

INSANE KILLER OF JUSTICE ESCAPES

Candidate

C. E. Cary, Pampa attorney and former County Judge of Gray County, has authorized the Pampa Daily News to announce his candidacy for District A, term of the 31st Judicial District composed of Gray, Roberts, Lipscomb, and Wheeler counties, subject to the action of the Democratic primary.

CHURCHES DUE TO BE PACKED

With little temperature change forecast, hundreds of Pampans are expected to attend Easter services at Pampa churches today.

Communion services, special music, baptisms and a sunrise breakfast, are among the many ceremonies that will be held by various churches of the city.

This afternoon an Easter egg hunt will be held by the church school of St. Matthew's Episcopal chapel, starting at 4 o'clock, under the direction of Mrs. Roy Wallerstein.

Rt. Rev. E. Cecil Seaman of Amarillo, Bishop of the Missionary District of North Texas, will officiate at a service of Confirmation, Holy Communion, and sermon at 11 o'clock this morning at St. Matthew's.

At the First Christian church, the elders this afternoon will take communion to all shut-ins who request it.

Several churches will have services tonight as well as the special morning ceremonies. Cantatas will be presented at 8 o'clock tonight by the First Christian and First Methodist churches.

STATE THEATER HERE WILL BE REMODELED

Only one large building permit was issued last week although several large residences are under construction in the city.

The largest permit was to the Griffith Amusement Company for repair of the State theater at a cost of \$3,000.

Total permits for the week were \$3,500. Total for the year is now \$2,525 with at least \$20,000 worth of new residences being erected for which permits have not yet been taken out.

I HEARD - - -

R. A. Smith announcing that even joined wheat had not been hurt by the recent cold spell and blizzards.

To prove his statement he prepared from beneath his coat several handfuls of wheat, roots and all, and put them on display in the sheriff's office.

EXTRA! WANT AD SALE!

Any day this week you can place a want ad to run six consecutive days at the amazing low price.

8 days for the price of 4! If you have a house to rent, furniture to sell, any of a hundred things to be done, choose the sure, quick way.

The R. R. Gives Low-Down on Lake Site; Cash Prize To Be Given For Best Name

By THE ROVING REPORTER

The Roving Reporter and Postmaster C. H. Walker, chairman of the Gray county lake committee want a name for the new lake now under construction on McClellan creek, and Mr. Walker will give \$5 to start a fund that will be given the winner of the contest.

Details of the contest will be announced several paragraphs down in this article, but right now the R. R. wants to give you the low-down on that dam.

The R. R. has been holding everything until he personally saw that lake site, and now he is prepared to say without equivocation or reservation that he prefers that dam site to any in Gray county, and that includes Beaver Dam.

Several weeks ago the R. R. and a bunch of boys tried to follow Mr. Walker's directions, and they wound up at a locked gate. Then we lit in cussin' "Hub" but he was right as rain all the time.

On that wild goose chase we wandered around without finding anything that looked like a dam-site and we finally found ourselves in front of a filling station at Alameda. There we heard a woman say that lake site was not nearly as good as the one at Beaver Dam, that it would turn out to be "a big tank."

That was exceedingly depressing, but we decided to withhold our verdict until we saw it. One day last week, "Hub" Walker and Garnet Reeves came by the NEWS with a vacant back seat and Harry Hoare and the R. R. climbed into it.

Well, the lake site far exceeded all expectations. The R. R. wouldn't trade it for any dam-site in the Panhandle, including Amarillo's.

TCU PROFESSOR WILL SPEAK HERE TUESDAY

Alvord L. Boeck, Texas Christian university faculty member and chairman of the National Education committee of the Texas Junior Chamber of Commerce, will deliver the first of four speeches dealing with economic trends, that will be made by four men covering the state, at the regular monthly luncheon of the Pampa Chamber of Commerce and Junior Chamber of Commerce at noon Tuesday in the basement of the First Methodist church.

In charge of the program will be the Pampa Junior Chamber of Commerce with Dr. C. H. Schutkey presiding. He will turn the meeting to John Osborne, education committee chairman of the local junior chamber of commerce, who will introduce the speaker.

Other parts of the program are to be arranged. Admission will be 50 cents a person.

The meeting of the Pampa Chamber of Commerce was postponed one week, in order that the senior group might hold the joint session with the Pampa Junior Chamber of Commerce.

Play Heroine

The Junior high school play, "The Little Clothopper," promises to be a stage event Friday night when it will be presented at 8 o'clock in the high school auditorium under the direction of W. W. Brister.

The title role will be played by Evelyn Aulds, above. She is the type of barfcoo-ed heroine who would "ruther go back to the orphan's home and dig partaters than marry George Chigerson, son of the villainous who is after the little clothopper's money which Evelyn knows nothing about.

Composing the executive board is: Lee Barry, Quail rural carrier; Farwell postmaster Mrs. Norman Loken; Sparman postmaster Marvin S. Chambers; Amarillo clerk George Weaver; Miss Ann Gidden; Memphis clerk; Sam S. Brice; Dunham.

FHA OFFICE WILL BE LOCATED AT AMARILLO

DALLAS, April 16 (AP)—R. E. Shepherd, district FSA director announced today the establishment of four widely separated service offices of the federal housing administration.

The new service offices are at Amarillo, Lubbock, Austin and Beaumont. Shepherd said an architect, an appraiser and a stenographer has been assigned to each station.

Here are the first pictures of the dam site on McClellan creek. The upper picture was taken from the point of a cliff, not quite as large, but as high, as the one seen in the picture. The dam, about 300 feet wide and 800 feet long, will tie into the bluff seen in the photograph. The dam will extend 55 feet up the cliff. The lake will cover more than 500 acres up the creek which is to the right in the picture. Below the dam is the dam where camps and cabins will be located. A score of men are already working on the dam. In the upper picture may be seen one of the test pits. The approximate cost of the dam will be \$300,000.

Borger Wins Meet, Sweeps Field In Literary Events

WALKER HEADS POSTAL GROUP

Postmaster C. H. Walker of Pampa was elected president and O. K. Gaylor, Pampa assistant postmaster, was elected secretary of the Postal Employees association of the 18th district at a meeting held Saturday afternoon in Amarillo. The 18th district comprises 28 Panhandle counties.

Other officers elected were: first vice-president, Postmaster W. D. D. Grass, of Amarillo who had been temporary chairman of the meeting and made the address of welcome; Finis H. Curtis, Estelline rural carrier; second vice-president, L. R. Kirby, Borger clerk; third vice-president, Flak's George Shampuck postmaster fourth vice-president.

Composing the executive board is: Lee Barry, Quail rural carrier; Farwell postmaster Mrs. Norman Loken; Sparman postmaster Marvin S. Chambers; Amarillo clerk George Weaver; Miss Ann Gidden; Memphis clerk; Sam S. Brice; Dunham.

EDITORS NAME NEW OFFICERS

Newspaper editors and writers at their concluding session of the Panhandle Press Association convention in Amarillo yesterday afternoon elected W. H. Graham of Farwell, as their president and voted to hold their 1939 convention in Amarillo next April.

Ed Bishop, of the Dalhart Texan, was elected first vice president. Mrs. Seth Holman, of the Hereford Brand, second vice president, and Clyde Warwick of Canyon was re-elected secretary of the group.

Albert Cooper, retiring president, of the Shamrock Texan; J. E. Clayton, of the Farwell, N. M. Tribune, and Tex DeWesse, of the Pampa News, were elected to serve on the 1938-39 board of directors.

The election was held at the concluding highlight of a two-day session of the Panhandle newspapers which included a score of addresses on various angles of the trade.

Nearly 200 persons attended the final day luncheon in the Crystal.

HOW TO PROVE HENS HAVE BEEN VISITING

PARIS, Tex. April 16 (AP)—The age-old problem how to inform neighbors their meandering chickens are a nuisance has been solved. A Parisian sends meandering birds home with cards "I have been visiting" dangling from their beaks.

Pieces of surgical cord attach the cards to attractive grains of corn. Chickens swallow the corn, the cards dangle from the beaks.

SCOUT TROOP TO BE FORMED

Plans were made for the formation of a Boy Scout troop at the Central Baptist church at a meeting held Friday night in the church basement.

Enough boys are available to organize a troop and obtain a charter. All boys of scout age and their parents are asked to be present Friday evening, when it is expected that the troop will be registered with Scout Executive Fred Roberts.

Harry J. Dulaney, Sr., has been elected scoutmaster, and the troop committee consists of Paul Jenks, John R. McKinley, E. C. Snyder, and Harry J. Dulaney, Jr., tenderfoot, Fred Baker Jr., who de-

See NO. 7, Page 5

G-C WORKERS WILL REPORT IN MORNING

A complete check of the results to date in the Pampa Chamber of Commerce membership drive is to be made tomorrow morning when workers will be asked to give a report on all cards that have been distributed to them.

Workers have been asked to have their cards in by noon.

Started Tuesday, the campaign had netted 144 memberships up to Friday night. There are 60 workers on the teams.

Early reports on the drive were encouraging, over 130 memberships having been obtained. This figure was more than half of the number on the membership list in 1937.

Guy E. McTaggart and Park C. Oates, both directors of the Pampa Chamber of Commerce, and members of the finance committee which is conducting the campaign, turned in one of the best of the early reports.

This committee practically completed its work and was successful in securing a membership from every firm and individual contacted up to noon Tuesday.

Fred Thompson is salesmanager of the campaign. District salesmanagers of the seven divisions of the sales organization are H. P. Lusby, Tom Aldridge, Dan E. Williams, J. W. Garman, L. L. McColm, J. M. Collins, and Frank Dial.

PAMPAN'S SISTER DIES AS SHE ENDS ADDRESS

DURANT, Okla., April 16 (AP)—Tragedy disrupted the fun of a high school junior-senior banquet tonight when Miss Larue Bell, 31-year-old teacher, dropped dead of a heart attack just as she concluded an address.

The banquet, for juniors and seniors of Kenefick high school, 16 miles north of here, was being held in a hotel dining room here.

While 23 students and a dozen faculty members looked on, Miss Bell finished her talk, said "thank you" and slumped to the floor.

She died almost instantly.

Miss Bell was sponsor of the Kenefick senior class. She is survived by her father, three brothers, and four sisters, including Mrs. Herman Mullen of Pampa, Tex.

TWO SISTERS DROWN IN BEACH SPRING OUTING

LONG BEACH, Calif., April 16 (AP)—A spring outing on the seashore here today for the Samuel H. Martin family had a tragic ending when two sisters were drowned, a brother is missing and a fourth child was resuscitated after they were caught in the rip current.

The dead were Flora, 18, and Jean, 11. The body of Bruce, 13, has not been found. Doris, 16, is recovering after emergency treatment.

Britain, Italy Patch Up Quarrels and Sign Historic Peace Pact

ROME, April 16—Italy and Great Britain tonight signed an agreement which paved the way for a possible four or five-power peace line-up in Europe.

The accord patched up British and Italian African and Mediterranean quarrels which might have led to war during the last three years.

While it was hailed with satisfaction by Premier Benito Mussolini and Prime Minister Neville Chamberlain in an exchange of telegrams, Italy still must carry out her promise to withdraw her combatants from Spain, during or after the civil war, before it will become fully operative.

Points in the pact, formally signed in Chigi palace by Foreign Minister Count Galeazzo Ciano and the Earl of Perth, the British Ambassador, included:

1. Withdrawal of all Italian fighters and war materials from Spain at the end of the civil war, if evacuation is not completed earlier.

2. Britain in return agreed to work through the League of Na-

Prelims Victor

The picture of Aubrey C. (Fozzy) Green, Jr., above, rates the front page because he won first in the preliminaries of the seniors boys declamation contest, and carried Pampa hopes into the finals in which he failed to place. Orman Harlen of White Deer won first, Louis Seliger of Borger second. A new set of judges served in the finals.

10 LOCATIONS FILED IN WEEK

Despite unfavorable weather conditions which curtailed testing of new wells, the Panhandle field reported 10 new locations last week.

Gray county led with five followed by Hutchinson with four and Carson with one.

Gulf Oil Corporation staked three new locations, two of them being No. 81 and 82 Dial in Hutchinson county.

Dersvann Oil Company of Pampa made a location southwest of LeFors, its first location in near-entirety to drill.

Carson County. Magnolia Petroleum Company No. 244 No. 40, 990 feet from the north and east lines of NE 1/4 of section 109, block 4, H&GN survey, Carson county.

Gray County. Geriana Oil Company L. H. Webb No. 1, 990 feet from the south and east lines of SW 1/4 of section 12, block A-9, H&GN survey, Gray county.

Gulf Oil Corp. S. Paulkner "A" (Tr. A) No. 13, 330 feet from the south and west lines of S 1/2 of section 33, block B-2, H&GN survey, Gray county.

PIERSON YOUTH USES MYSTERY KEY IN AUSTIN

AUSTIN, April 16 (AP)—Howard Pierson, 23, who shocked the southwest three years ago by killing his parents, Supreme Court Justice and Mrs. William Pierson, eluded a dragnet of officers today after escaping from the state insane hospital here.

Authorities, groping for clues, concluded he had somehow obtained a key, unlocked the great double doors to his dormitory building and walked to freedom, either by scaling a barbed wire fence or through one of two unguarded gates.

On April 24, 1935, young Pierson lured Judge and Mrs. William Pierson to the cedar covered hills 15 miles northwest of Austin on the pretext of showing them some Indian artifacts and there shot them to death.

Indicted for both murders, the former University of Texas student never was tried because he was found insane by a district court jury whose verdict sent him to the hospital. He had been a model inmate until his escape, detected at a 6:30 a. m. checkup.

Dr. C. H. Standifer, superintendent, expressed an opinion Pierson is sane. A hearing could not be obtained until unless hospital authorities were convinced he had recovered his mental balance.

Used Key. Claude Teer, chairman of the board of the central managed state hospitals, shared the superintendent's opinion the youth effected his release with a key, though neither would theorize as to how it was obtained.

Pierson was seen at 8:30 last night when he returned a magazine to a ward attendant. His pajamas were found tucked into a hegeron near his dormitory. From his room only his shoes were missing. He had arranged his bed to simulate the appearance of someone sleeping.

Dr. Standifer said Pierson had been one of the most "commendable" inmates, though he was not allowed the freedom of the grounds. When out of the locked ward, he was invariably accompanied by a guard, even when playing recreation.

The superintendent said inmates

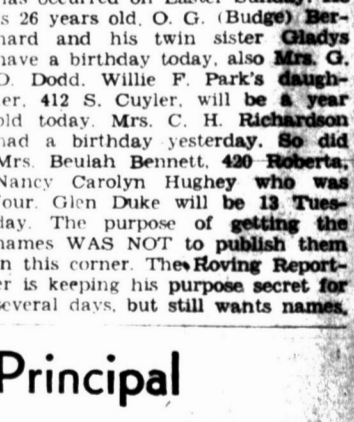

See NO. 8, Page 5

I SAW - - -

Is flooded with the names of persons born in April. Was everybody in town born in April? Those who have birthdays today, Easter Sunday, include Mrs. Louise Sain, Errol Wagner, son of Mrs. O. A. Wagner, 109 N. Wayne, and by the way, Errol is an Eagle Scout.

This is the first time his birthday has occurred on Easter Sunday. He is 26 years old. O. G. (Budge) Bernhard and his twin sister Gladys have a birthday today, also Mrs. G. D. Dodd, Willie P. Park's daughter, 412 S. Cuyler, will be a year old today. Mrs. C. H. Richardson had a birthday yesterday. So did Mrs. Beulah Bennett, 420 Roberts, Nancy Carolyn Hughey who was four. Glen Duke will be 13 Tuesday. The purpose of getting the names WAS NOT to publish them in this corner. The Roving Reporter is keeping his promise secret for several days, but still wants names.

Principal

Ernest Cane, high school history teacher, last week was elected principal of Junior high school, succeeding R. A. Selby who was named supervisor of curriculum in the Pampa Independent school district. Dore Osborne was elected high school principal. Mrs. Cane formerly taught in Junior high here.

O'CONNOR AND AFL SUPPORT HOUR MEASURE

WASHINGTON, April 16 (AP)—The administration's latest effort to put a wage-hour law on the statute books at this session of congress drew support today from the American Federation of Labor and Chairman O'Connor (D-KY) of the House Rules Committee.

There was no apparent break, however, in strong Southern opposition to the legislation. William Green, President of the A. F. of L., said in a statement that the federation accepts and favors the bill recently approved by the House Labor Committee.

Green added, however, the federation believed that bill could be improved. He proposed that it require at the outside a maximum wage of 40 cents an hour, maximum work week of 40 hours instead of starting the standards at 25 cents and 44 hours and stepping them up to the 40-40 level over a three-year period.

O'Connor, who recently led a successful house revolt against the administration bill, repeated to every member of his rules committee to back him in a movement to bring the legislation before the house at this session.

However, Rep. Cox (D-Ga.), one of the committee's outspoken critics of the legislation, said the group had not changed its attitude since last year, when a coalition of its Republican and Southern Democratic members blocked the legislation for months.

"It still is my opinion," Cox asserted, "that there will be no house consideration of any wage-hour legislation this year."

Many house members agreed the rules committee holds the key to the bill's fate because proponents have made it plain they would not attempt again to overcome the committee's opposition by forcing the measure to the floor by a house petition. This method was employed successfully last year but the house ultimately rejected the measure.

850-POUND AIRPLANE SOARS TEN MINUTES

WICHITA FALLS, April 16 (AP)—An 850-pound airplane soared for ten minutes and gained 150 feet in altitude at municipal airport today.

Ted Bellak, one of the glider enthusiasts here for the soaring society of America meet, abandoned his sailplane and experimented with the heavier craft.

Lewin B. Barringer, manager of the soaring society of America, piloting the glider, located the upward current for the trailing Bellak, and when the latter piloted his motor ship into the thermal and throttled the motor, the heavier craft followed the sailplane on its upward journey for 150 feet.

Members of the soaring expedition here believe Bellak's experiment one of the few ever made with motor-driven planes, and its success is likely to lead to further gliding experiments with the heavier machines.

Charge Filed in Abduction Case

NEW BRAUNFELS, April 16 (AP)—Police Chief Walker A. Scholl said today Nicholas Smitham had been charged with robbery by fire.

Smitham was arrested in Houston yesterday on information furnished by Scholl, and returned here today. Smitham and Braker were kidnapped when they went to investigate a report that proslers were seen at Linnartz' camp on the Citadela river. They were forced to drive to a point between San Marcos and Austin, where they were handcuffed, Braker's wrist to Linnartz' ankle and thrown out of the car.

With great difficulty they made their way to a farm house and gave an alarm.

TEXAS BUILDING PERMITS

(By The Associated Press)

Houston, leading in building permits for the week and under, was ahead of Dallas.

Houston's 877,785 for the week, compared with a history almost to the Texas company headquarters, at a cost of \$200,000.

A 1938 permit for a state highway bridge on Llanonac avenue boosted Fort Worth's total to \$200,765.

Permits for the week and year by cities follow:

Table with 3 columns: City, Permits for Week, Permits for Year. Includes Houston, Dallas, San Antonio, Austin, El Paso, Fort Worth, etc.

Prelude to Easter Sunday

They toil not, neither do they spin—but lilies like these will gladden the hearts of the faithful all over the world on Easter morning. Symbolic of the purity of the Saviour, the lilies pictured above were grown near Santa Cruz, Calif., to be shipped to cities in the east and middle west. Stretching for miles, the lily fields present a picture of striking beauty, enhanced (don't you think?) by the presence of pretty Gloria Daily, shown surrounded by some of the 75,000 blooms grown in the region.

Wed 50 Years, Fords Celebrate

When in 1888 Clara J. Bryant married an unknown young man of 25 by the name of Henry Ford, she didn't dream that 50 years later a whole town would celebrate their golden wedding anniversary. Yet virtually every resident of Dearborn, Mich., literally had a hand in the anniversary festivities, for the huge volume back of which Mr. Ford stands in the picture above was presented to him and Mrs. Ford, right foreground, with the best wishes and signatures of their neighbors, at a party held in the Fords honor the other night at Greenfield village auditorium in Dearborn.

POLICE OVERPOWER OBJECTORS, TAKE INJURED BOY TO HOSPITAL

DALLAS, April 16 (AP)—Police overpowered a number of objectors tonight to enforce a court order removing Billy Joe Hart, 16, from his home to a hospital for treatment for serious injuries received in a traffic accident.

The boy's parents are dependent of doctors, but had refused to permit his removal from their home to a hospital.

When early in the night Officer Paul Parker and two policemen found themselves unable to enforce the court order, they called for aid. Twelve other policemen responded and held off the objectors while the boy was being removed.

Billy Joe, son of the Rev. Mrs. J. M. Hart, suffered a head injury, back injury and crushed hand when his bicycle and an automobile collided today.

About a year ago Billy Joe's brother, Ralph Hart, 17, was ill and the parents were ordered by District Judge John A. Hawkins to obtain from a physician a medical treatment of the boy and to permit him to be sent to a hospital for treatment.

It did not become necessary, however, to send him to a hospital. After the accident, Judge Billy Joe's parents took him to their home after his hurt was "checked" at an emergency hospital, declining to permit his removal to General Hospital.

Judge Rawling issued the order on a petition by the county probation officer.

The officer's petition set out that the boy's injuries were such that medical attention. The application also stated that the boy's father refused to permit Billy Joe

Mrs. Eva Russell of Higgins is visiting her sister, Mrs. W. G. Nation, 121 South Starkweather.

Mr. L. M. Angle is convalescing at her home near McLean, following her dismissal from a Pampa hospital, where she has been under treatment for several months.

Mr. and Mrs. Raymond Coons of Mena, Ark., formerly of Pampa, are the parents of a seven-pound daughter, Mary Gail, born Wednesday.

Mr. and Mrs. Truman Harris are guests in the home of Mr. and Mrs. R. A. Selby. Mr. Harris, a former Pampa teacher, is now teaching English in Eastern New Mexico Junior college, Portales, N. M.

De Ann Heiskell left Friday for Oklahoma City, where she is a student in Draughon's business college, following a two-week visit here with her parents, Mr. and Mrs. H. H. Heiskell, 725 East Kingsmill.

A marriage license was issued Friday to Richard Gillispie and Miss Dorothy Curlee.

Mrs. Johnson of Skellytown was dismissed from Pampa-Jarratt hospital yesterday.

Mrs. D. H. Sutton was taken to her home from Pampa-Jarratt hospital yesterday.

Mr. and Mrs. D. W. Tillman announce the birth of a daughter weighing 8 1-4 pounds yesterday. She has been named Nancy Lee.

WINS PLAY CONTEST

SAN ANGELO, April 16 (AP)—One-act plays of San Angelo, Ballinger and Lake View schools rated in this order when judges decided the District 7 contests here tonight. John Scott Harris of San Angelo and Edith Jones of Ballinger were rated best boy and girl actors. The San Angelo cast participates in the regional meet next Friday at Abilene.

For a Sunny Easter Sunday

Should Easter Sunday dawn clear and bright, Mrs. Roosevelt will wear the outfit pictured above. The ensemble is navy blue silk with seven-eighths coat faced with plique and decorated with a pique flower. Marquisette applique on the waist and sleeves is another feature of the model. With this ensemble Mrs. Roosevelt wears a rolled brim sailor hat of regatta straw, trimmed with white plique around the edge and bearing a navy blue veil tied in back. White gloves and white handbag complete the ensemble.

PECAN CROP DAMAGED BY LATE FREEZE

By POTTS BOSWELL. Texas pecan growers, looking back on a season which brought them more than \$3,000,000 for a better than average crop of 31,200,000 pounds, were considering today an estimated 40 to 60 per cent damage to prospects for this year by April's recent freeze.

Pecan experts of the State Department of Agriculture, predicted that South Texas, lagged in production last year, would come through to help minimize the loss in other sections. They said eventually the fat and lean years would be better evened-up through combination or orderly marketing methods with "appreciative care" of the native pecan tree.

From native trees, they pointed out, come an average of more than 75 per cent of Texas pecans. "Appreciative care" by eliminating competitive growths from native groves, would within a few years lift the pecan crop from its "sixteenth or seventeenth place" in comparative value to "fifth place."

The U. S. crop reporting bureau estimated that Texas growers, as usual accounting for 40 per cent of the total crop, drew an average price in 1937 of 6.1 cents per pound for 29,950,000 pounds of native, or uncutivated pecans, and 14.3 cents per pound for 1,250,000 pounds of the improved or "paper shell" type.

From both improved and native trees the bureau estimated the ten year production was 25,540,000 pounds yearly from 1928 to 1937, inclusive, and the average price per pound was 7.65 cents. The average for uncutivated production was 24,597,000 pounds yearly, and the price 7.25 cents. Improved pecans averaged 943,000 pounds with an average price of 18.27 cents.

The estimate of 40 per cent was contained in a report to the Department of Agriculture by W. S. Price of Gustine, president of the Texas Pecan Growers' association, and a pecan expert for the State Agricultural department. Price said fully half the native pecan tree producing area in Texas was affected by the cold.

Crops Total Loss. The crop, he reported, was a total loss in Erath, Hamilton, Comanche, Lampasas, Brown, Coleman, Tom Green, Llano, Stevens, Young, Mills, Mason and McCullough counties. Elsewhere the loss ranged from 10 to 70 per cent.

A happier situation, however, Price pointed out, was that other sections, unaffected, reported the heaviest settings of nut flowers on record for this time of year.

Price and W. D. Sims of Waxahachie, pecan expert in charge State Department of Agriculture described the pecan tree as a "natural resource" in Texas. Properly cared for, the native trees can produce a consistent cash crop for the farmer, they said.

The Southwest Pecan Growers association of which H. G. Lucas of Brownwood is life leader, is conducting the pecan tree as a "natural resource" in Texas. Properly cared for, the native trees can produce a consistent cash crop for the farmer, they said.

Under the plan, shellers as well as growers are participants. The rate is four cents per pound for nuts of the paper shell variety in the shell and 5 cents per pound for shelled nuts, which permits the native type pecan representation.

Only on exports to Canada and Mexico does the rate vary. To those countries the subsidy on nuts in the shell remains the same, but for shelled nuts the payment ranges from 12 cents for the highest types to 8 cents for the lowest.

Shellers, who were not taken in under the plan until March, 1938, must pay growers not less than 7 cents per pound for nuts in the shell, and cannot buy from the middle man, or speculator, for export under the plan.

American pecans are now exported in a limited way to England, Belgium, and Holland, and some have been sold to Germany and France.

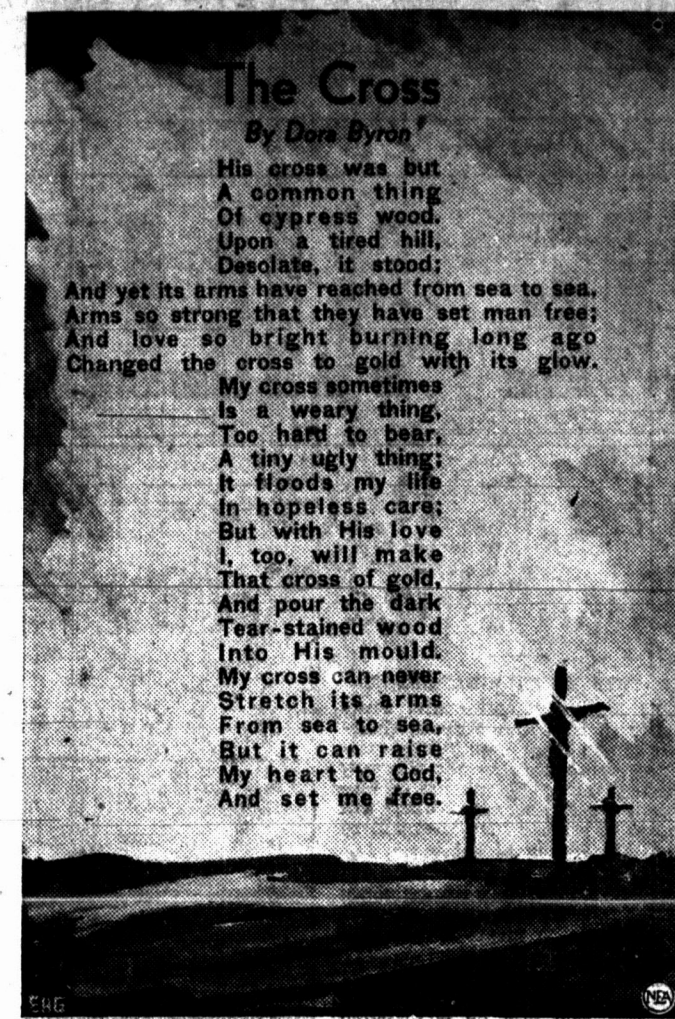

The Southwest Pecan Cooperative association is interested primarily outside the United States in developing markets in Canada and South America.

Producers in the organization are from Brown, Comanche, Mills, San Saba, Runnels, Concho, McLellan, Bosque, Bell, Guadalupe, Tom Green, Hill, Bastrop, Lampasas, and Eastland counties.

ATTORNEY HAS NO IDEA WHERE PIERSON FLED

AUSTIN, April 16 (AP)—Walter C. Pierson, Austin attorney and second cousin of Howard Pierson, said today he had "no idea" in which direction Howard fled after escaping from the state insane hospital here. "I'm just as much in the dark as the hospital superintendent and the officers," the attorney said. "I don't know where he might have gone."

A Poem for Easter

The Cross

By Dora Byron. His cross was but a common thing Of cypress wood. Upon a tired hill, Desolate, it stood; And yet its arms have reached from sea to sea. Arms so strong that they have set man free; And love so bright burning long ago Changed the cross to gold with its glow. My cross sometimes is a weary thing, Too hard to bear, A tiny ugly thing; It floods my life in hopeless care; But with His love I, too, will make That cross of gold. And pour the dark Tear-stained wood Into His mould. My cross can never Stretch its arms From sea to sea, But it can raise My heart to God, And set me free.

NO DEPRESSION IN TEXAS SAYS 'TIME' MAGAZINE IN ARTICLE

Last week salesmen were calling Dun & Bradstreet to report: "In Texas they don't know a depression exists!"

Take that as the word of Time, the weekly news magazine, in the issue of April 11.

Time admits it gained its knowledge of Texas business conditions by pursuing the nationwide chart of trade volume published in Dun's Review.

So Time joins other national business commentators—notably Forbes Magazine and the Nation's Business—in paying tribute to Texas as one of the few areas where business has suffered less in the early days of 1938 than have other sections of the United States.

Says Time in its analysis of the current business picture: "Good Picture of Business: The Dun & Bradstreet analysis gives about the best picture of current 'distribution of depression' published monthly, it is particularly useful to salesmen, many of whom make a policy of telephoning Dun & Bradstreet where to go next."

Where not to go now is obviously the industrial East, hardest hit section of the United States. Because of the slump in automobiles, trade in the Detroit area was off 26 per cent in January from January, 1937. New England trade was down 21 per cent as its rambling textile mills operated on a three-day week. Glass, steel and auto-part mills were listless in Northern Ohio. Northern Illinois trade shrank as Chicago unemployment grew. In Manhattan trade volume plumped 49 per cent with chemistries and department stores feeling the pessimism of Wall Street.

Not quite so hard hit are the semi-industrial, semi-agricultural regions such as upstate New York and Pennsylvania.

Cold blast furnaces drove trade in the Pittsburgh region down 19 per cent. In the furniture manufacturing area near Albany, citizens felt the dearth of new furniture buying and due to that and other causes trade fell 15 per cent.

Florida's dwindling tourist influx was off about 8 per cent because depression in Kansas City and St. Louis counterbalanced country buying.

In Texas and Lower Arizona and New Mexico, the stability provided by bumper 9 cent cotton crops is notably enhanced by the oil business, about the only United States industry still going at close to full blast (because of war demand and the fact that people have yet to stop driving their cars.) In that region (trade in January was off a mere 1 per cent (one-tenth of 1 per cent.)

LUBBOCK WINS TRACK AND FIELD CONTEST

LUBBOCK, April 16 (AP)—Coach J. G. Keyes' Lubbock High Westerners repeated as district 3 Inter-scholastic track and field champions today, winning the meet at Texas Tech field with a total of 33 points.

Brownfield was second with 18 and Amherst third with 15. Spur and Muleshoe, Littlefield, Spade, Abernathy, Olton, Draw Pettie, Idalou, Lamesa, Ralls, Tahoka, and Floydada trailed the leaders, qualifying men for the regional tournament next week at Canyon.

Two district records were broken and two equalled as the meet was conducted under perfect weather conditions. Captain Melvin Cooksey of Lubbock established new records in the 440-yard run and the 220-yard low hurdles. High point man for the meet was Eugene Ellis of Brownfield, with 13. He won first in the shot put and javelin and second in discus.

'POOR DEAL,' THINKS TERRY OF DEAN TRADE

CLEVELAND, April 16 (AP)—Bill Terry, manager of the New York Giants, said tonight he believed the St. Louis Cardinals made a poor deal when they traded Dizzy Dean to the Chicago Cubs.

"I can't understand it," Terry said.

GOP LEADERS WILL BATTLE PUMP-PRIMING

WASHINGTON, April 16 (AP)—Republican leaders agreed today to carry a fight to the country against further huge "pump-priming" expenditures by the federal government, but Democratic critics of the President registered in the main to go along with them.

The Roosevelt opposition within the Democratic party determined, however, to join in a vigorous effort to restrict the President's authority over his proposed \$4,500,000,000 program of lending and spending to end the depression.

Some Republicans said they hoped this effort to "earmark" the purposes for which funds could be used would result in prolonged debate in congress, during which public opinion might register against increased federal spending.

Administration leaders predicted quick approval of the President's recommendations and went ahead with arrangements for committee hearings next week.

The Republican National committee announced that John Hamilton, its chairman, would speak over a national (Columbia) radio network at 7 p. m. CST, Sunday night. He will discuss the question, "Where Are We Bound?" Aides said it would be his first address over a national network since last November 5.

There was no advance indication as to what Hamilton might say, but reporters had no doubt about the probable trend of another address to be delivered by Senator Vandenberg of Michigan, a 1940 Republican presidential possibility, over another (Mutual) network at 6 p. m. CST, Sunday.

Shortly after the President submitted his recovery and relief program to congress on Thursday, Vandenberg commented:

"I must reject his renewal of a profligate spending program with its deficits and debt, because that is the route, in part, which has brought us where we unhappily are."

Without waiting for congress to provide additional funds, Secretary Ickes, the Public Works Administrator, resumed spending under the old PWA program today. He apportioned \$3,119,902 in loans and grants to help finance construction of 58 schools and school additions in 27 states.

Ickes said these allotments would be financed under existing legislation from the sale of bonds and other securities.

Reliable persons disclosed that the Works Progress Administration, in another step to combat depression, shortly would place a "substantial" order in the cotton markets for materials to be used in work-relief sewing rooms.

Cotton mills have been hard hit by the business slump.

Several governors were here today for conference with government spending and lending agencies.

Governor Frank Murphy of Michigan discussed with Secretary Ickes a \$12,000,000 hospital construction program, and a \$1,000,000 state fair building construction program. With Harry L. Hopkins, the Works Progress Administrator, he talked over the details of transferring from 40,000 to 60,000 persons from direct relief to work relief.

Governor Hugh L. White, of Mississippi, arranged for a conference Monday with Aubrey Williams, assistant WPA administrator, about a beautification scheme for the Mississippi coast between Pass Christian and Biloxi.

Governor Clyde Tingley of New Mexico talked politics and unemployment aid. He was enthusiastic about the President's proposals.

Civic Chorus to Present Cantata

WHITE DEER, April 17—The White Deer Civic chorus is presenting an Easter cantata at the grade school auditorium at 8 o'clock this evening. The cantata, "Life Eternal" by Fred B. Holton, will be directed by Glenn F. Davis with Miss Eleanor Ansley as accompanist. This is the first public appearance of the chorus.

Solos will be sung by Mrs. Neal Edwards, Mrs. I. E. Walker, Mrs. E. R. Clavinger, Glenn F. Davis, and Elton Beene, and Mr. and Mrs. Glenn F. Davis will give a duet number. "The Rosary," cornet duet, will be played by Mr. Elton Beene and Mr. Marshall Gordon as a special number.

Mesdames C. B. Martin, June Duval, Eula Bishop, Bill Watson, Herman Coe, John Williams, Bill Seltz, Misses Christine Cousins, Virginia Martin, Louise Holgate, Dorothy Lou Martin, Le Nette Cook, Esther Plank, Louise Crumpacker, Roberta Bertand, Melva Gamewell, Mary Elizabeth Scott, and Elizabeth Deal; and Messrs. Ray Vineyard, E. E. Walker, Nathan Edwards, Bill Watson, Francis Smoot and R. D. Seitz are the other members of the chorus.

Several of the White Deer churches are to be dismissed for the evening program.

In Tragedy

The Berkeley, Calif., home to which Weston G. Frome and his daughter Nada (Mrs. Benjamin Molkain of Paris Island, S. C.), above, returned, held only memories of Mrs. Frome and another daughter, Nancy, 23, who were found mysteriously murdered in southwestern Texas. They were buried at Berkeley. The slayer is still at large.

NATION WILL GO TO CHURCH THIS MORNING

(By The Associated Press)

A simple Easter service, like thousands of others in neighborhood churches throughout the land, drew President and Mrs. Roosevelt this morning to their family pew in St. Thomas Episcopal church at Washington.

Their tranquil observance was in striking contrast to the President's busy, turbulent week just ahead.

With them Mr. and Mrs. Roosevelt arranged to have their son and daughter-in-law, Mr. and Mrs. James Roosevelt; their six-year-old granddaughter, Sara, and several house guests.

Only the usual congregation could be accommodated in the President's church. Dr. Howard S. Wilkinson, the rector, chose "The Power of the Easter Story" as the subject of his sermon.

Elsewhere in Christendom there was elaborate ceremonies.

In Rome, thousands gathered at St. Peter's to see Pope Pius give three new saints to Catholics for Veneration. Other thousands waited outside to receive the Pope's blessing from a balcony.

Impressive services were arranged at Jerusalem, within 50 miles of the Jewish area where the battle between British troops and terrorists shattered the Holy Land calm yesterday.

On Monday, thousands of children will participate in the traditional Easter egg-rolling on the White House grounds, an event begun in 1878 by President Rutherford B. Hayes.

The egg-rollers will keep a lookout for the President, who is expected to appear on the south portico early in the afternoon. Mrs. Roosevelt will greet early arrivals.

One group of children will celebrate inside the White House. Mrs. Roosevelt is giving a party for friends of Kate and Sara Roosevelt, daughters of her son, James.

SON KILLED IN HUNTING FOR BURIED TREASURE

BALLINGER, April 16 (AP)—The father of Leon Watkins, 28, who was crushed to death by a boulder yesterday as he dug for buried treasure, expects to continue the hunt.

George Watkins, farmer, believed they were near the legendary

cache when the rock slipped from its place in a cliff near his home and pinned his son.

Watkins declined to divulge any information concerning the search or a map he is reported to possess.

The legend has it that a small fortune in gold bullion was concealed in a small cave in the cliff by Mexicans in the early part of the nineteenth century.

ARISE

MEN! Did you read about the recent discovery two psychologists made after a study of 500 New York college girls? A mimeographed report reducing the essentials of the discovery to simple, easily understandable language should be placed in the hands of every young man of marriageable age in the United States...

Women who are dominant, it has been found, started getting that way in their girlhood. These were among the facts discovered about the college girls with a touch of the dictator complex: they had been closer to their fathers than their mothers, they had been to camp, they had had allowances, they had rarely had to count the pennies...

The future, young men, is yours, if this thing is put across in the right way, but there's no time to lose and everybody's got to be willing to sacrifice his own selfish interests temporarily for the common good.

You've got to make the older men with daughters see the necessity of quick, unified action. No more pampering of girls no more summer camps, no more allowances, no more dates before 15, and no more of this silly idea of treating girls as individuals. Except... except... how to do it with that dominant older woman around the house?

CHIN MUSIC

Two bargers in Twin Falls, Idaho, have figured out that the average man grows about 7604 feet of hair a year. If the whole country's crop were laid end to end, they say, it would reach around the world 1728 times.

Something, certainly, ought to be done about this. With the world in the state it's now in, you can't just let a thing like this go.

If nobody gets any good ideas, the sheared and razored hair henceforth can be stored away in the halls of Congress during the summer recess until a good use is found for it, but here are some suggestions that might help out:

If the country just can't get along without the customary quota of stuffed shirts, why not flood the market with shirts stuffed with the barber shop output and drive the other kind of stuffing out of business?

Put a few of the unemployed to work weaving the hair into a net to keep the French cabinet together.

These days there ought to be a big market among Europe's political leaders for an assortment of hair shirts, if there are any consciences left.

The field of possibilities staggers the imagination. The chances are that right now the Germans, apparently the world's ersatz champions, are making their old beards into barbed wire.

After all, what's the point of gathering statistics if something worthwhile isn't worked out with them?

Behind the Scenes In Washington

By RODNEY DUTCHER

Pampa Daily News Washington Correspondent

WASHINGTON — Nomination of Congressman Scott Lucas in the Illinois Democratic senatorial primary was displeasing to Jim Farley, encouraging to advocates of good government, disappointing to militant labor and inconclusive as it affected the political fortunes of Mr. Roosevelt.

Farley had insisted on backing the notorious Kelly-Nash machine of Chicago in its support. Mike Igoe, and Assistant Attorney General Keenan, one of Farley's generals, went out to make a speech at an Igoe dinner. Labor's anti-Partisan League also supported Igoe against Lucas, who last December voted to re-submit the wage-hour bill.

Lucas is no New Dealer and if he is elected, he seems likely, he will be more satisfactory to conservatives than is the incumbent Senator Dietrich, who could always be depended on by the administration. New Dealers less "practical" than Mr. Farley, however, are said the Kelly-Nash machine was licked and think the inference is that Roosevelt should be victorious any time he wants openly to appeal on behalf of a clean candidate against a corrupt big city machine. Roosevelt himself kept hands off the Illinois

Tex's Topics

Tex De Weese is out of town. We seize this opportunity of saying just what we think about him, the only question being whether it can be printed! (Query to legal department). We are not sure that editors are subject to law, but if so, we know one who could every properly be "amerced n an hundred shekles of silver" and (deleted by Editor)

Today is Easter Sunday. The first Sunday after the first full moon after the twenty-first of March. The observance of Easter is a Christian ceremony. We are told that it commemorates the resurrection of our Savior, Jesus Christ, and such being the case, it is, without doubt the most important ceremony in the world to Christians, since it commemorates one of the most important basic events in our Christian faith, and without it there would be no hope of salvation or Life Eternal. We have it on good authority that the hope of salvation is the greatest blessing possessed by mankind, and that health itself is second in importance to it. We are told that the hope of Heaven, Paradise, Nirvana, Valhalla, Elysian Fields, Happy Hunting Grounds, or by whatever name it is called in different religions, is a universal hope, common to all mankind. We are told that some of its attributes are whatever we have not got here, and most ardently wish for. To some it is a place of rest; to some a place of plenty; to the Arab, whose life conditions are hard, it is a place of entertainment, with a great plenty of food and drink, and many beautiful women; to the American Negro it is a place where there is plenty of corn pone and side meat; to the American Indian it is a Happy Hunting Ground, abounding in game. But no matter what your conception of Heaven is, the hope of it among Christians depends largely on the fact of, and our belief in, the resurrection of Jesus Christ. As such it is a holy, worthy of commemoration and observance. It has as deep a religious significance as any celebration in any religion, and happily for us it is the very best and most highly significant of Christian observances.

Some will be in church today who have not been there since last Easter, and some will not be in church again before next Easter. We will forgive any minister who on account of the above facts, wishes some members of his congregation a "Merry Christmas" today!

We argued about the word "won't" in such a sentence as "I won't go." We insisted it was good English, but were told that it was an error, a colloquialism, a mistake, not subject to parsing, and impossible of derivation. Page the English department of the High school. We will tell you about it tomorrow.

Yesteryear In Pampa

TEN YEARS AGO TODAY

Announcement was made that F. W. Woolworth company would occupy the new \$30,000 Clem building. John T. Glover was the contractor.

FIVE YEARS AGO TODAY

A total of \$1,027.30 had been paid to 244 men and 11 women, relief workers, by the federal relief committee.

Hundreds of children participated in the Pampa Daily News-LaNora theater Easter egg hunt, held west of Harvester park.

primary and his relations with Governor Horn, whose state machine put Lucas over, remain friendly and close.

Further conclusions are difficult because a horde of Republicans, with no hot senatorial battle of their won, voted in the Democratic primary—mostly for Lucas.

Congressmen from other states are encouraged to note that all incumbent congressmen from Illinois were nominated. There had been fear that voters, soured by depression, were likely to boot out an unduly large number of congressmen now sitting.

The next conspicuous promotion of a woman under this administration is likely to be that of Miss Marion J. Harron, only feminine member of the U. S. Board of Tax Appeals. Miss Harron is being considered for one of the two new federal district judgeships in California which Congress is about to provide.

Regarded as one of the ablest members of the tax board, Miss Harron is a lawyer who has specialized in corporation organization and reorganization, banking, taxation, anti-trust laws and other fields of finance. She practiced law for 6 years in Berkeley, Calif., and in New York City and was appointed to the board in July, 1936. Now she travels about the country sitting as a trial judge on taxpayer appeals from Bureau of Internal Revenue assessments.

Facing a crowded calendar in New York recently, Miss Harron called in all the lawyers, asked how much time each would take and allotted the time so the lawyers wouldn't have to hang around waiting unnecessarily. The calendar was finished in spectacularly fast time, partly because hearings ran past the dinner hour. Other board members, accustomed to finishing at 4:30, grumbled.

Sweetest congressman of the year is Charles A. Plumley of Vermont, who not only just sent a small package of Vermont maple sugar to each of the 530 members—and to correspondents as well, bless his soul—but accompanies the gifts with the message:

"It stands the undefeated, undisputed, unchallenged champion in its class; the best in the world. Moreover, it is 100 per cent pure unadulterated, and the genuine article;—so also is my regard for you."

'Hya, Butch!' 'Hya, Spike!'

Man About Manhattan

By GEORGE TUCKER

NEW YORK—Somebody surely must be wrong. Somebody must have their dates, or their writers, or their something, mixed. I was thinking of Ernest Hemingway, and Jed Harris, and the new magazine Ken.

In the first issue of Ken Mr. Hemingway writes an article about his favorite subject, the Loyals in Spain. After publishing the piece, the editors, in a little aside to the reader, say: "We would like to have Mr. Hemingway become one of our editors, if our editorial opinions do not come into too much conflict. We do not know whether he will become one of the editors or not, for he has been in Spain ever since this magazine was first received. But whether or no, he will continue as one of its contributors until he quits or gets fired!"

Now let's go back three of five weeks, to an afternoon last February, in an office on Broadway. Mr. Jed Harris, the producer, is facing his correspondent across a wide desk. He has just come in off a junket from the deep south, and his bags are still unpacked.

He says: "I've been hunting and fishing with Ernest Hemingway down in Florida. We had great time, and I dazzled him with my marksmanship. We also discussed his new play, 'Fifth Column,' which I may produce. I think he really has something there. Then I came back to New York."

Like Cleek, the man of 40 faces, nobody can get together on his exact whereabouts. Whether Mr. Hemingway, Spain or the Evrglades?

There is something hilariously cheering in seeing old Pearl White thrillers 20 years ago, and the villains with curled mustaches emitting silent but cruel "Ha's" whenever the fragile heroine hove into sight. The Hotel New Yorker has begun a series of revivals for dinner guests and show several of these ancient movies each week. I am a sucker for the early film adventures of Helen Holmes, leaping off trains, and of Ruth Roland, who faced a thousand deaths every Sunday night in the old serials, each episode with the iron claw clutching at her throat, or the hero hurling—so you thought— to a horible death in the abyss below.

Jimmy Dorsey, I like too, and his music I like better. . . . I am not waving a flag for the New Yorker but with an ingenious ice show, early Wallace Reid movies, and Dorsey's music all thrown in for a single dinner ticket—somebody deserves a nice hand. Meanwhile, Mr. C. W. Dayhoff, of TWA, weighs in with what seems to me a legitimate complaint. "It will be okay with me if the Tennessee Valley Authority and the Public Works Administration want to quit using their initials, 'TVA' and 'PWA.'" Every time something happens the phones start ringing and people want to know if we are having trouble in Tennessee. It seems as if we are always being confused with TVA. Mr. Dayhoff, for your information, is representing TWA, and the far from being a government project, is the Trans-continental and Western Airways.

SUMNERS HAS OPPONENT DALLAS, April 16 (P)—Leslie Jackson, Dallas attorney, filed today as a candidate for the Democratic primaries for the Congressional place held by Hutton W. Sumners, chairman of the House Judiciary committee.

Persons under 10 years of age formed only 17.5 per cent of the total population in the United States in 1935, compared with 19.6 in 1930.

People You Know Around Hollywood

By ARCHER FULLINGIM

Coach Odus Mitchell will never again have the same attitude toward a sprained ankle that he has had since he first began to take part in athletics. In the last 20 years he was started in college football and basketball, played softball, tennis and many another game, and in all that time he has never suffered a sprained ankle—that is, until the other day when the sprained ankle jumping after a softball. Now he's hobbling around and doesn't care whether he walks or not. Commented the coach, "I've coached dozens of boys who had sprained ankles, and I used to call them to stand on it, get up and walk around on it, and most of them never murmured. For the first time I can now sympathize with them. I know how it feels—heck, I can't walk around on mine! And I don't see how the did. Then to top it off, Cliff Chambers came up and began to heckle the coach. "I'll run you a race after this track meet," challenged Cliff who has a stiff knee with a lot of bones in it missing. "If you can run a race, I can," the coach said, but this one thinks that that was as far as the thing went.

Animals Numerous "Boolo" is Malayan for "fur and feathers." Elliott and company have been in the big heat, about 400 miles north of Singapore, for the past nine months making it. Elliott is a quiet, un-Hollywood fellow who goes off on trips like this and comes back with authentic jungle stuff on celluloid. His last expedition resulted in the very successful "Devil Tiger." This trip also was inspired by a tiger—the white tiger of the region. This albino cat—really white, not painted—is the animal that, in the film story, sets the British scientist on the adventurous trail.

But before they get to the tiger, and afterwards, the yarn makes use of wild buffaloes, a 26-foot python, wild elephants and assorted undomesticated fauna. The gentleman involved with these jungle creatures is Colin Tapley, a pleasant young New Zealander who has been around Hollywood under contract five years but had to go to the jungle for his first leading role.

One of Colin's little scenes had him lassoing a baby buffalo while swimming in a stream with a herd of them, babies and grown-ups. Even the babies have horns. Not a cowboy, Tapley had been instructed in harriet-tossing, so while the cameras ground he went to work. He insists modestly that it couldn't happen again in a million years, but he lassoed two instead of one. Tapley was not surprised at getting two; he was amazed at getting any. After the two babies had dragged him to shore, rather cut and bruised, he secured his rope around a tree. Then one of the infants got loose and Mr. Tapley was slightly gored in the side.

Snake Bite The sound man, however, had the nearest adventure of all. That 26-foot python sank his fangs in the muke-man's arm, began coiling around his body. It took the rest of the crew 15 minutes to pry him loose. The victim went to the hospital, but the python pursued his career as a movie star.

There was also a bit of a skirmish with a wild bull elephant, and a flood to put the recent Southern California deluge to shame, and then there was the heat, equatorial, humid and best described by Tapley, "Just sweat, sweat, sweat!"

So if "Boolo" doesn't strike you as realistic, rest assured just the same: not a foot of it was shot in Hollywood. The leading lady is a Japanese actress named Suranna Amara. In the picture are also 41 relatives of Suranna, whose family loyalty is all that stood between her and a Hollywood career. She wanted to come, says Elliott, but wouldn't unless the 41 were brought along. And 41 is a large order of relatives, even for Hollywood.

It's in the cards that business will grow and develop. All that is needed is a stimulus to break up the log jam in the capital markets. —CHAIRMAN DOUGLAS of the Securities and Exchange Commission.

This is a Young Republican year. —SENATOR BRIDGES, of New Hampshire.

Many talents are rare, but only a mere handful of men and women in the history of a civilization have created perfect poems. —DR. H. A. LAPPIN, of D'Youville College.

Personally, I think a career is marvelous because it means giving up a lot of things that are a pleasure to give up, such as bridge, and those odd, women's club meetings. —CORNELIA OTIS SKINNER

Piano production in Great Britain dropped from 60,259 units in 1936 to 52,750 in 1937, while production of United States manufacturers increased from 90,358 to 100,009 during the same period.

Sharing the Comforts Of Life...

By R. C. HOILES

"UNFAIR TO LABOR"

We made the statement to a man of high ethical standing that we could think of no way in which an employer could be unfair to labor except by consuming too much of this world's goods. The man of ethics said that this could be done by not paying the man as much wages as he was entitled to. He used this illustration:

If this man were being paid \$1 for mowing a lawn and someone came along and said he would do it for 50 cents, it would be unfair to labor to hire the man for 50 cents.

But he failed to consider what the employer would do with the other 50 cents. Suppose he invests the 50 cents saved together with other 50 cents saved in the same manner, in a hen that produces eggs and requires the labor for someone to raise the food and take care of the chickens and reduces the price of eggs. The hen would have to labor and the labor would have the 50 cents and the man would have the chickens, which would continue to furnish labor and lower the cost of living.

So we still contend that we can think of no way in which an employer could be unfair to labor except by consuming too much of this world's goods.

MAVERICK ASKS REPORT ON DEFENSES ON GULF

WASHINGTON, April 16 (AP)—Rep. Maverick, Democrat, Texas, asked the war department today to furnish him with a report on the general condition of sea coast defenses along the Gulf of Mexico.

The Texan said he wanted the information in connection with study on a bill he introduced recently authorizing appropriation of \$60,000,000 for defense purposes. The bill provides \$3,000,000 for Gulf coast, \$15,000,000 for the Atlantic, and \$42,000,000 for anti-aircraft weapons for the entire nation and possessions.

"It is my understanding that the Gulf is pretty well protected," said Maverick, "but I would like to know accurately our defense strength in that area, whether it should be increased, and if so how greatly."

Maverick, member of the house military affairs subcommittee on aviation, said Galveston, Texas, was one of four places in the United States that have anti-aircraft defense protection from aerial attack. He said there are four of the "finest anti-aircraft guns in the world" at Fort Crockett on Galveston Island.

"Galveston is in fairly good shape, and much better than the Atlantic coast from Maine to Chesapeake bay," he added. "The guns at Galveston are, in the opinion of military experts, sufficient to defend that part of the coast."

"Galveston may need some reconstruction and improvement, but it would not be on a large scale. It may need some increase in personnel."

SCOUT NEWS

TROOP 14 Members of Boy Scout troop 14 held their first meeting in their new meeting place, the Presbyterian church, last week.

At the meeting, it was decided that members missing four meetings without reasonable excuse would be dismissed from the troop.

Neil Holden passed a tenderfoot test, given by Joe Cargile. Present at the meeting were: from Buffalo patrol, Don and Jim Frank, Bernard, Reginald Bridges, Robert Brandon, Billy Jean Hargis, Carl Tiltman, Kenneth Nelson.

Flying Eagle patrol: Maben Hill and Le Roy Thomas; Wolf patrol, Neil McCullough, Jerry Alexander, Bobby McClendon, Buster Jack Wilkerson, Le Roy Malone. Lone Star patrol, Billy McNutt, Raymond Perkins, Billy Yought, Edward Davis, Jack Morgan, and Neil Holden.

"Oh, hello, Jack, dear. No, I'm not doing a thing—just sitting here alone, thinking of you."

How's Your Health?

By IAGO GALDSTON, M. D.

Under the descriptive title, "Man Against Himself," Dr. Karl A. Menninger has written a fascinating book on suicide.

This is a valuable book because it goes beyond the instances of violent but immediate self-destruction to consider what the author terms "chronic," "focal" and "organic" suicide. The book also includes a section on treating the patient bent on self-destruction.

"During the last 24 minutes somewhere in the United States a man has killed himself," Menninger writes. "It happens about 60 times a day, every day; 22,000 a year. This is only in the United States; it is twice as frequent in some European countries. It is everywhere more frequent than murder."

Psychiatrically suicide is a complex and involved problem. We have been taught to believe that self-preservation is the first law of nature. If so, why do so many individuals violate this law, to the point of self-destruction? To many the answer seems simple:

"Life was intolerable, and so the victim put an end to it."

Careful study of suicides' histories shows that this explanation seldom fits the facts. Some committed suicide at the very time when they, or were about to be, eminently successful. Others did find life intolerable, but the circumstances which pained them so greatly were really trivial, or such as many persons tolerate without great resentment.

The commonplace explanations for suicide are faulty and insignificant. Only recently I heard a prominent coroner say that suicide was no puzzle at all. To prove his point, he cited the note left by a man who killed himself: "No work, no money, no friends. Time to go."

The reasons seemed adequate and yet there are thousands upon thousands who have found themselves in like circumstances and did not feel it "time to go."

Had the coroner gone beyond the note, deeper into the suicide's history, he most likely would have found the reason for the self-destruction rooted in the man's psychological attitude toward life. It is likely, too, that the "no work, no money," and more probably the "no friends," were due to the same faulty reaction patterns that ultimately drove the man to suicide.

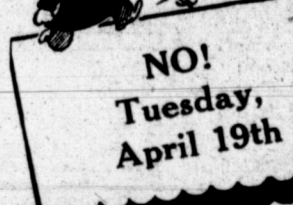

GASOLINE PUMP METER BLAZE EXTINGUISHED

Firemen were called yesterday morning to one of the most unusual fires in a long time. It was a fire in a meter in a gasoline pump at the Consumers Service station. The blaze had been extinguished when the truck arrived.

With spring cleaning time here, Chief Ben White from his bed, where he had been confined for more than a week urged everyone to be careful. He urges no cleaning with inflammable fluids, care in burning trash and to see that all connections are tight when gas stoves are taken down.

Britain's Royal Air Force reported plans to develop a corps of physical and mental "super men" to fly 400-mile-per-hour fighting planes.

TULSA OILERS BEAT OKLAHOMA INDIANS

TULSA, Okla., April 16 (AP)—Racking up 14 hits, the Tulsa Oilers defeated the Oklahoma City Indians 5 to 4 tonight in the second home game of the Texas League season. The winning run was scored in the ninth inning.

Oklahoma City 000 002 020—4 5 3 Tulsa 000 010 011—5 14 2 Lamanske, Hinn and Krole, Friar; Twardy, Stein, Marleau and Mealey.

NO. 1—Continued From Page One

Tierra Blanca, now nearing completion. And we'll tell you why.

In the first place, the R. R. believes the engineers were right when they said that living water would keep the lake fresh. The most convincing proof of this argument is a test hole that was put down right at the dam site in the middle of McClellan creek. Now consider this fact carefully: AT A DEPTH OF TWO FEET THE WATER BUBBLED UP AND BEGAN TO FLOW SO ABUNDANTLY THAT THE ENGINEERS HAD TO SHUT IT OFF WITH PIPES. Doesn't that sound like there's a stream running underground? That's what the engineers think, anyway.

Many Springs Then too there are scores of seeps and small springs that are running now, and which will likely become big springs once the dam is full of water.

Another good thing about that lake is that it is going to be long and deep. It will wind in and out, and there will be literally dozens of necks of water. In addition to great wide open spaces of good old rain water. If there ever was an ideal place for fish to hatch and grow, it should be that lake. There will be little sand in the lake. Engineers feared that great wastes of sand west of Beaver Dam would eventually make a lake at that site shallow and sandy.

Then the scenery around the dam-site at the new location is simply swell—there's no other word for it. East of the dam (the lake will be west) are hundreds and hundreds of cotton wood, walnut, hackberry trees, providing ideal places for catfish, crappie and bass. Towering above the lake site on the south is a splendid plateau, something for boys to climb. If you know your boys, you would know that half of their camping problem is solved if they have something to climb. The R. R. wanted to climb that plateau himself, but couldn't induce Garnet to go with him.

Quail and Squirrel Now here's something very impressive. The R. R. walked a little distance down the creek and saw TWO SQUIRRELS AND TWO COYOTES. Now who ever heard of squirrel and quail living and thriving where there was not a spring or running water? This one grew up on Salt Creek down in Cottle county with the Barrett brothers, never did.

The R. R. was surprised to find construction work tumbling on the dam. A steam shovel was on the site ready to begin biting great chunks of earth for the dam. There were piles of lumber scattered around. Test pits were all over the place. About 20 workmen were surveying, driving stakes, and there were stakes all over the place.

Now the R. R. will go into details of that lake-naming contest. The rules are simple. You can pick any name you want to, but preference will be given to a name that denotes some history connected with the spot or with McClellan creek.

The first day the contest was at that site, he found a perfect Indian arrow head. Somebody might suggest Arrow Head Lake. If you want to read up on the history of the area, read a book entitled "Girl Captives of the Cheyennes by Grace E. Meredith, a copy of which is in the library. You can find hundreds of Indian names in that book. The dam might be the name of an Indian chief.

Read Story of Battle

Of course you know that it was on McClellan creek that Lieut. Frank D. Baldwin led the "wagon train" charge which defeated the Indians and resulted in the rescue of the three German sisters. The site of that battle was nearby, and a move is now on foot to move the monument to the dam-site. The battle was fought Nov. 8, 1874. Before you pick a name for that lake it would be wise to read all the history you can that has anything to do with McClellan creek.

Now, when you decide on a name send it to the R. R. who will publish the name and then turn it over to Mr. Walker, who may appoint a committee to pick the name from the entries, or may use some other method of determining it. You will find a blank at the end of this article which you may use. This blank will be published in the NEWS for several days. It is highly probable that the \$5 fund offered by Mr. Walker will be increased, and generous Pampanas are invited to see or telephone the R. R. if they want to add to the fund.

The blank:

TO THE ROVING REPORTER PAMPA DAILY NEWS PAMPA, TEXAS

My choice for a name for the lake on McClellan creek is.....

For the following reasons.....

Name..... Address.....

GRAND EASTER BOUQUET WILL BE AWARDED BY KPND THIS MORNING

Listeners of KPND at 9 o'clock this morning will learn the name of the Pampana woman to whom will be awarded the grand Easter bouquet by the Clayton Floral Co. and Murfee's, Inc.

At that hour the presentation will conclude a long series of daily programs known as the "Bouquet for Today," during which many women have received flowers with the compliments of the two concerns.

The awards were made through votes to KPND for various women who have performed some outstanding service for their community.

This morning's "Grand Bouquet for Easter" program will be announced by Betty Dunbar, KPND's women's news reporter. Photographs of the presentation will be made as the award is conferred by Thomas Clayton and H. L. Polley.

postmaster: Arvale Hae, Perryton clerk; Henry C. Tyler, superintendent of mails, Amarillo.

Principal speakers on the program were W. B. Luna, retired Dallas postmaster, secretary of the state association of postmasters; Mr. Wooley is a brother of Charles Wooley of Pampa and was a guest in the Wooley home here Friday night.

There were 300 present at a banquet and (ance held by the association last night in the Blue Room of the Amarillo hotel.

Postmaster Walker, Newton P. Willis, and another Pampan, Ken Bennett were on the program, Mr. Walker and Mr. Willis being speakers, while Ken Bennett played several musical instruments, and sang.

J. P. MATTHEWS WINS WHEELER GLOVE BOUT

J. P. Matthews of the Pampa High School team pounded out a three-round decision over Clay of Fiomot in the annual boxing tournament at Wheeler last night, to win the high-heavy weight class. Clay recently won the Amarillo invitational tournament. Matthews' decisive determination won him the decision.

Carl Brown of the Pampa team had to go out at the end of the second round, account of a badly sprained ankle. Brown had already won the heavyweight when his opponent failed to show up in time to enter the tournament.

John Henry Nelson lost a close decision to Jones of Wheeler. Nelson showed a very much improved boxer since the recent Pampa High school tournament.

Canadian team the trophy, with three first places. Matthews was awarded a golden glove.

Room of the Herring Hotel where they were guests of Gene Howe and the Amarillo Globe-News.

Friday night the convention delegates went to Canyon where they were guests at a banquet in Cousins Hall given by West Texas College and the Canyon Chamber of Commerce.

Principal speakers were Deskin Wells, of the Wellington Leader, and Dr. J. A. Hill, president of the college. An interesting program was presented by Olin E. Hinkle, college journalism instructor, and Clyde Warwick was toastmaster.

Mr. Hinkle closed the Saturday morning business session with a discussion of newspapers in general and told the newspapers of the radical changes that can be expected in the news industry within the next five or ten years and cautioned them to make preparations for the fast-moving changes that are to come in the methods of news presentation.

At the closing luncheon yesterday Wes Izzard of the Amarillo News, acted as toastmaster, and the delegates were welcomed to return to Amarillo for their 1938 convention by Mr. Howe who plans to have a nationally-known newspaperman come as the principal convention speaker. Mr. Howe said he is endeavoring to obtain William Allen White, the Kansas editor, or Stanley Walker, the New Yorker.

Italy promised British nationals full religious freedom in east Africa and agreed to allow British missionaries to continue their work there.

Extension of full British trading facilities to Ethiopia and a promise by Britain to prevent raids into Ethiopia from neighboring territory.

Italy agreed to withdraw troops from Libya at the rate of at least 1,000 a week until the peace-time strength of possibly 30,000 men should be reached.

Suez Agreement

Both countries reaffirmed their Suez Canal convention of 1888 which guarantees free use of the Suez Canal at all times for all powers.

Italy reaffirmed guarantees regarding Lake Tsana, Ethiopian source of the Blue Nile, in a clause of the accord in which Egypt participated.

Both countries agreed not to use Propaganda against each other. Both reaffirmed the gentlemen's agreement of January, 1937, and the Mediterranean status quo which that agreement involved.

Italy abandoned all claims to influence in Arabian territories bordering the Red Sea and across from Eritrea and Italian Somaliland. Both agreed to respect the integrity of Saudi Arabia and Yemen.

Both agreed to exchange information on major prospective movements of armed forces in the Mediterranean, Red Sea, Gulf of Aden, the Sudan and other regions. They agreed to notify each other in advance of any new naval or air bases in the eastern Mediterranean, the Red Sea and the approaches to the latter.

considered dangerous were not given the freedom of the grounds and although there had been some previous escapes, most of them involved harmless charges of the hospital.

Two gates along the 15,000-foot wire fence are now guarded because the more dangerous inmates are never unsupervised, Dr. Standifer said.

State police, aided by county and city officers, launched a search throughout Central Texas.

Hill Country Searched

One party scoured the hill country where the slayings were committed on a theory he might have returned to the scene.

Judge Pierson, 61, at the time of his death, had been a member of the supreme court for 14 years. Many motives have been advanced for the youth's action, including a fancied discrimination of the parents in favor of an older brother.

The youth was once quoted by Sheriff Lee G. Allen as saying he wanted his father's \$17,000 insurance money. Another time he said his motive was revenge for parental opposition to his desire to become a scientist.

Attendants at the hospital said Pierson was about five feet nine and a half inches in height, weighed between 140 and 145 pounds and had black hair. Although it was not known how he was dressed, he was known to be neat in appearance and personal habits.

A brown suit belonging to another inmate was discovered missing during the day and there was a possibility Pierson might be wearing it.

RICKETT CONFERENCE DENIED BY MEXI

DALLAS, April 16, (AP)—Ed Suarez, Mexican finance minister, flew through Dallas tonight, en route to Chicago on a plane trip. His tickets, however, gave him a stopover in Dallas.

"When I am on official business I always have a statement for the press," he said. "Now I am on a pleasure trip with my wife to Chicago. I am looking for peace and rest but so far I find nothing but reporters."

"Do you happen to be going to see Mr. Rickett?" he was asked. "I have lost my memory," he replied. "I don't recall the name."

Francis W. Rickett is the British banker who has conferred with Mexican officials, presumably regarding finding a market for Mexican oil after the government's expropriation of the oil industry.

AUTHOR OF EXTORTION LETTER TO HENIE HELD

WASHINGTON, April 16, (AP)—The justice department reported late today its agents had arrested a man who wrote an extortion letter to Sonja Henie, the movie star.

Officials said the letter was written by Fred Roger Cunningham, under the alias "Joe Cummings."

He demanded \$500 from the skater, they said. Officials said Cunningham had been taken into federal custody and that a charge of extortion would be filed against him.

HOW TO BE HAPPY THOUGH HARRIED!

SURE, we know—you've had your troubles! You've fretted, worried, wondered where do you go from here. Well, what has it got you? What you really need is a change of outlook—and we know where you'll get it!

You'll get it in the front seat of a sparkling new Buick like this one pictured here.

You'll get it as your spirit lifts to the buoyant surge of a power plant that can leave even your cares behind.

You'll get it as you forget dull care in a ride so enjoyable that it's a pleasure again to travel just for the sake of traveling.

Yes, you'll be happy in this car that can make it clearer with every mile that there isn't any better way to invest your money!

Look at the record a minute. Others have had their problems, too. Others have wondered if they should wait a while before they buy.

But they didn't wait. They looked at this handsome big eight, they measured its value, they checked what it could do, for them and to them—and they bought!

They bought because Buick is too good to do without! They bought because they could get more for their money—not just more automobile, but more fun, pleasure, solid satisfaction!

Go now and do likewise! This great straight-eight lists at lower prices than some sixes—drive it and you'll know how to be happy though harried!

"Better buy Buick!"

Dizzy Dean Traded Off To Cubs As Cardinals Weep

WESTERS DEFEAT WHITE DEER IN LAST EVENT TO CLINCH TITLE

PRINCE OF ROSE BUCKS IN RELAY BATTLE

Pampa high school track and field stars regained the District 2 crown yesterday after having lost it to Wheeler in 1937. The defending champions failed to enter the meet.

It was the Pampa relay team that clinched the title with a spectacular victory over White Deer. A win for the Bucks would have given them the title. Follett also could have come home in front so close were the three schools in total points when the relay was called.

The final standing of the three was Pampa 32 1/2, White Deer 29, Follett 27.

Points scored by other teams follow: Borger 15; Darrowzett 11 1/2; Hedley 9; Higgins 8; Panhandle and Gruver 6; Lipscomb 3; Shamrock and Stinnett 2; Spearman 1.

Virgil Moore, big White Deer youth, was high in individual scoring with 12 3/4 points, followed by J. P. Mathews of Pampa with 10 and Phillips of White Deer and Sikes of Borger tied with eight. Moore won first in the 100-yard dash and shot put, third in the 220-yard dash and ran the relay. Mathews won the pole vault and discus.

Lipscomb Boy Wins
Rex Roth of Prairie View, Lipscomb county, won the rural pentathlon with 22 points. Claude Turner of Laketon, Gray county, placed second with 18 points. L. V. Smith of Bethel, Wheeler county and Gerald Bland of Giles, Donley county, tied for third with 12 points.

Pampa boys entered the meet with little experience or training. Because of unfavorable weather, Coach Odus Mitchell was unable to conduct trials in more than five events, four of them in the field section. Sprinters were not run off until Friday.

Claude Heiskell took a third in the high hurdles and Bob Karr ran a great race to place second in the 220-yard dash. Junior Williams ran a second in the 440-yard dash after being boxed for three quarters of the distance. It was not until the home stretch that he was able to break loose and he passed four opponents to lose out to Laubman of Follett by inches.

Mathews walked away with the discus and pole vault and placed second in the shot put but stepped out of the ring. It was the first time he had put the shot from the ring. Miller placed fourth in a close high jump field.

Claude Heiskell and J. W. Graham have things their own way in the javelin until Matlock of Follett made his final heave which passed both of them.

Karr opened in the relay giving the Harvesters a lead of at least 20 yards. Felix Dunaway held the lead all the way and A. C. Miller had about 15 yards to the good when he handed the baton to Junior Williams. Virgil Moore started strong for White Deer and gradually drew up on Williams. The frail Harvester, however, had enough left to spring the last 200 yards and hold off the White Deer threat by a couple of yards at the finish. Williams ran according to orders from Coach Mitchell who ordered him not to "put out" until he had to because of his bad hip, injured in the Pampa-Laubman football game last fall.

New records were even threatened in the slow track and against a strong wind which also hampered field men.

Record closed to being equalled in the 220-yard dash, won by Sikes of Borger in 23 seconds. The record is 22.9 seconds, held by Jones of Hedley. Wallin of Gruver jumped to the high jump record of 6 feet, but failed by two inches. Moore's heave of the shot lacked less than two feet of tying the old record.

The regional track and field meet will be held in Canyon on Saturday.

Summary
100-yard dash—V. Moore, White Deer; 8:10. Borger; Johnson, Hedley; Sharpe, Follett. Time 10.7 seconds.
120-yard high hurdles—Edwards, Hedley; 2:10. Darrowzett; Davidson, Follett; Dowlen, Panhandle. Time 17 seconds.
200-yard low hurdles—Shrock, Darrowzett; Phillips, White Deer; C. Heiskell, Pampa; Sharpe, Follett. Time 27.8 seconds.
220-yard dash—Sikes, Borger; Karr, Pampa; Moore, White Deer; Hildebrand, Darrowzett. Time 23 seconds.
440-yard dash—Laubman, Follett; Williams, Pampa; Edwards, Hedley; Hawkins, Darrowzett. Time 17 seconds.
100-yard relay—Harbin, White Deer; Borger, Harbin, Lipscomb; Terrell, Follett. Time 2:14.4 minutes.
200-yard relay—Phillips, White Deer; Herbert, Borger; Kellar, Borger; Steje, Gruver. Time 5:11.7 minutes.
400-yard relay—Karr, Dunaway, Williams, White Deer; Higgins; Darrowzett, Pampa; Smith, Book, Barron, Borger; Heiskell, Pampa. Distance 104 feet 10 inches.
500-yard relay—Mathews, Pampa; Hilder, Darrowzett and Kemp, Pampa; Hilder, Shamrock. Height 10 feet 3 1/2 inches.
800-yard relay—Walton, Gruver; Sharp, Dowlen, Panhandle; Miller, Pampa. Time 3:52.4 minutes.
1000-yard relay—Follett, Higgins; Sharp, Dowlen, Panhandle; Follett; Shamrock; Spearman. Distance 19 feet 2 1/2 inches.
1500-yard relay—Matlock, Follett; Heiskell, Pampa; Graham, Pampa; Lamb, Gruver. Time 14 feet 4 inches.
2000-yard relay—Moore, White Deer; Sparks, Hedley; Coshov, Stinnett; Parsell, Shamrock. Distance 43 feet 4 1/2 inches.

PAGE SIX SUNDAY MORNING, APRIL 17, 1938.

Sly, Dirty Work Likely In Monday's Main Bout

MAJOR LEAGUE SEASON WILL OPEN MONDAY

By ALAN GOULD
NEW YORK, April 16 (AP)—The \$20,000,000 major league baseball industry, fortified by one of the biggest bullpups in its long and colorful history, launches 1938 pennant operations next week with hopes high for a prosperous, if not an actual boom year, and nothing more serious on its hands in the form of labor problems than the refusal of the Yankees' Joe DiMaggio to play for \$25,000.

The Chicago Cubs spring the biggest pre-season sensation in years, by signing a deal for Dizzy Dean with the St. Louis Cardinals, today, and thereby skyrocketing their chances of overthrowing the champion New York Giants in the National league.

The Giants, two-time champions and two-time victims of the formidable Yankees, occupied the favorite's role until the sudden developments that sent Dean to the Cubs. Having learned most of the lessons of other business depression years, baseball club owners not only plan high gate receipts, but also entertain a public a more entertaining show and greater ball park comforts, at no increase in the box-office scale, but, they are optimistic enough to believe the season's getaway gestures will provide at least one helpful brand of spring tonic.

Whatever its stimulating effects generally may be, there seems no doubt America's national game inspires widespread reaction at this time of the year, on the broadways and main streets alike.

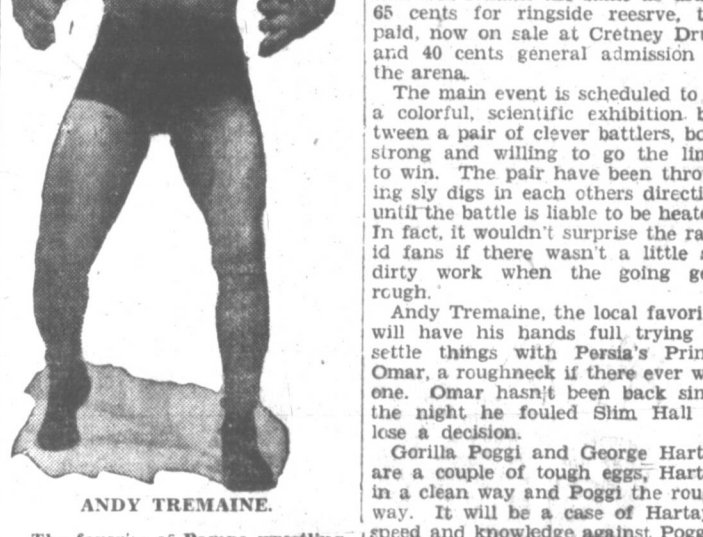

The big leagues get off to a staggered start, with two games billed for Monday as a prelude to the grand getaway on all fronts Tuesday. If the weather's "favorable" upwards of 200,000 fans will witness the opening games.

President Roosevelt, in his role of the nation's No. 1 fan, will toss out the first ball Monday at Washington, where 75-year-old Connie Mack, the game's managerial patriarch, sends his Athletics into action against the Senators.

The world champion Yankees minus DiMaggio but odds-on favorites nonetheless to repeat in the American league race, will launch their drive for a third straight pennant in Boston, against the Red Sox. They will play a double-header there on Tuesday, Patriots' day.

Other American league openers, Tuesday, send the St. Louis Browns against the rejuvenated Indians, at Cleveland, and the Detroit Tigers, rated the leading threat to the Yankees, against the injury-hit White Sox at Chicago.

Real Favorite

Andy Tremaine, the local favorite, will have his hands full trying to settle things with Persia's Prince Omar, a roughneck if there ever was one. Omar hasn't been back since the night he fouled Slim Hall to lose a decision.

Gorilla Poggi and George Hartay are a couple of tough eggs, Hartay in a clean way and Poggi the rough way. It will be a case of Hartay's speed and knowledge against Poggi's rough stuff and cunning.

Masked General Wins Handicap
HAVRE D'EGRAVE, Md., April 16 (AP)—Masked General, the 4-year-old chestnut gelding which tossed the scare of the year into the great War Admiral last fall, left the famed Sun Egret far behind today and raced to victory over a fast track in the \$5,000 Harford Handicap before 15,000 fans.

Sun Egret, A. C. Compton's ace Kentucky Derby candidate, was trying for his sixth victory of the year and ran seventh in the 11-horse field. He had won at Bowie in the past in his two previous Maryland starts this spring.

The finish was a close photo between three horses, with Masked General a head in front of Howard Bruce's Jay Jay to take the winner's purse of \$4,900 and pay \$21.30 for \$2. L. E. Ogle's Clocks was a neck back of Jay Jay.

PAMPA GOLFERS WIN FIRST THREE PLACES
Three of the Pampa high school entries in the golf division of the interscholastic league placed in yesterday's play over the Country club course. Fourth place went to Borger high school.

Kenneth Brown paced the local shooters with Roy Ray second and Zade Watkins third. Phillip Kocher of Phillips was fourth.

Scores registered by the boys were not available last night.

PAMPA TENNIS PLAYERS TAKE TWO FIRSTS

Pampa tennis players took two firsts and two seconds in the District 2 interscholastic league meet here yesterday. Pauline McKay won the girls singles and Bob Childers the boys singles.

McKay defeated Julia McCarty of McLean in the finals. Childers took the first two sets from Davidson of Spearman and won the third by default.

It took five hectic sets for L. M. Womble and Ernest Wilmet of Spearman to defeat James Brown and Hugh Stennis of Pampa in the boys doubles.

Willma Dee Abernathy and Lillie Mae Redman of Pampa took Patty Powell and Betty Jean Fross of Darrowzett the limit in losing the girls doubles.

IN THE MAJOR LEAGUES

WASHINGTON, April 16 (AP)—Washington made it two straight over Baltimore today, beating the Orioles 8 to 1.

BOSTON, April 16 (AP)—Jumping into the lead at the start of the game, the Boston Bees of the National league defeated the Red Sox of the American circuit 6 to 2 today to gain a one-game advantage in their city series.

NEWARK, N. J., April 16 (AP)—The Newark Internationals today shattered the Phillies 10-game winning streak by beating the National leaguers, 7 to 2.

JERSEY CITY, N. J., April 16 (AP)—Founding out 20 hits off four enemy pitchers, the Philadelphia Athletics won an easy 19 to 5 victory over the Jersey City Internationals today.

BOSTON, April 16 (AP)—The National league Boston Bees turned back the neighboring Red Sox 6 to 2 today to the cheers of 8,400 fans.

CLEVELAND, April 16 (AP)—New York's Giants gave the Cleveland Indians a dismal homecoming today, defeating the Tribe 11-1 in an exhibition game behind a barrage of 13 hits.

ST. LOUIS, April 16 (AP)—Joe Medwick hit a home run with two men on in the ninth inning today to give the Cardinals a 10 to 7 victory over the Browns in the first game of the annual St. Louis city series.

SCHMELING KNOCKS DUDAS DOWN 6 TIMES FOR VICTORY

HAMBURG, Germany, April 16 (AP)—Max Schmeling, German heavyweight contender, let loose a barrage of rights and lefts to the face and body to score six knockdowns and gain a five-round technical knockout over Steve Dudas of Edgewater, N. J., tonight.

The bout was Schmeling's last "tune-up" for his championship match with Joe Louis in the United States June 22, and left little doubt in the minds of the 23,000 fans who packed Hanserten hall that the German is in prime condition. Least doubtful of all was Dudas, still dazed, though not out, as a result of the battering he received.

"Schmeling gave me the hardest licking I ever had," said the American. "I am certain he will knock out Louis if he remains in his present condition."

Max, meanwhile, smiled broadly and announced that he would sail shortly for the United States to begin training for Louis again.

Max completely outclassed Dudas, sending him to the canvas six times for counts ranging from three to eight before the American manager threw in the towel. Schmeling weighed 194 1/2, his rival 195.

Dudas was the aggressor and the first round of what had been scheduled as a 15-round bout got under way. He was throwing left and right hooks to the body and face, but Schmeling's sharp uppercuts and stinging rights soon drew the steam from Steve's punches.

Schmeling set the stage for the finish at the start of the fifth, with a series of smashing right and left upper cuts that had his opponent rubber-legged. A dynamite right to the head sent Steve to his knees for seven. He got to his feet again, went down under another right to the jaw, and the count had gone to eight when the towel came fluttering into the ring from the American's corner.

Texas Aggies Win Track Meet Over Howard Payne, ACC
COLLEGE STATION, April 16 (AP)—Superiority in field events swept the Texas Aggies to easy victory here today as they scored 96 points to take a triangular track and field meet from Howard Payne and Abilene Christian.

Howard Payne was second with 49 points and Abilene Christian counted 24.

The Aggies also upset Howard Payne's heretofore undefeated mile relay team, the last Cadet runner breasting the tape eight yards in the lead. The time was 3:34.

The Aggies took all six first and six second places in field events. Howard Payne won six of a possible 10 first places in track events, and lost another when Henson was disqualified for cutting out in the stretch of the mile.

Abilene Christian won only one first place, Dowell triumphing in the high hurdles.

THERE GOES OUR PENNANT SAYS PEPPER

ST. LOUIS, April 16 (AP)—President Sam Breadon of the St. Louis Cardinals announced late today Dizzy Dean, star pitcher, had been traded to the Chicago Cubs for pitchers Curt Davis, Clyde Shoun and Outfielder George Stainback.

Breadon made the announcement at the Cardinals offices. In a written statement he said further: "To friends and supporters of the Cardinals in St. Louis and throughout the country:

"This deal has been thoroughly discussed by Mr. Rickey, Frankie Frisch and myself and we have agreed it was for the best interest of the Cardinal club."

Further details of the transaction were not disclosed by Breadon. "This was taken as an indication that cash also was involved in the transaction."

Dean's entire professional baseball career has been under the Cardinal banner, most of the first two years being spent at farm clubs. He became a Cardinal regular in 1932.

Davis is a right handed pitcher who won and lost five with the Cubs last season. Shoun is a left hander. Stainback is a right handed outfielder.

The Cardinals were an unhappy team when it meets the Huber Blackfaces in Borger this afternoon at 3 o'clock. Clovis is now a member of the Texas-New Mexico league.

The Blackfaces have won three out of three games played this season, one from the Pittsburgh Pirates and two from the Ponca City Angels. A member of the team this year is "Catfish" Smith, Borger high school coach.

Dean, apparently will have no baseball club this season. There has been baseball talk but no action. With Amarillo apparently out of the picture also, Borger will have the only baseball club in the Panhandle unless something is done and done right away.

Several Pampa youngsters have gone away for their baseball. Bob Bailey, brother of Jack Bailey, is playing first base for Lake Charles, La. Doc Howard of Skellytown is pitching for the same team.

Mayne "Bogey" Nash has been transferred from Longview to McAllen in the Valley league where he is playing second base.

Harold Gregory is holding down third base for Tyler in the East Texas league.

Tank Horton has reported to Pensacola where he was top catcher in the league last year.

Joe Berry is already winning for Los Angeles in the Pacific Coast league.

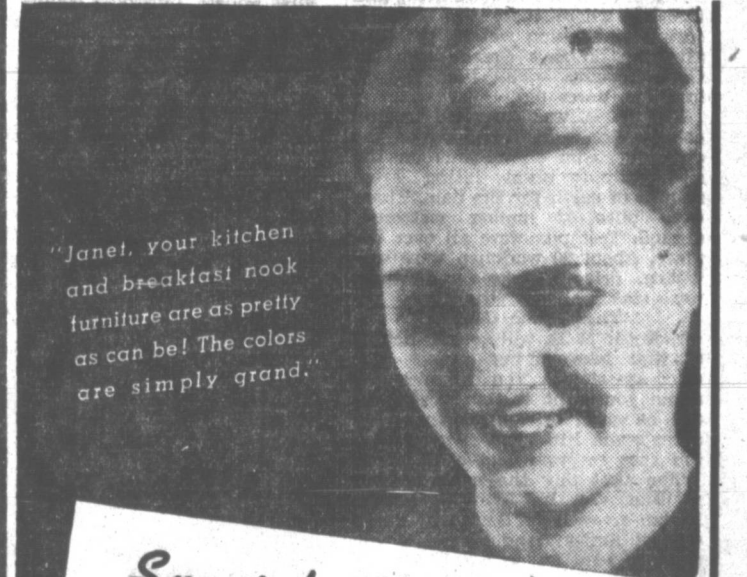

Sam Baugh is with Columbus after making a hit with the Cards.

Howard "Boozy" Peltner is with Wink in the Texas-New Mexico league where he patrols the outfield.

Golden Gloves Winners To Meet Abilene Champs

Champions will meet champions at the Pampa Athletic arena on Friday night when the winners of the Pampa Daily News Golden Gloves boxing tournament meet the winners of the Abilene Golden Gloves tournament. It will be the first battle of its kind in the Panhandle and will bring together some of the best amateur boxers in the state.

Ringside reserve tickets are now available at the Pampa Daily News for \$1 and only 200 of them will be available. General admission will be 40 cents for adults and 25 cents for children under 12 years. Tickets are urged to secure their reserve seat ducts early because they are already in demand.

The complete card has not yet been arranged but it will include several exhibition bouts between local boys and between local and visiting boys from other Panhandle cities. There will be eight championship bouts and possibly a similar number of exhibition battles.

The tournament will be under supervision of the Pampa Amateur Athletic commission and will be held at the Pampa Athletic arena. D. Hill is president and Coach Odo Mitchell is vice president. Proceeds, after expenses, have been deducted, will be used for the advancement of amateur sports in Pampa.

R. A. Crowell, who will bring the Abilene champions, wrote yesterday that in his list would be Little Al West, top 112-pound boy; Noah Valdez, 118-pound youngster who won the state Golden Gloves title; Kenneth Terry, 124 pounds, another Golden Gloves champion; Len McMillan, 136 pounds, a state champion at the recent Fort Worth tournament; Obid Nelson; Jack Wentz, Gordon Woods, and Jack Moffett, all winners.

The Pampa team will be composed mostly of winners at the recent tournament. One and maybe two boys will be unable to compete because of injuries. A. C. Burleson, 147-pounder, is in an Amarillo hospital, and Maurice Hutchinson may be on the sidelines because of a hand injury received in the state tournament. He is working out, however, and the wrist may come back strong.

Little Benny Moore of Shamrock, Rusty White of White Deer, Jake Bibbe of Amarillo, T. J. Watt of Abilene and others are all set according to latest reports.

All local boys who will participate in the tournament are training daily at 4 p. m. at the Pampa Athletic arena under direction of Cliff B. Chambers.

TRAPPER BOSS GIVEN 50 YEARS IN SLAYING

JASPER, April 16 (AP)—H. Y. P. Broussard, Port Arthur trapper boss and former merchant, was found guilty today by a district court on a charge he slew Etienne Richard, his nephew and share-trapper, and given 50 years in the state penitentiary.

Broussard was solemn as the jury brought its verdict at 9:10 a. m. of guilty of murder with malice aforethought.

The state contended that Richard was slain with a shotgun and a pistol on a marshland trapping lease in Orange county, Feb. 5, 1937.

Broussard, who presented testimony that threats had been made against his life, testified he slew Richard and the latter's trapping partner, Albert Theriot, in self defense.

FROGS BLANK OWLS

HOUSTON, April 16 (AP)—Paul Tankersly, TCU right hander, hurled four-hit ball today to blank the Rice Owls, 5-0, and to give the Horned Frogs their first conference decision. Tankersly retired the first 16 men in order. Duckworth, Looney and Dyess led the 11 hit Horned Frog attack. T. C. U. concentrated its scoring into the fourth and sixth frames. Two singles, a walk and an error gave the Frogs two runs in the fourth while Dyess' double scored two men and Mecher's wild pitch added three to the Horned Frog total in the sixth.

WOLCOTT STARS

HOUSTON, April 16 (AP)—Speedy Fred Wolcott of Rice Institute flashed past a field of five other sprinters in the 100-yard dash today to take the event in 9.5 seconds, one-tenth of a second below the Southwest Conference record.

Wolcott broke the tape a few inches ahead of his teammate, E. Y. Steakley, after getting off to a bad start. Ware of L. S. U. was third.

BEAUMONT WINS

BEAUMONT, April 16 (AP)—Continuing their hot early season pace, the Beaumont Exporters knocked out the Shreveport Sports for the fourth straight time here this afternoon, 7 to 2. Dutch Dietz, late of Henderson in the East Texas league scattering nine Sport blows for the Shippers' decisive win.

THE STATE OF TEXAS. Certificate No. 3418. Company No. 2194. BOARD OF INSURANCE COMMISSIONERS

State of Texas. Austin, Texas, March 16, 1938. To Whom It May Concern: This is to Certify that Pioneer American Life Insurance Company, Dallas, Texas, has according to sworn statement complied with the laws of Texas as conditions precedent to its doing business in this State, and I have issued to said Company a Certificate of Authority from this office entitling it to do business in this State for the year ending Feb. 28, 1939.

Given under my hand and seal of office at Austin, Texas, this date first above written.

(Seal) E. L. DANIEL, Chairman of the Board. (April 3-10-17.)

Market Briefs

NEW YORK, April 16 (AP)—Stocks ended the week with rally quiet today in which leaders climbed 1 to 5 points. The extension of Thursday's run-up, brokers said, was occasioned mainly by a strong revival of inflation psychology based on the administration's latest "pump-priming" move involving the suspension and lending of billions of dollars.

Expectations business would be quick to respond to the huge extra expansion of plans of the government apparently overshadowed current earnings statements stressing the falling trend in the first quarter.

The interest today was centered principally in heavy industrial shares, especially those of the commodity and inventory type which, in the view of some, constitute a better against inflation and rising prices.

Conspicuous on the upswing were U. S. Steel at 4 1/2, Bethlehem 4 1/2, Westinghouse 4 1/2, DuPont 1 1/2, Allied Chemical 1 1/2, Anaconda 3 1/2, Kennecott 3 1/2, J. I. Case 7 1/2, Union Carbide 7 1/2, Air Reduction 4 1/2, General Motors 3 1/2, Chrysler 4 1/2, Douglas Aircraft 4 1/2, Sears Roebuck 4 1/2, Loew's 4 1/2, Standard Oil of N. J. 4 1/2, United Aircraft 2 1/2, U. S. Rubber 2 1/2 and U. S. Gypsum 2 1/2.

At 10:15, the Dow Jones Industrial Average closed at 147 1/4, up 1/4 from 147 1/4.

DEAN--

(Continued from Page 6)

gang of ball players when they were told of the trade after today's exhibition victory over the St. Louis Browns.

Dean said he was "glad to leave to go to Chicago, but I hate to leave the fellows."

"I'll bet they do all right by me there, though," he said, his face brightening. "I'll bet they give me \$10,000 more than I'm making here."

Another ball player came in: "Yeah, and they'll probably give you a yacht, too, to ride around in on the lake."

Pepper said, "And lots of chewing gum."

Pepper Martin, sitting on a bench with a sad look on his face, was pessimistic.

"There goes our pennant and world series money."

They Moore declared, "Yeah, we'd have been a cinch with Diz."

All the players asked over and over again who the Cardinals got for Dean.

They apparently were surprised that the Cardinals got only two pitchers and an outfielder for the "Great One."

One suggested that the Cardinals must have gotten "a lot of cash" in the deal, and Martin commented you can't play cash on the baseball field.

Dizzy Off, Claim.

"Then Pepper brightened again. 'I'll bet they use some of that dough to get Mungo.'"

Dizzy said he'd leave for Chicago tonight.

Martin was asked what Dizzy's arm was like this year.

"Well, he's been sort of in and out, so far," Pepper answered.

"He hasn't been pitching his fast ball."

Some baseball writers suggested perhaps Dizzy's fast ball was gone. Moore popped "don't worry about that. He'll have his fast ball all right when he gets to Chicago."

Martin was almost inconsolable. He drew some consolation from Joe Mordwick, who told him "your Mungo" (Pepper's Corny Hill Billy-Ball Player orchestra) won't have any more competition from Dizzy.

That was the only comic note of the afternoon. The dressing room was almost funereal. The cut-ups were silent, and the others were too thoughtful to make wisecracks.

Dizzy Dean, still in the clubhouse, talked about the world series.

"The boys had the pennant money sewed up, and some of it spent," he commented.

"Why, it'll be too bad for us now—I mean for the Cardinals—for now I'm going to Chicago and I'll have to help them win the money and spend it."

Frankie Frisch came up. Diz shook his hand solemnly.

"Frankie, the big right-hander said, 'I want you to know I've enjoyed playing for you.'"

A player commented "bunk."

Diz turned. "No, it isn't," he asserted. "I really have."

Frisch said, "Diz, I'm sorry to see you go. Be a good boy and take care of yourself."

Frisch had a long face.

Seabiscuit Wins Smashing Victory

SAN MATEO, Calif., April 16 (AP)—Seabiscuit, black bullet of the American turf, sounded his latest smashing challenge today with a convincing victory in the \$15,000 added Bay Meadows handicap. The time for the mile and an eighth was 1:49, a new track record.

Gosum was second and Today, veteran Stake Star, took third money.

Seabiscuit, given a perfect ride by George Woolf, swept into the lead shortly after passing the mile post. At the finish he was flying along as easily as out for a morning workout. He won by three lengths.

The old track record of 1:50 2-5 was established by Don Roberto last year.

Seabiscuit, coupled with his stable mate Advocate, paid \$2.50 to win, \$2.20 to place and \$2.20 to show. Gosum returned \$3.00 and \$2.20 and Today, \$2.20.

Newsboys Will Be Guests at Theater

Thirty carriers and street sellers of the Pampa Daily News will be guests of the Crown theater management at 7 o'clock tomorrow night.

The boys will be admitted free to see the Republic picture "King of the Newsboys," in which Lew Ayres, Helen Mack, Alison Skipworth and Victor Varconi are the principals.

In securities and inflation gossip, which caused an opening upturn of as much as 1/2 cents, later were ignored when profits tacking on the basis of Thursday's sharp advance appeared. Lagging export business during the holidays in foreign markets contributed to the persistent light selling that kept wheat fractionally lower after the first 10 minutes of trading.

Grain belt rains the past two days also had a bearish effect.

Wheat closed 1/4 cent, down compared with Thursday's final, May 84 1/2-3/4, July 81 1/2-3/4, September 82 1/2-3/4; corn 1/4 up to 3 1/2 off, May 60 1/2-3/4, July 61 1/2-3/4, September 62 1/2-3/4; oats 1/4 higher, May 29 1/2, rye unchanged to 1/2 up, May 61; hard un-
changed to 1/2 higher.

CHICAGO GRAIN

CHICAGO, April 16 (AP)—Wheat prices declined 1/2 to 3/4 cents today in a dull market dominated by the prospect of the largest winter wheat harvest since 1931.

This value depressing crop outlook more than offset reports from the southwest indicating damage to some fields as a result of last week's cold weather. Strength changed to 1/2 higher.

The Senator Rares Back, Defies FDR

Quick to defy President Roosevelt was Chairman Pat Harrison, above, of the Senate Finance Committee when the chief executive declared in a letter to Harrison that retention of the undistributed profits tax and elimination of Senate modifications of the capital gains and losses levy in the new tax bill would help, not hurt, business. Immediately on receiving the message Harrison announced that he would fight for adoption of the Senate version of the bill, a version which does not meet the President's desires.

By Bill Porter. Caricatures by George Scarbo. Trade Mark Registered U. S. Patent Office.

SHE'S A LICENSED AIRPLANE PILOT, BUT STUDIO HAS HER GROUNDED.

OWNS AND OPERATES A FLOWER SHOP.

HER HOBBY IS WOOD CARVING. HAS TO EAT TO KEEP FROM BEING TOO THIN.

Her wise-cracking chorus girl role in "Stage Door" gave Lucille Ball her break. She had been around Hollywood four years... played in 20 minor roles... had a tough climb... traveled with a stock company... was chorus girl in Ziegfeld's "Rio Rita"... posed for commercial photography... was a clothes mannequin... was brought to Hollywood by Samuel Goldwyn for "Roman Scandals"... once took an open cockpit plane in 20 degrees below freezing weather to rescue a schoolboy marooned on Lake Chautauque... has amazingly large blue eyes... blond hair... fond of sports... likes polo next to flying... eats anything... to keep her weight up, not down... weighs 120 pounds... 5 feet 6 1/2 inches tall.

RICE THINGLADS BEAT TEXAS AND LSU IN TRACK-FIELD MEET

HOUSTON, April 16 (AP)—Rice Institute's mile relay team galloped to victory in the final event here today to bring the Owls a close victory in a sensational track and field meet with the University of Texas and L. S. U.

Speedy Fred Wolcott, Rice's outstanding sophomore, broke Southwest Conference records in both the 100 and 220 yard low hurdles, as the Owls totaled 59 points to 57 for their conference rivals and 51 for the Southeastern Circuit Tigers' 51.

Wolcott, who hit a hurdle in his high hurdle specialty and finished second, sped the 100 in 9.5 seconds and spread out over the low hurdles in 23 seconds flat. Captain Jack Patterson of Rice went on to win the high hurdles in 14.3 seconds and Rice's 440 yard relay team beat Texas by about three yards in 41.3 both better than Southwest Conference records.

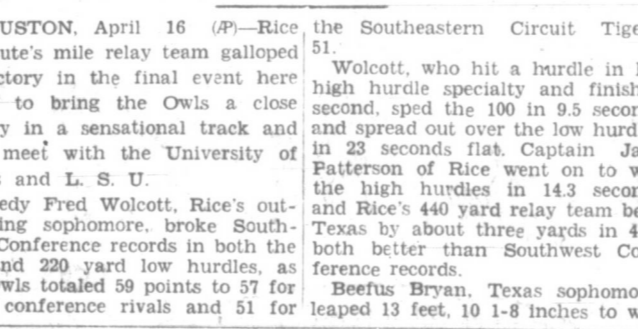

Beetus Bryan, Texas sophomore, leaped 13 feet, 10 1/8 inches to win

JIU JITSU TO BE ON DISPLAY IN OLYMPICS

NEW YORK, April 16 (AP)—Japan has accepted its "grave responsibilities" for holding the 1940 Olympics in Tokyo and does not consider its "struggle with China" a barrier to the games in "the opinion of Dr. Shigoro Kano, 79-year-old Japanese member of the international Olympic committee."

"There is no thought now that Japan will yield the games," said Dr. Kano today in an interview.

"Even if conditions in the Far East do not change by 1940, Japan will conduct the Olympics, because the games must be held from politics or any other influences."

"All I can say about this struggle with China is that it is inevitable. The Olympics are independent of it. I do not know whether China will compete but she will be invited. I personally seconded the motion, at Cairo, to add a second Chinese member to the international Olympic committee."

"The government and the people of Japan want the games and will give them their full support. There will be no trouble financing the Olympics. An outlay of at least 30 million yen (nearly \$10,000,000) already is assured, including the erection of a new stadium seating 100,000 spectators. We expect 5,000 to 10,000 visitors to Tokyo."

Dr. Kano, a spry little man, not only answered all Olympic questions in fluent English, but gave his interviewers a lecture demonstration of Judo, so-called "modern

Gray County Leads Drilling Activity In Panhandle

COUPLE GOOD WELLS GAUGED IN OIL AREA

Weather of the past week slowed activity in the Panhandle to a snail's pace. The local office of the Texas Railroad Commission were called to test only two wells in the field, both in Gray county. The two tests were given a total open flow potential of 1,169 barrels.

Five of new locations boomed after bilgees of the week-end. 10 new first intentions being filed. Gray county led in activity with five, followed by Hutchinson with four and Carson with one.

The two completions follow: The Smith Bros. Refining Company's No. 2 Castleberry in section 115, block 3, I&GN survey, gauged 692 barrels with the pay from lime formation between 2,150 and 3,235 feet. The well is located a half mile northwest of the city limits of Pampa and is an important test in that it extends the pool slightly north.

The Watchorn Oil Company's No. 3 Saunders in section 3, block 1, B&G survey, was gauged at 477 barrels with the lime pay from 2,950 to 3,020 feet. The well is two miles northeast of LeFors and a good one for the area.

The Gulf Production Company led in new locations with three, two in Hutchinson and one in Gray county. A new company began operation in Gray county during the week when the Geriana Oil Company of McLean staked its No. 1 Webb in section 12, block A-9, H&GN survey. The test is seven miles east of LeFors and on the north edge of the Webb pool.

The second location by the Dorsyann Oil Company of Pampa in nearly eight years was reported last week when its No. 2 Bruce Bull in section 3, block B-2, H&GN survey, was staked. The test is about two miles southwest of LeFors and is the south point of production in the pool. Last year a good producer was brought in nearby.

The original Dorsyann well came in for both oil and gas and is still a good gas well.

JAPS ANNOUNCE NEW CHINESE OFFENSIVE

SHANGHAI, April 16 (AP)—Japanese gave new indications today that they now are ready for a tremendous new offensive in their stalemated Shantung drive.

One was a rigid censorship they clamped on all dispatches dealing with military and shipping activities on the north Shantung coast.

Another was the movement of reinforcements down the coast toward Tientsin, where the Japanese suffered their most disastrous defeat of the nine-months-old war last week.

These troops were reported between Chushien and Jihaco, 50 miles north of Lini on the south Shantung front, where the war has been bogged down for a month.

Foreign military observers believe an elaborate demonstration of Japanese military strength soon may be given as the imperial army, blocked in its drive down the Tientsin-Pukow railway, pushes through eastern Shantung in new drive on battered Tientsin.

To meet the new threat, Chinese are constructing strong defense works along the Yi river on both sides of Lini and rushing their own reinforcements into this area.

PROFESSOR SAYS OIL SUFFICIENT FOR YEARS

PITTSBURGH, April 15 (AP)—E. V. O'Rourke, associate professor at Ohio State university, today said there is sufficient oil in this nation's fields to last for "years and years."

He outlined for the annual meeting of the eastern district of the American Petroleum Institute, developments in water-flooding, repressuring and oil sand mining that he said would assure an adequate supply.

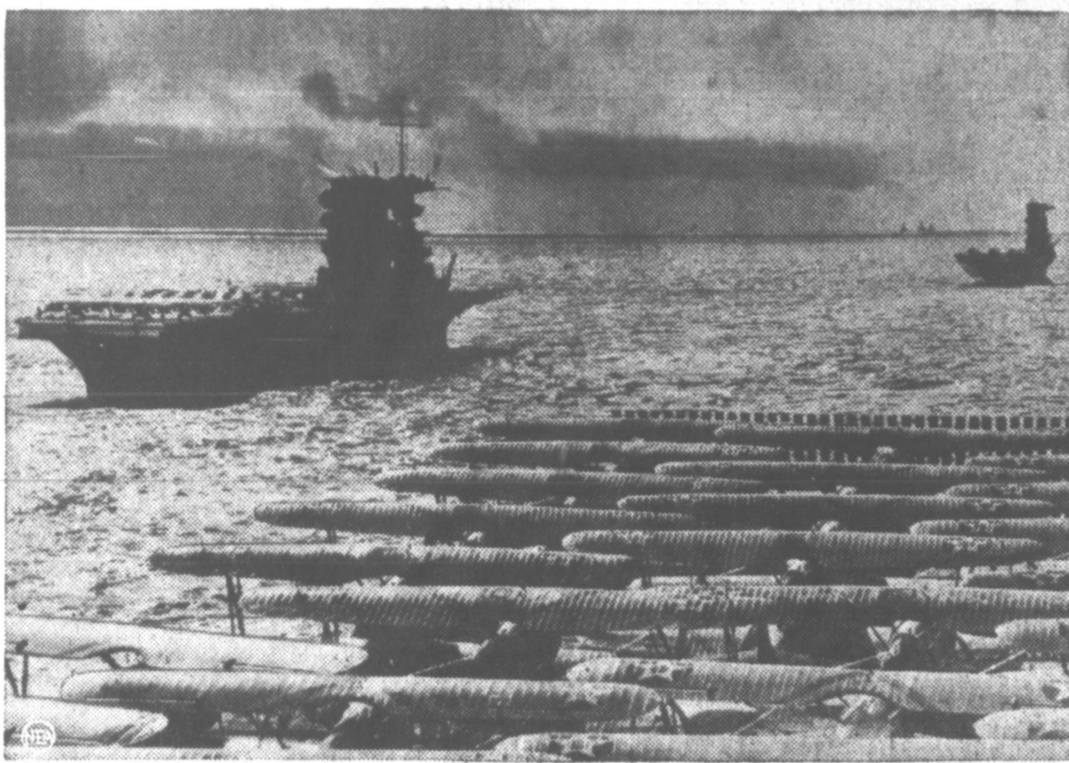

He predicted an annual consumption of 1,099,090,000 barrels of crude oil by 1940.

HOTEL RECORDS EXAMINED EL PASO, April 16 (AP)—State-militarized in his search for the torturers of Mrs. Weston G. Frome and her daughter, Nancy, Sheriff Chris Fox asked operators of all hotels, garages and tourist camps of this region to examine their records for possible suspicious entries.

In 1790, when the first United States census was taken, the population was 3,929,214.

Pagentry of Might in Pacific

A spectacle of mighty beauty is this unusual photo. Wasp nests of airplanes, the aircraft carriers Ranger, Saratoga and Lexington are pictured as they move to assume position in U. S. fleet maneuvers in the Pacific. The eyes of the military world are upon the carriers as they play at awaiting the attack in the execution of Problem 19, the jealously guarded secret maneuver known only to a few in high command.

LONG ILLNESS FATAL TO MIAMI OLD-TIMER

Miss Rebecca Ann Anderson, 80, resident of Miami since 1919, died at her home late Friday night after an extended illness. She was a sister of S. L. "Uncle Sam" Anderson, longtime Pampa resident.

Surviving Miss Anderson are two brothers, S. L. Anderson, Pampa, and A. J. C. Anderson, Elk City, Okla. a half-brother, Charlie Hopkins, residing in Oregon and one sister, Mrs. C. A. Elstrom, Lingleville.

Funeral services will be conducted at 3 o'clock this afternoon in First Baptist church, Miami. The Rev. James Todd, Jr., pastor of First Christian church, Panhandle, will officiate. Burial will be in Miami cemetery under direction of Duenk-el-Carmichael Funeral home of Pampa.

Palbearers will be L. A. Maddox, M. M. Maddox, M. M. Craig, P. L. Hale, F. S. Pariser, R. E. Thompson.

Oddities In The News

NEW YORK, April 16 (AP)—Susie, a Rhesus monkey from India, arrived in Brooklyn today and celebrated her American debut by giving birth to triplets.

Zoological officials at the Bronx and Prospect Park menageries declared the occurrence so rare that they could not remember a parallel.

BALTIMORE, April 16 (AP)—Insurance company scientists, prowling over the city dump here, disclosed today they had recovered 60 per cent of a \$2,200 radium supply accidentally thrown away two weeks ago.

The chemical, lost from a doctor's office proceeded to the dump via an incinerator. It was not missed until three or four days after it was lost, Dr. Charles Reid Edwards said. Using instruments which direct the presence of radium, investigators located three of the four containers. The tubes were distorted by fire but still contained the radium.

EASTLAND, Texas, April 16 (AP)—Thomas Scelye said today he had received 10 cents from a Princeton, Ill. man who in a letter told of taking "a piece or two of candy from Scelye's automobile years ago. The letter related the man had recently joined a church.

mans, convicted of political offenses, would be liberated under Benes' decree promulgated at today's pre-Easter session of parliament.

The immediate reaction of Germans here was that they wanted to see the practical workings of the amnesty before any rejoicing.

CONTINUATION OF OIL SHUTDOWNS FORECAST

AUSTIN, April 16 (AP)—Continuation of statewide Sunday field shut-downs and substantially the same week day allowances as at present was the outlook for the monthly prorating hearing here Monday.

Commissioner Ernest O. Thompson said the oil industry's position apparently had taken a turn for the better but strongly intimated improvement was not yet sufficient to justify seven-day production.

Thompson's threatened shutdown with unnamed companies which preach prorating in Texas and draw heavily from their properties in Louisiana will not materialize. He said the companies had asked for time to work out a reduction of their Louisiana takings and the request was not unreasonable.

FOR ENEMIES SAY THEY WILL NEVER GIVE IN

WASHINGTON, April 16 (AP)—Senators rebelling against President Roosevelt's business tax policies declared today they were willing to delay adjournment of congress rather than yield.

Despite this new threat to leaders' hopes for adjournment May 14, house spokesmen supporting the President held their ground. They contended they had the whip-hand because, if a tax revision bill were not agreed upon, the present law embodying the business-criticized undistributed profits and capital gains levies would remain in effect.

Senate members of the conference committee which is seeking to reconcile differences between the house and senate tax bills reiterated their determination to insist upon provisions of the senate measure, and house members just as firmly stuck by the house provisions.

The house bill, bearing the approval of President Roosevelt, would impose an undistributed profits tax on corporations having income of more than \$25,000 a year, and a graduated scale of rates on capital gains.

The senate voted to substitute flat-rate levies, approved by many

business spokesmen, on both corporation income and capital gains. In three meetings of the conference committee, no suggestions for compromise have been advanced. President Roosevelt is scheduled to send congress another message

shortly, recommending elimination of present tax exemptions on federal and state bond issues and salaries.

Although Mr. Roosevelt has given no hint as to whether he would ask action on this subject at this

session, the consensus among senate leaders was that the message would not suggest immediate consideration.

The oldest Spanish university is that of Salamanca founded in 1239.

PAMPA, GRAY COUNTY, TEXAS, SUNDAY MORNING, APRIL 17, 1938.

PAMPA LIBRARY TO HOLD OPEN HOUSE ON FRIDAY AFTERNOON

IMPROVEMENTS MADE IN ALL DEPARTMENTS

Marking the completion of the enlarged and remodeled Pampa Public library, located in the basement of the city hall building, an open house for patrons and their friends will be held from 3 to 5:30 o'clock Friday afternoon at the library.

Members of the library board, Mrs. C. P. Buckley, president, Mrs. S. G. Surratt, Mrs. Ewing Leach, D. E. Cecil, Arthur Tees and Joe Gordon, will be present to welcome visitors. Punch and wafers will be served.

The library has been doubled in size. Indirect lighting, new shelving, a large repair room, children's and adult's reading rooms, are among the improvements that have been made. The entire library has been redecorated and repainted.

There will be a special display of new books.

The Pampa Public library was established nine years ago in the First Methodist church. When the new city hall building was constructed in 1930, the library was moved to that location, occupying the space now used for the offices of Scout Executive Fred Roberts. Four years ago the library was moved to the basement of the building.

In pace with the growing demand for an improved library, the library has been enlarged to double its former size and its arrangements have been greatly improved. Mrs. James Todd is librarian, a position she has held for the past nine years.

For the year beginning March 31, 1937 and ending March 31, 1938, a total of 32,315 books were checked out of the Pampa Public library. This is an average of 2,692 books a month.

Patrons' tickets on file at the library office are 4,053. Receipts for the year were \$236.91, while miscellaneous disbursements totaled \$61.53.

In addition to 444 volumes, the library also received contributions of numerous magazines and newspapers, including the following: Files of the Pampa Daily News for years; two years bound file of Better Homes and Gardens; file of the Christian Science Monitor for seven and one-half years; two-year file of Etude; one year file of Fortune.

Subscriptions received, each for one year, were the following: Catholic World, Southern Messenger, Register, Christian Science Monitor, and Flower Grower.

Young Married Couples Class Holds Social

A social was held Thursday by the Young Married couples Sunday school class of the Central Baptist church in the basement of the church.

Amusing and interesting games were played under the direction of Mrs. J. T. Scarberry and Mrs. E. E. Higgins. Sandwiches and punch were served to those attending.

Mrs. George Berlin, teacher of the class, and to Mesdames H. S. Smart, Tim Dooley, L. M. Cantrell, Madeline Sharp, N. W. Craig.

Messrs. and Mesdames E. L. Waters, Lee Hampton, Phillip Price, J. T. Scarberry, Frank R. Blair, John O. Scott, E. L. Strickland, G. A. Buzzard, R. E. Higgins, W. H. Dempster, Nolan Harris, W. W. Brister, Fred Riley.

Mrs. Nyland Given Surprise Shower

Mrs. Lewis Nyland was honored with a surprise shower Thursday afternoon at the home of Mrs. Ed Curry in the Phillips camp. Mrs. Jack Buckles and Mrs. Ed Curry were hostesses.

Guests led Mrs. Nyland to a room where the gifts were displayed. All present wrote their names in a book, presented to Mrs. Nyland.

Refreshments of pink and blue cake and ice cream, with Easter basket favors, were served to Mesdames Jack Buckles, Ed Curry, Ben Shenold, H. E. Hall, W. L. Casey, L. R. Rock, J. B. Owens, F. H. Hughes, Dewey Voyles, Cecil Stanley, Betty Woodward, Edna Sattisbury, Tex Mal-law, and the hostesses.

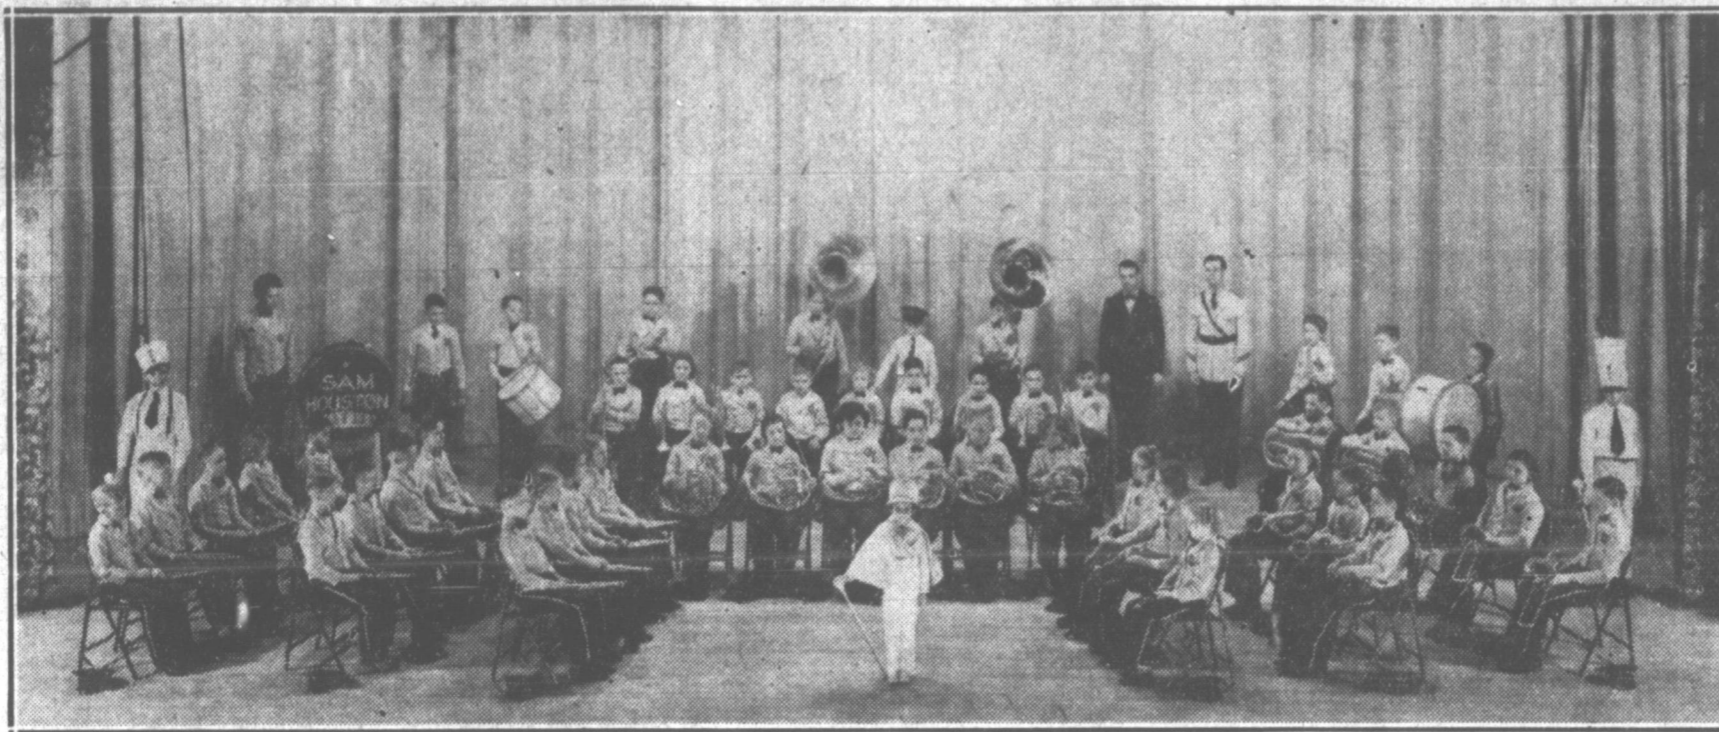

Those unable to attend the party but who sent gifts were: Mesdames Sarah Donat, L. L. Hutsell, Bill Calvert, W. B. Barton, Horn, and Wright.

Holy Souls P-TA Names Officers

Reports on the recent district conference at Childress were given by Mrs. D. C. Kennedy, Mrs. Clayton Husted, and Mrs. H. G. Myers, at a meeting of Holy Souls Parochial School Parent-Teacher association, held Wednesday.

New officers of the Holy Souls P-T-A. for the coming year are: Mrs. D. C. Kennedy, president; Mrs. M. F. Roche, vice-president; Mrs. Russell Chisroim, secretary; Mrs. Bert Curry, treasurer; and Mrs. H. G. Myers, historian.

Sam Houston's Champion Blue And Gold Band

Here is the Blue and Gold band of Sam Houston school, a musical organization that has won distinguished honors. In 1935, the band was rated as highly superior in a regional contest. In 1936, it won the rating of first or superior in the city contest. The band has played at concerts in Lubbock, Amarillo, Shamrock, and at West Texas State college, Canyon. In September last year the band started with 28 members, which was increased to 45 by contest time. The Blue and Gold band, directed by C. O. Croson, won first place this year in the city contest. Sam Houston's band was organized in 1930 and directors, in order, have been Mrs. Sam Irwin, Estelle Foster, and A. C. Cox.

May Chosen for Spring Picnic Of A. A. U. W.

The spring picnic, which was planned for the April meeting of the Pampa branch of the American Association of University Women, has been postponed by the committee in charge until the first or second week in May.

The committee, consisting of Mrs. L. M. Harrah, Mrs. Harry Mathews, and Miss Esther Plank, decided in favor of the postponement, as it was thought the weather would be more suitable next month for the outing.

Methodist Youth Group Meets Here

Methodist young people of surrounding counties were guests at a district meeting held in Pampa recently.

Following a covered dish supper the young people were entertained by Rev. Joe Strother of Miami who gave his interpretation "Toward a better understanding with God" in an organ recital. Following the recital Rev. D. L. McCree gave the first of a series of talks which he started with, "Mapping The Journey."

The next morning Rev. H. H. Bratcher continued the journey by describing, "The Take Off," as his subject. Following the take off, Franklin Weir described, "The Plot," by comparing life with Charlie's life. At the church hour Rev. W. M. Pearce described "The Flight," through many trying conditions. After the business meeting that afternoon Rev. T. S. Barcus brought to a close the story by describing, "Landing Safely."

Francis Avenue Church of Christ, M. C. Cuthbertson, minister Bible school, 9:45 a. m. Worship, 11 a. m. and 8 p. m. Radio services, 4 p. m. Training classes, 7 p. m. Ladies class, Tuesday, 2:30 p. m. Mid-week service, Wednesday, 8 p. m.

M. C. Cuthbertson has returned from Mangum, Okla., where for the past two weeks he has been assisting the church in a meeting. He will preach at all services Sunday.

B & F W Dance Postponed The dance of the Business and Professional Women's club, which was to have been held April 20 at the Southern club, has been postponed to April 27, it was announced yesterday by Mrs. Glen Pool.

MIND your MANNERS

Test your knowledge of correct social usage by answering the following questions, then checking against the authoritative answers below:

1. You are signing a hotel register for yourself—should you write "Mr."?

2. You are signing it for yourself and your wife—should you write John Jones and wife?

3. Do you seat your wife in a hotel dining room or leave that to the headwaiter?

4. Your wife is going on a trip—should you buy her ticket and look up train schedules for her?

5. Should you try to talk to the woman across the aisle from you on the train?

6. You are on a motor trip and reach the city where you are to spend the night—

(a) Drive up to the door of the hotel, and let the doorman take your luggage?

(b) Park near the hotel and carry your luggage?

(c) Put your car up and send a bellboy for your luggage?

Answers

1. No. Simply "John Jones, Chicago, Ill."

2. "Mr. and Mrs. John Jones."

3. It's more thoughtful for you to seat her.

4. Yes.

5. Better get two other persons to play bridge and ask her to make a fourth.

6. Best "What Would You Do" solution—it is the doorman's job to take it.

BYPU Holds Hobo Party

SKELLYTOWN, April 16—The Intermediate B. Y. P. U. of the First Baptist church of Skellytown recently enjoyed a Hobo party given by Mrs. C. S. Tiffany, sponsor. Clever invitations were sent to each member, who was asked to come dressed as Hobos, with prizes going to Margie Davis and Don Nichols, who were judged as being the most typically dressed hobos.

Several stunts and a variety of appropriate games were enjoyed. Bubble gum blowing and popping helped furnish amusement during the games.

Refreshments of sandwiches, potato chips, cookies and punch were served to the following: Austin Beauchamp, Glenn Myra, Helen Dunkworth, Jean Dale Cossey, Margie Davis, Charlene Walls, Betty Lou Dayall, Daurtha Tomlinson, Boy Jean Busby, Virginia Lee Satterfield, Dan Nicholas, Mary Ruth Slavin, Fannie Austin, Glenda Davison, Lola B. Graham, Dana June Tiffany, Gay Lynn Tiffany; Mrs. Cossey and Mrs. A. F. Beauchamp assisted Mrs. Tiffany in directing the games.

Skelly-White Deer Men Have Banquet

SKELLYTOWN, April 16—The Skellytown-White Deer Mens Dinner club met Wednesday evening at 8 p. m. in the Skellytown school gymnasium for the regular monthly banquet with 220 present.

Ogden Stroud of the Skellytown school acted as toast master. This is a newly organized club in which only one other meeting has been held and it was in White Deer last month.

Davis Hill, principal of the White Deer high school and Joe Miller, druggist of Skellytown are, co-chairmen of the organization. According to Mr. Miller the purpose of the club is to get better acquainted in the two communities. The next meeting will be at White Deer.

The dinner was served by the ladies of the Sunshine Home Demonstration club of Skellytown.

Two Choirs to Give Christian Church Cantata

Combined choirs of the First Christian church will present an Easter cantata "Our Risen Lord" at 8 o'clock tonight at the church.

R. L. Alliston is the director and Mrs. Mel Davis organist for the cantata. Soloists are Mrs. Blair Townsend, Mrs. Alfred Gilliland, Charles Maderia, and R. L. Alliston. Mrs. Gilliland will also sing a special arrangement of the Lord's Prayer at the services this morning.

Seven divisions are included in the theme of the cantata: the Last Supper, entry into Jerusalem, the Last Supper, the Crucifixion, Burial, the Resurrection, and the Ascension.

Different members of the club assisted these hostesses in the preparation of the courses.

Those present were: Misses Olive Daugherty, Betty Earl Vaughn, Betty Jo Townsend, Betty Jo Thurman, Alberteen Schulkey, Clara Maria Hartel, Claudine Jeffries, Helen Draper, Gwen Bellows, Isabelle Waggon, Leona Hurst, Ruth Waggon, Maxine Whellette, Ruby Sciaef, Vera Dweat, Lorraine Robey, and Mr. and Mrs. Ed Scott, Messrs. Johnny Wells, Bill Holt, Tom Morsey, Larry McMurry, Frank Stahl, Bill Daily, Lester Stephenson, Al-len Evans, Bill Kelley, Guy Le Mond, Dale Robinson, Berton Doucette, Rex Rose, Byron Hibun, Ben Bell, and Joe Mitchell.

The appearance to Mary Magdalene, Mrs. J. B. Brown, Ken Bennett, Lester Aldrich; The Song of Mary Magdalene, Mrs. Dorothy Peacock; The Angelic Chorus, "Alleluia"; Benediction, "Peace I leave with you. Amen."

HENDRICKSON WILL STARR IN STAGE PLAYS

James Hendrickson, who with Claire Bruce and their company, will appear at the high school auditorium Tuesday afternoon in a matinee performance of Merchant of Venice and an evening performance of Julius Caesar...

To name all of them would sound like a veritable "Who's Who" of the theatre. Mr. Hendrickson's stage aspirations started to formulate in his high school days in Kansas City where the school Shakespeare club was a lively part of the curriculum...

After completion of his training at the American Academy, Hendrickson was unusually fortunate in almost immediately obtaining an engagement and with Fritz Leiber who, up until that time had been leading man for the late Robert B. Mantell...

SCHOOL HAS CLASS IN MOVIE APPRECIATION

Schools of America are giving increased attention to the value of motion pictures in education.

At St. Matthew's school in Kalipsell, Mont., where motion picture appreciation has flourished for a number of years, developed a "film book project" in connection with National Book Week.

Use of exhibit panels, posting of book lists, writing of essays and research into economic and historic factors outstanding in the films, enabled the students when the films were issued later, to follow them with an exceptional high degree of appreciation.

EVENTUAL VICTORY FOR VAST CHINA FORECAST

SAN FRANCISCO, April 16 (AP)—Harry C. Claiborne, for three years observation aviation advisor to the Chinese air force at Canton, predicted today that China eventually would win the war in the Orient.

"It may take two or three years, but China is united now and never before," said Claiborne who arrived today from China aboard the President Cleveland.

Br'er Rabbit Claims Quint's Attention

The Dionne quintuplets will be 4 years old May 28, and they're becoming quite some young ladies—but they're still far from the age when they'll lose interest in that traditional favorite of childhood, the Easter Rabbit.

JUNIORS GIVE BANQUET FOR CANADIAN SENIORS

CANADIAN, April 16.—The annual Junior-Senior banquet of Canadian high school was held here Thursday night. A cowboy and ranch motif was used in menu, program, and decorations. Ladies of the Christian church, who prepared and served the food, were dressed as cowgirls. Attendance was 120, including juniors, seniors, faculty, and school board members. Sylvia Yokley was toastmaster.

Hitler's Musician Arrives in New York

NEW YORK, April 16 (AP)—Dr. Ernst F. S. Hanfstaengl, once the "butler" who smoothed Adolf Hitler with piano melodies, came quietly to New York last night aboard the liner, Ile de France.

FRANCO BEGINS FRESH DRIVE AGAINST FOES

HENDAYE, France (at the Spanish Frontier), April 16 (AP)—Spanish Insurgents today opened a fresh offensive east of Balaguer, in the center of the long, curving Catalonian front, to crush the outlying defenses of Barcelona.

Government Spain was cut in two yesterday and forces which had swept eastward to the coast turned to the north for assault on Tortosa, 95 miles southwest of Barcelona.

Insurgent troops suddenly returned to offensive warfare after restoring a series of government assaults lasting more than 75 hours.

One report declared the government troops were "forced to retire from their field base," leaving behind a large number of dead. Two large munition depots were said to have been taken.

Observers said the strategy of the government drive was to strike quickly before government commanders could reinforce their tired warriors who had been struggling day and night to maintain the western Catalonian defense line.

This front roughly runs south from Camarasa, some 20 miles northwest of Lerida, past Balaguer and Pallagona to Borjas Blancas, 14 miles southwest of Lerida.

Generalissimo Francisco Franco was expected to couple another offensive with the Balaguer drive, this one from Lerida to the general operations along the Lerida-Barcelona road with the advance from the south against Tortosa.

The drive on Tortosa, at the head of the broad delta of the Ebro river, proceeded slowly after the occupation of Vinaroz and surrounding towns.

Generals Miguel Aranda and Garcia Valino moved with deliberation, establishing strong positions to prevent flanking attacks on the 25-mile bite taken out of the government's seaboard.

While one advanced force took positions outside San Carlos de la Rapita, 14 miles south southeast of Tortosa, other patrols were cleaning up the southern end of the coastal wedge around Peniscola.

Pickets FDR

Thinking it over in the Washington women's police bureau was Mrs. Edna Cratty, above, 28-year-old Valley Stream, L. I., seamstress, who went to the White House when her WPA pay check was cut. Unsuccessful at crashing the gate, she set up a one-woman picket line. Article 8, section 8 1/2 of the U. S. park police regulations forbids loitering on the President's lawn more than four hours.

REFRIGERATED HUMAN BLOOD SENT TO SPAIN

NEW YORK, April 16 (AP)—Refrigerated human blood is being shipped to Spain for transfusions behind the lines because volunteer donors there are "half-starved and their blood is too thin for use," Bishop Francis McConnell, of the Methodist Episcopal church, said today.

Bishop McConnell, chairman of the North American Committee of Spanish Relief, said the blood shipments were made on an experimental basis, in charge of Prof. W. B. Cannon of Harvard University.

Advertisement for Borden's April Ice Cream featuring a woman in a hat and the text "Refresh your April shower with Borden's APRIL Ice Cream".

SPAIN CUT IN TWO IN DRIVE OF INSURGENTS

VINAROS, Spain, April 16 (AP)—Civil life in Vinaroz and neighboring coastal towns rapidly was restored to normal today while Insurgents moved strong forces into the 20-mile stretch along the Mediterranean which they captured yesterday, cutting government Spain in two.

Civilians, who fled to the adjacent countryside during yesterday's fighting, returned to Vinaroz and nearby villages to mass in groups and greet the conquerors with "Viva Franco."

Insurgent leaders arranged for the re-consecration of churches where groceries were sold during the government regime and prepared for Easter services.

Workers tore down Red signs on public buildings and streets, marked with the names of government leaders. Generalissimo Francisco Franco's social service organization moved truckloads of supplies into the towns, most of which escaped heavy property damage.

Insurgents described their new positions as invincible and summarized the results of the coastal drive thus: "All railroad, highway and tele-

graph connecting between Catalonia and the rest of government Spain were cut.

2—Veteran government troops, taken from Madrid and other points, were isolated in Catalonia.

3—Government forces, unable to maneuver, were left in a position where they might be liquidated piece by piece.

4—The defenders of Teruel province were in a critical situation.

5—The Insurgents were able to make a real threat against the metal works at Sagunto, on the main highway to Teruel.

6—Insurgent General Garcia Valino's column driving toward Tortosa was able to establish communications with General Miguel Aranda's division which took Vinaroz.

Zanuck Production Depicts Glory Of Great City

FILM DYNAMIC TALE OF WINDY CITY'S SPIRIT

LA NORA

Today, tomorrow, Tuesday and Wednesday: "In Old Chicago" (20th Century-Fox, Darryl F. Zanuck production, Directed by Henry King, Tyrone Power, Alice Faye, Don Ameche. Music and lyrics: "In Old Chicago" by Mack Gordon and Harry Revel; "I'll Never Let You Cry," "I've Taken a Fancy to You," and "Take a Dip in the Sea," by Lew Pollack and Sidney D. Mitchell. Based on a story by Niven Busch.

Chicago in the '70's, raucous, turbulent, bold, boom town of easy money and easy ways. Story of the O'Leary brothers, who fought each other when fortune smiled, then fought shoulder to shoulder when disaster threatened, the invincible O'Learys who faced the flaming ruins of the great Chicago fire with spirit, undaunted, the spirit that made a nation great.

Howard M. Le Sourd, Ph. D., Dean of the Graduate School of Boston University, in reviewing the photoplay, writes: "As one sees the picture he is conscious of a marked contrast between the material progress of our great cities and the development of civic righteousness.

"Wood has changed to stone and steel, but crooked politicians and ruthless exploitation continue.

"Slums must be abolished, poverty must be alleviated, people must have decent homes and some sense of security—these are the ideas that arise as one thinks about the rebuilding of our social structure.

Thursday, Friday and Saturday: "Gold Is Where You Find It" (Warner Brothers), First National production, Cosmopolitan production, produced in 1938 multiplane Technicolor. Directed by Michael Curtiz. George Brent, Olivia De Havilland, Claude Rains, Margaret Lindsay. Based on a story by Clements Ripley.

A best-of-the-month selection of the West Coast Preview committee. A historical social drama telling convincingly of the conflict between hydraulic gold mining and wheat farming in the Sacramento Valley in California, during the '70's.

REX

Today, tomorrow, and Tuesday: "Radio City Revels" (RKO Radio). Directed by Ben Stoloff. Produced by Edward Kaufman, Bob Burns, Jack Oakie, Kenny Baker, Ann Miller. Music by Allie Wrubel, lyrics by Herb Magidson.

Hilarious farce with music. Superior photography and specialty numbers. Story of how two non-too-successful song writers get their inspiration from an Arkansas pupil who composes in his sleep.

Celebration of fifth anniversary of Radio City motivates this new comedy musical film.

Wednesday and Thursday: "She's Got Everything" (RKO Radio). Produced by Albert Lewis, directed by Joseph Santley, Gene Raymond, Ann Sothern, Victor Moore, Helen Broderick, Parkyakarkus, Billy Gilbert.

Comedy of the romance of a penniless girl and a wealthy coffee merchant, with a flock of hungry

"In Old Chicago" Stars

Darryl F. Zanuck's 20th Century-Fox picture "In Old Chicago" presents Tyrone Power, Alice Faye, and Don Ameche in the leading roles of the photoplay which tells the story of America's second largest city in the '70's. At the LaNora today, tomorrow, Tuesday and Wednesday.

Story of Golden Empire

In the Warner Brothers historical drama, "Gold Is Where You Find It," showing Thursday, Friday, and Saturday at the LaNora, Claude Rains, Olivia De Havilland and George Brent, pictured above, have leading roles. Photographed in Technicolor.

creditors pursuing the couple to consummate the match.

Friday and Saturday: "Trallin' Trouble" (Grand National). Produced by M. H. Hoffman, directed by Arthur Rosson. A Condon production, featuring Ken Maynard.

Second in a series of westerns Maynard is making for Grand National. Ken trails trouble on the range and rounds up a desperate gang of stage-coach outlaws.

All The Latest From Never-Never Land

By PAUL HARRISON, NEA Service Staff Correspondent.

HOLLYWOOD, April 16.—Short takes: For a cowgirl number in "Jesse James," Joan Davis had to yank out a six-gun and fire several shots into the air—presumably with blanks. But as she began firing, a body hurtled down out of the rafters and thudded at her feet. It turned out to be a dummy, not an electrician. But Don Ameche, who planned the joke, is still staying out of Miss Davis' range.

An executive, who likes to take bows for his triumphs, hired a man to take the blame for his mistakes. The other day the stooge stamped into the office and announced that he wouldn't take any responsibility for the poor quality of a picture which he had previewed the night before. "It was so bad," he said, "that the cement footprints and wax dummies walked out of the place." There's nothing sillier than the recent announcements of some studios that they won't make any more B pictures. "Tripe by any other name is just as hard to digest." The play, "Schoolhouse on the Lot," is a jeering satire on Hollywood, but it will be filmed by movie-makers who are anxious to prove that they can take a joke—if it's profitable. The widely-publicized starvation of animals in a bankrupt local zoo was manna for the press agents. They rushed their clients to the scene and took pictures of them divvying a bunch of carrots or a dime's worth of hamburger. At this writing, the animals are still starving.

The studio that most jealously guards its technical methods from the fan-public is M-G-M. Won't even allow a correspondent on a set where a process shot, or transparency, is being made. Yet Metro is readying a film called "Magician's Daughter" which will expose some of the tricks of that trade.

One of Darryl Zanuck's stooges had to break the news that Germany had banned another 20th-Fox picture. "That Hitler!" he stormed. "This time he has gone too far!"

A too-strenuous course of reducing sent Patsy Kelly to a hospital. . . . Marlene Dietrich, still jobless in pictures, has a fat contract for a weekly broadcast beginning

Foreign-born whites in the United States numbered 13,366,407 in 1930.

Texan in Filmusical Cast

The whirlwind dancing of Ann Miller, whose home town is listed as Chireno, Texas, contributes to the entertainment in RKO Radio's filmusical "Radio City Revels," showing today, tomorrow and Tuesday at the Rex. With the Texas girl in the picture are Jackie Oakie, Bob Burns and Milton Berle.

In Fifth Comedy

Their fifth co-starring comedy romance, "She's Got Everything," RKO Radio picture, brings Gene Raymond and Ann Sothern to the Rex theater screen Wednesday and Thursday. Ann plays the role of a penniless debutante, Gene, that of a wealthy playboy.

next fall. . . . To the list of singing child stars, add the name of 13-year-old Edith Fellows. Her voice in "Little Miss Roughneck" will astonish the fans. . . . Mary Howard, only 20, is playing her fifth maternal role in six months. Another young mother type is Mary McGuire. Just 19, she has had a child or two in nearly every picture.

The latest suspension of Bette Davis by Warner Brothers made nation-wide news, but actually it doesn't indicate serious trouble. When a role is assigned a contract player, and the player refuses it, the studio has little choice but to pay the salary to whatever actor does accept the part. Most such disagreements are personally amicable; just matters of cold business.

Local dopsters now have it all figured out that if David Selznick does make "Gone With the Wind," Katharine Hepburn will be Scarlett. George Cukor, her favorite director and good friend, is under contract to Selznick and already has been

ported that a condition of this deal was that she should later be available for the Civil War picture.

Sylvia Sydney's hints to New York interviewers that she might quit Hollywood have not disturbed movie-makers very much. Her temperament has not been widely publicized, but any local poll would place her at the top of the list of difficult actresses. . . . Gail Patrick's husband, Bob Cobb, has a noisy hobby. Bangs away the evenings in a revolver range he has installed in their base-

ment. . . . Jascha Heifetz, who will collect \$50,000 a week's work in Samuel Gold's picture, "The Music Festival," it probably will second edition of the Golden Era. . . . Sec'n: Bob Taylor, the 19-year-old, is working on the Trocadero grill. . . . Gladys, with each of her 10 fingers, had a different color. . . . Miss Lagren looking awfully uncomfortable in full dress. He's the proprietor in "Hell's Kitchen"

Copyright, 1938, NEA Service, Inc.

Matters turn for the when Mrs. O'Hara accuses of friendliness with her husband a ship dancing party CHAPTER IX

The Empress was due to land at in the Bahamas early Thursday morning. All day Friday and Saturday the weather had been mild and without a cloud in the sky. But late on Wednesday the ship rode through a of sudden, tropical squalls, the passengers scuttling for cover.

At 3:30 a. m. several other were swimming about a pool, marveling at the water being in the Gulf Stream. At 10 minutes later a wide, dense bank of dark clouds loomed from nowhere. At the end of our marked Dick, pulling up the deck stairs, the Empress dropped 20 feet in less than five minutes. The Empress was on the edge of the deck when she was pulled down upon them in a second.

At dinner she was contradicted with "I tell you I never had an allergy..." Dick they heard Mrs. O'Hara's voice raising a loud voice. The Empress didn't move her chair. "Some else on the boat," Joyce remarked. "Don't tell me she's a lemon!"

"I'm more personal. I think you'd better know that I don't understand myself. But she looks at me she has a picture of me like I am." "I'll explain it," he said. His Empress, Joyce, trim and neat, began to look at the breakfast table. "Everytime she sees a picture of me like I am."

"The disappointing, really assured her with sleep for the British and Dirty Dick's, being in Nassau. And it's a joke!" "The trouble with us New Yorkers compare in the world with Joyce is spoiled."

"I'm more personal. I think you'd better know that I don't understand myself. But she looks at me she has a picture of me like I am." "I'll explain it," he said. His Empress, Joyce, trim and neat, began to look at the breakfast table. "Everytime she sees a picture of me like I am."

What was the matter with the steamship company? Why couldn't the captain enter the harbor from another angle? Why did they advertise a stop at Nassau? The ship was a veritable kindergarten of spoiled children who could not get out in the rain to play. Most of the men had drifted into the smoking room, to seek consolation in tall glasses, and there the steward kept them contented with new and improved games of chance.

Noticing the apparent cheer in that quarter, Mrs. Porter hurried to the main lounge, where the other passengers sulked and complained. If the games work for the men, she was thinking, perhaps we'd better get up something like that for the women. It couldn't be bingo again; not after the morning session of it. Perhaps horse racing, she decided. Women always enjoyed that. It was better out on deck, of course, where there was ample room, but it was worth the effort, even though it crowded a few people back to the wall.

So long strips of canvas were laid down on top of the carpet, and the whole length of the lounge became a track where wooden horses were raced along the marked canvas in paces determined by the fall of the dice. Spectators crowded the room on either side of the canvas strips, and at times when the Empress hit an unusually strong wave, they threatened to topple over on top of the horses. But it was amusement and there was always the chance of winning, and contentment reigned again.

"You might as well take another chance," Dick advised Joyce as they watched the game through the window. "This is your lucky day." "And risk my \$25?" Joyce demanded with a touch of Aunt Martha's practical Yankee shrewdness. "Besides," she pointed out, "seeing how people were crowded back to the wall, and sitting cross-legged right up to the very edge of the canvas, there's not room for a mouse to squeeze in there."

"We'll find a spot," Dick promised her. They went into the lounge, and because Mr. Hamilton was a very good patron of every ship's game, the steward discovered a few inches of floor space, close to the canvas, where they, too, might sit cross-legged and play their ponies.

"I'll take No. 6," Dick decided, as the next race was called. "What about you, Joyce?" "I don't expect two good fortunes in one day," she decided. "So I'll take No. 6, too, and let you keep the winnings."

tioned," and I'll be riding our horse at the finish." They laughed and settled back into their square inches.

Immediately a voice which Joyce was beginning to associate with disaster called out from somewhere behind them. "Wait a minute, steward!" Mrs. O'Hara ordered sharply. "Those people in front are cheating. Their horse is No. 6, and I saw that girl deliberately kick it forward."

Joyce looked at the canvas. True, their horse had slipped forward another pace. She must have kicked it, not noticing because her foot was numb. "Sorry, steward," Dick called cheerily moving the wooden horse back. "I meant to kick it over the goal line."

Mrs. O'Hara's caustic tongue disturbed him not at all; in fact, recalling the picture of a large dripping woman being pulled aboard, he saw only the humor of the situation. Her intimation that he tried to cheat just did not register in his mind so he didn't get offended.

But Joyce, feeling the sharp stings upon her, flushed uneasily. She could almost hear the curious whispers behind her back. "That's the same girl she pulled away from her husband last night... didn't you see it?"

Plenty of policemen were provided at the Beau-Arts gallery in Paris when the Surrealist International Salon was thrown open to visitors.

PROFESSOR IS AUTHORITY ON BUSINESS FIELD

As a part of a national program of economic education being sponsored by the United States Junior Chamber of Commerce, Dr. A. L. Boeck, head of the department of Business Administration at Texas Christian University, will address the Pampa Junior Chamber of Commerce on Tuesday, April 19, on "Changes in Wages and Prices and Their Effect Upon Standards of Living."

Dr. Boeck has been on the faculty at Texas Christian University since 1935, having left the faculty of the University of Southern California to assume the headship of the department of Business Administration at Texas Christian. In addition to his position as Professor of Business Administration, Dr. Boeck is also director of the T. C. U. Evening college. He has had extensive business experience, in addition to his work in university circles, and he is the author of one book on international economic relations. Dr. Boeck is a member of the speakers' bureau of National Education Committee of the United States Junior Chamber of Commerce, and he is also chairman of the National Education Committee.

Dr. Boeck's talk is one of many being given by some 50 members of the speakers' bureau. This bureau was set up early this year as a means of stimulating discussion of the fundamental principles of economics. The speakers are utilizing among other materials the studies of the Brookings Institution of Washington, D. C.

"The United States Junior Chamber of Commerce is not attempting to promote the interests of any

ACTRESS' WILL MADE INTO TALKING PICTURE

HOLLYWOOD, April 16 (AP)—Merna Kennedy's last will and testament was a talking picture today.

While a microphone and camera stood by her desk, the film actress read the terms of her will and then signed it in the presence of her attorney, Milton G. Golden.

The movie will be kept safely in a vault until such time as the written will is filed for probate. It also will be filed as a supplementary document to forestall any possible contest.

The actress is the former wife of Busby Berkeley, film director.

OLD CITY ORDINANCES COVER LOTS OF GROUND

FRESNO, Calif. (AP)—There are 2-365 city ordinances in this town and you're liable to get into trouble when you least expect it. For instance, DON'T sell a hamburger without giving the customer a list of ingredients.

If you ride a bicycle on the sidewalk you must alight, but not bow, on approaching a pedestrian.

NEW FOOD, DRUG BILL TO CLOSE LOOPHOLES

WASHINGTON, April 16 (AP)—The House interstate commerce committee has passed a new food, drug and cosmetic bill today designed to close loopholes in a public health protection law which has been changed only slightly in the 32 years it has been on the statute books.

The bill provides fines ranging from \$1,000 to \$10,000 and imprisonment from one to three years for violations.

Principal features of the proposed legislation:

Adulteration and misbranding of cosmetics is prohibited.

New drugs are required to be tested adequately for safety before being placed on the market.

Drugs intended for diagnosing illness or applicable to conditions of under weight, or overweight, are subject to regulation.

Definitions and standards of the identity of a product are set up.

Informative labeling of foods respecting quality and composition is required.

The bill eliminates a provision in the existing law under which proceedings could be brought against falsely labeled patent medicines only upon evidence to prove that the manufacturer knew his labels were false.

It would also require that habit-forming drugs be labeled.

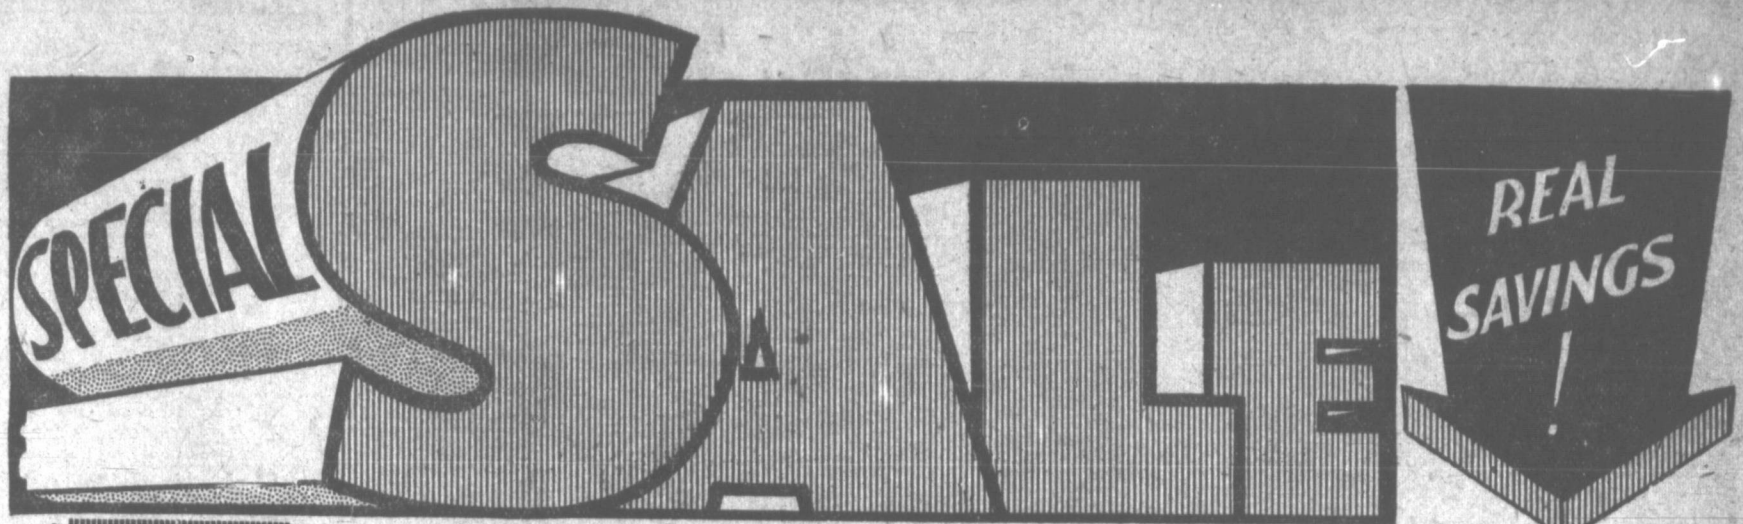

Japanese plan to build new tourist hotels at Peking, Tientsin, Shanghai, Hangchow, and other cities in China.
