Serving the Counties of Borden, Dawson, Garza, Howard, Lynn & Scurry

## "THE GREAT FIESTA TEXAS DIRT ROUNDUP"

Two legendary Texas heroes will visit Borden County on Thursday, October 3, for "The Great Fiesta Texas Dirt Roundup," a statewide campaign to collect a shovelful of dirt from every county in Texas for use at the \$100-million Fiesta Texas musical showpark under construction in San Antonio.

With the help of County Judge Van York, Fiesta Texas ambassadors "Davy Crockett" and "Gregorio Esparza" will collect a shovel-full of dirt from the Borden County Courthouse lawn in a special ceremony at 9:20 p.m. In case of rain, the ceremony will be held inside the courthouse.

"We want to make sure that every part of Texas is represented at the showpark since Fiesta Texas will celebrate the musical and cultural diversity of all of Texas," said Fiesta Texas General Manager Bill Hoelscher. "By collecting dirt from every county in Texas, we are recognizing what ties us all together - our love of the land, the very soil we call 'Texas.'"

"With this campaign, we'll make every county in the state a part of Fiesta Texas, from the plains of the

Panhandle to the tropical Rio Grande Valley," Hoelscher said.

The dirt will be brought back to Fiesta Texas and used in "The Texas State Square," a central square within the showpark that will feature brick pavers engraved with the names of all 5,000-plus towns, cities and counties in Texas.

The Fiesta Texas team is traveling all across the state - over 22,000 miles - to visit all 254 counties in Texas within a three-month timeframe. The campaign is sponsored by Chevrolet/GEO, Coca-Cola and Diamond Shamrock.

"This type of schedule takes an heroic effort, so we called upon two great heroes of Texas history - Davy Crockett and Gregorio Esparza - defenders of the Alamo," Hoelscher said. "As our ambassadors, they will help spread the work about Fiesta Texas, and make sure that we have a little part of every county in Texas to include at the showpark."

Scheduled to open next spring, Fiesta Texas will feature the

## 1992 MERIT SCHOLARSHIP SEMI-FINALIST

David A. Buchanan, a senior at Borden High School has been named as a Semi-finalist in the 1992 Merit Scholarship Competition.

Semi-finalists have the opportunity to advance to the next level in the competition for some 6,100 Merit Scholarships to be awarded next spring.

Students in over 19,000 U.S. High School entered the 1992 Merit Program as juniors by taking the Preliminary Scholastic Aptitude Test/National Merit Scholarships Qualifying Test. The results of this test served as an initial screen of more than one million entrants.

Semi-finalists are

## CATTLE, PASTURE CATALOG AVAILABLE

top scorer in each Merit Scholarships to state, and they must be awarded next spring.

now advance to the Finalists level of the competition in order to be considered for

David is the son of Bob and Terri Buchanan of Borden County.

## 200 Years of Freedom

### Amendment I

Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof; or abridging the freedom of speech, or of the press; or the right of the people peaceably to assemble, and to petition the government for a redress of grievances.

Imagine if you had to seek permission from the government when you wanted to distribute a petition, give a speech, or report the truth about events in your community. Even if you wanted to write a simple newsletter for your club or church. That's the way it's done in many countries, but not ours.

During National Newspaper Week, we are joining with newspapers across the nation to celebrate the 200th anniversary of the United States Bill of Rights. And we especially cherish the freedom to say what we think. Freedom to report the truth. Freedom to be free!

## BORDEN THUMPS LOOP 42-12

The Borden County Coyotes hosted the Loop Longhorns on Sept. 27th and came away victorious 42-12. The Coyote's efforts produced 384 yards of total offense. The team was led by junior quarterback Clint Wills, who rushed 7 times for 71 yards and 1 touchdown. Clint completed 5 of 9 passes for 108 yards and 2 touchdowns.

Sophomore running back Brandon Adcock carried the ball 7 times for 33 yards and one touchdown. He also threw a pass for a completion of 40 yards.

Sophomore end Joe Acosta carried the ball five times for 50 yards and one touchdown. Joe caught a pass for 20 yards that was good for a touchdown.

Junior end John Paul Harris carried the ball four times for 20 yards and he caught four passes for 122 yards and one touchdown. John Paul also led the team with 15 tackles.

Junior corner back Kirk Jones had 10 tackles. He also hurt the Loop offense by intercepting one of their passes and he also recovered a Loop fumble.

Freshman defensive end Virgil Glaze blocked a Longhorn punt and then covered it in the end zone for a touchdown.

The extra point trio of J.J. Kincheloe to Guy Zant and booted by Richard Buchanan connected with 3 of 6 field goal attempts for 6 points.

The Coyotes opened the game kicking the ball to the Longhorns. Jesse Burrola returned it 54 yards before being tackled by Kirk Jones. The next play, the Longhorns passed

### BOOSTER CLUB CARAVAN

The Borden County Booster Club will be forming a "Car Caravan" prior to the Borden County vs. Klondike football game on Friday, October 4th.

All fans are encouraged to participate in the caravan which will be forming at the intersection of FM 137 and FM 828.

We will begin assembling at 6:30 until 6:45 and then will proceed to the game. We will be at the stadium in Klondike by 7:00. Please come out and support the Coyotes.

the ball for 18 yards and a touchdown. The PAT failed and the Longhorns led 6-0.

The Coyote team was stopped on downs and the ball went back to Loop. Clint Wills put a quick stop to their drive by intercepting a Longhorn pass and returning it 15 yards. Brandon Adcock took the ball over the goal line from 2 yards out. The extra point was no good. With 3:03 left in the first quarter, the score was 6-6. From then on it was mostly Borden County's game. With 7:56 left in the second quarter, Clint Wills hit John Paul Harris for an 18 yard pass and a touchdown. The PAT kick by Richard Buchanan was good making the score 14-6. Kirk Jones recovered a Longhorn fumble to end their next drive. On this possession, Wills kept the ball and ran 15 yards to paydirt. The PAT kick was good. So with 3:55 left in the first half, the score was 22-6. The ball exchanged hands once more apiece and with just 16 seconds left on the clock, Adcock surprised the Longhorns with a 40 yards pass to John Paul Harris. Harris could not make it into the end zone as time had expired on the play. So at the end of the first half the score was still 22-6.

The Coyotes began the third quarter by driving the ball into Longhorn territory when Joe Acosta carried the ball 27 yards for a touchdown. The kick by Richard Buchanan was good making the score 30-6 with 9:00 left in the

third quarter.

The Borden County defense led by Monty Stone, J.J. Kincheloe and Clay Miller held the Longhorns when Kirk Jones intercepted a pass. Wills connected with Acosta on their next possession for a 20 yard touchdown pass.

The PAT was no good which made the score 36-6 with 3:43 left in

the third quarter. The Coyote defense held the Longhorns. When Loop attempted to punt the ball, Virgil Glaze blocked it and ran the ball into the end zone for 6 points. The PAT failed and the score was 42-6.

The only score in the fourth quarter was made by the Loop Longhorns making the final score 42-12.

## CHALK TALK BY COACH AVERY

This was an enjoyable type of ball game. Everyone got to play a great deal. The rushing was shared, the catching was shared and the Coyotes looked good moving the ball up and down the field.

Due to injuries to the Coyote team and

their opponents, the J.V. games with Trent and Loraine will be cancelled.

The young Coyotes had a real good time in the second half. Even though they were behind, they never gave up and kept trying to make a game of it.

## AG STRUCTURES CLASS PLANS STOREROOM

The Senior Ag. Structures class of Borden County High School is actively seeking someone who is interested in furnishing the costs of materials for a 10X14 storage facility which will be constructed in the ag shop. Materials needed would be:

- a) 2x4 material for plates and studs
- b) 1x4 material for outside trimming
- c) 2x8 material for rafters and joists
- d) ½" plywood for floor decking
- e) 3/8" masonite for outside wall fabrication
- f) 6" ribbed sheet

metal for gable roof covering  
g) nails and sheet metal screws  
h) two storm windows and standard hollow-core wooden door with locks

This construction project will serve as a teaching tool for the Ag Structures class and also allow someone to receive a quality storage facility. The cost of the facilities, materials and construction will be \$975. Anyone interested in this project should contact Mr. Buddy Wallace at Borden County High School, (806)756-4313.

## BULLDOGS DEFEAT THE COYOTE PUPS

The Borden County Junior High team scored 45 points in a come-from behind effort, but failed to exceed the 54 points made by the Ira Bulldogs.

The young Coyotes took the ball when Desmond Acosta returned the kickoff 15 yards. Runs by Grant Key and Desmond Acosta produced about 10 yards before a Coyote pass was thrown for an interception. The Coyote defense held the Bulldogs possession when Oscar Baeza broke up an Ira pass. On the next possession, Acosta ran 59 yards for a touchdown. The PAT was no good and the score was 6-0 in favor of the young Coyotes.

With Ira's next possession, they evened up the score with a 4 yard play. The PAT failed making the score 6-6. On the Coyotes next possession, Acosta ran 50 yards for a touchdown. But the PAT failed. So at the end of the first quarter it was Coyotes 12 and Bulldogs 6.

The second quarter all belonged to the Bulldogs. With 5:07 before the half, Ira completed a pass for a touchdown. The run was good for the points after making the score 12-13. Ira completed another pass in the end zone for a touchdown. The PAT failed and the score was 12-19. The Bulldogs again held the Coyotes without a first down. The Bulldogs completed a pass into the end zone for another touchdown. The first half ended with the score of 12-26.

The Bulldogs took the

COYOTE PUPS: (Back row L. to R.) PETER PAUL BENAVIDEZ, OSCAR BAEZA, ROY CLAYTON, DESOMOND ACOSTA, JOHN BRUNETT and COACH BOBBY AVERY. (Bottom row L. to R) CLINT O'BRIEN (Manager), PRESTON SHARP, JAMES NANCE, RONNIE GUTIERREZ, and GRANT KEY.

ball in the second half and once again passed the ball into the end zone for a touchdown. The PAT was good making the score 12-33. The Coyote bad luck continued, as they threw an interception on their next possession that was good for an Ira touchdown. The point after was also good, so the score was 12-40.

On the next Borden County possession, good runs by Key and Acosta resulted in a touchdown. The PAT failed. The score was now 18-40. The Bulldogs ran the ball for a score and an extra point to make the score 18-47. Key ran the kick-off back 50 yards for a touchdown. Acosta's run for the PAT was good and the score was 25-47.

A defensive tackle by James Nance stopped Ira from returning the kick-off. But the Bulldogs were able to move the ball into the end zone once more. The PAT was good and

the score was 25-54.

Desmond Acosta ran the kick-off back 60 yards for another Coyote touchdown. He also scored the PAT and the score was 32-54. Nance stopped the next Bulldog possession by intercepting a pass.

Acosta ran for another Coyote touchdown and an extra point making the score 39-54. He also picked off another Bulldog pass and this time returned it 18 yards and a touchdown. The PAT failed and the score stood for the rest of the game at 45-54.

JUNIOR HIGH CHEERLEADERS: (Top) SARA LUSK, (Middle row) RENDEE HERRING, NICOLE (Middle row) RENDEE HERRING, NICOLE LAWRENCE and REAGAN SMITH.

head of stocker-feeder cattle, and roughly 60,000 acres of pasture available for contract grazing. Listings are alphabetized within each category by ranch (or rancher) name.

The list has already been mailed to more than 2,500 cattle producers in Oklahoma, north Texas and elsewhere.

To receive a copy of the "CattleLog" for 1991-92, contact Becky Kittrell at (405)223-5810, or write: The Noble Foundation, Attn: Becky Kittrell, P.O. Box 2180, Ardmore, OK. 73402.

### VLB COLLEGE SAVINGS BONDS

Most parents want the best for their children, and in this day and age "the best" has to include a college education. But with costs soaring each year, only those parents who are diligent about planning for the future will have the financial ability to help their kids gain a degree.

As a part of that long look down the road, parents would be wise to consider college savings bonds being made available through the Texas Veterans Land cont. to pg. 8

recycling used eyeglasses for those who couldn't afford to buy their own -- has become a nationwide cause. Radio stations in almost every state will be sending forth public service announcements for New Eyes requesting eyeglasses for recycling.

"We were into recycling long before there was such a word," says Patricia McGinley, President of New Eyes for the Needy.

"We have never solicited a single penny," continued Mrs. McGinley. "We only ask people for what they're

about to throw away."

This Short Hills, New Jersey organization grew out of an idea of Mrs. Arthur Terry of Short Hills when she worked during the Depression as a volunteer in a Red Cross food depot in New York City. There she processed the food tickets which many recipients couldn't see to sign. She began by collecting used glasses from friends to give to the poor, but she soon broadened her recycling effort with the help of good publicity.

A non-profit organization, New Eyes for the cont. to pg. 7

## INSURANCE REFORM LAW TOUGHENS AUTOMOBILE INSURANCE ENFORCEMENT

If you're playing highway roulette by driving without liability insurance, you need to know that the stakes have grown considerably higher.

A new law tightening enforcement of Texas' mandatory automobile insurance requirements took effect on September 1, 1991.

You now must prove coverage when you renew your driver's license, buy a car, have it inspected or renew its tags. As in the past, you also must show proof of insurance if you have an accident or are stopped by a police officer.

The Legislature raised the minimum fine for driving without insurance from \$75 to \$175 on first offense and from \$200 to \$350 for repeat offenders.

A second conviction also means automatic impoundment of your car and suspension of your driver's license. You must obtain liability insurance — or other acceptable proof of financial responsibility — before you can get your car or your license back.

Until the new law took effect, each insurance company developed and issued its own proof-of-insurance card — one for each insured vehicle.

Now, these cards will be standardized, using a format approved by

The Texas Department of Insurance. One card will be issued for each family member named on your automobile policy.

Until insurance companies phase in the new card, however, proof-of-insurance documents generated by the companies are acceptable for vehicle registration, inspection and driver license renewal. These include proof-of-insurance cards and binders. A binder is a document that serves temporarily as evidence of coverage until a policy is issued. Of course, your policy itself, or a photocopy of your policy, always is acceptable proof of insurance.

An estimated 25 percent of the state's drivers are uninsured.

Texas law provides a source of automobile liability insurance for people whom companies refuse to cover voluntarily.

Drivers who are rejected for coverage by at least one company can buy the necessary amount of liability insurance — plus uninsured motorist coverage and \$2,500 worth of personal injury protection (PIP) — from the Texas Automobile Insurance Plan, or "assigned risk pool."

Any car insurance agent can take your application, which must be accompanied by your check for at least 25 percent of the total premium.

The Plan must accept all eligible applicants. It will assign you to a company, which must cover you for up to three years, so long as you pay your premium. The company must allow you to pay out your annual premium in five installments.

Rates for the Texas Automobile Insurance Plan are 22 percent higher than the standard rates for policyholders whom companies insure voluntarily.

Approximately 133,000 Texans are insured through the Plan. Thousands more are expected to apply because of the new law. The Plan has added staff and equipment to help it process the additional applications without delays in coverage.

New policyholders immediately will receive cards that will serve as temporary proof of insurance until they receive their policies.

### REQUEST FOR BIDS ON TEXAS HIGHWAY CONSTRUCTION

Sealed proposals for 0.429 miles of replacing bridges and approaches on FM 612 at West Gavett Creek and at East Gavett Creek and on FM 1606 at Sulphur Creek, covered by CRP 90(83) BRO & CRP 90(84)BRS

in Borden and Scurry County, will be received at the State Department of Highways and Public Transportation, Austin, Until 1:00 P.M., October 9, 1991, and then publicly opened and read.

This contract is subject to all appropriate Federal laws, including Title VI of the Civil Rights Act of 1964. The State Department of Highways and Public Transportation hereby notifies all bidders that it will insure that bidders will not be discriminated against on the ground of race, color, sex or national origin, in having full opportunity to submit bids in response to this invitation and in consideration for an award. Plans and specifications including minimum wage rates as provided by law are available for inspection at the office of Mike Chetty, Resident Engineer, Big Spring, Texas, and at the State Department of Highways and Public Transportation, Austin, Texas. Bidding proposals are to be requested from the Construction Division, D.C. Greet State Highway Building, 11th and Brazos Streets, Austin, Texas 78701. Plans are available through commercial printers in Austin, Texas, at the expense of the bidder.

Usual rights reserved.

**CONSERVATION COMPLIANCE**

REMEMBER!! Your conservation plan has to be fully implemented by DECEMBER 31, 1994 to stay eligible for USDA farm program benefits. Each plan contains conservation practices and schedules that have been agreed to by you, as the producer, and by the SWCD and SCS.

Review your conservation plan. The conservation plan stays with the land! Plans are developed for the land. If you rent or purchase farmland, you must follow the conservation plan already developed for that land, or you can revise the existing plan with the approval of SCS and the Upper Colorado SWCD.

**WIND STRIPCROPPING**

Wind stripcropping is a conservation tool designed to reduce wind erosion by planting wind resistant high residue strips with alternating strips of row crops. The strips are planted at right angles to the prevailing wind direction or placed on top of terraces. The strips can be either annually planted or seeded to a perennial grass.

Strip widths should be four rows, four inches apart (or drilled 160 inches wide) for annual crops or two rows, twenty inches apart for perennial grasses.

High residue strips should be left standing until June 1 or until cotton is in the 5-leaf stage. Perennial grasses may be shredded after June 1. A minimum of 18-inches stubble height must be maintained throughout the critical erosion season which is considered to end June 1.

Some suggested windstrip crops that could be considered are as follows:

Species	Planting Date	Planting Rate	
		Row	Drill
Small Grains	8/15-10/1	--	50.0
Sorghums	3/15-8/15	10.0	15.0
Sudan	3/15-8/15	6.0	10.0
Lovegrass	11/1-5/15	1.0	3.0
Kleingrass	3/15-5/15	1.0	3.0

**Agricultural Stabilization Conservation Service (ASCS)**

**ACR, CU, FOR PAY CRP MAINTENANCE**

been taken to control them will be subject to possible yield reductions for payment purposes.

**CCC LOANS**

CCC Upland Cotton and Grain Sorghum loans are available through the Borden County ASCS Office for 1991 crops. Those interested should contact our office.

**COC Elections**

The County Committee elections will be held in the near future. The following shows deadlines for the upcoming elections.

- November 22, 1991-Final date for mailing ballots to voters.
- December 2, 1991-Final date for return of voted ballots.
- December 9, 1991-Final date for tabulating ballots

**NEW WOOL, MOHAIR FILING PROCEDURE** - Effective with the 1991 marketing year, wool and mohair producers are subject to payment limitation and payment eligibility farm program rules. In view of this ASCS established a new filing procedure for the Wool and Mohair Price Support Payment Program.

Wool and Mohair sales documents for the 1988 marketing year must be filed by December 31, 1991, the same as in the past. Under the new procedure, sales documents for 1989, 1990 and 1991 must be filed by March 2, 1992. For 1992 and subsequent marketing years, wool and mohair sales receipts must be filed within 60 days after the end of each marketing year.

Wool and mohair producers have 15 days after filing the first sales receipts for a marketing year, to file a person determination form. The 1991 marketing year status date for creation of entities and general partnerships for a wool and mohair producer's eligibility determination is December 1, 1991. For 1992 and subsequent market-

ings, this date is October 1 of the applicable marketing year.

**1992 WHEAT PROGRAM**

The USDA has announced a 5% acreage reduction for those farms with wheat bases which participate in the 1992 acreage reduction program.

A boy asked, "Dady, what causes wars?"  
"Political factors," he answered.  
"You're wrong," interrupted the mother, "let me tell you."  
As the argument raged, the boy said, "Never mind. You've shown me."  
St. James asked the same question, only he answered it. "What causes fights among you? Isn't it because there's a whole army of evil desires within you? You want what you don't have, so you kill to get it. And yet the reason you don't have what you want is that you don't ask God for it."  
Peace begins with God, you and me. When we desire to please God and not ourselves, we'll have peace.  
What this world needs is a better me.

## NEW EYES FOR THE NEEDY SETS GOAL FOR ITS 60TH YEAR: 1,000,000 PAIRS OF EYEGLASSES

cont. from pg. 4

Needy has helped over 4 million people to see. The organization has its own building in Short Hills where over 170 volunteers have been taught to sort and classify the donated eyeglasses.

Metal frames, old watches, broken and unwanted jewelry are sought for their metal value. Such precious metal scrap is sent to the refinery where the metal is melted down and the cash proceeds are used to purchase new prescription glasses for those in the United States who can't afford them.

Simple non-astigmatic lenses in plastic frames go to medical missions around the world. Non-prescription sunglasses are prized in bright, hot countries. Over the years, New Eyes for the Needy has expanded its recycling to include hearing aids as well.

Every week New Eyes holds sales of antique jewelry and silver along with resalable costume jewelry. Proceeds from these sales add significantly to the funds which New Eyes can use for the

purchase of new eyeglasses.

Heartwarming stories have come from all parts of the world from people this organization has helped.

- 10 year old Timmy of Waco, Texas who loves to play baseball but always struck out because he couldn't see the ball, now is one of the top batters in his class with glasses from New Eyes ...

- a child from Taiwan Free China sees for the first time in his life after cataract surgery and glasses from New Eyes ...

- The Pennsylvania Association for the Blind wrote New Eyes: "We regret that you are unable to share in the joy that result from your magnificent efforts - the joy of an elderly client reading a newspaper for the first time in many, many years ... and the little ones who have entered school with the best possible vision..."

- From a Methodist

foreign mission:

"We are delighted to learn that 80 cataract glasses are on the way. We do surgery every day. These people are farmers who have hardly enough to keep body and soul together ..."

Many organizations have made a project of collecting for New Eyes. You can find collection boxes in banks, shopping centers and libraries. The Lions and Kiwanis clubs are among those who help collect used glasses. Every day hundreds of packages arrive from all over the country at New Eyes headquarters.

"Setting a goal of 1,000,000 pairs of eyeglasses is an ambitious one," said Mrs. McGinley, "but we wanted to do something important to celebrate our 60th year. Helping as many people as we can to see is an important goal for New Eyes."

You can help New Eyes achieve this remarkable goal. Send your used eyeglasses or unwanted jewelry to New Eyes for the Needy, Short Hills, New Jersey 07078.

### RECOMMENDATIONS FOR COTTONSEED IN CATTLE DIETS

Beef producers should be aware of the proper amount of cottonseed products that can be fed safely depending on the type of animal.

Cottonseed products have been used for more than 100 years as nutritional supplements to improve cattle production. Millions of tons of cottonseed products are fed annually to U.S. livestock.

Concern about cottonseed stems from its level of gossypol, a naturally occurring substance that can be toxic to some animals.

Ruminant animals can tolerate much greater quantities of free gossypol than can monogastric animals. Pre-ruminant calves, under 8 weeks of age, should not be fed gossypol-containing products.

The source of gossypol and type of diet also affect the levels of gossypol tolerated by cattle.

Gossypol has been widely studied for its toxicity to some animals. But gossypol may also affect reproductive capabilities in cattle. These are the recommendations for feeding cattle:

Beef cows and range bulls: 2 pounds per head per day of direct solvent extracted; 4 pounds/head/day of expander processed; 4 pounds/head/day of screw-press processed meal; or 4-6 pounds/head/day of whole cottonseed.

Young bulls being grown or developed for breeding; Whole cottonseed should be limited to 15 percent of the total diet for most cattle and to 10 percent or less for young developing bulls. High free

gossypol meal (0.3 percent or 3,000 parts per million) should be limited to 5 percent of the total diet. Screw press and expander process meal containing less than 0.1 percent of 1,000 parts per million can be used at up to 15 percent of the total diet.

If using a mixture of cotton products, the combined concentration of gossypol will need to be considered.

Embryo transfer: Producers with embryo transfer programs in which large sums of money are involved per animal may wish to use a conservative approach since other protein sources are available.

Pre-ruminant calves (under 8 weeks to be safe): These animals, especially dairy calves, should not be fed gossypol containing products until ongoing research establishes safe feeding levels.

Cattle raisers also should know that the method of oil extraction used on the cottonseed impacts the gossypol levels in the product. The expander process exposes the cottonseed to greater heat which in turn reduces the amount of free gossypol content to about one-third level in the old direct solvent method. More than 95 percent of the cottonseed processed in Texas and Oklahoma today are from expander or screw-press operations.

Also, with high roughage or forage diets where slower passage takes place, cattle may be able to tolerate higher levels of gossypol. Cottonseed hull-based diets may be an exception, however, because of their rapid rate of passage.

**Drive safely. Don't wreck your life.**

#### LEGAL NOTICE

Sealed bids for the construction of a 40' x 80' x 10' E.H. prefabricated steel building, to be called The Borden County Ag. Center, will be received at the office of the County Judge at the Borden County Courthouse in Gail, Texas. Bids will be accepted until 10:00 a.m., October 28, 1991.

A cashiers check or bid bond acceptable to the court in the amount of ten percent (10%) of the proposed bid is required to insure the contractor awarded the bid will enter into the contract within ten days of the signing of the contract. A 100% performance bond will be required on all work.

Plans and specifications are available at the office of the County Judge at the Courthouse in Gail, Texas, phone 806/756-4391 or P. O. Box 156, Gail, Texas 79738.

The Commissioners Court reserves the right to accept or reject any or all bids.

BY ORDER OF THE BORDEN COUNTY COMMISSIONERS COURT

BY: Van L. York  
County Judge, Borden County, Texas

## Courthouse News

WHEREAS, On the 9th day of September, A.D.1991, the Commissioners' Court of Borden County, Texas, convened in Regular Session at the regular meeting place thereof in the Courthouse in Gail, Texas, the following members of the Court being present and participating, to-wit:

VAN L. YORK	COUNTY JUDGE, Presiding
FRANK CURREY	COMMISSIONER, Precinct #1
LARRY D. SMITH	COMMISSIONER, Precinct #2
VERNON WOLF	COMMISSIONER, Precinct #3
HURSTON LEMONS, JR.	COMMISSIONER, Precinct #4
DOROTHY BROWNE	COUNTY CLERK AND EX-OFFICIO CLERK OF THE COMMISSIONERS' COURT

constituting a quorum, when the following proceedings were had, to-wit:

### MINUTES APPROVED

Minutes of the meeting of August 26th, A.D.1991 were read. Commissioner Smith made a motion to approve said minutes as read. Commissioner Currey seconded the motion.

Voting For: Commissioners Currey, Smith, Wolf and Lemons

Voting Against: None.

### BIG COUNTRY R C & D

Ms. Terry Hefner and Mr. Charlie Henderson met with the Court and discussed a program to provide Borden County with a Dry Hydrant to make pumping water from a ground tank faster and more efficient. The Court agreed to place a Dry Hydrant in the City Tank.

### ACCOUNTS ALLOWED

Current accounts were examined. A motion was made by Commissioner Wolf to pay said accounts. Motion was seconded by Commissioner Lemons.

Voting For: Commissioners Currey, Smith, Wolf and Lemons

Voting Against: None.

### PERMANENT SCHOOL LAND

Lawsuit with Toshi Petroleum against Dresser and others was discussed. No action taken.

### PROPOSED BUILDING

Mr. Dennis Poole, Borden County Agent, appeared and discussed the proposed steel building with the Court.

### RADIO TOWER

A motion was made by Commissioner Currey to lease space on the County Radio Tower to Phillips Petroleum Company as per contract. Motion seconded by Commissioner Wolf.

Voting For: Commissioners Currey, Smith, Wolf and Lemons

Voting Against: None.

### SHERIFF'S FEES FOR 1992

Section 118.131, Local Government Code, authorizes the Commissioners' Court of each County to set reasonable fees to be charged for services by the office of Sheriff and Constable. The Borden County Commissioners' Court has determined the fees below are needed to recoup the costs to Borden County for these services and is of the opinion that the following fees are reasonable and should be established for

these services in Borden County effective the 1st day of January, A.D.1992, and remain in effect until further orders of the Court, to-wit:

COUNTY AND DISTRICT COURTS		SMALL CLAIMS COURT	
CITATION	\$35.00	CITATION	\$20.00
CITATION BY PUBLICATION	35.00	NOTICE	10.00
CITATION BY POSTING	10.00	SMALL CLAIM	15.00
ALL WRITS	40.00	SUBPOENA CIVIL	20.00
ORDERS OF SALE	40.00	ALL WRITS	30.00
RESTRAINING ORDER	40.00		
SHOW CAUSE	30.00		
SUBPOENA	30.00		
JUSTICE OF THE PEACE COURTS		POSTING PUBLIC NOTICE	10.00
CITATION	20.00	TAKING & APPROVING BONDS	6.00
DISTRESS WARRANT	30.00	SHERIFF'S JURY FEE	10.00
SUBPOENA CIVIL	20.00	EXECUTING A DEED TO REAL ESTATE UNDER EXECUTION OR ORDER OF SALE	
ALL WRITS	30.00		

A motion was made by Commissioner Wolf to set Sheriff's Fees for 1992 as listed above. Motion was seconded by Commissioner Smith.

Voting For: Commissioners Currey, Smith, Wolf and Lemons

Voting Against: None.

### LEGAL NOTICE

Commissioner Wolf made a motion to advertise for bids for the purchase of a used truck to be used in Precinct No.3, said bids to be opened at 10:00 A.M. on October 14th, A.D.1991. Commissioner Lemons seconded the motion.

Voting For: Commissioners Currey, Smith, Wolf and Lemons

Voting Against: None.

### ADJOURN

Commissioner Currey made a motion to adjourn at 2:50 P.M. Motion was seconded by Commissioner Wolf and approved unanimously.

## VLB COLLEGE SAVINGS BONDS

cont. from pg. 4  
Program.

The Veterans Land Board, chaired by Land Commissioner Garry Mauro, has approved two sales of college bonds during the past couple of years--one for \$4 million and one for \$5 million. It took 45 days to sell the first issue and only 30 days to sell the second.

The program has proven so popular that the Veterans Land Board has decided to market another \$6 million worth of the bonds. The proceeds will be used to help finance the state's program to assist veterans in the purchase of land and homes, and to make home improvements. The bondholders will be paid back from payments made by veterans who take advantage of the benefits--all at no cost to the taxpayers.

The Veterans Land Board will put marketing emphasis on selling the college savings bonds to veterans. But the law says such bonds are available to anyone who is interested in pur-

chasing them.

This is a good deal in anybody's book because the bonds are exempt from the federal income tax. The bond purchased for \$250 that matures at \$1,000 will produce \$750 of tax-free income. Because the bonds mature at between 14 and 20 years, they provide a good savings range for new-born children right on up to those in elementary school.

For more information, call 1-800-252-VETS, and help make some child's dream come true.

*Texans can make dreams come true... with college savings bonds.*

## Important Dates To Remember!

THURS. OCT. 3, 1991  
"The Great Fiesta Texas Dirt Roundup" comes to Gail. The digging event will take place on the Courthouse lawn at 9:30 a.m.

\*\*\*

THURS. OCT. 3, 1991  
The Parents Club will have their meeting at 2:30 p.m. in the School Conference Room.

\*\*\*

THURS. OCT. 3, 1991  
Junior High Football in Trent at 6:00 p.m.

\*\*\*

THURS. Oct. 3, 1991  
An EXES meeting will be held in the Conference Room at 7:00 p.m. Work is continuing on the Reunion Book.

\*\*\*

FRIDAY, OCT. 4, 1991  
School Picture Day. The school photographer will be here taking all class pictures and Senior pictures. Be sure to look your best!

\*\*\*

FRIDAY, OCT. 4, 1991  
High School Football in Klondike at 7:30 p.m.  
Go Get 'em Coyotes!

\*\*\*

**Low-cost, tax-free bonds, designed to help pay the rising cost of a college education, are available from the State of Texas.**
