Local girls compete for Lamesa Rodeo Queen honors

Seven girls ranging in ages from 7 to 19 will be competing in three age divisions for the title of Lamesa Rodeo Queen at the 1984 rodeo scheduled Aug. 2-4. Crowning of the winners will highlight the opening ceremony at the initial rodeo performance.

Cindy Stroud, 19, is the lone contestant in the 18-24 age category. Cindy is a graduate of Klondike High School and is now employed with TST Paraffin Service in Welch. She is the daughter of Mr. and Mrs. Ken Stroud.

Vying for the crown in the 13-17 division are Christy Brown and Cathy York. Christy, 16, is a junior at Lamesa High School and is the daughter of Mr. and Mrs. Ronnie Brown. Cathy, daughter of Mr. and Mrs. Van York is a 16-year-old junior at Borden High School in Gail.

Four girls are seeking the title in the 12-and-under division.

Susan Bray, 12, is the daughter of Mr. and Mrs. Bill Bray and is a seventh grader at O'Donnell. Kellye Koger, 7, is the daughter of Mr. and Mrs. Kid Koger and is in the second grade at Klondike Elementary. Kimberly Koger, also the daughter of Mr. and Mrs. Kid Koger, is a 10-year-old fifth grade student at Klondike. Shayne Hess, 10, is a fifth grade student at Gail and is the daughter of Mr. and Mrs. Steve Hess.

All seven girls are now selling tickets for the rodeo at \$3 for adults and \$1.50 for children.

The contestants will be feted with a luncheon on Aug. 1 and then go through the various judging categories. Judging will be based on poise, personality,

horsemanship and western attire.

Cindy and the winner of the 13-17 division will go on to represent Lamesa in the Miss Rodeo Texas and Miss Rodeo Texas Teen contests in San Antonio next March.

A full month before its opening performance, the 1984 Lamesa Rodeo has already set three days of old-west entertainment and contest excitement.

Things will kick-off on Thursday, August 2 with a rodeo parade through downtown. There will be cash prizes for parade floats entered in the parade. For more information or to enter a float in the parade, call the Lamesa Chamber of Commerce office.

There will be a barbecue dinner immediately following the parade.

The public viewing for the second annual Western Art Exhibit and Sale will also be August 2 in the First National Bank lobby. The sale was very successful during its debut last year and is drawing 16 artists from three states this year. Included in the artists to be at the show are Lamesa's George Schreiber and Terrell O'Brien.

The 1984 Rodeo Queens will be announced Thursday night.

There will be three age groups for the contest. They will succeed Carol Howard in the senior division. Kristi Stone in the junior division and Kim King in the little miss division.

Entries will close on the county barrel race contest on July 15. There is a \$20 entry fee for the contest and the number to call for that contest is (915) 758-5656.

Entries will be accepted on July 31 from 10 a.m. until 12 noon on the bareback riding, the saddlebronc riding and the bull riding. There is a \$50 entry fee in all three of those events.

CATHY YORK

SHAYNE HESS

4-H mock horse show July 17

The 2nd in a series of three mock horse shows will be at 7:00 p.m. sharp in the Gail arena on July 17.

The third mock horse show will be held in conjunction with and points will be kept separate from the annual Borden County Horse Show, which will be held in August.

The Texas 4-H Horse show Rule Book will be used for the mockshows. They can be obtained from the county agents office.

Entry fees will be \$1.00 per class, there will be 7 classes: showmanship, western pleasure, reining, barrel racing, pole bending, flag racing and stake race. Age groups are as follows: pee wee-under 9; junior-9-13; and senior-14-19. All ages will be as of January 1, 1984. Participants eligible will be those attending Borden County schools and or living within Borden County 4-H boundaries.

Points will be kept on a rider basis only. Contestants must compete in at least two of the 3 mock horse shows to be eligible for any end of summer award. To provide incentive to enter all 7 events, one point will be given for each event entered, regard-

less of placing. In each class, all contestants will placed. For example, if 15 contestants are entered in a class, 1st place will receive 15 points and points will graduate down so that last place earns one points.

4-H'ers will be working towards end of summer awards, so no awards will be given at each mock horse show. These end of summer awards will be given. High point for each class in each age group; High point performance events for each age group, High point timed events for each age group. Awards will be nice trophies or wall plaques. Belt buckles will be awarded to the three individuals who earn the most points in their age group. The buckles are very nice! They are similar to those given last year. They are German Silver with a horse and rider in the center. Montana Silversmiths of Columbus Montana made them and they are expected to arrive any day. The top ribbon is engraved with "1984 BORDEN CO. 4-H" in bold, black, easy to see, letters. After the youth win their buckles, they will be sent off to have their names engraved with

Conserve water during drought conditions

The water levels in many reservoirs in the West Texas Chamber of Commerce service area are at the lowest levels experienced in a decade or more. There is ample water in most to continue to provide for the needs of the people for several more months. However, it would be wise for residents of the area to begin practicing conservation to extend the life of the current supply should the drought conditions continue for several more months, according to WTCC Water Committee Chairman A. Wayne Wyatt.

During periods of extended drought, water use by city residents increases largely because of increased outdoor use. Water conservation can be practiced while providing adequate water for healthy yards, flowers, shrubs and trees.

The following hints have been compiled to help guide residents in water use outside the home with minimum waste:

Water your lawn early in the morning during the hot months. Much water used on the lawn can simply evaporate between the sprinkler and the grass.

Use a sprinkler that produces drops of water rather than a fine mist, to avoid evaporation.

If you use a soaker hose, turn it so the holes are on the bottom, again to avoid evaporation.

Water slowly for better absorption, and never on windy days.

Forget about watering the streets or walks or driveways. They won't grow a thing.

Condition the soil with compost before planting flower beds so that water will soak in

Obituaries

Vera Browning

Funeral services for Vera Browning, 53, were held Thursday July 5 at 2 p.m. in the Trinity Baptist Church with the Rev. Harold Britton officiating, assisted by Rev. Gene Prevo, pastor of the First Baptist Church in Guthrie.

Mrs. Browning died Sunday night, July 1 in Garza Memorial Hospital following an illness.

Born November 4, 1930 in Rapid City, South Dakota, she married James H. Browning, October 7, 1953 in Winters, South Dakota and later moved to Fluvanna. She moved to Garza County 24 years ago from Fluvanna.

She had worked for the late N. C. Outlaw and Tom Gamblin, was a dispatcher for the Garza County Sheriff's office, worked many years at Western Auto, was an election judge and had recently been employed by South Plains Answering Service.

She was a member of the Trinity Baptist Church. Survivors include her husband, Timp, of Post one daughter, Gail Clay of Dunn, Tex.; one son, James Edie of Post; her mother, Mary Coudh of Holbrook, Neb.; two brothers, Vernly Coudh and Basil Coudh both of Colorado and seven sisters, Lorraine Smith of Oregon, Ruby Mason, South Dakota, Hazel Ice, California, Faye Applegate, Colorado, Jean Edwards, Nebraska, Lois Warrington, Colorado and Ella Hayford of South Dakota and six grandchildren.

Burial was in the Fluvanna Cemetery under the direction of Justice-Mason Funeral Home.

George Killam

Services were scheduled Monday at 10 a.m. in Bell Seale Chapel for long time Scurry County Attorney George Killam, 66.

He died early Friday morning at his home, the apparent victim of a heart attack.

Officiating was the Rev. Steve Smith of the First Presbyterian

Church. Burial followed Monday afternoon in Wooland Park Cemetery in Mineral Wells.

Killam was to retire from public office at the end of his current term in December. He had served Scurry County since 1957 and had never been opposed in an election since first winning the post in the Democratic primary of 1956.

He and his wife Mary moved to Scurry County in 1949 after he had earned his law degree from the University of Texas at Austin. They married May 29, 1948 in San Antonio.

He was born in East Orange, N.J. on Sept. 2, 1917. He attended North Carolina State College in Raleigh, N.C. prior to World War II, earning a degree in chemical engineering in 1938.

He served 5½ years in the military during the war and was a U.S. B-24 pilot with the U.S. Air Corp. Killam served in the China Burma, India theatre, flying a total of 37 combat missions.

He was past president of the Scurry County Bar Association, chairman of the District 16 Lawyers Grievance Committee which comprises 13 West Texas counties, a director for the Diamond M Foundation Board, a 32nd Degree mason, a member of the Snyder Shriners' Club and a member of the Presbyterian Church.

Survivors include his wife Mary of the home and one brother, Fred G. Killam of Mountain Valley, Calif.

The family requests that memorials be made to the Texas Tech Ranching Heritage Center in Lubbock or the Scurry County Museum.

He is survived by three daughters, Dorothy Hendricks of Compton, Calif., Beverly (no last name given) of Richmond, Calif., Darlene Davis of Bakersfield, Calif.; six grandchildren, one great-grandson; a host of nieces and nephews, his father, Joe Gaucira of Snyder; three sisters, Lorene Garrett, Maxine Riggins and Faye Williams, all of Snyder; three brothers, Willie Smith and Bobby Smith, both of Snyder and Johnny Ray Smith of Los Angeles, Calif.

Dixie Gass

Funeral services for Dixie Gass, 36, of Lubbock, were held Monday, July 2 at 10:30 a.m. at Bethany Baptist Church in Lubbock with the Rev. Ross Spencer and the Rev. J. D. Young, officiating.

Born in Slaton, she was a life long resident of Post and Lubbock.

She died Friday, June 29 in Lubbock General Hospital following a lengthy illness.

She married John Gass in Post April 28, 1967. She was employed by the Lubbock Independent School District as a teacher's aide and bus driver. She was a Baptist.

Survivors include her husband, a daughter, Andrea Lynn of the home, a son, John David of the home; her parents, Mr. and Mrs. Harold Lucas of Post, her maternal grandmother, Della Churchill of Bloomfield, N.M.; and a sister, Barbara Lucas of Abilene.

Pallbearers were Bill Lucas, Jim Lucas, Rickie Gass, Butch Gass, Sam Mensch and Wendel Bold.

Burial was in Terrace Cemetery under the direction of Rix Funeral Directors.

The family suggests memorials to the South Plains Dialysis Center.

District horse show results

The District 2 4-H Horse Show was held Tuesday, June 26th in Lubbock at the South Plains Fair Livestock Pavilion.

Tammy Voss, daughter of Mr. and Mrs. Terry Voss of Gail, competed at the show. Voss showed her horse in the

showmanship class and ran barrells and poles. She had the fastest time in the poles for the day but had bad luck and knocked down a pole.

There were 82 4-H contestants from 20 counties in District 2 competing for 20 slots to go to the State 4-H Horse Show in Waco the later part of July.

Water

Con't from Pg. 1

rather than running off.

Fertilize lawns at least twice a year for foot stimulation. Grass with good root systems make better use of less water.

Learn how to know when your grass needs watering. If it has turned a dull grey green and when footprints remain visible as you walk across it, it's time to water.

Don't water too frequently. Too much water can overload the soil so that air cannot get to the roots, and can encourage plant diseases.

Don't over-water. Soil can absorb only so much moisture and the rest simply runs off. A timer will help, and either your kitchen timer or an alarm clock will do. An inch and a half of water applied once a week will keep most Texas grasses alive and happy.

Automatic sprinkler systems should be operated only when the demand on your town's water supply is lowest. Set the system to operate between four and six a.m.

Don't scalp your lawn during hot weather. Taller grass holds moisture better. Cut grass fairly often, so that only ½ to ¾ inch is trimmed off. This will produce a better looking lawn.

If small areas in your yard need more frequent watering (those near walks or driveways or in especially hot, sunny spots), hadn water with the hose in those areas.

Never "sweep" your walks or driveways with the hose. Use a broom or rake.

When washing the car, use a bucket of soapy water and use the hose only for rinsing.

Remember that saving water also saves energy. About 50 percent of the water used in a home is hot water. Providing energy to fuel your hot water heater is a major drain on your utility bill. By saving water, you save energy and money at the same time.

State 4-H horse show

Waco will be host city for the 1984 State 4-H Horse Show, set for July 23-28 at the Heart O'Texas Coliseum in Waco. Some 600 4-H members are expected to compete in the "qualifying show," where contestants must have placed high enough in district competition to be eligible for the state show, and an "open show," where contestants did not need to earn the right in district competition in order to take part in the state activity. Open show classes will be staged Tuesday morning through Wednesday night, while qualifying show classes will take place Thursday morning through Saturday night.

Let's get together!

Why: 4-H Dance -
Sponsored by the
Garza County 4-H Council

Who: Rex Thomas and the
Second Wind Band
Cost: \$3.00 per person or \$5.00 per couple

NATIONAL ICE CREAM DAY

Sunday, July 15, 1984 is a "National Ice Cream Day." This day is promoted by Dairymen's, Inc. throughout the nation.

To keep in the spirit of things, here are some homemade ice cream recipes that should be delicious during this time of year.

OLD-FASHIONED STRAWBERRY ICE CREAM

6 cups fresh strawberries
4 eggs
2 1/2 cups sugar
4 cups half and half
1/2 teaspoon vanilla
2 cups whipping cream

Wash strawberries remove and discard caps. Puree berries in blender or food processor set aside. In a large bowl, beat eggs until thick and lemon colored. Beat in sugar, half and half, vanilla and whipping cream. Stir in blended strawberries. Pour into ice cream canister. Freeze in ice cream maker according to manufacturer's directions. Makes about 4 quarts.

FRESH PEACH ICE CREAM

4 eggs
2 1/2 cups sugar
2 cups milk
1 teaspoon vanilla
1/4 teaspoon almond extract
10 large, ripe peaches - peeled and chopped
2 cups whipping cream

In a large bowl, beat eggs until thick and lemon colored, about 5 minutes. Beat in sugar. Stir in milk, vanilla and almond extract; set aside. Puree peaches in blender or food processor. Stir into egg mixture. Stir in whipping cream. Pour into ice cream canister. Freeze in ice cream maker according to manufacturer's directions. Makes about 4 quarts.

BALI HAI CREAM

2 large bananas
2 tablespoons lemon juice
4 eggs
1 cup sugar
2 cups pineapple juice
1 cup flaked coconut
1/4 teaspoon almond extract
2 cups whipping cream

Cut bananas into chunks. In blender or food processor, puree bananas and lemon juice until almost smooth. In a medium bowl, beat eggs and sugar until thick and smooth. Stir in pureed banana, pineapple juice, coconut, almond extract and whipping cream. Pour into ice cream canister. Freeze in ice cream maker according to manufacturer's directions. Makes about 4 quarts.

PEANUT BUTTER BANANA ICE CREAM

4 eggs
1 cup sugar
1/2 cup light corn syrup
4 medium bananas, mashed
2 tablespoons lemon juice
4 cups half and half
2 cups whipping cream
1/2 cup peanut butter

In a large bowl, beat eggs until blended. Beat in sugar and corn syrup until smooth and light. Beat in mashed bananas and lemon juice until blended. Beat in half and half, whipping cream and peanut butter. Pour into ice cream canister. Freeze in ice cream maker according to manufacturer's directions. Makes about 4 quarts.

Hope you enjoy.

ASCS News

by Jerry Stone

CROP CERTIFICATION DEADLINE

July 16, 1984 is the final date to report acreages of cotton, grain sorghum, and other spring seeded crops.

When you report your acreages, please know where all your crops are planted, planting patterns, out spots, etc.

MORE ACREAGE REPORTING

Since crop insurance is the only form of disaster payments, ASCS will accept an acreage report for any crop a producer wishes to establish as a history record for crop insurance purposes.

Crops included are dry beans, potatoes, sunflowers, tomatoes, tree crops, alfalfa and clover.

AERIAL MEASUREMENT SERVICE

We are now accepting applications for measurement service on spring seeded crops.

The price of the aerial service is \$20.00 per farm for the first 25 acres, and .05 for each acre thereafter. Paid upon request.

The tolerance on the reported acreage is 1.0 acre or 5 percent not to exceed 50 acres.

An accurate and timely certification is a must for program eligibility.

Measurement service is the way to have guaranteed measurements.

The last day to request measurement service is July 16, 1984.

WTO to provide assistance

Kathaleen Brown, outreach aide for West Texas Opportunities, Inc. will be in the Borden County Courthouse on July 12, 1984 from 9:30 a.m. to 12:00 p.m. Anyone needing assistance with forms and/or anyone needing to register for the Commodities are welcomed to come by.

NOTICE

Borden County Tax Appraisal District will hold its Appraisal Board of Review on Wednesday, July 18, 1984 in the District Courtroom of the Borden County Courthouse, Gail, Texas at 10:00 a.m.

FAILED CROP ACRES

You must file a "ASCS-574" (Application for Disaster Credit) prior to the destruction of any crop that is failed.

If you sign up for measurement service will be cancelled.

Failure to control weeds and erosion on your ACR must be maintained thru December

Failure to control weeds and erosion on your ACR acres will cause you to lose program benefits and be assessed liquidated damages.

ACR must be maintained thru December 31, 1984.

A majority of the county has received adequate amounts of rainfall to establish a cover crop.

If you intend to plant '85 Wheat or another small grain on your ACR, then you could begin preparing your land as of July 1, 1984.

WHEAT PRODUCTION

Don't forget to bring in your wheat production records. Proven wheat yields increase program benefits.

AVAILABLE HAY

ASCS will assist producers in finding hay to feed to their livestock.

A list is being compiled of producers who have hay for sale.

If you are interested in buying

CLASSIFIED

EARN \$4.87 HR.

We need assistance in evaluating and responding to daily work reports submitted by our agents throughout the state. No experience necessary. Paid to complete training. Work at home. FOR SALE

RCA Video disc player and 9 disc for \$325.00 -2 years old. Call Sue Mize 915-399-4343.

PIANO FOR SALE

Wanted: Responsible party to assume small monthly payments on spinet-console piano. Can be seen locally. Write: (include phone number) Credit Manager, P.O. Box 478 Lockhart, TX 78644-0478.

some hay or have hay for sale, please contact this office.

JULY INTEREST RATE

The interest rate for commodity loans for the month of July has been set at 12.000 percent.

EMERGENCY FEED ASSISTANCE PROGRAM

Producers may continue to sign up for assistance through the Emergency Feed Assistance Program to purchase low-grade corn from the Commodity Credit Corporation.

You can file a supplemental application or even have your eligibility recomputed.

Please contact this office for more information.

EMERGENCY GRAZING & HAYING OF ACR

Borden County has been approved for the emergency haying and grazing of ACR for other than wheat growing prior to January 12, 1984.

This applies only to livestock owned by ACR producers prior to April 17, 1984.

All producers who wish to graze or hay their ACR must file a request in this office prior to doing so.

Please do not overgraze to the extent that the acreage is not protected from wind and water erosion.

PUBLIC COMMENT BEING SOUGHT

The U.S. Department of Agriculture is seeking public comment on some aspects of the 1985 Feed Grains and Cotton Programs.

Specifically, comments should be directed to the established target price, the loan and purchase levels, paid land diversion programs, acreage reduction programs, whether there should be binding contracts, or other areas that any producer wishes to make comment.

Comments should be sent to Director, Analysis Division, Room 3741-S, ASCS-USDA, P.O. Box 2415, Washington, D.C. 20013.

The comments must be received no later than August 6, 1984.

ACP SIGN-UP

Applications for ACP (Agricultural Conservation Program) cost-sharing will be accepted for all practices, to be performed during the months of July, August and September, through Friday July 13, 1984.

If you intend to carry out a conservation measure in 1984 that will require costsharing assistance, be sure and sign up NOW.

The practice must be completed.
