The R.R. Shudders At War In Drama To Be Presented Tomorrow

Dr. Umphrey Lee Will Return As SMU President

DALLAS, Nov. 8 (AP)—Dr. Umphrey Lee, dean of Vanderbilt University's School of Religion, returns in January as president of Southern Methodist University where he received his M. A. degree more than 20 years ago. Dr. Lee, 45, last night was unanimously elected to head the university by the board of trustees. Bishop A. Frank Smith, chairman of the board, said Dr. Lee had accepted and may be installed formally at the midwinter meeting January 19.

Crude Production Up 394,869 Barrels

TULSA, Okla., Nov. 8 (AP)—Production of crude oil in the United States took a big jump upwards during the week ending Nov. 5, increasing 394,869 barrels daily to an average of 3,639,151, the Oil and Gas Journal reported today. Oklahoma had an increase of 4,950 barrels daily to a total of 436,975. East Texas was up 148,400 barrels daily to 518,447 and the total state of Texas was up 494,650 barrels daily to 1,655,000 barrels daily. A decline of 1,345 barrels daily and an average of 268,300 was registered in Louisiana. California production was down 3,300 barrels daily to 857,200 and Kansas had a decline of 12,475 barrels daily and an average of 144,600.

L'Fors Pirates To Banquet Wednesday

The LeFors Pirate football squad, their coaches and dads will be guests of their mothers at a banquet in the high school gymnasium tomorrow night. The Pirates have closed a successful season despite injuries and loss of players through moving to other points. An interesting program is being arranged, including music and talks, which must be short however. The program is not being released by the mothers who have complete charge of arrangements.

Parade Plans Will Be Made At Meetings

Traffic Regulations For Friday To Be Determined Soon

Plans for the observance of Armistice day in Pampa will be developed at two meetings, one to be held at 7:30 o'clock tonight and the other at 10 o'clock Wednesday morning. Members of the committee of which Leo Southern is general chairman will meet tonight at Kees & Hill store, 108 1/2 West Foster, and discuss the plans for the event. The committee is composed of both Veterans of Foreign Wars and American Legion members. At 10 o'clock tomorrow morning, Roy McMillen, business manager of the Pampa Independent school district, Supt. L. L. Sone, Joe Shelton Pampa school bus superintendent Shelby Gantz, chairman of the BCD goodwill committee, Garnet Reeves, BCD manager, and representatives of the Legion police and sheriff's departments, will decide upon traffic regulations and the parade, which will be held at 10 o'clock Friday morning.

Weather permitting, Supt. L. L. Sone said that all six Pampa school bands would be in the parade. The four ward school bands will march from the starting point on South Cuyler and disband at the high

Germans Accuse U. S. Of Inciting South Americans

BERLIN, Nov. 8 (AP)—An organ of the German foreign office today sharply criticized the United States, charging official and unofficial attempts to incite South American countries to revolt against Germany and to convince South Americans of the evil intentions of the fascist states. Deutsche Diplomatisch-Politische Korrespondenz cited a radio address Sunday night by Sumner Welles, undersecretary of state, and added: "It is known that the United States will neglect nothing, especially in connection with the colonial question, to stir up a fear of Germany among the South Americans." (Welles declared the United States was prepared to join with other states of the new world in preserving the western hemisphere from "any threat of attack.") The foreign office organ said such American attempts had not succeeded, "for public opinion in these (South American) countries does not yet really believe these fables."

Traffic Violations Still Numerous Here

City police report the last two weeks the quietest in several months. That is as far as major offenses are concerned. Traffic violations continue to be numerous with speeding, running stop signs and reckless driving the most numerous. Officers have been instructed by Chief J. I. Downs to crack down on speeders and reckless drivers and his orders are being obeyed.

As a result of the tightening of traffic regulations, accidents in the city have decreased more than 50 per cent during the past two months it is believed. Officers have been called to settle accident difficulties only twice to date this month and had less than a dozen reports last month. Accident reports were received daily before the order went out to clamp down on traffic violators. "And we are not going to relax our vigil just because accidents are decreasing," Chief Downs announced today.

School Grateful To City For New Bridge

City Manager W. T. Williamson this morning received a letter of thanks, signed by all the teachers of Baker school, thanking the city for constructing the bridge at the school allowing them a parking space for their cars. The bridge to the parking lot was completed last week. Two other bridges nearing completion, as a WPA project, are on North Russell Street and West Montague Street near the school bus depot. Several blocks are ready for laying of curb and gutter in the city wide WPA paving program but that work is being delayed because of cold weather. In the meantime men are preparing blocks for leveling grade before hauling of caliche base.

BANG! BANG!

"Roaring Guns," a cowboy-and-Indian story dripping gore from every page, was written by David Starr of Memphis, Tenn., three years ago when he was 8, and has just been published. In one chapter alone, more than 800 men get shot, tomahawked, stabbed. Here David, at top, looks down at his brother Anthony, who reads open-mouthed.

30 Officers Guard Negro At Clarendon

As a precaution against the possibility of mob violence, 30 deputy sheriffs, rangers, and Texas Highway patrol officers from surrounding counties were in Clarendon today to help Sheriff Guy Pledge guard Morris Norman, Chicago negro, who went on trial in district court in Clarendon today on charges of criminal attack on a Clarendon woman Oct. 30. In the gathering of peace officers at Clarendon today were Gray county deputy sheriffs, O. T. Lindsay and George Inman, and Texas Highway Patrolmen Norvell Redwine and C. W. Robertson, who are stationed at Pampa. The four officers left Pampa early this morning, with the deputies taking along a quantity of tear gas shells. Deputy Weldon Wilson remained on duty at the sheriff's office here. Morris Norman, the negro, was brought to Clarendon by Texas Rangers, from Amarillo, where he has been in jail since he was arrested. The court has appointed three attorneys to represent him.

Bleacher Seats To Be Set Up At Field

Anticipating an overflow crowd at the Pampa Harvester-Lubbock Westerner football game here Friday afternoon at 2:30 o'clock, school officials today ordered construction of several hundred bleacher seats at the south end of the field. More than 3,000 reserve seats have been set aside and most of them have been sold. That leaves about 3,000 general admission seats in the grandstands plus the several hundred bleacher seats being constructed. A thousand tickets have been sent to Lubbock. Five hundred reserve seats in the east stand were placed on sale here yesterday morning and they are going fast at the office of the school business manager in the city hall.

Rubber Connection Blamed For Blaze

Use of a rubber hose over a gas stove connection was blamed by Fire Chief Ben White for a call to 433 North Yeager street yesterday afternoon. The fire was out when the truck arrived. Chief White for some time has been urging Pampanos to refrain from using rubber hose for stove connections. "It is a dangerous practice," Chief White declared today. "For a few cents it is possible to buy pipe or copper tubing and the danger of leaks, kicking the hose loose from the stove or wall connection, wearing of holes in the rubber are averted." "Slow leaks can soon fill a house with gas which might be followed by an explosion if other fires are lighted or by asphyxiation."

Light Vote Cast Here As 48 States Ballot

O'Daniel Kin Secretary Of Texas Demos

MINERAL WELLS, Nov. 8 (AP)—A thoroughly O'Daniel state Democratic executive committee went to work today on party problems after its first meeting in which no controversial question reached the floor. The committee, meeting for the first time since women were granted equal representation with men, and without a single "no" vote, had the following: 1. To authorize, in line with convention mandate, Chairman E. B. Germany to select his own man for secretary. Germany quickly chose Clarence Butcher of Plainview, brother-in-law of Governor-Nominee W. Lee O'Daniel, to succeed Vann M. Kennedy of Austin. 2. To elect W. S. Sybert of Hallsville, brother-in-law of Carr P. Collins of Dallas, ardent O'Daniel supporter, vice chairman. Sybert originally had been slated to succeed Kennedy. Friends of Kennedy announced they would fight for his retention. In the closing moments of the meeting, Kennedy resigned, declared faulty he would not reconsider under any circumstances, and no fight was made. 3. To thank Kennedy for his services as secretary during the period which has intervened since the convention. Kennedy, in resigning, said since the convention had not named a secretary, he felt he could legally retain the office until 1940, but "under the circumstances," would not.

Group Seeking Contributions For Santa Day

In preparation for the annual Santa Day, to be held this year on Dec. 3, a committee of 19 men, headed by Otis Humphrey today began soliciting Pampa business men for contributions to defray the expense of the yearly welcome the "Top O' Texas" as it extends to the visitor from the North Pole. Candy and decorations for the event are now arriving, and the committee is seeking to raise sufficient funds in a three-day period so that it will not be necessary to make the round of business houses a second time. Santa Day this year, as in the past, is sponsored by the Pampa Junior Chamber of Commerce. Members of the committee soliciting funds are: Otis Humphrey, chairman, Jack Back, Charlie Maisel, Gene Lewis, Don Blair, Claude Roberts, E. R. Wilson, John V. Campbell, Harry Lipsby, Del Hartman, Raymond Brumley, Bryant Caraway, Fred Cullum, Larry Martin, Dr. W. L. Campbell, Joe Key, J. W. Garman, and Joe Burrow.

Cotton Futures Up 30 Cents A Bale

NEW ORLEANS, Nov. 8 (AP)—Cotton futures advanced 30 cents to 35 cents a bale here today under buying induced by the government crop forecast of 12,137,000 bales. Some investment demand was apparent when trading was resumed after the customary 20-minute suspension and together with trade calling lifted Dec. contracts to 8.66 cents a pound; Jan. to 8.54 cents; May 8.36, and July 8.22 cents, or 6 to 7 points above the previous closing figures. After the initial spurt of trading business tapered off but selling was light and prices remained at or near the highs through midsession.

King George VI And Queen To Visit U.S.

HYDE PARK, N. Y., Nov. 8 (AP)—President Roosevelt is "very happy" over news that the king and queen of Great Britain will visit this country next year after their Canadian tour, a statement from the White House said today. In response to inquiries and in anticipation of an announcement from the throne by King George VI, the President's office issued the following brief statement: "The President is very happy to know that the king and queen of Great Britain hope to be able to accept his invitation to visit the United States next summer. "While no definite plans have been made, it is expected that their majesties will be able to stay in this country four or five days." LONDON, Nov. 8 (AP)—King George VI told Parliament today he had "been very happy to ac-

Lake Starts Filling Up As Jones Closes Sluice Gate Of Dam

Gray County residents today began thinking about a yacht club, fishing, swimming, boating and other recreational activities that go with a huge body of water as afterthoughts of the official closing of the control tower gate by U. S. Rep. Marvin Jones out at the \$300,000 McClellan Lake dam site Monday afternoon. As still cameras clicked and a movie camera ground out film to record the history-making event in the life of the Gray County lake, Congressman Jones turned the huge crank on the concrete platform at the top of the 53-foot tower and at exactly 2:13 p. m. the black iron gate closed down tight and the 60-foot high, 615-foot long dam began its work of backing up water which eventually will cover an area of 5,000 acre feet. Drainage area of the lake is 167 square miles. "They invited me down here today," said Congressman Jones, "but I'll not need an invitation to come back when the fishing gets good."

Among Those Present

Among persons at the lake site, just four miles north of Jericho on the north fork of the Red River, to watch the Amarillo congressman inaugurate the dam project, were: Reno Stinson, president of the Pampa Chamber of Commerce; Garnet Reeves, Pampa BCD manager; Gray County Judge Sherman White; C. H. Walker, chairman of the lake committee; Ivy Duncan, member of the lake committee; County Commissioner M. M. Newman; James C. Foster of Amarillo, regional director of the land utilization division of the Soil Conservation Service; Earl Lee Bradshaw, manager of the lake project, and newspapermen. The informal closing of the gate Monday afternoon marked a milestone of work on the huge Gray County lake for which preliminary

Many Judgments Filed In Court

With the close of the September term of 31st district court here Saturday, a score of judgments were filed the latter part of the week, of which eight were divorce decrees. Divorces were granted in these cases: O. B. Sechrist vs. Lura Myrtle Sechrist, Vermetta Dunn vs. W. M. Dunn, Hazel Stewart vs. Herbert Stewart, Elcie Combs vs. H. B. Combs, Julia Curtis vs. E. C. Curtis, W. E. Shouse vs. Maggie Shouse, Laura Belle Birchfield Moss vs. J. W. Moss, and Beatrice Moss Smith vs. L. O. Van Smith. In the latter suit, custody of a minor child, Lavan June Smith, was awarded plaintiff. The case of Jess Woods, who had been indicted on a charge of fraudulently taking possession of property, was ordered dismissed on motion of the district attorney. Woods was indicted on July 5 for the alleged offense said to have been committed June 22, when a 15 1/2-inch compass spider, valued at \$85, was allegedly taken from A. B. Keahey.

Three Of Family Killed In Car Crash Near Ferris

WAXAHACHIE, Nov. 8 (AP)—Wanda Joyce Roberts, 9, died today of injuries she suffered in a car crash which killed her mother and father, Mr. and Mrs. W. T. Roberts, Sr., of Dallas. W. T. Roberts, Jr., remained in a critical condition from hurts he received in the same accident, which occurred near Ferris Sunday.

Berlin 'Disarming' Jews In Reprisal

BERLIN, Nov. 8 (AP)—Count Wolf von Helldorf, Berlin police chief, announced today he was "disarming" Berlin's Jews and that he had seized quantities of arms and ammunition in the last few weeks. The announcement was made while Nazis were taking reprisals against Jews for the shooting of a German embassy secretary in Paris by a young Polish Jew, but the round up of arms began some time before the Paris shooting. It was disclosed a systematic search had been made and all weapons for which special permits were lacking were seized. The police chief said 1,702 firearms, 20,000 rounds of ammunition and 2,569 steel knives or knucklers had been found on Jews and that the search was continuing.

GO? Campaigner Retires To Ranch On Election Eve

ALBUQUERQUE, N. M., Nov. 8 (AP)—Albert K. Mitchell, Republican gubernatorial campaigner, traveled 3,800 miles the past month by horseback, automobile, airplane and on foot. Electioneering over, Mitchell went to his cattle ranch, 19 miles from the nearest telephone. "I'll read about the election in Wednesday's newspapers," he declared.

Cabe Crowns Junior High King, Queen

With all the pomp and ceremony of a royal occasion, Margaret Burton, daughter of Mr. and Mrs. Charlie Burton, and John Tom McCoy, son of Mr. and Mrs. Bob McCoy, were crowned queen and king of Junior high in chapel this morning. The two rulers, Margaret in a dress of white with long train, John Tom in blue coat and white trousers, entered the stage to the sound of trumpets. Accompanied by about 40 lords and ladies, sceptre bearers and crown bearers, the chosen two marched to a beautifully decorated throne where they were crowned by Principal Ernest Cabe. An interesting program was presented by the Junior high band under direction of A. C. Cox and the Junior high A Capella choir under direction of Miss Winifred Wiseman. Therolene Devore acted as master of ceremonies. The entire program of electing and crowning the king and queen was sponsored by the Junior high Parent-Teacher Association with Miss Yvonne Thomas, C. T. Hightower and Carroll Killebrew, teachers, in active charge.

Allred Frees Bank Robbers

HUNTSVILLE, Nov. 8 (AP)—Ovid G. Mathis and I. L. (Doc) Southern, released from long bank robbery sentences as long as they stay out of trouble, were on their way to Little Rock, Ark. today determined to find places again in the workaday world. Southernland wiped tears from his eyes yesterday after word came from Austin that Governor Allred had granted them conditional pardons. "I'm going home to my wife and daughter and make a living at my trade as printer," he said. "Pinch me and let's see if we are really here." Mathis suggested to Southernland Mathis said he hoped to find work as a cleaner and diver so he might support his 67-year-old mother. Both men left prison, in which they spent four years, maintaining they were completely innocent of robbing the First National bank of Atlanta, Tex., June 6, 1934. Southernland was arrested in 1934.

Irwin Murder Trial Postponed Two Days

NEW YORK, Nov. 8 (AP)—Underway only one day, the often-postponed trial of Robert Irwin, confessed slayer of model Ronnie Gedeon and two others, was postponed today until Thursday, when selection of 9 more jurors and 2 alternates will be resumed. Laying the groundwork for an insanity plea by the so-called "mad scientist," whose three murders on East 1937, are admitted, Defense Counsel Samuel Leibowitz questioned venemans sharply yesterday. Specifically, Irwin is being tried for the murder of Frank Byrnes, a boarder at the Gedeon home. The state charges that Irwin slew him as he slept, fearing that he might have seen the killings of Ronnie and her mother.

Supt. L. L. Sone putting the high school through an "old-fashioned" pep rally this morning in assembly in the gym. Mr. Sone came out with his coat off and pants legs and sleeves rolled up and made every speaker, including Coaches Mitchell and Prejan do the same. Then he had the student body yell for a solid minute. The Harvesters sat on the floor in a group. "Bast Lubbock" was the theme of the rally. Coach Mitchell said that was the kind of pep they needed. "We'll beat Lubbock, Lubbock will beat Amarillo and that will put us as good as either," declared the coach.

40 Millions Will Pass On FDR's Course

Only Average Of 20 Votes Cast In Each Box Here At Noon. In the political finale of 1938, the general election, Gray county voters were showing small interest today. A count of the total vote cast at each one of the county's 17 polling places, showed an average of only 20 votes at each box early this afternoon. Polls opened at 8 o'clock. Returns on the election are to be made after the polls close at 7 o'clock tonight. County Clerk Charles Thut, to whom the returns are sent, said he expected to know the results at all the Pampa polling places within a short time after the deadline, as local judges had told him they would rush the returns from their boxes. Voting places in Pampa are: precinct 2, Harrah chapel, 709 Barnes, L. C. McMurtry, presiding judge; 9, Pampa, residence of E. F. Young, 629 East Browning, E. R. Taylor; 10, courthouse, Art. Teed; 14, McCullough Memorial church, 1910 Alcock, T. B. Solomon; 15, American Legion hut, George Briggs; 16, Tex Evans Buick Co., 204 North Ballard, P. C. Ledrick. Next Monday, the county commissioners are to meet and canvass returns of the election and the county judge is to issue an election certificate. On November 23, the state election board will canvass the returns for the state offices. Terms of state and district elective officers, except those of governor, lieutenant governor, members of the Senate and House of Representatives begin on January 1, and the same date most county and precinct officers also begin their terms. The state legislature will meet on January 10, and one week later the governor and lieutenant governor will be inaugurated. America's sovereign voters—40,000,000 strong—helped today to determine the New Deal's future course by choosing congressmen and state officials in a momentous "off-year" election. The outpouring of citizens from factory and field, from kitchen and office, gave every indication of

Mind Your Manners

Test your knowledge of correct social usage by answering the following questions, then checking against the authoritative answers below: 1. Should a business letter written to a firm begin "Dear Sirs" or "Gentlemen?" 2. Need one apologize for writing a friendly letter on the typewriter? 3. What color ink should be used for invitations? 4. Is it necessary to answer an invitation to a large reception? 5. Is it necessary to answer a wedding invitation that includes an invitation to the reception afterward?

Answers: 1. "Gentlemen" is preferred today. 2. No. 3. Black. 4. No. 5. Yes. Best "What Would You Do?" solution: (a) (Though you probably will never invite him again.) (b) Call him and ask him if he will be able to come? (c) Count on his coming, since you didn't hear otherwise? (d) Leave him out of your plans?

MODERN MENUS

By MRS. GAYNOR MADDEX, NEA Service Staff Writer. Even a cake can get dizzy. Imagine frosted gingerbread going high hat. Rather delicious fun: Gingerbread High Hats. One-half cup shortening, 2 table-spoons sugar, 1 beaten egg, 1 cup New Orleans molasses, 2 1/2 cups flour, 1 teaspoon soda, 1/2 teaspoon salt, 1 teaspoon ginger, 1 teaspoon cinnamon, 1/2 teaspoon cloves, 1/2 teaspoon nutmeg, 1 cup boiling water. Cream shortening and sugar until fluffy. Add beaten egg and molasses and mix smooth. Alternate flour, which has been sifted with soda, salt and spices, with the boiling water. Beat until smooth. Place in greased and floured pan about 3 inches deep. Bake in moderate oven (350 degrees F.) for 45 minutes. Or pop batter into well greased muffin tins and bake in 350 degrees F. oven about 20 minutes.

When cool, remove the cake from the pans and smooth the following icing on top: Butter Icing. Four tablespoons butter, 1 1/2 cups confectioner's sugar, 1 1/2 teaspoons milk or cream, 1/2 teaspoon lemon extract, 1-3 teaspoon vanilla. Cream butter and sugar well. Add liquid and flavoring and stir until smooth. Spread on cakes. This icing requires no cooking, and is very easy to make. Cut the cakes from side to side so that pieces in diamond shapes will be the result. Top each piece with one marshmallow to represent a high hat. If the cake has been baked in muffin tins, frost each cake with the icing and then place a marshmallow on top. Here's another pleasant oddity. Dates and fresh limes, nuts and orange got into one jam recipe. Date Lime Jam. One package pasteurized dates, 3 cups water, 3/4 cup sugar, 1 orange, 1/2 cup chopped nuts, 1/8 cup fresh lime juice. Pit and chop dates. Add water and cook until soft. Add lime juice, peel or orange in very thin slices and sugar. Cook slowly until a jam-like consistency and orange is tender (about 35 minutes). Add nuts just before removing from fire. Pour into sterilized jars and seal.

Miss Vera Dowell Becomes Bride Of Ben Bell In Impressive Rites

Miss Vera Dowell, daughter of Mr. and Mrs. R. E. Dowell, became the bride of Ben Bell in an impressive ceremony Sunday afternoon at 2 o'clock in the First Christian church before a group of friends. The Rev. John S. Mullen, pastor of the First Christian Church, read the ring service at an altar decorated with palms and white tapers in tall candelabra. Setting the color tone were two urns of pink and white carnations and small chrysanthemums. Preceding the ceremony Ken Bennett played selections at the organ. Mrs. Alfred Gilliland sang "Oh, Promise Me" and "I Love You Truly." As the bridal procession entered and during the service Mr. Bennett played Lohengrin's "Wedding March." The bride wore dark wine velvet with wine accessories. She carried an arm bouquet of pink roses and plume tips with pink satin streamers. Miss Leona Hurst, who attended Miss Dowell as maid of honor, chose a frock and hat of black taffeta and a corsage of red roses. Finley Barrett attended Mr. Bell as best man. The wedding ceremony was followed with a reception in the church. Centering the table was a round arrangement of white chrysanthemums and pink carnations in a white basket. Four white candles tied with pink and white satin bows lighted the table. The three-tiered wedding cake was decorated with pink rosebuds and encircled in a lei of pink carnations. Mrs. J. A. Meek presided at the punch bowl and Mrs. J. P. Wehrung served the cake as Ernestine Holmes entertained with accordion numbers. Miss Ruby Scalf had charge of the bride's book. Following the reception, the couple left for San Antonio where they will visit for a week. Mrs. Bell selected a teal blue ensemble with wine accessories for traveling. Upon their return, Mr. and Mrs. Bell will be at home in Amarillo. The bride, who is a popular member of the younger set, was graduated in 1938 from Pampa high school, where she was featured writer on the Little Harvester, school newspaper. She is a member of the B. G. K. Club. Mr. Bell, son of Mr. and Mrs. C. B. Bell, pioneer settlers of this territory, was graduated from the local high school in 1933 and later from the Coyne Electrical school of Chicago. He is distributor for Grant piston rings in the Panhandle. Guests at the wedding were Messrs. and Mrs. J. P. Wehrung, R. N. Wright, L. P. Ward, Richard Allison of Borger, Finley Barrett, Alfred Gilliland, H. A. Gilliland, C. B. Bell, R. E. Dowell; Mesdames T. F. Morton and daughter, Evelyn, Frank McAfee, Tom Duval, Ed Anderson, W. A. New Deal's Pace To Depend On Voters

WASHINGTON, Nov. 8 (AP)—The pace of the New Deal for the next two years, perhaps even its life beyond 1940, depends on the mood of today's voters.

Though hidden in many places by a film of local issues and personalities, that was the question to which the voters were writing an answer.

As far as the perpetuation of his program is concerned, it will not hinge on the votes of any party alone. Some Democrats are deeply opposed to it. Some Republicans are for it.

Thus, if the next Congress is filled with liberals, regardless of party, Mr. Roosevelt may be counted on to go ahead with his own ideas.

Given liberal Democrats in this Congress and assured of the control of most state governments by liberal Democrats during the next two years, Mr. Roosevelt will have a Democratic national convention in 1940 that will listen with a more willing mood to his ideas about candidates and issues.

Sheppard Would Outlaw Political Use Of U. S. Funds

WASHINGTON, Nov. 8 (AP)—Chairman Sheppard, Democrat, Tex., said today the Senate campaign committee in drafting recommendations to Congress will consider a proposal to outlaw political use of federal funds.

The proposal, he said, contemplates a specific prohibition not only against using WPA funds or influence in elections, but also for "era" money allocated to state governments.

He listed three other problems as among the most important to be considered at a committee meeting late this month:

1. Congressional control of primary campaign expenditures.
2. Clarification of the law governing contributions to candidates by federal employes.
3. Restriction of the franking privilege to prevent its use in political campaigns.

From both Republicans and Democrats came assurances of support in the Senate for any legislation by the committee to eliminate corruption in elections.

POPPY DAY TO BE FRIDAY

Buy a V. F. W. **BUDDY POPPY**

Dedicated to the Care and Welfare of America's Disabled and Needy Veterans

Buddy poppies, symbol of Flanders Fields, will be sold again on the streets of this city Nov. 11 under the auspices of Pampa post No. 1657 Veterans of Foreign Wars of the United States.

The annual Buddy poppy distribution is the one occasion of the year when the Veterans of Foreign Wars invites public cooperation and support in its philanthropic activities.

Buddy poppy proceeds, for the last sixteen years have been devoted exclusively to the relief work of the organization and to the maintenance of the V. F. W. National Home for

war orphans, at Eaton Rapids, Mich. The Buddy poppy sale, in which more than 3,700 posts of the V. F. W. will participate throughout the country, offers the single opportunity of the year for obtaining the funds necessary to carry on the V. F. W. program among America's disabled veterans and their families, according to Commander L. L. McCole, who is chairman of the local Buddy poppy campaign.

Commander McCole also explained that the Buddy poppies themselves are assembled by disabled veterans in government hospitals, who are paid for their work. These earnings usually are the only source of income open to these handicapped men, he explained.

Pampa post No. 1657 hopes to sell a total of 3,000 Buddy poppies this year, an increase of 50 per cent over last year's sale.

Demented Killer In Jail After Escape

LONGVIEW, Tex., Nov. 8 (AP)—Donald Corin, demented killer, was held in jail here today after eluding officers of three counties for several days following his escape from a train at Jefferson.

Sheriff J. H. Wilson of Harrison county said he and eight other officers from Harrison, Rusk, and Gregg counties captured the man at a house northwest of Marshall last night.

Corin fled from the hospital for the insane at Rusk and went to St. Louis but relatives followed him there. He leaped from the train at Jefferson as he was being returned to Longview.

Corin was sentenced to death in

the slaying of a Gladewater woman but was adjudged insane. Earlier he had served several years of a ten-year sentence given him for the killing of a Houston woman.

He killed the Houston woman five years ago and the other at Gladewater in 1936.

Condemned Slayer's Eye Will Be Asked

DENVER, Nov. 8 (AP)—Two friends of a blind Denver attorney will go to the state prison at Canon City Thursday and attempt to convince a condemned slayer, hardly capable of understanding he is to be executed, that by giving the cornea of one of his eyes he might aid the attorney in regaining his sight.

The prisoner is Joseph Arjidy, 23-year-old sex slayer and former inmate of a state institution for the feeble-minded, who is to die the week of Nov. 14.

Attorney General Byron G. Rogers advised Warden Roy Bost there was no legal objection to Arjidy's consenting to an operation for removal of an eye prior to his execution in the state's lethal gas chamber.

The Denver attorney, 28-year-old William Lewis, received two offers of an eye yesterday. The volunteer donors were Ham Jenkins, blind Denver negro who lost his sight while boxing, and William Cardiff of Rawlins, Wyo., held in jail at Laramie, Wyo., on a bad check charge.

But Lewis said he was "loath to accept" such offers from persons not condemned to die.

Happy Homes Will Be Demonstrated

WASHINGTON, Nov. 8 (AP)—The interior department set out today to create a nation of happier homes.

It began in a small way, with the establishment of demonstration centers in four widely separated areas. From experiments to be conducted in Wichita, Kas., Toledo, Ohio, Obion county, Tenn., and Box Elder county, Utah, may come the germ of a wide-spread program of home and family life education.

Dr. John W. Studebaker, commissioner of education, said the program was designed to strengthen the home and make it more attractive. State, county and city education

officials will cooperate with the government in its experiments of drafting an initial program of family-life education.

Germany Wants To Try Nazi Assault
 PARIS, Nov. 8 (AP)—The French press indicated today that measures to restrict German Jewish refugees in France would evolve from the shooting here of a Nazi diplomat by a young Polish Jew.

The Paris newspapers reported that the German embassy asked that Herschel Grynszpan, 17, be extradited to Germany for trial because his attack upon Ernst vom Rath, its secretary, occurred in the embassy building which is considered German territory.

Extradition would be most difficult, however, since French law provides against extradition for political crime.

Vom Rath's condition still was critical early today, and Chancellor Hitler's personal physician was expected to perform a second operation to remove a bullet from the abdomen. A bullet was removed yesterday from his right shoulder.

Whorton Mention As Baptist Leader
 DALLAS, Nov. 8 (AP)—Texas Baptists today were casting about for a successor to convention president, J. B. Truwell of Waco, and the name of Dr. John L. Whorton of Longview was frequently heard as a possibility.

The Longview man, pastor of the First Baptist church, has been among the younger leaders of the denomination for a number of years. Dr. Tidwell, professor of Bible at Baylor university, Waco, has served the customary three-year term to which members of the general convention elect their leader.

Pensions Lively Issue In Election

WASHINGTON, Nov. 8 (AP)—Two lively issues—old age pensions and labor legislation encountered a direct test of public opinion today in nearly a dozen states.

Millions of voters were asked to pass on state constitutional amendments or laws dealing with those and other vital subjects.

Some political leaders, eager for indications of national trends, were more interested in the results of this balloting than in the voters' choice of congressmen and state officials.

California's unique "\$30-every-Thursdays" proposal held top national interest in the pension balloting. More than 1,000,000 Californians signed the petition which placed the scheme before the electorate.

It would provide for the weekly issuance of \$30 in state warrants to non-working, elderly residents. A weekly tax of two per cent would be designed to redeem the scrip in a year.

The Townsend pension plan was tested by Oregon voters. Colorado voters reviewed the \$45 monthly pension program they inserted in the state's constitution in 1936.

North Dakotans voted on a \$40 monthly pension proposal for oldsters, while Missouri balloted on two pension measures.

New Yorkers decided whether to amend the state constitution by authorizing use of state funds for assistance against hazards of old age and unemployment.

Similar Propaganda Did you know that in Germany during the World War the Germans said that Americans cut off the hands of children and bayoneted women just as we said they did? Did you know that the Germans said the U. S. army trained their Indians to scalp German soldiers.

The play which has a definite plot and a couple of love stories, shows the methods of propaganda. The scene is laid in Germany. The moving drama develops the thesis that the enemy is not the man in the trenches but the statesmen who cause the war.

Beulah Allred Determined Not To Post Bond

Beulah Allred began her second day as a prisoner in the Gray County jail today, with no indication that she would change her mind about seeking to post the \$500 bond set Monday, when she was arrested on a charge of criminal libel.

When arrested Miss Allred said she had no desire to have bond set in the case in which she is charged with criminal libel in connection with a statement allegedly published in a circular known as the "Pampa Legal News" concerning W. R. Ewing, district judge.

The statement was the basis of an indictment made by the grand jury Thursday. Later the case was transferred to county court.

At the county jail this morning, Miss Allred was non-communicative with sheriff's officers.

Miss Allred has been a defendant in two cases in district court here in the past. The first of these cases was when she was indicted on March 27, 1930, and charged with transporting and unlawful possession of intoxicating liquors. On motion of the state's attorney the case was dismissed on April 7, 1930.

In a judgment of March 6, 1935, in the case styled First National Bank of Pampa, Texas vs. Annie Allred et al. it was the court's decision that plaintiff was to recover from defendant lots 4 and 5 of block 25, original townsite of Pampa, the tracts mentioned being a part of section 102, block 3, I. & G. N. survey.

The court on motion of the plaintiff with the suggestion of the court the defendant Beulah Allred was a person non compos mentis, appointed E. F. Ritchey to act as guardian ad litem of her estate, according to the district court minutes.

sion of the good feeling that prevails between our countries."

Battleship Trip Possible King George did not disclose how the North American trip would be made. There has been speculation on the possibility that the Hood, called "the world's largest battle cruiser, might take him and the Queen. It will be the first time a British sovereign ever set foot in a former colony.

An invitation to President Albert Lebrun of France to come to London next spring to repay a royal visit to Paris last July also was disclosed by the monarch.

Retreats Spanish War The king viewed the British-Italian Easter friendship agreement, which is about to be brought into force, as a step in the furthering of the cause of European peace and said his government would "do all in their power to promote the development of good understanding in the spirit of September last."

Minister Neville Chamberlain and Chancellor Adolf Hitler, declared "the desires of our two peoples never to go to war with one another again."

Asserting that his ministers "deeply regret the continuance of hostilities in Spain, the king said they would lend assistance in any way toward the restoration of peace in that country.

He said also Britain was ready at any time, if desired by the parties to the dispute in the Far East, to be in reaching a settlement in the Chinese-Japanese war.

WASHINGTON, Nov. 8 (AP)—If the British king and queen come to Washington and stay at the White House during their American visit next year, they will encounter a minimum of formality.

In the first place, there isn't room in the compact old mansion for a display of extreme ceremony. The entire building would fit into one wing of Buckingham palace.

The bedrooms are not even in suites, and there would be scant accommodations for the host of aides-de-camp and ladies-in-waiting who might be expected in a royal party.

In the second place, President and Mrs. Roosevelt are given to hospitality rather than rigid formality in entertaining their guests.

Most Presidents have stood in the Red or the Blue room to greet distinguished visitors, but the Roosevelts are usually at the front door by the time the guests are alighting from a White House limousine.

Not that the President and First Lady will dispense with any of the few rules which the masters of international etiquette in the state department may prescribe for such a visit.

Another rumored controversy was skillfully sidestepped by thorough pre-meeting canvassing to prevent introduction of any resolution endorsing any candidates for national office. There had been much talk prior to the meeting that one group would fight a scheduled endorsement of Vice President John N. Garner for the Democratic presidential nomination in 1940. There was no word said at the meeting about any endorsement.

1939 Goal Of Red Cross Is More Members

"A larger Red Cross membership in proportion to the population of Texas is necessary for expansion of services within the state this coming year," Rev. Robert Boshen, chairman of the Pampa chapter, said today. He pointed out that Red Cross membership in Texas now represents 2.9 per cent of the population while nationally the enrollment has risen to 4.38 per cent.

Mr. Boshen expressed confidence that an increase of more than 50,000 members will result when the 239 Texas chapters offer residents in every community an opportunity to join the Red Cross this coming Roll Call, from Armistice Day to Thanksgiving. Last year, 17,067 Texans answered the roll call of their local chapters, an increase of 36,000 over the preceding year.

"Local chapters are dependent upon their membership enrolled each year for volunteers as well as for funds to carry on disaster relief and other Red Cross safety, educational, health and welfare services in their respective communities," Mr. Boshen said. "The greater portion of membership funds are retained by the chapter for use locally in its community and only fifty cents, not fifty per cent of each membership, is paid to the National Organization of Red Cross work throughout the nation.

"This national allotment also reverts back to Red Cross work in individual communities," Mr. Boshen explained. "In the last three and one-half years to date, for example, the National Organization made \$233,773 available to supplement the \$172,146 raised within Texas for emergency relief and rehabilitation of Texas families stricken by disasters occurring in this state.

"During the first nine months of this year the Red Cross assisted 3,029 Texas families, which included more than 13,000 persons, who suffered losses following six tornadoes and three floods. The \$65,125 commitment weather appeared likely to lower the advance estimates. Snow blanketed many Western states, and a cold rain-storm was moving over the East.

The major officer at stake were 25 Senate seats, 32 governorships, and 432 House seats. Only in Maine, which elected a Republican governor, and three representatives in September, was no vote being cast.

Candidates were many and the issues varied, but in the bulk of the congressional contests the question of support or opposition to Roosevelt policies predominated.

The President himself appealed only last Friday for election of men who would favor "liberal" proposals, Republicans, with an eye on 1940, criticized the national administration and many of its proposals called for election of candidates advocating a "return to the American way."

The opening of the polls—at day-break in some states—put an end to the campaign speechmaking. President Roosevelt was in Hyde Park, N. J., where he sealed in an outcome. Vice-President Garner, silent man of this year's campaign, was at home in Uvalde, Texas.

Tension High In several states where contests have been especially grueling, tension was at a high point. In Pennsylvania hundreds of special guards were on duty at the polls. Excitement ran high in Michigan and New York because of the hot gubernatorial races. The old age pension was a focal point of interest in California.

erland got a 50-year term, Mathis 30. Allred granted the pardon on the ground identification of the pair as the robbers was not completely established. A factor also was the later admission of Charlie Chapman, Mississippi desperado, that he robbed the bank. Chapman is a fugitive from Eastham prison farm.

HUNTSVILLE, Nov. 8 (AP)—Governor James V. Allred disclosed today he had L. L. Southerland and Ovid Mathis brought to Austin for a talk with him yesterday before he freed them.

Allred said he "did most of the talking" when the men were brought here by W. W. Waid, penitentiary warden. Southerland and Mathis reiterated their claims of innocence, however, and assured him they would go straight, he said. Southerland told the governor he had a job waiting for him.

Confession Doubtful Allred said he told the men they were very fortunate in having friends who worked long and diligently in their behalf without pay. They should steer clear of trouble, the governor advised, to justify the confidence of their friends and to increase the possibility of convicts in similar circumstances gaining freedom in the future.

The governor suggested they say no more about the case but attend strictly to the business of re-establishing themselves in the world.

Chapman's "confession" he and a confederate robbed the bank and that Southerland and Mathis were innocent was doubted by some persons who have studied the tangle, including Bruce W. Bryant, chairman of the state pardon board. They believed Chapman lied in an effort to obtain a federal instead of a state penitentiary sentence.

Allred said the clemency papers were given to Waid and he supposed the convicts got their effects and left the penitentiary late yesterday.

"Armistice in the Modern World" will be the subject of a speech by Ernest Cabe, Pampa junior high school principal, at an assembly program to be held at 11 o'clock Wednesday morning in the Pampa high school auditorium.

Members of the cast of the senior play, "The Enemy," will present the program. It has been arranged by the student council and all parents of students have been invited to attend.

LAKE

(Continued From Page one)

work was begun last April. Full blast construction at the dam site has been under way only since the latter part of July.

Much work still remains to be done at the lake project, but construction has reached the stage now at which all other activities can be carried on as the lake fills with water.

Congressman Jones was high in his praise of the project Monday. "It is one of the finest water conservation projects I ever have seen," he said.

Formal dedication of the lake will be held at a date to be announced later.

Some engineers feel that spring rains will fill the lake and run water over the spillway. It is estimated that it will take from two to three years for the lake basin bed to be covered with silt sufficiently to hold water without seepage. This is a natural process with any body of water, it was pointed out, but with normal rainfall the lake should remain nearly full at all times after the first heavy rains have played their part, officials stated.

Democratic tickets in most instances a mere formality.

The national chairmen of both major parties were optimistic in their final comments. James A. Farley, the Democratic leader, predicted in a radio speech "President Roosevelt will be endorsed again" through the election of candidates he favors.

"The minority party hopes to make tomorrow's events a curtain-raiser to the 1940 election," Farley said. "Take my word for it that it will be the kind of curtain-raiser not at all to their liking."

Under ordinary driving conditions winter Mobilgrease Won't Squeeze Out—Wash Out—or Congal—squeaks and makes your car run smoother. 4. DIFFERENTIAL PROTECTED. WHY? Your gear-shaft lube never seeps when it sticks and is hard to move. Winter Mobil Gear Oil makes shifting easy. 5. BATTERY PROTECTED. WHY? There are two types of differential gears, and each needs a special winter Mobil Gear Oil to prevent dragging and wear. 6. RADIATOR PROTECTED. WHY? Mobil Radiator Flush loosens rust and scale and re-opens clogged passages. It prepares your radiator for Mobil Frezzone. 7. BATTERY PROTECTED. WHY? Cold weather reduces battery efficiency. Clean and grease terminals; regular servicing speeds cold starts. More motor wear occurs in the first two minutes of slow, cold starts than in two hours of high-speed driving. If an X-ray were possible you could easily see why. On cold starts a lapse of several seconds often occurs before thickened summer oil will reach moving parts. During those seconds your motor makes many revolutions under the strain of imperfect lubrication. Winter Mobiloil, flowing freely even in sub-zero weather, quickly reaches and lubricates those vital working parts. A complete Winter Proof job will protect your car against frictional wear, and assure quick starts on coldest mornings. Don't take chances! Market Briefs

NEW YORK, Nov. 7 (AP)—Early buying in futures spread to steel, motors and other pivotal stocks in today's market move, with gains of fractions to 3 points generally. There were a few turns of 5 and 6.

Further brightening of the business horizon, brokers said, more than offset potential market repercussions from tomorrow's elections.

Optimism enveloped speculative quarters when the American Iron and Steel Institute, around midday, estimated this week's steel mill production up 4.2 points at 61 percent of capacity, a peak since Oct. 11, last year.

Dealings relatively slow during the morning's proceedings, picked up briskly after the steel announcement and, while the pace subsequently slackened, transactions approximated 1,700,000 shares.

Tropical Storm In Bahamas Off Miami

JACKSONVILLE, Fla., Nov. 8 (AP)—The weather bureau said today a tropical storm of less than hurricane force was centered at 7 a. m. EST, over northwestern Andros island in the Bahamas, about 150 miles southeast of Miami and was moving northwestward about 15 miles an hour.

"This storm," the bureau reported, "has shown no increase in intensity during the last 12 hours and is now attended by squalls north of the center not exceeding 50 miles an hour."

"It is emphasized that this disturbance is not of hurricane intensity. Storm warnings now displayed from Key West to Cape Canaveral, Florida."

First String Harvester Tackle In Hospital

Nichols Has Operation For Appendicitis

Glen Nichols, tackle on the Pampa Harvester football team, underwent an operation for appendicitis this morning. His condition this afternoon was reported favorable at Worley hospital.

The tackle suffered an attack of appendicitis three weeks ago but refused to undergo an operation declaring that he was going to play against Amarillo. He did, and in a big way, too, but he received a bruise on his side. He reported for practice last week but was not allowed to practice. This morning attending physicians recommended an operation.

Replacing Nichols in the lineup against Lubbock here Friday afternoon will be Truman Rumpie, who started the season at fullback. Rumpie was a lineman last season and despite his lack of weight is a power-house both on offense and defense.

Another change in the starting lineup Friday will be at end where Kenneth Kyle will replace Tommy Solomon, who failed to report for practice last week because of illness.

Coaches Odus Mitchell and J. C. Prejean put the Harvesters through a long, stiff workout yesterday afternoon. The boys showed new life and chatter although they are taking the game seriously, knowing that Lubbock will be tough to handle.

"Pans will see the best team in District 1 when they watch the Harvesters play Friday afternoon," Coach Odus Mitchell announced after seeing the team in action. "That doesn't mean they can't be beaten because they are going to meet a new Pampa team, one that is going to charge first never stop."

FIVE LUBBOCK BALL CARRIERS

Harold Parsons Jumbo Webster
Rusty Johnson Howard Alford
Lee Jackson

Above is five reasons why the Lubbock Westerners have a high class offensive ball club. The five reasons are Parsons, Webster, Johnson, Alford and Jackson and everyone is a top ball carrier. The Westerners will be here Friday afternoon to do battle with the Pampa Harvesters. Webster, 168, is recognized as the spark plug of both offense and defense. He is a speed demon in the open, passes well and punts far and high. Parsons, 137, is a signal caller and a streak with the ball. Rusty Johnson, 160, will be back for the first time since undergoing an operation two months ago. His specialty is passing and punting. Alford, 152, blocks exceptionally well and takes his turn carrying the ball. Jackson, 160, replaced Johnson in the backfield and has done such a good job that he may get the call to start.

Baylor Bears Roll Toward Los Angeles

(By The Associated Press)

Baylor University's Bears, the only Southwest conference aggregation to play outside of Texas this week, were rolling toward California today while the other six squads dug in for "family affairs" that may give the critics another headache.

The Bruins met the Loyola Lions at Los Angeles Friday in the major intersectional game on the Baylor schedule. The squad was in good condition, with the exception of Hoyt Williams, center, who was left at home because of torn leg tendons.

Texas Christian University, with three regulars—E. B. Hale, tackle; Forrest Kline, guard, and Johnny Hall, halfback—riding the bench with injuries, prepared for the Texas Longhorns' center, who was left at home because of torn leg tendons.

Texas had Mike Sweeney, an end, out with injuries. Halfback Wesley Boyer of Fort Worth was named captain of the Longhorns for the game.

Coach Fred Thomsen of Arkansas was worried over loss of Kay Eakin, backfield star, who will be out for the remainder of the season with a broken collar bone. The remainder of the Razorbacks were in top shape for the invasion of Dallas and Southern Methodist.

The Mustangs counted only one casualty from their 10-7 victory over Texas A. and M. Willie Curik, tackle, had a bruised kidney but Coach Matty Bell said he probably would be ready to go against the Forkers if needed.

The Aggies counted luck had a lot to do with S. M. U.'s victory but the loss didn't dampen their enthusiasm for the clash with Rice at College Station Saturday. The team expressed confidence they would take care of the Owls.

Coach Jimmy Kitts at Rice called off scrimmage for the week because of the battered condition of his Owls. Kitts expressed doubt Ernie Lain would be able to play against the Aggies. Lain is still on the shelf with an injury from the Texas game two weeks ago. Ollie Cordill may be able to start though he is in a hospital with a bruised knee.

Dutch Keeps Things Lively At Mat Card

Dutch Mantell, the grand old man of wrestling, stepped into the breach in his usual style last night and officiated in the "battle royal" and following matches at the Pampa Athletic arena when Big Train Clements was unable to make the trip because of illness.

The battle royal opened with five of the six maulers concentrating on the rough and tough job. Salvor Tex Watkins, 222, didn't take them many minutes to subdue him. Next they took Scotty Williams to a cleaning. In quick order Gust Johnson and Sheik MarAllah went to the showers leaving Joe Banaski and John Nemanic for the main event.

Watkins and Williams met in the preliminary and it was the top match of the night. Williams got rough and tough with the big sailor and he had Mantell on his side. The veteran referee slapped the big sailor around the ring when he tried to get too rough with Williams and the bout went to a draw.

Gust Johnson pinned MarAllah in 17 minutes with a leg breaker in a fast and furious semi-final. Referee Mantell went into the ring with his cigar in his mouth and he puffed furiously as he kept order. Once his cigar disappeared when MarAllah took a poke at Johnson and missed, catching Mantell in the face. Banaski showed that he is still tops in wrestling when he took Nemanic in straight falls, the first in 15 minutes and the second in eight minutes, each with an alligator clutch.

He went on to beat the Giants in a seven-game World Series and came back next year to win the pennant again. Washington lost the world's championship to Pittsburgh that year, though, in a seven-game series.

Bucky signed in 1928 to manage the Detroit Tigers. In 1933 he resigned and went to the Boston Red Sox.

Harris lost out temporarily when Clark Griffith sold his son-in-law, Joe Cronin, to the Red Sox as a player-manager. But Griffith signed his boy manager again, and back to Washington came Bucky.

TCU Ranked First Grid Team Of Nation In Poll

By DREW MIDDLETON

NEW YORK, Nov. 8 (AP)—The versatile Texas Christian football team, pride of Southwest football, is the nation's first eleven in the four Associated Press poll of sports writers. The Irish of Notre Dame as a scant 16 points behind in second place.

Pittsburgh, leader in three previous polls, fell to third while Carnegie Tech, the Panthers' master Saturday, rose to sixth place as a result of its triumph. The Sikbos were tied for 20th a week ago.

Texas Christian, second last week, received 48 votes for first place and a point total of 986. The Irish had 970 points and 41 ballots for first place. In all 117 sports writers, high number for the season, participated.

Southern California and Oklahoma, ninth and tenth, were other newcomers to the ranking ten. California, beaten by the Trojans, Northwestern, downed by Wisconsin, and Fordham, 2-0 victor over St. Mary's, gave way in the first group.

The leaders: (First place vote) bracketed, points scored on 10-9-8-7-6-5-4-3-2-1 basis.)

Big Ten Champ May Play Each Year In Bowl

CHICAGO, Nov. 8 (AP)—Speculation on the possibility of the Big Ten of the Pacific Coast conference football champions meeting annually in the Rose Bowl game reverberated over the nation's grid fronts again today after an announcement the Big Ten probably would consider the suggestion at the first meeting Dec. 2-3 in Chicago.

Prof. O. F. Long of Northwestern, chairman of the Big Ten faculty committee, said no official proposal had been submitted. He added, however, "I would not be surprised if the matter is brought to the attention of the faculty committee at the December meeting. However, I do not believe the committee will alter the present regulation against post-season football games."

BITS ABOUT BOWLING

The Thompson Hardware took three straight games from the Lions club while the Diamond Shop won two out of three from the Dr. Pepper Lethanders in league bowling games at the Joe Berry alleys last night.

Maynard led the hardware men with 499 pins while Pennington topped the losers with 340 points.

P. A. Peck rolled high score for the jewelers with 477 pins to go two pins up on Harry E. Hoare of the Lethanders. He marked the first time that a team composed entirely of lefthanders had bowled in a Pampa league. Lefty Huff is sparking the outfit.

High games of the night was, rolled by Maynard with 188 pins followed by Hoare with 179 and Peck with 177.

The schedule calls for one night of play each week by a team but last night's games were postponed affairs. The schedule for tonight will be:

7 p. m., alleys 1 and 2—Dr. Pepper Lethanders vs. Kwanis; alleys 3 and 4—Lions vs. Schneider Hotel.

9 p. m., alleys 1 and 2—General Atlas vs. Diamond Shop; alleys 3 and 4—Cabot vs. Thompson Hardware.

Schedule for Thursday night will be:

7 p. m., alleys 1 and 2—Gunn-Hinerman vs. Faulkners; alleys 3 and 4—Weir Barbers vs. Carney.

9 p. m., alleys 1 and 2—Lions vs. Nehi; alleys 3 and 4—Pampa Press vs. Jones-Everett.

Annapolis College Football Team Has Not Scored Point This Season

ANNAPOLIS, Md., Nov. 8 (AP)—A low-geared, no-scoring football machine from St. John's college, boasting one of the most powerless attack in the nation today as 1938's premier goal-line protector.

They have challenged the pigskin world to produce another team with their unparalleled record of protecting opponents' goal lines. And nobody in these parts think their challenge will be snatched up.

The St. John's dream team—Coach Valentine (Dutch) Lentz says he dreams things about it nearly every night—has done some greatest things since the season opened, but Guire ran for 101 against Idaho and Tony Canadeo did it for 106 against Washington State.

After clearing up the welterweight business, Henry Armstrong will defend his lightweight crown in February. And hurricane Lou Ambers, the ex-champ, will be the challenger.

Fred Thomsen would like it a lot if football games were only 59 minutes long. His Razorbacks lost to Baylor, Texas Aggies and Rice this season all in the last 90 seconds. And Baylor and Rice did the same thing to the Forkers last year, too.

Congrats to Bucky Harris—42 today. Will one of our Pittsburgh scouts please check the report around here that Biggie Goldberg may be all through for the season. Did Herman Taylor, the Philly promoter, take between three and four G's to settle any claim on John Henry Lewis' services.

Stanley Harris Still Fooling League Experts

WASHINGTON, Nov. 8 (AP)—Stanley Raymond Harris—the onetime apple-cheeked boy manager of baseball—was 42 today.

It was 14 years ago that Clark Griffith, president of the Washington Senators, appointed the black-haired former coal miner manager of his team.

Until that time the local diamond refrain ran: "Washington—first in war, first in peace and last in the American league."

That chant swiftly subsided when the boy manager led an inspired Washington club to its first American league championship.

Harris became the toast of the

1. Greater Size—Wheelbase is 114 inches.
2. New High-Torque Engine Performance with New Economy.
3. Perfected Remote Control Shifting with New Auto-Mesh Transmission.
4. New Amola Steel Coil Springs.
5. Ingenious New "Safety Signal" Speedometer.
6. New Streamlined Safety Headlamps.
7. Time-proven, Double-Action Hydraulic Brakes.
8. All-Steel Body, Completely Rust-Proofed.

THE NEW 1939 PLYMOUTH "ROADKING" Two-Door Touring Sedan...with completely rust-proofed all-steel body.

IT'S REMARKABLE what a big, beautiful, value-packed automobile the new Plymouth for 1939 is—yet Plymouth's prices are down!

Look at Plymouth's sweeping, modern lines...experience new High-Torque engine performance with new economy! Too, you get a new ride smoothness with even greater safety.

And it's remarkably easy to own...your present car will probably represent a large proportion of Plymouth's low delivered price...with the balance in surprisingly low monthly installments. PLYMOUTH DIVISION OF CHRYSLER CORPORATION, Detroit, Michigan.

EASY TO BUY

"Detroit delivered prices" include front and rear bumpers, bumper guards, spare wheel, tire and tube, foot control for headlight beam with indicator on instrument panel, sub-tray in front and rear, sun visor, safety glass and big trunk space (19.6 cubic feet). Plymouth "Roadking" models start at \$645. "De Luxe" models are slightly higher. Prices include all federal taxes, transportation and state, local taxes, if any, not included. See your Plymouth dealer for local delivered prices.

Sports Roundup

By SID FEDER

NEW YORK, Nov. 8 (AP)—Tip: Do not be surprised if Texas Christian's first "bowl" job is right here in 111 old New York December 10. It'll be the "Eastern Bowl" game for charity and is already underwritten by a syndicate of Wall Street men...Carnegie, Dartmouth, Duke, Pitt, Tennessee, Santa Clara, and Notre Dame are also on the list. No. 1 deal of the major league meetings probably will send Cecil Travis from Washington to Detroit. With Elden Auker also figuring...Sammy Sneed is gonna have his hands full against the classy field they've put together for the White Sulphur Springs open that gets under way today. Out at Little Comaug, U. on the coast, they have two backs who chalked up runs of better than 100 yards this season...Jim Mc-

5,000 Baptists Due To Register At Dallas Today

DALLAS, Nov. 8 (AP)—Five thousand registrations were expected today for the opening of the Texas Baptist convention and Dr. J. B. Tidwell, Waco, head of the convention, predicted the number would reach 8,000 before the sessions are concluded. Approximately 5,000 will be messengers from the state's Baptist churches. His close associates, Philip Murray, vice president of the United Mine Workers, and Sidney Hillman, president of the Amalgamated Clothing Workers, probably will be selected among the new vice presidents.

CIO Will Form Permanent Unit As AFL Rival

WASHINGTON, Nov. 8 (AP)—Labor history will repeat itself at Pittsburgh next week when the CIO meets to set up a permanent organization rivaling the American Federation of Labor.

In the same city—on almost the same date—Samuel Gompers and his associates organized a federation of craft unions 57 years ago. Five years later it became the AFL. The first organization was comparable to a duel labor movement, for at that time the order of the Knights of Labor was flourishing. Like the present-day CIO, the Knights of Labor organized both skilled and unskilled workers.

Unlike his early predecessors, who collected only a few hundred dollars a year in dues, John L. Lewis will begin the building of a permanent CIO with considerable resources. The CIO has nearly two-score affiliated organizations and a history of militant unionism compiled in the last three years.

The convention will bring together, officials said, between 400 and 500 delegates. It will adopt a new name and a constitution, and lay down political, legislative and economic policies.

The present name—Committee for Industrial Organization—will be replaced by some such title as the Congress of Industrial Organizations. Lewis has no rivals for the presidency of the new organization. He is expected to be elected by acclamation. His close associates, Philip Murray, vice president of the United Mine Workers, and Sidney Hillman, president of the Amalgamated Clothing Workers, probably will be selected among the new vice presidents.

Warm Weather In Prospect For Texas

(By The Associated Press) Warmer weather was in prospect in Texas today after a cold wave brought frost and freezing temperatures in several sections.

An inch snow fell in the South Plains area yesterday and a killing frost was reported in West Texas. Sleet and rain visited various parts of the state.

Airlines were operating on schedule again after canceling a few flights and delaying others yesterday because of the severe weather.

Quints Will Have Tonsils, Adenoids Removed Tomorrow

CALLENDER, Ont., Nov. 8. (Canadian Press)—The Dionne quintuplets will have their tonsils and adenoids removed tomorrow with their own doctors, anxious to retain their confidence, keeping in the background.

Their medical guardian, Dr. Allan R. Defoe, explained the sisters would always associate pain with whoever performs the operations and as both Dr. Alan Brown, child specialist, and himself see the children so often he did not want them "to either fear or dislike us."

The country physician said the actual operations would be performed by "one of the best men in the medical profession."

Approximately two-thirds of the nation's meat supply, or 70,000,000 animals annually, is inspected by federal officials.

SERIAL STORY LOVERS AWEIGH

BY BETTY WALLACE
COPYRIGHT, 1938 NEA SERVICE, INC.

CAST OF CHARACTERS
JUDY ALCOFF—admiral's daughter. She faced a choice between two navy suitors.
DWIGHT HASTINGS—multitasking lieutenant. He faced a choice between his wife and duty.
JACK HANLEY—young sailor. He faced a test of a patient love.
WALTER HASTINGS—navy wife. She faced the test of being a good sailor.

Yesterday Jack warns Judy against Dwight and in a blaze of indignation and anger she replies, "He has asked me to marry him, so how do you like that?"

CHAPTER II

BUT even as the words left her lips, her heart sank. What had she done? Whatever had egged her into throwing that lie into Jack's teeth? Because Dwight hadn't asked her to marry him at all! He'd been attentive, and he'd kissed her. But he had never proposed to her.

Jack's eyes showed his hurt. He said, "I'm sorry, Judy, I—I didn't know." His shoulders seemed to sag.

She felt sorry for him. She knew he thought of her as a little sister to be protected, and he'd meant well, warning her of what he thought were Dwight's intentions. But she couldn't help saying, "You're jaundiced, Jack. You're unhappy on your plane carrier, you want to get back to Lakehurst, and it's soured you on everything. You see Dwight getting along in line for promotion, and it—it gets your goat, I guess."

His eyes flashed. "That's not so! I wouldn't be a worrier if I were a rank-worshiper like him! I'll get ahead on my own, without help from any relatives in Washington or any admirals, either!"

She hadn't meant to hurt him. She said inadequately, "Forgive me. I guess we've both said things we didn't mean."

AND just then a figure came out of the wardroom hatch close by. He was silhouetted against the light for a moment, and then they heard his footstep on the deck as he came toward them. "Hi!" he said. "I missed you."

The piano had stopped. Judy had a vision of her father and Captain Lane getting out the backgammon board. Dwight was saying, "Am I busting up anything?" His tone was assured, as if he knew she would welcome him.

"Lieutenant Hanley was just leaving," said Judy evenly. They watched him go, his back very straight. Dwight stood close to Judy. It gave her courage. The little regret that stirred inside her was stilled. Jack deserved just what he got for talking to her like that!

Dwight took her arm, and walked toward the bow of the ship, nodding to the young ensign who was officer of the deck.

Jack Hanley had come to dinner here tonight only because he had persuaded a classmate to ask him. He had known she'd be here. That was why, she saw now, he had come. While Dwight was making himself agreeable to her mother and Mrs. Lane, the captain's wife, after the three of them left the junior officers' quarters for the wardroom, Jack had asked Judy to walk out on deck with him.

THE deck under her feet was solid and familiar. This great gray ship, with the water lapping at its sides, was only one of dozens of ships she had known. Ever since she was a little girl, she had been visiting aboard battleships and cruisers and destroyers from Shanghai to Norfolk.

Dwight was saying, "There's something I want to tell you. I've wanted to tell you for a long time." They stopped as they reached the steel deckplates on which the heavy anchor chain lay. They did not step over the anchor chain, but stood against the chain-rail. Judy looked at Dwight. How handsome he was! His dark hair curled a little under the gold-eagled cap. There was the slightest suggestion

of a cleft in his chin. He had something to tell her! "Judy," said Dwight, his eyes on the water, "Judy, just what do you think of marriage for a career man?"

Her hands shook. But her voice was very clear. "I think it's a good idea, don't you?"

Dwight's handsome profile was intent. "Look, Judy, you're a navy girl. You know things. Your father's got rank. You know what I mean. For a young fellow like me, who wants to get to be an admiral himself some day, the girl he marries is important. Wives can help men or hinder 'em. I've seen it. Well—what I'm trying to say is—"

She held her breath. He said, "Well, the pay's nothing, and yet it takes money to make the right kind of impression. Entertaining the right people. Living up to the rank and position. Oh, heck—you know what I mean. If you were in my shoes, would you marry while you were still a j. g.?"

"Of course!" she said. Why must the image of Ward Fenning come between her and Dwight?

"That settles it! I'm going to do it. Oh, Judy, I've thought and thought about it. I—I guess you know how a man feels about a girl. And yet I kept thinking maybe it wasn't the right thing to do."

She stood very still. Now he'd put his arms around her. But he didn't. He leaned against the chain, his eyes looking out into the darkness ahead.

He turned to her. He said earnestly, "I appreciate everything you've done for me. It's been grand, knowing you, Judy. You're so Navy—your whole family—we've had good times, haven't we? And I want you to keep on helping me, if you can. You see—"

He stopped. His fingers curled into a fist. "You see, she's not Navy."

JUDY'S heart missed a beat. For one still moment, she did not believe that she had heard right. But she managed a smile and tried to ask steadily, "What did you say, Dwight?"

"I said she's not Navy. The girl I'm going to marry."

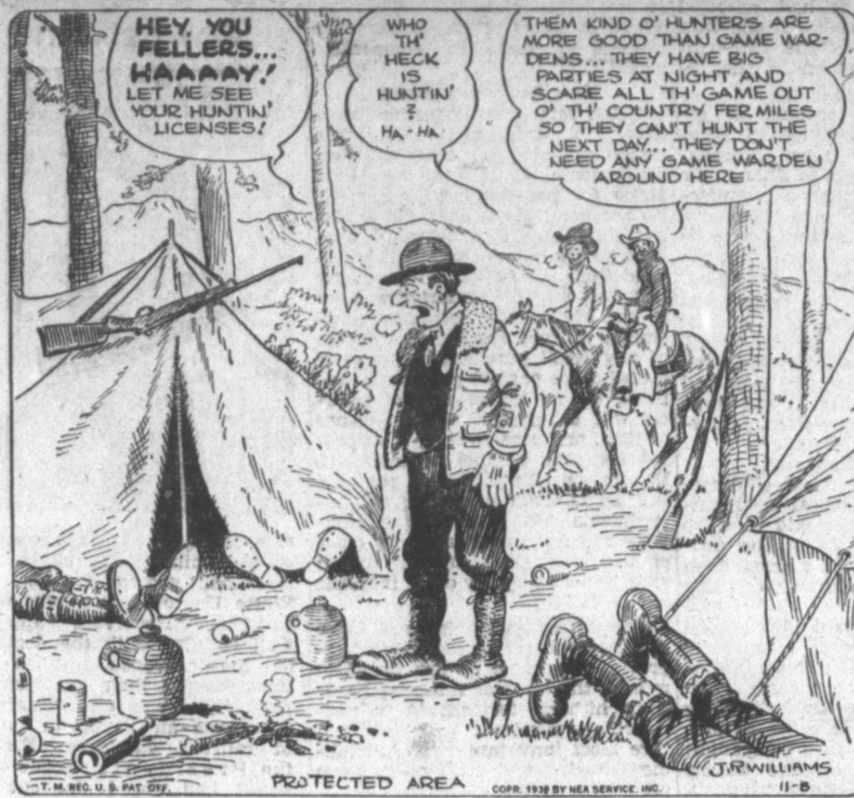

Matthews said he consulted many times with Earl Brewer, head of the Communist party. Earlier, Matthews told the committee that he and Heywood Brown, newspaper columnist and president of the American Newspaper Guild, formerly were "closely associated in at least five Communist united fronts."

"Pardon me, madam, but I think you'll have more luck with the soup if you use a spoon instead of the chop sticks."

Economist Called Communist By Dies Hearing Witness

WASHINGTON, Nov. 8 (AP)—The House committee investigating un-American activities received testimony today that David Sappos, identified as chief economist of the Labor Relations Board, was the author of a text book used in a Communist workers school in New York.

J. B. Matthews, who gave the committee this testimony, said the book was called "Left Wing Unionism." Matthews described himself as an independent writer of Washington and New York and said that between 1932 and 1935 he was connected with 28 Communist front organizations.

Matthews said he understood Sappos was not a member of the Communist party, but that Mrs. Sappos was a party member.

Government Settles Car Finance Cases

WASHINGTON, Nov. 8 (AP)—The Justice department asked the United States district court at South Bend, Ind., today to approve consent decrees settling anti-trust

suits in the Ford and Chrysler automobile finance cases. Because General Motors, indicted with the other two firms, did not propose an "acceptable" plan for a consent decree, the department said, the case against it "must be vigorously prosecuted." Should the government lose its General Motors case, officials explained, the department will not attempt to hold Ford and Chrysler to their agreements. Although it said presentation of the decrees for court approval in the Ford and Chrysler cases "in-

volves no admission of guilt," the department said that on the basis of the evidence it had collected and viewed, it believed the two concerns "guilty of the anti-trust law violations charged in the indictments." All three were accused of restraining the competition of about 375 independent finance companies by forcing dealers to finance the cars they sold through a manufacturer-affiliated finance company. With Ford, it was the Universal Credit company and with Chrysler the Commercial Credit company.

"The result was," the department said, "that three-quarters of all automobile financing in the United States has been handled by the three finance companies which have had the favor, respectively, of the three large manufacturers—Ford, Chrysler and General Motors." Asserting the decrees eliminate all the coercive practices complained of, the department said they "go farther in accomplishing the purpose of the anti-trust laws than would be possible through criminal prosecution." The decrees prevent Ford and Chrysler from giving competitive advantages to favored finance companies by threatening cancellation of the dealers' franchises; licensing competing dealers in order to promote their own finance companies; compelling non-cooperative dealers to take unneeded cars or extra parts, or other coercive methods. The defendants proposed two voluntary restrictions, one dealing with collection practices and the other

Pleased by Wage Row Settlement

Harrison, chairman of the Railway Executives Association, shown leaving the White House after a talk with President Roosevelt, appears well satisfied with the decision of the railroads not to go through with their proposed 15 per cent wage cut. Harrison represents an important group of railroad employees. Earlier the President's fact-finding board had urged the cut be abandoned.

Women Seek Many Offices

WASHINGTON, Nov. 8 (AP)—Women candidates from kitchens, law offices, school rooms, farm and labor unions are asking the voters once more to let them help run national, state and local governments. Most of them want to make federal and state laws. But some are out for the "big boss" jobs too. Three women are running for governor, and 49 for other state offices. Of the 250 women who want legislative positions, 41 are after \$10,000-a-year seats in the Senate or House of Representatives.

Senator Hattie Caraway of Arkansas, first woman elected to the Senate by popular vote, is reasonably sure of repeating her feat. Two others running for regular Senate terms are Elizabeth Gillman in Maryland and Mrs. Lillian S. Clements in California, both Socialists. A fourth senatorial candidate, Miss Gladys Pyle, South Dakota Republican, seeks election for an unexpired term. Thirty-seven women from 15 states, including five incumbents, aim at seats in the House of Representatives. The sixth woman member at present, Mrs. A. H. Gasque, of South Carolina, has not been sworn in, and probably will not be. She was chosen in September to succeed her deceased husband, but is not a candidate for the 1939-40 term. Women's big drive at the polls tomorrow will be for places in state

legislatures. The Democratic party alone has 127 candidates, and 70 women are running for states law-making bodies on the Republican ticket. A total of 140 women was elected to such places last year. Seven thousand growers have applied for wheat crop insurance in six eastern states.

new Interest Banned "With respect to collection practices," the department said, "the decree provides (1) that no wage assignments on cars of less than \$1,000 for non-commercial use will be accepted. This prevents undue hardships on the low-income buyers who are induced to purchase beyond their means. (2) In the above situation, wages or salaries, will not be garnished. (3) Deficiency judgments will not be taken in the case of any retail purchaser for private use who has paid 50 per cent of the price. (4) No higher rate of interest will be charged for extensions of time, or for re-writing, than provided in the original contract. (5) No greater rate than five per cent will be charged on delinquent installments. (6) The finance company will not accept from any dealer the assignment of any chattel mortgage on property other than the car itself." The department declared these provisions go far in protecting "improvident persons of low income," remove the severest financial hardships hitherto incident to "a necessarily aggressive sales policy" and "are most important if the installment buying system is to continue as a part of our economy." As to advertising, the Chrysler decree requires that corporation, if it advertises any named finance company at all, to advertise by

Japs Map New Drive To Shut Out Munitions

TOKYO, Nov. 8 (AP)—The Japanese armies are planning a drive 1,000 miles further into the interior of China and the government today told foreign powers to keep their airplanes and citizens out of the area lest "unfortunate incidents" occur.

The objective of the new military campaign is too close to the Chinese munitions transportation channels from British Burma and possible French Indo-China.

The Japanese already have taken control of major Chinese ports and railways. The new area of hostilities designated in the note today to foreign embassies and legations extends to a line running from Yunnan, southwestern province bordering French Indo-China and British Burma, northward through Szechwan province to Kansu, northwestern province bordering Tibet and Mongolia. The line roughly follows the 100th parallel.

The note from the foreign ministry said that for the protection of lives and property of third country nations, the Japanese government requested that foreign airplanes not fly over the area, that foreigners be advised they travel at their own risk, that residents withdraw where possible, and that foreign property be marked to be "unmistakably visible from the air."

Japan could not, the note added, assume any responsibility for protection of property transferred by Chinese to foreigners to evade "exercise of the legitimate rights by Japanese forces."

Roosevelt Sends Final Plea To Nation's Voters

HYDE PARK, N. Y., Nov. 8 (AP)—President Roosevelt gathered a few members of his family and close friends for his biennial visit to the polls today in Hyde Park's little white-boarded town hall. His only advice to the far-flung electorate had been to be sure to pick candidates known for their experience and liberalism without regard to race, color or creed, and to "Judge parties and candidates, not merely by what they promise, but what they have done, by their records in office, by the kind of people they travel with, by the kind of people who finance and promote their campaigns."

He had avoided an appeal for the general election of Democrats, as such, confining his blessing in this respect to the Democratic slate in his native state of New York, and a few scattered gubernatorial and senatorial candidates elsewhere.

The time the President voted depended on what Mrs. Franklin D. Roosevelt arrived by plane from the Southwest where she visited briefly yesterday with her son and daughter-in-law, Mr. and Mrs. Elliott Roosevelt of Fort Worth.

Mrs. James Roosevelt Jr., the President's mother, and Miss Marguerite Lehend, a personal secretary, also were to accompany him to the ballot box.
