### CofC Plans Fajita Lunch For Members

A fajita feast is in store for all business members, and their employees and individual members and their employees, of the Muleshoe Chamber of Commerce and Agriculture.

Nancy Kidd, manager of the Muleshoe CofC said the fajita feast with all the trimmings is being prepared and served free of charge by the Chamber management and its directors.

Sponsored by Valley Grain Products, Inc., Texas Sesame and Farmer's Co-op Elevator; the luncheon will be hosted at Five Area Telephone Cooperative from 11:30 a.m.-1:30 p.m. on Thursday, October 12.

Mrs. Kidd ask that you call the Chamber of Commerce office at 272-4248, and let her know how many persons to expect from your business.

### Mighty 'M' Band Getting Prepared For Competition

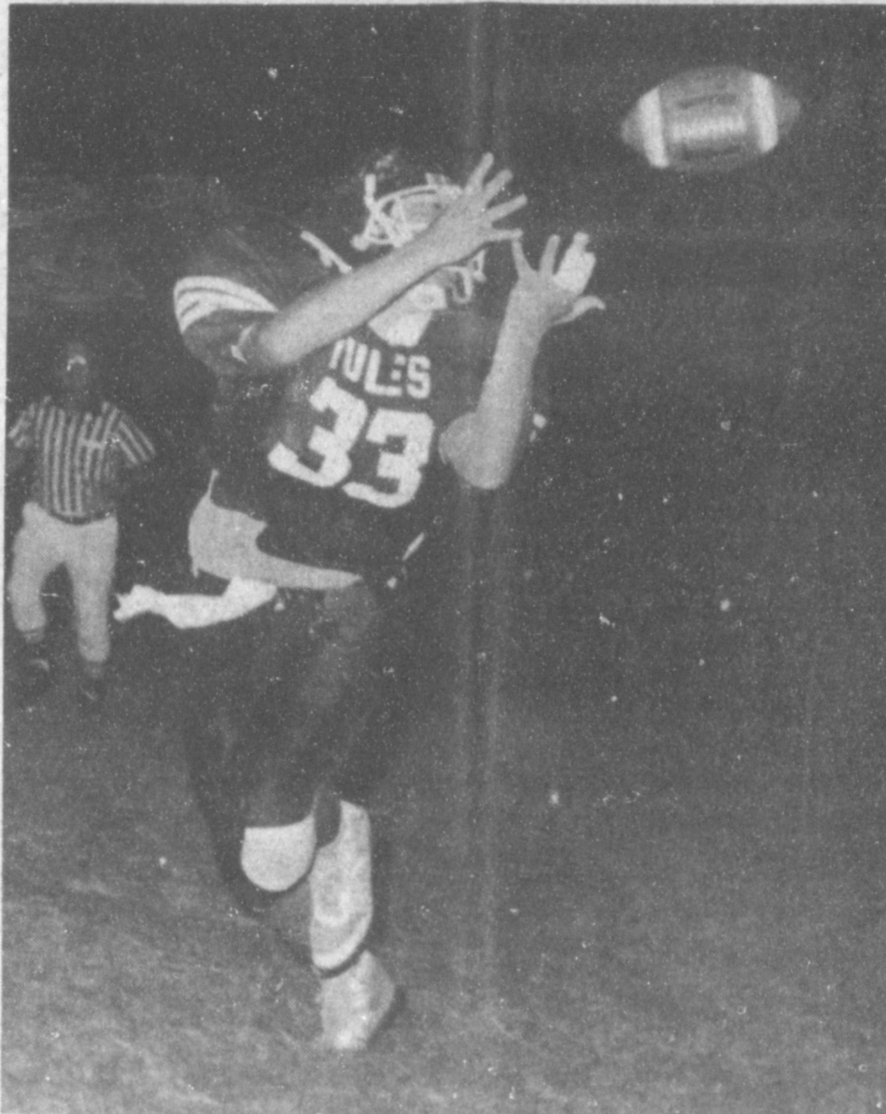

October has started out to be an exciting and busy month for the Mighty 'M' Band. On October 3, James Sudduth of Texas Tech worked with the Mighty 'M' Band as they prepare for their UIL contest later this month.

October 6 was Homecoming with River Road. The band students say this is always a fun time for them.

October 7 was the second annual Mighty 'M' Band Day. Members rehearsed from 10 a.m. until noon. After a lunch break, Dr. Fred Hardin of Lubbock Monterrey High School worked with the band from 2-5 p.m. Again, this was in preparation for UIL competition.

On October 10, the band will travel to Lubbock to participate in the Texas Tech Marching Festival. Here, bands from our area have the opportunity to compete

LATCHING ON TO A TD PASS---Mule No. 33 Michael Hardwick latched on to a Gonzales pass good for the Mules' second touchdown of the game. Despite the Mules' not being able to make the two-point conversion led the game at 12-0 in the second quarter. The Mules' showed their athletic abilities by winning their Homecoming game against Amarillo River Road by a score of 19-0. (Journal Photo)

### Mules Take Win At Homecoming

It was a very good homecoming for Muleshoe Friday night, when the Muleshoe Mules 'dug in' and provided a packed football stadium with the first victory for the Mules this year.

Taking advantage of early Amarillo River Road mistakes, the Mules capitalized and by halftime led the game, 12-0. The final tally was Muleshoe 19-River Road 7.

Preceding the football game, in pre-game activities, Wendy Green, daughter of Corky and Donna Green, was crowned 1989 Homecoming Queen. She was escorted by A. J. Liles.

Other candidates included Amber Green, also daughter of Corky and Donna Green, escorted by Andy Langfitt; Kendra Wilson, daughter of Gordon and Marilyn Wilson, escorted by Ad Godinez; and Noel Vourazeris, daughter of Keith and Sylvia Vourazeris, escorted by Doug Chitwood.

Former Homecoming Queens recognized during the pre-game activities included Gloria Gowdy Smith of Littlefield, 1939; Donna Kimbrough Nickels, Muleshoe, 1949; Pat Barrett King, Muleshoe, 1959; Karen St. Clair Delaney, Clovis, 1969 and Jo Rhonda Rhodes Northcutt, Houston, 1979.

### Crime Line ALERT

From the Bailey County Sheriff's Department, Chief Deputy Steven Bearden has a recent crime that a cash reward is being offered through the Crime Line.

Bailey County Crime Line is now offering a \$700 cash reward for information leading to the arrest and indictment of suspects involved in the vandalism of several City of Muleshoe vehicles whose tires were slashed while at the Muleshoe City Barn.

The crime took place sometime between 10 p. m. on October 4, 1989 and 6:30 a.m. on October 5, 1989.

Call 272-HELP. And remember -- you will remain completely anonymous.

queens were escorted onto the field by Cary Skaggs, Walter Lackey, Brad Helton, Brandon Mullins and Charles Riegel. River Road ran into trouble on the first play of the game when they fumbled the ball away to the Mules.

From there, for awhile, it was a carry three times, then punt, for both teams before the Mules took advantage of penalties against River Road and steadily moved th ball downfield.

After the Mules fumbled the ball away to River Road, they got it back, and again failed to move the ball until Juan Perez intercepted a River Road pass on the Mules two yard line, and Larry Gonzales, Mule quarterback punched it into the end zone from the two yard line. The PAT attempt was blocked.

Apparently taken by surprise, the River Road Wildcats again fumbled the ball away on the kickoff return, and it was recovered by the Mules. Larry Gonzales got his passing game in order, completing a 15-yarder top Michael Hardwick.

At the end of the first quarter, the game stood at 6-0 for the Mules.

Starting the second quarter, with River Road in possession of the ball, following a Mule fumble, the Wildcats failed to make much headway, although they did look somewhat better.

Toughened up defense kept both teams out of the end zone, until 3:41 of the second, when Gonzales found Michael Hardwick and completed a TD pass. Again the conversion attempt failed.

It was a jubilant group of Mules who saw a 12-0 score at halftime.

River Road really toughened up early in the second half, and steadily moved the ball but began to lose ground on penalties.

With 11:12 left in the game, Lary Gonzales made it into the end zone from the seven yard line.

The Mules' final TD of the game came with 1:08 left in the game, when Charlie Reyna took a 15 yard pass from QB Larry

### Cite Lack Of Support By Judge, Commissioners

A bone-crushing two-vehicle accident east of Muleshoe late Thursday afternoon proved to be 'the straw that broke the camel's back' as far as the Bailey County EMS Organization was concerned.

By the time the EMTs and ECAs had completed that accident, they had asked for a meeting with Bailey County Judge Jim Watson.

Leading up to the request for the meeting with the judge are more than two months of controversy surrounding the operation of the Bailey County Ambulance Service, which is operated by Bailey County.

Many meetings have been held and many discussions, with virtually nothing accomplished up to and including Thursday, October 5.

On Page 6 of this issue of The Bailey County Journal You will find the entire letter written and signed by the members of the Bailey County EMS.

After the resignation of the former ambulance director, Richelle Watkins, to go back into fulltime nursing, the ambulance was operated without a director until September 25, when Joy Harp, a former resident of Big Spring, took over as director of the ambulance service.

As a condition for her employment, her husband, Jerry, who is an EMT, must also be hired, according to what Mrs. Harp told Bailey County Judge Jim Watson and the Bailey County Commissioners Court.

The double employment was approved.

Mrs. Harp said she had been certified as a paramedic, however, had been employed by the City of Big Spring for more than two years, in an office capacity, and had not worked on an ambulance. Her husband was employed in the bakery at Furr Food in Big Spring, and also had not worked on an ambulance,

according to tapes of their conversations with commissioner's court.

She said while a resident of Monahans, former Muleshoe Physician Dr. Gary Albertson was her medical director.

Last week, Dr. Bruce Purdy, who is currently medical director of the ambulance service in Bailey County told commissioners he had talked with Dr. Albertson.

Dr. Purdy said he had been told by Dr. Albertson that he really had "no problems" with Mrs. Harp, however, did not allow her to administer drugs on the ambulance at any time. She served Basic Life Support only.

Dr. Purdy said he "must insist on approving and hiring all paramedics, after interviewing them himself, and then evaluating their performances."

Around 7 a.m. Thursday, a man's body was discovered in a pickup on Main Street and the ambulance was summoned. Justice of the Peace Todd Ellis pronounced the local man dead at the scene, and he was removed to the funeral home where, because of certain circumstances, an autopsy was ordered.

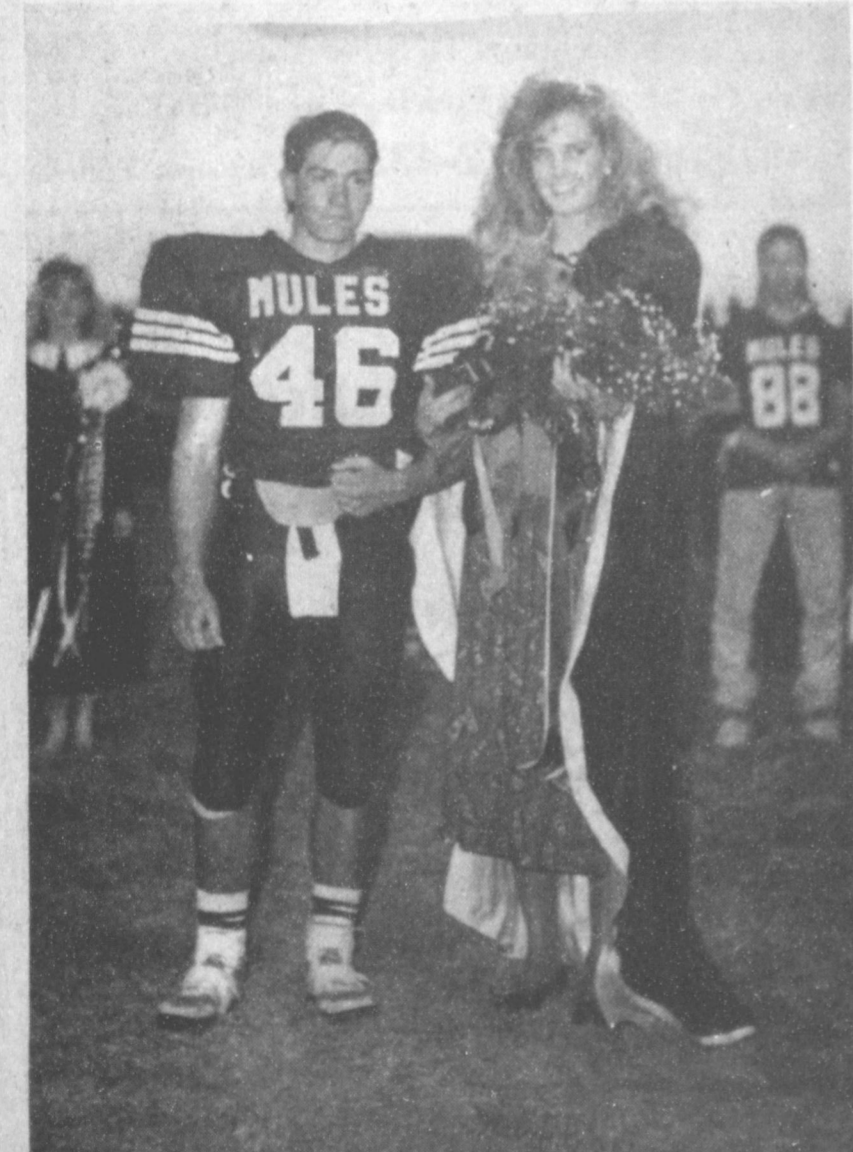

In the past, Ellis Funeral Home has transported bodies to Lubbock for autopsies. In this case, Judge Watson ordered the ambulance director to see that the body was taken to Lubbock -- in an ambulance.

The ambulance director chose for her husband and herself to take the body in one of the Bailey County ambulances, leaving only one ambulance and NO paramedic on duty in Muleshoe.

Ellis told The Journals on Friday afternoon that no autopsy results will be expected for some time. The body of Antonio Orono Holguin, 28, who has resided in Bailey County for the past year, was shipped back to his home in south Texas following the autopsy.

In the meantime, the upset

# Cooperative Main Street

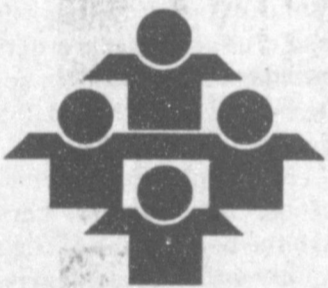

Downtown, uptown, across town — from county to county, state to state and all across the nation — cooperatives play an important role in helping their communities thrive.

In urban areas, the suburbs, small towns and rural communities there are 45,000 cooperative organizations that serve 90 million people. These co-ops, owned and operated by their members, provide a wide range of goods and services that benefit their friends, neighbors and communities.

There are co-ops for electric and telephone service, credit unions, farm marketing and farm supply, insurance, health and day care, farm credit, housing, florists and news services. In fact, there could be a co-op for anything and anywhere people need to get things done both economically and efficiently.

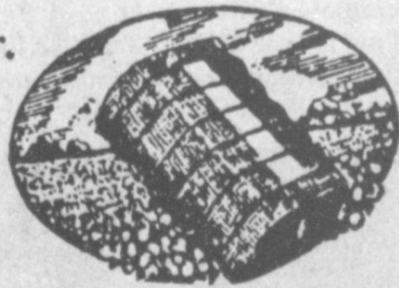

Look around your neighborhood and community — no doubt you'll find a co-op or two working hard to provide important services that benefit everyone. Building communities the cooperative way benefits the entire nation!

## Library News

by Anne Camp

Story hour at the Muleshoe Area Public Library Wednesday morning was well attended. With accent on the Fall season, the children saw the movie, "The Big Red Barn", sang "Old Mac Donald had a Farm", heard the story of "The Little Red Hen and the Grain of Wheat", chanted "Five Little Ducks", and concluded with a Walt Disney movie with Donald Duck- "How to have an accident at home". If you

have a child three years of age they are invited to join us at the library every first and third Wednesday morning from 10 to 11, for Storyhour!

Whats New at the library?--there's always many things--Last

### Brownie Leaders

Due to the tremendous success of the Girl Scout recruiting day, girls are having to be placed on a waiting list, and as soon as there is a position available or a new troop opens they will be placed accordingly. The leaders reported that they regret having to do this, but existing troops are filled to and beyond capacity. Two troops have fourteen and fifteen girls each and need to be divided.

Parents and friends can say "Yes" to helping with transportation for discovery trips; to being leaders or assistant leaders; or to visiting troop meetings occasionally to teach a skill. "Be part of the fun--Just say "Yes" to Girl Scouting. You may call any of the officers of the local unit for more information.

If you have a couple of hours a week and would like to share your time and experience with these girls, give one of the officers a call. No leader experience is necessary. The rewards of making a difference in a girls life will last her a lifetime, lets not keep the future waiting."

week we received the U.S. Constitution in braille, a number of best-sellers including John Jakes new book, "California Gold", "Simply Barbara Bush", a candid biography of our first Lady, and Belva Plain's new best-seller "Blessings". Along with all the new, we have had several large donations of used books and magazines, which we appreciate.

The Friends of the library are considering the purchase of a laminating machine for the library. I would like some input from our patrons on this...would it be a good service to be able to get your cards, clippings, pictures, documents, or any other items you would like to preserve encased in plastic? Let us know! Call 272-4707 for more information on this or any of our services.

Ask about interlibrary loan for material not in our library - We will make every effort to get it for you.

### Begins Year

Brownie Troop No. 300 had nine registered girls that were Daisies last year and six new girls, making a total of 15 first year Brownies present for their meeting Friday, Sept. 29 at the Girl Scout Hut, 815 West 2nd.

This was just a get acquainted meeting, a discussion on the uniform and what the group wanted to do this year was held.

The girls drew a picture of themselves and colored them as well as cutting them out to make a puzzle. They then traded with each girl putting someones else drawing together. "What can I say, you just had to be there to see how they turned out" said Mary Ann Ramirez, leader.

Refreshment time was there before they knew it. The girls enjoyed snowcones.

Next week, April Garcia will furnish refreshments and Megan Tippis will help serve.

Those present were: Viena Hernandez, Megan Tippis, Casey Tosh, Elizabeth Torres, Diana Gable, Adrienne Ashford, Lisa Marie Ramirez, Shari Alanis, Jennifer Pacheco, Karen Jo Wimberley, Stephanie Kirk, Rosa Recio, Chyla Torres, Cami Kennemer and April Garcia, and leader, Mary Ann Ramirez, and assistant, Linda Tosh.

Dot Smith, founder and president of Pepper Patch in Franklin, TN will share some of her favorite recipes for entertaining. Pepper patch uses only the freshest, homegrown ingredients, and all the products are baked with homemade goodness.

On Tuesday, October 10 at 9:30 p.m. and repeated on Thursday, October 12 at 12 noon, "Creative Living" will present information on "Project Kid-smart", recipes for an easy fall supper that are quick and easy, and tips on how to pack a suitcase.

The Texize Co. recently launched a campaign called "Project Kidsmart" in an effort to make children's safety a part of elementary school curriculums across the country. Nell Stewart, Director of Consumer Affairs for Texize, will discuss the different components of the project and

tell how other schools can become involved.

Marlene Brown will share recipes for an easy fall supper that are ideal for football Sundays, or for any time cooking needs to be quick and easy. Marlene is a food stylist, a writer and a consultant for her own business called "Marlene's Cuisine" in Los Angeles, CA.

Joanne Wallace, President of Image Improvement, Inc. in Salem, OR, will share several tips on how to pack a suitcase with fewer wrinkled clothes and everything one needs for a trip.

"Creative Living" is produced and hosted by Sheryl Borden. The show is carried on more than 100 PBS stations in the United States, Canada, Guam and Puerto Rico and is distributed by Pacific Mountain Network, Denver, CO. ## Rebekah Lodge News

Muleshoe Rebekah Lodge No. 114 held a Draping of Charter ceremony in memory of Juanita Snow on Tuesday evening, Oct. 3. Those participating were Ruby Green, Novella Price, Audrey Langfitt, Sandi Robinson, Pat Langfitt, Dorothy Browning, Fern Davis, Louise Allen, Thursie Reid, Frances Burrows, Linda Tosh, Patsy Chance, June Green and Clara Lou Jones.

Refreshments were served to the guests and friends by Frances Burrows and Clara Lou Jones.

Linda Tosh, Noble Grand, called the meeting to order. The American Flag was presented by Dorothy Browning. The opening prayer was given by Sandi Robinson. Eighteen members were present for roll call.

The draping of the charter will be extended to honor a past president of the Texas Assembly.

Louise Allen will be in charge of the program.

Adele Tompkins, treasurer, read the financial report.

Nominations were opened to Lodge Deputy. Novella Price and Louise Allen were nominated; election followed with Louise Allen being elected. The lodge voted to accept the recommendation of the Hereford Lodge for District Deputy President.

The lodge discussed plans for the upcoming Thanksgiving Dinner to be held November 2 at the 100F lodge hall. Lodge was closed with no further business.

## Running Water Draw Crafts Festival Set

The 15th Annual Running Water Draw Arts & Crafts Festival will be held in the Ollie Limer Ag. Center in Plainview from Oct. 20 through Oct. 22. The Festival brings together over 100 artists and craftsmen from throughout the Southwest. During the three days over 7,000 people will attend. All items for sale are handmade by the exhibitor. Jewelry, pottery, clothing, furniture, quilts, afghans, and numerous country crafts are included. Original artwork in oil, watercolor, and acrylics are offered.

This event is co-sponsored by the Plainview Noon Rotary Club

## Tops Club

Muleshoe TOPS chapter No. 34 met at 6:30 p.m. Thursday, Oct. 5 in the Heritage Thrift Shop. The meeting was called to order with the TOPS pledge, the fellowship song and a prayer led by Laverne James, leader.

Orvdie Burris called the roll with 15 members present. Minutes of the previous meeting were read and approved. Ruth Clemenets gave the treasurer's

report.

It was reported that next week the group will weigh-in between 5:30 and 6 p.m. The group decided to get new name tags for open house. Open house will be Thursday, Oct. 12 from 6 to 7 p.m. at the Heritage Thrift Shop.

It was awards night and Alma Robertson received a charm for weight loss, one for 32 weeks consecutive attendance and one for being half way to her goal. Alene Bryant also received a charm for 32 weeks consecutive attendance and Mollie Davis for 40 weeks attendance. Evelene Harris and Clea Robertson received a charm for weight loss.

Jewel Peeler received a gift from her secret pal. Ernestine Steinbock received a gift from the club.

Best loser for the week was Lucille Harp. First runner-up was Evelene Harris and Alene Bryant was second runner-up.

For the month of September, Evelene Harris was the best loser. First runner-up was Clea Robertson and Rama Smalling was second runner-up.

The meeting was adjourned with the goodnight song.

## Meat, Best Food Buy For October

Food shoppers will find best October buys at meat counters, according to Dr. Dick Edwards, a marketing expert with the Texas Agricultural Extension Service.

He said poultry will lead the way, since shorter beef supplies mean that beef prices will begin to rise.

Turkeys will be on sale throughout October, since food retailers have received their Thanksgiving supplies, said the food marketing economist who is based at Texas A&M University.

Private label turkey hens will be priced from 79 to 89 cents a pound, while toms and popular name brand birds will be slightly higher.

"Whole chicken will be on sale at 45 to 49 cents per pound and other cuts will be correspondingly priced with the thigh-leg cut falling back in the 29-cent range," Edwards said.

He said pork prices also will be coming down with across-the-board reductions. Getting ad attention will be pork roasts, chops and sausage.

"Look for seafood specials on shrimp, red snapper, salmon, oreo dory and ocean perch. Oysters will be a late-month feature," he predicted.

Edwards said specials on coffee should continue, since growing nations have not yet agreed on production quotas and supplies remain plentiful.

October food ads also will relate to cooler weather as canned soups, chili, corned beef hash, oatmeal and other breakfast cereals and hot chocolate are featured.

In produce ads, apples will be a major attention getter along with pumpkins.

"The 1989 apple crop is larger than last year's and will approach the all-time record set in 1987. Availability of pumpkins also will be much better than last year, since weather was excellent in the growing regions," he said.

For those buying a Jack-o'-lantern-to-be early, Edwards advised that it should be stored in a cool, dry spot until carving begins.

The economist said October also is the beginning of early orange and grapefruit marketings, with supplies mostly adequate.

**BONE CRUNCHING ACCIDENT THURSDAY EVENING**--Three persons received various broken bones and internal injuries in this two vehicle accident east of Muleshoe near the New Covenant Church on the Plainview Highway. The pickup at left was driven by a Y-L community man; and two women were occupants of the car which was westbound on Highway 70. Only one ambulance was available, so the Fire Department suburban was pressed into service to transport one of the victims to Muleshoe Area Medical Center for emergency treatment before he was flown to Methodist Hospital in Lubbock by Carelink Helicopter. (Journal Photo)

### Ambulance Crew

Cont. from Page 1

Bailey County EMS Organization finally met with Judge Watson at the Bailey County courthouse after he refused to enter the EMS building with news media in the building.

Each and every member of the Bailey County EMS turned in their pager, and quit the service at that time.

EMT's who had gone to Lubbock on the transfer of the two women also resigned after they returned to Muleshoe.

It was with much regret, according to EMS Organization President Curby Brantley Jr., when not one of us served for money, but just to help our community. But, we can no longer work under these condi-

One of the seven paramedics who served Muleshoe from Lubbock, Post and Plainview called *The Journal* late Friday afternoon, and re-affirmed "We would come back to work in a 'heartbeat' but not under the present conditions. If at anytime, the ambulance situation is settled, and it (the ambulance service) is no longer in the hands of the county, we will all be right back to work, just like we always have."

The paramedic also said several paramedics who formerly worked in Bailey County planned to write "Letters to the Editor" to explain what they thought of the ambulance service Bailey County had, and how it has deteriorated during the past few months.

At around 4:50 p.m. Thursday, with the ambulance still out of town, a major accident was reported east of Muleshoe on the Plainview Highway, near the New Covenant Church.

Only two EMT's were on duty --with one ambulance.

Officers responding asked for Fire Department backup as a portion of the westbound highway was blocked. City, county and state officers responded to help with traffic control, and try to help with the three critically injured victims.

As no paramedic was available Dr. Mark McClanahan went to the wreck site, while Dr. Bruce Purdy went immediately to the emergency rooms of the hospital to start working on the victims as they arrived.

Emergency personnel quickly found another problem. One ambulance can only transport two patients, so the Muleshoe Fire Department was asked to bring their suburban to the wreck to be used to transport one of the victims.

The fire department suburban transported 90-year-old R. T. Roy Atchison, a longtime resident of the Y-L community.

Then another problem cropped up. With the one ambulance in Lubbock, only two backboards were available.

So, one of the victims, Juanita O'Hair, 74, was in her car for some 45 minutes while another backboard was obtained from the fire department.

On arrival at the hospital, Atchison was first treated and put to bed at the hospital, however, sometime later, he

started hemorrhaging, and Care Link Helicopter was called to remove him to Methodist Hospital in Lubbock. Both the other victims, Mrs. O'Hair, and her 72-year old sister, Vivian Holt, were taken to Methodist Hospital in the ambulance after receiving emergency treatment.

In the 1990 budget for the ambulance, despite increased numbers of ambulance calls, the judge and commissioners cut a budget amount of nearly \$150,000 last year to \$118,000 for the new year.

### Three-Way Eagles Down Southland

Once again, Coach Greg Jeffcoat and his Three Way Eagles are still keeping their win record intact, defeating Southland, at Southland Friday night, 38-8.

Five of the Eagles' TD's came in the first quarter. It all started when Mario Guillen galloped 54 yards to the end zone.

At 5:44 of the first, Mario connected with Efrain Guillen for a 44 yard TD pass, with Roy Guitron making the kick good.

Then, at 3:44 of the first, Mario again ran 18 yards for a TD; followed by Efrain on a 17 yard run to paydirt. Roy Guitron made the kick good.

Ending scoring in the first quarter at :02 left, Mario again connected with Efrain on a 36 yarder, with Roy Guitron again making the kick good.

Coming back in the second, the Southland team tightened up a little, and the only Three Way TD was by Jesse Haros to Larry Robertson for a five yard TD. Guitron's sure toe added the extra points.

Coming back in the third, Efrain ran for another 50 yard TD, with Roy making the kick good. At that time, the clock

Rick Copp, vo-ag teacher at Lazbuddie said Seth Black showed a light weight Hereford steer to a fifth place finish at the South Plains Fair in Lubbock last weekend.

Seth also showed, but did not place with a Crossbred Steer and a heavy weight Suffolk.

Teacher of the week at Watson Junior High School was Beatrice Garcia. The principal awards went to Donna Davis, sixth grade; Keetha Glover, seventh grade and Albert Vasquez, eighth grade.

## Open Letter To The Public

5 October 1989

To the people of Muleshoe and Bailey County:

Due to circumstances beyond our control, we regret that we must collectively resign our positions as volunteers for Bailey County EMS. We feel that we have lost the trust and support of our county commissioners and our county judge. Recent events have made us to feel we are no longer able to adequately continue a working relationship with our elected county officials. We also tender our resignations because we have been given the strong impression that we are soon to lose the medical direction of our local physician, Dr. Bruce Purdy, without whose help we would never have gained the knowledge and reputation we so enjoy. At this time all of us would like to say a public 'Thank-You' to Dr. Purdy for his outstanding leadership over the past two years.

We also feel that the quality of our service has been compromised in the recent weeks, which culminated in an ambulance call late Thursday evening and the resignation of the seven paramedics affiliated with our service last week. As we promised the citizens of this county that the quality of our care would never decline, we feel that we could not in good conscious remain affiliated with the Bailey County name. We would also like to stress that we have never asked for compensation in any forms despite the personal cost involved to remain affiliated with the service. The county judge and commissioners court continued the operating procedures established by WestWorld which included the compensation of volunteers.

We extend to the citizens a most heart-felt thank you for allowing us to practice the art we have painstakingly practiced in the past years. We thank you for helping us to gain the state-wide recognition we enjoy as one of the outstanding EMS organizations in the State of Texas and we appreciate deeply your support, your advice, your patience and your acceptance of us as your emergency medical providers. We intensely regret having to make this decision and resign in such a way, but we all felt as if we had no other possible option.

We must also extend our deepest gratitude to the tax-payers of Bailey County for their support in the form of tax dollars used to fund our service. Along with our local citizens, another thank-you to the people and our supporters in Farmer County, especially the Lazbuddie-area citizens for the close working relationship we have developed with them recently.

Sincerely,  
Bailey County EMS Organization

### Fire Department News by: Alton Parker

The meeting was called to order by H.E. Reeder, last minutes were read and approved.

The Dept. had a visit from the third vice-president of the Panhandle Firemen and Fire Marshall's Association, also The State Association field representative.

The State field man talked about the importance of training here and other training schools. He mainly stressed training for drug labs, dope. He also brought up proposition 15 and 17. Proposition 15 allows non-profit organizations to hold a raffle and not pay taxes.

Proposition 17, if passed, allows a committee appointed by

the Governor to allocate money to departments across the state for equipment and training. This money comes from your insurance premiums and is not a tax, he commented. We are asking for everyone to please support proposition 15 and 17 in November, according to Alton Parker.

If passed proposition 17 will allow the state to take one percent from the insurance premiums, where New Mexico gets three percent.

The Fire Departments across the state of Texas, from the smallest to the largest department, needs your help so that we can help to save lives and property better, Parker continued.

At the meeting Danny Rodriguez was voted on the Department as a new member. We are proud to have Danny as a member of the department.

**IT WAS A BIG, BIG BONFIRE**--Thursday night, a very good crowd was on hand at the new city park for the annual pep rally on the night preceding homecoming for Muleshoe High School. Also on hand to assist with the festivities were members of the Muleshoe Fire department. (Journal Photo)

### Hypertension Can Be Controlled

Of the 60 million Americans who have hypertension (high blood pressure), a significant number of those with mild blood pressure elevations can bring their blood pressure back into the normal range without the cost and undesirable side effects of medications. For others, an improvement in blood pressure control also is possible. The key: alternations in your diet and lifestyle.

Most people would identify the hypertensive person as a tense individual, employed in high pressure work. While some people with high blood pressure fit this description, most present a different profile.

About 95 percent of all patients with hypertension have the kind that is labeled "essential". This means that no other disease process causes it. Despite this inability in most cases to define a single cause of high blood pressure, a group of factors plays an important role.

When specialists in the field of hypertension measured the blood pressure in large groups of people working for major corporations and public utility companies, they discovered five lifestyle factors commonly associated with hypertension.

Given this study and others like it, Jana Fristoe, R.N.,

cardiac rehabilitation nurse at Methodist Hospital, has some recommendations on how you can help lower your blood pressure:

1. Stop Smoking-Smokers develop hypertension at a rate eight to 10 times faster than their non-smoking counterparts.

2. Control your weight-Obesity places an extra burden on your heart.

3. Limit your salt intake-The evidence is overwhelming that if you have high blood pressure and lower your intake of salt to a teaspoon a day, you are likely to experience a reduction in blood pressure.

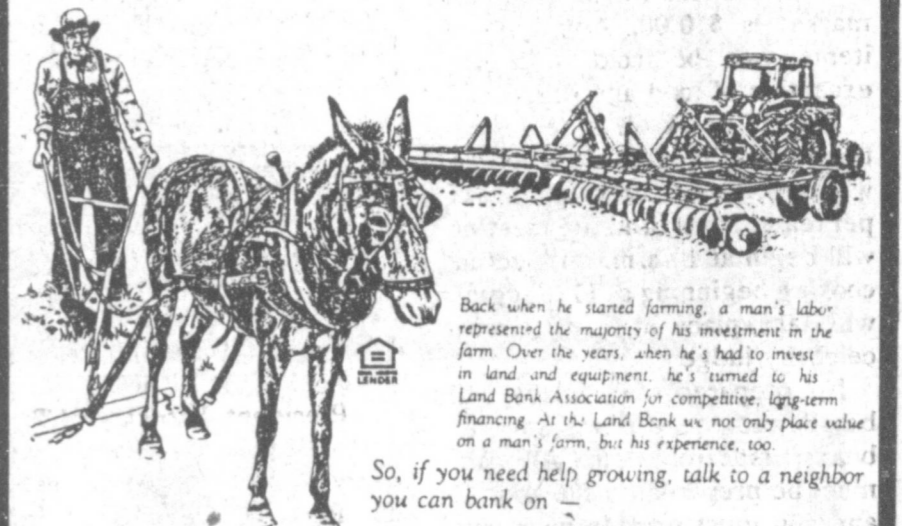

4. If you drink, do so only in moderation-Once your intake of alcohol exceeds four ounces per day, your blood pressure rises.

5. Exercise regularly-Hypertensive individuals who exercise regularly have shown a decline in their blood pressure.

Reversing poor lifestyle trends will, for many hypertensive people, result in a significant reduction in blood pressure. Even if these measures do not return your blood pressure to the normal range, they can enhance the effectiveness of medications your doctor prescribes. Consequently, your symptoms of high blood pressure could respond more positively to lower doses of medicine.

### Experience — We consider it money in the bank.

A face lined by dry, hot summer days, harsh winter, and seven-day work weeks. But there is sparkle, too, remembering warm spring sun or gentle rains and acres of cotton.

Back when he started farming, a man's labor represented the majority of his investment in the farm. Over the years, when he had to invest in land and equipment, he's turned to his Land Bank Association for competitive, long-term financing. At the Land Bank we not only place value on a man's farm, but his experience, too.

So, if you need help growing, talk to a neighbor you can bank on.

**IT'S TIME FOR YOUR ANNUAL CHECKUP**

Your natural gas furnace has been sitting quietly all summer, waiting for the time that it's really needed. And like anything that's been idle awhile, your furnace needs a checkup before it starts to work.

For another winter of worry-free, low-cost heat for your home, be sure the entire checklist below has been followed. Although you can perform some of the checkup yourself, we recommend you have your furnace inspected by a qualified professional heating contractor. Do it now, before heating season gets here.

Here is the checklist that any qualified heating professional will follow:

- ✓ Check the exhaust vent for rust and corrosion.
- ✓ Clean and replace the air filter.
- ✓ If your furnace has a blower belt, replace it if it is cracked or frayed.
- ✓ Lubricate the furnace motor. Newer models have sealed motors and do not require lubricating.
- ✓ Light the pilot light.
- ✓ Perform a carbon monoxide test.
- ✓ Conduct a complete safety inspection.
- ✓ Be certain there are no materials of any kind stored in the furnace closet.

When properly cared for, your natural gas furnace will continue to provide years and years of low maintenance cost-efficient comfort for you and your family. Get your checkup done early and avoid the crunch when that first Northern storm blows in! A safety message from your friends at Energas Company.

**SPECIAL SAFETY TIPS FOR FLOOR FURNACES**

1. The grate of a floor furnace can get very hot. Don't touch it, and particularly don't walk on it barefooted.
2. Keep young children from playing on the floor furnace.
3. During heating season, keep open any door between the floor furnace and the room where the thermostat is located.
4. Do not put a rug, carpet, or piece of furniture over a floor furnace. Keep it uncovered at all times during the heating season.

**Beth Short  
Former Mulshoe  
Resident Dies**

Funeral services for Beth Short, 51, of Hale Center were held at 2 p.m. Saturday, Oct. 7 in Hale Center High School Auditorium with Paul Jones, minister of Post Church of Christ, officiating, assisted by Jack Gordon, minister of 21st Street Church of Christ in Clovis, N.M.

Burial was under the direction of Freeman Funeral Home. Mrs. Short died at 6 p.m. Thursday in Hi-Plains Hospital following a lengthy illness.

Born in Morton, she had lived in Mulshoe, Post and Lamesa before moving to Hale Center in 1951. She graduated from Hale Center High School in 1956 and married Silas E. Short on June 1, 1956, in Hale Center. He is minister at Hale Center Church of Christ. She was a Sunday school teacher, and was librarian for the Hale Center elementary schools and worked in the Post school district.

Survivors include her husband, Silas; three sons, Zack of San Diego, Calif., and Mark and Bill, both of Post; her parents, Mr. and Mrs. A.S. "Mutt" Berry of Hale Center; two brothers, Sid Berry of Hale Center and John Berry of Plainview; a sister, Elwanda Borchardt of Hale

Center; and four grandchildren. The family suggests memorials to Sunset School of Preaching, 3723 34th St., Lubbock, 79410 or the American Cancer Society.

**BIBLE VERSE**

*"The grass withereth, the flower fadeth; but the word of our God shall stand forever."*

1. Who was the author of the above statement?
2. What was his position at the time?
3. To whom was he talking?
4. Where may this statement be found?

- Answers:
1. Isaiah.
  2. He was Israel's most outstanding prophet.
  3. To the children of Israel.
  4. Isaiah 40:8.

**Dr Evans Funeral Services Held Wednesday**

Memorial services for Dr. Winfield W. Evans were held at 5 p.m. Wednesday, Sept. 27 in the Smith & Kernke Chapel.

Dr. Evans died Sept. 24. Born in Hannah, OK, he moved to Oklahoma City in 1953. He was a radiation physicist at St. Anthony's for 30 years. He

received his BS at Texas Tech, MS at M.I.T., PhD at University of Oklahoma, President of Oklahoma Radiation Corp., membership of the Society of Nuclear Medicine, American College of Nuclear Medicine, American College of Radiology and others and veteran of WWII.

Survivors include his wife, Mary R. Evans; three sisters, Vera Duncan of Amarillo, and Ruth Malone and Nonablake Douglass, both of Mulshoe; five daughters, Linda Ross, Vicki

Randolph, Diane Grace, Karen Weichbrodt, and Janet Jarrell; two sons, Charles Evans and David Evans; and 16 grandchildren.

In lieu of flowers, the family requests donations be made to St. Anthony's Hospital Foundation.

**Letter To The Editor**

Travis Roberts  
Box 1168  
Bellaire, Texas 77402

Dear Editor:  
I am a lover of history and I have a somewhat unusual hobby. I collect old tokens used by stores, barber shops, pool halls, bakeries, saloons, forts, and other businesses years ago. The tokens were "good for" 5 cents, 12 and half cents or such in trade or merchandise or "good for" a loaf of bread, one drink, one shave, one ride or whatever. They were usually made of metal, and while having the general appearance of a coin, they were made in all shapes and sizes.

I am hoping that if you have a "Letter to the Editor" section or such in your paper that you might mention my search. I know that this request is relatively unimportant, but as our elderly pass away and the younger members of the family inherit their possessions, tokens and other items are considered junk and thrown out. I do get a great deal of enjoyment from my hobby and I do believe that these concrete reminders of our great heritage are worth preserving.

I have reason to believe that some of these tokens were used in your area and I would be most interested in obtaining some of them for my collection.

I would like to hear from anyone having one or more of these tokens or from anyone that might be able to help me. Any help that you can give me of any kind is greatly appreciated. My address is Travis Roberts, Box 1168, Bellaire, Texas 77402.

Thank you kindly in advance and best wishes.

Travis Roberts

**A Quiet Walk**

How wonderful it is to take a walk in the woods after the hectic pace of our modern living. The soft rustling of the leaves seem to bring a peaceful contentment to our racing hearts. The warm splashes of sunlight against the rich green foliage awaken our eyes to a vibrant beauty not often seen in the city. The towering trees blend into a majestic cathedral dedicated to the wondrous glory of God's creation.

As we find peace in a quiet walk so will we come to know peace and satisfaction in attending the service in God's house. Go to your church this Sunday and receive the blessings that only God's word can give you.

**LEO** July 23 to Aug 22--A happy family life depends upon you. Make your home and surroundings as pleasant and comfortable as possible.

**VIRGO** July 23 to Aug 22--The time has come to end some projects and begin new ones. Stop taking so much of someone's responsibility. Demand that they carry their share of the load.

**LIBRA** Sept. 23 to Oct. 22--Stop wasting time with persons who disturb important work you are doing. Be kind, but to the point, when telling them you are busy.

**SCORPIO** Oct. 23 to Nov. 22--Set no bounds on your vivid imagination now. Artistic endeavors are favored. Learn to communicate well with others.

**SAGITTARIUS** Nov. 23 to Dec. 21--Exchange ideas with those with common interests. A good mood should prevail throughout this week.

**CAPRICORN** Dec. 22 to Jan. 19--Keep no secrets now from mate or close associates. Financial interests could be favored if you accept help from others.

**AQUARIUS** Jan. 20 to Feb. 18--Be considerate of family members. You could be expecting more than they are able to produce. Help them build self-confidence.

**PISCES** Feb. 19 to March 20--Why must you always aim for the top prize? Try being less competitive. You can then relax. Ride with the tide awhile.

**ARIES** March 21 to April 20--Keep that ace up your sleeve. Save surprises for later. Personal freedom and self expression are important to you now.

**TAURUS** April 21 to May 20--Maintain a state of headiness and alertness to stay ahead of competitors. Singles are in a highly favorable period for meeting future mate.
