OCEAN WASHES LEVINE BOY'S BODY ASHORE

By JOHN A. MOROSO NEW ROCHELLE, N. Y., May 30 (AP)—One hundred local police and G-Men searched nearby shores today for remnants of the body of kidnapped 12-year-old Peter Levine, whose wire-trussed, headless torso was washed up last night by the waters of Long Island Sound after three tragic months.

Detective Lieutenant George Reifberger expressed belief that the boy, cruelly cut by the wire that bound the body, had been tossed into the Sound—whether alive or dead—from a boat, perhaps in the vicinity of Rye or Mamaroneck, seven miles above New Rochelle.

Ransom notes had been found and answered; Murray Levine, the father, had publicly offered to pay \$30,000. There was no conclusive answer from the abductors, and the whole case of missing Peter Levine had been all but forgotten until, just after dusk last night, a woman telephoned the police.

"There's a body out here!" They found, then, what was left of Peter Levine—a wire-bound torso only, the head gone, the hands and feet gone, and only a patched-sleeved sweater, a red windbreaker and a shirt, with the name "Peter Levine" stitched in it, to make the identification certain. The body had come ashore on an estate bordering

Offering instruction for more grades than has ever been offered before in a summer term, the summer session of Pampa schools began with registration this morning at Pampa high school. Enrollment will continue for the next two days. Classes will be started tomorrow morning.

Instruction is offered for all grades from the third through high school. Classes will meet in the morning from 7:30 to noon, six days a week, for a period of eight weeks. Courses offered include elementary grade subjects, algebra 1 and 2, plane trigonometry, advanced arithmetic, commercial arithmetic, junior high social science, economic geography, seven grade history, civics, history 1, 2, and 3, typing, commercial law, English 1, 2, 3, and 4.

CSA On Coin

For the first time in history, a United States coin will bear the flag of the Confederate States of America, when the mint issues the new 50-cent piece pictured above. Commemorating the 75th anniversary of the Battle of Gettysburg, the obverse side, shown upper, bears heads of a Union and a Confederate soldier.

MERCURY HITS 94 IN PAMPA

Summer temperatures climbed to a new seasonal high in the Panhandle yesterday—it reached 94 degrees in Pampa—and then scooted off last night to bring a fall-like Monday, accompanied in this area by dust and a strong wind.

The weather was cooler at Brownsville, where a mark of 88 was recorded, and at Galveston, with its comparatively comfortable 82. While Pampa had a high of 94 degrees mid-afternoon Sunday, by sunset the mercury had dropped back to 81 and at 6 o'clock this morning registered 62.

BEAUTY COMMITS SUICIDE ST. JAMES, N. Y., May 30 (AP)—Mrs. Henry Sanford, Jr., 23-year-old Long Island society beauty, was listed as a suicide today by Coroner Grove Silliman following her death yesterday from a 38-caliber gunshot wound through the heart. Police officers investigating the case said Mrs. Sanford had been ill for six months and had been grieving over the condition of her oldest child, a 4-year-old son, who has been in a sanatorium for some time. Her husband and another child, a 2-year-old daughter, also survive.

Man Who Drilled First Panhandle Oil Well To Quit Tomorrow After 50 Years

On May 31, 1938 will come to an end fifty years of active oil field service for John Kapral, drilling superintendent for Gulf Oil Corporation in the Panhandle area. On that date Mr. Kapral, better known as "Dutch John" to his friends, will retire with the assurance of spending the latter years of his life at leisure with a pension granted for faithful service.

FIESTA GROUP TO MAKE 2ND TOUR TUESDAY

White Deer, Panhandle, Amarillo, Claude Goodnight, Clarendon and Groom will hear "all about" the Top O' Texas Fiesta to be held in Pampa June 9, 10 and 11 when a caravan of Pampans led by the Junior high school band under direction of A. C. Cox will visit those places. The trippers will gather at the high school at 7:30 tomorrow morning with the first stop White Deer set for 8:30 a. m. Dinner will be served in Amarillo where some of the trippers will be guests of the Amarillo Lions Club. They will be given five minutes on the program to tell the Lions about the celebration, according to R. S. Dietz, chairman of the fiesta goodwill committee.

YOUTH DIES IN LAKE NEAR UMBARGER SUNDAY

Texas contributed six weekend deaths to the nation's toll of 130 on the eve of Memorial Day. Four persons died in traffic accidents, two others drowned. Nine-year-old Raymond Lyle of Lordsburg, N. M., was burned to death when an automobile in which he was riding overturned, and burst near Pecos, Tex. His mother, Mrs. E. A. Lyle, and five others were injured.

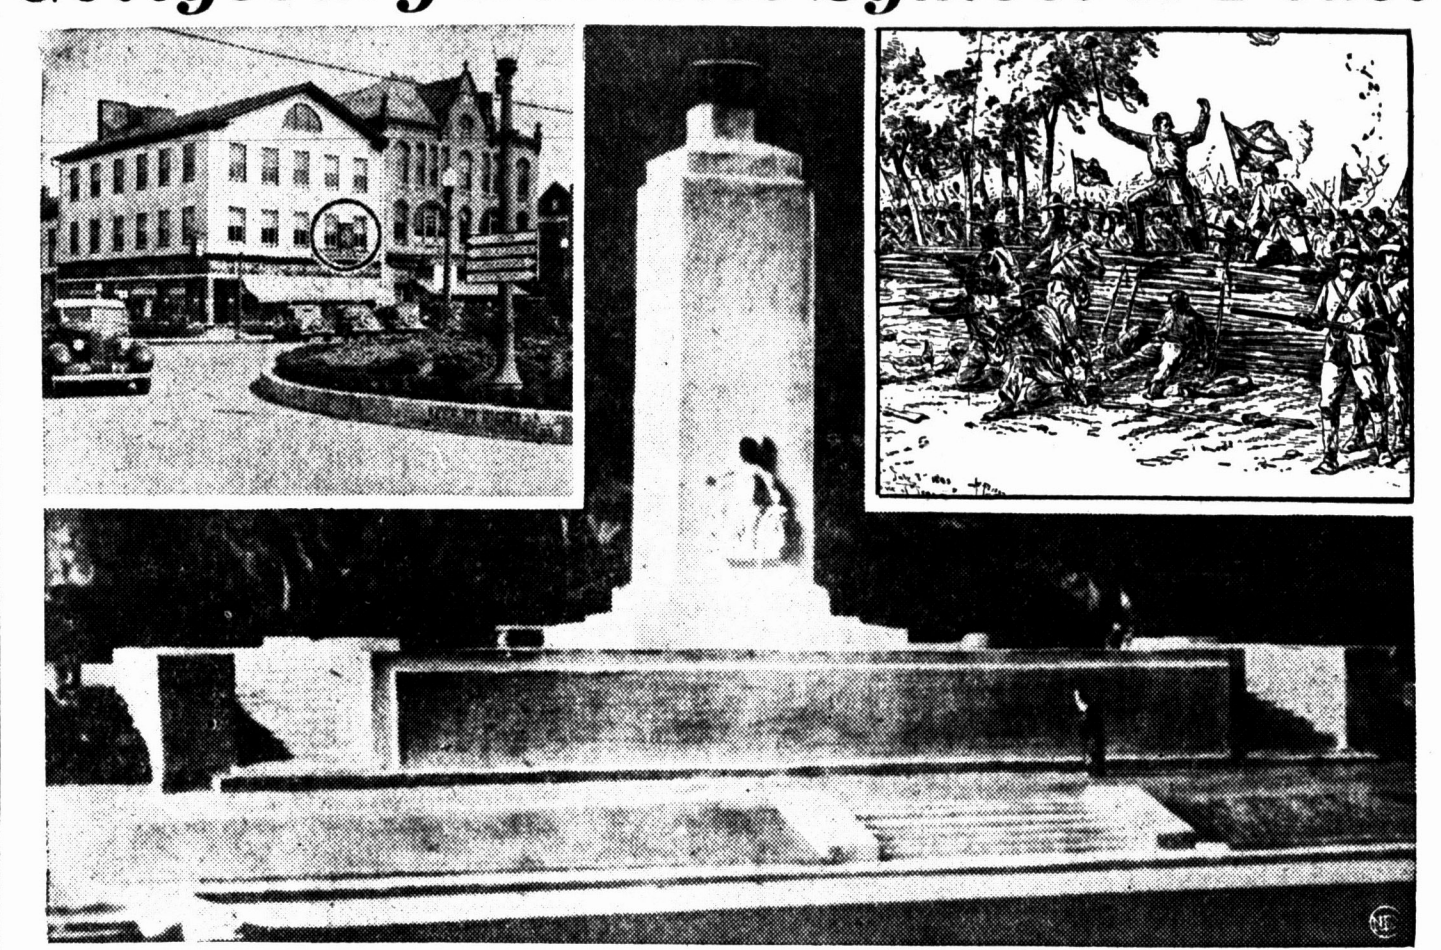

Weldon R. McKinney, 28, Houston, was killed when the automobile in which he was riding crashed into a culvert near Houston. Two Austin boys, Eric Swenson, 55, and Groves H. Griffith, 45, were killed in collisions. Two drownings were reported yesterday (Sunday) as Texans sought relief from 90-degree temperatures. Mrs. J. P. Renegar, 22, of Amarillo, drowned in Buffalo Lake near Umbarger, Tex. Near Colorado, 14-year-old Katherine Neff drowned in a lake.

16,571 Pounds Of Grasshopper Poison Sold in Gray County

Manifesting their eagerness to combat a threatened grasshopper invasion, Gray County citizens have bought a total of 16,571 pounds of the poison compound from the Pampa mixing plant, which has been set up in the vocational agriculture building on the Pampa high school campus. Two carloads of bran have been ordered from Minneapolis, and notice has been received by the county agent that one of the cars is on the way to Pampa.

Two carloads of bran have been ordered from Minneapolis, and notice has been received by the county agent that one of the cars is on the way to Pampa.

Gettysburg Becomes Symbol of Peace

The Eternal Light Peace Memorial, pictured above, is now being raised at Gettysburg, Pa., site of the greatest battle of the Civil War, and will be dedicated by President Roosevelt as a symbol of eternal peace between the states. The inset at left shows the Wills Mansion where Abraham Lincoln wrote his famous Gettysburg Address. It now is being used as a commercial building, but bears a sign (indicated by circle) showing the room which Lincoln used. The inset at right shows an artist's conception of the repulse of Pickett's charge during the great battle.

GETTYSBURG, Pa., May 30.—Memorial Day means just a bit more to the townspeople of Gettysburg this year. Early in July many of the surviving veterans of the Confederate and Union armies are coming back for a reunion at the site of the Civil War's most historic battlefield.

President Roosevelt, who has called Gettysburg the "greatest battle ever fought on the American continent," is coming too. He will make the dedication address as the Eternal Light Peace Memorial is unveiled on Oak Ridge. The light on the crest of the memorial will never go out. It is the symbol of eternal peace between the states.

Grasshoppers are becoming such a menace that even the 31st district court is afflicted. When Judge W. R. Ewing swore in eight grand jurors as the May term opened at 10 o'clock this morning, he remarked that there was an unusual number of farmers listed on the 16-jury panel, that several had been excused because of their crops being threatened by the hoppers.

Among Pampa lawyers present as court opened were Walter E. Rogers, Newton P. Walls, B. S. Via, John P. Studer, John F. Sturgeon, Ennis Favors, Arthur Tread, W. J. Smith, Bruce Parker, S. D. Stennis, John V. Osborne.

Among Pampa lawyers present as court opened were Walter E. Rogers, Newton P. Walls, B. S. Via, John P. Studer, John F. Sturgeon, Ennis Favors, Arthur Tread, W. J. Smith, Bruce Parker, S. D. Stennis, John V. Osborne.

JURORS WAGE 'HOPPER WAR'

Grasshoppers are becoming such a menace that even the 31st district court is afflicted. When Judge W. R. Ewing swore in eight grand jurors as the May term opened at 10 o'clock this morning, he remarked that there was an unusual number of farmers listed on the 16-jury panel, that several had been excused because of their crops being threatened by the hoppers.

Among Pampa lawyers present as court opened were Walter E. Rogers, Newton P. Walls, B. S. Via, John P. Studer, John F. Sturgeon, Ennis Favors, Arthur Tread, W. J. Smith, Bruce Parker, S. D. Stennis, John V. Osborne.

Boastful Coast Nazis Jeered and Hooted by 2,000 Foes of Hitler

SAN FRANCISCO, May 30 (AP)—Hundreds of informed sympathizers of Adolf Hitler, meeting here for a two-day convention of the Pacific Coast German-American Bund, were jeered and hooted by 2,000 marching anti-Nazi demonstrators.

The demonstration last night twice threatened to get out of the hands of 65 police led by Police Chief William Quinn. Four men were arrested on peace disturbance charges. Two fist fights were halted.

The May term is for nine-weeks, with the first week non-jury, except for Wednesday, when the case of A. C. Russ vs. Employers Liability Assurance corporation is to be called.

Among Pampa lawyers present as court opened were Walter E. Rogers, Newton P. Walls, B. S. Via, John P. Studer, John F. Sturgeon, Ennis Favors, Arthur Tread, W. J. Smith, Bruce Parker, S. D. Stennis, John V. Osborne.

WHEEL KILLS SPECTATOR AS CAR CRASHES

SPEEDWAY, Indianapolis, May 30 (AP)—Floyd Roberts, Van Nuys, Calif., reared to record breaking victory in the 500-mile automobile race today. It was his first major triumph in 22 years of racing. Roberts, driving the entire distance without relief and making only one stop, received a tumultuous acclaim of the huge crowd as he piloted his brick-red colored car across the finish line. The winner finished about five miles ahead of Wilbur Shaw, Indianapolis, winner of the 1937 race, moving into third place.

HONOR COURT TO BE TONIGHT

Regular monthly Court of Honor for the Pampa area, Boy Scouts, will be conducted tonight at 7:30 o'clock in the district courtroom in the courthouse. In the absence of the Rev. Robert Boshen, chairman, L. L. McColl will preside. Advancements at tonight's court will include four for second class rank, three for first class rank and one for star recognition.

She Wove Her Web

She was such a complicated creature, artless and artful until you couldn't tell the difference between innocence and downright guile. Joe Murray was completely baffled. And then suddenly he saw the girl as a grown woman, practicing the oldest art in the world; to have and to hold her man. Read the engrossing story.

MIND your MANNERS

Test your knowledge of correct social usage by answering the following questions, then checking against the authoritative answers below.

- 1. Is it necessary to write a note of thanks for any gift received through the mail?
2. Is it good manners to say "Thanking you in advance" in a letter?
3. Is "Dear Friend" a suitable salutation when one is writing a business letter to a person who is not known?
4. If an older person drops something, should a young person stoop quickly to pick it up?
5. Should a child be taught to stand up when an older person comes into the room?
6. What would you do if—
Someone says "Did I tell the funny thing that happened to Wally last night?" and he had already told you. Would you—
(a) Say—"No, tell me about it?"
(b) Say—"Yes, you told me and it was one of the funniest stories I ever heard. I would have loved to have seen the look on his face when—"

- Answers
1. Yes.
2. No.
3. No.
4. Yes. Unless it is a question of a girl and a man.
5. Yes.
Best "What Would You Do?" solution—(b).

Striped Bags and Costume Jewels Hold Vogue Now

By ADELAIDE KERR AP Fashion Editor

Notes from a fashion scout's book: Striped ribbon bags are smart new accessories for summer clothes. Some of them are flat square pouches folding several times to envelope shape. Wide-brimmed black hats top some of the smartest costumes seen on Fifth Avenue. All white frocks worn with dark accessories are hailed as a coming summer town fashion. Paris midseason fashion shows indicate the vogue for costume jewelry is still strong. Leading designers showed rigid jewel-spiked mid-arm bracelets and metal collarettes with simple dark frocks. Diadems of flowers rising on their stems make new evening coiffures. Reports from the fashion mart say a new mat velvet is coming to town this fall. Grape, mauve and violet tones are receiving increasing notice. Lilly Dache is making summer turbans of tishnet accented with bright flowers. Forest and field give inspiration for Schiaparelli's new midseason collection. Leaf and insect clips and wheat sheaf buttons are used as accents. Printed frocks topped by jackets or redingotes to match promise to be almost a town uniform for hot weather wear. Bandanna hats, combining wide crownless brims with bright kerchiefs tied around the head, are something different for beach wear. Embroideries made news in recent Paris fashion shows. Ostrich tips trim some of the smartest summer hats.

Mrs. Wilson Has Party for Sewing Club

Mrs. Doug Wilson was hostess to the members and guests of the Busy Dozen Sewing Club who met in her home on Friday. The afternoon was spent in sewing and talking. Members attending were: Mmes. J. D. Smithee, S. K. Johnson, G. H. Anderson, W. E. Clark, Jr., O. T. Lindsey, Buford Reed, Virgil Howell, Lewis Tarpley, Selan Hawkins. Visitors present were Mmes. Jeff Guthrie and Robert Boydston. The club will meet on Friday afternoon of this week at 3 o'clock in the home of Mrs. Lewis Tarpley, 1402 East Francis street.

CROWN COMING June 1 to 7 Popular Prices. Put it on your 'must see' list. Jimmy Fidler His First Full-length Feature Production. Walt Disney's Snow White and the Seven Dwarfs. All in the marvelous MULTIPLANE TECHNICOLOR. Distributed by MCA-AMCO.

Chic in an Open-Handed Manner

Open gloves are following open shoes into the fashion foreground. These wrap-arounds in dark red, white and blue striped washable material are cool and, of course, extremely simple to wash and iron. The huge cartwheel is of burnt straw with a velvet band which decorates the front of the brim and ties in a bow at the back of the head. The model's fingertips are lacquered dark red to match one stripe in the new gloves.

GRAY COUNTY STUDENTS WILL DO ALL WORK IN COOPERATIVE HOME

The Social CALENDAR

TUESDAY: Bon Ton Bridge Club will have a covered dish luncheon at 1 o'clock in the home of Mrs. C. H. Wood, 424 North Gray street. The local Order of the Eastern Star will have a public installation at 8 o'clock in the high school gymnasium. The Epworth League of the First Baptist Church will have a chicken fry at the city park at 4 o'clock. The Kingsmill Home Demonstration Club will meet in the home of Mrs. C. W. Mott.

WEDNESDAY: Dorcas Class of the First Baptist Church will have a class party at the home of Mrs. Bonnie Rose at 2:30 o'clock. All members of the class are invited. The Epworth League of the First Baptist Church will have a covered dish luncheon at 12:45 o'clock at the home of Mrs. A. E. Berry, 196 West Kingsmill street. Ladies' Day will be observed at the Country Club. Altar Society of the Holy Souls Catholic Church will meet at 2 o'clock in the parochial school auditorium. The Women's Auxiliary of the First Presbyterian Church will meet at 2 o'clock in the annex. Bell Home Demonstration Club will meet in the home of Mrs. C. McKnight at 2 o'clock. Women's Council of the First Christian Church will meet at 2:30 o'clock. Group one, Mrs. Harold Tremay in the Merton Camp with Mrs. L. S. Martin as leader, group two, Mrs. Shelby Gantz, 802 East Browning street, with Mrs. W. L. Parker as co-leader; group three, Mrs. Weldon Wilson, 605 North Somerville, and group four, at the church with Mmes. Charles Madeira, Valerie Porter, and Fred Whipple as hostesses.

THURSDAY: Clara Hill Class of the First Methodist Church will have a Sunday School party in the home of Mrs. Roy Pearce, 822 West Francis street, at 8 o'clock. Hebrew ladies will have an election of officers at the regular meeting at 8 o'clock in the I. O. O. F. hall. Temple Four Bridges Club will meet with Mrs. Bob Thompson, 423 Younger street, at 2:30 o'clock. Aloha Mu Chapter of the Delphian Society will meet at 3 o'clock in the city club rooms. Busy Dozen Sewing Club will meet at 3 o'clock in the home of Mrs. Lewis Tarpley, 1402 East Francis street. A regular meeting of the Order of the Eastern Star will be held in the Masonic hall at 8 o'clock. All members are urged to attend. Priscilla Home Demonstration Club will meet at 2:30 o'clock with Mrs. W. D. Benton.

FRIDAY: The Gray County Council of Home Demonstration Clubs will sponsor a unique window at the Top O' Texas Fiesta. When the Council met Saturday in the courthouse, Bell, Blue-bonnet, Priscilla, Kingsmill, Texas Elf, Wayside, and Wright were represented. The council also will have a pie supper in the county courtroom on June 17. About 30 minutes of entertainment will be furnished by the clubs. Everyone is invited to attend. At the A. and M. Short Course to be held July 13, 14, and 15, the county is limited to six women delegates. Bluebonnet, Priscilla, the Council, Wayside, Eastside, and Laketon may send delegates while Bell and Kingsmill are first and second alternates. The county chairman of reporters, Mrs. C. A. Tignor, announced that a reporters school will be held in Mrs. Julia E. Kelley's office on June 29 at 2 o'clock. Each reporter is asked to bring her clippings for the first six months of the year. W. B. Weathered talked to the council about the Top O' Texas Fiesta, and Ralph Thomas explained the government crop insurance plan.

Tipping Tips Given For Vacationers Who Will Go on Cruises

By JOAN DURHAM AP Feature Service Writer

Now is the time for cruise-minded vacationers to check up on ship-board customs and behavior. If you're going on a cruise, says Arthur Krapf, general passenger agent of a company operating several cruise boats, you won't get the most out of it unless you get into the spirit of the thing.

The cruise director will make every possible effort to do the necessary ice-breaking. But if he doesn't manage to introduce you to the pretty blonde who's traveling with her father, don't sit around in the dumps. Try a smile and speaking up for yourself. If that doesn't work, ask the director if he can manage an introduction.

Possible Excuses: He'll sound out the girl and make her excuses if she doesn't care to be introduced. (She can say she's resting, or has to stay with her father.)

There are two people you must tip: the room steward and the dining room steward (your waiter). Optional are the deck steward (you must tip him if you sit on deck), smoking room and bath stewards, the stewardess (if you're a woman and get seasick) and the bell boys. Then, if the chief steward does some favor, such as changing your seat in the dining room, you should tip him—not less than a dollar.

Ten Per Cent of Cost: Your total tips are likely to run about 10 to 15 per cent of the cost on less expensive cruises.

On a seven-day cruise, for instance, the room and dining-room steward each should get about 50 cents a day—or \$3.50. The deck steward should get about a dollar for looking after your chair and a little more if you ask for special service. The bath steward, too, rates about a dollar for a short trip—two dollars for a slightly longer one.

Only tip the bell boys, smoking room steward or the stewardess if you call them into service—10 cents up, depending on what they do for you.

Last-minute hint: Don't over-exercise or go in for too much sun-tanning right off the bat. An aching passenger is no asset to ship sociability. A sunburned one is even worse.

Gardners Renew Interest in Growth Of Snapdragons

Flower gardeners are renewing interest in snapdragon growing as a result of new varieties that thrive in spite of the rust disease. The rust originated—or was first observed—in California, and spread over most of the United States. It is caused by a fungus that attacks the plants and the results were so serious that many gardeners do not think it worth while to try to grow snapdragons.

In recent years the rust has appeared in England and probably will spread over Europe. Florists, too, were hard hit by the rust, but were able to keep growing "snaps" by particular attention to moisture and temperature control which limited the growth of fungus. Dr. S. L. Emswiler and H. A. Jones, of the United States Department of Agriculture, in 1933—while both were at the University of California—introduced a strain of snapdragons highly resistant to the rust although not first class garden flowers. Breeders on the Pacific coast and elsewhere have used this strain for its rust resistance, crossing and back-crossing it with fine flowering strains for improvement of color and flower forms while retaining rust resistance. These improved and rust-resistant varieties account for the snapdragon's return to favor.

Parents of Slayer and Slain United

Emphasizing the unity of their sympathy for Donald Carroll, 16-year-old schoolboy charged with killing his sweetheart Charlotte Matthesen, the parents of the victim and her alleged slayer pose with arms about each other as they meet to attend the trial in New York. At left are Mr. and Mrs. Fred Matthesen, parents of the slain girl, and at right are Mr. and Mrs. Donald Carroll, Sr., father and mother of the defendant. The four sat together in the courtroom.

FLAPPER FANNY By Sylvia

"See! Like that. All little curls on the forehead and smooth at the sides."

Blending Fruits Offers Tempting Breakfast Menus

When the nation's orchards and gardens start shouting their best wares it's a regular cook's holiday. It's mighty easy to whip up luscious appetizers with such glorious tempters as big, red strawberries or ripe juice-drenched peaches. And what's more these garden and orchard favorites are loaded right up with nourishing food essentials that nearly every member of the family needs.

Fruits and berries help give kitchen drudgery a licking, too, because most of them are so easily prepared for the table, unless, of course, you start blending them into special dishes such as fancy salads or desserts, and then you've got a bit of a job on your hands. There is, however, one meal where you can blend fruits and berries into the main dish in a jiffy—and that's breakfast.

For instance, you just put a couple of crisp Shredded Wheat biscuits into a bowl, heap on some berries or fruit slices, pour on the milk or cream and you have a dish that's a complete meal in every single respect. You're serving a flavor combination that's mighty difficult to match and you get a balance of vital food essentials that tops more intricate meals by far. The nice thing about Shredded Wheat's flavor is that it blends so well with so many different kinds of fruits and berries. Blackberries, raspberries, blueberries, bananas, peaches, and strawberries all make tempting taste partners.

Fire Chief Ben White was moved to his apartment in the fire station from Worley hospital yesterday. He will be confined to his bed for several weeks.

UNIVERSITY TO APPOINT HEAD LATE IN JUNE

AUSTIN, May 30. (AP)—Regents guiding the fortunes of the University of Texas—a \$50,000,000 institution—soon will sift one name from scores considered for the presidency. Reliable sources predict the announcement will be made in late June. Persistent reports are that Dr. Homer P. Rainey, 42, director of the American Youth Commission, and Dr. Luther H. Gulick, Columbia University, are the ranking candidates. A \$17,500 salary, and the opportunity to pilot a fast expanding institution, will be offered the regents' choice. A new quirk in rampant speculation is reviewing the history of past presidents as a possible hint to qualities the regents are seeking in the next president. Even detached from speculation, their records, tracing growth of the university with current assets of \$50,000,000 make an interesting story. The school, established in 1883, had no president in fact until 1895, the chairman of the faculty serving also as chief administrator. These included J. W. Mallett, 1883-84, who established the honor system; Dr. Leslie Waggener 1894-94, who brought new educational methods from Virginia and Kentucky and established the school of medicine at Galveston, the College of Pharmacy and College of Engineering; Judge T. S. Miller of Dallas, 1894-95. In 1895 Dr. Waggener became the first elected president, serving one year. His successor, Dr. George T. Winston, from the University of North Carolina, stayed until 1899, establishing summer sessions before he returned to North Carolina

as head of the Agricultural and Mechanical College. Prather and Houston W. L. Prather of Waco assumed the office in 1899 and to him is credited the infusion of new life in all branches. Most old grads recall "The Eyes of Texas," popular school song, originated during his term but, more important, there was considerable expansion of the physical plant. Dr. David Houston, fresh from Harvard, took over the reins in 1905, staying until 1908 when he accepted the chancellorship of Washington University at St. Louis. Later he became a member of President Wilson's cabinet. He established the School of Education; increased entrance requirements. Dr. Sidney Mezes, brother-in-law of the late Col. E. M. House, stepped into the presidential office in 1908 and won immediate friendship of faculty and students. An employe long in the service said Dr. Mezes had the reputation of being closer to the students than any other. He was the first to give practical recognition of student government. He junked the term "administrative council" in favor of "kitchen cabinet." A mushroom growth of wooden buildings to accommodate a growing student body has disappeared today but Dr. Mezes left permanently on the campus the bureau of extension and graduate school. He went to the City College of New York in 1914. Today he stands high in business and commerce. Vinson Selected Dr. W. J. Battle, chairman of the faculty, became acting president pending selection of his successor—Dr. R. E. Vinson, an outstanding man whose bubbling enthusiasm for work left a mark on the campus before he became president of Western Reserve University and later a mining executive. The College of Mines and Metallurgy was established at El Paso and the School of Business Administration was born during his administration. He boosted the maximum faculty salary from \$4,200 to \$5,000 and said, when he went before the legislature with that request: "I can defend that better than anything I am asking for." Dr. W. S. Sutton, dean of the School of Education, was then

Famous Figures Make Funny Faces at Press Outing

There was fun aplenty and no dignity at all when the National Press Club threw its annual outing for members of Congress and other public figures at Fort Hunt, Va. A ball game, an old-fashioned "public speaking," and a barbecue were the features of the picnic. Pictured above are four picnickers who entered into the spirit of things in a big way. Left to right: Senator Tom Connally of Texas, shown exhorting the assemblage; Mayor Fiorello LaGuardia, vigorously taking care of the inner man; ex-Heavyweight Champ Gene Tunney, who umpired the ball game, getting a bit tough as he hands down a decision; and Senator Carl Hatch of New Mexico getting down to business about that barbecue.

chosen acting president but died in office a year later. The regents then plucked Dr. W. M. W. Splawn from chairmanship of the Texas Railroad Commission. Called "the ablest of them all" by one faculty member, Dr. Splawn today is chairman of the Interstate Commerce Commission. Succeeding him in 1927 was Dr. H. Y. Benedict—"Dean Benny" to thousands of students and ex-students who loved him. His death last year ended a decade of service which saw the university reach a peak of physical and scholastic development, including a \$10,000,000 building program whose fountainhead was discovery of oil on West Texas lands owned by the school. J. W. Calhoun, comptroller for many years, became acting president in succession to Dr. Benedict. He served both as president and comptroller. He accepted double duty with the understanding he was not a candidate for permanent president.

GOODRICH OFF TO SEE VOTERS IN EAST TEXAS

By TEX DEWEESE. Lewis Goodrich, the 18th judicial court district attorney, who is seeking the office of attorney general in Texas, has finished a tour of West Texas and today headed into East Texas to tell the folk there about his candidacy. Mr. Goodrich, whose home is at Shamrock, was in Pampa today prior to the start down the last lap of his first primary campaign. He made arrangements to be excused from his district court duties as the May court term got under way here this forenoon. He has employed Thurman Adkins, popular McLean attorney, to serve in the postcourt's post for the full nine-week court term. Faith in His Neighbor. The Panhandle candidate for the state office stated this morning he had been "getting around" in West Texas and that he feels pretty good over the outlook for a splendid vote from his West Texas neighbors. "If the home folks turn out in my behalf, as I expect them to," Mr. Goodrich said, "I feel that I will get at least 50 per cent of the West Texas vote. The district attorney is conducting a campaign that is unlike the campaigns being waged by any of his opponents in the race. Lewis Goodrich comes from a family of "folks" and that's just what he is—"plain folks." He knows he is qualified for the office he seeks. In his campaign remarks he makes no other promise than to fulfill the duties of office and to make the best attorney general his undivided attention to that office can make. Mr. Goodrich travels the country in his sedan, equipped with a dual person address system lent him by a home-town neighbor at Shamrock. Begins 8-Week Tour. As he left Pampa today, he began an eight-week trip that will take him first into the North Texas towns of Denton, Gainesville, Sherman, Denison, Bonham, Greenville, and Mt. Pleasant. He has speaking engagements in all of these towns. From East Texas he will work back through Wichita Falls and his local area again. Last week the Goodrich personal touch was extended into the area comprising Matador, Silverton, Quitaque, Abilene, Roscoe and the vicinity of the South Plains and West Texas. Because of the bull-dog tenacity and confidence with which he is conducting his campaign and because of the faith he has in his West Texas neighbors, Lewis Goodrich knows right now that he will be in the run-off. And, there are many others who feel the same way about it.

AKRON LABOR LEADERS DEFEY MAYOR IN STRIKE

AKRON, May 30 (AP)—Akron's mayor and labor leaders defied each other as they prepared today for the Goodyear Tire & Rubber Company's attempt to resume operations tomorrow in the face of a United Rubber Workers' strike. "Not even guns and cannon will stop us next time," said Frank Grillo, international secretary of the CIO union, in addressing a meeting of workers. Mayor Lee D. Schroy replied with a ban on mass picketing and stated "my answer is that the mayor of Akron takes orders from no one. If it is necessary, the entire police force will be there." The Goodyear Company, which employs some 8,000 production workers, announced that work would resume Tuesday morning. The United Rubber Workers went on a spontaneous strike Thursday night over "accumulated grievances" and 80 persons were injured when a crowd clashed with a cordon of about 100 police.

PUBLICITY MAN FOR M'CRAW DIES ON TRIP

FORT WORTH, May 30 (AP)—The body of A. H. Montford Jr., 27, Star-Telegram reporter who died in Austin yesterday, was to be taken to Bridgeport today for burial after morning funeral services here. Montford, a reporter for the Star-Telegram since 1927, had been on a leave of absence to assist Attorney General William McCreary in publicity work during McCreary's campaign for governor. He had been ill for several days. McCreary canceled his Memorial day speeches in Freestone and Leon counties and announced his staff would attend the ceremonies at Bridgeport, Montford's home town.

VISIT OF LIBERALS TO JERSEY CITY PROPOSED

WASHINGTON, May 30 (AP)—A mass visit of 25 house "liberals" to Jersey City was proposed yesterday by Representative O'Connell (Mont.), who has sought unsuccessfully to speak in that city on civil liberties. O'Connell said he would ask the others Tuesday to join him in the visit. The representatives are members of a Tuesday luncheon group. Representative Maverick (D-Tex.), one of the group, said he would not join "any busting into windmills in this part of the country," adding: "I'll do any rjding I do in Texas where we have plenty of windmills of our own."

INFANT DAUGHTER OF RENOS DIES YESTERDAY

Anita Gay, infant daughter of Mr. and Mrs. J. W. Reno, died yesterday in a local hospital. Mr. Reno is with the Phillips Petroleum company; Standish Pipe line, and resides at the Standish camp west of Pampa. Besides the parents the child is survived by a sister, Peggy Laverne, and a brother, Charles Dwalin. The body lies at rest at Duemkel-Campbell Funeral home pending funeral arrangements.

LOTS OF LUCK! PALESTINE, Ill. (AP)—In a patch of ground about a foot square, Mrs. Charles T. Connett says she picked 35 four-leaf clovers.

NATION HONORS HEROES WHO FALL IN BATTLES

(By The Associated Press) The nation muted the clatter of business and industry today to reverence the memory of the men who fell in its battles. In traditional fashion, Americans devoted much of the seventieth observance of Memorial Day to solemn services at the graves of war dead and to parades commemorating deeds of United States Armies, Navies and auxiliary services. In cities, towns and villages flags rippled, small arms cracked salutes, prayers were said and the notes of taps sounded a requiem. President Roosevelt passed a relaxing day at his Hyde Park, N. Y. home, receiving but one scheduled visitor and making two short motor trips. He will return to Washington tonight. At historic Gettysburg, Pa., site of crucial battle of the war between the States Senator Arthur H. Van-

GOODRICH OFF TO SEE VOTERS IN EAST TEXAS

denberg (Mich-Rep) was the ceremonial speaker. School children placed roses at the headstones stipping the Gettysburg cemetery. Veterans of all wars took part in the services at the national shrine. Overseas—in England, France and Belgium—Americans gathered for observances of the day in an atmosphere charged with uncertainty. Speakers warned that fears and hatred of the old world threatened a common civilization so hardly achieved. 'AIRPLANE FISHING' TO BE PROTESTED SANTA BARBARA, Calif. (AP)—The county fishing industry plans an appeal to the state legislature to halt airplane fishing. Santa Barbara fishermen charge that planes patrol water of Ventura and Santa Barbara counties, dropping smoke bombs when they sight schools of fish. On that signal schooners along the coast—in communication by radio—converge on the school with mile-long nets, making rich hauls.

GOOD NEIGHBOR POLICY PUSHED BY OFFICIALS

WASHINGTON, May 30 (AP)—Students, soldiers and ship captains are joining the official envoys of diplomacy in the administration's broad program for making close friends of "good neighbors" in Latin America. State department experts said today that officials in a dozen government agencies are striving to knit the Pan-American nations into a strong and sympathetic unity. Together, they said, these officials will carry the "good neighbor" policy beyond the mere avoidance of actions that might injure other American countries to positive efforts for economic and cultural progress. Some of the steps approved in the few weeks include: Telegrams from President Roosevelt are in the hands of chief executives in Bolivia and Paraguay, urging them in the "strongest and most friendly manner" to accept the terms presented by the peace conference at Buenos Aires for putting an end to their Gran Chaco war. The Maritime Commission is working toward opening of a new fast steamship service with Brazil, Uruguay and Argentina about September 1. Three large liners, formerly plying between New York and California, will make the run. Eight army officers will leave soon for Argentina to act as instructors for the Argentine air service. A committee of eminent American educators under the chairmanship of Secretary of State Hull is predicting a program for exchanging professors and students between the United States and Latin American universities. Another committee of ten government officials under Undersecretary Welles has just been created to coordinate all branches of the government which will be affected by cooperation with Latin America. This group probably will be the guiding force in bringing the American republics into more intimate relations with the United States. At the same time state department officials are laying the groundwork for the Pan-American conference at Lima, Peru, in December. High officials of the department, perhaps Secretary Hull himself, will attend. The state department has provided in its budget for 1939 for five additional foreign service officers in Latin American capitals.

THESIS ON THESEs
It used to be great sport looking over the annual list of subjects chosen for scholarly theses by the college boys gunning for degrees.

The signs are now that there aren't going to be half the hysterics in theses that there used to be.

First crop of 1938-model theses to come to attention is Princeton's. The newspapers, public opinion, and current affairs prove to be the most popular subjects among the theses that are outstanding.

MACHINES ARE TOOLS
Politics is probably being saddled with more of the blame for unemployment these days than improved machinery, but you still find the machine—the non-political one—pictured as the giant snatcher of men's jobs, the monster bread-thief.

A peek at an 11-year survey just completed by the American Iron and Steel Institute is in order.

Technological advances in steel mill equipment have been directly responsible for a jump in employment in that field, the survey reports. The employment increase between 1926 and 1937 for four leading steel companies which adopted continuous rolling mills and other technological innovations was 28 per cent, or 5 per cent more than that of the steel industry as a whole.

It indicates—again—that a tool is simply an inanimate object which man uses, and the man, not the tool, is to be held accountable for the ends to which it is used.

Behind the Scenes In Washington

WASHINGTON, May 30—One of the most important undercover fights in Washington is on the question whether the forthcoming investigation of monopoly will delve into the affairs of the insurance companies.

Senator Theodore Bilbo of Mississippi, who is promoting a bill to move American Negroes back to Africa, is still known in his home state as "Pastmaster General Bilbo" or "The Mississippi Clipper."

Tex's Topics

This is Memorial Day... It is a day set aside in the year to pay tribute to the soldier and sailor dead of all wars.

There's a lesson in this cartoon... The inconsistency of it all is that a munitions factory, a plant that manufactures material with which the soldiers of warring countries kill each other, should pause in their death-dealing work for a day to pay tribute and to honor the men who have fallen in wars of other years, perhaps shot down by ammunition manufactured within its own walls.

Pampa's Top O' Texas Goodwill trippers put in a day of it Saturday scouting over the Panhandle in the interests of the big Fiesta which will be held here June 9, 10 and 11.

Oil shot over the derrick at the LeFors Petroleum Company's No. 2 Townsite and at present time the flow had not been brought under control.

Yesteryear In Pampa

TEN YEARS AGO TODAY
Professor R. B. Fisher, principal of Central High School, was working as adjuster for the Planter's Hall Insurance Company.

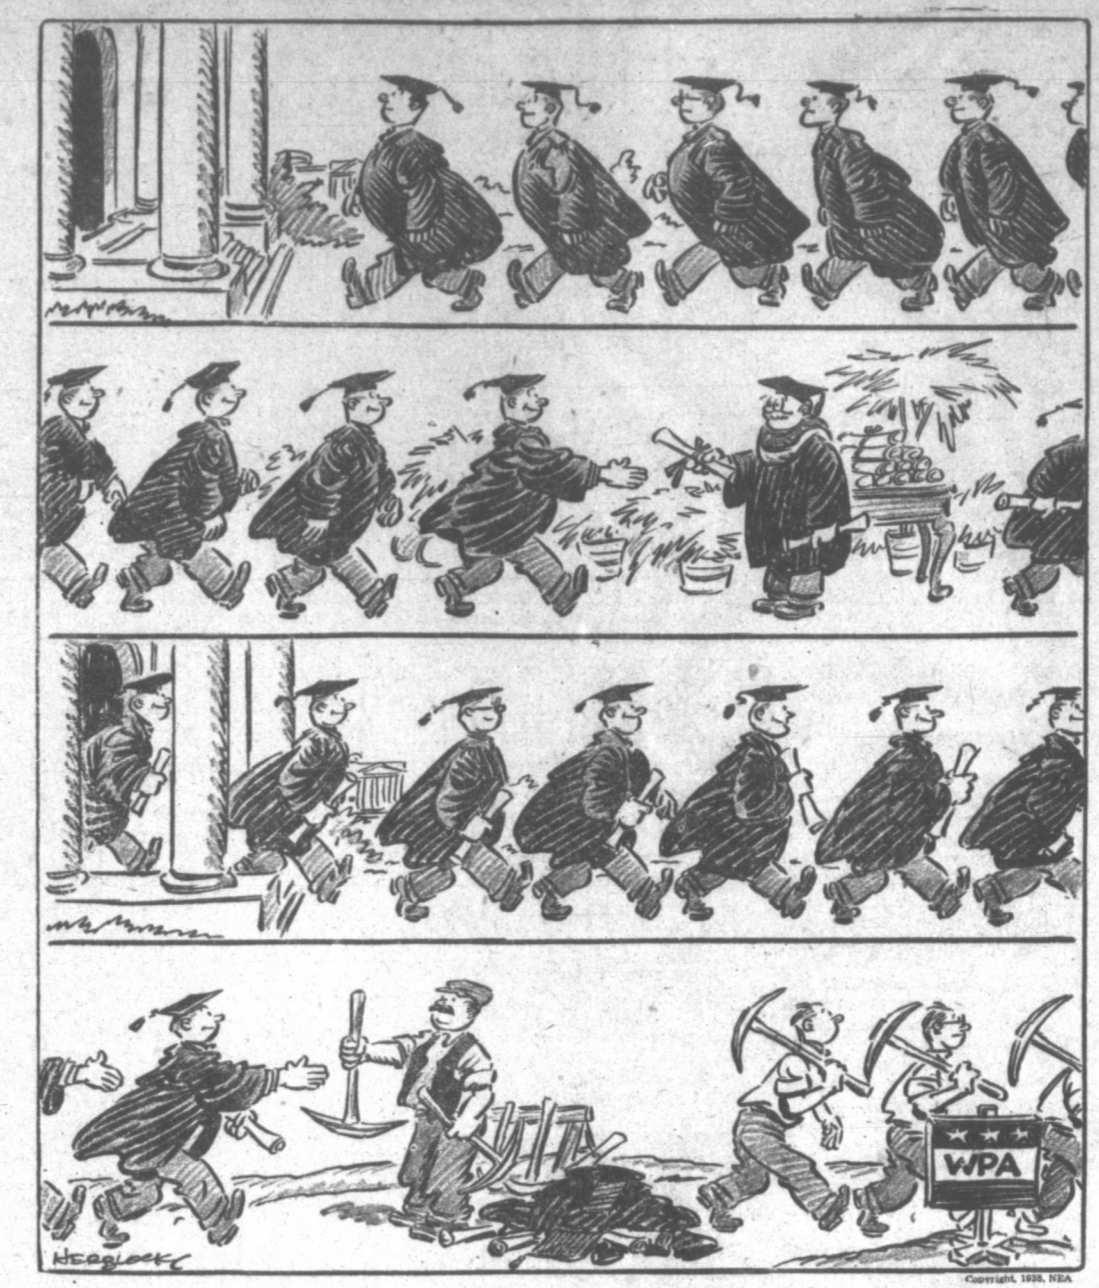

Start on the concrete work for the new federal building was being delayed until the government made a final decision on the type of reinforcing steel that was to be used.

Earnest John Hanes, new assistant Treasury secretary and former SEC commissioner, has not conceded defeat in his campaign to conciliate business and the Roosevelt administration.

There were four presidents of mutual life insurance companies among the signers. Roosevelt's suggestion of an insurance company investigation made them furious. And lately the administration, after previous indications that it would forego loan-grants to municipal power plants in its new FWA program, decided against accepting an amendment which would forbid such loan-grants.

THE WITNESS HAD FIRST-HAND KNOWLEDGE
SCOTTSELUFF, Neb. (P)—Harvey Harward, pioneer Scottsbluff resident, was on the witness stand in a suit over water rights when his testimony concerning a financial "panic" in 1893 was questioned.

Commencement Exercises

Man About Manhattan

NEW YORK—This is a season of slim production on the part of New York book publishers, although paradoxically, the publishers themselves are working harder than at any time since a corresponding season last year.

And preparing a book for publication is not a cut-and-dried routine matter you may think it. The sort of thing of an author bringing in a manuscript and having a publisher say, "We'll publish it," simply doesn't exist.

Undoubtedly the men who acquire the most wealth are those who are guided by the wants and wishes of mankind. They foresee what people will want and attempt to supply them in a manner that will produce large volume.

It usually makes little difference to the accumulator of great riches whether the consumers are wanting something that will not be to the interest of society for them to have it if it makes the individual a profit.

People You Know

By ARCHER FULLINGHAM
To a young lady who said, "What am I going to do this summer?" this one has to say:

As de Lesseps has living descendants, who might object to accentuated romance as undignified, the usual movie plot expedients are out of order. History will take its course.

On another occasion, an ear-witness tells me, she bemoaned her failure to attend the coronation of the English king: "I'd intended to make the one the year before—oh, how silly of me, because I know they have them only every four years!"

CO-ED PILOT
NORMAN, Okla. (P)—Grace Stevenson, 20, University of Oklahoma student, is trading a college education for an airplane.

Around Hollywood

On another occasion, an ear-witness tells me, she bemoaned her failure to attend the coronation of the English king: "I'd intended to make the one the year before—oh, how silly of me, because I know they have them only every four years!"

CO-ED PILOT
NORMAN, Okla. (P)—Grace Stevenson, 20, University of Oklahoma student, is trading a college education for an airplane.

publish fundamental principles that make government less tyrannical, less oppressive and less discriminatory. The men who preach a philosophy that brings about a real universal rule government, are the real benefactors of humanity and the ones that we should all listen to under the present time when our government is so rapidly taking away the rights gained over centuries by the efforts of men who were interested in the general welfare of mankind, rather than the accumulation of large fortunes.

How's Your Health?

By IAGO GALDSTON, M. D.
Liver Spots
Any permanent patchy discoloration of the skin, particularly on the face, is likely to disturb the sufferer. Frequently those who find liver spots on their faces become unduly alarmed and resort to all sorts of "remedies" ranging from blood tonic to skin lotions.

Cranium Crackers

Are you good at mathematics? If you aren't, don't let it worry you. If you're only fair at it, your chances of scoring high on the mathematical problems below are quite as good as a mathematician's.

So They Say

Don't holler so loud; the neighbors will hear you. —MRS. ELLEN SHEAFFER, 64, in a Philadelphia court, to Deputy Attorney General Thomas Mimick Jr.

Side Glances

By George Clark
I imagine Harry Cohn, the Columbia boss, gets quite a chuckle looking through his letter files. The one, I mean, from that Columbian who wanted to go on record beforehand, in writing, that he thought Cohn's idea for a picture would be a terrible flop. One of those you-can't-say-I-didn't-warn-you notes.

MEMORIAL DAY BEGAN SEVENTY YEARS AGO

WASHINGTON, May 30 (AP)—The sharp sectional issues that orbited Memorial Day were only a faint cloud of historical contrasts on this seventeenth anniversary of the observance.

ARMY BUILDS UP FLEET OF ABOUT 3,000 SHIPS

WASHINGTON, May 30 (AP)—The army is building up a fleet of its own, without benefit of the navy's billion-dollar expansion act.

TOSCANI CONDUCTS IN FOUR LANGUAGES

LONDON (AP)—The British Broadcasting Company's orchestra, which will play a series of concerts under Toscanini's direction this summer, is getting ready to take orders in three different languages besides English.

RIS of New York to the Mother of a Boy Arraigned for Disorderly Conduct

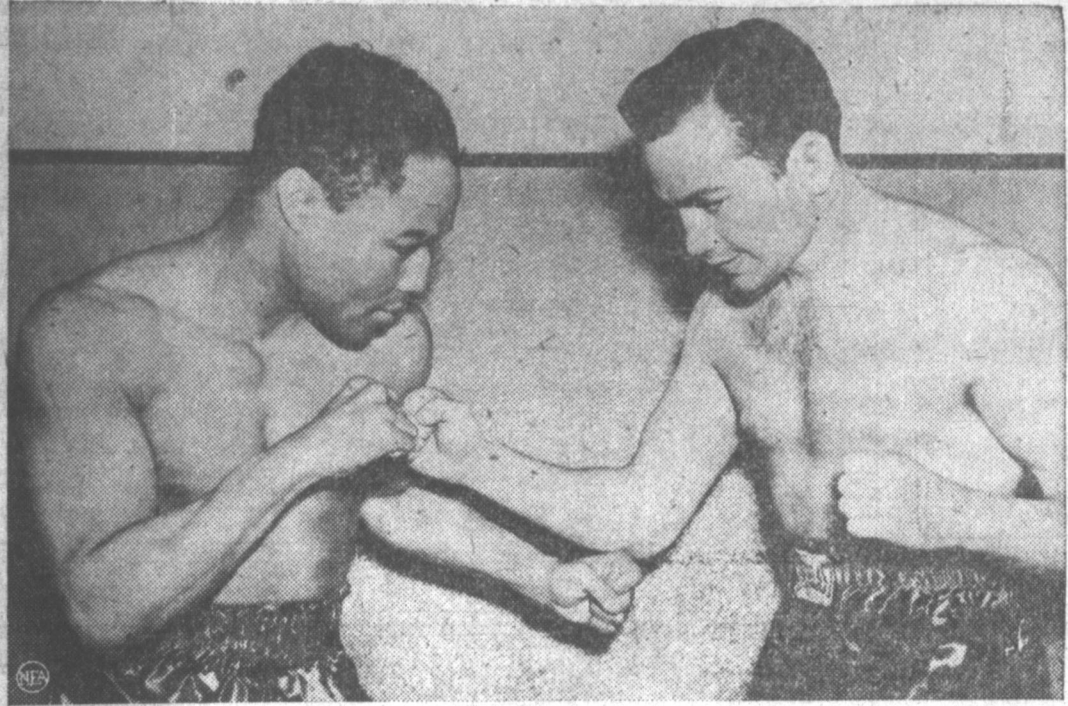

The day of long political platforms is definitely past.

Pampa Daily News

MONDAY EVENING, MAY 30, 1938. PAGE FIVE

All They Need Is The Bell

All squared off and needing only the clang of the bell to send them into action, Henry Armstrong, left, and Barney Ross, shown at the weighing-in ceremonies, tensely waited the word from Mike Jacobs which would again set the definite time for their welterweight championship battle in Long Island Bowl, New York. Rain had caused an earlier postponement.

Vicious Wrestlers Will Provide Thrills Tonight

Count Selgfred von Bromberg, the roughest, toughest, saber-flashing gent in Hitler's army, will be in Pampa tonight for a main event wrestling match with Soldier Thomas, formerly of Uncle Sam's army, Thomas, to date at least, has proven himself a gentleman grappler. Hostilities in another ace card will begin promptly at 8:30 o'clock with Blacksmith Pedigo, the Kentucky blacksmith, returning after an absence of nearly three years to tackle Sterling "Dizzy Ropes" Davis of Houston in what is scheduled to be a rip-roaring battle.

Hemsley Suffers Broken Finger; Feller Injured

By HUGH S. FULLETON, Jr., Associated Press Sports Writer.
You can look for trouble around the Cleveland Indians' wigwam almost any day now. The Tribe has benefitted by good luck as well as good baseball in its march to the top of the American league standing. Barring a couple of headaches when Rollicking Rollie Hemsley strayed off the reservation, Manager Oscar Vitt has escaped the injuries and other difficulties that have beset his rivals. But now it looks as if hard luck finally has reached Cleveland's doorstep. Hemsley suffered a broken finger on his right hand yesterday at St. Louis and will be out of action ten days or more. Bob Feller, to whom Rollie has been a great help this season, has been troubled by a strained back for more than a week. And the question seems to be "who or what next?"

The schedule shows one "next" to be a two-weeks tour of the East, where the next three teams in the standing are lurking, after today's holiday doubleheader against Chicago's hard-luck champs, the White Sox. A healthy Feller-Hemsley battery would come in very handy on that jaunt.

The Indians lost yesterday's game to the Browns and Buck Newson, 8-6, Boston lost 5-3 to Washington's fast-climbing Senators. Washington moved in to third place as Wes Ferrell pitched expertly to gain his seventh victory of the year. The New York Yankees dropped an 11-9 slugfest to the Philadelphia Athletics.

Boots Poffenberger gave Detroit its third straight over Chicago, 2-1. The New York Giants beat out the Phillies, 7-6, to gain their fifth straight triumph. The Cubs lost, 2-1, to Pittsburgh's Pirates as Arky Vaughan's homer and double accounted for both Cincinnati's 3-0.

Fred Fitzsimmons outpitched Lou Pette to give Brooklyn a 13-inning 1 to 0 triumph over the Boston Beane.

The St. Louis Cardinals whipped Cincinnati, 3-0. Lambeth Palace has been the residence of the archbishops of Canterbury for six and a half centuries.

ALL STARS IN 14 TO 5 WIN AT KINGSMILL

Pampa has a baseball team. It may not be in the class with Huber Carbons of Borger or the top traveling clubs but it owned the Kingsmill nine yesterday afternoon 14 to 5 in a game played at Kingsmill. It was the first loss in seven starts for the home club.

A sprinkling of 1937 Pampa Oilers, youngsters who tried out for professional rating this season and some softball players comprised the Pampa lineup. On the mound for the locals were Bert Prince, Reece Barham and Grover Selitz with Ike Lister and "Alley Oop" Sheridan behind the plate. Osborne and Morgan worked for the losers.

Battling power was displayed by young Larry Trezny who hit a ball nearly 400 feet with the bases loaded. Mayse Nash, Jack Bailey, Herschel McNab, Lefty Cox, Ben McLarry and other boys showed that a strong club could be organized.

Ross-Armstrong Battle Set for Tomorrow Night

NEW YORK, May 30 (AP)—Barney Ross and Henry Armstrong might be forgiven for wanting to give it all up if the weather should again interfere with their date to fight for Barney's welterweight title at the Madison Square Garden bowl tomorrow night, but the present hope is something entirely different. They wound up their heavy training activities for the second time yesterday after going back to work over the week-end when the bout, originally scheduled last Thursday, was put over to Tuesday because of rain. Another delay would just about ruin the whole thing.

The talk around Stillman's gym, where Ross boxed three months with Herbie Solomon and Auggie Gonzalez and gave them a tough time with his sharp rights, was that Barney's next move might be a return to the lightweight class. If he retains the crown, he's slated to defend it against Lou Ambers, the lightweight ruler, the week of July 26. But there's not much other opposition in sight, and Barney insists he has no intention of quitting the ring.

NAVY PUSHES SEARCH FOR MISSING YACHT

SAN PEDRO, Calif., May 30 (AP)—Navy eyes watched the Pacific's horizon today for the sails of the missing yacht Tira, believed commanded last Thursday by three youths bent on a hunt for pirate treasure. Acting on an appeal from the anxious parents and the mayor of Santa Cruz, Calif., Admiral Claude C. Bloch ordered all ships of the United States fleet when at sea, to keep a lookout for the "borrowed" \$20,000 ketch. When Lyle Tara, 17, William Grace, 16, and James Henninger, 17, disappeared silently from Santa Cruz, they were reportedly equipped with navigation books from the public library, charts, a compass and food. They were last seen rowing seaward. Then the Tira, owned by Creamery Operator Lew K. Foote, was observed under sail. Foote took the loss of his Diesel-powered yacht good-humoredly. He indicated he might even take the self-appointed crew for a cruise up the Tira's safe return.

Cotton-Picker

The gent pictured above is none other than Joe Kopecky, Taylor cotton picker, who will return tonight to the local mat wars in the semi-final of the weekly wrestling card. He will oppose Anly Tremaine. The opening bout at 8:30 will see Blacksmith Pedigo and Ropes Davis, while the main event features Soldier Thomas and Count von Bromberg.

Missions Will Attempt to Avenge Defeat

(By The Associated Press)
San Antonio attacks Beaumont again today in an attempt to avenge a double defeat that cut its lead in the Texas league to five percentage points over Tulsa. The Exporters, winners by scores of 5-4 and 6-3, pulled within a game and a half of first place. The first game went 11 innings. Tulsa and Oklahoma City split a doubleheader, the Tulsans winning the first game 2-1, with Stan Schiro's twelfth home run of the season the decisive blow. Oklahoma City won the seven-inning finale 1-0. Morton Cooper hurled a two-hit shutout to give Houston a sweep of the Shreveport series, 3-0. The victory elevated the Buffs to fifth place.

Longview Leads East Texas Loop

(By The Associated Press)
The Longview Cannibals, with four straight victories today held a one-game margin over Texarkana for the leadership of the East Texas league. Last night, while Harry Boyles was pitching and batting the Cannibals to a 10-2 win over the Palestine Pals, Texarkana was losing to Kilgore 9-8 in a 13-inning struggle. Tyler overcame Jacksville 4-3 as Tyler's new left-hander, John Owen, made his debut. A ninth-inning blow by Leo Wells, with the bases loaded, brought Marshall a 5-4 victory over Henderson.

Pampa Boxing Team to be Strongest Friday Night

Ward and Billows Shatter Par in Practice Rounds

ST. ANDREWS, May 30 (P)—Marvin (Bud) Ward and Ray Billows, both of whom have been off form since landing over here, strengthened United States' hopes in the Walker Cup golf matches today with par-shattering performances over the old St. Andrews course. Playing with Reynolds Smith and Charles Kocis, both of whom scored 74's, Ward shot a 69. Billows carded a 70. Par from the championship tees on the old course is 73. Charlie Yates, new British amateur champion, showed he still was on his game despite the long championship grind by carding a 72, one lower than the total of Johnny Goodman. All the British played well, Hector Thompson duplicating Ward's 69.

Week-End Sports In Brief

(By The Associated Press)
TOLEDO, Ohio—Sam Snead and Vic Ghezzi win \$1,300 first prize in Inverness invitation best-ball golf tournament, finishing with "plus nine" score after carding best-ball 61 in morning match to out Ed Dudley and Ky Lafoon from lead.

ST. LOUIS—Rolle Hemsley, Cleveland Indians' catcher, breaks finger in game against Browns.

BERKELEY, Calif.—Southern California scores 63 3/8 points to win Pacific Coast conference track and field championship; Stanford, with double winners Edson Burrows and Ray Malot setting pace, takes second with 40 7/10.

BUDAPEST—Germany clinches semi-final spot in European zone Davis Cup tennis competition, leading Hungary 3-1 with one match to go.

PARIS—France wins Davis Cup doubles match from Italy for third straight victory and clinches semi-final place.

NEW YORK—Wheatley Stable's Snark wins fifty-second running of \$20,000 Suburban Handicap in near-record time after War Admiral is withdrawn at last moment; Pompon close behind Snark with Aneroid third.

NEW YORK—Harvard varsity crew concludes undefeated "sprint" season by defeating Columbia by 1 3/4 lengths.

Softball Under Lights Tonight

Softball will go into its second week under the lights tonight at Recreation Park when Danciger and Stanlon meet at 8:15 o'clock and the Diamond Shop meets Mack & Paul Barbers in the second game. The free gate will be continued.

Twilight game for this evening will see Gulf-Cooper of Skellytown meeting the Christians.

Danciger is leading the Industrial league with the Diamond Shop and Mack & Paul tied for first place in the City league.

Pampa's strongest amateur boxing team, unless it was the one which went to the state Golden Gloves tournament in Fort Worth, will test the strength of Galveston's amateurs Friday night at the Pampa Athletic arena, beginning at 8:30 o'clock.

The Galveston boys are being brought here by the Pampa Amateur Athletic Association and proceeds, after expenses have been deducted, will be placed in the fund for the advancement of amateur athletics in Pampa.

"We hope the arena will be packed for the bouts," President Paul Hill of the Pampa A. A. A., said today. "We are going to considerable expense to bring the Galveston battlers here but we feel that fans want to see the best in amateurs."

Admission to the bouts will be 41 ringside reserve and 40 cents general admission for adults and 25 cents for children. Reserve seat tickets are now available at the Pampa Daily News and at Cretney Drug. President Hill urges early purchase because the demand is greater than in previous matches.

Trainer Cliff B. Chambers is working with several new boys who will appear for the first time on the card. They will assist Golden Gloves Champions Benny Moore, Rusty White, Jake Bible and Frankie Bills on the card.

The work of Frank Brown and Ray "Dippy" Norman has been particularly pleasing in training. Both were entered in the Golden Gloves tournament but Brown was called from the city a week before the bouts and Norman was the victim of a charity horse in his shoulder after winning his first match. Both are training hard for the coming bouts.

Bills and Moore are doing their work in Shamrock, Rusty White in White Deer and Jake Bible in Alameda.

Galveston boxers made excellent showings in the state tournament. Three of the eight boys went to the finals and they will be here Friday night in Raymond Eck, middleweight, Swede Enoksen, featherweight, and John Santarelli, flyweight.

The visiting boys will come to Pampa by train, in charge of Manny Arveillo.

Yankee Champ

Gaining the quarterfinal round in a battle against wind and rain, Charley Yates, of Atlanta, remained the lone United States survivor in the British Amateur golf tourney at Troon, Scotland, after Johnny Goodman of Omaha, Chuck Kocis of Detroit, and Freddie Haas of New Orleans had fallen by the wayside.

Bear Cubs Follow Clever Brother—To Their Dismay

DENVER, May 30 (AP)—This is a story of three black bear cubs in a game of follow-the-leader. Rascally Rustie, the leader, enticed his city park zoo brothers, Hustle and Bustle, into such a desperate situation Zoo Superintendent Clyde Hill had to call firemen to rescue them. Ingenious Rustie yesterday discovered a way to get by metal guards Hill recently placed on trees on the Cubs' island home to halt their climbing exploits. He bounced up and down on a branch until he could catch hold above the guard. Hustle and Bustle followed. Rustie came back down. Hustle and Bustle dared not pass the metal guard. Marooned in the tree, they cried piteously. Cocky Rustie went back up and back down again and again, but his brothers would not follow him. Finally Hill summoned firemen with ladders. Firemen tacked a gunny sack over the guard. Then Hustle and Bustle came down, and rushed to the safety of their den.

CIO PREPARES TO SHOW STRENGTH AT MUSKOGEE

MUSKOGEE Okla., May 30 (AP)—CIO leaders prepared a "show of strength" today before the picketed gates of the Pure Oil refinery here, scene of sporadic fighting between union members and workers. Policemen stood on guard before a barricade a short distance from the gates as Maurice Daly, regional director of the CIO Oil Workers International Union announced the "show of strength." City Manager T. P. Clontz pledged that "We will take whatever steps are necessary to keep the refinery open."

One reason you hear CLEARLY...

Western Electric* telephones are made to work together

*Western is manufacturing and supply unit for the Bell System

Whether you're talking across the street or to San Francisco, it doesn't "just happen" that you hear clearly and easily over the telephone. One reason you can do it: Western Electric telephones, precision manufactured for the entire Bell System, are the same all over the country. You might say they're "tuned" to each other, somewhat like radios to a broadcasting station.

If telephones and equipment weren't uniform, voices might not be clear. It would be vastly more difficult for us to give you the good service at low cost that you have come to expect.

SANTA FE TRAIN SCHEDULES HERE CHANGED; GRAND CANYON LIMITED ROUTED THRU PAMPA

Because of the outlook for increased passenger business this summer, particularly to Grand Canyon and the Pacific Coast, the Santa Fe Railway is to inaugurate a schedule of improved train service Sunday, June 12, which is to be of especial benefit to Pampa and the Panhandle territory, eastern New Mexico and western Oklahoma, according to announcement today by T. B. Gallaher, passenger traffic manager, Chicago.

Paster time, better connections and more convenient hours of arrival and departure affecting several important terminals are features of the program which provides for routing of the Grand Canyon Limited through this territory.

Introduction of the Canyon Limited through Pampa in place of present trains Nos. 9 and 10 known as the Navajo, will afford this area the best service it has ever had, according to M. C. Burton, general passenger agent.

Train schedule changes affecting Pampa, with the introduction of the Grand Canyon Limited, Sunday, June 12, are as follows:

Under the new schedule Train No. 23, Grand Canyon Limited, west-bound, arrives at 12:20 noon, and train No. 24, east-bound Grand Canyon Limited, leaves Pampa 5:58 p. m.

On the Clinton district line, Motor Train No. 64 will arrive at Pampa at 12:05 p. m. instead of 12:15 p. m. each Tuesday, Thursday and Saturday. Trains Nos. 61 and 63, east-bound, will leave at 7:25 a. m. instead of 7 a. m. to provide connections with Train No. 2, the Scout.

Reversing the routing and schedules of these trains, the Canyon Limited Nos. 23 and 24, and the Navajo, permits the Santa Fe to favor travelers desiring to visit the most outstanding attractions on the route and provides a first class limited train with quicker service between Chicago and the Pacific Coast.

Saves Full Night En Route Under the new schedule the Grand Canyon Limited will leave Chicago at 10 a. m. and reach Grand Canyon via Pampa, at 8 o'clock the second morning thereby saving the travelers a full night en route. Passengers leave Kansas City at 11 p. m. and reach the Canyon in two nights and a single day.

The East-bound Grand Canyon Limited leaves Los Angeles at 8:15 a. m. and the Navajo at 2 p. m., permitting arrival at the Canyon from both trains at 8 o'clock the next morning. After visiting the entire day at the Canyon passengers may leave on through Pullman on the Grand Canyon Limited and arrive at Chicago 12 hours earlier than at present.

The Navajo will approximate the Grand Canyon Limited's former schedule but will better the time between Chicago and Los Angeles in each direction. Departure from Los Angeles is to be two hours and 15 minutes later.

Southern routing of the Grand Canyon Limited through Pampa means greatly improved service to that part of Texas, western Oklahoma and eastern New Mexico, with prompt connections at Clovis affording all Texas direct service to the Grand Canyon. This train is to use the Ottawa cutoff, in Kansas, while the Navajo will be operated through Topeka, Dodge City and Southeastern Colorado.

The new schedules also bring Denver and Los Angeles closer together through a cut of two hours and 25 minutes westbound and three hours and 25 minutes eastbound. This is to be accomplished by connections at La Junta with the California Limited, which was restored to service May 22.

While adjustments are to be made in many instances to conform with the new schedule, particularly to provide connections from branch lines, there are to be no changes in the Super Chief, Chief, El Capitán, Ranger, Chicagoan or Kansas Citian.

JUVENILE COURTS HIT BY FORMER JUDGE. SAN BERNADINO, Calif. (AP)—Jesse Olney, former judge of the superior court, is in favor of doing away with juvenile courts.

"It is fast developing into a complete system of fascism," he writes in the California State Bar Journal. "Our youth are jailed, bailed, granted or denied rights on the mere order of probation officers, county attorneys, sheriffs and other executive officers."

On the other side, it "presents the great loophole to young criminals in their escape from punishment," he writes. "We turn them over to the juvenile court, which turns him again loose on the community on probation."

With the largest coffee crop in its history, El Salvador's exports increased 63.9 per cent in 1937, according to the Pan American Union's annual Latin American economic survey.

CONGRESSMEN WANT TO GO HOME BY JUNE 11

WASHINGTON, May 30 (AP)—Members of Congress want to go home by June 11, and Senate Leader Barkley, Democrat, Ky., expressed confidence today that they will get their wish.

"We should pass the relief bill in the Senate by the middle of the week," Barkley told reporters. "Then all we will have left are a compromise on the wage-hour bill, a deficiency appropriation measure, and a few odds and ends that can be sandwiched in at any time."

Administration leaders, it was learned, have decided definitely to abandon the government reorganization bill for this session. There had been frequent rumors that the measure, shelved in the House after Senate passage, would be revived before adjournment.

Several informed congressmen predicted, however, that President Roosevelt would renew his request for the legislation next year.

Both chambers were in recess for Memorial day. When the Senate reconvenes tomorrow, it will start voting on amendments to the \$3,000,000 relief and public works bill.

MOUSE IN CAR DRIVES WOMAN OUT.

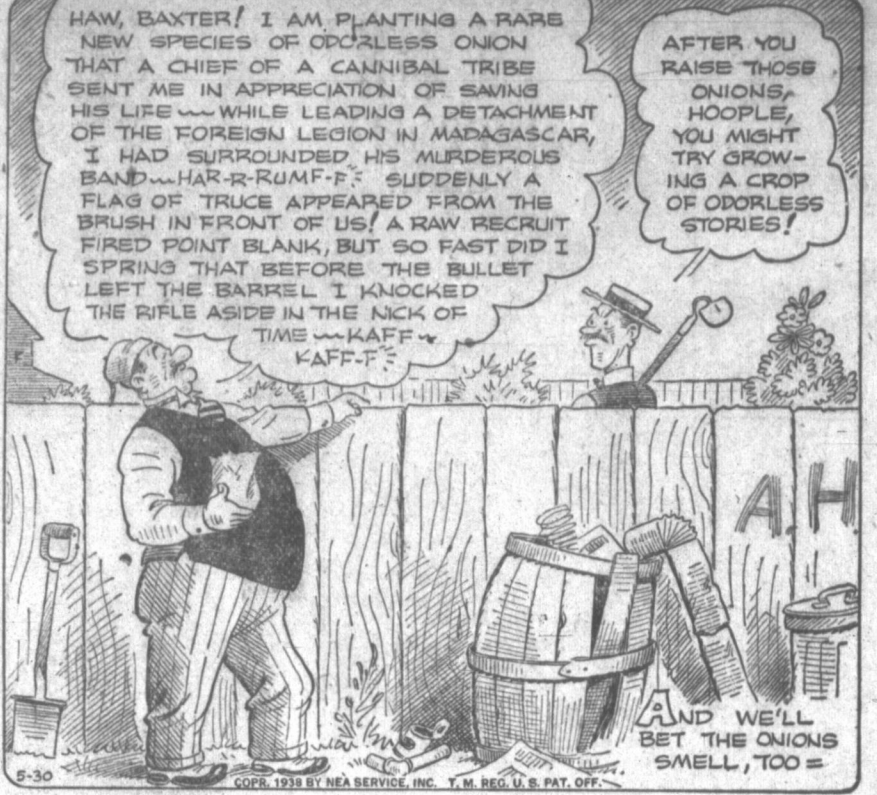

LONDON (AP)—A cyclist calmly pedaling to work was startled when a red sedan suddenly pulled up in front of him and skidded to a stop.

His heart almost stopped beating when a woman jumped out, her face white with terror, and pointed mutely to something inside the car.

At first he could not see anything. Then it caught his eye. Reaching in, he pulled out a mouse.

women and children dying of want in lands of plenty. The muttering thunder of mass revolt threatens the very foundations of human society.

AMBASSADOR TO HONOR. BISHOP'S MEMORY. ABERDEEN, Scotland (P) - Joseph P. Kennedy, American Ambassador to Britain, and a delegation of bishops of the Protestant Episcopal church, will attend inauguration of a \$60,000 extension to St. Andrew's Cathedral here September 6.

The extension is a memorial to Samuel Seabury, first bishop of the Protestant Episcopal church, who was consecrated in Aberdeen, America, for the work was raised in America.

NOTICE OF FINAL ACCOUNT. THE STATE OF TEXAS, To the Sheriff or any Constable of Gray County - GREETING: J. E. Davis, Administrator of the Estate of J. L. Davis, deceased, having filed in our County Court his final account of the condition of said estate, No. 551 on the Probate Docket of said court, together with an application to be discharged from said administration:

You are hereby commanded, that by publication of this writ once in a newspaper printed in Gray County, Texas, which said publication shall be not less than ten days before the return day hereof, you give due notice to all persons interested in the account for final settlement of said estate to appear and contest the same if they see proper so to do, on Monday, the 13th day of June, A. D. 1938, at the court house of said county, in Pampa, Texas, when said account and application will be acted upon by said court.

Given under my hand and seal of the said court, and issued at my office in the city of Pampa, this 27th day of May, 1938. CHARLIE THUT, (Seal) Clerk of the County Court.

I hereby certify that the above and foregoing is a true and correct copy of the original writ now in my hands. EARL TALLEY, Sheriff of Gray County. By O. T. LINDSEY, Deputy. (May 30 - only.)

THIS CURIOUS WORLD By William Ferguson

TERMITES, FREQUENTLY CALLED "WHITE ANTS" ARE MORE CLOSELY RELATED TO COCKROACHES THAN TO ANTS, AND NOT ALL SPECIES ARE WHITE!

TERMITES may never lose their misleading title of "white ant" in spite of the fact that the two groups of insects bear no relationship, and are, in fact, deadly enemies. Naturalists seldom succeed in fighting a wrong name, once it has become well established in the public mind.

NEGROES CAN'T AGREE ON WHO KILLED WOMAN

CHICAGO, May 30. (AP)—Calm and staid, two maned negroes stood yesterday in the bedroom where Mrs. Florence Johnson, 34, wife of a city fireman, was hanged to death with a brick, and accused each other of the actual slaying.

They were Robert Nixon and Earl Hicks, both 19, who, Assistant State's Attorney John Boyle said, admitted breaking into the Johnson home last Friday morning to burglarize the place.

Boyle said Nixon had confessed the brick slaying of Mrs. Florence Thompson Castle, a night club histess in her hotel room two years ago, and would be questioned again about the slaying of Miss Anna Kuchta, a student nurse, who was raped and then hanged to death in her room in the Chicago Hospital last August.

James Scott, 18 year old negro, who said he hitchhiked to Chicago from California with Nixon last fall, told authorities here that Nixon had confided to him he also had "killed a couple of women in Los Angeles."

"Tell us what happened?" Boyle asked as the two men stood in Mrs. Johnson's room.

"We looked around," Nixon said. "I was standing near a radio and Hicks was searching a dresser when the woman sat up and screamed. Hicks hit her over the head with a brick, and I ran out. Hicks came out later."

"That ain't the way it happened," Hicks interposed. "I was standing at the doorway, and Nixon was searching the dresser when the woman woke and screamed. I saw him strike her several times with both hands. He was holding the brick in his right hand, and I saw him strike her with that hand at least twice."

The sound not far from the boy's home.

Dr. Amos O. Squire, Westchester County Medical Examiner, said it would be almost impossible to tell just what had caused Peter's death—knife, blow or drowning—but added that his preliminary examination indicated the boy had been slain and his body tossed into the Sound.

Dr. Squire and his assistants took every possibility into account. Dr. Robert Letzner, Assistant City Physician of New Rochelle, said one of the first medical tests ordered was to see whether poison might have been a factor in death.

Toxic traces, he pointed out, might last in a body indefinitely.

"This," said District Attorney Walter Ferris, "is a clear case of murder."

High-ranking agents of the Federal Bureau of Investigation went to work immediately, with J. Edgar Hoover, its chief, who was in New York, taking charge of the investigation.

Murray Levine, Peter's father, a New York lawyer who had put aside everything in his vain search for the boy and had appeared in every manner to the student to "make contact" was so utterly crushed by the news that he scarcely was able to talk.

In the boy's trouser pocket were

JAPS FACING NEW DEFEAT

SHANGHAI, May 30. (AP)—Japanese reinforcements battled furiously today in an effort to reach Leut. General Kenji Doihara's trapped 14th division, virtually surrounded by Chinese northwest of Lanfeng.

Chinese dispatches said the reinforcements were still five miles east of Lanfeng, however, and blocked off by masses of Chinese troops.

The debacle, it was stated, is a famous division seemed likely to become another "face pigdin" incident, so notable from a psychological standpoint in China's war to save herself from the Japanese invaders.

Doihara's reputation as an outstanding air leader and the chief Japanese political manipulator, which gained him the title of "Lawrence of Manchuria," would make his defeat by the Chinese of tremendous importance. The "loss of face" would be akin to that suffered by the Japanese in their recent defeat at Taierchwang.

The Chinese—with Generalissimo Chiang Kai-shek reported personally commanding operations from field headquarters at Chengchow—have thrown a mighty barrier of fighting men in front of the Japanese forces and are fighting desperately to stop the offensive westward along the Lunglai railway.

Mr. Kapral was born May 10, 1865, in a small town about 10 miles outside of Vienna, Austria. He came to this country in 1897 and soon thereafter went to work in the Pennsylvania oil fields as a tool dresser. His first work in the fields was at Jefferson Center near Butler, Pennsylvania. Nearly all of the "old-timers" who started there and came down thru West Virginia, Ohio, and Illinois were co-workers and old cronies of John's and he has old friends and acquaintances in almost every oil field in the country where cable tools have been used. He made a trip to the Romanian fields in 1923 and met many old acquaintances there.

A story of his experiences would be a history of field development from the time of the old wooden rigs, hewn and erected at the location by the crew, to the present time of mighty modern rotaries and steel rigs now in general use.

Mr. Kapral recalls with a great deal of pleasure the large number of contractors and oil companies he has worked for. Among them was the Hope Natural Gas company in West Virginia, the Ohio Oil in Ohio and Illinois, and The Texas Company in Texas. The Magnolia company saw six years of his service. In between times he drilled for numerous contractors, the names of everyone of which he still can recall vividly. He came to Electra, where there were but five producing wells in that field and the rest of North Texas and the Panhandle, but a wide expanse of oow country.

While working in the Panhandle from Pennsylvania, then West Virginia, Ohio, Indiana, Illinois, Oklahoma and Texas, as much an explication of a pioneer oil man as it is possible to be.

will be held on the very meadows where 75 years ago 50,000 men and boys in gray surged to the attack in Pickett's charge against the heavy cannonading of the Union forces.

The reunion of the Confederate and Union veterans will last from the first to the seventh of July, with the dedication of the Eternal Light Peace Memorial taking place July 3.

Although this is the first official joint reunion, it is in reality a sequel to an incident of 25 years ago. At that time more than 50,000 veterans of the North and South met at Gettysburg in a less formal gathering than that of this year. Governor John K. Tener invited them all to come back again in 1938, and Pennsylvania is now making good on that invitation.

Visitors to Gettysburg will find a town strong with historic atmosphere. The 2000-acre panorama of the battlefield has been carefully preserved: farm houses still proudly display shell scars of the great battle.

Eight miles to the west is the blue and misty South Mountain chain. Nearer to town are the outlying ridges of Oak, Seminary and Cemetery ridges, with two Round Tops crowning Cemetery ridge.

The dignified Wills Mansion where Abraham Lincoln wrote his famous Gettysburg address is still standing but now is occupied by a bustling, blue-fronted drug store. Above the street floor there is a sign: "In This Room Abraham Lincoln Wrote His Famous Gettysburg Address."

And so another Memorial Day comes to Gettysburg, and the town looks forward to the ceremonies that will make it more than ever the shrine that symbolizes peace between the states.

determined. County Farm Agent Ralph R. Thomas said, but the plants are expected to be kept open from 10 a. m. to 7 p. m. Eight hours a day is the limit for the WPA worker.

Sam Denison, Amarillo, district WPA project supervisor, was in Pampa this week-end, making arrangements for the transfer of the workers to the grasshopper control project.

Arthur A. Miller, supervisor of grasshopper control for the bureau of entomology and plant quarantine of the United States Department of Agriculture, has notified the county farm agent that he will come to Pampa Wednesday to confer with the agent and observe the results of the campaign here.

A majority of the farmers who wish to secure the compound are asked to call at the plants in the afternoon. Some of the farmers are using mechanical spreaders to spread the compound in their fields. Mr. Thomas said he knew personally of eight mechanical spreaders being in used in this county.

To make one batch of the compound requires 200 pounds of bran, 200 pounds of cottonseed hulls, four gallons of molasses, two gallons of sodium arsenate, and eight ounces of amy acetate, plus water. These ingredients make 600 pounds of the compound.

Communism in this country. Germany does not want to give blessings of national socialism to this or any other country."

While the sound of German song and speech echoed through the hall and costumed Hitler sympathizers participated in the program, the 2000 demonstrators kept up a continuous serpentine in the streets outside.

They carried placards denouncing Fascism and hundreds of them roared: "Down with the Nazis."

Eric Rix, secretary of the German-American league for culture, which participated in the picketing with various labor, fraternal and patriotic groups, finally ordered dispersal of the pickets.

DANCE CONTEST ENTRY BLANK

Below is an entry blank which couples desiring to enter the Top O' Texas Fiesta Old Timer's Dance Contest may fill out and mail to the Chamber of Commerce, Pampa, Texas. The contest will be held on the nights of June 9 and 10. An entry fee of 50 cents a couple will be charged.

singing of "America, the Beautiful" and "When the Roll is Called Up Yonder," special music by the male quartet, Mr. Randle's address, and benediction by Rev. Mullen, minister of the First Christian church.

Graves of 35 veterans, both of the World War, were decorated at Fairview Cemetery, with the grave of Henry Cunningham, last veteran to be buried here, remaining undecorated until just before the ceremony. A firing squad, composed of three members of the American Legion and three members of the Veterans of Foreign Wars, and led by Frank Thomas, fired a salute over the grave, and taps were sounded.

Decorations of the graves was done Sunday morning by the American Legion and Veterans of Foreign Wars auxiliaries, assisted by Boy Scouts and the Sons of the American Legion.

Rev. Joseph S. Wonderly, pastor of Holy Souls Church, delivered the invocation, Paul D. Hill, who was general chairman of Memorial Day observance, read Gen. Logan's general order 11, of May 5, 1868, which designated May 30 as Memorial Day.

Two Gold Star Mothers were among the crowd at the cemetery, Mrs. A. W. Pollard and Mrs. S. H. Crossman.

L. L. McColm was in charge of the program at the afternoon service.

the car which Emil Andros, Chicago, drove into a lower retaining wall on a turn. Spence was dead when taken to a hospital. At the halfway mark, ten of the original 33 starters were out of the race because of motor trouble and accidents.

Roberts and Shaw crossed the tape at exactly the same time at 275 miles but Shaw shot into the lead for the first time as he roared into the southwest turn. The speed at 275 miles was 117.473 miles an hour.

Shaw lost the lead a few minutes later, however, when he stopped for oil, gas and tires. Snyder passed Roberts and took first place after Shaw stopped.

It was announced that Pettilo broke a crankshaft.

The wheel flew off the car driven by Emil Andros, Chicago, whose mount crashed into the lower retaining wall on the southeast, turn, he was speeding on his 112th mile. Andros, rushed to a hospital, suffered a broken nose and a possible brain concussion.

Spence was reported to the stand on top of a truck, watching the race, when Andros' car crashed into the wall, turning over three times. At 200 miles, Floyd Roberts, Van Nuys, California, had snatched the lead from Jimmy Snyder, Chicago, when Snyder stopped at the pits to change tires and take on gas.

Roberts had covered the distance in 1:40:57.20 average. 118:867, Roberts smashed all track records for the distance. Kelly Pettilo, Los Angeles, was second and Wilbur Shaw, Indianapolis, third.

NEW ORLEANS COITON Market Briefs

NEW ORLEANS COITON (AP)—Trading was dull throughout the morning but enough selling developed after 10 to 11 points below Saturday's close. Near mid-session all months were below the week end with July 2.26, Oct. 8.76, Dec. at 7.89, Jan. at 7.90, March at 7.92 and May at 7.94.

FOUR IN STORK RACE EACH GIVEN \$75,000

TORONTO, May 30. (AP) (Canadian Press)—Four mothers designated as winners of the "Stork Derby" were today each given \$75,000.

Executors of the estate of Charles Vance Millar, eccentric lawyer who instigated the "derby" with his will, said checks given to the four women represented only a "first payment."

Part of the estate remains to be liquidated.

The payments went to Mrs. Kathleen Nagle, Mrs. Annie Smith, Mrs. Isabel Maclean and Mrs. Alice Timlock, each of whom gave birth to nine children in the 10-year period after Millar's death on October 31, 1926.

tonight's air raid warning was issued at 10:50 p. m. (7:50 a. m. C. S. T.) One Fukushima source said the planes were over the island about 8 p. m.

STEAMER SINKING PROTESTED LONDON, May 30. (AP)—Britain will protest strongly to the Spanish insurgent regime over the sinking of the British freighter Thorpe-Hall off Valencia May 24, Richard Austin Butler, undersecretary for foreign affairs, told the House of Commons today. Butler said the government took the view that the attack was deliberate and would ask the insurgents to take "strong disciplinary action" against crews of the attacking airplanes.

NO. 10--

Continued From Page One

Two young men were held today after night Marshal Frank Stafford said they beat to death a 45-year-old hotel clerk with a pint whiskey bottle because he refused them liquor.

Stafford said the hotel clerk, Edward Foshee, lived two hours before he died as the result of several blows on his left temple.

The three young men entered the hotel, Stafford said, awoke Foshee who was sleeping on a couch and demanded whiskey. The marshal said Foshee protested he had none and refused to obtain liquor for the three.

Stafford started when Foshee walked toward a telephone to call police, Stafford said.

LEVINE DID HIS BEST TO GET HIS SON BACK

NEW ROCHELLE, N. Y., May 30. (AP)—It was through no fault of Murray Levine, or of his friends, that his 12-year-old son, Peter, was found dead rather than alive.

Six days after the bright, blue-eyed, brown-haired boy disappeared on his way home from school, his middle-aged, graying father, a real estate lawyer, announced he had raised \$30,000 to ransom the lad.

He was able, it was reported reliably, to raise only \$6,000 of the demanded cash and his friends furnished the rest. They knew he would have done as much for them.

For many years, Levine had been active in the Zionist movement and campaigns to aid Jewish refugees. At one time last year, he opened his home to a meeting of the League for Spanish Democracy, though not active in its work.

2 STRANGE AIRPLANES APPEAR OVER JAPAN

TOKYO, May 30. (AP)—Dispatches from Fukuoka tonight said two airplanes of unknown nationality had appeared over Kyushu, west-most of the islands of Japan proper. Western air defense headquarters issued an air raid warning.

Kyushu was visited early in the morning of May 20 by two Chinese warplanes which made a 2,500-mile roundtrip from Han-koow to drop leaflets instead of bombs on the area around Nagasaki. Kyushu port, and Saseba, naval base from which Japanese warships usually set out for China waters.

Fukuoka is at the northwestern tip of Kyushu, 800 miles southwest of Tokyo.

Tonight's air raid warning was issued at 10:50 p. m. (7:50 a. m. C. S. T.) One Fukushima source said the planes were over the island about 8 p. m.

There is plenty of evidence as to what the Yellow, one of the world's greatest rivers, can do on a rampage. It has changed its course no less than seven times in historical times. In 1855 it shifted its outlet to the sea from Haichow, south of the Shantung mountains, to the Gulf of Chihli, north of the mountains—a distance of almost 250 miles. Hundreds of thousands died in that shift.

The Yellow river traverses several Chinese provinces in its winding course from its sources in Tibetan uplands to its mouth on the Yellow sea. Its lower course runs through more than 400 miles of alluvial plain, guarded against overflow by dikes.

In the past three years dikes have broken three times, in each case threatening another change in river course. The last affected main dikes of Shantung, Hopen, and Honan provinces.

FIRE FORCES FRANCO TO SLOW UP HIS DRIVE

HENDAYE, France (at the Spanish Frontier) May 30. (AP)—Defeat of an insurgent cavalry unit under withering fire of government troops on the slopes of Loma de la Clavella forced Generalissimo Francisco Franco's army today to slow up its powerful drive down the Teruel-Mediterranean highway.

La Clavella hill, on the south side of the highway, is 16 miles southeast of Teruel and 55 miles north-west of Valencia.

A small force of government soldiers held it while three insurgent columns advanced along the highway and from the north of Mora de Rubielos in an attempt to reach Albenos, 10 miles south of Mora de Rubielos and 24 miles southeast of Teruel.

Insurgent warplanes and scouts reported little or no government strength south of the highway, leading the command in the Teruel sector to leave the right wing of the offensive to be protected only by cavalry.

YELLOW RIVER DIKES MENACE

SHANGHAI, May 30. (AP)—(Correspondence of the Associated Press)—Engineers fear that the war's destruction of dikes along the mighty Yellow river, "China's Sorrow," may loose floodwaters for a catastrophe rivaling the man-made tragedy of the Chinese-Japanese conflict.

Because of the war dikes along 383 miles of the river's middle and lower course, at least an uncertain protection for populous countryside, have been left unattended. Normally 80,000 men are employed to keep these dikes in repair.

Some sections have been destroyed deliberately to cause flood barriers to Japanese invasion.

To an area containing a population of some 70,000,000 the great river thus has become a great potential menace than ever. Muddy silt-laden water, piling up against weakened dikes under pressure of rain-swollen torrents in engulf battlefields, and forcing the armies to move out of inundated regions. Since early this year the war has been fought in valleys.

Engineers have expressed concern over what may happen if "China's Sorrow" breaks loose during the flood season, which generally begins late in June.

There is plenty of evidence as to what the Yellow, one of the world's greatest rivers, can do on a rampage. It has changed its course no less than seven times in historical times. 7 THINGS YOUR CAR NEEDS FOR SAFE SUMMER DRIVING

- Correct grade of heat-resisting Summer Mobil-oil for your motor
- Tough Mobil Gear Oil for your transmission
- Fresh Mobil Gear Oil for your differential
- Mobilgrease for the chassis, to resist heat, water and pressure
- Powerful, anti-knock Mobilgas for better summer mileage
- Mobil Radiator Flush to clean radiator and Mobil Hydrotone to keep it clean
- Inspect and check battery

... and that's not a bad idea for your car!

THOUSANDS of smart car owners will avoid repair bills this summer because of Magnolia SUMMERIZE Service. Briefly, it means a complete change-over from dirty, diluted winter lubricants to fresh, clean, heat resisting Mobilgreases. It means, too, cleaning your radiator and checking your car from stem to stern. Depend on your friendly Magnolia Dealer for world-famous petroleum products—plus intelligent service. SUMMERIZE at the sign of the Flying Red Horse!
