YOUNG AMERICAN MISSIONARY-PHYSICIAN IS KILLED BY AN ITALIAN BOMB

GREAT BRITAIN IS CRITICIZED FOR 'BETRAYAL'

PEACE HOPES FADE AS IL DUCE GROWS COOL

JJUGA, Ethiopia, Dec. 14. (AP)—The explosion of an Italian bomb has cost the life of a 28-year-old American missionary, Dr. Robert W. Hockman.

The former Wheaton, Ill. resident, was blown to death at Baggha Bur, on the southern front, while handling an unexploded Italian bomb yesterday. It was learned today.

Since the outbreak of hostilities Dr. Hockman worked untiringly for the Ethiopian Red Cross, establishing the first medical unit on the front.

"We have lost the most valuable, most efficient Red Cross worker in Ethiopia," said Dr. T. A. Lambie, secretary-general of the Ethiopian Red Cross. He praised Hockman's heroism when Daggha Bur was bombarded recently.

The young United Presbyterian missionary is survived by his widow and a one-month-old child, who are now at an American mission in Egypt. She formerly lived at New Concord, Ohio.

While in the war area, Dr. Hockman made a hobby of studying bombs. He recently supervised the digging out of a nine-foot unexploded projectile at Daggha Bur.

British Embarrassed

Diplomatic disclosures bobbed up Saturday to embarrass further the British government, already on the defensive for its part in the peace plan it worked out with France.

An official foreign office "white paper" disclosed:

1. That Great Britain instructed its minister at Addis Ababa to use strong pressure upon Emperor Haile Selassie to have him accept the peace plan.

2. Britain hinted to Premier Mussolini that if he would negotiate over the formula a threatened league oil sanction would be called off.

The plan found few friends except in official London and Paris circles.

60 FFA Boys and Their Teachers Hold Convention

Sixty boys and their teachers from F. F. A. clubs of this district met here yesterday. O. T. Ryan, superintendent of agricultural education at Texas Tech, Lubbock, was present to take part of the program.

After the program by vocational agriculture students, the teachers had their district meeting. Lunch was served in the high school cafeteria at noon, with the Pampa chamber of commerce as host. Supt. R. B. Fisher and Principal L. L. Sone welcomed the visitors to Pampa.

Mr. Ryan complimented the school here on its vocational agriculture department, which is the largest of any school in West Texas and the only one employing more than one teacher.

Teachers present, each accompanied by a group of students, were George P. Groat of Panhandle Harlan Howell of Claude, J. N. Hill of Clarendon, Walter Lamb of Estelina, E. W. Carter of Memphis, Clyde McGee of McLean, W. L. Combest of Miami, J. L. Lester and A. E. Frazier of Pampa.

MRS. DAVIS TO BE ASSISTANT RELIEF HEAD

District Setup to Change January 1; Amarillo to Be Administrator.

Swiftly changing relief administration plans will come to a climax January 1, when the new set-up will take form in an enlarged district headed by Mrs. Cornelia Patton of Amarillo as administrator. Mrs. W. E. Davis of Pampa will be assistant administrator, with as yet unannounced residence.

The present district relief administration headed by S. H. Halls will be discontinued January 15 and the personnel released or transferred. These changes are part of a statewide economy move in which 3,000 workers will be relieved of their jobs in the relief staffs. It is expected by the fact that names are being taken from relief rolls as rapidly as the men and women are given WPA jobs.

Every jobless man and woman in Gray county has been assigned to some WPA project, and soon will be working. Unemployables will until April 1, be cared for by the twelve case workers and several disbursing officers in the new 20-county district. On April 1, old age pensions and local relief are expected to assume the care and support of unemployables. To be employed, a person must, if requested, furnish a physician's certificate describing the disability.

As of December 12, there were 995 unemployables not assigned to WPA jobs in this relief district and 224 unemployables. There were 162 men and 62 women unable to work, distributed as follows: Collingsworth 26 men, 11 women; Donley 11 men, 2 women; Glasscock 3 men, 3 women; Hansford 10 men, 2 women; Hemphill 17 men, 7 women; Hutchinson 22 men, 10 women; Lipscomb 16 men, 5 women; Ochiltree 8 men, 4 women; Roberts 2 men, 3 women; Wheeler 24 men, 6 women.

The unassigned employables, all of whom will have jobs by the end of December, were distributed as follows: Collingsworth 300, Donley 79, Grav 145, Hansford 58, Hemphill 42, Hutchinson 88, Lipscomb 97, Ochiltree 89, Roberts 14, Wheeler 86.

WPA projects in Gray county include the Albrecht-LeFors and McLean-Hedley roads, Pampa tennis courts, sewing room at Pampa, sanitary project (rural), tax survey (awaiting supervisor but men drawing pay for reporting daily), race track at Pampa, fairground-park and bridge east of the north ward school.

City manager C. L. Stine has completed placing of 700 stakes for the half-mile race track, for which grading has been started. Dirt

PAMPANS ASKED TO GET NAMES FOR CHRISTMAS

Request Directed to Persons Who Give Baskets

Pampans who annually give Christmas baskets to needy families after obtaining names of the latter from the relief office are requested to call for such names this week.

The relief office will close Saturday, December 21, for the holiday period, to re-open December 26. Names will not be available during this closing time.

A Christmas tree for children of needy families will be held at the city auditorium at 7 p. m. December 23. A committee of club women will direct this event, and will distribute toys, fruit, and candy provided by women's clubs, civic clubs, and other citizens. Toys for boys and money for buying candy and fruit are greatly needed. Contributions may be given to THE NEWS.

Pampa Lions next Thursday will take toys for boys to their luncheon, to decorate a tree in connection with the Christmas program, then the toys will be given to the tree for the needy.

Because of the uncertainty and inadequacy of relief during the last several months, there are many families here whose Christmas will be barren unless thoughtful citizens remember them.

Below is the second and last of the series of articles explaining the package sales law.

(By The Associated Press.)
Authority to enforce Texas' package sale by licensed dealers regulatory law is lodged mainly in the state liquor control board and its administrator.

The old principle of enforcing liquor regulations against sellers mainly by criminal prosecutions is abandoned. The new approach is predicated upon licensing all commercial handlers with the board empowered to cancel permits, thus penalizing offenders.

Sale of liquor without a license is prohibited and that offense, along with violations in the manner of sale, subjects a person to misdemeanor penalties. Criminal prosecution, of course, will still be the main enforcement weapon in dry areas where no license may be issued except for medicinal liquor.

Governor Allred has appointed a policy-forming board composed of a dry, Chairman D. B. Benson of Bowie, and two liberals, D. J. Decherd of Flatonia and J. W. Williams of Port Arthur.

An administrator, vested with wide authority, may receive up to \$5,000 annual salary and serve at the board's pleasure. Terms of board members however, are fixed; Benson's is six years, Decherd's four years, and Williams' two years.

Permits believe revocation of permits will be the strongest weapon in enforcing the act, for that reason it will not be wholly dependent upon local officers. It is also the board's duty to assist officers in criminal prosecutions.

Importance of the board in administration arises from the premise stated in the act that "unless otherwise herein expressly excepted it shall be unlawful for any person to manufacture, sell, possess for the purpose of sale, import into this state, or transport any alcohol or

Hauptmann Sure Something Will Happen In Month

TRENTON, N. J., Dec. 14. (AP)—Bruno Richard Hauptmann, convicted murderer of the kidnaped Lindbergh baby, learned today that the week of January 13 has been set for his death in the electric chair.

With grave politeness he thanked the unnamed prison guard who brought him the news, and reiterated his conviction that "something will happen so I won't go to the chair."

A short time later he received a visit from his spiritual adviser, the Rev. John Matthieson, of Trenton, who found him as cool and composed as he had been throughout the six weeks' trial at Flemington.

"He knew what was coming up," the minister said. "The news really made no impression on him. He is full of confidence in the fact that the state of New Jersey does not intend to permit a murder."

Should all of the eleventh hour efforts of his attorneys fail to save him, Hauptmann will probably go to the chair exactly a month from today. Although he may be executed any time during the week designated, the custom at state prison is to have executions on Tuesday night about 8 p. m.

Miss Marie Baggerman, daughter of Mr. and Mrs. C. N. Baggerman, is undergoing treatment at Pampa-Jarrett hospital.

SIX HERBERT HOOVERS PARADED BEFORE ROOSEVELT

WASHINGTON, Dec. 14. (AP)—Six Herbert Hoovers from whom to choose a republican presidential candidate and a Harry Hopkins who took over control of the tide from the moon were paraded before President Roosevelt and a distinguished group of guests tonight by the Gridiron club.

In the semi-annual dinner of the famed dining club, Washington newspaper correspondents whittled news events into good and morose bars which they flung with impartial hands at those who hold the reins of the nation.

Most of those who figured in the pointed drama and song were present to see themselves marched across the stage. From the scene of merriment emanated a report that President Roosevelt and Norman Thomas spoke. But there are no reporters at gridiron dinners.

Some of the dramatic skits showed: William Randolph Hearst, Arthur

To Speak Here Three Times Tuesday on 'White Plague'

Dr. Elliott Mendenhall, of Dallas, who will speak three times here Tuesday on prevention and cure of tuberculosis, is giving much of his time to the cause. He comes here on invitation of the Gray-Wheeler County Medical association, which he will address at 7:45 p. m. Tuesday at the Methodist church dining room.

He will speak to students at 10:15 a. m. and to parents, teachers, and the public generally at 3:45 p. m. in the city auditorium. No admission charges will be made.

In 1930, Dr. Mendenhall was given the George C. Wilson award by the Dallas Junior chamber of commerce for having, as a young man, rendered the most noteworthy service in the city for that year. This was for his work with the Y. M. C. A., Boy Scouts, Big Brothers club, and in tuberculosis control.

DIRT SWIRLS IN DUST BOWL ON SATURDAY

Headlight on Cars Used During Day at Liberal; Visibility Is Limited.

A 15-mile an hour wind clouded the air with fine dust late yesterday. Lower temperatures accompanied Pampa's latest dust storm. The forecast was for fair as well as colder weather, however. A low of 30 degrees was predicted.

LIBERAL, Kan., Dec. 14. (AP)—A bad dust storm that began early this morning and caused motor car drivers to use headlights on highways during the day subsided tonight.

A strong north wind brought dust to other nearby towns, reports here said, before the skies cleared at dusk.

GUYMON, Okla., Dec. 14. (AP)—Blowing dust scourged the Oklahoma Panhandle again today, but less severely than last spring's day-long blizzards.

A cold north wind stirred loose topsoil from barren fields, but the dust found the people of the panhandle with the preparations to fight it.

The sweeping silt reduced visibility to a quarter-mile, striking the countryside with fear of a recurrence of the April and May dusts. Absence of moisture, even in the subsoil, made the land easy prey to the wind. Texas county has had only 11.05 inches of rain in a year, and only 83 inch in the last two months.

"We are not able to find subsoil moisture anywhere," said Herb Cavett, manager of an erosion control project north of Guymon.

Dust prevention plans have been made, but men have not been available for the 25,000-acre project. Cavett said he asked the works progress administration for 196 men and got only 60. He said the shortage resulted from higher wage scales in surrounding states and the fact that farmers accepting rural rehabilitation loans were ineligible for the work.

2 Cars Wrecked, 7 Persons Hurt, Four Charged

The Pampa-LeFors road which is becoming known as the most dangerous highway in this area was the scene of another collision Friday evening, result g in injuries to seven persons, none serious.

The Vern Ferguson family of Kellerville, a couple with their small child en route home, was in a Chevrolet coupe which was in near head-on impact with a Plymouth automobile driven by a Pampa hunting party. Both cars were wrecked. The place was just beyond the underpass about six miles from here.

Officers of the sheriff's and constable's departments made an investigation and Sheriff Earl Talley filed a complaint naming the Pampa men, who were arrested here, where they sought treatment of injuries.

Passing cars brought the principals to Pampa, several to Worley hospital.

Elmer Casada was identified in the complaint as driver of one car, and he was charged with operating the vehicle while "drunk and under the influence of liquor." The complaint also presented that E. E. White, Clarence Strickland, and L. A. Stafford "did aid and advise the said Elmer Casada to drive and operate said automobile when the said Elmer Casada was drunk and under the influence of intoxicating liquor."

Casada, who suffered painful head and leg injuries, was released on \$1,750 bail bond, but the other occupants of his car had not been arraigned last night.

WACHENDORF ACQUITTED AMARILLO, Dec. 14. (AP)—A district court jury today acquitted Herman Wachendorf, former deputy constable, of murder for the night club slaying of R. W. (Pat) Graves here last Sept. 15.

The verdict was returned after a two-hour deliberation.

Graves was slain during a fight at the defendant's club. Wachendorf pleaded self-defense.

SAYS RANGER STAGED FAKE RESORT RAID

SHOUTS ANGRILY THAT COMMITTEE HAS BEEN UNFAIR

AUSTIN, Dec. 14. (AP)—Governor James V. Allred told a legislative investigating committee in a tense hearing today that Tom Hickman, Ranger captain recently discharged but failed to close gambling establishments as ordered and had staged a fake raid.

The hearing was held immediately after the governor dramatically appeared in the capitol press room where members of the committee were conversing, and demanded that he be allowed to testify as to events leading up to Hickman's release by the public safety department.

In a statement read into the record, Governor Allred, in addition to charging that the former Ranger captain had been dilatory in moving against gambling resorts, declared politics was behind the investigation and that public officials had been slurred.

He asserted that while he was governor "big shot" gambling could not operate in Texas and the state was not yet ready for the "gross liberalism of Chicago of the big time racketeers of the east."

During cross-examination by chairman Sam Hanna of Dallas and Rep. John Atchison of Gainesville, he pounded the table with his fists and shouted a denunciation of what he said was the "unfair" manner in which the majority had conducted the investigation.

J. B. Ford of McGregor, the other committeeman, also was present. The governor's visit to the press room followed a declaration by Atchison that he would not admit Allred's statement into the record unless it was given at a formal hearing.

"I'm ready to testify right now," he shouted, bursting into the room. "Get a court reporter to take the testimony and ask me any question you want to."

A reporter was hastily summoned from the county courthouse, and a little group of committeemen, the governor's secretary and newspapermen marched to a house of representatives in the capitol room. They were soon joined by L. G. Phares, chief of the safety department, and Ranger captain J. W. McCormick, who had figured in previous testimony.

The governor testified that early in his administration he had ordered Hickman to raid a resort near Fort Worth and the Ranger failed to do so. He said that a little later Ranger captain Fred McDaniell seized large quantities of gambling equipment at the place, and that as long as McDaniell was stationed at Fort Worth the resort was closed.

After the safety department was organized and Hickman was made Senior Captain, the governor continued, Hickman instructed Bangs to make no gambling raids except on direct order from him, and created a "shoestring" district under his charge to include all the big gambling areas in the state.

"After several oral instructions to Tom Hickman to put a stop to these 'big shot' gambling houses, Phares wrote a letter to him giving written instructions to close these big gambling houses," Allred testified. "Hickman didn't close the gambling houses. He made no effort to do so."

The governor said that subsequent to the hearing.

Deportation of Alien Criminals

Civic clubmen are beginning to take notice of U. S. deportation laws and the abuses which surround them. Incredibly cruel family separations are noted, on one hand, in contrast to political racketeering on the other. Under existing law, any judge or even police court magistrate can avert the deportation of an alien criminal, but not even the President of the United States can prevent deportation of an alien who is of good character. A proposed new law would provide for limited discretion in staying deportation of aliens of good character who have been in this country 10 years or have members of their immediate families here as citizens. It would make it possible to deport for one crime involving moral turpitude without regard to length of residence; render racketeers and gangsters convicted of carrying dangerous weapons subject to deportation; subject the violator of state narcotic laws to deportation on the same terms as violators of federal acts; make the alien who smuggles other aliens into the country deportable—the present law enables the deportation of the alien who enters illegally but does not permit deportation of the alien smuggler.

Immigration to this country has dropped from more than a million a year to between 30,000 and 40,000 a year. For several years, more persons of foreign birth have returned to their native lands than have come here as immigrants. The alien, contrary to popular opinion, is no more a menace to our form of government than are native Americans. A few hundred aliens of criminal fame have given the illusion of this condition. There are 4,922,000 aliens in this country, of which about 1,500,000 have directly or through their parents applied for naturalization. There are about 100,000 subject to deportation for illegal entry or other causes. Alien seamen, numbering from 250 a year upward, enter this country illegally and about half of them remain. About 289,000 Mexicans have no legal right to live in this country.

In the administration of the immigration laws, however, there is found to be a tendency of political groups to coddle the alien criminal, yet deal with severity with the alien of good character. Husbands are being torn from their American-citizen wives and children. Often the husband is deported to one country, the wife to another, and the children to a third—separating them beyond any possibility of reunion. Certainly such laws are barbarous and un-American, unworthy of a humane nation. If the law is not changed, 7,000 husbands must be deported immediately, and 5,000 wives and children taken from their American-citizen husbands.

Now that Fred Astaire is to become a dad, the theme song for his next glide may be "It's Three O'Clock in the Morning."

To date, Ethiopian military strategy might be summed in an "Ole Bill" parody—"If you know of a better bush, go to it."

Pampa Schools Win High Rank

Pampa schools have been retained on the all-Southern accredited list without reservation, according to a letter to Supt. R. B. Fisher from J. W. O'Banion, chairman of the Texas committee.

Ky., December 2-4, voted without a single reservation to retain your school on the accredited list of the association for the current year. This is a very distinct honor conferred upon your school, because a very small percentage of the high schools with membership in the Southern association escaped either a letter advising or warning concerning sub-standards in one or more points.

His letter follows: "I am very pleased to inform you that the Southern Association of Colleges and Secondary Schools in its annual meeting at Louisville, Condition of Mrs. L. O. Cox, who has been critically ill in Pampa-Jarratt hospital for several weeks, was somewhat improved yesterday."

quently in his office he asked Hickman why he had not closed the report and Hickman replied he would try to do so but "it would take time."

"I told him that none of them were operating when he took over his duties as senior captain and that now they had all reopened," the governor explained. Allred said that McDaniel had kept the place closed "during the dull season" and that the operator wanted to open only during the racing season.

He said Hickman made various objections that a search warrant would be needed, that the place was surrounded by a high fence and that fierce dogs kept guard. Hickman raised every suggestion that a good criminal lawyer could raise, he said.

Later Hickman made the raid, but seized no equipment, which had been removed to another room. The governor said Assistant Attorney General Letcher King told him he was in the resort at the time for curiosity and was "disgusted" with the way Hickman conducted the raid.

He testified that Polk Shelton, Austin attorney, told him Hickman came in with three Rangers, made no search, merely looked around and left.

A few days later Captain McCormick and Ranger Private Sid Kelso raided the place, cutting wire entanglements, and seized about \$8,000 worth of gambling equipment.

The governor said he was informed that on the way from Austin to Fort Worth Hickman told some plain clothes men from the highway patrol "this was going to be the worst slam the public safety commission ever had."

Quotes Conversation "Governor, have you accused Tom Hickman of having tipped off that raid he made?" Rep. Atchison asked.

"He came in after the commission fired him and said he wanted me to intercede with them to keep him," Allred said. "I told him I wouldn't do it, and he wanted to know why."

"I said, 'To be frank with you, Tom, you have been inexcusably negligent. You have fired men off this force for being less negligent than you have been, and to be most charitable you haven't done a thing since you have been a Ranger. You have laid down on this job, and I am not going to intercede for you.'"

Chapter XXXII The federal men pushed Doc Jeckers ahead of them, into a room which seemed to be both living room and waiting room, and dumped him unceremoniously into a chair.

While Larry Glenn and Matthews stood by him, Gunderson walked through the apartment to the back, opened a window and stuck his head out. In the alley, loitering at the gate in the old board fence, were Al Peters and Tony LaRocco.

"Hey," yelled Gunderson. "Come on up, rents." He returned to the front room. Doc Jeckers was still glaring up in helpless defiance at his captors.

"Now that you're here, what do you want?" he demanded. "You know that warrant don't mean anything. It's easy to get one, but making it stick is something else. What do you want?"

"You, chiefly," said Larry calmly. He whistled softly, as if preoccupied with something else, and looked with studious care all about the little room. While he was doing so—

and while the prisoner eyed him with uneasy wariness—the hall door opened and LaRocco and Peter appeared. They surveyed Doc Jeckers coolly and dispassionately, and then looked questioningly at Larry.

"Well, boys," said Larry, "we might as well find out what sort of place the doctor has got here. Let's go." Gunderson pulled up a chair and sat with his knees touching Jeckers', looking at the shrunken little man with an air of amiable menace.

The other four men immediately set to work to show how trained, experienced detectives act when they are giving an apartment a search.

They went through the little living room with a fine tooth comb. They penetrated into an inner office, with a surgery adjoining it, and pried there. They went on to bedroom, bathroom and kitchen; and half an hour later they returned to the room where the doctor sat, looking as if they had discovered ample evidence of untold infamies.

"How about it, Jeckers," said Matthews suddenly, coming to a halt in front of the little man, his hands on his hips. "Want to tell us all about it?"

way into his inner office, where Jeckers was planted in a chair, with the five agents gromped about him in an irregular semicircle.

Larry sat on a desk, his hands clasped about one knee. "I'm not going to call you doctor," he began. "You're a disgrace to the medical profession. If I say 'Doc' it is just a handy nickname, not an abbreviation for doctor. See?"

Jeckers looked up impassively, as if insults had long lost all power to stir him.

"Within the last three days," said Larry, "you gave treatment to a man suffering from a bullet wound—in the shoulder? Thanks." Jeckers flared up: "I didn't say yes! I didn't say a damn thing. You can't frame me that way!"

"Nobody's framing you. You treated a man who had been shot through the shoulder. I want to know who the man was, where you treated him, who called you, where the man was staying, and who was with him. I'm reminding you now that by treating this man you made yourself liable to a prison term. You may be able to help yourself somewhat by giving me this information."

Unexpectedly, Jeckers leaned forward confidentially and tapped Larry on the knee. "Listen," he said, grinning sardonically. "I been around here a long, long time, and I know a lot of birds that're so hard they make you little government men look like Sunday school boys. And if you think that you can make me turn copper—"

He leaned back and his grin became bitter. "Come again, Whiskers," he said. "It just won't work. This's a bum rap you're giving me with that little warrant of yours, but I can take it. I—don't—talk. See?"

He thrust his seamed, dried-out face up; the face that seemed to face up; the face that had pitilessly written all the degradation and shame and evil that can come to a man of talent and culture who elects the downhill road and follows it to the uttermost depths.

"Okay," said Larry calmly. "Can we let him cool a while?" He turned to Matthews, who opened the door to a small waiting room which opened off his office. The room was almost bare, having for furniture only a plain table and two straight-backed chairs. One window looked out into an inner court; a second door opened into the inner hallway of the suite of offices.

Matthews crossed the room, locked the door leading into the hall, put the key in his pocket, and beckoned to Gunderson to bring Jeckers into the room.

Matthews agreed. "There's this, too," he pointed out. "Unless I misread the signs also, he hadn't had time for his morning snifter yet. Along towards lunch time he ought to be getting tolerably restless."

"Well, we've done our good deed for the day, whatever happens," said Larry at last, leaning back in his chair. "We've landed old Doc Jeckers—and if we should fail to make this rap stick, the Chicago police will undoubtedly have plenty to hang on the old bird to put him away for a good stretch. And that's really a good deed."

He put his hands behind his head and looked absently out of the window.

"It's a long, long chain," he said meditatively. "The chain that keeps organized crime going. The bandits are the smallest part of it. It's the crooks down along the line who make it possible for the gunmen to operate, that really do the damage. The crooked lawyers, renegade doctors, slyster financiers who'll handle hot hands, unscrupulous hotel owners who harbor them, politicians who'll protect them—getting them is just as important as getting the men who carry the guns."

"Well, we've snapped one link in the chain here this morning. And when we get back to Dover we're going to snap a few more. And meanwhile—"

He left the sentence unfinished and looked out a blue Lake Michigan, with a plume of smoke lying in a long, blue-gray smudge against the clear horizon.

Lunch time came and went, and the afternoon wore along. At last Matthews tapped on their door.

"Come along," he said. "He's cracking."

"For the love of God," came a hoarse cry, "give me that little box! I'm dying! See—I can't stand still! It's killing me! Please, please, man—God!"

Larry looked at Matthews with narrowed eyes.

"This isn't a pleasant trick," he said, "but there's no dodging it." He opened the door. Jeckers was pacing the floor feverishly.

"Please, mister, for the love of God—" he began. Larry drew him to his feet and thrust him into a chair.

MARKET BRIEFS

The Associated Press index of industrial activity, adjusted for seasonal variation, stood at 86.7 per cent of the 1929-30 average, this year's highest.

Motor car output, at 103 per cent of the 1929-30 average on a seasonal basis, recorded a unit output to mid-year.

SCHREINER WINS KERRVILLE, Dec. 14. (P)—Schreiner Institute claimed the Texas Junior college football championship tonight after defeating the College of Marshall 7 to 0 here. A challenge from Amarillo Junior college claimant to the right to meet the winner for the title, went unheeded, coaches of Schreiner and Marshall agreeing after a scoreless first half that the game here should be for the state title as far as they were concerned.

29,630 Sooners Are Quarantined

HOBART, Okla., Dec. 14. (P)—Strong hopes for an early lifting of the meningitis quarantine were given tonight to Kiowa county's shut-in residents through an announcement that rules and regulations for ending it would be given out tomorrow.

Dr. J. L. Adams, county health officer, posted the notice. The health officer said he would make known tomorrow "how the quarantine will be lifted," and while he did not say when, it generally was understood the time would be right after the weekend, probably Monday.

All the customary activities of the 29,630 residents of the county were paralyzed.

SANDIES BECOME FAVORITES TO WIN STATE CHAMPIONSHIP AGAIN BY BLASTING SAN ANGELO BOBCATS 25-0

(By The Associated Press.)
Amarillo, Wichita Falls, Greenville and Corpus Christi will compete in games Friday and Saturday of this week for the right to enter the finals of the Texas high school football championship. The Amarillo-Wichita Falls game will be played in Amarillo at 2:30 p. m. Saturday. The Corpus Christi-Greenville contest will be decided a day earlier at Greenville.

WICHITA FALLS, Dec. 14. (AP)—Scoring a touchdown in the last 9 seconds of play the Wichita Falls Coyotes defeated Dallas Tech, 19 to 13, here today to advance into the semifinal round of the state championship schoolboy race. Stephens plunged through the left side of his line from one foot away for the deciding touchdown after the invading Dallas eleven had remained in the lead all the way.

The Wolves moved into the lead in the first period when short passed to Kele for 26 yards and a touchdown. Fite kicked the extra point for a 7 to 0 advantage.
In the second Wichita Falls came back with its first touchdown, but failed to kick the extra point. From the 44-yard line Neal passed deep to Stephens on the five yard line and he stepped over the goal line. Tech again went to the air for its second score short passing to Womack from the Coyote 40. Fite's kick failed and the Wolves led by 13 to 6. Early in the fourth quarter Kelly passed to Corbell and then to Hill for fifteen and six yard gains and a touchdown. Lyon failed to register the extra point kick and the invaders led by 13 to 12.

Wichita Falls grabbed its final opportunity in the waning minutes of the game when Swain broke through the line and blocked Short's punt to give the Coyotes the ball on the Dallas 38. Hill taking a double lateral from Stephens to Swain circled right end to the four yard line and Neal and then Stephens in two plays bucked it over. Kelly counted the extra point to bring the final score to 19 to 12.

Tech rolled up twelve first downs to eight for Wichita Falls.
LIONS LOOK STRONG
MEXIA, Dec. 14. (AP)—Greenville high school won a semi-final berth in the Texas schoolboy football championship race today, defeating Mexia 19 to 7 with a brilliant show of line strength and the running and passing ability of Bert Marshall and Bill Easter in the backfield.

From the first it was evident Mexia had met more power than ever before this season as the two powerful little backs, slashing at holes the line made for them, skirted the ends, cut through center, and passed for consistent yardage.

The second period saw the visitors score three touchdowns in quick succession and kick one goal. Easter, McElreath, and Marshall made the counters and were the Greenville ground gainers all afternoon.

Lion Tosses Touchdown
Captain Ernest Lain of Mexia had only a few chances to show his passing ability but he gave the fans a few thrills, tossing to E. J. McKnight, Elliott Bowers, and Robert Blackmon. It was a pass that made Mexia's only score, in the third period.

Three times Mexia held for downs in the shadow of the goal posts, but Greenville held possession of the pigskin the greater part of the afternoon.
The first touchdown came when Easter drove one yard through center, and the second on a 30 yard pass. Marshall to McElreath. Marshall made the third on a three-yard cut through center.

Mexia's counter came on a forward pass, Lain to McKnight, who shot a lateral to Bowers.

Greenville sent a special trainload of fans here for the contest which drew a crowd that overflowed the stands and spread out over temporary bleachers in the end zones.

To Play At Greenville
By winning Greenville earned the right to meet Corpus Christi next Saturday. Mexia players and fans were unanimous in the prediction that the team will go far in the tournament.
Greenville won its way to the quarter-finals by the forfeit route. Tyler defeated the team on penetrations when they played a tie in the bi-district but Tyler was disqualified for playing an ineligible man, and Greenville got the call.

Greenville and Corpus Christi officials met here after the game and decided to play their semi-final in Greenville at 2:30 p. m. Friday.

AMARILLO, Dec. 14. (AP)—The Amarillo Golden Sandstorm displayed the fury of a "black duster" to blast the San Angelo Bobcats from the state schoolboy football race, 25 to 0, in a quarter-final game here today.

The victory sent the Sandies, last year's state champions, into the semi-finals of the Texas Interscholastic league race. They will meet Wichita Falls next week for the right to go into the finals.

The Sandies uncorked a powerful running and plunging attack that crumpled the touted defense of the invaders. Try as they might the Bobcats were not able to check Amarillo's fast-charging forward wall and hard-blocking backs.

Karl Rice, who accounted for more than half of the Sandies' points, scored first early in the second period from the six-yard line to climax a 90-yard touchdown drive. Twenty yard runs by Rice and White placed the ball in scoring position early in the next quarter and Rice plowed four yards for the counter and then place-kicked the goal.

White circled end for five yards and another touchdown in the same period after a forward and lateral. Cleson to Taylor to Wisely, had netted a 29-yard gain.
A desperate passing attempt, which the Bobcats launched in the final quarter, backfired when Cleson intercepted a toss and raced 28 yards for the last counter of the game.

San Angelo made only three first downs, two on passes and the other as a result of a penalty, and made but 33 yards from scrimmage. Amarillo piled up 26 first downs and gained 436 yards rushing.

About 7,000 fans witnessed the contest.

Hardin-Simmons Quits Conference

DALLAS, Dec. 14. (AP)—Hardin-Simmons university withdrew from the Texas conference at its annual meeting here today, leaving the league with eight members. The withdrawal, first on the business shelf of the meeting, was accepted, and it was explained that Hardin-Simmons withdrew simply because it did not wish to continue in the conference.
Hardin-Simmons plans to seek bigger and better football games than in the past. The Cowboys boasted one of the best college teams in the country this season.

The conference voted that each member must play five conference championship games to win championship recognition. All other business was routine.

Mustang Colts Going to Bowl Game on Train

DALLAS, Dec. 14. (AP)—The Mustang Colts are going to the Rose Bowl—and not in a freight car or a moving van, either.

First class on the train—plush seats, diner and all—will travel 26 of Southern Methodist's freshmen football squad to Pasadena, Calif., there to watch their "big brothers" battle Stanford university on New Year's day.

Last week the Colts, talking thru split lips and walking on bruised legs received in almost daily scrimmages with the varsity team, made the rounds of Dallas in a futile attempt to get to that Rose Bowl game.

Today a Christmas bundle was dropped squarely in their laps. Playing "Santa Claus" was Wilfred Kurth, New York City philanthropist who knows his Texas, the Southern Methodist football team and Southern Methodist university itself.

Kurth heard of the plight of the freshmen footballers from "Bud" Sprague, his assistant secretary and former University of Texas and West Point gridiron star, and all-America tackle.

Wheeler's Lions Club Organized

WHEELER, Dec. 14.—With the assistance of Field Representative Roy Keaton of Weatherford, a group of Wheeler citizens met at the courthouse Monday night and reorganized the Lions club.

The club will meet twice each month. First luncheon will be Tuesday, December 17, at 12:30, with the home economics girls of the Wheeler high school serving. The program allows 20 minutes for lunch, 36 minutes for business, 5 minutes for special music by Robert Mayne.

Credit Body to Be Open Longer

The Pampa Credit association will remain open to 9 p. m., beginning Monday, to accommodate merchants who are closing later than usual.

On December 23 and 24, the association offices will remain open to 10 p. m.

The staff is now housed in larger quarters in the Rose Building.

SEEK BAYLOR GAME

MISSOULA, Mont., Dec. 14. (AP)—Kirk Badgley, athletic manager of Montana State university, said today negotiations were under way for a football game next year with Baylor university of Texas.

PERRYTON IS FINAL VICTIM OF CITY TEAM

LIBERAL, BORGER AND CANADIAN ARE DEFEATED

Pampa's iron-man basketball team played three hard games yesterday after 11 o'clock at the Perryton tournament, and in the last encounter defeated the Rangers 29 to 17 for first place and a beautiful trophy. More than 30 teams were entered. Channing's girls defeated Hartley's 60 to 33 in the final game.

Although no ratings had been announced, it was believed that Junior Strickland would be named all-tournament center, and that Stokes Green would be chosen all-tournament forward. Ayer's defensive performance was also considered the best in the tournament.

The final game was closer than the score indicated. Pampa led 14 to 11 at the half, and the game wasn't on ice until the Harvesters wore down Perryton's too-tall center who though taller could not get the jump on Strickland. Moose Hartman starred in the final game and was high-point man. Roy Lee Jones, guard, played his best game of the season. Ayer also played a great game.

Beat Kansans
The Harvesters played their first game in the tourney Friday afternoon at one o'clock, defeating the tall team from Liberal, Kans., 28 to 17. The Kansans who had bowled everything over in their section of the state, entered the game slightly over-confident, and before they had time to get their breath they were away behind. At the half, the Pampa tree-tops were leading 25 to 7, and Coach Mitchell sent in his reserves. Kitchens was the only one of the subs who was able to find the basket.

Strickland, Stokes Green and Ayer led the scoring. Roy Lee Jones made the first field goal for Pampa. The Harvesters and their coach returned to Pampa Friday night and went back to Perryton Saturday morning, leaving at 8:30 o'clock.

Near noon, yesterday they defeated a stubborn quintet from Borger 30 to 19. The game was close until the last few minutes of play. The score was 12 to 12 at the half, and only one or two points difference during the most of the game. Green, Strickland and Ayer were the high-scorers.

Canadian Loses 29-11
The third victory of the Harvesters found Canadian on the short end of a 29 to 11 score. Canadian gained the semi-finals by defeating Spearman. Perryton entered the finals by lacing Booker 28 to 18. Booker had whipped Morse and

Morse had won over Follett. Perryton, despite the six-foot-two-inch average of the Harvesters had the tallest team in the tournament. The Pampans found it difficult to get the rebound. The Rangers' center was two inches taller than Junior Strickland who is six feet four and can stand floatfooted, jump and grab the basket ring. Stokes Green was high-point man of the Canadian game in which the first string played most of the time.

Strickland and Green were the high-point men in the tournament. The final game of the tourney began at 9 o'clock. The Pampa-Canadian game ended at 7 o'clock.

One of the features of the event was the George Sisters Trio, singing "Take Me Back To My Boots and Saddle." The tourney queen, Miss Imogene Pitts, was presented, seated on an old time "chuck wagon" throne in a camp fire scene.

In connection with the final games and pageant, the presentation of awards was made. First and second teams in both boys and girls divisions given beautiful trophies. Individual awards will be made to players winning places on the mythical all-star boys and girls teams.

In addition to the above awards, a new class of awards is to be given this year. Honor awards were made to three boys and three girls chosen from among the entire field was made on the following basis: good playing, sportsmanship, and general appearance on the court. The honor awards were decided by a committee consisting of two officials and Coaches Otis Burf and E. D. Kelly of Perryton with Superintendent W. B. Irvin, the deciding factor in case of a tie.

With thirty-one teams entered, the Ranger annual invitation preseason basketball tournament Friday and Saturday was one of the major sport events of the year for that section of the Panhandle. Tournament play started at 8 a. m.

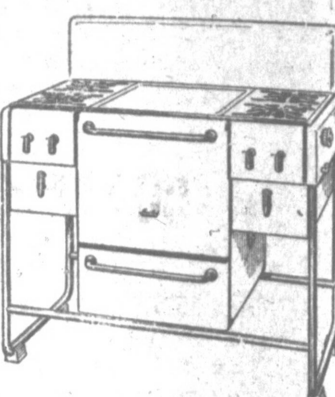

Friday, with afternoon and evening sessions that day, and with morning, afternoon and evening play on Saturday.

Thirty-one Teams Entered
Teams entered were: Boys and Girls, Borger, Miami, Booker, Balko, Spearman, Canadian, Darrouzett, Morse, Bethany, Blue Mound and Perryton; Girls only, Stratford, Channing, and Dalhart; Boys only Conlen, Liberal, Skellytown, Follett, and Pampa.

Officials who called the tourney games were Kenneth Kendrick, Groon, and Frank Monroe, Pampa. Kendrick worked in the tournament here last year and his decisions were very satisfactory.

Present Ranger Pageant
A distinct departure from the usual closing play of such events was the presentation of an elaborate pageant on Saturday night at the close of the final games. In keeping with the name, Rangers, early day life on the plains was depicted.

any liquor." Permits also are deemed "a purely personal privilege" not constituting property.

The board of its administrator may revoke or suspend, in some instances summarily, permits of those violating either the law or the board's regulations. In some in-

stances hearings are required. Either the board, its administrator, or agent may conduct a hearing. Persons whose licenses are cancelled have the right of appeal to the courts.

Penalties Listed

Suspension or cancellation of a permit also may be followed with prosecution on a misdemeanor charge. There are no felony offenses enumerated in the act.

which repealed the old state prohibition law.

First offenders may be fined from \$100 to \$1,000 or committed to the county jail for not more than one year. Second offenders face the fine plus a jail sentence of 30 days minimum.

Special offenses are defined in other sections. One prohibits possession of untaxed liquor and provides a penalty of a fine of \$10 to \$500 and a jail sentence up to six months.

City authorities and county commissioners may initiate proceedings for revocation of permits and the board, based on the general welfare, health, peace, morals and safety of the people of the state, warrants cancelling or suspending such permit.

Liquor Interests Banned

In addition to named offenses, the power of cancellation extends to the board if "there is any other reason which, in the opinion of the board, based on the general welfare, health, peace, morals and safety of the people of the state, warrants cancelling or suspending such permit."

To prevent liquor interests from influencing the board, the act prohibits employment of any person "who has any connection with any association, firm, persons, or corporation engaged in or conducting any alcoholic liquor business of any kind or who holds stocks or bonds therein, or who has pecuniary interest therein."

An additional prohibition is that no board member of employe may "receive any commission or profit whatsoever from or have any interest whatsoever in any purchase or sales of any alcoholic liquors."

Treasurer Sells Stamps

An appropriation of \$25,000 is provided the board to start operations. Upon repayment of that amount, a revolving fund of \$50,000 will be set up from revenues to finance administration.

The state treasurer will sell the tax stamps, which shall contain the words "Texas state tax paid." The duty of contracting for printing is incumbent upon the treasurer and board of control.

Board authority is given the board to "the extent of partially or wholly abrogating any provisions hereof which may be in conflict with federal law or regulations" in cooperating with the federal government in collecting liquor taxes at the source.

County tax assessor-collectors would continue to issue licenses for handling of beer of four per cent or less as under the previous regulation of 3.2 per cent beer.

Duties in four per cent beer regulation formerly imposed upon the comptroller under the 3.2 beer act were transferred to the new board.

The bridge is of an attractive design by Mr. Sline and Buster Kaufman, City architect. It will have 4-foot walks on each side for school children, with a hand rail between them and the traffic. The span will be placed 75 feet west of the old location to avoid a traffic hazard.

MRS. BARBER DIES; HIP BROKEN IN FALL; FUNERAL IS TOMORROW

Mrs. Constance L. Garber, 75, died Friday night in a local hospital. Mrs. Garber fell at her home on Sunset Drive several weeks ago, fracturing a leg. She had been in the hospital since.

Funeral services will be conducted at 3 o'clock Monday afternoon in the Church of Christ with the Rev. James Todd Jr. and the Rev. John...

George Carroll, Great Baptist Leader, Is Dead

BEAUMONT, Dec. 14. (AP)—George W. Carroll Sr., philanthropist and trustee of Baylor university, died of pneumonia in a local hospital this afternoon at 8:30 o'clock.

He was 80 years old and had lived here the last 62 years. Running on the prohibition ticket, Mr. Carroll was a candidate for vice president of the United States in 1904 and two years prior had been nominated for governor on the same ticket.

His largest single gift was \$100,000 to Baylor university. It was from this money that the science hall at the college was built. At the same time, his father gave the school a like sum, from which the Baylor chapel was built.

Mr. Carroll was at one time one of the state's wealthiest men, his fortune pouring in from his holdings in the Spindle Top oil field here and from his lumber interests throughout this section of Texas.

He gave away practically all of this to aid causes in which he believed. He was a well known figure who made his trip to town and back always on foot, and who was never without an umbrella hooked over his arm.

Mr. Carroll's health began failing several weeks ago, and a few days before his death he suffered an attack of pneumonia.

Funeral services for Joseph Lester Cary, 46, who died suddenly at his home Thursday night, were conducted at 2:30 o'clock yesterday afternoon in the First Christian church, which was filled with friends who paid their respect to a man who had been particularly prominent in veteran affairs in this city since 1919.

He came to Pampa in 1907 and served overseas for two years. Burial at Fairview cemetery, under direction of Pampa Mortuary, was with military honors conducted by the Pampa American Legion post and Pampa Veterans of Foreign Wars.

The Rev. John Miller, pastor of First Christian church, conducted services at the church and at the grave.

Mr. Cary is survived by his parents, two sisters and five sons. Pallbearers were Felix Stalks, Earl Talley, Roy Sullivan, Les Sullivan, Enos Archer, and J. E. Yoder.

Flowers were in charge of Mrs. Edwin Vicars and Mrs. Emory Noblitt.

Miss Marjorie Ericsson is a patient in Pampa-Jarratt hospital with a badly sprained ankle.

'Dark Angel' To Begin Today

LOVE STORY IS COMING TO LA NORA THEATER

Merle Oberon in Leading Role

WAR IN DESERT TO BE SEEN AT REX; WILL STAR RAINS

One of the most powerful and beautiful love stories ever filmed reaches the screen of the La Nora theater today, when Samuel Goldwyn's production, "The Dark Angel," starring Fredric March, Merle Oberon and Herbert Marshall begins a three-day engagement.

Adapted from a play by Guy Bolton, the screen play of "The Dark Angel" was prepared by Lillian Hellman, author of the smash Broadway stage hit, "The Children's Hour," and Mordaunt Sharp, who will be remembered for his stage success, "The Green Bay Tree."

Gripping Story
The story which is set in a quiet corner of lovely rural England follows the lives of a woman, Kitty Kane, (Merle Oberon) and two men, Alan Trent (Fredric March) and Gerald Shannon, (Herbert Marshall). Since childhood, Kitty has adored Alan, and Alan has adored her. The war takes both men and in the trenches there comes to Alan the realization of his love for Kitty. Home on leave, he tells her of his love, but their plans to marry are shattered by a sudden call cancelling all leaves.

When Alan is reported killed, Kitty's life is broken. After the war, she becomes engaged to Gerald, but in the eleventh hour fate steps in and the dream of her life is fulfilled in a gloriously happy ending.

"The Dark Angel" was directed by Sidney Franklin for release through United Artists.

LOYALTY OF BRITISH OFFICERS SEEN IN 'LAST OUTPOST'

A worthy successor of the famous "Trove of a Bengal Lancer," Paramount's newest contribution of the courage and loyalty of British officers in the face of grim warfare in the Arabian deserts and jungles.

BOYS' PLAY, 'FINGERS,' CATCHES ELUSIVE FANCY OF PAMPANS AS DEMAND FOR TICKETS INCREASES

That the play "Fingers," four-act drama in which 78 boys are the chief actors, has caught the elusive, fleeting fancy of Pampans was indicated yesterday when it was reported that local residents, including both children and adults, were going out of their way to buy tickets to the play which will be presented Wednesday evening at 8:15 o'clock at the city auditorium.

Tickets are being sold by members of the cast and at the American Legion hall on West Foster at 35 cents for adults and 20 cents for children, the latter including all students of local schools. Because the cast of the play is nearly all boys, the Legion which is sponsoring the presentation, decided to let all school pupils in for 20 cents each.

Unique and attractive posters advertising the play, and made by members of the cast are enrolled as students will be displayed by Monday in business places of the city.

Mrs. Florence Caskey, director announced that a rehearsal will be held this afternoon at 2 o'clock on the city auditorium stage. Dress rehearsal will be held Tuesday evening. She also said that because the play has the same scene in the four acts, there will be only one intermission and that only five minutes long. The curtain will close and open after the other acts.

Members of the cast, in the order of their appearance, follow: Mr. Grey, director of the boys club, Ely Fossille, Mr. Fossille appeared in numerous Little Theater plays here, and is a favorite of boys in the intermediate department of the Sunday school where he teaches a boys' class and in Scout troop 20 of which he is assistant scoutmaster.

Dick, president of the club, Wayne Coffey; Skeeter, the wit and mischief-maker of the club, Aubrey C. (Pokey) Green, Jr.; sergeant-at-arms, the club bully, Jack Hessey; Andy, the club secretary, Doyle Auld; Mikey, an Irish lad, Jack Crout; Ralph Moore, a boy crook, first known as the "Kid Raffles"; and later as "Fingers," Snowball, the colored member who owns a pair of voodoo dice, made from the "shinbone of the seventh daughter of the seventh daughter of a blue-gun nigger," Harding Duke; Ernest, parents born in Germany; Herbert, Maynard; Charles, the member from England, Edwin McConnell; Tom, all-American; Officer Kelly, C. D. Caskey; Mr. Snyder, a hard-hearted landlord, anonymous; foundry worker, L. N. Brashears; Frank, a dope fiend; Skeeter's brother, L. M. Brashears; Eilly, the owner of "Tut," James Archer; Tut Ankhamen, a mongrel dog; messenger boy, Ray Boyles.

Others in the cast include, James Evans who is also the stage manager; Jack Stroupe who plays his harmonica — Evans "jingles the ivories" in one scene; G. V. (Pat) Patterson, R. G. Candler, Edward Wilkins and others.

The play described by critics as the "best ever written about boys," was written by the Big Brother Movement, Inc. It is typical of boy life. In one scene the boys eat a birthday dinner. The sergeant-at-arms is pressed to prevent one of the boys from shooting paper wads at the audience.

Bank Holiday of LePars suspended business here Friday.

Shorn of her exotic make-up, bizarre garb, and mysterious air, Merle Oberon has been re-started with Fredric March, above, and Herbert Marshall in Samuel Gold-

wyn's latest offering, "The Dark Angel." This stirring drama will be shown at La Nora theater beginning today.

during the World War, "The Last Outpost," which will open at the Rex theater bids fair to become one of the most spectacular cinema of the season.

Claude Rains, in one of the leading roles in this courageous and magnificent drama in the fascinating Sudan country, delivers a vivid performance as a British secret service agent. A notable portrayal as his brother officer and rival for the affections of the same woman whose love for one breaks up their friendship only to reunite them in a stronger spirit of comradeship, is given by Cary Grant. Gertrude Michael as the woman both men love is laudable and appealing in her part.

The story is an impressive, authentic picture of the conflict arising between the Turks and the British army in Mesopotamia during the World War. Two British officers, one in the British Intelligence Service, the other attached to the armored car division, meet under strange circumstances. Their adventures lead them into many dangers, dangers touched with thrills and romance. Unaware that he has fallen in love with his friend's wife, Gertrude

Winston O'Keefe is appearing on Broadway Stage

CANYON, Dec. 14.—Winston O'Keefe, a Panhandle boy, has cracked Broadway. He is appearing at the Ethel Barrymore theatre in Pampa, which is directed by Curtis McCullough.

Winston O'Keefe is the last word in stage directing and is the husband of Catherine Cornell. The parents of Winston O'Keefe are pioneer citizens of the Panhandle who now live near Pampa.

He received his first dramatic training at the West Texas State Teachers college under the tutelage of Miss Mary Morgan Brown.

From Canyon he went to Northwestern university where his ability plus his acquaintance with the Southwest and cowboy lore soon enabled him to earn a large part of his expenses.

He was an entertainer in the Marshall Fields store and organized hundreds of Cowboy clubs composed of small boys.

Last year he travelled 30,000 miles lecturing on the Cowboy West, treating the subject seriously, but incorporating poems and songs.

A letter of introduction written by John Van Vrythen secured him an interview and a part as well as a job as assistant stage manager in Pampa.

SCHOOL AND CHRISTMAS COLORS BLEND AT TABLES

Christmas decorations in the school colors of green and gold marked the dining room of First Baptist church Friday evening for the annual banquet given high school band and pep squad members. Places were laid for 250.

Small Christmas trees, gilded tinsel, and greenery made the tables attractive. A turkey dinner and an informal program were other features of the occasion.

Members of the High School Parent-Teacher association and the athletic association were hosts.

Mrs. R. W. Lane, president of the P-T-A, introduced the toastmaster, Edwin Koonce. Guests were introduced, and brief talks were made by Flora Deen Finley, Arvo Goddard, and Mary Price.

Special settings and costumes were in keeping with the musical score which contained liberal selections from Mozart's best known compositions. Careful training was evident in the smooth performance given by the children.

All teachers in the school assisted in directing the operetta, with Miss Thelma Gwinn in charge. A large number of the pupils appeared.

Principal A. L. among the various wells located in said field.

The evidence introduced at the hearings did not satisfy the commission that wells located in the West Panhandle field have an efficient drainage area substantially different from those located in the East Panhandle field. The commission does find, however, that on account of the lack of diverse fee and lease ownerships in said West Panhandle field and the widely spaced drilling program which has been followed in said field, it is equitable under present conditions to fix an acreage conservation statute known as house bill No. 266, the purpose of which was to prevent waste and compel ratable production.

we can put over a law which will really keep the United States out of war," Maverick asserted. "However, if we're to have their opposition, it will be a long hard fight, and the final legislation may be as weak as the present law."

Maverick listed Rep. Fred Sisson (D), New York, Herman Kopplemann (D), Connecticut, Theodore Christman (R), Minnesota, Charles W. Tobey (R), New Hampshire, Harry Southoff (Prog.), Wisconsin, Theodore Moritz (D), Pennsylvania, Frank Koebe (D), Ohio, and Paul Kvale (F. L.), Minnesota, as among those who would lead the campaign for a stronger neutrality act.

"We should act as quickly as possible to halt the shipment of oil, cotton and other materials which might be used for war purposes," Maverick said. "Once we establish the practice of sending such products to a warring nation, that nation will consider it as unfriendly to act for us to stop it. I am in favor of an absolute embargo, but possibly a continuation of normal peacetime shipments should be permitted."

"I do not think that all the ships that sail the seas, nor all the cotton speculators, nor all the munitions makers, whether good people or bad people, are worth a single average boy and his life."

HOUSTON, Dec. 14 (AP)—Convicted that the present neutrality act is not adequate to keep this nation from being drawn into a foreign war, Rep. Maury Maverick of San Antonio is ready to renew the fight for a more stringent law immediately upon the reconvening of congress next month.

Maverick said Friday that he and colleagues holding similar views would launch an unyielding, non-partisan "hard hitting" campaign "within three days after we get to Washington."

The dynamic young San Antonio congressman, who came to Houston to address a mass meeting in the interest of neutrality, has a first hand knowledge of the horrors of war gained from his service in the trenches of France.
