Shutdowns In Texas Fields Issue Again

Closure Advocates And Opponents Give Opinions At Austin

AUSTIN, Oct. 15 (AP)—Warnings of chaos in the Texas oil industry were hurled by advocates and opponents of Saturday and Sunday shutdowns of the state's vast fields in a lengthy pronation hearing here today.

Advocates of continuance of closures, in effect for several months, declared lifting the shutdowns would bring a collapse of the industry, force the federal government to take over regulation and result in untold damage to the economic and social structure of the nation.

Opponents held continuation spell'd disaster for the giant East Texas and other fields and maintained the reduction of production was costing Texas an increasing and alarming portion of its market each day.

Members of the Railroad Commission were silent on when a decision to be made known in the November pronation order, would be reached.

Ernest O. Thompson, commission chairman and chairman of the interstate oil compact Commission, announced the Federal Bureau of Mines estimated Texas' share of the national market demand for crude next month was 1,371,000 barrels daily, 12,000 over the estimate for October.

Allowable Set. The basic daily allowable the commission set for October is 1,275,122 barrels, which includes the weekend shutdowns and places daily production at 83,878 barrels under the Mines Bureau estimate.

Commission engineers reported the average bottom-hole pressure in the East Texas field had decreased 4.6

Cheering Groups Hit A New High

The Harvester band, pep squad and the student body hit a new high in providing colorful, inspiring entertainment at the football game Friday night at the football game.

The marching of the band was especially praised. After the band marched off the field, the pep squad formed two intricate circles which ended in a close-packed "ball."

A feature of the cheering was the high school pep squad led by cheer leaders. High school students sat together and vied with the pep squad in yelling cheers.

The pep squad, it seemed, did a better job of providing encouragement than it ever did. Most Pampanos would oppose abolition of the pep squad as Amarillo and Lubbock have done, a casual survey taken Friday night revealed.

Stanley Trimble Of Mobeetie Missing

Pampa police Saturday were notified of the disappearance of Stanley Trimble, 23-year-old son of a Mobeetie man, listed as "Doc" Trimble on the police office records.

Trimble disappeared on Friday, it was reported. He is described as being 5 feet 9 inches tall, having brown hair and blue eyes, and was driving a 1929 Chevrolet coupe.

The young man was attending school in Amarillo, where he has a sister, who resides at 3702 Van Buren.

Police here were notified of the young man's disappearance by the father, who called at the police station. At the police station last night no trace of the young man had been reported.

School Bus Overturns And Kills Two Mississippians

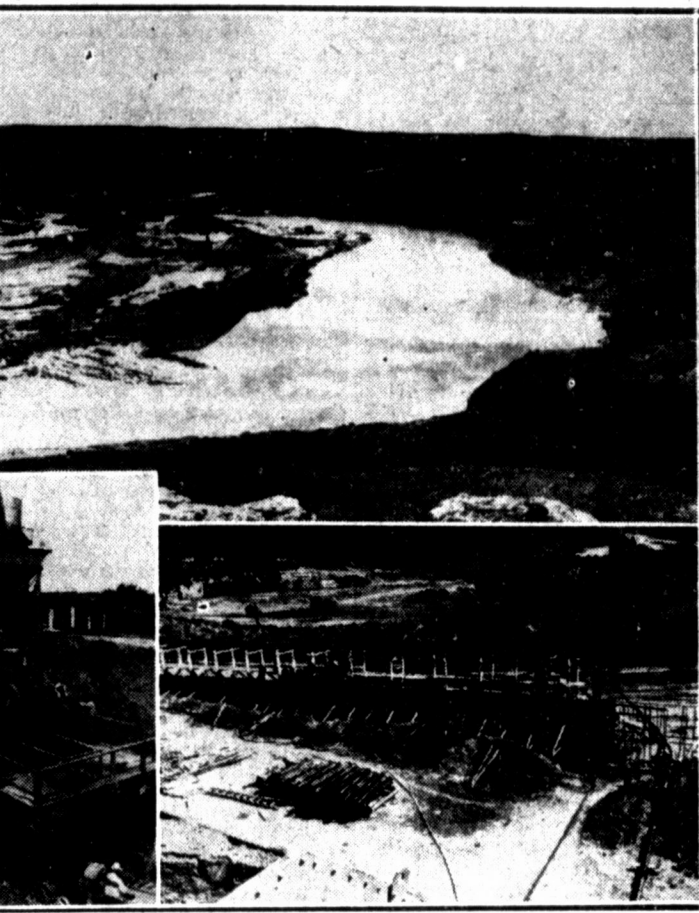

FOREST, Miss., Oct. 15 (AP)—Two persons were killed and nine injured tonight as a school bus loaded of Newton countians turned over near here as a tragic climax to a day's outing at the state fair in Jackson.

The dead: D. B. Colium, 78, Little Rock, Miss.; Mrs. Ida Ishee, 66, Newton county.

GIANT CONCRETE SPILLWAY AT McLELLAN DAM NEARLY COMPLETED; LIVING WATER NOW FLOWS IN BED OF CREEK, FILLING UP HOLE

The most impressive structure at McLellan dam in South Gray county is the concrete spillway, shown upper left, looking west and toward the dam. Lower left shows the back filling and cement curing. Lower center shows a view of the huge cement plant. Concrete is forced through a cast-iron pipe from the plant to the point where it is used.

Lower right shows a view of forms on the spillway and the pouring of cement. In the background is a view of the east portion of the huge earthen dam that extends across McLellan creek. The concrete work on the spillway was almost completed yesterday. The work had just begun

Hungary Boosts Armed Strength To Half Million

BUDAPEST, Oct. 15 (AP)—Hungary speed'd defense measures to day by ordering mobilization of agricultural workers to ensure an adequate food supply in any emergency from her dispute with Czechoslovakia on minority claims.

The official Gazette will publish tomorrow far-reaching decrees supplementing the calling to the colors of five army classes of about 200,000 men, which boosted the number of Hungarians under arms to an estimated half million.

These steps were taken for peace, not war, officials said. Hungary has no aggressive intentions, it was added.

Authorities were directed to muster all unemployed farm workers for transfer from farm to farm to ensure continuity of agricultural output.

Former Premier Kolomon Daranyi, who presented Hungary's case against Czechoslovakia before Reichsfuehrer Adolf Hitler at Munich yesterday, returned today with Germany's views on settlement of the territorial dispute.

Memphians Hurt In Interurban Crash

DALLAS, Oct. 15 (AP)—Fourteen persons were injured when a Dallas-Waco interurban split a switch and rammed a gasoline car on a siding at Lisbon today. All were expected to recover.

Among the injured were Jimmie Jones, 4, of Memphis, lacerations of the legs; Della Synco, 13, daughter of Mr. and Mrs. Charles Synco of Waxahachie, legs cut and possible internal injuries; Mrs. L. Campbell of Houston, lacerated mouth; Mrs. D. M. Gatlin of Whitney, cuts and bruises and lacerated upper lip; Mrs. Marshall Jones, 26, of Memphis, leg injury; and Mrs. I. G. Green, 25, of Italy, leg injury.

Thomas C. Parker of Waco, operator of the interurban, suffered minor injuries.

Folks May Chunk Rings At Live Ducks And Monkey In Carnival

There'll be live ducks and a live monkey in Pampa Oct. 27, 28 and 29, and Top O' Texas citizens will try to throw rings around the necks of the ducks and hit the monkey as the Pampa Lions club stages its 15-stand carnival on the Santa Fe right of way on West Atchison street.

In addition to the attractions designated as duck ponds and chunk the monkey there will be a bingo stand, a stand for cigaret shooting, a souvenir stand, a hoop game, and a clothes pin stand, and nine other attractions.

Preparations for the charity circus are progressing in good order, D. L. Parker, general chairman of the event, said Saturday. All of the prizes to be awarded have been received, and the 80 x 120 foot tent rented from a Waco concern to house the carnival, will arrive in Pampa on Oct. 24, three days in advance of the carnival opening.

R. R. And Bratton Get Dubs On Fishing Pews

By THE ROVING REPORTER. It won't be long now until the Roving Reporter will gather up his boys some afternoon and head for Lake McLellan on an overnight camping trip, because long before Thanksgiving the dam, now a building on McLellan creek, is going to be completed.

Then, in a few months the lake should be lipping full of water. Any one of three rains that have fallen since construction of the dam began would have filled the long, sinuous lake that will back up behind the great earthen dam.

Thursday afternoon, the R. R. thumbed a ride with W. A. Bratton to the dam-site, and noted with amazement the progress that has been made in the last six weeks. Then you couldn't tell what it was all about. Now the dirt work on the dam is almost finished, and you can readily picture the magnitude of the lake-to-be.

Workers Thursday were concentrating on finishing the magnificent, gigantic spillway, and they are working like an army of ants just before two fingers. From the spillway brethren and sistern, is going to open up your eyes real big.

Arms Plan Will Cost 5 Billions

NEW YORK, Oct. 15 (AP)—The some business leaders who accurately forecast President Roosevelt's billion, dollar rearmament plan a week in advance estimated today the program would stimulate industrial spending of at least \$5,000,000,000 additional during the next 15 months.

The broad plans now being worked out in conferences between business executives and government officials, they say, are designed to become the dominating factor in the recovery picture.

The huge scope of the program, they added, was not yet fully realized by the country at large.

The executives spoke candidly—as they did eight days ago in predicting the President's program—under a pledge that they would not be identified.

The re-armament program view economically, they explained, marks a basic change in the government's recovery program, a switch of emphasis—which many business leaders have long sought—from consumer goods to heavy industry.

Nazis To Deflate Tires Of Speeders

BERLIN, Oct. 14 (AP)—A new order said traffic police may deflate the tires of "road hogs" and reckless drivers right at the spot where they are caught.

Authorities explained the need of severe measures by the fact that despite more stringent control the annual average of 8,000 persons killed and 175,000 injured on Germany's highways remains almost stationary.

Offenders also may be fined or have their licenses taken away for a period of one week to three months.

Government Threatens To Manufacture Cotton Goods

WASHINGTON, Oct. 15 (AP)—Agriculture department officials said today it might be necessary for the government itself to manufacture cotton goods if the textile industry declined a request that it cut costs to the bone on products made for sale at bargain prices to low-income families.

If the industry does not cooperate in the program for federal subsidization of cotton consumption among the poor, the government might lease idle textile mills or build its own plants, one high official declared.

South America May Strengthen Defense System

By CHARLES P. NUTTER. WASHINGTON, Oct. 15 (AP)—Reports received here from Latin America suggest this country's defense in strengthening of whole defense may be copied quickly below the Rio Grande.

The retreat of Democratic protectors before Germany's threats against Czechoslovakia, and the economic inroads already made in South America by Germany, Japan and Italy, are reported to have alarmed many of the Latin American states as to their future safety.

The United States government is profoundly interested, its traditional policy under the Monroe Doctrine being to shield its New World neighbors from invasion by arms if necessary.

More than six months before Hitler marched into Austria, Brazil—greatest and most powerful nation in Latin America—informed the United States of its "increasing concern with certain tendencies of the world political situation."

Other oil producing sections of the state were expected to join the Panhandle group at the state-wide hearing.

Lumber Man Robbed Of \$665 On Highway

GRAND SALINE, Oct. 15 (AP)—C. C. Holliday, Hallsville lumber mill operator, was robbed of \$665 while he and his wife were parked to eat lunch today on the Dallas highway about ten miles west of here.

Holliday told officers two men drove alongside, one pulled a pistol and held him up.

The lumberman said the cash represented a collection made in Dallas.

'Hitching' Cyclist Dies In Fall Beneath Truck

SAN ANTONIO, Oct. 15 (AP)—Injuries received when he fell beneath the rear wheel of a heavy truck while "hitching" a ride on his bicycle, proved fatal today to Earl Petty, 17.

Tony Baloney, whose real name is Frank Lorince, was one of a visiting delegation of 10 members of the Lions club of Enid, Okla., who were guests of the local Lions club Friday.

The visitors left on the return trip to Enid Saturday morning, after having seen the Pampa-Port Arthur football game Friday night. Friday afternoon the visiting Lions were conducted by W. A. Bratton, Arthur Teed, J. S. Wynne, Frank Culbertson, Roy Bourland, and Carl Benefield on a motor trip to the Combs-Worley ranch.

A supper was given for the guests. See "FEETBALL," Page 2

Insurgent Drive Fails

HERNDAYE, France (at the Spanish frontier) Oct. 15 (AP)—Spanish government dispatches said today a sudden insurgent effort to break through long-established government lines in the Aranjuez sector south of Madrid had failed after serious engagements.

Man Out of Work a Year, Gets Job and Drops Dead

CLIFTON, N. J., Oct. 15 (AP)—John K. Fayko, Sr., 50, had been out of work a year.

Yesterday he got a job. Two hours later, while pushing a hand truck, he dropped dead of a heart attack.

Right Of Way Deed Has Seals Of Nine States Attached

Notary seals of nine states were affixed to a right of way deed recently transmitted to the Texas Highway department by the local office.

The right-of-way deed was on a tract situated on the Lipscomb-Higgins road, highway 213. Work on the project was suspended two months ago, with only nine miles of the 20-mile improved dirt road completed. The work began in 1934.

To obtain the deed, it was necessary for the document to be sent first to the owner of the property, who lived in California, thence to her children, who resided in New Jersey, Oklahoma, and other states, then back to Texas.

Amarilloan Charged With Appropriating Caliche For Road

AMARILLO, Oct. 15 (AP)—Mark Parker, Potter county commissioner, was freed tonight on \$1,000 bond on a charge of misappropriation of public property.

He is charged with using county caliche (road base) on private roads in his precinct.

Seven of nine indicted Friday on charges of vote fraud in the same precinct had made the required \$250 bond tonight.

Miss Perkins Urges Labor Peace Parley

Secretary Suggests That Committee Of 13 Mediate Quarrel

WASHINGTON, Oct. 15 (AP)—The Farly discouraging an advance of labor peace, who said the rival leaders could hardly be expected to act on the spur of the moment regarding such an important question. They acknowledged, however, that the bitterness engendered by the long conflict would make a settlement extremely difficult.

In an interview just prior to Miss Perkins' address, on the occasion of the third anniversary of the C. I. O.'s conception, Lewis declared the committee for industrial organization would continue as "labor's most progressive and active force."

Secretary Perkins in her address at a joint celebration of the 70th anniversary of the Order of Railway Conductors and the 50th anniversary of its Ladies auxiliary, said: "I have great faith in the capacity of the people on both sides of this controversy to make a fair and workable adjustment, and the desire for it from the membership and from the public is intense."

Dunigan Leaves For Oil Meeting

E. J. Dunigan, president of the Panhandle Independent Producers and Royalty Owners association, was named by Panhandle oil men to attend a meeting of the Texas Railroad commission Saturday and Monday in Austin, when they met in Amarillo Friday.

Mr. Dunigan left after the football game Friday night, taking a train at Clarendon.

The oil producers voted as a unit to support the state's efforts to control production in resolutions upholding current policies of the Texas Railroad Commission, an advocating continuation of Saturday and Sunday shutdowns.

The resolution also protested existing price discrimination and recommended an increased tariff against imported foreign oil.

Other oil producing sections of the state were expected to join the Panhandle group at the state-wide hearing.

Temperatures In Pampa

PRAGUE, Oct. 15 (AP)—Determination of the future foreign policy of dismembered Czechoslovakia awaited today full study of a report by Foreign Minister Frantisek Chvalkovsky on his conference at Munich yesterday with Reichsfuehrer Adolf Hitler.

Premier Jan Syrovky, holding firm to a program of cooperation with both major and minor powers, urged divergent political parties to unite in common cause to promote development of a new independent state.

Boys To Live But He Will Be Blind

BOSTON, Oct. 15 (AP)—Scientists tonight brought a dying 16-month-old baby boy back to the path of life—only to say he must travel it in total blindness.

Deep-searing high voltage X-rays apparently halted progress of gliona (a tumorous condition) in the left eye of little Jimmy Abraham whose right eye was removed last night because of hopeless spread of the same malady.

"The chances of life are good, and while there is some sight remaining in the left eye, I think eventually that total blindness will result," declared Dr. Louis Schwartz, of Boston City Hospital.

Woman Gives \$125,000 To Aid Ministerial Students

Rail Birds Will Honor Harvesters At Grid Banquet

The Pampa Harvester football squad will be honored at a banquet by a group of fans known as the "Rail Birds" on Thursday night at 7 o'clock in the high school cafeteria in the red building.

Tickets for one adult and one boy will be \$1 and will be available at Faulkner's or from C. E. "Dan" McGrew. Fathers of boys on the team are urged to secure tickets early because the "birds" are anxious to have the dads on hand.

An interesting program, one that is different, will be presented. There will be no "dry" speeches or bouquets thrown at the boys who will be in the midst of preparing for the invasion of Amarillo the 29th of October.

"Eradicating or securing reservations will be Wednesday because we must let the cafeteria management know how many to expect, "Rail Bird" McGrew announced last night.

Lease In Gray County Sells For \$50,000 In Cash

One of the largest transactions of the year was consummated last week when D. R. Triplehorn purchased a 250-acre tract of land in the east-central part of Gray county from the Jerrianna Oil company of McLean for \$50,000 in cash plus oil.

The lease is on the L. H. Webb ranch about 13 miles southeast of LeFors. One producing well, brought in more than a year ago for about 800 barrels, is on the lease.

The contract calls for the drilling of five additional wells, one at a time.

O'Daniel Denies He Favors Tax On Oil

DALLAS, Oct. 15 (AP)—W. Lee O'Daniel, Democratic nominee for governor, disclaimed here today any intention of meaning he favored an increase in taxes on oil or boosts of other existing levies by his statements in a recent speech.

"Oil already is paying a tax," said O'Daniel. "Whether it is enough is a matter of opinion."

O'Daniel and his family arrived this morning for a day at the state fair, where O'Daniel day was observed.

"I've reached one definite conclusion," said O'Daniel. "That is that the government can and should be reorganized. I don't know yet just what departments should be consolidated and abolished, but to know much can be done along these lines."

Nazis Satisfy Hungary And Flay Baruch

Czechoslovakia Now Fast Under Mailed Of Germany

MUNICH, Oct. 15 (AP)—Germany locked tonight for quick adaptation of Czechoslovakia to her hegemony and to settlement of her claims for the same basis as Germany acquired the Sudetenland. At the same time the German press ceased attacks on Czechoslovakia and opened up instead with criticism of Bernard M. Baruch, former chairman of the United States War Industries Board.

Even the semi-official Diplomat-Politisches Korrespondenz joined the chorus. (Baruch declared in Washington Friday that Germany had not gained all raw materials or markets she needed and said "the threat to the United States from Germany is in fact America and is real and immediate.")

"His charges," this publication asserted, "further constitute a systematic campaign of casting suspicion on the German Reich with the South American states and to disturb the legitimate exchange of goods profitable to both."

It said it took satisfaction, however, in the fact President Roosevelt did not associate himself with Baruch's strictures. With departure of Czechoslovak Foreign Minister Chvalkovsky and former Hungarian Premier Kolo-man Daranyi after conferences with Reichsfuehrer Adolf Hitler here, Germans felt two things would happen soon:

1. Czechoslovakia would remould her political, social and military life to adapt herself to Germany's influence.

2. Hungary would receive all those sections of Czechoslovakia on the Hungarian border where the Hungarian race and language predominate. Hitler, according to Germans in touch with the situation, did not designate in his conferences yesterday which cities, towns and villages should be regarded as Hungarian but insisted the same yardstick be applied on the Hungarian-Czechoslovak line as was used in the Sudeten district.

'Ideal Reporter' Both Gentleman And Tough Guy

CLEVELAND, Oct. 15 (AP)—Is the ideal newspaper reporter the one whose watch charm is a Phi Beta Kappa key? Or the one who comes from "across the railroad tracks?" Managing editors of some of the nation's leading newspapers heard one of their colleagues analyze the question today, and answer: "We need both."

A. Y. Aronson, of the Louisville Times, spoke on "picking a staff" at the concluding session of the sixth annual convention held by The Associated Press Managing Editors' association. "I like college-bred reporters," Aronson said. "Their family background is generally good. And their training has taught them to explore the mind. "But a staff of all college men would not function to the best advantage. We need men whose natural ability and curiosity outweigh their lack of formal education—who know some of the things not taught in kindergarten. "For reporters get most of their training from other, and older, reporters."

John Fasmall, of the Atlanta Journal, said he expected newspaper readers of the future to demand "word pictures" whose graphic quality would match that of good news photographs. "The public is demanding better text as well as better pictures," he averred.

Gophers Outplayed But Beat Michigan
MINNEAPOLIS, Oct. 15 (AP)—Minnesota's mighty powerhouse, dynamited by a scrappy Michigan wrecking crew, unveiled a puzzling passing attack today to come from behind with six minutes to play and win 7 to 6. Fifty-five thousand homecoming fans saw the Big Ten champions retain the historic little brown jug in a game that found Coach Fritz Crisler's huskies gain the edge in everything but the final score. In that last quarter with Michigan holding a 6 to 0 edge after a great 90 yard march up the field, Coach Bernie Bierman's squad called on the injured Harold Van Every, triple threat halfback. Van Every shot a perfect strike from his own 48 to Bill Johnson, sub right end, who caught the ball on the Michigan 18 and plunged to the 14. Another pass took it over.

Wisconsin Cannot Stop Pittsburgh
MADISON, Wis., Oct. 15 (AP)—Nothing Wisconsin could do was good enough today to stop the victory march of Pittsburgh, which defeated the Badgers 26 to 6 and extended its wins to four this season. Playing before a crowd held to only 26,200 by threat of rain, Pitt ran, passed and intercepted its way to touchdowns in the last three quarters, picking up seven points in the second, six in the third and 13 in the fourth.

52 Petit Jurors To Report For Service In Court Tomorrow

There will be 52 jurors, instead of the customary 40, reporting in 31st district court for petit jury service Monday morning, as a result of the time required to prepare a charge to the jury hearing the case of W. H. Ivey vs. the Texas Company et al. The case started Wednesday and testimony was concluded at 4:30 o'clock Friday afternoon. Due to the time required to prepare the charges and for the defendants to file objections, Judge W. R. Ewing dismissed the jury in the case, and instructed them to report one hour later, the customary hour for court to open on Monday.

In the current case in 31st district court, plaintiff is asking for \$30,000 damages. The action is based upon an accident that occurred June 30, 1937, when the truck upon which Mr. Ivey was riding was in collision with a truck of the Texas Company. The accident happened on a bridge near LeFors.

Compensation Granted. Judgment granting compensation was made in a companion case filed W. H. Ivey vs. Southern Underwriters. Compensation alone was the cause of action in the first case, damages in the second.

Only one new judgment has been recorded in 31st district court this week-end. In the case of Raymond R. Houston vs. Troy Williams et al, judgment by default, the ruling was that plaintiff recovers title and possession to lots 25, 26, and 27 of block 2, Pampa, and the sum of \$50. Monday will open the fifth week of the September term of 31st district court. The week is civil, subject to criminal, as is the succeeding week that opens Oct. 24.

Jury List. The regular jury list for the fifth week from Pampa—W. A. Gray, Samuel Irwin, T. H. Henry, M. D. Oden, Vester Dowell, Siler Hopkins, E. L. Green, D. E. Holt Jr., S. G. Surratt, C. E. Kenne'y, F. W. McAfer, F. M. Culbertson, Emnis Jones, J. T. Pruitt, R. L. Edmondson, Alfred Gilliland, D. Daubenspeck, Isham Brown, George Paulkner, Albert B. Lockhart, Fred I. Lamb, Gordon Saulsbury, LeFors Doucette, E. H. F. Brooks, Frank Hill, and H. T. Bender.

From LeFors: Dee Medley, C. C. Mullin, Giles Keith Howli, T. D. Batson, A. D. Airlington, E. J. Farmer; from McLean—Guy Kibler, C. L. Wood, F. E. Stewart, Floyd Reeves, and Ben Howard; Leo Paris, Miami.

Buick Orders Reach New Ten-Year High

FLINT, Mich., Oct. 15—Retail orders in the hands of Buick dealers are the highest they have been for any announcement period, in the last 10 years, W. F. Hufstader, general sales manager, announced Saturday. The executive said that a telegraphic report, covering a cross section of the dealer organization reveals that in all instances, dealers have more orders on hand for 1939 cars than they had for the new models at this time a year ago and that in many instances, dealers already have booked more business than they had through the first half of the 1938 model year. Domestic retail deliveries for new Buick cars during the last 10 days of September, which were predominantly early deliveries of 1939 models, totaled 5,067 cars, compared with 1,742 in the previous 10 days and with 4,425 in the corresponding period of September last year. Sales during the last 10 days of August were 3,053. The final September period showed a gain of 2,004 or 55.6 per cent units over the corresponding period last month and 632 units or 14.3 per cent over the last 10 days of September, 1937.

Banks Are Willing to Loan

—when prudent business men are willing to borrow.

THIS bank is prepared to make loans whenever individual business plans and related business conditions warrant them. From many quarters come reports of stabilized conditions in general business for the nation as a whole. As such gains become more prevalent and firmly established the opportunities for successful undertakings will increase. Under such conditions it is particularly timely for business men to take stock of the future. This bank is continually studying national and local business information and is always ready to discuss plans and conditions with its business neighbors. If it develops that a loan is justified, we will make the loan.

A fine of \$25 and costs was paid in justice court Friday night by A. B. Horner, who had been charged with using abusive language, following an automobile accident on the Pampa-Borger road. Horner, according to officers, became abusive when passing motorists investigated the accident in which Horner's automobile overturned. No one was injured in the accident.

Championship Hopes Of Alabama Buried

BIRMINGHAM, Ala., Oct. 15 (AP)—Fading in all their might, the orange-shirted volunteers of Tennessee shattered the championship hopes of a heralded Alabama Tide today with a stunning and soundly administered 13 to 0 victory before 26,000 spectators.

Only four times did the Crimson Tide penetrate Tennessee territory, the chief threat being checked at the Volunteers' 22-yard line in the closing minutes after Alabama had resorted to a passing attack.

Tennessee drove 68 yards on straight running plays to score after 12 minutes of play in the opening period and counted again in the third on a drive of 51 yards, featured by a spectacular 33-yard dash by Cafego.

If Fascism Comes, It Won't Be From Afar

Having examined the ways by which the Communists are trying to extend their influence in America, the Dies committee now takes up the matter of Fascists; and here, too, it uncovers horrid "plots" which will doubtless worry quite as many people as were worried by the revelations about the Communists—although they will probably be a different set of people.

True it is that the committee seems to have shown that Fascist agents are active in this country. Things have been done, under cover, which stem directly from Berlin and Rome. Specially listed, they have an extremely unpleasant sound.

Yet one hardly needs to be a professional optimist to suspect that all of the activities of these foreign agents add up to very little as far as the future of our republic is concerned.

Fascism may be a dark cloud on our horizon; but if we ever do get Fascism in this country, we shan't get it because of the bought-and-paid-for machinations of any foreign agents. It will be a home-grown product. More than that, it will place tremendous emphasis on its pure and unsullied Americanism.

Huey Long once remarked that America probably would have Fascism some day; but he added, "when we get it we won't call it Fascism—we'll call it anti-Fascism." And Huey's wise-crack is much more worth remembering than are the revelations of the Dies committee.

If we ever do get a serious Fascist movement in this country, no taint of German or Italian gold will be visible in it. Instead it will be a 100-per-cent-American move to "save the American way of life." It will mention the Constitution, stress patriotism, and voice a furious distrust of foreigners. It will almost certainly clamor for a bigger army and navy. It is quite likely that, as Huey predicted, it will actually present itself under the guise of an anti-Fascist movement.

All of that will be window-dressing. Down underneath will be the meat of the thing. For while it gives lip service to democracy and democracy's institutions, it will insist that there is at hand a crisis which demands stern and drastic action. It will ask for centralized power in the hands of one man. It will pretend at the same time to be very radical and left-wingish, but its promises to the common man will be extremely vague and general.

Some such pattern as that is what we may expect a real Fascist movement in this country to follow. A few of its characteristics have already appeared, but they haven't made much headway, and there doesn't seem to be much reason to expect that things will be much different in the future.

But we might as well remember what the stimula are. It will at least keep us from worrying about the disclosures of the Dies committee.

Behind The Scenes In Washington

WASHINGTON, Oct. 15—Badly understaffed, financially starved and slightly dazed by complexities of the law, the administration of the wage-hour law approaches the effective date of the act, October 24, convinced the law needs amending.

Millions of workers on goods moving in interstate commerce will be guaranteed a maximum work week of 44 hours, with time and a half for overtime, and a minimum wage of 25 cents an hour under the law.

But Administrator Elmer F. Andrews has no power to say which industries are covered by the law and which are not. The act makes certain definite exemptions and Andrews probably will issue a memorandum telling which industries are "obviously" affected, but will not attempt to show which occupations and industries fall outside. Employees in retail trade "obviously" are not affected and employees of factories making goods for sale outside the state "obviously" are. There is a large border-line group.

COURT HAS FINAL SAY Any Andrews memorandum will be advisory and subject to review by the courts. The law was written on the basis of dissenting opinions of certain Supreme Court justices, in the belief that these dissenting opinions would become majority opinions. To uphold the law the Court must reverse the Hammer vs. Dagenhart decision which held production wasn't subject to federal control and that manufacture and mining were not commerce. Assuming the Court does that, it must still determine how far into industry the law can constitutionally extend, by decisions in individual cases.

Only employers "obviously" covered will be prosecuted if they fail to comply with the law. But both they and "border-line" employers can be sued by employees for double damages on unpaid overtime compensation or minimum wages, the courts deciding whether employees are entitled to damages. Except for a few carefully specified definitions required of the administrator, administrative interpretations carry no immunity from such private suits.

Employers must keep records as to wages and hours, and need not turn in reports. Administrative definitions of learners, handicapped persons, seasonal employment, professionals, executives, "production areas" and others called for by the law will be published by October 24.

HAS 60 WORKERS, NEEDS 1,000 The administration has about 60 employees and expects to need about a thousand. It can't add to its present staff because it lacks funds. Administration eventually is expected to cost between two and two and a half millions a year. Although enforcement and inspection will be insignificant at the start, Andrews is depending on business men to help enforce the law by reporting violations by competitors.

COMPARING OUR TIMES TO THOSE PRIOR TO THE FRENCH REVOLUTION

It might be interesting for those people who have not had time to read history and see the great similarity between what we are doing now and what was being done before the French Revolution, to quote briefly a few statements made by the great Frenchman, Alexis de Toqueville (author of the famous "Democracy in America") in his book on his own country, "The Old Regime and the Revolution."

Remember this book was written in 1856—82 years ago; so that there cannot be any charge that it is biased by partisan politics of today. These items seem like conditions, as they exist today.

"Not content with aiding the peasantry in times of distress, the central government undertook to teach them the art of growing rich, by giving them good advice, and occasionally by resorting to compulsory methods."

"Orders were passed prohibiting the cultivation of this or that agricultural produce in lands which the Council considered unsuited to it. Others required that vines be planted in what the Council regarded as bad soil should be uprooted. To such an extent had the government exchanged the duties of sovereign for those of guardian."

"The government had a hand in the management of all the cities in the kingdom, great and small. It was consulted on all subjects, and gave decided opinions on all; it even regulated festivals. It was the government which gave orders for public rejoicings, fireworks and illuminations."

"Municipal officers were impressed with a suitable consciousness of their nonentity."

"Under the old regime, as in our own day, neither city, nor borough, nor village, nor hamlet, however small, nor hospital, nor church, nor convent, nor college could exercise a free will in its private affairs, or administer its property as it thought best. Then, as now, the administration was the guardian of the whole French people; insolence had not yet invented the name, but the thing was already in existence."

"Judges whose position was beyond the king's reach, whom he could neither dismiss, nor displace, nor promote, and over whom he had no hold either by ambition or by fear, soon proved inconvenient."

"A very extensive machinery was requisite before the government could know everything and manage everything at Paris. The amount of documents filed was enormous, and the slowness with which public business was transacted such that I have been unable to discover any case in which a village obtained permission to raise its church steeple or repair its presbytery in less than a year. Generally speaking, two or three years elapsed before such petitions were granted."

"A marked characteristic of the French government, even in those days, was the hatred it bore to everyone, whether noble or not, who presumed to meddle with public affairs without its knowledge. It took fright at the organization of the least public body which ventured to exist without permission. It was disturbed by the formation of any free society. It could brook no association but such as it had arbitrarily formed, and over which it presided. Even manufacturing companies displeased it. In a word, it objected to people looking over their own concerns, and preferred general inertia to rivalry."

"It seldom undertook, or soon abandoned projects of useful reform which demanded perseverance and energy, but it was incessantly engaged in altering the laws. Repose was never known in its domain. New rules followed each other with such bewildering rapidity that its agents never knew which to obey of the multifarious commands they received."

"Nobody expected to succeed in any enterprise unless the state helped him. Farmers, who, as a class, are generally stubborn and indolent, were led to believe that the backwardness of agriculture was due to the lack of advice and aid from the government."

"Government having assumed the place of Providence, people naturally invoked its aid for their private wants. Heaps of petitions were received from persons who wanted their petty private ends served, always for the public good."

"Sad reading, this: Farmers begging to be reimbursed the value of lost cattle or horses; men in easy circumstances begging a loan to enable them to work their land to more advantage; manufacturers begging for monopolies to crush out competition; business men confiding their pecuniary embarrassments to the attendant, and begging for assistance or a loan. It would appear that the public funds were liable to be used in this way."

"The local franchises of the rural districts were fading away, all symptoms of independent vigor were vanishing, provincial characteristics were being effaced, the last flicker of the old national life was dying out."

"France is nothing but Paris and a few distant provinces which Paris has not yet had time to swallow up."

All this de Toqueville says in 1856, adds up to the following: "History, it is easily perceived, is a picture-gallery containing a host of copies and very few originals. Does this not sound familiar? If we substitute Washington for Paris, states for provinces, and the United States for France, we have a very similar picture to our country in the year 1938."

The Nation's Press

THE DEMOCRATIC SYSTEM (New York Times) When Mr. Chamberlain got home from Munich he was in a more embarrassing position than Signor Mussolini or Herr Hitler. The latter two gentlemen did not have to answer questions. Mr. Chamberlain did. The two corporate potentates did not have to submit to criticism, inside their own countries. Mr. Chamberlain did. The difference is childishly simple. In Germany and Italy the people are responsible to their Governments. In England the Government is responsible to the people. In Germany and Italy the ruler can make no mistakes and do no wrong—it is treason to say that he can. In England the ruler, that is to say, the Cabinet, can not only make mistakes and do wrong, but must sit quietly, under rules of parliamentary law, while its errors are pointed out.

Mr. Chamberlain had to listen, and did listen with true British patience, while Major Attlee said that the Czechs had been "shamefully betrayed by those who have been pledged to stand by them"; while Anthony Eden declared that "successive surrenders only bring successive humiliations"; while Sir Archibald Sinclair stated his belief that the Government "is wobbling toward war." He had to endure the strictures of his own first Lord of the Admiralty, Alfred D. Cooper, who resigned in protest against the compromise of Munich. He has to face the critical eloquence of David Lloyd George and Winston Churchill. Sooner or later he must submit his policy to a free popular election—and the British electorate cannot be terrorized into lightning to face another financial crisis. This time the chronic weakness of the franc is aggravated by the heavy cost of mobilization and by a flight of capital resulting from the bleak fact that French political and commercial influence in Europe has suffered a body blow. The high mood of last Saturday already evaporates before this back-to-normal view. The great Powers of Europe have escaped unlimited war by yielding to Hitler's threats, but they can find but cold comfort in turning back to face the problems that remain before there can be peace.

THE SITUATION REMAINS ABOUT THE SAME

Around Hollywood

By ROBBIN COONS

HOLLYWOOD.—One smart girl grows up: On the evening of December 4 there'll be a birthday party at Andre de Segura's house. The guest of honor, who is de Segura's star voice pupil, will be celebrating 16 years of life, the last three spent in the glaring light that falls on a real movie celebrity.

Deanna Durbin will wear her hair "up" for the occasion—but she will not be escorted by a "boy friend." So all the mamas of growing girls can breathe easily again.

What Shirley Temple is to the nine-year-olds, Deanna is to the adolescent girls. What Deanna does on the screen—and in her private life too—is extremely important. If Deanna starts "dating," it will be an advent as cataclysmic as the first occasion on which Shirley Temple gets wise to spinach. The mothers of America will deplore... AND write in.

This is no idle gossip. The mothers of America already have written in, and they will do so again. To Deanna, to Deanna's mamma, to Joseph Pasternak, Deanna's producer, letters rush in perishing-the-thought that Deanna might be allowed a screen boy-friend in "That Certain Age."

Right now, on the threshold of the sweetest possible 16, Deanna is a young lady of quiet poise and assurance which masks a natural shyness; she is given to deliberate, serious answers to some of your casual questions—and again, with a laugh that is half smile, half giggle, she'll chatter away for all of two minutes at a stretch. She did this about putting her hair "up" for the first time, and she repeated on the matter of the possible "boy-friend."

"Oh, I can't," she said. "There are so many people who object—and then there are SOME newspaper critics," she added with just the ghost of a pout, "who always look for a chance to write up things like that. I went with Jackie Cooper to the 'Tom Sawyer' preview—my mother and father went with us—and the next day someone wrote that Jackie and I were seen together at some cheap night club and how awful it was!" "But were you?" the prosecution demanded sternly.

"Oh, NO-O-O-O!" Deanna's blue eyes widened. "I've never been in a night club—except to sing when the studio used to send me. And oh, yes—I saw some in New York but that was because Mr. Pasternak told me to. So I'd know what they were like, because in the picture I had to go to one."

"No, really I can't do anything—but I MANAGE," she brightened. "Manage?" "I mean I have a good time—at home, with friends, or just by myself. I have a good time."

Deanna's ultimate ambition is to sing in opera. She hasn't had time to study for it, however. Her next picture is "Three Smart Girls Grow Up." One striking evidence that Deanna is growing up is in her fingernails. She doesn't bite them any more.

"Oh, I made a deal," she explained, "with Mr. Koster. Mr. Henry Koster, my director. I said I'd stop biting my nails if he stopped smoking cigarettes."

People You Know

By ARCHER FULLINGIM

Some people thought that west Pampa last week needed a humane society—A Society for the Prevention of Cruelty to Animals; that it needed a merciful heart and loving hands out on North Baer street where a horse was carelessly left to die a lonely, friendless, death. Residents of Baer street on which a pumping oil well in the Tully addition is located say that the horse was brought out there and left to die about a week ago. Mrs. W. H. Dennis, a resident of Baer street, said that the horse was never tied, and that it wandered around searching for food and water. "It wasn't just lost, for no one tried to find it," she said. It cropped grass on the lawn of a neighbor and came to her back door and she gave it water. The old horse was skin and bones. Thursday the suffering animal lay down in a vacant lot and couldn't get up. She thought it was dead at first, but she looked closely and saw it breathing. She left home about 11 o'clock that day and came back at four and the horse was gone. There was a quantity of clotted blood where the horse had lain. She wondered if the horse had died and had been taken away. She wondered, too, how the injuries from which the horse had bled were inflicted.

True, the susceptibility may be transmitted. When cancer appears in many members of a family, its appearance may be due not only to such an hereditary factor but to age, habits, occupation, and constitution of the person concerned. Human beings intermarry so irregularly, however, that it is believed in general unimportant to consider the question of heredity in relationship to cancer.

As an example of heredity in cancer there is the case of one family in which 10 of 16 children had a certain unusual form of tumor in the retina of the eye. An uncle on the father's side died from the same malady.

There are 33 cases recorded in which twins have been involved by tumors. The tumors which occurred were in general of the same type, affecting the same organ and appearing approximately at the same time in each of the twins.

When the statistics for all people with cancer are studied, it appears that an average of 14 per cent of persons with cancer have had cancer recorded in their families.

The mere fact that the majority of people with cancer are not able to remember any one in their families having had a cancer does not prove in itself that cancer is not hereditary, however. It is quite possible for a recessive characteristic of this type to pass over several generations.

Cranium Crackers The man who wrote "Vanity Fair" was born the year before the United States declared its second war on Great Britain. He died the year after Lincoln delivered the Gettysburg address. His middle name was what the world wishes Spain, Cuba, China, and Japan would do as fast as possible.

What was the man's name, when he was born, and when did he die? (Answer on classified page.)

Automobile production in 1939 was four cars.

How's Your Health?

The experiments with tar by which cancers have been produced in animals indicate that it would not be desirable for human beings to rub tar repeatedly into the skin, or rub in any of the substances which resemble tar in chemical structure.

For some time it has been known that repeated rubbing of the skin by a roughened collar might produce an abrasion through which infection could enter. It has also been known that repeated rubbing of the skin may in itself produce overgrowth of the tissue. These are forms of chronic irritation, but there is also another kind of chronic irritation which takes place within the cells, and which may be a minute chemical irritant. Along these lines, particularly, cancer is now being studied.

We recognize that cancer of the lungs in miners may occur because of exposure to arsenic and radium dust; cancer of the cheek in people who chew the betel nut, cancer of the lip and tongue in smokers who constantly irritate their lips and tongue, and cancer of the bladder in workers in certain dye industries.

Studies that have been made on mice show that the mice have a susceptibility to cancer, and that it is transmitted through the female.

There is also evidence that certain forms of tumors may develop on an hereditary factor. However, cancer itself is not inherited.

School Bus Drivers To Be Given Safety Exams DENWORTH, Oct. 15 (AP)—Mounting death tolls on Texas highways have caused Superintendent of Education L. A. Woods to confer with state police on instruction of school bus operators in safe driving by highway patrolmen.

In the mail Saturday was this letter from May Stevens Isaacs of Canadian, who is the only person so far who has replied to the appeal made Thursday for assistance in deciding whether to continue or drop this column:

"To be sure we read your column. Who doesn't? I am enclosing a poem which expresses my idea of a good columnist, and I am dedicating it to Tex DeWeese, Arthur Brisbane, E. W. Howe, Charles Driscoll, Old Tack, and others who have had and do have a daily following of appreciative readers. And here is the poem, entitled 'The Columnist': 'A nose for news' also, they say."

It takes a bit of white matter. Perhaps a little of the gray. Fair knowledge of right use of words, You need skilled touch upon the keys; Should not allow your thoughts to stray. For you must keep your goal in view Of writing a column each day.

So, good luck to columnists, Whoever, wherever, they be. Writing, writing, day after day. To inform, entertain, you and me. —MAY STEVENS ISAACS.

A notation at the bottom of the poem, shows that it was composed only last Friday, and this is the first time it has appeared in print. We appreciate very much this expression from Mrs. Isaacs. We do hope, though, that you get other contributions—they don't have to come in the form of bouquets. Perhaps you think we need a good "lacing out," or maybe you'd like to put us in our place. That kind of contribution is welcome, too.

So much for that. That was a bang-up football game between Pampa and Fort Arthur Friday night, with the possible exception there were more fumbles than at the recent four-power conference in Germany. Incidentally, visiting teams can have no kick on the rugs dished out by Pampa officials. And while we're on the subject, Head-linsman Clifford Braly had to call some heart-breakers, but you'll have to give him credit for calling 'em as he saw 'em.

YOU AND YOUR Nation's Affairs

A Short Cut to Utopia

By ELIOT JONES, Professor of Transportation and Public Utilities, Stanford University

California is a forward-looking state, which has pioneered many reforms. Unfortunately, however, it has embraced with great enthusiasm a number of highly impractical schemes.

The latest of these is a cure-all in the form of a \$30 a week Thursday plan, known officially as the California State Retirement Life Payments Act—\$30 A Week For Life.

Unsound though this plan be, there is a real danger that it will soon be put into operation. Approximately 350,000 persons signed the initiative petition to put it on the ballot in November, and the Supreme Court of the state, without passing on the constitutionality of the proposed legislation (which takes the form of an amendment to the Constitution), has held that the measure is legally on the ballot.

In the August primary the Democrats nominated for Senator, Sheridan Downey, who favored the plan, and defeated Senator McAdoo, who opposed it; and they did so despite the fact that President Roosevelt, coming to the aid of McAdoo, characterized the plan as "a fantastic financial scheme" and "a short cut to Utopia."

Though the President is popular in California, short cuts to Utopia are apparently more popular.

The essence of the plan is that every Thursday certain favored persons shall be given thirty warrants with a face value of \$1 each, the warrants to be known as "Retirement Compensation Warrants of the State of California." The favored persons are those registered qualified electors who are at least fifty years of age. To be eligible the pensioner must have been born in or before 1863.

Whether the warrants will circulate without depreciation is the subject of controversy. To induce circulation the act provides that they shall be accepted in payment of all licenses, taxes, fees, and debts due to the state or its political subdivisions. It also provides that all public employees shall take half of their salaries or wages in warrants; that public purchases of supplies and equipment shall be paid one-half in warrants; and that sales taxes (except gasoline taxes) shall be waived when the payment for goods is made in warrants.

In brief, then, persons who are fifty years old, and who agree not to work or to employ anyone else to work or to produce goods for sale, get a pension for life. Whether this plan is just or sound will be dealt with in later articles.

Their's no use talking, they are a lot of rascals in the world today, an maybe that little lady Congresswoman from Indiana was right about the other day when she told the National Wimmen's Convention in Detroit that the madness of men was responsible for the troubled condition of the world today. Now that sounds reasonable comin from a Democrat that's on the inside an should oughta know; An then she goes on to tell em she would nev' an of her all this rascally if the wimmen was just allowed to have a voice in rum'n' things, an right there she showed the difference between a Republican an a Democrat, she not only diagnosed the disease, but she had a cure for it. Only one thing is, I thought they already had a voice, if they's one that aint I must of missed her. Course they aint all alike an account of the pitch, but anybody knows they aint nuthin kin hold a candle to a woman's voice when it comes to exertin a influence, an the only question is, kin it cure em madness, an is the cure liable to be wors'n the disease, on account of you got to admit they's a gosh awful lot of rascals out there started in the first place by just only a woman's voice; Ferinstance, they aint nuthin in the world kin make a man madder'n a woman's voice at I. A. M. hollerin for him to get up an cut the grass on his day off. An then there's Ma Perkins, she's had a voice for some time now, an I aint never seen nobody before that could make so many men mad as her, evry time she opens her mouth millions goes mad, an if them Chicago Professors that's been 13 years compilin a new dictionary of distinctive American words an expects to take 5 years more to finish it, if they wants save some time they should oughta go to one of them Employers Association meetin an just mention her name, an they'll get enuff of the distinct words no other dictionary ever thought of in just a few minutes to finish the book right there, an they wouldnt have no trouble sellin the book neither, on account of evry man-skinner'll want one for his library.

P. S.—That one thing about our wimmen-though, no matter what kind of voice they got, we still love em, women and children to a better life. Evrybody is invited to attend this service, which begins promptly at 8 o'clock.

Surgeon Says Pellegrini Is 'National Disgrace'

DURHAM, Oct. 15 (AP)—Dr. W. H. Sebrell of Washington, a national public health surgeon, described today the common Southern disease of Pellegrini as "little short of a national disgrace."

Dr. Sebrell's address was prepared for delivery at Duke University during a symposium on medical problems. The remedy for Pellegrini in the South, he said, is for the South to produce its own food supply.

Evangelist Will Tell Life Story Sunday night at 8 o'clock at the city auditorium, Harold Lee Everett, nationally known evangelist, will tell of his conversion and call into the ministry.

The evangelist has had successful meetings in 38 states and has been instrumental in leading over 20,000 men, women and children to a better life.

Everybody is invited to attend this service, which begins promptly at 8 o'clock.

YOU AND YOUR Nation's Affairs

A Short Cut to Utopia

By ELIOT JONES, Professor of Transportation and Public Utilities, Stanford University

California is a forward-looking state, which has pioneered many reforms. Unfortunately, however, it has embraced with great enthusiasm a number of highly impractical schemes.

The latest of these is a cure-all in the form of a \$30 a week Thursday plan, known officially as the California State Retirement Life Payments Act—\$30 A Week For Life.

Unsound though this plan be, there is a real danger that it will soon be put into operation. Approximately 350,000 persons signed the initiative petition to put it on the ballot in November, and the Supreme Court of the state, without passing on the constitutionality of the proposed legislation (which takes the form of an amendment to the Constitution), has held that the measure is legally on the ballot.

In the August primary the Democrats nominated for Senator, Sheridan Downey, who favored the plan, and defeated Senator McAdoo, who opposed it; and they did so despite the fact that President Roosevelt, coming to the aid of McAdoo, characterized the plan as "a fantastic financial scheme" and "a short cut to Utopia."

Though the President is popular in California, short cuts to Utopia are apparently more popular.

The essence of the plan is that every Thursday certain favored persons shall be given thirty warrants with a face value of \$1 each, the warrants to be known as "Retirement Compensation Warrants of the State of California." The favored persons are those registered qualified electors who are at least fifty years of age. To be eligible the pensioner must have been born in or before 1863.

Whether the warrants will circulate without depreciation is the subject of controversy. To induce circulation the act provides that they shall be accepted in payment of all licenses, taxes, fees, and debts due to the state or its political subdivisions. It also provides that all public employees shall take half of their salaries or wages in warrants; that public purchases of supplies and equipment shall be paid one-half in warrants; and that sales taxes (except gasoline taxes) shall be waived when the payment for goods is made in warrants.

In brief, then, persons who are fifty years old, and who agree not to work or to employ anyone else to work or to produce goods for sale, get a pension for life. Whether this plan is just or sound will be dealt with in later articles.

Rice Beaten By Tulane In 26-17 Battle

By FELIX R. MCKNIGHT.
COLLEGE STATION, Oct. 15 (AP)—Boldly, almost incredibly easy, unbeaten Texas Christian blew the Texas Aggies off their sacred field today with ground and aerial cunning, 34-6.

Seven minutes after the opening kickoff before 25,000, the massive Christians grabbed Wee Davey O'Brien's coat tails and started scoring on a big Cadet eleven that only a week ago had shown stunning power itself in scrap with Santa Clara, Pacific coast kingly.

Once O'Brien got his passes working it was a runaway. Dandy Dick Todd, the Aggies' magnificent broken fielder, tried valiantly on two kickoffs to chop the lead, returning 45 and 50 yards before bulky El Aduich, the Christian's 200-pound center and All-American candidate, slammed him out of bounds.

Aldrich, the greatest figure on the field, backs and all, played 58 minutes of spectacular defensive football and was given a thunderous exit by the throng. Even Texas Aggie Cadets streamed from the stands, slapped his back and crowded him for autographs.

Sparks Cracks Line.
Seven minutes after the start the Christians took off from the Aggie 48, O'Brien passing 23 yards to Durwood Horner and then giving way to Sparks, who cracked the Aggie line down to the 10. O'Brien hurried a waist high pass direct to Halfback Johnny Hall on the six and he lugged it on across. O'Brien missed the try for point.

Showing off on the Christian 20, O'Brien and Sparks mashed through the Cadet line for gains to their 46 and then O'Brien passed to Hall again, down on the Aggie 27. Trapped, he wheeled and lateraled off to Fred Shook, guard, who ambled on for the touchdown, O'Brien added the point.

In the third period Steffens picked up O'Brien's fumble on the Christian 40 and Todd punched the Christian ends for gains to the 15. Britt reached the nine on an end around and Rogers, on a beautiful hidden play, hesitated on a spinner and circled left end standing up for the score. Todd missed the try.

O'Brien then threw a running play or two, passed to Don Looney on the 15 and spotted End Charlie Williams on the goal for the score. O'Brien kicked the point.

Little Davey next bobbed up with a pass to Charlie Williams on the nine-yard line. This time the little fellow, after the Aggie punted, personally toted the ball across and added the point.

NEW ORLEANS, Oct. 15 (AP)—Tulane University's up-and-coming Green Wave not only stole Rice's air thunder but counted on the ground as well in a magnificent 26 to 17 victory over the Texas Owls here today.

In the first few minutes Rice's Paul Hancock and Ernie Lain took the ball on their own 42, sliced off gains, and Ollie Cordill slithered to the Tulane 10. Lain braced, took the ball on downs and punted to the 44. Lain connected for three

passes to the 25 and Matt Landry, guard, place-kicked a field goal.

Tulane rallied and started a drive from its 16 to the Rice 10 before Rice recovered a fumble. A Rice fumble by Hugo Stevens, recovered by Tulane on the Rice 40, led to a punt exchange which placed Tulane on Rice's 33. Hays passed to Paul Krueger on the 25 and he eluded tacklers to score. Bob Kellogg's placement was blocked.

Butler intercepted a Lain pass on the Rice 25 and Brunner passed to Ralph DeCener, end, for another touchdown. Billy Payne's placement was good.

Rice came back after the half, took the ball on the kickoff and worked down the field on gains by Lain and Jake Schuele. Lain then passed in to the arms of Joe Brandon, end, behind the goal, but Brandon missed. On the next play, almost a duplication, Brandon held the ball for a touchdown. Landry's kick was good.

In the final period, Payne, Cassibry and Brunner ran spectacularly to put the ball on the Rice three from where Harry Hays, sub for O'Brien, scored. Tom O'Boyle's kick was blocked.

Stokes Catches One.
An intercepted pass gave Tulane the ball on the Rice 40 and Butler ran off tackle to the three. Brunner scampered through to score. On the placement attempt Tulane was put back 15 yards for holding but Casibry's kick bounced over.

Lain threw passes desperately in the closing minutes. Finally E. Y. Streakley held on and lateraled to Stokes Green, of Pampa, end, on the Tulane 30. On the next play Streakley, sub for Williams, took Lain's pass for a score and Landry converted from placement.

NEW YORK, Oct. 15 (AP)—The roof fell in on football's mighty today, taking a heavy toll of the nation's undefeated but leaving unscathed such major powers as Notre Dame, Oklahoma, Tennessee and Duke.

The East South, Midwest, and Far West all contributed to the casualty list as Holy Cross, Penn. Navy, New York University, Brown, Columbia, Cornell, Michigan, Wisconsin, Alabama, Mississippi and Oregon all fell by the wayside.

Alabama's defeat was perhaps the biggest surprise of the day. The Tide, easy conqueror of Southern California in its first test, fell victim to Tennessee power and the individual brilliance of George Clegg and the Volunteers won, 13-0. Cornell, hailed as one of the East's greatest arrays, yielded to Syracuse, 19-17, the winners scoring all their points in the final quarter.

Holy Cross, unbeaten since 1936, was nipped by undefeated Carnegie Tech, 7-6; Penn was surprisingly upset by an alert Princeton team, 13-0; Navy was stopped by Yale, 9-7 as Gil Humphrey passed for a touchdown and then kicked a game-winning field goal; Columbia, with Sid Luckman stopped cold, was trounced by Colgate, 12-0; New York University yielded to North Carolina, 7-0; while Brown, after fighting strenuously for the first half, bowed to undefeated Dartmouth, 34-13.

In the Mid-West, Michigan's potent Wolverines outgained Minnesota all the way but was beaten by the margin of a point after touchdown, 7-6. Wisconsin, hitherto undefeated, was no match at all for Pitt's Panthers who rolled up a 26-6 count. Mississippi, which had scored a sensational victory over Louisiana State several weeks ago, itself fell victim to a late rally by Vanderbilt, 13-7. Oregon's hard-bitten array was soundly beaten by Stanford's hitherto disappointing Indians, 27-14.

Notre Dame spilled Illinois but Ohio State and Northwestern, on the one hand, and Indiana and Nebraska on the other, played to scoreless draws. Iowa defeated Chicago, 27-14.

Oklahoma began its Big Six drive by toppling Kansas, 19-0, as Iowa State, recent conqueror of Nebraska, outpointed Missouri, 16-13.

Tennessee's notable win over Alabama dominated the Southern picture where Tulane handed Rice its third straight beating, 26-17; Duke nipped Georgia Tech, 6-0, and Washington and Lee surprised with an 8-0 verdict over Kentucky.

Washington, still seeking its first victory of the season, was beaten by Oregon State, 13-6, but California and Southern California came through as expected. California beat U. C. L. A., 20-7, and Southern California stopped Washington State, 19-0.

The dizzy Rocky Mountain "Big Seven" whirled itself in a real tangle as Utah State bowed to Denver, 7-0, and Brigham Young was tied by Utah, 7-7. George Washington's Colonials trimmed Colorado, 13-6.

Sheik Promises To Get Tough Tomorrow Night

Barrel-chested Sheik MarAllah, who set out to be the greatest wrestler of all time but who ran in to Joe Koepcke two weeks ago, will try to redeem his place in the sun Monday night when he meets Gust Johnson in the main event of Promoter Cliff Chambers' wrestling card.

MarAllah is the type of grappler who can play rough or clean, depending on his temperament which is usually higher than a kite. He doesn't like referees and he despises clean, scientific wrestlers of the Johnson type.

"That kind of a mauler doesn't bother me," announced the quiet-spoken Swede. "He's just a lot of wind and I'll take it out of him with wrestling to show him that the rough stuff doesn't count."

A semi-final of even greater wildness is in store when Joe Koepcke meets Walter Stratton. Koepcke is a shade rougher and tougher than MarAllah while Stratton likes the going clean. It is reported, however, that he can get a little tough if the occasion arises.

Opening the battle of clean and rough, Jack Hagen will try to tear Blacksmith Pedigo to pieces. Hagen is one of the fiercest grapplers in his weight division. He is ruthless and cruel while Pedigo likes to get along with his fellow men. The little Blacksmith has been known to get mighty rough in his day and fans will give him permission to do so Monday night.

First bout will be at 8 o'clock sharp. Children under 12 will be admitted at the new low price of 10 cents.

WACO, Oct. 15 (AP)—Two fine backs dued on Municipal stadium's grassward here today but Baylor's Bullet Bill Patterson had the most help and shoved Woffle Bynum and his Centenary Gentlemen into defeat, 14-0.

The Bears scored early in the first quarter and again in the middle of the second. Then "that good old Baylor line" rose up to throttle every Centenary thrust—several too close for comfort.

The game was played in 95 degree temperature before a sparse crowd of 5,000.

Baylor's initial touchdown came the second time the Bears got possession of the ball. From the Centenary 47-yard line pitched a pass to Sam Boyd for 13 yards, then James Witt cut through the line and battered his way to the 2-yard stripe. Patterson ran wide around right end to score standing up. Robert Nelson kicked goal. A 15-yard penalty and a bullet pass for 36 yards from Patterson to W. J. Winpoe, sterling Baylor wingman, gave the Bears their second counter. Malcolm Linder kicked the goal.

Robbed of Touchdown.
Bynum fought his heart out against the burly Baylor forwards whose play was prime all afternoon. He engineered several drives that threw scores into the ranks of Bear adherents. At the final gun Bynum was still battling, pitching pass after pass, cracking the line and punting.

Plainview And Amarillo And Lubbock Win

The Plainview Bulldogs continued to be the bogymen of District I following their 60 to 0 rout of the Clovis Wildcats Friday night in Plainview. Coker scored in four minutes and then on to the end it was Plainview route.

Lubbock showed about everything in defeating the Vernon Lions 7 to 0 with big "Jumbo" Webster plunging the final two yards necessary for the touchdown.

Amarillo had little trouble staging a last half uprising to defeat Norman, Okla., 20 to 0 with reserves playing the last quarter. Norman lost two opportunities to score in the first five minutes of play when they were inside the Amarillo 10-yard line.

Bullet Bill Thompson gave Amarillo a touchdown to open the second half when he made consecutive runs of 28 yards. A minute later the Bullet took a Norman punt and started down the left sideline. Stopped, he turned and started for his own goal line only to shoot to the right and down the sideline for 35 yards. Clark, a reserve, gave the Sandies their final touchdown in the fourth quarter.

In Landthrop, 6 foot 3 inch back, Norman presented a real passer and runner but he was unable to break loose. Smar and Smith were able assistants.

Thompson of the Sandies was assisted yesterday by Andrews, 183, playing his first game since the opening game when he received a foot injury.

Pampa defeated Port Arthur 13 to 0 to send their stock up. Borer had an off day, as did Lamesa.

Peewees Beat LeFors 13-0

Little fellows had their football Friday evening as dusk settled over Harvester field when the Junior High Peewees took a 13 to 0 game from the LeFors midgets. The mites played sparkling ball, at times showing play equal to that of their older brothers.

Hensen, Peewee halfback, drew first blood when he raced 20 yards around end for a touchdown. Grosch, his running mate at halfback, scored the other counter when he skirted end for 10 yards.

Grossman and Dunham played a bang up game in the Peewee backfield, assisted by Lane, a halfback. Pampa-Bowman and Suttle, Hamlin-McKinstry and Russell played nice ball in the Peewee line.

Ferguson and Hamrick tried hard for the LeFors mites but they were unable to score. Hext, Easley, and Stanley were line standouts.

Starting lineups were:
Peewees—Bowman and Suttle, ends; Mills and Dempsey, tackles; Tengolia and Jenkins, guards; Bailey, center; Stevens, quarter; Grossman and Hensen, halves; Dunham, full. Substitutions—Fuller, Elkins, Auld, Berry, Cox, D. Lane, Hilory, Huff, Griffiths, Hancock, Casey, Hamlin, McKinstry and Russell.

LeFors—Hext and Hutton, ends; Easley and Strachner, tackles; Hill and Stanley, guards; Hughes, center; Ferguson, quarter; Cole and Hamrick, halves; Ammons, full.

LeFors Defeats Paducah 7 To 0

LEFORS, Oct. 15.—The LeFors Pirates downed the Paducah Dragons, 7-6, Friday night at Shaw park in LeFors.

In the second quarter, Carruth carried the ball for a touchdown and then passed for extra point.

Paducah did some brilliant passing but was unable to score.

Pite and Carruth were outstanding for LeFors. Carruth showed his first time form of last year for the first time this season.

Bowling Alley To Open Next Week

Pampa's new bowling alley, being installed by Joe Berry, will be open to the public early next week. The alleys have been laid and only final sanding and installation of seats and racks remain to be completed.

Several Pampans have organized bowling teams and in order to perfect an organization in advance, managers of all teams and those planning to organize teams will meet in the Schneider hotel at 7:30 o'clock Wednesday night to elect officers and discuss plans.

If enough teams enter, there will be two leagues formed.

Several women bowlers have contacted Mr. Berry regarding teams and a women's league may be organized later.

Pampa Routes Jackets And Fixes Eye On Amarillo

The Pampa Harvesters took the sting out of the Port Arthur Yellow Jackets and averaged a 197 less Friday night when they made two touchdowns thanks for a 13 to 0 win. Another touchdown was called back because of an offside and two more touchdowns threats were nullified for the same reason.

A new ball, made slick on the turf, proved hard to handle and 17 fumbles resulted, 11 by Port Arthur of which four were lost to Harvesters led by Candler who snatched two. Two of the six Harvester fumbles went to the opposition.

The Harvesters climaxed an 80-yard march with a touchdown in the second quarter after Reynolds had punted 43 yards over the goal line. Bob Karr, blocking back, turned ball carrier and made yardage galore on line backs on each side of tackle. Kempf assisted in the line work with Graham and Miller sweeping ends. Graham completed the drive with a beautiful 26-yard run around his left end. After passing into the second yard, Graham did some fancy sidestepping and stiff-arming to reach the goal line standing up. His try for extra point was inches wide.

Goal Line Standst.

Pampa's second and last touchdown was paved by Graham's 55-yard punt out of bounds on the second play. Landry hit the end for seven but fumbled. Candler recovering, Graham put the game on ice with a pass to Miller in the end zone, and then he added the extra point from placement.

Time and again the battling Harvesters braced to stop the spectacular running attack of Reynolds, Landry and Nunnely, the former showing up as one of the best ball toting backs ever to carry the ball in this section.

Port Arthur played the game without Louis Collida, flashy quarterback who was suspended in the jacket backfield last year when the Harvesters dropped a 14 to 0 decision in the coast city. Collida underwent an operation for appendicitis Friday afternoon in Worley hospital.

After leaving on the return trip to Port Arthur, his teammates bought a radio and put it in his room. He probably will be able to fly home in a week's time.

Swivel-hipped J. W. Graham led the Harvesters' attack but he was ably assisted by Kemp, Karr, and Miller. Jack Hesse, R. G. Candler, Glen Nichols and Webster Farish played strong games in the Harvester line.

In Neumann, end; Barras, giant tackle, and Formagus, big guard, the Jackets present three outstanding linemen both on offense and defense.

Port Arthur ran up 11 first downs to Pampa's 19 and gained 221 yards to Pampa's 201 paces on the ground. Ferocity of play was shown in yards lost from scrimmage, the Jackets losing 44 and Pampa 36.

The Harvesters will rest next week while they prepare for their invasion of Amarillo on the afternoon of Oct. 29.

First Quarter
Captain Graham sent the fans into a frenzy when he returned the opening kickoff 47 yards and was chased out of bounds on the Yellowjackets' 36. Two plays later Karr made it 13 to 0. The Harvesters' 10 after two line plays to give the Jackets the ball on their own 11. Pampa recovered a Yellowjacket fumble and Dunway punted. The neatly kicked 47 yard punt, broke into the open and went to the 10. Dunway went wide around his right end and over the goal-line, but Pampa was offside and the touchdown nullified. Andis tried to take Graham's pass but he knocked the ball into Landry's hands and Port Arthur took the ball on her 10. Two plays picked up a first on the 20. Nunnely getting nine on a slicing off-tackle drive, Neumann punting after Hesse, tackle and Andis, end, stopped the Port Arthur Harvesters cutting the ball on their 34. Pampa punted after a fizzling lateral lost ground. After kicking up a first down, the Jackets punted after bogging down because of bad pass from center. The Harvesters punted their 20. The Jackets coming up with the ball on Pampa's 16. The first quarter ended with the first Port Arthur play. Score: Pampa 0, Port Arthur 0.

Second Quarter
On the first play of the second period, Reynolds passed 20 yards to Sterling for a first on Pampa's 15. The Jackets drew the ball and passed, incomplete. Reynolds intercepted a Jacket pass to gain possession for Pampa on her own 45. Three plays failed to gain materially and Graham

Sophomores And Reapers Lose To Amarillo And Berger Grid Teams

Pampa's two entries in the Panhandle Junior High football league dropped games: Friday afternoon, Berger's Bull Pups taking a 13 to 9 decision from the Pampa Junior High Reapers here while the Pampa Sophomores were losing an 18 to 0 decision to Central in Amarillo.

With the exception of two touchdown thrusts and an early second half offensive, the Reapers played a good defensive game. Their offense, however, failed to show up excepting for a few drives by Clemmons and Stokes, two backs, and Denbert, a fleet ball totter.

The first Berger touchdown came in the second quarter when Thomas broke off left tackle and raced 72 yards down the sidelines for a touchdown. A 25-yard pass, Russell to Thomas, gave Berger their other touchdown in the final minutes of the game.

The only Reaper threat came in the second quarter when Clemmons faked a punt and handed the ball to Denbert, who raced 40 yards to the Berger 15. A first down followed but four tries in the line failed to pick up the necessary four yards and the ball went to Berger on the 1-foot stripe.

Starting line-ups were: Reapers—Bray and Shaw, ends; Grossman and Proper, guards; Pollard and Curlee, tackles; Borge, center; Arthur, quarterback; Denbert and Stokes, halves; Clemmons, full. Berger—Grant and Fisher, ends; Florer and Lacey, tackles; Bradford and Jacka, guards; Bills, center; Huffman, quarter, Thomas and Davis, halves; Russell, full.

The Sophomores outplayed Central of Amarillo but were never able to score. The visitors ran up 10 first downs to six for Central and gained a total of 225 yards to Central's 192. The Sophomores flipped 30 passes, connecting with 10 for a total of 140 yards. Nine others fell into the hands of waiting receivers who dropped them. Gates was the Sammy Baugh of the game, hurling most of the passes.

Malone, the fleet little back who led Central to a 19 to 0 win over the Reapers again led Central's attack assisted by Woolen.

The Sophomores' lineup, changed because of ineffectuality was: Mullins and Stanford, ends; McKinley and Burnett, tackles; Vanderberg and Chesher, guards; Foster, center; Henson, quarter; Hall and Fowler, halves; Giles, full. Reserves used included Cox, Riley, Hyatt, and Ragan.

Shamrock Beats Wheeler 19 To 6 In Grid Classic

SHAMROCK, Oct. 15.—Shamrock remained undefeated in its district after a 19 to 6 win over the Wheeler Mustangs Friday night. Although outplayed in every department except in the air, Shamrock was able to put touchdowns across by taking advantage of every break.

Byers opened the scoring for Shamrock in the first quarter but Compton evened the count for Wheeler. Sutterfield went 10 yards for an Irish touchdown in the second period and Sutterfield passed 45 yards to Allen for the final Irish touchdown in the third period.

Wheeler registered 16 first downs to 12 for Shamrock and gained 316 yards on the ground to Shamrock's 220. Shamrock completed only one pass out of five. Not a one of the Wheeler six passes were completed.

Frankie Bills, guard; Purcell, and Burton led the Shamrock line with Sutterfield and Byers leading play in the backfield. Wright and Stevens, reserve center, were line standouts for Wheeler with Grove and Compton leading backfield play.

Starting line-up: Shamrock—Fors and Wilson, ends; Burcham and Burton, tackles; Bills and Purcell, guards; Gray, center; Allen, quarter; Byers and Dorman, halves; Sutterfield, full. Wheeler—Pitcock and Weeks, ends; Pillers and Noah, tackles; Green and Jones, guards; Wright, center; Grove, quarter; Hall and Emiler, halves; Compton, full.

M'Lean Rolls Over Dumas Demons 31-7

M'LEAN, Oct. 15.—M'Lean's Tigers took a 31 to 7 game from the Dumas Demons here Friday night, running up 15 first downs to 6 for the visitors.

McLean opened strong, making a 61-yard march for a touchdown. Bond making the last 12 yards. On the first play of the second quarter, Bond went two yards for a touchdown. Wingo blocked a Dumas punt to put the ball in scoring position.

Braxton to Mantooh passes put the ball on the 3-yard line from where Braxton went over. Bond carried far and Humphries scored for the last third period touchdowns. A Braxton to Trimbles pass over the goal line gave the home team their final touchdown.

The lone Dumas touchdown came when Dumas took a short punt, saw McLean penalized to the 1-yard line from where Burns went over.

Wingo, Braxton, Bond and Hugg played stellar games for McLean with Grove, Burns and Stokes playing outstanding games for Dumas.

Panhandle Defeats Phillips 18 To 0

PANHANDLE, Oct. 15.—Panhandle's Panther blanked the Phillips Blackhawk 18 to 0 in a game played here Friday night. It was Panhandle's first conference game this season.

The Blackhawk held the Panhandle's offense to a 10-yard drive in the first quarter. The Panther's defense was superb, forcing the Blackhawk to punt on the 10-yard line.

Winners Announced At Pampa Garden Club Flower Show Friday

Fall Planting Of Shrubs And Trees Topic Of Address

A feature of the annual Pampa Garden Club flower show Friday at the First Presbyterian church was a talk on "Fall Planting of Shrubs and Trees" by Paul M. Bruce at the regular meeting of the club in the afternoon and the announcement of the winners in each of the classes represented at the exhibit.

The speaker, who was introduced by Mrs. Glen Pool, told that evergreens can be planted in the summer as well as fall. When trees are moved in the fall, that is after a killing frost, they begin to grow feeder roots 30 to 60 days after planting, and by March they will have roots three inches long. These roots must be established before the leaves begin to put out, Mr. Bruce pointed out. After the tree is transplanted into a new location, they get accustomed to the new soil and if they are watered too much the roots may sour. A good moisture should be kept in the soil and the trees may be watered freely in July. They should be watered in the winter as well as the summer as 88 per cent live in fall planting of shade trees and shrubs and 90 per cent in spring planting March to later May, he told.

Evergreen may be planted in the early fall until December 20 and again in the last of February. In planting roses the mellow soil should be on top of the ground so that moisture will be kept down. The same thing applies to the planting of shrubs, the speaker concluded.

Club Has New Members
Mrs. H. B. Landrum, president, presided at the meeting and a short business session was held. New members of the club are Mrs. George E. Dull, Mrs. W. Webb, Mrs. Dan Glaxner, Mrs. Tom Clayton, and Mrs. J. E. Carlson.

Mrs. McCole Has Charge Of P-TA At Sam Houston

An interesting meeting was held by the Sam Houston Parent-Teacher association Thursday afternoon with Mrs. L. L. McCole as program leader.

Mrs. Carl Boston, president, presided over the business session in which Superintendent L. L. Sone was presented a life membership from the Sam Houston association.

After Miss Cleo Snodgrass' second grade presented a skit on fire prevention, Mrs. McCole spoke on the 30th birthday of the Texas P-T-A.

On the afternoon of October 19 just 29 years ago a meeting was called in Dallas to found the Texas P-T-A. The organization was the first to organize child welfare and an exhibit was sponsored at the state fair in Dallas. The P-TA also introduced sanitary drinking fountains in the school and it was the first to observe Mother's Day in 1910.

Mrs. F. W. Render, second vice-president of the Eighth District, spoke on "The American Home."

"The American home of today, instead of being criticized, needs more praise. The needs of more solid institutions to keep the pressure of the outside world from pushing in has been cited. Where there is a family there is always a home and a home has a soul, a living personality. There is a secret of home love—it is to be loved like a woman."

"The requirement of a home not as an institution, but as a corporate are first, every home is an educational institution, a factory of doing things, instilling a creative urge; second, it is a legislative institution forming a well regulated home to carry out harmony; third, a chord of justice, with hanging of delinquent cases in the home; and last, a sacred institution, not a prison but a heaven of rest and hope."

"There should be privileges and privacy for every member of the family. Every child has a right to be proud of and pride in the home and parents. They should feel free to bring friends into the home to emphasize the home as a place of confidence. Our homes should be places of utter encouragement," she concluded.

Mrs. John Bradley accompanied Miss Georgia Wilson who sang "Now Sir" by Wakefield. The Sam Houston P-T-A year book was presented each member of the association.

Ninety-three parents, teachers, and patrons of the school attended.

Las Amigas Bridge Club Compliments Mrs. Beard At Event

PHILLIPS, Oct. 15.—The Las Amigas Bridge club met in the home of Mrs. J. H. Barr for regular weekly meeting and to honor Mrs. Roscoe Beard with a pink and blue shower. Favors were white dillies centered with a baby shoe.

Guests of the afternoon were Mmes. L. C. Ollingsworth, J. F. Pundt, A. P. Riordan, and B. K. Shirley.

At the conclusion of the games, the tallies were scored and Mrs. A. P. Riordan received the guest prize, and the members, Mrs. Bryan Hampton, high; Mrs. Dorothy Steele, second high, and Mrs. H. B. Neely, third.

Refreshments were served to Mmes. Ralph Surface, H. C. Spurrier, E. F. Fuller, A. G. Malzahan, C. B. Dees, J. C. Wilbanks, Roscoe Beard, D. H. Matthews, L. C. Hollingsworth, J. F. Pundt, A. P. Riordan, B. K. Shirley, and the hostess.

The club meets next week with Mrs. E. F. Fuller.

ence and the meeting dates are November 15-17 with the Hotel Lybcock as official convention headquarters. In view of the fact that this is election year and officers of the Texas Congress for the triennium, 1938-41, will be elected, it is predicted that the number of delegates coming to Lubbock from all parts of the state will exceed the official registration figures of any previous convention.

Mrs. J. E. Griggs of Amarillo, who is now state recording secretary has been placed on the ballot for the office of first vice-president. Mrs. Griggs has served as Eighth district president and for some years has been one of the most active leaders in the state.

"Parental Guests" is the convention theme. Presenting it in general session addresses before the delegate body will be three nationally known figures: Cameron Beck, lecturer and vocational and industrial relations consultant of the School of Business Practices and Speech, New York City; Mrs. John E. Hayes of Twin Falls, Idaho, first vice-president of the National Congress of Parents and associate editor of the National Congress of Parents and association editor of the National Parent-Teacher; and W. Roy Breg, executive secretary of Allied Youth, Inc., Washington, D. C.

Parent-Teacher week in Texas officially begins today, according to the proclamation issued by Governor James V. Allred in honor of the National Congress of Parents and Teachers which celebrates its 30th birthday Wednesday. The chief executive urged that attention be centered especially on child welfare work during the week set aside.

More than 2,000 units in Texas will observe the birthday of the Texas branch of the National Congress and will pay tribute to the Texas founder, Mrs. Ella Caruthers Porter of Dallas.

Since 1909 when Mrs. Porter opened an office in Dallas and began writing letters to interested educators and fathers and mothers in the parent-teacher movement, she has taken an active part in making Texas Congress history. She has watched the Texas branch grow to an organization embracing more than 141,000 members. At present she is chairman of the board of directors of the endowment fund and also chairman of the Founders Day and Texas Congress birthday committee.

"We are more fortunate than other states," Mrs. M. A. Taylor, state president, said in commenting on the widespread congress birthday observance, "for our founder is still with us, still serving, still giving of her time and strength. And when her active service to the con-

The Relation of the Home and Community to the School was the title of a dramatization given at the October meeting of the Gruber unit. Frank Fieck talked on the same subject at the meeting.

Fifty-two members of the home-room mother group of the Borger West Ward unit attended the regular monthly meeting. The group planned a visiting program and Mrs. H. G. Dodge taught a lesson on the Changing Conditions of the American Home.

At the first fall meeting of the entire unit, Mrs. Victor K. Aubrey spoke on The American Home. A social hour in honor of new teachers followed the regular meeting. Special guests at the meeting were members of the newly organized East Ward P-TA. Mrs. S. C. Harrelson is president of this unit.

Holy Souls P-TA Hears Discussion On School Work

Members of the Holy Souls Parent-Teacher Association executive board met at the home of Mrs. Dan Kennedy last week.

Those present were the Rev. Father Charles Knapp, Mrs. M. F. Roohie, Mrs. Clayton Husted, Mrs. Tom O'Rourke, Jr., Mrs. B. Baldrige, Mrs. A. D. McNamara, and Mrs. E. B. Tracey.

After a business session, the group left for Holy Souls school for the regular meeting which was opened by Mrs. Clayton Husted with a prayer. Mrs. B. Baldrige, the historian, read a resume of last year's activities. The P-T. A. has decided to purchase playground equipment as well as paper towels and racks for the school.

Mrs. A. D. McNamara gave a report on the sale of the tickets for "Mother Carey's Chickens" which the P-T. A. recently sponsored. Mrs. Stanley Kretzmer donated balls and bats for the children's use.

Mrs. Husted, program chairman, introduced the Rev. Father Knapp, principal of the school, who talked on "Methods of Educating in Elementary School Work." He used the first three grades as illustrations. Father Knapp pointed out that in the first grade we are dealing with lots. In reading, for example, we start with words of one syllable, then phrases. Pictures are used to show the story of the work, stressing the association of words and ideas.

No A. B. C.'s are taught excepting to show the distinction between letters. There is a great necessity of being informal in the work. Parents may be of aid by enunciating clearly at all times and helping the children with their words and phrases.

In the second grade the reading is continued with attention being placed on spelling. The children are taught to syllabicate the use of the glossary in the back of the book, and their vocabulary is increased. He continued.

Again reading is continued in the third grade with emphasis on drill and use of larger words. Children are taught to grasp the essence of what they are reading. Father Knapp concluded by saying that these were only a few ideas of specific work in elementary education.

Including Father Knapp, there were 25 persons present. The next meeting will be held November 10 at the school.

Accordion Numbers Featured At Horace Mann Band Session

At the meeting of Horace Mann Band parents club last week in the school auditorium, W. A. Holland presided and Herbert Miller announced that a new set of band books had arrived.

The meeting date was set for the third Friday of each month and a motion carried that refreshments would be served at each meeting.

The program included numbers by Bill Haley's accordion band, an accordion solo, "The Wedding of the Painted Doll," by Vada Lee Arden; an accordion solo by Maxine Hutcheson; an accordion solo by Lillian Stark; a cornet solo by Willis Stark; and a violin solo by Mr. Miller, who was accompanied by Miss Winifred Wiseman.

Refreshments of apple pie, cheese and coffee were served to the guests. Mrs. Walter Kirby, Douglas Stark, Mrs. T. L. Winton, Mrs. Willetta Stark, Mrs. C. E. Cary, E. C. Clordon, Harry Lipsky, J. Oberndorfer, Mrs. Grady Bloum, Bill Maley and band, guests, and the band club members.

The feast, frolic and fun night for the school and patrons was announced for Nov. 4.

Bridge-Luncheon In Autumn Motif Entertains Group

SHAMROCK, Oct. 15—One of the loveliest affairs of the season was the bridge-luncheon given by Mrs. J. M. Tindall and Mrs. J. A. Hall last week at the U-Drop-Inn.

Luncheon was served at one long banquet table on which were beautiful bouquets of dahlias and chrysanthemums. Pumpkins filled with grapes, apples and cranberries were used to carry out the harvest motif. Table appointments and tallies were in the same color scheme and motif.

The four course luncheon was

Popular Couple In Miami Honored At Recent Dinner

MIAMI, Oct. 15—The stewards and wives, and superintendent and wife of the First Methodist church honored the Rev. and Mrs. Joe S. Strother with a four course dinner last week in the home of Mr. and Mrs. W. R. Campbell.

The honorees and other guests were all seated at one huge banquet table which was decorated with many bright autumn colors and lighted by the soft glow from many yellow candles; place cards were of bright colored autumn leaves with names printed in white.

The invocation was given by C. C. Shield and D. I. Barnett, president of the Board of Stewards, acted as the toast master for the evening. Mrs. Howard Mann, of Pampa, read "Hymn of Hymns" and the toast master introduced the Rev. B. F. Jackson, who was the main speaker of the evening with the subject, "The Tremendous Influence of An Individual Life." Joe F. Coffey of Children, former steward, was present and introduced and responded with a short but impressive talk. At this time Mr. Barnett directed a short and appropriate talk to Rev.

... LET THIS FREE LIGHT METER DEMONSTRATION HELP YOU DECIDE

HAVE you ever seen the difference between an I. E. S. Better Sight Lamp and the old-fashioned kind? Here's an amazing demonstration you can see with your own eyes. Two lamps are placed side by side. One is the modern kind... an I. E. S. Better Sight Lamp. The other is the ordinary kind many people still use. The lamps are lighted in turn, and the Light Meter measures the light. What a difference! Once you've seen this test you'll never again strain your eyes with an old-fashioned lamp.

"THAT CERTAIN AGE" ENTHRALLING STORY OF YOUTH

Deanna Durbin DETERMINED YOUNG LADY Given Perfect Picture Role

LaNORA
Today, tomorrow, and Tuesday.
Deanna Durbin comes to the LaNora today in her fourth Universal production, "That Certain Age."
With her in the principal supporting role, will be seen Melvyn Douglas, with a supporting cast which includes Jackie Cooper, Irene Rich, John Halliday, Juanita Quigley, Peggy Stewart, Jackie Searl, Nancy Carroll and Charles Coleman.
Five songs will be rendered by Deanna in the new picture, three of them by Harold Adamson and Jimmy McHugh, who composed her other hit songs.

Wednesday and Thursday.
"The Road to Reno" (Universal). Social comedy directed by S. Sylvan Simon. Randolph Scott, Hope Hampton. A grand opera singer goes to Reno to divorce her cowboy husband, encounters him there and begins to see things from a different angle.

Friday and Saturday.
"Hold That Co-Ed" (20th Century-Fox). Farious satire, directed by George Marshall. John Barrymore, George Murphy, Joan Davis, Marjorie Weaver. Rival candidates for governor back rival college football teams, agreeing to let a crucial game decide the withdrawal of one candidate. A best of the month selection of the West Coast Preview committee.

REX
Today, tomorrow, Tuesday.
"Breaking the Ice" (RKO Radio). Musical, directed by Edward F. Cline, featuring Bobby Breen, Charles Ruggles, Dolores Costello, Irene Dore. Quaint pictures of social drama of the Monticenis in Pennsylvania, and of a boy whose singing releases him and his mother from a hard and unyielding environment.

Wednesday and Thursday.
"Little Women" (RKO Radio). Directed by George Cukor. Katharine Hepburn, Joan Bennett, Jean Parker, Frances Dee, Paul Lukas, Edna May Oliver, Douglas Montgomery. From the book by Louisa May Alcott. Lives of four New England girls and their mother in the period of the War between the States.

Friday and Saturday.
"Overland Stage Raiders" (Republic). Directed by George Sherman. John Wayne, Ray Corrigan, Max Terhune, Louise Brooks. Another in the "Three Mesquiteers" series, with the trio trying to establish an airline to transport gold despite a band of crooks that try to thwart them.

STATE
Today and tomorrow.
"Over the Wall" (Warner Bros.) Directed by Frank McDonald. Dick Foran, June Travis, John Litel, Ward Bond, Dick Purcell. Story of a young fighter, unjustly sent to prison, who proves recalcitrant until he is set right by the chaplain.

STREAMLINE LOVE STORY
prison, who proves recalcitrant until he is set right by the chaplain.
Tuesday.
"Go Chase Yourself" (RKO Radio) Directed by Edward Cline. Joe Penner, Lucille Ball, Richard Lane, June Travis. Farical situation of an innocently loquacious bank teller who is made to appear as the leader of a gang of bank robbers.
Wednesday and Thursday.
"Joy of Living" (RKO Radio). Directed by Tay Garnett. Irene Dunne, Douglas Fairbanks, Alice Brady, Guy Gibbee, Jean Dixon, Eric Blore. Story of a charming, highly talented actress who supports in idle luxury the members of her family, who are not even grateful.

Friday and Saturday.
"Rawhide" (20th Century-Fox). Directed by Ray Taylor. Smith Ballew, Evelyn Knapp, Lou Gehrig. Up-to-date western of a former baseball champion who retires to a ranch where he helps break up a destructive racket in stock feed prices.
CROWN
Today, tomorrow and Tuesday.
"The Adventures of Chico" (Stacy and Horace Woodward). Narrator, Chico. Musical background, Dr. Edward Kelenyi. Naive, informative, and sympathetic narrative of daily life of a little Mexican boy who has only the Mexican animals as playmates. Combat between a roadrunner and a rattlesnake is truly an effective photographic study. Good musical score.

A PENSIVE CHICO

Chico, the little Mexican boy and star of the Woodward production, "The Adventures of Chico," coming to the Crown theater today, looks thoughtfully at the world as he tells his story in this picture.

Barber Sent To Chickasha
Carl Barber, formerly of Pampa, but for the past two years manager of the Rig, Rex, and Circle theaters in Borger, will exchange posts with Tom Davidson, manager of the Rialto, Ritzy and Washita theaters at Chickasha, Okla., on November 1, it has been announced.
Mr. Barber came to Borger from Wellington, to which city he was transferred from Pampa in 1936. In Borger Mr. Barber served as chairman of the 13-member safety committee, headed Borger's recent 49ers celebration, was finance officer of the Borger post of the American Legion, director of the Hutchinson County Fair Association, and a director and program chairman of the Lions club.
Transfer of Mr. Barber to Chickasha, Okla., is the third change made recently in theater personnel of this area, with Jarrel Rhea of Pampa having been transferred to Enid, Okla., and C. J. Oliver of Midland succeeding him here. In Midland Mr. Oliver was manager of the Yucca, Ritzy and Rex theaters. Mr. and Mrs. Oliver and their son, Charles J. Oliver, Jr., 4, have made their home here at 414 North Hill street.

Pleasant Hour Club Ends Contest With Social Last Week
SKELLYTOWN, Oct. 15.—Mrs. Joe Wedge entertained members of the Pleasant Hour Sewing club at her home in the Schafer camp this week. Various games were directed by the hostess during the afternoon including "The Man on the Street" contest, with prizes going to Mrs. Bill Adams, Mrs. G. F. Morris, and Mrs. M. L. Roberts.
The short business meeting was presided over by the president, Mrs. D. Bowsher. This meeting concluded an attendance and on time contest between two sides, which has been running three months. Group captains are Mrs. Arthur Johnson and Mrs. W. W. Hughes with Mrs. Hughes' side winning the contest.

Former Members Of Class Hostesses
Mmes. Harvey Downs, Ira Westbrook, A. L. Prigmore, Robert Carr, and E. L. Yeargain were co-hostesses at a party in the home of Mrs. Westbrook last week for the Reapers class of the First Baptist church. The class members and teacher of the class have extended their appreciation to these former members, who have been promoted to the Faithful Workers class.
Eighteen ladies attended the event.

First Rehearsal Of Messiah Will Be Monday Night

Pampa's annual music classic, "The Messiah," will again be presented this year by the Pampa Civic chorus, directed by Lester Aldrich, local voice teacher. First rehearsal of the great oratorio will be held at 7:45 o'clock Monday night at radio station KPDM, 220 1/2 North Ballard. Mrs. May Foreman Carr is accompanist for this year's "Messiah."

All singers for Pampa and the Top O' Texas area have been invited to take part in the fifth annual presentation of the "Messiah." A chorus of at least 200 is desired, also a local orchestra. The orchestra must be able to handle a difficult score. Lester Aldrich, director of the oratorio, has asked that all singers and musicians write or telephone him at once so that he may know how much music to secure.

This request applies to both single musicians and orchestra. Mr. Aldrich is located in room 14, Duncan building. His telephone number is 108-W.

KPDM this year will broadcast the "Messiah." Exact time and place of the presentation has not been definitely determined, but is expected to be the week before Christmas in the Pampa High school auditorium.

Skellytown WMS Has Royal Service Program Recently. SKELLYTOWN, Oct. 15--A Royal Service program was rendered last week by members of the Woman's Missionary society of the First Baptist church of Skellytown when they met at the church in regular session.

A song opened the meeting, followed with a prayer by Mrs. A. C. Carroll. Mrs. G. S. Tiffany, president, was in charge of the short business meeting. The group voted to send flowers to Mrs. 2D Harmon, who is ill in a Berger hospital.

Mrs. Lee Willis was program leader with the following on the program: Mrs. Bert Schaefer, Mrs. A. C. Carroll, and Mrs. C. S. Tiffany.

Sentence prayers for the revival meeting which started Monday were offered by the group which closed the meeting. The Rev. M. E. Duns-worth of Pampa is conducting the revival which will continue for two weeks.

Members present were Mmes. J. W. Knox, C. S. Tiffany, A. C. Carroll, Bert Schaefer, Frank Awtry, Bill Stud-abaker, and Lynn Wall.

George Borner will demonstrate the art of stunting a transport plane, and Bob Wilson, veteran pilot, will show "how not to fly an airplane." There will be races for small planes, streamer cutting and many other thrilling events in the air. Perhaps the most dangerous stunt to be presented will be actual starting of an airplane motor while the ship is in the air. To do this, one of the fliers will have to step out on a wheel and give the propeller a twist.

On the ground, Southern Air Aces will present Joe Simpson, who rides astride the hood of a speeding automobile as it crashes through a burning wall of one inch timbers. Performers also will crash two automobiles head-on at high speed, while the drivers remain inside the cars.

Larry Fuller Given Party By Parents On 12th Birthday

Larry Fuller son of Mr. and Mrs. C. E. Fuller, celebrates his birthday on Columbus day, Oct. 12. Last Wednesday was his 12th birthday, and his parents gave him a party at their home on East Browning which was attended by 12 friends.

Games were played before refreshments of chocolate cake and ice cream and candy were served. Bill Mazey and Billy Gamlin won prizes for being the last to burst balloons which were blown up by the boys. Each piece of the cake which was decorated with 12 candles and sweets, contained a fortune-telling charm. Slips given the boys told the meaning of the charms.

Among the gifts were a Boy Scout suit and a Boy Scout knife and a hunting knife. Larry was awarded his tenderfoot badge Thursday.

Guests were Jerry and Harry Kerbow, Bobby Curtis, James Hart, Gene Robbins, Billy Gamlin, Bill Mazey, Bobby McLendon, Troy Boyles, Harold Beckham, Lamond Hall.

Mrs. Reeves Leads Mission Lesson. PHILLIPS, Oct. 15--Circle one of the Phillips Methodist church held the regular weekly meeting in the church recently.

to this area an iron lung. Admission will be 40 cents for adults and 15 cents for children.

George Borner will demonstrate the art of stunting a transport plane, and Bob Wilson, veteran pilot, will show "how not to fly an airplane." There will be races for small planes, streamer cutting and many other thrilling events in the air. Perhaps the most dangerous stunt to be presented will be actual starting of an airplane motor while the ship is in the air. To do this, one of the fliers will have to step out on a wheel and give the propeller a twist.

SERIAL STORY

MURDER TO MUSIC

BY NARD JONES

COPYRIGHT, 1938 NEA SERVICE, INC.

CAST OF CHARACTERS MYRNA DOMBEY—heroine, wife of the sensational swing band leader. HUBERT TAIT—hero, newspaper photographer—detective. ANNE LESTER—Myrna's closest friend. DANIEL FEELEY—officer assigned to investigate Ludden Dombey's murder.

Yesterday Myrna and Bob agreed to disclose Rogers from manuscript of the band in order to obtain the record.

CHAPTER XII

WITH Myrna's check and the note to Rogers, Tait immediately sought the manager of The Swingsters. As Myrna had intimated, it was going to be an unpleasant business—yet Tait found himself looking forward to it with a certain relish.

He announced himself through the lobby telephone in Rogers' apartment building and was told to come to the room. There Harris Rogers met him with a wide smile and ushered him inside.

"Well, Tait, I suppose you've come to tell me that you've been thinking over what I said?" "I have been thinking it over," Tait admitted.

"And you're going to take my advice, I hope?" Tait shook his head. "I'm afraid not, Rogers."

He reached into his pocket and brought out Myrna's note. Rogers colored when he saw the check, and he did not really need the note to tell him what had happened.

"We may as well get it over with, quickly," Tait said. "I can take the records with me."

Rogers' face grew livid. "You can't do this, Tait!" "I'm not doing it. Mrs. Dombey is doing it, and I'm simply carrying out her orders."

"But you were the one who suggested it to her," Rogers said. Tait shrugged. "I won't deny that."

HARRIS ROGERS took a step forward. He was beside himself with rage. "You're being a fool. If you know what's good for you, Tait, you'll get out of here right now. Without me as a manager, the band hasn't got a chance—and if Myrna insists on going through with this I'll blow things higher than a kite by telling what I know about Lud Dombey."

"It probably won't help any," Tait said evenly, "but on the day you do that I'm going to take you apart. Now let's have those records."

"I refuse," Rogers came closer, shoved his outstretched fingers against Tait's shoulder. "Get out, you cheap snapshot artist!"

The words and the shove were a bad combination, and Bob Tait lost control of his temper. He swung at Rogers and, in his sudden rage, missed wide. Then Rogers struck him hard against the side of the head. When Tait's vision cleared he saw Rogers standing at the other side of the room the fireplace tongs lifted high.

"If you try anything like that again," Rogers said, his voice shaking, "I'll break your skull. Now get out."

Tait snatched heavily on a writing desk chair—if to gain his bearings. He turned toward the door. Then he whirled back again suddenly. The chair lifted with the gesture went crashing across the room and into Harris Rogers. Tait followed it, literally hurling himself after it. Rogers had no chance to use his weapon, for Tait clipped him hard on the jaw. So hard that Rogers' knees buckled slowly and he slid down on the floor.

The newspaper photographer summoned a bell boy by phone and prepared him for the sight of the unconscious Rogers by means of a \$10 bill. "Mr. Rogers and I had a little argument," Tait grinned, "about some files of his that I was supposed to take over. I want you to help me down to the car with this."

The boy looked dubiously at the stricken Rogers and then at the heavy boxes. "I don't want to get into any trouble. How do I know—?"

"Look here," from the floor Tait picked up Myrna's note.

The bell boy read aloud: "Dear Mr. Roger: This is to notify you that I am relieving you of your duties as manager of the band. Hereafter two weeks' advance salary in lieu of notice. Please turn over your complete records to Mr. Robert Tait. Very truly yours—Myrna Dombey."

AS he read the name, the boy's voice changed. "That's the dame who married the tom of the swing cats—the night he was bumped off! Boy, it was a shame, killing that guy. Nobody could give it out like him. When he was in the groove, he was strictly ding-dong, that guy." "I gather," mentioned Tait, "that you're a swing fan." The young man grinned proudly.

"I'm a rug cutter and wax groover, if I do say it myself." "Then to help out Mrs. Dombey you'll give me a lift here, won't you?"

The boy's voice sank to a whisper. "Sure, I never liked that guy Rogers, anyhow." He stopped, gazed open-mouthed at Rogers. "I hope he don't come to before I get out of here."

"If he does," Tait promised, "I'll pretend you just came up to see what the racket was."

"You sure you didn't hit him with anything? I don't want to get mixed up in any mess. This is a pretty good job."

Tait laughed. "I just hung some knuckie on him. He's not in very good condition. Come on, let's get busy."

The two of them were able to get the record files into the back compartment of the coupe in one trip. "Thanks a lot, fellah," said Tait. "I'd like to give you another 10-spot, but I haven't seen 'em in pairs lately."

"That's okay. I'd do anything that would help the girl who married Lud Dombey. If she was all right with him, she's all right with me."

As Tait drove away, he thought: "Maybe I ought to remember that. The kid might come in handy."

THE records he took immediately to headquarters, and when Feeley saw him staggering in with them the Irishman was open-mouthed. "What's all this?" he demanded.

"Well," said Tait, "I'm the new manager of Lud Dombey's band, and I've just taken over the records from Harris Rogers. It was a little task, but I think maybe here'll be something in these that Rogers didn't tell you. And say, Dan, thanks for being easy on Myrna."

"Easy on her?" roared Feeley. "Who said I was easy on her? Don't ever get that idea. Shut that door, and let me get into some of this stuff. I doubt if it helps us a damned bit, or I'm getting jittery."

The two peeled off their coats and began going through the records of The Swingsters. It was a conglomerate story that they told—the story of a small-town musician who grew to be the master of swing. The kid who didn't have the price of a meal but whose flower bill, when he got to be Ludden Dombey, was—

"Look at this now, will you?" Dannie Feeley said. "Two hundred and ten dollars for flowers in the month of May, 1937. And they all went to the same woman. We better see her." (To Be Continued)

FHA campaign Discussed By Dallas Man

Accompanied by the general manager and the managers of all White House Lumber company yards, R. E. Sikes, mortgage conference representative from the Dallas office of the Federal Housing commission, passed through Pampa Saturday enroute to Canadian where last night he addressed a meeting of the FHA's "Ready For Winter" campaign.

In his talk at Canadian Saturday night, Mr. Sikes explained the property improvement credit plan of the Federal Housing Administration.

"Under title one, the FHA is authorized to insure qualified lending institutions against loss up to 10 per cent to defray cost of modernization and repair of homes and business properties. Property under that classification includes office buildings, business plants, hospitals, apartment houses, medical buildings, orphanages, colleges, schools, churches and other similar completed structures.

"The loans are made by financial institutions which have been qualified by the FHA for that insurance. They lend the money, not the FHA. However, in order to qualify for our insurance the institutions have agreed to these terms: charges on title one loans up to \$10,000 on existing structures can not exceed a figure equivalent to 45 discount per \$100 face amount of one-year note payable in equal monthly installments.

Maximum of Five Years "Loans may run for a maximum of five years, except in case of new residential construction loans where the maximum is seven years. This cooperative lending system provides business opportunities for manufacturers of building materials and household improvements, together with dealers in related lines.

SCOUT NEWS

TROOP 80 Patrols, four of them, were organized at the regular meeting of Troop 80 Thursday night at the First Methodist church. Troop Committeeman Raeburn Thompson attended and his presence and interest were appreciated.

After a football game under the lights on the parsonage lawn, the troop played three games in the basement of the church. Then the troop was divided into new patrols. There were two new members Joe Cree and Jack Morgan, and

the troop was certainly glad to have these two boys become members.

The four patrols were organized as follows:

Planning Arrow—Dale Harrell, leader; Charles Erickson, scribe, Larry Fuller, assistant; J. E. Dumas, Clayton Noblett, Delbert Hughes, Black Eagle—Billy West, leader, Jim Bob Aude, assistant; Joe Cree, Buster; Wayne Elkins, scribe, Jack Morgan, Billy Joe Keuhl, Arnold Erickson, Austin Hughes.

Doyle Aude patrol—Members of this patrol chose the name of "Doyle Aude" for their patrol on their own hook, and the suggestion for the name came from within the patrol. The patrol is named for a present older member who is an Eagle Scout. Officers: Kenneth Nelson, leader; Bill Mazzy, assistant; Don Childers, scribe.

Flying Eagle—Name and officers subject to change. Jerry Kerbow, leader; Dickie Manry, assistant; John Knox, scribe; Edward Harvey, Keith Robinson and Tommy Atkins, both absent.

The troop will go on an overnight hike next Friday afternoon, and all the new members, with the exception of a few, are eligible to attend. Plans for the camping trip will be completed at the meeting Thursday night.

Spanish Teacher Talks On Mexico To Kiwanis Club

Lambert Marks, teacher of foreign languages in Pampa High school, was the principal speaker at the Kiwanis club luncheon held Friday noon at the Schneider hotel. Mr. Marks, a graduate of the University of Southern California, spoke on "Old Mexico." He was a teacher in a private school in Mexico for one year.

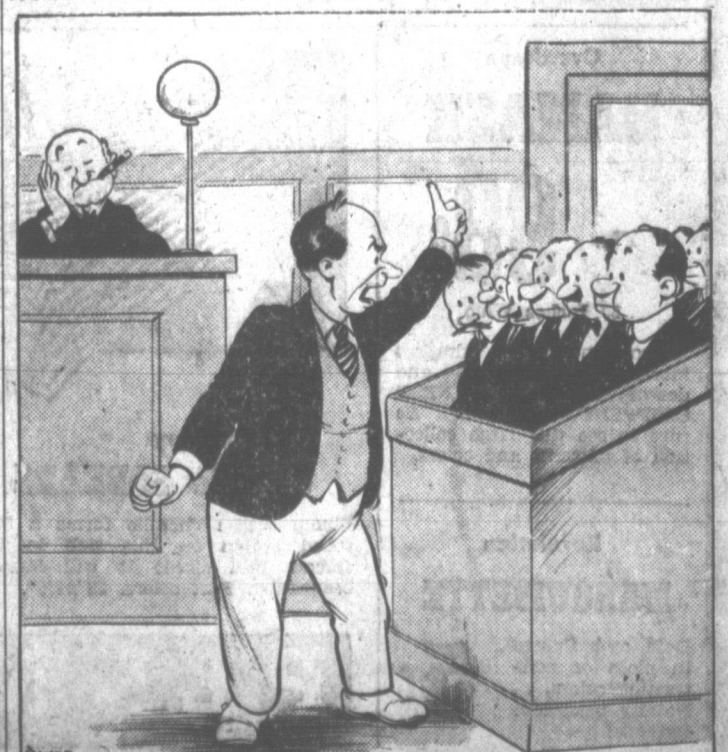

Miss Winifred Wiseman, Pampa Junior High school music teacher, was pianist accompanying Neeley Joe Ellis, boy singer, in several musical numbers.

There were 54 present at the luncheon, including two guests, Mervyn Wells, sports editor of the Port Arthur News, and C. E. Nelson, traveling auditor of the Standard Oil & Gas Co., Tulsa. At this week's meeting, members will hear reports on the Texas-Oklahoma district Kiwanis convention, that was held at Ardmore, Okla., October 9, 10 and 11.
