Business In Fourth Recovery Month, Regains Half Of Lost Ground

Million Men Back On Jobs In Factories

October's Figures High Above That Of Same Month In '37

NEW YORK, Nov. 5 (AP)—The nation's business, entering the fifth month of recovery, had reclaimed today nearly half the ground it lost in the spring and summer of 1937.

Employment estimates indicated well over a million workers have been restored to factory payrolls and pay envelopes fattened through added working hours as plants on curtailed schedule speeded up production.

October figures, presenting a picture of sharp contrast with the rapid decline of industrial barometers in that month last year, showed the vast building industry far ahead of 1937 levels.

Heavy construction awards, trade sources reported, were the largest for the month since 1929. The Associated Press index of residential building, where signs of vigorous revival were first visible last spring and early in the summer, by the end of October had more than doubled the figure at the 1938 low point.

Building has been industry's sleeping giant since 1931. Businessmen have waited for its reawakening as probably the strongest assurance of an enduring rise in employment and payrolls.

Widely-spread October gains helped make the four-month climb out of the trough of the 1937-38 depression.

Witness Cites German Threats

WASHINGTON, Nov. 5 (AP)—House investigators heard today that some German-Americans had been warned their relatives in Germany "would suffer" if they criticized policies of the Nazi government.

Bernhard Hofmann of Milwaukee told the committee investigating un-American activities that friends had informed him frequently of receiving such threats.

One German-American woman told him only last week, he said, that she had been warned anonymously to stop "making remarks about conditions in Vienna."

The witness, a rosy-cheeked, middle-aged radio salesman, said he was president of the Milwaukee German-American federation.

Speaking with a decided German accent, Hofmann said he had received threats—some of them anonymous—because he would not join the German-American Bund. He said the Bund was trying to overthrow the American form of government.

Oil Field Worker Shot At Electra

WICHITA FALLS, Nov. 5 (AP)—Ed Thompson, 30, oil field worker, remained in critical condition tonight after a shooting near Electra today.

Officers said an oil well pumper told them he shot Thompson twice with a shotgun.

The shooting followed a dance which Thompson had attended with the assailant's 17-year-old daughter, officers were advised.

Firemen Get All Bad Breaks Here

SWAN LAKE, N. Y., Nov. 5 (AP)—When a farm house near here caught fire, the fire siren sounded after a prolonged delay. When volunteers responded they found their truck had no gasoline. They got gas and—upon arriving at the farm, discovered they had no extinguishing chemicals.

They summoned fire companies from Liberty, N. Y., and Whiteslake, N. Y., who upon reaching the farm, found there was no water with which to quench the blaze, meanwhile—

The fire destroyed the house.

I Heard . . .

Rufe Thompson bemoaning the fact that more ducks died of poisoning in the lake near Dumas last week than hunters will shoot this season. And the season opens November 15 in the Panhandle.

MOON TO BE IN ECLIPSE MONDAY

Mother Earth, whose swains and sweethearts cherish the light of the moon as an accompaniment to sighs and simpers, will cast her shadow over the moon in the later afternoon hours of Nov. 7. The eclipse, effected by the earth's coming between the sun and the moon, will begin at 4:45 p. m. eastern standard time.

The diagram above shows the time of the moon's entrance and departure from the shadow of the earth. Beginning of the eclipse will be partly visible at Washington and its final stage will be visible throughout North America, except the extreme western and northwestern parts.

Moon To Be In Rare Eclipse Monday Night

(By The Associated Press)

NEW YORK, Nov. 5.—At sunset Monday night the moon will start a rare eclipse, revealing to the man in the street that sun and moon are not always where his eyes see them in the sky.

The eclipse will be total in the eastern half of the United States, partial in the Rocky Mountain area and penumbral, that is only a hazy shadow, on the coast.

But the spectacular sight of seeming misplacement of moon and sun in the sky will be visible only on the eastern seaboard. Spectators will see the sun still unshined by the moon's shadow, and the moon already risen in the east.

This risen moon will be a paradox, for it will be all but totally covered with the earth's shadow, and will slip wholly into the shadow while the sun is still visible.

This is seemingly impossible because there can be an eclipse of the moon only when the earth is directly between sun and moon. It is not between when both orbs are above the horizon.

It is like being on top of a mountain and looking downhill on both sides at objects hidden from each other in a direct line by the mountain.

The eclipsed moon will be clearly visible, probably a pastel color, astronomers predict, because of the twilight. This unusual eclipse coloring is expected to be seen all the way across through the Central Standard Time zone.

Santa Day Will Be December 3

Santa Day, annual event sponsored by the Pampa Junior Chamber of Commerce, was heartily endorsed by a group of the city's leading merchants when they met in the city auditorium Friday afternoon.

Frank Monroe, co-chairman of the celebration, presided and outlined plans for the 1939 event to be held on Saturday, December 3.

The merchants approved the idea of having the Santa Day parade and other events as early as possible. Saturday was selected as Santa Day because school children from the entire Panhandle will be able to attend.

Parade route, decorations, traffic, and other plans were discussed. All details will be worked out at a meeting of committee chairmen and interested merchants at 7:30 o'clock Monday night in the city hall.

'Flash,' 'Bulletin' Limits May Be Set

WASHINGTON, Nov. 5 (AP)—Terror caused by a simulated news broadcast led Chairman Frank R. McNinch of the communications commission to issue a call today for a conference with radio chain presidents on the question of limiting radio use of the terms "flash" and "bulletin" to important bona-fide news.

Using a news bulletin technique, the Columbia Broadcasting System presented last Sunday night an adaptation of H. G. Wells' play, "The War of the Worlds."

Although it was explained at the start of the program and subsequently that the story was a dramatization, the broadcast account of the landing of strange men from another planet caused mass hysteria in many sections.

McNinch, who commented immediately that the incident was "regrettable," announced today he had asked the radio heads to meet with him next week.

Seven Bands And Pep Squad Will March In Parade Next Friday

Two decades have passed since the world greeted with jubilation approaching hysteria the end of four gruesome years of mass murder, involving the armies and navies of nearly every nation in the world.

Twenty years ago, men of the Top O' Texas area, who were in the army of the United States overseas, saw their dream of a return to the western plains coming true.

1938 A Milestone
Armistice day this year, marking the 20th anniversary of that famous meeting of the Allies commander with representatives of the German state, will therefore have special significance.

In recognition of this fact, the Veterans of Foreign Wars and the American Legion of Pampa have planned an appropriate parade to be held at 10 o'clock Friday morning.

In the parade will be the LeFors Klitte band, and the bands of six Pampa schools, those of the high and junior high, and the four ward schools, the high school pep squad, a float of the Pampa Lions club. Other organizations represented will include the Pampa Junior Chamber of Commerce, American Red Cross, Salvation Army, and the Knights of Columbus.

Scout Executive Fred M. Roberts has announced that each of the six Boy Scout troops in Pampa will be represented by four color bearers.

In addition to organizations represented, veterans of the Spanish-American war are asked to march in the parade, and as many patriotic individual citizens as well.

Parade Starts at 10 A. M.
The parade will form on South Cuyler street in front of Merrick & Boyd Lumber company, between 9:30 and 9:45 Friday morning, and will move promptly at 10 o'clock, proceeding by Cuyler to its intersection with Browning.

From Browning the route will be west to Frost, thence south to West Foster, and west on Foster to the American Legion high school building. Everyone participating in the parade.

Rains Halt Forest Fires Rapid Spread

(By The Associated Press)

The rapid spread of forest fires was halted temporarily at least yesterday (Saturday) by rains in most of the fire zones of the nation's widely separated timberland areas, but in New York state the flames raced unchecked in the Adirondack and Catskill mountains.

Drenching rains came to the aid of weary fire fighters in Indiana, Virginia, southern Illinois, New Jersey, lower Michigan, Kentucky, West Virginia and other sections.

Fear was expressed in Indiana, where three men were hurt fighting fires and where property damage was unofficially estimated at \$200,000, that the fires might break out again unless additional precipitation was received. Sunshine and strong winds followed in the wake of the rain were drying the timber rapidly.

Plantings Of Trees Called 'Successful'

WASHINGTON, Nov. 5 (AP)—The Forest Service said today the shelter belt plantings of the prairie states forestry project, including the planting of 10,897,182 trees in Texas, had been "markedly successful."

The results show quite clearly that trees may be planted successfully in the area if proper procedures are used, Forest Service officials said.

His far-reaching plans to bolster national defenses were reported authoritatively to include also full war equipment as quickly as possible for a nucleus army of 400,000 or more men.

It was estimated that the program involved outlays next year exceeding by well over \$300,000,000 this year's appropriations for all military purposes, including naval.

A separate "emergency" budget for the new rearmament program was one device the President was reported to have under consideration.

The projected reinforcements, the outcome of an extensive survey of defense needs which was intensified by Europe's recent crisis, were said to be chiefly for the army and air corps. Also in prospect, however, is a request for increased appropriations to carry out this year's billion-dollar fleet expansion act, which laid out the navy's course for a decade.

Details of the new rearmament program were hidden in confidential budget estimates, but in well informed quarters it was believed the President's recommendations to Congress early next year would follow this general outline:

1. At least tripling the army air force.

NIGHTMARE KEEPS HIM AWAKE, TOO

Looking as if he had been through a night of terror himself, Orson Welles, 23-year-old producer of the "War of the Worlds" radio broadcast that precipitated widespread panic, declared himself mar: bewildered than ever over the affair. The candid camera pictures him

above as he appeared, needing a shave and with eyes strained and red-rimmed after a sleepless night analyzing the broadcast. Asked about further productions of the H. G. Wells fantasy of a Martian invasion of the earth, he said: "If I had to do it again, I wouldn't do it again."

Temperature Plunges As Norther Strikes

A brisk norther, with some snow, struck Texas late Saturday and the cold wave was expected to spread over a large portion of the state Sunday.

Frost was predicted for North and West Texas.

The temperature dropped to 34 here Saturday midnight and a light snow fell at Texline.

At Lubbock the thermometer fell to 51 degrees from Saturday's high of 78. A minimum of 33 was forecast there Sunday morning.

At Dallas, a minimum of 40 was expected.

The cold wave was sweeping into Texas from the eastern slope of the Rockies. A low-pressure trough over the midcontinent area began shifting as a high-pressure area on the eastern seaboard gave way.

Weathered Heads Kiwanis

W. B. Weathered was elected president of the Pampa Kiwanis club when the club held its regular luncheon Friday at the Schneider hotel.

Other officers elected were Frank Harris, first vice-president; and Rev. Robert Bohren, second vice-president. R. B. Saxe, Tex DeWeese and C. J. Goldstein were elected as new directors. Hold-over directors are B. M. Behrman, Shelby Gantz, R. W. Lane, and C. E. McGrew.

Officers will be installed during the first six weeks in January and will serve a one-year term. New directors will serve for two years and the hold-over directors for one more year.

The election of the club officers follows the nominations made October 21 by the nominating committee, headed by Guy E. M. Taggart.

At the meeting Friday, the program consisted of an extemporaneous address by the president.

Education Week To Be Observed

National Education week, beginning today, will be observed in Pampa by churches, schools and civic clubs according to C. E. Cary, chairman of the Americanism committee of the American Legion, which has been named in charge of local arrangements.

Ministers of Pampa have been asked by the committee to discuss "Achieving the Golden Rule," subject assigned for Sunday discussion over the nation.

Subjects set by the national committee for discussion are: Monday: "Developing strong body and mind"; Tuesday: "Mastering skill and knowledge"; Wednesday: "Values and standards"; Thursday: "Accepting new civic responsibilities"; Friday: "Holding to ideals of freedom"; Saturday: "Gaining security for all."

The theme of the entire program is "Education for tomorrow's America."

Pampa schools will conduct special programs, with parents invited to attend. Civic clubs will hear speakers at their luncheon programs.

Final Ruling Will Be Made By High Court

Massachusetts Was Legal Residence Of Green, Says Master

WASHINGTON, Nov. 5 (AP)—The Massachusetts Tax Collector's chances of getting \$4,947,000 from the estate of the late Col. Edward H. R. Green, son of the fabulously wealthy Hetty Green, improved today.

John S. Flannery of Washington, special master in the case, recommended to the Supreme Court that it decide the Bay estate was Green's legal domicile at the time of his death in 1936.

Adoption of his recommendation by the Court would mean that Massachusetts—to the exclusion of New York, Florida and Texas—would be entitled to collect an inheritance tax from the estate, which has been valued at \$36,137,335.

The High Court appointed the special master last year to determine the Green domicile. Texas, which claimed the son of the famous feminine financier as a resident, had brought suit against the three other states in which Green maintained residences.

Texas sought to impose a tax of \$4,685,057. Massachusetts \$4,947,000. New York \$5,910,301 and Florida, \$4,663,857. The Federal Government already has collected its levy of \$17,520,987. Texas contended that, if the other states collected their claims, there would be insufficient funds to pay the amount claimed by Texas.

The claims totaled \$37,727,000, or \$1,589,000 more than the estate's value. Green's sister, Mrs. Hetty Green Wilks, is sole legatee. Under

That story, and the story of these women, is told in a thrilling new serial of the navy

Week's Building Totals \$13,000

Pampa's building permits for the year to date passed the two hundred thousand dollar mark last week with issuance of \$13,000 in permits by W. R. Potts, city building inspector.

Permits this year total \$204,300 and several residences are under construction for which permits have not yet been issued.

A permit was issued last week to C. M. Brown for construction of a \$5,500 residence in the Cook Adams addition. L. K. Stout was named contractor.

John E. Hill Lumber company took out a permit for a \$4,000 residence in the Wynnelea addition. A \$1,500 permit was also issued to C. H. Bird.

Other permits were for small buildings or repairs.

Texans Injured In Chicago Plane Crash

CHICAGO, Nov. 5 (AP)—A private airplane tonight crashed into the railroad embankment which bisects the municipal landing field, injuring its four occupants, all residents of Kilgore, Tex.

At Holy Cross hospital, attendants gave their victims names as Aubrey V. Riley, 42, an oil drilling contractor and the owner of the plane; Vernon Gower, 25, the pilot; Waverly Anderson, 42, and Thomas F. Head, 31.

Attendees did not list the injuries, but said they did not believe they were serious.

Big Gas Well In Carson County Features Drilling

Another of the years' largest oil wells in the Panhandle field was completed in Gray county last week when the Warner Oil company's No. 6 Chapman in section 69, block 25, H&GN survey, east central part of the county, was given a potential of 1,289 barrels daily open flow. The well is close to several other large producers of the same company and of the Texas county.

Eight new wells were gauged during the week, giving the field 3,020 barrels of new oil. Four gas wells were also completed during the period, adding 105,108,000 cubic feet to the huge production of the gas field.

One of Carson county's best gas wells was completed by Carl M. Smith whose No. 1 Percival in section 192, block 3, I&GN survey, was gauged at 70,552,000 cubic feet. All four of the gas wells were in Carson county.

Five new locations were staked with three of them being in Gray county and one each in Hutchinson and Moore counties. Four of the five wells will be drilled for oil, the gas being in Moore county.

Gray county led in new production for the week, four wells being given a total open flow potential of 2,202 barrels. Three Hutchinson county wells were tested for a total of 663 barrels. The other producer was in Carson county.

The Sinclair-Prairie Oil company's Potter county wildcat in section 23, block 6, BS&F survey, 10 miles north of Amarillo on the Bush estate, is drilling ahead at 4,747 feet after encountering two rainbows of oil and a puff of gas.

The Herring area in central western Hutchinson county is being extended by the Skelly-Cabot No. 6 Herring "A" in the Eucubio Almaguel survey which has 1,600 feet of oil in the hole which has been bottomed at 3,130 feet in sandy lime formation. First pay was topped at 3,060 feet. The well will necessitate offsets.

In Gray County Bradshaw Oil & Gas co., No. 7 Ruby Sackett, section 149, block 3, I&GN survey, tested 103 barrels. Granite wash pay was from 2,885 to 2,975 feet.

Market Briefs

NEW YORK, Nov. 5 (AP)—Speculative forces moved in Wall Street today and the stock market finished a generally slow going week with prices narrow either way.

With the Exchange closed two days next week, Tuesday for the elections and Friday for Armistice Day, boardroom speculators apparently decided to keep desks reasonably clear in order to be prepared for eventualities.

Transfers of 434,410 shares compared with 613,990 last Saturday. The Associated Press average of 60 issues was up .1 of a point at 62.5 today, the exact net gain for the week.

In the closing session modest improvement was retained by Anacostia, Kennecott, American Smelting, U. S. Steel, Bethlehem, General Motors, Chrysler, American Telephone, Westinghouse, Douglas Aircraft, U. S. Rubber preferred and Du Pont.

Assistance In Drilling Test Being Invited

Major oil companies have been invited to assist in a search for oil in Roberts county, many miles from production. The majors have been asked to step in and continue drillings of the Chicken Creek Oil Company's No. 1 Ledrick northeast of Pampa near the Canadian river.

The well has been drilled to a total depth of 6,882 feet intermittently during the past six years. Six inch casing has been set at 4,966 feet and it is proposed to ream the hole from that point to the present depth and finish in a five-inch hole.

The well has been drilled mostly by local support but the time has come when more assistance is needed, according to a letter sent to several large companies by A. B. Keahy, secretary of the company.

Estimated cost of the project is \$12,000 and for that amount, or less if necessary, the company offers some offset section acreage and a spread close in, in addition to an oil payment of the whole amount provided the well comes in for production.

Several good shows of both oil and gas have been encountered higher up in the hole but not enough for commercial production. The operators feel that the project is worth the money to the major companies for the information alone with also a chance for success.

Two Oilmen Transferred

Two popular Panhandle oil men were transferred last week with the moving of George Turner of Phillips, former Pampa, to Evansville, Ind., and of Mike Hanna of Pampa to Blackwell, Okla.

Hanna, for the past 11 years superintendent of the Cities Service compressor station a mile east of Pampa, left Friday to become superintendent of the company's station at Blackwell, Okla. Replacing him is Frank Tuttle of the Blackwell station. Hanna came to Pampa when the station, which furnishes gas to Wichita, Kas., Kansas City and intermediate points, was installed.

Mr. and Mrs. Tuttle and son and daughter arrived here Friday and will make their home at the plant camp. George Turner has been district superintendent of production for the Phillips Petroleum Company for several years. He will open an office for the company in Evansville and commercial production. The operators feel that the project is worth the money to the major companies for the information alone with also a chance for success.

Turner was an active worker in the Panhandle chapter of the American Petroleum Institute, being a member of the advisory board. Norman Perkins will replace Mr. Turner at Phillips.

Dr. C. H. Schulkey will speak at 7:30 o'clock this evening at the First Methodist church on "Gratitude." The speaker, who recently returned from Europe, will point out the many reasons for which the United States has to offer gratitude.

Mr. and Mrs. Tuttle and son and daughter arrived here Friday and will make their home at the plant camp. George Turner has been district superintendent of production for the Phillips Petroleum Company for several years. He will open an office for the company in Evansville and commercial production. The operators feel that the project is worth the money to the major companies for the information alone with also a chance for success.

Turner was an active worker in the Panhandle chapter of the American Petroleum Institute, being a member of the advisory board. Norman Perkins will replace Mr. Turner at Phillips.

Assistance In Drilling Test Being Invited

Major oil companies have been invited to assist in a search for oil in Roberts county, many miles from production. The majors have been asked to step in and continue drillings of the Chicken Creek Oil Company's No. 1 Ledrick northeast of Pampa near the Canadian river.

The well has been drilled to a total depth of 6,882 feet intermittently during the past six years. Six inch casing has been set at 4,966 feet and it is proposed to ream the hole from that point to the present depth and finish in a five-inch hole.

The well has been drilled mostly by local support but the time has come when more assistance is needed, according to a letter sent to several large companies by A. B. Keahy, secretary of the company.

Estimated cost of the project is \$12,000 and for that amount, or less if necessary, the company offers some offset section acreage and a spread close in, in addition to an oil payment of the whole amount provided the well comes in for production.

Several good shows of both oil and gas have been encountered higher up in the hole but not enough for commercial production. The operators feel that the project is worth the money to the major companies for the information alone with also a chance for success.

Two Oilmen Transferred

Two popular Panhandle oil men were transferred last week with the moving of George Turner of Phillips, former Pampa, to Evansville, Ind., and of Mike Hanna of Pampa to Blackwell, Okla.

Hanna, for the past 11 years superintendent of the Cities Service compressor station a mile east of Pampa, left Friday to become superintendent of the company's station at Blackwell, Okla. Replacing him is Frank Tuttle of the Blackwell station. Hanna came to Pampa when the station, which furnishes gas to Wichita, Kas., Kansas City and intermediate points, was installed.

Denison Dam Will Be Next Lake Project

WASHINGTON, Nov. 5 (AP)—Preferred position on the war department's flood control program is held by the Denison dam project, which will harness the erratic and turbulent waters of the Red river.

To expedite construction once work is underway, the department will create a Denison district to be directly under the army division engineer whose headquarters are in Little Rock, Ark.

Bohrings averaging between 100 and 150 feet are being made now on the dam site, near Denison, Texas, to obtain data necessary in preparing plans for the foundation of the \$54,000,000 project. If no unforeseen obstacles arise in the program, bids for the construction will be advertised next fall and work actually begun along in January of 1940.

Funds to carry on construction must yet be appropriated by Congress. The project was authorized last session, but the legislation raised no money for the work. The test borings have been made possible only through a Public Works Administration allocation.

A war department spokesman said that because the Denison dam was on the priority list of eligible flood control projects, money for it would be made available out of the lump sum annual appropriation Congress makes for such civil works carried on by army engineers. It will be given preference to some other relatively less important projects which have been authorized for years but for which funds have not yet been allocated.

Will Take Five Years.
He estimated \$4,000,000 to \$5,000,000 would be made available for the first year's construction and that the job would require about five years to complete. The remaining necessary funds would be appropriated from year to year as the work progressed.

About 150 civil engineers, all civilians, are working now on the Red river flood control program under the direction of Capt. L. D. Clay, in charge of the regional army engineers office at Denison. Many of the men are making surveys along the river and its tributaries in Oklahoma, Arkansas and Louisiana, as well as in Texas.

Aside from flood control, an important feature of the proposed dam will be its hydro-electric power generating feature. Power development was recommended by the secretary of war in a report of the entire project to Congress.

Data in the report included these statements:
The Red river rises on the staked plains near the east edge of New Mexico, flows generally eastward some 850 miles across the Texas Panhandle and between Texas and Oklahoma to Fulton, Ark., then southeast 403 miles to its confluence with the Mississippi river.

The site of the proposed dam is five miles northwest of Denison. The Red river drains an area of 91,430 square miles, including 38,291 square miles above the dam site.

Site Narrowest Part.
The site is the narrowest part of the Red river valley below the Washita river. The river bed in the vicinity is 800 to 1,000 feet wide.

The south or Texas bluff is 150 to 200 feet high and fairly steep. On the north, the river bed is bordered by steep bluffs rising 50 to 40 feet to a level overbank section, extending 1,800 feet to another steep bluff about 50 feet high, beyond which the land rises gently.

The district army engineer reported it obvious in view of existing foundation conditions, that only an earthfill dam be considered. For a dual-purpose reservoir, combining flood control and power features, he recommended a rolled earth dam 2.9 miles long with a maximum height of 190 feet above the river bed, extended on the Oklahoma side by a levee, 5.8 miles long and 15 to 40 feet high, and extended on the Texas side by a spillway section 2,000 feet long. The spillway would have a crest elevation 660 feet above sea level or about 155 feet above the river bed.

Japanese Claim 25 Chinese Junks Sunk

SHANGHAI, Nov. 6 (AP)—The Japanese command reported today that airmen had bombed and sunk 25 junks carrying Chinese troops up the Siang river in retreat from the Japanese offensive fanning out from fallen Hankow.

The Japanese also reported capture of Tsoochih, 60 miles from Hankow near the northwestern extreme of the curving line of hostilities.

A number of American missionaries stationed in the path of the Japanese advance westward and south from Hankow were imperiled by the approaching combat.

Jail Windows Now Screened With Steel

Gray county's Bastille is becoming so much that the county has placed a 3/4-inch steel screening on the 13 windows of the jail just in case someone might wish to write or deliver a package via blanket-stripe rope to the prisoners inside.

Workmen Saturday were completing installation of the screens. The screens were welded to the windows and levers attached in such a manner that prisoners in the cells may open a window without damaging the windows.

Four "peep-hole" glass windows on the inside of the jail are being repaired. While constructed of heavy plate glass, holes have been punched in the windows by prisoners' use of matches, Chief Deputy O. T. Lindsey said.

Installation of the screens is in accordance with a recommendation of the grand jury of the preceding term of 31st district court. Screens previously used had been jabbed so many times by prisoners seeking to open a window as to become worthless. Many windows have been broken by the practice.

Three men have been employed for the past three days in installing the screens. A welding outfit has been in use at the northeast corner of the courthouse building, with lines extending from the ground to the fourth floor. Fred Paronto of Pampa is the contractor.

Legion Head Asks Public To Support Dies Investigation

MINNEAPOLIS, Minn., Nov. 5 (AP)—Stephen F. Chadwick, national commander of the American Legion, called tonight for public support and confidence in the Dies Congressional committee investigating un-American activities.

Chadwick asserted the Dies committee was appointed at the request of the Legion and he added, "In our recent convention we endorsed the action of Congress in providing the committee and as the committee delves deeper into this abhorrent mess, we are supporting it."

son one of the fastest in years, Wall Street analysts noted.

The Associated Press weekly index of industrial activity dropped from a high around 108 to 65.8 at the end of May, 1938.

It now stands at 83.6, up about 27 per cent from the year's low. This index is based on the average for the years 1929 and 1930 as 100.

Although recovery got up considerable momentum during the summer, it seemed to have been aided last month by the passing of the September war scare, which threatened for time to halt the climb.

The automobile industry, leader of the 1933-37 business rise, came out of its downspin to make a powerful recovery team-mate for building.

Steel production for the first time this year crossed the 1937 line, lifting the industry's operating rate to 56.8 per cent of capacity from 46.7 at the end of September and 22.5 early in June.

Electric power consumption, again close to a new record, cut down the year-to-year lag to 1.3 per cent at the end of October compared with 5.7 per cent at the finish of September.

Railroad traffic went above 700,000 cars weekly and also shortened the year-to-year decline.

The Associated Press Industrial Index, which makes an allowance for seasonal fluctuations, moved up to 83.6 from 78.4 at the end of September.

3. Hastening the acquisition of war reserves for a force of 1,000,000 which, under war department plans, would take the field within a few months in the event of United States involvement in a new world war.

future years silt up a major part of the lake, officials of the Pampa Chamber point out. There is much need for soil conservation and flood control work along the North Fork of the Red river in Gray county and for additional soil conservation work in the county.

Dr. Finnell will explain the functions of the Soil Conservation Service and explain how Gray county can take full advantage of the program being carried out in this region.

Ralph Thomas, County Agricultural Agent, will precede the principal speaker with a resume of the soil conservation work and the range problem of building stock dams that has been underway for several years in Gray county and which is still in progress.

Due to the type of program, Reno Stinson, president of the Pampa Chamber, has invited the membership to bring a farmer as a guest at the luncheon.

The Pampa Junior Chamber of Commerce will meet jointly with the senior organization.

Reservations may be made by telephoning the office, telephone 384, and members are urged to make reservations early Monday morning to facilitate the preparation of sufficient food and space for the luncheon Tuesday.

Red Cross Plea Issued

AUSTIN, Nov. 5 (AP)—An appeal to Texas to join the American Red Cross during its annual membership campaign from Armistice Day to Thanksgiving was sounded today by Gov. James V. Allred.

DURING the past year this bank has published a series of advertising statements in which it has sought to make clear to the people of this community the sound banking principles which control its operations.

We have discussed our various financial services, our protection of depositors' funds, our loan and investment policies, and our responsibilities to our customers and to the community.

We feel that we have become better acquainted with the people of our community and that they have become better acquainted with us. Understanding of each other's aims and plans is an essential element in sound banking relations—it is a cardinal principle of this bank's policy.

Kiwanians Asked To Aid Red Cross Annual Roll Call

Rev. Robert Boshen, pastor of the Presbyterian church, second vice president of the Pampa Kiwanis club, and chairman of the 1938 roll call of the American Red Cross in Pampa, to be held Nov. 14-21, quoted the statement of H. G. Hatfield, president of Kiwanis International, at the meeting of the Pampa Kiwanis club at noon Friday:

"Each year between Armistice Day and Thanksgiving the American Red Cross has this annual roll call for members. While the membership dollars which we contribute toward this worthy organization make it possible for this great army of volunteer workers to do such humanitarian work, it is really these volunteer workers who put our dollars to work that fills such a great national need. They are most worthy of our support. Since 1881 the American Red Cross has given aid to millions of our citizens. This work has been so well done that now when a national catastrophe occurs or even a local catastrophe, we expect the Red Cross with their volunteer workers to be on the job immediately. However, this organization and the people to whom they give service need financial support

a separate agreement the widow, Mrs. Mabel Harlow Green, receives \$18,000 annually.

'Conduct' Decides Ruling

Asserting that "conduct in of greater evidential value than mere declaration of intent," Flannery dismissed Green's own constantly reiterated statement that Texas was his legal residence.

"He was 'nomadic in his tastes,'" said Flannery, "and evidently regarded domicile as something distinct and apart from home or residence. Home to him was where he happened to be for the time being with his wife and domestic establishment. To him domicile was a mental state where he could obtain certain political advantages and freedom from taxation."

In his 67-page report to the court, based upon 11 volumes of testimony and 1,400 exhibits, the special master reviewed Green's wanderings and idiosyncrasies at length.

Tax Avoidance Claimed

Asserting Green got his large fortune as a result of "inheritance, tax avoidance and income accumulation," the master emphasized the

importance of the whole domicile question in tax cases. "In this era of expenditures and high taxation by Governmental agencies when the bulk of individual wealth is in intangible, property which may be moved from place to place by migratory millionaires to escape taxation."

Early Hearing Sought

AUSTIN, Nov. 5 (AP)—Attorney General William McCraw of Texas said today he would urge the U. S. Supreme Court to set an early hearing for arguments against the findings of a special master in the Col. E. H. R. Green inheritance tax case.

John S. Flannery of Washington recommended the court decree Massachusetts the legal domicile of the eccentric son of the almost legendary Hetty Green who died in 1936.

Texas, Massachusetts, New York and Florida have fought for inheritance taxes on Green's estate, which taxes have been determined to appropriate \$5,000,000.

as vs. Paris McKay, Court Reporter W. R. Frazee said.

In the indictment against Vaughan and Johnson it was alleged that the two had acted together with Paris McKay, that they did "unlawfully and willfully advise, command, and encourage him"; and that "on or about November 1 they did "unlawfully and

willingly give aid to said McKay in order that he might evade punishment and trial."

Details of what aid was alleged to have been given were not explained in the indictment.

Sentences against both McKay and Vaughan were made while the September term of district court was in progress. The court term ended Saturday, Johnson's trial will occur during the next term here, which opens January 3.

School Celebration Entertains Many

The Horace Mann school's Feast, Fun, and Frolic night was attended by a large crowd last week and proved to be a success for the school.

The evening's program was climaxed with the crowning of the king and queen, Vada Lee Alden and Billie Washington, before a large audience. They were attended by 14 couples, representatives from each room of the school.

Mrs. C. E. Cary, Parent-Teacher president, expressed appreciations for the cooperation of the parents, teachers, and friends, and especially to the patrons of the school who were featured on the program. They include Mr. and Mrs. Jeff Guthrie, Jack Johnson, Miss Eugenia Johnston and her assistants, B. G. Gordon, Mrs. Ruth Barton, Kathryn Vincent, Steele and her students, Miss Leona Giles and Lester Clemmons.

Net proceeds amounted to \$165.

Upper Grades To Have Assembly

The assembly programs for upper grades at Sam Houston school will be opened at 3 o'clock Wednesday afternoon with group singing led by Miss Georgia Wilson.

R. A. Selby will talk on the significance of National Education Week in connection with American education, and Miss Cleo Snodgrass' second grade boys will be presented.

Other numbers on the program will include songs of 20 years ago by Mrs. L. E. Stout's room, a medley of patriotic airs on the accordion by Brent Blonkvist, a tap dance by Billy Thompson accompanied by his mother, a story by Joella Shelton and Norma Jean Samuel.

Continuing will be a reading by Joanne Holden and a pageant for Armistice Day with every child in Mrs. Stout's room taking part.

The committee in charge of the program includes Clarice Dixon, Joanne Holden, John Robert Lane, and Brent Blonkvist.

Parents and friends of the students are invited to attend the program.

To Name SMU President

DALLAS, Nov. 5 (AP)—Trustees of Southern Methodist University will meet here Monday to select a new president for the school to succeed Bishop Charles C. Seelcman.

The Ford Motor Company

now offers

FIVE QUALITY CARS

FORD **DE LUXE FORD** **MERCURY** **LINCOLN-ZEPHYR** **LINCOLN**

THE FORD V-8 is built to provide comfortable, dependable transportation at the lowest possible cost. It offers a choice of two V-type 8-cylinder engine sizes—the famous 85-horsepower engine for better performance—or the thrifty 60-horsepower engine for better economy. "60" owners regularly report 22 to 27 miles a gallon. The 1939 Ford is a handsome big car, inside and out. It has more room and an unusually large luggage compartment. It has big hydraulic brakes, built to strict Ford standards of safety and precision. There are three body types, three colors. **Low prices.**
PRICES BEGIN AT \$584
(Delivered in Detroit—taxes extra)

THE DE LUXE FORD V-8 is designed for people who want the basic Ford advantages with a little more luxury and style. Its flowing lines for 1939 are more modern than ever. It is roomy and richly appointed. Like the Ford V-8, it embodies important improvements in comfort, as well as big hydraulic brakes. The smooth efficiency of its 85-horsepower V-type 8-cylinder engine has been proved by millions of owners. In appearance and performance, in completeness of equipment, the De Luxe Ford sets a new high for low-price cars. Five body types, six colors. **Lower prices.**
PRICES BEGIN AT \$684
(Delivered in Detroit—taxes extra)

THE MERCURY 8 is an entirely new car—and a new value. It takes its place between the De Luxe Ford and the Lincoln-Zephyr, promising in its price class the same satisfaction and pride of ownership. Skilful streamlines and a wide, roomy body give the Mercury something of the character of the Lincoln-Zephyr. Rich interior appointments reflect its outward beauty. Advanced engineering makes it unusually quiet and comfortable. It has a big new 95-horsepower V-type 8-cylinder engine and hydraulic brakes. Choice of four body types, eight colors.
PRICES BEGIN AT \$894
(Delivered in Detroit—taxes extra)

THE LINCOLN-ZEPHYR V-12 is acknowledged to be the style leader of its era. It has turned modern automotive design in a new direction. Beneath the graceful streamlines, in closed types, is the first structure of its kind—the unit-body-and-frame. Steel panels are welded to a steel, transverse framework. Powering the Lincoln-Zephyr is a V-type 12-cylinder engine—giving outstanding performance with unusual economy. Owners report from 14 to 18 miles on a gallon of gasoline. Performance is brilliant. The 1939 car has hydraulic brakes. Six body types, eight colors.
PRICES BEGIN AT \$1326
(Delivered in Detroit—taxes extra)

THE LINCOLN V-12. "As nearly perfect a motor car as it is possible to build." Such is the Lincoln. This magnificent automobile is created unerringly in one of the world's famous precision plants, where the tradition is to build the best regardless of cost. The result is a car which provides luxurious transportation through the first and the second hundred thousand miles. The Lincoln V-type 12-cylinder engine is admired wherever motor cars are mentioned. There are many body types, including a wide range of designs by leading custom body builders.
PRICES BEGIN AT \$4800
(Delivered in Detroit—taxes extra)

THE FIVE CARS in the Ford-Lincoln line for 1939 give you a choice of more than thirty different models—from which you can pick the one that fits your own ideas of size, style, power and price. Whichever you choose, whatever you pay, you'll get top value for your money.

That's true of the lowest priced Ford. It's true of the highest priced Lincoln. And it's true of the cars in between. All of them have one important thing in common—**inherent quality.**

The quality of Ford and Lincoln cars comes first from the fine materials that go into them—and the precision workmanship that produces them. But quality comes most of all from the fact that back of these cars is the only automobile plant of its kind—where production processes are controlled from iron ore to finished car—and savings passed along as **extra value.**

Typical of the quality in each car is its V-type engine—once found only in very expensive cars—and brought to all price fields only by Ford. V-type engines are compact and efficient. They deliver high power in proportion to their size—and smooth performance with unusual economy. They hold world's records on land, on sea and in the air.

Things are happening in the automotive world this year! Nowhere is the advance more marked than in the Ford Quality Group. It's sensible to see our dealers before you buy any car at any price.

Three Voting Places In Pampa Changed For Election On Tuesday

County Judge Sherman White, District Judge W. R. Ewing, along with all other local and district officers and state officials will likely change the form for the oath they take when they are inducted into office on January 1, following the general election to be held next Tuesday.

Since 1845, office holders in Texas have stoutly maintained in taking the oath of office, that they have not fought any duels or been involved in any manner with such affairs.

This relic of the days of the Republic of Texas has been kept in the oath for nearly a century, next Tuesday the voters will decide if an amendment shall be made, eliminating the ancient dueling clause from the oath.

59 Candidates Listed

The quelling amendment is the only one to be voted when Gray county citizens cast their ballots for state, district and county offices Tuesday, County Clerk Charlie Thut said Saturday.

There are 59 candidates listed on the official ballot. Of these 40 are of the Democratic party, nine Republican, seven Socialist, and the Communist candidates, Democratic candidates range from governor to constable. Two blank columns are provided on the ballot for the writing in of independent candidates.

Election supplies were gathered Saturday in the office of the county clerk for distribution today to the polling places of the 17 voting precincts in Gray county.

Three changes have been announced in the location of polling places in Pampa, according to the county clerk. Precinct 2 polls have been changed from the B. M. Baker school to Harrah chapel, 709 Barnes; precinct 9, from Woodrow Wilson school to the residence of Justice of the Peace E. F. Young, 829 East Browning; precinct 14, from Horace Mann school to McCullough Memorial Methodist church, 1910 Alcock.

P. C. Ledrick will succeed the late H. J. Lippold as election judge at precinct 16 polling place, the Texas Evans Buick Company, Inc., 204 North Ballard.

Polls will open at 8 a. m. and close at 7 p. m.

Absentee voting for the general election ended Friday with only 10 absentee ballots cast.

Election Officials

The complete list of election officials, by precincts, are:

- 1. E. Bacchus, G. O. Carruth, Bud Nipper, Floyd Bull; 2. L. C. McMurry, Bill Poole, Charles Burton, Gene Shackleton;

Hungary Marches Into Czech Areas

BUDAPEST, Nov. 5 (AP)—Hungarian troops crossed the Danube today for the first time in 20 years in beginning the re-occupation of 4,875 square miles of their former homeland awarded Hungary from Czechoslovakia through Italo-German arbitration.

The soldiers advanced with flowers bobbing in their shiny helmets or falling underfoot and by nightfall they had moved approximately 2 1/4 miles into Slovak regions.

Rancher Shot To Death In Store

KERRVILLE, Nov. 5 (AP)—Will Hope, 60-year-old rancher, was shot to death in a crowded drugstore here today.

Deputy Sheriff Pat Washburn said that Clyde Henderson, 19, of near Mountain Home, handed him a .380 caliber automatic pistol with the stem-nut. "I guess I have just killed Will Hope."

Henderson was lodged in jail.

Hope was convicted and given a 10-year sentence at the March term of court for the slaying of Irwin Henderson, brother of Clyde Henderson, Aug. 24, 1937. The case was on appeal. The first slaying occurred at Ingram, six miles west of

here, where Hope formerly operated a filling station and cafe. Recently Hope had been living near comfort, Kendall county.

Hope was accompanied into the drugstore by his wife. He was shot three times.

Pampans To Attend Baptist Convention

Several Pampans including the Rev. and Mrs. C. Gordon Bayless, Mr. and Mrs. F. E. Leech, Mrs. T. L. Anderson, and Mrs. W. D. Benton, from the First Baptist church; the Rev. and Mrs. John O. Scott and Mrs. F. E. Dye of the Central Baptist church, and the Rev. E. M. Dunsouth of the Calvary Baptist church will be among those hearing thrilling stories of close calls from Japanese bombs, such as those recently escaped at Wuchow, China, by Dr.

Robert E. Heddoe of Dallas, relayed from war-torn mission fields in the Orient to the Baptist general convention of Texas in Dallas tomorrow with preliminary sessions.

Dr. R. C. Campbell, secretary of the convention's executive committee, and other convention officials finished last-minute preparations with local committeemen for the reception and entertainment of 12,000 messengers and visitors representing the 600,000 Baptists affiliated with the general convention. The convention dates are Nov. 8-11.

Texas Baptists, because so many of their friends are in the mission fields and because of their large contributions to this work, are particularly interested in foreign missions and this phase of their activity will be emphasized during sessions at the convention and at the meeting of the Woman's Missionary Union preceding it.

Dr. George W. Truett of Dallas, pastor of the First Baptist church and president of the Baptist World Alliance, will speak on the important report on Texas hospitals at the general convention. The report will be brought by Robert Jolly of Houston. A program for endowment of the institutions, including Baylor hospital, is expected to be presented at this meeting.

The government's schools inspectors of music report a great improvement in the standard of singing in country schools of the Union of South Africa.

Malay and Siamese athletes, especially footballers and boxers, are credited with consuming the blood and flesh of tigers to give them courage.

CALVARY BAPTIST CHURCH
Rev. E. M. Dunsouth, pastor. The First Baptist church of Skellytown will visit in a body with the Calvary Baptist church tonight. The pastor will baptize their candidates who came as a result of the recent

revival meeting, at 7:30 p. m. Training course in the church begins a 7 p. m. Monday, with classes for all ages, juniors, intermediates, young people and adults.

"More Than All the Gold Mines In the World"

"Credit," said Daniel Webster, "has done a thousand times more to enrich mankind than all the gold mines in the world"

MEN, since the dawn of history, have endured privations, hardships and suffering in the feverish search for gold. Nations have fought for it!

Yet millions have found, through the proper use of credit, a quicker, surer means of advancement. For credit enables them to buy the things they need now and to pay for them out of their earnings.

You may not be wealthy but—

If you have a good credit record—a reputation for paying your bills promptly and keeping your promises—you have something as valuable as gold itself!

And the more you use it the more valuable it becomes! For every prompt payment of an account adds that much prestige to your credit record.

Use your credit freely and pay all bills by the 10th or promptly as agreed

Borger Stops Thompson But Amarillo Wins

Sandies Eke Out Score In Last Minute

(Staff Special.)
BORGER, Nov. 5.—The fires that burn in blazing Bill Thompson, head-man of the Amarillo Golden Sandstorm football team, were extinguished by the fighting Borger Bulldogs out at the Borger stadium this afternoon and it took a "photo-finish" touchdown in the last 45 seconds of play in the final quarter for Amarillo to come out on top, 13 to 7.

Although the odds were stacked against Borger as high as 40 points before game time, the sparking, battling team mentioned Coach Catfish Smith took the bull by the horns by going into the lead 7 to 0 with a touchdown on a brilliant 25-yard pass, Allen to Sickles, early in the second quarter and remained out in front, 7 to 6, after an Amarillo pass touchdown in the third, until the final minute of play.

Decisions Questioned.
Although there were two touchdown decisions which Borgans protested—one in which a Borger score was called back after a 45-yard run by Allen with the subsequent downing of the ball by a Borger man back of the Amarillo goal when Allen fumbled, and the final touchdown for Amarillo which many claimed was caught outside of the end zone—probably the outstanding feature of the game was the manner in which the Borger team mowed down the highly-touted Thompson. Sports observers on the sidelines said it marked the first time in his school career that the blazing, charging, galloping Thompson had been so humbled. He was thrown for losses several times, and on other occasions was tackled from behind and stopped dead in his tracks before he even got into motion.

Allen Is Hero.
Thompson got away only once. At the end of the third quarter he started off on one of his long runs from his own 40 down to the Borger 15 where Capt. Hubert Allen caught up with him and cut the Big Train down with a thud. It was this that started the ball rolling for Amarillo's first touchdown. On the opening play of the fourth quarter, Thompson made four on the third down for a first. Andrews was thrown for a three-yard loss on Borger's six, and on the next play kicked to Roberts for the touchdown. The attempted conversion failed.

Stand Groan.
Thompson had been on the sidelines until about the middle of the third quarter. When he went in there was a din of wild cheering from the Amarillo rooting section.
The disputed touchdown for Borger, which was called invalid, had the stands in an uproar early in the fourth quarter. After Allen fumbled at the end of a 45-yard run, a Borger player fell on the ball as it bounced over the Amarillo goal line, but it was called back when the Borger backfield was ruled "in motion." Borger got a 15-yard penalty amid groans from the Borger stands.
With the score standing 7 to 6 in favor of Borger and only a minute to go in the final quarter Amarillo took the ball on her own 37 after a Borger punt, completed a long pass to the Borger 10-yard stripe and then Corbell heaved another one to Roberts over in the end zone for the winning points. Thompson kicked the extra point, making the score Amarillo 13, Borger 6. Amarillo then kicked to Borger's 25 and after three unsuccessful pass attempts, the gun sounded ending the game.

Amarillo Has Edge.
Amarillo had 13 first downs to Borger's nine. Amarillo advanced the ball a total of 169 yards to Borger's 92. Amarillo lost 51 yards in scrimmage and Borger 33. Amarillo completed six out of nine passes for 113 yards. Borger completed two out of ten passes for 40 yards. Borger was penalized 50 yards and Amarillo 20. Amarillo intercepted one pass for no gain and Borger intercepted one for a 19-yard gain. Roberts scored both Amarillo touchdowns and Sickles did the scoring for Borger.

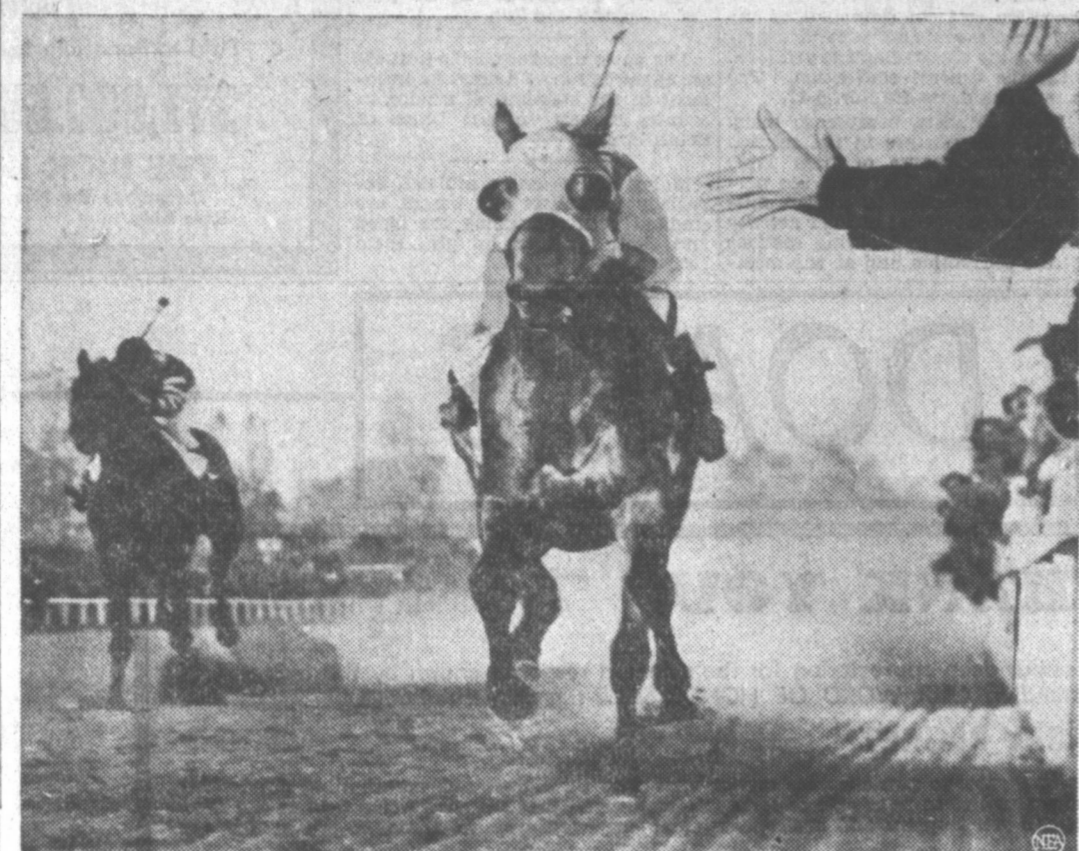

Referee Flees.
So great was the tension at the end of the game, Referee Pritchard of Army hurried off the field into the protective wing of three state highway patrolmen who escorted him from the stadium.
All through the Borger section of the grandstand could be heard the grumbling of discontent over the two outstanding decisions which gave the outcome of the game such a different flavor.
Crowds swarmed onto the field and surrounded other officials including Umpire Cobb of Georgia Tech, Host Linesman Shands of Southwestern Texas State Teachers College, and Field Judge Walker. Referee Pritchard, however, had gone.

Decisions On Field.
At another time late in the third quarter there was discussion on the field when it was claimed Borger's Sullivan got too rough with Amarillo's Mauldin.
The Amarillo-Borger tilt probably was one of the most thrilling and exciting games played this year in the Panhandle. Hundreds of radio listeners thrilled at a radio report and wished they had not jumped to conclusions and stayed home because they thought the game would be a walkaway for Amarillo. It was anything but that.

The score, by quarters:
AMARILLO 0 0 13-13

NEW TURF KING GETS BIG HAND

Clapping hands welcome the victory of Charles S. Howard's fabulous Seabiscuit, seen pounding over the finish line at Pimlico, Md., four lengths ahead of War Admiral. Their long

awaited match race produced one of the greatest contests in turf history. With Jockey Geo. Woolf pumping speed out of him from the starting bell, Seabiscuit took the lead, fought off

a terrific backstretch challenge by Jockey Charles Kurtsinger and the Admiral, and finished the mile and three-sixteenths course in 1 minute, 56 and 3/5 seconds—a Pimlico track record.

Guerillas Beat Kelton 19-6 With Help Of 4 Harvesters

Assisted by four Harvesters who have seen little service in games this season, the Pampa Guerillas won a 19 to 6 game from Kelton here Friday afternoon.

Little Grover Lee Heiskell paced the Guerillas with a running attack that had the Kelton defense baffled. Heiskell scored the first Guerilla touchdown when he caught a 12-yard pass from James Carlie, another Harvester, in the end zone. Carlie added the extra point.

Heiskell scampered 13 yards thru a mass of Kelton tacklers to score the second touchdown. Winchester, Guerilla back, intercepted a Kelton pass and ran 50 yards to end the Guerilla scoring.
With a full team of Guerillas in the field, Kelton scored with about two minutes left to play. Winchester tried to repeat his pass interception but the ball plunked into Richardson's hands and he went to the Guerilla 4-yard mark before Isbell dragged him down. A pass, Wagner to the same elongated Richardson, was good for a touchdown.

Clarence Matthews and Gerald Nichols were the other Harvesters assisting the Guerillas. Matthews was unable to get going consistently but his blocking was strong. Nichols played a steady game.
Guerilla Morris stood out in the ball carrying department while Termin, Terrell, and Phillips played good line games.

Davis, Kelton fullback, turned out to be a fifty-bell toter while Wagner's passing to Richardson, a 6-foot-3-inch end, was a constant threat. Hink, Mitchell, and Harris played good defensive games for Kelton.
The Guerillas hung up 10 first downs to eight for Kelton.

Starting lineup:
Guerillas—Termin and Moleworth; end; Nichols and Phillips, tackles; Thompson and O'Dell, guards; Terrell, center; Heiskell, quarter; Morris and Matthews, halves; Carlie, full. Substitutes—Winchester, Eardan, Isbell, W. Phillips, Longacre, Helton, Jones, Ward, Redman, Allen.
Kelton—Richardson and Mitchell, ends; Harris and Johnson, tackles; Killingsworth and Hink, guards; Henderson, center; Whitley, quarter; Wagner and Dale, halves; Davis, full. Substitutes—A. Kenney, L. Kenney, Carmen, Britt.
Officials—Henry, Ringer, and Snyder.

Oklahoma Rambles Over Kansas 26-0

NORMAN, Okla., Nov. 5 (AP)—Oklahoma's football steamroller spent nearly two periods flattening a stubborn Kansas State team here today, and then rambled at will over the smooth surface to a crushing 26 to 0 victory.
Approximately 15,000 fans sat under sunny skies in balmy temperatures to watch Tom Stidham's Sooner giants turn in their third conference victory and keep their season's record unmarred by defeat or tie.
A defense which made it a good gain if an opposing ball carrier reached the lines of scrimmage, and an offensive in which sharp running plays, vicious plunges and yard-cating passes were cleverly interwoven, provided the victory margin.

Outweighed and outmanned, the Kansas Slaters, obviously out to redeem themselves for their upset defeat at the hands of Kansas a week ago, for two periods made a ball game of it.

Webster Stars As Westerners Smack Lamesa

Lubbock's Jumbo Webster was the difference between a tie and victory for the Lubbock Westerners Friday afternoon in Lamesa when the mighty Westerners eked out a 14 to 0 victory over the fighting Tornados.

Held out of the contest except in the third quarter, Webster sparked the Westerners to two quick touchdowns. The giant back carried the ball seven times on a march from the Lubbock 46-yard line, finally placing it on the Lamesa 22 from where Lee Jackson sneaked over on a sneak through tackle. Foster added the extra point.
After returning a kick to the 50-yard stripe, Webster, Alfred and Jackson engineered another touchdown. Foster again converted.
Webster entered the game with his side heavily taped to protect a rib injury.

Crawley and Vaughan tried valiantly for the Tornado but they were never able to reach the pay line although threatening on several occasions. Lamesa played a great offensive game.
Lubbock made 14 first downs to three for Lamesa and gained 270 yards to Lamesa's 58 on the ground. Lamesa led in the air 37 to 7 yards.

Trojans Now Bound For Rose Bowl Tilt

LOS ANGELES, Nov. 5 (AP)—Southern California's Trojan warriors derailed the California Rose Bowl-bound special here today, wrecking the unbeaten record of the mighty machine from Berkeley and taking to themselves the inside track to the Pacific Coast conference football championship and the Pasadena bowl game, January 2.

A record-breaking crowd of 95,000, gathered in the sunshine of Memorial coliseum, saw the Trojans dynamite California, 13 to 7, and hoist the colors of cardinal and gold to heights unseen since the glory days of Troy five years ago.

The crowd sat stunned as the Bears, favored by odds of ten to seven, were held to two lone first downs, the first of which came 54 minutes after the game began.
Leading the Trojan climb back to triumphant heights was Grenville Lansell, flashy quarterback who pitched strike after strike to his pass receivers, and scored the first Trojan touchdown in the third quarter on a brilliant sweep around California's left end after a six-yard jaunt.

Ram Plays Moment And Beats Gaels 3 to 0

NEW YORK, Nov. 5 (AP)—Wilbur Stanton of Maulden, Mass., enjoyed a fleeting moment of football fame today when he trotted out on the polo grounds before 44,000 hushed spectators and kicked a 32-yard field goal to give Fordham a 3 to 0 triumph over the St. Mary's University Gaels from San Francisco.
That was all anybody saw of Stanton, because he went right back to the bench. But it was enough to justify the long hours he has spent practicing his specialty the last three seasons and to keep the Rams at the forefront of the nation's football teams.

L'Fors Completes 22 Out Of 42 Passes But McLean Wins 39 To 7

By HARRY E. HOARE
Sports Editor, Pampa News

The LeFors Pirate football team turned in the pass dikeiest eleven in the country Friday night in a desperate attempt to overcome the power of a great McLean Tiger squad, but lost 39 to 7. Although on the short end of the score, the Pirates were able to equal the winners in first downs, each making an even dozen.

While LeFors staged a sensational overhead game, the Tigers showed up with a ground attack that was unstoppable. The touchdown parade by the men of Cricket Christian was led by a 200-pound fullback named Bend who is without doubt one of the greatest fullbacks in the Panhandle this season and that includes both Class A and Class B circuits.

LeFors had its greats in Red Ellington and Raymond Carruth who combined to complete no less than 19 passes. In all the Pirates hurled 42 passes, completing 22, missing 15 and having five intercepted. Only six ground plays were run by the Pirates during the game.

On the other hand, McLean played a sensational ground game led by Bend, Lee and Humphreys. When LeFors threw an eight man line against the Tigers, passing was in order but were able to complete only two passes.

Coaches Francis Smith and John Rankin had only 14 Pirates able to play football. Injuries riddled the squad in past games and two or three boys moved. Coach Smith promised fans something new and he lived up to his word. It was the final game of the season for the Pirates.

McLean, doped to win the district title, still has to hurdle Wheeler in an Armistice Day game that is classed as one of the outstanding battles of the day. Coach Christian has a well balanced, well coached team. The line is big and powerful and the backfield fairly heavy and versatile. The Tigers were without Braxton, ace ball ticer and passer, Friday night because of injuries. In Wind and Trimble the Tigers have a couple of sensational linemen. Trimble blocked a punt and intercepted a pass, each followed by touchdowns after long runs.

It was not until late in the opening quarter that McLean was able to break away to a score. Trimble blocking a punt and picking the ball out of the air to race 35 yards. He also added the extra point from placement.

Bend Outstanding
Early in the second quarter Bend cut off his right tackle, running exceptionally low for his six foot, 4 inches, then straightened up and outran everything in his way for

41 yards and a touchdown. The try for point failed.

LeFors worked a couple of screen passes for nice gains and followed with open field heaves but a fumble lost them the ball in scoring territory. Bend led a drive to the LeFors 5-yard line but four penalties set them back to the 25 from where Lee took a criss cross and raced for six more points.

Carruth, end, intercepted a LeFors pass and returned to the Pirate 20 from where Bend slipped and slithered to pay dirt. Carruth intercepted a pass on his goal line and raced out to the 41. Ellison passed twice to Carruth to put the ball on the McLean 10 from where the same combination worked for the LeFors touchdown. A similar pass combination added the extra point.

The final McLean count came when Humphreys took a triple criss cross from his 38 to the LeFors 7. A reverse around the other side with Mantooth on the carrying end added the six points.

Starting lineup:
McLean—Cash and Trimble, ends; Norman and Wiago, tackles; Cook and Jones, guards; Roach, center; Humphreys, quarter; Carpenter and Lee, halves; Bend, full.
LeFors—Cooper and Johnson, ends; Williams and Lee, tackles; Hall and Libby, guards; Walls, center; Ellington, quarter; Twigg and Carruth, halves; Atkinson, full.

Officials: Walker of Shamrock, and Curry and Henry of Pampa.

Everybody Plays As Irish Wallop Navy

BALTIMORE, Nov. 5 (AP)—Notre Dame's greatest football team since the glorious 1930 model turned out by Knute Rockne, rolled over hapless, outclassed Navy 15-0, today as a capacity throng of 62,000 half-soaked spectators wondered what the score could have been if Coach Elmer Layden hadn't hooked the leish on his touchdown makers.
It was a sad, wet day for the Midlands, long one of the most dangerous pigskin foes of the fighting Irish.

Carnegie Tech Topples Mighty Pittsburgh

6 Favorites Defeated In Upset Deluge

By HERBERT W. BARKER.

NEW YORK, Nov. 5 (AP)—Pitt's supposed all-but-invincible Panthers suffered their first defeat in 22 games today as football form took its worst shattering of the season and the fine art of booting field goals was suddenly revived.

Hailed as perhaps the greatest team in Pitt history and rated for several weeks as the nation's No. 1 array, the Panthers were soundly whipped by their bitter city rivals, Carnegie Tech, 20-10. Carnegie, beaten only by Notre Dame, thus contributed its second major upset to the season's fun. Previously the Engineers had beaten Holy Cross.

Pitt's downfall caused the greatest consternation among football followers. The Panthers had plenty of company for such other favorites as Northwestern, Michigan State, Princeton, Colgate, Ohio State, and Texas A. & M., all went down.

Pit Line Collapses.
The Tartans' 3-1 short ends made the famed Pit forward wall look like a pile of cards and the three Carnegie pile-drivers, Meryn Condit, Ray Carnely and George Muha, plunged and drove furiously to accomplish the unbelievable.

The game left most of the 61,000 fans stunned. It was crammed with thrills from the minute Curly Stebbins took the opening kickoff and ran 87 yards for a Panther touchdown until the final seconds.

Tartan courage bested Panther prowess. Another club might have taken it lying down after that dash of Stebbins. But six minutes later, Condit, faded to Pitt's 33 and looped a pass over the goal to Muha.

Carnely's placekick knotted the count. A few plays later, Bill Daddio, who rarely misses, booted a field goal from the Carnegie 12, sending the Panthers in front again.

Touchdown Pass.
That was the signal for an inspired Tartan eleven to start clicking.

With seconds to go before the half ended, Kern shot Earl Striegel, end, into the game. Carnely's pass from the Pitt 33 landed in the arms of "Chick" Chikierino and caromed off into Striegel's hands, over the goal.

In the last period Carnegie struck pay dirt again. Peety Moroz, reserve back, got off a beautiful punt to the Pitt 3-yard line and Larry Peace, reserve Panther back, responded with a sad return boot from behind his goal to Pitt's 22. Six plays later Muha rammed over from the 2-yard line.

Wisconsin's Badgers and Purdue's Boilermakers together tied the Big Ten championship race into a terrific knot. Wisconsin upset Northwestern's hitherto unbeaten Wildcats, 20-13, while Purdue spilled Ohio State's Buckeyes, 12-0, with a last period surge.

Michigan State's Spartans, who had held Santa Clara to a 7-6 count, were upset by Missouri, 6-0, as Paul Christian, scored the lone touchdown of the game. Rutgers and Princeton renewed the oldest of all intercollegiate rivalries and the former won, 20-13, for its second victory in a series that began in 1869. Syracuse, meanwhile, scored its first victory over Colgate in 14 years, 7-0.

Texas A. & M. bowed to Southern Methodist, 10-7, as Joe Pasqua booted a 45-yard field goal in the last 30 seconds of play. Five other major games were decided by field goal margins. Fordham whipped St. Mary's 6-0 on Wilbur Stanton's boot from the 22-yard line; N. C. State bowed to Manhattan by the same count on Manlio Boverini's kick from 27 yards out; Joe Schuehler's field goal from the 25-yard line in the last 50 seconds gave Rice a 3-0 decision over Arkansas, and Vice Bradford's kick from 17 yards line enabled Alabama to turn back Tulane, also by a 3-0 count.

Utah State won from Brigham Young by the same method and score.

Oklahoma Wins.
The wave of form reversals failed to affect such leaders as Tennessee, Dartmouth, Notre Dame, Oklahoma, and Texas Christian, while Duke, undefeated and unscathed upon, remained idle.

Notre Dame easily swept past Navy, 15-0; Oklahoma continued its march toward the Big Six crown by whipping Kansas State, 26-0; Texas Christian topped Tulsa, 21-0; Tennessee pushed over Chattanooga, 45-0, and Dartmouth toyed with Dickinson, 44-6.

Iowa State, Western Reserve, Boston College, and Villanova also maintained their unbeaten status. Iowa State topped Drake, 14-0; Western Reserve edged out West Virginia, 7-0; Boston College ripped through Indiana, 14-0, and Villanova trounced Auburn, 25-12.

Harvard and Columbia contributed intercollegiate victories for the east, the former spotting Chicago two touchdowns and then winning 47-13, while Columbia trounced Virginia, 39-0. Furman, of the Southern conference, tripped Marshall, 18-13.

Penn's last period drive at Ann Arbor failed to overtake Michigan's early lead and the Wolverines won, 19-13.

Holy Cross' passing attack buried Temple under a 33-0 count as Yale rallied late to trip Brown, 20-14; Lafayette upset Penn State, 7-0, and Army had to call on its first-stringers to whip Franklin & Marshall, 20-12.

Minnesota stayed in the running in the Big Ten by routing Iowa, 28-0, while Nebraska scored its first victory of the season, a 16-7 conquest of Kansas. In the Southwest conference, Baylor scored over Texas, 14-3, to join S. M. U. and Rice among the day's winners.

Vanderbilt, Georgia, Georgia Tech and Louisiana State all won South-eastern conference decisions. Vand-

Bucks Baffle Claude 33-13

WHITE DEER, Nov. 5.—White Deer downed Claude here Friday afternoon in a slow game marked by fumbles, penalties, and replays, 33 to 13.

Phillips, lanky back, carried the ball over and Seitz kicked the point in the first quarter.

Phillips and Seitz ran the score to 14-0 early in the second quarter. Late in the quarter, Seitz, in scoring position and Russell went over. Seitz kicked the point to bring the score at the half 21 to 0.

In the third quarter Dacus took charge and with two passes, one to Phillips and one to Williams, a run, and a line plunge, scored the fourth counter. Seitz and Dacus took turns making nice gains and remained in the game as nine substitutes came in.

Claude got away for a nice gain, picked up a first down, went over for their first counter, and kicked the point, making it 27 to 7.

Claude got off a long kick, but it was called back. Seitz took the ball on the second kick and returned it to the 28-yard line. Seitz passed to Crumpeaker, but the play was called back. On a faked pass, Seitz picked up several yards, then kicked out on the 35-yard line. Claude got loose with a 65-yard run for their second score, but failed to make the point.

Near the end of the quarter, Seitz intercepted a pass and went to the 11-yard line. Claude drew a 5-yard penalty, and on the next play Seitz scored. The kick was blocked.

erbit had trouble with Sewanee, 14-0; Georgia Tech just managed to trip Kentucky, 19-18; Georgia whipped Florida, 19-6, and Louisiana State mopped up Mississippi State, 33-7.

South Carolina and Clemson scored notable intercollegiate victories for the Southern conference. The former tripped Duquesne, 7-0, while Clemson was mowing down Georgia Washington, 27-0. Conference play was marked by Virginia Military's 6-6 tie with Wake Forest and North Carolina's hard-fought 7-0 victory over Virginia Tech.

Erigham Young's defeat by Utah State enabled Utah to take the lead in the Rocky Mountain "Big Seven" race although the Utes got only a scoreless draw with Colorado.

The greatest crowd of the day, 95,000, gathered in Los Angeles and saw California's previously unbeaten Golden Bears take a 13-7 beating from Howard Jones' Southern California Trojans who moved into full command of the Pacific Coast conference race. Washington stopped Stanford, 10-7, while U. C. L. A. paced once more by Kenny Washington, halted Washington State, 21-0.

TCU Dazzles Tulsa 21-0

By ALFRED WALL.

TULSA, Okla., Nov. 5 (AP)—Texas Christian's power and precision kept it in the select circle of undefeated football teams again today.

The University of Tulsa was the Horned Frogs' seventh victim of the season, 21 to 0. Fourteen thousand fans looked on under a warm sun.

The swift Christian attack made two touchdowns before the Golden Hurricane could find its wits. Then Tulsa stiffened and fought on comparatively even terms until the fourth.

It took the Christians just nine plays to cross the Tulsa goal line with the first touchdown. They took the ball on the Tulsa 33 and worked it down to within a yard of the goal where Wilkinson, playing in Conlis Sparis' regular place at fullback, crashed right guard for the tally. O'Brien place-kicked extra point.

While the Tulsans still seemed befuddled, Christian struck again four and a half minutes later. The counter came after four plays, one a lateral, O'Brien to Wilkinson, good for a 32-yard gain. One of O'Brien's sweeps-around end netted 14 yards.

At the end of the first and thru the forepart of the second quarter, a sustained Tulsa march carried from the Tulsa 15 to the TCU 24, the closest the Hurricane came to the Christian goal.

The Horned Frogs' fourth period touchdown came via the aerial route, a sizzler from O'Brien, straight as a string to Clifford, who went over at full tilt without a hand being laid on him. It was good for a gain of 25 yards.

Sample of Passing.
Best example of Southwestern razzle-dazzle espoused by TCU was in the fourth when the Frogs essayed a forward with three laterals on the end of it.

The play was Cowart to Duckworth to Aldridge to Sherrod to Shook.

Each player, just as he was tackled, tossed the pigskin, basketball fashion, to a teammate. The play was

SAN ANTONIO, Nov. 5 (AP)—Sparked by Leroy Fry and Francis Mattingly, the Texas A. & I. Javelinas of Kingsville brushed aside the St. Mary's Rattlers of San Antonio, 13 to 7, here tonight to clinch the first Alamo conference title since the conference was organized three years ago.

Bullet Bill Pitches Baylor To 14-3 Victory Over Longhorns

By ALFRED WALL.

AUSTIN, Nov. 5 (AP)—The phenomenal hurling of Baylor University's spindly, blond Bill Patterson, who tossed unerring aeriels in to the waiting arms of big Sam Boyd, today added the ninth straight defeat to the grid records of the University of Texas Longhorns. The score was 14 to 3.

Coach Dana X. Bible's impotent Steers made a fight of it the first half, emerging with a 3-0 lead due to Wallace Lawson's 27-yard field goal. Except for short lived thrusts thereafter, the game was all Baylor's and Patterson's.

Aided by Beufus Bryan and Wesley Boyer, Lawson ripped and smashed his way from midfield to the Baylor 12 early in the initial period. With Forney holding the ball, Lawson place-kicked through the uprights.

The determined Bears came out from their half-time rest and rang up their markers almost before the bewildered Steers realized what was happening.

Patterson took the Texas kickoff behind his goal and raced to his 18. Three consecutive successful aeriels electrified the crowd of 14,000 and placed the ball on the Longhorn 40. With Patterson pitching, receivers were, in order, James Witt, Boyd, and Fred Graham.

Milton Merka slashed through tackle for seven and Patterson overhauled to Boyd who was forced out of bounds on the Steer eight. Johnny Peterson, Longhorn wingman, smeared Patterson's next pass attempt but the redoubtable 170-pounder then uncocked one to Boyd behind the goal line. Merka place-kicked the extra point.

Patterson silttered through tackle for six and hurled an almost unbelievable 40-yarder to Witt who side-stepped his way to the Texas 10. Merka plowed through for one and the Bears' amazing triple-threat then tossed another to Boyd behind the goal stripe. Merka again converted.

Texas Tech Rout Loyola 55 To 0

By ALFRED WALL.

LUBBOCK, Nov. 5 (AP)—Texas Tech's undefeated and untied Red Raiders retained their perfect record today by smothering plucky Loyola of the South, 55-0.

The Raiders loafed through the first period, then ran up two touchdowns in the second period, two in the third, and four in the final.

Tech gained 301 yards on ground plays and 184 through the air. Loyola was hard-pressed to pick-up 22 on running plays and 60 on passes.

TCU Dazzles Tulsa 21-0

By ALFRED WALL.

TULSA, Okla., Nov. 5 (AP)—Texas Christian's power and precision kept it in the select circle of undefeated football teams again today.

The University of Tulsa was the Horned Frogs' seventh victim of the season, 21 to 0. Fourteen thousand fans looked on under a warm sun.

The swift Christian attack made two touchdowns before the Golden Hurricane could find its wits. Then Tulsa stiffened and fought on comparatively even terms until the fourth.

It took the Christians just nine plays to cross the Tulsa goal line with the first touchdown. They took the ball on the Tulsa 33 and worked it down to within a yard of the goal where Wilkinson, playing in Conlis Sparis' regular place at fullback, crashed right guard for the tally. O'Brien place-kicked extra point.

While the Tulsans still seemed befuddled, Christian struck again four and a half minutes later. The counter came after four plays, one a lateral, O'Brien to Wilkinson, good for a 32-yard gain. One of O'Brien's sweeps-around end netted 14 yards.

At the end of the first and thru the forepart of the second quarter, a sustained Tulsa march carried from the Tulsa 15 to the TCU 24, the closest the Hurricane came to the Christian goal.

The Horned Frogs' fourth period touchdown came via the aerial route, a sizzler from O'Brien, straight as a string to Clifford, who went over at full tilt without a hand being laid on him. It was good for a gain of 25 yards.

Sample of Passing.
Best example of Southwestern razzle-dazzle espoused by TCU was in the fourth when the Frogs essayed a forward with three laterals on the end of it.

The play was Cowart to Duckworth to Aldridge to Sherrod to Shook.

Hitlerism Theme Of Book Reviewed By City Librarian

HITLER WHENCE AND WHITHER, by Wickham Sted; publishers, Review of Reviews Corporation.

Wickham Sted, lecturer in Central European history at King's College, London, the author of "Hitler, Whence and Whither," feels that what he has written on Hitlerism in this book can be assailed only by misstatements. That none are so blind but those who will not see.

Hitlerism is found to be the essence of "The Nordic Legend." Hitler has used it to surround his movement with a mystical atmosphere. Since childhood he has been an ardent German nationalist.

Through the entire book the reader will find that the secret of Hitler's power over the masses is that he has lived his life, he has learned to share their thoughts and their outlook on life.

From the rise and growth of the Zionist movement among the Jews, it struck him as incompatible with Jewish Germanism and from that time on Hitler regarded the Jews with suspicion and dislike. He feels that propaganda is a means to an end, not an end in itself. Thus Hitler is able to reconcile a warlike philosophy, the military training of the German youth, and a feverish rearmament program. He feels it is the right of his country to take the lead of other races and to rule over them with superiority.

In the book the reader sees only two major nations in western Europe that foster individual freedom of thought, word, and deed, those two being Great Britain and France. If those two nations stand united together, the author feels that they may yet save Europe from disaster. As one reads through the pages one will find the main object of the book is to cause those whose nation is built on democracy to feel a sense of honor and realization that their feet are standing on solid ground. Why? Because that nation is built around democracy.

Dale Rhea Johnson Complimented At Party On Birthday

A birthday luncheon was given by Mrs. R. M. Johnson at the Rice-Brook pre-school Friday morning honoring her daughter, Dale Rhea, on her fourth birthday.

Guests were received by Mrs. Johnson and Dale Rhea. The honoree's brother, Bobby, assisted her in opening the gifts. Group singing, story telling, and games entertained the youngsters who sang the birthday song as Dale Rhea lighted the candles on the birthday cake.

Favors of carved wooden figures and balloons were presented to Bobby Johnson, Marilyn Fitzgerald, Fneobe Carter, Don Hicks, Lee and Linda Fraser, Danale Wampler, Ann Collins, Marvin Overton, III, James Ewing Williams, Nancy Patterson, Betty Ann Williams, Tex DeWeese, Jr., Don Schneider, Marilyn Sue Reeves, Geneva Wade, Thorne, Sally Alford, Sue Lawrence, Jan Ray Roby, and Bill Wild.

Couple Entertain At Dinner Party On Wedding Anniversary

Mr. and Mrs. C. L. Woolley were host and hostess at a dinner party in their apartment at the Schneider hotel Friday evening celebrating their wedding anniversary. Attractive arrangements of yellow and bronze chrysanthemums decorated the dinner table. Places were laid for 14 guests including Mr. and Mrs. J. Stevens of Monroe, La. Following the dinner, dancing was enjoyed by the group.

Eighth District To Participate In Education Week

By EUGENE MANN
Today marks the opening of the national observance of American Education Week. The general theme for 1938 is "Education for Tomorrow's America" with a special theme for each day of the week. During the week, thousands of parents over the nation and state will visit the class rooms of their children and attend special meetings carrying out the daily themes.

Directing Eighth District participation in the observance is W. A. McIntosh, school education chairman of Borger.

Parent-Teacher members in the Eighth District are completing plans to attend the state convention at Lubbock, November 15-17, in large numbers. Many groups are arranging to send bus loads of delegates. Mrs. C. T. Hunkapillar, district president, is requesting Panhandle representatives to stay in private homes at Lubbock in order to allow hotel space for delegates from other points in the state.

Morse P-TA reports that it has achieved the rating of a superior association.

Mrs. F. A. Render, Panhandle second vice-president of the district, was guest speaker at the October meeting of the Sam Houston unit. Her subject was "The American Home."

"Awakened Parenthood" was the theme of a pagant on founders' day presented by the Panhandle public speaking class to the Panhandle unit at its October meeting. The unit reports a membership of 188.

Nine members of the Weatherly unit at Borger have signed up for the procedure course and the unit reports 270 paid members.

Miami Parent-Teacher unit officers for the year are: Mrs. J. G. Ramsey, president; Mrs. W. F. Locke, vice-president; Mrs. H. J. McCullough, second vice-president; Mrs. Gladys Jamison, secretary; Mrs. Ann Evans, treasurer; Mrs. P. M. Meador, historian; and Miss O-zella Hunt, publicity chairman.

Supt. W. A. McIntosh led a panel discussion on "What Hutchinson county can do about juvenile delinquency" at the October meeting of the Borger City Council.

R. H. Forrester of Magic City talked on "Causes and Prevention of Crime" at the last meeting of the Magic City unit.

Sam Houston P-TA Will Have Guests On Father's Night

At the regular meeting of the Sam Houston Parent-Teacher Association Thursday night at 8 o'clock in the school auditorium, Supt. L. L. Some will introduce the guest speaker, Supt. Charles M. Rogers, of Amarillo whose topic of discussion will be "The American School."

This will be annual Dad's Night and all fathers are especially invited to attend the meeting at which the fathers will preside. The leader is to be Principal A. L. Patrick.

The Rev. Robert Boshen will conduct the devotional and music by the Sam Houston blue and gold chorus will be featured.

The executive board of the P-T-A will meet Tuesday morning at 10 o'clock in the school.

Musical Program Presented At Band Parents Meeting

20th Century Club To Have Book Shower

An annual event in the activities of the Twentieth Century club is the book shower which will be given at a coffee Tuesday morning at 9 o'clock in the home of Mrs. Tom E. Rose with Mrs. Jos W. Gordon, Mrs. Clifford Braly, and Mrs. Rose as hostesses.

Guests will be invited to this event which will benefit the Pampa public library.

Highlighting the program for the morning will be a review of Marjorie Kean Rawlings' book, "The Yearling," by Mrs. Hol Wagner.

Mrs. F. M. Culbertson will be leader at the meeting.

Dorcas Class Has Clever Party For Members Recently

Members of the Dorcas class of the First Baptist church departed from the established habits of social events at their unique party last week in the home of Mrs. J. F. Wehrung.

Included in the decorations for the "bad taste" party was a sign on the front door which read, "No-body home." Dust covers were used over the furniture and the hostess, who was dressed in unbecoming attire, greeted the guests.

Hot dogs and cookies were served in assorted dishes from a candle lighted lace covered table by Mrs. H. A. Gilliland, Mrs. W. B. Murphy, Mrs. B. W. Rose, and Mrs. Brownie Voyles.

Those attending were Mmes. Frank McAfee, Tom Duvall, R. W. Tucker, B. W. Rose, H. A. Gilliland, G. C. Durham, C. E. Willingham, C. H. Schultze, Charles Zernial, Dee Campbell, P. O. Anderson, E. D. Anderson, N. B. Ellis, C. Gordon Bayless, W. R. Bell, R. K. Douglas, Howard Giles, H. T. Robinson, L. V. Hollar, W. B. Murphy, W. M. Voyles, R. E. Dowell, two children, and the hostess.

Triple Four Club Entertained With Pretty Bridge Party

In a setting of bright Thanksgiving colors, Mrs. Bob Thompson entertained the members and guests of the Triple Four Bridge club last week.

Prizes for the afternoon were awarded to Mrs. Jim White for traveling, to Mrs. H. A. Gilliland who made high score, to Mrs. Alfred Gilliland for second high, and to Mrs. Sherman White for guest.

Guests were Mrs. Newt Riggs and Mrs. Sherman White. Members playing were Mmes. Lloyd Bennett, E. E. Dowell, H. A. Gilliland, Alfred Gilliland, Scott Hall, Howard Logan, Otis Pumphrey, J. P. Wehrung, Jim Whit, and the hostess.

Mrs. Pate Hostess To Stitch In Time Club At Coltexo

LEFORS, Nov. 5.—Mrs. Otto Pate was hostess to the Stitch in Time Sewing club last week in her home at the Coltexo gasoline plant.

Mrs. Hershel McNabb presided in the business session due to the absence of the president, Mrs. Earl Courtney, who is ill.

Refreshments of pumpkin pie with whipped cream, nuts, and coffee were served to Mmes. McNabb, Ross, Jones, Green, Colium, Amy Wilson, and the hostess.

The next meeting will be with Mrs. Ross on Nov. 16.

Mrs. McCullough Will Be Hostess To Culture Club

Mrs. L. N. McCullough will be hostess to the members of the Twentieth Century Culture club at her home, 311 North Somerville street, Tuesday afternoon at 2:30 o'clock.

"The Three Rs" is the topic of the program to be presented with Mrs. F. E. Leech discussing "Cap and Gown." Mrs. N. W. Gaut will speak on "The Little Red School House."

This is the regular bi-monthly meeting of the club.

Mrs. Crabtree To Review Book For Literature Group

The American Association of University Women's contemporary literature group will meet Monday night, Nov. 14, in the city club rooms.

A review of "Horse and Buggy Doctor" by Hurlitzer will be given by Mrs. Virginia Crabtree of LeFors in observance of National Book week.

Mrs. Watson Has Party For Son On Fourth Birthday
LEFORS, Nov. 5.—Mrs. Bill Watson honored her son with a birthday party last week complementing his fourth birthday.

Those present were Bobbie and Don Moore, Kay Shearan Brown, Vicki Lynn Harless, Gerald Bagwell, Eulaine and LeRoy Ellis, Charlotte Ann Lowe, and the guest of honor.

PLUMES AND GRACEFUL GOWN

Ostrich feathers are seen featured on the white velvet hooded skirted gown worn by Mrs. John G. Pell, socially prominent New Yorker. With a wide band of the white feathers outlining the

strapless decolletage, Mrs. Pell, with her hair up, wearing a chateleine necklace and long earrings, carries a tiny ostrich feather muff, to complete the picture of a charming old-fashioned cameo.

B-PW Club Will Meet Tuesday For Regular Program

A meeting of the Business and Professional Women's club will be held at 7:30 o'clock Tuesday evening in the city club rooms.

Mildred Lafferty, publications chairman, will discuss "Concrete Experiences" at the session, and

Mildred Overall, program chairman, will speak to the group on "National Staff Organization."

All members of the club are invited to attend.

Missionary Life Studied By YWA

Y. W. A. Member: met at the First Baptist church for a program on the life of the missionaries in Palestine.

Those present were Elaine Crot, Flossie Stevens, Hazel Mounds, Gail Ross, Mary Jean Ross, Fern Cagle, Wilma Webb, Mrs. C. Gordon Bayless, and Mrs. T. S. Brauchman. Refreshments were served to the group.

Four Groups Of Women's Council Have Programs

Several groups of the Women's Council of the First Christian church met in regular bi-monthly session last week.

The meeting of group two was held in the home of Mrs. C. W. Stowell with Mrs. Dowell as co-hostess. Mrs. H. H. Isbell was elected leader of the group at this session.

Following the opening song and a prayer by Mrs. W. L. Parker, the devotional was given by Mrs. Isbell, and Mrs. Claude Lard presented the lesson on "Parables of Jesus." The benediction concluded the program.

Ten members attended the meeting.

Mrs. De Lea Vicars was hostess to the members of group three with Mrs. C. E. Followell as co-hostess. Opening the meeting was a prayer by Mrs. C. H. Brown, and Mrs. Vicars presided in the absence of

Mrs. Tom Eckerd. Following the devotional on faith by Mrs. H. C. Brown, Mrs. J. B. Townsend and Mrs. Ed Frichlee sang a duet, "In the Garden." A circle prayer preceded the lesson which was taught by Mrs. Vicars on "How God Will Feel If We Are Lost."

Group three accepted the invitation of the Miami group to visit them on the fifth Wednesday of this month.

Four visitors, one new member, and 10 members were present.

The singing of "The Way of the Cross" and "Sweet Hour of Prayer" opened the meeting of group four at the home of Mrs. H. C. Coffey. A prayer was led by Mrs. John Beverly who gave a world call talk.

In the business session the group voted to buy two vases for the church and appointed Mrs. Beverly and Mrs. Mary Fleming as a committee to secure them.

Mrs. Jack Wilkerson was leader of the program which included a piano solo, "Christ is King," by Mickey Jean Cassada, a song, "Rescue the Perishing," the devotional by Mrs. Beverly and Mrs. Wilkerson, and a discussion of the Japan-

ese Christian church by Mrs. W. E. Riggins.

The guest speaker, Mrs. H. H. Boynton, talked on "Missions and World Church Unity" before two selections were played by an accordion quartet.

A Thanksgiving basket to be given by the group was planned and it was announced that Mrs. Elmer Cary will be hostess at the Christmas morning when gifts will be exchanged. The members have been asked to leave cookies and clothing for orphans at the home of Mrs. H. C. Coffey.

Seventeen members and three guests were present.

The fourteen members and two visitors of group five met with Mrs. R. B. Allen for a program which was opened with the singing of "Rescuing the Perishing," followed by the Lord's Prayer in unison.

Mrs. J. K. Longacre was program chairman for the afternoon lesson which began with the devotional by Mrs. Charles Darling. A song, "Jesus Calls Us," and a prayer by Mrs. Burl Graham were given preceding the lesson by Mrs. C. W. Hays on "City Churches in the Community" and by Mrs. A. D. Cotton on "The Mexican in Our State." The song, "He Leadeth Me," and the benediction completed the program.

P-TA SPEAKERS

At the annual Father's night program of the Sam Houston Parent-Teacher association on Thursday evening at 8 o'clock in the school auditorium, Superintendent L. L. Sone, top, will introduce the guest speaker, Superintendent Charles M. Rogers of Amarillo, Principal A. L. Patrick, lower, will be the leader of the program.

European Cities Described By Guest Speaker At School

Sam Houston Parent-Teacher Association study group met Thursday evening in the school auditorium with Mrs. Tom Myers, program leader for the occasion, introducing Ken Bennett, who sang an old American favorite song, "Swanee River."

An interesting talk was given by Dr. C. H. Schulkey on the places which he visited while on a four-month tour of Europe this summer. He stated that he was in Budapest four weeks, a city of relaxation and friendship, and great learning. Going in from the Mediterranean sea, he could see Africa and landed on the Rock of Gibraltar.

While in Italy he visited in Naples, the place of beautiful drives, which is picturesque with red house tops and blue of the sea in the background, and view of Mount Vesuvius. Other cities visited were Pompeii, the city that was destroyed by a seven-day ash. Each day a different color ash fell from Mt. Vesuvius; a four-day old ash was on the ground when Dr. Schulkey visited there. Florence, a city of artists, which is called the Mediterranean West, was visited by Dr. Schulkey as well as Paris, noted for beautiful gardens and the notable public square which is the most striking in Europe with beautiful fountains and statues.

He also visited in Rome which has lost much of its picturesque appearance and is fast acquiring the look of a modern city. While in Barbizon he visited in the home of the famous French painter, Jean F. Millet. Some of his works are "The Gleamers" and "The Anglers."

The speaker had many pictures on display, especially of interest was the native dress of Hungary.

A social hour was enjoyed by 38 parents and teachers.

Sunshine Club Will Sponsor Tournament To Benefit Library

SKELLYTOWN, Nov. 5.—Members of the Sunshine Home Demonstration club voted to fix the lawn of the new library of Skellytown when it is built, when members met at the home of Mrs. Don Ayers.

A boxcar has been donated by the Santa Fe Railroad Company for the library which will be built Spanish style. Mrs. Earl J. New, head of the library here, asked that the clubs of this community have a part in fixing up the library.

Plans were made at the business session conducted by Mrs. G. A. Smith, president, to sponsor a games tournament at the school auditorium, Dec. 2 with proceeds to help fix the lawn of the library.

On the entertainment committee were Mmes. J. R. Wrinkle, E. E. Crawford, G. A. Smith and Don Ayers. Refreshment committee appointed includes Mmes. John Nichols, Don Ayers, and Bill Adams.

The group voted to go to the home of Mrs. W. W. Jones, near Borger, who has invited the club over at the next meeting, Nov. 13.

Names were drawn for a Christmas gift exchange. Bouquets of autumn flowers decorated the rooms where delicious refreshments were served to three visitors, Mrs. H. S. Adams of Seminole, Texas; Mrs. George Tinsley, Clayton, N. M., and Mrs.

Poppy Day Will Be Observed Nov. 11

Annual observance of Buddy Poppy Day will be next Friday, Armistice Day, in Pampa. The Veterans of Foreign Wars and auxiliary assisted by school girls, will sell the Buddy Poppies during the day. Proceeds from the sale are divided among the local post, for relief work, the orphan home in Eaton Rapids, Mich., and needy and disabled veterans in hospitals.

Thousands of the poppies, made by disabled veterans in hospitals, will be received here early next week.

"We should all wear Buddy Poppies on Armistice Day." With these words, Franklin D. Roosevelt concludes his written endorsement of the annual national Buddy Poppy sale conducted under the auspices of the Veterans of Foreign Wars of the United States. President Roosevelt's message displayed a sympathetic understanding of the projects and purposes of the V. F. W., especially in reference to the V. F. W. National Home for veterans' widows and orphans, at Eaton Rapids, Mich. The letter from the White House reads: "Every orphan deserves a chance for happiness equal to that enjoyed by the average American child. This opportunity is given the orphans of veterans by the V. F. W. National Home at Eaton Rapids, Michigan, maintained by the veterans of Foreign Wars of the United States. "Proceeds from the annual sale of Buddy Poppies make possible the maintenance by the Veterans of Foreign Wars of the National Home for orphans and disabled veterans in their home communities. For these two very real reasons, we all should wear Buddy Poppies on Armistice Day."

Canadian River Relics

LUBBOCK, Nov. 6-A handmade spur and a bullet mold, relics of early West Texas civilization, have been donated by Mrs. Tom Carter of Plainview to West Texas Museum, situated on Texas Tech campus.

The spur was found near the Canadian river. The bullet mold, patented in 1884, has a screw for the lead to be placed in; powder and shell are fastened to the slug by twisting the handles of the mold.

HOPES TO FIND TRACE OF ANCIENT RACE

HONOLULU, T. H. (AP)-Dr. Laura Thompson, young research associate at the University of Hawaii, has embarked for Guam to spend six months in trying to unravel the mystery of the old Chamorro race which Magellan found on the island.

Among the archeological remains she will investigate are two rows of ancient stone slabs that long have puzzled scientists.

Welsh Singers Will Present WTC Program

CANYON, Nov. 5-The Welsh Imperial Singers, declared by Prof. Wallace R. Clark of West Texas State College to be the best in the business, will be presented here by the Iyecom committee on November 15.

This picturesque and mellow-throated organization of twelve singers, an accompanist, and a conductor, have sung throughout the world, before royalty and peasants, under the direction of R. Festyn Davies. In their red coats and buff trousers they have a colorful appearance which harks back to the day when he-men were not ashamed to be ornamental in their dress.

The Welsh singers are honest and virile in their singing, not attempting to be a human orchestra, to imitate a pipe organ, or to do any of the other queer things some male choruses attempt. The ensemble has been praised everywhere as one of the best in the world, and in many respects without an equal.

Their concert will begin at 8:15 p. m. Admission will be \$1 for adults and 50 cents for children.

Pakan Boy Chosen To Attend 4-H Congress

SHAMROCK, Nov. 5-County Agent J. L. Tarter received word Wednesday from L. L. Johnson, state 4-H Club boys agent that Bob Macini of the Pakan 4-H club has been selected as a delegate to the National Club Congress. The congress will meet in Chicago Nov. 22 to Dec. 2.

Young Bob is the son of Paul Macini, prominent farmer of the Pakan community and is one of 19 4-H club boys chosen to represent Texas at this event.

Godfrey Cadra of the same club rated an eligibility for the Congress but was not qualified by age to accept the honor. The fact that two boys from the Pakan club rated high enough for National honors reflects the quality of work done by the club as well as the progressive spirit of the community.

Many Clever Gifts Shown In Shop

Reopened to the public is Molley's gift shop in the balcony over the Diamond Shop at 103 North Cuyler street. Molley Fenberg is in charge of the gift department.

The shop has been remodeled and gifts for all occasions are offered in the spacious shop which is attractively decorated in blue, green, and gold colors.

An extra courtesy is the wrapping of packages in all color schemes without charges.

The public is invited to visit the shop and inspect the novelties.

MOBEETIE CARNIVAL Takes In \$306 Gross

MOBEETIE, Nov. 5-Everyone who attended the carnival Wednesday evening, sponsored by the Mobeetie schools expressed their belief that this was the greatest and most successful carnival in this county's history. The gross proceeds totaled \$306.

This success was due largely to the faithful work of the Chamber of Commerce and Junior Chamber of Commerce of Pampa and to the business men and merchants of Pampa and Mobeetie who contributed so liberally to the cause.

The Wheeler Lions club was represented, also business men from surrounding towns.

Hudson Has New Styling Changes

Three new lines of cars featured by entirely new styling and many important engineering changes are presented by the Hudson Motor Car Company for 1939, and are now on display by Cullum & Son, Hudson dealers for Pampa. They are the Hudson 112 in the lowest price field with 88 horsepower and an overall length of 187 7/8 inches, a new Hudson Six just above the lowest price field with 96 horsepower and an overall length of 193 7/16 inches, and in the moderate price field a new Country Club series, with both six and eight-cylinder motors giving respectively 101 and 122 horsepower and an overall length of 199 inches; plus a special eight-cylinder Custom Sedan with 206 inches overall length.

As an instance of the lowered cost to the 1939 buyer for the kind of a car he wants, equipped as he wants it, Mr. Cullum cited the fact that the new Hudson 112, in the lowest price field, has 27 items added to the standard equipment of the car which were not on last year's models. These included such important 1939 standard equipment items as the new handy shift, fenders to match the body color, larger tires, bumper guards front and rear, Hudson's exclusive auto-poise control and dash-lacking hood (latch-operated

SERIAL STORY

MURDER TO MUSIC BY NARD JONES

COPYRIGHT, 1938 NEA SERVICE, INC.

CHAPTER XXX

FEELY was standing away from the table as Tait seated Nelda. When Tait stepped back, the detective said, "What's this all about, Bob?"

"Keep your dress shirt on, Dan. I think we're getting somewhere. By the way, you told me to have my fun and wire that novelty company in Minneapolis."

Feely looked at the typewritten sheet, read the words: REGARDING YOUR INQUIRY LAST 60 DAYS HAVE SHIPPED CATALOGUE NOVELTIES YOUR CITY TO OSCAR MOORE, GEORGE MARSHALL, GAIL M. WILLIAMS, KEMPER FREEMAN, EDWARD TREMPER, HARRIS ROGERS, ALBERT DAVIS, FRANK ROTCH, EINAR FRET-HEIM, MODERN NOVELTY, INCORPORATED.

Feely's mouth was a grim line. "You're hot, Tait. But that won't hang Lud Dombey's murderer. And why is that a copy? Where's the original wire?"

"I dropped it by Harris Rogers' chair—and I notice it isn't there now."

Nervously Feely lit a cigar. He said nothing, but his whole manner indicated to Bob Tait that he was with him, and that he was grateful.

The crowd in the Golden Bowl had become hushed as Weeks sat at the piano in a golden spotlight. No one there attempted to dance to the tune of "The Cat's Meow." To the jitters, the whackies, and the jitterbugs, to the devotees of Luden Dombey, late tom of the swing cats, that would have been sacrilege. Everywhere in the big, glittering room couples slid into their seats at the tables.

THE Swingsters sat immobile. "Torchy" Stephens stood facing them, his baton poised. The gaunt Weeks' fingers trembled over the keys, then dropped down. He looked eerie, death-like, in the amber glow from the ceiling of the Golden Bowl. And then he played—played that wild incantation which the world had come to know as "The Cat's Meow." Played Beethoven and Liszt, played Berlin and Whiteman, lost in the deep cellars of Harlem, lost and groping.

Suddenly "Torchy" Stephens' baton fell like a guillotine. The band began to play, swinging a tide of sound against the gaunt pianist there in the golden glow. "Torchy" set down his stick, picked up a clarinet. He sent that song—He was better in

that moment than Luden Dombey had ever been. He was talking on the crown of the king of swing—the crown that had had no wearer since that fateful night in the Golden Bowl when Dombey had crashed to the floor with his jeweled baton in his hand.

When the last strains of the song had died away, there was no applause. There was only a silence that was more complimentary than applause. Quickly Bob Tait walked across the crowded room, stepped up beside "Torchy" Stephens. His voice rang out clearly: "That song was for a man you all respected—a man you loved because he brought you happy times. You've heard many stories about who killed him here, and many stories why. Tonight I am going to point out the killer to you. I have officers here to take that killer. There is no—"

Suddenly the lights flashed out. The great Golden Bowl became, in an instant, a black abyss. Tait's voice died with the lights. And then, seemingly almost as the lights went out, there was a shot. A shot followed by the scream of women, the startled exclamations of men.

THE lights flashed on. Everyone in the Golden Bowl was transfixed. Everyone except Bob Tait who was hurrying toward the table he had reserved for his guests. Anne Lester was pale, one trembling hand outstretched. "Bob—Bob, that shot was from this table!" Her hand dropped down, brushed a napkin at Myrna's feet, and there lay a revolver!

Feely snatched both napkin and gun, stuffed them into his pocket. "Everybody at this table—into the lounge," he roared. Huddled in the lounge were Rogers, Macy, Nelda Starr, Anne, and Myrna—and a grim Danie Feely. "Look here," Rogers said, "you can't hold us here like this. And where is Tait?"

"He'll be here any minute," Feely said. "He's developing a picture."

"Developing a—" Rogers' startled exclamation was cut short by the opening of the door. It was Tait. Without a word he handed a square of paper to Feely who took only one glance, then stepped toward Harris Rogers. "You're coming along with me," he said, "for the murder of Luden Dombey."

It was a happy trio which the speeding taxi was bearing from the Pacific-Plaza to the Claremont. Bob Tait, and Myrna and Anne. "What I want to know," said Anne, "what was that thing you handed to Mr. Feely?"

Tait grinned. "It was a print of a photograph taken by a miniature camera specially rigged up. As I've told you, I had plenty of reason to suspect Rogers when I found he'd worn Nelda Starr's perfume and that he'd ordered one of those cat-calls. I figured that if he saw the wire from the novelty company, and heard me make the announcement up there that I knew who killed Dombey, he'd naturally try to bump me off—especially since he tried it once."

"But why didn't he do it when you were in Nelda Starr's apartment?" Myrna wanted to know. "Because Nelda didn't know him as a murderer. They were friendly—but not that friendly. No, Nelda was by way of being a stooge for Rogers on occasion. But he never let her know he was a killer. And that was undoubtedly Rogers who followed you to the shack that night. I'm convinced he would have killed you then, Myrna, believing that he could then get control of the band."

"But why wouldn't he have killed me later?"

"Because Barkley and this fool Macy were set to make you the goat for Dombey's death. If he'd killed you he'd have been doing away with the person who could save his own neck."

"But what about Weeks?" "Weeks was the front for Rogers. He's harmless enough. You see, Rogers wrote that hit song—not Weeks. I tumbled to that when Weeks tried to palm off an original composition on us. It was terrible. Rogers figured he could get more out of Dombey if he had another guy to work through. It would keep his skirts clean when he wanted to try blackmail."

Anne sighed. "But I still don't understand that picture you gave to Feely." "I selected the table because the picture I took on the night of the murder showed that wisp of smoke. And I found that the table was in a direct line with where Dombey stood. Tonight the camera, open in the darkness, showed a streak of flame—the revolver shot. By marking it off into squares I established definitely that the shot had come from Rogers' place. Then he shoved the revolver across the table to Myrna. Very much the same trick he pulled the other time."

The taxi came to a halt. Anne looked out. "Here we are," she said. "I'm going to bed. But you two come on up and use the living room. I have a hunch you've some things to talk over—and I don't mean murder."

(THE END)

American Legion Week Proclaimed By Gov. Allred

The Congress of the United States of America having enacted Public Law No. 501, which was approved on May 12, 1938, making "November 11 of each year" a national legal holiday, "dedicated to the cause of world peace," such being a public holiday hereafter "in the same manner as New Year's, Washington's Birthday, Memorial Day, Fourth of July, Labor Day, and Christmas"; and

The American Legion—an organization composed of American citizens who received an honorable discharge from the armed forces of the United States of America engaged in the World War which terminated soon after the signing of the Armistice between this Country and our Allies, and the Allies of the German Empire which became effective November 11, 1918—has called upon its membership of approximately one million in 11,488 communities in the United States and abroad to cause to be set aside the week of November 4-11, 1938, as "AMERICAN LEGION WEEK" in commemoration of the enactment of said law, the signing of the Armistice and the 20th anniversary of The American Legion, during which week its members are requested to arrange "Home Products Dinners" in their respective communities, featuring products of the State, inviting all World War Veterans to join and other citizens to participate, thus calling attention to the varied resources of our State in agriculture, stock raising, and the like, and at the same time focusing the attention of the American Nation upon:

The "Peace Through Preparedness" crusade of The American Legion "For Enduring Peace."

The observance of National Education Week, which The American Legion has sponsored jointly with the National Education Association since 1921 for the purpose of raising the educational standards of our native-born, approximately two million of which become of voting age each year, and assisting the foreign-born to better assume their duties of citizenship; the necessity for eternal vigilance if our Country is to be saved from the onslaught of subversive groups;

The militant campaign for aid to dependent children; The child welfare, public health, highway safety, unemployment and youth activity program designed to minimize juvenile delinquency; Twenty years of unrelenting ef-

fort in behalf of rehabilitating the disabled, adequate care of the widows, orphans and other dependents of those brave men and women who paid the supreme sacrifice; And varied community service activities in time of disaster and other emergencies.

Now, therefore, I, James V. Allred, Governor of the State of Texas, do hereby set aside and proclaim November 4-11, 1938, as American Legion Week in Texas. In testimony whereof, I have hereunto signed my name officially and caused the Seal of State to be impressed hereon at Austin, this 29th day of October, A. D. 1938.

JAMES V. ALLRED, Governor of Texas.

Dozen Robbery Victims Identify Dallas Pair

DALLAS, Nov. 5. (AP)—Twelve robbery victims singled out Joe Carsons, 24, and Ollie Smith, also 24, in a police lineup today and named them as the pair who participated in robberies here on Oct. 8 and Oct. 22.

The two, in company with Marie Barrow Francis, were captured near Eten, a few miles from San Angelo, Wednesday. Smith, sleepy-eyed, and Carsons, nervous, were positively identified as they stood with four other

prisoners in detective headquarters. Almost as many more witnesses were to view the prisoners later in the day. Police Inspector Will Fritz said further identification would be unnecessary, however.

Marie Francis remained in county jail, held as a material witness in the forthcoming trial of S. J. (Baldy) Whately, charged in five assault to murder cases.

Farmers' cooperative associations report the addition of more than a half million members in the last ten years.
