

AUSTRIAN CHANCELLOR SNUBS HITLER

FLIER KILLED IN CRASH AT RENO AIRPORT

RENO, Nev., Feb. 25 (AP)—An early morning pleasure flight ended in the death today of Robert Hancock, popular 50-year-old aviator from Burlingame, Calif., when the luxury transport plane he was piloting cracked up as it was taking off from the Reno airport.

Hancock was flying the party of Adolph B. Spreckels, Jr., young San Francisco sugar heir and owner of the plane.

Passengers in the plane with Spreckels were Lois Clarke De Puyter Spreckels Clinton, 26-year-old former wife of Spreckels; Mrs. Alex Young, 30, of San Francisco, and Rex Leslie, 35, San Francisco.

Dr. Louis Lombardi of St. Mary's hospital in Reno said Mrs. Clinton was the most seriously hurt. She suffered a serious head injury and possible internal injuries. The others suffered from cuts and bruises. All were put to bed at the hospital.

The twin motored ship took off when about 100 feet in the air winged over. The pilot gunned his motors in an effort to pull the plane out of a sideslip. It hit the ground with its motors racing, and the fuselage buckled in the middle. Hancock was dead when taken from the wreckage.

The party left San Francisco at 10:40 last night, arriving in Reno shortly after midnight. After spending the early morning here they were just taking off at about 5 a. m. for the 180 air mile return flight to San Francisco when the ship crashed.

HEISKELL MAY NOT BE ABLE TO PLAY TODAY

Gloom had settled like a pall over the Harvesters as they left this morning for Canyon to play in the regional tournament there this week-end. Although Captain Claude Heiskell made the trip he was still suffering from a bad cough and a bad cold. He spent yesterday in bed.

He vowed that he would be able to play this afternoon at 2 o'clock when the Harvesters meet the strongest team in the tournament, Abernathy's Antelopes, but Coach Mitchell doubted that Claude would be in the starting lineup. If the star forward is able to play he will be in the game only a part of the time and may not be able to do his best work then.

Scores of Pampanans followed the team to Canyon. The Harvesters will play again tonight at either 7 or 8:15 o'clock.

GRAZING DIVISION FACES BIG DEFICIT

WASHINGTON, Feb. 25 (AP)—The division of grazing expects about \$400,000 deficit during the 1938-39 fiscal year.

Director of grazing F. R. Carpenter, explaining the division's operations to a House Appropriations subcommittee considering the Interior Department's annual supply bill, estimated the 1938-39 grazing receipts would be about \$1,000,000 and expenditures about \$1,400,000.

Estimated receipts this year, he said, would be about \$1,000,000 and expenditures about \$1,220,000.

CONGRESS HEARS OF SYNTHETIC GASOLINE

WASHINGTON, Feb. 25 (AP)—Congress learned today that synthetic gasoline from bituminous coal probably could be manufactured commercially at a cost of between 15 cents and 25 cents a gallon.

A. C. Fieldner, chief of the technological branch of the Bureau of Mines, made the statement, based on experiments, during a House Appropriation subcommittee's consideration of the 1939 Interior Department Appropriation bill.

I HEARD --- VIRGIN ISLANDS PAY WAY WITH RUM TRADE

Ed Dunningan remarking that after quail hunting, the Pampa Daily News Golden Gloves boxing tournament was the most sport he'd had in a year. He was among those resent from Pampa at the state tournament in Fort Worth.

W. M. Craven reminding Pampa taxpayers that Monday is the last day to pay second tax installments without losing the 10 per cent discount.

House Ends Hearings On Title Question Of Submerged Oil Lands

WASHINGTON, Feb. 25 (AP)—The House Judiciary committee finished hearings today on a bill to vest title of submerged coastal oil lands in the government.

William McCraw, Texas Attorney General, an opponent, and Commander Howard Belsmeier of the navy department, a proponent, were closing witnesses.

McCraw reiterated contentions coast states had sovereign rights off their shorelines, and asserted Texas and the 13 original states would be exempt from the proposed measure because they were original owners of their soil and never relinquished titles to the United States.

Belsmeier said the bill would not create title, but would direct the justice department to institute litigation to determine the true owners of disputed lands.

Karl Crowley, Solicitor General of the postoffice department and a Texan, opposed the resolution. He contended it would violate the treaty under which the Republic of Texas entered the union, and by which the state retained all its public domain and assumed responsibility of a \$10,000,000 debt incurred in the war of independence with Mexico.

Former Representative Blanton of Texas representing unnamed California interests, declared the measure would not affect Texas nor the 13 original states but would apply principally to California.

He testified much oil was being produced in California without authority from anyone and the bill should be passed to protect the rights of the people.

BIDS RECEIVED FOR MINERAL WELLS DAM

TEMPLE, Feb. 25 (AP)—A bid of \$3,403,303 on the general construction of the Possum Kingdom dam near Mineral Wells apparently was the lowest received yesterday when bids were opened. The bid was made jointly by C. F. Lyle and A. L. Johnson, of Sioux City, Iowa.

Bids also were opened on steel, concrete and other materials. Contracts will not be let for several days, officials of the Brazos River Conservation and Reclamation district indicated.

BATTLESHIP MANNED BY NEGROES PROPOSED

WASHINGTON, Feb. 25 (AP)—Manning a battleship entirely with negro officers and enlisted men has been suggested to the navy department in a series of letters from negro organizations.

The letters advanced the argument that there are 12,000 negroes in the United States.

There are about 2,300 negroes in the navy.

COTTON PROGRAM TO FAVOR SMALL GROWERS

WASHINGTON, Feb. 25 (AP)—Small producers will receive relatively greater acreage allotments under the new cotton program than will operators of large acreages, department officials explained today.

Likewise, farmers who failed to cooperate with previous agricultural adjustment administration programs for diversion of land from cotton to soil-building crops will not receive an advantage over farmers who did, they said.

In apportioning county cotton acreages, the law directs that growers be placed in four general classes—operators of five acres or less, operators of more than five but less than 15 acres, operators of more than 15 acres, and new operators, including those who did not plant cotton in any one of the last three years.

Groom Man Kills The Bowers City Panther For Roving Reporter

By THE ROVING REPORTER

The Roving Reporter today is mourning the death of the Bowers City panther. The demise of the vicious animal is described in heart-rending fashion by a Groom reader. So the R. R. regrettably consigns him to Valhalla and will nose out something else to write about—unless of course he sees another panther.

Irvin Seitz of Mobeetle, Route one, box 62, sent the R. R. a description of an animal, but the R. R. doesn't believe that any such animal as described by Mr. Seitz exists. Mr. Seitz cannot fool the R. R. who was put wise to the contraption Mr. Seitz described by Captain Claude Heiskell of the Harvesters basketball team. Claude read the Seitz epistle and declared, "Huh, he's describing the doodle bug on the COW line—that bug they call a train. Bill Coons' old man is the engineer."

The Groom letter follows: "I am a reader of your column and enjoy reading it. Been reading all the articles about those strange animals you folks have been raving about. Don't think there is any use for any more worrying about them. I don't think

PAMPANS GIVEN SENTENCES FOR SHOW ROBBERY

Three pleas of guilty were made in 84th district court in Stinnett yesterday when three Pampa men, charged with theft of person in connection with the snatching of a money bag from a Borger theater patron, appeared before Acting District Judge Curtis Douglas of Panhandle Police Chief Art Hurst of Pampa as a witness.

After hearing evidence, Judge Douglas assessed a penitentiary sentence of six years against R. D. Ross, a five-year penitentiary sentence against Z. E. Pollett, and a three-year suspended sentence against Charlie Fisk.

The three men were charged after an employee of the Griffith Amusement company had lost \$174 when a man snatched a money bag from his hand on the night of January 29 on Borger's main street.

Two of the men charged, Pollett and Fisk were arrested by Pampa city police officers the morning after the robbery. Ross was arrested by the same officers on Feb. 10. \$40 of the money was recovered.

Curtis Douglas is acting judge of the 84th district court because of the illness of Judge E. J. Pickens.

FOUR CAGERS KILLED IN CALIFORNIA WRECK

LOS ANGELES, Feb. 25 (AP)—Four members of a Los Angeles independent basketball team were killed early today when their automobile overturned on the Roosevelt highway three and one-half miles north of Malibu Beach, coast resort town. A fifth was critically hurt.

The dead were:
Lee Nelson, 19, Hollywood.
Eldridge P. Hetter, 19, Los Angeles.
George Buhl, 19, Santa Monica.
Charles Fay Marshall, 19, Los Angeles.

The injured youth was Harold Dean Nelson, 22, brother of Lee Nelson. He was taken to a Santa Monica hospital where doctors said he may live.

Sheriff's deputies said apparently the automobile, registered to Joe (Toots) Mondt, former wrestler and screen actor, crashed into a bank off the highway and overturned. Mondt, who is in New York, had given the boys permission to use the machine, officers said.

MAYOR TO PUT DRUNKS ON DISPLAY IN CAGE

WOBURN, MASS., Feb. 25 (AP)—Public display of intoxicated folks in a lion's cage was offered today by Mayor William E. Kane as a way of handling drunkenness, if not curing it in this city.

He said he would borrow the cage from an animal dealer, mount it on a trailer and have it towed about the city, illuminated at night.

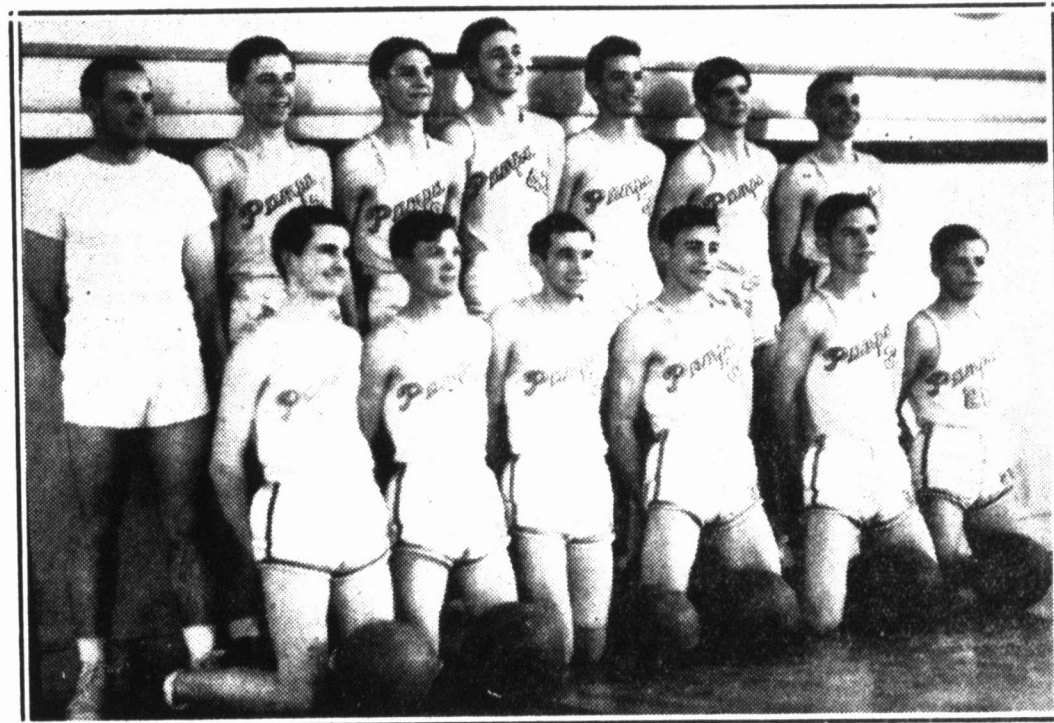

INDIANS COST UNCLE SAM \$100 A PIECE

WASHINGTON, Feb. 25 (AP)—All the Indians in the United States—about 330,000—will cost the federal government a little over \$100 each, or about \$38,707,676, during the 1938-1939 fiscal year.

Appropriation of \$31,707,676 from the general treasury and a distribution of \$1,504,909 of tribal funds was authorized for all the tribesmen by a published report of hearings by a house appropriations subcommittee on the interior department supply bill.

Mud chains, Prestone, winter fronts and defrosters. Motor Inn.

They Have Something To Smile About

The "iron men" of the Harvester basketball team had something to smile about when they posed for this picture in the high school gym. They had just won the district basketball title in the final game with Borger by a 29 to 28 score. This morning Coach Odus Mitchell, standing left, left with the squad for Canyon where the boys will open the regional tournament this afternoon at 2 o'clock against Abernathy. Whether they win or lose this afternoon they will play tonight against Canyon or Carey at 7 or 8:15 o'clock. The squad, left to right, standing: Bobby Andis, forward; Jack Cunningham, center-forward; Norman Cox, center; Tippy Reynolds, star guard; Pete Dunaway, guard; Jim Brown, guard; Junior Foster, guard; Omer Harrel, forward; Captain Claude Heiskell, forward; Glenn Dull, guard; Grover Lee Heiskell, forward.

State Plans Big Road Construction Program

AUSTIN, Feb. 25 (AP)—The highway department today announced a \$2,444,852 program of asphalt surfacing to begin when weather conditions permit.

Projects will be done both by maintenance crews and contractors, depending upon size. Engineers said base work had been laid on all sections in the program but surfacing and resurfacing had been delayed pending warmer weather.

Items, by divisions, included:

Division 1—Highway 154 from Sulphur Springs to the Wood county line; highway 24 from end of city pavement north to city limits of Paris; highway 42 from Fannin county line to Celeste and from Greenville east 31 miles; highway 11 from Sulphur Springs to 5 miles east of Como.

Division 2—highway 2 from 3.3 miles south of Wise-Tarrant county line south 13 miles; highway 7 from Keller to Tarrant-Denton county line.

Division 3—highway 23 from 12.4 miles south of Vernon 17.2 miles south with exception of 12 miles. Division 4—highway 152 from 12 miles east of Pampa to Wheeler county line; highway 9 from Dumas to Sherman county line.

Division 5—highway 24 from Levelland to Lubbock county line including loop; highway 194 from 4.4 miles northwest of Plainview to Swisher county line; highway 7 from Lubbock county line to Garza county line; highway 7 from Lubbock county line to Lamb county line.

Division 6—highway 1 from Ector county line to Wardfield and from Wardfield to Morton county line except through Midland.

Division 7—highway 30 from Tom Green county line south 4.2 miles.

Division 9—highway 22 from Hillsboro to present highway 22.

Division 10—highway 31 from 9.2 miles northeast of Tyler northeast 6.4 miles.

Division 12—highway 124 from Chambers county line to highway 87 at High Island; highway 146 from 2.5 miles north of Galveston county line to south side of San Jacinto bay.

Division 16—highway 9 from 6 miles west of Corpus Christi west 4 miles.

Division 18—highway 197 from Ellis county line north 2 miles.

Division 19—highway 8 in Marshall from 1,279 feet north of T. P. underpass to north city limits; highway 1 from Mount Pleasant to Morris county line; highway 15 from Hallsville to Marshall.

Division 20—highway 87 from 12 miles west of Sabine Pass to Chambers county line.

Division 21—highway 66 from city pavement in Edinburg north 18.2 miles.

WHEAT AID TO FARMERS SET

This year's farm program inaugurates a new method of making payments to cooperating growers. Last year they were paid on the basis of the amount of land they diverted from the major soil-depleting crops, such as cotton, for example. Received 5 cents a pound on the normal production of each acre of land taken from cotton, up to 35 per cent of their base acreage.

This year growers will be paid the subsidy rate on all crops produced on acreages allotted them for each major crop.

Cotton growers who knowingly plant in excess of their acreage allotment will be denied subsidies, providing marketing quotas are invoked. Otherwise, 5 cents a pound would be deducted for their surplus production.

Growers of other crops will be penalized by means of deductions if they plant in excess. For instance, the program as being drafted would penalize wheat growers 96 cents a bushel, rice growers a cent a pound, tobacco growers from 5 to 15 cents a pound and potato growers 30 cents a bushel for that portion of their crop produced on land in excess of their acreage allotments.

BRITAIN NAMES HALIFAX AS FOREIGN SECRETARY

LONDON, Feb. 25 (AP)—Viscount Halifax, hitherto Lord President of the Council and former Viceroy of India, today was formally named foreign secretary in spite of the labor party's sharp protest over the appointment, which would raise a constitutional issue.

Prime Minister Neville Chamberlain announced that Lord Halifax, who was his emissary on a special visit to Reichsfuehrer Hitler last November, would take over the post vacated by Anthony Eden, who declined to follow Chamberlain's foreign policy.

R. A. Butler, former undersecretary for India, was named Parliamentary undersecretary for Foreign Affairs, to represent the Foreign Office in the House of Commons.

Chamberlain, however, will deal with all important matters of foreign policy in Commons, since Lord Halifax, as a peer, can not answer questions in that house.

DELEGATES OF SEVEN COUNTIES AT MEETING

CLARENDON, Feb. 25 (AP)—Delegates were arriving today from seven Panhandle counties for a conference this afternoon of the 88-18 North-South Highway Association.

The association, headed by President Odus Caraway, is sponsoring a proposed new highway from Perryton to Del Rio via Sweetwater. Immediate objectives include passable roads between Clarendon and Turkey and between Perryton and Pampa along the designated north-south route, which would open a passage from the Canadian border to Del Rio.

NAZIS ANGRY OVER PROMISE OF FREEDOM

(By The Associated Press)

Echoes of Chancellor Kurt Schuschnigg's paeon of Austrian freedom lingered in Europe today but its motif of harmony with Germany became a jangling discord in Berlin.

Leading Nazis in Reichsfuehrer Hitler's capital called it a swan song—for us he is finished... history will take its course without him Austria is ours."

But Rome, which had looked askance at the Hitler-Schuschnigg bargain of Berchtesgaden, was "highly pleased" by Schuschnigg's interpretation of the agreement as meaning Austrian independence and Austrian-German peace.

Austrian patriots jubilated joyously after Schuschnigg's address to the nation. Austrian Nazis were angry and there were some scattered demonstrations.

Each element viewed in contrasting light the Schuschnigg declaration.

"We did not make the map. But what we have we are bound and determined to keep. Austria must remain Austria."

London shared Rome's pleasure for Italian support of Austrian independence may give Britain the leverage needed to block further German dominance of central Europe.

London diplomatic sources pointed to Schuschnigg's warm praise of Italy's Premier Mussolini as one who "always tried to avoid any impositions of interference in our internal affairs."

Halifax For Eden.

In that lay a British hope and an apparently developing French desire to play the two big authoritarian states—Italy and Germany—against each other.

It was reliably reported King George was ready to announce appointment of Viscount Halifax as successor to Anthony Eden, Britain's resigned foreign secretary, to carry relations with Italy to a new friendship for Mediterranean security and at the same time deal with Germany's colonial and central European ambitions.

The French chamber of deputies was making Europe's troubles the subject of a two-day debate which may determine if France is to follow Britain's lead toward "realistic" appeasement.

Japan's efforts to clear foreigners out of the central China war zone brought a blunt American answer that Washington had no intention

SC BOARD CONSIDERS OKLAHOMA PROBLEMS

WASHINGTON, Feb. 25 (AP)—The Social Security board took under advisement today the problem of whether to continue federal grants to Oklahoma, whose welfare officials were charged with making "irregular" payments of at least \$885,000 to pensioners.

The hearings ended last night, but board officials said they would keep records open for a week to permit the addition of any desired testimony.

The state officials did not deny testimony of board investigators that pension checks had gone to dead men and to many who were not qualified to receive them.

Oklahoma, they said, was crowded with deserving aged because years ago it was settled by many persons who had no resources. They added that reasons for mishandling of the program might include business troubles, drought, pressure from state legislators limited office funds, misunderstanding of the federal act, and "growing pains" in general.

ROMANI CONFIDENT OF MAKING MILE IN 4:03

NEW YORK, Feb. 25 (AP)—While track theorists fondly dream of a four-minute mile, Archie San Romani, former Kansan, today was confident the outdoor mile record will be set at 4:03 or thereabouts this summer.

San Romani, who will defend his indoor national A. U. 1,500-meter title in Madison Square Garden tomorrow night, doesn't expect to lower the present listed world record of 4:06.8 himself. He's counting on another former Kansan, Glenn Cunningham, who set those standards, to do that.

Cunningham, also entered in tomorrow night's race, long has been San Romani's idol. The two are fellow-graduate students at New York university.

MORGAN FUNERAL WILL BE HELD ON SATURDAY

The body of Mrs. Maude Morgan, who died in Ryan, Okla., Tuesday is being brought to Pampa and will be interred in Fairview cemetery at 2 o'clock tomorrow afternoon.

MOVIE WILL DESCRIBE OMAHA PRIEST'S WORK

HOLLYWOOD, Feb. 25 (AP)—Father E. J. Flanagan who founded a unique boys town in Nebraska 26 years ago discovered this week how a movie will tell the world of his life's work.

Market Briefs

WOOL MARKET BOSTON, Feb. 25 (AP)—The Commercial Bulletin will say tomorrow: "The downward trend of wool values has been halted by the belief that the government, through the Commodity Credit Corporation, is to make substantial loans to the wool producers on both the 1937 and 1938 wools.

Backs Duce

Given major credit in London for bringing Italy and Great Britain near a truce was Lady Ivy Chamberlain, above, sister-in-law of the British prime minister and widow of the late Sir Austen Chamberlain.

Mainly About People

HEARST RANCH PLANE CRASH TAKES 2 LIVES

SAN LUIS OBISPO, Calif., Feb. 25 (AP)—Doctors strove today to save the life of James Lawrence, son of an English nobleman and only survivor of an airplane crash on the William Randolph Hearst ranch that killed Lord Terence Conyngham Plunket of London, his wife and their pilot.

Lawrence's body covered with burns and his ankle fractured, lay in San Luis Obispo sanitarium, where he was removed late yesterday from the accident scene, 40 miles north of here. Dr. James Marshall said he expected Lawrence to recover.

The bodies of Lord and Lady Plunket and pilot T. J. Phillips, former Monterey policeman, were brought to a mortuary here (Palmer) pending an inquest by Coroner C. W. Palmer.

Seeking to land his titled passengers and their traveling companion on a fog-shrouded airport at the ranch, Phillips overshoot the field, one wing struck the ground and the plane crashed in flames.

The group had left Los Angeles at 2 p. m. for San Simeon where the Plunkets and Lawrence were to be guests of Hearst. The plane (Vuitte) was owned by the publisher's San Francisco and Los Angeles newspapers. Phillips, who gave up his police work two years ago, was the plane's regular pilot.

Cathedral's Ghostly Twin

The castle in the sky that frequently has mystified Durham, N. C., on foggy nights is explained by this unusual picture as nothing more eerie than the shadow cast on lowering clouds

by the brightly illuminated cathedral chapel tower on the Duke University campus. Richard Davis, a senior, was the lucky cameraman to record the phenomenon.

GERMAN NAZIS OUT TO 'GET' SCHUSCHNIGG

BERLIN, Feb. 25 (AP)—Austria's Chancellor Schuschnigg had the opportunity to rally to Hitler, he failed to seize it and therefore must go into the discard—this is the reaction of a number of leading Nazis in Berlin.

Their concern is because Schuschnigg did not praise Germany's Hitler in his speech to the Austrian parliament, broadcast in Germany. Schuschnigg stressed Austria's determination to retain her sovereignty, as against the German idea of union of German-speaking nations.

Prominent Nazis in a series of midnight interviews prefaced their remarks by emphasizing they were not speaking for Fuehrer Hitler, but held that their viewpoint was that of Nazis generally.

"Why did Schuschnigg not find the same generous words for Hitler as our Fuehrer found Sunday for the Austrian chancellor?" the Nazis asked. "Why did he read the riot act so aggressively to our Austrian Nazi comrades?"

"Why open up old wounds? Schuschnigg missed his big chance.

For us he is finished. History will take its course without him.

"We got the police and the ministry of the interior as well as large sections of the army. Austria is ours."

"The Austrian interior minister Seys-Inquart is pro-German and friendly with the Nazis."

His "Swan Song" "It is too bad that Schuschnigg must end this. We already had a central office established in Berlin to cope with the problem of unemployment in Austria, to take over into Germany a number of Austrian unemployed, and to help solve Austria's economic problems."

"All this will come—but without Schuschnigg. Tonight's address was his swan song. Hitler was willing to give him a real chance, but he missed it."

Omitting mention of Hitler by name, Schuschnigg gave warm praise to Italian Premier Mussolini as one who had "always tried to avoid any impressions of interference in our internal affairs."

Hitler, in Munich last night for celebration of Nazidom's 18th birthday, listened to Schuschnigg's broadcast speech before going himself to the famous Hofbrauhaus to restate Germany's demand for return of war lost colonies.

Speaking in the hall where he had announced creation of the Nazi party, Hitler proclaimed a new drive against "Jewish agitators in Germany," and said the nation would accept no substitute for her colonies.

S. A. OFFICIALS TO VISIT PAMPA SUNDAY

Adj. Ernest Pickering, (above), director of Salvation Army work among young people for Texas, will accompany Maj. William G. Gilks, the Army's divisional commander in Texas, to Pampa this weekend on a semi-annual inspection of the program being carried out by the local

the Berchtesgaden peace and another 10,000 were ready to march into Czechoslovakia, where reside 3,500,000 Germans.

post under command of Capt. Herman Lambrecht.

Major Gilks and Adjutant Pickering will be in the city Sunday and Monday when the divisional commander will also conduct religious services here.

Throughout the world during 1938 efforts of the Salvation Army are being directed towards interesting young people in the cause of Christianity, and it is in this connection that Adjutant Pickering is coming to Pampa at this time. Capt. Lambrecht stated today.

The adjutant will make a special appeal to the young people of Pampa in services to be conducted during his stay here at the Salvation Army hall on the South Side.

BULLITT SUGGESTED AS PENNSYLVANIA CHIEF

PHILADELPHIA, Feb. 25 (AP)—The Record said today that President Franklin D. Roosevelt had suggested William C. Bullitt, of Philadelphia, United States Ambassador to France, as a substitute choice for Governor to restore party harmony among Pennsylvania Democrats.

The President, the newspaper said, suggested Bullitt at a White House conference today. The conference was called in an effort to end the party split which developed after the tentative slating last week of Charles Alvin Jones, of Pittsburgh, for Governor.

The Record added, however, that the Philadelphia Democratic organization balked at the choice of Bullitt at a meeting last night in Harris-

SEMINOLE CHIEF TO ANSWER FOR SLAYING

MIAMI, Fla., Feb. 25 (AP)—An execution carried out under Seminole law that was old when Columbus discovered the new world brought a grizzled chief into the white man's courts today to answer for the slaying, while his fellow braves acclaimed his deed.

In the flickering firelight of the pirate's cove Indian village the chief puffed on their pipes and agreed that the shooting of John Billy, 30, by Chief John Osceola, 78-year-old leader, was justified by the Seminole code.

There was some question whether the proud chieftain would be prosecuted.

He was released in care of his attorney after being booked at police headquarters and returned to his camp for the pow-wow.

State investigator Stuart K. Smith said Chief Osceola described John Billy, a member of the tribe, as "heavily armed."

Officers said Osceola apparently had been delegated to carry out the execution under tribal law. They said the old chief, partly crippled, yesterday was driven by his son in a truck to the nearby village where John Billy lived. They said Billy was called outside his house and killed by Osceola with one blast from a shotgun.

RATE INCREASES FOR COMMODITIES ORDERED

AUSTIN, Feb. 25 (AP)—The railroad commission today authorized rate increases, effective March 7 for certain commodities but denied others asked by railroads at hearings here and Dallas last month.

C. V. Terrell, chairman, said the following increases were allowed: Gasoline, one cent per 100 pounds. Sewer pipe and pipe fittings, two cents.

Salt, two cents. Iron and steel articles, one cent. Crude gypsum, one cent. Rough stone, 10 per cent not to exceed 20 cents per ton.

Silica sand, 20 cents per ton. Increases denied included: Packing house products and fresh meats moving at standard rates; cottonseed cake, meal, hulls, oil, foots, linters, and other vegetable cake, meal, and oil; rock asphalt; roasted coffee; from Houston, Galveston, and Texas City to Dallas, Fort Worth, Waco, and San Antonio; window glass from Wichita Falls to various points; fruit and vegetable wrappers from Harlingen and Weslaco to various points.

Mrs. Tomlin Given Party on Birthday

SKELLYTOWN, Feb. 25—Mrs. Stella Tomlin was honored with a birthday party Tuesday evening, by her sister-in-law, Mrs. Pat Norris and Mrs. D. Bowsher, at the former's home in the Skelly camp. Pitch and bridge were enjoyed, with Mrs. D. Bowsher winning high award in the bridge game and Mrs. W. W. Hughes low. High score in the pitch games went to D. Bowsher, consolation to W. W. Hughes and floating to Mrs. Arthur Johnson.

The honoree was presented with several useful gifts, which she opened and passed for inspection along with the handkerchiefs she had received from Misses Billie Campbell, Frances Harmer, Mary Elta Bean, Oriana Bandy and Margaret Harvey, teachers in school here. A gift was sent by Mr. and Mrs. M. L. Roberts who were unable to attend.

Refreshments of sandwiches and punch were served by Messrs. Agnes Bowsher, May Belle Tomlin and Dorothy Bowsher to the following: the honoree and Messrs and Misses Arthur Johnson, D. Bowsher, W. W. Hughes, Pat Norris, J. A. Roberts, Walter Lewis, Leta Mae, Barbara Jean and Billy Hughes, Wayne and Glynn Tomlin.

Girls Given The Slip By Famous Midas Desert Rat

LOS ANGELES, Feb. 25 (AP)—Thirty-five debutantes of California pioneer families caught and quizzed the famous Midas desert rat. Death Valley Scotty.

They placed the 62-year-old, blue-eyed mystery man on the witness stand, an overstuffed easy chair. Spreading themselves in a circle on the floor around him, they bent their eager, youthful energies to ferret out secrets which have mystified the world years before these girls were born.

They perform an intellectual dissection each week on some notable visitor in the southland.

The secretive burro man, who says he has spent \$8,000,000 since he won the Tonopah gold rush, and built a \$2,381,000 castle in Death Valley, beamed and told stories of fascinating adventures.

"Where is your gold mine?" quizzed one of the girls.

"On a bluff in the desert," the cagey prospector replied.

"Why did you build the castle?" "Wal, I knew Bill Rogers 40 years, long ago, when he was a cowboy. One time up in the castle he asked that question. 'I'll tell you, Bill,' I sez. 'When you die they'll be asking people to contribute for a monument. But, Bill, this is mine, the castle. This monument oughta last a thousand years.'"

Castle Just 'Thar.' "What do you do in the castle? Don't you get thrills all the time about it?"

"Wal, Pal, you ain't married are yuh? But you will be getting underway some day and spend a couple of years working hard to catch the feller. Then, after you're hitched, some day you'll wake up and look at him that asleep and ask yourself, 'why did I work like a mule for this? That's the way with me and the castle. It's there and I just don't pay much attention to it.'"

The girls served tea.

"Why do you do the sensational things you do?" asked Miss Joins Alderman.

"Why do you kiss the feller you like?"

Scotty always has the trigger-quick mental drop on anyone he is with. Before she realized it, Miss Alderman replied:

"Because I like to—oh, my, I'm always making breaks!"

"You got it, that's it," Scotty said consolingly.

WHAT CONGRESS IS DOING

(By The Associated Press) Today: Appropriations—Senate debate independent offices bill; house considers interior department funds. Naval—Admiral Arthur B. Cook testified on need for proposed 1,000 additional airplanes. War profits—House Military committee debates new bill. Wage-hour—House Labor committee resumes study of new legislation. Rails—Senate committee holds hearing on long-and-short-haul bill. Yesterday: Senate restored \$385,000 committee reduction in lobar bond funds. House heard miscellaneous speeches.

WOODROW WILSON NEXT SCHOOL FOR TB TESTS

Students of Woodrow Wilson school will be the next in Gray county to take the tuberculin tests, which are sponsored by the Gray County Tuberculosis association.

Pupils of Horace Mann and of Pampa high school are scheduled to take the tests Wednesday, following the tests at Woodrow Wilson on Tuesday.

There will be 400 pupils for the test at Woodrow Wilson, 400 at Horace Mann, and 300 at the high school.

An independent Democratic newspaper, publishing the news fairly and impartially at all times and supporting in its editorial columns the principles which it believes to be right and opposing those questions which it believes to be wrong, regardless of party politics.

TODAY'S SERMONETTE Humbleness has ever been characteristic of the Christian; not self-assertive, willing to listen and to follow the teaching of those capable of directing. And thus it was when Jesus was asked "Who is the greatest in the kingdom of heaven?" He called a little child to Him and said, "Verily, I say unto you unless ye be converted and become as little children, ye shall not enter into the kingdom of heaven."—Chivers.

PRECOCIOUS CHILD New York reporters were flabbergasted when three-year-old Jean Demers of Nova Scotia started exhibiting her information. "They call me the walking book of knowledge," she said; "just ask me anything you like." So they did. And according to the newspaper account: "She knew all the answers. Boredly, as the impatient for something really hard, she replied that Par Paramaribo is the capital of Dutch Guiana, that Lake Michigan is the fifth largest lake in the world, with an area of 22,460 square miles; that the buffer state between Russia and China is Mongolia; and that the Suez Canal was opened in 1869 and built by a French engineer named Ferdinand de Lesseps. She knew that Woodrow Wilson drew up the Nine-power treaty, that the United States bought Alaska from Russia in 1867 for \$7,200,000 that the Yangtze river is the longest river in China," and so on and on.

Jean doesn't read yet, but gets her information from the radio, random conversation and the newspapers, which her parents read aloud. Apparently everything soaks into that little mind and nothing is forgotten. And is little Jean therefore a genius, of the order of Sir Isaac Newton or Shakespeare or Mozart? Probably not. Wonder-children with photographic memories appear occasionally, with local or widespread fame, and in a few years lose their strange gift and revert to normal, like those strange "nova" stars that flame into amazing brilliancy for a little while and then disappear.

TOPSY-TURVY It makes an ordinary citizen dizzy to read statements made by G. Wilhelm Kunze of New York, an American Nazi propagandist, on a recent tour in other cities. The present German government, he says "has taken the politics out of millions of atheistic kids and put religion back in." In our simplicity we have been thinking it was the other way. "We are against atheism," he adds, "and for religious freedom and the codes of morals under which you and I were educated." If so, why support an alien system that harks back to ancient paganism, subjects large groups of Germans to religious persecution and writes a new code of morals?

He and his supporters, Kunze says, are "opposed to all subversive inter-national movements and any political party which places anything above the nation." Then why help foreign Nazism to get a foothold here? "A small group controlling press, radio, schools and finances," he adds, "could do great harm to the mental processes of the people." Precisely so. But if our American Nazis believe this, and don't want to see any such harm done here, why don't they disband?

BRIGHT SPOT Contrary to the natural assumption that children of the country's poorer classes went through terrible privation during the depression, Dr. Albert Graeme Mitchell declares that children in the United States are better off physically because of the lean years. Dr. Mitchell is head of the Children's Research Foundation of Cincinnati, and explains this seeming paradox as follows: "Poor children have had much better care during the last few years than at any other time during their lives. The spotlight has been focused upon their condition and society as a whole has come to their aid, bettering their circumstances more than their parents would ever have been able to do unaided."

Federal, state and local relief agencies, continued Dr. Mitchell, one of the country's leading experts on child disease, is assuring the nation of a harder race.

Yesteryear In Pampa TEN YEARS AGO TODAY Despite the steadily falling snow and counter attractions, about 60 men gathered and discussed steps to move the county seat to Pampa. Panhandle production continued to decrease due to weather conditions of the past weeks.

FIVE YEARS AGO TODAY Gray county commissioners voted unanimously to call an election to cancel \$750,000 worth of unsold countywide bonds. Two hundred thirty-five men and 19 women were paid \$1,059.35 by the federal relief committee for a week's work.

Tex's Topics

Mothers-in-law can go around, now, with their noses high in the air. After all, it took them to drum up enough interest to get the First Lady of the land to venture into the Panhandle of Texas. Of course, you are familiar with the fact that Mrs. Roosevelt will be in Amarillo on March 9, the date of the Pampa suburb's Mother-in-Law celebration. Incidentally, Pampa is backing this movement and will be officially represented in the big parade there that day. First stop in Texas to be made by the President's wife will be in Wichita Falls on March 7.

I have just been reading a sequel to a story which I "covered" seven years ago as a reporter in the east. In 1932 in an Ohio city there happened what became known far and wide as the "Magic Shop Murder." An eccentric, reported to have been at one time a powerful and influential Chicagoan, a member of the Board of Trade, was shot to death in his "Magic Shop" where he manufactured and sold legerdemain to magicians all over the world. Subsequently, four prominent young men of the town were arrested and confessed to the slaying. Each of them now is serving a life term in the Ohio penitentiary. I recall that at the time the story had all the elements to outdo even the most imaginative tale of fiction.

This sequel I just mentioned, came only this past week when the wife of one of the young slayers was mysteriously murdered in her home in that same Ohio city. She was the mother of four splendid children. There was a good family, well-to-do—but the father's crime spent its evil on the family, on the innocent children. As if the disgrace of their father were not enough to handicap them in life, now they are left fatherless and motherless by this new tragedy.

The father, who came home under guard from the prison to attend his wife's funeral last Monday, spent all the time in silence, caressing his children. Newspaper accounts of his visit back to his home town stated that he never took his eyes off of them. He loves them. What must be going on in his town mind? At the funeral's end he was bundled off to prison again, there to spend the remainder of his days, punished by the knowledge that four children who need him now as never before, are alone in the world—their father in prison for life, their mother put into a grave at the hands of an unknown slayer.

It is difficult to conceive of any greater tragedy than that faced by these four children, the oldest of whom is now 12. The mother, dragged down by her husband's crime, went from a life of comfort to one of drudgery to care for her little family. Unaccustomed to it, she took in washings and became a charwoman to keep her children together. She did a splendid job of it, until a killer came upon the scene and took her life, brutally. One suspects this father—now only 31, must be living in a thousand hells for the ruin he has brought upon his once happy family. The slip he made when he went murder and robbery bound that night seven years ago, was the first in his life. He did it, the testimony showed, in an hour of stupidity under the influence of liquor and persuasion by ill-advising acquaintances. It all goes to show what the wrong kind of environment and companions can do to you and to yours.

Sharing the Comforts Of Life ... By R. C. Hoiles TWO DEPRESSING DAYS We have just spent two most depressing days. The first day, we had the opportunity of sitting in on a discussion with a nationally, in fact internationally, known economist. He wrote a book six months ago called "America's Greatest Business Depression" and he forecasts of this book have been so far literally carried out. He now says that he is even more convinced of the truth of the statements in the book than he was when he wrote it six months ago.

His reasoning was that people would not change their course until they were flat on their backs and had exhausted every possible means of living without the necessity of toil and competition. He was of the opinion that people were beginning to see the impracticability of the theories advocated by both the Democratic and Republican parties for the last decade.

The following day, we played golf with three other senior golfers in Los Angeles. These men, who had been practical in their individual lines and of whom one might expect a better understanding of fundamentals than the hit-and-run politician and educator and those people without practical experience in business, were all confused on fundamental economic problems.

One of these men believed that profits should be limited; another believed that taxes should be levied on income; another believed that you can take from one and give to another and increase the general welfare. These are the doctrines which the Republican and Democrat sycophant have been using to make a soft living for themselves for the last quarter of a century.

The discouraging part about the whole matter is that even these men, with better opportunity for efficient reasoning and understanding than the great mass of people, as yet do not understand the cause of the worst depression in our history.

So, until they do understand, we will have artificial stimulants; but prosperity and real progress is impossible until we have learned the fundamental lesson that everything that is ever paid to anybody must finally come out of production.

'So You Want to Play Ball With Us--Eh, Chum?'

Man About Manhattan —BY GEORGE TUCKER NEW YORK—Here's a tintype of an informal rehearsal of a play in New York. The Group theater is getting ready to present "Casey Jones," and Charles Bickford is the star. With him are Peggy Conklin, who plays Portunotto, his daughter; Van Hefflin, Jed, his pal; Charles J. Dingle, Collins, a yard superintendent and perhaps a dozen others.

It is about 4 p. m. and the rehearsal is held on the stage of the Belasco. Elia Kazan, the director, comes in and yells: "Everybody on stage, please." Bickford, who plays the title role, comes in wearing a turndown felt hat, a light blue shirt, a trim double-breasted coat with trousers of a slightly lighter shade. He flops down at a table, lights a cigarette, sinks his chin in his hand.

Peggy sits on a red sweater and a blue skirt. She is chewing gum and conversing in an undertone with her dog, a Scottie, who strolls here and there about the stage. Van Hefflin takes time out to balance a pool cue on his chin. There is a pool game scene in the play and he likes the feel of that cue. Kazan, whom everybody calls "Kaz," speaks up: "If you handle all your cues as you do that one we'll have a hit."

Kazan is a meticulous director and doesn't hesitate to get to the bottom of things. He has a stack of notes a foot high which he has made while watching countless rehearsals and he goes over each flap, each change, with every one individually. Suddenly he jumps up: "I think we're handling Casey a little too much," he says. "And that's wrong. You can't be too palsy-walsy with Casey. You can jolly with him only when he lets you. You've got to be more in awe of him—hang on his words. You're actually embarrassed by his presence."

Bickford: "Kaz, what about that scene where I kiss her. I'm thoroughly ill at ease." Kazan: "Well, stop tonight and figure it out. She's crying and you're practically unnerved. Suddenly you shout: 'Well, if you're gonna act that way I don't know what to do with you—goodby.' See? Throw it right at 'em." Bickford nods. "Okay, Kaz."

Kazan then painstakingly goes over each speech, each scene with each person in the cast. He listens patiently to any suggestions. He knows exactly what he wants to bring out. Plot. It's about old Casey, the famous engineer, at the end of his career. After watching those rolls whizz by his eyes have become bad. They want to put him to hauling freights, take him off a fast express. But Casey doesn't want that. Yet he is faithful to the road. He finally decides to retire on a pension rather than lapse into the role of a "has-been."

Note: One of the scenes will be the interior of the cab of a great locomotive. It'll be authentic down to the strap attached to the whistle, which "breaks" into a scream whenever you touch it. And I have a hunch that Casey touches it. This is the first time a train has been on the stage of a New York theater since "20th Century Limited" four years ago. I want to be there when she starts rolling.

People You Know —BY ARCHER FULLINGEM In Tulsa this week died J. W. Sloan who was known in every oil town of the great mid-continent oil field. Only ten days ago he visited in Pampa, as he had gone regularly since oil was discovered near here. He was the founder and president of the Oklahoma Iron works and International Supply company. He began his career in the oil industry in the Pennsylvania oil fields, and came to the southwest when oil was discovered. He had visited in all the oil fields of the southwest and he knew hundreds of drillers and drilling contractors by their first names. The funeral was held yesterday in Tulsa. Those from Pampa who attended were H. P. Lusby and W. L. Roundtree. The pioneers in the oil industry are thinning, and their departure is sincerely mourned because in most instances they had that magnanimity, generosity, hospitality and great capacity for friendship that characterized the pioneers of the Old West. The oil business was the game they played, and friendship was their profession—as a rule a man once he became their friend stayed their friend. And all these things can be said of the late J. W. Sloan whose passing is mourned by many old-time friends here.

How's Your Health? —BY IAGO GALDSTON, M.D. The 1937 winner of the Nobel prize for medicine, Dr. Szent-Gyorgyi recently said that by no other means will so much human suffering be banished as by the correct understanding and employment of vitamins. There are two important phases to the vitamin matter—curative and preventive. The curative phase is the more dramatic. The neuritis (nerve inflammation) associated with certain cases of pregnancy, with chronic alcoholism, diabetes and beri-beri, is at times almost miraculously cured by giving the sufferer the crystalline form of vitamin B. No less remarkable are the curative effects of vitamin C on scurvy, vitamin D on rickets, and vitamin A on night blindness. Medicine cannot and will not neglect the call of the sufferer for help, relief and cure. But medicine is increasingly more interested in preventing disease, and it is in this field of prevention that the correct understanding and employment of vitamins gives the most promise. The curative use of vitamins naturally will be restricted to the physician. The preventive "understanding" and employment of vitamins must largely be up to the public. Does this imply that everyone will need to be trained and educated in the intricacies of the vitamin subject? Hardly. No more is required than that everyone should be duly impressed with the importance of an adequate diet and should apply to his dietetic practices the simple principles even now widely available. The lay person does not take only of foods, vitamins being an integral part thereof. But the lay person must be wise in his choice and combination of foods. Even this wisdom is not hard to get. Milk and foods eggs, the citrus fruits, tomatoes, green and yellow vegetables, whole-grain cereals, meats, fish and fish oils (cod liver, halibut, etc.) are the foods which go to make up an adequate diet. This matter is simple, yet it is astonishing how very many persons subsist on an inadequate diet. Few of these persons appear to be sick, yet the so-called minor disturbances and ailments are wide-spread, and many are the result of bad nutrition. FIVE CHEERS PERSHING, TUCSON, AZ. Feb. 25.—President Roosevelt telegraphed encouragement to Gen. John J. Pershing yesterday, it was disclosed today. The cheering message was read to the World War chief last night before he lapsed into unconsciousness. Contents of the telegram were not made public.

Behind the Scenes In Washington

By RODNEY DUTCHER, Pampa Daily News Washington Correspondent.

WASHINGTON, Feb. 25.—The RFC now has \$1,500,000,000 to lend, but would-be borrowers may have to cross a picket line to get it. Representatives of members of a tunnelers' union on strike at the San Jacinto Tunnel in California promise to picket Chairman Jesse Jones if he doesn't heed their plea that he bring pressure to make the Metropolitan Water District of Southern California recognize collective bargaining principles.

The district has received \$150,000,000 in funds for the Colorado River Aqueduct and has spent about \$50,000 for deputy sheriffs and guns, tear gas and other materials with which to equip these union-breaking guards," according to 14 California congressmen who have asked Jones whether this is government money which is being used to further anti-labor policies such as the administration of the Metropolitan Water District's board of directors, has introduced a bill which would require all recipients of federal loans, grants or contracts to obey the National Labor Relations Act.

Code cables to the State Department reveal that Chancellor Schuschnigg of Austria returned to Vienna in a state of nervous collapse after his session with Hitler in which the Fuehrer forced him to agree to Nazi domination of his country. The Austrian chancellor, in one private conversation, is reported to have referred to Hitler as "a madman—a madman with a mission."

Curiously enough, most of the really bitter criticism of southern senators participating in the anti-lynching bill filibuster has come from the south. Northern senators and newspapers have been relatively mild in comment. "The southern senators are making such spectacles of themselves that the disgust over their antics is almost insupportable," reported the Richmond Times-Dispatch.

"Other measures are being ditched while certain southern senators conduct themselves like asses braying at the moon," said the Montgomery (Ala.) Advertiser. The anti-lynching bill is still in progress, with Senator Bilbo and others making jackasses out of themselves," commented the Athenian of Athens, Tenn.

"The burden of his (Senator Eiler's) argument seems to be that the passage of the anti-lynching bill will at once bring on wholesale legalized miscegenation in Dixie—to which we are moved immediately to retort 'Nazi!'" protested the Charlotte (N. C.) News. By no means all southern criticisms of the filibuster signified approval of the bill.

Northern Republicans insisted to the last on dooming the bill. Minority Leader Charles L. McNary, voting against a cloture motion which would have forced a vote with the assertion that he was supporting "free speech," was revealed to have voted for cloture on nine previous occasions.

Club Meets With Mrs. E. H. Tooley LAKE TON, Feb. 25.—The Laketon Get-Together club was entertained in the home of Mrs. E. H. Tooley Wednesday afternoon. Some contest games were enjoyed after which members made blocks for a quilt.

Refreshments of Riz sandwiches, cake, and fruit beverage were served to Mrs. Jay Evans, Mrs. Ray Jones, Mrs. Floyd McLaughlin, Mrs. Sam Arnett, Mrs. Ware and daughter, Mrs. Tooley and daughter. The next meeting of the club will be March 9, in the home of Mrs. Ware.

Side Glances

By George Clark

Cranium Crackers

Prof. Hubert Aldington took the dusty, stained manuscript from its case, glanced at it, and looked up at the president of the museum.

"You see," said the president, "if this manuscript is authentic, we have made a rare find—evidence that a European explorer visited America fully 25 years before Columbus. You can have all the help you need in making your examination—scientific tests of the age of the parchment, microscopic examination of the ink, tests of the wooden case, all that sort of thing. We don't care how long it takes or how much it costs; we simply want you to tell us, definitely and finally, whether the manuscript is genuine or a forgery."

Prof. Aldington looked at the yellowed scroll of parchment. It purported to be a journal kept by a Genoese explorer in the year 1467, telling of a trip to America and a landing on the coast of what is now Florida. Manuscript, faded ink, 15th-century Italian script—all looked legitimate enough. He translated a paragraph at random.

"We went ashore at dawn and waited for the natives to appear. Toward noon they came—a dozen warriors, mounted on fiery horses. They wore buckskin leggings, had feathers in their topknots, and had evilly-painted faces. They were armed with bows and arrows and stone hatchets."

The professor laid the manuscript down. "You need go no farther," he said. "This manuscript is a fake."

HOW DID PROF. ALDINGTON KNOW THAT THE MANUSCRIPT WAS NOT GENUINE? (Solution on classified page.)

So They Say

Sentiment for prohibition is stronger now than ever before. —E. E. BLAKE, chairman of the Prohibition party, in a speech at Dallas, Texas, which was attended by five persons. Man is no longer a personality but a civil war. There is always a conflict within him, between his animal heritage and his spiritual heritage. —DR. WILLIAM A. EDDY, president of Hobart and William Smith College. Rugged individualism, Socialism, Communism and Fascism, all violate the basic rights of man and cannot be looked to as the solution to economic disorders. —REV. JOSEPH P. KIEFER, of St. Louis, Mo. Business men themselves are responsible for the fact the country does not implicitly trust, or even like, business. —ALEXANDER THOMPSON Sr., of the Federal Reserve Bank of Cincinnati.

Dinner and Dance Entertain Group

Mmes. Art Swanson, John Sturgeon, and Bert Curry were hostesses to the 80 Country club members and guests who attended the regular monthly dinner and dance at the club last evening.

The Social CALENDAR

SATURDAY
Tribble Club will have a program at 2:30 o'clock in the city club rooms with Miss J. W. Garret, Harry Boshen, Harry Lyman, and J. C. McWilliams as hostesses.

Editor-in-Chief of N. Y. Times Will Speak at Baylor

WACO, Feb. 25 (AP)—Dr. John H. Finley, editor-in-chief of The New York Times, will be the principal speaker at the eleventh annual session of the Southwestern Journalism Congress at Baylor university March 25 and 26. It is announced by Prof. Frank E. Burkhalter of Baylor, president of the body.

The congress was organized in 1926 by Dr. C. D. Johnson, then chairman of Baylor's journalism department and now dean of Blue Mountain college, Blue Mountain, Miss., who will be one of the guests of honor this year. Other out-of-state speakers are Dr. E. N. Dean, chairman of the school of journalism at the University of Kansas, and president of the American Association of Teachers of Journalism, and Dr. H. C. Moore, editor-in-chief of publications of the Southern Baptist Sunday School board, Nashville, Tenn.

In addition, several prominent newspaper men and women of Texas and teachers of journalism at member schools are being booked the president said.

Mission Study Book Taught at Meeting of Three Circles

The Faithful Workers, Dorcas, and Bethany circles of the First Baptist church met this week for a study of the book, "Fruits of the Years" by Wharton.

After a brief business session, Mrs. Ernest Fletcher taught the mission study book for the Faithful Workers' group.

Sunshine Club Has Recreation Party

SKELLYTOWN, Feb. 25—Members of the Sunshine Home Demonstration club entertained with a recreation party at the school auditorium recently.

A Valentine motif was used in decorations and refreshments. Games were played under the direction of Don Ayers, to the music of a violin, harmonica and piano by Mr. and Mrs. Dowling, of Panhandle and J. V. Chastka of Pampa.

Refreshments of sandwiches, heart shaped cakes and coffee were served from a prettily appointed table in a Valentine motif, presided over by Mrs. Don Ayers, to the following Messrs. and Mmes. Bender, Dowling and T. B. Harris of Panhandle, J. V. Chastka, and daughters, Misses Lois and Ruth Marie Chastka, of Pampa. Members and guests of Skellytown were: Messrs. and Mmes. Arthur Johnson, Roy Lee, D. W. Harsha, G. A. Smith, L. E. Fulton, Pat Norris, Bill Adams, Lonnie Feigenspa, John Nichols, Arvil Williams, Don Ayers, W. W. Hughes, Mmes. Aaron Edwards, E. Crawford, E. R. Hawkings, Jasper McBride and George Hawkins.

"For years I've eaten QUAKER OATS"

says the "BIG TEN" Commissioner of Athletics, JOHN L. GRIFFITH, great American athletic authority, President of the National Collegiate Athletic Association

Alert mothers everywhere give children this warm, tasty breakfast because it has the extra value of Nature's Vitamin B1. Doctor's say you and the youngsters should have this precious vitamin every day to combat nervousness, constipation and poor digestion. Yet this wonderfully wholesome breakfast costs only 1/2 cent per serving. There's no other oatmeal like it! Today many grocers offer Quaker Oats at a special price for 2 packages.

BRACES UP NERVES & DIGESTION

MIND your MANNERS

Test your knowledge of correct social usage by answering the following questions, then checking against the authoritative answers below:
1. How should a woman introduce her daughter-in-law to another woman?
2. How might a woman introduce her husband's unmarried sister?
3. How might a woman introduce her mother-in-law to another woman?
4. Should one introduce a person as "my friend"?
5. Which of the two introductions, "Mr. Jones, meet Mr. Smith" or "Mr. Smith, I'd like you to meet Mr. Jones," is correct?
What would you do if—
You are a woman introducing your father-in-law—
(a) "This is Mr. Jones?"
(b) "This is my father-in-law?"
(c) "This is Burt's father?"

Gooseberry Fool (Serves 4 to 6)

One quart quick-frozen fresh gooseberries, 1 3/4 cups sugar, 1 cup whipped cream.

Thaw gooseberries in package. They will defrost at room temperature in from 3 to 6 hours. Moisten the sugar with very little water. Place in saucepan with the gooseberries. Simmer over very low fire for about 15 minutes. Keep mashing the berries as they simmer. Then press juice and pulp through fine sieve and chill. To the chilled gooseberry mixture, add the unflavored soft custard. Mix well but gently. Chill, then pour into glass bowl. Whip cream slightly and serve on top.

Stuffed Fresh Figs (Serves 4 to 6)

Eight quick-frozen figs, 1-4 cup coarsely chopped walnuts, 1-2 packages cream cheese, enough cream to soften.

Thaw figs. Cut down with sharp knife to form 4 petals. Mash cheese, smooth with cream and add chopped nuts. Have the consistency smooth and moist. Place a little in center of each fig. Chill and serve on a tray covered with green leaves.

Fresh Raspberry and Peach Compote (Serves 4 to 6)

One pint quick-frozen raspberries, 1 pint quick-frozen sliced peaches, 1-4 cup sugar, 3 tablespoons liqueur (maraschino, curacao or kirsch).

Thaw raspberries. Thaw peaches. Add sugar to peaches and place in freezing tray of automatic refrigerator or in jar packed in ice for 12 minutes. Then add the cold raspberries. Mix very gently. Pour liqueur over the fruit and serve.

Three Guests of Honor Complimented At Social Event

Complimenting R. C. Murray on his birthday and his mother, Mrs. John Murray, and sister, Mrs. F. A. Thompson of St. Petersburg, Pennsylvania, Mrs. R. C. Murray entertained with three tables of Five Hundred at the home of Mrs. C. H. Cannon last week.

Prize for high score for ladies went to Mrs. G. F. Morris and for men to F. A. Thompson while consolation prize went to Mrs. C. H. Cannon. At a late hour the many useful gifts were inspected and the hosts served a dainty lunch.

Those attending were Messrs. and Mmes. T. C. Coffey, G. F. Morris, Hugh Ellsworth, and Messrs. F. A. Thompson, C. H. Cannon, the guests of honor, and the hostess.

Party Entertains Members-Guests Of Bell H. D. Club

An enjoyable party was sponsored by the Bell Home Demonstration club in the home of Mr. and Mrs. Jess Morris last week.

Progressive 42 was played until a late hour in which the prize for high score was won by Mrs. Joe Branch and low by Melvin Whitcomb.

Refreshments of cherry pie and coffee were served to the members and guests, Messrs. and Mmes. Hubert Keahey, Melvin Whitcomb; Mrs. Joe Branch and children; Misses Geraldine and Dorothy Skittinski, Mary Frances Branch; Messrs. Vern Wyatt, Hugh Branch, Walker, Jack and J. C. Morris.

Presbyterians Have Monthly Entertainment

At the regular monthly dinner of the Men's Brotherhood of the First Presbyterian church which was given Wednesday evening in the church dining room, the Brotherhood decided to sponsor cub scouting.

Fred Roberts and George Briggs spoke on cubbing and a committee, composed of Odus Mitchell, William Dixon, George Friaul, L. L. McCole, and E. C. Sidwell, was appointed.

After the meeting, ping pong and dart baseball were played by the men.
Attending were Messrs. E. O. Sneed, Bob Smellage, Fred Roberts, Gene Sidwell, Oscar Crosson, William Dixon, Odus Mitchell, George Friaul, Bob Mullen, J. S. Wynne, Charles Mullen, A. J. Cates of Winnetka, Ill., Bill Anderson, P. C. Leech, George Briggs, Tom Clayton, Ray Evans, Robert Boshen, Allen Engleman, John Andrews, L. L. McCole, Dick Walker, J. C. Ritchie, Brent Blomkvist, P. C. Ledrick, Walter Wanner, L. C. Neely, Dudley Steele, Hugh MacSkimming, R. F. Dirksen, Kyle Bunch, and J. M. McDonald.

Mrs. Van Sickle Hostess to Members Of WMS Circle Six

Mrs. Herman Van Sickle was hostess to the members of circle six of the First Methodist church who met in the home of Mrs. J. M. Turner on Wednesday afternoon.

The devotional subject, "Tried and Proven" was presented by Mrs. Carlton Nance. The program, dealing with the beginning of Women's Missionary work in foreign fields, was given by Mrs. E. V. Ward, Mrs. W. G. Crowson, and William Tinsley.

At the close of the program, Mrs. Carroll Blessing, Bill Crowson, Dale Followell, Russell Kennedy, H. M. Martin, Carlton Nance, William Tinsley, Campbell White, E. V. Ward, and two guests, Mmes. L. N. Atchison and Buck Walter.

Seven Girl Scouts Invested in Ceremony At School This Week

Girl Scouts of the Horace Mann troop met Tuesday afternoon at the school for an investiture ceremony which was held for Beverly Burba, Mary Ellen Taylor, Helen Mazy, Ada Belle Bennett, Virginia Harris, Marjann Longacre, and Maryann Hasten.

The troop's committee women, Mmes. E. C. Burba, Emory Noblitt, and George Alden, were present to witness the ceremony and see the girls receive their pens.

After several games and a short program, the meeting closed with the group singing tags. Refreshments of fruited cookies, spiced cocoa, red, white, and blue cake and mints were served to 10 girls, Mrs. Buri Graham, and the troop captain, Mrs. L. Stewart.

Smiths Entertain "Crazy Six" Club

SKELLYTOWN, Feb. 25—Mr. and Mrs. G. A. Smith were hosts to the "Crazy Six" club with a dinner and party at their home in the Skelly Schaefer camp.

Various games were enjoyed, with Mr. and Mrs. W. W. Hughes winning the awards. Red, white and blue hatchets marked the places at the prettily appointed dinner table for Mr. and Mrs. Henry Lamb and daughter, Frances Lamb, Mr. and Mrs. Fred Genett, Mr. and Mrs. W. W. Hughes, and children, Lois Mae, Barbara Jean and Billy Hughes, and the host and hostess.

Mr. and Mrs. Lamb will be hosts at the next meeting with refreshments at the next meeting of the club with a chili and oyster supper.

Study of Missions Started at Meeting Of WMS Group

Women's Missionary society of the McCullough - Harnah Methodist churches met with Mrs. J. E. Beard this week for a study of "Women and Home Missions" which was started by the study leader, Mrs. H. H. Bratcher.

Present were Mmes. Henry English, A. N. Rogers, H. H. Bratcher, C. D. Harris, and J. E. Baird.

These Sisters Hunting Husbands

Princesses Myzehen, Maxhide and Ruhije (left to right, above), unmarried sisters of King Zog of Albania, are shown as they prepared for a visit to the United States. Their program is reported to include: cultural investigation into American manners and customs; a diplomatic mission to secure the return from his Boston exile of Premier Bishop Fan Noh, fugitive since their brother's seizure of power; and a quest for romance.

Glorifying Yourself

By ALICIA HART.
An excessively oily condition of the skin can be corrected, of course—but careful treatment, time and a good deal of patience are required. No woman whose complexion comes in this category can expect any sort of treatment to work overnight miracles, yet she should realize that cure really is possible.

Normally, the pores exude just enough sebum to keep the skin soft, smooth-looking and flexible. When they habitually discharge an overabundance of this oily substance, the complexion often becomes not only greasy-looking but darkish, drab—sometimes quite rough because of small blemishes just beneath the surface. Furthermore, blackheads are likely to appear—simply because dirt and dust accumulate in the pores which are enlarged by the excess flow of oil.

Frequent soap and water cleanings are the first step in the right direction. Forget about cleansing oils and creams, scrub your face with soap and water at least twice a day, and between times.

would consider American husbands—preferably with heavy bankrolls to bolster the finances of his tiny mountain kingdom—as "suitable" matches for the U. S.-bound sisters three.

THE CHOICEST ARE USED

When the yearly round-up comes, the choicest animals are cut out of the herd to be fattened for market. From them comes the nation's best beef. The poorer specimens—the luckless dogies—must hit the long trail to graze and seek their own food... Out of all the coffees the world market affords, Duncan selects the choicest beans, to be blended and roasted and packed under the name of Admiration Coffee. Today, Admiration outsells any other coffee in Texas. There is just something about its aroma that makes you want to buy it and something about its flavor that makes you keep on using it.

Whoopie ti yi yo, git along little dogies, it's your mortgage and none of my own, Whoopie ti yi yo, git along little dogies. For you know Wyoming will be your new home.

Your mother she was raised way down in Texas, Where the limgoon weed and sand-burns grow; Now we'll fill you up on prickly pear and cholla Till you are ready for the trail to Idaho.

Whoopie ti yi yo, etc.

Early in the spring we round up the dogies, Mark and brand and lock off their tails, Round up our horses, load up the chuck-wagon, Then throw the dogies upon the trail.

Whoopie ti yi yo, etc.

—From WHOOPIE TI YI YO

PILLSBURY'S BEST THE "BALANCED" FLOUR—MAKES GOOD BAKING BETTER

Local B-P-W Club To Be Guest of Amarillo Group

Members of the local Business and Professional Women's club have been invited to attend the Amarillo B-P-W club's international dinner which will be given in the Blue room of the Amarillo hotel Saturday evening at 7 o'clock.

Dr. Minnie Maffett of Dallas, who is vice-president of the national federation, will speak. Russian and Spanish dances will complete the program.

Reservations for the event are to be made with Miss Mildred Overall.

Texas Daisy Found In European Gardens

TAHOCA, Feb. 25 (AP)—The Tahoka daisy, first found at Tahoka lake here, is being featured by two large seed firms.

The daisy grows over the plains generally but nowhere as profusely as in Lynn county, E. I. Hill, editor of the Lynn County News, says.

"Last summer there were acres of purple and lavender blooms in Tahoka, the flower growing as luxuriantly here as the bluebonnet in South Texas," he said. "Great masses of it were found also in the pastures and along the fringes of the fields in many parts of the county."

Mrs. W. H. Myrick of Lubbock was the first to recognize its possibilities. She plucked some specimens and transplanted them in her garden. Several years afterward she sent some to New York florists.

Seeds were sent and gardeners asked to experiment in growing them.

According to Drees' garden book, the flower now is found in some European gardens. Drees recommends it as a garden plant and also for cut flowers.

mend one if the answer is "yes." The matter of your diet comes under his jurisdiction. More than likely you'll be told to drink more fruit juice, eat more leafy salads and green vegetables, fewer starches and sweets—no fried foods at all.

SCHUSCHNIGG SPEECH WILL AID BRITAIN

By JAMES C. OLDFIELD.
LONDON, Feb. 25 (AP)—Italian support of Austrian independence may give Britain the needed aid to block further German dominance of central Europe, diplomatic sources said today.

Chancellor Schuschnigg in his speech to the Austrian diet and nation yesterday warmly praised Italy's Premier Mussolini as one who understood Austria's problems.

This friendly reference must mean, diplomatic quarters here said, that Mussolini previously had reassured Schuschnigg of his continued interest in Austrian independence—despite denials from Rome of any new pledges.

The other possibility was that Schuschnigg was praising Il Duce in an adroit move to bind Mussolini to him in his determination to fight for Austrian sovereignty and against the rise of Nazism.

In any event, the significant reference to Italian sympathy coupled with the assurance "Austria must remain Austria" gave decided momentum to Britain's new policy of realistic dealings to keep European peace.

It is felt here that new Italian support for Austrian independence, in addition to the Rome protocol pledge, could give Prime Minister Chamberlain a stronger hand in achieving a two-fold aim:

1. Blocking of further German dominance of central Europe. (Hitler won a point by getting Nazi inclined ministers into the Austrian cabinet and has avowed Germany the protector of all German minorities.)

2. Regaining Mediterranean security.

However, bitter Labor Party opposition developed in the House of Commons against Lord Halifax's appointment to the "constitutional" ground that his membership in the House of Lords would prevent him appearing in Commons to answer questions.

NEW ORLEANS PACKED ON EVE OF MARDI GRAS

NEW ORLEANS, Feb. 25 (AP)—Carnival visitors, here by the tens of thousands, had their best chance to join in New Orleans' annual merry-making today.

Hotels have been filled for weeks and visitors, as in other years at Mardi Gras time, have wandered in droves through the French quarter and other areas of interest.

Until last year, although they could see the carnival parades and mingle in the fun on the streets, those from out of town, unless very lucky, were unable to attend the colorful balls of "Krewes" that produced the street processions.

Hermes, god of transportation and commerce, changed all that.

The new carnival deity and his first parade last year, and afterward entertained thousands of non-residents at a ball complete with tableaux, masked dancers and "call outs" for ladies, the Krewe of Hermes had invited.

Tonight he parades again, with 20 floats, depicting "The Dawn of Life." Afterward he will fetter thousands of visitors, who have received invitations through hotels and the Association of Commerce, at a carnival ball.

5-SUIT BRIDGE CALLED PLAYER'S 'NIGHTMARE'

NEW YORK, Feb. 25 (AP)—And now, to add bedlam to confusion, comes five-suit bridge.

Ely Culbertson calls it "the bridge player's nightmare." "Most people," he said, "can't even handle four-suit bridge."

Howard Schenken of the Four Aces said, "I like it."

The king and queen of England recently purchased two sets, but Americans still have to wait a few weeks because the only commercialized set in this country just cleared customs.

Cards of the new suit, bearing a solid green crown on the faces, are called "royals," the highest suit in the deck. You can play contract or auction with the new suit.

Each player received 16 cards and the one remaining is turned face up in the middle of the table. It goes to the highest bidder who then may exchange it for any card in his or the dummy's hand.

Whereas a book now is six tricks, a five-suit book is eight. Instead of bidding "one" as in auction or contract, you have to bid "nine." That's for simplicity. And the game needs all the simplicity it can get.

ARMY UNIFORMS NOW OUTSHINE THE NAVY'S

WASHINGTON, Feb. 25 (AP)—The army outshone the navy at last night's White House reception for service officers and their wives.

The reason: New blue dress uniforms replaced the army's customary olive drab attire, in use since the World war.

Livestock Sales At Lowest Mark

HIGGINS, Feb. 25—Due to bad roads and the inability to get to town, the lightest sale ever held at the Higgins Livestock Sale pavilion was on Tuesday of this week. Only

about 40 head of cattle went through the ring. The small consignment sold at prices fully 50 cents per hundred weight higher than last week.

Col. J. R. Davis of Ashland, Kansas who has cried this sale for 160 consecutive sales was unable to make the trip. However, the weather permitting, he will be on hand as usual next week.

Col. J. L. Weeden of Vici, Okla., and Bob Hyde, partner of the Sale Company, served as auctioneers.

Although a good number of buyers were present, Ed Queen of Camargo, was the heaviest purchaser. C. G. Hughes had a truck load of mixed yearlings that went through the ring at \$5.30 per hundred. These were common cattle weighing around 400 pounds each. T. M. Maudin sold a good milk cow at \$50.00. Mr. Maudin also sold some mixed calves up to 6 cents per pound.

Townsend pension plan advocates were exhorted today to rally under the banner of a new political party bearing the name of Dr. Francis B. Townsend. A cheering crowd, filling more than half of the Olympic auditorium's 10,400 seats, witnessed the launching of the "Townsend party" last night.

Bridge Club Meets At Stewart Home
SKELLYTOWN, Feb. 25—Mrs. John Stewart entertained members of the Night Bridge club at their home north of Skellytown. High score in the card games for ladies, was won by Mrs. T. B. Parker, while Mr. Parker had high score for men.

EMERY PAIRED AGAINST SMITH IN GOLF MEET

By Felix R. McKnight.
HOUSTON, Feb. 25 (AP)—Broad-shouldered Walter Emery, working the hard way to win the Houston Country club invitational golf title, got into his third day of grief today against respected Jack Mungler, one of the game's ranking amateurs.

Emery, the Houstonian, who went to the finals of the 1935 National Amateur and won a Walker Cup team position, has scrambled to stay in the tournament since he led off in the qualifying round. Forced into a playoff for a championship flight berth, he got the open shot after a four-hole "swatfies."

Paired against Reynolds Smith, Dallas Walker Cup star, in the first round he jammed a big cigar in his mouth, puffed all the way around the course, and came off a one up winner at the home hole, despite Smith's perfect round of 69, two shots under the par 36-35-71. Emery had a match play 70.

Today he was up against Mungler, former southern champion, twice quarter-finalist in the National Amateur, and an easy-going youth who took one shot away from par yesterday in beating Ed Anderson of Houston, 5 and 4.

"And," said grinning Emery, "if I should just happen to get past Mungler, it looks like I'd have either Johnny Goodman or Harry Todd to play."

Goodman, on top of his game after a long layoff, broke par by two shots in beating Bobby Riegel of Beaumont, 6 and 3. Riegel, who was 70 in the qualifying round and a threat to Goodman, dropped the first two holes and was never able to draw near the nation's top amateur. Goodman met Bill Welch, southwest conference champion, today. Galleries flocked to the match which pitted John Dawson, Chicago, against David (Spec) Goldman of Dallas, the 1934 National Amateur finalist and one of the most versatile match players, in the southwest. Dawson ripped par by four shots yesterday in beating Bill Skeeters of Dallas, carding six birdies in a 5 and 4 victory. Goldman was no worse than par in a similar win over Carl Letzsch of Houston.

Ed White, the medalist and former National Intercollegiate champion, breezed into the second round and a match with Hickman Greene of Fort Worth, former Louisiana star who caused a mild stir by upsetting O'Hara Watts of Dallas in the opening round.

Whispered as the "good thing" in the tourney was Harry Todd of Dallas, who methodically dissected par in beating Edward Rotan of Houston. He meets Bob Kiersky of Houston.

Receding bayou waters allowed the course to go back to par 71, the eighth hole being open for par four after being shortened to par three.

Distribution of Quail Being Made

AUSTIN, Feb. 24 (AP)—Large covets of bobwhite quail are appearing throughout depleted areas in Texas.

The state game department is well into its annual restocking program and expects to have delivered 5,000 partridges by the end of February.

Beal Jester, assistant executive secretary of the game commission, said the department has purchased for 4,000 birds and obtained an option for 4,000 more from a dealer in Laredo who imports the quail in Mexico. The option, Mrs. S. M. Learn, submitted the lowest bid at 48 cents a bird.

The quail are being distributed by the department on a cooperative basis, one bird being given free for each one bought.

Harris county's request for 1,000 at no cost to sportsmen was granted by the commission since the county is one of 22 having a universal hunting license. The law requires 85 per cent of funds collected through the licenses be expended in the areas contributing.

"All Harris county sportsmen who hunt," Beal said, "give their share of the quail cost through purchase of the licenses." He said many regular orders also had been received, assuring that section a generous number of birds.

The assistant secretary ordered game wardens to render all assistance possible to quail purchasers, especially 4-H club boys who suspended planting in Harris county.

He said the department would be glad to furnish any lowlander planning to stock the birds a booklet on improvement of habitats.

CHAIN STORE TAX NETS MORE THAN \$1,000,000

AUSTIN, Feb. 25 (AP)—Collection of Texas chain store tax reached more than \$1,000,000 today—swelled by a \$584,600 payment from Great Atlantic and Pacific Tea company. Commissioner George H. Sheppard estimated between \$3,000,000 and \$4,000,000 is due and payable from hundreds of remittances are recently validated finally by the Supreme Court of Texas.

Second largest payment came from J. C. Penney company, \$163,969. Hundred of remittances are received daily most of them comparatively small since individual stores also must pay the tax which increases in proportion to the number of stores operated by one company.

Co-Ed Riflettes Call Their Shots

Like so many Annie Oakleys is the rifle squad of Beaver College of Jenkintown, Pa. With its members averaging 98 out of a possible 100, the team is ready for all competition, including men's. Lining up with telescopic eyes are, left to right: Maude Grey of Atlantic City; Dorothy Fairlamb of Archmont, N. Y.; Mary Putnam of Syracuse; Janet Landrine of Jersey City; Marion Martin of Sadsburyville, Pa.; Virginia Sharless of Wincoke, Ga.; and Dorothy Young of Endicott, N. Y.

Arkansas Begins Final Drive For Flag Tonight

FAYETTEVILLE, Ark., Feb. 25 (AP)—A band of seniors, itching for a chance to return Arkansas university to its former place of basketball glory, embark tonight upon a final mighty effort to rack up the Southwest conference championship.

A handful of the finest all-round athletes in the institution's history will take the court against Southern Methodist university in the first of a two-game series.

If Arkansas wins both games, it takes the pennant in its spite with the Mustangs, it clinches at least a tie.

Stepping out for the Razorbacks will be Jack Robbins, guard; Jim Benton, and Don Lockard, forwards, and Ray Hamilton, center. Robbins, Benton and Hamilton played spectacularly on the football field as well as the basketball court, and Lockard last year led the league in basketball scoring.

The Razorbacks used to win the conference basketball titles with more regularity and these chances are determined to set Arkansas back on the old road.

The stock of Southern Methodist, soaring higher by the game, took a nosedive when S. M. U. fell before Texas University, 25 to 23, earlier this week, and the Mustangs chafed in the season's finale, which conceivably could decide the race.

Comiskey Lays Down Law to Four Holdouts

CHICAGO, Feb. 25 (AP)—Owner Lou Comiskey of the Chicago White Sox "laid down the law" to his four holdouts today.

"Players not signed in time to report for the opening of spring training at Pasadena, Calif., March 3 will have to pay their own training expenses until they get in shape and also will be fined \$100 a day for every practice day missed," Comiskey said.

"The four players still outside the contract fold are First Baseman Zeke Bonura, Pitcher Merritt Cain, Outfielder Rip Radcliff and Catcher Luke Sewell.

Adamick Doesn't Want Joe Louis

NEW YORK, Feb. 24 (AP)—Jack Karns, on behalf of Jimmy Adamick, his Detroit heavyweight prizefighter, declined today promoter Mike Jacobs' offer of an indoor "tune-up" bout with champion Joe Louis, who is expected to return to New York, Detroit or Chicago.

Karns explained he wanted to give Adamick another six months seasoning before sending him against Louis, who last night polished off another young hopeful, Nathan Mann, in three rounds.

In last night's fight, Louis received \$42,822 while Dr. Connors' cut boxer earned \$12,158. Jacobs announced that net receipts, with radio and motion picture earnings included, were \$102,999.

Lazzeri To Be On Cubs' Board Of Strategy

AVALON, Santa Catalina Island, Feb. 25 (AP)—The curtain of mystery hiding the connection Tony Lazzeri will have with the Chicago Cubs this season was lifted today.

Lazzeri, after 12 years with the world's champion New York Yankees, will serve as one of the principal members of Manager Charlie Grimm's newly created board of strategy, organized to bring the 1933 National league championship to Chicago.

The other members will be Charles Leo "Gabby" Hartnett, rated as the outstanding catcher in the major leagues, and the two veterans of the game, John "Red" Corriden and Roy Johnson, both retained as coaches. Hartnett, in addition to signing as a catcher, also signed a coaching contract this season.

Lazzeri, besides serving as a member of the strategy board as a coach, will also be available as utility infielder to fill in either at third base, shortstop or second base. It was in the latter position he was such a scintillating star with the Yankees.

Organization of the board was the idea of P. K. Wrigley, owner of the Cubs, who signed the 35-year-old Lazzeri without ever having met him. He was impressed with the former Yankee star because of his playing qualities, his sharp wisdom of baseball on the field and his ability to execute it. Wrigley recognized Lazzeri's rare abilities both from his own observation and from what he had been told.

Harry Cooper Favors Fewer Clubs for Pros

THOMASVILLE, Ga., Feb. 25 (AP)—Lighthorse Harry Cooper, professional golfer, leading money winner of the winter campaign, said today the game's new 14-club rule had given him a chance to become acquainted with his clubs.

"It gives you more confidence, too, in the clubs you are using," said the mechanical shotmaker from Chocoma, Mass.

Cooper sounded the keynote of a majority of the golfing fraternity here to compete in the \$3,000 Thomasville open.

On the side favoring the new rule, 14 clubs, was Gene Sarzen, the farmer-golfer from Brookfield Center, Conn.

"Scores are lower," said Farmer Gene, "because you have less to think about. Previously, the pros had to mentally elude and spent too much time studying shots."

FASTEST TROTTER DUE TO LOWER MILE MARK

LONGWOOD, Fla., Feb. 24 (AP)—Greyhound, the fastest trotting horse in history, is feeling so well these days that his trainer, Sep Palm, believes he will lower his own mile record of 1:56 during 1933.

At 1,120 pounds, the "silver streak" is heavier now than ever before. When he cut loose with his burning speed last summer, he scaled about 980 pounds. A month after his record setting performance at Lexington, Ky., he added 100 pounds. Since then he has been putting it on steadily.

All observers who have seen him in his winter quarters believe that Greyhound is unquestionably in the finest fettle of his entire career. And many are willing to agree with Palm that he has an excellent chance of lowering his mark for the trotting mile.

"I'm not sure we'll send Greyhound out to beat his 1:56 before late in the season," Palm disclosed today. "But I am confident he can reach 1:55, and perhaps even do better than that."

Pampa Eleven To Play Lawton Here October 7

Pampa's Favorite Son

SAILOR OTIS CLINGMAN
The good looking gentleman pictured above is Otis Clingman, former Pampa and idol of Panhandle wrestling fans. Clingman will meet another favorite in Bob Cummings Monday night at the Pampa Athletic arena when they battle in the main event. Gorilla Pogi and Sailor Moran will furnish the fireworks in the semi-final with Tex Hager and Jerry Hollis the preliminary pair at 8 o'clock.

50 BOYS REPORT FOR HIGH SCHOOL BOXING CLASS HERE

Nearly 50 boys reported at the high school gymnasium yesterday, first call for boxing in the school's history. The new sport is expected to draw nearly 100 boys before the training season gets far advanced.

Tom Herod will be in charge of boxing and will also coach the sophomores. Harry Kelley will have charge of the juniors with Winston Savage directing the seniors.

Plans call for each division to eliminate prospects down to a contender in each of the eight weight divisions. Then the sophomores and juniors would meet in a tournament to decide eight winners who in turn will battle the seniors for school honors.

Noticed on the floor taking calisthenics, shadow boxing and trying to get to the two pair of gloves on hand were J. P. Mathews, John Henry Nelson, Glen Nichols, Harry McMahan, Kelton Miller, Ed Casada, Howard Buckingham, Jr., LaFolia Watt and a host of other boys.

Coach Otis Mitchell yesterday signed a contract for his Harvester football eleven to play the Lawton, Okla., Wolves here on the night of October 7.

He also reported an agreement had been reached to have the Riverside high school team of Fort Worth here on the night of Sept. 16 for the opening game of the 1933 season.

Tentative arrangements have also been made for bringing the new Northeast high school team of Oklahoma City here for a game on the night of Sept. 23. Northeast is a new high school in Oklahoma City and reports are that the school will have a classy football team.

With so many home games on the schedule, Coach Mitchell may take his team to Fort Arthur again this year instead of bringing the Yellow Jackets to Pampa. It is his practice to give the team a road trip each season and games with Shreveport and Chicago have apparently failed to materialize this season because of dates and guarantees.

Clovis and Childress are also on the tentative list, one or the other to fill out the 10-game schedule. With conference games, five of them since the admittance of Lamessa into the district, Coach Mitchell now as only one more game to schedule. He is hoping that he can secure a game away from home to fill out the schedule.

Spring training will begin as soon as Harvester field becomes dry, Coach Mitchell said yesterday.

Wheeler and Shamrock Boys To Box Tonight

WHEELER, Feb. 25—Wheeler fight fans will see their first bouts of the 1933 season tonight in the high school gymnasium when the boys of Coach Stina Cain meet the Wheeler team coached by Garrison Rush.

There will be at least 10 bouts of three one minute rounds each and an extra round in case of a tie. Boxing will begin at 8 o'clock sharp.

Feature bout of the night is expected to be between Arthur Red of Wheeler and McKing of Shamrock in the 130-pound class.

The Wheeler team will go to Canadian on March 9 and on March 15 Coach Bob Clark and his Erick, Okla., fighters will come to Wheeler.

The annual Wheeler invitation tournament will be held on April 8 and 9. All schools in this section of the Panhandle will be invited to send teams.

Far East War Might Postpone Philippine Independence

ATTITUDE OF GREAT BRITAIN CAUSES WORRY

WASHINGTON, Feb. 25 (AP)—Administration officials have been discussing the possibility, informed persons said today, of postponing Philippine independence because of disturbed conditions in the Far East.

A decision has not been reached, it was emphasized. Under present law the islands would receive complete political freedom in 1945.

Some members of congress have been advocating the United States should get out of the Philippines at once, because the islands are close to the Sino-Japanese war zone.

Problems of the islands will be discussed at luncheon tomorrow by President Roosevelt and Paul V. McNutt, American high commissioner.

In support of their belief that a change of policy might be forthcoming, some observers cited President Roosevelt's recent announcement of a plan for continuing commercial relations with the Philippines until 1950.

Meanwhile, Representative Brewster, Democrat, Maine, said the danger of the United States becoming embroiled in an Asiatic war has been intensified by Great Britain's overtures toward Germany and Italy.

Asserting the United States must guard against letting any "provocative incidents" embroil her in a war in the Far East, Brewster said: "If the British become satisfied that America will not engage in any such Asiatic adventure, Britain will promptly make an advantageous trade settlement with Japan for the development of China and America once again will find itself left flat by British diplomacy."

ALLISON YOUTH CHOSEN VOTERS LEAGUE CLUB

CANYON, Feb. 25—O. J. Richardson of Allison has been selected as a campus leader in the First Voters' League at West Texas State College.

The appointment was made by Dr. Harris M. Cook, dean of men, who was authorized by the state organization.

Watermelon Diet Fails to Save Nephritis Victim

PHILADELPHIA, Feb. 25 (AP)—A diet of watermelons, prescribed by physicians in treating a kidney ailment, failed to save the life of Dorothy Rideour, eleven.

She died last night after fighting the inroads of acute nephritis since last June.

A search in several states was necessary to find the cut-of-season melons when doctors decided during Christmas week that such a diet might help restore the girl to health. A New Jersey farmer sent the first. Then others came from many states.

But Dorothy's condition became steadily worse, her physician said, until she "just slept away."

Future Homemakers To Meet at Groom

GROOM, Feb. 25—Members of the Future Homemakers of America clubs from Shamrock, McLean, Allison, Wheeler, Kelton, Lefors, Mobeetie, Briscoe and Groom with club sponsors, will meet in Groom tomorrow for an all-day rally.

Plays, talks by Supt. Ford of Groom, and by Groom principal Kendrick, and a discussion of plans for attendance at the state rally in San Antonio, are on the program.

A plate lunch will be served by the Groom chapter in the home economics room of the high school, under the direction of Miss Phyllis Drake.

A tea at Miss Lillian Gray's home will conclude the rally.

COMING SUNDAY "FORBIDDEN VALLEY"

With Noah Eery Jr. Frances Robinson

This Once Was Main Street in Teruel

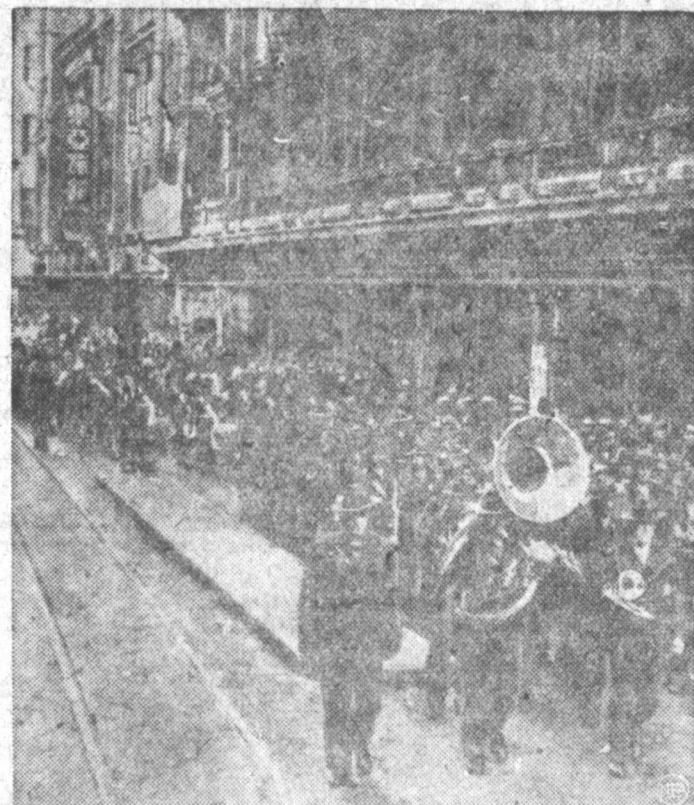

ABOVE: This was once a main street in Teruel, Spain. The most savage fighting of the 19-month-old Iberian war took place around this sector and left Teruel literally a ghost city, its houses shattered, its walls pulverized and its population gone. Loyalists captured the town from the Rebels in a surprise attack during a snowstorm. Since then a battle has been raging in, around, above and below Teruel, with the Rebels making terrific attempts

to retake the town. LEFT: A youthful Rebel soldier lays down his gun for a moment to rest. The photo was taken on the Teruel front, where a gigantic battle involving thousands of men has been raging off and on to decide who shall hold the city, one of the key-points of the Spanish war. The men shown are manning an advanced position on the far-flung battlefield which is expected to be the scene of a gigantic spring offensive.

As U. S. Marines Left Shanghai

The Sixth U. S. Marines are pictured above as, led by their band, they quit Shanghai for their new station at Pearl Harbor, Hawaii, after comparative order had been restored to the war-torn Chinese city. These marines were rushed from San Diego when the Japanese-Chinese fighting was at its height in and around the far eastern metropolis. The Fourth U. S. Marines remain in Shanghai.

FINISH FIGHT AGAINST BOLL WEEVIL URGED

HOUSTON, Feb. 25 (AP)—A fight to the finish between the cotton farmer and the arch villain of the cotton patch, the boll weevil, urged last night by James Anderson, a member of the world's largest cotton firm.

Anderson urged the state government and southern bankers, who lend money to cotton farmers, to rush into the battle. Bankers, he said, should ask all farmers to sell a portion of each loan for use at regular and other pest control methods. Boll weevils, entering the United States from Mexico about 1900, have cost farmers hundreds of millions of dollars, he said.

TB Lecture Given At White Deer

WHITE DEER, Feb. 25—Parents and teachers of White Deer heard Dr. White of Amarillo, advisor on tuberculosis of the state board of health, speak on the subject of the white plague, at a meeting here Tuesday evening.

Two films from the state department of education illustrating precautions that should be taken against the spread of tuberculosis germs were exhibited by Mr. Henshaw of Panhandle.

DR. HILL WILL SPEAK AT BANQUET TONIGHT

Dr. J. A. Hill, president of West Texas State college, Canyon, will be the principal speaker at a banquet to be given at 7:30 o'clock tonight in the Pampa high school cafeteria, when teachers of Gray county will meet to form a county unit of the Texas State Teachers association.

Supt. F. L. Mize of LePors will be toastmaster, and Baker and Woodrow Wilson schools of Pampa will be hosts to the gathering.

Entertainment will be provided by the 12-piece faculty orchestra.

17-TONE MANIFOLD MAY CONTROL BLAZING GAS

EDINBURG, Feb. 25 (AP)—A 17-ton manifold designed to control the flaming gas well near here was covered with debris today.

The manifold set in place by H. L. Fatten, fire fighter, dropped into Edinburg field's wild gasser after the hole cratered outside the surface casing.

Efforts to extinguish the well with explosives were resumed.

GALVESTON TO BE COLORFUL NEXT 5 DAYS

GALVESTON, Feb. 25 (AP)—This festive shock off winter's lethargy today and became a kaleidoscope of color as the island's seventy-first mardi gras—an old world custom of fun—began.

For the next five days a people getting ready for the mackerel and shes of Lent will spend their time in a riot of fun. King Frivolous XXI will rule by the laws of gaiety. Mayor Adrian Levy today started the festival with a proclamation for Mardi Gras as the day-rover, Southerner, and the east, and cutter, Saranac, warped into docks.

Tomorrow, 6,000 youths of the island and the mainland will have their fling at the merrymaking with a mammoth parade, a junior coronation, and the freedom their elders enjoy during the balance of the festival.

King Frivolous XXI will arrive Monday morning and will disembark from his ship to the music of bands, the waving of purple banners, the clanging of bells and salvos of artillery following a welcome.

From the beautiful Seawall boulevard, where he will be greeted first, King Frivolous XXI will be escorted by soldiers and sailors to the heart of town. There the mayor and other dignitaries will greet him and give him the keys to the city.

After night fall the great Mardi Gras parade, witnessed by thousands, will wind through the streets. Clowns and courtiers, vikings, imps, druids, devils, spirits and apes will go, arm in arm with sea gods, nymphs and mermaids in this rollicking spectacle.

The king's ball, a social highlight, will be held at the Galveston hotel during the night. A medley of maskers, knights and beggars, jungle clad cave men and blond cuties, will gambol to the music of a band.

On Shrove Tuesday the Mardi Gras will flare to its colorful denouement with a pageant and ball during which King Frivolous XXI and his queen will be crowned and their identity made known. A gorgeous tableau artistically rehearsed when Alired was in Washington, will precede the coronation. The grand duchess of Texas, Miss Katherine Smith of Dallas, will be received on a stage filled with duchesses and their escorts from many Texas towns.

Then, until the clock rings out the carnival spirit will prevail.

Director Gus A. Amundsen Jr. predicted 50,000 Mardi Gras celebrants would visit Galveston during the festival. Most of them, he said, would arrive Saturday and stay through the whole show.

KILLIBREW DESIGNS COVER FOR MAGAZINE

CANYON, Feb. 25—Carroll Killibrew, graduate of West Texas State College now teaching at Pampa, has designed the cover for a catalogue being assembled for a Western Life Boys' Camp to be operated by Prof. Frank R. Phillips.

It is announced by Prof. Phillips that Mr. Killibrew will conduct art classes at the camp.

The new project will be located on State Highway 45 in the Santa Fe National Park area, three miles above the Forest Ranger station in Gallinas canyon. It is 20 miles northwest of Las Vegas.

Outstanding counselors will be chosen to direct various phases of camp life. Mr. Phillips will be camp mother and dietitian. Gold mining will be one of the many activities.

The Capital Jigsaw By HOWARD C. MARSHALL

AUSTIN, Feb. 25 (AP)—The state game, fish and oyster commission has taken steps to keep its warden out of the business of leasing game preserves.

After testimony before a senate committee which investigated the game department, William J. Tucker, executive secretary of the commission, informed wardens they may not lease property and then sublease it for hunting purposes.

At the inquiry, a complaint was made that a warden had leased lands and sub-leased them to hunters, and, although the landowner later said he never had leased property to a warden, Tucker said, it was deemed advisable formally to prohibit sub-leasing by wardens.

When hunters want to make a lease, he explained, it is a warden's duty to bring them into contact with men who have lands to lease. "Wardens should not attempt, and are required not to attempt," he said, "to make a profit from shooting privileges on private property because such an attempt would interfere with their other duties and would give the public the impression they were partial to those in whom they were financially interested."

Secretary of State Edward Clark had suspicions about those dogwood plants which bloomed in Dallas, allegedly, right after Governor James V. Alired announced in Washington he would disclose plans "when the dogwood blooms."

"Gentlemen," said Clark, at a press conference of Lieut.-Gov. Walter F. Woodul, acting governor in the absence of Alired, "those dogwoods in Dallas must have been hothouse plants."

Advised of the Dallas dogwood activity, the governor wired "the blooming dogwoods are too early."

"Few, if any governors and lieutenant-governors in Texas history have worked together more harmoniously than Alired and Woodul. This has been shown repeatedly, and Alired has been lavish in his praise of the manner in which Woodul has conducted the executive office."

Fresh instances of good feeling between the men were observed when Alired was in Washington for Vice President Garner's dinner for the President.

Strike troubles developed in San Antonio and Alired telephoned Woodul to ask that the state industrial commission investigate the situation. The acting governor promptly issued the necessary proclamation.

Woodul, who has substituted for Alired so many times he doesn't remember the exact number, also went to San Antonio and delivered an address which the governor, before his Washington trip, had planned to make.

Woodul always has said he believed it his duty as acting governor merely to carry on routine business and not to do anything in-

POULTRY FLOCKS LEARN HOW TO CHEW TOBACCO

CORPUS CHRISTI, Tex., Feb. 25 (AP)—Poultry flocks are learning to chew tobacco, it is reported by Mrs. Ruth Mitchell, home supervisor for the farm security administration. This is not an idle pastime as in the case of man, but tobacco is administered to the flock as a cure for blue bugs.

Mrs. Mitchell says that on recent rounds of farm families being financed through FSA found in practically every instance the flocks upon which they depended for a large part of their home food supply were infested with this pest. Her suggested remedy has been adopted by many of the families and are getting normal production again.

The treatment recommended by Mrs. Mitchell is to pen the hens at night and the next morning, while the craw is empty, give each hen a tobacco pill about the size of a large English pea. The treatment should be repeated in a week. Tobacco, dust, two pounds to each 100 pounds of mash, is an alternative treatment, but few of the farmers in this area feed mash. One of the requirements of FSA is that families it finances shall not only raise their food but shall also grow feed for their poultry and livestock.

Coquelin was France's leading actor in the 19th century.

Consider the recent case of the U. S. supreme court decision upholding a railroad commission order slashing gas rates at Laredo.

It was an important case and both Ernest O. Thompson, commission member who conducted the rate hearings and wrote the reduction order, and William McCraw, attorney general, who defended the order through state courts and the supreme court, wanted credit for the victory.

Both are candidates for governor. When a story on the decision flashed over the wires one day Thompson was immediately available for comment. His office is next door to the capitol press room and he was in it. McCraw's office is downstairs, and unfortunately, he was not in it. So Thompson led off in first bulletins after the Washington story.

Later McCraw was located and comment from him inserted, but it didn't do him much good, at least in afternoon papers. Thompson's lead on the wires was too long and, in the headlines, his observations were "played."

Stories for the morning papers attempted to square things, however. Thompson and McCraw were tied together so tightly the most prejudiced reader ought to have had difficulty finding any evidence of favoritism.

P-TA Council Will Meet in Magic City

MAGIC CITY, Feb. 25—The Wheeler county P-TA council will be held here on March 12, at 2:30 p. m.

A social will be held in Magic City Monday by the Magic City Parent-Teacher association on the occasion of their next meeting. The association had a business meeting this week.

FOR COUNTY COMMISSIONER Robert Seeds John Haggard

FOR CONSTABLE: Otis Hendrix.

DITCHDIGGER TO SING LEADING OPERA ROLE

NEW YORK, Feb. 25 (AP)—A ditch-digger will make his debut in opera tonight.

Up from the muck of a WPA project in Flushing, Gerano Cardinale, 23, will sing the leading role of Alfredo in Verdi's "La Traviata" at the Hippodrome.

Wearing new 43 shoes and a borrowed tuxedo with 11 cents in his pockets he rehearsed his role last night.

For eight years Jerry—one of nine children—has shined shoes, delivered ice, peddled fruit, collected junk, sung in burlesque and dug ditches to pay the rent, while he took singing lessons. Now he has his chance.

Today's Answers to Cranium Crackers

(Problem on editorial page.)

The American Indians had no horses until they got them from the Spaniards. Hence a visitor before the day of Columbus could not possibly have been greeted by mounted Indian warriors.

EXTENSIVE DRILLING IN GULF AREAS LOOMS

HOUSTON, Feb. 25 (AP)—Extensive drilling on submerged leases off the Texas gulf shore loomed today as major companies moved to hold leases.

The state law requires that leaseholders of state owned lands must offset new wells within 60 days after production.

Discovery of oil in the state land No. 1 well, owned jointly by the Salt Dome-Standard of Texas companies, has forced the Humble company to move a rig out in Galveston bay and start operations on an offset well.

The Salt Dome-Standard of Texas interests have asked the war department for permission to drill 22 more wells in Galveston bay, off marshy points.

The Sun Oil company is preparing to drill a wildcat on Bolivar Peninsula in Galveston bay. The company is now dredging a 12,000 foot canal from the Intracoastal canal.

Geophysicists report numerous salt domes have been found off the Texas shore in the gulf.

U. S. Warns Japan It Won't Withdraw Missionaries

NOTE STERNLY CLAIMS RIGHTS OF AMERICANS

HANKOW, China, Feb. 25 (AP)—The government of the United States has told Japan in a blunt note that it has no intention of ordering evacuation of Americans in the central China war area as the Japanese army formally had requested.

It was understood in diplomatic circles here that the note declared Americans have a perfect right to live and to carry on their duties in any part of China, regardless of the Japanese army.

The note was regarded as one of the sharpest documents from the United States government to Japan since the Chinese-Japanese war began.

Authoritative sources here disclosed that Ambassador Joseph C. Grew had handed the United States note to the Japanese government at Tokyo.

Most of the Americans concerned are missionaries. It was recalled that after the sinking of the United States gunboat Panay by Japanese airplanes, Japan had guaranteed against infringement of, or interference with, the rights of the United States in China.

STAMFORD AREA RICH ARCHEOLOGICAL FIELD

STAMFORD, Texas, Feb. 25 (AP)—Because a prehistoric horse, camel and elephant skeletons ago become mired in swampy soil this section has contributed several rare bones and tusks to the Smithsonian Institute.

The discoveries were made by Fred Pauling and T. R. Tinsley beside Long Tonk creek between Rule and Old Glory. Both are Stamford high school instructors.

Aided by a school museum club and Boy Scouts, they also have excavated Indian burial grounds near Moran and Bluff Creek. Clues to the burial grounds were stones on hillsides where they were no other rocks.

The men have been leaders in gathering a high school museum collection which now contains more than 1,000 arrowheads, 500 mammoths, 25 metate, 600 scrapers, 100 hammer stones, several hundred flint axes and other primitive handi-crafts.

A Smithsonian Institute expert joined Pauling and Tinsley for a Long Tonk creek exploratory trip when he learned of their finds. Several prehistoric specimens accompanied him when he left.

PECAN SHELLERS STILL ON STAND IN HEARING

SAN ANTONIO, Feb. 25 (AP)—Union testimony in the pecan shellers' union's suit to enjoin police from interfering with peaceful picketing was expected to end today in 45th district court before Judge S. G. Taylor.

At the outset of today's hearing Chief of Police Owen W. Kilday said he would file perjury charges as soon as a transcript of the proceedings had been turned over to him.

J. Austin Beasley, C. I. O. leader in charge of the strike, and one of the last union witnesses to be called, testified today the union numbers 3,500 local members and that membership is growing by 150 daily.

Meanwhile, the strikers were continuing their attempts at picketing, although taking flight when police appeared on the scene. Twiney three arrests were made yesterday.

Mann Speaker at Higgins Banquet

HIGGINS, Feb. 25—To gain a better understanding of you fellow man, visualize yourself in his place, said Gerald C. Mann of Dallas, principal speaker at a banquet given in Fellowship hall Tuesday night by the ladies of the Methodist church. He also related, the late, once famous Notre Dame coach, Knute Rockne, changed places about with his players on the practice field in order that they might better understand the problems confronting each man and his individual post.

B. C. Hurn, toastmaster of the occasion, also introduced superintendent of schools R. L. Snider, who spoke briefly.

The Misses Lois and Naomi Dearing played a piano duet and a saxophone solo by Sybil King was enjoyed. Miss Lois Dearing also gave an interesting reading.

The tables, with places laid for approximately 80 guests, were attractively decorated with tiny U. S. flags and small ha-charts, commemorating Washington's birthday.

Pampa Student On Honor Roll

BELTON, Feb. 25—Miss Muriel Kitchens, daughter of Mr. and Mrs. A. B. Kitchens of Pampa, was placed on the honor roll at Mary Hardin-Baylor, where she is a senior this year. Miss Kitchens received this honor for having no grades less than a B for the fall semester.

7:45 p. m. Wednesday, mid-week service.
Men's Bible class meets at 10 a. m. Sunday. This class is taught by the minister. You are invited to attend.

CHRISTIAN SCIENCE SERVICES

901 North Frost Street
"Christ Jesus" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, February 27.

The Golden Text is: "We preach not ourselves, but Christ Jesus the Lord; and ourselves your servants for Jesus' sake" (11 Corinthians 4: 5).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Thomas saith unto him, Lord, we know not

whether thou goest; and how can we know the way? Jesus saith unto him, I am the way, the truth, and the life; no man cometh unto the Father, but by me" (John 14: 5, 6).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The real man being linked by Science to his Maker, mortals need only turn from sin and lose sight of mortal selfhood to find Christ, the real man and his relation to God, and to recognize the divine oneness" (page 316).

Sunday school 9:30 a. m. Sunday service 11 a. m. Wednesday evening at 8 o'clock. The Reading room in the church edifice is open Tuesday and Friday 2 to 4 o'clock. The public is cordially invited to attend our services and to use the Reading Room.

PRESBYTERIAN CHURCH
Browning at Frost
Robert Boshen, minister
10 a. m. The Church school.
11 a. m. Morning worship.
6:30 p. m. The Tuxis Society.
7:30 p. m. Intermediate Endeavor.

7:30 p. m. The evening service. Children up to six years are cared for in our nursery during the hour of morning worship.

First Christian Church
John S. Mullen, minister
E. Kingsmill at N. Starkweather
9:45 a. m. Bible school.
10:50 a. m. Church worship. Sermon by the minister, "What Christ Teaches About the New Birth." Solo by R. L. Allison, "Prayer of the Penitent" (Londonderry Air). Weekly observance of the Lord's Supper.
6:30 p. m. Christian Endeavor.

Three societies for all young people.
7:30 p. m. Evening service. Sermon by the minister, "The Christ With a Program." This Sunday will be the fifth Sunday of our Christ Centered Crusade, one of the most important programs ever launched by this church. Every member is urged to attend as many services as they can.

Pentecostal Holiness Church
522 North Roberts Street
C. R. Howard, pastor
10 a. m. Sunday school.
11 a. m. Sermon by the pastor.
6:30 p. m. Young people and junior service.
7:30 p. m. Evangelistic service.
7:30 p. m. Tuesday, mid-week services.
7:30 p. m. Thursday, teachers' training class.
7:30 p. m. Friday, choir practice. You are cordially invited to come and enjoy these services with us.

Central Church of Christ
500 N. Somerville
Robert E. Price, minister
The work has moved along in a fine way this week despite the bad roads and weather. A fine crowd attended the mid-week service Wednesday. There was the largest attendance in the Ladies' Bible class this week of any meeting we have had. We urge every member of this congregation to make every effort to be present for all services.

Bible classes meet Sunday morning at 9:45 o'clock. You are urged to come and bring your children. We have classes for all ages in this

McCULLOUGH-HARRAH METHODIST CHURCHES
H. H. Bratcher, pastor
9:45 a. m. Sunday school at both churches.
11 a. m. Adjutant E. Pickering, head of the state division of young people's work of the Salvation Army, will speak at the McCullough Memorial on "The Eyes of the Lord."
6:30 p. m. Epworth League.

7:30 p. m. Evening worship at Harrah chapel with the sermon by the pastor on "Ceiling Zero." A cordial invitation is extended to all who care to attend these services.

CALVARY BAPTIST CHURCH
South Barnes street
E. M. Dunsworth, pastor
9:45 a. m. Sunday school.
11 a. m. Morning worship.
6:30 p. m. Training union service.
7:30 p. m. Evening worship.
7:30 p. m. Monday, Sunday School council meeting.
7:30 p. m. Tuesday, Men's Brotherhood meeting.
7:30 p. m. Wednesday, Mid-week prayer service.

ST. MATTHEWS MISSION EPISCOPAL
R. J. Snell, minister
8 a. m. Holy communion.
9:45 a. m. Church school.
11 a. m. Holy communion and sermon.

THE SALVATION ARMY

843 S. Barnes street
Captain Herman Lambrecht
Sunday, 2 p. m. Ministerial Alliance program over KPND with Major William George Gilks as speaker.
Sunday, 2:30 p. m. Company meeting with Adj. Ernest Pickering in charge.
Sunday, 3:30 p. m. Presentation of Flags to Army by the American

service. Remember, every teacher must be a "living example." Preaching, 10:45 a. m. You can get home with the sermon. Communion, 11:45 a. m. This is commanded by example in Acts 20:7.

Radio service from 5:00 to 5:30. Tune in on this service next Sunday.

Young people's meeting 6:30 to 7:15 o'clock. This is not a meeting for mere entertainment. These young people are really studying the Bible.

Preaching again Sunday at 7:30 p. m. The evening sermons are of an evangelistic nature; come to the service next Sunday evening. We had the largest crowd last Sunday evening that we have had in any night service since the present minister came to Pampa.

Religion is the most serious thing with which we have to do; there is no time for a lot of foolishness in matters which pertain to the eternal destiny of souls. There are many fathers and mothers in and around Pampa who have not attended services in any church for months, yes, even years! If your children make anything but criminals, it will be despite the fact that you have led them to believe there is nothing in religion worthy of your consideration. There isn't a job in the Pampa oil field that would keep a man together with his family from worshipping God an hour on Sunday. We live on earth a short time only; we shall spend eternity some where. Better stop, look, listen, think!

MEASURING A MAN'S WORTH.
Text: Mark 5:17.
By WM. E. GILROY, D. D., Editor of Advance.

What is the measure of a man's worth? Is he worth more than a sheep, or is he worth more than a hog? This is the question that very definitely is raised in our lesson, which sets before us one of the strangest stories in the entire Bible. We are told that when Jesus came to the other side of the Sea of Galilee in the country of the Gerasenes or Gadarenes, and when He had come out of the boat, He was met by a man "with an unclean spirit," or as we should say today, an insane man, who had his dwelling in the tombs. We have

the description of a poor demented fellow whose insanity moved him to such violence that bonds and fetters failed to hold him. Always night and day, he was crying out in the tombs, and cutting himself with stones.

With the strange insight or perversity that sometimes affects the insane in our own time, he cried out against Jesus, calling Him the Son of the Most High God, but adjuring Him not to torment him.

Jesus commanded the unclean spirit to come out of him. There are strange and superstitious incidents of the story that it is difficult to understand or fit in with the scientific conceptions of insanity today. We have the picture of this unclean spirit beseeching Jesus that He would not send them away out of the country, and of their entering into a great herd of swine feeding on the mountain side, which immediately ran down a steep piece into the sea, and were drowned.

It is frankly difficult to understand this or to derive any particular teaching for it in modern terms. There is, of course, the reflection that these Gadarenes who were raising the hogs would not, according to their own religious ideas, eat the flesh of these pigs them-

International Sunday School Lesson

MEASURING A MAN'S WORTH.
Text: Mark 5:17.
By WM. E. GILROY, D. D., Editor of Advance.

What is the measure of a man's worth? Is he worth more than a sheep, or is he worth more than a hog? This is the question that very definitely is raised in our lesson, which sets before us one of the strangest stories in the entire Bible.

We are told that when Jesus came to the other side of the Sea of Galilee in the country of the Gerasenes or Gadarenes, and when He had come out of the boat, He was met by a man "with an unclean spirit," or as we should say today, an insane man, who had his dwelling in the tombs. We have

the description of a poor demented fellow whose insanity moved him to such violence that bonds and fetters failed to hold him. Always night and day, he was crying out in the tombs, and cutting himself with stones.

With the strange insight or perversity that sometimes affects the insane in our own time, he cried out against Jesus, calling Him the Son of the Most High God, but adjuring Him not to torment him.

Jesus commanded the unclean spirit to come out of him. There are strange and superstitious incidents of the story that it is difficult to understand or fit in with the scientific conceptions of insanity today. We have the picture of this unclean spirit beseeching Jesus that He would not send them away out of the country, and of their entering into a great herd of swine feeding on the mountain side, which immediately ran down a steep piece into the sea, and were drowned.

It is frankly difficult to understand this or to derive any particular teaching for it in modern terms. There is, of course, the reflection that these Gadarenes who were raising the hogs would not, according to their own religious ideas, eat the flesh of these pigs them-

selves, but were raising them to sell to the Gentiles.

The real point, however, is that those who just their swine were so much stirred up over their loss that they immediately asked Jesus to leave their community. They valued their swine far more than seeing a fellow mortal, who had been the victim of terrible insanity, now sane and clothed in his right mind.

There is where the real question comes in, concerning the worth of a man. The topic for young people and adults in this lesson is "Putting People Before Profit." It is a significant and vital topic for our modern world. If we could really put people before profit, what improvements in society would be possible!

One would not suggest that the profit motive is always wrong, but when the profit motive is weighed against justice and harm to human life, or when it is sufficient to prevent proper provisions for protecting and improving human life, then the profit motive is inhuman, anti-social, and ungodly. It is a very real question, this: How much better is a man than a sheep? or how much greater is the health and sanity of a human being than a herd of hogs?

Unfortunately too many modern communities answer the question, in effect if not in profession, as did these Gadarenes.

HOUSTON MAN SNARES LOON WHILE FISHING

GALVESTON, Feb. 25 (AP)—M. P. Wilder of Houston wrote a new chapter into the volume record of freak angling when he snared a loon while fishing in 20 feet of water in Offits Bayou here in the presence of 75-spectator-filled automobiles that lined the near-by roadway.

From the first furious tug at the light tackle until the "catch" flared out of the water the fight was exciting. The loon, a diving water-bird, was hooked when it snapped at Wilder's live shrimp bait. Another hook pierced a webbed foot.

When about 30 feet from shore, the loon shook itself free and flew away.

Leland Stanford university was founded in 1885.
