FDR Offers Jobless Youth 'Their Chance' To Work, To Go To High School, College

Twinkles Rain is fine, but we'll take our air dry, especially at night.

Sing Sing, turning out good athletes, proves its right to be called an educational institution.

But the colleges may think Sing Sing has broken some sort of code on fair competition. Sing Sing is quite a recruit, and it subsidizes its athletes with all frankness.

No one, however, could accuse a Sing Sing man of taking money for his labor and thereby losing his amateur standing.

Maybe it's our imagination, but we were of the opinion that our car ran better when pointed back toward Pampa downstate.

MUSINGS OF THE MOMENT: The major tragedy of this fishing season is undoubtedly Judge H. E. Hoover's loss of his dam in Hemphill county. The folks enjoyed the retrieved fish while they lasted, but many of the biggest specimens—channel cat weighing up to 20 pounds—were never found.

Judge Hoover is being called out of town for a lengthy stay, but he has already given workmen instructions as to how to rebuild the dam. The dam is not a fisherman by inclination or endowment of patience, we can imagine the anguish felt by the dean of Panhandle lawyers.

Brevitorials

A TRIP DOWNSTATE at this season is particularly educational in an agricultural way. Summer is well advanced down in the coastal region. And, as all travels this way, the weight of crops steadily declines. Corn is in full tassel in South Texas, and higher than one can reach in many fields. Cotton is knee high. Crops generally are good. Forage crops are luxuriant. There should be a surplus of feed. Not until one comes above the caprock does he find the drought still holding its own. In fact, too much rain, rather than lack of it, is doing the damage downstate. But it is good to see crops doing well again. The plains, too, will turn the corner in the cycle of weather and crops. The various crops from discouraged, were able to find encouragement in the better fortunes of farmers elsewhere.

STRIKING, AS ALWAYS, is the remarkable change in farm properties and personnel as one approaches the tenantry of the warm south. Negroes and Mexicans are seen everywhere, leaning on the hoe, with their women in the fields.

Sunday School Boys Marooned By Creek Rise

A dozen members of a boys' Sunday school camping out party were marooned on a small hill for hours last night by a sudden torrent of flood waters rushing through the bottoms of Chieken creek on the Ledrick ranch 25 miles north of Pampa.

The group was unable to leave until 4:30 o'clock this morning because the swirling, muddy water separated the members of it from their cars on the opposite bank. The boys had eaten and were playing games on the west side of the creek when the sudden rise rushed down the dry bed. It came unexpectedly because only a few drops of rain had fallen during the evening. Water whirled around the body of one car, and washed away bedding, clothes and other valuable of the boys. One of the lads who after a swim before the rise did not put on all his clothes came home without any pants, two were minus shirts, and another's shoes and shirt had been swept away. After the first rush of water came down the creek, the group found it too dangerous to cross and get the articles.

The party included L. N. Bra-shers who took half of the boys in his car to the picnic. Archer Pull-tram, teacher, and the following boys, Jack Heasey, James Evans, Jack Stroup, James Archer, Ted Stuart, Junior Green, Herbert Maynard, Ray Boyles, Wayne Coffey, Clinton Stone, members of an intermediate class at the Methodist church.

HOUSE WANTS TO ORIGINATE TAX-RICH BILL

FDR SAYS IT IS NOT NECESSARILY PART OF TAX BILL

WASHINGTON, June 26. (AP)—President Roosevelt today said he wants the new wealth tax program enacted this session but not necessarily as a part of the emergency nuisance tax bill due to pass by Saturday.

Even as he spoke at a press conference, house ways and means committee democrats served notice on senate leaders that they intended to insist upon originating a new tax bill to carry out the president's program for a wider distribution of wealth.

They did that through a resolution, adopted at a secret meeting, authorizing Chairman Doughton to advise Chairman Harrison of the senate finance committee that the ways and means committee was "ready" to start action on a new bill.

Meanwhile, the tax program encountered delay in the senate which caused democratic leaders to concede there was little hope of getting it enacted by Saturday night.

A session of the senate finance committee to act on some of the levies was called off because treasury and legislative drafting experts had not completed work on the tentative rate schedules.

Mr. Roosevelt expressed some surprises at suggestions that the new levies on high incomes and inheritances be rushed through by Saturday night. He said he had never considered that speedy a program.

Reminded that the emergency nuisance tax expires on Saturday night unless the pending bill is enacted, the president definitely intimated that he would approve procedure for separate action on the wealth-tax program. This would

Local Men Are Named to Tell Of Securities Law

Eugene Worley, representative from this district has been appointed by Secretary of State Gerald C. Mann as chairman of an educational committee in this district to acquaint Texas citizens with the new Texas securities law.

Representative Worley has named the following members of the committee from Pampa: Lewis Goodrich, district attorney; Sherman Mann, county attorney; John Star-steen, Bill Smith, Ivy Duncan, John W. Osborne, Ennis Favors, H. Otto Studer and Olin E. Hinkle.

The purpose of the committee will be to acquaint the people of this district with the new law—its provisions and the conditions that it seeks to correct. The various service clubs and other organizations of the district will be asked to devote a program to the law and members of the committee will be asked to present brief talk on the subject.

The success of the law, according to Secretary Mann, who is chief enforcement officer under the terms of the Act, will be determined by how well acquainted the people become with its provisions.

H. C. Hopkins of the E. L. Turner Motor Co. of McLean underwent a tonsillectomy at Pampa-Jarratt hospital this morning.

BY GLENN BABE. (Copyright, 1935, by The Associated Press.) TOKYO, June 25.—A Manchoukuo frontier patrol of 80 men battled a Chinese force of 700 soldiers along the sanguinary Jehol-Chahar frontier today, advice to the Manchoukuo war office reported. (Japanese) news agency dispatches from Hsinking said that the Manchoukuo patrol was that which first encountered 500 Chinese troops Monday, 200 more Chinese having arrived from Tushihkou while a larger Manchoukuo detachment was under orders to hasten to the battleground. The advice to the war office, also

Establishes National Youth Administration In Act

WASHINGTON, June 26. (AP)—President Roosevelt today established a "national youth administration" to meet what he called a "great national need" by offering unemployed youth "their chance in school, their turn as apprentices and their opportunity for jobs."

The new agency will be under the work relief program. The president set aside \$50,000,000 to be used in providing work apprenticeships in private industry, in offering high school and college training for those between 16 and 25, and in giving work relief to youths.

The new undertaking was put under the direction of Miss Josephine Roche, assistant secretary of the treasury, and Aubrey Williams, assistant to Harry L. Hopkins, works progress administrator.

Mr. Roosevelt, in announcing the plan to aid an estimated 500,000 of young men and girls, said: "I have determined that we shall do something for the nation's unemployed youth because we can ill afford to lose the skill and energy of these men and women."

The president stressed the point, in enlisting state and city aid, that every attention be given to finding jobs in private industry and promised a "minimum allowance during the duration of apprenticeship."

"I find employment in private industry for unemployed youth. Work designed to accomplish this shall be set going in every state in order to get out with employers in industry, commerce and business, ways and means of employing additional personnel from unemployed young people."

"2. Train and retrain for industrial, technical and professional employment opportunities."

"3. Provide for continuing training."

SCOUT DRIVE BY MAIL HAS BEEN STARTED

President Post Sends Letters With Explanation of Campaign Method.

The Boy Scout drive is on the streets. No solicitors are on the streets. The appeal is by mail. Believing that Pampans are "sold" on Scouting and that they are willing to do their part to support the movement without the necessity of being interviewed, President A. G. Post has caused 1,000 letters and blank membership cards to be mailed.

"Every year busy business men contribute their time to stage the annual Boy Scout drive," he wrote. "This works an undue hardship on those few who put such a drive over. We feel that the people realize the necessity for the Boy Scout movement in training our boys for better citizenship, and that these same persons wish to do their part to make such an organization possible. This is done by your personal subscription."

"Now will you take two minutes to fill out the enclosed membership card and your check for what you think a boy is worth as man to the Boy Scouts of America, Pampa, Texas, thus doing your good deed for today?"

"If you do not care to pay all of your subscription at one time, please sign the enclosed card and return it with your initial payment."

Many persons, including officers of the council, have already sent in their pledges.

including withdrawal of all Chinese troops in Chahar to points "south of the Great Wall." Which section of the Great Wall was meant was not specified. One section crosses Chahar just south of Keelgan while the other skirts the southern border of the province. If the latter was meant, the Japanese were demanding that the entire province be cleared of Chinese troops. That the situation rested entirely in the hands of the general headquarters at Hsinking was indicated by both the foreign office and war office spokesmen at Tokyo. The war office spokesman said the high command depended on the

BONUS ACTION AGREED UPON BY COMMITTEE

LEADERS MAY TRY TO TACK BONUS ON WEALTH PLAN

WASHINGTON, June 26. (AP)—A attempt to obtain immediate action on the bonus was agreed upon today by the steering committee that has been backing the Patman plan to pay off the soldiers' adjusted compensation certificates with new currency.

Committee members said an effort might be made to tack the bonus onto the new presidential wealth tax plan.

"They voted at a secret meeting to take advantage of every chance to obtain favorable action on the bonus at this session. The original Patman bill was killed."

Earlier in the session when the senate upheld a presidential veto after the house voted to override. "The steering committee," said Representative Patman (D-Tex.), leader of house bonus forces, "decided that we, as always, are primarily interested in the full, immediate cash payment of the certificates."

"We are interested secondarily in the method of payment and we decided to hold ourselves in readiness to take advantage of any opportunity that will make us obtain the full cash payment of the certificates."

He added that 19 of the 22 members of the committee attended the meeting.

Driller Missing And Family Is Fearing For Him

Where is Walter C. Richards, 51, a driller? His wife and two children would like to know. He was working for a drilling firm in Moore county but was pulling casing in Dal, N. M., when he disappeared. He is expected to return to his family here May 25. He did not appear and nothing has been heard from him since.

Richards weighs 250 pounds and has grayish black curly hair. Friends say that he has always been dependable, and they fear some harm has come to him. He came here in April from Shamrock, where he worked for Joe Rogers, according to his wife, who does not know the name of the Moore county firm for which he was to work. He was driving a 1931 Chrysler sedan, with license number 115-640.

Pampa Man Is Killed by Negro

FRESNO, Calif., June 26.—Curtis Hupp, Pampa, Texas, man, was slain near here recently and his body thrown into a stream.

The body of Mr. Hupp was found on Wednesday of last week a river a few miles from Fresno. It was identified by Ocie Holmes, his former brother-in-law. It was estimated the body had been in the river 10 days.

On June 9, Mr. Hupp went to the home of L. B. Holmes, longtime Pampa resident, at now of Fresno. He talked with his divorced wife, Cleo Hupp Holmes. He was not seen again until his body was found in the river 10 days later.

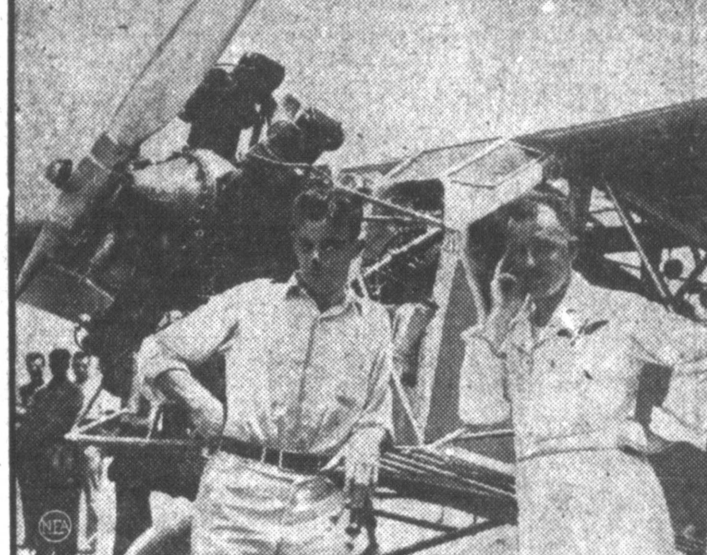

James Kellogg, 21, a negro, confessed that he killed Hupp during a quarrel, using a baseball bat and threw his body in the river. With Kellogg are held his sister and father, who are said to have known of the crime, and to have helped remove blood stains.

APPROVES JUNIOR COLLEGE

AUSTIN, June 26. (AP)—The board of education today authorized Corpus Christi public schools to establish a junior college.

Terrific Dynamite Blast Is Fatal To Executive's Son In El Paso Quarry Explosion

Near New Endurance Record

When Fred, left and Al Key touch their feet to the ground again they hope to be holders of the "to-and-fro" championship of the air. The brothers are shown just before their takeoff at Meridian, Miss., in the "Ole Miss" on June 4. A retelling endurance record seems likely to fall as the ship roared onward hour after hour.

EARLY VOTE SHOWS STRONG APPROVAL OF 'NEW DEAL'

But Many Think Changes In Constitution Must Take Place In Future.

President Franklin D. Roosevelt and the new deal stand high in the opinions of Pampans, according to the first ballots received in the Pampa Daily NEWS poll. Most of the ballots came from last night's Young Democratic club meeting.

The count today stood as follows: showing the numbered propositions as shown on the ballot at the bottom of this page:

- 1.—Yes 45, No 9. 2.—Yes 53, No 2. 3.—Yes 13, No 42. 4.—Yes 11, No 44. 5.—Yes 37, No 18.

Presence of a number of republicans may have contributed materially to the vote against the new deal, but if so there should be significance in the fact that only two persons thought Mr. Roosevelt should not be re-elected. On the whole, the voters were sticklers for the U. S. constitution, even to the extent of sacrificing NRA. The 13, however, thought the "liberal" policies should be validated. Eleven thought it best to deprive the Supreme Court of its power to nullify acts of congress.

Tennis Tournery Entries Urged

Ben Guill, summer recreation director, today called attention to the tennis tournament entry blank appearing on the sports page in 'The NEWS.'

A list of 15 or more prizes, in junior and senior divisions, is being provided by Pampa merchants. There will be no entry fee. Entry blanks must be filled out and left at Harvester Drug store not later than noon of July 1.

Entrants from the oil field camps are especially desired to increase interest in the big event. As many as 200 entrants will be welcomed.

Weather continued to be bearish with postings on the map today showing that most of the belt was enjoying a dry climate with high temperature.

Superintendent's Son Is One Of Blast Victims

EL PASO, June 26. (AP)—A superintendent's son was killed and three workers were injured today by a huge geyser-like fountain of rocks and shale projected by a premature explosion of dynamite at a cement quarry near the Rio Grande river.

The full dynamite crew of nine men was at first believed killed, but all were accounted for shortly after noon.

The blast, audible for miles, occurred at the operation of the Southwestern Portland Cement Co. shortly after 8 a. m. (mountain standard time). The charge had been sunk deep in the earth for one of the periodic explosions, set for tomorrow afternoon, to remove limestone.

H. S. Sparks, the superintendent, said that his 16 year-old son, Stephen, was near the dynamite crew and ran frantically into the dust of the explosion, climbing over huge boulders only to find that the young man had been crushed to death.

Tears streaming down his face, Sparks was unable to give a complete list of the workers at the scene. Three laborers, including Juan Saucedo, were hurried to hospitals in a dying condition.

Those familiar with the quarry estimated 20,000 pounds of dynamite had been placed in the charge. They feared that only a part of the charge had exploded and another blast remained in the rock.

The explosion — a "dull boom" some called it — churned up thousands of tons of debris. One worker calculated that 93,000 tons of rock had been loosened.

A small earthquake was the way Otis Tyler, a nearby motorist, described the explosion.

"We saw men blown into the air like birds," said Henry Salcido, an employe of A. Courchesne, Inc., in an office fully three blocks distant.

Three Hurt As Auto Overturns

A swaying trailer behind a large truck was blamed for an automobile accident which injured three persons only slightly last night on Ripley street, just beyond the city limits.

Mrs. P. W. Wade received a collar bone fracture and was taken to Pampa-Jarratt hospital. Her daughter, Miss Louella Wade, driver of the car, has an injured arm and side and bruises. Miss Edna Carter was cut and bruised. Two small Wade children were uninjured.

Miss Wade stated that she honked the horn of her car to pass the truck, which pulled to the right side of the highway. As she started to pass, she said, the trailer swayed toward the middle of the road. Two wheels of the car left the pavement, running on the wet shoulder for a few feet. The car skidded and turned over, the occupants remaining in the car. They were removed by spectators and taken to the hospital.

Legion Band To Play For Fifth Division Meet

The American Legion band will play for the fifth division, American Legion convention at Amarillo, June 29 and 30, it was announced here today.

Rehearsal which all band members are urged to attend will be held Friday night at 8 o'clock at the Legion but on West Foster. The wearing of uniforms to the convention will be discussed and planned at the rehearsal. It is likely that the Pampa band will be made the official fifth division band at the convention. The trip to Amarillo will be made Saturday.

Chas. Webb Not In Car Accident

Chas. M. Webb today asked The NEWS to deny that he was in the automobile accident near the Cities Service booster station in which four persons were injured, two of them negroes.

Mr. Webb said he was at his ranch home at the time of the accident and did not learn of it until 24 hours later. He said friends heard a rumor that he was in the accident.

140 CHINESE DROWN

HONGKONG, June 26. (AP)—The M. S. San Lamou, carrying 260 passengers on the Canton river, capsized today near Hoping, carrying 140 persons to death. Authorities attributed the tragedy to the increasing competition between highway and river transportation, resulting in radical reductions of steamer fares and the consequent overcrowding of river boats.

C. B. Randall of the Austin Bridge company of LeFors received treatment for an injured foot at Pampa-Jarratt hospital yesterday.

STATES RIGHTS GIVEN STRONG DEFENSE IN TALK

Pampa Young Democrats last evening entertained state and district officers launched a local membership drive, and passed a resolution condemning a move originating in Dallas to oust Elliott Roosevelt as vice president of the state organization.

President John Ketter of the Pampa club opened the banquet session in the dining room of the Schneider hotel, and presented Dr. H. H. Hicks as toastmaster. About 75 persons were present. Action in behalf of young Roosevelt was unanimous.

The resolution follows: "Whereas, young Elliott Roosevelt, son of the president of the United States, and a vice president of the Young Democratic clubs of Texas, was recently made the point of a personal attack; and

"Whereas, we believe this attack and ouster proceedings which sought to remove Mr. Roosevelt from office was made for no other reason than a desire for personal publicity, if not for spite, by an individual or group of individuals not representative of either a good Texan or a sincere Young Democrat; and

"Whereas, the bases of all these attacks were so far-fetched and puerile, or on the other hand malicious, that they could be conceived only by over-enthusiastic alarmists or cheap publicity seekers with ulterior motives, which individuals, in either case, are unfit to be called Texans or to be enrolled under the straight-forward banners of Young Democracy; therefore,

"Be It Resolved, that this body publicly go on record as condemning the actions and/or motives of this group which sought Elliott Roosevelt's removal from office; and

"Furthermore, that we rejoice in the defeat which these individuals received when they presented their ouster resolution to the Dallas Young Democratic club asking approval of their presentation because Mr. Roosevelt had not lived in Texas long enough, because he verbally attacked Governor Alfred, and because the executive committee of the Texas Young Democratic clubs had maliciously and knowingly placed him in office by underhand political maneuvering."

Gilmore N. Nunn presented the resolution.

Favors Direct Drive

Ennis C. Favors, local attorney, was appointed chairman of the membership campaign. Inasmuch as Pampa will entertain the district convention next year, a much larger club is desired. Memberships are \$1 each year. Of this sum 35 cents goes to the state and national organizations.

Visitors last night included John McCarty of Dalhart, state president; W. B. Futral of Amarillo, district chairman; Jack Little of Amarillo, Potter county Young Democratic chairman; Mr. and Mrs. A. Fay Curry Jr. of Tulsa, Mr. and Mrs. Guy H. Tomlinson of Tulsa, F. F. Richardson of Springfield, Colo., H. C. Coombs of San Francisco, Calif., and Miss Louise Evans, James Lumpkin, Horace B. Gooch, and Tom Seay of Amarillo. A reception for the visitors was given after the banquet at the home of Mr. and Mrs. Willard Webb.

Legion To Meet To Elect Delegates

Delegates to the American Legion convention, fifth district, to be held in Amarillo, June 29 and 30, will be elected at a meeting at the Legion but on West Foster at 8 o'clock tonight. The meeting was postponed from last week. All members were urged to be present.

Miss Louise Collins of Channing is visiting her aunt, Mrs. J. M. Fitzgerald here and Mrs. Bob Campbell of Miami.

I Saw . . .

Twelve-year old Junior Green not worrying at all about his bed that washed away on the Ledrick ranch last night, but exceedingly anxious about his gun which withstood the flood.

Frank Hunt up and about at 5:30 o'clock this morning.

DeLoach and Vera Keen as accompanist; "It Will Take All of Us," address by new president; presentation of attendance awards to LaVerne Ballard and Mrs. Jordan, who have not missed a meeting in 1935; by Mildred Overall; presentation of a gift to Mrs. Jordan in appreciation for her work as president, by LaVerne Woolley.

Tea punch, cookies, and minis were served by Mildred Overall, Annie Mae West, Jean Ragsdale, and LaVerne Woolley, hostesses for the evening.

Those present, in addition to new officers and committee heads, were Ruth McFann and Allie Williams of Shamrock; Blanche Adams of Wheeler; Wilma Pace, club member from Moteno; La. Helen Mitchell, Lecha Harrell, and Gaynell Vowell, Lecha Harrell, and Gaynell Vowell, Lecha Harrell, and Gaynell Vowell, Lecha Harrell, and Gaynell Vowell.

Baptist Unions to Observe Attendance Day With Program

Members of J. O. Y. union of First Baptist church will present a scene from the play, Ten Nights in a Bar-Room, Sunday evening at 7:45 in the church basement, inviting the public.

This will be a feature of state attendance day in the Baptist training union. Many young people are expected to attend the union meetings here that day, and a special prohibition program will be presented.

CLASS REPORTS OF MONTH ARE READ AT LUNCH

Patriotic Color Is Used to Decorate Table

Enrollment of four new members during June was one phase of monthly reports heard by First Baptist Homemakers' class yesterday. The class enjoyed a covered dish luncheon, followed by a short program and business meeting.

Reports showed 13 visitors entertained during the past month, one member enlisted for church membership, and 174 class visits made.

A red, white, and blue scheme of table decorations was used for the lunch. Willadean Ellis gave a reading, and Mrs. P. L. King read a story.

Special guests present were Meses. Ollie Hennessee, Brakes, F. C. Rhoads, Hines, and Willadean Ellis. Members attending were Meses, M. S. Johnson, Robert Faust, Louis Tarnley, J. G. Tealster, Ernest W. Tarkenton, P. L. King, Ray Beasley, Owen Johnson, Roy Dyson, A. D. Bourland, Lyles, Joe R. Foster, D. T. Lowe.

Studio Pupils To Give Fall Revue

Although classes are closed for the summer, many students in the Vincent studio of dancing are continuing practice by appearing on various programs.

Two girls, Rose LaNelle Williams and Pauline Gregory, are teaching physical culture exercises for girls in the city recreational program this summer.

Pupils who received attendance awards this spring and will be eligible for parts in a fall revue have been urged to keep up their regular practice through the summer. Kathryn Vincent Steele, head of the studio, is planning new numbers and unusual costumes for this revue, to be staged in cooperation with Arlie Crites, Berger theater manager.

Before leaving on a vacation trip when she will collect new material for the fall term, Mrs. Steele will train the student assistants who will work with her next year. Frankie Lou Keen has already begun advanced work for the term.

Men's Classes to Picnic Together

A barbecue supper will be served to men of First Baptist church, in a picnic at Harvester park Thursday evening at 6 o'clock.

Baseball and other games are planned for entertainment. The classes are inviting all men in the church for the outing.

CLARA HILL LUNCHEON A covered dish luncheon will be given by Clara Hill class at First Methodist church tomorrow at 12:30. All members are urged to be present in the church dining room at that hour.

Wealthy Husband Brews Trouble

Naming Prince Ali Khan, handsome, wealthy son of the famed Aga Khan, as correspondent, Loel Guinness, Mrs. P. and Fitzburgh-born sister of the wealthy English brewing family, filed suit for divorce from the former Joan Barbara Yarde-Buller, above, daughter of Baron Churston. The Prince heir to a \$10,000,000-a-year fortune, is a London society favorite.

SISTER MARY'S KITCHEN

BY MARY E. DAGUE, NEA Service Writer. I heard the other day of a movement to put picnics on a less haphazard basis and I'm for it.

Unfortunately, it's the children who are the chief sufferers at picnics because their needs are seldom considered. The same principles of nutrition must be kept in mind whether a family dinner is being planned or luncheon is being selected from a menu card in a restaurant.

The picnic composed of sandwiches, fruit and a drink is the easiest meal to plan. This type of lunch is fine to take along when exploring new roads in your car. It's easy to pack and serve. The sandwiches do duty for the main dish and so must be high in food value and easy to digest.

Salad Makes It Elaborate. A menu which is a bit more elaborate adds a salad and little cakes or cookies. Here again the sandwiches may be the chief source of protein, although a meat or fish salad may be chosen and vegetable sandwiches provided. If hearty sandwiches are planned, then the salad should furnish bulk, mineral constituents and vitamins as well as piquancy and interest. Always be sure the salad carries well, because unless the dish is attractive when served it's a doubtful addition.

Pastor To Speak On Much-Debated Subject Tonight

E. C. McKendie, minister of the Francis Avenue Church of Christ, will lecture this evening on the subject: "What Constitutes Worldliness in the Life of a Christian?" In making the announcement the minister said, "Since the beginning of the church on earth this subject has been an ever present individual problem. Man is by nature a social being. In what social affairs, games, pleasures, and pastimes may the Christian engage and participate with impunity? Is it right or wrong to play bridge, attend picture shows, athletic events? Just what can the individual Christian do to satisfy his social instinct? These questions will be discussed and answered in the light of eternal truth this evening at 8:15." The public is cordially invited, and especially young people of the city are urged to be present. A baptismal service will also be conducted.

COMMITTEE IS CALLED

The committee formed of members from the various music clubs here to arrange for the district convention of federated music clubs next fall, will have a called meeting at 4 p. m. today at Schneider hotel. Representatives from senior and junior Treble Clef clubs and the Philharmonic chorus are to be present.

picnic luxuriously will find one of these contrivances a source of keen enjoyment. If you can carry a watermelon it makes a refreshing desert and acts as a thirst quencher as well. Ice cream packed in a vacuum freezer at home or commercially packed in dry ice always is popular. I have used a vacuum freezer for picnics for years and have learned that it takes less salt for packing than you would think.

COUNTY H. D. CLUB WOMEN TO MEET HERE TOMORROW FOR A CLOTHING CONTEST DISPLAY

Topics for Week Are Announced at Episcopal Church

"Crops" is the sermon subject for this evening at St. Matthew's Episcopal church, where the Rev. B. W. Gathler is delivering a series of talks. The service each evening begins at 8 and ends at 9 o'clock.

Mr. Gathler's sermons will end Friday evening with the subject, Christian Prayer. Friday morning there will be a healing service. Thursday morning a celebration of the holy communion and meditation at 10 o'clock, and Thursday evening a sermon on Progress by Remembrance.

Last evening the sermon was based on the parables of the pounds and the talents, with the subject, Gifts of Equal and Unequal Value. Everyone is invited to this preaching mission, which will close Sunday with morning and evening services conducted by Bishop Cecil Seaman of Amarillo.

Hopkins to Have Music School

A music school will begin at Hopkins No. 2 school building July 8, conducted by John F. Taylor of Clovis, N. M., president of the Plateau singing convention. It will continue to July 14, when an all-day singing will be held with everyone invited.

Some 3,600 drinks of grapefruit juice were prepared for Kiwanis attending the international convention in San Antonio, Tex.

Old-Time Fashions To Be Modeled On Program

An innovation in the annual dress parade of Gray county home demonstration club women will be the old-time style show scheduled at 3 p. m. Thursday. It will follow the morning showing of up-to-the-minute frocks made by club wardrobe demonstrators this year.

Club women will gather at First Christian church basement here for the yearly program beginning at 9:30. Clothing demonstrators will model their contest frocks then, and children's clothing will be modeled at 10.

Judges in the contest will already have scored records and patterns of the entrants, which are due in the home demonstration association office before 5 p. m. today. Judging the modeled dresses will determine the county winner.

A covered dish luncheon will be served at noon, then the county council will convene at 1 o'clock. Visitors are invited to the morning dress show, as well as to the old time parade in the afternoon. Guest-tunes of every decade for the past half-century will be modeled then.

EVERYBODY EQUAL CHARLES TOWN, W. Va., June 26 (AP)—The fates gave an equal break to republicans and democrats at the Charles Town race track.

William B. Snyder, chairman of the county republican committee, dashed to the pay-off window with a "daily double" winner's ticket. He bumped into Joseph W. Strider, democratic chairman. Each collected \$580.

Last chance to get your name in the new telephone book

If you want your name in the new telephone directory, there is no time to be lost.

Tomorrow the directory goes to press and that will be your last chance to order telephone service and get your name in the book.

The new directory will be the telephone "Who's Who" of the city for months.

Your friends will look for your name there. . . New acquaintances may search its columns for you.

Business acquaintances, customers, prospective employers, will turn to it when they want to get in touch with you.

To be in this book may mean much to you in comfort, pleasure and the general satisfaction of living.

Act now! Call or come to the telephone business office. Say, "I want a telephone."

COUPE TO BE RETURNED TO LUBBOCK SOON

ARRESTED IN OREGON ON CHARGE OF MURDER

LUBBOCK, June 26 (AP)—Lubbock county officers mapped plans today to return W. E. (Bill) Doupe, captured at Roosevelt Beach, Ore., yesterday, here to face a murder charge.

Sheriff Tom Abel said he would depart at once for Oregon if Doupe waived extradition and that if the fugitive refused to return to Texas he would call on Gov. James V. Allred to seek extradition.

Doupe, wanted in connection with the robbery and slaying of Robert Tharp, former football star at McMurry college of Abilene, here Oct. 15, 1932, was one of four desperate criminals who one year and two days ago made a sensational escape from the Lubbock county jail.

In the break with the former Canadian soldier, who was an aviator and machine gunner in the World war, were Ed (Perchmouth) Stanton, Andrew Nelson, and J. B. Stephens.

The four slugged Deputy Sheriff Bedford Carpenter, made a raid on the jail gun case, took as hostages two Lubbock men, Walter S. Posey, banker, and Campbell H. Eskins, bank accountant, and escaped in a stolen automobile. Later they released the bankers unharmed near Big Spring, Texas.

Stanton and Nelson were captured in New Mexico in August, 1934, a month after Stephens was re-arrested at Houston. Stanton was electrocuted for killing Sheriff J. C. Moseley of Swisher county and the other two were sentenced to life.

Captain W. H. McClain of the Oregon state police said Doupe had been hiding out by posing as a farm hand. The state police said a machine gun robbery of a store at Mulina, near Portland, was charged to Doupe, Nelson and Stephens before the latter two were captured.

Shortly after the robbery the same trio robbed the Mollala, Ore., depot. McClain said. Doupe also was one of two men wanted for a post office robbery in Polk county, Oregon, and it was not known whether federal officers would press that case before the fugitive was returned here.

Doupe was convicted June 13, 1934, of robbery by assault in connection with the Tharp case and was sentenced to 10 years in the Texas penitentiary, and also was held on a murder charge.

The fugitive also is wanted in Colorado in connection with the Austin, Colo., post office robbery and the burglary of two stores and a depot at Gunnison.

Louis Hits Harder Than Maxie, Says Defeated Carnera

NEW YORK, June 26 (AP)—Here's what the principals said after Joe Louis, the "Detroit bomber," knocked out Primo Carnera at the Yankee stadium last night: Carnera—"He hits harder than Maxie Baer. He's the hardest hitter I ever met. His rights hurt every time they landed. He's a good boy and some day he may be champion."

McFAYDEN WINS 7-2 VICTORY OVER PITTSBURGH FOR BRAVES

By ANDY CLARKE Associated Press Sports Writer Perhaps it was Nostalgia that caused the decline of pitcher Danny McFayden.

At any rate, since he returned to Boston with the Braves he has taken a new lease on life and bolstered his sagging pitching record. Danny began throwing his twist-ers for Somerville, Mass., high school, with Frank "Shanty" Hogan roaming the outer garden.

McFayden first went up with the Red Sox in 1926. In 1931 he won 16 games and lost 12 with the stragling club and so impressed the Yankees management that they gave Henry Johnson, Ivy Andrews and a considerable sum for him. When he left Boston he left his pitching effectiveness behind. He had an in-and-out career with the Yanks, finally went with the Cincinnati Reds and had lost two and won but a single game when he joined the Braves June 13.

Since then he has won three and lost two and yesterday he turned in a sterling 7 to 2 victory over the second-placed Pittsburgh Pirates, holding them to eight scattered hits and two runs while his mates ran up a total of seven tallies. The New York Giants and the

Chicago Cubs divided a double header with the Giants winning the first 3-2 in ten innings and dropping the second 10-5 after Charlie Grimm of the Cubs had exhausted his managerial strategy, using 18 men. Paul Dean came back to break his three-game losing streak, pitching the St. Louis Cards to a 6-4 victory over the Brooklyn Dodgers and Sylvester Johnson limited the Cincinnati Reds to eight hits to give the Phillies a 10-1 victory in the other National league game. In the American league, the Cleveland Indians staged a two-run rally in the ninth to defeat the Yankees 5-4 and reduce the league leaders' margin to three games. The Yankees got to Mel Harder for 12 hits while Johnny Allen was yielding only six, but for the most part Harder kept the blows well-spaced. The Washington Senators took to the offerings of Schoolboy Rowe like a duck to water and hammered the big righthander for 11 hits to defeat Detroit 7-4.

Wood And Mako Still Winning At Wimbledon

LONDON, June 26 (AP)—H. W. (Bunny) Austin, British Davis cup singles player, opened the third day of the Wimbledon tennis championships today with a 6-2, 6-0, 6-2 victory over the Norwegian, J. Haanes, in the second round of men's doubles.

Sidney Wood, New Yorker, and most feared of the American contenders, swept into the third round at the expense of G. E. Godsell of Great Britain, 6-3, 6-3, 6-2.

Jack Crawford, top ranking Australian, had to travel four sets to eliminate Vernon Kirby of South Africa, 6-1, 6-0, 5-7, 6-2.

The second American to reach the third round was Gene Mako, Los Angeles, who spotted Jiro Yamagishi of Japan the first two sets and then rallied to win, 2-6, 2-6, 6-2, 6-1, 6-2.

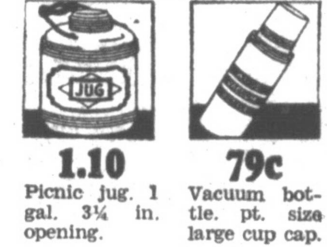

Christian Boususs of France, the eighth seeded player, eliminated Ferenc Puncoc of Yugoslavia, 7-5, 6-8, 6-2, 6-2.

Masked Marvel Uses Airplane Scissor To Win

By coming to life after losing the first fall, the Masked Marvel, of no one knows where, showed some great wrestling and speed last night to win the last two falls from Bob Castle of Kansas City, one of the speediest grapplers to burn up the mat at Road Runner park in a long time.

Rain in the early evening failed to dampen the enthusiasm of a couple of hundred fans who witnessed a great card. The battle opened with Andy Dowler and Curly Lewis, local boys, giving an exceptional exhibition of grappling. The two showed speed, excellent holds, and not until the last few minutes of the battle did they forget wrestling and get rough.

Red Michael, local boy who made good in a big way on the Pacific coast, had a tough evening with Jack Dumar of Chicago, who got choked, and went to the ropes in between some pretty wrestling. Dumar used his iron strength early during the 18 minutes in wrestling headlocks. The redhead, however, soon started showing his speed and knowledge. He found Dumar's weakness, his arms, and worked on the left until the iron man was nearly ready to give up several times.

Then the visitor started roughing things. He choked Michael and used his fist in close. The redhead got a bit rough himself at times to show Dumar that he wasn't afraid.

The treatment apparently made the Chicagoan respect the Pampa boy. The bout ended in a draw with his going last. Dumar working on the head and Michael staying with the feet and arms.

Opening with a burst of speed that dazzled even his opponent, Bob Castle of Kansas City gave the Masked Marvel a lesson in wrestling during the 18 minutes the first fall lasted. The two exchanged arm holds, followed with pinning handlocks and then went into splits. Castle was doing most of the wrestling, with the Marvel having to break for the ropes repeatedly.

Castle worked on the Marvel's neck and had the hidden fate in trouble, both from losing his mask and from taking punishment with mask holds. Castle finally got a good hold on the mask, backed the Marvel into the ropes, and fell back placing his feet in the middle of his foe's anatomy and lifting him high in the air. The unknown landed on his back from three of the rides and lay still to let Castle fall on him for the fall in 18 minutes.

Castle opened the second fall

HARLEM GOES TO TOWN FOR DEAD PAN BOY FROM DETROIT

Louis' Victory Opens Noisy Celebration That Danced Past Sun-Up In New York

BY MARK BARRON, Associated Press Staff Writer.

NEW YORK, June 26 (AP)—Harlem, crooning hallelujahs for Joe Louis, at dawn today was a happy picnic ground of fried chicken and two-bit gin.

Louis' victory over Primo Carnera started a celebration that danced past sun-up under the watchful eyes of a blue coated policeman at every corner of Lenox avenue.

"They sho' goin' to town, all right," Newt said as he greeted Harlemites and Louis' Detroit friends at his breakfast dance emporium—one of many such places.

The Detroit friends flaunted resplendent gold badges modestly attached to wide blue ribbons bearing the legend: "Joe Louis' Boosters Club of Detroit."

The negro maids, chauffeurs, laundresses, chorus girls, bellhops, and other inhabitants of the 135th street neighborhood must have felt confident from the start of the fight at Yankee stadium.

Jack Johnson was there, dazzling in his chocolate hued sport jacket and wide-brimmed panama hat. He was greeted with a clack-clack of

palms that sounded like the rhythmic staccato of bones at a Saturday night social.

Coming all the way from Hollywood movie studios, Bill Robinson, unofficial mayor of Harlem, keeper of Lenox avenue's good luck tree and king of dancers, was the first man to leap into the ring after the fight and shake Louis' hand.

Scarcely was the hand of the "Brown Bomber" lifted in victory when the Harlem citizens, laughing and shouting, began flowing toward the breakfast dances, night clubs, and other rendezvous where gather neighbors for barbecue, music and a go at the Lindy hop.

"True, there was a tolerant policeman at every corner and many in the middle of the block, but Harlem was too gay for trouble."

"Sho' is a town," Newt observed as he looked down Lenox avenue, not unmindful of the cash customers flooding into his own breakfast dance palace.

"That dead-pan boy from Detroit got something. Anyways, it's chicken now on out for Harlem. No more feathers and fat back here."

Among the 20 capital crimes of colonial North Carolina were bigamy and the circulation of seditious literature.

NEGRO JOE LOUIS KNOCKS OUT CARNERA IN SIXTH ROUND BEFORE 60,000

TO FIGHT MAX BAER IN FALL SAYS JACOBS

CRITICS ASSERT HE IS HARDEST HITTER SINCE DEMPSEY

By ALAN GOULD
Associated Press Sports Editor
NEW YORK, June 26. (AP)—The ringing echoes of the fistic dynamic set off by Joe Louis in the midst of the greatest fight crowd in five years reverberated today with the conviction that the "brown bomber" is well on the road to becoming one of the greatest, heavyweight punchers his race has produced.

The 21-year-old Detroit negro, who signaled his metropolitan debut by scoring a spectacular six-round knockout victory over giant Primo Carnera last night in the Yankee stadium, unquestionably stamped himself the biggest drawing card pugilism has developed since the boom days of Jack Dempsey's prime.

In a setting reminiscent of the fight game's palmiest days, with a crowd of 60,000 yelling with old-time lustiness for the "kill," Louis slugged the 260-pound Italian into a helpless, tottering mass and justified the gaudiest predictions of his backers.

Carnera was knocked down three times for short counts—four in all and three seconds—before Referee Arthur Donovan stopped the fight with only 28 seconds of the sixth round left.

The defenseless giant was bleeding from the mouth and was thoroughly shell-shocked at the end of a one-sided match. It undoubtedly marked the end of Primo's career as a factor in the heavyweight picture.

To Fight Baer
Promoter Mike Jacobs, one-time associate of Tex Rickard, promptly announced Louis will be matched for 15 rounds with Max Baer, former heavyweight champion, in New York this fall.

Louis told Jacobs he would be willing to fight once a month. The promoter said he would seek a match in late July or early August.

"We may try to match Louis with Jack Doyle, the Irish heavyweight, who made his New York debut with a knockout this week," said Jacobs.

The fight world acclaimed the sensational negro youth as the latest successor to such dusky greats as Peter Jackson, Sam Langford and Jack Johnson, only negro to hold the world's heavyweight title and a witness to the triumph of the "chocolate clouter" last night.

James J. Braddock, newly crowned king of the heavies, also was a spectator. It remains to be seen whether the "brown bomber" fights his way to the position of logical contender by the time Braddock is willing to consider title defense, sometime next year.

"Braddock will not draw the color line," said Joe Gould, the champion's manager, "but it's too early to talk about a championship match with Louis or any other contender. Jimmy will be ready to tackle the best man they can produce."

Hits Harder Than Baer
Fight critics were unanimous in ranking Louis as the hardest hitter since Dempsey. They compared him to Gene Tunney from the standpoint of his boxing skill, footwork and ability to seize openings. Carnera cleared up one obvious point

By remarking with emphasis that Louis hits "much, much harder" than Baer.

Baer floored Carnera ten times against three knockdowns for Louis, but the Italian giant rallied sufficiently a year ago to last 11 rounds with the Californian.

Louis established mastery in the first round with a few short but staggering blows, one of which opened a gash in Primo's mouth.

The negro did not land a knock-down punch in this or the succeeding four rounds. He stalked the Italian, boxing warily for openings, shifting his attack from head to body, but always had command.

The climax came swiftly in the sixth. Louis floored Carnera with a terrific left hook for the first time. Primo, thoroughly dazed, pulled himself erect at the count of four, only to be met by another two-fisted blast. He tumbled weirdly, started to get up but lost his balance and fell to one side. Again he was up after four seconds, too far gone to realize the advantage of taking a longer count.

Helpless and glassy-eyed, the giant wobbled to one side of the ring, where a terrific right-hand smash sent him spinning to the canvas again.

This time he regained his feet after only three seconds. Blood dripped from his mouth, his eyes were glassy, his hands dangling. Referee Donovan unhesitatingly stepped in to prevent the negro from launching another attack.

At the finish Louis showed no more emotion than while sitting calmly in his corner before the first bell. From start to finish "Dead Pan Joe" never changed his boyish, serious expression.

Where the negro was a picture of fighting ease and confidence through-out, Carnera was wild and obviously apprehensive from the onset. Except for a few weak jab, he did not show anything resembling a punch.

The victory marked the 19th knockout for Louis in only 23 professional fights.

Scarcely less sensational than Louis' victory was the size of the crowd, biggest attracted to the heavyweight wars since Jack Dempsey lost on a foul to Max Schmeling in a title match here in 1930.

Promoter Jacobs set the paid attendance at 57,000, but there were actually close to 70,000 spectators in the big American league ball park, including the holders of thousands of complimentary tickets and about 3,500 police who quickly discovered that talk of possible racial disturbances was a false alarm.

The gross receipts, \$340,000, fell below expectations but marked a new high for a non-title match in the last five years. They far surpassed the "gate" for the Baer-Braddock championship bout. The net receipts were set at \$277,000.

JOHNNIE RIZZO WINS A GAME FOR HOUSTON

POLES HOMER, TRIPLE 2 SINGLES IN 5 TRIPS

By The Associated Press
Johannie Rizzo, Houston third-sacker, showed the Texas league teams how to win a baseball game last night as the Buffs took their second straight game from the loop-leading Galveston Bucs.

The score was 9 to 3, and Rizzo, who poled a home run, a triple and two singles in five trips to bat in four runs, scored three of the Buffs' counters. Joe Sims scattered nine Galveston hits and after the first two innings pitched shut-out ball.

Eddie Cole and Tom Davis worked on the mound for the Bucs.

The San Antonio Missions bunched their hits off Matuzak to beat Tulsa, 2 to 1. Ash Hillis held the Oilers to five hits. The Missions presented a constant threat and only spectacular support of Matuzak

Babe Didrikson Plays Before A Large Gallery

CHICAGO, June 26 (AP)—Helen Hicks and Babe Didrikson faced serious opposition today in their campaign to make a business woman affair of the Western Women's Open tournament final.

The smiling easterner and the lanky-star from Texas appeared to be the class of the field as they won by his mates prevented them from making more runs.

Oklahoma City won a 10 to 5 victory to make it three in a row over Beaumont. The Indian sluggers rapped Bratton and Fletcher for 40 hits while their mates were getting 11 off Shely, who was given good support.

After young Whitey Wistert limited them to a pair of infield hits in the first six innings, Dallas went on a batting rampage in the seventh and eighth innings to come from behind and defeat Fort Worth, 3 to 1.

The victory was the third in a row for Bill Shores.

Successive doubles by Binder and Broskie in the third inning gave the Cats their counter. The Steers put one across in the seventh and two in the eighth.

Tonight Will Be Ladies Night At Oiler-Pampa Tilt

Tonight will be ladies' night at Road Runner park when the Pampa nine meets the Phillips 66 Oilers of Borger for the fourth time this season. The count stands in favor of the Road Runners with two victories to one defeat.

The Road Runners, minus Gordon Nell, Sam Sealing, and Tank Horton, lost a 10-inning game to the Huber Blackfacs in Borger Monday night. Lysie was also lost to the Pampa team early when he injured an ankle.

Tonight, Nell and Horton will be in the lineup. There is also a chance that Sealing will be back again. Nell has been visiting his parents in Hells, Okla. Sealing hurt his shoulder last week and Horton got another split finger nail.

Manager Freddy Brickell had not definitely named his starting hurler this morning, but it was expected that the nod would go to either Lefty George Bulla or Lee Daney. Borger will have Mulrooney, Underhill, and Haddock ready to throw

against the Pampa batters. On Friday night, Coltexo of LeFors will be here. The Coltexos were scheduled to play last week but rain prevented the game. Either Ledford, lefthander, or Brawley, curveball artist, will be on the mound for Coltexo. By that time, it will probably be Joe Berry's turn to take the box. Berry is anxious to get another crack at the boys from the banks of the Red river.

Both games will be called at 8:45 o'clock with admission 40 cents for men. Women will be charged 25 cents for Friday night's game but given free admission tonight.

SONORA, June 26. (AP)—Forty horses and their trainers are at the track here ready for the community-sponsored race meet and rodeo Thursday and Friday, when \$1,110 in purses and all entrance fees will be awarded winners in the six races each day. Roping prizes total \$330. Wild cow milking and steer riding are on the program.

SCHEDULE OF TWO I LEAGUE IS ANNOUNCED

GAMES TO BE PLAYED SUNDAY IN THIS SECTION

Sunday's schedule in the Two I league has been worked out but location of all the games have not been definitely decided. The schedule committee will have the information on undesignated places by tomorrow.

The schedule:
Stanolind at Shell
Pampa Rams at Hopkins
White Deer vs. Western Carbon at Stanolind diamond
Gragray vs. Pampa Independents at White Deer
Hoover at Kingsmill
Phillips at Laketon
Sun at Texas Elf
Coltexo vs. Magic City, place to be decided
Sinclair-Prairie vs. Pampa Advertisers, place to be decided
Pampa Indians vs. Skellytown, place to be decided.

The schedule committee of the Two I league is gradually picking out the strong teams and matching them, leaving the weaker teams to play together. Several good teams ran up large scores last Sunday because of strong wind and dust.

Sunday's schedule will see several old rivals getting together for the first time since pre-season games. The Indians will meet Skellytown in one contest. Shell will tangle with Stanolind in another. Hoover and Kingsmill will meet again and Sunoco Sluggers will meet their old enemies, the Texas Elf gang.

Managers of all teams in the league have been called to meet in the chamber of commerce rooms in the city hall at 7:30 o'clock on Tuesday night. At that time, the baseball committee of the Junior chamber of commerce will meet with the managers and present a plan, expected to be of great interest to teams in the league.

President C. O. Busby is anxious that every team manager be present. If the manager is unable to attend, he should send his captain or some official who will have authority to vote.

WHY AMERICA PREFERS BUDWEISER...

WEBSTER'S DICTIONARY
DEFINES IT—
and its taste tells you why

BUDWEISER must be famous indeed to be chosen from all American beers for mention in Webster's New International Dictionary, just published. You'll find it on page 349.

Here is just another distinction for the fine beer that has won medal after medal at world's fairs for more than half a century. Bohemia, in 1903, officially adjudged BUDWEISER the finest bottled beer on Earth, better even than native brews. France, as early as 1882, conceded BUDWEISER's superiority. The following is from the Paris Gazette:

"Experts reluctantly pronounced the St. Louis beer superior to any malt liquor ever drunk upon the continent and all Paris is now seeking to quaff the American nectar."

Youngsters Are Urged To Watch Rifle Shooting

With the arrival of summer and closing of schools comes the time of worry for police. Most of the difficulties can be removed by parents, to whom Police Chief Art Hurst appeals. Parents of children who own air rifles are requested to help.

This time the trouble is about the airport, where a number of children hold target practice or shoot at flying birds. The youngsters, in their play, apparently forget and fire their rifles toward houses in the vicinity. Several windows have been struck and one or two children have been hit by spent pellets.

Chief Hurst urges parents to warn their children to be more careful. He doesn't want to cause any trouble or get "hardened" with them, but is with them that police will take immediate action.

Bicycle riding at night without lights is dangerous and is forbidden.

TAX BILL

(Continued from page 1)

permit immediate action on the nuisance levies.

Discussing his recommendation for a new tax system to apply to the wealthy, Mr. Roosevelt said its primary purpose was to extend to obtain revenue and to provide a better social order.

He declined comment on the schedules announced yesterday by the senate finance committee, saying he had not read them.

The president emphasized that he was recommending principles to congress and that actual framing of schedules was up to congress alone.

The house ways and means democrats also again resisted the idea of approving a new resolution for a 90 to 90 day extension of existing nuisance taxes so as to give the senate time to add the new Roosevelt taxes onto the nuisance tax extension measure now pending in the senate.

CHICAGO GRAIN

CHICAGO, June 26. (AP)—Severely adverse weather reports both from wheat harvest regions and from the corn belt swept grain markets strongly upward late today.

Some points in Kansas and Iowa reported rainfalls of 3 and 4 inches, making deplorable conditions for farmers.

After climbing more than 2 cents a bushel, wheat closed nervous, 1 1/4-1 1/2 above yesterday's finish, Sept. 81-81 1/2, corn 1/2-1 1/2 up, Sept. 76-76 1/2, oats 1/2-1/2 advanced, and provisions varying from 2 cents decline to a rise of 5 cents.

NEW ORLEANS COTTON

NEW ORLEANS, June 26. (AP)—July held at around 11.46 during the morning but Oct. recovered to the previous close of 11.19 and Dec. was up two points at 11.23.

Business was restricted with most of the traders staying out of the market at the present time.

The report that the constitutionality of the processing tax was being questioned in several federal courts proved of interest to those in the cotton trade.

Beale Queen Is Ranch Manager

Announcement has been made of the appointment of Beale Queen as acting manager of the JA ranch. He has been wagon boss for 5 years.

Montgomery Ritchie, temporary administrator for the Adair estate, made the appointment, he said, by the death of the late T. D. Hobart of Pampa.

Queen is an experienced ranchman and was for a time brand inspector for the Texas and Southwestern Cattle Raisers' association.

Many Pampans To Attend Borger's Fourth Of July

Many Pampans will go to Borger for the Fourth of July celebration to be staged in that city through efforts of the Borger Junior chamber of commerce. The monster celebration will begin at 4 a. m. and last through the coming night. A sunrise dance will open the affair.

At noon, a joint luncheon of all civic clubs in the Panhandle will be held. Invitations have been extended and accepted by Pampa Kiwanis, Lions, and Rotary clubs, and the local Junior chamber of commerce, which will not meet Tuesday noon. Olin E. Hinkle of Pampa will be a speaker.

Pampa swimmers and divers will go to Borger to compete in a three-way swimming and diving meet to be held at Borger's new municipal swimming pool, beginning at 8:30 a. m. Amarillo and Borger will be entered.

County fair games will follow the aquatic events and last until noon when the giant luncheon will be served.

During the afternoon, there will be a rodeo and baseball game which will follow a parade at 1 o'clock. Mills Good will be in charge of the rodeo. The ball game will be between Phillips and Huber, two strong Borger teams.

The night will be spent dancing, watching fireworks, attending a musical and other performances and in other activities.

LATE Sports

CHICAGO, June 26. (AP)—Mildred Babe Delorison, Beaumont, Texas, celebrated her twenty-second birthday today in a driving race by defeating Mrs. Lawrence Sets of Chicago, 8 and 6 to advance to the quarter-finals of the Women's Western Open Golf championship.

Sharing the spotlight with her, Miss Helen Hicks of Hewlett, L. L. American's No. 1 business woman golfer, conquered Miss Lucille Robinson, Des Moines, 4 and 3.

The Texas Babe played marvelous golf although she had no sleep last night and was under the care of a physician. After her match she was rushed back to her hotel for rest.

WASHINGTON, June 26. (AP)—In a thrilling duel that went twenty-one holes, Charles Yates of Georgia Tech, the defending champion, defeated Walter Emery, of Oklahoma, the 1933 champion, in the first round of the National Intercollegiate golf championship here today.

DEMOCRATS

(Continued from page 1)

Pampans and West Texans to prepare for "the biggest" convention in this city next year.

Judge Newton P. Willis, as the keynote, gave an eloquent eulogy to the democratic party and its distinguished leaders. He defended the Supreme Court and its service in preserving liberties guaranteed by the constitution of the country.

"Ours is a 'tailor-made' government, the noblest conceived by the mind of man, and no accident or haphazard development," he said.

Changes inevitable.

Concerning state's rights, he said they should be preserved as long as possible, although admittedly they are being surrendered to the federal government at a rapid rate. Judge Willis conceded that structural changes in the government are inevitable in the next few decades. All nations are undergoing vast changes.

Regarding NRA, the speaker said it grew out of a few paragraphs which gave the president and his aides almost unlimited power. It was in no way specific and indicative of the federal machinery which could be built upon the simple sentences. This indefiniteness in creating a dictator in business led to its unconstitutionality.

C. H. Walker and Mr. Nunn spoke briefly.

Three Pampa men have been named to the West Texas Young Democratic committees: John Ketter, program; Willard Webb, credentials; Gilmore N. Nunn, membership.

Miss Peggy Arnold is in charge of the women's division of the local membership drive.

Injured Woman Still Unconscious

Condition of a negro woman, injured in an accident southeast of Pampa Monday night, was little changed at Worley hospital this morning. She was still unconscious and attending physicians reported her condition critical.

The negro woman received a severe fracture of the skull. Physicians performed an emergency operation in an effort save her life.

AID NECESSARY

WASHINGTON, June 26. (AP)—President Roosevelt said today he believed government aid was absolutely necessary to obtain parity for farm prices.

PAMPA Home of our city

F. E. Warrick Dies

News of the death in Kansas City of Fred R. Warrick Sr., grain commission merchant and elevator merchant, has been received. He owned a farm 3 miles north of Pampa and was known to a number of Pampans. He was 73 years old and was active in public and business affairs in Missouri, where he moved from Texas.

Surviving are two sons, Dupuy G. Warrick, 5820 State Line, a lawyer, who successfully defended Frank Parish in the mail fraud trial last month in Chicago, and Fred R. Warrick, Jr., of the home, 5920 Locust street, president of the Congress Realty company, and two daughters, Miss Lida P. Warrick, 2029 Swift avenue, North Kansas City, supervisor of music in the public schools there, and Mrs. David V. Whitney, Jr., 4831 Prospect avenue.

Plans Are Head

Building plans taking form in the First Presbyterian church were explained last night by C. H. Walker at the monthly dinner of the Men's Brotherhood. A favorable response to the plans was made in the discussion. Brent Blonkivist presided, and Brent Jr. gave two clever readings.

Rehearsal Is Called

Rehearsal for the first amateur night to be produced by the Summer theater Friday evening at the gymnasium will be held at the gym tonight at 8 o'clock. First tryouts for "Taming of the Shrew," major open air production, will start under the direction of Ben Gull. Membership in the Summer theater is still open to interested persons. There are no fees or dues.

Lyons On Trial

Arguments were set for this afternoon in the trial of J. D. Lyons, indicted for robbing Joe McLoughlin and Buster Reams on the LeFors highway. Two persons alleged to have been with Lyons at the time have never been identified and arrested. Lyons' attorneys are Judge Newton P. Willis and John F. Studer. John Sturgeon is assisting District Attorney Lewis Goodrich as special prosecutor. The jury is composed of Jay Evans, W. R. McCracken, J. W. Ivey, C. W. Bowers, L. M.

Cox, Hugh Isbell, Homer Kees, J. Herman Jones, E. S. Bilderback, J. P. Johnson, Arnold Steiger, and D. A. Davis.

Park Is Inspected

Members of the city commission this week made a close study of the park and plans for its improvement. Floodlights 20 feet high will be installed soon by Davis Electric company. Wire for the installations has been ordered. The city will place the poles. The wading pool built in the park by the Rotary club is proving very popular. It is being kept in sanitary condition, with water treated and changed frequently.

Must Reserve Tickets

Pampa Lions are requested to make reservations for Thursday evening's banquet not later than this evening with John Osborne, club secretary. It will be a ladies' night occasion at the Schneider hotel, beginning promptly at 8:30 o'clock. Plates will be 75 cents. An "On to Mexico City" theme will be used. Dr. R. A. Webb will be toastmaster. New officers will be installed.

Guest Arrives

Miss Alice Quigley of Fort Worth came in yesterday to be the house guest of Miss Frances Finley for several days. She was Miss Finley's roommate at Oklahoma University last term.

Little Miss Betty Sue Johnson, daughter of Mr. and Mrs. N. C. Johnson, is spending the summer with her aunt, Mrs. Blackburn, at Decatur.

Mrs. Grover C. Wood, Mrs. Floyd C. Holder and son, Bobby, have returned to their homes in Breckenridge after a visit with Mr. and Mrs. M. E. Hollern.

Houses are run-down, with rarely a new shingle showing. Yards are weed-ridden. Cars are several years old, with Model T's still plentiful. Despite our drought troubles on the plains, our white farmers have remarkably maintained their standards of cleanliness and order. There is a different spirit, and one that is inspiring. There is not such a difference between business firms.

ONE IS MOVED to wonder how much better use our plains farmers could make of the better watered lands to the south, and if they could survive the heat without losing their energy. . . . Along the coast, feeling against crop curtailment by the government is pronounced. Galveston grain elevators are virtually empty. A shipment of corn arrived recently from Argentina. Cotton products are coming in from Russia and Japan. Corned beef is being shipped in from Uruguay. The quantities are rather small, but they give a good talking point to the men who depend much upon our foreign trade for their success.

ONE CITY which is making many plans for the Centennial and saying little about it is El Paso. Many other cities are disgruntled that Dallas will stage the main attraction. From a commercial standpoint, Dallas will get the cream of the business, but Dallas also will put millions into the celebration. Lacking historical attractions, Dallas will have a sort of second Century of Progress, Dallas will show the progress that has come about since statehood. The historical pagantry which will glorify the founding of the republic and the state will in large measure be left to other cities. However, the latter are not in all instances looking toward their tasks with enthusiasm. In Fort Houston, and San Antonio, the Centennial interest is at a low ebb, except in the offices of chambers of commerce and Centennial committees. Even the newspapers are not inspired.

Only Few Hours Separate Keys From Air Mark

MERIDIAN, Miss., June 26. (AP)—Fred and Al Key, tired, sleepy and aching after almost a month in the air, grew boyishly playful today as only a few hours separated them from a new world's endurance flying record.

"They must remain aloft until 3:13 1/2 p. m. (EST) tomorrow to equal the present record of 553 hours, 41 minutes and 30 seconds set in 1930 by the Hunter brothers at Chicago.

"We are thrilled to death, but we are troubled about the last hours," Fred Key wirelessed. "We are too over-anxious. The record is so close, yet so far. However, our motor is singing 'think I can! think I can!' and we think the same thing."

Woodruff said the flier waved at him and then jumped about like a monkey as the ship traveled 80 miles an hour.

"What was the idea of your stunt?" Woodruff later radioed.

"Well," Fred answered, "the motor sometimes acts like a mile and I have to give it a talk. I get my spurs, jump on it astraddle and it soon sees I mean business."

NO PERFECT ROAD REACHED

Occasionally the idea is conceived by some persons that a hard-surfaced road is permanent, needing little or no maintenance. The truth is that there is no practical type of road which is permanent.

Thousands of miles of roads in Texas are in need of replacement. Concrete roads, not yet perfect, require maintenance of the shoulders and leveling to prevent wavy riding. The asphalt roads, of whatever type used, require protection from damage, patching, and maintenance of the shoulders.

Wearing away at the sides, occasioned by erosion, is particularly destructive. Instead of having straight sides, many roads downstate have saw-teeth-like edges, with resulting unevenness and pitting. Many approaches being a one-way paving.

Paving varies greatly in susceptibility to damage. Its toughness varies with age and care. Fresh asphalt paving is particularly easy to damage.

Gray county would be unwise to assume that the Pampa-LeFors road can be maintained without considerable care and expense. The road is laid. Good judgment demands that it be patched when damaged. Patching is simple and inexpensive to apply, but some time and personnel are required. Shoulders of the road must be kept up to proper contour to prevent damage.

Hot weather is here—the first the new road has experienced. Frequent inspections of the road and reasonable care will be needed. The state highway department gives constant attention to its paving. Gray county cannot afford to do less.

WOMAN SCOURGES SENATORS FOR NOT OUSTING LONG AND OVERTON

WASHINGTON, June 26 (AP)—The fate of a petition accusing the senate of "whitewashing" demands for the removal of Senators Long and Overton of Louisiana was in doubt today.

The women's committee of Louisiana, carrying on a fight to have the two senators ousted, sent the petition to the senate, charging that an investigating committee was as inactive as "a painted ship upon a painted ocean." It was uncertain today whether it would be formally received by the senate.

The petition was delivered at the senate's door by Mrs. Hilda Phelps Hammond of New Orleans on behalf of the committee, which has charged that the senate is afraid to investigate Long and his colleague thoroughly.

The document reviewed a previous investigation of charges that Overton, with the aid of Long's organization, was elected fraudulently, and demanded further inquiry. Vice President Garner told reporters he had referred the petition to Senator George (D. Ga.), chairman of the elections committee, to determine whether the document was in a receivable form. After cursory examination, George said he doubted the petition would be privileged, but that he would give it further examination.

The document contained what was termed "the whitewash calendar" which designates months in 1933 when no senate action was taken toward resuming the investigation. The calendar closed with the remark:

"The 'investigating' committee still continues to remain as motionless as 'a painted ship upon a painted ocean.'"

"The shameful manner in which the United States senate and its Connally-George committees performed in the Long-Overton investigation is shocking to every honest American," it said.

there is no way to determine where the target is?" The national bureau of standards has issued a new circular which tells the standard time in various countries throughout the world as compared with the time in American cities.

THE NEW DEAL IN WASHINGTON

BY RODNEY DUTCHER

NEA Service Staff Correspondent

WASHINGTON.—There is little reason left for anyone to be confused as to what Roosevelt means by "On Our Way."

After looking at the administration's tax program, your correspondent bows in acknowledgement to certain old-time intimates of the president who always have kept whispering that F. D. would push persistently to the "left" and in time would become very "radical" indeed.

But until recently all grapevines twining from the White House agreed that the inevitable "soak-the-rich" taxation program would be postponed until after election. Grim attacks on the administration by the Big Business-Wall Street group and the effect of the adverse supreme court NRA decision were the chief factors behind Roosevelt's bold move at this time. Those developments clinched the argument for the liberals who were telling the president he must "get out and fight."

The graduated tax on corporation profits according to size is the most revolutionary of the proposals. It probably is more revolutionary than any other ever made by a president. Other items of the program were bound to come along. This one is a declaration of war on the huge corporations and financial combinations which have come to exert such powerful influence on American political and economic life.

While the whole program is of a piece with the informal alliance recently cemented by Roosevelt and Senate progressives at a secret White House conference described exclusively in this column—and even exceeds fondest dreams of many progressives, the corporation tax schedule reflects persistent advice by Dr. Felix Frankfurter and Justice Brandeis that big business and finance should be broken into smaller, more efficient and less powerful units by taxation.

Political implications: Roosevelt has simultaneously accentuated the outline of the battle between himself as the liberal candidate and Big Business-Big Finance, smothered Huey Long and corralled wavering left-wingers, appealed to great masses of people who think it's just swell when the rich are soaked, and marched on to a new battle-field with a new issue which leaves him far stronger politically than he would be in any fight over the Constitution with an inferential defense of the not very popular NRA.

His new plunge serves to cover up the confusion which envelops the big work-relief program and, for better or worse, should dispel much of the popular apathy which has grown up as to the president himself. But perhaps more than anything else, you should watch the reaction of the "small business man."

Support of millions of small and middle-sized business men is important to the New Deal. Usually they take their ideas from the bigger fellows and inevitably the mass effect of their own influence in their limited sphere is enormous. Roosevelt offers lower taxes for smaller corporations, higher taxes for bigger corporations—a penalty and curb on size. The political effect of a cleavage between "big" business and "little" business, such as Roosevelt would like to drive, might have incalculable effect on our economic system.

FIVE LEVINE STORES GROW UP IN PLAINS

Humble Start Was Made In Iowa Park In 1921 By Two Youths.

In 1921, the Levine boys opened a little 25 by 40 foot store in Iowa Park. It was the meager beginning and foundation of a dry goods system which was to spread its progressive policies throughout seven southwestern cities. The original stock of Levine's amounted to not more than \$1,500. The stock now contained within the spacious dimensions of the Pampa unit alone figures. This rapid progress has been duplicated in every store with which the Levines have been connected.

The annual business now being transacted by Levine's five stores aggregates over \$1,500,000. The various stores, together with their dates of origin are as follows: Pampa, 1926; Lubbock, 1929; Amarillo, 1929; Clovis, N. M., 1931; and Wichita Falls, 1934. Each of these retail units contributes its share of the enormous annual business transacted by the company.

It is interesting to note that the greatest period of expansion came during the four bad years of depression. Successful merchandising, sales technique, appeal to the public and honest business dealing are some of the attributes which have helped boost the Levine boys to fame.

New York Buying Office

At the present time the system of five stores maintains its own buying office in New York. A large staff of buyers works from this point, combing eastern and northern markets for unusual values and up-to-the-minute styles. The benefits accruing from such a complete and efficient organization are transmitted on to the customers as they make their purchases over Levine counters. These buyers of the east are persons of unusual experience and ability in selecting quality and style suitable to the southwest. Constant communication is maintained so that every requirement of the southern stores may be satisfied through the efforts of buyers in the larger markets.

The advantages of this buying power in New York are many and varied. Every individual customer of Levine's benefits accordingly as he trades with a local store. The eastern representatives are in fact spokesmen and representatives of the southern customer.

Profit-Sharing
All of the five stores are operated on the same business basis, which is one of profit sharing. The managers of the units are allowed to participate in the profits which they, themselves, help to create. This is but one detail of the modern merchandising system which has been so successful in gathering together a group of well trained and experienced employees, each of whom attempt to render the greatest service through his medium of Levine's store.

Through the friendly efficiency of these managers, employees and sales people, Levine's have been successful in building for their stores an abundance of goodwill and confidence on the part of the buying public. These elements are great and important factors in the past and the future of these up-to-date department stores.

The company is strictly on the NRA basis, and was one of the first institutions of its kind in the southwest to sign up as a cooperating factor with the recovery efforts of the federal government. All profits and income of the stores are left in the city in which they originate. Thus, Levine's is not a chain store system, as this figure is ordinarily recognized. Each store is a home town institution, manned by home town people and operated for the benefits which may be derived by the individual city.

The stores are complete in every detail—with individual departments, each of which boasts of outstanding features and quality values incomparable to those found anywhere in this section of the nation. Not only are the departments well and economically managed for the good of the buying public, but they are complete and well stocked.

Big Anniversary Sale At Levine's Begins Tomorrow

Every department in Levine's store has been carefully checked and restocked for new merchandise for their Fifteenth Anniversary Sale which begins tomorrow.

New selections will be found in the ladies' ready-to-wear department, infant's and children's wear, millinery, piece goods, sewing need, draperies and other household necessities.

Some of the nationally known brands carried in the piece goods department are Mingley silk, Strathmore linens, Piquet products, Garza products, Jamestown woollens, ABC percales and Peppere prints.

Unusual values will be found in the commodious men's department. Such brands as Varsity Club hats, Cooper's and B. V. D. furnishings, No-Fade and Fade-Proof shirts are carried.

Two well-known brands of women's hosiery are carried and featured by Levine's: Kayser and Vanette.

Women will find many well-known brands of cosmetics, fine gloves and modish bags at unusual prices.

The entire stock has been arranged for convenient shopping during the Fifteenth Anniversary Sale!

Frazier-Lemke Mortgage Bill Due For Passage

WASHINGTON, June 26 (AP)—A show-down drew near in the House today on the \$3,000,000,000 Frazier-Lemke bill to refinance farm mortgages through currency inflation.

At least one democratic leader openly conceded administration chiefs had little chance of stopping its passage.

The bill was approved weeks ago by the House agriculture committee. Before it could reach the floor it also had to be sanctioned by the rules committee. The latter committee, on instructions from administration sources, refused the second-stage approval.

Rep. Lemke (R-MD) filed a petition to force consideration of the bill on the floor. Needing 216 signatures—a majority of the present membership of 430—he had 201 today, and predicted:

"The petition will be completed by Thursday. That will give us a vote July 8, and when the roll is called I have no doubt that the bill will pass by a huge majority."

In brief, the Lemke bill would order the issuance of new currency with which the federal government would buy up farm mortgages. The mortgages would then be resold to the farmers to extend over 47 years. Each year the farmer would repay to the government 1½ per cent of the principal and 1½ per cent interest.

Administration objections have been to the inflationary effects of the bill.

Indian women on the Crow creek reservation, South Dakota, wove green willow branches into wire fencing to make the rip-rap for dams built under the local conservation program.

PENITENTIARIES IN 31 STATES BADLY CROWDED

90,000 Are Living In Space For 50,000 Report Says

BY HARLAN VOLKMAH.

CHICAGO, June 26 (AP)—Nine state prisoners occupied cells originally constructed for each five inmates in penitentiaries of 31 states today.

Many wardens frankly announced their institutions were severely overcrowded. The governors of some states have sought to relieve over populated prisons by more lenient parole regulations, while others have granted numerous pardons.

Eight states already have appropriated, or were acting on legislative measures to provide more than \$100,000,000, much of it from PWA funds, to construct new penitentiaries or to enlarge present ones.

A survey by the Associated Press covering 31 states showed accommodations for 50,000 inmates. These same institutions today housed 90,000.

Numerous states, especially in the south, relieve congestion by sending prisoners to road camps and prison farms.

North Carolina with a record number of inmates, 8,650, claimed a unique system of using every convict serving 30 days or longer as a highway worker.

Supt. A. M. Scarborough of the South Carolina penitentiary, a former head of the American Penal Officials association, said his institution "was as crowded as any in the United States."

He reported a prison population of 1,272 or "between 450 and 500 more prisoners than we can properly care for due to limited space."

Officials of the Ohio penitentiary at Columbus reported no overcrowding there. The prison was built 100 years ago to accommodate 1,800 inmates, but its population at times has reached 4,900 and was 4,100 on June 1. The institution was overpopulated by several hundred at the time of the Easter Monday fire in 1930, when 320 were killed. Since then several cell blocks were rebuilt and officials said they now had "ample facilities for all."

New York with 2,100 prisoners at Sing Sing, which has a capacity for 2,500, reported no overcrowding at any of its prisons. New construction is in progress at Auburn and Clinton prisons.

Illinois reported one of the largest prison populations in the nation, 11,711 on June 1, which is several thousand more than the intended capacity. There has been no recent prison construction nor was any planned.

Governor Landon of Kansas has urged the state to provide \$1,000,000 for a new penitentiary. The institution at Lansing, scene of a recent riot of several hundred prisoners in a coal mine, has a capacity of 1,200 but now houses 1,900.

Summer Sweethearts

By Mabel McElliott

CHAPTER 28

Katharine threw wide the case window, looking down at the garden below. The long shadows of morning lay everywhere; the borders were starred with dew drops. Yesterday, yesterday, she said to herself, had been her wedding day.

Today she and Michael would acknowledge their marriage before all the world. She had decided that in the still watches of the night. There was to be no more waiting, no more pretense or secrecy. By this time Sally Moon would have heard the news, no doubt, from Michael's own lips. Sally would be angry—furious, angry—but that would pass. Pride would come to her rescue. She could make it appear that she had discarded Michael.

At the thought of him, Katharine's eyes darkened suddenly. She drew a long breath. She was Michael's wife. The miracle had happened yesterday.

At any moment now he would telephone her. The bell would ring and before one of the maids could answer it Katharine herself would do so.

His voice would sound in her ears. That deep, drawing, wholly delightful voice of Michael's. Katharine bathed and dressed, still wrapped in the dream. Her green linen frock and the brown and white shoes with the buckskin fringes and a string of dull white beads that looked creamy against her sunburn.

But Michael didn't call. Breakfast passed. Bertine said something about missing the rolls for lunch the day before, and Katharine came out of her trance to stare at her stepmother as at a perfect stranger.

"What did you say, Bertine?"

"I said that Cook was furious when the rolls didn't arrive yesterday. We waited and waited. Victor," said Bertine, with that infuriating smile of hers, "and this infuriating girl never showed up. Nora Willis was here and there wasn't a thing but whole wheat bread in the house. You know Nora hates it—"

"This went on for some time. Katharine, breaking bits of toast and arranging them in a geometrical pattern on the pink Spode plate, paid little heed. Bertine was trying to irritate her, trying to goad her into some sort of explanation. But this particular morning her stepmother's jibes simply could not reach Katharine.

Her father grunted over his newspaper which he had folded back to the financial page. The telephone rang in the study. Katharine could

hear the jangling of the bell and every nerve in her taut body responded to the summons. Any moment now Ellen would call her.

But it was only Leonard Willis, making a golf engagement with her father.

Her heart raced and slowed again. Not for her.

The morning dropped past. Michael must be angry with her—she must have been too repressive in her manner when he called her last night. Oh, he'd have to learn to understand her better—he'd have to see it meant nothing when she was cool and standoffish. She had crawled into her shell for so many years that it was hard, all at once, to break the habit. And she loved him so terribly!

At last, unable to bear the silence further, she got into the car and drove over to the riding school. Tips was in the yard, feeding some chickens that fluffed about on the bare earth. He looked up expectantly.

"No'm, Mister Michael, he ain't come back, miss." Tips' white teeth showed. "Pa, he thinks it's mighty funny. He went off las' night, soon after those men left."

"Went off?" Katharine stared at him.

"Yes'm. He say he goin' to New York, and he say for Pa to lock up. This morning when I goin' to call him for breakfast, sure enough, he ain't been back."

"Well, thank you very much, Tips. No, I won't make an appointment to ride just now."

Katharine went back to the car. Automatically her fingers turned the ignition key. She started the motor, drove off almost blindly.

Michael had gone away! He hadn't let her know. What in heaven's name did this mean?

Had he told her the truth when he said those men could not possibly bring evil tidings to him, that his state was clear? She would have staked her life yesterday upon his honesty, but this new development brought terror to her soul.

What was she to do? There was no one she could tell, no one she could turn to now.

Or was there?

Violet Merse's wise, kind, gentle face came to Katharine's mind. In spite of her instinctive distrust, her impulse always to stand upon her own feet, she was drawn irresistibly to this new friend.

Violet was in a basket chair under the apple trees, knitting a pink sweater for Sybil. "How nice to see you! We've been missing you." Then her keen perceptions told her something was wrong. "My dear, what's up? Can I help?"

Katharine sat down and the whole story poured from her lips. She held nothing back. Violet Merse did not interrupt once, but her dark eyes reflected a boundless sympathy.

"What am I to do?" Katharine finished dully. "I must have been

mad yesterday. He's run away now. Evidently it was all a horrible joke to him.

Shocked by the other's suffering, the older woman sought for words to comfort her. "You couldn't be so wrong in trusting him. He has a good face. I liked him from the start."

The girl lifted her head. "You did? Really and truly?"

"He's not bad," Violet Merse assured her. "There's some mystery here. It can probably be cleared up. Wait and see."

"My father finds out—or Bertine—," Katharine went on, "I might as well be dead."

"Don't talk like that. Do you suppose," ventured Mrs. Merse, "that neither one of them—your father or stepmother—has a single folly with which to reproach themselves?"

"I can't know. Probably not."

"Nonsense," said Violet briskly. "Anyhow, you're not to worry about them. Brace up, child. The world hasn't come to an end. I know it looks frightfully to you, but probably in a week from now the whole affair will be straightened out."

"You think so?"

"I really do."

But after the girl had gone away Violet Merse was not so certain. What a strange tangle it was! Certainly, on the face of it, one would not say that a young man who was engaged to one girl and married to another and who, farther, disappeared on the night following the ceremony, especially since two detectives had visited him just an hour or two before his departure.

In a hospital ward in the city, high above the turgid stream that was the East river, Michael Heathgrove lay. He tossed and turned on his narrow bed, and occasionally muttered an incoherent word or two.

Miss Smithers, the nurse on duty in the ward, glanced at him interestedly as she made an entry in his chart.

"Good-looking fellow," she said to the supervisor who was a friend of her. "It's too bad."

A newspaper reporter whose "beat" included this particular hospital, wrote a brief paragraph about a hatless young man "possibly 27 years old" who had been injured in a taxicab accident at Park avenue and 48th street. The city editor ran a blue pencil through a good many items that night. So the story of Michael's misadventures appeared only in the early editions of the newspaper. The late edition, which came to the Strykhurst table at Lincoln, did not contain this account.

Katharine, distraught as she was, searched the papers for mention of accidents, since Violet Merse had, sensibly enough, suggested that some such happening might explain Michael's silence. She did not really believe in the possibility. By this time she was fairly well convinced that Michael Heathgrove had played a cruel joke on the girl who had married him.

So the day passed, and the mystery deepened. And in Katharine's sick heart hope fluttered and died.

(To Be Continued)

Senator Cutting Leaves Estate Of 4 Millions

WASHINGTON, June 26 (AP)—An estate valued at almost \$4,000,000 was left by Senator Bronson Cutting, of New Mexico, killed last month in an airplane crash in Missouri.

His will, filed yesterday with the District of Columbia registrar, left individual bequests totaling \$1,106,000.

Mrs. Justine B. Ward and Mrs. Olivia James sisters, and Iris Origo, a niece, will inherit the bulk of the estate.

An estimate of \$3,600,000 was placed on the value of the late Senator's personal property and \$376,260 on his real property.

Jesus M. Baca, of Santa Fe, New Mexico, was bequeathed the largest single amount—\$150,000—in addition to Senator Cutting's newspaper, the Santa Fe New Mexican.

Herman S. Baeg and Brian Born O'Dunn of New Mexico, were left \$100,000 each.

To his friend and senate colleague, Senator Robert M. La Follette, of Wisconsin, Cutting left \$50,000, and to the latter's brother, Philip La Follette, governor of Wisconsin, \$25,000.

The late senator, who was a bachelor, wrote his will in longhand in senate stationery on December 20, 1934. He provided legacies for every employe on his Washington staff and left \$25,000 to his secretary, Edgar Puryear.

His mother, Mrs. Olivia M. Cutting, of Oakdale, N. Y., and J. M. Baca were named executors.

Senator Cutting maintained residences in Washington and Santa Fe and owned property in New York state.

Mrs. Ward and Iris Origo were described as residing abroad while Mrs. James lives in New York.

ENEMY NO. 1 IS SOUGHT FOR PUBLIC DUCKING IN BORGER

BORGER, June 25.—After investigation concerning the attempted killing of the order issued by the Junior Chamber of Commerce to wear a "ten-gallon" sombrero for their boosting of the club's Fourth of July celebration in Borger, Lloyd McCann was designated as Jaycee enemy No. 1. All forces of the organization were sent into the field and surrounding territory to get the man, regardless.

"McCann is a dangerous character and refuses to come into the open and wear a hat. My men are on the lookout for him and I have spread a net over the whole of Borger. We must get him. He has flouted his action in the face of the Jaycees and has stepped over all barriers when he refused to wear a hat. I am sure my men will get him for the ducking chair before the day is up," Monte Wolford, leader of the Jaycee bureau said today.

Last night, McCann was reported to be in the vicinity of the city hall and Jaycee men surrounded the place for most of the night, but failed to reach their goal on the

LONDON, June 25 (AP)—Great Britain today claimed the possession of the first entirely robot airplanes in the world.

The air ministry revealed that a number of pilotless machines were in regular use for gunnery practice over land and sea.

The airplanes are called the "Queen Bee" type, are operated completely by radio, fly more than 100 miles an hour, and reach an altitude of more than 10,000 feet, but their radius is confined to 10 miles from the operating station.

An air ministry official said: "They can be controlled so finely that without anyone aboard they will take off from the land and perform a full flight limited only by fuel and the distance from the wireless station, then descend again with complete accuracy.

"They can also be catapulted from ships at sea and brought down on the water after completing the flight."

Southwestern PUBLIC SERVICE Company

Pinkham Firm Boosts Building

Working in harmony with the federal government's effort to revive the heavy industries, the Lydia E. Pinkham Medicine company is encouraging home renovating and building by printing and distributing ten million booklets entitled "Let's Fix Up the House."

This is a 32 page booklet with many illustrations and an attractive cover in two colors. The first page explains briefly how home owners may borrow money for repairs under the Federal Housing act. The rest of the booklet contains practical suggestions for the spending of this money for the best advantage.

Nor is the value of this booklet confined to those who own their homes. It also contains helpful suggestions for home decoration arranged under such captions as "Seven Ways to Make a Room Look Larger," "Color in the Home," "A Room for a Boy," "Lighting Your Home," "Your Bedroom Closet," etc. All these ideas are just as useful to tenants as they are to home owners.

"Let's Fix Up the House" will be distributed from door to door in every city of the United States and most of the towns. Approximately three thousand local distributors will be employed and the completion of the campaign will take about four months. If you cannot wait for the distribution to reach your town, you may obtain a free copy by writing direct to the Lydia E. Pinkham Medicine Co. at Lynn, Mass.

Drive far—drive fast —without a worry!

With Conoco Germ Processed Oil in your crankcase, you KNOW the strain won't hurt your motor!

Tests prove this new alloyed oil has 2 to 4 times greater film strength than plain mineral oils and resists heat better!

On July 4th or week-end and vacation trips, you'll want to drive far and get there in a hurry. And you don't want that nagging worry of "I wonder if this speed and heat will hurt anything in my motor."

You can't always be sure when you use plain mineral oils, for they have little film strength and oils over-refined by new cleansing processes have even less. Moreover, as motor heat goes up, these oils rapidly lose film strength. Film strength is the load-carrying ability of an oil, the quality that keeps bearings and cylinders from wearing out. Lack of film strength results in costly damage.

You can drive without a worry when you use Conoco Germ Processed Motor Oil! It has 2 to 4 times greater film strength than any plain mineral oil. Heat does not lessen this advantage.

Supervised road tests—over good and bad roads, at low and high speeds, in all kinds of weather—give practical proof that Germ Processed Oil protects motors better.

CONOCO GERM PROCESSED MOTOR OIL PLAIN MINERAL OILS

HERE'S THE PROOF

Note that as heat increases, the plain mineral oils continue to lose film strength, but that above 225° (Minimum Summer crankcase temperature) Germ Processed Oil's film strength is not affected by heat. Tests made with Timken machine.

In every test, gravimetric measurement of motor bearings showed that Germ Processed Oil prevented wear far better than plain mineral oils. Tested in a fleet of cars equipped with the new alloy-metal bearings used in many 1935 cars, a high-quality plain mineral oil permitted 45% more wear on connecting rod bearings than did Germ Processed Oil.

Conoco Germ Processed Motor Oil is the first alloyed oil—alloyed, such as metals are, by adding concentrated oily essence to highly refined oil. It is the only oil made by the Germ Process. It is the oil with the "Hidden Quart" that stays up in your motor and never drains away!

Say "O.K.—Drain"—fill with Germ Processed Oil. Drive far—drive fast—without a worry!
