CINDY BALAGUE, HOMECOMING QUEEN

## BALAGUE, COOLEY, WILLIAMS AND ROMERO HONORED DURING HOMECOMING

Cindy Balague was crowned Homecoming Queen during halftime festivities last Friday night. Cindy is the daughter of Mr. and Mrs. Juventino. Cindy, a senior, was escorted by Jerry Green, son of Charlie and Sue Green. Other candidates for the coveted honor were Teri Billington and Charla Buchanan, all seniors. Teri is the daughter of Mr. and Mrs. Larry Billington and Charla is the daughter of Mr. and Mrs. Bob Buchanan.

Kelli Williams, daughter of Mr. and Mrs. Kenneth Williams was chosen as Football Sweetheart for 1985-86. Kelli, a Junior,

was escorted by Chris Cooley, a senior and son of Joe and Pam Cooley. Other candidates for Football Sweetheart were Mindy Wilhams and Ralynn Key. Mindy and Ralynn are both sophomores. Ralynn is the daughter of Mr. and Mrs. Roland Key. Mindy's parents are Mr. and Mrs. Roger Williams. Ralynn was escorted by Jerry Green and Mindy was escorted by Brice Key.

Chris Cooley was chosen as Pep Squad Beau. The other candidates were Brice Key, son of Mr. and Mrs. Roland Key and Jerry Green, son of Charlie and

FELICIA ROMERO, Band Sweetheart

KELLI WILLIAMS-FOOTBALL SWEETHEART AND CHRIS COOLEY, PEP SQUAD BEAU

Sue Green.

Felicia Romero, daughter of Mr. and Mrs. Frank Romero, was chosen Band Sweetheart. Felicia was presented roses by David Holmes, a sophomore and member of the Coyote Band.

All candidates for Homecoming Queen and Football Sweetheart were carried off the field on a float

made by the Parents Club.

The usual Homecoming festivities include a bonfire and pep rally which was held at 4:00 East of the high school. Of course, there was lots of smoke and fire. The cheerleaders held a pep rally and the band played. The football team was carried into the area in a green firetruck provided by Pat Porter.

## Wayne Baize and Ben Miller Will Be Featured In Snyder

Snyder--The Scurry County Museum will show paintings and prints by Western artist Wayne Baize and sculpture by local artist Ben Miller in a special exhibit opening on Oct. 11.

Both Baize and Miller will be present for a reception in the museum from 6-9 p.m. on Oct. 11. The public is invited to meet the artists during the evening.

The exhibit will be part of the White Buffalo Days celebration set for Oct. 12-13 in Snyder. Other activities will be held in the Scurry County coliseum.

Baize was born in Stamford and later moved with his family to a ranch south of Baird where he began studying art. He had his first one-man show in Stephenville.

His works have appeared in the Western Heritage Show in Houston, the OS Ranch Art Show in Post and in numerous other places including New York and Los Angeles. His paintings portray the cowboy as a working man, caring for his cattle, horses and grassland.

Miller, who is from Fluvanna, grew up in Borden and Garza county ranch country. Wildlife and the cowboy are his favorite subjects. Although interested in art at an early age, it was not until 1980 that he began to seriously devote himself to sculpturing. He recently displayed some of his works at the OS Ranch Art Show.

Many of the paintings, prints and sculptures will be available for purchase.

Additional details about the reception and exhibit can be obtained by calling the Scurry County Museum at 915 573-6107. The exhibit is to remain in the museum through Nov. 11.

Charla Buchanan, candidate for Homcoming Queen and Fhris Cooley, candidate for Pep Squad Veau.

Cindy Baligüe, fandidatemor Homecoming Jueen ind Jerry Green, candidatemor Pep Squad Beau;

Teri Billington, Homecomng Queen Candidate and Brice Key, candidatemor Pep Squad Beau.

Mindy Williams, candidate for Football Sweetheart and Brice Key, candidate for Pep Squad Beau.

Ralynn Key, Candidate for Football Sweetheart and Jerry Green, Candidate for Pep Squad Beau;

### Coyotes Lose

The Coyotes started out so well on offense and defense, but something happened to make them go flat.

The young Coyotes scored the first time with the ball when James Lewis ran seven yards for the score and also added the point after. Both teams exchanged fumbles and it appeared that the Coyotes were headed for another score, but

another fumble caused the young team to stall and they never recovered.

Lance Telchik scored the final points, on a fake run and pass to Telchik for two yards and a repeat of the scoring play for the extra point.

The team travels to Ira on October 10th for the final road game.

### Parent's Club

The Borden Elementary Parents Club would like to thank everyone for helping with the Homecoming Float.

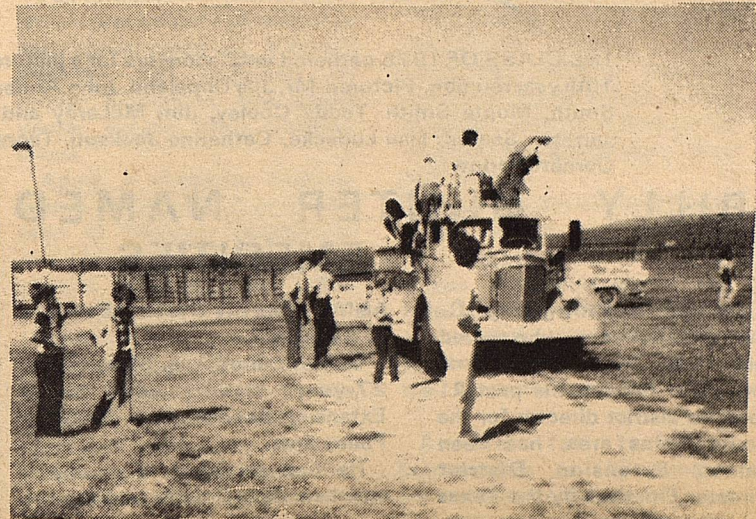

Thanks to:  
 Jerry Stone-for lending the use of the trailer  
 John and Kevva Anderson- for donating the wire and helping  
 Lisa Ludecke-for helping with the float  
 Monte Smith-for putting the

wire around the trailer.

We appreciate your help in making our project a success. Also, the Parents Club is very proud of the members who donated so much of their time and energy to make the float:

Bobbie Isaacs, Debra Lusk, Inez Taylor, Didiere Smith, Sue Mize, Sheryl Monger, Carla Hensley and Oralia Granados.

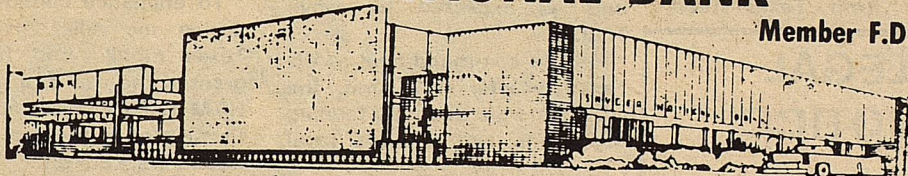

# Go!

The Coyote Football Team gets a ride on the firetruck and is delivered in style to the Bonfire and Ptp Rally.

## BILLY GUNTER NAMED DIRECTOR EMERITUS

College Station--Billy C. Gunter of Lubbock, who served with the Texas Agricultural Extension Service the past 21 years as district director for the South Plains area, has been named Extension District Director Emeritus by the Texas

A&M University System Board of Regents.

Gunter retired Aug. 31 after a 27-year career with the Extension Service in the South Plains area.

He first served as a county agent in Hale County and then

was named farm management specialist. In 1960 he was appointed agronomist, and four years later he was named district director.

Gunter was noted for his outstanding leadership and contributions to the Extension Service in serving the people of the South Plains.

A native of Ralls, Gunter received the Texas Superior Service Award from the Extension Service and the State Distinguished Service Award from the Texas Alpha Zeta Chapter of Epsilon Sigma Phi., the national honorary Extension fraternity. He is a retired lieutenant colonel in the U.S. Army Reserve and received the Meritorious Service Medal.

Gunter holds a B.S. degree in agronomy from Texas A&M University and an M.S. degree in agronomy from Texas Tech

## PUBLIC NOTICE

Texas Utilities Electric Company (TUEC), in accordance with the rules of the Public Utility Commission of Texas, hereby gives notice that the Company has filed an Application for Certificate of Convenience and Necessity for approximately 960 megawatts of new generating capacity to be comprised of three multi-unit combustion turbine installations to be located at the following existing TUEC power plants: Permian Basin Steam Electric Station located in Ward County approximately four miles west of Monahans, the Morgan Creek Steam Electric Station located in Mitchell County approximately five miles southwest of Colorado City, and the Decordova Steam Electric Station located in Hood County approximately six miles southeast of Granbury. The estimated expense associated with the total project is \$488,600,000 (including Allowance for Funds Used During Construction).

Persons who wish to intervene in the proceeding or comment upon action sought, should contact the Public Utility Commission of Texas at 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757, or call the Public Utility Commission Consumer Affairs Division at (512) 458-0223 or (512) 458-0227, or (512) 458-1221 for teletypewriter for the deaf within 15 days of this notice.

A complete copy of the application is on file with the Public Utility Commission of Texas at Austin, Texas.

## CANCER SOCIETY AWARDS PRESIDENT AND MEMORIAL CHAIRMAN

The Annual Meeting of the American Cancer Society for District 2 was held Saturday, September 21, 1985 in The Petroleum Club in Midland, Texas.

Representing Borden County at the meeting was Dorothy Browne. Dorothy has been Secretary-Treasurer and Memorial Chairman for The Borden County Cancer Society

for the last four years. At the meeting Dorothy was given an award for her years of service.

E. L. (Shorty) Farmer was given an award as President of The Borden County Cancer Society. Borden County was recognized as an Award of Merit County because of the generosity of our citizens during the Borden County Cancer Crusade and Dance each Spring.

## BAPTISTS OPERATING FIELD KITCHENS FOR MEXICAN VICTIMS

Llallas, Texas--Baptists from Texas, Oklahoma, Mississippi and Louisiana are operating field kitchens capable of serving a total of about 30,000 meals a day to earthquake victims in Mexico City.

About 80 Spanish-speaking Texas Baptist counselors also are serving in Mexico City this week on a one-to-one basis with people who need emotional and spiritual help because of the earthquake.

Thirteen Texas Baptist volunteers began serving hungry victims of the earthquake in the Tepito neighborhood of Mexico City on Sept. 26 at a rate of 1,000 meals per hour for the first four hours. Meals were served from the disaster relief mobile unit, an 18-wheel tractor trailer rig with portable field kitchen.

The Texas disaster relief team was joined by Louisiana, Oklahoma and Mississippi disaster relief units over the weekend. The Louisiana unit is set up at Centro de Carranza, the Oklahoma unit is four blocks from the Texas unit at the "Sal" Sanchez Center at El Centro Morales, and the Mississippi unit is in Oceania. The Texas unit is expected to move Thursday.

From a command post at the Texas disaster relief unit, the volunteers are directing feeding operations and training local

Mexican Baptists in field kitchen feeding techniques, said Robert E. Dixon, Texas Baptist Emergency Task Force coordinator. A ration store of stockpiled food is being set up, and soon disaster victims in some areas will be able to cook their own food.

"The next step after putting food on plates is giving people pots and pans and teaching them how to cook," said Dixon. "This is a step in a stable recovery."

Eighty bilingual Texas Baptist pastors and deacons are being assigned to the four disaster relief units, acting both as counselors and interpreters.

"In an effort to minister in a holistic way to the earthquake victims, our volunteers will seek to offer spiritual and emotional counsel as well as meeting immediate physical needs," said Charles P. McLaughlin, chair of the Texas Baptist Disaster Relief Committee. More than 2,000 professions of faith have been recorded as a result of the feeding and counseling ministry. At least four new churches will have been established when the disaster relief crews leave, Dixon said.

To enhance communication during the relief effort, the Texas mobile unit has been granted the use of a reciprocal HAM radio license, one of the first issued in Mexico. The call letters are XEINBM.

## COMMUNITY GARAGE SALE

The annual Community Garage Sale will be held October 19 from 9 to 5 downtown Gail. For more information contact Tana May, 915 856-4419;

## LaMesa-Fitness and Weight Control Program

Looking for an affordable, sensible, liveable plan for changing your lifestyle?

LaMesa is a program of serious education and practice in fitness, weight control, nutrition, stress and time management, and healthful living for adults. It is designed and conducted by specialists with the Texas Agricultural Extension Service who want to help you revitalize and improve your life, looks and health.

The program will be held at the Texas 4-H Center on the shores of Lake Brownwood in two time frames: a thorough week-long session from January 20-25 and two intensive weekends, January 24-26 for singles and January 31-February 2 for couples.

Participants will have the opportunity to "get away from it

all" and concentrate on themselves and their health. Each day will include at least four hours of various exercises and four hours of instruction for men and women in areas on nutrition, food and drug interaction, color and wardrobe, hair and make-up trends, stress and time management, personal diet consultation and other areas. Each participant will receive an individual stress test and consultation with the doctor and dietitian.

The families of the participants are also invited to a support and motivation session on the final day of the program.

LaMesa, a new concept in fitness, offers maximum benefits for a minimum price. Contact your county Extension agent, Kandy K. McWhorter, for more information and registration details.

## 4-H'ers Shown How To Make Fiddles

Vivian Clark, fiddle maker and longtime Borden County resident, presented a program on making fiddles to the Gail 4-H Club on October 2, 1985.

Mr. Clark brought with him three fiddles that he had made. He showed the 4-H'ers his

patterns, some of the tools he uses, and his scrapbooks about different fiddle makers and players.

After showing his fiddles, Mr. Clark played a few songs for the 15 4-H'ers and leader in attendance.

4-H Parents met to elect officers last week.

## 4-H ADULT LEADERS ELECT OFFICERS

Sandra Evans was elected president of the Borden County 4-H Adult Leaders' Association at their quarterly meeting held September 27 in the 4-H Exhibit Building. Ollie Holmes, Patsy Telchik and Barbara York were elected to serve as vice-president, secretary-treasurer and reporter, respectively.

Fifteen members of the association were present at the meeting. The group also approved the proposed by-laws; appointed committees; heard committee reports on the homecoming activity and the 4-H banquet; and elected delegates to the district leaders' association. Sandra Evans and Patsy Telchik will represent Borden County leaders on the district level.

## GROUP CALLS FOR HIGHER CIGARETTE EXCISE TAX

Austin--The American Heart Association today called on Texas' U.S. senators to prevent the 16 cent federal cigarette tax from falling on October 1, and asked the Senators to help increase the tax to 32 cents a pack.

"The cigarette tax helps discourage people, especially teenagers, from taking up smoking," said William L. Winters, Jr., M.D., President of the American Heart Association in Texas. "The federal cigarette excise tax was raised from 8 cents to 16 cents in 1982, but it will fall to 8 cents a pack on October 1, unless Congress acts to stop it. A lower tax would allow cigarette companies to lower prices, making it easier for kids to afford cigarettes."

Dr. Winters noted that cigarette companies will also be able to increase their profits at the expense of the Federal Government if the tax is lowered.

"Our Federal Government receives almost \$5 billion a year from the tax now," said Winters. "If we allow the tax to be cut in half, the U.S. government will simply be giving half of the \$5 billion to cigarette companies instead of using it to reduce the federal deficit or to help pay for Medicare and other health programs." In late July, the House Ways and Means Committee passed a budget reconciliation bill that would extend the 16 cent tax. The Senate is expected to consider the cigarette tax in September, when the Senate Finance Committee and then the full Senate will adopt a budget reconciliation package.

"We are therefore calling on Sen. Lloyd Bentsen and Sen. Phil Gramm to prevent the tax from dropping, and to support an increase in the tax to 32 cents a pack." Dr. Winters said, "Thirty-two cents is the level the tax would be if it had been adjusted for inflation since it was increased in 1951."

Congress planned in 1982 to allow the tax to fall because it expected the federal budget deficit to be reduced to \$66 billion by 1985. By contrast, the Office of Management and Budget predicted in early August that the United States will have deficits of \$200 billion in 1985 and 1986.

## GET LAWN IN SHAPE FOR SPRING

Homeowners can take steps to get their lawns in shape for next spring.

Weed, disease and insect control along with fall fertilization can help get lawns off to a fast start next year.

Chinch bugs, white grubs and armyworms must be controlled during late summer and fall. Insect damage weakens turf and allows weeds to invade the lawn.

Timely applications of insecticides such as diazinos or Durshan will control most lawn insect problems.

Fall fertilization maintains the lawn's green color and promotes early spring green-up. A dense, vigorous turf produced by proper fertilization also keeps winter weeds from invading lawns.

Apply a complete fertilizer with a 3-1-2, 4-1-2 or similar ratio of nitrogen, phosphorus and potash at a rate of 1 to 2 pounds of nitrogen per 1,000 square feet.

If winter weeds have been a problem in past years, apply a preemergence herbicide (chemical seed killer) for additional protection against weeds. Materials containing atrazine, benefin, bensulide and dacthal provide preemergence control of many winter annual weeds. Some preemergence herbicides are available in formulations with fertilizers, which simplifies application.

Be cautious homeowners and follow label instructions in regard to grass species and rates of application when using herbicides. Materials containing atrazine should not be used around trees and shrubs.

As far as disease control is concerned, apply a fungicide on St. Augustine lawns to prevent damage from brown patch. Not only is brown patch unsightly, but weeds generally invade the lawn in disease-weakened areas. Also, spring recovery is delayed in areas damaged by brown patch.

Fungicides containing pcnb (Terraclor, Ortho Lawn Fungicide), benomyl (Benlate, Tersan 1991) or chlorothalonil (Daconil) control brown patch when applied according to label instructions.

Also raise the mowing height in October to 2-1/2 or 3 inches for St. Augustine and 1-1/2 or 2 inches for bermuda lawns. The taller grass provides more cover and insulation for the growing points of the grass and reduces the chance for winterkill.

Another fall task for homeowners is to remove excess accumulations of grass clippings or tree leaves from the lawn. The excess debris from these sources increases thatch accumulation and creates a favorable habitat for insects and disease organisms.

# NOTES FROM MIKE RICHARDS

198th Anniversary of U.S. Constitution

This past Tuesday was the 198th anniversary of the United States Constitution.

During a ferociously hot Philadelphia summer in 1787, 55 typical American citizens met and argued for 127 days and produced one of the magisterial documents of world history.

Almost without being aware of their great achievement, they fashioned a nearly perfect instrument of government. In fact, the writing on the constitution is an act of such

genius that today philosophers still wonder it nts accomplishment and envy its results.

The 55 contained a college president, a banker, a merchant, a judge, mayor, a clergyman, a governor and a surgeon. One-sixth of the members were fforeign born.

Interestingly, since that time, all other nations which were in existence have had to alter their forms of government.....except America.

Gentlemen...we thank you...

# HOUSTON SHOW ANNOUNCES CHANGE

The Houston Livestock Show and Rodeo today announced a major change in 1986 Show scheduling to accomodate a spectacular birthday party for the state of Texas and the city of Houston.

Show President Joseph T. Ainsworth, M.D. disclosed plans for a special Sesquicentennial celebration topped off with a full length concert by Willie Nelson to be held Tuesday, Feb. 18, 1986 at 7:45 p.m.

The extravaganza, entitled "A Salute to Texas and Houston--150 Years of Greatness," opens the 1986 Houston rodeo and will include an exciting blend of marching bands, orchestras, choirs, costumed participants, special effects and pyrotechnics. Based on the size and complexity of this event, no rodeo performance will be held on this date.

Renowned organizer and consultant Charles R. Corson has been retained by the Show to direct the spectacular. Corson has had extensive experience in the entertainment industry, serving as casting director for Walt Disney Studios and vice president land general manager of production services for Radio City Music Hall. He was also actively involved in the opening and closing ceremonies of the 1984 Summer Olympics in Los Angeles.

Tickets for the event are \$8.50 and \$4.00 and may be obtained by mail order only. Ticket requests may be mailed to: Ticket Director, Houston Livestock Show and Rodeo, P.O. Box 25395, Houston, Texas 77265-5395. A \$1.00 handling fee applies with a limit of 30 tickets per purchase.

To further celebrate the Sesquicentennial, Ainsworth announced the presentation of a life size bronze statue entitled "Dreams and Memories" to the citizens of Houston and Harris County. This announcement was addressed to Mayor Kathy Whitmire and Harris County Judge Jon Lindsay.

"This sculpture depicts the idea that our organization has a solid foundation with a firm commitment to the future.

LUBBOCK, Friday, October 4, 1985

The Cotton Board charged with administering Cotton Incorporated's research and promotion program has accepted and sent to the Secretary of Agriculture for approval an \$18.5 million budget for 1986, up just over two percent from the \$18.1 million budget in 1985.

The budget, funded by a voluntary producer assessment of \$1 per bale plus six-tenths of one percent of bale value, was adopted at the Board's 19th annual meeting September 23 and 24 at South Padre Island, Texas. Although the Cotton Board has only 19 cotton grower members and 19 alternates, the meeting was attended by over 100 producers and industry leaders.

Board members from the High Plains are Ray Joe Riley of Hart, a past president of Plains Cotton Growers, Inc., and S. M. True of Plainview, president of the Texas Farm Bureau. Another Texan, Tommy Funk of Harlingen was named chairman of the Cotton Board at the Padre Island meeting. Funk succeeds Glen Stevens of Fresno, California.

For 1986, 65 percent of the budget, \$12.03 million, will be directed toward U.S. promotion and overseas technical assistance to mills that buy U.S. cotton, with 26 percent or \$4.81 million going for research. This compares to Cotton Incorporated's 1985 budget which allocated 60 percent and 28 percent, respectively, for comparable activities.

The shift in emphasis reflects continuing efforts to control costs, a realignment of operations and a reallocation of limited resources into research and promotion areas which offer the greatest opportunities, Stevens said.

CI is trying "to match grower needs and priorities," he continued, explaining that an expansion of market development is needed "to help move this huge crop through to the consumer."

Stressing that cotton continues to enjoy strong consumer demand, CI President Bob Boslet said cotton's market share of all fibers excluding carpets totals 41 percent in the first six months of 1985 compared to 40 percent in 1984, 39 percent in 1983, and only 34 percent 10 years ago in 1975.

"This budget will allow us to move ahead with our highly successful research and promotion projects and will help keep cotton's gains on target," Boslet stated.

### JIM WALLACE CANDIDATE FOR RE-ELECTION

Austin--State Supreme Court Justice James P. "Jim" Wallace announced today that he will be a candidate for reelection to the State Supreme Court.

Justice Wallace was elected to the State's highest civil court in 1980. Prior to that, Justice Wallace served on the First Court of Appeals, as a District Judge, and as a State Senator. He will complete his first six-year term on the Supreme Court in December, 1986.

Judge Wallace released the names of over 1,400 attorneys and political leaders who have already agreed to support his reelection effort and who are

...7  
serving on his state-wide steering committee.

Commenting on the large size of his steering committee, Justice Wallace stated, "While I am extremely pleased that so many individuals are solidly behind me, I am most proud of the fact that my support is balanced across such a wide-spread spectrum of the Bar." Judge Wallace cited as the reason for such a broad base of support his philosophy towards holding office on the State's highest court.

"My only goal has been the administration of fair and impartial justice for all Texans."

Judge Wallace expressed gratitude to the many individuals that have indicated early support of his reelection. "I am honored that such a large number of attorneys, many of whom know me only by my work on the court, are committed to my reelection." Judge Wallace added that he was continuing to receive additional pledges of support from all areas of the bar and the political community.

Wallace, who is 58, is also well known in jogging circles, and still runs five to eight miles every morning. He has won several 10K runs around the state. "I have incorporated my running into my campaigns in the past," said Justice Wallace, "and plan to do so again this time." Judge Wallace is organizing a number of "fun runs" around the state as an alternative to the more traditional cocktail circuit.

Even though the primary election is eight months away,

Judge Wallace announced that he was beginning an intense campaign. "After facing a primary, run-off, and general election contest in 1980, I know what a big state this is, and how hard a statewide campaign can be; I plan to take nothing for granted."

## DeVry SCHOLARSHIPS

DeVRY INC. will offer 75 full-tuition scholarships at a total value of \$1.1 million to 1986 high school graduates throughout the United States.

According to DeVRY INC. President Philip A. Clement, each scholarship provides between \$14,700 and \$15,750 for application fees and tuition, and may be used toward a Bachelor of Science degree program in either Electronics Engineering Technology or Computer Information Systems. A scholarship can be applied at any of the nine DeVry Institutes in the United States.

Finalists will be determined on the basis of SAT, ACT or WPCT scores and will be announced in April of 1986. Scholarship recipients will be chosen on the basis of those scores, high school academic achievement, extracurricular activities and an essay. Announcement of winners will be made shortly thereafter.

Applications are available at the Admissions Office at each DeVry Institute and must be returned before March 21, 1986.

Mr. Clement said scholarship recipients will receive a plaque to commemorate the honor, and a similar plaque will be presented to the students' high school for permanent display.

The number of scholarships granted to each DeVry Institute will be determined by the number of applications received by that school. Each campus will have the opportunity to award at least one scholarship to an outstanding student from the area. All 1986 high school graduates are eligible, with the exception of the immediate families of DeVRY INC. and Bell & Howell employees.

For further information, students should contact their high school guidance counselor, or write to the Office of Admissions at their local DeVry Institute. Campuses are located in Atlanta (Decatur), Chicago and Lombard (IL), Columbus, Dallas (Irving), Kansas City (MO), Los Angeles, (City of Industry), Phoenix, and Woodbridge (NJ).

DeVRY INC. is one of the largest proprietary, post secondary networks in North America devoted to technical education.

# MATTOX FILES RICO COUNTS IN ANTI-TRUST CASE

Austin--Attorney General Jim Mattox has filed the first civil RICO case ever filed by the State of Texas, regarding an alleged conspiracy by liquified petroleum gas retailers to make consumers pay more for propane gas.

Mattox said the lawsuit, filed in federal district court in Houston Sept. 23, is the first step in an on-going investigation into price-fixing and attempted monopolization within the propane industry in Texas.

The first lawsuit involves perhaps as many as 7,000 consumers in 14 East Texas counties, particularly in the Bryan area, Mattox said.

The lawsuit seeks millions of dollars in fines and penalties for violations of both federal and state antitrust laws and for violations of the federal and state antitrust laws and for violations of the federal Racketeer Influenced and Corrupt Organizations (RICO) Act. The suit also seeks restitution for consumers under the Texas Deceptive Trade Practices - Consumer Protection Act and injunctive relief.

Specifically, the lawsuit's RICO count accuses defendants Havens and Phillips of mailing fraudulent billing statements to consumers beginning in September 1983. The suit alleges consumers were charged for more gas than they actually received because meters on delivery trucks were illegally recalibrated.

Mattox's Antitrust Division estimates that consumers may have lost as much as \$1.5 million because of the recalibrations and illegal price-fixing. The lawsuit is seeking treble damages for those violations, as well as potential penalties of up to \$1 million from each corporate defendant and up to \$100,000 from each individual defendant.

Restitution for the affected consumers also is being sought.
