World Listens Tensely For Hitler's Demands Today

GERMANY MAY SEIZE GREAT KRUPP WORKS

BERLIN, Feb. 19 (AP)—Germany tonight set a brilliant stage for Adolf Hitler's announcement to a tensely listening world of the next steps to bring all German-speaking peoples into the Nazi orbit.

The Third Reich made the most elaborate preparations of its history so far to Hitler's closely-guarded speech to the Reichstag.

An enormous gold-rimmed sun topped by a spreading German eagle with a swastika clutched in its claws was the symbolic background.

Answers Remain Secret The answer to these and other critical questions remained a secret.

Military circles looked to Hitler among other things, to declare the Reich would take over the entire German armament industry.

News Czechoslovakia besides Austria and Hungary offered to broadcast Hitler's speech seemed another step toward realization of Hitler's dream.

With the rich Saar basin again a part of the Reich, with the ostensibly "Free" City of Danzig taking orders from Berlin, and Austria all but a Nazi province, exposed little Czechoslovakia seemed the logical point for the next

H. C. (Bud) Cottrell, formerly with the city police department, today announced his candidacy for the office of county sheriff in the following statement:

"To the Voters of Gray County: I hereby announce my candidacy for the office of Sheriff of Gray County, Texas, subject to the Democratic primary to be held July 23, 1938.

Plans For \$4,000 Boy Scout Council Drive Outlined On Saturday

Tentative plans for advertising and executing a Boy Scout drive here March 7 for \$4,000 were outlined at a luncheon Saturday attended by R. G. Hughes, Dr. C. H. Schulkey, Arthur Teed, J. M. Collins, James B. Massa, Tom Aldridge, and Scout Executive Fred Roberts.

Hughes heads the finance committee, which will seek to raise \$1,000 as Pampa's quota in a drive for funds for the Adobe Walls Area council.

Letters will be written to all firms, supply houses, and oil companies, advising the managers of these businesses of the drive, asking them to write their headquarters, and either mail in contributions or make a liberal donation when called on March 7.

The letters will be followed by reminder letters, following up the initial communications, and asking the managers to be responsible for a small contribution from each member of the firm.

J. M. Collins will head the speakers committee which will inform churches, women's clubs, radio station, Parent-Teacher associations, and seven other civic clubs about the drive.

The group approved the ordering of a motion picture trailer especially designed for the drive. It is planned to run the picture ten days in advance of the campaign.

Work envelopes for teams, posters, and other material was shown to the committee at the meeting yesterday. Among this material was the special button first of these was sold to Dr. C. H. Schulkey, who made the first contribution in the 1938 drive.

In addition to regular stories about the drive, it was suggested that a regular daily column be published, "Why Contribute to Scouting?" Contributors to the column would be civic leaders who had been interviewed on the topic.

With the bills of the Southwestern Public Service company on March 1 will be mailed 3,000 pamphlets. Two types of stickers will be distributed, one reading "this firm has contributed," the other reading "the employees of this firm have contributed 100 percent."

EDEN OPPOSES ITALIAN DEAL--MAY QUIT POST

LONDON, Feb. 19—Anthony Eden, standing almost single-handed in the British cabinet against a "deal" with Italy, was reported tonight as ready to resign as foreign minister in a break with Prime Minister Neville Chamberlain.

Absence of Eden from the cabinet would strike a severe blow to the national government's support. "The White Knight of Geneva," who refuses to be swayed from the League of Nations way, commands strong conservative backing that might split the country's dominant party.

One reliable source reported two conservative cabinet members, Minister of Agriculture William Morrison and Walter Elliot, Secretary of State for Scotland, had stated flatly they supported Eden, leading to a belief they would resign if the foreign secretary quit.

Eden's breach with the prime minister dwarfed even the tremendous issue that caused it—proposals for an agreement with Italy that might be construed as British submission to Fascist strength following so quickly after Reichfuhrer Adolf Hitler's deal with Austria.

The cabinet was held virtually on an emergency basis. It recessed the first full meeting on a Saturday since the abdication crisis with instructions to return for an ever rarer Sunday council, immediately after Hitler's pronouncement in the Reichstag.

The chief element of uncertainty facing the cabinet—the effect of the Fuehrer's Reichstag speech on strained international relations—will have been removed from what has been described as a deadlock between Eden's "lagu-tin-ged" and Chamberlain's "realistic" foreign policies.

Comment Declined Official circles declined comment on what happened at today's meeting.

Despite a return of winter weather, the Panhandle oil field last week registered seven new locations, three each in Gray and Hutchinson counties and one in Carson.

All of the new wells will be drilled in proven territory but in widely separated sections of the field. No two of the locations were made in the same pool.

Sinclair-Prairie Oil Company and Harry Stekoll each registered two first intentions with the local office of the Texas Railroad Commission. Intentions to drill:

Carson County. Sinclair-Prairie Oil Company Edward Cooper No. 11, 990 feet from the north and east lines of NE 1/4 of section 4, block 9, I & G N survey, Gray County.

Soviet Scientists Rescued In Arctic

As months of effort were climaxed with rescue of the Russian scientists adrift on an ice floe in the Arctic, this new photo of the Soviet explorers arrived in the United States. Pictured on Kudolph Island before starting their perilous expedition to the North Pole, the men are, left to right, Ekimov, Kronkel, Parantini (front) and Shirshov. The scientists made camp on their arrival at the pole, but drifted hundreds of miles to a point near the ice-bound coast of Greenland, where a rescue ship was last reported within sighting distance of their camp.

Temperature Hits New Low Here As Old Sol Shines, Melts Snow

A sudden low pressure area which apparently centered only in the immediate Pampa vicinity sent the mercury down to 1 above zero at 6 o'clock Saturday morning for a new low for the winter here.

Within six hours, it climbed 22 degrees for a reading of 26 Saturday noon. Saturday's maximum reading was 32 degrees at 1 o'clock in the afternoon, and last midnight it was 15 above on the Daily NEWS weather thermometer.

The official weatherman said late last night that today would be partly cloudy and warm. A. Amadio reported a minimum of 15 degrees above zero yesterday. Pampa's five-inch snow of Thursday night and Friday began melting under the Saturday afternoon sun, and streets were a sea of slush in the downtown sections.

Fruit Trees Damaged Trees in many sections of which looked bright in spring-like weather up until four days ago took stock last night of damage wrought by storm, flood and cold.

Four dead many injured, hundreds homeless and heavy damage to fruit crops in scattered sections was the toll shown in an incomplete survey.

Warmer weather and receding streams improved conditions in a number of sections. In North Texas, especially the Dallas area where a number of residents were driven from their homes and highways, blocked by flood waters, things looked brighter as the Trinity river began falling after reaching a crest of 41.3 feet.

At Paris the Red river, which had menaced a number of communities, reached a depth of 35 feet and was still rising.

BORGER NOSED OUT IN FINAL BATTLE 29-28

The "iron men" of the Harvester basketball team did it the hard way last night when they snatched the district basketball title from the almost unbeatable Borger Bulldogs 29 to 28 in a super-thrilling, fairy-tale battle.

Heiskell's free throw with 17 seconds to play broke a tie and gave the fighting Harvesters a nose-finish victory after the Bulldogs had led the scoring throughout the game. A few seconds before the winning shot swished the net Heiskell tossed another free shot.

The Harvesters achieved the almost impossible and certainly the unprecedented when they won six games in two days, eliminating six county champions. In all they played eight games to Borger's four. Yesterday they eliminated Panhandle in a game at 9 o'clock. They trounced Spearman in a game at 3 o'clock, and four hours later they came back and nosed out the favorites.

Last Minutes Thrilling Borger's Bulldogs were probably the most able foes a Harvester basketball team ever faced. They nosed out the Pampans by two points Thursday night, and they were well on their way to a repeat performance last night. They led 7 to 0 at the end of the first quarter, 17 to 9 at the half, and 26 to 20 at the third period. Two minutes before the final whistle blew the Bulldogs were leading by five points. Then the desperate Harvesters opened a door-or-rally. They intercepted the ball and scored two baskets in less than a minute. Then Heiskell looped the two free shots. Reynolds opened the last-minute drive by snatching the ball and passing it for a basket.

Andis who made his share of the points left the game with four persons against him in the fourth period. Then it seemed that all hope was gone.

Simmons, stellar Borger guard, was the first Bulldog to leave the game on personals. Then the Borger sparkplug, Buddy Barron, went out on fouls with less than a minute to play. The score was tied up at this point in the game.

Three Fouls Out From then on pandemonium reigned in the stands. Nobody was sitting down except Barron who was weeping uncontrollably with Coach Catfish Smith's arms around him. Barron undoubtedly was the outstanding player in the tournament, and Simmons was tops among the guards. The sight of Barron weeping after he left the game wrought a change in the attitude of the fans. They had noisily objected to his self-confident conduct, but their sympathy was with him when he was no longer able to play. Barron led the Bulldogs in scoring with 14 points. Heiskell looped 11 points.

Sam Houston to be honored on March 2 BRENHAM, Feb. 19 (AP)—The 102nd birthday of the signing of the Texas Declaration of Independence by 59 courageous pioneers at old Washington-on-the-Brazos will be celebrated there March 2 with particular honors for General Sam Houston.

Descendants of the signers, daughters of the Republic of Texas and sons of the Republic of Texas, will join in paying tribute to their forebearers at the site of the dirt-floored, weatherbeaten blacksmith shop where the document was drawn up and approved.

A massed chorus of 5,000 school children under direction of L. A. Woods, state superintendent of public instruction will sing Texas songs following a military field mass led by the Rev. James J. O'Brien of Austin. The sermon will be preached by the most Rev. C. E. Byrne, Bishop of Galveston.

Resigns

Successor

L. L. McCollm, lower, Pampa civic leader, yesterday agreed to fill out the unexpired term of Tom Rose, upper, member of the board of education of the Pampa Independent school district. Mr. Rose whose term expires in April resigned this week on account of ill health. He and Mrs. Rose are spending the winter in Phoenix, Ariz. The school board met Monday. Terms of two members of the board, Mr. McCollm and Roger McConnell will expire the first Saturday in April when the regular election will be held. Other members of the board whose terms do not expire are C. T. Hunkapillar, J. M. Paugherty, C. P. Backler. The school board will name a superintendent of the Pampa Independent school district this spring or summer.

L. L. Sone was recently named acting superintendent, succeeding R. B. Fisher who resigned to become head of the Corpus Christi school system.

FLOOD WATERS RAVAGE SOUTH LITTLE ROCK, Ark., Feb. 19 (AP)—Flood waters and freak winds continued to harass the Central South today, leaving more than a score dead and thousands homeless.

ROAD WORK SUSPENDED BY SNOW AND SLEET

Snow and sleet temporarily suspended road work in the Pampa area during the past two days.

Laying of a caliche base for two miles on each side of the Salt Fork of Red river, three miles north of Clarendon on highway 88, was postponed until more favorable weather.

Little work has been done, on account of the weather, the past two days on the Pampa-Borger road. The project is now one-third completed.

The limit on bridge work on the job is 160 working days, on dirt work 170 working days. Work began on December 3. For the week ending February 12, 131 men were employed, 105 on dirt work and 26 on bridges.

A torch used to thaw a frozen water pipe was the cause of a fire at a West Tuke street residence at 3:50 o'clock Saturday afternoon. No damage was done except to paper between the walls of the place, located at 119 West Tuke. The fire department was called, but the blaze had been put out when the firemen arrived.

7 LOCATIONS FILED IN WEEK

Despite a return of winter weather, the Panhandle oil field last week registered seven new locations, three each in Gray and Hutchinson counties and one in Carson.

THOMAS ASKS GRAY FARMERS FOR ACREAGE

According to a communication just received by Ralph Thomas, county agent, from I. W. Duggan, acting director, Southern division, Agricultural Adjustment administration, farmers who seeded to wheat more than 80 per cent of the normal cultivated land exclusive of any cotton base they might have on their farm last fall should call at the county agent's office by March 15th and designate on a map of the farm such excess acreage as a winter cover crop to be plowed up at least six weeks before normal time for wheat harvest, and immediately thereafter to be followed by some approved soil building practice.

Since individual farm allotments probably will not be established on the farms in Gray county by March 15 it will no doubt be necessary for producers to designate their excess wheat as a cover crop without definite knowledge of the acreage in their farm allotments.

It has been established that the general soil depletion allotment for 1938 will be from 80 to 84 percent of the normal general crop acreage for the farm, except that where restoration land is designated, such allotment may be less than 80 percent. Since the normal idle crop land as established for Gray county wheat land is approximately 3 percent and the abandonment is less, it is assumed that the designating of 20 percent would probably be ample.

While the land designated cannot be changed after March 15, according to the present ruling, it is assumed that part of the designated land may be harvested if it later develops that all of the land so designated is not needed to comply with the 1938 program.

Every farmer in the county should designate wheat to be plowed under if he thinks that there might be a chance that he has seeded wheat in excess of his probable allotment even though he does not intend to comply at the present time. As Mr. Thomas pointed out, conditions might change before final date for plowing up wheat so that he might want to comply.

PAMPA URGED TO COMPLETE PARK SYSTEM

A plea to city officials not to lose sight of a public parks program in city planning was sounded Friday by K. N. Clapp, of Lubbock, member of the Texas State Parks Board, in an address to members and guests at the weekly luncheon of the Pampa Kiwanis club in Hotel Schneider.

"You already have a splendid start on a city park program," Mr. Clapp stated, "and you should keep on developing your park system. Additional land along the present draw through your park should be acquired and you have the making of an exceptionally beautiful enlarged city park."

Mr. Clapp pointed out the advantages of an adequate public parks system in any municipality. It is one of the greatest assets any city can have, he stated.

"Your city officials also should look ahead to planning a park on the South Side of Pampa, a place for the children of that section of the city to play and grow up."

"It is a known fact," he added, "that statistics show that juvenile delinquency in a city drops in direct ratio to the park and recreational facilities which a city offers to its children."

Mr. Clapp had come to Pampa to address the Kiwanis club and to inspect the proposed \$300,000 Gray county lake site on McGehee creek. The incident weather precluded the visit to the lake site. Mr. Clapp, however, was taken on a tour of the city by members of the Board.

MURDERERS OF TRAIN SWITCHMAN SENTENCED LAS CRUCES, N. M., Feb. 19 (AP)—Henry Lorenz, 22, and Harry Dwyer, 27, were given prison terms of 50 to 75 years by District Judge Numa Frenger today on their pleas of guilty to second degree murder for the train robbery death of W. L. Smith, El Paso Tex. switchman. Both young men sat pale, and shaken as the sentence was pronounced. Lorenz's father, Conrad Lorenz of Maywood, Ill., and his sister, Margaret, of Milwaukee, blinked back tears from their eyes.

"Oh, I didn't think it would be so long," sobbed the slender Margaret as she was led from the courtroom on the arm of her white-haired father. Smith was fatally wounded last Thanksgiving day in a melee aboard the Southern Pacific's Apache, crack passenger train which Lorenz and Dwyer had attempted to hold up in fantastic "wild west" style.

# 7 Wells Completed In Panhandle For 2,812 Barrels

## GRAY COUNTY WELL GAUGES 705 BARRELS

Sleet and snow settled over the Panhandle oil field during last week to slow up activities. Only seven wells were tested and given open flow potentials by the Texas Railroad Commission office here. New oil, however, amounted to 2,812 barrels. One gas well, in Wheeler county was tested for 24,761,000 cubic feet.

Hutchinson county's four oil wells were tested for 1,776 barrels, open flow. Gray county's two completions gauged 915 barrels. The other two wells in Carson county.

Best well of the week was the Cambrian Oil company's No. 1 E. Cole, section 105, block 3, I&GN survey, Gray county, which gauged 705 barrels. The well is less than two miles south of Pampa and is one of the best in the pool.

Seven new locations were registered with Gray and Hutchinson counties reporting two each. The other was in Carson county. All of the new locations were in proven territory.

Oil men of the entire Panhandle are watching with interest the Indian Territory Illuminating Oil company's wildcat test in section 404, block 1-T, T&N survey, in Sherman county, about 30 miles east of Dalhart. The bit dropped into water at 3,560 feet but the amount was not great, according to information, and drilling is expected to be resumed immediately.

A flow of 30,000,000 cubic feet of sweet gas, unexpected because of the sour gas area south, was encountered above 3,000 feet.

Completions by counties follows: In Hutchinson County, Drilling & Exploration Company No. 4 Pond, section 2, block M-21, TC&RR survey, gauged 577 barrels with the lime pay between 3,012 and 3,100 feet.

The same company's No. 14 Watkins, section 13, block M-21, TC&RR survey, tested 515 barrels. Pay was between 2,975 and 3,080 feet in lime.

Smith Bros. No. 1 Herring, G. Bacon survey, was given a potential of 401 barrels with the pay between 2,898 and 2,950 feet in lime.

Watchorn Oil Company No. E-1 Whittenburg, section 15, block 47, H&TC survey, gauged 2,327 barrels with the pay from 2,950 to 3,008 feet in lime.

In Gray County, Cambrian Oil Company No. 1 E. Cole, section 105, block 3, I&GN survey, was given a potential of 705 barrels with the lime pay between 3,225 and 3,290 feet.

Gibson Oil Company No. A-3 Combs-Worley, section 38, block 3, I&GN survey, tested 210 barrels. Lime pay was from 2,845 to 2,900 feet.

In Carson County, Magnolia Petroleum Company No. 35 Fee 244, section 108, block 4, I&GN survey, tested 117 barrels with pay from 3,175 to 3,245 feet. Gas well tested.

Dumar Oil & Gas Company No. 2 George, section 36, block 17, H&GN survey, Wheeler county, gauged 24,761,000 cubic feet.

Nazi expansionist move to be proclaimed in Der Fuehrer's speech. From autonomy for the German minority it might be only a question of time until German-speaking Bohemia, seat of the important Skoda munitions works, would proclaim Anschluss uniting it with Germany.

The Nazi principle that any people which does not feel at home in one state has the right to demand juncture with a more congenial state was openly proclaimed by Dr. Hans Kewer, president of the Academy for the People of Peoples, in a recent address.

Successful invocation of the principle for Czechoslovakians probably would lead next to application to Germans in Poland as soon as the 10-year non-aggression treaty with Germany's eastern neighbor expires in 1944.

Success Alarming. Assuming success in drawing all these German-speaking peoples into the Nazi orbit might satisfy German pride but not German stomachs.

Germany would still have to look for a natural source of raw materials and outlets for her surplus population. Colonies might be the answer Hitler will demand.

Recent events in Austria—freeing of Nazi political prisoners and appointment of five cabinet members friendly to Germany—were expected to get mention as well as the Feb. 4 concentration of German military power in Hitler's own hands.

What else will the world hear tomorrow?

## Pie-Supper Season For Candidates and others In Panhandle Looms Ahead

There are honest to goodness pies—crust, filling and all—in Texas politics and there is plenty of graveyard stuff in the big state on even-numbered years.

As a matter of fact, the pie business has become so extensive, intensive and expensive, the candidates in some Panhandle counties have considered a proposal to do something about it.

The pie business starts when several candidates make their formal announcements. Communities and welfare, social, religious and business groups start giving pie suppers. The candidates are invited. Furthermore, they are expected to attend and to buy pies.

The price for a pie at a community pie supper given for the purpose of raising money for the improvement of that it usually higher than at a bakery. The candidates, of necessity, which is to say votes buy pies, pay good prices. A candidate's opponent buys pies too. That evens things for the office-seekers, but the organization sponsoring the supper gets the money—the original intention of the event.

Then there are graveyard workings, all day events at which the candidates attempt to get the votes of the living by working on the graves of the dead. Several counties in Texas, particularly in the central and eastern portions, work the cemetery-working business to precision.

Take Erath county, the home of J. Manley Head, Texas youngest state senator and most recently a motion picture actor, for instance. Political problems are settled in the cemeteries there.

The communities get together and work out a schedule of cemetery workings so there will be conflict. The candidates are invited. They work on the graves in the morning. At noon a picnic dinner is spread in the shade of a tree. After the big meal, the candidates are invited to give short talks. The next day they go to another cemetery to use their sore hands on shovel handles.

NO. 3-- Continued From Page One. meeting which had been scheduled to take up the bargain with Rome, Germany's 'Mittel Europa' dreams and France's appeal for action to thwart them.

Reliable observers, however, said it would cause no surprise if Eden had opposed an "any price" settlement with Italy alone against the cabinet's "old hands"—Chamberlain, Chancellor of the Exchequer Sir John Simon, Home Secretary Sir Samuel Hoare, Lord Chancellor Viscount Halifax and Sir Thomas Inskip, Minister for coordination of Defense.

Thus far there was no evidence that the ministers had reached a decision either on France's appeal, on a settlement with Italy or had solved Britain's own crisis at one of the gravest moments in Europe's post-war history.

Hitler's heralded speech tomorrow, it was believed, would have a vital bearing on this aspect of the crisis, possibly inducing the cabinet to submerge its differences for a solid front.

Despite strict secrecy on cabinet discussions, reports in diplomatic quarters said Eden firmly had backed the French view that the time was inopportune for any agreement too closely resembling capitulation to Il Duce.

He was said to feel that joint Anglo-French pressure was necessary to stave off Nazi-Fascist domination of central Europe. Support for this stand came from one of Britain's most influential labor leaders, Herbert Morrison, former cabinet minister and Secretary of the London Labor party.

## GENERAL RAINS CAUSE DROP IN WHEAT MARKET

CHICAGO, Feb. 19.—General rainfall covering the entire winter wheat belt was largely responsible for a weak turn in wheat the past few days, but there was an unexpected recovery the latter part of the week, with active buying for eastern account, apparently based on vague rumors of inflation. All world markets followed about the same course as Chicago, declining sharply and then scoring fair recoveries.

The dust bowl areas of the south-west received the best wetting down they have had all winter, and anxiety in regard to soil drifting has been allayed for some time at least. The past few days the buying of May wheat has been more aggressive than in the new crop months, a natural development in view of better crop prospects.

Export buying has been of small proportions, but moderate quantities of both winter and spring wheat were reported sold, the latter being for shipment at the opening of lake navigation. Moderate sales of Canadian wheat were made also, but after two weeks of active absorption of Australian wheat European demand subsided. Argentine offerings are still light. European crop news generally is favorable. Russia has resumed offering wheat in fair volume.

The domestic cash situation continues firm, but c. i. f. offers of No. 2 hard winter wheat for export have dropped about 6 1/2c from the first of the month. In the same time, Australian wheat has declined about 3/8c. Visible stocks continue to decrease more rapidly than expected, being reduced 4,310,000 bushel last week. Primary receipts are moderate, but are still running larger than a year ago.

Domestic clearances of wheat and flour last week were 2,227,000 bushels making a total so far for the season 47,689,000 bushels. Flour sales in this country continued light, but production of mills is of quite normal proportions, and the decreases in stocks at practically all visible points, indicate mills are taking wheat from terminals freely. Corn prices declined early in the week in sympathy with wheat and also because of the slow export trade, but rallied later and the top price of 61 3/8c for May was the highest in some time. July was firmer than the other months. Country offerings have increased substantially the past few days, but weather conditions have been unfavorable for farm deliveries, rains and exceptionally high temperatures for the season making it difficult to move corn. Primary receipts have not been heavy considering the size of the 1937 crop, and export clearances on many days have exceeded the total primary arrivals. Visible stocks decreased 476,000 bushels last week, and clearances were 2,336,000 bushels, making 18,250,000 bushels exported for the season to date. New export business has not been as heavy as the small Argentine exports would indicate.

Argentine weather has been hot and clear, aggravating conditions over large areas of the corn belt. Buenos Aires prices have held strong. Oats sold off moderately but regained a good share of losses and rye also has shown independent strength at times. Soy beans sold off, but regained part of the losses. Receipts are again small.

## DEATH LIST IN TORNADO CUT TO 20 LIVES

SHREVEPORT, La., Feb. 19 (AP)—R. L. Fuller, 27, hurt in the tornado at Rodessa Thursday night, died today at a hospital here. This increased the twister's toll of known dead to 20.

The tornado demolished Fuller's home. His wife also was injured. The latest unofficial compilation listed 38 injured and one missing in the tornado.

The names of six persons previously reported as dead by the Red Cross were removed from the list. Of the six, L. Stubblefield was found in a hospital seriously injured; two of the dead, Mr. and Mrs. L. E. Haddock were at one time erroneously identified as "Mr. and Mrs. Davis" causing duplications among the listed dead; John Colby, his daughter and James Brizell Davis were found alive and uninjured.

Roy Morris of Atlanta, Texas, was reported missing. The Red Cross said Charles Nolan, previously reported as missing, was in Galveston, Texas. He changed his mind about driving to Rodessa on Thursday night, the Red Cross said, and drove to Galveston instead.

The dead: Mrs. Bessie Trevillion, 39. Patricia Trevillion, 4. James Allen Trevillion, 15. L. E. Clark, 35. Mrs. Alice Clark, 30. Laura Lee Clark, 7. Mary Louise Clark, 9. E. Crowder, 51. Mrs. B. E. ### GUIDE ON TR'S WOLF HUNT IN 1905 DIES

WICHITA FALLS, Feb. 19 (AP)—D. P. (Phy) Taylor, who guided the famous Indian Territory wolf hunt of Theodore Roosevelt in 1905 and who shared with his brother, John Taylor, the distinction of having lived in Wichita county longer than any other person, died here Saturday.

He was 68 and came to Wichita county when his father, Andrew J. Taylor, settled in 1876 near what is now the town of Charlie. At 18 he was employed as a cowboy by Capt. Burk Burnett and went with the Burnett herds to pastures in the Indian Territory.

Taylor was one of those chosen by Captain Burnett and W. T. Waggoner to escort the Roosevelt party on the hunt in the territory. Also included in the party were Cecil Lyons, Col. Sloan Simpson, John Abernathy, and Lee Bivins.

Roosevelt gave him complimentary mention in his book, "The Winning of the West."

Later Taylor founded the town of Eschitt, now non-existent, when the big pasture in Oklahoma was opened for settlement. He was engaged in ranching and hotel operation in Wichita Falls next. At the time of his death he operated a tourist camp here.

### LYONS CONVALESCING IN DALLAS HOSPITAL

James E. Lyons, manager of The Daily News, is convalescing in Baylor hospital at Dallas where he underwent an appendectomy nearly four weeks ago. For a time, Mr. Lyons' condition was critical, but he now is on the road to recovery.

Harry Hoare, NEWS sports editor, in Fort Worth attending the state Golden Gloves Boxing tournament over the week-end, visited with Mr. Lyons at the hospital Friday.

The Pampa newspaperman reported that Mr. Lyons was sitting in a wheel chair and that he is "coming along fine." Mrs. Lyons and their son, Jimmy, are in Dallas where they have been since her husband was stricken suddenly ill while on a business trip.

### LIONS TO ATTEND ZONE MEETING AT M'LEAN

Members of the Pampa Lions club will go to McLean Tuesday evening to attend a Lions zone

meeting to be held in that city. Clubs in the zone include those at Pampa, McLean, Clarendon, Miami, and Wheeler. A score of local Lions have indicated they intend to make the trip.

Following the regular meeting of the club this week, members saw a short feature at a local theater entitled "The Boss Didn't Say Good Morning." No official report has been made on the proceeds of the Lions minstrel, but an unofficial estimate by one of the club members was between \$400 and \$500.

A "FASCIST TAX"

Writing in Harper's, Maurice Wertheim, liberal banker and former publisher of the left-wing weekly, The Nation, says the most effective move the administration could make to end this quarrel between the undistributed profits tax problem so that only unreasonably retained earnings would be penalized. Mr. Wertheim attacks this problem from a new angle. He believes that the money involved by tax—important as it is, because of its adverse effect on industrial expansion and betterment—is the least important phase of the question. For, he writes, "at the outset one must realize that some of the originators of the undistributed profits tax seem to have conceived it as part of a program to establish broad government control of our economic processes. . . It is the impression in Washington that business is capitalizing on the 'recession' to get modification of the undistributed profits tax. Washington never made a greater error. The objection to the undistributed profits tax is fundamental, and nothing can change the American business man's conviction that its basic principle is wrong. . . The reason that business is waiting so breathlessly for the answer that will be made to the problem is that it fears the government is willing to sacrifice even the soundest of business principles in favor of extending its control over our economic life."

In other words, this tax apparently is part of a planned insidious campaign to subject American industry to a form of federal control that is the very opposite of democracy, and that is very close to Fascism of the German and Italian brand. Extend the principle of this tax far enough, and business inevitably becomes weak and dependent, and finally a ward of the government. There is no other possible result. This tax must be replaced to preserve our system of government.

Sharing the Comforts Of Life . . .

By R. C. Hoiles
"YOUR MONEY AND YOUR LIFE"
Mr. Gilbert Seldes reduces all of his arguments in his new book, "Your Money and Your Life" to one principle by saying.

"Both your money and your life are being taken away from you; your pocketbook and your peace of mind are being attacked; and the most important and exciting thing for you to do is to defend yourself."
Every individual knows that his wealth is being taken from him and his life is also being taken, when the government by law is taking away the personal liberty as to the pursuit of happiness.

SELF-CONTROL
Even with all our modern equipment and education, the price of better things for mankind, as William Graham Sumner so aptly said, is to serve. For that price can be summed up in one word—self-control.

Washington Letter

By Rodney Dutcher
WASHINGTON, Feb. 19.—The newly announced naval policy calls for a battle fleet big enough to protect both coasts simultaneously. But the fleet will be kept just one ocean—the Pacific.
What Admiral Leahy referred to as "a long standing policy to maintain a single fleet in one ocean" still stands. The policy is "long standing" only to the extent that it dates back to 1932, when the fleet was massed in the Pacific during the Manchurian unpleasantness.
The gesture was designed to give force to Secretary of State Stimson's stern attitude against Japanese aggression, which collapsed when England left him holding the bag.
The proposed \$800,000,000 naval expansion program won't be enough to assure simultaneous protection in both Atlantic and Pacific, according to previous statements by Leahy. So the "fundamental naval policy" announced by Chairman Vinson of the House Naval Affairs Committee—with administration approval—apparently will require an even bigger program.
But the present fleet is admittedly ample for protection of the West Coast, Alaska, Hawaii and the Panama Canal. Hence a bigger navy will mean a force in the Pacific which will be definitely more than ample in

Tex's Topics

That was a mighty sound suggestion made by K. N. Clapp, of Lubbock, member of the state park board, when he told Pampa Kiwanians and a radio audience Friday afternoon that city officials should not lose sight of an adequate park system when they sit down at their city planning table. . . Said Mr. Clapp: "A city's juvenile delinquency problem grows smaller exactly in proportion to the public park and recreational facilities a city offers to its children." . . . That's a mouthful in any language, and it's just what we've been talking about all along here in Pampa. . . So far, too much hasn't been done about it, though.

Those who heard Mr. Clapp's address got a pretty good idea of what they think about Garnet Reeves, Pampa BOD manager, down in Lubbock. . . Said Mr. Clapp, again: "If you want anything from Lubbock, don't write to Governor Allred or President Roosevelt about it—just send Garnet Reeves down in his car, and we'll load it up for you and let him bring it right back to you." . . . That's a pretty tribute, coming from a man high in the state's planning affairs. . . As usual, Mr. Reeves blushed and shifted about in his chair when Mr. Clapp tossed the bouquet. . . One finds that Mr. Reeves works hard, and doesn't make any noise doing it.

E. F. Young, Pampa justice of the peace, says that everything's going to be all right. . . He reports that this is the first time in 79 years that there hasn't been a new moon in February, and that the moon controls the moisture, and that by some hook or crook, I don't exactly understand it—we are going to have plenty of moisture and everything's going to be just dandy. . . That's good news.

Just had a telegram from Harry Hoare, Daily NEWS sports editor, with the Golden Gloves boxers in Fort Worth. . . He ran over to Dallas and spent 15 minutes with Jim Lyons, Daily NEWS manager, who is convalescing in Baylor hospital after an appendectomy more than three weeks ago. . . Harry says Jim's riding around in a wheel chair and doing fine, all of which is good news back home. . . Another snow like that one over the week-end, and I'll be in the market for a pair of cowboy boots, or a pair of skis. . . I like that kind of weather because it reminds me so much of Sonja Henie.

Yesteryear In Pampa

TEN YEARS AGO TODAY
P. I. Hoefler, independent moving picture director who had been here taking moving pictures of the city and points of interest in the surrounding territory, completed his work and left for Denver to prepare his films for shipment to Hollywood.

FIVE YEARS AGO TODAY
George Washington allegedly cut down a tree but citizens watched the Pampa Boy Scouts plant another one to make up for the one that America's hero destroyed.

Members of the Pampa Municipal band and everyone who desired to play with the band met for a practice at the city hall.

that area. Yet no one is proposing a navy which would be anywhere near big enough to wage an aggressive war.

Chairman Vinson's statement, followed by Secretary Hull's assurances, was designed to placate isolationist and pacifist forces which have been bemoaning the administration in Congress by demanding to know what its foreign policy really is. A fleet big enough to protect both coasts sounds good because it fits in with the isolationist, stay-at-home idea—which, however, is not the administration foreign policy, even though that was the intended implication.

The objectives—to protect . . . our insular possessions" (which include Samoa, 2600 miles out beyond Hawaii), and to protect "our commerce and citizens"—leave plenty of scope for naval action far from American shores.

But the real mile-wide loop-hole is the assertion that it is fundamental naval policy "to insure our national integrity and to support our national policies." Since "national policies" remain undefined, except that Hull says present policy is somewhere between extreme internationalism and extreme isolation, there'll be plenty more hollering on that point.

Congressional furore already has slowed up the administration's campaign to "educate" public opinion into a more hard-boiled, less pacifist mood. But despite the vagueness of American foreign policy—which consists chiefly of acting like a tough guy with the hope other fellows will think you mean it, plus certain interesting talks with the British Admiralty—the administration acts somewhat as if it had been caught with its hand in the gooseberries.

Much sarcastic comment has been ended and probably even more averted by the decision that Elliott Roosevelt will be unable to entertain present or prospective customers with victuals at the White House.

Elliott, who is head of the Hearst broadcasting chain and has been organizing a firm to represent broadcasting stations in their dealings with advertising agencies and others in New York, had invited a group of broadcasters to dine with him inside those sacred portals. But he withdrew the invitation, explaining that he would have to leave Washington in the afternoon.

A Little Encouragement Along The Way

Man About Manhattan

By GEORGE TUCKER

NEW YORK—The best story of the week is about that little Jap who plays the part of a valet in the new Guild show, "Wine of Choice." It is a small part, hardly more than a spear-carrier's chore, yet after the first trial performance in an out-of-town city a shower of flowery epistles, praising the Jap's "inspired performance" descended in the management's lap.

Somewhat puzzled, the Guild authorities read the letters, dismissed them from their mind, and moved on to another city. Next morning a dossier of even more laudatory notes was delivered.

Here was indeed an unusual circumstance. The little Jap's part was so minor as to constitute no more than a "bit." It certainly was not calculated to elicit a deluge of "fan mail."

Then the show moved into Philadelphia. As is frequently the case with trial performances, the authors were traveling with the show, studying each performance carefully, frequently rewriting lines and scenes.

At the last minute they decided to eliminate the little Jap entirely and the curtain went up with the "valet" written out of the script. Nevertheless next morning the mailman juggled a salvo of "bravo" mail into the theater, complimenting the Guild on its astute casting and calling attention again and again to the wonderful performance of the valet.

With that, everybody went into hysterics. Those letters were explained. The valet, anxious to further his theatrical career, was sponsoring his own fan-mail service.

Epilog: He's back in the show. The authors and directors felt that such enthusiasm shouldn't go unrewarded. "After all," as Guy Kibbee says, "You can't blame a guy for trying."

Another instance of circumstances proving a boon to an aspiring player was the mishap that befell Betty Lancaster in the office of a producer one afternoon. The play was "Gentlemen of the Press." When Miss Lancaster applied for the ingenue's role it was felt she was not the type desired.

George Abbott, who directed the play, and Mark Barron, one of its authors, were in the office at the time, and they told her they felt she would find the role unsuited to her talents.

However, as she went out the door, which was glass, there was a sudden crash, and a part of the glass fell on Miss Lancaster's arm, inflicting a slight but painful wound. Abbott and Barron were beside themselves. Unable to get a doctor, they hurried to a druggist and bought a complete first aid kit.

Records of 15 nations show that 8,461,595 men are killed and 21,099,935 wounded in the World War.

People You Know

By ARCHER FULLINGIM

Bob Andis slept last night. He didn't sleep Thursday night after Berger beat the Harvesters. Being only a boy, he cried all the way as he rode with his parents to their home 17 miles south of town. Then he cried himself to sleep because he thought he lost the game. It was the first time he failed to score a single point. But he knew the Harvesters had to win the tournament. So this is a tribute to Heiskell, Andis, Reynolds, Dunaway, Cox, Foster, Harrell, Cunningham and the others.

They had already been written. This was a testimony to their fighting spirit; to their will to win; to their fine sportsmanship. They had able foes; they overcame that jinx with an almost superhuman effort when it seemed all hope was gone. They won the title in storybook fashion.

They had to overcome obstacles all season. First one and then the other was either sick or injured. Fans wondered how Norman Cox could get around on that game leg, weighted down with a brace, much less play. The regular lineup did not win that game. It took almost every man on the squad to beat six teams in two days, and it took the same number to win the final game. It was teamwork that won in the end. Teamwork among nearly a dozen boys.

The boys had to fight grimly. Yet the saddest sight in the whole tournament was the picture of Barron weeping uncontrollably after he left the game on fouls.

Cranium Crackers

Butch Finnegan, 200 pounds of rackets, was sentenced to a hospital for the criminally insane for killing a rival gang leader.

Although authorities took extra precautions and threw a heavy guard around Butch when he entered the institution, that guard was relaxed six months later when the prisoner was stricken with influenza and removed to a four-bed ward in the infirmary.

Late one night as a staff doctor was making his rounds of Finnegan's ward, the gangster leaped suddenly from his bed as the physician was examining the temperature chart of the patient in the bed adjoining his, drove a right to the head and one to the stomach that knocked out the physician before he had a chance to cry out.

Working swiftly, Butch slipped on the physician's coat and trousers and headed down the hall to freedom. However, a guard, posted at the opposite end of the hall near the elevator, glanced at Butch's retreating figure and immediately sounded an alarm.

HOW DID THE GUARD KNOW THE WHITE-CLAD FIGURE WAS NOT A DOCTOR?

How's Your Health?

By IAGO GALDSTON, M.D.

There are many who, having misread and misunderstood the literature of modern psychology, believe that it does not favor the disciplining of the child.

Modern psychology does indeed insist that severe and unreasonable discipline, whether self-imposed by one's conscience or imposed upon the young by their parents, is likely to prove destructive.

Put wrong and unreasonable discipline is one matter, and no discipline at all is still another. To disapprove of the one is not necessarily to favor the other. On the contrary, practically all schools of modern psychology teach us to appreciate the force of the primitive drives that motivate and regulate our behavior. They all insist that these primitive drives must be recognized and dealt with firmly.

These "schools" differ chiefly in the naming and listing of these primitive drives and also in the manner in which the primitive in us can best be dealt with.

None, save perhaps a few ultra believers in freedom, questions the need for disciplining children. On the contrary, all will agree that the question is not whether to discipline, but rather how and how.

As long as men live in groups, discipline will be an inescapable condition of existence, to be learned and accepted in youth, or more painfully later in life. For social existence is the fundamental reason for all discipline.

In this viewpoint and understanding we find the answer to the questions, who should teach the child discipline and how. Not who should discipline (punish) the child, and how.

The young child is taught discipline by each and every member of the household, not just by one. He is best taught by indirection, by example, by atmosphere.

The lesson begins almost at birth. If the child is properly taught, few problems in discipline are likely to arise and these are easily disposed of. But, as we all know, few parents and few households attain this perfection. Most of us cannot deal with our young in that calm, considerate manner which reason urges.

The world and the marking being what they are, perhaps it is well that our children find none too great perfection in us. Their home experiences prepare them for the imperfections they discover and meet in the world at large.

AWARD CERTIFICATE RECEIVED BY LEGION

A certificate of meritorious service, signed by Daniel J. Doherty, national commander, Frank E. Samuel, national adjutant, W. J. Darforth, department commander, and Fred E. Young, department adjutant, son of Pampa Justice of the Peace E. F. Young, has been received by the Kerley-Crossman post of the American Legion.

The certificate is issued to those posts that enroll for the year shown (1937) a membership equaling or surpassing its previous four-year average.

Membership of the local post is now 100, and the quota for 1938 is an additional 10 members.

The certificate states that the award is made "for faithfulness in the performance of duties meriting special confidence and esteem because of manifest cooperation and

RED CROSS ANNOUNCES FLOOD CATASTROPHE

WASHINGTON, Feb. 19 (AP)—The American Red Cross prepared today to meet a serious flood catastrophe in Arkansas.

National headquarters of the Red Cross said 3,000 persons were being cared for in refugee headquarters along the White and Arkansas rivers.

Headquarters for relief work were established in Fort Smith, Dardanelle, Batesville and Atoka county, Oklahoma, the Red Cross said.

SCHUSCHNIGG TELLS JEWS NOT TO FEAR

By A. D. STEFFERUD.

VIENNA, Feb. 19 (AP)—Chancellor Kurt Schuschnigg reassured Jews tonight they had nothing to fear from Nazi influence in his government while his German-approved minister of interior, Arthur Seyss-Inquart, said Austria would have no further changes.

Schuschnigg told a deputation of Jewish industrialists who called on him for an explanation of the situation under the newly-reconstructed government that they and other Jews could face the future with complete confidence.

Shouts of "Heil Hitler" meanwhile echoed in the streets of Graz, Austria's second largest city.

The most jubilant celebration since the World War was held in the city long considered a Nazi stronghold near the German border.

Similar demonstrations occurred at Linz.

Seyss-Inquart returned from Berlin and immediately conferred with Schuschnigg on conversations he had with Adolf Hitler, Marshal Hermann Wilhelm Goering and other top Nazis.

"Because there have been so many misunderstandings I wish you'd say to the whole world I'm no Trojan horse," said the minister, friend of Hitler, referring to dispatches that symbolically compared with the legendary horse which brought the fall of Troy.

"I represent only the nationalist group of Austria. I do not want the fatherland from Austria's one legal political party) to become a Nazi party."

"I believe in the view Austria must be an independent Christian Austria—nothing else but that, Austria will continue on her destined course."

Other reports were not as reassuring as the government members' statements.

Nineteen representatives of engineers' organizations called on an official of the Federation of Social Workers' League with demands for dismissal of Nazi engineers and a declaration Austria should abandon the Rome-Berlin axis in favor of a broader foreign policy.

Members of the Leather Workers' Guild sent a resolution to Schuschnigg saying they wished to join the Austrian semi-military sturmkorps "to fight the interloper."

A fatherland front secretary revealed Schuschnigg told a group of front members "I had only one choice" at the Berchtesgaden meeting with Hitler last week ago.

He said a Nazi uprising was put down in Austria in 1934 when Italian troops massed at Austria's border "but this time that counter-balancing force was lacking."

Opening of the fatherland front to Nazis, the government's last announced step in appeasing Hitler, will take a few days further to carry out, a front official said. Party lists will be open only eight days as soon as the machinery is perfected, thus admitting Nazis to legal political representation.

PADRE ISLAND RANCH TO BE BEACH RESORT

CORPUS CHRISTI, Feb. 19 (AP)—Purchase of the historic Dumm ranch on Padre Island, together with 90 acres at the south end of the island, was announced today by former Senator John A. Hastings and a group of eastern associates who have formed a syndicate to develop the island as a beach resort.

The ranch is 100 miles long and two to three miles wide. Terms call for payment of \$550,000 for the land and certain mineral rights.

The syndicate proposes immediate construction of causeways linking the mainland at Flour Bluff near Corpus Christi and at a lower valley point.

Governor James V. Allred last year vetoed a bill calling for state purchase of the island, claiming the state was already on the land. Hastings said he expected question of state title to be disposed shortly. The attorney general's department is investigating the question.

Padre Island was once the home of the Karanahua Indians, said to have been the last of the cannibalistic tribes.

Library Has 6,000 Books in Shelves

For information of those who may have an evening with nothing in particular to do, there are 6,000 books in the Pampa public library.

The library, located in the basement of the city hall building, has recently been enlarged, repainted and remodelled. Changes are still being made in the arrangement of furniture and shelving. It is expected that the work will be completed within the next week.

Pending the annual report in library, an accurate check of the total number of borrowers cannot be made. Mrs. James Todd Jr., librarian, believes however, that the library has made considerable gains in number of patrons and in volumes added during 1938. An estimated 35 percent of the patrons are juveniles.

HOWE BUYS STATION

WASHINGTON, Feb. 19 (AP)—Examiner Davis G. Arnold of the communications commission approved today an application by M. S. Niles to transfer all stock of radio station KRGV, Inc., at Weslaco, Texas, to O. L. Taylor, Gene Howe and T. E. Snowden. He said such a step would serve public interest.

Don't Try to Shake Ice off Trees

It doesn't work to shake trees until the ice begins to melt.

County Judge and Ralph R. Thomas demonstrated this idea by pointing to a tree with a dozen twigs broken as a result of someone trying to shake ice off the tree.

The best plan is to simply wait and hope that the ice-covered limbs are not damaged, judging by the number of broken twigs on the tree given as an example by Mr. Thomas.

During 1935, the United States exported 2,234,000,000 pounds of unmanufactured cotton. In the same year it exported 63,374,000 square yards of cotton cloth.

# BAYLOR BEATS ARKANSAS' UNDEFEATED RECORD WITH 54-47 VICTORY

## MONDAY NIGHT CAGE GAME TO DECIDE TITLE

WACO, Feb. 19 (AP)—Baylor's bewildering basketball team blasted the undefeated Southwest Conference record of the University of Arkansas Razorbacks with a 54-47 victory tonight.

The somewhat surprising result left Baylor and Southern Methodist tied for second place in the torrid conference race only a few points behind Arkansas' veteran aggregation. The Bears could vault into the lead through another victory over the Porkers Monday night.

Hub Kirkpatrick, Baylor's slender center, easily shaded "Goatman" Lockard in their individual scoring duel and shot ahead of the Arkansas forward in season points. Kirkpatrick's 19 tonight made his total in seven games 131 where as Lockard has amassed only 129 in nine tilts.

The fouling out of Ray Hamilton possibly was the clincher between victory and defeat for the Porkers. The field goal registered by Kirkpatrick as the Arkansas center committed his last foul tied the score and the subsequent conversion of one to two free throws put the desperate Bruins into the lead.

The Bears held the upper hand through virtually all of the remaining fifteen minutes, once widening their margin to twelve points.

It was clearly an off night for Lockard, due in part to the tenacious guarding of Pete Creasey.

Hamilton, Jim Benton and Jack Robbins, all well known to football fans, were the shining lights for the invading Redshirts. Benton counted seven field goals and two free throws and Robbins came up from his guard position to register twelve points.

Kirkpatrick chalked up eleven points after being freed of Hamilton's most unwelcome presence. Until that time he had been playing second fiddle to Captain Bubba Gernand in the matter of scoring Bruin tallies. When the evening was over, Gernand was runner-up only to Kirkpatrick for the game's scoring honors with a total of 17 points.

Conference standings at the end of the game showed Arkansas with eight victories and one defeat, and Baylor and Southern Methodist each with six triumphs and one loss. The Porkers and Bruins clash again here Monday night with the Methodists journeying to the Arkansas stronghold next week end.

The Razorbacks were travel-weary due to the fact the floods forced them to remain on the train two nights and one day. With a Sunday or rest they hoped to stage a strong comeback Monday night and shove the Bruins into third place.

The Bears likewise welcomed the rest because four of them, Kirkpatrick, Gernand, Creasey and Happy Shahan played the entire forty minutes. Shahan's consistent floor game was one of the big reasons the Bears kept fairly well abreast of the Porkers from the start.

The lead changed hands eleven times. Until Kirkpatrick got hot after Hamilton departed from the game neither team had been ahead by more than a half dozen points.

## Harry Cooper Leads Tourney

By FELIX R. McKNIGHT  
NEW ORLEANS, La., Feb. 19 (AP)—Doughty Harry Cooper, golf's mechanical man, bored a four-under-par 68 through high winds to lead his field by three shots in the opening round of the \$5,000 Crescent City open tournament today.

Soaked by heavy rain and lengthened by the biting wind, City Park's par 37-35-72 stumped golf's best shooters, with the notable exception of Cooper and Harold (Jug) McSpaden, Winchester, Mass., who clipped one stroke from par for his second place 71.

Horton Smith, the gangling Oak Park, Ill., stylist, stroked an eagle three into the eighteenth cup to finish with a 73 and share fourth position with seven others.

Far back in the ruck after struggling rounds were such stars as Jim Demaree of Houston, recent winner of the San Francisco match play event, with 82, Craig Wood of Houston, N. J., with 81; Lawson Little, 78; Bryon Nelson, Reading, Penn., 79; Sammy Byrd, Philadelphia, 80, and Ben Hogan, 79.

Bunched at 73's were Pat Sawyer, Birmingham, Mich.; Vic Ghezzi, Deal, N. J.; Smith; Vince Eldred, Pittsburg, Penn.; Denny Shute, national P. G. A. champion of Miami, Fla.; Henry Hanson, young Bryan, Texas; Comer; Jack Crotts, Hershey, Penn.; and Dick Betz, Chicago.

## Pompoon Wins \$5,000 Handicap

LOS ANGELES, Feb. 19 (AP)—The favored Pompoon won the \$5,000 Santa Carlos handicap at Santa Anita park today in a race marred by an accident of two candidates, Fair Knightness and Mandingham, on the last turn.

Star Shadow finished second and he did third in the mile and one-sixteenth event over a muddy track. Jockey "Red" Pollard, riding Fair Knightness, and Jockey Maurice Peters, aboard Mandingham, were hurt in the spill. Peters was able to walk off the track but it was several moments before Pollard could move.

## NO. 8-- Continued From Page One

Eight Harvesters played during the game and all scored.

Officials of the tournament including Frank Monroe, McCollum, Garrison Rush, Knowles, picked the all-district team as follows:

Forwards — Jacobs, Spearman; Heiskell, Pampa; Kendrick, Borger; guards—Simmons, Borger; McWilliams, Perryton; Cox, Pampa; center, Barron, Borger; Purley, Miami.

Placed on the honorable mention list were Reynolds, Pampa, guard; Dye, Borger, forward; Andis, Pampa, guard.

The thrilling battle climaxed a season of unusual and intense rivalry between the two quintets. Pampa won the first clash of the season by 13 points, and Borger won the next three Big Five games by decisive margins.

Free shots and fouls played an important part in the final battle. The Borgans were assessed 16 fouls to 7 for the Harvesters. However, the Harvesters missed 15 free shots and made 8 while the Bulldogs missed only 5 and connected with 6.

Coach McCollum of White Deer District Coach Garrison Rush of Shamrock were officials.

The Harvesters will represent this district of 10 counties in the regional meet at Canyon next Friday and Saturday. Their first foe will probably be Abernathy's team which nosed out Rails 26 to 21 in the district meet at Lubbock.

Too much can't be said in praise of Borger's sensational goal-shooting both from the field and the free-throw line, and also the Harvester "iron men" can be praised lavishly for their comeback and their amazing feat of winning six games in two days.

Canyon defeated Amarillo 45 to 19 to win the district two basketball title.

## Intimate Portrait of Pogi

GORILLA POGI

The funny looking thing crawling up the banana tree above is Gorilla Pogi, who will appear on Monday night. Pogi is an Argentine rougher of the first order. He has been chasing Champion Gus Kallio for some time but has treed him only in the picture.

Pogi will meet Orville Grable in the semi-final. The main event will feature Jack Moran and Bill Venable. Jerry Hollis another newcomer, will tangle with Dick Sampson in the preliminary.

## CHRISTOPHER COLUMBUS MAY HAVE BEEN SYPHILIS VICTIM

The discoverer of America was a victim of siphylis in the opinion of many medical historians. Thos. Farran, surgeon-general of the United States Public Health service, writes that siphylis is believed to have been introduced into Europe by members of Columbus' crew, who contracted the disease from West Indian women.

There are some who think Columbus himself may have been infected. Kenpole points out that during Columbus' second voyage in 1494, he began to have attacks of fever, possibly the febrile secondary stage of siphylis. During the third voyage in 1498, he developed gout, though he was an abstemious man.

He also began to hear voices and to regard himself as "an ambassador of God." Columbus made a last voyage and returned in 1500, so ill that he had to be carried ashore.

With his whole body dropsical from the chest downward like that which is caused by injury to the valves of the heart, his limbs paralyzed and his brain affected—all symptoms of fatal siphylis—he died on May 20, 1506.

6. features a rodeo and horse show which will cost \$30,000 in prizes and salaries for some of the performers. A total of \$3,000 in prizes will be offered in the livestock department.

Leading shows include those at Fort Worth, Houston, San Angelo, El Paso, Abilene, San Antonio, Amarillo, and Lubbock.

Rich purses have been posted to lure the professional performers who follow a transcontinental rodeo trail that seasonally zig-zags from California through Texas to New York.

These performers, joined by cowhands from local ranches, will contest at this hazardous game all summer in dusty arenas. The skillful and lucky will wind up the season at eastern shows with earnings of \$2,500 to \$3,000.

El Paso's eighth annual southwestern livestock show opened Saturday morning and will run through Wednesday. There 4-H club boys and girls are competing for \$1,300 in livestock prize money. The one exhibiting the grand champion calf will be awarded a free trip to the Fort Worth show with all expenses paid. Rodeo purses totaling \$1,400 are offered.

San Antonio's third annual Southwest Texas Boys' Fat Stock Show, Feb. 24-26, has received several hundred entries from 75 counties. There will be no rodeo.

## BOXING FINALS WILL BE HELD MONDAY NIGHT

FORT WORTH, Feb. 19 (AP)—The second annual Texas Golden Gloves Championship tournament will mark time today and tomorrow while 32 survivors of the 117 starters rest for the semi-finals and finals Monday night.

Of the 16 points that entered men only Pampa, Fort Clark, and Texas A. & M. are out of the running. Galveston and Fort Worth are leading in survivors with four each. Dallas, Abilene, Lubbock, Austin and Wichita Falls have three each; Tyler, Amarillo and Houston have two each, while Brownwood, Big Spring, and Fort Russell have one apiece.

Thursday and Friday eliminations left the following boys in each weight:

Flyweight: Wayne Templeton, Fort Worth; Johnny Page, Dallas; Dick Menchaca, Galveston; Noah Valadez, Abilene.

Bantamweight: Joe B. Lee, Austin; Leonard Braswell, Brownwood; Donald Harper, Galveston; Eddie Russey, Wichita Falls.

Featherweight: Harry Wilson, Tyler; Fernando Vargas, Austin; William Smith, Galveston; Alex Parrisi, Wichita Falls.

Lightweight: Matt Martinez, Austin; Ellis Read, Big Spring; Morris Corona, Galveston; Lon McMillin, Abilene; Welterweight: Arthur Dorrell, Dallas; Dewey McMillan, Fort Russell; Rex Danziel, Amarillo; Elby Pettaway, Houston.

Middleweight: Earl Brown, Amarillo; Carl Hilger, Dallas; Andy Eagleton, Fort Worth; John Buck, Lubbock.

Light heavyweight: Bob Ritchie, Lubbock; Billy Colbert, Houston; Fuller Rogers, Fort Worth; Beane Garland, Wichita Falls.

# Market Briefs

NEW YORK, Feb. 19. (AP)—Oils and covers led a lullish climb in today's stock market and enabled the list to end the third consecutive week with a net advance.

While gains for the brief session ran to a point or so among favorites, a few specialties were up 2 to 5.

Transfers of 255,500 shares were the smallest volume for any day since Oct. 2, last. But even with the restricted turnover the Associated Press average of 60 stocks was up 4 of a point at 44.8. For the 60-day period the composite was ahead 3 of a point.

Bonds shuffled over an uneven range, but commodities improved after a poor start.

Among the day's best gainers were Standard Oil of N. J. at 81, Texas Corp. 42, Anaconda 33, Kennecott 39, Cerro de Pasco 40, Union Carbide 76 1/2, John-Manville 77 1/2, Philip Morris 82 1/2, Chrysler 56, General Motors 35 1/2, Westinghouse 56, Santa Fe 35 1/2, Du Pont 118 and Seaboard 82 1/2.

"Inflation" was the principal market theme earlier in the week and, according to the majority of brokers, accounted for the underlying strength of the list as a whole.

However, this idea was subjected to a chilling draught on Friday when the President, at his press conference, restated his position on balanced price levels and virtually renounced inflation and dollar devaluation as a means to this objective.

# John Arnot Has Lived In Panhandle 60 Years But Never Saw Any Gun Play

John Arnot has been a cowman on the high plains of Texas nearly 60 years but never saw gun play. Part of that time he lived in Old Tascosa, where several citizens were forty-fived and put to rest atop Boothill.

"Even in the old days of the open range and the trail herds," said the veteran puncher, "the cowhands didn't all carry six-shooters. Nearly all of them had pistols in their bed rolls but they didn't make a practice of toting guns and looking for someone to shoot at. Some of them would shoot all right, but it took more than the drop of a hat or a word out of the side of a screwed up mouth to make them pull the trigger."

"I was in Old Tascosa and many other frontier towns of the plains but seldom carried my gun. There was no more need for carrying a pistol then than now."

Arnot went to Old Tascosa on curties also improved buying sentiment and a batch of orders arriving suddenly at the pit found sellers in the minority with the result that the rally was swift. May wheat touched a high of 93 1/4 and July reached 92 1/4.

The day's highs were not fully maintained in the light trade that followed, but wheat unchanged to 1/2 cent higher compared with yesterday's finish. May 92 1/2-93, July 88 1/2-91, September 88 1/2-91, corn was unchanged to 1/2 up. May 59 1/2-60, July 61 1/2-65, September 62 1/2-65, oats 1/2 off to 1/4 up. May 30 1/2, rye unchanged to 1/2 up. May 75 1/2, lard 5 to 12 cents lower.

NEW ORLEANS COTTON  
 NEW ORLEANS, Feb. 19. (AP)—Fair trade buying and covering brought advances of approximately 50 cents a bale in the cotton market here today. The close was steady, 9 to 10 points net higher.

Initial gains of 2 to 5 points on better cables than expected encountered some week-end liquidation and hedge selling from the interior. As a result most of the early gain was erased.

In final trading, however, shorts covered and found contracts scarce. In addition there was renewed buying from foreign interests and some investment purchasing by operators who sold yesterday.

The close was at the top with March contracts at 9.10, May at 9.19, July at 9.28, Oct. at 9.35, Dec. at 9.37 and Jan. at 9.38.

CHICAGO GRAIN  
 CHICAGO, Feb. 19. (AP)—Rising as much as 1 1/2 cents from early lows, wheat prices closed at small net gains for the session today with the support of buying from commission houses and export interests.

The recovery that wiped out early fractional losses based largely on heavy snows in winter wheat territory got under way at the close of the first hour following disclosure of a fairly good export wheat business overnight. Strength in se-

the gaming and livery stable business in Tascosa.

Arnot said the first person buried in famous Boothill cemetery was a baby girl. The rest of the unknown persons buried there died with their boots on, he said.

Arnot said the first man buried on the bleak hill was shot down by a sheriff after the cowboy had shot some ducks at the edge of town. Arnot lived in the old town when it was the Panhandle cow capital and the last stop on the cow trails between Texas and old Fort Dodge in Kansas.

Many old cemeteries have been found in the Panhandle. One 20 miles north of Amarillo on the Tascosa road is the resting place of the wife and baby daughter of a prospector. Names on the rough sandstones have been almost obliterated. The two graves are encircled by a stone fence.

Boothill cemetery at Tascosa is encircled by the thing the open range cowhands detested—barbed wire.

Mrs. McCormick, who declines to talk about the old days, didn't recognize her visitor until he identified himself and told her he lived in Tascosa in the eighties.

"Nearly all of us are gone, ain't we?" was about all Mrs. McCormick said.

Arnot knew Mrs. McCormick when she and her late husband were in

## GRADUATE NURSES COMPLIMENT GUESTS WITH HOLIDAY PARTY

### Couple Entertains At Buffet Dinner

Celebrating their 12th anniversary, Mr. and Mrs. Sam A. Fenberg entertained with a buffet dinner at their home Thursday evening.

Decorating the living room were pink roses. An arrangement of sweet peas and pink rose buds centered the table which was lighted with tall green tapers. Consigns with clever verses composed by Mr. Fenberg were presented to the guests.

After dinner, games were played and dancing was enjoyed by the group.

Guests included Messrs. and Mrs. Eryl Estes, B. M. Behrman, Leon Gilbert, Harry Lipshy, Dave Finklestein, Sam Fenberg, V. E. Brunow, Mrs. Sophie Behrman, Misses Clara Bobbitt, Etha Jones, Messrs. Morris Cameron of St. Louis, Sol Stahl of Dallas, Morris Blendenman.

Flowers were sent by Sol Smith.

### Mrs. Murphy Hostess At Shower Given For Recent Bride

Honoring Mrs. Russell Rittenhouse, who is the former Wanda Hatcher, Mrs. W. B. Murphy was hostess at a miscellaneous shower given in her home Wednesday afternoon.

Each guest wrote a recipe in the bride's book, and Peggy Murphy presented the honoree with a telegram telling where the treasures were located.

An entertaining program was presented by Mary Jo White who did a Japanese dance and by Mary Ellen Moss, Lorraine and Peggy Murphy. After the "Big Apple" and a clog dance by the three, Mary Ellen Moss entertained with another number. Mrs. Doc Moss accompanied the group.

A pink and white color motif was observed in the appointments and the refreshments which were served to Mrs. Hugh Ebbel, Ted White, E. C. Storey, B. A. Sumner, Leonard Rittenhouse, Lillian Rittenhouse, Paul Rittenhouse, Estell Wilks, Earl Schleg, A. E. Shaw, Doc Moss, Odell Walker, Bell Wells, L. O. Horn, W. H. Hatcher, W. B. Murphy, Miss Elaine Murphy, Mary Jo and Tommie Bee White, Peggy and Lorraine Murphy, and Mary Ellen Moss.

Gifts were sent by Mrs. Eddie Sane, Ralph Rittenhouse, Mildred Chapman, Hamp Waddell, Faye McGhee, C. H. Blair, Guy Saunders, L. E. Holmes, W. J. Foster Jr., and Miss Louella Saunders.

### Virginia Parton Named Officer In Club at TU

AUSTIN, Feb. 19.—The Palo Pinto club and the Weatherford club at the University of Texas united recently to form the Parker-Palo Pinto club.

The new organization elected the following officers: Herman Flits of Mineral Wells, president; Tom Harrison of Eastland, vice-president; Agnes Sandidge of Weatherford, secretary-treasurer; Borden Seaberry of Weatherford, sergeant-at-arms; and Virginia Parton of Pampa, reporter.

The president appointed Clellen Moss of Mineral Wells, Jack Butler of Mineral Wells, and Seaberry delegates to the Inter-City Council, an organization composed of representatives of city and county clubs at the University.

DeVere Bowden of Weatherford was appointed chairman of the social committee. Other members of the committee are Eleanor Holt of Graford, Fred O'Neil of Mineral Wells, Miles Waddell of Mineral Wells, and Miss Sandidge.

### Mrs. Boston Hostess To Members-Guests Of Queen of Clubs

Bright spring flowers added color to a luncheon given at the home of Mrs. Carl Boston entertaining members of the Queen of Clubs last week.

In the bridge games which followed the luncheon, Mrs. W. V. Jarratt made high score, Mrs. H. D. Keys, second high; and Mrs. H. C. Wilson, low. A ticket to "The Hurricane" was presented to Mrs. Crawford Atkinson for high cut.

Members playing were Mrs. I. B. Hughes, Crawford Atkinson, Howard Buckingham, Joe Burrows, Raymond Harrah, W. V. Jarratt, H. D. Keys, R. S. Lawrence, L. N. McCullough, Carl M. Smith, H. C. Wilson, and the hostess.

Guests were Mrs. W. A. Bratton, J. M. Fitzgerald, and Howard Neath.

### Supper-Dance Will Be Given at Country Club Thursday Night

Invitations have been mailed to the regular old-fashioned supper dance to be given Thursday evening at 7 o'clock at the Country club.

Reservations to this entertainment must be made by Tuesday evening. Music for the dancing will be played by Jessie's orchestra.

### Record Books To Be Sent to P-TA President Soon

By EUGENE MANN

Parent-Teacher publicity record books of the Eighth District should be mailed to Mrs. Claude Lard, Pampa, by express, not later than March 20.

Instructions as to makeup of the record books were released last fall and no changes have been announced. No awards or ribbons will be given, but the books are to be studied and notations noted on inside publicly, construction and display.

**Carruth Speaker at Conference**

Superintendent Irby Carruth Canyon, will be the Parent-Teacher speaker on a general session program at the Canyon educational conference, March 18 and 19. Supt. Carruth will speak on safety.

**Hutchinson County Council**

A. members attending were: Mr. and Mrs. J. B. McCombs, Miss Helga Brandvik, Mr. and Mrs. M. L. Chism, Medaimes C. E. Lieb, H. B. Farks, M. W. McCloy, and Tom Henderson.

**Founders' Day Observance**

During the month, all units of the National Congress have and are celebrating the forty-first birthday of the Congress. There are 26,000 local associations throughout the nation, more than 2,000 of which are in Texas. The groups are stressing the aims and purposes of Parent-Teacher work, emphasizing the ideals of the founders, Mrs. Phoebe Hearst and Mrs. Alice McLeellan Birney.

**Narcotic Education Week**

In answer to requests made by a committee from the Texas Congress, Acting Governor Walter F. Woodul has proclaimed the week of February 21 to 28 as Narcotic Education week in Texas. This will be the twelfth annual observance of the week sponsored by the International Narcotic Education association.

**National Radio Program**

"Why Read?" is the subject of the Parent-Teacher radio forum of the national association on February 23, from 3:30 to 4:00 p. m. over the blue network of NBC (KGNC). Miss Julia Wright Merrill of Chicago, literary chairman of the national congress, will lead a round-table discussion of some reasons why young people should read extensively.

### Marriage of Helen Denton and Ray Hobbs Announced

The marriage of Mrs. Helen Denton and Ray Hobbs was solemnized Sunday afternoon at 1:30 o'clock in the home of the officiating minister, the Rev. C. Gordon Bayless, pastor of the First Baptist church. Only members of the immediate families were present at the ring ceremony.

The bride was attractive in a wine suit with navy blue accessories and corsage of rose buds.

Before her marriage, Mrs. Hobbs was a prominent young matron of Ada, Oklahoma.

Mrs. Hobbs, who is the son of Mrs. Z. Z. Hobbs, has made his home in Pampa for the past 10 years. He is employed with the Moran Drilling company.

Mr. and Mrs. Hobbs left immediately after the ceremony for Dallas to make their home.

### P-TA to Sponsor Picture Show at Sam Houston School

"Chang," an educational animal picture, will be shown under the sponsorship of the Parent-Teacher association at the Sam Houston school on Tuesday.

At 10 o'clock the picture will be shown for the lower grades under the direction of Mrs. J. I. Bradley and the room mothers, Mrs. C. C. Cockrell and H. B. Lively.

In the afternoon the upper grades will see the show under the leadership of Mrs. Horace McBea and Mrs. Mel Davis. This showing will be at 1 o'clock.

### Party Honors Two Brides

SKELLYTOWN, Feb. 19.—The Woman's Missionary society of the First Baptist church met at the church Wednesday afternoon for a social and shower honoring Mrs. Ed Harmon and Mrs. Bill Fulton, recent brides.

The gifts were opened and passed for inspection. Refreshments were served to the honorees and Mrs. Bert Graham, E. R. Austin, C. L. Guerry, I. P. DeLong, Lynn Wall, Ben Armer, and G. E. Groninger.

### Paris' Fashion Signs Read: "Curves Ahead"

Empress Josephine, the romantic figures of the famed painter Winterhalter, and the war in Spain inspire some of the creations in the spring collections of Paris couturiers. The hourglass silhouette, siren sheaths, daring necklines, floating panels, dramatic dinner hats with removable brims, extremely short jackets, extremely long ones, undetermined waistlines, longer bodices—these are other important new trends.

# Paul Harrison Tells Why Hollywood Is Importing Glamor Gals--With An Accent

Editor's note: This is the fourth of six stories on the Hollywood importation of foreign actresses who place accent on glamor.

By PAUL HARRISON, NEA Service Staff Correspondent.

HOLLYWOOD, Feb. 19.—The wholesale buying of European glamor doesn't represent any particular extravagance on the part of Hollywood. Exotic foreign actresses are a mere million dollars a dozen. This is quite a modest sum, considering that most of the newcomers are bringing with them the devotion and support of millions of foreign fans. Franciska Gaal, for example, will attract audiences wherever German-language films have been shown during the past few years, for she starred in nine important pictures. Also she is an idol of the Hungarian stage.

It used to be a Hollywood custom to bring over beauties of no great dramatic distinction and spend a lot of money cramming them down the throats of the American public. Samuel Goldwyn started it with his hoopla introduction of Anna Sten. Ketti Gallian received a similarly ill-starred build-up about five years ago. More recently came Simone Simon. Merely a promising young player in France, she was working there for approximately \$85 a week when she was signed by 20th-Fox. The studio then spent \$50,000 on Simon ballyhoo, which seemed scarcely justified by her subsequent pouty histrionics.

Strange, New Modesty. Talkieville's foreign policy has been reversed now. Actresses with established European followings are being hired. But they are introduced in the United States without fanfare, and even with a strange new modesty and restraint.

Miss Gaal (pronounced "Gall") is one who will not be a victim of overselling. She came here 15 months ago and settled quietly into an intensive routine of training in English. She had few interviews, few photographs.

Although she is an actress of such ability that Ferenc Molnar wrote two plays especially for her, she wrote two plays to bring her out in the somewhat-less-than-starring role of the little Dutch cutie in "Buccaneer."

It was a good role, though, for providing glimpses of the actress' varied talents. She is winning a lot of praise for it, and hereafter she will be starred.

Paramount has three pictures for her—"Never Say Die," "Paris Moon" (with Bing Crosby), and "Sourette." "I do not know which will be first," said Miss Gaal, "but I have learned that in Hollywood all that is certain is that nothing is certain."

Can Sing and Dance. She's full of little epigrams like that. Speaking of contracts she said, "They were written only for the party-of-the-first-part, which is the studio. An actor has his choice of two things—he can stick to his contract or he can get on an airplane and go home." Miss Gaal's husband, Francis Dajkovich, is a lawyer.

Like most of the new glamor importees she has progressed astonishingly with her English. Actresses have a good ear for sounds, a good memory for words, plus the incentive to work hard and long at their lessons. Miss Gaal retains quite a lot of accent but can control it in rehearsed speeches before the camera.

Magyar, the staggeringly difficult language of Hungary, has no "th" or "w" sounds, and Miss Gaal's having a time with them. When she first came to America she heard people saying such things as "through thick and thin" she thought we were a nation of congenital liars.

She can sing. Some of her stage shows and pictures were musicals. "Here, though, I would be worried to sing," she said, "and I would not dare to dance. In this country everybody seems to be born wearing tap shoes. The whole country seem so happy and sing so beautifully and dance so nicely. In Europe when anybody is gay you say, 'Ah, the poor fellow is trying to forget his troubles!'"

Deaf to her shrieks of protest, the studio has bleached her brown hair to a near-blond. Her eyes are hazel, her complexion very fair, and she weighs 115 pounds in a four-ounce playsuit.

Fired From Drama School. Franciska Gaal was the youngest of 13 children. Everybody shushed her. The family's patronizing attitude toward "the baby" was what fixed her determination to become an actress; she wanted to be noticed, listened to.

At the age of 14 she enrolled in the State Academy of Drama. Her parents thought she was attending a girl's school every day, and there was the devil to pay when they finally learned the truth. They learned the truth because in three months the academy dismissed her as a hopeless pupil without talent.

Angrily determined, she took to hanging around a theater where a play was in rehearsal. They would not give her an audition, but she was permitted to look on.

Just before opening night, the ingenue became ill. In the best storybook tradition, Miss Gaal announced that she knew the role and triumphantly stepped into it.

It was smooth sailing after that. Plays in Budapest. Pictures, all in the German language, but filmed all over Europe. It seemed to be smooth sailing in Hollywood, too. She likes it here—the food, the friends she has made, and especially the game of rummy.

NEXT: Ilona Massey.

her. So she went on the stage and found glamor—plus sufficient ability that Ferenc Molnar wrote two plays for her.

## 608 Apply for '37 Farm, Ranch Grants

HIGGINS, Feb. 18.—Five hundred fifteen applications for grant under the 1937 farm program and 93 applications for grant under the range program have just been received from the state office according to Ernest Goule, county agent. With one exception all range applications have been signed by the various ranchmen and returned for payment to the state office. About one-half of the farm applications for grant have been returned to the state office for payment. The remaining half will probably follow within a few days.

Under the 1937 range program the ranchmen built 53 dams which included 60,613 cubic yards of dirt which will impound approximately 518 feet of water. Eight hundred thirty-three acres of range land were contour listed, 21,571 acres of prickly pears removed and prairie dogs on 4,687 acres were killed.

## Former Higgins Man Dies in California

HIGGINS, Feb. 18.—Funeral services for John Wayne Litchfield, 35 years old, son of Mr. and Mrs. George Litchfield, Higgins, were held Thursday at Sebastopol, Calif. Mr. Litchfield died at a Berkeley, Calif. hospital after a week's illness with pneumonia. Born at Kingman, Kas., in 1902, he came with his parents to Higgins where he resided the greater part of his life. For several years past he had been foreman of the Ford plant at Richmond, Calif.

Besides his wife and parents he is survived by one sister, Mrs. Geo. Weeks of Los Angeles and one brother, Veri Deo of Higgins. His father and brother departed immediately for California to be present at the funeral.

## Ansley Pupils Will Give Recital

WHITE DEER, Feb. 18.—Pupils of Eleanor Ansley, piano teacher, will be presented in a recital at 4 o'clock Monday afternoon at the grade school auditorium.

Nelda B. Walker will play a violin solo. Also on the program will be the toy symphony orchestra, composed of first, second, and third grade students under the direction of Elizabeth Scott.

# "The Hurricane" Thrilling Romance of South Seas

## FILM BASED ON NOVEL OF HALL AND NORDHOFF

Samuel Goldwyn knew that he had a truly great picture in "The Hurricane," which comes to the LaNora theater for four days starting today with Dorothy Lamour and Jon Hall heading a cast which includes Mary Astor, C. Aubrey Smith, Thomas Mitchell, Raymond Massey, John Carradine and Jerome Cowan.

In this dramatic story of the South Seas, written by Charles Nordhoff and James Norman Hall, authors of "Mutiny on the Bounty," he was confident he had a story rich in every element of cinematic entertainment.

Published first as a serial in the Saturday Evening Post, later as a novel, "The Hurricane" has a ready-made audience of millions of readers. It was Goldwyn's determination not to disappoint these old friends and he entered the screen play adaptation to adhere closely to the original story in shaping his drama.

"The Hurricane," with its tender romance, its powerful drama, its picturesque setting and its amazing spectacle climax, is a story ready-cut to the screen's most heroic measure.

**Synopsis.**  
On the low island of Manukura, 600 miles from Tahiti, two native sweethearts, Terangi and Marama, are wed. Their brief happiness is shattered when Terangi, returning to Tahiti on the trading schooner of which he is first mate, is imprisoned for striking a wife man who insults him.

After five years of unsuccessful attempts, the boy escapes from Tahiti and makes his way to his native island. Because of the implacable sense of duty of the French administrator, however, he is forced to hide on a neighboring island.

The search for him is at its height when a great hurricane begins to blow in from the west. In his own safety, the youth goes to Manukura to warn the inhabitants. In the fury that follows, he plays a heroic part, and the hurricane scenes provide one of the most thrilling and powerful climaxes the screen has ever shown.

**Hall New Discovery.**  
Goldwyn entrusted the role of the native hero, Terangi, to a Hollywood newcomer, Jon Hall. Handsome, possessed of a magnificent physique, Hall will undoubtedly be lifted to stellar rating by this performance. Lovely Dorothy Lamour appears opposite him as the native heroine, Marama.

**American Theme.**  
"My Old Kentucky Home" opens the week at the Crown. The picture is showing three days, starting today. Evelyn Venable, Grant Richards and J. Farrell MacDonald are the principals in this photoplay, which is rich in human interest.

The Hall Johnson choir sings the familiar Stephen Foster songs in this picture. Both screenplay and original story were written by John T. Neville.

Mary Ellis, Victory Jory, and Otto Kruger head the cast in "Glamorous Night," showing at the Crown Wednesday and Thursday.

"Walter Wanger's Vogues of 1938" is showing today and tomorrow at the State, featuring Warner Baxter and Joan Bennett. Judy Garland and Allan Jones play the leading roles in "Everybody Sing" at the LaNora Friday and Saturday.

"You're Only Young Once," with Lewis Stone, Mickey Rooney and Cecilia Parker shows at the LaNora Thursday.

**Two Westerns Listed.**  
Westerns on this week's bookings include "Border Wolves," featuring Bob Baker at the Rex Friday and Saturday, and "Battle of Greed," with Tom Keene, on the same days at the State.

Lee Tracy and Joan Blondell are starred in "Crashing Hollywood," at the Rex Wednesday and Thursday. "Swing Your Lady," a musical with hillbilly background, opens the week at the Rex today, with a three-day run.

At the State the picture for Tuesday is "Swing Your Lady," featuring Humphrey Bogart, Frank McHugh, Louise Fazenda, Nat Pendleton, Penny Singleton, Allen Jenkins, and a Warner Bros. picture. Directed by Ray Enright.

day is "Live, Love and Learn," featuring Bob Montgomery, Jane Withers and Walter Brennan have the leading roles in "Wild and Woolly," showing Wednesday and Thursday at the State.

**LaNORA SOUTH SEAS.**  
Published first as a serial in the Saturday Evening Post, later as a novel, many are already familiar with "The Hurricane" written by Charles Nordhoff and James Norman Hall, authors of "Mutiny on the Bounty."

A screen version has been made by Samuel Goldwyn and released through United Artists, with Dorothy Lamour and Jon Hall heading the cast. Dudley Nichols wrote the screenplay. Direction is by John Ford.

Today, tomorrow, Tuesday and Wednesday.

**AMERICAN FAMILY.**  
"You're Only Young Once" is the graphic and humorous story of any small town American family away on vacation, with its tendency to throw off the restraints imposed by familiarity and find a new meaning in life.

Lewis Stone as Judge Hardy, head of the family of five, enacts the role of a man beloved in his community. Understanding, tolerant and wise, he watches over his home, protecting his children from the ugliness and scandal of the outside world.

Thursday.

**SWING MUSICAL.**  
A mixture of a love story with a snap, sophistication with an occasional old-fashioned tear, and melody blending swing and classics in Hollywood's suavest style is combined in Metro-Goldwyn-Mayer's "Everybody Sing." Allan Jones, Judy Garland, and Fanny Brice head the cast.

Friday and Saturday.

**STATE MUSICAL.**  
Manhattan—its streets, shops, night clubs, restaurants—has been captured in all its myriad colors for the first time.

The great metropolis makes its technicolor debut in "Walter Wanger's Vogues of 1938," the gay musical extravaganza with Warner Baxter and Joan Bennett starred.

Today and tomorrow.

**GREENWICH VILLAGE.**  
A story of young love in New York's colorful Greenwich village and the struggle of an artist's wife to keep her husband's feet on the ground after he has attained success.

"Live, Love and Learn" provides the Montgomery-Russell co-starring team with roles in sharp contrast to their recent work together in the crime thriller, "Night Must Fall."

Tuesday.

**PIONEER PANDEMONIUM.**  
That Withers girl is on the loose again out where the West begins, and the West was never so wild as when Jane and her gun-totin' grandpaw, played by Walter Brennan, create pioneer pandemonium on runaway wheels for her grandest Twentieth Century-Fox comedy, "Wild and Woolly."

THIS CURIOUS WORLD By William Ferguson

THE Pribilof Islands have been one of Uncle Sam's most profitable investments, due to the fact that they are the breeding grounds of the fur seal. And he intends to keep the investment safe. Strict regulations are in force in the sealing industry, and even tourists are forbidden from visiting the islands.

A total of \$95,000 has been brought into Gray county since July, 1936, by the payment of old age pensions, based on an estimate of \$2,000 a month paid old age clients in this county. John B. Hessey, who is in charge of the Pampa office, has supervision over four counties, Lipscomb, Hemphill, Roberts, and Gray, and is the oldest employe of the Texas Old Age Assistance commission in district 16, in which Gray county is located.

Mr. Hessey began his duties on Feb. 15, 1936, one day after the pension law was passed. Payments were started here in July. J. B. Ailes is district supervisor of district 16, which consists of the Panhandle counties. He succeeded J. S. Fischer on December 1, 1937. Texas' old age pension law is in compliance with the national social security act. Half of the pension funds are supplied by the federal government, half by the state.

To be eligible for pension in this state, a person must be 65 years of age, have resided within the state for five out of nine years and for one year preceding date of application, and must be a needy American citizen. To obtain a pension, the following steps are taken: the person desiring pension payments presents his case to the official in charge of the commission's work in his county. If the person meets the requirements for eligibility, he is given an application blank, which is filled out and sent to the district office, an investigator is sent out on the case and a report made to the district office.

Approved by the district office, the applicant's name is sent to the state office in Austin, and he begins receiving his pension checks. The total number of persons receiving old age assistance at the present time is not known, pending the report which is filed with the county clerk at the end of the month. January checks were received by 279 Gray county citizens. Massachusetts has an annual catch of 375,000,000 pounds of fish, valued at \$9,500,000, and leads all other states in the union in this respect.

PAIR DIE OF MONOXIDE POISONING AT ELECTRA ELECTRA, Feb. 19 (AP)—Rudolph Wright, about 40, and Allen Wells, about 20, were found dead on an oil lease near Electra today, victims of carbon monoxide poisoning. Dr. C. W. Monroe said the men apparently died from the fumes of a water pump engine as they sought warmth from the bitter cold of last night.

Besides his twin brother, Wells was survived by his parents, Mr. and Mrs. C. W. Wells, route three, Livingston, and another brother and sister. Wright's parents reside at Malakoff. Porfirio Diaz was president of Mexico for 29 years.

# STABILIZATION OF SALES TO BE ACT'S AIM

(Editor's Note: The central purpose of the new crop control act is to increase the farmer's share of the national income. The following article explains the agricultural department's theory on how to attain that goal through stabilization of sales.)

By OVID MARTIN.  
WASHINGTON, Feb. 19 (AP)—Southern growers of cotton and tobacco will vote March 12 on a control provision of the new farm act designed eventually to place these—and other farm products—on a price equality with industrial goods and services.

The provision, if approved by two-thirds of the farmers voting, will establish marketing quotas to restrict sales of cotton and tobacco this season.

Agriculture department officials made arrangements today to hold the referendum in between 10,000 and 15,000 communities. They estimated that more than 2,000,000 growers will be eligible to cast ballots.

It is the theory of officials—and the new legislation—that measures cutting down on market supplies would tend to prevent further price declines and possibly improve prices.

The legislation sets up "ideal" prices for the basic farm commodities. They are called "parity" prices. They are defined officially as those which would give individual farm products the power to purchase as much non-farm goods and services as they did in the 1909-14 period.

A parity price for cotton would be about 18 cents a pound, compared with the prevailing price of slightly less than 9 cents. A parity price for wheat would be \$1.19 a bushel, instead of the present quotation of about 95 cents. For corn it would be 35 cents instead of about 60.

It is not the belief of officials, they say, that the new program will or should raise prices to these parity levels—at least not for several years. One of the big factors back of increased cotton sales abroad this season has been the fact, they explained, that the American product has a slight price advantage over competing growths.

Officials said it would be their purpose to concentrate on raising the farm income rather than prices to the "parity" level.

## 'House of Peter McGregor'

From the gifted pen of Dr. Kimball Sant flow the dramatic episodes of the popular KPDN serial, "House of Peter McGregor." Acclaimed one of Hollywood's leading writers, Sant is a veteran of radio and an accomplished musician. The story has to do with the cloistered life of old Peter McGregor who lives with only his bitter memories of an old love. He is closely attended by his comical Japanese houseboy,

Kito Koshaba, whose well-meaning blunderings provide many a chuckle. The friendly bickering of old Peter and his devoted friend and physician, Dr. John Roberts, keeps the drama going at a fast clip. All roles are portrayed by recognized Hollywood stars, all of whom are prominent on the better known network programs. KPDN airs the series Tuesdays, Thursdays and Saturdays at 10:45 a. m.

## KPDN TO AIR 'COURT OF HUMAN RELATIONS'

From the melee of human emotions comes a new radio show known as "The Court of Human Relations" which has its air premiere over KPDN today at 10 o'clock. All incidents presented are drawn from true life, and may prove of great value to those who find themselves embroiled in similar difficulties. The program is of half hour length and will be aired each Sunday at the same hour.

## 'THE TIME OF YOUR LIFE' RINES MINGLES MIRTH AND MELODY

in no uncertain fashion: Miss Barrett is at her very height of mimicry; and McNamee proves a jovial foil for all quips; while The Royals offer a pleasing abundance of proper harmony. This air-show is presented every Sunday at high noon to the local listening audience by McCarley's, jewelers, in Pampa.

## TOMB OPENED 700 YEARS AFTER DEATHS

LONDON, Feb. 19 (AP)—A marble tomb in Westminster Abbey containing the bodies of an infant prince and princess has been opened 700 years after their burial, abbey officials disclosed today. It was the tomb of Mary and

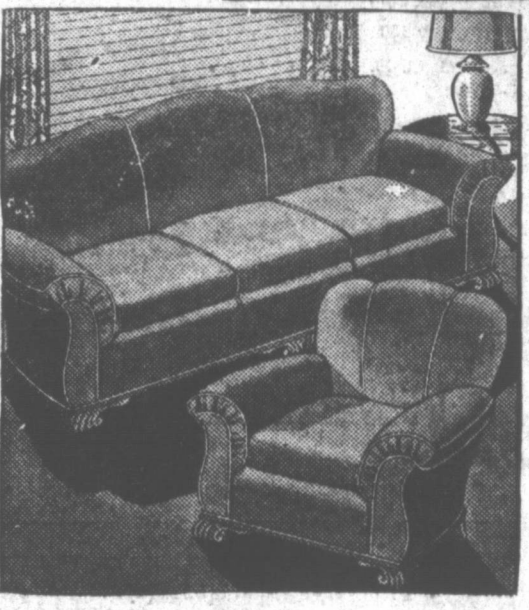

Humphrey Bohun, infant grandchildren of Edward I. Seals on an urn containing their bones were broken in order to "reveal the very beautiful 14th century carving," said L. E. Tanner, keeper of the abbey's monuments. "The carving on the urn is almost perfect," Tanner said. "Visitors to the abbey can now walk right around the tomb and examine a specimen of Elizabethan workmanship, which had been concealed for centuries."
