Top Nixon Aide Defends New Involvement In War

WASHINGTON (AP) — Secretary of State William P. Rogers said today the Nixon administration "has no intention to permit South Vietnam to be taken over by force."
Rogers said the United States will not permit the North Vietnamese offensive to succeed.
Rogers said the air offensive against Haiphong and Hanoi is in keeping with President Nixon's prior assertions that the United States would not permit North Vietnam to take advantage of the withdrawal of U.S. forces.
The secretary of State appeared before the Senate Foreign Relations Committee to defend the Administration foreign aid budget but immediately was quizzed by Chairman J. W. Fulbright, D-Ark., about re-

newed American assaults in North Vietnam.
Fulbright said he did not think that the interest of the United States merited such a counter-reaction.
Rogers said there are three purposes primarily for the renewed air and naval strikes against North Vietnam:
1—To protect American troops still in South Vietnam.
2—To make certain that the withdrawal of American forces can continue.
3—To give South Vietnamese a chance to defend themselves against the massive invasion.
Rogers said the United States does not intend to reintroduce ground combat forces into the action in Vietnam but that the air and naval strikes should

make clear to the other side that America is going to take any action necessary to support the people of South Vietnam."
In a prepared statement, Rogers called the North Vietnamese invasion of the South "naked aggression of the most flagrant type," and said all but one of the 13 North Vietnamese combat divisions are engaged in attacks against the South.
Rogers said that although 450,000 troops have been withdrawn from the Vietnam conflict, there still are 85,000 Americans there.
"If the Communists took over South Vietnam militarily," he asked, "what about the 85,000 still there?"
Rogers said that the new North Vietnam offensive, involving 12 of its 13 divisions, shows that the North Vietnamese were "lying in their teeth" in their claims that there were no North Vietnamese troops in South Vietnam.

Over 20 City Employees To Attend 2-Day Class

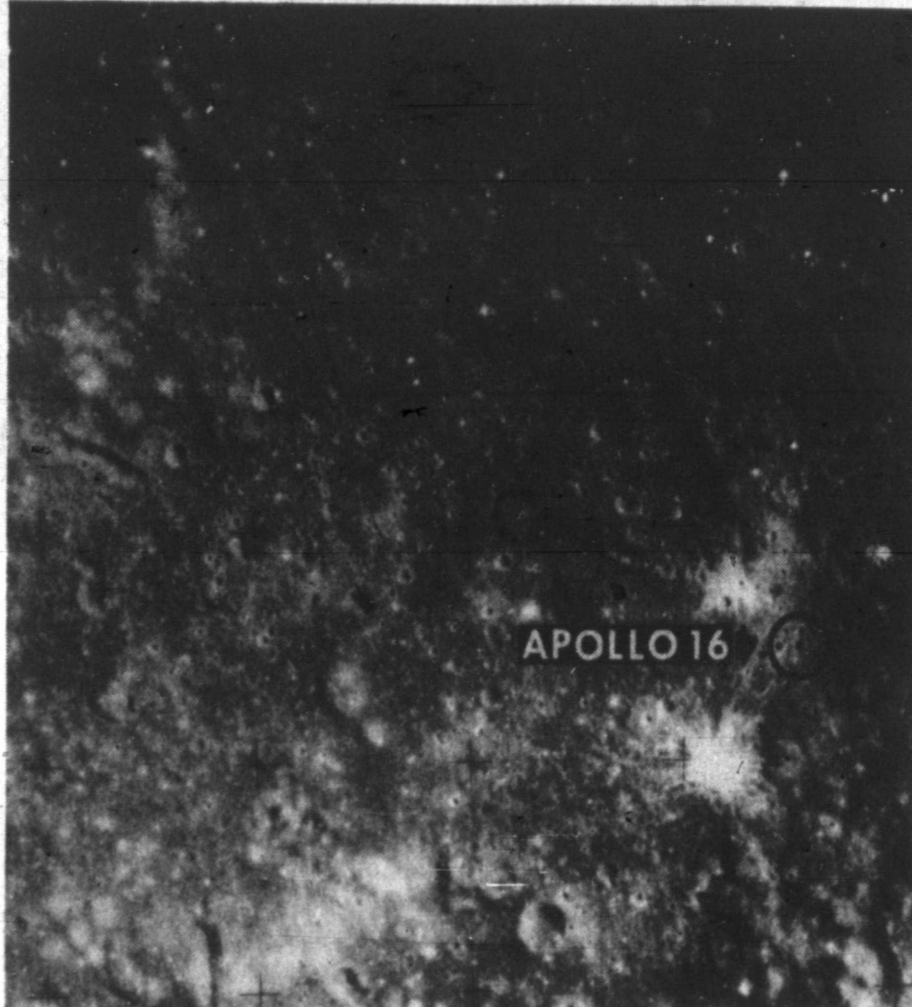

Nearly two dozen city employees serving in supervisory capacities will attend a "Principles in Supervision" Class to be conducted here Wednesday and Thursday by the Engineering Extension Service of Texas A&M University.
City Manager Mack Wofford said the supervisory course will be held from 8 a.m. to 5 p.m. on both days in the Palm Room at City Hall.
Wofford said the course is designed to provide in-service and pre-service training for supervisors in units of local government and persons who are to be advanced to supervisory positions.
The course also is aimed, Wofford stated, to equip supervisors to function effectively in their present jobs and to advance to higher posts.
The class will be conducted by full-time Texas A&M staff members with broad

experience in supervisory development.
The project, which started the first week in March, is being held in 20 cities throughout Texas. It is financed in part by the U.S. Department of Housing and Urban Development under Title VIII of the 1964 Housing Act.
Registration fee for the Pampa city employees taking the course will be \$5 each.
The city manager said the following city personnel will be enrolled in the class:
Jim Conner, Finance Director; Milton Saltzman, Gerald B. Harris, Tony Askerson, Helen Myers, Otis Kidwell, Troy Purvis, Joseph Dooley, Roy Cotten, Norman Rodgers.
Carl Wright, Luther Sober, Bob Bonisal, Buck Smith, Charles Shelton, Morgan Edwards, E.O. DeVoll, James Pirkle, George Wallace and S.M. Chittenden and Bill Hoover.

PCTA Members To Present Salary Proposal At Meet

A salary proposal by representatives of the Pampa Classroom Teachers Association is one of nine action items on the agenda of the school board meeting Thursday night.
The April meeting was moved from its regular third Monday slot to Thursday because of the absence of Board Member Bob Carmichael and Dr. James Malone, superintendent of schools. The pair are attending the national school board meeting.
PCTA members had made their request and were prepared to make their presentation at the March meeting but it had been inadvertently left off the agenda. The panel failed to get the majority vote necessary to place it in consideration at that meeting.

Mrs. Helen Warner, local elementary teacher, will make the proposal for the organization. Mrs. Karen Slate is PCTA president.
According to agenda notes on the report of 1972-73 income, current budget planning reflects \$500 above the state schedule for teacher salaries.
No little time and interest will be concerned with reorganization of the board following the seating of newly elected member, George McCarrroll, operations manager for the local Celanese plant.
Another panel to be appointed will be the board of equalization for 1972-73. The current board is comprised of W.B. Jackson, W.A. Morgan and Glenn Tarpley.
The meeting will convene at 7:30 Thursday at Carver Center.

TOUCHDOWN POINT for Apollo 16 is in a highland region of possibly volcanic origin, just south of the lunar equator, called Descartes. Star-like white area below landing target, nicknamed South Ray Crater, is about one kilometer in diameter. White area above and to the left is North Ray Crater.

Apollo 16 Streaking Toward Moon Despite 'Skin Problem'

SPACE CENTER, Houston (AP) — The protective skin of the Apollo 16 moon lander Orion continued to peel away today but America's lunar explorers hurtled onward anyway toward a landing on the mountainous rooftop of the moon.
The cause of the strange flaking of the thin aluminum foil and mylar thermal blanket remained unknown, officials said. Engineers sought to simulate the problem with a mock spacecraft at the Manned Spacecraft Center here to explain it.
Navy Capt. John W. Young and Air Force Lt. Col. Charles M. Duke Jr. entered the lander a day ahead of schedule Sunday night, turned on its power and conducted a one-hour inspection.
Nothing appeared amiss in the spacecraft's systems and there were no plans to alter the mission.
"At this time there is no undue concern about it," Mission Control said after the inspection apparently ruled out troubles with major spacecraft systems.

The skin problem was the first flaw in an otherwise perfect mission that began at 12:54 p.m. EST Sunday when a towering Saturn 5 rocket thundered the astronauts into space.
Apollo 16 was so precisely on course Sunday night that a planned midcourse correction was canceled. The astronauts will have an opportunity to perform a course correction tonight and again Tuesday and Wednesday before firing their spacecraft engine at 3:23 p.m. Wednesday to slip into lunar orbit.
Young and Duke are to land Orion on an undulating plateau between two mountain peaks in the lunar highlands near one of the highest points on the moon.
Navy Lt. Cmdr. Thomas K. Mattingly will orbit the moon in Casper, the command ship, conducting remote surveillance of the lunar terrain with scientific instruments.
Bumping over the dusty plateau and up a mountain slope in a battery powered car, Young and Duke will seek evidence the lunar highlands were born in

fiery volcanic upheavals billions of years ago.
Reporting the particles stripping away at "about five or 10 a second," Duke said, "It's all tattered and torn and shredded. Looks like Shredded Wheat."
"Sure is something strange going on," Young said.
Mattingly trained a television camera through a cabin window at the flaking skin while Young and Duke toured Orion. The picture received on earth clearly showed the fire-like bits of material flicking away.
Young, a veteran of three prior space flights, and Duke and Mattingly, space rookies, were taciturn as they rode the roaring rocket into earth orbit.

Would-Be Train Hijacker Apprehended In Arkansas

EARLE, Ark. (AP) — Daniel Deoca, 38, of Memphis had jumped from one freight car to another and was within two cars of the train's engine when he was arrested Sunday, halting an apparent attempt to hijack the train.
Deputy Sheriff Don Smithson said that after Deoca was arrested he said he was "going to take the train to California."
"This is the first time I ever heard of a freight train being hijacked," said Smithson. "They've quit the airplanes and started on the trains now."
Smithson said when the Missouri-Pacific train was stopped at Earle, Deoca pointed a .22-caliber pistol at the four waiting law enforcement officers, hesitated, then stuck the gun back in his waistband before jumping off the train.
Smithson said that Deoca was charged with public drunkenness after registering .20 in a breath test—13 is considered intoxicated.
He was also charged with carrying a concealed weapon.
The deputy said that the engineer and the conductor on the train said that Deoca had signaled to them with three flares several times.
However, Smithson said that each time an engineer stuck his head out the window, Deoca would point the gun at him and wave to either speed up the train or to slow down.

Smithson said the law officers mistook the flares for dynamite, but he said that Deoca later told them he was using them to light cigarettes because he was out of matches.
"I was scared to death. I'm not going to lie to you," Smithson said.
Deoca's odyssey apparently began when he received a call Saturday from his grandmother in California telling him that his former wife had died in January.
Harry Hammer, public relations director for Missouri-Pacific, said the train crew radioed at about 2 p.m. that a man had climbed on the train as it passed over the bridge in the Mississippi River.

Nixon To Visit Poland May 31

WASHINGTON (AP) — President Nixon will visit Poland May 31 and June 1 following his trip to Russia and Iran, the White House announced today.
The official invitation to the President to visit the Polish People's Republic was extended personally to the President at the White House this morning by Polish Ambassador Witold Trampczynski.
The White House said this completes the presidential trip itinerary, with no other stops contemplated for Nixon's May-June journey, which will start in Moscow May 22.

Lt. Gov. Ben Barnes, candidate for the Democratic nomination for governor in the May 6 primary, will be in Pampa Thursday morning to meet with workers and supporters.
Accompanied by Dallas Cowboys Bob Lilly and Walt Garrison, Barnes will land by helicopter at 7:30 a.m. at the Coronado Inn.
Lilly and Garrison, both veterans of the Super Bowl victory, will visit nine Panhandle cities in a helicopter tour with Barnes.
The purpose of this helicopter tour is to give me the opportunity to meet with the citizens of Texas so we can talk about the issues in the governor's race," Barnes said.
Lilly, All-Pro tackle from Throckmorton, and Garrison, a native of Lewisville, have been campaigning for Barnes for the past two months. They will talk with fans and give autographs while Barnes discusses the issues of the campaign.
In addition to Pampa, the two helicopters will land in Canadian, 9:30 a.m.; Perryton, 10:25 a.m.; Spearman, 11:20 a.m.; Stratford, 1:15 p.m.; Dalhart, 2:05 p.m.; Dumas, 3:05 p.m.; Borger, 4:05 p.m.; and Panhandle, 4:55 p.m.

Moscow Protests Haiphong Raids

MOSCOW (AP) — The Soviet Union said today four Soviet merchant ships were damaged in the U.S. bombing raids of the North Vietnamese port of Haiphong. U.S. Ambassador Jacob D. Beam was summoned to the Foreign Ministry and handed an official protest, Tass reported.
A White House advance team was to leave Washington today and arrive in Moscow on Wednesday to begin preparations for Nixon's visit. A U.S. Embassy spokesman said there had been no change in plans.
U.S. Ambassador Jacob D. Beam was summoned to the Foreign Ministry to receive the Soviet protest note. Sources said it specifically mentioned the bombing of Haiphong but they declined to say whether it referred to Nixon's visit May 22 directly or indirectly.
Administration officials in Washington said the U.S. government was working on a reply.

standards of international law and freedom of shipping. The U.S. government bears full responsibility for these provocative actions of U.S. armed forces and the possible dangerous consequences of such actions.
"The U.S.S.R. Ministry of Foreign Affairs, on instructions from the Soviet government, protests to the U.S. government about the criminal act against the Soviet merchant ships in the port of Haiphong and insists on the immediate adoption by U.S. authorities of strict measures to prevent the recurrence of such provocations in the future."
The United States has said it had carried out attacks on Haiphong and near Hanoi Sunday as a retaliation for the North Vietnamese offensive in South Vietnam that began March 30.

"Venturing a new escalation in the war in Vietnam, the U.S. aggressors are playing with fire," the Communist Party newspaper Pravda said in a commentary today.
U.S. sources in South Vietnam say North Vietnam gets about 85 per cent of its war materiel from the Soviet Union.
The Soviet protest said the vessels were anchored at Haiphong at the time of Sunday's raids and "sustained damage—numerous holes, in the cabins of the crews in particular."
The dock workers were killed or wounded while on board the Soviet ships, it added.
Tass quoted the protest as saying:
"These piratic actions of the U.S. Air Force are a crude violation of the generally accepted

Texas Drouth Could Affect Food Prices

AUSTIN, Tex. (AP) — A spring drought has cost Texas farmers and ranchers hundreds of thousands of dollars and could lead to higher food prices. Agriculture Commissioner John C. White said today.
White said this year's drought is similar to the dry spell of 1971.
"A lot of people don't realize this, but the drought of last year is one of the reason meat prices are higher this year," White said.
"Last year, Texas livestock producers were forced to liquidate their herds. This caused a shortage of cattle which resulted in higher meat prices."

U.S. War Planes Shoot Down Three Red MIG21s

SAIGON (AP) — American warplanes made their biggest MIG kill in 4½ years Sunday and heavily damaged fuel depots in massive raids in the Hanoi-Haiphong heartland of North Vietnam, the U.S. Command reported today.
Three MIG21s, North Vietnam's fastest warplanes, were shot down Sunday southwest of Hanoi before they could get off a shot, the command reported. It was the first time American pilots had downed three MIGs in one day since Oct. 26, 1967.
While the command said no U.S. planes were downed by the enemy fighters, it reported a Navy A7 and an Air Force F105 lost during the raids. The pilots of the A7 was rescued at sea, and the two crewmen of the F105 were reported missing.
Three other American aircraft were lost in South Vietnam, the command said.
On the ground, the South Vietnamese command claimed that its forces and allied warplanes killed more than 400 North Vietnamese and Viet Cong in heavy fighting a mile east of An Loc in Binh Dinh Province on the central coast, and in southern Cambodia. South Vietnamese losses were 53 killed and 86 wounded, the Saigon Command said.
The South Vietnamese said 2,000 paratroopers who were landed Friday within two miles of An Loc had fought their way into the provincial capital 60 miles north of Saigon, joined forces with the defending garrison and pushed out the enemy troops. A spokesman claimed that government forces had recaptured the entire town.
North Vietnam claimed that "many hundreds of civilians" were killed and wounded in the U.S. strikes at Hanoi, the North Vietnamese capital, and Haiphong, its chief port, and that several ships tied at the Haiphong docks were damaged. It said several Russian sailors were wounded when a Soviet ship was hit.
The U.S. Command refused to confirm or deny that the Haiphong docks were hit. It declined to go beyond communications saying that the Air Force

and Navy planes attacked fuel depots, warehouses and truck parks in the vicinity of Haiphong, and on the outskirts of Hanoi.
The command said the air strikes—which other sources said numbered several hundred—apparently "caught the enemy in a considerable state of confusion and disarray."
It said the North Vietnamese fired thousands of rounds of anti-aircraft artillery and approximately 200 surface-to-air missiles, and many of the missiles "were fired erratically."
"The strikes against petroleum storage facilities, truck parks, warehouses areas, and other logistics facilities, will help reduce the enemy's capabilities to continue military activities in South Vietnam," the command said in explanation of the raids.
They were the first raids into the Hanoi-Haiphong area since President Lyndon B. Johnson called a partial halt in the bombing of North Vietnam on March 31, 1968.
U.S. warplanes also kept up heavy attacks on North Vietnamese troops in South Vietnam as the Communist offensive there moved into its 19th day.
The U.S. Command reported that Navy and Air Force fighter-bombers carried out 347 strikes in South Vietnam between 6 a.m. Sunday and 6 a.m. today. B52 heavy bombers made nearly 60 strikes, some of them within 50 miles of Saigon, in an attempt to crush North Vietnamese troop concentrations south and west of An Loc along Highway 13.
Enemy gunners shelled the provincial capitals of Phuoc Binh, 25 miles northeast of An Loc, and Tay Ninh, 45 miles southwest of An Loc. There was no immediate report of casualties at Phuoc Binh, but the Saigon command said four civilians were killed and two were wounded in Tay Ninh.
A round of attacks was reported against a number of South Vietnamese militia outposts in the Mekong Delta.

FOOD FOR AMERICANS

Cranberry-Fowl Chinese Treat

Cranberry Turkey Cantonese is perfect for sweet-and-sour devotees.

By AILEEN CLAIRE
NEA Food Editor

Those who watched the television coverage of President and Mrs. Nixon's trip to Peking and read newspaper accounts of the banquets remember how popular "sayings" are to the Chinese. Many of the observations stem from Confucius, for example, and many from Chairman Mao. Visitors, too, get into the habit of summing up thoughts on life or a specific event in a line or two. This definitely applies to those involved with Chinese cooking. Confucius, for

example, observed: "There is no one who does not eat and drink. But few there are who can appreciate taste." These words are highlighted by Buwei Yang Chao, author of "How to Cook and Eat in Chinese." Mrs. Chao was born in China, and now lives in California. Mrs. Chao says "Good cooking consists of making the best use of the eating material." Here is an Americanized version of a Cranberry Turkey Cantonese dish.

CRANBERRY TURKEY CANTONESE

Stir-Fry For Crispness

By AILEEN CLAIRE
NEA Food Editor

Stir-frying is synonymous with Oriental cooking. This method allows for quick cooking of meats, chicken or pork and vegetables and usually cuts down on the absorption of cooking oil.

ORIENTAL CHICKEN AND BRUSSELS SPROUTS

- 5 whole chicken breasts, skinned, boned and cut into strips
- 2 packages (10 ounces each) frozen Brussels sprouts, thawed
- 1/2 pound mushrooms, sliced
- 1 can (5 ounces) bamboo shoots, drained
- 1 package (7 ounces) frozen pea pods, thawed
- 4 scallions or green onions, sliced
- 1/2 cup soy sauce
- 1/4 cup cornstarch
- 1 teaspoon sugar
- 1/2 teaspoon salt
- 5 tablespoons salad oil
- 2 cups chicken bouillon

Arrange chicken and all vegetables in groups on a tray. Stir soy sauce gradually into mixture of cornstarch, sugar and salt. Heat 1 tablespoon of the oil in large skillet; add cashews and stir a few minutes un-

til brown. Remove cashews and reserve. Add remaining oil to skillet; add chicken and cook quickly, stirring until chicken turns white. Add mushrooms and cook a few minutes. Drain off oil. Stir in Brussels sprouts and bouillon; cover and simmer until Brussels sprouts are almost tender, 3 or 4 minutes. Add bamboo shoots, pea pods and soy mixture; cook and stir until thickened. Sprinkle with green onion and cashews. Serve with rice or noodles. Makes 6 servings.

Spicy Switch For Popcorn

By AILEEN CLAIRE
NEA Food Editor

Popcorn is a fine contribution of the American Indian to our choices in snack foods. Without the coating of rich butter, a cup of popcorn is about 60 calories.

For a taste change, add a variety of seasonings. These include a Curry or Herb Seasoning. Seasonings make popcorn an inexpensive party treat.

SEASONED POPCORN

- Seasoning mixture (see suggestions below)
- 2 tablespoons corn oil
- 1/2 cup yellow or white hullless popcorn

Prepare seasoning and keep warm. Measure corn oil into a heavy 4-quart saucepan. Add 1 kernel of the popcorn. Place pan over moderately high heat. When kernel pops, remove and add 1/2-cup popcorn. Stir to mix popcorn and oil. Cover pan, leaving lid slightly ajar (or cover with a frying screen). Shake pan frequently until popping stops. Remove and turn into warm bowl. Add seasoning and toss thoroughly. Makes about 2 quarts seasoned popcorn.

CURRY SEASONING

Melt 3 tablespoons butter or margarine in small saucepan. Stir in 1/2-teaspoon salt, 1 teaspoon curry powder, 1/4-teaspoon ground cinnamon, 1/4-teaspoon ground ginger. Make a paste enough to season about 2 quarts popcorn.

HERB SEASONING

Melt 3 tablespoons butter or margarine in small saucepan. Stir in 1/2-teaspoon salt. Crushing with fingers after measuring, add 1 teaspoon thyme leaves, 1/2-teaspoon sweet basil leaves, 1/2-teaspoon oregano, 1/2-teaspoon rosemary leaves (or use 2 1/2 teaspoons ready mixed fines herbs). Makes enough to season about 2 quarts.

BUFFET SUPPER

- Baked Ham
- Savory Yam Puffs
- Salad Bowl
- Relishes
- Lemon Ladyfinger Dessert
- SAVORY YAM PUFFS

No sweetening is added.

- 2 eggs
- 2 2/3 cups mashed home-cooked or canned yams
- 1 teaspoon salt
- Dash of pepper
- 1 teaspoon grated nutmeg
- 1/4 teaspoon onion powder
- 1/4 cup butter or margarine melted
- 3 tablespoons dry bread crumbs
- Chopped toasted pecans or almonds

In a large mixing bowl beat 1 egg slightly; blend in yams, seasonings, butter and bread crumbs. In a small mixing bowl slightly beat remaining egg; for each yam puff, drop 2 level tablespoons yam mixture from spoon into egg; turn gently until coated. Lift with slotted spoon, allowing to drain, then roll in chopped nuts, turning until coated. Place on greased cookie sheet; bake in a preheated 350-degree oven 20 minutes. Make about 2 dozen.

Worry Clinic

By George W. Crane
Ph. D., M. D.

Lita's sex hunger was diagnosed under her germ phobia! So she took this case for future use. Divorce starts in the bedroom but many couples don't know just why. So send for the medical booklet below!

CASE T-555: Lita B., aged 28, has a sex complex.

"Dr. Crane," her worried husband began, "Lita has such a terror about disease that her life is miserable."

"She now refuses to dine at a restaurant lest some waitress may have contaminated the silverware with venereal germs."

"And she has even stopped eating salads as well as other uncooked foods, lest she swallow such microbes."

"Our furniture is also marred by her constant use of lysol or rubbing alcohol to wipe off the upholstery whenever we have guests."

"She even makes me take off my shoes before I enter the front door!"

"So what is wrong with Lita, Dr. Crane? Is she losing her mind?"

GERM PHOBIA

"To abridge this case, I can tell you that Lita's abnormal fear of venereal infection is rooted in her bedroom."

"Lita's husband has not fully satisfied her in their marital union."

"For he had never been given the proper medical advice prior to their honeymoon."

"Nor had he read the specific instructions in the booklet mentioned below."

"As a result, though he was satisfied with their physical relationship, Lita had been left aroused possibly to the halfway point but then left dangling."

"In her girlhood, however, Lita had resorted to auto erotic practices on a few occasions."

"One day her mother had caught her masturbating and had warned her that she could infect herself with germs by so doing!"

"This left an indelible impression on Lita."

"Which was now revived by the fact that she had recently resorted to auto eroticism to relieve her frustrated libido."

"For one morning, after her husband had left her only partially satisfied, she felt so tense that she reverted to her childhood method for relieving her erotic hunger."

"But then her mother's dire warning about venereal infection suddenly was resurrected."

"Which immediately launched her upon the excessive dread of germs."

"So Lita's bacteriophobia was thus an indirect indication of her basic unsatisfied erotic hunger."

"After she had confessed the above facts in a private interview, and had been shown the logical explanation, she felt tremendously relieved."

"Besides, I explained that the hydrochloric acid in the stomach's gastric juice, will dissolve most germs that we swallow."

"Except for a few diseases like typhoid, we don't need to worry too much about contamination via what we eat."

DALLAS (AP) — Dallas police is doubling the size of its helicopter force by ordering three new choppers.

L. Lee Spradlin, who commands the unit, said the machines, costing \$74,000, will enable service to be provided for the whole metropolitan area by responding to emergency calls from suburban police departments.

EVER STRIVING FOR THE TOP O' TEXAS TO BE AN EVEN BETTER PLACE TO LIVE

Our Capsule Policy

The Pampa News is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessing.

The News believes each and every person would get more satisfaction in the long run if he were permitted to spend what he earns on a volunteer basis rather than having part of it distributed involuntarily.

Medical Revolution

A great deal has been said about the supposed shortcomings of American medicine. Yet rarely does a doctor take time off from his heavy schedule to defend the performance of his profession.

Army Cutbacks

There already is skepticism over Defense Department predictions of an all-volunteer military force by mid-1973. And the Army's method of bringing its personnel strength down to peacetime levels supports doubts that the goal will be attained.

Quick Quiz

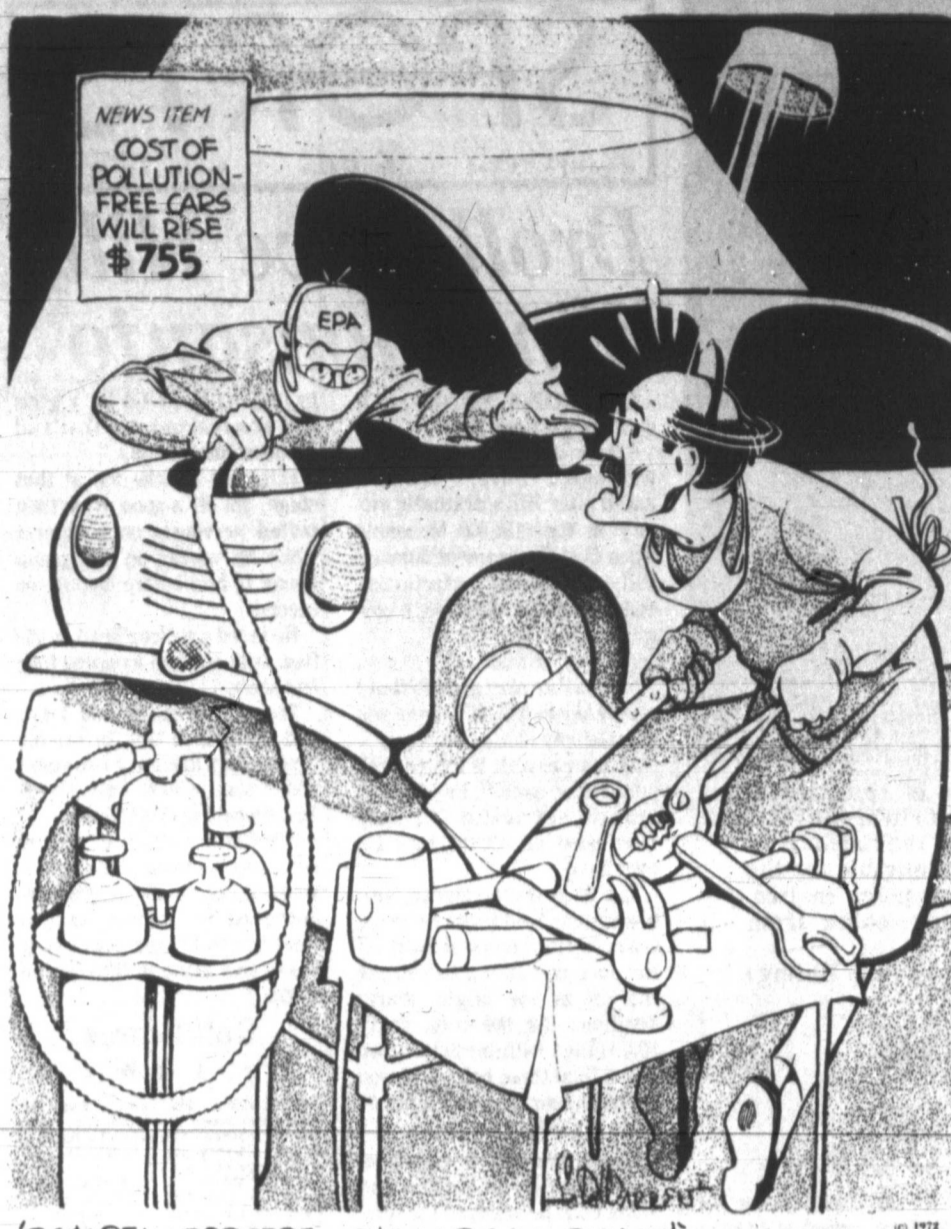

- Q—What amendment to the U.S. Constitution is named in honor of a woman? A—Amendment 19, giving women the right to vote.

Young Libs Copy Super Star Nader

By ANTHONY HARRIGAN. Ralph Nader began his career as a gadfly of industry who won headlines for his allegations of defects in a rear-engine automobile.

In a few years, Ralph Nader has become a major force in American life. No longer is he content to charge that boxes of crackers aren't full to the top.

Supernader has to continue to manufacture sensations, precisely as a motion picture superstar has to be seen in new films that are enormously successful.

Inside Washington

Liberals and New Left in Gang-Up on Wallace? By ROBERT S. ALLEN

WASHINGTON — Gov. George Wallace faces a possible new kind of opposition—an organized gang-up of self-sanctioned liberal crusaders.

These are—Indiana, Maryland, Michigan, New Mexico, Nebraska, North Carolina, Pennsylvania, South Dakota (McGovern's home state), Tennessee and West Virginia.

Democratic insiders, clearly flabbergasted and worried by Wallace's victory in Florida and resounding second-place showing in Wisconsin.

In the first three contests the New Left South Dakotans wound up far in the rear; and in Wisconsin he topped the list only with 30 per cent against Wallace's 22 per cent.

Equally significant: neither busing, race nor Vietnam were important issues.

Who Is In It? Revealingly indicative of the

seething backstage fear of and hostility toward Wallace are McGovern's public and private fulminations against his Southern rival.

Another is Sen. Edward Kennedy, an undeclared but distinct Presidential possibility.

When it is pointed out they have been ringingly in the forefront in the past clamoring for harsh crackdowns on Democratic dissidents.

Regarding organizing a possible gang-up on Wallace, Aurelio has nothing to say.

NO OBLIGATION OR PURCHASE NECESSARY: There is no obligation or purchase necessary. A copy of the paper is available for playing the game at the office of this newspaper - also at the public library - also a Bingo card and/or copies of The Pampa Daily News containing the Bingo numbers may be obtained by mailing your request to this newspaper (please print your name and address clearly.). You may play as many cards as you wish - they are free. Get additional cards - one at a time - each day of the week - from the merchants listed below (ADULTS ONLY).

DIFFERENT COLORED CARDS EACH WEEK: The color of the cards changes each week. To be a winner, you must play Bingo cards of the correct color for that week. Mutilated or altered cards will not be honored. ALL 24 NUMBERS on a card must be matched to win.

CHANCE DETERMINES NUMBERS: Bingo numbers for each week's game are drawn strictly at random at the office of this newspaper. Some duplication of Bingo numbers may appear in the merchants' ads - or elsewhere in the paper. This duplication does not affect the game or the total numbers drawn. All numbers for each week's game will appear someplace in the sponsoring merchants' ads - and possibly elsewhere in the paper. Employees of this newspaper and members of their families are not eligible to win any of the prizes. Newspaper Bingo is a program copy-righted and registered by Marketing-Research Associates, Minneapolis, Minnesota.

Here's How It Works:

PICK UP FREE BINGO CARDS: Each week (adults only, please), pick up your free Bingo Cards from the sponsoring merchants listed below. Rules of the game allow the merchants to give you only one card on each store visit. You may, however, make as many visits as you wish each day of the week. THE MORE CARDS YOU PLAY-THE BETTER YOUR CHANCES ARE TO WIN.

HOW TO PLAY: Check the ads in EACH DAY'S issue of The Pampa Daily News. The ads of the merchants listed below will contain one or more "Newspaper Bingo" numbers in the "Bingo Bug" symbol (shown above). Occasionally, numbers in the "Bingo Bug" symbol may be found elsewhere in the paper. Check the classified ad section for additional numbers. IF YOU CAN MATCH (JUST CIRCLE OR "X" THE MATCHING NUMBERS) ALL 24 NUMBERS ON ONE OF YOUR BINGO CARDS WITH THE TOTAL OF THE NUMBERS PUBLISHED IN ALL THE ISSUES OF The Pampa Daily News, EACH WEEK-YOU HAVE A "BINGO"-AND YOU ARE A WINNER!!!

AT LEAST \$50.00 WEEKLY! Winners will share a weekly prize of \$50.00 (in "Bingo Bucks", they spend the same as cash with any of the sponsoring merchants listed below). If there is only one winner, he wins all of the \$50.00. If there is more than one winner, all winners will share the \$50.00 equally. If there are no winners any week, the \$50.00 weekly prize will be added to the following week's prize fund.

CHECK EACH ISSUE OF THE PAPER: A new game will start each Sunday and be completed the following Friday. Be sure to check each day's issue of The Pampa Daily News because some of the numbers may appear in each day's issue. All numbers needed to complete each week's game will have appeared by each Friday's issue. A new set of Bingo numbers will be published for each week's game. A new color of Bingo cards will be available each week at the sponsoring merchants' stores. To be eligible to win, you must play Bingo cards of the correct color for that week's game. The color of the cards for each week's game will be announced each week on this page.

IF YOU ARE A WINNER: If you have a winning Bingo card, on which ALL 24 NUMBERS have been matched with the total of the numbers published during the week in The Pampa Daily News print your name, address, phone number, and the name of the store where you got your winning card, on the back of your card and mail to: The Pampa Daily News, P. O. Box 2198 PAMPA, Texas 79065 (the envelope containing your card must be received by 5:00 PM Monday of the following week)-or bring your card to the office of this newspaper at 403 W.
