## AFL Reported Ready to Refuse Labor Peace Move

### Convention Will Ballot on Proposal

Tobin Insists on Making Peace with CIO Immediately

By T. F. COMAN  
HOUSTON, Oct. 8 (AP)—American Federation of Labor leaders, apparently resisting strong pressure within their ranks for immediate renewal of peace talks with CIO, were reported tonight to ask the A. F. of L. convention Monday to uphold a policy of waiting for John L. Lewis to make the next move.

Standing between the leadership and a ratification vote, however, was Daniel J. Tobin, one of the federation's vice-presidents, who wants the A. F. of L. to do something more than merely hold open the door to labor peace.

After a meeting of the executive council earlier in the day which debated Tobin's urgent plea to the convention, Friday, and President Roosevelt's expressed hope that labor leaders would "make and keep the peace," Tobin told reporters.

"My interpretation is that the President is extremely anxious as a friend of labor, to bring about unity in the family of labor in the interests, not only of the workers, but of the public."

The possibility that Mr. Roosevelt might be drawn into the situation as a mediator or arbitrator was considerably dimmed, however, after A. F. of L. President William Green and the council finished their extraordinary session.

Green gives views  
Green told reporters the council interpreted the White House message on peace in the labor movement to mean he did not want a convention to close the door to peace and that labor leaders should avoid jurisdictional disputes which result in a stoppage of work.

"We are unwilling," Green said, "to submit fundamental and vital questions of administrative control

### Mayor Proclaims Business Women's Week in Pampa

WHEREAS, our nation is foremost in the world in the advancement of women in public affairs and it is through the efforts of the business and professional women that many of the grave problems confronting us today are satisfactorily solved, they unflinchingly give freely of their time and ability to civic and social problems of their respective communities:

THEREFORE, it is a pleasure for me as mayor of the city of Pampa, to endorse National Business and Professional Women's Week, Oct. 9 to 15, and to ask the aid and cooperation of all citizens in making this week one of study of community problems and of cooperation with business women in their efforts to evolve a satisfactory solution to the pressing social and economic problems confronting our community.

ON TESTIMONY WHEREOF, I have hereunto signed my name this 7th day of September, A. D. 1938.

Ed S. CARR,  
Mayor of Pampa

### Pampa Boys Named 'Fish' Class Heads

It seems they learn how to "politic" in Pampa.  
Gray county students of whom there are more than 75 at West Texas State college this year, almost monopolized the freshman class elections at Canyon last week.

Pampa and Gray county students were nominated for each of the five offices on the ballot and two were elected. The "fish" elected Arvo Goddard president, and Roy Showers, vice-president, copying the two most important posts.

Pampa students who were candidates but were not elected were Virginia McGowan, secretary; Mary McGowan, treasurer; Jimmie Ham-nill, Prairie representative.

Gray students occupy two houses at Canyon. The boys home is composed entirely of Pampa students. A Pampa boy, J. W. Gillis, is captain of the freshman football team, and Roy Lewis, and Glen Maxey are stars on the team. Roy Showers was a leading backfield star until he was injured.

### New Style Head Type Inaugurated in Today's Edition of Your Pampa News

The Pampa News appears in new dress today and comes to its readers after having had its face lifted, as they say in the beauty shops. A new system of head-type is being inaugurated with today's Sunday News. Incidentally, the type used for heads in today's paper is so new that The Pampa News is among the first papers in the United States to use it, according to officials of The Mergenthaler Linotype Co.

Another change which becomes effective throughout the entire paper today is the stream-line method of flush-to-the-left heads, which the management of the newspaper believes will make for easier reading. The Pampa News has in the past inaugurated this system of head-line only in parts of the paper.

Every page of today's paper is made up with the new type faces for headings.

This type improvement is made in line with The Pampa News' policy of giving its readers a snappy, modern newspaper brimful of sparkling local, state, national and international news as well as the cream of the crop of educational and entertaining features.

The Pampa News invites you now to turn its pages for critical inspection. The management always is desirous of constructive criticism.

—THE EDITOR.

### City Church Burglarized of Property

Typewriter, Radio Microphone Stolen at First Christian

A new L. C. Smith Corona typewriter, a new Zenith cabinet radio and a broadcasting microphone were stolen from the First Christian church sometime Friday evening.

The typewriter, valued at \$60, and the radio, valued at \$33, belonged to the Rev. Ernest Jones, assistant pastor. The microphone, valued at \$25, was the property of Radio Station KPDM. The radio and microphone were taken from the church pulpit and the typewriter from a classroom.

The missing articles were seen in the church about 5 o'clock. The church was locked at about 7:30 p. m. No doors or windows were found open, leading police to believe the theft took place between those hours.

### Can Bombers Be Stopped? Perhaps Not

By E. E. BOMAR.  
WASHINGTON, Oct. 8 (AP)—Officials said today the army was obtaining from air raid defense maneuvers in eastern North Carolina new light on a vital military question: "Can bombers be stopped?"

Failure of the army's most powerful searchlights at times this week to spot night air raiders flying at altitudes known in advance has hinted a negative answer, already suggested by the damage from air raids at Barcelona, Hankow and Canton.

Conceding it is possible for single planes to slip through the strongest defense, coast artillerymen contend nevertheless that bombing of any city or fortification may be made so costly it will be abandoned quickly.

To obtain the answer to this and related questions, the army has massed at Fort Bragg the heaviest concentration of anti-aircraft artillery in its history. It includes 24 costly three-inch guns, a score of

### British's Balloons Break Away, Steel Cables Lash London

LONDON, Oct. 8 (AP)—Britain sent her famed balloons aloft today—dozens of sausage-like bags tied to 7,000 feet of steel cable intended to smash enemy aircraft—and tonight tried to count the damage.

Five balloons broke away from their moorings and trailed lines which lashed roofs, tore down wires and fences and generally gave babies their busiest afternoon since the European crisis ended.

Extra police, including mounted officers, tried to keep the curious crowds from harm as the balloons with their trailing lines swung a destructive way around the countryside.

The idea is that the balloons can be let into the air to fore a "fence" high in the sky, in which enemy aircraft would become entangled if they penetrated Britain's defending line of aircraft.

### Senator Small Will Discuss Taxes at C-C Lunch Tuesday

Taxation, a subject that will likely be constantly before the next session of the Texas Legislature, will be Senator Clint C. Small's subject at the monthly BCD and Chamber of Commerce luncheon at the Methodist church basement.

The Junior Chamber of Commerce will meet jointly with the senior organization. Invitations have been mailed to State Representatives Eugene Worley, Shamrock; Max Boyer, Perryton; and G. H. "Jack" Little of Amarillo. Should the three representatives accept, the luncheon will take on the air of a Panhandle legislative session.

Senator Small has been recognized as one of the leading senators in the Legislature almost from the time he first landed in the Senate. His influence has been felt on all major legislation. He has been especially interested in fighting all proposed increases on oil, gas, carbon black, and other natural resources which would affect the taxpayers of this district, and he is perhaps as well qualified to speak on the subject of taxation from a Texas standpoint as any man in the state.

Officials of the Pampa Chamber of Commerce request that reservations be made by telephoning 384 Monday so that proper accommodations may be made at the church by the ladies serving the meal. The price as usual will be fifty cents.

### Grasshopper Poison Plant Now Closed

After having been in operation for four and one-half months, the Pampa grasshopper poison compound mixing plant will be closed after Monday, County Farm Agent Ralph R. Thomas said Saturday.

The station, located on the site of a filling station at the intersection of U. S. Highway 60 and Texas Highway 88, has on hand 45,000 pounds of bran, which will be stored until next spring. At McLean 429 pounds of bran, which was used during the six weeks the station was open in that city, have been stored and will also be available next spring.

Since the station opened here on May 1 at McLean the last week in May, a total of 240,000 pounds of the poison has been sold, 200,000 pounds of which was from the Pampa station. The local plant was originally in the vocational agriculture building on the high school campus, but was moved to the new location when school opened in September.

County Farm Agent Thomas was anxious to keep the Pampa station open as late into the season as possible, as the "hoppers continue to lay eggs until frost, which usually occurs around Oct. 25. Migratory black-winged 'hoppers' came into Gray county last month from the north, threatening the small wheat coming up was another reason for his desire to have farmers obtain the poison and stop the pests.

### Insurgents Free 14 U. S. Soldiers

HENDAYE, France (AP)—Fourteen Americans who had been captured by the Spanish Insurgents were freed today after months of imprisonment, given clean clothes, food and eggs, and told that the N. W. York Yankees were doing nicely.

"Who's winning the world series?" was one of the first questions asked as the group arrived in France from Iran, across the border in Insurgent Spain.

The fourteen were exchanged for 14 Italian aviators in a deal arranged by United States Ambassador Claude G. Bowers. They came from the San Pedro de Gardena prison camp, in an abandoned monastery, where 74 other Americans are reported still held.

The Americans had been imprisoned for an average of seven months each. Louis Ornlitz, of New York City, was "dean" of the group, having been a captive for 14 months. Arrangements were being made to send them to Paris en route to the United States.

### Littlefield Car Dealer Killed in Truck Crash

BRISTOW, Okla., Oct. 8 (AP)—E. B. Hewitt, 50-year-old Littlefield, Tex., automobile dealer, was killed today when his automobile collided with a gasoline truck near here.

Sheriff Lew Wilder said Hewitt apparently fell asleep. He said papers in Hewitt's pocket indicated he was returning to Littlefield from Detroit, Mich., where he had gone to obtain four cars. He said Hewitt's three companions probably were driving ahead and were unaware of the accident.

The truck driver, John Hayes, 23, Sapulpa, Okla., was unhurt.

### Writer Cites Things Men Won't Stand for

By MARY ELIZABETH PLUMMER  
NEW YORK, Oct. 8 (AP)—What are the things that irritate a man beyond endurance?  
Margaret Devereux, author, lists as an example this sort of thing: "Where shall we dine tonight, dear?" (Husband.)

"Where would you like to go?" (Wife.)  
"I don't know, dear. Wherever you prefer."  
"Well, you decide."  
"But I asked you, dear."  
"I know, but what would you like to do?"  
This gets men down, says Mrs. Devereux, in a book, "Your Life As a Woman and How to Make the Most of It," to be published next Tuesday.

Among other things that annoy men acutely are:  
Not being on time.  
Making him or yourself conspicuous in a public place. "If you are not seemly and modest in your looks and conduct, he goes to pieces."  
Criticizing him about his personal appearance.

Mussolini, France and England May Settle Feud Now

(By The Associated Press)  
Italy laid the groundwork yesterday (Saturday) for settlement of her differences with Britain and France in particular and for possible European appeasement in general.

An announcement of Premier Mussolini stated that he was arranging immediate withdrawal of part of his troops from insurgent Spain.

The announcement said Italian contingents with more than 18 months' uninterrupted campaigning in Spain would be recalled.

Private sources estimated this step could mean withdrawal of 10,000 of the duke's forces whose presence in the Spanish civil conflict has been a major thorn in Italian-British and Italian-French relations.

This move on Italy's part toward ending the Spanish conflict, to be Sparta-like cleared the way for Prime Minister Neville Chamberlain of Britain to seal the dormant Anglo-Italian friendship pact.

By the same token, it brought an ending for Chamberlain to pursue his cherished desire of bringing Europe into one happy family.

The British prime minister felt a step in this direction was accomplished through the four-power lunch accord for the dismemberment of Czechoslovakia.

It due's announcement yesterday (Monday) one of the major stumbling blocks remaining in the path of his ambitious program.

In return for Italy's withdrawal of troops from Spain, Britain already is prepared, along with France, to grant formal recognition to Italy's conquest of Ethiopia.

### Scientist Church Will Be Dedicated

The Sunday morning service of First Church of Christ, Scientist, Oct. 9, will include the dedication of the church home which was built in 1933.

It is the rule of all Christian Science churches that they may dedicate only when they are free of debt.

In 1926 a group of Christian Scientist met in Pampa to read the lesson-sermons given in the Christian Science quarterly. It soon became necessary to have larger quarters and services were held in a public hall.

Recognition as a Christian Science society was granted by the mother church, the First Church of Christ, Scientist, in Boston, Mass., July 9, 1928, and became the First Church of Christ, Scientist of Pampa in 1933.

# Santa Clara Dream Team Downs Aggies 7 to 0

## LSU Defeats Rice 3-0 in Thrill Game

BATON ROUGE, La., Oct. 8 (AP)—Ray (Cotton) Miller kicked a brilliant field goal with only 15 seconds left to play to give Louisiana State a 3-0 victory tonight over Rice in a thrill-packed football game before more than 40,000 fans.

**SAN FRANCISCO, Oct. 8 (AP)—**Santa Clara, football toast of the Pacific Coast, turned one yard-gaining thrust of 52 yards into a touchdown today to defeat the formidable Texas A. & M. eleven, 7 to 0, and remain in the race for national championship recognition.

The Santa Clarians, after their smashing 22 to 0 win over Stanford a week ago, lined up as overwhelming favorites to turn back the big team from the Southwest but the final decision came only after the hardest kind of fighting.

Some 25,000 fans, expecting to see the vaunted Santa Clara ground and aerial attack submerge the Texans, wriggled uneasily as the third period neared an end without a score in sight.

The touchdown rally started quickly and finished the same way when Santa Clara put the ball into play on its own 48 yard line.

**NEW YORK, Oct. 8 (AP)—**The hurricane, long overdue, struck the football world today, smashing Ohio State, North Carolina and Auburn off the undefeated slate, ruined conference hopes of Nebraska and Indiana and left the experts dizzier than the game itself.

The fact that such old faithfuls as Minnesota, Pitt and Alabama came through as expected was small consolation as other favorites went down with all on board.

The day's largest crowd, 62,578, saw Howard Jones' Southern California Trojans, hitherto major disappointments, whip Ohio State at Columbus, 14-7 and ruin Buckeye hopes of an unbeaten season.

Credit for the biggest upset of the day, however, belonged to Iowa State's Cyclones who nipped Biff Jones' Nebraska Huskers, 8-7, in a Big Six conference struggle.

Auburn, after a disappointing scoreless tie with Tulane, virtually passed out of the Southeastern conference picture by dropping a 7-0 decision to undefeated Tennessee.

**Alabama Wins**  
Alabama met with unexpected resistance from North Carolina State but won, 14-0, while Minnesota likewise had its trouble before mowing down Purdue, 7-0, although the statistics favored Minnesota by a heavy margin.

**Princeton Crumbles**  
Princeton held Dartmouth for two periods but crumpled then and was soundly beaten, 22-0. Cornell took advantage of every Harvard mistake to roll up a 20-0 count, all three touchdowns coming on long runs.

**Wisconsin, preparing for its test against Pitt, buried Iowa under a 21-13 score while Michigan was running over Chicago, 45-7, in another Big Ten battle.**

**Kansas State advanced in the Big Six race by outpointing Missouri, 21-13, as Oklahoma's powerful Sooners crushed Texas of the Southwest conference, 13-0.**

**A field goal by Bob Nelson in the last 30 seconds of play gave Baylor a 9-6 decision over Arkansas in Southwest conference play.**

AFFILIATED WITH WORLD BROADCASTING SYSTEM

## KPDN Will Broadcast Play by Play Account of Series

In order to bring local listeners a graphic play-by-play account of the World Series between the Chicago Cubs and the New York Yankees, KPDN has arranged to join the Mutual Broadcasting System's Coast to Coast network today at 12 o'clock noon. The broadcast will originate at Yankee Stadium in New York City and will be fed by direct line to KPDN. The local station carried NBC's description yesterday and will do so again tomorrow if another game needs to be played.

KPDN becomes, for the time being at least, a part of the Texas State Network and Mutual Broadcasting System. In order to effect this connection, certain sponsors have relinquished their regular time on the air today.

## Irish Defeat LeFors 27-19

SHAMROCK, Oct. 8.—In a game packed with thrills the Shamrock Irishmen downed the LeFors Pirates here Friday night, 27 to 19. The score does not indicate the fierceness of the battle and not until the final whistle was the game safe.

LeFors scored first in the opening quarter on runner plays headed by Carruth, their stellar back. Shamrock retaliated in three plays and scored a touchdown on a long pass.

Still in the first quarter the Pirates rushed the ball to the Irishmen's one-yard line where it was first and ten and after losing three and four, finally scored on the fourth down to take a 12 to 7 lead. The try for point failed.

Not to be outdone, the Irishmen came back and on two long runs and a delayed pass scored again to make the count 13 to 12 as the quarter ended.

In the second quarter the Irish scored again, mainly through the passing of Sutterfield, who had passed to the visitors' five from where Byers scored on a line plunge. Hale, substitute place kicker, was rushed into the game and converted. The first half ended without

further scoring. Shamrock, 20; LeFors, 12.

The third quarter was scoreless with both teams threatening and neither being able to push over a touchdown. Shamrock opened the fourth quarter with a long drive down the field on short runs and pushed over a touchdown with five minutes remaining in the game.

Hale was again rushed into to convert and kicked the ball squarely between the goal posts. Incidentally Hale does not play in the regular game on account of an injured knee but has been substituted for one play, that of kicking goal after touchdown eight times this year and has kicked seven of the eight.

The Pirates were not downed, however. With only five minutes remaining they cut loose with a series of short passes to carry to ball once again over the Shamrock goal and convert making the final score Shamrock, 27; LeFors, 19.

## Gory, Socking Bout on Mat Card Monday Night

Unless the world comes to an end before Monday night, Pampa wrestling fans are going to think they're in the middle of a world war when Jack Hagen, the Louisiana Butcher boy, tangles with Sir Joseph Kopecky in the main event wrestling match of Promoter Cliff Chambers' all star card.

The two rough and tough maulers almost came to blows when they met on the street yesterday. "I'll wait 'til I get you in the ring where you can't run away," Hagen yelled at Kopecky. The cotton picker heatedly replied that he would take Hagen on the street or in the ring, with or without a referee.

The two will be only part of the top card which will see Walter Stratton, Ohio strong man, meeting Gus Johnson in what should be a clean, scientific semi-final. Both are fast, clever and lean toward wrestling.

Opening event, at 8 o'clock sharp, will send a wild-eyed Sheik MarAllah against Scotty Williamson. MarAllah is fighting mad after losing to Kopecky last Monday night. Williams is a clean, fast grappler and holds a pair of time limit draws

for the new model year will be outlined to the dealers and salesmen by Mr. R. W. Hill, regional manager, and Mr. H. C. Howard, assistant regional manager, of the Chevrolet Motor division.

The morning meeting will be concluded with a luncheon after which those in attendance will be given the opportunity to view the new 1939 Chevrolet which will go on sale Saturday, October 22nd.

Mr. Culbertson stated that he and his organization are very optimistic about the new year's business. Their present new car and used car stocks are, the lowest they have ever been at announcement of the new model and with the present uptrend in economic conditions they expect to have one of their best business years in 1939.

In the local group will be T. F. Smalling, Jess Reeves, Luther Wagon, Wade Thomasson, D. E. Cecil, Claude Pullen, Jack Dekle, Jim Nicholson, L. M. Kaps and Ed Tracey of the News.

Golf and football were forbidden in Scotland in 1471 because they distracted people from practicing archery.

Sharing the Comforts Of Life --- By R. C. Hoiles GENERAL MOSELEY, LOYAL OR DISLOYAL Major General George Van Horn Moseley, after serving for 43 years in the army and having retired on a pension, has some very pertinent things to say about the condition facing our nation.

It Still Begins at Forty It's performing a service to pass along any kind of heartening news these days. Here's a little service for the man who can't get it out of his head that the business and employment world is shrinking for the middle-aged man like a ten-dollar suit in a shower.

Among other things, General Moseley declared: "The Roman citizen sold his freedom for government largesse and a life of easy sloth. Today statisticians estimate that over 20,000,000 people—approximately one-sixth of our total population—are getting government subsidy directly and indirectly."

My Personal Opinion is

By JUDD 'A Democrat's better bet watch in out for them the publicans, they hold in means a "PERK" for a course we don't hafta begin worry about that too soon yet, long as they ain't able to figure out some kind of platform that's better'n our'n. I see in the papers where several of em jest had another meetin' in California at a resolved over the same old resolutions, over again, saying they'd agin this, an' they'd agin that, and they'd agin the \$30.00 Pension, an' the C. I. O. an' the N. L. R. B. an' then jest to make some more noise, they'd agin they resolved a sorta blanket resolution agin the whole New Deal coverin' everything. That's jest the trouble with them dem Republicans, nobody can't never change an account of it don't take a find out what they're doin' tell you nuthin' 'cept'n what they're agin, an' you'd natcherly think they'd oughta be FER sumthin' if it's only for incarceratin' or deportin' anybody that's tryin' to set up a Em-pump. They're the ones that first interduced the improvement of pumpin' direct into the barrel insted of pourin' it in a bucket at a time, an' that way they kin always keep the barrel full for emergency sales, an' as you know, they ain't never on a emergency once in four years anyways.

## EDUCATIONAL PROGRAM OUTLINED FOR FIRE PREVENTION WEEK

### Campaign to Lessen Fire Menace to Continue Throughout Week; Business Buildings To Be Inspected for Fire Hazards

Because fire plays a dual role in the life of mankind, that of master and destroyer, authorities have been moved to create National Fire Prevention Week. During the week of October 9 to 15, Fire Prevention Week will be observed in Pampa. Mayor E. S. Carr has issued a proclamation calling upon all citizens to observe the week by practicing safety in and out of home, office and factory. The watchword is "Be Careful and You'll Be Safe—Be Insured and You'll Be Protected."

Fire Chief White pointed out that "the fire department will make every effort to illustrate the dangers of fire. We are distributing circulars and poster, during the week."

"We are also going to make inspections of the various business buildings," the chief said, "and warn owners who are negligent in their fire preventive attitude."

**Proclamation by Many**  
Fire Prevention Week has been proclaimed by the President of the United States and various governors and mayors of practically every state and city in the union. It will be observed throughout the nation by civic, business and fraternal organizations, industrial and mercantile establishments, schools and churches.

A hazard which takes thousands of lives annually in this country and destroys millions of dollars worth of property is a hazard which deserves the serious attention of every

man, woman and child, here and everywhere. A continuation of educational programs in fire preventive measures will go a long way in checking deaths by fire and reducing the enormous property losses incurred.

#### P. W. A. Helps

Elimination of fire traps is one of the aims of the PWA when granting funds for new construction. The P. W. A. has been instrumental in constructing a number of fire-proof or slow-burning structures. School authorities are planning fireproof constructions. They too, have built and are now building schools which are of concrete or other materials which are not combustible.

#### Everyone Helps

The housewife, the merchant, and the manufacturer can greatly aid the fire department by the observance of common sense safety rules. Even though covered by fire insurance, remember that there is nothing that can pay for a lost life. To control fire and prevent devastation may cost a little time and perhaps some effort but that little may save a life, a home, a town or a city. Be careful—STOP FIRE!

Huval Installed As Legion Head--Committees For Year Announced At Post Meeting

Accomplishments of the Kerley-Crossman post of the American Legion during the past year were reviewed and objectives for the new year were outlined when new officers were installed at the local post's meeting at 8 o'clock Thursday night at the American Legion hut.

Lou Roberts, district commander, past district commander, conducted the installation. To Howard Buckingham, outgoing commander, Mr. Roberts paid tribute, saying, "I want to congratulate you for your service this past year. You have done a fine job. The inspiration of the leadership directed by this post has resulted in making the eighteenth the leading district."

I. J. Huval, incoming commander, in the installation ceremony, was told by Mr. Roberts that the office of commander meant more than merely being the presiding officer and that the responsibility of success or failure of any post was upon the commander.

The installation of officers followed reports from committees, given by A. D. Montleth and Paul Hill. An increased membership, community service, and more active sponsorship of the Sons of the American Legion were among the objectives outlined by Commander Huval.

Maisel Announces Activities Announcements of district activities were made by District Commander C. J. Maisel of the American Legion post at Panhandle, on Monday, with Zane Smith, former member of the Kerley-Crossman post, and the posts of McLean and Amarillo, as commanders; installation of officers of the 40 and 8 volume at Memphis Thursday night; post officers conference at Abilene November 6; district monthly meeting at Canyon on October 25, at which it is expected Dr. W. J. Danworth of Fort Worth, past departmental commander and present national commander, will be a special guest; installation of officers of the 40 and 8 volume at Shamrock on October 18, the installation to be conducted by A. D. Montleth of Pampa; an invitation by the American Legion auxiliary for the post members to attend a covered dish luncheon on October 19.

New officers of the Kerley-Crossman post are: I. J. Huval, commander; Luther Wilson, senior vice-commander; William Heskew, junior vice-commander; W. C. deCordova, finance officer; Paul Hill, chaplain; C. E. Cary, service officer; Mike Roche, Ed Dunigan, Jr., Dan Kennedy, executive committee; Matt Sellars, sergeant-at-arms; Joe Roche, adjutant; McClellan Crain, color bearer.

Committees named were membership, Luther Wilson, chairman; W. L. Heskew, co-chairman; C. A. Cramer, O. W. Springer, A. D. Montleth, Howard Buckingham, Earl Perkins, Dan Williams, Dan Kennedy, W. C. Breining, Lewis Jones, D. C. Cecil. House committee: Matt Sellars, L. P. Duvall, J. B. Cox; permanent recreation committee: Sherman White, chairman, I. J. Huval, Howard Buckingham, Dan Kennedy, Dan Williams, Mike Roche, C. P. Maisel, William Heskew, Ed Dunigan, Jr.

Finance: W. C. deCordova, chairman, L. R. Franks, Luther Wilson, publicity, Ray Earnest, chairman; Ed Tracey, co-chairman, John Sullivan, service; C. E. Cary, chairman; A. D. Montleth, John I. Bradley, relief; Paul Hill, chairman; I. J. Huval, Earl Perkins.

Sons of the American Legion: Joe Roche, chairman; R. K. Douglas, B. W. Bettis, Joe Shelton, law and order; William Heskew, chairman, A. D. Montleth.

Americanism: C. E. Cary, chairman; R. A. Webb, Frank Culbertson, L. L. McCole, John I. Bradley, Dan Kennedy; athletics: Joe Shelton, Roy Bourland, C. J. Goldston, chairman; H. C. Wilson.

Building: Mike Roche, W. C. deCordova, Dan Kennedy, Ed Dunigan, Jr.; legal, Sherman White, chairman; Ed Dunigan, Jr., Dan Kennedy, Mike Roche.

Frank J. Thomas was named as captain of the firing squad; Luther Wilson in charge of dances; and A. D. Montleth, graves registration.

Guests at the meeting last night were introduced by C. J. Maisel, district commander. Guests were R. W. Orr, F. L. Fender, and C. C. Jones, members of the Pampa post of the Veterans of Foreign Wars; and Marion Moore of Galveston, a brother-in-law of District Commander Maisel.

Market Briefs

NEW YORK, Oct. 8 (AP)—Strong rally, buoyed by steel, rubbers, copper and specialties, today spurred the stock market on its fastest Saturday sprint in more than three months. Although profit-taking resulted in recessions from best prices at the close in some cases, numerous issues finished with gains ranging to 2 or more points at new highs for a year.

The Associated Press average of 60 stocks on the day was up 4.6 of a point at 52, a new post since Oct. 9, 1937. On the week this composite was up 2.9 points. Transfers of 1,118,130 shares, compared with 946,000 a week ago and were the largest for any two-hour session since July 22.

The day's prominent share climbers included Santa Fe, N. Y. Central, Southern Railway, U. S. Steel, Bethlehem, Kennecott, American Smelting & Refining, Chrysler, Sears Roebuck, Douglas Aircraft, American Sugar Refining, Fajardo and South Porto Rico Sugar.

Up fractions to one point on the curb were Flak Rubber, American Gas & Electric, Newmont, Consolidated Copper, Humble Oil and United Wall Paper.

Green said Tobin's plea for immediate peace negotiations was before the convention and there was nothing the council could do about it at this time.

The council's own report on the CIO situation, he said, would be delivered to the convention by the resolutions committee.

Green added: "The convention will take official action. The convention is the supreme authority."

Vote Chance Gone The convention, however, will not have a chance to vote on two resolutions bearing directly on the A. F. of L.-CIO conflict.

John P. Frey, secretary of the resolutions committee, said delegates from the Stove Mounters' union and the hotel and restaurant employees alliance, requested their resolutions for peace with the CIO be withdrawn and expunged from the record.

Green said he informed Tobin that while he was abroad last summer, CIO Chairman Lewis had rejected a proposal that peace negotiations be resumed where they broke off last December.

Tobin disclosed he had received scores of telegrams supporting his demand for immediate action on labor peace, some of them CIO locals.

The messages urged him "to stand up for your guns until you get results" and asserted that peace in the labor movement was now the "paramount issue."

Two immediate differences between Daladier and the two leaders were over the questions of French recognition of the Spanish Insurgents as belligerents and the nation's continuing labor troubles.

## Pampa Business and Professional Women to Observe National Week

### Local Club Will Open Celebration with Breakfast

Striving to promote the interests of Pampa women, to bring them closer together for cooperation and better citizenship, and to elevate the standards of women in business, the local Business and Professional Women's club will join with other organizations in the observance of National B-P. W. Week from October 9-15.

Opening the local program for the week, which is being observed throughout the nation, will be a breakfast at Six Owen's new dining rooms this morning.

The breakfast tables were decorated with garden flowers in the club colors of green and gold. Individual corsages will be presented to each one present. Place cards will mark the places for the executive board at a center table and other members and guests will draw cards for breakfast partners.

To begin the program the club collect will be led by Christine Cecil and repeated in unison by the club. Lillian Jordan will introduce each one present with a humorous jingle and at the conclusion of the first course breakfast partners will be changed. Ernestine Holmes is to entertain with several accordion selections. Clara Lee Shewmaker, who will extend greetings to all, will give a resume of the objectives of the club and a general outline of the activities of National Business and Professional Women's Week here and elsewhere.

Christine Cecil will read the emblem benediction at the conclusion of the program.

After finishing breakfast the group will attend the First Baptist church, where pews have been reserved, to hear a sermon by the Rev. C. Gordon Bayliss.

This program for the local club was arranged by Vera Lard, public affairs chairman, and her committee of Ruth Walstad, Ida Hughey, Ruth Caraway, and Lillian Jordan, membership chairman.

Club members and guests making reservations for the affair are Audrey Fowler, Maureen Jones, Evelyn Gregory, Daisy Jim Daugherty, Helen Jo Daugherty, Jean Barnes, Ruth Caraway, Pearl Mitchell, Ruth Ann Holland, Madge Rusk, Lillian McNutt, Charlene Ward, Lillian Jordan, Ida Hughey, Yada Lee Lawson, Kathryn Chesnut, Helen Eberly, Betty Dunbar, Iva Ekern, Loraine Fite, Mabel Gee, Evelyn Hamilton, Babe McConnell, Mildred Overall, Miriam Wilson, Lucille Douglas, Madeline Murray, Catharine Ward, Lillian Jordan, Mildred Lafferty, Myrtle Simmons, Vera Lard, Christine Cecil, Clara Lee Shewmaker, Grace Pool, Louise Warren, Hazel Wilson, Eugenia Johnston, Gladys Robinson, Leah Behrman, Sophie Behrman, Katie Beverly, and Julia Kelley.

### Girl Scouts Hear Discussion on Fire Prevention Week

At the regular weekly meeting of Girl Scouts of troop four in the little house last week, Tom Eckard of the fire department explained ways of fire prevention in recognition of fire prevention week.

After a short business session, interest groups were formed and the Scouts working on home making under the supervision of Mrs. A. L. Burgo had a taffy pull.

Interest group number two took a short time to study insects and handicraft was chosen by group three members, who are working on novelties.

Mrs. Jack King and Mrs. Tommie Riggs assisted the leaders, Mrs. D. A. Caldwell, Miss Oale Ross, and Mrs. L. J. McCarty.

An observation hike was taken recently by 19 Scouts of the troop which added eight miles to the foot travelers badge which most of the girls are working on. Nine specimens of insects were observed and lunches were served at noon.

### Picnic Planned by Woodrow Wilson Band Parent's Club

Woodrow Wilson Band Parents' club met in the school auditorium Thursday evening with Miss Ernestine Holmes, Ken Bennett, and Bob Morris, guest artists, giving two selections each.

The band, under direction of Herman Trigg, played two march numbers. Others appearing on the program were Marilyn Keck, Joe Cree, Gene Barber, Bobby Reynolds, and Randall Clay.

After plans were made for a picnic at an early date, refreshments were served to the band and about 50 parents by the following hostesses: Misses E. L. Keck, A. L. Barber, O. R. Cree, Frank Reynolds, and J. P. Dunham.

### Skellytown P-TA to Meet Thursday

SKELLYTOWN, Oct. 8.—The Parent-Teacher Association of Skellytown will meet October 13, at the school auditorium, instead of October 11, as was announced. The change was made necessary because of conflicting dates.

Every one is urged to be present. Refreshments of ice cream and cake were served to Misses Laura Brown, A. C. Green, Roy Showers, Karl Ripple, R. P. Montgomery, H. H. Heiskell, J. W. Graham, G. H. Kyle, T. B. Solomon, Hunter, Guy Andis, and M. V. Watkins.

### Club Will Sponsor Flower Show at Church Next Week

The Pampa Garden club expects to exhibit an excellent display of flowers at the annual flower show which will be held in the annex of the First Presbyterian church on Friday, October 14.

The show is conducted each year to demonstrate the fact that flowers can be grown successfully in this country despite the adverse conditions. The club has asked the cooperation of all flower growers in the community as well as members of the Garden club. Exhibits will be received as early as 8 o'clock Friday morning and all displays must be in place by 11 o'clock.

A special feature of the program at the regular session Friday will be a talk on "Fall Planting of Trees and Shrubbery" by Paul M. Bruce, which is to be followed with a round table discussion.

Committees in charge of arrangements for the event include Mrs. R. J. Hagan, W. Purviance, and W. M. Pearce, general chairmen; Misses Sherman White, F. E. Cary, H. C. Schofield, Tom Henry, Donald Powell, E. A. Shackleton, and A. Hahn, arrangement; Misses W. L. Lovine, R. F. Dirksen, Frank Perry, schedule; Misses Glen Pool, W. L. Hesker, Luther Wilson, Frank Harris, R. F. Dirksen, and J. P. Curtis, registration; Misses J. W. Gordon, P. C. Ledrick, K. W. Bunch, W. C. Landrum, J. F. Curtis, and J. B. Massa, hospitality; Misses W. M. Pearce, W. Purviance, and Carl Smith, judges; Misses J. B. Massa, E. Leech, and K. W. Bunch, publicity.

Rules and regulations for the exhibit are as follows: The flower shows are given not only for their beauty, but for their instruction, and to promote the love of growing flowers. Therefore, the flowers for the show must be carefully chosen. Flowers having passed their prime, no matter how large or how unusual, will be barred by a committee from the show.

All classes are for amateurs. An amateur is one whose revenue from his garden does not equal his expenses.

All exhibits must positively be left in place until 9:30 p. m. Nothing so quickly breaks up a show as for exhibitors to remove their entries too soon. Exhibits may be left until the next morning, if more convenient, from 8 until 11 o'clock.

Exhibits may be brought as early as 8 o'clock.

### McLean Club Has Flower Exhibit

McLEAN, Oct. 8.—McLean's third annual flower show, which was held in the Southwestern Public Service company office Wednesday, was one of the most beautiful ever on exhibit in the community. The show was sponsored by the McLean Garden club, of which Mrs. W. E. Bogan is president.

Outstanding features of the show not entered in the contest were tables arranged artistically by various members of the club. A table arranged by Mrs. C. B. Batson and Mrs. Dana Shelbourne was covered with pineapple linen and was centered with a streamline of flowers on a reflector which was flanked by white fruit and a bird of paradise with a background of white tapers.

A morning coffee table laid with mink cloth and set with Vernon pottery and containing quartette vases of nasturtiums was arranged by Mrs. C. O. Gretnie.

A console with cosmos reflected in a mirror exhibited by Mrs. Edgar Adams was especially pretty. Another arranged by Mrs. J. B. Hembree was attractive. It was a mixed bouquet of dahlias in Chace-Shavase on a white bamboo tray.

Home Economics number two of

the high school showed a breakfast table covered with Italian cloth and set with bone china and centered with yellow nasturtiums.

Other attractions were a bouquet of purple jack beans in a bottle-green glass vase; a console arranged by Mrs. Shelbourne which had as a background a painted tray; pine burrs, gourds, painted pepper pods, and miniature pumpkins featured this table; another console with blocked linen hanging for background and featuring blue-green pottery and a vase of castor bean burrs was shown.

Winners in the various exhibits were: Centerpiece, Mrs. Boyd Meador; foliage, Mrs. E. E. Cooke; second, Mrs. J. E. ### Baptist Women Have Initial Program on State Missions

PANHANDLE, Oct. 8.—The women of the Baptist W. M. S. met at the church last week to present the initial program for the week of prayer and offering for state missions.

The program topic was "Shedding Light on State Missions." Mrs. R. A. Mitchell was leader for the afternoon and Mrs. W. W. Evans led the devotional. Mrs. N. Taylor led the song, "Help Somebody Today." Mrs. Dick Weatherly discussed, "Shedding Light on Texas Needs." Mrs. J. J. Halcob discussed "Shedding Light on Mexican Work." Mrs. Escar Watts, "A Challenge to Our W. M. S."

Mrs. N. Taylor and Mrs. D. C. London sang a duet, "How Long Must We Wait," and Mrs. S. G. Bobbitt dismissed with prayer.

**SPROUTS WITH CHESTNUTS**  
The safe cooking rule for Brussels sprouts is to boil in salted water until just tender. Overlong cooking spoils color and flavor. For extra special occasions try serving them with cooked chestnuts. Pour browned butter sauce over the whole.

### LEADERS IN JUNIOR HIGH SCHOOL

Three leaders in Junior high school activities are pictured here. They are Beatrice Stotts, left, popular girl who was chosen by the girls of Junior high to represent them as their president for the Leaders' club. She is also a member of the Reaper staff, the school paper. Eugenia Phelps, center, who is the editor for the Reaper publications, is in the eighth grade. Therolene Devore, right, daughter of Mr. and Mrs. J. C. Devore, is the newly elected president of the Junior High Leaders' club. She was chosen by the representatives of each room in Junior high school.

### Rules to be Used at Annual Flower Exhibit Presented

Judges of the flowers to be shown at the annual flower exhibit Friday in the Presbyterian church will consider the points given below. These rules and suggestions are being published to give information which will enable the public and all Garden club members to compete on an equal basis. All exhibits will be entered under one of three main divisions with ribbons given for each of the many classes they include.

The three divisions are:

1. Specimen. By specimen is meant a single plant, bloom, or stalk.
2. Display. The term used for several of only one kind of flower.
3. Arrangement. A group of different kinds of flowers or plants arranged to create an artistic effect.

To illustrate the above classifications one rose, for instance, would constitute a specimen. Several roses, a display, and roses mixed with other flowers as filler would constitute an arrangement. Exhibitors should enter the best flowers in the specimen classes, the next best in display classes and the less perfect flower (with curved stem, etc.) in arrangement classes.

The points for judging the most perfect specimen are as follows:

### 8th District P-TA News

By EUGENE MANN  
The Texas Congress of Parents and Teachers will present a weekly radio broadcast over the Texas State Network every Tuesday afternoon at 2 o'clock. This program can be heard over KGNC of Amarillo and KPON of Pampa.

Hansford county Parent-Teacher group held a school instruction last Tuesday at Gruver. Mrs. Clinton Wilson, president of the county council, presided.

Mrs. W. M. McCloy of Morse, fourth vice-president, and Mrs. C. T. Hunkard, district chairman of Pampa, were present and took part in the school. Superintendents present included W. R. Finley of Spearman, Gillespie of Morse and McCollum of Gruver.

Mrs. Cliff Vincent, Gray county Council president, LeFors; Mrs. Lewis Goodrich, district parliamentarian of Shamrock; Mrs. M. A. Rander, second vice-president of Panhandle; and Mrs. W. B. LaMaster, state chairman of character and education of Perryton, all took part on the program.

Others who attended were Mrs. Jack Allen, president of the Perryton group; Mrs. Wayne Thomas, district endowment chairman, of Perryton; and approximately 80 parents from over the county.

### Flower Show

(Continued from Page 7)  
as 8 a. m. the morning of the show, but must be in place by 11 a. m., or will be barred.

Exhibitors will not be allowed in the room while exhibits are being judged, and are hereby asked to retire, to allow the judges as much time as possible.

The show will be open to members and public from noon until 9:30 p. m.

Vases and containers must be furnished by exhibitors, with name pasted on the bottom. (Use adhesive tape.)

Flowers picked the night before the show and placed in water up to their heads will have a fresher appearance, and nothing adds more to the show than the freshness of the flowers. All dead flowers and yellow leaves should be removed.

A specimen is one flower and must be named by the exhibitor. Specimen flowers flowers must be shown, one in a vase. The vase must be heavy enough not to tip over.

A display is a group of many arrangements.

Displays made in buckets should be wrapped in crepe paper or cheese cloth, or any other way that adds to the beauty of the show.

An arrangement is a group of flowers or foliage.

The public is invited to visit the exhibit between noon and 9:30 o'clock as well as to enter flowers in the show.

# BERGEN, LEEDS, MENJOU STAR IN STAHL PRODUCTION

## Drama Mixed With Comedy In New Film

**LaNORA**  
Today, tomorrow and Tuesday: "Letter of Introduction" (Universal). Directed by John M. Stahl. Adolphe Menjou, Andrea Leeds, Edgar Bergen and Charlie McCarthy.

Most people will find high entertainment value in this social drama, which is well cast and expertly combines the hilarious comedy of Edgar Bergen, Charlie McCarthy and his rival, Mortimer, with a serious and affecting story. Adolphe Menjou as an aging actor gives a fine characterization. The D. A. R., one of the nine groups composing the West and East

Coast Preview committees, consider his picture outstanding.

Wednesday and Thursday: "The Lady Objects" (Columbia). Directed by Earl C. Kenton. Lanny Ross, Gloria Stuart, Joan Marsh, Robert Paige. Lyrics by Oscar Hammerstein II and Milton Drake, music by Ben Oakland.

Story of a wife whose love for her husband is forgotten when she achieves success as a lawyer while he struggles at a mediocre job, slowly finds himself relegated to a minor position in the household. He turns to singing, wins success. Climax of the picture is when the wife defends her husband against charges of murdering the other woman.

Friday and Saturday: "Garden of the Moon" (Warner Brothers). Directed by Busby Berkeley. Pat O'Brien, Margaret Lindsay, John Payne. From the story by H. Bedford Jones and Barton Browne. John Payne, a newcomer, elicits in this picture with his convincing characterization of an unheard-of orchestra leader who is determined to make good at his first opportunity. Jimmie Fidler's presence adds a note of reality.

## OPENING AT CROWN TODAY

Gene Autry, Tom London and Bob Osborne in a scene from the Republic Picture, "Prairie Moon."

## HEART TROUBLE

Bing Crosby is the crooning physician who masquerades as a policeman only to lose his heart on his first assignment in "Doctor Rhythm," the musical comedy showing today and tomorrow at the State. Pearl-blondie Mary Carlisle is his romantic interest, while Beatrice Lillie is also cast.

make still actually makes the beholder believe in her regeneration.

**CROWN**  
Today, tomorrow, and Tuesday: "Prairie Moon" (Republic). Directed by Ralph Staub. Gene Autry, Smiley Burnette, Shirley Deane, Tommy Ryan.

Autry and his side-kick, Smiley Burnette, are mystified by cattle raids in which the stock vanishes into thin air. They finally discover that Frank Welch (Stanley Andrews), owner of a General Store, is behind the cattle rustlers, but they can prove nothing.

Legs Barton (William Pawley), a neighboring rancher, turns out to be an eastern gangster who has come out west to hide out. His ranch is being used by the rustlers to hide the stolen cattle. When Barton discovers this, he comes to an open break with the rustling gang, fearing their activities will center attention on him. Barton is killed in a gun battle with the gang, and, before he dies, he asks Autry to look after his three orphaned children, now living in New York. The kids, Nails, Brains, and Slick

Barton (Walter Tetley, Tommy Ryan, and David Gorcy) are brought out west and prove to be toughs of the worst sort.

**REX**  
Today, tomorrow, and Tuesday: "A Farewell to Arms" (Warner Brothers). Directed by Michael Curtiz. Gary Cooper, Helen Hayes.

Autry and Smiley begin a reformation of the kid's, without much luck. Welch gets to them and swings the youngsters around to his side. Welch blocks Autry's plan to adopt the boys, and he gets himself appointed their legal guardian. He hopes to get the Barton ranch through this procedure.

After many complications, Gene, with the aid of Peggy, the local school mar'm (Shirley Deane), succeeds in the arting Welch. The kids are brought around to see the right side of things when they are convinced that Welch is a rat. All ends well in a climax that the audience won't soon forget.

The entire cast turns in excellent performances. Autry is in good voice, and the music is far above average. Burnette carries his comedy well, and Shirley Deane is a believable heroine. The three youngsters, David Gorcy, Walter Tetley, and Tommy Ryan, are real

## Study Group of Sam Houston Has Initial Meeting

At the first meeting of the Sam Houston Study Group Friday afternoon, a school of instructors for room mothers and teachers for the coming year was held.

Program leader, Mrs. Carl Boston, president of the P. T. A., introduced Mrs. Frank Perry, who spoke on "The Instructions for a Room Mother." First of all they help establish a friendly relationship with the parent and teacher; they should visit in the home of every child in the school; participate in the membership of the P. T. A.; cooperate in taking the state Parent Teacher magazine; be willing to serve the teacher and child in helping to work out school problems; and help send out P. T. A. work and above all to explain the P. T. A. organization, Mrs. Perry pointed out.

Mrs. R. S. Lawrence, a former room mother, spoke on "The Duties of a Room Mother." Being a room mother is very pleasant work, she said. Last year they invited parents to the association and encouraged them to be a part of the P. T. A. organization, wrote cards urging parents to attend all social affairs, and visited in the homes of children in their respective rooms.

Miss Violet Durrett discussed "What a Room Mother Means to the Teacher." She makes a closer relationship through her and the parents of her pupils, and is some-

one that she can depend on for help when needed. It makes friendliness toward the child to visit in their home and they feel a personal touch.

Principal A. L. Patrick said that a room mother is a key mother in the organization and builds toward better relationship.

Mrs. R. S. Lawrence was elected chairman of the room mothers.

Mrs. Tom Henry, who spoke on hobbies, said that yesterday belonged to the worker; tomorrow belonged to the wise user of leisure. Hobby is a convenient and hardy word to designate the favorite occupation of an amateur, she added.

She had many books on hobbies from the library on display, and a stamp book collection, some flowers, crocheted pieces and runs to show the value and enjoyment of a hobby.

Mrs. Boston and Mr. Patrick formed a receiving line and all present were led to the cafeteria where

they found the P. T. A. rainbow and were served tea.

Shamrock To Aid In Fire Prevention. SHAMROCK, Oct. 8-In cooperation with the state fire insurance department, this city has designated the week of October 9 to 15 as Fire Prevention week.

The city schools are cooperating with the move one hundred per cent. Supt. W. C. Perkins says that fire drills will be held at the ward schools, junior high school and high school. Themes on causes and prevention of fire will be written by students and posters portraying methods of fire prevention will be made and placed in show windows of the local stores.

Marvin Hall, fire insurance commissioner, stated on a recent visit here that every Texas citizen is urged to observe the week and that it is only by constant vigilance on the part of all the citizens that the annual toll in fire and property can be reduced.

Fire prevention week is observed to keep people conscious of the devastating results of fires and to make them constantly alert to fire hazards in their own homes. Texas people are urged to take an active part in this drive to help reduce the annual fire loss.

Working Students Share Mower's Use. LUBBOCK, Oct. 8-Latest wrinkle in student employment at Texas Technological college is a cooperative lawn mower, purchased by the alumni and Ex-Students Association and loaned to working students by the half day.

Grass-cutting jobs have increased 50 per cent since "odd job" boys can furnish their own tool, according to Calvin Hazlewood, secretary of the alumni group and assistant in the dean of men's office.

PWA Authorizes Grant For White Deer Schools

WHITE DEER, Oct. 8-Approval of a PWA grant of \$33,750 for the White Deer Independent School district was announced Friday by a wire from Rep. Marvin Jones and Senator Morris Sheppard to E. C. Shuman, president of the board of trustees. The announcement was later confirmed by PWA offices in Fort Worth.

A bond issue of \$40,000 was voted by the district on Sept. 26, and this sum, together with the PWA grant will be expended in repairing and remodeling the high school building which has been badly damaged by termites and in installing a central heating system in the Skelly building school.

SERIAL STORY

MURDER TO MUSIC

BY NARD JONES

COPYRIGHT, 1938 NEA SERVICE, INC.

CAST OF CHARACTERS MYRNA DOMBEY—heroine. Wife of the sensational young bank leader.

ROBERT TAIT—hero. Newspaper photographer—detective. Myrna's closest friend.

DANNIE FEELY—officer assigned to investigate Ludden Dombey's murder.

Yesterday: Tait and Anne find the cottage and discover Myrna hiding.

CHAPTER VI

"OH, Myrna!" Anne stumbled forward in the darkness and clutched the frightened girl who stood back against the wall.

"Anne! . . ." Myrna's voice choked. Then: "I might know you'd try to find me—and after I got here, I wanted you so!"

"How about some light?" Tait asked, trying to make his voice sound jovial.

Myrna did not answer at once. Then she demanded in a queer, tight voice, "Who is that, Anne?"

"Robert Tait. He was—at our table."

In the silence Tait's eyes grew accustomed to the dark room. He saw Myrna move across it.

"You'd better sit down," he said gently. "Cigarette?"

She took one gratefully, accepted his light with fingers trembling. "Thanks . . . so much. I—I suppose I'm a coward to act like this. But I want to run. Just keep on running. And somehow the only place I could think of was here."

Tait nodded. "Fortunately Anne knew you well enough to figure just that. And we don't think you're a coward. I believe I'd want to scream myself. But it won't do you much good, Myrna. You've got to face the music."

He could have silt his own tongue as he mentioned "music" for Myrna cringed at the word.

"You'll be all right," Anne said. "They'll want to ask you a few questions. It can't be worse than that."

"They?"

"The police," said Tait gently.

Myrna's head raised in bewilderment. "Then—then they don't know who killed him?"

"Not yet, Myrna."

THE girl was silent a moment, staring into space. Then she straightened in her chair, her fists clenching. The cigarette dropped to the floor.

"That's enough of that kind of talk, Myrna. You've got to get hold of yourself." He held her gaze sharply. "Who was with you here tonight, Myrna?"

"With me?"

Anne Lester's voice cut in gently. "Listen, Myrna, when you tell the truth it's good enough for me. Didn't you know there was someone else around here to-night?"

"No. You—you must be mistaken."

Tait shot a significant glance toward Anne. "Perhaps we were. We thought we heard someone in the brush." He took up the lamp. "We can negotiate that path better with this, I think. Let's get back to town."

Without protest, Myrna allowed Anne to take her arm and guide her from the shack. Tait went ahead, holding the lamp aloft.

When they reached the car, he blew against the wick. Then, after holding the lamp to cool a moment, he tossed it into the tall weeds by the side of the road.

THEY put Myrna between them in the little coupe, and started down the narrow road. For the first time, Tait noticed Myrna's shoes. They were the evening slippers she had worn to her wedding. And they were streaked and torn. The hem of her long dress was in shreds!

"Myrna, how did you get here?"

"I hired a taxi to the fork in the road," she said dully.

"And tramped here the rest of the way?"

"Yes. I didn't want the driver to know where I was going. I—I

told him I lived in a farm house down the other road and didn't want my father to hear the car so late. The fare was more than I could pay, and I—her voice broke. "I had to give him Ludden's ring."

"Do you know the company that ran the cab?"

"It was a green and red one."

"Good. The outfit's all right. I'll straighten up the fare, and we'll get back the ring."

WEARILY Myrna dropped her head on Anne Lester's shoulder. Soon she was asleep, oblivious to the noise of the car's engine. After a moment, Anne said softly, "What's the program when we get back to town?"

"I think you gals had better sleep in my apartment. Mike Duddy and Dannie Feely may be camping around yours. We'll let her sleep until noon, at least. Then we'll have some lunch and rehearse a little talk Myrna will have to give down at headquarters."

Anne's eyes were filled with grateful admiration. "I don't imagine they make a man any better than you, Bob Tait."

"There've been plenty of complaints," grunted Tait. "Another thing—you and Myrna can't go out in daylight in the clothes you're wearing. Tomorrow when the stores open you'd better do some shopping. I can furnish the price of a couple of modest outfits."

"Oh, no. My credit's good at Bilger's. I'll go there."

"But why? As soon as Myrna puts in an appearance—"

"She's going to be in hot water. And the police are likely to want to keep her there as long as they're up a tree. This is going to be a tough one to crack, even for a smart fellow like Dannie Feely. And Ludden Dombey was so well known that the public won't let it slide." He looked apprehensively at the sleeping girl.

"The fact is, I don't think Myrna is going to get out of this mess until the murder of Dombey is unmistakably fastened on somebody else."

Anne was silent a moment. "And you mean—you'll keep on helping until it is?"

"God and Dannie Feely willing, yea," he grinned. "I'm a Boy Scout at heart."

Secretary Wallace 50 Years Old Friday

WASHINGTON, Oct. 8 (AP)—Secretary of Agriculture Henry A. Wallace observed his fiftieth birthday Sunday.

That program, embodied in the crop control act passed by the last Congress, has come under severe attack in the cotton, wheat, and corn areas particularly, and substitute proposals have bobbed up everywhere.

Because of the prospective congressional fight, Wallace plans to spend much of his time during the next two months attempting to rally farmers behind the existing law.

His next speech will be made in the heart of the corn belt at Springfield, Ill., Oct. 14. He returned only this week from making addresses in defense of his program at Fort Worth, Texas, and Hutchinson, Kas., in the cotton and wheat belts.

Wallace conceded today that his program had not yet achieved its goal, but contended that without the legislation farm prices would be considerably lower.

He charged that attacks on the present legislation were being directed by "reactionary interests."

Machinery Arrives For Highway Paving

Machinery of various sorts, graders, tractors, rollers, a caliche crusher and processor, a drag line, and other items of road making equipment, have been shipped into Skellytown by truck and by rail during the past 10 days, as the Austin Construction company prepares to start work on paving the Pampa-Borger road.

While no definite date has yet been announced, it is expected that the work will start sometime this week, possibly on October 15.

The Austin Construction company has established an office in Skellytown. Work of paving the road will start at the Pampa end, seven and one-half miles west of Pampa. Between 50 and 60 men will be employed in paving the 20.37 mile strip.

Sun Spot Activity Greatest in Years

PASADENA, Calif., Oct. 8 (AP)—Whatever disturbing effects sun spots may have on the earth, the sun is just passing its greatest maximum of spot activity in modern times.

Records at the Carnegie Institution's Mount Wilson observatory showed today there have been more spots on the sun for the past two years than for any similar period since 1870.

"We were inclined to believe the maximum of the normally 11-year cycle had been reached in July, 1937," said Dr. Frederick H. Seares, assistant observatory director, "until last July and August came along. Now it appears the cycle curve will show a double maximum. And of course there is a bare possibility the maximum yet lies ahead, although this seems unlikely."

Some persons have attributed the world's unrest, including war and threats of war, and fluctuations in the stock market, to sun spots. Astronomers here, however, are content to charge disruption on telephone, telegraph and short wave broadcasts to the solar disturbances, on the weather.

# 12 LOCATIONS STAKED IN FOUR PANHANDLE COUNTIES

## Activity To Increase, say Oil Operators

Activity in the Panhandle oilfield continued on the upward trend last week when 12 new locations were staked in four of the five producing counties. Six oil wells and one gasser were completed during the period, adding 2,754 barrels of oil and 15,444,900 cubic feet of gas daily to the field potential.

Hutchinson county was the hot spot of the activity with seven new locations and all of them new wells. Three first intentions to drill were filed for Moore county with one each in Gray and Carson counties.

Nine of the new tests will be for oil and three for gas, all the gas wells in Moore county by the Texoma Natural Gas company. All of the wells will be in proven territory or on the edge of production. Stanolind Oil and Gas company and Magnolia Petroleum company each staked two new locations.

Best well of the week was the J. Gordon Burch No. 4 Herring in the S. B. Evans survey, Hutchinson county, which was given a potential of 702 barrels from lime formation.

Operators in the field predict that activity will continue far into the winter months. Summer drilling has been more quiet than last year although more steady. Locations filed during the past two months have been showing a steady increase each weekly report.

Little wildcatting has been done during the summer, leading operators to believe that considerable scouting for new pools will be conducted in 1939.

Completions by counties follow:

**In Hutchinson County**  
Magnolia Petroleum company, No. 9 Southwestern Oil and Development company, East Day Land and Cattle company survey, gauged 597 barrels with pay from lime formation between 3,100 and 3,125 feet.  
J. Gordon Burch No. 4 Herring, S. B. Evans survey, was given a potential of 702 barrels. Lime pay was from 3,134 to 3,190 feet.

**Drilling & Exploration company, No. 3 Watkins, section 13, block M-21, TC&RR survey, tested 397 barrels with pay between 3,010 and 3,055 feet in lime.**

**Drilling & Exploration company, No. 24 Watkins, section 13, block M-21, TC&RR survey, gauged 352 barrels. Lime pay was from 2,992 to 3,015 feet.**

**Phillips Petroleum company, No. 34 Cockrell, section 3, block M-21, TC&RR survey, tested 263 barrels with lime formation between 3,000 and 3,068 feet.**

**Stanolind Oil & Gas company, No. 18 Watkins, "A" section 10, block M-21, TC&RR survey, gauged 293 barrels with pay from 2,825 and 2,885 feet in lime.**

**Phillips Petroleum company, No. 1 H. A. Way, section 7, block M-16, AB&M survey, gauged 15,444,900 cubic feet.**

## Colorado Wildcat Drilling At Depth Of 325 In Lime

Shown here is the structural map of the Branson structure in Las Animas county, Colorado, where Pampa interests are drilling a wildcat test well. The well, down 325 feet in sandy lime Saturday, is located just two miles north of Branson, 120 miles from Dalhart, Texas. Interest in the drilling is growing because of its possibilities of opening an extension of the Panhandle field. The oval just north of Branson shows the well's location in the structure.

## New Markets To Be Stressed

WASHINGTON, Oct. 8 (AP)—Officials said today the agriculture department would put greater emphasis on finding new domestic markets for surplus farm products when the reorganization ordered by Secretary Wallace has been completed.

Wallace last night ordered drastic changes in the organization of the department and shifts of many of the top-ranking officials into new posts.

The changes, effective Oct. 16, will consolidate in one bureau all the department's marketing activities, regulation of the nation's commodity and livestock markets. These at present are divided among several bureaus.

All research also will be centered in one bureau. Its functions will include development of new industrial uses for farm products.

All planning for department activities, heretofore divided among a dozen or more semi-independent agencies, will be done by the Bureau of Agricultural Economics.

H. R. Tolley, former Indiana school teacher who has been head of the Agricultural Adjustment Administration, will be in charge of the bureau.

It will develop crop control programs—an activity now carried on by the AAA—and will form policies and plans for soil erosion control, rehabilitation of farm families on relief, forestry control, price stabilization and land use.

Officials said that the reorganization did not mean there would be any basic changes in present methods of meeting the problems of farm prices and surpluses under the crop control law enacted by the last Congress.

ably, the only difference being that he lengthens and widens the Branson structure over Lupton, according to Mr. Johnston.

The Parker club well which is off of structure located 13 miles due east of Branson, had a showing of gas at 925 to 930 feet.

"It would appear on account of the mesa south of the Barela gas wells that the origin could not be south, and for the same reason could not be west. The wells drilled north of the fault line would seem to confine to origin of this wet gas to the only direction as being east."

Mr. Johnston reports the formations on the well are running 160 feet high, based on the logs of the Barela gas wells to the west, and the Parker club well to the east. He further ventured that if the well "hits," production in commercial quantities should be encountered at a depth under 2,500 feet.

The late Chas. T. Lupton's structural map of the Branson structure appears on this page, and in addition to Lupton, Wm. L. Clark, consulting geologist, reported favor-

## Wells To Be Put Down On Cemetery Lot

Climaxing one of the strangest transactions ever recorded in the bewildering annals of oil—a group of Centralia, Ill., oil operators have announced that they will drill two oil wells on a cemetery lot 16 feet square. News of the odd transaction was contained in a paper sent to the News by Sid Stone, Pampan now visiting in Illinois.

The lot is in the midst of the Lake Centralia field, only a short distance southeast of the discovery Tate well.

The cemetery was purchased for \$1600 after a weary tour by one operator through nine states to obtain the signatures of the O'Brien heirs, owners of the tiny plot of ground where three persons, a couple and their child, were buried 50 years ago. The heirs received from \$25 to \$250 apiece.

**Headstones Removed**  
Three fir trees tower in the fenced in lot, from which even the headstones were taken when the bodies were removed to Elmwood cemetery by an undertaker more than a month ago.

The deal which consummated in today's announcement was one of the most complicated in the history of the Illinois oil basin, and was carried on with utmost secrecy in hot competition with the Texas oil company. Paxton Gray, one of the independent promoters, said the wells on the plot might force the Texas company to drill "eight off-set wells."

Gray, Joe Murphy, J. L. Richardson and Joe Bilack, a veteran group of operators, will drill the tests, one to the Benoit and one to the McClosky.

It was only after at least one company had failed to obtain a lease on the plot, that Richardson, a former electrical appliance salesman, went to work on the project, finally journeying as far as Colorado before he obtained the necessary signatures.

After the lot had been purchased the next problem was to obtain ground in order to rig up drilling apparatus and dig slush pits. Mineral rights on the adjoining acreage had already been leased to Texas.

However, the major company defeated this move of the independents by agreeing to pay the landowner \$1,000 a year for 10 years for the surface rights, according to reports.

**Not To Be Balked**  
Still the independents were not to be balked. Gray said they would sink the wells with a core drilling machine, 12 feet by 12 feet, and would dig slush pits beneath the derrick. Oil storage tanks will be erected on a concrete platform above the well, he said. The independents have obtained rights of egress and ingress which will enable them to move their equipment to and from the location.

Gray reported Texas would prob-

## API Will Meet Here Tuesday Night

First fall meeting of the Panhandle Institute will be held Tuesday night at 8 o'clock in the city hall with Chairman, H. V. Mathews presiding.

Principal address will be given by W. O. Owsley of Duncan, Okla., engineer and geologist for the Halliburton Oil Well Cementing company. His subject will be water shut off methods in other fields.

Mr. Owsley has made an exhaustive study of water conditions in the southwest and has had much practical experience in the methods best suited to conditions.

Entertainment preceding the business meeting and program will begin at 8 o'clock.

Chairman Mathews urges all members and non-members of the chapter to attend the first meeting since last May.

Plans for the meeting and for future meetings were discussed at a meeting of the advisory board Tuesday noon.

## Religion Studied By Demonstration Club at Panhandle

PANHANDLE, Oct. 8—Mrs. C. F. Hood was hostess to members of the Panhandle Home Demonstration club Tuesday afternoon, when they met for a study on "Founders of Different Religions."

Mrs. E. C. Nichols discussed Mohammed; Mrs. J. O. Harrell, Buddha; Mrs. C. F. Hood, Confucius and Lao Tse; and Mrs. C. O. Hinshaw, Zoroaster.

Mrs. C. O. Hinshaw, president, presided at the business session. Mrs. E. H. McKeel, with young people's recreation chairman, reported that she had met with the county judge and plans were being made for community entertainment for the young people of the county. The members voted to entertain their husbands every fifth Tuesday. The first party will be a covered dish Thanksgiving supper at the home of Mrs. O. York.

Two names, Mrs. Art Knorrp and Mrs. Price, were presented for membership. An invitation from Mrs. W. A. Riney of Clarendon was read, inviting the members for an all-day meeting and covered dish luncheon at her home the first meeting in November.

Mrs. L. H. O'Neal, yard demonstrator, will be hostess for the next meeting, Oct. 18. There will be an inspection of the work Mrs. O'Neal has done on her yard. Any one interested in yard improvement is invited to attend.

Refreshments of cookies, special tea, and choice waters were served to the following members: Mmes. E. C. Nichols, Cleo Aigre, C. H. Harrell, O. York, J. O. Harrell, L. H. O'Neal, J. L. Sloop, C. O. Hinshaw, and two guests, Miss Inez Harrell of Sherman and Mrs. Art Knorrp, and the hostess.

ably be forced to drill a well to the McClosky and Benoit on each side of the plot, making a total of eight offsets.

## Oil Men Will Meet At San Antonio Soon

San Antonio will be the Texas oil industry's "health resort" on Thursday and Friday, Oct. 27 and 28, when oil operators from every section of the state will have their economic ills diagnosed by specialists heading the program of the big annual convention of the Texas Mid-Continent Oil and Gas Association, according to E. J. Dunigan, Jr., the Association's vice president for the Panhandle area.

"The health of the Texas oil industry is of vital importance to everyone living in Texas today," said Mr. Dunigan, "and it is through the stimulus of these annual conventions that this great state industry may collectively work out the solution of its problems, with resulting benefit to the people of Texas as well as the oil industry itself."

Mr. Dunigan urged every oil operator in Pampa and vicinity to make it a duty this year to attend the oil men's reunion in San Antonio. He said the business program includes serious discussion of numerous operating problems now facing the industry, such as reduced production schedules which are greatly increasing unit operating costs.

"While the serious-sided questions before the Texas oil operator will play an important part in this year's convention program," said Mr. Dunigan, "we have been assured by the San Antonio entertainment committee that fun and frolic will be administered in pleasant doses by greatest aggregation of gloom-chasing specialists this side of Broadway."

"To miss this year's convention of Texas oil men in San Antonio, is to miss a real opportunity to take an
