NEARBY CITIES AWARDED PWA LOANS, GRANTS

PWA grants amounting to \$85,917 and loans totaling \$95,000 have been approved for three Top O' Texas towns in the first of the new PWA programs.

The LeFors application for aid in a water works and sewer program was filed with PWA nearly three years ago.

Amount of the grant approved for LeFors was \$34,263 with a loan of \$42,000.

Southbury, Conn., led the list with a grant of \$2,770,700 for school construction estimated to cost \$5,726,000.

Others in the "million dollar" group were Fort Wayne, Ind., with a grant of \$2,222,000 for \$5,160,000 of sewerage improvement.

Allotments included: Beckville, Tex., waterworks, \$11,883; Bee county, Tex., road imp., \$60,750; Big Spring, Tex., waterworks imp., \$225,000; Borger, Tex., athletic field.

MERCURY SLIDES UP TO 90'S AGAIN TODAY

Second day of summer today bid fair to hit even as high into the sizzling temperature area as did yesterday when the maximum mercury reading was 95 degrees at 4 o'clock in the afternoon.

For the first time this year, the thermometer was above the 80 mark at 8 o'clock this morning.

The weatherman indicates that more of the same kind of weather may be expected tonight and tomorrow.

109 NAMES ON GRAY COUNTY JULY BALLOT

A total of 109 candidates are seeking election in 41 different state, county, and precinct offices, as shown by the official ballot of the first primary election to be held July 23.

To prepare the primary ballot a sub-committee composed of Geo. Thut, L. C. McMurry, W. C. Ball, C. S. Barrett, and H. J. Lippold are to meet next Monday.

At the meeting of the executive committee Monday assessments were made against the various offices, ranging from district clerk to constable.

Officers to hold the first and second primaries in the 17 precincts of Gray County were appointed.

Precinct officers are: 1, LeFors, D. M. Jones; 2, Pampa, C. A. Burton; 3, Grandview, J. O. McCracken; 4, Alabaster, W. J. Ball; 5, McLean, T. N. Hallowsay; 6, Laketon, Ennis Jones; 7, Farrington, J. J. Goad; 8, Hopkins, E. F. Vanderburg; 9, Pampa, C. M. Carroll; 10, Pampa, J. S. Wynne; 11, Kingsmill, R. S. McConnell; 12, Pampa, Irvin Cole; 13, Phillips, H. C. McLean; 14, Pampa, Ben Curry; 15, Pampa, Geo. W. Briggs; 16, Pampa, H. J. Lippold; 17, McLean, S. A. Cousins.

The committee voted unanimously that the name of L. P. Bonner be omitted from the official ballot as a candidate for the office of chief justice of the court of civil appeals, seventh supreme judicial district of Texas.

RIFT BETWEEN BARBARA AND COUNT RUMORED

LONDON, June 22 (AP)—A British court's action in granting Countess Barbara Hutton Haugwitz-Reventlow's request for a legal order presumably safeguarding her two-year-old son Lance tonight gave rise to rumors of a rift with her Danish nobleman husband.

The nature of the court order was not revealed, and the rumors were based on the fact that the Count had been absent from London since his precipitate departure two weeks ago.

He was reported to be somewhere on the continent, but friends said they did not know his exact whereabouts.

Attorneys for the Countess said a statement could not be made at present because of "legal reasons."

50 MILLIONS ALLOTTED FOR PUBLIC WORKS

WASHINGTON, June 22 (AP)—The Public Works Administration began its spending-lending program today with allotments of \$41,632,717 in grants and \$9,022,000 in loans for 291 projects.

Howard A. Gray, assistant administrator, said the 291 projects would involve \$92,520,374 of construction. The grants were for 45 per cent of the cost and the loans of 55 per cent.

They had been approved by President Roosevelt even before he signed the \$3,750,000 spending-lending bill late yesterday at Hyde Park, N. Y.

PWA construction work will be allocated daily until 2,000 projects will be made public Friday night. The bulk is expected to nonfederal projects on which the government will advance grants for 45 per cent of the cost and the applicants will put up the other 55 per cent.

The first group of 2,000 projects will cost about \$600,000,000. After this week PWA allotments will be announced as applicants qualify for their share of the agency's \$985,000,000 fund.

Public Works officials said this week's projects were being taken from nearly 4,000 applications held over from the old PWA program of the last fiscal year.

5 Business Men Ask Drastic Ordinance To Bar Peddlers, Agents

Citing examples of rackets worked by itinerant dealers and agents, a group of five business men appeared before the city commission at its regular meeting yesterday and asked that an ordinance, based upon the Green River, Wyo., law be passed, which would definitely bar peddlers and fly-by-night agents from doing business in Pampa.

While the commission was favorable to the passing of such an ordinance, Mayor E. S. Carr reminded the men that to do so would react unfavorably toward automobile, refrigerator and radio salesmen, and these in similar lines, who must make calls at homes in the regular course of their trade.

The proposed law is so air-tight that it would, in its strict application, bar even local salesmen from calling on citizens at their homes, except by appointment.

VALENCIA, Spain, June 22 (AP)—Two British ships were sunk just outside Valencia harbor today by a lone sky raider in a continuation of the long series of airplane attacks on foreign shipping in ports of government Spain.

The 3,045-ton British ship formerly of Greek registry, struck by an incendiary and explosive bombs, burned furiously for six hours and then settled to the bottom.

Previously the 4,789-ton freighter, Thorpeda, shattered by an aerial torpedo, had gone down with 7,000 tons of grain.

All the Sunion's crew of 32, including a German observer for the nonintervention committee, were taken off safely.

Flames from the Sunion's burning cargo lighted the whole roads. After torpedoing the Thorpeda, the plane returned and machine-gunned the coast.

MEXICAN FINDS MAN'S BODY AT ARROYO MOUTH

Photo By Fletcher's Studio

Since the News published in "I Saw" last Sunday morning that the skeleton was the body of one of the two men who had not been seen since they went duck hunting over two years ago, officers have fruitlessly followed many false leads in the case.

BROWNSVILLE, June 22 (AP)—Officers admitted today the skeleton of a man had been found at the mouth of the Arroyo Colorado and that there was a "distinct possibility" that it was the body of one of the missing Blantons, father and son duck hunters who mysteriously disappeared on November 18, 1936.

Texas Rangers and a group of county officers hurried the skeleton to San Benito and declined to release additional information.

The surviving relatives of Luther and John Blanton, missing pair, were hurriedly summoned from their Raymondville home to view the skeleton.

Mrs. Luther Blanton and her sons, Frank of Raymondville and Harlee, would not make a statement after viewing the skeleton. Neither would Texas Ranger Ernest Best, who has been active in investigating the disappearance mystery.

It was learned that the skeleton apparently was that of a young man. The elder Blanton was 57; his son, 24.

Bits of a pair of overalls which, one officer said, "matched the description of the overalls worn by one of the Blantons when last seen," were found near the body. A handkerchief, with the initial "B," was found.

Mexican laborer on the farm of Jim Shafer made the discovery late yesterday. Officers kept the discovery quiet until today.

The desolate spot is 15 miles upstream from Port Isabel. Teeth in the skeleton were described by officers as being in

NEW YORK, June 22 (AP)—Joe Louis weighed 198 3-4 pounds today for his 15-round heavyweight title bout against Max Schmeling in the Yankee Stadium tonight.

ALPINE, June 22 (AP)—A shirt-sleeved West Texas jury today voted death for Francis Marion Black Jr., former University of Kansas student who confessed to toppling 13-year-old Marvin Dale Noblitt off a Big Bend mountain in a gruesome insurance death plot.

700 WITNESS WEIGHING IN

Nearly 700 newspapermen and photographers witnessed the weighing in, held in Madison Square Garden's arena with spot lights playing down on the principals.

There was little or no conversation between the two as weighing-in ceremonies progressed.

Schmeling was surprised at his own poundage. He had expected to come in at not less than 195 pounds.

Louis' handlers had predicted the champion would hit 199 and he missed it by only a quarter-pound.

No sooner had the fighters been weighed, however, than Julian Black and John Roxborough, Louis' managers, insisted upon being allowed to weigh Schmeling's gloves.

Black and Roxborough said they were ready to accept the commissioner's ruler that gloves manufactured by a New York firm be used but declared that two years ago after Schmeling had knocked out Louis in 12 rounds they had weighed Schmeling's gloves and discovered they weighed 7 1/2 ounces.

Just what that proved no one seemed to know, least of all Brig. Gen. John J. Phelan, commission chairman.

Louis' handlers revealed that trainer Jack Blackburn, manager Black and Eddie Meade, manager of Henry Armstrong, would be in the champion's corner.

Found And Photographed at Last--An Albin Robin

A white (albino) robin is a rarity in the world of birds, but pictures of one are even rarer. Here are pictures of a perfect specimen discovered by Albert Dixon Simmons, Cleveland naturalist, the only one he has ever been able to photograph in years of close study of birds.

At left the perfection of the white plumage may be seen, and the center picture notes the contrast as compared with the parent bird, which reared the strange youngster as carefully as the rest of the family.

Mrs. Tolle Hostess to Members of WMS at Recent Meeting

Mrs. C. W. Tolle was hostess to the members of the Woman's Missionary Society of the McCullough-Harrah Methodist Churches who met at her home for the regular session this week.

Opening the lesson was a song by the entire group and a prayer by Mrs. A. N. Rogers. Mrs. H. H. Bratcher gave the devotion from "The Upper Room" and led the lesson from the book, "Radiant Heart." During the discussion Mrs. Bratcher asked for numerous scriptural references which were given by Mrs. D. S. Buckner, J. M. Nichols, C. W. Tolle, E. N. Franklin, O. G. Smith, Kit Autry, and Ed Stokes.

The meeting closed with the scripture reading by the entire group and a business discussion followed in which the minutes of the last meeting were read by Mrs. J. E. Beard, secretary.

Refreshments were served to Meses, C. R. Verner, L. F. McDaniels, E. N. Franklin, C. D. Harris, J. M. Nichols, D. S. Buckner, Kit Autry, J. E. Beard, Ed Stokes, A. N. Rogers, O. G. Smith, H. H. Bratcher, E. H. Johnson, E. L. Reese, Henry English, and the hostess.

The circle will meet at the Harrah Chapel next week.

MISS CAMPBELL AND J. C. FITE WED TUESDAY

Miss Teresa Campbell, daughter of Mr. and Mrs. Dee Campbell, became the bride of J. C. Fite in an impressive ceremony which was read before a group of friends and relatives at dawn yesterday in the First Baptist Church.

As Miss Katherine Barrett played "I Love You Truly," Jimmy Fite, brother of the bridegroom, lighted the candles. Miss Barrett played the processional as the Rev. C. Gordon Bayless, the officiating minister, entered and "Ah, Sweet Mystery of Life" during the ceremony.

The bride and bridegroom approached the candlelight altar from each side of the auditorium. After the service, the couple left the church as the recessional was played by Miss Barrett.

The bride was attractive in a white lace dress with a ruffled net bolero jacket. She wore a large pink sweetheart hat and pink shoes and carried a colonial bouquet of pink roses.

Mr. and Mrs. Fite left immediately on a wedding trip. After Thursday they will be at home at 433 North Crest street.

Mrs. Fite was graduated from Pampa High school, where she was a popular student, a member of the A Cappella choir, glee club, and other school activities, with the class of 1938.

Mr. Fite, who is the son of Mrs. J. M. Fite of LeFors, attended Canyon High School. He is employed at the Standard Food Store number one.

Modern Menus

By MRS. GAYNOR MADDOX

When the thermometer jumps, call dinner "supper" and the air will seem cooler. Try this menu for a torrid night.

Molded Chicken Entree (Serves 6)
One and one-half cups hot chicken stock, 1 package lemon-flavored gelatin, 1 tablespoon vinegar, dash white pepper, dash paprika, 1/4 teaspoon salt, 1 1/2 teaspoons chopped parsley, 16 teaspoons chopped pimiento, 1 cup diced cooked chicken, 1-4 cup mayonnaise, 1/2 cup diced celery, 2 tablespoons canned crushed pineapple, 2 tablespoons sweet pickle relish, 2 tablespoons broken peanut meats.

Dissolve gelatin in hot chicken stock. Add vinegar, pepper, paprika, and salt. Chill. Combine remaining ingredients. When gelatin is slightly thickened, fold in chicken mixture. Turn into individual molds. Chill until firm. Unmold on crisp lettuce and garnish with additional mayonnaise, if desired.

Baking Powder Biscuits (12 Biscuits)
Two cups sifted flour, 2 teaspoons baking powder, 1-2 teaspoon salt, 4 tablespoons butter or other shortening, 3-4 cup milk (about).

Sift flour once, measure, add baking powder and salt, and sift again. Cut in shortening. Add milk gradually, stirring until soft dough is formed. Turn out on slightly floured board and knead 30 seconds, or enough to shape. Roll 1-2 inch thick and cut with floured 2-inch biscuit cutter. Bake on ungreased baking sheet in hot oven (450 degrees F.) 12 to 15 minutes.

Leaders Club to Meet on Friday
Members of the Girl Scout Leaders' Club will have a meeting on Friday afternoon at 2:30 o'clock in the little house.

Leaders of all the troops are asked to attend.

Glorifying Yourself

By ALICIA HART.

Whether you expect to go to the beach or the golf course, on a motor trip or on a shopping tour down town where the hot, bright sunshine beats down on your face, it's an excellent idea to wear some kind of foundation which will soften the skin and tend to erase old lines at the same time that it prevents sunburn and the formation of new lines.

Sure to interest the girl who wants to protect her skin every hour of the day during summer months is a non-greasy, non-sticky sunburn preventive that will serve as a foundation for makeup as well as a suntan preparation. It prevents blistering, burning, and peeling, and of course, keeps the complexion soft and smooth, and makes powder and rouge cling for hours.

Speaking of new lines, how about putting a bit of special oil on your eyelids during daytime hours this summer? This extra touch makes any pair of eyes seem younger, more sparkling. At the same time, it will keep lids from acquiring a crepey look. One new oil of this type is used around the eyes at night, and on lids during the day—even when you are wearing sun glasses.

New, too, is a four-in-one product that will be popular with fastidious women. It's a sachet cologne to be used as an after-bath lotion. This is cooling and invigorating, leaves a film of powder on the skin and, because it contains a deodorizing agent, assures protection from perspiration odors—truly a body-rub, a bath powder, a deodorant and a skin perfume all in one bottle.

If you have been searching for a non-perspirant that is extremely simple to use, you might like to try a brand new powder variety. This is to be dusted on after a bath while feet and under-arms are still moist. It dissolves at once and does not have to be washed off before dressing. Apply it three or four times a week, less frequently after a few weeks. Incidentally, the men in the family will like to use it on the back of their necks to keep collars from wilting, as well as under-arms.

MIND your MANNERS

Test your knowledge of correct social usage by answering the following questions, then checking against the authoritative answers below.

1. Is it rude to glance over a restaurant bill before paying it at the table?
2. Is it necessary to tip a head waiter?
3. How may a hostess pay for men guests without embarrassing them?
4. When entertaining several guests in a tea room or restaurant, is it better for the hostess to order the food in advance than to let the guests make their own selections?
5. When a couple enters a restaurant, does the man or woman speak to head waiter in stating the preference for tables?

What would you do if—
You wish to speak to a friend who is seated at another restaurant table?
(a) Greet him briefly as you go by?
(b) Stop long enough for others at the table to be introduced?
(c) Pull up a chair at your friend's table so as to avoid being conspicuous?

Answers
1. No.
2. Not unless he has given special service.
3. By paying in advance when she orders the meal, or arranging ahead of time to charge the bill.
4. Yes, as it saves guests the embarrassment of making choices from various price lists.
5. The man.

CIRCLES PLAN LUNCHEON FOR NEXT MONDAY

At the meetings of the circles of the Woman's Missionary Society of the First Methodist Church this week, plans were made for the quarterly luncheon which is to be held next Monday at 1 o'clock in the church.

Mrs. Lewis Robinson was hostess to the 13 members of circle one and one new member, Mrs. Leitch, who met at her home for a program, opened with the song, "My Faith Looks Up to Thee."

The chairman, Mrs. Robert Elkins, used as her subject for a devotional, "Christ the Lamb of God," which was based on the scripture, John 1:29. A prayer and an announcement that the recent book on the Lord's prayer by the Rev. Gas-ton Foots could be bought in the church office.

Plans were made for the menu for the quarterly luncheon to be served next Monday, June 27, at 1 o'clock at the church.

For the concluding study of "Songs in the Night," Mrs. Averitt presented the sixth chapter and Mrs. Art Hurst discussed the seventh chapter. Following a prayer, refreshments were served to the group.

The meeting of the circle three at the home of Mrs. Lee Harrah was called to order by Mrs. Frank Showell and a prayer by Mrs. C. E. Waller.

Mrs. C. T. Hunkapillar, who had charge of the lesson from "Songs in the Night," was assisted by Mrs. Walter Daugherty and Mrs. Lee Harrah. Short talks were given by each member on some subject of the study book.

Refreshments were served to 11 members, two visitors, Mrs. J. B. White and Mrs. Bill Crowson, and one new member, Mrs. Cockrill.

Circle four met in the home of Mrs. Travis Lively for a program opened with a song, "Faith of Our Fathers," and a prayer by Mrs. Joe Shelton.

Mrs. H. H. Boynton conducted the business session in which the quarterly luncheon for Monday at 1 o'clock was announced and the group was reminded again of the missionary box to be packed Monday by the circles.

An excerpt from the conference minutes was read by Mrs. Boynton preceding the lesson which was presented by Mrs. Shelton from "Song in the Night." Assisting Mrs. Shelton were Meses, H. J. Davis and A. J. Patrick.

Refreshments were served to 15 members.

Mary Martha Class Honored With Tea By LeFors Group

LEFORS, June 22—Following a regular monthly business meeting, the T. E. L. Class of the First Baptist Church at LeFors entertained the Mary Martha Class with an informal tea.

The program for the afternoon included a piano solo by Miss Brooks, an accordion solo by Loma Gen Simmons, a violin number by Lucille Deal, a reading by June Can-al Casner, a duet by Mrs. Bob Bonner and Mrs. John Oldham, and Mrs. W. W. Doom played several numbers.

Mrs. D. A. Gaddy and Mrs. Riley presided over the tea table which was laid with a lace cloth and centered with a large vase of larkspur.

Guests for the afternoon were Meses, Bert Brayell, A. F. Ponce, and Miss Brooks.

Pampa Water System Would Cost \$4,869 More Than Estimated

Cost of the Public Works Administration project whereby the city would drill additional water wells, lay more feeder lines, install more fire plugs and generally give the citizens better fire protection, has risen from \$200,000 to \$241,869 as the result of a revised estimate submitted to the city commission at its regular meeting Tuesday, by H. N. Roberts of Lubbock, municipal water engineer. The commission accepted the revised estimate.

Twelve days ago the city commission decided that it wished to make application for a grant and a survey was begun by Mr. Roberts.

Asked for the reason of the increase in the total project cost, City Manager W. T. Williamson said the original estimate had been only tentative.

Mr. Roberts wished to secure first the commission's opinion on the revised figures before submitting the application to the PWA office in Fort Worth. He said the application would be submitted within a few days.

Complete System Favored

Of the total project cost, 45 per cent or \$108,842.05 will be the amount asked for in the application, the remaining 55 per cent to be supplied by the city as sponsor of the project.

Mayor Carr said he thought it would be better to have a complete water works system, rather than eliminate some part of the project and then wonder a few years later if the right decision had been taken.

Ways by which the total cost could be reduced were told the commission by Mr. Roberts. These methods involved the elimination of one of the wells that had been planned, curtailing the planned length of feeder lines and the use of transite instead of cast iron pipe.

Transite is a material made from concrete and asbestos, and while far cheaper than cast iron, does not have the record of durability as cast iron. Mr. Roberts said cast iron pipe has been known to be in service in some cases for 200 years.

Six Wells Planned

As outlined by Mr. Roberts, a summary of the total project cost would include: two wells \$38,520; pump house and equipment, \$7,350; a 300-000 gallon capacity elevated tank, \$23,775; mains, \$147,746. These were the principal items.

When the project is made effective, it will mean six water wells in all for Pampa. At the present time the city has three, and has let a contract to D. L. McDonald of Amarillo to drill another well.

Mr. McDonald was present at the meeting yesterday to receive the contract from the commission. The contract for Mr. McDonald to drill and equip a water well in 40 days at a cost to the city of \$25,500 cash or \$24,750 in time warrants. Method of payment is at the option of Mr. McDonald.

The bid of Mr. McDonald, along with others, was received by the city commission at a special meeting Friday.

BROTHERHOOD GROUP TO HEAR FIGHT BROADCAST

The regular monthly dinner of the Men's Brotherhood of the First Presbyterian Church at 7 o'clock tonight will not be postponed because of the Louis-Schmeling championship fight.

Instead, the men of the church and their guests will dine at the regular hour and later will hear a blow by blow broadcast of the fight which will begin at 8 o'clock.

A brief program and games will be enjoyed after the broadcast. President E. O. Sneed reports. The dinner will be prepared by women of the church. Tickets are 50 cents.

NEW YORK, June 22 (AP)—Stock market prices drove forward for sweeping gains of 1 to 5 or more points today, pushing lightly aside early profit-taking and extending for the third day the winning climb begun at the start of this week.

The push was led by stock of some of the country's biggest companies, took place in active trading, and found Wall Street talking more optimistically than for months past.

Metal shares were first to get away for the run-up, helped by advances in prices for iron and export copper.

American Telephone, most widely held of American equities was one of the best performers with a lift of around 6 points.

The market was well under way on its upward course, after taking early profit-taking on a rise of only temporary reverses, when the optimistic statement of Secretary of Commerce Daniel C. Rogers on summer and autumn business prospects came to swell the growing wave of good news.

"Economic aches are definitely clearing," was reinforced by figures he offered to show wholesalers dealing in a lift of 1.5 per cent lower than a year ago, giving room for increased industrial production.

Volume approached 1,500,000 shares.

NEW ORLEANS COTTON
NEW ORLEANS, June 22 (AP)—The weekly report was more favorable than expected and resulted in additional liquidation during the morning. Buying support continued solid and active positions declined approximately fifty cents a bale. Near mid-season July traded at 8.58, Oct. at 8.60, Dec. 8.66, March 8.71 and May at 8.78, or 7 to 11 points below the previous close.

The summary said the weather was somewhat more favorable for development of cotton except in some eastern and western portions where rain again was unfavorable.

Cool wet conditions, the report said, were conducive to weevil activity in parts of South Carolina, Mississippi and Louisiana.

In Oklahoma the crop was said to be about two weeks late but chopping had advanced into southern Arkansas and squaring was reported in the northern part of that state.

The turnover yesterday was 40,950.

54 Fatal Attacks.

Today's attacks brought to 54 the total of airplane attacks on British ships since the Spanish war started—nearly half in the last three months.

All the Thorpness crew was saved except one Chinese.

The Thorpness was pierced amidships and sank within five minutes in 90 feet of water.

Chief Officer Norman Goater of Southampton, a son-in-law of Alexander Baillie, Seattle, managed to get away in one boat with 25 members of the crew. The captain, William Kermodie and eight others, jumped into the sea.

Captain Kermodie swam a mile in his lifebelt to the Sunion which put out a boat to help rescue some of the Thorpness' crew.

The Thorpness' nonintervention observer, Jean le Merquay of Paris, said the raider barely cleared the British vessel's masts before hoisting the torpedo which crashed into the engine room and tore a huge hole in the side of the ship.

The captain declared it was a "deliberate and premeditated attack to sink a British ship anchored at sea."

He was unable to identify the plane.

INTEREST RATES ON LAND BANK LOANS CUT

The reduced interest rates on Federal land bank and Commissioner loans have been extended by Federal legislation for a period of two years, according to word received today from the Federal Land bank by I. B. Hughey, secretary-treasurer of the Pampa National Farm Loan association.

On Federal land bank loans through national farm loan associations the temporarily reduced rate of 3 1/2 per cent per annum will be continued for all interest installments payable prior to July 1, 1940.

The temporarily reduced rate of 4 per cent on Land Bank Commissioner loans is also continued until July 1, 1940, Mr. Hughey said.

"The temporary interest reduction does not change the contract interest rate, that is, the rate written in the mortgage at the time a loan was made," Mr. Hughey said. "At present the contract rates on new land bank loans are 4 per cent for loans through unimpaired associations. The contract rate on all Commissioner loans made through the land bank is 5 per cent. Under the law, as now amended, both land bank and Commissioner borrowers will resume interest payments at their respective contract rates on July 1, 1940.

This will affect 179 farmers with \$913,830.00 in Federal Land bank loans and 81 farmers with \$190,300.00 in Land Bank Commissioner loans, all through the Pampa National Farm Loan association.

New York and Wisconsin are the principal cheese-making states.

WATCH THE COLOR OF YOUR SKIN

A Yellow Tint may Mean You are Bilious and Need Calotabs.

The trained eye of your physician can tell at a glance that you are bilious or, as we Southerners say, you have so-called "Torpid Liver." To make sure of his diagnosis he looks for a coated tongue, poor appetite and digestion. In the absence of more serious symptoms he tells you that you are bilious and need a little Calomel.

When you see the symptoms of biliousness why wait until you are really ill? Take Calotabs, the improved calomel compound tablets that make calomel-taking a pleasure. Calotabs act like calomel and salts combined helping Nature to expel the sour stagnant bile and washing it out of your system.

One or two Calotabs at bedtime with a glass of water—that's all. Next morning your system feels clean and refreshed, your head is clear, your spirits bright, and you are feeling fine with a hearty appetite for breakfast. Eat what you wish and go about your work or pleasure.

Genuine Calotabs are sold only in checker-board (black and white) packages bearing the trade mark "Calotabs." Avoid imitations. Family packages only twenty-five cents; trial package ten cents at your dealer's. (Adv.)

This Man, Joe Murray

BY WILLIAM CORCORAN Copyright, 1938, by William Corcoran; NEA Service, Inc.

CHAPTER XX COMPANIONSHIP . . . comradeship!

A stark thought came to Joe Murray. It came inevitably. It came often, clearer and clearer. It came and abided with him, unbidden. It had been with him a long time, he suddenly saw, unrecognized.

These stings, these rankling stabs . . . they were alive! They were not, they never could be, happiness and peace—because they were alive! The other, the happiness and peace, the visions: they were passionless and dead and unattainable. They were a drug and a delusion for a starving man, who was sick for the days of his strength and his plenty.

It was not Helen he yearned for any more. It was the past. Helen was dead, gone into limitless time; his love for her had not died, but was part of him; he would always love her and remember her in beauty, through all the years. Helen was not of the earth, she was beyond all passion; she was not real, she was a vision.

It was a vision he dreamed with . . . but it was Terry he lived with daily!

Realization rushed upon him, cataclysmic. It was Terry he wanted and hungered for.

He felt this interval of lingering dependence to be a shame on him, a recollection that must be wiped out. He had his manhood. He knew the ways of the road. He could make his way, wanting nothing from any man. He'd come right side up. There would be work. There would be need of more automobile bodies sometime, somewhere; there would be work and forgetfulness. Work and forgetfulness.

Not peace! He rebelled at peace, shattering the seductive visions. There was no peace—not in life. Life goes on, a fight and a struggle always, and the greatest torment, the greatest loss, is to be out of the struggle, out of the stream of it.

Neither life nor love have peace in them, though they both have surpassing beauty: the beauty of change, the beauty of growth, the beauty of a continuity, inscrutable and unending.

And this was Joe's groping avowal. He who had seen out of the stream of it, out of the run-

ning . . . he was plunging back. This man, Joe Murray. Joe Murray went foraging. When he found what he wanted, he brought it home to the hotel with him: a piece of cast-off leather, light and fairly pliable. It was treasure trove. He borrowed a pocket knife from the hotelman at the desk and went to work in his room.

He took off his shoes; they were in no state for the road, with holes large as quarters in the soles. He cut a piece of paper to a pattern and trimmed it till it slid inside one of the shoes easily and neatly. Then he laid the pattern on the strip of leather and hacked out a most practical inner sole.

HE was at work on the other shoe when there came a knock on the door. He had occasional visits from room neighbors; he called an imitation to come right in. The door opened, and he glanced up.

Slowly, numbly, he dropped the shoe, the leather, the knife. "Terry!"

She came into the room, closing the door behind her. She was looking at him with the big brown eyes . . . looking at him. She was thin; there were big circles under the eyes; her shoulders drooped beneath a cheap red coat.

"Joe," she said, and stopped. He looked scared, looked like a man who does not know what to do. She did it for him. She walked to him and sat down on his lap, sliding her arms around his neck and laying her head on his shoulder.

"Terry," he said. "God . . . Terry!" His voice would not function. He did not know what was happening to him, what was racking him.

She knew. She said, "Joe—" once, and suddenly began to cry, weakly, surrendering wholly. And he cried with her, because he couldn't help it. He was weak. He was unmanly.

It was some time before they were calm, with a kind of exhaustion. Slowly they got around to looking at each other, to letting go each of the other even to that extent. In the eyes of each of them there was a pain and a pity at what they saw. They were so thin, both of them, so older, so different from other days.

"Terry," said Joe huskily, "you floored me that time. You clipped me one. Right on the button."

"I'm glad," she told him. "I'm glad to know that I could."

"How did you get here?"

"Airplane?" bewildered.

"I flew all the way. I haven't slept in almost two whole days."

"That costs money, Terry!" "I know it. So I got it." "How did you get it?" "Stole it."

HE was utterly silenced by that. She looked weary and said, "Oh, what does it matter, darling? I got here. I was afraid you'd be gone. Your mother told me. My father had a lot of money he was betting the races and I stole it. My own mother gave him more long ago than I'll ever see. I've waited months. If I knew where you were I'd have crawled there. If anybody could have told me, I'd have paid them a million dollars."

"Terry . . . but why? I'm broke, I'm in trouble, I haven't earned a dollar in too long to remember." "What does all that matter?" she cried fiercely, exultantly. "You're alive, I'm alive. We can be alive together. I only want to be dead if I'm away from you. I don't care if I starve—we can starve together. I don't care what happens if it happens to us together."

He bowed his head. He was blinded by a light; he was full of an awareness. He buried his face on her soft shoulder, out of sight. He was remembering . . . her small and intense persistence, her holding on like grim death with her small insinuating hands when she wanted something badly, very badly.

"Why, Terry?" he insisted. "Because I love you, darling." He was silent, holding her. She added, "And because you love me."

Where it was. It was so! And Joe said, "What are we going to do, baby?"

And Terry told him, "Anything you say! We can do anything. Anything . . ."

And they sat there, together. And nothing mattered. Nothing. What could matter now? They could do anything. They could go home. They could go anywhere over a nation. They could find shelter in a field, love in the stars, strength in the wind. They could find work. They could live. They could do anything. Life was going on.

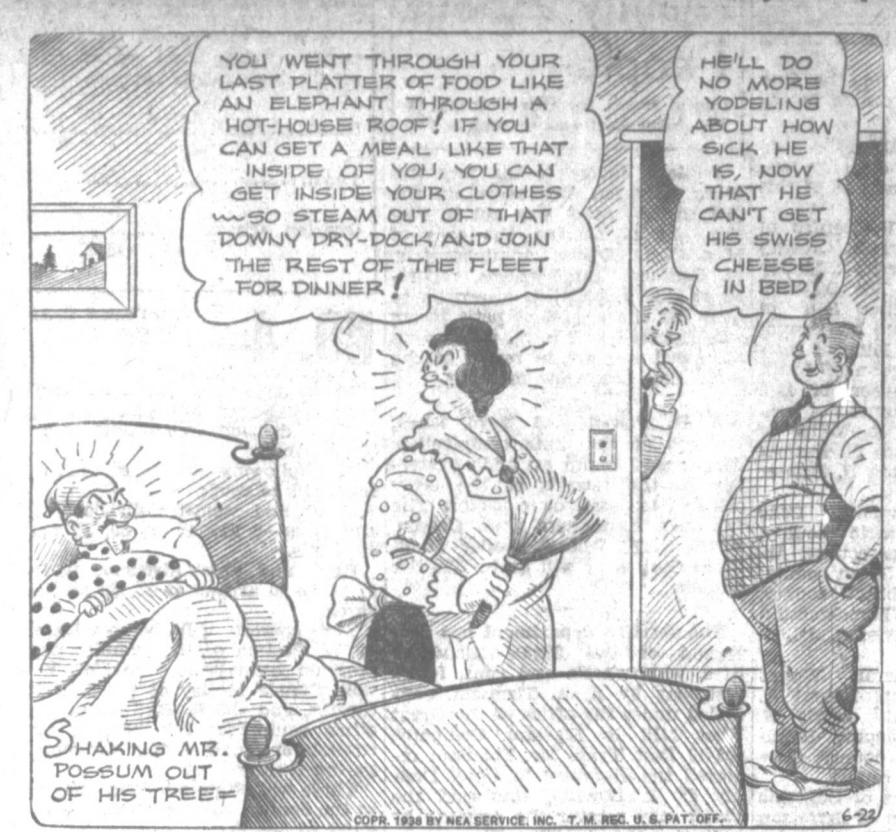

They were together. They were in love.

That is what this story is about. It is about love.

And that is where I come to an end. But the story does not. The story goes on, with a Terry and a Joe, and then another Joe, and beyond and beyond, another . . . forever.

EXAMINING OF BANKS DUE TO BE MODIFIED

WASHINGTON, June 22 (AP)—Government financial leaders attempted today to put some of the \$2,750,000,000 idle bank funds to work for business recovery by revising bank examination rules.

Settling factional differences, officials of five agencies which govern every bank in the country agreed to modify examining procedure so as to encourage long term business loans.

The changes also will permit national banks to resume purchases of bonds of small companies whose securities are not listed on stock exchanges.

The experts agreed that the major obstacle to business credit expansion was lack of loan demand from eligible businessmen, but one high official termed the agreement "a constructive effort which should help promote credit expansion and recovery."

Others said the compact's main importance was the achievement, for the first time in the nation's history, of a uniform basis for bank examination, which is divided among four federal and 48 state banking agencies.

Secretary Morgenthau, of the treasury said that the agreement, reached in a three-hour session, was a compromise of "give and take." He withheld the details pending submission of the program to President Roosevelt.

Morgenthau and others glossed over evidence of strong personal feeling on the banking issue between himself and chairman Marriner S. Eccles of the federal reserve board. On Monday Morgenthau had given Eccles 48 hours to approve recommendations of other agencies before they went to the White House.

Eccles' only comment on the

compromise was, "I prefer to let the report speak for itself." Other agencies participating in the agreement were the Reconstruction Finance Corporation, which owns millions of dollars of bank stock, and the National Association of State Bank Supervisors.

It's All in the Family

CHATEAULIN, France (AP)—Four couples in the same family recently celebrated a double golden wedding anniversary and a double wedding on the same day.

Dressed in Britanny costumes and surrounded by their children and grandchildren, M. and Mme. Yves

Rivolaen and M. and Mme. Goulteon Le Bec went back in their minds to 50 years before.

Then they stood up together, as grandparents on each side of the family and watched two couples of their grandchildren get married.

FDR TO TALK TO NATION ON FRIDAY NIGHT

HYDE PARK, N. Y., June 22 (AP)—President Roosevelt threw into gear today a \$3,750,000,000 machine designed to prime commerce and aid the needy, asserting as he acted that industry and agriculture already are improved.

Business—and he included farming in the term—is not and has not been as bad as a lot of people believed it to be, the President said.

He gave these views to the nation at a press conference in the warm, little study of his Hyde Park home. News correspondents, crowded close to his desk yesterday afternoon and heard him touch on many subjects, covering a broad field of foreign and domestic affairs.

In Good Humor
Mr. Roosevelt was in the best of humor as he talked.

At one point, by request, he authorized the newsmen to quote him directly, something he seldom permits.

"As somebody remarked the other day there have been a few rain-drops coming from the heavens," he said, "and possibly they will be followed with a much-needed estimate."

That was the President's answer to a question whether he believed business had scraped bottom in its downward trend. He side-stepped an inquiry about when the shower would come.

Mr. Roosevelt gave out a new commerce department estimate that the national income—the total income of all those earning money—would be slightly more than \$60,000,000,000 this year, \$5,000,000,000 higher than previous government estimates.

He also announced he would give one of his fireside chats from the White House on Friday at 8:30 p. m. (central standard time).

The President said the nationwide radio broadcast would be general in subject. It probably will cover business conditions, relief and how well Congress carried out his legislative program.

The chief executive disclosed that he was a step ahead of Congress on the \$3,750,000,000 spending and lending bill which he said creates a partnership between the federal government and localities.

Dirt To Fly Soon
For three weeks—two weeks and more before Congress passed the legislation—he has been approving Public Works Administration projects, subject to signing of the bill, he said.

As a result, dirt will begin to fly within sixty days on projects using \$350,000,000 of PWA's \$965,000,000 new fund.

All but a little of that sum will be allocated within the next two weeks, the President added, commencing that PWA's money goes to work in the shortest possible time.

In his statement on the huge measure, the President said he and his aides had been metering the merits of PWA since it was started as an experiment five years ago last Thursday.

Their findings, he asserted were: That cities and other public bodies still need a very large volume of public improvement.

That these localities are glad to and are able to assess themselves for more than half of the total cost of these improvements by going into partnership with the federal government.

That for every worker on a project site, there are two and a half workers indirectly employed in mines, mills, forests and transportation.

The President commented that the international situation was not particularly bright and that all we can do is hope for the best.

TRAIL DRIVERS WILL CONVEGE IN DALHART

HAMMOND, La., June 22 (AP)—When Dalhart entertains the third Annual XIT Reunion next August 8 and 9, it also will be host to the Trail Drivers Association of the Southwest, it is learned from Col. Jack M. Potter, Dalhart, N. M., president of the pioneer group.

Col. Potter, who has just been to Dalhart to plan for the meeting, said a program would be held both days for association members and for all others who want to come, especially the "old-timers."

Among speakers he hopes to have are Jim Hinkle, former governor of New Mexico; J. Frank Dobie, Austin, nationally known for his Southwestern writings and collections of folklore, legends and songs of the cattle country; and J. Evelyn Halsey, another nationally known Southwestern writer, especially known for his history of the XIT ranch.

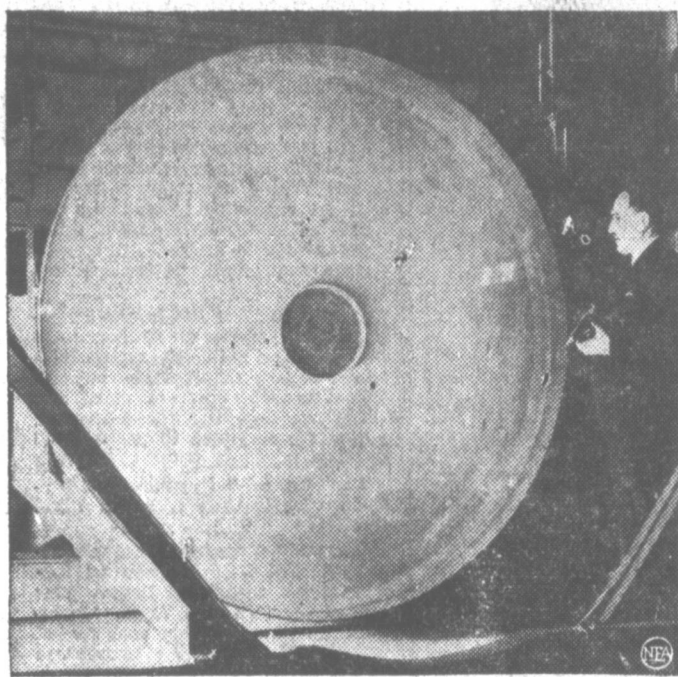

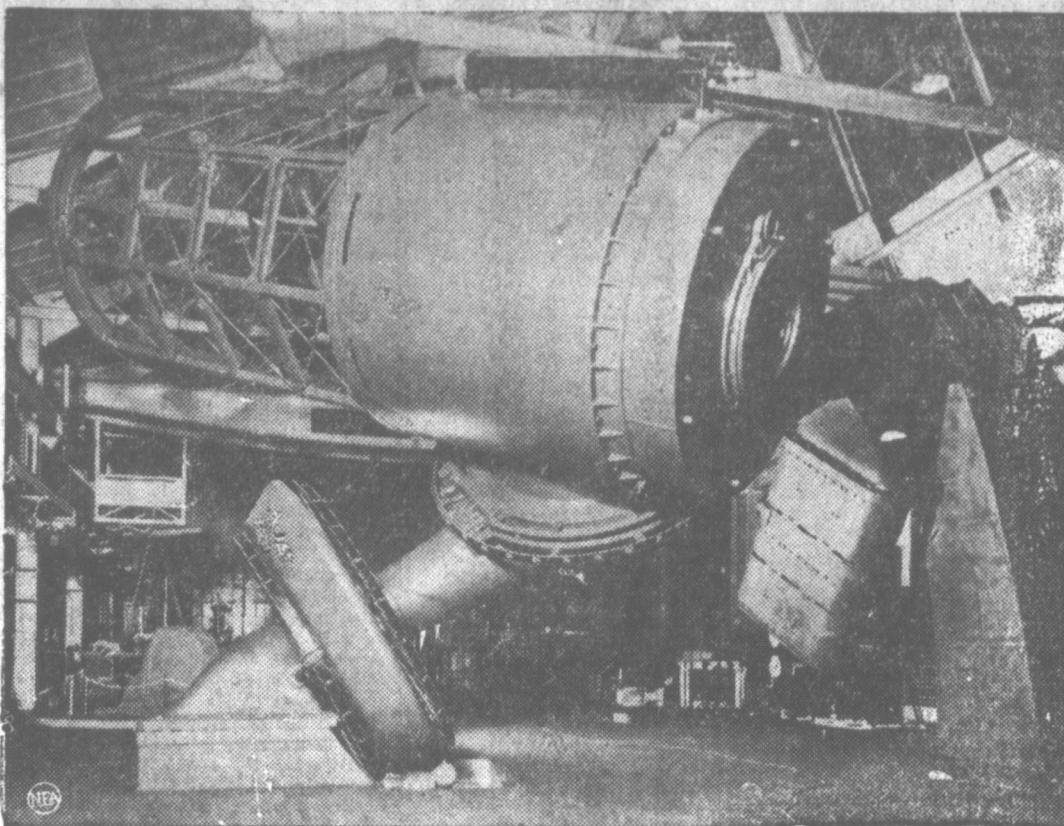

Col. Potter recalled, when in Dalhart, that in the 1880s, he had worked cattle with Hinkle in the breaks of the Pecos river in New Mexico. "Jim," he said, was with the Penasco Cattle Co., at Roswell and I was with the New England Livestock Co., at Fort Sumner.

VICTIM OF MOCCASIN SNAKE BITE RECOVERS

HAMMOND, La., June 22 (AP)—Mrs. Joe Rushing, 46, bitten in the arm by a cottonmouth moccasin snake during religious rites two weeks ago, has recovered and returned to her home at Crystal Springs, Miss.

Mrs. Rushing refused medical treatment as members of the sect prayed by her for recovery thru faith.

Telescope Ready For Texas Observatory

After nearly four years' grinding and polishing, a three-ton mirror for the world's second largest reflector telescope is receiving finishing touches in the Cleveland optical shop of Warner and Swasey before being shipped to the top of Mt. Locke in the Davis Mountains of Texas, where it will be installed in the University of Texas McDonald Observatory at an elevation of 6791 feet. The picture at left shows C. A. R. Lundin, optical engineer, with the 82-inch mirror. The photo above shows the telescope's 41-ton moving parts, which are balanced so perfectly that the movement for setting the telescope for position will be driven by a three-quarter horsepower motor.

BLACK TRIED TO DROWN BOY BEFORE PUSHING HIM OFF CLIFF HIS CONFESSION SAYS

By JACK B. KRUEGER. ALPINE, June 22 (AP)—The fate of Francis Marion Black Jr., San Antonio filling station operator, whose defense relied on the weight of a sanity plea to save him from the electric chair, in connection with an alleged macabre insurance death plot, was expected to be in the hands of the jury by noon today.

Testimony ended last night in a courtroom jammed with an estimated 1,000 persons who had come to hear the concluding testimony in the trial of the thin-faced San Antonian on a charge of murdering 13-year-old Marvin Dale Noblitt. Judge C. R. Sutton was to present his charge to the jury at 9 a. m., after which three hours of argument was scheduled.

The defense introduced testimony relating eccentricities of Black immediately after the state put in evidence a signed confession in which Black said he tossed Noblitt off a 400-foot cliff after two previous murder schemes had failed.

The mother and wife of the San Antonio man drew a picture of Black as a nervous, high-strung type unable to control his temper or hold a job. The mother, Mrs. Edna M. Black, said she had "a hard time raising" her boy in Kansas and declared the boy's father was epileptic.

Rev. J. C. Dussier of Humboldt, Kas., a Methodist minister who knew Black for many years, testified for his "sub-normal" mentality. Dr. W. J. Johnson, superintendent of the state hospital for insane at San Antonio, testifying for the state, said Black was sane but he thought the man unstable. Dr. Paul L. White, Austin psychiatrist,

put on by the defense, said Black was unstable, excitable, of weak will power and given to impracticable ideas, but added that "I do not consider him insane."

Black, taking the stand in his own defense, said he was persuaded to make the statement after that District Attorney Alan Fraser told him he might go easier on him if he pleaded guilty.

The statement related that Black, wanting to get money, decided to quit his job and hire a boy under the pretense of adopting him. It said he moved to San Benito, Tex., where he succeeded in persuading Mrs. Bobbie Smith to give him custody of Noblitt, her son, on the promise he would clothe and educate the boy in return for work.

Black told him that Marvin was his adopted son and that he (Black) would receive a \$5,000 payment. Black later told him, he said, that the boy had not been legally adopted.

Previously, Hollis Bridgman, San Antonio insurance man, testified a \$5,000 policy from the Great American Life Insurance Company was delivered to Black May 28.

Giuseppe Motta, Switzerland's foreign minister, "but seven centuries of independence have fused us into a liberty-loving people who will die to a man to defend our territory."

(French, German, Italian and Romansh are Switzerland's national languages. Romansh, the romance dialects spoken in southeastern Switzerland, was raised to that status last July.)

The Swiss used to laugh at the Nazi maps which include the larger part of Switzerland and her 3,000,000 German speaking citizens inside "Germany's lands."

Since remilitarization of the Rhineland, annexation of Austria and the pressure Berlin brought they have stopped laughing.

About three-quarters of the Swiss population speaks German but time and again in national elections this portion has shown that the bond of language does not temper their love for a free Switzerland.

MILLION WILL BE USED TO BATTLE PARALYSIS

In the background of the picture is the brontosaurus, largest of the models, which weighs 75 tons.

O'DANIEL TELLS WHY HE HAS NO POLL TAX

FORT WORTH, June 22 (AP)—W. Lee O'Daniel, Fort Worth candidate for Governor, said in Sherman last night he had no poll tax and explained why.

The flour merchant charged that "dozens of agents" of his opponents have "swooped down on Fort Worth and are frantically trying to find something in my past they can attack."

"The professional politicians have things in Texas in such a mess," O'Daniel said, "that thousands of good citizens have become disgusted. They felt there was no use for them to go to the polls any more, so they just saved the \$1.75 which a poll tax receipt would have cost them. I am one of those thousands and I am not ashamed of it."

O'Daniel, who continued his speaking tour by appearing at Paris at 12:45 p. m. and scheduling engagements at Clarksville at 4 p. m. and 8 p. m. today, charged that his opponents "are so baffled, confused and dumfounded that they don't know what to do."

"If any poison is injected into this campaign," he said, "just tell 'em to prove it—or eat it."

ELECTRICAL BRAINSTORMS

The age being fairly cluttered with extraordinary disclosures in the field of science, the mind of man has accustomed itself to taking even the most awesome of them in its stride.

An encounter with a mirror continues to be a fascinating experience. So have a fascinating experience.

That the brain throws off electrical impulses is probably not news to you. But consider this: A "super wave" of electricity which the brain produces has been discovered.

In short, science is getting so chummy with man's mentality, and can fool around with it on a physical plane so successfully, that—well—gosh!

The vision of a citizen of the future equipped with switches and dials, and dependent on operators and repair men, arises.

Let's keep on for a while picturing the mental and physical as having nothing much to do with each other. Just now, it all being so sudden, the old-fashioned notion is much, much more pleasant.

TRANS-ATLANTIC JOB HUNT

Distress is touching, but hoopla seems to be irresistible.

A tally of all the jobholders in the country who pried themselves out of the ranks of the unemployed by such dodges as advertising themselves as completely worthless, marching the streets with sandwich-boards, and doing hand-springs in fancy dress, might make an illuminating commentary on the American soft spot.

Whether Helen Borsos of New York got her job wholly by accident the other day is probably debatable. Miss Borsos, who had been jobless for three years, became an unofficial passenger aboard the Normandie.

When the ship docked at the end of her return voyage from Europe, Miss Borsos attracted attention with her story. While she was telling reporters and cameramen of her three-year hunt for work, between freshets of tears, a prominent furrier was attracted by the racket, and wound up by giving her a job.

Behind the Scenes In Washington

By RODNEY DUTCHER, Pampa Daily News Washington Correspondent

WASHINGTON, June 22—No one has yet offered any worthwhile estimate of the number of workers whose pay is likely to be raised under the wage-hour act.

Labor leaders who at first snorted in contempt when an initial 25-cent minimum wage was proposed began to look into the facts, and were surprised at indications of widespread effectiveness.

Low moans and groans are coming from the U. S. Housing Authority publicity office. For months the boys there have sought to educate the public as to the distinction between the U. S. H. A., whose administrator is Nathan Straus, and the Federal Housing Administration, whose administrator is Stewart McDonald.

But just now has come Congressman James I. Farley of Indiana, friend and admirer of U. S. H. A., with a fine encomium and defense of the Straus outfit inserted in the Congressional Record and designed for distribution.

Working for as little as \$2 or \$3 a week, Arkansas is the only southern state with a minimum wage law and its minimum wage of \$1.25 a day compares with the minimum of

The Capital Jigsaw

BY HOWARD C. MARSHALL

AUSTIN, June 22 (AP)—One political-minded man is looking to 1940.

The state democratic executive committee has received the application of Jefferson G. Smith of Austin for a place on the democratic primary ballot that year as a candidate for Associate Justice of the state Supreme Court.

It was the first application for 1940 the committee had received. In fact, at the time, the committee had not completed making up the 1938 ballot.

Smith did not, incidentally, remit the customary \$100 filing fee. He won't have to do that until 1940. The deadline for filing this year was June 6.

A plan to wipe out the state financial deficit and at the same time eliminate the grasshopper scourge in part of the Panhandle has been proposed by a humorist in the capitol press room.

This man observed that what appeared to be glazed grasshoppers were being sold in a capitol sport goods store for about 25 cents for two dozen. A short time before he had been writing about Gov. James V. Alford dispatching National Guard trucks and men to the Panhandle to join in a war against grasshoppers.

So, while professing no intention of making light of the grasshopper plague, the man of bright ideas suggested that the grasshoppers of the Panhandle and the fishermen of South Texas, especially fishermen who are beginning to taste the delights of a chain of lakes being created as part of the Lower Colorado river system, be brought together.

He would have the trucks transport the hoppers to fishing areas and sold for bait. He figures this would relieve the farmers, pay off the state debt and not make any difference to the grasshoppers, which are supposed to be poisoned anyway.

First the capital acquired a Sherwood Forest, then a Robin Hood trail.

Sherwood Forest is a new residential area being opened by former Rep. Stanford Payne, now connected with the State Health Department. When a member of the legislature Payne's home was at Del Rio.

The names Sherwood Forest and Robin Hood trail, the latter a road in the addition, were approved by the city council on Payne's application.

"You must have liked the movie," said Mayor Tom Miller in granting the petition.

A legislativeatorial district composed of Bell, McLennan and Fall counties and created more than 15 years ago, finally has a candidate.

Created in 1921, the district until this year has candidates from McLennan and Fall counties only. Rep. Arthur Holland of Bell county represents the 95th district, which is composed wholly of Bell county.

The Bell county candidate in the electoral district, which in the present legislature is represented by Rep. Reglin Jones of Eddy, is Lee Madden, a farmer who lives near Belton. In the last session of the legislature, Madden also was a committee clerk for the house of representatives.

There are seven other candidates from Falls and McLennan counties to represent the electoral district. Jones is retiring.

Holland has no opposition for reelection.

Many persons do not have the right idea about using a candid camera, says Dr. J. M. Kuehne, professor of physics at the University of Texas and a camera expert.

"The prevalent idea," he said in the Daily Texas, student newspaper, "is to get a picture of a friend with his pants caught on a fence, or in any other unattractive position."

Neither Lityak nor his players knew what was going on, and they soon developed a fine case of jitters. The situation became so strained that work was almost impossible, and Miss Davis finally asked for a few minutes in her dressing room to pull her frayed nerves together.

Just as she was trying to relax, though, the dressing room door opened—without a knock—and in came the most impudent of all Hollywood women correspondents.

Not stopping for a greeting, she burst out with, "Why, Bette—you're looking just awful! Are you having trouble at home? Are you fighting with the studio again? Is it true that you and Harmon Nelson have—"

That was about as far as she got. If Miss Davis had been made of TNT, instead of just dynamite, the whole studio would have been blown off the map of Hollywood. Anyway, she exploded. And the set was closed to everybody. And I don't blame her.

Sharing the Comforts Of Life

By R. C. HOILES

THE UNIVERSAL RULE

One of the basic fundamentals of economics, as explained by "Sharing the Comforts" column since its inception, is that there should be no class legislation, no special privileges, no discriminations—that the Universal Rule should be the Golden Rule.

Times without number this column has said, the Universal Rule should be the Golden Rule. And that is exactly what was intended to be said. Equal rights for all, or the Universal Rule, should be the Golden Rule.

One of our readers has written to say that the writer of "Sharing the Comforts" has not been saying the right thing; that he should have said the Golden Rule is the Universal Rule.

The writer is not able to see the error in the statement. If the Golden Rule simply means, "Do unto others as you would have others do unto you, then there are as many standards of right and wrong as there are individuals. Then we have confusion. But, if the Universal Rule is the Golden Rule, we have a meeting of minds; then we have a definite, just and a guide for human actions.

For the benefit of all, let it be reiterated that the principle of equal rights for all—the Universal Rule—should be the Golden Rule.

Cranium Crackers

Which of the following statements are true, and which false?

2. Pearl White is the name of a woman writer of popular fiction.
3. Miguel Covarrubias is a Mexican musician.
4. A winch is a machine for drawing loads by winding a line or chain around a drum.
5. A hallucination is a delusion.

So They Say

Lawyers are the trustees for the liberty of the people, but despite the 160,000 lawyers in the United States they have never done their full duty to the country.

—MORRIS BRINT, counsel for the American Civil Liberties Union.

We are not going back to the so-called "good old days" of doing business.

—T. M. GIRDLER, chairman, Republic Steel Corp.

Mass thinking is the pre-requisite of dictatorship.

—DR. RUTH ALEXANDER, writer, economist.

First we must reforge a united national soul for Frenchmen. This moment renews your mental habits of World War soldiers.

—MARSHAL HENRI PETAINE, French World War commander, addressing war veterans.

"This off-guard type of picture is not of permanent interest."

A better word than "candid," he continued, is "miniature."

During Texas Centennial celebration year, Dr. Kuehne submitted the prize-winning picture in competition at San Antonio. A feature in the picture was a bug on a flower.

When he took the picture with a candid camera, that is to say, a miniature camera, he didn't see the bug, nor see it in the negative.

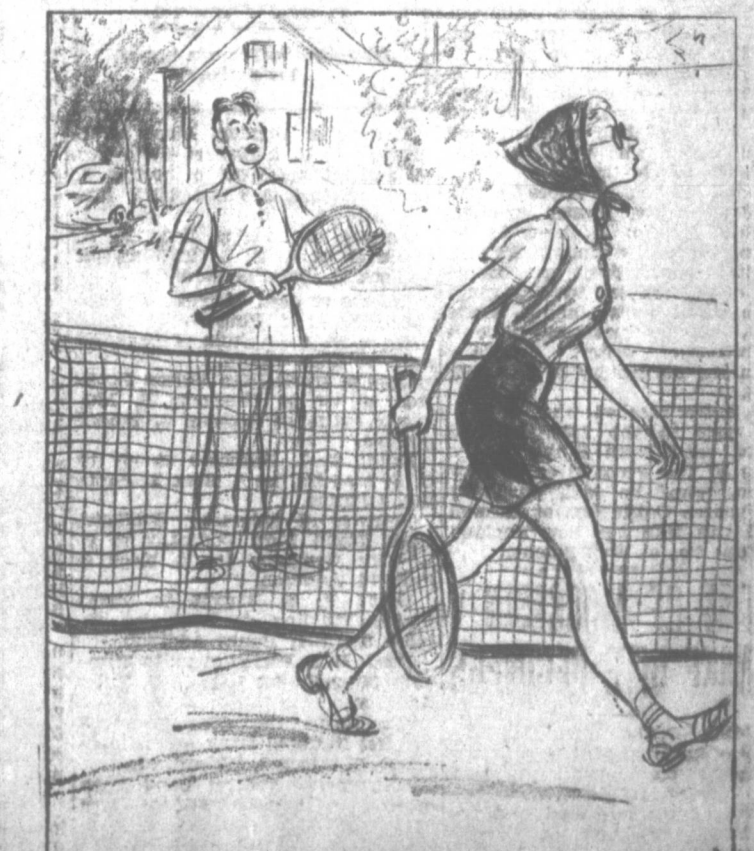

When the negative was enlarged there was the bug. The focusing was so sharp that after the enlargement the legs of the bug were visible.

Only those who take pictures because they are permanently interesting make the best use of the small camera, Dr. Kuehne said.

He doesn't place photographs of Bill sprawled in a mud puddle or of Mary climbing a tree in that classification.

NEGRO STILL FAVORED TO RETAIN TITLE

By GAYLE TALBOT
NEW YORK, June 22 (AP)—The fight that has overshadowed all else in the fistle world for two years comes true at 8 o'clock, Central Standard Time, tonight, when Joe Louis, the 24-year-old Alabama Negro, defends his heavyweight championship against Max Schmeling, the 32-year-old ex-champion, at the Yankee Stadium.

A crowd of 80,000 is expected to pack into the arena when the two gladiators shuffle out to meet each other under the bright, hot lights. The throng will have paid close to \$1,000,000 to watch the pair belabor each other for 15 rounds, or less in the event of a knockout.

Two sons of the President, a cabinet minister, and celebrities of every stripe will be there to watch the bland German try to repeat the knockout he scored over Louis two years ago in the same arena, and to witness the efforts of the young champion to remove that one blot from his escutcheon.

Louis Favored
 Louis remains the 1 to 2 favorite in one of the biggest betting fights of recent years, and in the choice of a majority of several hundred experts. The so-called "fight mob" regards Louis as virtual cinch, and promoter Mike Jacobs is hoping the title remains in this country.

The two big men, who have no affection for each other, were meeting at Madison Square Garden at 11 a. m., G. S. T., to weigh in and have their respective pulses clocked by the commission medicine man, Dr. William Walker.

It was reported that speculators were getting as much as \$100 for choice ringside chairs, originally priced at \$30. On the other hand, certain of the speculative gentry who stocked up on "ringsides" back past the 30th row were said to be unloading at a loss. At any rate, there is no prospect of a sell-out.

Glove Plea Denied
 Schmeling won one small victory before they entered the ring. The boxing commission recognized his demand that Louis not be permitted to wear the Chicago, or "big-thumb," glove. Both will have their ham-like hands encased in six-ounce evening mitts, laced with plenty of bandage and tape.

For the first time in this country, little Joe Jacobs will not be in the German's corner, the commission having refused to restore Joe's license as a second. Some of Schmeling's followers regard this as a bad sign, but it doesn't worry Max. Nothing, in fact, bothers Max except the fact that he has to pay both U. S. and German income tax on his purse, which will be 20 per cent of the net. Louis will receive the champion's customary 40 per cent.

The probability is that Arthur Donovan again will be the referee, though the choice, like that of the two judges, will not be known until the fighters are in the ring.

And it might be a great fight. It should be. There is every element that goes to make a furious, dramatic encounter, including an intense desire for revenge on the part of Louis.

The sort of battle it will be depends almost entirely upon Louis. He has been growling for several weeks that he will sprit from his stool and sink Schmeling under a fusillade of blows. If he tries to do that, his style, no matter to what extent they have pumped him up during his training.

Louis, like Schmeling, essentially is a counter fighter, and there is a strong possibility that he will entrench himself tonight behind his blinding left jab and try to cut Schmeling to pieces.

It is recalled that in the opening minutes of their other scrap, Louis speared Schmeling all over the ring and had Max's right eye almost closed before Max detonated his first right one Joe's jaw. Schmeling's supporters are confident that Louis, who fight mostly by instinct anyway, will remember all that and will try to out box Max again. Schmeling thinks that, too. In that case, it might develop into a not particularly exciting bout.

Henderson And Texarkana Win League Games

(By The Associated Press)
 The leaders drew further away from the field in the East Texas League last night as the third and fourth place teams lost again.

First place Marshall downed Henderson, 10-3, and runner-up Texarkana won over Kilgore, 8-0.

Huffaker held Henderson to eight scattered hits while his mates romped on Lippold for fifteen.

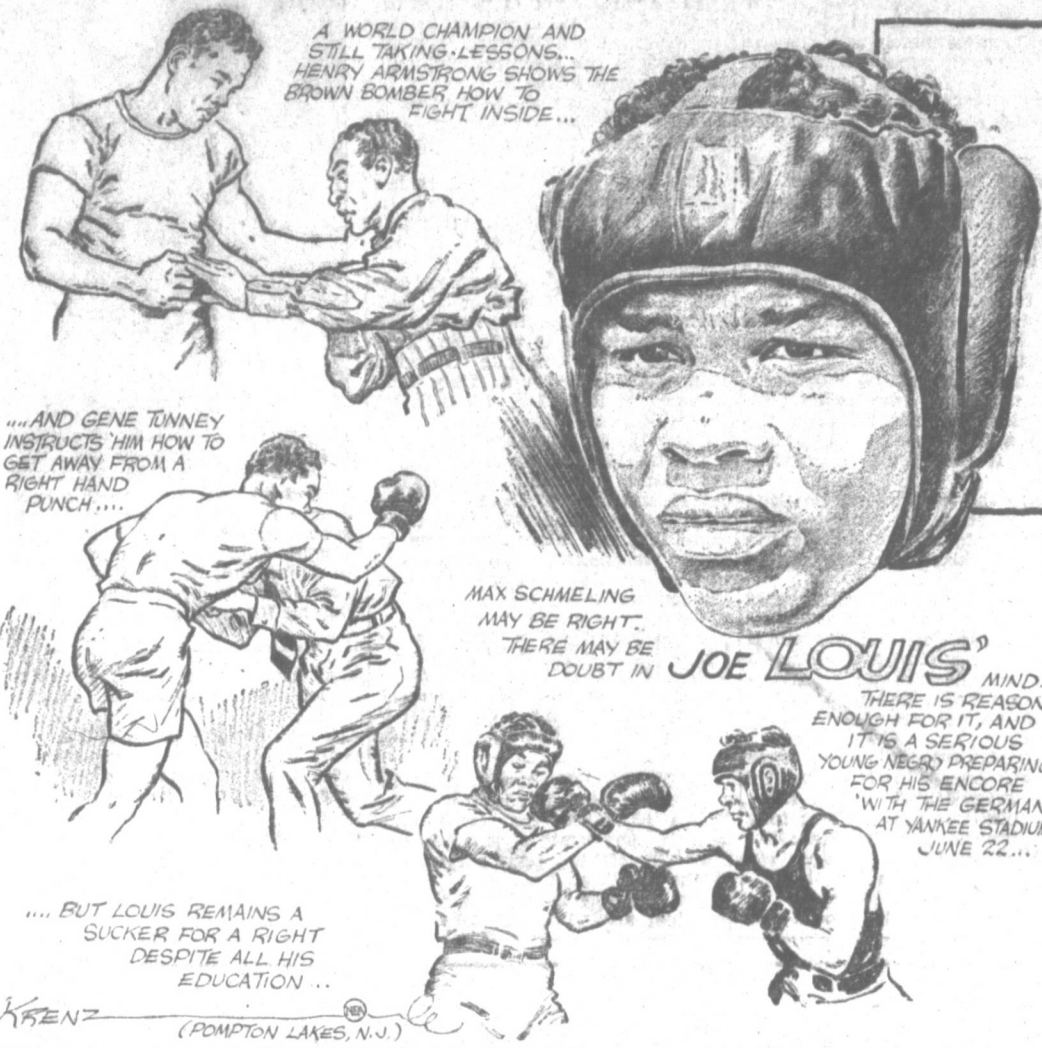

Sad Sam Gray, once a major league star, hurled Texarkana to its shutout over Kilgore, spacing eight Ranger hits well.

Cincinnati Beats Giants As Indians Whip Yanks

By BILL BONI,
 Associated Press Sports Writer.
 "Instead of the 'Subway Series' that seemed so likely when the big league firing started in April, this fall's big show of baseball may be an all-Ohio proposition.

The Cleveland Indians, who hammered the Yankees back into third place yesterday, 10-5, are pacing the American league. The Cincinnati Reds, on the strength of the 6-2 battering handed Carl Hubbell, are just a game and a half behind the National league-leading Giants and can jump that gap by taking the two remaining games of their series with Terry's Terriers.

It's not such a long shot, either. The Giants, struggling along minus Lead-Off Man Poe Moore and with a revamped line-up, have dropped their last three starts. The Reds, on the other hand, are riding a streak in which they have lost only three out of 14 games and have won seven of the second division into second place.

They weren't fooling when they teed off on Hubbell, either. The southpaw screwballer, making his third unsuccessful attempt for his 200th big league victory, was belted for a pair of homers and three runs in the third, and four hits and three more runs in the seventh. Five of the Reds' seven safeties off the Hub went for extra bases, including a four-bagger and a triple by Ival Goodman.

Meanwhile, Big Jim Weaver was balancing the heavy artillery with some fancy four-hit pitching. When he threatened to lose control of the situation, Bucky Walters took charge and didn't allow a hit the rest of the way.

New Record Written.
 In Detroit Frank (Pinkie) Higgins wrote a new chapter into baseball's book of big league records and at the same time erased a famous name. The Red Sox third baseman, with four hits in each half of a doubleheader with the Tigers, ran his streak of successive safeties to twelve, bettering by one the previous mark set in 1920 by Tris Speaker.

Tiger Rudy York hit a homer in each game to tie Boston's Jimmy Foy for the lead at 19 each, and the Sox, winning the first by 9-3 and losing the nightcap, 5-4, edged into second place again, four points ahead of the Yanks.

It was a big afternoon, too, for Harry Kelley. The veteran Washington righthander won his first game of the season and made it a good job as he shut out the White Sox, 7-0, on five hits. In the other American league game Oral Hildebrand also pitched five-hit ball and the Browns whipped the Athletics, 5-2.

In the National league, the Cubs took advantage of effective relief pitching by veteran Charley Root to shade the Phillies, 4-3; Jim Turner set down the Cardinals with five hits to give the Bees a 3-1 decision. And the Dodgers, play their second night game at home, were still needing their first victory under the Ebbets field arch as they bowed to the Pirates, 9 to 3.

First inning to give the Trojans a lead they never relinquished. Palestine pounded the apple for fifteen hits and a 10-3 win over Longview. It swept the series for the Pals.

Oklahoma City, Oilers Defeat Closest Rivals

(By The Associated Press)
 The Tulsa Oilers and Oklahoma City Indians kept up the blistering pace that has carried them into one-two leadership, in the Texas League race by romping on their closest competitors with impressive victories yesterday and last night.

Tulsa downed third place Beaumont, 11-2, while Ash Hillin was joining Max Thomas of Tulsa as a 12-game pitching winner this season by twirling Oklahoma City to a 7-2 victory over fourth place San Antonio.

The Oilers used thirteen hits and poor fielding by the skidding Exporters easily to hand a tough time against his former mates, the Houston Buffs, as the Dallas Steers lost, 8-4. The ex-Cardinal hurling star was blasted for eight hits and seven runs in six innings.

Errors gave the Fort Worth Cats two runs early in the game and the Panthers beat Shreveport, 4-3. The Sports were never able to overcome the damage done by the hobblers.

Yesterday's Stars

Jim Weaver and Eucky Walters, Reds—combined for four-hit pitching. Walters pitched a complete game, Jeff Heath, Indians—drove in as Cleveland topped Yankees, 10-5. Jim Turner, Bees—His five-hit pitching stopped Cardinals, 3-1.

Pinky Higgins, Red Sox, and Rudy York, Tigers—Higgins set a major league record by running streak of consecutive hits to twelve, getting eight, seven singles and double, in double-header with Tigers; York hit homer in each game as Red Sox won first, 8-3, and the Detroit the night-cap, 5-4.

Charley Root, Cubs—Stopped Phillips with two hits in four-inning relief trick as Cubs won, 4-3.

Harry Kelley and Al Simmons, Senators—Kelley pitched 5-hit ball and Simmons batted in four runs with homer and two singles as Nats shut out White Sox, 7-0.

Ruth was installed in the Dodger organization by the bankers and soon will be announced as part owner. Southern and Southeastern Conference football coaches are getting ready to gang up on Tom Yawkey and his coaching staff.

The Sox have just grabbed off Randy Hefflin of Fredericksburg, Va., who not only is one of the best backfield prospects in the South, but is something of a sensation on the rubber as well. Well, this is "der tag". We still like Louis in ten, more likely in six.

Johnny Vander Meer is getting a lot of attention here. Bell hops at the McAlpin adopted an agreement not to accept tips from the no-hit star. Tomorrow afternoon there'll be home plate ceremonies at the polo grounds where Johnny will be made a colonel on the staff of the Governor of Florida and presented with a suitable gift by Frank Winchell, Tampa hotel tycoon, in whose town Johnny did his spring prep work. Rumors that Bill McKechnie asked waivers on Vander Meer when he allowed Boston four blows the other day were denied.

FOOTBALL PLAYERS DUMBEST ATHLETES, GRADUATE REPORTS

DALLAS, June 22 (AP)—Football players who participate in no other college sport are the dumbest athletes, a group of graduates assembled by John S. Windell in a graduate thesis at Southern Methodist University correctly represent the academic ability of athletes.

Windell examined the scholastic records of 1287 athletes at S. M. U., T. C. U., Simmons, North Texas Teachers, Stephen F. Austin Teachers, Southwest Texas Teachers, and East Texas Teachers.

Dividing the athletes into those who lettered only in football, basketball, baseball, track, tennis, or golf and those who lettered in two, three, four, or five sports, Windell found that the highest grades were made by the five letter man, but as only one of the 1287 athletes lettered in five sports he did not consider this conclusive evidence that five-sport men were better students.

Ranking second academically were the tennis players, with track men, golfers, three-lettermen, four-letter men, baseball players, two-lettermen, basketball players, and then the football players next in order.

Reasons suggested by Windell why football players rank lower than other athletes include long absences from classes because of trips, long practice sessions, and too much attention paid to reading what the sports columnists say about them.

Windell explained the low standing of the basketball players by the fact that many are country boys who enter the universities without the necessary foundation in literary studies. The author said that students participating in sports requiring individual effort outrank those who compete in sports involving team play.

Limitation of the number of sports in which an athlete may compete would not solve the academic question of grades, results obtained by Windell indicate.

Danciger, Cities Service Win Close League Games

The Industrial Softball league furnished the close games last night when Danciger nosed out Phillips 3 and 2, and Cities Service beat King 10 and 9 in eight innings. In a City league attraction, Mack and Paul Barbers downed the News, 15 to 2 in a game that appeared much closer than the score indicates.

Danciger, league leaders, played sparkling ball to nose out the second-place Phillips crew. When the game was called, A. L. Patrick, Danciger's only pitcher, had not arrived. That left Manager Joe Parkinson to take the mound and he thumbed the ball at the Phillips batters and they swung lustily to roll or pop it to some Danciger player as Parkinson went the distance to win his game. Eddie Sain was behind the plate.

John Dewey hurled good enough ball to win most of the way with R. Dewey behind the plate. Phillips jumped into a two-run lead early in the game but big Lefty Cox tied things up with a home run. Going into the last of the seventh with the score tied, Cox opened with a single and Sain blasted a triple to score him with the winning run. Each team made five hits.

Heiskell Scores
 A couple of bad innings wrecked a heads-up ball game between Cities Service and King. King had an 8 to 1 lead in the fourth but a big rally by the gasmen tied the score in that inning. Each scored in the fifth to tie things up again. Then came the eighth. Manrell opened for Cities Service by flying out. Little Grover Lee Heiskell was safe on an error. Halbig, next batter, doubled and little Heiskell by some outstanding base running scored from first with the winning run. Muncy and Mangell was the winning battery with Sharp and Brown hurling and Sheridan receiving for King. Brown went to the mound in the hectic fourth.

Sheridan helped the King cause with a home run with one on board and Morrison hit for the circuit in the fourth.

Mack and Paul had two big innings, the first and sixth, in defeating the News. Warner, a new hurler, was on the mound for the barbers with Foster receiving. The Newsamen also trotted out a new pitcher in Jones, the best they have shown this season, but his support falled him in places. Hamilton was behind the plate.

The youngsters playing under the Mack and Paul banner gave one of the most sparkling exhibitions of ball seen at Recreation park or any other park this season. They went all over the field to take grounders

JUNIOR SOFTBALL LEAGUE TO BE SPONSORED BY VETERANS

Junior softball this year has become a national move with the Veterans of Foreign Wars the sponsoring organization. The local post has taken over the program here and last night members elected Sandy Hill president; I. J. "Frenchy" Huval, vice-president; and Paul D. Hill, secretary-treasurer, of the VFW Softball Association.

A meeting of team managers and sponsors of junior teams, boys under 18 years of age, will be held tomorrow night at 7:30 o'clock in the city hall. The meeting was originally scheduled for tonight but was postponed because of the Louis-Schmeling fight.

All managers are urged to report at the meeting ready to sign necessary papers of sponsorship and secure blanks for registering each boy. The team winning the local league, open to teams within a radius of 15 miles of Pampa, or even farther, will be eligible to play in the district tournament, if enough leagues are formed to make a district meet possible. If no district tournament is held, the local winner will be eligible to attend the state tourney. Also, the Pampa Kiwanis club will give the winning team a trophy.

Intermediate teams managers, between 18 and 21, will also meet tomorrow night at the same time. Schedules for both leagues will be drawn up.

Any new team desiring to enter should have a representative at the meeting. Already teams from Phillips Camp, LeFors, Skellytown and four or five from Pampa have signed for the junior league.

and fly balls and make sensational heaves and stops.

In an exhibition game at Skelly-Schafer plant, the Diamond Shop, city league team, defeated Skelly 8 to 3. Cary and Stephenson was the winning battery with Wapp and Ray the losing pair. Stephenson and McWright hit home runs for the jewelry ten, the McWright homer being one of the longest hit in the Skelly park.

Because of the championship fight at 8 o'clock tonight, the Standoid-Cities Service game will be played on Cities Service diamond at 6 o'clock. At the same time, Diamond Shop and Supply boys will meet on the Cabot Diamond. The Christians and Gulf-Cooper will play at 9:30 at Recreation park.

Softball Team To Benefit From Phillips Dance

The three Phillips softball teams will benefit from proceeds of a dance to be held Friday night, beginning at 9 o'clock, in the Phillips Community hall at the Pampa plant 10 miles south of Pampa. The public is invited.

Music for the dance will be furnished by the Rhythm Clowns of Amarillo. Admission will be \$1 per couple.

The Phillips 66 club is sponsoring three teams this year, one in the Industrial league, one in the Pampa Intermediate league, and one in the Pampa VFW Junior league.

Dennis Lavender Plays Four Under Par Over Course

DALLAS, June 22 (AP)—Gangling Dennis Lavender, who defends his Texas public links title here Saturday and Sunday, gave an expected record field something to think about in a four-under-par practice trip over Tension Park's hilly course yesterday.

The Dallas tournament veteran, winner of three state titles in the past 11 years, including one Texas Golf Association championship, fired a 68 on the par 37-35-72 layout.

President Gordon Young of the state association said indications were that some 125 to 150 munny golfers would compete in the 72-hole medal play event. Only those players within strokes of the leader after the first 36 holes will continue in the championship flight on Sunday's final round of 36 holes.

Some 30 seniors were expected for the senior flight, an event for municipal golfers 40 years of age and over.

Young stressed that municipal golfers, although they belong to a country club, will be eligible for the tournament if they hold a municipal course membership.

Schmeling May Be Punished If He Doesn't Win

BERLIN, June 22 (AP)—All Germany—from Hitler, Hans and Gretchen to Papa and Mama Schmidt—is confident "Unser Max" Schmeling will take Joe Louis' heavyweight crown.

Fight talk is on everybody's lips, although the championship fight in New York will take place in Berlin's early morning hours, about 3 a. m. tomorrow, thousands of Germans are sure to have their ears glued to radios for the blow-by-blow description.

German fans leave only one choice to Max—a come-back. His German admirers—and there are millions from Reichsfuehrer Hitler down—hate the thought of defeat.

Newspapers do not say it, but it is tacitly understood that a Louis victory would be taken as a disgrace from the Nazi racial viewpoint. Some sports followers predict oblivion would be Schmeling's punishment.

Anna Ondra, movie actress-wife of the "Black Ulian," waited with "absolute optimism." But she will not follow the fight by radio—because "the excitement works on my nerves too much."

The German press has whipped up a tremendous interest in the fight.

Der Angriff, which is the organ of Dr. Paul Joseph Goebbels, proclaimed bitterly yesterday the "unsportsmanlike" attitude of the American press, accusing newspapers in the United States of "baiting Schmeling."

Don Budge settled into his best tennis stride after a shaky start today and whipped Henry Billington, Berkshire farmer, 7-5, 6-1, 6-1, in the second round of the all-England championships.

Still troubled by a sore throat, the American-British-French-Australian singles king was listless and uncertain at the start of his match with Billington, dropped the first three games and had to buckle down to win the deuced opening set in the 12th game.

Budge, after spotting the Englishman a 3-0 lead, pulled to 2-3 but lost the next two games to trail 2-5. He held his service with difficulty in the eighth game but got a break when Billington twice double-faulted in the ninth. This left the score at 4-5 against him but the red-haired Californian looked like a champion from there on and quickly won the next three games in a row.

Billington definitely had shot his bolt and offered only slight resistance thereafter.

Henner Henkel of Germany, regarded as Budge's only real rival, easily disposed of M. D. DeIoford of England, 6-3, 6-1, 6-3, in a second round match.

Gene Mako of Los Angeles and Owen Anderson of Hollywood, Calif., joined Budge in the third round.

Mako eliminated Camille E. Malroy of New Zealand, 4-6, 6-3, 6-4, 4-6, 6-2, and Anderson put out M. Caikos of Hungary, 6-2, 6-0, 6-4.

Frankie Parker And Kovacs Lose In Clay Tourney

CHICAGO, June 22 (AP)—Two hopes of the West were on the sidelines today as the National Clay Courts Tennis Tournament went into third and fourth round matches.

Frankie Parker of Los Angeles and Milwaukee, ranked third nationally and a member of the 1937 Davis cup team, and Frank Kovacs, the lanky, Oakland, Calif., youth, were eliminated yesterday.

Parker was beaten in the second round by George Pero of Miami, Fla., 5-7, 6-1, 6-4.

Kovacs was eliminated by Norman Bicket of Oak Park, Ill., 6-3, 6-3, 6-3.

Riggs had little trouble in the second round of his campaign to join Bryan M. (Bile) Grant, Jr., of Atlanta and William T. Tilden II as a three time or more winner of the title. He beat John Krifka of River Forest, Ill., 6-0, 6-0.

TEXAS INDIANS WILL OBSERVE OLD FESTIVAL

LIVINGSTON, June 22 (AP)—Texas' last Indian tribe Thursday will revive a ritual abandoned 90 years ago—the colorful green corn festival.

A ceremonial wedding, the first ever held in public by the tribe—the Alabama-Coushatta—will be held. The famous buffalo dance, eagle dance, green corn dance and horse dance will be featured along with jall games and a wild west rodeo.

Twenty thousand persons are expected to attend the festival, which was abandoned by the tribe in 1848.

Chief Tai-Cai-Shek, tribal ruler, said the entire tribe of 321 Indians would be moved here and pitch their tepees on a city block for the festival.

Governor James V. Allred, Lieutenant Governor Walter Woodul, Attorney General William McCraw and J. E. Josey, chairman of the board of directors of the Houston Post, have been invited as special guests of the Indians.

The governor at Austin Monday indicated he would attend the ceremonial, Clem Fain, "white chief" of the tribe, said. If the governor attends it will be the first official visit ever paid the tribe by a Texas governor.

But a whole army of the most expert kidnapers could well be baffled by the steel shutters and protective devices the Countess had built into her new home.

Even behind its pearl-tinted walls, Lance's nursery overlooking the playing fields of Regent's park is sheathed in steel.

The slim, beautiful Countess has become one of London's leading socialites. She was a central figure of the London season after her return from India a short time ago.

She and her second husband settled in London November 7, 1935, after a three-month's honeymoon in Denmark and France. Her first husband was the late Georgian Prince Alexis Mdivani. They were divorced in Reno May 13, 1935. He was killed the following August in an automobile accident in Spain.

The Countess renounced her United States citizenship last December 16 and adopted Danish nationality. She issued a statement then, explaining her action was due to family reasons and in no way would weaken the ties that bound her to the country of her birth.

Scotland Yard authorities said they had provided no special guards or other protection and disclaimed knowledge of a kidnap threat. An official said he had no "confirmation" that police had been mobilized but he did not directly deny the report.

In March, 1936, a month after Lance was born, reports of similar threats were denied. Later, however, a man was sentenced to four months' imprisonment for demanding money from the Countess for "exposing" an imaginary plot.

GOVERNMENT SETTLES MELLON TAX SQUABBLE

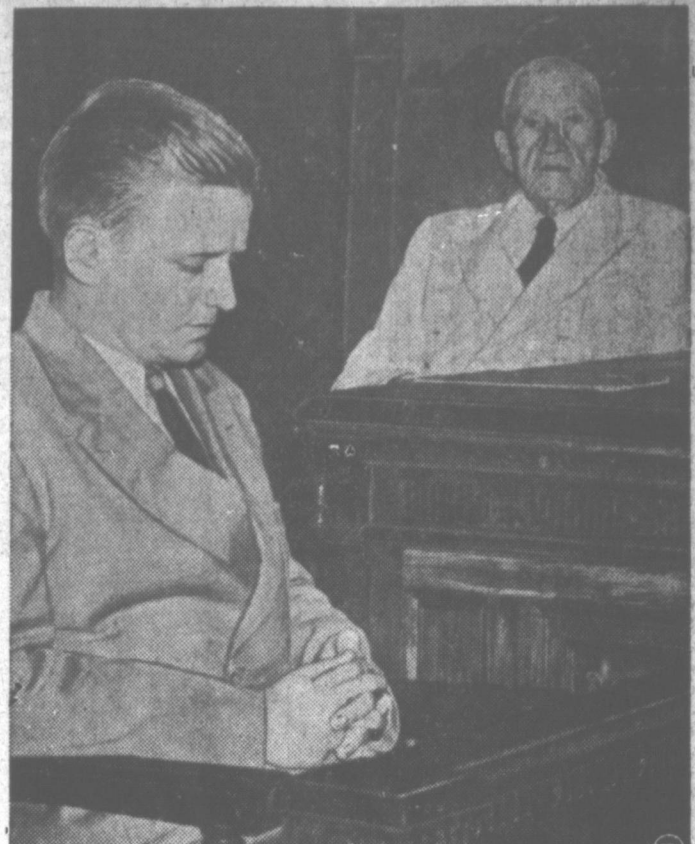

WASHINGTON, June 22 (AP)—The government settled today for \$668,029, a \$3,000,000 tax controversy involving the estate of the late Andrew W. Mellon, former secretary of the treasury.

The settlements included \$485,809 principal and \$182,229 interest figured from 1931, the year in which Mellon allegedly underpaid his income taxes.

A ruling by the Board of Tax Appeals had awarded the government \$403,053 plus interest and had exonerated Mellon of income tax fraud charges. Both parties agreed today not to appeal the decision.

HEARING HIS DOOM

"I find no mitigation in this case," were the words of doom from Judge H. F. Atkinson, right above, to Franklin Pierce McCall, shown at left, sitting with downcast eyes at his juryless trial in Miami, Fla., Circuit Court. After McCall repeated his confession of kidnaping James B. Cash, Jr., of Princeton, Fla., and denied responsibility for the boy's death, the judge convicted him of kidnaping for ransom and declared: "There is nothing for me to do but give him the chair."

Wife Follows Husband To Sea as Crew Member

ABERDEEN, Wash. (AP)—All along the Pacific coast, wives wait for husbands who are at sea in fishing boats—but not Mrs. M. W. Gifford.

When Mr. Gifford decided to go to Alaska fishing this year rather than to work in a mill, Mrs. Gifford went along. Today, she was somewhere off Alaska, a full-fledged member of the crew of a 82-foot trolling boat.
