Lynn Boyd, manager of the Merrick-Boyd Lumber Co., Pampa, today authorized the Daily NEWS to announce his candidacy for Commissioner No. 1, subject to the general city election, Tuesday, April 5.

JUDGE WHITE CHOSEN HEAD OF ROAD GROUP

County Judge Sherman White was appointed chairman of a delegation that will go to Austin on March 21 to seek state designation of the 39-mile strip between Clarendon and Turkey on Highway 88, at a meeting of the Highway 88-18 North-South Highway association in Clarendon Friday.

Garnet Reeves, Pampa BCD manager, was chosen as secretary of the delegation, by the 25 representatives from seven counties that attended the Clarendon meeting.

The highway association, headed by President Odos Caraway, Clarendon, is sponsoring a proposed new highway from Perryton to Del Rio via Sweetwater.

The immediate objective includes passable roads between Clarendon and Turkey and between Perryton and Pampa along the designated north-south route, which would open a passage from the Canadian border to Del Rio.

Three Pampans attended the meeting in Clarendon Friday: Judge W. R. Ewing, County Judge Sherman White, and J. S. Wynne.

Hon. Bob Alexander, state representative, Childress, was among the delegates from Childress county.

AS ALWAYS, DAN CUPID HURDLES ALL BARRIERS

OAKLAND, Md., Feb. 26 (AP)—Love—and the woman—found a way.

Mary Baer and Howard Frisby of Braddock, Pa., drove to Kingwood, W. Va., to be married Friday three days away, they had just enough money for the license, the minister and gasoline.

Kingwood officials told them of West Virginia's three-day marriage law and suggested they go to Cumberland, Md., Cumberland's court house was closed. They continued to Oakland.

Oakland's courthouse also was closed and the night was cold, too cold to spend in the car. Lodgings would take the money needed for the license.

Miss Baer approached Justice C. P. Hammond. Could he, she asked, arrange for them to spend the night in the warm jail?

He could and did. Came the dawn, they were married.

TWO LABORERS KILLED IN GRAVEL PIT SLIDE

SEGUIN, Feb. 26 (AP)—Two laborers were killed and a third severely injured when they were buried under falling gravel at a gravel pit near here today.

Five other workmen escaped injury and possible death when the three men working under an embankment were caught when the upper bank softened by recent rains, caved in.

Otto E. Ermel, 31, and Milton Stutzinger, 21, were instantly killed. Hyno Rheinlander, 22, was rushed to a Seguin hospital suffering from severe lacerations about the face and legs. The five workmen who escaped hurriedly dug their companions out.

125 Workers Named To Raise Boy Scout Funds

\$4,000 SOUGHT FOR EXPANDING AREA PROGRAM

A group of 125 Pampa men have banded together to guarantee a Boy Scout program for Pampa and the Panhandle during 1938. They will begin a drive to raise \$4,000 on the morning of March 7 and will not stop until the quota has been reached or passed.

Heading the group is E. G. Hughes and M. A. Graham. They will be assisted directly by an advisory board composed of Ivy Duncan, Tom Aldridge, Arthur Teed, Jake Garman, Howard Neath, Dan Gribbon and Claude Motley.

Although the drive will not begin for a week, 3,000 pamphlets outlining the Scout program in Pampa have been mailed with Southwestern Public Service company statements. Five thousand buttons have been ordered, 2,000 of which have arrived, and a window and door stickers have been ordered.

Pleas Made This Week
A speakers committee headed by James Collins will bring the Boy Scout movement before all civic clubs, veterans organizations, women's groups, church organizations and business groups.

"Already Berger, Panhandle and other cities in the council have raised their 1938 quotas," Mr. Hughes announced yesterday. "Our aim is to raise enough money to expand the Boy Scout movement in Pampa. We must have something for the youth of our city to work at and what is more beneficial than the Boy Scout program."

Finances of the council will be used to a greater extent where they are raised this year than ever before, according to Fred Roberts, executive. The executive committee has adopted a financial policy which includes a participating and non-participating output. All districts entering the financial program through contributions will be given the following service from Scout headquarters: mail, office, activity and field. Districts not contributing will receive only mail and office service.

Non-participating groups will be required to carry out their own advertising.

FRANCE'S PARLIAMENT OKAYS FOREIGN POLICY

PARIS, Feb. 26 (AP)—The Chamber of Deputies tonight endorsed by 439 votes to two the government's foreign policy of sticking to France's central European allies and following Britain's lead for "realistic" dealings with Fascist Italy and Nazi Germany.

The overwhelming vote of confidence came at the end of two days of debate.

Supporters of the government and some of its enemies hailed it as evidence of France's unity in foreign affairs and Leftists called it "bad news for Hitler."

PAMPA PRECIPITATION FOR YEAR 2.30 INCHES

Precipitation in Pampa for February, including rain, snow and sleet that fell during the week beginning February 13, amounted to 2.30 inches, a checkup Saturday revealed.

This figure also represented practically all of the precipitation of the year to date, as only a slight drizzle fell here in January.

PUBLIC SCHOOL RADIO PROGRAM TO BE AIRED ON STATION KPDM

Citizens of the Top O' Texas will be informed of public school activities through a series of radio programs from KPDM, presented by pupils of Top O' Texas schools, beginning next Tuesday and twice a week thereafter to May 12.

Theme of the programs will be "Know your Texas Public Schools," and the time allotted will be between 1:30 and 1:45 p. m. Tuesdays and Thursdays.

Music, dramatizations, school news, interviews, and special talks will compose the programs, which are sponsored by the Texas department of education, and directed here by County Superintendent W. B. Weathered.

Pampa students are scheduled to make the initial broadcast Tuesday. Invitations have been mailed to schools of Gray and surrounding counties inviting them to take part in the Thursday programs.

Sidney L. Patterson, manager of KPDM, is offering the facilities of the station to the schools in cooperation with the Texas department of education plan to disseminate information of Texas schools to Texans.

Gen. Pershing Clings To Life By Slender Thread; Has No Pain

TUCSON, Ariz., Feb. 26 (AP)—General John J. Pershing, his rugged constitution struggling against an illness from which even he believed there would be no recovery, sank closer to death tonight.

The 77-year-old soldier's heart became steadily weaker, and at midnight he failed to rally as he did yesterday after a poor night.

The discouraging absence of slight improvement gave even more gravitas to Dr. Roland Davison's bulletins of growing weakness, that the general's kidneys had ceased to function and that he was taking no nourishment.

Dr. Davison said the general was unconscious most of the time but could be aroused. He suffered no pain.

Heart stimulants brought a favorable reaction shortly after midnight.

E. S. CARR ANNOUNCES CANDIDACY FOR MAYOR

Ed S. Carr, former mayor of Pampa, today authorized the Daily NEWS to announce his candidacy for mayor, subject to the city-wide election to be held on Tuesday, April 5.

Mr. Carr, reared in the Panhandle of Texas, has been a resident of Pampa for 20 years. He formerly was engaged in the hardware business here, has been active in civic affairs, and is at present foreman of the Gray county grand jury. He is now engaged as a rancher. He served as mayor of Pampa in the days before the city commission form of government was inaugurated.

MAN GETS LIFE AFTER ASSAULT CONVICTIONS

DALLAS, Feb. 26 (AP)—Counsel for Charles Wair said late today a third trial would be asked for the 34-year-old Longview oil man convicted earlier in the day on charges he criminally assaulted a 13-year-old Longview crippled girl two years ago.

A Dallas county jury this morning returned a verdict of guilty and gave Wair life imprisonment for the offense. Joy Frazer testified occurred at her Longview home Feb. 13, 1936, while her parents were away. The girl was 13 at the time.

MAN, 83, HOPES STORK LOSES HOUSE NUMBER

GRADYVILLE, Pa., Feb. 26 (AP)—Eighty-three-year-old William "Concord" Bill Mathews was a bit perturbed today about becoming a father for the 17th time—twice within the last two years.

"I hope it's the last," said Mathews proudly, with a sly glance at the latest arrival—an eight and a half pound girl. "We've pretty near run out of girls' names."

It was the 14th child by his second wife, Elsie, 40, in their 20 years of married life.

Already the world is speculating on what will happen when Europe's two major dictators—Italy's Benito Mussolini and Germany's Adolf Hitler—get together for a conference and diplomatic pow-wow in Rome this spring.

Meanwhile—

What the intervening weeks will bring, no one can tell, but right now the two dictators seem to understand each other perfectly—they hope.

PANHANDLE OIL BOOST BRINGS AREA \$200,000

Oilmen estimated last night that the 6,000-barrel increase in allowable ordered for the Panhandle field, effective March 1, will mean an additional \$200,000 revenue to the area during the month. Most of that money will remain in the Panhandle.

The increase was joyfully received by everyone in the oil fraternity, but at the same time they stated that the Panhandle will require another raise soon, with the season of greatest demand approaching.

Even with the raise, it was pointed out, the Panhandle oilfield still is allowed less profitable oil per acre than any other district in the state.

PERMITS ISSUED FOR TWO NEW RESIDENCES

Local building permits last week totaled \$10,450 making the total for the year \$30,950 according to Sam Thomas, city building inspector.

Largest permit of the week was issued to Ray Hagen who will construct a \$6,000 residence on Christie street in the Cook addition. J. A. Meloche will be contractor.

A permit for \$2,450 was issued to Enid Shepherd for construction of a residence in the White House addition. Other permits were for small buildings and repairs.

City Politics Comes To Life As Three Toss Hat In Ring

Municipal politics emerged from the doldrums Saturday as three candidates were projected into the campaign for Pampa's three top-spot city hall offices on city election day, Tuesday, April 5.

These candidates, which the Daily NEWS was authorized to announce today, include E. S. Carr for mayor, Lynn Boyd, for Commissioner No. 1, and Dave Osborne, for Commissioner No. 2.

Mr. Carr, present foreman of the Gray county grand jury, is engaged in the ranching business and is a former mayor of Pampa back in the days before the city adopted the commission form of government.

He has been a resident of the city for 20 years, and formerly was associated in the Carr-Crawford Hardware Co., now the Pampa Hardware Co.

Mr. Boyd, one of the commission candidates, is manager of the Merrick-Boyd Lumber Co., and has lived in Pampa for 15 years, during which time he has been an active participant in civic affairs and a leader in the building of Pampa his announcement states. He also was one of the first commissioners.

MARTINELLI FAINTS ON METROPOLITAN STAGE

NEW YORK, Feb. 26 (AP)—Giovanni Martinelli, tenor star of the Metropolitan Opera, fainted on the opera house stage today while struggling to complete a love song.

He fell to the floor after trying to fight off an attack of acute indigestion.

While the audience sat in stunned silence, the famous Italian tenor kept his feet until the curtain touched the floor. Then he dropped into the arms of waiting stagehands who carried him to his dressing room.

A physician revived Martinelli but announced the tenor could not resume the role.

CITY TAX DEADLINE FALLS MONDAY NIGHT

Pampa tax payers will have until tomorrow evening at 5 o'clock to pay the second installment of their taxes and receive the 10 per cent discount. City Tax Collector W. M. Craven announced yesterday.

Many Pampans take advantage of the split payment plan. When an installment becomes past due it may be paid later but without the 10 per cent discount. Later payments may be taken up without penalty.

STATE GETS 9-YEAR TOTAL OF \$254,200 IN COUNTY CAR FEES

A quarter of a million dollars has been received by Texas from Gray county on automobile license fees in the nine-year period 1929-1937. The exact figure is \$254,200, of which 1937 was the top year, with \$45,000. 1936 was the second best year with \$40,000 paid the state on licenses.

Third year was 1935 with \$38,000. The smallest amount of revenue was in 1929, \$8,200. One year later this figure was nearly quadrupled to make \$30,200, and in 1931 had climbed to \$31,100.

6-MEN ARREST 3 SELLING U. S. ARMY SECRETS

NEW YORK, Feb. 26 (AP)—Federal agents tonight held a red-haired German girl and two men incommunicado as suspects in an international spy ring trading in United States military secrets, and predicted further arrests soon would follow.

The three prisoners, one man a private in the army and the second man a former army sergeant, were arraigned on charges of espionage and held in \$25,000 bail each by U. S. Commissioner Isaac Platt.

U. S. Attorney Lamar Hardly said action by a federal grand jury would be speeded, confirmed that other suspects were under surveillance and that more arrests were expected.

Reed Vetterli, chief of the federal bureau of investigation in New York, said coded messages deciphered by his staff revealed sale of U. S. army secrets concerning the Panama Canal zone—Uncle Sam's vital link between the Atlantic and Pacific fleets—and air corps information on Mitchell Field, L. I., key to air fortification.

5 KILLED AS FREIGHT CRASHES WORK TRAIN

BURLINGTON, Ind., Feb. 26 (AP)—Five Burlington railroad shopmen were reported killed and several injured near here late today when a freight train plowed into the rear of a work train bringing approximately 300 shop employees to Burlington.

Names of the victims were not immediately available. Scores of the workmen saved their lives by jumping.

Railroad men said the work train had just pulled away from the shops and had crossed on to the main line when the switch was thrown to clear the work train.

SINGING CONVENTION AT PANHANDLE TODAY

Singers from Pampa, Amarillo, and Borger are expected in large numbers, as well as many singers from other counties, when the Five County Singing convention holds its regular meeting at 2:30 o'clock this afternoon in Panhandle.

Amarillo singers have promised to come in full force, says J. L. Graham, convention president.

"All lovers of song, all singers, are urged to attend and help put over a great afternoon song," Mr. Graham advises.

# SIX-SHOOTERS, BIG HATS A WAIT FIRST LADY IN AMARILLO

## MRS. ROOSEVELT SON AND WIFE WILL PAY VISIT

AMARILLO, Feb. 26 (P)—Six guns and big hats, boots and bearded mugs and red, white and black women with married children will greet Mrs. Franklin D. Roosevelt when she comes here March 9 for Mother-in-Law Day.

The theme is not exactly western, but 60 high plains sheriffs, 50 highway patrolmen, Hardin-Simmons University's cowboy band and hundreds of Panhandle cowboys, here for their annual convention, will take part in the celebration honoring all mothers with married children and particularly the first lady.

Mrs. Roosevelt will be accompanied by her son, Elliott, and his wife. Another western slant comes in the horsemanship contest of Southwestern Governors, Bickering with other for several months over their equestrian abilities, Gov. James V. Allred of Texas and Gov. Clyde Tingley of New Mexico will be given a chance to show their style under the sharp eyes of cowboy-hand Gov. Teller Ammons of Colorado and Gov. E. M. Marland of Oklahoma.

Gov. Marland, who will introduce Mrs. Roosevelt, says:

"Gosh, I hope they have a gentle horse."

Gov. Roy E. Ayers of Montana also has indicated he might attend. The governors will ride in the big parade, which will be 12 miles long.

Thousands of mothers-in-law including 30 Indians and several hundred Negroes, will ride in the parade.

The bearded mugs will come from Guyton, Oklahoma, where bronzed ranchers and farmers have thumbed noses at dust storms until the Dust Bowl is full of snow. Scores of men are growing beards for the occasion.

The thing has grown larger than ever Gene Howe, who started the celebration five years ago, ever dreamed it could grow.

## DECEASED BOY'S STOCK TAKES TOP HONORS AT McLEAN SHOW

McLEAN, Feb. 26.—(Special to THE NEWS)—Stock once owned by Ernie Back, McLean youth who died six months ago in a Pampa hospital, took top honors in the McLean Calf and Colt show today.

Exhibited by Wayne Back, a 853-pound calf was judged grand champion of the show, and an \$18 prize was given Wayne Back.

There were 26 prizes awarded. All except three were won by McLean boys.

Class, weight, winners and awards of the other divisions were: senior calves, 884 J. B. Waldrop, \$12; Wayne Back, \$109.55, Milan Mertei, \$8, 920, Price Moore, \$6.

In the junior calf division, Wayne Back's entry was given first place, and Wayne was awarded \$12. Other winners in this division and prizes awarded, in order, were: J. L. Hancock, \$10; Ed Davis, Laketon, \$8; J. L. Hancock, \$6; Carl Morris, Clarendon, \$4; Pete Morrow, Clarendon, \$2.

In the mule show, animals exhibited by George W. Sitter took first, second, and third prizes of \$6, \$4, and \$2. Horse show, light weights, O. R. Blankenship exhibit first, \$6; G. W. Saye \$4, Ercy Cubine, \$2; Lightweight yearlings, Ercy Cubine, \$6; O. R. Blankenship, \$4 and \$2.

Draft horse, J. E. Cubine's exhibit won the prize of \$6.

Yearling draft horse: Norman Johnston's entries took first and second prizes of \$6 and \$4 respectively, with Carl Woods entry winning third prize of \$2.

The show was held at the McLean sales barn. The event was sponsored by the McLean Board of City Development and the McLean chapter of the Future Farmers of America. Clyde Magee, McLean vocational teacher, and W. W. Boyd and Guy Hibler, representing the BCD, directed the show.

The prize winning entries in the McLean show are expected to be on exhibit in the Amarillo Fat Stock show, to be held in Amarillo, March 7-11.

## Mainly About People

Dr. and Mrs. T. H. Wright are attending the Panhandle District Chiropractic convention in Lubbock.

## WEATHERED TO HEAD COUNTY'S UNIT OF TSTA

Weathered was named president of the Gray county unit of the Texas State Teachers association, at a banquet held at 7:30 p. m. Friday in the Lamar school building, attended by 200 Gray county teachers.

Other officers elected were F. L. Mize, LeFors superintendent, first vice-president; and program chairman; E. A. Selby, Pampa junior high school principal, second vice-president and publicity director; Miss Jewell Cousins, McLean grade school teacher, secretary; J. H. Duncan, LeFors junior high school principal, treasurer.

Meetings similar to the one held here Friday night are now being held over the state by teachers, as a part of the Texas State Teachers association re-organization plan, which provides for a more equitable representation at state conventions, by the creation of House of Delegates for each district, and the selection of district delegates to the state convention.

The new method will provide a more even representation in state conventions, as under the old way delegates went to the state meeting from sundry units of the association, or individually. Thus one city or section might by chance have a greater representation than another.

The house of delegates of the region in which Gray county is located will convene on March 18-19 in Canyon in connection with the Northwest Texas Conference on Education, to be held at West Texas State Teachers college at that time.

Selected as delegates of the Gray county unit were L. L. Sone, Pampa superintendent; F. L. Mize, LeFors superintendent; W. M. Brally, McLean high school principal; I. Mac Hastings, LeFors high school teacher; W. B. Weathered, county superintendent; Ethelm Murrell, Pampa Junior high school teacher; Mrs. John I. Bradley, Pampa Sam Houston school teacher; Rosalie Carter, McLean ward school teacher.

The eight delegates were selected on the basis of one representative for each 25 members of the Texas State Teachers association.

At Canyon, two of the members of the Gray county unit will be elected to the executive committee of the Texas State Teachers association, serving with Supt. C. A. Croyer of McLean.

Members of the nominating committee were also chosen at the banquet Friday. They are: Sam H. Branch, McLean ward school principal; R. E. Paige, LeFors high

ies, it has been reported, planned to lay off men because of the Sunday shutdown and small outlet but that danger has been partially remedied by the new potential which was announced Friday afternoon by Col. Ernest O. Thompson, member of the Texas Railroad commission.

Panhandle oilmen and the Panhandle Producers and Royalty Owners association urged the commission for the increase. Col. Thompson and Chairman G. V. Terrell studied the Panhandle situation through conferences and personal interviews.

Need of the increased allowable is shown in storage figures for the Panhandle. In 1938 there was 12,000,000 barrels of oil in storage. On January 1, 1938, the figure was 7,000,000 barrels.

The local office of the Texas Railroad commission yesterday released the March schedule including the 6,000 barrels of new oil allowed. The percentage of proratable oil allowed was increased from 4892 to 8036 per cent, under the new allowable schedule.

Daily allowable for the Panhandle field, not including Moore county and the Osborne area in Wheeler county which also received increases, will be 74,578 barrels effective Tuesday morning.

During the period since the last schedule was released, January 18, 33,236 barrels of proratable oil was added to the field, the summary revealed.

Totals revealed by the new summary are: 3,605 wells; 936 marginal wells; 1,139,810 barrels potential; 64,299 barrels marginal; 1,621 barrels exempt; 1,073,217 barrels proratable; 74,578 barrels allowable.

manufacture of casinghead gas and stabilizing of jobs will result from the added output. Several companies in the metropolitan New York area.

Sold To "Power"

The G-man chieftain declined to specify the European "foreign power" he said was involved in the plot. He said, however, that one of the men confessed having sold highly confidential U. S. government information to "persons claiming to represent a European power."

The German girl, Johanna Hoffman, 26, of Dresden, Germany, a hairdresser employed on the North German Lloyd liner Europa, was arrested by federal agents as she left the ship when it docked in New York.

"All three prisoners have confessed to their part in the plot," Hardy said.

The men arrested were Gunther Gustave Rumrich, 27, a former U. S. army sergeant, once stationed in the Panama Canal zone, and Erich Glaser, 28, a soldier stationed at Mitchell Field.

Rumrich was discovered working under an assumed name at a New York chemical manufacturing concern, officials said. He was seized by G-men after he had phoned the local office of the state department, representing himself as Secretary of State Cordell Hull and asking that 50 blank passports be sent to him at a hotel, they said.

Hardy said Rumrich was born in this country but was educated in Germany.

Born in Germany

Glaser was born in Leipzig, Germany, Hardy said, and also served in the Canal Zone.

The U. S. attorney said Miss Hoffman was a native of Germany and still a citizen of that country.

Hardy said Rumrich's military record included desertion in 1935 after he had been in the U. S. army for about five years.

Civil prosecution, he declared, apparently would take precedence in the case of Rumrich and Glaser over any military action which might be brought against them.

Vetterli declined to comment when asked whether the investigation was prompted in any way by the case of Mr. and Mrs. Donald L. Robinson, now prisoners in Russia.

Forwarding to Europe

Vetterli said his agents discovered that Rumrich was ferreting out information on U. S. army military operations and forwarding the secrets through confidential sources to various addresses in Europe.

Without specifically naming the nation, Vetterli indicated that the U. S. government secrets were sold to a particular country, instead of to a general "clearing house" for the purchase of foreign military secrets.

The G-men chieftain said Rumrich confessed selling the information, which he sent abroad by code messages. He said Rumrich has a brother now living in Czechoslovakia.

Vetterli said Rumrich served as an army sergeant in the Canal Zone before he deserted.

G-men revealed they unraveled the "leak" by deciphering elaborately coded messages addressed to European addresses by the local ring.

Vetterli said Rumrich admitted he had been requested by foreign agents to secure data on new United States aircraft carriers now under construction "in an eastern navy yard."

but at dawn, as dark clouds rolled up over the desert the general loved so well, he again wavered. Throughout most of the night he had been under an oxygen tent.

In bulletins issued periodically throughout today, Dr. Davison and Lieut. Col. S. U. Marietta said slight change, other than a general weakening, was observed since the early morning attack.

Their faces drawn with anxiety, General Pershing's only sister, Miss May Pershing and his son, Warren, and nephew, Frank, moved in and out of the sick room.

Early in his illness, a friend disclosed today, General Pershing realized he had not long to live.

"I'm not recovering," the commander was quoted as telling his two old friends, Gen. Charles G. Dawes and Gen. James G. Harbord, when they visited him here.

"I'm not fooling myself," he explained. "My heart is growing tired."

General Pershing cautioned Dawes and Harbord to continue permitting his sister to believe that his only ailment was rheumatism. It was only last night she realized there was practically no possibility of his recovery.

The German girl, Johanna Hoffman, 26, of Dresden, Germany, a hairdresser employed on the North German Lloyd liner Europa, was arrested by federal agents as she left the ship when it docked in New York.

"All three prisoners have confessed to their part in the plot," Hardy said.

The men arrested were Gunther Gustave Rumrich, 27, a former U. S. army sergeant, once stationed in the Panama Canal zone, and Erich Glaser, 28, a soldier stationed at Mitchell Field.

Rumrich was discovered working under an assumed name at a New York chemical manufacturing concern, officials said. He was seized by G-men after he had phoned the local office of the state department, representing himself as Secretary of State Cordell Hull and asking that 50 blank passports be sent to him at a hotel, they said.

Hardy said Rumrich was born in this country but was educated in Germany.

Born in Germany

Glaser was born in Leipzig, Germany, Hardy said, and also served in the Canal Zone.

The U. S. attorney said Miss Hoffman was a native of Germany and still a citizen of that country.

Hardy said Rumrich's military record included desertion in 1935 after he had been in the U. S. army for about five years.

Civil prosecution, he declared, apparently would take precedence in the case of Rumrich and Glaser over any military action which might be brought against them.

Vetterli declined to comment when asked whether the investigation was prompted in any way by the case of Mr. and Mrs. Donald L. Robinson, now prisoners in Russia.

Forwarding to Europe

Vetterli said his agents discovered that Rumrich was ferreting out information on U. S. army military operations and forwarding the secrets through confidential sources to various addresses in Europe.

Without specifically naming the nation, Vetterli indicated that the U. S. government secrets were sold to a particular country, instead of to a general "clearing house" for the purchase of foreign military secrets.

The G-men chieftain said Rumrich confessed selling the information, which he sent abroad by code messages. He said Rumrich has a brother now living in Czechoslovakia.

Vetterli said Rumrich served as an army sergeant in the Canal Zone before he deserted.

G-men revealed they unraveled the "leak" by deciphering elaborately coded messages addressed to European addresses by the local ring.

Vetterli said Rumrich admitted he had been requested by foreign agents to secure data on new United States aircraft carriers now under construction "in an eastern navy yard."

# MEET CALLED ON COMMUNITY HALL TUESDAY

Pampans interested in securing a community recreation center for Pampa will have a second meeting at 8 o'clock Tuesday night in the BOD committee room of the city hall building, it was announced yesterday by C. J. Maisel, chairman of the chairman of the group formed two weeks ago to determine the feasibility of the project.

J. M. Collins and Arthur Teed are to report on how recreation centers are started, financed, and maintained in other cities. Farris C. Oden will give the group information on the possibility of securing a loan from the HOLCO to finance the plan.

Other reports will be made and a definite plan is expected to be formed concerning exactly what is desired and how it may be obtained.

Representatives of 11 Pampa organizations compose the group studying the plan for a recreation center. Frank Culberson and Roy Bourland represent the Lions club. Other representatives are: American Legion, C. J. Maisel, W. V. Jarratt, BOD, Farris Oden, Tom Aldridge, Junior Chamber of Commerce, Arthur Teed, J. M. Collins; Rotary, Hol Wagner, secretary of the recreation center group, and Dr. R. M. Bellamy.

Kiwanis, Lee Waggoner, F. E. Hoffman; Veterans of Foreign Wars, Howard Neath, H. P. Lusby; Business and Professional Women's club, Mrs. Julia E. Kelley, Mrs. Ross Cornelius; Parent-Teacher association, Mrs. J. M. Turner, Mrs. L. L. McColm, Miss Josephine Thomas; Council of Clubs, Mrs. J. W. Garman Jr.; Pampa Amateur Athletic association, Paul D. Hill.

# DINGWALL INSPECTS CANADIAN HIGHWAY

J. C. Dingwall, Pampa resident engineer of the Texas Highway department, was in Canadian yesterday, inspecting road work on Texas Highway 4-U. S. 83.

Only eight men are now being employed by Cooke & Braden, Amarillo contractors, on the 5.3 mile strip extending from Wheeler county north into Hemphill. Work is starting at the northern end.

Possibly two-score workers will be employed at the end of March or first part of April when caliche will be laid.

The contract calls for grade re-creation, flexible base and asphalt treatment. Amount of the contract is \$164,844.

# Horace Mann School Presents Patriotic Assembly Program

An all-school patriotic program under the general supervision of Carrol Killebrew was presented at the Horace Mann school last week.

After the flag salute, the singing of the "Star Spangled Banner," "America," and the Lord's prayer, a piano solo by Norma Jean Stevens entertained the assembly. This was followed with a tap dance by Priscilla Bruce and numbers by an accordion band composed of Patsy Ruth Husband, Freddy Jean Bronk, Beverly, Bane Burba, Tracy Cary, and Betty Jane Boynton.

Following a violin solo by Martin May, the girls' quartet including Allene Vaughn, Barbara Jean Davis, Margaret Noland, and Joy Stine, sang. A reading by Kathryn Vincent Steele and one by Jean Nix continued the program.

Another number was a tap dance by Barbara and Baby Denson. This was followed with a colonial number by Benevis Anderson, Mary Jane Chambers, and Betty Louise Davis, pupils of the Vincent school of dancing.

Pupils of the sixth grade art class presented a chalk talk which was followed by a dramatization, "The Life of Washington," by the third grade pupils, and a Washington song by the second grade. Girls of the high school glee club entertained with three numbers.

A skit from the life of Washington was presented by the sixth grade pupils and a playlet, "Why Washington Didn't Go to Sea," was given by a group of third grade pupils including Avis Kelly, Wanda Shelton, Earl Trossie, and Melzer Rose. Washington songs and dramatizations by the second grade closed the program.

# GOODRICH CLUB ORGANIZED AT MEETING HERE

An organization supporting District Attorney Lewis M. Goodrich in his candidacy for Attorney-General of Texas was perfected at a meeting held Friday evening in the county courtroom here.

Officers were elected, local and precinct chairmen chosen, and it was decided that a register of all Goodrich-for-Attorney-General supporters be prepared. A fund was raised to care for organization expenses.

All men and women who wish to pledge their support will be enlisted. Financial contributions will be solicited, but no contributions will be required to be eligible for membership in the Goodrich club.

Stationery will be prepared on which Goodrich adherents will be asked to write friends urging their support of the district attorney in his candidacy for the state office. Another unit of the Lewis Goodrich-for-Attorney-General club will be formed at McLean.

Newton P. Willis was elected Gray county chairman, and E. S. Carr, is to be chosen later. Headquarters of the club will be at the office of Frank Hill, 119 North Frost.

Precinct chairman are: S. E. Allison, Phillips camp, Clyde Gray, Laketon, Arlie Carpenter and J. D.

Two cases settled with compromises

Compromise settlements were approved in two judgments filed Friday in 31st district court.

In the first of these, the plaintiffs were to recover \$1,450 from the defendant, in the case styled Edgar Donald McCracken by his next friend, and Mrs. Zora J. McCracken vs. Texas Employers Insurance association.

The suit involved a compensation claim based on the death of Edgar N. McCracken, British-American Oil Producing company employee, on April 26, from injuries received in an accident on March 22.

S. D. Stennis and John V. Osborne, Pampa, represented the plaintiff; Underwood, Johnson, Dooley and Wilson, of Amarillo, the defendant.

In the second case, D. T. Throver vs. C. A. Huff, doing business as Dr. Pepper Bottling company, plaintiff recovers \$1,900. L. E. Godwin, Works and Bassett, represented the plaintiff; Shannon, Oschner, Pfeiffer and Little, the defendants. Both firms are of Amarillo.

Chicago Grain

CHICAGO, Feb. 26. (AP)—The majority of grain brokers stood idle on the rim of the wheat pit during most of today's short session and watched prices drift slightly lower.

There were no trade developments to stimulate speculative interests and as a result trading was slow and prices fluctuated within a narrow range of 1/2 cent. Quotations slid off as much as 1/2 cent in the first 15 minutes but then scattered buying, some of which was credited to milling interests, brought a slow recovery in the May contract which rallied at one stage to 1/2 cent above the previous close.

The new crop deliveries, July and September, showed less recuperative power, however, reflecting improved moisture conditions southwest. The result was an irregular close, with wheat 1/2 cent lower, higher compared with yesterday's finish. May 89 1/2, July 89 1/2, September 89 1/2, corn 3 1/2 down, May 39 1/2, July 39 1/2, September 39 1/2, oats unchanged to 1/4 lower, May 31 1/2, Rye 1/4 off to 1/4 up, May 75 1/2, large unchanged to three cents lower.

# PAMPA BOD HEAD AT OKLAHOMA DAM MEET

Reno Stinson, president of the Pampa Board of City Development, attended a meeting in Guymon, Okla., Friday afternoon when representatives of the war and agricultural departments discussed with delegations from the Panhandles of Texas and Oklahoma the proposed dam at Optima, Okla., near Guymon.

Several years ago congress appropriated \$1,300,000 for the Optima dam. A survey revealed that it would require about seven million dollars for the project. Friday's discussion was regarding the advisability of such an outlay. No definite decision was reached, Mr. Stinson said.

The dam would be on Beaver river, also known as the north Canadian river, and would impound water now causing floods in Oklahoma. It is believed.

# SISTER OF B. S. VIA DIES IN OKLAHOMA

Mr. and Mrs. B. S. Via were to leave this morning for Oklahoma City where they will attend funeral services Monday for his sister, Mrs. George Crosby, 70, who died at her home there Friday night.

Mrs. Crosby was well known at the Panhandle. Twenty years ago she lived at Sweetwater in Wheeler county. She was also a visitor in the Via home here.

# Tex's Topics

The boys in the shoe-shining industry have been cashing in around Pampa and the Mud Bowl lately. . . However, nobody is squawking much about fording the muddy street intersections. . . They just put up with it, knowing what it's going to mean in the way of crop production next summer. . . Perhaps Pampa officials should bid for a WPA project to take the mud out of the downtown district when an unexpected rain or snow barges in. . . There have been less worthy WPA projects, one suspects. . . If WPA supplies the money, the city could supply the material all right—which in this instance, would be robs and gobs of good old terra firma dragged into the city under thousands of automobile fenders.

Judge W. N. Stokes, associate justice of the Amarillo Court of Civil Appeals, made his first radio talk when he addressed Pampa Kiwanians Friday afternoon. . . He said he rather liked it, and was pleased to learn that the microphone does not snip at you. . . Cowboy Jim, of KPND, is getting much fan mail from the fair sex, since a word was dropped here about him a week or two ago. . . However, he has been keeping it a secret. . . Otis Humphrey plays a mean hand of contract bridge, says our Secret Operative No. 7. . . Ely Culbertson is introducing a fifth suit and a 64-card deck for bridge addicts. . . Personally, the four-suit, 52-carder gives us enough trouble.

Here's an idea: . . . When a child is born, a record should be made of it, together with that of its parents and grandparents—dates and chronological facts. . . It should be in ink and upon good paper—this would be a good job for grandma. There should be a place of public deposit of this record. . . This might mean much to the child in years to come—even something material—and possibly to the world at large.

The average person doesn't know the maiden name of his or her grandmother. . . Too many of us have found ourselves living next door to a first cousin without knowing it. . . Any who have had experience in the research for historical, biographical facts or even legal evidence, knows the difficulty after the first generation and its near-impossibility after the second generation—and the need for family record.

The last direct heirs of the Wendell estate, a bachelor brother and two sisters, lived for many years in a red brick and stone-trimmed house at the northwest corner of 5th-av and 38th-st, New York. The house had never been wired for electricity—used a large vacant backyard to exercise their dog. They kept just one aged maid servant—always came to the door with carpet dust and lint in her hair. The office of the Wendell estate was in a small room down on Great Jones—one clerk that looked like he had jumped out of one of Dickens' novels. The last of these heirs died a few years ago, leaving an estate of more than 75 million dollars.

There were 7,000 claimants and all but seven were thrown out of court for lack of documentary evidence—no family record! . . . An aged widow died the other day in Philadelphia leaving a 50-million dollar real estate fortune the start of which had been made in the manufacturing of snuff. There was no will and 17,000 persons have filed claims and all but 17 will be thrown out of court—no documentary evidence—no family record!

## Yesteryear In Pampa

**TEN YEARS AGO TODAY**  
Precinct one was planning an election in which a \$75,000 bond issue was to be voted on for bridge construction.

Among the 16 Texas cities and towns receiving credits from three to 15 per cent on their fire insurance rates, Pampa was one of the 10 receiving the 15 per cent credit.

**FIVE YEARS AGO TODAY**  
Stripping of gas from Panhandle oil wells was receiving favorable reports from the Texas railroad commission.

Workmen at the municipal pool project were removing forms and rubbing the concrete walls with carborundum stones to give a smooth surface.

now have not only tenure of office in public jobs, but, under the Wagner Labor Relations Act, we have in reality tenure of jobs in every industry engaged in interstate commerce. Under the Wagner Act, the employer now has no right, if the employee contends he is a union man, either to reduce wage, to discharge, to demote or even to select the help if the union rules that there must be a hiring hall.

This, of course, can only increase inefficiency, discourage private initiative and make pawns of the honest, capable workers. It is probably the greatest backward step as far as economic laws are concerned that has ever been passed in the United States. It is really a step in the caste system that gives the appointees of the politicians complete control of industry and takes it out of the hands of those who have made a life study of the work in which they are engaged.

It is absurd for the politicians to blame the employer for lack of work when they have in reality taken the management of business out of their hands.

Until the workers realize what has happened and get tired of doing without what they are entitled to because of these lazy, inefficient, incompetent government appointees, there can be little improvement. It is the Gethsemane we must go through in order to learn.

The average sportsman knows only a few of the animals and game-fish in forests and streams. . . Let's take a gander at more than 250 species now strutting about Grand Central Palace:

Trout. . . Here are artificial lakes and waterways representing New Brunswick, British Columbia, Oregon, Maine and other famous fishing localities. . . They team with land-locked salmon, rainbow, brown, brook steel-head and golden trout.

Some of 'em weigh eight pounds. . . They're like wary submarines prowling through the under currents while the big New York mob stares.

Retrievers. . . At the big 76 x 40 tank, where the baitcasting exhibition and log-rolling contests take place is Frank Hogan with his Labrador and golden retrievers. . . These water-babies retrieve wild ducks and any game that falls to the gun. . . They're trained to the minute and respond to each peep of the whistle.

Game. . . Alabama quail, New England pheasant, upland grouse, Canada geese (the big ring-necked honkers), mallards, pintails, red-heads, teal—all are here. . . There are black-fox squirrels and greyack squirrels, red-shouldered hawks, Arctic owls, snowshoe hares from Alaska, jackrabbits from Texas, turtles from Cat Island, crowned cranes from the steaming congo. . . A man never saw such an accumulation of game in his life.

Exhibits. . . At one stall is a pair of skies used by Ambundsen at the North and South poles. . . Another contains 10 dog harnesses Byrd carried to the Arctic. . . ## How's Your Health?

By IAGO GALDSTON, M.D.

A person's heart and circulatory system are deeply influenced by his food habits and practices. This is shown by much clinical and experimental evidence. Disturbances in nutrition, whether due to disease or to bad dietetic habits, affect the body as a whole and sometimes affect the circulatory system even more severely.

The diabetes sufferer, for example, is known to be particularly liable to develop arteriosclerosis. The heart is seriously affected in the nutritional deficiency disease known as beri-beri.

In obesity due to over-eating—a condition which should be considered as a metabolic disturbance—the circulatory system is subjected to continuous strain. Degenerative heart disease is much more common among those markedly overweight than among persons of normal weight.

Fasting or severe restriction in diet also influences the heart and circulatory system. Under such conditions you find the heart rate definitely slower, blood pressure lowered and the metabolic rate (the rate at which the body burns up its fuels) decreased. Advantage is taken of these reactions to under-nutrition in the treatment of a number of disturbances of the circulatory system.

Temporary starvation, or under-nutrition, lightens the burdens imposed upon the heart, and as experience has shown, enables it to carry on, when a full load would have caused it to break down completely.

But prolonged under-nutrition is likely to damage the heart, and this is a point to be emphasized. Under-nutrition does not necessarily mean starvation. A person may eat a great deal of food, indeed, enough to have the appearance of being well fed, and yet he may actually be badly nourished.

This is likely to happen when the foods eaten are lacking in vitamins and mineral salts. Individuals who restrict their diets to a few food items, and those who go on "trick" reduction diets, are prone to suffer from malnutrition.

This warning also goes to sufferers from arthritis, rheumatism and other chronic conditions who "suspect" their diet and experiment by eliminating essential items.

Among other untoward effects, malnutrition may seriously damage the heart.

# Behind the Scenes In Washington

By RODNEY DUTCHER, Pampa Daily News Washington Correspondent.

WASHINGTON, Feb. 26.—Dramatic, rapid-fire developments in Europe have discomfited Roosevelt and Secretary Hull, while playing into the hands of those who want to continue this nation's role in international politics to North and South America.

The immediate results over here are:

1. A hard blow to prospects for "co-operation" by the "democratic countries" against the dictatorships.
2. Weakened opposition to American naval expansion.
3. Official accentuation of the Monroe Doctrine as the key program in American foreign policy.

Uncle Sam, Bag Holder.

The British government's insistence on seeking to appease Hitler and Mussolini by letting them have what they ask for has left Roosevelt and Hull holding the bag somewhat as Hoover and Secretary Stimson were left when England refused to support strong American protests against Japanese invasion of Manchuria.

But this time the American neck was not out as far as before. Strong popular and congressional objections to foreign entanglements had defeated administration desires to take a firmer position against Germany, Italy and Japanese aggressiveness. This both weakened the position of Sir Anthony Eden and strengthened that of Prime Minister Neville Chamberlain. Secretly, the administration would much rather have seen Eden win.

Actually, as every diplomat knows things had come to the point in Europe where England had to toss an ultimatum at Hitler and Mussolini or consent to deal on the basis of an ultimatum which those two dictatorships had thrown at England and France.

Roosevelt and Hull had hoped that the British government would be tough.

They both hate and fear the ascendancy of the Fascist dictatorships and the possibility which Ambassador to Germany Dodd kept pointing out in his hand-written personal notes to both of them—that Hitler, Mussolini and the Japanese militarists will come to dominate the rest of the world and start moving in on a Latin America which already is saturated with their propaganda.

Concessions No Good.

Hitler and Mussolini, in the private opinion of our highest officials, will be insatiable until they have humbled—or tried to humble—France and England in the dust. To make concessions to such men through sacrificing the last Austrian, the last Spaniard and the last Czechoslovak, in the opinion of our diplomatic high command, will only encourage them to further demands and ultimate aggression.

Prestige of England and France and of democracy as a political ideal, under these circumstances, cannot help but be impaired in middle Europe, the Mediterranean area, the near east, the far east and the rest of the world—including Latin America. Conversely our diplomats feel, prestige of the Fascist nations will rise.

Of course it can be pointed out to Roosevelt and Hull that the United States was not "under the gun," as was England, that this country has no great yearning, such as afflicts the dominant British statesmen, to make some agreement—practically at any price—which will assure England against German air raids and on Italian seizure of the Mediterranean.

# PAMPA LEGION BACKING VETS' HOSPITAL PLAN

Members of the Pampa American Legion post yesterday began securing signatures on a petition, addressed to Senators Morris Sheppard and Tom Connally, and to Representative Marvin Jones, asking that a veterans hospital be established by the federal government in the Panhandle.

Only one more veterans hospital is to be built within the entire nation, and it is known that the hospital is to be located in Texas. The government policy will be to build additions to present hospitals, rather than construct new ones, after the building of the hospital in this state.

The petition states that 40,000 veterans reside within the Texas and Oklahoma panhandles and adjacent portions of Oklahoma, Kansas, Colorado and New Mexico, and that the greater part of the veterans living in this section are 300 miles from the nearest veterans hospital.

Veterans hospitals at Legion (near Kerrville), Albuquerque, N. M., Wichita, Kas., and Muskogee, Okla., are the institutions now serving the section mentioned in the petition.

The prosecuting attorney was having trouble with an evasive witness. Finally he asked him if he was acquainted with any of the members of the jury.

"Yes, sir," replied the witness "with more than half of them."

"Are you willing to swear that you know more than half of them?" the lawyer demanded.

"If it comes to that," the witness replied, "I am willing to swear I know more than all of them put together."

"Smith," said the president of the corporation to his secretary, "call a directors' meeting for next Thursday."

"Yes, sir," said the secretary, "directors, only, or directors and sackholders?"

"It seems strange to see you wearing that thin topcoat this cold weather when your wife goes around in those swell furs," a friend said to Smith.

"Don't have any trouble keeping warm," Smith replied. "All I've got to do is think about the bill for those furs and I start perspiring."

# HOPKINS SCHOOL GETS DEPOSITORY WARRANT

A depository warrant reimbursing Hopkins schools for the salary paid a vocational class instructor was mailed from Austin Thursday, a post card received here from T. J. O'Connor, chief clerk, vocational division, yesterday informed County Superintendent W. B. Weathered.

The class at home was one in trades and industries, and is a part of the vocational course system in operation in Pampa and several other Gray county schools.

E. C. Pennington is co-ordinator of the courses for Gray county.

A small enrollment fee from the students, plus the depository warrant, pays the salary of the instructor. The school district makes the initial outlay for the salary and is later reimbursed by the depository warrants. The federal government and the state government share in paying for the expense of maintaining vocational courses.

Just take a look at that diamond and tell me what you think of the fella I'm engaged to.

# PAMPA LOSES, 39-35, TO STATE CHAMPIONSHIP CAREY TEAM IN REGION

## MISSING FREE SHOTS COSTLY TO HARVESTERS

Carey's Cardinals, defending state champions, won the Region 1 basketball title last night in a thriller-packed 39 to 35 victory over the Pampa Harvesters. Carey had to win the crown the hard way, playing four games to three for the Harvesters.

While each team looped 14 field goals, the champions were able to sink 11 free shots. The Harvesters could only find the hoop for five charities. Pampa led at the half, 16 to 15, but were in the hole 33 to 28 at the end of the third stanza. A late rally put the Harvesters within two points of their foes in the closing minutes of the game but so hard was their play that Bob Andis and Tony Reynolds were forced from the game on fouls.

Norman Cox, high scorer of the two previous games, was watched closely and held to six points. That left Andis open and he staged a one-man show to score 17 points before retiring from the game. Cox, center, played with a bad cold, registered eight points.

Three Harvesters Back. Conner, forward, and Middleton, center, paced the Cardinals to victory with 14 and 13 points respectively.

Both teams played sparkling ball with Carey having the edge on free throws. Carey went the route with its original team while Miller, Cunningham and Foster assisted the Harvester starters of Heiskell, Andis, Cox, Reynolds and Dunaway.

The game was the last in a Harvesters uniform for Heiskell, Reynolds and Cox of the starting lineup. Only Andis and Dunaway will have another year of eligibility along with Miller of the reserves.

Tournament officials at the close of the tournament selected a regional all-star team composed of Anderson and Middleton of Carey, forward; Cox of Pampa, center; Dunaway of Pampa and Ford of Canyon, guards.

The box score of the final game:

PAMPA (35)	FG	FT	TP	PF
Heiskell, f	3	2	2	17
Cox, f	3	2	0	6
Reynolds, g	2	2	0	4

Totals	14	11	12	30

With their captain able to play only a few minutes of the first two games, the Pampa Harvesters basketball team came through and won its way into the finals of the Region 1 tournament Friday in Canyon with a 25 to 23 triumph over the Abernathy Antelopes and a 35 to 28 route of the Canyon Eagles.

Norman Cox, big center, was the hero of the two battles. With Captain Claude Heiskell on the sidelines with a severe cold, Cox was fed the ball and he came through with 17 points against Canyon and nine against Abernathy. He flipped five free tosses through the hoop for winning margin in the opening game.

Abernathy came from behind early in the first quarter and paced the Harvesters into the final stanza when the boys from District 2 jumped into a one point lead. From then on it was nip-and-tuck basketball with Cox coming through with free tosses to put his team in front.

An elongated forward named Thompson kept Abernathy in the running with his five field goals and two charity tosses for 12 points. Cox was Harvester high scorer with nine points, followed by Dunaway with five and Andis with four.

Cox Led Scoring. The Harvesters jumped into a commanding lead against the Canyon Eagles and at one time during the game led by 15 points. The aggressive Eagles, however, staged a late rally which pulled the Harvesters lead down to seven points at the final whistle.

Again the big Harvester center came through as his teammates fed him the ball unselfishly. The team was out to win at any cost and personal performances were forgotten when it was seen that Cox was "hot." He looped eight field goals and a free throw for 17 points. Dunaway added six to the count and Captain Heiskell was able to get in the game long enough to add five points, the same number added by Andis.

Canyon defeated Carey 31 to 25 in the second game of the tournament but Carey came back strong to eliminate Abernathy from the picture 45 to 33. Yesterday morning Carey got revenge by sending the Canyon Eagles out of the picture in a wild scoring game which ended 46 to 43 for the Cardinals which gave them the right to test the Harvesters for the title.

## CIGAR SMOKING WALTER EMERY GOLF FINALIST

By FELIX R. McKNIGHT.  
HOUSTON, Feb. 26 (AP)—Strapping Walter Emery, the man with the big cigar and bulldog golf game, stepped into the finals of the Houston Country Club's invitation golf tournament today with Ed McClure, the defending champion.

Nonchalantly, with only an occasional puff on his inseparable cigar, to show emotion, Emery eliminated Willie Maguire Jr. of Houston and long hitting Harry Todd of Dallas, to gain the semifinal.

McClure first disposed of Jon Dawson, dapper Chicagoan, 5 and 4, and then carried out Ed White of Houston, tournament medalist and former intercollegiate champion, 3 and 2.

Thousands tramped at Emery's heels during his semi-final match with Todd, former Texas titlist and Western Junior champion, to see the nervous man who had to win a four-hole "swatfest" to even get into match play, close out the match at the seventeenth green, 2 and 1, with a 40-foot putt for an eagle.

Emery, 1934 national amateur finalist, won three of the first four holes against Todd and appeared headed for an overwhelming triumph, but the Dallas youngster found himself at the seventh with a remarkable brassie shot that won back a hole and then dropped an 18-foot putt at the ninth green to cut Emery's lead to one hole.

Todd's tremendous tee shot at the 28-yard, par fourth twelfth hole, a booming drive that landed on the green and scattered over into the rough, cost him another hole. He clipped back across the green and lost to Emery's par four. Todd won the thirteenth hole, however, to nip Emery's lead, but immediately dropped the fourteenth. He halved the fifteenth, sixteenth and seventeenth, missing his big chance at the sixteenth hole when a tee shot after Emery's drive had strayed into trouble.

Forty feet from the hole on the seventeenth, and dormie two, Emery stroked a putt that stopped on the lip. Todd's 35-foot putted missed past. Emery was two over par while Todd was three over.

Emery defeated Maguire in the morning round on the nineteenth hole.

## MEETING OF PAMPA ATHLETIC ASSOCIATION MONDAY NIGHT

An important meeting of the Pampa Amateur Athletic Association has been called by President Paul D. Hill for 7 o'clock Monday night in the editorial rooms of the Pampa Daily News. The organization is composed of representatives of each of the local civic clubs, veterans organizations and Pampa Daily News Golden Gloves association.

"There are two or three matters of great importance to be discussed and I urge every member to be present on time," President Hill announced in calling the meeting. "We will not take more than an hour for the discussions."

Odus Mitchell is vice-president of the association, Harry E. Hoare, secretary, and M. A. Graham, treasurer.

## ARKANSAS CLINCHES TITLE WITH 34-26 WIN OVER SMU

FAYETTEVILLE, Ark., Feb. 16 (AP)—Arkansas University returned to the summit of Southwest Conference basketball tonight by defeating Southern Methodist University, 34 to 26, for the championship.

The victory was Arkansas' eleventh of twelve games played and meant that no other team had a chance to catch it.

Southern Methodist, the defending champion, lost last night, 32 to 23. Arkansas has won or shared the title eight out of 15 years. Seven times it has won undisputed possession and once was in a three-way tie with Rice and Southern Methodist.

Both teams started slowly tonight as they did last night, but this time the Razorbacks kept pace with S. M. U. The lead changed five times in the opening ten minutes of play.

## KIWANIS CLUB HEARS ADDRESS ON WASHINGTON

"Washington, a Builder," was the topic of an address delivered to Pampa Kiwanians and their guests by Judge W. N. Stokes, Amarillo, at the civic club's regular noonday meeting Friday in Hotel Schneider.

Judge Stokes is an associate justice of the 7th judicial district court of civil appeals at Amarillo, and a member of the Pampa Kiwanis club.

His address was broadcast by Radio Station KPDN. The speaker was introduced by County Attorney Joe Gordon, and the program was in charge of Tex De Weese, Kiwanis club program chairman.

Musical entertainment for the luncheon was supplied by Mr. and Mrs. Ken Bennett, of Pampa. Mrs. Bennett played a piano solo and Mr. Bennett sang one number and played a piano accordion solo.

Next week's program will be presented by the club's public affairs committee and will be in charge of James Collins, committee chairman. President James B. Masso presided at yesterday's session. Mr. Masso announced that Thursday, April 22, has been tentatively selected for the club's next Ladies' Night program.

## New Davis Cup Star Impressive

By BILL BONT.  
NEW YORK, Feb. 26 (AP)—Wayne Sabin, 21-year-old Davis cup candidate from Hollywood, Calif., today inaugurated his career as an indoor tennis campaigner by leading the parade on seeded contenders into the second round of the men's national singles championship.

Sabin, fresh from the Florida winter circuit, stroked his way smoothly and impressively to a 6-1, 6-0 triumph over Armand Bruneau, New York veteran of sixteen indoor championships.

The opposition was not too strenuous, but the performance turned in by Sabin, No. 6 in national ranking, was eminently satisfactory to the opening-day gallery.

Five of the six seeded players also advanced into the second round with straight-set triumphs. Only Bernard Coghlan, sixth seeded entrant from Pacific Palisades, Calif., had to go three sets, being carried to 6-3, 2-6, 6-3, by Frank Salles, member of the seventh regiment club.

While Don McNeill of Kenyon college and Oklahoma City, No. 9, nationally, and seeded second, delayed his start until Monday, the other seeded players to advance today were Gregory S. Mangin of New York, No. 3; Frank Bowden of New

## UPSETS MARK REGION MEETS

Eight teams paced by Carey's irrepressible Cardinals staging a determined bid to retain their state title, remained in the battle for the Texas Intercollegiate league basketball championship Saturday night.

Champions of regional tournaments, these teams will go to Austin Friday to contest in the state meet.

Carey, defeated in the opening game of the region 1 tournament, came back to win the next three, the last being a 39-35 victory over Pampa, which had been made a strong favorite for the title after first round results were analyzed.

Ablene, long a favorite to go far in the state tournament, came through in region 2, defeating San Angelo 38-21 in the finals. The Ablene team is unbeaten and boasts one of the finest records ever turned in by a West Texas team.

John Reagan of Houston, another strong favorite, won the region 5 tournament, downing North Zulch, 30-14, in the finals. Reagan had encountered all sorts of trouble in the opening round with Livingston but managed to edge out a 28-26 win.

The major upset, however, came at San Marcos where Belton's Tigers downed the powerful Thomas Jefferson (San Antonio) team. Jefferson had been an outstanding favorite and encountered easy going in the opening round to defeat Yancey 40-28.

## BYRON NELSON LEADS WAY IN GOLF TOURNEY

THOMASVILLE, Ga., Feb. 26 (AP)—Although competitors closed in around him over Glen Arven's fairways, young Byron Nelson of Reading, Pa., remained out in front today in the \$5,000 Thomasville open golf tournament.

The 26-year-old native Texan, winner of last year's Augusta National tournament, paced the field by two strokes though the halfway point with a 36-hole total of 139, five under par.

Close on the heels of Nelson was another young member of golf's money players—Dick Metz of Chicago, winner here last spring. Metz had put together two consistent suppar rounds for a 141 total.

A stroke back of the Chicagoan was Felix Serafin, "dark horse" threat from Scranton, Pa., who clipped two strokes from the regulation card to add to his par of 72 yesterday.

Light Horse Harry Cooper, the English born professional from Chicopee, Mass., stroked the course in a three-under-par 69 and was in fourth place with a half-way total of 143 and within striking distance of the top prize of \$700.

The field shaped up for a spectacular finish in tomorrow's 36 hole final, with only four strokes separating a quartet of leaders and a half dozen other prominent golfers near enough to the pace setters to take advantage of any miscues.

Scores included: David Clark, Dallas, Tex., 76-78-154.

## Baylor Defeats Rice Owls 47-45

WACO, Feb. 26 (AP)—Rice's downtrodden Owls staged a sensational rally in the closing minutes of play here tonight after the Baylor Bears apparently had the game on ice with a nine-point lead and it was all the Bruins could do to fight off the Rice assault and gain a 47 to 45 verdict in a thriller equalled only by the Baylor-Texas tussle here this year.

District tournaments will average 16 clubs per meet, Dumont says, making a total of 12,000 teams and 180,000 players who will play for the right to compete in state tournaments and an opportunity to be one of 32 teams to reach the national tournament through regional play-offs.

District commissioners named today include: South—Glenn Teel, Wills Point, Tex.; Joe Dobbs, Dallas, Tex., and Gus E. Hoffman, Jr., Mt. Pleasant, Tex.

York, No. 4; J. Gilbert Hall, South Orange, N. J., veteran, No. 5; Leonard Hartman, another New Yorker, No. 7, and George B. Dunn of Northampton, Pa., No. 8.

## STATE CLEAN-UP SET FOR WEEK OF APRIL 3

AUSTIN, Feb. 26 (AP)—State Clean-up week beginning April 3, was proclaimed by Governor James V. Allred today. The governor asked all citizens to cooperate in a spring clean-up campaign in the interests of public health and fire prevention.

YORK, No. 4; J. Gilbert Hall, South Orange, N. J., veteran, No. 5; Leonard Hartman, another New Yorker, No. 7, and George B. Dunn of Northampton, Pa., No. 8.

## Clingman and Cummings, Moran and Pogi on Card

Pampa wrestling fans will get "just what they ordered" tomorrow night at the Pampa Athletic arena when Promoter Cliff B. Chambers presents a varied card. He will open proceedings at 8 o'clock with a mixed card, one clean the other rough, a pair of roughnecks will battle in the semi-final with a scientific match on the main event notch.

Starting off at the top of the list will be found Bob Cummings and Sailor Otis Clingman in a main event battle that should put science on a pedestal. Preceding that Sailor or Jack Moran will tangle with Gorilla Pogi in what should be a reminder of the old days when Danny McShane and Red Benton got together. Opening hostilities will be Tex Hager and Jerry Hollis, who will gang up on each other at 8 o'clock sharp.

Cummings has returned from a road trip during which he picked off several topnotchers. He was a popular performer here early in the winter but he failed to pick a man of the Clingman caliber to strut his stuff. The sailor likes to wrestle clean but he also hasn't had much opportunity to show his wares.

Pogi, the wild man from the Argentine, is expected to be just what the doctor ordered for "Heart Punch" Moran who has been cock of the walk around here for a long time. The gorilla likes them rough and tough and has already assured fans that Moran is as good as whipped, even in a semi-final.

Mr. Hollis of the House of David will tree a tarter in little Tex Hager who has been making a real hit with Pampa fans lately.

## HIGH SCHOOL SENIORS TO GIVE ANNUAL PLAY ON TWO NIGHTS

"Her Step Husband," annual senior play, will be presented at the high school auditorium Thursday and Friday, March 3 and 4, at 8:00 o'clock. The play is directed by Kenneth Carman, head of the high school speech department.

The cast is as follows: Mary Marshall—young wife of Harvey P. Marshall and mother of Willie Marshall, who is the son of butter and eggs—Katharine Barrett. Harvey P. Marshall—husband of Mary Marshall—Howard Jensen. Sylvia Allen—friendly neighbor who is responsible for Harvey's behavior and the step husband—Lena Hurst. Dr. (Jerry) Niles, M. D.—the step husband—Junior Williams. Stella (the maid)—who is afraid of lightning when a man is present—Jeanette Cole. Aunt Emmy—the exacting old auntie who brings many worries upon Mary's head—Mattie Brown. Limpy Lannigan—an ex-convict and would be butler—John Henry Nelson. Officer Shea—the flailfoot cop who gets all mixed up—Jack Hesse. Florence Ainslee—the jealous young girl who fights for the step husband—Dona Gay Watson.

It seems that Mary, in order to impress a bitter enemy with tales of financial importance, has gotten herself into quite a pickle. Aunt Emmy has heard of all the tall tales and is arriving to investigate. Mary hires a butler, a maid, makes an excuse for the limousine by saying that the valves are being ground and tells her aunt that the grand piano is having its action fixed. The butler turns out to be a crook whom Shea is looking for and confuses with Harvey, the husband. Jerry, the step husband, is engaged to Florence and Florence is beginning to suspect that he is really in love with Mary; so a little jealousy and a scrap ensue. To top it all off, the borrowed allude is missing; the cop can not decide which man is Mary's husband and consequently which man to arrest; and Rough-house Willie, the lightweight wrestler of the world (the young son, 14 months old) has been stolen. The whole confusion is traced directly to the dramatic plots and dreams of Mary Marshall, who thinks that she could have written plays had she the proper knowledge of commas and semicolons. The senior class invites every Pampa to see "Her Step Husband" Thursday and Friday nights to support the seniors on their Carisbad trip. Admission is 35c for adults and 25c for students. Seniors are selling tickets to the play to pay their way to Carisbad.

## Aneroid Leads Seabiscuit Home

LOS ANGELES, Feb. 26 (AP)—Seabiscuit came back to the racing wars after a three-month lay-off today and was beaten by a neck by Aneroid in the fourth running of the \$7,500 San Antonio handicap in a battle between a splendid field of candidates slated to race in the \$100,000 Santa Anita handicap next week.

Indian Broom, running for Major Austin C. Taylor, finished third. The stretch struggle between Aneroid and Charles S. Howard's Seabiscuit brought a deafening roar of excitement from the 42,000 fans at Santa Anita.

The mighty Biscuit, ridden for the first time by jockey Sonny Workman, trailed the leaders until after the last turn, and then made his move.

## Texas' Greatest Tournament Set

GREENVILLE, Feb. 26 (AP)—Between 40 and 60 teams are expected here March 9, 10, 11, and 12 for the annual state A. A. U. basketball tournament for high school girls.

From the west the noted Van Horn cowgirl team will travel 580 miles to participate. From the east comes the sensational Kildare sextet. Bonham on the north and Alvin from the south are other outstanding teams to participate.

Friday, March 11.

10 a. m. to 1 p. m.—Calf club sale, sales arena.

Last year's grand champion 4-H club calf was exhibited by Victor Lehmburg, Mason, Texas, and was

purchased by Phillips Petroleum Co. at 66 cents per pound.

Large cash awards go to the top winners in all divisions of the show.

## Mother Singers to Meet for Practice Monday Afternoon

The City Council of the Parent-Teacher association met Thursday afternoon in the high school building for a program and discussion which was opened with the Lord's Prayer led by L. L. Sone.

It was announced that the publicity record books are to be turned into Mrs. Claude Lard by March 20 so that she can grade them.

Mrs. Roy Holt, president of the council, asked that each president take one copy of the history of the organization to the office of the superintendent where it will be filed and one to the school. Mmes. C. T. Funkapillar, E. A. Shackleton, and Miss Josephine Thomas were appointed to assist in bringing the history of the city council up to date.

The Mother Singers will meet at the red school building on Monday afternoon at 4:15 o'clock for a practice to be directed by Miss Helen Martin. Each local unit has been asked to send one teacher and three mothers and anyone else who is interested to the practice.

This group will sing at Childress at the district conference to be held there on March 31. Many Pampans are expected to attend the meeting. J. B. Massa, who spoke on "Safety," pointed out that by teaching children home safety and that streets are not play grounds, many accidents may be prevented.

"Children of driving age should be taught to drive safely and to feel the responsibility for the safety of others," he said.

Mrs. Lard announced that the County Council will meet with jun-

Major William George Gilks, Dallas, divisional commander of the Salvation Army in Texas, will speak this morning at the First Baptist church on the subject, "Modern Miracles." Accompanied by Mrs. Gilks and by Adjutant and Mrs. Ernest Pickering, the Major is in Pampa on a semi-annual inspection of the Salvation Army program in Pampa.

for high school as host on March 12.

Mmes. C. E. Cary, J. M. Turner, L. L. McColm, Claude Lard, and Miss Josephine Thomas were selected to serve on the nominating committee.

## MAJOR GILKS OF SALVATION ARMY IN CITY

Pampa will be visited today by Major William George Gilks, Dallas, the Salvation Army's divisional commander in Texas, who is making a semi-annual inspection trip. During his visit the Major will inspect every activity of the local corps in addition to conducting various services.

This morning Major Gilks will speak on "Modern Miracles" at the First Baptist church. In the evening, he will speak on "What Jesus Did" at the Army hall, 843 South Earnes street. The evening service will begin at 7:30 o'clock.

Accompanying the major to Pampa will be Mrs. Gilks, who has been a Salvation Army officer along with the major for 25 years, and Adjutant and Mrs. Ernest Pickering. Adjutant Pickering will speak on "The Eyes of God" at McCullough Memorial church this morning.

Major Gilks was born in London 43 years ago, the son of a Salvation Army officer. The major's parents now reside in California. Major Gilks has been an officer for 25 years, starting with his training at the Army's college in New York City, and has held various posts at Syracuse, N. Y., New York City, Buffalo, N. Y., Charleston, W. Va.,

and Charlotte, N. C., before becoming divisional commander of Texas two years ago.

The divisional commander is a director of the Dallas Kiwanis club, vice-president of the Southwestern Probation and Parole conference, chairman of the Dallas County Parole board, member of the Boy-Head club, member of the Scottish Rite, American Association of Social Workers, American Prison association, and chairman of the Dallas County Transient and Homeless committee.

Strickland, second vice president; Miss Claudia Evers, secretary-treasurer.

Selected delegates to the district meeting which is to be held in Canyon March 18-19 were J. Davis Hill and President Heath.

Next meeting of the White Deer unit will be held in conjunction with a general faculty meeting on April 7, under the auspices of the White Deer grade school.

The White Deer unit is in favor of the formation of a Carson county unit within a short time.

## WHITE DEER TEACHERS ORGANIZE TSTA UNIT

WHITE DEER, Feb. 26.—Supt. George A. Heath was elected president of a local unit of the Texas State Teachers association, at a meeting held here Tuesday afternoon at the high school.

### Eighth District P-T-A Conference To Be Held Soon

**By EUGENE MANN**

New Frontiers in the Parent-Teacher association has been designated as the theme for the Eighth District P-T-A conference which will be held at Childress on March 31 and April 1. Mrs. M. A. Taylor, state president from Bonham, will be the guest of honor and will appear on a number of programs during the two day session.

Friday morning, Mrs. Taylor will conduct a conference for city and county council presidents. Problems which these officers have to deal with will be discussed. Following the conference period, Mrs. Taylor will conduct a round table discussion on "Parent-Teacher Problems."

**Debate A Conference**

Resolved, that home work and the present system of school marks should be abolished is the question which will be debated at the Friday afternoon session of the Childress convention. On the affirmative: Superintendent W. C. Davis, Memphis; Principal Annie McDonald, Amarillo; Mrs. H. H. Snodgrass, Borger. On the negative: Principal J. P. Shortt, Shamrock; Mrs. Clyde Warwick, Canyon, superintendent Leo Forrest, Farwell.

**Conference Chairman**

The general chairman of the Childress conference is Mrs. L. W. McClendon and her assistant will be Mrs. Ferrell Abercrombie. Mrs. McClendon is president of the Wilson Parent-Teacher unit and Mrs. Abercrombie is secretary of the Junior High unit. Both are active in the city council of Childress.

**Radio Program March**

Superintendent W. C. Davis of Memphis will speak on Visual Education over KGNC Wednesday, March 1, at 4:45 o'clock. This is the regular monthly broadcast of Eighth District.

**Borger Father Singers**

Wentherly P. T. A. of Borger has the only group of father singers in the Eighth District. The chorus consisting of the Rev. Victor K. Aubrey, R. V. Latimer, Barron Chapman, C. A. Carlton, T. A. Fairley and Mr. Agee appeared on the Parents Night program of this group.

**Supt. W. A. McInosh** of the Borger schools talked on "The Need of Success or Mental Hygiene." The objective of mental hygiene is to accomplish the desired end, was one of the points stressed by the educator. In conclusion he said, "An uninterrupted series of successes is an undesirable in character training as an uninterrupted series of failures."

**Adrian Founders' Day**

High school girls under the direction of Miss Lora Payne Clemmons presented a Adrian's day pageant before the Adrian monthly unit meeting. Mrs. Charles Levis was in charge of a discussion on "The Subject of Punctuality." C. Baker, Jr., teacher, directed the Adrian school harmonica band in a series of musical numbers.

## Garden Club Plans Spring Planting

February is one of the most important months in the year to a gardener. New shrubs and trees must be selected and put out and others must be transplanted to a more advantageous location. Long winter evenings are just made to be spent planning spring planting and making new garden arrangements.

At the last meeting of the Pampa Garden club several important subjects were discussed which should be of importance to everyone in Pampa.

"A Succession of Bloom in Shrubs and Perennials which Grow in the Panhandle" was a helpful paper, written by Mrs. R. F. Dirksen and given by Mrs. Lynn Boyd. It was pointed out that any plant which grows in the Central states will do well here, except those which need a deep moist soil or acid soil.

The earliest shrub to bloom in the spring is the forsythia, a bright yellow flower appearing before the leaves appear, and it will grow to be six or eight feet tall if desired.

In May we have a large selection from which to choose, and the best known are the Deutzia, lilac, syringa or mock orange, Weigela and Spiraea Van Houttei.

The Deutzia has white blossoms and makes a lovely background shrub as it is more attractive if left to grow naturally.

Lilacs are well loved here, but because of the late frosts it is better to use the French lilacs as they bloom much later than the ordinary variety, have larger blossoms and more variety in color.

Mock orange is very hardy and a sure bloomer with myriads of waxy white blossoms similar in size and perfume to the orange blossom. If left untrimmed it will grow eight feet high and makes a fine background or specimen planting.

The Weigela Rosea, a fine landscape shrub, has rosy pink flowers along its stems and branches and matures at a height of six to eight feet. Another variety, Weigela Eva Rathke, is used for foundation planting as it never grows over three or four feet tall.

Among the June and July summer flowering shrubs we find the bloomers such as the golden elder, spiraea, Anthony Waterer and Tamerix. These are all familiar varieties.

The August, September, and October list includes aethaea (Rose of Shannon) butterfly bush, hydrangea and sumac. These too are so well known they need no description.

One thing concerning blooming shrubs to bear in mind if worth while specimens on the ground are wanted is that they must be well fed and watered to produce both attractive foliage during the growing season.

There is an unlimited variety of perennials from which to choose. The bulbous plants, tulips, hyacinths, and narcissus, are cared for in much the same way as perennials and are the first to bloom in the spring. Following that comes the Iris, Columbine, bleeding heart, and peony.

his appearance and rings down the curtain on the final scene of the flower garden.

Following Mrs. Ewing Leech's helpful paper on "Nomenclature" which, given frequently throughout the year, has made Garden club members proud of their ability to pronounce the often trick names of shrubs and flowers, came the paper on "Planting for Pictures" by Mrs. L. L. Sone. A talk illustrated with beautiful and inspiring pictures cut from magazines, made it clear how necessary it is to have a plan in gardening. A picture, built of background, foreground, the high spots of interest, complimentary material, all blended to catch and hold the eye, was shown.

This picture may be planned around a gravel or flagstone walk, a group of garden furniture, a pool in garden gate, or anything you wish to accent. A window box could be used for a small picture, or a group of plants on glass shelves inside the window.

Color combinations are not so very difficult to work out as most flowers blend well. A definite color scheme is more formal, but care must be taken not to have it monotonous.

One illustration was entirely of annuals for those who are in a hurry for their effects. Then an herb garden in Long Island was described, also a very elaborate Persian garden in California, copied from a Persian carpet, all flowers of low-growing habit in deep tones of blue, dull gold, dark reds and purple.

"Whatever we may plant and plant we should remember that if we want any degree of success in our effort we should use plants that will grow easily and those that are adapted to our climate. If we are careful to do this, we may go on to painting better and bigger pictures and sometime one of us may produce a masterpiece," she concluded.

Five Classes Will Be Conducted at Training School

A training school to be conducted at the First Baptist church will begin March 6 and continue until March 13. A goal of 250 has been set for the school which will benefit all members of the church.

The first class each evening will begin at 7 and close at 7:45 o'clock; a fun period will be held between 7:45 and 8:15 o'clock, and the second class will be conducted from 8:15 until 9 o'clock.

Books to be taught will include "Touring Story Land" for the primary and beginner departments; "The Junior and His Church" for the junior department; "The Meaning of Church Membership," intermediates; "Planning a Life," young people; and "Soul Winning," adults.

Teachers for each of these classes will appear later in the week.

### Social Given By Webb P-TA

WEBB, Feb. 26.—Members of the Webb Parent-Teachers association held a social at the school Tuesday night.

Group singing, and the devotional, led by Mrs. R. R. Rath, opened the program, which included a Founders' Day play, presented by Miss Hannah Chambers, Mrs. R. R. Rath and children, Jean and Dale, Mrs. E. A. Gatlin, and Mrs. Gething. Refreshments of cake and coffee were served.

## Church Women To Observe World Day of Prayer

The World Day of Prayer which is observed in 50 countries in the world will also be observed in Pampa this year. The church women of Pampa will meet on March 4 at 10 o'clock in the First Methodist church to pray that the church may be the means of bringing together the people of the world.

A morning session in charge of Mrs. W. Purviance will include greetings from the Ministerial Alliance and a short talk on "The Church—A World Fellowship," by the Rev. Robert Boshen, "The Church's Charter of Fellowship" under the direction of Mrs. C. Gordon Bayless, a panel on prayer led by Mrs. A. L. Burge, and "Fellowship in Prayer and Service" which will be in charge of Mrs. F. C. Wilson.

Music will include spirituals by a group of Negro singers. Interspersed will be sessions of silent and intercessory prayer.

Free will offering will go to maintain the four projects sponsored by the councils of foreign and home missions. Mrs. Joe Shelton will present the Indian Works Project; Mrs. H. H. Boynton, the migrant work; Mrs. Dick Walker, the Union Christian colleges for women in the Orient; and Mrs. J. C. Rich-ey, Christian literature.

Promptly at noon the meeting will adjourn for the fellowship luncheon in the basement of the church. Each lady is asked to bring her own lunch. Coffee will be served for five cents by the Methodist women. The luncheon program will be in charge of Mrs. Fred Roberts. The Rev. W. M. Pearce will bring a message; Mrs. T. F. Morton will give a reading; Mrs. Raymond Harrah will sing; and Mrs. W. M. Pearce will talk on plans for the organization of the Federation of Church Women in this community. The day's program will be over about 1:30 o'clock.

Three Members Give Talks at Meeting Of Study Club

"The School and Community Project" was the subject of the discussion at the meeting of the Woodrow Wilson study club last week.

Three points on this subject were brought out by Mmes. T. A. Perkins, Tom Duvall, and A. J. Taylor.

In speaking on "What the Modern Family Can Contribute to the Community," Mrs. Perkins told that the first lesson to learn about good citizenship is "That it consists in discovering differences of opinion, trying to get at the facts or lack of them on which they are based, and then forming one's own opinion; such a process must continue all through life and necessarily calls for all of the care and intelligence that can be bestowed upon it."

"Parents, Children and Schools" was the topic of discussion presented by Mrs. Duvall, who pointed out that children should have with opportunity to have contacts with experiences that concern citizenship. The more the growing child can know about the concerns of his own city and about the values of different forms of city, state, and national organization the better he is.

Mrs. Taylor, who spoke on "Character Education," told that parents should take upon themselves the task of training for citizenship since the school can only train where it touches a few of the problems of government. It is the parents' responsibility to inspire in the child the highest ideals of citizenship, and by developing citizenship, they will build a "Great Society."

Eleven members of the group attended the meeting.

## Catholic Women To Meet Monday

### World Tour Given For Members of Local B-PW Club

One of the most unique entertainments of the week was the tour around the world, conducted by the members of the Business and Professional Women's club. Due to the weather, the tour was held in the city club rooms instead of various homes.

Each station visited was decorated to represent a country and the hostesses were dressed in the native costumes. In a report on the clubs in these countries, it was learned that every country represented has at least one B-PW club and is forming more each year.

Laura Bell Cornelius, dressed as George Washington, welcomed the guests to America where roasted peanuts were served and small American flags were presented to each.

On leaving America, the guests boarded the ship and went to Holland where Gladys Robinson and Ruth Walstad, dressed as Dutch girls brought greetings from Holland, France, Belgium, Germany, and Great Britain. Tulips and dutch dolls decorated this country. Crackers spread with cheese were served while Jo Ann Sawyer, who was accompanied by Carolyn Surratt at the piano, danced.

Mildred Overall and Mildred Lafayette, dressed in costumes of Norway, Sweden, Finland and Denmark. This country was represented by pine trees and ships. Crisp cookies were served as Louise Smith sang.

Christine Cecil, hostess for India, Switzerland, Italy, Austria, New Zealand and Palestine, showed hand work of embroideries, laces, and scarfs from these countries. Hot spiced tea was served while Jessie Marie Gilbert sang songs of the different countries.

Pat Austin and Leora Kinard represented Austria, Poland, Hungary, Czechoslovakia and Romania. Dressed as gypsies telling fortunes, they served salad to the following members and guests:

Iva Ekern, Ida Hughey, Lillian Jordan, Grace Pool, Sarah DeWoody, Tillie Lipsky, Lucille Douglass, Katharine Ward, Pat Morgan, Oree Brook, Odell Hoy, Lois Maguire, Evelyn Hamilton, Johnnie Griffin, Sophie Behrman, Mabel Gee, Audrey Fowler, Leah Behrman, Katie Beverly, Julia E. Kelly, Helen Lambert, Maurine Jones, Olga Lombard, Ola Nellis, Madeline Murray, Clara Lee Shewmaker.

A semi-annual meeting of the Amarillo district of the Diocesan Council of Catholic Women, affiliated with the National Council of Catholic Women, Washington, D. C., will be held at St. Frances in the morning at 10 o'clock.

Women from all of the parishes and missions in the district, including Amarillo, Borger, Bovina, Canadian, Canyon, Channing, Childress, Clarendon, Dalhart, Dumas, Groom, Happy, Hereford, Pampa, Panhandle, St. Frances, Shamrock, Tulia, Umberger, Vega, Wellington, and White Deer, will attend the meeting.

The pastors and their assistants from various parishes will also be present at the meeting in which reports of the several committees, such as youth movements, socialites, Parent-Teacher associations, immigration, Confraternity of Christian Doctrine, Altar societies, study clubs and others will be made.

A talk on "Peace" by Mrs. Hugh Cypher of Borger will be a feature of the morning program, and will be followed with an address by His Excellency, Most Rev. Robert E. Lucey, D. D., Bishop of the Amarillo diocese.

Following a luncheon to be served by the ladies of St. Francis, there will be an open forum to include legislation, clean literature, radio, and any other pertinent subject. After this, a one hour period will be devoted to an informal meeting of the groups.

Mrs. Lynn Boyd is diocesan parliamentarian; Mrs. Michael F. Roche, diocesan chairman of study clubs; Mrs. Donald Adair Powell, district president; Mrs. George M. Quinn, Jr., district corresponding secretary; Mrs. Roy E. McKernan, district chairman of youth movements; Mrs. Walter Rogers, chairman of the parish council; about 25 ladies of Holy Souls' parish plan to attend the meeting.

Refreshments were served to Mmes. John Nichols, Joe Wedge, Dallas Bowsher, Pat Norris, W. W. Hughes, and the hostess.

## YOUNGER SET HAS INFORMAL AFFAIR FRIDAY

An outstanding social event of week was the informal dance given Friday evening at the Country club for the members and guests of the Lightfoot club. Sponsors for evening of entertainment were Mrs. Roger McConnell, Mrs. Ivy E. Duncan, Miss Cleora Stanard, and Kenneth Carman.

Dancing to the music of a klocketoon from 8 until 12 o'clock was enjoyed by Charles Hickman, Billie Richey, Burt Barrett, Dennis Sullivan, Bud McAfee, Frances Thompson, Mary Nell Cloyd, Cary Ann Elkins, Frances Tolbert, Bobby Banks, Betty Rains, Carolyn Surratt, Billie Davis, Betty Jo Anderson, Bill Ketter.

Heidi Schneider, Dorothea Thomas, Mary Lynn Schofield, Jerry Thomas, Dorothy Jane Day, Betty Shrock, Dick Kennedy, Jackie Hurst, Lynn Robinson, Betty Jean Weismann, Gene Finkbeiner, Ann Chisholm, Ed Terrell, Don Hughes, Jack Brown, Ann Buckler, Aubrey Green, J. I. Howard, Hugh Stennis.

Kirk Duncan, Roberts Bell, Ray Boyles, John Johnson, Buster Wilkins, Bobby Karr, Martha Price, Bill Kelley, Harriett Price, Jimmy Mosley, Brad Hays, Betty Eric Vaughn, Max McAfee, Harold Gillespie, Mary Bell Hazard, Dorothy Nell Dean, Bonnie Lee Rose, Marjorie McCole, John E. McConnell, Chester Hunkapillar, Jimmy Hammill, Bill Stiles, Felda Mae Hurst, Mary Jean Hill.

Clara Lee Jones, Lucille Carlcock, J. W. Graham, Janet Cole, Truman Rumpie, Jerry Smith, Pauline Hogue, Leona Wray, Jeanne Lively, Bennett Wray, James Evans, Nevvin Johnston, Jimmy Pricke, Junior Barnett, Dorothy Gibson, W. J. Brown, Noble Lane, E. S. Stevens, Billy Jones, Lois Foster, Iris Williams, Jack Leavitt, Jack Hessey, and Leona Hurst.

**POT HOLDERS MADE BY THE ART CRAFT CLUB**

SKILLYTOWN, Feb. 26.—Mrs. Lonnie Feigenspan, was hostess to the artcraft club at her home in Roxana Thursday afternoon.

The afternoon was spent in making pot holders. It was decided to work on pillow cases at the next meeting which will be March 8, at the home of Mrs. Joe Wedge in the Skelly Schaefer plant.

Refreshments were served to Mmes. John Nichols, Joe Wedge, Dallas Bowsher, Pat Norris, W. W. Hughes, and the hostess.

# W. C. Fields Starred In "Big Broadcast Of 1938"

## FILM MUSICAL TO BE SHOWN HERE FOR FOUR DAYS

Easily the most lavish potpourri of music and mirth, fun and beautiful girls of the current season is "The Big Broadcast of 1938." Paramount's latest laugh musical, opening today for a four-day run at the LaNora, with a splendid cast starring W. C. Fields and including Martha Raye, Dorothy Lamour, Shirley Ross, Ben Blue, Bob Hope, Lynne Overman, Rufe Davis, Leif Erickson, Grace Bradley and Tito Guizar. And just to make the cast of stellar performers overflow from sheer abundance, the producers have tossed in specialty routines by Mme. Kirsten Flagstad of the Metropolitan Opera and Shep Fields and his Ruppeling Rhythm Orchestra, currently heading the popularity lists among dance orchestras.

Always hilarious, always tuneful, always girl-filled and most of the time more than a trifle mad, "The Big Broadcast of 1938" is the story of a transatlantic boat race and a handsome radio announcer who can never keep track of the number of ex-wives to whom he is paying alimony.

"The Big Broadcast of 1938" introduces seven new song hits, which have already jumped into the "most played" class. They are: "You Took The Words Right Out of My Heart," "Mama, That Moon Is Here Again," "Thanks For the Memory," "The Waltz Lives On," "This Little Rippled Had Rhythm," "Don't Tell a Secret to a Rose" and "Sawing a Woman in Half." The first six songs listed are from the fertile pens of Leo Robin and Ralph Rainger, who have made a habit of hits, while Jack Rock is credited with the novelty, "Sawing a Woman in Half."

The picture was directed by Mitchell Leisen.

### LaNORA CITY GIRL

When a girl with a past steps into the spotlight of fame anything can happen—and for Claire Trevor it happens all at once in "Big Town Girl," the new Twentieth Century-Fox picture.

Three men—Donald Woods, Alan Dinehart, and Alan Baxter—provide the background for Claire's adventures. One wants to share her life, one wants to take her life, and one wants to write the story of her life! Thursday.

**ULTRA-MODERN.** An ultra-modern story of a four-sided romance—"Man-Proof"—with a stellar cast headed by Myrna Loy, Franchot Tone, Rosalind Russell, and Walter Pidgeon. Famous for her portrayals as the ideal American wife, Miss Loy now deviates from her usual roles to play a single woman whose man is stolen by a rival. In lavish settings of metropolitan flavor, Miss Loy appears as a newspaper artist in love with a social climber, Walter Pidgeon. Friday and Saturday.

### REX MAD LOVE AFFAIR

A romance between a society girl and a professor of zoology develops into the screen's maddest love affair to date, in "Bringing Up Baby," new RKO Radio film which co-stars Katharine Hepburn and Cary Grant. Grant, at first true to his work, finally succumbs to the wiles of Miss Hepburn, but only after she leads him a merry chase and drags him into adventures which include scouring the countryside in pursuit of a leopard, landing in jail, and other hilarious experiences. May Robson, Charles Ruggles, Barry Fitzgerald, and Fritz Feld are also in the cast. Today, tomorrow, and Tuesday.

**PUZZLE-THRILLER.** Preston Foster and Sally Eilers appear as a team for the first time in "Everybody's Doing It," new RKO Radio romance comedy drama. Foster is cast as a temperamental com-

mercial artist, and Miss Eilers as his fiancée is called upon to see that he does not step too far out of line.

The plot centers on a prize puzzle pictures contest and the climax is reached when a gang of racketeers kidnap Foster to gain an inside track on the answers. Richard Lane, Guinn 'Big Boy' Williams, Lorraine Krueger, Cecil Kellaway, and William Brisbane also have leading parts in the film, directed by Christy Cabanne.

**HOPALONG'S LATEST.** "Texas Trail" is the newest Hopalong Cassidy picture starring the trio which has led the cast of a long list of these favorite action pictures. William Boyd as Hopalong, George Hayes as Windy and Russell Hayden as Lucky Jenkins head the cast of this new film, which deals with the roundup of a herd of wild horses during the Spanish-American war. Friday and Saturday.

### STATE GAY, WITTY ROMANCE

The talents of three grand stars, Loretta Young, Warner Baxter and Virginia Bruce, are blended in "Wife, Doctor and Nurse," gay and penetrating Twentieth Century-Fox drama with a catch in its heart and a twinkle in its eye. Two modern women who thought they could reason about love, and a man who wouldn't listen to reason, are the highlights of one of the year's most exceptional pictures, a gay romantic story in the mood of today, which features an important supporting cast including Jane Darwell, Sidney Blackmer, Maurice Cass, Minna Gombell, and Margaret Irving. Today and tomorrow.

**REPORTER JOE E.** Paul Kelly gives Joe E. Brown a few lessons in the art of foreign newspaper corresponding in "Fit For a King," the comedian's newest starring comedy which David L. Loew produced for RKO Radio Pictures. Cast as rival news-gatherers, the two actors lead each other a merry chase all over France, with Kelly, the more experienced of the two, winning all honors until Brown learns the tricks and then adds a few of his own. Heien Meek is seen opposite Brown, and a large cast also includes Hal-Well Hobbes, Russell Hicks, and Harry Davenport. Edward Sedgwick directed "Fit For a King," from the screen play by Richard Flournoy. Tuesday.

**TUNESWEPT JAMBOREE.** Bigger and brazier, madder and merrier, wilder and wackier than in "Sing, Baby, Sing," "On the Avenue" and "You Can't Have Everything," those three comedy-mad Ritz Brothers are starred for the first time in "Life Begins in College," Twentieth Century-Fox mu-

## NINE SCHOOLS TAKE PART IN HEALTH TESTS

With the completion of tuberculosis tests at Horace Mann and Pampa high schools by mid-week, nine Gray county schools will have participated in the testing of their pupils for tuberculosis, a project sponsored by the Gray County Tuberculosis association, in co-operation with the Gray-Wheeler Medical society.

Tests are scheduled for Tuesday at Woodrow Wilson, and for Wednesday at Horace Mann and Pampa high schools. There will be 400 pupils at each of the two ward schools and 300 pupils at the high school, who will take the tests, it is estimated.

Friday afternoon, tests were completed at Sam Houston school, on a group of 120. The total number of Sam Houston pupils taking the test was 440.

Schools that have received the tests to date are Hopkins 1 and 2, Back, Webb, Laketon, and Sam Houston.

**'KPDD Varieties' Brings Local Show At 12:45 p. m. Today**

Today, at 12:45, a new aircast over KPDD will be offered listeners. Titled "The KPDD Varieties," it features a minimum cast of 14 which will be augmented from time to time. No suggestion of "canned" entertainment will creep in. Every voice and all instruments will come directly from the station's audience studio.

Ken Bennett, recognized musical authority and a former bigtime vaudeville artist, is to host for the show. Bennett also directs the nine-piece orchestra, sings a solo, and doubles on both piano and trumpet. His talented four-year-old daughter, Jo Anne, is scheduled to sing "Rosalie" from Cole Porter's famous show of the same name. A unique character makes his initial appearance during the broadcast. He hails from Hoe Cake, Kas., and is named Hiram Whoozie, but more often dubbed "Punkin-Head." Hiram will match wits with Ken Bennett, but those who have heard rehearsals state that "Punkin-Head" averages only about 50 per cent in the matching.

KPDD announces the inauguration of a highly interesting broadcast Monday morning at 8:30. This new idea has received the title of "Food For Thought" and incorporates unusual, humorous and very odd news items of the moment. "Food For Thought" will be aired every week-day morning at 8:30 under sponsorship of the Eagle Buffet in Pampa.

# TEXAS' GUBERNATORIAL FIRES EXPECTED TO FLARE UP SOON

## ALLRED STILL HOLDS TONGUE ON INTENTIONS

By HOWARD C. MARSHALL. AUSTIN, Feb. 26 (AP)—The fire of Texas' gubernatorial contest continued to smolder today despite the return from Washington of Gov. James V. Allred and the expected return of Attorney General William McCraw.

All signs, however, to an outburst in the near future which may lead to the biggest conflagration of its kind in years. Gov. Allred came to his office soon after alighting from a train, but asserted succinctly he wouldn't talk politics. There was no answer, therefore, to the all-important question of whether he would finally decide to seek a third term.

The only matter in doubt about McCraw's immediate political plans continued to be the time of his formal announcement and the word passed it would be early in March.

Both in Washington. The governor and the attorney general sped to Washington early in the week to battle what they considered a serious threat to Texas' sovereignty over its valuable submerged lands along the Gulf coast.

They opposed before the house judiciary committee a resolution which would assert federal claim to the country's coast lands.

While the governor and McCraw were sitting tight, however, a formidable aspirant for gubernatorial honors, Ernest O. Thompson, mem-

ber of the Railroad commission, was in the field.

Addressing the North Texas Oil & Gas association's meeting at Wichita Falls, the red-headed "colonel" said Texas needed less loose talk about balancing the budget and firmer action toward getting it balanced. If that were done, he said, the state would be on a sound business basis in four years without additional taxes.

Interest Mounts. There was tremendous interest in the possible appearance of Attorney General McCraw next Wednesday before a senate committee which had been investigating policies of the land office and, its critics have said, rambling off into politics.

Members of the committee have said the investigation did not have a political end, but accusations have been made, nevertheless, that was where its activities pointed. The committee held a hearing at Dallas this week, a high spot of which was the issuance—it is disputed by whom—of subpoenas for bank accounts of McCraw and his wife.

The attorney general and Mrs. McCraw immediately said the committee could have the records but the attorney general added a stinging criticism for dragging his wife's name into the investigation.

In the capital, speculation developed at once as to political effects of the inquiry. Some considered McCraw got a big break when the committee provided him an opening for his blistering declaration it had gone too far.

On the other hand, there were the headlines that the attorney general's bank account was to be examined—and many people, everyone knows, read little beyond the headlines.

The possibility Allred and Thompson might come through the period of legislative inquisition altogether untouched appeared as committee members said they would inquire into the former's administration when he was attorney general and also into the administration of Thompson as railroad commissioner.

## Evangelist

The Rev. C. W. (Happy) Holmes, above, of Overton will with the Central Baptist church in a series of revival services beginning today.

Rev. Holmes, who is one of the outstanding evangelists of Southern Baptists, has held pastorates and done a great work in Hope, Ark., and other cities of Texas. Recently he held the Overton church in an enlarged building campaign.

His messages are filled with the gospel and enthusiasm for a lost world. The church feels that it is fortunate to have Rev. Holmes in the city. A cordial invitation to hear him is extended to all.

## Modern Menus

By MRS. GAYNOR MADDOX

A small kitchen can have a wide outlook. From Russian Bortsch to Yankee Oyster Pie is no more than a few pages in a cook book. So give your kitchen stove an international aspect. Make life gay, eating more exciting.

### Russian Bortsch (serves 6)

Eight onions, 1 stalk celery, 3 carrots, 4 large beets, 1 white turnip, 3-4 cup sweet cream, 1 tablespoon butter, 3 bay leaves, 1 small can tomato paste, 4 cups strong beef bouillon, 1 1-2 pounds firm new cabbage, 3 tablespoons sugar, 6 fresh tomatoes.

Cut celery, onion, carrots, beets and turnip into small pieces. Add cream, butter, bay leaves, unground pepper to taste, tomato paste and beef bouillon. Simmer for 1 hour. Half an hour before it is done, add the cabbage, cut into large pieces. Add also salt to taste and the sugar. When all vegetables are tender, add fresh tomatoes, cut up. Simmer a short time more, then serve unstrained.

### Yankee Oyster Pie (6 servings)

One and one-half pints oysters and their liquor, 2 tablespoons melted butter, 4 teaspoons cornstarch, 1/2 cup cold water, 2 tablespoons lemon juice, 3-4 teaspoon salt, 1-4 teaspoon pepper, dash cayenne, 2 cups flour, 4 teaspoons baking powder, 1-2 teaspoon salt, 1/2 cup shortening, 3-4 cup milk, or half milk and half water.

Place oysters in buttered baking dish. Stir in cornstarch dissolved in water. Then stir in melted butter, lemon juice and seasonings. Sift flour mixture with fork. Add liquid to flour, baking powder and salt together. Add shortening and mix into to floured board and cut into 1 inch strips. Arrange in lattice form on top of oysters. Bake in hot oven (450 degrees F.) for 25 minutes.

## MIND your MANNERS

Test your knowledge of correct social usage by answering the following questions, then checking against the authoritative answers below:

1. When a man and woman are dinner dancing, does he or she lead the way from the table to the dance floor?
2. If a woman wears a street length dress for dancing at night, should she wear a hat?
3. Should a woman wear an evening dress when going to a dance with a man who is wearing a business suit?
4. What should be done with a napkin when a person leaves the table?
5. Is it necessary to say goodbye to one's hostess at a tea?

What would you do if—  
You are a girl and you are asked to go dancing at a place where you have never gone. You don't know whether you should "dress" or not. Would you—

- (a) Ask your partner when he asks you for the date?
- (b) Call the hotel or night club and ask?
- (c) Ask a friend who has been there?

- Answers
1. She goes first.
  2. Yes.
  3. No.
  4. It should be left on the table beside the plate.
  5. If she isn't busy talking to someone else.

Best "What Would You Do" solution—(a) is probably safest. For it might be a place where some guests "dress" and some do not, and you will want to do as your partner does.

## Humphreys-Hancock Wedding Announced

McLEAN, Feb. 26.—Announcement has been made here of the marriage of Miss Leona Humphreys, daughter of Mr. and Mrs. "Cap" Humphreys, and Cleve Hancock, son of Mr. and Mrs. Los Hancock. Both families are of McLean.

The marriage occurred at Sayre, Okla., on Feb. 14. The bride is a senior in McLean high school, where she is a member of the pep squad. She will continue her school work.

Mr. Hancock is a graduate of McLean high school and a former McLean high school football player.

The couple will make their home in McLean.

## DALHART COWGIRL TO RIDE PARADE FLOAT

DALHART, Feb. 26.—Part of Dalhart's entry in the giant Mother-in-Law Day parade in Amarillo March 9 will be J. C. Parker's sound truck, elaborately and appropriately decorated to advertise the Third Annual KIT Reunion here next August 8 and 9. Committee in charge is J. C. Parker, chairman, Carl Hogg and Earl Dameron.

Mounted on the truck will be the figure of a horse carrying a saddle in which will be a real flesh-and-blood cowgirl, Parker said.

## SHAMROCK'S 40 AND 8 INSTALLED BY PAMPA

Officers of Shamrock's newly-formed voiture of the 40 and 8 were installed at a ceremony in that city Friday night, by a group of Pampa 40 and 8 members, headed by A. D. Monteth, sous chef de gare of district 5 of Texas.

The Shamrock voiture includes 24 new members, in addition to several who are from Wheeler, and who had been members of the voiture formerly maintained there.

A squadron of the Sons of the American Legion was also organized at the meeting in Shamrock.

## Girl Scout Leaders To Have Training Course Next Month

At the meeting of the Girl Scout Leaders' club in the little house on Friday afternoon, the group voted to have a training course during the month of March with Miss Sammie Samson of Amarillo in charge.

This course is offered for the training of new leaders and anyone else who would like to know about Girl Scouting. The exact date for the course will be announced later.

P. E. Hoffman, a representative of the Kiwanis club, told the leaders that plans were being made by the Kiwanis club to plant vines and shrubs around the little house and also that the club is to build an outside fire place for the Girl Scouts to use in cooking.

Attending the meeting were Mmes. L. J. McCarty, J. M. Turner, J. B. Caldwell, F. W. Shotwell, Luther Pierson, Pat Lanham, George J. Quinn, R. E. McKernan, D. C. Kennedy, Reno Stinson, Carl Boston, C. E. Stewart, and J. B. Massa and F. E. Hoffman, representatives of the Kiwanis club.

## ST. PATRICK'S DAY PAGEANT IN SHAMROCK

SHAMROCK, Feb. 26.—Several city organizations have plans underway for floats in the St. Patrick's Day parade which will officially open in Shamrock on March 17, Glenn Truax, chairman of the parade committee, said today.

The floats will carry out an Irish theme, some depicting an event in Ireland's history, while others will merely use Irish characters and decorations of serious and humorous nature. Though many of the local business firms will have floats in the parade, none so far have indicated the particular idea or theme they will use. Chief attraction on many of the floats will be the lovely Colleen from many Panhandle cities, who will compete for the title of the "Wild Irish Rose" and preside as queen over the celebration.

## TWO BOYS DROWN

DENTON, Feb. 26 (AP)—Two Dallas boys, John Williams and John Stewart, drowned today in Lake Dallas, and a third, Morgan Smith, was rescued by Stanton Bradley, employe at a sawmill near the lake.

Bradley saw the boys fall from a capsized boat.

## TEXAS SENATOR BACKS DENTAL ARMY BILL

The senior senator from Texas, Hon. Morris Sheppard, was the sponsor of a recent bill passed by the United States senate to increase the Dental Army corps by 100 dentists, according to information received from Dr. Charles D. Cole, Chicago, vice-chairman of the legislative committee of the American Dental Association.

Dr. Cole writes that "the bill is national in character and it would seem that the success of the bill, designed to provide a more adequate dental health care to the enlisted men in the army, would be a source of pride to the people of Texas."

# For Love of Polly

By RACHEL MACK

CHAPTER XXI  
Yesterday, Jerry, Banks and Polly arrive safely in France, having outwitted Clitte, but little did they realize the greater danger ahead.

ORDINARILY one would travel from Calais to Cherbourg by water, touching at Le Harve. But with the Channel so beset with ships engaged in war and war's commerce, it behooves civilian travelers to stick to dry land.

Cabell Banks used his fluent French to advantage in engaging three seats in a stage coach (which the French amusingly called a diligence) and he and Jerry and Polly set out at once for Cherbourg, the driver offering no objections to Nuisance.

Their intention was to go aboard Tim Chelsey's armed merchant ship, the Palm Tree, and return to America with him. Though it carried no long guns—it should be able to cross the Atlantic in reasonable safety. Jerry, and even Cabell, had heard of Capt. Tim Chelsey and his reputation as a reliable skipper.

"He's likely short of hands," Jerry said. "I can handle the sails or help navigate, whichever thing he has a need for."  
"I'll wager he'll be glad to see even me," Cabell remarked. "I hardly ever saw a ship that wasn't short of hands. But your cousin Tim needn't ask me to climb shrouds or cat anchors, Polly. I'm not his man. Navigation's my specialty."  
"My father was the best sailor of them all," Polly said, thinking suddenly of home and of the patient old man there who no longer had a ship. She felt a great longing to see Trepid and Dick.

They calculated that Tim Chelsey would have made the port of Cherbourg two good days before news of war reached the Channel. The only concern of Jerry and Cabell was how the Palm Tree would get out of Cherbourg. They put their wits together to solve this poser on the coach ride from Calais. The port would be watched by English warships; it would be a sporting venture for any American merchantman to run out. Could it be done? They thought it could.

SINCE the trip consumed several days' time and several over-stops, the three travelers argued about many matters. Polly annoyed her two male escorts by saying one day, "War's unnatural. We're of one blood with the English, yet we're lined up with the French against them. It's like asking a foreigner to help you fight your own mother."  
"Our mother happens to be trying to strangle us," Jerry pointed out. "We're the thing she hates most."  
They reflected on this sad and undeniable fact, and presently Polly said, "The French have been seizing our vessels, too, my father told me. He thinks Napoleon has overreached himself."  
"He has undoubtedly done that," Cabell agreed. "My father says he's drunk with power, so that he can't understand human nature at all," Polly argued. "First it was the Bourbon kings that were so selfish and cruel to the French people. The people threw them off and won their freedom, then turned cruel themselves, beheading the aristocrats right and left. Now it's Napoleon that's—that's—"  
"Exploiting—," said Cabell, supplying the word. "Exploiting the French people. We may have to fight Napoleon next, unless England settles him."  
"And that'll make England drunk with power," Jerry offered. "Drunker than she already is; I mean."  
"So maybe war's no use after all!" Polly exclaimed. "Maybe it never settles anything! Maybe it just destroys." The idea held her in its awful grip for hours, so that she hardly noticed the scenery or answered when they spoke to her. It was as if she had reached maturity and yet was more uncertain and shaken than she had been in her thoughtless girlhood.

She was thinking, "Must my body form a part of bodies of stinking boys of wars?" It was the old cry of woman in a man-made world, not yet articulate. It was a terrible question, without an answer.

The diligence set them down near the Cherbourg docks, and three young Americans had their first breath-taking view of this magnificent harbor which Louis XVI had begun and Napoleon (with his madman's lavishness) had completed. The two great basins of the artificial harbor, one for warships, the other for merchantmen, were a safe retreat from storms or pursuing vessels. Even at low tide the water was deep. Fifty ships of the line could graze there, and twice that many merchantmen.

Jerry and Cabell were dismayed when they looked out on the forest of masts riding at anchor. They felt suddenly that the young United States of America was crumpled and backward when compared with Europe's power and glory.

Cabell Banks said to Jerry "Let's take Polly to a hotel and leave her there while we look for

Tim Chelsey's Palm Tree. It's apt to take some time."  
Polly agreed to this plan, first describing Cousin Tim's brig as clearly as she could: "...two masts, square sails, rather wide in the beams and clumsy, a gaudily carved palm tree for a figurehead."

It was midnight before Jerry returned to Polly at the hotel, and he bore dismaying news. The Palm Tree had not put in at Cherbourg at all. Jerry and Cabell had run into an American sailor, an honest-talking fellow, who said Capt. Tim Chelsey had gotten wind of the war just before putting in to Cherbourg and had run for Morlaix instead—that being nearer the Atlantic and less bottled. He had unloaded his cargo there in record time and put out again, bound for home.

Jerry added, "I hope you don't feel angry about his not waiting for you, Polly?"  
Her answer came direct and simple, "I've come to understand how men feel about war, Jerry. What do I count when my country's in trouble? Cousin Tim and his sailors had to get home and offer themselves and the ship to America."

"That's how it was," Jerry said. "There's something reasonable and man-sized about you, Polly, for all you've got such sweet lips and eyes... Kiss me, Polly, because we're going to be married tomorrow. And then we're going to go on a ship that Cabell's getting and help chase the British off the Atlantic."

"Marry tomorrow?" Polly gasped, for that seemed to her the more important item in the news. "Oh, Jerry! I'm so thankful Cousin Tim left me stranded!"  
Jerry took her in his arms and held her close. He was a simple man and her simplicity appealed to him. She knew nothing of Coaquetry but she knew a great deal about honest loving. He wanted her for his wife, as much as—yes,

as much as he wanted to get at the English! Between these two passions he was all but consumed. He held Polly close in his arms.

IT was not easy for two young New Englanders to get themselves married in Cherbourg, yet with Cabell Banks' help it was accomplished.

When Jerry and Polly had made their vows, Cabell removed himself from the hotel, so that their brief honeymoon might be spent alone and with no talk of war to mar it.  
The innkeeper and his wife gave the bride and groom a basket of fine French fruit for a wedding present; Polly blushed at her new title of "Madame" when they presented the gift. By reliable messenger there came from Cabell Banks a coral necklace for Polly and a fine pair of binoculars for Jerry. There was in addition, a collar for Nuisance. It bore a silver plate that proclaimed "Mrs. Jerry Whitfield's cinder"—the engraver having been unable at the last moment to bring himself to engrave so ugly a word as dog.

Nuisance accepted his new collar as he accepted his new master, philosophically. It was evident to him that his beautiful mistress was obsessed by the big young man who carried her about in his arms and stopped drinking his breakfast coffee to kiss her. Yet he seemed to Nuisance to be a trustworthy young man, not given to forgetting a little dog's bones and drinking water.

As for Jerry, for several days there was no war. There was no vessel to be procured, no dangerous sea to be crossed, no English to be punished in the name of impressed seamen with striped backs. There was only Polly, honest and lonely, who had given her body into his keeping, along with her heart.

## 626 Farmers in Lipscomb ACP

HIGGINS, Feb. 26.—Under the 1937 Agricultural program, according to Ernest Goule, Lipscomb county agent 626 farm applications have been signed, covering 192,000 acres. With the exception of 20, all applications for payment have been received from the state office and as soon as signatures are obtained, are being returned.

Farmers participating in the program carried out the following soil building practices: contour listing, 3288 acres; contour plowing, 39,850 acres; terrace building, 32 miles; basin listing, 1,072 acres; sudan and other conserving crops, 3,676 acres.

## MONDAY LAST DAY ON BANQUET RESERVATION

University of Texas ex-students were again urged yesterday to make their reservations early for the Ex-students of the University of Texas banquet, which will be held here Tuesday.

Tomorrow is the last day for making reservations. Tickets to the affair sell at 75 cents and may be obtained from County Attorney Joe Gordon, telephone 1238, and from Clifford Braly, telephone 495.

Pampa has never had a Texas university ex-students association. Amarillo and Lubbock are the only places in this section where there are such organizations. It is expected that former university students will be eager to form a similar unit here, at the banquet Tuesday.

The program for the banquet is in charge of a committee headed by Mrs. Hol Wagner. Other members of the committee are Walter E. Rogers and R. F. Gordon.

# Nine Oil Wells Gives Potential Of 4,261 Barrels

## DAILY OUTPUT INCREASED BY 6,000 BARRELS

The 6,000-barrel increase for the Panhandle field, effective March 1, was joyfully received here. It will mean approximately \$200,000 additional revenue for the area monthly, according to producers, refinery heads and royalty owners. The allowable will be 74,578 barrels.

Last week the Panhandle field reported nine completions, giving the area an additional 4,261 barrels potential. Hutchinson county led in activity with five new wells capable of producing 2,556 barrels, open flow. Gray county's three wells were given a potential of 1,493 barrels. The other completion was in Carson county.

Of the nine new locations staked during the week, eight were in Gray county. All were in the areas west and south of Pampa. Kewanee Oil & Gas Company paced activity with four of the first intentions, three in Gray and one in Hutchinson counties.

Daily output of the Panhandle with the increase, which was announced here by Col. Ernest O. Thompson of the Railroad Commission after he had studied the Panhandle's request both in meetings and with individuals, will be 74,578 barrels, not including Moore county and the Osborne area in Wheeler county, both of which received increases in allowables.

The increased allowable had been requested by the majority of the Panhandle operators, refiners and the Panhandle Producers and Royalty Owners' Association of which E. J. Dunigan of Pampa is president.

Completions by counties follow: Hutchinson County. Alma Oil Company No. D-2 Whittemburg, section 19, block 47, H&TC survey, gauged 527 barrels with the lime pay from 2,975 to 3,018 feet. W. W. Holmes No. 4 Lyall, section 33, block 2, EL&RR survey, tested 344 barrels. Lime formation was between 2,970 and 2,705 feet. Smith Bros. No. 2 Hodges, section 14, block X-02, L. A. Patillo survey,

## Announces

C. V. TERRELL. A well-known figure in the Panhandle, C. V. Terrell has announced for re-election as a member of the Texas Railroad Commission. He is the present chairman of the commission.

## C. V. TERRELL ANNOUNCES FOR COMMISSIONER

The policies of the Texas Railroad commission on oil and gas conservation, reduction of gas rates and the lowering of rates on livestock, grain, and cotton are cited in an announcement of C. V. Terrell for re-election as a member of the Railroad commission of Texas received by the Pampa Daily News.

"True to my promises in the past, I have faithfully discharged the duties of an important public office and due to intensive training and experience I have qualified myself to pass upon matters coming before the Railroad commission," Mr. Terrell stated in his announcement.

The jurisdiction of the Railroad commission, Mr. Terrell points out, embraces supervision of the railroads, trucks, buses, express companies, dock companies, gas utilities, pipe lines and administration of the conservation laws of this state dealing with the production of oil and gas, investments totaling more than three billions dollars.

The commission has caused the rates on cotton to be reduced in some instances from \$4 to \$1.25 per bale and the rates on grain to be lowered so that farmers have saved in excess of two million dollars annually. Action of the commission reduced the rates on stocker cattle 15 per cent.

Its policy on oil and gas conservation has yielded to the permanent public school fund of Texas, University of Texas and A. & M. college more than forty million dollars, Mr. Terrell revealed. "A faithful performance of public service in the past is the best guarantee of like service in the future," is Mr. Terrell's belief.

## Jap 'Stooges' Ruining Shanghai

Poverty-stricken Chinese refugees like the woman pictured above are finding themselves compelled to register with Japanese "Peace Preservation" troops when they return to ruined homes in the shell-torn Chapei sector of Shanghai. The troops, nick-named "Japan's stooges in China," have taken over control of the city, now restored to comparative order after heavy fighting moved inland.

## FOUR CABOT PLANTS REPORT NO ACCIDENTS DURING 1937

One of the most unusual safety banquets in the history of the Cabot company was held last night in Amarillo when not one but five plants were honored by having not a single hour of employe time lost through accidents.

The banquet, the seventh annual, also honored Godfrey L. Cabot of Boston on his seventy-seventh birthday. Mr. Cabot presented awards to plant representatives and congratulated them on their excellent record.

R. G. Allen of Pampa, general manager of the northwestern division, was toastmaster and introduced guests from Boston, Mass., Pampa, Guymon, Okla., Wickett,

Elasville, Kermit and points thru-out the Panhandle and West Texas. The company safety banquet was inaugurated seven years ago to show appreciation to plant employes who have the best safety record during the year. Last night's banquet was the first when more than two plants were honored.

Record winners the past year were Bowers, Schafer, Kingsmill and Seminole plants and the technical department. Plant foremen are: Bowers, I. M. Brown; Kingsmill, Henry Parker; Seminole, J. T. Talley; Schafer, D. C. Paulsen; technical, D. D. Cochrane. The four plants employ 123 men. A glance at the hours worked by

employes is enlightening: Bowers, 119,360 hours; Schafer, 139,307 hours; Kingsmill, 65,737 hours; Seminole, 36,300 hours; technical department, 24,544; total, 460,170 hours.

Three other company plants had perfect records since opening but they have not been in operation a year. The newcomers who have "thrown their hats in the ring" for 1938 records are Wickett, Estes and Keystone.

Plants, including the shops where a large number of inexperienced employes were used and where work varies, had only a total of 2,887 hours lost through accidents out of a total of 460,507 hours worked. Which means that Cabot employes worked nearly one million hours with less than three thousand hours being lost through accidents.

The Cabot safety department in this area is directed by Don Conley, assisted by Ben Gull, both of Pampa, and Nolan McKean of Wickett. The safety leaders were highly complimented by Mr. Cabot and speakers.

## FFA RECEIVES \$50 AS PROCEEDS OF COMEDY

McLEAN, Feb. 26.—Proceeds of the play, "Hold Your Seats," presented by the McLean chapter of the Future Farmers of America Thursday, under the direction of Mrs. Jim Back and Clyde Magee, amounted to \$50.

In the comedy, the role of girls was assumed by boys. The cast was R. L. Floyd, Mrs. Lydia Bumper-shoot; Wilford Newberry, Ada; Clyde Carpenter, Barbara; Kid McCoy, Catherine; Paris Hess and Jack Bogan, the twins; Edward Codra, waitress.

Others in the cast were Duane Holmes, J. H. Gordon, and E. M. Gossett. Gossett had the part of a bare-footed Arkansas girl.

Special numbers included the singing of "I'm an Old Cowhand," by Lloyd Erwin; "Hawaiian Blues," by Marcella and Dorothy Campbell, acrobatic dancing by Joan Campbell; humorous musical reading by Jimmie Batson.

Music on the program was furnished by Sam Ellerby, Lloyd Erwin, John Bond, Sylvester Cook and Louise Biggers, with Ermadel Floyd as pianist.

Mrs. Leola Harrell was in charge of make-up for the entire cast.

## Gray County Reports Eight New Locations

Gray county reported eight of the nine new locations filed last week with the local office of the Texas Railroad Commission. The other first intention was in Hutchinson county.

The eight Gray county tests will be drilled in the pools west and south of Pampa. One of the locations was for a test in plot 132, suburb of Pampa, where Sinclair-Prairie Oil Company will drill its No. 6 D. W. Cary in section 114, block 3, I&GN survey, Gray county.

Intentions to drill: Hagy, Harrington & Marsh E. Wilson Hart, No. 1, 1,320 feet from the north and west; lines of NW 1/4 of section 177, block 3, I&GN survey, Gray county.

## The Bank Check —is one of the most efficient of modern business devices.

OVER ninety per cent of all the business of the nation is carried on by means of bank credit. It is in the form of deposits which are transferred by checks in settlement of business transactions, ranging from a few dollars to several million dollars.

For large amounts and small, for short errands within the Community, and long ones to distant points, the bank check performs its work swiftly, surely, safely and economically. In addition, bank checks help in the book-keeping of those who use them and establish a legal record of payments.

These business services are available to you through a checking account at this bank.
