

**ALLIED PLEA**  
IS DENIED IN  
FIRST BALLOT

**WORLEY ASKS BILL BE EITHER PASSED OR KILLED**

**AUSTIN, May 3. (AP)—**The house refused today to suspend its rules to consider a bill to establish a public corporation to receive a \$60,000,000 loan and grant from the federal government to construct gas pipe lines from the Texas Panhandle to Detroit and St. Louis.

The resolution proposing suspension received 76 affirmative to 57 negative votes, but a two-thirds majority was required.

The bill was high on a list of legislation asked by Governor Allred before the session ends May 11. It was impossible for it to gain the floor on the regular calendar.

Federal officials at Washington have asked that this bill be either passed or killed. Representative Eugene Worley, of Shamrock, said, "It is not objectionable to anyone except the major pipe line companies and those who object to cutting into their graft and creed."

Representative Joe Caldwell, Jr., of Asherton, and others asserted the huge loan would jeopardize other public works projects in Texas despite Worley's declaration the government had agreed to charge Texas only with funds actually expended in the state.

Governor Allred advocated the bill to open a wide market for distressed gas from the Panhandle reservoir. The project has been given a preference place by FWA officials.

Discussion of a proposed constitutional amendment to provide for old age pensions was in early prospect in the senate. The house adopted the resolution some time ago and Governor James V. Allred was insistent that the question be submitted to the people.

The date for termination of the biennial session was set yesterday when the senate accepted a house resolution calling for sine die adjournment May 11.

Since several important proposals advanced by Governor Allred will die on the calendar, a few observers were of the opinion the governor would call an immediate special session. The majority opinion, however, was that there probably would not be a special session until September.

Income tax repeal and important bills to levy new taxes were read. A public utilities regulation bill apparently will die even though the house approved it by a large majority.

An attempt to consider it in a night session confined to non-contested bills failed as more than three senators objected.

Senator Allan Shivers of Fort Arthur, who said the bill as substituted by a senate committee for the administration measure passed by the house did not suit him, termed his motion a final chance for passage of utility legislation this session.

Senator Ben G. Onal of Wichita Falls, an administration friend, and others insisted, however, on an opportunity to amend it to reflect their views, and insisted the bill was not necessarily dead. The senate substitute was condemned by Senator Claude Westerfield of Dallas as "the electric bond and share bill," which he said was "written by the utility section of the American Bar association."

The senate sent Governor Allred many bills as it passed 28 house bills in a night session.

**Stokes Green to Tell About Pampa in WTCC Contest**

Stokes Green, Pampa high school sophomore and Harvester athlete, will represent Pampa in the "My Home Town" speaking contest at the West Texas Chamber of Commerce convention at Plainview, May 13-15. He delivered the speech today at the Kiwanis luncheon and yesterday at the Lions club meeting.

Stokes is taking lessons daily from a speech arts teacher in preparation for the contest.

More than 40 boys and girls from as many towns in West Texas and the Panhandle will compete in the contest. Cash prizes, scholarships, and a loving cup will be awarded winners of first place. The preliminaries will be held Monday evening, Tuesday afternoon and Tuesday evening. Six will enter the finals Wednesday night.

Stokes was a regular forward on the Harvester basketball team and plays end on the football team.

Visiting in Houston.  
Mrs. Sam A. Fenberg and children, Charles Barry and J. D., are visiting with friends in Houston for a few weeks.

## HEAVY SNOW FALLS IN HEREFORD AREA

### Jafsie Testimony Upheld By Court

#### LONG FAVORS ASTOR TAKING FDR TO FISH

**Says Vincent Should Keep President in Britain's Waters Several Months.**

**WASHINGTON, May 3. (AP)—**With Senator Long (D., La.) again assailing the Roosevelt administration, half-a-hundred or more left-wing leaders headed for a conference here tomorrow to decide whether the time is ripe for a national third party movement.

Some of the rallying ultra-liberals appeared inclined to look upon the Louisiana dictator as a possible ally although feeling that his program does not go far enough.

The call for the conference—issued by four congressmen and Howard W. Williams, national farmer-labor party organizer, among others—advised the political speculation that is plentiful here.

Long attacked the administration once more as "the St. Vitus dance government" in a radio speech last night.

He suggested that congress might well "contract with Mr. Vincent Astor and his \$5,000,000 yacht, not only to take the president out in the British waters to fish for a few weeks, but to keep him there several more months and trust to luck the country would find its way back to normalcy."

The senator divided his address between thrusts at Mr. Roosevelt and advocacy of his own "share-out-worth" plan. He suggested that his listeners send telegrams to their senators, asking them to back the Roosevelt-opposed Patman bill to pay the soldiers' bonus with new currency.

Referring to the president's address of last Sunday night, Long said: "Our president, the Knight of the Nourmal, says we are confused because we cannot see just how this thing is going to look when he gets through making it."

"Why, to be sure. All those millions of hogs they killed; all those cattle they shot down; the milk they poured into the rivers with the people starving for it; all the cotton they plowed under and wool that they burned up with the people naked because they could not get it; none of us can see just how that is working out."

Governor Floyd B. Olson, Minnesota's farmer-labor executive, will be closely watching developments at the "exploratory" gathering of left-wing men tomorrow. Olson has said he believes the time is not ripe for a third party campaign but he has not announced whether he would be available as leader of a left wing movement.

#### Thousands See Pampa Car in Guymon Parade

The only modern vehicle in the "miles long" parade at the Guymon Pioneer celebrating yesterday was the Pampa Board of City Development decorated car, which advertised the Pampa Pre-Centennial, Pioneer Roundup, and Panhandle Oil Show, June 6 and 7.

Guymon folks welcomed the Pampa delegation without a show of ill-will and told them to make themselves at home. The Pampans, wearing hat bands, were loudly greeted as they slowly made their way through the packed streets.

"Thou'ns" of automobiles lined the route of the parade but it was not a parade of automobiles.

See GUYMON, Page 8

#### Statement of Grand Juror Is Denied By Justice

**NEW YORK, May 3. (AP)—**Supreme Court Justice John McGeehan today made public a portion of Dr. John F. (Jafsie) Condon's testimony before a Bronx grand jury of April, 1932, in order to show that his testimony there did not conflict with his identification of Bruno Richard Hauptmann as the receiver of the \$50,000 Lindbergh ransom money.

The court acted at the request of District Attorney Samuel Foley because of the purported statement of Harry L. Whaley, former grand juror, to the effect that Condon had testified he would not be able to identify the man to whom he paid the Lindbergh ransom in a Bronx cemetery.

The record was automatically made public when the court read it aloud.

"Q. Would you be able to identify him? (Referring to the man to whom Dr. Condon paid the ransom)."

"A. Yes."

"Q. Are you positive?"

The present grand jury was in the court room and gave the court a statement regretting that any grand juror "should be so unmindful of his duty as to publicly make known a grand jury's secrets."

#### MORE DEATHS IN DUST AREA ARE REPORTED

**Additional Victims Of Pneumonia Succumb**

**SPRINGFIELD, Colo., May 3. (AP)—**Residents of the dust torn sector in southeastern Colorado awoke today from the first 24-hour respite in weeks from the choking, swirling clouds of silt.

The air was clear as a result of yesterday's shower, the first here in nearly four months. Other sections of the dust area were not so fortunate. "Dusters" still swept over the area comprising parts of Kansas, Oklahoma and Texas.

Additional deaths from "dust pneumonia" and new cases of the disease were reported.

Maxine Dwight, 18-months-old daughter of Mr. and Mrs. Norman Dwight, Elder, Colo., died last night in the Springfield emergency hospital, where three brothers and sisters are under treatment.

The third dust pneumonia fatality in Muskogee county, Oklahoma, in a week, was recorded with the death of Mrs. W. D. Shamblin, 57.

Five additional cases were reported to health authorities here.

Defeated but not discouraged in his first attempt to wrest moisture from "clouds" by explosives, Tex. Thornton, would-be rainmaker, awaited favorable weather conditions before setting off more bombs near Dalhart, Tex.

He set off 60 bombs Wednesday night and declared it would have rained if the wind hadn't blown all the clouds away.

Alvin Owsley Is Named Minister to Irish Free State

### AIR PACT SOUGHT AS HITLER DECLARES HE CAN CONSTRUCT 100 FIGHTING SHIPS A MONTH

**HALT TO CONSTRUCTION OF PLANES WOULD BE CALLED**

By HAROLD P. BRAMAN (Copyright, 1935, by The Associated Press.)

LONDON, May 3.—An authoritative source revealed today that draft of a plan for a western European aviation pact has been drawn up and has been taken under consideration in Paris, Rome and London simultaneously with the receipt of information in high British quarters that Germany has facilities for building 100 airplanes a month as replacements.

The British air ministry, meeting Reichsfuehrer Hitler's challenge in the air, undertook a new program for substantial increases in British fighting planes, airdromes and royal air force personnel. This program will be presented to parliament within two weeks.

The air pact, as now drafted, is said to include an agreement to call a halt in airplane construction. Well-informed sources stated that the draft thus far has not been submitted to Berlin but that Germany's signature as well as Belgium's is contemplated.

In order to fulfill Prime Minister Ramsay MacDonald's pledge that Great Britain will keep pace with Germany in aviation, it was estimated that at least 200 more British fighting planes must be built at once. The increases provided for less than three months ago would bring the home defense strength to 630 planes at the end of 1935.

The British government had admitted that it does not know the precise strength of Germany's air force, but Sir John Simon, foreign secretary, revealed that Hitler's recent claim to equality in the air meant that Germany now has more than 800 war planes equal to Great Britain's first-line home and overseas strength.

The 100-planes-a-month capacity was understood to be in addition to Germany's facilities for regular construction in the event of hostilities.

The high sources which disclosed this information said they were told Germany is immediately expanding her aviation construction program with the expectation of attaining soon a monthly replacement production of 200 machines.

Despite the succession of reports concerning the extent of the rich air force plans, Sir John Simon, foreign secretary, and other officials in London conceded that the government is still uncertain whether it has full information concerning Hitler's objectives. Various departments have been instructed to keep a close watch on Germany's fast-stepping aircraft industry.

Latest official comparisons give Germany 800 to 850 planes. This figure in general equals the number of all royal air force first-line craft throughout the empire.

Whatever Germany's present or projected strength in the air, the empire was given full assurance that the government intends to redeem fully the pledge of Stanley Baldwin, long president of the council and conservative leader, never to permit the reich to attain supremacy in that department.

Debate in the house of commons yesterday made it plain the government will receive the full support of opposition political parties in this determination.

Orders are being sent out now for increases in royal air force personnel and expansion of its training facilities.

**200 PERISH**  
ISTANBUL, May 3. (AP)—Continuing earth shocks spread new terror today among inhabitants of Kars vilayet on the Turkish-frontier, where more than 200 persons perished in a violent earthquake. The seriously injured were estimated to number 500.

The bandits escaped through the same window through which they entered, piled into a small sedan and rushed away.

Bystanders were unable to say definitely whether one or two persons walked in the car for the bandits who entered the bank.

Officers were called to the bank, when the switchboard operator, Mrs. Carroll Cole, ordered to answer a telephone call, informed the caller of the robbery and asked that officers be notified. The robbers fled.

### Marland To Fire Disloyal Workers

Opponents of Sooner Chief and FDR To Be Discharged

OKLAHOMA CITY, May 3. (AP) Former Congressman James V. McLintic, of Snyder, today became executive assistant to Gov. E. W. Marland, in charge of patronage succeeding R. S. Graham, and immediately announced all state employees unfavorable to policies of President Roosevelt would be discharged.

Graham will become of the new state planning commission and J. D. Sapp, Oklahoma City, will be selected as secretary.

McClintic announced a complete survey would be made of employees and all state appointive departments and institutions at once to determine which employees are efficient.

"Governor Marland is 100 per cent behind the new deal policies of President Roosevelt and will keep the program going," McClintic said, "therefore we will get rid of those who are not loyal to the federal policies of the president and the policies of the governor."

Governor Marland announced yesterday he had directed heads of appointive departments to discharge approximately 1,000 "rooking chair" employees and to eliminate from institutions those considered unnecessary.

The highway department, he said, has 500 too many regular employees. His drastic move was in an effort to balance appropriations with anticipated revenue.

Departmental heads today were studying personnel to decide which employes could best be released. But despite the curtailment order hundreds of jobseekers again thronged capital corridors and offices.

### Japan Involved In Filipino Uprising

49 Killed; Firearms Purchased in Japan

MANILA, May 3. (AP)—Bloody outbreaks and disorders in a sudden uprising against the projected new Philippine commonwealth left a trail of at least 49 dead today in two provinces.

At least 47 were known dead in a clash between constabulary and the extremists at Cayanua in Laguna province, southeast of here. One Constabularyman and one Sakdalista were killed in fighting at San Ildefonso, Bulacan province, north of here, and five persons were reported killed at Santa Rosa in Laguna province.

The Sakdalistas favor immediate independence for the Philippines and oppose the leadership of senate President Manuel Quezon. Under the independence act of the American congress, the Philippines must go through a 10-year transitional period before obtaining freedom.

A plebiscite for ratification of the commonwealth constitution will be held May 14.

Order was restored at Cabuyao late today, the constabulary reported, only after bitter fighting in which 47 were killed and 40 more wounded. The casualty list was reported by Jose Desiderio, representative of the insular interior department.

Capt. Jose Guido of the Constabulary intelligence described the situation as "very grave" in a report to the governor general's office.

Reports showed the Sakdalistas, who officials charge have communist leanings, actually controlled three towns for short period during the night. These were Cabuyao and Santa Rosa and San Ildefonso.

Scattered disorders also occurred in Cavite province, south of here, where acting provincial Governor Ramon Samonte was held hostage for several hours.

Expressing amazement at the suddenness and extent of the disorders, high government officials moved quickly to restore order. Authorities expressed no fear of an attack on Manila.

**WASHINGTON, May 3. (AP)—**The Frazier bill to refinance farm mortgages with an interest rate of 1½ per cent was approved today by the senate agriculture committee. The bill, not on the administration legislative program, would authorize the refinancing of all existing farm mortgages on an amortization plan by which the farmer would pay 1½ per cent interest and 1½ per cent principal.

LOUISVILLE, Ky., May 3. (AP)—Twenty-two thoroughbreds were entered today for tomorrow's sixty-first running of the Kentucky derby before the entries closed as trainers and agents crowded into the secretary's office as soon as it opened this morning.

AUSTIN, May 3. (AP)—The senate today adopted, 29 to 1, a conference report on a bill merging state police agencies into a department of public safety. House adoption of the report would send the bill to the governor.

WASHINGTON, May 3. (AP)—Nearing a vote on the Vinson bill for cash payment of the bonus, the senate today reaffirmed its stand against any revision of the World War debts.

Visiting Grandmother  
LeRoy Malone, son of Mr. and Mrs. G. C. Malone, left yesterday for Hillsboro to spend the summer with his grandmother, Mrs. L. T. Malone.

A cool wave with further promise of showers was sweeping over Texas today, pushing south the pale of dust which hung over the Panhandle for days.

With skies overcast and a chill wind blowing, Tex. Thornton of Amarillo prepared to resume his bombing of clouds at Dalhart in an attempt to produce rain.

Amarillo, who has had less than a dozen days clear of dust since before Christmas, had no dust today. It was cloudy and cool there. At Borger the thermometer read 42.

Further south, at Lubbock, the temperature had dropped to 40 at 10 a. m., and a light sprinkle was falling. Earlier Lubbock had reported some dust still hung in the air.

Skies were overcast and the thermometer down to 56 at Abilene and Fort Worth, and it was cloudy and cool at Dallas. Dust which hung over Fort Worth each morning last night had been blown south by the north wind.

San Angelo reported light dust with the wind rising and a minimum temperature of 60.

Nine persons were dead today from electrical storms which broke over six southern states accompanied by furious winds and drenching rains.

Arkansas counted five dead, three were killed in western Kentucky and southern Indiana and one victim was claimed by a lightning bolt in Texas.

Lightning and high winds took a heavy toll in property damage in Louisiana and Tennessee where trees were uprooted and power lines knocked out of commission.

Texas was doubly plagued with the apparatus of rolling clouds over the central part of the state.

Striking late yesterday the storms zigzagged eastward, spending themselves early today after spreading damage in Kentucky and Indiana.

MISSOURI POST BOND  
LUBBOCK, May 3. (AP)—Three doctors, William Houghton of Floydada, and W. E. Redford and L. C. Wayland, both of Plainview, Indicated for Harrison narcotic act violation by a federal grand jury, united bonds of \$1,000 each before United States Commissioner Olive Flake here late Thursday.

**DOUGLASS WORK STARTS**  
Digging up of the boulevard on North Somerville street was begun this morning. Bermuda grass will be planted. The boulevard on Francis avenue will also be re-planted. The city commission authorized the work on Monday night.

**French to Help Russia Repair Her Railroads**  
PARIS, May 3. (AP)—It was authoritatively learned today that the French will assist Soviet Russia in renovating her western frontier railroads and strategic road systems as an immediate result of the accord for mutual assistance between the Paris and Moscow governments.

The first outcome of the signing of the treaty is expected to be a consultation between the general army staffs of the two nations in order to determine Russia's ability rapidly to transport troops in case of need.

As soon as this is established, it was authoritatively learned, plans will be drawn to aid Russia through the use of French engineers and the sale to Russia of French materials.

The Franco-Russian agreement was sent to other nations of Europe for study.

### MELTING FAST BUT IS STILL COMING DOWN

SNOW IS THICK, WET; SKY LOOKS LIKE RAIN HERE

May 3 dawned cold and cloudy in Pampa this morning, and near the middle of the morning, the Santa Fe reported that the ground was covered with snow at Bovina. A thick, wet snow began falling at Hereford at 10 o'clock and was still falling at noon today, although it was melting almost as fast as it hit the ground. The snow area began west of Clovis and continued east of Hereford. Residents at Bovina said the snow was not showing much tendency to melt.

At noon today, the dust-swept prairies between Bovina and Floyd were covered with snow, and the white flakes were still sifting down, wet and thick.

The temperature at Pampa was 40 at noon. For the first time in months the skies were overcast with clouds that were not obscured by dust, and they looked as if they might hold precipitation, and not "empties" going back for more dust. The amazing spectacle of snow in May had the natives gazing in wonderment but in joy. Excitement was intense at Bovina where the population grew sportive and romped in the snow as they played "snowball."

### ARKANSAS BANK ROBBED OF \$22,000

**FORT SMITH, Ark., May 3. (AP)—**Three masked bandits today robbed the City National bank here of \$22,127.37, and escaped after exchanging automobiles. The loss was announced by J. H. Nakdimen, president of the bank.

The trio, in their flight, were believed to have kidnapped J. D. Morgan, of Fort Smith. Bystanders who saw the bandits switch automobiles a few blocks from the bank told police a man driving the second car was forced to relinquish the wheel at pistol point. A pair of shoes Morgan was going to exchange at a store were found near the abandoned car.

The bandits wore masks and were clad in overalls, but they removed the masks after leaving the bank.

Officers received reports the robbers were seen driving toward Van Buren, and police in that direction were advised to be on the lookout.

No one was injured in the robbery, which was called probably the first bank robbery in the history of Fort Smith.

The City National bank is located in the heart of the Fort Smith business district, on Garrison avenue near sixth.

The men abandoned \$2,000 in silver and exchanged automobiles in their flight from officers.

Entering the bank through a window on the second floor balcony, one of the men confronted Hiram Nakdimen, assistant to the president, and bound him while the other two bandits overpowered employees in the rear of the bank.

Gerald Miller, head teller, was forced to open a safe on which the time lock had released the mechanism at 8:30 a. m.

### THE WEATHER

WEST TEXAS: Cloudy, local showers tonight and probably in south portion Saturday; cooler in south portion tonight.

**I Heard...**  
That a local woman received 25 chain letters this morning and that each one contained 10 cents. The letters are being received and sent in greater numbers every day.

Pampans who went to Guymon, Okla., yesterday praising the Guymon Cowboy band and suggesting that efforts be made to bring the band to Pampa for the Pre-Centennial and Pioneer Roundup June 6 and 7.

**I Saw...**  
A new stack of letters from old timers of the Panhandle who wrote they would attend the Pre-Centennial and Pioneer Roundup June 6 and 7. Mr. and Mrs. Cal Merchant of Cleburne, wrote they are "looking forward" to the event and "expect to be there." J. E. Southwood of Panhandle "will be there to meet old time friends." L. M. Carson of Canadian "will try to be there." Mrs. Eva Black of Higgins, T. M. Cunningham of Amarillo and Dr. Reynolds of Wheeler, also L. M. Tittle of Mangum, also wrote letters accepting the invitations mailed them.

# EXPERTS INSIST NELLIE FLAG, STURDY FILLY, MAY WIN KENTUCKY DERBY

## MAY DISPLACE WHITNEY COLT AS FAVORITE

TRACK IS HEAVY AND SHE LIKES TO RUN IN MUD

By ALAN GOULD  
Associated Press Sports Editor  
LOUISVILLE, Ky., May 3. (AP)—The approach of another Kentucky derby, the sixty-first and by far the stormiest since the epochal year A. D. 1928, today finds one intriguing question, above all others, absorbing the best and most masterful minds of our horse-racing fraternity.

To give this serious subject a light and frivolous touch, the issue concerns the ability of a lady unaccustomed thoroughbred class to kick mud in the eyes of 15 or more blue-blooded gentlemen, right out in full view of perhaps 60,000 horse racing addicts, gathered to witness the running of America's most colorful classic for three-year-olds.

In short, can Nellie Flag, strapping granddaughter of Man o' War who was the best filly in 1934 and has returned to the races a year with smashing success, overcome the handicaps of sex and precedent sufficiently to whip a somewhat ordinary field of colts tomorrow afternoon in heavy going over the mile and a quarter route at Churchill Downs?

One the face of it, the odds seem to be 50 to 1 against Nellie. Only one filly in the past sixty years has shown the way home in the derby. That was Regret in 1915, as most everyone should know, and only one other racing mare, Lady of Navarre in 1906, do as well as she in the second place. Still fresh to mind are the high hopes placed in the chances last year of two other queens of the turf, Mata Hari and Bazaar, but the best either could show was fourth place money after it was all over and the mighty Cavalcade had run his field into the ground.

But there's no Cavalcade in the 1935 derby ranks and Nellie Flag, they insist, is a lady of sturdier fibre if not greater racing class than any filly that has ever gone to the post in quest of the blue ribbon of the Blue Grass country. Not only was she the best of her sex as a two-year-old, topped in winnings last year only by the ill-fated colt, Chance Sun, departed racing qualities in fast company as a three-year-old. She ruled second choice in the betting today, at no more than 5 to 1, and it appeared altogether possible she may displace Cornelius Vanderbilt Whitney's colt. Today, as the book favorite by the time the derby field is called to the post.

Nellie Likes Mud  
Moreover, Nellie has worked as impressively as any horse that has been seen on the Downs track, including a mile under stout restraint yesterday in 1:40 2-5, and she likes to run in the mud, of which there should be plenty.

It not only rained but it thundered and poured yesterday, morning, afternoon and night. Upwards of four inches of rain have fallen in less than 24 hours. Some streets were so flooded last night that it looked like carnival time in old Venice instead of derby time in old Louisville. With the track a quagmire, it seems certain to be the muddiest derby since Clyde Van Dusen, the diminutive son of Man o' War, came down the stretch with a winning rush while lightning flashed through the storm-clouds six years ago. Perhaps the elements again will contribute a victorious obligato for another descendent of the super-horse.

Perhaps, we repeat, but the echo answer: "Who's going to beat Nellie home?" There's plenty of horse sense by which to discount the chances of Warren Wright's chestnut filly, big and strong through she seems to be, but it's also a bit complicated trying to find the colt capable of meeting Nellie's challenge.

Today and Omaha  
Two sons of famous fathers, Today and Omaha, may be the answer. Their respective daddies, Whicome and Gallant Fox, were great three-year-old rivals in 1930. Gallant Fox won the derby that year, with Earl Sande up, and went on to become one of the big money-winners of all time.

Today became the favorite for this year's classic after a brilliant triumph last Saturday in the Wood Memorial at Jamaica but that was a shorter race and there's some question whether the Vanderbilt star can carry its speed over the derby route. Omaha's finishing qualities and liking for a distance combine to make William Woodward's entry a standout but the colt is a slow starter, runs awkwardly and has a habit of getting bumped around.

Both can run in the mud but so can most of the other well-played entries. It's never safe to discount Col. F. R. Bradley's entry and this year the master of Idle Hour farm, who has seen his colors on top in four derbies, has another formidable contender in Boxhorn, a Blue dappur colt which has turned in the fastest of all trials this week over the full route. There's Flat Eye, the entry of Mrs. Payne Whitney, whose renowned Twenty Grand set the derby record four years ago, and Psychic Bid, with which Mrs. Isabel Dodge Sloane hopes to duplicate the triumph of her great colt, Cavalcade. Psychic Bid probably will set the early pace but Flat Eye is more likely to have something to offer at the finish.

This year's race, with \$40,000 added, is expected to draw one of the biggest crowds in derby history, despite the sudden turn of mud weather.

# National Cotton Week

EVERYBODY USES COTTON. WARDS USE OVER 80,000,000 POUNDS ANNUALLY!

**Innerspring Comfort at a Low Ward Price**

Innerspring mattress at the ordinary price of a cotton felt mattress. Inside, hundreds of Premier wire (the best) coils in felted cotton. Outside, durable drill ticking cover. See it.

# GAS WASTAGE BILL PLEASES AMARILLOANS

### INDEPENDENT LEADER ASSERTS MEASURE IS FAIR

AMARILLO, May 3. (AP)—Independent operators and pipe line officials alike voiced general satisfaction today over a gas wastage bill signed Wednesday by Governor Allred.

The measure, designed to halt an enormous waste of gas in the world's largest natural gas reservoir, restricts the use of sweet gas to light and fuel purposes, prohibits popping into the air of residue gas from which gasoline had been extracted, and empowers the railroad commission to prorate production to market demand.

Pipe line companies were pleased because of the waste was stopped, and independents were happy because the bill was intended to force pipe line carriers to share light and fuel markets.

"The fact that the wastage is stopped outweighs all other provisions of the bill," said J. G. Dickinson, pipe line official and a director of the Panhandle Conservation association. "There is a divergence of opinions on the other parts, but in general we are well pleased."

Dickinson explained that pipe line companies' reaction to the ratable take provision would not be known until the railroad commission had issued orders.

D. D. Harrington, independent oil operator and official of a large gasoline stripping plant, said he believed the measure "very fair—as fair as could be written," but explained that it was too complex to be dismissed by a single expression of approval or disapproval. Its benefits will depend on the amount and location of the acreage a person holds, he said.

Ross D. Rogers, Amarillo mayor and a leader in the movement to halt gas wastage, termed the bill the "most significant and highly important piece of legislation for the Panhandle enacted by the state of Texas."

"It is as satisfactory a bill, from the standpoint of all interests, as could have been passed," he said. "It was lobbied from every angle, the highly controversial features were threshed out and it is generally pleasing to all interests. I believe that it can be enforced, and that it will solve one of the most serious problems this country ever faced."

Although the bill was passed by two-thirds majorities in both houses, it will not become effective immediately, Amarillo gas men explained. They said section 25 provided for sufficient time for the construction of lateral and pipe lines. A further delay would be occasioned by railroad commission hearings, it was pointed out.

The sour gas provision, which allows the use of that gas in the manufacture of carbon black, was expected to become effective by October 1, and the sweet gas provision by August 1.

### Polish Spy Is Exchanged for German Woman

BERLIN, May 3. (AP)—Baron Georg Sosnowski, the Polish spy whose machinations resulted in the beheading of two women of noble birth with whom he was associated, has been exchanged for Germany's beautiful young espionage agent, Theodore Ogurek, it was learned today. The exchange was understood to have taken place nine days ago, but the movements of the couple have been enveloped in greatest secrecy because of fear for their safety.

To the 20-year-old peasant girl, the exchange meant reunion with her husband, Ernst Draxa, whom she has not seen since their prison marriage the night before she went on trial in Warsaw.

For Sosnowski, release meant a period of hiding even from his friends and relatives. Even Sosnowski's parents do not know of his whereabouts, but it was learned that he is not far from Warsaw biding his time until it again may be safe for him to appear in public.

The term "tidal wave" is applied erroneously to almost any large wave that inundates the seacoast or shore of a great lake. These waves are rarely due to tides.

**THREE KILLED IN KENTUCKY WIND STORMS**  
**CHURCHILL DOWNS IS UNDAMAGED; BIG RAIN FALLS**

LOUISVILLE, Ky., May 3 (AP)—Furious wind storms accompanied by lightning that killed three persons and drenching rains sent themselves eastward today after spreading damage over sections of western Kentucky and southern Indiana.

Churchill Downs, where thoroughbreds are on edge for the Kentucky Derby tomorrow, was undamaged, but the sensitive animals were excited by the thunder and lightning.

More than 100 homes and some 50 business buildings in Louisville, decked out in its best dress for the derby, were unroofed. Power lines and trolley cables were severed. A part of Louisville today was without nearby towns and Frankfort, the state capital, were without lights. Trees, shrubbery and derby festival decorations were scattered in Louisville streets beneath clearing skies this morning.

Mary Jane Floyd, 4, escaped unhurt when a heavy piece of furniture fell over her bed to shield her from falling timber and bricks when the Floyd home was wrecked by the wind.

Four other persons received slight injuries in the storm here.

The child's escape was the second notable one during the night. At Jasonville, Ind., Frona Gentry, 7, was given up for dead by her family when her home was destroyed. Then she was found in bed in the street, where she had been blown without waking up. Seventy-five persons were left homeless in Jasonville.

C. C. Bennett, 50, and Malcolm Flanigan, 31, were killed under a tree on Bennett's Henderson county farm. Thomas Spencer, 19, was hit on the neck by a bolt near Kevil, Ballard county.

Gale winds damaged stores and homes in Hopkinsville, Ky. Four garages were blown away there. The city was cut off from other towns for several hours.

One Louisville telephone exchange was paralyzed.

Some residents of the West End section found water covering lawns, sidewalks, and low steps. Water halted traffic on one street for half an hour. Broken trolley wires and light cables made hazards for motorists all over the city.

Louisville's East End was thrown into darkness when a main power line parted. This put out the lights in Fern Creek, Pewee Valley, and Jeffersonville, Ind., nearby towns.

A portion of the buildings and equipment of the Frey planing mill here was blown away.

# SUMMER RECREATION PROGRAM ASSURED BY CLUB COUNCIL

## ACTIVITIES FOR ALL AGES ARE INCLUDED IN PLAN; BEN GUILL IS NAMED DIRECTOR

### COUNCIL ALSO ELECTS OFFICERS FOR NEXT SEASON AT LAST REGULAR MEETING OF THIS YEAR

Adoption of a summer recreation program for the city, and election of officers for next year, marked the last regular meeting of the Council of Women's clubs yesterday morning.

The city-wide recreation program is to be headed by Ben Guill as director. It will include activities for every age group in the city, from the smallest children to adults, and was chosen only after various plans had been discussed at council meetings through the winter and spring.

Mrs. Claude Lard was elected council president for next season, to succeed Mrs. T. F. Morton. Mrs. Raymond Harrah was named vice-president. Mrs. N. L. McDwen recording secretary, Miss Walden Dickinson corresponding secretary, Mrs. S. A. Hurst treasurer, Mrs. A. N. Dilley parliamentarian, Mrs. John Skelly reporter. Mrs. Glen Pool was named vice-president for the remainder of this season, succeeding Mrs. C. A. Wooley, resigned.

The entire council, and other club women who are interested, are to meet with the city commission Monday evening in the interest of the recreation program. They will urge that the plan be financed from city funds, but if this is impossible, the club women will undertake its support with the aid of other organizations and individuals, the president said.

Under the plan presented by Mr. Guill, clubs would be organized for dramatics, various sports, band and choral music, and vocational training.

He would devote mornings to the smaller children, directing conductors, story hours, outings, and handicraft classes for both boys and girls.

Afternoons and evenings would be given to older boys and girls and adults. Sport tournaments, community singings, band concerts, outdoor drama, and picnics are included in tentative plans for them. Use of the high school gymnasium has been offered for the summer.

The program would correlate with other local plans for summer recreation, including the band program.

## Revival Series Will Start at Harrah Church

A revival will begin at Harrah Methodist Chapel Sunday, with daily sermons by the Rev. Lance Webb, pastor, and song services led by Bob Watkins of Hedley.

The sermon series will be on the general subject, *The Abundant Life*. Meetings will start at 8 p. m. each day. The opening service will be at 11 a. m. Sunday.

Mr. Watkins will lead a young people's forum each evening at 7:15, and adult prayer groups and children's meetings are scheduled at that time also.

## CANADIAN NEWS

CANADIAN, May 3.—The funeral of Mrs. Maud E. Meeks, who died yesterday morning, is scheduled at 1:30 p. m. today at the Baptist church.

Miss Mae Stump of Perryton has arrived here to make her home.

Clay Allen was called to Kansas City Monday because of a sister's death.

Mr. and Mrs. A. B. Crump of Wheeler visited here Wednesday.

Miss Retta Helton is reported quite ill.

Contract was let the first of this week for topping the highway from Horse creek to the Ochiltree county line.

## New P-T-A Officers Installed

### CHAIRMEN NAMED TO COMMITTEES FOR YEAR

Mrs. J. M. Turner, president, and a new corps of officers took charge of the city Parent-Teacher council in an installation program yesterday, the last council meeting of this year.

Mrs. Claude Lard, retiring president, conducted the installation, then was presented with a P-T-A ring in appreciation for her untiring work in the organization, Principal R. A. Seiby of Junior High school made the presentation.

Chairman of standing committees for next year were named by the new president. Mrs. N. F. Maddux is to be program chairman, Mrs. Ray Scmerville finance chairman, Mrs. Brent Blankvist hospitality chairman, Mrs. J. W. Garrison welfare chairman, Mrs. L. L. McCollm publicity chairman.

Other officers who will serve with Mrs. Turner are Mrs. Maddux, vice president; Mrs. Roy Holt, secretary; Mrs. Garman, treasurer; Mrs. Dickie, historian.

A final report on the school thrift room was made by Mrs. Garman, and it was decided to close the room Monday afternoon. Garments will be packed then for storage through the summer. High school association is in charge of the room this week.

The program included two songs, *Sundown*, and *Out of the Dusk*, by the choral club of Sam Houston school, directed by Miss Estlene Harris; two solos by Mrs. Harry Nelson, and a brief history of the council by Mrs. S. G. Surratt.

To close the program, tea was served by Mrs. Rob. Seeds and A. L. Burge, honoring the new president and council delegates.

**NEW TEACHER NAMED**  
Mrs. S. A. Hurst has been selected as teacher for the Fidelity class of the First Methodist church and will begin her duties Sunday coming.

This class, which is composed of young ladies above 23 years of age was formerly taught by Mrs. A. A. Kelley. Miss Bonnie Patton is president of the class.

## "Meanest Thing In Pampa" Topic For Evangelist

"The meanest thing in Pampa is SIN," declared Evangelist Holmes Thursday night in his sermon at the First Christian church. "Sin has caused all of the corruption, all of the misery, all of the unhappiness in the world. Sin is a transgression of God's law. The sinner is in open rebellion against the King of Kings and Lord of Lords. The prophet Ezekiel said in his day that the soul that sinneth it shall die. It is true today and will always be true as long as there is sin in the world."

"But Ezekiel further declares that God does not desire the death of any man but wants all to live. God's estimate of the terrible sin is seen in the fact that He thought it was necessary for Him to send His Son in to the world to help the world rid itself of sin. It was sin that sent Christ to the cross. No man goes away from Christ, except by his own wish and no man will be separated from all that is good in the next world except as by his own will he decided against the Christ who came to take away sin in this world. But the man who does not think enough of Christ to desire His friendship and His help now should not think that he can establish such a friendship after he dies." Evangelist Holmes will speak Friday night on "Does It Pay?"

There will be no service Saturday night. The good crowd present enjoyed the drama, "The Blurred Vision," presented Thursday night. Another drama will be presented Sunday night.

**"Green Light" Is Book for Review**

One of the latest books by Lloyd C. Douglas, "The Green Light," will be reviewed Sunday night at the First Methodist church at 7:57 o'clock by Mrs. Gaston Foote.

This book, whose author has also written such books as "Forgive Us Our Trespasses," "The Magnificent Obsession," and others is creating much comment and it is expected that a large crowd will be present to hear this message. A male quartet will furnish special music.

Sunday morning at 10:30 o'clock Rev. Gaston Foote will speak, giving a communion meditation and will give the communion at the close of the message.

Sunday evening at 7 o'clock the adults of First church and any others who are interested, will begin a Bible study which will be led by the pastor. This group will meet each Sunday evening while the Epworth League are meeting and a feature of the Sunday night service will be the whole family playing for church. Adults are requested to bring their Bibles as no other text will be used.

## MRS. FATHEREE HAS PARTY FOR CLUB MAYFAIR

### Home Is Decorated Gaily in Tulips For Games

Tulips decorated the home of Mrs. Clyde Fatheree yesterday afternoon when she entertained Club Mayfair. The gay spring flowers were pictured on tallies for the bridge games in a green and yellow color motif.

Mrs. Ofio Studer and Mrs. Gilmore Nunn were special guests for

the afternoon, and members playing were Misses Arthur Swanson, W. J. Smith, Lynn Boyd, Edward Damon, P. O. Sanders, and John Sturgeon.

Mrs. Smith scored high and Mrs. Swanson second high in the games, which were followed by a refreshment course of nut bread sandwiches, strawberry parfait, cake and tea.

**LARGE FAMILY**

PADEBORN, Ill. (AP)—One hundred twenty-two direct descendants survive Mrs. Elizabeth Neff, 88, who died today.

She left 11 living children, 50 grandchildren, and 61 great-grandchildren.

Miss Mary Haiduk of White Deer was able to leave Pampa-Jarratt hospital this morning following a minor operation.

**Juror Lacking In Darden Case**

Darden, shortly after his wife was slain, told officers that their 3-year-old son Jackie Glenn killed his mother while walking in his sleep.

In questioning venemans, state attorneys indicated the death penalty would be sought.

The defense contends that Jackie Glenn, subject to sleep-walking, was found by his father in the family bedroom holding a smoking shotgun as his mother lay dead on the floor.

ALICE, LOOK AT THESE TERRIBLE CUP CAKES! AND MAC'S MOTHER'S COMING TONIGHT!

TRY AGAIN AND I'LL BRING YOU SOME OF MY CALUMET BAKING POWDER! IT MAKES GRAND CAKES!

WHAT LOVELY CAKES THESE ARE, JULIE! JUST LIKE VELVET! DID YOU REALLY MAKE THEM YOURSELF?

YES, I DID, MOTHER, I'M SO GLAD YOU LIKE THEM.

THANKS LOADS, ALICE! DO YOU THINK CALUMET WILL MAKE A REAL DIFFERENCE?

I KNOW IT WILL! AND IT COSTS LESS, TOO! THE REGULAR PRICE IS NOW DOWN TO 25¢ A POUND!

DOUBLE-ACTING MEANS THAT CALUMET COMBINES TWO DISTINCT LEAVENING ACTIONS

A QUICK ACTION FOR THE MIXING BOWL--SET FREE BY LIQUID IT STARTS THE LEAVENING PROPERLY

A SLOWER ACTION FOR THE OVEN--SET FREE BY HEAT IT PROTECTS THE BATTER OR DOUGH ALL THROUGH THE BAKING.

**CURRENT CUP CAKES**

2 cups sifted Swans Down Cake Flour	1 cup sugar
2 teaspoons Calumet Baking Powder	1 egg, unbeaten
1/2 teaspoon salt	1 cup currants
1/2 cup butter or other shortening	1/2 cup milk
	1/2 teaspoon vanilla

Sift flour once, measure, add baking powder and salt, and sift together three times. Cream butter thoroughly, add sugar gradually, and cream together until light and fluffy. Add milk and currants and beat well. Add flour, alternately with milk, a small amount at a time. Beat after each addition until smooth. Add vanilla. Bake in greased cup-cake pans in moderate oven (375° F.) 18 to 20 minutes, or until done. Makes 2 dozen cup cakes.

**LOOK!** The new Calumet can opens with one simple twist of the wrist! A grand new can—a new low price!

**CALUMET** New regular price **25c** a pound can (A full pound—not just 10 or 12 ounces)

### Byrns Foresees Clear Sailing 'From Now on'

WASHINGTON, May 3. (AP)—Democratic leaders in the house cocked a weather eye over the legislative seas today and concluded, in the words of Speaker Byrns, that "it'll be clear sailing from now on."

Still far ahead of the senate, the democratic chiefs mapped out a tentative schedule calling for passage of major administration bills in about this order:

The omnibus banking next week, legislative appropriations the week after, followed by utilities holding company, NRA extension, ship subsidy, and other measures, including taxes. Leaders still expect the house will have passed them all by mid-June.

Some difficulties may be in store on several of those bills. But Speaker Byrns, basing his forecast on what has happened this session, analyzed the situation this way: "The house has gone along fine. We've had a majority that some were afraid would be unwieldy. The republicans never worried us, but there was a possibility that blocs would be formed among the democrats for this and that and upset the apple cart."

Citrus growers of Lake county, Florida, are cooperating in operation of a portable irrigation system designed by the state agricultural extension service.

### JAPAN

(Continued from page 1)

The Sakdallist movement was Japanese backed saying there were "no grounds to support such an assertion."

The Sakdallist chief, Benigno Ramos, who Quizon said was a discharged employe of his, was reported to be in China, where he went from Japan after fleeing the Philippines.

The arrest of Mariano Univero of Laguna province, was ordered by Constabulary officials after quiet had been restored at Cabuyao. He is one of three members of the party elected to the insular house last June.

### WHITHER BOUND?

CHICAGO (AP)—You're here, but where are you? That's the problem cab drivers, messenger boys and delivery men face in Chicago, said their bosses who met yesterday to see what could be done about cutting down the wear and tear on auto tires, "bike" pedals and shoe soles. They decided to ask the city council to reframe some 300 streets because the present titles are duplicated or very nearly the same as the names of other streets.

Mrs. Siler Faulkner and daughter, Miss Virginia, are spending a few days in Hot Springs, Ark.

A clock which offers calendar notation to today and months and takes care of the leap year problem has been invented by a Swedish engineer.

### MARKET BRIEFS

NEW YORK, May 3 (AP)—The stock market gave a convincing demonstration of its recuperative powers today.

Lead by industrial shares, gains of a point or more were well placed throughout the list with the exception of rails, which held about even. The closing tone was firm. Sales aggregated 970,000 shares.

NEW ORLEANS COTTON—Gains of 3 to 9 points later were scored by active positions as the session progressed. Dealings were running in light volume.

May continued to display easiness, dipping 3 points to 11.66, but July at 11.78, Oct. at 11.42, Dec. at 11.52 and Jan. at 11.49 represented small net advances.

The estimate on spinners takings announced today by the exchange was encouraging. Between 181,000 and 199,000 bales were acquired by mills in the past week, compared with 148,000 bales in the previous week.

KANSAS CITY LIVESTOCK—KANSAS CITY, May 3. (AP)—U. S. Dept. Ag.—Hogs: 1,000; steady to 8 higher; 140-160 lbs., \$8.00-7.75; packing sows, 275-500 lbs., 7.00-8.15.

Cattle: 1,000; calves: 500; killing classes steady; steers, good and choice, 550-1,500 9.25-14.25; heifers, good and choice, 550-900 lbs., 8.50-11.25; cows, good, 7.00-8.50; vealers, medium to choice, 5.50-8.50.

WOOL MARKET—BOSTON, May 3. (AP)—The Commercial Bulletin will say tomorrow: Demand for wool took on renewed strength this week and sales have increased sharply to rather above normal average. The nature of the demand has not been changed, being chiefly for the fine qualities. Prices have shown no net change being still a little irregular.

"In the west, the new clip movement

### CHICAGO GRAIN

CHICAGO, May 3. (AP)—Possibilities of rain tonight in western Kansas tended to give an easy tone to wheat prices late today, but as a whole the market was almost stationary.

Comparatively little rain was reported in the spring wheat belt, and mild dry weather was expected to result in rapid seeding. There was some selling of wheat today against purchases of rye.

Wheat closed irregular, 1/4 off to 1/4 up compared with yesterday's finish, July 97 1/2-1/4, corn 1/4-1/2 down, July 83 1/2-1/4, oats unchanged to 1/4 lower, and provision unchanged to a rise of 15 cent.

GRAIN TABLE

Table with columns: Wheat, High, Low, Close. Rows for May, July, Sept.

not until the downtown section was reached that the crowd was noticeable. The thousands of wildly cheering spectators filled every available space along the parade route, which started at the airport south of the city and ended at the fair grounds at the north end of the town.

Judge Wallace Hughes was parade marshal. He sent the monster line of ancient vehicles, cowboys and cow girls, away from the airport promptly at 11 o'clock, the hour set for the parade. Bands from Borger, Liberal, Okla., Goodwill, Okla., Gruver, Hooker, Okla., and the famous Guymon Cowboys, added attraction to the parade.

A popular figure in the parade was Charlie Hitch, 80-year-old cowman, who rode a beautiful horse. A stage coach, brought from Pueblo, Colo., was an interesting sight in the parade. Armed guards were perched on the old stage, drawn by four horses.

Covered wagons, freighter trains, old buggies and surreys, men and women in the dress of years ago, brought the spirit of the pioneers to Guymon.

A rodeo with excellent bucking stock and the cream of the southwest cowboys was a feature afternoon attraction. Old-time dances and a modern dance closed the first day of the celebration.

### GUYPON

(Continued from page 1)

still drags. Prices paid have been on about the same level of a week ago.

The piece goods markets are somewhat spotty. Spinners and combbers still continue to give an easy tone to those higher up to depress prices.

Foreign markets are generally 5 to 10 per cent higher for the week on moderate activity.

Mohair is slower with prices about where they were a week ago.

The Bulletin will publish the following quotations: Quota—Texas: Fine 12 months (selected) 50-63; fine short 12 months, 50-52; fine 8 months, 52-55; fall, 48-47.

Mohair: Domestic, good original bag, Texas strong, 30-32 cents; Texas kid, 40-42; Arizona and New Mexican, 22-25; Oregon, 22-27.

### TEXAS IN WASHINGTON

WASHINGTON, May 3. (AP)—Representative William McFarlane of Wichita Falls was one of the motivating forces in the house naval affairs committee's recent trip by army transport plane to the Great Lakes naval air station near Chicago.

Witnesses at hearings on bills the same way. So well informed is he on the "lay of the land" that he knows the fate of a proposal before the house begins action. His amendment to the naval appropriations bill designed to assure operations at the government helium plant near Amarillo was accepted without protest or record vote.

An important change in the elaborate freight rate structure of railroads carrying the vegetables of South Texas to northern and eastern markets has been proposed. A group of carriers have asked the interstate commerce commission to permit them to lower rates on vegetables, except cabbage, from Corpus Christi, Laredo, the winter garden sector and the lower Rio Grande valley. A decision in the matter may be months away, however.

Charged with important problems of agriculture, the committee has been hustled through its duties although considering every point minutely. When some of the committee members are inclined to let their discussions become too rambling or too long, Jones takes command of the situation and puts the argument back on the right track. He handles

## MORAL ISSUE AN ILLUSION

You cannot talk very long about our chances for staying out of this "next war" that everybody seems to be expecting without ringing in at least a few echoes from the last one.

What happened between 1914, when the European war started, and 1917, when we finally got into it, is not entirely clear even today. But it is about all we have to go on when we try to forecast the future, and it has a way of horning in on all our arguments.

One is reminded of it by some speeches made the other evening before the Foreign Policy Association in New York. There was a round table discussion of the war-and-peace problem, and a lawyer named Frederick R. Coudert expressed himself as follows:

"I disagree with the assumption that war is a most terrible thing. The people of this country will not be satisfied to preach neutrality rights, to keep their flag off the high seas. They will want to know if there is a high moral question involved in the war.

"They will prefer to take part in the war if it is against a brutal aggressor. They are 120,000,000 energetic idealists who will not shut themselves up lest they be drawn into a war, but will take sides undeterred by fear of war."

With the statement that we will want to know if there is a moral question involved in the next war there can be little quarrel. The only trouble with it is that you so often can't be sure about a think like that until some 20 years afterward.

If you will cast your mind back to 1917, you will recall that we had not the slightest doubt, at that moment, that there was a tremendous moral issue at stake. Freedom, democracy, civilization itself—they all hung in the balance, and if we did not go forth to fight for them they were apt to be lost.

So, as you remember, we did go forth to fight, and the cause with which we sided won as overwhelming a victory as the history of warfare records.

So what? So freedom, democracy, and all the rest were preserved and made forever secure? Just where—in Italy, in Germany, in Russia, in Poland, in Yugoslavia—where?

The bright moral issues of 1917 don't look as clear now as they once looked. We may be 120,000,000 energetic idealists, but we might be better off today if we had been just a bunch of suspicious cynics.

And that's the trouble. Go around looking for moral issue in the midst of a great war and you lay yourself wide open to the sale of a gold brick.

The one great lesson of 1917 is that if we are to protect our neutrality we must start long before the shooting actually begins.

## JOE BURROW AS BLACKFACE END MAN HAS SOLO IN BIG MUSICAL SHOW MAY 10, 11

That precision, volume, and abandon that go with an advanced stage of rehearsals was evident as the big cast of the Lions 1935 musical show practiced in its springtime stage setting in the city auditorium last night.

A similar rehearsal will be directed by John Sturgeon again this evening.

Among the soloists this year will be that lanky fellow who plays black-face, Joe Burrow. This year Mr. Burrow has the rollicking and

familiar song, "Pray for the Light to Go Out." Carpenters have finished elevating the rear of the stage, so that placing of flowers and vines can begin. Heralding the season, the clubmen will wear light Palm Beach suits and the 18 assisting local girls will wear frocks in pastel shades.

The show will be held at the city auditorium May 10 and 11. General admission tickets are going rapidly and reserved seat tickets are on sale at Fathree Drug No. 4.

others told the men as they set out. "Godspeed to you," the ten commissioners said, "and may you serve your country well."

The third commission was successful. The result of their finding is the site of Austin today. They did their task well; future generations have been proud of them. Texas Centennial celebrations of 1936 will center around Austin, La Grange, Houston, and those other historic cities that have had such a great part in the building of the state.

## Games in Texas Loop Rained Out

By The Associated Press.  
All Texas league teams had a forced rest yesterday because of rain. Three games were on today's schedule.

Tulsa was at San Antonio for a contest today. Dallas was prepared for a night game at Houston, and Fort Worth and Galveston were slated to meet in a night contest in the coast city.

Beaumont and Oklahoma City had an open date.

### MOTHER NECESSITY AGAIN

WAYNESBURG, Pa. (AP)—Homer Stephens' pet frog had a bad habit of jumping out of their pool in the garden.

Stephens of an inventive nature, thought a bit and then remembered the canary bird had died.

In the middle of the pond sits a bird cage with two frogs inside.

## Dusting The Covers Of Texas History For THE TEXAS CENTENNIAL CELEBRATION OF 1936

The report of the first committee to select a site for the centennial celebration was not accepted. Instead, another commission was appointed. Patrick C. Jack, ardent patriotic citizen of Brazoria, George Sutherland of Jackson and P. O. Lumpkin of Houston county were selected from the house. W. W. Baker of Washington and Emory Raines of Shelby and Sabine were selected from the Senate. January 31, 1838, Chairman Pat Jack put a notice in the paper for his committee to meet him at John Moore's on the Colorado (near Le Grange) on the first Monday in next March to select a site."

That committee reported a promising tract of land called "Elbin's tract," one mile from the postoffice lands in the "piera" (prairie) country. "East and South are never-falling springs and many farms in high state of cultivation with tolerable timbers, but but few countries on Earth can compare with."

Congress voted with a majority in favor of this Elbin's tract. San Antonio received one vote; Mound Leagu and Grove's Retreat received none at all. Black's Place, Bastrop, San Felipe, Nacogdoches, Comanche, Richmond were other possibilities that received from one to four votes apiece. Confidently the bill was turned over to Houston. Unexpectedly, he vetoed it. Elbin's tract was undesirable. It was not any better than San Felipe. Anyway, the government must remain in Houston until 1840, under the terms of the old contract.

Veto of that particular tract was a blow to the men, but persistent

Congressmen sent out a third committee to select a site "somewhere favorable. Perhaps that section of the country would be better than somewhere along the coast. The Colorado and Brazos were being settled rapidly.

This time the three representatives and two Senators were commissioned to select a site "somewhere favorable. Perhaps that section of the country would be better than somewhere along the coast. The Colorado and Brazos were being settled rapidly.

The place was to be named Austin, and there was to be enough room available for a university. Four leagues of land, at least, were to be purchased, for not more than \$3 an acre. For traveling expenses, commissioners were appropriated \$8 per day, to be paid half of it when they commenced their search and the other half when they returned.

"Leave the capitol where it is," indignant citizens said. "Select some site on the Colorado,"

# FULL LINE OF BEST KNOWN FOODS CARRIED BY PAMPA FRUIT, VEGETABLE STORE

Government-Stamped Meats Sold—Best of Quality Is Stressed in Selling.

Much of the success of the Pampa Fruit & Vegetable Market in its first year as a grocery store—a year of sensational expansion—is attributable to the full line of standard brand foods which are carried on its shelves.

## Owner-Manager

(Wirsching Photo) E. B. BUTTERICK Owner and Manager

A Modern Store He has expanded his market so that it is a thoroughly modern, well-stocked store, the kind in which the careful housewife, as the skilled buyer that she is, can find pleasure in shopping.

As an example, he chose Gold Medal kitchen-tested flour as a staple item in his establishment. This brand and Great West are in constant demand, as well as the other flours carried in stock.

But, while stocking nearly every food likely to be used in this section, he has given special attention to his produce and meat departments. He is well aware that the modern house demands for both canned and fresh fruits is based on a sound health program.

From Fruit Belt The Del Monte brand of the California Packing company is known to every buyer. The fruits and vegetables—only the best—are packed in the heart of the California fruit belt. The label means vitamin-protected foods—the best that money can buy.

Equal attention is made in selecting fresh fruits and vegetables. The market's trucks range far and wide in the search for the best. Keeping a constant supply of dependable produce is more of a task, Mr. Butterick says, than most persons imagine.

Choose Birds Alive The fowls are not dressed in advance, but patrons select their birds alive and wait for them to be dressed. This service has proved to be very popular here.

Only government-stamped corned beef, fresh-killed pork, and spring lamb are handled. First quality products, such as Armour's Star, Cudahy's Puritan, Dold's Niagara, and Wilson's Certified are sold.

Customers of Pampa Fruit & Vegetable Market also find ample stocks of fancy and staple groceries.

## PAMPA FRUIT & VEGETABLE MARKET CELEBRATES FIRST ANNIVERSARY AS GROCERY

OWNER E. B. BUTTERICK HAS MUCH SUCCESS IN FIRST YEAR AFTER EXPANSION—HE ALSO OWNS COLTEXO STORE

Pampa Fruit & Vegetable Market, located at 204 North Caylor street, this week celebrates its first anniversary and points to its phenomenal growth in this city in a single year.

The market is owned and managed by E. B. Butterick.

### Personnel

A. J. TAYLOR  
In charge of Meat Department

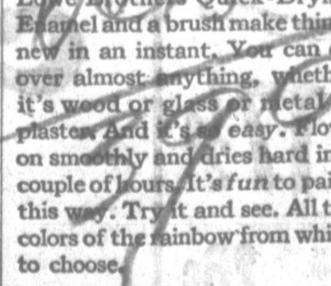

W. B. STILL  
Market Man

GROVER FRIAR  
Head Checker

TERRELL COBB  
Delivery Service

JAMES MANATT  
In Charge of Advertising

Mr. Butterick also owns the Coltexo grocery at the Coltexo camp, where Joe Altman is manager.

The local market formerly dealt in fruits and vegetables, but about a year ago Mr. Butterick decided to remodel his place and put in a full stock of meats and vegetables. In order to buy for less and sell for less, decided to operate a strictly cash store in Pampa. The result offers its own testimony.

The store employs twelve persons regularly, eleven of whom are pictured on this page. Extra help is employed in rush periods.

**Stresses Courtesy**

Mr. Butterick has been active in the grocery business for about eight years. In common with a number of successful Pampa firms, he started in a small way and gradually built up a reputation for good merchandising. He insists that his employees be courteous and helpful, sparing no effort to make the customer satisfied with his purchases.

In carrying this policy, he has sought to purchase all poultry and eggs locally if possible. This plan assures freshness and quality and, at the same time, helps to build up the Pampa territory. Fresh country eggs have long been one of his featured items. He well knows that the housewives wish this service and that nothing is more vexing than bad eggs.

**Watches Details**

The Coltexo store is based upon a desire to render a specialized service to oil field employes. Accordingly, a credit basis for purchases has proved very satisfactory alike to the store and its patrons.

Mr. Butterick gives very close personal attention to his stores, believing that first-hand knowledge of the wishes of his patrons is necessary to please them. He has no fancy names for his services, believing that what the public wants is efficient and courteous attention, dependable delivery, and good prices.

**Dependable Delivery**

The free delivery service is built upon this assumption. No order is too small, none too large to get the same careful attention, it was emphasized.

Mr. Butterick has great faith in the Pampa territory. He readily ascribes much of his success to choice of this city and area as a place in which to do business during the depression.

He believes that conditions are steadily improving, and points to his own record during the last year as evidence. That his store has expanded almost sensationally reflects, he believes, the sound condition of Pampa business.

**Put These TWO MAGICIANS TO WORK!**

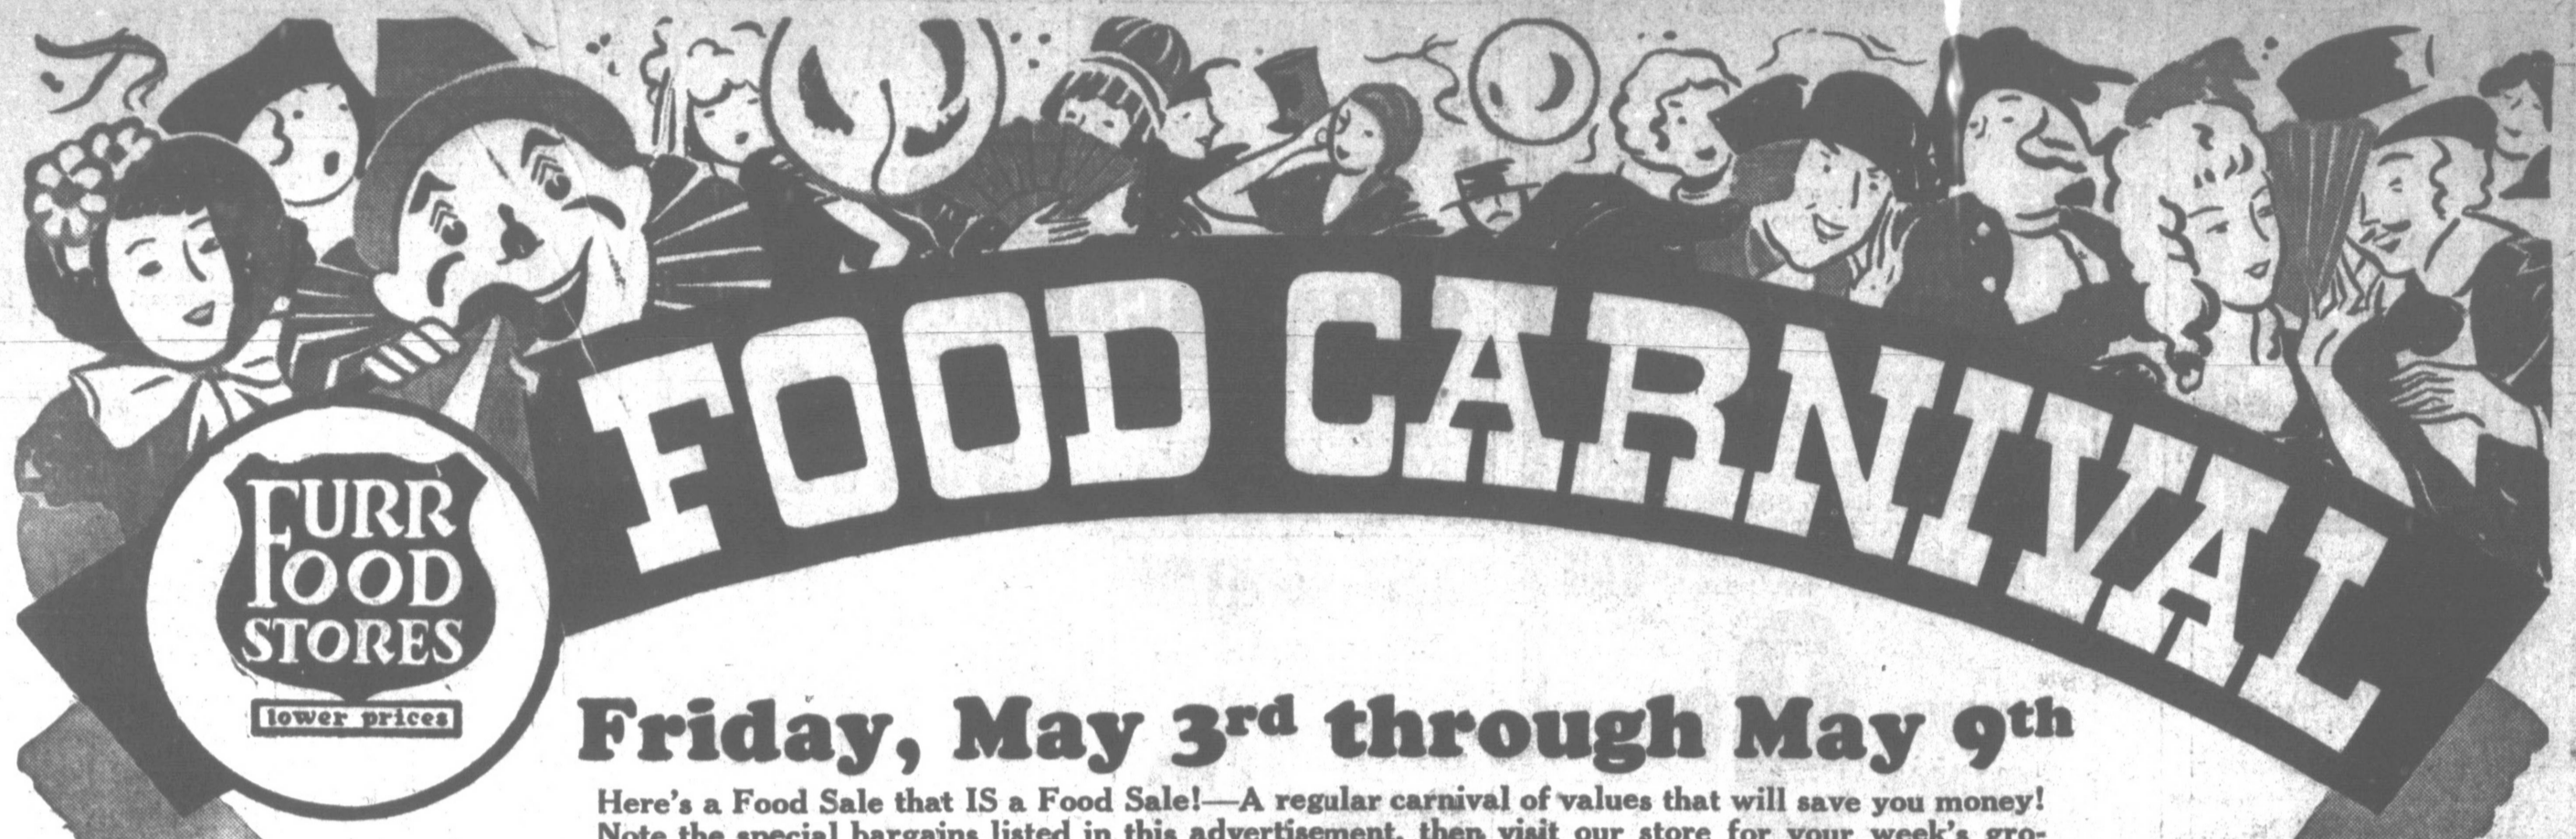

Love Brothers Quick-Drying Enamel and a brush make things new in an instant. You can do over almost anything, whether it's wood or glass or metal or plaster. And it's so easy. Glows on smoothly and dries hard in a couple of hours. It's fun to paint this way. Try it and see. All the colors of the rainbow from which to choose.
