Saturday of next week, it was announced today. Members will place food on sale at Purr Food one number 2.

Annette is not contented to gaze through the looking-glass, but makes a personal investigation of ways and means of entering, gravely absorbed in the problem.

SISTER MARY'S KITCHEN

BY MARY E. DAGUE, NEA Service Writer.

Would you think of combining pineapple and coffee for one of those cooling hot weather drinks? You'll like it.

And, moreover, according to the Chemical Research of the Department of Agriculture, beverages made with charged or carbonated water are healthful drinks. Also they are of some food value due to the sugar used in their making, while the fruit juices, acids, extracts and other flavors from aromatic herbs and roots, as well as the carbon dioxide gas in them, act as a tonic and mild astringent. So that ought to settle any worry about putting them on the family menu.

Blend Rind With Sugar Syrup.

Add the grated rind to the sugar syrup while it is hot for the best results. Make a simple syrup as usual and when it is cooked, add the grated rind of two lemons or oranges to every cup of sugar and let stand until cool. Strain and bottle as usual.

Beware of making the summertime drink too sweet, for a tart drink quenches thirst and refreshes more than a syrupy one, and a sweet drink is more heating, since it has a higher food value.

If you keep your refrigerator stocked with bottles of sugar syrup, various fruit juices and ginger ale, you can serve a delicious drink at a minute's notice. When you want a fruit punch for a certain time, it's a good idea to mix the juices

and the syrup several hours before hand. Thus the flavors blend and the drink is better. Any charged water that is used should be added the last thing before serving.

Iceed Pineapple Coffee.

Three-eighths cup sugar, 3/4 cup water, 1 scant teaspoon grated orange rind, 3 cups cold coffee, 1/2 cup pineapple juice, 1/2 cup cream.

Boil sugar, water and orange rind together for ten minutes. Strain, cool and add cold coffee. When ready to serve combine with pineapple juice and cream. Serve in tall glasses filled with cracked ice.

Vanilla Wafers.

Three tablespoons butter, 3 tablespoons lard or other shortening, 1 cup granulated sugar, 1 egg, 4 tablespoons milk, 2 cups flour, 2 teaspoons baking powder, 1/2 teaspoon salt, 2 teaspoons vanilla.

Cream shortening, beat in sugar, stirring until creamy. Add egg well beaten with milk and vanilla. Mix and sift flour, salt and baking powder and add to first mixture. Chill for an hour before rolling. Bake on a buttered and floured cookie sheet in a moderately hot oven (375 degrees F.) for ten minutes.

61-YEAR-OLD GARDENER SHOTS SWEETHEART AFTER A QUARREL

HOLLYWOOD, Calif., June 28 (AP)—Daniel W. Nield, 61-year-old gardener, was booked on suspicion of murder early today in the slaying of his sweetheart, Miss Frances Conklin, 42, a Hollywood stenographer.

Climaxing an investigation that began last night with the discovery of the woman's bullet-torn body in a secluded spot near the Griffith park bridge path, Detective Lieutenants Roy Hurst and Ray Giese said the elderly gardener had confessed the slaying.

His story, the detectives said, told of a picnic that ended in a lover's quarrel when Nield accused Miss Conklin of "not loving" him.

The couple, accompanied by the woman's 84-year-old mother, Mrs. Maria Conklin, were on a picnic in the park where Miss Conklin was shot. Leaving the mother alone, the two sauntered off together. The quarrel and the shooting followed, the detectives said.

"It is like a nightmare," Nield was quoted as saying. "I shot her once, twice, I don't know how many times. Then I ran away."

FRIENDS HONOR MRS. MARTI AT RECENT PARTY

Club Gives Farewell Shower for Skelly Resident

SKEELLYTOWN, June 28.—The F. H. Sewing club and a few other friends of Mrs. Mabel Marti gathered in the home of Mrs. L. R. Jones for a farewell party. After games were played and prizes awarded, Mrs. Marti was allowed to examine her gifts.

Home made ice cream, cakes, and punch were served to Mmes. Conyers, J. C. Simms, Bill Hughes, Carl Williams, E. E. Stafford, Boyd, Jack Tomlin, Arthur Johnson, Joe Carroll, A. C. Carroll, Clifford Cannon, Roberts, Gene Dixon, O. D. Halley, T. Worthington, Roy Christopher, Cecil Shipley, R. Polson, Crawford, I. C. Looman, George Lewis, J. C. Jarvis, the honoree and hostess.

Vacation Trips Made

Mr. and Mrs. Nell Sorenson returned Wednesday evening from a vacation in Colorado and New Mexico.

Mr. and Mrs. T. L. Allison and children left Tuesday noon for a vacation in Oklahoma.

Miss Mary Alice Suttle accompanied Mr. and Mrs. Joe Miller home from Kansas last week. She is a niece of Mr. Miller.

Miss Wanda Black left Sunday for Camargo, Okla., to visit her parents.

Mrs. M. A. Jacobs of Superior, Neb. is spending this week with her granddaughters, Mrs. J. C. Jarvis and Mrs. F. D. Harvey.

Mrs. F. D. Harvey, Mrs. Alta Woods and baby, and Ed Harvey of Newark are here visiting F. D. Harvey and C. O. Harvey.

Mr. and Mrs. Fran Plard and son and Miss Clara Stephenson have been on vacation in Stillwater and Ponca City, Okla., the past two weeks.

Miss Wilma Siler of Tonkawa, a sister of Mrs. Joe Harris is here for the summer.

J. D. Hughes made a business trip to Pampa Wednesday.

Mrs. Sylvia McCracken of Wheeler is visiting in Roxana this week.

M. E. Church to Hold Conference; Quartet to Sing

A joint quarterly conference will be held Sunday afternoon at 3 o'clock at McCullough Methodist church for First church and McCullough-Harrab churches.

Rev. Thos. S. Barcus, presiding elder of the Clarendon district will preside and reports will be given by the officials and pastors of all churches. Everybody is invited to attend the conference.

The Beacon quartet of Amarillo, famous as a radio quartet, will sing several numbers Sunday night at the First Methodist church at 8:15 o'clock.

This quartet is much in demand and it was through the courtesy of H. A. Shaw, musical director of the First Christian church of Amarillo that they were secured for Sunday night, an announcement said today from the First Methodist church. Mr. Shaw is a member of the quartet.

Rev. Gaston Foote will deliver the last of a series on "The Whole Lot Family" Sunday night. His subject for the closing message will be, "A Heipless Old Man With a Wicked Family."

The pastor will also preach Sunday morning at 10:30 and Mrs. Philip Wolfe and Miss Jewell Shaw will sing a duet.

the park and taken to her home by strollers, did not know of her daughter's death until early today.

Officers said that after the shooting Nield went to the home of a brother who persuaded him to surrender.

Notice!

Schneider Hotel

Important plans for the coming year will be outlined and discussed.

Everyone interested, whether members or not, are cordially invited to attend.

Phone 710 or 711 Immediately For Reservations

CHILD HEALTH ROUNDUP FOR SUMMER OPENS

BAKER P-TA WORKERS LIST PROSPECTIVE FIRST GRADERS

Summer health work among preschool children has started in E. M. Baker Parent-Teacher association, where the health roundup committee is visiting mothers whose children will enter the first grade next fall.

More than 60 children have been listed and their mothers given blanks for physical examinations, but mothers who have not been reached are asked to see that their children receive the examinations also.

The children may be taken to the family physician, and will be examined without cost. Early examination is urged, so that any defects found may be corrected before school starts.

Mrs. Earl Roof is chairman of the Baker roundup committee, with Mmes. Cecil Lunsford, Claude Lard, and Roy Holt as committee members. Blanks may be secured from them, or at the office of the physician who makes the examination.

Church Ousts Minister Who Urged Repeal

ATLANTA, June 28 (AP)—The Rev. E. W. McBrayer said today he probably would resign from the Methodist ministry as a result of his conviction by a church board of "unministerial conduct" in connection with anti-prohibition activities.

The pastor, who campaigned for repeal of the Georgia dry laws in a recent referendum, was held by a jury of 13 fellow ministers to have been guilty of "gross imprudence."

He was ordered suspended until the next annual conference of the North Georgia conference of the Methodist Episcopal Church, South, in charge of "immorality" preferred because of his participation in the campaign was not sustained.

McBrayer, who occupied the pastorate of the Lakewood Heights Methodist church here, said he would continue to hold public services in a suburban Masonic temple until he definitely decides his future course.

The minister conducted his own defense, denied he had received any remuneration for speeches before Georgia's May 15 prohibition referendum and denied the accusations filed against him under the church law were "vague and indefinite."

He entered demurrers against charges that he "aided and abetted the sale" of intoxicants, abetted their use and used "intemperate words and action."

S. S. TEACHERS MEET

The largest crowd to attend a weekly Sunday school teachers' meeting at First Baptist church this month was present Wednesday evening, when an explanation was given of the new "Time-me-test" that will be introduced in the school. A large clock is employed in this contest. Each detail was studied by the teachers, who are ready to launch the plan in their classes the first Sunday in July.

Back in Form

Definitely proving by her performance in the recent California state tennis championships that she again is in form, Alice Marble, above, one of the high ranking U. S. net stars before an illness forced her to retire last year, is on the way back. She probably will be chosen a member of the U. S. Wightman cup team that meets the British lassies in this country in September.

COLUMN

(Continued from page 1)

lar plants enjoy the cheap water rates.

GALVESTON LITERALLY "went under" in 1900 when the hurricane drove huge waves over the island. Heroic measures rebuilt the city, erected the long concrete seawall, raised the grade, and connected the island with the mainland by means of the \$4,000,000 causeway. The seawall and grade cost \$11,924,500.

Galveston is very proud of her surf bathing. We didn't say swimming. The beach is sandy and firm, with a very gradual slope. The waves, driving steadily toward the shore, discourage reckless attempts to wander far out. The temperature of the water is almost constant day and night. The winter average temperature is 69.6 degrees and that of summer 78.5 degrees.

GALVESTONITES TOLD the assembled editors that 45 per cent of the homes were owned, not tenanted. This is proof enough of the people's faith in the seawall.

If the city's buildings seem somewhat old at first glance, the visitor soon learns that the salty air does that to paint. Sub-tropical foliage show the remarkable extremes found within the borders of this huge state. While apples, peaches, cherries, plums, and the like grow on the plains when well watered, the Galveston area has turned to figs, brooding production to millions of pounds.

Galveston may have another hurricane—some oldtimers doubt the complete success of the seawall (which is 7 1/2 miles long, 17 feet high, and 16 feet thick at the base)—but Uncle Sam's hurricane breeding or rather reporting service is very dependable and visitors always have ample time to leave if they desire. Personally, we sometimes imagine we'd like to see a hurricane, but those who have experienced one say this attitude is nothing short of lunacy. Maybe so.

GUESTS ATTEND LUNCHEON WITH M. E. WOMEN

Clara Hill Class Is Hostess For Event

A luncheon entertained Clara Hill class of First Methodist church yesterday in the church basement. Mmes. L. B. Hartell, A. Hefflin, W. L. Brummett, and L. C. Gornillon were hostesses.

During the lunch, Mrs. Philip Wolfe sang two solos. Each member introduced herself and told how long she has lived in Pampa. A business session followed, when new committees were appointed.

Special guests were Miss Ruby Goodsell, Mmes. Walter Hartell, J. H. Pollard, Harold Wright, Cleo Coffey, and H. M. Cone.

Members present were Mmes. W. V. McArthur, George Hancock, J. M. Marshall, Eli Hancock, P. C. Pollard, J. Bonds, F. W. Shotwell, Lloyd B. Roberts, W. J. Johnson, R. A. Baker.

Hostesses Honor Friend at Shower

Mrs. Bill Lewis was honored with a shower when Mmes. R. D. Berryman, W. L. McNally, Claude Lard, and A. R. Eldridge entertained at the home of Mrs. Eldridge Wednesday afternoon.

After games, the honoree was presented with a basket of gifts tied with pink and blue ribbons. Cake and punch were served to Mmes. H. C. Blackstock, J. M. Johnson, E. C. Rupp, L. C. Bailey, Sam Githens, C. W. Bailey, John Scarborough, Roy Holl, A. L. McNally, Dan Gaggeman, R. H. Jordan, the honoree and hostesses. A gift was sent by Mrs. Charles Standish.

At Convention

C. H. Walker is in Dallas attending the convention of A. B. Dick (Mimeograph) dealers. He will return Sunday.

FREE! \$1,000 CONTEST FOR TEXANS ONLY

JUDGED BY TEXANS

Enter this easy contest now! Send as many names as you wish—each with a Post Toasties box-top.

117 GRAND PRIZES—FOR TEXAS RESIDENTS ONLY!

Find a name for Mickey Mouse's friend. Send it to us on a Post Toasties box-top. That's all you have to do.

FIRST PRIZE . . . \$250

SECOND PRIZE . . . \$100

100 PRIZES OF \$5 WORTH OF GROCERS FROM YOUR OWN GROCER

GROCERS! PRIZES FOR YOU, TOO!

\$50 to the grocer of the 1st prize winner \$25 to the grocer of the 2nd prize winner \$5 to the grocer whose customers win \$10 prize.

Put Post Toasties on the counter. The more you sell the greater your chance to win.

HERE ARE THE CONTEST RULES

- 1 You must be a legal resident of the State of Texas in order to enter this contest.
- 2 Name you wish to enter in this contest must be plainly written or printed on the back of Post Toasties box-tops (or adequate fastenings). Not more than one name on each box-top. Be sure to write your name and legal residence address on EACH box-top you send in. All entries must be postmarked before midnight, July 15, 1935, when contest closes. Mail all entries to Post Toasties, Battle Creek, Mich.
- 3 Be sure to put on each entry the name of the grocer from whom you purchased your Post Toasties (or, if you send in fastenings, the name of your favorite grocer).
- 4 Winners in the contest to name Mickey's pal, and their grocers, will be notified by mail as soon as the judges arrive at their decision. In case of ties, duplicate awards will be made. The decision of the judges shall be considered final.
- 5 All names submitted become the property of General Foods Corporation and Walt Disney.

WALT DISNEY calls him the "Goof" Mickey Mouse's friend. Here are some suggestions: Dizzy, Mickey, Boppy, Mr. Towhee, Sonolite. You can best these easily!

Mickey Mouse toys, games or movies on every box!

THREE TEXANS SURVIVE PLAY IN NET MEET

BALL BROTHERS, HESS REACH QUARTER FINALS

EVANSTON, Ill., June 28 (AP)—A brother-act—Russell and George Ball of El Paso, Texas, and Northwestern University—carried the banner for the lower ranking element today against the seeded stars in the quarter-finals of the national intercollegiate singles tennis title tournament.

Outside of the Texas youngsters, the round of eight was composed of seeded players, including the "big three" of Wilbur Hess, Rice Institute; Bill Bill Reese of Georgia Tech, and Ernest Sutter of Tulane. The other survivors were Paul Guibord of Dartmouth, Bill Schommer of Minnesota, and Leonard Patterson of California Tech.

Unfortunately for the Ball brothers, there was a chance for only one of them to reach the finals. They are in the same bracket and the best they could hope for was a family meeting in the semi-finals.

Russell Ball matched with Reese today, eliminated Jack Lynch of Stanford, 6-1, 6-4, yesterday and followed up with a 6-0, 6-4 victory over Ralph Minnich of Princeton. His brother trounced Roy Huber of Minnesota, 6-1, 6-1, then outlasted John Law of Stanford, seeded fourth, winning by 6-1, 6-8, 11-9. George Ball squared off against Patterson, the number eight man today.

In the other bracket, Hess, top-seeded and the favorite, faced Guibord, seeded fifth, and after a hard-fought, three-set match, was victorious by 6-4, 6-1, 6-2. Patterson eliminated the ninth seeded Kendall Cram of Tulane, 6-4, 12-10, after defeating S. E. Hamilton of Cornell, 7-5, 6-1.

Sutter's victims were Norman Bickel of Chicago and H. G. Crawford of Georgia Tech. His margin in the first match was 6-4, 6-1, but his conquest of Crawford went three sets, 2-6, 7-5, 6-3. Schommer defeated Thomas Harper of California Tech, 6-2, 6-2, and gained the quarter-finals by overcoming Ben Day of Stanford, 6-4, 2-6, 6-4.

\$75,000.00

A. L. Burge heads for the top
It's going to be a great climb. Every time he steps up he has rendered a real service to his policyholders... he has provided them and their families with the protection of Life Insurance.

He Promised 2 Things
First, that he, personally, would write a total of \$75,000.00 in Life Insurance between January 1st and September 30th of this year.
Second, that he would write at least one application a week during that time.

Watch Him Climb

In the CHURCHES

FULL GOSPEL TEMPLE
H. E. Constock, pastor.
500 South Cuyler.
Sunday services: Sunday school at 9:45, preaching at 10:45 and 7:45, C. A. S. at 6:45.
Week-day services, Tuesday and Thursday nights, 7:45; Women's Missionary council, Wednesday at 1:30.
A welcome awaits you at all services.

MEN'S FELLOWSHIP CLASS
First Baptist Church.
We study personal liberty and law as stressed by Paul. We invite men to meet with us, and call on class members to help keep down the summer slump. At 9:45 we render the following program:
Song, Close to Thee; Liberty Through the Spirit, A. B. Kitchens; prayer, W. J. Brown; Liberty Thru Self-Denial, P. G. Cecil; song, Make Me a Channel of Blessing; Liberty Through Self Control, E. R. Gower; Liberty Through Unity, Joe R. Foster; Liberty Through the Gospel, W. F. Yeager; song, My Faith Looks Up; lesson application, E. C. Link.

FIRST METHODIST
Gaston Focle, minister.
Sunday school, 9:45 a. m.
Morning service, 10:50.
Evening service, 8:15. The Beacon quartet of Amarillo will sing and the pastor will end a sermon series on "The Whole Lot Family."
A joint quarterly conference for all Methodist churches here will be conducted at McCulloch church at 3 p. m. by the Rev. T. S. Barcus, presiding elder of the Clarendon district.
You will be welcomed to all services.

CHURCH OF THE BRETHREN
J. R. Jackson, pastor.
637 N. Nelson.
Services for the week: Sunday school at 10 a. m.; preaching at 11 a. m., subject, Christian Fellowship; preaching, 8 p. m.
The pastor will continue preaching each Sunday morning and evening for a time. He had planned to leave this month, but illness in his family has kept him here.
To these services the public is invited. A welcome awaits you. Come worship with us.

ST. MATTHEW'S EPISCOPAL
B. W. Gaither, priest-in-charge.
Sunday school, 9:45.
Holy communion and sermon by Bishop Cecil Seaman of Amarillo, 11 a. m.
Evening service at 8 p. m., with sermon by Bishop Seaman.
A cordial welcome is extended for these services, which will close a week's preaching mission.

CHRISTIAN SCIENCE SOCIETY
"Christian Science" is the subject of the lesson-sermon which will be read in all Churches of Christ, Scientist, on Sunday, June 30.
The Golden Text is: "Now is come salvation, and strength, and the kingdom of our God, and the power of his Christ" (Revelation 12:10).
Among the citations which comprise the lesson-sermon is the following from the Bible: "He sent angels to heal them, and delivered them from their destructions" (Psalms 107:20).
The lesson-sermon includes also the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Acquaintance with the original texts, and willingness to give up human beliefs... open the way for Christian Science to be understood, and make the Bible the chart of life, where the buoy and healing currents of Truth are pointed out... Divine Science derives its sanction from the Bible, and the divine origin of Science is demonstrated thru the holy influence of Truth in healing sickness and sin" pages 24 and 146.

Sunday, 11 a. m.
Sunday school, 9:30 a. m.
Wednesday, 8 p. m.
Reading room open Monday, Wednesday and Saturday, 1 to 4 p. m.
The public is cordially invited to attend our services and use the reading room.

CENTRAL CHURCH OF CHRIST
E. M. Borden, minister.
A. C. Cox, song director.
Bible classes at 9:45 a. m.
Preaching at 11 a. m. Bro. Standridge will preach at this hour and possibly at the evening service.
Lord's supper at 11:45 a. m.
Bible drill at 7:30 p. m.
Preaching at 8:30 p. m.
Ladies' class at 3 p. m. Wednesday.
Mid-week service at 8:30 p. m. At this time, young Brother Catts will preach a sermon on Repentance.

FIRST BAPTIST CHURCH
Corner Kingsmill and West.
The pastor will fill the pulpit both

morning and evening. He will speak next morning on "The Peace Christ Gives" and in the evening on "To Save Sinners." Sunday school at 9:45 and B. T. U. at 6:45. The J. O. Y. union will present a special program on prohibition at 7:45.

EVERYMAN'S BIBLE CLASS
City Hall at 9:45 a. m.
We will study together Acts 6 and 7. A cordial invitation is extended to every man.

FRANCIS AVENUE CHURCH OF CHRIST
E. Francis at N. Warren.
E. C. McKenzie, minister.
For the following week, our church services are as follows: Bible school Sunday morning, 9:45. Classes are arranged so as to meet every individual need. Preaching, 11 a. m. Communion service, 11:45 a. m. Special classes for young people of all ages 7:15 p. m. Preaching 8:15 p. m. Ladies week day Bible class meets on Tuesday afternoon at 4. The hour of meeting has been changed from 2:30 to 4. Mid-week services will be conducted on Wednesday evening at 8:15.
Brother McKenzie, our regular minister, is now engaged in a revival meeting in Iowa Park. The pulpit here will be occupied at both Sunday services by Brother R. A. Wright, minister of the Church of Christ in Iowa Park. The public is cordially invited to hear this very capable young minister during his visit to our city.

MCCULLOUGH-HARRAH M. E.
Lance Webb, minister.
The Rev. T. S. Barcus of Clarendon, presiding elder, will preach at Farrah chapel Sunday at 11 a. m. Evening service at McCulloch church at 8:15, with sermon by the pastor.
Sunday school at both churches, 9:45 a. m.
We cordially invite your presence for all services.

HOLY SOULS CATHOLIC
Joseph Wenderly, pastor.
Sunday masses, 8 a. m. to 10 a. m. Children's instructions, 4 p. m. Benediction, 4:45 p. m. Week-day mass, 7:30 a. m. All are invited to worship here.

Helen Hicks and Babe Didrickson In Semi-Finals

CHICAGO, June 28 (AP)—A pair of seasoned campaigners, Mrs. Opal S. Hill of Kansas City, and Mrs. S. L. Reinhardt of Chicago, were the amateur division's last hopes today to keep Helen Hicks and Babe Didrickson from taking over the finals of the Women's Western Open Golf tournament.

Miss Hicks, the country's number one business woman golfer, conquered Mrs. H. Austin Pardue of Chicago, 1 and 2 yesterday, but the Babe also a golfer for profit, was put to a lot of trouble before overcoming the 17-year-old daughter of a suburban truck farmer, Josephine Soughek, one up, in 19 holes.

Mrs. Hill, a dangerous threat in any women's tournament, defeated Fybilie Buchanan of Denver, 2 and 1, while Mrs. Rosenthal's margin over another youngster, 18-year-old Ella Mae Williams, daughter of Eddie Williams, Chicago professional, was 3 and 1.

The survivors of today's 18-hole round will meet tomorrow over the 36-hole route.

Joe Louis Will Fight Levinsky

NEW YORK, June 28 (AP)—While New York promoters debate whether Max Baer or Max Schmeling will be his next metropolitan opponent, Joe Louis is making hay while the sun beams down.
As a tune-up for Baer or Schmeling, the "Brown Bomber" has agreed to take on the redoubtable King Levinsky in Chicago in August. In line with their "fight a month" policy, his managers say they are to give Joe a rest to another tilt sometime in July.

Just when or under whose auspices the Levinsky fight will be held is undecided.

MUSSOLINI IS DETERMINED TO TAKE ETHIOPIA

Eden Fails to Shake Il Duce in His Rome Visit

BY ROGER D. GREENE.
(Copyright, 1935, by The Associated Press.)
LONDON, June 28.—On this 21st anniversary of the assassination of Archduke Franz Ferdinand at Sarajevo—the shot which precipitated the World war—Great Britain suffered a setback in her role as peacemaker.
Her traveling salesman of peace, Capt. Anthony Eden, was back from his continental tour today bearing a report on the avowed intention of Premier Benito Mussolini of Italy to war against Ethiopia in East Africa.

Before reporting to a cabinet meeting, the only comment of the young secretary for League of Nations affairs concerning further security negotiation was:
"It is on the knees of the Gods." Although the Italo-Ethiopian crisis relegated other questions of European security to the background, the British diplomats discussed four other prospective moves on the chessboard of world peace.

These were for an eastern European pact, a Danubian treaty, an air pact and a disarmament pact. Concerning his attempts to dissuade Il Duce from an African campaign, Eden would tell his colleagues:
1. Mussolini stood adamant against any other solution of the Italo-Ethiopian dispute than conquest of the East African empire.

2. Any attempt at Geneva to interfere with that plan would lead to a prompt withdrawal by Italy from the League of Nations.
3. Captain Eden was understood to have outlined Mussolini's reputed plan of action thus:
An arrangement of Ethiopia before the league tribunal as "unfit" to belong at Geneva or to claim the league's protection would be followed by a demand for an Italian protectorate over the empire.

With that course of procedure falling, Italy would invade Ethiopia to effect a "complete solution" of the border dispute by force.
Despite the foreshadowed failure of his mission to Rome on the Ethiopian question, Eden was considered to have achieved considerable success in his talks, both with Mussolini and Premier Pierre Laval of France, toward early conclusion of an eastern pact to include Germany.

Irishman Cops Londos' Title

BOSTON, June 28 (AP)—Dan O'Mahoney, a young giant from County Cork who marched in the ranks of the Irish Free State army only seven months ago, paraded today at the head of the heavyweight wrestling division.
The Irish grappler last night stripped Jimmy Londos, the Greek Adonis, of his title before a crowd of 30,000.
The 22-year-old, 234-pound Celt, who had won his previous 58 American matches, ended a one-fall match by pinning Londos' shoulders with a flying body scissors after an hour and 16 minutes.
Londos, whose title claims were recognized in 38 states, not including Massachusetts, gave himself championship billing.

LEADERS GAIN IN FIGHT FOR UTILITY BILL

CLOAKROOM CAMPAIGN GAINING VOTES IN SENATE

WASHINGTON, June 28 (AP)—Administration leaders in the house, fighting to restore the "death sentence" in the utility holding company bill, expressed belief today that they were gaining ground.
As debate over the measure proceeded on the floor, thirteen representatives from different sections of the country carried on a "cloakroom campaign" to gain votes for abolishing all except "necessary" holding companies by 1942.

The senate recently approved such provision and the president wants it retained, but the bill reported to the house by its commerce committee would leave the fate of the holding companies up to the securities commission.
Rep. Rankin (D-Miss), one of the leaders in the fight, said today that the majority which reported the "death sentence" appeared to command on the basis of a recent private poll—probably had been whittled to 20 members through the "cloakroom" drive and that it would shrink "more than that."

The opening debate lined up more strength for us," he said. "The attacks on the administration have not hurt us any, either. Of course the republicans are making a political issue of it."
Rankin's reference to attacks on the administration apparently was aimed, in part at least, at remarks made yesterday by Rep. Cooper (R-Ohio), a member of the commerce committee. Cooper called the abolition proposal "one of the most vicious ever submitted to an American congress."

Rayburn (D-Texas) of the commerce committee commanded the battle to restore the "death sentence" which his committee cut out of the measure. He criticized "propaganda" against the bill and denounced a long list of what he called holding company "abuses."

Mickal Suffers A Broken Ankle

BATON ROUGE, La., June 28 (AP)—Louisiana State university athletic officials were notified today that Abe Mickal, the school's great football star who last year refused Huey Long's offer of a senatorial torch, had suffered a broken ankle bone which will keep him off the squad next season.

Former Champs Are Opponents In Golf Meet

WASHINGTON, June 28 (AP)—Two former champions began a 36-hole battle today for the right to oppose each other in tomorrow's finals to the national intercollegiate golf crown.

In the path of Charles Yates of Georgia Tech, present title holder, stood Ed White, sharp-shooting Texan who was out to avenge his defeat in last year's finals at Cleveland.
Johnny Fischer of Michigan, who won the tournament in 1932, faced the challenge of Fred Haas Jr. of Louisiana state, a 19-year-old sophomore making his debut in collegiate circles.

White Yates disposed of Jack Malloy of Princeton, 5 and 4, and White coasted to a 5 and 3 victory over G. A. Menard of Penn state in the quarter-finals yesterday, both Fischer and Haas found the going harder.
The Louisiana boy lost his chipping and putting touch in the last 9 holes and saw a determined Texas sophomore, Bill Welch, wipe out a 3-hole deficit and square the match on the thirty-sixth.
Haas finally won out on the 670-yard thirty-seventh.
White, whose crisp iron shots have drawn the attention of the gallery had Menard 7 down at the twenty-seventh, and wasn't much worried when his opponent won 3 of the next 5 holes.

BANK HEAD NAMED
OLNEY, June 28 (AP)—M. D. Wollerton, president of the City National bank here for the past 12 years, has been selected president of the Waggoner National bank at Vernon, it was announced today.

GAG RULE FOR TAX-RICH ACT IS CONSIDERED

WOULD KILL OFF ALL AMENDMENTS TO MEASURE

BY CLARENCE M. WRIGHT, Associated Press Staff Writer. WASHINGTON, June 28 (AP) — "Gag" rule procedure to kill off unwanted amendments to President Roosevelt's tax-the-wealth program was considered today by house leaders.

They spoke of such drastic action to block moves to write in what some republicans called "budget-balancing" taxes and to repeal many existing levies. Even a tariff fight appeared in prospect if the new legislation were opened for amendment.

Although the administration's proposed bill was still in nebulous form, house leaders determined to try and limit it only to taxes on inheritances, gifts, corporate incomes and individual incomes over \$1,000,000.

They will seek an agreement to this end among democrats on the house ways and means committee. Later the "gag" rule may be proposed if they believe it necessary to prevent changes on the house floor.

Chairman Doughton (D., N. C.) and democratic members of the ways and means committee conferred for three hours yesterday with Secretary Morgenthau and other treasury officials, but no conclusions were reached on the new tax rates.

The only definite decision made, Doughton said, was that the president's tax suggestions "require most careful and orderly procedure" in drafting a bill. Also because of the preliminary work necessary, it was agreed that public hearings on the measure could not begin before July 8.

Rep. Snell of New York, the republican leader, was one of those who yesterday demanded a "real tax bill"—one "that will balance the budget." Another was Rep. Reed (R., N. Y.), who said the tax program as outlined by Chairman Harrison (D., Miss.) of the senate finance committee would not raise enough revenue "to make a drop in the bucket."

The levies as proposed by Harrison would place a tax of 60 to 80 per cent on incomes over \$1,000,000; 4 to 75 per cent on inheritances over \$300,000; and 10 to 17 1/2 per cent on corporate incomes. He estimated that these, plus gift taxes at undisclosed rates, would yield about \$340,000,000 annually.

Twenty prisoners were electrocuted for capital crimes in North Carolina in 1934, the largest number for any year in the state's history.

LOVES TO EAT THIS CEREAL, IT CHECKED HER CONSTIPATION*

Kellogg's ALL-BRAN Helped Miss Kesterke

We quote from her letter: "Three years ago, I became constipated. I tried many laxatives. But as soon as I got used to each kind, I began to get the same trouble.

"Last summer I was on my vacation. They served Kellogg's ALL-BRAN. I just loved it. I eat Kellogg's ALL-BRAN every morning, and ever since I have not had to take any more laxatives."—Miss Margaret Kesterke, Cresskill, N. J.

*Due to insufficient "bulk" in meals.

Tests show ALL-BRAN provides "bulk" to aid elimination. ALL-BRAN is also rich in vitamin B and iron.

The "bulk" in ALL-BRAN is gentle. It resists digestion better than the fiber in fruits and vegetables, so it is often more effective.

Isn't this food safer than risking patent medicines? Two tablespoons of ALL-BRAN daily are usually sufficient. If seriously constipated, use with each meal. See your doctor, if you do not get relief.

Sold by all grocers. Made by Kellogg in Battle Creek.

SEEK SLAYERS OF NEPHEW OF CHIEF JUSTICE

BELIEVE LAWYER WAS TAKEN FOR RIDE AND ROBBED

DETROIT, June 28 (AP)—Police issued a statewide order today to search for Lee Ferris, known to have been an acquaintance of Edward Carter, Dickinson's New York attorney found slain in a Detroit hotel at 11 a. m. yesterday and has been missing since. Police officials refused to say in what connection they were searching for Ferris.

A detail of detectives was assigned to track the movements of the 52-year-old attorney, a nephew of Chief Justice Charles Evans Hughes, in an effort to determine whence he went after he ate a hurried dinner Wednesday night at his hotel and then departed.

Dickinson's body, pierced by two bullets, was found early Thursday dumped beside a driveway in Rouge Park. Police, in the absence of definite clues, cling to the theory that the New York lawyer was the victim of a "ride" and was killed for the large sum of money he is believed to have been carrying.

Dr. Robert Kallman, Wayne county medical examiner, said he believed Dickinson was killed by a person, or persons, who took extreme precautions to make sure Dickinson's suit coat, his hotel key in the pocket was found on the outskirts of the city two miles from Rouge Park. There was a hole in the left shoulder and officers said they believe it was made by one of the two bullets which caused death. The other struck Dickinson in the head, precipitating a hemorrhage which was the cause of death.

Chief of Detectives Fred W. Frahm admitted officers are seeking a woman who left Dickinson's brief case in the checkroom of Dickinson's hotel (Book Cadillac), 10 hours after the discovery of the body.

The New York counsellor, whose mother's sister was married to Chief Justice Hughes, came here Monday on business, reliably reported to be in connection with the estate of the late Wm. H. Yawkey, one time wealthy lumberman and sportsman who once owned an interest in the Detroit baseball club.

Vandenberg Calls Alaskan Project Impractical Dream

WASHINGTON, June 28 (AP)—Harry L. Hopkins' report denying that the government's colony in the Matanuska valley, Alaska, is ridden by disease and discontent drew his comment today from Senator Vandenberg (R., Mich.).

"The report shows a sincere effort to implement an impractical dream," Vandenberg, assailing the experiment as a "crazy" one and submitting telegrams charging that great hardships prevailed, had called on the relief chief for an explanation.

Hopkins conceded the work of constructives for the people moved from the poor land in the states was behind the scenes, but said 225 more building workers were being rushed to the scene. Food is plentiful, he indicated, hospitalization facilities are at hand, and there is nothing more serious than children's diseases, such as mumps and measles.

A campaign for quail eggs, and for bantam hens to incubate them has started with the opening of a hatchery in Cooke county, Texas.

Gossipers Couldn't Fool Mrs. Pierce SHE LOST 50 POUNDS OF FAT

Feel full of pep and possess the slender form you crave for. You can't if you listen to gossipers who secretly hate to see you take off ugly fat but notice Mrs. Pierce had a mind of her own.

Here's a treatment—tested and proved SAFE for years—not only to take off excess fat but also a health corrector: take a half teaspoonful of Kruschen Salts in a cup of hot water every morning (teaspoon with juice of a half lemon added).

Mrs. L. W. Pierce of Tiffin, Ohio writes: "I've taken off 50 lbs. with Kruschen in 6 months. I was 238 and intend to continue till I'm 154." If one jar (last 4 weeks and costs you but a trifle) doesn't take 12 lbs. off you—money back. For sale by Richards Drug Co., Inc., Paterson Drug Stores, or any drug store.

ALFRED PERRY CAPTURES BRITISH OPEN GOLF TITLE WITH RECORD SCORE

EQUALS MARK SET BY BRITON AND SARAZEN

ENGLAND GETS FRESH GRIP ON GOLFING CHAMPIONSHIP

BY GAYLE TALBOT, MURFIELD, June 28 (AP)— Alfred Perry, 30-year-old British Ryder cup team player, won the British open golf championship today with final rounds of 67 and 72 for a record-equaling total of 283.

Perry's finishing rounds, collectively representing five strokes under par and made in the face of a wind that at times approached gale force, brought to an end the meteoric reign of Henry Cotton, winner at Sandwick a year ago. Cotton completed the 72-hole grind over the Murfield course with rounds of 76 and 75 for an aggregate of 283.

Perry, who previously had failed to finish in the money in the open championship, had a 12-foot putt on the final green to set a new low score for the tournament. He putted boldly for the cup and a birdie three but the ball slid inches past. As it was he tied the winning record score of 283 hung up by Gene Sarazen in 1932 and duplicated by Cotton last year at Sandwick.

The Englishman's victory gives Great Britain a fresh and firm grip on the championship which before last year had been dominated for a decade of years by invading Americans. It was the first time in 14 years Britons have won it two years in a row.

Perry's five-underpar performance, fashioned from an outgoing 32 and an incoming 35, ties the competitive record for Murfield established by Walter Hagen in the second round of the 1929 championship and gave the left-handed shotmaker a 54-hole aggregate of 211. Thus he overtook the veteran Charley Whitcombe, who shot a third round 73 for an aggregate of 212.

Henry Cotton, the defending champion, saw his hopes of retaining the crown fade with a third round 76 for a total of 218 which despatched him for third place with Ernest Keyon and Bert Gadd.

With a par 72 for a three-round aggregate of 217, tall Henry Picard of Hershey, Pa., moved into fourth place as the field of 62 players prepared to plunge into the pressure-filled stretch drive.

MacDonald Smith, the veteran Scot, registered from Glendale, Calif., required a 75 and was further back than when the final 36 holes started. His performance this morning gave him an aggregate of 221—strokes off the pace and two more than he trailed Whitcombe by at the halfway mark.

Frank Ball, from Atlanta, Ga., with a total of 151 to work on, carded a 73 for 224, while Joe Esar of Waco, Texas, who started the day with the same aggregate, "blew" himself to an 80 for 231.

W. Lawson Little Jr. of San Francisco, British and American amateur titleholder, stuck a 74 to his 36-hole total of 146 for an aggregate of 220 and was figured out of the running for the crown.

HAMMAN IS ONLY TEXAN LEFT IN TRANS-MISSISSIPPI MEET

Quarter-finals—upper bracket:
Leland Hamman, Paris, Texas, vs. Hal Chase, Des Moines.
Johnny Goodman, Omaha, vs. Billy Cordingley, Des Moines.
Lower bracket:
Johnny Dawson, Chicago, vs. Bob Conliff, Oklahoma City.
Sid Richardson, Creston, Ia., vs. Bob McKee, Des Moines.

BY L. E. SKELLY, Associated Press Sports Writer.
DES MOINES, Ia., June 28 (AP)—Eight survivors of the most bitter opening rounds in the history of the Trans-Mississippi golf tournament were paired today in four 36-hole quarter-final matches with seven of the 10 pre-tournament favorites watching from the galleries.

Leland Hamman of Paris, Texas, the defending champion who came through unscathed after two narrow escapes, faced the challenge of lanky Hal Chase of Des Moines, former Iowa amateur titleholder, in the number one match today.

Johnny Goodman of Omaha, another favorite safely by the "sudden death" 18-hole first rounds, had Billy Cordingley, 18-year-old Des Moines city champion and one of the leading giant killers of the first day's match play, for an opponent.

Johnny Dawson of Chicago, the third ranking player to get by yesterday, met Bob Conliff Jr. of Okla-

Coltexos Will Play City Nine Again This Eve

There was more baseball interest around Pampa street corners and in places of business this morning than at any time this year. The occasion was the coming clash between the Coltexos of LeFors and the Road Runners tonight at Road Runner park and the holiday attraction when the Halliburton Cementers of Dumas, Okla., come here for a three-game series.

Attempting to make it five in a row over the Road Runners, Manager Sammy Hale and his Coltexos will be here tonight primed and ready for battle. Lefty Ledford or Brawley will get the assignment to pitch for the visitors with either Dancy or Hardin on the mound for the home club.

The lefthander was doped to take the mound but the Road Runner showing against lefthanded pitching the past few weeks has made Manager Hale sit up and do some tall thinking. Manager Freddy Brickell and his Road Runners collected 27 hits off Lefty Clowers of the Eason Oilers of Enid, Okla., in two games and also drove Dorman of Amarillo and Blair of Huber of Borger to the showers, which leaves fans believing Brawley and his curve balls will be in action tonight.

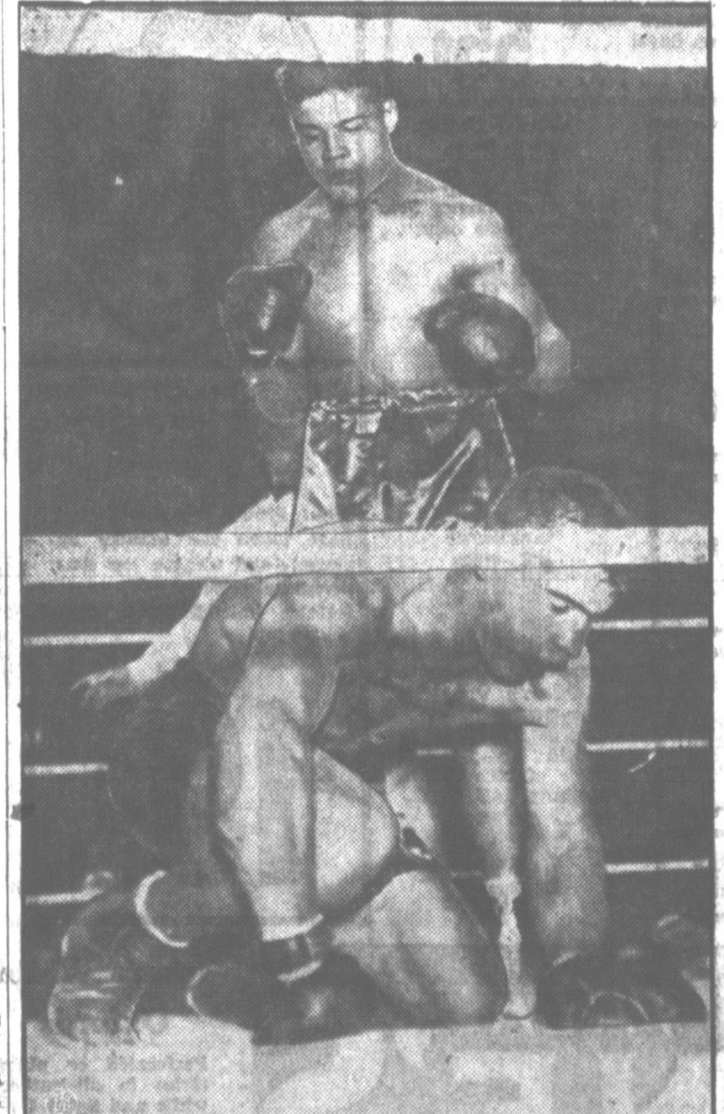

Tiger Joe Berry was anxious to get another crack at the LeFors team, but he is out of the city for a few days. The popular righthander has gone to Omaha, Neb., to bring Mrs. Berry to Pampa. He will return in time to take the mound against Halliburton's ace in one game.

Joe Poises for "the Kill"

for the first time in this round, and twice more he crashed to the floor under smashing lefts before Referee Arthur Donovan halted the fray, to award it to the Detroit bomber on a technical knockout.

Deadly fists poised, Joe Louis, a brown thunderbolt, stands tensely waiting behind the battered and bleeding Primo Carners, down in the sixth round of their battle at Yankee Stadium. A right cross to the jaw toppled the "Ambling Alp-

LINEUPS FOR ALL-STAR TILT JULY 8 NAMED

SIX CARDS, SIX GIANTS ON ROSTER OF NATIONAL

CHICAGO, June 28 (AP)—After almost as many sleepless nights as he spent last fall worrying over his battle plans for the world series, Manager Mickey Cochrane of Detroit today announced his American league lineup of 26 players for the third All Star game against the National forces at Cleveland, July 8.

Every club in the circuit was represented in the lineup selected by Cochrane with the aid of seven other managers in the league, the New York Yankees and Detroit leading with four stars apiece. Philadelphia and Boston each placed three, Cleveland and Washington two each, and the St. Louis Browns and Chicago White Sox each one.

The lineup, altered at the last minute because of the injury to outfielder Earl Averill of Cleveland,

batting star of last year's American league triumph, follows:
Pitchers—Mel Harder, Cleveland; Robert Grove, Boston; Vernon Gomez, New York; Schoof Boy Rowe and Tommy Bridges, Detroit.
Catchers—Cochrane, Detroit, Bill Dickey, New York and Rick Ferrell, Boston.

Infielders—Lou Gehrig, New York; Charles Gehringer, Detroit; Joe Cronin, Boston; Buddy Myer, Washington; Jimmie Fox, Philadelphia, and Oswald Bluege, Washington.
Outfielders—Bob Johnson, Philadelphia; Al Simmons, Chicago; Joe Vosmik, Cleveland; Roger Cramer, Philadelphia; Ben Chapman, New York and Sam Rice, St. Louis.
Batting practice battery—Dave Keefe, Philadelphia, pitcher; Ralph Perkins, Detroit, catcher.
Trainer—Dennis Carroll, Detroit.
Coaches—Rogers Hornsby, St. Louis; Del Baker, Detroit.

NEW YORK, June 28 (AP)—Six members of the pace-setting New York Giants and a like number of the world champion St. Louis Cardinals are among the 26 players drafted for the National league team to meet the pick of the American league in the annual All-Star game at Cleveland, July 8.

The National league squad follows:
First base—Bill Terry, Giants and Jim Collins, Cardinals.
Second base—Frank Frisch, Cardinals and Billy Herman, Cubs.
Third base—Pepper Martin, Cardinals.

7 Road Runners Are Batting Over .300 Mark This Season

Gordon Nell Leading Pack With Average of .463

Sixteen members of the Road Runner baseball team are batting over the coveted .300 mark and two others are crowding that figure. Gordon Nell is leading the pack with an average of .463 in 13 games.

Sam Sealing is leading the "full time" crew with an average of .380, which is a good average for a lefthanded batter against the large number of lefthanded pitchers that have been thrown against the team this year. The Road Runners have faced 13 lefthanders already this season.

Nell is the home run king of the team. He has banged 10 balls over the fence in his 13 games. He has the distinction of hitting three homers in one game and seven in a six-game series with the Eason Oilers of Enid, Okla. Patton follows with five and Seitz with four.

Al Summers leads the way in triples with three, one more than Brickell. The little second sacker also has the jump on doubles, with 11 to his credit. Seitz follows with nine and Patton with seven.

Patton, Seitz and Summers have played in all 29 games this season. Seitz has been to bat the most times, 129 and has scored the most runs,

34. Seitz, Patton, and Sealing are tied for the most hits, with 43. Tiger Joe Berry is leading the Road Runner pitchers with eight victories against three defeats.

Batting averages and other statistics follow:

Player	AB	R	H	2B	3B	4B	AV.
Nell lf	54	18	25	6	1	0	.463
Sealing 3b	113	32	43	6	0	2	.380

Dazedly, Mrs. Coo Goes to Her Death in Chair

OSISING, N. Y., June 28 (AP)—A grave beside that of the handy man who murdered for \$12,000 insurance awarded Eva Coo today.

She paid for his life with hers in the electric chair at Sing Sing prison last night.

Whether she actually would be buried in the plot she had selected for herself and Harry Wright in quiet Cooperstown, N. Y., was to be decided after word was received from relatives in Ontario.

Mrs. Coo went dazedly to her death with no last-minute denial of the crime—telling Wright with a mallet and then having an automobile shuttled across him by Mrs. Martha Cliff, who was sentenced to 20 years in prison.

"Good-bye, darlings," was all she said.

She addressed two matrons who stood before the chair, clinging to the arms of a white-haired guard.

They formed a screen between the woman in the flowered blue print and 22 witnesses. The chaplain intoned the twenty-third Psalm—"The Lord is my shepherd"—and the current crackles.

Leonard Scarmel, up-state gangster, was executed immediately after Mrs. Coo's body had been wheeled from the room. He shot Detective James Stephens during a bank hold-up in Rensselaer.

Body of Pastor's Daughter Found

GREENVILLE, N. Y., June 28 (AP)—The body of 9-year-old Helen Glenn, who disappeared Wednesday night, was found in a creek today, and an autopsy was ordered. State police said there appeared to be no marks of foul play.

The child, a daughter of the Rev. Ernest Glenn, Methodist minister, left home about 7:30 o'clock Wednesday night to walk to the Greenville grammar school, a few blocks away.

The body was found in the swampy, wooded sector where Paul Austin, a farmer, last night told authorities he heard "mysterious noises" and was "positive" it was a human voice.

Although the body bore no marks of foul play, Austin's story led troopers to believe the girl may have been attacked and tossed into the creek to drown.

Troopers were still investigating information given them by the girl's father that he was threatened several years ago by an inmate of the state institution at Napanoch.

"The convict, since released, told the Rev. Glenn the chaplain at the institution, that he would 'get even' with the minister."

MYSTERY

(Continued from page 1)

out the section where they are believed to have disappeared.

"We are closing in," said Gov. Clyde Tingley, who left his office at Santa Fe to take personal charge of the widespread search.

The hunt today was concentrated in the rugged arroyos near the highway from Albuquerque to Socorro and along the banks of the Rio Grande river after discovery of a spot where the missing tourists' car overturned and a young man occupant sought help.

Bits of aluminum from the car, a packet of paper matches from St. Louis, a woman's vanity case and what appeared to be bloodstained upholstery were found at the spot.

Officers theorized that Mr. and Mrs. George Lorius of East St. Louis, Ill., and Mr. and Mrs. Albert Herberer of DuQuoin, Ill., disappeared at some point between Albuquerque and the scene of the wreck.

Discovery of the spot where the car overturned—a fact previously determined by examination of the auto—came as the result of information supplied to Sheriff Claude A. Heffernan of Hot Springs by three ranchers who found the overturned car May 23. A young man, apparently the only passenger in the car, asked them for aid and when they reached Socorro they sent out a wrecker.

AGED WOMAN DIES

Mrs. Rebecca Harbert, 72, died last night at the home of a granddaughter, Mrs. Ruth Kellerville. The body is at the G. C. Malone funeral home here, pending arrival of relatives.

Mrs. Harbert had been visiting relatives since March 22 of this year. She had been ill for only a short time. Survivors are three daughters, Mrs. Jess King, Kellerville; Mrs. Margaret Skinner, Clarksburg, W. Va.; Mrs. S. A. Zinn, Oklahoma City, two sons, Arlis E. Harbert and Glen Harbert, Clarksburg, and her granddaughter.

WASHINGTON, June 28 (AP)—President Roosevelt today signed the resolution extending the \$500,000,000,000 in "nuisance" taxes for a two-year period. Otherwise these would have expired Sunday night.

MARKET BRIEFS

NEW YORK, June 28 (AP)—The stock market moved into higher ground today, but it traveled in first speed. Selective buying was the rule. Alcohols and specialties displayed strength throughout and the utilities were given a late play. The close was firm. Transfers approximated 770,000 shares.

CHICAGO GRAIN

CHICAGO, June 28 (AP)—Dominated by anxiety over possibilities of widespread destruction of wheat by black rust, wheat prices ran up wildly in late trading today.

Announcement that the pest had been found in spring wheat near Nevada, N. D., indicated that the United States 1935 spring wheat crop had been attacked at an almost unprecedentedly early date.

Just as the market closed wheat scored a maximum overnight gain of 5 cents a bushel, the greatest change permitted for any single day. The close was strong 4 1/2-5 cents over yesterday's finish. Sept. 85 1/2, corn 1/2-2 1/2, advanced, and provisions varying from 17 cents decline to 22 cents gain.

GRAIN TABLE

Wheat:	High	Low	Close
July	84 1/2	80 1/2	84 1/2-3/4
Sept.	85 1/2	81 1/2	85 1/2-3/4
Dec.	88	83 1/2	87 1/2-88

Cattle 800; calves 200; killing classes steady; steers, good and choice, 550-1500 lbs. 8.25-11.75; common and medium, 550 lbs up, 4.75-9.50; heifers, good and choice, 550-900 lbs. 8.25-10.75; cows, good 6.00-7.25; vealers, medium to choice, 5.00-8.00.

Dallas Men To Speak Tonight At 'Mag' Roundup

Judge M. J. Norrell and G. Hensley of Dallas will be guest speakers when employees of the Magnolia Petroleum company hold an industrial meeting tonight at 7:30 o'clock in the city auditorium. Families of employees and the public have also been invited.

The program will open with a musical by the summer band, directed by Winston Savage. A comic picture for the children will precede the showing of an industrial picture and travelogue showing tests made on Magnolia and Secony Vacuum products.

Vernon Bruce, employee representative, will preside. Employees of the company will be here for all sections of the Panhandle oil and gas field.

PAMPA

Going to Berger

Many Pampa Kiwanians will go to Berger next Thursday to the Fourth of July celebration and to attend a massed club luncheon. However, those who remain here will have a round-table luncheon at which their attendance will be recorded.

Today's program included vocal solos by little Gene Lively and a talk on the origin and development of newspapers by Olin E. Hinkle. W. V. Jarratt was in charge of the program.

San Diego Stamps Here

A few of the San Diego stamps are still on hand at the postoffice and collectors are urged to get them quickly before the supply is exhausted. The stamp is a rich purple color, bearing a picture of Balboa park, San Diego, with the inscription over the picture "California-Pacific International Exposition 1935, San Diego 1935." Balboa park was used as a naval training station during the World war. At present, a naval camp and a naval hospital are located in it. The picture on the stamp is of particular interest to Mike Stewart, who is at the stamp window at the postoffice. Mike was stationed at Balboa park for some time during the war.

Fishermen Return

Returning with a nice catch even though streams in Colorado were swollen and muddy, a group of Pampans reported having a good time. They are planning to go back later. Included in the party were Roy Wilmesmeier, C. A. "Slick" McMurry, Dr. Paul Owens, G. H. Wilmesmeier of Slaton, and Roy Soper of Amarillo. G. H. Wilmesmeier returned to Pampa to visit with his son and family.

Funeral Announced

The funeral of John Hubbard Wolf, former Pampa youth who was drowned while swimming at Siloam Springs, Ark., Tuesday, is to be conducted in Siloam Springs tomorrow at 2 p. m., his father, John Wolf, has notified friends here. The body was recovered yesterday. John Hubbard was visiting relatives in Arkansas. The family has lived in Amarillo for several months.

Minister Returns

E. M. Borden, minister of Central Church of Christ, returned this week from Kansas City, where he spent two weeks in a hospital after an operation. He is recovering rapidly, and will take charge of his work in the church immediately.

Going to Market

Buyers for Levine's stores are assembling here for a trip to markets. In the party will be Mr. and Mrs. Harry Lipshy of Pampa, Mr. and Mrs. A. D. Goldfine of Amarillo, and Mr. and Mrs. Sid Weiss of Clovis. They will go to St. Louis, and will return in about a week.

Junior Duenkel Better

Condition of Junior Duenkel, small son of Mr. and Mrs. Charlie Duenkel, was greatly improved this morning. The child had been in a critical condition for several days.

Hughes Is Acquitted

Floyd Hughes, charged with theft of cotton seed cake in the McLean community, was given an instructed verdict of not guilty in 31st district court yesterday. Identification was deemed insufficient. J. C. Lewis and Floyd Richards, indicted for the same offense, pleaded guilty and were given two-year suspended sentences.

Today Mrs. Helen Minary, indicted for driving an automobile while intoxicated, was on trial. Judge Newton F. Willis and John Stider were her attorneys. The jury was composed of J. P. Johnson, E. B. Bilderback, J. C. Haynes, Frank Eschler, M. C. Doss, Lee Waggoner, W. F. McCracken, Jay Evans, J. W. Ivey, C. W. Bowers, L. M. Cox, and Elmer Lohel. A previous trial resulted in a hung jury.

Persons

Claude Williams, Amarillo attorney, was here on business today.

E. A. Vance of LeFors was a business visitor here today.

A marriage license has been issued here to C. V. Talley and Lennie Mabry.

Mrs. G. R. Roberts was able to leave Pampa-Jarratt hospital this morning.

Mrs. Arvis Talley was admitted to Pampa-Jarratt hospital yesterday.

Negro Woman Hurt In Wreck Is Dead

Willie Mae Jackson, negro woman injured in an automobile accident near Pampa on Monday night, died in a local hospital of injuries last night. Funeral arrangements are pending the arrival of relatives.

One of the men injured in the accident is in a critical condition and little hope is held for his recovery. He is still in a coma and paralyzed in one side.

Two other persons in the wreck are recovering.

Miss Bertha Baggerman was able to leave Pampa-Jarratt hospital this morning.

BIG CHANGES FORECAST IN SOCIAL WORLD

PLANNING WILL GUIDE NATION, CLAIMS PROFESSOR

MINNEAPOLIS, June 28 (AP)—Dr. Charles E. Merriam of the University of Chicago, one of the foremost economists, looks for big changes in the social world.

"I do not," he said today at a conservation symposium of the American association for the advancement of science, "share the complacency of those who look forward to a world but little changed."

Planning, officially directed, was his proposal to guide the nation out of present and future pitfalls. "It is an error to conclude," he said, "that all planning involves regimentation of a deadening nature."

"I am not now referring to the objections of those who think of regimentation as an interference with their robber-baron privilege of private exploitation and oppression, but to those who sincerely believe that there is danger of sacrificing something that is valuable in civilization."

Agriculture was brought to the Dakotas by a people now extinct about the time the Normans conquered England.

The story of the rise and decline of this agricultural people was reported by Alfred W. Bowers, of the U. S. department of agriculture. He found the records in the evidence of pottery, corn and tools of nearly 100 of these early peoples' villages. They were the earth-dwelling people, known as the Mandans, an Indian race.

They arrived in the Dakotas from the south by the beginning of 1200, A. D., with agriculture, villages, bastions, walls and ditches for defense, less massive, but in principle much like the defense then current in Europe.

Selections For Centennial Fund Board Considered

WASHINGTON, June 28 (AP)—Their \$3,000,000 Texas Centennial bill through congress, Texas senators turned their attention today to appointments of four men to administer the proposed appropriation. President Roosevelt will make the selections.

Senator Connally said he and Senator Sheppard hoped a Texas man would be selected for commissioner-general and, speaking for himself only, said he believed Cullen F. Thomas, head of the Texas Centennial commission, would be the best man.

There was a hint an "exposition expert" in one of the government departments would like to have the job.

Senator Sheppard said he was "taking no part" in selecting the commissioner-general.

Although the legislation provides for appointment of the Centennial head by the president, both senators seemed to think Mr. Roosevelt would listen to suggestions from them and from Texas representatives.

Connally and Sheppard said they felt the assistants should represent the Houston and San Antonio areas but declined to say who they were considering.

Speaker Byrns of the house and Vice President Garner signed the joint Centennial resolution yesterday and prepared it for transmission to the White House. Its supporters were certain President Roosevelt would sign it.

SPAGHETTI FOR IL DUCE
NEW YORK, June 28 (AP)—Premier Mussolini is in for a treat when Angelo Sferazza reaches Rome. Angelo is the 14-year-old East

Side boy whose spaghetti Napolitano won a prize contest. The youthful chef sails for Italy tomorrow with a party of American schoolboys invited by Il Duce.

ONE FOR WEBSTER
HARRISBURG, Pa., June 28 (AP)—The longest word in the English language didn't impress Pennsylvania's legislators enough to make

them put it on the statute books. The word is pneumonoultramicroscopicsilicovolcanokoniosis.

It means a special form of silicosis, a disease contracted by men working in dusty surroundings. The word was in an occupational disease bill which was killed in committee.

Alabama Polytechnic Institute claims it was the first southern college to establish a chair of electrical engineering.

EDITORIAL

THE NEED FOR FEDERAL CHANGES

This is not the first depression. The United States came out of previous ones and marched to greater wealth and employment. It is slowly coming out of this one, although the hang-over problems, especially of unemployment, appear to be unusually great at this time.

So-called "radical" or at least liberal constitutional amendments are being demanded. This country is behind the world trend toward social security legislation. It has put the state and its rights above legislation, national in scope, in behalf of the individual citizen. It was assumed that the citizen was superior to the federal government, and that he would do for himself, through his state and local government, what was needed. Failure of states to adopt such legislation, and interstate barriers which are reared, in part, by the federal union itself, have keenly disappointed many public men. Such magazines as *Collier's* concede that the constitution, amended 21 times, is likely to be further changed to meet modern conditions.

A change in the fundamental structure of our government, however, must be made with extreme caution. This idea is expressed in a letter sent with a ballot in the Pampa Daily NEWS new deal poll, as follow in part: "I would fear, at this time, that it would be unwise to open the federal constitution to change. For no one can foresee who might get into power in a republican government and just how that political power might be used. You never can tell how far politicians will go in order to be elected. But I am in favor of NRA."

Another letter was as follows: "Taking into consideration the fact that the United States has in the past recovered from some very severe depressions it seems that it would not be necessary to institute such radical measures as proposed.

"Borrowing money to tide one over an emergency is good business, but experience has proven that many a man, business, or corporation has been ruined by having too much credit. The inevitable pay-day comes with the accompanying strain that may be more than can be borne.

"We have graft and corruption in the individual, business and government. But should we condemn all men as dishonest because of one? Should all business be strangled because of one corrupt organization? Certainly we would not destroy our government because we had a few corrupt governors or presidents. Then why strangle and put out of business corporations, trusts and holding companies because a few were found doing wrong? We wonder if a government that is as rank with graft as ours could do any better, conducting the business it contemplates confiscating.

"This 'soak the rich' agitation caps the climax. If passed it will most assuredly hold in check progress if not prevent it entirely. Why jump on a man or corporation that has genius for making money? It is the genius in any line that pulls us forward. If Rockefeller had been prevented from accumulating a great fortune so he could have endowed the Rockefeller Institute for medical research with 30 million dollars, we would not have had the cure invented for the terrible disease epidemic, meningitis. Many similar examples could be cited. Take away the incentive for making money and you destroy ambition. It would be said 'why make the effort, the government will get it all. If I can not leave the fruits of my efforts to my children, and they come first, I will not try. We know we must keep in mind our obligation to humanity but to throttle business, and individual ambition does not seem the way it should be done.'"

Other letters will be welcomed.

THE NEW DEAL IN WASHINGTON

BY RODNEY DUTCHER

NEA Service Staff Correspondent

WASHINGTON—The administration hasn't been scared away from the idea of a constitutional amendment to meet U. S. Supreme Court decisions against the New Deal. Anyway, not more than temporarily.

Many of Roosevelt's advisers still are frequently found in huddles, discussing the possibilities. One group meets regularly once a week and exchanges ideas as to how an amendment curbing the supreme court's powers should be framed and as to when the campaign for it should begin.

Those fellows claim to have assurance that Roosevelt will support such amendment when the time is ripe.

Some of the president's progressive advisers would like to see the fight begin at once. But Roosevelt is fond of saying:

"I time my punches."

And most New Dealers believe he should say nothing more about the supreme court issue until the court strikes a blow at AAA. Few doubt that AAA, the Wagner labor disputes act and the security program will be in serious danger.

If the court knocks one or two of the front, it is believed, plenty of popular support can be recruited for an amendment.

Legal sharks have been studying a precedent where Congress passed a law stipulating that it should not be subject to judicial review and the court respected the admonition to keep its hands off.

The precedent was in the case of U. S. versus Mc Ardle and involved one of the laws passed during the post-Civil War reconstruction period.

Sentiment leans toward an amendment rather than re-assertion of that precedent. But you may hear more about the latter as the delays involved in getting an amendment through become evident. Later you may find it worth remembering that Subsection 1, Section 2, Article III of the Constitution, after defining the court's jurisdiction and original jurisdiction, says:

"In all the other cases before mentioned, the supreme court shall have appellate jurisdiction both as to law and to fact, with such exceptions as the Congress shall make."

Smart readers will not need to be told that disclaimers by Mr. Hopkins and Mr. Ickes that each harbors the desire to cut the other's throat are so much applesauce for the benefit of Papa Roosevelt, who deprecates public fights among his boys and girls. You ought to hear Harry and Harold discuss each other in private!

Manufacturer of an antiseptic mouth wash buys new racing yachts. It's an ill-breath that blows nobody good.

CAPITOL JIGSAW

By HOWARD C. MARSHALL

AUSTIN, June 28 (AP)—For a week after the big flood about employees who work above the capitol ground floor reflected formal reducing exercises.

On the first disastrous day elevators were without power and anyone wanting to reach the higher floors used the stairs. Many work on the fourth floor.

Lloyd Davidson, state's attorney for the court of criminal appeals, whose office is on the third floor, took it philosophically. He wouldn't have to play so much golf, he said.

Leo Baldwin of Wichita Falls, one of the great athletes of Texas University, is a full-fledged Texas ranger—he joined the force recently, after teaching school several years.

Baldwin lettered in football, basketball and track with the Longhorns but football was his long suit. One of his first assignments was to sit in a swivel chair and guard records in the department of agriculture.

Representative E. E. Hunter of Cleburne had the rangers placed on guard pending an audit of the department's records. Hunter is chairman of a house committee investigating Commissioner J. E. McDonald's official conduct.

Soon after the flood waters wrecked the municipal plant, leaving Austin with only 10,000,000 gallons of water in a reservoir and necessitating water rationing, people began coming to the mineral water fountain in front of the capitol.

As the situation became more critical the crowds increased until at one time possibly several hundred were standing in four lines awaiting turns to fill containers.

One night at 11:30 more than 50 persons still were awaiting opportunity to carry home water and the next morning they began appearing at day break. When city water began to flow through the regular channels again the crowds disappeared almost immediately.

The fountain has flowed, it is said, since the capitol was constructed. The sulphur content is not enough to make the water unpalatable, especially when chilled.

Many people drink it regularly.

On two occasions recently, the house of representatives chamber

took on the appearance of a legislative session, save the noise and excitement was lacking. The desks of representatives were turned over to hundreds of candidates "just for bar and then for medical licenses. The examinations were conducted by state boards of examiners for each profession. It was noted more than half of

prospective lawyers used typewriters, and the clutter could be heard out to the rotunda. The we'd-be doctors, without exception, stuck to pen and ink.

Kansas supplies more volcanic ash, used for abrasives, scouring powder and soaps, than any other state—and never had a volcano.

METEORS TRAVEL BROADSIDE ON— A HINT FOR FLIERS IN 'STRAT'

BY HOWARD W. BLAKESLEE,
Associated Press Science Editor,
MINNEAPOLIS, June 28 (AP)—A
new kind of stream-lining, copied
from the meteors, that man may
adopt when he flies the stratosphere
was outlined to the American Asso-
ciation for the Advancement of
Science today.

The lens, instead of the fish, is
the shape of stratosphere stream-
lining. And the lens flies broadside
on, just the opposite of anything
which travels in air or water.

These meteoric streamline prin-
ciples were pointed out by Prof. H.
H. Nininger, director of the Colo-
rado Museum of Natural History,
Denver.

He reported studies of the shapes
of 6,000 meteors picked up after
their fall to earth. Nearly 5,000
were stony material, the others
mainly iron.

But almost all had the same con-
formation—the flow lines of their
melting showing that they had
travelled broadside on. Not one in
100 had the tapering tail of present
style streamlines.

In the unbelievably thin atmo-
sphere where they did most of their
earthly flight 30 to 70 miles above
the surface, they presented their
broadest side and never twisted
thereafter.

"Without question," he said, "here
is a field which should prove a fruit-
ful source of information on ques-
tions of aerodynamics and ballistics.
Thus engineers who are concerned
with the problem of stratosphere
transportation would doubtless find
much to interest them in the study
of meteorites which have survived
flight through the upper atmo-
sphere."

Now that buying intoxicating be-
verages in our country has been le-
galized this principle for the con-
duct of Christians here set down
by the Apostle Paul has a greater
application than it has ever had be-
fore in the lives of believers of this
generation.

"What are we going
to do about these things? We are
going to leave everything of this
class absolutely alone, publicly and
privately, in the hotel, in the home,
in social gatherings, in our own
community, away from our com-
munity, wherever we are, we will
not touch a drop of anything
which has recently been brought in
to our country again, because, by
so doing, we who might be able to
control our appetites along this line
would give occasion for a weaker
brother also to partake of such be-
verages, and he, not having our

strength, would unreasonably in-
dulge himself, become addicted to
drinking, and there would follow all
the unspeakable, awful, disastrous
calamities, personal, domestic, mor-
al, financial, that attend the life
of one who is a slave to these
things."

Responsibility for Our Influence
1 Cor. 8:9

"But take heed lest by any means
this liberty of yours become a stum-
bling block to the weak." The true
Christian feels an obligation to
God and his fellow men which read-
ily looms larger in his thinking than
the exercise of his rights. This sense
of duty rises above appetite and re-
sists social appeal, as well as high-
pressure advertising, which for the
profit that is in it seeks to put the
glass to the lips of every man and
woman in America. If this is the

case then the duty of every Christ-
ian is crystal clear. He must re-
frain, at whatever social or political
cost. He must go a step farther
and help his friends to refrain. Nor
does his duty end there. He is a citi-
zen, and to a degree is responsible
for the conditions in his home town,
his state, his nation. In the exer-
cise of his highest freedom he must
do all in his power to assure others
of freedom from drink. This means
the abolition of the liquor traffic,
legal and otherwise. I am not only
responsible for my life, but for its
influence.

The Christian Law of Fellowship
1 Cor. 8:13

"Wherefore, if meat causeth my
brother to stumble, I will eat no
flesh for evermore, that I cause
not my brother to stumble." Note:
The object of solitude is, "Thy

brother." To him we are bound
by ties fraternal. In particular we
are to see that no stumbling block
is put in his path and that no snare
is set for his feet. In other words,
we are to abstain from certain
things which may not in themselves
be harmful to us, yet seen in us
by others would lead them astray.
That is the only safe and sacrifi-
cial course: Abstain totally from
everything which may cause others
to stumble and sin. The great Apo-
stle himself stated the correct prin-
ciple in a model personal resolve:
"If meat causeth my brother to
stumble, I will eat no flesh for
evermore, that I cause not my
brother to stumble."

HARD ON THE CAR
HICKORY, N. C., June 28 (AP)—S.

K. Kaine parked his shiny new car
at his brother's house and went into
the fields to help thresh wheat.
When he returned he found an ex-
hausted rooster and one side of the
car in need of paint. He figured the
rooster must have fought his
image in the shiny surface.

image in the shiny surface.

Civil airplanes in the United States
carried 1,289,031 passengers in the
last year, 461,749 traveling on sched-
uled air lines.

WANTED

at St. Matthews P. E. Church

Boys who need a strength greater than their own! Girls who long for a grace superior to that learned in the schools! Men and women who desire wisdom that philosophers and experts cannot impart and a rest that the world cannot give!

International Sunday School Lesson

By DR. J. E. NUNN

General Topic:
Liberty Under Law (Temperance
Lesson)

Scripture Lesson—
Romans 14:13-21; 1 Cor. 8:9-13.
Rom. 14:13. Let us not therefore
judge one another any more; but
judge ye this rather, than no man
put a stumbling block in his brother's
way, or an occasion of falling.

14. I know, and am persuaded in
the Lord Jesus, that nothing is un-
clean of itself; save that to him
who accounteth anything to be un-
clean, to him it is unclean.

15. For if because of meat thy
brother is grieved, thou walkest no
longer in love. Destroy not with
thy meat him for whom Christ
died.

16. Let not then your good be evil
spoken of.

17. For the kingdom of God is not
eating and drinking, but righteous-
ness and peace and joy in the Holy
Spirit.

18. For he that herein serveth
Christ is well-pleasing to God, and
approved of men.

19. So then let us follow after
things which make for peace, and
thing whereby thy brother stum-
bleth.

20. Overthrow not for meat's sake
the work of God. All things in-
deed are clean; howbeit it is evil
for the man who eateth with of-
fense.

21. It is good not to eat flesh,
nor to drink wine, nor to do any-
thing whereby thy brother stum-
bleth.

1 Cor. 8:9. But take heed lest
by any means this liberty of yours
become a stumbling block to the
weak.

10. For if a man see them who have
knowledge sitting at meat in an
idol's temple, will not his conscience,
if he is weak, be emboldened to eat
things sacrificed to idols?

11. For through thy knowledge he
that is weak perisheth, the brother
for whose sake Christ died.

12. And thus, sinning against the
brethren, and wounding their con-
science when it is weak, ye sin
against Christ.

13. Wherefore, if meat causeth my
brother to stumble, I will eat no
flesh for evermore, that I cause not
my brother to stumble.

Golden Text:—It is good not to
eat flesh, nor to drink wine, nor to
do anything whereby thy brother
stumbleth.—Rom. 14:21.

Time and place: The Epistle to the
Romans was written by the Apostle
Paul approximately A. D. 60, and
the First Epistle to the Corinthians
about a year earlier, A. D. 59.

Introduction
The great doctrinal subjects in
the Epistle to the Romans are fin-
ished with chapter eleven. Begin-
ning with the twelfth chapter, the
Apostle Paul starts to apply the
mighty truths he has been expound-
ing to the daily practical life of
Christian believers. The fourteenth
chapter, the lesson for today, is oc-
cupied with one particular aspect
of the life of a Christian in rela-
tion to his fellow-believers in the
Christian community at Rome. Many
of these Christians had been con-
verted to Christ, out of Judaism,
and some of them felt under com-
pulsion to continue to live accord-
ing to the Jewish ceremonial laws.
Others had found in Christ an en-
tirely new life. A new law was
written in their hearts, and a com-
plete emancipation from the bond-
age of this complicated and exacting
code, teaching the minute details
of daily life. The question arose as
to how Christians of such different
temperaments should live together,
so that neither group should suffer
harm or have its faith destroyed.

Special Teachings of Romans 14.
The whole of this chapter deals
with matters of doubtful conduct.

Particularly in mind were two of
these matters, whether or not one
day of the week should be observed
above another, and whether it was
right to eat meat that had been
offered in sacrifice to idols or per-
haps whether it was in fact right
to eat certain kinds of meat at all.
Certain principles are laid down
in these verses which every Christ-
ian should apply to his own conduct.
It should be said, first, however,
that all these principles apply with
overwhelming force to the matter
of liquor as well as to these other
matters.

The Use of Intoxicants
It will be seen that running all
through these principles is the law
that I as a Christian am responsi-
ble for the well-being of others. It
becomes therefore positively wrong
for me to do a thing that does not
harm me if in doing it I am in-
different to the best interests of
another. It will not take very long
for us to answer the question wheth-
er the use of intoxicants meets the
requirements of these principles. We
know, unless we are hopelessly
blind, that the use of intoxicants
does untold harm to our fellow men,
and children covered in fright when
the drunken father came home, all
kinds of widowed women and orphan-
ed children, or homes where mother
and children cowered in fright when
the drunken father came home, all
these have not faded from the
memories of those who lived in
pre-prohibition days. Granted that
conditions were not all that they
should have been during the life of
the prohibition amendment, they
were yet vastly better than they
were before.

The Christian, the Foe of Liquor
It is because of this that the
Christian should be the sworn foe
of liquor. It is not a question of
whether we can ourselves drink it
without harm. It is a question of
our responsibility for the well-being
of others. Let the sinner, if he will,
sneer at his liberty to drink if he
so desires. The Christian must
stand on higher ground and think
of the good of others rather than
of his own carnal appetite.

A Christian Rule of Conduct
Rom. 14:21
"It is good not to eat flesh, nor to
drink wine, nor to do anything
whereby thy brother stumbleth."

P. K. ONE STOP SERVICE

Phone 100 "Free Road Service" 403 W. Foster

LET US MAKE YOUR 4TH OF JULY TRIP SAFER

BEFORE you start on your holiday trip, let us completely inspect your car. There is no charge for this service and it will assure you of a safer and more enjoyable trip.

For the motoring convenience and safety of car owners Firestone has established more than 500 Auto Supply & Service Stores throughout the country, and thousands of Firestone dealers are also equipped with Auto Supplies and complete Service Departments to test and service your tires, brakes, batteries, spark plugs, wheels, ignition system, carburetor, in addition to lubricating your car with the most modern power equipment, also crank case service, washing and polishing.

AVOID THE DANGER OF BLOWOUTS

Firestone removes the danger of blowouts by preventing their main cause — internal friction and heat. This is accomplished by Gum-Dipping, a patented extra process which soaks every cotton cord and insulates every strand with pure liquid rubber. No other make of tire is Gum-Dipped.

THERE ARE THREE QUESTIONS AND ANSWERS THAT WILL SOLVE YOUR PROBLEM OF WHAT TIRES TO BUY:

1 "Will the tread give me the greatest traction and protection against skidding?"

— Recent tests by a leading University show that Firestone High Speed Non-Skid Tires stop a car 15% quicker than any other of the leading makes.

For eight consecutive years Firestone Tires have been on the winning car in the dangerous Pike's Peak Race where a skid means

death. This is undisputed evidence that Firestone gives car owners greatest protection against skidding.

2 "Are they blowout-proof?"

— Firestone Gum-Dipped Tires have the most amazing records for being blowout-proof of any tires ever built. In the gruelling 500-Mile Race at Indianapolis, May 30th, every one of the 33 cars was equipped with Firestone Gum-Dipped Tires. Kelly Perillo won the race and broke the record over this 26-year-old rough brick track without tire trouble — in fact, not one of the 33 drivers had tire trouble of any kind.

Ab Jenkins drove his 5,000 pound car on Firestone Gum-Dipped Tires over the hot salt beds of Utah, 3,000 miles in 23½ hours, at an average speed of 127.2 miles per hour, with temperatures as high as 120°, without tire trouble of any kind. These are most amazing proofs of blowout protection ever known.

3 "Without sacrificing these two important safety features will they give me longer mileage, thus making them the most economical tires I can buy?"

— Firestone High Speed Tires not only give you more than 50% longer wear, but also lowest cost per mile. This is made possible by the tough, wear-resisting tread built with higher shoulders and a wider, flatter contour. This thick, rugged, scientifically designed tread is held securely to the Gum-Dipped cord body by Firestone's patented construction of two extra layers of cords under the tread. This is a special construction feature not used in any other tire. Unequalled mileage records by thousands of car owners add undisputed evidence of the longer wear and greater economy of Firestone High Speed Tires.

Equip your car with a set of Firestone Gum-Dipped Non-Skid Tires, the safest tires ever built and avoid the dangers of skidding and blowouts.

You always get better quality at no higher price when you buy a Firestone Tire with the Firestone name and guarantee.

LIBERAL TRADE IN ALLOWANCE FROM THESE PRICES

Leading University tests show Firestone High Speed Tires stop your car 15% quicker

1

Gum-Dipped Cords give greater blowout protection. Gum-Dipping is not used in other tires.

2

Wider, flatter tread gives more than 50% longer non-skid wear.
