Local Duo Attend Economic Workshop

Tuesday afternoon, Dr. Lawrence Ward, superintendent of Muleshoe Independent School District and Dwayne Castleberry, president of the Muleshoe Area Industrial Foundation, received certificates for a workshop they

attended April 12-13 in Las Cruces, N.M.

The workshop was entitled "Education's Role In Economic Development."

Dr. Ward and Castleberry said the workshop was on campus at New Mexico State University and the presenters were Economists, Sociologists and Business Leaders.

People from Arizona, New Mexico and Texas attended the workshop to learn about Rural Economic Development.

They said the workshop was funded through grants from sponsoring business communities.

Castleberry said he attends many workshops, and at a lot of them he "doesn't learn very much."

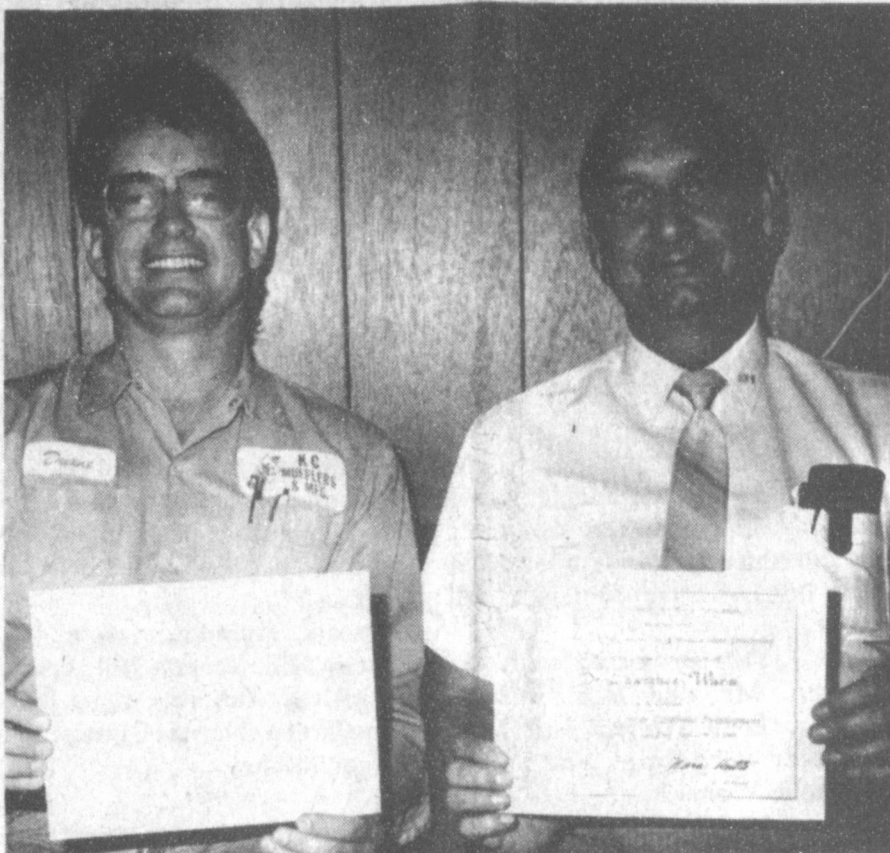

"This workshop really impressed me," he added.

"The thrust was not on the educator," added Dr. Ward. "It was on economic development, at whatever level and the role anyone plays in development. It was with the emphasis totally on economic development."

It consisted of two-four hour sessions, under direction of Dr. Nora Hutto, who is director of the College of Education at New Mexico State University.

Dr. Ward added, "I would like to thank the Muleshoe Area

'Family Fun Night' Exceeds Expectations

By 7:30 p.m. Thursday night, it looked like High School graduation around the Muleshoe High School parking areas. Cars filled the parking lot and the streets as people made their way, often standing in line, into the auditorium for the first annual Muleplex Production Co.'s 'Family Fun Night.'

By the time *The Anchor Bros. Band* started singing just after 7 p.m., the audience was captured, and stayed that way until just after 10 p.m., when the production closed down with the Boy Scouts and Girl Scouts presenting the flag, and the audience joining in singing "America."

A large community effort went into the first annual production, and relieved Muleplex Production Co. officials, committee chairmen and workers, breathed a visible sigh of relief as they viewed an audience of more than 600 people waiting for the activities to begin.

With the doors scheduled to open at 7 p.m., people started arriving shortly after 6:30 p.m., and were allowed to present their tickets, purchase a souvenir program, and go on into the air-conditioned auditorium.

Pat Prater, chairman of the Muleplex Production Co. said after all the work, and worry, in order to stage the first annual production, "I feel so much better today (Friday). From the people I talked to, everyone enjoyed the evening."

Sheriff's Office Reserve Deputy Program Starts

According to Steven Bearden, chief deputy for the Bailey County Sheriff's office, the Bailey County Sheriff's Department is accepting applications for reserve deputies.

Applicants must pass written, mental and physical exams and be at least 21 years of age.

Deputy Bearden said they will be required to attend and pass 400 hours of training given nights and weekends.

He reminded these are unpaid positions.

Interested persons should contact Chief Deputy Bearden at the sheriff's office for qualifications and program details.

The Reserve Deputy program is a new program being established in Bailey County.

Master of Ceremonies Max King set the tone for the evening as only he can do, and Audrey Langfitt, who provided special effects -- placing placards with

Muleshoe Grad Gives Flag-Burning Views

Following a recent decision by the Supreme Court that it's "All right to express political feelings by burning the American flag, most people in the nation have gotten "up in arms" about the desecration of the flag.

Lana (Washington) Lewis, of Lubbock, and daughter of George and Lois Washington of Muleshoe, has written her thoughts on the Supreme Court Action.

She said: "What does the American flag stand for? What does the red, white, and blue represent? It's a symbol of the freedoms we enjoy every day because we are Americans.

I guess it isn't enough that we have to put up with "patriotic" businesses flying the American flag in all kinds of weather and without proper lighting. Now we have to see the Supreme Court look the other way on a flag-burning incident backed up by the First Amendment. I think we are all aware of the reasons for the First Amendment.

How can the deliberate and offensive burning of the very symbol of our freedom be protected by the right to free speech?

Apparently the man who burned our flag didn't have enough vocabulary to express his politics verbally.

Perhaps he should move to a country that both condones and even encourages the burning of the American flag. Chances are that he would not enjoy living in one of those countries because the citizens are not allowed to so freely speak and demonstrate their political views when they differ from the government.

The burning of the American flag is a slap in the face to all who have fought and died to preserve the freedoms it symbolizes, and to all of us who live freely because of them.

It's a shame that a citizen of the United States would choose to burn the symbol of the system that allows him to speak out

Tuesday will be the time for all Americans to celebrate the United States greatest asset -- freedom. And in a troubled time, with controversy surrounding the Supreme Court's recent decision that "it's all right to burn the American flag to express political views" -- makes the July 4th -- Independence Day celebration -- even that much more important.

Citizens of Muleshoe and the surrounding area will be busy all day and into the evening and night, celebrating in a traditional fashion.

Actual events got underway on Friday, with sidewalk sales, and the Muleplex Production Co.'s "Family Fun Night," that was held Thursday and Friday nights in the Muleshoe High School auditorium.

One of the bright spots in Muleshoe is at the corner of Main Street and American Blvd.

A large blue and white circus type tent is set up on the parking lot at Joe's Boot Shop, featuring live entertainment -- "The Ozark Country Express" and a red trailer, where you can find Larry Winkler's famous barbecue on sale.

By the way, Winkler will have his trailer at the New City Park on the evening of July 4, and will be selling his barbecue there.

Other activities are as follows:

On Monday, July 3, at 7 p.m., the Youth Activity Committee's

Cont. Page 6, Col. 1

Annual Miniature Golf Tournament will be played at the Mule Putt Miniature Golf Course.

There will be divisions for everybody who plays -- so be sure to be on hand to sign up.

Trophies will be presented top winners in the tournament.

On Tuesday morning, registration will begin at 7 a.m. in the parking lot at KMUL Radio station; and the races will get underway at 8 a.m.

Also at 8 a.m., registration begins just south of the miniature golf course for the Mule Shoe Pitching Contest. The Mule Shoe pitching starts at 9 a.m., at the same time the Bailey County coliseum opens.

Booths will be set up in the coliseum, with varied entertainment and food items being sold.

Then, at 10:30 a.m., the kids activities get underway at the north side of the Bailey County Coliseum. Alpha Zeta Pi is sponsoring the kids activities, and promise "something for kids of all ages," so be sure to take your youngsters out to the Coliseum to enter in the fun.

At 12 noon, at Muleshoe Motor Co., Muleshoe Activities Committee and The Jennislippers will unveil the Ranger pickup they are giving away in December. Tickets for the pickup, at \$10 each, will also be available at that time.

Then, at 1 p.m., the old settler reunion begins in the meeting room at the Bailey County Coliseum.

For this quarter, the MAC Buck drawings will also be held at the Coliseum at 2:30 p.m. To be given away will be \$125, \$175 and \$300.

This year, the parade line-up will be at the Old City Park, starting at 4 p.m.

At 4:30 p.m., the parade will start at East 5th and Avenue C, Cont. Page 6, Col. 1

At presstime, funeral services were pending at Ellis Funeral Home for Ruth Shafer, of Muleshoe.

She was pronounced dead at her home around 8:30 p.m. Friday, June 30.

She was the mother of Barbara Marlow, also of Muleshoe.

Investigation was underway at presstime into an altercation in the east side of Muleshoe that sent a 25-year old man to West Plains Medical Center by ambulance.

The incident occurred shortly before 4 a.m. Saturday, July 1, and it was reported that the injured man had been struck by a car, inflicting injuries to his arms, legs and back.

No one was in custody at presstime, and the condition of the injured man was unknown.

Bailey County Extension agent Spencer Tanksley reminds that the 4-H Club members still have an ongoing project.

Tickets are still available for one of three prizes to be awarded at 9 p.m. on Tuesday, July 4th, at the New City Park.

Prizes include a half-side of beef; \$100 in gasoline; and a pair of Roper boots.

Tickets are \$2 each or 3 for \$5 and are available from the County Agent's office in the Cont. Page 6, Col. 2

Wreck Victim Funeral Held At Lazbuddie

Funeral services for Dana Murrell, 23, were conducted in the First Baptist Church at Lazbuddie on Friday, June 30, at 11 a.m. Officiating was the Rev. Gary Wilcox, pastor, and Dr. Joe Stethheimer, pastor of the Cone Christian Fellowship Church of Cone. Interment followed in the Lazbuddie Cemetery.

Mrs. Murrell lost her life in a two-vehicle accident two miles east and two miles north of Clay's Corner on Tuesday, June 27. The accident occurred shortly after 5:30 p.m. at a dirt road intersection, and Mrs. Murrell was pronounced dead at the scene at 6:25 p.m. by Albert Smith, Justice of the Peace of Farwell.

A secretary for Sherley-Anderson Grain at Lazbuddie. She was born May 31, 1966, at Lockney and was married to Barry Murrell on October 17, 1986 in Las Vegas, NV.

She was a member of the First Baptist Church at Lazbuddie.

Dana Murrell's survivors include her husband, Barry; her mother, Wilma Adams, Marlin; her father, Junior Poole, Lockney; grandparents, Pearl Wright, Plainview; and Mr. and Mrs. Sol Barclay, Lockney; four sisters, Doyle Black, Amarillo; Christi Martin, West Chester, PA; and Gala Poole and Lori Poole, both of Marlin; and one brother, Brent Poole, of Lockney.

4-H Members, Adults Off To Badlands

At 6 a.m. Thursday, 11 4-H Club members, along with four adult chaperones, left on a 21-passenger mini-bus for Wells County, N.D. Bailey County Extension Agent Spencer Tanksley said Fessenden is county seat of the county near the Canadian border.

While enroute, this group will be touring the Royal Gorge, the Air Force Academy and the Olympic Training Center, all near Colorado Springs.

In Denver, they will visit the Natural Museum of History and will visit the Black Hills of South Dakota, viewing Mount Rushmore.

On reaching North Dakota late on Sunday evening, everyone will stay with host families for five days. Most of the youngsters will be in farming and ranching situations all over the county.

They will visit Pease Gardens on the Canadian-North Dakota border line. They will also visit the Badlands of North Dakota and will see a historical play from and about the area.

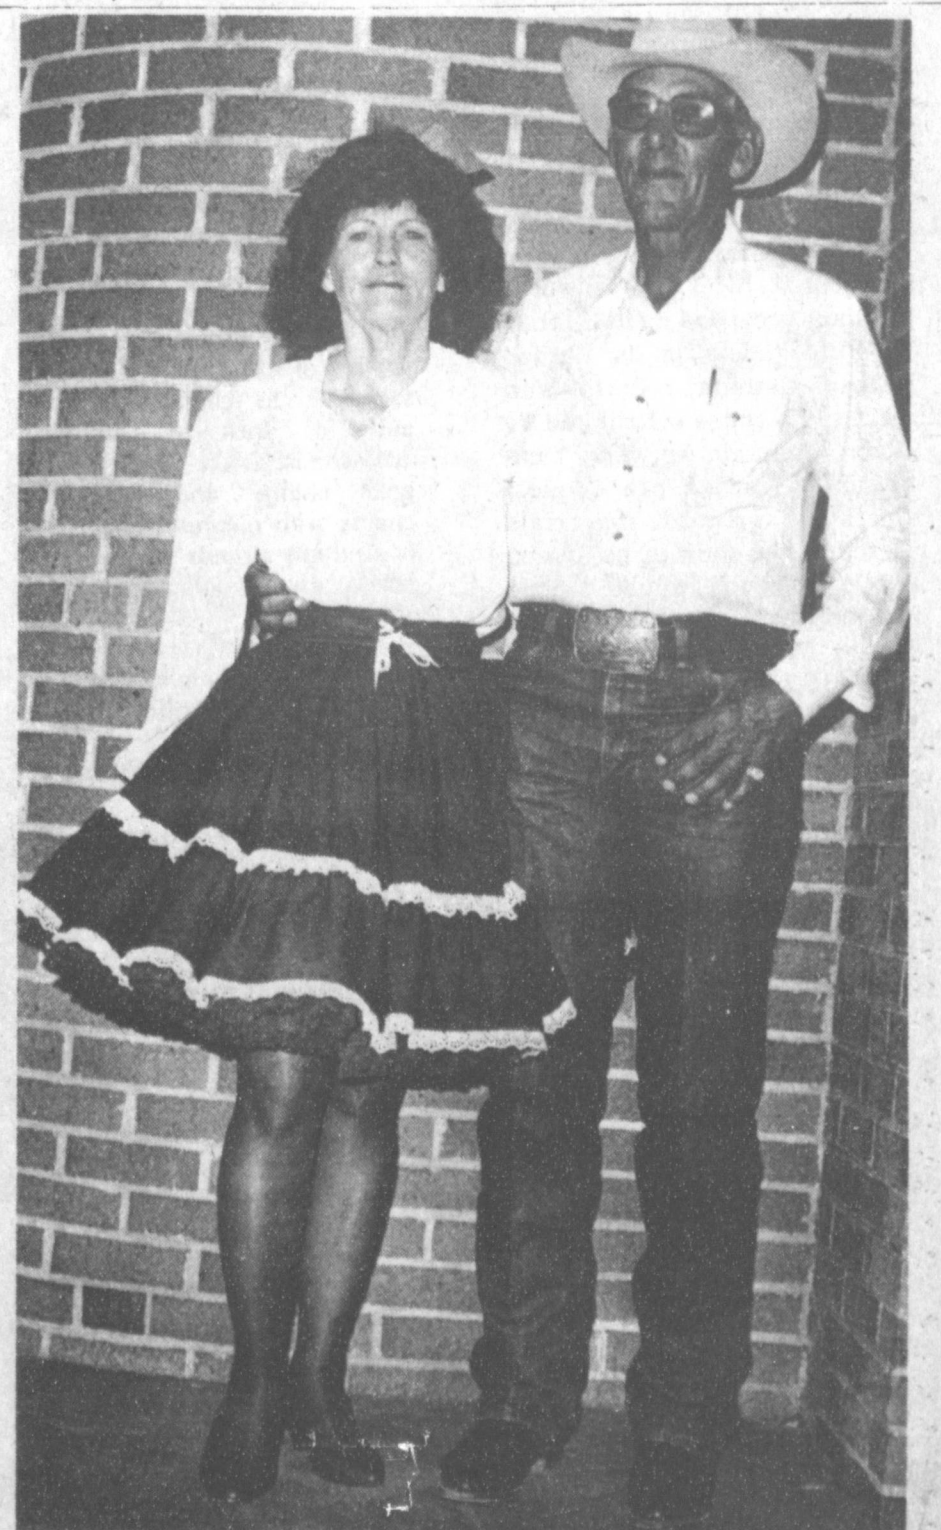

The group will be returning to Muleshoe on Sunday, July 9.

Tanksley said the young people worked and earned a lot of the money for the trip. But, they said they appreciated all the support from business leaders and clubs who helped make it possible for them to make the trip.

Next year, a group from North Dakota will be visiting in Bailey County. Plans are already underway for their entertainment while they are here.

4-H Club members making the trip are Melissa Toombs, Charla Holt, Carrol Copley, Tiffany Angeley, Holly Huckaby, Gage Angeley, Jason Harmon, Chad Griswold, Steve Wauson, Wade Wheeler and Colin Tanksley.

Adult chaperones are Mr. and Mrs. Joe Wheeler, Linda Tanksley and Kandy McWhorter.

DUO MADE OUTSTANDING 'PROPS'--As Sharon Grant sang during the variety acts for the Muleplex Production Co.'s "Family Fun Night," Jim and Barbara Pearson were onstage, quietly waltzing. They made outstanding 'props' for Mrs. Grant's song. The production was staged again Friday night. (Journal Photo)

Creative Living

by Sheryl Borden

Information on a variety of different types of cookies and making Pennsylvania-Dutch Scratch eggs will be the featured topics on "Creative Living" on Tuesday, July 4 at 12 noon and on Saturday, July 8 at 2 p.m. (All times are Mountain.)

Joy Best, Extension Home Economist in Roosevelt County, will share some very helpful hints on new appliances on the market to make cooking and baking projects easier. Joy will talk about freezing cookie dough, and when and when not to preheat the oven while making cookies. She will also explain how to make recipe changes with very little trouble, and will demonstrate making a variety of different cookies--bar cookies, rolled cookies, pan cookies, shaped and even filled cookies. Joy is from Portales, N.M.

The flashback segment will feature Mary Johnson, also from Portales, N.M. Mary will demonstrate how to make Pennsylvania-Dutch Scratch Eggs. Mary will show how to use natural dyes made from beets, blueberries, onion skins and spinach and use these to color the eggs before adding the design. She will explain some of the interesting history behind this old craft and show some of the typical designs that were used years ago and explain what they symbolized.

On Tuesday, July 4 at 9:30 p.m., and repeated on Thursday, July 6 at 12 noon, "Creative Living" will present information on cajun cooking, selecting an encyclopedia, and making a Mexican taco buffet.

Anne O'Malley, from World Book Encyclopedia, will share some guidelines for selecting an encyclopedia. She will be presenting eight key points which will prove to be very informative--especially if you're in the market for making this type of purchase for your family. Anne is from Chicago, IL.

Jane Butel is with Pecos Valley Spice Co. Jane lives in New York, but presents cooking schools in Santa Fe, NM each year on Tex-Mex cookery. Jane will review the history revolution of the taco and demonstrate how to fry tortillas three different ways. Jane will also demonstrate flavorful, authentic New Mexican beef taco filling, among several other fillings she's made.

The flashback segment will feature Christy Waters, the Marketing Home Economist with Southwestern Public Service Co. In Lubbock, TX. Christy will show three different table settings to make your table reflect the atmosphere of cajun cooking. These table settings range from very casual--using colored comic strips to cover the table, to a very formal setting--complete with silver and china.

"Creative Living" is produced and hosted by Sheryl Borden. The show is carried on more than 100 PBS stations in the United States, Canada, Guam and Puerto Rico and is distributed by Pacific Mountain Network, Denver, CO. Viewers can request copies of printed materials offered on the show by calling on KENW-TV's toll-free telephone lines between 8 a.m. and 5 p.m. In New Mexico, the number is 1-800-432-2361, out-of-state: 1-800-545-2359 and Portales and

SOUTHWESTERN BLUE CORN BREAD

1 cup blue cornmeal
1 1/2 teaspoon baking powder
3/4 teaspoon salt
3/4 cup melted butter
2 eggs
1 cup sour cream
2 cups cooked corn
1/4 lb Monterey Jack or Cheddar sliced 1/4" thick or combo of two
1/4 cup sliced jalapeno peppers (either pickled or fresh)

Preheat oven to 375F. Grease a 9" round cast iron skillet or round or square cake pan. Mix the dry ingredients together and make a well in the center. Add eggs, butter and sour cream and blend thoroughly. Fold in the whole corn kernels. Pour half of the batter into the prepared pan. Cover with sliced cheese and chiles. Pour remaining batter over the top. Bake in a preheated oven for 30-40 minutes or until golden and an inserted toothpick comes out clean. Serve warm. Serves 9-12.

BEEF TACOS

12 corn tortillas or taco shells
1 lb 92% lean ground beef
2 tablespoons pure ground Mild chile
1/2 teaspoon ground Mexican oregano
1 clove garlic, crushed
2 cups very finely shredded lettuce
1 medium sized tomato, coarsely chopped
1 1/2-2 cups coarsely grated sharp cheddar cheese
2 qts cooking oil, if frying shells

1/2 teaspoon ground cumin
1 small onion finely chopped
Any Taco Salsa
1/2 teaspoon salt
Fry each tortilla on one side until crisp but still pliable, holding in a "U" shape with two tongs or a taco fryer. Then turn and fry the last side. You may want to fry several taco shells at a time and freeze the extras.

Crumble beef into a skillet, add ground chile, oregano, cumin, garlic and salt, and fry until browned and throughly cooked. Drain off excess fat. Place the meat in taco shells. Add the chopped onion, lettuce, cheeses and tomato; in layers. Heat briefly in a 450F oven to melt cheese. Serve nested with extra lettuce and a side dish of salsa. Yields 12 tacos.

In Fashion

Two popular color combinations that are popular this summer are black and white or green and white. These combinations give a cool look in dresses, sun clothes and after six affairs.

The stylish woman needs only a few dresses with classic lines to have a variety of costumes. The secret is to change her entire look with accessories. Fake jewelry, gold chains and gold chains with colored stones or multiple strands of fake pearls give a glamorous effect.

Add a simple flower or bow to your hair and you will have heads turning to a new you.

Jennyslippers Prepare For Busy July 4th

Muleshoe Jennyslippers met at noon Tuesday at the Girl Scout Hut. Following the opening prayer by Thursie Reid and the reading of the minutes of the previous meeting, Sandi Robinson recognized the visitors.

Among the items of old business was a discussion on the float for the fourth of July parade. Ms. Robinson also reminded the group that the Jennyslippers is to be in charge of the parade line-up. The Jennyslippers will also have a booth at the Civic Center where they will be selling Mule Shoe Pitching games, and inflatables as well as food.

A report was given on the Walk-A-Thon and Ms. Robinson presented John Smith, Chamber of Commerce manager; Robert Montgomery, Chamber president, and Gene Atkins with a check in the amount of \$1150 to go toward the purchase of fireworks for the fourth of July celebration. Montgomery expressed his appreciation to the

Jennyslippers for their help in this project. Proceeds from the annual walk-a-thon is used each year to help purchase fireworks.

Ms. Robinson reported that the unloading of the MAC/Jennyslipper pick-up will be held at noon on July 4 at Muleshoe Motor. Anyone wishing to purchase a ticket on this pick-up should contact any MAC or Jennyslipper member.

It was voted to go ahead and give the proceeds from the Bakeless Bake Sale to the Muleshoe Nursing Home to be used toward the purchase of an ice machine for the nursing home.

Everyone was reminded that Tuesday, July 11 will be family fun night for the Jennyslippers and their family. Everyone is to meet at the Miniature Golf Course at 7 p.m. for a golf tournament, plus cake and homemade ice cream.

Norma Bruce reported that response is beginning to come in on the convention to be held here this fall. Dumas, Brownfield, Borger and Memphis will all have representatives in Muleshoe for the convention.

Te Jennyslippers voted to have their meeting dates put on the community calendar.

Ms. Robinson read more letters from persons on the Oklahoma Tour Bus. "We have the first and only Muleshoe Fan Club" one lady wrote.

Ms. Reid dismissed the group with a prayer.

Have a happy and safe 4th.

Friday, June 23rd Patsy Franklin, Pearl Cox, and Beryl Hollis attended the A.A.R.P. at the Civic Center. We really appreciate their gracious hospitality.

Saturday Laverne James and Ruth Clements came to play Bingo and Skip-Bo with the residents.

Barbara Blackman visited last

Wednesday and served juice from room to room off of her cart where she displays a beautiful bouquet of fresh flowers.

Clifton Finley came Wednesday to visit and go shopping for the residents.

Sunday afternoon the pastor and members of the Progress Baptist Church came to sing gospel music, conduct a devotional and visit with the residents.

Thursday morning the residents gathered around the TV in the Day Room to view their interviews on Channel 6. "It is hard to believe that we look and talk like that", was a common feeling. We did enjoy the special attention.

Reihl Williams took his wife, Ruth, on an outing to Lubbock last Thursday.

We thank Terri Young for bringing us the fresh baked loaves of Poppy seed Cake Wednesday. It was delicious.

Recent visitors of Eric Smith were his sister and brother-in-law, Joe and Hibernia Turner, and Lucy Faye's niece, Marilyn Gardner of Portales, N.M.

Lena Hawkins, J.E. Embry, and Winnie Berry came Friday to visit and play table games with the residents. We also had a pizza party.

Ruby McCamish was visited Sunday by her daughter, Barbara, and son-in-law, Filmore Bilbrey.

Meda Hughes went out with her daughter, Lynda Low, Tuesday. Clemmie Ladd went out with her husband, Earl Ladd, Rosemary Pool went out with her mother, Jewel Pool, Monday. Connor Burford went out with his wife, Willie Burford, Sunday.

Irene Splawn and Gladys Pierce visited Mamie Askew Wednesday. They attended the Sing-A-Long with her also.

Lois Ethridge was visited by her son, Wayland Ethridge, and Willie M. Graves this week.

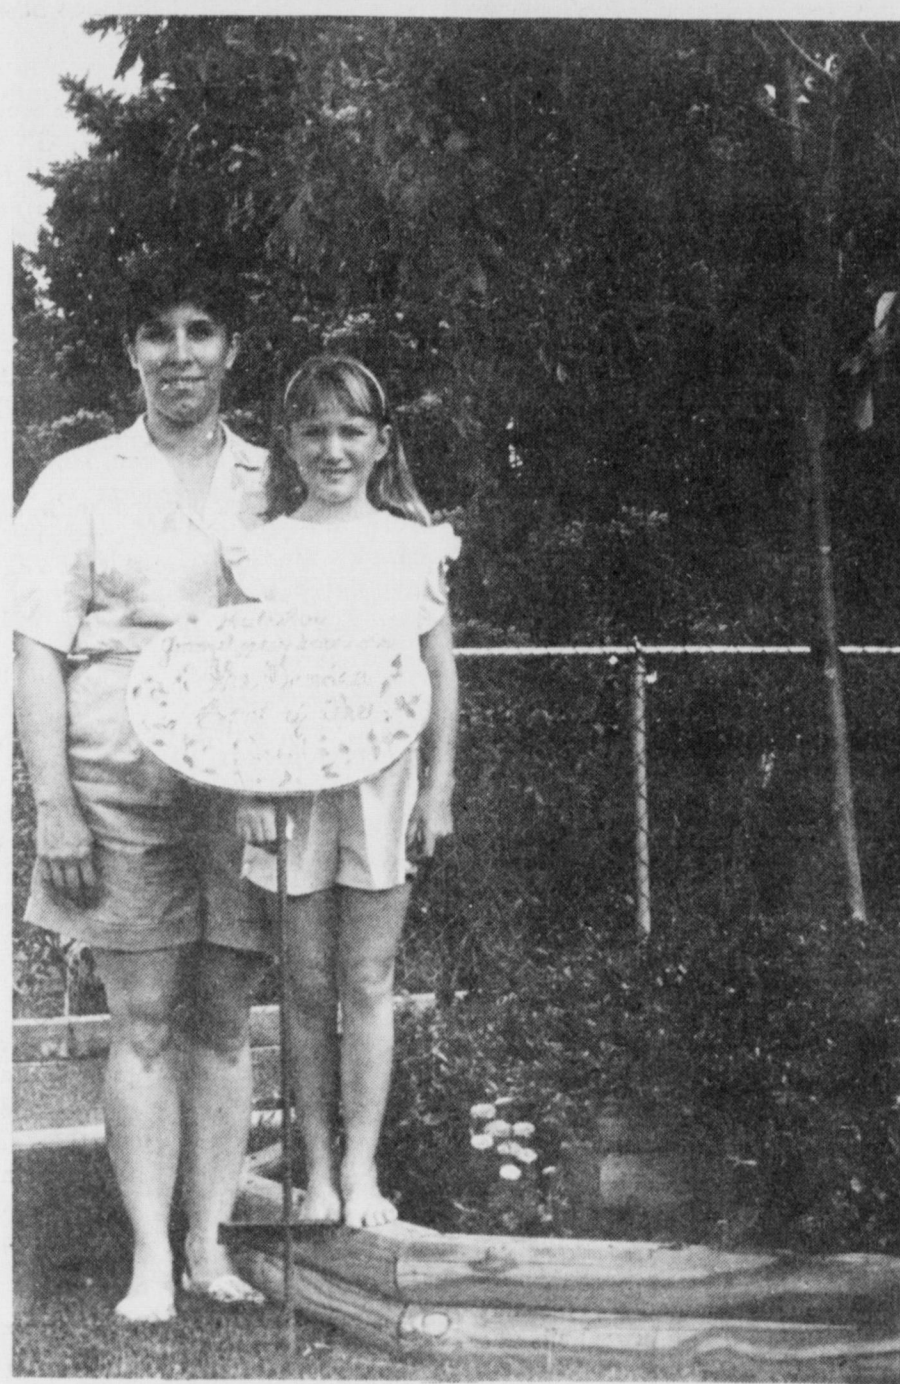

Ora Roberts was visited by her daughter, Ruby Clark.

Birdie Warren was visited by Mr. and Mrs. Bob Glass.

St. John Lutheran Church of Lariat brought the residents copies of large print Portals of Prayer.

Miss Peaches (Nelda Merriott) from up South and Miss Darla (Darla Rhodes) visited the nursing home Tuesday and invited us to attend the Muleplex Production on Thursday and Friday night. With the invitation they presented tickets.

Who Rules?

Most people are swayed more by their emotions than by intellect and reason.

Astute politicians, television analysts, film makers and some newspapers are aware of this and consciously seek to persuade the masses to follow this or that course, or believe their interpretation of history.

It's a misjudgment to believe the masses (swayed by emotions) rule the country and set its course. Instead, the nation is guided by the clever few who create situations causing emotional reactions, and who brainwash the masses on TV and in the print media.

Miss Polson, De Sautell United In Marriage

MRS. CLIFF LEWIS DE SAUTELL
[nee Teresa June Polson]

Miss Teresa June Polson became the bride of Cliff Lewis DeSautell in an evening candle light ceremony at 7:30 p.m. Saturday, July 1 in St. John's United Methodist Church in Lubbock. Eddie Riley of the Edmonson First Baptist Church, read the double ring vows.

The bride is the daughter of Mr. and Mrs. Clark Polson of Vernon, formerly of Muleshoe, and the granddaughter of Mr. and Mrs. W.B. Killingsworth of Muleshoe. DeSautell of Lubbock, of Beverly DeSautell of Lubbock, formerly of Bula. Maternal grandparents are Mr. and Mrs. John L. Latham of Bula and paternal grandmother is Norene DeSautell of Lubbock.

Clarice Andrews of Slaton played traditional pre-nuptial music and accompanied Emily Havins of Lubbock who sang "The Wedding Song" and Glen Collins of Vernon who sang "The Lord's Prayer" at the end of the ceremony.

The ceremony was held in the garden room of the church against a backdrop of tropical plants, hurricane lamps decorated with peach satin bows and skylights. The alter was banked by a double candelabra which held antique white tapered candles. Baskets of peach flowers completed the setting. Peach cornshuck bows designated the family pews.

The bride chose an exquisite ivory lace gown with a lace overlay jacket. The elegant jeweled neckline lead to ornately beaded shoulders over Alencon lace and Dobman sleeves. The satin sash slightly hugged the waistline and was accented by a matching bow. A draped lace skirt flowed around to create a sweep train. The skirt and train were both edged in Alencon lace with seed pearls and iridescent sequins.

A band of seed pearls and lily of the valley which held a two-tier veil of silk illusion fell from a puffed gathered at the back.

She carried an ivory bouquet of freesias, single peonies and mock orange blossoms. The honey-suckle double ruffle had gypsophila and jubilee accents with seed pearls and was finished with ivory satin streamers tied into love knots.

Something old was an ivory lace handkerchief that belonged to her maternal great-grandmother and a blue lace handkerchief that belonged to the groom's great-grandmother and was carried by his mother in her wedding. Both were carried in a white Bible covered with ivory lace which was carried by the groom's mother in her wedding. Something new was her dress, veil and shoes. Something blue was the handkerchief given to her by the groom's mother and her garter.

Tanya Gray of Vernon served as matron of honor. Lisa Killingsworth of Austin, cousin of the bride served as bridesmaid. They wore identical peach on green calico print dresses. The full puffed sleeves ended at

the elbow. The scooped neckline fell to an empire waist ending in a tea length. They carried a nosegay of jubilee gypsophila, peach queen anemone and peach tweedia with a double ruffle of gypsophila completed by peach satin streamers.

Chris DeSautell of San Angelo, brother of the groom, served as best man. Groomsman was Reggie Martin of Brownfield.

Candlelighters were Kathy Killingsworth of Austin, cousin of the bride, and Nanette DeSautell of San Angelo, sister-in-law of the groom.

Ushers were Mike Polson of Arlington and Brian Polson of Vernon, brothers of the bride.

A white carpet was laid for the bride just before she was accompanied down the aisle by her father who presented her to the groom.

Attending the registrar's table was LeAnn Polson of Arlington, sister-in-law of the bride.

Following the ceremony, a reception was held. The bride's table was covered with an ivory lace tablecloth. Silver candelabras held ivory tapered candles which were accented by a peach silk floral arrangement. Crystal and silver appointments were used to hold the peach and green mints and nuts. Peach and green napkins embossed in green with the couple's names and date of the wedding completed the table.

The wedding cake was a contrast of white icing details set against the soft hue of ivory to create a striking design. Starting from the scallop base with a petticoat ruffle, each successive tier featured French ruffles, the next tier lilies of the valley with cherubs and finally intertwing lace.

The groom's cake was a red velvet with ivory icing and designed like a belt buckle which was inscribed with Hitched July First and the couple's initials completed the features.

Attending the bride's table were Diane Fox of Amarillo, Peggy Wainwright of Garland, and Laura Brown of Wichita Falls. Attending the groom's table were Tami Barnes and Keena Guffy, both of Eunice.

N.M., cousins of the groom. Kitchen attendants were Beth Collins of Vernon, Laura Brown of Wichita Falls, and Linda Gregory and Denise Bode, both of Lubbock.

Laura Percival of Lubbock and Cheryl MLathis of Wichita Falls attended the gift display.

A rehearsal dinner was held on June 30 at the Western Sizzlin in Lubbock, hosted by the groom's family.

A bridal luncheon was held July 1 at Yesterday's Restaurant in Lubbock, hosted by the bride's parents.

Courtesies for the bride were a lingerie shower hosted by Denise Bode in Lubbock on May 7 and a miscellaneous shower hosted by Beth Collins on June 3, in Vernon, Texas.

The couple will make their home in Bula where the groom is engaged in farming. The bride plans to be employed by Muleshoe State Bank.

MARRIAGE ANNOUNCED--Mr. and Mrs. Robert Long of Dallas announces the marriage of their daughter, Patricia Ann Long and Kelly Don McCall, son of Betty McCall of Muleshoe and Don McCall of Whiteface. Vows were exchanged at 7:30 p.m. July 22 in The Old Church-Farmers Branch Historical Park at Farmers Branch, TX. The bride is a 1981 graduate of Richardson High School and is employed by Olsten Services. McCall is a 1981 graduate of Olton High School

Library News

by Anne Camp

The 1989 Summer reading club now has 187 members participating, reading and reporting books and about 100 of them have read 10 books or more to receive a certificate. One hundred and five boys and girls were on hand last week for "Film and Fun Day"---This week 97 attended Dinosaur Day and heard volunteer Nancy Barrier give the story "There is a dinosaur in my back yard." She had large dinosaur models for them to look at.

The group played a game "I'm going on a dinosaur hunt". The film *Dinosaurs* was shown to complete this part of the program.

The film "Angus Lost" was shown and Anne Camp reminded everyone to take their dogs to the Rabies Clinic.

Each child received a treat and bookmark and puzzles to work on at home.

Summer Reading Club has a new sponsor this week..Poynors donated three family game sets of "Pictionary" and a "Texas Tech" Teddy bear...We appreciate this very much! Several lucky kids will receive and enjoy them. Another sponsor we want to thank is Leals restaurant--they donated several child's plate dinners..Then, just to keep things lively, one child each week will "Go for it--and get a hug and a "Fun Bunch Lunch" at the Dairy Queen from the Librarian.

Like our First Lady, who wants so very much to wipe out illiteracy, I want to keep our kids reading..and the more they read, the better they read! Also if a child can't read, reading to them

helps a lot..that is the reason we included "Read to me" as part of this summer reading club program.

The library has a lot of give-away magazines. Also we have a big box of "cents-off" coupons to use at the grocery store. Come by and help yourself to these.

The library will be closed Tuesday, July 4th Holiday.

Jenifer Hayes

Honored With Bridal Luncheon

Miss Jenifer Hayes, bride elect of Kelly Tucker, was honored with a luncheon Tuesday, June 27 hosted by Mrs. Nelson Carlisle and Mrs. Mickey Sowerder, served by Blue Goose Catering Service.

Special guests included mothers of the couple, Mrs. Ernest Tucker of Maple and Mrs. Dennis Hayes of Muleshoe; grandmothers, Mrs. J.U. Clam-pitt and Mrs. D.L. Tucker, both of Morton; Miss Kagney Zahn of Littlefield; and Faith Hayes.

Miss Hayes and Tucker will be married Saturday, July 1 in the Assembly of God Church in Muleshoe.

Tops Club

TOPS chapter No. 34 met at 6:30 p.m. Thursday, June 29 at the Heritage Thrift Shop. Lavene James called the meeting to order with the TOPS pledge, TOPS fellowship song and a prayer.

Orvdie Burris called the roll with 16 members responding. Minutes of the previous meeting were read and approved.

Ernestine Steinbock celebrated her birthday and received a gift. The members sang the birthday song for her.

Zanea Kelly drew a gift from the white elephant box for being best loser last week and losing again this week.

It was reported that Cleta Robinson won the "Clown" contest. She will receive a charm.

Next week the six months best loser will be crowned along with the monthly best loser and weekly best loser. It will also be awards night.

Mrs. James read an article from the Chapter Program, titled "Water, Water Everywhere" it ended with questions that the group answered True or False.

Best loser for the week was Alma Robertson. First runner-up was Cleta Robison and Zanea Kelley, second runner up.

The meeting was closed with the goodnight song.

the next acts for the variety acts, performed capably and kept the people entertained.

All the variety acts went off like clock-work, and were well-received by the audience.

Harvey Bass, chairman of the Muleshoe Activities Committee (MAC), along with volunteers and draffees, sold candy at intermission. As Dr. Lawrence Ward, a 'Medicine Man' used all the old-fashioned ballyhoo to make quick dispatch of bags of candy to a waiting audience.

A large number of people were delighted to find numbers in their sacks that corresponded with numbers on the stage. They reclaimed many nice, and in some instances, very valuable prizes.

Then, under direction of Kerry Moore, six actors and actresses went onstage to present "Wedded, But No Wife, or He Done Her Wrong." The old-fashioned melodrama was complete with a heroine, hero, and of course, the dastardly villain. And, just in case you weren't real sure -- placards raised from the front of the auditorium for 'Applause,' 'Boo' or 'Hiss' as would be appropriate at the time.

Several people indicated they

At 7 p.m., a skydiver demonstration is scheduled (weather permitting); at 7:15 p.m., the Muleshoe Fire Department will have Water Polo; and the Ozark Express, who proved to be so popular last year, will perform until 10 p.m.

Closing out a very busy day will be the Muleshoe Fire Department annual fireworks display.

Basically the same show was to be presented again on Friday night. It was decided to have the production for two nights in order to allow persons who maybe could not attend one night, to be able to attend the night of their choice.

Ultimately, the plan is to have a musical drama of the "History of Bailey County."

During the next months, before the second presentation, officers of the Muleplex Production Company will be contacting playwrights to see about having the drama written.

Mrs. Prater commented, "We have had an unbelievable response from the people for our production this year. We just would like to thank everyone who participated, or helped in any manner this year, and hope they plan to continue to help every year."

Club Congratulates Local Pair

By: R. A. Bradley

Fourteen Kiwanians, one honorary member, Chad Johnson and one guest, Mike Hanna, were present Friday morning for the meeting at the Old Corral.

With (Fisherman) President Keith Turner absent, vice president Hugh Young called the meeting to order. Don Martin led the club in the pledge to the flag and invocation was given by R. A. Bradley.

Bradley gave the friendship coin to "Yes, Sir" and "No, Sir" Kevin Harris -- who answered all the questions and got the Kiwanis Fireworks Stand approved by the State of Texas Fire Marshal.

There were two or three things that were amiss and were corrected right then. Of course, Kevin wasn't the only one there saying "Yes, Sir" and "No, Sir." There were three other Kiwanians doing the same thing. The Fire Marshal was a very nice and polite gentleman. We are proud that we now comply. Kevin, thanks for a job well done.

Since the programs have got mixed up with vacations and all else that is going on, we just had open discussion about all that is going on now. We need all Kiwanians to come out and help in the Fireworks Stand and also be present to put out flags for the Fourth of July.

All Americans should be very proud of our country, so let us celebrate this July 4th -- safely and joyfully -- Make it a safe holiday.

One of our Kiwanians, J'Don Kube and bride-elect, Janette Testerman, will be married next Friday evening at Sudan, Texas. The Kiwanis Club is looking for a bull nose ring and a two foot chain for J'Don's nose so Janette can lead him around and keep J'Don at home. So, if anyone has a nose ring and chain, please let one of the Kiwanians know.

Adverse Weather 'Hits' Cotton Crop In State

From the High Plains to the Coastal Bend, unfavorable weather is taking a heavy toll on the Texas cotton crop.

In some areas, it's a matter of too little rainfall, while in others it's too much moisture, hail or wind which is causing the problem for the state's \$1.3 billion cash crop.

Parts of the state have been spared--up to now--from the erratic weather. Among these areas are the "pima pocket" around El Paso, parts of the Rolling Plains and Central Texas Blacklands and some of the Rio Grande Valley.

But the high production areas of the High Plains and West Texas, which annually account for more than half of the state's cotton crop, literally have taken a beating, report county agents and crop specialists with the Texas Agricultural Extension Service.

The 25 High Plains counties around Lubbock, in which some 2.7 million acres have been planted to cotton, have lost an estimated 200,000 acres to thunderstorms, hail and winds in the last few weeks. Hale County alone lost 100,000 acres of the 190,000 planted a month ago.

Not only the severity, but the timing of recent heavy rains and hail across much of the state has cotton farmers in a squeeze, according to Extension Service cotton specialists.

It is too late to replant cotton and expect it to mature and provide a profitable yield in many of the storm-ravaged areas of the High Plains, said Dr. James Supak, cotton agronomist at Lubbock.

Yield expectations decline sharply when cotton plantings are delayed beyond the optimum planting periods. For this reason, farmers participating in federal crop insurance programs aren't required to plant cotton after pre-determined cutoff dates.

On the High Plains, for example, the cutoff dates for counties in the northern sector

were June 1-5; those in the central portion were June 5-10, and southern counties had until June 10-15. "Planting cotton after those dates is extremely risky. Farmers who do so are going to be giving up considerable yield potential," Supak said.

Further complicating the producer's plight is a scarcity of potential alternate crops to replace the lost cotton. In many areas, soybeans, mung beans, sesame, sunflower, guar, pinto or blackeye peas can be grown in the remaining season, but producers need to find a market before committing to those crops, Extension Service specialists said.

In the Rolling Plains, producers had until June 20 to replant and are hoping the storms abate and fields dry out enough to get back in with shorter season cotton varieties, said U. U. Alexander, Extension Service agronomist at Vernon.

In the Coastal Bend and Rio Grande Valley, the problem has been extreme drought. Irrigated fields are in generally fine shape in these areas. But normally high-yielding dryland fields will be lucky to produce half their customary lint, say Dr. John Bremer, Extension Service weed specialist at Corpus Christi, and John W. Norman, Jr., Extension agent - entomology at Weslaco.

PEST MANAGEMENT UPDATE

Parmer-Bailey Counties

MIKE D. BLANTON

Extension Agent-Entomology

Corn in the area ranges from 4-7 feet in height and there are several fields beginning to tassel. Spider mites are being found in almost all fields now with the largest infestations being reported near wheat or wheat stubble. When checking for this pest, first look at the underside of the lowest leaves since this is where they begin their colonies. Damage is normally seen as chlorotic or yellow areas near the midrib of the leaves. When truning the leaf over there should be apparent webbing throughout the damaged areas with mites moving about. Although I have spotted very few this season, there are

predators of spider mites. Last year there were a few fields that escaped treatment due to the high predator numbers. The two major predators of spider mites are six-spotted thrips and predatory mites. The six-spotted thrips are approximately the same size or a little larger than the thrips we see damaging the cotton, but instead of being the yellowish color the adults are more silvery-white with three black stripes across their bodies. The predatory mites can be identified by their yellowish-orange tear-drop shaped bodies and their constant quick zig-zag movement over the leaf. The predatory mite

is also slightly smaller than an adult spider mite.

By the way, those producers that have opted for the Comite route of controlling their spider mites should be aware of some recent label changes. They are: 1) do not plant any food or feed crop in rotation within 6 months after last application, unless the crop is a registered use, and 2) re-entry intervals and protective clothing requirements are divided into 3 categories: "When sprays have dried, 48 hours, or 7 days, depending upon the activities to be performed in the field. Be sure to read and follow label directions on all pesticides to be applied."

A few adult western corn rootworms are now being observed in several fields. Symptoms of leaf feeding by these beetles are brown areas that are parchment-like in appearance. This feeding is of no economic concern.

Although there have been few reports of economic damage, now is the time producers need to check for 1st generation Southwestern corn borer (SWCB) larvae feeding in the whorls of their corn. There are a few fields near last years corn stubble that are showing the possibility of economic losses at harvest time. Before treating for this pest because of damaged whorls, check to make sure a corn borer is what is causing the damage. SWCB larvae are cream colored with raised black spots on each body segment whereas the other whorl feeders are greenish to brown in appearance. The economic threshold for first generation SWCB's is when 10-15 percent of the plants are infested.

COTTON

Cotton throughout the area still seems to be plagued by several things. Many acres damaged by past storms never recovered. Also, several fields that are still trying to hold their own have a very high percentage of plants affected with wet weather blight. With sunny dry weather most of those plants should recover but they will be off to a very late start. Heat unit accumulations are also once again behind our historical average. We need another long

open fall to receive acceptable yields on a large number of acres.

There are still an extremely low number of fleahoppers being found feeding on cotton so hopefully most fields will escape this problem. There is still the potential of having economic infestations by this pest in fields having high numbers of the week hosts, including silverleaf nightshade (whiteweed), evening primrose, and mintweck. During the first 3 weeks of squaring, the economic threshold is 25 to 30 fleahoppers per 100 terminals combined with less than 75 percent square set.

MICROWAVE TIPS

By Linda Attaway

Do you ever use your microwave to boil water, heat beverages in their serving cups?

One of the first steps in understanding microwave cooking is to boil water — in a ceramic or plastic container, one without metal. It can also be done with plastic or even paper cups!

If you wish to heat three or four cups of water — for an instant hot drink — arrange them in a circle and leave the center empty. It won't take very long for the water to boil so watch carefully — maybe three minutes depending on how many cups you're using and whether the water was cold or hot, from the tap.

If you heat milk-based liquids, watch more carefully. They boil over quickly; if that starts open the oven door immediately.

Congressman Wants New Flag-Burning Law

Pure outrage. That is the only term I can use to describe the feeling I share with a majority of West Texans who object to the U.S. Supreme Court's decision which allows the burning of the American flag. Few things have angered me as much as the decision which will allow protesters to desecrate and dishonor the symbol of our nation without fear of prosecution or punishment.

The court decided that flag burning, in some cases, is a legal display of freedom of speech. The decision stems from the case of Texas vs Johnson. The case centered around a demonstration in 1984 in which a group of protesters in Dallas ripped the flag from a bank building, poured lighter fluid on it and set it ablaze. While the flag burned, the group of self-described Communists stood around it and chanted "America, the red, white and blue; we spit on you."

The Supreme Court Ruling touched off a flood of mail and phone calls from people in the 19th District who were equally angered that the nation's highest court could allow such a blatantly anti-American action. The letters and calls came from all over the district, from a vast cross section of people. Parents, businessmen and women, and students voicing a strong, unified sense of disbelief and rage that flag burning is considered legal. I would like to share some of the comments I have received in the mail concerning this disastrous decision.

A woman in Andrews wrote: "There can be no purpose to such a law except to give those who hate our country another way to tear it down. I could not just stand by and express my sadness at the passing of such a law."

A Lubbock man who is an officer in the U.S. Air Force wrote: "I will be fighting to uphold and possibly die for America's freedom."

"It is now legal to burn America's symbol of peace," he continued. "What has this country come to? Has freedom of

speech taken over?"

A 22-year-old Lubbock man wrote to say that too many people have died for the ideals the American flag represents to let this decision go into affect without a fight.

"I have not been around during a major war, but I do know many Americans have fought and died to protect our flag," he wrote. "It gives me a sad feeling inside to know that a flag that makes me so proud can be intentionally burned by an individual who obviously cares very little about what the flag really means."

This young man urged me to

City Police Report

It was a very busy weekend for the Muleshoe City Police Department as they had numerous arrests for driving while intoxicated; along with public intoxication and disorderly conduct.

Several out-of-town men and women found themselves guests at the Bailey County Law Enforcement Center following a fight at a local dance. They accounted for most of the public intoxicated, combined with disorderly conduct charges.

Seven persons were jailed on those charges from the dance.

Other arrests during the week included one on city warrants and a dog-at-large charge; one for furnishing alcoholic beverages to a minor, plus two DPS warrants; one for unlawfully carrying a weapon; four on public intoxication charges; one for failure to appear; one for DPS warrants; one for no driver's license; one for checks and one for dog-at-large.

DWI charges were filed against Juan Jose Barroso, 29 of Mercedes; John Rodriguez, 26, Dimmitt; Jose Isidro Torres, 34, Muleshoe; Ramon Quintana, 19, Muleshoe and Riccardo Quezada, 20, Roswell, N.M.

One hit and run was investigated, as well as two city accidents without injury.

protect the flag from those who will belittle its importance in our nation's history:

"Please don't sit by and let the ideals of our forefathers be rewritten to disgrace our war dead, and above all God and country," he continued in his letter. "Save what little respect this country has left-respect for Old Glory, our flag."

From Petersburg, a couple with children called to share their dilemma over how to explain this to their children. "How are we going to teach our children to respect the flag?" they asked.

A woman from Lubbock wrote to say she does not know how to express her "absolute anger" about the "pathetic decision" made regarding our American flag.

"All my life I have been taught to believe that the flag was sacred, special and stood for our freedom," she wrote. "Now I have to watch on the news about a group of disgusting youths that decide to burn this precious piece of our heritage and spit upon it. Somewhere, something has gone terribly wrong."

This concerned American says what so many others say. She believes the concept of free speech has gone far beyond that intended by our founding fathers. And she believes, as so many other West Texans, that the Supreme Court has made a grave error.

"At this time I feel our Supreme Court has been allowed to run wild," she said in her letter. "Checks and balances were applied to the office of the President, and now its time to apply (checks and balances) to the Supreme Court."

An Odessan had a suggestion made by many others. He said that if somebody wants to desecrate the flag, they should leave the country and go to a

nation where Old Glory is not a respected national symbol. He further suggests that protesters might reconsider the move after losing the very freedoms they take for granted.

A woman from Lubbock calls the decision "a dark day in the history of our Country," and, as all of the other calls and letters, implores that something be done

Sheriffs Office Report

Fourteen driving while intoxicated charges and driving while intoxicated sentencing were handled during June by the Bailey County Sheriff's Office.

Included in the DWI's were James C. Embry, Jr., 42, \$750 bond; Ruben Gloria, 32, felony DWI, \$2,500 bond; Jose E. Rodriguez, 28, \$750 bond; Paul Lawrence Coone, 46, \$750 bond; Javier Velasquez, 23, \$700 fine plus court costs and 60 days; Vicente Daniel, 33; and Henry E. Hurtado, 21, 30 days.

Also, Samuel Harris, 33; Jose Salinas, 18, also charged with possession of marijuana, \$1,250 bond; Ramon Bustillo, 27, \$750 bond; Jose T. Elizarraraz, 34, \$750 bond; Joe Dan Briscoe, 32, \$750 bond; Ruben Mendoza, 42, \$750 bond; and Vicente R. Daniel, 33, \$800 fine and 60 days.

Other charges during June included no liability and failure to signal lane change; city warrants; 1 TYC escapee; one for revocation of probation; driving while license suspended; two disorderly conduct; one for out of county warrants; one for public intoxication and out of county warrants; one for assault; one for unlawfully carrying weapon and one for no driver's license.

to prevent this dreadful decision from allowing further flag burnings.

I am doing everything in my power to reverse this decision. Every night after work I drive pass the Iwo Jima Memorial. I see flying above the U.S. marines the symbol for which they fought, and for which so many have died throughout our nation's history. This, to me, represents the ideals for which our flag stands. My son a Marine, is stationed in a foreign country where we cannot fly our flag-and yet he is there defending our right to fly it at home.

I voted for H.Res. 186, which expresses the sense of Congress to ban flag burning, and I am cosponsoring a bill to amend the U.S. Constitution and make flag burning a federal offense. I intend to fight this court decision which allows desecration of our nation's symbol with every tool I have available. Like those who have called and written, I cannot stand by and let the American flag-and the freedoms represented by the flag-go up in flames with the implied consent of the American government.

Use the right appliance for the job.

Sometimes it gets hot enough to fry an egg on the sidewalk. But on an electric iron? There are better things to use.

And when you need to cool and heat your home, there are better things to use than a heat pump.

A heat pump can't cool your home in summer as well as a high-efficiency air conditioner. And it can't warm your home in winter as well as a natural gas furnace.

Think of winter this summer. For comfortable efficient heating in your home, the most effective appliance ever made is a natural gas furnace. Period.

Fireworks Are Dangerous For Unsupervised Youth

An average of 10,525 fireworks-related injuries per year were treated in hospital emergency rooms nationwide during the period 1985-1988, according to the United States Consumer Product Safety Commission (CPSC). The number of injuries reported in this manner had doubled since 1974, when 5,000 injuries occurred.

In 1988, almost 50 percent of the reported injuries happened to youngsters under 15 years of age. Half of the reported injuries consisted of burns, according to CPSC. These statistics do not include the number of injuries which were not treated or those which may have been treated in doctors' offices. The careless use of fireworks results in a significant amount of fire damage each year as well.

For instance, in 1987, fire departments in Texas reported 621 fireworks-related fires to the State Board of Insurance, State Fire Marshal's Office through the Texas Fire Incident Reporting System (TEXFIRS).

These fires resulted in about \$662,652 in property damage. Currently, about 321 fire departments protecting more than 70 percent of the state population submit data to the TEXFIRS.

The State Fire Marshal's Office, a division of the State Board of Insurance, is responsible for the licensing and regulation of the manufacturing, sale and storage of fireworks in Texas.

Paul T. Wrotenbery, Chairman of the State Board of Insurance, joins State Fire Marshal Ernest A. Emerson in offering the following major rules for a safer Fourth of July:

- Many towns and communities have ordinances that regulate the possession and use of fireworks. If you aren't certain about laws affecting fireworks in your area, contact your local fire protection or law enforcement authorities for information.

- Use only fireworks which are legal for sale or use. Federal law bans fireworks that contain more than 50 milligrams of explosive charge.

- Designate a responsible adult to ignite fireworks. Never give fireworks to children. Most fireworks injuries are caused by misuse, and mainly by children under 15.

- Read the instructions. If you don't understand the instructions, don't take a chance by lighting the firework.

- Never experiment with fire-

works. Don't take fireworks apart or mix anything with the contents. Never make fireworks at home.

- Ignite outdoors. Light fireworks only in a clear area away from houses and flammable materials (dry brush, gasoline cans, etc.).

- Allow enough room for proper

Annual Insect Workshop For Plainview

Cotton, corn and sorghum producers in Bailey County are invited to the second part of the annual High Plains Scout Training Workshop to increase the effectiveness of managing the insect and mite pests on their farm.

The last of two workshop sessions will focus on mid- and late-season pests and will be held Monday, July 10, at the Mabee Regional Heritage Center (Llano Estacado Museum) on the Wayland Baptist University campus in Plainview, Spencer Tanksley, county extension agent, said.

The first workshop, in June, covered early to mid-season crop pests.

The workshop, conducted by the Texas Agricultural Extension Service, was first held in 1973 to train scouts in the pest management programs conducted by Extension Service, part of the Texas A&M University system.

The workshop will begin at 8:30 a.m. with Dr. Jim Leser, extension entomologist, outlining the scope of the training and explaining general concepts. Mike Blanton, extension agent-entomology at Farwell, will then open the corn pest section with information on Southwestern corn borers. Spider mites and other corn pests will be discussed by Greg Cronholm, extension agent-entomology at Plainview.

The cotton session will include a discussion of cotton fleahopper and bollworms by Mark Brown, extension agent-entomology at Crosbyton. Jim Leser will provide information on armyworms, aphids and other cotton pests and Craig Forbis, extension agent-entomology at Lamesa, will discuss beneficial insects.

Greg Cronholm will discuss

functioning. Never ignite fireworks in glass or other containers.

- Keep a safe distance away from the fireworks ignition area and be sure that other potentially dangerous objects are out of range before lighting fireworks.

- Never handle fireworks that have malfunctioned. Do not try to relight them or pick them up. Douse them with water instead.

It is vital that parents enforce these rules for the sake of the health and lives of youngsters, because it's the young people who are most often the victims of accidents involving fireworks.

greenbugs in sorghum. Dr. Pat Morrison, extension entomologist headquartered in Lubbock, will conclude the morning sorghum session covering sorghum midge, headworms and panicle feeding bugs.

The daylong workshop will conclude with a field session in the afternoon which participants will identify pests and beneficials and practice scouting techniques.

ATTN: Cieta Williams

Dear Cieta,

We never appreciate what our town has to offer until we need it. First of all, I want to congratulate Wayne Holmes and Jerry Hicks and their law enforcement officers on the fine job they are doing for us. When you have as many people living in one area as we do here at the Muleshoe Housing Authority, you are bound to have some problems. We have a fine group of families living here, but there are occasional episodes of trouble. When I've had to call our law enforcement officers they are quick to respond.

Thanks, Wayne and Jerry, for what you are doing.

On Tuesday, June 27th, we had a fire in one of the apartments on the east side of town. I called the city dispatcher and it seemed that the city police were here immediately to direct traffic. Then within minutes, the fire department arrived. I was amazed at what happened. Everyone had a job to do and they did it. The fire was contained with a very short time after they went to work. Then they all went to work to remove the water from the apartment. The entire fire department worked like a well-oiled machine.

Like I say, Cieta, you don't appreciate something until you need it. The city and county are to be commended for the facilities that are provided for us.

Things they never told you about a heat pump.

Fact #1

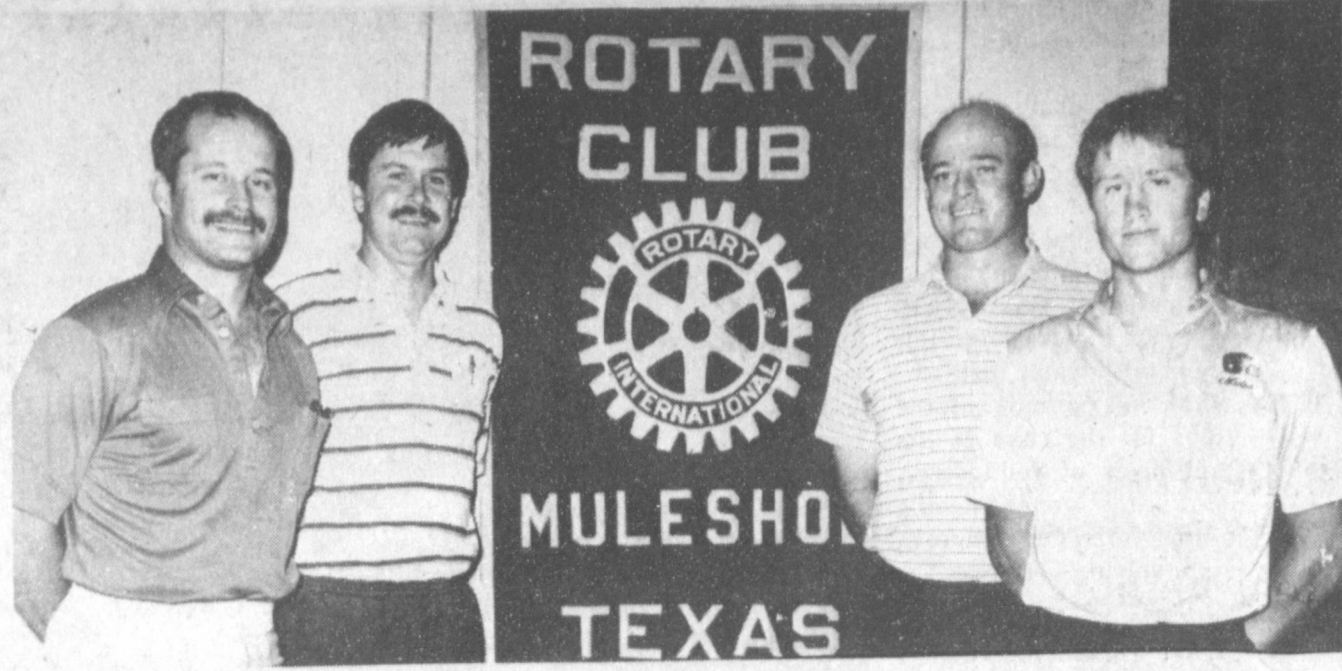

A heat pump unit costs more than an equivalent high-efficiency air conditioner. And it's more expensive and complicated to install.

Yet it won't cool your home as well, and it's more expensive to operate and maintain.

If you need a new air conditioner this summer, replace it with a modern high-efficiency air conditioner. Not a gadget.

Preparing for the future

We parents are very careful to teach our children thrift and industry so that like this little girl they begin early in life preparing for the future. We sometimes are not so careful though to point out that there is a great deal more to the future than "a penny saved is a penny earned" or "early to bed and early to rise makes a man healthy, wealthy and wise."

We need the Church to remind us about the real values of life and to help us teach our children what life is really all about. Your nearby Church will be glad to answer any questions, religious or otherwise, you have about your child's spiritual training. The Sunday School is maintained to help you help your children. Use it!

Is something wrong with your life--an inner restless dissatisfaction? The answer to every human problem comes only from God our Maker. He alone can forgive and restore. Through the church God has committed the provision and proclamation of His forgiveness and redeeming love. Without a church relation no one is securely related to God. Everyone should be in the Church and the Church in everyone!
