Good Morning!

Faith is to believe, on the word of God, what we do not see, and its reward is to see and enjoy what we believe.—Augustine.

THE PAMPA NEWS

BLOCKS AND BLOCKS OF NEW PAVING IN SIGHT HERE

Pampa is fast coming "out of the mud" through a city wide paving project in which the Works Progress Administration is cooperating with property owners and the city. Above is shown three streets, two after being paved and the other before. At the top is shown a section of Cook avenue and Georgia avenue, opened to traffic two weeks ago today. The picture was taken from beside Sam, Houston school showing the street curving in to Mary Ellen street. In the center is shown the

broad expanse of paving at the intersection of Cook avenue and North West street looking east on Cook avenue. The lower picture shows the 1100 and 1200 blocks on East Francis avenue as workmen prepare the street for curb and gutter. Pampa property owners are being given the opportunity of saving more than \$5 per front foot through the city wide paving program. Cost to the owner is only \$1.23 per front foot for a 36-foot street providing it is an intersecting

block. The paving is caliche base with two-coat asphalt top similar to that used on highways. It is between 6 and 7 inches thick when completed. To secure paving in a block owners must agree to pay their share of the cost at \$1.25 per front foot if the street is 36 feet wide. That makes the cost for a 30-foot lot only \$2.50. The money must be presented in a lump sum to the city. It will be deposited in the city's account and not used until the street is paved.

Jews In Germany Fined 400 Millions For Paris Murder

Man Of Many Aliases Held In Amarillo

An officer of the Potter county sheriff's department took into custody here at 10:30 o'clock Saturday night a man whom local police say admitted he was Jimmie James, alias Claud J. Jones, alias Jack Harris, alias Furr Johnson, wanted for removal of mortgaged property. Police said Jones admitted his identity when they checked on a Department of Public Safety bulletin, giving the description of the man. James' fingerprints and the fingerprints of the man held in jail, check, police said. Arrest of the man came as a result of police investigation of his offering spark plugs for sale at filling stations here, according to Pampa police. He was traveling in a 1932 Chevrolet coupe, described in the Department of Public Safety bulletin. Two men who were with the man were also arrested and were being held here for investigation Saturday night, but no charges had been filed against them. The bulletin of the state department listed Jimmie James as having been a prisoner in the state penitentiary at Huntsville, and with a police record at Waco and Amarillo, and asked that the sheriff at Amarillo be notified when James was apprehended.

Poppy-Selling Contest Won By Mary Jean Hill

Nearly 3,000 Pampans purchased Buddy Poppies in Pampa Friday, Armistice Day, when the local chapter of Veterans of Foreign Wars sponsored the annual sale of the flower for charity. In a contest sponsored by the post, Mary Jean Hill won first place, selling 351 poppies. Second was Ruth Eller with 313 sales and third was Roberta Bell with 318 sales. The average price paid for the poppies was slightly more than 10 cents. All the proceeds from the sale after a nominal purchase price will remain in Pampa to be used by the post for charity work among veterans. The poppies are made by disabled veterans in hospitals. "The Veterans of Foreign Wars thanks everyone who purchased a poppy," Commander L. L. McColm said yesterday. "It is about the only way we have of raising money for charity work and the response here was wonderful."

Dies Now Wants To Investigate WPA

WASHINGTON, Nov. 12 (AP)—Chairman Dies (D-Texas) proposed today that the powers of his special congressional committee be broadened to include "a fearless and complete investigation of graft, corruption and political influence in WPA and PWA." The Dies committee, created to investigate anti-American activities, has been censured by President Roosevelt for its handling of charges against Governor Frank Murphy of Michigan. Its chairman has clashed verbally with Harry Hopkins, the WPA administrator, and two cabinet members, Secretaries Ickes and Perkins. "I'm considering asking the newly elected house to enlarge the scope of the committee," Dies said. "In the course of our hearings we have come across a number of instances of misuse of relief funds."

Shooting Ruled As Suicide After Gun Is Found In River

NEW ORLEANS, Nov. 12 (AP)—Detective Chief John Groch, after announcing a pistol had been recovered from the Mississippi river, said tonight the fatal shooting of Alfred M. Lord, 29, San Diego, Calif., was "definitely a suicide." He said a police diver found the pistol, 25-caliber, near pilings of the wharf where yesterday the body of Lord was discovered with a bullet thru the head. Groch said he ordered the diver down after learning that stains on the youth's hat were from powder burns. "Until Groch announced finding the powder stains police had a theory Lord might have been killed for vengeance."

Red Cross Solicitors To Get Instruction Here This Afternoon

Preparatory to the opening of the annual Red Cross roll call here Monday, all of the 75 workers in the campaign will be given instructions at a meeting to be held at 2 o'clock this afternoon at the First Methodist church. The roll call will continue through Thanksgiving. Plans were made for the drive at the meeting today, which has been called by Rev. Robert Boshen, chairman of this year's roll call.

As now planned, the 40 men workers will canvass the business and industrial districts, operating by districts in each block. Women workers, numbering 35, are to canvass the residential sections, also working by pairs, with each two workers covering houses along one street between certain points. Women workers have been recruited from seven Pampa churches, while the men represent the Rotary, Kiwanis and Lions clubs, the Pampa Chambers of Commerce, and the American Legion.

Memberships in the Red Cross sell at these prices: annual membership \$1; contributing membership \$5; sustaining membership \$10; supporting membership \$25; life membership \$50; patron membership \$100. Of all sums received for memberships, inclusive, only 50 cents of each membership is sent to national headquarters. Thus, in a sustaining membership, costing \$10, 50 cents is sent to national Red Cross headquarters and the remaining \$9.50 goes to the local chapter of the Red Cross.

FDR Appointment Of Judge May Provide Test Of Strength

WASHINGTON, Nov. 12 (AP)—President Roosevelt's forthcoming appointment of a new Supreme Court justice may provide the first test of administration strength in the new Congress. Some politicians look to the appointment also for an inkling as to whether last Tuesday's election returns will influence Roosevelt policy.

They predict that, if he intends to pursue a conciliatory policy as the result of increased Republican success at the polls, he will appoint a justice of "moderately liberal" leanings and thus lessen the likelihood of a bitter Senate controversy over confirmation. On the other hand there has been some speculation that, if Mr. Roosevelt is determined to continue an aggressive fight for his entire program, he will appoint a "militant liberal" and force a showdown at once with conservative Democratic Senators.

The vote on such an appointment might indicate the lineup of both parties on policy questions to come, and even throw light on prospects of a Democratic split in the 1940 presidential race.

Candidate Withdraws In Chile Election Dispute

SANTIAGO, Chile, Nov. 12 (AP)—One of two contestants in Chile's presidential election dispute withdrew from the race today, leaving the likelihood of a bitter Senate controversy over confirmation. On the other hand there has been some speculation that, if Mr. Roosevelt is determined to continue an aggressive fight for his entire program, he will appoint a "militant liberal" and force a showdown at once with conservative Democratic Senators.

Warehouse And 35,000 Barrels Liquor Burn

OWENSBORO, Ky., Nov. 12 (AP)—A bottling plant and two warehouses containing 35,000 barrels of liquor were destroyed in a fire tonight at the Glenmore distillery here. Fire Chief E. E. Cureton said flames were out of control and appeared to help from Evansville, Ind., Madisonville, and Louisville. One fireman was injured when a barrel of whiskey exploded, knocking him to the floor.

Wheat Export Subsidy To Brazil Is Denied

WASHINGTON, Nov. 12 (AP)—Secretary of State Hull declared today the United States government was making no attempt at this time to sell wheat by means of an export subsidy in Brazil, a market normally supplied by Argentina. His statement, made at a press conference, was supported at the Agriculture department.

Sit-Down On Water Meter At Lubbock Baffles Officials

LUBBOCK, Nov. 12 (AP)—Lubbock city officials confessed defeat to a sit-down striker today while wondering what to do when a woman sits on a water meter. R. E. Whitley, city water plant employe, reported that when he notified occupants of a home that water would be turned off unless their bill was paid, the housewife seated herself on the meter box. She informed him further, said Whitley, she could sit there just as long as he chose to remain. He returned to the city hall for instructions. Meanwhile, the woman telephoned the bill would be paid Monday. That, officials assured her, would be "just dandy." They didn't know exactly what else to say.

Sooner Youth's Disappearance Called Hoax

SULPHUR, Okla., Nov. 12 (AP)—William "Buddy" Parker, 26-year-old oil field roustabout, was found alive tonight outside a treacherous "torture" cave which swallowed him up yesterday, and a state highway patrolman expressed the belief his disappearance was a "hoax." From Parker, who appeared delirious and semi-conscious when found a quarter of a mile from the Arbutle mountain cave's entrance, came only this statement: "I came out the other way." While searchers who spent the last few days in the cave hunting for Parker wondered if he alluded to a second and unknown entrance, State Patrolman Tilman Boeck asserted he believed the disappearance a hoax. "I called off the searchers," Boeck said, "after it appeared that searchers were withdrawing, we heard him cry out." The patrolman said he tried the ruse after Paul Scott, one of three youths who accompanied Parker to the cave yesterday, had told him Parker hid from them in the cave. They found him hiding on a ledge. After the four emerged, Parker

One Killed, 11 Hurt In Lubbock Accident

LUBBOCK, Nov. 12 (AP)—One person was dead and 11 others were injured as result of two head-on collisions of automobiles in outskirts of Lubbock tonight. Robert McCaffree, 38, of Lubbock was killed instantly in one mishap on the Slaton highway. Condition of three injured was considered critical. Rose Verkamp, 26, of Slaton suffered severe lacerations about the face and body, a broken left leg, and probable internal injuries. Her condition was considered critical at midnight.

Issuance Of Bonds May Be Issue In State Legislature

AUSTIN, Nov. 12 (AP)—A proposed Constitutional Amendment providing issuance of \$182,000,000 in state bonds with which to take up bonded indebtedness on all state and county roads may be urged on the Legislature. The plan, which called for retirement of the bonds, to be issued at 3 1/2 per cent interest in less than 20 years, was being studied today by county and state officials. It was suggested by Norman Tabor of New York, an accountant employed by the Highway Commission to audit the county and district road indebtedness and make recommendations.

Firer Delivered To Plainview Firemen

PLAINVIEW, Nov. 12 (AP)—A firer was delivered to the fire station here today. Roy Snodgrass of Floydada, while driving seven miles out on the highway, discovered the auto-seat upholstery was afire. He drove posthaste to the fire station here, where the firer was snuffed.

This Girl Certainly Had That Old Team Spirit

WATERTOWN, N. Y., Nov. 12 (AP)—Watertown high school co-eds support their football team vocally. Today Miss Rita L. McDonald, 17, let out a lusty cheer. Her mouth flew open and she couldn't close it. She was taken to Mercy hospital where an anesthetic was administered and her dislocated jaw snapped back in place.

Jews To Pay Insurance To Government

New Decrees Will Wipe Out Jewish Business. By LOUIS F. LOCHNER. BERLIN, Nov. 12 (AP)—Nazi Germany today practically wiped out Jewish business, barred the nation's 500,000 Jews from public entertainments and fined them \$400,000,000 for the slaying of a German diplomat by a young Polish-German Jew in Paris. In addition, the government required that Jews whose 1,000 Berlin shops were wrecked or looted Thursday in mass demonstrations must pay for the damage themselves. Insurance claims by Jews for demolition of their properties must be paid to the state. Officials promised "further decisive measures" and Jews feared that the Ghetto, unemployment or concentration camps were in store for them as the result of the most violent government and private anti-Semitic actions Nazi Germany has yet seen. Police made wholesale arrests among Jews moneyed, educated and cultured classes, 1,600 being taken into custody in Berlin alone. In Vienna it was estimated that between 18,000 and 20,000 Jews had been arrested since Thursday. Many of them were released, but thousands still were in custody. While the anti-Semitic campaign was intensified, there were new manifestations against Catholics. Aroused Nazis at Munich shattered many windows in the palace of Michael Cardinal Von Faulhaber at Munich. Drastic Decrees Issued. The fine of 1,000,000 marks (\$400,000,000) against German Jews "in their entirety" for the slaying of Ernst Von Rath, secretary of the German Embassy at Paris, represented from one-fourth to one-fifth of the estimated Jewish wealth in Germany, excluding Austria and Sudetenland, before Thursday's outbreaks. When and how the fine would be collected was not announced, but since Jewish business must be given up, it was assumed part of the sum would come from this source. Decrees against Jews issued today: 1. Prohibited Jews from conducting retail business, mail order and commission houses and independent handicraft enterprises after January 1. 2. Barred Jews from heading any industrial or commercial concern; 3. Ordered Jews excluded from theaters, movie houses, concerts and other public presentations. Hermann Wilhelm Goering, director of Germany's four-year plan for economic self-sufficiency, issued

Jew Who Slew Nazi Prays, Then Weeps

PARIS, Nov. 12 (AP)—The young Polish Jew who killed the secretary of the German Embassy, was said by police to have alternately wept and prayed when he learned of the 1,000,000,000-mark fine levied on German Jews because of his act. Police said he cried: "Is this the price for the act of one desperate, foolish man like me?" Friends of the prisoner, Herschel Grynszpan, 17, had said he would "pray every Monday for forgiveness for what I have done to my people." He shot Ernst Von Rath last Monday and the diplomat died Thursday.

Important Hunting Seasons To Open

AUSTIN, Nov. 12 (AP)—The crack of the deer and bear hunter's rifle will join the roar of shotguns which will swing from doves to ducks, geese and turkeys this week in the Texas wildwoods. With Monday evening's close of the dove hunting season, another army of nimrod's Tuesday will start a comparatively long period of waterfowl shooting. Then on Wednesday, the elusive buck, wild gobbler and cautious black bear become legal prey of the hunters. Since migratory waterfowl apparently are increasing in numbers, due mainly to federal conservation efforts, duck hunters will have an extra 15 days to bag these table delicacies this fall, the season closing Dec. 29.

I Saw - - -

Seven former Harvester regulars in the stands watching the Pampa-Lubbock game Friday, and every one of them praised the Harvesters. Their unanimous opinion was that the Pampa boys were "putting on everything they had." There is a big group of fans who think that Ben O'Neil should be made to serve as a cheer leader for the Pampans in the stands.

Labor Civil War Will Be Aired In Congress

22 Songs On A Cappella Choir Program Tuesday

Twenty-two songs will be on the program Tuesday night, Nov. 15 at 8 o'clock when the A Cappella choir gives its first concert of the school year at the high school auditorium. The choir will sing 15 numbers. A girls sextet will sing two numbers, the girls glee club will sing three songs, all by Victor Herbert; the mixed quartet will sing The Bells of St. Mary's, and Miss Dorothy Fischer will sing a solo, Gypsy Trail. A small admission will be charged to adults and students. Director Helen Martin's choir last year was a popular attraction, and the concerts were attended by large crowds. The singers this year are said to be every bit as talented as last year's. The choir is already singing with a pleasing finish, listeners have said. The complete program follows: Today There is Ringing, Christiansen; Vesper Hymn, Russian

I Heard - - -

That the Houston papers on Thursday carried large pictures of J. R. Green and Moose Hartman, former Harvesters, calling them and Bill Hamer, another former Pampa Harvester, outstanding members of the Rice Institute football team. The papers also said that J. P. Mathews, last year ace guard, would be ready to play against the A. & M. Freshmen Friday—and the game was a 7 to 7 tie.

50 Injured As Grid Special Trains Collide

SOUTH BEND, Ind., Nov. 12 (AP)—Collision of two "football special" trains—each jammed with nearly 500 fans bound for the Notre Dame-Minnesota game—resulted in approximately 50 persons and shook up 950 others here today. 50 of those hurt had injuries severe enough to keep them in hospitals. Those uninjured, after recovering from shock, hired taxis and private automobiles and hurried on to the game. The trains—New York Central and Grand Trunk—were not traveling fast, but the impact was sufficient to injure 50.

One Killed, Another Injured In Crash

BIG SPRING, Nov. 12 (AP)—One person was killed and two were injured in an auto-truck collision on the western outskirts of Big Spring tonight. Bill McCullough, about 40, cattle buyer and ranch worker, died of a fractured skull. His wife was taken to a hospital suffering a leg fracture and possible internal injuries. R. G. Peach, with them in the car, suffered less serious hurts. W. K. Jordan and Cliff Boyd, both of Lamesa and occupants of the truck, escaped injury.

Seven Pampans To Hunt For Deer In Big Bend

A party of seven hunters from Pampa will go into the Davis mountains in the Big Bend country the middle of this week in search of deer. Charles Kentling, C. T. Harris, Thomas Moss, and O. R. Wasson left this morning and they will be joined Wednesday, the day the season opens, by B. S. Via, M. C. Johnson, and Frank Cuiberson, who will leave here Tuesday morning.

Ex-Constable Posts Assault Case Bond

Bond of \$500 was posted in justice of the peace court Friday by Frank Jordan, who had been charged in a complaint with an attack upon William J. Chick on Thursday night. Jordan, former Gray county constable, was arrested by City Officer L. J. Flanery and later given into custody of county officers.

Jordan, former Gray county constable, was arrested by City Officer L. J. Flanery and later given into custody of county officers.

Sudetenland Jews Condemned To Tent Ghetto In German-Czech No-Man's Land

Innocent victims of the diplomatic chess game that changed their nationality without consulting them, hundreds of Jews huddle, homeless, penniless and hungry, in the neutral no-man's-land between the new German Sudetenland and Czechoslovakia. Expelled from their Sudeten homes by Nazi Storm Troopers who followed the German army of occupation, they were refused admittance to Czechoslovakia ostensibly because they are technically German citizens. The photo above was taken south of Brno, where 150 Jewish refugees, many stricken with influenza, made a roadside camp. Some slept under hedges or ditches. Luckier ones, like those pictured, found shelter under makeshift tents.

Kiwanis Club Officers To Be Installed Jan. 5

An address by an out-of-town speaker, a ladies night program and a dance are included in the plans for the installation of officers of the Pampa Kiwanis club, to be held at 8 o'clock January 5 at the Schneider hotel.

Arranging the program is a committee composed of R. W. Lane, chairman, Guy E. McTaggart, W. F. Dean, Guy E. McTaggart, Roy Kay, and Robert Selby. The committee is to have its next meeting Thursday night.

YOUTH

(Continued from Page one) announced he was returning to the cave to watch a rat he had seen, and failed to return.

Boeek said that bolstering his theory Parker had perpetrated a hoax was a physician's report Parker's pulse and temperature were normal, a forehead wound was superficial, and he appeared to be suffering only slightly from exposure.

Parker was found by W. C. Martin, Sulphur garage owner, who had supplemented the search in the cave by combing the surrounding vicinity.

Parker had suffered a severe rash on his forehead, apparently from a fall, and somehow found his way out of the cave which is near Dougherty, in the foothills of the Arbuckle mountains.

CHOIR

(Continued from Page One) Air; O Morn of Beauty, Sibelius; Cherubim Song, Bortniansky. A Cappella Choir: Lassie O' Mine, Walt; Marianina, Italian Folk. A Cappella Choir: Vocal solo: Gypsy Trail, Dorothy Fischer; Ah, Sweet Mystery of Life, Herbert; In Absence, In Old Hawaii. Girls Glee Club: He's the Lily of the Valley, Negro spiritual; Standing in the Hood of Prayer, Negro spiritual; Deep River, Negro spiritual. A Cappella Choir: Bells of St. Mary's, Adams. Mixed Quartet: Alexander's Ragtime Band, Berlin; Just as the Tide Was Flowing, Williams; Swiss Skiing Song, Krone; Dear Old Pampa High School, A Cappella Choir.

HERE'S SAMPLE OF EMPLOYERS' WAGE-HOUR FORM

Table with columns for Name, Hours of Work, Regular Rate of Pay, Overtime, Total, Social Security, and other deductions. Includes names like George Henry Harper, Alfred Olson, John White, etc.

The above sample employers' payroll form shows the data which must be kept ready for inspection under the wage-hour law. Such time records must be kept for every employe covered by the act, whether paid on a timework, piecework, commission, salary, or other basis. The notation PW on the chart indicates the record for pieceworkers.

Statements Made By Trio Held In Jail At Borger

Rock Island officers and the police department of Borger Saturday complimented the Pampa police department for its apprehension of three men arrested here Wednesday afternoon in connection with the theft of 600 tote sacks and 5,000 feet of twine in bulk from the Rock Island station in Sanford, Hutchinson county, the night of Nov. 3.

Senator Hits Drive Against German Jews

(By The Associated Press) Protests against Nazi Germany's latest campaign against Jews grew in volume and strength in the United States yesterday, (Sat.), bringing suggestions from some spokesmen that this country sever connections with the Reich.

Accused especially by the Hitler government's fining the Jews within its borders \$400,000,000 for the slaying of a German diplomat in Paris by a Polish Jew, men in public and private life or various religions added their voices to the swiftly mounting list of objectors.

At a mass meeting in New York's Columbus circle sponsored by the American League for Peace and Democracy, a crowd shouted its approval of resolutions demanding that the U. S. break off all trade relations with Germany and urging a boycott of all German-made goods.

Telegraph messengers said 200 persons sent messages during the meeting to President Roosevelt asking that he put an embargo on all trade with Germany.

Prof. Johan J. Smirtenko, executive director of the non-sectarian anti-Nazi league—under whose auspices former Governor Alfred E. Smith and District Attorney Thomas E. Dewey spoke against the German anti-Semitic measures last night—declared the mass line showed the "real motive" behind the disorders of the last few days.

"At last Hitler has disclosed exactly what he is after in persecuting the Jews," he said. "In order to bolster up the crumbling of economic position of Nazi Germany he has decided to purperize the victims of his terror."

"The assassination of a German official by a crazed individual is only an excuse."

Day of Prayer Planned Several scholars besides King expressed indignation privately at the new anti-Jewish measures, but declined to be quoted for fear of international complications.

Police continued to keep a close watch on the German consulate in New York and the home of Cousal General Hans Borchers as the result of anonymous threats that the consular offices would be bombed.

Similar threats were received at the German consulate in Boston Friday, but the 24-hour time limit given there expired without incident.

Where Hungary Slices a Piece of Czecho

For the third time this fall another nation has sliced off a big chunk of Czechoslovakia. The beneficiary this time is Hungary. The above map shows the 4635 square miles of Czech territory along Hungary's northern border that has been parcelled out in this latest re-mapping of Central Europe.

JEWES

(Continued from Page One) The decree providing the \$100,000,000 fine.

"Jewry's hostile attitudes toward the German people and the Reich, which does not stop at cowardly assassinations, requires decisive measures and a severe penalty," the decree said.

"I, therefore, decree on the basis of the four-year plan regulations of Oct. 18, 1936, the following: "First, upon Jews of German nationality their entire net worth is imposed a payment of 1,000,000,000 reichmarks."

"Second, carrying out of the order is left to the finance ministry in consultation with other ministers concerned."

Jew Partners Barred The decree forcing Jews from retail and other business was not published in full, but it was disclosed that it provided for dismissal of Jewish employes on six week's notice, after which a Jew would have no claim on his employers.

It also plugged another hole by which Jews might carry on business by stipulating that after Jan. 1, 1939, no Jew could be a partner in a business and that all Jews now partners must quit before then.

A decree of April 27 required registration of all Jewish bank balances, savings accounts, bonds, stocks, real estate and other property. The Nazi regime therefore knows exactly what each Jew possesses, and has the data on which to base confiscation of enough Jewish property to make up the \$400,000,000 fine.

Catholic Palace Attacked In the attack on Cardinal Von Faulhaber's palace at Munich, a crowd broke between 60 and 70 panes on the ground floor after the Cardinal had sought police protection.

Reich could realize that such excess of hatred and malice put upon the friendship which we are ready to offer them an almost intolerable strain.

LONDON, Nov. 12 (AP)—Public indignation over Germany's new onslaught against Jews has quickened Britain's drive for rearmament and pushed Prime Minister Chamberlain's appeasement goal further away.

Amid widespread condemnation of the Nazi campaign came evidence from one of the premier's own ministers it had shaken faith of at least part of his cabinet in his efforts to obtain a lasting friendship with Hitler.

Addressing a national labor council group today, Earl De La Warr, in the cabinet as president of the board of education, said instead of encouraging hopes for appeasement, "events on the continent during the last few days have to add certainty to the conviction that we live in a world in which those who desire to defend the decades of life must be strong both in arms and moral purpose."

De La Warr asserted Britain faced the possibility of a fight "for her very existence," and "that struggle may be resolved in terms of diplomacy or in terms of war."

High churchmen, from the Archbishop of Canterbury down, deplored the treatment of Jews and its effect on Britain's offer of friendship to Germany.

The Archbishop in a letter to the Times asserted: "Would that the rulers of the

Witnesses said the Grand Trunk "special," going east on the main line a mile from the union station in the southwest part of the city, plowed into the New York Central "special," headed north on a siding, just behind the New York Central's first coach.

50 INJURED

(Continued from Page one) Efficiently hard to topple over a bar coach and a passenger coach of the New York Central "special."

Entrances to the overturned coaches were in such positions that rescuers had to use step-ladders to get to the injured. More than 100 persons were in the upset coaches.

Most of those aboard the trains were from Chicago and vicinity. The train crews declined to discuss responsibility for the accident.

Progressive Realignment Move Started

NEW YORK, Nov. 12 (AP)—A drive for solidification of the nation's progressive forces under President Roosevelt's leadership was started today at the first of a series of conferences stemming directly from Tuesday's elections.

Third term talk at the meeting of Mayor F. H. LaGuardia with two Democrats, Governor Frank Murphy of Michigan and Senator Robert J. Bulkley of Ohio, both of whom failed of re-election, was denied. Murphy said afterward:

"I think our minds should remain open on that entire question."

Bulkley said, however, he believed the people have a fixed opinion against a third term and that "there is quite a sentiment against it."

Organization of a third party was mentioned upon the subject while Murphy emphasized a new policy would have to be formulated by leaders of the Progressive movement and that it would have to center around President Roosevelt.

More definite proposals will be discussed in Washington next week. LaGuardia, Murphy and Bulkley plan to be in the capital for further conversations with others who think along the same political and economic lines.

Spearhead of the movement was LaGuardia, who described the election results as a "decided set-back" and immediately started writing and telephoning recognized Progressive leaders in appeals for action.

Some ideas expressed by the conferees here found concurrence in the remarks of CIO Chairman, John L. Lewis, in Pittsburgh.

"I think the general elections indicate the need for greater cooperation and concerted action among the liberal forces of our country," Lewis said.

Murphy said the Progressive movement, in order to be a success, must be centered around the President "because he has done more than any person to make it possible."

"No one needs to be disheartened," Murphy added. "Progressives will take greater courage from reversals of last Tuesday."

Among those the mayor has invited to join the "solidification" movement are the La Follette's of Wisconsin, where Governor Philip La Follette fell before Republicans in his bid for a fourth term.

Wisconsin's governor said "every Progressive will take a cinch in his belt and be ready for the next round."

Sauke Center Banker Plans Chain Revolt

HOUSTON, Nov. 12 (AP)—A banker from Sauke Center, Minn., Ben Dubois, may upset the even temper of the American Bankers' Association annual convention.

Dubois and his supporters, the Independent Bankers Association of Minnesota, threaten to ask the association to cut out branch banking—a sort of chain store system of banking—at the annual convention, which opens here tomorrow.

The Minnesota bankers claim the association has not gone far enough in its opposition to branch banking and may ask that interstate as well as intrastate branch banking be banned.

The issue is old among bankers. At Boston last year the association passed a resolution giving the state banking associations a sort of autonomy over branch banking.

The controversy, old in the history of the association, but polished with some new ideas from Minnesota may become the most bitter fought issue before the convention.

Bankers, however, claim the big convention fight will be over the second vice president, the man who ultimately will become president of the association.

Three nominees are expected to be offered. They are P. D. Houston of Nashville, W. Laird Dean of Topeka, Kansas, and Frank Powers of Mora, Minn. Powers is president of the Minnesota State Bankers Association, which is opposing the fight of the Minnesota Independent Bankers Association on branch banking.

Some 3,000 American bankers are expected here by tomorrow night for opening of the convention, which is to be addressed by Jesse H. Jones, chairman of the Reconstruction Finance Corporation and W. J. Cameron of Detroit, among a group of speakers scheduled to be heard in sessions ending Thursday.

Lewis Suggests Liberal Forces Act Together

PITTSBURGH, Nov. 12 (AP)—On the eve of the first constitutional convention for CIO industrial unionism, CIO leader John L. Lewis suggested today "concerted action among the liberal forces" and renewed support for the New Deal in the wake of Republican gains in the November election.

Lewis' remarks, covering in broad terms questions of labor's role in politics and government and the outlook for labor peace, were regarded in some sources as indicating the political liberalism CIO unions will adopt in convention next week as the vehicle for their future activities.

At a press conference in convention headquarters, Lewis said in discussing last Tuesday's balloting the Democratic party organization needed house cleaning in some quarters and that if there was to be a coalition between the Democrats and labor "certainly there must be an increased understanding as to policy and administration."

Lewis said President Roosevelt had been invited to attend but indicated there was little likelihood the Chief Executive would come.

Instead, it was expected Mr. Roosevelt would attend the convention a message Monday. There was speculation as to what he might say about labor peace since he sent a similar letter to the American Federation of Labor meeting urging that labor leaders "make and keep the peace" and do nothing to close the door to unity.

Clerk Seeks Record Of Ancient Divorce

When it comes to serving the public, the office of the district clerk is called upon almost as many times as any other.

Saturday, Miss Miriam Wilson, district clerk, was laboriously searching through court records to find a certain divorce decree.

The search was the result of the clerk's response to a request from a woman living in San Antonio, who had written here, asking for data on a divorce granted here "sometime" between 1902 and 1913.

The data was needed by the San Antonio woman in making an application for a federal pension.

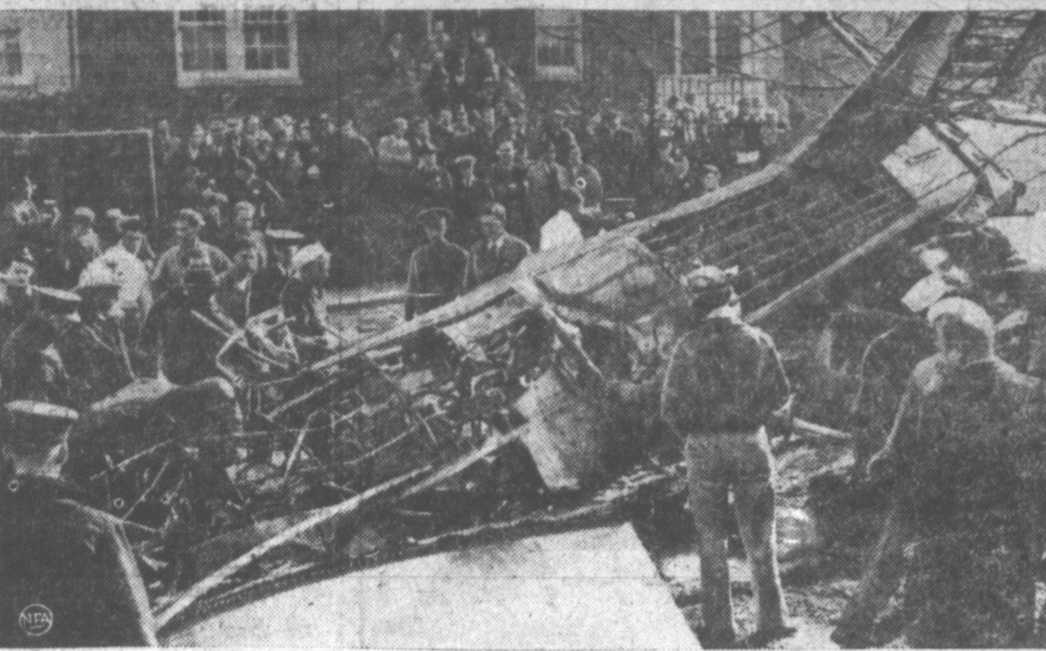

Daughter Of Late Judge Milan Dies At Austin

AUSTIN, Nov. 12 (AP)—Miss Mary Grace Milam, 25, daughter of the late Federal Judge J. H. Milam of Seymour, died here today after an illness following an appendectomy.

Miss Milam was survived by her mother, here, and two brothers, James H. of Lubbock and Thomas of Dallas.

North Carolina's 1938 turkey crop was estimated to be 10 per cent less than 1937 while that of Virginia, a sister state, was calculated to be 12 per cent greater.

Army Plane Dives Into Washington Street

Wreckage of the freak crash of army attack plane in Washington's residential district. Two flyers were killed. Three parked cars hit by plane burned.

200 World War Veterans Attend Reunion At Hut

Pampans adjusted themselves to workday routine Saturday after spending the preceding day in seeing a parade, in the morning and the Pampa-Lubbock football game in the afternoon, as a part of the observance of Armistice day here. Most Pampa stores, the bank, post office, city hall and courthouse closed for the entire day.

Six local school bands, the LeFors High School Kiltie band, and a score of other units, representing Pampa civic organizations, participated in the parade held at 10 o'clock in downtown Pampa.

At 11 o'clock the fire siren sounded, buglers blew taps, and Pampans stood in respectful tribute to the memory of those who died for America.

Bands marched on the gridiron at Harvester park, color guards and color bearers, carrying the national, VFW and American Legion flags paraded to the center of the field, and the American flag was raised on the pole at the north end of the park, as the bands played "The Star-Spangled Banner," preceding the kick-off in the Pampa-Lubbock football game.

200 Veterans Gather

In the evening 200 World War veterans gathered at the American Legion hut, sang war time songs, and had a Dutch lunch.

At 9 o'clock a dance was held at the Schneider hotel. Ken Bennett's orchestra provided the music, which included several songs of World war days. One hundred couples attended the dance.

The Armistice day program here was arranged by a joint committee, representing both the American Legion and the Veterans of Foreign Wars. J. L. Southern was chairman of the general committee, and L. E. McClain, commander of the Pampa post 1657 of the V. F. W., parade marshal.

Mr. Southern Saturday said he was appreciative of the response given to the program of the day. He thanked Police Chief J. L. Downs and his patrolmen for handling traffic for the parade, and also expressed appreciation to committee members and all others aiding in the observance.

First U. S. Citizens Will Attain Beatification In Vatican Today

By SCOTT HERSHEY.

NEW YORK, Nov. 12 (AP)—At five o'clock tomorrow morning, the crystal and gold-plated, bronze casket bearing the body of Mother Francesca Cabrini will be lead beneath the altar in the chapel of Mother Cabrini high school in Upper Manhattan.

The eerie gray of the dawn will envelop New York, but it will be bright mid-morning in Rome. At that hour when Pope Pius XI will issue his decree of beatification for "the little nun," Mother Cabrini, the first United States citizen to attain beatification, the last step before sainthood.

Mother Cabrini's body can be seen reposing on a gold-embroidered satin cushion, worked by the novices of her order. Her features are covered by a waxen mask, lightly tinted and closely resembling photographs of the holy woman. The casket is to be laid in an onyx-lined, glass-fronted tomb, contrasting sharply in its splendor with the simplicity of the "little nun's" life.

Almost from the time of her birth, July 15, 1850, in the Italian village of St. Angelo Lodigiano, she seemed destined for the church. She incurred her own order, the Missionary Sisters of the Sacred Heart of Jesus.

But it was not until Mother Cabrini was 39 that she was permitted to leave Italy as a missionary. In 1889, accompanied by five of her nuns, she came to New York.

It was said "the little nun" could walk unharmed in places where even the police dared not go.

She died in December, 1917, at the age of 67. By that time, Mother Cabrini had founded 67 institutions.

Miraculous Cure Claimed.

Many are the amazing stories told of Mother Cabrini's works, but she is to be beatified on the basis of two miraculous cures—both reported after her death and after physicians had abandoned hope.

One of those saved by the intercession of Mother Cabrini is 17-year-old Peter Smith, who lives up in the Bronx today and is studying for the priesthood. The day of Peter's birth, March 14, 1921, Peter's eyes were washed, not with the customary one-per cent solution of silver nitrate, but with a much stronger solution. An eye specialist said Peter's eyes were beyond cure. Three attending physicians averred.

Mother Harles pinned a relic of Mother Cabrini on the child's gown. All night she and the other sisters prayed. In the morning his temperature was down. The black scars grew dim and finally disappeared and the next day Peter's eyes were well. One of the attending physicians is dead, but the other two testified for the ecclesiastical investigation that the recovery was something unexplainable by ordinary medical science.

Sister Ate, Lived.

It was four years later that Sister Delphina Graziosi, a member of Mother Cabrini's order, lay near death in the Sisters' hospital in Seattle. Several operations for a stomach ailment had been unsuccessful. Hope was abandoned.

Mother Cabrini, an ecclesiastical hearing was told, appeared in a vision to Sister Delphina and told her to eat. The Sisters, upon being told of the event, gave her food. She did eat and in a short time began to recover. The cause of the illness disappeared so far as doctors could determine and Sister Delphina lived to testify to her cure.

McCarley

Leather Gift

-and you'll be money ahead

Men LIKE leather—and these Cameo gifts are truly fit for a king! Distinguished — long-wearing — priced low — they're made to order for gift giving!

Billfolds Are Practical!

Solid leather throughout and roomy but not bulky — here IS a gift a man will use and enjoy! A real value at \$1

Other Styles from \$2 to \$10

CAMEO KEY CASE with License Holder

Compact but roomy... It's fitted with 6 swivel action hooks and a visible license holder. Low priced, too!

The American Red Cross has had a very busy year. During the past twelve months 108,000 persons—victims of 129 disasters—have been rescued, fed, clothed, housed, and given medical and nursing care by the Red Cross.

The Kind Of Reform We Need

It is said in some responsible quarters that few legislative bombshells will be exploded in the next Congress. Government officials, it is rumored, have at last discovered the danger of proposing one piece of experimental legislation after another.

If that is true, it's time for hosannas. For nothing can so imperil recovery and the attainment of a sound economy, as a chaotic and unpredictable policy on the part of the Federal government.

The next Congress would be wise to pay more attention to correction or repeal of questionable laws than to passing new ones. It could do the country yeoman service by eliminating such recovery-blocking enactments as the undistributed profits tax and the capital gains tax.

Behind The Scenes In Washington

By RODNEY DUTCHER, Pampa News Washington Correspondent

WASHINGTON, Nov. 13—Secretary of Agriculture Henry A. Wallace sticks doggedly to his espousal of a "two-price" system for agricultural products with which poor people are inadequately supplied.

From the beginning of the New Deal there has been vague discussion in AAA and the Department of Agriculture of making milk a "public utility."

Wallace's ideas don't carry him that far, but he does contemplate cheap distribution for families which can't buy at regular prices—plus a larger market for farmers who often peddle their surplus milk for a fourth that price.

It was on Wallace's order that the Department press service significantly mimeographed copies of a Consumers' Guide article on operation of the New York system through which poor families buy milk at 8 cents a quart.

Evidence is indisputable that low income families don't get enough milk and that with each reduction of a cent a quart these families buy more.

The nutritionists say adults should have a pint a day, children nearly a quart. (Including equivalents such as cheese and butter.)

All surveys have shown consumption far below this standard. In one city 50 per cent of the families bought more milk when sales in gallon jugs began to cut the price from 10 to 7 1/2 cents a quart.

SHORTER THE BETTER

The National Association of advising political candidates, said:

"Do you prefer big multi-syllabled words? Forget them. If you say 'domestic' for 'home,' 'seat of your learning' for 'school,' 'place of worship' for 'church,' stick to the simpler terms."

The NAB does not report that the candidates paid much attention.

DEFINITION TROUBLE

Seeking to define "professional" employees, as required under the wage-hour act, lawyers of the Wage and Hours Division agreed the word was "impossible of definition." Nevertheless, there was the law and it was further agreed that if no definition were made the omission would be equivalent to saying there was no such thing.

For protection of employers who hired "professionals," a definition must be made. The job of drafting it was handed to 27-year-old Joe Rauh, brilliant Harvard Law School graduate who served the late Supreme Court Justice Cardozo as secretary.

Rauh protested on grounds of extreme youth but was overruled.

(Another lawyer, asked to define "area of production" as required by the act, struggled with it a few days and resigned.)

The result was a four-part "definition" which in effect said a professional was an employee qualified as to knowledge—including something beyond academic education—and doing work not entirely of a routine nature. At a conference of employers and labor representatives called by the Business Advisory Council the employers said this was fine and the labor people said it was "too ambiguous." Rauh and his associates promise further separate definitions for various classes of employees.

Sharing the Comforts Of Life

By R. C. Hoiles

PRESIDENT'S IDEA OF STATESMANSHIP

When the President of the United States says that Governor Murphy made a "pains-taking and statesmanlike effort to bring about a settlement and to avert bloodshed and riot," we get Roosevelt's idea of statesmanship. He evidently believes that it is statesmanlike to concede to any demands of organized labor, no matter how much they infringe upon other people's rights, if it will only avert bloodshed and riot.

When the President says that the heads of the automobile concerns were satisfied with the settlement, we believe he is attempting to read the minds of these men. We do not think that these men believe in the closed shop and we do not believe that the heads of the automobile concerns were satisfied with the settlement. We believe they were forced to acquiesce because the government refused to give them protection in the most important right that man has; namely, the right to work without paying tribute to any individual.

These dictated statements of the President should begin to throw light to the public that he is, in reality, a Fascist and does not believe in the fundamental principles of the right to the pursuit of happiness. He has as nearly unmasked, through these dictated statements to the press on C. I. O. activities, as he has in any of his public utterances. The sooner people learn his ideas as to how wealth is created and distributed, the better off the nation will be.

It is a clear example of the President attempting to go into the State of Michigan and help re-elect Governor Murphy, who does not believe in a free enterprise system, just as Roosevelt does not believe in a free enterprise system.

CAN VOTING MAJORITY DEMOCRACY SUCCEED?

As we see Germany and Italy acquiring colonies and the so-called democracies concerning point after point, the problem that faces those who have read history is how to get the crowd to recognize the cause that make these conditions possible and correct the errors that are causing the decline of practical democracy.

Briefly, it is undoubtedly because the majority think we can limit production, interfere with free exchange and natural rewards and the natural punishment that must come to those who do not make themselves useful to society. The real interference with the accumulation of capital and its use was well expressed by Gustave LeBon, the great French student of crowd psychology on the ability of the crowd to progress and harness the forces of nature.

LeBon pointed out years ago how the crowd believed that machines and capital were the enemies of the workers, just as they believe it today, and the nations that do not allow the crowd to decide fundamental principles of life are the ones who are making progress compared with the democracies that permit the crowd to control on the fundamental problems. He wrote:

"Had democracies possessed the power they wield today at the time of the invention of mechanical looms or of the introduction of the steam power and railways, a realization of these inventions would have been impossible or would have been achieved at the cost of revolutions and repeated massacres. It is fortunate for the progress of civilization that the power of crowds only began to exist when the great discoveries of science and industry had already been created."

These statements should be interesting reading to those who want to know why England and France are permitting Hitler and Mussolini to gain more power.

TO WORK IS TO PRAY

The new Wage and Hour Law, limiting the hours that a man dare work in interstate commerce, is in reality limiting the prayers that a man dare make, if to work is to pray. And probably the best way in the world to pray is to try to work and bring about a condition that will give the greatest possible liberty and the highest standard of living to all people.

The Nation's Press

SABOTAGE OF PRIVATE ENTERPRISE (Chicago Tribune)

Until America changes its laws this will be a land of private enterprise. As such it will place its reliance upon the use of private property to produce the goods it needs for its welfare and progress. Until the form of government, the economic order, and the purpose of laws have been changed the country will depend upon private capital derived from the savings of the people to create and operate productive enterprise.

The New Deal has failed because it has ignored these facts. It has pretended to accept them, but the pretense has been only a cover for persistent and destructive attack upon the saving of money and its use in the making of goods. It has substituted the internal revenue department for the savings bank, federal spending for private investment, and governmental activity for private enterprise.

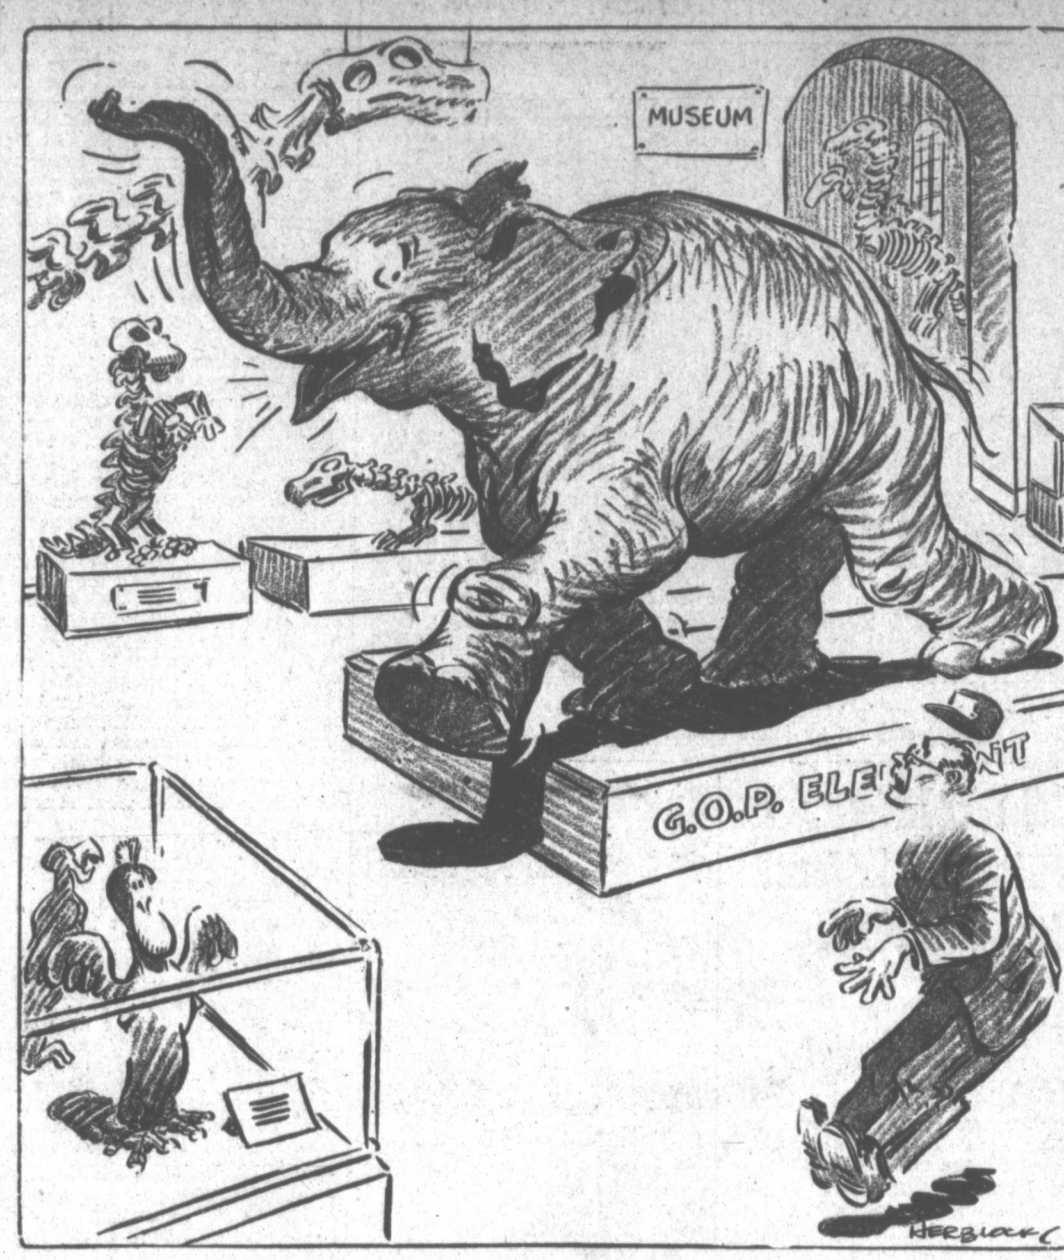

Dr. Howard G. Moulton of the Brookings Institute, talking to delegates to the Mortgage Bankers' association convention, said that control of economic life has gone from private to public hands. Private investment is restricted by baffling regulations. Business has been so hedged in that normal earnings cannot be made. Banks cannot find outlets for their large accumulations of funds. It is necessary for them to find ways of discouraging savings.

"This not only prevents us from raising standards of living through the growth of productive capital," said Dr. Moulton, "but it renders our savings impotent and strikes at the very foundation of the entire capitalistic system. For these reasons the restoration of the free flow of money through the capital markets into the expansion of productive plant and equipment is the central problem in economic reconstruction."

The present government has kept the system of private enterprise merely as window dressing to deceive the eye. Back of it is a totally different system, one of state socialism deliberately breaking down the old economic order, strangling and smothering it. Where the practice is so persistent the purpose must be assumed. The breakdown is intended.

Representatives called by the Business Advisory Council the employers said this was fine and the labor people said it was "too ambiguous." Rauh and his associates promise further separate definitions for various classes of employees.

IT SEEMS THERE WAS A SLIGHT MISTAKE

Around Hollywood

By ROBBIN COONS

HOLLYWOOD—Just the way you and I love a parade, Victor McLaglen must detest uniforms.

Vic won't admit it. He even denies it. He says he had enough of uniforms during the war. And he surely should have had enough of uniforms in pictures. In pictures, he has not been the dumb sergeant and the not-so-bright captain so consistently that he doesn't look natural in civvies. Oh, yes, he's tired of uniforms.

Just the same, when Vic gets at the head of his lighthouse troop, his big chest sticking out under the uniform and his head "rared" back, you can tell it's not just the horse that's strutting.

So Vic, at lunch today, was telling about a friend of his, a retired officer in the Scottish Guards, who is organizing a Scotch-Irish troop to join the McLaglen forces. The new unit's uniform will be kiltie.

"And won't that be a sight to see?" asked Vic, beaming all over that prodigious pan.

We got to talking about uniforms and what makes them popular, and Vic had the explanation at hand: "Oh, you know how it is. These old army birds—they get used to it—and they're not happy unless they can put on a uniform and strut."

And I'm sure the big bruiser did not see anything funny in that, coming from him.

McLaglen has just finished "Gunga Din" and now he's in naval uniform for "Pacific Liner." Then he's going over to Hal Roach's place to make "Captain Midnight," which sounds like another uniform but, he says, isn't.

This McLaglen is a physical specimen to top most others in Hollywood. Like the lady in the ads, he's over 40. In fact, if you inquire, you will find he's over 51, not quite 52. And tough as nails. How does he stay that way?

"Sports, just sports," he says. "That's the why, he says, of his pet hobby—the McLaglen lighthouse troop. He sank \$150,000 into the grounds, stable and clubhouse of his organization, which by now has taken on some aspects of a circus. It puts on shows, periodically, with its fancy riding, its motorcycle riders, its drills, its amateur sports teams which include a women's water polo outfit.

The organization isn't costing him anything now, and he owns the property—except for that little section the Los Angeles river purloined in last spring's floods. Latest sport he's fostering is rugby.

His other hobby—the expensive one—is his magnificent estate in the foothills. Here he has a beautiful English-type home surrounded by lawns and gardens, swimming pool, and a small zoo. The estate's facilities include a smokeroom for curing hams, which is a fine thing for an academy-award winner to have handy.

Vic keeps on making pictures, after 16 years of Hollywood stardom, because he likes it. Won't quit, he says, until he's kicked out. But here is an amazing thing: McLaglen can dish it out but he can't take it. He shies away from seeing his pictures, his previews, his daily "rushes." If he saw them, he says, he'd get so sick of himself he'd have to quit making pictures.

People You Know

By ARCHER FULLINGER

"This is W5BCK calling," and that means that young Billy Hawkins Jr. is on the air, talking with short-wave broadcasters at Seattle, Schenectady, Alaska, Europe, Asia—all over the world.

Bill is one of two Pampans who have licenses to operate a short-wave radio station; that is, they are the two only active short-wave broadcasters in Pampa. Bill's voice has been heard all over the world, and in all parts of the United States by similar operators. Bill inherits his interest in radio from his father who set up the first radio in Missouri. Bill, who is in business with his father now, has been interested in radio ever since he was a kid. He has built all sorts of sets and radio contraptions, and his latest bit of radio engineering is a short-wave transmitter which he will install in his car, and talk to people all over the country as he drives around. (There are now about 70,000 active short-wave broadcasters in the world, 50,000 of which are in the U. S.) Any time you go in Bill's place of business he is likely to be talking with somebody in some place the name of which you can't spell. So after seeing Bill broadcasting and hearing the people to whom he talks, this one nominates Bill's hobby as the most fascinating one of all.

Yesteryear in The News

TEN YEARS AGO TODAY.

George W. Briggs and W. A. Taylor attended the Lions club in Miami when the road situation pertaining to highway 33 was discussed.

More than 150 ex-service men and their families attended a banquet at the Schneider hotel sponsored by the local American Legion post.

FIVE YEARS AGO TODAY.

All men on relief rolls automatically were to become civil works employees on a thirty-hour per week basis, regardless of relief budgets.

An increase of 145,173 bushels in Gray county's wheat allotment, which was to mean an increase of about \$48,000 in the payments for the year, was announced at the office of the county agent.

Cranium Crackers

Some of the following statements are true. Some are false. Which are which?

- 1. Foining is sparring cola. 2. The capital of Kentucky is pronounced as if spelled Looeville. 3. A putty roof is an aster. 4. Thomas Edison invented the incandescent lamp. 5. General Grant said "War is hell."

(Answers on Classified Page)

The income-tax evader is virtually unknown in Japan. Government figures recently issued showed that 99.44 per cent of all taxable Japanese have sent in the checks for 1937.

How's Your Health?

By IAGO GALDSTON, M.D.

CHRONIC ALCOHOLISM.

Alcohol and man present a wide variety of equations, most of which—in our present state of ignorance—seem insoluble.

This judgment comes from one of our leading psychiatrists and casts a dismal hue upon the problem of addiction to alcohol. Yet the situation with regard to the matter is not quite as hopeless as it may appear.

The promising beginning of an effective onslaught on this hydra-headed monster of a problem has already been made. It is the understanding by most medical men that alcoholism is a symptom of some fundamental, underlying personality disorder; and that remedial measures must be directed at the causal or causative factors.

Many conditions are known to medicine which are incurable in their advanced stages but which are nevertheless curable during their early stages of development. Though the following analogies are not precisely fitting, they may serve to make the point clear.

An individual suffering from far-advanced tuberculosis can seldom be completely cured. The destruction of the lung tissue and the widespread dissemination of the tubercular germs within his body cannot be entirely undone. We know, however, that tuberculosis, if treated promptly, can be both arrested and cured.

Hypochondria is not curable once it has developed in the nervous system of man, but it is preventable.

Alcoholism is looked upon as a psychosis, as a serious disease of the mind and psyche of the individual. Addiction to alcohol will not be relieved through the development of a cure but by anticipatory treatment, in a word, by prevention.

The alcoholic addict is unwilling and unable to face the reality that he finds painful. This reality may be external or within himself. If, that is, the ad'ict's environment really may be trying to him, or his environment may be neutral or even favorable, but his attitude toward it may be such that he finds the environment painful.

Much progress will be made when the public, too, realizes that addiction to alcohol is a symptom of disease, rather than evidence of moral weakness, to be treated by social condemnation and moral exhortation.

So They Say

Too fast, Far, Far too fast. —A district judge of Providence, R. I., as Samuel Far was brought before him for speeding.

With this scar I am Public Enemy No. 1. —JOHN LEAL, 3-foot, 10-inch midget protesting that faulty makeup in Hollywood had left him with a vicious scar.

All bridge and chess players are slightly cuckoo. —ELY CULBERTSON, bridge expert.

It looks damn suspicious. —CAPT. E. W. MOESSINGER, commander of the ship Vancouver, after a mysterious explosion had bent the ship's plates inward and beached her.

Tex's Topics

By Tex DeWeese

If you're figuring on getting married—and, Sid Patterson, here's an idea of what can happen to you on your wedding day. . . . Philip Gilbert is a man who can take it. But he has to sit down from time to time. Mr. Gilbert is 24 and he recently joined the ranks of the benedictines after a ceremony that had him on the floor twice. And more than that he says that the wedding ceremony didn't bother him at all. But he fainted twice.

Considerable credit must be given his wife, the former Mary Evald of Washington, D. C., whose father, the Rev. Dr. Paul Evald, performed the ceremony in Metropolitan Methodist Church. Mr. Gilbert fainted the first time when the tones of the organ pealed out in the traditional wedding march. Revived, he carried on nicely until he reached the "I do." Then he fainted again.

Dr. Evald saved the day. He retired with the couple to an alcove of the church where the ceremony was continued with the couple seated in chairs. The world will sympathize with the couple and wish them the greatest happiness after such a hectic start of their married life.

The sudden jolts of Fate should hold little terror for Mary, whose stoutness of heart must always be admired. As for the bridegroom, he's stouthearted, too, although a pair of floppers at the altar is hardly the best way to start married life. He must be extra, however, on an ancient alibi which is still good. It must have been something he ate.

THINGS TO WATCH FOR—Return of the hair-net, this time in gay colors such as orchid, red, pink and Copenhagen blue to match the new fall dresses. . . . New vitamin K, major use of which will be to aid blood coagulation after surgical operations. . . . Novel device for autos making it possible to lock the entire hood of the motor by turning a key on the dashboard. . . . "Free finger" glove with zipper fasteners on the thumb and forefinger which freeze the fingers without removing the glove. . . . Stirring device for chilling drinks without dilution of your favorite mix. . . . Higher shoe prices.

City Of Baird Wins Election Contest

BAIRD, Nov. 12 (AP)—The city of Baird won an election contest in 42nd district court here today. A citizens committee had protested the Sept. 30 election when \$160,000 revenue bonds were voted for a municipal electric light and power plant.

The plaintiffs alleged that 136 citizens were not permitted to vote because they did not have a city poll tax receipt. Judge Milburn Long held that the city had a right to assess a poll tax and require it of voters.

The plaintiffs gave notice of appeal.

Deportation of Aliens Urged By V.F.W. Commander

Deportations of any aliens who show signs of allegiance to foreign dictation was urged Friday by L. L. McColm, commander of the Pampa Veterans of Foreign Wars, in a short address at the weekly luncheon of the Kiwanis club.

Commander McColm also spoke on flag etiquette and the significance of Armistice Day. The group was led by John Sullivan in singing of songs popular in World War days.

The civic club was adjourned early to permit members to make arrangements to attend the Pampa-Lubbock football game.

YOU AND YOUR Nation's Affairs

A Shock to Townsendism

By WALTER E. SPAHR Professor of Economics, New York University

Not long ago I deplored the fact that politicians were endorsing the Townsend plan. In my subsequent mail was a letter, fairly typical of some others received from the Townsendites, written by a man in Hot Springs, New Mexico who begged me as an ignorant and self-seeking economist unmindful of the welfare of the general public and of old people.

The Committee never issues a statement except over the individual signatures of the members who care to sign, and consequently, each person speaks for himself. The Committee is thus purely educational in nature. It is, in fact, freer from any possible bias in its educational efforts than any individual in any academic faculty can be. When a scientific man lectures in his class room or before the public, the possibilities of checking up on his accuracy are rather small. But when the Economist's National Committee proposes to issue a statement on some money and banking question of interest to the country, the proposed statement goes to the full ninety members for criticism before it is submitted in final form to the signatories of those who may wish to endorse it. Therefore when the Townsendites and others see a statement issued by this Committee, which disturbs their dreams, they are nonplused. They do not know how to attack such a Committee and find it difficult to believe their eyes and ears. Their only reprisal are usually in about the ear-rot tone of the one from New Mexico.

County Casts 1,158 Votes For W. Lee

Gray county voters cast a total of 1,158 votes for W. Lee O'Daniel, Democratic nominee for governor, according to an unofficial check-out today on complete returns from all Gray county precincts. Returns from precinct 6, Laketon, were made Friday night. The Laketon box was the last to report. O'Daniel received 27 votes at Laketon.

Alexander Boynton, the Republican nominee for governor, received a total vote of 62 in Gray county. Precincts 12, 13, and 16, all located in Pampa, cast the heaviest Republican vote. Boynton received 13 votes in precinct 13, nine in precinct 12, and seven in precinct 16. As Laketon five Republican votes were cast, one each for Alexander Boynton, candidate for governor, Enoch G. Fletcher, candidate for attorney general, D. Heywood Hard, candidate for judge of the court of criminal appeals, regular term, C. A. Milligan, candidate for railroad commissioner, and H. H. Smellage, candidate for commissioner of the general land office.

Eight votes were cast in favor of the amendment that would change the form of the oath of office, while seven voted against the amendment, making the total vote on the amendment in the county, 330 for and 211 against.

A canvass of the county returns on the general election will be made when the county commissioners meet Monday.

Blanton Mystery Now Two Years Old

AUSTIN, Nov. 12 (AP)—The approaching second anniversary of the "affair" Blanton disappearance case brought a bitter reminder to Texas Rangers today to hunt down the so-called Texas crime mysteries—the Blanton case and the Howard Pierson escape.

Two years ago next Friday, Luther and John Blanton, father and son, walked out of their farm home in the San Ferita cattle country of Scott County to hunt ducks on a lagoon 500 yards away. Neither has been seen or heard from since.

Early last April the bodies of a woman Mrs. Weston G. Frome and her comely daughter, Nancy, of Berkeley, Calif., were found in the rugged, sparsely-settled West Texas brush country, stripped of practically all clothing and battered about the face and head.

Two weeks later, 23-year-old Howard Pierson, who in 1935 lured his parents, Associate Justice William Pierson of the Texas Supreme Court and Mrs. Pierson, into the wood near Austin and shot them, disappeared into the night from the Austin State Hospital for the Insane.

"We're going to solve all three of those cases," State Police Director Homer Garrison Jr. said calmly. "We'll never give up. The best men in the Ranger country have been assigned to them and, if necessary, it will be a life-long job."

BIDS for SMILES

PROOF ENOUGH. Wife: "I'm afraid, George, you don't love me as much as you used to. You always let me get up and light the fire now!" Hubby: "Nonsense, dear! You're getting up to light the fire, make me love you all the more.—Path-finder."

A farmer, visiting his son at the university, took the boy downtown to have his photograph taken. The photographer suggested that the son stand with his hand on his father's shoulder.

"It would be more appropriate," remarked the father, "if he stood with his hand in my pocket." —"at Progress."

Former Pampan Dies Between Cars At Sunray

Leo C. Dodd, 31, former Pampan, died in an Amarillo hospital Saturday morning of injuries received when he was crushed between the couplings of two freight cars on the siding of the Columbia Carbon Company's plant at Sunray Friday afternoon at 3:15 o'clock.

Funeral services will be conducted at 3 o'clock Sunday afternoon in the Carver Funeral Home chapel at Borger by the Rev. J. R. Snell of Pampa St. Matthew's Episcopal church of which Mr. Dodd was a member. The body will be sent to Colorado Springs.

Mr. and Mrs. Dodd moved to Pampa nearly four years ago. They moved to Borger to make their home four months ago. Mrs. Dodd is a member of the University club here. Mr. Dodd was a graduate of Kansas university. He was construction foreman for the carbon company and was supervising construction work at the Sunray plant when the accident happened.

J. C. Auld, superintendent for the Columbian Company, said a locomotive coupled on to one of two cars, which had been standing idle on the siding about five feet apart all day, and shoved one car into the other as Mr. Dodd attempted to walk between them.

He was caught between two tank cars. The cars, used to transport carbon, are similar to large oil tankers. The drawheads of the two cars caught the lower part of his body. The accident happened within about 40 feet of the company office.

Mr. Auld and the three witnesses removed Mr. Dodd from the track and called an ambulance immediately.

The three workmen who witnessed the accident are John Dimock, T. D. Smith and Ben Payne, all of Borger.

Mr. Dodd seemed to be conscious and appeared rational when he was picked up, said Mr. Auld. Suffering great pain, the victim talked only when asked questions.

Mr. Dodd seemed to be conscious Columbian Carbon Company about 3 years, was in charge of the construction of a huge steel storage tank at the time of the accident.

He is married and has one child, George.

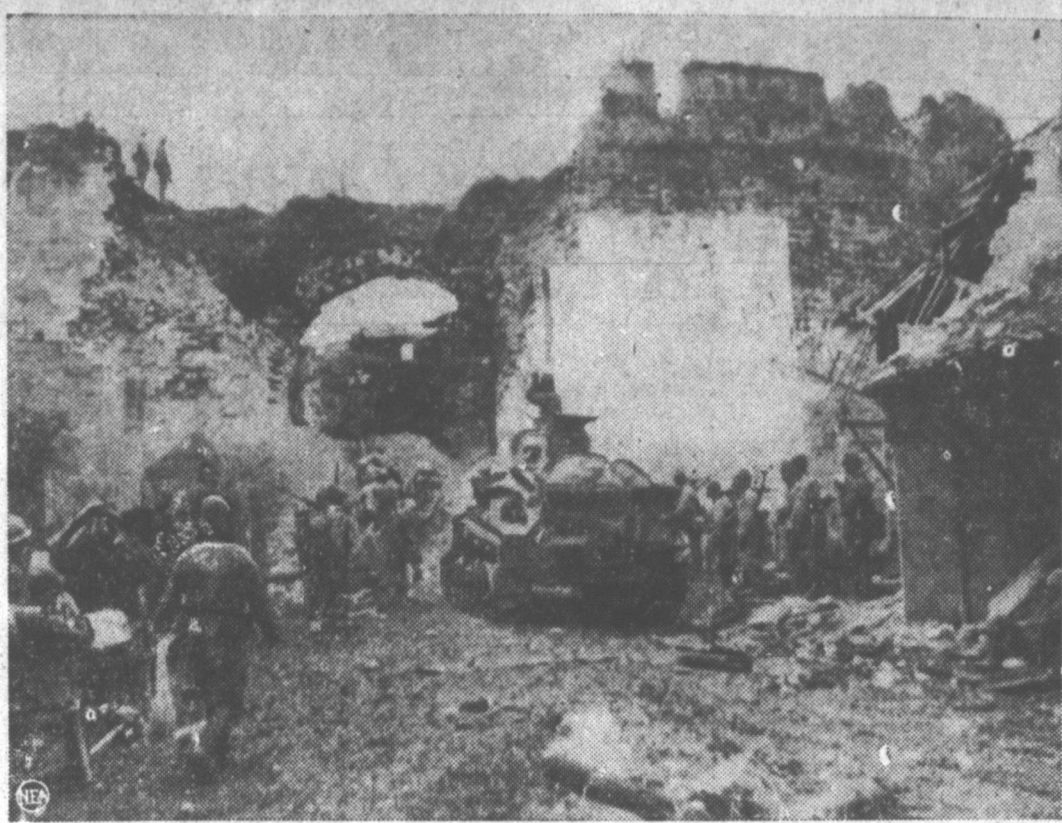

The Dodd family resided at Borger. Funeral services will be conducted at 3 o'clock this afternoon at the Carver Funeral Home chapel in Borger. The body will be sent to Colorado Springs, the home of Mrs. Dodd's parents, and burial will occur in the Colorado Springs cemetery.

The Dodds formerly lived in Pampa. Mr. Dodd was employed here by the Western Carbon company.

Mr. Dodd was a graduate of the University of Kansas, where he received a civil engineering degree in 1932.

He is survived by his widow, Mrs. Marjorie Dodd, and by his son, George, 10-months old.

Japanese Tank Blocks 'Open Door'

Through the dust and debris of battle, smashing over shell-crumbled walls, this Japanese tank frames itself in a ruined gateway near Hankow, blocking at least one "open door" in China.

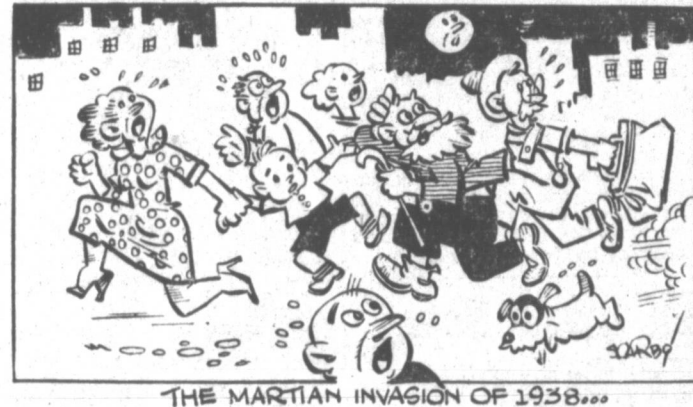

Famous Phoneys Prove Gullible Humans Will Swallow Tall Tales

By NEA SERVICE

Some terrible catastrophes never happened.

Most people believe what they're told; it's easier to believe than to think and weigh and question. That's why mistakes, false reports and downright hoaxes sometimes bring stranger results than the event that didn't occur.

The great Martian invasion of 1938 came pretty close to a high mark in human gullibility. But while federal authorities ponder what to do, if anything, about Orson Welles' radio presentation of "War of the Worlds" they might remember that such mass reaction as was demonstrated the night before Halloween is nothing new.

THE MARTIAN INVASION OF 1938

the money. Poe's "balloon hoax" has become a classic.

GUEST NOBILITY (NOT SO NOBLE)

Easiest way to deceive Americans has always been to pose as a foreign nobleman or "European big shot." Many have done it, but none more successfully than George R. Gaber, Jr., 21-year-old Hungarian student who wanted to see America—and had no money.

and hour and twenty minutes less time than Gertrude Edrile had required.

She became a national heroine, England positively palpitated with pride, until one day Miss Logan broke down and admitted that she had rowed across, entering the water just off the English coast.

She wanted to prove how gullible people would be in the throes of vogue for channel swimming.

THE NEW YORK ZOO BREAK IN 1937

CARDIFF GIANT (BIG GRAFT)

Brimm's epochal discovery that people like to be fooled was never better illustrated than in the case of the Cardiff Giant.

George Hull, a Binghamton, N. Y., tobacconist, and a notorious hoaxer, had stonemasons chisel roughly in rock the figure of a giant ten and a half feet long. He buried it on the farm of a relative, and had it "found."

Such eminent men as Oliver Wendell Holmes and Ralph Waldo Emerson were taken in, but geologists immediately pronounced it an arrant fake.

Nevertheless the public loved it. Barnum made \$150,000 carting it around and exhibiting it.

While such deliberate fakes as the Cardiff Giant or the Balloon Hoax are not in the class with the Welles broadcast, all derived their force from the fact that people read, look, and listen all too carefully for their own good.

Modern Carrie Nation Held In Dallas Jail

DALLAS, Nov. 12 (AP)—A 60-year-old woman who raided a package store here today with a hammer and smashed liquor bottles was taken to county jail for observation.

The modern Carrie Nation said she had had trouble with chronic alcoholism in her family.

"God told me to do it," she told Police Lieut. Roy Richburg.

Federal Agency Loans \$111,627,435 On Cotton

WASHINGTON, Nov. 12 (AP)—The Commodity Credit Corporation reported today loans totaling \$111,627,435 had been made through Nov. 10 on 2,412,129 bales of cotton. The loans averaged 8.89 cents a pound.

The number of bales, by states, which loans were made included: New Mexico, 12,052; Oklahoma, 85,462; Texas, 732,302.

Norway has given women equality with men in competition for government posts and they may be diplomats or even priests in the government-controlled church.

CHANNEL SWIMMER ENGLISH COAST TO ENGLISH COAST

He was conducted through Thomas Edison's laboratories, Pittsburgh steel works, Akron rubber factories, the Ford plant in Detroit. Not until he had been taken all the way to the west coast was he caught at Albuquerque, N. M., on a bad check charge.

At a time when channel swimming was much in the public eye, one Dorothy Logan climbed wearily out of the Channel surf at Folkestone, England, early one October morning.

She collapsed, and announced that she had just swum from France in

Mainly About People

Mr. and Mrs. E. D. Zimmerman and son, Junior, are visiting with friends and relatives here.

Mr. and Mrs. L. M. Key Jr. left Friday morning for Odessa where Mr. Key will be connected with the Reed Bit Company. They have lived in Pampa four years and while here Mr. Key was associated with his father in the welding business.

Mr. and Mrs. W. J. Sturgeon have left to make their home in Lubbock. They have made their home here for the past two years.

Mr. W. D. Lee and daughter, Mrs. Roy Mathers of Miami, were Pampa visitors Saturday.

Wayne Brown of Fort Smith, Ark., is visiting with his aunt and uncle, Mr. and Mrs. J. W. Richards.

Mr. and Mrs. C. C. Bogan Jr. are the parents of a daughter, Lynda Lee, born Friday morning at a local hospital.

Mr. and Mrs. W. F. Biery have returned to their home in Paduca, Kas., after visiting for two weeks with their son, Walter Biery, and Mrs. Biery.

Berton Doucette, a student at Texas Tech, Lubbock, attended the football game Friday and visited with his parents, Mr. and Mrs. A. H. Doucette.

Mr. and Mrs. R. J. Reid of Shawnee, Okla., arrived Saturday evening to visit with their daughter, Mrs. E. C. Sidwell, and Mr. Sidwell.

Miss Ann Swatman of Texas Tech at Lubbock spent the week-end with her parents, Mr. and Mrs. T. W. Swatman.

Mr. and Mrs. Homer Wallace, who have been visiting with Mr. and Mrs. E. N. Franklin and other friends here, left Friday for their home in Davidson, Okla. Mr. and Mrs. Wallace formerly lived here. They attended the football game Friday.

Miss Janet Cole, student at Texas Tech, was a Pampa visitor over the week-end.

Mr. and Mrs. E. E. Smith and daughter of Amarillo, Mr. and Mrs. Kenneth Kurtz and son of Borger, and Mrs. R. L. Kurtz of Coffeyville, Kas., visited in the home of Mrs. H. P. Barnhart Friday. Mrs. Smith and Mrs. Kenneth Kurtz are daughters of Mrs. Barnhart.

Mr. and Mrs. Marjorie Coffey of Amarillo was a Pampa visitor, Friday.

Brad Hayes from Texas Tech at Lubbock attended the football game in Pampa Friday.

Ray Lee Jones of Southern Methodist University was a week-end visitor in Pampa.

Mickey Ledrick of Texas Tech visited in Pampa over the week-end.

Kirk Duncan, who is attending New Mexico Military Institute at Roswell, N. M., visited with his parents, Mr. and Mrs. Ivy Duncan, over the week-end.

Miss Martha Price, who is a student at Texas Tech, visited in Pampa over the week-end.

Miss DeAnn Heiseck, who attends business college in Oklahoma City, was a week-end visitor in Pampa.

Miss Dakey Ann Shields will return to her home in Monrovia, Calif., Wednesday.

Lafelia Watt of Texas Tech at Lubbock visited in Pampa over the week-end.

Mr. and Mrs. Ray Hallman visited McClellan Creek dam on Friday.

A marriage license was issued Saturday to Angus Oswalt and Miss Doris Simmons.

County Attorney Joe Gordon was in Clarendon Saturday.

Dr. R. A. Webb and D. L. Parker will leave Monday on a hunting trip in the Big Bend area.

Hueyln Lacock, principal of Hopkins 1 school, and George Kneirum, principal of the Laketon school, were in Pampa Saturday.

Deputy District Clerk Avis Thompson is visiting friends and relatives in Tulsa this week-end.

County Farm Agent Ralph R. Thomas was measuring land Saturday for the construction of dams on farms near Alameda.

District Judge W. R. Ewing and Court Reporter W. R. Frazer will return Monday to Wheeler for the opening of the second week of the

November term of district court now in session. The November term is for a seven-week period. This week is civil-jury.

Mr. and Mrs. Merlin Cobb of Texas, are in Pampa visiting Mr. Cobb's parents, Mr. and Mrs. O. D. Cobb.

A shipment of 29 mattresses has been allotted Gray county by the Texas Relief Commission and will be distributed to relief clients by the office of Mrs. Willie Baines, county case worker.

Henry C. McGee has been employed as bookkeeper in the sheriff's office, for the period extending to January 1. Mr. McGee began work in the office Wednesday.

Daladier Issues 32 Decree Laws

PARIS, Nov. 12 (AP)—The Daladier government, backed by the demand of 7,000,000 World War veterans for a strong government, tonight issued 32 decree laws to rebuild France within her Democratic framework.

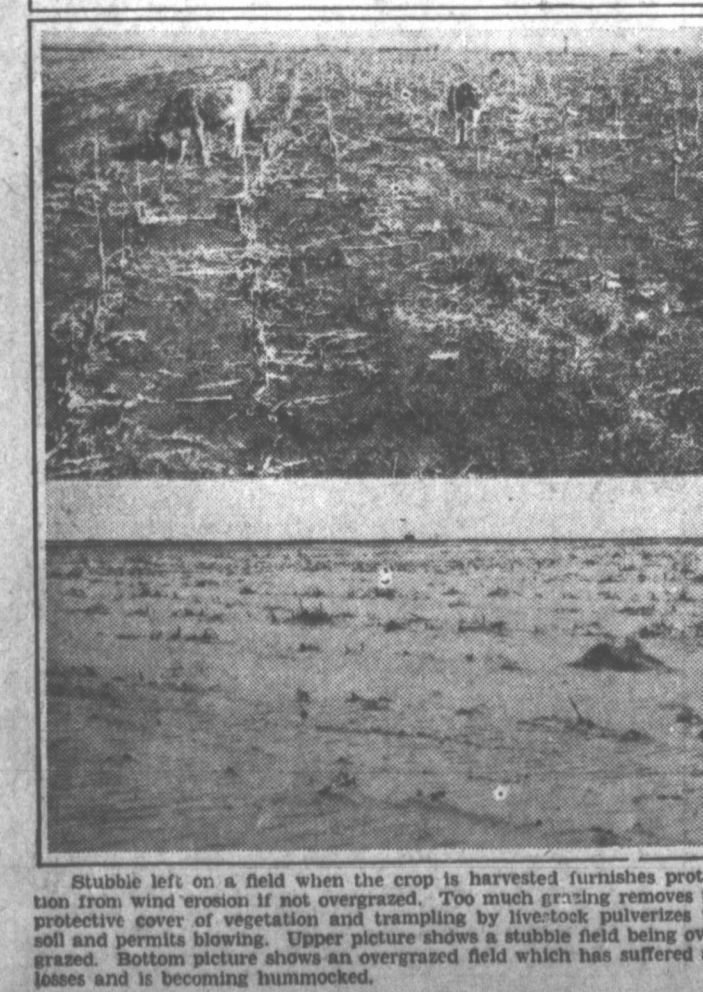

Premier Daladier declared they were the strongest measures that could be drawn without violating "traditional" principles of the French government. Some called them the last chance to avert collapse of the Democracy.

Among laws decreed two days before expiration of semi-dictatorial powers granted by parliament was a measure revaluing the gold reserve of the bank of France at the rate of 170 francs to the pound sterling, or 37.69 to the dollar.

The revaluation gave the government a paper profit of about 22,550,000,000 francs.

Decrees drawn by the labor ministry did not officially change "the principle" of the 40-hour week but said there would be "certain modifications" of the 40-hour week law for a period of three years.

Stubble Grazing Is Dangerous

Stubble left on a field when the crop is harvested furnishes protection from wind erosion if not overgrazed. Too much grazing removes the protective cover of vegetation and trampling by livestock pulverizes the soil and permits blowing. Upper picture shows a stubble field being overgrazed. Bottom picture shows an overgrazed field which has suffered soil losses and is becoming hummocked.

It's got looks—and so have you!

EYE OPENER! With all its extra value, this Buick sedan lists at \$51 less than last year!

IT makes the eye glad and grateful—you spot that the instant your gaze takes in this sparkling Buick for 1939.

It's sleek and swift and businesslike, lean and clean in every line, the trim bonnet low-set, the graceful upper-structure light-and-airy looking, neat and fine.

Will you step in, please, and look it over closer?

Why, it's almost like being in an open car, with the outlook you've got here!

The long nose tapers quickly out of eye-way, the pillars modestly retire to the background, overhead stop lights drop into easy vision—ahead, to right, to left, you can see!

The ruler will tell you there are as much as 413 added square inches of safety glass in this Buick, and these inches are placed where they count.

It has a lot to do with making Buick beautiful, this grand expanse of openness!

And like "catwalk-cooling": radiators low where air pressure is greatest—and the lines of the bonnet: broad, clean, aerodynamically better—

Buick's "stepped-up" visibility both sets a pattern and fills a function.

So take a good look into its bigger, better, broader outlook. It's one thing among many that Buick's got that you'll want in your next automobile.

O'Brien Completes 17 Passes As TCU Wins

Texas Given Worst Defeat In 28-6 Tilt

By FELIX R. McKNIGHT.

FORT WORTH, Nov. 12 (AP)—LVI David O'Brien breezed his unrecaptured Texas Christians over their eighth straight barrier today, with black passing magic that mystified victoriously University of Texas, 28-6.

Not on his balmy day did Silving Sam Bough, O'Brien's noted predecessor, ever hurl such passes as the 160-pound wizard today against a club that had lost seven consecutive games but was throwing its heart into every play.

Twenty-four times O'Brien cocked his poisonous right arm and 17 completions for a net gain of 236 yards and one touchdown resulted. His passes set up the other three scores.

Four of Texas Christian's regulars—Capt. I. B. Hale, tackle, Guard Forrest Kline and the two great running backs, Johnny Hall and Earl Clark—did not play, but the sprinkling of first, second and third stringers allowed Texas past midfield only once.

Scoreless the first period as Texas slammed downfield punts the Christians opened up with O'Brien's passes and the rout was on.

On 12 plays and a 15-yard penalty, the Christians averaged 78 yards for the first score. Sophomore Connie Sparks, the conference's leading scorer, going over from the two O'Brien's darts to Pat Clifford, Woodrow Duckworth led up to the score.

O'Brien Sparks point—the first of four perfect ones he jarred through the posts.

Penalized 15 yards soon after the kickoff, Texas booted out-of-bounds on their own 41. O'Brien heaved a 10-yarder to Durwood Horner then a spot pass that Clifford caught on the 15 and carried for the score.

Two minutes after opening of the third period, Fred Shook, TCU guard, recovered a Texas fumble on an attempted lateral after a punt catch on the Texas 19. Sparks, moved up to the five by a penalty, jarred the Texas line four times to score.

Peter Makes Break.

John Peterson, fine Texas end, manufactured the break that gave Texas its touchdown. On a Christian lateral play, he baited the ball in the air, grabbed it on run 22 yards to the TCU 20. Little Gilly Davis shot a pass to the goal line and officials ruled interference on the Christians' one-yard stripe. Davis circled end for the score.

Back into the game rushed O'Brien, and starting from his own 43 after a Texas kick, he teamed with Duckworth to pick up 15 yards on runs before he found Paul Snow and Charlie Williams, reserve ends, on passes of 20, 19 and 10 yards. Reserve fullback Lucy McClanahan punched the touchdown across from the two.

The Christians rolled up 367 yards by air and ground to Texas' 113 and totaled 16 first downs to six.

America's No. 1 Varsity--Texas Christian

America's No. 1 college football team, in the eyes of most critics and fans, is that of Texas Christian University. The Horned Frogs in the line are, from left to right: Durwood Horner, Allie White, Bud Taylor, Ki Aldrich, Forrest Johnny Hall, Connie Sparks, Davey O'Brien, and Earl Clark.

Irish Wallop Gophers 19-0

By CHARLES DUNKLEY

SOUTH BEND, Ind., Nov. 12 (AP)—Notre Dame's football forces led a scale higher in their march toward the national championship today by overwhelming Minnesota, 19 to 0, before 56,000 astonished spectators who filled the Irish Bowl.

The fighting Irish opened their scoring power in three quick thrusts to achieve their seventh straight victory. The first was an 84-yard gallop by Lou Zontini, first Notre Dame half back, within six minutes after the opening kickoff. The other two were touchdown passes hurled by Bob Saggua, sensational 18-year-old sophomore half back from Kenosha, Wis.

To offset these lightning charges, Minnesota could not get past Notre Dame's 25 yard line. The Gophers tried twice to score with field goals but failed.

The most spectacular spot in their attack came in the second, when they exploded a tricky triple lateral pass. Christiansen to Buhler to Faust, who struggled to Notre Dame's 28.

Strangely enough, the Irish were able to chalk up only two first downs to the Gophets' six.

The issue in the game never seemed in doubt after Zontini broke away during the first few minutes on his 84-yard dash.

The only Gopher tackler who had a possible chance to bring him down was Harold Van Every, but Steve Sitko, Notre Dame quarter, blocked him off.

Saggua's thrilling two touchdown passes were hurled in the second period, one a 33 yard shot to Brown, who took the ball behind the Minnesota secondary and ran 15 yards to score.

With 40 seconds of the game remaining, Saggua fired a 13 yard pass to John Kelly, who caught the ball on the run behind the Minnesota goal line to make the score 19 to 0.

Rose Bowl Talk Ignored In TCU Dressing Room

FORT WORTH, Nov. 12 (AP)—A dressing room, after a football victory, always has been pictured as a place of tumult and shouting; back-slapping and laughter.

The Texas Christian University dressing room does not live up to expectations; it is just the opposite. It makes you feel like you've wandered into the wrong place; it reminds you of a locker room at a swimming pool just after the pool is closed for the night.

There was enthusiasm in the sparkle of eyes and the grins of the Horned Frogs as they trooped into the dressing room after defeating Texas University, aparently-tough rival, 28-6. But there was little or no discussion of the game finished only a few minutes before.

They gave the impression that football to the Horned Frogs may be a pleasure, but it also is a business.

Davey O'Brien, the mighty mite who has traveled to gridiron glory with his ability to pitch a football where he wants it, had little to say—he had nothing to say about a Rose Bowl or any kind of bowl. Oh, yes; he could talk about the team—and he gave the other boys all the credit—but Rose Bowl—that was out.

"We have a good team because we all work together," Davey said. "We're all out there playing as a team."

"How do you account for so many completed forward passes?" "We have," Davey said, "a bunch of real fakery."

"I mean boys who know how to fake and throw the other side off guard. Anybody can pick out a man and throw a pass to him, but it takes a lot of ability to fake and feint like out receivers do, and throw the defenders off their stride. That's why they don't intercept them."

Ki Aldrich, the burly hawk-nosed Frogs' center, had another explanation.

Said as he wiped water out of an ear:

"We've got a good team because we're in condition. I never saw a team in the physical condition of T. C. U. You can play football—winning football—when you're in shape to go at top speed."

"How'd you like to get into the Rose Bowl?" Ki asked trying to look puzzled but making quite a mess of it. "Oh, the Rose Bowl. Sure, we'd like to play in the Rose Bowl but we're not worrying about that. We've got games to play."

"Why is the T. C. U. team so quiet?" I asked. "I never pictured a dressing room like this—especially after a win."

"We'll get noisy," Pat said as he leisurely pulled on a sock. "after the next two games."

The next two games, you know, close T. C. U.'s schedule.

Man's Death Blamed On Radio Merit Attack

BALTIMORE, Nov. 12 (AP)—Samuel Shapiro, 60, died tonight of a heart attack, members of his family said he suffered after listening to a broadcast of a drama depicting an invasion of the nation by men from Mars.

The dubious fame of being known as the country's oldest medical prisoner—officially isolated as typhoid carrier No. 38—had brought her bitterness and finally resignation.

As the Rev. Vincent S. McCambly pronounced the last "requiescat in peace," there were only nine to whisper the response.

For 31 years, since health officials, puzzled by recurring outbreaks of typhoid fever, discovered Mary was

Famed Typhoid Carrier Who Gave Disease To Scores Dies On Island

By JOHN FERRIS

NEW YORK, Nov. 12 (AP)—The frail, wasted body of Mary Mallon, lying in the hearty plumpness of her middle years became known as "Typhoid Mary," innocent agent of death, was lowered into a grave in St. Raymond's cemetery, the Bronx, today.

She had served in many homes, unwittingly bringing disease to those who employed her. But in 1907 Dr. George A. Soper, a sanitary engineer, found her trail.

Isolated on North Brother Island in the East River, she brooded. In 1909 she tried to regain her liberty in the state Supreme Court, but failed.

Could Have Been Cured

The following year she was released after an outbreak of typhoid occurred in a New Jersey hospital and another in a New York hospital.

The authorities learned a "Mrs. Brown" had worked in both, and discovered "Mrs. Brown" was "Typhoid Mary." So Mary was returned to the island.

As age advanced, she became more deeply religious, and authorities built her a cottage and gave her a job in the laboratory. Doctors injected her with billions more of germs in experiments, with no ill effects on Mary. She might have been cured had she been willing to undergo an intestinal operation.

So she went on living on the gloomy island which houses several other disease carriers, and only religion brought her solace as she waited for the end.

Duke Keeps Perfect Record At Syracuse

SYRACUSE, N. Y., Nov. 12 (AP)—Duke's ruthless football machine cut down a courageous but helpless Syracuse eleven, 21 to 0, today to keep the prides of North Carolina in the fore of the nation's teams.

Unbeaten, untied and unscared upon when they came here, the Blue Devils maintained their status with brilliant offensive and a defense that smashed the Syracuse running and aerial attack.

Eric Tipton, halfback, slashed off tackle in the second for 27 yards to the Syracuse 29. The ball went to the 21 on two plays and Tipton smashed three times to the six.

Four plays later Tipton went wide around end for a touchdown. Tony Ruffa kicked point.

Bob O'Mara, in the third period, starting from the Syracuse 44, went through tackle and cuttured for the corner to score. Again Duke converted.

Meet an Uncombed Beachcomber

This sodden, uncombed wreck of humanity is one of the world's best-known actors. Give up! It's Charles Laughton, plummeting from old heights to new depths in his movie, "The Beachcomber."

Sandies Win Again In Last Few Minutes

The Mighty Amarillo Sandies, played of their feet for three quarters by a snapping, snarling band of Plainview Bulldogs, came through in the closing minutes of play to win 14 to 7 in an Armistice Day game in Amarillo.

The win sent the Sandies into the final game of the season Thanksgiving Day in Lubbock with the Lubbock Westerns who eked out a 6 to 0 victory over the Pampa Harvesters.

Lamesa sent Berger's Bulldogs into undisputed possession of the cellar slot by coming through with a 7 to 0 win.

Plainview will invade Pampa Friday afternoon while other district teams will look on. Final games will be Thanksgiving Day with Pampa in Berger and Amarillo in Lubbock.

Plainview scored first, in the second quarter, when Schneider cut off tackle and zig-zagged his way across the goal line standing up.

Starting on their 20-yard stripe in the third quarter, Corbel, Andrews and Thompson ripped and tore the Plainview line until they reaching the 17-yard line where Thompson heaved to Andrews in the end zone.

Midway in the fourth quarter Amarillo worked to the Plainview 1-yard line but three line smashes by the Bulldogs and a pass failed to advance the ball an inch. Plainview punted out with Thompson returning to the 25. On the next play Thompson made one of his spectacular dashes for a touchdown to win the game.

The Sandies' lone touchdown to defeat Berger came just before the half when Anderson caught a short pass over the goal line and then converted for the extra point.

Oklahoma Now Has Only Iowa State To Beat

By AUSTIN BEALMEAR

NORMAN, Okla., Nov. 12 (AP)—Oklahoma's high-seared football machine split the Missouri Tigers apart with three touchdown drives here today to run their victory string to eleven with a 21 to 0 shutout that carried them within one notch of their first Big Six conference title.

A homecoming day-crowd estimated at 23,000 watched the Sooners ground the tatted Missouri aerial attack and take the conference lead as unbeaten Iowa State deadlocked with Kansas State.

The Sooners, now the only unbeaten and untied club in the loop, have only to out-run Iowa State next week to replace Nebraska on the top of the Big Six.

In the first half, the Sooners ripped the Tiger defense to shreds and sped to their first touchdown in the first 13 plays. A march that started at their own 22-yard line late in the first period continued on into the second quarter and brought a touchdown at 20 plays. The last march, in the final period, carried 80 yards and required only 11 attempts.

Paul Christman, Missouri's sophomore passing ace, had too many Sooners in his backfield all afternoon and completed only five of the 15 passes he tried.

The Sooners rolled up 184 yards on the ground and 94 in the air while holding the Tigers to 47 yards on the ground and 77 in the air.

Youth Injured In Game Traffic Line

Wayne Johnson, son of Al Johnson of Pampa, was dismissed from Worley hospital Friday night after he had received treatment for injuries suffered when he was struck by a car on Ripley street. An ambulance was called to take the boy to the hospital.

The accident occurred soon after the end of the Pampa-Lubbock football game, when traffic was at a peak.

Aggies Down Crippled Rice Champions 27 To 0

By OLEN W. CLEMENTS

COLLEGE STATION, Nov. 12 (AP)—Texas A. & M., a team that started the football season with a funny little dance called the double-shuffle, piled more miseries on the sore back of Rice Institute today, humbling the crippled Southwest conference champions 27-0.

The fifth play by the Aggies resulted in a score when James Thomason snared a pass from Waleman and sped 28 yards for a touchdown. Owens Rogers missed the try for extra point.

The Aggies recovered Hancock's fumble on the Rice 35 and in two plays drove to the Rice 17 and pounded to the five on a pass, Dick Todd to James Thomason. John Kimbrough, a rough and ready sophomore back, relieved Price and scored on his first play. Todd converted.

The remainder of the first half was a kicking duel between Jake Schurtle, Rice, and Todd.

After the rest period, the Aggies took the ball on their own 34, and Todd got away for a couple of nice runs, one netting 20 yards, on the Rice eight, and Kimbrough came galloping out on the field again.

The Rice line held the powerhouse soph twice for no gain and then made him use the other two remaining downs to move the ball eight yards for his second touchdown. Rogers booted extra point.

The Aggies sent in substitutes who toyed with the badly crippled Rice team and then got started on another touchdown march, his time culminating in a pass from Marland Jeffrey to Odell Herman, sub back, that netted the Aggies 20 yards and a touchdown. Herman took the pass on the eight and smashed over. Hall converted from placement.

Playing without their stars, Ernie Lait and Ole Cordill, both out with injuries, the Rice team never seemed able to get started.

Th Aggies made 10 first downs to Rice's six. They piled up 151 yards in rushing against 134 for Rice and gained another 151 on pass plays against 10 for Rice.

Panhandle Beats White Deer On Penetrations In 6-6 Tilt

WHITE DEER, Nov. 13—And the jinx is still unbroken! With four penetrations to White Deer's one, the mighty Panhandle Panthers downed the fighting Bucks here Friday afternoon, on a 6 to 6 tie.

The Panhandle Panthers had scored on the Panhandle Panthers the fighting Bucks here Friday afternoon, on a 6 to 6 tie.

With a strong wind and dust one of the important factors, two perfectly matched teams put up a smart hard-fought battle before a crowd of more than 2,000.

It marked the first time in seven years of competition that a White Deer team had scored on the Panhandle Panthers. The Panthers will meet Perryton for the district title, the win over White Deer giving them the championship of the south half.

The wind took charge of affairs in the final quarter when Panhandle had the wind to their back. Up to that time each team had made a single penetration. Then Panhandle punted deep and before White Deer could get the ball away from the shadow of their own goal line Panhandle had taken short punts for three penetrations which turned out to be the margin of victory.

White Deer played a stellar defensive game in the final quarter to keep the Panthers from scoring one or more touchdowns.

Early in the first quarter, Smith, Panhandle's right half, scored on a 15-yard run off tackle, but the kick was wide.

In the second quarter, White Deer, after kicking out on the 2-yard line, recovered the ball on a fumble, and Phillips, Panhandle's right half, scored on a 15-yard run off tackle, but the kick was wide.

Both teams played heads-up ball throughout the third period, but neither threatened to score.

White Deer defense soared in the fourth quarter when a kick by Seitz was blocked and recovered by Panhandle behind the line of scrimmage on their own 15-yard line. On the second play Panhandle broke through to the 10-yard line, on the next to the 5. An offside penalty was called on both teams, and the ball remained in place with a first down and goal to go. The first play put the ball one foot from the goal line, the second within inches.

On the third Panhandle lost a few inches and White Deer took the ball almost on their own goal line. This kick by Dacus was short, going out on the 10.

Panhandle lost about 6 yards. A pass was knocked down, and a try for a field goal was no good.

Taking the ball on the 20, Phillips picked up 2 yards. Moore went through for a nice gain, but fumbled and Panhandle recovered on the 15-yard line. A 15-yard penalty on Panhandle drove the ball back near mid-field, where it remained for the rest of the game.

Panhandle made 7 first downs to White Deer's six.

Drunk Longshoreman Freed In Bombing

OAKLAND, Calif., Nov. 12 (AP)—Herbert Huntsman, 58, San Francisco longshoreman questioned concerning the bomb explosion which disabled the German ship Vancouver here last week, faced nothing more serious today than a charge of drunkenness.

Deputy District Attorney Frank Coakley said Huntsman was released from custody after investigation of remarks termed "suspicious" by an officer of the ship. Coakley said the longshoreman was drunk.

Two New Points

—now play a part in banking policy

Public psychology has lost the element of fear which produced such uncertainty during critical periods in recent years. Public confidence has returned, particularly in respect to the banks throughout the country. As a result bankers know that their deposits will be stable, subject only to the normal currents of inflow and outflow. These changed conditions have enabled banks to return to broader loaning policy toward their customers.

This return to normal sound banking conditions has been fortified in several respects by provisions in newly enacted banking laws. Without going into the technicalities, we might say that they create conditions which give the banks more "elbow room" in respect to utilizing their resources in granting sound loans to their customers.

College Of Pacific Beats Chicago 32-0

CHICAGO, Nov. 12 (AP)—Amos Alonzo Stagg still rules the Midway today—Stagg and his college of the Pacific eleven.

The man who went west a second time because he wouldn't quit coaching at 70 came back to the school he directed 41 years, received "All-Time All-American Coach" acclaim and then watched his Pacific team cooperate with a rousing 32 to 0 triumph over the University of Chicago.

It was Chicago's homecoming and the 76 year old Stagg's too. So some 10,000 fans pressed the Midway today—Stagg and his college of the Pacific eleven.

Harvesters Win As O'Brien Amazes Nation

TCU Leads 5 Big Teams In Grid Thrills

By HERBERT W. BARKER.

NEW YORK, Nov. 12 (AP)—Texas Christian, Notre Dame, Tennessee, Duke, and Oklahoma rolled majestically along the undefeated and untied football trail today but the cast lost its major representative when Dartmouth's Indians were toppled by Cornell.

Texas Christian, ranked in the No. 1 spot in the last Associated Press poll, rolled over the Texas Longhorns, 28-6, as Dave O'Brien continued his amazing passing performance. Notre Dame, ever white-shelled Minnesota into decisive defeat, 19-0, with Sophomore Bob Sague throwing two touchdown passes.

Tennessee, finishing strongly, virtually clinched the Southeastern conference title with a fourth-period, two-touchdown drive against Vanderbilt, 14-0. Duke, the country's only major team with an uncrossed goal line, outlasted Syracuse from start to finish and won, 21-0. Oklahoma, gaining full possession of the Big Six lead, ran up the same score on Missouri.

Cornell's line and the smashing play of Bud Holland, all-American end, were the main factors in the Big Red's 14-7 conquest of Dartmouth. A victory over Penn Thanksgiving day will give Cornell the " Ivy League" crown.

Aside from an epidemic of ties and a few scattering upsets, it was pretty dull going all along the line. East fares well.

Along with Duke's crushing victory over Syracuse, North Carolina could point with pride to its scoreless draw with Wake Forest, yet while the whole, fared well in inter-sectional games. Pitt, rebounding from the Carnegie upset, buried Nebraska, 19-0; Harvard ran over Virginia, 40-13; George Washington nipped Kansas, 9-7; Western Maryland scored an unexpected 18-0 victory over Wake Forest, 20-13, and Army rolled up an unexpected 34-13 count on Chattanooga.

Princeton's Tigers furnished the biggest eastern surprise, stopping Yale, 20-7, mainly on Dave Allerdice's superb passing. Wake Forest, but undefeated Temple, 20-7, and Georgetown, playing tight a schedule to figure in national rankings, remained unbeaten and untied by virtue of a 14-0 victory over West Virginia. Carnegie Tech, one of the section's really successful squads, had no trouble with Duquesne, 21-0, and won the Pittsburgh city crown.

Navy spotted Columbia a touchdown and a field goal and then won, 14-9 while Penn and Penn State played to a 7-7 draw. Amherst won the " Little Three" title with a 41-0 rout of Williams.

Auburn Clicks.

Along with Tennessee's winning rally, Auburn and Georgia Tech gave the Deep South its principal thrills. Auburn, unable to get started earlier in the season, finally clicked and romped all over Louisiana State, 28-6. Georgia Tech grabbed a two touchdown lead over Alabama but the Crimson Tide, hot favorites to win, finally came through to tie at 14-14. Tulane routed Georgia, 28-6, and Mississippi crushed Swanne 39-0, in other Southeastern conference games.

The Southern and Southeastern conferences split in two games as Florida stopped Maryland, 21-7, and Clemson won over Kentucky, 14-0. Virginia Military retained an outside chance to figure in the Southern conference, the Big Ten race remained virtually unchanged when two other leading contenders, Michigan and Northwestern, played to a bitter 0-0 tie before a crowd of 80,000. Ohio State's Buckeyes had a field day at Illinois' expense, 52-14, while Indiana pushed over Iowa, 7-3. Ames Alonzo Stagg's College of the Pacific thoroughly battered Chicago, 32-0.

Iowa State's perfect record in and out of the Big Six went by the boards when the Cyclones barely got a 13-13 draw with Kansas State. Johnny Pincus led a last-period rally that enabled Michigan State to win over Marquette, 20-14.

Washington's Huskies, playing as they were expected to at the start of the season, threw the Pacific Coast conference race into a turmoil by nosing out Southern California, 7-0. This result, coupled with California's 20-0 rout of Oregon, left Southern California and California, tied for the conference lead. Oregon State stopped Stanford, 6-0.

Wisconsin scored a surprise 14-7 victory over C. C. L. A., getting the jump on the Bruins in the early stages of the game.

Utah remained on top of the Rocky Mountain Big Seven conference by a 13-0 conquest of Colorado State.

Perryton Smothers Spearman 7 To 0

SPEARMAN, Nov. 12—A powerful Perryton football team romped in an Armistice day football game to defeat the Spearman Lynx 47 to 0 and won the north half of the district title. Perryton will meet Panhandle in the playoff for the district title, probably Friday afternoon.

Flowers, Williams and Lewis each accounted for two touchdowns with Winters making the other.

Webster Totes Ball 204 Yards To Beat Pampa 6-0

Better Than Pop Bottles

The Lubbock Westerners successfully defended their undefeated conference record here Friday afternoon when a big, blond dynamo named Jumbo Webster paced a big and fast eleven to a 6 to 0 win over a Harvester team that played an inspired defensive game when their goal line was threatened.

Only once was Webster and company able to reach pay through the roused Harvesters' defense. The drive started late in the first period when Lubbock blocked a Pampa punt on the 50-yard stripe. Webster, Martin, and Jackson swept through the line and around ends. With the ball on the Pampa five-yard line, it took Jackson two tries and Webster one to break through. Webster making the last yard. They try for extra point went wide.

Pampa's principal scoring threat came in the fourth quarter after Watkins slipped through for 12 yards. Dunaway recovered a bad pass from center for a loss but on the next play Graham broke off tackle, cut to the sidelines and raced 48 yards to the Lubbock 10 before being forced out of bounds.

Four plays through the line failed to put the ball across. Lubbock tackled Webster on the six-yard line. Graham had nice interference through the line and into the Lubbock secondary but on the last 25 yards he was on his own.

Lubbock a Powerhouse.

Lubbock power carried them to 16 first downs to four for the Harvesters and to 365 yards to Pampa's 92 paces on the ground and 29 more through the air. Because of strong wind, passes went haywire and blew up the Harvester offense. Heaves with the wind went too far and it was almost impossible to pass into the game. Lubbock tried only one pass while the Harvesters attempted four, being complete and two intercepted.

The Giant Webster carried the ball 42 times or more than an entire team off uses and advanced the ball 204 yards. He was thrown for four yards in losses. Martin, Parsons, Jackson, and Dunaway were the main threats although stopped most of the time. Hill, an end, played an outstanding game for the Westerners as did Pipes, big center, and Farris, a tackle.

The Harvester offense was handicapped when Bob Karr, blocking tackle, fouled out of the game. Early in the first quarter he tackled Webster and was almost out on his feet. He refused to leave the game and it was not until he stopped Webster again that he was taken from the field with a spine injury.

Webster and Dunaway also were removed for repairs after stopping the Lubbock giant who played hard-charging football.

Twice officiating breaks went against the Harvesters, once on pass interference and the other when referee Barry Bolton held up the game to count heads on a hideout play, his action tipping Lubbock off. Coach Mitchell sent Solomon to end to replace Kyle. Kyle, instead of leaving across the field started to the east sideline and Kemp started for the Pampa bench. Both Kyle and Kemp were to stay on the field until just before the ball was snapped when Kyle was to step off and Kemp was to take a pass.

On next Friday afternoon the Harvesters will entertain the Plainsville Bulldogs here and on Thanksgiving Day they will go to Borger to wind up the season.

First Quarter.

Lubbock won the toss and decided to defend the south goal with the wind to their back. Pampa received. Karr returned from his 20 to his 39. Two line plays and punts netted two yards and Dunaway punted 31 yards to Lubbock's 39. Webster stroled off his right tackle for 14 yards. Kyle stopped Webster twice in a row, holding him to four yards and Webster passed incomplete on fourth down and the ball went to Pampa on her own 40.

Pampa over on yard and Dunaway's punt made only 5 yards into the wind. Webster worked a spinner for 7 yards, but on the next play he was tackled. Jackson picked up 8 yards but Kemp dropped Alf for two back. Kyle broke through and answered Webster for four-yard loss. Webster kicked out on the Pampa 12-yard line.

After rebound Dunaway in the Pampa two line plays picked up 5 yards. Giddens was injured and replaced by Ripple in the 6 where the ball went over to Lubbock. Webster punted out on his 16.

Three line smashes by Webster gave Pampa over on yard and Dunaway an offside penalty putting the ball on her 23. Jackson and Webster made a first. Alf and Graham recovered on the Pampa 16. After two plays Graham punted to his 43. Webster fumbled and Partrick recovered for Pampa on the 50-yard stripe.

Heiskell replaced Miller in the Pampa backfield and Martin in for Alf. Two passes fell incomplete and a line play failed. Graham punted but it was blocked and the gain was only a yard. Webster made 3 and Jackson followed Webster for 43 yards to the Pampa 27. Webster and Martin made six each to put the ball on the Pampa 12-yard line. Webster carried to the 5-yard line off his first tackle, at the whistle ending the first quarter.

Second Quarter.

Dunaway went back in the game. Solomon replaced Kyle and Montgomery went in for Heaney in the Pampa line. Webster played for two yards, for a first down on the Pampa 23. Webster power puffed for two yards, for a first down on the Pampa 21. Webster went in at fullback for the Harvesters. Webster went over for a touchdown. Foster missed the try for extra point. Lubbock 6, Pampa 0.

Reapers Beat LeFors 20-0

Showing better team play than at any time this season the Pampa Junior High Reapers of Coach Oscar Hinger won a 20 to 0 game from the LeFors Juniors in a game played at LeFors. Only LeFors boys playing were those who will go up to the Pirates next season.

Dinhert opened the scoring for the Reapers when he picked the ball from the hands of Climmons (a Statue of Liberty play) and raced 30 yards for the touchdown. Sticks crashed six yards for a touchdown in the third quarter. Climmons plucked the necessary yardage for a fourth period touchdown. None of the tries for extra point was successful.

A Reaper lineman crashed thru to block LeFors punter and the ball rolled back over the goal-line where it was covered by a LeFors back.

LeFors threatened to score in the early minutes of the game when they carried the ball to the Reaper 30-yard line where a strong defensive stand gave the ball to the Reapers.

Coach Hinger used 21 boys, his entire squad, in the game which saw the last of the season. On Monday afternoon at 4 o'clock Coach Hinger will meet in the gymnasium with basketball prospects.

Watkins Talks Tough As He Insults Mr. Stratton

Smiling Anchors Aweigh. Sailor Tex Watkins roared into Pampa yesterday afternoon and announced that he would huff and puff and blow Walter Stratton, Ohio's gift to the middleweight wrestling ranks, to the four winds Monday night in the main event of Promoter Cliff Chambers' wrestling card.

"Then I'll get this bird, Banaski, if he hasn't left the country," calmly announced the same Sailor Watkins, who thinks he is the toughest mug in the land. If Banaski is still around, Promoter Chambers has offered his friend of the Watkins-Stratton battle the main event next week against Banaski.

"I've heard gusts of wind from the ocean before and they haven't amounted to anything," replied Stratton when he heard Watkins blowing off steam. Stratton is one of the strongest little men in the world. He also knows all about the wrestling business.

The march of feet Monday night will also bring Soldier Thomas of Vancouver, Wash., back to Pampa for a semi-final battle with the Smith-Pedigo, the strong blacksmith of Kentucky.

Opening the card at 8 o'clock sharp, Scotty Williams will clash with the wild and woolly Sheik Marallah.

Reserve seat tickets are on sale at Cretney Drug.

Cornell Ends Dartmouth Reign In 14-7 Upset

ITHACA, N. Y., Nov. 12 (AP)—High school Cayuga's waiter Carl Snaveley's football Custers ambushed and scalped the Indians today.

Cornell scored one of the most memorable upsets of the football season by toppling Dartmouth from the undefeated list, 14-7.

The scalping party ended a war-path raid of the Hanover Indians that had extended 22 games without defeat.

The record-breaking crowd, 30,475 spectators, saw an underdog Cornell team take 14-0 lead midway in the second period.

By land and air the Big Red were masters as they became the first team to conquer Dartmouth since Holy Cross turned the trick early in the 1936 campaign.

The game was nine minutes old when Cornell, sparked by Peck and Eichler, scored its first touchdown, capping a drive land and air that traveled 69 yards. Halted on the Indian 13, McCullough faked back passed to Peck over the goal for a touchdown. An off-side cost Dartmouth a point. Eichler's try from placement was blocked but Dartmouth was offside. In rushed Bob Rose, a sub, and he booted through the uprights.

Coly Howe dropped the ball on a dead run after a dash of 23 yards and Sid Roth recovered for Cornell on the Red 30. Peck, sweeping the line for runs of seven and eight yards, tightened up the Indian secondary. And as it bunched, McCullough flipped a pass to Spang, good for 22 yards. From the one-foot line, McCullough plunged over for the score. Again Rose's placement was perfect.

With but three minutes to go, Joe Cottone returned McCullough's punt 14 yards to Cornell's 44. A pass, Bill Hutchinson to Howie Nopper, gained to the 20. After working the Statue of Liberty play for seven yards, Bob McLeod faked as if to try it again. He handed the ball to Cottone who fooled the Cornell's by throwing a high pass to Ed Wake-lin over the Red goal line. Hutchinson place-kicked the extra point.

During the first month of life there are around 30 death per thousand live births; during the first year of life there are around 55 deaths per thousand live births.

Mobeetie Conquers Canadian 21 To 0

CANADIAN, Nov. 12—The Mobeetie Hornets won an easy victory over the Canadian Wildcats here Friday night at the Hoover stadium by swamping them, 21 to 0.

Playing under difficulties through the loss of Bennie Caldwell because of sickness, the Wildcats found it almost impossible to stop the fleet-footed halfback, Charles Nixon. The spectacular end run by Fullback Ed Johnson and the intercepted pass by J. T. Red in the third quarter aided the Hornets in their victory.

During the first month of life there are around 30 death per thousand live births; during the first year of life there are around 55 deaths per thousand live births.

Tennessee Vols Throttled For Three Quarters

By KENNETH GREGORY.

NASHVILLE, Tenn., Nov. 12 (AP)—Throttled for some 45 minutes, Tennessee's Volunteers struck with two powerful drives in the closing quarter today to defeat Vanderbilt, 14-0, and register their eighth straight victory.

Vanderbilt's Commodores could not muster enough magic to offer more than one serious scoring threat.

Walter (Babe) Wood was the spark of Tennessee's victorious stand, scoring both touchdowns.

The bounding Wood, rushed in to replace the Tennessee ace, George Casper, ran like wild mule and scored twice.

After passing to Bob Andridge for nine yards, Cafego sprinted through tackle to Vanderbilt's 19. Cafego picked up three as the third quarter closed and Wood was sent in.

Line plays, carried to Vanderbilt's 13, and Wood took a dive over the line for the score.

Wood dived back into passing position, swooped, and ran 20 yards to the Commodore 32, and, after Andridge picked up five, he smashed through the line for 14 yards to tie the game.

Line plays, carried to Vanderbilt's 13, and Wood took a dive over the line for the score.

BITS ABOUT BOWLING

Teams in the Pampa Bowling League were unable to make clean sweeps in their series Thursday night as they barbers won two out of three from Cargray, Nehi took a pair from the Lions Club, Gunn-Hinerman won two from Faulkner's and Pampa Press took two from Jones-Everitt.

Third round of play will be Tuesday night beginning at 7 o'clock.

An exhibition game will be rolled Monday night at 8 o'clock when the Nerge Rollators, women's team, plays the Weir Barbers.

Games Thursday night follow:

SMU Beats Arkansas 19-6 To Slay Unbeaten In Conference

By WILLIAM T. RIVES.

DALLAS, Nov. 12 (AP)—A sweet pair of sophomore snipers, Johnny Clement and Ray Mallouf, flipped three touchdown passes today to overwhelm Arkansas, 19-6, and keep Southern Methodist University even in its neck and neck dash with Texas as Christian for the Southwest conference title.

Arkansas strove mightily, and got its aerial game together for its single score, but Southern Methodist's string of reserves kept the Razorbacks on the ragged edge.

The invaders' famed passing attack bogged down, but Arkansas had the statistical advantage, running up 12 first downs to SMU's 11 and having a net gain of 233 yards to 219.

Clement had relieved Mallouf, considered the top Mustang passer. He fired a 17-yard pass to Bill Mullenweg, soph quarterback, who skipped 30 yards for the first try.

The thrust was the only noteworthy play of the first period.

Arkansas drove to the Mustang 12 on nine plays and a pass. Atwood's sharp, Smith-Pedigo, the strong blacksmith of Kentucky.

Opening the card at 8 o'clock sharp, Scotty Williams will clash with the wild and woolly Sheik Marallah.

Reserve seat tickets are on sale at Cretney Drug.

During the first month of life there are around 30 death per thousand live births; during the first year of life there are around 55 deaths per thousand live births.

Playing under difficulties through the loss of Bennie Caldwell because of sickness, the Wildcats found it almost impossible to stop the fleet-footed halfback, Charles Nixon. The spectacular end run by Fullback Ed Johnson and the intercepted pass by J. T. Red in the third quarter aided the Hornets in their victory.

During the first month of life there are around 30 death per thousand live births; during the first year of life there are around 55 deaths per thousand live births.

Playing under difficulties through the loss of Bennie Caldwell because of sickness, the Wildcats found it almost impossible to stop the fleet-footed halfback, Charles Nixon. The spectacular end run by Fullback Ed Johnson and the intercepted pass by J. T. Red in the third quarter aided the Hornets in their victory.

Fans Miss Thrill To Watch Officers

Hundreds of Pampa football fans missed the thrilling 48-yard dash by Captain J. W. Graham of the Pampa Harvesters Friday afternoon at Harvesters field because they were locking at police officers rushing to the south end of the field.

Many fans followed the police, thinking a riot had broken out and the officers left the stadium, jumped into cars and an ambulance and left for the city.

Police left the game in response to a call that a riot had broken out in a night club. Upon arrival the officers learned that an intoxicated man had been causing trouble but that he had driven away before the officers arrived.

Police said the Armistice Day crowd was the most orderly they have seen at a football game.

"Tobacco Road" and "Abie's Irish Rose" are the only two stage plays that have run long enough on Broadway to score as many as 2,000 performances.

Smiler, an aged native in Australia, was sentenced to two years' banishment from his tribe for killing a fellow tribesman.

PARDON OUR POINTING

Experts on etiquette would perhaps lift their eyebrows and stenuously criticize us for pointing... that is unless they knew we were pointing at some mighty swell models in men's fine suits.

Sketched above are the two drape models that are most popular this season, the double breasted peak and the 3-button notch lapel. These models we feature in Varsity-Town and Hart Schaffner and Marx clothes. See these smart models featuring casualness, freedom and ease... they're to be had in a wide variety of colors and fabrics.

29.50 and 35.00
other suits from 20.00 to 45.00

TOPCOATS TO SUIT EVERY OCCASION
17.50 to 42.50

There's no rhyme or reason in wandering around looking at topcoats here and there... When you can see a world of topcoats and a world of style here in one grand showing... There's "Raglan's"... "Bal Coats"... "Swagger" coats, etc... all of them a little smarter... a lot better.

Market Briefs

NEW YORK, Nov. 12 (AP)—It was almost entirely a steel stock market today with leading issues in this group mounting to new peaks for better than a year at gains running to more than 2 points.

While the list generally finished the week on the upside, many recent leaders acted a bit tired and most were able to tack on only modest fractions. A number of minor losses were also in evidence at the close.

Traders got behind the steels as signs became more pronounced of climbing production in this field. Earlier estimates were said to have been revised upward.

The Associated Press average of 60 stocks was up 3 of a point at 227, squaring the year's high. On the week the composite held a gain of 2.2 points. Transfers amounted to 1,008,889 shares.

Posting new tops since October, 1937, were U. S. Steel, Bethlehem, Republic, Youngtown, National Steel, American Rolling Mill, General Motors, United Air Lines, Sharp & Dohme and Monsanto Chemical.

On the upside were Douglas Aircraft, American Telephone, Kennecott, Westinghouse, Johns-Manville, Santa Fe, N. Y. Central, Chrysler, J. I. Case and International Harvester.

(This is the first of a series of "Behind the Scenes" articles on Pampa schools, which will appear each Sunday in the Pampa News. A second article, devoted to the second grade, will appear in next Sunday's issue.—Editor's Note.)

One year doesn't make much difference in the mental capacity of adults but it's tremendous in the lives of children.

When teachers of the 300 first-grade pupils in Pampa schools start to teach the children who are beginning the 12-year march to a high school diploma, they are constantly reminded of the difference in mental powers between a child six years and one month old and one six years and 11 months old.

Children's minds are developing so fast at the age of six that only a few months difference results in a big difference in their mental powers.

This is a fact that Pampa teachers consider salient and one that is remembered when they determine the child's ability to learn. The first grade in Pampa schools is more of an orientation process than of the old-fashioned, rigid, class room study, that was a cumbersome introduction of young minds to the strange world of education.

In first-grade classes in Pampa schools, children are taught to recognize colors, to recognize objects and then to learn the identifying word for these objects. Children in the first grade do lots of drawing and learn the use of colors. They are taught something of music, and are encouraged to read, but reading is not a subject that is crammed down their throats the very first day they enter school, as it was in some schools 20 years ago.

Some first-grade pupils are taught to write, but not in the same way as formerly. Instead of worrying minds with a lot of rules of correct penmanship, Pampa first-grade teachers now instruct pupils by having them write letters as they appear in type. This method is continued in the second grade also.

The future Pampa High School class of 1950 is getting the benefit now of the modern idea to make the first grade a grade adapted to fit the needs of six-year-olds, and is not the mere imitation of the higher grades as it was in many schools two decades ago.

Children Killed In Hide And Seek Game

DALLAS, Nov. 12 (AP)—Leroy Cooper, 8, played hide-and-seek with death today.

He was killed and his five-year-old sister, Helen, was injured when struck by an automobile driven by Mrs. E. R. Tanner, a friend.

The Cooper children, Leroy, Helen and Bobbie, 10, were playing hide-and-seek in weeds along a lane. They saw Mrs. Tanner's car approaching. The survivors said they crouched in the weeds to jump up and surprise Mrs. Tanner.

BUILDING PERMITS

The values of Texas building permits the past week indicated a slightly lower rate of building in the state. Last week, the state's 10 highest cities registered a total of \$964,412; this week, \$940,722.

Galveston moved from eleventh to third place in the week's totals.

The totals from 16 representative cities:

City	Week	Year
Houston	\$228,405	\$22,658,745
Dallas	204,953	7,848,336
Galveston	169,331	2,357,573
Austin	69,844	2,096,121
San Antonio	63,917	4,501,792
Fort Worth	57,148	5,012,718
Lubbock	55,500	2,332,429
Amarillo	37,750	1,869,970
Wichita Falls	26,984	842,981
Midland	25,300	855,770
Corpus Christi	21,631	2,474,498
Tyler	18,327	1,340,313
Decatur	12,175	1,133,857
Corpus	7,925	195,484
Big Spring	6,655	104,655
Port Arthur	4,791	3,383,707

A Burman, aged 110, has had six wives but was never hen-pecked, he claims, and the simple life is the long one.

More than 25,976 jobs have been supplied 13,145 studnts through the Employment Bureau at the University of Michigan since 1927.

ing close which did not hold the short session's full output.

Wheat found support in over-the-holiday advances abroad, strength in securities and an improved world export picture. The restraining factors of big supplies, approaching Argentine movement and an indefinite domestic export outlook kept buying in check, however.

Wheat closed 1/4-1/2 higher compared with Thursday, Dec. 6 1/4-1/2, May 65-50 1/2, corn 1 1/2-1 1/4, Dec. 48 1/2, May 51 1/2, 1/2 oats were unchanged to 1/4 higher, rye 1/4-1/2 up and lard unchanged to 8 lower.

NEW ORLEANS COTTON

NEW ORLEANS, Nov. 12 (AP)—Cotton futures were active in today's short session and local and foreign buying lifted prices 2 to 4 points above the previous close.

The buying movement was attributed to continued activity in Worth Street. Dec. contracts closed at 8.76, Jan. at 8.55, March at 8.66, May at 8.46, July at 8.31, Oct. at 8.08, Dec. (1938) at 8.10, and March (1940) at 8.12-bid.

Spot cotton closed steady and middling advanced 3 points to 8.56.

CHICAGO GRAIN

CHICAGO, Nov. 12 (AP)—A background of consecutive factors helped lift the wheat market almost a cent a bushel in times today but buying lacked breadth and enthusiasm. The result was a waver-

PAMPA'S QUALITY DEPARTMENT STORE

"Your Job And Mine" Theme Of B-PW Program

Pampa Business and Professional Women's club met in the city club rooms last week for an official gathering.

In the meeting, which was called to order by President Christine Cecil, the minutes were read by Pat Austin and the evening's program was then presented by Mildred Laferly. Ruth Walrad gave a portrait of a lawyer's secretary, Adrien Brall discussed the mechanics and future of a position in a public utilities office; Louise Warren painted an inside picture on school teaching, and the nurse's viewpoint was revealed by Mary Lou Downs. The program was in keeping with the National Business and Professional Women's club theme for 1938—"Your Job and Mine."

After the program Madge Rusk

Lillian McNutt, Lela Mann, Ruth Ripley, Helen Jo Daugherty, and Charlie Hill, new members, were initiated.

Clara Lee Shewmaker then gave a report on the Wichita Falls district meeting and the activities of Pampa's delegation of four, who were, in addition to the speaker, Audrey Fowler, Grace Pool, and Katie Beverly.

President Cecil called an emergency meeting of the board of directors in regard to plans for a special representation at the regional convention in Oklahoma City on November 11, 12, 13. After general discussion of future plans for holiday festivities, club adjourned.

Those attending were Maurine Jones, Vera Lard, Madeline Murray, Kathryn Chestnut, Ida Hughey, Lucille Douglas, Audrey Fowler, Lillian Jordan, Katie Beverly, Julia Kelley, Iva Ebern, Alta Byrd, Elizabeth Alchison, Pat Austin, Gladys Robinson, Vada Lee Lawson, Sara DeWoody, LaVada Robinson, Jessie Marie Gilbert, Katharine Ward, Mabel Gee, Myrtle Simmons, Sophie Behrman, Tillie Lipsky, Laura Belle Cornelius, Evelyn Hamilton, Adeline Brazz, Ruth Walrad, Mary Lou Downs, Mildred Laferly, Clara Lee Shewmaker, Ruth Caraway, Lorene Row, LaVerne Coston, Madge Rusk, Lillian McNutt, Lela Mann, Ruth Ripley, Helen Jo Daugherty, Charlie Hill, Grace Pool, Leora Kinard, Louise Warren, and Jean Barnes.

96th Birthday Of Mrs. Brown Observed By Group At Party

HIGGINS, Nov. 12.—Celebrating the 96th birth anniversary of Mrs. J. C. Brown, a small group of friends and relatives gathered at her home here recently.

An invalid, Mrs. Brown, has been confined to her bed for a number of years. Born in 1842 in Illinois, where she spent her childhood, she came to this section in 1906 where she has since resided.

Mrs. Brown is the mother of two daughters, Mrs. Mable Price of Ingleswood, Calif., and Mrs. Rhoda Shawnee, Okla. She also has three sons, F. E. Brown, Ceres, Calif.; B. W. Brown and J. O. Brown of Higgins; 27 grandchildren, 44 great grandchildren and three great great grandchildren.

King Club Hostess At Meeting Of Recreation Group

PANHANDLE, Nov. 12.—King Home Demonstration club was hostess to Carson County Recreation association members when they met in the Panhandle Inn recently for a business and social meeting.

The following officers were elected: president, J. W. Randel of Tony Ridge, vice president, Don Ayers of Skellytown; secretary, treasurer, Mrs. Don Ayres; reporter, Mrs. Ernest Fogdron, Panhandle.

Mrs. A. Sullivan and Mrs. Ben McGregor were in charge of the games which were directed by Mr. Randell with Johnny Homen furnishing the piano music.

Refreshments of apples and candy were served to those present.

Breakfast Will Entertain P-TA Group At Lubbock

By EUGENE MANN
Publicity Chairman

Eighth District delegates and visitors to the state convention at Lubbock on November 15-17 will have a special breakfast on November 16, Wednesday, at 6:30 a. m. in the Hilltop Hotel. Mrs. H. P. Clemons, Dimmitt, is in charge. Parents of students attending Texas Tech are urged to bring their sons and daughters with them to the breakfast.

Three associations have been organized in the Eighth District since the opening of the fall term of school: Hopkins No. 1, Gray county; Lakeview, Hall county; and East Ward, Borger.

Connally in Randall county; Estelina, Hall county; and Tyler school in Potter county are associations which have been reinstated.

J. L. Beard, deputy state superintendent, Childress, was a principle speaker at a conference of all local units of Hall county at Brice on November 4. Merlin Henderson, Lubbock, spoke on Uses of Film Strips in Visual Education at the same meeting.

Associations represented at the afternoon and evening meetings were: Memphis, Newton, Pliska, Salsbury, Lakeview, Ed. Deep Lake Lubbock, Childress and Tesley.

Er. and Mrs. R. J. McReynolds of Dumas announce the birth of a son, Robert John, on October 24. Mrs. Reynolds is first vice-president of Eighth District.

Priona unit heard "Look Into the Years Work" by Mrs. Wilson at its October meeting. The general theme of the year for this Edelman was also a speaker at the same meeting when reports from a school of instruction at Barima were given by Mrs. Blackwell and Mrs. Hughes.

Priona PTA sponsored a Halloween carnival on October 28.

West ward unit at Borger heard Superintendent W. A. McIntosh speak on "The American Home" at its November meeting. Third grade pupils demonstrated their puppet show at the same session. This unit realized over \$20 from a Halloween box supper. Ladies of the association are assisting with the Borger Red Cross Roll Call.

Petrolia unit at Borger made over \$30 at their carnival. Local merchants assisted the organization with donations.

Senior BYPU Of Denworth Church Has Social Event

DENWORTH, Nov. 12.—Senior B. Y. P. U. members of Denworth Baptist church were entertained by Mrs. R. L. Marshall and Mrs. Vester Dowell at the home of Mr. and Mrs. Earnest Dowell recently.

Games of bingo and Chinese checkers were played after which refreshments of gingerbread with whipped cream and hot chocolate were served to the following seniors: Jack and Ed Denton, Stayton and Lawrence Jones, W. R. and Coleman Brown, Kenneth and Georgia Nell Browning, Mary Louise and Norma Lantz, and Joyce Dowell.

Visitors were Mr. and Mrs. Vester Dowell, Mr. and Mrs. R. L. Marshall, Mrs. Earl Wells, Donald Dowell, Mrs. H. T. Sullivan of Magic City and the host and hostess.

Horace Mann Has Guest Speaker At Recent P-TA

Addresses by Mrs. Tom Duvall and Principal Ernest Cabe were featured at the regular meeting of the Horace Mann Parent-Teacher association last week.

Opening the program were selections by the school band under the direction of Herbert Miller. A flag drill was conducted by the second grade children of Miss Mary Reeve's room accompanied by Miss Jimma Seary. Mrs. H. C. Stevens was leader of the program which included an Armistice Day reading by Mrs. N. Dudley Steele, the singing of "America" by the group, and the invocation by the Rev. C. R. Howard.

In discussing adult education, Mrs. Duvall pointed out that academic freedom should mean freedom to learn. The Greatest Teacher taught adults and George Washington urged mass action to promote education in the age of individualism, she added. Mrs. Duvall told that Horace Mann was interested in public education because he thought it would alleviate suffering. The function of education should be outside public opinion as true education is to cherish and disseminate knowledge.

The need of dependability, a willingness to do more than we are paid for, was cited by Principal Cabe in his discussion of the place of the school in vocational work. Too great an attitude of grievance, such as someone owes me something, prevails, he stated. Employers today are looking for initiative, self reliance, and right attitude which are being taught in school, Mr. Cabe concluded.

Eighth Birthday Celebrated With Party At Phillips

PHILLIPS, Nov. 12.—Mrs. Horter Dillon honored her daughter, Frankie Stepp, with a party on her 8th birthday recently.

Popular party games were enjoyed throughout the afternoon and Frankie received many lovely gifts.

The little birthday cake topped with eight candles was lighted and after the candles had been blown out, it was cut and served with other refreshments to Joan Faruhar, Norma Francis, Mary Lee Kennington, Carley Ann Caris, Janet Courtney, Patsy Ray Woods, Buddy Kennington, Harlen Youiker, Donald Ray Willis and the honoree.

Yellow and orange nut baskets filled with mints were given as favors.

England's St. James' Palace was discarded many years ago and court now is held in Buckingham Palace.

New Star Rising Over the Rialto

Newly risen star in the New York theatrical firmament is Adele Longmire. Critics acclaimed her "Ann Rutledge" in the current hit, "Abe Lincoln in Illinois."

Holy Souls P-TA To Give Attendance Award Each Month

At the meeting of the Holy Souls Parent-Teacher Association Thursday afternoon in the school auditorium, plans were made to give a traveling prize each month to the com having the largest number of mothers present.

The P-T-A will sponsor a party for the room having the most paid up members at the December meeting. The party will climax a membership drive which is in progress now.

Mrs. D. C. Kennedy presided at the meeting in which a paper on "Three Agencies Aiding the Child and Their Relation to Each Other" by Mr. E. B. Tracey, Katherine Ann Meyers entertained with a dance and musical numbers, were given by Bill Haley and his accordion band.

The year books were given out by Mrs. Clayton Husted, chairman of the year book committee, and Mrs. A. D. McNamara reported that new school equipment has been bought for the school.

Thirty-five parents were present.

Mrs. Roberts Guest P-TA Speaker For Woodrow Wilson

Two new chairmen, Mrs. Thomas Cox, procedure publicity book, and Mrs. C. A. Vaughn, hospitality, were introduced at the regular monthly executive board meeting of the Woodrow Wilson Parent-Teacher association at the school.

Opening this meeting, the president, Mrs. T. E. Morten, read a letter from the state president, Principal Frank Monroe, Mrs. Morton, and one delegate at large were appointed to attend the state P-T-A convention at Lubbock.

Mrs. L. J. McCarty was leader of the regular meeting which was opened with a prayer and reports from the executive committee. Mrs. Don Blair announced that the year books have arrived for the procedure course.

The speaker, Mrs. Fred Roberts, who spoke on "Work and Thrift," was introduced by Mrs. McCarty.

"If we desire for our children a future rich with that happiness that comes from normal and balanced living, we must give them a love of work and a desire to do it well. There can be no satisfaction without work and no contentment without responsibility. We must push every effort to find our child's place as a worker in this world of ours," Mrs. Roberts pointed out.

"Thrift is saving and wise spending also. An allowance that is divided equally among giving, saving and spending is the most satisfactory for the grade school child. He should never save money as such but only as it is to be used for a specific purpose. Thrift has value as a character builder and that value lies in the use of money saved. Children hunger to be led. Worth while objectives are not enough, a good plan is not enough, a disposition to act is not enough; someone must make it appealing to them, someone must make them loyal to the purpose, someone must call out and sustain enthusiastic effort and that duty falls on the parent," the speaker concluded.

In the open discussion group which was led by Mrs. W. A. Breiling, Principal Monroe told of the new plan to assist pupils who do poor work in various subjects. Each teacher is assigned a subject to teach these children until they are capable of doing average work, thus

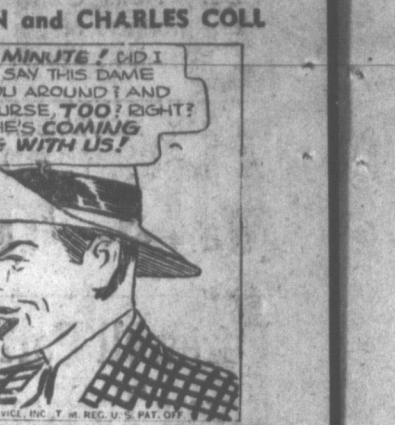

Mrs. Baker Reviews "Lena Geyer" For Paragon Members

PHILLIPS, Nov. 12.—Mrs. R. V. Baker gave a review of the book, "Lena Geyer," when the Paragon club met last week at the Phillips community hall. Mrs. C. C. Tate read a paper on "American Folk Music."

Medames Harry Dremman and R. M. Wallace were hostesses.

During the business meeting the

club made plans for a bridge tourment

Nov. 21.

Guests present were: Mesdames Andy Anderson and Earl Blackburn. Members answering roll call were Mesdames W. W. Brooks, Don Dilley, Mike Hale, G. A. Iwash, Kenneth Kurtz, John Mizell, F. H. Mulrooney, Andy Norton, Ralph Platzer, R. P. Roberts, R. E. Sharp, C. C. Tate, R. V. Baker and the hostesses.

Chipmunks are known under the generic name, "Tamias," meaning steward, because of their habit of storing away provisions.

Fluffy Cleansing Cream

by Elizabeth Arden

Elizabeth Arden has developed a new cleansing cream for those who prefer the "cold cream" type. She has named it Fluffy Cleansing Cream because it has the consistency of light whipped cream. For those who prefer the liquefying type, there is her Ardena Cleansing Cream, known to women the world over for its excellence.

5 Oil Wells Completed For 2,018 Barrels

4 Locations Reported In Plains Field

Winter weather which struck the Panhandle last week curtailed activity in the Panhandle oil field somewhat but Texas Railroad Commission employees from the local office caused five oil wells and one gas well during the period.

New oil totaled 2,018 barrels with four of the five wells in Hutchinson county, capable of producing 1,257 barrels. The best well of the week was in Carson county where the United Crude Oil Company's No. 5-A Cooper in section 22, block 7, I&GN survey, was given an open flow potential of 761 barrels with pay in the lime formation.

The Phillips Petroleum Company completed a gas well in Moore county good for 39,533,000 cubic feet.

Only four new locations were staked during the week, two in Gray county and one each in Carson and Hutchinson counties. Three of the new locations were made by the Magnolia Petroleum Company, two in Gray county southeast of Pampa and the other in Carson county.

The Panhandle field, like all others in the state, has felt unsettled conditions in the oil industry but has a better percentage of completions compared with 1937 than in all but two fields.

To date this year 448 wells have been completed in the Panhandle compared with 663 to the same date last year or a decrease of 195 wells. The West Texas field has registered a decrease of 611 wells, the southwest Texas area of 964 wells and East Central Texas of 324 wells.

Completions in the field, by counties, follow:

In Hutchinson County.
Phillips Petroleum Company No. 9 Thompson, section 27, block M-23, TORR survey, gauged 151 barrels with lime formation between 3,136 and 3,164 feet.

Cy Reiger No. B-3 Hodges, section 14, block X02, H&OB survey, tested 542 barrels. Pay was from 2,895 and 3,037 feet in lime.

Gulf Oil Corporation No. 85 Dial, section 90, block Z, GC&SF survey, tested 199 barrels with pay between 2,965 and 3,030 feet in lime.

Phillips Petroleum Company No. 35 Cockrell Ranch, section 2, block M-21, TORR survey, was given a potential of 365 barrels with pay from lime between 3,012 and 3,054 feet.

In Carson County.
United Crude Oil Company No. 5-A Cooper, section 22, block 7, I&GN survey, gauged 761 barrels. Lime formation was between 3,160 and 3,202 feet.

Gas wells tested:
In Moore County.
Phillips Petroleum Company No. 1 Mills, section 152, block 37, H&TC survey, gauged 39,533,000 cubic feet.

Intentions to drill:
Magnolia Petroleum Company Tom Cuthin No. 3, 250 feet from the west and 660 feet north of No. 4 in the NW 1/4 of section 37, block 3, I&GN survey, Gray county.

Magnolia Petroleum Company Fee 227 No. 24, 990 feet from the north and 2,310 feet from the east of section 11, block 3, I&GN survey, Gray county.

Magnolia Petroleum Company Fee 244 No. 47, 1,310 feet from the west and 1,337 feet from the south of NW 1/4 of section 89, block 4, I&GN survey, Carson county.

Parton & Holt J. A. Whittenburg No. 2, 330 feet from the north and 990 feet from the west of NE 1/4 of section 15, block X02, BS&F survey, Hutchinson county.

El Trio Mesa Club Has Regular Weekly Meeting For Guests

PHILLIPS, Nov. 12—The El Trio Mesa bridge club held a regular weekly meeting in the home of Mrs. Vesper Perry last week. Guests of the afternoon were Mrs. Dub Anderson and Mrs. Bernard Hinds.

The Thanksgiving motif was stressed in tallies, score pads and refreshments.

At the conclusion of the games Mrs. Gordon Ham won high. Mrs. Vesper Perry, second high. Mrs. J. D. Shipp, third; and Mrs. Frank Snyder, cut.

Others playing were Mesdames Wesley Mason, Lent Brown, W. G. Steele, Ralph Lobaugh, Paul Carver, and J. C. Spurlock.

The club meets next Wednesday in the home of Mrs. Cecile House with Mrs. J. C. Spurlock hostess.

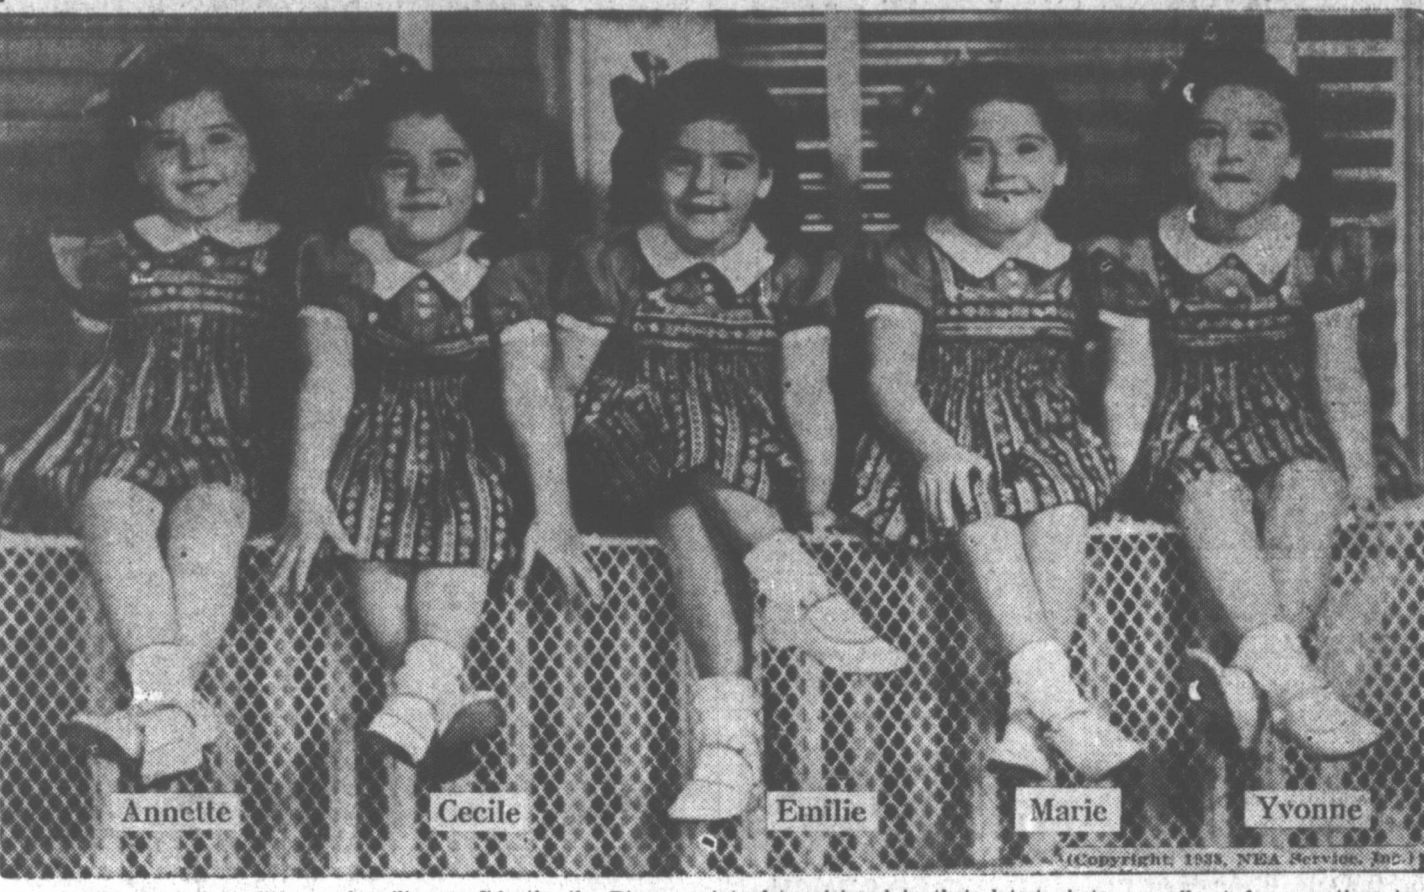

Mrs. Phillips Fetes Daughter With Birthday Party

PHILLIPS, Nov. 12—Mrs. Roy Phillips honored her daughter, Jackie Rae, with a party on her sixth birthday last week.

A number of popular party games were enjoyed, and Jackie Rae received many gifts.

Those helping Jackie Rae to make merry were Tommie, Sue and Ann Carlisle, Doris Cates, Delores McGee, Nellie Pearl Moeck, Pat Routson, Anna Jean Phillips and the honoree.

QUINT NURSERY BECOMES HOSPITAL FOR TONSIL, ADENOIDS OPERATION

In splendid physical condition and smiling confidently, the Dionne quintuplets, pictured in their latest photo, are all set for operations to remove troublesome adenoids and tonsils.

Telephone Official To Give Talk At API Meeting Here Tuesday Night

An illustrated talk on the development of the telephone and research work in the Bell laboratories will be given by A. C. Thomas of Amarillo, district manager of the Southwestern Bell Telephone company, at the November meeting of the American Petroleum Institute Tuesday night at 8 o'clock in the city hall auditorium.

Harry V. Mathews, chairman of the chapter, has issued an invitation to the public to see the pictures and hear the talk by Mr. Thomas. Some of the pictures will be the same as shown at the recent open house of the Southwestern Bell Telephone company here when thousands of Pampans visited the office and saw the pictures and exhibits.

A motion picture machine with speaker will be provided by the Cabot company.

Picture orders include Network Broadcasting, Desert Span Construction and Far Speaking. If time permits, all three of the interesting pictures will be presented.

"We want citizens of Pampa as well as members of the API chapter and oilfield workers to hear the address and see the pictures which are interesting even to the laymen," Mr. Mathews said yesterday.

Club Organized By Phillips School Girls This Week

PHILLIPS, Nov. 12—A group of Phillips high school girls met in the home of Miss Louise Gildwell and organized a F. F. F. club this week.

A business meeting was conducted and Lenore Robinett was elected president; Lena Mae McCarroll, vice president; secretary, Louise Gildwell; treasurer, Bonnie Church, and reporter, Lorene Robinett.

Refreshments were served to Pauline Carlson, Bonnie Lucille Church, Lena Mae McCarroll, Lorene and Lenora Robinett, Virginia Lee McSpadden, Louis Ivey and the hostess. Sponsors of the club are Mmes. Harry Robinett and Forest Gildwell.

The club meets next Wednesday with Lorene and Lenora Robinett.

Merry Stitchers Plan Visitation At Recent Meeting

PHILLIPS, Nov. 12—Mrs. Earl Brakebill was hostess to the Merry Stitcher Sewing club last week. The afternoon was spent quilting and embroidering tea towels. Plans were made for the members to visit Mrs. Homer Carroll, a sick member of the club.

Refreshments were served to Mesdames Pat Pfaff, J. A. Royall, Earl Pfaff, W. A. Youker, Howard Winans, Floyd Lovelace, W. E. Nichols, Harry Robinette, Dan Weeks, T. M. Kennington Bob Broughton, Forest Gildwell, Ina Bungenstock and Jim Pfaff.

The club meets next Wednesday with Mrs. Harry Robinette.

MODERN MENUS

By MRS. GAYNOR MADDOX
NEA Service Staff Writer

Squash the high cost of fresh vegetables. You'll find yellow, green acorn, Hubbard and marrow squashes waiting to help you.

Stuffed Acorn Squash
(Serves 6)
Three small acorn squashes, 2 tablespoons butter, 1 1/2 teaspoons salt, 1-8 teaspoon pepper, 1-4 teaspoon nutmeg, 1 tablespoon onion, 2 cups celery, 1-4 cup milk, 1-2 teaspoon salt, 1-2 cup nutmats, 1-2 cup grated American cheese, 6 slices sweet red pepper.

Wash and split squash in half lengthwise; scrape out seeds and pulp. Melt butter and with it brush the inside of each piece of squash, sprinkle with salt, pepper and nutmeg. To the remaining melted butter add the chopped onion and celery, brown slightly, add milk and 1-2 teaspoon salt and cook for 5 minutes. Add chopped nuts and grated cheese. Fill the hollow of each half of squash with this dressing. Place in a shallow heat resistant glass baking dish and bake in a moderately hot oven (375 deg. F.) for about 1 hour. Garnish with slices of red sweet pepper and parsley.

Baked Hubbard Squash with Pineapple
(Serves 4 to 6)
One medium Hubbard squash, 1-2 cup brown sugar, 1 teaspoon salt, 1-3 cup crushed pineapple, 2 tablespoons butter.

Cut squash in half, remove the seeds and steam until tender. Peel it and cut into strips about 1-3

Plans Outlined At Band Parent's Club Last Week

SHAMROCK, Nov. 12—Shamrock band parents met in regular session at the band house recently.

J. R. Benson, who was elected president, read the constitution and by-laws and appointed several committees.

Plans for raising money for more instruments were discussed and it was decided to hold an all-community box supper Nov. 22.

Mr. Truax, director, urged all students in the band to make the trip to Wellington Friday night to play at the annual Irish-Skyrocket football game. Approximately 25 band parents were present.

Natives of the tropics use the juice of a fruit (the tropical papaya) to tenderize their meats, since meat cannot be hung because of spoilage.

GLORIFYING YOURSELF

By ALICIA HART
NEA Service Staff Writer

This is the time of year when the dry-skinned individual ought to begin spending a few extra minutes each day giving her skin a little special attention. Otherwise, the dry condition is likely to become even more annoying. In fact, it's quite possible that by next spring she will have acquired a network of fine lines and wrinkles which could easily have been avoided.

If your skin is dry, better wash your face with soap and water only once a day during the coldest winter months—preferably at night before going to bed. Scrub it thoroughly then, of course, and rinse with cold water until cheeks are pinkish and tingling. This rinsing is very important. Afterward, smooth on night cream.

The night emollient you choose can be of heavy or light consistency, depending simply on which you happen to like. However, a light, liquefying cleansing cream won't do for this purpose. You ought to have a rich cream for night use and cleansing cream to use in the morning and during the day.

Generally speaking, the liquefying creams are not especially suitable for dry skins. They need a richer type with more body. It won't spread as easily as the former varieties, but it will soften as well as cleanse.

Hang Your Head
In the morning, smooth on a thin layer of cleansing cream, remove, then apply another coat and leave this on while you brush your teeth. When you have removed the second layer with soft cleansing tissues, blend on cream rouge, then press quantities of face powder from base of throat up over forehead. Let this set a moment or two. Whisk off the excess powder with a clean piece of fluffy cotton or a soft powder brush. If your skin isn't alarmingly dry, perhaps you will prefer to remove the second coat of cleansing cream more carefully, and use foundation lotion or cream under your makeup.

Two or three times a week while you are brushing your hair or patting on night cream, sit on a chair with your head hanging down between your knees or stand with your torso bent forward from the waistline as far as possible. Occasion-

Back-To-School Night Will Honor Junior High Parents

A regular meeting of the Junior high school Parent-Teacher Association will be held in the high school auditorium Monday evening at 7:15 o'clock.

This meeting is the regular back-to-school night honoring the fathers of the school students.

Following the regular meeting, a sale of ice cream and cake will be held in the red school building. At 8:30 o'clock the parents and teachers will visit the exhibits in the school rooms which will climax American Education Week.

Meeting Of Jessie Leech G. A. Girls Postponed Two Weeks

Due to the revival series which begins today at the First Baptist church, the Jessie Leech G. A. girls of that church will not meet in regular session this week.

The next session of the auxiliary will be held on Nov. 29.

ally letting blood rush to your face in this manner is excellent for your complexion.

Keep Costume Jewelry Attractive
Costume jewelry being so important this season, a compact kit containing a fluid jewelry cleaner, brush, metal tray and tweezers, is handy to have in order to keep it always clean and bright. Simply

brush the solution on the piece to be cleaned until it forms a lather, then wash in clear cold water and dry with a soft cloth. Or simply wash in warm suds, adding a little ammonia if you wish. Use a soft brush, taking care to go all over the piece, back and front, rinse in clear water and dry.

SERIAL STORY LOVERS AWEIGH

BY BETTY WALLACE
COPYRIGHT, 1938 NEA SERVICE, INC.

CAST OF CHARACTERS
JUDY ALCOFF—admiral's daughter. She faced a choice between two navy suitors.
DWIGHT CAMPBELL—ambitious lieutenant. He faced a choice between his wife and duty.
JACK HANLEY—Bying sailor. He faced a choice of a patient love.
MARVEL HASTINGS—navy wife. She faced the test of being a good sailor.

Yesterday, after accusing Judy of leaving Dwight, Marvel prepared to leave hurriedly for Los Angeles. He had a reason why Judy should not have called to duty.

CHAPTER VI
AS Judy Alcott walked out of the Coronado Hotel, with the memory of Marvel Hastings' white face and narrowed green eyes throbbing inside her, she thought slowly, "I ought to hate her. But I don't. I feel sorry for her. She's in love with him, and she's so unsure."

But remembering what Marvel had flung at her, in that cool, arrogant voice, she flushed. "You're in love with him." It hadn't taken Marvel long to see that. Because she was jealous. Jealous, and unsure.

The ships came back in four days. Judy stood on the pier, watching the liberty boats put into the water. And a few hours later Jack came to see her.

She had not seen him since that night aboard the battleship, when they had quarreled. He had not telephoned. She had felt humiliated because she knew that he must have heard Dwight was going to marry a rich girl from the east; and so he had known that Judy had lied to him. But despite her consciousness that their next meeting would be embarrassing, she had missed him in a curious fashion. She had come to depend so much on those casual evenings when he dropped around and they danced to the radio or sat on the porch, idly talking.

So now she was glad to see him, and yet intermingled with her gladness was the memory of that lie. She wondered if he would refer to it. But he did not. He only said, "Hello, Judy," and she said, "Hello. You look all in!"

He did. He was tired. It was in the suddenly deep lines of his face; in the eyes that looked worn and heavy; in the way his long legs sprawled out.

She said, "How's a good many weary miles?" and he grunted. Then she asked him how the four days at sea had gone. He said, "Some little whim of the admiral's. Working out a pet notion, or something. Not regular maneuvers, but the battleships had target practice, and we had scouting and meeting the patrol boats and all that."

Yet the look on his face meant more than mere routine flights. There was more to it than that. She asked swiftly, "Casualties?"

"One," he admitted reluctantly. He told her that a light fighter off the Enterprise, spiralling into the clouds, had some way gotten into trouble. Not engine trouble, for the mechanics checked the ships too carefully before each flight. "Maybe he got rattled. He never did fly into formation." He had nose dived, spinning into the sea, and one of the big flying boats had come down on the choppy water to render assistance.

"Only," he said carefully, not looking at her. "It was too late." She licked her suddenly dry lips. "Who was it? Anyone I know?"

"No. It was a kid recently transferred from Pensacola."

THAT meant he had not been flying long. She felt a little sick. There were not so many casualties now as there used to be, her father said, proudly. The navy was building some real flyers. But there were enough so that you couldn't ever forget the bravery of men who flew. Enough so that Jack must have known, in a swift, awful flash as he watched that other man going down, that maybe some day it might be his own ship that dived like that, straight into green water. . . . Every man in the squadron faced that possibility. They were gallant, joking about it, or simply ignoring it. But it was there. And the wives of the men who piloted airplanes must live always under the shadow of disaster. Judy thought of Diane Bell, who never slept nights when Bill was on duty. Diane had said once, "They die a thousand times. Over and over and over in your mind. And then at last—the real time—when it actually happens."

She had added, "Maybe it's a relief. To know it's over. You don't have to worry any more."

Judy touched Jack's hand swiftly. Her eyes sought his. "Promise me you'll be careful, Jack!" He patted her reassuringly. The tired eyes came alive. "I'm careful. I—I didn't think you'd care much, though."

"Of course I care!" she said. The doorbell rang. She leaped to her feet. "That must be Dwight."

"Dwight?" Jack's face was suddenly still and guarded, and the things they had said that night on the battleship seemed to come alive between them. "I thought he—"

But when he had to shove off, she got mad, and ran away. I guess he—went to her hotel first and he—wants to ask me about it."

"But what do you know about it?" Jack was frowning.

THERE was no time to explain further. She opened the door, and Dwight, his handsome face flushed and his eyes bright with impatience was asking, "What happened to Marvel? What happened to the Coronado?"

"I know it," Judy said quietly. "Won't you come in and sit down. I'll tell you . . . what little I know. . . ."

Dwight greeted Jack, and sat down on the sofa beside him. Judy had not expected Jack to be present when she gave Marvel's message to Dwight, but there was no help for it now. She said, "I went there, as you asked me to, Dwight. I—I tried to explain to her. But she wouldn't listen. She was very angry. She kept saying that you could have stayed if you'd wanted to. I explained and explained—tried to make her see—but she said she was leaving for Los Angeles and never coming back."

"Back?" Dwight's head jerked forward, and he cried, "For God's sake, couldn't you have talked a little sense into her? I wasn't off on any pleasure jaunt!"

"I know it. But she just wouldn't listen." Dwight's face seemed to be growing paler. He said, "Los Angeles. Well, I know where she is. With those friends of hers. I'll go after her." But then he said, "Still, you shouldn't have let her go, Judy."

"What could I do to stop her?" Judy asked. Dwight said, with an odd laugh, "You could have stopped her, all right. Girls can get along with one another if they want to. Maybe she—she sort of got the idea you didn't care much."

"Care?" Judy was suddenly blazingly furious. "I cared enough to go there when you asked me to. I cared enough to stick my nose into something that wasn't any of my business. What else could I do?"

Jack Hanley said quietly, "As a matter of fact, Campbell, Judy did entirely too much as it was. If I'd known she was going over there to explain navy necessity to your fiancée, I'd have stopped her. That's a subject you ought to acquaint her with yourself. Judy has had grief enough on your account, Campbell."

"Grief?" snapped Dwight. "Just what do you mean by that?"

Plains Farmers See Good Year Ahead In 1939

DALHART, Nov. 12 (AP)—A survey among farmers, ranchers and government farm and range workers indicates they believe the next 12 months on the high plains of Texas, New Mexico, and Oklahoma should make the most prosperous of any similar period since 1929 or 1930.

Some areas have benefited from a fair to good wheat yield and other areas generally are harvesting the best crop since 1931. In ranching and stock-farming sectors grass is best in ten years, stockmen say. Row crops generally are grain sorghums which have been increasing steadily since the drought began in normal high plains rainfall comes at a time that favors them and replacing corn because the fibrous sorghum roots hold the soil better against wind erosion. Sorghums are also a surer high plains crop than wheat or corn.

Some farmers have seen no advantage in the big yield this fall because there is no profitable cash market for bundled or headed sorghums, but the larger number who have been saving their feed by baling, ricking or putting it in trench silos believe the work was justified. Main reason is found in the cattle situation as explained by Jim Burson of Dalhart, who has been in one phase or another of the high plains cattle business for years.

For more than a year heifers generally have been selling at seven cents or better and steers at eight cents or above. This gives the producer a profit, says Burson, who sees no reason why prices will not continue to get better. Some think stockmen and feeders are expanding feed operations so rapidly that the market may become burdened with fat cattle.

Bref Cattle Scarce
Burson doesn't believe that will happen. There is not an abundance

Baptists Protest Persecutions of Rumanian Fellows

DALLAS, Nov. 12 (AP)—Texas Baptists came to the last day of their annual convention with strong protests against asserted "dire persecutions" of their fellows in Rumania, and committed to battle any attempt to re-legalize pari-mutual betting in Texas.

Departing from the usual order of business to adopt a resolution in the midst of their session, the Baptists unanimously approved a protest against conditions in Rumania offered by one of their leaders, Dr. George W. Truett of Dallas, president of the Baptist World Alliance.

The resolution was aimed at a law described by Dr. Truett as effective Dec. 15, under which churches will be required to include at least 100 heads of families in order to be recognized as churches. This, said Dr. Truett, would bring about closure of all but about 30 of the denomination's churches in Rumania.

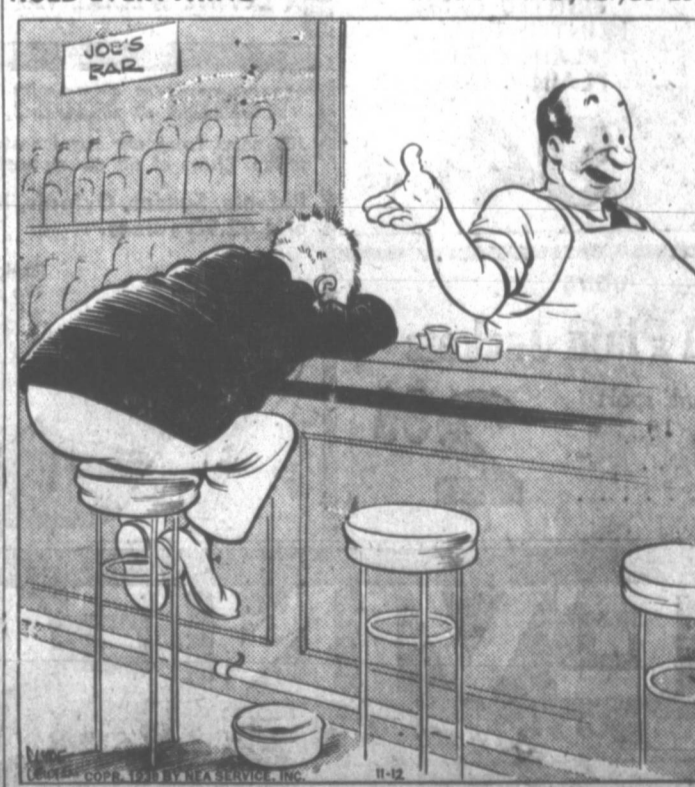

The convention representing 660,000 Baptists spontaneously asserted its will to meet with battle what was characterized as a threatened return of legalized gambling.

Goebbels Warns Jews Outside Of German Borders

BERLIN, Nov. 12 (AP)—Propaganda Minister Paul Joseph Goebbels today warned Jews outside of Germany that their behavior as well as that of German Jews would determine future treatment of Jews in the Reich.

He said that new restrictive laws and decrees were being prepared and would be issued during the next few days.

Other Nazis predicted restoration of the ghetto for the Jews of Germany under the decrees promulgated by Goebbels after yesterday's upsurge of anti-Jewish violence.

Speaking for 45 minutes to the foreign press, Goebbels said yesterday's anti-Jewish outburst, which vented itself in the burning and dynamiting of synagogues and destruction of Jewish shops, was spontaneous.

"Whenever any unsavory elements even made a move to seize goods there were always reasonable people about to prevent it," Goebbels said. He insisted there was no looting.

Trustworthy eyewitnesses yesterday said they had seen shops in the Arcada between Friedrichstrasse and under Den Linden and in other parts of the city looted.

Goebbels, referring to such accounts, said he did not doubt the good faith of the eyewitnesses, but observed that in law courts it often established that three different eyewitnesses, all honorable characters, report an event differently.

White Deer Scouts Net \$20 At Tourney

WHITE DEER, Nov. 12—A games tournament sponsored by the Boy Scouts of Troop 81, Thursday evening at the grade school auditorium, was well attended and netted approximately \$20, which will be used to remodel the Scout hall.

Bride, "42," and chinker check furnished the entertainment and 29 door prizes donated by the merchants of the town, were awarded.

Panhandle Raccoon Largest Of Species

"The Panhandle raccoon is the largest of the species caught anywhere in the United States," said V. A. Henningan, professional and licensed trapper at Clarendon, "and I have never seen a coon skin from this region but that it graded 'large' or 'extra large'."

Henningan, who hails from Nacogdoches but traps each season here, has just moved into his position along Salt Fork and its bordering bad lands. Operating a 15 mile line with 125 traps, Henningan expects a good catch.

Although prices were low a year ago, he managed to take \$500 in furs. With prices up this season the business looks better, he said. A year ago he won several daily prizes offered by furriers for the best prepared furs.

His specialty is coyote but in season he takes coon as well. The best coon furs bring \$10.00 per while the better grade coyote skins sell for \$9.00.

Skunk, civit cat, opossum, badger and coyote were taken in good numbers last season by Henningan. Skunk and prairie dog oil which he prepares himself goes into his bait mixtures.

Scientists Study Human Reproduction

PHILADELPHIA, Nov. 12 (AP)—Science opened a new chapter in the mystery of human reproduction today, with the test tube experiment in which a sharp-pointed, solid glass needle usurped the role of "father."

The needle pricked an unfertilized human ovum, the "egg" which develops into a baby. The ovum thereupon took its first, microscopic step toward reproduction. It cast off two small gobs called polar bodies and formed a furrow which was declared to be the start of "cell division."

Dividing the ovum into two, the two into four and so is the way a fertilized germ cell grows.

The experiment, the first in the history of science on human material, was reported to the Philadelphia Pathological Society last night by Stanley P. Reimann, M. D., and Bernard J. Miller of the Lankenau Hospital Research Institute.

The ovum was obtained from a woman during a surgical operation. A few thousandths of an inch in diameter, it lived for about six hours under a microscope while it played its little drama in a drop of clear serum from human blood.

It died apparently from lack of suitable environment.

Texas Makes New High Record In Game Restoring

AUSTIN, Nov. 12 (AP)—The annual report of the State Game Department to Governor James V. Allred today showed all records had been broken the past fiscal year in the restocking of fish, quail and deer and the rescuing of fish from streams about to dry up.

Game Commission Secretary J. Tucker said the department had distributed more than 14,000 quail and 371 white-tailed deer, the deer numbering almost four times as many as in 1937.

The secretary said the commission's nine hatcheries, during the year ending Aug. 31, had produced more than 3,000,000 fish, nearly all of fingerling size, for distribution to the public lakes and streams.

Tucker said the quail, for which there was an unprecedented demand, were sold to sportsmen on a cooperative basis, one bird being given free with each purchase which were bought from importers who trapped them in Mexico.

The secretary reported about half the deer distributed were trapped wild in the Central Texas hill country in contrast to previous years' methods of taking deer raised only by landowners in a state of almost complete domestication.

No wild turkeys were distributed, the hill country landowners who previously had allowed trapping deciding to give the birds a chance to recover from a succession of bad years of drought and floods.

The department reported a few chukar partridges and ringneck pheasants were purchased for experimental purposes.

A few thousandths of an inch in diameter, it lived for about six hours under a microscope while it played its little drama in a drop of clear serum from human blood.

It died apparently from lack of suitable environment.
