FIRST TRIP TO OFFER THANKS TO PRESIDENT

LEADER SAYS MEN ARE NOT LOBBYISTS IN ACTION

WASHINGTON, May 14. (AP)—Four hours late, the first half of the delegation of 600 Texas farmers...

The rest of the Texans, were scheduled to arrive long after the formal program of the farmers on Washington had started.

WASHINGTON, May 14 (AP)—Three thousand farmers from the south and the west jammed Constitution hall today, shouted praise of the AAA, and looked forward to hearing an address in the afternoon by President Roosevelt.

On the platform with him was Secretary Wallace who was greeted with three minute cheering when he appeared.

This afternoon the farmers will go to the south grounds of the White House to hear the president.

More Trains Arrive With delegations still arriving by delayed special trains, the tumultuous, noisy farmers began crowding into Constitution hall more than an hour before the meeting opened.

Opening the convention, Robertson said: "It seems proper first of all to say that we are farmers from the cotton belt and the tobacco belt and the wheat belt and from the corn belt and that this trip is of our own planning."

"We left the plow handles to come here, and are paying our own way, and are not the pawns of high-powered lobbyists."

"We have come to Washington because we have the right to come here and speak and our country is the great industry we represent, which right we observe so freely exercised by other groups."

"Moreover, we came because we felt that we would be welcomed especially by those who are champions of the farmer."

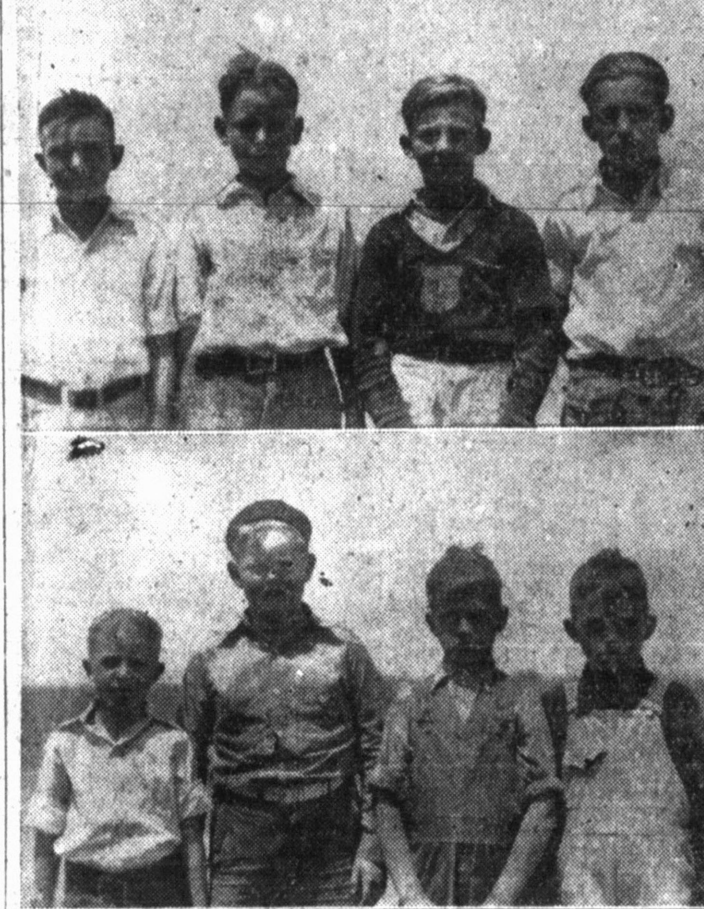

One of the outstanding band attractions at the West Texas Chamber of Commerce was the Pampa band which was the 40-piece kid band from Sam Houston school.

Effective advertising for the Pre-Centennial was done by George Briggs, a young man from Quincy, Nunn, who decorated Mr. Briggs' car with placards and streamers advertising the event.

ROBBERS CAPTURED IDABEL, Okla., May 14. (AP)—Two robbers, believed to be escaped Arkansas convicts, were captured and \$5,000 loot taken from the Idabel National bank was recovered after a pitched gun battle in the street in front of the bank.

Senate Refuses To Probe Postmaster General, With One Democrat Dissenting

They Fought It Out in Marbles

Here are the ward school representatives who competed in the Pampa Daily News marble tournament finals Saturday. They are, top row, left to right: Joe Bob Whisenand, Horace Mann school; Charles Stephenson, Woodrow Wilson; Howard Myers, Sam Houston; and L. B. Allison, Baker school, the senior champion.

STATE COMMANDER OF VFW IS HONOR GUEST TONIGHT

Pampa Body Will Receive 30 New Members—Lunch To Precede An Address.

E. A. Hell of San Antonio, state commander of Veterans of Foreign Wars organization of Texas, will be guest of honor tonight when the local post receives 30 new members.

The ceremony will be held at 8 o'clock in the Odd Fellows building on Kingsmill avenue, with Commander Hamp Waddell presiding.

After the initiation ceremony, Commander Hell will address the gathering.

A Dutch lunch will be served at the close of the business session.

Initiation of the new members will mark the close of a membership campaign. A team captained by Jake Garman won over a team captained by Lewis O. Cox.

Treats tonight will be "on" members of the losing aggregation.

Pampa's lodge is one of the most active in the state. It will receive official state recognition for its activity in the visit of the state commander.

TELEGRAMS ON BONUS LEANING TOWARD VETO

A MAJORITY, HOWEVER, ARE IN FAVOR OF PAYMENT

WASHINGTON, May 14. (AP)—Cash bonus leaders in congress decided suddenly today against sending the Pampa currency bonus bill to President Roosevelt yet because "we're not ready to have it vetoed."

WASHINGTON, May 14. (AP)—A stream of messages urging President Roosevelt to approve or veto the Patman cash bonus bill continued to pour into the White House today as the senate approached a roll call on sending the disputed legislation to the chief executive for formal disapproval.

The White House reported that a larger proportion of the messages received in the last 24 hours favored a veto. No figures were given.

WASHINGTON, May 14. (AP)—Declaring "we have a better chance now to pass the bill over a veto than we had two months ago to pass it at all," Senator Thomas (D., Okla.) moved to send it to the president's desk during the day.

Roosevelt leaders on capital hill expressed confidence that the \$2,200,000 currency expansion measure will be vetoed tomorrow.

WASHINGTON, May 14. (AP)—Senator Sheppard (D-Texas) blamed a pyromaniac today for a minor fire at his home.

He said he and Mrs. Sheppard were on the second floor of the building last night when they smelled smoke. Mr. Sheppard said the fire started when she started down the stairs and the flames spread to a wall and ceiling.

"We threw water on the fire and had it out when the fire apparatus arrived," the senator said. "I think it was the work of a pyromaniac. As my wife started downstairs, she saw a man run out of the door. He had a bundle of papers under his arm."

He said there had been another fire in a garage nearby about a half hour earlier and the discovery of paper led him to think the same culprit had been responsible.

Police learned that just after the fire in the Sheppard home was discovered a man wearing a gray suit and a gray cap jumped into a taxicab a short distance down the street.

PLAYGROUND BALL Will Be Talked

Tonight at 8 o'clock in the city hall, Coach Odus Mitchell and sponsors of teams in the city playground ball leagues will meet to outline plans for the season's play.

It is planned to organize three leagues, one for the smaller boys, one for larger boys, and one for adults. A number of church organizations, local clubs and several stores have promised to enter teams.

Team sponsors are asked to name their manager and be ready to name in which bracket they wish to play their team. A supervisor will be named at tonight's meeting.

WOULD CUT DUTY WASHINGTON, May 14. (AP)—An assertion that a cut in imports duties on liquor would tend to discourage bootlegging sent the federal tariff commission today on the house ways and means committee went forward with its analysis of the administration of the 1934 liquor taxing act.

WICHITA TRAIN WILL BE MET BY CITIZENS

SCHOOL BANDS TO PLAY AS BOOSTERS MARCH ON CUYLER

A genuine Pampa welcome will be given the Wichita goodwill trippers when their train arrives at the Santa Fe station at 10:45 o'clock tomorrow morning.

The train will be met by a large delegation of Pampa citizens. They will be greeted by music played by the beautifully uniformed Woodrow Wilson kid band.

At the corner of Cuyler street and Atchison avenue, the trippers will be greeted with music by the B. M. Baker school band.

The world famous Wichita American Legion band and the Wichita chamber of commerce quartet will give a concert on the city hall lawn at close of the parade.

EDITOR COHEN DIES ATLANTA, May 14. (AP)—Plans for the funeral of Major John S. Cohen, 65, prominent editor and vice chairman of the Democratic National committee, were delayed today pending the arrival of his daughter from Europe.

The daughter, Mrs. Jean M. Bienvenu of Lisbon, Portugal, will land in New York tonight with her husband and children.

GRAY COUNTY PRISONER FACES CHARGE OF MURDER AT TYLER

JIMMY Cantrell, held in jail here for hijacking last fall at LeFors, also is facing a charge of murder at Tyler, according to the Associated Press.

Cantrell was indicted here for robbing the Standard Food Market and a garage at LeFors.

After being brought here to await trial, Cantrell made plans for an attempt to escape, but desisted after his plot was discovered.

TYLER, May 14. (AP)—Three men, two of them ex-convicts, today faced charges of murder in connection with the slaying of Joe Logan of Tyler in a bus holdup near Winona last Feb. 3.

Twinkles

It is due to be a hot summer, with the prohibition repeal campaign and all.

We suppose that, in the opinion of the big-time thugs, the bandit who goes to the electric chair is a sissy.

Lamentably, it is nearly impossible to think of New Mexico politics without Cutting. A dictator in politics or anything else prevents a lot of chaos.

Mistings of the moment: The "grass roots" campaign of the GOP sounds some hot old political barrel heads.

But we suggest that the dear old GOP try to find the grass roots in some of these blown-out areas.

Brevitorials

WE HEARD Gibb Gilchrist, state highway engineer, tell of his highway beautification program.

ADMITTEDLY, HIGHWAY beautification is difficult in West Texas. In the absence of a suitable stock law, many of the trees have been destroyed by stock turned loose on the right-of-way.

NATIVE STOCK has been used for the most part. The loss last year was 50%. This was expected.

FLOWERS, TOO, are being planted in many parts of the state. Native flower seed is scarce, but Roy Scouts are helping to gather it.

ONE PER CENT of the federal funds can be used for beautification and is supposed to be so used.

## NEW PROGRAMS MEAN NEW TAXES

It is highly inconsistent to talk of the need for lower taxes and, at the same time, argue for passage of state and national security programs. If the government is to take over more and more social responsibility, it follows that it must receive more and more of the national income.

This point applies as well to the Texas situation. Texas faces a deficit which the legislature has not seen fit to tackle. The legislature has, however, submitted a number of constitutional amendments, some of which would require funds to carry out.

One proposal would set up a state old age pension plan. This is almost certain to pass in the popular vote. The amendment would allow the state to pay a maximum of \$15 per month to persons more than 65 years old. It has been estimated that this would cost \$48,600,000 annually. This is as much as we are now spending on roads and it is half of the total present cost of state government.

The question of how to increase the state revenues 50 per cent is a colossal one. Only a sizeable sales tax appears adequate to meet the requirements of the amendment. The result may be that the legislature will fail to make the appropriation, even if the amendment is voted, or at least will cut the figure far below the maximum allowed.

It has been generally felt that \$30 per month would not be too much. But the cost would approximate the present total cost of state government, since it is estimated that there are 274,000 Texans more than 65 years old. The pensions would be given to all eligible, even though they are now supported by relatives or by their own efforts.

## THE NEW DEAL IN WASHINGTON

BY RODNEY DUTCHER

NEA Service Staff Correspondent

WASHINGTON—For a bunch of fellows who have six or seven billion dollars to spend, the numerous bosses of the huge work-relief program are a surprisingly worried lot.

Most of them are still foggy about it all. They're sparing with a pack of problems which could be reeled off here for half a column if anyone wanted to be lugubrious about it. (This is too nice a day). The problems resolve themselves into the question: "Will it work—and now?"

Insiders suspect that current administration intentions of putting 4,000,000 folks at work by August are as optimistic as General Johnson's belief that NRA would re-employ 6,000,000 almost immediately, and Administrator James Moffett's suggestion that the Federal Housing Act meant jobs for 5,000,000.

The only way it can be done is by CWA methods, which means primarily an effort to put relief recipients on payrolls rather than at work.

Everybody hopes that other of the program's phases will work out better than the effort to make Frank Walker a "fall guy" who would keep a pork-hungry nation off the necks of officials busy with actual operation of the scheme.

The idea was that Walker, whose devotion to Roosevelt leads him to accept jobs of a thankless and horrible nature, would, as head of the division of applications and information, receive all project requests and handle the horde of congressmen, governors, mayors, and other lobbyists.

Although Walker was to refer the projects to the approximately 60 federal agencies, divisions, and sections destined to do the actual spending, that mob would be kept from interfering with Hopkins, Ickes, Tugwell, and the many other busy bosses of the actual work-relief job.

Already, just between us girls, the plan has bogged down. The lobbyists saw through the plan at once. They don't mind leaving their formal applications with Walker, but the same afternoon they're around at the backdoor—high-pressureing the agency which would actually superintend the project.

Walker's chief job will be to straighten out snarls and co-ordinate. And what a job that one is going to be!

You can expect some sensations out of Senator Jim Couzens' investigation of relief expenditures.

For one thing, they probably will shed more light on the CWA scandals. As CWA drew to a close, you may recall, able Administrator Harry Hopkins was throwing up his hands in despair at evidences of politics and graft.

Later, however, the FERA publicity staff got busy pushing the story that there had been amazingly little of either.

But Couzens has quietly called on FERA for the reports of last year's investigations by PWA Chief Investigator Louis Glavis and his sleuths. There are cases of padded payrolls and other shenanigans which have never been prosecuted and Couzens wants to know why.

Those studios that specialize in enlargements are reported cheerful over the news that a Chicago fishing school will compel its students to back up their stories with photographs.

From the size of that Bremer kidnap gang, we assume that they had intended to distribute the ransom in the form of dividends.

The axiom, "A word to the wise is sufficient," accounts for the lengthy speeches before congress.

It's a wonder Congress doesn't catch on to Father Coughlin, the way he telegraphs his punches.

At the rate the dime heiress is spending her money, Miss Hutton might do worse than start studying this chain letter thing.

## The PEOPLES COLUMN

Editor: The NEWS:

In the Amarillo News recently, there was an article headed "Nature Plays Tricks with Dust Storms in Panhandle"—dust 11,000 feet in the air. Speaking the sentiment of a good many land owners over the Panhandle they think the two billion cubic feet of natural gas popping into the air daily over the Panhandle the past twenty months is breaking and drying what moisture there is at times which might bring rains.

As long as carrying government mail are forbidden above these gas stripping plants for fear they might cause an explosion.

Two billion cubic feet of natural gas going into the air daily naturally disorganizes and dries up the atmosphere. It is against nature to waste other people's property.

Yours very truly,  
HENRY SCHAFER,  
Skellytown, TEXAS.

## Important Court Session Forming

LUBBOCK, May 14. (AP)—The last round of preparations for the most important term of United States district court in the criminal history of the Lubbock division is about to begin with the arrival of United States District Attorney Clyde O. Eastus of Dallas and nine other federal officers.

Joe H. Jones, assistant district attorney, accompanied Eastus, who said three additional assistants would arrive later. Daniel E. McGrath, a special assistant to the attorney general, probably will arrive from Washington.

Trial of Sheriff W. F. Cato and Doctors L. W. Kitcher and V. A. Hartman of Garza county for the killing of Spencer Stafford, a federal narcotics agent, has been set for May 23. The court will convene May 20 and Eastus said he intended to first try Kitcher and Hartman for Harrison narcotics act violations.

Trial of Sheriff Len Irvin and several others from Lamb county on liquor tax violations also will come up in this term.

## CAPITOL CHATTER

BY CHARLES E. SIMONS

AUSTIN, May 13 (AP)—The practice in the Texas legislature of passing a general law but restricting its application to a particular county through a population bracket of the last census may cause difficulty after the 1940 population count of the federal government.

Hundreds of laws have been passed carrying this provision. Far-sighted members can see the time when this will result in much confusion as shifts in population occur. They can conceive of a situation in which after the next census a law would not apply to the county for which it originally was passed but would involve other counties that do not want it.

It would be virtually impossible to search through all the special laws passed since the 1930 census to determine their application to a particular county.

One member suggested that after the next census the legislature pass a general law repealing all special laws to eliminate any conflict, leaving to local representatives the task of writing new special laws tied to revised population brackets.

Passage of special laws affecting only one district is the bane of many legislators' careers. The sole responsibility for their passage rests on the

person sponsoring the bill and not on the legislature as a whole. The instances are rare in which either house has refused to give approval to a local bill regardless of the subject matter.

It has been said in political circles the more members have been defeated for re-election on the basis of the special laws they pass or do not pass than on any other issue. A member may survive his vote on many controversial issues only to be censured in the next campaign for sponsoring a bill to limit the number of squirrels that may be killed in a certain county.

The local bill situation is one reason why the legislature heartily endorsed the principle of county home rule. Counties taking advantage of the constitutional provision could act independently and not be required to obtain passage of a special statute whenever they desired to add a highway patrolman or take other action not inconsistent with the fundamental law.

The average University of Michigan student carries \$2.98 in ready money, according to the student paper's campus survey.

# Altus Club Is To Play Here At Early Date

### Powerful Oklahoma Team In Challenge; Mexico Club Also Is Scheduled.

The Altus, Okla., baseball team wants to take a crack at Pampa's famous Road Runners, according to a letter received yesterday by Harold Miller, business manager. The challenge will be accepted and a date set immediately.

Altus has one of the strongest teams in Oklahoma this year, early showings indicate. The Altus team held the bearded House of David nine to a score for seven innings last week but lost out in the ninth.

On May 22 and 24, a new team to this section of the country will be introduced to Pampa fans. It will be the La Junta team of Mexico, D. F., champions of Old Mexico last year. The team is one of the most colorful in baseball history. The Mexican champions defeated the Fort Worth Cats on their barnstorming tour last fall and during the winter won a series from the House of David.

The Road Runners go to Berger tomorrow night for a game with the Phillips '96' Oilers. The return game will be played at Road Runner park Friday night at 8:30 o'clock.

# CAGE WORK IS TO BE BEGUN

### Two Weeks on Court Will End Athletic Year—Grid Talk Is Strong.

Inability to secure the gymnasium yesterday afternoon caused postponement of the first basketball practice this spring. Coach Mitchell, however, told the boys to be present this afternoon.

Instead of basketball, the boys met and talked football. Eligibility blanks were filled out during the session. The boys were also measured for their 1935 uniforms, which will be tailor made.

Coach Mitchell, in no uncertain terms, told the boys that about 40 boys would be taken to fall training, that the squad would be cut to 30 by the opening of the season, and that only the boys who decide to take an interest in football would be carried.

The spring training period, which ended two weeks ago, was marred by lack of interest on the part of some of the boys and a belief of others that they didn't need to keep in training. Basketball practice will last about two weeks, closing with a couple of exhibition games with the ex-Harvesters. Coach Mitchell will have only one regular and two substitutes back from last season's district champions.

# THE TEXAS LEAGUE

By The Associated Press  
Galveston took a firmer hold on the Texas league pennant race lead in a victory over Fort Worth and Dallas showed unexpected ninth-inning strength to defeat Houston in the only games played last night.

Beaumont rested at Tulsa and San Antonio had a day off at Oklahoma City because of rain.

Jack Jakuczki hurled Galveston to a 3 to 1 win over Fort Worth to give the Pirates a 10-7 lead in the series. The husky right-hander allowed the Cats four hits and was in danger only once, in the sixth, when he walked three men in succession to let the Cats make their only tally.

Joe Prerost hit a homer in the fourth with none on. It was the second score he made for the Pirates in the game.

The Dallas Steers, who have had exclusive possession of the cellar position all season because they lost games in the final innings, staged a 10-3 victory to put across three runs and beat Houston, 6 to 5. It was the Steer's fifth victory of the season.

Francis Nelson, young right-hander, was credited with the victory, his third of the season out of the total of five won by his club.

# Richards' Tennis Career Is Ended

NEW YORK, May 14 (AP)—Vincent Richards' tennis-playing days are over.

The former Davis cup player, a professional since 1926, suffered injuries in an automobile crash last week that spell the end of tournament competition for him.

Still in a hospital at Bronxville, Richards philosophically accepted the situation.

"The ulna bone is smashed," he said, pointing to his bony right arm. "There was a triple fracture above the wrist and there can never be any rotating motion in the wrist again."

"As a matter of fact, I was thinking about cutting down on my tennis. It was taking too much time from my business, which is too important to be neglected. It has been fun and I have no regrets."

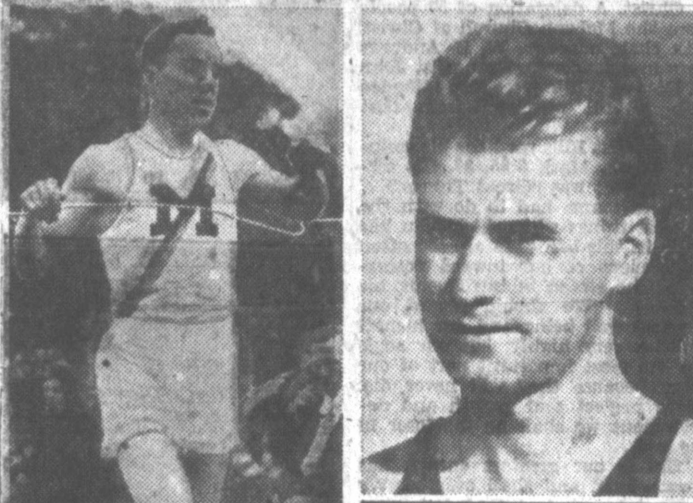

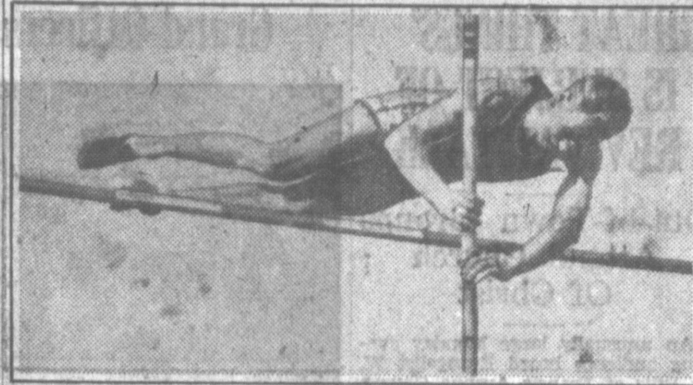

Richards, 32, has been a top-flight performer in American tennis, amateur or professional, for nearly 20 years. At 15, he won the national doubles championship with Big Bill Tilden.

### TO SELECT COACH

PALESTINE, May 14 (AP)—The Palestine school board planned to meet tonight to select a football coach.

Board members said they had a list of 54 prospects from which to choose a successor to E. I. Proffand, who went to Austin college as coach and athletic director.

# Shoot at Big 10 Track Marks

These three stars figure to shine in the Big Ten track championships at Ann Arbor on May 24-25. Above, going over the bar, is John Wonsowicz, Ohio State pole vaulter. Lower left is Michigan's captain, Harvey Smith, miler. Lower right is Don Lash, of Indiana University, national cross-country champion.

# GOLF COURSE HEADACHE FOR ALL ENTRANTS

### OAKMONT VERY TOUGH FOR EVEN BEST OF SHOOTERS

NEW YORK, May 14 (AP)—There was new evidence today that the Oakmont Country club course will be one large headache for competitors in the national open golf championship starting June 6.

Simultaneously with 23 other districts, the Pittsburgh sectional qualifying round for the open was played over Oakmont yesterday and so tough was the course that nobody could break 150 for the 36-hole medal play test and a 73 was the best individual round of the day. The latest qualifier in that section, Bob Graham of Pittsburgh, got in with rounds of 80-82-162.

Ray Mangrum of Los Angeles, the leader at Pittsburgh, produced rounds of 73-77 for 150 but another well-known shot-maker, Jimmie Thompson of Long Beach, Calif., used up 159 strokes.

All four sectional rounds on 24 courses produced 103 qualifiers for the open—58 professionals and 45 amateurs. The Chicago district test, postponed a week because of torrential rains, will qualify more next Monday. With 40 players exempt from the preliminary trials, the total field at Oakmont thus will be 182.

Although most of the favorites came through in fine style, there were some leaders who failed to make the grade yesterday.

Two former national amateur champions, Max Marston at Philadelphia and S. Dryden Herron at Pittsburgh, were among those eliminated, as were the big ten stars, Johnny Fischer at Cincinnati and Chuck Kocis at Detroit and the two-time Canadian amateur champion, Scotty Campbell at Seattle. Jack Mangrum was eliminated at Greensboro.

Among the successful bidders, however, were four former open champions—Willie MacFarlane and Johnny Farrell at New York; Walter Hagen at Detroit; and the Omaha amateur, Johnny Goodman, in his home town district.

Low scoring honors for the qualifying rounds went to Ralph Beach who posted a 68-69 for 137 at Baltimore. William Roach was the leader at Cincinnati with 136 and Chandler Harper at Greensboro with 139.

# Galveston Golf Ace in Tourney

DALLAS, May 14 (AP)—Jimmy Demaret of the Galveston Municipal links said he was ready to defend his Texas Professional Golfers association crown against the strong field of entries in the tourney here today.

The 72-hole medal play was slated to be staged on two courses, the first 36 at the Lakewood Country club where par is 85-85-70 and the final 36 at the Dallas Country club where par is 86-36-72.

Demaret shot the Lakewood course in 67 yesterday.

Jack Burke, Dudley Bell, and Willie Maguire of Houston; Jack Grout, Dick Grout, Smiley Rowland, Claude Whelan and Clarence Fincher of Fort Worth; Oren Williams of Henderson, Levi Lynch of Gladeview; Floyd Boone of Longview; Lewis Mathews of Greenville; Tom Sockwell, George Aulbach, Francis McDonnell and Larry Nohelke of Dallas; and Harvey Penick of Austin were among the favorites in the tourney.

# Thirty Horses To Be Sold Soon

NEW YORK, May 14 (AP)—Two of the country's most famous racing stables will be dispersed this week when the horses of the late Sylvester Labrot of New Orleans and Annapolis, Md., and B. B. Jones' Audley farm of Virginia go under the hammer at Belmont Park.

Thirty horses in training, owned by the widow and sons of Labrot, will be auctioned off Friday, while Saturday, 20 2-year-olds from the Audley farm will be sold. The Labrot silks probably will be returned to competition within a year or so, but for Jones it will be a permanent retirement to devote his time to breeding.

### DOWN ON THE FARM

NEW YORK (AP)—The honest joys of life on the farm are to be denied no longer to the youngsters on the sidewalks of New York.

The park department has rigged up a portable barnyard, which will be taken on a tour of the city playgrounds this summer so that the city children may get some idea of rural life.

The miniature farm will have a small barn mounted on the chassis of a motor truck. There will be a pig, a cow with two calves, a couple of goats, chickens, ducks and turkeys.

There even will be a straw-hatted farmhand with a wisp of hay behind his ear.

The department of agriculture is conducting a world-wide survey to find grasses well adapted to hold down soils and prevent dust storms.

# Red River Valley League Is Strong Outfit — LeFors lineup is Changing.

Quannah's Indians of the Red River Valley league will provide the opposition for the LeFors Coltexpo tomorrow afternoon. The game will be called at Shaw park, LeFors, at 2:30 o'clock with admission 25 and 40 cents.

It will be a changed lineup that will take the field for Coltexpo. The veteran Sammy Hale, who spent nine years with the Philadelphia Athletics and some time with St. Louis, will be at the helm of the team, replacing Jack Bellah. Hale will be playing manager, continuing to hold down the hot corner position.

The new player will present a changed batting order for the fans. It would not announce his lineup yesterday, after a long practice.

The Quannah team is considered one of the strongest in the Red River Valley league. The lineup was not available this morning.

The chief cause of the severe dust storms of recent weeks in the west was the drought of last summer, say federal soil experts.

# JUNIORS AND SENIORS BANQUET IN GYPSY CAMP SETTING

## CLASS DINNER ATTENDED BY 400 STUDENTS

### GYPSY FORTUNE IS SYMBOLIZED IN DECORATIONS

Gypsy tradition and color was in the setting of the junior-senior banquet last evening, but the smart dress of the 400 guests, enjoying the most formal evening in high school society, made a modern scene of the high school gymnasium.

Overarched with streamers of red, yellow, and black, the long tables were laid in the same colors. Places were marked with red folders lettered in black, decorated with playing cards to symbolize gypsy fortune telling. Great bowls of red and yellow roses were placed along the tables.

Bright gypsy dresses were worn by the twenty girls from high school food classes, who served the dinner. The menu a la gypsy included omelet mapoy, roymackani, irombory, slepna na prackani, panidra, rochliky, ona "i, sematara, xmyrma, doti, kisa, and dorechy.

George Lane acted as toastmaster. After the invocation by Supt. R. B. Fisher, the graduates were welcomed by Flora Deen Finley, president of the host class. Otto Rice, senior president, responded.

A gypsy dance by Pauline Gregory and Rose LaNell Williams opened the program. The next number was "An Old Southern Custom," by Mickey Ledrick and Rex Rose. "Gypsy Love Song" was sung by Elizabeth McAfee, Eloise Mitchell, Janice Purviance, and Lillian Rice, accompanied by Ann Sweatman, pianist, and Willie Reese Taylor, violinist.

The stage was set with a gypsy scene of campfire and tent, bordered with greenery. Music was by an orchestra composed of Charles Frazee, Roger Townsend, Willie Reese Taylor, Ernest Gabe, Winston Savage, Jack Allison, Junior McIlrath.

Juniors tendered this annual banquet to the senior class as an outstanding commencement courtesy. Class committees worked under direction of the junior sponsors, Misses Gracie Fern Latimer and Ruth Siddons, Harry Kelley, B. G. Gordon, and Ben Guill. Miss Angela Strnad was in charge of the girls who served the dinner.

## BARBARA WILL REPLACE PRINCE WITH HANDSOME DANISH COUNT IN RENO WEDDING SET TODAY

By CAROL CROSS Associated Press Staff Writer RENO, Nev., May 14 (AP)—The title of countless by marriage awaited Barbara Hutton today, 24 hours after she had discarded another royal title by a divorce from Prince Alexis Medvani.

The wedding of the Woolworth dime store heiress and the Danish count, Kurt Haugwitz-Reventlow, was set for today, James Blakeley, a friend of the Hutton family disclosed. Blakeley, a young socialite formerly of New York, was a fiance of Barbara before she married the Georgian prince.

The understanding was the ceremony would be held at 11 a. m. (2 p. m. Eastern Standard Time) at the home of Mr. and Mrs. Bart Hood, who live in the house adjacent to the Thatcher residence where Princess Barbara has been staying since her arrival here. The Hoods have been friendly with her.

Blakeley, now an actor in Hollywood, arrived yesterday and attended a dinner party last night at a Reno night club to wish Barbara and her intended husband the "best of luck." He called on the princess shortly after she first came to Reno and said then he was "just a very close friend."

The glamorous Barbara, who cast aside her play-boy prince in a 10-minute divorce trial yesterday, and the handsome Danish count danced together at the gay night club party. Appearance of the \$40,000,000 heiress took Reno by surprise, for she had consistently remained in seclusion since she took up residence here to qualify for her divorce from Prince Alexis.

In her party also were Franklyn L. Hutton, her father; Mrs. Hutton, her stepmother; former District Judge and Mrs. George A. Bartlett, and her attorneys, Geo. B. Thatcher of Reno and Millard Tompkins, Jr., New York.

Count Haugwitz-Reventlow, who

has persistently denied he intended to marry the princess since his recent arrival from Europe and that he would come here to visit her despite increasing reports of their romance, arrived in Reno yesterday afternoon. He was reported to have been met at Verdi, Nev., west of here, by Thatcher.

A reliable source said the count planned to take Barbara back to Europe after their marriage.

Friends said the reason the young nobleman and the princess decided not to be married on the day of her divorce was a slight superstition on her part. They said she was agreeable to being divorced on the thirtieth of the month but preferred to be married on some other date.

## 'GREAT THINGS' IS SUBJECT OF REVIVAL TALK

### Out-of-Town Groups Attend Church Of Christ

An unusually large Monday evening audience heard Evangelist W. D. Bills at Francis Avenue Church of Christ. A delegation of 50 people from the McLean Church of Christ, with their minister, W. B. Andrews were in attendance. Evangelist John M. Rice of White Deer also attended with several members from that town.

Evangelist Bills read for his scripture lesson, Mark 8:35, 36. His sermon subject was "Great Things."

His discourse had to do with the greatest things which man has to do in this life. "We are too often unconscious of our inward possessions," he stated in introducing his message. "We should regard our physical well being and our mental abilities very highly, but our souls are more important than our bodies because they will never die. If we neglect soul growth and development we shall be the loser in the end."

"Sin is our greatest enemy, has always been and shall ever be. We are not tempted of God, but every man is tempted when he is drawn away of his own lust. Spiritual death or eternal separation from God is the wages that a life of sin pays."

"The gospel of Christ is the greatest power in heaven or upon earth to save man from his sin. It is something that must be obeyed, with a threat from God of eternal banishment from His presence if we fail or neglect to do so."

"The institution into which we come for salvation and spiritual blessings is the grandest institution the world has ever known. This institution is spoken of in the Bible as being the church.

"That which makes us a Christian makes us a member of His church. We do not do certain things to become a Christian, and then do certain things to become a member of the church. The conditions of salvation and church membership are identical. If salvation is outside the church, then we can be saved without the blood of Christ, and thus we see that Christ accomplished nothing in His death."

During the coming week two services will be conducted daily, 10 a. m. and 8:15 p. m. Everyone is invited to attend as many of these services as is possible.

# FARMERS TELL OF DESIRE TO SUPPORT AAA

## DENY GOVERNMENT IS CAUSE OF THEIR JOURNEY

WASHINGTON, May 14 (AP)—Rallying to defend the Roosevelt farm program against the attacks of textile manufacturers and other critics, farmers from more than 25 states met in the capital today. Leaders of the demonstration contended it was the farmers' own idea. They said the delegates paid their own way or financed the trip by "passing the hat" among their friends.

A charge that the "march" on Washington was inspired by farm administration and department of agriculture chieftains came, however, from Rep. Martin (R., Mass.). "This carefully staged demonstration shows we've got them on the run," said Martin, who is prominent in the fight against the cotton processing tax and who is also getting the sugar recall. He said he was willing to come up here to try to keep the sap flowing.

The delegates' side of it was presented by Sam Lassen, a corn-hog farmer from Brookings county, South Dakota. "Nobody asked us if we would come to Washington," he asserted. "We didn't like this criticism of the AAA. Business and industry have been receiving benefits for years. Under the AAA, the farmers have been getting a break. We are going to see that we keep on getting this break."

Lassen said farmers in South Dakota organized and selected 20 delegates before they heard of the movement from any other state. L. M. Lawson of South Carolina was designated to sound a keynote of application to the AAA. Listed for addresses also were Secretary Wallace and Chester C. Davis, the AAA administrator.

Leaders of the mass meeting hoped that President Roosevelt would send some sort of greeting. On today's program also were R. Hunter Pope, Enfield, North Carolina, discussing the tobacco program; Earl Dean, Mason City, Ia., discussing the corn-hog program and A. M. Bourland, Vernon, Texas, the cotton program.

AAA officials disclaimed any responsibility for the pilgrimage. However, at the request of some of the leaders, clerks and stenographers from the AAA were lent to assist in preparations for handling the crowd.

# FLASHES OF LIFE

(By The Associated Press.)

**CHICAGO**—The "dime scaffold" was put into use for self-execution again yesterday. Emil Griefel, 67, an unemployed laborer paid ten cents to the cashier at the Logan Square elevated train station, tied a rope around his neck, fastened the other end to a support and swung off into the air and death. A few days ago Joe Tsiamaja used the same platform to kill himself in the same manner, except that he even masked his face with a handkerchief.

**CHICAGO**—Samuel Katz lost his \$35, but the three robbers who got it didn't interfere with the care of his sick child. When the trio ordered Mrs. Katz and a nurse to put up their hands together and swing the dry goods merchant begged: "My baby is very sick. I don't care what you do to me, but let my wife go on taking care of him." The robbers ordered the two women back to the side of the sick baby but determinedly relieved Katz of his money before fleeing.

# Oil Production Is Up Over Nation

TULSA, May 14 (AP)—Oklahoma and California led the way last week as daily average oil production spurted to 2,644,512 barrels daily, 134,874 barrels higher than the week previous, the Oil and Gas Journal reports.

Oklahoma's output advanced 64,250 barrels for a total average of 522,825 during the 7-day period. In California the increase was almost as great, the state going from 452,500 barrels to 516,150.

Texas gained 8,798 barrels, of which 1,124 barrels were attributed to East Texas. East Texas' average production was 468,077 barrels and for the state as a whole 1,054,829.

Kansas averaged 1,125 barrels to 145,850 and eastern fields, including Michigan, virtually were steady, the average declining from 146,519 barrels to 146,408 barrels.

The Rocky Mountain area also changed a little, dropping 1,810 barrels to 99,150.

# GREAT RICHES

by Matzel Howe Farnham

Chapter 41  
**HOME TO JANE.**  
Two weeks later James was mustered out and came home in earnest. It was probably the proudest hour of his life, when he limped up Commercial Street at the head of the men of his country and New Concord cheered itself hoarse. New Concord was his own beloved town once more. He had not failed her when his moment called.

When "the General" returned home Nappy was so immensely relieved and so blissfully happy that he was for once almost speechless. All he could say was "Dawg gone! Dawg gone!" over and over while tears ran, shamelessly down his face. It was noticed in New Concord that Nappy thereafter limped a little when he walked. He was never able to walk quite straight again any more than was James.

Jane had not been idle during James' absence. With a husband at the front Jane's sharp speeches of the past were tolerated and forgiven. Jane helped organize and run the Red Cross chapter of the town. She proved so efficient as a speaker and as an organizer that her fame spread. She was asked to go to Saint Joseph and make speeches there. She went and remained to help with the Y. M. C. A. but and content at the railway station. Fully occupied at last, her natural energies and undoubted organizing abilities finding for once an outlet, Jane forgot to be sarcastic, forgot all about her health, became what she was meant to be, a happy and efficient youngish woman, even a charming youngish woman. She seldom had time to think of James, but when she did she thought of him kindly, even proudly; that is until she met Mrs. Benson.

Mrs. Benson was one of the Wyman's of Saint Joseph, who was not only born with a golden spoon in her mouth, but acquired a full golden service on her marriage. Left a widow in 1917 Mrs. Benson decided to forget her grief in "service."

A cousin in New York suggested that she "man" a fully equipped ambulance with women nurses, women doctors, women drivers and place it at the disposal of the French government. The suggestion was acted on, the French government accepted. Mrs. Benson, meeting Jane and taking a great fancy to her, asked her to go with the ambulance as alternate driver to herself.

Never in her whole life did Jane so passionately want to do anything as much as she wanted to go to France. As she could not, she was not allowed to go because she had a husband there, Niba Butterfield went in her place.

Jane, who seldom cried, cried herself sick. Jane had been glad between Sarah Stimson and the Northrups. Mr. and Mrs. Northrup went with Jane to the luncheon. Mr. Northrup did most of the talking. The Northrup twins had both enlisted in the aviation corps, and though they did not get to France, Mr. Northrup made it plain that in his opinion the flyers had taken all the risks that were worth anybody's mentioning. A flyer faced death daily, took his life in his own hands every time he went aloft. While a mere infantryman.

The luncheon could hardly be called a howling success. After it was over, and the Northrups were impatient to depart, James said abruptly that he meant to stay awhile with his aunt. He had to see to a lot of things about the place.

"I'll take Mother and Father home and come back for you in an hour or two," Jane suggested brightly. It was evident to her husband that Jane was schooling herself to endure patiently and with wifely sweetness the stings and exasperations of their renewed relationship.

With a sudden swift intuition James realized that Jane was one of those women (and there are more than anyone guesses) whom marriage becomes inevitably a galling bond. She was not sexless, but under-sexed. Sooner or later any husband, James particularly, but any husband, would have annoyed and exasperated her.

"Jane suit naturally doesn't like men much," was the way James put it to himself. To be sure she was fond of her father; but he was an old woman if there ever was one. She had never cared for her brothers never liked the Judge, had never been interested in what James called "man talk."

James refused decisively to allow Jane to come back for him. He needed exercise, was spoiling for exercise. He'd follow her after a while.

The Northrups drove off in a huff in the shiny brand new car which was Mr. Northrup's gift to Jane as a thank offering (or consolation) for James' safe return. James spent the afternoon loitering about the Mansion or the yard, basking in the admiration of Aunt Sarah and Aunt Lou and the adoring Nappy or in swapping yarns with the latter. It was late in the afternoon when he left.

Jane telephoned at six o'clock with a second offer to come after James. She was informed that he had just gone.

She telephoned at seven to say that her carefully prepared dinner was spoiling in the oven.

She telephoned at eight to say hopefully that she was at her mother's and that her husband would find her there.

Nappy answered the final call and told Jane that the last he had seen of the General he was streaking it down the River Road toward Leavenworth. Looked to him like the General was good for ten or fifteen miles.

James meets an I. W. W. tomorrow.

# Winner of Cup

Above is Miss Fay Ficke, editor of The Corral, Wheeler high school paper which won the Pampa Daily News cup for the best paper entered in the annual contest of the Pampa High School Press Association. The cup is topped by a symbolic figure with arms spread, as seen above at Miss Ficke's throat.

# Father and Son Banquet Tonight

Dr. Joe Haymes of Amarillo will arrive this afternoon to be present tonight at the annual father and son banquet at First Methodist church, where he is to make the principal address.

Dr. H. H. Hicks will be toastmaster and Howard Neath will preside. Ladies of the Friendship class will serve a chicken banquet. Mrs. Gaston Poole will present the fun feature.

Other numbers on the program include orchestra music led by B. C. Wallace, readings by Mrs. E. D. Caskey, piano songs by Mrs. Louis Stewart and numbers by the First Methodist quartet.

At least 100 men and boys are expected to attend. Tickets are being sold by the men of the church but can also be secured at the door tonight. The banquet begins at 7:30 p. m.

# 'MISS ENGLAND' IS LOSER IN BREACH OF PROMISE SUIT AS JURY REPORTS IN HALF HOUR

## FLATTERING NAMES DO NOT MEAN PROMISE TO MARRY

LONDON, May 14 (AP)—Miss Angela Joyce, the "Miss England of 1930," today lost her breach of promise suit against Lord Revelstoke, wealthy young banker.

A jury in the Old Bailey, which included three women, required only half an hour to reach a verdict for the defendant.

Costs of the action were assessed against Miss Joyce.

The beauty contest winner, who changed her name from Ivy Dawkins when she called to her, testified that Revelstoke, known as Rupert Baring before his father's death, proposed to her several times while he was in school at Cambridge. Once he popped the question in her bedroom, she asserted.

This Revelstoke flatly denied, telling the court the question of marriage only came up between

them when Miss Joyce herself raised it. He told her he was not interested, he testified.

Justice Swift, in charging the jury, said:

"A man doesn't promise to marry a woman by saying, 'you're the sweetest girl I've ever met.'"

To win her case, he said, Miss Joyce had to prove without question that Revelstoke had contracted to marry her.

THENDARA, N. Y. (AP)—Bill Pond, woodsman, got a job for two days and lost money.

Hired for a minor construction job several miles back in the woods, Bill cached his shiny new pair of shoes in a hollow tree and donned boots. When he returned only the soles and heels were left.

He received \$5 for the job, but the shoes cost him \$7. He figures porcupines owe him \$2.

When you have had your refrigerator as long as I've had my G-E, you'll know PERFORMANCE is more important than all other features combined.

**General Electric** differs to be different... and they built a Refrigerator that outlasts them all.

Performance depends on the mechanism of the refrigerator—not on special features of the cabinet. The famous G-E mechanism is sealed in walls of ageless steel—protected from air, dust and moisture, and requires no attention or even oiling. Hundreds of thousands of owners who have had their General Electric Monitor Top refrigerators over 5 years, find the matchless mechanism performs as well today as when first bought. 97% are still serving original owners—a record we believe to be unparalleled.

PONTIAC'S brakes are big, powerful 12-inch hydraulics... able to stop this big, full-weight car in many feet less than legal requirements... built to bring you to a halt with the same uncanny speed and smoothness as the Pontiac engine accelerates. And that's only half the story. Pontiac brakes are constructed to perform in this efficient manner all the time. The rear brakes are triple-sealed which means that rain, mud, slush, or a car wash has no effect at all on their quick, sure grip. Only Pontiac has brakes that are triple-sealed. Only Pontiac is called the most beautiful thing on wheels. And these are only two of a score of reasons why you can't do better than the low-priced, high-quality Pontiac in 1935.

# Husky, Happy Lads Are Texas Quadruplets; Thrive on Play and Saving Mother's Steps

## Lack of Brother Resemblance Is Amazing

(By NEA Service.)

EEAUMONT, May 14.—You've met the Dionne quintuplets. Now meet the Perricone quadruplets, probably the only boy quadruplets on the American continent. People in Beaumont can see with their own eyes, every day, how the famous Dionne babies may develop. The Perricone quadruplets will be 6 on October 31. They are planning to start to school. They're all healthy, they all work with enthusiasm in the family garden, they all help their parents with errands, and their mother says they "save her many a step."

But the curious part of it is the Perricone boys (after so much in everything but age that you might not even suspect them to be brothers, let alone quadruplets. "Though the "quads" were born within an hour of one another they are completely dissimilar in appearance and disposition, and in likes and dislikes.

Very Greatly In Looks. Bernard is fully three inches shorter than his biggest "quad" brother, Donald. Vincent and Donald are dark, Bernard a little lighter, while Anthony is a blond, with light hair, fair skin, and a small, turned-up freckled nose.

One boy is particularly fond of cornbread. Another won't touch it. One is left-handed, one is ambidextrous, the others normally right-handed.

Only in regard to their illnesses are they completely alike. If some morning, Donald should wake up with a fever, Mrs. Perricone knows that within a few hours the other three "quads" will begin running temperatures. If one has a cold, all will have colds.

But their general health is excellent, and all went through the last winter without an illness of any kind. Their most serious illness was two years ago, when all had the measles in rapid succession.

For this splendid health record, Mrs. Perricone gives full credit to Dr. Joseph Bybee, who she declares is "just as good as Dr. Dafoe." Dr. Bybee watched over the "quads" for many weeks after their birth in much the same manner as Dr. Dafoe for his famous "quins."

Dr. Bybee devised special feeding formulas for them, and directed their daily schedules for several months. But after that Mrs. Perricone took charge and has cared for them ever since.

Likes Garden Work. The boys are unusually well able to take care of themselves today.

Brothers, would you say? More than that! They're probably the only quadruplet boys in America today. But note their differences in height and appearance. Bernard, left, Vincent, Anthony, and Donald Perricone were born within an hour of each other. Will

working in the family truck garden, often putting away their own toys to take up rake and hoe and hike for the garden.

Hundreds of people have gone to the Perricone home to see the "quads," especially during their first year or two. Among the visitors

# Trial of Boy In Father's Slaying Is Begun At Seguin

SEGUIN, May 14 (AP)—A jury was ready today to hear testimony in the trial of Emil Brock Jr., 18, for slaying his father, Emil Brock Sr., shortly before Christmas.

C. C. Stephenson of Junction, speaker of the Texas house of representatives, planned young Brock's defense.

The youth, charged with beating his father to death with an iron bar in the home where the two lived together, admitted shortly after the slaying that he killed his father.

Five fire wagons were called out to extinguish a fire in the top of a tall palm tree growing in a vacant lot in Venice, Cal.

## JUNIOR-SENIOR BANQUET IS HELD IN GYPSY SETTING; 400 ATTEND

### 36 Class Entertains With Food, Dance And Songs

A gypsy camp decked in bright colors was the theme of the annual junior-senior banquet held last night in the gymnasium. About 400 students and teachers attended the affair.

George Lane acted as toastmaster. Features of the program included a gypsy dance by Rose La Nell Williams and Pauline Gregory. "It's an Old Southern Custom" was sung by Rex Rose and Mickey Ledrick, and "Gypsy Love Call" by a girls' quartet composed of Elizabeth McAfee, Eloise Mitchell, Janice Purviance, and Lillian Rice, accompanied by Ann Sweatman and Willie Steece Taylor.

Flora Deen Finley, junior class president, gave the welcome address and Otto Rice, president of the senior class responded. Supt. R. B. Fisher led the invocation.

The menu included fruit cocktail, chicken timbale, fresh green beans, creamed potatoes, French rolls, jello salad, brick layer cream, cake, and iced tea.

The junior sponsors, Miss Ruth Siddons, Miss Gracie Fern Latimer, B. G. Gordon, and Harry Kelley arranged the banquet.

## School's Baseball Team Wins 16-13

Pampa high school's first baseball team in several years won its first game from Elk City high school team by a 16 to 13 score last Friday. A return game will be played here Friday at 3:30 o'clock in the Road Runner park.

Gregory was on the mound for the locals with Moore on the receiving end. Gregory was wild at times, but finished the game.

Gaynor was in the box for the Oklahoma team with Fritch behind the bat.

Hassell, Feltner, and Haner were the batting stars; Hassell hitting a home run with two mates aboard.

Coach W. N. Anderson will lose most of the players by graduation, but a good team is expected next year.

## Summer School to Open on May 27

Summer school will begin May 27 and close July 19, according to R. A. Selby, principal of the junior high school, who will be in charge.

Classes will meet all state requirements as to length of recitations, type of work expected of students, and qualifications of faculty members. Classes will be offered in all courses for which there is sufficient demand, according to Mr. Selby.

Prices will be \$10 for one-half unit and \$18 for a full unit. A student may earn a full unit in one course of a half-unit each in two different subjects. No student, however, may enroll for a whole unit in English.

Recitations will be an hour and a half in length. All classes will be held in the morning. Students will be required to be at school only during their recitation periods.

## FLOWER BEDS IMPROVED

Concrete curbing has been laid for the flower beds along the west side and across the front of the high school building. Spiraea has been set out in all the beds so that in the future there will be shrubs to break the bareness of the brick walls. Summer flowers are also being planted.

## GREAT BATTLE FLEET TO MAKE SWEEP SOUTH IN MANEUVERS

ABOARD BATTLESHIP PENNSYLVANIA, PEARL HARBOR, Hawaii, May 14 (AP)—Somewhere in the South Bering sea, "factory" for periodic gales that sweep down on the North Pacific, the fastest-striking naval battle force ever assembled there was preparing today under Vice-Admiral Arthur J. Hepburn for a dash southward.

This force, the "black fleet" division of the United States navy, awaited the beginning of the most spectacular phase of the fleet maneuvers which will include 153 fighting ships and hosts of coast guard patrol craft.

Meanwhile, nested here in the port of Pearl Harbor, the United States' strategic mid-Pacific naval base, another force waited. This was the main battle power of the navy, the "white fleet." The battleship divisions were here under the bristling fortifications of the harbor. One aircraft carrier was of hand and two others lurked nearby. There were cruisers, destroyers, and auxiliaries, all under command of Admiral Harris Lamborg.

Twelve hundred miles west by northwest is the outpost island of Midway, and toward it the thoughts of many officers turned today. Situated almost on the international date line, this little atoll is a focal point in the maneuvers to come. Some time within the next 10 days the lonely Midway settlers may have

Snooper wonders who the girls were that went to Amarillo the other day to see R. C. Waggoner, the new Sande captain.

The seniors are wondering if it would be proper to send out invitations after they graduate—it doesn't look as if they are going to get here by May 24.

Marie Tinsley seems to get a thrill out of running into that great big handsome J. R. Green.

Snooper understands that some of the juniors are going to get their "wings" in the class-day program.

Snooper hears Albert Austin and Reid Talley are going out of the state to try farming when school is out.

We wonder why James Foster likes to wear overalls to school.

Snooper hears that the midnight "what makes mothers happy" is coming week.

Ed Myatt says he's going to open up a cheese mine in Miami and if anyone wants an interest in it, he must bring a million crackers.

Lorita Hogan: Well, is your boy friend intelligent when arguing with you?

Thelma Seeds: Yes, he's intelligent. He knows not to argue with me.

Snooper saw a sparrow in room 314 yesterday morning. It must have forgotten what rain was like. Raincoats looked like relics yesterday—it has been so long since they've been needed.

Julia Baker: I hear Irene spent a year in Europe looking for some chick prints.

Coach Winkler: Huh! I'd much rather have looked for a young duke.

Hobart Vandever: Leroy has finished his first novel.

Kathleen Kuel: Is it the first he's ever written?

Eckhart: No, it's the first he has ever read.

## Girls' Basketball Team Has Picnic

Two cars of basketball girls, accompanied by Mrs. Clara Pafford and Mrs. L. A. Blythe, went to the 10 mile hole near LeFors on a picnic last Friday afternoon.

Some of the girls played baseball while others went swimming.

Refreshments consisted of tuna fish, ham, pimento cheese, and chicken salad sandwiches, potato chips, chocolate cake, and fruit.

Mrs. C. M. Jeffries assisted in planning the picnic but was unable to attend.

## 150 Mothers of Students Attend Special Program

Over 150 mothers attended the assembly program and the tea honoring the mothers of high school students last Wednesday afternoon at 2 o'clock.

The assembly program included a talk by Mrs. O. T. Hunkapiller on "What Makes Mothers Happy," a devotional by Rev. Lance Webb, the reading of a prayer for mothers by Ben Guill, two vocal solos by Supt. R. B. Fisher, "Mother McCreer" and "Mother O' Mine," and selections by the high school orchestra.

A red and white color scheme was used at the tea in the home economics dining room following the program. The first year home economics girls prepared the tea.

## About 100 Attend Junior-Senior Prom

About 100 juniors and seniors danced to the music of the high school jazz orchestra Friday evening when the annual prom was held in the gymnasium.

Claude Atteberry and Bill Parks were judged the best dancers of the evening by a group of parents and patrons and were presented prizes.

Decorations were in a gypsy motif of red, yellow, and black.

The last order of senior rings arrived yesterday?

Senior exams start tomorrow? Other students will begin taking exams next Tuesday.

Tomorrow is senior class day? Miss Branom's home room had a picnic last Tuesday?

Dramatics students have been broadcasting program to their class during the past week?

Annuals will be ready for distribution in room 205 tomorrow following assembly, according to Miss Fanning May, faculty adviser of that publication.

Annuals will be issued only to owners of the books. Students are asked to bring their receipts to save time.

Those wishing annuals who did not buy one in advance should see Miss May immediately, as a limited number will be available at an additional cost.

## LITTLE HARVESTER SPECIAL IS TO COME OUT SUNDAY

A special commencement edition of The Little Harvester will be published next Sunday morning. It will be the final issue of the paper for this school year. Pictures of the graduates and a complete record of all activities of the school year will be included in this special edition, which will have a circulation of 7,000.

## Only Graduates To Take Exams This Week—Some

Only graduating seniors will be permitted to take final examinations this week, according to a ruling made by Principal L. L. Sone.

Classes will be continued as usual for all other students.

Candidates for graduation can learn Saturday afternoon whether or not they passed their work. If a student lacks only half a credit having the required number of units for graduation, he can complete that in a summer school and still graduate with his class, by making proper arrangements with Mr. Sone.

Senior examinations will begin tomorrow afternoon and continue through Friday. Examinations for all other students will begin next Tuesday afternoon, May 21, and continue through May 23. Reports will be handed out Saturday morning, May 25.

Examination periods will be an hour and a half each. Students will be required to stay at least an hour.

The examination schedule for seniors who are candidates for graduation is as follows:

Wednesday 1 p. m.—Mathematics, 2:30 p. m.—Economics and civics.

Thursday 9 a. m.—English, 10:30 a. m.—Commercial subjects and geography, 1 p. m.—History, 2:30 p. m.—Home economics and vocational agriculture.

Friday 9 a. m.—Science, 10:30 a. m.—Dramatics and public speaking, 1 p. m.—Foreign languages, 2:30 p. m.—Journalism, The schedule for other students is as follows:

Tuesday, May 21 1 p. m.—English, 2:30 p. m.—Home economics and vocational agriculture.

Wednesday, May 22 9 a. m.—Science, 10:30 a. m.—History, 1 p. m.—Foreign languages, 2:30 p. m.—Commercial subjects.

Thursday, May 23 9 a. m.—Mathematics, 10:30 a. m.—Dramatics, public speaking, and journalism, 1 p. m.—Civics and economics, 2:30 p. m.—Geography.

## Softball Tourney Now in Deadlock

Three teams, each with one loss, are tied for first place honors in the intramural playground ball tournament, after a week's playoff. The teams are Hi-Y, fifth hour gym class, and junior high. The same teams were deadlocked at the beginning of last week.

Hi-Y first defeated junior high but lost the next day to the fifth hour. Junior high then beat the tumblers to leave the race still in a three-way tie.

Weather permitting, final games will be played sometime this week, according to Harry Kelley, sponsor.

## ASSEMBLY

The senior class day program will be held tomorrow morning at 10 o'clock in the auditorium of the city hall. The public is invited.

Events of the recent class excursion to Carlsbad cavern will be re-enacted. Every member of the class will have a part in this program.

Class sponsors E. N. Dennard and Mrs. Frances Alexander arranged the program.

## COPIES OF PICTURES MAY BE OBTAINED THIS WEEK

Copies of any of the group pictures of classes, athletic teams, coaches, the faculty, and all activities represented in the annual can be ordered this week through Helen Marie Jones, editor-in-chief of the annual. The price is five by seven, will cost the purchaser 35 cents each.

## Italy Musters More Men As Ethiopia's Attitude Is Described As Hostile

BY STEWART FRENCH, Associated Press Staff Writer. ROME, May 14 (AP)—Italy may have 950,000 troops mobilized by Friday, it was indicated today, as her relations with Ethiopia wavered between conciliation and increased belligerence.

A government spokesman, announcing that members of the class of 1912 had received mobilization orders, referred to Ethiopia's "evanescent attitude of hostility."

He added that while Italy is prepared to name conciliators to attempt to promote a peaceful settlement of the East African dispute under the arbitration treaty of 1928, she would not do so until assurance of like intention had been received from Emperor Haile Selassie.

It was learned British pressure to force conciliation and prevent the issue from embarrassing the League of Nations council was far from the purpose of Premier Mussolini, but that he finally acceded to the conciliation proposals, when France backed them.

The British were said to have made it clear that every possible move should be made to avert an open clash at Geneva or any action in Africa which might lead to hostilities.

## CONGRESSMAN DIES IN RADIO SPEECH ON SUBJECT

BY VESTAL LOTT. PLAINVIEW, May 14 (AP)—Gov. James V. Allred headed the list of speakers on today's program at the West Texas chamber of commerce convention here.

A banquet in the governor's honor was planned tonight.

Directors of the organization yesterday attacked the government's acreage control program and approved a resolution urging that it be abandoned in favor of Congressman Dies' unlimited domestic allotment plan.

Unable to attend the convention, Congressman Dies, representative of the second Texas district, talked to the West Texans over a radio network. He explained his plan, saying it would provide more benefits than possible under the present program.

He urged the chamber to "assume an active and vigorous part in this great movement to prevent an economic dictatorship."

J. E. McDonald, state commissioner of agriculture, characterized the Dies plan as the one offering the greatest good of any legislation proposed in many years.

"It offers salvation for agriculture and this whole nation," he said.

R. C. Hopping of Lubbeck, member of the state planning board, discussed what he termed the "inequalities of the Bankhead bill." He said it hampered development by not allowing land to be put into cultivation and that it reduced the cash crop of the diversified farmer.

The chamber directorate warned agricultural groups "to be alert to recognize and cope with the insidious propaganda of fascism, communism, socialism, and other esoteric agencies, which, under guise of advancement of recovery, are in reality sowing seed of dissension and striking at the very foundation of our democratic form of government."

The body praised farmers who went to Washington this week to urge that the AAA be maintained.

Ten district directors were elected. They are: Wilbur Hawk, Amarillo; Clifford

## Farmers Discuss Wheat Program

The wheat referendum, to be voted on May 21, was discussed by 75 farmers who met in the district courtroom last night. County Agent Ralph Thomas presided in the absence of the county chairman.

Time of other meetings in this county are: Laketon, tonight at 8 p. m.; Hopkins, Wednesday, May 15, 8 p. m.; Schaffer, Thursday, May 16, 4 p. m.; Grandview, Thursday, May 16, 8 p. m.

Farmers last night generally approved the new wheat program, similar to the one now in effect, but modified to avoid conflicts with other programs.

## Chevrolet Plant Strike Is Ended

TOLEDO, O., May 14 (AP)—The three-week strike at the Chevrolet auto plant here ended today and plant officials moved quickly to return to full speed production.

The union workers who voted 732 to 385 to end the strike were divided, however, in their opinion of the settlement. James Roland, chairman of the strike committee, described the result as a "dirty deal."

The vote followed a stormy meeting during which Francis J. Dillon, American Federation of Labor organizer for the automobile industry, once declared the local United Automobile Workers Federal Union suspended from the national organization.

The agreement accepted by the workers provides for an increase in wages of four cents an hour, raising the minimum to 54 cents, time-and-a-half for all work in excess of 48 hours a week and for Sunday and holiday work, and safeguards against reduction of wages during the slack season.

Japan is now the third largest rubber manufacturing country in the world, following the United States and Great Britain.

Mrs. S. C. Evans was an Amarillo visitor yesterday afternoon.

## DOMESTIC ALLOTMENT PLAN IS URGED BY CHAMBER—BANKHEAD BILL INEQUALITIES DETAILED

Missing Woman Is Hunted by Scouts

KANSAS CITY, May 14. (AP)—A mother's day reunion at the bedside of Mrs. Margaret Roche has turned today into a city-wide search for one of her daughters who disappeared from the family home just as two sons from Amarillo, Tex., arrived Saturday for the celebration.

City police and several Boy Scout troops plodded through the rain today looking for Mrs. Florence Villard, daughter of Mrs. Roche and sister of Michael F. and Joseph V. Roche of Amarillo. Mrs. Villard, supposedly ill in bed, was found to be missing when her brothers and a sister in law, Mrs. Michael F. Roche, arrived here by airplane for a Sunday with their seriously-ill mother.

Mrs. Roche today had not been told of her daughter's disappearance. Another daughter, Mrs. Fred George of Crafton, Pa., who also came here to attend the reunion, said she was afraid news of Mrs. Villard's absence would have a serious effect on her mother's health.

New Desperado Hunted in South

A new desperado terror, sworn to revenge, Sam Day, 23, above, is the target of a far-flung hunt, following his escape from Arkansas state prison, beat on slaying foes who blocked his pardon plea. CROP OUTLOOK IN DUST BOWL MUCH BETTER

HEALTH CONDITIONS IN DROUGHT AREA IMPROVED

KANSAS CITY, May 14. (AP)—Looking into the southwest's dust bowl washed clean by welcome rains, observers today found:

Reports of general crop advancement. Improvement in health conditions in the 18,000,000 acre area after weeks of dust storms. Heaviest precipitation in three years at some points. Rains fell in virtually all sections of the giant bowl, comprising parts of Kansas, Colorado, New Mexico, Oklahoma and Texas. Harder rains fell on the edges, filling streams to flood levels in Kansas and Oklahoma.

There were mud puddles at Prairie Center, Colo., the community that asked the nation to join in prayer for relief. Precipitation measured one inch and a half—the heaviest in three years. Scott City, Kan., reported more than an inch of rain—the best in two years—and farmers looked to crop and sorghum crops to replace ill-fated wheat plantings. As much as two inches of rain was reported in North county, Kan., scene of numerous dust barrages.

Prof. R. I. Throckmorton, Kansas State college agronomist, said rainfall would make a wheat crop in the central portion of Kansas. Herb Cavett, Beaver county, Okla., farm agent, predicted moisture would "bring back" the cattle business. He said 24,000 head of cattle, shipped out of the country since last fall, may be returned.

A portion of the Frisco tracks was reported washed out a mile south of Henyetta, Okla., and secondary bridges were swept away by streams and swollen by a cloudburst at Weleeka, Okla.

The Salt Fork river overflowed after three inches of rain near Alva, Okla. The Walnut river in south central Kansas was out of its banks and approached within five inches of the Santa Fe tracks.

PAMPA TOPICS OF OUR CITY

City Commission Meets. City commissioners last night deferred action on the letting of the swimming pool. The studied four bids at length. The traffic situation continued to receive attention. Dan Conley, chairman of the safety committee appointed by the commission some time ago, attended the meeting. Several bills were presented and payment approved.

Murder Charges Fined. Murder charges were laid yesterday against Mrs. E. C. Barnett of McLean following the death of Robert Smith, who was injured in an automobile accident near McLean on the night of May 5. Mr. and Mrs. Zane Smith, parents of the child, and three other children were seriously injured. The charges were filed by County Attorney Sherman White after C. R. A. Webb, county health officer, had taken pictures of the injuries and presented them to Amarillo authorities, where the child died. The pictures showed a fractured skull which was the cause of the death. Mrs. Barnett is being held in the county jail here. She has not been arraigned on the new charge. She already faced charges of driving while intoxicated and theft of an automobile.

Sen is Born. Mr. and Mrs. Olaf Hampton are the parents of a son, born at Pampa-Jarrett hospital. He has been named Joe Bob. Mrs. Hampton and baby were to leave the hospital this afternoon.

Injured in Fall. Edward Sumner, son of Mr. and Mrs. G. L. Swindle of McLean, was brought to Pampa-Jarrett hospital yesterday afternoon after he had fallen from a swing on the McLean school grounds. The child received a brain concussion. His condition this morning was reported favorable.

Sen is Born. A son was born to Mr. and Mrs. Roy Lane at Pampa-Jarrett hospital this morning. He weighed seven pounds.

Visits in Amarillo. Mrs. Archie Cole and Mrs. C. T. Hunkapiller were visitors in Amarillo and Canyon yesterday.

Son is Born. Mr. and Mrs. Paul McDonald are the parents of a son, born this morning at Pampa-Jarrett hospital. He weighed 7 pounds 8 ounces. Mr. and Mrs. McDonald are residents of White Deer.

Program by Room. Room 65 of Junior high school will present a program at 7:30 p. m. today in high school gymnasium, culminating work of the past semester. Study has been centered about a unit on transportation and communication, in keeping with the curriculum revision program stressed this year in Texas schools. A varied entertainment will be offered this evening, free to the public.

Mrs. Tom Rose was a visitor in Amarillo yesterday. Mr. and Mrs. Jack Dolan spent today in Amarillo. Mrs. Atile Carpenter of LeFors was a Pampa shopper yesterday.

"Every type of producer from tenant to extensive plantation owner is here. Owners of average sized farms and farmers of average production are in the majority. Those of us who are not paying our way out of our own pockets are having our expenses paid by our fellow farmers whom we personally represent."

A grizzled and walrus moustached farmer from Georgia stood at the edge of the gallery shouting, "all you Georgia crackers come up this way. We got no governor but we're here anyhow."

The reference was to Governor Talmadge of Georgia who has vigorously assailed the Roosevelt administration for its policies.

No voice could be heard at the press table from any person objecting to remarks of the Georgia farmer.

Senator Bilbo of Mississippi was greeted with loud acclaim when he entered. For 30 minutes after the program opened, shouts of "Bilbo, we want Bilbo," came from widely scattered parts of the hall. Cully A. Cobb, chief of the AAA cotton section, was on the platform with Bilbo.

Morgenthau's Speech On Money Stability Debated As To Nation's Policies

WASHINGTON, May 14. (AP)—Secretary Morgenthau's speech declaring that the American dollar is "absolutely sound" and that the United States is "not unwilling to stabilize" under certain conditions was widely regarded today as an official new deal reply to critics who assert that an end to monetary uncertainty is needed to restore confidence.

In Wall Street, as here, a principal question talked was the probable effect of the speech on the much-discussed restoration of assurance as to the future of the dollar. In New York's financial community, some bankers and economists said the speech should help restore confidence, while others said they saw little meaning in it.

What, if any, future moves the speech portended was not made known. All indications from administration sources have been that stabilization was a topic for some time in the future rather than the immediate present. Morgenthau's speech was taken as a sign that the United States does not intend to act singly for international stabilization.

"Innocent Bystander"

"The world should know," he said last night, "that when it is ready to seek foreign exchange stabilization, Washington will not be an obstacle. Our position was that of an innocent bystander who suffered untold loss in a fight that we did not start, and from which we could not escape."

"Why should we be singled out and admonished that the moral duty to restore order is primarily ours? Before we make any commitments, we must be sure that we will not lose what we have just regained."

"We are not unwilling to stabilize. However, if the great trading nations elect to continue under the present absence of rules, we have no longer at a disadvantage. We have revalued our currency no more than was necessary and we can go either way. Our hands are untied."

"So far from engaging in a competitive devaluation race with other nations," he said, "we hold out to them a currency of such steadiness that the normal tendency may very well be for the rest of the world to move gradually toward practical exchange stabilization. If that can be achieved, the final step should come easily and almost of its own accord. Unless somebody rocks the boat that would be the natural course."

"Prevented Disaster"

Another theme running through the secretary's speech was his contention that the Roosevelt monetary policies saved the United States from disaster. Blaming the Hoover administration on the ground that it "stubbornly refused" to take action when gold left the United States in "alarming amounts" in 1932, he said:

"The monetary policy of this (Roosevelt) administration rescued us from chaos; held the fort through the most trying period of our recovery program; and is now the spearhead as we advance steadily toward our goal."

He indicated the government, in the absence of international action, would decline to declare that the present gold content of the dollar shall remain fixed.
