

Answer to No. 3. We would oppose the building of a courthouse and jail either at Pampa or LeFors that would day may register for an equal chance at this free automobile

here-at 8 o'clock Thursday Enocura ment of Pampa's

be the largest mass meeting ever held

on to the county remove the courthouse to a more conenient point.

A two-thirds majority vote is necessary for removal.

Poll Tax Drive

63

4

spirited campaign to encourage poll city with several local roads which tax paying was inaugurated. In Pampa will be hard surfaced in due time. The Ivy Duncan was named chairman of People attending court will not have the county seat election and poll tax drives, and much good work was done as time passed.

On the basis of the poll taxes paid and considering the eligibles who do not have to pay poll taxes, Pampa is con-ceded a good chance for success if everyone votes. The records show that this fund would be consumed to built Pampa paid 3,390 poll taxes, McLean 770, Alanreed 200, LeFors 101, and will be appropriate to such a county as Knorp 135, with 148 well scattered Gray has become, if the voters move through other boxes.

Pampa's support is not limited to the from a wide area.

Not Raise Taxes

It is admitted that there is a great the needs of Gray county, and the for-tunate factor is that heavy oil valuations will pay for the building in six or eight years WITHOUT RAISING TAXES. As a matter of record, property owners are and have been paying a courthouse and jail tax of 25 cents on each \$100 valuation. This means that \$25,000 will be paid in this year and probably twice that sum next year Since LeFors has no accommodations and no fire protection, it is not consid-

ered good judgment to spend the money on a building of any size there.

The main issue is, WHERE WILL THE COURTHOUSE BE LOCATED? Pampa has put in her bid for the county seat, and she ofers the most advantages to be found in Texas north and east of Amarillo. The county commissioners have declared they will not vote for a courthouse costing more than \$200,000, which makes it certain there will not be higher taxes.

On the basis of these facts, Pampa urges support of removal.

THE NEWS ON TRIP

Many hundreds of copies of this issue of the Pampa Daily News will be distributed along the itinerary of the Good Will tour tomorrow. A member of the staff will be in charge of distribution.

2.

C. P. Boston-"Voters of Pampa, get 17-year old mother gave birth to girl early and vote to move the courthouse triplets here, two of them being joined together of the parents have given all three one name Mary. friends do likewise

Gray county that, owing to increased Judge and others. Pampa will have

population during the last two years two railroads by the time the Court-

eral large hotels with all modern improvements for the welfare of men and

ladies, at their command, nothing lacking, also Pampa has state highways Soon after the election was called, a from all directions leading into the that fear or rain and storms to make their attendance at court unpleasant The 25-cent courthouse tax will not al

be consumed in taking care of the new court house, at there will be some \$25, 000 collected each year whether a courthouse is built or not. Not over half o a courthouse at \$200,000. A building that the county seat to Pampa.

They will always be proud that they city, but assurances of votes have come did so as their records will be much safer where fire protection is at hand by a fire department that has a fine rec-

ord in the State for being alert to all need for a courthouse which will suit fire calls. All of these advantages are worth more than can be told.

Duncan Is Against Use of Over \$200,000 For New Courthouse

To the Citizens of Gray County: I have heretofore announced that I would be a candidate to the office of county judge of Gray county. The holder of this office is the presiding offi-

cer of the commissioners court and consequently has the balance of power, since he votes only in case of a tie. I wish to go on record, relative to the cost of building a new court house and jail, that it is my opinion that courthouse and jail, adequate to meet all of the needs of Gray County, can be built at Pampa for \$150,000, and I base this not on a guess but from the knowledge I have gained in erecting a few brick

buildings, and would oppose any movement to build a courthouse and jail that would cost in excess of \$200,-000. I invite the present county judge or any prospective candidate for this

office to join me in this.

Yours very truly, IVY E. DUNCAN. TRIPLETS NAMED MARY

LA PAZ, Bolivia, March 7 .- (AP)-A

Paul Shepard-"We are all for the removal of the courthouse becau see the need of it on a railway.

that this amount of cost in excess of \$200,000, for we believe money would build a courthouse and jail that would amply meet the demands that would be made by the citizens of Gray county. Answer to No. 4. Such a tax is levied and collected.

Answer to No. 5. The rate of this tax is 25 cents on the \$100 valuation, and on a valuation of \$10,000,000. which was the assessment of the taxable property in Gray county last year, this would create an annual fund of \$25,000.

Answer to No. 6. We would oppose any movement that would require the spending of more than \$200,000 in the erection of a courthouse and jail. As we stated above, we think this amount would be sufficient to build a courthouse that would amply meet all demands made upon it.

(Signed)

Committees Are Out to Prevent All Delays in Kell Railroad Plans by Signing Up Right-of-Way Deeds

Having received Frank Kell's assurance that work on the Pampa-to-Chey-

enne railroad will begin by May 1 if the right-of-way is obtained at once to enable a contract to be let, committee are working hard to complete this task. Mr. Kell and the Pampa railroad committee are in accord that only lack

of reasonable right-of-way settlements can prevent construction as scheduled Unless the right-of-way is signed up at once, Mr. Kell will have to ask an extension of his Interstate Commerce Commission permit, which will mean serious delay and possible danger to the permit itself. However, the right-ofway committees are meeting with much encouragement, and hope to complete

their work very soon. The finance committee also must continue its work to obtain funds with which to meet Mr. Kell's requirements, inasmuch as not all verbal promises have been followed by making of notes or giving of checks in payment. . The new railway will greatly benefitthe territory east of Pampa, and it will be of standard construction through-

Band Is Organized With K. T. Vicars As Its Director

All interested musicians of the city are asked to meet at the high school auditorium at 7:30 o'clock tonight to start band practice.

K. T. Vicars was elected director of the band at a meeting Monday, and G. C. Stark was made librarian and treas-

move the courthouse to Pampa, but it build in on a railway. Pampa is the is going to take all eligible votes to logical point as every fair-minded vot-move it." et will prove Friday."

The city will be all dressed up for the county seat has come from all parts the day, and good will and fellowship will prevail. It is estimated that there will be thousands of people in Pampa Friday.

F. A. Cary Enters **Race for County Attorney in Gray**

F. A. Cary, local attorney, authorizes The News to announce his candi-dacy for the ofice of county attorney, subject to the action of the democratic primary of July 28. He issued the following statement:

"I have at last consented to make the race for county attorney after having been solicited by a large number of my friends, most of whom have known me for the larger part of the 21 years that I have been a resident of Gray county. I was raised on a farm one mile west of Pampa, and was graduated from the Pampa high school in 1914, and from the West Texas State Teachers college in 1917. I entered the University of Texas Law school in 1920 and graduated with the LL. B. degree in 1923, and thereupon received a license to practice law out of the Supreme Court of Texas. I did a year of post-graduate work in the University of Texas in 1924, specializing in Constitutional Law and Government.

"I have spent the past three years in the active practice of the law and offer myself as a candidate for the office of county attorney solely upon my own merits.

"If elected, I propose to enforce the law without fear or favor, whether the defendant bé rich or poor, great or small, prominent or unknown. The county attorney is a law enforcement officer and I know of no other platform upon which a candidate for the office

may stand. Visited Tonight "I am a member in good standing of the Methodist church of Pampa. In A local delegation, carrying the Black Aces orchestra and a male quar-fice I pledge myself to an absolutely ter, will fraternize with Laketon peo-clean campaign, conducted upon the A large number is desired, and those of my friends for the office."

> Charles H. Sharp-It is necessary for the protection of the records to have a new courthouse and why not

house, W. E. Gin

of the county, and many citizens who are opposed to removal are, like Mr. Ball of Alanreed, "good sports if Pampa wins." Pampa bolds no malice toward those who have ambitions for their own communities. Friday will be a gala day in Pumpa with the city bedecked in celebration of the Kell railroad. The Clarendon

and will remain over of the day, a Whippet coach will be given away, there will be a parade, and thousands of people will come to the city to enjoy the occasion.

With the election falling on the same day. individuals also will be colorful with their "I have voted" tags danging from their clothing. Regardless of the weather, it is going to be a big day in Pampa.

Election Data

WHAT-Election proposing to remove the county seat from LeFors to Pampa.

WHEN-March 9, in all voting boxes of Gray county.

WHO-All qualified voters. You are qualified to vote if you have been in the county six months and in the state a year or more, and if you paid your poll tax.

You do not need a poll tax if you have an exemption certificate; if you have become 21 years of age since January 1, 1927; if you have come into the state since January 1. 1927; if you are 60 years of age or over; if you are blind, disabled, deaf, dumb, or have lost either a hand or foot: and have an exemption certificate. Persons who have been in the state a year and the county six months should not fail to claim exemption to which they are entitled, in order that they too may vote. WHERE-Precinct No. 1 LeFors

Houston Attorney Stabbed in Scuffle

HOUSTON, March 7.-(AP)-After a cuffle Tuesday afternoon, D. F. Soule, Houston attorney, was still in a hospital Wednesday suffering from

nine knife wounds about his shoulders, chest and arms. Mr. Soule told City Detective Owen Martin that a client for whom he had collected a bill attacked him and drove away in an automobile.

Mr. Soule gave the officer the last name of his assailant but could not furnish the initials or address. No charge had been filed Wednesday

Fort Worth Woman Is Burned to Death

FORT WORTH, March 7.-(AP)-Mrs, John Lee, 30, burned to death and four of her small children narrowly escaped when fire destroyed their home here shortly after 8 o'clock to-

day. The four children screaming as their mother's clothing burst into flames, were carried from the burning building by a neighbor. Another neighbor wrapped Mrs. Lee in a blanket and removed her from the house just before it collapsed, but she was dead before first aid could be administered. The fire is believed to have been

caused by the explosion of an oil stove. 1 M. O. Danciger-"This is our last chance to get the courthouse to

Pampa, so let every available man and woman get out and vote. The oil men are behind the city and the courthouse removal."

J. E. Murfee-"We are for the courthouse 100 per cent, so let everyone get out and vote."

A NEW COURTHOUSE WITHOUT RAISING TAXES

The financial viewpoint in the county seat election has been stressed largely by opponents of removal to Pampa.

Pampa built the Baker school building and the Central ward annex WITHOUT RAISING TAXES. And Gray county can as easily build a new Courthouse without raising the tax rate.

The answer is in increased valuations. Of course the Courthouse must be paid for. But let oil pay for it. Don't issue 30-year bonds. The 25-cent tax will bring in \$25,000 this year. Next year, with the Bowers pool and other prospective pools developed, it will bring in \$40,000 or more. The following year, with the Kell railroad and new industries, it may go to \$50,000. In short, the 25-cent tax already being levied is sufficient to build the kind of Courthouse the county commissioners have in mind.

harring was

Pampa has two-thirds of the valuations and population. With the Kell railroad this ratio is sure to be maintained. McLean and Alanreed are on good roads leading to Pampa, and can come to Pampa by automobile virtually as quickly as they can go to Le-Fors. Their neighbors can do the same.

There may be arguments against removal, but they have thus far not been introduced.

Texan Declares Mexican Labor Now

Attorney General of New Mexico **Practices Riding**

FORT WORTH, March 7.-(AP) Spurred and booted, Bob Dow, attor ney general of New Mexico, arrived here last night and today located a cow pony upon which he began practicing for his stunt in the southwestern exposition and fat stock show which opens next Saturday.

Attorney General Dow will enter several rodeo contests but expects to capture the prize in the calf roping contest. Last year his low mark for this event was 40 seconds. He did not indicate if he would enter the bucking bronco contest, but he inspected the stable of wild horses here for the big event.

ERNEST HEATH, Sergeant of the Homicide Bureau.

THE STORY THUS FAR Margaret Odell is found strangled. Skeel's finger prints are found in the apartment, but Vance believes Skeel had been hiding in a closet while the strangler did his work. The thing that baffles police is the side door to the alley, which had been bolted on the in-side the night before and was found the same way in the morning. Mannix, Dr. Lindquist and Cleaver all lie about their whereabouts the night of the murder. Spotswoode, who had called on the girl, had rushed back to her door at the sound of a scream, but had been reassured that everything was all right. Then Skeel is found strangled. after he had promised to tell who murdered the girl. Heath arrests Jessup but Vance promises to demonstrate how Skeel could have entered and

through the side door and left it bolt-

ed on the inside. . . .

Overseer of the Brick and Tile Work Adams Hotel

NEWEST MATERIALS AND DESIGNS WILL BE **USED IN CONSTRUCTION**

Work was begun this week on the \$6500 Model Home, sponsored by the Pampa Daily News, on North Frost Street. Chas. A. Symonds is the designer and builder and plans to have it ready for occupancy within six weeks.

Contracts have been let and practically all the materials have been bought which will make it one of the nicest in Pampa. All material, furnishings and fixtures have been selected to give the new home exclusiveness yet moderate in cost.

It will be constructed of dark brown oak-bark brick furnished by Vernon-Williams company of Amarillo. According to Mr. Symonds, the new brick is distinctive and gives a dull, sturdy effect to buildings in which it is used.

Built-in features predominate in each one of the five rooms and bath. Floors and trimming will be of white oak except a sun room and bath which will have tile floors. A tile drain board will be placed in the kitchen.

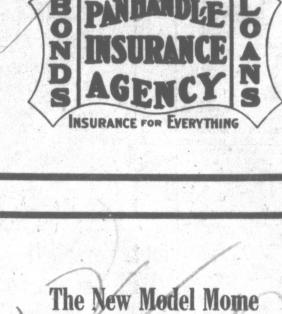

Closets will be cedar lined with light switches in the hinges which turn on the lights as the doors open. Sanded nickel hardware will be used and the woodwork finished in light silver toned green. The home will have a thatched roof, the only one of its kind

in Pampa, with the top rounded. Bright colored awnings will be placed on west and south windows.

G. C. Malone will furnish the home complete with the furnishings necessary for the five rooms. Furniture in keeping with color schemes of the rooms will be put in.

Insurance on the building will be handled by the Panhandle In-surance Agency. W. A. Gray is contractor and the Tulsa Rig, Reel and Manufacturing company is furnishing the building materials. G. E. Duckworth will oversee the tile and brick work.

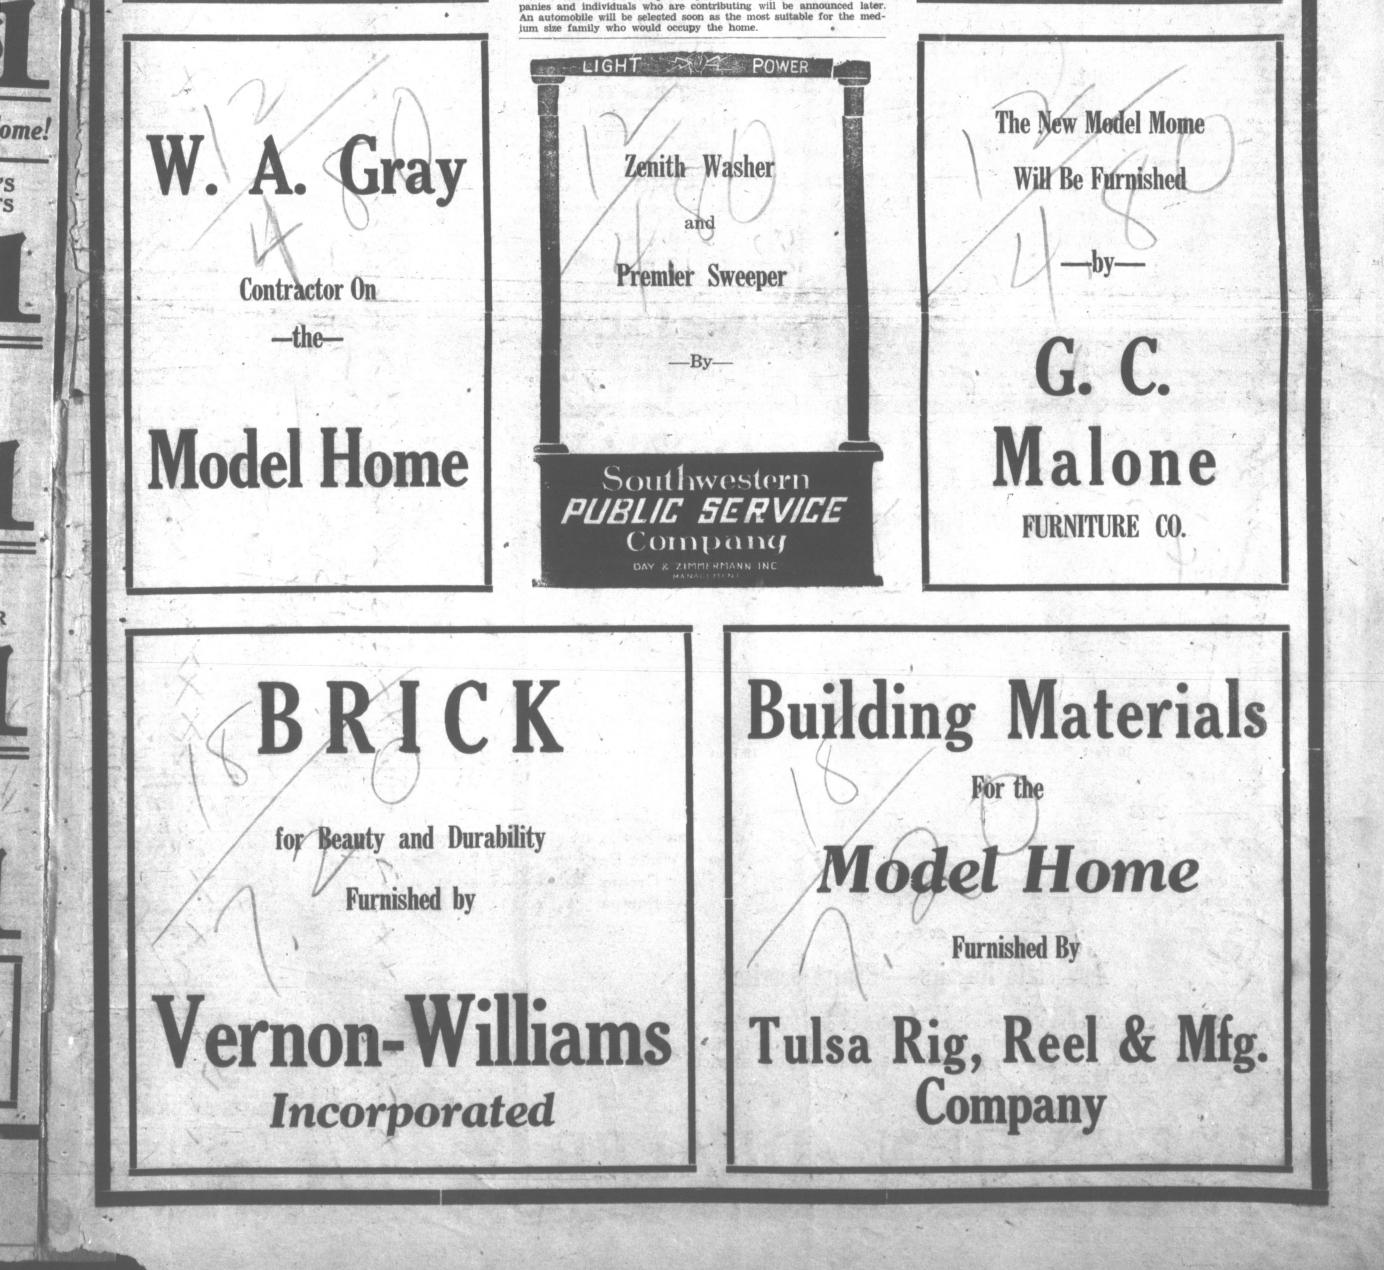

The Southwestern Public Service company will furnish a Zenith Washer and Premier sweeper as part of the equipment. Other comium size family who would occupy the home

PAMPA DAILY NEWS

WEDNESDAY EVENING, MARCH 7

Grandview School OUT OUR WAY **Overflows as Pampa Citizens** Visit There

Accompanied by local artists and the Black Aces orchestra, more than 25 local residents last night motored to Grandview school house where a fraternity meeting was held, the building being filled to the doors and many sitting in the windows and filling the corridors.

B. E. Finley was chosen chairman of the meeting and in a few words he stressed the value of living together and pulling together with something definite in view.

Mayor T. D. Hobart spoke of pioneer days in Gray county and asked the people of Grandview to weigh the courthouse question carefully and vote as they thought best. He said the Pampa delegation did not visit them to tell them how to vote, but to settle certain rumors that are rife.

J. N. Duncan, the chief speaker of the evening gave facts to answer the propaganda being sent out by Mc-Lean and Alanreed.

"It seems to me that the people of McLean and Alanreed are trying to or whether it is to be built, but I tell you the people of Precinct 2 will not stand for that," Mr. Duncan said. "We are the people who will stand threequarters of the expense and we think a \$150,090 courthouse is large enough for any city or town."

Mr. Duncan stressed the fact that a new courthouse will have to be built, as the old one has no protection against fire or anything else, and in answer to the Alanreed statement that sand and water are on the ground at LeFors for a new building, Mr. Duncan stressed the fact that all the brick, stone, lumber, glass, and other material would have to be hauled the fourteen miles from Pampa.

He further stressed the point that no sane man would think of investing money in a building of that size in Le-Fors and that in future years the chil-dren of today would say, "Did my fath-er have enything to do with putting that large building down in the wilderness?"

In closing, Mr. Duncan asked that all the voters of Grandview weigh the situation carefully and vote as they saw best

Tom stose met a young fellow at Grandview, with hair as red as his and raised 10 among the Pampa dele-gation to assist him in organizing the Grandview baseball team.
