FDR-UTILITIES FEUD MAY BE NEARING END

WASHINGTON, Nov. 23 (AP)—Attempts of both the Roosevelt administration and Republican congressional leaders to find methods of helping business resulted today in four developments:

1. Members of a House tax subcommittee showed sentiment for exempting a fixed percentage of corporation incomes from the undistributed profits tax.

2. President Roosevelt began a series of talks with private power leaders, talks which informed observers said might lead to a truce in the five-year feud between the administration and private utilities.

3. Senator Vandenberg (R., Mich.) offered an "opposition" program in which he said business should be "permitted reasonable latitude to run itself."

4. House Republicans, at the request of Rep. Knutson (R., Minn.) who opposes the levies, arranged to caucus on the question of advocating repeal of the undistributed surplus and capital gains taxes.

The House tax subcommittee asked treasury officials to supply estimates of revenue reductions which would result from exempting various percentages from the undistributed profits levy. Any loss, committee men said, probably could be made up by increasing the normal corporation tax in the higher ranges.

The subcommittee has not decided at what point to stop complete exemption from the undistributed profits levy. It has agreed however, to exempt entirely corporations with incomes up to \$5,000.

Senator Vandenberg made 10 suggestions for improving economic conditions in a radio speech last night. His proposals were:

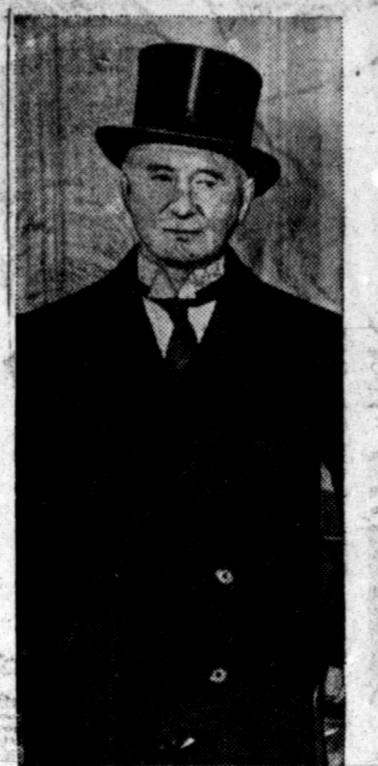

End business distrust of government, speed up balancing of the budget, substitute "incentive taxation" for the "punitive brand," amend the social security act and the Wagner labor relations act, abandon the wage-hour bill, curtail the president's "executive dictatorship," give relief to farmers "without bureaucratic controls," adopt an "insulating neutrality," and abandon "all anti-constitutional activities and intrigues."

WILL RESUME FLIGHTS WASHINGTON, Nov. 22 (AP)—The German government, undaunted by the disaster to the airship Hindenburg, hopes to resume experimental dirigible flights to the United States next year. This was disclosed today when the state department referred to the commerce and navy departments a formal request from German Ambassador Hans Dieckhoff for a new permit for landing in this country.

Year After Stork Derby Ends, Mothers Await Verdict From Canada High Court

There's a definite link between the "Stork Derby" and the scrubbing board—they go hand in hand like poverty and children, as Mrs. Matthew Kenny with her 12 offspring could tell. This picture was made two years ago as Kenny and some of the children gathered round the washbasin.

Heading the Supreme Court of Canada which is considering validity of the "Stork Derby," will be Chief Justice Lyman Duff, pictured here in typical high silk hat and wing collar.

By JAMES MONTAGNES NEA Service Special Correspondent TORONTO, Ont., Nov. 23—Their futures resting in the hands of the supreme court of Canada, which is weighing the validity of the bizarre will of Charles Vance Millar creating the \$500,000 "Stork Derby," six toll-worn Toronto mothers who look forward to winning or sharing the prize today awaited a verdict from the high tribunal with mingled hopes and fears.

Final Decision Soon A decision was expected shortly from the Dominion's highest court, as the first anniversary of the end of the maternity sweepstakes, October 31, 1936, was at hand. Validity of the will leaving a half-million dollar prize to the Toronto mother or mothers who had the most children in the 10-year period after the death of the eccentric bachelor lawyer, had been upheld by the Ontario supreme court and the Ontario court of appeals.

Distant relatives of Millar are attacking the will on the ground that the "Stork Derby" prize clause is against public policy. Legal authorities said it was not likely the case would be carried to the privy council in London, ultimate legal authority in the British empire.

Upholding of the document by the supreme court would throw the case back on the shoulders of Justice Middleton of the Ontario supreme court, who then must decide which mother wins the fortune or those entitled to share in it.

More Children on Way As the gowned supreme court justices deliberated on the question, the six mothers hoping the field by reason of having each borne nine registered and eligible children during the baby race period, went about their usual tasks.

Two of them, Mrs. Matthew Kenny and Mrs. Kathleen Nagle, are expecting in addition to their swarming families. "I'm not very worried about the money," Mrs. Kenny said, remarking however that she was "not feeling so good." As a tribute to the creator of the "Stork Derby" Mrs. Kenny has on display in the front yard of her home wood carvings she has made of him, and his farm house birthplace. "I've plenty of new carvings inside," she said proudly. Mrs. Kenny, 34, seven of whose 14 children are living, said her husband was doing odd jobs and the family was not on relief. Expressing the hope to see "some of that \$500,000 soon," Mrs. Nagle, 35, mother of 12, said, "we can use it, although my husband has been working at odd carpentry jobs."

Behind Mrs. Kathleen Nagle as she stands in the doorway of her Toronto home are the Nagle children of the "Stork Derby," fading into an apparently limitless background like the figures in some artist's conception of this colossal practical joke, with a fortune of \$500,000 at stake.

Race Reconciles Two Meanwhile the youngest of the six mothers, Mrs. Pauline Mae Clark, 26, had the baby prize contest to thank for a reconciliation with her husband. Prospects of winning the "Stork Derby" purse brought them together again. Mrs. Clark gave birth to 10 children during the prize contest decade, one born just outside the city limits of Toronto.

"All is well with my family," said Mrs. Annie Smith, wife of a Toronto fireman, another of the six with nine eligible children. Talking cheerily above the music from a radio, she said she was looking forward to sharing the prize money soon.

Legal Fees Set Mrs. Isabel MacLean, whose husband is an Ontario government employee, said they expected no new babies. Nine of their 10 children are living and the family is all well, Mrs. MacLean continued. With the others she said she was looking forward toward a prize share.

The older children in her family of 16 are working and helping their father pay for the big weekly food bill, Mrs. Arthur Timleck, 38, the sixth mother, explained. No one could use the money better than her family, she said. One thing the mothers were consoled by as they awaited the decision was that the government has taken steps to fix the amounts lawyers will receive in the case so that the bulk of the prize-winnings will not go for legal fees. No fees have yet been paid.

ETHEL STARS IN PLAY DENOUNCING ANY WAR

NEW YORK, Nov. 23 (AP)—Ethel Barrymore walked onto the stage of the Guild theater last night, and thereby belied the most famous of all her curtain lines. "That was her final speech of the play, 'Sunday,' years ago when she said, as the curtain fell, 'That's all there is. There isn't any more.'"

Last night she returned to Broadway in the leading role of Sidney Howard's new play, "The Ghost of Yankee Doodle," after announcing a year ago she was finished with acting.

She appears in a most timely play, for Howard dramatizes what may happen in thousands of homes in this country if the United States should be drawn into war again. Or, rather, he shows what is already happening with the youth of this country being lured away to wars in various sections of the globe.

Howard says, quite honestly, that what he wants to show is "the disconcerting fact that it is no longer easy, that it may well be impossible, to live the good life as a liberal American with either consistency or honesty."

Sufferers of STOMACH ULCERS HYPERACIDITY

BUSINESS MAN HELD IN DEATH OF YOUNG GIRL

SOCORRO, N. M., Nov. 23 (AP)—The body of pretty Rose Garcia, 16-year-old servant girl missing for two days, was dug from a shallow, sand-filled grave early today and District Attorney John Baron Burg announced he was holding a Socorro business man for questioning.

Sheriff Frank Knoblock, who with State Policemen Joe Rosch and Max de Baca, aided Burg in making the discovery, said the girl had been murdered, apparently after a criminal attack.

She had been horribly mutilated with a pen knife, Knoblock said, and had been shot through the left breast.

Burg said he was holding W. B. Cassidy, manager of a local laundry, in whose home the girl had been employed. Burg said, gave him the information which led to discovery of the girl's grave.

The district attorney said Cassidy declared the girl had committed suicide and that he had placed her body in the shallow grave, under a two-inch covering of loose sand, near the Rio Salado, 17 miles north of here.

A coroner's jury returned a verdict that the girl, daughter of Guadalupe Garcia, well-known rancher near here, met death "from gunshot wounds inflicted by an unknown person."

Burg, however, indicated he planned to call the jury into session again following further questioning of Cassidy. Cassidy is married and the father of several children.

FDR WILL LEAVE FOR FLORIDA NEXT WEEK

WASHINGTON, Nov. 22 (AP)—President Roosevelt, on the advice of his physician and dentist, canceled today his Thanksgiving trip to Warm Springs, Ga., but made plans to go there and to the Florida coast on a fishing trip when he gains his strength.

Stephen T. Early, a White House secretary, said the president probably would leave for Miami the latter part of this week, or early next, for four or five days of rest and then go to Warm Springs for a belated dinner with the infantile paralysis patients at the foundation there.

The president's general condition was good and temperature normal, Early said, but that the abscessed gum still needed treatment. Drainage from the gum, he added, was being absorbed in the body, rendering slow the president's recovery of strength.

'FOUR ACES' KINGPINS OF BRIDGE PLAYERS

NEW YORK, Nov. 23 (AP)—The "four aces" were kingpins of the bridge world again today, so far as the Vanderbilt cup goes.

The 4,000 points piled up last night by Oswald Jacoby, Howard Schenken, David Burnstine, M. D. Maier and Sherman Sterns left Harold S. Vanderbilt's team far in the rear.

The only glory for Vanderbilt and his teammates, Waldemar K. Von Zedtwitz, Theodore A. Lightner, Charles Lochridge and E. Jay Becker was the fact that they led the

champions by 60 points Sunday at the halfway mark of 72 boards. That slim lead went off the books at the start yesterday when Lightner's fairness in reporting cost the Vanderbilts 100 points penalty. Jacoby and Burnstine will have their names on the huge silver trophy for the fourth time. They won in 1937 with F. Hal Sims and Willard Karn before the aces entered as a team.

SNOW COVERS CENTRAL, EAST, NORTH TEXAS

(By The Associated Press) Texas awoke today with its white sections, slipping into mid and high over most of the state, and a forecast of moderating temperatures.

Snowfalls continued at a few points, among them Temple, Tyler, Waco, and Marlin, into last night, but most sections reported the flakes which crept silently in early yesterday to surprise weathermen, stopped before the day ended.

Scattered parts of East and West Texas were expecting either rain or snow to continue.

Only South Texas was untouched yesterday by the fall which in most sections was beneficial to agriculture and ranges.

The fall varied from a bare trace to more than six inches at Marlin, where the heaviest fall in 12 years was recorded, and old-timers remembered none so early.

At Temple the fall was the heaviest in November in 40 years. Fort Worth, with five inches and Dallas, with three, also noted records.

The first November snowfall in the memory of old-timers was reported at Nacogdoches.

Strong northeast winds hampered navigation at Galveston, sending the temperature from 53 down to 38 degrees.

that wide, well timbered but splotted with rich areas of arable land highly productive of tropical commodities. Haiti is on the west end of the island, with half as much territory and nearly two times the population of the Dominican republic on the eastern two-thirds.

There is nothing much wrong with the island except that the people, mostly negroid, haven't been able to make much of a go of it. The island is rich in natural resources, but foreign investors have been discouraged from putting new money into circulation because of the disposition of the natives to shoot it out politically instead of voting it out.

Off To A Flying Start

Man About Manhattan

By GEORGE TUCKER NEW YORK—"Senator" Ford is a "slow, thought-chewing" fellow whose droll remarks crack like a rawhide whip.

Such a moment came in a slight club where the talk had turned to the winter styles in women's wear. After discussing the new Empire purple and commenting on ermine wraps trimmed with white fox, someone said: "Senator, what do you think of the ladies' hats this season?"

Not long ago the Senator attended a dinner at which most of the guests were tycoons of the automobile industry. The heads of Buick, Ford, Oldsmobile, Cadillac—all the well known cars—were present.

Pursuing his militant attitude, Senator Ford climbed to his feet and began a vigorous and abusive denunciation of the motor industry, naming "flaws" and objectionable points in all of the favorite automobiles manufactured here.

Mother Runs Mile Through Snow With Burned Daughter

Physicians held hope of recovery today for two-year-old Susie Keller, saved from burning to death when her mother beat flames from her body at their Arkansas farm home near here today.

She was gathering wood at the rear of the home when she saw the baby run through the house with clothes ablaze, ignited from a bed room heater.

People You Know

By ARCHER FULLINGIM TO A COTTONWOOD. You are a towering headland green and cool.

At night you made the soothing sounds of rain. Beyond the orchard fence the cattle stirred With slowly moving currents of your shade

Now down the chilling wind your leaves are blown And in the nights the autumn rain will sound Less soothing than your music

How's Your Health?

By IAGO GALDSTON, M.D. HEART PAIN Many persons with definite heart disease do not complain of any pains referable to the heart.

How are these seemingly paradoxical cases to be explained? This problem was recently tackled by a group of physicians, including heart specialists and psychiatrists. Their studies led to the conclusion that in heart pain the psychological factor looms large.

BIRTH OF BABY CAUSES WRECK OF AIRLINER

BRUSSELS, Nov. 22 (AP)—The newspaper Midi-Journal said today a Belgian inquiry into last week's airplane disaster at Ostend, in which 11 died, indicated the pilot attempted to land because the Archduchess Esse Bel Rhein, one of the passengers, was giving birth to a baby.

Around Hollywood

By ROBBIN COONS HOLLYWOOD—Mrs. Robert Mizzy, who is Louise Hovick, who was Gypsy Rose Lee, has returned from her one-way honeymoon, or vacation, or whatever it was.

At first, the couple had planned to get married in three years, but they soon whittled the time down to three days—the interval required by California law for filing of intentions.

Even then, the romance seemed flimsy. Every time Miss Hovick and Mizzy planned to walk down town and get a license the studio would order her on the set for retakes.

They tried to avoid the three-day restriction by being married by a large captain beyond the three-mile limit at sea. That wasn't legal, though, and it was several more days before they could conform to California requirements.

Side Glances

By George Clark

Birth of Baby Causes Wreck of Airliner

BRUSSELS, Nov. 22 (AP)—The newspaper Midi-Journal said today a Belgian inquiry into last week's airplane disaster at Ostend, in which 11 died, indicated the pilot attempted to land because the Archduchess Esse Bel Rhein, one of the passengers, was giving birth to a baby.

White House And Wall Street Vie For Power In Backstage Battle

By RODNEY DUTCHER, Pampa Daily News Washington Correspondent

WASHINGTON, Nov. 23.—Although Congress is giving an all-star demonstration of how thoroughly 531 men from various areas—or 532 if you include the vice president—can get themselves thoroughly gummied up when the national welfare is at stake, the real issues are being fought out backstage.

Members of Congress are reacting in the bulk, as usual to the preponderance of pressures behind them, whether the pressures come from the administration, the voters, special interests in their constituencies or other forces. There are a few members who vote their own convictions and let the ballot fall where they will. But their number is negligible.

It has been pointed out in these dispatches that the administration and "big business" blame each other for the industrial slump and that the issue between these two forces centers around the question as to which has the best ideas for achieving the nation's economic salvation.

So They Say

I have nothing on earth to say, and I'm going to say it. —J. P. MORGAN, on his return to the United States from a trip abroad.

Book A Day

Probably it is not entirely by chance that "Woolcott's Second Reader" (Viking, \$3) comes out just as the Christmas shopping season is getting under way.

There are times when she (a smart girl) might cultivate a mild stupidity. —MARTHA ELEDGEOE, 14, of Fairburn, Ga., spelling champion of Georgia, and senior in high school.

We are born not immoral, not moral, but unmoral. —DR. A. SOPHIE ROGERS, Ohio State University psychologist.

Cranium Crackers

1. Who appoints the chief justice of the United States? 2. Does the city of London, England, have any skyscrapers? 3. Is the North Pole fixed or does it move? 4. What makes soap float? 5. What is "white coal"?

HITS NAZI ACTIVITIES

AUSTIN, Nov. 23 (AP)—Friedrich Von Spiegel, German Consul General in the Southern States, voiced opposition here today to Nazi "flag-waving" in this country.

Washington Daybook

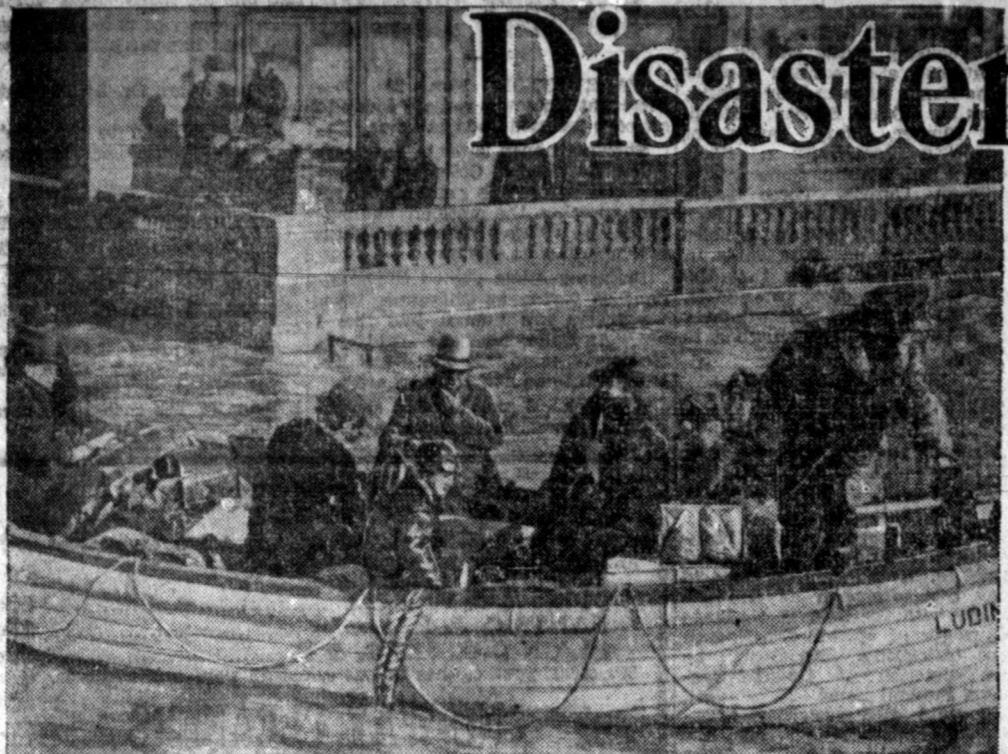

WASHINGTON—America has three major off-shore trouble islands. Of the three, Cuba is nearest and biggest, Haiti next and Puerto Rico farthest out in the Atlantic. Latest to cut up is Haiti, the middle island.

Disaster Plays No Favorites

Records of 56 years of relief work by the American Red Cross show no community is immune to catastrophe—whether flood, fire, epidemic, highway accident, drowning or other hazard. The Red Cross always stands ready to help. So join for your own sake!

FLOODS ROSE TO DANGEROUS HEIGHTS in many cities as well as in rural areas in the Ohio-Mississippi valleys in 1937. Red Cross rescued and fed a million and a half people in 182 counties in 12 states

DEATH TOLL from motor accidents continues to mount. Red Cross has Emergency First Aid Stations on nation's highways where trained first aid can be given injured

EXHIBITION BINS in a fair grounds auditorium made good beds for babies homeless during the floods. Red Cross nurses watched over the babies' health

DEATHS from accidents in the home and on the farm outnumber deaths from motor injuries. Red Cross, through an educational campaign, seeks to combat these hazards to life

SEVEN THOUSAND lives are lost each year in drowning accidents. Red Cross teaches life saving methods, to safeguard bathers and resuscitate the drowning

PREVENTION OF EPIDEMICS often is a Red Cross duty. Influenza, meningitis and pneumonia were curbed during the flood aftermath; 300 emergency hospitals were set up by Red Cross, 3,600 nurses were on duty

DURING the flood emergency the Red Cross was baker, grocer, milk man and landlord for thousands of families

OTHER THOUSANDS, flood-marooned in their homes in 1937, relied upon Red Cross food packages which were carried to them by boat

TORNADOES are disasters of most frequent occurrence—floods are second

CHILDREN HOUSED with their families in Red Cross tent colonies were given toys and recreation was provided by other children through Junior Red Cross

WTSTC Teacher Builds Freshman 'Courting Fence'

CANYON, Nov. 21—Miss Richardson calls it her "Freshman Courting Fence."

The fence has just been completed in front of the residence of Miss M. Moss Richardson, beloved English teacher at West Texas State College.

The name originates in the fact that the fence has been built out of rocks contributed by her freshmen English students, and she has dedicated it to their comfort.

The name originates in the fact that the fence has been built out of rocks contributed by her freshmen English students, and she has dedicated it to their comfort.

The 9th edition, just off the press, may prove your first step to happy stomach comfort! Clip this to remind you to ask for the UDGA Booklet at CITY DRUG STORE

DORIS DUKE RICHER BY 18 MILLION DOLLARS

SOMERVILLE, N. J., Nov. 23 (AP)—Twenty-five years old today, Mrs. Doris Duke Cromwell is richer than she was by something between 10 and 18 million dollars.

There was a party at the family estate here Sunday night at which the bequest from her father's estate shared interest with the U. S. Senatorial possibilities of her husband, James H. R. Cromwell, author and economist.

Described by U. S. Senator A. Harry Moore as one on a list from which he will select his successor when he resigns from the Senate Jan. 1 to assume the governorship, Cromwell declared "I will not inject myself into politics but I will accept an appointment and then run for reelection to the same office."

NEW YORK, Nov. 23 (AP)—A sterilized radio microphone was taken into a hospital operating room today to broadcast the details of an operation.

TEXAS RANGER DIES LULING, Nov. 23 (AP)—The Rev. A. Y. Old, picturesque Texas Ranger in his younger days, who died Sunday in Plainview, was buried here yesterday.

OIL PRODUCTION FOR NATION SHOWS GAINS

TULSA, Okla., Nov. 23 (AP)—An increase of 27,948 barrels daily brought the nation's crude oil output for week ending Nov. 20 to an average of 3,575,970 barrels daily, the Oil and Gas Journal reported today.

They're Still the Fighting Irish at Notre Dame Campus SOUTH BEND, Ind., Nov. 23 (AP)—Shure and they're still the "fighting Irish" at Notre Dame.

Next come the Kelleys with 24 and the Murphys and O'Briens with 23 each. There are dozens of Ryans, Erennans, Doyles and O'Donnells.

STATE Last Times Today CLARK GABLE MYRNA LOY IN "PARNELL" Wednesday and Thursday

TEXANS IN OCTOBER GUZZLED 427,500 GALLONS OF LIQUOR

AUSTIN, Nov. 23 (AP)—Texans guzzled 427,500 gallons of liquor and 5,153,000 gallons of beer in October but whether the dries or wets were gaining strength appeared indefinite.

County local option elections, being run-off at a rate of more than one a week, probably are indicative and, of 31 held since May, prohibitionists gained new territory in 11.

Of the 28 counties that have today 97 permit liquor and beer sales in part or of the entire county; 44 allow beer only to be sold; 2 permit wine, ale and beer sales (up to 14 per cent alcoholic content); and 111 are totally dry.

REX THEATRE PHONE 22 Today and Wednesday ONE WORD FROM THIS LOVABLE SCOUNDREL WOULD HAVE SAVED HIS CAREER... BUT DISGRACED TO WOMAN IN HIS LIFE! COUNSEL FOR CRIME FREE TURKEYS TONITE

CHARGES AGAINST GULF AND TEXAS DISMISSED

MADISON, Wis., Nov. 23 (AP)—Federal prosecutors in the government's gasoline price-fixing case directed their attack today against defense motions for dismissal of charges against the remaining defendants—16 oil companies and 41 executives.

Defense attorneys concluded arguments yesterday after Federal Judge Patrick T. Stone granted motions freeing three more companies and four individuals. Actions against four oil companies, three trade publications and an editor of one, previously had been dismissed.

ACHIEVEMENT MULLENS, W. Va. (AP)—The Mullens high school football team, regardless of games won and lost, has already "broken" one record. A checkup disclosed these fractured bones among the squad: Collar, bone, arm, foot, jaw, cheekbone and two chipped elbows.

MEAT PRICES HAVE DROPPED

CHICAGO, Nov. 23 (AP)—Prices of practically every major meat cut on the household shopping list have dropped since the peak levels were reached two or three months ago, latest figures from butcher shops indicated today.

Furthermore, some wholesale pork prices have declined as much as 30 to 48 per cent while beef cuts have declined 13 to 30 per cent from the year's highs.

The Institute of American Meat Packers stated declines in fresh pork have been most noticeable during the last few days. In two weeks wholesale prices of fresh pork loins have dropped 10 to 23 per cent and now are from 14 to 31 per cent lower than at the beginning of October. Compared with mid-September pork wholesale pork loins are 30 to 48 per cent lower.

Wholesale prices of better grades of beef declined 9 to 13 per cent in the past two weeks and average prices of almost all grades of beef were down as much as 27 per cent below those at the beginning of October. Wholesale prices of all grades and weights of dressed lamb are about 10 per cent below prices prevailing two weeks ago.

INCREASED PRODUCTION AT HELIUM PLANT DUE

AMARILLO, Nov. 23 (AP)—Increased production at the U. S. helium plant at Amarillo is expected to start about the first of the year. C. W. Seibel, supervising engineer, said today.

The civil service has advertised for applications for an operator and an assistant operator.

The increase in activity at the Amarillo plant, largest in the world, is an outgrowth of the new helium act, approved September 1, 1937. Dr. Seibel said.

Under the provisions of this act, the secretary of the interior is instructed if possible to purchase the two commercial plants now in existence—one in Kansas and one in Colorado. After the purchase agreement has been signed or thirty days after the appraisers' report has been submitted, the government helium plant at Amarillo will be allowed to sell the gas commercially.

The Amarillo helium plant was thrown into the spotlight this summer with the flaming Hindenburg disaster at Lakohurst, N. J. The Hindenburg was inflated with the inflammable hydrogen gas. Helium has 92.5 per cent of the lifting power of hydrogen but is an inert, non-inflammable gas.

Recently physicians have published the value of helium in treatment of respiratory diseases, but its high price on the commercial market prohibited its use. Entrance of the government into the commercial field will place the gas within financial reach of everyone.

Flashes of LIFE

By The Associated Press THEY SHOULD BLOW THEIR HORNS

KANE, Pa.—E. I. Sprague says deer cost him dear.

Twice in a week he has collided with deer while driving his car near this Allegheny mountain community.

In each case, the deer was killed—but the front of his car was caved in both times.

POSS FOUNGAGE

KANSAS CITY—Six or seven meals a day have put five pounds on Edly Pons.

"I eat lots," the five-foot coloratura soprano said.

Miss Margherita Tirindelli, her traveling companion, said Miss Pons eats breakfast at 11, a sandwich at 1, a dinner at 3, a snack at 5, dinner about 7, another snack at bedtime and sometimes something in the night. She weighs 106 pounds.

ALL IN THE FAMILY

FORT LINDSEY, Mo.—Dr. Fred E. Farror, dentist, paid \$1 parking fine. He'd have moved sooner, he said, if he hadn't stayed to finish some work for the daughter of the patrolman who gave him the ticket.

AIR MINDED

DES MOINES—Bewhiskered Amariah Chamdler of Alden Ia., who is 100 years of age can "die happy."

After expressing a desire to take a plane ride "before I die," Chamdler flew over this city for 30 minutes.

His companion was John P. Risley, 91, of Des Moines, Iowa G. A. R. commander, also making his first flight.

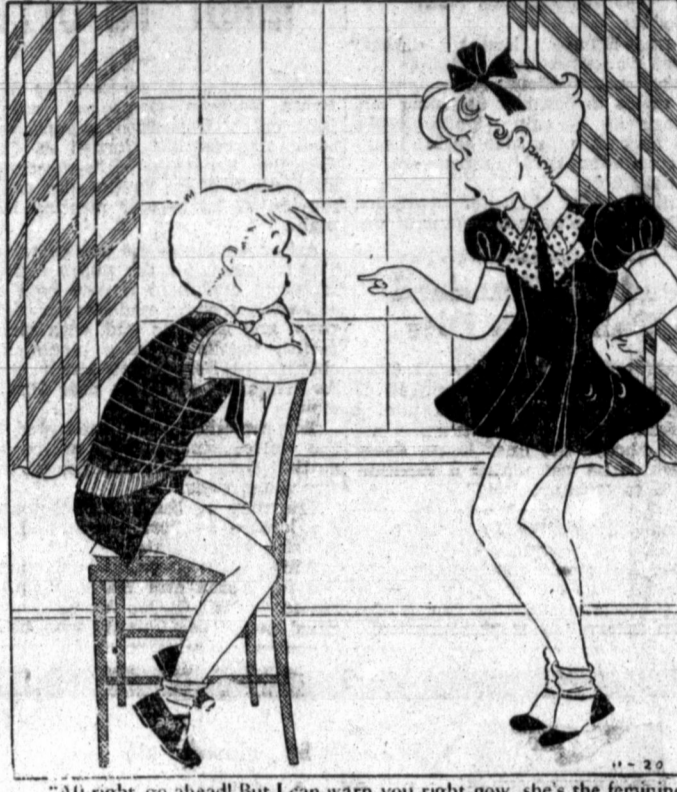

Before leaving the ground Chamdler took his ether pipe from his mouth and stuffed it in his overcoat pocket.

BUY A PET

NEW YORK, Nov. 22 (AP)—If you are bottled up emotionally, buy a pet. Dr. A. A. Brill, Columbia university psychologist, advised today. Dogs provide the best "emotional transfer," Dr. Brill added, because they are closest to human beings. Birds make the next best pets, he said.

'GOOD NEIGHBOR' DAY URGED BY GOVERNOR

AUSTIN, Nov. 23 (AP)—Governor James V. Allred wants Thanksgiving to be a "good neighbor" day.

His proclamation setting aside Nov. 23 as Thanksgiving Day calls upon Texans to be "good neighbors in bringing the spirit of Thanksgiving Day to the home of unfortunate neighbors that they might share with us some of our material blessings."

His proclamation read in part: "Again we approach that day of observance which America sets apart as one of thanksgiving to the Divine Providence whose blessings have enriched our state and nation during the year.

"In appreciation of these blessings of peace, prosperity and national security which we enjoy, let us emulate the example of Texas pioneer fathers who gave thanks to the Almighty for the opportunity that was theirs to carve an empire out of a wilderness. To Him let us render heartfelt gratitude for those blessings and rededicate ourselves to the opportunities of today and the hopes of tomorrow."

AUSTIN MAN WILL SEND DEER MEAT TO GARNER

AUSTIN, Nov. 23 (AP)—The current special session of Congress prevented Vice President John N. Garner from killing his "deer meat" for Thanksgiving but Frank Scofield, internal revenue collector for South Texas, is coming to his rescue.

Proudly exhibiting a 17-point buck on his return from the hills west of Kerrville, Scofield said part of it would be sent immediately to Garner.

State Senators Will D. Pace of Tyler and Allan Shivers of Port Arthur were among other successful huntsmen in the party with Scofield. Will D. Pace, Jr., celebrated his 12th birthday by getting a turkey and two deer.

Rule on Justice of Attacks on TVA

These three federal court judges will pass judgment on 18 attacks by power companies on the constitutionality of the Tennessee Valley authority in a hearing being conducted at Chattanooga, Tenn. Comprising the 6th District Court of Appeals they are, left to right, Judges John J. Gore of Nashville, Florence E. Allen, presiding, and John Martin of Memphis. The complaining companies allege that the constitution does not empower the government to manufacture and sell commodities in competition with private industry.

Mainly About People

Joseph Hodge, a student at the University of New Mexico, is spending the Thanksgiving holidays with his parents, Mr. and Mrs. Joe Hodge.

Suppl. and Mrs. R. B. Fisher, County Suppl. W. R. Weathered,

and Supt. C. A. Cryer of McLean, will leave tomorrow for Houston where they will attend the 59th annual convention of the Texas State Teachers association, November 25-27-28.

J. C. Dingwall, Texas highway department resident engineer, left Pampa yesterday on a business trip to Austin. He is expected to return by the end of the week.

Dr. A. R. Sawyer was admitted to Pampa-Jarratt hospital this morning. His condition was slightly improved at noon, attending physicians reported.

Mr. and Mrs. Homer Powell and children and Jack McLaughlin, all of Los Angeles, arrived in Pampa this morning to visit Mrs. M. E. McLaughlin, mother of Jack and Mrs. Powell, during the Thanksgiving holidays.

Mr. and Mrs. Ely Fenville and daughter of Borger were Pampa visitors yesterday.

Mr. and Mrs. Tom Palmitier are the parents of a 7½-pound daughter, born at Pampa-Jarratt hospital.

Nearing the end of the first alphabetical study of unsatisfactory accounts, members of the Pampa Credit Grantors association on next Monday will study the letters "K" and "L". Yesterday 34 members at-

tended the noon meeting in the Schneider hotel and checked accounts in the letters "I" and "J".

Forest Sandy, orderly at Pampa-Jarratt hospital, underwent an appendectomy at the hospital this morning.

Mrs. and Mmes. C. D. Harris and Guy Dunwoody are visiting Mr. and Mrs. Farris Baughan in Flainivw today.

Mr. and Mrs. B. W. Deering returned Monday from a tour of the western states. They accompanied Mrs. Deering's parents, Sheriff and Mrs. Tom Able of Lubbock. The group visited the Day bridge at San Francisco, Boulder dam, Nevada, and Grand Canyon.

Nobody Loves a Cathartic-Crank!

Most cathartics are habit-forming—in time you must take them often and step up the dose. There's no fear of this when you get a NATURAL laxative food like Kellogg's All-Bran. Instead of over-stimulating your intestines, All-Bran supplies TWO things they need. First, vitamin "B," the amazing vitamin that tones up your intestinal tract. Second, All-Bran provides "bulk"—it absorbs water and softens like a sponge. This water-softened mass aids elimination. But this crunchy, toasted cereal with milk or cream and fruits. In muffins it's delicious. But however you eat it, use it REGULARLY; eat two tablespoons of All-Bran and drink plenty of water. If you do this every day you can avoid common constipation—and cathartics, too! Made by Kellogg in Battle Creek. At every grocer's.

COMPLETE REVISION OF CORPORATE TAX OKAYED

WASHINGTON, Nov. 23 (AP)—A House subcommittee tentatively approved today complete revisions of the corporate tax system. It would involve repeal of the undistributed profits levy for all corporations with incomes up to \$25,000 and retention on a modified basis for those with larger incomes.

The new plan, Chairman Vinson (D-KY) said, will be "particularly helpful to the hardship cases—corporations needing money for the purpose of debt payment, plant expansion to repair capital structure and the like."

The new plan would impose on corporations with incomes up to \$25,000 an income tax of 12 1/2 per cent on the first \$5,000 of earnings and of 14 per cent on earnings of \$5,000 to \$25,000.

Corporations with incomes in excess of \$25,000, Vinson said, would pay a tax graduated from 16 to 20 per cent, the rates graduating according to the amount of profits distributed to stockholders in the form of dividends.

Estimates show, Vinson added, that these two sets of rates will yield the same revenue as the existing corporate tax law, making up for a reduction in the amount of taxes that individuals will pay on dividends.

Taxes on individuals, he said, should be lowered by some \$60,000,000 under the new proposal.

FAMED HINDU SAVANT PASSES AT CALCUTTA

CALCUTTA, India, Nov. 23 (AP)—Sir Jagadas Chandra Bose, 79, Hindu savant who stirred up a storm in scientific circles in 1901 with his "heart beat" theory of plants, died at Giridih today of a heart attack.

When he presented his theory of the identical nature of physiological reaction in plants and animals to the British royal society, there were allegations that he was not the first to discover the electric response of ordinary plants.

The society at first rejected his paper but later recognized his claim of priority and conferred a fellowship upon him.

He was founder of the Bose Research Institute of Calcutta.

DEADLINE EXTENDED

AUSTIN, Nov. 23 (AP)—Deadline for payment of October contributions on wages to the unemployed, commission has been extended to November 26, Orville S. Carpenter, director, announced today. The extension was authorized because Nov. 25 is a holiday, he said. Similarly, the December deadline will be set back to Dec. 28 since Dec. 25 is a holiday and the succeeding day falls on Sunday.

GREEN ASSAILS WAGE BILL IN POINTED NOTE

By NATHAN ROBERTSON
WASHINGTON, Nov. 23 (AP)—The Senate got down to business today on farm legislation, but President Roosevelt's special session program still was locked in committees on the House side.

Despite signs of prolonged controversy over the crop control measure, Senate chiefs took it up with obvious relief after southerners had talked against the anti-lynching bill for a full week.

House leaders voted to get the farm bill into their chamber within a day or two, but their efforts to pry loose the wage-hour bill were given a setback by William Green, president of the American Federation of Labor.

Green demanded in a letter to chairman Norton (D-NJ) of the House Labor Committee that the measure, which the Senate passed last session, either be rewritten or dropped. He criticized the provision empowering a five-man board to fix maximum hours and minimum wages.

Green's letter came just as House leaders were arranging a dramatic appeal to get the necessary 218 signatures to discharge the wage-hour measure from the rules committee.

Democratic leader Rayburn (D-TEX) said he would sign the petition and then make a speech unless the rules committee voluntarily released the bill.

Hearings Begin
The House Rivers and Harbors Committee began today on a regional planning program, another of the President's recommendations.

Chairman McField (D-TEX) of the committee said he would submit to the members suggestions that the authorities be fact-finding agencies only. After conferences with House leaders, he said he believed Congress should not grant such broad authority as the Tennessee valley authority now has.

Agitation for immediate tax revision continued in both Senate and House, but leaders insisted nothing could be done about it until the House Ways and Means Subcommittee completes its report. Members forecast it would not be ready until the January session.

Farm Act In Week
There were indications also that the President's proposed message to Congress on a program to speed a housing revival financed by private capital would be delayed.

Friends of the anti-lynching bill announced they would lay aside their measure for the Senate's farm bill debate.

Barkley forecast the farm bill would be passed in about a week, but other forecasts were that the debate would last considerably longer.

Agriculture committee members said opposition undoubtedly would center on provisions for controlling production.

Chairman Jones (D-TEX) said the House bill, although "not compulsory in the strict sense," would contain a much stronger inducement for farmers to cooperate in limiting production than does the present soil conservation program.

The committee has provided that the "non-cooperator" would not be eligible for benefits for planting soil conserving crops on part of his land, for subsidies in the case of cotton, and for commodity credit corporation loans.

'PAID PROVOCATEURS' ACCUSED IN STRIKE
DETROIT, Nov. 23 (AP)—Charges that "paid provocateurs" acted in the Pontiac, Mich., wildcat strike were voiced today as steps were taken to make the newest peace in the automobile labor field a lasting one.

Unidentified outside interests seeking to drum up business for labor spy organizations were blamed.

The United Automobile Workers of America, whose international leaders succeeded in halting the unauthorized strike at the Fisher body plant of General Motors Corporation yesterday, promised an investigation of the charges.

Aides of Homer Martin, union president, said the inquiry will be carried out along with the U. A. W. A's preparations for a grievance hearing next Monday and renewed efforts to negotiate another agreement with General Motors.

The hearing, before Willard E. Hotchkiss of Chicago as arbitrator, will carry hopes that a permanently peaceful means for adjusting disputes will be arrived at, union officials said. The Fisher strike came virtually on the first anniversary of the outbreaks of strikes which ultimately paralyzed the industry last winter.

Governor Returns From Hunting Trip

AUSTIN, Nov. 23 (AP)—Governor James V. Allred, refreshed by a hunting excursion in Mexico, returned to his office today and asserted he would not call another special session of the Legislature unless he had "assurance something would be done."

A recent called session ended without enactment of tax levies for social security recommended by the Governor.

Hunting in Mexico with the Governor was Governor Teller Ammons of Colorado whose marksmanship the Texas Executive praised. The party bagged 13 ocelots, a species of wild cat, and much winged game.

Governor Ammons made a tour of the Rio Grande valley upon his return from the Mexican Republic, planning to arrive in Austin today and leave for home at 3 p. m.

TIRE BLOWN OUT IN TEST WHILE CAR TRAVELS 80 MILES AN HOUR

A special demonstration was made by the Goodyear Rubber Co. on the new Goodyear Life-Guard tube, recently perfected by the company, Monday morning and afternoon on the old Miami highway east of Harvester park.

The test was made before a large crowd at both demonstrations.

The Goodyear delegation from Akron, Ohio, was headed by W. D. Reccer, test driver and member of the research and development department. In the party from Goodyear were R. F. Bellow, C. B. Stinson and A. B. Smith.

Traveling more than 80 miles per hour and with four passengers both the right front and right rear tires were blown by means of a dynamite cap imbedded in the tires and connected with the dash board. The car was carrying Police Chief Art Hurst, M. W. Jones, and Sheriff Earl Talley. After the run they were questioned as to the conduct of the car when the tire was blown and all agreed that the inner-chamber of the new Goodyear Life-Guard was truly a new invention for the safety of the motoring public.

Two runs were made with each tire being blown with a dynamite cap.

The second part of the demonstration featured an iron slab-studded with three-inch spikes lying directly in the path of the speeding automobile. This run was made at 84 miles an hour striking the spike studded slab instantaneously with both front and rear tires on the left side. No swerve was noticed in the fast traveling machine as the tires exploded with a bang.

Explanation was made to the crowd by R. F. Bellow as the car would cover the mile run while gaining speed as to the actual working of the new Life-Guard tube with the inner chamber.

The demonstration was brought to Pampa through the sponsorship of Gunn-Hinerman Tire company and Frank Dial manager, local dealers for Goodyear products.

WHAT CONGRESS IS DOING

(By The Associated Press)

Today:
Farm—Senate begins debate; House committee may complete bill.

Wage-hour—House rules committee to consider releasing bill.

Regional Planning—House rivers and harbors committee begins hearings on administration program.

Yesterday:
Anti-lynching filibuster continued in Senate; House heard general debate.

Head of Standard in California Dies
SAN FRANCISCO, Nov. 23 (AP)—Kenneth R. Kingsbury, 61, president of Standard Oil of California, died suddenly of a heart attack last night aboard the liner Santa Paula on which he was taking a vacation cruise to Havana.

Earle Wells, said today. Miss Rogers received fractures of both legs in an automobile accident yesterday. Her legs are "so badly broken" the physician said, that her future as an entertainer is problematical.

PUMP OFFERS MADE TO CITY

Two men, one representing the Byron Jackson Company, manufacturers of centrifugal pumps, the other representing Cornell & Co., Amarillo, certified public accountants, made offers to the city commission at its regular meeting last night.

Action on the offers was deferred. The salesmen for the pump manufacturers explained a new type of submersible pump made by his company, and used, he said, with satisfactory results at many places, including the Fort Worth airport and for irrigation at farms near Plainview.

The commission was interested in the device principally as a means of cutting down repair expense at the city water wells.

Branches of the pump company located at Fort Worth and at Houston in this state.

Wilbur E. Swenson, resident partner for Texas and Kansas, represented Cornell & Co. Amarillo certified public accountants who have

audited Pampa's books annually since 1931. Mr. Swenson was here again to offer the services of his firm, but said the fee would be higher this year, because of quarterly reports that had to be audited and more involved bookkeeping. Last audit of the books of the city made by the Amarillo firm was in March of this year.

QUEZON ILL.
MANILA, Nov. 23 (AP)—Manuel Quezon, first president of the Philippine commonwealth, was stricken with appendicitis today, but doctors described his condition as "good" after an emergency operation which climaxed a brief illness.

line of the lot. The minimum depth of a front yard, except along the side line of a corner lot, shall be 25 feet; provided that if 25 per cent of block frontage is improved with buildings, the front yard shall extend to the alignment of such existing buildings unless such alignment is more than 40 feet back from the street line, but in no case shall the depth of such front yard be less than 10 feet. The minimum depth of a front yard along the side line of a corner lot shall be 10 feet.
2. SIDE YARD. There shall be a side yard along each line of the lot other than a street line or a rear line. The minimum width of such side yard shall be three feet.
3. REAR YARD. There shall be a rear yard along the rear line of the lot. The minimum depth of such rear yard shall be twenty-five feet.
4. LOT WIDTH. The minimum average width of the lot shall be five feet for one-family dwelling and seventy-five feet for a two-family dwelling.
5. LOT AREA. The minimum area of the lot shall be 6000 square feet for a one-family dwelling and 9000 square feet for a two-family dwelling.
6. HEIGHT. The height limit shall be two and one-half stories for a dwelling and thirty-five feet for any other building, except that any building or portion of a building may be erected higher than thirty-five feet, providing that above such height the limit of such building or portion of building is set back from all required yard lines, one foot for each one foot of its height above such limit.
7. FILLING STATIONS. Filling stations shall be so constructed that for driveways parallel to the street boundary line the center line of the pump shall be at least ten feet from the parallel street property line, and if on a corner lot, the end pump shall be at least ten feet from the other street property line; for driveways but diagonally across the corner lot, the center line of pumps shall be at least twenty feet from the street corner of the lot and the end pumps shall be at least ten feet from the street property lines.
8. SPECIAL AREA REGULATIONS AND EXCEPTIONS.
a. VISION CLEARANCE. On any corner lot on which a front yard is required by this ordinance, no wall, fence or other structure shall be erected and no hedge, tree, shrub, or other growth shall be maintained in such location within such required front yard space as to cause any obstruction by obstructing the view.
b. FRONT YARD. An uncovered porch may extend not to exceed ten feet into the front yard. Cornices or eaves of the main building may project to not more than two feet into the front yard.
c. SIDE AND REAR YARD. The space in a side or rear yard shall be open and unobstructed except for the ordinary projections of window sills, belt courses, cornices, eaves and other ornamental features. A building and any accessory building erected on the same lot shall, for the purpose of side and rear yard requirements, be considered as a single building, except that a private garage, or other necessary building not over twenty-five feet in height may occupy not to exceed forty per cent of the rear yard.
d. LOT AREA. On any lot owned at the time of the passage of this ordinance, a single family house may be erected even though of less width or area than required by the regulations of the area district in which it is located.
e. Areas not to be diminished. The lot, open space, or yard areas required by this ordinance for a particular building shall not be diminished and shall not be included as a part of the required lot, open space, or yard area of any other building. If the lot, open space, or yard areas required by this ordinance are diminished the continued existence of such building shall be deemed to be in violation of this ordinance. The lot, open space, or yard areas required by this ordinance shall not be diminished below the requirements herein provided for buildings hereafter erected and such required areas shall not be included as a part of the required areas of any building hereafter erected.
9. Enforcement. The provisions of this ordinance shall be administered and enforced by the City Commission of the City of Pampa, through the City Manager. All applications for building permits, shall be accompanied by a plan in duplicate, drawn to scale, showing the actual dimensions of the lot to be built upon, the size of the building to be erected, and such other information as may be necessary to provide for the enforcement of these regulations. A careful record of such applications and plans shall be kept in the office of the City Manager or the department designated by him.
10. Certificate of occupancy and compliance.
1. No building hereafter erected or structurally altered shall be used, occupied or changed in use until a certificate of occupancy and compliance has been issued by the City Manager or other City Official so designated by him, stating that the building or proposed use of a building, or premises, complies with the building laws and the provisions of these regulations.
2. Certificates of occupancy and compliance shall be applied for coincident with the application for a building permit and shall be issued within ten days after the erection or structural alteration of such buildings.
3. Unless such proposed amendment, supplement or change has been approved by the City Plan Commission, or if a protest against such proposed amendment, supplement or

change has been filed with the City Secretary, duly signed and acknowledged by the owners of twenty per cent or more, either of the area of the lots included in such proposed change or those immediately adjacent in the rear thereof, extending 200 feet therefrom or of those directly opposite thereto, extending two hundred feet from the street frontage of such opposite lots, such amendment shall not become effective until approved by unanimous vote of the City Commission.
SECTION 20. Definitions. Certain words in this ordinance are defined for the purpose thereof as follows:
1. Words used in the present tense include the future; words in the singular number include the plural, and words in the plural include the singular; the word "building" includes the word "structure"; the word "lot" includes the word "plot"; the word "shall" is mandatory and not directory.
2. Accessory: A subordinate use or building customarily incident to and located on the lot occupied by the main use or buildings.
3. Alley: A public thoroughfare between two streets, wide enough to admit of the passage of a team or horse-drawn carriage.
4. Apartment: A room or suite of rooms in an apartment house or tenement arranged, designed, or occupied as the residence of a single family, individual or group of individuals.
5. Building: A structure, building or portion thereof, arranged, designed, or occupied by three or more families living independently of each other.
6. Boarding house: A building or part thereof, used for lodging and meals, for seven or more persons are served for compensation.
7. Depth of Rear Yard: The mean horizontal distance between the rear line of a building other than an accessory building and the rear line of the alley, where an alley exists, otherwise to the rear lot line.
8. Depth of Lot: The mean horizontal distance between the front and rear lot lines.
9. District: A portion of the City for which the regulations governing the area, height, or use of buildings are uniform.
10. Family: A family is any number of individuals living together as a single household unit.
11. Front Yard: An open, unoccupied space on the same lot with a building between the building and a street line of the lot.
12. Gross Floor Area: The gross floor area of an apartment house shall be measured by taking outside dimensions of the apartment building at each floor level, excluding however, the floor area of basement or attics not used for residence purposes.
13. Height: The height of a building or portion of a building shall be measured from the average established grade at the corner of the lot, or from the average natural ground level if higher, or if no street grade has been established to the highest point of the roof's surface of a flat surface; to the deck line of mansard roofs, or from the average height level between eaves and ridge for hip or gable roofs. In measuring the height of a building, the following structures shall be excluded; chimneys, cooling towers, elevator bulkheads, towers, radio towers, ornamental cupolas, domes or spires, and parapet walls not exceeding four feet in height.
14. Hotel: A building occupied as a place of temporary lodging place of individuals who are lodged with or without meals, in which, as a rule, the rooms are occupied singly for hire, in which provision is not made for cooking in any apartment, and in which there are more than twelve sleeping rooms, a public dining room for the accommodation of more than twelve guests, and a general kitchen.
15. Lodging House: A building other than a hotel, where lodging for seven or more persons is provided, for compensation.
16. Lot: Land occupied or to be occupied by a building and its accessory buildings, and including such open spaces as are required under this ordinance, and having its principal frontage upon a public street or officially approved place.
17. Lot Lines: The lines bounding a lot as defined herein.
18. Non-conforming Use: A building or premises occupied by a use that does not conform to the regulations of the use district in which it is situated.
19. One-Family Dwelling: A detached building having accommodations for, and occupied by only one family.
20. Open Space: Area included in any side, rear, or front yard or any unoccupied space on the lot that is open and unobstructed to the sky except for the ordinary projections of cornice or eaves.
21. Place: An open, unoccupied space reserved for purposes of access to abutting property.
22. Private Garage: A garage with capacity for not more than three motor driven vehicles, for storage only for private use, and in which no more than one space shall be rented to persons not occupants of the premises. In a dwelling district a private garage may exceed a three vehicle capacity provided the area of the lot whereon such private garage is located contains not less than 2,000 square feet for each vehicle stored. In an apartment district, a private garage may exceed a three vehicle capacity provided the area of the lot whereon such private garage is located contains not less than 1,000 square feet for each vehicle stored.
23. Public Garage: Any premises not a private garage as

defined in this ordinance.
SECTION 21. Changes and Amendments.
1. The City Commission may from time to time amend, supplement or change by ordinance the boundaries of the districts or the regulations herein established.
2. Before taking action on any proposed amendment, supplement or change, the City Commission shall submit the same to the City Plan Commission for its recommendation and report.
3. A public hearing shall be held by the City Commission before adopting any proposed amendment, supplement or change. Notice of such hearing shall be given by publication three times in the official publication of the City of Pampa, stating the time and place of such hearing, which time shall not be earlier than fifteen days from the first day of such publication.
4. Unless such proposed amendment, supplement or change has been approved by the City Plan Commission, or if a protest against such proposed amendment, supplement or

change has been filed with the City Secretary, duly signed and acknowledged by the owners of twenty per cent or more, either of the area of the lots included in such proposed change or those immediately adjacent in the rear thereof, extending 200 feet therefrom or of those directly opposite thereto, extending two hundred feet from the street frontage of such opposite lots, such amendment shall not become effective until approved by unanimous vote of the City Commission.
SECTION 20. Definitions. Certain words in this ordinance are defined for the purpose thereof as follows:
1. Words used in the present tense include the future; words in the singular number include the plural, and words in the plural include the singular; the word "building" includes the word "structure"; the word "lot" includes the word "plot"; the word "shall" is mandatory and not directory.
2. Accessory: A subordinate use or building customarily incident to and located on the lot occupied by the main use or buildings.
3. Alley: A public thoroughfare between two streets, wide enough to admit of the passage of a team or horse-drawn carriage.
4. Apartment: A room or suite of rooms in an apartment house or tenement arranged, designed, or occupied as the residence of a single family, individual or group of individuals.
5. Building: A structure, building or portion thereof, arranged, designed, or occupied by three or more families living independently of each other.
6. Boarding house: A building or part thereof, used for lodging and meals, for seven or more persons are served for compensation.
7. Depth of Rear Yard: The mean horizontal distance between the rear line of a building other than an accessory building and the rear line of the alley, where an alley exists, otherwise to the rear lot line.
8. Depth of Lot: The mean horizontal distance between the front and rear lot lines.
9. District: A portion of the City for which the regulations governing the area, height, or use of buildings are uniform.
10. Family: A family is any number of individuals living together as a single household unit.
11. Front Yard: An open, unoccupied space on the same lot with a building between the building and a street line of the lot.
12. Gross Floor Area: The gross floor area of an apartment house shall be measured by taking outside dimensions of the apartment building at each floor level, excluding however, the floor area of basement or attics not used for residence purposes.
13. Height: The height of a building or portion of a building shall be measured from the average established grade at the corner of the lot, or from the average natural ground level if higher, or if no street grade has been established to the highest point of the roof's surface of a flat surface; to the deck line of mansard roofs, or from the average height level between eaves and ridge for hip or gable roofs. In measuring the height of a building, the following structures shall be excluded; chimneys, cooling towers, elevator bulkheads, towers, radio towers, ornamental cupolas, domes or spires, and parapet walls not exceeding four feet in height.
14. Hotel: A building occupied as a place of temporary lodging place of individuals who are lodged with or without meals, in which, as a rule, the rooms are occupied singly for hire, in which provision is not made for cooking in any apartment, and in which there are more than twelve sleeping rooms, a public dining room for the accommodation of more than twelve guests, and a general kitchen.
15. Lodging House: A building other than a hotel, where lodging for seven or more persons is provided, for compensation.
16. Lot: Land occupied or to be occupied by a building and its accessory buildings, and including such open spaces as are required under this ordinance, and having its principal frontage upon a public street or officially approved place.
17. Lot Lines: The lines bounding a lot as defined herein.
18. Non-conforming Use: A building or premises occupied by a use that does not conform to the regulations of the use district in which it is situated.
19. One-Family Dwelling: A detached building having accommodations for, and occupied by only one family.
20. Open Space: Area included in any side, rear, or front yard or any unoccupied space on the lot that is open and unobstructed to the sky except for the ordinary projections of cornice or eaves.
21. Place: An open, unoccupied space reserved for purposes of access to abutting property.
22. Private Garage: A garage with capacity for not more than three motor driven vehicles, for storage only for private use, and in which no more than one space shall be rented to persons not occupants of the premises. In a dwelling district a private garage may exceed a three vehicle capacity provided the area of the lot whereon such private garage is located contains not less than 2,000 square feet for each vehicle stored. In an apartment district, a private garage may exceed a three vehicle capacity provided the area of the lot whereon such private garage is located contains not less than 1,000 square feet for each vehicle stored.
23. Public Garage: Any premises not a private garage as

LOST KINGDOM

By OREN ARNOLD, Copyright 1937, NEA Service, Inc.

Yesterday: Bob begins his expedition of Defiance Castle, drops down over the overhanging cliff and is unable to get back again! He must do something quickly.

CHAPTER V

To the three people below, Robert Barry Wilson looked like a toy doll, a puppet, dangling on the end of the rope stretching 600 feet or more above them.

"What inarnation, he tryin' to do?" shrieked Hades Jones. Hades was jumping around and chattering more excitedly than either of the two girls. Mary Melissa looked enthralled.

"Oh, I don't know! It's awful, Mr. Jones. Can't you make him stop? Is it necessary to risk his life this way?"

Bob was going through some sort of queer contortions now. He appeared to have looped the rope around his foot, and to be starting a motion of "pumping" as a boy would do in a swing.

But he gathered momentum slowly. He seemed first to swing the wrong way—parallel to the cliff dwelling ledge, rather than toward it—and he had to slow down, then start anew.

He stopped and heaved, struggling for the pendulum motion again. The arc of his swing grew slowly, in-an-out, in-an-out—to and from the red rock. The cliff was so jagged and rough that it appalled Mary Melissa to think of what might happen. In her semi-hysteria she envisioned her business partner slipping, striking the rock and sliding down its steep slope.

The great cliff in which Defiance Castle nestled was really a concave surface, overhanging at the top and curving quickly inward to the "mouth" or cave which had been chosen as a home site by the ancient builders. Below this niche, which was big enough to hold a three story building, the granite-like wall curved gently outward again, progressing in drops of 20 to 30 feet, broken by vicious-looking points and knobs. Occasional scrubby gnarled plants clung precariously to the wall, although where they found soil for sustenance was a mystery.

uttered no words. She just waited. Her mother and her grandmother for many generations back had felt no qualms at death. Nevertheless, those same women had known what love-for-man was. Robert Barry had been kinder to Honey Bee Girl than any other white man, or any red man for that matter, had ever been. Not the thought of death, as such, but the thought of danger to this particular man, caused some strange, unexplained reaction within her. She watched and waited, breathing hard.

But what of Scott Holliman—he who had accompanied Bob to the cliff top and let down the rope? It hadn't taken his employer long to disappear over the ledge of the cliff. Holliman had warned him to be careful, but in Bob Barry was the supreme confidence of young physical strength.

Holliman could see nothing after Bob disappeared. The rim curved precariously for six or eight feet before the edge was reached, and he dared not try to peer over at Bob. He just let the rope out slowly as instructed, then held it, when it was almost gone.

women were moving about and pointing up. But he was unable to deduce anything from that.

He noticed motion in the rope, and quickly grabbed it.

There were slight regular jerks for a bit. Then a swaying pull, first right then left. In alarm he looked at the rocky edge where the rope disappeared. The fiber was indeed beginning to fray!

Holliman strained to pull it up to a fresh spot, lest it would be saved apart. But Barry was a heavy man, and friction at the rock was too great. "Good Lord!" Holliman growled, genuinely alarmed now. He looked desperately around him.

The man felt particularly helpless. He did quickly decide to let out a few inches more of rope—there wasn't much left—and so put up a fresh place on the sharp rock edge that lessened one danger, he felt.

He shouted again and again, but no answer. The alternate tightening of the rope indicated a swinging or swaying. Holliman's alarm mounted.

Then suddenly the rope slackened. Holliman fell prone with the sudden give of it. He held it then, limp in his hands, and stared at it.

It occurred to him that he hadn't been told when to pull his boss back up. He wasn't sure he could pull him back anyway. The cliff edge was a sharp jagged rock. It would cut into the rope, maybe sever it.

This thought suddenly startled Holliman.

He made sure that his end of the rope was tied, then went as close to the edge as he dared.

"Mr. Barry?" he called.

No answer. Holliman yelled it, but still got no reply. Then he to, realized that the wind was whipping the sound away. Sudden alarm struck him. He couldn't see Barry, nor communicate with him.

He did peer over far enough to see Hades Jones running. And the

If You Want To Camp Out Join The Scouts!

A Boy Scout! What fun he has on camping trips to the Palo Duro canyon, to the cotton-wood forests on Chicken Creek, White Deer Creek, to Dripping Springs, to Colorado and to a dozen other places!

He knows the principal trees and birds and animals that he meets. He knows which are poisonous weeds or reptiles. He can find his way by the stars as the Indians and pioneers did.

What good things he can cook out there in the open! His "Good Turns" to some one each day make him many friends. For the way to have many friends is to be one. His motto is "Be Prepared." How he enjoys sleeping under the silent stars, and how the stories told by the campfire thrill him—You'll have more fun if you're a Boy Scout!

If you are interested in being a Boy Scout or a Cub, just fill out the following blank, paste it on a penny postcard, or put it in an envelope, or bring it yourself to BOY SCOUTS OF AMERICA, ADOBE WALLS COUNCIL, CITY HALL, PAMPA, TEXAS.

Dear Sir:
I would like to become a Boy Scout—a Cub.

Name _____ Date of Birth _____
Address _____ Town _____ State _____
School _____ Church _____

The white girl thought of this in a flash again, and instantly realized that she was seeing another dramatic moment here. Only—this one was not in retrospect, not for calm history study. It was tremendously near and real.

She strained to see Bob Barry. The arc of his swing was incredibly large now. And he was still "pumping".

Suddenly she knew his plan. She realized what he hoped to do.

"No! Oh no!" She breathed it, almost as a prayer. The distance seemed much too great.

In that instant, Mary Melissa knew that it mattered terribly.

She knew that it mattered to her, personally, and irrevocably. She didn't phrase it, even to herself, as love. But she knew. The tightening within her, the actual physical pain in her heart, was keener than it would have been if she saw a casual acquaintance in danger.

In the latter circumstance, she would have screamed. She might have run, and shouted advice, anything in her high alarm. But—this feeling was different. Deeper, somehow. In the strain if the moment she had touched something divine—and prayed to it, mumbled her petitions without restraint or shame.

More given to physical action in such emergencies, old Hades Jones had abruptly disappeared, running. Frankly, he had no idea what he would accomplish, but he hastened toward the trees at the foot of the great cliff at least he would be on hand when Bob Barry fell.

Honey Bee girl, being of a less demonstrative race anyway, had

J. WILLIAMS 11-23

THIMBLE THEATER Starring POPEYE

WELL MISTER BROWN, DID YOU PICK UP A COUPLE OF MEN?

AYE, SIR

THEN WE SAIL WITH THE TIDE

TWENTY-FOUR HOURS LATER

WAKE UP WIMPY, WE'RE ON A SHIP!

BRING THOSE TWO SWABS TO ME—I'LL HAVE A LOOK AT THEM

AYE, SIR

IS THAT WHAT YOU SHANGHAIED?

I SAID TO GET MEN THAT ONE EYED SHRIMP WILL BE NO GOOD AT ALL!!

That's What YOU Think By E. G. SEGAR

WHY—WHAT'S THE MATTER? DON'T YOU THINK IT'S ALL RIGHT?

(LIKE IT? WOW! IT'S GORGEOUS! BY GUM, I THINK I SLIPPED UP—I SHOULD'N' LET YOU BE MYSELF! LET YOU BE MY QUEEN!

ALLEY OOP Thrones Have Changed Hands For Less

GIRLS! HAVE (AND COOLA!) YOU HEARD— TO BE HER GRAND WIZER! IS GONNA RUN TH' COUNTRY!

COOLA? OH, OH! SO THAT'S WHY SHE WANTED MY NEW DOE-SKIN!

OH, QUEEN UNPATEABLE—I WANT TO SHOW YOU MY NEW GRAND WIZER OUTFIT—

EH? OH, YES, COOLA COME RIGHT ON IN!

Wash Tubbs Wash Knows His Stuff

DOWN THE STREAM THEY GO! NOW, LOOKIT THOSE LITTLE FELLOWS PADDLE!

WASH, YOU'RE A DARLING!

WELL, COME ON! WE GOTTA GET GOING, TOO!

MEANWHILE, NOT FAR AWAY...

WE AINT LICKED YET! THAT KELTON DAME WILL HAFTA RUN HER MAHOGANY DOWN THIS STREAM, WE'RE WAITING RIGHT HERE!

MYRA NORTH, SPECIAL NURSE Who Is Boss, Anyway

SO THIS IS THE SANATORIUM WHERE WILLIE STEEN IS STOPPING, EH?

PARDON—ARE YOU THE DIRECTOR?

WHY—YES—COME RIGHT IN HERE, PLEASE.

YES—LET'S GO IN AND SEE THE DIRECTOR.

NOW, THEN—WHAT CAN I DO FOR YOU?

WELL, YOU SEE WE'RE—

JOHN! HOW OFTEN MUST I TELL YOU NOT TO SIT AT MY DESK!

PLEASE, DR. WATKINS, DON'T TAKE MY MARBLES AWAY!

FRECKLES AND HIS FRIENDS The Test

WHAT IN BLAZES IS FRECKLES DOING NOW? HE'S GOT 'EM LINED UP FOR A FIELD GOAL ON THE 25-YARD LINE!

IT'S OUR ONLY CHANCE, COACH, WITH SECONDS TO GO!

BUT HE'S GOING TO TRY TO FIELD GOAL HIMSELF!

WHY DOESN'T HE SEND DENBY BACK? DENBY'S OUR FIELD GOAL KICKER!

AND FRECKLE HAS A BAD ANKLE, TOO!

RANDALL, SUBSTITUTE FOR MCGOOSY! TELL HIM TO GET OFF THAT FIELD!

BUT COACH, ANOTHER SUBSTITUTION AT THIS POINT WILL GET US A FIVE-YARD PENALTY!

OKAY...OKAY! SIT DOWN, RANDALL, I GUESS IT'S NO USE! MCGOOSY IS LETTING US DOWN JUST AS THEY SAID HE WOULD!!

IF YOU MISS, FRECK, YOU KNOW WHAT PEOPLE WILL SAY!

NEVER MIND THAT! YOU JUST CATCH THE PASS FROM CENTER, AND AFTER I'VE KICKED IT, COME BACK HERE AND CATCH ME!!

BOOTS AND HER BUDDIES Babe Knows The Answers

LOOK, BOOTS—SEE MR. PUDDINGTON OUT THERE?

SURE, HE'S OUR BEST CASH CUSTOMER

WELL, GO TALK TO HIM, WILLYA—?

BUT, GEE— I HAVE TOO MUCH TO DO

OH, JUST DROP EVERYTHING— SWANN! GO ON— HURRY

BUT WHY?

BECAUSE I GOT HIS ORDER ALL MIXED UP— ANY IF YOU'LL GO OUT JUST WITH HIM, HE WON'T KNOW WHAT HE'S EATIN'

(Questions on editorial page.)
1. The chief justice of the United States is appointed by the President for a life term.

CITY ORDINANCE NO. 184.

Continued from Page 11

above defined, used for housing or care of more than three motor driven vehicles, or where any such vehicles are equipped for operation, repaired or kept for remuneration, hire or sale.

24. Private Stable: A stable with a capacity for not more than four horses or mules.

25. Public Stable: A stable with a capacity for more than four horses or mules.

26. Rear Yard: A space, unoccupied except by a building of accessory use, as hereinafter permitted, extending from the full width of the lot between a building other than a building of accessory use, and the rear lot line.

27. Side Yard: An open unoccupied space on the same lot with a building, situated between the building and the side line of the lot and extending through from the street or from the front yard to the rear yard or to the rear line of the lot. Any lot line not a rear line or a front line shall be deemed a side line.

28. Street: A public thoroughfare more than twenty feet wide.

29. Story: That portion of a building included between the surface of any floor and the surface of the floor next above it, or if there be no floor above it, then the space between such floor and the ceiling next above it.

30. Story, Half: A story having an average height of not more than eight feet covering a floor area of not more than seventy-five per cent of the area of the floor on the first story below.

31. Structural Alterations: Any change in the supporting members of a building, such as bearing walls, columns, beams, or girders.

32. Two-Family Dwelling: A detached building having separate accommodations for, and occupied as a dwelling by only two families.

33. Width of Side Yard: The mean horizontal distance between a side wall of a building and the side line of the lot or to the center line of any alley adjacent to such side lot line.

SECTION 21. Validity of Ordinance. If any section, paragraph, subdivision, clause, phrase, or provision of this ordinance shall be adjudged invalid or held unconstitutional, the same shall not affect the validity of this ordinance as a whole or any part or provision thereof, other than the part so decided to be invalid or unconstitutional.

SECTION 22. When Effective. This ordinance shall take effect after its approval in accordance with the provisions of the charter of the City of Pampa governing same.

In Paris, one of the most unusual professions is that of dinner tasting.

PITT RANKED NO. 1 TEAM OF GRID WORLD

By ALAN GOULD NEW YORK, Nov. 23 (AP)—Pittsburgh's Panthers have been cast doubtfully "in the middle" of the hottest Rose Bowl debate in years but there's no doubt where they stand today in the national ranking of collegiate football teams.

Pitt rates the No. 1 spot by a decisive margin for the third straight week in the Associated Press poll, based on the combined opinions of sports experts.

The Rose Bowl champions were picked to head this week's list on 37 out of 48 ballots and bracketed at the top with Fordham on another slate. The voting otherwise was marked by increased support for the prides of the West Coast.

Here's the tabulation of the sixth weekly poll, with points tallied on a 10-9-8-7-6-5-4-3-2-1 basis:

- FIRST TEN POINTS
1. Pittsburgh (37 firsts, tie for firsts) 468 1/2
2. California (10 firsts) 425
3. Fordham (one tie for first) 335 1/2
4. Alabama 320
5. Minnesota 292
6. Dartmouth 186
7. Villanova 141
8. Santa Clara 126
9. Notre Dame 101
10. Louisiana State 100

Second ten: 11. Nebraska, 70; 12. Vanderbilt, 27; 13. Univ. of Washington, 20; 14. Yale and Texas Christian, 16 each; 15. Colorado University, 14; 17. Holy Cross, 12; 18. Duke and North Carolina, 11 each; 20. Tulsa, 8.

Also ran: Ohio State, Harvard and Baylor, 7 each; Stanford and Rice, 3 each; Auburn, 2. Detroit 1.

159 TEXANS KILLED ON ROADS IN OCTOBER

AUSTIN, Nov. 23 (AP)—Death on the highways lost ground in October with 159 victims, 30 less than in September, but Public Safety Department officials feared the law of averages would seal the death sentence for 415 in November and October.

They believed the highway patrol, increased by 138 officers in October, might be a contributing factor to fewer deaths.

October's toll brought the total for 10 months to 1,589 deaths, 117 more than for the same period in 1936.

The pedestrian, as usual, suffered heavily in October. Forty-four persons trudged along highways and across streets to meet death under the screeching tires of vehicles.

Most of October's 1,100 collisions occurred near the hours of 4, 7 and 10 p. m. when crowded streets and highways enhanced driving dangers.

Officials hoped enforcement of the new driver's license law which began last week would gradually cut into the ranks of heedless drivers.

England's New Mother-Bird-Baby-Bird Plane

First "pick-a-back" plane combination moored at Rochester, Kent, England. The smaller plane is to be carried high into the air for its take-off from the wing of the "mother" craft.

Sports Roundup

By EDDIE BREITZ

NEW YORK, Nov. 23 (AP)—Straight from the coast, California has just about made up its mind to ask Pitt to the Rose Bowl if Pitt gets past Duke Saturday.

Within a week two Broadway gossip columns have reported Lefty Gomez of the Yanks and the good-looking June O'Dea are arranging a friendly divorce.

DETROIT—The University of Detroit Titans are laying claim to one record this season—the mileage record.

AGGIE FISH HALT PLOT TO LIGHT BIG BONFIRE

COLLEGE STATION, Nov. 23 (AP)—They take their football bonfires seriously down here at Texas A. and M. and that's why five carloads of men supposedly from the University of Texas failed today to set off prematurely a huge pile of inflammables on the campus.

PUNTS AND PASSES

NOTRE DAME, Ind.—Notre Dame will celebrate the 50th anniversary of the birth of Irish football Saturday at the Southern California game, at which members of Notre Dame teams from 1905 to 1910 will be guests.

HITLER SHOUTS FOR RETURN OF COLONIES

BERLIN, Nov. 23 (AP)—Nazi Germany had Reichschancellor Adolf Hitler's assurances today that "I know the world will be unable to refuse" Germany's demands for "colonial living room."

Bible Flown From New York City to Decide Grid Fuss

BURKBURNETT, Nov. 23 (AP)—The arrival by air mail here today of a family Bible from New York City, and the appearance of Mrs. Saletha Blari of Camden, N. J., mother of a disqualified Burk Burnett high school grid player, caused district 10-B officials to grant a rehearing of the gridster's ineligibility case, set for tomorrow.

POLO COACH DIES

AUSTIN, Nov. 23 (AP)—C. M. Cabaniss, 71, who helped develop Cecil Smith and Rube Williams into nationally-renowned polo players, died of a heart attack today.

ENVOY LEAVES NANKING FOR NEW EMBASSY

SHANGHAI, Nov. 23 (AP)—United States Ambassador Nelson T. Johnson and members of his staff embarked today on the United States gunboat Luzon for the Yangtze river trip from Nanking to Hankow where a temporary embassy has been established.

Hankow, in Hupeh province, one of the three cities to which the central Chinese government had moved under the threat of an advancing Japanese army, lies 280 miles by air southwest of Nanking and considerably further by way of the winding Yangtze.

Johnson left several aides at Nanking. While the ambassador followed the Nanking government on its withdrawal further into the interior, another United States gunboat, the Onhu, steamed to the assistance of Americans at Wuhu, Kiukiang and other Yangtze ports upriver from Nanking.

A third gunboat, the Panay, was under orders to remain at Nanking. Japanese navy planes hammered today at Wushu, key point in Chinese defense lines half way between Shanghai and Nanking.

Although Chinese troops previously were reported in flight from crumbling Wushu defenses, Japanese officers admitted Chinese still held the city, 95 miles southeast of the nation's capital.

At mid-day, Japanese said their forces still were five miles east of Wushu. Roads to the front were almost impassable because of continued heavy rains, so Japanese used airplanes to transport food and supplies to troops in the Wushu sector.

Japanese planes ranged far to the west in bombing forays. They were said to have destroyed 20 Chinese planes stationed at Chowkiakow, in Honan province.

Dr. H. H. Kung, Chinese finance minister, declared China is prepared financially to see the war through, no matter how long it lasts. He said preparations had been completed for a prolonged conflict, and added that removal of the government to interior cities did not mean abandonment of Nanking as the capital.

North of the Shanghai war area, Japanese forces invading Shantung province prepared to cross the Yellow river to attack Tsinanfu, provincial capital.

Peiping dispatches reported that nine Americans at Taku, Shanai province city recently captured by Japanese, were listed as safe by Japanese officers.

Cowboys Drive 170 Miles to JA Dance CLARENDON, Nov. 23 (AP)—Up here in the Panhandle where men, they say, are men and the shortest distance between two points is a long way, the cowboys will go to great lengths for romance.

Six J. A. ranch cow herders recently drove 170 miles to bring their dates to a dance at headquarters. They danced until 3 in the morning, then drove another 180 miles before returning to the ranch for another day's work on the range.
